Chapter 1441 – Eye Surgery

Rong Shu suddenly blushed and lowered her head embarrassedly.

God, she actually smelled Mrs. Gu's soup stomach ringing.

Doesn't this mean that she really wants to drink the soup made by Mrs. Gu?

Mother Feng saw Rong Shu's embarrassment, and laughed twice, "Don't be shy, this soup smells fragrant, don't talk about you, I want to drink it."

Rong Shu raised her head, "Then Mother Feng will also serve herself a bowl."

"This is still not enough, this soup is good for pregnant women, what is an old lady of mine drinking this for." Mama Feng shook her head and refused.

Then handed the soup to Rong Shu.

Rong Shu reached out and took it, looking at the yellow and clear soup in the bowl, her stomach grumbled even more, and her mouth began to secrete saliva.

Apparently, her body was very satisfied with this soup.

"How about a drink for the young lady?" Seeing that Rong Shu was holding a bowl without moving, Feng Mama urged, "I just fished out the ingredients below with a spoon in this soup, all of which are tonic for the body, and it is a warm supplement, and it will not cause any stimulation to the body, so you can drink it with confidence."

Rong Shu snorted, picked up a spoon and scooped up a spoonful of soup and took a sip.

The rich fresh fragrance suddenly made her eyes squint slightly.

Seeing this, Mama Feng asked, "Young lady, how does it taste?" Looking at her appearance, it should taste very good.

Rong Shu opened her eyes, scooped another spoonful of soup, and nodded, "It's okay, it's not very difficult to drink."

On the contrary, it is also very delicious, and it tastes a little better than the dish made by Mrs. Gu yesterday.

Obviously, Mrs. Gu really used her heart to cook this soup.

Hearing Rong Shu's answer, Mother Feng also knew that she said this on purpose, and shook her head funny.

However, seeing that the young lady was drinking so happily and there was no discomfort, she was also relieved.

Contact Mrs. Gu for a while, ask her how this soup is cooked, and what ingredients are used, she can learn it, and she can often boil it for Mrs. Da Shao to drink in the future.

Just thinking about it, the door of the ward opened, Lin Tianchen came in in a white coat, smelled the rich fragrance in the room, and raised his eyebrows, "What are you drinking?"

Rong Shu put down the spoon and looked over, "You are here."

"Doctor Lin, just now Mrs. Gu brought soup to Mrs. Da Shao, and Madame Da Shao is drinking it at this time." Mama Feng replied.

Lin Tianchen frowned, "You dare to drink the soup she sent, aren't you afraid that something will happen?"

As soon as these words came out, Feng Ma and Rong Shu were stunned.

Mother Feng whispered, "It shouldn't be, Mrs. Gu is so good to Mrs. Da Shao, it shouldn't hurt Madame Da Shao."

Rong Shu also subconsciously held the bowl in her hand.

Lin Tianchen walked over, "Who said no, although she is indeed your biological mother, but there are many things between you, it's better to pay attention." Mother

Feng thought about it, and for a while she couldn't help but regret that she left this soup.

yes, what if something happens?

So Mother Feng hurriedly asked, "Young lady, are you uncomfortable now?"

Rong Shu shook her head, "No, on the contrary, I still feel warm and comfortable in my stomach."

This is true.

Since she was pregnant, she has had a slight feeling of falling stomach, which is not painful, but also uncomfortable.

Now that I drink this soup, this feeling of falling is reduced, and in its place, there is a warm feeling, which is very comfortable.

Hearing Rong Shu's answer, Mother Feng breathed a sigh of relief, "That's good, that's good, but this soup, Mrs. Young, you better not drink it first, let Dr. Lin take it for testing."

Lin Tianchen raised his chin, "Yes, but before that, I will first look at your eyes, the cornea has arrived, I will see when you can operate."

"The cornea has arrived!" Hearing this, Mother Feng was overjoyed, "Great, Mrs. Young, have you heard, the cornea has arrived, you can operate, and you don't have to continue to wear glasses in the future."

Rong Shu also looked at Lin Tianchen excitedly.

Yes, who wants to wear glasses to be able to see with their own eyes?

Heavy and inconvenient.

"How did it come to my turn so soon?" Rong Shu was happy, but also couldn't help but ask curiously, "I remember, weren't there more than a dozen people waiting for cornea transplant in front of me?"

"Some were transferred, some gave up surgery, so it's your turn to be early, anyway, you don't have to worry, you're not cutting the queue." Lin Tianchen replied.

Rong Shu also knew that he would not lie to him in this kind of thing again, nodded and stopped asking, and his face showed joy.

"Doctor Na Lin, the eyes of the young lady will be handed over to you, you can help her see it first." Mother Feng brought the bowl in Rong Shu's hand so that Lin Tianchen could easily see her eyes.

Lin Tianchen snorted, took out a small flashlight from his pocket, and walked over to check Rong Shu's eyes.

After some examination, Lin Tianchen opened the medical record folder again and asked some questions while writing on it.

After listening to Rong Shu's answer, he nodded, "Okay, I probably know your situation, the eye condition is not bad, you can operate, the time is set for tomorrow noon, just at that time I have no other surgery."

He snapped and closed the medical record clip and looked at her.

Rong Shu snorted and said that she knew, "Okay, then tomorrow, but my current operation, will it have any impact on the child?"

After all, she doesn't even dare to get sick now, for fear that after getting sick, she will have to take medicine, which will have an impact on the child.

I am even more afraid that if I get sick and get sick, I must also remove the child.

So she is worried that the operation will affect the child now.

When Mother Feng heard Rong Shu ask this, she also looked at Lin Tianchen nervously.

Lin Tianchen

Chapter 1442: Laboratory Results

On the other end of the phone, Mrs. Gu, who had returned to the Third Hospital, had been staring at her mobile phone, and since she came back, she didn't know how many times she had looked at her mobile phone.

Gu Yaotian persuaded her to wait for a while, but she only verbally agreed, and then continued to stare at the phone, obviously waiting for something.

As for what to wait for, Gu Yaotian knew without guessing, it must be waiting for his daughter's call or news.

Because when his wife came back, she said that although she did not see her daughter, she met the person who took care of her daughter, and accepted the soup she made for her daughter.

So Mrs. Gu has been waiting for news, waiting for the call, wanting to see if her daughter will drink soup and whether she will feel delicious.

However, it has been so long since they came back, but their mobile phones have not rang once, which makes Mrs. Gu feel nervous and a little disappointed in her heart.

Several times I wondered if the phone was broken, so there was no phone and no message.

Of course, although she thought so, Mrs. Gu actually knew that the mobile phone was not broken, and the reason why there was no phone and no message was because the other party did not call or send it in the first place.

“Yaotian, did you say that Shushu didn’t drink that soup, so she wouldn’t call over?” Mrs. Gu looked at Gu Yaotian with a somewhat pale face.

Gu Yaotian gently patted the back of her hand, “It’s okay, Shushu doesn’t drink it, you boil it again, I believe that one day Shushu will drink, my daughter has not accepted us now, and it is normal not to drink soup.”

“I know, but I’m still a little sad.” Mrs. Gu sighed.

“It’s okay, give my daughter a little time, slowly adapt, think in a different direction, if we are Shushu, there is such a pair of parents who have bullied her, it will be like this.” Gu Yaotian thought very openly, so he comforted Mrs. Gu.

Mrs. Gu nodded, “That’s it, then I’ll go buy some ingredients and continue to make soup for Shushu tomorrow.”

“Go ahead.” Gu Yaotian agreed.

In fact, these things can be done by the servants below.

But Mrs. Gu wants to personally select the ingredients and make soup for her daughter, which is completely different from what the maid does.

So Mrs. Gu wanted to do it herself, so he didn’t stop it.

If it weren’t for his current physical failure, he would be willing to accompany his wife and do something for his daughter.

Mrs. Gu picked up her bag and prepared to go out.

But at this moment, the mobile phone suddenly rang.

She quickly stopped, “Husband, do you say it will be Shushu?”

She couldn’t do it excitedly.

Gu Yaotian felt that the possibility should not be very large, but seeing his wife so happy, he didn’t want to splash her cold water, so he nodded and agreed, “It should be, you can take it out and take a look.”

“Hmm.” Mrs. Gu nodded heavily, quickly took the mobile phone out of her bag, and when she saw the caller ID, the joy on her face froze at once.

Seeing this, Gu Yaotian knew that his guess was indeed correct, and this call was indeed not from his daughter.

However, he still asked, "Whose phone, is it Shushu?"
Mrs.

Gu shook her head, "No, it's a local unfamiliar number."

"Answer it, I remember you didn't say just now that before you left, you gave your phone to the person who took care of Shushu, maybe she called."

Hearing Gu Yaotian's reminder, the loss in Mrs. Gu's eyes dissipated a lot.

yes, it could be that person.

Mrs. Gu rekindled hope in her heart, and quickly slid the screen to answer the call,
"Hello?"

"Mrs. Gu, didn't bother you?" Mama Feng asked as she got off the elevator.

Hearing Mama Feng's voice, the joy on Mrs. Gu's face returned.

Gu Yaotian immediately knew that he had guessed correctly again.

Although the call was not from my daughter, it was from someone close to my daughter, and it can be regarded as a call from my daughter.

"No, no, your name is Mother Feng, right?" Mrs. Gu asked with some uncertainty.

When she left the hospital, she specially asked the nurse about Mama Feng's name.

She also didn't know if the nurse was right.

Mama Feng was not too surprised to hear that Mrs. Gu knew what her name was, after all, what her name was was not a secret, and she would know it if she inquired.

"It's me." Mama Feng nodded.

Seeing that she guessed correctly, Mrs. Gu breathed a sigh of relief and quickly asked eagerly, "Mother Feng, did Shushu let you call?"

"It's not." Mother Feng shook her head, "I hit it myself."

"This way," a trace of gloom flashed in Mrs. Gu's eyes.

Mother Feng heard it and smiled, "Mrs. Gu, don't be disappointed, although it wasn't Mrs. Da Shao who asked me to call, but Madame Da Shao didn't stop me from calling you."

That said, it seems to be true.

Mrs. Gu's heart suddenly became happy again.

This up and down is really frightening.

Mrs. Gu thought with some amusement.

"Mother Feng, you called, is there something wrong with that soup?" Mrs. Gu asked cautiously, not daring to be rude to Mama Feng.

After all, Mother Feng is Rong Shu's person, if she offends Mother Feng, won't she see her daughter even more in the future?

Now please Mama Feng, at least you can learn some news about your daughter from Mama Feng.

Mother Feng naturally heard Mrs. Gu's careful fawning, and also knew the reason why Mrs. Gu was fawning over herself, and sighed in her heart.

The hearts of parents in the world.

What is the character of Mrs. Gu and Gu Yaotian, she does not comment.

But the feelings of these two couples for the young lady are indeed very pure.

"Yes." Mama Feng nodded and replied, "Mrs. Da Shao drank the soup you cooked."
Hearing

Rong Shu drink the soup, Mrs. Gu was overjoyed, "Really? Did Shu Shu really drink it?"

She also thought that Shu Shu hated their parents so much, she would definitely not drink it.

Unexpectedly, Shushu actually drank it.

"Yes, the young lady drank it, and I liked it quite much." Mama Feng said with a smile.

"Great, great." Mrs. Gu walked around excitedly, "Shushu didn't dislike the soup I cooked, she drank it, Yao." God you heard, Shushu drank.

Gu Yaotian also nodded with a smile in his eyes, "I heard it."

He was as happy as Mrs. Gu.

"By the way, Mother Feng, Shushu drank the soup, there is no discomfort, right?" Mrs. Gu asked again.

Although that soup is good for pregnant women who have a bad pregnancy, no one can guarantee that Rong Shu will not have adverse reactions if she drinks it.

Therefore, she has always been worried.

Mother Feng shook her head, "Don't worry, Mrs. Gu, Mrs. Da Shao drank very well, there is nothing uncomfortable, on the contrary, she also said that she drank the warm stomach, so I specially called you now, just to ask you, how did you cook this soup, if you can, can you teach me, I can also boil it for Madame Da Shao to drink in the future."

"Of course you can!" Mrs. Gu agreed.

She also knew that her daughter would not drink her soup every time, so it was better to leave the method to Mother Feng.

After all, the method is hers, and if her daughter drinks it, it is equivalent to drinking it.

Hearing Mrs. Gu's promise here, Mother Feng was a little more satisfied with her in her heart, "Well, Mrs. Gu, you say, I'll write it down."

Saying that, Feng Mama turned on the mobile phone recording function.

Mrs. Gu said the method and ingredients of the soup one by one, and said it very carefully, and every detail of the soup was said, without hiding anything.

After Mama Feng recorded it, she thanked her with a smile, "I know, thank you Mrs. Gu." "

Mrs. Gu shook her head and waved her hand repeatedly, "No need, it's all for Shushu, it should be, and I still have a lot of remedies to nourish the body of pregnant women, if you want to Mother Feng, I can also teach you." "Oh

? Mrs. Gu actually knows so much? Mama Feng was surprised.

Mrs. Gu smiled embarrassedly, "My physical condition with Yaotian was originally not suitable for having children, but our husband and wife especially wanted a child, so I specially sought medical advice and took a lot of supplements and medicated meals to condition my body, and only then adjusted my body to the extent that I could barely take eggs for test tubes, but after giving birth to Shushu, my body declined again, and Yaotian found a lot of health experts in order to condition me, so I will do this."

“So it is.” Mother Feng nodded in understanding, and she was quite emotional in her heart.

Unexpectedly, Gu Yaotian and his wife actually paid so much in order to conceive Mrs. Da Shao.

If nothing else, they are indeed good parents.

“Then if Mrs. Gu comes over next time, teach me the old woman.” Feng Mama said.

Mrs. Gu was overjoyed, because she knew that this was still Mother Feng giving her another chance.

Give her the opportunity to go to the hospital, although she may not be able to meet Shushu.

But if you go, you still have a certain chance to meet your daughter.

“Thank you Mama Feng, thank you Mama Feng.” Mrs. Gu clenched her mobile phone and thanked excitedly.

Mother Feng shook her head, “It’s nothing, but I still have to remind you that there are many enemies of the eldest young master and the eldest young lady, if you come in the future, what you send, you must be careful, don’t let people have the opportunity to do something, so as not to harm the eldest young lady.”

When Mother Feng said this, Mrs. Gu was stunned for a moment, and then reacted, and quickly replied, “I know, I will pay attention, I will definitely not let people have the opportunity to attack my daughter through me.”

“That’s good, okay, then I’ll hang up first, and when you come over later, you can call me in advance.” After Mama Feng finished speaking, she cut off the communication.

Mrs. Gu put down her mobile phone, and Gu Yaotian asked, “What did she say to you just now, what will she do to Shushu?” It

was about her daughter, and Mrs. Gu did not hide from him, so she said what Mother Feng had just explained.

After Gu Yaotian listened, a thick solemnity also appeared on his skinny face, “I remember, the Fu family has a feud, that is, the Su family in the capital, some time ago, there was news that Fu Huai’s death was caused by Su Cheng, the head of the Su family in the capital, and I don’t know if it is true or not, but I feel that it is very likely to be true, Su Cheng is still in the sea market and has not left, I also heard that Fu Jingting specially greeted the various exits of the sea market, it seems to trap Su Cheng in the

sea market, Not letting Su Cheng leave, it can be seen that this matter is very likely to be true.

“So, that Su Cheng is likely to take action against our daughter in order to deal with Jing Ting?” Mrs. Gu’s heart shrank.

Gu Yaotian nodded, “That’s right, Fu Jingting is powerful, Su Cheng is alone here, it is impossible to directly face Fu Jingting, so Su Cheng will definitely find a way to strike from other aspects, the only possibility is our daughter, our daughter is Fu Jingting’s favorite person, if Su Cheng starts from our daughter’s side and uses our daughter to achieve the purpose of dealing with Fu Jingting, it is not impossible.”

“So what to do?” Mrs. Gu was anxious, “Since Mother Feng told me so, then obviously Fu Jingting knew that Su Cheng might do this, why was he still stunned, directly attacking that Su Cheng, why did he always let such a danger exist?”

Gu Yaotian sighed, “You think too simply, first of all, the reason for the old man of the Fu family, Fu Jingting will not directly attack Su Cheng, this will make the credit left by the old man of the Fu family greatly reduced, and secondly, although the Su family is not as good as the Fu family, it is not too far away, if Fu Jingting directly attacks Su Cheng at this time, the Su family has no leader, and its various companies will be greatly affected, and many employees will lose their jobs, a little more serious, It is possible to break up a family and die, and this situation will never be allowed above.

He pointed upwards.

Although Mrs. Gu does not understand business matters, she also knows what the state will and will not agree with.

I couldn’t help but sigh, “So that’s the case, then wouldn’t it be very humiliating to let that Su City go like this?”

“I think Fu Jingting must have his own way, don’t worry first, as long as we defend here properly, don’t drag Fu Jingting and his daughter’s hind legs.” Gu Yaotian looked at Mrs. Gu and comforted her.

Mrs. Gu nodded, “That’s the only way, I will pay more attention in the future, and I will definitely not let those with ulterior motives hurt my daughter through us.”

Gu Yaotian snorted, “That’s what I said.”

“I’ll go get a pen and paper now, write down all the prescriptions I know are good for Shushu’s health, and the next time I go over there, it will come in handy.” When Mrs. Gu said this, the whole person became happy again, and quickly went to the study to prepare.

Gu Yaotian saw her so happy, and a smile appeared in his eyes.

In the following days, Mrs. Gu ran very diligently to the First Hospital.

Almost every morning at nine o'clock, I came here on time.

At first, Mrs. Gu couldn't go up to the inpatient floor, so she could only go down to see her every day.

In the back, Rong Shu also felt sorry for Mother Feng and ran up and down, and finally let Mrs. Gu come up with a soft heart.

No, Mrs. Gu is now in the kitchen with Mother Feng, making soup for Rong Shu together.

Today is also the day when Rong Shu is pregnant for the third full month.

She was standing in front of the mirror, picking up her blouse and looking at her belly.

To be honest, she looked at it for a long time before she saw a little change, that is, the belly button was slightly convex, but it was not obvious, and if she didn't look closely, she couldn't see it at all.

She just looked on the Internet, and many pregnant women have a very obvious stomach when they are three months pregnant.

And she is still mediocre, if she hadn't confirmed her pregnancy, she would have thought she was not pregnant.

Just thinking about it, Mrs. Gu's voice suddenly came from behind, full of anxiety, "Shushu, what are you doing?"

"Huh?" Rong Shu looked back with a puzzled expression.

Mrs. Gu hurriedly came to her side and pulled off her blouse, "What are you doing with your belly exposed, what if you get cold?" You kid really is.

Mrs. Gu muttered while helping her sort out her clothes.

Rong Shu looked at Mrs. Gu, although she accused her in her mouth, her face was full of worry and concern, and she felt some indescribable feelings in her heart.

"I'll do it myself." She gently pushed Mrs. Gu away and sorted out her clothes herself.

Mrs. Gu was pushed away, and although she was disappointed, she still did not forget to tell her, "Shushu, don't leak your stomach out casually in the future, what should I do

if I catch a cold?" You are weak and pregnant with a child, and you will not recover from a cold for a long time.

Rong Shu listened quietly, did not refute or answer.

At this time, Mother Feng came out of the kitchen with a casserole, saw the mother and daughter standing there, and couldn't help but ask, "What's wrong?"

"It's okay Mother Feng, Shushu just scooped up her clothes and looked in the mirror, I was worried that she was cold, so I helped her cover her clothes." Mrs. Gu walked over and helped Mother Feng put the anti-scald mat.

Mama Feng put down the casserole, looked at Rong Shu who was lying back on the hospital bed, and asked puzzled, "Young lady, why did you just catch the clothes?"

Rong Shu smiled a little embarrassed, "I want to see if there is any change in the belly, the Internet says that the pregnant woman's stomach changes in three months, so I want to see my own, but look, it seems that there is no change." "

Chapter 1444 – Gradual Acceptance

Mrs. Gu and Mother Feng looked at each other, and then both smiled.

Rong Shu tilted her head, not understanding what they were laughing at.

Then Mother Feng explained: "Mrs. Young, it's normal that there is no change, each woman's physique is different, so the state of pregnancy is different, some women have a change in their stomach in two or three months, but some women have a very small belly for four or five months, until they are about to give birth, and their belly looks only slightly larger, probably Mrs. Da Shao You are the latter."

Mrs.

Gu nodded, "That's right, it was also like this when I was pregnant with you, five or six months, it looks similar to someone's belly for three months, full-term, and it is only similar to someone else's belly for five or six months, not showing it."

At this point, the daughter actually inherited her.

This made her quite surprised and happy.

I see.

After listening to the words of the two, Rong Shu nodded abruptly, "I thought everyone was the same, so I saw that my stomach had not changed much, and I was a little worried about whether the child was abnormal."

"Don't worry." Mother Feng walked over and touched her head gently, "This is the hospital, young lady, you are often checked by doctors and nurses, if there is any problem, they have already told you."

"Said yes." Rong Shu squeezed the corners of her mouth, "It's that I think too much."

"Don't think about it later, and don't worry." Mother Feng smiled.

Mrs. Gu also nodded in support of Mama Feng's words.

Rong Shu glanced at her and looked away a little uncomfortably.

"Then am I going to give birth in the future, and my belly will not be too big?" Rong Shu touched her belly, "In that case, when the baby is born, will it be very small?" If

it is very small, will the child's body be weak?

Is that enough to feed?

Rong Shu was a little worried.

Mother Feng has never given birth to a child, although she knows how to take care of pregnant women, but she does not know about the pregnancy period.

Therefore, Mother Feng had to look at Mrs. Gu for help.

Mrs. Gu sat down and replied, "Compared to ordinary babies, it will indeed be a little smaller, but as long as it is born full-term, the child's body will not have any problems, raise and raise, and will soon catch up with children of normal size, Shushu, don't worry, when you were born, it was red and small, and your father and I had to think that we couldn't feed, but the doctor told me not to think too much, just take care of it like a normal body baby, Small children, as long as the nutrition can keep up, grow up very quickly, faster than a normal size baby, sure enough, after a month, you are no different from a normal size baby.

She said very seriously, and her eyes were full of the words believe her.

Rong Shu knew that she would not lie to herself about this kind of thing again, and finally nodded slowly, "I know, thank you" "

No need, no need.” Mrs. Gu waved her hand happily again and again, indicating that she didn’t need to thank her, and then said excitedly, “Shushu, if you have anything you don’t know in the future, you can ask me, I will tell you everything.”

Rong Shu squeezed the corners of her mouth and did not respond.

The light in Mrs. Gu’s eyes dimmed for a moment, but she was quickly comforted by herself.

It’s okay, it’s okay, my daughter is not used to it yet.

In the future, the daughter will accept her.

“What are you talking about?” At this time, the door of the ward was pushed open, and Fu Jingting walked in from outside wearing a suit and carrying a bag in his hand.

Seeing Mrs. Gu, he was not surprised, and nodded slightly to Mrs. Gu, which was regarded as a greeting.

Also, Mrs. Gu came here, how could he, as a male host, not know.

Mrs. Gu was a little flattered when she saw that Fu Jingting took the initiative to greet her, but she was more relieved.

She was allowed to come up by Shu Shu yesterday, but she didn’t stay so long yesterday, so she didn’t see Fu Jingting.

She also thought that Fu Jingting didn’t know that she had come, so she just saw Fu Jingting come in, and she was worried that Fu Jingting would drive her away.

Unexpectedly, Fu Jingting did not do that, but greeted her, does this mean that Fu Jingting actually supports him to come to see Shushu.

Mrs. Gu looked at Rong Shu, her eyes full of gentle maternal love.

When Rong Shu saw it, her heart trembled, and she quickly lowered her head to avoid her eyes.

She didn’t dare to look more, afraid that if she saw it, she would drown in Mrs. Gu’s eyes and couldn’t help herself.

How fascinating motherly love is, she knows.

“Young Master, you’re back.” The only thing that remained unchanged was Mother Feng, who saw Fu Jingting come back and happily brought a stool for him.

Fu Jingting did not sit, but came to the side of the hospital bed and sat down, put his arm around Rong Shu's shoulders and took her into his arms, and then kissed her on the face.

Although he had long been accustomed to Fu Jingting hugging her every time he came back, it was when there was no one.

Now there is not only Mother Feng, but also Mrs. Gu here.

Rong Shu pushed the man away with a red face, and said shyly, "What the hell, someone is watching."

"We are husband and wife, just watch." Fu Jingting disagreed.

Besides, he didn't do anything else.

Mama Feng covered her lips and smiled happily.

Mrs. Gu also looked at the two with satisfaction.

It's good that my daughter can meet such a man who loves her.

"By the way, what were you talking about?" Fu Jingting handed the bag to Mother Feng and asked again.

In that bag, when he went out in the morning, Rong Shu asked him to bring it, saying that he wanted to eat something spicy.

He didn't allow it, but seeing Rong Shu's eyes looking at him, he relented and finally agreed.

Because Mother Feng also said that during pregnancy, the taste has always been changeable, if you can't eat it, you will always worry about it, so it's okay to let her eat a little, as long as you eat less, it won't get in the way.

No, after work, he also went back to the old house and took a little hot sauce from the old house.

After all, what is outside, he is not at ease.

Mama Feng took the bag and went back to the kitchen.

The dish she made was almost hot sauce, and she had to put it on at this point.

Therefore, the last answer was Mrs. Gu.

Mrs. Gu said what Rong Shu did just now, and laughed while saying.

Rong Shu lowered her head rather embarrassed.

After all, it seems that his action of picking up his clothes and looking in the mirror at that time was a little childish and funny.

Sure enough, after Fu Jingting listened, his thin lips also hooked.

His silly wife, how is she so cute.

Mrs. Gu stayed here for about half an hour before leaving.

After all, the Third Hospital is still waiting for her to go back.

Gu Yaotian also needs her.

Although it was very tiring to run back and forth between the two hospitals every day, Mrs. Gu did not feel at all, on the contrary, her heart was full of happiness.

Because coming here, she can see her daughter, back there, she can see her husband, what could be happier in life?

Not long after Mrs. Gu left, Rong Shu and Fu Jingting also had dinner.

Dinner was sumptuous, sour and spicy.

Rong Shu's eyes were glowing, and her mouth kept secreting saliva.

Then, she couldn't wait to pick up the chopsticks and reach for the spicy steamed fish in front of her.

Fu Jingting frowned slightly, a little worried.

Mother Feng saw it, and said with a smile: "Don't be nervous, young master, although it looks a little spicy, but at that time I controlled it when I put hot sauce, I didn't put too much, just a spicy taste, in fact, it's not too spicy, let the young lady eat a little is fine, rest assured, I will look at her, I won't let her eat too much, eat a little to solve the gluttony."

After Fu Jingting listened, he nodded, relaxed a little, and then picked up his chopsticks and began to eat.

After eating, the two walked out of the ward door and prepared to meet Li Zhaodi.

Originally, he was supposed to go in the morning, but in the morning, Fu Jingting received a temporary call from Assistant Zhang, saying that there was an important project that he needed to see and a meeting.

Therefore, Rong Shu had to let him go to the Fu Group first, deal with his own affairs, and then come back to accompany her.

Therefore, this matter has been delayed until now.

“By the way, have you forgotten that Li Zhaodi has been locked up for a few days?” Rong Shu looked up at the man next to her who was carefully supporting her, and asked with a smile.

He really is, she is not too big to walk, she is going to give birth.

He held her so much that she thought she was really going to give birth.

Let him not hold on like this, he still does not agree.

There was no way, she could only go with him.

“It’s been four days.” Fu Jingting replied.

Rong Shu nodded, “After today, don’t lock her up, it’s not a way to keep her locked up all the time.” “Good

.” Fu Jingting agreed.

Of course, he is his wife, and he is what he says.

Moreover, he also planned to give Li Zhaodi to Lin Tianchen after letting her see Li Zhaodi today.

That guy, but he’s been thinking about it for a long time.

Lin Tianchen cleaning up a person will only be worse than his means.

But all this, Rong Shu did not know, and Fu Jingting did not plan to tell her.

Soon, the two came to the outside of the room where Li Zhaodi was closed, and the bodyguard greeted the two and opened the door.

Li Zhaodi was still trapped and thrown on the bed, and only when she went to the toilet to wash and eat, she would be untied by the bodyguards and get a short period of freedom.

The rest of the time, they are basically tied.

At first, Li Zhaodi also shouted, hoping that someone could hear the voice to save her.

But later she also knew that no matter how loudly she shouted, no one would let her go, just because this was Fu Jingting's territory.

So in the past two days, she has completely settled down, lying like this all day, staring at the ceiling in a daze.

She also didn't think about when Fu Jingting was going to lock her up, let alone how Fu Jingting was going to deal with her.

She was just worried about how Gu Yaotian was doing now.

Suddenly, the door opened.

Li Zhaodi thought that it was a bodyguard who came in, and her eyes did not move.

Until I heard Fu Jingting's gentle voice sound, "Be careful."

Her eyes focused, and she quickly turned her head to look at the door.

Looking at Fu Jingting, who carefully helped Rong Shu in, Li Zhaodi quickly begged for mercy loudly, "President Fu, I was wrong President Fu, please let me go, I will never appear in front of Miss Rong again, I just want to go back now, I want to go back to see my father, President Fu, please."

As if he hadn't heard it, Fu Jingting continued to help Rong Shu walk forward.

The two finally stopped by the bed.

Fu Jingting lowered his eyes slightly, looking at her coldly, "Release you?" So the harm you caused to my wife, that's all?

Li Zhaodi's pupils contracted, and then looked at the woman beside him, and pleaded again, "Miss Rong, I was wrong, I really know that I was wrong, I shouldn't have appeared in front of you, I shouldn't have told you this, please see that I did this, but also for the sake of saving people, and that person is still your biological father, you spare me this time, I won't say anything about letting you save your father, I'll go back to take care of my father, okay Miss Rong?" Please.

Her begging was extremely sincere, if not for the fact that she was tied up now.

She was even willing to kneel and kowtow to them.

Rong Shu didn't expect that Li Zhaodi actually cared so much about Gu Yaotian and his wife.

She initially thought that Li Zhaodi wanted to become her only because of the wealth of the Gu family.

But now it seems that in addition to being rich, Li Zhaodi also really regards Gu Yaotian and his wife as parents.

Why they are sincere, naturally it is also because Gu Yaotian and his wife are good to Li Zhaodi.

And this made her feel even more complicated.

Just because, the reason why Gu Yaotian and his wife will be good to Li Zhaodi is because Gu Yaotian and his wife really think that Li Zhaodi is her.

So in essence, what Gu Yaotian and his wife really love is her.

"Miss Rong" saw Rong Shu's sudden distraction, and did not respond, Li Zhaodi was extremely sophisticated, crying a handful of snot and tears, "Miss Rong, please, dad is really poor health now, I have to go back, go back to him to take care of him, otherwise, I don't know if I can see him for the last time, I know, I impersonated you, anyway, you don't want to recognize your parents, why don't you let me go back to them to pay respect?"

These words made Rong Shu stunned in her heart.

Indeed, she did not want to recognize Gu Yaotian and his wife, but she was not qualified to prevent Li Zhaodi from being filial to them.

After all, they were kind to Li Zhaodi, and Li Zhaodi also regarded them as parents.

In a sense, they are actually mutual.

"I know, I'll release you later." Rong Shu lowered her eyes and said lightly.

Fu Jingting frowned slightly, but did not say anything.

Li Zhaodi was overjoyed, "Thank you Miss Rong, thank you Miss Rong."

“You don’t need to thank me, I just let you go for their sake, if it weren’t for them, he would be dying, and I would definitely not let you go.” Rong Shu said with a cold little face.

After all, Li Zhaodi almost caused her to lose the child in her belly, how could she not hate Li Zhaodi.

But in the same way, Gu Yaotian’s side really needs one more care.

Mrs. Gu will definitely come here every day, Gu Yaotian is there alone, although there are doctors, nurses and nurses, but in the end there are no close people to take care of carefully.

Although she still couldn’t recognize Gu Yaotian and his wife, she didn’t completely let go of her hatred for Gu Yaotian and his wife.

But she figured it out, anyway, Gu Yaotian didn’t have much time left, so she let Gu Yaotian live this last period well.

After Gu Yaotian dies, all the grudges turn to ashes, at that time, she will be able to completely let go of the two grudges, no longer bear huge pressure, and can live a relaxed and happy life, right?

“Let’s go, husband.” Rong Shu turned around and took Fu Jingting’s arm.

Fu Jingting raised his eyebrows, “Left so soon?” Say nothing else?

Rong shook his head, “No need, let’s go.” ”

Originally, she came here to ask Li Zhaodi some questions.

But now seeing Li Zhaodi and seeing Li Zhaodi’s concern for Gu Yaotian and his wife, there are some questions, and she suddenly doesn’t want to ask.

In this way, she couldn’t go to recognize Gu Yaotian and his wife, so she let Li Zhaodi go back and honor them in her place.

It was the only thing she could do.

Walking out of the ward door, Rong Shu leaned into the man’s arms, the man put his arm around her waist, and his voice was gentle as if he was about to drip water, “What’s wrong,

tired?”

“Well, a little tired.” Rong Shu nodded with her eyes closed, her voice was soft, with some coquettishness inside, “Husband, I don’t want to leave.”

Fu Jingting smiled lowly, obviously enjoying the woman’s coquetry.

He picked her up horizontally, “I’ll carry you back.”

“Is your arm all right?” Rong Shu asked with a slight half-opened eye.

The man hugged her and walked very easily, “Don’t worry, it’s already good, even if it’s not good, there will be no problem holding you.” He

hugged his wife, the woman he loved the most, even if he didn’t want this arm, he was willing.

Rong Shu smiled happily, “Husband, you are so good.”

“I will always be so good, always good to you.” Fu Jingting lowered his head and kissed her on the forehead.

Some passing nurses saw that the two were so affectionate, and they all showed a blessed aunt smile.

Some C fans secretly took photos of the back of the two and posted them to the group or online, and netizens called them so sweet and sweet.

Chapter 1446 – Funny Fu Jinglin

Fu Jingting naturally discovered these secret photos, but seeing that they had no malice, just simply blessed them, he ignored them and took pictures with them.

When Rong Shu returned to the ward, Rong Shuren had already slept.

Pregnant women are lethargic, this sentence is not a simple statement.

In short, Rong Shu’s current situation, twenty-four hours a day, she has to sleep for more than ten hours.

But this is not a bad thing, pregnant women sleep more, it means that the child develops well, and the pregnant woman’s body is good.

“Take a good look at Xiaoyezi, I’ll go out.” After Fu Jingting covered Rong Shu with a quilt, he said to Mother Feng.

Mother Feng nodded, “Don’t worry, Young Master, I will look at the Young Lady, you go.”

Fu Jingting snorted and turned and walked out of the ward.

But as soon as he went out, he met Fu Jinglin, who came with the bodyguard.

Fu Jinglin was still carrying many, many gifts in his hand, and when he saw Fu Jingting, Fu Jinglin suddenly smiled like a fool, showing a mouthful of white teeth, and quickly beckoned, “Big brother, big brother.”

Fu Jingting frowned in disgust, “Why are you here?”

“Hehe, I’ll see my sister-in-law, and my future little niece.” Fu Jinglin said with a smile.

Fu Jingting raised his eyebrows, “How do you know it’s a niece, in case it’s a nephew?”

After all, this is a half-off probability.

Until the child is born, no one knows the sex of the child, and he will not ask about it.

For him, children are the same, they are the crystallization of his love with Xiaoyezi.

“It must be a niece, I like my niece.” Fu Jinglin shook a few bags in his hand, “Big brother, look, these are the gifts I prepared for my sister-in-law and little niece, all of which girls like, so they must be nieces.”

Fu Jingting snorted.

Just because he bought something that girls liked, and then he was sure that his wife was a daughter in her belly, and sure enough, the stupid brother is the stupid brother, only the old age does not grow the brain.

Fu Jinglin didn’t know that his eldest brother had already classified himself as a fool in his heart, and he was still smirking, “Big brother, where is my sister-in-law?”

“Inside.” Fu Jingting did not hide it and answered.

Fu Jinglin was about to pass him and walk inside, “I’ll go see my sister-in-law.”

“Don’t go!” Fu Jingting stopped him directly.

Fu Jinglin was a little puzzled, "Why?"

"Your sister-in-law is asleep, and you will make a noise of her when you go in." Fu Jingting said indifferently.

Fu Jinglin looked unhappy, "No, I will be quiet, I will definitely not quarrel with my sister-in-law, I will wait inside for her to wake up, I will personally give these things to her, big brother, you quickly let me go and let me in."

"No, you have to wait, just wait outside, and when your sister-in-law wakes up, you can go in."

After speaking, Fu Jingting gave the bodyguard behind Fu Jinglin a look.

The bodyguard nodded knowingly, "Don't worry, President Fu, I will be optimistic about the second young master, and I will definitely not let him in, let alone give him the opportunity to make a big fuss."

"Hmm." Fu Jingting nodded in satisfaction and was about to lift his feet and leave.

Fu Jinglin asked, "Big brother, where are you going?"

"Something." Fu Jingting replied to him lightly, and the figure had disappeared into the elevator room.

He was going to find Lin Tianchen and ask Lin Tianchen to bring Li Zhaodi over.

Although Xiao Yezi promised to let Li Zhaodi go, he didn't agree.

Li Zhaodi almost caused him to lose his wife and children, and it is impossible for him not to repay this feud.

He would let Li Zhaodi live worse than death before letting Li Zhaodi take care of Gu Yaotian.

But at that time, Gu Yaotian was still alive, so I don't know.

So that night, Li Zhaodi was sent out of the room where she was held, and as for where she was sent, only Fu Jingting and Lin Tianchen knew.

When Fu Jingting returned to the ward, Rong Shu had already woken up and was talking to Fu Jinglin, and she didn't know what Fu Jinglin said, which made her laugh and couldn't stop.

This made Fu Jingting look at Fu Jinglin a little more pleasantly.

At least this younger brother is stupid, but for the sake of him being able to make Rong Shu happy, this younger brother can still barely keep it.

However, this younger brother also kept his promise, saying that he would wait until Rong Shu woke up, and he really waited until Rong Shu woke up.

It seems that in the future, you can let this kid come over often, and when he is not by Rong Shu's side, you can let this kid accompany Rong Shu and make Rong Shu happy.

"What are you talking about, smiling so happily?" Fu Jingting pushed the door in, walked straight to Rong Shu, hugged her into his arms, and asked gently.

When Fu Jinglin saw this scene, he snorted sourly, "Big brother and sister-in-law, do you want to bully me this single dog like this."

Rong Shu covered her lips and chuckled.

Fu Jingting glanced at him in disgust, "Who let you see it?"

"You're right in front of me, can I not look?" Fu Jinglin huffed.

Fu Jingting frowned, "You can close your eyes."

"You" Fu Jinglin was speechless, and then looked at Rong Shu and directly complained, "Sister-in-law, look at your man, actually bullying your younger brother, it's too much, sister-in-law, you help me teach her a lesson."

"Wife, you won't, will you?" Fu Jingting turned Rong Shu's face and looked at her, pitifully asking.

Rong Shu was amused, "Okay, you two, don't make trouble, you are too, a thirty-one person, and you are still competing with him as a teenager and underage, you are really good."

"It is." Seeing Rong Shu helping him speak, Fu Jinglin immediately became proud, his tail was also cocked into the sky, and he dared to look at Fu Jingting with defiance and contempt.

Fu Jingting narrowed his eyes and stared at him coldly, "This month's pocket money is gone."

Chapter 1447 – All Preferences Have Changed

She woke up and didn't see him, thinking he was going back to work at the group.

However, Feng's mother told her that he did not go to the company, so she was curious about where he had been in the past few hours.

When Fu Jingting heard Rong Shu's question, his eyes flickered for a moment before he replied, "Didn't you say that you were going to release Li Zhaodi, so I went to arrange it."

This statement is a half-truth.

He did not lock up Li Zhaodi, but he only handed Li Zhaodi to Lin Tianchen.

How Lin Tianchen would deal with that woman, that was none of his business.

Rong Shu nodded, "This way."

She responded like this, and then didn't ask again.

For Li Zhaodi, she is complicated and will not want to inquire at any time to disgust herself.

Fu Jingting really knew that she would not ask Li Zhaodi again, so he would agree to her release Li Zhaodi on the surface, but in fact, he transferred Li Zhaodi.

"Big brother, sister-in-law, who are you talking about Li Zhaodi?" At this time, Erha Fu Jinglin looked at the two and asked with a puzzled expression, "This name is really ugly, similar to that era."

He said with disgust.

Fu Jingting glanced at him, "This is not something you should ask, it's not early, you should go back, I'll let people send you back."

Fu Jinglin looked at the window, it was neon outside, it was indeed late.

He stood up, "Okay, then I'll go back today, lest my mother call me later, sister-in-law, I'll go first, and I'll come to see you and my niece tomorrow." The

corner of Rong Shu's mouth twitched, and then nodded with a smile, "Okay, you go back."

This kid seems to really want her to have a daughter.

Since she woke up in the afternoon, when she saw her, she kept saying that she had a daughter in her belly.

Even if she told him that this was a probabilistic thing, whether a son was a daughter, who could say for sure, he would not know until he was born.

But this guy firmly believes that it is not a son, but a daughter.

But whether it is a son or a daughter, as long as it is her child, she loves it.

It's not bad to be a daughter in the end, at least her little uncle will definitely love her very much.

"I'll ask you to take you back." Fu Jingting also got up and prepared to send Fu Jinglin to the elevator, and by the way, he was arranging for a bodyguard to send him there.

After all, a half-old teenager went back by himself, and as an older brother, he was not at ease.

"Wife, wait for me to come back." Fu Jingting rubbed Rong Shu's hair.

Rong Shu snorted, "Go, go early and return early." "Good

." Fu Jingting withdrew his hand and answered gently.

However, the moment he turned around, his expression immediately changed from gentle to disgusted.

"Let's go."

The corners of Fu Jinglin's mouth twitched terribly, "Big brother, your face has changed too quickly, just now you are still treating your sister-in-law and Yan Yueshi, and you are so cold to me."

"Are you your sister-in-law?" Fu Jingting glanced at him and said with disgust.

Fu Jinglin snorted, "But I'm your own brother, and it's too much for you to be so cold and disgusted with your own brother."

"If you were a little smarter, I wouldn't be so cold and disgusted with you, who calls you stupid?" The dumbest one in our family. Fu Jingting said mercilessly.

Fu Jinglin was speechless and walked in front angrily.

Rong Shu and Mother Feng listened to the bickering of the two brothers and shook their heads funny.

"The eldest young master just likes to tease the second young master." Feng Mama said.

Rong Shu took a sip of milk, "I can understand that Jing Lin is like a paint bucket, a little fried like that, the most people can't help but want to tease."

"What is said is that the second young master has been such a character since he was a child, and he has not changed it, as soon as he teases him, he jumps his feet, but it is not annoying, but it makes people want to amuse more and more, it can be said that the second young master was amused by the eldest young master." Mama Feng sat on the side and cut her fruit.

Rong Shu nodded, "Fortunately, Fu Jinglin did not inherit so many bad habits as Wang Shuqin, otherwise it would not be as fun as it is now, but it would be annoying."

"That's the young master's genes." Mother Feng smiled and said, "Fortunately, the eldest young master and the second young master are not like their mother, otherwise it is really difficult to say a word." The

eldest young master's mother is an extreme love brain.

And the mother
of the second young master
Forget it, don't mention it.

In short, if the two young masters really resembled them, it would be terrible, and the Fu family should be finished.

Rong Shu listened to Mother Feng's words and brought the two brothers Fu Jingting and Fu Jinglin into their mother, and the whole person couldn't help but snort.

"You're right, if they're like their mother, it's really hard to say and it's terrible."

"Yes, so the old lady often sighs, fortunately there is no inheritance." Mama Feng cut the apple into small pieces.

Rong Shu asked curiously, "Mother Feng, do you know how Fu Jingting's father and Wang Shuqin met?" How did they fall in love again? This

question, she has actually wanted to ask for a long time.

But she held back and didn't ask Fu Jingting.

First, Fu Jingting may not know everything, but this is about his father's past, and if he tells it, his mood may be a little uncomfortable.

So, she didn't ask.

But now that it was said, it happened that there were only her and Mama Feng, and she finally couldn't help but ask.

She wanted to know what kind of magic this woman Wang Shuqin had that made Fu Jingting's father fall in love.

Is it true that the outside has not been eaten, and it is all fragrant?

Mother Feng handed the cut apple to Rong Shu, "This ah, I don't actually know the details very well, I only know a rough idea, the parents of the eldest young master were a mistake from the beginning, and the mother of the eldest young master did not love the young master, so after getting married, they didn't have it once." Have sex with the eldest young master, even if you are pregnant with the eldest young master, it is not because of natural conception, but because of the in vitro test tube, in fact, this practice, for the young master, is an insult, and even makes people think that the young master is sick, but the young master loves the mother of the eldest young master, so even if he may endure such gossip and jokes, he still agreed to the mother of the eldest young master.

"And then?" Rong Shu took a bite of the apple and then asked.

Mother Feng sighed, "The young master originally thought that as long as they got married, had children, and got along for a long time, one day, the eldest young master's mother would definitely fall in love with him, after all, it was him, not Su Cheng, who accompanied the eldest young master's mother, so after the young master got married, he often spent his time to tease the eldest young master's mother." Happy or something, this teasing, that is, for more than ten years, the young master has also changed from enthusiasm at the beginning to dull.

"Because my father-in-law didn't expect that Jing Ting's mother loved Su Cheng so deeply." Rong Shu also said.

Mother Feng nodded, "Yes, no one expected that that woman loved Su Cheng so much, the young master accompanied her for more than ten years, and she did not impress her in the slightest, obviously in the past ten years, Su Cheng has never contacted her, never met her, I don't know, how she insisted on this relationship, but she just persevered."

"Some people think differently about feelings than we do." Rong Shu thought about it, and there was only this explanation.

Mother Feng looked at her, "Yes, in the words of your young people, the brain circuits are different.

As soon as these words came out, Rong Shu laughed, "Mother Feng didn't expect you to keep up with the trend."

“That is.” Mother Feng smiled proudly, and then the smile faded again, “People’s enthusiasm is not unchanged, the young master has insisted on it for more than ten years, and has not touched the heart of the young master’s mother, and over time, the feelings for her have faded, but they have not completely let go, until the young master’s mother said, let the young master find one outside, so that she can divorce, it completely broke the young master’s heart, and the young master was also at that time, decided to let her go free and no longer love her wholeheartedly.” ”

“So my father-in-law found Wang Shuqin outside?” Rong Shu blinked.

Mother Feng shook her head, “No, although the young master said that he would no longer force it, but he did not promise to find another woman, during that time, the young master’s whole person seemed to have changed, and his mental state became very wrong, often going out to buy drunk, favorite things and aesthetics, but also completely opposite to before, such a young master, made the old lady very worried, and specially invited a psychologist, wanted to show him, thinking that he was hit by the eldest young master’s mother, but the young master all refused, Say nothing and don’t want to see a doctor.

“Didn’t you watch it later?” Rong Shu asked.

When people encounter some blows and turns, their personalities will indeed change greatly.

Just like herself.

How resigned she was in the previous six years, she now feels terrible when she thinks about it.

It turned out to be her!

Fortunately, now she has changed, not like before.

“Nope.” Mother Feng shook her head, “The young master seems to be gentle and easy to talk to, but in fact, stubborn, no one can take him, the old lady is very worried, thinking that the young master will be so decadent for the rest of his life, but he didn’t expect that one day, he came back with Wang Shuqin, saying that he was in love with Wang Shuqin and wanted to marry Wang Shuqin, the old lady was stunned, and couldn’t believe that the young master’s vision was so bad and fell in love with such a woman.”

Rong Shu touched her chin, "Mother Feng, you just said that because of my mother-in-law's behavior, my father-in-law's personality has completely changed, and all kinds of preferences and aesthetics are completely opposite, is it because of this that I fell in love with Wang Shuqin?"

After all, although she has not seen her own mother-in-law, she knows that her mother-in-law is from a wealthy family, has a gentle temperament, knows how to read and behaves in words and deeds, and is also beautiful.

Wang Shuqin
, on the other hand,
is the opposite.

Isn't this in line with the reason why my father-in-law's various preferences have changed?

Mother Feng nodded, "Young lady, you are right, young master he really fancy Wang Shuqin because of this, otherwise with his normal aesthetics, how could he fancy Wang Shuqin, at first, the old lady was worried about this, but the young master's mother was very happy, because the young master found someone she loved, she could divorce, so she prevented the old lady from continuing to find a psychologist for the young master, and did not want the young master to change back to before, She felt that the young master had changed back to before, and her hope of leaving was gone.

Rong Shu frowned, "Mother-in-law, she really is"

She didn't know what to say.

After all, as a daughter-in-law, she is not good to talk about elders.

Especially, it is still the elders who have passed away.

"The eldest young master's mother is indeed very excessive, the old lady also regrets it, regrets why she didn't insist on it back then, I had to let the young master marry her into the door, but it's too late to regret ah, it's been more than ten years, the old lady wants to forcibly take the young master to the psychologist, and finally the young master told the old lady that he knew that the woman he fancy was not good enough, but at least, the two of them are now in love, and he will not live the same painful life as the eldest young master's mother, Therefore, it is also a good thing that his aesthetics and preferences have changed, and I hope that the old lady will be fulfilled, and this sentence moved the old lady.

"Grandmother finally agreed to Father-in-law and Wang Shuqin?"

Mother Feng smiled, "How is it so easy, just gave up finding a psychologist for the young master, but agreed to Wang Shuqin to enter the door, not so fast, and finally the

young master moved out of the family law, saying that as long as he bears the family law, the old lady has no reason to oppose Wang Shuqin entering the door, so after the old lady punished the young master with the family law, Wang Shuqin entered the door.”

“So it is.” Rong Shu nodded abruptly, “I said how did my father-in-law look down on Wang Shuqin, it’s not that I look down on Wang Shuqin, it’s really a person like Wang Shuqin, the chance of being favored by a wealthy son like my father-in-law is too small, I didn’t expect that the real situation is like this, it is the father-in-law’s preferences that suddenly changed, otherwise Wang Shuqin couldn’t enter the door at all.”

“yes.” Mother Feng took the empty plate she handed over, “That’s right, it’s not that we can’t see Wang Shuqin’s identity, but Wang Shuqin’s character is not good, don’t talk about people like us, let’s say ordinary people’s families, and few can look at her, but although this person is not good, but her nature is not bad, and she knows guilt, she thought that it was her appearance that made the eldest young master’s mother unable to accept suicide, and then also proposed to break up with the young master, it was the young master who kept her back, even if the young master explained to her that the death of the eldest young master’s mother had nothing to do with her, She still didn’t believe it, she always held this guilt in her heart, and then put this guilt on the eldest young master.

“I know, Jing Ting told me that Wang Shuqin is like his own son to him, so Jing Ting also recognizes her as a stepmother.” Rong Shu answered.

Mother Feng smiled again, “Actually, there is another thing that the eldest young master does not know.

“Oh?” Rong Shu was curious, “That is Wang Shuqin once wanted to beat the second young master for the sake of the eldest young master, because she was afraid that the eldest young master would think more, and she was afraid that after giving birth to the second young master, she would become partial, in order to become a vicious stepmother who only worked for the benefit of her son and looked at the eldest young master unfavorably, so she carried us behind her back and secretly went to the hospital, if it wasn’t finally discovered, I’m afraid there would be no second young master now.”

Rong Shu was surprised, “I didn’t expect her to be able to do this.”

“Yes, none of us expected that the old lady also completely released her feelings for Wang Shuqin because of this matter, in fact, before that, the old lady has not been waiting to see Wang Shuqin, does not recognize this daughter-in-law, it is this matter that completely made the old lady change her opinion of Wang Shuqin, although the old lady verbally still dislikes Wang Shuqin on the surface, and does not look at Wang Shuqin, but she knows in her heart that she is a good daughter-in-law.”

Chapter 1449: Medical Experiments

“When I get abroad, I will call you videos every day.” Fu Jingting added another sentence.

Rong Shu smiled and agreed, “Well, I must not sleep at that time, waiting for your video, but if you are busy, you don’t have to fight.”

“If it’s busy, I’ll message you in advance.” Fu Jingting replied.

Rong Shu snorted.

Then he stood up, “Okay, I’ll go wash, it’s time to rest.”

“Go ahead.” Rong Shu waved his hand and signaled the man to hurry up.

On the other side, in Lin Tianchen’s private laboratory.

After Li Zhaodi woke up, she found herself in a room full of various instruments, still lying on a cold operating table, her hands and feet were still tied, and the whole person was anxious and afraid.

“Where is this?” She shouted, “Come, is there anyone!”

“You’re noisy!” At this time, an icy voice came from the direction behind her head.

Li Zhaodi’s head couldn’t turn, and she couldn’t see who made this voice at all, so she could only ask fearfully, “Who are you?”

The voice was silent.

The whole room suddenly became quiet.

Li Zhaodi could hear her own breathing, anxious and panting, and in this quiet and precise room, it was particularly oozing.

Li Zhaodi could feel that her heart was about to jump out of her throat, and the corners of her forehead were also big and sweating.

“Who the hell are you and what do you want to do?” Li Zhaodi was terrified, and her voice trembled, with a hint of crying.

Finally, the man moved again, but still did not speak, but the sound of footsteps sounded.

Tap-click.

It was the sound of leather shoes walking on the ground.

This voice seemed to step on Li Zhaodi's heart, and the tears that made her afraid were about to flow out.

Finally, the man was completely exposed to Li Zhaodi's eyes.

He wore a white coat, slender and tall, his hair was also very delicate, the bridge of his nose was high, his facial features were handsome, and he wore glasses without sockets, looking gentle and terrifying.

Yes, gentle and scary.

The appearance and dress of this person gives people a gentle and easy to talk kind.

But his expressionless face and the chill that radiated around him made people feel scared.

"It's you!" Li Zhaodi's eyes widened and she looked at the man in disbelief, "Doctor Lin, what do you want to do?"

It turned out that the man turned out to be Lin Tianchen.

Lin Tianchen was holding a syringe in his hand, and there was still a transparent liquid inside the syringe.

He was holding the syringe high, looked at it in the light, and then flicked it behind it, and then looked down at her, without a trace of emotion in her eyes, as if she was not a person in his eyes, but a pig and sheep about to be slaughtered.

This frightened Li Zhaodi to the point that her soul was about to fly, and her face was white and terrifying.

Although, she didn't have much contact with the doctor.

But she had heard some rumors about the doctor from her parents.

This Dr. Lin is a monster.

Because he was born without feelings, he was destined to be a sociopathic person in the future, so he could not be loved by his parents who were doctors, and after he was born, he was treated as a monster.

And he is indeed like a monster, even if he is a doctor who heals and saves people, but he looks at the eyes of patients, but he does not want to see patients.

It's about looking at what dead people.

Just like now.

Therefore, every time she came to this hospital, she tried to avoid contact with this doctor, but she did not expect that now she actually fell into his hands.

"It's me." Lin Tianchen looked at Li Zhaodi, who looked terrified, and a smile suddenly appeared at the corner of his mouth, as if he was satisfied with her reaction when he saw her.

Li Zhaodi's scalp was numb and she wanted to scream, but she was afraid of angering this madman, so she could only squeeze her palms and endure it, "What do you want to do?" Why am I here?

Those were the two questions she wanted to know the most right now.

Lin Tianchen squeezed the syringe in his hand.

Several drops of liquid oozed out of the syringe at once.

Two of them fell on Li Zhaodi's face, cold and cold, making her subconsciously cry out.

However, after Lin Tianchen glanced at her, she quickly closed her mouth again.

Lin Tianchen narrowed his eyes, "Why are you here, of course, Fu Jingting sent you over, I recently had a medical experiment and couldn't find the experimental product, so I just let you top it." "

Medical experiments!

Hearing these four words, Li Zhaodi's eyes widened in horror, "You want to dissect me?"

She's seen the movies, and the devils in the past did just that.

She never expected that this monster, like those devils, wanted to use her for medical experiments.

"You let me go, I don't want to be your experiment, you let me go!" Li Zhaodi struggled violently in fear, and her whole face turned red.

However, Lin Tianchen just stood there, looking at her quietly, just like watching some joke, "It's useless, this is a strap made of special materials, which can withstand a ton of resistance, no matter how you struggle, it is impossible to break free." "Why

?" Li Zhaodi cried, "Rong Shu clearly said that he let me go, let me go back to take care of my father, why did they not keep their promises?"

She would rather they keep her locked up than have them send her here as an experimental guinea pig.

Lin Tianchen pushed his glasses, "Rong Shu did say that he released you, but Fu Jingting didn't say that you almost killed Rong Shu, you think Fu Jingting really won't do anything, just lock you up for a few days?"

Li Zhaodi's mouth opened, wanting to refute, but she couldn't speak.

Lin Tianchen said again: "Don't worry, I won't dissect you, I will also let you be good hands, I just let you be a test for a period of time, and then I will release you, I won't want your life yet." Hearing

this, Li Zhaodi was relieved.

However, in the next second, Lin Tianchen's words made her collapse again, "Although it will not cost you life, but the process will definitely not be very comfortable, I hope you can hold on, if you can hold on, you can be good at Tiger Hill, if you can't hold on, maybe you will die." "

"What?" Li Zhaodi was shocked, "You dare to kill? Aren't you afraid of being caught? The

ridicule in Lin Tianchen's eyes was not concealed at all, "I thought that you pretended to be Rong Shu and stayed in the Gu family for so long, you should know that the power of power can do many things, but now the pheasant is a pheasant, even if you come to the phoenix nest, you still can't become a phoenix, you are always a pheasant, and the pattern of insight has always stayed at the level of pheasant."

The words of "you" made Li Zhaodi's face red in humiliation.

Lin Tianchen said again: "You are originally a fake, I want you to disappear, not to mention that for Fu Jingting, even for me, it is easy, and we all have a way to make you completely disappear in this world, you can't find a trace, you can't find a trace, who else do you think I kill?" Even if the above knows that I killed you, but with my status in the medical community, the above will not take me well, after all, compared to me, you are just an insignificant little person, no one will do anything to me for you a small person, because they all want to live.

Li Zhaodi was not a fool, and naturally could hear the meaning of his words.

Because of this, she felt even more terrible.

She really didn't think that taking your life was so worthless for these people.

Lin Tianchen was very satisfied with Li Zhaodi's reaction, "So in the next experiment, you better cooperate obediently, if you want to live."

"I cooperate, I cooperate." Li Zhaodi nodded again and again in fear.

No one is not afraid of death.

She was naturally afraid.

Now that she has fallen into the hands of this man, she can do nothing but obediently cooperate and insist.

So in order to survive, she can only do this.

"Good." Seeing Li Zhaodi nodding, Lin Tianchen smiled with satisfaction, and then plunged the syringe into her arm.

Li Zhaodi closed her eyes in pain and let the tears remain.

If she had known that she would have ended up like this one day, she would not have gone to Rong Shu for anything.

Of course, Rong Shu did not know all this.

When she woke up the next day, she personally took the man to the airport.

Originally, Fu Jingting didn't want her to send it, after all, running back and forth was quite tiring.

But Rong Shu insisted and also wanted to go out for a walk.

Fu Jingting couldn't resist her, so he agreed.

The two said goodbye at the airport for half an hour before Fu Jingting stepped on his private jet.

Rong Shu stood on the observation deck, watching the plane rush into the sky and disappear, before turning around and leaving the airport under the persuasion of Feng Ma.

Fu Jingting's going abroad was not hidden from the outside world, so many people knew that he was gone.

Especially Lu Qi and Cheng Huai.

After learning that Fu Jingting was gone, he immediately ran to the hospital to visit Rong Shu.

No way, who let Fu Jingting be there, said that they were not allowed to come.

Now that he's gone, isn't the opportunity coming?

No, the two collided now.

Rong Shu looked at Cheng Huai and then at Lu Qi, amused.

And these two men are also disgusted with each other at the moment.

Lu Qi asked in disgust, "Why are you here?" Cheng

Huai also disliked his peacock costume, sighed, and turned his head, "I came to visit Rong Shu, why do you say I came?"

"You are not welcome here, you hurry up." Lu Qi grabbed Cheng Huai's arm and wanted to drag the person out.

But will Cheng Huai be a person who is obediently dragged away?

He's obviously not.

So no matter how Lu Qi dragged it, Cheng Huai grabbed the door frame and didn't let go.

The two men couldn't beat each other, tired like two fools.

Rong Shu and Feng Mama were amused there.

"Young lady, look, these two" Mother Feng pointed at them, laughing.

Rong Shu shook her head helplessly, "They are like this, although there are not many opportunities to meet usually, but as soon as they meet, they are like two aggressive roosters, they have to make a fuss, let them go."

She was surprised.

"Okay, then I'll go make tea, and when they are tired, they should be thirsty." Mama Feng smiled and walked towards the kitchen.

While reading the book, Rong Shu looked at the two naïve men who continued to drive each other away with amusement.

I don't know how long it took, probably both of them knew that it was impossible to drive each other away, and they simply accepted this fact, let go of each other, snorted coldly, and walked into the ward.

"Shushu, I came to see you, are you okay these days?" Lu Qi put the gift he brought to the side and asked.

Cheng Huai also brought the gift, put it down together, and also asked, "I see that your face has not been as pale as before recently, and your body should be better."

"Thank you for your concern." Rong Shu replied with a smile: "Indeed, with the care of Mother Feng recently, my health has improved a lot, and I am not as uncomfortable as at the beginning." "That's

good." The two men nodded reassuringly.

Mama Feng brought brewed tea and some fruit snacks.

Cheng Huai picked up a cup of tea and took a sip, "Great, Mother Feng, I happen to be thirsty."

"Hehe, then drink it, specially for you."

Saying that, Mother Feng looked at Rong Shu, "Young lady, what did I say, am I right?"

Rong Shu smiled and gave her a thumbs up.

Lu Qi and Cheng Huai looked at them.

"Shushu, what are you talking about, what are you right?"

They, how come some don't understand.

Mother Feng didn't have any intention to hide it, after all, there was nothing that could not be said about this kind of thing, so Mother Feng smiled and repeated what she had just said, "I mean, you two gentlemen will definitely be thirsty after the quarrel, isn't this what you said?"

The corners of Lu Qi and Cheng Huai's mouths twitched at the same time, speechless.

Then Cheng Huai pointed to the landing, "It's not all to blame this guy, you have to drive me away, everyone is here to visit, and it's not the male master here, he is good, he has to put on a male host's posture to drive me away, I argue with him, can I not be thirsty?"

Lu Qi was not to be outdone, and replied, "Although I am not a male host, I am Shushu's brother, you come here with many people, you will only quarrel her to rest, what happened if I drove you away?" Is there something wrong?

"You are Rong Shu's brother, I am still Fu Jingting's brother, I also think that you are noisy, the noisy Rong Shu can't rest, I also want to drive you away, am I wrong?" Cheng Huai shot back.

The two men came and went, seeing that they were arguing again, Rong Shu raised his forehead with a smile, "Okay, okay, don't leave, all here to talk with me, don't argue." No

matter how noisy it is, I don't know how long it will take to stop.

She was really afraid of the two of them.

Knowing earlier, she didn't want to be convenient, let the two of them come up together, it was better to separate the two of them directly and let the two of them come up at a staggered time.

Otherwise, it won't make her brain buzz.

"Did you hear me, Shushu told you not to argue." Lu Qi glared at Chenghuai in disgust.

Cheng Huai is naturally the same opposite
