This Time, I Will Get My Divorce Chapter 1451—Secretary Tong had an accident

“It’s nothing.” Cheng Huai waved his hand, “These are also given to me by those villagers, I don’t need them, just make a smooth water favor, after all, you have a lot of things, and you don’t need me to send them, after thinking about it, I will send this, you like it, if you finish eating, I will let people go to the countryside and buy more.”

“Okay, when we’re done, we’ll talk to Mr. Cheng.” Mother Feng smiled and carried the bag to the kitchen.

As for the massage instrument sent by Lu Qi, it was put aside alone, and no one cared.

After all, Rong Shu can’t use it now.

Cheng Huai glanced at Lu Qi, who didn’t look very good, and smiled defiantly, “How about it, or can the gift I gave come in handy?”

Lu Qi snorted coldly, “What is proud, it’s just that it immediately comes in handy, this doesn’t mean that my gift can’t come in handy, my gift is a late power, you know a fart.”

“What’s wrong with the power in the later stage, the things I sent can make Rong Shu eat for a lifetime, and you can use it for a lifetime, can you?”

“Who said no?” Lu Qi craned his neck and replied, “When she gets old in the future, she will need massagers to solve body aches, and she can also use them for a lifetime.”
The

two of you come and go, do not admit defeat to each other, and see that they are about to quarrel again.

Rong Shu had a headache and hurriedly called a halt, “Okay, okay, you two, the gifts you gave are very good, I like them all, you can use it for a lifetime, don’t argue.”

“Shushu, it’s not that I want to argue, it’s really that this guy is too much, I didn’t even pay attention to him, he came to provoke me himself.” Lu Qi pointed at Cheng Huai and complained aggrievedly.

Cheng Huai snorted, “I provoked you, didn’t you yourself come back with a stupid provocation, if you don’t pay attention to me, will we quarrel?”

“As you say, or is it my fault?”

Lu Qi looked at him incredulously.

Cheng Huai snorted, indicating that he meant this.

“You” Lu Qi still wanted to compete with him, when suddenly the mobile phone in his pocket rang.

There was no way, he had to give up temporarily and take out his mobile phone.

Looking at the telephone ID, Lu Qi’s expression suddenly became a little complicated, and then he walked to the side to answer the phone.

When Rong Shu saw him like this, her red lips pursed, and she guessed in her heart who made this call.

It’s either Secretary Tong, or the person who takes care of Secretary Tong.

Because in the past, Lu Qi never avoided her back and forth when answering the phone, even if it was a matter of the company.

Only in the matter of Secretary Tong, Ah Qi will become like this.

It’s not a short time since the New Year, and Ah Qi hasn’t figured it out yet.

Rong Shu shook her head helplessly.

Secretary Tong’s current month is estimated to be more than five months.

Wait a few months, the child will be born, and I don’t know what Ah Qi thinks, whether he plans to give Secretary Tong a title.

Could it be that Ah Qi really intends to let his child bear the title of an illegitimate child?

Rong Shu’s eyes flashed.

The aunt did not know about this matter, and if in the end Ah Qi really did not plan to give the child a name, she did not care and decided to tell the aunt about it.

After all, Ah Qi really went too far.

While verbally hating Secretary Tong, he also wanted to force Secretary Tong to give birth to this child.

And then after giving birth to a child?

Don’t want Secretary Tong?

Also let your own child bear the name of an illegitimate child?

In short, no matter how you look at it, Ah Qi is not benevolent in doing this, and he must let his aunt come out to sanction it.

Thinking so in his heart, he heard Lu Qi's volume suddenly raised, and the whole person was very excited and surprised, "What do you say?" Fallen? Rong

Shu heard the two words of falling, and her heart began to become anxious, "A Qi, what is the situation, is there something wrong with Secretary Tong?"

Lu Qi didn't answer her, just squeezed the phone, and replied to the other end of the phone with an extremely tight voice: "I know, you let the doctor go over and take a look, I'll be back immediately."

After that, he hung up the phone and turned around, although there was no expression on his face, but everyone could see that he was in a bad mood at the moment and was very anxious, "Shushu, I still have business, leave first, and come to see you next time."

"Ah Qi, you answer me honestly, is something wrong with Secretary Tong? I just heard you say that I fell, did Secretary Tong fall? What about children? Is something wrong with the child? Rong Shu clenched her mobile phone and hurriedly asked again.

Cheng Huai, who was eating melons on the side, suddenly raised his eyebrows.

Child?

That's a bit informative.

Lu Qi looked at Rong Shu, and finally lowered his eyelids, covering the look in his eyes, but still did not answer.

But his silence already speaks for itself.

Rong Shu's heart sank slightly, "I know, Ah Qi, you go back first, Secretary Tong and the child are important, call me in a while, I know you don't want to tell me this, but don't forget, Secretary Tong is also my friend, if I don't know the specific situation of her and the child, I will always be relieved, I hope you can think clearly." "Good

." Lu Qi finally responded, and then turned to leave.

After he left, Cheng Huai quickly threw away the apple core in his hand and asked excitedly, "Rong Shu, what's the situation, I heard you say Secretary Tong, what other children, if I'm not mistaken, that Secretary Tong is your chief secretary, what happened to her and Lu Qi?" Seeing

him gossiping like this, Rong Shu did not hide it from him.

After all, this matter is no longer a secret, “Secretary Tong is my chief secretary, but that was before, she has resigned, as for her and A Qi, she and A Qi are college classmates, and also the chief secretary before A Qi, because I returned to Tiansheng and needed manpower, so A Qi lent Secretary Tong to me, but Secretary Tong has always liked A Qi in his heart, so the two accidentally got together and had children.”

“Hiss” Cheng Huai gasped, “I can’t see that Lu Qi this guy can do it, he actually got the child out silently, but he hid it too well, and the outside world didn’t know anything about it.” Rong

Shu snorted, “Because Ah Qi didn’t like Secretary Tong before, the two also had a relationship by accident, the appearance of the child, and the two people did not expect, Secretary Tong originally wanted to take the child, as if nothing had happened, but after Ah Qi learned about it, he stopped Secretary Tong, and then took Secretary Tong to one of his villas, and let Secretary Tong raise a baby and give birth to a child.” “Isn’t

that a good thing?” Cheng Huai still didn’t understand the deep meaning of this.

Rong Shu sighed, “It’s a good thing, but it’s also a bad thing, I just said, Ah Qi didn’t like Secretary Tong before, and letting Secretary Tong keep this child is already incomprehensible, and now Ah Qi may like Tong Mi.”book, but he himself seems to be unwilling to accept this fact, so until now, he has not meant to give Secretary Tong a name, and has been hiding this matter, if I hadn’t stumbled upon Secretary Tong’s traces, I wouldn’t know that Secretary Tong was locked up by A Qi now.

“In other words, Lu Qi doesn’t plan to marry your secretary, nor does he plan to give that child a legitimate identity, right?” Cheng Huai touched his chin and said.

Rong Shu snorted, “At present, it seems that he intends to do so, so I have been struggling in my heart, whether to tell my aunt, after all, Ah Qi is too selfish and too much to do this.”

“Indeed.” Cheng Huai nodded.

This Time I Will Get My Divorce Chapter 1452–The Clothes Left by Old Lady Gu

Isn’t this proper scumbag behavior?

Although she was accidentally pregnant, but the woman said that she was willing to take the child, when nothing happened, it stands to reason that this shouldn’t be Lu Qi’s most satisfactory way to deal with it?

And Lu Qi actually stopped it, and let the woman give birth to the child.

As a result, it is enough to let the woman have a child, but she does not even give the woman an identity, and even the biological child does not intend to give an identity.

Doesn't Lu Qi know how bad this is for children?

The outside world will only keep ridiculing the child as an illegitimate child.

This is simply a scumbag.

"You didn't persuade Lu Qi?" Cheng Huai looked at Rong Shu and asked again.

Rong Shu sipped, "How could it not be, Secretary Tong is my friend, I can't watch A Qi treat her like this, so during the New Year, I specially talked with A Qi once, just hoping that A Qi could understand that he was wrong to do this, but A Qi" "

That guy didn't promise, did he?"

Rong Shu nodded, "Yes, he didn't agree at the beginning, and I also know that I can't force him, otherwise it's not a good thing for Secretary Tong, so I hope he thinks about it, but now that so long has passed, he still doesn't seem to have figured it out, Secretary Tong is now more than five months, and in four months, the child will be born."

"So what are you going to do now?" Cheng Huai asked, "I know, with your personality, you shouldn't do nothing, right?" Rong

Shu put down the water cup and smiled, "You still know me well, you are right, I really don't plan to do nothing, but before that, I have to wait, give Ah another two or three months, I hope he can figure it out, if it still doesn't work, I will tell my aunt, with my aunt coming forward, everything will be fine."

Although the affairs of their generation, they don't want to trouble the elders and let the elders worry about them.

But sometimes, it really is only possible for the elders to come forward.

Cheng Huai didn't feel that there was anything wrong with Rong Shu's method, after all, it was not a trivial matter, and telling parents was the best.

"Come on your own terms." Cheng Huai supported her, "But I didn't expect that Lu Qi was such a person."

"Ah Qi is not a bad person, he just acted a little biased in this matter."

"Being biased in this kind of thing is a brain problem, after all, it hurts an innocent child and a woman." Cheng Huai said.

Although he was a playboy in the past, he never did anything to be sorry for girls.

Before dating, he also said to the woman in advance, he will not have real feelings, and he hopes that the other party will not have real feelings for him, just play with each other, and then divide as soon as the three months arrive.

After the breakup, he will also give the woman a certain compensation.

And when he dating, he never stepped on two boats at once, he concentrated on dating, and only after breaking up did he start a new relationship, and he would not accidentally make a child.

But if he gets the child, he either directly and clearly says that he does not want it and let the woman beat it, or he will keep the child and give the child a name, and the woman will divorce later.

In short, no matter what he did, he would not do it with Lu Qi.

Therefore, in this matter of Lu Qi, he looked down on him a little.

Rong Shu didn't speak anymore, because she also knew that Cheng Huai was right.

In the end, she could only sigh, "I hope Ah Qi thinks clearly and doesn't let us down."

After that, Cheng Huai also had something to do and left with his leave.

There were two less men in the ward who talked a lot, and suddenly became quiet.

When Mama Feng put the chicken soup out of the pot, she still laughed and ridiculed, "Mr. Lu and Mr. Cheng are gone, and they are still a little unaccustomed, and they feel a lot cold at once."

Rong Shu looked at the book in his hand and smiled without raising his head, "It's okay, Fu Jinglin should come in the afternoon, his words are the most, Cheng Huai and Lu Qi combined, should not be opponents."

As soon as

these words came out, Mother Feng was directly amused, "It's also true, the second young master is lively, and he is a talker, with him, there is really no need to worry about not being lively and boring."

As he spoke, there was a knock on the door.

Mother Feng walked over to open the door, and there was a bodyguard standing outside the door, "Mother Feng, Mrs. Gu is here again." Mama

Feng immediately turned her head to look at Rong Shu in the room.

She believed that Rong Shu must have heard it.

But Rong Shu still didn't look up, and she didn't mean to respond.

Mama Feng sighed and turned her head back, "Let her come." Anyway, it was like this for both days.

When Mrs. Gu came, Rong Shu did not express her position, she let people in.

Sure enough, when Mama Feng's words came out, Rong Shu did not open her mouth to object, obviously acquiescing.

The bodyguard answered and went to ask for someone.

Soon, Mrs. Gu appeared at the door carrying a large bag.

When Mother Feng saw it, she snorted, "Mrs. Gu, what are you bringing here, such a big bag?" When

Rong Shu heard this, her ears moved, she slightly withdrew the hand in her hand, and then poked her neck to look.

Apparently, she was also curious.

Mother Feng helped Mrs. Gu pull the bag into the ward.

Mrs. Gu replied with a smile: "It's all some clothes."

"Clothes?" Mother Feng was a little puzzled.

"yes." Mrs. Gu lovingly looked at Rong Shu, "are some clothes worn by pregnant women, when I was pregnant with Shushu before, her grandmother made me a lot of clothes suitable for pregnant women, and they are all retro, embroidered on them, all of them are embroidered by her grandma stitch by stitch, her grandma has done a lot, and I am not good, many times are spent in bed, so there is no chance to wear it, so I put it away, I suddenly remembered this thing yesterday, so I went home and rummaged through it to find out these clothes."

This Time, I Will Get My Divorce Chapter 1453—"Some of these are indeed not worn by pregnant women, they were made for me by your grandmother before, but because I am not in good health, I have been recuperating my body, and I have gained a lot of

weight during the period, these cheongsam and the like, I can't wear it, so I put it now, take it together for you to try, you are thinner than me, even if I give birth in the future, my figure will recover quickly, and I will definitely be able to wear it." Mrs. Gu explained.

Then he also persuaded with Mother Feng, "Try it, you must look good in it."

At this time, Mrs. Gu was also very glad that she didn't wear these clothes, otherwise she really didn't know what to give her daughter.

Rong Shu was indeed a little moved, but when she thought that these clothes belonged to Mrs. Gu, she couldn't make up her mind.

In the end, it was Mother Feng who saw her entanglement, took her hand with a smile, and led her off the hospital bed, "Young lady, try it, it's just clothes, it's nothing else, moreover, this is what your grandmother did."

"Yes, Shushu, try it." Mrs. Gu also looked at her expectantly, her eyes full of encouragement.

She really wanted her daughter to take this.

In the past, when she was pregnant with her daughter again, she said that in this life, she would give all the good to her daughter.

But her daughter was taken away by Rong Hao, and all her dreams were shattered.

She has been more than twenty years late to fulfill her promise of that year, and now she is very desperate to give all the best and most she thinks is to her daughter.

Naturally, she also hopes that her daughter will accept them all.

"Young lady, try it." Mother Feng directly stuffed the cheongsam into Rong Shu's hand.

Rong Shu glanced at it, and then looked at Mother Feng and Mrs. Gu who were expecting on the other side, and finally couldn't resist the temptation of the cheongsam, as well as the encouragement of the two people, and nodded and agreed.

"Great." Mama Feng laughed happily.

Mrs. Gu's eyes were even more warm.

"Shushu, do you want me to help?" Mrs. Gu looked at her and asked.

Rong Shu shook her head, "No, I can do it myself."

"Well, you can do it yourself." Although Mrs. Gu was lost, she did not force it.

It's already very good that my daughter is willing to try, I can't ask for more, I have to do it step by step.

Rong Shu went to the inner room to change clothes, and Mama Feng and Mrs. Gu were waiting outside.

Mother Feng touched these beautiful dresses and sighed, "Old lady Gu's hands are really skillful.

"Well, mom's hands are indeed the most coincidental, if she is still alive, I think, she will definitely make clothes for Shushu, even wedding clothes." Mrs. Gu replied with a smile: "When I was pregnant with Shushu, she said that if she could live a hundred years long, she would personally embroider a Chinese-style wedding dress for her granddaughter, she is a typical old-school idea, the least favorite is a Western-style wedding, when I married Yaotian, just because she was wearing a Western-style wedding dress, she couldn't look at it."

Speaking of this, Mrs. Gu also shook her head funny, "It's a pity, her old man went early, otherwise Shushu would be able to see her now, she likes Shushu immensely."

"When we didn't know that Gu Manyin was adopted by you, we heard that Old Lady Gu disliked this granddaughter very much, so she specially moved out of the Gu family villa, and at that time, people in the circle said that Old Lady Gu was patriarchal and only liked her grandson and did not like her granddaughter, and now I know that it is not like that at all." Mother Feng sorted those dresses into categories.

Mrs. Gu followed to help, "Mother only likes her own granddaughter, Gu Manyin was adopted by Yaotian for my illness, it is normal not to be liked by my mother, in fact, Yaotian and I really regret adopting Gu Manyin now."

"From your point of view, you just lost your child and fell ill at that time, Gu Yaotian adopted a child, also for your illness, your approach is right, but you didn't teach people well." Mama Feng's expression faded a lot.

Mrs. Gu understood what she meant, and nodded with a wry smile, "I know, so Yaotian and I have been regretting it recently, and we are blaming ourselves, especially Yaotian, his mental state is getting worse and worse now, last night I heard him talking in his dreams and apologizing to someone, although I didn't hear him call out the person's name, but I know that he is apologizing to Rong Hao." In

the room inside, Rong Shu could clearly hear the conversation between the two people, after all, they themselves did not deliberately suppress their voices.

When she heard Mrs. Gu say that Gu Yaotian was apologizing to Rong Hao, Rong Shu's mood was instantly wrong.

She really wanted to rush out and say to Mrs. Gu, what is the use of apologizing now, everyone is dead.

Apologize now, don't you feel hypocritical?

But when she heard Mrs. Gu say that Gu Yaotian's mental state was getting worse and worse now, she suddenly became discouraged again.

What else could she say?

Even if you go out and say those words just now, it doesn't seem to make much sense.

After all, Gu Yaotian is going to die, and before he dies, at least Gu Yaotian still knows to reflect and know that he is wrong.

Dad can get an apology too.

After all, Gu Yaotian doesn't have to admit his mistake, doesn't have to feel that he is wrong, and doesn't have to apologize.

So isn't she still unable to do anything?

Now Gu Yaotian apologized, at least, he got something.

Outside, Mrs. Gu said again, "Yaotian and Rong Hao and me, Fan Lina, as well as Mrs. Lu and President Fu's biological mother, in fact, we have known each other since childhood. "

Knowing since childhood?

This sentence stunned Rong Shu.

She knew that her father and Gu Yaotian were good friends who grew up together, and Gu Yaotian and Mrs. Gu were childhood sweethearts.

They had known each other since childhood, and she was not surprised.

But I didn't expect that my mother and aunt, as well as her mother-in-law, actually knew them since childhood.

She's never heard of it.

"I know that." Mama Feng nodded.

Mrs. Gu took a cup of tea and smiled, "Among our people, the best relationship belongs to me and Yaotian and Rong Hao and Fan Lina, because of the relationship between

Rong Hao and Yaotian, Fan Lina and I have also become friends who talk about everything, at that time, my relationship with her was even better than her relationship with Mrs. Lu, but unfortunately, in the end, everything changed, and the problem was Yaotian.”

Mama Feng looked at her and waited for her to continue.

Mrs. Gu took a sip of tea, and did not let Mother Feng wait too long, so she continued, “My father-in-law is a very strong and domineering person, in fact, my mother-in-law does not love my father-in-law, my mother-in-law was forcibly taken by my father-in-law, and then in Yaotian’s education, my father-in-law did not allow my mother-in-law to interfere, so Yaotian basically copied my father-in-law’s character, selfishness and selfishness, not to mention, the heart is not good, and the eyes will be rewarded, in Yaotian youth, these problems are not important, After all, everyone is the same, but” Speaking of this, Mrs. Gu let out a long sigh, “

But as we get older, we people have begun to contact the business in the family, and it is also from this time that our generation will also have to compare invisibly, will not be as happy and happy as before, so carefree, father-in-law is a person who does not like to lose to others, and the same inheritance of his point is naturally the same, However, Yaotian does not like to read, so he lost to Rong Hao when he was a student, and he didn’t feel anything, he was only interested in the family business. Seeing

that she finished her tea, Mother Feng added another cup to her.

Mrs. Gu thanked and continued: “His relationship with Rong Hao is also in the family business, Rong Hao clearly said that he is not interested in the family business, just want to do research, but the Rong family also has only one seedling, so Rong Hao must also accept the family business, but Rong Hao, a person who does not like to do business, but in Yaotian’s hobbies surpassed Yaotian, pressed Yaotian, which makes people with Yaotian’s character, how can they accept it?” ”

Read This Time, I Will Get My Divorce Chapter 1454

This Time, I Will Get My Divorce Chapter 1454—“Plus, there is also Mr. Gu.” Feng Mama said.

Mrs. Gu’s expression became even more bitter, “Yes, my father-in-law was initially very dissatisfied with Yaotian’s reading performance compared to Rong Hao, knowing that Rong Hao, a person who does not like to do business, but can beat Yaotian in this regard, my father-in-law is even more dissatisfied, during that time, I didn’t dare to go to the Gu family to find Yaotian, every time I went, all I heard was that Yaotian was taught by my father-in-law, and my father-in-law even forced Yaotian to break up with me,

saying that Yaotian was not as good as Rong Hao, just because he fell in love with me, Delayed him.

“It’s ridiculous.” Mother Feng pouted, “If you can’t do it yourself, you will blame everything on others.”

“My father-in-law is that kind of person, but I have a good relationship with Yaotian, even if Yaotian was forced by my father-in-law, and Yaotian did not choose to break up with me, but since then, Yaotian people have completely changed, at the beginning he only had some small problems, but after that, all his dark side was amplified, especially for Rong Hao, I don’t know what my father-in-law said to him and did to him, anyway, since then, Yaotian has been particularly dissatisfied with Rong Hao, Jealousy, anger.

“Since you know, then why don’t you persuade him that this is not okay?” Mother Feng looked at her puzzled and asked.

Mrs. Gu smiled bitterly, “Why don’t I have one?” Of course I had, but I didn’t listen, Yaotian seemed to have fallen into an extreme, the whole person became very terrible, no matter what I said, he couldn’t listen to it, and even said too much, he would look at me sadly, and also ordered me to stay away from Fan Lina, I love him, so I promised her, I thought that Yaotian was unilaterally competing with Rong Hao, and it would not be long before I reconciled, but I never expected that things were not as simple as I thought.

She took a deep breath, “Yaotian began to vigorously suppress Rong Hao, targeting Rong Hao everywhere, Fan Lina is Rong Hao’s girlfriend, and she came to me specifically for this, I originally wanted to see her, but I didn’t expect that Yaotian also came that day, in front of me, forcibly let me break off friendship with Fan Lina, and since then, the four of us have completely broken off.”

“So it is.” Mother Feng sighed, “It’s still the original family that hurt people.” Mrs

. Gu lowered her head, “After the break, I have always felt very uncomfortable in my heart, I feel indebted to Rong Hao and Fan Lina, and I also thought about whether to find a way to persuade Yaotian to reconcile with them, but I never found a chance, and over time, I found that several years had passed like this, and my idea of wanting to reconcile them from the beginning also faded, and finally went with the flow, so I gradually distanced myself from Rong Hao and them.”

“I can understand that many times if you don’t connect, no matter how good the relationship was before, it will become strange.” Feng Mama said.

Mrs. Gu snorted, “Plus at that time, Yaotian and I were already married, we were husband and wife, both glory and loss, and my thoughts began to move closer to him, but even so, I still have them in my heart, every time I see Fan Lina and Mrs. Lu talking happily, I don’t feel good in my heart, but I know that I don’t have that qualification

anymore, I thought it would be just that, but I didn't expect it, Yaotian actually came up with a way to steal the technical data of Tiansheng Group.

"You mean you didn't know this in the first place?"

Mrs. Gu shook her head, "I don't know, at that time I was pregnant with Shushu, Yaotian didn't tell me a lot of things, I only know that he never stopped targeting Rong Hao, but it was all a small fight, it couldn't do any harm to Rong Hao, at most, it was disgusting Rong Hao, I know that once, Yaotian suddenly came back drunk, crying why he couldn't compare with Rong Hao everywhere, crying why the outside world always compared him with Rong Hao, At that moment I knew maybe something was going to happen.

"Your intuition is right, Gu Yaotian made a move against the Tiansheng Group."

"That's right, he was completely driven crazy, and finally used the most despicable means to deal with Rong Hao, but we didn't expect that there would be a human life, Rong Hao was also completely angered, in order to take revenge on Yaotian, took away our daughter, Yaotian and I both love our daughter the most, Rong Hao did that, not only will not let Yaotian reflect on what he did first, it will only make Yaotian more extreme." Our two families also went from looking at each other unfavorably to completely becoming life-and-death enemies.

"To put it bluntly, the biggest mistake is still Gu Yaotian." Mama Feng sighed, "Whether it's family reasons or whatever, these are always his own doings."

"Yes, so now that my daughter is back, maybe because Yaotian is about to die, he also began to reflect on his life, and also from the past not yielding, not admitting defeat, began to understand that he was really wrong, so he dreamed of Rong Hao and apologized to Rong Hao in his dream, I also knew that Yaotian had never forgotten Rong Hao, a good friend."

"It's a pity that everything is over, you two don't say anything about it, and let the young lady be caught in the middle and suffer a lot, making a crime." Mama Feng shook her head.

Mrs. Gu wiped her face, "It's our parents who are sorry for her, Yaotian and I actually didn't have the luxury of asking Shushu to forgive us and recognize us, but our husband and wife should compensate her, or will compensate."

As he spoke, the door to the room inside opened.

Rong Shu changed into the crescent-white cheongsam and walked out.

She pretended not to hear their conversation, came out and looked at Mama Feng, and asked a little embarrassed, "Does it look good?" Mama

Feng and Mrs. Gu nodded in amazement.

“Good-looking.” Mother Feng walked over, took her hand, let her spin around, and nodded repeatedly, “It’s really good-looking, Mrs. Da Shao, you have a good figure, the front is convex and the back is upturned, and it is most suitable for wearing a cheongsam.”

“Yes, it just so happens that your waist is also thin and your skin color is good, wearing this, it is really good-looking.” Mrs. Gu also said with a happy face.

She also wanted to reach out and touch Rong Shu like Mother Feng, but she was afraid that Rong Shu would refuse, so she could only forcibly hold back.

But ah, seeing Rong Shu wearing her clothes and wearing them so good-looking, she couldn’t mention how happy she was.

Rong Shu, who was praised by the two, had a slightly red cheek, and lowered her head embarrassedly, “But I think my stomach is a little too beautiful here, and it is bulging.”

She touched her lower abdomen.

Although you can’t see anything in the mirror, you can show your belly by wearing a very figure-showing dress such as a cheongsam.

“What’s this.” Mother Feng smiled, “You are pregnant, and you don’t have a small belly, you are saying, when you give birth in the future, you can wear it again when your figure recovers, and we just try it now.”

“Mama Feng is right.” Mrs. Gu nodded.

Rong Shu was also relieved, “I’ll change my clothes back.”

“Try something else.” Mama Feng brought her another set of clothes.

Mrs. Gu also looked at her expectantly and nodded to her.

Rong Shu was amused in her heart.

These two people used her as a model, right?

However, seeing these clothes, she herself was also very happy.

So this time, Rong Shu did not refuse, took the clothes and went to change again.

Next, except for those clothes that Rong Shu did not try on during the pot-bellied period, she tried all the other clothes that were not worn during pregnancy.

Mama Feng and Mrs. Gu kept taking pictures.

One was sent to Fu Jingting, and the other was sent to Gu Yaotian.

It was still dark on Fu Jingting's side, but he didn't have anyone, he was still processing documents in the hotel study, when he heard the mobile phone ringing, he picked it up and glanced at it casually, and saw that it was a message from Mother Feng, and his brows wrinkled slightly.

Read This Time, I Will Get My Divorce Chapter 1455

This Time, I Will Get My Divorce Chapter 1455—It took him two hours to go through the video with Rong Shu, and now that Feng Mama sent a message, could it be that something happened to Rong Shu?

Thinking of this, Fu Jingting still cared about the action in his hand, threw the pen, and quickly clicked on the message to check it.

There was no imaginary news of the accident, but some photos sent by Mother Feng.

In the photo, Rong Shu is wearing a cheongsam and various retro skirts, smiling like a flower, and she looks very good.

Although there is no deliberate makeup and hair, there is less taste, but for Fu Jingting, no matter what Rong Shu looks like, it is the most beautiful.

Fu Jingting's eyes softened, saved all these photos, and then called.

"Young Master?" Mother Feng watched Rong Shu go inside to change another skirt, and then answered the phone.

Mrs. Gu heard Fu Jingting calling, and also quietly pricked up her ears.

However, it is a pity that Mother Feng did not turn on the amplification, so no matter how Mrs. Gu pricked up her ears, it was impossible to hear it.

In the end, there was no way, Mrs. Gu simply didn't listen, looked at the room inside, and waited for Rong Shu to change into a zero skirt and come out of it.

"Mother Feng, what's going on?" Fu Jingting leaned back, leaned on the back of the chair and asked, "Where did those skirts come from?"

Although he didn't know much about clothing, he could also see that those skirts on Rong Shu's body were definitely not simple, and it was impossible to buy them casually outside.

Because those embroideries, those shapes, at first glance, are from the hands of famous artists, or hand-sewn, and money cannot buy them.

Mother Feng knew that Fu Jingting called for this matter, and replied with a smile: "This ah, it was brought by Mrs. Gu, it was the clothes that Mrs. Gu made for Mrs. Gu back then, there are special pregnant women to wear, and there are also ordinary wears, Mrs. Gu said that she did not wear it, just brought it to the young lady." So

it is.

Fu Jingting nodded.

He said.

It is also possible for a top embroidery master like Mrs. Gu to make these dresses.

"How about Young Master, does it look good?" Mother Feng asked with a smile.

Fu Jingting's thin lips hooked, "Well, not bad."

"It's a pity, the young lady didn't wear makeup, didn't do her hair, otherwise it would look better, but it doesn't matter, when the child is born later, the young lady will wear these again, and make her hair in makeup, it must look better."

Women who give birth will be richer than before.

And the cheongsam and these retro dresses are originally plump and the best-looking.

Although Rong Shu looks good in clothes now, after giving birth, it will only look better.

Fu Jingting listened to Mother Feng's description, and Rong Shu wore these and painted the most beautiful makeup in his mind, his eyes darkened, and his voice was low and hoarse, "My wife, naturally the most beautiful."

"What the eldest young master said." Mother Feng smiled and nodded.

Fu Jingting asked again, "What about Xiaoyezi?"

"Mrs. Da Shao went to change clothes, there are still two sets that have not been tried, and when Mrs. Da Shao changes her clothes and comes out, I will give her the phone."

"Hmm." Fu Jingting nodded.

Soon, Rong Shu changed her clothes and came out, and Mrs. Gu walked over and helped her tidy up her skirt.

This skirt has some Western Gothic style, so the skirt is a little puffy, and there are several layers, and you need to tidy it up after wearing it, otherwise it looks very messy.

But this skirt is extremely good-looking, and after wearing it, if you wear another hat, it is simply a noble lady in the world.

Rong Shu likes this dress very much, it should be said that of all the skirts, her favorite is this one.

Mrs. Gu smiled gratifyingly while tidying it up for her, "It's so good-looking, I know that you must be very suitable when you wear this dress."

Rong Shu lowered his eyes and said weakly, "Thank you." Mrs

. Gu's hand on the hem of the skirt paused, and soon shook her head again and again with excitement and joy, "No thanks, this is what I should be." A

mother who praises her daughter is as it should be.

Rong Shu didn't speak, and then a click came through, it was the sound of taking pictures.

Rong Shu turned her head to look, and Mother Feng smiled and said, "Send it to the eldest young master, just as the eldest young master also called, Mrs. eldest young master, do you want to say two words to the eldest young master?"

Although she asked, Mama Feng had already shoved the phone into her hand.

Rong Shu cried and laughed, and put the mobile phone to her ear.

Before she could speak, the man's sexy voice had already come, "It's beautiful."

Rong Shu knew that he was talking about the way he wore these clothes, and his cheeks couldn't help but blush slightly.

"Wait until I come back, and then wear it to show me, okay?" Fu Jingting said again.

Rong Shu was shy, "Haven't you seen it all?" Mama Feng has been taking pictures, and I know she will definitely send it to you.

"I saw it, but the photo is not as real as the real person after all, and I want to see you wearing it with my own eyes." Fu Jingting said.

Rong Shu smiled, "Okay, let's talk about it when you come back, are you busy now?"

She asked.

Fu Jingting shook his head, "It's not very busy.

"That seems to be a little busy, then you are busy first, I will hang up first." With that, the call is about to end.

Fu Jingting stopped her, "Wait, don't worry, say two more words."

His tone was a little coquettish.

Rong Shu was amused, "What do you want to say?"

"Listen to the bodyguard, Lu Qi and Cheng Huai are arguing with you again?" Fu Jingting squinted.

These two guys!

Don't think he doesn't know, these two guys specially ran over while he was away.

Rong Shu knew that he would ask this, and snorted, "You came to visit me, not to quarrel with me."

"Those two people together, it's a dozen ducks, can they not be noisy?" Fu Jingting raised his eyebrows.

Appearance.

Read This Time, I Will Get My Divorce Chapter 1456

This Time, I Will Get My Divorce Chapter 1456—Rong Shu did not refuse.

Anyway, so many have been tried, there is no reason not to give the last one a try.

Rong Shu took the skirt from Mrs. Gu's hand, and the hands of the two accidentally touched.

Rong Shu and Mrs. Gu both froze and looked at each other.

The difference was that Rong Shu's expression was complicated, while Mrs. Gu was excited and delighted.

She looked at Rong Shu's eyes, as if they were about to melt her.

Rong Shu was not used to it, so she quickly lowered her head and left with her skirt.

Mother Feng came to Mrs. Gu's side, "What's wrong?"

"I just touched Shushu's hand." Mrs. Gu looked at her hands and smiled very happily.

The corner of Mama Feng's mouth twitched.

She wanted to say that as for it, isn't it just that she met the harvest, so happy?

But then reacted to the current relationship between Mrs. Gu and Rong Shu, and she couldn't say such a thing.

Mrs. Gu wanted to recognize Rong Shu and wanted Rong Shu to call her mother.

But it was never realized.

Even Rong Shu wouldn't let Mrs. Gu touch her.

Therefore, during this period, Mrs. Gu has always been very restrained, and she knows her urge to touch her daughter.

Just now, she finally met her daughter, how could she not be happy.

And Rong Shu in the room inside, sitting on the edge of the bed at this time, holding his clothes for a long time and not changing, but lowered his head and looked at his hands in a daze.

That hand was the hand that had touched Mrs. Gu.

Mrs. Gu's hands were warm, unlike hers, a little cold.

The moment she touched Mrs. Gu's hand, her whole body was like an electric shock, feeling very strange, not annoying, but a little happy, some warm.

Is this how mom feels?

"Young lady." There was a knock outside the door, and Mother Feng asked with concern outside, "Is there something wrong with the clothes?"

"Nope." Rong Shu collected her thoughts and quickly replied.

"In this way, I see that you haven't come out for so long, and I thought there was something wrong with the clothes."

"No, I was thinking about things, so I delayed for a while, and I came out immediately."

After speaking, Rong Shu got up and quickly changed her clothes and went out.

Mama Feng and Mrs. Gu saw the last skirt and praised it again.

None of them are blindly praised, but really good-looking.

These dresses seem to be specially tailored for Rong Shu, and each one is very beautiful when worn on her.

Finally, Rong Shu changed the clothes back and gave them to Mother Feng, asking Mother Feng to put them away.

Seeing this, Mrs. Gu was overjoyed.

Because this means that Rong Shu took these clothes away.

Although her daughter still did not recognize herself and recognized herself, her daughter began to accept what she sent, which was enough to make her excited.

Mrs. Gu left after lunch here, and when she left, she had a smile on her face.

Mama Feng went to the kitchen to stew pig's feet.

I plan to stew it for Rong Shu to drink at night.

Rong Shu was bored alone, so he sat on the sofa and watched TV, and after watching for a while, the mobile phone rang, it was Lu Qi.

She quickly picked up the remote control, paused the TV, and then quickly answered the phone, "Ah Qi."

"Shushu." Lu Qi's slightly tired voice came from the phone.

Rong Shu's heart tightened, "What's wrong, Ah Qi, isn't it" "

She fell." Lu Qi said.

Rong Shu was stunned for a moment, and then reacted to the meaning of these words, and was anxious, "Are you saying that Secretary Tong fell?" So how is she now? Is she all right? Is the kid okay? That's

what worries her the most now.

On the other end of the phone, Lu Qi sat on the edge of the bed, looking at the pale woman on the bed, his eyes flashed, and he had an indescribable feeling in his heart.

Distressed?

Angry?

Several emotions flashed in his eyes.

Finally, he looked away, got up and walked to the floor-to-ceiling window, "It's okay, she slipped when she walked, fell down, the nanny found it in time, called a doctor, and the child was saved." Hearing

this, Rong Shu was finally relieved, "That's good, but it's not good to fall once, Secretary Tong's situation should not be very good now, right?"

Lu Qi clenched his mobile phone, "I moved the tire gas, and I need to stay in bed for two months to protect the tire."

"So serious!" Rong Shu frowned.

But also, pregnant women's bodies are already weak.

She was not fallen, and she needed to be hospitalized to recuperate if she was pregnant with a child, not to mention Secretary Tong who fell.

Now Secretary Tong's situation will only be more serious than her, after all, the child in Secretary Tong's belly has been five months.

"I thought you wouldn't call and tell me that." Rong Shu rubbed her temples and said.

Lu Qi took out a cigarette from his pocket, but suddenly thought of something, put the cigarette back again, pulled the corner of his mouth and laughed, "You have emphasized it repeatedly, can I not tell you?" And I know that if I don't tell you, you will definitely call me and ask about it, so I might as well tell you in the first place.

"Now that you know." Rong Shu also smiled, "Secretary Tong is also my friend, I am worried about her, I don't hear her situation, how can I put my mind down, what do you plan to do next?" Secretary Tong" Before she finished speaking, she was interrupted by Lu Qi, "

It's still the same as before, she takes care of her body and gives birth to the child."

"And after birth? How to arrange the child? Secretary Tong, how do you arrange it?" Rong Shu asked him.

Lu Qi's thin lips pursed and stopped talking.

Rong Shu sighed helplessly, "Ah Qi, you are like this again, every time I ask you this, you are silent, but can you be silent now about these things, can you be silent in the future?" I'm not trying to force you, I just want you to think about it. "

"I know, okay Shushu, don't disturb you to rest, hang up first, and then contact if you have something." After Lu Qi finished speaking, he ended the call.

Rong Shu looked at the phone and had a headache.

This guy, every time, can't say that he starts to run away.

"Young lady, what's wrong?" Mother Feng stewed the soup, came out of the kitchen, saw Rong Shu frowning, and couldn't help asking, "Did you encounter any trouble?"

"It's Ah Qi." Rong Shu briefly said the phone call just now.

Mother Feng also knew about the matter between Lu Qi and Secretary Tong, and it was Rong Shu who told her.

Now I heard that Secretary Tong had fallen, it was quite serious, and I was also a little distressed, "Is it okay?"

"The child is saved, that is, the adult's body is damaged, just like me, he needs to stay in bed, Mother Feng, I remember that there are still a lot of supplements here, right?"

"yes." Mother Feng nodded, "The old lady sent someone to send a lot of them every three to five, and Mrs. Lu is too, the eldest young master is also buying, now all piled up in the kitchen, piled up a lot, you can't win at all, the eldest young lady wants me to take some out and give it to that Secretary Tong?" Mother Feng asked.

Rong Shu snorted, "Yes, she is like this, I can't leave it alone, although I can't visit her, but the supplements can be delivered, trouble Mother Feng to help me pick some suitable for her."

"Little things, I'll go." Mama Feng took the task with a smile, turned her head and went back to the kitchen.

The supplement is very easy to choose, because Secretary Tong's current situation is similar to Rong Shu, and you can just take one copy.

And these supplements are very expensive, most suitable for pregnant women.

Mother Feng came out with the selected supplements, and carried more than a dozen boxes large and small.

Later, Mother Feng called the bodyguard in again, "Please take these to the Lu family and give them to the Lu family's little Lu Zong."

As long as it is handed over to Lu Qi, Lu Qi knows how to deal with it.

The bodyguard walked over and talked about the supplements, “Okay ma’am, I’ll go.” ”

Read This Time, I Will Get My Divorce Chapter 1457

This Time, I Will Get My Divorce Chapter 1457–“Hard work on you.” Rong Shu thanked him.

The bodyguard went out.

Mama Feng walked over and closed the door, “Madame, do you want to sleep for a while?” I see you’re a little tired.

Rong Shu yawned, “Well, I want to sleep for a while, and Mama Feng will remember to call me in two hours.” After

two hours of prenatal checkup, she had to wake up.

Mother Feng also knew this, and readily agreed, “Don’t worry, I’ll watch the time.”

“Hmm.” Rong Shu nodded, then lay down and quickly fell asleep.

On the other side, the Third Hospital, Mrs. Gu came back with a happy face, Gu Yaotian saw her go in a big bag and returned empty-handed, and he knew why she was so happy, and put the phone down with a smile, “Shushu took all the clothes?”

“yes.” Mrs. Gu nodded happily, “You don’t know, when I went with those clothes, how worried I was that she wouldn’t accept them along the way, but in the end my worries were superfluous, Shushu still took the clothes down, I don’t mention how happy I was, by the way, Shushu also tried on those clothes, very good-looking, I still have photos, do you want to take a look?”

“What do you say?” Gu Yaotian pretended to be angry and glared at her.

That is also his daughter, and his love for Rong Shu is not less than her.

She was looking forward to Rong Shu wearing those clothes, why didn’t he look forward to it?

When Mrs. Gu saw Gu Yaotian like this, she was not angry, and after laughing twice, she handed over the mobile phone.

Gu Yaotian quickly accepted.

His hands trembled weakly day by day, and if he didn't have two hands together, he couldn't hold the phone at all.

Mrs. Gu's eyes were astringent, and her heart was even more sour.

As Gu Yaotian's pillow person, she knew that this man's life force was coming to an end, and she was about to lose him.

Therefore, in her heart, he is the one who is the saddest and most painful.

As if sensing Mrs. Gu's mood change, Gu Yaotian quickly beckoned to her, "Come here, let's watch together."

"Hmm." Mrs. Gu knew that he was deliberately disturbing her mind and asking her not to think about it.

She didn't want him to be disappointed, took a deep breath, barely suppressed the pain in her heart, and forced a smile to walk over.

The two leaned on the head of the bed and looked at Rong Shu's photo, and while looking, they hung a loving smile, which was very warm.

At this time, a figure appeared outside the door of the ward, it was a woman, tall and thin.

She stood outside the door, put her ear to the door panel, and listened to the laughter inside, and her beautiful face instantly became distorted.

Just because she heard that the people inside were mentioning Rong Shu, and when she mentioned Rong Shu, her tone was still full of satisfaction and love.

This is unacceptable to the woman, and her teeth are about to be crushed.

It's really disgusting, Rong Shu's body they only know for a few days, and their eyes are full of Rong Shu.

And she?

I have been like them for more than twenty years, and I haven't heard them often talk about her!

By what?

Just because Rong Shu is biological, and she is not?

The woman's hands were clenched together, and her body was full of dark jealousy and anger.

Hate Rong Shu, and hate Gu Yaotian and his wife even more.

Is blood that important?

She has been raised by them for more than twenty years, and she can't even know Rong Shu's existence for a few days.

Obviously, it is she who accompanies them longer, and it is she who is often filial to them.

But in their hearts, Rong Shu, who has always been related, is more important, which is really funny.

The more I thought about it, the more unacceptable it became, the more I thought about it, the deeper the jealousy in my heart, Gu Manyin put the opponent on the door panel, clenched it hard, and the sharp nails grabbed the door panel, making a gurgling sound.

Gu Yaotian and his wife in the ward heard the voice, stopped the movement in their hands, and looked towards the door together.

"What's going on?" Gu Yaotian asked.

Mrs. Gu shook her head and got down from the hospital bed, "I'll take a look."

She put on a compromise and walked to the door, opened the door, and a figure did not stand firmly, rushed towards Mrs. Gu, and almost crashed into Mrs. Gu's arms.

Mrs. Gu was taken aback, and quickly took a step back to the side.

The figure had no block, fell directly into the ward, fell to the ground, let out a muffled snort in pain, his face was white, and cold sweat came out on his forehead.

It can be seen that this fall is really not light.

"Who are you?" Mrs. Gu looked at the woman on the ground, frowned and asked, "How do you run outside the door of our ward to scratch the door?"

Really, I don't understand politeness at all.

Hearing the disgust and impatience in Mrs. Gu's tone, she thought about the spoiling and maternal love that Mrs. Gu had just mentioned Rong Shu.

Gu Manyin's face became even more distorted, and her eyes became even more jealous.

She also didn't expect that Mrs. Gu would suddenly come and open the door, so that she didn't stand firmly and fell to the ground.

Her legs, barely able to walk, are now dropped like this, and it is estimated that there is a problem again.

And when Mrs. Gu saw her like this, not only did she not lift her up and apologize, but she also used this tone, which really made her hate to death.

Gu Manyin slowly stood up from the ground with her body propped up, and then looked at Mrs. Gu with a cold face.

Mrs. Gu was really startled by her like this, "Why do you look at me like that?" It's not that I pushed you to, it's you yourself standing outside our door listening to the corner, who knows that as soon as I open the door you will fall, I haven't said if you have other plans, you actually dare to look at me like this, you wait, your face is so familiar, I seem to have seen it somewhere.

Mrs. Gu squinted her eyes and began to look at Gu Manyin's face.

A few seconds later, she suddenly remembered and became furious, "What kind of Su Man are you, the Su Man who bullied my daughter and tried to dig my daughter's corner!" "

She pointed at Gu Manyin, "Okay, it's actually you, what are you doing here?" Mrs.

Gu questioned loudly.

Hearing Mrs. Gu's mouthful of my daughter, one by one, the maintenance of Rong Shu, Gu Manyin couldn't accept it, and gritted her teeth.

Just as Gu Manyin was about to say something, Gu Yaotian's voice came from inside, "Okay, don't talk to this woman for too long, call the police directly." Hearing

the two words of alarm, Gu Manyin was stunned at first, and then panicked, "No, you can't call the police."

If

she were taken away by the police now, the police would definitely investigate her, and Su Cheng would not help her.

Su Cheng had made it clear before that she should be safe recently and not be brought to the police station again, otherwise he would not fish her out of the police station a second time.

At that time, her identity will be exposed, and Fu Jingting there Gu Manyin does not dare to think about it, so she can only hold Mrs. Gu's hand and beg her not to call the police.

Mrs. Gu hurriedly threw Gu Manyin's hand away in disgust, "You talk when you speak, pull me for what, and tell me not to call the police, okay, you really have a problem, say, what do you want to do here?"

"I'm going wrong." Gu Manyin lowered her eyelids and lied.

Mrs. Gu sneered, "Went wrong? Who believes you? You specifically eavesdropped here, you told me I went wrong? You must have some other conspiracy, and I definitely can't let you go.

For her own safety and to avenge her daughter, she said that nothing could be done to spare this woman.

Seeing that Mrs. Gu really decided to call the police, Gu Manyin was angry, pushed Mrs. Gu to the ground, and then rushed out of the ward and ran.

She must not be caught, and her revenge has not yet been repaid.

Gu Manyin quickly ran out of this ward and entered the elevator.

And Mrs. Gu, who was pushed to the ground, sat on the ground at this time, and the pain was hey, and cold sweat came out.

Gu Yaotian hurriedly got out of bed and walked over tremblingly, "What's wrong?" "

Read This Time, I Will Get My Divorce Chapter 1458

This Time, I Will Get My Divorce Chapter 1458—"I fell at the waist." Mrs. Gu's expression was distorted in pain, and cold sweat broke out.

Seeing this, how could Gu Yaotian not be distressed or anxious.

However, his current body did not have much strength at all to help Mrs. Gu up.

Even if he could, he didn't dare to touch it.

Who knows what happened to Mrs. Gu's waist, what if it touched and caused the situation to become more serious?

“Wife, you endure it first, I’ll call the doctor over.” After speaking, Gu Yaotian hurriedly helped the hospital bed to the bedside and pressed the emergency call at the bedside.

Soon, the doctors and nurses came, and after checking Mrs. Gu’s condition a little, they carried Mrs. Gu on a stretcher.

Gu Yaotian also wanted to follow, but his current identity could not leave the ward at all, and in the end, he could only watch Mrs. Gu being sent away, and let the nurse follow before he swept the tail and breathed a sigh of relief.

Anyway, there was a nurse accompanying Mrs. Gu, and he was relieved.

After Mrs. Gu was taken away from here by the doctors and nurses, Gu Yaotian’s face suddenly became fierce, and her eyes were full of cruelty and viciousness.

Although recently, he has become much more kind because of his daughter’s affairs.

But don’t forget, that’s who he really is.

That Su Man, not only dared to come here to eavesdrop and bully his daughter, but now he also dared to push his wife.

He would never let her go.

Thinking of this, Gu Yaotian took out his mobile phone and directly found someone to catch this woman, he didn’t let this woman pay a terrible price, he was not Gu Yaotian.

Unfortunately, as soon as his call went out, the call from the police station came.

After Gu Yaotian turned himself in, although he exchanged with the police station and did not have to cooperate with the investigation for the time being, during this period, the police station would always monitor him.

Just learned that he was actually under their surveillance, and he was going to attack a girl, of course, the police could not stop asking.

“President Gu, you know what your current situation is, and you still dare to break the law, aren’t you afraid that our side will immediately cancel the agreement with you and bring you directly?” On the other end of the phone, the police station person sternly reprimanded.

Gu Yaotian also knew that his actions had touched the anger of the police, but he did not regret it.

"I know it's wrong for me to do this, but that woman, bullied my daughter, just pushed my wife to the ground, and now I don't know what the situation is, you say, how can I let this woman go."

"Even so, you can't rely on your own methods, but you should tell us." The people at the police station frowned.

Gu Yaotian snorted coldly, "Let you come, she will only get the lightest punishment, and I just don't want to see this kind of result, so I don't look for you."

"You," the person in the police station was not lightly angry by his words, "Okay, tell you so much for what, in short, don't mess around, that woman is not simple, President Fu has been staring at her, and our police have been staring at her, so we can't let you deal with her for the time being."

"What do you mean?" Gu Yaotian frowned, "Isn't that woman just an orphan?" Why do Fu Jingting and you guys have to stare at her? Could

it be, what kind of fugitive?

The person on the police side replied with some deep meaning: "In short, you don't care about this matter, that woman's identity is not simple, and she is involved in a very serious case." The

police actually already knew that Su Man was the Gu Manyin who was fraudulently killed, Fu Jingting's evidence.

So during this time, the police have also been monitoring Su Man and Su Cheng.

As long as you are waiting for an opportunity to find evidence that Su Cheng finally killed Fu Huai, you can immediately arrest him.

The reason why he didn't catch Gu Manyin now is because he was afraid of scaring the grass, after all, Gu Manyin and Su Cheng are now together.

If Gu Manyin is caught, then Su City will definitely escape, and if he can't escape, he will die and break the net.

So for so long, they have not moved, just watching.

However, the period of arrest is also fast, and it is said that some clues have been found, and the final conclusive evidence is missing.

Therefore, they had a special meeting with the police, and absolutely could not make any mistakes.

Moreover, Gu Manyin was still Gu Yaotian's adopted daughter before, so they couldn't let Gu Yaotian deal with Gu Manyin.

What if Gu Yaotian knew that Su Man was Gu Manyin, and his father's love rose to help Gu Manyin?

Of course, Gu Yaotian didn't know the concerns of the police, and he vaguely felt that there was something in this that he ignored, so he asked, "What did that Su Man do to make Fu Jingting stare at her?" It

was definitely not what Su Man did to his daughter before.

Because those Su Man had already paid the price, Fu Jingting had no reason to go to the other party who had already paid the price for his actions.

So there must be some reason for this, that is, I don't know if it's just about Fu Jingting or about his daughter.

If about Rong Shu, what he said, he didn't want to fight for this life, he would kill that woman.

But if it's about Fu Jingting, then forget it.

The man who snatched his daughter, whatever he wants.

"President Gu, don't ask about this, this is a confidentiality regulation, anyway, you have recently settled a little, otherwise don't blame our side for ending the agreement."

After that, the police hung up the phone.

Gu Yaotian's brows furrowed tightly, even if he was dissatisfied in his heart, there was no way.

After that, he put up with it for a while and saw what the police wanted to do.

If the police arrested the woman, he would secretly buy some people and greet her well in prison.

But if the police make a fuss, then don't blame him for opening up.

Gu Yaotian thought and put the phone down.

"Young lady, what's wrong with you? Feel good about you

Read This Time, I Will Get My Divorce Chapter 1459

This Time, I Will Get My Divorce Chapter 1459—It can't be that something happened to the child, right?

Also disturbed was Mama Feng.

Mama Feng's expression was extremely anxious, "Yes, doctor, what's the matter, you talk, you make us very worried like this."

While

speaking, she did not forget to pat Rong Shu's shoulder to comfort her, "Young lady, don't be nervous, there should be nothing wrong."

Although she said that, Mother Feng also knew that it was impossible for Rong Shu not to be nervous.

After all, as an outsider, he is so worried, as Rong Shu herself who is pregnant with a child, she will only be nervous and worried more than anyone else.

Looking at Rong Shu and Mother Feng's uneasy looks, the doctor suddenly smiled, "Mrs. Fu, don't be nervous, things are not as bad as you think, on the contrary, it is a good thing."

"Good thing?" Hearing this, Rong Shu and Feng Mama were both stunned and looked at each other.

Finally, Mother Feng breathed a sigh of relief, "Since it's a good thing, then doctor, what did you just do with that expression, which scared us to death."

Although

Rong Shu did not speak, she also looked at the doctor's eyes with some resentment.

The doctor smiled embarrassedly, "Sorry two, I didn't expect things to turn out like this, so my expression was inevitably a little unresponsive for a while."

"So doctor, what is the good thing?" Rong Shu clenched her palms and asked busily.

"Yes, yes, doctor, you say, what the hell?" Mother Feng also nodded quickly.

The doctor stopped selling the pass and handed over the examination report in his hand.

Rong Shu looked at it, it was fine at first, nothing, but when she saw the back, her eyes widened in disbelief, "What does this mean?" What is twin health?

Could it be?

Looking at Rong Shu's shocked expression, the doctor nodded with a smile, "That's right, Mrs. Fu, it's what you think, congratulations, pregnant with twins."

Mama Feng opened her mouth wide in surprise, and it took a long time to react, "Twins?"

"yes." The doctor replied.

"How is this possible?" Mother Feng couldn't believe it, she took the report in Rong Shu's hand and read it, and when she saw the same place, she really didn't believe it.

"Are they really twins? How so? Mama Feng said she was a little puzzled.

Rong Shu did the same, "Yes, doctor, why are they twins?" Obviously before the examination, there was only one child, right?

She touched her stomach and quickly asked, "I'm three months old, and I've done so many prenatal checkups, and I haven't found out that it's twins all this time." Why

did you suddenly have an extra child now?

Mother Feng looked at the surprised and puzzled expressions of the two, and explained with a smile, "I understand the mood of the two, this kind of thing is indeed very unbelievable, although there are very few such cases in medicine, but there are indeed similar cases, some twins will form embryos together, so it will be checked out at once that it is two children, but some embryos form at different times, so only one child is detected at the beginning, The second one will be checked out at the end.

"So Doctor, you mean this second child has only recently formed an embryo?" Rong Shu blinked.

"Yes, the father's genes have existed in your body for a long time, and it was delayed for more than two months to fuse with your genes, just a baby with delayed development." The doctor replied.

Rong Shu understood that Fu Jingting gave her the seeds at the same time, but one seed germinated quickly, while the other seed remained silently silent, delayed for more than two months before germinating.

Mother Feng also understood, a little funny, "No wonder it has not been checked that it is twins for a long time, and now it has been checked that there is such a magical thing in this world."

She said it was amazing.

Rong Shu touched her stomach, and she couldn't say the feeling in her heart, happy and surprised, and finally said with a smile: "I was ready to have only one child, but I didn't expect another one."

"It's normal, before we had a mother in the hospital who was pregnant with triplets, no matter how to check at the beginning, only twins were detected, and in the sixth month, it was found that it was triplets, and the third child was also delayed development like you."

"Either way, it's a good thing." Mother Feng looked at Rong Shu's stomach and was happy, "Well, our Fu family is going to welcome two children, it must be very lively."

Mama Feng smiled and looked forward to it.

However, Rong Shu was also a little worried at this time, "Then doctor, is this child, in all aspects of his size, much smaller and weaker than the first child?"

"That's for sure, because he will develop two months less than the first child, and they will be born together, so the second child will have to be raised more carefully." The doctor pushed his glasses in answer to her.

Hearing this, Rong Shu was a little worried in her heart, worried that she might not be able to feed this child.

Mother Feng saw it, took her hand, and said kindly, "Mrs. Dashao, don't worry, we have money and the best medical conditions, even if the child is weaker after birth, it can definitely be fed."

"Yes, Mrs. Fu, don't worry, the child is very healthy, even if it is born weak, but with the current medical conditions, as well as the capital of your Fu family, there is no problem at all in feeding this baby, in fact, even if it is replaced by ordinary people, it can feed this child, and now many children born early in five or six months, as long as they stay in the incubator for enough time, after coming out, they can be as healthy as the children born at full-term." The doctor is also comforted.

The two of them said so, and the doctor, the professional's assurance, Rong Shu's last worries were put down, and a beautiful smile rose on her face again, "That's good,

This Time, I Will Get My Divorce Chapter 1460—Not only was Rong Shu embarrassed, but Mother Feng also smiled awkwardly on the side, "Sorry old lady, it's really not, I seem to have forgotten with the young lady, patronizing and happy, I didn't think of the big young master at all, the first time, I just thought of telling you the good news."

“Yes, grandmother.” Rong Shu stuck out her tongue.

The old lady laughed, “Well done, this shows that my old lady’s position in your hearts is heavier, even heavier than Jing Ting.”

“That’s right, I love my grandmother the most.” Rong Shu hugged her arm and rested his head on her shoulder.

The old lady patted her back gently, “Although I forgot Jing Ting, but when I remembered it now, I still have to tell him that he is the child’s father, and he can’t let him know the last.” Not

the first, at least the second.

Rong Shu also knew that this was the truth, did not refuse, nodded and agreed.

Mother Feng handed over the mobile phone, “Mrs. Da Shao, the phone has been dialed.”

“Thank you Mama Feng.” Rong Shu thanked with a smile, took the mobile phone, glanced at the screen, and showed that it was being dialed.

Suddenly, Rong Shu thought of something, looking at the old lady and Mother Feng and Mother Zhang, “By the way, grandmother, it is still dark abroad at this time, he should be sleeping, we fought at this time, something is not good, right?” Will

make him rest.

As soon as these words came out, everyone was stunned for a moment, obviously forgetting about it.

But soon, the old lady waved her hand indifferently, “It’s okay, this is a good thing, what’s wrong with delaying him for a while, he’s still young, can’t he be delayed at this time?”

“Yes, young lady, it’s okay, fight, the young master loves you so much, he won’t blame you.” Mama Feng also supported.

Fu Jingting’s own grandmother said so, what else could Rong Shu say, and put the phone to her ear with a smile.

“Hey” the phone was connected, the man’s low and hoarse voice came, and with a hint of sleepiness, obviously he was indeed asleep, and was woken up by her phone, and he didn’t look at the phone screen, so he answered it directly, “Zhang Cheng?”

“My husband is me.” Rong Shu held the mobile phone in both hands and replied with a smile.

On the other end of the phone, Fu Jingting heard her voice, first stunned, and then immediately opened his eyes, endured the dazzling mobile phone light to look at the mobile phone screen, sure enough, it was Rong Shu’s call.

His whole person immediately sobered up, immediately sat up from the bed, turned on the bedside light, and then leaned on the bedside, and quickly asked, “Baby, why call me at this time, is something wrong?”

He knew her, and she was never the one who would call him during his break.

So he’d been here for two days, and she never called over at night on his side.

So she suddenly made an exception to call at this time, and he was worried that something had happened to her.

On the other end of the phone, Rong Shu heard the relationship and tension in the man’s tone, and his heart warmed, and he replied with a smile: “No, there is no accident, I am fine, I called at this time, I want to tell you good news.”

“What good news?” Hearing that there was no accident, Fu Jingting was relieved in his heart, then leaned on the head of the bed, rubbed his temples, and asked with a smile.

He said he was looking forward to the good news.

It must be remarkable that she can call in the middle of the night and can’t wait to tell him the good news.

“The good news is that you’re going to be a dad.” Rong Shu rolled her eyes and deliberately sold Guanzi.

The old lady next to her, Mama Feng, and Mama Zhang all laughed when they heard her say this.

The old lady nodded her forehead even more dotingly, “Naughty.”

“Huh? Is it a grandmother? Fu Jingting raised his eyebrows, “I seem to hear my grandmother’s voice.”

“It’s grandmother, grandmother came to see me today, and it was grandmother who asked me to call to tell you the good news, husband, you’re going to be a father, are you happy?” Rong Shu covered her lips and asked with a smile.

The corner of Fu Jingting's mouth twitched, "Didn't I become a father three months ago?" Why are you saying this again now? Remembering

the laughter of the old lady and others just now, Fu Jingting felt that she had deliberately made this call to tease him.

Rong Shu sneered, "Three months ago was three months ago, and now it is now, husband, what I said is that you are going to have one more child and be the father of another child."

"Huh?" Fu Jingting raised his eyebrows, his face full of doubts, indicating that he didn't understand, "Why do you want to have one more child, and be the father of another child?"

He said it was strange.

Rong Shu smiled happily, and her shoulders shook, "Okay husband, I don't tease you, I want to tell you that I don't have one child in my belly, but two babies." "What

?" Fu Jingting was stunned, thinking that he had obeyed, "Two babies?"

"yes, I'm pregnant with twins, husband, are you happy?" Rong Shu asked expectantly.

Fu Jingting's whole person was stunned, and he sat there for a long time without reacting.

After a while, when he heard Rong Shu calling himself on the phone, he Shi Shiran returned to his senses, and asked with a trembling voice, "Wife, you say, you are pregnant with twins?" Pregnant with two children, right?

"Yes, that's what it means, I'm pregnant with twins." Rong Shu nodded back.

"How so?" Fu Jingting frowned, "Isn't it, how can it become a twin?" That kid split?

Such a guess popped up in his mind.

Since the phone was played outward, the old lady and others also heard it.

Mother Feng and Mother Zhang looked at each other, both a little funny.

Only the old lady looked disgusted, "What is split, what do you say, smelly boy, you are indebted."
