This Time, I Will Get My Divorce Chapter 1461—Rong Shu was talking to the old lady and then, heard the man's voice coming from the mobile phone again, picked up the mobile phone and responded, "Yes, I still wonder, where did you go just now, why is it suddenly silent?"

She and her grandmother called him for a long time, but there was no response.

If she hadn't seen that the phone hadn't hung up, she would have hung up the phone and wouldn't have waited for him at all.

When the man heard Rong Shu's question, he remembered his stupid behavior in the bathroom just now, his eyes flashed, and he coughed a little unnaturally, "There was a document that was very important just now, I sent it out first, so I forgot to tell you."

Rong Shu did not doubt the man's words, after all, the man was really busy, and nodded, "This way."

Only the old lady pouted disdainfully, in the middle of the night, sent documents?

What a ghost!

Wasn't he just sleeping, woken up by their phone, why is he going to send documents now?

It must be lying, and only Shushu, a simple child, did not suspect.

But these old women can't be deceived.

No, Mother Feng and Mother Zhang were also secretly laughing, obviously they also knew that Fu Jingting's words just now were deceiving people.

"Wife, how are you feeling now?" Fu Jingting hurriedly asked.

Being pregnant with twins, she would definitely be happier than before, and he was worried that her body would not be able to stand it.

If so, he might consider letting her lose her pregnancy.

He has seen such cases in parenting books before, there are mothers who are not in good health, but are pregnant with twins, multiple births and the like, in order to save the mother and child, can only choose to reduce the pregnancy, minus one or two.

In this way, the mother body will not be too tired and burdened, resulting in various problems.

Of course, he wouldn't tell her this for the time being, and he could hear that she was happy to be pregnant with twins.

So, she won't upset her in this kind of thing.

"Body, body is fine, I'm fine." Rong Shu touched her belly, "Just like before, it may be because this child has just begun to develop, so he doesn't feel anything yet."

Fu Jingting nodded, "In this way, then you remember to take good care of yourself, I will be back in two days." "Good

." Rong Shu snorted, "I'll wait for you, it's not early, you continue to sleep for a while, so busy, how can you not rest well, and talk tomorrow."

"Hmm." Fu Jingting bowed.

Rong Shu put the phone down, and the old lady said with a smile: "The relationship between the little two is just right, and the speech is really sticky."

Rong Shu's cheeks were slightly red, a little embarrassed.

The old lady smiled, "Okay, okay, don't tease you, the skin is still so thin."

"Grandmother~" Rong Shujiao glanced at the old lady.

The old lady covered her lips with a smile.

After that, not long after, Lin Tianchen also came.

He heard from the doctor who gave Rong Shu a prenatal examination that she was pregnant with twins, and the whole person was stunned for a while.

So I came here to ask her about it.

Seeing that Old Lady Fu was also there, Lin Tianchen pushed his glasses and greeted her politely.

The old lady had a good impression of Lin Tianchen, and she would not think that he was a monster like the people in the circle.

What happened to Affective Deficit Disorder?

With this, isn't it human?

Besides, even if the emotions are missing, the person Xiaolin has not done anything to hurt others, hasn't he been treating and saving people?

What's more, Lin Tianchen continued to take care of Rong Shu, and on this basis, the old lady was very grateful to him.

Especially seeing him greeting her so politely, the old lady's perception of Lin Tianchen was even better.

"Doctor Lin, did you examine Shu Shu?" The old lady asked.

Lin Tianchen nodded, "I originally made an appointment for her to do corneal surgery tomorrow, but I just heard that she was pregnant with twins, so I came to see the situation and see if tomorrow's surgery could be carried out normally."

"So that's it, that's okay, then you'll see." The old lady stood up from the side of the bed with a cane, and quickly gave up her position so that Lin Tianchen could check Rong Shu.

Lin Tianchen walked over and did not check immediately, but praised, "You and Fu Jingting are quite powerful, and you are actually pregnant with two children at once."

Rong Shu smiled, "I didn't expect that I would still be a little dizzy now."

"Nothing else uncomfortable, right?" Lin Tianchen nodded, took the pen from his left chest pocket and asked.

Rong Shu shook her head and looked, "No, everything is as usual, there is nothing uncomfortable."

"Well, it looks like the operation can continue, but before that, observe for a day and make sure it's okay before you can do it." Lin Tianchen said while writing in the medical record.

Rong Shu and Feng Mama both nodded, indicating that they had written it down.

Subsequently, Lin Tianchen put away the pen and so on, picked up a small flashlight and turned it on, and shone it on Rong Shu's eyes.

After making sure that there was no change, he turned off the torch, "Okay, I have roughly counted in my heart, the operation will be performed at this time tomorrow, but until then, you must always feel the changes in your body, and there is a slight discomfort, you must say."

"I know, I will." Rong Shu responded seriously.

It's about children, she won't mess around.

"Okay then, then I'll go." Lin Tianchen snorted and turned to leave.

The old lady looked at his back, "What a good boy, Shushu and Jing Ting, it really troubled him a lot, he has high medical skills and high spirit, not all patients can be treated, I heard that many people are refused to see surgery."

"Yes, before the Lin family begged him, they were all rejected by him." Mama Feng nodded.

Mother Zhang is

This Time, I Will Get My Divorce Chapter 1462—So, the old lady and Mother Zhang left, and Mother Feng went to see them off and put them in the car before returning to the ward.

"Young lady, the old lady is gone." Mama Feng reported.

Rong Shu snorted, "Hard work Mother Feng."

Mother Feng smiled, "What is this, I have been a sister with the old lady for decades, and I should send her."

Saying that, Mother Feng walked into the kitchen and brought her the boiled pork foot soup, "Young lady, drink it quickly."

"Thank you Mama Feng." Rong Shu thanked and took the bowl in Mama Feng's hand.

Mother Feng sat on the side, "By the way, Mrs. Young, you have to tell Mrs. Lu about being pregnant with twins, right?"

"Yes." Rong Shu responded with a drink of soup, "I'll send her a message in a while to tell her, I estimate that she will come over later."

"Mrs. Lu is the kind of temperament, come over for sure." Mama Feng said with a smile.

Then, thinking of something, she hesitated for a few seconds, and then asked, "What do the Gu family want to say?"

Rong Shu's smile faded a little, and she shook her head, "There is no need to deliberately say, anyway, in the end, they should know, they will still know."

"Too." Mother Feng understood what she meant, nodded, and didn't ask.

Rong Shu's interest in drinking soup was not so high, and she drank it without taking a sip.

As Rong Shu said, that night, Mrs. Lu heard that Rong Shu was pregnant with not a child, and two, twins, was surprised and delighted, and quickly carried a lot of things to the hospital, and shushed and asked for warmth.

Rong Shu was speechless when asked, and the whole person was crying and laughing, but her heart was warm.

After all, there are so many people who care about her, and knowing that she is a little moving, no matter how busy she is, they will come to see her.

She's really, really happy.

"By the way, Shushu, I heard that Mrs. Gu often comes here to see you these days, right?" After chatting about the twins, Mrs. Lu made milk powder for Rong Shu next to her, and asked while flushing.

Rong Shu snorted, "I didn't plan to let her come up, but she came every day, and I finally relented."

She didn't lie to herself, nor did she lie to Mrs. Lu, she let Mrs. Gu come up, indeed out of soft-heartedness.

Also out of Mrs. Gu's identity.

Mrs. Lu gave her the soaked milk, "I understand you, although those two are not a thing, but in terms of feelings for you, it really makes people have nothing to say, and it does make people ruthless to refuse."

"Aunt, do you think it's right for me to do this?" Rong Shu took the quilt and asked blankly, "On the one hand, I care about my father and want to avenge my father, and on the other hand, I am attached to the fatherly love and maternal love of Gu Yaotian and his wife, refusing on the surface, but in fact, I don't refuse at all, I'm enjoying their dedication to me, is it really right for me to do this?" Will you be sorry for Dad?

This is her biggest knot so far.

Mrs. Lu sat down on the edge of the hospital bed and gently hugged her, "Shushu, I understand your feelings, but I want to tell you, you are right, they are your biological parents, they should have loved you, you enjoy their love, this is natural, not that you enjoy their love, you are sorry for your father, this is not conflicting, because Gu Yaotian themselves also know that they are sorry for you, and they have not thought of letting you recognize them, They did it of their own free will, on the contrary, if you accept it, it will only make them happier, not to mention, you don't recognize them, do you? If

you don't admit it, there is no one to be sorry for.

Rong Shu leaned on her shoulder, "Yes" "

Don't think about it, everything will be natural." Mrs. Lu patted her shoulder.

Rong Shu snorted and got up to drink the milk in the cup.

Mrs. Lu got up and put away the other milk powder, "By the way, when will Jing Ting come back, it's been two days, right?"

Rong Shu swept away her mood and laughed, "Yes, I should be back in two days, I said on the phone just now." "How

, how does he feel about you being pregnant with twins?" Mrs. Lu asked curiously.

Rong Shu smiled, "Of course, I am also very happy.

"It's right to be happy, when he comes back, he will take good care of you, really, actually let you get pregnant with twins, how hard it is for you." Mrs. Lu complained.

Rong Shu replied with a smile.

"Sister-in-law!" At this time, the door of the ward was suddenly pushed open by someone, and Fu Jinglin, who was wearing a sportswear and also carrying a large bag and a small bag.

"Sister-in-law, I came to see you, and I brought a lot of gifts to my little niece." Fu Jinglin walked in and said loudly, for fear that no one would hear it.

Rong Shu rolled her eyes speechlessly, "I can see that you did bring a lot, didn't you also bring a lot yesterday, why did you bring so many here now?" I can't put it down here, what is the use of you bringing these over now, the baby has not yet been born, these things are not needed, who to put it here for? Will

only take place.

Fu Jinglin put the large and small bags on the ground, and when he saw Mrs. Lu, he grinned and showed a mouthful of white teeth, "Aunt Lu is also there." Mrs.

Lu smiled at him and nodded, "Fu Er Shao has grown taller again, worthy of playing basketball, I am tired when I raise my head."

Fu Jinglin liked others to praise him the most, and his smiling eyes couldn't be seen, "Thank you Aunt Lu for your compliment, it's okay."

Rong Shu shook her head funny, "Okay, don't bother, tell me how to deal with these things, all piled up here, you don't need it, besides, you really take this place as your

home?" I will be discharged from the hospital in the future, how difficult it is to move these things after I go out.

She said she had some headaches.

Fu Jinglin waved his hand indifferently, "It's okay, just send a team of people to do it at that time, otherwise you won't want it, and then buy it, how simple." "

"Well, it's simple and rude." Rong Shu nodded.

But it's all money.

It's all money earned by her man.

This loser!

Rong Shu glanced at Fu Jinglin angrily.

Fu Jinglin didn't feel anything, and he triumphantly took out the gift he brought there and showed it to Rong Shu.

Mrs. Lu smiled and said, "Fu Er Shao, you just think that Shushu's belly is your niece, what if it is a nephew?" If it is a nephew, these little girls use it, and the nephew can't use it.

"It's okay, wait until my nephew comes out, and then buy it." Fu Jinglin still looked rich.

Mrs. Lu said again, "This is not good, I think you can buy it together now, and then buy a boy's one, maybe your sister-in-law's belly is a son and a daughter."

"How is that possible." Fu Jinglin only felt that she was laughing, "My sister-in-law has one in her belly, where is a son and a daughter, intersex?"

As soon as these words came out, Rong Shu's face darkened.

Mother Feng even patted the back of his head angrily, "Hey, what do you kid say, can you speak?"

Mother

Feng didn't even shout the second young master.

Fu Jinglin touched the back of the head that was beaten, and was still shouting grievances, "Mother Feng, why are you beating me, why can't I speak, it was Aunt Lu herself who said, a son and a daughter, there is one in the belly of the sister-in-law, if it is a son and a daughter, there will only be" "

You still say!" Rong Shu glared at him, "Can't they be twins?"

“Twins?” Fu Jinglin laughed, “Sister-in-law, don’t tease me, where are the twins, aren’t you pregnant with one?”

After

that, he saw that whether it was Rong Shu, Mother Feng, or Mrs. Lu, they all stared at him so straight and stopped talking.

Fu Jinglin couldn’t laugh anymore, looked at the three, and finally swallowed his saliva, and asked uncertainly, “Isn’t it?” Sister-in-law, are you really coming? Are you really pregnant with twins? ”

This Time, I Will Get My Divorce Chapter 1463—Rong Shu didn’t answer, and Mother Feng nodded, “Then there can be a fake?”

“How is this possible!” Fu Jinglin jumped up from the ground at once, “How can my sister-in-law be pregnant with twins, isn’t she only pregnant with one?”

He pointed at Rong Shu, “Don’t lie to me, I’m not good at cheating!”

Although he can’t study well, it doesn’t mean that he is a fool.

Rong Shu looked at him with a smile, “Lie to you? We don’t have the spirit to lie to you about this.

Mrs.

Lu covered her lips with a smile.

Mother Feng also smiled and said, “Yes, Second Young Master, we didn’t lie to you, it’s true, the eldest young lady is really pregnant with twins.”

“How so?” Fu Jinglin still had some disbelief, “Obviously I came over yesterday, you didn’t say that you were pregnant with twins, why are you pregnant today?” My eldest brother is not in China, how did you get pregnant with your sister-in-law?

“Hey, what are you kid talking about?” Mother Feng glared at him angrily, “Of course, Mrs. Da Shao was pregnant with twins in the morning, but the machine didn’t check it out at that time, and it was checked out when I went to the prenatal examination today, because the second child was slow and too small to even find the instrument, so everyone didn’t know that she was pregnant with twins, thinking that she was only pregnant with one.”

“Can it still be like this?” Fu Jinglin was stupid, and he only felt that his entire worldview had been rewashed.

Twins also have delayed development, delayed pregnancy?

Fu Jinglin blinked, indicating that he had opened his eyes.

Rong Shu looked at him standing there dumbfounded, and shook his head funny, "Okay, what's the stunned."

Fu Jinglin slowed down, walked to the side of the hospital bed, and looked down at Rong Shu's stomach blocked by the quilt, "Sister-in-law, is this true?"

He asked again in disbelief.

Rong Shu rolled her eyes, "It's true, the checklist is still there, see for yourself."

She pouted into the bedside file bag.

Fu Jinglin shook his head, "Then forget it, I don't even want to read books, I still read these, no, no, I can't see it, I look at the eyes, I believe it is not okay, I didn't expect that there was such a magical thing in this world."

"yes, if it weren't for today's inspection, we wouldn't have believed it." Feng Mama also said.

Then, Fu Jinglin suddenly smiled, "This is really good, twins, sister-in-law you are really amazing, our Fu family has not yet given birth to twins, that is the first."

"Yes, the old lady said so too." Mama Feng smiled.

Fu Jinglin said hesitantly, "Now, I have two little nieces."

"Fu Er Shao, you really don't like the presence of your nephew, isn't it good to have a nephew and a niece, why do you have to have two nieces?" Mrs. Lu asked with a smile.

Fu Jinglin replied, "Of course, it's because the little niece is cute, fragrant and soft, where is like a nephew, old and naughty."

"How can you say that, every child's personality is different, what if the nephew is also a very quiet one?" Mrs. Lu added, "What's more, even if he is naughty, you can teach him to play basketball."

"Playing basketball?"

Hearing this, Fu Jinglin's eyes lit up obviously, "Yes, I can teach my nephew to play basketball, Aunt Lu, you reminded me, sister-in-law, I decided, I don't want two nieces, I want a niece and a nephew, I want to teach my nephew to play basketball, and then the little niece cheers for us on the side." This

kind of life, think about it, feel happy.

Looking at Fu Jinglin's longing appearance, Rong Shu shook her head with tears and laughter, "What do you think you want, the gender of the child, I can control it?"

"I don't care, I'm going to have a nephew and a niece anyway." Fu Jinglin was unforgiving.

Rong Shu rolled her eyes, not bothering to pay attention to him.

He was also not discouraged, and returned to the pair of toys he brought, "Well, these are girls' toys, it is really undeserved, I decided, starting tomorrow, I will also bring a copy for my little nephew."

"Don't bring it here." Rong Shu hurriedly stopped him, this place is not big, you bring it here, it won't be long before there is not even a place to go to the ground.

"So where do I take it?" Fu Jinglin looked up at her.

Rong Shu rubbed her helplessly, "You send it to the Four Times Mansion, which is the marriage room of my eldest brother and me." I

haven't lived yet!

It is still being renovated.

They won't move in until she has a baby and is well reared.

"Yes, Second Young Master, send it over there, there is a big place, there is a special toy room to put it, buy as much as you want." Mama Feng nodded in support.

Rong Shu didn't stop either.

Let Fu Jinglin prepare toys, anyway, children also want to play with toys, Fu Jinglin prepared, just so she and Fu Jingting don't have to prepare, but it saves a thing.

"Okay, then I'll send someone directly over there tomorrow." Fu Jinglin readily agreed, completely unaware of Rong Shu's intentions, and smiled like a real fool.

"By the way, sister-in-law, do grandmothers and eldest brothers know about your bad twins?" Fu Jinglin sent the gift, pulled up a chair and sat down on the edge of the hospital bed, nibbling on the apple while asking curiously.

Rong Shu flipped through the book in her hand, "What do you say?" An elder, a husband, do you think such a big thing, I will not tell them first, but tell you first?

The corner of Fu Jinglin's mouth twitched, "It seems to be ha."

He really thought he was the first to know, and then he could go to his grandmother and eldest brother to show off.

Hey, in the end, he thought too much.

Seeing what Fu Jinglin was thinking in his heart, Rong Shu shook his head funny, "You're about to start school, right?"

"I'm not going to school." Fu Jinglin replied.

Mama Feng and Mrs. Lu both looked at him curiously.

Rong Shu frowned, "Why?" You should be in your third year of high school.

"I was escorted." Fu Jinglin proudly showed a mouthful of white teeth, "My grades are not good, but I played basketball well, this time the U17 basketball cup, we won the championship, everyone was escorted by the university, so I don't have to go to school, wait until the end of the summer vacation, just go to the university to report."

"This way." Rong Shu nodded abruptly, "Then you are really lucky."

Otherwise, with his grades, if you want to get into a good university, there is no such possibility.

Fu Jingting's personality is not someone who will take money to smash him into the university.

Therefore, Fu Jinglin's ability to guarantee college with his basketball skills can be regarded as his talent.

"It's not luck, it's strength." Fu Jinglin was not very satisfied with Rong Shu's expression, and quickly corrected it.

Rong Shu nodded, "Yes, yes, this is your strength, okay?"

Fu Jinglin was happy.

Then, he threw away the apple core and took the book in Rong Shu's hand, "Sister-in-law, I read you a story, the eldest brother told me before leaving, let me talk with you, accompany you to relieve boredom, it's about my pocket money, I can't help but do things seriously, so don't read it, I'll read it to you."

Rong Shu was a little amused, "Well, I can't imagine that you are still a serious person."

“No way, take people’s money.” Fu Jinglin said.

Rong Shu cried and laughed, “Okay, then you read it.” Someone

does it for her, why not use her to read?

Mother Feng was also very pleased that Fu Jinglin was so sensible, and went to the balcony to dry clothes with a smile.

The clothes sent by Mrs. Gu yesterday, dry them for storage, especially those that were not worn during pregnancy, put them away, and wait until Mrs. Da Young gave birth to a child before wearing them.

But speaking of which, why hasn’t Mrs. Gu come here today?

This Time, I Will Get My Divorce Chapter 1464—At this time yesterday, Mrs. Gu had already arrived.

Although she was confused, Mother Feng didn’t think much about it, just thought that Mrs. Gu had something, so she would come later.

After all, people, more or less will encounter delays.

Mrs. Lu didn’t stay here for too long, and when she saw that Rong Shu was accompanied by someone, she was also ready to leave.

However, when Mrs. Lu left, Rong Shu suddenly stopped her, “Aunt, wait a minute.”

“What’s wrong, Shushu?” Mrs. Lu was crossing the bag, and when she heard this, she immediately stopped and looked at her beautifully.

Fu Jinglin didn’t read the story anymore, and also looked at Rong Shu curiously.

Rong Shu bit her lower lip and looked complicated, “It’s not a big deal, it’s just aunt, I want you to pay attention to Ah Qi recently.”

“Ah Qi? What happened to him? Mrs. Lu asked busily.

Rong Shu shook her head, “It’s hard for me to say about this matter, that’s all I can say, anyway, you pay attention to him.”

She clicked until the end.

Mrs. Lu understood that she didn't say, there must be some special reason, and nodded, "Okay, aunt knows, aunt will pay attention to Ah Qi, you rest well, aunt will come to see you next time, if there is anything, call your aunt at any time, if your aunt can come, she will definitely come."

"Okay, stay safe on the aunt's way." Rong Shu smiled and answered.

Mrs. Lu left, and Rong Shu breathed a slight sigh of relief.

Fu Jinglin leaned over curiously, "Sister-in-law, what exactly were you talking to Aunt Lu just now, tell me?"

Rong Shu squinted at him, and then reached out and flicked it on his forehead, "What to say, adults don't ask."

"What a child, I'm almost an adult." Fu Jinglin touched his forehead, a little unhappy.

Rong Shu smiled, "You also said, it's all fast, it's not an adult, okay, hurry up and study, if you don't read, you will go back."

"Don't don't, sister-in-law don't drive me away, I read, can't I read it, if you drive me back, my mother will definitely let me stay at home and write." Fu Jinglin muttered, "You said that my mother is also true, I have been escorted to university, why do you still let me write homework, isn't that redundant?"

"She's also for your good." Rong Shu said.

It's not for Wang Shuqin.

She just said it from the point of view of fairness and justice.

After all, there is nothing wrong with Wang Shuqin asking Fu Jinglin to write homework.

"I knew you would say this, you adults, each one of you said it was good for me." Fu Jinglin snorted, stopped talking, and continued to read the story for her.

Fu Jinglin stayed here for a long time, until it was almost dark, and he was called away by Wang Shuqin with a call.

And on this day, Mrs. Gu never came, not even a single news, which made Rong Shu inexplicably a little unpleasant.

She didn't know if Mrs. Gu deliberately didn't come, or if something couldn't come.

She just felt that she felt a little uncomfortable and felt a little ridiculous.

In her opinion, even if there is a delay, you can send a message.

She didn't block them again.

However, they did not send a message either.

Mrs. Gu came here every day to offer her courtesy, didn't she just want her to recognize them?

However, this only lasted for a few days and did not come?

Did she think she recognized them as hopeless, so she lost confidence and didn't plan to come?

If so, it is indeed a bit ridiculous, and it also makes her see their so-called fatherly love and mother's love.

Looking at Rong Shu leaning on the head of the bed, a little sullen, Mother Feng knew the reason, but she was also a little worried, and she also had some complaints in her heart.

What's going on with this Mrs. Gu?

How about a phone call?

Mother Feng smiled, took the mobile phone back to the kitchen, and called Mrs. Gu.

She didn't tell Rong Shu, because she knew that even if she told Rong Shu, Rong Shu would not let her call.

Even if Rong Shu cares very much in his heart.

So, she better call quietly and ask what is the situation?

The phone soon connected, but it was not Mrs. Gu's voice that came, but a weak male voice.

Mother Feng immediately guessed the identity of the other party, "Is it President Gu?"

Although I didn't see Gu Yaotian, only Gu Yaotian could use Mrs. Gu's mobile phone.

What's more, he is still so weak, who else can there be except Gu Yaotian, who is terminally ill?

"I am, are you Mother Feng?" Gu Yaotian also guessed the identity of Mother Feng, and there was a remark.

Feng Ma nodded, "It's me."

"Hello Mama Feng." Gu Yaotian didn't expect Mother Feng to call over, and she was a little surprised.

"President Gu, I called you, mainly to ask, why didn't Mrs. Gu come today?" Mother Feng asked curiously, "These days, she will come here every day to see Mrs. Da Shao, but she didn't come today, and Madame Da Shao is still a little unaccustomed."

"Not used to it?" Gu Yaotian was stunned at first, and then hurriedly asked, "Mother Feng, are you serious, Shushu, she really doesn't feel used to it?"

If so, that's a really good thing.

This shows that Shushu is getting used to the fact that the two of them appear in her life every day.

It also shows that she has them husband and wife in her heart.

"Yes, although Mrs. Da Shao didn't say anything, I can see that she is a little unhappy, of course, I also know that you have always wanted to recognize Madame Da Shao, so I will come here every day to see Mrs. Da Shao and make up for Mrs. Da Shao, but since you have been insisting for so long, why don't you keep insisting on it?"

Mama Feng frowned, and said very dissatisfied, "Could it be that just because of these times, the young lady has never let go of her acquaintance with you, and you feel that you can't see hope, so you give up?" If that's the case, why did you put on that kind of parental affection before? It's better not to do this in the first place to try to impress

This Time, I Will Get My Divorce Chapter 1465—This is not impossible, after all, Gu Yaotian and his wife love the daughter of Mrs. Da Shao so much, in order to make up for Mrs. Da Shao, the possibility of bullying all the opponents of Mrs. Da Shao in the past is very high.

However, Gu Yaotian's answer surprised Mother Feng.

"The woman didn't know what was going on, suddenly ran outside my hospital room door to eavesdrop on my conversation with my wife, and after being discovered by me and my wife, she tried to escape, and while she was on the run, my wife grabbed her, and then she pushed my wife."

Although the specific process is not said, it is also a fact.

He didn't add oil and vinegar.

"Eavesdropping?" Mama Feng was stunned, "Why did she eavesdrop?"

"I don't know." Gu Yaotian shook his head, "We asked, she didn't say, pushed my wife to the ground and ran away, now my wife has a fractured lumbar spine, lying on the hospital bed and has not woken up, it is estimated that there are no two months, unable to walk normally."

Speaking of this, Gu Yaotian's face became even more angry and distorted.

I can't wait to directly arrest the woman and take revenge fiercely.

Mama Feng gasped, "What? Lumbar vertebral fracture, so serious? How

important the lumbar spine is to the human body, she, the old woman, knows very well.

It can be said that the reason why people can walk upright is because of the lumbar spine.

Once the lumbar spine is injured, even if the legs are unimpeded, people cannot stand up.

Therefore, Mrs. Gu's situation shows how badly injured she is.

In addition, Mrs. Gu is not young anymore, people in their fifties, their physical fitness is not as good as that of youth, and now that the lumbar spine is injured, they will not recover as quickly as young people.

"President Gu, apart from the fracture of the lumbar spine, did Mrs. Gu have any injuries?" Mother Feng asked again.

After all, it is the biological mother of the young lady, so it is better to ask clearly.

Gu Yaotian shook his head, "No, it's only this."

But this one was enough to arouse all his anger.

"I see, no wonder it didn't come today." Mama Feng sighed.

"Mother Feng, don't tell Shushu about this." Gu Yaotian suddenly asked, "We don't want her to worry either."

Although the child did not want to recognize them on the surface, he still hated them.

But in fact, they all knew that she had their husband and wife in her heart, and knowing that his wife was injured, she could not have felt nothing in her heart.

“President Gu, I know what you think, but I think this matter, it’s better not to hide the good of Mrs. Da Shao, after all, you are her biological parents, she has the right to know this, not to mention that Su Man and Mrs. Da Shao also have some grudges, these things, it is even more difficult to hide from her, in case the young lady accidentally knows about this matter later, her heart will only be more bad, after all, everyone is hiding from her, not letting her know, she will only feel that she is excluded.” Feng Mama said.

Gu Yaotian’s mouth opened, unable to refute it.

Finally, he sighed, “Okay then, then Mother Feng, you can tell her, but don’t say it too seriously.”

In any case, let the child worry less, worry less.

Mother Feng snorted, agreed, and then asked, “Did that Su Man catch it?”

“Not yet.” Gu Yaotian shook his head, “The police said that she was involved in a major case, so she can’t be arrested for the time being, she is still under surveillance, and arresting her now is easy to destroy the opportunity.”

Although he was very dissatisfied with this answer, thinking that the case involved in that Su Man was related to Fu Jingting, he could only endure if he was not satisfied.

No way, who let Fu Jingting be his son-in-law.

He didn’t think about Fu Jingting, but also for Shu Shu.

After that, the call ended, and Mama Feng walked out of the kitchen with her mobile phone.

Rong Shu took off her glasses, her vision was blurred all of a sudden, she couldn’t see clearly, and she could only see a figure walking towards her side.

“Mother Feng?” She shouted with some uncertainty.

Mother Feng replied, “It’s me, the young lady doesn’t read anymore?”

“Well, the glasses have been worn for a long time, the eyes are a little tired, rest for a while.” Rong Shu put her glasses aside and said with a smile.

Mother Feng came over and took the book in her hand as well, “It’s time to rest for a while.”

“By the way, Mama Feng, who did you just call in the kitchen, I heard you talking.” Rong Shu leaned on the head of the bed and asked curiously.

She had just faintly heard that Mother Feng seemed to mention the word Gu.

Could it be because Mrs. Gu didn't come, so she called over and asked?

What a shrewd person Mama Feng, how could she not know what Rong Shu was thinking in her heart.

Besides, Rong Shu's expression was not hidden, and her thoughts were written directly on her face.

So Mama Feng smiled, sat down on the edge of the hospital bed and replied, “I'm talking to Gu Yaotian, in fact, Mrs. Da Shao, you have already guessed, haven't you?”

Rong Shu's pupils shrank, and soon calmed down again and asked, “But Mother Feng, didn't I say that you don't need to call to ask?”

“I know, but I can see that you don't think like this in your heart, Mrs. Gu didn't come, you actually care a lot, you also want to know the reason, don't you?” So I called. Mama Feng took her hand and gently patted the back of her hand to explain, “Young lady, in fact, Mrs. Gu didn't come, there is a reason, she is injured. “What

?” Rong Shu's expression changed, and her body stiffened, “You said she was injured?”

“Yes.” Mama Feng nodded.

“How so?” Rong Shu's expression was obviously a little anxious, and a worry appeared on her face that she herself was not aware of.

Mother Feng saw it, knew that she had not made a mistake in this call, and sighed and replied, “Her.”

This Time, I Will Get My Divorce Chapter 1466—“It's her.” Rong Shu nodded affirmatively, “That's why she appeared outside the ward of Gu Yaotian and his wife, because they were adoptive parents and adopted daughters before, Gu Manyin must still have them in her heart, so Gu Manyin went back to the hospital to see them, just don't know what Gu Manyin heard, and will directly do it to Mrs. Gu.”

But tell her that no matter what Gu Manyin hears, Gu Manyin is not qualified to make a move on Mrs. Gu.

Even if Gu Yaotian and his wife don't wait to see Gu Manyin's adopted daughter now, the nurturing grace of the past twenty years is indeed solid.

If it weren't for Gu Yaotian and his wife adopting Gu Manyin, Gu Manyin would be a child who grew up in an orphanage, and now he is just an ordinary person, where would he become a Miss Gu family, living a life of brocade clothes and jade food, and hugging before and after?

It can be said that Gu Yaotian and his wife gave Gu Manyin all this that originally did not belong to Gu Manyin's life, even if Gu Yaotian and his wife abandoned Gu Manyin in the end, they didn't want Gu Manyin, their adopted daughter, and Gu Manyin didn't have any qualifications to resent them, let alone make a move on Mrs. Gu.

This would also be why, she was so shocked when she heard that it was Mrs. Gu pushed by Su Man.

But now that I think about it, I can understand that Gu Manyin's person is a fierce and vicious, hard-hearted, and unconscionable devil.

In Gu Manyin's heart, only others can be good to her, and others can't be sorry for her.

Once others treat her a little bit badly, she can forget all the good others have done to her in the past, and retaliate in turn.

Therefore, Gu Manyin pushed down Mrs. Gu, and it was not impossible to do such a thing.

"How could it be Gu Manyin?" Mother Feng's mind was dizzy, and she was shocked by this secret and had not fully returned to her senses, "Su Man turned out to be Gu Manyin.

"It's her." Rong Shu nodded, "This matter, Jing Ting and I have only known for a long time, if it weren't for Xiao Chuan's help, we wouldn't know about it now."

After all, no one would have thought that Gu Manyin would change his appearance and completely plastic surgery into another person.

And the personality, voice, and behavior are all different from Gu Manyin in the past.

In this way, no one will suspect that these two people are actually one.

"So, the case on Gu Manyin's body is what you did to Mrs. Da Young Lady before?" Mother Feng asked.

Rong Shu shook her head, "Not exactly, the real reason is that Gu Manyin is now a person from Su Cheng, the two of them have cooperated, and Su Cheng is the

murderer of his father-in-law, Jing Ting is now collecting the last evidence, so it is temporarily inconvenient for the police to arrest Gu Manyin, because once Gu Manyin is caught, Su Cheng will definitely jump off the wall and do something, and then the plan will be disrupted.”

“So it is.” Mother Feng nodded abruptly, “No wonder Gu Yaotian let the police arrest Su Man be rejected.”

“It will definitely be rejected.” Rong Shu rubbed her temples, “I really didn’t expect that Su Man would go to Gu Yaotian at this time.”

“Gu Yaotian and his wife don’t seem to know that Su Man is Gu Manyin.” Mama Feng suddenly thought of this.

Rong Shu snorted, “This matter, none of us will tell them, first of all, we don’t know if their husband and wife still have feelings for Gu Manyin, if there is, then let them know that Su Man is Gu Manyin, the plan will still fail, they will definitely find a way to help Gu Manyin escape, if not, it is not difficult to guarantee that they will take revenge in order to help me, so they can’t let them know.”

“But what I didn’t expect was that Su Man himself appeared in front of Gu Yaotian and their couple, causing the plan to almost fail.” Feng Mama said.

Rong Shu pursed her lips, and she was a little afraid in her heart, “Yes, fortunately, Gu Yaotian is not like before, who offends him, he dealt with it himself, but chose to call the police, otherwise he would have been shocked by now.” Hearing

this, Mother Feng smiled, “Gu Yaotian did change, and his change was also because of you, because he knew that you didn’t like the way he handled things, so he tried to change.”

Rong Shu did not refute this.

Because it’s true.

Since Gu Yaotian knew that she was his daughter, he was indeed different from the past, and he had changed a lot, and she had to sigh at this.

“Young lady, Mrs. Gu is injured like this, do you want to go over and see her?” Mama Feng suddenly proposed.

Rong Shu’s eyes flickered, “What am I going to see her do?” Mama

Feng knew that she was arrogant again, and maybe she wanted to go in her heart.

“Anyway, go and see, let yourself feel at ease, don’t let yourself have regrets, even if you still don’t forgive them in your heart now, but at least, don’t let yourself feel uncomfortable.” Feng Mama persuaded.

Rong Shu bit her lower lip and had nothing to say.

Mother Feng knew that she agreed, and smiled and said, “Let’s go tomorrow morning, I’ll go and prepare some supplements that have a good effect on bone healing.”

“Hmm.” Rong Shu nodded and answered.

That night, Fu Jingting also knew about Mrs. Gu’s injury.

It was not Rong Shu who told him, but Gu Yaotian’s side, there were also his people.

If something like this happened to Gu Yaotian and his wife, it was impossible for his people not to tell him.

However, he was busy working during the day and did not receive a call, and he only learned about it at night.

Knowing that Su Man not only went to Gu Yaotian’s side, but also pushed Mrs. Gu to the ground, Fu Jingting was also furious.

Although they don’t wait to see the parents-in-law, no matter what, the parents-in-law are good for Rong Shu.

And listening to Mother Feng, during this time, Mrs. Gu went to see Rong Shu every day, and Rong Shu’s mood was also very good, even if she didn’t show it, but people with discerning eyes could see it.

And today Mrs. Gu did not go to the hospital, Rong Shu’s mood was obviously much lower.

Therefore, how could Fu Jingting not be angry with Su Man’s behavior?

Secondly, Gu Manyin suddenly went to find Gu Yaotian, in case the whole plan failed, the consequences would be troublesome.

But fortunately, Gu Manyin did not go to find Gu Yaotian and his wife to recognize, and Gu Yaotian did not take action himself, but chose to call the police.

Although there was such a change in the middle, fortunately, the final result did not change and temporarily relieved him.

“Strengthen manpower, don’t let Gu Manyin get close to Gu Yaotian’s ward again.” Fu Jingting sat on the office chair, like a king in the world, squinting his eyes slightly, and ordered Assistant Zhang who was standing across the desk.

Assistant Zhang nodded in response, “Understood, there is one more thing.”

“Say.” Fu Jingting pressed his somewhat swollen eyebrows.

In the past two days, there have been too many things, and he has hardly rested well.

He could have rested last night, but the twins’ happy event made him excited and worried, and he didn’t sleep all night.

So much so that now his spirit is a little weak.

“When you were in a meeting, Mother Feng called over and said that Madame was going to the Third Hospital tomorrow to see Mrs. Gu.” Assistant Zhang pushed his glasses and reported truthfully.

In this regard, Fu Jingting was not surprised.

Because he could also see that Rong Shu actually had Gu Yaotian and his wife in her heart, but because of all kinds of hatred caught in the middle, she did not recognize them.

But they were not denied their approach.

If Mrs. Gu is injured, she naturally can’t not care, maybe she didn’t say that she was going to see Mrs. Gu, but if someone persuaded her, she would not refuse.

He thought that the reason why she was willing to go to see Mrs. Gu must have been persuaded by Mother Feng, and then she did not refuse.

In fact, it is good to go and see, at least you can make yourself feel at ease, and you don’t have to worry all the time.

“Got it, you asked people to prepare more gifts.” Fu Jingting ordered.

This Time, I Will Get My Divorce Chapter 1467–“Yes.” Assistant Zhang nodded.

“In addition, arrange more people to protect Madame.” Fu Jingting said again.

That's the priority.

Assistant Zhang also knew that it was now in the final white-hot stage, and everything could not tolerate a little sloppiness, and his expression was serious one by one.

"Then President Fu, I'll go and arrange it first."

"Go ahead." Fu Jingting bowed.

After Assistant Zhang left, Fu Jingting took out his mobile phone, and his expression finally softened.

He looked at the photo of Rong Shu smiling like a flower on the screen, his eyes were gentle as if he was about to drown, and his thumb kept gently stroking her face.

If it weren't for the fact that it was dark in the country now, she would have slept, and he really wanted to call over, see her, and listen to her voice.

Even if they only spoke last night, as long as he didn't hear her voice every once in a while, he still missed her.

The next day, Rong Shu and Feng Mama finished breakfast, cleaned up, and left the Third Hospital.

This time, there was Lin Tianchen.

Lin Tianchen came to show Rong Shu's eyes in the morning, originally wanted to arrange her operation, who knew that she said that she was going to see Mrs. Gu, hoping to postpone the operation time until the afternoon, he knew that Mrs. Gu also had such a thing.

Therefore, he followed and wanted to see how Mrs. Gu was injured.

Of course, he did this for Rong Shu's face, knowing that Rong Shu actually cared about Mrs. Gu, otherwise he would not have followed.

Rong Shu came quite coincidentally, and Mrs. Gu had just woken up not long ago.

When Rong Shu walked outside the ward, she heard Mrs. Gu and Gu Yaotian talking.

It was probably Gu Yaotian asking Mrs. Gu how she was now.

Rong Shu stopped and listened quietly.

Hearing Mrs. Gu suddenly sigh and say that she didn't go to the First Hospital to see her yesterday, she suddenly felt sour in her heart, and her eyes were red.

Mother Feng saw it and gently patted Rong Shu's shoulder, "Young lady, I'll knock on the door."

"Hmm." Rong Shu nodded.

Mama Feng stepped forward and knocked on the door.

Here are just the two of them.

Lin Tianchen was not there, went to the orthopedic department, learned about Mrs. Gu's situation, and would come over in a while.

And those bodyguards are naturally guarding all corners, guarding all around.

"Who?" An unfamiliar female voice came from inside the door, it was supposed to be a nurse.

Soon, the door opened, and a middle-aged woman wearing a blue sanitary suit poked her head out and saw Feng Ma and Rong Shu at the door, with a puzzled expression, "You guys?"

"We are friends with Mrs. Gu." Mama Feng did not introduce herself carefully, but just replied like this.

The nurse nodded suspiciously and let the door out.

Mother Feng walked in and smiled at Gu Yaotian and his wife lying side by side on two hospital beds, "President Gu, Mrs. Gu." Seeing

her, Gu Yaotian and his wife were both shocked.

"Mother Feng?" Especially Mrs. Gu, she was surprised, "Why are you here?"

"I heard you were injured, let's take a look at you." Mother Feng said, handing the various gifts she was carrying to the nurse on the side.

The nurse quickly picked it up and put it away.

When Mrs. Gu and Gu Yaotian heard that, they looked at each other, and they both saw excitement and disbelief in each other's eyes.

Finally, Mrs. Gu asked urgently, "Mother Feng, who do you mean by us?" Could

it be Shushu?

Looking at the excited appearance of Gu Yaotian and his wife, Mother Feng knew that they must have guessed, and after laughing a little, she turned around and pulled Rong Shu, who had not come in outside, in, "Of course, it's me and Mrs. Da Shao."

"Shushu." Seeing Rong Shu, Gu Yaotian and his wife had red eyes.

Especially Mrs. Gu, she never expected that her daughter would actually come to visit her.

She excitedly lifted the quilt and was about to get out of bed, forgetting that she was injured.

Seeing this, Rong Shu subconsciously shouted, "Don't move!"

Her words also made Mrs. Gu and Gu Yaotian react.

"Yes, don't move, your injury is not good yet, what if it is more serious?" Gu Yaotian also advised.

Then he lifted the quilt himself, got out of bed tremblingly, and walked towards Rong Shu.

Seeing Gu Yaotian like this, Mrs. Gu was angry and laughing.

The angry thing is that he does not talk about martial virtue, and he takes the opportunity to get close to his daughter and leave himself here.

The laughing thing is that she is not dreaming, her daughter really came to see her, and she cared about her very much, so let her not move.

The daughter reacted faster than anyone else, she was hurt, but something.

"Shushu, sit." Gu Yaotian stopped when he approached Rong Shu, still not getting too close, let alone hugging or holding her hand.

Because he knew that his daughter would definitely refuse.

Now he is very happy to be able to get along with his daughter so close and entertain her daughter.

"Young lady, sit down." Mother Feng looked at Gu Yaotian, and finally said to Rong Shu.

Since she became pregnant, Rong Shu has not been able to stand for a long time, and her legs are easy to swell after standing for a long time, so she did not refuse the chair that Gu Yaotian moved and sat down.

Seeing her sit, Gu Yaotian's smile became even stronger.

"President Gu, Mrs. Gu, yesterday Mrs. Da Shao heard that something happened to you here, so we specially came to see you today." Mother Feng also sat down next to Rong Shu and said to Gu Yaotian and his wife.

Gu Yaotian nodded slightly, "Thank you for coming, and bringing so many gifts." "

The gifts are all prepared by the eldest young lady and the eldest young master, you are welcome." Feng Mama said.

This morning, before they went out, a bodyguard brought some things, which were prepared by Fu Jingting, all of which could make Mrs. Gu recover early.

Hearing that it was prepared by Rong Shu and Fu Jingting, Mrs. Gu was overjoyed, and tears flowed out, "Shushu, thank you."

Rong Shu shook her head, "It's nothing, how are you?" "

She looked at Mrs. Gu and asked hesitantly.

But this sentence directly made Mrs. Gu cry out excitedly.

Rong Shu was a little confused.

In the end, Gu Yaotian explained, "Your mother is so happy, don't mind."

Rong Shu shook her head and said she didn't mind.

"What about you?" After being silent for a while, Rong Shu looked at Gu Yaotian again and asked.

Gu Yaotian's eyes grew slightly, and the flesh on his face trembled slightly, obviously he didn't expect that his daughter would suddenly ask something else.

In fact, these times, his daughter has been ignoring him as much as possible, he knows it, and he is sad, but he also understands.

After all, they were husband and wife, and he was the one who really did the actual sexual harm to his daughter, and the wife did not.

Therefore, the daughter is more accepting of his wife, he understands and thinks very openly.

As long as the daughter gradually recognizes his wife, as for whether the daughter recognizes him or not, he doesn't care.

Therefore, he also did not think that his daughter would care about him and greet his situation.

Who expected that now he actually heard his daughter care about him.

Gu Yaotian's skinny hand shook up excitedly, and shook his head repeatedly, "I'm fine, very good." His

body is only like this, and it is already good to be able to wake up for a few hours a day.

Rong Shu nodded, indicating that he understood.

After that, there was silence in the ward, and the atmosphere was very strange.

Because no one knows what to say.

Mother Feng was caught in the middle, and she also felt quite uncomfortable, and finally thought about it, stood up and said with a smile: "Let's say something happy, yesterday our young lady had a maternity examination, and there was an unexpected surprise."

"Mama Feng?" Rong Shu quickly looked at her.

Mama Feng patted her hand gently, "It's okay young lady, it's a good thing, it's okay to say it." Mother

Feng said so, what else could Rong Shu do, she could only go with her.

Gu Yaotian and Mrs. Gu looked at Mother Feng, "What is a good thing, Mother Feng?" "

This Time, I Will Get My Divorce Chapter 1468—Seeing Mrs. Gu

Mother Feng glanced at Rong Shu and replied with a smile: "It's that our eldest young lady is pregnant with twins!"

As soon as these words came out, the ward instantly became quiet.

Mrs. Gu was originally still holding the water cup in her hand, but she almost knocked it over.

After a while, the couple reacted, looking at Rong Shu in disbelief and surprise.

"What? Twins? Mrs. Gu's voice was raised.

Mother Feng nodded, "Yes, we also knew about this yesterday, because the child developed slowly, so the machine did not check it out before, and it was not checked out until yesterday, it turned out to be twins."

"This," Gu Yaotian and his wife were speechless with excitement.

A moment later, Gu Yao genius looked at Rong Shu, and his happy face turned red, "Great, great, it's actually twins."

In this way, they have two grandchildren.

Mrs. Gu cried even more excitedly, "Shushu really inherited my mother's family."

Rong Shu immediately looked at her.

Mother Feng asked curiously, "Mrs. Gu means that Mrs. Da Shao is pregnant with twins because of your maiden family?"

"yes." Mrs. Gu nodded, "My mother's family has twin genes, my grandmother gave birth to twins, a son and a daughter, but my grandmother's daughter, that is, my aunt, also gave birth to dragon and phoenix twins, my aunt's daughter, also gave birth to dragon and phoenix twins, only I don't, but Shushu inherited her maternal great-grandmother from generation to generation."

After

listening to Mrs. Gu's explanation, Rong Shu knew that she was pregnant with twins, and it was actually because of family inheritance.

"So, in the belly of the young lady, there may also be a son and a daughter?" Mother Feng looked at Rong Shu's stomach and was delighted.

Mrs. Gu nodded, "Yes, our family twins are all a son and a daughter, and I believe Shushu will be no exception."

"One son and one daughter are good, and all children are complete." Gu Yaotian said happily, but deep in his eyes, he still had some regrets.

Because he may not see two children born, nor can he hold two children.

However, he can know that his daughter is pregnant with twins before he dies, and the Gu family has two offspring, and he has no regrets.

"By the way, Shushu, how is your body?" Mrs. Gu asked again, "What did the doctor say?" Are both children healthy?

After all, the danger of carrying twins is much greater than that of singletons.

In addition, Rong Shu's body is not very good, and she is worried that her two children will bring a burden to her body.

Hearing Mrs. Gu ask this, Gu Yaotian, who didn't know much about women's pregnancy, also immediately became worried.

Rong Shu shook her head, "It's good, there is no discomfort, the doctor said that as long as it is raised well, the child can be born smoothly."

"That's good, that's good." Mrs. Gu was relieved when she heard this, and then laughed regretfully, "It's just that next, I can't go to see you every day."

Gu Yaotian gritted his teeth even more hatefully, "That woman, it's really hateful!"

Rong Shu and Feng Ma looked at each other and did not tell them that the woman was Gu Manyin.

Rong Shu just said, "It's okay, you're injured, you should rest well, I don't need you to come to see me every day, let's talk about it when you're well."

The implication was that she no longer resisted Mrs. Gu going to see her.

But the premise is that the body is well nourished.

Gu Yaotian and his wife understood and were overjoyed.

"Good, good, mom takes care of her body, mom will take good care of her body, and then go and take care of you personally." Mrs. Gu cried happily.

She also wanted to take care of her daughter personally and saw the birth of her two little grandchildren.

At this time, there was a knock on the door of the ward.

Mother Feng stood up, "It should be that Dr. Lin is here, I'll open the door."

"Doctor Lin? Lin Tianchen? Gu Yaotian reacted at once.

Rong Shu snorted, "It's him, he heard that I was coming, so he followed me and said, I want to help"

She looked at Gu Yaotian, her mouth opened, and she didn't know what to call.

Shouting mom can't work, she can't shout out.

Shouting Mrs. Gu seems to be impossible.

So in the end, Rong Shu simply didn't shout anything, and said directly: "Help you see the situation and see if you can reply earlier."

"This" Gu Yaotian and his wife were both stunned, and they couldn't believe that Lin Tianchen would be so kind.

After all, that guy, the face of persuading them to leave the hospital before, they still remember clearly.

But then Gu Yaotian thought that Lin Tianchen's attitude towards his daughter was not ordinary, maybe Lin Tianchen saw that his daughter still attached a little importance to their couple, so he would follow and help them see the couple.

"It's really Dr. Lin." Mother Feng came in with Lin Tianchen at this time, followed by other doctors from the Third Hospital.

These doctors are very excited and happy, because Lin Tianchen is the world's leading medical expert professor.

Although young, the doctor is better than everyone else.

No, even if the doctor who came with him was very old, he also admired Lin Tianchen.

After all, the master is the teacher!

"How's that going?" Lin Tianchen ignored Gu Yaotian and his wife, but fell his gaze on Rong Shu and asked how she and Gu Yaotian and his wife were talking.

Rong Shu nodded, "It's almost time to talk."

"Okay, then I'll take a look." Lin Tianchen looked at his watch before his gaze fell on Mrs. Gu, "I'll help you see your situation, let you recover as soon as possible, and then go and take care of her."

He pointed his chin in Rong Shu's direction.

He and Fu Jingting are very clear that she lost her mother since she was a child, which is actually very cute and motherly.

Although she did not recognize Mrs. Gu on the surface, she did not refuse Mrs. Gu to come to the hospital every day to take care, which shows that in her heart, she actually accepted Mrs. Gu, and she was also hopeful

This Time, I Will Get My Divorce Chapter 1469—The other doctors looked at Lin Tianchen's eyes even happier, after all, this method proposed by Lin Tianchen was something they did not expect.

Now that Lin Tianchen came to them, they really benefited a lot.

It's just a pity, how come Lin Tianchen is not a doctor in their third hospital.

That way, they can learn more.

Hey, I really envy the doctors in the first hospital.

Also happy was Mrs. Gu.

No one wants to lie in a hospital bed all the time, unable to move, and have someone to take care of.

She is no exception, and she is worried about her daughter and wants to be by her side all the time, but because of physical reasons, she can only be forced to accept the fact that she will lie down for two or three months.

Who knew that the peak turned around, Lin Tianchen actually said that she could recover in about a month, which was undoubtedly a great good thing.

Because after a month or so, she will be able to return to her daughter.

"Then Doctor Lin, can you" Mrs. Gu looked at Lin Tianchen and wanted to ask if he could help her operate.

But before he finished speaking, he was interrupted by Lin Tianchen, "This kind of operation, other doctors can also say, as long as you know the method." The

implication is that he is unwilling to do it for her.

It was not easy for him to help her check.

Mrs. Gu also knows this, and does not force it, anyway, if this operation can be done by others, she is satisfied.

"Okay, thank you Dr. Lin for helping me check." Mrs. Gu Ren said gratefully.

Lin Tianchen snorted and went out.

Other doctors followed suit, asking him about the procedure.

In the ward, only Gu Yaotian and his wife were left, and Rong Shu and Feng Mama were left.

Gu Yaotian looked at Rong Shu and suddenly asked, "Shushu, does Lin Tianchen like you?" Rong

Shu was drinking water, and when she heard this, she was instantly choked.

Mother Feng quickly patted her on the back, "Young lady, are you okay?"

"It's okay." Rong Shu shook her head and said that it was okay.

Gu Yaotian and his wife were relieved to see that she was better.

"I'm sorry Shushu, Dad didn't mean it." Gu Yaotian apologized a little apology.

Rong Shu shook her head, "It's okay, I was just shocked by your words."

She did not refute his father's self-proclaim, and Gu Yaotian was extremely ironed in his heart.

Mother Feng was also young, "Yes, how can President Gu say that Dr. Lin likes Mrs. Da Shao, don't say Mrs. Da Shao just now, I listen to it outrageous."

She was taken aback.

Gu Yaotian said: "I observed him just now, he cares about Shushu very much, if it weren't for Shushu, he wouldn't have come to check, so I said whether he liked Shushu."

After all, Lin Tianchen was really good to Rong Shu.

Rong Shu shook her head, "No, he doesn't like me, he just nostalgic for the warmth I gave him."

"What do you mean?" Gu Yaotian said, why can't he understand.

Rong Shu explained, "When I was a child, I saved him, and since then, he has always regarded me as a benefactor, although he recognized the wrong person later, but after confirming that I was his lifesaver, he has always been very good to me and took care of me, but he does not like me, but because he has never felt the care and concern of others, everyone is disgusted and unhappy with him, although he does not feel anything, but I know, he actually cares very much, So after I save him, he will treat me as his light and take care of me all the time. Because

, she was the only one who made him feel warm.

Lin Tianchen is not without feelings, he is just emotionally slow.

“So it is.” Gu Yaotian understood, and nodded abruptly, “I thought he liked you and asked you to pay more attention.”

But think about it, if Lin Tianchen likes Shushu, Fu Jingting can't not know.

But Fu Jingting also allowed Lin Tianchen to get close to Rong Shu, which obviously had some problems.

It turned out that Fu Jingting also knew that Lin Tianchen's feelings for Shushu were not like, but dependent, so he went with Lin Tianchen.

“Young lady, it's not early.” At this time, the bodyguard suddenly appeared at the door and reminded, “You still have surgery in the afternoon.”

“Surgery, what surgery?” Gu Yaotian and Mrs. Gu suddenly became nervous and hurriedly asked.

Mother Feng replied with a smile: “Don't worry two don't worry, it's not a major operation, it's just an operation on the eyes, the young lady is going to change the cornea, the surgery that was agreed yesterday will be done today.”

“So it is.” Gu Yaotian and his wife put down their hearts.

“Okay, then you guys go back first.” Gu Yaotian stood up and wanted to send them away.

In fact, he is not willing to let his daughter go, but his daughter's eyes are more important.

“Farewell.” Mother Feng helped Rong Shu out of the ward, nodded to Gu Yaotian, and walked to the elevator.

Gu Yaotian had been standing at the door of the ward, watching them, and when they entered the elevator, he sighed lightly and turned back to the ward.

His body can't last long, and now that he meets his daughter, he has seen one less side.

I met this time, and I don't know when the next time will be.

Rong Shu's operation went smoothly, after doing it, her eyes were covered with gauze, and she would not take it off for a long time, and she couldn't see anything, so she really became blind.

However, Rong Shu has not experienced the feeling of being blind, there was an injury before that caused her eyes to be blind and unable to see, or Fu Jingting concealed her identity and sent Mother Zhang to take care of her.

Otherwise, during that time, she really didn't know what to do.

Fu Jingting, who was abroad, learned that Rong Shu had undergone surgery, worked overtime for everything in his hands, completed it in a day's time, and then took his own private plane to rush back to China.

When he returned to the ward, it was quite unfortunate that Rong Shu had just slept.

Fu Jingting saw his wife lying on the hospital bed, her eyes covered with gauze, and her face was a little pale, and she was immediately distressed.

"Young Master." Mother Feng brought Fu Jingting a glass of water.

She saw that the eldest young master's lips were a little dry, presumably rushed back this way, the fire was hot, and she was worried about the eldest young lady, so she was a little on fire.

Fu Jingting happened to be a little thirsty, took the water cup, thanked Mother Feng, raised his head and drank the water in one breath, and the whole person was much more comfortable.

"How long has Madame been asleep?" Fu Jingting handed the quilt to Mother Feng and asked.

Mama Feng put the cup aside, "Sleep yes." After a while, after the operation yesterday, the stamina of the anesthetic was still in her body, and it has not been completely discharged now, so she slept deeply.

Fu Jingting nodded, indicating that he understood, and then held Rong Shu's hand and put her hand on his face.

Mother Feng looked at his exhaustion, and the dark circles under his eyelids, and she was also a little distressed, "Young Master, you haven't rested much in the past two days, have you?"

Fu Jingting was noncommittal.

Busy with work, coupled with worrying about Rong Shu, so where can he sleep.

I only sleep two or three hours a day.

Mother Feng sighed, "How can this work, your body has not fully recovered, just so tired, it is easy to have an accident, in case you fall, who will take care of the young lady, who will protect the young lady, so young master, you also lie down and sleep for a while, it just so happens that the young lady did not wake up at this time, you just happened to sleep with her for a while, and when you wake up together, you also have the energy to talk, right?" Mama

Feng's proposal was very good, Fu Jingting did not refuse, nodded and agreed.

"Okay, then young master, you sleep, I won't disturb you."

After that, Mama Feng closed the door and went out.

She was going to go back to the old house and bring some things over.

Yesterday, the old lady called her to go back and get it.

After Mother Feng left, Fu Jingting took off her shoes, and the coat on her body, pulled the quilt and gently lay on the hospital bed, and took the woman into her arms.

After holding the woman completely in his arms, he did not forget to touch the woman's belly.

This Time, I Will Get My Divorce Chapter 1470—Although Rong Shu's belly is not obvious now, when touched with his hand, he can still clearly feel the small bulge, which shows that the child inside is growing up little by little.

However, there is still a long time before the fetal movement and birth.

But Fu Jingting had the patience and time to wait slowly, waiting for the birth of the two of their children.

"Good night, baby." Fu Jingting whispered to Rong Shu's stomach, hugged Rong Shu into his arms, closed his eyes and fell asleep.

When I woke up, it was already the next day.

Rong Shu opened her eyes and felt that she was shackled, and there was a breathing sound in her ears.

She turned her head, and because her eyes were covered with gauze, she could not see anything, but she could indeed feel the familiar breath and fragrance, and she was first stunned, then surprised.

It's Fu Jingting!

When did he come back?

Rong Shu stretched out her hand and slowly touched the man, touching the man's face and slightly frowned, it was real, not illusory.

So, the man really came back.

"Naughty." Fu Jingting did not open his eyes and directly spit out two words.

Rong Shu was startled, and subconsciously wanted to take back his hand.

However, the man had the foresight to grab her hand, and then his eyes opened, and there was a shallow smile and pampering in his dark eyes.

"Just woke up and messed with me?" The man said in a low and hoarse voice.

Rong Shu blushed a little and shook her head, "It's not, I just feel that there are people around me, I want to see if it's you, when did you wake up?"

She thought he wasn't awake.

"Wake up when you touch me." Fu Jingting put her hand to his mouth and kissed it.

Rong Shu patted him, "I thought you woke up early and deliberately pretended to sleep to scare me."

"It won't." Fu Jingting shook his head, and then held her and sat up, "You are carrying a child, you can't be frightened, so I won't scare you."

Rong Shu snorted and leaned on his chest, "By the way, when did you come back?" How come there is no news at all.

He didn't tell her to come back, and neither did Mama Feng.

Seeing her thoughts, Fu Jingting gently ruffled the hair on her face behind her ear, and then replied, "I decided to come back temporarily, I didn't tell anyone, and Mother Feng didn't know, I just wanted to surprise you, but it was a little unfortunate, you were already asleep when I came back, so I didn't call you, I simply came up and slept with you."

“This way.” Rong Shu nodded, indicating that he understood.

“How’s it going, surprise?” The man asked.

Rong Shu smiled, “Well, it’s a surprise, I thought you wouldn’t come back two days late.”

“You had surgery on your eye, and I didn’t worry about you, so I rushed back.”

“What’s so unassuring about this?” Rong Shu said: “It’s just eye surgery, not other major surgery, there will be no danger.”

“I know, but for me, any of your surgeries is very important, so I want to come back and accompany you quickly.” Fu Jingting touched the gauze on her eyes, “How do you feel?”

Rong Shu shook her head slightly, “I don’t feel anything.”

“It’s good if you don’t feel anything, if there is something uncomfortable, you must say, don’t hide it.” Fu Jingting hugged her.

Rong Shu replied heavily, “I know.”

“Ah, Young Lady, Young Master, you are awake.” Mama Feng, who came back from outside, was immediately happy when she saw the little couple sitting on the hospital bed, hugging each other, talking, and having a very good relationship.

Rong Shu opened her mouth to greet, “Mother Feng.”

“Hey.” Mother Feng answered, and then asked, “After sleeping for so long, you should be hungry, just when I brought some fresh vegetables from the old mansion, how about I cook you some vegetable porridge?” Eating light in the morning is good for the body.

“Mother Feng is watching.” Rong Shu didn’t have much opinion about what to eat.

Anyway, she can’t eat a lot of things now, what to eat and vomit.

On the contrary, she could barely eat a little of the many things that Mama Feng cooked, so she never interfered with the recipes that Mama Feng helped her formulate.

The same is true of Fu Jingting, he himself is also a person who is not very particular about eating, as long as he can eat.

“Okay, then I’ll go, it’ll be fine soon, you guys wash up first, young master, the eyes of the young lady are inconvenient, you take good care of her.” Feng Mama instructed.

Fu Jingting got out of bed and hugged Rong Shu down, "I know."

His own wife, of course, will take care of it.

Seeing the little couple happily going to the bathroom, Mother Feng smiled and carried the vegetables into the kitchen.

When the two of them washed up, Mama Feng's vegetable porridge was also ready.

Fu Jingting carefully helped Rong Shu to the table.

Originally, he wanted to hold her, but Rong Shu refused, she just couldn't see her eyes temporarily, and she couldn't walk with her hands and feet.

Besides, he has been holding her, and she can't familiarize herself with the environment, in case he is not there one day, what does she want to do, no one to hold, and she is not familiar with the environment, won't she be able to do anything?

Fu Jingting also knew this truth, so after Rong Shu refused, he did not force her to hug her, but chose to support her and help her over.

Of course, along the way, he did not forget to help her explain what to pay attention to and what to put next to it.

Rong Shu listened very seriously.

Mother Feng on the side was even more relieved to see it.

After breakfast, Fu Jingting took Rong Shu to the balcony to bask in the sun.

The day is getting warmer, and the sun outside today is just right, not very sunny, just the right kind, the sun is particularly comfortable.

Rong Shu curled up in the hanging basket, the corners of her mouth slightly hooked, looking very enjoyable.

And Fu Jingting was next to handle official business.

Although the two did not speak or disturb each other, the warm friendship they showed between them was very enviable.

Mother Feng looked at them, took out her mobile phone and took a photo, and sent it to the old lady to see.

Don't mention how happy the old lady is.

At this time, Fu Jingting's mobile phone rang.

He looked at Rong Shu.

Rong Shu was not asleep, with headphones in her ears, listening to music, and also heard Fu Jingting's mobile phone ringing.

She sat up a little and said to the man, "It's okay, you pick up, I didn't sleep, it won't disturb me." "Good

."

Fu Jingting bowed his head, he thought that he would make a noise with her, so he would look over and prepare to go inside to pick it up.

She wasn't asleep, so that's okay.

The phone was opened by Assistant Zhang, and he did not put it to his ear, but directly turned on the amplification so that Rong Shu could also listen to it.

"What's going on?" Fu Jingting asked on the other end of the phone.

On the other end of the phone, Assistant Zhang replied, "President Fu, Liu Linlin was escorted to the execution site today.

As soon as

these words came out, the pen in Fu Jingting's hand paused, and Rong Shu quickly took off the headphones, "Why is it today?" Isn't it time yet?

Fu Jingting said that it was also strange.

He didn't know this in advance, and the police didn't tell him.

"In advance." Assistant Zhang said: "Because the above is preparing to hold a large-scale competition in our sea market, the time is just at the time of Liu Linlin's execution, but the above wants to get a good look, so it is decided to execute that group of death row prisoners early."

"So it is." Fu Jingting raised his chin slightly, indicating that he understood.

Rong Shu smiled, "Liu Linlin's luck is really bad. I

could have lived a little longer, but I died prematurely all of a sudden.

"It's not good, but it's all her own fault." Fu Jingting squinted his eyes and said coldly.

Rong Shu was noncommittal about this.
