This Time I Will Get My Divorce Chapter 1471—"Yes, everything is Liu Linlin's own fault, if she is not so bad and a little kinder, she will not fall to such a point."

I don't know if Liu Linlin regrets it now.

After all, he is only in his twenties, and his life is about to end.

"Well, don't talk about her, it affects the mood." Fu Jingting touched her head, felt that her hair was a little hot, and quickly stood up, "Don't dry, go back first, it's not good to dry for too long."

"Hmm." Rong Shu also knew this, had no objection, and nodded in agreement.

She first supported the wall and went in, and Fu Jingting was still behind to have a final conversation with Assistant Zhang.

Assistant Zhang said, "President Fu, and Liu Lao's side, the trial will officially start tomorrow, do you want to go?"

"No need." Fu Jingting closed his eyes and refused expressionlessly, "When the time comes for the final trial, I'm going to take a trip."

Go and ask Liu Lao if he regrets killing Professor Wang in the first place.

"By the way, what's going on over there with Duan Xingbang?" Fu Jingting only wants to know this now.

That person, it had been so long since he and Xiao Yezi almost died in the fire, and he didn't inquire about Duan Xingbang's situation, nor did he know how that person was now.

Assistant Zhang replied, "Duan Xingbang is still temporarily locked up in the detention center, and there are some problems with his accounts, so the finance department is still investigating the account books, and only after the account books are investigated will they be dealt with together, and this matter should not be long ago."

"Okay, let me know when the time comes." Fu Jingting squinted.

He would definitely not let Duan Xingbang have a good time, even if Duan Xingbang could not be sentenced to death, he would let Duan Xingbang live in prison for the rest of his life.

"It's President Fu." Assistant Zhang nodded in agreement.

After the call, Fu Jingting put away his mobile phone, picked up the documents and entered the house.

Rong Shu was changing clothes.

Although the sun outside is indeed very comfortable, it has been in the sun for too long, and there is a little sweat on the body, ready to change into clean clothes.

When Fu Jingting came in, he happened to see this beautiful scenery, his eyes instantly widened, and he stood there motionless and stared.

Rong Shu felt that something was wrong, stopped changing clothes, subconsciously turned her head to that side, and heard the man's breathing, and the vague mint fragrance coming from the man.

Rong Shu knew that the man was standing not far away to watch her change her clothes.

She exclaimed, quickly picked up the quilt to block herself, "Why did you come in so quickly?"

She also thought that he would talk to Assistant Zhang for a while, so she changed her clothes with confidence.

Who knows, she hasn't finished changing, he came in, I don't know how long it has been in, standing there and watching.

Thinking of what kind of eyes the man would look at this moment, Rong Shu was shy in her heart, and quickly snorted the man, "Quickly turn your head and look!"

She wants to get dressed.

However, Fu Jingting not only did not listen to her words, but also turned his head around, but also hooked his thin lips and walked towards her.

Rong Shu heard the footsteps, and her body shrank, "Fu Jingting, what do you want to do, don't come over, stop!"

She shouted loudly, not allowing the man to step forward.

But how could the man do so, continue to move forward, came to the edge of the hospital bed, and said in a slightly hoarse voice, "Wife, I'll help you change."

Rong Shu grabbed the quilt tightly and quickly shook her head, "No need, I'd better change it myself, you change it for me"

She estimated that she didn't know when she would wear this dress.

This guy is not without precedent.

"I'll come, husband help you." Fu Jingting ignored Rong Shu's refusal and continued to pull the quilt.

Where is a woman's strength comparable to that of a man, and soon the quilt that covered her body was pulled away by Fu Jingting.

Rong Shu's half-amputated body was exposed to the eyes of men like this, and her figure was very proud.

The man's eyes were dark, and Rong Shu's little face was red and dripping blood, and he wanted to reach out and cover it.

The man grabbed her with both hands and pressed her to the hospital bed.

"Fu Jingting, what are you doing?" Rong Shu was taken aback.

Fu Jingting's voice was hoarse, "Don't move."

Since she was pregnant, he cared about her body and the child in her belly, and he hadn't been warm with her for a long time, and at most he stopped kissing, and he had endured it until now.

If he didn't see the beautiful scenery just now, forget it, he continued to endure, but he saw it, how could he endure it.

Rong Shu was tickled by the kiss, shy and shy, while pushing him, while listening to the movement at the door worriedly, "Don't make trouble, you hurry up, Mama Feng will see it in a while."

"Mother Feng went out and won't come back so soon." Fu Jingting didn't get up at all, and hugged her tightly in his arms.

"Even if Mother Feng doesn't come back, it's not good if the doctors and nurses come in a while."

"It won't." Fu Jingting looked down at her, unhurried, "They will knock on the door before they come in, and they won't come in directly, so they won't see it."

The implication was that no matter what reason she found, he wouldn't let it go.

In the end, Fu Jingting directly ripped off the clothes on her body, so that her entire upper body was bare.

“Yay!” Rong Shu was even more ashamed and wanted to cover it again.

Looking at Rong Shu’s appearance, Fu Jingting laughed low and kissed it.

Two hours later, Fu Jingting solved it once with tricks.

Rong Shu took the wet towel he handed him to wipe herself, turned around, turned her back to him and ignored him.

Fu Jingting also knew that he had gone a little too far, and it was his fault that he did not control it.

“Wife.” Fu Jingting sat down on the edge of the hospital bed and gently held her in his arms, “Don’t be angry, okay, I won’t be next time.”

“You want to have a next time!” The corner of Rong Shu’s mouth twitched.

Fu Jingting buried his head in the socket of her neck, “This time, I didn’t control myself, or else, you hit me twice?”

“Forget it.” Rong Shu shook her head, “I can’t go back to the past after hitting you twice, what are you doing when I hit you?” It

seems to be true.

“So how do you not get angry?” Fu Jingting kissed the woman’s cheek and asked.

Rong Shu took his hand away, “You stay away from me now, don’t be next to me, I won’t be angry in a while.”

This guy kicked his nose on the face, let him get closer, maybe it will come again in a moment.

Fu Jingting saw her thoughts and chuckled, “Okay, I’ll go and put the bath water on you.”

Rong Shu waved her hand and signaled him to hurry up, she also wanted to wash it, and her body was sticky.

Soon, the water was put away, Fu Jingting came back and took her to the bathroom, put her in the bathtub, and said softly, “Call me after washing, I’ll take you out later.” “Good

.” Rong Shu answered on the edge of the bathtub.

Fu Jingting touched her head and went out.

Rong Shu leaned on the massage board of the bathtub and enjoyed the automatic massage of the bathtub.

Fu Jingting cleaned up the hospital bed outside.

Before Mama Feng comes back, these must be dealt with cleanly, and Mama Feng can't find out.

Otherwise, Mother Feng would definitely criticize him when she saw him messing around during Xiaoyezi's pregnancy.

He is thirty-one, how humiliating it is to be criticized, and Xiao Yezi must laugh at him.

So, he had to get it clean.

Fu Jingting sorted these out quickly, and within a few minutes, the hospital bed was a little more refreshed.

And the ones that were replaced were directly thrown into the garbage bag by him, ready to take them out and throw them away later.

Everything was so perfect and seamless, so when Mother Feng came back, she really didn't find out what the two had done secretly while she wasn't there.

However, Rong Shu herself was still a little embarrassed and embarrassed.

This Time I Will Get My Divorce Chapter 1472-After all, she was pregnant, and she came with Fu Jingting, if she let others know, she would definitely think she was anxious.

Mother Feng actually didn't find anything, but Rong Shu's unnaturalness still exposed some problems.

She put down the things in her hand, looked at her, and then looked at Fu Jingting, who had thin lips slightly hooked on the side, and asked puzzled, "Young Master, Young Lady, what's wrong with you?" I feel like weird between you.

Especially the young lady, the little blushing and still lowering her head.

"Young Lady, did the Great Young Master bully you?" Mother Feng hurriedly asked.

Rong Shu raised her head and shook her head repeatedly, "No, he didn't bully me."

“Then why are you so red in the face.” Mother Feng was very puzzled.

Rong Shu’s mouth opened, unable to explain.

In the end, Fu Jingting put his arm around her shoulders, coughed lightly and said, “Yes, I bullied her.”

But not bullying in the literal sense, but that kind of bullying.

Mother Feng didn’t understand, because he was literally a bully, and glared at him with dissatisfaction, “Young Master, how can you do this, Young Lady is pregnant with a child, and you still bully her?” You” “

Mother Feng, don’t get excited, I’m already fine.” Rong Shu shook her head again and again to explain, reassuring Mother Feng.

Mother Feng was disgusted with Fu Jingting, “Young lady, don’t help the young master speak, you tell Mother Feng, how did the young master bully you, Mother Feng help you educate him, if Mother Feng can’t do it, Mother Feng will tell the old lady and let the old lady teach a lesson.”

“This” The corner of Rong Shu’s mouth twitched.

Isn’t that embarrassing her?

How could she say how Fu Jingting bullied her, how embarrassing.

Rong Shu showed a very far-fetched smile, “Mother Feng, it’s really okay, don’t ask, we’re already fine, if I’m really bullied very badly, I will definitely let you and my grandmother decide for me, but I’m really okay.”

“Really?” Mother Feng was still a little uneasy.

Rong Shu nodded, “Really.

“Okay then.” Mother Feng believed her, but she still did not forget to warn Fu Jingting, “Young Master, although the young lady helps you speak, but you should also pay attention to yourself, you really bullied the young lady fiercely, and you will regret it when the time comes.”

“Hmm.” Fu Jingting nodded solemnly.

Mama Feng snorted and turned back to the kitchen, where she was strong.

After Mother Feng left, Rong Shu breathed a slight sigh of relief, and then groped for the soft flesh that was directly screwed on Fu Jingting’s waist.

Fu Jingting snorted in pain, and squeezed her hand, "What's wrong?"

"You still ask." Rong Shu gave him a blank look in her heart, "It's all your words, Mother Feng just chased the roots, so I don't know how to say it."

Fu Jingting laughed lowly, "Actually, it's nothing, this is a matter between our husband and wife, and Mother Feng won't laugh at us."

"I can't laugh, but I'm pregnant and like this, I will definitely be said." Rong Shu hummed.

Fu Jingting touched her hair, "No, Mama Feng can't find out."

"I hope." Rong Shu took his hand down and yawned, "I want to sleep for a while."  
Pregnant

women sleep a lot, plus they tossed with men for two hours before, and their bodies have long been lacking.

When Fu Jingting heard this, he directly picked her up, put her on the hospital bed, covered her with a quilt, and kissed her on the forehead again, "Sleep, my husband is guarding you."

"Hmm." Rong Shu smiled and went to sleep.

Fu Jingting sat on the edge of the hospital bed, held her hand, and continued to open a document to deal with official business.

His movements of turning the pages are small, and the movement of signing is also very slow, trying not to make a sound, so as not to disturb her.

Even if he knew that after she fell asleep, she slept deeply, and she was generally not easily woken up, and he would not be presumptuous.

In the next few days, with Fu Jingting's company, Feng's mother's care, Fu Jinglin's funny, and Cheng Huailu's visits from time to time, plus during the period, Mrs. Gu and Gu Yaotian will also contact, it can be said that during this time, Rong Shu has a good time, not to mention how happy and satisfied.

However, every time she contacted Mrs. Gu and Gu Yaotian, Rong Shu always felt that something was wrong, as if something was missing.

But let her think, she can't remember.

Fortunately, Rong Shu is not the kind of person who will force herself, if she can't figure it out, she doesn't think about it, just continue to live her own life.

On this day, Mrs. Gu called again, she was lying on the bed, only because she had just finished surgery yesterday, and she woke up not long ago.

The first time I woke up, I contacted Rong Shu and wanted to tell Rong Shu that her operation was successful.

After all, she only has this one daughter, and she just wants to share this good news with her daughter.

The second is that I don't want my daughter to worry.

Although her daughter did not say anything, she could feel that if he did not tell her daughter about the operation, her daughter would be worried in her heart.

Sure enough, after Mrs. Gu told Rong Shu that her operation was successful, Rong Shu's brows relaxed significantly, and Mrs. Gu knew that her guess was correct, and her daughter was really worried about them.

"Congratulations." Rong Shu bit her lower lip and congratulated Mrs. Gu on the other side of the video.

Mrs. Gu responded with a smile, "Mother will be able to come and see you after a while."

Rong Shu did not agree, but did not refuse.

Mrs. Gu was already satisfied.

After that, the mother and daughter said something else and hung up the video.

And at the moment of hanging up, Rong Shu saw the nurse in the pink sanitary suit, and finally remembered that there was something missing, one less person, Li Zhaodi.

She didn't seem to have seen Li Zhaodi next to Gu Yaotian and his wife all this time.

On the day Li Zhaodi was released, Li Zhaodi said that she would go back to take care of Gu Yaotian and his wife, so she released Li Zhaodi.

But she didn't see Li Zhaodi next to Gu Yaotian and his wife, did Li Zhaodi not go back, or was she driven away by Gu Yaotian and his wife?

It should be impossible not to go back, she can see that although Li Zhaodi is greedy for the Gu family's money, she also has feelings for Gu Yaotian and his wife, otherwise she would not do the matching by herself, and if she wanted to save Gu Yaotian, she couldn't save it, so she ran to beg her.

You know, coming to beg her will expose her identity, so Li Zhaodi will not be able to say anything about Gu Manqing, and will also be targeted by Fu Jingting.

Li Zhaodi knew this, but still did it, which can only show that she really has feelings for the Gu family couple and truly regards them as parents.

So it is impossible for Li Zhaodi not to take care of them, but Li Zhaodi is indeed not there, then there is only a second possibility, Gu Yaotian and his wife drove her away.

It is not impossible, now that Gu Yaotian and his wife are bent on her, there is a high possibility that they will drive Li Zhaodi, a fake daughter, away.

Because they only love their own biological daughters, if they still keep their fake daughters around, isn't it a biological daughter?

Therefore, it will drive away Li Zhaodi, which is not impossible for Gu Yaotian and his wife.

Thinking of this, Rong Shu was actually a little happy in her heart.

Because the biological parents can do such a thing for themselves, as the parties, they are naturally happy in their hearts.

She is also an ordinary person, also has her own little vanity, and also hopes that the people closest to her can regard herself as the most important.

Even if she couldn't completely accept Gu Yaotian and his wife in her heart, at least now she would have less concern for them because of Gu Yaotian and his wife's approach.

"Mama Feng." Rong Shu put down her mobile phone and shouted to Feng Ma, who was packing clothes in the room inside.

Mother Feng heard the movement and came out, "What's wrong, Mrs. Da Shao?" "

This Time I Will Get My Divorce Chapter 1473-"Mother Feng, you are packing up some supplements and sending them to her." Rong Shu's eyes flashed and said.

She knew that Mama Feng would understand who this 'she' in her mouth would be.

Mother Feng glanced at Rong Shu's mobile phone on the quilt, and immediately reacted, smiling, "Okay, I'll go in a moment."

“Hmm.” Rong Shu smiled and nodded.

Mama Feng went back to the inner room.

Rong Shu picked up the book and continued to read.

Originally, she said that she would take the advanced examination in the second half of the year, but the plan could not catch up with the change, and she was actually pregnant.

And the exam time was exactly eight or nine months old for her.

At that time, she had a big belly, and it was estimated that she would not be able to take the exam.

What's more, she is pregnant with twins, and it is very likely that she was born prematurely, perhaps before the exam, and it is also possible that she was born during confinement.

In short, for the exam, she is now Buddhist mentality, if she is not born at that time and her body is okay, she will take the exam, if she is in confinement, or if her body cannot walk, she will not take it.

All in all, whether she participates or not, she still continues to learn the homework she should learn, and she can't be left behind, after all, the next exam can also be used.

Fu Jingting is not here today, go to the group, otherwise he is teaching her a lesson now.

On the other side, a dimly lit room.

Syllable!

Su Cheng directly slapped Gu Manyin in the face and knocked Gu Manyin to the ground.

Gu Manyin was blinded, lying on the ground for half a day without moving, his two eyes stared blankly at the carpet, and his face was crooked.

She originally had a plastic surgery face, and she has not yet recovered from it.

The recovery period for full-face plastic surgery will take at least one or two years, she is only a few months, where can she withstand such a cruel slap, so half of her face is directly crooked, hot pain.

This pain finally brought Gu Manyin back to her senses, she sat up and looked at Su Cheng with a gloomy expression on her face in horror, "Why did you hit me?"

She did everything during this time, and as a result, he couldn't help but say, directly coming in was a slap and blindsided her.

"Why hit you?" Su Cheng squeezed the dragon head on his cane, "Did I say that let you settle down a little recently?" Now there are police officers everywhere outside, let you stop making trouble, wait and see what happens, you are good, run out and make a big fuss at the Gu family, the Gu family has called the police, so that now there are more police officers staring at us outside.

At the beginning, he really hoped that Gu Manyin would do more things, and it was best to turn this sea market upside down.

Who knew that before Gu Manyin could exert his strength, they were monitored by the police.

He knew that Fu Jingting must be doing something behind this, so he immediately asked Gu Manyin to settle down a little, so that he could design to leave the sea market, and his intuition told him that if he didn't leave, it would be too late.

However, the sea market is Fu Jingting's territory, and he is under surveillance, and it is not so easy to leave here.

Therefore, during this time, he has been thinking of a way, but this woman is good, and actually ran out to make trouble on the Gu family's side, making it more people monitoring them now, and it is even more difficult for him to leave.

How this makes him not angry.

"I don't know, I haven't thought about that." Gu Manyin was really afraid of this old guy, and when he saw this old guy looking like he was going to eat himself, Gu Manyin couldn't help but snort.

"Didn't expect that?" Su Cheng smiled angrily, "Did I tell you not to go anywhere recently, and you take my words as a deaf ear?"

After that, he put another stick on her.

Gu Manyin screamed miserably, "I'm wrong, I won't be again, I listen to you, don't fight"

Later?" Su Cheng's eyes turned cold, "You have already ruined my plan this time, do you still want to have a future?"

Gu Manyin was so blocked by this sentence that she couldn't speak.

Su Cheng's eyes were gloomy, and he looked at her like a dead person, "You will let me stay in the house well, and then dare to run around, without Fu Jingting cleaning you up, I will kill you first, do you hear?"

"Heard me." Gu Manyin nodded and replied fearfully.

If anyone who knows her sees her like this, I am afraid they will be stunned.

You know, Gu Manyin in the past, but arrogant, will now become so cautious, although vicious or as vicious as ever.

But becoming more like a mouse is also embarrassing.

Su Cheng ignored Gu Manyin and got up and left.

Gu Manyin suddenly hugged his leg, "Wait a minute, help me hire a doctor, my face is crooked, my face is crooked."

She couldn't look like herself, it was extremely ugly.

What's more, it still hurts.

"Get a doctor for you?" Su Cheng sneered, "Isn't that spending my money?" I spent so much money on you to do things for me, but what did you do for me? Why didn't you do it for me, and now you still expect me to take money to show you your face? Don't even think about it.

Su Cheng directly kicked her hand away and walked out of the room.

In the room, Gu Manyin yelled like a madman.

Outside, when Su Cheng heard this, his expression was unmoved.

Assistant Li handed him a lit cigarette, "Boss, do you want to take her directly?"

He made a gesture of wiping his neck.

Su Cheng shook his head, "No need, he is still useful, when Fu Jingting deals with us, we can also throw her out to block the knife." That's

all that comes in.

Nothing else.

What's more, this woman is also a poisonous snake, and he doesn't dare to involve her in too many plans.

"Yes." Assistant Li heard him say this, and immediately stopped saying anything.

"Let's go.

Su Cheng threw away his cigarette butt, left with his cane, and left behind

Sure enough, after Mrs. Lu knew the intention of Rong Shu's call, she immediately gave a lot of suggestions.

The old man, this age actually does not like many things, what precious jewelry, valuable cultural relics, these are nothing.

After all, after living an age, these are not unseen, not unowned, no matter how much is not unusual.

Especially for old ladies like the old lady, these things are never lacking, and the gifts they want are never these, but family joy and full of children and grandchildren.

In fact, Rong Shu doesn't have to give any gifts at all, and the two children in her belly are the best gifts.

Of course, the child has not yet been born, and you can't really give nothing, just send something related to the child.

For example, the child's examination report, B ultrasound or something, let the old man know that the child is very good, the child's development, she believes that the old lady will definitely like it.

Rong Shu smiled and felt that it was quite reasonable, so she hung up the phone, and she immediately turned over the previous inspection reports.

When Fu Jingting came back, he saw that the hospital bed was full of various lists, and he raised his eyebrows slightly, "Wife, what are you doing?"

Rong Shu did not hide from him and said his purpose.

Fu Jingting chuckled after hearing this, "Then I'll sort it out with you." "Good

.” Rong Shu pointed to a pair of lists on the other side.

Her eyes could already see yesterday.

Corneal surgery, itself does not need to take too long to recover, so many days can remove the gauze vision, but can not always see, must let the eyes rest more.

Fu Jingting sat down and sorted out with Rong Shu.

While sorting out, the two were still talking about which ones were more appropriate.

Mother Feng stood on the balcony drying her clothes, while drying, she listened to the conversation between the husband and wife in the house, and her face was also smiling.

Such a day, I have to say that it is very warm and peaceful, if only it could continue like this.

However, tranquility is always the prelude to the storm.

On the old lady’s birthday, Fu Jingting did not accompany Rong Shu to the old mansion.

Originally, he really wanted to accompany him, but something happened on the group side in the morning, and a large billboard fell, killing a staff member.

This matter is not small, so Fu Jingting must personally go over and deal with it.

Therefore, Fu Jingting could only let Rong Shu go back to the old mansion alone.

Of course, he was also worried about her safety, so before going to deal with the matter, he also arranged a lot of security forces for Rong Shu to ensure that they could send Rong Shu to the old mansion, and Fu Jingting left with confidence.

In the car, Fu Jingting looked at the incident reported in the news, his face was gloomy and ugly, and the murderous aura exuding from his body made people a little breathless.

“What the hell is going on? Why do billboards fall? Fu Jingting stared at Assistant Zhang, who was driving, and asked, “Is the maintenance department seriously responsible for the inspection work?”

After all, it is the responsibility of the employees of the maintenance department to inspect various equipment.

Now that the giant billboard has fallen and smashed people, the biggest responsibility is the Fu Group, which is the maintenance department.

Assistant Zhang knew that Fu Jingting would definitely ask this, so before coming, he had already gone to inquire in advance, and replied while driving: "President Fu, this matter is not a poor inspection by the maintenance department, the maintenance department will go to inspect various equipment every other week, yesterday happened to be the inspection time, and the inspection report handed over by the maintenance minister was normal."

"Since it's normal, then you tell me, why did the billboard fall?" The reason for the fall is still loose screws! Fu Jingting was obviously dissatisfied with this answer, "Do you know how important a screw is for this kind of thing?" It is the connecting body of the billboard, as long as one screw is loose, the entire billboard will fall apart from the sky, the maintenance department as professionals, don't they know that the first key place to check is the connecting screw?

"They knew that Minister Liu had indeed repeatedly assured that they had checked the screws, and Minister Liu was at the scene at the time, and he saw with his own eyes that the first thing the employees checked was the screws, Minister Liu did not lie, and the monitoring did indeed realize that the first place they checked was the screws." Assistant Zhang replied.

Fu Jingting narrowed his eyes, "So, Minister Liu did not personally work at height, but let his employees go?"

"Yes." Assistant Zhang nodded, "So the biggest problem is that the employee, he should not have checked carefully."

Fu Jingting snorted, "In addition to not carefully examining this reason, there is another reason, that is, he deliberately manipulated the screws."

As soon as

these words came out, Assistant Zhang almost stepped on the wrong brake.

He quickly looked at Fu Jingting from the rearview mirror, "President Fu, do you mean that the employee deliberately manipulated the screws in order to harm us Fu?"

"Haven't you seen that the news is making a lot of noise right now?" Fu Jingting narrowed his eyes, "Many media were originally afraid of Fu, but this time they also rushed to report on this matter, which can only show that someone behind this is manipulating these media."

"Then to speak, this matter was really planned by someone, bought out that employee, deliberately made this kind of thing, and then let the media report, to carry out a public opinion blow to our Fu Group, after all, there are human lives, ordinary people will question our Fu Group's equipment, if it is not handled well, our Fu Group will be boycotted by all the masses." Assistant Zhang's brows furrowed deeply.

After all, the vast majority of the masses are haters of the rich, and it is good that there is no point for them to vent.

But once they catch a certain point to vent, they will not hesitate to gather and attack them.

In addition, people are also animals that follow the trend, as long as someone leads the rhythm, others will not care what the truth is behind it, and resist it together.

Even if the Fu Group is a behemoth, if it is boycotted by the whole country, then no matter how big the behemoth is, there will be a time when the building will fall.

If the people behind the scenes really pay such attention, it can only be said that it is too unconscionable.

Actually, involving innocent ordinary people, that is a human life.

“Immediately contact Minister Liu to see if the maintenance employee is still there, if it is still there, then maybe he is lazy enough to cause all this to happen, send people to the police station, if not, it means that my guess is right, someone deliberately bought him to do the whole thing.” Fu Jingting clenched his mobile phone and ordered coldly.

Assistant Zhang answered, parked the car on the side of the road, and quickly took out his mobile phone to make a call.

The call was answered quickly, and Assistant Zhang hurriedly asked the whereabouts of the other employee.

I didn't know that the person on the other end of the phone said it, and Assistant Zhang scolded secretly with an ugly face.

Then, he put down his mobile phone and turned his head to look at the man in the back seat, with a shameful expression, “Mr. Fu, you are right, the employee is gone, and he immediately left his resignation after yesterday's maintenance.” Minister Liu said that he had asked someone to go to the employee's home and ask the employee to explain why there was no problem yesterday, who knew that the employee was dead

?” Fu Jingting's fingers tapped on his knees, his tone was not hurried, very flat, and he couldn't hear the joy or anger.

Assistant Zhang nodded, “Yes, the person sent by Minister Liu said that the employee knocked on the door and did not open the door, and the next-door neighbor also said that the employee had not come out since he went back, Minister Liu's people thought that they were weak-hearted, so they directly kicked the door in, who knew and saw the employee fall to the ground without breathing.” ”

“How did you commit suicide?” Fu Jingting’s fist clenched violently.

There was only one person in the family, and suddenly died, and there was no other possibility than suicide.

“According to the forensic examination, he committed suicide by drinking medicine.” Assistant Zhang replied.

Fu Jingting closed his eyes, “Well, got it, let’s go.”

Assistant Zhang restarted the car.

After walking for a while, he still couldn’t help but ask, “President Fu, did you say that Su Cheng did this matter?”

“There is no one else but him.” Fu Jingting’s face was cold.

Assistant Zhang nodded, “In that case, he is declaring war with us, I thought he would continue to endure, but I didn’t expect that he would suddenly start now.”

“Gu Manyin ran to the Gu family to make a fuss, resulting in more people monitoring Su City, Su City can’t do a lot of things, and can’t leave here, so all this, he can only give it a go.”

“So it is.” Assistant Zhang nodded in understanding, “Then he should regret coming to the sea market now, right?” I regretted helping Gu Manyin even more.

Fu Jingting’s eyelids drooped, and he couldn’t see the emotions under his eyes, “Whether he regrets it or not, he shouldn’t involve innocent people.”

“That’s what Mr. Fu said.”

Fu Jingting stopped talking after that, and Assistant Zhang stopped talking, and the atmosphere in the car was very depressing.

Soon, the Fu Group arrived, and there were many media outside the group, as well as the police.

As soon as Fu Jingting got out of the car, he attracted everyone’s attention.

The media rushed to interview him, wanting to know from Fu Jingting what he thought about the matter and how to solve it.

Fu Jingting's face was expressionless, and he didn't mean to answer.

The surrounding bodyguards held hands and directly blocked these media around, preventing them from getting close to Fu Jingting.

Although the media could not get close to Fu Jingting, this did not dampen their enthusiasm in the slightest, and they still held up the microphone and kept shouting at Fu Jingting.

I hope to get a little response from Fu Jingting.

This scene was naturally also on TV.

Gu Yaotian and Mrs. Gu originally didn't know about this, but they saw it when they pressed the remote control to change the channel.

Only then did the two people know that such a big event had happened to the Fu Group.

"God, how could such an accident happen?" Mrs. Gu covered her mouth and watched the report on TV.

"Accident?" Gu Yaotian squinted his eyes and said these two words meaningfully.

Mrs. Gu looked at him, "How?" Isn't that an accident?

"The Fu Group is unlikely to let such an accident happen, even if there are some moths, but they dare not be so blatant, because once there is a little mistake, those moths also know that they can't bear this responsibility, so they are only making some small troubles for themselves at most, and absolutely dare not pay attention to this kind of thing, which is a matter of risking human life." Gu Yaotian explained.

Mrs. Gu also understood, "Then to speak, the billboard of Jingting Company fell down, not an accident, but" "

It is very likely." Gu Yaotian squinted, "Someone deliberately cleaned up the scene.

"Who will it be?" Mrs. Gu was very anxious.

After all, Fu Jingting is her daughter's husband and their son-in-law.

They are now on the side, how can they watch Fu Jingting have an accident.

Gu Yaotian shook his head, "I don't know, but it's very likely to be Su Cheng."

This is Fu Jingting's biggest opponent.

"Is he?" Mrs. Gu exclaimed.

"Very likely!"

"Then let's tell Jing Ting quickly." Mrs. Gu said that she was looking for a mobile phone.

Gu Yaotian shook his head, "No need, what I can think of, Fu Jingting can't think of it, he should already know, he will deal with it."

Mrs.

Gu felt the same, but the mobile phone still did not put down, but found Rong Shu's phone and called, "I called Shushu, now the matter is so big, she must also be worried about Jing Ting, I have to comfort and comfort her."

Gu Yaotian did not stop it.

Because he is also worried about his daughter.

The phone quickly connected, and Rong Shu's shallow voice came, "Hello?"

"Shushu, it's Mom." Mrs. Gu said quickly.

Rong Shu snorted, indicating that he knew, "Is there something wrong?"

"Yes." Mrs. Gu hurriedly replied, "Something happened to the Fu Group, do you know Shushu?"

Rong Shu snorted, "Got it, what's wrong?"

"It's okay, it's okay." Mrs. Gu shook her head, "I'm just a little worried that you will be affected by this matter, after all, something happened to the Fu Group, and you must not be at ease."

"It's a little, but Jing Ting said he will handle it, so I don't have to worry." Rong Shu replied.

Fu Jingting's ability is there, so it will not be unstable.

"So Jing Ting greeted you first, right?" Mrs. Gu asked.

Rong Shu nodded, "Yes."

"That's good, that's good." Mrs. Gu breathed a sigh of relief, "I thought Jing Ting didn't say hello to you in advance, and I was worried that you would be uneasy."

"He won't tell me beforehand, don't worry." Rong Shu smiled at the corner of her mouth.

Mrs. Gu nodded, "Okay, don't worry, mom, mom isn't worried, but where are you, Shushu?" You don't seem to be in the hospital, I heard the sound of cars.

"Today is my grandmother's birthday, I went back to the old house to wish her birthday, and now I am on my way there." Rong Shu looked back at the scenery flashing outside the window.

Mrs. Gu suddenly said, "So that's the case, okay, then mom won't bother you, help us say happy birthday to the old lady." "Good

."

Rong Shu agreed.

"Is it Mrs. Gu?" Mama Feng, who was sitting next to her, saw her put down her mobile phone and asked.

Rong Shu threw the phone into her bag, "It's her, she saw the news on the Internet and thought I would be worried about Jing Ting, so she specially called me to comfort me and let me not think about it."

Mother Feng smiled, "Her mother is quite good." The

corner of Rong Shu's mouth squeezed and did not answer.

Seeing this, Mother Feng stopped talking.

Suddenly, the car stopped.

"What's wrong?" Rong Shu asked the driver.

The driver turned around, "I don't know, the car in front stopped."

This is already a private road, there can be no cars around, there are also their convoys.

It stands to reason that their convoy should have arrived at the old house all the way, and there is no possibility of stopping along the way.

But now it does appear.

"Is there a problem with the car in front?" Rong Shu asked again.

The car in front was sat by the bodyguard.

The car behind is also the bodyguard's.

Only she and Mama Feng, the main car, were in the middle, protected by two bodyguard cars.

"I don't know, Madame wait a minute, I'll ask." The driver said, picking up the equipment in the car and calling the car in front.

The car in front quickly responded, "There is a group of people blocking the road in front, and we can't get by."

"Get in the way?" Rong Shu's brows frowned slightly, "This is the Fu family's private highway, who will block the road here?"

"Nothing is going to happen, is it?" Mother Feng was a little worried.

Rong Shu's mouth opened, not knowing how to answer, because she couldn't say for sure.

"It's not good, that group of people came over." The sound of pulling the bodyguards came from the equipment in the driver's hand.

Immediately afterwards, Rong Shu saw more than a dozen big men dressed in black appear in front of the car in front, and then rudely pulled the door of the car in front open.

The four bodyguards of the car in front got out of the car and fought with the dozen black-clothed men.

The bodyguards are very good, all of them are one dozen and ten, but those big men are obviously not bad, plus the number of people has the upper hand, and soon the four bodyguards are restrained.

The bodyguard of Rong Shu's back car also heard at this time, "Madam, those people are not good, you sit in the car, don't go down, let's go out to deal with them."

"Okay, you guys be careful." Rong Shu nodded.

This Time I Will Get My Divorce Chapter 1476–The People of Su City

“Don’t worry, ma’am.” After several bodyguards in the rear car responded, they got out of the car and went to the front, and also joined the battle.

But those dozen or so black-clothed men, in terms of numbers, are better than her bodyguards.

Fu Jingting arranged a total of eight bodyguards for her and a driver.

Now there are four bodyguards who have been subdued, and the other party has only injured a few people, and there are nearly ten left.

These last four remaining bodyguards, can they fight?

Rong Shu was worried in her heart, and Mother Feng next to her was also anxious, “It’s not good, these people are all coming at us and deliberately blocking us here.”

Rong Shu was not surprised, because she saw it from the beginning.

“Madam, I’ll call President Fu.” The driver said quickly.

Rong Shu nodded, “Okay, fast fight.”

“I’ll call the police on my side too.” Mother Feng also took out her mobile phone, and then said to Rong Shu: “Young lady, you also call the old mansion, the old mansion is close to the inside, let the old mansion quickly send someone to help.” “Good

.” Rong Shu didn’t say anything, agreed to come down, and then immediately took out his mobile phone to call the old mansion.

When the old lady heard this, she became furious, and hurriedly arranged for more than two dozen people to come here.

Although the old house is not very far from here, it still takes a little time to rush over.

What Rong Shu needs now is for the people who can hold up to the old mansion, only in this way, they will not be in danger.

That is to say, during this period, the remaining four bodyguards are needed to resist.

But whether they can resist or not, Rong Shu actually does not have much confidence, because two bodyguards have been knocked to the ground and can’t get up, and only the last two bodyguards continue to resist stubbornly.

“Young lady, I have already called the police, and the police said that they have come over.” Mother Feng put down her mobile phone and anxiously reported to Rong Shu The

driver frowned, his face was a little bad, "Madam, President Fu can't be contacted there, no one answers, and no one answers Assistant Zhang's phone."

"They are now dealing with the group's affairs, which is very busy in itself, and it is normal not to pick up." Rong Shu pursed her lips and said.

At this point, she was mentally prepared from the beginning.

"Old Liu, in this way, you directly drive over." Mother Feng's eyes narrowed, and she suddenly ordered.

Rong Shu and the driver looked at her in surprise.

She explained with a serious expression, "People are afraid of death, as long as they drive the car directly, they will definitely dodge, we can't be trapped here all the time, if the remaining two bodyguards fall, these people have no restraint, they will immediately come to us, the young lady has a child in her belly, absolutely can't be caught by these people, in case of an accident, it's troublesome, we can't take risks." Hearing

this, Rong Shu subconsciously touched her stomach.

"Young lady, don't hesitate, you can't be fine." Mother Feng was afraid that she would be soft-hearted, so she quickly persuaded.

Rong Shu bit her lower lip and finally nodded, "Okay, give it a try." Mother

Feng was right, the child in her belly must be fine.

If anything, she can't be a mother in her life.

When the driver heard the two say this, he made up his mind, "That's okay, then I'll just break in and sit down."

After

that, the driver stepped on the accelerator and drove directly ahead.

A group of people fighting in front saw the car coming, and sure enough, as Feng Mama said, they subconsciously dodged to both sides, and then the middle road was freed up.

The car continued smoothly.

As for those bodyguards, they will deal with them later, and those who should be sent to the hospital.

But now, they must first keep themselves safe.

“Great, finally here.” Mother Feng looked back and saw the group of people who were being pulled away, and only then smiled with relief.

The driver also nodded, “Yes, fortunately, Mama Feng, you made the right decision.”

“I also went to war with the old lady in my early years, so sometimes it’s time to be decisive.” Mama Feng said with a smile.

But Rong Shu’s brows furrowed tightly, “Mother Feng, I don’t know why, I always feel that something is wrong.” “What

?” Mother Feng was slightly stunned, “Young lady, what’s wrong?”

“It’s those big guys.” Rong Shu pursed her lips and said, “When the car crashed directly just now, they did hide, but their expressions were not a little panicked and surprised, as if they knew that we would break in directly.” Hearing

Rong Shu say this, Mother Feng looked back and thought that it was really like this.

For a while, Mother Feng couldn’t laugh, and her face sank, “There is a problem.”

Rong Shu snorted, she also felt that there was a problem.

“Old Liu, be careful, I always think”

Before Mama Feng’s words were finished, the car suddenly jumped and stopped.

Rong Shu and Feng Ma’s body also subconsciously rushed forward because of inertia.

Rong Shu’s face changed drastically, and she was extremely scared, because if she bumped into it like this, she would definitely hit her stomach, and it would be unimaginable to regret it at that time.

Mother Feng also realized this, and regardless of her own safety, she directly pulled Rong Shu towards her.

Finally, Rong Shu threw herself into her arms, and Feng Ma herself, her shoulder hit the back of the co-pilot’s seat hard, and she screamed in pain.

“Mama Feng, are you all right?” Rong Shu hurriedly checked Mama Feng’s situation.

Mother Feng smiled at her, “Mrs. Da Shao, I’m fine, but my shoulder was bumped, but you, are you okay?”

Mama Feng hurriedly looked at her.

The driver in front also turned his head and looked at Rong Shu with a very bad face.

If something happened to Rong Shu, his life would be over.

“I’m okay.” Rong Shu shook her head, “Fortunately, Mother Feng, you pulled me in time, so I didn’t have anything.”

Although she was relieved, she was also a little embarrassed when she remembered what she had just now

This Time I Will Get My Divorce Chapter 1477–Rong Shu was Captured

These dozen black-clothed men are not the same as those before, but they are indeed for a while, because the combat uniforms on their bodies are all the same.

“The young grandmother of the Fu family is really quite smart, and she guessed it at once.” The young man at the head came over and said with a smile.

Mother Feng and the driver knew at a glance that this group of people was not good, and quickly blocked Rong Shu in the car behind the car.

“Who the hell are you?” Mama Feng asked with an ugly face.

The man pushed his glasses, “Who I am, Mrs. Fu behind you should know.”

“I know?” Hearing this, Rong Shu looked at this man carefully, indeed a little serious, where had he seen it.

She always had a good memory, and soon remembered it, and her face changed slightly, “Is that you?” The

man smiled at her, “It seems that Mrs. Fu recognizes it.”

Rong Shu tightened the window.

Mother Feng turned her head and asked, “Young lady, who is it?”

“It’s Assistant Li next to Su Cheng.” Rong Shu stared at Assistant Li and replied.

The man nodded, “That’s right.

“So, it was Su Cheng who came to arrest us?” Mama Feng finally understood everything.

“That’s right.” Assistant Li raised his chin high, “Do you think that if you spy on the boss, our boss can’t do anything?” It’s ridiculous, our boss has already prepared everything, even if more people monitor him, his plan will go as usual. “Plan

?” Rong Shu stared at him tightly, “What do you want to do?”

“You will soon know what you want to do, take her away.” Assistant Li pointed at Rong Shu.

“You dare!” Mama Feng and the driver resisted each other.

Mother Feng looked at Assistant Li even more warningly, “You dare to attack the young lady, I guarantee that you will not be able to eat and go.”

Assistant

Li seemed to have heard a big joke, and laughed very arrogantly, “We are all here, don’t you dare to attack her?” As for what can’t eat and go, I’m even less afraid, maybe before that, your young lady, you can’t eat and go around first, pull the two of them away, hurry up, otherwise people can’t leave when they come.

“Yes.” More than a dozen big men answered and forcibly dragged Feng Ma and the driver away.

Then the rest of the people pulled the car door and dragged Rong Shu down.

“Young lady!” Mother Feng was anxious and worried, “You let her go, don’t touch her, if you want to take it, take me.”

Assistant

Li rolled his eyes, “You are useless, what are we taking you for?” Noisy to death, directly knocked out. Those

big men immediately did so, and after a collection knife slashed at the necks of Feng Ma and the driver, the two fainted.

“Mama Feng!” Rong Shu shouted eagerly.

Assistant Li pulled her arm, “Don’t worry, you faint too, you’re awake, it’s really hard for us to take you.”

After

that, he also slashed a hand knife at the back of Rong Shu’s neck.

Rong Shu only felt a pain in the back of her neck, and then she didn’t know anything, and her body fell down.

Assistant Li caught her and looked at her increasingly beautiful face after pregnancy, her eyes were cold and hateful.

Then, he threw Rong Shu to two big men, who carried her into a sack, and then a group of more than a dozen people turned over the shoulder of the road and got into the mountains.

This mountain is all private to the Fu family, and the old house is in the deepest part of this mountain.

However, there is still a large part of the mountain that is not developed, and Assistant Li and his party are afraid that if they drive on the road, they will be arrested by the police and the Fu family.

Therefore, from the very beginning, they decided to go from the mountains.

And on the other side of the mountain, they also arranged the pick-up car.

Soon, these dozen people disappeared into the mountains with Rong Shu.

When the people of the Fu family arrived, they only saw Feng Mama and the driver who fainted, and did not see Rong Shu's people.

The old lady was helped out of the car by Mother Zhang, looked at Mother Feng, and then looked at the two cars that were punctured with tires, knowing that Rong Shu was taken away, and was furious, "Find, turn the whole earth over, and find my granddaughter-in-law!"

"Yes." The other bodyguards in the Fu family's old mansion immediately responded.

At this time, the police also came, bringing the injured bodyguards from behind.

The old lady went over to negotiate, only to learn that the big men in black also ran away, the police did not arrest anyone, and when they arrived, there were only two cars left, and these injured bodyguards.

The captain of the bodyguard team looked at the old lady and was very ashamed, "I'm sorry old lady, we didn't protect the lady well."

Although the old lady was angry, she did not really blame them.

Because she already knew that there were many people on the other side, much more than on their side, and it was normal for them to fight.

And they are all injured, several very serious, have already been sent to the hospital.

In the final analysis, Jing Ting did not arrange thoughtfully, let alone expect that someone would suddenly make a move.

“Haven’t you contacted the eldest young master yet?” The old lady asked Mama Zhang.

Mother Zhang shook her head, “No, something happened on the group’s side, and the eldest young master may not have time to look at his mobile phone at all.”

“Then send someone to tell him.” The old lady ordered.

Mother Zhang answered and arranged to go.

The old lady said something to the police again, and then took out all the monitoring of these sections and began to track down the people who took Rong Shu.

Later, the old lady asked the remaining bodyguards to be sent to the hospital, and Feng Mama and the driver were directly put in the car and sent back to the old mansion.

Because she checked, Feng Mama and the driver were not injured, but were knocked unconscious.

When they wake up, they have to ask something.

Although the old lady is old, her brain is not old, and she quickly arranged everything, and then she just waited to find someone.

The police also left and began to dispatch all police forces to track down the people.

Mama Feng woke up shortly after returning to her old home

This Time I Will Get My Divorce Chapter 1478—Fu Jingting, who is raging

After Fu Jingting finished dealing with the group’s affairs, it was already three o’clock in the afternoon.

In the past few hours, he held a press conference and bluntly told the public that this time it was the responsibility of the Fu Group, and the Fu Group would be solely responsible for compensating the family of the deceased.

As for the amount of compensation, this still needs to be negotiated and is not made public, after all, compensation is not just a casual talk, it needs to be drawn up in accordance with the law.

Although the outside public expressed some dissatisfaction with such a mistake made by the Fu Group this time, they naturally chose to forgive for the good attitude of admitting their mistakes and not evading responsibility.

So the criticism on the Internet soon stopped and gradually returned to calm.

Of course, there are still a small number of people who are still talking non-stop, squeezing the last heat.

The news disclosed by Fu Jingting to the outside world is the responsibility of the Fu Group, and he only said that this matter was an accident, and did not directly say that Su Cheng deliberately did it.

After all, sometimes, some truths cannot be said.

“President Fu.” Assistant Zhang knocked on the door and came in, looked at the tired man sitting on the chair, and put down the documents in his hand, “The family of the deceased has gone back.”

“Hmm.” Fu Jingting bowed his head slightly, indicating that he understood, “Let the Ministry of Justice step up the handling of this matter, and try to pay compensation to the family of the deceased as soon as possible, so that the family of the deceased can rest assured.”

“I know, I’ve already said hello over there.” Assistant Zhang said.

Fu Jingting nodded, “That’s good.”

“In addition, the public relations department has also begun to clear some bad remarks on the Internet, and the police are also closing the case.”

In fact, the police also knew that this matter was deliberately done by Su Cheng, but they could not tell the public, so they could only say that it was an accident and close the case as soon as possible.

Of course, closing the case as soon as possible does not mean that this matter is so settled, after Su Cheng is caught, everything will be counted on Su Cheng.

But in general, this matter is temporarily over.

It’s just that the only thing he can’t figure out is why Su Cheng suddenly came to such a hand, and what is the purpose!

“What time is it?” After thinking for a while, Fu Jingting didn’t think about it for the time being, and asked Assistant Zhang for the time.

Assistant Zhang glanced at his watch, "It's half past three."

Fu Jingting stood up, "I'll leave it to you first, and I'll go back to the old mansion first."

"Okay

." Assistant Zhang nodded, and then handed his phone over.

Fu Jingting's mobile phone ran out of power during the processing of the matter, so it was handed over to Assistant Zhang to charge.

Assistant Zhang's own mobile phone is also charging because of the constant calling, resulting in low power.

That's why, whoever calls them, they don't answer.

Fu Jingting took the mobile phone, turned it on, and saw that there were many calls, all of which were taken from the old mansion.

Fu Jingting's thin lips slightly curved, thinking that the old mansion asked him if he was busy and when he would go back, so he returned the old lady's call in a good mood.

However, as soon as the phone was connected, Fu Jingting felt that the atmosphere was very wrong.

"Jing Ting, has the group's affairs been resolved?" The old lady asked in a deep voice, her tone very serious.

Fu Jingting's foreboding in his heart was even heavier, "It's settled, grandmother, did something happen?"

The old lady knew that it was impossible to hide from Fu Jingting, and nodded, "Yes, Shushu was taken away by Su Cheng." "What

?" Fu Jingting stood up from the chair at once, his face changed in shock, "You said that Xiaoyezi was taken away by Su Cheng?" Assistant

Zhang across the desk was stunned when he heard this.

What are you kidding, Madame was taken away by Sioux City?

"Yes." The old lady sighed, "Su Cheng ambushed many people on the road of the old mansion, and also put a thorn, forced to stop Shu Shu's car, the bodyguards did not hit those people in Su City, Feng Ma and the driver were also knocked unconscious, Shu Shu disappeared, and was taken away by them." Bang

!

Fu Jingting kicked over the chair and became furious.

No wonder he had a sense of foreboding, and now the premonition really came true, and his wife was actually taken away by Su Cheng.

“Where did you take it?” Fu Jingting asked with scarlet eyes.

The old lady shook her head, “I don’t know, I’ve sent someone to look for it, the police are also tracking, there is no news yet, but what is certain is that they are still in the sea market.”

“I see.” Fu Jingting closed his eyes fiercely, and it took a while to suppress the violence, and his voice was as cold as ice hell, “I’ll be right back.” “Good

.” The old lady answered.

The phone hung up, Assistant Zhang looked at the angry Fu Jingting, and hurriedly asked, “President Fu, what’s going on?”

“Rong Shu was taken away by Su Cheng and is now missing.”

“So this will be so?” Assistant Zhang said that he couldn’t figure it out, “Didn’t you arrange eight bodyguards for Madame?” How did it get taken away?

“Su Cheng brought a lot of people to block the road of the old mansion, and eight bodyguards are simply not enough.” Speaking of this, Fu Jingting punched on the desk, and his heart was full of reproach for himself.

It’s him, it’s him who is too conceited and underestimated the enemy.

He thought that eight bodyguards were already a lot, and she would definitely not have anything.

But he didn’t expect that Su Cheng would suddenly make a move, and also sent more people at once to take his people away.

“Where did so many people come from in Sioux City?” Assistant Zhang couldn’t figure it out, “We and the police have been monitoring him, haven’t seen any movement from him?” “It

can only mean that he arranged all this in advance and arranged it before the surveillance, so we didn’t find out.” Fu Jingting squinted.

“Then he can still endure it, and he will not make a move until now.” Assistant Zhang was also angry, “Maybe today’s matter has been arranged a long time ago.”

“He’s moving the tiger away from the mountain.” Fu Jingting’s expression was cold and bloodthirsty, “He knows that if there is nothing major, it is impossible for me to separate from Xiaoyezi, and Xiaoyezi will not step out of the hospital, so he can only arrange everything in advance, without making a move, just to choose a suitable day, grandmother’s birthday is the most suitable day, we, as juniors, must go to the old mansion to celebrate the birthday, this journey, enough for him to do a lot of things.”

“I understand, that’s why Su Cheng made trouble in the group and got you past Madame, because only in this way can he take Madame, otherwise if you are together, he may not be able to guarantee to take the two of you, so Su Cheng will only take Madame for safety, and then use Madame to threaten you.” Assistant Zhang analyzed.

Su Cheng and his wife have no direct hatred, only President Fu and Su Cheng.

Su Cheng made a move, just to deal with President Fu, but if he directly faced President Fu, Su Cheng had little chance of winning.

Therefore, Su Cheng will choose to use his wife to contain President Fu, only in this way, winThe odds are greater.

He was really a despicable villain, and he couldn’t fight with Fu Zong head-on, so he kidnapped his wife and threatened Fu with his wife.

This kind of person is not mean.

“Go, go back to the old mansion.” Fu Jingting grabbed the car keys and threw them to Assistant Zhang, and strode towards the office door.

Assistant Zhang hurriedly followed him.

As for the affairs of the group, there is nothing without the two of them for the time being.

Assistant Zhang drove quickly, and in less than an hour, the old house arrived.

Mother Feng stood in front of Fu Jingting with a guilty look and apologized.

Fu Jingting did not blame her, because in that case, it would be good that Feng Ma could survive, and there was no way to protect Rong Shu.

What’s more, Mama Feng herself is also an elderly old lady, what else can she do?

He is not the kind of person who will anger others.

If he really wants to blame, he can only blame himself, why don't he drink Rong Shu to come back together, why don't he arrange more people, think that eight bodyguards are enough.

In the end, it was his husband who did not protect his wife.

This Time I Will Get My Divorce Chapter 1479—Gu Manyin and Rong Shu

After Fu Jingting appeased Mother Feng, he began to ask the old lady about the current situation.

The old lady knew that Rong Shu had been taken away before him, and she also sent someone to find it before him, and it was most useful to ask the old lady.

Sure enough, although the old lady still did not find Rong Shu's traces, she knew the route of their escape.

"Yamazato?" Fu Jingting squinted and forced himself to calm down.

If you don't calm down at this time, you can't think of anything, it will only get more and more chaotic.

Yes, in that case, if the people of Sioux City want to run, they can only walk from the mountains, and if they take the main road, there will be monitoring to find them at any time, only in the mountains.

"I have sent people to search the mountain, found some footprints and car marks, they prepared the car transfer in advance on the other side of the mountain, and now the people I sent out are already investigating the direction of the car, and there should be news soon." The old lady said.

When Fu Jingting heard this, he felt a little relieved, and then he took out his mobile phone and contacted the above, preparing to investigate satellite surveillance.

Satellite surveillance can see the direction of all people and cars, even if the road is not monitored, but satellite surveillance can capture it.

This is the best way to find Rong Shu at present.

The above received a call from Fu Jingting, and after knowing Fu Jingting's intentions, he immediately agreed to help him check it.

First of all, Fu Jingting, as one of the country's major taxpayers, has no reason not to agree, and secondly, Fu Jingting's grandfather is a founding hero, plus Su Cheng himself is a heinous murderer, and the above naturally wants to find people quickly.

With the dispatch of satellite monitoring, I believe it should take less than two hours to find Su City.

Everyone temporarily suppressed their worries and waited for the news from above.

On the other side, in a deep mountain, outside a makeshift warehouse, Su Cheng was sitting on a small horse, holding a mobile phone in his hand, looking at something, Assistant Li stood next to him and reported, "Boss, Fu Jingting has solved the matter of the Fu Group."

"I know." Su Cheng was not surprised by this, "This matter is a big deal for a small company, it may go bankrupt because of this, but for a behemoth like the Fu Group, it is nothing, hold a press conference, apologize, and the compensation in place can be solved, I decided to deal with the Fu Group, originally not to let the Fu Group go bankrupt, just to transfer Fu Jingting and drag Fu Jingting."

Assistant Li replied, "But now Fu Jingting should know that we took Rong Shu away, do you say they came to find it?"

Su Cheng looked up at the sky and did not answer.

Assistant Li saw him like this, and his heart was extremely uneasy.

At this time, Gu Manyin came up from the bottom of the mountain, and her legs were not suitable for climbing the mountain, so Su Cheng sent someone to carry her all the way up.

Now Gu Manyin can be said to be extremely miserable.

Su Cheng did not ask her to see her face, and now her face can only be tightly wrapped with gauze, so as not to deform more seriously, so that she is now like a mummy wrapped in gauze.

Gu Manyin also hated this in her heart, hating Su Cheng for ruining her face, but she hated Rong Shu even more.

So the first time Gu Manyin saw Su Cheng, she asked directly, "What about Rong Shu?"

Su Cheng looked up, "You looking for her?"

"I'm going to let her see how I look now, and I'm going to let her know that the way I look now is all caused by her." Gu Manyin gritted her teeth.

Su Cheng smiled a little, "Inside, you go."

Gu Manyin didn't say a word, and walked directly to the warehouse.

Su Cheng gave Assistant Li another look, and Assistant Li nodded and followed.

In the warehouse, Gu Manyin turned on the light and saw the woman tied to a chair in the middle.

The moment he saw that woman, Gu Manyin's expression was extremely distorted, and the hatred in his eyes almost turned into a knife.

She walked over quickly and directly slapped Rong Shu's face fiercely.

The crisp sound was unusually loud in the warehouse, and it also made an echo.

Rong Shu was almost waking up, and suddenly felt a hot pain on her face, and she immediately opened her eyes and raised her head.

Seeing a strange face wrapped in bandages in front of her, Rong Shu was startled and snorted, "Who are you?"

"Who am I?" Gu Manyin laughed happily, "I am the person who hates you the most in my life, and I can't wait for you to die!" "What

?" Rong Shu was stunned.

There is only one who hates her the most, and wants her to die.

That is

"You are Gu Manyin!"

She remembered that she and Mother Feng were on their way back to the old mansion to celebrate the old lady's birthday, and they were taken away by the people of Sucheng.

And Gu Manyin also happened to be from Su City.

"That's right, I'm Gu Manyin, you actually know me." Gu Manyin was a little surprised to hear Rong Shu recognize herself at once, but quickly recovered.

Knowing what, she couldn't run.

This time, he must kill this woman.

Rong Shu did not answer Gu Manyin's words, turned her head to look at the surrounding environment, saw that she was tied, and twisted her body hard, "Which is this?"

She didn't open her mouth for these people to let her go, because she knew that it was simply impossible.

Instead of letting them release her, it is better to test the location here and see if they can find a way to contact Fu Jingting.

"You don't care where this is, you better think about your next fate." Gu Manyin raised Rong Shu's chin, and her eyes were full of malice.

Rong Shu wanted to shake her hand away, but Gu Manyin pinched her chin desperately, and she couldn't shake it off at all.

On the contrary, the more she flicked, the harder Gu Manyin became, and she also embedded her nails into her chin, causing Rong Shu to snort in pain, and her little face wrinkled in pain.

"Let go, what do you want to do?" Rong Shu shouted loudly.

Gu Manyin looked at her face, "What do I want to do?" I want your life! But before that, I will first return all the pain you put on me, do you see my face now?

Rong Shu looked at her, "What do you mean?"

"What do you mean?" Gu Manyin laughed madly, "My face is ruined, and I can't recover it, all this is your harm!"

"You're neurotic." Rong Shu was furious, "Your face was destroyed, what does it have to do with me, is it that I destroyed it?"

"That's right, it's you."

Gu Manyin suddenly roared, "If it weren't for your existence, I would have married Fu Jingting by now, and I would be the young lady of the Fu family!" I also won't end up running away from a deceitful escape, and I'm going to have a makeover, you know plastic surgery! Is it painful?

"You don't know, do you? When I was lying on the hospital bed, I couldn't sleep in pain, I was thinking, all this I went through is because of you, I will definitely not let you go, now my face is ruined, and because of you, why are you the biological daughter of the Gu family!"

She pinched Rong Shu's Rong Shu, "Just because you are the Gu family's biological daughter, I will pay special attention to the Gu family, and will go to the Gu family, otherwise Su Cheng will not do anything to me and destroy my face, it can be said that my whole life is because you were destroyed, why don't you die?"

"Why didn't Rong Hao drown you directly? If you die, I won't go through all this, I'm still the daughter of the Gu family, the young lady of the Fu family, my face won't be destroyed, it's all you, it's all you!"

Gu Manyin tightened her hands like crazy, as if she wanted to strangle Rong Shu alive.

This Time I Will Get My Divorce Chapter 1480– Gu Manyin and Rong Shu

After Fu Jingting appeased Mother Feng, he began to ask the old lady about the current situation.

The old lady knew that Rong Shu had been taken away before him, and she also sent someone to find it before him, and it was most useful to ask the old lady.

Sure enough, although the old lady still did not find Rong Shu's traces, she knew the route of their escape.

"Yamazato?" Fu Jingting squinted and forced himself to calm down.

If you don't calm down at this time, you can't think of anything, it will only get more and more chaotic.

Yes, in that case, if the people of Sioux City want to run, they can only walk from the mountains, and if they take the main road, there will be monitoring to find them at any time, only in the mountains.

"I have sent people to search the mountain, found some footprints and car marks, they prepared the car transfer in advance on the other side of the mountain, and now the people I sent out are already investigating the direction of the car, and there should be news soon." The old lady said.

When Fu Jingting heard this, he felt a little relieved, and then he took out his mobile phone and contacted the above, preparing to investigate satellite surveillance.

Satellite surveillance can see the direction of all people and cars, even if the road is not monitored, but satellite surveillance can capture it.

This is the best way to find Rong Shu at present.

The above received a call from Fu Jingting, and after knowing Fu Jingting's intentions, he immediately agreed to help him check it.

First of all, Fu Jingting, as one of the country's major taxpayers, has no reason not to agree, and secondly, Fu Jingting's grandfather is a founding hero, plus Su Cheng himself is a heinous murderer, and the above naturally wants to find people quickly.

With the dispatch of satellite monitoring, I believe it should take less than two hours to find Su City.

Everyone temporarily suppressed their worries and waited for the news from above.

On the other side, in a deep mountain, outside a makeshift warehouse, Su Cheng was sitting on a small horse, holding a mobile phone in his hand, looking at something, Assistant Li stood next to him and reported, "Boss, Fu Jingting has solved the matter of the Fu Group."

"I know." Su Cheng was not surprised by this, "This matter is a big deal for a small company, it may go bankrupt because of this, but for a behemoth like the Fu Group, it is nothing, hold a press conference, apologize, and the compensation in place can be solved, I decided to deal with the Fu Group, originally not to let the Fu Group go bankrupt, just to transfer Fu Jingting and drag Fu Jingting."

Assistant Li replied, "But now Fu Jingting should know that we took Rong Shu away, do you say they came to find it?"

Su Cheng looked up at the sky and did not answer.

Assistant Li saw him like this, and his heart was extremely uneasy.

At this time, Gu Manyin came up from the bottom of the mountain, and her legs were not suitable for climbing the mountain, so Su Cheng sent someone to carry her all the way up.

Now Gu Manyin can be said to be extremely miserable.

Su Cheng did not ask her to see her face, and now her face can only be tightly wrapped with gauze, so as not to deform more seriously, so that she is now like a mummy wrapped in gauze.

Gu Manyin also hated this in her heart, hating Su Cheng for ruining her face, but she hated Rong Shu even more.

So the first time Gu Manyin saw Su Cheng, she asked directly, "What about Rong Shu?"

Su Cheng looked up, "You looking for her?"

"I'm going to let her see how I look now, and I'm going to let her know that the way I look now is all caused by her." Gu Manyin gritted her teeth.

Su Cheng smiled a little, "Inside, you go."

Gu Manyin didn't say a word, and walked directly to the warehouse.

Su Cheng gave Assistant Li another look, and Assistant Li nodded and followed.

In the warehouse, Gu Manyin turned on the light and saw the woman tied to a chair in the middle.

The moment he saw that woman, Gu Manyin's expression was extremely distorted, and the hatred in his eyes almost turned into a knife.

She walked over quickly and directly slapped Rong Shu's face fiercely.

The crisp sound was unusually loud in the warehouse, and it also made an echo.

Rong Shu was almost waking up, and suddenly felt a hot pain on her face, and she immediately opened her eyes and raised her head.

Seeing a strange face wrapped in bandages in front of her, Rong Shu was startled and snorted, "Who are you?"

"Who am I?" Gu Manyin laughed happily, "I am the person who hates you the most in my life, and I can't wait for you to die!" "What
