Chapter 151 Recording Failure

“Why not?” Gu Manyin frowned.

Rong Shu smiled, “First of all, Miss Gu said we beat you, did anyone see it?”

Gu Manyin was stunned, then bit her lip and replied, “No.” There

were only seven of them in the villa.

Fu Jingting was sleeping in the room at the time, and the chef and the staff of the racecourse didn't live here. Rong Shu and the others beat her one out of five, so naturally no one else saw her.

“Secondly, what did we hit you with, and where did we hit you?” Rong Shu asked again.

Gu Manyin squeezed her palm, “You guys stun me, take me to the racecourse with sacks, beat and kick me.”

“Oh, where is the drug, and where is the sack?” Rong Shu smiled and looked at her .

Gu Manyin gritted her teeth, “It must be in your room, if not, then you are ruined.”

“So in the end, Miss Gu is not sure if we have drugs or sacks, right?” Rong Shu's eyes
Circulation, “Since Miss Gu is not sure, and no one saw us beat you, it means that we were wronged by Miss Gu, and Miss Gu is framing us.”

“When did I frame you? Hurt, obviously you did it!” Gu Manyin pointed at the blushing face on her face.

Rong Shu spread her hands, “Do you have fingerprints on your injury? If not, how can you prove that we did it?”

“Yes.” Lu Qi agreed.

Cheng Huai and the three naturally nodded along.

Gu Manyin shivered angrily, “How can the fingerprints stay on the skin!”

“It's not worth it, so you can't prove it, we beat you, if you continue to pour dirty water on us like this, we can sue you for slander. .” Rong Shu looked at her with a smile.

“You...”

Gu Manyin wanted to say something, but was stopped by Fu Jingting, "Okay Manyin, let's go back."

Gu Manyin's eyes widened in disbelief, "Go back? Jing Ting, I was bullied by them, so just go back like this?"

"What can you do if you don't go back, you can't show any evidence?" Fu Jingting looked at her.

In fact, he also believed that Man Yin was indeed beaten by Rong Shu and the others.

But they did it flawlessly, Manyin couldn't produce evidence, and even if they knew who the perpetrator was, they couldn't get justice for themselves.

"..." Gu Manyin fell silent, and followed Fu Jingting obediently.

Before leaving, Fu Jingting turned his head and gave Rong Shu a deep look.

Rong Shu narrowed her eyes and pursed her red lips.

Lu Qi came to her side, "Baby, what do you mean by his eyes?"

Rong Shu shook her head, "I don't know."

It stands to reason that when Gu Manyin was beaten by them, he looked at her with disgust. even angry.

But no, he never looked at her with that kind of eyes from the beginning to the end, and even there was something mixed in his eyes just now, she couldn't tell.

"He's crazy." Lu Qi muttered.

Rong Shu covered her lips and yawned, "Okay, it's still early, let's go back to sleep."

"Go back." Cheng Huai nodded and went back to their rooms.

On the second floor, outside Gu Manyin's room.

Gu Manyin shook off Fu Jingting's hand, "Jingting, I'm really unwilling!"

"I know, but there's no way around it, Rong Shu and the others obviously planned it long ago, so they didn't leave any evidence. ." Fu Jingting said softly with thin lips.

Gu Manyin's eyes turned red, "Should we just forget about it?"

“That’s not it, when your second person used a snake to bite Rong Shu during the day, he didn’t leave any evidence. Rong Shu and the others beat you at night to avenge the day, so this matter should be a loss. , forget it.” Fu Jingting rubbed his temples and said tiredly.

Gu Manyin lowered her head and said nothing.

never mind? How could it be.

She has always been the only one who made others feel bad. No one can make her feel bad. Even if she knew that Rong Shu was taking revenge, she would not forget it, just wait!

She thought so in her heart, but Gu Manyin replied obediently, “I see.”

Fu Jingting saw that she was listening, and touched her hair, “Okay, go back to your room first, I will take you to the hospital tomorrow. Look at the injury.”

“Yeah.” Gu Manyin nodded with a smile.

Fu Jingting took his hand back and walked towards the next door.

The moment his figure disappeared behind the door, the smile on Gu Manyin’s face slowly disappeared, and instead, it was full of hideousness.

The next day, after breakfast, everyone packed up and prepared to leave.

This weekend, despite some unpleasant things, has been relatively good.

Lu Qi carried Rong Shu and his suitcase to load the car.

Rong Shu sat on the sofa in the living room, drinking juice, and waited for Lu Qi to finish loading the car and call for her.

Cheng Huai and the others were still packing their things in the room.

“Miss Rong.” At this moment, Gu Manyin suddenly came over.

Rong Shu raised her eyes and glanced at her lightly, “What’s the matter, Miss Gu?”

Gu Manyin put her hands behind her back and looked at Rong Shu with a smile, “Miss Rong should be very happy now, right?”

Rong Shu raised her eyebrows, “I don’t understand what Miss Gu means, why am I happy?”

“You beat me last night, I can’t show any evidence, I can only suffer from this dumb loss, aren’t you happy?” Gu Manyin sneered.

Rong Shu hooked her lips, “I’m sorry Miss Gu, I said last night that we didn’t call you, so please don’t talk about this in the future, or I’ll be angry.”

After speaking, she put down the juice and got up, Ready to go out and see what Lu Qi is doing, it’s been a long time, haven’t you installed it yet?

Just when Rong Shu took two steps, Gu Manyin stomped her foot and stopped her again, “Wait, Miss Rong.”

“Is there anything else, Miss Gu?” Rong Shu turned her head to look at Gu Manyin.

Gu Manyin narrowed her eyes, “Miss Rong, it’s just the two of us here, don’t you think it’s hypocritical for you to pretend that you haven’t done anything to me?”

Rong Shu smiled, “Hypocritical? It turns out that in Miss Gu’s opinion, you haven’t done it. It would be hypocrisy not to admit it.”

“This is clearly what you did!” Gu Manyin raised her voice.

Rong Shu’s smile did not change, “I’m still saying that, since you said it was us, then you should show evidence. If you can’t show evidence, you’d better shut up and stop talking about what we did. Otherwise, I will really sue you, goodbye!”

Rong Shu strode away under Gu Manyin’s angrily wanting to eat people’s gaze.

Gu Manyin brought the hand behind her back to her, revealing the phone with the recording interface displayed on her hand, with a terrifying look in her eyes.

She originally wanted to record Rong Shu’s confession of beating her last night, and posted it on the Internet, so that Rong Shu would be attacked by the Internet again.

But I didn’t expect Rong Shu to be so cunning and not fooled!

“Manyin.” Fu Jingting came over with a suitcase.

Gu Manyin immediately cleaned up her expression, turned off her phone, and turned around with a smile, “Jing Ting, are you ready?”

“Well, let’s go.” Fu Jingting nodded.

Gu Manyin took his arm and went out of the villa with him.

As soon as they left the villa, the two heard Rong Shu’s crisp laughter.

Fu Jingting looked over and saw Rong Shu looked at Lu Qi with a dark face on the side of the car not far away.

Lu Qi wiped the stains on his face, feeling helpless and indulgent, "Sorry, stop smiling."

"Sorry, sorry, I don't laugh anymore, I don't laugh anymore." Rong Shu nodded repeatedly, indicating that she didn't laugh anymore.

However, the next second, seeing Lu Qi's face getting darker the more he wiped his face, he couldn't help laughing again.

The corners of Lu Qi's mouth twitched, "Baby!"

"Hahahaha..." Rong Shu covered her stomach and couldn't stop laughing.

Lu Qi sighed, "Forget it, just laugh."

Chapter 152

What else can he do, the people he likes can only pet him!

After laughing for a while, Rong Shu took a long breath and slowly stopped the laughter.

Then Rong Shu took out a handkerchief from his pocket, "Here, wipe it."

"My hands were just too dirty after repairing the tires, so please wipe it for me, baby." Lu Qi said, his eyes full of expectations.

Rong Shu rolled her eyes at him, but still raised her hand to wipe his face.

Lu Qi closed his eyes and enjoyed it, "It's so nice, baby."

"Come on." Rong Shu couldn't help laughing when he looked at him.

Not far away, Fu Jingting saw this scene, fists on both sides clenched, and his expression was even more gloomy.

Gu Manyin felt his strangeness, her eyes flashed, and her eyes were full of jealousy.

"Jing Ting, the relationship between Miss Rong and Mr. Lu is really good." Gu Manyin said with a smile.

Fu Jingting retracted his eyes, lowered his eyelids, covered the coldness in his eyes, and said in a low voice, "Let's go."

He was afraid that he would not leave again, so he really couldn't help stepping forward and pulling Lu Qi away.

Although he doesn't know why he thinks this way.

Gu Manyin nodded, "Okay." The group of seven divided into three cars and left the place.

Rong Shu and Lu Qi arrived at Lu's house.

As soon as she entered the door, Mrs. Lu held Rong Shu's hand kindly, "Little Shu, how have you been playing these two days?"

"Very happy." Rong Shu took the fruit that Mrs. Lu handed over and replied with a smile.

Mrs. Lu also smiled, "It's good to be happy, is there anything special happened?"

"Something special?" Rong Shu blinked in confusion, "What does Auntie mean?"

Mrs. Lu's smile gradually stiffened, "For example, Falling into a pothole, or the door is locked, etc. Could it be that you and Aqi didn't meet?"

"No." Rong Shu shook her head, "How could Auntie think that we would encounter such a thing?"

Mrs. Lu's eyes flashed with a guilty conscience, then she waved her hand and laughed, "I just guessed randomly, the first two Watching TV every day and seeing the hero and heroine in it go on vacation, it is easy to encounter such a thing, so I asked you if you have encountered it."

Rong Shu nodded suddenly, and then laughed again, "Don't worry, Auntie. , TV is TV, reality is reality, how can reality be the same as what is played on TV."

"Yes." Madam Lu squeezed the corner of her mouth, then stood up, "Little Shu, sit down first, I'll go upstairs to get some Something."

"Okay." Rong Shu responded.

Madam Lu walked upstairs to Lu Qi's room.

Lu Qi had just finished taking a shower and came out of the bathroom after changing his clothes. He regained his usual handsome and handsome image of a handsome man. Before he had time to be smug, he saw Mrs. Lu pushing the door in.

Lu Qi hurriedly put away his hand to pose and glared at Mrs. Lu, "Mom, what are you doing here?"

"I ask you, are you nervous about your appointment with Xiaoshu these two days?" Mrs. Lu asked.

Lu Qi's eyes dimmed for a second, then he pouted, "Where is the progress, this is not a date at all."

Seven or eight people gathered together, it was a group tour.

"Not a date?" Mrs. Lu squinted at him, "Your Uncle Chen has so many entertainment facilities at the racecourse, it's a good place for a date, why isn't it a date? In order to promote your relationship with Xiaoshu, I specially asked I set it up over there, who knew you were so useless and didn't step on a thunderbolt!"

"It's set up, Mom, what did you set up?" Lu Qi looked at Madam Lu in surprise.

Madam Lu rolled her eyes at him and replied, "I asked people to play burrows on the golf course, thinking that you would fall into the hole when you go to play, have a close contact or something, and let people break the door lock of the master bedroom on the third floor, okay? Take the opportunity to lock you in, after all, it's easiest to warm up your relationship with a man and a widow in the same room, who knows you..."

Madam Lu shivered angrily, "None of you were hit, it was a waste of my time."

Lu Qi's forehead slid down a few black lines, "So you did these things, Mom."

"In order to match you And Xiaoshu, can I not worry about it?" Madam Lu sighed and sat down beside his bed.

Lu Qi scratched his hair, "Why didn't you tell me early in the morning, we didn't play ball at all, and we didn't live in the master bedroom on the third floor, we all stayed in guest rooms, so your routine won't work."

"I How do I tell you? I don't know you? I told you, you will definitely reveal your secrets and let Xiaoshu realize that my thoughts will be wasted? " Madam Lu said angrily.

Lu Qi shrugged his shoulders.

Mrs. Lu stood up, "Forget it, it looks like I have to find a chance next time to get into your relationship with Xiaoshu. Okay, let's finish blowing my hair and eat."

"Got it." Lu Tou.

Madam Lu left the room and went downstairs.

After lunch, Rong Shu left and returned to Repulse Bay.

I haven't come back for two days, and there is already a touch of gray in the apartment.

Rong Shu tied her hair, tied her apron, cleaned the apartment briefly, and went to her study to prepare to improve the cooperation plan of new energy technology, because it will be handed over tomorrow.

After she wrote this cooperation plan, she sent it to the mailboxes of several well-known university professors, and let them read and revise it, and they all said it was good.

So she is very confident about the result after submitting it tomorrow.

Rong Shu was so busy that she was busy until night, knowing that it was dark in the study, and she stopped when she was hungry.

"It's almost eight o'clock." Rong Shu glanced at her phone, then stretched out, and opened the drawer to put the planning book away.

Suddenly, she saw the key in the drawer. It was the key that her grandmother gave her in the hospital last time. She said that there was a very important thing in the house before, so she must be able to find it.

Because that thing is about a big secret.

It seems that she has to find a time to go back.

Rong Shu put the key back, thinking with a complicated expression.

The next day, Rong Shu came to Tiancheng.

Secretary Tong walked behind her and reported, "Mr. Rong, you have been away these two days. President Duan has won over some people who originally supported you."

Rong Shu was not surprised to hear this.

Duan Xingbang wanted to kick her out of Tiancheng's management. He just wanted her to be an idle major shareholder, and he would naturally turn against her people while she was away.

If Duan Xingbang hadn't done this, she would have felt strange.

"If you win over, you should win over. For some unsettled people, it is good to win over in the past, so as not to be betrayed at a critical time in the future, but since they have taken refuge with Duan Xingbang, the benefits I gave them before will not allow them to continue to enjoy.

Rong Shu sneered, and then said coldly, "Go and make some mistakes for those people, kick them out of their original positions, and then re-arrange people to be higher." "

But then, how can Mr. Duan guarantee them?" Do?" Tong Xi asked worriedly.

Rong Shu hooked her lips, "Just tell Duan Xingbang that if he dares to protect them, I will sell some of the shares in my hand and give him another opponent, so that he has another enemy who will compete with him for natural management rights."

"Understood . I'll go right now." Tong Xi nodded excitedly.

Rong Shu pushed open the door of the office and went in, and began to process the documents that had been piled up in the past two days.

Halfway through the process, Tong Xi notified the meeting.

Rong Shu closed the documents in front of her, got up, left the office, and walked towards the conference room.

Outside the conference room, she met Duan Xingbang who was walking from the other side.

Duan Xingbang's face was ugly, "I really didn't expect my niece to have such courage. In order not to let me take action, she could even sell shares."

He originally thought that he had turned against Rong Shu and a few people. After Rong Shu came back, except for There is nothing she can do when she is angry. Even if she wants to dismiss those high-level executives, she can only appoint them if he protects them.

Unexpectedly, she didn't do what he thought at all, and instead used this tough method to stop him from taking action, and he really had to give up because he didn't have one more enemy, and watched those few with difficulty. The high-level instigator was kicked out, which really pissed him off.

Chapter 153

"Thank you, President Duan, for your praise. You are in a high position. If you don't have the courage, how can you manage so many people below? Do you think President Duan?" Rong Shu said politely with a smile.

Duan Xingbang's face was not good, but he couldn't refute it, so he could only grit his teeth and say, "What my niece said is",

"Since President Duan also thinks so, it seems that I am right to fire those scumbags, after all, such people stay in Tiancheng, you can rely on others today, and you can turn around and betray Tiancheng another day, so it's better to get rid of it early." Rong Shu smiled again.

Duan Xingbang squeezed the corners of his mouth and wanted to kill someone in anger, but he still praised, "Yes, my niece did a good job."

What a ghost.

Those few people, how much he paid to let them take refuge in him, but now they are all driven away by Rong Shu, and the others did not get it.

"Thank you Mr. Duan for your affirmation, then I'll go first." Rong Shu nodded as if she didn't see Duan Xingbang's forced smile, and was about to enter the conference room.

Duan Xingbang suddenly stopped her, "Wait

a moment, niece Rong Shu." "What else is there to do with Mr. Duan?" Rong Shu stopped and looked at him.

Duan Xingbang straightened his tie, "I heard that today is the day you hand in the new energy technology cooperation project, right?"

Rong Shu's eyes flickered, she didn't know what he wanted to do, but she answered with a smile. , "That's right."

"If that's the case, then your niece has to work hard. Uncle Duan, I'll see if you can win the cooperation seat." Duan Xingbang said with a smile.

It's not that he looks down on Rong Shu, what level is Rong Shu, what level is Tian Cheng?

If she can write a good plan and win the cooperation seat, then the sun will come out of the west. Of course, if she wants to hook up with President Fu to get the seat, it will depend on whether the family agrees.

All in all, Duan Xingbang never thought that Rong Shu would be able to win the bet. He said these things just to retaliate for the embarrassment that Rong Shu had just given him.

Rong Shu didn't know, her eyes darkened for a moment, but she still kept a faint smile on her face, "Whether we can win the cooperation seat, we will know after the result, who can say for sure now."

"In that case . . . , then I'll wait for the good news from my niece, but don't wait until the end, the good news has turned into bad news, then it will be embarrassing." Duan Xingbang laughed, patted Rong Shu on the shoulder, and entered the conference room.

After he left, Rong Shu raised her hand, slowly put away the smile on her face, and gently brushed the shoulder he had patted twice, as if she was brushing something dirty.

I have to say that Duan Xingbang's words did put pressure on her.

Although she is very confident in her own plan, she has been said by several professors to be good, but who can guarantee that other companies have better plans than her, so she really has no bottom to win the cooperation seat. .

"Hey..." Rong Shu sighed while rubbing his brows.

Well, no matter what the final result is, at least try your best.

If it can be done, it is of course the best. If it cannot be done, think of other ways in the future to seize power from Duan Xingbang.

Thinking, Rong Shu patted her cheek, rearranged her expression, and entered the conference room.

After the meeting, it was already noon.

Rong Shu hurriedly took a few bites of the lunch that Secretary Tong bought, and then drove to the Fu Group with the plan.

After the front desk learned of her intention, she took her to the elevator, "Miss Rong, you can go directly to the reception room on the 38th floor, where Assistant Zhang receives the cooperation plan."

"Okay, thank you." Rong Shu After nodding and saying thank you, he entered the elevator.

Soon, the reception room arrived.

Assistant Zhang heard the knock on the door, and stopped sorting the documents. He looked up and saw that it was Rong Shu. He quickly stood up, "Miss Rong, please come in."

"It's disturbing." Rong Shu smiled at him. Walking in with the document, "This is my plan."

"Okay." Assistant Zhang took it with both hands and put it on the thick stack of documents on the table.

Rong Shu raised her eyebrows, "Are these plans submitted by other companies?"

"Yes, except for President Gu, all of them have been submitted." Assistant Zhang nodded and replied.

Rong Shu suddenly raised his chin.

Assistant Zhang made a gesture of invitation to her, "Miss Rong, sit down, I'll go get you a cup of coffee."

"No, I have something else to do next, so I'll leave first." Rong Shu refused with a smile.

It's true that something is happening, but it's also true that she doesn't want to stay here any longer.

After all, there are many people who know that she is Fu Jingting's ex-wife. If she stays for a long time and someone gets to Gu Manyin's ears, Gu Manyin's crazy woman will cause trouble.

Assistant Zhang saw that Rong Shu had decided to leave, so he stopped persuading her and took her to the elevator with a smile.

Rong Shu said goodbye again, got into the elevator, then drove directly and left the Fu Group.

She had just left when another red car parked in the parking space she had just left.

The door opened, and Gu Manyin came out, looking at the direction Rong Shu was leaving with dark eyes, her palms clenched tightly.

The car that just drove away was Rong Shu's car, because she knew the license plate.

So Rong Shu came to the Fu Group?

Gu Manyin narrowed her eyes, and soon returned to her usual smiling face, and walked into the group gate.

When I came to the front desk, the front desk saw her and said hello immediately, "Miss Gu, you are here."

Miss Gu is the president's fiancée, and everyone in the group knows it.

In addition, Miss Gu often came to see the president, so they had seen her and recognized her at a glance.

Gu Manyin smiled and nodded, "Is Jing Ting in the group?"

"Yes, the president has no plans to go out today." The front desk replied.

Gu Manyin hummed and thanked her gently, "I see, thank you."

"You're welcome, Miss Gu." The front desk replied.

Gu Manyin's eyes flickered slightly, and she asked again, "By the way, the lady who just left..."

"You mean Miss Rong?"

"That's right, why is she here?" Gu Manyin lowered her eyelids, covering her eyes. Stop the coldness in your eyes.

The front desk only came to work not long ago, and it was not clear that Rong Shu was Fu Jingting's ex-wife. She only assumed that Rong Shu and Gu Manyin knew each other, and replied with a smile, "Miss Rong is here to deliver the new energy technology cooperation project."

So it was.

Gu Manyin pursed her lips.

She heard from her father that Rong Shu also participated in the competition for the seat of this cooperation.

"I see, I'll go to Jing Ting first." Gu Manyin smiled at the front desk and walked towards the elevator.

However, she did not go to the top floor to find Fu Jingting as promised, but went to the reception room on the thirty-eighth floor.

"Miss Gu." When Assistant Zhang saw Gu Manyin, he was not surprised and politely invited her in.

Gu Manyin nodded at him, "I'm here to help Dad deliver the project. I'm sorry for the traffic jam on the road, and Assistant Zhang has made you wait for a long time."

“No, Miss Gu, please sit down.” Assistant Zhang took the project she handed over, pointing to the sofa.

Gu Manyin brushed the hem of her skirt and sat down, her eyes fell on the stack of folders on the table, something flashed in her eyes, and soon disappeared.

There should be Rong Shu’s plan here, right?

Thinking about it, Gu Manyin suddenly smiled, “Assistant Zhang, is there any water? I’m thirsty on the way here.”

“Yes, Miss Gu, wait a moment, I’ll prepare it for you.” , out of the reception room.

Gu Manyin was alone in the reception room. She stood up, looked at the door warily, and after making sure that no one was there, she took a deep breath and stretched out her hand to the stack of documents.

Unexpectedly, luck was not bad, and as soon as I flipped through a book, I found Rong Shu’s folder.

Chapter 154 The old house of the Rong family

Gu Manyin pulled out Rong Shu’s folder, and then opened it. Seeing the contents above, her face was a little unpleasant.

Although she doesn’t understand business matters, it doesn’t mean that she doesn’t understand the quality of a plan.

And Rong Shu’s plan is obviously of the good type. It’s so much better than the one she handed over.

It’s hard to imagine that Rong Shu, who has only been in charge of Tiancheng for less than two months, can actually write such a good plan.

No, it must not have been written by Rong Shu, it must have been written by Rong Shu by someone else, yes, it must be so!

Gu Manyin suppressed the jealousy in her heart and insisted that Rong Shu had no such ability.

But no matter who wrote this plan, it can’t be denied that this plan is very likely to be favored by Jing Ting.

Gu Manyin couldn’t accept the thought that Rong Shu might get a co-op seat and her family might be wiped out.

“No...” Gu Manyin bit her lower lip, and an idea suddenly popped into her mind.

I saw that she put Rong Shu’s plan and her own plan on the table at the same time, then untied the metal button of the folder holding the plan, and quickly exchanged the folders of the two plans, because there was a file on the folder. name tag.

In this way, Rong Shu’s plan became his father’s, and his father’s became Rong Shu’s.

After doing this, Gu Manyin smiled.

Suddenly, footsteps came from outside the door.

Gu Manyin knew that Assistant Zhang might have returned, her eyes flashed with panic, and then she quickly closed the folder and put the two plans back in the same location.

Afterwards, Gu Manyin hurriedly sat back on the sofa, took out her phone and pretended to look at it.

Assistant Zhang walked in, “I’m sorry Miss Gu for keeping you waiting.”

“No.” Gu Manyin replied with a smile.

Assistant Zhang didn’t notice anything unusual in the reception room, and put the coffee in front of her.

Just as Gu Manyin was about to take a sip, the phone rang.

“Sorry, I’ll take a call.” She smiled embarrassedly and took out her phone, “Hello? Xiaoke, are you out?”

Gu Manyin’s face was full of surprises.

Assistant Zhang looked at her and raised his eyebrows slightly.

Meng Ke came out?

“Okay, I’ll come right over.” Putting down the phone, Gu Manyin looked at Assistant Zhang, “Assistant Zhang, please tell Jing Ting that I won’t go to him.”

She was going to see Meng Ke, although she He did not regard Meng Jue as a friend, but only regarded Meng Ke as a bastard who would come and go when he was called.

But this dog-legged person is devoted to herself, and she naturally wants to stay by her side. If she has anything in the future, she can push it out to block the arrow, so this relationship cannot be broken.

“Okay, Miss Gu, don’t worry, I will tell President Fu.” Assistant Zhang nodded with a smile.

Gu Manyin left.

Assistant Zhang went to the top floor with a stack of documents and knocked on the door of the president’s office.

“Come in.” Fu Jingting’s cold and low voice came.

Assistant Zhang pushed open the door and went in, “Mr. Fu, this is a cooperation project handed in by twenty company executives.”

Hearing this, Fu Jingting stopped writing, raised his head, and his eyes fell on the stack of documents. “Are they all handed in?”

“Yes.” Assistant Zhang nodded.

Fu Jingting’s eyes flashed, “Where’s Rong Shu’s?”

As soon as the words came out, he felt a little regretful.

Because they don’t ask about Rong Shu’s, it will make others feel that he is very concerned about Rong Shu, although he himself doesn’t know why he cares so much about Rong Shu’s plans.

However, when Fu Jingting saw Assistant Zhang, he was not surprised by his attention to Rong Shu, and the regret in his heart gradually disappeared.

Maybe Assistant Zhang didn’t think he was paying attention to Rong Shu.

However, what Fu Jingting didn’t know was that Assistant Zhang was not surprised because he had long known that President Fu had no feelings for Miss Rong.

So Mr. Fu asked Miss Rong’s plan, which naturally would not arouse his surprise.

“Here.” Assistant Zhang took out Rong Shu’s plan and handed it over.

After Fu Jingting took it, he opened it with an indescribable mood, both curious and expectant.

However, after seeing the content of the plan, his brows furrowed, and that little expectation disappeared without a trace.

Rotten, too rotten!

Such a plan is too ordinary, without the slightest bright spot, and has no competitiveness at all.

She actually handed over this kind of thing.

Fu Jingting pursed his thin lips, and there was undisguised disappointment in his eyes.

Assistant Zhang saw it and pushed his glasses, "Mr. Fu, is there any problem with Miss Rong's plan?"

"You can see for yourself." Fu Jingting threw the folder over.

Assistant Zhang quickly caught it and looked up.

After reading it, the corners of his mouth twitched involuntarily, "This... Maybe Miss Rong has never been in contact with new energy and doesn't know much about it, so she wrote it like this..."

Fu Jingting locked his eyes when he said this. His brows stretched a lot, "Let me leave this project here, you can screen the rest, the bad ones will be eliminated directly, the good ones will stay, and I will make the final decision."

"Understood." Assistant Zhang nodded, and then walked away with the remaining nineteen documents.

Before leaving, he did not forget to take a look at Rong Shu's plan.

Just now, President Fu said that the bad ones will be eliminated immediately, and that Miss Rong should be eliminated as well, but the CEO stayed.

It seems that the president still wants to give Miss Rong a chance. There is no insider in this cooperative competition.

Assistant Zhang couldn't help rolling his eyes.

It turns out that President Fu is also a double standard.

After Assistant Zhang left, Fu Jingting took Rong Shu's document and opened it again, picked up the pen at the same time, and began to make revisions and suggestions on it.

Rong Shu didn't know all this, she had already driven to the Rong family villa.

The Rong family villa was a wedding room that her parents bought when she got married more than 20 years ago. It is also the place where she grew up.

But 20 years ago, after my mother passed away, my father married my stepmother and gave birth to a younger sister, everything changed. This place was no longer her home, nor her harbor, but a place where she only ate and slept.

Six years ago, when her father died and her stepmother ran away with her sister's donations, she sealed the villa and never came back.

Now back here, the villa is still the same villa, but there is a feeling of something different.

With a sigh, Rong Shu took out the key and prepared to open the door.

Suddenly, she remembered something, frowned, and hurriedly turned out the key given by her grandmother.

"Strange!" Rong Shu looked down at the two keys in his hand.

One was given by my grandmother, and the other was hers.

When my grandmother gave the key, she said it was the key of the Rong family's hometown.

And this one is also the key to the Rong family's hometown.

But obviously, the two are different.

When she took the key from her grandmother, she didn't remember that she actually had the key from her hometown, so naturally she didn't find any difference between the key from her grandmother and the key from her hometown.

The reason why she brought the key to her hometown is because the keychain has an access card to enter this villa area.

It seems that there should be something wrong with the key that grandmother gave, either the villa has been locked or opened by someone else.

Thinking about it, Rong Shu glanced at the gate of the villa, walked over, and finally found that the lock had not been changed. The key given by her grandmother should be used to open other doors, but she didn't know which door it was.

"Let's go take a look first." Rong Shu muttered, then opened the door of the villa and entered.

The villa was empty, nothing, furniture and electrical appliances, all sold out by the stepmother and sister, only a thick layer of ash, stepping on the ground, and leaving footprints.

Chapter 155 Mother and Daughter Necklace

Rong Shu smiled mockingly, then took the key given by her grandmother and tried it door by door.

Finally, the door to the utility room was successfully opened.

Also, the little valuable things in the whole villa were sold by the stepmother and sister, and I also knew that except for the utility room, other rooms could not have anything.

Rong Shu pushed open the utility room, and a burst of dust rushed to his face.

She covered her mouth and nose and stepped back, fanning one hand in front of her.

After fanning for a while, the dust in the air settled down, and then Rong Shu let go of her nose and turned on the light to go in.

“Oh my god!” Rong Shu only felt a headache looking at the messy utility room covered with cobwebs.

So many things, how to find ah?

She wanted to back off a little.

But in the end, Rong Shu still breathed a sigh of relief and went in to look for it.

After a while of rummaging through boxes, Rong Shu’s hair, clothes, and face were all dirty, like a little tabby cat.

But fortunately, she finally found a box that most likely contained the necklace that her grandmother said.

It was a small suitcase, it was unlocked, and Rong Shu opened it very easily.

There are a lot of things in it, and it’s very miscellaneous. There are lipsticks and foundations from more than ten years ago, and there are also earrings and bracelets.

Rong Shu turned around and finally found a necklace.

“Is it this one?” She raised the necklace and tilted her head to examine it carefully.

In the whole utility room, there is no other necklace except this necklace, and it should be this one.

It's just a gray necklace, what secrets does it hide?

Rong Shu put down the necklace in confusion and poked the red agate on it.

Suddenly, she narrowed her eyes suspiciously, and found that the style of this necklace was very familiar, as if she had seen it somewhere.

where is it?

Rong Shu lowered her eyes and thought for a while, her eyes suddenly widened, "Mrs. Gu!"

Yes, it was Mrs. Gu, she had seen it around Mrs. Gu's neck.

Around Mrs. Gu's neck, there was a necklace of the same style as in her hands. At that time, she felt that Mrs. Gu was nostalgic, the style was so old, and the luster was so dull that she was reluctant to change it.

Now it seems that Mrs. Gu is wearing that necklace, not only for nostalgia, but also for some reason.

I just don't know if Madam Gu's necklace has anything to do with the one in her hand.

It should not be possible to simply look similar. On the back of this necklace pendant, there is the word dt.

dt is the world's top luxury brand. Almost all jewelry is unique. It is impossible for two similar styles to appear at the same time. Therefore, either one of these two necklaces is fake, not dt, but a pirated high imitation. .

Or, it must be related.

Thinking about it, Rong Shu put the necklace in her bag and quickly left the villa.

Half an hour later, she came to the mall and walked into the dt jewelry counter.

"Hello, miss, what do you need?" The cabinet lady asked with a smile.

Rong Shu took out the necklace from her bag, "I want to ask if this necklace belongs to your family?" The

cabinet lady took the necklace, looked at it carefully for a while, and smiled embarrassedly, "Sorry, miss, look at this necklace. It's a long time ago, and I'm not sure if it belongs to our family, so please wait a moment, I'll let our manager take a look."

"Okay." Rong Shu nodded.

The counter lady poured her a cup of coffee and went to the back to find the store manager.

Rong Shu picked up the coffee and waited patiently while drinking it.

After waiting for about ten minutes, she saw the store manager and the previous counter lady come out.

"Miss, is this necklace yours?" the store manager asked.

Rong Shu nodded, "Accurately speaking, it was left by my father."

"So it is." The store manager smiled and put the necklace on the black velvet cloth, "Miss, this necklace is indeed from our family. Just checked in our database, this necklace was designed by a gentleman named Gu more than 20 years ago, specially designed by our designer."

"The last name is Gu?" Rong Shu thought of Mrs. The color flashed, "Gu Yaotian?"

"Yes, according to the information, Mrs. Gu's wife gave birth to a daughter at that time, so Mr. Gu specially asked our designers to design a mother-daughter necklace for his wife and daughter, which is The one you asked about, miss, is your daughter's necklace." The store manager replied, but he was muttering in his heart.

The necklace was ordered by Mr. Gu. The lady said that it was given by her father, so Mr. Gu should be her father.

But she called Mr. Gu's full name, and her tone was a little cold.

Is the relationship between father and daughter bad?

Rong Shuxiu frowned.

These two necklaces are indeed related. Mrs. Gu's is the mother's, and the one in her hand is her daughter.

In that case, the necklace in her hand should belong to Gu Manyin, but why is it in the Rong family?

Twenty years ago, did something happen between the Rong family and the Gu family?

Rong Shu bit his lower lip.

It seems that in order to figure out the secret behind this necklace, we must first figure out what happened to the Rong family and the Gu family more than 20 years ago.

It is impossible to ask the Gu family directly, and the Gu family may not say it, so she can only check this matter by herself.

"I see, thank you, can I trouble you to help clean this necklace?" Rong Shu asked with a smile.

The store manager nodded, "Of course."

She handed the necklace to the cabinet lady beside her and asked her to wash it.

The cleaning process was quick, Rong Shu didn't wait for two minutes, then bought another pair of earrings and left.

Not long after she left, Mrs. Gu came to the store.

The store manager personally entertained her, "Mrs. Gu, the bracelet you ordered last time has arrived, and I'll bring it to you."

"Okay." Mrs. Gu nodded lightly with a smile.

The store manager went to open the safe and took out an emerald bracelet, "Mrs. Gu, take a look at it, are you still satisfied?"

Mrs. Gu picked up the bracelet and looked around, her smile deepened a lot, "Not bad, I Just put it on."

"I'll help you."

"No, I'll do it myself." Mrs. Gu refused the store manager's help and put it on herself.

The store manager did not force it, and still kept a smile on his face.

At this time, the store manager saw the necklace on Mrs. Gu's neck and said, "Mrs. Gu, I have long heard that Miss Gu is very beautiful. When I first saw her, it was true. Her eyes are exactly like yours."

Hearing the store manager complimenting her daughter, Mrs. Gu He smiled more and more happily, "Thank you for your compliment, Manyin just came?"

Manyin should be Miss Gu's name.

Thinking, the store manager nodded, "Yes, I'm here to ask about the necklace. It's strange to say that Miss Gu doesn't seem to know that her necklace and the one around your neck are mother-daughter models."

Hearing this, The bracelet that Mrs. Gu had not put on fell on the counter like this, making a crisp crashing sound.

When the store manager saw it, there was a flash of pain on his face, and he quickly picked up the bracelet and checked it carefully to see if there was any hit.

"What did you just say? You said that Man Yin came to ask you with her daughter's necklace?" Mrs. Gu stared at the store manager, her voice a little eager.

The store manager didn't know what was wrong with her, and nodded suspiciously, "Yes."

"It's impossible!" Madam Gu shook her head repeatedly.

The daughter's necklace was given to Manqing by her and Yaotian. In the end, it disappeared with Manqing's death. How could Manyin have.

So the person who came to ask about the necklace could never be Man Yin, could it be Man Qing?

Love is still alive?

Thinking of this possibility, Mrs. Gu grabbed the store manager's hand tightly, and she was very emotional, "You said just now, that girl's eyes are very similar to mine, right?"

Chapter 156 Love is still alive

"Yeah, it's almost the same." The store manager replied with a forced smile, looking at his red hand.

Madam Gu's eyes turned red in an instant, and tears rolled down her eyes, "It's romance, it must be romance, romance isn't dead, romance is still alive, store manager, where is that girl now?"

She asked in a trembling voice.

The store manager replied, "I've already left, but I haven't left for a long time, so I might still be in the mall."

As soon as she finished speaking, she saw that Mrs. Gu didn't even take her bag, so she hurried out of the store and looked around in the mall. Possibly the girl of her eldest daughter.

However, Mrs. Gu searched the whole mall, and couldn't find the girl who wore her daughter's necklace and had eyes that looked like hers.

Madam Gu returned to the dt shop in despair.

The store manager brought a cup of hot water, "Mrs. Gu, have you found it?"

Madam Gu shook her head in disappointment, "No."

"Don't be discouraged, since people are in the sea market, I believe that Madam Gu can always meet them." He smiled comfortingly.

Although I don't know what is the relationship between the lady who Mrs. Gu calls Man Qing, and Mrs. Gu.

But seeing how Mrs. Gu attaches so much importance, I think the relationship should be very close.

"Thank you." Madam Gu squeezed the corner of her mouth, then took out the card and settled the bill, and hurried back to Gu's house with the bracelet.

"Husband!" Madam Gu shouted as soon as she entered the door.

Gu Yaotian came downstairs, "Didn't you go shopping, why did you come back so soon?"

"Husband, Manqing is still alive." Mrs. Gu looked at Gu Yaotian who went downstairs and said excitedly.

Gu Yaotian almost slipped, "What did you say?"

He held onto the railing and looked at Madam Gu in shock.

Mrs. Gu clasped her hands tightly together, "Manqing is still alive, our eldest daughter is still alive."

"Bullshit." Gu Yaotian frowned and continued downstairs, "I'm afraid you have encountered a liar again. A few years ago, there were often liars who said that our daughter was still alive, but they actually came to cheat money."

"This time is different, Manqing is holding the necklace, this is it..." Madam Gu quickly took out the necklace around her neck, "Manqing took her daughter's necklace to dt to ask, the store manager told me, she also said that Manqing's eyes are as long as mine. It's exactly the same, Yaotian, my intuition tells me that the girl the store manager said is Manqing."

Gu Yaotian was also stunned, "But how is this possible, Manqing was drowned by Rong Hao, we all saw it Yes ."

"I saw it, but didn't the police tell us later that Manqing's body was never recovered? Maybe Manqing didn't die after being thrown into the river, but was rescued by people downstream. Otherwise, how can I explain that a girl with the same eyes as me appeared with her daughter's necklace." Madam Gu said while holding the necklace tightly.

Gu Yaotian supported his forehead, "Please let me slow down."

"Dad, Mom, what are you talking about?" At this time, Gu Manyin also came downstairs. Seeing Madam Gu and Gu Yaotian's abnormal appearance, she couldn't help it. asked curiously.

Mrs. Gu held Gu Manyin, "Manyin, your sister is not dead, she is still alive."

"What?" Gu Manyin was stunned for a moment, then her eyes widened, "Mom, do you think sister Manqing is not dead? "

Yes, she is not dead, she is in Jiangcheng." Madam Gu nodded happily.

Gu Manyin lowered her eyelids, her eyes full of sullenness.

Gu Manqing didn't die, which is really surprising.

And seeing how happy her mother looked, she seemed to be ready to bring Gu Manqing back. If that was the case, then her mother would only see Gu Manqing in her eyes, and there would be no place for her to exist.

No, I can't let Gu Manqing come back, because when Gu Manqing comes back, her inheritance rights, the property of the Gu family, and the favor of her parents will all be divided in half.

She must not let this happen.

Gu Manyin bit her lower lip, smiled on her face, and asked tentatively, "That's great, Mom, where is Sister Manqing now?"

She wanted to find out about Gu Manqing's whereabouts, and then her father Mom took a step and got Gu Manqing away.

When Mrs. Gu heard Gu Manyin's question, her eyes became a lot sadder, "I also happened to know that your sister is still alive today, but I don't know where she is at the moment."

“Is that so.” Gu Manyin nodded and frowned. up.

Shouldn't my parents be deceived?

But whether she was really cheated or not, she had to figure out this matter. If the news that Gu Manqing was still alive was false, then it would be fine.

If it's true, she still wants to drive away Gu Manqing. She has no feelings for this so-called elder sister.

Thinking about it, Gu Manyin asked again, “Mom, how did you know that my sister is still alive?”

“It's this necklace.” Mrs. Gu said, and then told what happened in the dt store.

After Gu Manyin listened, she slowly clenched her palms.

From this point of view, that woman might really be Gu Manqing.

I didn't expect Gu Manqing to be so lucky, so she didn't die.

“Mom, I'm going to the Fu Mansion for dinner tonight, so let's go first.” Gu Manyin lowered her eyelids and pulled out her hand.

She had to find out Gu Manqing first.

Otherwise, it will be too late for parents to find out.

Mrs. Gu nodded, “Go.”

Gu Manyin kissed her on the cheek and walked towards the door.

After Gu Manyin left, Mrs. Gu looked at Gu Yaotian, “Husband, let's find Manqing quickly, I don't know how Manqing has been doing for more than 20 years, thinking that Manqing may have suffered a lot, My heart can't stop hurting.”

She hammered her heart.

Gu Yaotian took her into his arms distressedly, “Don't worry, I will definitely find our daughter and let her come back to us.”

“But I'm worried , Ranqing will not come back, in case she thinks we don't want her , throw her away, what if you hate us?” Mrs. Gu said with anticipation and fear.

“No, since Manqing asked with the necklace, it means that she must also want to find us.” Gu Yaotian replied.

Mrs. Gu shook her head, "According to the store manager, Manqing already knows that the necklace was designed by someone you asked for, then Manqing should know that we are her parents, so I'm worried that she doesn't want to take the initiative to come to us."

Gu Yaotian sighed, "Let's wait a few days, maybe in a few days, we will find us on the initiative, if not, we will find her again, just use your necklace to find, send your necklace to On the Internet, when Manqing saw that we were looking for her, he should have understood that we didn't abandon her, maybe she would come."

"That's right." Madam Gu nodded.

Rong Shu didn't know what she was asking with the necklace, which has attracted the attention of the Gu family.

After she left the mall, she drove to the hospital again to see her grandmother. By the way, she asked her if she knew what happened to the Rong family and the Gu family more than 20 years ago.

Unexpectedly, the car stopped halfway, and the trailer did not appear for a long time.

So much so that Rong Shu squatted on the side of the road and waited for nearly two hours under the freezing conditions.

"Mr. Fu, I saw Miss Rong." On the black Maybach, Assistant Zhang saw Rong Shu on the side of the road ahead and said in surprise.

The man in the back seat exuding a noble and noble atmosphere opened his eyes, looked out the car window, and saw the woman on the side of the road, his eyebrows wrinkled.

what is she doing

I'm rubbing my arms in the cold, why are you still squatting there?

"Turn around and drive over." Fu Jingting ordered.

Assistant Zhang responded, drove the car to the turntable in front, turned around, and drove towards Rong Shu.

Coming to Rong Shu, Assistant Zhang stopped the car, rolled down the window, and said to Rong Shu, "Miss Rong, get in the car."

Chapter 157 The old lady's disappointment

Rong Shu was a little surprised by Assistant Zhang's appearance, and even more surprised when he heard that he let her in the car.

She looked at the car window in the back seat. The car window was covered with film. She couldn't see if anyone was inside, so she didn't immediately agree, "Do you have the final say?"

"It was Mr. Fu who asked me to get you in the car. ." Assistant Zhang had no choice but to answer.

Rong Shu's eyes lightened a lot in an instant, "No." In the back seat of Maybach, Fu Jingting heard her refusal, and his face suddenly darkened.

He rolled down the car window, exposing his stern face to the air, "Get in the car!"

He couldn't help his voice.

Rong Shu looked at him calmly, "I said there is no need for President Fu, don't you understand?"

What happened to this man.

Isn't it normal for her to refuse to get into his car? After all, she is not his, so it is inexplicable why he is angry.

Fu Jingting heard her impatience, frowned, and wanted to let Assistant Zhang drive, so she left, after all, she didn't get in the car.

But looking at her cold flushed face, she held back.

"What are you doing here?" Fu Jingting asked in a deep voice.

Rong Shu could see that he clearly wanted to leave, but he didn't know why he didn't leave, and he didn't bother to guess his thoughts, so he replied lightly, "Wait for the trailer."

Assistant Zhang glanced forward. "Mr. Fu, Miss Rong's car seems to have broken down."

Fu Jingting raised his eyebrows.

I see.

No wonder she squatted on the side of the road.

“There was a serious car accident on the heavy lane two kilometers away. The road hasn’t been cleared yet, and the tow truck can’t come over in a short time. You can either get in the car or continue to wait here until it gets dark.”

Rong Shu frowned.

There was a car accident, no wonder he hadn’t come over for so long.

“Sorry, Mr. Fu, I still can’t leave. If I leave and leave a car here, the consequences will only be more serious.” Rong Shu pursed her lips and said.

This is caught and there is a possibility of having the driver’s license revoked.

Hearing this, Fu Jingting gave Assistant Zhang a look.

Assistant Zhang gave a wry smile and immediately understood, “Miss Rong, get in the car, I’ll leave it to you.”

“You?” Rong Shu squinted at him.

Assistant Zhang nodded, “Yes, I see Miss Rong, you have already checked your watch two or three times just now, so you must be in a hurry.”

“...” Rong Shu opened her mouth and stopped talking.

When there was no problem with the car, she had already called her grandmother and said she was going to visit her, and she was very happy.

If it doesn’t make it to the end, my grandmother will be disappointed.

Seeing Rong Shu’s entanglement, Assistant Zhang continued to cheer, “So Miss Rong, you better get in the car, don’t be late.”

Rong Shu took a breath, met Fu Jingting’s deep eyes, and her red lips lightly parted, “Then thank you, Mr. Fu.”

Fu Jingting hummed and rolled up the car window.

Rong Shu looked at Assistant Zhang who was getting off the bus again, “Wait a minute, I have something in my car.”

“Okay.” Assistant Zhang nodded with a smile.

Rong Shu walked towards her car in front of her, took out the gift she bought for her grandmother, and then handed the car key to Assistant Zhang.

After Assistant Zhang took it, she turned around and walked to Fu Jingting's Maybach, bypassing the front of the car, trying to open the co-pilot's door.

As soon as he opened it, he saw that Fu Jingting had already sat in the driver's seat. Rong Shu immediately dismissed the idea of ??sitting in the co-pilot, closed the co-pilot's door with a blank expression, and went to open the rear door.

Fu Jingting frowned as he looked at the closed passenger door.

Is he despised by her?

She didn't want to sit next to him?

"Okay, Mr. Fu, let's drive." Rong Shu put the gift aside and spoke softly.

Fu Jingting was about to laugh angrily.

This woman is treating him as a driver.

Fu Jingting looked at the woman's profile looking out of the window through the rearview mirror, her thin lips moved, "Where are you going?"

Rong Shu replied without looking back, "The subway station in front."

Fu Jingting's face sank.

This woman, she would rather take a taxi by herself than take him to her destination!

Fu Jingting lowered his eyelids, covering the irritability in his eyes, and started the car.

Rong Shu looked at the receding scenery outside the window, wondering what she was thinking.

She didn't turn her head until she saw the subway station passed, grabbed the co-pilot's leaning, and said angrily, "Mr. Fu, you have passed!"

"I know." Fu Jingting looked straight ahead and answered in a cold voice .

Rong Shu bit her lip, "You did it on purpose?"

Fu Jingting's eyes flashed a glimmer of pride that he didn't even know he knew, and he hummed, "Where are you going, you can say it again now."

“You...” Rong Shu angrily Tap to lean on.

Fu Jingting saw it, and the corners of his lips curled slightly, “If you don’t say anything, then continue to drive forward.”

“Go to the hospital to see your grandmother.” Rong Shu glared at him and replied anyway.

Why didn’t she find out about this man before, and why did she have a hobby of sending people to the West?

Others won’t let him send it to the end, and he still uses this method, which is really speechless.

Fu Jingting was a little surprised when he heard Rong Shu’s words.

It was to see my grandmother.

He thought that she was carrying these middle-aged and elderly supplements to see Lu Qi’s parents.

Thinking of this, Fu Jingting felt inexplicably good.

But Rong Shu was in a bad mood, and her face was drooping all the way.

Finally, the hospital arrived.

Rong Shu got out of the car, didn’t bother to thank Fu Jingting, and walked directly into the hospital gate.

Fu Jingting followed behind her, looking at her angry back, a faint smile appeared on his face.

Are you still angry?

When he was in Fu’s house before, he had never seen her angry. She was always dead and dead. Even if she laughed, she smiled reluctantly, full of melancholy, and it was annoying when people looked at it. Generally energetic.

It can be seen that she is not happy at all in the Fu family, and it is right to divorce.

Although he knew that divorce was a relief for Rong Shu and himself, but for some reason, Fu Jingting found that he did not really feel relieved, but felt even more heavy.

And this heaviness becomes more and more obvious as the divorce goes on.

He didn't even dare to think about why this was happening, his intuition told him not to. If you want to understand, his current life will change beyond recognition.

Thinking of this, the smile on Fu Jingting's face faded and returned to his usual coldness.

Soon, the two came to the old lady's ward.

The door was open, and Ma Feng was not there, so Rong Shu knocked on the door.

The old lady was sitting on the hospital bed reading a book when she heard a knock on the door and looked up.

Seeing that it was Rong Shu, a kind smile appeared on her face immediately, "Shu Shu, come in quickly!" The

old lady waved to Rong Shu.

"Grandma, I'm here to see you." Rong Shu put down her hand and walked in with the gift.

Just as the old lady was about to blame her for bringing such a thing, she saw another person walk in outside the door.

"Jing Ting?" The old lady looked at Rong Shu and Fu Jingting in surprise, "You came here together?"

"No, I just happened to meet Mr. Fu in the elevator, so we came up together." Rong Shu replied with a smile.

Fu Jingting knew that she said this because she didn't want the old lady to think too much, lest the old lady have the idea of ??remarrying them.

Although Rong Shu did it right, Fu Jingting felt a little uncomfortable.

Is he the plague that made her avoid it so much?

"Yes, grandmother." Fu Jingting replied with a bad expression.

The old lady sighed in disappointment, "Is that so, I thought you two came together."

Rong Shu saw the old lady's appearance and knew that the old lady never really gave up and let her and Fu Jingting get together again. Thought, smiled, and changed the subject, "By the way, grandma, how is your health?"

Chapter 158 No Feelings

“It’s better.” The old lady replied with a smile.

Rong Shu nodded, “That’s good.”

Suddenly remembering something, the old lady pointed to the head of the bed, “Shu Shu, Feng Ma’s son came to see her yesterday and brought her a lot of homegrown hawthorn, aren’t you? Do you like eating hawthorn cake, take this hawthorn back.”

Rong Shu looked at the hawthorn in the basket, which was red and big, making people very appetizing at first sight.

Just when she was about to nod her head in agreement, Fu Jingting said, “No!” The old lady frowned.

The smile on Rong Shu’s face also slowly subsided.

The old lady looked at Fu Jingting dissatisfiedly, “Why not, I gave this to Shu Shu, do you need your approval?”

Why didn’t she see this grandson being so stubborn before.

Not even a bit of hawthorn!

Rong Shu didn’t speak, nor was she angry.

It’s just a little hawthorn, if you don’t give it, don’t give it.

There’s no need to get angry for that little bit of food.

Seeing the changes in the expressions of the old lady and Rong Shu, Fu Jingting knew that they had misunderstood, and lowered his eyes and said softly, “She can’t eat hawthorn.”

Ever since he learned that Rong Shu was pregnant, he didn’t know what he was doing, so he checked the Internet. After some things that pregnant women need to pay attention to, there are things that pregnant women cannot eat.

And hawthorn is one of them.

“Why not!” The old lady stared at Fu Jingting with a stern face, because Fu Jingting didn’t give an acceptable reason, so she wanted to let him finish.

Rong Shu also looked at Fu Jingting, wondering why he thought she couldn’t eat.

Fu Jingting pursed his thin lips, not knowing how to answer.

Rong Shu herself has not announced her pregnancy to the public.

Of course he couldn't speak for her.

After thinking for a while, Fu Jingting's eyes flashed slightly and said, "This is given to you by Feng Ma. What do you want to say to others, let Feng Ma think, or let Feng Ma dry it up and soak it in water for you." The

old lady was angry. His hands trembled, "That's why you didn't give Shushu the hawthorn? Well, Fu Jingting, you're really good, I think you've been with that woman Wang Shuqin for a long time, so you learned how to be stingy and stingy, you see. Looking at your pretentious appearance, I should have known that I should not have handed you over to Wang Shuqin to raise you."

Hearing her grandmother describe herself as a selfish person, Fu Jingting's mouth twitched slightly, and then Look at Rong Shu.

He subconsciously didn't want her to think that he was really that kind of person.

"Shushu, take the hawthorn away in a while, don't listen to him, this is my hawthorn, it's not his turn to call the shots." The old lady gave Fu Jingting a stern look and said in a tone of indifference.

Rong Shu nodded, "Okay."

The more Fu Jingting didn't want to give it to her, the more she insisted on taking it.

When he is not happy, she is happy.

Rong Shu raised her eyes and looked at Fu Jingting, the provocation in her eyes was undisguised.

Fu Jingting wanted to laugh a little.

Forget it, she takes it and takes it.

It's a big deal, he'll be thinking of a way to get rid of the hawthorn in a while, anyway, she can't eat it.

"Why are you still standing still, and you haven't poured water for Shushu?" The old lady saw Fu Jingting's pestle there, and she was angry again.

After just now, she looked at this grandson, and it became more and more unpleasant. What an excellent child in the past, why has it become like this now?

Fu Jingting responded and took a disposable paper cup to the water dispenser to collect water.

After receiving it, he walked up to Rong Shu and handed it to her.

“Thank you.” Rong Shu thanked politely and took the cup.

Fu Jingting hummed and reminded, “Be careful of the heat.”

The old lady looked at him in surprise.

Is he caring about Shu Shu?

Rong Shu didn't feel that Fu Jingting cared about her. After all, such reminders were too common.

If it was her, she would kindly remind the other party.

So, she didn't feel anything.

Rong Shu blew the hot air of the water, then took a sip, and couldn't help but let out a groan.

“What's the matter, Shushu?” the old lady asked with concern.

Rong Shu looked at Fu Jingting with a strange expression, “Mr. Fu, did you put honey?”

“Mm.” Fu Jingting nodded, “Don't you like it?”

There was a trace of unnoticeable nervousness in his tone.

The old lady's decades of experience are far from what Rong Shu can compare.

Rong Shu couldn't notice it, but the old lady noticed it, and her heart was shocked.

Just now she suspected that Jing Ting was caring about Shu Shu.

Now when I hear Jing Ting adding honey to Shu Shu, I nervously ask Shu Shu whether she likes it or not. What does this mean? It shows that Jing Ting has feelings for Shu Shu.

It's just that Jing Ting is useless, he doesn't know it yet!

Thinking of this, the old lady completely disliked Fu Jingting now.

Rong Shu smiled slightly at Fu Jingting, "No, it's just a bit of an accident, thank you, Mr. Fu."

Fu Jingting raised his chin, "No need."

He was relieved.

It seems that his self-assertion did not make her dissatisfied.

Fu Jingting's lips curled, a little happy.

The old lady squinted at him, "Idiot!"

Fu Jingting raised his eyebrows, "Grandma, did you tell me?"

What did he do.

How can you be an idiot.

Rong Shu also looked at the old lady curiously.

The old lady snorted coldly, "Isn't it who you are talking about?"

A person who can't even see his own feelings is not an idiot.

Fu Jingting pursed his lips, feeling a little aggrieved, and just as he was about to ask the reason, the phone rang.

He frowned, took out his mobile phone, and saw that Gu Manyin was calling, his eyes suddenly became complicated.

"Why didn't you pick it up?" the old lady asked.

Fu Jingting's thin lips moved, and some didn't want to accept it.

Especially when grandmother and...

Fu Jingting glanced at Rong Shu.

Rong Shu twitched the corners of his mouth.

Strange, why is he looking at her?

Rong Shu turned his head to one side.

Fu Jingting looked at her indifferent attitude little unhappy in his heart, and then answered the phone in a fit of anger, "Hello, Man Yin."

He took the mobile phone and walked towards the balcony.

The old lady's face was not very good-looking, "It's that woman again."

Rong Shu smiled, "Miss Gu is President Fu's fiancée, isn't it normal to make a phone call?"

"That idiot is blind and can't see it. That woman is a black heart." The old lady pouted.

In fact, she could see that Jing Ting didn't love that Gu Manyin.

But she didn't know why, she was so obsessed with that Gu Manyin, so obsessed that she thought it was love, and now she didn't realize that the person she really loved was Shu Shu, so she called Jing Ting stupid.

"It's not that Mr. Fu doesn't know. He has always known Miss Gu's true character, but he doesn't care." Rong Shu said while flipping her hair.

The old lady snorted, "Forget it, don't talk about that woman, talk about you, Shushu."

"Me?" Rong Shu pointed to herself.

The old lady nodded with a smile, "Yes, Shushu, tell me honestly, do you still have any thoughts on Jingting?"

If Shushu had any, she would show her old face and drive away Gu Manyin if she said anything. , to re-match Shu Shu and Jing Ting.

Let Jing Ting realize that the person he loves is Shu Shu.

Rong Shu smiled and shook her head, "Grandmother, I no longer have feelings for President Fu." The

old lady's expression stiffened, and she obviously didn't believe it, "It's really gone?"

"It's gone!" Rong Shu nodded heavily.

Seeing the seriousness in her eyes, the old lady sighed in frustration, "That's fine."

"Sorry grandma, I..." The

old lady laughed again, "There's nothing to apologize, that kid Jing Ting is so right. You, my old woman sees it in her eyes, it's normal that you don't love Jing Ting, but I didn't expect it to be so fast."

Rong Shu lowered her eyes, "I'm too disappointed, so I'm fast."

"Yeah. "The old lady sighed.

Outside the floor-to-ceiling window of the balcony, Fu Jingting slowly put down the hand that was about to push the door, and lowered his head slightly, making it impossible to see the expression on his face.

Chapter 159 The Secret Twenty Years Ago

In fact, he had already heard Rong Shu say that he didn't love him, but he never took it to heart, thinking that it was just her angry words, and she was angry at his maintenance of Manyin, so he said it on purpose, after all these years It's not that he doesn't know her feelings for him.

But now, in front of her grandmother, she can calmly tell her that she doesn't love her anymore, and it makes him fully realize that what she said before was not mad at him, but that she really doesn't love him anymore.

At this moment, Fu Jingting clearly felt that his heart was aching and empty, as if someone had dug up a very important thing, which made him look very bad.

The old lady saw what he looked like now, she shook her head slightly and sighed, "I was thinking, if you still have feelings for Jing Ting in your heart, I will match you with everything I say, but now... hey, it's actually like this. That's fine." In the

past, Jing Ting didn't love Shu Shu, so the husband and wife were so cold.

But now it is Shu Shu who doesn't love Jing Ting, and the two are together again, what is the difference from before.

"Thank you grandmother for caring about me, but it's always impossible for me and Fu." Rong Shu took the old lady's hand, "I let you down, grandma."

"What would a silly child say, compared to forcing you to be with Jing Jing? Together, I want to see you happy, look at your little face now, how energetic, look at the past, haggard is not like a young man in his twenties, it's still good "The old lady laughed.

Seeing that the old lady really didn't care, Rong Shu relaxed her heart and laughed.

Then, she thought of something and pulled the necklace out of her collar, "By the way, grandma, I went back to my hometown and found a necklace. Do you think it's the one you said?" The

necklace?

Outside the balcony, Fu Jingting narrowed his eyes when he heard this.

what necklace?

The old lady lifted Rong Shu's necklace and looked at it, "I don't know if it is this one. Your father was in a hurry and didn't explain what the necklace looked like, so I'm not sure."

Rong Shu put down the necklace . , "This is the only one in my entire hometown, nothing else."

"That should be it." The old lady nodded.

Rong Shu bit her lower lip, "This necklace is very similar to the one on Mrs. Gu's neck. I asked, it's a mother-daughter necklace, Mrs. Gu's is the mother, and mine is the daughter, so I can't figure it out. Manyin's necklace, why is it in my house."

"You said it was the Gu family's necklace?" The old lady was taken aback.

Rong Shu nodded, "Yes, more than 20 years ago, Gu Yaotian asked someone to design it for Mrs. Gu and Mrs. Gu's newly born daughter, which is Gu Manyin."

"I remember." The old lady He smiled, "If it's really the mother-daughter necklace of the Gu family, this one in your hand is not from Gu Manyin, but from Gu Manqing."

"Gu Manqing?" Rong Shu tilted her head in confusion.

For some reason, when she heard the name, she felt an indescribable feeling in her heart.

But soon, that feeling disappeared.

"Yes, it's Gu Manqing. She is the eldest daughter of Gu Yaotian's husband and wife. Now Gu Manyin is young. Speaking of which, you and Gu Manqing are still in the same year." The

old lady recalled, "When Mrs. Gu Yaotian was born The eldest daughter, Gu Yaotian's purchase of two necklaces is still very famous in the sea market. Many people envy

Mrs. Gu, but when she gave birth to Gu Manyin, Gu Yaotian did not say anything, so this necklace belongs to the eldest daughter. Rong Shu looked down at

the necklace on her neck, "It turns out that the Gu family not only has one daughter, Gu Manyin, but why, I have never heard that the Gu family has an eldest daughter?"

"That's because she is very young. It's time to die." Fu Jingting pushed the door and said.

Rong Shu's eyes widened in surprise, "Dead?"

The old lady nodded, "Yes."

"Then why is this necklace in my house?" Rong Shu couldn't figure it out.

Fu Jingting looked at her, "You want to know?"

"You know?" Rong Shu looked at him.

Fu Jingting was noncommittal, "When I learned that Manyin still has a sister, I checked Gu Manqing a little. Gu Manqing's death is related to your father."

"My father?" Rong Shu stood up in shock. .

The old lady shook her head, "It's all the grudge of the previous generation."

Rong Shu's lips trembled, "Could it be that what happened to the Gu family and the Rong family many years ago was the death of Gu Manqing?"

"Huh?" Fu Jingting looked at her.

Rong Shu ignored him and grabbed the old lady's hand tightly, "Grandmother, the purpose of my coming here, besides seeing you, is to know if something happened to the Rong Gu family many years ago, otherwise this necklace It's impossible to appear in the Rong family."

Based on this, she guessed whether something happened to the two families.

"Grandma, judging from what you just said, you should know. I ask you to tell me what happened to the Ronggu family, why Gu Manqing's death has something to do with my father, and the necklace my father said. Is the secret behind it also related to these?" Rong Shu looked at the old lady pleadingly.

The old lady patted her head, "Okay, I'll tell you, I know, even if I don't tell you, you'll try to find out, it's better for me to tell you directly, but I didn't expect that, The necklace your father mentioned is actually from the Gu family."

“Thank you grandmother.” Rong Shu cried with joy.

She was really afraid that the old lady would not say it.

Fu Jingting looked at Rong Shu’s tears, his heart moved slightly, and he took out the decorative handkerchief from his suit pocket and handed it over , “Wipe it.”

Rong Shu was startled at first, then shook his head, “No, I have it myself.”

Saying that, he took out a tissue from his bag, without even looking at his handkerchief.

Fu Jingting lowered his eyelids, his eyes darkened, he clenched the handkerchief in his hand and took it back.

Seeing him like this, the old lady secretly said something she deserved.

“Okay, grandma, tell me.” After Rong Shu wiped away her tears, a smile returned to her face.

The old lady snorted and said slowly, “More than 20 years ago, Tiansheng Group independently researched a new machine, which can effectively improve production technology. Your father is very happy to know that Tiansheng Group is listed on the market. The opportunity has come, but the day before the listing..”

“What happened the day before?” Rong Shu clasped her hands together and looked at the old lady nervously.

The old lady patted the back of her hand distressedly, “Gu Yaotian didn’t know where to know about this machine, and people stole the data of this machine, which led to the failure of Tiancheng Group to go public, and the main researchers also committed suicide in frustration. “

What?” Rong Shu’s pupils shrank, “Is there such a thing?”

Fu Jingting’s brows were also tightly knit together, obviously he didn’t know about this.

He always knew that Gu Yaotian often played some unpopular tactics, but he always felt that it was no big deal. After all, the shopping mall was ruthless, and it was normal to have tactics. As long as it was not out of the ordinary, the country would turn a blind eye.

But I didn’t expect that Gu Yaotian’s methods were so despicable, he even did things like stealing trade secrets, and even indirectly killed people!

“After the incident broke out, your father became the target of public criticism. Because of the loss of machine data and the suicide of the main researcher, your father not only

had to appease Tiancheng's hearts, but also faced huge compensation. He kidnapped Gu Yaotian's eldest daughter." The old lady sighed.

Chapter 160 Do You Regret?

It turned out to be so.

Fu Jingting pursed his thin lips.

He knew that Rong Hao had kidnapped Gu Manqing, but he never thought that it was Gu Yaotian who forced him.

It seems that there are some things that cannot be checked only in part, but must be checked in full, otherwise it is very likely to be blinded by illusions and unable to see the truth.

Thinking of the hatred Gu Yaotian showed when he mentioned Rong Hao before, now Fu Jingting only finds it ridiculous.

What's even more ridiculous is that he really believed Gu Yaotian's words, saying that Rong Hao was sorry for their Gu family.

Thinking about this, Fu Jingting looked at Rong Shu with guilt and shame in his eyes.

Ashamed that she listened to one side's words, she thought her father was not a good person.

Rong Shu didn't have time to pay attention to Fu Jingting. She lowered her head and clenched the necklace tightly, "That's why this necklace appeared in the Rong family." It should have been taken from Gu Manqing's neck when her father kidnapped her.

"Yes." The old lady nodded.

Rong Shu asked again, "Then how did Gu Manqing die?"

She had a bold guess.

A guess that she didn't want to think about.

Under Rong Shu's gaze, the old lady said slowly, "Did your father drown in the river, or in front of Gu Yaotian and his wife."

Boom!

The guess came true.

Rong Shu's eyes darkened, and she only felt that the whole world was spinning.

She swayed and was about to fall.

Fu Jingting grabbed her shoulders and let her lean against his arms, "Are you okay?"

"I'm fine." Rong Shu bit her lips and answered weakly.

The old lady also looked at her with concern, "Sit down."

Fu Jingting helped Rong Shu to sit down.

Rong Shu trembled slightly, "Dad, how could he do such a stupid thing." He actually drowned a child.

No wonder six years ago, when Gu Yaotian forced his father to death, he was also seeking revenge.

"Yeah, your father is stupid, but he can understand it. After all, being forced to such a point, it's really easy to do stupid things under impulse." The old lady touched her head distressedly.

Rong Shu closed his eyes, "He's too impulsive."

"Didn't you see that there is something very wrong here?" At this moment, Fu Jingting suddenly spoke.

Rong Shu looked up at him, "Where?"

"Since your father was Gu Manqing who drowned in front of Gu Yaotian and his wife, why didn't your father go to prison?"

Fu Jingting said, "With Gu Yaotian's retribution character, it is impossible to let you go. Dad and Tiancheng, but he just let it go. Not only did he not hold your father's legal responsibility, but he also asked your father to go back and continue to develop Tiancheng. It was not until six years ago that he took action against your father and Tiancheng."

Rong Shu suddenly said, "Yes, why? Grandma, do you know?"

She looked at the old lady.

The old lady shook her head, "I don't know much about this either. Maybe there was a deal between your father and Gu Yaotian at the time, otherwise I can't explain it."

Rong Shu bit her lower lip, "Maybe, but anyway, the Rong family Gu Yaotian and Gu family are inseparable."

This hatred was first caused by Gu Yaotian, although his father killed Gu Yaotian's daughter, but Gu Yaotian also forced his father to death.

The hatred between human lives has been cancelled, but the hatred between Gu Yaotian and Tianzhu has not yet, this hatred, she will avenge it!

Seeing the hatred in Rong Shu's eyes, Fu Jingting wanted to erase it from her.

She has beautiful eyes and shouldn't get these things.

But he knew that he was not qualified and had no right to erase it.

Just thinking about it, she heard Rong Shu's cold voice, "Mr. Fu, I want to destroy Sansheng and the Gu family."

Hearing this, Fu Jingting was not surprised. The hatred in her eyes had already been told to him in advance. , she thought.

"Then what?" Fu Jingting looked at her.

"Then do you want to intervene?" Rong Shu looked at him blankly.

Fu Jingting frowned slightly.

What does her look mean? If he intervenes, she will also deal with him together?

"Mr. Fu, I want to know your answer, will you intervene and help the Gu family!" Rong Shu asked again when Fu Jingting didn't speak.

The old lady replied quickly, "Of course he won't. If he dares to help the Gu family, I will be the first to refuse!"

"Grandma, I want to hear his answer." Rong Shu said.

If it wasn't for her grandmother, she wouldn't care whether Fu Jingting helped the family or not. Of course it would be good if he didn't help. If he did, she would deal with it together.

The reason why she asked about it was because she cared about her grandmother, because he was the grandson of her grandmother, so she had to prepare her mentally in advance, lest when Fu Jingting helped the family, she would deal with Fu Jingting and grandmother would be sad.

"I won't." Fu Jingting lowered his eyes and replied.

It was Gu Yaotian's fault in itself, and it was right for the Gu family to pay the price they deserved.

As for Man Yin, without the Gu family, he would not let Man Yin be inferior.

"Very well, remember what you said. If you suddenly regret it like last time, I will try my best not to, and it will make you suffer for the rest of your life." Rong Shu said decisively.

Fu Jingting's pupils shrank and his fists clenched, "No."

She was serious. If he really regretted it, she would really do something that would make him suffer for the rest of his life.

For example, killing Manyin, or herself...

"What did you suddenly regret last time?" The old lady looked at Fu Jingting and interrupted his thoughts.

"It's nothing." Fu Jingting's eyes flashed slightly, he didn't want to answer, and at the same time he looked at Rong Shu, hoping that Rong Shu would cooperate.

After all, if Grandma knew that Manyin pushed her downstairs, Grandma would definitely be stimulated.

Rong Shu also knew this, so she was happy to cooperate, "Okay, grandma, don't ask, it's all over, I don't want to mention it, I'm just thinking, I also know the secret behind this necklace. Now, I just don't know why my father asked me to find this necklace."

If it is revenge, then there is no need, because there is no necklace, she knows that Gu Yaotian killed her father, and she will also take revenge.

So things are definitely not so simple, this necklace must have other functions.

"I don't know either. Your father said that it is about a big secret. This big secret should be what I just told you about 20 years ago. As for whether there is anything else, I will I don't know." The old lady shook her head.

Rong Shu sighed.

The old lady smiled, "It's alright, you can put it away first, maybe one day you'll find out."

"Yes." Rong Shu smiled, "It's getting late, so I'll leave my grandmother first, it's getting dark."

Okay, I'll let Jing Ting send you." The old lady said, looking at Fu Jingting, "You can send Shu Shu."

"Yes." Fu Jingting took out the car keys and agreed.

But Rong Shu lightly refused, "No need for grandmother, I'll just go out and take a taxi, don't bother Mr. Fu, goodbye."

After she finished speaking, she smiled, unscrewed her bag, and went out. He gave Fu Jingting a look.

Fu Jingting pursed his thin lips and raised his legs subconsciously to catch up.

The old lady stopped him sharply, "Stop!"

Fu Jingting stopped, "Grandma?"

"Shushu even said that you won't be allowed to give it away, what are you doing?" The old lady stared at him.

Really, once let you send it, you don't send it.

Now I won't let you send it, but if you want to send it, it depends on whether Shu Shu is willing or not.

Fu Jingting's thin lips moved, and he wanted to say something, but suddenly he couldn't say it.

The old lady sighed, "Do you regret it?"

"What?" Fu Jingting's eyes flashed.

The old lady snorted coldly, "Pretend, I'm asking you, do you regret your divorce from Shu Shu?"

Fu Jingting's heart seemed to be stabbed and tingled.

He lowered his eyelids slightly, covering the emotion in his eyes, "No."
