### Chapter 161 Sending You Back

“Really not?” The old lady asked with a half-smile.

Fu Jingting’s voice was cold and hard, “Of course! I said before that I would not regret it. I never will, and I won’t in the future.”

“Yes, I see.” The old lady nodded and stopped talking.

Not in the past, not in the future, really not in the future?

The old lady smiled.

I hope he won’t be in pain in the future.

“By the way, I hope you don’t say anything about the conversation between Shu Shu and us today, especially to that Gu Manyin and the Gu family, do you understand?” The old lady looked at Fu Jingting with a warning. mean.

Fu Jingting raised his chin, “I know, I won’t say it. I promised Rong Shu that I wouldn’t help the Gu family, so naturally I won’t say this to the Gu family again.”

“That’s good, then you...” Before it was over, the old lady suddenly saw the hawthorn by the bed and patted the quilt, “Shu Shu forgot the hawthorn.”

Fu Jingting’s eyes flashed.

In fact, he knew from the beginning that Rong Shu forgot to take the hawthorn, but he didn’t remind him.

Hawthorn has the effect of uterine contractions, she can not eat.

“Come on, send it to Shu Shu, she should have just left the hospital by now.” The old lady stuffed a basket of hawthorn into Fu Jingting’s arms and urged him to send it to Rong Shu quickly.

Fu Jingting promised, but as soon as he left the ward, he gave the hawthorn to the passing medical staff.

At this time, outside the hospital, Rong Shu was still waiting for the bus.

Suddenly, in the Sichuan restaurant across the road, there was a strong aroma of braised stew.

When others asked, they all cried out that they wanted to eat.

Rong Shu heard it, but her face changed greatly, and a sense of disgust welled up.

She quickly covered her mouth, walked to the edge of the flower bed next to her, leaned over and vomited.

However, nothing came out, only a few mouthfuls of sour water.

She knows that this is a pregnancy reaction after pregnancy. If it smells too greasy or too strong, she will feel stressed and nauseous.

“Ouch!” It just happened for a while, and that feeling was used again.

Rong Shu bent down again, vomited, her face turned white, and sweat was leaking from her forehead, showing how uncomfortable it was.

Fu Jingting saw this scene when he came out. He went to the nearby supermarket with a tense expression, bought a bottle of warmed water, and walked behind her, “Are you okay?”

He quickly unscrewed the bottle cap and handed her the water.

Rong Shu didn’t want it at first, but she felt the sour taste in her mouth and accepted it.

She first rinsed her mouth twice, and waited until the sour taste in her mouth was gone before drinking water.

After drinking a few sips of water, she finally felt much better, and the tumult in her stomach gradually subsided, and she breathed a sigh of relief.

“I’m fine. Thank you, Mr. Fu, for the water. I’ll transfer it to you.”

Fu Jingting’s face darkened, “It’s just a bottle of water, it’s not necessary.”

“Of course it’s necessary, I can’t accept the kindness of others.” Seeing that he didn’t take out his mobile phone, Rong Shu opened his wallet and took out the cash.

“This is the water money and the fare when you come.” Rong Shu put the largest denomination into Fu Jingting’s hand.

Fu Jingting’s body was full of cold air, “Rong Shu, are you so eager to clean up with me?”

Rong Shu looked at him strangely, “Isn’t it good to clean up? Let’s say it’s better to say it’s ex-husband and wife, but it sounds ugly. Dian are two people who have nothing to

do with each other, since they have nothing to do with each other, why don't you tell Dian and no one owes anyone, isn't it good?"

"..." Fu Jingting clenched his fists and was suddenly speechless.

Yes, they were two strangers who had nothing to do with each other.

She was right to do it, but he just felt bad.

"Okay, Mr. Fu, I'll go first." Rong Shu didn't care what he was thinking, he tightened the bottle cap and walked forward past him, wanting to return to the place just now and continue to take a taxi.

However, just after taking two steps, a burst of dizziness struck, and his body swayed.

Fu Jingting stepped forward and grabbed her, not letting her fall, "What's wrong with you?"

He frowned, his eyes nervous without hesitation.

Rong Shu saw it, and was startled, thinking that she had read it wrong.

However, she blinked twice and looked again, and found that the nervousness was still there, and she was very surprised.

Is he actually nervous about her?

Is he crazy, or is the world wrong?

"I'm fine." Rong Shu shook her head and pulled out her arm.

Fu Jingting looked at her pale face, "You were about to faint just now, so you're fine?"

"I'm really fine, it's just low blood sugar." Rong Shu said lightly.

The last time she was diagnosed with pregnancy, the doctor said that she had low blood sugar and was prone to dizziness.

This is the vast majority of pregnant women have, nothing unusual.

"Really?" Fu Jingting was still a little worried.

Rong Shu hummed, "Really."

"What should I pay attention to with low blood sugar?" Fu Jingting asked again.

Rong Shu sneered, "Mr. Fu, I'm not Miss Gu, I'm afraid it's not good for you to care about me so much?"

Fu Jingting pursed her lips slightly, "I just don't want my grandmother to be sad, if something happens to you, my grandmother will be worried. ."

Hearing this, Rong Shu put away the expression on her face and sighed, "Well, in fact, you don't need to pay attention, just replenish your blood sugar at any time."

"How to replenish?" Fu Jingting looked at her.

Rong Shu tilted her head, her palm-sized face with a hint of uncertainty, "Probably eating candy?"

Fu Jingting's thin lips curled slightly, "I thought you knew."

"I'm not a doctor, how can I Maybe you know, forget it, what are you talking about, I'm leaving." Rong Shu waved her hand and wanted to leave again.

As a result, Fu Jingting slapped him and hugged him before he even opened his legs.

Rong Shu was stunned for a moment, but after realizing it, her face turned red and she struggled hard, "Fu Jingting, what are you doing, let me go to Ali!"

Fu Jingting hugged her tightly and walked to the car, "Send you back. "

Who wants you to deliver it, I'll take a taxi by myself , please let me go." Rong Shu kept kicking her legs in the air, and her two arms were also pushing the man's chest hard.

The man almost couldn't hold it, his brows furrowed, "You're about to fall when you move around, you shouldn't want to fall, do you know the consequences of falling?"

He looked down at her.

Looking at Fu Jingting's deep black hole-like eyes, Rong Shu subconsciously calmed down, and said startledly, "What do you mean, do you know..."

"Fall down, you may hit your head and get injured. Tomorrow It's the date when the cop seat is finally decided, do you want to miss it because of your injury?" Fu Jingting interrupted her.

Rong Shu pouted.

What, it turned out to be that she would get hurt.

She thought he knew about her pregnancy, which shocked him. After all, Lu Qi didn't know, and if he knew, it would be too suspicious.

"Then let me go, won't you fall?" Rong Shu said coldly.

Fu Jingting did not reply.

He just knew that she would not get in the car obediently, so he would use this method.

How could it be possible to let go of her, after letting go, she would definitely leave again.

Soon, Fu Jingting came to the car with Rong Shu in his arms.

Fu Jingting put her down and took out the car key to unlock it.

Taking advantage of this time, Rong Shu turned around and wanted to leave.

Fu Jingting narrowed his eyes, grabbed her arm and pulled it back.

"Ah!" Rong Shu exclaimed, and then pushed her back against the door.

Fu Jingting put his hands on both sides of her neck and looked at her with dark eyes, "Are you still there?"

Rong Shu laughed angrily, staring at him with wide eyes, "Fu Jingting, what are you trying to do?"

"Send you back!" Fu Jingting spoke slowly.

Rong Shu only felt angry, "I said, I'll take a taxi by myself, I don't want you to send it, don't you understand people's words?"

Fu Jingting lowered his eyes, "I just sent you according to my grandmother's words, get in the car."

He put his hand down, pressed the car key, and unlocked the door.

Chapter 162 Purpose of Huai

Rong Shu frowned, "Grandma asked you to send me?"

Fu Jingting's eyes flickered, "Yeah."

“But my grandmother told you to send me off in the ward at the time, but I refused, and she didn’t ask for it anymore, how could it be possible now? Let you come out again, Fu Jingting, are you lying to me?” Rong Shu looked at him.

Fu Jingting opened the car door, “No, it’s grandma who said it’s dark, don’t worry if you go alone, or decide to let me chase you out and escort you. Okay, let’s get in the car, you don’t want grandma to worry, right?”

Rong Shu was silent . Then she finally sighed, “I see.” After she finished speaking, she turned around and bent over to get into the car.

Seeing this, Fu Jingting’s brows relaxed slightly.

It seems she believed it.

Afterwards, Fu Jingting closed the door of the rear seat, went around the front of the car, and got into the co-pilot, “Back to Repulse Bay?”

Rong Shu looked out the window and hummed indifferently.

Fu Jingting pursed his lower lip and started the car.

Along the way, Rong Shu didn’t say a word to him, because he didn’t want to, and he didn’t say anything.

Fu Jingting glanced at her through the rearview mirror, his expression hidden in the shadows in the car, so he couldn’t see clearly.

The quiet Rong Shu made him very uncomfortable.

In the past six years, it was not that he had not been in a car with Rong Shu.

At that time, Rong Shu still loved him, so when he was in the car, he was very active in finding topics to talk to him, but he usually listened and didn’t answer, and sometimes even thought that she was talking too much and was annoying. Make her shut up.

Now that she really shut her mouth and never spoke to him again, he felt uneasy again.

Thinking, Fu Jingting’s thin lips moved, and he didn’t know what his state of mind was, but he took the initiative to say, “Are you and Lu Qi planning to get married?”

“Huh?” Rong Shu was stunned for a moment, obviously surprised that he suddenly asked such a problem.

“I don’t know.” Rong Shu shook her head and replied.

A gleam of light flashed in Fu Jingting's eyes, and before he had time to clean up the little happiness in his heart, he heard Rong Shu say again, "Maybe in the future, after all, he is very kind to me, and Uncle Lu and Auntie are also very kind to me. Ah Qi's marriage must be very happy."

Fu Jingting clenched the steering wheel, and his face was not very good.

He could hear that she was mocking him and the Fu family.

But he had to admit that Lu Qi was really kind to her, and she would definitely be better off marrying Lu Qi than when she was with him.

Although this is the truth, Fu Jingting just feels uncomfortable and irritable.

He pulled his tie and said in a cold voice, "Well, then I wish you the best of luck."

"Thank you, Mr. Fu, and I also wish Mr. Fu and Miss Gu a hundred years and a long life." Rong Shu said with a smile.

Fu Jingting pursed his thin lips and did not answer.

Hundred years of harmony, forever?

Inexplicably, he doesn't like this kind of blessing, it's not that there is something wrong with the blessing words, but that he doesn't like her blessing him and Man Yin.

Along the way, the two were silent again, and the atmosphere was even more depressing than before.

Rong Shu felt that the man who was driving was in a bad mood, but he didn't know why he was in a bad mood, and he didn't want to know, so he simply put on his headphones and listened to the music.

Fu Jingting noticed that the air pressure around his body was lower.

She upset him, and she didn't listen to music heartlessly.

Really pissed him off.

Not long after, Repulse Bay arrived.

Fu Jingting parked the car and Rong Shu opened the door and went out.

Standing on the side of the road, she let out a sigh, then opened her wallet again, took out a red note, and knocked on the car window.

Under the back seat window, Fu Jingting in the driver's seat turned his head and looked at her through the back seat window, "What else?"

There was a hint of imperceptible expectation in his tone.

"It's nothing, I just forgot to pay the fare." Rong Shu smiled aloofly, then threw the money into the car window and walked towards the building.

Fu Jingting looked at her back and the money in the back seat, her thin lips pursed a little coldly.

The next day, Rong Shu came to the office.

Tong Xi came in, "Mr. Rong, President Cheng is here and wants to see you."

"Cheng Huai?" Rong Shu's movement of putting the bag paused.

Secretary Tong nodded, "yes."

"What is he doing?" Rong Shu pulled out the chair and sat down.

Secretary Tong replied, "Cheng didn't say this, but Cheng always said that he has something to tell you."

"I see, let him in." Rong Shu turned on the computer and replied.

When Cheng Huai was fine, he would never look for her.

It seemed that what he had to say was important.

Soon, Cheng Huai came in, holding a file bag in his hand. He didn't look like he was usually sloppy. Instead, he looked serious, which made Rong Shu a little uncomfortable.

"Sit." Mr. Rong pointed to the chair opposite, then looked at Secretary Tong again, "Pour a cup of coffee for Mr. Cheng."

"Yes." Tong Xi responded and turned around and went out.

There were only Rong Shu and Cheng Huai left in the office.

Rong Shu looked at him, "You said you have something to tell me, what is it?"

Cheng Huai handed over the file bag, "Do you remember the last time you almost fell off a horse?"

Rong Shu nodded, "Of course."

She was terrified at the time . The soul has flown away, how can it be forgotten.

“What you want to say has something to do with me almost falling off a horse?” Rong Shu asked.

Cheng Huai snorted, “Actually, it wasn’t an accident that you fell from the horse.”

“What?” Rong Shu was stunned for a moment, and the hand that opened the document bag also stopped, “You said it wasn’t an accident?”

“Yes, it was man-made.” Cheng Huai answered with a serious expression.

“How come, Ah Qi told me it was an accident, and you were there during the investigation.” Rong Shu frowned.

Cheng Huai leaned back, “Yeah, when we were investigating, the result was indeed an accident, but when I went out to walk the horse the next day...”

He explained how he found Musk.

After hearing this, Rong Shu clenched her palms, “So it is.”

Directly remotely control the horse to go crazy, and use the horse to throw her off. This kind of harmful method can indeed make people think it is an accident, and it will not think of Gu Man. On Yin, even if she thought about it, there was no evidence that it was Gu Manyin, because Gu Manyin had never been to the stables from beginning to end, nor had she ever touched her horse.

This is exactly the same way that Gu Manyin used a poisonous snake to harm her. It seems that the beating that night was not enough!

But it doesn’t matter, she will settle all the accounts that Gu Manyin harmed her with the Gu family!

“What’s in here?” Rong Shu took a deep breath, suppressed the anger in her heart, and asked.

Cheng Huai looked at her, “I thought you would be very angry after knowing this.”

“Of course I am angry, but it is useless to be angry. Instead of being angry now, it is better to write down this account and settle it together later.” Rong Shu pursed her lips.

Cheng Huai smiled, “You can figure it out. This is fingerprint identification. The fingerprints on the glass bottle belong to Gu Manyin.”

Rong Shu hurriedly took out the appraisal certificate inside and checked it carefully. After reading it, her eyes narrowed, "This is evidence that Gu Manyin deliberately caused me to fall off a horse. Would you be so kind to give it to me? Come on, help me check it. What's the purpose of these?"

She didn't believe Cheng Huai's investigation, she just didn't want her friend to be hurt.

After all, they weren't really good friends.

Cheng Huai clapped his hands and laughed, "Sure enough, talking to smart people is easy, yes, I do have a purpose, but it's not too much."

"Let's talk." Rong Shu put down the appraisal certificate and wrapped her arms around her. look at him.

Cheng Huai's expression became serious again, "I want you to hand over this matter to me. After all, you are the victim, so I came here specially to say hello to you. How about I respect you?"

If it weren't for this, he would deal with it directly, and would not make a special trip here.

Rong Shu didn't answer his "I respect you", but frowned suspiciously, "You will deal with it?"

"Yes," Cheng Huai nodded.

Rong Shu smiled, "It's my business, I'm very grateful to Mr. Cheng for helping me discover the truth and find out the evidence, but I'm so curious, why Mr. Cheng has to deal with it, it has nothing to do with you, doesn't it?"

"Let's say it first, I'm not for you, but for myself." Cheng Huai raised a hand as if afraid of her misunderstanding.

Rong Shu rolled his eyes at him, "Come on, I want to know the reason."

"Actually, it's nothing. The Cheng family and the Gu family broke their faces. You know, this time our Cheng family lost to the Wang family and didn't win. The location of the main market." Cheng Huai narrowed his eyes dangerously and said.

Rong Shu was stunned, "What, didn't win? Last time I heard from Ah Qi, the Cheng family got another sum of money in time, and they didn't fall behind the Wang family, why did it suddenly fail?"

"The problem still lies with the Gu family. Cheng Huai tapped his finger on the table, "Our Cheng family and Wang family found the last company in Jiangcheng that they were willing to invest in at the same time. What I didn't expect was that on the surface, that company didn't know whether to choose the Cheng family or the Wang family. He injected capital into the Wang family, so our Cheng family lost, and the Gu family was a distant relative of the chairman of the company."

"So this matter was instigated by the Gu family behind the scenes?" Rong Shu frowned.

Cheng Huai raised his chin, "That's right, the Cheng family has always been striving for the right place in the market. Seeing that they are about to succeed, they were ruined by the Gu family, so the Cheng family absolutely cannot let the Gu family go, without the Cheng family after all. It's a powerful family, and it's not easy to take action directly, so I took the incident of your fall from the horse and used this incident as a breakthrough to deal with the Gu family bit by bit."

"I see, I understand." Rong Shu nodded.

Cheng Huai approached her, "So did you agree? Although I dealt with this matter selfishly, I'm still avenging you by doing this."

"I know, but I don't need you to avenge me. I will deal with the Gu family myself. Don't forget the revenge between Sansheng and Tianzhu, and the revenge between me and Gu Manyin." Rong Shu reminded.

Cheng Huai was silent for two seconds, "Well, let's cooperate."

"Cooperation?" Rong Shu's eyes flashed.

Cheng Huai snorted, "Since we all have to deal with the Gu family, then we can cooperate. If you want power without power and ability, how can you take revenge? Wait for Tiansheng to develop? How can you be sure that Tiansheng will develop during its development? Gu Yaotian can't take action? Even if he can't, if you develop Tianzhu, he will also develop Sansheng, you still can't catch up with him, let alone take revenge."

Rong Shu couldn't keep up.

Yes, she is making progress, and Gu Yaotian will not stand still.

So if she wants to take revenge, she still has a long way to go. It is impossible for her to take revenge on her own in a short period of time.

Seeing Rong Shu's silence, Cheng Huai's own knowledge hit her in the heart, took a sip of coffee, and said, "So you can only choose to form an alliance with someone who also has grievances with the Gu family, otherwise your revenge is far away, and I am the best partner, I have the power and can bring you unexpected help, and you can take revenge after working with me for a year at the latest, how about it, still not interested?"

In fact, with the rights of the Cheng family, it is easy to clean up the Gu family. In just one month, the Sansheng Group of the Gu family can go bankrupt, but the Cheng family can't do that.

First of all, Gujia is not only a sea market, but also a well-known real estate company in the country. It has tens of thousands of employees. If Sansheng suddenly goes bankrupt, these employees will face unemployment. Suffering, this is not worth the loss for the Cheng family.

So the best way is to take the road of black box operation. The Cheng family can take advantage of the flaws of the Gu family's breaking the law, and use it as a breakthrough to clean up the Gu family little by little. Although the process is a bit slow, it is safe.

When the Gu family realizes that they are being dealt with, the Sansheng of the Gu family has already fallen into the hands of others, and they will not go bankrupt, the employees will not lose their jobs, and the above will not investigate, and the Gu family has lost everything.

What Cheng Huai can think of, Rong Shu can also think of naturally.

She sighed, "It seems that it's impossible not to cooperate with you."

Cheng Huai stretched out his hand with a smile, "Don't worry, I won't let you suffer, then leave the matter of your fall to me. Don't do anything, still treat it as an accident, don't make a sound, and when there is a problem with the Gu family a year later, I will inform you to take action and give the Gu family the final blow."

Rong Shu looked down at his hand, but did not hold it up "If you do this, you're not afraid of Mr. Fu falling out with you. After all, the Gu family is the family of the person he loves the most."

"The person he loves the most?" Cheng Huai raised his eyebrows and suddenly smiled meaningfully, "You really think Jing Ting Do you love Gu Manyin?"

"What do you mean?" Rong Shu was slightly surprised.

Cheng Huai smiled, "How about we make a bet."

"Betting?" Rong Shu pursed her lips.

Cheng Huai nodded, "Yes, let's check whether Jingting loves Gu Manyin or not, I bet he doesn't."

"Did you take the wrong medicine?" Rong Shu looked at him strangely, "Fu Jingting doesn't love Gu Man. Yin, you can say that."

"Whoever took the wrong medicine, I'm serious, I'll stop him from loving Gu Manyin. As for how to prove it, wait a year to see if Jing Ting will break up with me. You'll know." Cheng Huai smiled confidently.

Rong Shu pouted, and then laughed, "Okay, since you can't wait to lose, Mr. Cheng, I'll bet with you, what's the bet?"

Lose?

There was a hint of playfulness in Cheng Huai's eyes.

He didn't think he would lose.

"I haven't made up my mind on the bet yet. I'll talk about it when the results are announced in a year 's time." Cheng Huai thought for a while and replied.

Rong Shu nodded, "Okay."

After speaking, she reached out and held his hand.

Cheng Huai's hands are very large, and because of his dark skin, his hands are also black.

Rong Shu had small hands and fair skin.

So that the hands of the two were held together, forming a very distinct skin color difference.

Cheng Huai felt the small hand in his hand, and a subtle throbbing flashed in his heart.

He subconsciously squeezed the little hand, it was soft and warm, like no bones, it felt very good, which made him a little addicted, and couldn't help pinching it twice.

Rong Shu watched his movements, and the corners of her mouth twitched, "Mr. Cheng, can I squeeze my hand?"

Cheng Huai was stunned, then realized what she had done, her ears turned red, and quickly let go of her hand, Putting his hands behind his back, "cough, so what, I'm sorry, I just feel that President Rong's hands are easier to squeeze, so..."

Rong Shu couldn't help laughing.

It's easier to pinch, so it's like pinching a toy, I didn't expect him to be so naive.

"It's alright, Mr. Cheng, take this evidence back." Rong Shu waved her hand to show that she didn't care, then picked up the document bag on the table and handed it back to Cheng Huai.

Since everything was left to him, it was useless for her to take this.

Cheng Huai took it, "Okay, then the Cheng family will slowly penetrate the Gu family, and I will tell you about the progress at any time. Of course, if you need your help, you have to help."

"I will." Rong Shu replied. .

After all, they are partners, of course she will not refuse.

"That's fine, then I'll go." Cheng Huai said.

Rong Shu sent him out of the office.

Cheng Huai walked towards the elevator. On the way, he couldn't help but replay the image of pinching and playing with Rong Shu's hand just now. The soft feeling made him miss him a little.

#### Chapter 164 Angry Lu Qi

He even couldn't help raising his hand, put it under his nose and smelled it, smelling a faint aroma.

Cheng Huai knew that it was Rong Shu's perfume scent, and when he shook hands with him, it remained on his hand.

The fragrance was fresh and elegant, just like Rong Shu's own temperament, so he couldn't help but want to smell it more.

And Cheng Huai did the same. He lowered his head slightly and smelled the fragrance on his hand, but in his mind came the scene of holding Rong Shu, burying his head in her neck, and smelling the fragrance on her body.

For a time, the tips of Cheng Huai's ears turned red, and his heartbeat accelerated a lot.

Just then, the elevator in front of him dinged open.

Lu Qi came out with a thermal insulation bucket, but he didn't expect someone in front of him, and almost bumped into it.

Fortunately, in the end, Lu Qi stopped in time to avoid such a situation from happening. "Why are you?" Lu Qi saw that the person in front of him was Cheng Huai

, and asked suspiciously, "Why are you here?" Then he thought about the relationship between Lu Qi and Rong Shu, and it was even worse. He snorted and didn't answer. He directly passed Lu Qi and entered the elevator. Lu Qi tilted his head, and rows of question marks appeared above his head, "What's the situation?" He didn't offend Cheng Huai, did he? Cheng Huai, why do you look at him with the eyes of the enemy? "Crazy!" Lu Qi couldn't figure it out, rolled his eyes, muttered, and walked towards Rong Shu's office. "Baby." Lu Qi pushed open the door and went in. Rong Shu was processing documents, and when he heard his voice, he looked up, "Why are you here? Your company's business is over?" Since Tian Sheng got on the right track, Lu Qi has come here less often. After all, his own company also needs him to go back to work.

"I have nothing to do today, I'm here to deliver something to you. My mother made braised pork ribs. She knows you like it, so let me bring some over here." Lu Qi raised the heat preservation bucket in his hand.

Rong Shu's eyes lit up, "Braised pork ribs, I haven't eaten it for a long time. Thank you so much, Aunt."

"Try it now, it will be cold in a while." Lu Qi put the heat preservation bucket on her desk and opened it.

As soon as it was opened, a strong fragrance filled the air.

Rong Shu smelled the smell, her smile froze for a moment, and then turned white at a speed visible to the naked eye. Then, she covered her mouth, pushed away the chair, stood up, and ran towards the bathroom.

"What's the matter?" Lu Qi was completely stunned by her actions. He didn't react until he heard her vomit. He quickly put down the dish in his hand and hurried to the bathroom.

As soon as he walked to the door of the bathroom, Lu Qi saw Rong Shu leaning on the washbasin, bent over, and vomited in the dark.

"Baby, what's the matter with you?" Lu Qi frowned, his face full of worry.

Rong Shu adjusted her breathing, closed her eyes slightly, leaned against the wall beside the sink, and then replied weakly, "I'm fine."

"It's nothing, you're all vomited and collapsed, look at your face Bai, no, I'll call the doctor." After speaking, Lu Qi took out his mobile phone and was about to make a call.

Rong Shu opened his eyes and put down his phone, "Ah, no, I'm not sick."

"I'm not sick?" Lu Qi looked at her in confusion, "Then you are..."

Rong Shu sighed, "I won't hide it from you now, anyway, you will know sooner or later that I'm pregnant."

"Oh, I'm pregnant, I thought..." Having said this, Lu Qi suddenly reacted It's wrong to come here, his eyes are wide open, and his voice is high, "What, you're pregnant?"

Rong Shu nodded and hummed.

Lu Qi was completely dumbfounded. It took a long time for him to regain his voice and asked hoarsely, "How long has it been?"

"It's been almost two months." Rong Shu lowered her eyes and replied.

Two months...

Isn't that the date of divorce from Fu Jingting?

Lu Qi's Adam's apple slid, and his tone was a little pantothenic, "Is it Fu Jingting's?"

"Let's go out and talk." Rong Shu didn't answer for the time being.

Lu nodded and helped her out.

Lu Qi helped Rong Shu to the sofa in the rest area, let her sit down, and then poured her a glass of water, "Drink some water, you just vomited, your stomach must be very uncomfortable, drinking some water will make you feel better. "A lot."

"Thank you." Rong Shu smiled, took the water glass, and sipped her saliva before answering his question, "It's not Fu Jingting's." It's

ridiculous to say that she and Fu Jingting have been married for six years, and he has never I haven't touched her, except that I don't love her, it's to protect Gu Manyin.

So how could she be pregnant with Fu Jingting's child.

"What?" Lu Qi was stunned again, opened his mouth a few times, and then asked with difficulty, "It's not Fu Jingting's, who's it?"

If it was Fu Jingting's, he was uncomfortable, but he could accept it. After all, she and Fu Jingting was a husband and wife before, and it is normal for her to be pregnant with Fu Jingting's child.

But now she told him that it wasn't Fu Jingting's, and he felt uncomfortable. He was very upset with the man who made her conceive a child.

"I don't even know who he is, not even his name, or even his appearance." Rong Shu touched her stomach and said with a wry smile, "Because after the incident, I was dazed and scared. , so I just glanced at the person and left, and I didn't even remember to ask the person's name."

Although she added a friend later, she asked, but the person didn't plan to tell her.

So much so that she still doesn't know the person's true identity.

Lu Qiyi grabbed her hand and asked eagerly, "Baby, are you being bullied?"

Not knowing who the child's father is, he can't think of anything other than being bullied.

However, Rong Shu shook her head, "It's not that I was bullied, but that I was drunk, and I was confused and had a relationship with a man, that is, on your birthday."

Lu Qi remembered, "So I first The mark I saw on your neck the next day was not what you said at the time..."

"Sorry, Aqi, I lied to you." Rong Shu said apologetically.

She thought that what happened that night, it happened, as long as she didn't say it, no one would know.

But what she didn't expect, she was pregnant, so she couldn't hide what happened at the beginning.

Lu Qi clenched his fists and slammed his fist on the coffee table.

Rong Shu was startled, "Aqi, what are you doing?"

"I'm angry, I'm angry with myself for not being with you in the first place, and if you were, you wouldn't..." Lu Qi lowered his head in remorse, The voices were choked up.

Rong Shu grabbed his hand to check if he was injured.

After seeing that he was not injured, he breathed a sigh of relief, "Okay, I don't blame you, I drank too much myself, so that happened."

“Baby, have you checked the man afterwards? In case that isn’t the appearance of the man an accident?” Lu Qi asked.

After all, on his birthday, Gu Manyin and the others were also in the clubhouse.

In case that man was arranged by Gu Manyin, this is what he is most worried about right now.

Rong Shu’s heart also trembled, and then shook her head, “I asked Cheng Huai to check, there is no problem, and that man is still Cheng Huai’s friend, I also have his friends, the method of acquiring Wang Zongyutu before, and Fu Jingting’s piece. He thought about how to use the land.”

“Oh?” Lu Qi raised his eyebrows in surprise, “So it was him.”

Rong Shu hummed, “That’s right, so that night was really just an accident. .”

“Hmph, even if it was an accident, it’s a fact that he bullied you. No, I have to go to Cheng Huai and find out who that man is. I have to find him out and clean it up.” Lu Qi angrily walked towards the door. , Rong Shu couldn’t stop it.

The people outside the office heard the footsteps getting closer and closer. After turning their eyes, they immediately turned around and walked quickly towards the safety stairwell.

After waiting for two minutes, the man heard the sound of the elevator door closing, and then came out of the safe stairwell again, looked at Rong Shu’s office, took out his mobile phone, and made a call to go out.

In the Fu Group, Assistant Zhang was standing beside Fu Jingting’s desk to sort out information. He heard the phone ring and stopped, “Mr. Fu, I’ll take a call.”

Fu Jingting was tapping his fingers on the keyboard when he heard his words. , hummed without raising his head.

With permission, Assistant Zhang took out his mobile phone, and when he saw the caller ID, his eyes gleamed, “Mr. Fu, it’s Xiao Li.”

“Who?” Fu Jingting frowned and didn’t respond for a while.

Assistant Zhang reminded, "It was an assistant we bribed in Tiancheng last time. That assistant often went to Miss Rong's office to send materials, so we bribed him and asked him to pay attention to the news of the child in Miss Rong's belly. He had no phone calls before. , I'm calling now, it must be news about the child in Miss Rong's belly."

Hearing this, Fu Jingting immediately raised his head, with undisguised urgency in his tone, "answer."

"Yes." Assistant Zhang responded. With a bang, he answered the phone.

"Assistant Zhang." On the other end of the phone, Xiao Li greeted politely.

Assistant Zhang waved his hand, "Okay, hurry up and say, is there any news that Miss Rong is pregnant?"

"You guessed it right, I just went to deliver the materials, and I heard President Rong and President Lu talking about pregnancy outside the door.

Assistant Zhang pushed his glasses, "Mr. Fu, it seems that President Lu already knows that Miss Rong is pregnant." Fu

Jingting pursed his lips, "Ask him if he heard that the child is Lu Qi's."

Assistant Zhang nodded, Get his word out.

Xiao Li on the other end of the phone quickly replied, "It's not Mr. Lu's. I heard Mr. Rong say that the child in Mr. Rong's womb was conceived by accident with a man on Mr. Lu's birthday."

Assistant Zhang immediately told Fu Jingting what he said.

After Fu Jingting heard this, his pupils shrank suddenly, and a huge wave broke out in his heart.

is his!

The child in Rong Shu's womb is his!

Fu Jingting clenched his fists.

Maybe the news was too shocking, he clenched it so hard that his fists trembled slightly.

Assistant Zhang saw it and understood something. He spat out, suppressing the shock in his heart, and said to the other end of the phone, "I understand, you don't have to keep staring at it in the future..."

“No, let him continue.” Fu Jingting interrupted. Assistant Zhang said in a hoarse voice, “Not only let him watch, but also let him watch more carefully. It is best to find out when Rong Shu will go to the maternity check-up and the hospital where the maternity check-up will take place, and the bonus will be doubled.”

Assistant Zhang nodded . , “Yes.”

Then he told Xiao Li what Fu Jingting said.

Xiao Li immediately patted his chest happily and assured them that he would not let them down.

After the call, Assistant Zhang looked at Fu Jingting, “Mr. Fu, the child in Miss Rong’s womb belongs to you.”

Fu Jingting lowered his eyelids, “Well.”

“What are you going to do? Stay or...”

“That child’s It’s not about me, but Rong Shu, if she wants to stay, I will secretly arrange everything for her so that she can give birth to the child safely, if she doesn’t want to stay, I respect her.” Fu Jingting said.

But when he said ‘if she doesn’t want to stay’, his heart stabbed inexplicably.

Even a little panic.

“No wonder you just asked Xiao Li to find out about Miss Rong’s maternity check-up time and the hospital. So that’s how it is.” Assistant Zhang finally understood Fu Jingting’s efforts.

Fu Jingting pursed his thin lips and did not speak.

Assistant Zhang looked at the photo of Gu Manyin next to the computer and hesitated.

Fu Jingting saw it and squinted, “Just tell me if you have anything.”

“Actually, I want to say that if Miss Rong chooses to keep the child, in case Miss Gu and the Gu family find out later, will they...” Assistant Zhang was a little worried. .

With the careful attention of Miss Gu and her family, the child in Miss Rong’s belly will never be tolerated.

Fu Jingting obviously knew this, and some tired people rubbed their brows, “Don’t let Man Yin and the Gu family know for now. As for the rest, let’s wait for Rong Shu to make a choice. Find out the time and date of Rong Shu’s next obstetric check-up. The

hospital, send someone to the hospital in advance to say hello, and ask the doctor to ask Rong Shu whether he wants to keep the child or kill him.”

“Understood.” Assistant Zhang nodded.

Fu Jingting waved, “Go.”

Assistant Zhang turned around and went out.

Fu Jingting leaned back on the chair, closed his eyes and pinched the bridge of his nose.

Rong Shu, what choice do you have?

Just thinking about it, the phone on the desk ding-dong rang.

Fu Jingting opened his eyes and straightened his body to see that it was a message from Rong Shu.

She messaged him at this time.

Did she want to tell him that she was pregnant?

Fu Jingting grabbed the phone and clicked on the message.

However, the content was not what he thought. She just asked him if he was in China.

Fu Jingting did not type.

Tiancheng Group, seeing these two words, Rong Shu immediately breathed a sigh of relief.

en what’s wrong?

Rong Shu sighed and replied that my friend knew what happened to me and you that night two months ago, and was very angry. She went to Cheng Huai to ask about your identity and wanted to trouble you, so it’s fine if you are not in the country.

Seeing this sentence, Fu Jingting’s thin lips hooked. I know it, but are you worried about me when you tell me this?

Rong Shu rolled his eyes.

This guy is really narcissistic.

Shaking my head, typing a reply you think too much, I just feel that things have passed for so long, there is no need to make a big fuss, and even if I have to worry, I am worried about my friend.

The implication is that you have no place in my heart.

So why worry about you.

Fu Jingting pursed his thin lips, feeling a little unhappy in his heart, and even the expression on his face sank a lot. I know, is there anything else to say?

Rong Shu is gone.

zh eh.

After it was sent, Fu Jingting stared at the phone screen for two minutes, but Rong Shu didn't come back.

Fu Jingting knew that she would not reply, and her face became even more ugly.

Lu Qi went to Cheng Huai to inquire about him because of what happened that night.

She didn't even tell him that she planned to get pregnant.

In fact, Fu Jingting really wanted Rong Shu to tell him, and even directly asked him to take responsibility.

But she didn't, she just took it upon herself.

Maybe other men would be happy, but he just felt irritable.

She relied on him, and if he was in charge, she would die!

Fu Jingting tugged at his tie, the air pressure all over his body was terribly low.

...

the Cheng family.

Lu Qi got out of the car and knocked on the door angrily.

The housekeeper who opened the door asked, "Who are you, sir?"

"I'm looking for Cheng Huai!" Lu Qi gritted his teeth.

The butler looked at him warily.

I'm afraid this person is not the enemy of the young master, right?

Seemingly understanding the housekeeper's thoughts, Lu Qi took a deep breath, suppressed the anger in his heart, and forced a smile, "I'm a friend of Cheng Huai, I'm in a hurry, so I look a little fierce, please help me call Come on him, I have something very important to ask him, please, please."

Lu Qi made a bow.

Seeing that he was really in a hurry, the butler didn't want to lie. After hesitating for a while, he nodded, "Alright then, wait a moment." The

butler closed the door and went upstairs to look for Cheng Huai.

Cheng Huai was on the phone and raised his eyebrows when he heard the housekeeper's words, "Is someone looking for me? Who is it?"

#### Chapter 166 Huai's Selfishness

"I don't know either, but he seems to have a high status. He drives a luxury car and wears a floral shirt..."

Floral shirt?

Cheng Huai twitched the corner of his mouth, and a figure instantly appeared in his mind.

"I know who it is, where is he?" Cheng Huai asked.

The housekeeper replied, "Outside."

"Please come in, I'll go downstairs immediately." Cheng Huai ordered.

The butler snorted and went down.

Cheng Huai picked up the phone again, said a few words to the person on the other end of the phone, hung up the phone, closed the door and went downstairs.

I don't know what happened to Lu Qi suddenly looking for him.

"Lu Qi." Cheng Huai came downstairs, saw Lu Qi on the sofa, scratched his hair and asked, "What are you looking for from me, and you found me at home."

Lu Qi put the coffee cup in his hand and stood up. After crossing the coffee table, he walked towards Cheng Huai angrily.

Walking in front of Cheng Huai, he grabbed Cheng Huai's tie and asked loudly, "Where's that person?"

Cheng Huai was confused, "Who is that?"

"Then the dog man who bullied the baby that night!" Lu Roaring red eyes.

Cheng Huai's face changed when he heard this, "What did you say, Rong Shu was bullied?"

"Yes, on my birthday, baby got drunk and was bullied by your friends, and now... .."

"What else?" Cheng Huai pulled Lu Qi's hand away, grabbed Lu Qi's collar in turn, and asked eagerly, "Say, what else?"

Lu Qi looked at Cheng Huai nervously and eagerly. looks a little weird.

Is he too concerned about the baby's affairs?

But Lu Qi didn't think much, pushed Cheng Huai away, clenched his fists and replied, "Now baby is pregnant!"

"What?" Cheng Huai's eyes widened.

Rong Shu... Pregnant?

"Don't you tell me who that person is now?" Lu Qi yelled.

Cheng Huai opened his mouth.

How did he tell.

That person is Fu Jingting.

Seeing that Cheng Huai didn't speak, lowered his head and thought about something, Lu Qi became even more angry, his fists were shaking, "Cheng Huai, do you want to hide it for that person?"

"No..."

"If not, then you will Say it, after the baby was bullied by him, it doesn't matter if he didn't show up, now the baby is pregnant, does he still want to hide in the dark?" Lu Qi said through gritted teeth.

Cheng Huai's expression was weird, "No, it's just that the other person is not in the country."

"It's actually abroad?" Lu Qi slapped his fists in anger, "Hmph, do you think that you can avoid all irresponsibility in a foreign country? I didn't even think about it. , you immediately call that person and tell him to come back!"

Cheng Huai's eyes flickered with guilt, "I'm afraid this will not work, although I am his friend, but I am not a very familiar friend, he is quite mysterious, I There's no guarantee that I can get in touch with him."

"What?" Lu Qi frowned.

Cheng Huai coughed, "Then what, go back first, I'll try to contact him later, if I get in touch, I'll let you know?"

"No, I won't go back, you can give him his contact information. I, I will contact myself." Lu Qi stretched out his hand.

Cheng Huai didn't expect him to be so difficult to deal with, and his head suddenly became big.

How dare he give out Fu Jingting's phone number, what if Lu Qi and Rong Shu know that the person that night was Fu Jingting.

And he was also selfish in his heart, and he didn't want Rong Shu to know that the child in her womb belonged to Fu Jingting.

After thinking for a while, Cheng Huai narrowed his eyes, "Okay, okay, I'll give it to you, hurry up and leave."

He walked to the coffee table, took out a pen and paper from the drawer under the coffee table, wrote a phone number on it, and handed it directly to Lu Qi.

Lu Qi glanced at it, "Where's the name?"

"When he came to China, he used a Chinese name that was randomly chosen in China, a fake name, whether it was written or not." Cheng Huai rolled his eyes and said.

Lu Qi clenched the note, "Damn, he's still a foreigner, don't these foreigners call themselves gentlemen, but dragging a drunk lady into the room is shameless. When I contact him, I will go abroad and beat him up in person. A meal."

Lu Qi scolded and left.

Cheng Huai wiped the sweat from his forehead and breathed a sigh of relief.

Great, finally got rid of this annoying spirit.

Cheng Huai went upstairs again and called Fu Jingting.

As if he had expected him to call, Fu Jingting asked, "Lu Qi is looking for you?"

"How do you know?" Cheng Huai was surprised.

Fu Jingting lowered his eyes, "What Rong Shu said."

Cheng Huai was stunned, and then pouted, "Yes, yes, I forgot, you concealed your identity and added Rong Shu as a friend. If Lu Qi wanted to trouble you through me, she would definitely know. I'll let you know."

Hearing the sourness in Cheng Huai's tone, Fu Jingting frowned.

What is he sour?

"Since you already know that Lu Qi has been looking for me, you also know about Rong Shu's pregnancy, right?" Cheng Huai asked.

Nearly two months ago, on the morning of Lu Qi's birthday, Fu Jingting called him and asked him to deal with the monitoring of the clubhouse. He was curious about what kind of monitoring to deal with, so he took a look before dealing with it. , When he saw Fu Jingting carrying Rong Shu into a room, he was stunned.

So Rong Shu should have conceived that night.

"I know." Fu Jingting nodded slightly.

Cheng Huai narrowed his eyes, "Listening to your tone, there is no turbulence at all, it seems that I knew it a long time ago."

Fu Jingting hummed.

You guessed it right!

"How long have you known?" Cheng Huai asked again.

Fu Jingting pursed his lips and replied, "It's been a few days."

Cheng Huai suddenly remembered the day at the racecourse, and twitched the corners of his mouth, "No wonder Rong Shu wanted to ride a horse that day, and you stopped Rong Shu from riding, I'm afraid you already knew it at that time, right? "

That's right." Fu Jingting replied lightly, and then asked in a deep voice, "You told Lu Qi that it was me that night?"

“No, you asked me to deal with the surveillance, just because you didn’t want Rong Shu to know about that night .” Who is the person, so how can I say.” Cheng Huai replied with a dark expression.

“Thank you.”

“You don’t need to thank me, I just want to know how you plan to deal with this matter, are you planning to remarry Rong Shu?” Cheng Huai slowly clenched the phone tightly.

Hearing the word remarriage, Fu Jingting’s heart flashed a little.

But soon, I thought of something and pressed it down again.

“No.” Fu Jingting pinched his brows wearily, “I have failed Manyin once, and I can’t fail her a second time.”

“Failed?” Cheng Huai rolled his eyes in disdain, “That’s alright, You decide.”

If it was before, he would definitely persuade his friend to remarry Rong Shu, after all, Rong Shu was pregnant, and Gu Manyin was really unworthy of a friend.

But now, he understands that he may be a little moved by Rong Shu, so naturally he won’t persuade him.

“If you don’t remarry, what about the child in Rong Shu’s womb? You have to be responsible, right?” Cheng Huai said again after calming his thoughts.

Fu Jingting lowered his eyelids, “I will naturally be responsible. If Rong Shu is willing to stay, I will secretly raise the child with her. If she is not willing to stay, I will try my best to make up for her.”

“That’s not bad, but you have to tell Rong Shu what you think, right?”

“I know, when Rong Shu makes a decision about whether or not to leave the child, I will tell her what I think.” Fu Jingting said in a deep voice .

Cheng Huai thought for a few seconds, “I think it’s better not to wait for that time. If you want to tell, tell it earlier. If you wait until then, Rong Shu will not necessarily accept it.”

“...” Fu Jingting was silent.

Cheng Huai sighed, “Okay, that’s all I have to say, you should think about it.”

## Chapter 167 Decided to take away the child

At the end of the call, Fu Jingting put down the phone, his eyes darkened.

He was thinking about what Cheng Huai had just said.

Maybe what Cheng Huai said was right. Sometimes, some things will indeed develop some uncontrollable things later.

Thinking about it, Fu Jingting picked up the phone again and clicked on Rong Shu's friend about your pregnancy, I know.

Rong Shu was looking at the information when the phone suddenly vibrated.

She raised her head and glanced at it, and when she saw the message from zh, she couldn't help being a little surprised.

Not long after the chat ended, why did he send a message again?

"What?" Rong Shu asked curiously.

However, seeing the content of zh's post, the whole body stiffened.

Does he know?

Rong Shu shook the palm of her hand and took the phone with her brows furrowed. How do you know?

zhYour friend went to Cheng Huai, Cheng Huai told me.

Seeing this, Rong Shu was suddenly stunned, and couldn't help but patted his forehead.

It turned out to be the case, she thought she had someone from him beside her.

Sure enough, she had been pregnant for three years, and she didn't even think about it.

Since you already know Rong Shu's typing with flying fingers, I won't hide it from you, yes, I'm pregnant.

en why didn't you tell me?

Rong Shu frowned, why did she tell you?

Seeing her rhetorical question, Fu Jingting's expression was a little bad.

why?

She asked why?

en because I am the father of the child.

Rong Shu pouted, you are indeed the child's father, but that doesn't mean I have to tell you that it was an accident between us, and having this child was even more accidental, and we don't know each other, I don't know your identity, I don't need you to be responsible, so why should I tell you just because you are the father of the child?

"..." Fu Jingting was speechless, his thin lips pressed tightly.

Although he knew that what she said was right, he was also thinking right.

But in his heart, it was still not good.

Pinching his eyebrows, Fu Jingting doesn't need me to be responsible for typing, but I still have to take the responsibility. I want to know what you think about that child, whether to stay, or...

His typing stops abruptly. Next, after a few seconds, I squeezed my fist, typed out the last two words, and sent it over.

When Rong Shu saw him asking herself whether she wanted to keep the child or take it away, her heart couldn't help but twitch.

Although the doctor asked this question before, but at that time, she was in shock of pregnancy, and basically didn't think much about the survival of the child.

But now that the child's father asked, she had to start paying attention to this issue.

Rong Shu bit her lower lip, typing with trembling fingers, I don't know.

Fu Jingting was not surprised by her answer.

These days, she has never been to the hospital for a checkup, and she must have not decided yet.

zh It doesn't matter, you can think about it slowly, if you want to stay, stay, I will secretly raise it with you, if you don't want to stay, I will compensate you with all my strength.

Raising in secret...

Seeing these four words, Rong Shu narrowed her eyes a little, I will consider it.

zh Think about it and tell me.

Rong Shu twitched the corner of her mouth, but she didn't reply, she just turned off the phone.

He said that he was raised in secret, which obviously meant that he did not intend to recognize the child in her womb openly.

In this case, either he is married, or has a girlfriend and fiancée, or the family does not allow him to have children outside, so he said that he was raised in secret, so that no one would know that he was the father of the child.

But no matter what it is, it can't change for her. The child in her womb is an unwelcome illegitimate child.

She was not welcomed by her mother, nor by her father, nor by her father's family.

Well, the fate of this child is already obvious.

Rong Shu touched her belly.

A child should be conceived with someone you like, not with a stranger who has no feelings.

She couldn't accept that the child she gave birth to was an illegitimate child, so...

"I'm sorry, I'm really sorry, I'm not a good mother, and you shouldn't come to my stomach, I'm sorry..." Rong Shu grabbed the clothes on her stomach, Enduring the pain in my heart, I apologized to the child in my stomach.

At this moment, the door of the office was pushed open, and Lu Qifeng rushed in, his face full of anger.

"What's wrong?" Rong Shu suppressed the guilt in her heart, looked up at him and asked.

Lu Qi walked to Rong Shu's desk, picked up her coffee, and drank it with his head up.

It was too late for Rong Shu to stop it.

Forget it, just a cup of coffee.

He didn't mind what she drank, what else did she remind.

"Damn Cheng Huai!" Lu Qi put the empty coffee cup on the desk and cursed loudly.

Rong Shu blinked, "What's wrong with him?"

"Didn't I go to him and ask him to hand over the man, but he turned out to be good and said that the man was abroad."

"He is abroad." Rong Shu said .

Lu Qi snorted, "So I asked Cheng Huai to give me that person's phone number, but guess what, Cheng Huai's guy gave me an empty number, motherfucker!"

Rong Shu sneered, "Maybe Cheng Huai gave me an empty number. Huai didn't do it on purpose, that man changed his number."

"Who knows, this matter is not over, I must find that man." Lu Qi patted the table and said.

Rong Shu rubbed his temples, "Okay, that man already knew that I was pregnant, Cheng Huai told him, and he came to me just now."

"What did Cheng Huai say?" Lu Qi frowned, then became furious. , "Okay, Cheng Huai really is playing tricks on me, so give me an empty number, otherwise how can he contact the other party?"

"This..." Rong Shu was also stunned.

Yes, Cheng Huai's call to Ah Qi was empty, but Cheng Huai was able to get through.

This shows that Cheng Huai did not give Ah Qi 's real number. Why did Cheng Huai do this?

"Damn, that bastard Cheng Huai!" Lu Qi's fists were itchy, and he wanted to beat up, "Next time I see him, I will definitely beat him up, but he dares to play with me.

" Well, aren't you curious what the man said to me?" Rong Shu looked at him.

Lu Qi approached Rong Shu, "What did he say, whether to deny it or..."

"No, he did not deny that the child in my womb belongs to him, and he is also willing to take responsibility." Rong Shu said.

Lu Qi's face improved, "It's almost the same. As a man, that's how it should be. Otherwise, what kind of man is he, but how is he going to be responsible?"

"Aqi, what do you think of me taking this child away?" Rong Shu didn't answer. rhetorical question.

Lu Qi's expression became serious, "Are you serious?"

Rong Shu nodded, "Yes, I don't want to give birth to the child of a man who has no emotional foundation, and I don't want this child to become an illegitimate child, so I want to get rid of him."

Lu Qi smiled, "That's right, since that night was an accident, then this child shouldn't stay, it's good for you, the man, and the child in your belly, baby, you can figure it out, it's amazing Okay."

With the support of her friends, Rong Shu became more determined to take away the child's heart.

She took a deep breath and nodded, "That person said that if I take away the child, he will compensate me with all his strength. As for the compensation, I don't know."

"It's nothing more than money," Lu Qi said.

Rong Shu smiled, "I guess so."

"Baby, when are you going to have an operation to remove him, I'll accompany you." Lu Qi looked at her and asked.

Rong Shu shook her head, "I haven't thought about it yet."

She just decided to take it away, how could she think so far so quickly.

Rong Shu thought for a while, "The day after tomorrow, I'm not busy the day after tomorrow." "Okay

." Rong Shu hummed and agreed.

Afterwards, she looked at the time and stood up, "Okay, Aqi, it's time for me to go to the hotel. The plan handed over to the Fu Group will come to fruition today."

#### Chapter 168 Cooperative Seats

"I'll accompany you." Lu Qi stood up, looking very nervous about her.

Rong Shu was both moved and amused, "No, I'm just pregnant, not injured, where do I need you to accompany me? Okay, I'll go first."

After she finished speaking, she took off her bag and put it on her shoulders, left the office, and drove to the the hotel.

Coincidentally, as soon as Rong Shu arrived at the door of the hotel, he met Fu Jingting and Assistant Zhang.

They also just arrived, and they didn't expect to see Rong Shu here, and their faces were a little surprised.

"Miss Rong." Assistant Zhang greeted Rong Shu.

Rong Shu nodded slightly in response.

Afterwards, she glanced at Fu Jingting and said hello, "Mr. Fu." Fu

Jingting hummed and stopped, wanting her to go in first.

However, Rong Shu also thought so.

After all, Fu Jingting is the co-founder and the owner of this hotel. He should be allowed to leave first.

As a result, the three of them stood at the door of the hotel, no one went in, and the atmosphere couldn't help but feel a little awkward.

In the end, it was Assistant Zhang who reacted, understood what Rong Shu thought, coughed lightly, and reminded Fu Jingting in a low voice, "Mr. Fu, Miss Rong wants you to go first, I know you want Miss Rong to advance, but you are cooperating. Initiator, if you don't enter, Miss Rong will not enter either."

Fu Jingting frowned slightly.

He didn't expect that she cares so much about the rules of the mall.

Also, if she didn't care, when she was in the resort, she wouldn't have said that Manyin didn't understand that it came first.

Thinking of this, Fu Jingting lifted his foot and entered the hotel.

Assistant Zhang followed closely.

Rong Shu looked at their backs and breathed a sigh of relief.

Just leave, if they don't leave, she will be ready to break the rules of the mall.

You must know that people who break the rules of the mall at will, will be rejected by the mall, but fortunately, they still go first.

Rong Shu lifted the bag chain on her shoulders, took a breath, and entered the hotel.

Come to the elevator.

Rong Shu pressed the up button of the first elevator.

Unexpectedly, after pressing the button, the light on the button will go out by itself.

what's the situation?

Is there an elevator?

Rong Shu frowned, just about to see which elevator was running, when she heard a voice from the front right, "Miss Rong, this way."

Rong Shu turned her head subconsciously, and saw Assistant Zhang from the third in the row. He stuck his head out of an elevator box and smiled at her.

At this moment, Rong Shu still didn't understand.

No wonder she pressed the elevator key, and the wait on the key went out.

It turned out that Fu Jingting and Assistant Zhang had been waiting for her in the third elevator.

"Miss Rong, come here quickly, I'll be waiting for you." Assistant Zhang urged Rong Shu again when he saw that Rong Shu was standing in front of the first elevator and didn't move for a while.

Rong Shu's red lips moved, "No, you go up first, I..."

"I'm going to be late!" Assistant Zhang received the look from his boss and quickly interrupted Rong Shu's resignation.

Hearing this, Rong Shu raised her wrist and saw that she was going to be late, there were still a few minutes left.

It seemed that she had to go over and go up with them.

Rong Shu sighed and entered the elevator.

Looking at the man with a strong aura standing in the middle of the elevator, Rong Shu lowered her eyes slightly, "Thank you."

"It's okay." Fu Jingting looked at her out of the corner of the eye and replied.

Rong Shu walked to the corner of the elevator and stood still and stopped talking.

Fu Jingting didn't speak.

As a subordinate, Assistant Zhang is naturally not easy to speak when the boss does not speak.

Therefore, in the small elevator box, only the sound of shallow breathing was quiet.

The professional smile on Assistant Zhang's face, which was natural at the beginning, gradually became stiff.

God, say something, do something.

It's too cold and depressing to say nothing, right?

Finally, the elevator dinged.

The door opened, and Assistant Zhang went out first, blocking the elevator door, and he was relieved.

Great, I finally don't have to accompany these two people to feel this suffocating atmosphere.

Rong Shu didn't know what Assistant Zhang was thinking, she was the last to get out of the elevator.

After getting out of the elevator, he stood there for two seconds. After Fu Jingting and Assistant Zhang walked a few steps away, they started again and followed closely behind.

Soon, the meeting room arrived.

Assistant Zhang pushed open the door.

Fu Jingting went in, followed by Rong Shu.

When the people in the conference room saw them coming in, they suddenly stopped talking and became quiet.

Gu Yaotian sat in the first position at the bottom left of the main seat of the conference table, and when he saw Rong Shu, his old eyes narrowed, "Jing Ting, why did you come with President Rong again?"

"I met him downstairs, okay? Now, let's have a meeting." Fu Jingting pulled out the chair and sat down.

Gu Yaotian understood that he didn't want to say more, so he could only give up.

But Gu Yaotian's eyes stared gloomily at Rong Shu, as if Rong Shu and Fu Jingting came in together, Rong Shu did it on purpose.

Rong Shu rolled her eyes in her heart, ignored him lazily, opened her notebook, and prepared to take meeting minutes.

In the main seat, Fu Jingting's eyes swept around the faces of everyone, and after two more seconds of fixation on Rong Shu's face, he withdrew his eyes and said lightly, "I have read all the plans you submitted yesterday, and selected five of them. The company behind these five projects is the partner of new energy technology." Here we

come!

Everyone subconsciously straightened their backs and became serious.

Rong Shu is no exception. In addition to being serious, she is also a little nervous.

Among the more than 20 people present, both in terms of business ability and the strength of the company behind her, she and Tiancheng are far behind, and they are the bottom of the table.

So she really had no confidence, and her plan was selected.

"Mr. Fu, since the cooperation seats have been decided, you should announce it as soon as possible, so that we can know which ones are so lucky." At this time, someone urged.

"Yes, Mr. Fu, let's announce it soon."

"Jing Ting, you can announce it." Gu Yaotian also said, with undisguised expectation in his tone.

Yesterday, after Man Yin went to Fu Shi to make a plan, he told him that his cooperation seat had been set.

So he can't wait to know if what Manyin said is true. After all, he knows his plan and it is difficult to be selected, but in case Jingting sees Manyin's sake and changes his mind to give him this It is not impossible that the father-in-law opens the back door in the future.

Rong Shu also stared at Fu Jingting nervously.

Fu Jingting felt her gaze and looked up.

Rong Shu didn't expect that he would suddenly look over, stunned for a moment, then lowered his eyelids, turned his head away, and stopped looking.

Seeing her indifferent appearance, Fu Jingting couldn't help pursing his lower lip, and his voice became much deeper, "Assistant Zhang, let's announce it."

"Yes." Assistant Zhang replied, holding a list and said, "According to the plan, we finally decided on five cooperative seats. These five cooperative seats are Mr. Wang from Chengxin and Mr. Chen from Maocai. , Mr. Zhang from Lin'an, Mr. Liu from Xueyang, and..."

Except for the four whose names were read, everyone else raised their hearts.

Rong Shu's two hands were clasped together tightly, and her teeth bit her lower lip.

Will it be her?

Rong Shu's heart was beating, and she stared at the list in Assistant Zhang's hand for a moment.

Seeing the look in her eyes, Assistant Zhang sighed in his heart, pushed his glasses, raised the volume, and announced the last co-op seat, "And Mr. Gu of Sansheng!" The voice fell, followed by a sigh of disappointment.

Rong Shu's eyes drooped down sadly, and the tightly clasped hands slowly let go.

Not her.

Although I had been mentally prepared before, when I really heard the result, I was still very sad.

Chapter 169 The plan was changed

Fu Jingting has been paying attention to the changes in Rong Shu's expression.

Seeing her lost face, for some reason, I couldn't bear it.

It's just that her planning level is there, and he can't bear it, and he can't give her the back door.

Gu Yaotian laughed happily when he learned that he really won a cooperation seat.

He knows the level of his plan, and it is impossible to win the cooperation seat, but he won it.

From this, it can be seen that Jing Ting, for Manyin's sake, abandoned the principle of not engaging in insider information, and opened the back door for his old husband.

Thinking about it, Gu Yaotian looked at Fu Jingting, and the more he looked, the more satisfied he became.

Indeed his good son-in-law.

Fu Jingting frowned.

What's wrong with Gu Yaotian's eyes?

Without thinking too much, Fu Jingting pursed his lower lip, and said in a cold voice, "Five cooperation seats have been set. You can go to the Fu Group to sign the contract at this time tomorrow. Now I will publish the five proposals, so that there is no one else to choose. Let's see why they were chosen and where you lost."

"That's good." Someone nodded in agreement.

Rong Shu also agreed with that part.

She also wanted to know how far her plan was from theirs.

However, when she saw Assistant Zhang's plan on the public screen, Rong Shu was stunned, "How could this happen!"

She subconsciously shouted.

Everyone turned to look at her.

"Mr. Rong, what's the matter with you?" Mr. Li, who was sitting next to her, asked suspiciously.

Rong Shu didn't answer him, and stared at Gu Yaotian's plan on the public screen, "President Fu, please tell me why my plan is named by President Fu?"

What?

Fu Jingting frowned and turned to look at the public screen behind him.

He looked at Gu Yaotian's plan and didn't find anything wrong, and turned his head back, "This is Mr. Gu's."

This plan, just like what he saw yesterday, belonged to Gu Yaotian.

However, Gu Yaotian's expression became guilty.

In fact, when the plan was just launched, he found out that it was wrong. The plan with his signature was not his plan at all. Although he was surprised, he didn't want to make a statement. After all, if he was wrong, he could only be wrong. He also realized that he won the cooperation seat not because Jing Ting opened the back door for Man Yin, but because of this project.

Therefore, it is even more impossible for him to admit that this plan is not his, but he did not expect that this plan was actually owned by the dead girl Rong Shu, and that dead girl actually announced it.

"Fu Jingting, you are talking nonsense!" Rong Shu heard Fu Jingting say that it was Gu Yaotian's, her whole body trembled with popularity, and she didn't care to call him President Fu, she called him by name and surname, "This is obviously my plan, don't think that you put Gu Yaotian's name on it, it becomes Gu Yaotian's."

Everyone was shocked when they heard her saying 'put Gu Yaotian's name on it'.

Fu Jingting narrowed his eyes even more, "You mean, we changed your plan to Mr. Gu's?"

"Isn't it?" Rong Shu looked at him coldly and was very emotional, "I really didn't expect you two. So shameless, in order to get Gu Yaotian to win the cooperation seat, he resorted to such shameless means."

If her plan was really bad and she was eliminated, she would naturally accept it.

But obviously that's not the case. Her plan is very good, otherwise, Gu Yaotian would not be robbed, and she also won a cooperation seat, so this matter, she will definitely not do that.

Looking at Rong Shu, who was extremely angry, he looked at Gu Yaotian, who lowered his head and looked obviously guilty.

Fu Jingting understood that what Rong Shu said was true.

The plan on the public screen is really Rong Shu's, not Gu Yaotian's.

Gu Yaotian actually stole someone else's plan and pretended to be his own!

Fu Jingting narrowed his eyes dangerously, and a cold air filled his body.

Everyone understood that he was angry.

"I didn't put the name on it." Fu Jingting looked at Rong Shu and said in a serious tone.

Seeing this, Rong Shu's anger subsided a little, "It's really not you?"

“I don’t want to do that.” Fu Jingting replied.

Rong Shu bit her lip.

She could see that what he said was true.

So her project name was changed, and he really didn’t know it.

“President Gu, since Mr. Fu said it has nothing to do with him, it seems that you did it yourself. Please explain to me why my plan will become yours!” Rong Shu stared at Gu Yaotian and said coldly. question.

Others didn’t think it was a big deal to watch the fun, and they also spoke with great interest.

“Yeah, Mr. Gu, tell me, is this really your plan?”

“That’s right, tell us about it.”

Gu Yaotian heard these people’s doubts, his heart was burning with anger, and he slapped the table and said. “What can I say, this is of course my plan.”

“But Mr. Rong said it was hers.” Someone said again.

Gu Yaotian looked at Rong Shu, his eyes flickered, and he pretended to be calm and said, “If you say it’s yours, it must be yours?”

“Can’t I recognize my own plan?” Rong Shu laughed angrily.

Gu Yaotian was even more guilty, but he still refused to admit it on the face, “Okay, since you think it’s yours, tell me how your project signature became mine, don’t say I stole it, Sheng and Mrs. Fu didn’t go, how did they steal it?”

Rong Shu was stunned for a moment, but suddenly couldn’t answer.

Yes, Gu Yaotian has never been to Tiancheng, and every time she finishes writing a part of the plan, she will lock it in a drawer, or take it home directly, and there is no one who Gu Yaotian buys Tiancheng to steal.

Moreover, Fu Jingting also said that she hadn’t changed the name of her project, but her project did indeed become Gu Yaotian’s name. What’s going on?

Seeing that Rong Shu didn’t speak, Gu Yaotian Can’t answer, since you can’t answer, then you...”

“Assistant Zhang.” At this moment, Fu Jingting suddenly spoke.

Gu Yaotian looked at him, feeling a little uneasy.

Fu Jingting tapped his finger on the conference table, "Did you accept Miss Rong's plan yourself?"

"Yes." Assistant Zhang nodded.

Fu Jingting raised his chin, "It seems that the problem arose after you accepted the plan."

Rong Shu heard the words and stared at Assistant Zhang with suspicion in her eyes.

Assistant Zhang knew that she suspected that he was bribed by Gu Yaotian, so he shook his head quickly, "Miss Rong, please believe that I did nothing."

He is President Fu's special assistant, how could he be bribed by others.

And Mr. Fu said that as long as he has worked for ten years, he will be given 0.5% of the original shares. Although the shares are small, according to the market value of the Fu Group, 0.5% of the shares are worth two. More than ten billion, why should he put more than two billion, and choose the hundreds of thousands or millions of people who can buy it?

"Since you haven't done anything, please tell me why my plan became his." Rong Shu pointed at Gu Yaotian.

She must understand this.

Assistant Zhang smiled bitterly, "I'm sorry, Miss Rong, I really don't know. Your plan was delivered to President Fu by me, and I didn't pass through it..."

Speaking of which, she seemed to think of something, and Assistant Zhang's eyes suddenly widened. stare.

Fu Jingting looked at him like this, his eyes narrowed, "Did you know something?"

Assistant Zhang opened his mouth, "I think of a possibility, but..."

He looked at Gu Yaotian with complicated eyes.

Gu Yaotian's heart skipped a beat, he clearly understood something, and his face was ugly.

"Assistant Zhang, please tell me!" Rong Shu looked at Assistant Zhang and said eagerly.

Assistant Zhang looked at Fu Jingting and asked what Fu Jingting meant.

Fu Jingting nodded, "Let's talk."

## Chapter 170 The Dust Settles

Assistant Zhang saw that the boss had let him speak, and no longer concealed it, he nodded and replied, "Not long after I accepted Miss Rong's plan, Miss Gu appeared and came to deliver the plan, and I went out to pour coffee for Miss Gu halfway through. , left the plan in the reception room, at that time in the reception room, as long as Miss Gu was there..."

Speaking of this, there is nothing else I don't understand.

Rong Shu's plan was replaced by Gu Manyin.

Fu Jingting lowered his eyelids, full of disappointment.

"You are talking nonsense!" Gu Yaotian stood up from the table and glared at Assistant Zhang, "You dare to slander Man Yin, Jing Ting, this is your good assistant."

In fact, he also understood that the plan was really replaced by Man Yin.

But so what, he would never admit it.

"President Gu, I pride myself on being fair. What I said just now is absolutely true. If you don't believe me, I can call for surveillance in the reception room." Assistant Zhang looked at Gu Yaotian and said displeasely.

It took him a few years to get to where he is now. How could he wrong someone for no reason.

Isn't that losing your job?

Hearing Assistant Zhang say that the surveillance can be called up, Gu Yaotian's face immediately turned pale.

Rong Shu sneered, "Mr. Gu, your daughter is really filial. In order to get you a cooperating seat, you did such a shameless thing."

"Indeed, Ling Qianjin really opened our eyes." Someone go along.

Gu Yaotian's face was red and white, like a palette, and he was so embarrassed that he could not wait to find a hole to burrow into.

He has never been so humiliated like this moment, not even when he was caught in the police station.

After all, when he was arrested at the police station, the outside world didn't know what he did, but this time was different. Everyone knew that Manyin secretly changed other people's plans. What will people in the circle talk about in the future?

At this moment, Gu Yaotian hated him extremely.

Hate Rongshu, hate her why she has to directly tell the truth that the plan is her, can't you eat this dumb loss?

He also hated Fu Jingting, why he didn't handle this matter privately, and of course, he hated that dead girl Man Yin even more.

"Mr. Fu." Seeing that Gu Yaotian was speechless, Rong Shu no longer focused on him, but looked at Fu Jingting in the main seat, "Since the truth has been revealed, what are you going to do about this matter? Should we continue to let President Gu get the cooperation seat, or..."

"Since the truth is revealed, I announce that Gu Yaotian's cooperation seat will be cancelled and handed over to President Rong. Do you have any opinions?" Fu Jingting cut off her words and looked at everyone's faces. glance.

Everyone shook their heads, "Of course I have no opinion." Not to mention Gu Yaotian's seat, it should have been Rong Shu's seat.

And they just finished watching Rong Shu's plan, which is really good.

"Mr. Fu, what about you, do you have any opinion?" Fu Jingting named Gu Yaotian.

Gu Manyin's expression was very reluctant, "Of course not."

If he does, what can he do?

Fu Jingting nodded and turned his eyes back to Rong Shu's face, "They don't have any opinions, is it alright now?"

"It's alright." Rong Shu's eyes flashed with joy.

She finally, finally won the cooperation seat.

She won the bet with Duan Xingbang!

Rong Shu clenched her fists in excitement.

Fu Jingting felt her happiness, and a smile flashed in his eyes, but it disappeared quickly. He raised his chin, and just as he was saying something, Rong Shu suddenly said, "But Mr. Fu, it's not enough!"

"Let everyone's eyes light up, and they suddenly became interested."

It seems that this Miss Rong is still a big heart. It is not enough to take back the project signature and cooperation seat, and she wants to take the opportunity to ask for other benefits.

Gu Yaotian shouted angrily, "Rong Shu, don't take an inch!"

Rong Shu glanced at him lightly, "What does it mean to take an inch, as a victim, what's wrong with fighting for my own rights, but Mr. Fu, the perpetrator, not only does not Apologizing, but accusing me instead, don't you think it's too much?"

"You..." Gu Yaotian rolled his eyes.

Rong Shu ignored him and looked at Fu Jingting, "Mr. Fu, my plan was handed in, but it was lost in your Fu Group. You, as the boss, must bear this responsibility, otherwise everyone will Who dares to trust Mr. Fu, who dares to put things in Mrs. Fu?"

"President Rong is right." Someone nodded, "President Fu, you really should take this responsibility."

Fu Jingting sat up straight, "This matter is the main thing. The reason is indeed on Mrs Fu, and I apologize to Miss Rong for Mrs Fu's negligence."

After speaking, he stood up, put his big hands on his abdomen, and bent towards Rong Shu.

Assistant Zhang did the same, "Miss Rong, it was my poor care that caused your plan to be changed. I'm really sorry."

Seeing the two apologize, Rong Shu's face looked much better.

Then, she looked at Gu Yaotian again, "President Gu, President Fu has apologized, how about you?"

"You want me to apologize too?" Gu Yaotian's eyes widened in disbelief.

Rong Shu smiled, "What's wrong with asking you to apologize? Although you didn't change the plan, who knows if it was you who ordered Miss Gu? Do you admit that the plan is mine? You don't admit it until Assistant Zhang says you can watch the surveillance, so shouldn't you apologize?"

“That’s right, Mr. Gu, Mr. Rong is right, we all saw it, you just insisted. The plan is yours, not Mr. Rong’s, we all know what’s going on in our hearts, so let’s apologize, otherwise it will make your face even more ugly.” Someone laughed.

Gu Yaotian was trembling, but he couldn’t refute it, otherwise it would only make these people laugh at him even more.

He took a deep breath, suppressed the anger in his heart, and looked at Rong Shu gloomily, “Okay, I apologize, I’m sorry, this is okay.” “Although Mr. Gu’s apology is a little reluctant, but Gu It’s not bad to always be able to put down my face and apologize, I’ll accept it with difficulty.” Rong Shu said with a smile. Gu Yaotian was almost out of breath. A good one reluctantly. Today’s hatred, he has written down! “Assistant Zhang.” At this time, Fu Jingting said, “Go on, if Manyin comes to the group in the future, you must make an appointment. Don’t let anyone put her up directly.” Assistant Zhang pushed her glasses, “Yes.” “Jing Ting, you …” Gu Yaotian looked at Fu Jingting in surprise, unable to believe that he actually did this. Rong Shu also couldn’t believe it. Fu Jingting glanced at her out of the corner of the eye, and then looked at Fu Jingting, and said indifferently, “This is the punishment for the manic sound swap plan.” Gu Yaotian’s mouth moved, and he was suddenly speechless. Rong Shu also gave Fu Jingting a high look. She didn’t expect that Gu Manyin, who has always had no lower limit of connivance, would actually punish Gu Manyin. The sun is really coming out in the west. “Jing Ting, I suddenly feel uncomfortable, so I will leave in advance.” Gu Yaotian took a deep breath and said in a deep voice. If you don’t leave, you’ll lose your face. Fu Jingting also knew that he was running away, and nodded slightly, “Assistant Zhang, send President Gu out.” “Yes.” Assistant Zhang responded, and then made a gesture of invitation to Gu Yaotian. After Gu Yaotian left, Fu Jingting clapped his hands, “Okay, the meeting continues.” Rong Shu then sat down and continued the meeting. Gu Yao rushed back to Gu’s house.

Mrs. Gu was putting on the mask, and when she saw him coming back, she was surprised, “Husband, why did you come back so soon, the meeting is over?”

” Throw the briefcase on the sofa.

Madam Gu took off the mask, “What’s the matter?”
