Chapter 181 Li Chuan is coming back

Once, Rong Shu stood there and watched him leave. He knew that, but he never looked back at her.

And now, it was finally his turn to stand still and watch her go away.

It turned out that it was so uncomfortable to watch others leave, but not get a look back or a response.

Fu Jingting lowered his head slightly and touched his heart, which was astringent and slightly tingling.

parking lot.

Rong Shu and Lu Qi came to the car.

Lu Qi opened the car door, "Baby, you said that Fu Jingting has something wrong, why did you want to run here in person?"

"Who knows." Rong Shu shrugged, got into the car, and returned uninterested. a sentence.

Lu Qi also got into the car, "I really don't understand what he is thinking."

Rong Shu smiled, "If you know what he is thinking, your achievements today will be the same as his, let's drive, auntie for a while. It's time to call and ask why we haven't arrived yet."

"Okay, okay." Lu Tou, started the car.

On the way, Rong Shu's cell phone suddenly rang.

She opened her eyes, took out her phone and glanced at it, a surprise on her face.

Lu Qi caught it out of the corner of his eye, and quickly asked, "Who is it?"

"Xiao Chuan!" Rong Shu answered and answered the phone.

When Lu Qi heard that it was Li Chuan, he pouted and said nothing.

"Xiao Chuan." Rong Shu happily called into the phone.

Li Chuan's gentle voice came, "Sister, do you have time in a few days?"

“Yes, what’s wrong?” Rong Shu asked.

Because she won the cooperation seat, she has divided half of the management rights from Duan Xingbang, and now she has a lot of voice in Tiancheng Group. For a lot of time, she doesn’t have to do it herself, she can tell the people below to do it.

So it’s okay to make time.

“My work abroad is about to end. I’m going to return to China in a few days. I want to find my sister to eat out.” Li Chuan replied with a smile.

“Yes, count the time, it’s been two months since you’ve been on a business trip, and it’s time for you to come back, okay, call me then, and I’ll pick you up at the airport.” Rong Shu agreed.

“Okay.” Li Chuan snorted, and then narrowed his eyes. Although his voice was still gentle, there was a hint of coldness in his voice, “Sister, how have you been in the past two months, Gu Manyin and the others didn’t bully you? “

When he was on a business trip, he was not busy with work, so he could pay attention to the domestic side.

But he got busy later, and he didn’t have time to pay attention, so he didn’t know if Gu Manyin and the others bullied his light.

“I’m doing okay, as for Gu Manyin and the others.” Rong Shu’s smile faded a lot, “Don’t worry, your sister, I’m not a vegetarian, I returned it on the spot.

” Are you bullying sister?” Li Chuan lowered his eyelids to hide the chill in his eyes.

Rong Shu smiled, “Okay, didn’t I say, I’m not a vegetarian, so don’t worry, I’m fine, by the way, it’s still night for you, go and rest.

” Said, Li Chuan didn’t force it, and pulled the corner of his mouth, revealing a terrifying smile, “Okay, then I’ll hang up first, we’ll see you in a few days.”

“Well, see you in a few days.” Rong Shu nodded. .

At the end of the call, Lu Qi asked, “Li Chuan is coming back?”

“Yes, in a few days.” Rong Shu put away the phone and returned.

Lu Qi coughed, “Just now Li Chuan seemed to be asking Gu Manyin if they bullied you, right?”

“Yes, he is worried about me.”

"It seems that Gu Manyin and the others should worry about themselves too." Lu Qi Laughing schadenfreude.

Rong Shu looked at him suspiciously, "What do you mean?"

"Nothing." Lu Qi shook his head, not going to elaborate.

"Really? But I feel like you have something to hide from me." Rong Shu narrowed her beautiful eyes.

Lu Qi straightened his back, "No, really no."

"Forget it, there is no, I don't want to know." Rong Shu rolled his eyes at him and stopped looking at him.

Lu Qiwei was invisibly relieved, but he was snickering in his heart.

Even if Li Chuan comes back, that kid is a lunatic.

With him around, the baby will be much safer, and Gu Manyin and the others will suffer too.

Thinking about it, Lu Qi couldn't help but let out a laugh.

Rong Shu glanced at him, didn't know what he was laughing at, didn't ask, put on headphones and listened to the music.

...

the next day, also the weekend.

Lu Qi accompanied Rong Shu to the hospital.

When he arrived at the hospital, Rong Shu got off the car and stood at the gate of the hospital.

Lu Qi parked the car and came to her side. Looking at her movements, he guessed something and softened his voice, "Baby, if you're afraid, we won't fight, just leave him."

Rong Shu looked away. , shook his head, his eyes were firm, "No, I'm going to fight, I admit that I'm a little scared, because I've never done this kind of surgery, but if I keep him because I'm afraid, it's not fair to him, because I don't love him , I can't give him maternal love." The

child should be owned by the person she loves, and this one in her belly was just because she didn't love the child's father overnight, so how could she love the child.

What's more, even if she keeps this child, this child does not have a father, that zh said very clearly, he is willing to raise this child, but does not want to recognize this child, then this child is still an illegitimate child.

So instead of letting this child come into the world to suffer, it is better not to let this child come in the first place.

After thinking about it, Rong Shu took a deep breath, settled down, and went to the hospital.

Lu Qi also quickly followed.

After registering, the two walked towards the obstetrics and gynecology department.

Not far away, Gu Manyin watched the figures of the two disappear into the elevator, bit her lower lip, and went to the registration desk, "Hello nurse, may I ask Miss Rong just now, what department did you attend? I'm her friend, She has been in a bad mood recently, so I followed her all the way, but I didn't expect her to come to the hospital, so I asked the nurse to tell me, I'm really worried about her."

The worry on Gu Manyin's face was moving, the nurse said After she was moved, she flipped through Rong Shu's registration record and told her, "It's obstetrics and gynecology."

Hearing these three words, Gu Manyin's mouth tickled slightly, and she quickly packed up her expression and changed back to She looked worried just now, "I see, thank you, Miss Nurse."

"It's nothing." The nurse waved her hand.

Gu Manyin turned and left, the worry on her face disappeared all of a sudden, replaced by a look of excitement.

She took out her mobile phone and called Lin Tianchen, "Hey Tianchen, Rong Shu came to the hospital, I thought she would choose another hospital, but I didn't expect that she would come to your house in the end, Tianchen, please let me be the next one. You."

"I see, don't worry." Lin Tianchen's glasses turned down.

Gu Manyin put down her phone, and Fu Jingting came to her side, frowning slightly, "Manyin, didn't I tell you to wait for me at the hospital gate, why did you come here?"

Gu Manyin's eyes flashed. She smiled and replied, "Sorry, Jing Ting, I just saw an acquaintance, so I chased after him in a hurry. I forgot what you said. Don't blame me."

She hugged his arm and shook it, acting like a spoiled child. .

She didn't tell a lie. While waiting for him at the door of the hospital, she saw Rong Shu and Lu Qi, so she quickly hid, and then quietly followed Rong Shu and them in.

I didn't expect such a coincidence, I came here to see a psychiatrist, and I happened to meet Rong Shu and the others for an obstetric check-up. It happened that Rong Shu's life was going to be killed today, so that there would be no future troubles!

## Chapter 182 Operation Time

"Which acquaintance?" Fu Jingting asked.

Gu Manyin smiled and replied, "I used to be a classmate from the university, but she doesn't recognize me anymore. Okay, Jing Ting, let's not talk about this, let's go to the psychiatric department."

Fu Jingting didn't think much, raised his chin slightly and agreed. .

On the other side, after Lin Tianchen ended the call with Gu Manyin, he contacted the obstetrics and gynecology department, "The woman I mentioned last time has already gone to your side, so be careful not to reveal anything."

"Understand Lin . Director." The person on the other end of the phone nodded and replied.

Lin Tianchen hummed and hung up the phone.

Obstetrics and Gynecology.

Accompanied by Lu Qi, Rong Shu came to the door of a clinic.

"Aqi, you are waiting for me outside." Rong Shu turned her head and said to Lu Qi who was beside her.

"Let me accompany you in." Lu Qi was a little worried about her.

Rong Shu shook her head and refused, "No."

She was so stubborn that Lu Qi had no choice but to agree reluctantly, "Well then, I'll wait for you here, if you call me for anything, I'll go in immediately."

"Okay. ." Rong Shu smiled and stepped in.

The doctor in the consulting room put down the landline microphone in his hand, and his eyes flashed when he saw her coming in.

“Miss Rong, we meet again.” The doctor greeted Rong Shu with a smile.

Rong Shu sat down opposite him, a little surprised, “do you still remember me, doctor?”

“Of course, the last time you came here, it was the clinic I showed you. I have a good memory as a person.” The doctor said.

Rong Shu squeezed the corners of her mouth, “So that’s how it is.”

“Miss Rong, you are here this time with a baby in your womb. Is there any problem?” the doctor asked after taking her registration form.

Rong Shu shook her head, “No, I’m here this time to get rid of this child.”

“Take it off?” The doctor was obviously stunned.

Rong Shu nodded, “That’s right.” The

doctor’s expression was complicated, “Are you sure?”

“Of course.” Rong Shu answered affirmatively.

The doctor stopped talking for a while.

Originally, he thought he was going to make up a reason for fetal malformation, or that the mother’s body was not suitable for pregnancy, to deceive her and get her to agree to an abortion.

Unexpectedly, she came here this time, and it was an abortion herself, but it saved him a lot of effort.

“Since you’ve thought about it clearly, Miss Rong, that’s fine. Then, when are you going to remove this child, Miss Rong? I’ll let the hospital arrange the operation.” The doctor looked at her stomach.

Rong Shu’s hand in her stomach tightened, and she didn’t answer in time, but lowered her eyelids, as if thinking about something.

The doctor has been observing her expression, and seeing her like this, she is a little afraid that she will regret it temporarily, and she will be reluctant to bear the child in her belly.

So the doctor squinted, and calmly advised, “Miss Rong, you can’t delay things like this. The longer you delay, the older the child will be, and it will not be good for the mother’s body, so you have to decide sooner.

"Then do it as soon as possible." Rong Shu took a deep breath, closed her eyes, and replied in a hoarse voice.

In fact, when the doctor asked her when she planned to get rid of the child, she really felt reluctance in her heart, making her unable to answer the doctor's words for a long time.

But even if she was reluctant, she had to be ruthless.

I'm sorry!

Rong Shu apologized to the child in her stomach in her heart, and then signed the abortion consent form.

The doctor watched her sign, and he was relieved, and the smile on his face became more and more intense.

"Miss Rong, I just checked the system. In the past two days, pregnant women have made an appointment for surgery, so your surgery is scheduled for the afternoon two days later." The doctor took the abortion consent form signed by Rong Shu and said softly.

Rong Shu nodded, "I see, then I'll come back in two days."

"Okay." The doctor responded with a smile.

Rong Shu stood up and walked out of the clinic.

"Baby." Outside, Lu Qi saw her coming out and quickly took her hand, "When will the surgery?"

"Two days later." Rong Shu replied.

Lu Qi touched his chin, "Two days later, or two days later, there is a buffer time that allows you to adjust your mental state. Shall we go back now?"

"Let's go back." Rong Shu looked at the time.

The two walked towards the elevator.

The doctor stood at the door and saw their figures disappear at the corner of the corridor in front of him. He closed the door, turned back to his desk, picked up the landline on the desk, and made a phone call.

The person on the other end of the phone seemed to have been waiting for the call. As soon as the call went out, he answered, "How is it?"

“Director Lin, the task is complete, and she has signed the consent form for abortion.”  
The doctor replied .

Lin Tianchen adjusted his sitting position, “Very good, when is the surgery scheduled?”

“In the afternoon in two days.”

“I see.” After Lin Tianchen finished speaking, he hung up the phone and called Gu Manyin again.

Gu Manyin was sitting on the sofa in the psychological consultation room at the moment. Although the doctor hadn’t come yet, her heart was still flustered and confused.

Even if Lin Tianchen told her not to worry, she was still very afraid that she would be exposed in a while.

Because once let Jing Ting know that she has no split personality at all, she just uses the banner of split personality to deal with Rong Shu unscrupulously, even if Jing Ting still regards her as the person he loves at this moment, she will cut off all relations with her.

Therefore, she must not reveal her secrets.

Feeling the nervousness of the woman around him, Fu Jingting turned to look at her, “Manyin, are you alright?”

Gu Manyin’s face turned pale, but when she heard his question, she forced a smile, “I’m fine, it’s just my first time seeing a psychiatrist, so I’m a little uncomfortable.”

“It’s fine, I will always be with you . . .” Fu Jingting touched her hair.

“Jing Ting, you are so kind.” Gu Manyin replied softly, but she was very irritable.

If she could, she would rather not let him accompany her.

It was because he was here that she was even more afraid.

However, Gu Manyin did not dare to show these mental activities.

At this moment, her cell phone rang.

Gu Manyin took a look and saw that Lin Tianchen was calling, her eyes darkened, and she stood up suddenly, “Jing Ting, my mother called, I’ll go out to answer the phone.”

“Well. Fu Jingting didn’t suspect that she was lying, and nodded slightly, “Go.”

Gu Manyin took the phone and opened the door to go out.

In order not to be heard, she walked a little further before answering, "Tianchen, how is it, did you succeed?"

"Successful, but the operation will take two days later." Lin Tianchen pushed his glasses and replied.

Gu Manyin couldn't hide the excitement on her face, "That's great, it's just two days, I've waited for so long, and I'm afraid to wait another two days? Tianchen, for the surgery in two days, you must..."

"Don't worry, I will make arrangements." Lin Tianchen cut off her words.

Gu Manyin was of course at ease with him, she knew that as long as it was what she wanted, he would achieve it for her.

Because he decided that she was his savior.

Although I don't know why he thinks that she saved him.

But so what, since he has identified it and is willing to do things for her, why didn't she accept it.

"Okay, then please Tianchen." Gu Manyin replied with a smile.

After that, the two said a few more words before ending the call.

Gu Manyin put away her phone, looked left and right, saw no one around, then pretended that nothing had happened, and returned to the consultation room just now.

As soon as she entered, she found that there was another person inside, an old foreign man in a white coat.

Gu Manyin's heart tightened, and she immediately understood that this old man was the psychiatrist that Jing Ting had found for him.

### **Chapter 183 The real character**

Sure enough, Fu Jingting could see that she was back, so he beckoned, "Come here, Manyin, and let me introduce to you, this is Dr. Steve, an internationally renowned psychology professor."

Gu Manyin barely kept a smile, Walked over with stiff steps.

Dr. Steve looked at her, stretched out his hand to her, and said in fluent Chinese, "Hello, Miss Gu, I heard Dr. Lin talk about you, don't worry, I will treat you well and won't let you down. Yes ."

After saying that, he winked at her.

Suddenly, Gu Manyin understood everything.

This old man was bought by Tianchen, and it was from her side.

And what he said was very clear, and he would not let her down.

The implication is that even if her acting is bad, he will give her proof that she is indeed sick.

After thinking about it, Gu Manyin immediately stopped being nervous and worried, and her whole body became more relaxed. She reached out to hold Dr. Steve's hand, "Okay, then I'll trouble you."

"You're welcome, Miss Gu, please take a seat . ." Doctor Steve withdrew his hand and motioned her to sit down.

Fu Jingting pulled out the chair for Gu Manyin.

Gu Manyin smiled at him, then sat down.

Dr. Steve also sat down opposite the two of them, "Mr. Fu, Miss Gu, are you ready? I will start the diagnosis next."

"Manyin." Fu Jingting looked at Gu Manyin.

Gu Manyin nodded, "I'm ready, Dr. Steve, let's start."

"Okay." Dr. Steve pushed down his glasses, then took out a pocket watch from the pocket of his white coat. "Miss Gu, next I will hypnotize you and try to awaken your second personality. Don't be afraid, just do as I say.

"The corner of Fu Jingting's clothes looked terrified, "Jing Ting, will you stay with me here?"

She looked at him weakly.

Anyway, Dr. Steve was on her side, and she didn't have to worry that Dr. Steve would tell him that she didn't have a split personality at all.

Fu Jingting looked at Gu Manyin's scared eyes, his heart softened, and squeezed her hand, "Okay, I won't go, I'll accompany you."

Gu Manyin laughed.

Subsequently, Dr. Steve began to hypnotize.

Gu Manyin closed her eyes, leaned on the sofa, and seemed to be asleep.

Fu Jingting watched Dr. Steve put away his pocket watch, and then looked at Gu Manyin, who was motionless, with some worry between his brows, "Doctor Steve, will hypnosis affect Manyin?"

"Don't worry, President Fu, there won't be any. Affected, she will wake up soon, but when she wakes up, she will be a different person," Dr. Steve said.

Fu Jingting narrowed his eyes.

Of course he knew who the other person was referring to, referring to Manyin's second personality.

For a long time, he had never seen it, can he finally see it now?

"Miss Gu, you can wake up now." Dr. Steve put his hand to Gu Manyin's ear and clapped his palm.

Snapped!

As the applause fell, Gu Manyin, who had closed his eyes, suddenly opened his eyes and sat up straight.

Fu Jingting looked at her, a little unsure whether she was Manyin or the second personality.

After thinking about it, Fu Jingting pursed his thin lips and called out tentatively, "Manyin?"

"Mr. Fu, I'm Tina, this is the name I chose for myself." Gu Manyin's face raised a wicked smile, The voice is also enchanting.

Fu Jingting looked at the second personality, who was completely opposite to Manyin's personality, and fell silent.

Gu Manyin stood up and walked up to him, "Mr. Fu, we finally meet."

Fu Jingting frowned and took a step back, but still didn't answer.

He doesn't like this second personality, it can even be said that he hates it.

In addition to the reason why this personality is too evil, there is also a reason he can't tell.

Gu Manyin caught the disgust in the man's eyes.

When she pretended to be hypnotized just now, she was thinking about how to play her non-existent second personality. After thinking for a long time, in the end, she decided to play in her true colors.

That's right, what she looks like at the moment is her true character, and what she looks like in normal times is what she pretends to be, but she didn't expect that Fu Jingting actually hates the real her!

Gu Manyin lowered her eyelids, suppressed the resentment in her heart, and raised her evil smile to look at Fu Jingting again, "Mr. Gu, why do you look at me like this, it makes me sad."

"Why do you keep targeting Rong Shu again and again . ?" Fu Jingting ignored her fake sadness and asked coldly with pursed lips.

Gu Manyin was even more angry.

As soon as I came, I asked Rong Shu if

he cared about Rong Shu so much? "Why?" Gu Manyin

laughed shamelessly, "Because I hate her."

Fu Jingting frowned, "Just for this reason?"

"The biggest reason is that she makes Man Yin feel very insecure, Man Yin is afraid that you will be taken away by her, even if you repeatedly promise that such a thing will not happen, but Rong Shu's existence always makes Man Yin very mindful. So I was born."

She shook her hair, and added, "My duty is to protect Man Yin, as long as Man Yin is unhappy, or feels Rong Shu's approaching you, making Man Yin feel a sense of crisis, I will There will be remediation of Rong Shu."

"Remediation?" Fu Jingting's face was ugly, "But what you did these few times was to put Rong Shu to death!"

"Is there something wrong?" Gu Manyin spread her hands, "As long as Rong Shu After death, Man Yin will never feel insecure again, once and for all, how wonderful!"

Fu Jingting clenched his fists, his expression even more gloomy, "Doctor Steve, wake up Man Yin."

He didn't want to see this second personality again. The viciousness of this personality was completely beyond his imagination .

Therefore, this character must not remain!

"Okay, Mr. Fu." Doctor Steve stepped forward and gave Gu Manyin a look.

Gu Manyin blinked her eyes knowingly, and then fell asleep cooperatively.

"Doctor Steve." Fu Jingting looked at Dr. Steve, "Is there a way to eliminate Manyin's second personality?"

Originally, he wanted to merge the second personality with Manyin.

But the viciousness of the second personality just now made him realize that he couldn't merge. Once merged, no one knew whether Man Yin's character would also change and become evil.

So the best way is to directly destroy the second personality.

On the sofa, when Gu Manyin heard Fu Jingting's words, the hand on the inside couldn't help clenching.

Jing Ting actually wanted to destroy her second personality.

Although the second personality does not exist, it does exist in Jing Ting's cognition.

And Jing Ting actually wanted to destroy it. Could it be that the second personality is not her?

Dr. Steve obviously didn't expect Fu Jingting to suddenly say this. After glancing at Gu Manyin on the sofa, Dr. Steve nodded and replied, "Yes, but judging from the situation just now, Miss Gu's second personality has already changed. He is very mature and powerful. If you want to destroy it, it will definitely not be done in a short time, at least it will take a long time."

"I understand, then please do your best to heal Man Yin." Fu Jingting rubbed his head and said without thinking.

Dr. Steve nodded with a smile, "I will, now I'll wake Miss Gu."

Fu Jingting hummed.

Soon, Gu Manyin opened her eyes and woke up.

She looked around in confusion, saw Fu Jingting, and asked suspiciously, "Jing Ting, I just..."

"You have just been hypnotized." Fu Jingting stretched out his hand and pulled her up.

Gu Manyin patted his forehead, "Yes, I remember, I was hypnotized by Dr. Steve to summon the second personality, Jing Ting, has my second personality come out?"

Chapter 184 Huai's concern

"Well, it's out." Fu Jingting nodded.

Gu Manyin's eyes flickered, "Then... how is she?"

Fu Jingting frowned and did not answer.

Seeing this, Gu Manyin pretended to be uneasy, "Jing Ting, isn't she very bad or bad?"

"Alright Manyin, don't think about it." Fu Jingting rubbed her hair, "I will let Dr. Steve heal you well and destroy that personality."

"Destroy?" Gu Manyin seemed to be frightened, and covered her lips, "Why do you want to destroy? Didn't you say it's good to fuse?"

"Can't fuse, you Your second personality is too evil, I'm worried that after the fusion, your personality will also change." Fu Jingting said in a deep voice.

Gu Manyin nodded, "I see, I understand, then listen to Jing Ting."

She lowered her eyelids and clenched her palms.

It turned out that the real her, in his eyes, was an evil existence.

"Doctor Steve." Fu Jingting didn't notice Gu Manyin's small movements, and turned to look at Dr. Steve opposite.

"President Fu, please speak." Dr. Steve pushed his glasses and said with a smile.

Fu Jingting nodded, "About Manyin's treatment, you can give me a schedule. I want to know the progress of Manyin's treatment at any time."

"Okay." Dr. Steve agreed.

Afterwards, Fu Jingting and Gu Manyin walked towards the door of the consultation room, ready to leave.

As soon as he walked out of the clinic, he saw Lin Tianchen walking towards him.

“Is the first consultation over?” Lin Tianchen stopped, looked at the two and asked.

“It’s over, Tianchen, why are you here?” Gu Manyin said with a smile.

Lin Tianchen put his hands in the pockets of his white coat, “My surgery is over today. I thought you were here, so I’ll come and see, how is Man Yin’s situation?”

He looked at Fu Jingting.

Fu Jingting rubbed his brows, “It’s a little serious. The second personality is already very mature, and he is as old as Man Yin.”

“Yes, that seems to be quite serious.” Lin Tianchen’s glasses were reflective, and then he asked, “Then what are your plans?”

Gu Manyin matched her fingers, “Jing Ting said, just get rid of her.”

“Really Jing Ting?” Lin Tianchen raised his eyebrows.

Fu Jingting raised his chin, “Well, that personality must not be retained.”

Gu Manyin lowered his head, making it difficult to see the expression on his face.

When Lin Tianchen saw her like this, he guessed something, and pushed his glasses with his middle finger, “If you want to destroy a personality, it is not an easy thing, and it may not be successful. You have to take it slowly.”

“I know . . . , so I asked Dr. Steve to do his best to heal, okay, we should go.” Fu Jingting raised his wrist and looked at his watch, and said in a cold voice.

Lin Tianchen stepped sideways to get out of the way, and made a gesture of invitation to the two of them.

Fu Jingting raised his foot and walked forward.

Gu Manyin followed closely behind him.

When passing by Lin Tianchen, she suddenly turned around and winked at him.

Lin Tianchen also curled his lips and smiled.

With just such a small gesture, the two have clearly communicated something.

And all this, Fu Jingting did not find out.

...

Tiansheng Group, after Rong Shu and Lu Qi came back, they plunged into work.

Because Rong Shu was going to have an operation two days later, she would definitely have to stay in the hospital for two days.

In those two days, she couldn't work, so she could only finish the work for those two days in advance, otherwise it would pile up at the back and pile up more and more.

In the afternoon, Lu Qi received a call from his assistant and asked him to go back to the meeting.

Only then did Lu Qi put down the pen in his hand, stretched out, and got up from the chair.

"How much is left?" Lu Qi asked, beating his shoulders.

Rong Shu shook her aching head, looked at the table next to her, and smiled bitterly, "It's still so tall!"

She made a very high gesture.

Lu Qi sighed, "So much, you can't do it all by yourself in two days. I'll take half of it back to our company and bring it back in two days."

"Okay, thank you, Ah Qi." Rong Shu picked up his bubble I took a sip of the flower tea.

Lu Qi waved his hand, "Thank you, although Tiancheng is stable now, and I don't need me much, but I still have the title of director, it should be."

After that, he picked up more than half of the documents.

Rong Shu called Secretary Tong in, "Tong Xi, Lu Qi is going back, you can send it off."  
When

Tong Xi heard this, a flash of joy flashed in his eyes, and soon disappeared again, nodding formulaically, "Okay, Mr. Rong."

Then, she made a gesture of invitation to Lu Qi, "President Lu, please."

Lu Qi looked at Rong Shu, "Then baby, I'll go first."

“Go ahead.” Rong Shu waved his hand.

Lu Qi and Secretary Tong went out.

Rong Shu moved her neck, ready to continue fighting.

At this moment, the phone rang.

She picked it up and saw that Cheng Huai was calling.

“Hello?” Rong Shu put the phone to her ear.

Hearing her voice, Cheng Huai’s voice subconsciously softened, “It’s me.”

“I know.” Rong Shu pinched her brows, “Is something wrong?”

“Can’t I call you if I’m okay?” Cheng Huai leaned on his locomotive and said condescendingly.

Rong Shu rolled her eyes, “I’m not free if you’re idle, alright, just tell me if I have something to do, I’ll hang up first if I have nothing to do, I have something else to do.” She really hung up the phone and quickly stood up straight.

Rong Shu put the phone on her shoulders, “Let’s talk.”

“Didn’t you say two days ago that you were going to the hospital to remove the child today, have you removed it now?” Cheng Huai asked with concern.

Originally, he wanted to ask this morning, but he thought that she might be in surgery in the morning, and she might not be able to receive a call, so he has endured until now.

“Not yet, you called me specifically to ask me this?” Rong Shu was a little amused.

Cheng Huai coughed lightly, “Yes, friends, I have to care about you.”

“Thank you.” Rong Shu smiled.

Cheng Huai also laughed, “Thank you, you don’t need it, it should be, but you don’t have surgery, do you plan to remove it?”

“No, the hospital has surgery for the past two days, so my surgery It will be arranged in two days.” Rong Shu replied while processing the documents.

Cheng Huai was stunned, “So that’s the case, I thought you didn’t plan to take it away.”

“Of course not, my attitude is very firm.” Rong Shu said. Cheng Huai’s lips moved, as if there was something unspeakable

, and he hesitated for a few seconds before he said, “My friend, do you know about your plan to take the child away?”

“I didn’t tell him, after all, the child is in my belly. According to our country’s law, I have the right to take him away without knowing it.”

“I know, but he has to be held responsible, right?” Cheng Huai frowned.

Rong Shu turned a page of the document, “No need, what happened that night was the fault of him and I, not him alone, so I don’t need him to be responsible, okay, is there anything else? If it’s okay, I’ll hang up first, I’m still busy here.”

Seeing that she obviously didn’t want to say more, what else could Cheng Huai do, but ended the call.

He put down the phone and scratched his hair, his face full of irritability.

What is the fault of two people? He watched the surveillance that night, and only Rong Shu was drunk. Fu Jingting was not drunk and was normal.

In that situation, what happened to Fu Jingting and Rong Shu was obviously the fault of only Fu Jingting, because Rong Shu was drunk and could not do anything to Fu Jingting, even if he wanted to do something to Fu Jingting, Fu Jingting is a big man, Can’t push it off?

### **Chapter 185 Charity Auction**

So it is clear who is at fault.

Fu Jingting must be held responsible for Rong Shu, why should Rong Shu bear it alone!

Thinking about it, Cheng Huai called Fu Jingting coldly.

Fu Jingting was driving at the moment, sending Gu Manyin back home.

Hearing the phone ringing, he hummed the Bluetooth on his ear, “Who?”

“Me!” Cheng Huai replied loudly.

Fu Jingting frowned, "What's the matter?"

Cheng Huai was about to speak, when suddenly he heard a soft female voice from his side, "Jing Ting, who is it?"

"Jing Ting, Gu Manyin is next to you?" Cheng Huai's face darkened next question.

Fu Jingting glanced at the co-pilot Gu Manyin out of the corner of his eye, and gave a light hum.

"Forget it, let's talk about it later, wait for Gu Manyin to be gone, call me."

Cheng Huai hung up the phone.

Fu Jingting narrowed his eyes.

Cheng Huai called suddenly, obviously he had something important to tell him, but he avoided Man Yin.

It seems that the things to be said are not about business, but about Rong Shu.

"Jing Ting, who was on the phone just now?" Gu Manyin asked again curiously when she saw the man's eyes lowered and said nothing.

The man's eyes flickered slightly, "Cheng Huai, talk to me about business."

"Oh." Gu Manyin nodded without doubting, "By the way, Jing Ting, will you go to the charity auction in a few days? "

Of course, Mrs. Li was a close friend of my grandfather during his lifetime. My grandmother can't go before she recovers, so I will go for her." Fu Jingting turned the steering wheel and replied.

Gu Manyin clapped her hands, "That's great, I'll go with my parents when the time comes, but I don't have a dress yet, Jing Ting, can you accompany me to buy a dress tomorrow?"

She looked at him expectantly.

Fu Jingting had a hint of apology in his eyes, "Sorry Manyin, there are investors from abroad tomorrow, so I can't accompany you. I'll arrange for two female secretaries to accompany you."

"No." Gu Manyin lowered her head a little unhappily, " I'll just ask Xiaoke to accompany me."

Soon, the Gu family arrived.

Fu Jingting remembered Cheng Huai's phone number, and thanked Mrs. Gu for her dinner invitation, and drove back to the Fu Group.

Walking into the office, he pulled his tie, took out his mobile phone, and called Cheng Huai back.

Cheng Huai had been waiting for his call, and when it rang, he answered it immediately, "Gu Manyin is gone?"

Fu Jingting hummed, "What do you want to say?"

"I want to tell you about Shu is pregnant." Cheng Huai replied.

Fu Jingting narrowed his eyes.

Sure enough, to avoid manga, it's not about business or about Rong Shu.

"What's wrong with Rong Shu?" Fu Jingting pursed his lips and asked in a deep voice, his tone clearly showing concern.

Cheng Huai heard it, but if he didn't reveal it, he didn't know it.

Fu Jingting still doesn't know his feelings for Rong Shu.

If he reveals that Fu Jingting cares about Rong Shu, then Fu Jingting may realize his feelings for Rong Shu in advance.

At that time, it would be quite a hindrance to his pursuit of Rong Shu.

"She's fine, but she intends to abort the child." Cheng Huai replied with his upper body lying on the locomotive.

Fu Jingting's face changed slightly, "Knock out the child?"

"Yeah."

"How do you know?" Fu Jinglin's hand holding the phone clenched suddenly.

Cheng Huai shrugged, "Of course she told me." She told me

...

Fu Jingting's thin lips pursed into a straight line, his face was also very ugly, and there was an indescribable sense of anger and irritability in his heart.

It is clear that he is the father of the child, and in the end, even the fate of the child must be known from others.

“Jing Ting, are you still there?” Cheng Huai shouted when there was a sudden silence on the other end of the phone.

Fu Jingting lowered his eyelids and his voice was cold, “When did Rong Shu tell you that she intends to... kill the child?”

When he said the word “kill the child,” he paused for a rare moment, and there was even a lump in his chest. Share astringent.

Although he was mentally prepared, Rong Shu might not want that child.

But when I actually heard it, my mood was still very complicated.

“It’s been two days.” Cheng Huai flipped his hair back.

Fu Jingting’s body pressure dropped instantly, “Then you told me now?”

“Didn’t I forget?” Cheng Huai shrugged and smiled, “Also, I thought Rong Shu had told you, but only when I asked, did I find her No. “

Fu Jingting heard the bragging and smugness in his tone, and the air pressure around him dropped even more.

“So why did you call today?” Fu Jingting asked in a bad tone.

Cheng Huai knew that he was jealous and angry, and the corners of his mouth curled up, “I’m calling just to tell you that Rong Shu has surgery in two days, so you can take care of it.”

After the call, Fu Jingting frowned into a word of Sichuan.

Surgery in two days...

It’s okay if Rong Shu decides to take the child away if she doesn’t tell him, she doesn’t even plan to tell him the date of the operation.

Fu Jingting Jun opened Rong Shu’s WeChat

Tiancheng Group with a black face.

Rong Shu was still working on those files. He heard the phone vibrate, pinched the bridge of his nose, and took a look.

Seeing the message from zh, she straightened her back slightly, and clicked to check.  
Are you planning to remove the child?

Rong Shu pursed her red lips, how do you know?

zh Cheng Huai told me.

Rong Shu instantly thought of Cheng Huai's phone call, and rolled her eyes.

That big mouth!

With a sigh, Rong Shu typed that I was going to get rid of him.

en why didn't you tell me?

It's not necessary for Rong Shu to bite her lip, right?

zh But I am the father of the child.

What about Rong Shu? Let me tell you, you also agree, so why should I make unnecessary efforts and just remove him?

When Fu Jingting saw Rong Shu's reply, Jun's face sank.

Admittedly, she was right.

She doesn't want the child, and if she wants to take it away, he will naturally agree, so it really doesn't matter whether you tell him or not, but...

Fu Jingting's slender fingers type I said, whether you want to keep the child or not, I will be responsible.

Rong Shu doesn't need it, that's it, don't mention it again in the future.

After sending it out, she directly quit WeChat, even if the other party sent a message later, she did not check it.

After seeing his last message, Fu Jingting didn't reply, and he couldn't help but feel a little tired.

He really wanted to tell her in front of her if he could not be so stubborn.

But no, then his identity would be exposed.

"Zhang Cheng." Fu Jingting frowned and shouted.

Assistant Zhang pushed open the door and came in, "Mr. Fu, do you have any orders?"

"Go to the bank and ask how much Tiancheng has loaned." Fu Jingting said.

Although Assistant Zhang was surprised, he didn't ask any more questions and nodded, "Yes." On the

other side, not long after Rong Shu put down the phone, Secretary Tong came back with an invitation card in his hand, "Mr. Rong, this is Li. The invitation card from my family."

"What invitation card?" Rong Shu raised her head and took the black and gold invitation card handed by Tong Xi.

Tong Xi replied, "It's an invitation for a charity auction. The Li family is a well-known charitable family in the sea. They have been keen to protect wild animals in recent years, so all the funds auctioned at the end of this charity auction will be used for wild animals. Protect."

"So it is." Rong Shu nodded, indicating that she understood.

Tong Xi looked at her and said, "Mr. Rong, are you going to go? If you are going, I will reschedule that day's itinerary."

"Of course, I have to give the Li family's face, but I remember the charity auction. Are you inviting people to donate auction items?" Rong Shu asked.

Chapter 186

Tong Xi nodded, "Yes."

Rong Shu rubbed his temples, "It seems that I have to think about what to donate."

"Mr. Rong doesn't need to worry too much. In an auction like this, the invitees usually donate. Some jewelry or some antiques." Tong Xi mentioned.

Rong Shu smiled, "I see, then I'll donate jewelry when the time comes. Also, do you have time tomorrow, how about you accompany me to choose a dress?"

Tomorrow is Sunday, so you can go shopping when you don't go to work.

However, Tong Xi shook her head apologetically, "I'm sorry, Mr. Rong, my mother arranged a blind date for me tomorrow."

She smiled bitterly in her eyes.

Obviously don't want to go on a blind date.

Rong Shu saw it, thought about it, and said, "Why don't you tell your aunt to work overtime tomorrow?"

"No, I have used overtime as an excuse to refuse several times before, and this time my mother said that after working overtime, Resign, so I have to go." Tong Xi sighed.

Rong Shu heard the words and didn't know how to help her.

Tong Xi bowed slightly, "Mr. Rong, I still have work, so I'll go out first."

"Go." Rong Shu nodded with a smile.

After Tong Xi left, she closed the invitation, put it in the drawer, and continued to process the documents.

The next day, Rong Shu asked Chen Xingnuo to choose a dress together.

The two walked into a dress shop called Wanika.

The haute couture of this brand is very popular among young women all over the world.

Because its design is full of fairy spirit, people like it at a glance.

Rong Shu stood in front of a rack of dresses and carefully selected the dress.

Beside him, Chen Xingnuo suddenly saw a good one, reached out and took it down, "Mr. Rong, how about this one, I think it suits you very well."

"I'll take a look." Rong Shu turned around and saw that she was carrying a long white dress with one shoulder in her hand.

The dress does not have too many complicated designs, but the radiant fabric is particularly eye-catching.

If it is in a dimly lit place, this skirt is the most dazzling existence.

"Not bad." Rong Shu's eyes showed undisguised love.

Chen Xingnuo handed it to her, "Mr. Rong, let's try it?"

Rong Shu nodded, "Okay."

Just as she was about to ask the shopping guide around her where the dressing room was, a familiar female voice suddenly said Come, "Miss Rong, can you give me the dress in your hand?"

Rong Shu frowned.

The smile on Chen Xingnuo's face suddenly collapsed, "President Rong, it

's Gu Manyin." "I know." Rong Shu raised her eyebrows slightly as she looked at Gu Manyin and Meng Ke who were walking in front of her.

Meng Ke actually came out.

Also, count the time, the detention time has indeed passed, but after he came out, he actually walked with Gu Manyin. It seems that he really regarded Gu Manyin as a friend, but he was a little stupid, and he couldn't even see it. When she came out, Gu Manyin didn't consider her a friend at all.

"Do you want this dress?" Seeing Gu Manyin standing in front of him, Rong Shu raised the dress in her hand.

Gu Manyin nodded, "Yes, I like this one very much, I wonder if Miss Rong can give up her love?" What

she said was true.

She really liked this dress. Of course, it was true that she wanted to grab the dress that Rong Shu liked.

"Why cut love?" Chen Xingnuo took a step forward, stood beside Rong Shu, and looked at Gu Manyin coldly, "This dress is what we fancy, do you understand it first?"

"Even if it's you guys . What about what you fancy, can you afford it?" Meng Ke stood up and confronted Chen Xingnuo, not to be outdone.

"If I can't afford it, you don't have to worry about it, but I know you can't afford it." Rong Shu looked at Meng Ke indifferently.

Although the Meng family is also rich, it is obviously impossible to buy a million-dollar dress casually.

Meng Ke was also aware of her own situation, so after Rong Shu ordered clothes in public that she couldn't afford, she was angry and embarrassed, and her face turned red.

Chen Xingnuo sneered mercilessly, “Yo, seeing how arrogant you were just now, I thought you were very rich, but it turned out to be a fake.”

“You...” Meng Ke’s eyes were red with anger.

Gu Manyin patted her on the shoulder and looked at Chen Xingnuo with a smile, “Miss Chen, Xiaoke can’t afford it, but I can give it to her, what about you, Miss Rong?”

“Manyin. Meng Ke was overjoyed to see Gu Manyin helping her out.

Especially when I heard that she was going to give her a dress, I was even more moved.

“I don’t need a gift from President Rong, because I can afford it.” Chen Xingnuo took out a diamond card and shook it.

Gu Manyin recognized that it was the diamond card of the Bank of China, and there was a hint of surprise in his eyes, and then it turned into thought.

Although the diamond card is not a rare card, it is not something that ordinary people can own. The average person who owns it is also worth hundreds of millions.

This Chen Xingnuo is just Tiancheng’s finance minister, and she actually has a diamond card. What is her identity?

But no matter what your status is, you only have a diamond card, and your status is definitely not that high.

Thinking like this, Gu Manyin didn’t care anymore, and turned her eyes back to Rong Shu again, “Miss Rong, are you really not going to transfer the dress to me?”

Rong Shu looked at her indifferently, “Here With so many dresses, you insist on this one in my hand, who can’t see that you are robbing, and you are really cheeky if you just say that the robbery is a concession.”

Hearing this sarcasm, Gu Manyin’s face sank, and she quickly laughed again, “Since Miss Rong said I was robbing, so be it, but I really like that dress, so please let Miss Rong go. “

What if I say I don’t.” Rong Shu looked at her.

Chen Xingnuo also said, “That is, if we don’t give it to you, are you going to kill us?”

“Of course not, but I won’t let .” Gu Manyin replied.

The implication is that.

She wants to order this dress.

Rong Shu saw the ambition in Gu Manyin's eyes, and understood that Gu Manyin just wanted to fight against her and prevent her from getting the dress. After squinting slightly, she raised her lips, "Okay, if you want, then I'll give it to you."

"President Rong?" Chen Xingnuo looked at Rong Shu in disbelief.

Gu Manyin and Meng Ke laughed.

"Then thank you Miss Rong." Gu Manyin also looked at Rong Shu.

Rong Shu smiled, "You're welcome, I took a closer look. Although this dress looks good, the upper body effect is not very good. Not to mention the short legs and big hips, so it is not suitable for me, but it is more suitable for Miss Gu. You." When

Chen Xingnuo heard this, her eyes lit up immediately, and she clapped her hands and said, "Yes, Miss Gu, take it quickly, you are the best fit."

After that, she took the dress calmly in her hand and threw it on the On Gu Manyin.

Gu Manyin caught it with a very stiff expression on her face. It was neither lost nor lost. She could only hold the dress tightly and watched Rong Shu and Chen Xingnuo go to another row of dress racks.

"Manyin, do you still want this dress?" Meng Ke asked cautiously.

Gu Manyin bit her lip, "Of course, I finally grabbed it. If I don't want it, wouldn't I slap myself in the face?"

Although she grabbed this dress, she didn't let Rong Shu suffer, but ate it herself, so that she would not wear this dress that she liked a lot now.

If she wore it, wouldn't she become the person with short legs and big hips that Rong Shu said?

Taking a deep breath, Gu Manyin threw the dress to Meng Ke, let Meng Ke hold it, and went to choose the dress again.

While choosing, she paid attention to Rong Shu's side, and her heart was full of darkness.

Since Rong Shu made her unable to wear that dress, Rong Shu would not even think about choosing the right one.

“President Rong, how about this one?” Chen Xingnuo chose another one to give to Rong Shu.

## Chapter 187 Buy it all

Before Rong Shu could answer, Gu Manyin walked over, reached out and dragged it, “I want this too.”

Rong Shu’s red lips pursed tightly.

Chen Xingnuo was even more angry, and stared at Gu Manyin with his hands on his hips, “Did you deliberately go against us, you already grabbed one, and now you’re here again?”

Gu Manyin put her dress on her arm, “That’s right. , I did it on purpose. You said that the dress was defective in the last one, and continue to say this one. I don’t believe it anymore, every one is defective.”

“You are too...”

“Okay Xingnuo, ignore her. Rong Shu pulled Chen Xingnuo who wanted to run away, gave Gu Manyin a cool look, and walked forward.

Chen Xingnuo was a little unwilling, “Mr. Rong, let’s just forget it?”

“Of course not, you’ll find out later.” Rong Shu replied in a low voice, and then picked out one of the dresses in the front row. the most expensive.

Although Chen Xingnuo didn’t know what she was going to do, she didn’t ask anymore.

Rong Shu stood in front of the mirror with her dress in her hand, and compared the dress against her, and said softly, “Five, four, three, two...” Before

she could say it, Gu Manyin’s voice rang out. Rong Shu got up, “I want yours, too.”

The dress in Rong Shu’s hand was very beautiful. Although Rong Shu didn’t wear it, she could imagine how beautiful Rong Shu looked when she put it on.

When Rong Shu came to choose the dress, she must have participated in the charity auction for a few days. She must not let Rong Shu wear such a good-looking dress to attract Jing Ting’s attention.

"If you want, I'll give it to you." Seeing Gu Manyin approaching, Rong Shu smiled and handed over the dress.

Gu Manyin reached out and took it.

Rong Shu turned around, went to the next shelf, and continued to choose the most expensive one.

Soon, Gu Manyin took it away again.

Rong Shu pretended to be angry and stared at her for a while, as if she wanted to get angry, but in the end she held back and went to other shelves.

Gu Manyin watched Rong Shu get so angry with herself, the grievances just now were finally swept away, replaced by full of pride.

Well, choose.

No matter what she chooses, she will grab it all, so mad at Rong Shu!

Next, several more dresses were snatched by Gu Manyin. Chen Xingnuo was so angry that he was about to take it no longer, when he suddenly looked at the curvature of the corner of Rong Shu's mouth, and instantly understood something.

"Mr. Rong, you deliberately picked the most expensive one and let Gu Manyin grab it?" Chen Xingnuo whispered to Rong Shu's ear.

Rong Shu nodded, "That's right, she doesn't want me to buy a suitable dress, so as long as I like it, she will grab it. If that's the case, then why don't I just choose the most expensive one and let her bleed? "

High, really high!" Chen Xingnuo gave Rong Shu a thumbs up.

Rong Shu smiled, "It's more than that, Gu Manyin must have also participated in the charity auction when she came to choose the dress at this time. I should have told you that the purpose of the charity auction is to protect wild animals.

" Yes." Chen Xingnuo nodded.

Rong Shu squinted, "Then what do you think of wearing accessories with wild animal fur at such a charity auction?"

Chen Xingnuo smiled, "I understand what you want to do, Mr. Rong, leave it to me, I Come."

She patted her chest, then put away the smile on her face, and said angrily, "Mr. Rong, she has already robbed you of so many dresses, what can you bear, those dresses are so beautiful, if Add a fur shawl, twist a crocodile handbag, it must be beautiful, but she robbed all of them."

"Forget it, let's choose something else, you can add these accessories as well." Rong Shu patted the back of her hand, motioning her to calm down first.

Not far away, when Gu Manyin heard the conversation between the two, her eyelids drooped.

Add a fur shawl and a crocodile clutch?

She turned her head to look behind her, Meng Ke, who was holding a few dresses for her, then twisted a dress from Meng Ke's arms and looked at it, and found that it was really good.

These dresses are very fairy-like, if you add a fur shawl, it will add a mature feminine charm.

Looks like you can try it.

Chen Xingnuo, who quietly watched Gu Manyin's actions, saw the movement on Gu Manyin's face and laughed, "Mr. Rong, she's taken the bait."

"Since she's taken the bait, then we can stop. Shopping guide!" Rong Shu raised her hand and shouted.

The shopping guide came over, "Hello, miss."

"Wrap these up." Rong Shu pointed to the row of dresses on the right.

The shopping guide was stunned, and it took a while for her to recover, "It's all...all wrapped up?"

"That's right, the lady settled the bill, she bought it!" Rong Shu pursed her lips towards Gu Manyin who was not far away.

Gu Manyin heard it, and then looked at the row of at least a dozen dresses, her face changed, "Rong Shu, when did I say I want to buy it?"

"You didn't say it, but these are what we see, Mr. Rong. Go on, don't you like to grab what President Rong likes from us the most, since that's the case, then these are naturally yours, so go to the checkout." Chen Xingnuo took Rong Shu's arm and laughed sarcastically.

Rong Shu also smiled.

Only then did Gu Manyin react, and she trembled with anger, "You guys are playing with me? You want me to buy these on purpose?"

"When did we play with you? You obviously jumped into our trap yourself. If you don't rob them, these We also won't let you buy it, but if you want to grab it, it's embarrassing, then we'll let you grab enough."

Chen Xingnuo spread out his hands and said, "So the big money, go to the checkout, don't talk about that. Don't, or we will look down on you, and as the future president's wife of the Fu Group, you won't care about such a small amount of money, right?"

Xiao Qian?

Are these petty bucks?

Gu Manyin's body trembled even more.

Nearly twenty sets of haute couture dresses add up to tens of millions!

If she dares to spend so much money on a dress, Dad will definitely be angry.

"Okay Xingnuo, Miss Gu will buy it, otherwise you'll be slapped in the face, right Miss Gu." Rong Shu smiled and looked at Gu Manyin.

Gu Manyin could not wait to tear her face off.

"Yes, of course I will buy it!" Gu Manyin clenched her fists tightly and said with a forced smile.

She grabbed the dress just now, and all the shopping guides in the store saw it.

If she doesn't buy it, other ladies in the circle come here to choose dresses, and these shopping guides will definitely tell those girls about it. At that time, it will only be her who will be embarrassed.

All, she had to buy it if she didn't.

Thinking, Gu Manyin took a deep breath, tried her best to suppress the anger in her heart, and looked at Rong Shu, "I wrote it down."

Rong Shu smiled, "Xingnuo, let's go."

"Okay." Chen Xingnuo responded.

After the two left, Gu Manyin looked at the pair of dresses and wanted to throw them all on the ground.

But she was reluctant, tens of millions.

“Checkout!” Gu Manyin took out the black card Fu Jingting gave him, gritted his teeth and handed it to the shopping guide.

The shopping guide took it with bright eyes, resisted the ecstasy and excitement in his heart, pushed the pile of dresses away and packed them up.

I posted it, the lady is really a good person, she helped her earn so much commission, and now I have the full price of buying a house.

After get off work, she must go to the temple to pray for the lady.

Looking at the angry Gu Manyin, Meng Ke asked concernedly, “Manyin, are you okay?”

Gu Manyin squeezed the corner of her mouth, “It’s okay.”

How could it be okay, she hated it.

Meng Ke also did not remind her, causing her to be tricked by Rong Shu.

Soon, the shopping guide finished swiping the card and returned the black card to Gu Manyin.

Gu Manyin left the address and asked the shopping guide to send someone to deliver the dresses to Gu’s house, then left angrily.

At the same time, Fu Jingting, Fu Group, was processing documents when the phone next to him suddenly rang.

He took a look at it, and it was a deduction message.

After Fu Jingting clicked it, he frowned when he saw that he had deducted tens of millions for Gu Manyin’s secondary card.

Chapter 188 Photo of Rong Shu

He didn’t feel bad about the money, but worried that Man Yin had been deceived.

“Zhang Cheng.” Fu Jingting called Assistant Zhang in.

After Assistant Zhang came in, he stood in front of his desk, “Mr. Fu, what are your orders?”

“Check where Manyin went and what he bought today.” Fu Jingting rubbed his temples.

“Yes.” Assistant Zhang responded and went out.

But soon, he came back with the results of the investigation, “Mr. Fu, Miss Gu went to the mall and bought more than twenty dresses.”

“What? Twenty dresses?” Fu Jingting’s eyes twitched.

He knew that Manyin was going to buy a dress today, but why did he buy so much?

“Yes, it’s just twenty sets.” Assistant Zhang pushed back his glasses.

He was also surprised when he heard the report from the people below.

Fu Jingting pursed his lips, “Did you find out why she bought so many?” “Yes.” Assistant Zhang lowered his head, “Miss Gu was tricked

by Miss Rong.”

What’s going on?”

“According to the investigation, when Miss Gu went to buy a dress, Miss Rong was there, and Miss Rong had already chosen a set, so Miss Gu grabbed that dress, and then no matter what Miss Rong chose, she would grab it. I’m gone, but I don’t know that Miss Rong deliberately asked her to grab it, so how did these twenty sets of dresses come from.” Assistant Zhang replied.

Miss Gu is really embarrassed to lose face this time. It’s impossible to bully others, and she will be calculated instead.

So if you don’t have a good mind, don’t do it.

However, Assistant Zhang can only complain about these words in his heart, and he would never dare to say it.

Fu Jingtingjun’s face was black and ugly, and his whole body exuded an icy aura.

He didn’t know whether it was Manyin who grabbed the dress, or Manyin’s second personality.

But no matter who they are, their behaviors are very low-level and stupid, and their narrow-mindedness is exposed in public.

“Did Rong Shu finally buy a dress?” Fu Jingting’s thin lips parted lightly.

Assistant Zhang shook his head, "No, Miss Rong left Wanica, I don't know if she will go to another dress shop."

Fu Jingting hummed and said he knew, "Let the manager of the mall pay attention, if Rong Shu goes to other dress shops. Shop, what kind of dress you fancy, don't take her money, the bill is directly in my name."

"Yes." Zhang Assistant nodded, and turned to go out to do it.

Fu Jingting stopped him again, "Wait a minute."

"Do you have any other orders from President Fu?" Assistant Zhang asked back.

Fu Jingting rubbed his eyebrows, "Don't let Rong Shu realize that I gave her a waiver."

"I see." Assistant Zhang nodded.

In the shopping mall, after Rong Shu and Chen Xingnuo left Wanica, they visited several other dress shops, but none of them found a suitable dress.

At this time, the two were standing in the mall, in front of the last dress shop.

Chen Xingnuo bent over and beat his calf, "Mr. Rong, what if we can't choose this one again?"

Rong Shu was also a little tired, and she panted slightly and replied, "Don't worry, I will definitely be able to choose, the big deal will come soon. Just a moment."

"That's the only way." Chen Xingnuo nodded and went in with her.

The popularity of this dress, although not as loud as Wanika, is the oldest haute couture brand.

The dresses inside are also basically biased towards retro designs.

Such a design, few young people can wear it, so it is basically not liked by young people.

However, Rong Shu tried one, but it was very suitable.

Chen Xingnuo's eyes lit up, "Mr. Rong, this is not bad."

Rong Shu looked at herself in the mirror and nodded with satisfaction, "Yes." The

shopping guide also nodded and praised, "Miss, can I take two pictures? After this dress came to our store, there has been no one there. I bought it, because I couldn't wear it, but you did, so I want to take a picture and send it to the designer."

"Yes." Rong Shu couldn't refuse seeing what she was expecting, she smiled. Agreed.

The shopping guide was very happy, "Thank you, Miss."

"You're welcome, do I want to pose?" Rong Shu asked.

The shopping guide hummed twice.

Rong Shu held up the skirt and put on a good-looking pose, "Let's take a picture." The shopping guide hurriedly took out his mobile phone and snapped two photos.

Chen Xingnuo leaned over and took a look, "It's so beautiful, you should come and have a look, Mr. Rong."

"Okay." Rong Shu came over, looked at the photos on her phone, and smiled slightly, "It's really good, send it to me. One."

"Okay." The shopping guide responded.

Rong Shu unlocked the phone and handed it to her.

The shopping guide passed on a copy of the past.

After Rong Shu saved it, she put away her phone, "Just this dress, wrap it up for me."

"Yes." The shopping guide replied with a smile.

Afterwards, Rong Shu went back to the locker room and changed the dress on her body.

After the shopping guide took it, I went to the cashier to pack it.

Rong Shu and Chen Xingnuo also walked over, and when the dresses were wrapped, Rong Shu handed over a card.

The shopping guide pushed it back to her, "Miss, we gave you this dress in our store."

"What? It was given to us?" Chen Xingnuo exclaimed.

Rong Shu was also very surprised, "Why?"

“I just sent the photo of you wearing the dress to the designer. After the designer saw it, he said that only you can wear the feeling she wants, so the designer made the decision and gave you the dress.” Shopping guide explained.

Chen Xingnuo was very envious, “It’s so good, I got a white dress.”

“Yeah, it seems that I’m quite lucky, so thank you.” Rong Shu smiled, and without thinking, reached out and took it dress.

In fact, there is no such thing as such.

There are indeed many designers who are happy to give clothes to customers because their designs are suitable for them, but I didn’t expect that such a thing would happen to her.

“You’re welcome, miss , please come to our store more in the future.” The shopping guide sent Rong Shu and Chen Xingnuo to the door of the store.

After seeing the two walking away, the shopping guide turned around and went back to the store.

“Isn’t it exposed?” At this moment, a middle-aged man came out of the back lounge.

The shopping guide handed over the phone and replied, “No.”

“Very good, the bonus will be called to you later.” The man took the phone and said.

The shopping guide bowed happily, “Thank you manager.”

“Go.” The manager waved his hand.

The shopping guide left excitedly.

The manager turned on the phone, found Rong Shu’s photo, and sent it out.

Soon, Assistant Zhang knocked on the door of Fu Jingting’s office, “Mr. Fu, the matter of the dress has been handled properly, and Miss Rong has no doubts.”

“I see.” Fu Jingting raised his chin.

Assistant Zhang handed over his mobile phone, “Also, this is Miss Rong’s photo.”

“Photo?” Fu Jingting put down the pen and took the phone.

On the screen, Rong Shu was wearing a retro suspender dress standing under the light, with a gentle smile, as if the whole person was glowing, making people unable to take their eyes off.

It was the first time that Fu Jingting saw a Rong Shu like Meicheng, and his heart jumped.

He couldn't help but stroked Rong Shu's face in the photo with his thumb, his eyes darkened, "Who took the photo?"

"It's the shopping guide in the store." Assistant Zhang replied.

Fu Jingting pursed his lower lip, "I remember, I didn't tell me to take pictures, right?"

"Yes, it was taken by the manager at his own discretion, because you asked the manager to record Miss Rong's account in your own name, So the manager misunderstood what special relationship you have with Miss Rong, if you don't like this photo, I can delete it." Assistant Zhang said.

Fu Jingting frowned, "No, send it to me, I'll delete it myself!"

Upon hearing this, Assistant Zhang's mouth twitched, and his heart rolled his eyes.

delete it yourself?

He seems to be secretly staying.

I thought so in my heart, but I dared not say it.

Assistant Zhang cleared his throat and replied, "Yes, I'll send it to you."

Fu Jingting handed over the phone.

After Assistant Zhang took it, he immediately sent it to him.

Fu Jingting saw the phone on the table ringing, his eyelids drooping slightly, "Okay, you can go out."

"Yes."

Assistant Zhang went out, and Fu Jingting was the only one left in the office.

He picked up his phone, clicked on WeChat, and saw the photo sent by Assistant Zhang.

There were two, and he had not seen the other.

Fu Jingting clicked on the photo.

In the photo, Rong Shu is still the same background, but her posture has changed.

She held the long skirt in one hand and put the other in the air, as if she was about to fly away in the next second.

Good-looking is good-looking, but he doesn't like it.

Fu Jingting clicked on the photo and wanted to delete it.

However, the finger was placed above the deletion, but it was too late to click.

In the end, he gave up.

"Jing Ting!" Suddenly, Gu Manyin's nervous voice came from the door.

Fu Jingting frowned, quickly exited WeChat, put the phone back to where it was just now, "Come in." On the

other side, Rong Shu and Chen Xingnuo bought shoes and came out of the shoe store.

Chen Xingnuo touched his stomach, "Mr. Rong, let's go have something to eat, I'm a little hungry."

Rong Shu also felt a little hungry. Looking at the time, it was almost one o'clock in the afternoon.

"Okay, let's go to the fifth floor. There are restaurants there. If I treat guests, I should thank you for coming out with me today." Rong Shu put down her wrist and smiled.

Chen Xingnuo nodded, "Then I'm welcome."

"You're welcome, let's go." Rong Shu took her arm.

The two had just walked two steps, when Chen Xingnuo suddenly stopped and pointed to a shop opposite, "Mr. Rong, isn't that Gu Manyin's mother?"

Hearing this, Rong Shu followed and looked at it, as expected. to Mrs. Gu.

She should have just finished the maintenance, and her whole face is radiant, and she doesn't look like a fifty-year-old woman at all.

"Today is really not a day to go out. I saw the annoying Gu Manyin on the front foot, and Gu Manyin's mother on the back foot. This world is really small." Chen Xingnuo sighed.

Rong Shu smiled, "Okay, after all, everyone is in the sea market, and it's normal to meet them easily."

Perhaps the eyes of the two were too obvious, and they didn't hide it at all. Madam Gu, who was opposite, noticed it and looked over.

Seeing that it was Rong Shu, Mrs. Gu frowned, with a very unhappy expression on her face.

Rong Shu was not angry, but nodded and smiled at her.

Mrs. Gu turned her head away coldly and walked towards the store in front, without responding at all. Chen Xingnuo

rolled his eyes, "Look, as long as there is a mother, there must be a daughter, no wonder Gu Manyin is such a person, he was taught by a mother."

Okay, let's go." Rong Shu retracted her gaze and said.

Chen Xingnuo hummed and walked to the escalator with her.

However, what the two of them didn't expect was that when they finished eating, they would meet Mrs. Gu again.

But this time Mrs. Gu didn't find them, and after coming out of the jewelry store, she just left.

And when he left, his face was not very good, as if he was very lost.

Rong Shu couldn't help remembering the last time she took her daughter's necklace to the jewelry store for consultation, and the people in the store behind her told Mrs. Gu about her daughter's necklace.

Because of this, Mrs. Gu suspected that Gu Manqing was still alive, and began to look for Gu Manqing.

Just now Mrs. Gu came out of the jewelry store with a disappointed face. Could it be because of Gu Manqing?

Thinking, Rong Shu narrowed her beautiful eyes, "Xingnuo, how about doing me a favor?"

"What's wrong?" Chen Xingnuo looked at her while drinking milk tea.

Rong Shu said in a low voice, "Help me go to the dt store and ask what Madam Gu is doing."

"Why are you asking this?" Chen Xingnuo looked curious and puzzled.

Rong Shu's eyes flashed, "I have something, it's very important, please help me."

"Okay, okay, hold it for me, I'll ask." Chen Xingnuo handed her the milk tea.

After Rong Shu took it, Chen Xingnuo went to the dt store.

After a few minutes, she came back.

Rong Shu returned the milk tea to her, "How is it, did you ask?"

"Yes." Chen Xingnuo took the milk tea and nodded. The person in the store said that Mrs. Gu was here to ask them if they had seen it recently, and took the A woman with a necklace came. "

"Sure enough. Rong Shu pursed her red lips.

Mrs. Gu and the others did not find Gu Manqing, so they came to the store to try their luck.

"Mr. Rong, what kind of riddle are you playing? Chen Xingnuo's heart was itching with curiosity.

Rong Shu laughed, "It's nothing, it's just that Mrs. Gu is looking for her eldest daughter. "

"The eldest daughter?" "Chen Xingnuo was surprised, "Does she have other daughters?" "

Well, there is also the eldest daughter, Gu Manqing, who is the younger sister. Rong Shu nodded and replied.

Chen Xingnuo suddenly said, "So that's the case, but why do you care so much about this, Mr. Rong?" "

Because her eldest daughter has something to do with the Rong family. Rong Shu pinched her brows, "Okay, let's not talk about that, let's go back first." "

Chen Xingnuo nodded.

Back at Repulse Bay, it was already four o'clock in the afternoon.

Rong Shu put the things she bought on the sofa, went back to the room with her cell phone, and called Cheng Huai.

Cheng Huai was surprised and happy when he saw her calling.

After all, it was very rare for her to contact him once.

"You suddenly called me, did you miss me?" Cheng Huai's dangling voice came.

Rong Shu knew his character and liked to say something fancy, so she didn't get angry when she heard it, but smiled, "Okay, be serious, I have something serious."

"Even if there is something serious, you can answer me first. Say, you miss me." Cheng Huai sighed.

Rong Shu didn't know whether to laugh or cry, "Okay, I miss you, is that alright?"

Although she knew that her sentence 'I missed you' was perfunctory, fake, and meant to make him happy.

But he was still really happy.

"It's barely enough." Cheng Huai pretended to be ready.

Rong Shu chuckled lightly.

Cheng Huai coughed twice, "Tell me, what are you looking for?"

"I saw Mrs. Gu today, and Mrs. Gu is inquiring about Gu Manqing's whereabouts, so I want to ask you, about Gu Manqing, you How's the investigation going?" Rong Shu sat by the bed and asked seriously.

Cheng Huai laughed, "Your question is quite timely, I actually found something."

"Oh?" Rong Shu's back straightened, "What is it?"

"The first one is Gu Manqingzhen. Not dead, really alive. To confirm this, I went to the file and found an old policeman who was in charge of the case at the time. The old policeman told me that what your father threw into the river was not at all. Gu Manqing is just a doll." Cheng Huai replied.

Hearing this, Rong Shu squinted, "I really guessed it right. I guessed like this before. What my father threw into the river was something else."

"That's right." Cheng Huai nod.

Rong Shu clenched her phone tightly with both hands, "What about Gu Manqing? Where is Gu Manqing now?"

"I don't know. Although your father didn't throw Gu Manqing into the river, he did kidnap Gu Manqing. Love, where was Gu Manqing sent by him, no one knows about this except your father, and neither does the old policeman." Cheng Huai spread his hands and replied helplessly.

Rong Shuxiu frowned, "Why is this happening? The clues are broken again."

"Yes, so it's not easy to find Gu Manqing." Cheng Huai scratched his hair.

Rong Shu bit her lip, "You just said the first one, that is to say, did you find the others?"

Chapter 190 Huai's nephew

"Yes, I found out that Gu Manyin is also looking for Gu Manqing." Cheng Huai replied with a hum.

Rong Shu raised her eyebrows, "What's the matter? Isn't this normal? Gu Manqing is her sister, so it's not surprising that she finds Gu Manqing."

"No no no." Cheng Huai waved his fingers, "She came to Gu Manqing, not because of her sisterly love, but to send Gu Manqing away, never to appear in the sea market or in front of Gu Yaotian and his wife."

"Why?" Rong Shu widened in surprise. Eye.

Cheng Huai pouted, "Why, selfish, the Gu family has only one child, she is the only heir of the Gu family and the Sansheng Group, but if Gu Manqing comes back, she will no longer be the only one.

"I understand, Gu Manqing threatens her status." Rong Shu raised her chin suddenly.

Cheng Huai snapped his fingers, "Bingo, that's it, and I heard that Gu Yaotian disbanded an elite team. Guess what the elite team did?"

"What?" Rong Shu tilted her head.

Cheng Huai replied, "That elite team was specially prepared by Gu Yaotian for Gu Manyin. Gu Yaotian plans to wait until the end of the year, when Gu Manyin and Jing

Ting hold a new engagement banquet, and let Gu Manyin join the strength of Sansheng Group, that elite. The team, which Gu Yaotian gave to Gu Manyin, has now been disbanded, guess what is the reason?”

Rong Shu’s eyes flickered, “Gu Yaotian doesn’t want Gu Manyin to inherit Sansheng.”

“Yes, Only this answer can explain Gu Yaotian’s behavior of disbanding the elite team. I guess, Gu Yaotian wanted to cultivate Gu Manqing. Gu Manyin knew this, so she couldn’t wait to find Gu Manqing in advance and send Gu Man away. Love.” Cheng Huai said while rubbing his chin.

Rong Shu hooked her lips mockingly, “Even if it doesn’t involve the inheritance rights of Sansheng and the Gu family, I believe Gu Manyin will do the same. Think about it, Gu Manqing was separated from Gu Yaotian and his wife at such a young age. , Gu Yaotian and his wife will definitely pay more attention to make up for Gu Manqing, and may even ignore Gu Manyin because of this, do you think Gu Manyin can stand it?”

“That’s what you said.” Cheng Huai nodded, and then a glint of light flashed in his eyes, “Rong Shu, I suddenly have a good idea.”

“What good idea?” Rong Shu became interested.

Cheng Huai coughed lightly, “It’s hard to talk on the phone, let’s come out and talk.”

Rong Shu looked at her watch, it was almost six o’clock, it was dark outside, and she was about to refuse.

Cheng Huai on the other end of the phone seemed to have guessed it, and she spoke first, “I’m going abroad tomorrow, and I don’t have time, so I have to talk about it today, and I can’t delay what I want to talk about with you. If it’s too long, it’s meaningless.”

Hearing this, Rong Shu bit her lower lip, but finally agreed, “Okay, where to talk?”

Cheng Huai heard her agreement, and clenched her fist excitedly, Still keeping calm, “How about the first playground?”

It should be good to go there for a date.

I heard that girls like to go to that kind of place.

“Playground?” Rong Shu’s mouth twitched, “Let’s talk, just find a coffee shop or something, why go to that kind of place?”

Cheng Huai’s eyes were filled with a guilty conscience, “It’s mainly my hall. Brother and sister-in-law went on a business trip and left their son to me. The child was clamoring to go to the amusement park, so Rong Shu, please help, please, please.”

Rong Shu listened to his pitiful plea. , rubbed his eyebrows, “Okay, then let’s go.”

Cheng Huai’s face suddenly showed a triumphant smile, “Okay, then I’ll come pick you up.”

“No, I’ll drive over by myself to hurry up and have fun. Let’s meet at the gate.” Rong Shu smiled.

Cheng Huai hummed twice and ended the call.

He put down his phone, quickly went downstairs to the living room, picked up his little nephew who was playing a puzzle on the sofa, and gave him a hard kiss, “Doudou, let’s go, uncle will take you to the playground.”

Little Doudou wiped his face in disgust, “I won’t go, what fun is there in the playground, it’s better to play jigsaw puzzles at home.”

Hearing this, Cheng Huai, who used to be so satisfied with Doudou’s peace of mind, this time How much I hate this peace of mind.

He hugged the little guy and walked out, “No, you have to go. For the sake of your uncle and my life, you should sacrifice for your uncle.”

“...No!” Doudou cried out in wailing.

Rong Shu didn’t know that Cheng Huai went out to talk with her, but in fact it was for other purposes.

After she hung up the phone, she drove to the amusement park.

It was almost eight o’clock when we arrived at the amusement park.

Rong Shu parked the car, and as soon as she unfastened her seat belt, she heard a knock on the car window.

She shook it down, a cute little face appeared in front of her, and she called out to her sweetly, “Auntie.”

Rong Shu was stunned by the child’s aunt’s shout, and then touched the child’s face, She laughed, “Little guy, you’ve got the wrong person, I’m not your aunt.”

“I’m not mistaken, you’re my aunt.” The little boy took her hand and said.

Rong Shu blinked, but did not pull out his hand, letting the little guy pull it.

The main reason is that the little guy is so good-looking and fat, she likes it just by looking at it.

And the little guy's hands are also soft, pulling her like a sponge, very comfortable, and she is a little reluctant to take her hands away.

It turns out that human cubs are so cute.

Could it be that the child in her belly would be as cute as this little guy?

Rong Shu touched her stomach with the other hand and couldn't help thinking.

But soon, she took her hand away again, and her eyes returned to calm.

No, can't think any more.

Otherwise, it will shake the idea of ???destroying this child.

Closing her eyes, Rong Shu took a deep breath and turned her gaze back to the little guy's face, "Little boy, where is your adult?"

"Here." Suddenly, a tall figure appeared behind the little guy, squatted down, Facing Rong Shu's white teeth smiling.

Rong Shu was slightly surprised, "Cheng Huai?"

"Uncle." The little guy let go of her hand, raised his head and shouted to Cheng Huai behind him.

Rong Shu heard it and immediately understood everything, "So the kid is your nephew."

"That's right, cute?" Cheng Huai picked up the little guy, "His name is Doudou."

"Very cute." Rong Shu nodded.

Doudou hugged Cheng Huai's neck, "Auntie is also very beautiful."

Rong Shu squinted at Cheng Huai, "You asked her to call?"

"No, he called it himself, because I asked you out, he thought You are my girlfriend, I corrected him, who knows if he doesn't change his words, I can't help it, don't mind." Cheng Huai said embarrassedly.

Doudou snorted in his heart.

What is it that he shouted by himself, obviously this bad uncle made him shout like that.

If it weren't for that limited edition set of Transformers, he wouldn't take the blame.

"I don't mind." Rong Shu shook her head, then opened the door and got out of the car, smiling softly at Doudou, "Doudou, I'm not your uncle's girlfriend, so you can't call me auntie, you should call me auntie "

No, I'm going to call your aunt, hug!" Doudou loosened Cheng Huai's neck and reached out to her for a hug.

Rong Shu was a little dumbfounded, grabbed the little guy's armpit, and hugged the little guy over.

Forget it, auntie is auntie.

Even if a child shouts a few times, there will be no less meat.

"Rong Shu, you should put him down, you are still pregnant with a child." Cheng Huai said looking at Rong Shu's belly.

Rong Shu kissed Doudou's face, "It's okay, Doudou is not heavy, and I like him very much."

Not far away, Fu Jingting pursed his thin lips when he saw this scene.
