Chapter 201 Couple Watch

The doctor stopped for a moment, raised his head, looked at Rong Shu, and then looked at Fu Jingting with a cold expression, feeling inexplicable.

He is not strong, how can it hurt.

And this gentleman's expression doesn't seem to be in pain.

Shaking his head, the doctor didn't think much about it. He felt that his wife cared about her husband, so he let him take it easy.

Forget it, take it easy.

The doctor sighed and continued the massage.

After massaging for a while, the doctor opened the medicine box and started looking for medicine to bandage Fu Jingting.

Rong Shu patted Doudou's back, then stood up, "Doctor, how are his feet, are his bones okay?"

While disinfecting Fu Jingting's feet, the doctor replied, "Don't worry ma'am, your husband's feet are not big. No problem, the bones are fine, but the subcutaneous ligaments and tendons are strained, and it will be fine after ten days and a half."

Hearing this, Rong Shu breathed a sigh of relief and nodded with a smile, "That's good."

He is nothing serious. The guilt in her heart naturally dissipated a lot.

Although he saved her by himself at the time, he still saved her in the end. If something happened to his feet, she would feel sorry for her.

Fu Jingting looked at Rong Shu who was smiling, his eyes darkened.

Is she happy for him?

As if feeling the man's gaze, Rong Shu turned her head and looked over, "What's wrong?"

"Nothing." Fu Jingting's eyes flashed and he replied in a low voice.

Rong Shu shrugged and looked away.

A few minutes later, the doctor stood up and said, "This gentleman's feet have been bandaged. Don't touch the water for 24 hours. After a day, you can go to any hospital to change the dressing."

"Okay, thank you doctor." Rong Shu nodded.

The manager sent the doctor out.

After returning, the manager held a large Gundam toy and a box, looked at Rong Shu and Fu Jingting apologetically, "Mr. and Mrs., I'm really sorry this time, it was our restaurant's negligence that hurt you, these are Do you think the compensation from our restaurant is acceptable?" The

manager handed Gundam and the box over.

Rong Shu didn't answer, but looked at Fu Jingting, "It's you who is hurt, you should come and see."

Fu Jingting glanced at Gundam and the box, and said in a cold voice, "It's the negligence of your restaurant, we can't make a conclusion for the time being, wait. After my assistant investigates it clearly, let's discuss how to resolve this matter." The

manager heard the words and felt a big headache.

He originally thought that he would pay more generous compensation to settle this matter. In this case, his position as manager might be preserved.

But now this gentleman said he was investigating this matter, he knew that this matter could not be solved with generous compensation, and this gentleman had an assistant, which was enough to show that this gentleman's identity was not simple.

The more difficult the identity of the character, the more difficult it is to get rid of, it seems that his position is really impossible to keep.

The manager smiled bitterly.

About ten minutes later, Assistant Zhang came back.

Fu Jingting raised his eyes, "How was the investigation?"

Rong Shu also looked at Assistant Zhang.

Even the manager straightened his back, wanting to know the results of the investigation.

Assistant Zhang replied earnestly, "Mr. Fu, I checked, and this incident was indeed an accident. The waiter who installed the curtain panel lost two screws. The waiter saw that the curtain panel was missing two screws and stood up. I didn't find other screws to fix it, and I didn't report to the restaurant, so the situation just now happened."

Hearing that someone was not deliberately calculating, Fu Jingting's brows stretched a lot.

Rong Shu pursed her red lips, and her face was full of anger, "This waiter is too much. In order to save trouble, he actually created such a big hidden danger. He didn't say anything afterward. Fortunately, the waiter was under the curtain at that time. It's us, what if it's a child?"

Children are not like adults, who can escape in time.

Even if the child reacts in time and wants to escape, but his physical condition cannot keep up, he will be hit by the curtain, and if he hits, he will most likely die on the spot.

Thinking of such a situation, Rong Shu was a little scared.

Fu Jingting obviously thought of this too, his face gloomy, "Where's the waiter?"

"The waiter has been controlled by me, and he's in the back kitchen." Assistant Zhang replied.

Fu Jingting looked at the manager, "Although it's not your fault this time, as the manager of this restaurant, you are also jointly and severally responsible."

"Yes, yes, that's for sure." The manager nodded.

Fu Jingting said again, "That waiter was fired immediately and notified the industry to ban him. If anyone dares to hire him, he will be in trouble with Fu Shi.

"He was completely stunned.

The assistant just now called this gentleman Mr. Fu.

The gentleman said Fu Shi again, could this gentleman be...

Just when the manager guessed Fu Jingting's identity, Fu Jingting's eyes fell on him again, "As for you, deduct three months' salary, and rectify the person who accepts it in the future, if something goes wrong again, the end will be the same as that waiter."

"Understood!" The manager responded with a stiff back.

Sure enough, he guessed right, this is the boss of the Fu Group.

Also the immediate boss of his immediate boss, the biggest boss.

Unexpectedly, the person he casually invited was actually his big boss, and he also injured the big boss, so he had no luck.

The manager laughed at himself.

Fortunately, the big boss only deducted his salary for three months, and he didn't fire him or demote him.

After the manager thought about it, he didn't panic, and then raised the Gundam and the box in his hand again, "Mr. Fu, then this..."

"Doudou." Fu Jingting looked at Doudou next to Rong Shu.

"Uncle Fu called you." Rong Shu pushed Doudou to Fu Jingting .

Fu Jingting said, "Go, you like Gundam."

"I don't want it anymore." Doudou lowered his head and said weakly.

Rong Shu looked at him, "Why?"

"It was because I wanted to go to Gundam that I hurt Uncle Fu, I..."

"Okay Doudou, don't think like that, it's not your fault, just be obedient and go. Holding Gundam, you can't hurt Uncle Fu for nothing, right?" Rong Shu tapped the tip of Doudou's nose.

Doudou blinked and thought it made sense.

If he doesn't want it, Uncle Fu is really hurt in vain.

Thinking like this, Doudou stepped forward and took the Gundam from the manager's hand.

Fu Jingting's eyes fell on the box in the manager's hand, "What's in there?" The manager quickly opened the box and replied, "Mr. Fu, this is a pair of new couple watches from C's family."

He originally bought these watches for his daughter . son-in-law.

But in order to keep the position, I reluctantly took it out.

If he had known that the position would not be slapped, he would not have taken it out.

The manager sighed.

Couple's watch...

Fu Jingting narrowed his eyes, "For us?"

"Yes." The manager replied with a forced smile.

Fu Jingting turned to look at Rong Shu, "Do you like it?"

Rong Shu raised her eyebrows.

The manager was also very sensible and handed the box to her so that she could see it clearly.

To be honest, the watch is very beautiful, and Rong Shu really likes it.

But this is a couple's watch...

"It doesn't matter whether I like it or not, as long as Miss Gu likes it, this pair of watches is very suitable for you and Miss Gu." Rong Shu smiled lightly.

Anyway, Doudou also called Uncle Fu, and the manager probably knew that they were not a real husband and wife.

Then she doesn't need to act anymore.

Fu Jingting's face turned black, "This watch is for us, what are you talking about?"

Chapter 202 Strange Fu Jingting

"Mr. Fu is wrong. This watch is a couple's watch. We are not couples, so this watch is not for us. President Fu will take it back and share it with Miss Gu."

After speaking, Rong Shu took the box from the manager's hand. Cover it, and then stuff it into Fu Jingting's arms.

Fu Jingting's face was as cold as ice, and he subconsciously wanted to throw the box out.

But in the end, he held back and threw the box to Assistant Zhang beside him.

Assistant Zhang looked at the box in his arms, and then at Fu Jingting, who had a bad face, with a wry smile on his face.

Give him this, what will he do with it?

The manager lowered his head even more, regretting to death.

Knowing that the watch he took out would cause Mr. Fu and this young lady to have a conflict, he would not take it.

Several people did not speak, and the atmosphere was depressing and frightening.

I don't know how long it took before Fu Jingting broke the silence, "Let's go."

Assistant Zhang quickly stepped forward to help him up.

Rong Shu also reached out, trying to help him.

But then he thought of something and put his hand down.

Fu Jingting saw her movements, and the air pressure all over his body sank.

Help if you want.

What's the point of stopping in the middle?

A group of people walked out of the restaurant and came to the parking lot.

Rong Shu opened her car door and let Doudou go in.

Seeing this, Fu Jingting frowned, "Are you going to Cheng Huai's place?"

Rong Shu closed the back seat door, "No."

"That Doudou..."

"Doudou is going to live with me." Rong Shu looked at he replied.

Hearing that she didn't go to Cheng Huai's, Fu Jingting felt a lot more comfortable in his heart, but he didn't show it on his face, and nodded to show that he knew.

Rong Shu went around the front of the car and came to the driver's door, "Mr. Fu, then I'll go first."

"Be careful on the road." Fu Jingting nodded.

Rong Shu's expression was a little surprised.

He actually took the initiative to tell her to pay attention to safety.

Is this still the Fu Jingting he knew?

“What’s wrong?” Seeing the woman startled, Fu Jingting asked in a slightly soft voice.

Rong Shu shook her head, “It’s okay, President Fu also pays attention to safety.”

A smile flashed in Fu Jingting’s eyes, and he hummed.

Rong Shu gave him one last look, opened the driver’s door and got in the car, then drove away.

Fu Jingting stood in front of Maybach and watched her the whole time.

When Rong Shu was reversing the car, he saw it, and felt quite strange in his heart.

And this weirdness is not only now, but she has felt it all this time.

In the past, Fu Jingting never gave her a glance, but now, she can’t count the number of times she has seen her.

He didn’t even want to say a word to her before, but now he not only talks to her a lot, but also tells her to pay attention to safety.

What was he thinking about?

Rong Shu frowned tightly.

At this moment, Doudou in the back seat suddenly hugged the back of the driver’s seat and pressed him, “Auntie, Uncle Fu is still watching.”

“Huh?” Rong Shu squinted and looked at the left rearview mirror.

Sure enough, Fu Jingting was still standing there, staring at her.

Rong Shu pursed her red lips, what was he looking at?

Suddenly, Doudou’s words almost made her put on the wrong brake.

“Auntie, Uncle Fu likes you.” Doudou said.

Rong Shu was choked on by the saliva, and after coughing several times, she managed to recover, and she said incredulously, “Little guy, how old are you, just say that Uncle Fu likes me, but your Uncle Fu doesn’t like me, he has someone he likes. “

But I can see that Uncle Fu really likes Auntie. He looks at Auntie the same way my dad looks at Mommy.” Doudou blinked and replied.

“You can still see a person’s eyes? It’s amazing, Doudou.” Rong Shu smiled, but did not take his words to heart, he just thought it was a kid joking.

After all, a child can understand what eyes look like.

Besides, Fu Jingting likes her?

International jokes are not so funny.

Seeing that Rong Shu didn’t believe her, Doudou pouted and hummed, emphasizing, “Auntie, what I said is true.”

“Okay, what Doudou said is true.” Rong Shu nodded in agreement.

Seeing that Doudou still didn’t believe her, she perfunctory herself, with a puffy face.

But soon, like a deflated balloon again, he shook his head and sighed, “Auntie doesn’t believe it.”

Rong Shu looked at Doudou, who was downcast and like a little old man through the rearview mirror, and only thought it was very funny. .

This kid is so fun.

...

The next day, as soon as Rong Shu woke up, she received a call from Cheng Huai, “Rong Shu, morning.”

Rong Shu breathed, “Morning.”

Listening to her soft, sleepy voice, Cheng Huai only felt itchy in his heart, and a dry heat surged up.

He lifted Erlang’s legs subconsciously, and coughed against his lips, “Did it wake you up?”

“No.” Rong Shu stretched and replied a little soberly.

Cheng Huai exhaled slightly, “That’s good.”

“Did you call me so early to pick up Doudou?” Rong Shu lifted the quilt and got out of bed, opened the door and went out.

Cheng Huai leaned against the car door and said with a smile, “You really know me, I’m already downstairs, where’s Doudou?”

Rong Shu opened the door of the second bedroom, and Doudou was lying on the bed with her limbs wide open, sleeping soundly. Very sweet.

She couldn't help laughing, and replied in a low voice, "Doudou hasn't woken up yet."

"This kid." Cheng Huai also laughed.

Rong Shu closed the door gently, "Why don't you come up first."

Cheng Huai waited for her to say this, and the smile on his face became brighter, "Okay, I'll come up here and open the door for me."

Rong Shu a sound.

Soon, the doorbell rang.

Rong Shu changed her clothes and walked out of the bedroom, and went to the entrance to open the door.

The door opened, and Cheng Huai stood outside the door, smiling with white teeth, "Breakfast."

He held up a large paper bag with the words "Royal Breakfast" printed on it.

Rong Shu took it with a smile, "You also brought breakfast."

"Yeah, I'll be considerate." Cheng Xi rubbed his hands and looked at her with bright eyes.

In Rong Shu's eyes, he looked like a golden retriever begging for compliments.

She even felt that she saw the tail wagging behind him, and couldn't help but chuckle, "Well, it's very considerate, come in quickly."

Rong Shu turned to let the door out.

"Then I'll disturb you." After Cheng Huai finished speaking, he immediately entered the door, acting so fast that he felt impatient.

"Your apartment is nice." Cheng Huai stood in the living room and looked around.

Rong Shu put breakfast on the table, "My dad gave me a coming-of-age gift, all right, you can sit down first, I'll wash up, if you want to see Doudou, go directly into that room, Doudou is in it."

She pointed to the next bed.

Cheng Huai waved his hand, "I see, you can go, I'll see Doudou."

He opened the door and entered the second bedroom.

Rong Shu smiled and went to the bathroom.

After she finished washing up, put on her makeup and came out of the bathroom, Cheng Huai was already sitting at the dining table with Doudou in her arms.

"Good morning, Auntie." Doudou waved her short hand and greeted Rong Shu sweetly.

Rong Shu's heart melted, she walked over and kissed his fleshy little face, "Good morning, Doudou."

Cheng Huai's eyes widened when he saw this scene.

Good guy, he has never gotten a sweet kiss from his sweetheart.

This kid actually took the lead.

Seemingly feeling Cheng Huai's resentment, Doudou turned to look at him, and then suddenly smiled at him.

Cheng Huai's fist was itchy.

This kid is actually showing off to him?

"Doudou, your skin is itchy, right?" Cheng Huai stretched out his hand and twisted Doudou's face.

Doudou hurriedly asked Rong Shu for help, "Auntie, uncle pinch me."

Rong Shu was setting breakfast. After hearing this, she immediately put down her chopsticks and looked over.

Seeing Cheng Huai's actions, he akimbo shouted, "Cheng Huai, what are you doing?"

Chapter 203 Skin Care Products

"Auntie, uncle bullied me." Before Cheng Huai could answer, Doudou hugged Rong Shu's waist and hurriedly complained.

Rong Shu squinted and stared at Cheng Huai.

Cheng Huai hurriedly raised his hands, “No, no, how could I bully a child, I’m just playing with him.”

“Doudou’s face turned red, and he said he was playing.” Rong Shu felt distressed. Touching Doudou’s flushed face, “Why are you like Fu Jingting.”

Hearing her name, Cheng Huai’s eyes flashed with a dark light, “Jingting? What’s wrong with him?”

“He rubbed Doudou last night too. , and rubbed Doudou’s face red, you men really have no sense of what to do.” Rong Shu rolled his eyes at him and said.

Cheng Huai frowned, “He rubbed Doudou’s face? After I left last night, did you meet Jing Ting again?”

Rong Shu handed Doudou a small spoon, then pulled out the chair and sat down, “Yes, Doudou Dou was hungry, so I took him to eat. I met Fu Jingting in the restaurant. After that, Dou had to go to the toilet again. I couldn’t go to the men’s bathroom, so I asked him to take Dou.”

“That’s it.” Cheng Huai Nod.

Doudou took a mouthful of porridge, and suddenly said, “Uncle Fu is still injured.”

“Injured?” Cheng Huai looked at Rong Shu in surprise, “What’s going on?”

Rong Shu rubbed his eyebrows, remembering what happened last night Say it.

After hearing this, Cheng Huai wiped his face, “You guys are too unlucky, you have encountered such a danger with a probability of less than one in a thousand.”

“Yeah,” Rong Shu smiled bitterly.

She also felt unlucky.

“But it’s fine if you’re not injured.” Cheng Huai looked at her and smiled at her.

Rong Shu twitched the corners of her mouth, “Fu Jingting took it for me, I’m still thinking, how can I thank him.”

She didn’t want to go to the door to thank him in person, but it would be heard by the crazy woman Gu Manyin, and she might cause trouble again.

Seeing Rong Shu's thoughts, Cheng Huai took a bite of the crystal bag and said disapprovingly, "What's the matter? You didn't ask him to save him on your own initiative, so just buy some skin care products and have them send them over."

"Skin care products "

"That's right, isn't he injured in his foot? It's best to send skin care products." Cheng Huai nodded and said.

Rong Shu thought it made sense, took a sip of milk and replied, "Okay, I'll let someone arrange it later."

After breakfast, the three of them went out.

When they got downstairs, Cheng Huai stood in front of the car holding Doudou's hand and looked at Rong Shu, "Doudou bothered you last night."

"No." Rong Shu stepped forward, touched Doudou, and said with a smile "And I like Doudou very much."

"I also like Auntie, can I come to see Auntie often in the future?" Doudou blinked expectantly.

"Of course." Rong Shu nodded.

Cheng Huai rolled his eyes, looked at Doudou and said with a smile, "Don't worry, as long as your uncle is free, I can send you here."

Doudou rolled his eyes.

Don't think he didn't know that this bad uncle didn't want to send him here at all, but wanted to come and see his aunt.

Forget it, for the sake of his uncle to take down his aunt earlier, he won't expose it.

"By the way, you are going to the hospital for surgery today, right?" Cheng Huai looked at Rong Shu's stomach.

Rong Shu's smile faded a lot, suppressed the unbearable feeling in her heart, and said, "Yes, I will go in the afternoon."

"Then I will go to the hospital to accompany you, don't refuse, although there is Lu Qi, but there is one more person, If you are busy with something, you are not afraid that you will not be able to leave." Cheng Huai said.

Seeing his insistence, Rong Shu couldn't help laughing and crying, "Then go if you want."

"Then it's settled, alright, I'll take Doudou back first, see you in the afternoon." Cheng Huai waved to her.

Doudou also raised his little hand and waved, "Goodbye auntie."

"Goodbye Doudou." Rong Shu responded with a smile.

Soon, the uncle and nephew drove away.

Rong Shu didn't stay in place for much longer. After checking the time, he drove to Tiancheng.

"Mr. Rong, this is today's arrangement." When she arrived in Tiancheng, Secretary Tong followed behind her and reported today's itinerary.

Rong Shu took the itinerary and looked at it while walking.

After reading it, she handed it back to Secretary Tong, "The arrangements for the afternoon are not important, they are all cancelled, I will go to the hospital, and all the schedules in the next few days will be arranged for me."

After the operation, she will definitely stay for a few days. Heavenly.

So for the next few days' itinerary, she will also do some screening to cross out all the unimportant ones.

"Yes." Secretary Tong nodded.

Rong Shu pushed open the door of the office, "Also, you can buy some better skin care products, especially those for foot injuries, and send them to Mr. Fu of the Fu Group and take my private account.

"Mr. Fu?" Secretary Tong looked surprised.

Mr. Rong suddenly gave Mr. Fu something. Wouldn't he want to remarry Mr. Fu?

Seeing Tong Xi's expression, Rong Shu knew that she was thinking too much, lowered her eyelids and replied, "He is injured, and as our biggest partner of Tiancheng and the main person in charge of new energy cooperation, he is reasonable and reasonable. , we can't help expressing it."

"So it is." Secretary Tong nodded suddenly, dispelling the guess in his heart.

Seeing this, Rong Shu breathed a sigh of relief in her heart, but her face did not change, she waved her hand, "Go."

"Yes, I'll go." Tong Xi nodded, then turned and left.

Rong Shu looked at Tong Xi's back, her eyes flashing.

The reason why she didn't explicitly say why Fu Jingting was injured was because she was afraid that Secretary Tong would think more.

After all, the ex-husband and ex-wife appeared together at the playground, and it was still late at night. Even if she explained that she met by chance, Secretary Tong believed in her mouth, but not necessarily in her heart, so it was better not to say it.

After thinking about it, Rong Shu pulled out the chair and sat down, and started to work.

...

the Fu Group.

The news of Fu Jingting's injury was not concealed, and soon spread throughout the entire office building.

After all, he came to the group in a wheelchair, and many people were watching, and they couldn't hide it if they wanted to.

As a result, other companies have heard about it, either calling to offer condolences or sending some health care products.

Assistant Zhang was stopped by the front desk after sending the customer in from the outside.

"What's wrong?" Assistant Zhang walked over.

The front desk pointed to a pile of delicately packaged and expensive skin care products on the open space next to them, "Team Zhang, another company's boss has sent something over."

Assistant Zhang looked at the pile of skin care products and had a headache, "No Did you post on the official website that you don't want to send things, why is it here again, the batch of skin care products just now haven't been processed yet."

"Maybe I didn't see the news on the Internet." The front desk shrugged and replied.

Assistant Zhang pushed his glasses, "Okay, which company's boss gave this?"

“Tiansheng Group.” The front desk replied.

Assistant Zhang looked startled, “Tiancheng Group?”

“Yes.” The front desk nodded.

Assistant Zhang stood up straight and his expression became serious, “I see, give me the gift list, and I’ll send these things up.”

“Yes.” This front desk is new and doesn’t know what Tiancheng Group means. But seeing that he was so serious, he didn’t dare to delay, and handed him the gift list.

After Assistant Zhang took it, he glanced at it, put it in his pocket, and then picked up the pile of skin care products and walked towards the elevator.

Soon, the president’s office arrived.

Assistant Zhang knocked on the door and went in.

Fu Jingting raised his head and saw the pile of gift boxes in his hand, his brows suddenly turned into Sichuan characters, and his face was full of displeasure, “I didn’t say, don’t bring these things up, send them directly to the finance department and let them convert them into equals. Are you going to send them back the amount?”

“It’s different.” Assistant Zhang replied with the reflection of his glasses.

Fu Jingting squinted suspiciously, “What’s the difference?”

“This is from Miss Rong.” Assistant Zhang replied while secretly watching his expression.

Seeing the displeasure on his face turned into a slight surprise, Assistant Zhang snickered in his heart.

Chapter 204 For Rong Shu

Look, this is the difference.

Hearing that it was sent by Miss Rong, I lost my breath.

“Rong Shu gave it?” Fu Jingting clenched the pen in his hand, with a trace of joy in his eyes.

When Assistant Zhang saw it, he hurriedly handed over the pile of gift boxes in his hand and pretended to ask, “Mr. Fu, do you want these? If you don’t want them, I’ll send them to the finance department.”

He didn't believe that President Fu agreed.

"Put it aside." Fu Jingting raised his chin and said lightly.

Sure enough, Assistant Zhang nodded with a smile, "Yes."

As he guessed, President Fu would stay.

And Mr. Fu couldn't be more happy in his heart, and he pretended to be calm, so why bother.

After putting down the skin care products, Assistant Zhang was ready to go out.

At this moment, the mobile phone in his pocket rang.

Assistant Zhang took a look and saw that it was from the front desk, "Mr. Fu, I'll take a call."

Fu Jingting hummed, but his eyes fell on the pile of skin care products, his eyes were quite gentle.

Assistant Zhang sighed.

He thought, if he wasn't here, Mr. Fu would definitely check it out.

However, Assistant Zhang didn't read much and answered the phone.

Two minutes later, he put down the phone, "Mr. Fu, Miss Gu is here."

Fu Jingting frowned, "Why is she here?"

"I don't know, but it should be because of your injury." Assistant Zhang's eyes fell on him on a wheelchair.

Fu Jingting rubbed his brows, "Let her come up."

"Yes." Assistant Zhang put the phone to his ear again and communicated to the other end of the phone.

Not long after, Gu Manyin came up.

"Jing Ting, I heard that your foot was injured, what's the matter?" she asked quickly as soon as she came in.

Fu Jingting took a sip of the coffee, "It's just an accident."

“Really?” Gu Manyin looked at his feet with worry written on his face, “What happened?”

Fu Jingting put down the coffee He replied, “Sprain, it’s not a big problem, don’t worry.”

“How can I not worry, my soul almost flew away when I heard that you were injured, no, I have to see how you are injured.” With that said, Gu Manyin squatted down and was about to lift Fu Jingting’s trousers to check his injury.

Seeing this, Fu Jingting frowned tightly and pushed her away.

Gu Manyin was accidentally pushed by him, and she sat on the ground and stared blankly at him.

He actually pushed her!

“Jing Ting...” Gu Manyin bit her lip with a look of grievance. Fu Jingting also realized that what he had just done was a bit too much, and felt a little guilty in his heart. He stretched out

his hand and pulled her up, “Sorry Man Yin, I didn’t mean it, I just don’t like people touching me casually.”

The assistant rolled his eyes speechlessly when he heard this.

Mr. Fu, what do you mean when you don’t like being touched? Didn’t Miss Rong lift your trousers last night? You didn’t say that at the time, nor did you push Miss Rong.

Obviously, you just don’t like Miss Gu’s touch.

Of course, Assistant Zhang did not dare to say these words.

So he still acts as an invisible man by the side, just eat melons silently.

“It’s okay.” Gu Manyin twitched the corners of his mouth and forced a smile, “I was too impulsive and wanted to see your injury earlier, so I didn’t care about your feelings, Jing Ting. Don’t blame me, Jing Ting.”

Fu Jingting With a sigh, “don’t worry, I don’t blame you, I just have a minor injury, it will be fine in a few days, you don’t have to be nervous.”

Saying that, he gave Assistant Zhang a look.

Assistant Zhang also knew that he couldn’t eat melons, so he stood up with a light cough and said, “Yes, Miss Gu, the doctor also said that President Fu’s injury is not serious.”

"If that's the case, then I'm relieved." Gu Manyin patted patted his chest.

"Mr. Fu, then I'll go out first." Assistant Zhang rolled his eyes and spoke to Fu Jingting.

Fu Jingting nodded, "Go."

"Then you and Miss Gu have a slow chat." After speaking, Assistant Zhang turned around and left.

Only Gu Manyin and Fu Jingting were left in the office.

Gu Manyin turned her eyes, and suddenly saw a box on the table, with C's lo printed on the box.

"What's in here?" She picked up the box with interest.

It was too late for Fu Jingting to stop her, she had already opened the box.

"Wow, it's a new couple's watch from C's family." Gu Manyin looked at the large and small watches in the box and asked in surprise, "Jing Ting, when did you buy it? I wanted to buy this before, with you Wear it together, but I didn't grab it, I didn't expect you to buy it secretly."

As she said, she put down the box, then took out the lady's watch from the box and put it on her wrist.

Fu Jingting took it directly, "This is not for you."

The smile on Gu Manyin's face froze. Seeing him put the lady's watch in the box, his face was even more distorted.

"It's not for me, who's it for?" She clenched her palms, suppressed the anger in her heart, and tried to make her voice sound as natural as possible.

It's for Rong Shu!

This answer appeared directly in Fu Jingting's mind, which surprised him.

But soon, he thought that this watch was obtained by him and Rong Shu after going through danger together, and it was normal for Rong Shu, so there was no need to be surprised by it.

Thinking of this, Fu Jingting calmed down, lowered his eyes and said softly, "I bought it for a friend, so don't wear it. If you want, I'll buy you something else."

“So that’s how it is.” Gu Man Seeing that he was serious, the anger in his heart suddenly dissipated and he laughed.

She thought that he bought it for Rong Shu.

“But Jing Ting, you really are. Buy it for a friend, you don’t even know how to buy one for us.” Gu Manyin hugged Fu Jingting’s arm and acted unhappily.

Fu Jingting pulled out the hand that caught the trace, “I didn’t think about it.”

“Okay, I forgive you.” Gu Manyin said with a smile.

Fu Jingting closed the watch box and put it into the drawer gently.

Gu Manyin saw it, but didn’t think much about it, she just thought it was a friend’s thing, and it’s normal to be gentle and don’t break it.

On the other side, Rong Shu heard Secretary Tong say that the skin care products had been delivered, and after she said yes, she didn’t ask anymore.

Anyway, the delivery of the skin care products means that she paid Fu Jingting’s kindness last night, and she doesn’t owe him any more.

As for his other rescues, Gu Manyin wanted to hurt her. As Gu Manyin’s fiancé, shouldn’t he come out to save her?

So, she doesn’t owe him either.

“Baby.” Lu Qi’s voice came from the door of the office.

Rong Shu looked up and smiled, “Why are you here?”

“Of course it’s to accompany you for the surgery, you won’t forget?” Lu Qi put his hand down from the door panel and walked in with his foot raised.

Rong Shu leaned back in the chair, “Of course I didn’t forget, but it’s not even noon, so you came over so early.”

“It just happened that there was nothing to do, so come here early.” Lu Qi pulled out a chair and sat down, looked at her desk, “Aren’t you finished yet?”

“It’s a busy day.” Rong Shu replied, flipping through the folder.

Lu Qi was about to ask if he wanted to help, but suddenly he saw an invitation and reached out to pick it up, “Baby, you also received an invitation to the auction.”

“Yeah, didn’t I tell you?” Rong Shu looked up at him .

The corners of Lu Qi’s mouth twitched, “Of course not, you told me, I would still ask?” Rong Shu smiled, “It seems that I forgot, by the way, what are you going to donate ?”

The calligraphy and painting are also worth hundreds of thousands, how about you?” Lu Qi put down the invitation and asked back.

Rong Shu stretched her waist, “I plan to donate some jewelry or something, but my stepmother and the others took away my jewelry six years ago, and I haven’t bought it in Fu’s family for six years, so I’m the one who buys it now. I just used enough, and I don’t have much to donate, so I plan to buy another necklace to donate.”

Chapter 205 The Miserable To Want Her To Die

“There’s no need to make it so complicated, I have an idea.” Lu Qi smiled.

Rong Shu looked at him, “What’s your idea?”

“You forgot, two months ago, you gave me the blue heart and your wedding ring, and asked me to help sell it and donate it to the mountains. I haven’t sold it yet. , you just donate these two.” Lu Qi spread his hands and said.

Rong Shu’s eyes widened in surprise, “You haven’t sold it yet.”

“Yeah.” Lu Tou, “The price of Zhan Lan’s heart is too high, one reason why many people can’t afford it, and the second is that everyone knows Zhan Lan Zhi. The heart was set by Fu Jingting, if I bought it, I was afraid of offending Fu Jingting, so I never sold it, as for your wedding ring.”

He looked at her, “I originally planned to wait for the blue heart to sell before selling you. I sold my wedding ring, who knew that Azure Heart could never be sold, so I kept it until now.”

“So it is.” Rong Shu raised her chin suddenly, “Where is the ring now?”

“At my house, you Planning to donate a ring?” Lu Qi asked.

Rong Shu snorted, “You just said that the price of the blue heart is too high, even if I donate it, no one will buy it, and Fu Jingting will also attend the auction. If those people

dare to buy the blue heart, they will not buy it. It's in Fu Jingting's face, so donating the ring is good, and it's worth hundreds of thousands."

"You said it too, then I'll go back and donate the ring in your name after your surgery."
Lu Qi touched Chin back.

In the afternoon, after lunch, the two set off for the hospital.

When he arrived at the gate of the hospital, Rong Shu just got out of the car when Cheng Huai waved his hand over.

Lu Qi stared at him slightly hostilely, "Why are you here?"

"I'm here to accompany Rong Shu for surgery." Cheng Huai said with a smile as if he didn't see Lu Qi's disapproval.

Lu Qi turned his eyes away in disgust and looked at Rong Shu, "Baby, did you even tell him this?"

"He asked, so I'll say it by the way." Rong Shu smiled.

Lu Qi looked aggrieved, "Baby, let me accompany you alone."

"Ah? When did you agree?" Rong Shu looked blank.

Cheng Huai laughed, "Brother, hear me, Rong Shu doesn't even know what to say to you, so you don't mind my existence, and one more person can do more. If Rong Shu has surgery, she needs to If you get the medicine, you can leave someone to take care of him in the ward." When

he said that, Lu Qi felt that he was right.

Although he still didn't like one more person, but for Rong Shu's sake, he didn't refuse anymore.

Cheng Huai breathed a sigh of relief.

Fortunately, his acting skills were good and he didn't show his feelings for Rong Shu, otherwise he would have been forcibly driven away by Lu Qi if he found out.

After all, Lu Qi also had that kind of feeling for Rong Shu. That's why Rong Shu was kept in the dark, thinking that Lu Qi was a true girlfriend to her.

Hey, there are too many rivals in love, and it is also nerve-racking.

Cheng Huai smiled bitterly, but his eyes were extremely firm.

No matter how many rivals there are, he will never give up, and when he finally falls in love with a woman, he always has to fight for it.

“Okay, let’s go first.” Rong Shu looked at the time, it was almost two o’clock, and said to the two children.

The two men nodded in unison, “Then come in.” The three of them went into the hospital.

Not far away on the side of the road, in a black silk car, Fu Jingting looked at the backs of the three with gloomy eyes, his face was so cold that people didn’t dare to look directly.

An operation was accompanied by two men.

Rong Shu, you are really good!

Fu Jingting’s big hand on his lap was clenched tightly, and the veins on the back of his hand burst out.

Assistant Zhang in the driver’s seat saw his angry look through the rearview mirror and shook his head helplessly.

Ask him to say that Mr. Fu deserves it, that he didn’t cherish it when he was with Miss Rong, and that he was so indifferent to others that he couldn’t even look down on him as an outsider.

So people, you must learn to cherish, otherwise some people will cherish for you.

Of course, thinking so in his heart, he couldn’t say it, Assistant Zhang turned his head to look at Fu Jingting and asked in a low voice, “Mr. Fu, shall we go in too?”

Fu Jingting didn’t respond, just opened the door and got out of the car with a cane.

Assistant Zhang raised his eyebrows.

Yes, we are going in.

In the hospital, the moment Rong Shu appeared, Lin Tianchen saw her.

It was also a coincidence that he had just finished training the department and passed the hospital hall when he happened to see the three of Rong Shu.

After the three of Rong Shu left, he took out his mobile phone and called Gu Manyin.

“Tianchen, do you have anything to do with me?” Gu Manyin asked flatly on the phone.

Lin Tianchen looked at the direction where the three of Rong Shu were walking, pushed his glasses and replied, “Rong Shu has come to the hospital.”

Hearing this, Gu Manyin stopped the action of forking the fruit, straightened his back, and a look of expression appeared on his face. Excited, “Yes, I remembered, today is her surgery day.”

“That’s right.” Lin Tianchen nodded.

Gu Manyin stood up excitedly, “That’s great, Tianchen, I’m waiting for your good news.”
Lin Tianchen

was about to respond when he suddenly saw something and narrowed his eyes in surprise.

Gu Manyin was a little unhappy when she saw that he was suddenly silent.

Lin Tianchen has always regarded her as a savior, so he has always responded to her requests, and he has always responded to her words. This is the first time that he has not responded suddenly.

What does he want to do, isn’t he afraid that she will be angry?

“Tianchen, what’s wrong with you, why are you ignoring me all of a sudden?” Gu Manyin frowned and replied in a savage voice.

In front of Fu Jingting, she had to be gentle and decent, but not in front of Lin Tianchen.

So she wasn’t afraid that Lin Tianchen would know what kind of person she was, and he wouldn’t say it anyway.

Lin Tianchen felt a little unhappy when he heard the complaint in Gu Manyin’s tone, and pursed his lips.

But thinking that she was her own angel, she patiently replied, “It’s nothing, but I saw Fu Jingting.”

“Jingting?” Gu Manyin stood up from the sofa and asked loudly, “Why did he In the hospital?”

“I don’t know, but he came in a wheelchair, he should have come to change the medicine for his feet.” Lin Tianchen looked at Fu Jingting’s direction and guessed back.

Gu Manyin was about to breathe a sigh of relief.

Lin Tianchen's tone suddenly changed, "No, his assistant pushed him to the obstetrics and gynecology department."

"What?" Gu Manyin was shocked, "Going to the obstetrics and gynecology department? Did he know that Rong Shu was pregnant? Already?"

Lin Tianchen narrowed his eyes, "It's possible, otherwise there's no way to explain why he came to the hospital at this time, and went to the obstetrics and gynecology department."

"Damn, when did he know?" Gu Manyin trembled. Full of panic and fear.

Jing Ting knew that Rong Shu was pregnant with his child. Did he want to stop Rong Shu from having an abortion?

After blocking it, do you plan to tell Rong Shu that the child is his, and then remarry Rong Shu for the evil in Rong Shu's stomach?

The more she thought about it, the more frightened it became, Gu Manyin's face became more and more distorted, and the arc of her body trembling became larger and larger.

She clenched her phone tightly, and said in a resentful voice, "Tianchen, I want you to operate on Rong Shu in person right now. Before Jing Ting stops her, I want to hear the news of her death, and I want her to die in pain and tragic!"

Lin Tianchen claimed that he was not a good person, but when he heard Gu Manyin's words, he couldn't help but be shocked.

Is such a vicious person really the angel who saved him back then?

But the red mole on Gu Manyin's wrist told him that she was indeed.

Chapter 206 The operation begins

That's all, since she is his angel, even if she becomes a demon now, he will do everything she wants.

This is what he had promised her.

Thinking of this, Lin Tianchen packed up his inner shock, nodded lightly and said, "Understood, I'll make arrangements now."

After the call, he put away his phone and walked towards the obstetrics and gynecology department.

Soon, Rong Shu received a notification that the nurse could enter the operating room.

She stood up and looked at the door of the operating room in front of her, suddenly unable to move her feet.

She thought of Doudou, Doudou's well-behaved appearance and sweetly calling her, all made her feel the cuteness of the child.

And she is almost twenty-seven this year, and ordinary women have become mothers at this age.

If she had a relationship with Fu Jingting when she first got married, then her child should be the same age as Doudou now, maybe even cuter than Doudou.

If she hadn't felt what a child was like, she might have walked into this operating room without hesitation now.

But she just felt it, so she suddenly felt a little reluctant now.

Seeing Rong Shu holding her stomach, biting her lower lip, and not going in, Lu Qi walked up to her and asked, "Baby, what's the matter?"

"Yeah Rong Shu, what's wrong with you?" Cheng Huai was not to be outdone. Get up from the waiting chair next to her and stand on the other side of her.

Rong Shu took a deep breath and didn't hide it, she directly expressed her feelings at the moment, "I... I can't bear to take this child away."

Hearing this, Lu Qi and Cheng Huai looked at each other.

Lu Qi was the first to speak, "Why suddenly can't bear it anymore?"

Cheng Huai also looked at her.

Rong Shu lowered her head, "Maybe it's because I can't be ruthless."

"I can understand, it's a small life after all, but Rong Shu, now that the surgery is ready, it's too late for you to regret it, you can only get rid of this child." Cheng Huai said seriously.

He likes her, but that doesn't mean he wants her to be pregnant with someone else's child.

So he naturally wanted this child to disappear.

Lu Qi was the same, nodded in agreement, "Yeah, baby, think about what you said before, you said you don't love this child, you don't want to give birth to a man you don't know, and you don't want your child to be a father you don't know. Mom doesn't love an illegitimate child, so instead of letting this child come to the world to suffer, it's better not to give birth to him in the first place."

Rong Shu's hand on her stomach slowly tightened.

Yes, it was said right from the beginning.

How could she let this child come into the world to be looked down upon just because Doudou is cute.

Thinking, Rong Shu smiled pale, "You are right, you wake me up, I will go first."

Hearing that Rong Shu changed back to his previous thoughts, both Lu Qi and Cheng Huai breathed a sigh of relief. .

"Okay, we'll wait for you outside." Lu Qi patted Rong Shu on the shoulder.

Rong Shu squeezed the corners of her mouth, hummed, and entered the operating room.

Not long after she entered, a doctor and several nurses also entered.

Cheng Huai looked at the doctor who was wearing a green surgical gown, surgical cap and mask, wrapped tightly, and touched his chin suspiciously.

"What's wrong with you?" Lu Qi looked at him and couldn't help but ask.

Cheng Huai's eyes fell on the door of the operating room that was slowly closing, "The doctor just now looks familiar, I seem to have seen it somewhere."

Lu Qi disagreed, "Maybe it was the doctor who happened to meet when he came here.

"You're right." He really couldn't remember where he saw it, so Cheng Huai nodded, no longer thought about it, and sat back on the waiting chair.

At this time, there was the sound of a wheel screeching.

Lu Qi and Cheng Huai turned to look, and saw Assistant Zhang pushing Fu Jingting over, their expressions were different.

"Jing Ting, you're here." Cheng Huai greeted him with deep words.

Fu Jingting nodded.

Lu Qi didn't hear anything wrong, he frowned and said "Fu Jingting, what are you doing here?"

Fu Jingting glanced at him lightly, ignored him, and asked Cheng Huai, "Rong Shu went in?"

"Yeah . . . , just went in." Cheng Huai shrugged.

Fu Jingting's hand on the wheelchair held it up intentionally.

When Lu Wei talked to Cheng Huai, he ignored himself and was so angry, "Fu Jingting, what do you mean, I'm asking you."

Fu Jingting frowned, but still ignored it.

He knew very well about a person like Lu Qi, the more he responded, the more joyful he danced.

So no need to deal with it.

Sure enough, seeing Fu Jingting still ignoring him, Lu Qi seemed to have punched cotton, and was very powerless.

He simply asked Cheng Huai, "Do you know why he came here?"

"Isn't it obvious, I know about Rong Shu's surgery, so I came to see." Cheng Huai pointed to the operating room and replied.

Lu Qi squinted at Fu Jingting, "Baby doesn't care about his operation, and he is used to see, it's not his child."

Fu Jingting frowned.

Cheng Huai coughed twice.

After all, it was his child.

But Cheng Huai wouldn't say this, he laughed and said, "Rong Shu is also his ex-wife, so it's normal for him to come and see."

"It's normal, it doesn't matter anymore after the divorce, He suddenly came to see the baby, and he must have bad intentions." Lu Qi said vigilantly.

Fu Jingting still ignored him, lowered his eyelids to hide the gloom in his eyes.

Yes, it doesn't matter after the divorce. When the child in Rong Shu's womb is removed, it will be completely cut off.

This is fine, everything has returned to the original point, but in my heart, why is it uncomfortable?

Fu Jingting touched his heart, and his eyes revealed a bit of confusion.

At this time, in the operating room.

Rong Shu was lying on the operating table, and a nurse came over with anesthesia and plunged into her arm.

After a while, she felt dizzy, and her eyelids gradually became heavier.

Soon, she closed her eyes and fell asleep completely.

Lin Tianchen put on his gloves and came over, and glanced at Rong Shu on the operating table.

This was the first time he had seen her so closely.

She is good-looking, better-looking than Man Yin, and her facial features are more delicate than Man Yin.

No wonder Manyin is so jealous of her.

"How is the anesthesia?" Lin Tianchen looked back, picked up a scalpel and wiped it carefully, and asked in a cold voice.

The nurse hurriedly replied, "Looking for your instructions, only three minutes of anesthesia was given, she will wake up in about twenty minutes, and her body will recover."

Lin Tianchen hummed, indicating that he understood.

Man Yin said that to make Rong Shu's death painful and miserable, three-point anesthesia is undoubtedly the best way.

Twenty minutes later, when she woke up and her body felt restored, she would clearly feel the pain of the cold surgical tools cutting on her body.

In other words, she will die.

The nurse didn't know what Lin Tianchen was thinking, and asked in a puzzled way, "Director Lin, why are you only using three-point anesthesia, in case the patient wakes up during the operation..."

"The patient's body is allergic to anesthesia. Three-point anesthesia is the maximum she can accept. I will complete the operation as soon as possible before she wakes up." Lin Tianchen interrupted her without waiting for her to finish.

The nurse did not doubt his words. After all, he was a well-known surgical expert at home and abroad, and he was the youngest. He nodded, "So it is

." "Okay, let's start the operation." Lin Tianchen looked at the face on the operating table. Shu, said coldly.

Not only his voice was cold, but his eyes were also cold. He didn't look at Rong Shu as if he was looking at a patient, but at an animal that was about to be dissected, without the slightest emotion in his eyes.

The nurse on the side couldn't help shivering when she saw it.

Surgery begins.

The nurse lifted the green surgical cloth on Rong Shu's abdomen.

Lin Tianchen saw that Rong Shu's hand was placed on his stomach, and frowned, "What are you doing during anesthesia, why are you letting the patient's hands be placed in disorder?"

Chapter 207 Who is the real benefactor

The nurse lowered her head, "I'm sorry Director Lin, I didn't pay attention at the time."

"Okay, don't take the patient's hand down quickly." Lin Tianchen gave her an impatient look.

The nurse responded and put her hand on Rong Shu's hand, ready to take Rong Shu's hand away.

Lin Tianchen looked at it coldly.

Suddenly, he saw a red mole on Rong Shu's wrist, close to the pulse, and his face changed slightly, "Wait a minute!" The

nurse was startled, her hand froze, "Lin...Lin What's wrong, Director?"

Lin Tianchen didn't speak, he quickly put down the scalpel in his hand, snatched Rong Shu's hand from hers, and then carefully looked at the red mole.

Why does she also have a red mole on her wrist?

Lin Tianchen frowned tightly, and rubbed Rong Shu's red mole with his thumb, trying to see if it was real, or if it happened to be touched by something red.

However, no matter how he rubbed it, the red mole was still imprinted on it.

That is to say, this red mole is real, and he can still feel the slight convexity of the mole on the pulp of his fingers.

Lin Tianchen's heartbeat became messy, and he looked at Rong Shu with a complicated expression.

He suddenly discovered that Rong Shu's eyes were very similar to the little girl who rescued her back then, plus this red mole.

Therefore, it is also possible that she was the little girl who saved him back then.

But in the same way, Manyin also has red moles, and his eyes are very similar to that little girl.

So she and Manyin, who was the little girl back then?

Lin Tianchen grabbed his forehead and suddenly couldn't tell the difference.

At first, when he saw Manyin's mole and eyes, he believed that Manyin was the little girl, but now he is suddenly unsure.

Seeing Lin Tianchen holding the patient's wrist tightly, with a confused look on his face, the nurse asked in puzzlement, "Director Lin, what's wrong with you?"

"I'm fine." Lin Tianchen closed his eyes, and his eyes recovered. Indifferent, "Put all the equipment away."

"Put away the equipment?" The nurse blinked in surprise, "Isn't the surgery going to be done?"

"I won't do it for now." Lin Tianchen looked at Rong Shu.

He won't do anything to Rong Shu until he is not sure who Rong Shu and Man Yin are the little girl, and he will say everything after it is confirmed.

If the little girl was Rong Shu in the end, he wouldn't turn revenge into revenge. If it was determined that the little girl was still Man Yin, he still had many ways to attack Rong Shu.

Although the nurse didn't know why Lin Tianchen suddenly terminated the operation, but out of fear of this devil director, she didn't dare to ask more, and silently packed up the equipment.

"By the way." Lin Tianchen suddenly thought of something, and looked at the nurse with dangerous eyes, "You are not allowed to disclose what I did to the patient just now, and no one can ask, understand?"

Man Yin will definitely call after a while. Come to ask about Rong Shu's situation, Rong Shu's intactness will definitely not be able to hide from her, and she will definitely ask him why he let Rong Shu go. If he doesn't answer, she will inquire by herself.

In order not to let Man Yin know that he began to suspect the real and fake benefactors, he had to tell the nurse.

Facing Lin Tianchen's vicious eyes like a viper, the nurse couldn't help shivering and nodded again and again, "Don't worry, Director Lin, I won't say anything."

Seeing that she was afraid like this, Lin Tianchen hooked his lower lip in satisfaction. Jiao, "Okay, clean up the patient and send it to the single ward."

After speaking, he took off his gloves and left the operating room.

Outside the operating room, the three men each occupy a corner, and no one is next to the other.

But as soon as they heard the sound of the door of the operating room opening, they all gathered together.

"Doctor, how is your baby?" Lu Qi grabbed Lin Tianchen's arm and hurriedly asked, his voice full of concern.

Lin Tianchen frowned and pulled out his arm, "She's fine."

"That's great." Lu Qi breathed a sigh of relief and smiled happily.

Cheng Huai also patted his chest, relieved.

At this time, Fu Jingting, who had never spoken, suddenly narrowed his eyes and said, "Lin Tianchen, why did you operate on Rong Shu?"

Lin Tianchen's surgical gown was only worn by the chief surgeon.

Lin Tianchen was not surprised that Fu Jingting recognized himself, and took off his mask generously, revealing a handsome face, "The doctor in chief has something to do temporarily, I happened to be free, so I would help him on the shift, but you, why are you here? Ex-wife's surgery? Does Man Yin know?"

After several questions, Fu Jingting frowned, "It's just a coincidence, if you want to tell Man Yin, just go ahead and tell."

"I'm not that bored yet." Lin Tianchen pushed his glasses, smiled.

If he hadn't found the red mole on Rong Shu's wrist, he would have said that Man Yin was the angel he wanted to protect, and he couldn't let her suffer.

But now, the authenticity of the angel Man Yin has yet to be verified, so he naturally won't say it.

"Lin Tianchen? You are Lin Tianchen!" Suddenly, Cheng Huai clapped his hands and looked at Lin Tianchen as if he had remembered, "I just said why I thought you looked familiar before, so it's you."

Lin Tianchen is also in their circle, but this person has a withdrawn personality since he was a child. He doesn't get along with the children in the circle, and he has always been alone, so although they know each other, they are not familiar.

But the strange thing is that this person treats Gu Manyin very well. Six years ago, Gu Manyin became a vegetative person. He also went abroad to study brain science and psychology in order to awaken Gu Manyin.

As Gu Manyin's person, who suddenly performed surgery on Rong Shu, wouldn't he have done anything to Rong Shu?

Thinking about it, Cheng Huai's face became serious, and he stared at Lin Tianchen and asked, "What about Rong Shu, did you do anything to Rong Shu?"

"What can I do to Rong Shu?" Lin Tianchen asked with a half-smile.

Cheng Huai clenched his fists, "You are from Gu Manyin, there is a grudge between Gu Manyin and Rong Shu, maybe you will attack Rong Shu for Gu Manyin's sake, such as deliberately not suturing Rong Shu's wound properly, Or deliberately left some surgical tools in Rong Shu's body to take revenge on Rong Shu for Gu Manyin!"

"What, you are Gu Manyin's person!" Lu Qi's face changed greatly when he heard these words.

Although Fu Jingting didn't think Lin Tianchen would do these things, it was clear to the circle that Lin Tianchen was good to Man Yin.

Therefore, it is difficult to guarantee that Lin Tianchen will indeed do something for Manyin.

Facing the gazes of three men and six eyes, Lin Tianchen raised his eyebrows.

It seems that Rong Shu is quite a charming woman. Look at how nervous these men are.

And Fu Jingting, didn't he keep saying that he didn't love Rong Shu's ex-wife, but that he loved Man Yin, so what's the matter with his eyes now?

"Don't worry, I didn't do anything to Rong Shu." Lin Tianchen put his hand in his pocket, and said lazily, "I didn't even do her

surgery." "Did the surgery?" Lu Qi and Cheng Huai exclaimed at the same time.

Fu Jingting's hand on the armrest of the wheelchair suddenly clenched, and there was a hint of joy in his heart.

The child in Rong Shu's belly is still there!

"Yes, she is not in good health now and is not suitable for surgery. Let's talk about it in a while." Lin Tianchen's glasses were reflected, and he lied flatly.

Although Lu Qi and Cheng Huai were a little disappointed that the child in Rong Shu's belly was still alive, they became worried again when they heard that she was not in good health.

"What's wrong with baby's body?" Lu Qi hurriedly asked.

Cheng Huai also looked at Lin Tianchen.

Although Fu Jingting didn't speak, the hand on the armrest tightened even more, showing that he was also very uneasy at the moment.

Chapter 208 I have something to say

Lin Tianchen noticed it, and his eyes darkened.

It seems that Fu Jingting cares more about Rong Shu than he thought. What about Man Yin?

How many points does Fu Jingting have left for Man Yin's feelings?

"She's not in any serious condition. It's enough to take care of her for a while. Well, I still have work to do. Rong Shu will be transferred to the general ward in a while, and she

can leave when she wakes up.” After speaking, Lin said Tianchen raised his foot and left.

As soon as he left on the front foot, a nurse pushed Rong Shu out on the back foot.

Lu Qi and Cheng Huai hurried forward to check, and found that as Lin Tianchen said, she had no passive surgery and her face was rosy.

It can be seen that Lin Tianchen did not do anything to Rong Shu, which made the two men feel at ease.

Although Fu Jingting didn't get up, he was sitting in a wheelchair and could clearly see the woman pushing the bed.

Seeing that she was okay, his tense heart finally relaxed.

Soon, Rong Shu was pushed to the general ward.

After the nurse settled her, Cheng Huai and Lu Qi went in impatiently.

Fu Jingting didn't go in, he controlled the wheelchair and sat at the door, watching them from a distance.

Seeing Cheng Huai and Lu Qi's concern and nervousness towards Rong Shu, he was a little envious, envious that they could care about her openly and be nervous about her.

In addition, there was also a faint sense of irritability and discomfort, and they were surrounded by Rong Shu.

Feeling the low air pressure on Mr. Fu's body, Assistant Zhang knew the reason without thinking, and touched his nose, “President Fu, why don't we go in too?”

“No.” Fu Jingting's eyelids drooped.

With so many men by her side, how could she use him?

“Let's go, go back.” Fu Jingting said with thin lips in a tone that could not hide his jealousy.

“Yes.” Assistant Zhang held the pusher of the wheelchair, pushed him to turn around, and walked towards the elevator.

Mr. Fu, you should quickly understand who the person you really love is.

Otherwise, when Miss Rong falls in love with someone else, it will be too late.

Cheng Huai noticed Fu Jingting's departure from the corner of his eyes, and did not hold back or say hello.

Just kidding, although they are friends, they are also rivals in love. What do you do when you leave your rivals behind? Do you block yourself?

No, Fu Jingting was already blocked by him and Lu Qi.

About ten minutes later, the anesthesia on Rong Shu's body was over, and she gradually woke up.

Her eyelashes trembled, she opened her eyes, and she saw a pure white ceiling. Looking at the white quilt covering her body, she already understood where she was now.

"Baby, you're awake." Seeing Rong Shu's blinking eyelids, Lu Qi hurriedly put down the kettle in his hand and came forward in surprise.

Rong Shu turned to look at him, "When did I come out of the operating room?"

"Ten minutes ago." Lu Qi thought for a moment and replied.

Rong Shu was stunned, "Ten minutes ago?"

She actually woke up in such a short time.

Obviously unscientific.

"What's wrong baby?" Lu Qi looked at Rong Shu.

Rong Shu restrained her inner surprise and shook her head, "I'm fine, I'm just a little surprised that I woke up so quickly, by the way, I have surgery..."

Before she finished speaking, she suddenly thought of something, and quickly touched her stomach .

No pain!

No wonder she always felt that she had overlooked something, that is, there was no pain in her stomach.

What exactly is going on?

Is it local anesthesia? So why did you wake up so quickly?

But it's not right. If you have local anesthesia, you won't be able to fall asleep.

The more Rong Shu thought about it, the more strange it became.

Seeing that there was no wound on her stomach, it was even more strange, "Did I have surgery or not?"

She looked at Lu Qi suspiciously.

Lu Qi's eyes were staring at her tender belly for a moment, and his eyeballs were about to fall out.

Hearing her question, she cleared up her idiotic expression with a light cough, and replied with a smile, "Of course not."

"No?" Rong Shu sat up suddenly, frowning tightly together, "Why?"

"The doctor said that your physical condition is not good recently, and you are not suitable for surgery for the time being, so you didn't do it. After a period of time, your body will be conditioned and you will do it." Lu Qi explained.

Rong Shu's lips moved, "So that's how it is."

She lowered her head and touched her stomach, her face a little worried.

After a period of reoperation, she didn't know if she could be ruthless.

Because when she heard that the child was still there, she felt relieved.

"Rong Shu, you are awake." At this moment, Cheng Huai's voice came from the door.

Rong Shu looked up at him and hummed.

Cheng Huai came in with a smile, "It's pretty fast, I'll go through the discharge procedures for you, and you'll wake up."

"Thank you, thank you for your hard work." Rong Shu smiled at him.

"It's not hard, just run for a while." Cheng Huai waved his hand, and then said, "Since you're awake, then leave the hospital first." Just as

Rong Shu was about to nod, there was a knock on the door of the ward.

The three of them looked together and saw Lin Tianchen in a white coat.

When he saw that the three of them saw him, he put his hand down and put it back into the pocket of his white coat, "Awake?"

“Why are you here?” Lu Qi frowned, his face clearly unwelcome.

Lin Tianchen ignored him directly, looked at Rong Shu, “I have something to tell you.”

Rong Shu narrowed her eyes, then nodded, “Okay.”

“Then please ask them both to go out.” Lin Tianchen pointed Lu Qi and Cheng Huai.

Cheng Huai pursed his lips, “Is there anything you can’t say in front of us?”

“That’s right, can’t we listen?” Lu Qi also agreed.

Lin Tianchen didn’t answer them, just looked at Rong Shu.

Rong Shu knew that he was waiting for her to call someone out. Otherwise, if he didn’t say anything, there was nothing he could do. He rubbed his brows and could only agree, “Aqi, Cheng Huai, you go out first.”

“Baby...” Lu Qi Some are unwilling.

Rong Shu pursed her lips, “Go out.”

Lu Qi opened his mouth and wanted to say something, but was stopped by Cheng Huai, “Okay, since she asked us to go out, let’s go out.”

Lu Qi had no choice but to Nod in agreement.

But before going out, he lowered his voice and reminded Rong Shu, “Baby, be careful with him, he is from Gu Manyin’s side, be careful what he does to you for Gu Manyin’s sake, so if you find something wrong, Just yelled, we’ll come in immediately to save you.”

Rong Shu felt warm in her heart while she couldn’t laugh or cry, “Okay, I see.”

Seeing that she remembered, Lu Qi straightened up and went out with Cheng Huai.

When passing by Lin Tianchen, he still gave Lin Tianchen a warning look.

Lin Tianchen hooked his lips, and after they went out, he said, “You two flower guardians are quite good.”

“They are not the flower guardians, they are my best friends.” Rong Shu corrected him.

Lin Tianchen shrugged his shoulders, without refuting, he raised his feet and walked towards the hospital bed.

Rong Shu looked at him, "What do you want to say to me? I remember that we have no friendship or even know each other, so I don't think we have anything to talk about."

Before, she had only heard of Lin Tianchen, After all, he is a genius in the medical field, and he is very famous. He has seen him once from a distance, but he has never spoken to him.

So she was quite surprised that Lin Tianchen had something to say to her.

"Indeed, before today, I don't think I need to tell you anything. After all, we are not the same person, but now it is different." Lin Tianchen pulled a chair and sat down beside the hospital bed.

Rong Shu pursed her lips, "What's the difference?"

"Your wrist." Lin Tianchen's eyes fell on her left wrist.

Chapter 209 The Real Angel

Rong Shu raised his left wrist suspiciously, "What's wrong with my wrist?"

"How did the red mole on your wrist come from?" Lin Tianchen stared at her and asked.

Rong Shu thought it was funny, "Of course it's natural, otherwise how do you think it came?"

It can't be done, right?

However, it is really rare to have red moles, because most people are black moles, and few people can grow red moles.

Listening to Rong Shu's answer, Lin Tianchen's expression did not change much, but lowered his head, as if thinking about something.

Rong Shu felt that he was very strange, touched the red mole and asked, "What are you asking me about?"

Lin Tianchen pushed up his glasses, but instead of answering, he asked again, "I have another question, when you were a child, did you have any questions? Never rescued a little boy?"

"Saved a little boy?" Rong Shu raised her eyebrows.

Lin Tianchen hummed noncommittally.

Rong Shu squinted and thought for a while, "How young do you mean?"

"It looks like ten years old." Lin Tianchen looked at her and replied.

Rong Shu smiled, "I did save one."

Hearing this, Lin Tianchen's pupils shrank, and his sitting posture was no longer so calm, but became stiffer.

He asked eagerly, "Where did you save him?"

Rong Shu felt that he was even more strange, and didn't understand what he wanted to do with these questions, but he still answered, "In a pond, that little boy was bullied, Throwing it into the pond, I happened to pass by, so I found a wooden stick and pulled him up."

Dangdang!

Because Lin Tianchen got up too fast, the chair tripped to the ground.

He took off his glasses and looked at Rong Shu emotionally, "It's really you!"

Gu Manyin is not his angel, his real angel is Rong Shu in front of him.

The funny thing is that he has always found the wrong person, reported the wrong kind of grace, and even nearly killed the real benefactor.

"Wh...what is it really me?" Rong Shu was startled by Lin Tianchen's excitement, her face blank.

Lin Tianchen didn't answer, but stepped forward and hugged her tightly.

While Rong Shu was frightened, she was still a little breathless.

She pushed him, and said in an uncomfortable voice, "Let me go..."

Lin Tianchen still held her as if he hadn't heard it.

At this time, the door of the ward was pushed open, and Lu Qi appeared at the door, "Baby, what's the matter, what's the answer to the sound just now..." Before

he finished speaking, he saw the scene in the ward, and his whole body exploded. "Lin Tianchen, what are you doing? Let go of my baby!"

Lu Qi rushed up.

Cheng Huai also came in from outside when he heard what he just said, "What's the matter? What happened... I mean, Lin Tianchen, you're a hooligan!"

He also rushed over, and together with Lu Qi, pulled Lin Tianchen away.

Lu Qi even clenched his fist and smashed it into Lin Tianchen's face.

Cheng Huai, on the other hand, stood in front of Rong Shu in a protective manner, blocking her tightly.

boom!

Lin Tianchen was knocked to the ground by Lu Qi, and with a loud noise, his glasses flew out and fell to the side.

Seeing this, Lu didn't stop there. He stepped forward and grabbed Lin Tianchen's collar, lifted his upper body up, and said angrily, "Well, you gentle scum, you dare to bully baby, you're still a doctor. Well, I don't have any medical ethics at all, and I'll do anything to the patients, so I won't kill you." After speaking

, he raised his fist again, about to hit him.

"Stop!" Suddenly, Rong Shu pushed Cheng Huai away from him and stopped him loudly.

Lu Qi's fist was only a few centimeters away from Lin Tianchen's face. Hearing her words, he immediately stopped.

He looked at Rong Shu in disbelief, "Baby? He bullied you, but you still let him go?"

Rong Shu rubbed his brows, "Aqi, I know you're doing it for me, but you're too heavy, Wan Wan A bunch of people play good or bad..."

"That's what he deserves!" Cheng Huai said.

Lu Qi also agreed with this sentence.

Rong Shu shook her head, "But he is a doctor. If he is injured, what will happen to those who need immediate surgery?"

This sentence stopped Lu Qi and Cheng Huai from asking.

Yes, even though Lin Tianchen should be beaten, those patients are innocent.

If the patient could not be operated on in time and died because of Lin Tianchen's injury, it was also caused by them indirectly.

Thinking about it, even if Lu Qi was not reconciled, he could only let Lin Tianchen go.

He threw Lin Tianchen back to the ground heavily, and snorted coldly, "I'll let you go this time, and then next time, hum!"

He didn't say what he said later, but everyone understood the meaning.

Lin Tianchen lay on the ground, coughed a few times, and suddenly laughed.

The three of Rong Shu listened to his laughter and felt inexplicable.

Cheng Huai frowned and asked, "What are you laughing at?"

Lin Tianchen picked up the glasses with a broken leg on the ground and put it on, then stood up, touched the swollen left face, and looked at Rong Shu with burning eyes "As expected, you are still so kind. As expected, you are the angel in my heart."

He just said that her angel, at the age of ten, was able to save him without fear of danger.

So kind, how can it change when he grows up.

Rong Shu looked at the excited Lin Tianchen, but felt uncomfortable, pursed her red lips and said, "What do you mean by that?"

Lu Qi and Cheng Huai looked at each other and saw doubts in each other's eyes, obviously they didn't know what Lin Tianchen meant.

Lin Tianchen's lips moved, and just as he was about to speak, the phone rang.

He just shut his mouth, took out his mobile phone in displeasure, saw the caller ID, a flash of killing intent flashed in his eyes, and it was fleeting, and then returned to his usual aloof and arrogant look, answered the phone, "Hello?"

"Tianchen, it worked. Is it?" Gu Manyin's excited and expectant voice came from the phone.

Lin Tianchen squinted his glasses, and the corners of his mouth curled into a thin arc, "No."

"No?" Gu Manyin's face changed, and her voice became sharp, "Why not?"

"I'll talk about it later, I still have it here. Patient." After speaking, he hung up the phone directly.

Gu Man angrily wanted to drop the phone.

This waste, after so long, has not succeeded, it is useless at all.

Moreover, he actually dared to hang up her phone.

In the ward, Lin Tianchen put down his phone and turned his eyes to Rong Shu again.

Lu Qi and Cheng Huai stared at him vigilantly, for fear that he would do anything to Rong Shu again.

Fortunately, Lin Tianchen was normal and did nothing, just looked at Rong Shu and said, "I will protect you, I will always protect you, wait, I will throw all those who have hurt you into hell!"

First of all The first is Gu Manyin.

It's a pity that he always thought that the angel was Gu Manyin before, so he didn't leave any evidence for all the evil things Gu Manyin did, and even cleared a lot of traces for her.

Therefore, it is impossible to deal with Gu Manyin by legal means, and since there is Fu Jingting by Gu Manyin's side, he can't directly attack Gu Manyin, he can only do it secretly step by step.

Thinking about it, Lin Tianchen's glasses reflected light, he glanced at Rong Shu again, and turned to go out.

After he left, Lu Qi and Cheng Huai both breathed a sigh of relief.

"Oh my god, the look in his eyes just now, and the sentence thrown into hell, it's too scary, I heard the cold hair stand up." Lu Qi rubbed his arms and said with lingering fears.

Cheng Huai nodded, "I feel the same way. I heard that people who practice psychology have some problems with their own psychology. With Lin Tianchen's crazy eyes just now, I'm sure there must be something wrong with him, but it's not important. More importantly, why did he say he wanted to protect Rong Shu?"

Chapter 210 Pay Off the Loan

He looked at Rong Shu.

Rong Shu shook her head, "I don't know either."

She was also very strange.

Lu Qi also said quickly, "Yes, baby, we can see that Lin Tianchen is serious, and he said that he would throw all those who hurt you into hell, and Gu Manyin also hurt you, doesn't that mean, He will also do something to Gu Manyin? But isn't he Gu Manyin's person?"

Rong Shu frowned and didn't answer.

Cheng Huai asked again, "By the way, why did Lin Tianchen hug you just now?"

"Needless to say, he must have fallen in love with the beauty of the baby." Lu Qi said angrily.

After thinking of something, he patted his thigh, "I see, he just said he wanted to protect the baby because he liked the beauty of the baby."

Rong Shu and Cheng Huai heard this and turned the page together. white eyes.

"How is that possible." Cheng Huai said speechlessly, "If Lin Tianchen really wanted to feel for Rong Shu, he would have already had it when Rong Shu entered the operating room, why would he have to wait until now?"

Rong Shu nodded, "That's right, and I I can feel it, Lin Tianchen hugged me because of excitement, a kind of excitement of finding someone important, just like a friend who hasn't seen him for many years suddenly sees each other, and he can't help hugging each other when he is in a hurry."

"You are so As soon as I said it, I remembered." Cheng Huai suddenly widened his eyes.

Rong Shu and Lu Qi looked at him, "What do you remember?"

Cheng Huai replied, "Do you still remember, just now Lin Tianchen told Rong Shu that you are still so kind, and this is still, obviously, that he was very early I know Rong Shu, but I just remembered it just now."

"Could it be..." Rong Shu stood up straight and subconsciously touched the red mole on her wrist.

Lu Qi quickly asked, "Baby, do you know something?"

Rong Shu hummed, "After you guys went out, Lin Tianchen asked me how the mole came from, and then asked me if I had rescued a little boy when I was ten years old. Now it seems that the little boy, It's him."

At the age of ten, because of her mother's death, she turned out her mother's photo. Unexpectedly, her stepmother was furious and beat her up. She was sad and ran out of the house to go to her mother's most beautiful place. Love to go to the park.

Then she heard someone calling for help in the park. She went over and found that a little boy similar to her had fallen into the water. She didn't think much about it at the time, and found a wooden stick to rescue the little boy. Of course, the process of rescue It was not easy, because she was too small and her strength was limited, she almost fell into the pond together, but the final result was good.

But she didn't expect that the little boy was Lin Tianchen.

After hearing Rong Shu's remarks, Cheng Huai and Lu Qi suddenly realized.

"It turns out that you are Lin Tianchen's benefactor. No wonder he hugs you so excitedly and wants to protect you." Cheng Huai said while touching his chin.

Lu Qi snorted, "Even if he said that, I don't want to believe that he would really deal with Gu Manyin for the sake of the baby."

Cheng Huai nodded, "That's right, he is really good to Gu Manyin, so good. I can almost give everything for Gu Manyin."

Rong Shu smiled, "What are you worried about? Lin Tianchen and I are not familiar with each other. Even if I once rescued him, I never thought of asking him to repay, not before, nor now. No, I don't plan to befriend him either, so what he does has nothing to do with me."

"That's right." The two men nodded.

After that, Rong Shu didn't stay in the hospital much and was discharged.

As soon as she left on the front foot, Fu Jingting received the news on the back foot.

"Got it." Fu Jingting hung up the phone and called Assistant Zhang.

"Mr. Fu, what are your orders?" Assistant Zhang asked after entering.

Fu Jingting rubbed his temples, "Have you collected the loans from the several banks that Tiancheng borrowed from before?"

"It has been compiled. The combined loans of several banks are 1.2 billion yuan, and if interest is included, it is 1.5 billion yuan." Assistant Zhang replied.

Fu Jingting nodded slightly, "Help Tiancheng to repay, and go to overseas accounts."

In this way, Rong Shu would not suspect that he helped to repay.

This money was his compensation to her, and it was originally intended to be given after today. Although she said that he was not responsible, he couldn't really live up to it.

And although the child in her belly is still there, she will still take it away after she recovers, so he still gave it as originally planned.

"Understood." Assistant Zhang nodded.

Fu Jingting hummed, "Isn't Man Yin here, let her come up."

"That...Miss Gu has already left." Assistant Zhang touched his nose and replied.

Fu Jingting frowned, "Leave?"

"Yes."

Fu Jingting rubbed the pen with his thumb, "It's because I didn't ask her to come up immediately, so..."

"No, she answered the phone and left." Zhang The assistant shook his head.

"Whose phone number?" Fu Jingting asked.

Assistant Zhang shrugged, "I don't know, but Miss Gu's face is not very good, something bad must have happened."

Fu Jingting pondered for a few seconds, then raised his chin, "I see, you go out first."

"Yes . ." Assistant Zhang responded and turned away.

Fu Jingting picked up the phone and dialed Gu Manyin.

The call was quickly answered, and Gu Manyin's voice came, "Jing Ting, do you have anything to do with me?"

Her voice was still as gentle and soft as usual, and it didn't look like something had happened.

But Fu Jingting inexplicably felt a little fake, and pursed his red lips and asked, "Zhang Cheng said, you answered a bad call, did something happen?"

Gu Manyin stood in front of the box, her eyes darkening. Dark, but replied with a smile, "It's nothing major, Jing Ting, don't worry."

Fu Jingting hummed, "That's good."

Gu Manyin choked.

Who is this, even if she said it wasn't a big deal, it was always true that she answered a bad call, so he didn't plan to ask clearly?

Why didn't I find out before that he was so straight?

Although she thought so in her heart, Gu Manyin couldn't say it.

Otherwise, she said 'why don't you insist on asking me what happened', wouldn't it be hypocritical.

Because she said it herself, it's not a big deal, so let him not worry.

Gu Manyin took a deep breath and tried her best to suppress her inner grievance. She forced a smile and said, "Okay Jing Ting, what else do you have to do? If it's all right, I'll hang up first. I'm going to see a friend."

Fu Jingting Nodding, "Okay." After the call ended, Gu Manyin was angry again.

She said she was going to see a friend, but he didn't even ask if that friend was a man or a woman.

Is he so worried about her?

Gu Manyin stomped his foot angrily, and then pushed open the door of the box.

Lin Tianchen stood up and smiled at her, but the smile did not reach the bottom of his eyes, "Manyin, you are here."

Gu Manyin didn't notice his abnormality, she closed the door and walked over, "Lin Tianchen, what's the matter, why are you? Will it fail?"

"Something went wrong." Lin Tianchen's eyes flashed back.

Gu Manyin angrily put down her bag, "So now Rong Shu just lost her child, but she didn't die, right?"

"No, her child is still there. I didn't operate on her at all." Lin Tianchen pushed the new glasses and looked at her.

Seeing her eyes wide open in disbelief, and her angry look, I just thought it was rather ridiculous.

If she had been so angry before today, he would have coaxed her long ago, but now, he can't wait to break her neck immediately and kill her, yet dare to deceive him and pretend to be his angel.

"Lin Tianchen, what are you talking about? You didn't perform surgery on Rong Shu at all?" Gu Manyin squeezed her hands tightly, looking at Lin Tianchen with a grim expression, "What the hell are you doing? Why are you doing this, you are doing this, Are you worthy of me?"
