### Chapter 231 A Shackle

“President Fu!” Assistant Zhang’s expression froze, and he quickly pulled Gu Manyin away and pressed the emergency call bell on the bedside.

Gu Manyin was still a little annoyed, but when she heard the bell of Ulla Ula in the ward, she understood what happened.

“What happened to Jing Ting?” she asked quickly.

Fu Jingting was almost fainting in pain.

Assistant Zhang helped him to lie down, turned his head to look at Gu Manyin angrily, “Miss Gu, don’t you know that there is a wound on Mr. Fu’s body? If you hug him so hard, the wound will burst open!”

Assistant Zhang pointed at Fu Jingting The chest was dyed red.

He suddenly had some doubts, does this Miss Gu really love President Fu?

When you love someone, you shouldn’t be more careful when the other party is injured, for fear that the other party’s injury will worsen.

But this Miss Gu didn’t care about that at all.

Gu Manyin’s face became flustered, “I...I didn’t mean to...”

She hugged her excitedly because Jingting woke up happily.

I didn’t even think about the consequences of hugging it.

“What’s the matter? Why is the bell ringing?” At this time, the old lady, supported by Wang Shuqin and Feng Ma, also came in from outside.

Assistant Zhang was wiping Fu Jingting’s sweat, and when he heard this, he quickly replied, “Mr. Fu’s wound is open.”

“Ah, it’s bleeding.” Wang Shuqin exclaimed.

The old lady was anxious, “Xiao Zhang, Jing Ting was fine just now, why did the wound open?”

Gu Manyin’s eyes flickered with guilt, and she hurriedly winked at Assistant Zhang, hoping that Assistant Zhang would not expose her.

But Assistant Zhang pretended not to see it, put down the towel and replied, "It's Miss Gu, who just opened up Mr. Fu's wound."

"What?" Gu Manyin, "Okay, I knew it was you."

"I didn't mean to." Gu Manyin bit her lower lip and whispered back, but she hated Assistant Zhang in her heart.

Isn't it a dog next to Jing Ting who dares to offend her by not listening to her words.

Just wait, when she and Jing Ting get married, she must be the first to fire him!

"Hmph, what's not intentional, I think you're on purpose. Since Jing Ting was with you, how much has your reputation dragged down, and how much my Fu family has lost for you, don't think Jing Ting is hiding it for you. I don't know, as I see it, you are a mortal star who came to Kejingting specifically!" The old lady pointed at Gu Manyin and cursed mercilessly with red eyes.

At this moment, she was just an ordinary old lady who was worried about her grandson, not a wealthy old lady.

So she is too lazy to maintain the etiquette of the rich and powerful, so she can scold her whenever she needs to!

Gu Manyin was scolded by the old lady and her face was red, and she hated her to death, but she didn't dare to talk back, so she could only look at Wang Shuqin aggrieved, and hoped that Wang Shuqin would help her with a few words.

Wang Shuqin has always liked this future eldest daughter-in-law, not only because of the other party's family background, but also because this future eldest daughter-in-law will be a human being, holding her every time, giving her valuables, and she is also willing to help and say a few good words.

"Mom, what you said is too serious, maybe Manyin didn't mean it?" Wang Shuqin smiled at the old lady.

The old lady gave her a cool look, "He cracked your son's wound, you not only don't blame her, but you help her talk, why, in your heart, Jing Ting is not as good as an outsider? Sure enough, it's not your own mother and son, Feelings are just a little weaker."

What?

Isn't Jing Ting Wang Shuqin's son?

Gu Manyin raised her head suddenly, looked at Wang Shuqin in surprise, and then looked at the bed with her eyes closed, wondering if there was a man who passed out.

That's right, Wang Shuqin and Jing Ting don't have any similarity in their faces, and Wang Shuqin's words and deeds are like that of a wild woman in a country.

Even Assistant Zhang on the side was quite surprised to learn this secret.

"Mom, what are you talking about? Even if Jing Ting is not my own, I really treat him as my own son." Wang Shuqin replied dissatisfied.

The old lady gave her a sideways glance, ignoring her.

Soon, the doctor came and gave Fu Jingting a painkiller.

After the pain was suppressed, Fu Jingting's consciousness gradually recovered.

He opened his eyes, and his face looked even paler than before.

The old lady was distressed and took his hand, "Jing Ting, are you okay?"

Fu Jingting shook his head weakly, "It's okay, grandma, don't worry."

"I'm sorry Jing Ting, it's all my fault, I'm sorry..." Gu Man Yin stood beside the bed, wiping tears and sobbing.

Fu Jingting had a headache from the noise of her crying, and was not in the mood to comfort her. He raised his arms and rubbed his temples, "Okay, stop crying!"

Hearing his voice, Gu Manyin burst into tears. Live, some hurt looking at him.

Sure enough, he is now immune to her cries to a certain extent, and he will no longer put her first as long as she cries like before, and he will come to coax her no matter how busy he is.

Thinking of this, Gu Manyin felt a little flustered, and couldn't help biting her nails.

"Okay, the patient's wound has been re-medicated and bandaged, and the next step is to take good care of it, but it can't be hit by any more, otherwise the wound will not only crack, but even the fixed rib will be broken." The doctor took it off. Bloody gloves, he said solemnly.

The old lady nodded again and again, "Don't worry, I will watch, and I won't let some brainless people hurt my grandson again!"

She pointedly looked at Gu Manyin.

Gu Manyin lowered her head in humiliation and did not dare to say a word.

After the doctor left, the old lady put on her crutches, "Okay, you all go back first, I have something to tell Jing Ting. "

"I'm not leaving, I want to accompany Jing Ting." Gu Manyin pulled Fu Jingting sleeves, said immediately. The old lady's face sank, and her eyes looked at her gloomily

, "Miss Gu, you don't understand that the person I don't like most is you?" She looked at Fu Jingting, her lips moved, just about to say something. Fu Jingting pulled out his sleeves, "Manyin, you go back first." "Jingting..." Gu Manyin was still a little reluctant. Fu Jingting pursed his thin lips and looked at her with deep eyes, "Go back." Gu Manyin's whole body was jolted when he saw him, and he felt like he had seen it through. He subconsciously avoided his gaze and nodded. "Okay, I'll see you next time." After that, she picked up her bag and left. Wang Shuqin and Assistant Zhang also followed. Only the old lady Feng Ma and Fu Jingting were left in the ward. The old lady sat down with the help of Feng Ma, and looked at her grandson meaningfully, "How do I find that you wake up this time, it seems that your attitude towards Gu Manyin has softened a lot, not like before. It's all following him." Fu Jingting put an arm over his eyes, "Suddenly I want to understand something, maybe it's because I followed her too much before, so she became more and more arrogant." The most important thing is , When he woke up this time, he could clearly feel that there seemed to be some shackles in his heart that were suddenly opened. For example, when he saw Manyin crying, or when he was wronged, there was a voice in his heart screaming, he must go to comfort her and pamper her, but now he suddenly found that the voice was much smaller, and he became more relaxed. Not a lot.

"You're right to think so." The old lady smiled gratified, "Jing Ting, you have finally changed back to the way you used to be."

"The way I used to be." Fu Jingting looked at her blankly, not understanding. what she meant.

Chapter 232 Like a puppet

The old lady nodded, "Yes, the way you used to be, the you in the past, is different from the you now, you were not so indifferent before, even gentle, but since you... after that incident six years ago, You are like a different person, if it wasn't for the birthmark on your body, I would have thought that you had been ripped off."

Fu Jingting's pupils shrank.

Listening to my grandmother's description, the past and the present are completely two personalities, but he has no impression of his previous character.

Is this normal?

Fu Jingting pressed his forehead, his head began to hurt again, and those strange images appeared in his mind again, like a revolving lantern, and they flashed so quickly that he couldn't catch them.

"What's wrong with you, Jing Ting?" Seeing Fu Jingting's strangeness, the old lady hurriedly asked.

Fu Jingting squeezed his brows, "I'm fine, grandmother, tell me more about how I used to be."

"Okay." The old lady readily agreed, "You didn't talk so little in the past, and you were polite to everyone. You are polite, but since you told me that you and your pen pal Gu Manyin were together, I found that you only have Gu Manyin in your eyes, and you can no longer see the others, you will only surround Gu Man The sound turns, like a puppet."

"No, it's impossible." Fu Jingting clenched his fists, subconsciously refuting that this was not true.

How could he be like a puppet.

However, when he thought about his boundless doting and maintenance of Gu Manyin, he lost his voice.

He knew that Gu Manyin had done a lot of wrong things, but he never thought of criticizing her or punishing her. Instead, he was indecisive and helped her to finish it off. Just because she was crying, he did it with a soft heart. Now, isn't this what a puppet is?

But he shouldn't be like this, but the memory in his mind tells him that he has indeed become such a person.

Seeing her grandson fall into deep self-doubt, the old lady sighed.

"Okay, okay, don't talk about these, it's useless to talk about these, let's talk about other things, why did you have a car accident at Shushu's side, you went to find Shushu?" The old lady touched Fu Jingting's forehead ask.

Fu Jingting's eyes flickered, but he didn't answer.

The old lady pouted, "Forget it, I'm going to rest, but Shushu said, even if I worry about you, I can't stop resting."

"Rongshu knows I've been in a car accident?" Fu Jingting's expression changed slightly and he spoke immediately. asked.

The old lady nodded, "Yeah, your car accident has made headlines, how could she not know."

Fu Jingting lowered his eyelids to cover the imperceptible emotions in his eyes, "Then did she..."

Ask me, or come Has the hospital seen me?

"Is there anything?" The old lady looked at him.

Fu Jingting's thin lips parted, but in the end he didn't say what he said, and instead said, "It's okay."

"You child." The old lady glared at him, "Forget it, I'll go first, you can rest."

Fu Jingting hummed, a trace of loss flashed in his eyes.

It seems that Rong Shu has never asked him, let alone seen him.

Otherwise, how could grandma and the others not say anything.

Knowing that he had a car accident in Repulse Bay, it was impossible for Rong Shu to guess that he was looking for her.

However, she still didn't come to see him. Is she really so cold-hearted?

Fu Jingting's face was calm and his heart was irritable and uncomfortable.

...

Tiansheng Group.

Li Chuan accompanied Rong Shu to afternoon tea in the office for a while, and then received a call from his agent, asking him to go back to the agency for a meeting.

As soon as he left on the front foot, Chen Xingnuo came on the back foot.

When she learned that Li Chuan had left, she instantly gave a bitter face, "A step late."

"Why do you pay so much attention to Xiaochuan?" Rong Shu pointed to the chair opposite and motioned her to sit.

After Chen Xingnuo sat down, his expression became serious, "Mr. Rong, let me tell you the truth, I suspect that he is the person I am looking for."

"Huh?" Rong Shu wondered.

Chen Xingnuo took a cup of tea and took a sip, "Mr. Rong, you should know, I've been looking for someone, right?"

Rong Shu nodded, "I know, you asked for leave twice before for this."

"That's right. Chen Xingnuo sighed, "Actually, I'm from the capital, a bodyguard of a powerful family. I came to Haishi this time to find the youngest son of the master."

"So now you suspect that Xiaochuan is the youngest son of the master in your mouth .?" Rong Shu raised an eyebrow.

"Yeah, because Mr. Li looks very similar to the old master, and his age is comparable to that of the young master, so I am sure now that he is the young master." Chen Xingnuo said.

Rong Shu smiled and said, "What if not? Besides, Xiaochuan has parents. Although he has passed away for a long time, I have seen the photos and he looks very similar to Xiaochuan."

"Of course there is evidence for what I say. First of all, it is Mr. Li. The place where he grew up, Jiang County, and we found out that the young master lived in Jiang County before, plus Mr. Li and our master are similar in appearance, both are so coincidental, so how could he not be the young master.

"That's right." Rong Shu nodded.

Chen Xingnuo grabbed her hand and said, "Mr. Rong, do me a favor and get two Mr. Li's hair. I want to do an appraisal.

"If he doesn't want to, then I have no choice." Rong Shu thought about it and returned.

Chen Xingnuo squeezed her hand gratefully, "Thank you, President Rong, it's great that you can help me. If he doesn't agree with me, he will find a way on his own. Alright, President Rong, I still have a job, so I'll go back to the finance department first. ."

After finishing speaking, Chen Xingnuo let go of Rong Shu's hand and went out humming a song.

"It's really hot." Rong Shu shook his head, dumbfounded.

Suddenly, the phone rang.

Rong Shu put down the pen and picked it up to take a look. Cheng Huai called and answered directly, "Hello."

"Auntie." The voice on the phone was not Cheng Huai's, but a childish voice.

Rong Shu suddenly laughed, "Is it Doudou?"

"It's me, Auntie, Doudou misses you." Doudou grabbed the phone with both hands and acted sweetly.

Rong Shu's face was full of doting, "If you want, I will let Shu Shu bring you here."

"Okay, my uncle..."

Before Doudou finished speaking, Rong Shu heard Cheng Huai's voice, "Boy, give me your phone. Me."

"I don't." Doudou hid his phone behind his back and replied.

Cheng Huai looked at his actions and sneered, "Boy, do you think you are hiding behind your back, so I can't get it?" As soon as

Cheng Huai bent down, he grabbed the phone and reached it with his big hand. On Doudou's head, no matter how much Doudou kicked him, he couldn't reach him.

Seeing this scene, Doudou was about to cry with her shriveled mouth.

But Cheng Huai laughed proudly, and put the phone to his ear with the other hand, "Rong Shu, it's me."

"Have you bullied Doudou?" Rong Shu asked.

Cheng Huai rolled his eyes with a guilty conscience, and replied with a serious face, "No, he is my nephew, dear, how could I bully him."

"Really?" Rong Shu narrowed her eyes, obviously not believing.

Cheng Huai nodded again and again, "Of course it's true, if you don't believe me, I'll let Doudou tell you personally."

He put the mobile phone in front of Doudou, but his mouth rubbed at the pile of toys on the ground, warning Doudou not to talk nonsense, otherwise the toys would be confiscated.

Doudou could read the eyes of this bad uncle, and she was full of tears, but she didn't dare to cry, so she could only swallow the bitter water of grievance under the threat of the bad uncle, squeeze out a smile and say, "Auntie, uncle really He didn't bully me."

Hearing Doudou say this, Rong Shu believed it.

Cheng Huai gave Doudou a satisfied look, then went upstairs with the phone, "Rong Shu, Gu Manqing's stand-in, I have found a suitable one."

Chapter 233 Take the initiative to attack

Rong Shu's back straightened, "Found it?"

"Yes." Cheng Huai nodded.

Rong Shu bit her lower lip, "Where did you find it?"

"In the countryside, she comes from a patriarchal family, and she was abused since she was a child, and she has never gone to school." Cheng Huai replied.

Rong Shu frowned, "Could it be a little out of place?"

How do they deal with them if they haven't been to school?

Seemingly guessing what she was thinking, Cheng Huai smiled, "No no no, on the contrary, she is very suitable, her eyes are exactly the same as Mrs. Gu, and most importantly, a daughter who has been abused since she was a child and has not gone to school yet. , shouldn't I feel more distressed?"

Rong Shu's eyes flashed slightly, and he instantly understood what he meant, "You want to take advantage of the guilt of Gu Yaotian and his wife towards Gu Manqing?"

"Yes, the less Gu Manqing lives. Well, Gu Yaotian and his wife will have a better relationship with Gu Man. In this way, our Gu Manqing can better penetrate into the Gu family and help us deliver the news we want." Cheng Huai went to bed, comfortable. said.

Rong Shu turned the pen, "I see, when will Fake Manqing meet with Gu's family?"

"Let's do it in two days, I'm busy doing a training for Fake Manqing, lest she reveal her secrets at that time. Now, and I need you to get the DNA samples of Gu's family for me, and then I will let people go to major hospitals to operate it in the dark. In this way, no matter how Gu's family does a paternity test with Fake Manqing, Fake Manqing will be the same. They are their own."

Rong Shu hooked her lips, "Then I'll find a way to get it."

"Okay." Cheng Huai stretched, "I believe in you."

After the call, Rong Shu put down the phone, her eyes flickering with tiny pieces of light.

It seemed that she had to find a way to meet Gu Manyin so that she could get Gu Manyin's hair.

As for Gu Yaotian and his wife, Rong Shu said that it was not in her own consideration.

First of all, she and Gu Yaotian have no reason to meet, and secondly, even if they meet, she can't get their hair, so she can't just pull it out.

But Gu Manyin is different, she can really directly take care of Manyin's hair.

Thinking, Rong Shu called Secretary Tong in.

"President Rong, what are your orders?" Tong Xi stood in front of her desk.

Rong Shu leaned back, "Find a way to find someone to stare at Gu Manyin and see where Gu Manqing will go in the next two days."

Although Tongxi wondered why she did this, she didn't ask any further questions. , nodded in response, "Understood."

"Go." Rong Shu raised her chin.

Tong Xi turned around and went out.

Rong Shu took the pen and started to work.

In the next two days, according to the news from the people who Tong Xi sent to follow, Gu Manyin hardly ever went out of Gu's house.

The only two times I went out was to the hospital, which should have been to see Fu Jingting.

But for some unknown reason, Gu Manyin left without staying for two minutes, and drove back to Gu's house, which happened twice, and never stepped out of the gate of Gu's house again.

This made Rong Shu a little anxious. Cheng Huai's fake romance training was about to end, and she hadn't gotten Gu Manyin's hair yet.

"No." Rong Shu draped her coat over her shoulders, picked up her bag and left the office.

She had to take the initiative, not to wait.

The person who was just stalking came to the news that Gu Manyin had driven out, and the direction was still the hospital. Although she did not know how long Gu Manyin could stay in the hospital this time, she had to catch Gu Manyin before he left the hospital. blocked.

Soon, Rong Shu came to the hospital.

While calling Lin Tianchen, she walked towards the door of the hospital.

“This is the first time you have contacted me.” Lin Tianchen answered the phone very quickly, with undisguised happiness in his voice, happy to receive her call.

Rong Shu didn't know whether he was really happy or fake, so she stood in the corner of the hall and asked, “Is Gu Manyin still in the hospital?”

“Are you looking for her?” Lin Tianchen frowned.

Rong Shu hummed, “Is she still there?”

“I wanted to see Fu Jingting outside Fu Jingting's ward door, but Fu Jingting didn't see her.” Lin Tianchen looked at the unwilling woman outside the ward door not far away, holding hands, a sneer flashed in his eyes.

Rong Shu blinked in surprise, “Fu Jingting can't see her?”

How is this possible!

Gu Manyin is his baby, he is reluctant to see it?

“Yes, Fu Jingting is very strange these two days. Everyone is willing to see it, except Gu Manyin.” Lin Tianchen pushed his glasses and said.

Rong Shu was completely shocked.

It's actually true. I haven't seen Gu Manyin for two days. No wonder the people who follow her say that Gu Manyin left the hospital within a few minutes of staying in the hospital for the past two days.

What's the matter, don't they love each other very much, and they also get into a deadlock?

Rong Shu sneered, no longer thought about it, and continued to say into the phone, “I know, can you do me a favor?”

“You said, I can do whatever you want.” Lin Tianchen suddenly became excited. .

She asked him for help, didn't he, his angels started to forgive him?

Rong Shu heard the excitement in Lin Tianchen's tone, the corners of her mouth twitched, she didn't understand why he was so happy to ask him for help. "I want you to find a way to lead Gu Manyin

in the direction of the hall. I want her to see me."

Lin Tianchen squinted his eyes suspiciously, "Do you have anything to do with her?"

Be ready to answer what's up with him.

Lin Tianchen didn't ask any more questions, and nodded slightly, "I see, I will help you take her there as soon as possible."

"Thank you." Rong Shu hung up the phone.

Lin Tianchen put down his phone, raised his feet and turned to Gu Manyin's side, put his hands in his white coat, and looked at the closed door of the ward with her, "Since he refuses to see you, then you should go back first and wait like this. It doesn't help, didn't you already know about it two days ago?"

Gu Manyin clenched her hands tightly, "Tianchen, do you think Jing Ting knows something I did? For example, my split personality is fake..."

Another example ... She pretended to be Rong Shu and was found out by Fu Jingting.

As soon as she thought of these two possibilities, Gu Manyin's heart beat fast and uneasy.

Because whether it is the former or the latter, she is finished.

"It shouldn't be, if it was, he would have looked for you long ago, instead of not seeing you like this." Lin Tianchen shrugged his shoulders and replied.

Hearing what he said, Gu Manyin felt a little calmer, but still a little worried, "Then tell me, why is he not willing to see me?"

Even if Fu Jingting didn't see her, it wasn't because he knew those two things, but she was also very nervous.

Because Jing Ting gradually became indifferent to her without knowing these two things, her position as a fiancée had already begun to crumble.

"Who knows, maybe he was still angry with you two days before his wounds opened." Lin Tianchen curled his lips and said playfully.

Gu Manyin opened her mouth, "Jing Ting, don't you be so stingy?"

"I guess, but as for whether it is, you have to verify it yourself, but he obviously doesn't want to see you now, you can go back first and wait. In a few days, he is willing to see you, you can ask again." Lin Tianchen pushed his glasses and said.

Gu Manyin thought about it and said, "Okay then, tell Jing Ting that I'm leaving."

"Okay." Lin Tianchen agreed, then pushed the door and went in.

Gu Manyin watched the door of the ward close again, turned and walked towards the elevator.

In the ward, Fu Jingting was reading the documents when he heard footsteps and said without raising his head, "It's not yet time for the examination, what's the matter with you?"

"I'm here to help Man Yin spread the word, she's gone." Lin Tianchen He leaned against the wall by the door and looked at him.

Fu Jingting hummed and said he knew.

Seeing his calm reaction, Lin Tianchen couldn't help raising his eyebrows, "It's not like your usual attitude towards Man Yin."

#### Chapter 234 Pulling Gu Manyin's Hair

Fu Jingting paused as he turned the page, his eyes flickering, "Then tell me, what is my usual attitude towards Man Yin?"

"Gentle, pampering, obedient." Lin Tianchen slowly spit out three words.

Fu Jingting frowned.

Lin Tianchen put his arms around, "You seem to be a little dissatisfied with my summary?"

"No." Fu Jingting returned his attention to the document.

What if he was dissatisfied, he couldn't deny that Lin Tianchen's conclusion was right.

He had indeed had such an attitude towards Gu Manyin before.

"Then why are you frowning?" Lin Tianchen looked at him.

Fu Jingting said indifferently, "It's nothing."

Lin Tianchen snorted softly, "I suddenly found out that you seem to have changed a lot after this car accident, especially your attitude towards Man Yin, what happened between the two of you? Man Yin suddenly cooled down."

Fu Jingting picked up the pen and signed his name on the document, "There is nothing between us, I just found that my previous attitude towards Man Yin was a bit wrong and wanted to face it again. "

But you can't see her." Lin Tianchen's glasses were reflective.

Fu Jingting closed the document and put it aside, then took another one and opened it.

His feelings for Gu Manyin are very complicated now. He can clearly feel that he has no passion for Gu Manyin, and he also vaguely understands that he may not love Gu Manyin anymore, so he doesn't see her.

In addition to this reason, there is another very important reason that makes him feel very strange, that is, he finds that he clearly has no feelings for Gu Manyin, but when he sees Gu Manyin, his mind will still be pulled by Gu Manyin. As he left, just like before, seeing Gu Manyin being wronged, he wanted to offer everything to her. Although this feeling has faded a lot now, it still exists, which makes him quite unhappy.

The most direct evidence is that the day before yesterday, he faced Gu Manyin across the ward door through the glass on the ward door. At that moment, when he looked at Gu Manyin's bright red eyes, a feeling of distress rose in his heart. She wanted to call her in, wipe her tears, and tell her not to cry, but before she could do so, her grandmother chased Gu Manyin away.

However, as soon as Gu Manyin left, the distress in his heart disappeared immediately, and there was no thought in his mind to coax her to stop crying, and the whole person suddenly returned to the calm state before seeing her. As if everything was just an illusion.

But he knew that it wasn't an illusion. As long as he saw Gu Manyin, his thoughts and feelings would start to be out of his own control. It was like an invisible hand pushing him towards Gu Manyin. It's like asking him to love Gu Manyin.

Thinking of this, Fu Jingting clenched the pen abruptly, covering the dark tide in his eyes.

Seeing that Fu Jingting suddenly stopped talking, Lin Tianchen spread his hands, turned around and went out.

The hall corridor on the first floor of the hospital.

Gu Manyin came out of the elevator and saw Rong Shu walking not far away.

Rong Shu also saw her, with a deliberately surprised look on her face, "Miss Gu, what a coincidence."

Gu Manyin didn't know that Rong Shu came to her specifically, so she squeezed her palm, "What are you doing in the hospital?"

Didn't you come to see Jingting?

Seemingly seeing what Gu Manyin was thinking, Rong Shu's eyes flashed brightly, and she smiled, "I, of course, came to see President Fu, I heard that he had a car accident, as his ex-wife, I should also express my condolences. After all, I fell in love with you. Miss Gu, did you just come down after watching President Fu? That's right, please tell me President Fu's ward number."

"Don't even think about it!" Gu Manyin replied with scarlet eyes.

Rong Shu pretended to be regretful and sighed, "That's it, forget it, I'll go to the nurse's desk and ask."

After speaking, she was about to pass Gu Manyin and enter the elevator.

Gu Manyin grabbed her arm and dragged her back, "Don't go, I warn you, Rong Shu, don't go to see Jing Ting, that's my fiancé!"

"So what, aren't you married yet??" Rong Shu looked at Gu Manyin with a half-smile.

Gu Manyin was pissed off by her smile and her words, and her body trembled slightly, "We will get married sooner or later!"

"I don't think so, I heard that President Fu hasn't seen you for two days, it seems that he wants to get married. You are separated, this is just right, then my chance will come." Rong Shu tugged her hair and said with a coquettish smile.

But she was nauseous.

It turns out that putting green tea is such a disgusting thing, and she will never do it again.

Gu Manyin's expression changed, "What did you say? Here's the chance? Do you want to remarry Jing Ting?"

"Yeah, I'm pregnant, the child belongs to him, of course I want to remarry, but I can't let the child in my belly get married. Be a single-parent child, I think Miss Gu is so generous, she doesn't want to see an innocent child without a complete family, right?" Rong Shu blinked, observing Gu Manyin's expression.

As she expected, Gu Manyin's expression gradually became twisted and sinister.

Rong Shu actually knew that she was pregnant with Jing Ting's child.

Sure enough, once Rong Shu knew about it, she would definitely try to remarry Jing Ting. Hmph, saying that she doesn't love Jing Ting is all bullshit!

Gu Manyin didn't bother to think about how Rong Shu knew, she stared at Rong Shu's belly sullenly.

It's all this kid.

As long as this little brat is gone, she will see what Rong Shu can do to remarry Jing Ting.

Gu Manyin laughed frantically, and suddenly pushed towards Rong Shu.

Rong Shu had been guarding her for a long time, squinting her eyes and dodging sideways.

Gu Manyin pushed the air and fell to the ground.

Rong Shu sneered, stepped forward, grabbed her hair, pulled her upper body up, and then slapped her left and right with the other hand, according to her face.

Papa, the sound is very clear and loud.

Several finger prints appeared on Gu Manyin's face immediately, looking extremely pitiful.

Neither of them noticed that the elevator behind them suddenly opened. A man in a wheelchair watched their actions. The two hands on the armrest of the wheelchair were clenched into fists, as if he was suppressing something. .

"Rong Shu, you dare to hit me!" Gu Manyin was pressed to the ground by Rong Shu, but she was not stronger than Rong Shu, so naturally she couldn't push Rong Shu away, she could only pinched Rong Shu's arms tightly. Let Rong Shu go and let her go.

But Rong Shu didn't. The harder she pinched, the tighter Rong Shu pulled her hair.

Gu Manyin seemed to feel that her entire scalp was about to be torn off, and her aching face was wrinkled together.

"Why don't I dare to hit you? Who do you think you are? You want to push me, and you want to kill the child in my stomach. If I hit you, it's just self-defense. Even if it gets to the police station, I'm justified." Rong Shu said , while tugging at Gu Manyin's hair.

In fact, she deliberately told Gu Manyin that the child in her womb was Fu Jingting, and she also deliberately told Gu Manyin that she wanted to remarry Fu Jingting, in order to stimulate Gu Manyin and anger Gu Manyin to do something to her. , she had reason to fight back and get Gu Manyin's hair.

Although this method is a bit more radical and risky, it is very likely that she will be injured, but in order not to be suspected of taking Gu Manyin's hair on purpose, she can only resort to this strategy, but fortunately she was on guard against Gu Manyin in advance. He didn't let Gu Manyin seriously hurt himself.

"Ah!" Gu Manyin burst into tears, staring at Rong Shu resentfully, "Let go of me!"

"I won't!" Rong Shu looked at her sarcastically.

Gu Man shivered angrily, "What do you want?"

Rong Shu patted her face and said in a wicked way, "I don't want to, I just want you to watch me and Fu Jingting remarry. , and then our family of three fell in love with each other." In the

elevator, when the man heard this, his clenched hands loosened a little, and an indescribable joy filled his heart.

Outside, Gu Manyin sneered, "Do you think it's possible, Jing Ting doesn't love you at all, he won't remarry you!"

Jing Ting has not yet realized that he loves Rong Shu.

As long as she doesn't let Jing Ting realize, Rong Shu's goal will not be so easy to achieve.

Moreover, Rong Shu didn't have the fate to remarry Jing Ting.

"Don't you say no? Fu Jingting didn't love me six years ago, but he and I are still married." Rong Shu smiled and poked her heart.

Gu Manyin gritted

her teeth, "You..." "Okay, I'll stop teasing you, I'm tired." Rong Shu let go of Gu Manyin's hair.

Gu Manyin's scalp was finally freed, and she pushed Rong Shu aside and sat up holding the top of her head, which was suddenly in pain, and looked at Rong Shu coldly, "Wait for me!"

Leaving these words, she stood up. When he got up, he ran away without looking at the surroundings.

She was afraid that if she didn't leave again, Rong Shu might catch her because of her words and beat her again.

She can't beat Rong Shu!

Rong Shu looked at Gu Manyin's fleeing back, curled her lips, then withdrew her gaze and lowered her head to look at her hand. A large lump of black hair was pulled from Gu Manyin's head. Yes, at least there are hundreds of them.

It should be enough for Cheng Huai.

Rong Shu smiled, took out the disposable waterproof bag from the bag, put her hair in and sealed it, and then threw it back into the bag. Then she stood up, clapped her hands, and prepared to leave the hospital.

Suddenly, she saw something out of the corner of her eyes, and was stunned for a while.

"It's you?" Rong Shu cleaned up the smile on her face and looked blankly at Fu Jingting in the elevator.

When was he there?

Fu Jingting saw the change in her expression, his eyes darkened, "It's me."

He controlled the wheelchair to come out and stopped in front of her.

It was the first time Rong Shu saw Fu Jingting so weak.

Fu Jingting had been injured several times for her before, but he had never changed into hospital clothes and stayed in the hospital for so long.

"How long have you been here? Just now, have you seen it?" Rong Shu asked with slightly drooping eyelids.

Fu Jingting was noncommittal, "I see."

"So you are going to avenge Gu Manyin now?" Rong Shu looked at him sneeringly.

Fu Jingting shook his head, "No, I don't plan to avenge her either."

In fact, when he saw Gu Manyin beaten by her in the elevator, he was really angry that she treated Manyin so much, and wanted to go up and pull her away, to rescue Manyin and seek justice for Manyin.

But he knew that this kind of thought was not necessarily his real thought, so he kept holding back and didn't go out.

Sure enough, after Gu Manyin left, he instantly calmed down again, and he lost all thought of seeking justice. He proved once again that his reason and feelings were indeed affected by Gu Manyin. As for why In this way, he doesn't know, maybe the problem lies with Gu Manyin.

"Aren't you going to avenge Gu Manyin?" Rong Shu's eyes widened in surprise.

Seeing that she didn't believe her, Fu Jingting pursed her thin lips a little uncomfortable, "Yes."

Rong Shu stared at him for a while, then smiled lightly and said, "If that's the case, then thank President Fu for letting me go. I'll leave first."

She lifted the bag chain on her shoulders and prepared to leave.

Fu Jingting stopped her, "Wait."

"Mr. Fu, is there anything else?" Rong Shu turned to look at him.

Fu Jingting's eyes were deep, "I heard everything you said just now."

"What?" Rong Shu looked puzzled, "What?"

Fu Jingting was a little unhappy.

What she just said, have you forgotten so quickly?

"You just said that you want to remarry me." Fu Jingting replied in a deep voice.

Rong Shu suddenly said, "So it's this, why, did President Fu suddenly mention this, do you have any thoughts?"

She looked at him with interest.

Fu Jingting's eyes flashed, "If this is what you think, I can agree."

Rong Shu's expression froze, and it took a while for her to react, feeling a little stupid, "No, Mr. Fu, do you have a fever? You said you can Remarry me?"

Fu Jingting hummed, "For the sake of the child..."

"Wait." Rong Shu made a pause, then reached out and touched his forehead.

Fu Jingting felt her palm against his forehead, soft and a little hot, which touched his heart.

Soon, Rong Shu took his hand away.

Fu Jingting suddenly felt a sense of loss.

"I don't have a fever." Rong Shu wrapped her arms, "Why did you start talking nonsense?"

Fu Jingting frowned.

She actually thought he was talking nonsense?

"Mr. Fu, stop being funny. What does it mean for children? My child, what does it have to do with you? Is he yours? It's really rare that you are so eager to be a father." Rong Shu sneered.

Fu Jingting's pupils trembled slightly.

What's the meaning?

She didn't know that the child belonged to him, so why did she say the family just now?

He thought she knew!

"Also." Rong Shu didn't know what Fu Jingting was thinking, and was too lazy to know, she said in a cold and indifferent voice, "I have never had the idea of ??remarrying you, and I just said that just to tease Gu Manyin on purpose. That's it, Mr. Fu, are you serious?" Rong Shu sneered and turned away.

She didn't know why he suddenly agreed remarry.

But she didn't like his behavior very much. She had to wonder if he really loved Gu Manyin, or why would he say he would remarry.

Rong Shu left, Fu Jingting looked at the direction where she left with deep eyes, and pursed his lips.

At this moment, the elevator opened, and Assistant Zhang came out, "Mr. Fu, I'm sorry, but I don't know what happened to the elevator. It's been parked on this floor and can't go up. I've been waiting for a long time."

"It's fine." Fu Jingtinghui Eyes, indifferently spit out two words.

Seeing that he was not angry, Assistant Zhang breathed a sigh of relief, then stood behind him and accepted the wheelchair, "Mr. Fu, do you really want to go back to the group for a meeting? Why don't you go, in case your body can't handle it..."

"Okay. Come on, let's go." Fu Jingting interrupted him impatiently and knocked on the armrest of the wheelchair, signaling that it was time for him to go.

Seeing that Fu Jingting insisted on going, Assistant Zhang sighed and pushed him to the parking lot.

...

Rong Shu left the hospital and went directly to Cheng Huai's house.

It was the first time she came here. Unlike the modern villas that most people live in, Cheng Huai's house is an antique courtyard, and it looks like a dream back to history.

"Come on, come in." Cheng Huai came to open the door in person, and saw Rong Shu with a bright smile.

Rong Shu raised her foot and went in, "Excuse me."

"What are you bothering about, this will be you in the future..."

Seemingly realizing that he had said something he shouldn't have said, Cheng Huai coughed lightly on his lips, and quickly closed his mouth.

Rong Shu looked at him suspiciously, "What is this about me?"

"Haha, it's nothing, just sit down." Cheng Huai said haha, pointing to a teacher's chair in the main room, motioning her to sit down.

Rong Shu felt that he was strange, and was too lazy to ask any more questions. She said thanks and sat down.

The housekeeper came over to serve tea, and when he saw Rong Shu, his mouth couldn't close with a smile.

This is the girl that the young master likes, yes, she is so beautiful!

## Chapter 236 Fu Jingting Discharged From Hospital

Looking at the butler's smile, Rong Shu felt uncomfortable and creepy.

Coupled with the strange appearance of Cheng Huai just now...

Why does she feel that the Cheng family is a little abnormal?

Realizing that what she thought was impolite, Rong Shu quickly coughed lightly, adjusted her mood, and stopped thinking about it.

"Miss Rong, please have some tea." The housekeeper handed her the teacup.

Rong Shu took it with a smile, "Thank you."

"You're welcome." The housekeeper waved his hand, "Then talk to the young master, if you have any orders, just call me, don't be unreasonable, just treat this place as your own."

"... Good." Rong Shu's mouth twitched, and she nodded with a reluctant smile.

This housekeeper is too warm and hospitable, so she actually made her take this place as her home?

It makes her more stressed.

"Okay, uncle, go down first." Cheng Huai also picked up a cup of tea and motioned the housekeeper to leave quickly.

If he didn't leave, he would be worried that the housekeeper told Rong Shu what he liked about Rong Shu, and he couldn't imagine what would happen then.

"Okay, I'll go now." The housekeeper thought that Cheng Huai couldn't wait to be alone with Rong Shu, and replied with a smile.

When leaving, he didn't forget to give Cheng Huai a look of "Come on, look after you", and Cheng Huai was angry and funny.

"Don't mind, our housekeeper's character has always been warm, and he's already old, like an old child." Cheng Huai said, looking at Rong Shu opposite.

Rong Shu shook her head, "No, I like Uncle Steward very much. It's very kind. By the way, I have already brought the DNA sample of the Gu family that you asked me to take."

She put down the teacup and took it out from her bag. A waterproof bag containing Gu Manyin's hair.

Cheng Huai looked at it and almost spit out a sip of tea, "Why so much?"

"Uh... I accidentally tugged it a bit more, anyway, take it." Rong Shu threw her hair directly to him.

Cheng Huai caught it in a hurry, "You just said you were pulling? Could it be that you pulled all these hairs from Gu Manyin's head?"

Rong Shu smiled at him, "Almost."

"Gu Manyin should be I won't let you talk, tell me, how did you do it? Not only did you talk, but you did so much!" Cheng Huai put down his hair, moved the Taishi chair to her side, sat down and watched curiously she.

Seeing that he wanted to know so much, Rong Shu touched his earlobe, and then explained the whole process of going to the hospital to find Gu Manyin.

Cheng Huai laughed while holding his stomach, "Okay, Rong Shu, it's really your fault, you deliberately angered her, let her hit you first, and then you have a reason to fight back, so that no one doubts that you are pulling her. Hair, don't have a purpose."

"Yes, if I pull her hair directly, she will definitely check the reason why I pulled her hair, so that's the only way." Rong Shu spread her hands and replied.

"Okay, I'll have someone come over and take the hair away." He took out his mobile phone from his trouser pocket to make a call.

Rong Shu sat on the chair and listened quietly.

About half an hour later, Gu Manyin's hair was taken away.

Rong Shu was also about to leave, but was left by the housekeeper and Cheng Huai to have dinner.

After eating, Cheng Huai drove her personally and sent her back to Repulse Bay.

"Tomorrow I'll take you to see the fake romance." After Rong Shu got out of the car, Cheng Huai rolled down the car window, put one arm on the window sill, looked at her and said.

Rong Shu's eyes flashed brightly, and she nodded in agreement, "Okay, I just want to give her the necklace too."

"That's it, see you tomorrow." Cheng Huai waved.

Rong Shu hummed, "See you tomorrow."

Then, Cheng Huai rolled up the car window and drove away.

Rong Shu kept standing on the side of the road, watching his car go away, and then turned around and entered the apartment building until he could no longer see it.

On the side of the road, in a low-key car, Fu Jingting looked at Rong Shu's back with deep eyes, and the expression on his face could not express his joy or anger.

But Assistant Zhang just knew that he was not happy at the moment and was in a bad mood.

Is it because you saw Miss Rong getting out of another man's car?

"Mr. Fu, the car just now seems to be Mr. Cheng's." Assistant Zhang turned to the man in the back seat and said.

The man's eyelids drooped, covering the storm under his eyes, and he didn't answer.

Of course he knew that it was Cheng Huai.

He was just thinking, why is it so late, Rong Shu will come back with Cheng Huai, where have they gone? What did you do again?

Many doubts swirled in his heart, and the pressure on Fu Jingting's body dropped.

He squeezed his fists, his face gloomy, "Let's go."

"Aren't you going to find Miss Rong?" Assistant Zhang asked in surprise.

Fu Jingting squinted, "Why should I look for her?"

Assistant Zhang was speechless, but he was slandering in his heart.

Yes, I was jealous. When I saw Miss Rong coming back with other men, she was angry and wanted to leave.

Let's go, we'll come next time anyway.

Thinking about it, Assistant Zhang shrugged his shoulders and started the car silently.

Not long after, Fu Mansion arrived.

Fu Jingting was pushed in by Assistant Zhang, and as soon as he entered the entrance, he heard two pops, and then colorful fireworks floated down from the top of his head and fell on him everywhere.

“Brother, congratulations on being discharged from the hospital!” Fu Jinglin stood on the steps of the living room and the porch, congratulating with a smile.

Fu Jingting looked at the shaking fireworks with his two hands, and knew that he had set the fireworks just now.

“Jing Ting, welcome home.” The old lady also said with a smile.

Naturally, Wang Shuqin was not far behind, “Welcome back, Jing Ting.”

Fu Jingting’s cold brows softened a lot, and she patted off the fireworks on her body and replied, “Thank you.”

“Brother, I’ll push you.” Fu Jinglin threw the fireworks in his hand. Open and walk towards Assistant Zhang.

Assistant Zhang consciously stepped aside, “President Fu, then I’ll go back first.”

“Yes.” Fu Jingting nodded.

Assistant Zhang greeted the old lady again and turned to leave.

The moment he left the gate of Fu Mansion, he looked up at the night sky full of stars, and a tear fell from the corner of his eye.

Great, he finally got off work!

It’s not easy!

Inside, Fu Jinglin pushed Fu Jingting to the living room, “Brother, didn’t you leave the hospital in the afternoon, why did you come back now?”

Fu Jingting’s eyes flickered, “It’s a little uncomfortable, let Zhang Cheng push me out to relax.”

Listen . When he said that he was uncomfortable, the old lady turned her head, “So I said don’t rush out of the hospital so early, stay in the hospital for a few more days, you have to listen, what’s the discomfort, I’ll ask the doctor to come and see? “

No need for grandma, it’s all right.” Fu Jingting rubbed his temples and replied.

In fact, he wasn't uncomfortable, he just wanted to be the first to see Rong Shu after he was discharged from the hospital, and let Zhang Cheng take him there.

I just didn't expect to see her coming back in Cheng Huai's car.

Talking room, the living room arrived.

Wang Shufang suddenly said mysteriously, "By the way, Jing Ting, there is a surprise."

"Surprise?" Fu Jingting raised his eyebrows.

The old lady and Fu Jinglin rolled their eyes at the same time and didn't speak.

"Of course, the surprise is there." Wang Shuqin pointed in one direction.

Fu Jingting looked up and saw a person standing up on the sofa with his back to him.

The man turned around slowly, revealing a beautiful face, and was wringing his fingers, looking at him

crampedly, "Jing Ting." Fu Jingting's face changed slightly, the softness between his eyebrows suddenly changed back to cold.

His hand on the armrest of the wheelchair was also tightly clenched, and he gave Wang Shuqin a cold look.

Is this the surprise in her mouth?

### **Chapter 237: Separation from Gu Manyin**

Wang Shuqin didn't know the way Fu Jingting looked at her, but she said happily, "Jingting, Man Yin is here to find you. You don't want to see her for two days. Even if there is a conflict between you, it should be resolved and reconciled. Well, it just so happens that Man Yin will be staying at home tonight, so you can have a good talk."

"No need." Fu Jingting lowered her eyes and quietly rejected her proposal.

Gu Manyin's eyes widened, "Jing Ting, what did I do wrong? You have been so indifferent to me these past two days, tell me, can I fix it?"

She touched her heart and looked at him sadly. .

The old lady and Fu Jinglin also looked at Fu Jingting and wanted to know the reason.

Fu Jingting pursed his thin lips, "You did nothing wrong." The

reason was him, he didn't love her anymore and didn't know how to face her.

And most importantly, facing her, his thoughts and emotions will be influenced by her, and he will do some things that he doesn't think he can do.

For example, before she woke up and was discharged from the hospital, he actually let Rong Shu move out because of her words. At that time, Rong Shu was still his wife. Even if he didn't love Rong Shu, he had no reason to let Rong Shu move out. He just happened to do it.

And Gu Manyin's hands on Rong Shu several times, even if it was done by the second personality, it was illegal, and he never even thought of sending her to the police station.

The strangest thing is that he never felt that there was anything wrong with what he did before. It was not until this car accident that he suddenly realized that his past self was not only mentally retarded, but also did not even have the most basic three views!

That's not him.

Fu Jingting gritted his back teeth tightly.

He was sure that the self before the car accident was not the real self!

Having received an elite education since childhood, it is impossible for him to do such depraved behaviors.

There must be something wrong with him.

"Jinglin, take me upstairs." Thinking of this, Fu Jingting lowered his head slightly, suppressed the coldness on his face, and commanded in a deep voice.

"Oh." Fu Jinglin responded twice and pushed him towards the elevator.

This elevator was installed by Assistant Zhang yesterday.

Just for the convenience of going upstairs after leaving the hospital.

"Jing Ting..." Gu Manyin saw that Fu Jingting didn't even give her a look, didn't even say a word to herself, so she went upstairs, eager to catch up.

She came here just to make it clear to Fu Jingting what happened to him, why he didn't see her, and why he was so indifferent to her.

But unexpectedly, he would not give her this chance at all.

Before Gu Manyin took two steps, she was stopped by the old lady.

The old lady unabashedly gloated in her eyes, "Miss Gu, it's getting late, my grandson is going to rest, you should also go back."

"But my aunt asked me to..."

"I'm here, she said It doesn't count." The old lady gave Wang Shuqin a cool look.

Wang Shuqin has always been afraid of this mother-in-law, and immediately lowered her head as soon as she caught the sight of the old lady.

"Come on, send Miss Gu out!" The old lady shouted to the servant.

The servant immediately came over and made a gesture of invitation to Gu Manyin, "Miss Gu, please."

Gu Manyin bit her lip, looked at the old lady angrily, and finally stomped away.

Upstairs, Fu Jinglin pushed Fu Jingting into the room, "Brother, you have a good rest, I'll go out first."

"Wait." Fu Jingting stopped him.

Fu Jinglin turned around and said, "Brother, is there anything else?"

"Why do you suddenly hate Gu Manyin? I remember, didn't you like Gu Manyin very much like Mom?" Fu Jingting raised his eyes and stared at him he.

Fu Jinglin scratched his head, "Yeah, I've always heard from my mother that Gu Manyin is so good, plus brother, you like her, I thought, brother, a girl as good as you likes must be really good. That's why I liked Gu Manyin very much, but after I saw her true face, I naturally hated her."

Fu Jingting was silent.

Yes, when anyone finds out that a person they thought was a good person is actually poisonous and bad in nature, they will choose to stay away.

But he wasn't completely out of this idea.

Seeing that the eldest brother didn't speak, Fu Jinglin blinked, "Brother, why are you asking this?"

"It's okay." Fu Jingting said in a low voice.

Fu Jinglin rolled his eyes and asked gossip, "By the way, brother, what happened to you and Gu Manyin? We quarreled?"

"No."

"I don't believe it." Looking at him with an expression, "Your situation is not a quarrel and a conflict, how can you have a posture of breaking up."

Fu Jingting's thin lips pursed slightly, "Maybe, I really should separate from her."

He wanted to be a normal person, Instead of a puppet who is led by Gu Manyin's thoughts and feelings.

As for the promise he made to her before, he was suspicious, was it really what he made willingly?

He felt vaguely in his heart, no!

"Brother, what did you just say? You...you want to talk to Gu Manyin..."

"Go out, I want to rest." Fu Jingting didn't wait for Fu Jinglin to speak, and then started to chase people away.

Fu Jinglin walked out of his room in a trance, and after a while, he recovered before swallowing.

God, big brother is going to be separated from Gu Manyin!

Such good news, he had to tell Sister Rong Shu.

Fu Jinglin took out his mobile phone and excitedly called Rong Shu.

Rong Shu was taking a bath when she heard the phone ringing, took a look at it, and immediately hung up instead of answering it.

Fu Jinglin pouted aggrievedly, "What, why do you hang up on me! The more you hang up, the more I will call, see if you answer."

He snorted and continued to call.

Rong Shu answered angrily, "If you fart, let it go!"

“Sister Rong Shu , it’s not good for you to be so rude.” Fu Jinglin leaned against the wall in the corridor, shaking his legs lazily, feeling very proud.

Hmph, why don’t you answer his phone?

Not picking up now.

“It’s none of your business, the little brat has taught me a lesson.” Rong Shu curled her lips in annoyance, “Hurry up, talk to me if I have something to do, I’ll hang up and take a bath.”

Hearing two baths “I… I want to tell you good news, my elder brother is going to separate from Gu Manyin.”

“What?” Rong Shu was stunned for a moment . , and then sat up straight from the bathtub in surprise, “Separate?”

“Yeah, this is what my elder brother said personally, Sister Rong Shu, are you happy?”

Rong Shu frowned, “I’m glad you are a big bastard, you have a relationship with me. What’s the relationship, do you think they are separated, and I will remarry your elder brother?”

She rolled her eyes, but she couldn’t help but guess that Fu Jingting and Gu Manyin were going to be separated, maybe it was because of what she said in the hospital today Bar.

“Why can’t you remarry with eldest brother, I think you and eldest brother are a good match.” Fu Jinglin muttered.

A trace of sarcasm flashed in Rong Shu’s eyes, and her tone became much colder, “Fu Jinglin, don’t you feel guilty for saying this? Don’t forget, you used to think that I was not worthy of your elder brother, and even thought it was all because of me, you Big brother can’t marry Gu Manyin, it’s ironic that you are saying this now.”

After speaking, she hung up the phone, put the phone aside, and continued to take a bath.

On the other end of the phone, Fu Jinglin lowered his head because of Rong Shu’s words.

“What are you doing standing here?” Wang Shuqin came up with the medicine, and she couldn’t help but look disgusted when she saw her young son standing in the corridor sullen.

“Nothing…” Fu Jinglin replied dejectedly, opened the door and entered his room.

“What’s wrong with this child?” Wang Shuqin shook her head, without thinking much, she knocked on Fu Jingting’s door, “Jingting, are you inside?”

Chapter 238 Gu Manyin is not the Gu family

“Come in.” Fu Jingting was sitting on the head of the bed, reading a book in his hand.

Wang Shuqin pushed open the door and went in, “Jing Ting, this is the medicine prepared for you, remember to take it.”

“Thank you mom.” Fu Jingting nodded slightly.

“Then go to rest early, I’ll go out first.” Wang Shuqin pointed to the door.

Fu Jingting hummed, “Go slowly.” After Wang Shuqin

left, he closed the book in his hand, took the medicine and water cup by the bedside, and swallowed the colorful, bitter medicine with a blank expression.

After taking the medicine, he read the book for a while, and soon a groggy feeling hit him.

He knew that it was the medicine just now, and it had the sequelae of drowsiness.

When he was in the hospital, he also began to feel dizzy and sleepy every time he finished taking the medicine.

Fu Jingting put the book aside, lay down, and fell asleep not long after.

That night, he had a long nightmare.

In the dream, after Gu Manyin woke up, he brought her back just like in reality, and then let Rong Shu move out, but unlike reality, Rong Shu did not agree to move, so he actually let Rong Shu’s Something was thrown out of Fu Mansion.

And in the dream, Rong Shu didn’t divorce him, but he filed for divorce. Rong Shu didn’t want to leave, so he humiliated Rong Shu and forced her to divorce.

In addition, he also dreamed that Gu Manyin was the same as reality, hurting Rong Shu in various ways, but in the dream, he thought it was Rong Shu who was bullying Gu Manyin, and then tortured Rong Shu in every way, and even Rong Shu was sent to prison...

Fu Jingting was awakened by this dream, and he was covered in sweat when he woke up.

He looked at his hands, then at his room, and finally breathed a sigh of relief.

Fortunately, this is just a dream, not real.

But there was a voice in his heart that told him again, if Rong Shu hadn't taken the initiative to file for divorce, maybe Rong Shu would have been treated like that in a dream!

Suddenly, the phone rang.

Fu Jingting suppressed his thoughts, picked up the phone, and answered with a hoarse voice, "What's the matter?"

"Mr. Fu, are you coming to the group today?" Assistant Zhang asked on the phone.

Fu Jingting snorted, "Come on."

"That's right, just now, Mr. Gu called to make an appointment and wanted to meet you. I heard that his tone was not very good. He also mentioned Miss Gu. I guess it was because you were right Miss Gu's attitude makes Mr. Gu a little dissatisfied, so I want to talk to you in person." Assistant Zhang said.

Fu Jingting frowned, "I see, let him go down there."

"Okay." Assistant Zhang nodded.

"Also, make an appointment with a psychiatrist." Fu Jingting said with his eyes lowered.

He wanted to ask what was wrong with him and why he was influenced by Gu Manyin when he saw him.

"Psychiatrist?" Assistant Zhang was a little puzzled, "Mr. Fu, are you watching or who is watching?"

"Me." Fu Jingting lightly opened his thin lips and replied, "I've been under a lot of pressure recently."

"Is that so." Assistant Zhang lifted the Lifting his chin, he didn't doubt anything, "Then I'll make an appointment with Dr. Steve."

"No, change it to something else, don't want Steve and Lin Tianchen." Fu Jingting said with a condensed expression.

These two people, one is Gu Manyin's doctor, and the other has a good relationship with Gu Manyin.

If they knew what he was consulting, it would soon reach Gu Manyin's ears.

"Okay, then I'll find something else." Although Fu Jingting didn't know why he did this, as a subordinate, Assistant Zhang didn't ask much, and just did it.

After hanging up the phone, Fu Jingting lifted the quilt, slowly got out of bed with the edge of the bed, got into the wheelchair and went to the bathroom to wash.

Meanwhile, Repulse Bay.

Rong Shu packed up, picked up her bag, went out the door, and met Cheng Huai downstairs.

"Get in the car, my princess." Cheng Huai stood in front of the car, opened the back seat door, and performed an elegant gentleman's manner.

Rong Shu didn't know whether to laugh or cry, "Okay, goosebumps all over the place, and the princess."

Cheng Huai smiled, "Okay, let's stop making trouble, get in the car."

Rong Shu nodded and leaned into the car . .

Cheng Huai also quickly returned to the driver's seat and drove to the place where Fake Manqing lived now.

On the way, he told Rong Shu a lot about the training of fake romance, so that Rong Shu had a better understanding of fake romance.

About half an hour later, the place where Fake Manqing lived arrived, which was a relatively secluded suite under the name of Cheng Huai.

Cheng Huai knocked on the door, and the door opened quickly.

Rong Shu saw that the door was opened by a woman about her age.

The woman's appearance is not particularly beautiful, and her skin is rough and sallow, and she is also very thin. At first glance, it is caused by long-term malnutrition, and even the clothes on her body cannot support it.

Even his temperament is submissive, not daring to look directly at others.

Rong Shu understood that this should be the person they brought to pretend to be Gu Manqing.

Sure enough, Cheng Huai pointed at Fake Manqing and said to Rong Shu, "She is our Fake Manqing."

Fake Manqing brought two cups of tea and gave Rong Shu a cup first, "Rong... Hello, Miss Rong, this is me. Li Zhaodi, I..."

Rong Shu frowned, interrupting the woman's self-introduction, "You are not Li Zhaodi, from this moment on, you are Gu Manqing, remember, whoever asks you in the future, you You can only answer, you are Gu Manqing, understand?"

"Rong Shu is right. Your impersonation of Gu Man is very important. If you are exposed, then waiting for your end will definitely not be much better, so you must not expose it." Cheng Huai stared at Li Zhaodi, also known as Gu Man Love, the voice said solemnly.

Gu Manqing nodded hastily, "I...I know, I won't reveal it." For the sake of one million, she must pretend Gu Manqing to the end!

Seeing that Gu Manqing had written it down, Rong Shu's frowning brows loosened.

Then, she took out a box from her bag and opened it. Inside was a necklace, which was the daughter's necklace.

Rong Shu stood up, walked in front of Gu Manqing, and put on the necklace for her in person, "This necklace is the key to your home, and it is also a token to prove that you are Gu Manqing, you must not lose it, and You have to remember that you have worn this necklace since you were a child, until some time ago, before the old man who adopted you passed away, and told you that you might be the daughter of a wealthy family, you took the necklace to the jewelry store for consultation."

"Well, I'll remember it." Gu Manqing grabbed the necklace and replied.

Rong Shu patted her shoulder and returned to the seat just now.

At this time, there was a knock on the door.

The three of them looked together, looking at the open door, and there was a man standing there.

"Mr. Cheng." The person here is Cheng Huai's assistant.

Cheng Huai let him in, "What's the matter?" " There is something wrong with Gu Manyin's hair that you asked me to take away yesterday." The assistant replied.

Rong Shu was drinking tea, "What's the problem?"

Could it be that there are no hair follicles, so it's not useful?

No, she plucked directly from Gu Manyin's head. The plucked hair basically had hair follicles, but none of her own.

"I sent my hair to each of the major hospitals in Haishi. What I didn't expect was that the first hospital had the medical records of Gu Manyin and Gu's family."

"What's the matter? As long as you go to the hospital for a physical examination, the hospital will have a backup of the physical examination data." Cheng Huai disagreed.

The assistant shook his head, "That's where the problem lies. I looked at the medical records of the Gu family and found that Gu Manyin's blood type doesn't match the Gu family's husband and wife."

"What do you mean?" Rong Shu's face became tense, "What should you do? It doesn't mean that Gu Manyin is not the daughter of the Gu family, right?"

Cheng Huai also looked at the assistant quickly, "Rong Shu is right?"

"Yes, Gu Manyin is indeed not the daughter of the Gu family, I thought it was Gu. The blood type on Manyin's medical examination data was wrong, and then the hospital went to the hospital to test Gu Manyin's hair, and found that there was nothing wrong, she is indeed not the daughter of the Gu family, so Gu Manyin's hair is useless." The assistant replied.

"I'm going, after so much tossing, Gu Manyin is not actually the biological child of Gu Yaotian and his wife." Cheng Huai scratched his head irritably.

Rong Shu pursed her lips, "Okay, it doesn't matter to us whether Gu Manyin is their biological daughter, the important thing is that her hair is useless, we have to find a way to get the hair of Gu Yaotian or Madam Gu, Otherwise, there is no way to forge dna information for Gu Manqing."

She looked at Gu Manqing who kept her head down and kept silent.

Cheng Huai touched his chin, "Let me handle this matter."

"What are you going to do?" Rong Shu turned his eyes to him.

Cheng Huai snapped his lips and snapped his fingers, "It's very simple, learn from you, find someone to block Gu Yaotian on purpose, bump him, and then beat him up, deliberately saying that Gu Yaotian bumped into someone, so our people can take advantage of the opportunity. Did you beat Gu Yaotian?"

He blinked at Rong Shu.

Rong Shu didn't speak, just gave him a thumbs up silently.

Cheng Huai was like a child who had been praised, and his eyes narrowed when he smiled.

Afterwards, he looked at Gu Manqing, "You heard what you said just now. You will be delayed for two more days when you look back at home."

"It doesn't matter, I will listen to your arrangements, Mr. Cheng and Miss Rong." Gu Manqing waved her hands quickly. Indicates that it doesn't matter.

Cheng Huai nodded, "Let's go."

Rong Shu hummed, got up and went out with him.

In the elevator, she suddenly asked, "By the way, I have never asked you, what conditions did you use to get Li Zhaodi to agree to pretend to be Gu Manqing? You must know that although this is a fat poor, the risk of exposure is also high. Gu Yaotian will definitely use Li Zhaodi to start the operation, after all, the daughter of a wealthy family is not so easy to pretend to be."

"Money." Cheng Huai put his hands behind his head, "There is nothing better in this world than money. I told you before that Li Zhaodi was born in a family that favored sons over daughters. She didn't go to school either, when I found her, her parents were about to marry her to a fifty-year-old widower with a dowry of 200,000 yuan, just to marry a daughter-in-law for their son."

Hearing this, Rong Shu's eyes A flash of disgust flashed, "Such parents are really unworthy!"

"Yeah, so I spent 200,000 to buy out the relationship between her and her parents, and promised her that as long as she pretended to be Gu Manqing and acted as ours Neiyang, after we destroy the Gu family, we will give her one million yuan and a house, and give her a new identity, so she agreed to thank me for saving her and for the one million and the house." Cheng Huai said.

Rong Shu suddenly said, "I see, but one million is a bit small. After the event is completed, I will add another one million. Two million is enough for an ordinary person

to live a good life, but how did you arrange her parents? What if she jumped out from the back and exposed her?”

“Don’t worry.” Cheng Huai’s eyes flashed a bit of sternness, “I have been monitoring them, and I won’t let them come to the sea market, not to mention, I brought Li Zhaodi to the sea. In front of the city, all of Li Zhaodi’s past has been cleared, so even if someone suspects that Li Zhaodi is not Gu Manqing, she will not be able to find out her past identity.”

“Yeah, that’s good.” Rong Shu smiled reassuringly.

“By the way, I’m going to the Fu Group in a while to talk to Fu Jingting about the pen business. I may not be able to send you. You...”

“I’ll take a taxi by myself. If you have something to do, just do it first.” Rong Shu smiled understandingly. .

Ding, the elevator is on.

The two separated by the roadside.

Rong Shu took a taxi back to Tiancheng.

Cheng Huai, on the other hand, drove to Fu’s.

Fu Group, Gu Yaotian, led by Assistant Zhang, came to the president’s office.

Fu Jingting was waiting for him inside.

After Gu Yaotian went in, he directly pulled out the chair and sat down, “Jing Ting, you should have guessed it, what am I looking for you for?”

“Manyin.” Fu Jingting crossed his fingers, looked at him, and returned two Character.

Gu Yaotian nodded, “Yes, I’m looking for you, it’s really for Manyin, I’ve heard Manyin say, you’ve been ignoring her these days, very indifferent, Manyin is looking for you to talk to, you Don’t give her a chance, what did she do to make you so arrogant?”

Fu Jingting lowered his eyes, “Did your uncle come here because Manyin asked you to come, or is it yourself?”

Gu Yaotian coughed twice, “Both. Yes, Manyin said that you don’t want to deal with her, so you have to let me come over. As a father, I can’t see my daughter suffer from this grievance, so I came here, Jing Ting, if Manyin really did something wrong and offended you , if you say it, I’ll ask Manyin to apologize to you, okay?”

Fu Jingting rubbed his fingers and didn't speak.

Gu Yaotian couldn't guess what he was thinking, and he was very clueless.

"Jing Ting." Gu Yaotian leaned forward, "You tell your uncle to be accurate, is it because you feel ashamed by what Man Yin did at the banquet a few days ago, and that's why you..."

"No." Fu Jingting pinched his brows, "I just suddenly felt that Man Yin and I didn't seem to be a good fit."

Hearing this, Gu Yaotian froze for a while, and his face turned bad, "Jing Ting, what is not quite right? That's right, don't tell me, you want to break up with Man Yin?"

Fu Jingting's eyes flashed and he looked up at him, "Since my uncle is here, I'll just say it straight, I do..."

He said Before it was over, he was interrupted by Gu Yaotian's ringtone.

Gu Yaotian made a gesture to him that he would talk about it later, and then took out his mobile phone, "Hey, what's the matter?"

"Mr. Gu, it's not good, the after-sales department just said that there are some problems with our latest products, and a lot of consumption Everyone is stuck in our group, let us give an explanation Well, otherwise, go to the industry and commerce department and report that we deliberately sell fake products to deceive consumers. The assistant said eagerly.

"What?" Gu Yaotian's expression changed and he stood up, "Those consumers are fed up, they need to report such a shitty thing, alright, I'll be right back." He put down his phone, "

Jing Ting, if you have anything to say, I'll talk about it next time. There's something wrong with my group. Let's go first. You hurry up and make up with Man Yin. Man Yin is sleeping because you ignored her for the past two days." I don't sleep well, and I don't eat well. I feel distressed when I see it. After he finished speaking ,

he quickly disappeared in Fu Jingting's office.

Fu Jingting frowned, obviously dissatisfied with the development of this matter.

But there was nothing he could do, and he couldn't call the person back.

It seems that the matter of breaking up can only be done next time . I told Gu Manyin personally. In the

Fu Group parking lot, Gu Yaotian hurriedly got out of the elevator and walked to his car. After

a few steps, one was wearing a floral shirt, wearing sunglasses and smoking a cigarette. The big man with tattoos put his hands in his pockets, hummed a song, and came over, bumping into Gu Yaotian.

Sitting in the office all the year round, he lacks exercise, and his body is out of shape. Another old Gu Yaotian, where is this big man's opponent? When he was hit by the big man, he fell to the ground and gasped in pain.

Gu Yaotian wasn't even angry, but the big man got angry first.

He spit out the smoke in his mouth and took off his sunglasses, revealing a fierce look. Then he grabbed Gu Yaotian's hair, pulled Gu Yaotian up from the ground, and roared loudly, "You are blind, didn't you see Lao Tzu coming, how dare you hit Lao Tzu!"

Gu Yaotian is used to being pampered. He has been treated like this, and his heart is also angry.

However, when he saw the high arched muscles of the big man, his old face trembled, and the anger in his heart died suddenly

. Can't afford to offend.

Chapter 240 I didn't love you a long time ago

Gu Yaotian swept away his usual aloof appearance, wiped the foam stars on his face, and said in a trembling voice, "This... this gentleman, I didn't hit you, it was you who came and hit me." The big man

glared, "I bumped into you? What nonsense, how could I bump into you, obviously it was you, the old boy who bumped into the uncle, and I didn't admit it, but I still wronged the uncle."

Speaking, waving is a slap.

It was the first time that Gu Yaotian had been slapped in the face of such an old age.

When he came back to his senses, the big man was no longer there.

He was trembling with anger, and a humiliation surged up in his heart.

He has already memorized the face of the big man. When he is done with the group, he will come to Jing Ting to monitor him, vowing to catch the big man and torture him to death, so that the hatred in his heart can be relieved!

Gu Yaotian pressed his tongue against his cheek, and got into the car with a gloomy look.

Not long after he left, the big man from before came out from the corner, and there was another person behind him.

“Young Master Cheng, this is the hair you want.” The big man handed over a few pieces of hair wrapped in paper with both hands, and he couldn’t be more respectful, just like the arrogant look in front of Gu Yaotian just now, exactly like two people.

Cheng Huai took the hair with satisfaction, and then handed over another check, “Yes, it’s hard work for you.”

“Hey, it’s not hard work, there are still these things in the future, Cheng Shao tells you to do as much as you want, and I promise to be obliged.” The big man took the check, , patted his chest and said.

Cheng Huai nodded with a smile, “Don’t worry, I won’t forget you, let’s go.”

“Yes.” The

big man left, Cheng Huai looked at the place where Gu Yaotian was beaten just now, sneered, and walked towards the elevator.

He didn’t expect that he was so lucky to see Gu Yaotian’s car in the parking lot, so he called and called a gangster to help him in the play just now, and successfully got Gu Yaotian’s hair.

Not to mention, Gu Yaotian looked like a grandson in front of the gangster just now, which was quite funny.

“It’s you!” When Fu Jingting saw Cheng Huai who came in, he instantly remembered the scene where he sent Rong Shu to Repulse Bay last night, and his face suddenly became a little bad.

Cheng Huai noticed his attitude and touched his nose, “What’s the matter, Jing Ting, I didn’t offend you, why are you stinking like I stole something from you.”

Fu Jingting’s thin lips pursed tightly, “You What’s the matter?”

“I didn’t say that last time, it was about signing a contract for a new project.” Cheng Huai pulled out the chair and sat down.

Fu Jingting opened the drawer, took out a document and threw it in front of him, “Sign it and go.”

Cheng Huai raised his eyebrows, “Yo, you are in such a hurry to drive me away, shouldn’t you be in a hurry to date Gu Manyin? Right ?”

Hearing this, Fu Jingting’s body pressure dropped and he looked at him coldly.

He hurriedly made a gesture of surrender, “It’s okay, if I didn’t say it.”

He lowered his head and hurriedly signed, but he was surprised.

If he read it right just now, Jing Ting seemed a little disgusted to be tied to Gu Manyin.

why is that?

Without asking more, Cheng Huai signed the document and handed it over, “Okay.”

After Fu Jingting took it, he also signed his name.

The contract officially takes effect.

Cheng Huai’s purpose of coming here was achieved, so naturally he didn’t stay any longer, and left after drinking a cup of coffee.

As soon as he walked out of Fu Jingting’s office, he saw Assistant Zhang walking over with a doctor in a white coat.

Cheng Huai was not surprised why the doctor came here. After all, Fu Jingting was only discharged from the hospital, and his injuries had not recovered. It was normal for a doctor to check his injuries 24 hours a day.

However, when passing by the doctor, Cheng Huai inadvertently glanced at the doctor’s chest and saw the professor of psychological counseling with a work permit.

He whistled inwardly.

It seemed that he had discovered something extraordinary.

In the elevator, Cheng Huai took out his mobile phone and sent a message to Rong Shu, did he arrive?

Rong Shu was reading the document when she heard the phone ring, took a look, and immediately replied that she had arrived early.

Cheng Huai smiled and told you that Fu Jingting’s mental state might not be right, he was seeing a psychiatrist.

“A psychiatrist?” Rong Shu’s beautiful eyes narrowed, and she continued to type. How can you be sure that he is the one who wants to see it, not Gu Manyin? Don’t forget, Gu Manyin has ‘split personality’.

She deliberately put the words “split personality” in quotation marks, full of irony.

The voice directly sent by Cheng Huai this time, “I have seen Gu Manyin’s psychiatrist, but I didn’t see it this time, so I am sure that it is Gu Yaotian who needs to see a psychiatrist himself.

” There’s no need to tell me this kind of thing, I’m busy.” Rong Shu also replied directly.

Really, one or two told her about Fu Jingting, what happened to Fu Jingting and what did it have to do with her.

She is not the Rong Shu she used to be, and she is still interested in his affairs.

Cheng Huai smiled, “Okay, okay, I won’t talk about it in the future, I’m not afraid that you can’t let go, so...”

“Stop!” Rong Shu interrupted him with a cold face, “I said, I I don’t love him anymore, so I can’t let it go, okay, I’ll keep busy.”

She closed WeChat and ignored him.

But instead of continuing to work, she looked at the phone with a complicated expression.

In fact, many people don’t really believe that they don’t love Fu Jingting so quickly, such as Ah Qi and Xiao Chuan.

She knew that they only believed that she didn’t love Fu Jingting on the surface, but she still thought she had Fu Jingting in her heart. Cheng Huai’s behavior just now was enough to show that, after all, in their opinion, she had loved Fu Jingting for so many years. Divorce is not love.

But the truth is, she really didn’t love her, not after the divorce, but a long time ago, not long after she got married, she stopped loving Fu Jingting.

To be more precise, what she loves is not the indifferent Fu Jingting after marriage, but the gentle and elegant Fu Jingting in white clothes before marriage.

Before getting married, she thought that she was marrying the Fu Jingting she loved, but the truth was not what she thought.

Thinking of this, Rong Shu picked up the phone again, opened the album, and pulled out a photo from an encrypted folder in the album, which was also the only photo in the folder.

The photo is a little blurry. It was taken secretly by her in a hurry many years ago, so it is not so clear.

“Hey...” Looking at the photo, Rong Shu suddenly sighed.

The photo is of a young man in a white shirt. The young man turned his back to her, but turned his head. He turned around when he discovered her candid photo, but instead of being angry, the young man showed a touch of her. Gentle smile.

At that moment, she was moved to Fu Jingting.

That was when she was in her first year of high school. At that time, Fu Jingting had already gone to university. Because of her excellent grades, she was invited by the school to give a speech to their younger brothers and sisters.

At first, she just thought he was very good-looking, so she couldn't help taking pictures of him secretly. She didn't have any other thoughts about him, but she didn't expect that because of his smile, she was completely tempted, and then she fell in love with him like crazy. Learned everything about him and married him in one fell swoop after college.

In fact, at that time, she knew that he didn't love her. After all, they had never seen each other except the one time when they secretly filmed her. It should be said that he had never seen her, but she had seen him secretly a few times.

She thought that after getting married, she could impress him and make him fall in love with her, but she was obviously wrong. Not only did she not impress him, but she succeeded in making him hate her even more. Gradually, she became tired and understood. He was no longer the gentle young man she loved.

As for why she didn't get a divorce, why she had to stay in the Fu family for six years, maybe it was because of her unwillingness and obsession.

After all, she has been in love with Fu Jingting since high school. She finally married her. How could she be so willing to let go? She still wants to try. Maybe one day, he will change back to the familiar and gentle Fu Jingting before?

However, it was not until three months ago that Gu Manyin's awakening and his expulsion made her understand that he would not change back to the old Fu Jingting. The current Fu Jingting belongs to Gu Manyin, not the Fu Jingting she loves, so, She made up her mind to get a divorce.

"President Rong!" At this moment, Tong Xi knocked on the door and came in.

Rong Shu hurriedly exited the album, turned off her phone, adjusted her mood and asked with a smile, "What's the matter?"

"Mr. Duan told everyone to have a meeting." Tong Xi said, standing opposite her desk.

Rong Shu nodded, "Understood, go over immediately."

At the same time, the Fu Group.

Assistant Zhang brought the psychiatrist into Fu Jingting's office.

"Mr. Fu, this is Dr. Su. He is also one of the most well-known psychiatrists in China. He often helps the police station solve many criminal cases." Assistant Zhang introduced.

Fu Jingting nodded slightly, "Understood, you go out first."

"Yes." Assistant Zhang nodded.

After he went out, Fu Jingting looked at Dr. Su, "Please sit down."

"Thank you, Mr. Fu." Dr. Su pulled out the chair and sat down, smiling and looking at Fu Jingting, "Is there something bothering Mr. Fu? I will try my best to enlighten you."

Fu Jingting's thin lips were slightly pursed, and he did not speak immediately. in organizational language.

Dr. Su didn't rush. Seeing the tea poured in front of him, he picked it up and took a sip.

The refreshing aroma of tea made him narrow his eyes with satisfaction, and he couldn't help but reminisce about the taste of this tea.

Sure enough, it is good to have money, to be able to drink such good tea all the time.

"Doctor Su." Fu Jingting shouted as if he knew what to say.

Dr. Su immediately recovered and put down the teacup, "President Fu, please tell me."

"I suspect that I was hypnotized." Fu Jingting clenched his fists and said in a cold voice.

This is the conclusion he has come to in the past two days.

He was hypnotized without his knowledge, but because of the recent car accident, the effect of hypnosis has been reduced, so he has regained some real consciousness. “

Doctor Su pushed his glasses, “Are you sure? To know that even if a person is hypnotized, he himself is absolutely not clear. Fu

Jingting rubbed his eyebrows, “I didn’t know before, until after this car accident, I realized that something was wrong with me, and what was wrong with me mainly came from one person, my fiancée, I found that as long as my fiancée appeared in front of me, my thoughts and emotions, as well as feelings, will be led away by her. “

“Like what? Dr. Su became a little more serious.

“For example, if she wants something, I will satisfy him without hesitation. For example, if she is wronged, even if I know that she is pretending and wants me to stand up for her, I still have nothing to do with it.” Do it without hesitation. “Fu Jingting held his head, his face was full of exhaustion. Yes, Gu Manyin

pretended to be wronged.

Now, when he thinks back on how Gu Manyin cries with red eyes every time, he can clearly know that most of her are pretending, but he has never noticed it before, as if there is a hand blinding his eyes the same.

“Is there anything else?” Dr. Su touched his chin. “With all due respect, Mr. Fu, the two examples you mentioned are useless and cannot determine whether you have been hypnotized.”

“Also.” Fu Jingting lowered his eyelids .

Next, is the real focus.

Taking a breath, Fu Jingting suppressed the irritable emotions in his heart, and said calmly, “I don’t love her, but when I see her, I can feel a voice in my heart telling me that I love her very much now. , I should give everything for her, I should eliminate all those who can threaten her for her, and the most important thing is...”

“What is it?” Dr. Su looked at him seriously.

Fu Jingting closed his eyes, “That voice also told me that even if I knew that my fiancée had done something wrong and hurt others, I can’t blame her, I must think she is innocent, and it is others who are at fault, because she She is the person I care about most, she is pure and flawless in my heart, and she is weak and helpless, and it is impossible to do those acts of murder and scheming others.”

Having said this, he paused and said, "Even if she is really I did, and I had to quickly find a reason for her to explain that she was forced to do it, and I had to forget about the things she did as soon as possible, and even if I thought about it later, I had to think that they were small things."

Hearing these words, Dr. Su took a deep breath, "Mr. Fu, from what you said, I can basically conclude that your thoughts and feelings will indeed be affected by your fiancée. When your fiancée is away, you can You clearly know that you don't love her, but when your fiancée is here, you feel that you love her and want to give her the whole world."

"Yes, Doctor Su, am I really hypnotized?" Fu Jingting stared at her. he.

Dr. Su pondered for a while and replied, "I'm still not sure about this, but the only thing I can be sure of is that something is wrong with your body."

"Then ask Dr. Su to help me find out if I was hypnotized, and when did I get hypnotized?" Fu Jingting said through gritted teeth.

Dr. Su stood up, "Of course you can, then Mr. Fu asks you to close your eyes and I'll examine you."

"Well." Fu Jingting nodded and closed his eyes.

When it was closed, when it was opened again, it was already an hour later.

He actually slept for an hour.

And to his surprise, he didn't even know when he fell asleep.

"Doctor Su, how's it going?" Fu Jingting couldn't help but sank when he saw Dr. Su on the opposite chair with frowning furrowed.

Dr. Su shook his head solemnly, "Mr. Fu, it's a pity, I checked you twice, and the result is that you are not hypnotized, you are normal, and there is no mental abnormality at all."

Fu Jingting's pupils narrowed, "How is this possible, what I just said is true, if I hadn't been hypnotized, how would I explain my situation?"

Dr. Su sighed, "That's why I'm also very puzzled, Mr. Fu, your situation, I have never Encountered so I suspect either it's the person who hypnotized you who is way ahead of me mentally and psychologically so I can't diagnose it, or as I just said, you're not hypnotized and I'm personally biased Because of the latter."

He himself is also a well-known psychology professor in the world, and there are very few people with higher attainments than him. If it is those few who make a move, even if he can't solve the hypnosis, he can't see it.

Therefore, the possibility that Mr. Fu was not hypnotized is very high.

Thinking of this, Dr. Su suggested, "Why don't you do this, Mr. Fu, you can find more psychiatrists, let them diagnose and treat, and see if the results are the same as mine."

Chapter 242 You are the first

Fu Jingting pondered, obviously a little moved by this proposal.

Dr. Su added, "In addition, Mr. Fu, you are influenced by your fiancée, that is to say, you can also find out the reason from your fiancée, maybe your fiancée knows something, after all, she is the only beneficiary."

"Su The doctor is right, I understand, I will trouble you today." Fu Jingting stretched out his hand to him.

Dr. Su held it up, "No trouble, if President Fu has any questions, you can contact me at any time."

"Okay." Fu Jingting nodded slightly and called Assistant Zhang outside, "Send Dr. Su out."

"Okay." Assistant Zhang responded and made a gesture of invitation to Dr. Su.

Assistant Zhang took Dr. Su to the elevator door. After Dr. Su entered, he returned to the president's office.

"Mr. Fu, are you okay?" Assistant Zhang asked with concern.

Fu Jingting shook his head, "It's okay, you can help me contact a few more psychiatrists."

"Mr. Fu, what's wrong with you?" Assistant Zhang was taken aback.

One psychiatrist is not enough, we need to find a few more.

Is Mr. Fu's mental illness so serious?

Fu Jingting glanced at him impatiently, "Just do what you want, what are you talking about?"

"I don't care about you yet." Assistant Zhang pouted.

Fu Jingting rubbed his temples, "Okay, stop talking nonsense. I'll investigate whether Gu Manyin has seen a psychiatrist six years ago, or in the past few months, especially a psychiatrist who is good at hypnosis."

He doubted . It is possible that he was hypnotized by Gu Manyin, after all, Gu Manyin was the biggest beneficiary.

Of course, even if it's not Gu Manyin, it must have something to do with Gu Manyin.

Thinking about it, Fu Jingting added another sentence, "And Gu Yaotian and his wife also check it out."

"Mr. Fu, are you talking about Dr. Lin? Dr. Lin can be hypnotized. He has a good relationship with Miss Gu. If Miss Gu wants to find a psychiatrist, he must be the first person to look for." Assistant Zhang reminded.

Fu Jingting's eyes narrowed, and a cold light burst out from the bottom of his eyes, "Then focus on investigating Lin Tianchen."

"Are Miss Gu and the Gu family still investigating?" Assistant Zhang asked.

Fu Jingting looked at him dissatisfiedly, "What do you think?"

"I see, I'll check!" Assistant Zhang straightened his back.

Only then did Fu Jingting withdraw his gaze.

Of course, he still has to investigate. He personally thinks that if Gu Manyin and the Gu family really hypnotized him, they would not ask Lin Tianchen to hypnotize him. It is well known that Lin Tianchen and the Gu family have a good relationship, so it is too risky to ask Lin Tianchen to hypnotize him. If it is exposed, then the Gu family will naturally be exposed.

Therefore, smart people will definitely choose other psychiatrists. Of course, there are absolutes in everything, so let's check together.

In the following two days, Fu Jingting met with many well-known psychologists one after another.

But their diagnosis was exactly the same as Dr. Su, that he was not hypnotized, he was normal.

This result made Fu Jingting disappointed and at the same time began to doubt himself.

A psychiatrist said he wasn't hypnotized, so maybe the diagnosis was wrong.

But so many people say he doesn't have it, then he doesn't have it.

So what he thinks is wrong, is it all his imagination?

No, intuition tells him no, it's all true, it's just not being hypnotized, but something else.

"Mr. Fu, I checked, Miss Gu and the Gu family have not contacted any psychiatrist other than Dr. Lin in the past six years, and Dr. Lin didn't know psychology six years ago, after going abroad six years ago. He just went to study, and he didn't return to China until Miss Gu woke up three months ago. He hasn't had any contact with you in the past six years. Although he has seen you several times in the past few months, he has not done anything to you." Assistant Zhang put himself The investigation report was handed over.

Fu Jingting took it and looked at it. He didn't speak. He lowered his head and didn't know what he was thinking.

"That's right, Mr. Fu." Assistant Zhang added, "Just now, Miss Gu was afraid that you would not answer the phone, so she called me specifically and asked me to tell you that I would like to invite you to a restaurant for dinner tonight and talk to you by the way, I guess She wants to take the initiative to reconcile with you."

These days, Mr. Fu never saw her.

She must have panicked.

"Understood, promise her." Fu Jingting lowered his eyes and said softly.

What I didn't say to Gu Yaotian last time, I just happened to say it to Gu Manyin in person this time.

Assistant Zhang didn't know Fu Jingting's true thoughts, and was a little surprised to hear that he agreed to go to the appointment.

President Fu, don't you want to reconcile with Gu Manyin too?

Thinking of this, Assistant Zhang pouted, feeling a little uncomfortable in his heart, but he remained calm, nodded in response, "Okay, then I'll reply." In the

evening, Fu Jingting went to the appointment as scheduled.

On the other side, Rong Shu and Li Chuan also came out to eat.

Lu Qi originally wanted to come, but the company was temporarily in trouble and was held back, so he could only watch them come out.

“Sister, you go first, I’ll find a parking space.” Li Chuan rolled down the car window, wearing sunglasses, and said to Rong Shu who was standing on the side of the road after getting off the bus.

Rong Shu nodded, “Okay, hurry up.”

“Soon.” Li Chuan smiled softly, rolled up the window and drove the car to the front.

Rong Shu lifted the bag chain on her shoulders and prepared to enter the restaurant.

Suddenly, she felt a gaze staring at her.

She turned around subconsciously and saw the man staring at her.

It was a man, wearing white clothes and white trousers, with waist-length hair.

What surprised Rong Shu was that this man was very beautiful.

Yes, beauty, although it is a bit inappropriate to describe a man with beauty, but other than this word, she can’t think of any language to express the appearance of this man.

It was the first time she had seen such a beautiful man.

And this handsome man’s eyes are also very special, light gray, as if covering the entire universe.

But when he looked at her, he didn’t have slightest warmth, and he didn’t have any mood swings. Looking at her was like looking at a dead object, which made her shiver.

This man is very dangerous! This sentence suddenly appeared in Rong Shu’s mind, squeezed the palm of his hand, and asked with a high degree of vigilance

, “Hello sir, why are you looking at me like this, do we know each other?”

Just like his eyes, there were no mood swings, and he was cold and emotionless. “You shouldn’t continue to influence him. If this goes on, I’ll break my promise to that person.”

“What?” Rong Shu Confused, “What shouldn’t continue to affect him, who is he, and who is that person?”

She couldn’t understand a word.

The man closed his lips and said nothing.

Rong Shu still wanted to ask more clearly, but Li Chuan’s voice came from behind, “Sister.”

Rong Shu turned around and said, "Xiao Chuan, you are back." Li Chuan

trotted over with a smile, "Sister, didn't I let you go into the restaurant, what are you doing? People are standing here."

"Alone?" Rong Shu was stunned for a moment, "I'm not alone, I was talking to a gentleman just now, well, isn't this... Hey, what about people?"

Rong Shu turned her head back, was about to introduce him to Li Chuan, but he saw that there was no one on the other side, and the man left at some point.

"Who are you, sister, what are you talking about?" Li Chuan looked at her suspiciously, "There's no one here."

Hearing this, Rong Shu was stunned for a moment, then shook her head and laughed, "It's already gone, so you didn't see it."

"Is that so?" Li Chuan nodded, "Who is that person?"

Rong Shu shrugged her shoulders, "I don't know, she looks very good-looking, but I felt a little nervous and said something inexplicable to me."

Thinking of the man's words just now, she couldn't help falling into deep thought.

That man should know her.

But strangely, she never saw him.

"Sister? Sister?" Seeing Rong Shu distracted, Li Chuan raised his hand and waved in front of her.

Rong Shu's eyes swayed for a while, then she came back to her senses and squeezed the corner of her mouth, "What's wrong?"

"What were you thinking about just now?" Li Chuan looked at her and asked.

Rong Shu opened her mouth, then smiled and replied, "It's nothing, let's go first, I'm a little hungry."

"Okay." Li Chuan nodded in agreement.

Rong Shu raised her feet and walked forward.

“Wait.” Li Chuan stopped her.

Rong Shu blinked suspiciously, “What’s wrong?”

“Hold on.” Li Chuan bent his arms.

Seeing this, Rong Shu couldn’t help laughing and crying, “Okay, my little handsome guy.” Li Chuan’s

face showed two blushing, and he took her into the restaurant.

Under the guidance of the waiter, the two came to the designated location.

As soon as he sat down, Rong Shu heard a gritted female voice coming from the next door, “Rong Shu!”

Rong Shu raised her eyebrows, turned her head to look, and saw Gu Manyin staring at her resentfully, she couldn’t help it. Feeling, this world is really small.

“Sister, let’s change the restaurant.” Li Chuan didn’t expect Gu Manyin to be in this restaurant, so he said coldly.

Rong Shu shook his head, “No, it’s just here, there’s no reason to see someone you don’t like, so we have to leave.”

“But I’m worried sister, you won’t be able to eat.” Li Chuan sighed.

Rong Shu smiled, “No, it’s not me who can’t eat.”

After speaking, she gave Gu Manyin a fluttering look.

Holding a knife and fork in both hands, Gu Manyin squeaked and poked the plate, as if the plate was Rong Shu.

Li Chuan understood that Rong Shu would not leave, and just wanted to stay and respond to Gu Manyin, so he stopped talking about leaving and sat down again.

At this time, Fu Jingting came back and saw Li Chuan and Rong Shu at the next table, and was slightly startled.

Rong Shu is actually here!

And there was another man next to him.

The last time was Cheng Huai, this time it was Li Chuan, and the next time it was Lu Qi, right?

She really has no shortage of men to accompany her!

Fu Jingtingjun's face darkened, and he pulled out the chair opposite Gu Manyin.

"Jing Ting, have you finished answering the phone?" Gu Manyin let go of the knife and fork in his hand, got up, and wanted to help him sit down.

However, Fu Jingting refused, put the crutches aside, and sat down on the edge of the table.

Gu Manyin's outstretched hand just froze in the air, and the expression on her face was a little embarrassing.

But soon, she pretended that nothing had happened, calmly put down her hand, and returned to her position.

Jing Ting was still so cold to her.

She originally thought that if he could agree, he must be willing to reconcile with her, but she didn't expect her to think too much.

Beside him, Rong Shu was not surprised when he saw Fu Jingting appear.

After all, Gu Manyin was here, so it wasn't surprising that he was there.

Rong Shu didn't plan to say hello to Fu Jingting, and silently drank the white water on the table.

On the contrary, Li Chuan looked at Fu Jingting a few more times, with jealousy and low self-esteem in his eyes that were difficult to detect.

Yes, jealousy and inferiority complex.

Although he is a model now, famous and rich, there is no reason to be jealous of Fu Jingting, even if Fu Jingting is much richer than him.

But he still couldn't control it, because Fu Jingting was the only person Rong Shu had ever loved.

As for shame...

"Heh..." Li Chuan turned the water glass in his hand, his eyelids drooped, covering the gloom in his eyes.

Everyone said that he had a good personality and was very gentle, but no one knew that that was not his real personality. His real personality was dark and autistic, and there was nothing gentle at all.

His gentleness was just pretended by him imitating Fu Jingting!

Because when he was a teenager, Rong Shu often told him that if the boy she liked was gentle and good-natured, he was jealous of the boy she liked and also envied that boy, so he Deliberately changing her personality to imitate the boy she said, just to be able to divide her eyes from that boy.

But he failed, she only had that boy in her eyes, and even if he learned to be like him, he still couldn't compare to the boy she loved.

That's right, that gentle, good-natured boy is Fu Jingting.

Although he doesn't know why Fu Jingting's character has changed, he has lost the gentleness that Rong Shu said in the past, but standing in front of Fu Jingting, he still has a sense of inferiority between fake products and genuine products, because no matter what, he can't deny it. , he learned from Fu Jingting.

"Xiao Chuan." Rong Shu's voice suddenly sounded, interrupting Li Chuan's thoughts.

Li Chuan smiled gently, "What's the matter, sister?"

"I also asked you what's wrong. When the dish came up, you didn't respond after a few calls. Why are you so fascinated?" Rong Shu poured him a glass of juice and asked.

Li Chuan took it, "I'm thinking about my future work."

"By the way, I heard you say the day before yesterday that you're going to the show in Nanjiang, right?" Rong Shu asked while eating.

Li Chuan nodded, "Yes, sister, are you interested in visiting? I'll give you the tickets."

"I'm a little interested. I haven't seen your show in person, but I'll see if I have time."  
Rong Shu back.

At the next table, Fu Jingting saw the two of them chatting happily out of the corner of his eye, his face sank, and his breath was a little bad.

The opposite Gu Manyin noticed why he did this, and almost clenched his silver teeth.

She waited for Rong Shu secretly, and then spoke immediately, drawing Fu Jingting's attention, "Jing Ting, it's been five days, are you still angry?"

Fu Jingting lowered his eyes and said softly, "I'm not angry."

"But My dad said that day , you were angry because of what I did at the banquet, that's why you..."

"That's just his own guess." Fu Jingting snorted and interrupted her.

Gu Manyin was stunned for a moment.

It wasn't because she framed Rong Shu at the banquet to be angry, so why did he suddenly get cold with her?

Could it be that he was really discovered by him because of the things she did?

But it's not right. If he found out, he should have settled with her long ago. How could he have endured until now.

Gu Manyin bit her lower lip, feeling uneasy in her heart, "Jing Ting, then tell me what I did wrong. You don't say anything like this, I'm very scared." As

she spoke, her eyes flashed . famous.

Fu Jingting's heart contracted suddenly, and then an uncontrollable distress surged up, trying to appease her.

But he knew very well in his heart that he didn't feel bad for her and didn't want to appease her, but there was a voice in his mind urging him to do it quickly.

Fu Jingting clenched his fists tightly, not wanting to do the same.

What he didn't expect was that his heart started to ache, like a needle cone, pounding and pounding again and again, the pain made him breathe quickly, and his face became pale.

The next second, he suddenly fell on the table, the water glass was knocked over by him, rolled around on the table, and then fell to the ground, shattering into pieces.

The crisp cracking sound attracted the attention of the entire restaurant.

Rong Shu frowned and looked at Fu Jingting suspiciously.

What's up with him?

"Jing Ting, what's the matter with you?" Gu Manyin quickly got up and came behind Fu Jingting to check his situation.

The manager of the restaurant also walked over quickly, "What's the matter?"

"I don't know, my fiancé suddenly became like this." Gu Manyin was about to cry with tears in her eyes.

Li Chuan held his head and said, "Sister, Fu Jingting must be suffering from a sudden illness, right?"

Chapter 244 The crystal lamp fell off

Rong Shu shook her head, "I don't know, he shouldn't have any sudden illness."

Anyway, did he know anything about her.

Looking at Fu Jingting's increasingly pale face, and at Gu Manyin who only cried and didn't know what to do, Rong Shu shook her head, and she was speechless.

"Miss Gu, if you don't want your fiancé to die suddenly, I think you should hurry up and call the ambulance. Crying is enough?"

Gu Manyin cried when she heard this, and immediately realized that she didn't know. Calling a doctor, but relying on other people's reminders to remember, his face is a little embarrassed.

"You don't need to remind me, I know how to fight." She glanced at Rong Shu angrily.

Rong Shu shrugged her shoulders, "It's me who talks too much, so please do as you please, Xiao Chuan, let's continue eating."

"Okay sister." Li Chuan nodded with a smile.

The two of them continued to eat, no longer meddling.

Gu Manyin snorted and took out her phone to call for first aid.

Suddenly, Fu Jingting raised his hand and stopped her, "No, I'll be fine in no time, no need to fight."

"But Jingting..."

"Don't cry!" Before Gu Manyin finished speaking, Fu Jingting endured the pain in his heart. He raised his head, put his hand on her face, wiped her tears with his thumb, and said in a hoarse voice, "I'm fine, don't worry."

As soon as he finished speaking, Fu Jingting clearly felt that his heart The excruciating pain began to subside.

After a few seconds, the severe pain completely disappeared. If it weren't for the cold sweat oozing out of his forehead, it would seem that everything just now was fake.

Fu Jingting lowered his eyelids to hide the shock and anger in his eyes.

Just now, he just wanted to try it out, if he followed the voice in his mind, would the pain in his heart go away.

Unexpectedly, after trying this, it really disappeared.

Because he didn't want to coax Gu Manyin, his heart ached, and because he coaxed, his heart was healed. Such a strange situation made him, a person who never believed in strange and heresy, unavoidable at this moment. Feel a little creepy.

I just don't know if this will happen next time if he doesn't like Gu Manyin.

Gu Manyin didn't know what Fu Jingting was thinking. Seeing that his face had indeed gradually recovered its blood color, he breathed a sigh of relief, "That's great, Jing Ting, you're finally fine."

Fu Jingting's thin lips moved, but he didn't speak, the bottom of his eyes Full of icy cold.

Gu Manyin didn't notice anything wrong, so she returned to her seat and sat down.

After the manager cleaned the glass on the floor, he looked at Fu Jingting, "Sir, are you really all right? Why don't I ask the doctor to come and see it for you?"

The man was on crutches when he came. He was in critical condition. Although he looked better now, he was still a little worried.

If that happens again in a while, it will be troublesome to die in their shop.

"It's really all right, you don't need to go to the doctor, just put the quilt that was broken just now on my account." Fu Jingting rubbed his brows and said.

The manager stared at him for a while, and finally believed him, "Well, don't disturb Mr. and Miss's meal. If you have any orders, please call us at any time."

"Yes." Fu Jingting nodded.

The manager is gone.

Rong Shu suddenly laughed.

The laughter attracted the three of Fu Jingting.

“Sister, what are you laughing at?” Li Chuan asked curiously.

Rong Shu stirred the salad in the bowl, “I’m laughing, an outsider knows to worry about whether President Fu’s health is really good, but Miss Gu, who is President Fu’s fiancée, is unique. I really believe it’s all right, I don’t even have any extra greetings, Miss Gu, do you really love President Fu?”

“Miss Rong, what do you mean? Do you really love Jing Ting? Do I need you to tell me if I love Jing Ting?” Gu Manyin slapped the knife and fork on the table.

Rong Shu spread her hands, “I’m just a reasonable doubt. What did Miss Gu do with such a big reaction? I guess I’m right, so Miss Gu has a guilty conscience?”

“What nonsense are you talking about, who has a guilty conscience.” Gu Manyin bit He looked at Fu Jingting with aggrieved lips, “Jing Ting, believe me, I really don’t mean to not care about you, I just...”

“Okay, let’s eat.” Fu Jingting pursed her lips and interrupted her, with a hint of difficulty in his tone. Perceived impatience.

Gu Manyin stopped talking, picked up the knife and fork and continued to eat.

At this moment, Fu Jingting’s eyes flashed, and he suddenly said, “Manyin, I’ve been thinking about something for a long time these days, and I think we still...” Before he could finish

, a loud noise interrupted him.

The voice came from the table next door, Fu Jingting’s face froze, and he turned to look quickly.

I saw a huge crystal lamp on the dining table of Rong Shu and Li Chuan.

The crystal lamp apparently fell from the ceiling, smashing all the plates on the dining table, and the shards of the porcelain plates were splashed everywhere.

Rong Shu’s arm was scratched by a piece of splashed porcelain, and blood flowed.

Not only her, but also Gu Manyin was scratched by a piece of flying porcelain, and her face was scratched, and the wound was about three or four centimeters.

Maybe because the porcelain block was scratching too fast, Gu Manyin didn’t feel any pain at first, until she felt some liquid dripping down her face, she reached out and wiped it, and found that it was actually blood.

Suddenly, Gu Manyin’s face turned pale, and she screamed.

At the same time, Li Chuan also found that something was wrong with Rong Shu.

Taking a closer look, she found that she was clutching her arms tightly, and blood seeped out from between her fingers and dripped onto her clothes, causing her to faint.

“Sister, you are injured!” Li Chuan’s face changed, and his voice was raised.

When Fu Jingting heard this, his pupils shrank, and regardless of whether his legs could stand still, he stepped over and lifted , “Show me!”

Rong Shu’s arm was seriously injured and the wound was It is at least ten centimeters long and a little deep, and blood is flowing out from the inside, which looks very scary.

Fu Jingting’s actions not only made Rong Shu stunned, but also made Gu Manyin look grim.

She was the closest to him, and she was his fiancée, so he didn’t even ask her, but cared about Rong Shu!

Gu Manyin’s body trembled, looking at Rong Shu’s eyes, wishing to eat Rong Shu.

Rong Shu noticed it, pulled her arm back from Fu Jingting’s hand, and said coldly, “Mr. Fu, you care about misidentification, Miss Gu is over there!”

“Sister is right, Mr. Fu, please let me Open.” Li Chuan held the torn handkerchief, pushed Fu Jingting away expressionlessly, and then stopped the bleeding on Rong Shu’s arm.

Fu Jingting was pushed aside and almost fell.

Fortunately, there was a table behind him, and he blocked it for a while before he regained his footing.

He looked at Li Chuan who was trying to stop the bleeding for Rong Shu, his eyes darkened, his thin lips were tightly pursed into a straight line, and his heart was even more unhappy and irritable.

“Jing Ting...” Just when Fu Jingting was very upset that he was pushed away by Li Chuan, Gu Manyin’s aggrieved and trembling voice came.

It dawned on him that there was someone else.

“Jing Ting, my face is injured, will it be disfigured?” Gu Manyin covered her face and looked at Fu Jingting with tears in her eyes.

Fu Jingting’s thin lips moved, “No.” Such a

shallow wound is not even half serious for Rong Shu, how could it be disfigured.

“Really?” Gu Manyin was still in disbelief.

Fu Jingting was impatient and didn't want to answer.

However, as soon as this thought arises, my heart begins to hurt again.

Fu Jingting's face was ugly, he clenched his fists tightly, gritted his back teeth, and said in a slightly cold voice, “Of course it's true, I'll hire the best doctor for you, and it won't cause any trouble to your face.”

Chapter 245 She is the antidote

After saying that, the pain subsided immediately.

Fu Jingting lowered his head slightly, covering the cruelty in his eyes.

Sure enough, the situation just now wouldn't be the last. After this time, he knew that he had to make Gu Manyin happy when she was in a bad mood, or satisfy her when she wanted something. If he didn't do that, he will have the same symptoms of angina pectoris as punishment, what is the difference between this and a marionette!

“Jing Ting, thank you, you are so kind.” Gu Manyin didn't notice Fu Jingting's strangeness, and said with an embarrassed smile.

Jing Ting is now back to the way he was before the car accident, so they should be reconciled.

Fu Jinglin lowered his eyelids to suppress the thought of destroying everything in his heart, but did not reply.

At this time, the manager who had just left came back with a doctor.

“Four gentlemen and young ladies, let the doctor see where the injury is.” The manager quickly said to the four of them, Rong Shu and Fu Jingting, but he was secretly complaining in his heart.

What is this? The man with the cane just now almost died suddenly, but now the crystal lamp suddenly fell off, and it happened to be the crystal lamp above the head of

the man with the cane . The gentleman is the reincarnation of the broom star, you will be unlucky wherever you go.

“Doctor, show my sister first.” Li Chuan quickly pulled the doctor to Rong Shu.

Suddenly, Gu Manyin rolled her eyes and said, “Miss Rong, can you wait a while?”

“What do you mean, do you want to see first?” Li Chuan’s face sank, and he looked at her gloomily.

Fu Jingting also frowned, and there was a hint of disgust in his eyes.

Ever since he knew that he didn’t love Gu Manyin, and that he had to be nice to Gu Manyin and protect Gu Manyin, or he would suffer ‘punishment’, he gradually became disgusted with Gu Manyin in his heart.

“Yes, Miss Rong only hurt her arm, and I hurt her face, so...”

“Don’t fart there!” Li Chuan couldn’t hold back his anger for the first time, and exclaimed, “What happened to your face, did you hurt my sister as badly?”

Li Chuan pointed at Rong Shu’s bleeding arm , I can’t wait to strangle Gu Manyin to death.

Gu Manyin bit her lip, “Even if Miss Rong is hurt more than me, if my face is delayed for a long time, there will be scars. Even if there are scars on Miss Rong’s arm, it can be hidden in her sleeves. Kind, shouldn’t you want to see me leave scars?”

“No, I’m vicious, I just want scars on your face, not only scars, but also pus and rot!” Rong Shu said coldly.

Gu Manyin opened her eyes in disbelief, “Miss Rong, you...”

“Enough!” Fu Jingting couldn’t stop, and scolded with an ugly face, “Let Rong Shu see first.”

“Jing Ting...”

“Let Rong Shu first!” Fu Jingting stared at Gu Manyin and repeated it.

No one knew how much pain he was enduring at the moment, his heart was about to burst with pain, and the voice in his mind kept urging him to snatch the doctor over and show Gu Manyin first. Shu can leave it alone, it should make Rong Shu hurt and make Rong Shu sad.

But why? Why should he do it, and why should Rong Shu be hurt?

The big deal, the mysterious power that manipulated him directly killed him, maybe he would be freed that way.

That's right, at this moment, Fu Jingting has fully understood that there is a mysterious force controlling him, manipulating him to love and be nice to Gu Manyin.

Maybe, he has never loved Gu Manyin before. The love he thought before was just an illusion created by that power, making him think he loves Gu Manyin.

And now he doesn't think he will fall in love with Gu Manyin. He loves that sunny and cheerful pen pal, Maple Leaf. Gu Manyin's character and conduct are completely different from Maple Leaf. And the character has completely changed, so the only explanation is that Gu Manyin is probably not Maple Leaf.

However, it is such a loophole that can be found at a glance, but he has never found it before. Is this normal? He was pretty sure it wasn't normal.

It was that power, that power was blinding him, deliberately preventing him from discovering that Gu Manyin was not Maple Leaf.

He didn't know why that force was protecting Gu Manyin, but it didn't matter, that force wanted to control him, so he would fight against that force to the end.

"Hmph..." Fu Jingting snorted in pain, and the next second, he suddenly couldn't stand, and fell to one knee on the ground, his face full of pain.

Seeing this scene, everyone was shocked again.

What's going on here?

Why is he like that again?

Rong Shu pursed her red lips in confusion.

He looked like he was in pain. Could it be that there was a sudden illness that she didn't know about?

"Jing Ting." Gu Manyin wanted to help Fu Jingting get up.

Fu Jingting patted her hand away directly.

Because of this, he lost one hand to support the table, and his body could no longer hold it, so he fell to the ground in the direction of Rong Shu.

Seeing his approaching body, Rong Shu subconsciously stretched out the uninjured hand and gave him a hand.

Unexpectedly, the moment Fu Jingting touched her, the pain in his heart actually eased.

Fu Jingting looked up at Rong Shu in shock.

He was absolutely sure that when Rong Shu touched him, he felt less pain.

So she... may be the key to him getting rid of that mysterious power, or... the antidote!

Thinking of this, Fu Jingting felt a huge joy in his heart.

He raised his hand and held Rong Shu's hand tightly, as if he wanted to melt her hand into his own.

And when he did this, the pain in his heart actually eased again, even getting lighter, and he could barely feel it.

"Let go!" Rong Shu saw that Fu Jingting was holding her hand and looking at her with burning eyes, she just felt weird and didn't understand what kind of nerve he had. Fu Jingting still held her hand

as if he didn't hear it. Li Chuan's face sank, and Gu Manyin's face distorted. The manager and doctor on the side even felt that the scene was inexplicable. Of these four people, who is the pair with whom? The relationship is too messy! For a time, the atmosphere was very strange and very quiet. It wasn't until the doctor put down the scissors that the strange atmosphere was broken, "Okay, the lady's wound is bandaged. Be careful not to touch the water for 24 hours, and then change the dressing on time so that there will be no scars." "Okay. I understand, thank you doctor." Rong Shu smiled at the doctor, indicating that she had written it down, and then looked at Fu Jingting in dissatisfaction, "Don't let go, when do you want to catch it?" "Let go of my sister!" Li Chuan stepped forward and separated Fu Jingting's and Rong Shu's hands. Fu Jingting thought that after separation, his heart would hurt again. Surprisingly, what he thought did not happen. It seems that as long as the pain is relieved after touching Rong Shu, after separating from Rong Shu, it will not hurt anymore. "Jing Ting..." Gu Manyin's soft and weak voice sounded again. Fu Jingting stood up leaning on the table with a cold expression, "Doctor, please show her." "Okay." The doctor nodded. Gu Manyin said again, "Jing Ting, I'm a little bit afraid of pain, can you hold me?" A trace of mockery flashed in Fu Jingting's eyes.

Rong Shu's wound was so big that she didn't even cry out in pain. She was still sore from a little injury. It was really nauseating to be so pretentious.

"Okay." Fu Jingting lowered his eyelids and agreed to Gu Manyin.

He knew that if he didn't agree, his heart might hurt again. Although Rong Shu was by his side, he could immediately relieve the pain.

But if he did that on purpose, it would obviously arouse Rong Shu's disgust. Rong Shu didn't know that he was trying to understand the pain. He would only think that he was deliberately taking advantage of her, and the gain outweighed the loss. Then he would find a way later, how to contact Rong Shu and fight against that Mystical power.

#### Chapter 246 Gu Manyin is a Dog

Fu Jingting went over and hugged Gu Manyin in his arms.

To outsiders, he felt sorry for her.

But only he himself knew that his hug had no warmth.

"Manager, what are you going to do with this matter?" At this time, Li Chuan took off his jacket, put it on Rong Shu, looked at the manager and asked coldly.

After the manager came with a secret message, he sighed and replied, "Four gentlemen and misses, I'm really sorry about this, we didn't expect the lights to suddenly fall off, it's our restaurant's fault, we'll take full responsibility and save the four. I'll pay for all the medical expenses of the two young ladies and give me a membership card, do you think this is okay?" The

manager carefully looked at Li Chuan and then at Fu Jingting.

In his opinion, the decision rests with these two men.

However, Li Chuan looked at Rong Shu and asked her what she meant, "Sister, what do you think?"

Rong Shu rubbed her eyebrows, "Just as the manager said, after all, the restaurant can't be blamed for this matter, who is it? I didn't know the lamp would suddenly fall, but we were unlucky and just sat under this lamp."

"Then follow my sister's advice." Li Chuan replied to the restaurant manager.

The manager was very grateful, "Thank you, thank you, thank you for your understanding, I'm really sorry for ruining the good mood of the two of you." After

speaking, the manager bowed deeply to Rongshu and Li Chuan.

After Li Chuan helped him up, he looked at Fu Jingting again, "What do you mean by these two gentlemen and ladies?"

Fu Jingting was afraid that Gu Manyin was going to be a demon again, so he pursed his lips and replied, "Just like them."

The manager was again grateful.

He was afraid that these two were not very good at talking.

After all, the lady who hurt her face can be seen by a discerning person as a difficult character.

Fortunately, this gentleman is quite understanding, otherwise the lady who hurt her face would definitely not be so kind.

After solving the problems of the guests, the manager wiped the sweat from his head and finally breathed a sigh of relief.

Suddenly, a waiter who was dealing with the crystal lamp said suspiciously, "Manager, this lamp is so strange."

"What's wrong?" The manager walked over.

Rong Shu and Li Chuan also looked over curiously.

Even Fu Jingting turned his eyes there.

"That's it." The waiter pointed to the pillar of the crystal lamp, "This pillar is not rusted or corroded, how did it break?"

"This..." This question shocked the manager.

The manager looked at the pillar of the crystal lamp with a complicated expression, and was speechless for a long time.

This pillar, which connects the crystal lamp to the ceiling, is very thick, and it is made of alloy, so it is very strong. Even a tenth magnitude earthquake cannot shake the crystal lamp from the ceiling, unless the pillar is decayed.

But the alloy material is not so easy to rust, even if it is to rot, it will take more than ten or twenty years, and their restaurant has only been opened for less than a year.

"Could it be that someone did something?" Rong Shu narrowed her eyes and said suddenly.

Li Chuan nodded, "It's really possible, since the probability of the pillar breaking by itself is too small, it was caused by man."

"Man... man-made?" How could it be possible to attack customers, isn't this courting death?"

“You misunderstood, Xiaochuan didn’t say you did it.” Rong Shu smiled at the manager.

When the manager heard that they were not talking about them, he first breathed a sigh of relief, and then asked inexplicably, “Who is that?”

Rong Shu shook her head and did not answer.

Beside him, Fu Jingting’s eyes darkened, and he suddenly remembered his car accident.

My car accident was man-made, and I haven’t found that person yet.

And this crystal lamp fell from the top of his head. Although it finally fell on Rong Shu’s table, Rong Shu’s table was less than one meter away from his table, so this crystal The lamp is also very likely to be directed at him.

Maybe this time, it was the same person who designed his car accident last time.

However, in the next second, Fu Jingting rejected his suspicions.

When he and Gu Manyin came out, they just wanted to eat. They didn’t decide which restaurant to go to in advance. They drove here and decided to eat here.

That is to say, he decided to come to this restaurant on a temporary basis, and he had to do it in advance. The person behind the scenes didn’t know that he would come here, so how could he do it in advance in the restaurant unless that person had Foresight.

Also overturning the artificial statement is Li Chuan, who first guessed it was artificial.

Li Chuan looked up at the ceiling, and then at the crystal lamp on the table, his always gentle face was full of doubts, “It’s too strange.”

“What’s the matter, Xiaochuan, did you find something again?” Rong Shu looked follow him.

Li Chuan touched his chin and nodded, “The ceiling is too high, it is estimated to be ten meters high, and normal ladders are not that long, it is almost impossible for people to climb up with hands and feet, unless there is a professional lifting machine, but the professional lifting machine is of the size They are so big that they cannot be transported into the door of the restaurant.” The

manager quickly agreed, “This gentleman is right, our restaurant was built according to the castles of the British Empire during the Renaissance, and the ceilings of the castles at that time were very Gao, these crystal lamps were installed with a professional lifting machine during the decoration, and the door of the restaurant was installed after the installation, otherwise, the lifting machine would not be able to transport in.”

“So, this is not artificial?” Rong Shu twisted. eyebrows.

Just as Li Chuan was about to answer, Gu Manyin, who had received good medicine, spoke first, “Mr. Li, as soon as Sometimes it’s you who says it’s human, and it’s you who says it’s not human. Don’t you think it’s a little irresponsible for you to say such nonsense? Li Chuan ‘s

eyes flashed a stern look.

Rong Shu covered his injured arm and said, “Xiao Chuan just made a reasonable inference based on the situation on the spot. What is nonsense?” What’s more, when we talk, Miss Gu interjects casually, don’t you think it’s too rude? Oh no, shameless people like Miss Gu are not polite. “

You...” Gu Man glared angrily.

Rong Shu sneered, “Look at the way you grit your teeth, why, you want to bite me, come, come, bite.”

She stretched out her finger and ticked at Gu Manyin, looking like a dog. Gu

Manyin shook violently, her eyes were scarlet, “Rong Shu, how dare you treat me as a dog!” “

“I didn’t say that. You admitted it yourself. Since you said you were a dog, then you are. I didn’t deny it. Why are you so excited.” Rong Shu ruffled her hair and said helplessly, “These days, someone is rushing to be a dog, Xiaochuan, if you just said, don’t bother with Miss Gu. After all, we are not of the same race. We and dogs care about each other.” , lose more copies. “

Li Chuan knew that she scolded Gu Manyin like this to help himself, and his heart was very soft, and the look in her eyes was so tender that he was about to drown, “Okay, I’ll listen to my sister, I don’t care about dogs. The

manager on the side looked at the scolding battle and knew it was a good guy.

The fight between women is really scary!

“You...you...” Gu Manyin pointed at Rong Shu and Li Chuan, all his fingers were She trembled violently.

But Rong Shu and Li Chuan didn’t even look at her at all, and strictly enforced the rule of not arguing with dogs.

Gu Manyin almost gasped, turned her head and tightly grasped the corner of Fu Jingting's clothes. He didn't hide his complaint, "Jing Ting, they scold me, didn't you hear it? "

"I heard!" Fu Jingting lowered his eyes, covered the teasing in his eyes, and replied lightly.

He thought it was good to scold.

Gu Manyin stared at him with wide eyes in disbelief, "You heard it, you didn't help me?"

Rong Shu and Li Chuan also looked at Fu Jingting.

Yes, just now Gu Manyin was scolded like that by them, and he really didn't stand up to help.

Doesn't he love Gu Manyin so much, so he doesn't want to let Gu Manyin suffer a little? Why did he just let Gu Manyin be scolded?

This is not normal!

Through the change of Rong Shu's expression, Fu Jingting guessed what she was thinking, and her eyes darkened.

He wanted to tell her that he didn't love Gu Manyin, that Gu Manyin was not wronged, and it had nothing to do with him.

But his intuition told him that he couldn't say it. Once he said it, something bad might happen.

This feeling was so strong that it was hard for him to ignore it.

Fu Jingting let go of Gu Manyin, put his hands in his trouser pockets, clenched into fists, and replied in a cold voice, "Not very helpful."

"Why not?" Gu Manyin was puzzled.

Rong Shu raised his eyebrows.

She was also curious why he said it was not helpful.

Fu Jingting pursed his thin lips and panicked without changing his face, "Rong Shu didn't allude to your dog just now. Is it?"

He said the word "dog" a little more heavily.

Rong Shu didn't know if she heard it wrong, but she actually heard a hint of emphasis.

What is he emphasizing, that Gu Manyin is really a dog?

Rong Shu was amused by her own thoughts, and then shook her head.

how is this possible!

You must have heard it wrong.

Gu Manyin was his darling, how could he think that Gu Manyin was a dog.

Gu Manyin didn't hear what was wrong with Fu Jingting's tone, she bit her lip and nodded, "That's what you said."

Although she felt a little strange in her heart, she couldn't tell what was strange, so she simply stopped thinking about it.

Fu Jingting knew that she would no longer make trouble unreasonably, and his knitted brows slightly stretched out.

He now has a general idea that as long as she doesn't make trouble, he doesn't have to coax her, and he won't be manipulated by that strange force because of refusal.

Thinking of this, Fu Jingting rubbed his fingers a few times, "Okay, this matter can't be discussed for the time being, let's just hand it over to the police station. As for your restaurant..."

He looked at the manager.

The manager straightened his back immediately, "We will fully cooperate with the police investigation."

Fu Jingting nodded and looked at Rong Shu again, his eyes softened, "What do you think?"

Rong Shu didn't answer, but was a little dazed.

Li Chuan gently pushed her shoulder, "Sister?"

“Sorry, I lost my mind, what’s the matter?” Rong Shu snapped back to her senses, squeezed the corners of her mouth, and asked with an embarrassed smile.

But her heart was shaking and couldn’t calm down.

Just now, Fu Jingting’s eyes were like Fu Jingting at that time... Li Chuan

didn’t notice Rong Shu’s strangeness, so he replied softly, “Mr. Fu said, we can’t negotiate this matter, so let the police station handle it first. “

That’s it, that’s fine.” Rong Shu nodded in agreement.

The manager then called the police.

People from the police station came and made a simple note for Rong Shu and the four, and informed them that they could leave first.

Rong Shu and Li Chuan left first.

Fu Jingting and Gu Manyin were waiting for the driver.

Gu Manyin watched Fu Jingting keep staring at the direction Rong Shu left, and her heart was filled with jealousy.

She wanted to break his head and tell him that she was not allowed to look at Rong Shu, she could only look at her, and she could only look at her alone.

But she didn’t dare, if she did, he would definitely fight her again.

It was difficult for her to reconcile with him.

“Jing Ting, the car is coming.” Looking at the approaching car, Gu Manyin took a deep breath, suppressed the surging emotions in her heart, forced a smile, and pulled Fu Jingting’s attention back to the direction in which Rong Shu left calmly. to yourself.

Fu Jingting raised his chin slightly, indicating that he understood, and then walked towards the car with a cane.

Seeing that he didn’t even ask her to go with him, Gu Manyin stomped her foot aggrievedly, “Jing Ting, wait for me.”

Fu Jingting pretended not to hear, handed the crutches to the driver, and bent over to get into the car.

Gu Manyin sat next to him, closing the car door and looking at him complaining, “Jing Ting, why are you waiting for me?”

“Don’t be noisy, I have a headache.” Fu Jingting closed his eyes and said in a deep voice one sentence.

Gu Manyin remembered that he had two sudden illnesses in the restaurant before, opened his mouth, and was suddenly speechless.

Silent all the way.

An hour later, the Gu family villa arrived.

Before Gu Manyin got out of the car, she looked at the man beside her.

The man’s eyes were still closed, and he seemed to be in a deep sleep, with no intention of waking up because of parking.

Gu Manyin bit her lip, trying to wake him up and tell him that she was here.

But looking at his frowning brows, he finally gave up and got out of the car silently.

Forget it, for the sake of his discomfort, she won’t let him in this time.

Wait a minute, she’ll let him double her compensation!

Thinking of this, Gu Manyin felt a lot more comfortable.

Bang, the door is closed!

The man who had fallen asleep suddenly opened his eyes, his eyes were cold, and his voice was also cold, “Drive!”

The driver in front shivered, not daring to delay, and immediately turned the car and drove away.

Gu Manyin, who was standing outside the Gu family’s villa, was caught off guard by being sprayed with car exhaust, and she was so disgusted that she almost vomited.

She flushed with anger.

What kind of driver is this, how dare to treat her like this!

Tomorrow, she will definitely let Jing Ting drive the blind driver.

Gu Manyin wiped her face angrily, turned around and entered the gate of the villa.

Mrs. Gu was sitting in the living room putting on a mask, and when she saw her come in with a dark face, she quickly took off the mask and asked, “Manyin, what’s the matter

with you? Didn't you go out to eat with Jing Ting and ask Jing Ting to make peace with you? , Jing Ting didn't agree?"

Gu Manyin was pulled by Mrs. Gu to sit beside her, "No, we are reconciled."

Although she did not say to Jing Ting that we were reconciled, Jing Ting did not take the initiative to say so.

But tonight Jing Ting treats her as well as before, so it must be reconciliation.

"It's a good thing, why are you so depressed?" Mrs. Gu looked at her puzzled.

Gu Manyin gritted her teeth, "It's not even his driver, yet he sprayed me with car exhaust."

Madam Gu brought a glass of honey water to her, "Hey, what do I think is the matter? Just tell Jing Ting and let her Jing Ting opened people up, what to do when you are so angry, it is not worth your while to be so angry, come here, drink some water."

Gu Manyin didn't even say thank you, she took the fruit and took two sips, "Where's Dad? "

she asked.

Madam Gu pointed upstairs, "I'm busy in the study."

Gu Manyin nodded, indicating that he understood.

At this time, the servant came downstairs, "Madam, the room has been set up."

"Mom, do we want guests at our house?" Gu Manyin put down the water glass and looked at Madam Gu.

Mrs. Gu touched the necklace and smiled softly, "No, it's the room I arranged for your sister."

Hearing this, Gu Manyin's pupils shrank, and her voice became a little unnatural, "Sister... is coming back. Is it?"

Damn it, Gu Manqing found it.

Otherwise, why arrange the room?

"No." Mrs. Gu sighed, "There is no news about Manqing yet. I just thought of setting it up first. After Manqing comes back, I can live directly."

“Really...” Gu Manyin reluctantly said. He pulled the corner of his mouth, revealing a perfunctory smile.

## Chapter 248 The letter is gone

It turns out that Gu Manqing hasn't been found yet, which is great.

However, before anyone could find it, they arranged the room first, which shows how much Mom expects from Gu Manqing. If this goes on, when Gu Manqing returns, Mom's attention will definitely be taken away by Gu Manqing.

Gu Manyin's two hands on his knees were tightly folded, and his head was slightly lowered, making it difficult to see the expression on his face.

After a while, she suddenly raised her head, pretended to be worried and asked Madam Gu, “Mom, if, I mean if, if my sister grew up in a very poor family, her character is very cowardly, and people are also timid. Shuu, you won't be able to do anything, taking it out will only embarrass you, would you still like to look forward to her so much?”

“Manyin, why do you ask such a question?” The gentleness on Mrs. Gu's face was much lighter, a little strange looking at Gu Manyin.

Gu Manyin hugged her arm, “I'm just curious, isn't it on TV? Many children from rich families were lost when they were young. After they were recognized, their biological parents didn't like him because he knew nothing. , will only make people laugh, so I'm worried that you will do the same to my sister.”

“So that's the case.” Madam Gu instantly dispelled her doubts and stroked Gu Manyin's hair kindly, “The TV is TV can't be taken seriously.”

“That's why mom doesn't treat her like that, right?” Gu Manyin narrowed her eyes, and a cold light flashed in her eyes.

Mrs. Gu nodded, “Of course not, your sister was born in October of my pregnancy, and is also the child your father is looking forward to the most. You don't know, your father is... Hey, let's not talk about it, in short, don't worry, your father Neither of you nor I will treat your sister that much. If your sister is really in the situation you said, your father and I will only feel sorry for her more and make up for her. How can we dislike her and dislike her.”

“That's great That's it!” Gu Manyin laughed, looking happy for Gu Manqing.

Only she herself knew how much crisis she felt at the moment.

She deliberately made up a depressing situation for Gu Manqing, just to test her mother's attitude towards Gu Manqing. She didn't expect that even if Gu Manqing could

be so unbearable, her mother still expected Gu Manqing to come back, and she said with certainty I will make up for Gu Manqing with my dad.

Sure enough, besides Rong Shu, Gu Manqing was her second biggest stumbling block!

The dark light that destroyed everything in Gu Manyin's eyes was constantly flashing.

...

Fu Mansion.

Fu Jingting was helped out by the driver.

The old lady heard the sound of cars outside and came out to greet her in person.

Because she is worried about her grandson, she has not returned to the old house these days, and has been living here.

"Jing Ting, why did you come back so late?" The old lady came over and asked.

Fu Jingting took the crutches handed by the driver, "There is a traffic jam on the road, grandma, let's go first."

He didn't want to tell the old lady about the restaurant.

Otherwise you should be scared.

"Okay, go first." The old lady nodded.

They are obviously grandparents who are decades apart, but they are all on crutches at the moment.

This picture of walking side by side looks quite funny.

"Yeah, Jing Ting is back." Wang Shuqin came out of the kitchen with fruit, and greeted one old and one young who came in together.

Fu Jingting nodded slightly, "Mom."

"Sit down, sit down." Wang Shuqin quickly put down the fruit and wanted to go over to help him.

But he was rejected by Fu Jingting, "I'll do it myself."

He just couldn't walk with his legs, and he wasn't really disabled.

Fu Jingting put the crutches aside and sat down on the sofa.

Wang Shuqin pushed the fruit in front of him and asked with a smile, "Jing Ting, have you made peace with Man Yin?"

reconcile?

Fu Jingting lowered his eyes and said nothing.

How could he reconcile with Gu Manyin?

As soon as he thought that his thoughts and feelings would be controlled by unknown forces because of her, he could not wait to kill her!

If Gu Manyin was Maple Leaf, before the car accident, no matter whether he was manipulated or not, he recognized everything he did for her. After all, he really loved Maple Leaf.

But if Gu Manyin is not Maple Leaf, then he must just let her go!

Thinking of this, Fu Jingting picked up his crutches and stood up, "Grandmother, Mom, I'm a little tired. I'll go back to my room first."

He wanted to go back to the room to confirm whether Gu Manyin was a maple leaf.

Although he already had the answer in his heart.

After that, he walked towards the elevator.

Wang Shuqin looked at the fruit that didn't move, then looked at Fu Jingting's back, and muttered, "He hasn't answered my question yet." The

old lady gave her a blank look and went back to her room.

The grandsons are gone and stay with this daughter-in-law, she is unlucky.

If this woman hadn't been nice to Jing Ting and Jing Lin, she would have driven this daughter-in-law out of the Fu family long ago.

In the room, Fu Jingting opened the drawer and wanted to take out the letter that Maple Leaf wrote to him, and read it again.

To his shock, however, the drawer was empty and all the letters were gone!

At that moment, Fu Jingting felt that his heart was also empty, and then he was furious.

“Who moved my drawer and took my letter!” He came downstairs, called out all the servants in the mansion, and asked sharply.

The servants look at me, I look at you, and they all shook their heads, indicating that no one moved his drawer.

Seeing this, Fu Jingting thought that they would not dare to admit it, and his face was even more ugly, “I said, no one is allowed to enter my room without my permission, let alone touch my things, can’t you hear me?”

“Eldest young master, We really didn’t touch your drawer.” A servant who had been working in the mansion for the longest time couldn’t help it, and stood up and replied.

Seeing this, the other servants quickly nodded and agreed, “Yes, young master, we really don’t have one.”

Fu Jingting squinted at them, trying to see if they were lying.

However, he looked around and found that none of them lied, their expressions and eyes were very sincere, and there was no sign of any guilty conscience.

Fu Jingting was silent.

Since these people didn’t move.

Then how did his letter disappear?

At this moment, Wang Shuqin appeared on the railing on the second floor yawning, “Jing Ting, what are you doing?”

“Madam, the letter from the eldest young master is missing, and he is in a rage.” The servant who started talking replied.

Wang Shuqin looked at Fu Jingting, “Jing Ting, what letter?”

“The letter I communicated with Maple Leaf.” Fu Jingting replied.

The Fu family all knew about his past correspondence with Maple Leaf, so there was no need to hide it.

“It turned out to be those letters between you and Manyin, weren’t those letters burned by Manyin?” Wang Shuqin yawned again, revealing a row of yellowed teeth.

Fu Jingting’s complexion changed, becoming gloomy and ugly, and his voice was chilling, “Gu Manyin is on fire?”

“Yeah, or what you promised, did you forget?” Wang Shuqin looked at it puzzled he.

Fu Jingting was stunned.

He promised?

How could he have promised Gu Manyin to burn those letters, which were his most cherished treasures, otherwise he wouldn't have kept them for more than ten years!

But in the next second, a memory appeared in Fu Jingting's mind.

That was nearly three months ago, not long after Gu Manyin woke up, and told him that since she woke up and was already by his side, those letters don't need to be kept, just deal with them, he agreed!

It was really what he promised!

Fu Jingting squeezed his cane in disbelief.

How could he agree, he couldn't agree.

Is that power?

Fu Jingting clenched the crutch harder and harder, and the veins on the back of his hands bulged out.

Yes, before the car accident, he wasn't as clear-headed as he is now. At that time, he didn't think there was anything wrong with what Gu Manyin said, much less objection, so he never had a heart attack.

So it is now clear that the reason why he agreed to dispose of those letters was under the influence of that force, not out of his true will.

### **Chapter 249 Various Doubts**

At this moment, Fu Jingting was completely sure that Gu Manyin was not Maple Leaf.

If she was Maple Leaf, why would she burn the letters they had formed a bond with, instead of cherishing them and taking them out occasionally to cherish them?

Because she was afraid, afraid that if he continued to keep those letters, they would be exposed one day.

Seeing Fu Jingting trembling slightly, as if suppressing endless anger, Wang Shuqin swallowed her saliva in fear, "Jingting, you... what's the matter with you?"

Fu Jingting didn't answer, she took out her cell phone and made a call.

Assistant Zhang yawned, and a sleepy voice came, "Mr. Fu, what's the matter?"

"Come to Fu's mansion, I have something to ask you." After speaking, Fu Jingting hung up the phone.

On the other end of the phone, Assistant Zhang sat on the bed with a bewildered face.

If he heard it right, President Fu let him go to Fu Mansion, right?

Assistant Zhang took the phone from his ear and looked in front of him. He saw that it was almost twelve o'clock, and he was not feeling well.

In the evening, at twelve o'clock, let him go to Fu Mansion, he is ill!

If you have any questions, you can't ask them directly on the phone, why do you have to face them?

Although his heart was full of resentment towards Fu Jingting, Assistant Zhang still had to get up from the bed with bitter water, packed up and drove out the door.

At about one o'clock in the morning, Assistant Zhang stood in Fu Jingting's study.

"Mr. Fu, what are you asking me?" Assistant Zhang asked with a smile on his face, but he condoled Fu Jingting over and over again in his heart.

Fu Jingting seemed to feel his complaint, raised his eyes and glanced at him, and tapped his fingers on the cold desk, "Do you think Gu Manyin is Maple Leaf?"

"Ah?" Assistant Zhang was stunned for a while, then his expression became serious. Get up, "Mr. Fu, do you suspect that Miss Gu is not your original pen pal?"

Fu Jingting nodded noncommittally.

Assistant Zhang stared at him for a while, and after confirming that he was not joking, he pondered and replied, "Mr. Fu, to be honest, it doesn't look like it, I have been with you for so many years, and I have personally witnessed you and The Maple Leaf correspondent has some understanding of Maple Leaf, she is kind, sunny, lively and cheerful, and Miss Gu has none of these."

After speaking, Assistant Zhang glanced at Fu Jingting again, for fear that Fu Jingting would be angry.

Unexpectedly, he was not angry, but was thinking about something.

Assistant Zhang breathed a sigh of relief.

Fortunately, President Fu didn't get angry with Miss Gu because he belittled him.

But why does President Fu suddenly suspect that Miss Gu is not Maple Leaf?

Assistant Zhang scratched his hair and couldn't figure it out.

After a while, Fu Jingting finally spoke, his voice a little cold, "Yeah, she doesn't have any of these, so how can she be a Maple Leaf." After

hearing this, Assistant Zhang finally realized something, pushed his glasses and asked, "Boss Fu, do you know something that makes you suspect that Miss Gu is not Maple Leaf?"

No wonder Boss Fu's attitude towards Gu Manyin has changed drastically in the past two days.

Also, the reason why President Gu is nice to Gu Manyin is because Gu Manyin is a maple leaf, but if Gu Manyin is not, President Fu will naturally withdraw his feelings for Gu Manyin. After all, what President Fu really loves is Miss Rong.

"When I was busy before, you received all the letters from Maple Leaf. You should know Maple Leaf's mailing address, right?" Fu Jingting narrowed his eyes and didn't answer the question.

Assistant Zhang nodded again and again, "Remember, Mr. Fu, do you want me to visit there to make sure Maple Leaf is Gu Manyin?"

"Yes." Fu Jingting hummed.

Assistant Zhang replied, "Yes, I'll go to the Liangjiang New Area right now... Wait a minute!"

Before he finished speaking, he suddenly realized that something was wrong, and his eyes widened.

Fu Jingting frowned, "What's wrong?"

"Mr. Fu, it's so strange. Maple Leaf lives in Liangjiang New District, while Gu's villa is in Donghua Jingdu. The two villas are one in the east and the other in the west. Donghua Jingdu has never moved, so now the situation is very clear, Gu Manyin is indeed not a Maple Leaf!"

After hearing Assistant Zhang's words, Fu Jingting's pupils shook suddenly, and his body became tense. .

Yes, if Gu Manyin is Maple Leaf, the address for sending the letter will only be Donghua Jingdu, not Liangjiang New Area.

Just as he was thinking about it, across the desk, Assistant Zhang spoke again, "Mr. Fu, I remember you said that Maple Leaf raised dogs, right?"

Fu Jingting raised his chin and said, "A little bit."

"Yes, but the Gu family has You have never raised a dog, and you said that Maple Leaf has a stepmother and a younger sister, but Mrs. Gu is the original wife. In addition to these, there is also Gu Manyin's handwriting. Although she rarely writes after being discharged from the hospital, she was in the hospital last month. When you were bored in your office, you wrote some words, and I found that her handwriting was completely different from that of Maple Leaf." Assistant Zhang said in a serious voice.

Although he hadn't seen what Maple Leaf wrote in the letter to President Fu, the envelope sent by Maple Leaf had a handwritten address on it. Maple Leaf's handwriting was graceful and graceful, and it was very beautiful, while Gu Manyin's was very ordinary, nothing special at all. place.

Even if you lie alone for six years, your writing will be rusty after waking up, and your handwriting will not look good, but as your body recovers, your handwriting will return to the way it was before. This is muscle memory, so it makes no sense to lie down for several years. , the handwriting has completely changed.

Thinking of this, Assistant Zhang only felt his scalp tingle, "Mr. Fu, the more I think about it, the more strange it becomes, obviously these are all doubts, and Gu Manyin's performance sometimes is full of loopholes, but why have we never found any problems? , now that I think about it, I realize that the problem is so big."

Fu Jingting lowered his eyelids and remained silent.

What Zhang Cheng said just now made him feel that the veil that had been covered in front of him was suddenly lifted, and the whole world regained a sense of clarity.

Yes, there are so many flaws and loopholes in Gu Manyin's body, but he just can't find it, not only him, but also Zhang Cheng, which is obviously very wrong.

But he probably knew why he couldn't find it, because of that mysterious power.

It's just that he didn't expect that Zhang Cheng was also affected by that mysterious power.

"Mr. Fu, why do you look at me like this?" Assistant Zhang asked in confusion.

Fu Jingting pursed his thin lips, his voice was a little hoarse, "It's nothing, go to Liangjiang New Area tomorrow to find the real Maple Leaf."

That's the one he loves!

"Yes!" Assistant Zhang nodded, and then thought of something, hesitating for two seconds, "Then Gu

Manyin..." Fu Jingting's eyes flashed dangerously, "I will handle it, I will let her know that Maple Leaf is not that good. Impersonating."

Listening to the chill in his tone, Assistant Zhang shuddered, knowing in his heart that Gu Manyin was finished.

But she deserved it, who let her pretend to be Maple Leaf and deceive President Fu's six-year relationship.

Assistant Zhang pushed his glasses, smiled gleefully, and turned around to go out.

After he left, Fu Jingting got up and came to the floor-to-ceiling window of the study, looking at the night outside, his brows furrowed tightly together.

He was thinking, what exactly is that mysterious power, why do you want to control him to love Gu Manyin, what secrets does Gu Manyin have?

All of this made Fu Jingting feel that his worldview was refreshed. He thought that everything was normal, but he didn't know when he was hit and was controlled by a mysterious force.

Thinking of this, Fu Jingting's head began to hurt again, and the revolving lantern-like picture in his mind began to flash again, and the pain made him unable to help but hammer his head.

## Chapter 250

At the same time, there was a sudden explosion of thunder in the sky outside. The huge lightning seemed to split the sky in half, and the dark night sky was illuminated for a moment.

In Repulse Bay, Rong Shu was awakened by the sound of thunder. She sat up from the bed at once, panicked and blocked, and she didn't even know what she was panicking about.

Rong Shu raised her hand and turned on the light. After rubbing her temples, she took a sip of water from the cup by the bedside to calm herself down.

But the moment she finished drinking the water and put it back, her eyes suddenly widened and she was stunned.

I saw a terrifying skull suddenly appeared on the floor-to-ceiling window with no curtains facing the end of the bed.

Shouldn't it be dazzling?

Rong Shu quickly closed her eyes.

Two seconds later, she opened it again and looked at the floor-to-ceiling windows.

There, it was pitch black, only the neon lights reflected from the outside, and there were no skulls.

"Huh..." Rong Shu breathed a sigh of relief and patted her chest.

Sure enough, he was dazzled.

She just said, in modern society, animals are not allowed to become sperm, how could there be ghosts.

Really a false alarm.

Thinking of her dazzling eyes just now, Rong Shu shook her head, feeling amused.

The next day, Rong Shu came to the company.

Tong Xi, who was waiting at the door of her office, bowed slightly to her, "Mr. Rong, good morning."

"Morning, wait for me here, what's the matter?" Rong Shu took out the door card and locked it on the sensor on the door. Brush it, push the door and go in.

Tong Xi followed behind her, "I just received a notice from Fu's Group that about the new energy cooperation project, you need to go to a meeting."

"Go to Fu's Group for a meeting?" Rong Shu paused when she pulled the chair.

Tong Xi nodded, "Yes."

Rong Shu frowned slightly, and quickly let go, "I see, when?"

In fact, she didn't really want to go to the Fu Group.

But Fu Jingting is the main person in charge of this cooperation project. He stipulates where to hold the meeting. No one else has the right to object. Unless she gives up the cooperation, she finally got it, so how could she give up.

So even if she doesn't want to go, she can only go.

"Two o'clock in the afternoon." Tong Xi replied.

Rong Shu took off his jacket and sat down, "I see, is there anything else?"

"Yes, Mr. Li gave you a ticket this morning." Tong Xi opened the folder in his arms and took out a ticket from it. Give her a ticket.

Rong Shu took it, looking at the introduction about fashion, she couldn't help smiling, "He really gave it."

"Mr. Li originally wanted to wait for you to come over and give it to you in person, but he answered a phone call later. , and left in a hurry." Secretary Tong said.

Rong Shu put the tickets in the drawer, "there should be some work, okay, you can go to work first."

"Yes." Secretary Tong nodded and went out.

Rong Shu turned on the computer and started working.

At noon, she received a call from the police station, telling her about the results of the investigation into the restaurant incident.

The answer given by the police station was an accident. They had seen the surveillance, and indeed no one had touched the crystal lamp.

But as to how the crystal lamp fell, the police department explained that the pillar metal was fatigued.

Although Rong Shu felt that this explanation was a little unreliable, it was the only reason why the pillars were not corroded, and no one had touched them but fell off.

All in all, this matter is over.

Hanging up the phone, Rong Shu looked at her bandaged arm, sighed, and continued to eat.

After the meal, she drove the car alone to the Fu Group.

Fu Group President's Office.

Fu Jingting looked at the time in the lower right corner of the computer, "Are you all there?"

Assistant Zhang on the side knew what he was asking, and nodded, "When I came here, there were already three, and they should be all here now. ."

Fu Jingting hummed, "Let's go."

He picked up the crutches that were leaning against the desk, got up and walked towards the door.

Assistant Zhang followed behind with the document.

When they arrived at the conference room, when the people inside saw the two entering, they immediately stopped the chatter and stood up to say hello, "Mr. Fu."

Rong Shu was no exception.

Fu Jingting glanced at everyone, and after two seconds of fixation on Rong Shu's face, he withdrew his gaze, "Sit down."

Rong Shu sat down with the others.

Assistant Zhang began to distribute the meeting materials. Seeing the bandage on Rong Shu's arm when he received the materials, a trace of surprise flashed in his eyes, but it soon returned to normal.

When he returned behind Fu Jingting, he lowered his voice and said, "Mr. Fu, Miss Rong seems to be injured."

"I know." Fu Jingting's eyes flashed slightly, and he replied lightly.

Assistant Zhang raised his eyebrows.

Well, it seems that his message is redundant.

He thought that President Fu didn't know.

The meeting officially started. The content of this meeting is the specific application scope of new energy after the negotiation, as well as the advantages and disadvantages.

Although Rong Shu has read a lot of books on new energy and took some classes at the university, she is still a layman who has a limited understanding of new energy.

After all, she hadn't studied this systematically, so when she listened to Fu Jingting's speech, she felt vague and didn't understand very well.

There was no way, she could only write down all the content with a pen. She planned to go back and slowly figure it out, but Fu Jingting spoke too fast, and she couldn't keep up with the speed of recording, and her hands were sore after a while.

Rong Shu frowned and couldn't help shaking her wrist.

In the main seat, Fu Jingting caught a glimpse, his eyes darkened, full of speed of speech.

This time, the speed recorded by Rong Shu finally kept up. She couldn't help but glanced at him twice. Although she wondered how his speed had slowed down, she was not narcissistic enough that he slowed down for her sake. .

About two hours later, Fu Jingting took a sip of the coffee on the table, "This is the end of today's meeting, is there anything you don't understand?"

Although he asked everyone, his eyes fell on him. On Rong Shu alone.

Rong Shu looked at the notebook in her hand and bit her lip.

She wanted to say that she didn't understand a lot, but no one else wanted to say anything. If she stood up alone and said she didn't understand, everyone else would definitely laugh.

Of course, it doesn't matter if they laugh at her, but they will laugh at Tiancheng behind her. This is something she can't accept, and she doesn't want to see it. It's better to study it by yourself after you go back, and try to understand it as soon as possible.

Thinking of this, Rong Shu lowered her head and said nothing.

Seeing this, Fu Jingting pursed his thin lips, obviously dissatisfied with her silence.

Pretend to be ignorant for the sake of face.

She can be in the mall until now, and the men behind her have contributed a lot, right?

Thinking of Lu Qi and Li Chuan, Fu Jingtingjun's face couldn't help turning black, and his whole body was full of cold air.

He placed the coffee heavily on the conference table, and said solemnly, "Since everyone understands it, then when you go back, write an analysis book on the application of new energy, and send it to my mailbox tomorrow, and the meeting is over!"

Write an analysis book?

Rong Shu raised her head suddenly, her expression a little anxious.

She didn't even understand the content, how could she write it?

And less than a day is simply not enough!

Seeing that other people were unstressed, and then looking at herself, Rong Shu couldn't bear it any longer and stood up abruptly, "Mr. Fu..." Fu

Jingting turned to look at her, his face was much better, "Speak."

Rong Shu He pinched his palms, "Can I have a copy of the monitoring of the meeting?"

The monitoring in the conference room is all sound, because the meeting process needs to be recorded.

She didn't take notes in some places just now, and she wanted a copy of the monitor, just to make up for the notes she didn't take.

She decided not to sleep tonight. She stayed overnight. She should be able to write the analysis, right?
