Chapter 251 Lessons from Mr. Tony

Rong Shu bit her lower lip, thinking a little uncertainly.

And Fu Jingting, who was in the main seat, had a good mood, but suddenly sank to the bottom again.

He thought she called him because he wanted him to explain it to her again.

I didn't expect it to be monitored!

Do you want to go back and watch it with Lu Qi or Li Chuan?

Suppressing the turmoil in his heart, Fu Jingting replied coldly to Rong Shu, "The monitor is broken."

"Broken?" Rong Shu was stunned, then looked up at the monitor above her head, and she didn't believe it was broken.

But she can't ask for an inspection, after all, this is not Tiansheng.

Just when Rong Shu didn't know what to do, Fu Jingting suddenly said, "Go to my office."

"What?" Rong Shu looked at him in surprise, "Why are you going to your office?"

"If you don't want to hand it over tomorrow . Parse the book, you don't have to go." After Fu Jingting said this, he went out with a cane.

Only then did Rong Shu understand that he knew that she didn't understand the content of the meeting, so he wanted to teach her.

But he was so kind, which surprised her.

Rong Shu looked at the notebook in her hand, wondering if she should go or not.

She didn't really want to be alone with him, but if she didn't go, she wouldn't understand many places...

After hesitating for a moment, Rong Shu finally followed through gritted teeth.

They are now a cooperative team, and he probably doesn't want her to be a hindrance or delay the progress of the cooperation, so he helped her.

Thinking of this, the pressure in Rong Shu's heart dissipated immediately.

Hearing the footsteps behind him, Fu Jingting turned his face slightly, and sure enough, he saw the figure of the woman following.

Fu Jingting's thin lips curled slightly, and his walking speed also slowed down. After she approached, he resumed his normal walking speed.

The two entered the office one after the other.

At the moment when the office door was closed, a woman came out of the secretary's office next to her.

The woman looked at the door of the president's office, took out her mobile phone and made a call.

Gu Manyin was doing her hair when she heard the phone ringing in her bag. After taking a look at it, she put it to her ear to answer, "What's the matter?"

"Miss Gu, there is a situation!" The female secretary covered her phone and replied in a low voice .

Gu Manyin swept away the laziness on her face, and her expression became gloomy, "Which shameless woman dares to dig my corner?"

Since she was ordered by Jing Ting not to enter Fu's house without an appointment, she bought it all. A secretary next to Jing Ting asked that secretary to help her keep an eye on the female employees of the Fu Group. As long as there are female employees who want to seduce Jing Ting, they will report to her immediately.

During this period of time, the secretary has not contacted her. She thought that the female employees of the Fu Group were still safe, but she did not expect that reality would give her a slap in the face.

"Not from our group." The female secretary shook her head.

Gu Manyin was still unhappy, "Even if it's not from the Fu Group, it's still digging my corner, saying, who is she?"

But if she breaks ground on her head, she will let the woman know how the word "regret" is written. of!

"I don't know who she is, but I heard Mr. Fu calling her Miss Rong. Mr. Fu treated her very gently. He even stopped to wait for her and entered the office with her." The female secretary replied.

This secretary is a newcomer who has only been with Fu for two months, and he has not yet turned into a regular. Naturally, he does not know that Rong Shu and Fu Jingting are ex-husbands and wives.

Gu Manyin heard Miss Rong's three words, but she didn't know who it was. She suddenly stood up from the soft chair, and then her hair was broken by the curling iron in Teacher Tony's hand, and he hissed in pain. .

"You dare to pull my hair?" Gu Manyin glared at Teacher Tony with a grim expression.

Mr. Tony felt aggrieved and wanted to explain that it was you who suddenly stood up and ripped off your hair. How can you blame me.

But the guest is a guest after all, or a guest with status. Mr. Tony didn't dare to offend him, so he could only bear the blame silently, and bowed and apologized, "I'm sorry Miss Gu, I didn't mean it, I'm really sorry, I..."

Snapped!

Before Mr. Tony finished speaking, Gu Manyin slapped him severely.

The crisp sound made the female secretary on the other end of the phone tremble, not to mention Mr. Tony who was beaten.

Mr. Tony covered his face and looked at Gu Manyin in shock and panic, "Miss Gu, why are you beating someone?"

"You dare to break so many hairs of mine, I didn't kill you, it's your fate!" Gu Man Yin snorted and replied.

It doesn't matter if that bitch Rong Shu provokes her many times.

Now even a small person should offend her, she doesn't know how to live or die!

"You..." Hearing Gu Manyin's vicious words, Mr. Tony's eyes were red with anger, "You're too much, obviously it's you..."

"Okay, okay." At this moment, the store manager left. He came over, gave Mr. Tony a look, motioned him to stop talking, and then smiled at Gu Manyin and said, "Miss Gu, this is a newcomer to our store. Now that I know him, how about you let me do your hair?"

"No!" Gu Manyin didn't give up, pointing at Teacher Tony, her voice full of malice, "I want you to fire him and inform him You are not allowed to use him in the industry, you are the store manager, so you should have this energy." The

store manager and Mr. Tony stiffened.

Especially Mr. Tony, who was trembling with anger.

This woman is so hateful!

“Miss Gu, will it be too extreme?” The store manager frowned.

Gu Manyin put her arms around her, “Hmph, I don’t think I did anything wrong. If he dares to offend me, that’s the end. If you don’t do it, don’t blame me...”

“I know Miss Gu, I will do as you say. .” The store manager made a statement immediately.

Mr. Tony looked at him incredulously, “The store manager?” The

store manager tugged at his sleeve secretly.

He understood something, turned his head away, and kept silent.

Seeing that the store manager agreed to her request, Gu Manyin smiled with satisfaction, “That’s right.” The

store manager squeezed the corners of his mouth, “Then Miss Gu, please sit down for a while, and I’ll take him to the financial room to settle the bill. Salary.”

“Go.” Gu Manyin raised her chin proudly.

The store manager left with Mr. Tony.

In the lounge at the back, Mr. Tony looked unwilling, “Manager, are you really going to fire me and block me?”

“No, I just saw it, it’s not your fault, so I won’t punish you, but this paragraph It’s time for you to rest first, and when that person has almost forgotten about the matter, I am sending you to the branch, after all, that person we can’t afford to offend, she is not only the daughter of the family, but also the future president’s wife of the Fu Group.” The store manager sighed.

Mr. Tony smiled bitterly, “I see.”

Outside, Gu Manyin sat down again and put the phone back to her ear, “Why is Rong Shu going to Fu’s?” The

female secretary understood that Rong Shu was referring to the Miss Rong, and quickly returned. Said, “It seems to be here for a meeting, but the meeting is over now.”

Gu Manyin squeezed the phone tightly.

After the meeting was over, he didn't leave, and entered the office with Jing Ting.

What are they doing in the office?

The more she thought about it, the more jealous she felt in her heart, Gu Manyin hung up the female secretary and called Lin Tianchen, "Tianchen, it's been a few days, haven't you figured out how to deal with Rong Shu?"

She couldn't wait for a moment, she wanted Rong Shu to die now!

In the hospital, Lin Tianchen sat in his consulting room, pushed his glasses and replied, "I think about it, I plan to start tomorrow."

Gu Manyin's face instantly became excited, "What are you going to do?"

Chapter 252 With Her Lip Prints

Lin Tianchen heard it, his eyes were as cold as a poisonous snake, but his voice softly said, "You don't need to kill her. Sometimes it's more uncomfortable to live than to die."

"What do you mean?" Gu Manyin frowned, obviously right He was a little dissatisfied that he didn't kill Rong Shu.

One of Lin Tianchen's glasses flashed white light, "I mean, find a few people to completely destroy her, wouldn't it be better to take a video, so that not only will the child in her belly be gone, but she will also be worse off. Die."

Gu Manyin's eyes lit up, you're right, letting Rong Shu die like this is cheap for her, and it's the best way to simply let her live in pain for the rest of her life. " In this way, even if Jing Ting later knew that Rong Shu was the maple leaf, but Rong Shu who was tainted

by others, she thought that Jing Ting would not love him again.

In the world's finger pointing, even Tian Cheng will become a joke because of her.

So it's enough to kill people, but you have to be punished!

Gu

Manyin trembled with excitement. Lin Tianchen's eyes were dark and unclear, "It seems that you I agree with this idea, right? "

"That's right. "Gu Manyin nodded.

Not only did she agree, she couldn't wait!

"When are you going to take action?" "Gu Manyin asked eagerly.

"Tomorrow, are you interested in coming to see it?" Lin Tianchen turned the sharp scalpel and asked with a hint of temptation in his voice.

Gu Manyin's eyes were dazed for a moment, and then the corners of his lips twitched, "Of course, I want to see Rong Shu being pulled into hell with my own eyes!" "

"Okay, tomorrow I will lead Rong Shu to Beibin Road. There are few people there. You can wait for me on Beibin Road." "Lin Tianchen scratched the blade of the scalpel with his thumb.

Gu Manyin hung up the phone excitedly, her eyes full of viciousness, "Rong Shu, you are finished!" "

"Ah!" In the office of the president of Fu's Group, Rong Shu just opened the notes she made, and the tip of her nose was sore, and she sneezed unexpectedly.

Fu Jingting put a cup of black tea in front of her, "Cold?"

"It's okay." Rong Shu closed her slim suit jacket and replied.

There is heating in the office and it is not very cold.

But just for a moment, she suddenly felt a coolness rush up from the back of the quilt, which made people feel a little nervous.

Fu Jingting watched Rong Shu's actions, pursed his thin lips, picked up the remote control, and turned up the heating in the office, "It shouldn't be cold."

"Thank you, Mr. Fu." Rong Shu treated him politely. smiled.

She didn't think he did it because he cared about her.

It's nothing more than taking care of the partner. If it was her, she would do the same.

Fu Jingting hummed and said nothing, then put down the remote control and sat down beside her.

Rong Shu smelled the mint smell coming from him, her expression froze for a moment, and then her thoughts drifted away, returning to the first time she saw him more than ten years ago.

Under the big tree, the breeze was blowing, and the girl who took the photo secretly smelled the fragrance from the body of the boy she liked.

Because the scent is still the same scent, but the person is not that person anymore.

Taking a deep breath, Rong Shu suppressed the emotional fluctuations in her heart, and looked at Fu Jingting with complicated eyes, "Mr. Fu, you should change your perfume. This fragrance is not suitable for you, you should be suitable for that kind of ocean fragrance."

Hearing this, Fu Jingting frowned.

He has been using this mint fragrance for more than ten years. Because maple leaves like it, he has been using it. This is the first time someone told him that he is not suitable for this fragrance.

Also, what happened to her eyes just now, if he was not mistaken, she seemed to be looking at another person through him.

Who's that person? Li Chuan or Lu Qi?

Feeling the cold air and low air pressure coming from the man beside him, Rong Shu raised his eyebrows.

Could it be her suggestion just now that angered him?

Thinking, Rong Shu twitched the corners of her mouth and smiled embarrassedly, "I'm sorry, Mr. Fu, I just talked too much, so just pretend that I didn't say it."

Fu Jingting's thin lips pursed into a straight line, "I'm really not suitable. Is this fragrant?"

"Hey?" Rong Shu was stunned for a moment, obviously not expecting that he didn't get mad at her, but instead asked if he was suitable.

"Do you want to hear the truth or the lie?" Rong Shu asked while drinking black tea.

Fu Jingting looked up at her, "What do you think?"

Rong Shu smiled, "Okay, then I'll tell the truth, it's not suitable for you now."

"Why me now?" Fu Jingting narrowed his eyes.

He felt that her words seemed to hide some information.

However, Rong Shu shook her head and didn't want to say more. She put down the coffee cup and pushed the notebook in front of him, "Mr. Fu, tell me about these points of my drawing."

Fu Jingting looked at her deeply for a while, and finally He put down the doubts in his heart and told her about the content of the meeting that she did not understand.

More than an hour later, Rong Shu closed the notebook, stood up, and bowed to Fu Jingting, "Thank you, Mr. Fu, for telling me all this, I almost understand it." I

have to say that Fu Jingting is indeed a very good teacher . .

Even her little white who has never learned new energy, under his explanation, she actually understands a lot of things she doesn't understand, and the rest can be figured out when she goes back and reads some books.

It can be seen that tomorrow's analysis book is not a problem.

"No." Fu Jingting stretched out his hand, trying to help Rong Shu up.

Rong Shu stood up straight first, avoiding his movements.

Fu Jingting looked at his hand in the air, his eyes darkened, and then he thought that nothing had happened, and took his hand back calmly, "We work as a group, I don't want anyone to slow down the progress of the entire team, so If there is anything you don't understand in the future, you can ask me directly, there is no need to hide it by yourself."

Hearing him say this, Rong Shu said in her heart as expected.

He really opened a small stove for her in order not to let her hold her back.

The guess was verified, and Rong Shu laughed.

That's good, she won't feel pressured, and she won't think about some things.

"I know, I'll thank President Fu in advance." Rong Shu looked at Fu Jingting.

Fu Jingting's eyelids drooped, "No need."

"Okay, Mr. Fu, it's getting late, I'll go first, see you tomorrow." Rong Shu raised her wrist and looked at her watch and said.

Fu Jingting's thin lips moved, as if he wanted to keep it.

But then he didn't say anything and watched her walk out of the office.

Bang!

As the door of the office closed, there was only Fu Jingting in the huge office.

Fu Jingting took his eyes back from the door and landed on the seat where Rong Shu had just sat, wondering what he was thinking.

After a few seconds, his eyes moved again, and he looked at the coffee table next to him. There was still the black tea she had drunk on it, and a bright red lip print was clearly printed on the edge of the black tea cup.

Looking at the lip print, Fu Jingting's eyes darkened, he reached out his hand subconsciously, picked up the black tea, then printed the lip print on his thin lips, and took a sip of the tea inside.

The black tea was already cold, and the cold liquid flowed down his throat into his stomach. Only then did Fu Jingting react to his actions, his expression changed, he quickly put down the black tea, and clenched his fists.

What is he doing?

Fu Jingting looked at his hand with an obscure expression.

He would actually do such a thing to the black tea that Rong Shu had drunk.

Could it be that he was controlled by that mysterious force again?

Chapter 253 Rong Shu is the Maple Leaf

"Mr. Fu!" At this moment, Assistant Zhang pushed open the door of the office, and he hurried in without even knocking on the door.

Fu Jingting frowned, a little unhappy, "What's the matter?"

Assistant Zhang didn't answer immediately, but looked around in his office, looking for something.

Fu Jingting sipped, and his voice became cold, "What are you looking at?"

"President Fu, where is Miss Rong?" Assistant Zhang asked hurriedly.

Fu Jingting thought of his actions just now, he couldn't help but touched the corner of his lips, lowered his eyes and said in a low voice, "Go."

"Go?" Assistant Zhang raised his voice.

Fu Jingting rubbed his temples and walked to the desk, "What on earth are you looking for?"

"Mr. Fu, have you forgotten, I just went to Liangjiang New District." Assistant Zhang followed behind him.

Fu Jingting subconsciously stopped and turned around, staring at him, "What do you mean? You mean, Maple Leaf is related to Rong Shu?"

The speed of his heart beat gradually increased.

Assistant Zhang nodded his head, "Yes, I went to Liangjiang New District and found Maple Leaf's previous mailing address. It turned out to be the Rong Family Villa."

"Rong Shu... It's Maple Leaf!" His fists were also clenched tightly, and there was still some tremors.

Assistant Zhang responded quickly, "Yes, Miss Rong is 100% Maple Leaf. Maple Leaf said that she has a stepmother and sister who raised a little bit, and the address is the Rong family villa, so Maple Leaf is not Miss Rong who can be.

", He was a little out of breath, took a deep breath to adjust his breath, and said, "The most important thing is that the handwriting of Maple Leaf and Miss Rong, although Maple Leaf's handwriting is a bit immature and not as mature as Miss Rong, it can still be seen that it is a It was written by someone, but we just didn't see it, and Miss Rong has the same background as Maple Leaf, we can know that Miss Rong is Maple Leaf, but we didn't think about it, it's so strange!"

Assistant Zhang hammered his head, "I wonder if there is something wrong with my IQ."

Fu Jingting punched on the desk, the veins on the back of his hand protruding, "No, it's not that your IQ has a problem, but someone doesn't want us to Think about this." Both the

Fu family and Zhang Cheng knew about him and Maple Leaf, but no one found that Rong Shu was the same as Maple Leaf.

What does this mean? It means that everyone has been affected by that power.

Assistant Zhang didn't know what Fu Jingting was thinking, and his eyes widened in surprise, "Mr. Fu, you mean, someone doesn't want us to know that Miss Rong is Maple Leaf? Is it Gu Manyin? But it's not right..."

Assistant Zhang shook his head. She shook her head and rejected her guess, "Gu Manyin doesn't want us to know that it's normal for Miss Rong to be a Maple Leaf, but she can't stop what we think in our minds, but none of us think that Miss Rong is a Maple Leaf. It's too incredible."

"Do you believe that this world has an unknown power to control people's thoughts and feelings?" Fu Jingting suddenly looked at him and asked.

Assistant Zhang was stunned for a moment, then laughed, "Of course I believe it, it's not just hypnosis..."

Speaking of this, he suddenly realized something and opened his mouth, "Mr. Fu, it's no wonder you asked a psychiatrist before, I thought it's because you feel that the psychological pressure is too great, so you suspect that you have been hypnotized?"

And from what Mr. Fu just said, it seems that he was also hypnotized!

Fu Jingting's eyes were dark, and he didn't speak, apparently tacitly agreeing.

Although Dr. Su said that he was not hypnotized, he still believed that he was indeed hypnotized.

It's just that Dr. Su and the others didn't diagnose it.

Maybe the person who hypnotized him was much more accomplished than Doctor Su and the others.

Assistant Zhang patted his face, and the whole person was dumbfounded, "How could this be..."

Fu Jingting lowered his eyes, "From now on, the more you contact the world's top hypnotists, the better."

"Yes!" Assistant Zhang hurriedly responded.

If they were really hypnotized, they would naturally have to find a top hypnotist.

Afterwards, Assistant Zhang thought of something and asked again, "Mr. Fu, do you want to meet Miss Rong?" Acknowledging

...

Fu Jingting lowered his head slightly and did not answer.

Before he knew that Rong Shu was Maple Leaf, of course he thought about recognizing Maple Leaf.

But now that he knew that Rong Shu was Maple Leaf, he suddenly lost the courage to recognize each other, because there were too many complicated things between him and Rong Shu.

Seemingly seeing Fu Jingting's entanglement, Assistant Zhang sighed, "President Fu, I know that you said you loved Gu Manyin because Gu Manyin is a maple leaf, but in fact, all of us can see that you don't love Gu Manyin. Gu

Manyin." Hearing this, Fu Jingting's thin lips moved, "When did you see that I didn't love Gu Manyin?"

"You saw it early in the morning." Assistant Zhang replied, "Six years ago, When you and Gu Manyin met for the first time, although you said you loved her, in your eyes, you didn't have the slightest love for her. It was because of her status as Maple Leaf that you were good to her, but you mentioned Maple Leaf's identity. At that time, there was indeed love in your eyes, which means that you actually treated Maple Leaf and Gu Manyin on the spot from the very beginning."

Fu Jingting was silent.

From Zhang Cheng's words, it can be confirmed that he has never really loved Gu Manyin. Zhang Cheng noticed it six years ago, but he himself only discovered it after a car accident.

Is it really the reason for that power?

"Mr. Fu, there is one more thing I want to tell you, and that is the person you love, Miss Rong." Assistant Zhang pushed his glasses and suddenly spoke again.

Fu Jingting's pupils trembled, "I love Rong Shu?"

"Yeah, you fell in love with Miss Rong for a long time, but you didn't find it yourself, and I, the old lady and Mr. Cheng saw it, but I didn't tell you, I want you to find out for yourself, after all, I said it, you don't necessarily believe it." Assistant Zhang spread his hands.

Fu Jingting's throat was slightly astringent, and he couldn't make a sound.

Does he love Rong Shu?

How can this be!

However, Fu Jingting couldn't say anything to refute .

Because he loves Maple Leaf, and now Maple Leaf has become Rong Shu, then naturally, the person he loves has become Rong Shu.

But obviously, that's not what Assistant Zhang wanted to tell him.

Instead, he told him that he fell in love with Rong Shu without knowing that Rong Shu was Maple Leaf.

"Why are you willing to tell me now?" Fu Jingting asked in a hoarse voice.

Assistant Zhang scratched his head, "This... It's not because I know that Miss Rong is Maple Leaf, since I found out that you love Miss Rong, I understand that you don't love Maple Leaf, but you still have an obsession with Maple Leaf. Treating that obsession as love makes you think you still love Maple Leaf, but now that Miss Rong and Maple Leaf are one person, I naturally have nothing to hide."

Fu Jingting's eyes darkened and he didn't speak again.

He understood that until now, he had always thought that he still loved Maple Leaf, but in fact, he had not loved Maple Leaf for a long time, he loved Rong Shu!

Even if Maple Leaf is Rong Shu, the love is different, because when he fell in love with Rong Shu, he didn't know that she was Maple Leaf.

So when he divorced Rong Shu, he felt that he had lost the most important thing in his heart, so when he saw Rong Shu approaching other men, he was so upset and uncomfortable.

At this moment, Fu Jingting finally understood why he was affected by Rong Shu every time, and why he just acted like that, because he loved her, not controlled by that power, but from his heart Love.

Looking at Fu Jingting's expression, Assistant Zhang knew that he wanted to understand, and encouraged him, "Mr. Fu, go and meet Miss Rong. I believe that Miss Rong knows that you are the one who communicated with her back then, and she will definitely forgive you."

Forgive me...

Fu Jingting pursed his thin lips.

He didn't know whether Rong Shu would forgive him, but he really wanted to ask her why they made an appointment to meet back then, why not her but Gu Manyin in the end.

Why does Gu Manyin know about their communication again!

Chapter 254 Seeing the mysterious man again

Thinking of this, Fu Jingting took out his mobile phone and called Rong Shu.

Unexpectedly, the cold mechanical female voice came over the phone, telling him that Rong Shu's phone was off.

Assistant Zhang also heard it and coughed lightly, "Then what, why don't you go directly to Miss Rong and make it clear face -to

-face?" Fu Jingting's eyes flashed, a little moved.

But soon, he shook his head again, "Go to Gu's house first, I will personally take off Gu Manyin's hypocritical mask."

"Yes, I'll go to prepare the car." Assistant Zhang pushed his glasses excitedly. Then went out to drive.

Fu Jingting clicked on the photo album and pulled out the two photos of Rong Shu taken by the shopping guide in the dress shop before, with deep eyes and tenderness, "Why have you been married for six years and you haven't disclosed it, have you ever been a pen pal with someone? "

If she revealed a little bit, maybe he would have known that she was the Maple Leaf.

Then he would never treat her like that!

hum!

The phone vibrated.

Fu Jingting looked at the message that popped up above. It was Mr. Fu from Assistant Zhang. The car has already driven out and is waiting for you at the gate of the group.

Fu Jingting didn't reply, he turned off the phone, put it in his suit pocket, and walked out of the conference room.

On the way to Gu's villa, the sky was raining heavily, it was gray, and it was foggy, so I couldn't even see the road.

Assistant Zhang muttered while driving, "Mr. Fu, have you noticed that the weather has become very strange recently, the weather forecast said it was sunny, but it was always raining, and there was thunder last night, and it was still raining. There were floods and even earthquakes in some places."

“What’s surprising, doesn’t this happen every year?” Fu Jingting looked at Rong Shu’s photo, and stroked Rong Shu’s face with his thumb. Replied.

Assistant Zhang chuckled, “Isn’t it worth being surprised, I’ll just sigh with emotion.”

Fu Jingting was too lazy to pay attention to him.

Suddenly, Fu Jingting saw a person standing on the road in front of him.

The man was holding a black umbrella and wearing white clothes and white trousers, standing in the middle of the road without dodging or dodging.

Assistant Zhang also saw it and kept honking the horn, urging the man to leave, but the man remained motionless.

“What’s the matter with this person?” Assistant Zhang frowned and scolded inwardly, “Standing in the middle of the road, not even hiding from a car, are you trying to kill me?”

“Brake!” Fu Jingting ordered in a deep voice.

If this person does not leave, it is estimated that he is coming for them.

squeak!

The car stopped abruptly.

Assistant Zhang and Fu Jingting both leaned forward, and finally bounced back on the seats.

Assistant Zhang turned his head to look at him and hurriedly asked, “Mr. Fu, are you okay?”

“It’s okay!” Fu Jingting looked at the person in the middle of the road and replied in a bad tone.

Afterwards, he rubbed his eyebrows, “Open the car lock.”

“Do you want to get out of the car?” Assistant Zhang widened his eyes in surprise. .

This is the private road of Donghua Jingdu. Usually there are very few vehicles. At this moment, the road is even more empty. Except for their car, there is the person in front.

That person appeared out of nowhere, and was stopped in front of their car. He didn’t know whether it was a good person or a bad person. It was too dangerous to get out of the car rashly!

Thinking about it, Assistant Zhang turned his head to Fu Jingting again, and persuaded seriously, "Mr. Fu, don't go in, in case that person is a vicious person..."

"You wait for me in the car with the wooden warehouse in your hand, If there is any situation, open the wooden warehouse directly!" Fu Jingting squinted back, obviously this car, he made up his mind.

He wants to look at this person and stop what they are trying to do!

Knowing that Fu Jingting had decided to leave, he couldn't persuade him, Assistant Zhang sighed, then opened the storage box in the car, took out a carefully stored wooden warehouse, and nodded while assembling, "I know Mr. Fu, I will Help you keep an eye on him."

Fu Jingting snorted, opened the door, opened it, took out an umbrella from the car door, opened it, walked towards the middle of the road in front of him, and stopped in front of the man.

The man slowly raised the umbrella, revealing a face that turned all beings upside down.

However, when Fu Jingting saw this face, there was no change in his expression. He didn't seem to think how good-looking this person was. He asked coldly, "Who are you and what is your purpose?"

"You shouldn't move on." When the man spoke, his voice was also cold, without the slightest emotion.

Fu Jingting narrowed his eyes, "What do you mean?" The

man sighed, "Why do you have to reveal that Gu Manyin is not Maple Leaf, isn't that bad!"

Hearing this, Fu Jingting's pupils shrank and his fists clenched violently, "How do you know what I want to do?" The

man sighed, "Go back and pretend that Gu Manyin is not a maple leaf."

"Why?" Fu Jingting's eyes sparkled with anger, "Gu Manyin lied. I was six years old, and you made me pretend that I didn't know that I was being deceived. You protect Gu Manyin so much, are you the master who controls my power?"

"I didn't protect her, I just promised a very important one. Man, that person loves Gu Manyin very much, so I have to control you." The man shook his head and replied.

“Sure enough, it’s you!” Fu Jingting was only guessing, but now that the guess has been confirmed, the whole person suddenly became furious, threw away the umbrella, and grabbed the man’s collar.

This scene fell into the eyes of Assistant Zhang in the car, and Assistant Zhang suddenly understood that the man was indeed a bad person.

He quickly stuck out his head and pointed the wooden warehouse at the man’s head.

As long as that man is abnormal, but it hurts Fu In general, he will immediately open the wooden warehouse.

Outside, Fu Jingting was soaked in the rain and looked very embarrassed.

But he didn’t care about this, he just looked at the man with red eyes, and asked in a cold voice, “The reason you control me is actually for your most important person, huh, why? Just because of your selfishness, let me I live like a puppet, and all my thoughts and feelings are taken away by Gu Manyin, and I can’t recognize my true love!” The

man didn’t look at Fu Jingting’s hand holding his collar, and his expression and eyes didn’t change because of Fu Jingting’s actions and other changes occurred, but he was still so indifferent, without a trace of emotion.

“Because Gu Manyin loves you, and my most important person loves Gu Manyin, he wants to make Gu Manyin perfect!” the man said.

Fu Jingting sneered, “Just because of this?”

“Yes!” The man nodded.

Fu Jingting punched him, “Because your most important person loves Gu Manyin, so I, who has nothing to do with you, will be forcibly controlled by you to love Gu Manyin, what is the reason!” The

man He frowned slightly, turned slightly to the side, and avoided the fist.

From his easy dodge, it can be seen that he is a trainer.

“I admit that what we did is wrong, but everyone has selfishness. For him, I can sacrifice and use everyone.” The man’s pale gray eyes stared at Fu Jingting, “Besides, isn’t it good to love Gu Manyin? Love is just a chemical reaction, isn’t it the same for everyone?”

“The same?” Fu Jingting was disgusted by these two words, and asked sarcastically, “Since you think that love is a chemical reaction, then the person you care about the most. , I don’t really care, is it a chemical reaction?”

“...” The man’s pupils dilated slightly, and he was obviously stopped by this question.

“I want you to release your control over me immediately!” Fu Jingting ordered in a deep voice no matter what the man was thinking at the moment.

“I can’t, I promised him.” The man quickly calmed down, suppressed the daze in his heart, and shook his head in rejection.

Fu Jingting’s anger hit his heart again, and his fists clenched and growled, “No? This is a matter between you and Gu Manyin, and it has nothing to do with me. Since your most important person loves Gu Manyin so much, why don’t you? Go hypnotize Gu Manyin, make them two fall in love with each other, and insist that I pay for his relationship!” The

man’s eyelids lowered, and there was a trace of sadness in his eyes without any emotional changes, “It’s too late...”

” What do you mean?” The

man didn’t answer, but stepped forward, raised his hand, and snapped his fingers under the vigilance of Fu Jingting and Assistant Zhang.

clatter!

Hearing this snap of fingers, Fu Jingting’s pupils instantly became distracted, and his mind began to empty.

Even Assistant Zhang in the car behind him looked dazed.

After they returned to normal, the man was no longer there, and he left at some point.

“Mr. Fu!” Assistant Zhang hurriedly got out of the car with an umbrella and ran to Fu Jingting’s side, “What happened just now? Who is that man?”

Fu Jingting didn’t answer, and returned to the car with unclear eyes.

Assistant Zhang took out a towel from the car storage box and handed it over, “Mr. Fu, wipe the water off your body.”

Fu Jingting took the towel, put it on his head, and said in a hoarse voice, "That person is the one who hypnotized us. "

What?" Assistant Zhang slammed his head into the roof of the car, hissing in pain.

But he didn't care about this, he clenched the steering wheel and asked, "Mr. Fu, are we really hypnotized?"

"Yes." Fu Jingting put the towel over his face, unable to see the expression on his face.

Assistant Zhang felt hair all over his body, "But when did we get hypnotized?"

Under the towel, Fu Jingting's eyelashes trembled.

He also wanted to know this question.

He had never seen this man, but was hypnotized by this man.

You can imagine how scary this man is.

"Mr. Fu, why should we be hypnotized by him?" Assistant Zhang asked again, short of breath.

Fu Jingting took off the towel, "Don't ask, check the man's identity and his relationships."

He wanted to know who the man was.

Who is that man who admires Gu Manyin!

"Yes." Assistant Zhang nodded solemnly.

Without President Fu's reminder, he will also investigate.

Such a person, who not only hypnotized President Fu, but also hypnotized him, is simply unpardonable!

"Continue to drive to Gu's house." Fu Jingting instructed.

Assistant Zhang responded and restarted the car.

Soon, the Gu family arrived.

Fu Jingting stood at the door and rang the bell.

When the servant came to open the door, he was shocked when he saw Fu Jingting who was soaking wet, "Oh, Mr. Fu, what's wrong with you?"

" , leaving a puddle of water.

When she came to the living room, Mrs. Gu was arranging flowers. When she heard footsteps, she looked up and said in surprise, "Jing Ting, why are you here, and you are..."

"Where is Gu Manyin?" Fu Jingting interrupted her directly. .

Mrs. Gu noticed that his attitude was wrong and seemed very angry, and asked tentatively, "Manyin is in the room, have you quarreled again?"

"Tell her to come down!" Fu Jingting ordered coldly.

Madam Gu frowned.

Seeing that she didn't do what she did, Fu Jingting kicked on the coffee table with a cold voice that made people tremble, "I said, let her down!"

Mrs. Gu was frightened and stood up from the sofa, her face turned pale, and she nodded again and again, "Okay, I'll tell her to come down, Ma Zhang, go upstairs and tell the lady to come down."

"Yes." Zhang Mom, the servant who had just opened the door, responded quickly and went upstairs to call for someone to go.

Mrs. Gu looked at Fu Jingting timidly, "Jing Ting, what's wrong with you? Did Man Yin do something when you made such a fuss? If so, tell her well, you will scare her."

"Scared her?" Fu Jingting stared at Madam Gu with cold eyes, "With her courage, will she still be scared?"

Gu Manyin not only dared to pretend to be Rong Shu, but even dared to confront each other several times. The next killer.

He really didn't know what Gu Manyin couldn't do.

"Jing Ting, what do you mean? What's wrong with Man Yin's courage? Do you need to mock her?" Mrs. Gu raised her face a little unhappily.

But she knew in her heart that Manyin had indeed done something to anger him.

Otherwise, why would he say so.

Fu Jingting ignored Madam Gu because Gu Manyin had come down.

“Jing Ting, you came to see me.” Gu Manyin came to Fu Jingting with a happy smile.

Seeing Fu Jingting’s wet appearance, she opened her eyes in surprise, “Jingting, why are you so wet, Ma Zhang, get your clothes...”

“No need!” Fu Jingting interrupted her coldly.

Gu Manyin couldn’t help but shivered, and finally found that his eyes and expression were a bit wrong, and he was cold without a trace of emotion.

She felt like she was going to be torn apart just by looking at it.

Gu Manyin subconsciously took a step back, opened the distance between him and Fu Jingting, twitched the corners of his mouth, and forced a smile, “Jingting, why are you looking at me like this, did I do something wrong again? what?”

She began to think about what she had done, which one might have been discovered by him.

In the end, it was found that none of them were likely to be discovered by him, after all, she was so secretive.

However, in the next second, Fu Jingting’s words completely shattered her hopes.

“Gu Manyin, why are you pretending to be Rong Shu?” Fu Jingting asked with suppressed murderous intent.

boom!

Gu Manyin only felt a thunderbolt strike in her head, causing her to freeze and her hands and feet to be cold. Why can’t I understand?”

He knew, he actually knew!

“Yes, Jing Ting, what do you mean?” Mrs. Gu was also at a loss.

Fu Jingting ignored Mrs. Gu and just stared at Gu Manyin, the chill in her eyes seemed to turn into substantial knives, slicing her into pieces.

“You don’t admit it till now. Since I came here, it means I have evidence. Six years ago, you pretended to be Rong Shu to meet me and said that you were my pen pal. Since then, I have been in love with me. You, pampering you, for you, I was extremely indifferent to Rong Shu, and even made her suffer for you, Gu Manyin, when Rong Shu was treated like that by me, were you happy?”

Fu Jingting's voice was very loud. Gentle and calm, but under this calm, there are endless chills and violent storms.

How could she be unhappy, a fake replaced the genuine product, and seeing the genuine product being abandoned like a shoe, she would go crazy with joy?

Gu Manyin's pupils shrank to the size of pinpoints, and her face was all white.

After a few seconds, she suddenly cried and shook her head, "No, Jing Ting, that's not the case. I'm not pretending to be Rong Shu, I'm Maple Leaf."

Fu Jingting looked at her performance coldly, with mockery in his eyes.

After he said there was evidence that she was not a pen pal, she was still arguing.

It can be seen that the psychological quality is not generally strong.

Would such a person have split personality because of being stimulated?

Fu Jingting had some doubts.

"Since you said you said Maple Leaf, do you live in Liangjiang New District? Have you ever raised a dog? Do you have a stepmother and sister?" Fu Jingting raised his feet and approached her, asking her a question every time he took a step.

Chapter 256 Come to the door and confess your feelings

Gu Manyin listened to his footsteps, as if stepping on her heart, causing her heart to contract, panic and fear all hit.

She stepped back subconsciously, her lips trembling and she couldn't make a sound.

Seeing this, Fu Jingting's eyes were full of disgust, "You can't answer, right, because you don't live in Liangjiang New District, you don't have a dog, and you don't have any stepmother or sister, so you can still say with confidence that you are Maple Leaf. ?"

Boom!

Gu Manyin slumped on the ground, her eyes dazed.

Seeing her like this, Fu Jingting knew that she couldn't hide it and admitted it.

"Manyin!" Madam Gu hurriedly stepped forward, hugged Gu Manyin, and shook Gu Manyin's shoulder, "Manyin, what's wrong with you?"

Gu Manyin's lips moved, she wanted to say something, but nothing Unable to speak.

Madam Gu had no choice but to ask Fu Jingting, "Jing Ting, what are you talking about with Man Yin? What are you pretending to be Rong Shu, what Maple Leaf, I can't understand a word."

Fu Jingting didn't look at her, but looked at her mockingly. Gu Manyin replied, "Your daughter, pretending to be my true lover, and enjoying the treatment she shouldn't have for six years."

"What? You don't love Manyin?" Mrs. Gu's voice rose high.

Fu Jingting snorted coldly, "I have never loved her, I have always loved Rong Shu, Rong Shu is my pen pal, she pretended to be Rong Shu to stand beside me, otherwise you think, six I never saw her before, why would I suddenly say I love her!"

"This..." Madam Gu was asked.

Yes, six years ago, because of the unequal status, these two children did not meet.

No, it should be said that Jing Ting has never seen Man Yin unilaterally, but Man Yin has seen Jing Ting. After all, Jing Ting is excellent. Which girl in the circle doesn't like him.

But suddenly one day six years ago, Jing Ting appeared at Gu's house and said that she wanted to be with Man Yin. She felt very strange at the time, but also very affectionate.

However, she didn't think much about it at the time, she only felt that Jing Ting fell in love with Man Yin at first sight, and because she was young, her love became a little more intense.

Unexpectedly, this love came from Man Yin Dove occupying the magpie's nest.

Thinking of this, Mrs. Gu gave Gu Manyin a strange look.

Gu Manyin avoided her gaze with a guilty conscience, then stood up, grabbed Fu Jingting's arm, and cried, "I'm sorry Jingting, I know I'm wrong, I really know I'm wrong, I shouldn't pretend to be Rong Shu, but I can't control it, because I love you..."

Gu Manyin knew that the matter of pretending to be Rong Shu was irreversible.

The most urgent task now is to sincerely admit the mistake and obtain Fu Jingting's forgiveness.

This way, she still has a chance!

"You love me?" Fu Jingting smiled, sneeringly.

He raised Gu Manyin's chin and pressed his fingers, "You love me, so you have to pretend to be Rong Shu and seize the identity of Rong Shu. According to you, can everyone be like you when they look at other people's things? In this world, how can there be such a reason!"

Fu Jingting said, his hand was hard again.

Gu Manyin groaned in pain, tears streaming down her cheeks.

Fu Jingting looked at her tears and felt her heart cramping.

But he knew that he didn't feel bad for her, but the same situation happened last time in the restaurant.

But this time, even if she died, he wouldn't tolerate her anymore.

Fu Jingting shook off Gu Manyin's chin, took out a decorative handkerchief from the chest pocket of his suit, wiped his fingers, and made no secret of the disgust on his face.

After wiping, he didn't want the handkerchief either, he just threw it away.

"Gu Manyin, I will put the cancellation of the engagement on the agenda as soon as possible, and you pretend to be Rong Shu and cheat on me for six years. I won't just let it go. You can do it yourself."

After speaking, Fu Jingting looked sullen, like Like a cold wolf, he stared deeply at Gu Manyin for a while, and Gu Manyin almost screamed before he retracted his gaze, turned and left the villa.

The moment his figure disappeared from the entrance, Gu Manyin seemed to have collapsed, her legs were weak, and she slumped on the ground with cold sweat on her face.

So terrifying, the look in Jing Ting's eyes just now was so terrifying, it made her feel like she was in hell.

Gu Manyin couldn't help curling up, hugging herself tightly.

Madam Gu sighed distressedly, "What's all this called..."

"Mom." Gu Manyin grabbed Madam Gu's hand tightly with both hands, and asked emotionally, "What should I do now, Mom, What should I do now?"

Madam Gu looked at the red mark that was caught on her hand, and wanted to pull out her hand, but Gu Manyin was holding on tightly, as if she would not let go if she didn't pay attention.

Mrs. Gu had no choice but to continue to let her hold her, "Mom doesn't know either, after all, the fact that you pretended to be Rong Shu really angered Jing Ting. I discussed it with your father, and your father and I really thought it was you that Jing Ting loved."

For this reason, their husband and wife also thought that Rong Shujiu occupied the magpie's nest and robbed her daughter of her position.

"What's the use of talking about this now!" Gu Manyin threw away Madam Gu's hand as if venting, and said sharply, "Jing Ting is going to cancel the engagement with me, no, I can't cancel the engagement with him, I finally managed to As his fiancée, how can I lose this position, I won't be able to live!"

She scratched her face like crazy, and red marks appeared on her fair face.

Mrs. Gu was afraid that she would scratch her face, so she quickly took her hand off and comforted, "Okay, we won't cancel the engagement, I'll call your dad back and discuss what to do next."

With that said, Mrs. Gu immediately called Gu Yaotian.

Outside, Assistant Zhang saw Fu Jingting coming out and went up with an umbrella, "Mr. Fu, are you clear?"

"Go to Repulse Bay." Fu Jingting didn't answer. After getting in the car, he closed his eyes tiredly.

Assistant Zhang looked at him looking tired, opened his mouth, stopped asking, and started the car.

An hour later, Repulse Bay arrived.

Fu Jingting knocked on the door of Rong Shu's apartment.

Rong Shu was analyzing the books when she heard a knock on the door, put down her pen and walked over, "Who is it?"

Fu Jingting heard her voice and did not answer.

He knew, he answered, she might not open the door.

Rong Shu didn't even look at it. After yawning, she opened the door directly.

Seeing that the person outside the door was Fu Jingting, she was stunned for a moment, then frowned, and was about to close the door.

Fu Jingting put his big hands on the door to stop her, but there was a hint of pleading in his voice, "Don't close, I have something to tell you."

"What?" Rong Shu frowned.

Knowing that she would not close the door for a while, Fu Jingting put his hands down, stared at her affectionately, and finally hugged her into his arms.

Rong Shu was stunned, her eyes widened, and it took a while for her to react, her face flushed with anger, and she pushed him hard, "Fu Jingting, what are you doing, let me go!"

Fu Jingting didn't let go, but hugged her instead. tighter.

How could he be willing to let her go.

She is the one he loves!

Seeing that Fu Jingting was unwilling to let go, and the water on his body had also wet her clothes, Rong Shu became more and more angry, and finally bit her lip and stomped on his foot.

Fu Jingting was in pain, frowned, and groaned, but he still didn't let go of her.

Rong Shu was so angry that he raised his hand and gave him a slap!

Fu Jingting's face was slapped to one side, and the whole person was stunned. He held her hand and let go subconsciously.

He couldn't seem to believe that she actually hit him.

Rong Shu didn't care what Fu Jingting thought, taking this opportunity, she took two steps back, distanced herself from him, and looked at him angrily, "Fu Jingting, if you want to get nervous, go back to your Fu mansion, and please, please. You can see clearly, I'm not Gu

Manyin." Fu Jingting pressed his tongue against his cheek, and replied in a hoarse voice, "I know you're not Gu Manyin."

"Knowing that you still hug me, are you crazy?" Rong Shu was shocked. .

Fu Jingting clenched his fists, "I'm not crazy."

"Then you..."

"I love you!" Fu Jingting cut off her words.

Rong Shu's mind went blank, she was stunned for a moment, and it took a while to find her voice, "You... What did you say?" Did

he say he loves her?

how is this possible!

She must have misheard.

However, in the next second, Fu Jingting looked at Rong Shu and repeated what he just said again, "I love you."

This time, Rong Shu could no longer deceive herself and say that she heard it wrong.

Fu Jingting really said that he loves her.

Rong Shu's lips moved, and it took a while for her voice to come out, "Fu Jingting, do you know what you're talking about? If you say this because you and Gu Manyin are playing tricks on me, then I'll tell you, I won't be fooled. Yes , so you guys still..."

Before she could finish her words, Fu Jingting grabbed the back of her head and kissed her forcibly.

Rong Shu didn't realize what happened until she felt something in her mouth.

There was a hint of shame and anger in her eyes, and she pushed his chest with both hands, trying to push him away.

But Fu Jingting's chest was like an iron wall, and it was so violent that it couldn't be pushed at all.

He stepped into the door frame, and then pressed her against the shoe cabinet, kissing her harder and harder, trying to make her breathless.

Rong Shu was so angry that she raised her hand to give him another slap.

But this time, Fu Jingting was already prepared, and the moment her hand was raised, he grabbed her wrist and pressed her hand to the wall above her head.

As a result, Rong Shu was completely restrained and restrained by Fu Jingting, unable to move at all, and could only let him do whatever he wanted.

While Rong Shu was angry, a sense of grievance came to her heart, and her eyes turned red.

Fu Jingting put a hand behind her head and felt a drop of liquid slide down her face. It was icy cold and made his heart tremble.

He stopped subconsciously, let go of her hand and lips, raised his head and looked at her, only to realize that she was crying.

“You...”

“Go away!” Rong Shu yelled and pushed Fu Jingting away, then raised the back of his hand and wiped his lips forcefully, with an undisguised look of disgust on his face.

So disgusting, this is so disgusting!

The thought of him touching Gu Manyin with that lip that had kissed Gu Manyin many times made her nauseous.

Seeing the disgust on Rong Shu’s face, Fu Jingting’s pupils shrank, as if a knife was cutting his heart.

Does she hate him that much?

“Fu Jingting, you’re just a bastard!” Rong Shu’s body was shaking with anger, and her eyes were red and tearful, staring at him.

Fu Jingting raised his hand, trying to wipe away the tears for her.

But before she could get in touch with her, she was patted away.

This scene was very similar to when he treated Gu Manyin at the Gu family villa before.

Fu Jingting looked at the back of his hand that was slapped red, and was not angry, he put down his hand and said, “Rong Shu, I didn’t play with you, what I said is true!”

“What’s the truth, do you think I’ll believe it? You’ve loved Gu Manyin for six years, and now you come over and tell me, you love me, heh, it’s a big joke!” Rong Shu sneered at him .

Fu Jingting's thin lips moved, his voice a little astringent, "I know you don't believe it, in fact, I just found out today that I love you."

Rong Shu laughed angrily, "What do you mean by just finding out today? Yes, you fell in love with me a long time ago?"

"Yes." Fu Jingting looked at her with deep eyes, "I fell in love with you very early, and we recognized you very early..." Before the

words were finished, he All of a sudden, it was dark in front of him, and he fell to the ground with a thud.

Rong Shu was startled and kicked him, "Hey, what's wrong with you?"

Fu Jingting didn't respond.

Realizing that something had happened to him, Rong Shu's expression became solemn, and she squatted down to check his condition.

I saw his eyes were closed, his cheeks were red, and he was short of breath, obviously having a fever.

Rong Shu reached out and touched Fu Jingting's forehead, which was very hot.

That's right, it's so cold today, he's so wet, and the injury from the car accident isn't healed, so it's no wonder he doesn't have a fever.

"You're really going to cause trouble for me!" With a sigh, Rong Shu put her hand into Fu Jingting's pocket and touched it, took out his mobile phone, then picked up his hand again, unlocked the phone with his fingerprint, and flipped through it. Assistant Zhang called.

The call was quickly answered, and Assistant Zhang's voice came, "President Fu, tell Miss Rong who you are..."

"Tell me what?" Rong Shu asked with a frown.

Assistant Zhang was stunned for a moment, and then a happy smile appeared on his face.

Miss Rong held Mr. Fu's mobile phone.

So, Miss Rong has forgiven Mr. Fu and made up with Mr. Fu?

Thinking about it, Assistant Zhang smiled, "Miss Rong, congratulations..."

“Congratulations, you are a big bastard. If you don’t come up to pick up your boss, you will be troubled!” Rong Shu looked at Fu Jingting and said angrily.

Assistant Zhang blinked in astonishment, “You...are you not reconciling?”

Rong Shu seemed to have heard a big joke and couldn’t help rolling her eyes, “Reconcile? Why should I reconcile with him, I If you’re sick, alright, hurry up and pick him up, or I’ll throw him in the trash!”

After she finished speaking, she hung up the phone, stuffed the phone back into Fu Jingting’s pocket, and dragged one of Fu Jingting’s feet. Like dragging a corpse, he dragged Fu Jingting from the entrance to the door.

Just when she threw Fu Jingting’s feet on the ground and clapped her hands, the elevator not far away opened, and Assistant Zhang hurried out from inside.

Seeing Rong Shu standing and Fu Jingting lying on the ground, he quickly shouted, “Mr. Fu!”

“Stop howling, you’re not dead.” Rong Shu held her forehead.

Assistant Zhang squatted down to check on Fu Jingting’s condition, and found that Fu Jingting really only had a fever, so he was relieved.

Afterwards, he held Fu Jingting’s arm and helped him up, “Miss Rong, then I’ll take Mr. Fu away first.”

“Let’s go quickly, don’t come again.” Rong Shu waved her hands in disgust.

Assistant Zhang glanced at Fu Jingting angrily.

Mr. Fu, what have you been doing here for so long? Have you made it clear why Miss Rong still hates you so much?

With a sigh, Assistant Zhang turned around with Fu Jingting, ready to leave first and take Fu Jingting to the hospital.

Suddenly, Rong Shu stopped him, “Wait a minute!”

Assistant Zhang stopped, “Miss Rong, do you have any other orders?”

Rong Shu looked at Fu Jingting coldly, “When your boss wakes up, tell him , don’t come to me and tell me some inexplicable love for me, if you don’t say it, it will be disgusting!”

“No, Miss Rong, Fu is always sincere!” Assistant Zhang quickly testified for Fu Jingting.

Rong Shu frowned, just as she was about to say something, the elevator opened again, and Cheng Huai came out with a bunch of flowers in her arms, "What is the sincerity?"

"Mr. Cheng?" Assistant Zhang looked at Cheng Huai in surprise, and asked again. Look at Rong Shu.

It was so late that Cheng Huai came to Miss Rong's house.

Is there really something between them?

Chapter 258 is the psychological effect

Thinking of this, Assistant Zhang was angry and gave Fu Jingting a sympathetic look.

Cheng Huai's eyes fell on Fu Jingting, who was unconscious with his head cocked, and raised his eyebrows, "Yo, what's wrong with Jing Ting?"

"Mr. Fu has a fever." Assistant Zhang replied with a wry smile.

Rong Shu pursed her lips and said lightly, "If you have a fever, take it to the hospital as soon as possible."

After speaking, she looked at Cheng Huai, "Come in first."

"Okay!" Cheng Huai entered the room with a bright smile.

Rong Shu didn't even look at Assistant Zhang and Fu Jingting, and closed the door directly.

Assistant Zhang looked at the closed door, finally shook his head, and dragged Fu Jingting away helplessly.

Although she was alone with Miss Rong and Mr. Cheng, she was a little nervous for President Fu.

But when I'm nervous, it can't compare to Mr. Fu's body. Let's take Mr. Fu to the hospital first. After Mr. Fu is well, let Mr. Fu fight with Mr. Cheng and the others.

In the apartment, Rong Shu took the flowers that Cheng Huai handed over, then found a vase and took them out, trimmed the flowers one by one, and put them in the vase.

"Why did Fu Jingting come to see you?" Cheng Huai sat on the sofa with his hands on the back of his head, pretending to be curious.

Rong Shu didn't hear the temptation in his tone, so she curled her lips and replied, "Crazy, what did you say to me all of a sudden, he loves me, you say it's not funny."

“What? Did he tell you that he loves you?” Unexpectedly, Cheng Huai did not find it funny, but looked surprised and solemn.

Rong Shu cut the flowers seriously, without paying attention to his expression, nodded, “Yeah, but I think he should be trying to prank me, so I didn’t take it seriously.”

“Haha, that’s it!” Cheng Huai twitched the corners of his mouth. , smiled perfunctorily, but his eyes were extremely serious.

He didn’t think that Fu Jingting was plastic surgery, and that Fu Jingting’s methods would not be so inferior. He could only say that Fu Jingting was serious.

Fu Jingting... finally found out who he really loves!

“By the way, I haven’t asked why you came all of a sudden.” Rong Shu put the vase full of flowers on the coffee table, sat opposite Cheng Huai and asked, interrupting Cheng Huai’s thoughts.

Cheng Huai’s eyes flashed, suppressing the sense of crisis in his heart, he picked up an apple in the fruit bowl and took a bite, “I’m going to talk to you about the fake romance, I’m going to find an opportunity tomorrow to let her appear in front of the Gu family and the couple.”

“Have you decided?” Rong Shu’s face became serious.

Cheng Huai nodded, “Yes, fake romance agreed.”

“Well, what do you need me to do?” Rong Shu asked.

Cheng Huai touched his stomach and looked pitiful, “Can I cook? I’m here on an empty stomach. You can’t let me, a guest, have no food, can you?”

Rong Shu couldn’t help laughing. ” It seems that I don’t need my help in the matter of the fake romance reviewing the house, okay, you sit down for a while and I’ll cook.”

She stood up and walked towards the kitchen.

In the hospital, a nurse is giving Fu Jingting a fever-reducing injection.

Assistant Zhang stood beside him and asked worriedly, “Is my boss okay?”

“It’s nothing, but the rain caused the wound to become inflamed and have a fever. Now the wound has been re-dressed, and it will be fine when the fever subsides.”

“Then That’s fine, that’s fine.” Assistant Zhang patted his chest.

The nurse threw away the syringe, hung a hanging bottle on Fu Jingting, and left.

Assistant Zhang took out his mobile phone and was going to call Fu Mansion to inform the old lady about Fu Jingting's situation.

As a result, before the call was made, Fu Jingting woke up.

"Mr. Fu." Assistant Zhang put down the phone and helped Fu Jingting up.

Fu Jingting was sitting on the head of the bed, the red tide on his face had subsided, replaced by a sickly pale.

He looked at the environment of the ward, then looked at his hand with the hanging needle, and asked in a hoarse voice, "What's wrong with me?"

"Your wound is inflamed and you have a fever." Assistant Zhang replied.

Fu Jingting closed his eyes, "Who brought me to the hospital?"

Is it Rong Shu?

"It's me." Assistant Zhang's answer instantly shattered the hope that had just risen in Fu Jingting's heart.

Fu Jingting pursed his thin lips and gave him a cool look.

Assistant Zhang looked blank.

what happened?

How could he feel that President Fu was despising him for meddling in his own business?

Is it an illusion?

Assistant Zhang coughed lightly, "What, Mr. Fu, after you fainted from a fever, it was Miss Rong who asked me to take you to the hospital."

A light flashed in Fu Jingting's deep eyes.

Rong Shu didn't send her here.

But it was Rong Shu who asked Zhang Cheng to send him here.

For a time, Fu Jingting felt some comfort in his heart, his face became much better, and even the air-conditioning around his body was relieved a lot.

But at this moment, Assistant Zhang suddenly asked, "Mr. Fu, has Miss Rong forgiven you?"

There should be no. If Miss Rong has forgiven Mr. Fu and Mr. Fu has a fever, how could Mr. Fu still be allowed to do so? lie on the floor.

But in order to verify, it is better to ask Mr. Fu.

Fu Jingting rubbed his temples, his head was still a little dizzy, "I fainted before I had time to speak."

"..." Assistant Zhang twitched the corners of his mouth.

useless!

He thought so in his heart, but he didn't dare to say it, so he coughed against his lips, "Then talk about it after your fever subsides."

"Have you found the hypnotist you asked for?" Fu Jingting asked with narrowed eyes.

"I've already contacted one, but he didn't have time to come, so he's trying to find others." Assistant Zhang replied.

Fu Jingting clenched his back teeth, "Then get in touch as soon as possible, and now invite Dr. Su over."

Although Dr. Su couldn't see the problem in him, as an expert in this field, he still had some questions that he wanted to ask the other party. .

"Yes." Assistant Zhang nodded in response, then took out his mobile phone and contacted Dr. .

About an hour later, Dr. Su came to the ward. "President Fu."

"Doctor Su, please sit down." Fu Jingting pointed to the chair on the hospital bed.

Dr. Su thanked him, pulled the chair and sat down, "Mr. Fu invited me this time, is it still about the last time?"

"Yes, last time you suggested that I find more psychiatrists to diagnose whether I have any problems. I was hypnotized, their diagnosis was the same as yours, I was not hypnotized, but in fact, I was hypnotized again." Fu Jingting looked at Dr. Su and said.

Dr. Su adjusted his glasses in surprise, "Is Mr. Fu so sure?"

“I saw the person who hypnotized me.” Fu Jingting gritted his teeth and said these words, every word was mixed with endless anger and killing intent .

Dr. Su became interested, “Who is it?”

Hypnosis is a very magical and dangerous thing. It can not only manipulate people’s spirits, but also delete people’s memories.

And some very powerful hypnotists can even completely turn a person into a puppet.

It can be said that a hypnotist who can do this is no different from a god.

Therefore, in some countries, hypnosis has been regarded as a forbidden technique.

He is now beginning to suspect that a hypnotist who made so many of their psychiatrists unable to diagnose hypnosis may be the kind of hypnotist who is almost like a god.

Because only at this level, they can’t check it out, but there are very few masters of this level in the world, and they are all very old, and they even signed a contract not to shoot, so he is very curious to know now, where is it? A master broke the treaty and shot.

“I don’t know, my subordinates are investigating. The only thing I know is that he is very young and a very... good-looking man.” Fu Jingting frowned to describe the man’s appearance.

To be honest, it is somewhat subtle for a man to praise another for his good looks.

“Young?” Dr. Su was shocked, “How is this possible?”

“It’s true, but it’s not important. What’s important is that I need to know that a hypnotist can cause angina pectoris?” Fu Jingting stared at Doctor Su and asked.

Dr. Su pondered for a while, “Mr. Fu, can you tell me in detail?”

“Yes.” Fu Jingting nodded, “You should still remember my description of my fiancée before. I must treat her well, spoil her, and love her.”

“Of course!” Dr. Su nodded.

Fu Jingting's face turned gloomy, "But in the past two days, I found that if I didn't do that, my heart would have severe colic."

"I understand, this is indeed what a hypnotist can do, but I What I want to tell Mr. Fu is that the pain you feel is not real physical pain, but psychological pain." Dr. Su looked at him and said.

"Psychological pain..." Fu Jingting lowered his eyelids thoughtfully, "You mean, my heart doesn't really hurt, but my heart and consciousness feel it hurts?"

"Yes, after all, hypnosis Although the teacher is powerful, he is not a real god, and it is impossible to control even the pain, so this is actually a kind of hypnosis, a spiritual suggestion in hypnosis. This spiritual suggestion is probably to let you spoil your fiancée, as long as you If you don't do it, your heart will hurt."

Fu Jingting squeezed his fists and clucked, "I understand, can it be lifted?"

"I can't lift it, after all, I can't even find the other party's hypnosis, so how can I get rid of it? To unravel the other party's spiritual suggestion, it can only be said that the other party's accomplishments are too high, and he is still so young...hey, the master is in the folk!" Dr. Su sighed with emotion.

Fu Jingtingjun's face turned black.

When Dr. Su saw it, he smiled embarrassedly, "Sorry, Mr. Fu, I couldn't control it for a while.

"

People are treated like this by the hypnotist, and I even praise the hypnotist. Isn't that rubbing salt on people's wounds?

Nor should people be unhappy.

Fu Jingting glanced at Dr. Su with a cool look, "Okay, I have another question, since you can't lift the hypnosis and spiritual suggestion on me, why did my angina go away when I came into contact with Rong Shu? "

Who is Rong Shu?" Dr. Su asked without answering.

Fu Jingting's eyes softened, "My lover."

Dr. Su raised his eyebrows, "It's not a hypnotized fake lover, but a real lover?"

"Yes." Fu Jingting nodded.

Dr. Su touched his chin and thought for a moment, then replied, "It may be a miracle. Although hypnosis is miraculous, it is not a magical skill. Sometimes the power of love is far stronger than people think. Maybe you came into contact with that Miss Rong's. At that time, your love for Miss Rong made you subconsciously walk out of the spiritual suggestion, so your heart naturally no longer hurts."

Fu Jingting raised his chin thoughtfully, "I see, thank you Doctor Su for your answer."

"It's nothing . ." Doctor Su waved his hand.

Fu Jingting pinched the bridge of his nose, "Zhang Cheng, send Dr. Su out."

"Yes." Assistant Zhang nodded and made a gesture of invitation to Dr. Su.

As soon as the two walked to the door, Assistant Zhang saw the people outside the door and exclaimed, "Doctor Lin, why are you here?"

"I heard that your boss is back at the hospital again, so let's take a look." Lin Tianchen Putting his hands in the pockets of his white coat, he replied lightly, but his eyes glanced at Dr. Su beside him.

In the ward, when he heard Lin Tianchen's voice, Fu Jingting narrowed his eyes, "Zhang Cheng, let Lin Tianchen come in."

Assistant Zhang heard it, and turned sideways to open the door, "Dr. Lin, please come in, I will send Dr. Su away. . "

Lin Tianchen smiled and entered the ward.

Fu Jingting squinted and stared at him, "Did you hear that?"

Lin Tianchen pushed his glasses and said, "Almost, I heard your feelings for Gu Manyin because you were hypnotized, and also heard that you were given mental cues by that person, so you had to spoil Gu Manyin, to be honest, I'm surprised."

"So are you going to tell Gu Manyin?" Fu Jingting's face was gloomy.

This person has always had a good relationship with Gu Manyin. When he didn't know he was hypnotized and didn't realize his true feelings, he was still unhappy.

Now that I think about it, it's really disgusting!

But he couldn't let this person tell Gu Manyin that he was hypnotized and given mental suggestion, otherwise Gu Manyin might take advantage of this and make him treat her like he did before.

He must find a way to remove the hypnosis and spiritual suggestion from his body as soon as possible!

Lin Tianchen seemed to understand what Fu Jingting was thinking, and leaned lazily against the wall opposite the tail of the hospital bed, "You don't have to be so wary of me, I won't tell Gu Manyin, and Gu Manyin and I also have a grudge."

Fu Jingting's expression didn't change, but the corners of his lips twitched sarcastically, "Do you think your words are credible?"

Lin Tianchen shrugged, "If you don't believe it, forget it. Besides, you really think Gu Manyin doesn't know about you. Is it about being hypnotized?"

Fu Jingting's pupils shrank.

Seeing this, Lin Tianchen smiled, "In addition to being a surgeon, I am also a part-time neurologist and psychiatrist, do you think I really can't see that the person you love has never been Gu Manyin, but Rong Shu? It's not just me, but Gu Manyin himself knows that you don't love her, I used to wonder, how could someone be so stupid that they don't even know who they really love, now I understand that you are hypnotized.

"After a pause, he added, "I asked Gu Manyin when she just woke up. I'm not afraid that Fu Jingting will suddenly find out that he doesn't love you. Guess how she answered."

Lin Tianchen looked at Fu Jingting, whose face was getting colder and colder. , without waiting for him to speak, and said the answer on his own., "her answer was, not afraid, because she was confident that you would not find out. At that time, I was still thinking, what kind of confidence did she have. Now that I think about it, it should be about you being hypnotized, but I really didn't expect that she You actually know a hypnotist!"

"Don't you have a good relationship with her, don't you know?" Fu Jing said coldly.

Lin Tianchen took out a scalpel from his pocket and turned it on his fingertips like a pen, "I only got better with her eight years ago. How could I know what happened to her before?"

Fu Jingting lowered his eyelids and said nothing . Know whether to believe or not.

After a few seconds, he raised his head, "Can you release my hypnosis and spiritual suggestion?"

"I have to know first which hypnotist gave you, because each hypnotist has a different technique, so rashly Release, it will easily cause damage to your spirit." Lin Tianchen said with spread his hands.

“He’s a good-looking man.” Fu Jingting replied with a sigh.

Lin Tianchen turned his knife for a while, “He looks very good...isn’t he a man with long hair who likes to wear white clothes?”

Fu Jingting’s face changed slightly when he heard this, and he gritted his teeth and squeezed out three words, “You know him? “

My brother!” Lin Tianchen’s expression finally stopped showing a lazy look of not caring about anything, but became serious.

“Your brother?” Fu Jingting clenched his fists.

Lin Tianchen snorted, “Yes, it’s probably my senior brother. If he really hypnotizes you, I can’t get rid of it. At most, I can only help you control it.”

“Not even you?” Fu Jingting’s eyes flashed. Slightly surprised.

Lin Tianchen nodded, “My senior brother is a natural hypnotist, and he has an affective disorder, so he won’t be troubled by emotions, so learning hypnosis is very handy. When I was a teacher, he was already a top-notch teacher. As a hypnotist, a snap of fingers, a look or a word can make the opponent attack, and it’s too late to even take precautions.”

Chapter 260

Speaking of this, he suddenly sighed, “Six years have passed, and my brother’s attainments may be higher than that of the master.”

“So how did Gu Manyin know such a powerful hypnotist?” Fu Jingting scrutinized he.

Lin Tianchen continued to turn the scalpel, “Didn’t I say it, I don’t know, and I’m also curious.”

Fu Jingting saw that he didn’t seem to be lying, and his eyebrows were twisted into Sichuan characters.

Even Lin Tianchen doesn’t know, it seems that Gu Manyin is really not simple.

At this time, Assistant Zhang came back.

Fu Jingting directly asked him to investigate Lin Tianchen’s senior brother, and told him that Lin Tianchen’s senior brother was the mysterious man.

Lin Tianchen saw all this and did not stop it.

He has a bad relationship with his brother.

So how could he stop Fu Jingting from investigating his brother.

After Assistant Zhang left again, Fu Jingting looked at Lin Tianchen, "Now control the hypnosis and spiritual suggestion on my body for me."

"Of course, I want double the price. After all, this is private work. If you are caught, you can ask for it. Salary deduction." Lin Tianchen said with a playful smile.

Fu Jingting glanced at him lightly, "I won't let you down."

"That's good." He put away the scalpel.

An hour later, Fu Jingting woke up under the snap of Lin Tianchen's fingers.

The moment he opened his eyes, he could clearly feel that his heart was more relaxed than ever, and his brain was also clearer than ever before.

He knew that it was Lin Tianchen who controlled the hypnosis and spiritual suggestion in him.

"Thank you." Fu Jingting looked at Lin Tianchen and said thanks.

Lin Tianchen sat on the chair tiredly, sweating on his face, "Thanks are all empty, the money is good, and I'll make it clear to you in advance, I'm just temporarily helping you control it, But it has not been solved, so next, as long as you reduce your meeting with Gu Manyin, it will basically not be affected."

Fu Jingting hummed and said he understood.

However, in the next second, Lin Tianchen threw another bombshell, "By the way, when I was hypnotizing you just now, I found that a memory of you was sealed."

"What?" Fu Jingting's face became tense.

His memory is actually a problem.

Could it be that when he had a headache during this period of time, the picture that flashed in his mind was the sealed memory?

"Can you untie it?" Fu Jingting asked in a deep voice.

Lin Tianchen snorted coldly, "If I could, I would have untied it for you long ago. It would cost twice as much. When you catch my senior brother, let him come."

He waved his hand and dragged his tired body. out of the ward.

Fu Jingting lowered his head and couldn't see the expression on his face, but the cold air emanating from his body made the whole ward become depressed.

He didn't expect that he was not only hypnotized, but even his memory was manipulated.

Gu Manyin, you are really good!

On the other side, Repulse Bay.

Cheng Huai took the initiative to clean up the dishes after eating.

Rong Shu leaned against the door of the kitchen to watch him wash dishes, "I thought a young master like you wouldn't do this kind of housework."

"Just kidding, I was a soldier, so how could I not even do these things. "Cheng Huai said proudly.

"Have you ever been a soldier?" Rong Shu was a little surprised now.

Cheng Huai put the washed bowls into the disinfection cabinet, "Of course, I have been there for several years. If it weren't for some reason, I might still be in the army now."

When Rong Shu saw him talk about some reasons, a trace of sadness flashed in his eyes, and he didn't ask anymore.

She's not the kind of person who likes to inquire about other people's sadness.

Suddenly, the phone rang.

Rong Shu turned around and returned to the living room, picked up the phone from the coffee table, and answered the call.

After two minutes, the call ended.

Cheng Huai asked curiously, "Who is it?"

"The embassy, ??let me know that the visa is approved." Rong Shu put the phone back on the coffee table and said.

Cheng Huai raised his eyebrows, "You want to go abroad?"

"Abortion." Rong Shu stretched her waist and replied.

The corners of Cheng Huai's mouth twitched, "You're so direct."

Rong Shu chuckled, "Why not? I'll answer you around the corner, are you tired?"

"That's right, but why are you thinking about going abroad for an abortion?" Cheng Huai was very puzzled.

The smile on Rong Shu's face faded, and she told the story of the abortion in the hospital last time.

After Cheng Huai heard this, he slapped him on the table, his face full of anger, "They are killing people!"

Because Lin Tianchen is still a doctor.

It is so unethical to do such maddening things.

"Fortunately, you're fine." Cheng Huai looked at Rong Shu with lingering fears.

Rong Shu picked up the water glass and took a sip, "Yeah, I'm also very fortunate."

If Lin Tianchen hadn't discovered the red mole on her wrist in time.

Maybe she'd been in a box long ago and buried in the soil.

"This matter can't be left like this. If Lin Tianchen can agree to kill so easily, his hands will definitely not be clean, so he has to check it!" Cheng Huai said with narrowed eyes.

Rong Shu handed him a glass of water, "Then I'll leave it to you."

"Don't worry." Cheng Huai patted his chest with a smile.

After that, the two talked about other things for a while, and Cheng Huai said goodbye and left.

After he left Repulse Bay, instead of returning home, he drove to the hospital.

Fu Jingting was sitting on the hospital bed with a hanging needle in his hand, but there was a laptop on his lap, and his hands were typing quickly on it.

Cheng Huai knocked on the door, "Yo, you are still working so hard even when you are sick. This spirit is really admirable."

Fu Jingting stopped what he was doing, looked up at him, his voice was cold and indifferent, "What are you doing here?"

"I'm here to visit." Cheng Huai raised the fruit in his hand and walked in.

Fu Jingting frowned, "How did you know I was here?"

"Of course I saw it with my own eyes. You fainted in front of Rong Shu's house. I even urged Assistant Zhang for you to bring you to the hospital quickly, how about you? , is my brother interesting enough?" Cheng Huai put down the fruit, a dim light flashed in his eyes, and said with a smile.

Fu Jingting's hand on the keyboard suddenly tightened.

How could he not hear it? Cheng Huai deliberately revealed that he had seen him at Rong Shu's place.

Fu Jingting closed the computer with a gloomy face, "It's so late, why did you go to Rong Shu's place?"

Cheng Huai pulled the chair and sat down, "Of course I have something to do with her, but it's you who ran to Rong Shu's place so late. Go, I'm afraid it's not good, aren't you afraid that Gu Manyin will know?"

"It doesn't matter whether she knows or not, we are going to dissolve the marriage." Fu Jingting put the computer on the bedside and said coldly.

Cheng Huai's expression also became cold, "What about after the divorce? Go get back to Rong Shu and remarry Rong Shu?"

Fu Jingting heard the anger in his tone, and his thin lips pursed a little coldly, "This has something to do with you. what relationship?"

"Of course it has something to do with it, Fu Jingting, don't forget, you promised me that when I pursued Rong Shu, you would not come out to stop it, but what's going on with you now, come to the door and tell Rong Shu that you love her?" Cheng Huai stood up.

Fu Jingting looked at him calmly, "Yes, I love her, so I will chase her back and remarry her! And didn't you already see that the person I love is not Gu Manyin, but Rong Shu? So you and I know exactly what you said to me back then!"

"I..." Cheng Huai choked, then clenched his fists, "Yes, I admit that I said those things in order to stop you. One day I will react and I will go after Rong Shu again, but I didn't expect this day to come and come so fast, but Fu Jingting, you promised me at the time, and now you have broken your promise, don't you think your behavior is very Shameful?"

Fu Jingting's eyes darkened, "I did promise you, but I just promised not to stop you, but I didn't promise not to remarry Rong Shu."

"You..." Cheng Huai's face was deformed.

But soon, he regained his composure, "Okay, you, Fu Jingting, are really good at exploiting loopholes, but do you want to remarry when you say remarriage? Do you think Rong Shu would agree?"

Fu Jingting's thin lips moved, but he didn't answer.

Seeing this scene, Cheng Huai laughed mockingly, "Look, you don't even have the confidence to answer this question, then I'll answer you, Rong Shu won't remarry you, so you should get rid of your unrealistic thoughts as soon as possible."

"Why do you think Rong Shu can't?" Fu Jingting looked at him blankly.

"It's just what you've done to Rong Shu in the past six years!" Cheng Huai put his arms around him and said coldly, "You shouldn't have forgotten your cold violence against Rong Shu in the past six years, right? So what qualifications do you have to remarry her? Just because you found out that you fell in love with her? Fu Jingting, don't you think this is ridiculous?"

Hearing his sarcasm, Fu Jingting folded his fists.

Yes, he did not deny what he had done to Rong Shu in the past.

But he already knew it was wrong now, and he'd doubly make up for her.

Cheng Huai didn't know what Fu Jingting was thinking, he rubbed his temples, "Jing Ting, seriously, I think you are very unworthy, you know? When you don't love her, you turn a blind eye to her, when you love her, You want to get her back again, what do you think of Rong Shu? Is it something that comes and goes when you are called?"

Fu Jingting squinted his eyes unpleasantly, "This is just your own imagination!"

"Yes, this is It's my imagination, but isn't that what you do? You don't love Rong Shu, why did you agree to marry Rong Shu? Rong Shu said that as long as you refuse, she won't force you, but you didn't refuse. isn't it?"

Cheng Huai looked at him and said, "Since you didn't refuse, you did it of your own accord, but after getting married, you ignored Rong Shu and allowed her to be bullied

by your family, and even you yourself were one of the ones who bullied her. , at that time she loved you, so do you know how much your attitude towards her hurt her heart?"

Fu Jingting pursed his lips tightly and did not speak.

He knew, of course he knew.

He still remembered that when she first got married, the eyes she looked at him were so bright, as if they were shining, but gradually, the light in her eyes disappeared and turned into a gray, even her whole person became air of gloominess.

But what did you do at that time?

I didn't care why she became like that, but I felt irritated!

It was he who was sorry for Rong Shu!

Thinking of this, Fu Jingting only felt that his heart was stabbing like a needle, and the pain was dense.

Seeing that Fu Jingting didn't speak, Cheng Huai sighed, "Do you think that's all you have done to Rong Shu?"

Fu Jingting's eyelids trembled slightly.

Cheng Huai said again, "When Gu Manyin just woke up, you actually asked Rong Shu to move out of Fu's mansion, just to make room for Gu Manyin. At that time, you were not divorced, right? Rong Shu is still your wife, so you let you Li Zhennan's real wife, make room for a third party, such an outrageous behavior, even those playful children of Li Zhennan can't do it, you who have received an elite education, you actually did it."

Speaking of this, he smiled incomprehensively. After a moment, "Jing Ting, when you knew that I heard this, you were very puzzled, and even wondered if you had been beaten by a ghost, and the most important thing is that by doing this, you are undoubtedly putting a knife in Rong Shu's heart. "

That's not my intention!" Fu Jingting raised his eyes suddenly and replied.

Yet he knew in his heart, whether hypnotized or not.

But he could never deny that these things were indeed done by him.

Cheng Huai shook his head, "Whether it's your original intention or not, what's the use of saying this now, Gu Manyin has hurt Rong Shu many times in the past few months, don't you also do nothing, so what face do you have to pursue Rong Shu? , and remarry

Rong Shu? Jing Ting, let Rong Shu go, she finally got out of her feelings for you and becomes herself, can you please fulfill her?”

“You tell me so much, this is your real purpose. Well, I just want me to let go and not hinder you from pursuing Rong Shu.” Fu Jingting looked at him with a sneer.

Cheng Huai lowered his head and smiled, “You are right, I do have this purpose, but more than that, I am still complaining for her, and Fu Jingting, you are sure that you can protect her after you remarry her. Is it? Your mother, Gu Manyin, and the Gu family, unless you get rid of all these people, you won’t be able to protect her, you’ll only hurt her again, so think about it.”

After speaking, Cheng Huai patted him on the shoulder and said goodbye.

When he walked to the door, Cheng Huai was startled when he saw the old lady and Feng Ma, and then he was about to say hello.

The old lady shook her head at him.

Cheng Huai smiled understandingly and left.

The old lady pushed open the door of the ward and entered, “Jing Ting.”

“Grandma, you are here.” Fu Jingting put down the hand that was rubbing his eyebrows, and spoke in a hoarse voice.

The old lady sat down beside the hospital bed, “The child Zhang Cheng said that you have a fever, so he came to see you specially. I didn’t expect to hear the conversation between you and the Cheng family boy, Jing Ting, do you really fall in love with Shushu? “

The person I love has always been her, and she is the only one.” Fu Jingting lowered his eyes and replied.

Whether it is Maple Leaf or Rong Shu, they are all alone.

He first fell in love with Maple Leaf, and then fell in love with Rong Shu.

The same person, he fell in love twice!

Listening to Fu Jingting’s answer, the old lady did not have the slightest surprise on her face, as if she had known it for a long time.

Fu Jingting’s heart sank.

Sure enough, everyone knew that he loved Rong Shu, but no one told him.

If someone told him, would he be able to understand his heart earlier and find out that he was hypnotized earlier?

Fu Jingting pursed his thin lips and thought.

The old lady sighed, "I told you not to regret it at the beginning, you said that you would never regret it, but now..."

Fu Jingting only felt that his face was slapped hard, and it was painful.

Yes, his grandmother had persuaded him not to get divorced and live with Rong Shu, but he didn't listen. Grandmother told him not to regret it. He was very firm that he would not regret it at the time.

But now, he really regrets it...

Fu Jingting's heart hurts uncomfortably.

The old lady noticed his mood change and patted the back of his hand, "Jing Ting, it's too late to regret now, listen to the Cheng family boy, let it go."

"No!" Fu Jingting refused with a gloomy expression, "I love it. How can I let go of her for more than ten years?"

"Ten years? Didn't you and Shu Shu only know each other six years ago? Where did it come from?" The old lady was at a loss.

Fu Jingting clenched his fists and looked at her, "Grandmother, Rong Shu is my pen pal."

"What?" The old lady was startled, "Shu Shu is your pen pal, so Gu Manyin is fake?"

"Yes Speaking of Gu Manyin, Fu Jingting's eyes flashed with anger and hatred, and he gritted his teeth and replied, "She's pretending to be Rong Shu!"

It took a while for the old lady to calm down the waves in her heart and patted her chest, "No wonder Gu Manyin even likes you. I don't know anything about flowers, it turned out to be a fake, so do you, you can't tell whether a pen pal is real or fake, and you manage such a big group because of you!" The

old lady gave Fu Jingting a sullen look.

What a sin, Gu Manyin, that woman, can do such shameless things as dove occupying a magpie's nest.

Jing Ting is also stupid and can't tell the truth from the fake. If Jing Ting found out that Shu Shu was the truth earlier, maybe Jing Ting and Shu Shu's children could run away now.

Chapter 262 Shocking in the middle of the night

The more the old lady thought about it, the more she hated it.

Sure enough, there is nothing good in the family!

Fu Jingting lowered his eyelids to cover his expression, "It's my fault, I didn't find out."

He didn't plan to tell his grandmother that he was hypnotized.

At such an age, things can happen.

"Hey..." The old lady sighed and looked at Fu Jingting with serious eyes, "So you are sure to chase Shushu back now?"

"Yes!" Fu Jingting narrowed his eyes and nodded, "I have loved her for more than ten years. , how can I be willing to let go, she can only be mine!" The

word 'only' was bitten very hard by him.

At the same time, it also shows that his ambition is sure to win.

The old lady was silent for a moment, and finally stood on Fu Jingting's side.

After all, he is a grandson.

Of course she also wished her own grandchildren a good life.

"Since you have decided, then you should show all your sincerity and sincerity to impress Shu Shu and ask Shu Shu to forgive you. Of course, you can't force Shu Shu, otherwise my grandmother won't think of you as my grandson!" The old lady looked at Fu Jingting with a serious expression.

Fu Jingting looked at her earnestly, "Yes!"

"Then you have a good rest, I'll go back first." The old lady stood up with a cane.

Feng Ma quickly supported her.

The two old people left the ward under Fu Jingting's watch.

Outside the ward, the old lady asked Feng Ma to let go of herself first, then took out her mobile phone and called Rong Shu.

The children and grandchildren are all in debt...

Soon, the phone was connected, and Rong Shu's yawning voice came, "Grandma, it's so late, what's the matter?"

"Shu Shu, did grandma disturb your sleep?" The old lady just remembered that it was midnight and apologized for her negligence.

Rong Shu turned on the light, sat up from the bed, leaned against the head of the bed and replied, "No, I just fell asleep, and I haven't fallen asleep very well."

"Is that so?" The old lady nodded, and then she looked hesitant.

Rong Shu noticed that she was on the verge of speaking, and smiled, "Grandma, if you have anything to say, just say something, and be polite to me." The

old lady touched the round head of the crutch, with a wry smile on her face, "That's right. My Shushu, Jing Ting..."

Rong Shu understood instantly, her eyelids drooped, "Grandmother, do you want to say that Mr. Fu loves me?"

"How do you know, Shushu?" The old lady stared in surprise. round eyes.

Rong Shu twitched the corners of his mouth, "Because President Fu told me three hours ago."

"What do you think, Shushu?" the old lady asked.

Rong Shu shook her head, "I don't think much of it, I just think it's fake, I've been married to him for six years, and he's never loved me, not even after the divorce, and suddenly he came to me today and told me, he loves me, I think No one would believe it."

"Indeed." The old lady sighed, "But Shushu, Jing Ting didn't lie to you, what he said was true, he really loves you."

Rong Shu is only an old man The person hadn't given up the idea of ??matching her and Fu Jingting, he flipped his hair and replied, "Okay grandma, it's getting late, you old man, hurry up and rest, don't stay up late, I'm a little tired too, I'll see you another day, good night. ."

She hung up the phone directly.

The old lady took the phone from her ear and sighed helplessly.

Feng Ma asked, "Young lady doesn't believe it?"

"Who would believe it?" The old lady smiled bitterly and said, "Shushu obviously doesn't want to talk about such a thing, no, this is the first time I've been so anxious to hang up the phone. "

Feng Ma laughed, "Yes, it's normal for the eldest young master to treat the young lady like that before, and the young lady doesn't believe it."

"I originally wanted to help Jing Ting and talk to him at Shu Shu's place, but now it seems that my old face is not very useful, so Jing Ting can only impress Shu Shu in the future. "The old lady put away her phone and said helplessly.

Feng Ma supported her again, "Don't worry about it when you are old, this is a matter between the eldest young master and the young lady, and they can handle it themselves."

"You are also saying that young people have young people's affairs, I am The old lady is involved too much, but she will be hated by young people, let's go, go back." The old lady said with a smile.

In Repulse Bay, Rong Shu also put down her phone, her eyebrows knitted tightly.

Three hours ago, Fu Jingting came to confess to her, and now the old lady also called to tell her this.

What does Fu Jingting want to do?

If you want to rectify her, why include the old lady too.

Just thinking about it, Rong Shu suddenly saw a flash of light from the floor-to-ceiling window opposite the bed.

The light was so strong that it shone through the curtains.

what's the situation?

Rong Shu lifted the quilt and got out of bed, walked to the floor-to-ceiling window, and then slammed the curtains open.

As soon as she pulled it away, she was taken aback, and with a sigh, she released the curtain and quickly took two steps back.

I saw a huge skeleton appearing on the glass of the floor-to-ceiling window, which was very scary.

But soon, Rong Shu realized that it was fake, it was just an image projected on it.

Realizing this, she breathed a sigh of relief, and the fear in her heart gradually disappeared, and what followed was full of anger!

This is the second time!

The last time she thought she was wrong.

“Huh...” Rong Shu closed her eyes, let out a breath of turbid air, and then opened the floor-to-ceiling window and walked out.

She wanted to see who did it!

Standing on the balcony, Rong Shu looked down.

The people below found her coming out, and quickly turned off the projection, hid in their clothes, put on their hoods, lowered their heads, and ran quickly.

He ran too fast, and Rong Shu's floor was so high that he couldn't see the man's face, so he could only tell it was a man by his body shape.

She didn't know if it was a prank or deliberate intimidation.

But she would never let that person go.

Thinking of this, Rong Shu turned around and went back to the room, called the property manager, and told the situation.

The property quickly sent security to search the man.

But it turned out to be a pity, that person ran away early and was not caught.

Rong Shu was not too surprised by this. She had guessed it long ago, and directly asked the property to call the police and handed over the matter to the police.

After this commotion, Rong Shu completely lost the slightest sleepiness, and barely fell asleep until the second half of the night.

However, early the next morning, he was woken up by a phone call. It was Lin Tianchen who called.

“What’s the matter?” Rong Shu didn’t wear shoes, stepped on the carpet with her bare feet, and asked in a low voice as she walked to the bathroom.

Lin Tianchen didn’t mind her indifference at all, and said in a gentle voice, “Didn’t you hear Gu Manyin asking me to deal with you in the hotel last time? Today is the day I will take action, but don’t worry, I will not take action against you. The person to deal with is Gu Manyin, are you interested in coming to see?”

Rong Shu narrowed her eyes and asked instead, “How do you want to deal with Gu

Manyin?” Lin Tianchen didn’t hide it from her, “Gu Manyin I want people to ruin you, make a video and post it on the Internet and some profit-making websites, and make you die.”

“What?” Rong Shu frowned tightly.

Not only do I want people to ruin her, but I also want to make a video and post it online.

So vicious, it’s simply amazing!

Lin Tianchen listened to Rong Shu’s slightly rough breathing, and knew how angry she was at the moment, pushed her glasses to reassure and said, “Don’t worry, I just said, I won’t treat you like this, I will only treat her like this. “

Rong Shu pursed her lips, “That’s right, then I’ll wait for your good news.”

“Aren’t you going to come?” Lin Tianchen raised his eyebrows.

Rong Shu replied indifferently, “No, it’s better not to watch the hot eyes.”

She didn’t know if this was the joint plan of Lin Tianchen and Gu Manyin against her, so she had better not go there.

Lin Tianchen sighed regretfully, “Okay, I originally wanted you to see Gu Manyin’s fate, but that’s fine, it’ll stain your eyes, then I’ll hang up first, and wait for things to come together. , I will inform you.”

Chapter 263 The Past of Senior Brother

Rong Shu ignored it and hung up the phone.

On the other side, Lin Tianchen looked at the mobile phone interface that jumped back to the main menu, and pushed his eyes, not surprised.

After all, she didn't believe him, he always knew.

So her attitude is normal.

Putting away the phone, Lin Tianchen put his fingers on his knees and looked at the person on the sofa opposite, "She doesn't look."

"I heard." Li Chuan nodded slightly while drinking tea.

Lin Tianchen's glasses gleamed, "You really want to deal with Gu Manyin with me?"

"She bullies my sister, so of course I won't let her go, and you're a doctor, I'm a hacker, I can help you clean up everything, no? Is it good?" Li Chuan raised his eyes.

Lin Tianchen smiled, "That's what you said, then we have a good cooperation." Li Chuan

didn't respond, put down the teacup and got up, ready to leave.

Lin Tianchen suddenly said to his back, "Your mental illness is very serious, you should seek medical treatment as soon as possible, otherwise, you will destroy yourself!" Li Chuan

paused for a while, without turning his head, he only replied indifferently, "No need. You care!"

"I don't want to care about you, I only care about Rong Shu, if you don't control your condition, you will not only destroy yourself, but also hurt Rong Shu, I hope you understand this." Lin Tianchen stood up.

The fists on both sides of Li Chuan clenched, and his lips moved, as if he wanted to say something.

But in the end, he didn't say anything and walked out.

Lin Tianchen turned the scalpel, his eyes darkened.

As a part-time psychiatrist, he knows very well that Li Chuan is a sick person. Although he hides it well now, people can't see it, but once Li Chuan doesn't want to hide or is stimulated, he will become a completely different person.

And Li Chuan's obsession is Rong Shu. In order to get Rong Shu, Li Chuan is likely to imprison Rong Shu and other things.

Of course, with him around, he wouldn't let Li Chuan have the opportunity to do that. He would keep staring at Li Chuan. Once Li Chuan dared to attack Rong Shu, he would turn Li Chuan into a specimen.

No matter how sick Jiao is, she can't win against this natural cold-blooded pervert!

Lin Tianchen curled his lips coldly, then got up, picked up the medical record folder, and went to inspect the ward.

When he came to Fu Jingting's ward, he knocked on the door.

Fu Jingting was putting on a tie, and when he saw Lin Tianchen out of the corner of his eye, he didn't mean to say hello.

Lin Tianchen didn't mind either, leaning against the door with his arms around him, "Ready to leave the hospital?"

Fu Jingting hummed lightly.

"Exactly, I have something to tell you." Lin Tianchen looked at him.

Fu Jingting put on the diamond tie clip, "What's the matter?"

"Gu Manyin's split personality is fake." Lin Tianchen said.

Fu Jingting's eyes flashed, but there was not much expression on his face.

Lin Tianchen squinted slightly in surprise, "Looking at your appearance, you seem to have known?"

"I guessed it before." Fu Jingting turned around.

So when he heard this, he was not too shocked.

"But you were the one who diagnosed her with split personality at the beginning." Fu Jingting put his hands in his trouser pockets and looked at Lin Tianchen coldly.

Lin Tianchen shrugged, "I admit, it's my fault, but I had a good relationship with her before, so what she wants, I will naturally help her, and Dr. Steve, I also bought it."

Fu Jingting still didn't say anything about it. The reaction was too big, and he had already guessed it when he was sure that Gu Manyin did not have a split personality.

"It seems that you really broke up with Gu Manyin." Fu Jingting said in a cold voice.

Lin Tianchen's eyes were full of storms, "I am good to her because she is my savior, but I didn't expect that the real benefactor was not her, she knew that I was wrong, but she didn't admit it, but she enjoyed my righteousness with peace of mind. The benefactor is good, you say, how could I not break up with her?"

Fu Jingting realized that Lin Tianchen and Gu Manyin had a good relationship because of this.

Of course, what made him even more ironic was that Gu Manyin was a habitual criminal who occupied the magpie's nest!

Not only pretending to be Rong Shu, but also pretending to be Lin Tianchen's savior, it's really disgusting.

"You didn't tell me Gu Manyin's true face before, but now you come to tell me, what's your purpose?" Fu Jingting looked at Lin Tianchen.

He never believed that Lin Tianchen was out of kindness.

First of all, they didn't know each other so well, and secondly, Lin Tianchen was a man of great wealth, and he was by no means a good person who hated evil. Lin Tianchen wouldn't do anything without interests.

Lin Tianchen smiled, "I do have a purpose, but I can't tell you right now. When I need it, I'll talk to you. Well, your assistant is here, and you're running so fast, you should have something important to talk to. You said, let's talk slowly, I'm going to inspect other wards."

After speaking, he let go of his arms and walked to the next ward.

As soon as he left on the front foot, Assistant Zhang appeared at the door on the back foot.

"President Fu!" Assistant Zhang called out to Fu Jingting panting.

Fu Jingting frowned, "What's the matter?"

"I found out about Dr. Lin's senior brother. Not only that, but I also found out how Gu Manyin and him met." Assistant Zhang said with a deep breath.

Fu Jingting's pupils shrank a little, and his expression sank, "Speak clearly!"

"Yes." Assistant Zhang nodded, and then slowly said, "Dr. Lin's brother's surname was Shi Mo, because he was born with an affective disorder. , his parents took him abroad to receive treatment from a psychiatrist when he was very young, and then he was accepted as a disciple by the hypnotist Jason."

Fu Jingting pursed his thin lips, "Continue."

"When Shi Mo was ten years old, his parents both died in a car accident, leaving only a younger brother . An important person is also Gu Manyin's ex-boyfriend." Assistant Zhang looked at him.

Fu Jingting squinted, "Ex-boyfriend?"

"Yes, Shi Qing returned to China when he was eighteen years old. Because of his good looks, he was actively pursued by Gu Manyin. After being together for three years, Gu Manyin took the initiative to break up. , and then pretend to be Miss Rong to meet you." Assistant Zhang said.

Fu Jingting's face was cold, "What about Qing then?"

"Dead."

"Dead?" Fu Jingting was slightly startled.

Assistant Zhang nodded, "I also died in a car accident. It is said that I wanted to save Manyin, but was hit by a car while crossing the road."

Fu Jingting lowered his eyelids and said nothing.

No wonder he asked Shi Mo to hypnotize Gu Manyin that night and let Gu Manyin be with the most important person in Shi Mo's mouth. Shi Mo said it was too late.

It turns out that the most important person died six years ago.

"Actually, Shi Qing didn't die on the spot. He lay in the hospital for three days before he died. Before he died, Shi Mo returned to the country. Shi Qing knew that he was dying and couldn't take Gu Manyin's heart back from you, Mr. Fu. So I wanted to fulfill Gu Manyin, and then let Shi Mo hypnotize you, make you subconsciously think that you love Gu Manyin, and make you unshakable that Gu Manyin is a maple leaf."

"That's why I always found out . Gu Manyin's flaws can't be ignored!" Fu Jingting clenched his fists.

Assistant Zhang sighed, "Yes, it's not just you, me, the old lady, the madam, and Master Jinglin, all of us who know Maple Leaf have also been hypnotized. When he hypnotized us, he made us forget to meet each other. He, so we have been up all the time, we don't know when we were hypnotized."

Speaking of this, he was somewhat afraid.

Fortunately, Shi Mo only hypnotized them and did not doubt Gu Manyin's identity.

If they were hypnotized to commit suicide, or if they were to reveal the core secrets of the Fu Group, the consequences would be unimaginable.

Chapter 264 Owe Me A Life

Fu Jingting obviously also thought of this, his face turned black, and his breath was cold.

He looked at Assistant Zhang, "How did you find out these?"

"After I found out Shi Mo's identity, I found Master Jason directly. Shi Mo respects Master Jason, and Master Jason contacted Shi Mo. Mo, after that, Shi Mo contacted me again and told me this personally. In addition, Master Jason said that when Shi Mo violated the contract and shot privately, he will also punish you, so you won't be disappointed." Assistant Zhang replied. .

Fu Jingting pursed his lips, "What kind of punishment?"

If it's too light, don't blame him for taking it personally.

"It seems to be three years of confinement. I heard that the confinement of the hypnotist is a small dark room with no windows, no light, no one to talk to him, and no electronic equipment entertainment facilities. People are locked in like a world where there is no sound at all, even if the hypnotist has a strong psychological quality, he may not be able to withstand the darkness and go crazy." Assistant Zhang said in horror.

Fu Jingting's thin lips hooked, "This result is good, I'm very satisfied."

He was really looking forward to hearing the news that Shi Mo was crazy.

"Did Master Jason say when to let Shi Mo come over to release my hypnosis and spiritual suggestion?" Fu Jingting asked again.

Assistant Zhang pushed back his glasses and replied, "Of course, Shimo is in the country right now, and he will come over tomorrow. After he is released, he will go back to the confinement."

"Okay." Fu Jingting nodded, "Let's go and be discharged from the hospital."

Knowing that he can release the hypnosis and spiritual suggestion tomorrow, he is finally in a better mood.

Now he just wants to quickly appear in front of Rong Shu and confess to her that they are pen pals.

Thinking about it, Fu Jingting took out his mobile phone while walking towards the elevator and sent a message to Rong Shu. Where are you now?

He did not call or send a text message, but asked on WeChat.

Because he knew that once Rong Shu saw that it was his text message, he would definitely not reply.

But using zh this WeChat is different.

Sure enough, in Tiancheng Group, Rong Shu looked at the WeChat message sent by zh, although she didn't understand why he asked where she was, seeing that the other party was her billionaire creditor, she still answered truthfully in the group, why? already?

Fu Jingting's eyes flashed, and there was nothing to type.

Rong Shu looked at these three words with a question mark on her face.

what's the situation?

Wouldn't it be okay to be idle, deliberately looking for her to relieve the boredom?

Shaking his head, Rong Shu was too lazy to go back, put down the phone and continued to work.

Fu Jingting didn't ask any other questions, he put away his phone and entered the elevator.

His purpose was just to inquire about her current location. After inquiring clearly, if you have anything to say, just meet and say no.

Soon, I got out of the elevator and came to the parking lot.

Just as Fu Jingting was about to get into the car, a choked female voice suddenly sounded behind him, "Jing Ting..."

Fu Jingting frowned, turned around, and looked at Gu Manyin opposite, his expression did not change at all, "What are you doing here? ?"

Gu Manyin squeezed her palm, took two steps forward, and looked at him with a pair of red and swollen eyes, "Jing Ting, I'm here to apologize to you."

"What apology?" Fu Jingting remained expressionless. .

Gu Manyin twitched her nose, "It's about me pretending to be Rong Shu, Jing Ting, I really know I'm wrong, please forgive me, it's up to me..."

"You said this last night." Fu Jingting interrupted her coldly.

"..." The corners of Gu Manyin's mouth twitched, and she quickly returned to the way she was about to cry just now, "Jing Ting, can you not be so indifferent to me, I... I'm really scared."

"You are afraid, what has it got to do with me?" Fu Jingting looked at her quietly.

Gu Manyin felt annoyed in her heart when she saw his appearance, but her face was very sad, "I know you're blaming me for impersonating Miss Rong, but..."

"Not only did you impersonate her, you also repeatedly Three times to kill her!" Fu Jingting interrupted her again, with undisguised disgust and killing intent in his eyes.

Gu Manyin saw it, her heart seemed to be pinched by someone's hand, her face turned pale with fright, and she replied with a guilty conscience, "That's not what I did, it's what my second personality did, Jing Ting, even if I pretend to be a face Shu deceived you, but we have been together for so long, you know me too, how could I possibly kill someone's life."

Fu Jingting's lips curled into a sarcastic arc, "No, I never knew you, I know It's Maple Leaf, are you Maple Leaf? And you are still pretending to have split personality with me, do you think I don't know that you don't have split personality at all?"

Gu Manyin's pupils shrank to the size of pinpoints, and her face changed suddenly, as if she didn't I can't believe he even knows that.

Fu Jingting stretched out his hand and squeezed her face so hard that it deformed, "Gu Manyin, I know everything you've done, I hate the deception of others the most, you not only deceive I have repeatedly hurt the people I really love, I haven't cleaned you up now, it's not that I want to let you go, it's just that there are some things in me that haven't been resolved, and when I resolve them, your good days will come to an end."

Gu Man Yin's eyes widened in horror, "You... you want to avenge Rong Shu?"

"You hurt her, shouldn't I avenge her? Those things you did should have been punished, right?" Fu Jingting Throwing her away in disgust.

She covered her aching face, took two steps back, and shook her head violently, "No, you can't do this to me, Fu Jingting, you can't!"

She roared sharply.

Fu Jingting's eyes sneered, "Why can't I? Who do you think you are? You're just a dove occupying a magpie's nest!"

Hearing him say this about himself, Gu Manyin was both angry and hated.

She clenched her fists and said, "Just because I am your savior!"

"What?" Fu Jingting's face changed slightly, "Are you my savior?"

"Yes." Gu Manyin smiled proudly, pointing to his heart, "Six years ago, you couldn't find a suitable person for a long time. Heart, when I was about to die, it was the heart I gave you, do you know whose heart is in your chest now?"

Fu Jingting's face was ugly.

Six years ago, he suffered a congenital heart attack. His heart failed completely. He could no longer work and had to change his heart.

But after searching for a long time, he could not find a suitable heart, but just when he was about to die, the hospital suddenly told him that a suitable heart had been found, and he survived on the verge of death.

He always thought that he was lucky and waited for his heart at the last moment of his life, but he didn't expect that the heart was actually related to Gu Manyin.

Seeing Fu Jingting's shocked look, Gu Manyin laughed even more happily.

She brushed the hair from her ear, approached him again, and tapped his finger twice on the location of his heart, "This heart belongs to my ex-boyfriend."

Fu Jingting looked surprised.

What?

Is it clear?

Gu Manyin didn't know what Fu Jingting was surprised about, she just thought he was surprised that she had an ex-boyfriend, so she took her hand back and continued to say that six years ago, my ex-boyfriend died in a car accident, and I used his heart to save you. , So Jing Ting, I am your savior, you can't treat me like that, and you can't break the engagement with me, because you owe me a life! "

This is the main purpose of her coming to see him today, that is to tell him about it.

Only in this way will she not be dissolved from the engagement. As long as the engagement is still in place, even if he thinks she should pretend to be Rong Shu, she will be able to make a comeback. , let him see only her again in his heart!

Chapter 265 Fu Jingting's Doubt

Do you owe her a life...

Fu Jingting lowered his eyelids, covering the stormy eyes, and asked, "Did your ex-boyfriend get into a car accident six years ago?"

Although Gu Manyin wondered what he was asking, but it wasn't much. After thinking, he answered truthfully, "September 10."

Fu Jingting's eyes became cold, "I understand."

Leaving these words with unknown meaning, he turned around and got into the car, "Drive!" He

was already waiting in the driver's seat . Assistant Zhang, who had been there for a long time, nodded quickly and started the car.

Gu Manyin watched Maybach go away and did not understand what Fu Jingting's sentence meant.

Are you going to cancel the engagement with her?

It seems very likely.

Thinking like this, the big stone in Gu Manyin's heart finally fell back to its original place.

Then next, it's Shimo's side.

Gu Manyin took out her mobile phone and dug out the phone that she had never called in six years. After hesitating for a moment, she suppressed her fear and dialed it.

The phone was quickly connected, and Shi Mo's unfeeling voice came, "What's the matter with you?"

Gu Manyin took a deep breath, suppressed the fear of him in her heart, and said timidly, "Shi Mo, that Can you help me again and hypnotize Fu Jingting? This time, I want him to completely forget about Rong Shu, and he only has me in his heart!"

Six years ago, she saw this man with her own eyes and hypnotized him into ignorance. Feel the walking dead.

At that moment, this man left her with deep fear, even after six years, she was still very afraid of this man.

And she was afraid that when this man knew about that, he would hypnotize her into a soulless walking dead.

“I can’t help you!” Shi Mo refused mercilessly.

Gu Manyin’s eyes widened in disbelief, her voice raised, “Why?”

“Six years ago, in order to make you happy, Shi Qing asked me to help you hypnotize Fu Jingting and make Fu Jingting fall in love with you, so I already helped you once, this time I won’t help you again, and Fu Jingting can’t be hypnotized again. Now, deny that he will become a fool.” Shi Mo replied coldly.

Gu Manyin’s throat was blocked.

become a fool?

how so!

Gu Manyin bit her thumb nail.

She first fell in love with Fu Jingting. In addition to Fu Jingting’s appearance, it was his ability. He could let her live a life of prosperity and wealth, but if he became a fool, his current status as the owner of the family and the chairman of the group would also be different. If she will lose it all and fall on Fu Jinglin,

what’s the use of her marrying him?

It seemed that he really couldn’t hypnotize Fu Jingting, otherwise nothing would fall, and there would be an extra fool husband.

Thinking of this, Gu Manyin didn’t care about her fear of Shi Mo, and said angrily, “Shi Mo, when you hypnotized Fu Jingting, I asked you how long the hypnosis lasted, and you told me it was a lifetime. But now he already knows that he doesn’t love me, it’s Rong Shu, what does this mean, that his hypnosis has been released, Shi Mo, how do you explain it?”

Shi Mo looked at a photo on his desk, In the photo is a young man who looks somewhat similar to him.

So it is self-evident who the person in the photo is.

Shi Mo stroked Shi Qing's face in the photo, his voice was still so cold, and he replied without hesitation, "I did tell you that aging is a lifetime, but I also told you that hypnosis is not a magic spell and has weaknesses, so I'll give it to you. Fu Jingting's hypnosis is to make him firmly believe that you are Maple Leaf, but once someone tells him, or he accidentally finds out that you are not Maple Leaf, the hypnosis on his body will weaken and gradually return to the original self."

Gu . Manyin opened her mouth, and said nothing.

Because he did tell her that.

So even if Fu Jingting was hypnotized, she was afraid that he would find out that he was a fake.

"Shi Mo, haven't you been following Fu Jingting in the dark for the past six years? Do you know how he found out that I'm not Maple Leaf? Did someone tell him?" Gu Manyin squeezed her phone tightly and asked through gritted teeth.

If someone told Fu Jingting.

She must make that person look good!

"No, no one told him that it was the car accident that weakened the hypnosis in him, so he discovered the flaw in you himself." Shi Mo said expressionlessly.

Gu Manyin just thought it was rather absurd.

She never thought that the source was actually a car accident!

Knowing that on the night of the banquet, she would not follow her dad back home, but waited for Fu Jingting outside the hotel. Maybe that way, Fu Jingting would not have a car accident, and they would not have come to this point now!

When Shi Mo heard that the phone was silent, he put the phone down.

When Gu Manyin calmed down and wanted to ask more questions, he realized that the phone had been hung up.

She was so angry that she didn't dare to hit Shi Mo again, so she could only stamp her feet angrily.

Just then, the phone in her hand rang again.

Gu Manyin looked down and saw that it was Lin Tianchen.

"Hello." Gu Manyin answered.

Lin Tianchen's voice came, "Who were you talking to just now, for so long?"

"It's my business, it has nothing to do with you." Gu Manyin replied in a bad tone.

A gloom flashed in Lin Tianchen's eyes, but soon disappeared again. He pushed on his glasses and said again, "Rong Shu has already set off for Beibin Road. Don't you want to witness her end with your own eyes? Come over here.

"With these words, the anger in Gu Manyin's heart dissipated immediately, replaced by excitement.

Yes, what if Fu Jingting realized that he loved Rong Shu, what if he wanted to recover Rong Shu again?

As long as Rong Shu is defiled, The video was watched by billions of people all over the world, and she didn't believe that he could have no grudges.

"I'll come right over." After Gu Manyin said this, she put down her phone and walked towards her car.

On the other side, enter Maybach.

Assistant Zhang has already glanced at the man in the back seat several times through the rearview mirror.

The man's face was gloomy, and the low-pressure air emanating from his body made the atmosphere in the entire carriage extremely depressing.

Assistant Zhang pulled on his tie and couldn't take it anymore. He coughed lightly and asked, "Mr. Fu, are you really not going to break up the engagement with Gu Manyin?"

Fu Jingting raised his eyes, "When did I say I won't break the engagement? ?"

"You said it yourself just now, you said you know, isn't that what you mean?" Assistant Zhang replied.

Fu Jingting sneered, "It's just to deal with her words, do you still take it seriously?"

"Ah?" Assistant Zhang was surprised, "Yes, I really thought you agreed, but to be honest, what she just said was really true. I was shocked, I didn't expect that the heart you are using now is actually Shi Qing's."

Fu Jingting raised his hand and touched his chest, his eyes dark and unclear.

He didn't even think about it himself.

However, it is normal to not know. The donor basically does not know who the donor is.

Assistant Zhang sighed. "Mr. Fu, because of this heart, Gu Manyin said that you owe her a life, and she will definitely grab this later and make you..."

"Who said I owe her a life?" Fu Jingting put his hand away. When he came down, he said sarcastically, "This heart belongs to Shi Qing, and I owe it to Shi Qing and Shi Mo, not Gu Manyin. Even if Shi Qing's heart came from her, to me, at most, she is only the kindness I introduced, but what I have done to her and the Gu family in the past six years is enough to pay off, and don't you think it's too coincidental that Shi Qing's heart appeared?"

Assistant Zhang's face changed slightly, "President Fu, shouldn't you? I would suspect that Shi Qing's death was not an accident, right?"

Chapter 266 Take away Lu Qi

"Not bad!" Fu Jingting nodded, "I inherited a heart disease from my mother, and my mother's blood type and physique are also very special, so it was difficult to find a suitable match. My mother did not find it and died, and my grandmother died. He also searched for a suitable heart for me when I was very young, and I have been searching for more than 20 years and have not found it, but when I was about to die, the heart appeared, no matter how I thought about it, there was a problem."

At first, he did consider yourself lucky and wait until the heart.

But when he heard Gu Manyin say that his heart was Shi Qing's, he realized something was wrong, so he specifically asked the date of Shi Qing's accident, September 10th.

And the date of his heart replacement surgery is the 14th.

There were three days in the middle, and in those three days, Shi Qing had not died.

So he wondered why there was no accident in the early morning and late in the morning, but it happened at the deadline for his heart transplant operation, and it was so coincidental that the heart matched him.

So there must be something wrong here!

Assistant Zhang also thought of this and took a deep breath, "Mr. Fu, could it be that Shi Qing was killed by Gu Manyin..."

"I don't know, so your next task is to investigate Shi Qing's death, whether it was an accident or an accident. It's artificial." Fu Jingting rubbed his temples, "Also, when I ask again, does Mozhi know that his brother's heart is with me."

“Yes!” Assistant Zhang nodded in response.

Soon, Tiansheng Group arrived.

Fu Jingting got out of the car and walked into the hall.

On the top floor, Secretary Tong knocked on the door of Rong Shu’s office.

Rong Shu was discussing with Lu Qi about the next quarter’s shipments. He heard a knock on the door and shouted, “Come in!”

Secretary Tong pushed open the door and came in. Seeing Lu Qi was there, his eyes lit up for a moment, and soon recovered. As usual, he went to the opposite side of Rong Shu’s desk and stopped, “Mr. Rong, President Fu wants to see you.”

“Who?” “Who did you just say to see baby?”

“President Fu of the Fu Group.” Tong Xi replied,

Lu Qi patted the table, “Damn, what is he doing?”

Rong Shu also looked at Secretary Tong.

Secretary Tong shook his head, “I don’t know the specifics. The answer from the front desk is that Mr. Fu has something to say to Mr. Rong.”

“Hmph, it’s definitely not a good thing, baby, you must not be fooled.” Lu Qi quickly advised .

Rong Shu smiled, “don’t worry, I’m measured.”

After saying that, she turned her eyes to Secretary Tong again, “Go and reply, say I’m not here!”

“Okay.” Secretary Tong nodded.

Lu Qi was finally happy, and gave Rong Shu a thumbs up, “Well done, baby, come, let my boyfriend kiss me!”

He pouted and gestured to kiss Rong Shu’s face.

Rong Shu rolled her eyes, slapped him in the face in a row, and pushed his face away, “Don’t make trouble, be serious!”

Lu Qi touched the face she touched, and laughed.

Tong Xi, who hadn't walked out completely, saw this scene, her eyes darkened, and after a wry smile appeared on the corner of her mouth, she pushed out the door and stopped looking at it.

No matter how much she sees, she won't be able to get what she wants, it will only make her heart more uncomfortable.

In the lobby on the first floor, the front desk put down the landline microphone and smiled embarrassedly at Fu Jingting, "I'm sorry, Mr. Fu, but Mr. Rong can't tell you."

"Mr. Fu, I really guessed it." Assistant Zhang smiled at Fu Jingting. Say.

Fu Jingting looked at him coldly from the corner of his eye.

He quickly put away the smile on his face, and made a zipper motion to his mouth, indicating that he would not say anything.

Only then did Fu Jingting take his eyes back and walk towards the elevator.

Upon seeing this, the front desk was stunned for a moment, and then quickly chased after him, "Mr. Fu, you can't go up without an appointment!"

Fu Jingting turned a deaf ear and continued to walk forward.

Seeing that the front desk couldn't stop him, he was about to call security.

Assistant Zhang suddenly stopped and turned around, "Miss, even if you dare to call the security guard, do those security guards dare to come to chase Mr. Fu?"

"I..." The front desk choked.

Yes, she dared to call the security guard, but the security guard really didn't dare to chase people away. After all, this is Mr. Fu of the Fu Group. If they offend Mr. Fu, they will definitely have no good fruit to eat.

And they didn't have the confidence that President Rong would meet President Fu for them.

It seemed that he could see what the front desk was worried about. Assistant Zhang pushed his glasses and smiled, "Don't worry, we forced our way there. It's not that you didn't stop it. Miss Rong won't blame you."

After speaking, he hurried to Fu Jingting. chase.

A minute later, Rong Shu's office arrived.

The door was half open, and Fu Jingting knocked on the door.

Rong Shu thought it was Secretary Tong, so she let in.

When Fu Jingting heard her voice, his brows eased, and he pushed the door and went in.

Rong Shu handed a document to Lu Qi, then raised his head, ready to ask Secretary Tong what's the matter.

Unexpectedly, what I saw was not Secretary Tong, but Fu Jingting.

Rong Shu was stunned for two seconds, then frowned, "Why are you?"

"Who is it?" Lu Qi also raised his head from the document, and his face suddenly sank when he saw it, "The surname is Fu, Why did you come up?"

He threw away the document and pointed at Fu Jingting, "Didn't the baby tell you that he couldn't see you, why did the people at the front desk still put you up?"

"Mr. Lu, it's not about the front desk, we came up by ourselves. , the front desk can't stop it." Assistant Zhang explained with an embarrassed smile.

"Zhang Cheng!" Fu Jingting stared at Rong Shu and instructed Assistant Zhang, "Take Lu Qi out."

"Yes." Assistant Zhang nodded.

Lu Qi laughed angrily, "Fu Jingting, who do you think you are, and let someone take me out, why don't you go to the sky and I'll wipe it..." Before he could finish

his words, Assistant Zhang grabbed his arms from behind.

Assistant Zhang stepped back and dragged him to the door, while laughing and coaxing, "Okay, Mr. Lu, don't make a fuss, let's go out first.

" roared red-faced.

He was so grown up, and he had never been treated like this before, which not only damaged his image in front of the baby, but also made him lose his masculinity.

Assistant Zhang pretended not to hear Lu Qi's words and continued to drag him to the door.

Lu Qi kicked and kicked angrily, "Your surname is Zhang, your uncle, why don't you let me go, or I want you to look good."

Want him to look good?

Assistant Zhang glanced down at Lu Qi's body shape and pouted in disdain.

Forget it, with this small physique, he can hit ten each, which is not a threat to him at all, continue to drag!

"Baby..." Seeing that he was about to reach the door, Lu Qi finally realized the fact that he couldn't break free, and Assistant Zhang wouldn't let him go. He looked at Rong Shu pitifully and asked Rong Shu to save him!

Rong Shu finally came to her senses, and quickly got up and walked around the desk, ready to step forward to save people.

But before taking two steps, Fu Jingting grabbed his arm.

Rong Shu was forced to stop and stared at Fu Jingting angrily, "What are you doing?"

"Don't go!" Fu Jingting's thin lips parted lightly and spit out two words.

Rong Shu didn't listen at all, and shook his arm vigorously, trying to shake his hand away.

But he was holding on so tightly that she couldn't get rid of it at all.

No way, Rong Shu had no choice but to break his hand.

However, when her hand just touched him, it was grabbed by his other big hand and wrapped tightly in the palm of her hand.

Rong Shu saw that this didn't work and that didn't work either. There was a burst of anger in her heart, and after a while, she took a deep breath and calmed down, "Okay, I won't go there, then you ask Assistant Zhang to let Aqi go."

"No, he's here, he will. Affect our conversation." Fu Jingting looked at her and replied.

"You..." Rong Shu bit her lip angrily, and finally watched Lu Qi being taken out by Assistant Zhang.

Chapter 267 Fu Jingting is Xiao Zhong

Bang!

The door to the office was closed, and it was quiet inside.

Rong Shu looked at the two hands that Fu Jingting grabbed, and said coldly, "Mr. Fu, Ah Qi has been taken out, can you let me go now?"

Fu Jingting let go of her with a humming.

Rong Shu's hands were free, and she immediately took two steps back to distance herself from him, "Mr. Fu, what do you want to say to me?"

Fu Jingting looked at her with serious eyes mixed with affection, "Last time when I was there What Repulse Bay told you is not to play with you, it's all true, the person I love is not Gu Manyin, but you!"

"..." Rong Shu was silent for a few seconds, then laughed sarcastically, "Mr. Fu, what is there in me that is worth your attention? Not only did you want to lie to me, but you even joined my grandmother to lie to me?"

Seeing that she still didn't want to believe her sincerity, Fu Jingting sighed, "Do you still remember? Xiao Zhong?"

He asked without answering.

When Rong Shu heard the name, her expression changed slightly, "How do you know Xiao Zhong?"

She really is the real Maple Leaf!

Fu Jingting's eyebrows became more gentle, and he lightly opened his thin lips and replied, "Zhonghe is my other name. Many years ago, I took my mother's surname, and my mother called me Xiao Zhong!"

"You...you..." Hearing this, Rong Shu pointed at him with wide eyes in disbelief, where he still didn't understand, he was the Xiao Zhong who had been her pen pal for many years!

As if he knew what Rong Shu wanted to say, Fu Jingting pressed her hand down gently, "I am the Xiao Zhong you thought, Maple Leaf!"

He called out his pen name, and Rong Shu could no longer deny that he was not her pen pal. .

But she still couldn't accept it.

"How could it be you?" Rong Shu bit her lip, feeling ridiculous, "Why are you Xiao Zhong?"

That gentle, big brother who would comfort her with letters when she was bullied by her stepmother and when she was unhappy, turned out to be Fu Jingting!

“Why can’t it be me?” Fu Jingting frowned slightly and asked, “Or do you regret that Xiao Zhong is me?”

He could see that she was disappointed when she confirmed that he was Xiao Zhong.

She actually didn’t want him to be Xiao Zhong!

Fu Jingting’s heart tingled slightly.

He came full of excitement and wanted to tell her that they were pen pals.

He thought that she would be very happy to know that he was Maple Leaf, because they used to be so good.

Unexpectedly, she actually reacted like this!

Maybe she wasn’t unhappy to see Xiao Zhong, but she just didn’t want to accept that Xiao Zhong was him.

If the other person was Xiao Zhong, she would not have reacted like this.

Thinking of this, Fu Jingting’s hands on both sides could not help clenching tightly, and the whole body was filled with cold air.

Rong Shu took a deep breath and looked at him, “I’m sorry Mr. Fu, I really regret that you are Xiao Zhong, because you and I know Xiao Zhong, and there is no similarity at all.”

Of course, it should be said that today’s Fu Jingting has no similarity with Xiao Zhong. Six years ago, Fu Jingting was almost the same.

When she knew Xiao Zhong, she was only twelve years old, and she had just started middle school. Once, her stepmother’s younger sister broke the vase, and then the wicked sister complained first, slandering that she broke the vase, and the stepmother took advantage of her father’s absence. At home, I gave her a slap, and she locked herself in her room sadly, then wrote it down in a drift bottle online and threw it out.

However, after a while, a message reminded her that someone replied to her drift bottle, and that person was Xiao Zhong, and from that moment, she and Xiao Zhong became pen pals.

Xiao Zhong has a gentle personality and is also very knowledgeable. It seems that there is nothing he doesn’t know and doesn’t know. He will answer all kinds of problems for

her, patiently enlighten her when she encounters setbacks, and even give her a lot of ideas to deal with viciousness. The stepmother's method, it can be said that Xiao Zhong has half the credit for her ability to grow up under her stepmother's hand.

In high school, she fell in love with Fu Jingting at first sight and began to get to know Fu Jingting. The more she got to know him, the more she found that Fu Jingting and Xiao Zhong had very similar personalities. , will Fu Jingting treat her like Xiao Zhong.

To this end, she also asked Xiao Zhong this question in person. Of course, when she asked, she did not say who the person she liked was, but only said that she was a senior who had graduated for a long time. She wanted Xiao Zhong to give her a positive answer. If Xiao Zhong's answer was similar to what she thought, then she mustered up the courage and confessed to Fu Jingting, who took over the Fu Group, that year she was a sophomore.

After she asked Xiao Zhong that year, Xiao Zhong's reply was not as punctual as usual. It would arrive at her every Sunday, but after half a month. In the letter, Xiao Zhong did not answer her question, but He proposed to meet, said there was something very important, and wanted to tell her personally, and left a phone number in the letter for her to save.

After she saved it, she dialed it, and Xiaozhong answered, but he seemed to be ill, his voice was weak, and he was even weak. After he told her the address and time of the meeting, she heard a doctor on his side saying what to do In the operating room, the phone hangs up.

After a month, it was time for the appointment. She went to the place Xiao Zhong said and was going to meet him. Unexpectedly, she did not wait for Xiao Zhong from noon to dark, and the phone couldn't get through during the period. She returned to the dormitory disappointed. , However, the next morning, Xiao Zhong sent a text message, telling her that she would not need to write to contact her in the future.

This is the whole process from her and Xiao Zhong 's realization to the end. The bloody thing is that Xiao Zhong and the man she had a crush on at that time were actually the same person, Fu Jingting!

"You're right, Xiao Zhong and I really have nothing in common." Fu Jingting lowered his eyelids.

As the hypnosis faded, he gradually remembered what he was like before.

But he knew very well that even if he was released from hypnosis, he would never be the same as before, who had experienced shopping malls and intrigues.

“Okay, what’s the use of talking about this, even if you are Xiao Zhong, what does it have to do with telling you that you love me?” Rong Shu took a deep breath, suppressed the turbulent emotions in her heart, and said in a cold and indifferent voice.

“Of course there is!” Fu Jingting moved his thin lips and replied, “Many years ago, I fell in love with Maple Leaf, and even I couldn’t believe it, I actually fell in love with someone I had never met through letters. The girl in my life is you, Rong Shu!”

“Wait!” Rong Shu hurriedly made a stop, “You said, you fell in love with the Maple Leaf me a long time ago?”

“Yes!” Fu Jingting nodded.

Rong Shu smiled, with a bit of sarcasm in her laughter, “Do you think I would believe it? You were with Gu Manyin six years ago, which means…”

“No!” Knowing what she was going to say, Fu Jingting immediately interrupting her, she explained seriously, “I have never loved Gu Manyin. I have always loved you. I would have been with her six years ago because I regarded her as you.

” What?” Rong Shu’s face was startled, her lips parted, “Take her as me?”

Fu Jingting nodded, “Six years ago, I saw in your letter that you wanted to confess to the person you liked, but I couldn’t accept it. , so I wrote back to you and asked you to meet, just to tell you personally, I have always loved you and wanted to be with you, but I didn’t think it was you, but Gu Manyin!”

Chapter 268 Can’t Go Back

When he received her letter, he saw that when he wanted to confess to the person he liked, his heart was stimulated, and he suffered a heart attack and was admitted to the hospital. After half a month, he barely regained his energy. , and then he wrote back to her, asked her to meet, and wanted to tell her the most real thoughts in his heart.

At that time, the hospital said that with a suitable heart, he knew that he could live, so he made up his mind to confess to her. Of course, if he didn’t have a heart, he wouldn’t do that and wouldn’t delay her. After all, he All are dying.

On the day she received his letter and called him, it happened to be the day of his operation. After the operation, he rested for a month and could barely get out of bed, and then asked Zhang Cheng to push him to meet him. In the end, it was Gu Manyin who was waiting.

Because he had never seen what Maple Leaf looked like, and it happened that Gu Manyin said something written in their letter, he believed that Gu Manyin was Maple Leaf.

Rong Shu understood what Fu Jingting said and widened her eyes in shock, "You said Gu Manyin pretended to be me to meet you?"

"Yes!" Fu Jingting nodded, "Six years ago, at ten o'clock in the morning on the day I made an appointment with you, It was Gu Manyin who came."

"No, you clearly said to meet at two noon, I waited from noon to evening, but you didn't come!" Rong Shu stared at her tightly.

Fu Jingting frowned, "When did I say two o'clock at noon? I still remember the phone call six years ago. I said ten in the morning."

"Yes, you said ten in the morning, but when we met That morning, you sent another text message saying that you couldn't go in the morning, so you changed the time to 2 o'clock in the afternoon." Rong Shu squeezed her palm and said.

"I never sent you any information that day." Fu Jingting replied.

Rong Shu shook her head, "Impossible, Xiao Li told me that you sent a text message."

"Someone told you?" Fu Jingting squinted, "So you mean, you didn't see the text message with your own eyes?"

Rong Shu With a sound, "Yes..."

Looking at the man's dark and cold face, she probably realized that she was deceived back then!

Fu Jingting didn't send a text message. The text message was fabricated by Xiaoli out of thin air, in order to prevent her from meeting with Fu Jingting in the morning.

As for why Xiao Li did this, Rong Shu also knew the reason, in order to help Gu Manyin!

When she was a freshman and a sophomore, she and Xiao Zhong were still communicating. Everyone in the dormitory at that time knew that they had laughed at her for this, and they still communicated with people in this way.

Gu Manyin was one of them, and even peeked at her and Xiao Zhong's letters without authorization. After she found out, Gu Manyin not only didn't feel ashamed, she even asked her about Xiao Zhong, but she didn't have much at the time. Thinking about it now, I am afraid that at that time, Gu Manyin knew that Xiao Zhong was Fu Jingting, so she planned to pretend to be her to meet Fu Jingting.

Thinking of this, Rong Shu's eyes suddenly turned blood red, with anger and hatred.

She never thought that a person could be so shameless!

Looking at Rong Shu's body trembling with anger, Fu Jingting stretched out his hand, trying to appease her.

However, it was shot away by Rong Shu indifferently.

Fu Jingting looked at his hand that was slapped red, his eyes dimmed for a moment.

She hasn't forgiven him yet...

Fu Jingting put his hand down, "Now you understand why I said I always loved you, not Gu Manyin?"

Rong Shu's eyes flashed, but she didn't speak.

Fu Jingting looked at her and felt a little nervous.

He didn't know how she would respond, whether he believed it or not.

If she believed it, would she forgive him?

The air gradually becomes solidified.

Rong Shu never spoke.

Fu Jingting became more and more uneasy.

At this time, Rong Shu finally reacted, she raised her eyes and looked at Fu Jingting calmly, "Mr. Fu, as you said just now, you have always loved me, but why can't I feel it?"

"What do you mean?" Fu Jingting was startled.

Rong Shu smiled lightly, "You said you love Maple Leaf, but I am Maple Leaf. I have been married to you for six years, and you haven't found out that I am Maple Leaf for six years. Do you really love me? If you do, shouldn't you have found out that Gu Manyin is fake?"

"It's not like that, it's not that I don't want to find out, it's..."

"Okay!" Rong Shu raised her hand to cut off his words, "I don't want to be with you. More to say, I don't believe that you love me, you won't recognize me if you love me, besides, even if you love me for real, I don't think you love Rong Shu, the one you really love It's Maple Leaf's vest."

Rong Shu looked at him, "Otherwise, why did you come to tell me about your love as soon as you found out that I was Maple Leaf? But when I was Rong Shu, you never had

any love for me, even Extremely indifferent, Fu Jingting, you treat me and Maple Leaf as two people, you know?"

Fu Jingting's thin lips pursed lightly, "Yes, I admit that I treat you and Maple Leaf as two people, but I didn't know you were Maple Leaf's. At that time, I still fell in love with you, but I didn't know it myself."

Rong Shu's pupils narrowed.

Falling in love with her when she didn't know she was Maple Leaf?

Is it possible?

Rong Shu quickly calmed down and sneered, "I'm sorry, Mr. Fu, you can use these words to deceive the little girl, but you can't deceive me, you don't even know who you really love, I'm sorry, it's hard to believe, There are such people in this world."

Fu Jingting lowered his eyes.

She still didn't want to believe that he loved her.

Even if he has already said that.

"Also, Mr. Fu, tell me what to do with this, since Gu Manyin has been impersonating me for six years, why not just make mistakes? Going down, is it possible that you still want me and Gu Manyin to take their places, and then remarry me? Rong Shu's mouth curled into a sarcastic arc and looked at Fu Jingting.

Fu Jingting pursed her thin lips noncommittally, acquiescing.

You don't even look at me, now I'm a maple leaf, you come up and say you love me, and you want to remarry me, why? Am I the one who you don't want or don't want, and who can be saved if you want? Let me tell you Fu Jingting, I'm not that cheap, so I will never remarry you, what's more, I don't love you for a long time! "

If he can find out that Gu Manyin is fake before he wakes up, she is the real Maple Leaf. Even if he loves Maple Leaf's vest, she is willing to accept it and rekindle her feelings for him. I don't mind. He has become completely different from before.

After all, no matter how he changes, he is still Fu Jingting, just like Maple Leaf's vest, no matter how concealed it is, it is still the same as her, so she has the confidence to let him turn Love Maple Leaf into Love Rong Shu,

but not If it's too late, they won't be able to go back!

Although I have heard Rong Shu say that he doesn't love him several times, every time he hears it, Fu Jingting still feels a little pain in his heart, and it is also very clogged. , very uncomfortable.

"Mr. Fu, you go back, since we have come this far, why continue to go on like this. Rong Shu said while stepping back, "Maybe we didn't have fate from the beginning!" Fu

Jingting moved his thin lips and wanted to say something when the phone suddenly rang.

He frowned, then took out his phone and glanced at Gu

Yaotian. Fu Jingting put the phone down and had no intention of answering immediately. He said, "I know what I told you today gave you a great shock, but I won't give up! "

After that, he looked at her deeply for a few seconds, then turned and walked towards the door of the office.

Chapter 269 College Roommate

Outside the door, Assistant Zhang clamped Lu Qi tightly, for fear that Lu Qi would break free and run inside to make trouble.

Lu Qi, on the other hand, looked up at the ceiling, looking like he was unlovable.

At this time, the door opened.

Lu Qi was agitated and looked at the door again, thinking it was Rong Shu, but when he saw that it was Fu Jinglin, his face suddenly became stinky, and he struggled hard and shouted, "Fu, hurry up and tell your people to let me go! Fu

Jingting glanced at him lightly, then looked at Assistant Zhang, "Let go of him."

Assistant Zhang responded and let go of Lu Qi.

As soon as Lu Qi was free, he stopped in front of Fu Jingting, "What did you say to baby after you've been inside for so long?"

"It has nothing to do with you." After saying this, Fu Jingting walked directly to the elevator.

Assistant Zhang quickly followed.

Lu Qi watched them leave with gloomy eyes, until they got into the elevator, then he shook his arm in pain and pushed open Rong Shu's office door to enter.

"Baby, didn't that fellow surnamed Fu do anything to you?" Lu Qi walked to the opposite side of Rong Shu's desk in three steps and two steps, and asked with concern.

Rong Shu was sitting on the chair, her eyes were blank and she was in a daze.

Lu Qi stretched out his hand, leaned over and waved in front of her, "Baby?"

"Ah?" Rong Shu's eyes were dazed for a moment, then she came back to her senses, "What's wrong?"

"I just asked you if Fu Jingting treated you well. What are you doing, why are you so dumbfounded?" Lu Qi looked at her suspiciously.

Rong Shu lowered her eyelids to hide the complexity in her eyes, "I'm thinking about something, don't worry, he didn't do anything to me."

"Then what did he tell you?" Lu Qi asked while touching his chin.

The man's intuition told him that her daze was related to Fu Jingting.

Rong Shu rubbed his temples, "Something that doesn't matter."

"But I look at you, like..."

"Aqi, don't ask, okay? I want to be alone." Rong Shu raised her head and said seriously.

What Fu Jingting said just now, she has not completely calmed down.

She needs to calm down.

Lu Qi looked at Rong Shu, and finally shrugged, "Okay, then I'll go back first, call me if you have anything."

"Well." Rong Shu nodded.

Lu Qi turned around and walked away.

Rong Shu half held her forehead, her mood was very low.

After a while, she suddenly picked up her phone, clicked into the group of college classmates she hadn't seen in a long time, found a nickname called 'Lili Chunxiang', and sent a voice call to it.

Soon, the voice was answered, and there was a straightforward but surprised female voice, "Rong Shu, it's so strange that you are actually looking for me!"

"Yeah, I didn't expect that I would look for you, Xiao Li!" Rong Shu replied with a cold arc on the corner of her lips.

This Xiao Li is her college classmate and roommate. Although the relationship is not very strong, it is definitely not bad.

There were four people in the dormitory at that time, she, Gu Manyin, Xiaoli, and another roommate. Because of Gu Manyin's arrogant personality, he looked down on the three of them, and the three of them also didn't like to see Gu Manyin, so the three of them and Gu Manyin looked down on them. Manyin is completely the Yellow River and the Yangtze River, and there is almost no communication between them, and Xiaoli and another roommate often complain about Gu Manyin behind their backs, saying bad things about Gu Manyin.

Unexpectedly, such a person who hates Gu Manyin would actually help Gu Manyin to deceive her!

Xiao Li didn't hear anything wrong with Rong Shu's tone, and laughed, "After graduating from college, you cut off contact with our old classmates, I just saw that it was your call, and I thought I was dazzled. Rong Shu sneered, "

Yeah, your eyes are really good enough, even a text message that you don't have, can be seen by you to see something out of nothing!"

Hearing this, the woman on the other end of the phone who was breastfeeding her child's smile suddenly froze, "Rong Shu, you... What are you talking about, why can't I understand?"

She said a text message.

Shouldn't it be the one from six years ago?

Thinking of this possibility, Xiao Li's heart skipped a beat, her ears and the back of her head felt numb and cold.

Seeing Xiao Li pretending to be puzzled, Rong Shu raised her head slightly and took a breath, and then said with a cold face, "You know what I said, six years ago, when I called my pen pal Xiao Zhong for the first time, it was there. In the dormitory, apart from

me, you were the only one there, so you heard that? You heard the date and time when Xiao Zhong and I met!"

Xiao Li's face suddenly turned pale, and her heart was beating rapidly because of her panic. "I...I..."

"You won't lie!" Rong Shu looked at her nails, her voice was indifferent, "I understand you, when you lie, you will stutter and be speechless!"

"In a word, all of Xiao Li's backs were cut off, and she no longer had the idea of lying.

"I'm sorry Rong Shu, I'm really sorry..." Xiao Li lowered her head, covered her face with one hand, and cried guiltily.

Rong Shu listened to her crying, her face did not fluctuate at all, but she was still so indifferent, "I, the victim who was told by you and missed meeting with my pen pal didn't cry, why are you crying? What right do you have to cry?"

"I..." Xiao Li's cry stopped for a while, then she felt ashamed.

Yes, the victim didn't cry, but the perpetrator did cry.

So what qualifications does she have to cry in front of the victim who was deceived by herself, and cry so aggrieved.

"I'm sorry Rong Shu!" Xiao Li apologized again.

Rong Shu sneered, "Tell me, why do you do that?"

Xiao Li bit her lip and didn't answer immediately, she seemed to be fighting her heart.

After a few seconds, she took a deep breath and said, "Because of money, Rong Shu, you also know that my family is average. Except for the fixed living expenses every month, there is no extra money for me to buy things I like. At that time, I had a boyfriend, and my boyfriend also had a relatively rich suitor. I didn't want to be compared by that girl, so I accepted the 200,000 yuan from Gu Manyin."

"Then What?" Rong Shu spit out three words with dark eyes.

Xiaoli put the child who fell asleep after drinking the milk back to the crib, and continued to reply, "Then on the morning when you and Xiao Zhong met, I deliberately said that the mobile phone was out of power. I borrowed your mobile phone to make a call and returned it to me. When I gave it to you, I said that Xiao Zhong sent you a message, changed the time to meet in the morning to the afternoon, and then said that the message was accidentally clicked and deleted by me."

"Oh, you can really do it!" Rong Shu He squeezed the phone tightly, his voice was angry, mixed with deep disappointment, "Xiao Li, you know what? I never doubted you, I didn't even before the truth before me, just because we had a good relationship in college. , so I believe you whatever you say, but what about you, for the sake of 200,000 yuan, you treat me like this!"

Listening to Rong Shu's accusation, Xiao Li burst into tears and kept saying sorry.

Rong Shu also wiped the corners of her eyes, and her expression returned to indifference, "Why does Gu Manyin know that Xiao Zhong and I are going to meet? Did you tell her?"

"I didn't mean to tell her!" Xiao Li hurriedly shook her head to explain , "I hated Gu Manyin so much at that time. How could I tell her this? I said this to Qingqing when Qingqing and I were having dinner in the cafeteria, and then Gu Manyin just passed by and heard it.

" a roommate.

Rong Shu pursed her lips, "So Gu Manyin found you and gave you 200,000 yuan, so that you can tamper with the time I meet with Xiao Zhong?"

Chapter 270

"Yes." Xiaoli nodded ashamedly, "Actually, I didn't agree at the beginning. I struggled, but in the end I couldn't overcome the greed in my heart."

"Yeah, greed..." Rong Shu He lowered his eyes and whispered.

The next moment, she clenched her phone tightly and yelled emotionally, "But do you know that your greed has ruined my love and my marriage!"

"I...I don't know..." Xiaoli Everyone was stunned.

Didn't she just let Rong Shu miss the time to meet her pen pal?

How can it be related to ruining love and ruining marriage?

Rong Shu closed her eyes, and when she opened her eyes, her emotions had calmed down.

She pursed her red lips, "Xiao Li, do it yourself!"

After saying this, she cut off the communication directly, dropped the phone on the desk, and lowered her head slightly, making it difficult to see the expression on her face. expression.

But the deadly breath around her body revealed how heavy and uncomfortable she was at the moment.

She was thinking, if Xiao Li didn't help Gu Manyin back then, would she and Xiao Zhong meet successfully?

She will find that Xiao Zhong is the Fu Jingting she secretly loves, and Fu Jingting will also find that she is the Maple Leaf he loves.

Will she be happy with him?

But without if, after so much, she and Fu Jingting can't go back to the past after all.

Thinking of this, Rong Shu rubbed her cheeks, packed her mood, picked up the landline microphone, and called Secretary Tong in.

"Mr. Rong, do you have any orders?" Tong Xi looked at Rong Shu and found that her eyes were a little red, and quickly asked, "Mr. Rong, have you cried?"

"No!" Rong Shu's eyes flashed with a guilty conscience, and then Change the subject, "Okay, you help me go to the detective office to find someone."

"President Rong, please speak."

"That person's name is Jiang Mengli, and she's my college classmate. You can find out where she works now and who the boss is!" Rong Shu narrowed her eyes slightly, and there was a sharp glint in her eyes.

She doesn't care why Xiao Li betrayed her, betrayal is betrayal, and the betrayal should be punished.

So she will let Xiaoli taste and betray her fate!

"Okay." Tong Xi nodded and immediately complied.

Meanwhile, enter the Maybach.

Assistant Zhang looked at Fu Jingting in the rearview mirror while driving. After a while, he couldn't help being curious and asked, "Mr. Fu, have you and Miss Rong explained everything clearly?"

Fu Jingting looked out the window. His eyes flickered, and he hummed.

Assistant Zhang's eyes lit up, "Did Miss Rong forgive you?"

"No." Fu Jingting pursed his thin lips and replied.

Assistant Zhang almost accidentally stepped on the wrong brake, “No? How is this possible? Didn’t you say that you and her are pen pals, why did she still refuse to forgive you? Didn’t you tell her that you put her and Gu Man together? Is the sound wrong?”

“Yes, but what she really cares about is why I haven’t recognized her during the six years I’ve been married to her.” Fu Jingting lowered his eyes and said softly.

“That’s true.” Assistant Zhang twitched the corner of his mouth.

Soon, “If I were Miss Rong, I would definitely care about this the most. I don’t mind that you recognize the wrong person at first, but you haven’t recognized me for six years, so I’m definitely not happy, but neither are you, Mr. Fu. You were just hypnotized for not recognizing Miss Rong on purpose, if you weren’t hypnotized, I believe you would have found out that Gu Manyin is a fake early in the morning.”

Fu Jingting was silent and did not speak.

Assistant Zhang suddenly thought of something and asked with wide eyes, “Mr. Fu, Miss Rong didn’t recognize her when she heard that you were hypnotized, so she didn’t…”

“I didn’t tell her, I was hypnotized.” Fu Jingting He opened his thin lips and replied.

Assistant Zhang was dumbfounded, “Why?”

Is he stupid?

Fu Jingting rested his arms on the car door and replied, “It’s not necessary, I told her this, no doubt I was pretending to be pitiful and used her soft-heartedness to forgive me.”

He really wanted to say that he was hypnotized at first. After she interrupted, he realized that what he said didn’t really mean much.

“This…” Assistant Zhang choked for a moment, before nodding for a few seconds, “It’s really a bit of a use.”

Fu Jingting rubbed his eyebrows, “And even if I told her that I was hypnotized, she might forgive me, but she They still won’t remarry me.”

“Why?” Assistant Zhang didn’t understand.

Fu Jingting replied with deep eyes, “She doesn’t love me, so forgiveness is one thing, and not remarrying me is another.”

“So it is.” Assistant Zhang nodded suddenly, indicating that he understood.

Later, he asked again, “Since Miss Rong won’t remarry you, then you...”

“I won’t give up!” Fu Jingting squinted slightly, his eyes were firm and determined to win.

That was the woman he had loved for more than ten years, how could he give up!

He must and must get her!

At this time, the sudden ringing of the mobile phone interrupted Fu Jingting’s thoughts.

He frowned slightly, took out his phone, and saw that it was Gu Yaotian who called.

When he was in Rong Shu’s office before, he didn’t answer Gu Yaotian’s phone in time, and then Gu Yaotian hung up himself.

After Gu Yaotian hung up, he did not call, but Gu Yaotian himself called again now.

Fu Jingting’s eyes darkened, his thumb swiped across the green answer button and answered the call.

Gu Yaotian’s anxious voice came, “Jing Ting, is Man Yin with you?”

“Not here.” Fu Jingting replied lightly.

Gu Yaotian’s voice became more anxious, and his voice became louder, “Not here? Where did she go?”

“I don’t know.” Fu Jingting’s tone was still so cold.

Hearing his indifference to Gu Manyin, Gu Yaotian was stunned for a moment, then his face became ugly, “Jing Ting, what is your attitude, Manyin is your fiancée, your fiancée has disappeared, you are still so calm, you It’s almost...”

“President Gu!” Fu Jingting interrupted him with an indifferent expression.

Gu Yaotian didn’t react for a while, “You...what do you call me?”

Fu Jingting called him President Gu?

You must know that he used to call him uncle!

“President Gu, I remember being at Gu’s house last time. I made it very clear that I want to break up the engagement with Gu Manyin. Mrs. Gu was there at the time. She should have told you.” Fu Jingting said coldly, holding the phone.

Gu Yaotian's throat was blocked, and it took a few seconds before he spoke again, "Your aunt said that, but isn't this a joke?" Are you kidding

?

Fu Jingting understood at once that Gu Yaotian was deliberately playing haha, deliberately saying that his proposal to break off the marriage was a joke, and it should not be taken seriously, because he wanted to confuse the divorce.

But is he someone who can be fooled? Fu Jingting tapped lightly on the car door with his finger, mercilessly breaking Gu Yaotian

's fantasy, "I'm never joking, I have made up my mind about the divorce. Tomorrow noon, I will hold a press conference to officially announce the divorce."

Everyone was stunned. They couldn't believe that Fu Jingting didn't even discuss with them. He was going to unilaterally announce his divorce, and even the date was fixed.

For a time, Gu Yaotian's heart was full of anger, and his old face was flushed red.

But in order for this marriage to continue, he had to say to Fu Jingting in a good voice, "Jingting, I know that girl Man Yin shouldn't pretend to be someone else, but she also loves you so much, so she does this too. Can't you forgive her if it's justifiable? After so many years of talking, don't you have any feelings for Manyin?"

"No, I have never loved her, and everything I gave to her before belonged to it. She, she stole it all, so there is no discussion about breaking off the marriage. After Fu Jingting finished speaking, he hung up the phone directly, not giving Gu Yaotian a chance to continue.
