

## Read This Time, I Will Get My Divorce Chapter 291-300

### Chapter 291

The happiness on Gu Manyin's face suddenly sank, and her eyes glared fiercely at the approaching person, "What are you doing here?"

"I...I'll come to see you and bring you chicken soup by the way." Gu Manqing flattered her. He smiled and stepped into the ward.

Seeing this, Gu Manyin immediately slapped the quilt on her body as if she was stimulated, "What are you doing in here? Get out! I won't allow you to come in, you are full of bacteria and will only pollute my air. , get out!"

Hearing this, Gu Manqing froze in place and became at a loss, "I have no germs on my body, I have changed my clothes, sister..."

"Shut up, who is your sister! "Gu Manyin twisted her face and interrupted her loudly, "Gu Manqing, remember it for me, I forbid you to call me my sister, and you are not my sister, understand?"

"I...I..." Gu Manqing lowered her head hurt and sobbed softly.

At this time, Mrs. Gu came in, looking at the crying eldest daughter and the unhappy younger daughter, she couldn't help frowning slightly.

"What's the matter? Manqing, tell your mother, what's the matter?" Mrs. Gu wiped Gu Manqing's tears and asked distressedly.

Gu Manqing buried her head in Mrs. Gu's arms, "Mom, shouldn't I come back?"

"Why do you say that?" Mrs. Gu was surprised at first, and then quickly said, "This is your home, you shouldn't come back, who Should you come back?"

"But...but why does my sister hate me so much, she still doesn't allow me to call her sister, and says I'm not her sister either." Gu Manqing cried very sadly.

Mrs. Gu was taken aback for a moment, "Does Manyin really say that?"

"Yeah." Gu Manqing nodded.

Mrs. Gu narrowed her eyes slightly and looked at Gu Manyin with complicated eyes.

Gu Manyin guiltily turned her head away, hating Gu Manqing in her heart.

How dare this hillbilly sue her!

She originally thought that Gu Manqing had always lived in a remote place, and she had long developed a timid character, but she didn't expect that she was underestimating, but Wei Nuo was just pretending to be Gu Manqing as a means of gaining sympathy and favor.

"It's okay, Manqing, you just came back, Manyin may still be a little uncomfortable. Mom will talk about her in a while." Madam Gu patted Gu Manqing's back gently and comforted her softly, "Manqing, go outside and wait for mother first. , Mom will talk to your sister for a while, and take you out to buy things later."

"Okay." Gu Manqing broke into a smile, then got out of her arms, handed her the thermal insulation bucket in his hand, and nodded. out.

Only Madam Gu and Gu Manyin were left in the ward.

Mrs. Gu put the heat preservation bucket on the bedside, and looked at Gu Manyin with some displeasure, "Manyin, what's the matter with you, how could you treat your sister like this, when your sister hadn't come back, you were not very happy. Are you expecting her to come back, saying that you want a sister to love you and protect you, but what are you doing now?"

Who was expecting Gu Manqing to come back?

It was just a lie she deliberately said in the first place.

But who knows, Gu Manqing actually came back.

I thought so in my heart, but I couldn't say it out of my mouth.

Gu Manyin's hands in the quilt were tightly clasped together, but her eyes were red with grievance, "Mom, I didn't mean to do this to her, I just can't accept that my sister is like her, she's thin She's short, she doesn't look good, she looks poor and sour, how does she look like my sister? Mom, you won't admit it, right?"

"How can you admit it? Do you have the same eyes as mine?" Mrs. Gu pointed to her eyes, "You mean, your dad has done a paternity test with Manqing, and the test results show that they are the real father and daughter. Who is she not Manqing?"

Gu Manyin bit her lips, "That's it. Because of this, I can't accept it even more. She doesn't know anything. When she came back yesterday, she made a lot of jokes. When I walked with her, I felt ashamed. daughter."

"Hey..." Mrs. Gu sighed, "I know what you mean, you just dislike your sister and make you humiliated, right?"

Gu Manyin's eyes flashed, and she didn't answer, it was a default.

This is just one of the reasons.

The real reason was that she couldn't accept such a country bumpkin, who not only threatened her position in the Gu family, but also wanted to steal her parents' favor and the Gu family's property from her.

She must find a way to drive Gu Manqing away!

Mrs. Gu didn't know what Gu Manyin was thinking, she patted Gu Manyin's head and said lovingly, "Manyin, mother understands you, but you also need to understand your sister, your sister grew up in the country and has no conditions. Learning all kinds of skills like you, she doesn't know how to live in the upper class, so it's understandable to make jokes, you have to tolerate her."

Speaking of which, Mrs. Gu laughed, "Now your father and I have given your sister Signed up for a lot of etiquette training courses, as well as some interest training courses, such as piano, dance, etc. I believe that your sister will become very good soon, and then you will not feel that your sister has embarrassed you and the Gu family."  
“

Yes... Yes, that's great!" Gu Manyin squeezed the corners of her mouth and replied with a forced smile.

However, her heart was full of twisted hatred.

As soon as Gu Manqing came back, they couldn't wait to start cultivating Gu Manqing.

What's the matter, do you want Gu Manqing to replace her as soon as possible?

It seemed that she had to drive Gu Manqing away as soon as possible. If she couldn't drive away, then she had no choice but to...

Gu Manyin narrowed her eyes, and a murderous intent flashed in her eyes.

In a word , she will never tolerate anyone who threatens her living, not Rong Shu, nor Gu Manqing, even if Gu Manqing is her sister!

Mrs. Gu didn't notice anything unusual about Gu Manyin, so she opened the heat preservation bucket and filled her with a bowl of chicken soup, "Come on, this is cooked for you by your sister, try it?"

Gu Manyin smelled the aroma of the chicken soup, and was originally interested, but when she heard that it was the soup made by Gu Manqing, she lost her appetite.

But she didn't show it on her face, she still took the chicken soup with a smile, "It's my sister's soup, Mom, thank my sister for me."

Seeing that the younger daughter has been enlightened by herself, she no longer rejects the eldest daughter, Gu Gu said. Madam closed her mouth happily, "Okay, okay, I'll tell Manqing later, Manqing must be very happy."

Gu Manyin sneered in her heart and stirred the chicken soup with a spoon, "Mom, you don't want to accompany my sister. Do you want to buy something? Hurry up, don't make my sister wait."

"Yes, then I'll go first and call Mom if I have anything." Mrs. Gu said, looking at her watch.

Gu Manyin hummed.

Madam Gu picked up her bag and left.

When the door of the ward was closed, Gu Manyin's expression turned completely cold, and then he turned sideways and poured all the chicken soup into the flowerpot by the bed.

Seeing the chicken soup blending with the soil, she murmured disdainfully, "The soup stewed by the hillbilly, who knows how clean it is!"

Bang!

As soon as Gu Manyin put the empty bowl on the bedside, the phone rang.

When she saw that it was the head of the navy that she had bought, she answered it directly.

Before she could speak, the hurried voice of the head of the water army came, "Miss Gu, it's not good, Rong Shu's news has been suppressed, and now it's basically impossible to find it on the Internet."

"What?" Gu Manyin backed up. The child was straight, and his face was ugly, "She pressed it herself?"

Chapter 292

"No, yes..." The sailor leader hesitated.

Gu Manyin was very impatient, "Tell me, who is it!"

"It's your ex-fiancé." The head of the water army replied loudly with his eyes closed.

Gu Manyin was stunned.

Is it Jingting?

It was him!

Gu Manyin held her phone tightly, as if she was about to burst it.

After a few seconds, she took a deep breath and calmed down temporarily, "Then how is the situation online now?"

"The news about Rong Shu on the Internet is very clean now, and those that were forwarded by marketing accounts for rhythm have been forcibly deleted. , although your original dynamic is still there, it has been forcibly suppressed and cannot get hot."

Speaking of which, the sailor leader was sighed for a while.

Sure enough, it is good to have money and power, and you can operate the entire network at your fingertips.

Gu Manyin's hand trembled slightly while holding the phone

. Answer.

"Thirty million!" Gu Manyin raised her voice, her face was very ugly, "Why don't you go grab it?"

The head of the water army smiled bitterly, "Miss Gu, I didn't lie to you, I really need so much, because President Fu spent three If you want to make these news hot again, you have to spend more money, otherwise it will be useless."

"..." Gu Manyin's liver hurt.

How can she have 30 million?

Although Gu's family is not short of money, her monthly pocket money is only 1 million, and it is used up at the beginning of each month, because she has to buy new luxury bags and shoes every month until the pocket money runs out. Later, she used Fu Jingting's money.

But now her engagement with Fu Jingting has been terminated. Before she woke up, Fu Jingting had frozen all the cards he put with her. She could no longer use his money. The money is all used deposits, and millions of dollars are almost used.

Thirty million, I can't get her out even if I sell her!

And she didn't dare to ask her father for it. Now Sansheng Group has lost all cooperation with Fu's, and the funds have begun to fail. Dad will never give her so much money to make news for her.

Thinking about it, Gu Manyin bit her lip, and finally came up with a solution, with a sinister hook at the corner of her mouth, "In this way, you will immediately spread the news of my live broadcast, and say that I am going to tell in detail about my being a victim of Rong Shu on the live broadcast. The whole process of calculation."

The head of the sailor's eyes lit up, "This method is wonderful, in this way, no matter who wants to suppress it, no one dares to suppress it, because once you suppress your live broadcast, it will undoubtedly prove that Rong Shu is really doing it. I've been through such a thing, otherwise why are you so afraid of your broadcast, Miss Gu, I'll go right now."

"Go." Gu Manyin smiled coldly.

Tiansheng Group.

A Maybach was parked not far away.

The back seat window rolled down, and Fu Jingting frowned at the group of reporters who were clamoring to enter outside the Tiancheng gate.

The security guards of Tiansheng Group stood in a row and tried their best to stop the reporters.

But those reporters were too crazy, and the more security guards stopped them, the more they crowded.

Seeing that the security guards couldn't take it anymore, Fu Jingting picked up the phone and said, "Go help and drive away all those reporters."

"Yes!" A deep voice came from the other end of the phone.

The next second, Fu Jingting put down his mobile phone, and several special vehicles that had been transformed drove past his Maybach and stopped in front of the Tiancheng Group's gate.

The door opened, and more than a dozen people in black training uniforms came down from the car.

Each of the dozen or so people was about 1.8 meters tall, with tough but expressionless faces and tall muscles that were not easy to mess with.

These people are all professional bodyguards of the security company under the Fu Group, and each of them has undergone the most rigorous and painstaking training. Going to that stop, the momentum alone is overwhelming.

The group of reporters who were still clamoring and shouting saw these bodyguards, and all of them became quiet.

Who are these people?

Just when the reporters were puzzled, the bodyguards moved. They stepped forward a few steps and extended their big hands to the group of reporters.

Then one person carried a reporter by the back collar, like screwing chickens, stuffed all these reporters into the car, and then drove away.

The whole process only took two minutes, waiting for the security of Tiansheng Group to respond. When the time came, there was no one in front of him, as if everything just now was an illusion.

What exactly is going on?

Just now, where did those people like the underworld come from?

Fu Jingting saw that all the reporters had been cleared, so he restarted the car and drove towards the Tiancheng gate.

In Rong Shu's office, Rong Shu was discussing the stock market with the trading department when suddenly there was a knock on the door of the office.

She looked up, and when she saw Fu Jingting, she was stunned, "You... how are you?"

Fu Jingting walked in with long legs, looking at her amazed eyes, and a smile flashed in her eyes. , "It's me."

Rong Shu put down the phone's microphone and frowned, "How did you come up?"

"People from your group don't dare to stop me." Fu Jingting stopped across from her desk and said.

Rong Shu's mouth twitched.

Yes, Tian Sheng is not as good as Fu Shi, and now Tian Sheng is still relying on Fu Shi's cooperation to develop steadily until now. It can be said that Fu Shi is Tian Sheng's gold master, and Fu Jingting is the father of the gold master. It is normal for the employees not to dare to stop him.

Wasn't that the case last time?

Rong Shu rubbed her brows, "Okay, but when you came up, weren't you stopped by those reporters?" What

she was worried about now was, if he was stopped by those reporters, would he be exposed soon after he came to Tiancheng.

At that time, those people on the Internet should criticize her again.

Seemingly seeing what Rong Shu was worried about, Fu Jingting pulled out his chair and sat down, "Don't worry, I have all those reporters cleared out by me."

On the way he came, he asked the security company to send a squadron of bodyguards. I came here to clean up all Tiansheng's reporters and those netizens who were malicious towards her.

But he didn't seem to see netizens just now.

"Qing is gone?" Rong Shu was stunned, then quickly walked towards the floor-to-ceiling window, looking down.

Seeing that there was no reporter below, she turned around and returned to the position just now, looking at the man with complicated eyes, "Thank you."

"Huh?" Fu Jingting was thinking about something, but he couldn't hear it clearly.

Rong Shu thought he was pretending not to hear clearly, and wanted her to speak aloud again, and felt a little uncomfortable.

But thinking that whether it was driving these reporters or suppressing the news on the Internet, it was all his help, so she had no reason to be angry with him.

Thinking of this, Rong Shu took a breath, calmed down, and bowed to Fu Jingting, "I said, thank you, thank you for helping me drive away those reporters, and thank you for helping me suppress those news."

Fu Jingting didn't like her being so estranged to thank him, and reached out to pull her up.

However, Rong Shu avoided it first and stood up straight.

Fu Jingting's eyes darkened, and after rubbing his fingers, he put his hand down, restrained the loss in his heart, and lightly opened his thin lips and replied, "Yes, you don't need to thank me."

“No, nothing is right, you I’m not obliged to do this for me, so I’ll repay you.” Rong Shu looked at him and said seriously.

Fu Jingting frowned slightly, wanting to say that without her repayment, this was what he was willing to do for her.

But she knew that if he said so, she would not accept it.

It’s better to be like this, at least there is a kindness that connects them.

“Okay.” Fu Jingting nodded.

Seeing that he agreed, Rong Shu breathed a sigh of relief, and then asked, “By the way, Mr. Fu, what are you doing here?”

### **Chapter 293 Exit the stock market**

“It’s okay, I’m just worried about you, so let’s take a look.” Fu Jingting looked at Rong Shu and said affectionately.

Rong Shu’s eyes flashed, she turned her face away, and said nothing.

Fu Jingting knew that she was running away, and her heart was a little blocked. She pursed her thin lips and said, “This is just my personal emotion, you don’t need to feel any pressure.”

Rong Shu bit her lower lip, “I know, but...”

“Mr. Rong , it’s not good!” Before she could finish her words, the door of the office was pushed open, and Secretary Tong hurried in.

Seeing her like this, Rong Shu’s expression became serious, “What’s the matter?”

“Gu Manyin... Gu Manyin she...” Secretary Tong patted her chest, and after she was relieved, she replied, “Gu Manyin. She wants to start a live broadcast, saying that she wants to tell you the whole process of calculating her on the live broadcast.”

“Is there such a thing?” Fu Jingting frowned.

Secretary Tong nodded again and again, “She has already posted the announcement of the live broadcast on her social platform, and the time is 11:10.”

"11:10..." Rong Shu's face sank, and she looked quickly To the lower right corner of the computer, it is already eleven o'clock.

In other words, there are still ten minutes before the live broadcast starts.

"Mr. Rong, what should we do now?" Secretary Tong looked at Rong Shu, "Should we suppress Gu Manyin's live broadcast in advance?"

"No!" Rong Shu and Fu Jingting said in unison.

Secretary Tong blinked, looked at Rong Shu and then at Fu Jingting.

When did these two get along so well?

Rong Shu and Fu Jingting didn't expect the other party to say such a thing with them.

But Rong Shu was okay, after a moment of surprise, she didn't feel much.

On the other hand, Fu Jingting curled his thin lips, feeling quite happy.

Does this mean that they have the same heart?

"Mr. Fu is right, this live broadcast must not be suppressed!" Rong Shu frowned and said solemnly, "Gu Manyin has already said it on the live broadcast, you want to tell me the process of calculating her, if I am now If I suppress her live broadcast, doesn't that make me feel guilty?"

"But in this way, our Tiancheng stock market will usher in a second wave of collapse." Secretary Tong looked worried.

Rong Shu rubbed her temples, "Let me think about it."

She didn't expect that after Fu Jingting suppressed the news and popularity about her on the Internet, Gu Manyin made this move again.

And this move really caught her off guard.

"The best way now is to delist Tiancheng." At this moment, Fu Jingting suddenly said something.

Rong Shu squinted, "Delisting?"

"Yes, Tiansheng has just come out of the brink of bankruptcy, and its development is not too stable, so it is not suitable for surviving in the stock market at present. Attacking each other in the stock market, Tiansheng Group has long since been bankrupted by Sansheng Group." Fu Jingting looked at her and said.

Rong Shu's red lips pursed.

Although what he said was a bit unpleasant, it was true.

If the country had not promulgated this rule, Gu Yaotian would have directly attacked Tiancheng's stock market, which was like scattered sand, making Tiancheng completely a thing of the past.

Of course, when a company's stock market has a problem, other companies take the opportunity to acquire scattered shares, which is allowed by the state.

Seeing that Rong Shu didn't speak, Fu Jingting softened his tone, "As long as Tiansheng is delisted, there will be no stock market turbulence, and there will be no turbulence in the stock market, and there is no need to worry about someone deliberately smearing Tiansheng and causing turbulence in Tiansheng's stock market, thus taking advantage of the opportunity. After acquiring Tiancheng's scattered shares, it will not be too late to re-list when Tiansheng has fully developed."

Rong Shu admitted that she was a little persuaded, and her lips moved, "But the delisting is not so fast, and so on. Once these procedures are completed, Tiancheng's stock market has already collapsed."

"It doesn't matter, I can say hello there, and I can delist today." Fu Jingting raised his chin and said.

Rong Shu frowned, and when she realized it, she wanted to refuse.

Fu Jingting had anticipated it long ago, and spoke before her, "I know you probably don't want to trouble me, but you already owe me a favor, and it's nothing to owe me another favor. Wouldn't it be enough to repay it together then?"

"..." Rong Shu opened her mouth and was speechless.

Forget it, if you owe one, you owe it, and if you owe two, you owe it. The big deal will be doubled.

In short, she couldn't watch the stock market continue to fall.

"Okay, then I'll ask Mr. Fu, but I have to discuss it with the shareholders. Delisting is not something I can decide alone." Rong Shu rubbed her cheeks and said tiredly.

Fu Jingting hummed, "Okay."

Rong Shu looked at Secretary Tong, "Go tell the shareholders and senior management about the delisting, see what they think, and then tell me their thoughts and opinions, Remember, as soon as possible!"

“Understood!” Secretary Tong pushed the glasses on the bridge of his nose, turned around and went out.

After she left, Rong Shu looked at her empty water glass, got up and poured water in front of the water dispenser.

Suddenly, she was dizzy, and the cup in her hand loosened and fell to the ground, shattering into pieces.

And her own body also swayed and fell to the ground.

Seeing this, Fu Jingting’s face tightened, and then he stood up immediately, straddling his long legs and came to her side, stretched out his arms to hook her shoulders, and hooked her body back.

Rong Shu fell into his arms, closed her eyes and leaned against his chest, panting slightly, looking very uncomfortable, sweat seeping out from her forehead.

Fu Jingting touched her forehead nervously, thinking she had a fever.

But when I touched it, I found that she was normal and had no fever.

How is this going?

“Help me...help me back to the chair.” Rong Shu suddenly spoke, her voice trembling, but she didn’t have much strength.

Fu Jingting directly picked her up, returned to her desk, and put her on the office chair.

“Drawer, candy!” Rong Shu raised her hand and pointed to the desk with trembling fingers.

Fu Jingting finally understood how she came, and hurriedly opened several drawers of the desk to find the candy she said.

He picked up one and quickly peeled it open into her mouth.

Soon, Rong Shu, who had eaten a piece of candy, ’s face gradually improved, and the cold sweat did not break out. Finally, she opened her eyes and said in a weak voice, “Thank you.”

“How can you have such a serious hypoglycemia?” Fu Jingting frowned, with undisguised concern in his tone.

Rong Shu pinched her brows, “It was caused by pregnancy.”

Fu Jingting's pupils shrank, and he was speechless.

It turned out that he was the one who did it!

"Can it be improved?" Fu Jingting asked, clenching the candy wrapper in his palm.

"Yes, you can rest for a while." Rong Shu shook the drowsiness in her head and returned.

During this period, due to the heavy workload, the rest time is not as sufficient as before, and the fetus needs a lot of nutrition, so her low blood sugar is heavier than before.

That's why, she has candy in her drawer.

"Then rest." Fu Jingting looked at Rong Shu and said in a deep voice.

Rong Shu sneered, "Do you think I don't want to rest, but I can't rest."

Duan Xingbang has been staring at the management rights and shares in her hands, and wants to pull her down all the time. If she rests, Duan Xingbang will immediately There is an excuse to force her to hand over management.

So she didn't dare to rest, and she couldn't rest.

Fu Jingting also knew why Rong Shu said he couldn't rest. While feeling distressed, he also disagreed, "But your body..."

"Okay, Mr. Fu, it's my business." Rong Shu didn't want to discuss it with him. After interrupting him with a cold voice, he glanced at the time in the lower right corner of the computer, and his beautiful apricot eyes narrowed, "The live broadcast has started!"

#### Chapter 294 Gu Manyin's Cry

Hearing this, Fu Jingting's expression also sank, and he walked behind her, ready to watch with her.

Rong Shu turned her head slightly and glanced at him, but she didn't drive him away, she went with him.

Through the transmission link of Gu Manyin's social platform, Rong Shu clicked into Gu Manyin's live broadcast room.

As soon as she entered, Rong Shu was taken aback by the number of people watching the live broadcast. There were more than ten million people, and the various barrages were endless, one after another, so fast that people could not see clearly.

Some top anchors are not so popular.

In the live broadcast room, Gu Manyin was wearing a hospital uniform, leaning on the bed with a pale face, looking at the camera with red eyes, "Thank you for coming to my live broadcast room, everyone should know what happened to me, right? For a girl, when something like this happens, it's unintentional pain and despair. It stands to reason that I should take good care of my injury now and try not to show my face, so as not to make everyone laugh, but..."

She raised her head and sniffed, holding back tears, pretending to be strong, "But I really can't stand it, I'm lying on the hospital bed with a broken body, and the person who harmed me is still at large, so I thought about it for a long time and decided to stand up, let the people who harmed me pay the price they deserve!"

The audience watching the live broadcast agreed.

"That's right, why is it that the victim suffers so much while the perpetrator has nothing to do."

"To support Miss Gu, you should expose those ruthless people and let them be punished."

Rong Shu looked at this scene and took the hand on the arm of the chair slowly tightened, and a burst of anger surged in my heart.

This woman is so shameless!

She admitted that Gu Manyin was the victim, but she was not the perpetrator.

Instead of looking for the real perpetrator, Gu Manyin threw all the blame on her head. Such a person, even a victim, does not deserve sympathy at all, and even deserves to be bullied!

Fu Jingting was also angry. He had a dark face, and his hand on the top of Rong Shu's chair was also tightly folded, and the leather on the back of the chair was wrinkled, and even the cold air emanating from his body, Also cold enough to freeze people.

Rong Shu felt it, looked back at him, her eyes flashed, she didn't speak, she turned her head back, and continued to stare at Gu Manyin's live broadcast.

Gu Manyin looked at the barrages directed at her, a glint of pride flashed in her eyes, but she had a moved expression on her face, "Thank you, thank you for your support, I really...really..."

She covered She shut her face and sobbed.

The audience quickly comforted her and told her not to cry.

After the audience's comfort, Gu Manyin finally calmed down a lot.

She pulled two tissues, wiped her tears, and then smiled gratefully at the camera, "Thank you for your concern for me, I'm in a better mood now." The

audience thought they had comforted her, and everyone was very happy. Happy, and they also picked up gifts.

Gu Manyin was very satisfied when she saw the rising amount in the background.

It's really good to start a live broadcast. Not only can it completely step Rong Shu into hell, but it can also make a lot of money.

"Miss Gu, you haven't said yet, how exactly did that Rong Shu calculate you?" An audience member who gave a lot of rewards asked with a huge red barrage.

When everyone watched this barrage, they remembered the real theme of the live broadcast, and quickly agreed, asking Gu Manyin to tell them quickly.

Gu Manyin seemed to have seen something sad. Her smiling face turned sad again. In addition to her sadness, she also had obvious fear.

She curled up, hugged her knees tightly with both hands, and said in a choked voice, "It's like this, Miss Rong contacted me that day and told me that she had something to tell me, let me go to Beibin Road, I went, and then I saw It's not Miss Rong, but the six men arranged by Miss Rong."

Speaking of which, she buried her head in her knees and cried heartbreakingly.

The audience was stunned.

"Good guy, six?"

"Damn, I always thought it was one, who knew so much!"

"That Rong Shu is too vicious. What a woman cares about most is her innocence. Rong Shu not only ruins Miss Gu's innocence. , and arrange so many men, this is going to completely destroy Miss Gu."

Rong Shu looked at these and trembled with anger.

Fu Jingting put his hand on her shoulder, "Don't get excited, it's not good for your health."

“How could I not get excited, this woman...”

“I know.” Fu Jingting looked at Gu Manyin in the live broadcast room with a blank expression. There was a terrifying storm in his eyes, “She won’t be complacent for too long, I promise!”

Rong Shu looked at him blankly, “What do you want to do?”

Fu Jingting smiled at her and said nothing.

Rong Shu looked at him with this smile, and her eyes suddenly became dazed.

His smile seemed to let her see the Fu Jingting from six years ago.

At that time, he smiled like that, gentle and clean.

“What’s wrong?” Seeing Rong Shu staring at him in a daze, Fu Jingting asked suspiciously.

Rong Shu’s eyes flickered for a while, then she turned her head back, lowered her eyelids, and covered her expression, “It’s nothing!”

What happened to Fu Jingting who smiled like six years ago.

He is not that Fu Jingting after all.

Fu Jingting felt that Rong Shu seemed to have some thoughts and wanted to ask, but in the end he didn’t ask.

She said nothing, obviously just didn’t want to tell him.

He asked and got no answer.

Gu Manyin’s live broadcast continues.

There are also viewers who have given a lot of rewards, asking with other colors of barrage, “Miss Gu, why is Rong Shu doing this to you?”

This question is also what other viewers want to know.

Gu Manyin bit her lip and smiled self-deprecatingly, “Maybe it’s because she hates me, she’s my ex-fiance’s ex-wife, everyone knows that I’ve been in a vegetative state for six years, and after I woke up, my ex-fiancé and I Miss Rong got divorced, and then she was with me. Miss Rong felt that I stole her husband, and then resented me. She repeatedly targeted me and attacked me. Miss Rong actually...”

She didn't say anything later, lowered her head and started crying again.

The audience figured it out for themselves.

Rong Shu hated that Gu Manyin stole her husband, and then repeatedly harmed Gu Manyin, trying to destroy the relationship between Gu Manyin and Fu Jingting, as well as their engagement.

But Rong Shu didn't succeed every time, and then in anger, Rong Shu came up with this method to completely destroy Gu Manyin.

In this way, if Gu Manyin is dirty, Fu Jingting will also break off the engagement with Gu Manyin, and Rong Shu will be able to be with Fu Jingting again.

Such a careful and vicious plan made the audience take a deep breath, and then they were filled with righteous indignation and expressed their opinions one after another.

"Miss Gu, I have already called the police for you. The police will go back and arrest you soon. We will all testify for you. We must not let such a vicious person go."

"Yes, we support you."

"No way, I can't take it anymore, I'm going to scold her under that Rong Shu platform now, the previous ones were not enough, but this time I'm going to scold her mother who doesn't even know her."

"The one upstairs will take me, and I will too. Go, I have to go downstairs to block her in her company!"

Gu Manyin watched the audience barrage excitedly, her mouth tickled without a trace, but her face was moved to tears, "Thank you, thank you very much. you."

"You're welcome, it should be done for the people!" The audience swiped this barrage in unison.

Gu Manyin's face was grateful, but she was sneering in her heart.

Bunch of idiots!

## **Read This Time, I Will Get My Divorce Chapter 295-296**

Chapter 295

boom!

Rong Shu looked at these barrages and Gu Manyin's successful face, clenched her fists angrily, and thumped the table.

Fu Jingting held her wrist.

"What are you doing?" Rong Shu subconsciously pulled her hand back and looked at him vigilantly.

Seeing her being so wary of him, Fu Jingting felt a little uncomfortable. He lowered his eyes and replied, "I want to see if your hand is injured.

" His eyes returned lightly.

Fu Jingting snorted, "That's good, but even if you get angry again, don't do it in the future, it will easily hurt yourself."

"I know, you don't need to remind me." Rong Shu pursed her red lips and said.

Fu Jingting took his hand back and wanted to say something when the door of the office was pushed open.

Duan Xingbang came in angrily, "Rong Shu, you want to delist?"

He glared at Rong Shu, completely ignoring Fu Jingting beside Rong Shu.

Rong Shu turned off Gu Manyin's live broadcast.

Gu Manyin has already told the audience in the live broadcast room how and why she calculates.

Then there is no need to read the content behind.

"That's right, Secretary Tong has made it clear to you, hasn't it?" Rong Shu released the mouse and looked up at Duan Xingbang coldly.

Duan Xingbang slapped her desk with a slap, "Is it something you can decide on delisting?"

"Of course I can!" Rong Shu stood up, "Because I am the largest shareholder of Tiancheng Group! "

Fu Jingting looked at such a sassy Rong Shu with a flash of admiration in his eyes.

"You..." Duan Xingbang's anger was blocked in his throat, and he swallowed the words behind him, and it took a while to recover, "Yes, you are the largest shareholder of Tianzhu, but don't forget, I am the President of Tiancheng, you are only a deputy!"

“So what?” Rong Shu put her arms around her arms and replied without showing weakness, “Mr. Duan, you should be glad that you are an old man of Tiancheng, half of the group is made up of people. I support you, otherwise I, the largest shareholder of Tiansheng, can hold a general meeting of shareholders to take back the other half of your management rights and become the real chairman.” You

must know that the person who holds the most shares in a company is that company speaker.

However, because she has not many people, even if she has the most shares, she does not dare to confront Duan Xingbang. If Duan Xingbang leaves Tianzhu in a fit of anger, and takes away the part of the people who support him, Tiansheng will collapse.

Because the current Tiancheng simply can't recruit talents to fill the positions of those under Duan Xingbang, so she has been reluctant to hold her breath. Although she holds the most shares, she is willing to become a vice president. This is the reason.

And Duan Xingbang obviously knew that she was afraid of this, so he always ignored her, Tiancheng's largest shareholder.

“Oh? Hold a shareholders' meeting and take back the management rights in my hands?” Duan Xingbang laughed disdainfully as if he had heard a big joke, “niece, are you really going to do this? You are not afraid that I will take my People go to another house? You must know that those people under my command are basically Tianzhu talents. Once they leave, Tianzhu will be finished! So do you dare?”

” The male voice mixed with a sense of oppression sounded, “Why don't you dare?”

Rong Shu immediately turned her head and looked at Fu Jingting in a daze.

Duan Xingbang also looked over in dissatisfaction, “This is a matter between me and Vice President Rong, what did your little assistant suddenly insert... President Fu?”

His voice rose instantly, and he looked at Fu Jingting in disbelief.

When he came in, he saw someone beside Rong Shu, but he thought it was an assistant, so he didn't look at the person's appearance, because he was anxious to hold Rong Shu accountable.

But who would have thought that the assistant he thought was actually the president of the Fu Group, Fu Jingting!

Duan Xingbang looked at Fu Jingting in shock, “Mr. Fu, you...why are you here?”

He pointed to Fu Jingting and then to Rong Shu, “You and Rong Shu...you...”

“I’m here just looking for Rong Shu. The vice president is talking about official business, don’t forget, Rong Shu and I have cooperation in new energy.” Fu Jingting’s eyes flashed slightly, and he replied lightly.

He couldn’t say that he came here because he was worried about Rong Shu.

He knew that she would be unhappy when he said that.

Rong Shu raised his eyebrows.

Although she was surprised that Fu Jingting lied, she did not expose him in person.

go with him.

“So that’s the case.” Duan Xingbang had no doubts.

After all, no one in the circle knew that Fu Jingting did not love Rong Shu, his ex-wife, so he divorced Rong Shu.

Therefore, I must be here for business, not for Rong Shu.

“Then what, Mr. Fu, the conversation between Rong Shu and I just now...”

“I heard it!” Fu Jingting lowered his eyes and said softly, “If you want to leave Tiancheng with your subordinates, you can leave now.”

“What? Duan Xingbang couldn’t believe what he heard, his eyes widened, “Mr. Fu, this is our Tiancheng business. It’s not good for you to intervene?”

He didn’t plan to leave Tiancheng.

He said that just to threaten Rong Shu.

How could this Fu Jingting take it seriously?

“There’s nothing wrong, half of Tiansheng Group’s industries have been revived only because of my cooperation with Fu, what’s more, Vice President Rong also has a new energy cooperation project with me, so as Tiansheng’s largest partner, I think I should have the privilege to participate in Tiancheng’s internal struggle?” Fu Jingting stared at Duan Xingbang with deep eyes.

Duan Xingbang opened his mouth, “That’s what I said, but...”

“Isn’t that alright?” Fu Jingting interrupted him again, “These cooperations were signed by Vice President Rong and I, and President Duan wants to bring The people who have

left Tiancheng will inevitably affect the cooperation between Tiancheng and Fu, so I will naturally stand on the side of Vice President Rong.” After

speaking, he looked at Rong Shu with serious eyes, “Vice President Rong, don’t worry, As soon as President Duan leaves, I will immediately send a group of professional teams over to help you stabilize those vacant positions, so that Tiancheng will not have any problems.”

“What?” Duan Xingbang’s shocked mind went blank.

Rong Shu also looked at him in surprise, “Are you serious?”

Fu Jingting nodded, “Of course, I won’t lie to you, as for President Duan...”

He turned his gaze back to Duan Xingbang, “President Duan took away so many talents, I believe that it is a waste to join other companies. It is better to start a company by yourself. I believe that with so many talents, Mr. Duan’s company will develop soon. So as not to delay your business, what do you think, President Duan?”

“Pfft...” Rong Shu couldn’t hold back, she covered her lips and shook her shoulders while smiling.

On the other hand, Duan Xingbang was trembling with anger, but he didn’t dare to vent to Fu Jingting, so he could only squeeze his fist tightly, trying his best to suppress his anger.

How does he feel?

He doesn’t feel good at all!

What does it mean to say hello to other companies not to take them in? This is clearly blocking them.

And let him start a business?

With his age and wealth, he has created a fart business!

This Fu Jingting made it clear that he was deliberately humiliating him and making things difficult for him!

Although he was so angry in his heart, Duan Xingbang forced a smile on his face, “Mr. Fu is really good at joking. What kind of business can I start at my age?”

“Oh? So, Duan always doesn’t plan to take people away from Tianzhu?” Fu Jingting squinted at him.

Duan Xingbang coughed twice, "Of course, I'm also joking with Vice President Rong, it's not for real."

Does he still dare to take people away?

Chapter 296 Go to the police station

As soon as he left, he was replaced by someone in the back. When Tiansheng couldn't come back and other companies couldn't get in, it was really over.

Besides, he had no intention of leaving.

Fu Jingting looked at Rong Shu, "What do you mean?"

Although Rong Shu was a little shameless about Duan Xingbang, she didn't want Fu Jingting to send someone over. She nodded and said, "Since Duan is always joking, then forget about it."

"Okay." Fu Jingting pursed his thin lips in disappointment.

How much he hoped that she would agree to let Duan Xingbang and others leave Tiancheng.

In this way, he can send someone here, and he will have a permanent excuse to come here to find her in the future.

Duan Xingbang heaved a sigh of relief when he heard Rong Shu's words.

Fortunately, Rong Shu knew each other and didn't say anything that shouldn't be said.

Otherwise, he is really finished.

"Mr. Duan, are you still planning to oppose my decision to delist?" Rong Shu looked at Duan Xingbang blankly.

Duan Xingbang was unwilling, but seeing Fu Jingting beside her, he had to change his words, "Of course not, niece can do whatever she wants."

"If that's the case, then I'll let you know. What else is there for President Duan? ?" She ordered an expulsion.

Duan Xingbang twitched the corners of his mouth, "No, that niece, you're busy, I won't bother you anymore, farewell."

The moment he turned around, the reluctant smile on his face was gone, replaced by a slow twist.

He originally thought that coming here this time, using the threat of leaving Tiancheng, he could threaten Rong Shu to hand over the half management rights.

Who knew that Cheng Yaojin would be killed halfway through.

It seems that as long as the cooperation between Rong Shu and Fu Jingting still exists, Fu Jingting will support her, and it will be even more difficult for him to deal with this dead girl.

There must be a way to make the cooperation between the two people yellow.

Duan Xingbang left, and the office was quiet again.

Rong Shu ruffled her hair and thanked Fu Jingting.

Fu Jingting looked at her, "You have already thanked me several times today."

"I know, but it's polite and it should be." Rong Shu sat back on the chair.

In fact, even if Fu Jingting didn't stand up to help her this time, she could still deal with Duan Xingbang.

She has decided that if Duan Xingbang really does not agree with her delisting, she will completely tear up with Duan Xingbang, and Duan Xingbang will leave if he wants to.

The big deal is that she will greatly reduce Tiansheng's current scale and make Tiansheng a small and medium-sized enterprise.

At least Tiancheng is still here, and it will be here to re-develop into a group in the future.

"Actually, you don't have to." Fu Jingting walked to the opposite side of her desk and sat down, "I know the conflict between you and Duan Xingbang, you can take this opportunity to drive Duan Xingbang out of Tianzhu."

Rong Shu's eyes darkened . After dark, "I know, but it's not necessary."

"Do you really think it's unnecessary, or do you want me to send someone over?" Fu Jingting raised his eyes and looked directly at her.

Rong Shu's lips moved, then she turned her head away and said nothing.

Seeing her like this, Fu Jingting knew that he had guessed right.

She just didn't want him to send someone over.

Fu Jingting sighed inwardly and didn't speak.

At this time, Rong Shu reached out and picked up the landline on the table and called Secretary Tong, "Prepare the delisting materials and send them directly to the relevant departments."

"But Mr. Duan disagrees." Tong Xi replied.

Rong Shu pressed his temples, "He has already agreed."

"Really?"

"Really!" Rong Shu nodded.

Secretary Tong laughed, "that's great, then I'll go."

"Go." Rong Shu hummed and put down the microphone.

"I'll also contact the relevant department. After your secretary arrives, you can go through the delisting procedures directly." Fu Jingting took out his mobile phone and said while dialing.

Rong Shu squeezed the corner of her mouth, "Okay." I

have to say that Fu Jingting really helped her a lot today.

Fu Jingting got up and went to the balcony to answer the phone.

Two minutes later, he returned with a gloomy expression.

Seeing this scene, Rong Shu froze for a while, "What's the matter? Did the relevant departments not agree?"

"No, you have a lot of reporters coming downstairs, but there are only forty or fifty." Fu Jingting put away his phone and said .

The bodyguards he brought were only one squadron, a dozen people.

Even if each one is powerful, it cannot stop so many reporters.

So when he just came in, he asked the security company to send two squadrons over. It is estimated that they will be there in ten minutes.

Rong Shu felt a headache when she heard that the reporters were coming again, "It must be Gu Manyin's live broadcast, the news that Gu Manyin posted before, there were 20 or 30 reporters and some excited netizens. I asked Tong Xi to call the police

and took those netizens away, but the reporters couldn't take them away, because journalists have the right to freedom of interviews."

As long as it's not a restricted area, the police can't take reporters away.

So this is annoying to a lot of people.

Fu Jingting raised his chin slightly, "No wonder."

Zhang Cheng said before that some netizens gave her wreaths and blades, but he didn't see the netizens when he came over.

It turned out to be taken away by the police.

"No wonder what?" Rong Shu asked without knowing what Fu Jingting meant.

Fu Jingting smiled lightly at her, "It's nothing."

Seeing that he didn't say anything, Rong Shu shrugged her shoulders and didn't ask any more questions. She grabbed the mouse to check the latest news on the Internet.

Gu Manyin's live broadcast has been over for a while, and now there is a lot of noise on the Internet.

The fans of those wicked stars also left a message on her social platform to thank her for saving their brother!

Of course, there are more curses and curses.

Rong Shu knew that Gu Manyin wanted to ruin her and make her die.

Because Gu Manyin felt that she had no evidence in her hands to prove her innocence, and felt that this black pot could make her stand firm.

But in the end, whether Gu Manyin can succeed or not depends on Lin Tianchen coming out.

So now the only thing she can do is wait.

Thinking, Rong Shu looked at the time in the lower right corner of the computer, it was half past twelve.

It must be night when Lin Tianchen came out.

As long as she waited until night, she thought she could see hope.

Suddenly, the phone rang.

Rong Shu glanced at it, her face sank.

Fu Jingting saw it, squinted and asked, "Who?"

"It's from the police station." Rong Shu pursed her lips and replied, "Someone on the Internet called the police before, I'm afraid this is it."

After speaking, she swiped the answer button with her thumb and answered. on the phone.

"Hello, Miss Rong, our side is the Haishi Public Security Bureau. Someone on the Internet called the police, saying that you were suspected of deceiving others and causing others to be defiled. Now please come to the police station and cooperate with the investigation." The person on the phone said.

Rong Shu gave Fu Jingting a look and read it clearly, I guessed it right!

"Okay, I'll be right here." Rong Shu responded lightly with a cold face.

When the call ended, she put down her phone and stood up.

Fu Jingting got up and said, "Go to the police station?"

"Yes, let me cooperate with the investigation. That's fine. The police can't find anything. I can also wash some of the sewage on my body." Rong Shu picked up the bag and put it on her shoulder.

Fu Jingting tidied up his cuffs, "I'll accompany you."

Rong Shu wanted to say no, but looking at his firm expression, he understood that even if he didn't let him go, he would go with him.

Sighing, Rong Shu raised her feet and walked towards the door, "Let's go."

Fu Jingting smiled and walked beside her.

In the elevator, the two squadrons of bodyguards arranged by Fu Jingting had already arrived.

Fu Jingting asked them to go directly to the parking lot to stop reporters in the parking lot.

When the captain of the bodyguard sent a message that the reporters had stopped him, Rong Shu and Fu Jingting came out.

As soon as they came out, the two were discovered by reporters who were stopped by bodyguards.

#### Chapter 297 Gathering Evidence

The group of reporters instantly became excited, holding up the microphone and camera, they were about to break free from the shackles of the bodyguards.

But there are not as many reporters here as there are at the front gate. Instead, there are more bodyguards here than at the front gate.

Therefore, these thirty bodyguards blocked the twenty or so reporters strictly. No matter how hard the reporters struggled, they could not break free from the obstruction of the bodyguards.

These reporters are simply angry and hateful towards the bodyguards.

I had no choice but to shout at Rong Shu in the distance, "Miss Rong, did you really send someone to defile Miss Gu?"

"Yes, Miss Rong, talk about it?"

Rong Shu twisted He frowned, ignored it, and didn't even look at these reporters.

The reporters were of course dissatisfied with her attitude, and they raised several questions one after another.

"Miss Rong, if you don't speak, do you admit that you have indeed tarnished Miss Gu?"

"Did you really arrange six men for Miss Gu? Don't you think it's vicious for you to do this?"

"Vicious ?" Rong Shu finally stopped.

The man beside her also stopped.

The two looked at the reporter together.

Rong Shu stared at the reporter with a cold face, "You say I'm vicious?"

"Difficult...Isn't it?" The reporter couldn't help shivering when she faced her emotionless eyes.

He couldn't understand how a woman could feel so oppressive.

And the man beside her, although he was wearing sunglasses, he couldn't see his expression clearly.

But he could also guess that the man looked at him with terrifying eyes, which made him feel like his neck was being strangled and he couldn't breathe.

And this man is a little familiar, as if he has seen it somewhere.

Rong Shu sneered sarcastically, "It seems that you all believe Gu Manyin's words, that I really did such a thing to her, and then put a vicious label on me, are you all out of your mind? She's an adult, and she doesn't have the ability to tell right from wrong at all. I want to say that the real vicious person is Gu Manyin!"

Upon hearing this, the reporters were first shocked, and then even more excited.

"Miss Rong, do you mean that what Miss Gu said is false? You have never done such a thing?"

"Then Miss Rong, do you have any evidence to prove it?" The

reason why they believed Gu Manyin's words, It was because Gu Manyin broadcasted the live broadcast directly on the Internet, and it was Rong Shu who calculated her by calling her name in public.

After all, a person who dares to show up and name someone can never lie. Otherwise, waiting for Gu Manyin will be doomed, so they don't think that Gu Manyin will risk ruining the rest of his life by deliberately slandering Rong Shu on the Internet. .

But now Rong Shu's words have shaken their inner confidence.

Some of the reporters clicked on the live broadcast when Rong Shu came out, and there were hundreds of thousands of viewers in the live broadcast room at the moment.

When the hundreds of thousands of viewers heard Rong Shu's words, they began to discuss.

"Rong Shu is right, she's an adult, you have to distinguish right from wrong, although Gu Manyin said that Rong Shu harmed her, but you didn't find out that Gu Manyin didn't show any substantive evidence from beginning to end? It's all just said on the Internet, so whether it's true or not is still up for debate."

"That's right, the most important thing is that, as a victim, shouldn't Gu Manyin call the police and arrest Rong Shu immediately? Why didn't she do this, but instead said how

Rong Shu harmed her on the Internet, this is obviously a kind of behavior of using the vast number of netizens to hype.”

This is what some netizens who are relatively clear-headed say.

Another part of the netizens who believed that Rong Shu was the one who murdered Gu Manyin did not think so.

“The reason why Gu Manyin said it on the Internet is to tell us the truth of the matter and let us all know what kind of person Rong Shu really is. If I were Gu Manyin, I would do the same, so that the whole world could see what Rong Shu’s face is like.”

“The one upstairs plus one, as for why he didn’t call the police, didn’t Rong Shu also call the police? If she was really framed, she could call the police, but if she didn’t, it means there is a problem in itself.”

The two groups of audience were in a quarrel.

In the hospital ward, Gu Manyin was also watching the live broadcast. Seeing the barrage of the sober netizens, she almost threw the tablet out of anger.

But seeing another wave of netizens standing beside her later, she felt some comfort in her heart.

Rong Shu didn’t know about the live broadcast. She glanced at the group of reporters indifferently, “I really don’t have any evidence to prove my innocence at the moment, but I won’t be sure until tonight.” These

words instantly made the whole parking lot quiet . down.

A few seconds later, the reporters and the audience in the live broadcast room were all sensational.

“Miss Rong, you mean that you are already collecting evidence, and you are sure that you can collect it at night, right?” A reporter quickly asked.

Then this reporter was jealous of other reporters.

This person asked so quickly, he didn’t talk about martial arts!

“Yes!” Rong Shu nodded, then looked at a reporter’s camera, and said in a serious and serious tone, “I will disclose the evidence to everyone before twelve o’clock in the evening to prove whether I have ever done anything wrong to Gu Manyin. , if not, I will let Gu Manyin roll into prison!”

At twelve o’clock in the evening, Lin Tianchen’s surgery should be over.

If he doesn't give her some evidence, then she will expose him. She has a recording of his phone calls, and Lin Tianchen has talked about how to deal with Gu Manyin.

So no matter what, she has a way out!

In the ward, Gu Manyin listened to Rong Shu's words in the live broadcast, her heart jumped, and the hand holding the tablet tightened suddenly, her heart was full of unease.

Rong Shu was actually collecting evidence, and he clearly stated that it was collected before twelve o'clock in the evening.

Is this possible?

Gu Manyin's heart was beating so fast, as if it was about to jump out of her throat, her face panicked.

She was not sure whether what Rong Shu said was true or not, she dared not gamble, if it was true, she would be finished.

She dared to throw dirty water on Rong Shu's head, just because she firmly believed that Rong Shu couldn't prove her innocence, but now...

Gu Manyin bit her lower lip, and a trace of regret gradually filled her heart.

Parking lot, what else do reporters want to ask?

However, Rong Shu felt that she had almost said what she had to say. There was no need to waste time with these reporters. Everything would be known in the evening.

She turned her head to look at Fu Jingting beside her, "Let's go."

Fu Jingting felt very useful to us with her words, and the eyes behind the sunglasses were gentle as if they were about to drown.

"Okay." He pushed on his sunglasses and agreed softly.

He had put on these sunglasses in the elevator, or he had put them on specially, so as not to let the reporters recognize him and bring her even more trouble.

After all, everyone knows that they are ex-husbands and wives, and he is Gu Manyin's ex-fiancé.

Now that something like this happened between Gu Manyin and Rong Shu, if the reporters found out that he and Gu Manyin had just broken off their engagement, Rong

Shu's ex-wife came here again, and he would definitely report again and cause her trouble.

Therefore, this is why he put on the sunglasses. Fortunately, the sunglasses are big enough, and he also deliberately hides it. These reporters really didn't recognize him.

When the car arrived, Rong Shu took out the car key and pressed it twice, unlocking the door.

But just as she stretched out her hand and was about to open the door, a series of footsteps came hurriedly, accompanied by a malicious voice, "Go to hell, bad woman!"

### Chapter 298 Throwing Sulfuric Acid

"What?" Rong Shu frowned and looked at the sound subconsciously.

But before she could see what was going on, her body was hugged.

Fu Jingting hugged her and turned to the side.

The next second, where Rong Shu had just stood, there was a sound of glass breaking, and a zizi, somewhat like electric current.

"Hmm..." Fu Jingting snorted suddenly.

Rong Shu heard a hint of pain in his voice.

She looked up at him, looked at his pale face and big cold sweat, and hurriedly asked, "what's the matter with you?"

Fu Jingting didn't answer, just let go of her, and then pinched the wrist of his right hand with his left hand, while his right hand, trembling slightly.

Rong Shu looked down and took a deep breath, "You... your hand..."

"My hand is fine, what about you? Are you okay?" Fu Jingting raised his pale face and kept looking at her, the tension in his eyes did not hide at all.

Rong Shu's lips moved, and there was an indescribable feeling in her heart.

I don't care if I'm hurt, but I'm here to care if she's okay.

Is he stupid?

Seeing that Rong Shu didn't answer, Fu Jingting's face tightened, "Are you injured?"

"I didn't." Rong Shu shook her head.

Fu Jingting looked at her for two seconds, and after confirming that she was not lying, he breathed a sigh of relief, and then smiled weakly, "That's good."

Rong Shu bit her lip and stared at him, "What's the matter, your hands are like this. "

It's okay." Fu Jingting said the same thing.

Rong Shu pointed at his hand and laughed angrily, "Is this okay?" On

the back of his right hand, there was a wound the size of a red date. The black, that is the wound formed by the corrosion of things.

And what can corrode the flesh so quickly, there is only one answer, sulfuric acid!

Thinking of this, Rong Shu looked coldly at the position where she was standing just now. She saw the door that had been corroded by sulfuric acid with most of the paint on the car, and the sulfuric acid that was still bubbling on the ground, and she immediately knew what happened just now.

The person who called her a bad woman just now threw acid at her, trying to kill her.

Then Fu Jingting found out, and hugged her to avoid the sulfuric acid. The sulfuric acid hit the car, but a drop was splashed on the back of Fu Jingting's hand, causing serious burns on the back of Fu Jingting's hand.

That is to say, if Fu Jingting didn't save her, the bottle of sulfuric acid would hit her exactly and burn her alive.

Maybe she is lucky and won't die, but the skin on her whole body will be completely destroyed and can no longer be repaired, becoming a terrifying, invisible monster!

Thinking of this, Rong Shu felt a little bit of fear in her heart, and then a deep anger surged up.

She squeezed her palms tightly and looked at the person who threw the sulfuric acid with red eyes.

The man has been controlled by the captain of the bodyguard. It is a man with an ordinary appearance, a pair of gloves is stuck in his mouth, and he is speechless.

But the hideous look on his face is very terrifying, which makes people feel scared from the bottom of their hearts.

Rong Shu didn't know him, and didn't know why he harbored so much malice towards her.

But it doesn't matter, as soon as you get to the police station, you'll know everything!

The group of reporters not far away also saw this scene, and even the audience in the live broadcast room saw it, and they were shocked beyond words.

They never thought that someone would throw sulfuric acid at Rong Shu.

They actually saw the plot that only happened in this kind of TV series with their own eyes.

This is very exciting news, they must report it quickly!

Rong Shu ignored the reporters, returned to Fu Jingting, looked at his hand, frowned tightly, and her eyes were even more complicated.

"Car keys." Rong Shu said eagerly, "My car can't be driven, I'll take you to see it."

Fu Jingting looked up at her, "In the left pocket."

"Pants or clothes?" Rong Shu saw him The words were vague, and I was a little angry.

She rushed to take him to the doctor.

It's good that he didn't speak clearly, wasting time.

Fu Jingting also saw that Rong Shu was a little unhappy, no longer delaying, and answered honestly, "Pants."

Finally asked where the key was, Rong Shu rubbed his eyebrows, and then put his hand directly into Fu Jingting's left trouser pocket.

Fu Jingting was stunned.

He thought she would let him take it himself, after all, his left hand was fine.

Never thought, she actually got started on her own.

Through a thin layer of pocket cloth, Fu Jingting could clearly feel Rong Shu's hand, which was hot and soft, touching his skin, and it was slightly itchy.

Fu Jingting's eyes darkened, his thigh muscles trembled slightly.

Rong Shu felt it, looked up at him, looked at his deep and burning eyes, she finally realized what she had done.

She actually put her hand directly into his trouser pocket!

Rong Shu's ears turned red, she quickly grabbed the key, pulled out her hand, and then turned her head away, daring to look at him, "Sorry, I didn't mean to."

She just wanted to get the key eagerly, without thinking about it at all.

After I reacted, I realized that I was so bold.

Fu Jingting's Adam's apple twitched, and replied in a hoarse voice, "It's okay, you don't need to worry about it."

Rong Shu's eyelashes trembled, and she hummed.

Fu Jingting knew that she was actually still caring, so she sighed slightly, and immediately changed the subject, "Have you got the key?"

"I got it!" Rong Shu spread out her palm, and the car key with the Maybach icon on it was exposed to the air.

Fu Jingting nodded, "Then I'll leave the car to you."

"Okay, but that person..." Rong Shu looked at the person kneeling on the ground by the bodyguard's captain, her face was extremely cold.

Fu Jingting's eyes flashed a cold dark light, and he slowly said, "This person is coming for you, what do you want to do?"

"Send it to the police station together." Rong Shu replied, "I think so too. You know, who asked him to do it!"

She suspected it was Gu Manyin.

Because Gu Manyin slandered her, this person threw sulfuric acid at her, so coincidentally, there was no one but Gu Manyin.

Fu Jingting obviously thought of it too, his eyes narrowed dangerously, "Okay, I'll let the bodyguards send the person directly in a while."

Rong Shu hummed and pressed the car key.

The door opened, the two got into the car, and drove directly out of the parking lot.

On the way, Rong Shu contacted Secretary Tong and asked Secretary Tong to make a copy of the surveillance camera in the parking lot and send it to the police station.

The surveillance will definitely record the man throwing sulfuric acid, so that the evidence of the man is conclusive.

After contacting Secretary Tong, I called the police station again and told the police station that it might be later.

Fortunately, Rong Shu is only a person involved in the case, not even a suspect. The police station is also reasonable and agrees with them to come later.

Fu Jingting sat in the co-pilot and kept staring at Rong Shu.

Seeing her negotiating with the police station calmly, her deep eyes were full of admiration.

She has indeed changed a lot since before the divorce.

But it's getting better and better.

Rong Shu felt Fu Jingting's gaze, put down the phone and looked over, "What are you looking at?"

"It's nothing." Fu Jingting pursed his thin lips and replied.

Rong Shu only thought that he was strange, but she didn't ask any more questions, she quickly turned her head back, after all, she was driving.

A few minutes later, Rong Shu parked the car in the parking space on the side of the road, "Okay, get out of the car."

Fu Jingting unfastened the seat belt with one hand and glanced out the window, "It's not a hospital."

"It's a clinic, I Seeing that your aching hands are shaking, you won't go to the hospital, it's too far away, so I went to a clinic." Rong Shu replied.

Fu Jingting nodded slightly, then opened the door and got out of the car.

# **Read This Time, I Will Get My Divorce Chapter 299-300**

In the clinic, the doctor is treating Fu Jingting's burn on the back of his hand.

Rong Shu stood beside her, clasped her palms tightly, and asked with a solemn expression, "Doctor, will there be any major problem with his hand?"

She heard that there are many nerves in his hand, so she was afraid that the problem with the nerves in his hand would affect his hand. future self-care ability.

In that case, she can't afford it, after all, he was injured to save her.

Fu Jingting looked at Rong Shu's furrowed brows and the unease in his eyes, and said softly, "Don't worry, my hand will be fine."

Rong Shu knew that he was saying this on purpose, so he ignored him and just looked at the doctor, waiting for the doctor's answer.

The doctor threw away the blood-stained cotton swab, and then replied, "This gentleman's hand is not a big problem. The sulfuric acid is not much, but it corrodes the flesh. After a while, the flesh will grow up, but it may be left behind. Scar."

Hearing the doctor's words, the heart that Rong Shu mentioned finally fell back to its original place, "That's good."

Fu Jingting's eyebrows softened a little, "Look, I'm right."

Rong Shu went white. He glanced.

At this moment, her cell phone rang.

Rong Shu took it out and saw that Lu Qi called.

She didn't delay, and walked towards the door of the clinic with her mobile phone in hand.

Fu Jingting just glanced at Rong Shu's caller ID, and saw that she went to the side to answer it, the expression on his face suddenly sank, and the hand on the table suddenly shook.

The doctor saw this scene and pushed the old man. Huajing, "What, this gentleman, relax your hand, you are holding it so tightly all of a sudden, I can't give you medicine."

Fu Jingting frowned, and finally let go of his tightly clenched right hand.

But his eyes have been staring darkly at the door of the clinic.

Outside the clinic, Rong Shu put the phone to her ear and answered the call, "Aqi."

“Baby, are you okay?” On the other end of the phone, Lu Qi just came out of the meeting when he heard his assistant say that extremists were throwing sulfuric acid at Rong Shu, so he hurriedly called to ask.

“Xiao Mo said you were thrown sulfuric acid, is it true?” Lu Qi held the phone tightly with both hands, his voice full of tension and worry.

Rong Shu nodded, “It’s true.”

“Then are you injured? Where are you hurt? Is it serious?” Lu Qi heard her say it was true, his heart almost flew out of fear, and he quickly asked a few questions.

Rong Shu listened to his unreserved concern for herself, and her heart was warm, and she replied with a smile, “Aqi, calm down first, don’t worry, I’m fine, I’m not hurt, someone rescued me, Otherwise, how could I still talk to you on the phone.”

Hearing this, Lu Qi suddenly breathed a sigh of relief, “That’s good, that’s good, it scared me to death!”

He patted his chest, “By the way, baby. , you just said someone saved you, who is it? I have to thank him, thank him for saving you, and the whole world.”

“The whole world?” Rong Shu shook her head, dumbfounded, “What are you talking about? ?”

Lu Qi wiped the sweat on his forehead, “I didn’t say nonsense, he saved you, but he saved the whole world.”

That kid Li Chuan is a lunatic.

If he knew that the baby was injured by acid, he would really do something to destroy the world, so he was right in saying that.

Rong Shu didn’t know what Lu Qi was thinking, he just thought he was joking and deliberately made her happy.

“Okay, Aqi, be serious.” Rong Shu brushed her hair from her ear, “You asked me just now who rescued me, and I’ll tell you now, that person is Fu Jingting.”

“What?” Lu Qi He was stunned, and confirmed again two seconds later, “You mean Fu Jingting?”

“It’s him.” Rong Shu nodded.

Lu Qi frowned, “Why is he there with you?”

Rong Shu rubbed his temples, "It's a long story, but he really saved me, if it wasn't for him, I would definitely be in the hospital now."

Lu Qi pouted, "Since he saved me, then No need to thank him, he treated you so well in the past, and this is his compensation."

"Don't say that, one yardage is another, he has saved me several times before, so the grievance between me and him has long since been evened out. So this time he saved me, I can't help but thank him." Rong Shu replied.

Lu Qi was silent.

After a while, he spoke again, "Then how are you going to thank him?"

"I don't know, wait and ask him what he wants." Rong Shu pondered for a while and said.

Lu Qi frowned, "If he opens his mouth and asks you to remarry him, you have to agree?"

Rong Shu smiled, "Do you think it's possible? If he really does, I can get one in my hand too. If the injury is the same as his, I should repay his life-saving grace today, in short, I will not remarry him, never!"

She said her last sentence very seriously.

Lu Qi was stunned. After a few seconds, he recovered and smiled, "This is what you said, baby, and I will remember it for you. If you regret it later, I will not agree.

" ." Rong Shu replied with a helpless smile.

Only then did Lu Qi let go of his worries, and his whole body relaxed, "By the way, baby, you just said that he had the same injury as him, did he hurt you to save you?"

"Well, the sulfuric acid splashed on the back of his hand. , but it's not too serious, I'm currently taking medicine with him at the clinic, and I'll go to the police station later, and the netizens who supported Gu Manyin called the police for Gu Manyin."

"Pfft!" Lu Qi couldn't help laughing. "I'll go, this is our friendly army, help Gu Manyin to call the police, is this because he is afraid that Gu Manyin will go in later?"

Rong Shu also raised the corner of her mouth, "Probably so, Alright, I won't go with you first. Having said that, I'm going to see how Fu Jingting's injury is being dealt with. "

"Okay, when I'm done with this, I'll go to the police station to find you." Lu nodded.

After the call, Rong Shu put down her phone and returned to the clinic.

The doctor has given Fu Jingting good medicine and is wrapping a bandage.

Fu Jingting's eyes flashed when he saw her coming in, "What did Lu Qi tell you?"

He had the tone of her husband Cha Gang.

Rong Shu put the phone in her bag, "It's nothing, how much?"

she asked the doctor.

The doctor gave a number.

Rong Shu took the wallet and took out two soft sister coins and put them on the table.

The doctor tied a bandage to Fu Jingting and picked up the money to get change.

Fu Jingting looked at his hand and tried to shake it, but the bandage was so tight that he couldn't hold his hand at all, and his fingers couldn't move a little.

It can be seen that in the next few days, his life will be somewhat inconvenient.

Seeing this, Rong Shu lowered her eyelids, "Actually, you don't need to save me."

Fu Jingting made a move on his hand, then squinted at her, "Why do you say that?"

"We are two people who have nothing to do with each other, you really There's no need to take such a risk to save me, you don't know how harmful sulfuric acid is." Rong Shu looked at him.

Fu Jingting pursed her thin lips, "I know."

"Then you still..."

"You are different." Fu Jingting cut off her words, "In your opinion, we are two people who have nothing to do with each other, but in me Not here, you are my lover, if I don't even save my own lover, who else can I save?"

He stared at her affectionately.

Rong Shu felt that his eyes were very hot, which made her very uncomfortable and uncomfortable, so she turned her face away, "No matter what, you saved me, I will not forget this kindness, as long as you don't ask for it. Remarriage, or a request for me to be with you, you can do whatever you want."

Chapter 300 Li Chuan calls

Fu Jingting's brows turned into Sichuan characters.

In fact, he rescued her completely from the heart, without any miserable purpose, not after saving her.

In other words, he never thought of using this kindness to ask her to remarry or stay with him.

But listening to her warning-like words, in addition to being hurt, there was a trace of anger in his heart.

In her eyes, is he a person who pays favors in return?

"Let's talk about it later." Fu Jingting lowered his eyes and said softly.

Rong Shu noticed that his attitude towards her had cooled down, and she knew why it had cooled down.

But she didn't care. After taking the change from the doctor, she looked at Fu Jingting and said, "Let's go."

Fu Jingting hummed in a cold voice, stood up and walked towards the door.

Rong Shu slung the bag on her shoulders and followed behind.

In the car, neither of them spoke, only the sound of shallow breathing was quiet.

The repressed silence between the two was not broken until the police station arrived.

"Just stay in the car, don't get out." Rong Shu said to the co-pilot, who was also unbuckling the seatbelt, "There are reporters outside, and your bodyguards didn't come. After you get off, you must be sure You will be surrounded by reporters, and you will be recognized by then."

Fu Jingting listened to her words, paused for a moment, and then looked out.

Sure enough, there were reporters outside the gate of the police station, but not many, only five or six.

After all, it is outside the gate of the police station. If there are too many reporters, they will be expelled.

But these five or six are not something she can stop.

If these reporters bump into her when they are excited, they will be in trouble.

Thinking about it, Fu Jingting took out his mobile phone and sent a message out.

After a few seconds, his phone vibrated.

Fu Jingting looked down, then turned to look at Rong Shu in the driver's seat, "Wait a moment, the captain of the bodyguard who escorted the person who threw the sulfuric acid was already at the police station. I just sent him a message to pick you up. With him by your side to protect you, these reporters won't be able to get close to you." In

this way, he felt more at ease.

Rong Shu's red lips moved, just about to say something.

The car window on Fu Jingting's side was knocked twice.

Fu Jingting rolled down the car window, and the captain of the bodyguard bent down, "President Fu."

"You protect Vice President Rong, don't let her get hurt." Fu Jingting looked at the captain of the bodyguard and said in a serious tone.

The captain of the bodyguard nodded seriously, "Don't worry, President Fu, I will protect Vice President Rong."

Fu Jingting nodded slightly.

The captain of the bodyguard went around the front of the car, walked to the co-pilot's door, opened the door, and made a gesture of invitation to Rong Shu, "Miss Rong, please."

Rong Shu saw his move, and his refusal was completely blocked. Throat, can't speak.

Finally, she sighed insignificantly, said thank you, and got out of the car.

The appearance of Rong Shu really made the reporters visibly excited.

But seeing the tall and muscular bodyguard captain beside her, these reporters dared not go forward.

Because they saw how the captain of the bodyguard beat up the person who threw sulfuric acid before.

In this way, Rong Shu successfully entered the police station under the protection of the captain of the bodyguard.

If it were her alone, the group of reporters would definitely haunt her.

After entering the police station hall, a police officer took Rong Shu to make an investigation record.

During the process, Rong Shu took out all her bank card information, mobile phone information, etc., to prove that she had not attacked Gu Manyin.

After all, finding someone to attack Gu Manyin would definitely cost money and contact him.

The police station can completely verify from these two points whether she is innocent.

About half an hour later, the police station retrieved all of Rong Shu's bank card information, as well as the information of all contacts in her mobile phone, and found that it was indeed clean.

Therefore, the police station actually almost believed that Rong Shu was innocent, but they believed that they could not directly decide the case. They also needed to send someone to the hospital to ask Gu Manyin some questions to see if there was any misunderstanding.

"That's all for today's problems. Thank you Miss Rong for your cooperation." The police officer who took the transcript stood up and extended his hand to Rong Shu.

Rong Shu smiled and held it up, "It's nothing, it's for myself, it should be, but the person who threw sulfuric acid at me just sent over..." The

police officer knew what she was going to ask, put on his police cap and replied, "I'm doing it right now. The interrogation in the interrogation room next door, I believe there will be results soon."

"Okay, I understand, thank you." Rong Shu nodded and smiled.

Afterwards, she went to the police station lobby and found a seat to sit down and wait for the result of that person's interrogation.

The captain of the bodyguard came over with a bag in his hand, "Miss Rong, it's noon now. This is the snacks and milk that President Fu asked me to bring you. Let you eat some pads first."

Rong Shu Looking at the bag in front of him, he didn't pick it up.

The captain of the bodyguard was not in a hurry, and added, "In addition, President Fu also said that if Miss Rong eats these, she can get her first favor, such as helping you suppress online news."

Rong Shu raised her eyebrows, "He really said that. ?"

"Yes." The captain of the bodyguard nodded.

Rong Shu was a little happy.

She only heard that people give things and let others help.

I've never heard of it, giving someone something, but it's still a favor for that person.

"Miss Rong, just accept it." The bodyguard couldn't help but persuaded Rong Shu when he didn't answer.

Rong Shu touched her stomach, she was indeed a little hungry, and she could change her favor once, so don't be in vain.

With that in mind, she reached out and took the bag.

The captain of the bodyguard breathed a sigh of relief, "Miss Rong, take it easy."

"Thank you, President Fu for me." Rong Shu looked at him and said.

The captain of the bodyguard replied, "Don't worry, I will."

After that, he went out and returned to his life.

In the car, Fu Jingting saw the captain of the bodyguard coming empty-handed from a distance, knowing that Rong Shu had accepted the snack, and his tense face slowly relaxed.

She got it!

"Mr. Fu." The bodyguard came to the front of the car.

Fu Jingting raised his hand, "I know what you're going to say, she just takes it."

"Yes." The captain of the bodyguard swallowed what he was going to say.

Fu Jingting looked at his watch, "How long will she be out?"

"It may be a while, the person who threw sulfuric acid is still conducting interrogation and investigation, not so fast." The bodyguard replied.

That person deliberately threw such a dangerous thing at Miss Rong, it was intentional homicide, and it was already a criminal case.

Naturally, it is impossible to be like Miss Rong, who can leave after asking a few questions.

Fu Jingting also knew this. He rubbed his temples and stopped asking, "Go back to the police station. You can do whatever Rong Shu needs."

"Yes." The bodyguard replied.

At the police station, Rong Shu ate a red velvet cake, and after drinking a bottle of milk, her stomach was almost full.

She wiped her hands and got up, trying to throw away the trash.

When the captain of the bodyguard saw it, he immediately grabbed the garbage, "Miss Rong, just sit and rest, I can do this kind of thing."

"..." Rong Shu's mouth twitched, looking at him speechlessly.

Well, you don't have to guess to know, this must have been ordered by Fu Jingting!

Forget it, just throw a piece of garbage, he can go as soon as he wants to.

Rong Shu shrugged and sat back down.

Suddenly, the phone rang.

Rong Shu opened her bag and saw the word Xiaochuan being constantly provoked on the screen. She understood that Xiaochuan knew what happened today.

"Hello, Xiaochuan." Rong Shu answered the phone.

On the other end of the phone, Li Chuan was sitting alone in the huge dressing room. The delicate makeup on his face could not hide his gloomy and cold expression, "Sister, are you alright?"
