Chapter 301 Gu Manyin's Admirer

He didn't expect that he just went to the forest to shoot a group of magazines. After he got out of the forest and got a signal, a lot of news about my sister popped up on the phone.

That woman, Gu Manyin, dared to frame her sister for harming her, and smeared her reputation on the Internet.

There are also those reporters, netizens, and those who throw acid, he will not let go!

Listening to the forbearance of anger in Li Chuan's voice, Rong Shu knew what had happened to her, which made the always gentle young man angry, and quickly replied, "Don't worry, Xiaochuan, I'm fine."

"Really okay? That sulfuric acid. "..."

"The sulfuric acid didn't splash on me. Many reporters saw it at that time. There should be a video on the Internet. You can watch the video. I really wasn't injured." Rong Shu shook her head and said.

Li Chuan lowered his eyelids, "I know, I saw it, but I'm still worried."

"Relax now?" Rong Shu chuckled.

Li Chuan snorted, "Don't worry, sister, you'll be fine, leave the next thing to me, and I'll take care of it."

"Ah?" Rong Shu was a little confused, "What do you mean, Xiaochuan, what do you want to do?"

Li Chuan squinted and smiled, and replied with a smile that didn't reach the bottom of his eyes, "Sister, you will know soon. In short, I will make all those who treat you badly pay the price!"

After that, he hung up the phone directly. .

"Xiaochuan? Xiaochuan?" Rong Shu shouted twice, and seeing that there was no response on the phone, she hurriedly took her mobile phone to take a look.

Seeing that the mobile phone interface is the main menu, she suddenly understood that he had already hung up the phone, "This kid..." For some reason

, Rong Shu felt a little uneasy in her heart. Something big is going to happen down there.

I hope she doesn't think too much.

"What are you thinking about, frowning?" Fu Jingting's deep voice came from his ear, mixed with a concerned voice.

Rong Shu turned down the phone, "It's nothing, how did you get in? Those reporters..."

"They have been expelled by the police station." Fu Jingting sat down beside her.

"What did you ask the police station to do?" Rong Shu looked sideways at him, "Before those reporters stayed outside for so long, the police station didn't chase them away, and now it's unlikely that they will be chased away unless someone intervenes. Seeing

that she had guessed the truth so quickly, Fu Jingting chuckled, "It's me, you've been in there for so long, I'm worried about you and don't want to wait in the car, so I asked the police station to drive those reporters away. But this is only one of the reasons."

Rong Shu frowned, "Is there another reason?"

Fu Jingting nodded, "Grandma just called."

Rong Shu's back straightened, "What did grandma say?"

"What happened today? My grandmother also knows, she is very worried about you, so she called you specially, but you didn't get through, so she called me and asked me about your situation." Fu Jingting folded his legs gracefully.

Rong Shu smiled tenderly, "She's worried about her old age, but how did she know you were with me?"

"On the video on the Internet, she recognized that it was me who rescued you." Fu Jingting replied.

Rong Shu raised her chin suddenly, "So that's the case."

Others might not recognize Fu Jingting, but it's impossible for the old lady who is her grandmother not to recognize her.

"I see. Thank you for my grandmother's concern. I'll visit her in the old house in a few days." Rong Shu rubbed her eyebrows and said.

Fu Jingting replied, "Okay, I'll pick you up when the time comes."

“No, it’s not that I don’t know where the Fu family’s old house is. I’ll just go there myself. What’s the matter with you picking me up?” Rong Shu lowered her eyes. Quietly.

Fu Jingting pursed his thin lips and said nothing.

He knew that she just didn’t want to go with him.

The two were speechless again and fell silent.

After a while, a police officer came over, “Miss Rong, the results of the interrogation of the person who threw sulfuric acid at you have come out!” Hearing

this, Rong Shu immediately stood up.

Fu Jingting also got up, “What was the result? Was it bribed? Or is it just a grudge against Rong Shu!”

It happened that these two questions were what Rong Shu wanted to know the most. He kept his eyes on the police officer and waited. Policeman’s answer.

The police officer shook his head, “No, this person was not bought, and he has no grudge against Miss Rong.”

“Then why did he do this?” Rong Shu’s beautiful eyebrows were tightly knitted.

When Fu Jingting saw it, he wanted to stretch out his hand to soothe her, but he thought she would avoid it, so he finally gave up. He just persuaded softly, “Don’t frown, it’s not good-looking.”

Rong Shu squinted at him, only to think that he was inexplicable.

Whether she frowned or not, she didn’t care.

What does he care about?

Ignoring Fu Jingting, Rong Shu turned her gaze back to the police officer.

The police officer straightened the police cap on his head and replied, “This person is Li Fan, Gu Manyin’s high school classmate and Gu Manyin’s admirer, and his family is in the chemical business, so he can only get things like sulfuric acid. .”

“So it is.” Rong Shu pursed her red lips.

She just said, sulfuric acid is a contraband, how can ordinary people get it.

It was because of the family.

Fu Jingting said with a gloomy expression, "That person came to seek revenge from Rong Shu because he watched Gu Manyin's news and live broadcasts?"

"Not all, it was mainly Gu Manyin's phone call," the police officer said.

Rong Shu clenched her palms and said at the same time as Fu Jingting, "What phone number?"

"According to Li Fan's account, Li Fan said that Gu Manyin had called him before the live broadcast. On the phone, Gu Manyin cried about what happened to him, saying that it was very painful and that he wanted to die. Gu Manyin told her not to be impulsive, but Gu Manyin said that she didn't want to be impulsive either, but when she saw that her enemy was still alive, she couldn't calm down."

"Then, Li Fan came to me with sulfuric acid?" Rong Shu asked through gritted teeth.

The police officer nodded, "Yes, that's about it."

"Gu Manyin is already deliberately inciting a crime, right?" Fu Jingting said suddenly.

The police officer nodded again, "Yes."

Rong Shu bit her lower lip tightly, trembling with anger.

What a trick to use a knife to kill!

Gu Manyin not only smeared her online and framed her, but also used her admirers to deal with her. The two-pronged approach was really very clever.

"Based on this, can Gu Manyin be arrested?" Rong Shu looked at the police officer and asked very urgently.

The police officer shook his head, "Not for the time being. At present, we only know that Gu Manyin may have wronged you, Miss Rong, and her instigation to Li Fan, but this does not constitute an arrest condition."

Rong Shu's face sank.

It does not constitute a condition for arresting Gu Manyin. It seems that legal means cannot be used to deal with Gu Manyin for the time being.

However, she still admired Gu Manyin. Every time Gu Manyin did something wrong, he would hide behind his back and use others to make a move. Gu Manyin himself was always clean, and no evidence could be captured.

Such a smart head, unfortunately not used on the right path.

Rong Shu narrowed her eyes, and then asked, "By the way, that Li Fan, can I see him?"

"No, Li Fan has been officially ordered to be held in the detention center, so no one can see him except lawyers. , even the victim can't, but you can wait until the court session." The police explained.

Rong Shu squeezed the corners of her mouth, "I see, thank you, then I'll leave first."

"Okay." The police officer nodded.

Rong Shu glanced at Fu Jingting, and the two left the police station.

Chapter 302 Killing two birds with one stone

At the same time, in the hospital, Gu Manyin was also making investigation records. Two police officers, a man and a woman, were sitting by her bedside and asking her questions.

"Miss Gu, I'm just checking, you really think that Miss Rong found someone to do it to you, right?" The male police officer looked at Gu Manyin with deep eyes.

Next to it, the female police officer was recording with a tape recorder.

Gu Manyin nodded affirmatively, "Of course!"

"If it turns out that it is not Miss Rong in the end, Miss Gu, your actions will become a false accusation and damage the reputation of others. You will be legally responsible and compensate for the mental damage. Miss Gu, you are sure. Is it?" The male police officer deliberately emphasized his tone and said seriously.

When Gu Manyin heard the word "legal responsibility", her heart froze for a while, and she suddenly remembered what she saw on the live broadcast before. Rong Shu said that she would be able to produce evidence at night to prove that she did not harm her.

She is very worried that Rong Shu can really show it. She has asked her lawyer that once Rong Shu can really show evidence to prove her innocence, then she will constitute a crime of false accusation, and she will be imprisoned for a maximum of three years.

At first, she planned this because she felt that Rong Shu had no evidence and could not come up with it, but now, she is a little unsure.

But she has come this far, and there is no way out, she can only bite the bullet and continue to go on, betting this, Du Rongshu just said that on purpose.

Thinking about it, Gu Manyin restrained her uneasiness and nodded with a smile, "Yes."

“Okay, I see.” The male police officer stood up, ready to leave.

Just then, the policewoman’s cell phone rang.

She took a look at it and handed it to the male police officer, “Captain, it’s from the bureau.” The

male police officer took the phone and answered.

Two minutes later, he frowned and looked at Gu Manyin strangely.

Gu Manyin was a little flustered when he saw it, but she quickly calmed down and pretended that nothing happened.

“Understood, let me ask.” After the male police officer finished speaking, he put down the phone and returned it to the female police officer.

“Miss Gu.” The male police officer looked at Gu Manyin, “Li Fan, do you know him?”

Hearing the name, Gu Manyin’s expression changed slightly.

Upon seeing this, the male policeman knew the answer immediately.

He pushed his glasses, “Looks like you know Li Fan who threw sulfuric acid at Miss Rong and has been detained. According to his confession, he will attack Miss Rong because of your phone call, and that phone call The purpose of your provocation is very obvious, do you agree with this statement?”

Gu Manyin’s heart thumped, as if it was about to jump out of her throat, her hands and feet were cold.

She half-drooped her eyelids, not daring to meet the male policeman’s sharp eyes, “Of course I don’t recognize it. I did call him, but I don’t think I was instigating him to attack Rong Shu.”

“But according to In our investigation, you hate Li Fan very much. After graduating from high school, you never contacted him. Today, you suddenly contacted him and said something meaningful to him. How do you explain it?” The male policeman squinted at her. .

Gu Manyin suddenly covered her face and cried, “I don’t want it either, such a terrible thing happened to me, my fiancé broke the engagement with me, my parents found my sister, and they are busy raising my sister. Emotions, I have become a helpless person. I desperately want to talk to people, but I can’t find anyone. At this time, Li Fan cared about me in the group, so I called him to communicate. , but...”

“But what?” The policeman stared at her.

Gu Manyin burst into tears, “But I didn’t instigate him, I just told him my current mood and thoughts. If you were me and something like this happened to you, you wouldn’t hate the person who hurt you. Are you going to die?”

“Of course.” The male policeman thought for two seconds, then nodded and replied.

Gu Manyin’s eyes flashed brightly, and she said, “Since you understand my mood, why do you say that I instigated Li Fan to attack Rong Shu, I just said that I am very Rong Shu, and I don’t want to see Rong Shu, But I didn’t let Li Fan start, because Li Fan himself misunderstood what I meant, and it has nothing to do with me.”

“What you said makes sense, since that’s the case, then I’ll go back to the bureau to discuss with the above, and you have a good rest.

” After falling, the male policeman greeted the female policeman and left Gu Manyin’s ward.

In the elevator, the female policeman handed the recording pen to the male policeman, “Captain, Gu Manyin is clearly abetting others to commit crimes, yet he refuses to admit it.”

“Yes, she is abetting Li Fan, and Team Lin was on the phone just now. Tell me, after Gu Manyin’s accident, Li Fan approached Gu Manyin several times and wanted Gu Manyin to marry him. He also said that Gu Manyin was dirty and her shoes were broken. Besides him, who would want to marry her? Therefore, Gu Manyin has a grudge against Li Fan.” The male police officer said.

The policewoman’s eyes widened, “Captain, what do you mean, Gu Manyin deliberately instigated Li Fan to let Li Fan deal with Rong Shu. In this way, while Rong Shu suffers, Li Fan will also go to prison, killing two birds with one stone!”

“No ! Wrong, that’s what it means.” The male policeman nodded.

The policewoman gasped, “God, her mind is too meticulous, it’s terrifying.”

“Yes, and her psychological quality is very strong. I just asked her if she had instigated Li Fan, and she just panicked. I adjusted my mentality, and then used my tears to muddle my problem, and it was very reasonable.” The male policeman’s face was very serious.

The policewoman sighed, “This is her strength, we all know that she is instigating Li Fan, but what she said to Li Fan on the phone really doesn’t seem like she is instigating, not wanting to instigate... If Miss Rong can’t produce evidence tonight to prove her innocence, then Miss Rong will take the blame!”

“Yes.” The male policeman nodded, “I hope Miss Rong can produce evidence, if not If you go out, you can only catch those six men.”

“But there are ten men near Beibin Road .All the surveillance in this place has been destroyed by the virus. We don’t even have the basic information of the six people. If we want to arrest it, it will be even more difficult. Otherwise, it will not be delayed until now. The female policeman sighed. The

male policeman pressed the brim of his hat and did not speak.

...

Downstairs of the Fu Group.

Rong Shu parked the car, then unbuckled the seat belt and got off.

Fu Jingting also pushed the door and got out of the car.

Rong Shu walked around . He walked across the front of the car and came to him, “Thank you today, this is your car key. “

“You drive back, it’s too troublesome to take a taxi.” “Fu Jingting looked at the car key, but didn’t answer it.

Rong Shu thought about it, too, and put her hand down, “Then I’ll have someone drive over tomorrow.” “

Fu Jingting hummed.

“Then I’ll go first.” “

Fu Jingting hummed again.

Rong Shu turned around, returned to the driver’s seat, and backed away.

Fu Jingting stood where she was, watching her go away until she couldn’t see it, and then she reluctantly retracted her gaze and walked towards the gate

. When Tiansheng arrived, Secretary Tong immediately came to Rong Shu’s office, “Mr. Rong, the delisting approval has come down, and now Tiansheng has withdrawn from the stock market.

She handed a document to Rong Shu. Rong

Shu took it and looked at it, “Okay, you will notify the public relations department later to send the news. “

Withdrawing from the stock market means that from this moment on, Tiansheng will no longer be a listed company. It

is not a listed company. If there are any scandals in the future, Tiansheng will not have the problem of stock ups and downs. As for ordinary people boycotting Tiansheng Sheng's products...

Rong Shu smiled, Tiansheng's main industry is large-scale machinery, and these machinery are not sold to ordinary people, so she doesn't worry about sales at all.

"Okay, Mr. Rong." Secretary Tong nodded.

Rong Shu closed the document and put it aside, "In addition, there is one more thing."

Chapter 303 The Netizen Who Was Retributed

"President Rong, please speak." Secretary Tong looked at her.

Rong Shu rubbed her brows, "Has the monitoring of the parking lot been sent to the police station?"

Secretary Tong nodded, "Although the traffic was delayed for a while, it has already been delivered."

Rong Shu hummed, "Then It's good, you go down first."

"Okay." Secretary Tong responded with a smile, then turned and walked towards the door.

As soon as he reached the door, before it was opened, the door was pushed open from the outside.

Lu Qi walked in hurriedly and bumped into Secretary Tong.

"Ah!" Secretary Tong's center of gravity was unstable, he stepped back on high heels and almost fell.

Fortunately, Lu Qi's eyes and hands were quick, so he grabbed her wrist in time and pulled her back.

"I'm sorry, I didn't mean to. Are you okay?" Lu Qi apologized to Secretary Tong embarrassedly.

Secretary Tong looked at his hand clutching his wrist, a glint of joy flashed in his eyes, and soon disappeared again, shaking his head, "I'm fine, Mr. Lu."

"It's fine." Lu Qi breathed a sigh of relief, then let go of her, Go towards Rong Shu.

Secretary Tong looked at his back, his eyes dimmed for a moment, he lowered his head, raised his feet and went out.

At the moment when the door was closed, Secretary Tong heard Lu Qi's voice, "Baby, I'm here."

Rong Shu rolled his eyes at him, "Come as soon as you come, what are you doing in such a hurry, and you bumped Tong Xi."

Lu Qi smiled, "I'm in a hurry to see you."

Before, he said on the phone that he would go to the police station to find her, but then there was a delay, and the police station didn't make it, so he drove here directly.

"What's the matter?" Rong Shu pointed to the opposite side and motioned for Lu Qi to sit down.

Lu Qi pulled out his chair and sat down, "Good thing, guess what's going on online now?"

Hearing this, Rong Shu frowned, "Is it possible, what did Gu Manyin say to make the turmoil even worse?"

"No." Lu Qi quickly waved his hand, "I said it was a good thing, How could it be that Gu Manyin did something?"

Rong Shu became interested, her back straightened a bit, "Oh? What is that?"

Lu Qi raised his eyebrows and smiled at her, "It was those netizens who scolded you before, and The marketing account and some media who stood on Gu Manyin's side and helped her convict you have been retributed!"

"What?" Rong Shu's eyes widened, "Retributed? What's the retribution?"

Lu Qizai His fists were clenched, his face full of excitement, "Those netizens have all been stripped of their vests and exposed real information. Of course, the most important thing is that some of the shameful things they have done have also been exposed. Now all over the world Everyone knows it, and they probably won't be ashamed to meet people in the future."

"Oh?" Rong Shu squinted, "What about marketing accounts and media?"

“They.” Lu Qi sneered contemptuously, “They are similar, those Marketing accounts and media are all profit-seeking people. As long as you give them money, they don’t care whether the news is true or not, whether there is a secret or not, and how to attract people’s attention. Many innocent lives have been killed, and now all the unconscionable things they have done have been exposed on the Internet, and the Internet police have started a thorough investigation.”

have to say, this time Li Chuan made a big deal and directly put the Internet on the Internet. This layer of fig leaf was torn off, exposing the darkness hidden behind the Internet to the public, making the entire Internet a mess.

Therefore, now the Internet police will definitely arrest Li Chuan with all their strength. I hope that Li Chuan is skilled enough that the Internet police will not catch him.

After listening to Lu Qi’s words, Rong Shu faintly noticed something in her heart, and her red lips pursed, “How can you be sure that these netizens’ marketing accounts and media that were exposed were all targeted at me at the beginning? You know, there is also a lot of entertainment today. The people in the circle collapsed...”

“There is it on the Internet.” Lu Qi sat up straight and replied, “In the back of the information of these people, there are remarks that scolded you.”

“Yes, let me see.” Rong Shu frowned and turned on the computer.

Sure enough, as Lu Qi said, there is a lot of trouble on the Internet. Many netizens’ marketing accounts and media have been exposed to real information, as well as all the bad things they have done since childhood.

The netizens are okay, they all do some stealing, such as peeking at the widow’s bath, or stealing the neighbor’s chicken, or school violence and so on.

Although these things won’t make them punished by law, it’s embarrassing and they will die, because as long as everyone who sees them in the future will laugh at them, they will have to be careful when they go out in the future.

And the marketing accounts and the media are serious. Tax evasion and tax evasion are relatively small and bigger, and they are even enough to put them in jail!

But this is not what Rong Shu cares about most, what she cares most about is who is the person who exposed these people!

Thinking of Fu Jingting’s words and Li Chuan’s words before.

Rong Shu’s eyes flashed, could it be the two of them?

Both of them have said that they will not let go of these netizens' marketing accounts and media, so the possibility of them is extremely high.

I just don't know who is between them.

Fu Group.

After Fu Jingting had finished processing the documents, he called Assistant Zhang in, "Is the list of netizens that you asked you to sort out before?"

"It's sorted out, but Mr. Fu, I don't think we need to take action. Those netizens, including some marketing The number and the media, someone has already taken the shot." Assistant Zhang replied from the opposite side of Fu Jingting's desk.

Fu Jingting's face changed slightly, "Someone shot first? Who?"

"I don't know." Assistant Zhang shook his head and replied with a serious expression, "But that person was able to check hundreds of thousands of people so clearly in a very short period of time. , it shows the high level of hacking technology, and according to what we know in the past, there is only one hacker hiding in the dark to protect Miss Rong."

"Fox man!" Fu Jingting squinted and spit out three words.

Assistant Zhang nodded, "That's right, so I think the hacker who shot this time should be the fox man."

Fu Jingting pursed his thin lips and did not speak, and his slender fingers tapped lightly on the table, making people invisible What are you thinking at the moment.

He was thinking, who is that fox man, why has he been hiding in the dark and refused to show up, and what does it have to do with Rong Shu?

Fu Jingting frowned, feeling very uncomfortable.

But the most uncomfortable thing is that this time the fox man took action so quickly, grabbed him before him, and cleaned up those people on the Internet.

"President Fu." Assistant Zhang called out to Fu Jingting.

Fu Jingting's eyes flickered slightly, and he collected his thoughts and came back to his senses, "What's the matter?"

"Your phone is ringing, Miss Rong is calling." Assistant Zhang pointed to his cell phone.

Fu Jingting looked down and saw that it was Rong Shu's phone call, but he just processed the documents and muted the phone, so he didn't hear it.

Fu Jingting's eyebrows softened, and he picked up the phone to answer, "Hello, Rong Shu."

Assistant Zhang couldn't help rolling his eyes when he heard his gentle Rong Shu.

People who love are amazing!

Woohoo, it's really amazing, he has lived for 30 years, and he doesn't even have anyone he likes, alas...

Assistant Zhang sighed with a wry smile.

On the other end of the phone, Rong Shu looked at the computer screen, "Mr. Fu, did you do the Internet?"

When Fu Jingting heard this, he immediately understood what she was referring to, and shook his head slightly, "It's not me.

" The fox man didn't tell her.

The fox man can do so many things for Rong Shu, and he obviously has that kind of thoughts towards Rong Shu. In this case, the fox man can tell Rong Shu in exchange for his gratitude and move Rong Shu, but the fox man did not do so. .

why is that?

Chapter 304 Xiaochuan is a fox man

Rong Shu didn't know what Fu Jingting was thinking. She opened her eyes in surprise, "What? Not you?"

Fu Jingting hummed.

Rong Shu clenched the phone in his hand.

It's not Fu Jingting, it's Xiaochuan!

How could Xiaochuan have such a skill? In such a short period of time, he has carefully checked the details of these netizens' marketing accounts and media!

Thinking of this, Rong Shu suddenly remembered what Fu Jingting said to her before.

Fu Jingting said that Li Chuan was not easy, so let her be more careful.

At the time, her reaction was sneer, but now, she found that she was wrong.

Xiaochuan, it's really not as simple as she thought.

"Rong Shu, what's the matter with you?" Seeing that Rong Shu was silent, Fu Jingting was a little worried about her.

Rong Shu came back to her senses and pinched the bridge of her nose, "It's okay, since it's not President Fu, I'll hang up first."

After speaking, she took the phone from her ear and hung up directly.

Fu Jingting frowned.

He wanted to say a few more words to her, but he didn't expect her to hang up so soon.

With a gloomy face, Fu Jingting raised his head and looked at Assistant Zhang, "What else do you have to do?"

"It's okay, Mr. Fu, I'm going out first." Assistant Zhang pushed his glasses.

Fu Jingting waved his hand and agreed.

Assistant Zhang turned around, another big white eye.

Really, after eating deflated at Miss Rong's place, turning her head and venting her anger on him, this kind of boss is really enough!

If it weren't for the tenths of a percent of the shares, he would not have served him long ago!

Tiansheng Group.

Lu Qi watched Rong Shu drop the phone on the table, his eyes flickered, and he asked quickly, "Why, not him?"

Rong Shu shook her head, "No, it's Xiao Chuan!"

Hearing this, Lu Qi stood up from his chair in shock, "How...how do you know it's Li Chuan's kid?" Could it be

that Fu Jingting knew the identity of Li Chuan's hacker ? ?

Rong Shu didn't know why he was so excited, so she glanced at him strangely and replied, "Of course Xiaochuan told me, he said he would clean up those people, and Fu Jingting also said it, so since it wasn't Fu Jingting who did it, then naturally Xiaochuan."

“So that’s the case.” Lu Qi breathed a sigh of relief and sat down again.

It turned out that the boy Li Chuan revealed it himself.

But isn’t that kid going to hide the baby?

Rong Shu didn’t notice Lu Qi’s strangeness, took a sip of water and said, “But Xiaochuan really surprised me, and he did such a thing quietly, so who do you think he learned this ability from?”

The ability to find out all the real information of the people behind the network is obviously a hacking technique.

And Xiaochuan checked so many people at once, which obviously shows that Xiaochuan’s hacking skills are not low.

“This...how do I know this?” Lu Qi quickly picked up the water glass and pretended to drink water.

Rong Shu rubbed his brows, “I found out that I don’t know Xiaochuan that well. My understanding of Xiaochuan was still when he was fifteen years old. Until now, I suddenly realized that he has already grown up. It ‘s become unpredictable.”

“What’s the matter, everyone has their own secrets, you just need to know that he won’t hurt you, and the rest is up to him.” Lu Qi shrugged and didn’t care. the way.

After his enlightenment, Rong Shu felt that it made sense, put down the water glass and turned back, “You are right, as long as Xiaochuan doesn’t mess around, so what if he has a secret.”

What’s more, what Li Chuan did was to help She is pissed.

Suddenly, the phone rang.

Rong Shu tilted her head and saw that the police station had called.

She quickly picked up the answer, “Hello.”

“Hello, Miss Rong, do you know about the exposure of the real information of many netizens on the Internet?” asked the police station.

Rong Shu nodded, “I know.”

“That’s good, then you should also know that this hacker is for you, right?” the police station asked again.

Rong Shu still nodded, "Yes."

"In this case, I hope Miss Rong can tell me the information about this hacker truthfully." The police station finally revealed the purpose of the call.

Rong Shu looked at Lu Qi.

Lu Qi immediately understood what he meant, shook his head at her, and motioned her not to say anything.

Rong Shu herself didn't plan to say anything. After taking a breath, she tried to calm herself down and make her voice sound natural, "Sorry officer, I don't know!"

"I don't know?" The police officer frowned.

Rong Shu replied, "Yes, I don't know who he is. He did help me twice, but he didn't show up each time. The only thing I know is that he likes to wear a fox mask."

She was also exposed on the Internet before . Once, a hacker helped her that time, and although she hadn't seen the hacker, the hacker had left a fox sign.

Later, Gu Manyin was kidnapped, and the one who kidnapped Gu Manyin was a hacker wearing a fox mask. At that time, Gu Yaotian suspected that it was the hacker she ordered, so he came to trouble her specially.

So now she is very sure that the fox male hacker is Xiaochuan. Xiaochuan has made a video with Gu Yaotian. Since he dares to wear a mask in the video, it shows that he is very confident. It should be no problem to tell the police this.

After all, it is impossible for her not to disclose it at all, otherwise it would be too suspicious.

"Fox mask?" The police station hurriedly recorded the clue, and then asked, "Miss Rong, is there anything else?"

"No, I really don't know this hacker. You can investigate my relationship and know that I didn't lie." Rong Shu replied.

If it wasn't for Xiaochuan to say it herself this time, she really didn't know that Xiaochuan was a fox man. From this, it can be seen that how deep Xiaochuan was hiding, I am afraid that he knew that he knew hacking skills, and there were not many people.

At the police station, they may not find out.

"Okay, I get it, we'll investigate. If Miss Rong thinks of other clues later, please notify us immediately." The police station said .

Rong Shu hummed, "I will." At the

end of the call, she put down the phone, let out a long sigh, and then looked at Lu Qi, "How? Can you hear me lying?"

"Not at all! Luo gave a thumbs up.

Rong Shu smiled, "That's good."

She really tried her best to lie for Xiaochuan's sake.

Fortunately, the results are good.

"But you have to tell him that the police are catching him." With a grunt, Rong Shu was about to call Li Chuan.

After all, the government will not allow such a powerful hacker to be at ease outside, and will only be forced to incorporate it.

Xiaochuan's favorite occupation is modeling, and he definitely doesn't want to be included.

"No, don't call." Lu Qi quickly held down Rong Shu's cell phone, and said seriously, "Although you are lying so people can't hear you, the police aren't fools, they definitely won't believe it, maybe they will. Contact the communication company to monitor your calls."

"This..." Rong Shu took a deep breath after being reminded by him, and realized that she had almost hurt Xiaochuan just now.

"Fortunately, you reminded me, Ah Qi." Rong Shu looked at him gratefully.

Lu Qi waved his hands and smiled, "It's a small matter, let me contact Li Chuan, and I'll tell him about it in other ways."

"Okay, please." Rong Shu nodded.

After that, Lu Qi compensated her for a while, and left.

The time soon came to evening.

In the first hospital, the red light in the operating room, which had been on for more than ten hours, finally went out.

Lin Tianchen returned to the consultation room wearily.

The nurse came to help him with dinner, "Dr. Lin, your dinner."

"Put it over there." Lin Tianchen replied lightly with his eyes closed.

The nurse put down the lunch box and was about to leave. She just walked to the door, remembered something, turned her head and said, "By the way, Dr. Lin, I came to your office during the day to get the materials, and I heard your phone rang for a long time. It was an angel named Angel. Someone called."

Chapter 305 Evidence Release

Lin Tianchen suddenly opened his eyes, his eyes flashed darkly, and then he opened the drawer and took out his mobile phone.

When the screen was lit, there were indeed several missed calls, from Gu Manyin, Li Chuan, and Rong Shu.

He directly ignored Gu Manyin's missed call and called Rong Shu.

Rong Shu just hasn't rested yet and is waiting for the time to call Lin Tianchen.

She thought about calling at eleven o'clock, and it was estimated that his phone was over by that time.

Unexpectedly, at half past ten, Lin Tianchen called over by himself.

Rong Shu looked at Lin Tianchen's three words jumping on the screen, her face was happy, and she answered quickly, "Your surgery is over?"

"Well, just finished." Lin Tianchen nodded, his voice was a little hoarse, and there was a trace of exhaustion. "What's the matter?"

Rong Shu heard it, and felt a little sorry for disturbing him so late.

However, in order to clear her grievances, she had to interrupt.

"It's something, you wait a moment, I'll call you on another phone." After that, she hung up the phone and called with an anonymous phone card that Tongxi helped to buy in the afternoon.

Aqi said that her mobile phone might be monitored by the police, just to find Xiaochuan, so she must be cautious.

Lin Tianchen raised his eyebrows suspiciously, "Why do you want to change the number?"

"I have some reasons that I can't say, but it's not important, the important thing is..." Rong Shu took a breath, and then told everything that happened during the day. come out.

After Lin Tianchen heard it, he squeezed the phone tightly, his face gloomy and terrifying.

How dare Gu Manyin do this!

It seems that she really does not want to live!

"I see, I'll post the evidence on the Internet in a moment to prove your innocence, you'll be fine, trust me!" Lin Tianchen said seriously with the reflection of his glasses.

Rong Shu nodded, "Okay, I believe you!"

At present, only he has evidence.

Therefore, she can only trust him.

"But don't use your account to post. The police will suspect that it was you who gave Gu Manyin a hand." Rong Shu thought for a while and reminded.

How should I put it, although she knew that Lin Tianchen was not a good person, she didn't want Lin Tianchen to go in.

After all, this time, Lin Tianchen dealt with Gu Manyin for her sake. Everyone has selfishness, and she also admitted that she is not an absolutely good person, so she doesn't want anything to happen to Lin Tianchen.

Listening to Rong Shu's suggestion to him, Lin Tianchen tickled his thin lips and responded in a gentle voice, "I know, I will find a small account to publish."

Sure enough, this is his angel, and he will consider it for him Angel.

He had a cold nature and lacked empathy for things since he was a child. For this reason, his parents regarded him as a monster, and other adults and children rejected him, and even pushed him into the pond in order to bully him. At that time, many adults saw it, but they did not. One was willing to save him, only she reached out and pulled him.

So from that moment on, he swore that he would protect her for the rest of his life, and that he would show those who regarded him as a monster. Even if he had no empathy and was a natural cold-blooded person, he would also have feelings for people.

It's just that he is very clear that his feelings for Rong Shu are not family, friendship, or love, but an emotion that he can't tell, but one day, he will know what this emotion is.

On the other end of the phone, Rong Shu hummed and hung up the phone when she heard that Lin Tianchen would use other evidence to announce it.

Lin Tianchen stared at the phone for a while, then called Li Chuan again.

Li Chuan answered quickly, "You finally showed up."

"Before in the operating room." Lin Tianchen took off his glasses and rubbed the bridge of his nose back.

"I know, otherwise I would have gone to the hospital to find you long ago. If you call me now, you should know what happened to my sister, right?" Li Chuan narrowed his eyes.

Lin Tianchen raised his chin, "I know, so I'm looking for you now, just to ask you to send those two videos."

"I see, you send it to me, and I'll arrange it." Li Chuan nodded.

This is what he was waiting for.

"Right now." Lin Tianchen cut off the phone, turned on the computer in front of him, clicked into an encrypted folder, and sent the only two video files in it to Li Chuan.

Then he thought about it and sent another copy to Rong Shu.

Rong Shu happened to be soaking in the Internet at this time, waiting for Lin Tianchen to send evidence, and suddenly saw the email sent by Lin Tianchen, and clicked in curiously.

Seeing that there were two videos in the email, she frowned suspiciously, then clicked on the video marked as one.

In the video, Gu Manyin appeared in a dark and narrow alley in a long red dress.

She stopped in the middle of the alley, looked left and right, and seemed to be looking for something. Maybe she couldn't find what she was looking for. She took it out and called someone, and then an angry voice sounded, "Hey, I didn't mean to pick up at the alley. Me? Where's yours?" In the

video, I couldn't hear what the person on the other end of Gu Manyin's phone was saying, but looking at Gu Manyin's calm face, she knew what the person on the other end said, which made her very satisfied.

Gu Manyin put down her phone, wrapped her arms, and smiled proudly, "Wait, Rong Shu, after today, the disgusting thing about you hanging out with six men will be known to the whole world, and then I can't lift my head up in my life, this is what happens when you go against me!"

As soon as her vicious words fell, a man appeared in the video, his face was mosaicked, and he couldn't see clearly, but his body was relatively tall. Tall, he walked towards Gu Manyin with his hands behind his back and a sack in his hands.

When the man approached Gu Manyin, Gu Manyin just opened his mouth and said a word when the man suddenly stabbed Gu Manyin unconscious, and put it in a sack .

The video ends abruptly.

Rong Shu narrowed her eyes, realizing that this was how Gu Manyin was taken away.

And during this process, Gu Manyin also revealed something important, that is, to tell everyone that the person who was going to be bullied by the six men was her Rong Shu, not Gu Manyin herself.

And Gu Manyin knew this clearly.

The corner of Rong Shu's mouth tickled sarcastically, and then clicked on the second video.

The video opened, and the scene inside changed. It was in a very dilapidated small room, and Gu Manyin was surrounded by six men.

In the video, Gu Manyin was full of fear, her face was covered with tears and snot, and she was screaming for the six men to let her go. She also said that the six men had made a mistake. She was not Rong Shu, but their employer. They were the ones who came to bully Rong Shu.

But the six men ignored her and ripped her clothes to shreds.

The video also ends here.

This video is much shorter than the first one, but much more informative.

Because in the video, Gu Manyin completely revealed that he was the mastermind behind this incident.

It seems that these two videos should be the evidence that Lin Tianchen was going to send out to clarify for her, Rong Shu thought.

As soon as these two videos came out, the sewage on her body would be washed immediately and returned to Gu Manyin.

And these two videos can completely convict Gu Manyin, plus Gu Manyin's false accusation.

Rong Shu ruffled her hair and was in a good mood. Then she picked up her phone and sent a text message to Lin Tianchen, thank you, I saw it.

Lin Tianchen's reply is very soon. You can make a statement on your social platform. I just checked it. Many netizens, media, and some officials are waiting for your evidence.

Rong Shu is typing with a smile, I know.

After all, she only said it during the day, and she would show evidence at night to prove her innocence, so it was normal for them to be waiting.

Chapter 306 The woman that netizens can't mess with

Put down the phone, Rong Shu opened her social platform on the computer, and then typed to thank everyone for your waiting. The emperor pays off. During the day, a hacker contacted me and said that he would help me release the evidence he found at night, and now the evidence will be released immediately , please stay tuned!

After checking the typos and confirming that it was correct, Rong Shu clicked Publish and posted the statement.

She originally planned to post these two videos by herself, but then canceled it, because Lin Tianchen would post it, and she would be superfluous to post it again.

However, she could explain that she was so sure that there would be evidence at night during the day, that the hacker contacted her very early.

And in this way, whether it is the police or others, they will regard Lin Tianchen's trumpet as Xiaochuan's account, and will not find Lin Tianchen's head. Even if the i-address of the account is found to be Lin Tianchen's, the police will He would only think that Lin Tianchen's computer was broiled by Xiaochuan on the spot, and Lin Tianchen would be fine.

As soon as Rong Shu's statement was posted, those who were waiting saw it immediately.

Netizens immediately became lively.

“Come here, the evidence is coming.”

“I thought she was just talking, but now it looks like it’s true.”

“Nonsense, of course it’s true, with the help of the great hacker behind it, naturally not It’s fake, but I’m so envious. I also hope that there is a hacker to help me secretly, so that I won’t be bullied.”

“Do you think that hacker has a crush on Rong Shu? , I directly knocked down a group of keyboard warriors, and by the way, I also helped the country to find a lot of worms. Now everyone is smiling on the Internet. She is the woman that netizens can’t provoke the most, otherwise there will be no underpants that will be overturned by the hacker god. .”

Looking at these comments, Rong Shu could not laugh or cry.

The most insufferable woman?

What is this all about? It’s more funny than Ogawa’s secret crush on her.

But that’s fine. In the future, those netizens who are talking about her will have to weigh it a bit.

In Fu Mansion, Fu Jingting was sitting in the study, also watching Rong Shu’s movements, frowned slightly, then picked up the phone to make a call.

Seeing it was him, Rong Shu remembered how he helped her during the day, so she didn’t refuse to listen, she put the phone to her ear, “Mr. Fu!”

“Is it reliable?” Fu Jingting asked.

Rong Shu blinked, “What is Mr. Fu referring to?”

“The evidence that the fox man will release later.” Fu Jingting asked.

Rong Shu nodded, “Reliable, I’ve seen it. It’s two surveillance videos with Gu

Manyin’s own confession of the crime.” Hearing this, Fu Jingting felt relieved, “That’s good.”

At this time, Rong Shu’s phone vibrated again.

She took it and glanced at it, then said to Fu Jingting, “Mr. Fu, I won’t tell you first, I’m calling again, so I’ll hang up first.”

After that, she hung up Fu Jingting’s phone without hesitation.

Fu Jingting's thin lips pursed into a straight line, and his face was very ugly.

Who the hell is calling her at this time?

The call was from Lu Qi, and it was also about asking Rong Shu about the hacker's release of evidence.

Rong Shu simply said a few words to him and ended the call.

But soon, Cheng Huai's phone also called, also concerned about her.

Rong Shu felt warm when these friends called one by one to offer condolences.

She suddenly felt that as long as they had their backs to support her, she wanted to persevere no matter what the difficulties.

The only one who couldn't hold on was Gu Manyin alone.

Gu Manyin was also paying attention to Rong Shu. Looking at Rong Shu's movements, she was so panicked that she bit her lower lip with her teeth and bit her lip.

Rong Shu dares to publish such content, which is enough to show that Rong Shu really has evidence.

Although the evidence has not been released yet, once it is released, she is finished.

Gu Yaotian and his wife are arguing outside the ward just because they know this.

Mrs. Gu cried and asked Gu Yaotian to find a way to save Gu Manyin, but when Gu Yaotian couldn't think of a way, the couple started quarreling.

Gu Manqing pushed open the door of the ward and came in. Gu Manyin saw her with a gloomy face, "What are you doing here, get out!"

Gu Manqing closed the door, "It was my mother who let me in, she thinks you must be very angry at the moment. It's uncomfortable, so let me come in and accompany you."

"Who wants you to accompany you, get out!" Gu Manyin pointed to the door.

Gu Manqing continued walking as if she hadn't heard it, and stopped in front of her hospital bed, "I don't want to accompany you either, but I had to listen to what my mother said, so I had to come in and pretend, but now I suddenly feel that I It's right to come in, after all, seeing you in such a panic, I'm not in a good mood."

"You...you..." Gu Manyin looked like a changed person, Gu Manyin was dumbfounded. , pointed at her for a while before making a voice, "This is the real you, isn't it? You pretended to be cowardly and timid before!"

In fact, from the beginning, Gu Manyin knew that Gu Manqing was pretending to be weak. Pretend to be pitiful to win the favor of your parents.

But she felt that even if Gu Manqing pretended to be, but Gu Manqing's true character was almost like that.

But now she realizes that she is wrong, wrong.

A gloomy smile appeared on Gu Manqing's sallow face, "You're right, I did pretend, and what you see now is the real me."

Half a month ago, Cheng Huai's people went to the countryside to look for Gu Manqing's stand-in. She was hunting hogweed in the field, and she happened to hear Cheng Huai's people talking about it, and then she knew that she had a chance . .

She lived in a patriarchal family since she was a child. She couldn't get enough food and clothing every day, and she also had endless beatings. She dreamed of leaving that terrible home, but she didn't have a degree or an ID card. Controlled by those disgusting parents, she couldn't go.

So she thought of a way to pretend to be the most pitiful, cowardly and timid, so that she looked the best in control. In this case, coupled with her own eyes, she had a better chance of being selected. , she was chosen as she wished, and when she came to Gu's house, she realized how correct her decision was at that time.

She has parents who love her, enjoys endless wealth and wealth, and can learn more skills. She has obtained things that she never dared to dream of before. However, in this seemingly beautiful situation, there is a not beautiful situation. The existence of this is this sister.

This little sister wants to drive her away, why doesn't she want to drive this little sister away!

Just thinking about it, Gu Manyin suddenly pushed Gu Manqing, "Okay, you admit it, admit that you are pretending, I want to tell my parents! Let my parents see your true colors.

" Mom?" Gu Manqing staggered a step after being pushed by her, and after stabilizing her figure, she replied disdainfully, "Then go, look at my parents who believe in you and still believe in me, although I've been back for a short time, but I'm about the same. Knowing you, you are a liar who is full of lies. Parents will not believe your nonsense at all. They will only think that you are wronging me, and then dote on me even more."

“You...” Gu Manyin’s eyes widened, speechless.

Yes, now my parents are full of Gu Manqing in their hearts, and they hurt Gu Manqing like eyeballs, how could they believe that she said that Gu Manqing was pretending to be pitiful?

Gu Manyin stared at Gu Manqing with a distorted face, “Even if my parents won’t believe what I said, one day, I will let my parents see with their own eyes what kind of person you are.”

“Then you probably won’t have this chance.” Gu Manqing shrugged and sneered.

Chapter 307 Gu Manyin was arrested

“What do you mean?” Gu Manyin’s heart skipped a beat, and a huge sense of unease rose.

Gu Manqing took out the new phone that Mrs. Gu bought her and shook it, “Before I came in, I saw the hacker who helped Miss Rong and posted the evidence that you framed Miss Rong. It’s two videos, the videos are really interesting. , but you admitted it yourself inside that the one who really wanted those six men to bully was Miss Rong.”

“What?” Gu Manyin’s face changed greatly, her hands and feet were cold.

“Give me your phone!” She grabbed Gu Manqing’s phone.

Gu Manqing didn’t stop her, and looked at her with a half-smile.

Gu Manyin held the phone tightly with both hands and watched the video of Gu Manqing talking.

Seeing the content of the two videos, her mind banged like a thunderbolt, which made her dazed and her mind went blank.

“How... how could this be?” Gu Manyin released her hands, and the phone fell on the quilt with a clatter.

And she didn’t seem to feel it, her face was sluggish, her eyes were looking at the ground, there was only one thought in her mind, that was, she was exposed, she was finished!

Seeing Gu Manyin like this, Gu Manqing smiled and gloated, "Look, I'll say you don't have a chance, now everyone in the world knows that it wasn't Miss Rong who plotted against you and arranged for those six men to bully you, It's you who calculated Miss Rong, arranged for those six men to insult Miss Rong, plus your framed accusation against Miss Rong today, these two charges are enough for you to stay in for a few years."

Speaking of which, she seemed to remember What, I poked my ears with my little finger, "By the way, many netizens on the Internet are at the Aite police station and asked the police station to come and arrest you, and the police station also replied that they are on their way, that is to say, you will immediately I'm going to be officially arrested, and if you count the time, it's almost time." As soon as

Gu Man's words fell, the door of the ward was opened.

The first people who came in were Gu Yaotian and his wife.

Gu Yaotian's face was very ugly, and Mrs. Gu was also crying, looking sad.

Behind them, several police officers in uniforms and handcuffs were quickly walking towards the hospital bed.

Gu Manqing swept away the arrogance just now, pointed to the police officer, then pointed to Gu Manyin, and pretended to be puzzled, "Mom and Dad, this is..."

"Manqing, come here." Madam Gu waved.

Gu Manqing responded, looked at Gu Manyin, and walked over three steps.

There were only a few police officers left by the hospital bed, led by the male police officer who came to ask questions during the day.

The man held the handcuffs and looked at Gu Manyin expressionlessly, "Miss Gu, please come with us."

Gu Manyin finally recovered from the sluggishness and looked at the police officers and the silver-colored police officers. Handcuffed, completely panicked, shaking his head violently, "No, I'm not going, I'm not going!"

"This is up to you." The male policeman said and handcuffed her directly.

The cold handcuffs touched Gu Manyin's skin, and the cold Gu Manyin shivered. The huge panic in her heart made her breathless.

While struggling, she looked at Gu Yaotian and his wife, and cried, "Mom and Dad, save me!"

Gu Yaotian turned his head away without looking at her.

save?

Now that the evidence is conclusive, how can he save it? If he came forward, he would be obstructing official business, and he would also be taken away together.

Now that the Sansheng Group has crushed him to the point of exhaustion, it would be even worse if he was taken away too.

He still has to think about how to stabilize Sansheng's stock market after the news of her being taken away spreads.

Seeing Gu Yaotian treating her like this, Gu Manyin's heart froze for a moment, and then she looked at Madam Gu again.

Madam Gu didn't dare to meet Gu Manyin's gaze, and turned her head in tears.

Yaotian can't save Manyin, she is a full-time wife, what can she do?

Seeing that both Gu Yaotian and his wife were unwilling to save her, Gu Manyin's heart was completely cold, and at the same time, a huge resentment rose in her heart.

This couple, saying that they love her and that she is their only daughter, will love her and protect her for a lifetime.

But now that Gu Manqing is back, they have long forgotten these promises, and they still want to give up on her, why?

Seeing the resentful expression on Gu Manyin's face, the corner of Gu Manqing's mouth, who was buried in Madam Gu's arms, twitched.

Hate it, hate it!

The more Gu Manyin hated her parents, the more her relationship with her parents faded, until Gu Manyin completely wiped out her parents' relationship.

The parents are her alone.

Gu Manyin was taken away.

Since she was not in good health, she was taken away by the police in a wheelchair.

A reporter from outside the hospital rushed over long ago, just to film the scene of Gu Manyin being taken away by the police, and then the Internet was boiling with cheers.

After all, before the two videos appeared, they were all on Gu Manyin's side, feeling that Gu Manyin was pitiful and Rong Shu was bad.

But after the two videos appeared, they only understood what it meant for Rong Shu to plot against her. It was clearly that she plotted against Rong Shu, but then she failed, and the six men she arranged by herself recognized Rong Shu as Rong Shu and bullied her.

Anyway, if the harm is not the opposite, the victim will not give up in the end, and will frame Rong Shu.

In short, the netizens who watched the live broadcast before, how much sympathy for Gu Manyin at the time, and how much they hate and hate Gu Manyin now.

Of course, they didn't hate Gu Manyin for murdering and framing Rong Shu, but they hated that Gu Manyin dared to use them to achieve the purpose of framing Rong Shu.

For a while, the Internet was full of scolding against Gu Manyin.

There are no hackers behind Gu Manyin, and they are not afraid of being killed by the agency again, so they are naturally merciless when they scolded him, and they scolded him more harshly than when they scolded Rong Shu before.

Sansheng Group also suffered severe stock market turmoil, and Gu Yaotian rushed over overnight to hold a shareholders meeting.

shallow waterWan, Rong Shu looked at Yishui'er's apology below her social platform, and then looked at the scolding voice of Yishui'er below Gu Manyin's platform, with a smile on her face.

Afterwards, she called Lin Tianchen, "Gu Manyin has been taken away by the police, I think she will definitely confess to you next, you..."

"I know what you are going to say, don't worry, I won't I have something to do." Lin Tianchen said, pushing his glasses.

Hearing what he said, Rong Shu nodded, "If that's the case, then I'll say it, thank you for taking those two videos, otherwise it's really hard to clear the crime today."

"It's nothing." Lin Tianchen chuckled. back.

After that, the two said a few more words and ended the call.

But the moment Rong Shu just put down the phone, the phone rang again.

She looked up and saw that it was Li Chuan, hung up quickly and dialed another number.

“Sister?” Li Chuan shouted uncertainly.

Rong Shu nodded, “It’s me.”

“Sister, why are you...”

“To be on the safe side, Ah Qi should tell you.” Rong Shu said.

Li Chuan was silent, and after two seconds, he said, “Yes.”

“You are really good, you have learned such a powerful skill without making a sound. If you didn’t reveal it yourself, I really don’t know that the little fox is you. .” Rong Shu rubbed his eyebrows and said.

Li Chuan smiled gently, “I’m sorry, sister, I didn’t want to scare you, so I kept it from you. You won’t be angry, will you?”

“Why, you helped me, how could I be angry, but Xiaochuan , tell me honestly, will the police find you?” Rong Shu frowned and asked in a serious tone.

Li Chuan’s expression also became serious, “No, my skills are among the top three in the world, and the police have no ability to catch me at all.”

Hearing this, Rong Shu breathed a sigh of relief, “That’s good, then I can rest assured. By the way, you called me at this time, what’s the matter?”

Chapter 308 Fu Jingting’s Flower

Li Chuan smiled, “It’s not a big deal, I just came here to congratulate you, congratulations that the sewage on your body has finally been washed away.”

“Thank you.” Rong Shu also had a smile on her face.

Yes, the sewage has been washed, and now she is all relaxed.

“This is all due to Lin Tianchen.” Rong Shu added, “If he hadn’t left those two videos, this matter would not have been resolved so quickly.”

Hearing this, Li Chuan lowered his eyelids and covered the eyes gloomy.

Whatever it is, it’s all thanks to Lin Tianchen.

Obviously, the two videos were posted by him.

Ding-dong, the doorbell rang suddenly.

Rong Shu stood up, "Okay Xiaochuan, let's not talk about it, I'm here."

"Who is it?" Li Chuan asked.

Rong Shu walked towards the door, "I don't know, I'll go take a look."

"Okay, but before opening the door, sister, you must first see who is outside the door and protect yourself." Li Chuan reminded softly.

Rong Shu nodded, "Don't worry, I understand."

At the end of the call, she put down her phone and turned on the view of the entrance, wanting to see who was outside.

She only opened the door when she saw a person wearing a takeaway uniform outside.

"Hello, is this Miss Rong Shu?" The delivery boy looked at Rong Shu and asked.

Rong Shu hummed, "I am."

"This is your flower, please sign for it." Saying that, the delivery boy squatted down and picked up a bunch of bright red roses on the ground.

The rose should be freshly cut, and there are still water droplets on the petals, which is very beautiful.

Rong Shu didn't take the bouquet of roses, but looked at the delivery boy suspiciously, "Sorry, did you send the wrong one? I didn't order flowers."

"It was given to you by someone else." The delivery boy replied with a smile.

Rong Shu was even more puzzled, "Who is it?"

"I don't know that, I'm just in charge of delivering flowers." The delivery boy shook his head and returned.

But in the next second, he remembered something and said, "There is a card here, and there should be an answer on it."

Hearing this, Rong Shu swept over the rose and saw a card.

She reached out and took Rose, "Thank you, walk slowly."

"You're welcome." The delivery boy nodded and turned to leave.

Rong Shu closed the door, and while walking to the living room, she picked up the card and opened it. On it, there were a few big characters written by Long Feifeng Dance.

"It's him!" Rong Shu frowned slightly and whispered.

Although there is no signature on the card, she is very clear that the handwriting belongs to Fu Jingting.

So this flower was sent by Fu Jingting, she thought it was Cheng Huai at first.

After all, Cheng Huai, basically every time he sees her, he will give her some flowers and small gifts.

Unexpectedly, she guessed wrong this time.

Rong Shu looked at the flowers in her arms, her eyes were quite complicated.

His behavior of giving her flowers really surprised her.

And most importantly, she doesn't know what to do with this bunch of flowers now, should she throw it away, or return it to him?

Just thinking about it, the phone vibrated.

Rong Shu came back to her senses and looked down. Did you receive the text message from Fu Jingting?

Rong Shu's eyes flashed, she put the words on the coffee table, and replied with a word.

Fu Jingting was sitting on the edge of the bed in his bathrobe, which was more than 20 kilometers away from Repulse Bay. His bathrobe was half open, revealing his strong chest.

His hair was also wet, not dry, and the ends of his hair were still dripping with water. The water droplets slid along the perfect jawline and slid across the clavicle of the Adam's apple, and finally slipped onto his chest. The whole picture was extremely seductive.

At this moment, he was holding a towel in his hand, ready to dry his hair.

Suddenly, the phone that he had left aside lit up, his eyes lit up, and he immediately put the towel around his neck, not even wiping his hair, he grabbed the phone and unlocked it.

Seeing that it was indeed Rong Shu's reply, he was overjoyed.

But in the next second, seeing Rong Shu's reply, it was actually a faint um, and the joy in his heart suddenly faded a lot.

Well, he couldn't imagine how she felt when she received flowers.

After pinching his brows, Fu Jingting sighed indifferently, and then he typed and asked directly, do you like it?

Rong Shu raised an eyebrow.

Is he asking her if she likes the bunch of flowers, or is he asking her if she likes the flowers from him?

If he couldn't guess, Rong Shu didn't bother to guess. The ambiguous reply was okay, but after asking Mr. Fu, don't send it again, it will make people misunderstood.

Fu Jingting frowned.

Misunderstand?

He originally thought that after today's incident, her attitude towards him would at least improve a lot, and even if she still wouldn't accept him, at least she wouldn't resist him in any way.

But now he realizes that everything is because he thinks too much.

Fu Jingting sighed that no one would misunderstand, no one knew that I sent you flowers.

Rong Shu, that's fine, I'll have someone send the flowers back to you tomorrow.

Seeing this sentence, Fu Jingting's brows turned into Sichuan characters, and a faint anger rose in his heart.

Even a bunch of flowers, she has to give him back.

She really knew him well!

Fu Jingting pursed his thin lips and typed with his fingers quickly. If you really don't want it, just throw it away.

After sending it, he threw away the phone, tore off the towel around his neck and draped it over his head, covering his entire face so that people couldn't see his expression at the moment.

In Repulse Bay, Rong Shu understood from Fu Jingting's reply that he was a little unhappy.

She probably knew what he was unhappy about, and she would return the flowers to him if she was unhappy.

Sighing lightly, Rong Shu looked up at the bunch of flowers on the coffee table, and finally gave up the idea of returning it to Fu Jingting, and had no plans to throw it away, so she just left it there and left it to fend for itself.

...

The next day, when Rong Shu came to Tiancheng, he was stopped by a group of reporters. "Miss Rong, will you sue Gu Manyin

?"

"Miss Rong, can you reveal something about the hacker?"

"What's your relationship with the hacker?"

Gu Manyin's attitude, and Li Chuan's arrival.

Rong Shu was so annoyed by them that she frowned, "Quiet, answer one by one!"

Hearing her say this, the reporters really quieted down.

Rong Shu loosened her brows, and replied in a cold voice, "As for whether I will sue Gu Manyin, my answer is yes. First of all, Gu Manyin wants me to be bullied by six men, and secondly, if the bullying fails, I want to suppress it with public opinion. I have caused serious damage to my reputation and group, so I must sue her, make her pay the price, and compensate me for all my losses!" The

reporters hurriedly recorded her words with green eyes.

Rong Shu raised two fingers, "Second question, about the hacker, I'm sorry, I don't know who the other party is, and I don't know why he wants to help me, I think he just draws a knife to help me, so forgive me. I can't reveal it, well, that's my answer, instead of staring at me, you might as well keep staring at Gu Manyin, she will be the protagonist next."

This reminded these reporters.

The reporters glanced at each other, and then hurried to the police station.

Rong Shu watched them drive away, and then entered the Tiancheng gate.

At the same time, in the police station, Gu Manyin was locked in the interrogation room, and several police officers were sitting across from her, conducting a series of cross-examinations on her.

When asked why she had arranged six men to deal with Rong Shu, Gu Manyin suddenly became excited, "It wasn't me, those six men were not arranged by me, it was Lin Tianchen, it was him!"

Chapter 309 Gu Manyin Collapsed

A few police officers were shocked, and when they realized this, there were still doubts that they had not found.

"Who is Lin Tianchen?" the interrogating police officer asked again.

Gu Manyin was imprisoned on the chair, unable to move her hands and feet.

In addition, so many police officers in front of her were looking at her, she was about to be buried in fear at the moment.

She knew that she could no longer deny her crime, after all the two videos were still hanging on the Internet.

If she still denies, the punishment that awaits her will be more severe, so she made a decision as early as the moment she was caught in the police car and explained everything honestly.

At the same time, he was also preparing to confess Lin Tianchen.

You must know that they are a group. The personnel, location, and equipment are all arranged by Lin Tianchen. She just ordered Lin Tianchen to do it, so why should she bear the crime alone?

Lin Tianchen must also come to accompany her!

And she is Lin Tianchen's angel, if she confesses to Lin Tianchen, Lin Tianchen will definitely not be angry with her.

With this thought in mind, Gu Manyin replied with red eyes, "It's the surgical specialist at the First Hospital, and he found the six men."

"If that's the case, then you can go to the hospital and bring them with you. That Lin Tianchen is here." The interrogating police officer said to the two police officers behind him.

The two police officers nodded and left the interrogation room.

Seeing that they really went to catch Lin Tianchen, Gu Manyin instantly felt a lot of balance.

Soon, Lin Tianchen was brought to the police station.

He was not in an interrogation room with Gu Manyin, but was interrogated alone.

He was interrogated by a police officer who brought him back, "Mr. Lin, according to Gu Manyin, it was Rong Shu who colluded with her, and the six men were arranged by you, do you agree?"

When Lin Tianchen came, his white coat had not been taken off.

Like Gu Manyin, his hands and feet were imprisoned by a chair, but he was not as pale and trembling as Gu Manyin was.

He seemed to be leaning on the back of the chair, not caring about his current situation at all, and he was as indifferent as usual, "I don't recognize it, I didn't plan on Rong Shu, let alone find any six men, I have no relationship with Rong Shu. No injustice, why do you do this?" The

interrogating police officer was silent.

That's right, when Lin Tianchen was arrested, the bureau had already checked Lin Tianchen's interpersonal relationship, and found that he really had no grievances with Rong Shu, and it was indeed untenable to harm Rong Shu.

But Gu Manyin probably didn't lie either. After all, in order to reduce her sentence, she definitely wouldn't talk nonsense, so the one who lied was this man.

Thinking about it, the police officer turned the pen and asked again, "As far as we know, you and Gu Manyin have a good relationship. Gu Manyin resents Rong Shu and starts to attack Rong Shu. As Gu Manyin's friend, help her. It's not impossible to murder Rong Shu together."

Lin Tianchen's glasses turned back slightly, and it was fleeting, "You're right, as Gu Manyin's friend, it is indeed possible for me to help her, but what about the evidence? If you can't produce evidence, you are a slander, and I can report to the police officer." The

police officer frowned and said nothing.

Yeah, no evidence.

For a while, he really couldn't do anything about this man.

After scratching his hair, the policeman beckoned to another policeman next to him, "Go and ask Lin Squad next door, and ask him if he has any evidence from Gu Manyin that Lin Tianchen is an accomplice."

"Okay." The policeman glanced at Lin Tianchen and immediately did it.

But within two minutes, he came back, shook his head, and said no.

The police officer in charge of the interrogation opposite Lin Tianchen was at a loss.

When they arrested Gu Manyin last night, they combed the whole case, but they didn't find any trace of Lin Tianchen. It was just when Gu Manyin confessed to Lin Tianchen that they knew that there was such a person involved in this case. .

So it can be seen that if it wasn't for Gu Manyin to say it himself, none of them would know that there was another person, but now even if they know that there is an accomplice in this case, they can't do anything about this accomplice, because they can't find it at all. Even the mastermind, Gu Manyin, has no evidence of an accomplice's crime.

"Old Chen, what should I do now? Do you want to keep asking?" asked the police officer who had gone to the interrogation room next door to ask for evidence.

The police officer in charge of interrogating Lin Tianchen stood up irritably, "What do you think? Of course we can't continue, let's go, go next door first."

After speaking, the two left Lin Tianchen and went out.

Lin Tianchen looked at their backs, and the corner of his mouth tickled.

Next door, Team Lin narrowed his eyes when he saw them coming in. "How is it?" The two police officers shook their heads.

Team Lin was not at all surprised by this, then looked at Gu Manyin, "Miss Gu, we have interrogated Lin Tianchen just now, and he does not admit that he participated in the murder of Rong Shu with you."

"What?" Gu Man Yin's eyes widened in disbelief, "He doesn't admit it?"

Team Lin nodded.

Gu Manyin's voice sharpened, "It's impossible! How could he not admit it?"

She was his angel. He said that as long as she wanted, he would do it for him.

If she confessed him, then he should know that she wanted him to come in and accompany him, why didn't he admit it?

Or, he didn't want to go to jail, so he betrayed her?

Thinking of this, Gu Manyin was dazed by hatred, and her face turned hideous.

Liars, all liars!

Saying that he will protect her for the rest of his life, but in the end, it's not that the catastrophe is imminent and they fly away!

It's a shame she still believes him so much!

"He lied to you, Lin Tianchen lied to you, don't believe him!" Gu Manyin yelled emotionally.

Several police officers looked at her coldly, and the Lin team headed even more said, "Of course we won't believe him so easily, but we have no proof that he is an accomplice, and you have no proof yourself, don't you?"

"... .." Gu Manyin choked, her heart filled with regret.

I regret why I believed in Lin Tianchen so much, and why I didn't record it when I asked Lin Tianchen to do things.

Otherwise, she now has evidence to prove that Lin Tianchen is also an accomplice.

Gu Manyin's lips trembled, "Then there is no evidence, what will happen

to Lin Tianchen?" "We will let him go!" Team Lin replied.

Gu Manyin's pupils shrank, "What? Let him go?"

"Yes, there is no evidence, so we can only let him go. Even if he is an accomplice, we will not hold him accountable." Team Lin looked at her and said .

There is no way, China is such a country, and it is a country that pays attention to evidence.

There is no evidence, even if the person is a criminal, they can only be let go.

Gu Manyin's body trembled violently, obviously unable to accept this fact.

Team Lin thought for a while, and then said, "Of course, if you find six men who violated you, as long as those six men show evidence of Lin Tianchen's bribes against them, then they can convict Lin Tianchen." Gu Manyin's

eyes lit up. , stared at him closely, and shouted loudly, "Then you can go look for it!"

"We have been looking for it, but there is no clue, so it is very unlikely that we will find them." Lin team pressed the brim of his hat and said. .

Gu Manyin was furious, "Then you didn't say it when you said it?"

"I just gave you a hope." Team Lin replied indifferently.

Gu Manyin almost died of anger.

Team Lin stood up, "You signed the confession for her, I'll go next door first."

"Okay Team Lin!"

Team Lin left, went to the next door, saw Lin Tianchen, and interrogated Lin Tianchen. After a while, the result of the final interrogation was the same as those of the two police officers, so Lin Tianchen was released. ,

After walking out of the police station, Lin Tianchen took out his mobile phone and sent Rong Shu a WeChat message. You guessed it, and Gu Manyin confessed to me.

Chapter 310 Mrs. Gu's Intercession

Rong Shu was checking the report, heard the phone vibrate, picked it up, saw this WeChat message, and quickly asked in a voice, "How are you now?"

Lin Tianchen reached out and stopped a taxi to sit in, then started typing I'm fine, and I didn't admit it, but the police probably know that I'm a repeat offender, but they can't produce evidence, nor can Gu Manyin, so they have no right to arrest me unless they find the six men.

Rong Shu first breathed a sigh of relief, and then asked again, "Where are those six men now? Will they be caught?"

Lin Tianchen can't type, they have already been sent abroad by my name and surname, and they will never be in my life. return.

In other words, the police will never catch those six men in their lifetime.

Those six men couldn't confess him, so Gu Manyin would bear all the guilt alone.

Rong Shu nodded, indicating that she understood, "That's good."

After a few more words, the two ended the conversation.

At this time, Secretary Tong knocked on the door and came in, "Mr. Rong, Mrs. Gu and Miss Gu from Sansheng Group are here and want to see you."

Speaking of this Miss Gu, it is really a big talk in the sea market.

Two days ago, Miss Gu suddenly appeared, and then the Gu family announced her identity. Only then did everyone know that the Gu family was not only a daughter of Gu Manyin, but also an eldest daughter who had been stolen since she was a child.

But now people's chatter after dinner has become the youngest daughter of the Gu family.

"Mrs. Gu?" Rong Shu squinted, "What are they doing here?"

Secretary Tong shook his head, "I don't know that, but I guess it might be related to Gu Manyin."

"Yes, then no need Take care." Rong Shu waved his hand.

Secretary Tong looked at her, "What does President Rong mean?"

"That's right." Rong Shu nodded.

Secretary Tong pushed his glasses, "I see, then I'll go and ask them to leave."

After speaking, she turned and walked towards the door.

However, as soon as he reached the door, before he could open it, the door was pushed open from the outside.

Mrs. Gu brought Gu Manqing in, followed by a receptionist behind her.

The front desk saw Secretary Tong and smiled bitterly, "Secretary Tong, I didn't let them up on purpose, they insisted on coming up and threatened me, saying that if I let the security guard drive them away, they would die here, so... Secretary Tong looked at Mrs.

Gu's mother and daughter, rubbed her temples with some headache, then turned to look at Rong Shu inside, "Mr. Rong, look..."

Rong Shu naturally heard the front desk's words and swept away coldly Mrs. Gu glanced, pursed her red lips and said, "I'll deal with it, you and Xiaoli go back to work and continue to work."

"Yes." Tong Xi responded.

Xiao Li, that is, the front desk also breathed a sigh of relief.

It seemed that Mr. Rong didn't blame her for not stopping these two people.

The two went out, leaving only Rong Shu and Mrs. Gu and their mother and daughter in the office.

Rong Shu leaned back on the chair, raised her eyes and looked at Madam Gu and Gu Manqing who were walking across from her.

Although she is young, she has been in a high position for a few months, and she has some of the aura of a high-ranking person.

So she looked at Mrs. Gu like this, which made Mrs. Gu feel some pressure.

After all, Mrs. Gu has been a rich wife for decades, and she only spends money to enjoy it. In terms of momentum, it is not at all.

And recently, because of the accident between Sansheng Group and Gu Manyin, she looks even weaker.

Mrs. Gu also clearly felt that Rong Shu, a young man, was holding her head firmly in her aura. Although she was dissatisfied, she had to hold back because of her purpose of coming here.

Wiping the corners of her reddish eyes, Madam Gu took a breath, calmed down her inner emotions, and smiled at Rong Shu, "Miss Rong..."

"Sit!" Mr. Rong pointed to the chair opposite.

Madam Gu glanced at it, pulled out the chair and sat down.

Rong Shu didn't look at her, but set her eyes on Gu Manqing next to her, her red lips hooked, and pretended to be curious, "Mrs. Gu, is this your newly found eldest daughter?"

"Yes . , This is my eldest daughter, Manqing." Mrs. Gu took Gu Manqing's hand and patted her affectionately, her face was full of kindness, obviously she really loved Gu Manqing.

Somehow, the more Mrs. Gu likes Gu Manqing, the better it will be for her and Cheng Huai's follow-up plans.

But Rong Shu felt a little uncomfortable in her heart, and she even felt a little dazzling when she saw Madam Gu's dotting on Gu Manqing.

She is crazy!

Rong Shu shook her head slightly, suppressed the inexplicable emotions in her heart, and smiled lightly, "Hello, Miss Gu."

"Hello, Miss Rong." Gu Manqing also pretended not to know Rong Shu, timid After replying to Rong Shu timidly, she hid behind Mrs. Gu, looking very timid and shy.

Rong Shu knew her well, and didn't think there was anything wrong with her being like this. With a sigh, she retracted her gaze and looked at Madam Gu again, "Mrs. Gu came here to find me, what's the matter?"

Madam Gu smiled embarrassedly. "That's right, I'm here for Manyin."

Rong Shu's eyes flashed.

Really!

Rong Shu looked at Mrs. Gu, who had changed her attitude 180 degrees to herself, and said with a smile that didn't reach her eyes, "Oh? For Miss Gu?"

That's right, since the Gu family announced that there is another eldest lady.

Gu Manyin became the second young lady.

"Yes." Madam Gu sighed, her eyes red again.

Rong Shu probably knew where Gu Manyin's red-eyed problem came from every time he pretended to be innocent. It turned out to be his mother.

"Miss Rong." Madam Gu clenched her palms and stared at Rong Shu, "Miss Rong, I know Man Yin shouldn't frame you, but... but she is also impulsive, so can you..."

"Mrs Gu wants to say, Can I let her go?" Rong Shu interrupted her with a half-smiling smile.

Mrs. Gu saw the sarcasm on her face and felt very uncomfortable, but for the sake of Manyin, she could only endure it and nodded again and again, “Yes, Miss Rong, I’m here for this purpose, as long as you are willing to let Manyin go. , I... I’ll give you five million!”

She raised one hand and opened it, “How about Miss Rong?”

The smile on Rong Shu’s face remained unchanged, and she didn’t answer.

However, Gu Manqing, who was behind Mrs. Gu, bit her lower lip, a little unhappy.

Five million!

To her, 100,000 is a huge amount of money, and her mother was willing to give 5 million in order to save Gu Manyin, which shows that in her mother’s heart, even if Gu Manyin is no longer a thing, she is not ready to give up.

It seems that she still has to work hard to weaken her mother’s feelings for Gu Manyin, so that she can drive away Gu Manyin smoothly.

Seeing Rong Shu’s delay in uttering a word, Mrs. Gu was a little annoyed and felt that Rong Shu was deliberately disrespecting her.

So Mrs. Gu gritted her teeth and opened five more fingers, “How about another five million, how about ten million?”

“Mrs. Gu is really generous, but only ten million, can Mrs. Gu take it?”

Rong Shu held her head and said sarcastically, “I heard that when President Fu broke off the engagement with your Gu family, he also canceled all cooperation with Sansheng Group. At that time, the outside world knew about it, and some companies also followed suit. As a result of the cooperation with Sansheng, Sansheng Group dropped from the top ten companies in the market to the bottom 20 at once, and its capital has shrunk severely. In addition to the backlash brought by Gu Manyin’s arrest last night, Sansheng Group He was severely injured.”

“What are you trying to say?” Mrs. Gu’s expression changed, and she felt a little uneasy.
