Chapter 311 Fu Jingting's Guess

Rong Shu smiled and said, "I want to say that Sansheng has a lot of debts now. If it weren't for fixed assets, it would have gone bankrupt, but even if it wasn't bankrupt, it would be on the verge of bankruptcy, just like Tiansheng three months ago. , In other words, Sansheng Group doesn't have any liquidity now, in order to maintain the basic operation of Sansheng, Gu should be borrowing money everywhere, so why would you allow you to spend 10 million to save Gu Manyin?"

Hearing this, Mrs. Gu was at a loss for words.

No one knows better than her pillow, how Gu Yaotian is struggling to borrow money from people these days.

But just because he was too arrogant before and offended many people, the people in the circle were not willing to lend him money at all. After working so long, he only borrowed 200 million yuan, but the 200 million yuan went into the stock market. Not even a single splash can be heard, it is not enough to stabilize Sansheng.

So now every penny in the family is very important. If Yaotian knew that she took out so much money, she would be furious. Although it would not lead to divorce, her relationship would definitely be gone.

Thinking of the result, Mrs. Gu felt frightened for a while, and her body couldn't help trembling.

Rong Shu looked at Mrs. Gu and smiled, "It seems that Mrs. Gu is not going to continue giving money."

Mrs. Gu's face was a little bad, "What on earth do you want to agree to play Man Yin?"

Before coming , the police station called her and told her that Manyin had signed a confession and could not be released on bail, nor could they meet, and would only be able to see him when the court started.

And the police station revealed to her that the evidence that Man Yin murdered Rong Shu and framed Rong Shu was conclusive, and he might be sentenced in the first trial, and he would not even give Man Yin a chance to appeal the second trial.

Therefore, she asked the lawyer if there was a way to rescue Man Yin. The lawyer's answer was to ask Rong Shu. As long as Rong Shu did not pursue Man Yin, Man Yin would be fine, so no matter what, she had to let Rong Shu agree to let him go. manga.

However, Rong Shu directly poured a basin of cold water on Mrs. Gu, flipped her hair and replied coldly, "No matter what, I will not let her go. She hurt me several times before, I have no evidence, this time is different, so This time, I must put her in jail."

"You..." Madam Gu widened her eyes and pointed at Rong Shu with a trembling hand, "You are so vicious!"

Gu Manqing blinked in surprise.

vicious?

She looked down at Madam Gu in front of her.

Although she likes this new mother very much, she also has to admit that there are some problems with this mother's cognition.

Even someone like her who had never read any books knew that it was Gu Manyin who murdered and framed Rong Shu, so it was Gu Manyin who was the real vicious one. Rong Shu was just using the law to get revenge, so how could she be vicious?

But this mother is very good to her, she will not say these words.

Rong Shu seemed to have heard the big joke, and laughed sarcastically, "Don't, don't, Mrs. Gu, don't say that, in terms of viciousness, I'm far inferior to your little daughter, your little daughter can push people Going down the stairs, you can design people to fall off horses, use poisonous snakes to bite people, want people to be raped, and even throw people with sulfuric acid, and so on.

Hearing this, Mrs. Gu's face was red and her ears were red, and she closed her eyes with a guilty conscience, "You...Aren't you all right?"

"So I'm fine, so I shouldn't care about anything and let Gu Manyin go?" Rong Shu's expression turned cold. .

The corner of Mrs. Gu's mouth twitched twice. Although she didn't make a specific sound, it was obvious from her appearance that she meant it.

Rong Shu shook her head, knowing that she couldn't go on.

After all, you can never wake someone who is pretending to be asleep.

She picked up the phone and called Gu Yaotian in front of Mrs. Gu, "President Gu, I'm Rong Shu."

Mrs. Gu quickly widened her eyes and said sharply, "What are you doing?"

Rong Shu ignored her and continued to say to the other end of the phone, "Your wife comes to me and offers 10 million to let me spare Gu Manyin."

"What?" On the other end of the phone, Gu Yaotian jumped up from the chair. He got up, his face gloomy and terrifying.

Ten million?

She is so generous!

He had just borrowed money from the bank, but was rejected by the bank, and he was stuck in his throat before it was released. That woman, Chen Shufen, the woman had to spend 10 million to save the unfilial daughter!

Doesn't she know how important ten million is to Sansheng?

Gu Yao shivered, "Rong Shu, where is Chen Shufen now?"

Chen Shufen was Madam Gu's name.

Rong Shu looked at Madam Gu who was terrified and smiled lightly, "In front of me, tell her." After speaking

, Rong Shu turned on the loudspeaker and handed it to Madam Gu.

Gu Yaotian's cold and angry roar came, "You go back to me immediately!"

"Husband, I..."

Gu Yaotian interrupted her, "Don't tell me anything else, don't blame me for not treating you if you don't come back within half an hour. You're welcome!"

After that, Gu Yaotian hung up the phone.

Madam Gu's body trembled.

Even Gu Manqing behind her was frightened.

Rong Shu took the phone back, "Mrs. Gu, do you want to continue?"

Mrs. Gu stood up and looked at her with deep eyes, her attitude returned to her previous high-level, indifferent look.

"Wait, I will definitely rescue Manyin, Manqing, let's go."

Mrs. Gu took Gu Manqing's hand and strode towards the door.

The news that the mother and daughter were born was soon known to Assistant Zhang.

Assistant Zhang knocked on the door and entered the president's office, "Mr. Fu, according to the news from our people in Tiancheng, Mrs. Gu and her daughter went to Miss Rong."

"What?" Fu Jingting frowned, "For Gu Manyin's business.?"

"Yes, but it probably didn't work out, Mrs. Gu looked very bad." Assistant Zhang laughed.

Fu Jingting's mouth also showed a sneering arc, "Going to Rong Shu, I can only say that she found the wrong person."

Rong Shu wanted Gu Manyin to go to jail more than anyone else.

So looking for Rong Shu was the worst move Madam Gu took.

"By the way, how is Gu Manqing who asked you to check before?" Fu Jingting tapped his finger on the desk and asked.

Assistant Zhang pushed back his glasses and replied, "I found some."

"Some?" Fu Jingting pursed his lips, obviously dissatisfied with the answer.

Assistant Zhang nodded and replied helplessly, "Yes, some, because this Gu Manqing's previous information was erased, I spent a lot of effort to find some, this Gu Manqing's original name is Li Zhaodi, from a family that prefers sons to daughters in the countryside, and was taken over by Cheng Huai to the sea market."

"Cheng Huai?" Fu Jingting's pupils narrowed.

Gu Manqing's return involves not only Rong Shu, but also Cheng Huai.

So what are Rong Shu and Cheng Huai doing?

As if seeing what Fu Jingting was thinking, Assistant Zhang said with a serious expression, "Mr. Cheng and Miss Rong should be planning something, because I also found out that this Li Zhaodi is not really Gu Manqing, Mr. Cheng is in a major hospital. I have placed a fake DNA sample with the appraisal agency, so that no matter how Gu Yaotian and his wife authenticate, Li Zhaodi is their daughter, and Miss Rong should also know, otherwise she will not give the necklace to Li Zhaodi."

Fu Jingting stopped talking and locked her tightly. He frowned thinking about something.

Soon, he suddenly remembered that Cheng Huai and Rong Shu have one thing in common, that is, they both regard the Gu family as their biggest enemy, but because of national policies, neither of them can directly attack Sansheng Group and make Sansheng Group go bankrupt.

In this way, if two people want to deal with Sansheng, they can only think of other ways, and the best way is to master the black information of the Sansheng Group, but it is almost impossible to master the black information of a group, unless the internal someone.

So that Li Zhaodi was Rong Shu and Cheng Huai's inner responder in the Gu family?

Chapter 312: Court Time

Fu Jingting stopped tapping on the table, the more he thought about it, the more he felt that he was willing.

Otherwise, there is no way to explain why they want to use a fake Gu Manqing to go to Gu's house. They can't be kind to comfort Gu Yaotian and his wife.

Thinking of this, Fu Jingting raised his eyes and looked at Assistant Zhang, "Delete what you found, and also, erase all traces of Li Zhaodi's past, and most importantly, keep Cheng Huai in the hospital and the appraisal agency. DNA samples, plus a layer of insurance."

Although Cheng Huai concealed Li Zhaodi's identity, there is no guarantee that someone will not be pregnant with Li Zhaodi and not Gu Manqing.

Assistant Zhang can find out that Li Zhaodi is not really Gu Manqing, and others must be able to, so he can only help Rong Shu and Cheng Huai to cover up Li Zhaodi's identity more strictly, at least it will not be easily found out that there is a problem.

Assistant Zhang obviously understood Fu Jingting's purpose, nodded, no objection, and immediately followed suit.

In the next few days, the news about the relationship between Rong Shu and Gu Manyin on the Internet gradually faded, and only a few media were still reporting.

After all, the two are not stars, and the topic level will not be maintained forever.

On this day, Rong Shu and Li Chuan were discussing going to Nanjiang to watch the show in the office, when suddenly the phone rang, it was from the police station.

Rong Shu picked up the phone to answer, "Hello."

“Miss Rong, Gu Manyin’s trial date is down. It will be at 2 pm tomorrow. As the plaintiff, you must be present at that time.” The police station said.

Rong Shu nodded seriously, “Okay, I’ll be there on time.” After the call ended, she put down her phone.

Li Chuan looked at her, “Sister, what’s the matter?”

“The day for Gu Manyin’s trial is over, and the trial will start at 2 o’clock tomorrow afternoon.” Rong Shu threw her phone on the desk and replied.

A dark light flashed in Li Chuan’s eyes, and he smiled, “That’s great, I’ll accompany you tomorrow.”

“Okay.” Rong Shu hummed and agreed.

“Mr. Rong.” Secretary Tong knocked on the door and came in.

Rong Shu and Li Chuan looked at her together.

“What’s the matter?” Rong Shu asked.

Secretary Tong stood at the door and didn’t come in, “I have already made an appointment for the foreign hospital you asked me to make an appointment with. The other party asked when you plan to go there?”

“Sister, what hospital? Are you sick?” Li Chuan’s face changed slightly, hurriedly looked up and down Rong Shu.

Rong Shu smiled, “don’t be nervous, I’m fine, I asked Tong Xi to make an appointment at the maternity hospital.”

Then, she looked at Secretary Tong again, “I see, I plan to go on Saturday night this week.”

It’s only Wednesday. I went to Nanjiang to watch Xiaochuan’s catwalk on Friday, went abroad for surgery on Saturday, and returned to China on Sunday. The schedule was just right.

“Okay, then I’ll reply.” Secretary Tong nodded slightly, closed the door of the office and left.

Li Chuan looked down at Rong Shu’s belly, “Sister, do you want to go abroad for an obstetric check-up, or...”

"I'm going abroad to get rid of this child." Rong Shu touched her belly and replied with a light expression, "Before, because of Gu Man Yin asked Lin Tianchen to do things, so I am a little afraid to operate in a domestic hospital, so I chose to go abroad. In fact, I have applied for a visa for a while, but because I was busy, I have not passed it, but now I have three children. It's been a month, so I can't keep delaying, and if it's delayed, it's not easy to take it off."

Of course, this is just one of the reasons.

Another reason is that she is afraid that she will be delayed for a long time, and the mother's love will break out, and she will really be reluctant to take away the child.

Hearing Rong Shu's words, Li Chuan's pupils shrank slightly, and a trace of remorse flashed in his eyes, but it disappeared soon, and he lowered his eyelids and barely maintained a gentle smile on his face, "I will accompany you then."

"No, didn't you say before that, the day after Nanjiang's catwalk, you're going to record a variety show? It just happens to be Saturday. You don't have time to accompany me. Work hard, Aqi will accompany me there. ." Rong Shu patted his shoulder.

Li Chuan pretended to be disappointed and sighed, "Okay then."

Seeing that he looked like a child who couldn't get candy, Rong Shu opened the drawer with a smile and made him a cup of mint tea, "Don't be unhappy, drink this , your favorite."

Looking at the fragrant mint tea in front of him, Li Chuan's eyes darkened, but he smiled again, "Thank you sister, you still understand me."

He picked up the tea and drank it. He took a sip, looking very happy.

But only he knew that he wasn't happy at all, and he hated drinking mint tea the most.

It is Fu Jingting who really loves drinking mint tea, not him!

But he couldn't say these words, he couldn't imagine how his sister would react when she found out that he imitated Fu Jingting, and how she would see him.

The thought that my sister might look at him with the eyes of a monster, he will go crazy!

After Chongchong finished drinking the mint tea in the cup, Li Chuan said goodbye and left.

Rong Shu originally wanted to send him out, but he refused.

Walking out of the office, after Li Chuan closed the door, the smile on his face slowly disappeared, replaced by a cold face.

He walked to the elevator, pressed the downstairs button, and bent down in front of a bonsai by the elevator door.

Then, he opened his mouth, put his fingers in his mouth, closed his throat expressionlessly, and spat out all the mint tea he had just drank.

After he vomited, he let out a slight breath, stood up straight and took out a handkerchief from his pocket, just as he was about to wipe his mouth, a playful female voice sounded behind him, "You came out of the office of General Manager Calm, right? I vomited what I drank in it, what do you think would happen if Mr. Rong knew?"

Li Chuan's face changed slightly, then he turned around abruptly, looking like a poisonous snaketaalking woman.

The woman was startled by his eyes at first, and after calming down, she whistled and laughed, "Yo, what a terrible look, this is the real you."

"You dare to tell my sister what you saw. , I'll break your neck." Li Chuan squeezed the handkerchief tightly and said in a grim and ruthless voice.

Chen Xingnuo twisted a strand of hair playfully and said, "I'm so scared."

"..." The corner of Li Chuan's mouth twitched.

Fear?

He didn't see any fear in this woman's eyes.

That's right, how could this woman be afraid of his threat because she had human life in her hands.

Li Chuan was a little stuck in his heart and didn't want to pay attention to her, so he turned around and was about to enter the elevator.

"Wait a minute." Chen Xingnuo quickly grabbed him, "I don't have to tell President Rong, but you have to give me some hair."

"Impossible!" Li Chuan narrowed his eyes and refused directly.

Chen Xingnuo smiled, "Then I'll tell President Rong."

"It's up to you." Li Chuan looked at her sarcastically, "Even if you say it, I can tell my sister that I threw up because I was uncomfortable, you see. Do you believe me, sister?"

"This..." Chen Xingnuo choked.

Of course you believe him.

After all, he and Mr. Rong have known each other for a long time.

"Yes, it's my fault, but I still have to get your hair." Chen Xingnuo stopped being arrogant and became serious, "You have rejected me twice, generally speaking, even if you don't believe in yourself His biological father is someone else, and he would be curious to ask for proof, but you are so resistant, so I can think that you are running away."

"Oh? What am I running away from?" Li Chuan clenched his fists.

Chen Xingnuo watched his actions, and the corner of his mouth tickled, "You are escaping from admitting your relatives, because you know that you are not Li Dafa's biological son, but Ye Guoliang's. Am I right?"

Chapter 313 Chen Xingnuo's Persuasion

Li Chuan's pupils shrank suddenly, "You..."

"It seems I'm right, you are indeed the young master." Chen Xingnuo laughed.

Li Chuan's expression was ferocious, and there was no trace of gentleness, "Are you cheating me?"

"Not all." Chen Xingnuo waved his fingers, "I have always suspected that you are the son of the master, and you know it yourself, but I There is no evidence to prove it, so I deliberately said these words to see your reaction, but I didn't expect that I was right, and when I mentioned the master's name just now, the hatred in your eyes told me that you have The memory of leaving the Ye family back then, right?"

Otherwise, why did he know that he was the son of the master, and why would he resist being found by her!

There is only one answer, that is, he has memories of his childhood and is unwilling to go back.

Li Chuan pursed his lips tightly and did not speak.

Chen Xingnuo sighed, "If you don't speak, that's the default, but I still want your hair to do a paternity test and send it back to the capital."

Even though it has been determined that the man in front of him is the young master.

But to be on the safe side, it's better to do an appraisal.

Thinking about it, Chen Xingnuo stretched out his hand towards Li Chuan's head.

Li Chuan's eyes flashed with ruthlessness, and he suddenly attacked.

Chen Xingnuo's eyes changed and he hurriedly defended.

The two fought in the corridor.

Although Li Chuan is a man, he is tall and strong, and he has also learned Sanda and Taekwondo, but he has no chance of winning against Chen Xingnuo.

Because Chen Xingnuo had been trained since he was a child, all he learned were killing moves, he captured Li Chuan in three or two strokes, and pushed Li Chuan backhand against the wall.

Seeing Li Chuan's angry expression full of dissatisfaction and struggling, Chen Xingnuo patted his face, "Little brother, you were still in school when my elder sister murdered, so how could you beat my elder sister, now? My sister is going to requisition your hair."

After speaking, she took her hand away from Li Chuan's face and pulled a few hairs from his head.

Li Chuan groaned in pain and stared at Chen Xingnuo.

Chen Xingnuo let him go without fear, "Okay, now the hair is finally in hand."

"I won't let you go." Li Chuan squeezed his fist and said in a cold and ruthless voice.

Chen Xingnuo smiled, "Okay, I'll wait, as long as you go back to Ye's house and take revenge on me as your young master, I promise not to make any resistance, how about it?"

"I don't need the identity of Ye Hanchuan, I can still deal with you." Li Chuan replied as he sorted out his messy clothes.

He couldn't defeat her by force.

Brainily, he still didn't believe she could win.

Chen Xingnuo's expression became serious, "Okay, I won't make trouble with you, I'll tell you now, you have to go back to Ye's house, yesterday my father told me that the people of the Fourth Young Master have come to the sea market, obviously the Fourth Young Master has already I'm sure you're in the sea market, it won't be long before you will be found, and you and the people around you will be implicated."

Speaking of which, she looked at Li Chuan, "You have memories of your childhood, you should know the four young masters. What kind of person, in order to get everything in the Ye family, he can do everything. The first thing he has to do is to eradicate you, the orthodox heir. If he can't deal with you temporarily, he will give you the most attention first. People start making you suffer for a lifetime, the person you value most is President Rong, are you willing to let President Rong be targeted by the four young masters?"

Li Chuan's face was gloomy and changing.

Of course he didn't want to.

He won't let anyone hurt my sister!

Seeing Li Chuan's thoughts, Chen Xingnuo smiled with relief, "I know you hate the master, but for the sake of President Rong and your mother, you must go back, don't forget, your mother is the master's wife, you It's the legitimate child of the Ye family, why should you give everything of the Ye family to those illegitimate children, think about it."

She picked up the documents on the ground and patted them, and walked towards the president's office.

She had been on this floor before, but she was in Tongxi's office to discuss some work matters with Tongxi. After the negotiation, she was going to go to President Rong to sign.

Unexpectedly, when I came out of the office of President Rong, I saw Li Chuan here. Now that it has been delayed for so long to talk to Li Chuan, President Rong should wait.

Li Chuan looked at Chen Xingnuo's back, and clenched his fists tightly together. Her words 'for President Rong, for mother' were all in his mind.

Shouldn't he really go back to Ye's house?

The next day, Rong Shu came to the Fu Group.

In the morning, she received a notice to come to the Fu Group for a meeting to discuss the trial of new energy.

Now that the new energy technology is almost perfect, the last step is to try it out.

If it has been tried, the new energy can be officially used in major factories, so this meeting is very important, and everyone cannot be absent.

Rong Shu parked the car and walked towards the elevator in the parking lot.

Luckily, the elevator happened to be on the first floor. After Rong Shu pressed it, the door opened immediately.

She walked in and was about to close the door when an urgent voice came from outside, "Wait."

Rong Shu subconsciously blocked the door.

The elevator doors reopened.

The next second, Assistant Zhang came in from outside and smiled at Rong Shu, "Thank you, Miss Rong."

Rong Shu was a little surprised when she saw it was him.

But soon, she regained her composure.

It is also normal to see Fu Jingting's special assistant here, after all, this is Fu Jingting's territory.

"You're welcome." Rong Shu nodded as a response.

Assistant Zhang pressed the elevator's door button and looked out, as if he was waiting for someone.

Rong Shu's red lips pursed.

She had already guessed who he was waiting for.

There is only one person who can make him wait for the huge Fu Group, and that is his immediate superior, Fu Jingting.

Sure enough, within a few seconds, Fu Jingting appeared.

Standing outside the elevator, he saw Rong Shu, his eyes flashed, and then came in with his long legs, "Morning!"

Rong Shu took a step to the side and opened some distance from him, "Morning."

Fu Jingting Seeing how she avoided herself, she couldn't help frowning, "Don't you think it's a coincidence?"

"What?" Rong Shu turned to look at him suspiciously.

Fu Jingting looked at the elevator door, "As long as there is a meeting involving new energy, we can always meet in the elevator."

Rong Shu's eyes widened.

It really is!

Assistant Zhang, who was only a transparent person in the corner, couldn't help but rolled his eyes.

What a shit!

The previous two times can be said to be a coincidence. This time, it was clearly Mr. Fu who did it on purpose. Knowing that Miss Rong was coming to a meeting, he sat in the car and waited.

Haha, it's all tricks!

"Today is Gu Manyin's court day, right?" Fu Jingting turned to look at Rong Shu and asked suddenly.

Rong Shu hummed and nodded, "Yes."

She was not surprised how Fu Jingting knew.

After all, the court date has long been revealed online.

"Congratulations, you can finally bring her to justice." Fu Jingting put his hand in his trouser pocket and said again.

Rong Shu rolled her eyes at him, "If you hadn't protected her before, she would have been brought to justice by me."

Fu Jingting was startled, then lowered his head, "I'm sorry."

Although it was not his original intention before, it was indeed what he did.

"Forget it, it's over. You have helped me a lot, and I don't plan to care about the past with you, so you don't need to apologize." After the

words were finished, the elevator opened with a ding and reached the floor.

Rong Shu stood still and let Fu Jingting go out first.

After all, Fu Jingting is the master.

Fu Jingting also understood what she meant, and went out first, and then Rong Shu raised her feet to go out.

After going out, she realized that Fu Jingting hadn't left, but was standing outside waiting for her.

"Anyway, believe me, everything I did for Gu Manyin before was not of my own will." Fu Jingting looked at Rong Shu with a complicated expression.

Chapter 314 Awkward Two

Rong Shu was stunned by what he said, and it took a while to recover, and she wanted to laugh.

Not by your own will?

Is there anyone who can control him?

Rong Shu didn't take Fu Jingting's words seriously, he just thought that he was saying this on purpose for his own sake, pointed to the watch, and changed the subject, "Mr. Fu, the meeting time is almost up."

Fu Jingting knew that when she saw her like this She didn't want to believe him, and sighed slightly, "Let's go." The

two walked towards the conference room at the same time without saying anything.

Assistant Zhang followed behind, looked at the backs of the two, and shook his head helplessly.

Gu Manyin has really contributed a lot to these two getting to where they are today!

The meeting officially started.

Fu Jingting talked about the disadvantages of the use of new energy in the main seat, and listened very carefully.

During this period of time, Rong Shu has been learning about new energy, and sometimes went to college to take classes.

Therefore, she is now listening to the content of the meeting, and she will no longer understand everything like the last time.

After two hours, the meeting ended.

Fu Jingting stood up, "Rong Shu stays, others can go." Rong Shu, who

was packing up and preparing to leave, heard this, paused for a moment, and immediately looked up at Fu Jingting, wondering why he let her stay.

The others were also curious, but did not dare to ask. They only looked at the two with deep eyes and walked out of the conference room together.

At the moment when the door of the conference room was closed, Rong Shu also heard someone say, "What do you think Mr. Fu asked Mr. Rong to stay for? There won't be any adultery, right?"

Rong Shu's mouth twitched.

These people are really mind-blowing.

rape, love?

It's a shame they figured it out!

Rong Shu rubbed her temples and looked at Fu Jingting, who was walking towards her, "Mr. Fu, what's the matter with you leaving me?"

"It's not a big deal." Fu Jingting stopped in front of her and his eyes fell on the notebook on her desk. "Do you understand everything?"

Rong Shu followed his gaze, understood what he was referring to, and took his hand away from the notebook, "I don't know much about it, I have to go back and look through the information in some places.

"On the second factory site visit, she couldn't understand the operation of new energy!

By then those bosses will laugh at her.

"Where you don't understand, I'll tell you!" Fu Jingting said.

"Ah?" Rong Shu blinked in surprise.

There was a slight smile in Fu Jingting's eyes, "Ah what, sit down."

Rong Shu was completely clear now. It turned out that he left her to explain to her what she didn't understand.

Rong Shu bit her lower lip, "No, I'll go back by myself..."

"Tomorrow is the field inspection of the factory, are you sure you can go back and look up the data in time? And many of the data are old, not updated in time, follow me to the laboratory. There are many new energy research and development that do not match, what is the use of reading the information!" Fu Jingting looked at her and said.

Rong Shu opened her mouth and was speechless.

Yes, new energy is not yet mature, it will be updated every day, but the data can not keep up with the speed of new energy update, so the data in her hands must be different from the current new energy, so it is not enough to go back and look at the data on her own. .

It seemed that she had to ask him again.

"I see, then thank you, Mr. Fu!" Rong Shu bowed to Fu Jingting.

Just as Fu Jingting was about to call her, his eyes suddenly caught a glimpse of the white tenderness exposed by her drooping neckline, and his eyes darkened.

The next second, his Adam's apple moved slightly, looked away, and replied with a slightly mortgaged voice, "It's nothing, it's all for cooperation, you don't have to thank me, and don't bow to people wearing this kind of clothes in the future, especially Man."

"Huh?" Rong Shu first stood up in confusion, then lowered her head to look at her clothes.

Seeing this, she suddenly understood something.

To match the trench coat, she wore a slightly loose v-neck sweater underneath.

This knitted sweater is very beautiful, but as soon as you bend over, the neckline falls down, and people taller than her can see the scenery inside her neckline as long as they bow their heads.

Thinking that Fu Jingting had just seen it, Rong Shu hurriedly covered her neckline, her face flushed red to the tip of her ears.

She was also a little angry, but she also knew that she was not qualified to accuse Fu Jingting.

After all, it was her who was wearing this dress and bowing, and he didn't see it on purpose.

What's more, he reminded her that she can't bow again after wearing this, otherwise, even if she is not seen by him, it will be seen by others.

Others, maybe even more wretched.

For a while, the two did not speak, and there was an awkward atmosphere in the air.

After a while, Fu Jingting pressed his lips against his lips and coughed lightly, "Let's start, finish the talk early, don't you want to go to the court?"

He deliberately eased the embarrassment, and Rong Shu naturally had to go down the steps, nodding and humming. , "Okay."

She buttoned up her windbreaker and sat down, opening the notebook in front of her.

Fu Jingting pulled the chair next to her and sat down, placing one hand on the back of the chair behind her.

The two were sitting very close, and from the front, it looked like Fu Jingting was holding Rong Shu's shoulders.

Rong Shu didn't notice the man's scheming, all her attention was on the contents of the notebook, where could she think of anything else.

And Fu Jingting is also glad that she didn't notice, otherwise, he wouldn't even have the chance to be so intimate with her.

Thinking about it, Fu Jingting lowered his eyes, covering the darkness in his eyes.

Suddenly, Rong Shu's cell phone rang, interrupting Fu Jingting's explanation.

Fu Jingting frowned, a little unhappy in his heart.

Who is so ignorant to call at this time?

Fu Jingting glanced up and saw Rong Shu's mobile phone screen, the word Lu Qi was beating constantly on it.

Rong Shu touched the green answer button and answered the phone, "Aqi!"

"Baby, are you going to Nanjiang this weekend?" Lu Qi asked.

Rong Shu nodded, "Yes."

Fu Jingting, who was sitting next to her, naturally frowned when he heard the content of her call.

What is she doing in Nanjiang?

Lu Qi just asked this question.

Rong Shu didn't hide it, and replied, "It's Xiaochuan's fashion show. He invited me to watch it, but how do you know I'm going to Nanjiang? I don't remember telling you."

"Tongxi told me, I just went to Tiancheng to get a document, and I happened to meet Tong Xi who was booking a hotel in Nanjiang for you." Lu Qi explained.

Rong Shu raised his chin suddenly, "So that's the case."

"Baby, when are you going on the weekend?" Lu Qi asked again.

"Friday."

Friday...

Fu Jingting's eyes flashed, as if he was thinking about something.

On the other end of the phone, Lu Qi squinted his eyes slightly and said, "That's fine, then I'll free up the time to go with you. I have to keep an eye on that kid Li Chuan. What if that kid sneaks you away!"

He Not joking, but seriously.

Because that kid Li Chuan can definitely do it.

Rong Shu didn't know what Lu Qi was thinking, she shook her head and laughed, "What are you talking about, I'm not a child, and they kidnapped me. Okay, I won't tell you, I'm still in a meeting, hang up."

"Wait." Lu Qi quickly stopped her.

Rong Shu put the phone back to her ear, "What's wrong?"

"Let's have dinner together tonight. Today is a good day for Gu Manyin's court trial, so we should celebrate." Lu Qi said with a smile.

Rong Shu thought so too, nodded and agreed, "Okay, you decide the location, and then call Xiaochuan together."

"Okay!" Lu Qi happily responded.

When the call ended, Rong Shu put down her phone and looked at the man beside her, smiling embarrassedly, "Sorry, I wasted your time."

Chapter 315 Dine Together

Fu Jingting lowered his eyes, "It's okay, let's continue."

Rong Shu put the phone aside and hummed.

After an hour, the presentation was over.

Rong Shu closed the notebook and showed a rare smile to Fu Jingting, "Thank you, Mr. Fu, I have almost figured it out. I can go back and tidy up the rest of the night."

"That's good." Fu Jingting stood up, "Don't be late for the factory inspection at nine o'clock tomorrow morning."

"Okay." Rong Shu nodded.

At this moment, the door of the conference room opened, and Assistant Zhang came in pushing the dining cart. There were many delicacies on the dining cart, instantly filling the entire conference room with a mouth-watering aroma.

Rong Shu held the notebook in her arms, "Since Mr. Fu is going to have lunch, I won't bother, let's say goodbye."

"Wait." Fu Jingting took her arm, "Let's have a meal together." "Huh

? "Rong Shu frowned.

Fu Jingting's eyes flickered, "You came to Fu's for a meeting, as Fu's boss, there is no reason not to invite you to a meal, and this is just a business meal between partners, you shouldn't refuse it, right? Rong Shu looked at him, and the corners of

her mouth twitched speechlessly.

What he means is that if she refuses this business meal, she doesn't value the cooperation between them?

Rubbing his forehead, Rong Shu took his seat again, "I see, then I'll entertain more President Fu." Fu

Jingting's eyebrows softened, "I can't talk about hospitality, I just ordered a few dishes, I hope it suits your taste. ."

After speaking, he also sat down again.

Assistant Zhang rolled his eyes in his heart while serving the food.

What does it mean to order a few dishes at random, obviously these dishes are Miss Rong's favorite.

Also, Mr. Fu is really pitiful. It took coercion to exchange for a chance to have lunch with Miss Rong.

"Here." Fu Jingting handed Rong Shu a pair of chopsticks.

Rong Shu reached out and took it, "Thank you."

"No, how about it?" Fu Jingting pointed to the dishes on the conference table and motioned her to move her chopsticks.

Rong Shu took a dish in front of him for the sake of face.

"How is it?" Fu Jingting asked.

Rong Shu swallowed the food in his mouth, looked up at him, looked at the expectation in his eyes, and nodded, "It's delicious."

Fu Jingting breathed a sigh of relief, and took a little for himself, "Then eat more. "

These dishes are not on the menu of the hotel, but dishes from Rong Shu's mother's hometown. The chef of the hotel has never cooked them. He specially asked the chef of the hotel to learn to cook them now, and he was worried that they would not suit her appetite after they were made.

But now it seems that she is quite satisfied.

Looking at Fu Jingting's entire process from nervousness to relaxation, Assistant Zhang shook his head with emotion.

Mr. Fu, who was cold and powerful in the eyes of others, actually became so cautious in front of Miss Rong.

If the outside world knew about it, my eyeballs would probably fall out.

During the meal, Fu Jingting rarely moved his chopsticks, and basically watched Rong Shu eat.

Seeing her eating cheeks bulge, she became quite satisfied.

Moreover, he wanted to serve Rong Shu many times, but thinking that she would refuse, he had to hold back.

After the meal, Rong Shu looked at the time, it was almost time, and said goodbye.

Fu Jingting knew that she had to go to the court, but he didn't hold back. He got up and said, "I'll take you downstairs."

Rong Shu wiped the corner of her mouth, but didn't refuse.

Because she knew that even if she declined, he would still send it.

When the two came to the parking lot, Rong Shu took out the car key and was about to press it down when a choked voice sounded from behind, "Jing Ting!"

Fu Jingting frowned and turned to look.

Rong Shu also turned around, and when she saw Madam Gu and Gu Manqing approaching, she raised her eyebrows slightly.

Mrs. Gu also saw Rong Shu, her crying stopped suddenly, and glared at her, "Why are you here?"

Rong Shu wrapped her arms and was about to speak.

Fu Jingting took an oblique step, shielded her from behind, and looked down at Madam Gu coldly, "This is my territory, Rong Shu is my guest, so she doesn't care about your affairs here, Madam Gu. Why are you here?"

Madam Gu didn't expect Fu Jingting to speak for Rong Shu, so she choked, "...I came to you on purpose."

"Looking for me?" Fu Jingting narrowed his eyes, "What are you looking for? "

It's Man Yin's business." Madam Gu reached out to grab his arm.

But after he noticed it, he directly pulled Rong Shu aside and avoided Madam Gu's hand.

Madam Gu grabbed the air and almost stumbled to the ground.

Fortunately, Gu Manqing behind her stopped her in time to avoid making a fool of herself.

“Mom, are you okay?” Gu Manqing patted Mrs. Gu’s back and asked with concern.

Fu Jingting glanced at Gu Manqing.

Is this Li Zhaodi?

“I’m fine.” Madam Gu shook her head in shock and replied in a trembling voice.

Afterwards, she looked at Fu Jingting reproachfully, as if she was blaming why Fu Jingting did this to her elder.

Rong Shu couldn’t help laughing out loud.

In this world, there are always people who can’t see the reality and can’t make their own position.

Just like this Mrs. Gu, who is no longer Fu Jingting’s future mother-in-law, but still treats Fu Jingting with the attitude of her mother-in-law.

Did you think that Fu Jingting would treat her as an elder as politely as before?

Sure enough, as soon as Rong Shu’s thoughts fell, she heard Fu Jingting’s impatient voice, “Mrs. Gu, what are you trying to say?”

Hearing the boredom in his tone, Mrs. Gu shuddered, and her mind finally cleared up. Understand that now is not the same as before.

She can’t use her elder status to oppress him, let him tolerate her!

Mrs. Gu squeezed her palm and looked at Fu Jingting with red eyes, “Jingting, I want you to save Manyin!”

Rong Shu hooked her lips mockingly .

She asked her to let Gu Manyin go before, but now she has found Fu Jingting here again.

Exactly, she also wanted to see if he would agree!

Rong Shu looked up at Fu Jingting.

Fu Jingting felt the gaze of the woman behind him, and probably knew why she looked at him like this.

This time, he could tell her clearly that he would not let her down!

“Let me save Gu Manyin?” Fu Jingting lowered his head and adjusted his cuffs, making it difficult to see the expression on his face.

“Yes.” Mrs. Gu nodded again and again, “Jing Ting, you must save Manyin.”

These days, she has been begging for help, hoping to save Manyin, but those people are unwilling, so let her go again Hate and angry.

Those people used to flatter her like a pug, but now that she asks them, they all hide away. Thanks to her helping them speak kind words in front of Yaotian and Jingting before, they are all white-eyed wolves!

But no matter how angry she is, she can't do anything about it. Today is Man Yin's trial, and it's the last chance to save Man Yin. Once the trial is over, Man Yin can't be saved, so she can only go against Yaotian's instructions and come to Jing Jing. Court, because she has nowhere to go.

“How to save?” Fu Jingting put down his hand and looked at Madam Gu with a cold look.

Behind him, Rong Shu frowned.

how?

He wants to save?

Gu Manqing, who had always been a transparent person, suddenly raised her head and looked at Fu Jingting.

Dad didn't say that Mr. Fu didn't love Gu Manyin, and even hated that Gu Manyin pretended to be Miss Rong, so he wouldn't save Gu Manyin?

Otherwise, my father would not stop my mother from coming to this Mr. Fu.

But now it seems that it's not what my father said. This Mr. Fu seems to have the intention of saving Gu Manyin!

Thinking of this, Gu Manqing bit her lower lip, her heart filled with unwillingness.

Is this Mr. Fu blind?

What's so good about Gu Manyin, why do you want to save Gu Manyin?

Chapter 316 No Red Mole

Mrs. Gu also thought that Fu Jingting was willing to save Gu Manyin, she was overjoyed, and by the way, she cast a smug look at Rong Shu behind Fu Jingting, clearly saying, 'Look, if you don't let Manyin go, others will save Manyin too. sound'.

Rong Shu almost vomited.

Mrs. Gu's behavior fell into Fu Jingting's eyes, and her eyes became even colder.

Mrs. Gu didn't realize it at all, and said excitedly, "It's very simple, as long as you, Jing Ting, go and tell the police, with your identity, they will definitely give you face. It's from a powerful family, and when they speak, the police will release

Manyin." "Heh." Fu Jingting sneered, "You really look up to me, yes, I can rescue Gu Manyin, but why do I do this? What do you do?"

As soon as these words came out, Madam Gu's face suddenly froze, "What... what do you mean?"

Rong Shu also looked at the man in front of her in surprise.

how?

He didn't save Gu Manyin again?

Gu Manqing's eyes also lit up, and her two hands were excitedly clasped together.

Originally, she thought that this time Gu Manyin was really going to be rescued by this gentleman.

Unexpectedly, the twists and turns, this Mr. Fu changed his words again!

"It means, I won't save her!" Fu Jingting said sarcastically.

Mrs. Gu's eyes widened, "You can't save Manyin? But you just said..."

"When did I say it?" Fu Jingting interrupted her impatiently, "I just asked how to save it, but I didn't promise to ask for it. Can't you save her?"

"..." Madam Gu was so blocked that she was speechless.

Yes, he just asked, he did not say he wanted to save.

It's what she thought.

Seeing Madam Gu's mourning appearance, Rong Shu was in a good mood, and all the anger she felt towards Fu Jingting in her heart disappeared.

She had just decided that if Fu Jingting really wanted to save Gu Manyin, she would die with him here.

But fortunately in the end, he had a normal mind and didn't do that.

Feeling that the woman behind him looked at him with calm eyes, not wanting to be as sharp as before, Fu Jingting knew that she was not angry with him anymore.

He looked back at her and said softly, "In the future, I won't let you down again."

Rong Shu raised her eyebrows, and then replied lightly, "Mr. Fu, I'm not yours, you don't have to promise me this. "

Fu Jingting looked at her seriously, "Whether we are related now or not, I will let you know that no matter what happens in the future, I will only stand by your side, this is my promise."

Hearing this , Before Rong Shu made a statement, Mrs. Gu couldn't accept it.

She pointed at Rong Shu, "Jing Ting, is that her? Did she tell you not to save Man Yin?"

Rong Shu laughed angrily at this.

What does this have to do with her?

She had never said that to Fu Jingting.

Fu Jingting frowned and stared at Madam Gu in disgust, "It has nothing to do with Rong Shu, it's my own idea, do you think I will save someone who murdered my lover over and over again?"

Hearing this 'my lover', Rong Shu He subconsciously turned his head away and did not go to see Fu Jingting.

Fu Jingting noticed her action out of the corner of his eye, his eyes darkened, and he sighed in his heart.

She still didn't want to believe his sincerity.

Mrs. Gu opened her mouth and replied with a guilty conscience, "Just... even if Manyin does this, it's because she loves you so much!"

"If she loves me, she will pretend to be the one I love and then hurt the one I love. Human? In this world, how can there be such a reason!" Fu Jingting's face sank, and he asked sharply.

Mrs. Gu's body trembled, "Manyin is wrong... But isn't Rong Shu okay? And you've been with Manyin for a few months. Don't you have any feelings for Manyin at all?"

"Then let me ask you, if the person you love is not Gu Yaotian, but another man, Gu Yaotian knows it, and then goes to deal with the man you love, will you have feelings for Gu Yaotian?" Fu Jingting looked at her.

"Of course I don't..." The

voice stopped abruptly, and Madam Gu looked at Fu Jingting with a flushed face. Seeing the undisguised irony in Fu Jingting's eyes, she was embarrassed and wanted to find a hole to burrow into.

Rong Shu almost couldn't help but want to applaud.

Fu Jingting's rhetorical question is absolutely incredible!

If Mrs. Gu really loves someone else, Gu Yaotian treats the person she loves like Gu Manyin, not to mention Mrs. Gu has no feelings for Gu Yaotian, she hates her to death.

In short, Fu Jingting's rhetorical question was to directly remove Madam Gu's hypocritical fig leaf.

Seeing Madam Gu's embarrassed appearance, Fu Jingting's thin lips pursed a bit coldly, "Look, you are like this yourself, why do you think I have feelings for Gu Manyin? Go back, I won't save Gu

Manyin!" Fu Jingting issued an eviction order.

Madam Gu was anxious, "Jing Ting..."

Seeing what Madam Gu had to say, Rong Shu quickly gave Gu Manqing a wink.

Gu Man nodded knowingly, then pulled Madam Gu, "Mom, it's fine if Mr. Fu doesn't agree, let's think of other ways, don't waste time here, or my sister's trial will begin. ."

Although the interaction between Gu Manqing and Rong Shu was hidden, it was still captured by Fu Jingting.

A gleam of light flashed in his eyes, and he knew that his guess was right, that Gu Manqing was Rong Shu and Cheng Huai's inner response.

When Mrs. Gu heard Gu Manqing said that time was running out, she quickly pulled Gu Manqing, "What time is it? What time is it now?"

"Don't worry, I'll take a look." Gu Manqing took out her mobile phone.

It happened that Gu Manqing also reminded Rong Shu not to stay any longer.

She pressed the car key, opened the door and got in the car.

Fu Jingting stood there and watched her leave until the car was far away, and then he reluctantly retracted his gaze.

If there is a very important partner to meet soon, he will also accompany her.

Turning around, Fu Jingting was ready to go back to the elevator.

Suddenly, Madam Gu's eager voice sounded, "Where's your red mole? Man Qing, where is your red mole?"

Red mole?

Hearing this, Fu Jingting stopped subconsciously and looked back at the mother and daughter suspiciously.

Gu Manqing saw that Mrs. Gu was holding her hand tightly, and it hurt a little.

She pulled her hand back hard and asked tentatively, "Mom, what... what red mole?"

"It's the red mole on your wrist. You had it when you were born, why is it gone now?"
Madam Gu is going again. Grab Gu Manqing's hand.

Gu Manqing hurriedly hid her hands behind her back, panicking in her heart.

It turns out that Gu Manqing still has a red mole on her wrist.

Why didn't Miss Rong and Mr. Cheng tell her?

Not far away, Fu Jingting narrowed his eyes.

He remembered that Gu Manyin had one on his wrist, so why does Gu Manqing also have one?

Could it be the red mole on the wrist or the genetic tradition of the Gu family?

"Manqing, you stretched out your hand to let mother see, why is the red mole gone?"
Mrs. Gu hurriedly urged.

Gu Manqing rolled her eyes and held out her hand despite her guilty conscience,
"Mom... I had a red mole at first, but..."

"But what?" Mrs. Gu looked at her.

Gu Manqing bit her lower lip and cried sadly, "But it was burned by my adoptive father. When I was ten years old, my adoptive father played cards outside and lost, so he vented on me, and then used a cigarette butt to burn me here. The red mole was burnt off, saying that everyone else is a black mole, and I have a red mole, which is specially designed to restrain his fortune..."

After hearing this, Mrs. Gu hugged her in her arms distressedly and cried. Get up, "My love is suffering, those who kill thousands of knives will not die!" The

mother and daughter cried together.

Fu Jingting looked at Gu Manqing with dark eyes.

Chapter 317 Gu Manyin's Trial Result

This woman, something is not easy!

He was still flustered just now, but soon calmed down again.

The calmness is more than that, and the mind is also turning very fast. In just a few seconds, I think of the reason why I don't have a red mole, and this reason is very reasonable, making people feel that there is nothing wrong at all.

Can Rong Shu and Cheng Huai really control such an overly intelligent person?

You must know that once such a person rebels, the consequences are absolutely unimaginable!

Thinking about it, Fu Jingting took out his mobile phone and called Assistant Zhang while walking towards the elevator.

"President Fu." Assistant Zhang's voice came.

Fu Jingting pursed his lips and said coldly, "You find someone to spy on Li Zhaodi, and if she has any unusual behavior, notify me immediately."

He must not let such a person threaten Rong Shu.

Once such a person dares to think that he should not move, he will immediately kill it in the cradle.

Although Assistant Zhang didn't know the reason for Fu Jingting's actions, he nodded, "I know about Mr. Fu, do you have any other orders?"

"No." Fu Jingting hung up the phone.

On the other side, Rong Shu drove to the court.

Li Chuan and Lu Qi were already waiting for her at the door of the court. When they saw her getting out of the car, they both walked over.

"Sister."

"Baby!"

Rong Shu closed the car door, "How long have you been here?"

"It's been a while, but it's not time yet, so I can't go in for the time being, so I can only wait outside." Li Chuan handed it to her A cup of milk tea that I bought a long time ago.

Rong Shu took the milk tea, "Thank you Xiaochuan."

"You're welcome." Li Chuan smiled gently.

Lu Qi pointed to the opposite side, "Baby, those reporters are watching you."

Rong Shu drank the milk tea and looked in the direction he pointed, and a group of reporters took pictures of her over there.

She thought that if there were no armed police stationed outside the court, these reporters would have rushed past.

After all, this trial is directly related to Gu Manyin's fate, and these reporters all want to know how she is feeling at the moment.

"Sister, don't pay attention to them, it will affect your mood." Li Chuan said lightly, scanning a group of reporters.

Rong Shu hummed, "Of course I don't care about them, but you, aren't you afraid that they will recognize you?"

Although he wore a hat and mask, his outstanding height and figure were enough to attract attention. After a few glances, you may not recognize it.

Li Chuan shrugged, "If you recognize it, recognize it, I don't care."

"It will affect your career." Rong Shu said.

Li Chuan's eyes darkened, "It doesn't matter, this career will not necessarily continue."

"What do you mean?" Rong Shu and Lu Qi first glanced at each other, then looked at him at the same time.

"Boy, are you planning to retreat?" Lu Qi put his hand on Li Chuan's shoulder.

Li Chuan shook his shoulders, shook his hands down, and smiled at Rong Shu, "I have this idea, but I'm still considering it."

"Why do you have such an idea?" Rong Shu frowned, "Becoming the world's top male model Isn't it your dream? Xiaochuan, did something happen?"

Otherwise, how to explain, he wants to give up his dream?

Li Chuan's eyes flashed, "No, I just feel a little tired and want to rest for a while."

"Really?" Rong Shu squinted her eyes, obviously not believing.

Li Chuan smiled and waved his hand, "Okay, sister, let's not talk about this, the door is open, let's go in."

Rong Shu turned to look at the court door behind her, and found that it was indeed open, so she nodded, "Okay, let's go in. ."

The three entered the courthouse, and some people who had been granted seats to watch the court also entered.

Shortly after entering, Gu Yaotian and his wife also arrived.

Rong Shu looked at Gu Yaotian and his wife, and looked at the hatred and cold eyes of Gu Yaotian and his wife. Not only was she not afraid, but she even smiled, making Gu Yaotian and his wife angry.

This trial was broadcast live, which means that netizens on the Internet can also see it.

Soon, Gu Manyin was brought up.

These days, she has been detained in the detention center. She can't eat or sleep well. Coupled with the psychological pressure, she has lost a lot of pounds.

If it weren't for her fair skin, Rong Shu would have thought that what she saw was Li Zhaodi.

In short, the current Gu Manyin looks just like Li Zhaodi, who just came out of the countryside. He is malnourished and will collapse when the wind blows.

Seeing Gu Manyin like this, Mrs. Gu directly covered her lips and cried in distress.

Although Gu Yaotian hated Gu Manyin miserably for a while, he couldn't hate him anymore, so he shook his head helplessly.

Snapped!

Although the judge's gavel was struck, the trial officially began.

In fact, this trial doesn't make much sense, because the evidence of Gu Manyin's murder of Rong Shu has been seen by people all over the world, so this trial is just a process.

Lu Qi looked at Attorney Rong Shu who was arguing with Attorney Gu Manyin, and suddenly thought of something. He turned his head to Rong Shu and said, "Baby, there is some bad news. I think I should tell you."

"What?" Rong Shu looked at him.

Li Chuan probably knew what Lu Qi was going to say, and his eyes turned cold, "What he wants to say should be what the lawyer said to us before you came."

"What exactly?" Rong Shu saw that their faces were so solemn and serious. stand up.

Lu Qi pinched his brows, "That's right, when you didn't come, I asked your lawyer, and your lawyer told us that Gu Manyin's punishment might not be what we thought, and he would go straight to jail. Most likely, it will only be dealt with probation."

"Probation?" Rong Shu squeezed the palm of his hand, obviously dissatisfied with the result.

She wanted Gu Manyin to go to jail, not a suspended sentence.

Lu Qi naturally knew this, so he said it was bad news .

"Yes, probation, the lawyer said that it is true that Gu Manyin murdered you, but you did not suffer actual harm, so her intentional murder is an attempted murder, and the punishment will naturally not be severe.

" There's actually such a thing!" Rong Shu's face turned red with anger.

Lu Qi sighed, "Yeah, and the lawyer also said that even if she framed you later, the result would be the same. The main reason is her current health. If she is sentenced, she will be executed outside of prison. External execution will eventually become a suspended sentence, so the lawyer said that Gu Manyin's final result is a suspended sentence."

Rong Shu bit her lip and said nothing.

probation?

How ironic!

She wanted to send Gu Manyin to prison, but she thought she could successfully send Gu Manyin in this time.

But in the end, he told her that the result might be a suspended sentence?

What could be more disappointing than such a result?

For a time, Rong Shu felt very heavy, and the breath around her body was suppressed a lot.

Lu Qi and Li Chuan knew why she did this.

In fact, they are also very dissatisfied, but the national conditions are like this. It only took five years for a mother to kill her own daughter, so sometimes the result of the trial is really not as perfect as imagined.

As time passed by, the trial came to an end.

The result of Gu Manyin's trial came out. As the lawyer said, the sentence was suspended for five years.

In the past five years, Gu Manyin was not allowed to leave the sea market, and he had to wear shackles. He was under the supervision of the police at all times. Once Gu Manyin was found to continue to do bad things, he would be imprisoned.

But if Gu Manyin kept himself safe, he would be fine, and if he acted bravely, his sentence might be reduced.

In other words, apart from being supervised at all times, Gu Manyin is still free, how he lived in the past and how he will live in the future, but he can't do bad things.

But Rong Shu couldn't accept such a result. She wanted to appeal, but was stopped by her lawyer.

Chapter 318 Unacceptable Results

Because the lawyer told her that even if she appealed, the second instance and the third instance would only uphold the judgment of the first instance, so there was no need to appeal.

"I'm so pissed off!" Lu Qi punched the seat.

Li Chuan didn't speak, he lowered his head and didn't know what he was thinking.

Rong Shu watched as Gu Manyin was taken down, and Gu Yaotian and his wife also left together.

Seemingly sensing Rong Shu's gaze, Gu Yaotian and his wife also turned their heads to look at her, showing a smug expression to her.

Especially Mrs. Gu, she even wanted to walk up to Rong Shu and laugh happily.

These days, because she felt that Man Yin would be imprisoned, she kept running up and down looking for help.

Especially for Rong Shu and Fu Jingting, she was so angry that they looked at her like garbage more than an hour ago.

But fortunately now that I am at ease, it is Rong Shu who should be angry.

Thinking about it, Madam Gu touched Gu Manyin's head and smiled happily towards Rong Shu.

Rong Shu squeezed her palm tightly, looked at her coldly, and finally turned her gaze to Gu Manyin.

Gu Manyin lowered her head, she couldn't see Gu Manyin's expression at the moment, but she probably felt that Gu Manyin was proud at the moment.

The Gu family left the court, and Rong Shu hadn't left because there was still Li Fan's trial.

The plot of Li Fan throwing sulfuric acid was more serious than Gu Manyin's murder of Rong Shu.

Because in Gu Manyin's murder, Rong Shu never appeared.

But Li Fan was different. He threw acid directly at Rong Shu, so the final outcome was three years in prison.

Other netizens who sent wreaths and knives, who were also detained in detention, were criticized by critics.

As for those marketing accounts and media, the situation is the most serious. Their crimes are not only to spread rumors about Rong Shu, but also to commit other laws. It

is not yet known what the outcome will be, because they have to be dealt with separately from this incident of Rong Shu.

Rong Shu is also not interested in this, as long as she knows that these marketing accounts and media will not end well.

After walking out of the courthouse, Rong Shu looked up at the sky. The sky was hazy, and it should be raining.

Lu Qi also looked up and sarcastically said, "Everyone said that if you win the trial and come out to see the sky, the sky must be clear, but we won..."

"Sister, are you alright?" Li Chuan looked at Rong Shu with some worry .

Rong Shu twitched the corners of her mouth and forced a smile, "It's alright, although the result is not what I wanted, but Gu Manyin doesn't dare to mess around, at least she will shrink her head and live a life in the future, so this result is not bad. Okay."

Seeing that she was just pretending to be okay, Lu Qi and Li Chuan looked at each other and didn't break her.

After a few seconds, Lu Qi suddenly said, "Tonight's celebration banquet, forget it."

Li Chuan nodded, no objection.

Rong Shu wanted to say no, but when the words came to her lips, she couldn't get out.

Because she found that she didn't care about the result that much.

If you don't care, why don't you even have the mood to hold a celebration banquet?

The three walked silently to the parking space by the road.

As soon as they got to the car, a group of reporters rushed over.

"Miss Rong, what do you think about the outcome of Gu Manyin's trial?"

"Yes, Miss Rong, tell me, are you satisfied or dissatisfied?"

Rong Shu lowered her eyelids and her face was cold. Ignore the reporters.

Li Chuan and Lu Qi were even more angry.

The two drove her away while protecting her into the car.

After a lot of hard work, the two finally got into the car from the group of reporters and drove away quickly.

On the way, Lu Qi saw the reporters who were still chasing them in the rearview mirror, and patted the steering wheel angrily, "Damn, these reporters are so difficult to deal with, and which pot can't be opened and lifted."

"Okay. Now, don't say a word." Li Chuan looked at the woman in the back seat and closed his eyes, and scolded in a low voice.

Lu Qi also realized that he said something he shouldn't have said, glanced at Rong Shu, and became quiet.

The three of them did not speak, and the atmosphere in the huge carriage was extremely heavy.

Fu Group, Fu Jingting sent the partner away, walked out of the reception room, and walked to the office. Assistant Zhang was waiting for him at the door of his office, and when he saw him coming, he said with a complicated expression, "President Fu, Gu Manyin

's trial is over." Fu Jingting's eyes flashed, "How many years?" "Five years of probation . ." Assistant Zhang pushed his glasses and replied with some regret. Fu Jingting stopped pushing the door and turned around abruptly, "What did you say? Five years of probation?" "Yes, because Gu Manyin did not cause any substantial harm to Miss Rong, plus Gu Man Because of Yin's own serious injury, he was sentenced to a suspended sentence, as well as 1 million in compensation for Miss Rong's personal reputation, and 5 million in compensation for Tiancheng Group's losses." Assistant Zhang said. Fu Jingting laughed angrily, "It's just five years of probation and six million in compensation!" "No way, the national conditions are like this. I also consulted our legal department after watching the live broadcast, and the answer given by the legal department is the same. Yes." Assistant Zhang sighed. Fu Jingting's thin lips were pressed tightly. After a while, he suddenly narrowed his eyes dangerously, "Staring at Gu Manyin, looking for an opportunity to set a trap for Gu Manyin." Since Gu Manyin couldn't go to jail. Then he personally took action and sent her in.

Assistant Zhang has followed Fu Jingting for so many years, and when he heard Fu Jingting's words, he understood something, and the glasses reflected, "Mr. Fu, do you want Gu Manyin to break the law during his probation?"

"That's right." Fu Jingting nodded.

Assistant Zhang's eyes lit up, "I see, I'll find an opportunity to arrange it."

Fu Jingting nodded and waved, "Go."

After Assistant Zhang left , he took out his mobile phone and dialed Rong Shu's number. .

He knew that Rong Shu really wanted Gu Manyin to go in.

So now with this result, she must be in a bad mood.

The phone was answered quickly, Rong Shu took it out and took a look, answered, her voice weak, "Mr. Fu, what's the matter with you?"

She put the phone on her shoulder and pressed the combination lock of the apartment, but because she was in a bad mood Jia, she had entered the wrong number several times, which made her even more irritable.

Fu Jingting heard it, and his voice softened, "I know the result of the trial."

"Oh? So you're here to laugh at me?" Rong Shu bent down and forced her concentration to enter the password again.

This time, I finally lost.

The door opened, she walked in, kicked off the shoes on her feet, and didn't wear slippers, she went into the living room barefoot and fell on the sofa, exhausted both physically and mentally.

On the other end of the phone, listening to Rong Shu's words, Fu Jingting frowned, "Laughing at you? Why do you think I'm here to laugh at you?"

"Could it be that you still care about me?" Rong Shu sneered.

Fu Jingting replied, "Yes, I know you're in a bad mood, so..."

"No, you can pull it down!" Rong Shu looked at the ceiling blankly, "I don't need your concern, I've already passed it on. It's time to need your attention."

When she needed his attention before, he never showed up, and even if he did, he didn't see it.

So now, she doesn't need it anymore, and so many people around her care about her, does she still care about his care?

Fu Jingting's heart shrank suddenly, and it was uncomfortable.

He clenched the phone tightly, the guilt in his eyes undisguised, "I'm sorry Rong Shu, I..."

“You don’t need to say sorry, it’s over, do you have anything else to do? If there’s nothing wrong, I’ll hang up.” Shu rubbed her temples, which were a little sore.

I don’t know what’s wrong, but my brain is so dizzy at the moment, I touched my forehead, and it doesn’t seem like I have a fever.

Chapter 319 Poisoning

Hearing Rong Shu’s weak voice, Fu Jingting swallowed what he was about to say, and asked eagerly, “Rong Shu, what’s the matter with you?”

“I’m fine.” Rong Shu closed her eyes, and her voice became weaker and weaker. .

Fu Jingting’s face sank.

The voice has become like this, is it still okay?

“Where are you now?” Fu Jingting asked quickly.

This time, Rong Shu didn’t answer. The phone slipped from her hand and onto the carpet, making a crisp sound.

And she herself tilted her head and seemed to be asleep.

Fu Jingting heard the sound of the phone falling, his heart sank, and he shouted Rong Shu’s reputation twice.

But Rong Shu didn’t respond.

Fu Jingting guessed that something might have happened to Rong Shu, hung up the phone with a tense expression, strode out of the office, and walked towards the technical maintenance department.

“Check where the signal of this number is.” Fu Jingting handed the phone to a programmer and ordered sharply.

Where has this programmer ever seen the big boss? He was so frightened by the big boss’s momentum that he took the phone and did the same.

A few minutes later, the programmer pressed the Enter key and replied, “Fu...Mr. Fu, the last beating signal of this number is in Repulse Bay.”

Repulse Bay!

After getting Rong Shu's current whereabouts, Fu Jingting's face finally improved a little. He took back his mobile phone, left the maintenance department after saying that the bonus was doubled.

Half an hour later, Fu Jingting came to the door of Rong Shu's apartment, followed by a worker who unlocked the lock.

After all, Rong Shu didn't even hang up the phone and didn't move. It was very likely that she had passed out. Since she fainted, she would definitely not come out to open the door.

"Open the door." Fu Jingting asked the locksmith to quickly open the door.

After the locksmith responded twice, he picked up the tool and started unlocking.

Soon, the combination lock was released.

Fu Jingting took out his wallet, directly took out a stack of red notes and threw them into the worker's arms, and quickly walked into the apartment.

But in the end, the workers happily took the money and left.

I really wish there were more guests like this with deep pockets.

In the apartment, as soon as Fu Jingting entered, he saw Rong Shu lying unconscious on the sofa.

He walked to the sofa in three steps and two steps, squatted down and shook her slightly, "Rong Shu, wake up!"

Rong Shu didn't respond.

Fu Jingting raised his hand and wiped her forehead, and found that she did not have a fever, and she didn't look like she was asleep.

Since she didn't fall asleep or passed out with a fever, it was obviously for other reasons.

Fu Jingting didn't think much about the reason, he directly picked up Rong Shu and left the apartment.

When he came to the hospital, Lin Tianchen happened to take a patient out of the elevator. When he saw Fu Jingting who was holding Rong Shu in front of the elevator, his face froze, and he quickly asked, "What's going on?"

"I don't know, she passed out." Fu Jingting lowered his head. Looking at Rong Shu, her face couldn't hide her urgency and worry, "Save her!"

"Push the bed!" Lin Tianchen called to the nursing front desk.

When the pusher came, Fu Jingting put Rong Shu on it.

A nurse also went up and straddled Rong Shu to do a simple examination. The other medical staff pushed the lathe and ran to the emergency.

Fu Jingting also followed, his eyes kept on Rong Shu until the door of the emergency room was closed.

At the same time, in a senior ward, Mrs. Gu went in with a thermal bucket, looked at Gu Manyin, who was sitting on the hospital bed with her head bowed and did not respond. She put down the thermal bucket and said, "Manyin, mother told you a good How's the news?"

Gu Manyin still didn't respond, just like a puppet who lost his soul, his whole face was expressionless.

Mrs. Gu was both distressed and angry.

She was so distressed that her daughter had become like this. After she came out of the court, she didn't say a word and just sat there all the time. She even wondered if her daughter had depression or autism.

But whether it is or not, it is Rong Shu's fault for Man Yin's appearance. She is angry that Rong Shu has nothing to do with it, but she has harmed Man Yin like this!

But thinking of what she had just seen, Madam Gu felt relieved again. Maybe after she said it, Man Yin's mood would also improve.

Thinking about it, Mrs. Gu took Gu Manyin into her arms and said happily, "Manyin, when my mother came back from outside, she saw Rong Shu being taken to the emergency room."

Hearing this, Gu Man Sound finally responded, and her body moved.

Mrs. Gu was so happy that she almost cried, "It's great Manyin, you finally moved, you really scared mom to death."

"Mom... What happened to Rong Shu?" Gu Manyin looked up at Mrs. Gu and spoke.

But the voice was particularly hoarse, as if he had never spoken.

Madam Gu was even happier.

Man Yin can speak, so it doesn't seem to be autism, so she can rest assured.

"I don't know what happened to her. I only saw that she was pushed into the emergency room. If she was able to enter the emergency room, the situation must be very serious. Maybe it was because she couldn't accept your suspended sentence, so she was stimulated like this. If you want me to say, she deserves it, she deserves retribution, who told her not to forgive others and forgive others." Madam Gu said with a yin and yang, she didn't have the graceful temperament of a normal lady at all, but she resembled Wang Shuqin very much.

Perhaps it was because the Sansheng Group fell into disrepair, so her noble temperament was also lost along with it.

"Really." After hearing Madam Gu's words, Gu Manyin's expression didn't change much, and she couldn't tell whether she was happy or unhappy.

Mrs. Gu looked at her and always felt that her whole person had changed since she came out of the detention center, as if she had become unfathomable.

...

Outside the emergency room, Fu Jingting waited for nearly an hour, and the door of the emergency room finally opened.

He quickly stood up and walked towards Lin Tianchen, "How is Rong Shu?"

Lin Tianchen took off his mask, his face a little bad.

Fu Jingting's heart sank suddenly, and he clenched his fists, "What's wrong with Rong Shu?"

"She's poisoned!" Lin Tianchen replied.

"What? Poisoned?" Fu Jingting was stunned, then grabbed his neck and asked, "How could she be poisoned? What kind of poison is in it?"

He originally thought that Rong Shu was sick.

But he didn't expect the result to be worse than he thought, it was poisoning!

"She is a chemical toxin, which should be taken orally. That kind of poison will not cause much damage to her body. It will only make her weak for a period of time, but..." Lin Tianchen wanted to Stop talking.

Fu Jingting clenched his back teeth tightly, "But what?"

He was relieved to hear Lin Tianchen say that the poison would do no harm to Rong Shu's body.

The result actually told him, there is but!

And looking at Lin Tianchen's heavy appearance, this one doesn't seem to be good.

Lin Tianchen pushed his glasses, looked at Fu Jingting and replied, "But this kind of poison is fatal to the child in her stomach. In a better situation, the child in her stomach will develop deformities. Directly become a stillbirth!"

"What?" Fu Jingting's pupils shrank suddenly.

Deformed, stillborn...

"So this poison is specifically aimed at the child in Rong Shu's womb?" Fu Jingting looked at Lin Tianchen with a gloomy expression.

Lin Tianchen nodded, "Yes, there is no damage to the mother, only to the fetus, so the answer is obvious, the person who poisons just wants to get rid of the child in Rong Shu's womb, but does not want to hurt Rong Shu, and I just checked, The child in Rong Shu's belly has begun to appear deformed, which means that she has been taking this poison for a period of time, at least half a month."

Fu Jingting's heart was full of anger, his fists clenched, and his whole body became more breathable . It was terribly cold.

who?

Who the hell was going to kill his child?

Chapter 320 The child must be removed

Seemingly seeing what Fu Jingting was thinking, Lin Tianchen took off his glasses and wiped them, and said faintly, "I don't want to hurt Rong Shu, I only attack the child in Rong Shu's womb, obviously it was done by someone who loves Rong Shu, because he I can't accept that there are other men's children in Rong Shu's stomach, so you can use the exclusion method to figure out who it is."

After saying this, he put on his glasses and left, and went to arrange a ward for Rong Shu.

For him, as long as Rong Shu is all right, he doesn't care about anything else.

So he didn't care what happened to the child in Rong Shu's belly.

If you want to be angry, let Fu Jingting be angry alone.

Lin Tianchen left, and Fu Jingting was still standing, because Rong Shu hadn't come out yet.

He clenched his fists tightly, his face gloomy and unpredictable.

As far as he knows, there are three people who adore Rong Shu.

Lu Qi, Li Chuan, and Cheng Huai!

So is the person who poisoned one of these three people?

Fu Jingting lowered his head, and there was a storm in his eyes.

He thought about the three people carefully, and after thinking about it, he was still not sure who it was.

But no matter who it is, he will never let it go!

Just as he was thinking, the sound of the wheels rolling sounded.

Fu Jingting suppressed the anger in his heart, took a step forward, and stared at the door of the emergency room.

The medical staff pushed Rong Shu out.

Fu Jingting followed by the pusher, "Is she alright?"

A nurse held up the bottle and replied, "The mother is fine, but the fetus in her womb has a big problem..."

Fu Jingting grabbed the hand on the pusher armrest, Suddenly clenched.

Of course he knew what was wrong. Lin Tianchen had just said that the fetus was deformed.

In other words, this child cannot be left.

For a time, Fu Jingting only felt a pain in his heart, like a lot of sharp needles being pierced, the pain made him unable to breathe.

He kept looking for the right opportunity to tell Rong Shu the truth about this child. He didn't ask Rong Shu to forgive him and remarry him, but at least they still had a child to maintain their bond.

Maybe one day in the future, she will forgive him in the face of the child, and their family of three can be together happily.

But now, everything has come to nothing.

In the ward, Lin Tianchen was giving Rong Shu some adjustment.

Fu Jingting came to him and asked reluctantly, "The child...is there any help?"

Lin Tianchen flicked the drip hose, "You mean, can this child develop normally, right?"

Fu Jingting nodded.

That's what he meant.

Lin Tianchen smiled, "Of course not, if it was discovered a week earlier, it might be fine, but now the fetal cells are deformed, and the medical treatment can't be changed."

"So this child..."

"Must be beaten!" Lin Tianchen Looking at him, cut off his words, "Unless you want Rong Shu to give birth to a monster with no arms, no legs, or no eyes and no nose?"

"That's not a monster!" Fu Jingting roared with red eyes.

Lin Tianchen shrugged, "Sorry, it's my fault, I really shouldn't call your child a monster in front of you, but I don't think I'm right, you are the child's father, of course you are I don't think your child is a monster, but what about others? You can't control other people's thoughts."

"How do you know that the child in Rong Shu's womb is mine?" Fu Jingting stared at him scrutinizingly.

Lin Tianchen pushed his glasses and said, "Is it difficult? You can tell by your performance. If this child is not yours, why are you so excited? In short, discuss with Rong Shu. When will the surgery be, my suggestion? It should be no more than this week at the latest. The child is already broken, so there is no need to let it continue to develop. If you finish it early, it will also be good for her physical recovery."

After that, he picked up the medical records and went out of the ward. Other medical staff followed him out.

There were only Fu Jingting and Rong Shu in the ward.

Fu Jingting walked to the hospital bed and sat down, stretched out his hand to hold Rong Shu's dripping hand, looked at her pale face, and did not speak for a long time.

On the other side, as soon as Lin Tianchen returned to his clinic, there was a knock on the door.

"Come in." Lin Tianchen put down Rong Shu's medical record folder and shouted.

The door opened, and Mrs. Gu came in from outside, "Tianchen, are you finished?"

Lin Tianchen's eyes flashed with a gleam of light, and it was fleeting. He nodded slightly and replied, "I'm done, what's wrong with Mrs. Gu?"

"Yes . In this way, after Man Yin came out of the detention center, something was wrong. She didn't like to talk, move, or laugh. If she hadn't said a few words to me before, I would have even suspected that she was suffering from the disease. Depression and autism." Madam Gu sighed.

Lin Tianchen hooked his lips, "Mrs. Gu has been worrying too much, Manyin's face cells are three times thicker than ordinary people, so I think anyone can suffer from autism, but she definitely won't, this is hers alone. Talent." The

implication is that Gu Manyin has thicker skin than normal people, so how could he have autism.

But Mrs. Gu didn't understand. When she heard the word "cell", she felt that Lin Tianchen was talking about medicine, so she didn't think about it, but laughed at ease, "Yeah, that's good."

Lin Tianchen He laughed, with a hint of sarcasm in his laughter.

Madam Gu heard it now and felt a little strange.

Is he laughing at her?

Madam Gu looked up at Lin Tianchen, but at this moment Lin Tianchen's expression had returned to the usual indifference, and Madam Gu saw nothing.

As for she had already begun to wonder if she had just heard it wrong.

He must have heard it wrong. After all, Tianchen has a good relationship with Manyin, and she is Manyin's mother, so how could he laugh at her.

Thinking of this, Mrs. Gu felt relieved, smiled bitterly and said, "Tianchen, although you said that Manyin would not have autism, but looking at Manyin's appearance, I am still a little worried, I remember that you once tried to make Manyin feel autistic. Yin woke up and went abroad for psychology, so I want to invite you to visit Man Yin and enlighten her."

"It doesn't matter if I pour water, but I don't think she necessarily wants to see me." Lin Tianchen wrapped his arms around his arms. .

Mrs. Gu didn't know that Lin Tianchen and Gu Manyin had broken up a few days ago, she just thought he was joking.

"How could that be? Apart from me, her father and sister, there are no other friends around Manyin. That girl from the Gao family has already broken up with Manyin, but the girl from the Meng family doesn't have one, but she is still there now. He was detained and didn't come out, so now Manyin's friends are only you, and it's too late for Manyin to be happy when she sees you, how could she not want to see you." Madam Gu said.

Lin Tianchen smiled, "If that's the case, then I'll go see her, I hope Mrs. Gu won't regret it, let's go."

He put his hand in the pocket of his white coat and left the clinic first.

A few minutes later, Gu Manyin's ward arrived.

As soon as he walked to the front of the ward, the door of the ward opened, and Gu Manqing wiped his eyes and came out.

When Mrs. Gu saw it, she quickly pulled her and asked, "Manqing, what's the matter with you?"

"I'm fine, it's my sister. I wanted to comfort her, but she didn't want to see me, so she kicked me out." Gu Manqing said sobbing.

Mrs. Gu frowned, "What's the matter with this child, I promised to get along well with you last time, and said that I would get along with you, why now..."

"Okay Mom, don't care about my sister, it's my fault, it's because I embarrassed my sister, so my sister hates me, but I don't want to, if I grew up at home, I'm definitely not like this now ." Gu Manqing looked at Madam Gu with tears in her eyes.

Chapter 321 My benefactor is Rong Shu

Madam Gu took her into her arms distressedly, "It's all to blame that bastard Rong Hao, if he hadn't taken you away, how could you end up in such a family, Man Yin too, she knew this, yet she treated herself like this. Sister, you're really not sensible at all!"

Madam Gu patted Gu Manqing's back and complained.

If it weren't for the man's love that was gone back then, Man Yin's child would not have been carried to Gu's house at all.

She treats Man Yin as her own daughter, and even if her own daughter comes back, she does not take back any love for Man Yin.

But Man Yin treated her biological daughter like this, which really made her panic.

Gu Manqing noticed Madam Gu's resentment towards Gu Manyin, and in a place where Madam Gu couldn't see, she slowly raised the corners of her mouth, showing a successful smile, where there was a bit of grievance and crying.

Relying on his height, Lin Tianchen naturally saw Gu Manqing's change, and raised his eyebrows slightly.

Is this the eldest daughter that Gu Jiaxin found?

He's really not a simple character. He disguised himself as a poor person in just a few sentences. While arousing Madam Gu's pity, it also lowered Gu Manyin's position in Madam Gu's heart.

It seems that the Gu family has a good show to watch in the future.

"Mrs. Gu, your mother and daughter are outside, I'll go in and watch Manyin by myself." Lin Tianchen said with his glasses backlit.

Mrs. Gu nodded, "Okay, then I'll trouble you Tianchen." Lin Tianchen

didn't answer, just showed a meaningful smile, opened the door and went in.

Inside the door, Gu Manyin sat on the bed with her head lowered as Madam Gu said, like a puppet without a soul.

But Lin Tianchen knew that Gu Manyin was like this, not because she went through a prison and was brought down.

On the contrary, she didn't fall down, she just learned to restrain the sharpness all over her body, and it settled down. In fact, her nature has not changed at all.

It just makes it look like she has changed.

Lin Tianchen closed the door and looked at Gu Manyin with a half-smile, "Don't you look up to see who I am?"

This voice!

The enemy is very jealous when they meet.

Gu Manyin raised her head suddenly and stared at Lin Tianchen with split eyes, "It's you! You still have the face to see me!"

Lin Tianchen pulled a chair and sat down beside her hospital bed, "Why? Shameless?"

"You traitor, traitor!" Gu Manyin gritted his teeth, as if he wanted to eat Lin Tianchen.

Lin Tianchen raised Erlang's legs and looked at her with interest, "Traitor? Where does this come from!"

Gu Manyin looked at the joke on his face and became angry, "Isn't it? It's clearly a plan to murder Rong Shu. You thought of it, the staff was also arranged by you, and the location was decided by you, but you didn't admit it at all, it's all down to me, Lin Tianchen, why are you doing this to me!"

She asked hoarsely.

Lin Tianchen glanced at the shackles on her feet, and said lightly, "I'm sorry, I don't understand what you are saying, I have never murdered Rong Shu, and I will never murder him, it's not good for you to frame me like this. Right?"

Gu Manyin's eyes widened in disbelief, "Lin Tianchen, you..."

Lin Tianchen pursed his lips and laughed sneeringly, "Does it feel uncomfortable to be wronged? Rong Shu felt the same way back then."

"You... Are you helping Rong Shu?"

At this moment, Gu Manyin didn't know what else, this person was from Rong Shu's side.

Gu Manyin slapped the quilt like crazy, "You told me back then that those six men had mistaken people for fear of our revenge, so they have already escaped, and you don't know where they went, but those people didn't admit their mistakes. Man, their first target was me, and they didn't run away, right? You let them go, and you got those two videos from those six men. There was never any hacker who helped Rong Shu. Everything is because of you helping Rong Shu, right!"

Lin Tianchen raised his eyebrows.

It seems that after walking out of the detention center, this woman has some brains.

But she still guessed part of it wrong, that is, there are indeed hackers here to help.

Seeing that Lin Tianchen didn't speak, Gu Manyin thought she was right, and screamed madly, "Lin Tianchen, you devil, were you also bewitched by Rong Shu, so you turned to her and helped her deal with me together? "

Why?

Why is God so unfair, why is everyone around her attracted to Rong Shu in the end!

It was Jing Ting, and so was Fu Jinglin. Now Lin Tianchen has been recruited by Rong Shu.

Rong Shu is that good?

The more she thought about it, the more she couldn't accept it, the more she thought about it, the more jealous she became, and Gu Manyin's face was distorted.

She grabbed the quilt tightly, and stared at Lin Tianchen fiercely, as if she was going to stare Lin Tianchen out of two holes, her voice was even more poisonous, and it made people feel cold, "Lin Tianchen. , Are you worthy of me for doing this? I'm your savior, you..."

"Savior?" As if hearing a big joke, Lin Tianchen raised his head and laughed.

Seeing his smile, Gu Manyin felt a huge panic in her heart, and her lips trembled, "You... what do you want to laugh at?"

For some reason, the way he smiled made her horrified and very uneasy.

After laughing for about ten seconds, Lin Tianchen finally stopped.

He stood up abruptly, stepped over to Gu Manyin's bedside, lowered his head, and gave her an extremely terrifying smile.

That smile seemed to make Gu Manyin feel that she had seen that kind of terrifying lunatic pervert in the movie.

Gu Manyin subconsciously leaned back, trying to avoid Lin Tianchen 's gaze.

But Lin Tianchen suddenly stretched out his hand to grab her neck, and exerted all his strength, his voice was as cold as a demon from hell, "Gu Manyin, you pretended to be

my savior and enjoyed my efforts for more than ten years, you are very proud of it, right? , and looking at you, it seems that you have completely substituted yourself into the role of my savior, you can't tell whether you have saved me or not?"

Hearing this, Gu Manyin's head banged, Cold all over.

Her neck was stuck tightly by Lin Tianchen, her breathing became a problem, her face was even more red, her eyes were bulging out, and her voice was particularly hoarse, "You... you know? "

Yes, I see." Lin Tianchen tightened his grip again.

Gu Manyin couldn't even shout in pain, and beat his hand with both hands, trying to break free from his hand.

But Lin Tianchen's hands were like iron tongs, no matter how hard Gu Manyin tried, he couldn't shake it.

Gradually, Gu Manyin became weaker and weaker, the force of beating on his hand gradually became smaller, and his movements became slower.

She opened her mouth wide and wanted to breathe through her mouth, but the air she could breathe was only a tiny bit, and it had no effect at all.

Soon, Gu Manyin's uncomfortable tears and snot flowed out.

When Lin Tianchen saw this, a trace of disgust flashed in his eyes, and he threw her away forcefully.

Gu Manyin was thrown on the hospital bed, clutching the quilt tightly with both hands, breathing greedily like the rest of her life.

Lin Tianchen took out a disinfectant wipe from his pocket, wiped his hands, and said coldly, "Gu Manyin, do you know who the savior you pretended to be?"

Gu Manyin's breathing stopped for a while.

who is it?

Thinking of Lin Tianchen's sudden surrender to Rong Shu, she looked at him in disbelief.

Lin Tianchen hooked his lips and smiled, "Yes, it's Rong Shu!"

Chapter 322 Lin Tianchen's Revenge Declaration

Gu Manyin felt as if time had stopped, and the whole world was quiet. The silence made her whole body icy cold, as if her throat was blocked by someone, and she couldn't breathe because of the huge resentment.

Rong Shu!

It's actually Rong Shu again!

Is she destined to live in the shadow of Rong Shu all her life?

Fu Jingting's pen pal is Rong Shu, why is Lin Tianchen's savior also Rong Shu?

And it was a coincidence that I was pretending to be Rong Shu twice!

Why? Why should God tease her like this!

"Ahhhh!" Gu Manyin roared in a broken-hearted manner.

Lin Tianchen just looked at her without any emotion, "You know now why my attitude towards you suddenly changed."

Gu Manyin trembled for a while, then opened her mouth and asked, "You... what the hell are you? When did you know that I'm not your savior?"

"That's when you asked me to perform an abortion on Rong Shu." Lin Tianchen answered directly without concealing her from her.

Gu Manyin cried and laughed, "So it is, so it is, no wonder Rong Shu and the evil seed in her stomach can survive under your hands, you said at the time that you didn't perform surgery on Rong Shu, because Jing Ting was outside, in fact, both It's your excuse to deal with me!"

Lin Tianchen shrugged, acquiescing to her guess.

Gu Manyin laughed even more crazy.

She was wrong!

She should have figured out earlier that there was something wrong with what he said at the time. After all, he was going to kill someone, so how could he care about Jing Ting, and he was not afraid of Jing Ting!

It's a pity that she didn't think about it at the time, otherwise she would never end up like this now.

“You should be very glad that I found out so late that you are not my savior, because I have not left any evidence for all the bad things you have done to Rong Shu. Otherwise, do you think you can still live happily until now?” Lin Tianchen raised his voice. With his chin down, he looked at Gu Manyin sarcastically and arrogantly.

Gu Manyin looked at him vigilantly, “So what? You want to take revenge on me?”

Lin Tianchen’s lips curled slightly.

Although he didn’t speak, the meaning was obvious.

Gu Manyin’s pupils shrunk to the size of pinpoints, her body curled up, and she roared in a panic, “No, Lin Tianchen, you can’t, you can’t blame me for all the faults, I admit that I’m pretending to be Rong Shu. , but that wasn’t my intention, it was you who mistaken me, so you are not qualified to take revenge on me!”

“You are right, it is true that I mistaken you, but you know very well that you are not my savior, but in When I confessed to you, you didn’t deny it

? Suddenly speechless.

Yes, Lin Tianchen’s confirmation was wrong for her, but it was a fact that she didn’t deny it.

If someone lied to her like this, she would definitely be very angry, and she would want to take revenge on the other party.

Thinking of this, Gu Manyin only felt a huge sense of fear enveloped her, and she couldn’t help hugging herself tightly.

To say who she is most afraid of, it is undoubtedly Shi Mo and Lin Tianchen, and even the fear of Lin Tianchen is greater than that of Shi Mo.

The reason why she didn’t show the slightest fear of Lin Tianchen before, and even instructed Lin Tianchen arrogantly, was because Lin Tianchen didn’t know that she was a fake savior, but now that Lin Tianchen knew, what would she do to Lin Tianchen? Fear naturally emerged.

Because this person is a pervert at all, and when she falls into this person’s hands, she can’t imagine what will happen to her!

As if seeing what Gu Manyin was thinking, Lin Tianchen suddenly patted her on the shoulder.

Gu Manyin’s body shook violently, almost screaming.

Lin Tianchen narrowed his eyes and said in a cold voice, "Don't worry, during this period you are the focus of the police's supervision, and I will not do anything to you. When the police's supervision of you is relaxed a little bit later, I will I'll take action against you, so you should cherish these few peaceful days."

After speaking, he turned and walked out of the ward under Gu Manyin's terrified gaze.

Outside the ward, Mrs. Gu and Gu Manqing were talking and smiling happily.

Seeing Lin Tianchen coming out, Mrs. Gu hurriedly asked, "Doctor Lin, how is Man Yin?"

"It's nothing, but I can't accept my situation and I'm just depressed. It will be fine after a while." Lin Tianchen pushed his glasses. Say.

Mrs. Gu breathed a sigh of relief, "That's good, thank you Dr. Lin."

"You're welcome." A strange light flashed in Lin Tianchen's eyes, and he said goodbye and left.

Night falls.

In another senior ward, Rong Shu had not woken up.

Fu Jingting was still sitting beside the hospital bed to accompany her.

At this time, there was a knock on the door of the ward.

Fu Jingting said in a deep voice, "Come in." The

door opened, and Assistant Zhang came in from the outside, "Mr. Fu, Young Master Jinglin is back, and I can't get through to you, so call me and let me ask you when you will go back for dinner. ."

Fu Jingting looked at Rong Shu, "Tell him, I won't go back tonight."

Assistant Zhang glanced at Rong Shu on the hospital bed and nodded slightly, "I see."

Also, Miss Rong looks like this, How could President Fu leave her alone.

And now, Mr. Fu is also very uncomfortable. After all, Mr. Fu is looking forward to the child in Miss Rong's belly. The child is about to die, what a mess!

"In addition." Fu Jingting suddenly thought of something, turned his stiff neck to look at Assistant Zhang, "Check whether Li Chuan, Lu Qi and Cheng Huai have gone to some

hospital pharmacies or chemical laboratories in the past half month, including them All three people around you also check it out.”

Even if the three of them won't go to buy medicine in person, they may order others to do it.

“Understood!” Assistant Zhang knew that Fu Jingting suspected that the three people gave Miss Rong the medicine, and immediately agreed.

In fact, don't say that President Fu doubts, he also doubts.

Because these three people are all people who admire Miss Rong, and they will not accept other men's children in Miss Rong's belly.

Assistant Zhang went out to follow suit.

Fu Jingting rubbed his temples, and suddenly the phone rang, not his own, but Rong Shu's.

When he went out to see a doctor with Rong Shu in his arms, he brought her mobile phone with him.

Fu Jingting picked up the mobile phone by the bed and glanced at it, the words Lu Qi were constantly jumping on the screen.

Fu Jingting narrowed his eyes.

What did Lu Qi call at this time?

Without thinking much, Fu Jingting hung up Lu Qi's phone.

On the other end of the phone, Lu Qi was stunned when he looked at the phone he had been hung up on, “What's the matter? Baby hang up my phone?”

But soon, Lu Qi realized that Rong Shu was in a bad mood and hung up. After thinking about it, I sent a text message to go out baby, don't be depressed anymore, we can get Gu Manyin sentenced to probation, and we will definitely let Gu Manyin in in the future. If it really doesn't work, we will find a way to find something for him , how about letting her take the initiative to break the law? “

Seeing this text message, Fu Jingting finally understood the purpose of Lu Qi's call. It was because Rong Shu was not satisfied with the judgment of Gu Manyin during the day and was in a bad mood, so he called to greet him specially.

Fu Jingting pursed his lips . , still no reply.

Lu Qi on the other end of the phone waited for a few minutes, knowing that there would be no news coming, sighed, and continued to send text messages. Okay, it seems that you are not in a good mood yet. Then I won't disturb you, you are fine. Rest, I'll see you tomorrow, good night.

Who wants you to see?

Chapter 323 He is the father of the child

Fu Jingting snuffed out the phone with a dark face, and threw the phone back on the bedside, feeling depressed for a while, and at the same time, faintly envious.

Envy Lu Qi can say that he can go to see Rong Shu, he doesn't need Rong Shu's consent at all, but he can't.

Obviously, he once had her and the person he loved the most.

But in the end, he was pushed away by him again...

Fu Jingting grabbed his heart, the heart in his chest was aching dully.

He looked down at Rong Shu, and there was a sure-fire light in his eyes.

No matter what, he will never give up on her, she can only be his!

The night passed slowly...

The next morning, Rong Shu frowned and finally opened her eyes and woke up.

Looking at the white ceiling, she was stunned.

where is this?

Isn't she in her own apartment, why did she change places when she woke up?

Suddenly, Rong Shu sat up quickly, trying to figure out where she was.

However, as soon as she sat up, she felt something grabbing her hand, and turned to look, it was Fu Jingting.

Fu Jingting took her hand and was sleeping beside the bed.

Rong Shu's eyes widened, wondering why Fu Jingting was here.

But then she found that something was wrong with her clothes, with blue and white stripes, obviously sick clothes.

So you're in a hospital ward now?

Rong Shu quickly took her hand out of Fu Jingting's and put it on her forehead, with a doubtful expression on her face.

What exactly is going on?

She took a nap, why did she sleep in the ward?

Rong Shu suddenly took his hand away, and Fu Jingting was awakened.

He opened his eyes abruptly and raised his head, seeing Rong Shu wake up, his eyes softened instantly.

"Awake?" Fu Jingting asked with his thin lips lightly opened, his voice still hoarse after waking up, very sweet.

"Is there any discomfort?" He stood up, pressed the call bell on the bedside, and asked with concern.

Rong Shu looked at him and shook her head, "No, but why am I here?"

"Yesterday when I called you, you suddenly lost your voice. I went over to see that you were in a coma, so I sent you away. Come here." Fu Jingting said.

Rong Shu nodded suddenly, "So that's the case, but what happened to me? What's wrong with me?"

She asked again.

Fu Jingting's thin lips moved, but did not answer.

He didn't know how to tell her about her current situation.

I don't know how she will react when she finds out.

Will it be sad or...

Seeing that Fu Jingting didn't speak, Rong Shu's heart sank, and she subconsciously grasped the quilt under her hand, "Say, what's wrong with me?"

She asked again, with a hint of urgency in her tone.

He refused to say, could it be a terminal illness?

Rong Shu felt a little flustered in her heart.

Fu Jingting looked at her and was about to say something.

Lin Tianchen's voice sounded from the door, "Tell her directly, there is no need to hide this kind of thing."

Fu Jingting frowned.

Rong Shu looked up at the door, "What do you mean?"

Lin Tianchen walked in, "You are poisoned!" "Huh

?" Rong Shu was a little confused, "Poisoned?"

"That's right." Lin Tianchen nodded.

Rong Shu gripped the quilt even tighter, "What kind of poison is in it?"

She didn't remember any poisonous things she had touched or eaten.

So, why is she poisoned?

Rong Shu looked at Fu Jingting again.

Fu Jingting didn't hide it this time, after all, Lin Tianchen had already said it.

"What is in you is a chemical toxin. It does no harm to your body, but it will cause fatal damage to the child in your stomach. It will cause the child to develop deformities and eventually become stillborn." Fu Jingting clenched his fists and looked at Rong Shu said in a dry voice.

Rong Shu's pupils dilated, and subconsciously put her hand on her stomach, "Deformed... deformed? Stillbirth?"

Fu Jingting didn't speak, just nodded.

Rong Shu tightened her hand on her stomach, opened her mouth, and made a sound after a long while, "Why is this?"

Lin Tianchen leaned against the wall and added, "You have been poisoned for almost half a month. , Now the child in your belly is deformed."

It's deformed!

Rong Shu's face changed slightly, and she hurriedly looked down at her stomach, "So... this child..."

"It must be removed!" Lin Tianchen told her.

Rong Shu's face turned pale, and her body became tense, and her whole body revealed an indescribable complex aura.

Fu Jingting thought that she couldn't bear it, she was sad, there was a hint of distress in her eyes, and she spoke to comfort, "It's okay, in the future..."

"It's fine." Rong Shu suddenly raised her head and showed a smile.

But that smile, anyone can see that it is extremely reluctant.

She was forcing a smile.

"What's good?" Fu Jingting looked at her with some unpleasantness in his heart.

Rong Shu took a breath, calmed her emotions, and said lightly, "Of course it's this child, I was going to take it off, and I've made an appointment in a foreign hospital. I'm going to have an operation this Saturday, and now this child is deformed. , it just made me more determined to take it off, so it's good."

However, even though she said that, she felt uncomfortable in her heart, sore and swollen, and even her eyes were faintly wet.

It turned out that after spending many days and nights together, she already had a trace of affection for the child in her belly.

Beside him, Lin Tianchen heard Rong Shu's words, but he didn't have any special reaction except for a moment of surprise.

After all, he only cares about her, the child in her belly, and he doesn't care about him, so he doesn't care whether she keeps that child or not.

And Fu Jingting's emotions were intense.

He looked at Rong Shu in shock and said in a low voice, "What did you say? You have made an appointment in a foreign hospital for surgery on Saturday?"

"Yes." Rong Shu nodded.

"Why didn't you tell me?" Fu Jingting asked with a gloomy face.

She didn't even say anything about such a big thing, she didn't reveal any news at all, and by the time he knew, her operation would have been done long ago!

Rong Shu frowned and looked at him strangely, "This is my business, why did you tell me?"

They have long since divorced.

It doesn't make sense for her to tell her ex-husband about everything!

Fu Jingting froze for a moment, then suddenly calmed down.

It was only then that he realized that she didn't know that he was the father of the child, so she naturally wouldn't tell him.

Want to say?

Fu Jingting pursed his thin lips, hesitant.

Beside him, Lin Tianchen, who was watching the fun and didn't take it too seriously, suddenly raised the corner of his mouth and said, "Because he is the biological father of the child in your womb, of course he wants you to tell him!"

Fu Jingting's pupils shrank, and suddenly turned to look at Lin Tianchen.

This man actually spoke out for him!

Rong Shu recovered from the daze, her eyes were dazed and mixed with shock, and she also looked at Lin Tianchen, "What are you talking about? Fu Jingting is the biological father of the child in my womb?"

"That's right!" Lin Tianchen pushed Glasses nodded.

"What are you joking about, what's this..." Before the

words were finished, Rong Shu saw Fu Jingting's complicated expression out of the corner of his eyes, and he couldn't speak any more.

"It's impossible, how could you be the father of my child!" Rong Shu shook her head violently, her face full of disbelief.

But her pale face at the moment showed that she was restless and shaken in her heart. Seeing Rong Shu like this, Fu Jingting said with a congested

throat, "He is right, I am indeed the father of the child in your womb, and the person that night was me."

to fall.

Fu Jingting took a step forward, trying to hold her.

Rong Shu put one hand on the pillow, stabilized her figure, and shouted, "Don't touch me!"

Chapter 324 Take it away now

Hearing her disgusted tone, Fu Jingting suddenly stopped in place.

Rong Shu held her head, feeling very uneasy.

It's Jingting!

The person that night was actually Fu Jingting!

No, how is this possible!

What she saw when she woke up that morning was obviously another man, not Fu Jingting!

Rong Shu was still reluctant to believe Fu Jingting's words completely. She looked around and saw her own mobile phone by the bed. She grabbed it like a life-saving straw. Then she clicked on WeChat, found the nickname zh, and dialed it directly.

Soon, the mobile phone in Fu Jingting's trouser pocket rang, sending out the exclusive ringtone for the voice call.

At that moment, Rong Shu felt that her whole world had collapsed. The phone slipped from her hand and hit the quilt.

It's him, it's actually him!

Rong Shu could no longer deceive herself. The man that night was not Fu Jingting anymore.

She clutched the quilt tightly and looked at Fu Jingting with red eyes, her voice full of anger, "Why are you lying to me? Is it fun to lie to me?"

"I'm not..."

Rong Shu interrupted Fu Jingting emotionally, "You lie to me? Want to say that you didn't mean it? Ha!"

She laughed sarcastically, "I was drunk that night, didn't you? You know it was me that night, but you didn't tell me, instead, what kind of vest was used to follow me? I will contact you, every time I thank you for your help, I am afraid you will laugh at me behind my back, laugh at me for being stupid, I don't know if it's you, Fu Jingting!"

Fu Jingting frowned, "I admit that I concealed my identity to contact you, But I haven't lied to you, let alone laughed at you, zh is also my name, you know, my other name is Zhonghe!"

So from beginning to end, he always used his real name to contact her.

It's just that she didn't recognize it herself.

Rong Shu laughed angrily, "With two initials, who would have guessed it was Zhong He?"

What's more, she only knew that his other name was Zhong He when she knew that he was Xiao Zhong.

So even if she guessed from the beginning that zh is Zhonghe, she didn't know that Zhonghe was Fu Jingting.

Fu Jingting choked and suddenly fell silent.

Yes, it's really hard to guess just two letters.

Beside him, Lin Tianchen, who had been watching the play silently, looked at Fu Jingting, who was justified, and at Rong Shu, who was angry, and pushed his glasses slightly.

Oops, he said that the child's biological father was Fu Jingting, and it seemed that he was in trouble.

Rong Shu pinched the palm of her hand, and the corners of her mouth taunted, "No wonder Gu Manyin wants to get rid of the child in my belly, so she already knew that the child was yours."

Fu Jingting's face darkened, "Gu Manyin knows that The child is mine?"

How is this possible?

How could Gu Manyin know?

He didn't tell Gu Manyin what happened with Rong Shu that night, so how did Gu Manqing know?

“Rong Shu is right, Gu Manyin does know, I can testify about this, and I have known it for a long time. Gu Manyin told me.” Lin Tianchen took out a scalpel from the pocket of his white coat play, while talking.

“And Cheng Huai.” The irony on Rong Shu’s face became more intense, “When you contacted me as zh, you said you were Cheng Huai’s friend, so I asked Cheng Huai later if he knew you, Cheng Huai. But I said that I am not familiar with you. Of course I believed it without thinking. Now I realize that I am really the biggest fool in the world. I have been played all over the world. Everyone knows that the child in my womb belongs to you, only myself. I don’t know, but laugh more!”

Rong Shu’s sneer tears slipped down, and her heart was hurt.

After that night, she asked Cheng Huai to check the monitoring of the clubhouse, but Cheng Huai told her that there was nothing wrong with the monitoring.

Now that I think about it, it’s not that there is no problem, it was Cheng Huai who said that to her on purpose, the purpose was to cover up for Fu Jingting and not let her know that it was Fu Jingting that night.

How ironic!

She regards Cheng Huai as a friend, but in the end, Cheng Huai treats her like this!

Seeing Rong Shu’s dejected appearance, Fu Jingting felt very uncomfortable.

He stretched out his hand, trying to wipe away her tears, but Rong Shu patted her away indifferently.

Fu Jingting looked at his hand that was slapped red, his eyes darkened, “Rong Shu, we didn’t tell you because...”

“Is it because I was afraid that I would take this opportunity to pester you after I found out?” Rong Shu was cold Looking at him coldly, “This will affect your relationship with Gu

Manyin, as well as your engagement?” Fu Jingting’s expression was stunned, and he was speechless.

Because what she said was true.

At that time, he had not been hypnotized yet, and his mind was all with Gu Manyin, so he really thought so.

Rong Shu laughed and tears followed, “Fu Jingting, you know? I don’t hate zh, I really don’t hate him, because that night, it wasn’t zh’s fault alone, I was also at fault, and he

came to me. Said, it is a stranger, if you do it, you will be bitten by a dog, but it is different now.”

She put her hand on Fu Jingting’s chest, “You are my ex-husband, and you have never touched him for six years of marriage. I haven’t divorced yet, you and Gu Manyin will kiss me and me, and step on my face and dignity in the palace. Since you both love each other so much, I will divorce you all, but I didn’t expect that you would let me become you after the divorce. My cheating partner, all Fu Jingting, you really make me sick.”

She was drunk that night, but Fu Jingting didn’t, he wouldn’t recognize her, but he still did it to her.

What does this show, that he did it on purpose.

She always thought that the people that night really didn’t know each other, so with the help of zh several times, she put down her unwillingness to zhTee, and even thank him for helping her through difficult times time and time again.

Never thought, zh is Fu Jingting, they are one person!

“I’m sorry.” Fu Jingting lowered his eyes and apologized.

Apart from apologizing, he didn’t know what to say.

Because at that time, his hypnosis was still there, and what he did was indeed despicable, so no matter what he said, it was powerless.

Rong Shu ignored Fu Jingting’s apology, she took a deep breath and looked at Lin Tianchen, “Help me arrange the operation immediately, I want to get rid of this child.”

Lin Tianchen raised his eyebrows, then nodded, “Of course, I’ll go right now. Arrangements.”

“Thank you.” Rong Shu bowed to him.

Fu Jingting frowned and looked at her, “Rong Shu...”

“What? Want to stop it?” Rong Shu curled her lips coldly, “Unfortunately it’s too late, this child is broken, even if it’s not broken, I won’t keep it. Let it go, what do I keep it for? Let it become an illegitimate child who does not see the light, does not love his mother, and does not recognize his father?”

“He is not an illegitimate child, and I do not deny him.” Fu Jingting pursed his lips and corrected her displeasably. statement.

Rong Shu snorted coldly, "Don't you? When you were still zh, I asked you what you thought about this child, and you told me that if I chose to give birth, you would pay child support to help me raise it secretly. , The meaning of the two words in secret is very obvious, you don't recognize the child, and you don't plan to take the child back, don't you?"

Fu Jingting's heart shrank suddenly, as if a hand was pinching it hard.

His Adam's apple moved, and he replied in a sullen voice, "I did think so at that time, because I didn't realize that the person I love was you, and when I realized it, I didn't think so, I I have always wanted to tell you that I am the father of the child, I will recognize him and love him well, but I have never found a chance."

"But so what, your child will be gone soon!" Rong Shu smiled at him mockery.

Chapter 325 The operation was successful

Fu Jingting's heart hurt even more, and it was hard to breathe.

Yes, when the child first arrived, he did not accept it.

But now he accepts it, and the child is gone.

It was his fault as a father. If he had realized that he loved Rong Shu earlier and that he had been hypnotized, maybe he and Rong Shu would not have divorced, and this child would have been well protected by him.

But all this, without if.

Suddenly, there was a knock on the door of the ward.

Rong Shu and Fu Jingting looked together, it was a nurse.

The nurse smiled at the two of them, "Miss Rong, I need to talk to my family about the operation."

"I don't have a family..."

Rong Shu was about to say that she had no family, so she just told herself. Well, in the end, Fu Jingting cut off half of his words, "I am a family member."

Rong Shu widened her eyes and laughed angrily.

This man is so shameless.

It was her family!

“If you have anything, tell me.” Fu Jingting ignored the angry eyes of the woman behind him and walked towards the nurse.

The two whispered at the door for several minutes.

Rong Shu didn't look, but turned her head to look out the window, not knowing what she was thinking.

By this time, she had calmed down.

She was thinking about what happened that night three months ago.

It was clearly Fu Jingting who had a relationship with her. Why did she see another man when she woke up.

Also, what happened to the poison on her body?

Who got it?

Just when Rong Shu was puzzled, Fu Jingting came back.

“The nurse said that because of the poison, after this abortion operation, you may not be able to conceive a child within two years.” Fu Jingting's eyes fell on Rong Shu's stomach.

Originally, this should not have been told to her, for fear of causing a stress reaction in pregnant women.

But after thinking about it, he still didn't decide to hide it from her.

From now on, he won't hide anything from her.

When she heard that she would not be able to conceive a child within two years, Rong Shu didn't have much reaction, and replied lightly, “Oh, yes.”

It was only two years, not a lifetime, so there was nothing to be afraid of.

Besides, she didn't plan to get married within two years, so how could she get pregnant.

Seeing Rong Shu's indifferent reaction, Fu Jingting felt relieved and inexplicable.

Don't worry, she wasn't too sad when she heard this, but she felt a little uncomfortable seeing her so indifferent.

Because she doesn't care whether she can get pregnant or not, it means that she doesn't plan to forgive him and stay with him within two years.

"When you went to find me yesterday, did you find out who put my poison?" Rong Shu suddenly turned to look at Fu Jingting.

Fu Jingting shook his head, "No, but the scope is there."

"Oh?" Rong Shu narrowed her eyes.

Fu Jingting looked at her and slowly said three names.

Hearing the three names, Rong Shu's body immediately stiffened, and she said subconsciously, "Impossible!"

How could it be the three of them.

Seeing that Rong Shu didn't believe it, Fu Jingting pursed her thin lips, "Actually, the three of them are the most likely."

"Do you have any evidence?" Rong Shu clenched her palm tightly.

"I don't have any evidence. I'm currently investigating, but there are only three people who love you and don't accept the child in your belly, so the three of them have reasons to start." Fu Jingting said in a deep voice.

Rong Shu's eyes widened, "You said...they three adore me?"

How is this possible!

Fu Jingting raised his eyebrows, "You don't know?"

Rong Shu's mouth moved, but she couldn't make a sound.

Seeing this scene, Fu Jingting understood that she really didn't know that the three of Lu Qi liked her.

At this moment, Fu Jingting's mood suddenly improved.

Cheng Huai and the others kept saying that they loved Rong Shu, but Rong Shu didn't even know that they liked her.

Compared with them, he was much happier, at least Rong Shu knew that he loved her.

Suddenly, a sense of pride and superiority hit his heart, and Fu Jingting's thin lips twitched.

Rong Shu noticed that he was in a good mood at the moment, and couldn't help frowning, not knowing what good things he had in mind.

But it had nothing to do with her, she lowered her head and stirred her fingers in a panic.

Aqi Xiaochuan, and Cheng Huai, actually like her!

This realization made her quite at a loss.

Aqi has always been her boyfriend's best friend, and the way of getting along is also an ordinary bestie. She never had any other thoughts about Aqi, but she didn't expect Aqi...

and Xiaochuan, she always treated Xiaochuan with the attitude of her younger brother, Never crossed the line, so why does Xiaochuan like her?

As for Cheng Huai...

Rong Shu's face turned cold.

Thinking of Cheng Huai's concealment from him, the little favor in his heart for Cheng Huai instantly vanished.

From now on, she and Cheng Huai were just ordinary partners, not even friends.

Seeing that Rong Shu's face was not good, Fu Jingting hurriedly asked, "What's the matter? Is there any discomfort?"

Rong Shu ignored him, with a cold attitude.

Fu Jingting felt a sudden shock.

In this way, Rong Shu seems to have returned to the way she was when she was divorced, alienated and indifferent.

During this period of time, although she still did not forgive him, her attitude towards him has also changed a lot.

But now, it's back to the beginning.

Is it because, does she know that the child is his reason?

It was because he never told her that it was her that night, so her attitude towards him changed again.

Just when Fu Jingting's heart was blocked, Lin Tianchen appeared.

He looked at Rong Shutong and knew, "The operating room is ready for surgery."

"Okay." Rong Shu lifted her chin, then turned over the quilt, got off the bed, and walked towards the door.

Fu Jingting reached out his hand to hold her, but in the end he thought of something and put his hand down.

What qualifications does he have to hold her, not to mention that the child can no longer be wanted, just say that he can, and he has no qualifications to ask her to keep the child, even if he is the child's father.

Fu Jingting followed Rong Shu to the operating room.

Rong Shu looked at the door of the operating room, took a breath, and raised her feet to go in.

But when she first entered, she stopped again, turned around, and looked at Fu Jingting calmly, "Fu Jingting, after this child is gone, you and I will really have nothing to do with you. In this life, There will be no more involvement."

Fu Jingting's pupils shrank, clenched his fists and replied, "That's just what you think unilaterally, I won't give up, even without this child, I will still do my best to bring you back to me. "

Rong Shu smiled, "Really, do you dare to gamble?"

"What to gamble?" Fu Jingting looked at her.

Rong Shu touched her stomach, "I bet on whether I will forgive you, and whether I will come back to you. I bet my whole life, how long will you bet?"

Fu Jingting's eyes flickered, then his eyes narrowed, and he slowly said, "I also bet my whole life, but it's not a bet on how long it will take you to come back to me, but a bet that I can use my whole life to make you forgive."

As long as she forgives him Now, is it far for her to return to him?

Seeing the seriousness in Fu Jingting's eyes, Rong Shu lowered her eyelids, "Yes, then try it out."

After speaking, she entered the operating room without looking back.

Fu Jingting was waiting outside.

At this moment, his cell phone rang.

Assistant Zhang called, "Mr. Fu, don't you want to inspect the factory today to check the trial effect of new energy, are you still coming?"

Fu Jingting looked at the operating room, "No, postpone it until next time."

"Okay." Assistant Zhang didn't ask the reason, but nodded in response.

After the call, Fu Jingting rubbed his temples, then leaned against the cold wall and closed his eyes.

After a while, the door to the operating room finally opened.

Lin Tianchen came out first.

Fu Jingting immediately opened his eyes and stood up, looking at him.

Before he could ask, Lin Tianchen took off his mask and answered, "The operation was a success, she will come out in a while."

Chapter 326 Don't Get Along With Yourself

"I see." Fu Jingting nodded slightly.

Lin Tianchen put his hands in the pockets of the green surgical gown, raised his feet and left.

Not long after he left, a nurse helped Rong Shu out.

The abortion operation does not require surgery, so Rong Shu can walk by herself without being pushed out of the bed.

It's just that because her stomach is too uncomfortable and the bottom is uncomfortable, she walks very hard and slowly, almost moving one step at a time.

And every step she takes, her stomach hurts, so that at this moment her whole face is pale, and cold sweat is oozing from her forehead.

Seeing this, Fu Jingting felt nervous, and immediately went over, "I'll come."

He stretched out his hand, wanting to take over the nurse's job.

The nurse thought he was a family member, so she didn't refuse, and let go of Rong Shu's arm.

However, before Fu Jingting could help him, Rong Shu avoided him and said weakly, "No, I can do it myself!"

She propped herself against the wall and walked forward.

She was so stubborn, which made Fu Jingting feel distressed and angry, his handsome face sank, "I know you don't want to see me, but now is an extraordinary time, even if you don't want to see me, don't use your body to stalk me!"

After speaking, He bent down and hugged her straight.

Rong Shu subconsciously wrapped his arms around his neck, and after she reacted, she quickly let go, "Let go of me!"

Fu Jingting turned a deaf ear and walked to the ward with a cold face.

Seeing him not letting go, Rong Shu pushed his chest hard with both hands, "Fu Jingting, I told you to let go of me, didn't you hear?"

"Don't move!" Fu Jingting hugged her tighter and looked down at him She, with deep eyes, said, "You just finished the operation, it's best not to move around. It's you who hurt yourself, not me, so why bother with yourself?"

Hearing this, Rong Shu instantly became quiet. .

Yes, why bother with yourself.

If he is willing to be a modern tool, let him be.

Thinking of this, Rong Shu obediently stayed in his arms, but her body was very stiff.

Fu Jingting's eyes darkened.

It is said that when a person is weak, he most wants to find someone to rely on.

But she was so rigid in his arms, which was enough to show that she didn't count on him.

Otherwise, why didn't she relax?

Silent all the way.

Back in the ward, Fu Jingting put Rong Shu on the hospital bed, covered it with a quilt, and asked in a gentle voice, "Are you hungry?"

Rong Shu was about to shake her head, but her stomach grumbled.

Fu Jingting heard it and chuckled, "Have a good rest, I'll go out and buy it for you."

He poured her a glass of water and put it on the bedside, then turned around and went out.

The ward fell silent.

Rong Shu reached out and touched her lower abdomen, the originally slightly convex feeling was gone, and her lower abdomen became flat, as if pregnancy was just her fantasy.

But she knew it wasn't, the dull pain in her lower abdomen proved that she had indeed given birth to a life.

It's just that life, now gone.

Rong Shu bit her lip, grabbed the clothes on her stomach, and suddenly began to cry softly.

I don't know whether to cry with joy or sadness...

Suddenly, the phone rang.

Rong Shu quickly wiped her tears, took a few deep breaths, calmed her mind, then took the phone, glanced at the caller ID, and answered the phone, "Hello?"

"Where are you, baby?" Head, Lu Qi stood outside Rong Shu's office and asked anxiously, "Tong Xi said you didn't come to work today, and I couldn't find you when I went to your apartment. Where did you go?"

"I'm in the hospital." Rong Shu leaned against the head of the bed and replied tiredly and weakly.

Lu Qi heard her weakness and became more anxious. He grabbed the phone with both hands and turned up the volume, "Hospital? What's wrong with you, baby?"

"Nothing, just had an abortion." Rong Shu closed her eyes slightly and said.

"What? Abortion?" Lu Qi was shocked, "No, aren't you planning to go abroad for the weekend, why are you doing it now? No, which hospital are you in, I'll come to find you."

“The First Hospital .” Rong Shu rubbed his temples and told him.

Lu Qi immediately hung up the phone and ran towards the elevator.

Holding her carefully brewed coffee, Tong Xi came out of her secretary’s office. Seeing Lu Qi pressing the elevator, she felt a sudden shock and asked, “Mr. Lu, where are you going? Can’t wait for Rong?”

Lu Qi Now I’m in a hurry to see Rong Shu, I didn’t listen to what she was asking at all, and went in as soon as the elevator arrived.

Looking at the closed elevator door, Secretary Tong’s eyes dimmed, and a wry smile appeared on the corner of his mouth.

Since she was sent by him to Mr. Rong, it was very difficult for her to see him. After finally seeing him once, he either stayed with Mr. Rong all the time or left quickly, and she had very few opportunities to talk to him.

I thought that this time Mr. Rong was not there, she could entertain him properly and talk to him a few more words, even if it was official business.

But so fast, he left again...

Lu Qi dashed all the way to Tiancheng’s parking lot. Just as he was about to get into the car, a shiny black supercar drove over and stopped in front of him.

The window rolled down, and Li Chuan came out, “What are you doing in such a hurry?” Lu Qi’s eyes lit up when he saw it was

him, “You came just in time, drive your sports car, your sports car is fast.”

He opened the co-pilot’s door and went up, “Quick, go to the First Hospital.” Li

Chuan frowned in disgust, “Why are you going to the hospital?”

“Baby has an abortion, what are you going to do!” Lu Qixian Get back on the seat belt.

Li Chuan’s face changed slightly, and his hand on the steering wheel tightened suddenly, “You said... Sister had surgery?”

“Yeah.” Lu Tou.

Li Chuan lowered his eyelids, feeling mixed in his heart.

Why does my sister have surgery at this time?

Didn't she say that she went abroad on weekends?

Could it be, what did my sister know?

Seeing Li Chuan bowing his head, not knowing what he was thinking, Lu Qi patted him, "What are you still doing, driving, you must be here to find a baby, in that case, then go to the hospital with me. "

Okay." Li Chuan's eyes flashed, he raised his head, suppressed the thoughts in his heart, turned around and left the parking lot.

In the hospital, Rong Shu was drinking the porridge bought by Fu Jingting.

She just had surgery and can't eat anything else but these bland foods.

Next to him, Fu Jingting was on the phone with Assistant Zhang to discuss business affairs.

After he hung up the phone, Rong Shu stirred the white porridge in the bowl and said blankly, "Since the group has something to do, you can go back, you don't have to stay here all the time."

Fu Jingting looked at her and wanted to say that he didn't Don't worry about her.

But what happened in the group today really needs him to deal with it.

After hesitating again and again, Fu Jingting finally decided to return to the group first.

He put away his phone and looked at her affectionately, "Okay, I'll come back at night, if you have anything, call me."

Rong Shu didn't answer and continued to eat porridge.

Fu Jingting lowered his eyes in disappointment, sighed invisibly, picked up his coat and left the ward.

From the beginning to the end, Rong Shu didn't even look at him.

Fu Jingting walked out of the building of the inpatient department, stood downstairs and looked up at a certain window for a moment, then left without looking back.

This scene was watched by Mrs. Gu.

Mrs. Gu was surprised at first why he was here.

But then thinking about what she saw yesterday, how Fu Jingting accompanied Rong Shu into the emergency room, she knew that it must be Rong Shu who was in the hospital, and Fu Jingting came to see Rong Shu.

Since she was hospitalized, it seemed that Rong Shu was not very sick, but she didn't know what it was.

Thinking about it, Mrs. Gu walked into the inpatient department and came to the nurse's desk to ask, "Miss, I want to ask, who is the gentleman who just went out to see?"

Chapter 327 Rong Shu's Probe

"Why are you asking this?" The nurse looked at Mrs. Gu.

Mrs. Gu smiled gently, "That's right, I'm a relative of the gentleman who just went out. He has been running out for the past two days, and his family is very worried about him. I happened to see him here, so I asked him about his Tell his family about the situation, so that his family can feel at ease."

Seeing that Mrs. Gu's temperament was good, and it didn't seem like a lie, the nurse put down her vigilance and replied, "That gentleman's wife had an abortion, he Here to accompany his wife."

"Abortion!" Madam Gu's eyes widened.

The nurse frowned, "Ma'am, this is the inpatient department, please be quiet."

"Sorry, I'm just too surprised." Mrs. Gu forced a smile, and the moment she turned around, her face was filled with shock.

Rong Shu was actually pregnant with Jing Ting's child?

When did she get pregnant?

Madam Gu grasped the handle of the thermal bucket tightly, her heart beating thumpingly.

Looking back on Rong Shu I saw in the past two days, there was no change in the stomach. I think the month of Rong Shu's pregnancy must be very small, definitely not more than three months.

And it took only three months for Rong Shu and Jing Ting to divorce. So, this child is most likely conceived by Jing Ting and Rong Shu after their divorce!

If this is the case, that would be great, and their Gu family would have a reason to go to the Fu family to ask for an explanation.

You must know how much scorn and ridicule their Gu family suffered because of Fu Jingting's divorce.

The most important thing is that all cooperation between Sansheng Group and Fu Group was cut off. Sansheng Group suddenly fell back to the bottom 20 in the sea market. Later, because of Manyin's murder and framed Rong Shu, it was directly to the point of need at any time. the point of bankruptcy.

It can be said that all of this is because the Fu family broke off the marriage. If the marriage is not broken, the cooperation will not be cut off. Even if Man Yin conspires to frame Rong Shu, Sansheng will not be in such a precarious situation as it is now.

Therefore, she must let Yaotian use Jing Ting's derailment to restore the marriage contract between the Fu family and the Gu family. Even if the marriage contract cannot be restored, at least the cooperation between Sansheng and Fu should be restored.

Thinking of this, Madam Gu's excited hands were shaking.

She quickly grabbed a passing nurse and spent 2,000 yuan to ask the nurse to inquire about Rong Shu's pregnancy cycle.

Soon, the nurse's news came that Rong Shu was less than three months pregnant.

In less than three months, it means that the child in Rong Shu's womb was indeed born to Fu Jingting and Rong Shu's derailment.

Madam Gu excitedly called Gu Yaotian and went out, "Yaotian, I have good news to tell you!" Gu

Yaotian was still struggling with the fund, and when the call came, he was also weak, "What's the matter?"

Tell your own findings.

After Gu Yaotian heard this, he immediately became refreshed and stood up, "Is what you said true?"

"Really." Mrs. Gu nodded.

Gu Yaotian walked around the office excitedly, "Great, you can find a way to get a report of Rong Shu's abortion, and then we will find an opportunity to visit Fu

's house." "Okay." Mrs. Gu agreed.

After the call ended, Mrs. Gu put down her phone and happily reviewed the Man Yin ward and went to the ward.

At the same time, in Rong Shu's ward.

After Rong Shu finished drinking the porridge, she put the bowl on the head of the bed, and suddenly saw Fu Jingting's payment slip for the meal, and reached out and took it.

Seeing the price of the food above, she picked up her mobile phone and turned it over to Fu Jingting.

After turning around, she turned off the phone, regardless of whether Fu Jingting would reply.

There was a knock on the door of the ward.

Rong Shu looked up, "Please come in."

The door opened, and Lu Qi and Li Chuan walked in with one holding a flower and the other carrying a fruit basket.

"Baby, we're here to see you." Lu Qi smiled at Rong Shu with white teeth.

Li Chuan also smiled gently, "Sister."

Seeing them, Rong Shu's dull mood improved a lot, and she laughed, "You guys are here."

"Here, do you like it?" Lu Qi handed the flowers to in front of her.

Rong Shu looked at Lily in front of her, her eyes slightly bent, "Come here, what are you doing with these, I'll be discharged from the hospital tomorrow, and I won't be staying for a long time."

"No matter when we leave the hospital, our hearts will come." Lu Qi put the flower aside.

Li Chuan also put down the fruit basket, "Sister, do you want some fruit? I'll wash it."

Rong Shu looked at the fruit basket, "Wash some strawberries."

“Okay.” Li Chuan opened the fruit basket and took out a box of strawberries. Went to the kitchen.

This is a senior ward, which is equivalent to a two-room suite with a separate kitchen, balcony, and toilet, which is very luxurious.

After Li Chuan left, Lu Qi pulled a chair and sat down beside Rong Shu’s hospital bed, changed his frivolousness and became serious, “Baby, what’s going on, why did you suddenly change your mind at this time? Surgery?”

He couldn’t believe that nothing happened.

In the kitchen, upon hearing Lu Qi’s question to Rong Shu, Li Chuan turned the water down a little, and the action of washing strawberries became slower and lighter.

Rong Shu thought of what Fu Jingting had said to herself before, that the people who poisoned might be Lu Qi, Cheng Huai and Xiao Chuan, the smile on her face gradually faded, her eyelids drooped, covering the complicated expression inside, “It’s nothing. , I fell, so I decided to operate now.”

“Is that so?” Lu Qi looked at her, obviously not convinced.

Rong Shu nodded, “Of course, our overseas hospitals have already made appointments. If it wasn’t for a sudden accident, how could I change my decision temporarily? It’s really because I was in a bad mood and didn’t notice that my foot fell after I went back yesterday. Something happened to the child.”

She squinted slightly, staring at Lu Qi without a trace, wanting to see how Lu Qi’s expression would change.

Because the person who poisoned her must know that the hospital would find out that she was poisoned.

Then she said that, the person who was poisoned would feel strange, wondering why she concealed that she was poisoned, and then she would inadvertently reveal her flaws.

Therefore, Rong Shu is currently testing Lu Qi to see if Lu Qi is the one who poisoned him.

But staring at Lu Qi for a while, he didn’t find anything wrong with Lu Qi.

Rong Shu understood that the person who poisoned was not Lu Qi.

This made Rong Shu breathe a sigh of relief.

Seriously, she really didn't want to be Lu Qi and Xiao Chuan. They were the only two people she trusted except her grandfather.

So the person who poisoned could be anyone, but it couldn't be them alone, otherwise it would make her feel that she was betrayed.

Now that Lu Qi's suspicion has been ruled out, there are only two people, Xiaochuan and Cheng Huai.

Xiaochuan, don't let me down!

Rong Shu closed her eyes and prayed silently in her heart.

Lu Qi didn't know what Rong Shu was thinking, so he straightened the quilt for her, "Why are you so careless, even if you're in a bad mood, you have to protect yourself, by the way, how did you get to the hospital after you fell?"

"Yes . Ah sister, why didn't you call Brother Lu and me?" Li Chuan came out of the kitchen after washing the strawberries, and said something.

Rong Shu looked at him, her eyes flickered for a moment, and soon returned to normal, smiling embarrassedly, "I called the ambulance directly, and I fell unconscious not long after the call, so I didn't have a chance to contact you, sorry, made you worry."

"No, after knowing that you were in the hospital, my soul almost flew away." Lu Qi patted his chest exaggeratedly.

Li Chuan also nodded, "Me too."

Rong Shu flipped her hair, "I won't in the future."

"It's not too bad." Lu Qi laughed again.

Rong Shu pointed to the drawer, "Aqi, help me open the first drawer."

"What do you want?" Lu Qi opened the drawer as he did.

Chapter 328 He Has Mental Illness

Rong Shu's eyes darkened, "It's my examination report. I'm not feeling well, so I can't take it, so I'll ask you to take it out for me. The nurse will come to see it later.

" The report was taken out and handed to her.

"Thank you." Rong Shu took it and put it on the side of the pillow.

Li Chuan looked at the inspection report, his eyelids drooped, he didn't know what he was thinking.

"By the way, Aqi, please go to the equipment department of the hospital to help me apply for a wheelchair. After I leave the hospital tomorrow, I can't be supported all the time. It is more convenient to have a wheelchair." Rong Shu said with a wry smile.

Naturally, Lu Qi would not refuse her request and agreed, "Okay, I'll go right now, Li Chuan, look at the baby." Li Chuan replied with a smile.

Lu Qi went out.

Rong Shu lifted the quilt and stretched out his hand towards Li Chuan, "Xiao Chuan, help me up, I want to go to the bathroom."

"I'll hug you." Li Chuan stretched out his hand and was about to hug her down.

If it was before, Rong Shu would definitely not refuse.

But now...

thinking of Fu Jingting saying that Xiaochuan and the others like her, she has an indescribable strange feeling in her heart.

"No." Rong Shu shook her head and refused, "It's not that I can't move without an arm or a broken leg. I don't need a hug from you. Just give me a hand."

"Okay." Li Chuan's eyes flashed a trace of regret, and he took her hand. , helped her carefully out of the bed and outside the bathroom door.

"Sister, can you be alone? Otherwise, I'll ask the nurse to come in to help you." Li Chuan looked at Rong Shu and said worriedly.

Rong Shu smiled, "Don't think I'm so vulnerable, okay, I'll go first."

After speaking, she pulled her arms back, leaned against the wall and went into the bathroom, closing the door.

Li Chuan stared at the closed bathroom door for a few seconds, then suddenly narrowed his eyes, turned around and walked towards the hospital bed, picking up the inspection report that Rong Shu had just put on the side of the pillow.

He wanted to see what was going on with this inspection report and why my sister didn't know she was poisoned.

After all, it's impossible not to find out here in the hospital!

Just when Li Chuan quickly checked the inspection report, the door to the bathroom not far behind him was slowly opening.

Rong Shu stood at the door of the bathroom, clutching the doorknob tightly, looking at him with complicated eyes.

As if feeling the sight behind him, Li Chuan's hand holding the inspection report froze suddenly, then turned his head and met Rong Shu's disappointed eyes.

Li Chuan's heart suddenly panicked, Jun's face paled a bit, "Sister..."

Rong Shu closed her eyes, her voice was a bit bitter, "Xiao Chuan, do you know, Fu Jingting told me that there were three people who poisoned me. A suspicious candidate, Cheng Huai, Aqi, and you, among the three of you, I can accept Cheng Huai's poisoning, because I don't have a good relationship with him, but I can't accept you and Aqi's poisoning. , so when Fu Jingting said that it might be you, I think he was lying."

Having said that, her eyes fell on the inspection report in his hand, "But I never expected that all this was said by Fu Jingting, The people who have poisoned are really you, and I think you are the purest and cleanest."

Li Chuan followed her movements to look at his hand, understood something, and his pupils shrank, "Sister, you are deliberately testing. Me?"

Seeing him react so quickly, Rong Shu took a deep breath and leaned against the wall to walk in front of him, "Yes, I deliberately asked Ah Qi to take out the inspection report in order to test you. After testing Aqi, I deliberately told Aqi that I only took the child off after I fell. If Aqi was poisoned, I would wonder why I didn't know that I was poisoned, and I would definitely reveal flaws, but Aqi didn't, So I'm sure he's not poisoned, so I'll have to test you."

She looked at Li Chuan, "Similarly, what I said to Ah Qi was also to you who was in the kitchen at the time, but I couldn't see your reaction at the time, so I came up with the idea of ??using the inspection report to test you, if you Poisoning, you will definitely find a way to find out whether the hospital has detected me poisoning, so I left Ah Qi, went to the bathroom on my own excuse, and deliberately created an opportunity for you to check my inspection report, as long as you read it, you It's the one who poisoned."

"..." Li Chuan was silent.

After a while, he put down the inspection report in his hand, and there was an indescribable smile on the corner of his mouth, "I thought I covered up so well, but I didn't expect that in the end, I was still seen by you, sister."

Although it has been determined that the person who poisoned was Li Chuan, but hearing Li Chuan's admission with his own ears made Rong Shu feel very uncomfortable.

She squeezed the palm of her hand, her eyes were mixed, "Xiao Chuan, why did you do this? You know, when I saw you pick up the inspection report, I felt so cold and couldn't believe it, because in my heart, you have always been that gentle, kind, and innocent young lady, but..."

"But now I realize that I'm not what you thought, right." Li Chuan looked at her and cut off her words.

Rong Shu opened her mouth and admitted.

Li Chuan lowered his head and said in a low voice, "I'm sorry, sister, I've let you down."

Rong Shu looked at his guilty look and felt a little uncomfortable. "Why? Why did you do this?"

She asked again . . .

Li Chuan raised his head and stared at her stomach, "I did this for you too."

"For me?" Rong Shu was puzzled.

Li Chuan nodded, "You keep saying that you want to get rid of this child, but you haven't acted for three months, so..."

"So you poisoned me and helped me?" Rong Shu couldn't believe it. Look at him.

Li Chuan pursed his lips, "I don't think there's anything wrong with me doing this. It's been three months and you haven't killed him. After a long time, you will only be more reluctant to kill him, so I can only do this. "

After hearing his words, Rong Shu only felt that her whole body was impacted, and her expression was complicated, "Xiao Chuan, why do you think so? Whether I kill this child or not, it is my business, not you. The reason for meddling, do you understand?"

Besides, she never said that she would not get rid of this child, and she has always been firm in her idea of getting rid of this child.

It's just that I've been too busy recently, and I haven't acted.

Li Chuan clenched his fists, "I don't understand, I only know that this child can't stay, his existence will only cause trouble to you."

Speaking of this, he was a little excited and a little crazy, "Sister, you know, Being pregnant out of wedlock has never been a glorious thing. If you let the outside world know that you are pregnant, you will definitely be ridiculed and ridiculed by the outside world, and even people in your group will look down on you, sister, I am doing it for your own good."

"You Is it for my own good or for yourself?" Rong Shu frowned as she looked at Li Chuan, who seemed to have changed, and said in a cold and indifferent voice.

Li Chuan's eyes were strange, "Sister, what do you mean by that?"

"It means that you are not really worried that I will be looked down upon by the outside world, but you yourself cannot accept that I am pregnant with another man's child, because you like me, so You saw that I didn't kill this child for a long time, so you urgently poisoned me, so that I had to kill this child immediately, am I right, Xiaochuan!" Rong Shu's body trembled slightly.

Li Chuan's face changed dramatically, "Sister, how are you..."

"How do you know you like me, right?" Rong Shu pursed her lips.

Chapter 329 Mental Illness

Li Chuan's thin lips moved, and he was speechless, obviously that's what he meant.

Rong Shu leaned on the chair and sat down, "Fu Jingting told me, otherwise I wouldn't have known. I always thought that we were a pure brother and sister relationship, but I didn't expect you to treat me like..." The

following words She didn't say it, but the meaning was obvious.

Li Chuan's face sank.

It was actually Fu Jingting who said it.

But it's good to let my sister know his true feelings, otherwise he will still be troubled about how to express his feelings to her, so as not to scare her.

"Fu Jingting is right. I really don't have a sibling's relationship with you, but a man's love for a woman. I poisoned you because I couldn't accept that you were pregnant with another man's child, but!"

Li Chuan looked at her, "But what I just said, it's true that I don't want you to be looked at by the outside world, Rong Shu, I know I shouldn't take medicine, but I don't mean to hurt you, that medicine will only hurt your stomach. The child in here will cause harm to you, but it won't do you any harm."

At this moment, he stopped calling her sister, and finally called out what he had always wanted to call her, her name.

Rong Shu!

"Do you really think you didn't hurt me?" Rong Shu laughed at herself, "No, you hurt, you hurt my heart."

She pointed to her heart, "You poisoned me, right? For me, it's not just taking away the child in my belly, it's a kind of betrayal to me, you know? Except for my grandfather, the ones I trust most are you and Aqi, but in the end, you gave me Poison, if I do something unacceptable to you in the future, will you still do it to me?"

Li Chuan's eyes narrowed and he didn't speak.

Seeing this, Rong Shu felt a little cold in her heart.

It looks like he does.

Li Chuan also understood that his own reaction exposed the problem, which made Rong Shu scared, his face changed, and he hurriedly said, "Sister, I..."

"Okay Xiaochuan, don't talk anymore, you go out first, I want to be alone." Rong Shu turned her head away and stopped looking at him.

Seeing that she was so cold and alienated to him, Li Chuan panicked, and his expression also showed a trace of grimness.

But soon, he adjusted his mentality again, returned to his normal expression, lowered his eyelids and replied, "Okay."

He turned around and walked towards the door with his head lowered, making it difficult to see the expression on his face.

The door opened, and Li Chuan almost collided with the person outside the door.

Fortunately, the person outside the door responded in time and took a step back.

Li Chuan glanced coldly at the person outside the door, then walked past that person.

Lin Tianchen looked at his back, raised his eyebrows, the corner of his mouth raised a playful arc, and entered the ward.

“I didn’t expect that the person who poisoned it was actually him.” Lin Tianchen said, leaning against the wall beside the door.

Rong Shu’s eyelashes trembled, “Did you hear that?”

“Some.” Lin Tianchen raised his chin.

Rong Shu smiled bitterly, “Yeah, I didn’t expect that the person who poisoned it was actually Xiaochuan.”

Just because she couldn’t accept the child in her stomach, she poisoned her, even if the poison was not fatal, it wouldn’t do much to her. s damage.

But Xiaochuan’s ruthlessness still frightened her.

She suddenly realized that she really didn’t know Xiaochuan.

Also, the last time she went to Jiang County to see Xiaochuan was ten years ago. At that time, Xiaochuan was only fifteen or sixteen years old, the same age as Fu Jinglin.

And people grow up and change. No one is the same. Fu Jingting is, she is, and so is Xiaochuan.

What’s more, she and Xiaochuan have been separated for ten years. In these ten years, she doesn’t know what Xiaochuan has experienced, so how could she fully understand Xiaochuan, she is too conceited and thinks she knows very well.

“Looking at Rong Shu’s depressed appearance, Lin Tianchen pushed on his glasses, “Although Li Chuan was the one who was a little surprised that the poisoned person was, but after knowing it, he thought it was expected. “

“What do you mean?” Rong Shu raised her eyes and looked at him.

Lin Tianchen put his hands in the pockets of his white coat, “Don’t you know that Li Chuan’s mental illness is quite serious. He has an almost perverted possessiveness towards the people and things he likes.” And control, so it’s not surprising that he would do this to you, even if it was deliberately suppressing his possessiveness and control. “

Hearing this, Rong Shu was stunned, and it took a few seconds to get her voice back, “What did you say? Ogawa has a mental illness? “

“Looks like you really don’t know.” Lin Tianchen shrugged.

Rong Shu swallowed her saliva and shook her head, "I don't know, I can't see Xiaochuan's mental problems at all..."

"That's a good cover for him. What you see of him is just a disguise." , The person who deliberately let you see him is in fact the real him, dark and sickly. "Lin Tianchen said.

Rong Shu's heart was beating very fast, apparently because of the news he brought, she was so shocked that she couldn't calm down.

She never knew that the Xiaochuan she saw was not the real face of Xiaochuan

. He prides himself on caring about Xiaochuan.

"That's right! Suddenly thinking of something, Rong Shu tensed up and looked at Lin Tianchen, "You just said that Xiaochuan poisoned me, or he deliberately suppressed it, meaning that if Xiaochuan didn't suppress his desire to control, he would be Isn't it not just poisoning me, but more serious? "

It's almost, how serious it is at last, you can search for the things that sick girls can do, it will definitely open your eyes. "Lin Tianchen said with the reflection of his glasses.

Rong Shu really went to search and saw people on the Internet saying that Bingjiao would do all kinds of extreme behaviors, and couldn't help shivering.

"Xiaochuan, he... His psychological condition is so serious ." ? "Rong Shu took a deep breath.

Lin Tianchen finally stopped being careless and became serious, "Don't worry, I won't let Li Chuan hurt you, after all, Sick Jiao can't compare to a pervert."

"Huh?" Rong Shu tilted her head.

Lin Tianchen smiled at her, "It's nothing. "

He was born with no empathy and no sense of fear, so he was regarded as a pervert and a monster.

But in fact, he is indeed a pervert. He also knows that he has a morbid fanaticism for blood. Human life is worthless to him. He can do heinous things to achieve a certain purpose.

But Li Chuan can't do it. Although Bing Jiao will behave like a pervert, she has a weakness, and that weakness is what they are attached to, but perverts don't, so Li Chuan can't win against him.

Rong Shu didn't know what Lin Tianchen was thinking, she bit her lip and hesitated and asked, "Doctor Lin, can Xiaochuan's mental state be cured?"

He is also a psychiatrist, so there must be a suitable answer in this regard.

Lin Tianchen nodded, "Of course, but only if he is willing to accept treatment. If he is forced to accept treatment, it will only backfire and make his condition worse."

"I know, I will try my best to convince him." Shu rubbed his temples.

Lin Tianchen shrugged, "Then come on, come on, okay, I'll check it out for you."

Rong Shu hummed and went back to the hospital bed to lie down.

On the other hand, the Fu Group.

Fu Jingting came out of the conference room after finishing his work and took out his mobile phone to see if there was any call from Rong Shu.

After all, he told her before he left that if he needed anything, he could call her.

She is in the hospital now, there must be some inconvenience, maybe she will contact him.

With such expectation, Fu Jingting turned on the phone.

After turning it on, a WeChat message popped up, belonging to Rong Shu.

Fu Jingting's deep pupils lit up for a moment, and the mood that was originally sullen because of the incident in the group suddenly became better.

He hurriedly clicked on Rong Shu's message to check what she had posted.

When he saw that it was a transfer message marked as meal money, his face suddenly sank, and his mood that had just improved suddenly sank to the bottom.

Chapter 330 Not allowed to call the police

He thought that it was she who needed him, but he didn't expect it to be the meal money that she transferred.

She doesn't want to owe him that much, and she has to tell him so clearly about the tens of yuan of meals.

Fu Jingting was a little tired. He rubbed his temples and put away his phone.

He confiscated the meal money, and pretended not to see it. After 24 hours, he automatically returned it.

“Mr. Fu, the next itinerary...” Assistant Zhang’s voice sounded from behind.

Fu Jingting raised his hand to interrupt him, “Push the unimportant things, and postpone the important ones.”

Knowing why Fu Jingting did this, Assistant Zhang closed the schedule. Watch, “Understood, are you going to the hospital next?”

Fu Jingting hummed, “Prepare the car.”

“Okay.” Assistant Zhang pushed his glasses.

When the hospital arrived, it was already dark and it was still raining lightly.

Assistant Zhang parked the car, Fu Jingting opened the car door, took out an umbrella from the car door and got out of the car, “Go off work and pick me up tomorrow morning.”

Tonight, he will stay in the hospital overnight.

Assistant Zhang nodded slightly, “I know Mr. Fu.” Fu

Jingting held an umbrella and walked to the building of the hospital’s inpatient department.

Arriving outside Rong Shu’s ward, a nurse who was doing rounds just came out. Seeing Fu Jingting, he bowed slightly to say hello, “Mr. Fu, you are here.” Fu

Jingting nodded, “Is she asleep?” The

nurse knew who he was asking. Shaking his head, he replied, “Miss Rong hasn’t slept yet, she just finished losing her anti-inflammatory medicine.”

“I see, go get busy.” Fu Jingting waved his hand.

The nurse said goodbye and left.

Fu Jingting stood in front of the door and knocked on the door of the ward.

In the ward, Rong Shu looked at a report and replied without raising her head, “Please come in.”

Hearing her voice, Fu Jingting turned the door handle, opened the door and went in, "What are you looking at so seriously?"

Rong Shu looked up for a while, then raised her head and asked instead, "Why are you here?"

Welcome, Fu Jingting's eyes dimmed a little, and he put the umbrella into the umbrella bucket at the door and turned back, "I said, I will come to see you at night."

Rong Shu frowned.

She remembered that he did say it when he left during the day.

She just ignored it at the time.

Rong Shu lowered her head and looked at the report in her hand again, "Yeah, now that you've read it, you can leave."

She ordered the expulsion.

Fu Jingting pursed her thin lips, "Rong Shu, can you not be so sharp to me?"

Now she has completely changed back to the indifferent, sharp, and yin-yang she was when she was just divorced.

"Sharp?" Rong Shu smiled and suddenly dropped the report in his hand.

The report fell to the ground along the edge of the bed, she didn't look at it, she just looked at Fu Jingting coldly, "Then what do you want me to do to you? Be gentle and careless to you? Or kind to you? What a joke, you made me be you The person who cheated on you during the engagement with Gu Manyin has been hiding it from me until now. Why should I be nice to you? If you want someone to treat you well, then you can go find someone else. I think most people are willing to treat you like this. ."

She now thinks of the night three months ago and feels disgusted and regretful, regretting why she was drunk, and the wine is not good when she is drunk, so she ran to flirt with men.

Just flirting, and with bad luck in his eyes, he flirted with Fu Jingting, and then he became Fu Jingting's cheating object.

At that time, although Fu Jingting and Gu Manyin's engagement banquet was not held successfully because of her sabotage and was postponed until the New Year, the engagement of Fu Jingting and Gu Manyin had already been settled, and they were a real fiancée.

But soon after they got engaged, she had a relationship with Fu Jingting, wouldn't she become the third party between Fu Jingting and Gu Manyin!

The thing she hated the most in her life was the third party, but she didn't expect that because of drunkenness, she would be a third party without knowing it... no, twice.

The first time was six years ago. She didn't know that Fu Jingting and Gu Manyin had already dated at that time. After Gu Manyin had a car accident, she proposed to marry Fu Jingting.

The second time was the night three months ago.

These two times, Fu Jingting can say that they played a big role in it. When she proposed to him for marriage the first time, he didn't tell her about his relationship with Gu Manyin, nor did he reject her proposal.

The second time, he knew she was drunk, and the man he was flirting with was not him, but he didn't push her away, but brought her into the room instead.

So she is guilty, but Fu Jingting's crime, isn't it even greater!

Rong Shu sneered at Fu Jingting.

Seeing the disgust in her eyes, Fu Jingting lowered his eyes, knowing that he was wrong, and felt a little uncomfortable and a little regretful in his heart.

He began to wonder if he should have been more sensible that night three months ago.

In this case, she won't get pregnant, and she won't be poisoned. Their relationship, which has already improved a little, will not drop to freezing point again like it is now.

Seeing that Fu Jingting didn't speak, Rong Shu curled her lips in an uninteresting manner, took the phone and started playing.

The huge ward became very quiet, only the medical equipment was screaming.

After a while, Fu Jingting took a step forward with his legs and bent down to pick up the report on the ground.

Seeing the contents of the report, he squinted slightly, "Toxin analysis report? Is it the analysis report of your poison?"

Rong Shu glanced at him, believing it to be tacit.

Fu Jingting clenched the report in his hand, "Don't read this kind of thing, it will only make you feel bad. I have already asked people to investigate the person who poisoned them, and I believe there will be results soon."

"No need to investigate, I already know who the poisoner is." Rong Shu swiped the phone screen and said lightly.

Fu Jingting was taken aback, "You know? When did you know?"

Rong Shu ignored him.

Fu Jingting knew that she deliberately didn't want to tell him, and frowned, "Who did it? Lu Qi? Cheng Huai? Or Li Chuan?"

Every time he said a name, he noticed the change in her expression.

When it came to Lu Qi and Cheng Huai, her expression didn't change, until Li Chuan was mentioned, her eyes flickered.

Although it quickly returned to normal, Fu Jingting still caught it, squinting his eyes, and said in a deep voice, "It's Li Chuan, right!"

Rong Shu's body froze, and the hand holding the phone tightened.

He actually guessed it!

Fu Jingting clenched his fists, "Rong Shu, this is your good brother, the good brother who poisoned you!"

Rong Shu bit her lip, "Yes, the poison came from Xiaochuan, but..." Before the words were finished, she said I saw him take out his mobile phone and pressed down the three numbers 110.

Rong Shu hurriedly shouted, "Fu Jingting, what are you doing!"

"Call the police!" Fu Jingting looked at her coldly, "I won't let the person who poisoned you!"

What's more, this person killed his child directly!

Hearing Fu Jingting's words, she was about to call the police. Rong Shu's face changed.

She sat up from the bed with the pain in her lower abdomen. firm.

Fu Jingting clenched his phone, "Rong Shu, do you know what you are doing? You are covering up a criminal!"

Rong Shu sneered, "It's like you haven't shielded criminals, what Gu Manyin did is much worse than Xiaochuan, you've shielded and protected you over and over again. Now, as for me, don't you think? Is it too ridiculous?"

"..." Fu Jingting's throat was blocked, and he was speechless.

Because what she said was the truth.

Even if what he did at that time was not out of his true thoughts and will, it was indeed what he did.
