Chapter 331 Rong Shu's Selfishness

Taking a deep breath, Fu Jingting calmed down first and looked at Rong Shu, "I admit what I did wrong in the past, and I will make up for what I did wrong in the future, but now and the past are two different things, Rong Shu, you can't mix it up, Li Chuan gives You poisoned the child and caused the child to become deformed, which has constituted the crime of intentional murder and must be reported to the police!"

"A child I was planning to abort, it will become deformed when it is deformed. In short, I will never allow you to let Xiaochuan be taken away! Rong Shu also looked at him with a very strong attitude.

Fu Jingting frowned in disbelief, "What did you say? If you are deformed, you will be deformed? Rong Shu, that's your child!"

As a mother, is it appropriate to say that?

Of course Rong Shu also knew it was inappropriate, but it didn't matter, she didn't care what Fu Jingting thought.

Rong Shu let go of his arm and said coldly, "What if it's my child? He shouldn't have come into this world, his appearance is a mistake, and besides, he's just an embryo, not even a natural person. , so how can it compare to Xiaochuan's status in my heart."

However, although she said so, her heart was tingling.

At this moment, she realized that in fact, she didn't care about the child as much as she thought.

But Fu Jingting didn't know what Rong Shu was thinking, he took a step back and looked at her like a stranger, "Okay, even if you don't care about that child, but I do, because that's my child too, as a father, for the child Is it okay to ask for justice?"

Rong Shu sneered, "Fair? Fu Jingting, didn't you know I was pregnant long ago? You were not like that at that time, you didn't care if I took this child or you. I'm happy, it doesn't matter if you don't get rid of you, because you won't recognize it anyway, so you didn't necessarily care about this child at that time, but at this time you came to show your father's love, don't you think it's too late, it's too hypocritical ?"

Fu Jingting's throat was dry, "That's how you see me?"

"It's not that I see you that way, but that's what you did." Rong Shu looked at him sarcastically.

Fu Jingting felt a dull pain in his heart and wanted to say that it wasn't like that, but he couldn't spit it out when the words came to his mouth.

Maybe, he was really what she thought, so he couldn't tell.

Fu Jingting was silent for a long time before speaking in a low voice, "Do you really want to let Li Chuan go?"

Rong Shu lowered her eyelids, "Yes."

"Even if she poisons you? You don't care?" He asked again.

Rong Shu squeezed the palm of her hand, "Yes, I believe Xiaochuan will correct, I am willing to give him a chance."

Everyone is selfish.

Compared with an unexpected child, she really cares about Xiaochuan more, and her feelings for Xiaochuan can't help send Xiaochuan to prison.

"It's a good chance, are you not afraid that he will treat you like this in the future?" Fu Jingting stared at Rong Shu.

Rong Shu's eyes flashed, and she pursed her slightly pale lips, "I believe Xiaochuan won't. He will do it this time because he is ill."

She didn't plan to tell him what it was.

After all, this is Ogawa's privacy.

Fu Jingting didn't want to know, so he lowered his head and smiled mockingly, "I'm sick... If what I did to you before was also because I was sick, would you forgive me like you forgive Li Chuan so easily?"

Rong Shu frowned . , "What are you talking about? Are you sick?"

Fu Jingting let out a low sigh, "Sure enough, you don't believe me." The

reason why he never told her that he was hypnotized was because he didn't want to take advantage of her soft-heartedness.

The most important reason was because he knew that she would not believe what he said. She would only think that what he said on purpose was just an excuse for what he had done before.

Rong Shu felt Fu Jingting's disappointment, her lips moved, and she was about to say something.

Fu Jingting returned to his usual cool look, stared at her and asked, "Rong Shu, I'll ask again, are you sure you want to let Li Chuan go, don't regret it?"

"No regret!" Rong Shu nodded without hesitation.

Fu Jingting closed his eyes, and when he opened them, his consciousness was indifferent, "I know, you have a good rest, I'll come back tomorrow."

He originally planned to stay here tonight, but now, he needs to calm down.

Rong Shu looked at Fu Jingting's back, and quickly shouted "Fu Jingting."

Fu Jingting stopped and didn't look back, "What's the matter?"

"You...Aren't you going to pursue Xiaochuan?" Rong Shu grabbed the quilt and asked.

Fu Jingting's mouth pulled a self-deprecating arc.

Originally, he thought that she had changed her mind when she stopped him.

It was he who was self-indulgent.

"Even if I want to investigate, you will issue a letter of understanding in the end, so that the police will not pursue Li Chuan's behavior, right?" Fu Jingting looked at her slightly.

Rong Shu lowered her eyes, "That's what you said."

"So what's the point of calling the police?" Fu Jingting turned his head back, his voice was much colder, "But Rong Shu, this is the first and last time, you better be I pray that Li Chuan will not be caught by me for other reasons, otherwise I will make him regret it."

After speaking, he walked out of the ward.

Rong Shu looked at the closed door, and after a few seconds, she sighed.

She looked at the toxin analysis report thrown on the ground by Fu Jingting with a bewildered look.

The report had been crumpled into paper balls by Fu Jingting, showing Fu Jingting's anger at that time.

Rong Shu rubbed her temples, "I don't know, is it right or wrong for me to protect Xiaochuan like this?"

By tomorrow, she must persuade Xiaochuan to receive treatment.

Maybe after Xiaochuan's psychological problems are cured, she can be sure whether her behavior today is appropriate or not.

The other half, after Fu Jingting walked out of the inpatient department, took out his mobile phone and called Assistant Zhang, "Come and pick me up at the hospital."

Assistant Zhang was having a barbecue with his friends at the night market. He just opened a bottle of beer and didn't have time to drink it. , Hearing this sentence, the originally bright mood suddenly became gloomy and gloomy.

"But Mr. Fu, aren't you going to spend the night in the hospital?" Assistant Zhang asked with a smirk in his heart and a smile on his face.

Fu Jingting walked to a sun lounger in the garden and sat down, "It won't be the night, come here quickly."

"Okay." Assistant Zhang nodded in response.

The next second, after hanging up the phone, his expression changed, and he stood up angrily, "Okay, tonight's barbecue feast can't go on."

"What's wrong?" The friend asked while eating mutton skewers.

Assistant Zhang picked up his coat and put it on, "My erratic dog boss asked me to come pick him up, don't guess, he must have eaten at the person he likes, alright, I'll go, let's meet again next time. With

a sigh, Assistant Zhang walked towards the car on the side of the road.

Half an hour later, Assistant Zhang received Fu Jingting.

After Fu Jingting got into the car, Assistant Zhang couldn't help but be curious. He turned to look at Fu Jingting and asked, "Mr. Fu, are you and Miss Rong..."

"Drive!" Fu Jingting ordered with a dark face.

Assistant Zhang knew that he could not get the answer, shrugged his shoulders regretfully, turned his head back, and started the car.

Fu Jingting rested his hands on the car door, and held his fists on his cheeks. He was shrouded in shadows and couldn't see his expression clearly.

This time, he let Li Chuan go because he didn't want to make Rong Shu sad or make Rong Shu hate him even more.

But this time, he had written down the hatred. He would keep people staring at Li Chuan. As long as he caught Li Chuan's handle, he would clean up this time together.

He admitted that he was not a qualified father, but the decision of whether or not to leave the child should be decided by him and Rong Shu, not by an outsider.

While thinking about it, the phone rang.

Fu Jingting took a look and answered, "What's the matter?"

"Brother, where are you, come back soon, Gu Yaotian came to the house, shouting to settle the account with you." Fu Jinglin's loud voice came from the phone.

Chapter 332 Fu Jingting's Derailment

Fu Jingting's brows furrowed into words, "Accounts? What accounts?"

"I don't know, that guy refused to talk about it, he had to wait until you came back, so brother, come back quickly." Fu Jinglin urged.

Fu Jingting hummed, "Got it." After cutting off the

phone, he squeezed his brows and said, "Go back to the mansion, don't go to the hotel."

He originally planned to stay at the hotel tonight, so when Rong Shu is discharged from the hospital tomorrow morning, he can hurry up earlier. come over.

But now Gu Yaotian went to the mansion, he had to go back to the mansion.

"Okay, Mr. Fu." Assistant Zhang nodded in response.

More than an hour later, Fu Mansion arrived.

Hearing the sound of the car, the servant immediately came out and opened the door, "Young Master, you're back."

"Gu Yaotian hasn't left yet?" Fu Jingting handed her the coat in his hand.

The servant shook his head, "No, the wife and the second young master are dealing with him."

Fu Jingting pursed his lower lip, stopped talking, changed his shoes and walked towards the living room.

As soon as I walked into the living room, I heard Wang Shuqin's shrill voice, "Gu, when are you leaving?"

"I won't leave, I won't leave until Fu Jingting comes back, I'll put my words here today. , Fu Jingting doesn't give me an explanation, I'm not finished with your Fu family!" Gu Yaotian's sneering voice also sounded.

Fu Jingting said with a dark face, "Oh? Then I want to see, how come you can't finish with the Fu family!"

Hearing this, the three people in the living room fell silent instantly.

Immediately afterwards, Fu Jinglin stood up happily, "Brother, you are back."

"Jing Ting, you are back, hurry up, send this person away, it's annoying!" Wang Shuqin pointed at Gu Yaotian on the sofa, who was fat. His face could not hide the strong disgust.

Gu Yao's weather was trembling.

This fat woman is really a typical snob!

A few months ago, their Gu family was still one of the top 20 families in the sea market. Every time this fat woman saw them, not to mention her enthusiasm, her relatives were short-lived.

But now that they are at the bottom of the family, this fat woman immediately turned her face and looked at people with all kinds of nostrils, she was really mad at him!

That old man Fu Huai, how could he like such a woman in the market back then? Could it be that he ate too many famous dishes, so he wanted to taste the shit outside?

Looking at Gu Yaotian's distorted face, Fu Jingting's eyes became cold, and he raised his hand to comfort Wang Shuqin, "I know Mom, leave it to me, it's getting late, you and Jinglin go back to the room to rest first."

"I won't rest, I want to stay and see what he wants to settle with our Fu family!" After saying that, Wang Shuqin sat down.

Fu Jinglin nodded again and again, "I want to stay too."

Seeing that his mother and brother didn't leave, Fu Jingting didn't force it, he walked to the sofa opposite Gu Yaotian and sat down, folded his legs, and looked at him indifferently, "Said Well, aren't you looking for me to settle the bill?"

Gu Yaotian hummed sadly, "Okay, since you are so direct, then I won't go around in circles, Fu Jingting, how can you be worthy of

Manyin!" Fu Jingting narrowed his eyes, "You mean What?"

He thought that Gu Yaotian was looking for him so late because he was dissatisfied with his official business.

Unexpectedly, it was actually for Gu Manyin.

Gu Yaotian suddenly stood up and pointed at Fu Jingting's nose, "Why? Of course it's for your cheating!"

"Cheating?" When he came over, he looked at Fu Jingting with wide eyes in disbelief, "Brother, didn't you break off your engagement with Gu Manyin? Why are you still cheating? Are you going to be with Gu Manyin again?"

"Yes, Jingting, don't scare me, then Gu Manyin is now a broken shoe, a lousy product, and a vicious heart, how can he be worthy of you, don't be stupid!" Wang Shuqin also quickly advised.

She really didn't want Gu Manyin to enter the door. She didn't know Gu Manyin before. She felt that Gu Manyin was gentle and gentle, and would not climb on her head when she married. Most importantly, there was a Gu family behind Gu Manyin.

You must know that the Gu family had only one daughter, Gu Manyin. After Gu Manyin married, the Gu family and the Sansheng Group belonged to their Fu family.

So after Gu Manyin was bullied, she still felt it was a pity that she lost this windfall, but after Gu Manyin's viciousness was exposed, she didn't feel it was a pity anymore.

She Wang Shuqin claims to be not a good person, but she is definitely not a bad person. Otherwise, why would she treat Jing Ting as her own son? Even in the matter of Rong Shu, she admitted that she had sparred with Rong Shu, but she only treated her as her own son. Rong Shu was used as a servant and yelled loudly, but she never touched Rong Shu, so after Rong Shu got divorced, Jing Ting was injured several times, and she was so angry that she went to the door to fight Rong Shu.

Compared to Gu Manyin, she is considered kind, and what Gu Manyin does makes people terrified. If Gu Manyin gets married in the future, she is not pleasing to her mother-in-law, should she treat her like Rong Shu? This grandma?

So no matter what, she absolutely cannot let Jing Ting and Gu Manyin reunite.

Seeing the anxiety and disapproval in the eyes of his brother and mother, Fu Jingting waved his hands slightly to signal them to calm down.

Afterwards, he looked at the smug Gu Yaotian, his eyes narrowed slightly, "Oh? Cheating? When?" Could it be

that Gu Yaotian was referring to that night three months ago?

Sure enough, Fu Jingting's guess came true.

Gu Yaotian pointed at him, "Of course it was three months ago! You cheated on Rong Shu just after your engagement with Man Yin was made three months ago."

Fu Jingting's fist tightened suddenly, his thin lips pursed into a straight line.

Really this thing.

But how did Gu Yaotian know?

Could it be that Gu Manyin told me?

Thinking that Gu Manyin knew that the child in Rong Shu's womb belonged to him, it was not surprising that Gu Manyin knew what happened to him and Rong Shu that night.

But as to how Gu Manyin knew about it, he had to check it out!

"You are talking nonsense. My brother just divorced Sister Rong Shu three months ago. At that time, my brother hated Sister Rong Shu, how could he cheat with Sister Rong Shu." Fu Jinglin threw the apple core and said loudly.

Wang Shuqin also echoed, "That is, who doesn't know that the three-month-old prospect has Gu Manyin in his heart and cheated with Rong Shu. You want to eat your shit. I think you are here to find fault and slander Jingting."

Gu Yaotian sneered, "I slandered him? You let him say for himself whether he has cheated!"

"My brother definitely didn't!" Fu Jinglin stood on Fu Jingting's side wholeheartedly.

Wang Shuqin did the same, stood up and pointed at Gu Yaotian's nose and cursed, "You old bastard, you said that Jing Ting cheated, and you have the ability to show evidence. If there is no evidence, you are spreading rumors, and I can call the police and arrest you.

" Rong Shu taught her.

Every time she goes to trouble Rong Shu, Rong Shu treats her like this. Now she uses it to deal with other people, and she is very grateful.

“Evidence?” Gu Yaotian snorted, “Okay, since you want evidence, I’ll give it to you!”

Hearing this, Fu Jingting’s eyes sank.

And Fu Jinglin and Wang Shuqin’s mother and son widened their eyes in surprise.

“No, he really has evidence?” Fu Jinglin opened his mouth and said.

Wang Shuqin shook her head, then looked at Fu Jingting, “Jingting, are you really...”
Before

she could finish, Gu Yaotian interrupted her with a snap, “Look, this is the evidence you want!

” documents on the coffee table.

“What’s this?” Fu Jinglin curiously picked it up and opened it, and read out a voice, “The pregnancy test report, two months and seventeen days of pregnancy, check the appearance... Rong Shu?”

Chapter 333

Fu Jinglin was so shocked that his voice became sharp, and the hand holding the document was even more trembling.

“Rong... Sister Rong Shu is pregnant?” Fu Jinglin swallowed, unable to calm down for a long time.

Wang Shuqin pouted, “If you are pregnant, you will be pregnant. What does this have to do with Jing Ting? You can’t accept Jing Ting’s child, right?” She is

more than two and a half months pregnant, what does this mean?

It means that Rong Shu has just divorced Jing Ting, and he has been on good terms with the wild man. She can’t wait so much, but it’s shameless to say how much she loves Jing Ting!

“Mrs. Fu, you’re really right, Rong Shuhuai’s is really Fu Jingting’s seed!” Gu Yaotian looked at Fu Jingting with a half-smile, “Jingting, am I right?”

Fu Jingting pursed his lips and did not answer.

Wang Shuqin knew him, and if he didn't deny it, it meant admitting it.

"Jing Ting, what's in Rong Shu's stomach...is it really yours?" Wang Shuqin looked at Fu Jingting in shock and asked.

Fu Jingting nodded, "Yes!"

Papa!

The document in Fu Jinglin's hand suddenly fell to the ground. He gave Fu Jingting a thumbs up and said sincerely, "Brother, you are a bull!"

"What a bull." Wang Shuqin slapped Fu Jinglin on the head, then looked at Fu Jingting, "Jing Ting, don't you like Rong Shu, why..."

"This is an accident." Fu Jingting lowered his eyes and said softly.

Moreover, he did not dislike Rong Shu.

Although he didn't realize that he liked Rong Shu at that time, he was very honest in his heart.

Otherwise, he wouldn't have had such a thing with Rong Shu.

"Whether it's an accident or not, Rong Shu is pregnant, two months and seventeen days, and she is carrying your Fu Jingting's child, so the fact that you cheated is naturally a hard fact." Gu Yaotian sat down, crossed Erlang's legs, proud Said eloquently.

"So what?" Fu Jingting looked at him indifferently.

Gu Yaotian frowned.

Cheating is a foregone conclusion.

Is this Fu Jingting not panicking?

Gu Yaotian squinted his eyes and said, "So how do you plan to compensate Man Yin and my Gu family?"

Fu Jingting smiled, sarcastically, "This is the real purpose of your coming to me, you are cheating on me, and you want to settle accounts with me. The slogan, in fact, is just here to ask for favors."

"So that's the case, you old man is really shameless!" Wang Shuqin glared at Gu Yaotian angrily.

Gu Yaotian ignored her and just looked at Fu Jingting, "You're right, but it's also true that you cheated. I want some compensation from you, isn't it too much?"

"It's not too much, it should be, so what compensation do you want? Fu Jingting lowered his eyelids to cover the cold light in his eyes.

When Wang Shuqin heard what he said, she immediately quit, "Jing Ting, you can't..."

"Mom, don't talk yet." Fu Jingting cut her off.

Wang Shuqin always listened to his words, opened her mouth and stopped talking.

Gu Yaotian smiled when he saw this scene.

He thought it would not be so smooth, and he would definitely have to argue before Fu Jingting agreed to compensate him for the Gu family.

Unexpectedly, Fu Jingting agreed so easily.

"Don't worry, I don't want much compensation. I just want you to resume all cooperation with Sansheng Group and your engagement with Manyin." Gu Yaotian looked at Fu Jingting, "How is it, it's not too much for you, right?"

Fu Jingting's face sank coldly, and there was a violent storm in his eyes.

Wang Shuqin was even more blown up, and the coffee table clapped, "This is not too much? Gu Yaotian, why is your face so big, it is not enough to resume cooperation, but also to resume the marriage contract, now who doesn't know that Gu Manyin is a broken shoe, you still want Jing Ting to marry Gu Manyin, where did you leave my Fu family!"

Fu Jinglin was also very angry, but he was young and some words were obviously inappropriate.

He rolled his eyes and quietly left the living room with his phone.

He was going to tell his grandmother about it.

Gu Yaotian let the eldest brother solve it by himself, but the fact that Sister Rong Shu was pregnant must be known to her grandmother.

Maybe the grandmother came forward, and Rong Shu and the eldest brother got back together.

In the living room, after Wang Shuqin scolded Gu Yaotian, she quickly persuaded Fu Jingting, "Jing Ting, you must not agree."

Jing Ting was obviously ready to agree to compensate the Gu family.

She was really afraid that Jing Ting promised to resume the engagement with Gu Manyin.

Fu Jingting knew Wang Shuqin's concerns, so he put his hands down on her and motioned her to sit down first.

Wang Shuqin gave Gu Yaotian a fierce look, and sat down angrily.

Fu Jingting raised his eyes and stared at Gu Yaotian.

Facing his cold, emotionless eyes, Gu Yaotian panicked for a moment, coughed and said, "Of course, if Jing Ting is concerned about Man Yin being bullied, you don't have to resume the engagement with Man Yin, after all, I still have one Daughter."

He didn't plan to really restore the engagement between Fu Jingting and Man Yin, after all, he is a normal man and would never want Man Yin again. He just said that, just to test it out.

What he really wants to launch is romance.

As long as Fu Jingting doesn't accept Man Yin, he will push Man Qing out. No matter what, the marriage with the Fu family cannot be broken.

"Heh." Wang Shuqin sneered, "Gu Manyin can't do it, let your newly found country girl marry Jing Ting. You treat my Fu family as a charitable family, accept everyone, and treat Jing Ting as a trash can. , Marry anyone!"

"Mom..." Fu Jingting's mouth twitched.

Although he knew that Wang Shuqin was helping him speak, this adjective...

"What's wrong?" Wang Shuqin looked over with a bewildered expression, obviously not knowing where she was wrong.

Fu Jingting helped her forehead, "It's fine." That's all

, she has no culture.

Just go with her.

Fu Jingting shook his head slightly, and in the next second, he regained his cold expression and looked at Gu Yaotian coldly, "Okay, I've said so much, it's up to me to say it, I can tell you clearly that cooperation is not enough. It will continue, and the engagement with your Gu family will not resume."

Wang Shuqin laughed suddenly.

Gu Yaotian's face darkened, "You mean, you don't intend to compensate my family?"

Fu Jingting was noncommittal.

Gu Yaotian's face changed shape, "Fu Jingting, you are not afraid that I will publicize your derailment? When I publicize it, do you think you, Fu Jingting and the Fu family, have any good faces?"

"Do you want to publicize it?" You can go now, it doesn't matter to me." Fu Jingting held his head lazily, and said lightly, "Compared to Gu Manyin who gave me six green hats, I put one on her, it's just a trivial matter, and With my status, do you think that even if you publicize it, do those people dare to talk about me in person? They don't dare, and my Fu family will not be affected in any way. If you don't believe me, you can try it, and I can tell you very clearly. , once you publicize it, you will only offend me even more."

"You..." Gu Yaotian's complexion changed and changed, turning blue and white, looking very funny.

He had to admit that Fu Jingting's words were right, and it was not uncommon for people in the circle to cheat. ,

Because the men in the circle are basically cheating, so Fu Jingting cheats, at most people in the circle can only talk about it, but it has no influence on Fu Jingting's reputation and the Fu Group, even outside the circle. No one can.

First of all, cheating is not a crime, and secondly, Fu Jingting's status is there. No one wants to black Fu Jingting because he is afraid of offending Fu Jingting.

When he came, he only wanted to threaten Fu Jingting with the stain of Fu Jingting's derailment, but he forgot about Fu Jingting's status in the sea market.

Thinking of this, Gu Yaotian felt great regret in his heart.

He was thinking, where did he get his confidence, thinking that using Fu Jingting's derailment could threaten Fu Jingting?

As a result, people didn't threaten him now, but Fu Jingting hated him instead.

Chapter 334

Seeing the panic on Gu Yaotian's face, Fu Jingting's thin lips curled up coldly, "Mr. Gu, do you still need me to make up for your Gu family?"

Gu Yaotian opened his mouth, and after a long time, he said in a hoarse voice, "No need. Now, Mr. Fu's compensation, my family can't afford it!"

Even if he succeeded in danger to Fu Jingting, he got everything he wanted.

But Fu Jingting will only hate him even more in his heart, maybe he will hide behind them how to take care of their family.

Now is the information age, he knows that his thinking can't keep up with the young people. Once Fu Jingting takes action, he can't resist it at all. He can't let the Gu family ruin in his own hands.

So this is the only way to go back.

"It's good to know if you can afford it. Just the two daughters of your Gu family, one is vicious and dirty, and the other is a petty family. How can they marry our Jingting." Wang Shuqin rolled her eyes and said.

Gu Yaotian looked at her coldly.

Wang Shuqin was chilled by the sight of him, but then she thought that Fu Jingting was no longer afraid, and glared back, "What are you looking at? Are you not convinced?"

"Vulgar woman!" Gu Yaotian replied contemptuously, and then looked at Fu Jingting. , said in a cold voice, "Mr. Fu, what a disturbance today, I'll say goodbye first!"

What can I do if I don't go?

It will only be more embarrassing!

"Mr. Gu, walk slowly." Fu Jingting raised his chin and replied in a cold and indifferent voice.

Gu Yaotian walked towards the porch, his back was obviously hunched a bit, and he didn't have the straight waist and strong will when he came, but he was much older.

Also, the goal was not achieved, but instead an enemy was established. Can you not grow old?

"I'm so pissed off, that old bastard actually called me vulgar!" After Gu Yaotian left, Wang Shuqin was still scolding loudly on his hips.

Fu Jingting glanced at her and wanted to say, aren't you vulgar?

But thinking that she is an elder, that's all.

Fu Jingting took out his mobile phone and called Assistant Zhang.

Assistant Zhang's voice came quickly, "Mr. Fu."

"There is no need to investigate Rong Shu's poisoning. I already know who did the poisoning. Check how Gu Manyin knew that the child in Rong Shu's belly was me. Yes." Fu Jingting commanded in a deep voice while holding the phone.

He only let Zhang Cheng settle down in Tiancheng, only to find out that Rong Shu was pregnant with his child.

So how did Gu Manyin know, there must be something wrong.

"I know Mr. Fu." Assistant Zhang nodded in response.

Fu Jingting hung up the phone and put down the phone.

Wang Shuqin was looking at him with a complicated expression, "Jing Ting, Rong Shu is pregnant, what are you going to do about it?"

"What can you do? Of course, take Shu Shu back and take care of the baby!" It rang out with an excited voice.

Fu Jingting and Wang Shuqin looked at the same time, the old lady walked over from the entrance with the help of Feng Ma and Fu Jinglin.

Wang Shuqin was most afraid of this old lady, so she stood up immediately, "Mom, why are you here?"

Fu Jingting stared at Fu Jinglin.

how come?

It wasn't the secret that this kid Fu Jinglin told him.

Fu Jinglin received Fu Jingting's cold gaze and couldn't help shrinking his neck, "Brother, don't blame me, it's mainly because Sister Rong Shu's pregnancy is such a big thing, you have to let your grandmother know, and I know you're chasing Rong Shu recently. Sister, with your grandmother coming to help you, you have a better chance of chasing Rong Shu back, right?"

"What? Jing Ting is chasing Rong Shu?" Wang Shuqin raised her voice with a look of surprise.

"Yes, Mom, you don't know?" Fu Jinglin squinted at her.

He has been out playing games, and few people at home know about him.

As a result, his own mother didn't even know.

Wang Shuqin shook her head.

She really doesn't know.

However...

Wang Shuqin's face became ugly when she thought of how many times Rong Shu had given her face.

"I don't agree!" Wang Shuqin looked at Fu Jingting with disapproval, "Jing Ting, I don't agree with you and Rong Shu."

Fu Jingting frowned.

The old lady put on her crutches and glanced at Wang Shuqin coldly, "This is about Jing Ting, it's not your stepmother's turn to agree or disagree, and don't think I don't know why you disagree, it's Jing Ting Jinglin Your attitude towards Shushu has changed, you are afraid that when Shushu comes back, they will all turn towards Shushu, and will not follow you in everything as before?"

Wang Shuqin was thinking, and her fat face flushed red. He faltered and was speechless.

After all, it was his own mother, so Fu Jinglin pulled the old lady's sleeve, "Grandmother, don't talk about it." The

old lady snorted, took back her gaze from Wang Shuqin, and put it on Fu Jingting, her old face was cold, "The matter of Shushu's pregnancy, Why didn't you tell me? If Jinglin didn't tell me just now, did you wait until Shushu gave birth before you were ready to tell?"

Fu Jingting's thin lips moved, and after a few seconds, he replied in a sullen voice, "I'm sorry. Grandmother."

"It seems that you really think so." The old lady sneered angrily, then extended her hand to Feng Ma, "Give me the things."

Feng Ma looked at Fu Jingting and hesitated, "Old lady, I really want to. Is that so?"

Fu Jinglin and Wang Shuqin were very curious about what the two old men were playing, but they didn't dare to ask when they saw the cold face of the old lady.

On the other hand, Fu Jingting's eyes flashed, he knew something, and his fists tightened.

"Of course!" The old lady looked at Fu Jingting with a firm tone, "He did something wrong, my grandmother, naturally, I have to educate him and give me things!"

She said it again.

Feng Ma sighed and took out something from the bag she was carrying and put it in the old lady's hand.

Fu Jinglin took a closer look, and suddenly took a breath, "Whip... whip?"

He had been curious about what was in Feng Ma's bag before.

Unexpectedly, it was actually a whip!

Beside, Wang Shuqin saw the whip, and her face turned pale.

The old lady glanced at her lightly, "You should be familiar with this whip, right?"

Wang Shuqin seemed to remember something terrible when she heard this, her face paler and trembling all over.

The old lady tugged at the whip and said coldly, "Ten years ago, Fu Huai broke the family law in order to marry you, and was beaten to death by his father with this whip. Today, my grandson Fu Jingting made the same mistake, and I also used the whip. This whip is here to teach him, Jing Ting, do you accept it?"

She looked up at Fu Jingting.

Fu Jingting lowered his eyes, "I accept."

"Then kneel down!"

Fu Jingting did not resist, and knelt down obediently.

This kneeling frightened Fu Jinglin.

In his impression, the eldest brother has always been aloof.

Unexpectedly, at this moment, he would actually kneel.

Seeing Fu Jingting kneeling down obediently, a trace of relief flashed in the old lady's eyes, but it soon disappeared again. She grabbed the handle of the whip and asked,

“Very well, I’m very satisfied with your attitude, but do you know what you have done wrong?”

Fu Jingting’s eyes were confused and could not speak.

When the old lady saw it, her old face sank, “It seems that you don’t know, okay, then I’ll tell you, you made a mistake of playing with other people’s feelings!”

At the same time as she spoke, the old lady raised the whip, snapped it, and directly The whipping was on Fu Jingting’s back.

Fu Jingting gritted his teeth in pain, his face instantly paled, and cold sweat broke out.

It can be seen that the old lady’s whip was completely merciless.

The clothes on his back were ripped apart, the skin on the back of his slashed flesh ripped open, and blood immediately seeped out.

Wang Shuqin screamed in fright, rolled her eyes, and fainted.

Because of Fu Jingting’s whiplash, she remembered the way her husband was beaten seventeen years ago.

“Mom!” Fu Jinglin was stunned at first, but when he saw Wang Shuqin leaning towards him, he quickly reacted and supported Wang Shufang, slapping his face and pinching him.

But Wang Shuqin was obviously in a severe coma and couldn’t wake up no matter how much she shouted.

The old lady glanced at her calmly and said lightly, “Mother Feng, take her to the room.”

Ma Feng nodded and walked to Fu Jinglin’s side, “Second Young Master, give me your wife.”

“Oh . Oh...” Fu Jinglin nodded hastily and handed Wang Shuqin to Feng Ma.

Feng Ma helped Wang Shuqin go upstairs.

The old lady put her eyes back on Fu Jingting, "Jingting, did you know that all the men in our Fu family are very dedicated and have never done anything to play with other people's feelings, only your father and you.

" Here, the old lady's hand holding the whip trembled, as if she was suppressing something. After a while, she took a deep breath, closed her eyes, and calmed down again, "I won't say anything about your father, that's a special situation, your parents were originally They don't love each other, marriage is also because of family responsibility, but you are different, since you promised to marry Shu Shu, you should treat her well and live with her well, but what about you?"

Pa!

The old lady is another whip.

Fu Jingting hummed in pain.

A hint of distress flashed in the old lady's eyes, but she was quickly suppressed again, "After you marry Shu Shu, leave it aside, treat her with indifference, and even let Wang Shuqin and Jing Lin tease and bully her. , Are you doing this because of a husband?"

Hearing this, Fu Jinglin blushed and couldn't help lowering his head.

He knew he was wrong.

The old lady didn't even look at Fu Jinglin, she still stared at Fu Jingting, "I wanted to teach you a lesson at that time, but Shu Shu stopped me, I thought that since this is your young couple's business, then you can solve it yourself. In addition, Shu Shu has a gentle and pure personality and has a long-term commitment to love. I thought she could impress you, but I never thought that your heart is more indifferent than I thought."

"No grandmother..."

Before he could finish, Fu Jingting was interrupted by the whip of the old lady, "Shut up, I don't have your share of words!"

This is already the third whip.

Every whip, the old lady showed no mercy.

For the first two whips, Fu Jingting was able to endure the severe pain in his back and kneel.

But this whip, Fu Jingting couldn't take it anymore and fell to the ground, his body trembling in pain.

The old lady couldn't bear to look away, and said with a frosty face, "That's fine, what really makes me, the old lady unacceptable, is that you actually messed with that Gu Manyin during your marriage. If it weren't for you and Shu Shu Divorce is quick, I will definitely kill you. I also asked you later if you would regret your decision to divorce Shu Shu. You said you would not regret it, but you turned around and made Shu Shu pregnant! "

Speaking of this, the old lady was in a fit of anger, and she slapped the whip down again.

Fu Jingting's body was curled up in pain, and the cold sweat on his forehead slid down in large drops, dripping on his eyelashes, and he couldn't open his eyes.

Fu Jinglin was crying beside him, grabbing the old lady's hand and begging, "Grandma, stop beating, eldest brother can't take it anymore!" The

old lady didn't listen and shook off his hand, "Fu Jingting, before the divorce, you and Gu Man The sound is entangled, regardless of whether Shushu will be sad and sad, and after the divorce, what happened to you and Shushu, what do you think of Shushu? Are you playing with Shushu's feelings? My Fu The family didn't teach you this, huh?" The

old lady's eyes were blushing, with a hint of water, and she waved the whip again.

Fu Jinglin looked at Fu Jingting, whose body was trembling in pain. In a hurry, he quickly took out his mobile phone, "Sister Rong Shu, you must pick it up, please, please, now only you can save eldest brother."

He quickly dialed Rong Shu's number. telephone.

In the hospital, after reading the report sent by Tong Xi, Rong Shu was about to rest when the phone at the bedside rang.

Seeing Fu Jinglin's call, she couldn't help frowning.

So late, what did he call?

Without thinking much, Rong Shu was about to hang up.

Unexpectedly, she accidentally slid the wrong button and slid to the answer button.

Fu Jinglin's urgent voice came, "It's great, Sister Rong Shu, you finally took it, Sister Rong Shu, save my elder brother!"

Hearing Fu Jinglin's crying tone, Rong Shu raised her eyebrows, "What's wrong?"

“Grandmother...grandmother is whipping my eldest brother, my eldest brother is hurting his entire back now, and everyone is about to faint, sister Rong Shu, please stop grandma, grandma likes you so much, for sure I will listen to you, Sister Rong Shu, please.” Fu Jinglin cried and prayed.

Don't look at how tall and tall he is, but after all, he is only a teenage boy who has been pampered and grown up. Where have he seen such a bloody and violent scene, he is naturally frightened.

In addition, he was worried about his eldest brother and didn't know how to save him from his grandmother's hands, so he was naturally anxious to cry.

“What? Grandma beat Fu Jingting with a whip?” Rong Shu sat up straight and her expression became serious.

She remembered that the family law of the Fu family was whipping.

As long as the Fu family made a big mistake, they would invite the whip left by their ancestors.

However, in the six years she was in the Fu family, she had only heard that the old man beat his son with a whip more than ten years ago, that is, Fu Jingting's father. As for the reason, she did not know.

Unexpectedly, Fu Jingting was also served by the family law now.

“Yes, Sister Rong Shu, save my elder brother quickly.” Fu Jinglin urged.

Rong Shu pursed her lips, “Tell me first, what did Fu Jingting do wrong, why did grandmother ask for family law?”

“It's not all because of you.” Fu Jinglin stomped his feet.

Rong Shu was stunned, “Because of me?”

“Grandma knew that you were pregnant, but it was after you divorced eldest brother three months ago. Grandmother was very angry and thought that eldest brother was playing with your feelings, so she asked for family law.” Fu Jinglin explained.

Rong Shu's eyes narrowed.

She thought that Fu Jingting was beaten because of other things.

Unexpectedly, it was because of her.

Since it has something to do with her, she really can't stand idly by.

With a sigh, Rong Shu squeezed her brows, shook off her sleepiness, and said, "I see, give the phone to my grandmother.

"Grandmother, Sister Rong Shu is looking for you." The

old lady gave Fu Jinglin a deep look.

This kid is a little smart, and he knows who is the most useful to look for.

The old lady put the whip aside, took the phone, wiped away the indifference on her face, and became kind and kind, "Shu Shu, it's me."

"Grandma, Fu Jinglin said, are you beating Fu Jingting?" Rong Shu asked .

The old lady nodded, "Yes, this kid should be beaten. He cheated before the divorce and made you sad. After the divorce, the cheating made you pregnant. I really don't know what the ancestors of the Fu family did to give birth to such a wicked obstacle."

Mingming divorced Before, Jing Ting kept saying that he only loves Gu Manyin and is not suitable for Shushu. As a result, as soon as he divorced, he had a relationship with Shushu. What is this?

At that time, he didn't realize that he loved Shushu, so what did he think of Shushu when he had that kind of thing with Shushu?

The old lady took a cool look at Fu Jingting, who was lying unconscious on the ground, and sighed exhaustedly, "Shushu, is the child okay?"

Thinking that the Fu family will soon usher in the fourth generation.

The old lady's mood finally improved.

However, in the next second, Rong Shu's answer instantly made the old lady's good mood sink to the bottom.

Rong Shu touched her stomach and replied, "Didn't Fu Jingting tell you? The child... I took it off."

The phone in the old lady's hand fell to the ground.

The old lady herself fainted by the news.

Before she lost consciousness, there was only one thought in her mind, her great-grandson was gone!

Chapter 336 Gu Manqing's Delight

“Grandmother!” Seeing the old lady fall, Fu Jinglin hurriedly stepped over and caught the old lady.

It happened at this time that Feng Ma came downstairs. Seeing this scene, she quickly asked, “Second young master, what’s wrong with the old lady?”

“I don’t know, the grandmother passed out.” .

Feng Ma came over and took the old lady. While giving first aid to the old lady, she instructed, “Second Young Master, quickly call the emergency number.”

“Oh, yes!” Fu Jinglin finally reacted, looked down and looked left and right, and saw The mobile phone that the old lady dropped on the ground quickly bent over to pick it up.

Just before the phone was hung up, Rong Shu’s voice came from the phone, “Grandma? Grandma?”

She heard the clack of the phone falling to the ground and Fu Jinglin’s eager shout, and knew that the old lady Maybe something went wrong, and I couldn’t be in a hurry, but the old lady’s voice was no longer on the phone.

And she was not with the old lady. She didn’t know what happened to the old lady. She could only hold the phone tightly with both hands and kept calling into the phone, hoping that the old lady could respond to her.

But in the end, it was not the old lady who responded to her, but Fu Jinglin, “Sister Rong Shu, grandmother fainted.”

“What? Fainted?” Rong Shu sat up from the bed and was about to ask the old lady’s details. Specifically, it was found that the phone was hung up.

Rong Shu thought that Fu Jinglin hung up accidentally, and hurriedly called again, but it turned out that the other party was on the phone.

Helpless, Rong Shu could only put down the phone, her heart was pounding, full of worry and anxiety.

Could it be that the grandmother fainted because she was stimulated by her saying that the child was aborted?

If so, she is to blame!

Fu Mansion, Fu Jinglin has finished the emergency call.

Soon, the ambulance arrived and took the old lady and Fu Jingting away at the same time.

This night, the Fu family was destined to be restless. Three of the four Fu family members fainted. All the heavy burdens were placed on Fu Jinglin at once. If Ma Feng was not there to accompany him, he would have fainted too. .

After all, he is only a teenager, and he has lived under the protection of his grandmother, mother and brother since he was a child. all fell.

At the same time, Gu Yaotian returned to Gu's house full of depression.

As soon as Mrs. Gu saw him, her eyes lit up and she hurriedly greeted him, "Husband, you're back."

"Dad, you're back." Gu Manqing also stepped forward to greet him.

Gu Yaotian nodded and sat down with Madam Gu's support, "I'm back."

"Dad, drink water." Gu Manqing poured him a cup of tea.

Gu Yaotian took it with relief, "Okay, Manqing is really my good daughter."

Gu Manqing smiled shyly, lowered her eyelids, but her eyes were full of gloom.

It feels so good to be praised and recognized. She has lived for twenty-six years, and she has been beaten and scolded every day. She has never enjoyed a bit of her parents' favor. Only when she came here did she know that her parents' favor was so amazing. fascinated.

But why are such good parents not her own?

"Husband, how is it? Has Jing Ting agreed to resume the cooperation and engagement with our Gu family?" Mrs. Gu clasped her hands together and asked nervously, "If the engagement is resumed, who will Jing Ting choose? Man Yin , or Manqing?"

Hearing this, Gu Manqing also became nervous and looked at Gu Yaotian.

Gu Yaotian suddenly squeezed the quilt in his hand, his face ugly.

If the quilt wasn't made of glass, it would have been crushed by him.

"No recovery!" Gu Yaotian squeezed out these four words, his voice full of anger and hatred.

Mrs. Gu was stunned for a moment, "No recovery? You mean, cooperation and marriage contract have not recovered?"

Gu Yaotian put the water glass heavily on the table, and replied with a gloomy face, "Yeah, neither!"

"How could it be? This?" Madam Gu covered her lips in surprise.

Gu Manqing on the side heard this, and there was a hint of joy in her eyes.

That's great, the engagement hasn't resumed, so she can rest assured.

Whether it was to marry her with the Fu family, or to restore the marriage contract between Gu Manyin and the Fu family, she was unwilling.

She didn't want Gu Manyin to have another good marriage contract. In this case, it would be even more difficult for her to drive away Gu Manyin in the future.

As for her...

A frivolous figure appeared in her mind, and Gu Manqing couldn't help but face. On the red, the heartbeat also became fast.

Afraid of being discovered by Gu Yaotian and his wife, she quickly lowered her head and hid her thoughts from them.

However, Gu Yaotian and his wife obviously didn't put their minds on her, and naturally they didn't pay attention to her changes.

Mrs. Gu squeezed her palm unwillingly, "Why did Fu Jingting refuse? We have the evidence of his derailment. Why should he refuse, he is not afraid..."

"What is he afraid of?" Gu Yaotian laughed at himself, "His status There, even if we publicize his derailment, no one dares to touch his bad head, at most it is to say a few words in private, as for netizens."

Gu Yaotian snorted sarcastically, "I'm afraid we won't wait for us to be online. Propaganda, Fu Jingting has already said hello to major media and social platforms, so that we can't publish those online, so it is impossible to use netizens to smear Fu Jingting's reputation. How can you say Fu Jingting is threatened by us?"

This..." Mrs. Gu was speechless for a while, and after a long time, she snorted twice, and said in a dry voice, "So we are excited for nothing?" Gu

Yaotian sighed, "Yeah."

For them to hold the handle of Fu Jingting's derailment, they can threaten Fu Jingting and get what they want.

But it turned out to be the exact opposite of what they thought.

Mrs. Gu covered her face and cried, "Then what about our group?"

Gu Yaotian narrowed his eyes, "It really doesn't work, we can only raise some equity, but it's too dangerous, we care about the family. It is possible to be squeezed out of the position of the group's leader at any time."

Once squeezed out of the top position, it means that the Sansheng Group will no longer be a family member.

But the Gu family is only one of the shareholders of Sansheng Group.

Sansheng Group is his hard work, he will never accept such a result, so he will not raise money unless it is a last resort, but now, they can't borrow money everywhere, and they can't get loans from the bank, so they can only leave one step away.

Seeing Gu Yaotian, who was obviously quite old, Madam Gu felt sour in her heart, "Husband..."

"Okay, it's getting late, let's go back to the room to rest first, pick up Man Yin from the hospital tomorrow, and take a good look at her, Don't let her go out to make trouble, I understand now, she is not Rong Shu's opponent at all." Gu Yaotian stood up, rubbed his temples and said tiredly.

Mrs. Gu nodded, "I see."

Ye walked over slowly.

The next morning, Lu Qi picked up Rong Shu and was discharged from the hospital.

Rong Shu looked at him, "You're alone."

"Otherwise, who do you think there is?" Lu Qi squinted at her.

Rong Shu stood by the hospital bed, rubbing her still uncomfortable lower abdomen, "I thought Xiao Chuan would come too."

"I called him to ask if he would come, but he couldn't get through. I don't know what to do, so I had to come alone." Lu Qi shrugged.

After thinking of something, he asked again, "By the way, did something happen between you and Li Chuan yesterday?"

Once squeezed out of the top position, it means that the Sansheng Group will no longer be a family member.

But the Gu family is only one of the shareholders of Sansheng Group.

Sansheng Group is his hard work, he will never accept such a result, so he will not raise money unless it is a last resort, but now, they can't borrow money everywhere, and they can't get loans from the bank, so they can only leave one step away.

Seeing Gu Yaotian, who was obviously quite old, Madam Gu felt sour in her heart, "Husband..."

“Okay, it’s getting late, let’s go back to the room to rest first, pick up Man Yin from the hospital tomorrow, and take a good look at her, Don’t let her go out to make trouble, I understand now, she is not Rong Shu’s opponent at all.” Gu Yaotian stood up, rubbed his temples and said tiredly.

Mrs. Gu nodded, “I see.”

Ye walked over slowly.

The next morning, Lu Qi picked up Rong Shu and was discharged from the hospital.

Rong Shu looked at him, “You’re alone.”

“Otherwise, who do you think there is?” Lu Qi squinted at her.

Rong Shu stood by the hospital bed, rubbing her still uncomfortable lower abdomen, “I thought Xiao Chuan would come too.”

“I called him to ask if he would come, but he couldn’t get through. I don’t know what to do, so I had to come alone.” Lu Qi shrugged.

After thinking of something, he asked again, “By the way, did something happen between you and Li Chuan yesterday?”

Chapter 339 See the old lady

Seeing Rong Shu suddenly startled, Lu Qi approached and asked, “Baby, what’s the matter with you?”

Rong Shu recovered and looked at his enlarged face. Avoiding his gaze, he lowered his eyes and replied, “It’s nothing.”

Lu Qi narrowed his eyes slightly.

what happened?

Baby seems to be avoiding him!

“Sister Rong Shu, can we go see my grandmother?” Fu Jinglin on the side could not see Rong Shu and other men so close.

In his opinion, Sister Rong Shu is the eldest brother.

He must help eldest brother keep an eye on these men and prevent these stinky men from touching Sister Rong Shu.

Rong Shu nodded, "Okay, let's go."

After that, she said to Lu Qi again, "Aqi, I'll go first."

"Let's go." Lu Qi hummed.

Rong Shu gave Fu Jinglin a look, and the two walked in the other direction of the elevator.

This floor was originally a senior ward, and it was not surprising that the old lady lived here.

"That's it." After walking for about half a minute, Fu Jinglin stopped in front of a ward.

Rong Shu looked at the old lady's name written on the door plate, raised her hand and knocked gently on the door.

Soon, the door opened.

When Feng Ma saw Rong Shu, her eyes lit up and she was overjoyed, "Young madam, you're here."

Rong Shu smiled back at her, "Feng Ma."

Feng Ma responded, "Young madam, you are really here. Well, the old lady was still thinking about you just now and said to call you, but your phone couldn't get through."

"My phone was out of power and turned off." Rong Shu replied.

After finishing the phone call with Fu Jinglin last night, she forgot to charge her phone, only to find out this morning that it was out of power, and she didn't have any pets.

Mainly because she was about to be discharged from the hospital, and she planned to go back to recharge, but she didn't expect her grandmother to call her.

"It's okay, young lady, come in quickly." Feng Ma opened the door completely and warmly invited Rong Shu in.

"Okay." Rong Shu nodded and stepped in.

Fu Jinglin and Feng Ma followed behind.

“Grandma.” After entering the ward, Rong Shu saw the old man lying on the hospital bed with his eyes closed and seemed to be asleep, and shouted softly.

I thought the old man fell asleep, but the old man opened his eyes in the next second.

Looking at Rong Shu, the old man smiled, “Shu Shu.”

“Grandmother.” Rong Shu walked over and sat down beside the hospital bed.

The old man sat up and held her hand kindly, “Shushu, why are you here?”

“I was discharged from the hospital today, and when I walked to the elevator, I met Fu Jinglin. I knew you were here, so I came with Fu Jinglin. Now, grandmother, how are you?” Rong Shu looked at the old man with concern in her eyes.

The old lady smiled, “I’m fine, the doctor said, I’m just in a hurry, plus I’m getting older, and my blood pressure suddenly rises, so I fainted. Now I’m better, and I can be discharged in the afternoon.”

“That’s it . Ah.” Rong Shu nodded, barely relieved.

However, Fu Jinglin suddenly turned red and said, “That’s not true. The doctor said that my grandmother was lucky this time, but next time, if she faints suddenly like this, it’s very likely...”

“Jinglin!” The old lady With a kind expression on his face, he looked at him with a warning, indicating that he was not allowed to say any more.

But Rong Shu knew that there must be a serious situation here, she pursed her lips and said, “Fu Jinglin, go on!”

Fu Jinglin nodded and continued, “If grandma faints from another stimulation, it is very likely that she will have a stroke. I can’t get up either.”

“What!” Rong Shu’s pupils shrank, and she grabbed the old lady’s hand, “Grandma...”

The old lady sighed, and then resumed her kind smile, “It’s okay, Shushu, when you get old, there will always be these situations, and I see it very well, so don’t worry.”

“But...”

Rong Shu said want to say something.

The old lady suddenly cut off her words and asked, “By the way, Shushu, tell me honestly, did Jing Ting ask you to remove the child?”

Last night she suspected that it was the child that Fu Jingting asked Shu Shu to abort. Passed out in a hurry.

“No grandmother.” Rong Shu shook her head.

The old lady looked at her, “Really?”

“Really, it’s not President Fu’s intention to remove the child, but mine.” Rong Shu lowered her eyelids, “The child had an accident and had to be removed. “

What’s the accident?” the old lady asked.

Rong Shu’s eyes flashed, “It was me who fell and dropped the child.”

“So that’s how it is!” The old lady beat her heart in disappointment, and smiled bitterly, “Maybe I have no relationship with our Fu family, so I just came into the world. It ‘s gone.”

Rong Shu could hear that the old lady really wanted the child to stay, and felt a little guilty, “I’m sorry grandma...” The

old lady patted her arm, “Don’t say sorry, from the beginning to the end, you have I’m not sorry for my Fu family, it’s our Fu family who lost you, and Jing Ting who lost you.” At first

she was still thinking, since Shu Shu is pregnant with Jing Ting’s child, she will leave this old face behind no matter what. Both Shushu and Jingting need to get back together.

But now that the child is gone, she can’t help Jing Ting even if she wants to.

It’s also her fault that Jing Ting didn’t tell her sooner, otherwise she would have let him and Shu Shu be together again.

But the world is impermanent, maybe it really is the fate between Jing Ting and Shu Shu.

The old lady shook her head and smiled bitterly.

After accompanying the old lady in the ward for about an hour, Rong Shu said goodbye, after all, Lu Qi was still waiting outside.

On such a cold day, she couldn’t keep Lu Qi waiting.

“Shu Shu, do you... do you want to go see Jing Ting?” The old lady looked at Rong Shu and asked with complicated eyes.

Rong Shu bit her lip and finally shook her head, "No, the moment the child died, all the connections between me and President Fu were cut off. I am very grateful to my grandmother for punishing President Fu for me, but the relationship between me and President Fu was broken. , let's not be implicated in anything else."

When she pays off what she owes Fu Jingting later, she will delete all contact information about Fu Jingting.

The old lady could see the seriousness in Rong Shu's eyes, and finally sighed with emotion, "Okay, Jinglin, send Shushu outside."

"Oh." Fu Jinglin replied with a sullen voice.

He didn't understand why Sister Rong Shu was so cruel not to see her eldest brother.

Big brother is a patient, it's okay to look at the patient, right?

Rong Shu said goodbye to the old lady and followed Fu Jinglin out of the ward.

The two walked towards the elevator in silence.

Seeing that the elevator was about to arrive, Fu Jinglin suddenly stopped and turned to look at Rong Shu behind him, "Sister Rong Shu, not far in front of you is the intensive care unit of the elder brother, do you really want to take a look?"

"No!" Rong Shu refused.

Fu Jinglin clasped his hands on both sides, "Sister Rong Shu, eldest brother is seriously injured, you should go and see him, please!"

He bowed to Rong Shu and begged.

Rong Shu was shocked by his persistence, and frowned, "Fu Jinglin, don't you think you're not begging me, but persecuting me?"

"I didn't, I didn't think so much, I just knew, If I do this, it will make you more likely to agree." Fu Jinglin straightened his body and looked at her, saying seriously.

After he finished speaking, he didn't wait for Rong Shu to speak, suddenly grabbed Rong Shu's wrist and ran forward with Rong Shu.

As a result, after Rong Shu reacted, she was already outside Fu Jingting's intensive care unit.

There is a big difference between the intensive care unit and the ordinary ward, that is, all the walls of the intensive care unit are made of glass. Rong Shu can easily see the situation inside without going in.

Fu Jingting was lying on the hospital bed as pale as paper, his bare upper body was covered with bandages, especially his back, like a snow-white blanket.

Chapter 340 Li Chuan Can't Find It

With such a thick gauze and such a large area, one can imagine how much Fu Jingting was injured.

“Sister Rong Shu, let’s go in and see!” Fu Jinglin put his hand on the doorknob.

Rong Shu shook her head and refused, “No, I’ve seen him, it’s time to go!”

“But...” Fu Jinglin wanted to say something else.

Rong Shu pursed her red lips, “Fu Jinglin, I didn’t want to come here. You forced me to come here. Now that I have seen Fu Jingting, don’t take an inch!”

Fu Jinglin’s youthful face flushed, “I didn’t. I just want you to accompany eldest brother.”

“Why should I accompany him? Who is he to me?” Rong Shu looked at him lightly.

Fu Jinglin opened his mouth, wanting to say that of course it was the eldest brother’s wife, but then realized that she and the eldest brother had already divorced.

As a result, Fu Jinglin couldn’t say what he said.

Seeing this scene, Rong Shu shook her head, turned and walked towards the elevator.

This time, Fu Jinglin was not stopping her.

Perhaps he already knew that he had no position and was not qualified to stop her.

Rong Shu walked to the elevator and pressed the downstairs button.

It didn’t take long for the elevator to arrive, and a figure in a white coat came out, it was Lin Tianchen.

Seeing Rong Shu, Lin Tianchen pushed his glasses in surprise, “Aren’t you discharged from the hospital, why haven’t you left yet?”

“Some things have been delayed.” Rong Shu replied with a smile.

Lin Tianchen glanced behind her, and suddenly understood something, his glasses narrowed slightly, "Your ward is not in this direction, you shouldn't take the elevator here if you want to leave, so you came to see Fu Jingting?"

He guessed it. , Rong Shu was not surprised, she shrugged helplessly, "Yes, I met Fu Jinglin when I was discharged from the hospital, and when I learned that my grandmother was also hospitalized, I went to see my grandmother, and after seeing my grandmother, I was brought here by Fu Jinglin again. ."

"So that's the case, so you're leaving now?" Lin Tianchen asked with his hands in the pockets of his white coat.

Rong Shu nodded, "Yes, after reading it, it's time to go."

Lin Tianchen smiled, "Then what do you think of Fu Jingting's injury?" "What do you think

?" Rong Shu looked at him suspiciously, "You ask What is this for?"

"Nothing, just curious, after all, I heard that Fu Jingting was injured, it seems to have something to do with you." Lin Tianchen pushed his glasses back. Rong Shu lowered her eyes and said softly, "

It has something to do with me, but the real reason lies in him, so I don't have any opinion." "Oh?"

Say, you know why he was beaten?"

"That's right, but I won't tell you about the personal affairs of the Fu family and me." Rong Shu nodded apologetically, "Okay, Dr. Lin, I'll go first. ."

After speaking, she passed him and entered the elevator.

Lin Tianchen turned his head to look at the slowly closing elevator door, and his glasses reflected light. It was not until the elevator door was completely closed that he turned his head back, pushed his glasses, and smiled inexplicably, "Interesting!" The

inpatient garden.

Rong Shu found Lu Qi.

Lu Qi was sitting on a row chair not far away on the phone.

Rong Shu walked over, Lu Qi saw her, waved to her, then said something to the other end of the phone and hung up the phone.

“Okay?” Lu Qi put away his phone and asked.

Rong Shu nodded, “Okay.”

“Why is it so long.” Lu Qi pointed to his watch, indicating that he had been waiting for a long time.

Rong Shu smiled embarrassedly, “I chatted with my grandmother for a while, sorry, I’ll invite you to dinner later.”

“Forget it, you can’t eat good food now, so what’s the point of eating good food alone, let’s go, I’ll take you back first.” Lu Qi stood up.

The two walked side by side toward the hospital parking lot.

After walking a few steps, Lu Qi suddenly thought of something, turned his head to look at Rong Shu, “By the way, baby, guess who I just saw?”

“Who is it?” Rong Shu shook his head, expressing that he didn’t want to guess, but also No.

Lu Qi didn’t give a shit, squinted his eyes and smiled coldly, “I saw Gu Manyin!”

“What?” Rong Shu paused, “Gu Manyin also came to the hospital?”

“She didn’t come to the hospital, but that day. Since she came out of the court, she has been in the hospital. I just asked the nurse and said that when she was arrested and detained by the police, her health had not recovered, so after she was released, she naturally returned to continue treatment until she was discharged from the hospital today.” Lu Qi said.

Rong Shu’s face was cold, “So that’s how it is.”

“Speaking of which, you, Fu Jingting, and Gu Manyin, the three of you are also strange.” Lu Qi touched his chin.

Rong Shu turned to look at him, “What’s strange?”

“Of course it’s unfortunate.” Lu Qi smiled and said, “Didn’t you find out? How many times have the three of you been to the hospital in the past three months? It’s not Gu Manyin. , it’s you, or it’s Fu Jingting, like a nesting doll.”

“Uh...” Rong Shu’s mouth twitched, unable to refute.

Because what he said was true.

“Okay, let’s not talk about that, let’s drive.” Rong Shu opened Lu Qi’s car door and sat in.

Lu Qi made a salute to her, “Yes, my eldest lady.”

Back in Repulse Bay, Lu Qi didn’t stay long, cleaned the apartment for Rong Shu briefly and left, as if something happened to the company.

Rong Shu ordered a takeout herself and called Li Chuan while eating.

However, as Lu Qi said in the morning, Li Chuan couldn’t get through on the phone and couldn’t find anyone.

She didn’t know whether he suddenly lost contact because of work, or because he told him everything yesterday and made him hide on purpose.

But no matter what, she must find Xiaochuan and persuade him to receive treatment.

Thinking, Rong Shu put the phone down from her ear, clicked on WeChat, sent a message to Li Chuan and went to Xiaochuan. When she saw the message, she immediately called me back. I have something very important to tell you, please.

After sending it, she put her phone aside and thought about things while waiting for Li Chuan to call back.

But this wait is the next morning.

After Rong Shu got up, she looked at the phone without any caller ID and couldn’t help sighing.

I don’t know if Xiaochuan saw the message she sent.

After rubbing it, she was still not fully awake, and her head was a little drowsy. Rong Shu called Li Chuan again, but the result still showed that it was turned off.

Rong Shuxiu frowned, “What’s the matter, what did Xiaochuan do?” The

phone was turned off for a day and a night, and it was hard not to make people wonder if something happened.

After pursing her lips, Rong Shu turned to call Lu Qi.

Lu Qi quickly answered the phone, and a yawning voice came, “Morning, baby.”

“Morning, Aqi.” Rong Shu lifted the quilt and got out of bed, and went to the opposite side to open the curtains of the floor-to-ceiling windows.

The dazzling white light suddenly shone in, shining on her face, a little dazzling.

She couldn't help closing her eyes, and after a few seconds of getting used to it, she opened them again.

"Baby, call me so early, do you miss me?" Lu Qi teased.

Rong Shu rolled his eyes, "Don't be poor, be serious, I'll ask you something."

"Okay, what's the matter!" Lu Qi coughed twice and turned serious.

Rong Shu's expression became more serious, "It's about Xiaochuan. From last night until now, Xiaochuan's mobile phone has been turned off, and I can't contact him, so I'm a little worried about whether he has an accident."

She was afraid that the day before yesterday Open everything, Xiaochuan's psychology couldn't accept it, and he did stupid things.

After all, no one knows what a person with a disease will do.

Chapter 341 Fu Jingting finally wakes up

Hearing that Rong Shu was looking for him to talk about Li Chuan, Lu Qi lowered his eyelids a little lonely, but still said indifferently, "Baby, I thought you were looking for me to discuss important matters with me, so it turns out that It's for that kid Li Chuan, baby, you really hurt my heart."

"Okay!" Rong Shu squeezed her brows, "Aqi, let me ask you, can you contact Xiaochuan's agent? Ask Ask Xiaochuan's agent, where is Xiaochuan at work or somewhere else."

"Okay, I'll call and ask later." Lu Qi scratched his messy hair and said.

Rong Shu hummed, "It's troublesome."

"No trouble." Lu Qi shook his head, and then asked, "By the way, are you resting at home today, or are you going to Tianzhu?"

"Go to Tianzhu, I In this case, there is no need to rest for so long." Rong Shu said while rubbing her still uncomfortable lower abdomen.

Lu Qi originally wanted to persuade her to stay at home to rest, but knowing that she was stubborn, even if persuaded, he would not listen, so he sighed and said, "Okay, then I will go to Tiancheng to help you handle the business later. Yesterday you If you don't go to work, the business must have piled up."

Rong Shu knew that he wanted to make her feel more relaxed, so she warmed her heart and nodded with a smile, "Okay."

After the call, Rong Shu put down her phone, stretched out, and went to The bathroom was washed.

An hour later, Tiansheng arrived.

When Rong Shu came to the door of the office, she saw Secretary Tong waiting at the door.

"Mr. Rong." Secretary Tong nodded slightly and greeted her.

Rong Shu smiled at Secretary Tong, "I was away yesterday, did something happen to the group?"

She asked while opening the door.

Secretary Tong followed her into the office, "No, it's just that Mr. Duan's group talked about you behind your back, saying that as the vice president of the group, you took the lead in absenteeism, and you are not worthy of the position of Mr. Fu."

Rong Shu sneered, "It seems that they now know that no matter what, they can't take away half of the management rights from me, so they can only say these bitter words behind their backs to satisfy their inner dissatisfaction."

She didn't come to work yesterday . The real reason was not told to the people of the group.

After all, it was her private matter.

And she's glad she didn't say it now. After all, she just said that she didn't come to work because of something. Duan Xingbang's group said that. If they knew that she had a miscarriage if she didn't go to work, they might smear her behind her back.

"No." Secretary Tong nodded, agreeing with Rong Shu's words very much.

Rong Shu pulled out the office chair and sat down, turned on the computer, "What's today's schedule?"

Hearing her question, Secretary Tong immediately opened the folder he carried with him, found her schedule and read it over.

Rong Shu nodded, "I see."

"Mr. Rong, I'll go out first." Secretary Tong closed the folder.

Rong Shu looked at her, "Wait, you can help me make an appointment with a lawyer, preferably someone who is good at finance."

"Does President Rong need notarization?" Secretary Tong pushed his glasses and asked.

Rong Shu nodded, "I just found out that most of the shares in my hands were bought for me by Aqi and Xiaochuan, and I couldn't take it for nothing, so I asked a lawyer to draw up a notarial certificate, and I would double the money in the future. Give it to them."

This was the only way she could repay Xiaochuan and Aqi.

"So it is." Secretary Tong smiled slightly, seeing Rong Shu's appreciation, adding a little more appreciation, "I know President Rong, and I will help you arrange the best lawyer."

If she said that she was respectful to President Rong before, it was because of President Lu's orders.

Now, she is sincere.

Because not everyone faces a free sum of money and can still give it back to others.

For this alone, Mr. Rong deserves her sincere respect.

"Then please, please." Rong Shu smiled at Secretary Tong.

"It's my duty." Secretary Tong replied.

Rong Shu clicked the mouse, "By the way, clean up the desk that Ah Qi used before. Today Ah Qi is coming to help me with the work."

Hearing this, Secretary Tong's eyes lit up and both hands were excitedly pinched.

But she did it very secretly, Rong Shu didn't see it, only heard her reply in a louder voice than before, "Okay, Mr. Rong."

"Go get busy." Rong Shu smiled and waved.

Secretary Tong turned around and went to clear the table for Lu Qi.

Lu got up very quickly. Secretary Tong came in as soon as he finished collecting.

Rong Shu put down the pen in his hand and asked, "How is it, have you contacted Xiaochuan's agent?"

"I'm going to go out, can I still fail?" Lu Qi patted his chest and laughed.

Rong Shu breathed a sigh of relief.

I contacted Xiaochuan's agent, and Ah Qi's expression was very relaxed.

It seems that Ogawa should be fine.

"Where is Xiaochuan now?" Rong Shu relaxed and asked again.

Lu Qi took the coffee handed by Secretary Tong and took a sip, "I'm back in Jiang County. It seems that I have something to deal with. I'll be back tomorrow.

"

But she was still very puzzled that Li Chuan would go back when he went back. Why did he turn off his mobile phone?

But this answer can only be known when Li Chuan comes back and asks him in person.

...

a hospital.

Fu Jingting, who had been in a coma for a day and two nights, finally woke up, and Fu Jinglin was moved to tears.

"Big brother." Fu Jinglin looked at Fu Jingting who opened his eyes, and quickly pressed the call bell on the bedside.

This scene fell in Fu Jingting's eyes, making him instantly understand the environment he was in.

He moved his arms and tried to get up against the sheets.

As a result, as soon as he exerted force, the severe pain from his back made him lie back on the hospital bed in an instant.

"Hmm..." Fu Jingting's handsome face wrinkled in pain, he groaned subconsciously, and his already pale face became even whiter.

Seeing this, Fu Jinglin hurriedly asked, "Brother, are you alright?"

Fu Jingting endured the burning pain in his back and replied in a hoarse voice, "It's alright, it's just pulled on your back."

"Don't move, your back The wound hasn't scabbed over yet, what if the wound splits." Fu Jinglin muttered.

Fu Jingting closed his eyes slightly, "How long have I been in a coma ?"

"Forty hours." Fu Jinglin counted back with his fingers.

Fu Jingting frowned fiercely.

Why so long?

Wasn't Rong Shu already discharged from the hospital for a day?

Fu Jingting sank his face, and the air pressure around his body dropped a lot.

He wanted to take her out of the hospital himself.

Unexpectedly, I still missed it.

Seeing that Fu Jingting was in a bad mood, Fu Jinglin blinked, "Big brother, what's wrong with you?"

Fu Jingting pursed his lips, "Go to Ward 805 to see if Rong Shu is still there!"

Although the hospital said that Rong Shu could be discharged yesterday, Rong Shu herself planned to be discharged from the hospital yesterday.

But what if Rong Shu was not discharged from the hospital yesterday.

With such an unyielding obsession, Fu Jingting saw that Fu Jinglin was sitting still and his temples were protruding, and he urged in a deep voice, "Why are you still sitting, why don't you hurry up!"

"No need, Sister Rong Shu left yesterday." Fu Jinglin pouted and said.

The expression on Fu Jingting's face froze for a moment, and the hope in his heart dissipated in an instant.

She is really gone!

Sure enough, expectations are expectations, and reality is often cruel.

Seeing Fu Jingting's clenched fists and his depressed appearance, Fu Jinglin felt a little uncomfortable in his heart.

He asked cautiously, "Brother, did you know that Sister Rong Shu would be discharged from the hospital yesterday, and you were thinking of picking her up, but it didn't work, so you're not happy?"

Fu Jingting's eyes flickered, but he didn't speak.

Seeing him like this, Fu Jinglin knew that he was right, and felt a little proud in his heart.

Hey, he just guessed, and he guessed it.

Let's see who will call him stupid in the future!

Fu Jinglin raised his chin proudly, but soon, this pride was put away again.

After all, the eldest brother is still injured, and he seems very unconscionable when he is so proud.

"Don't be upset, eldest brother, I have good news for you," Fu Jinglin rolled his eyes, "Actually, Sister Rong Shu came to see you yesterday."

Chapter 342 Never Give Up

Hearing this, Fu Jingting's silent eyes clearly had a hint of light.

He raised his head slightly, "Really?"

"Of course it's true." Fu Jinglin lowered his eyelids and replied with some guilt.

Sister Rong Shu did come to see her eldest brother yesterday, but it was pulled over by him forcefully, and she didn't want to come.

But this truth, he is not going to let the big brother know, otherwise the big brother will be disappointed.

Fortunately, Fu Jingting was immersed in the joy of Rong Shu's visit yesterday, and did not go to see Fu Jinglin.

Otherwise, Fu Jinglin's clumsy acting skills would be exposed at a glance.

Fu Jingting's thin lips curled up slightly, thinking about Rong Shu's visit yesterday, and the injury on his back, he no longer felt any pain.

She came to see him.

Can he boldly think about it, is she caring about him?

Just thinking about it, there were a few footsteps outside the ward.

Fu Jinglin turned his head to look, and through the transparent glass wall, he could clearly see the people outside.

“Big brother, Dr. Lin and grandmother are here.” Fu Jinglin reminded.

Fu Jingting suppressed the excitement in his heart and looked up.

The old lady walked in first and asked with a calm face, “Jing Ting, do you hate me? Hate me for beating you like this?”

Fu Jingting couldn't get up, but he could move his head.

He shook his head slightly, and replied in a low voice, “I don't hate, I did something wrong, and I deserve to be punished.

” It was a mistake to touch Rong Shu in the case of his fiancée.

To put it horribly, he broke the law!

When the old lady heard Fu Jingting's answer, her tense face finally eased, “You know, Tianchen, show him.”

“Okay old lady.” Lin Tianchen pushed his glasses and took a step forward.

Ten minutes later, he took off the blood-stained gloves, looked at Fu Jingting, who was sweating profusely in pain and his face was snow-white, and said with a smile, “Old Madam, I have already checked. There is no problem with the muscle tissue, and then you can take good care of the injury, but these whiplashes on Mr. Fu's back will definitely leave scars.”

“Scars will leave scars, and it's not unacceptable for a big man. Not on the face.” The old lady glanced at Fu Jingting's back and said lightly.

Lin Tianchen chuckled, “That's true, then I won't disturb your family and go first.”

After speaking, he put his hand in the pocket of his white coat and went out.

Only Mrs. Fu Jingting and Fu Jinglin were left in the ICU.

The old lady sat down on the chair that Fu Jinglin had just sat on, “Shu Shu came here yesterday.”

“I know.” Fu Jingting replied softly.

The old lady saw it and sighed, “I chatted with her for a while, Jing Ting, I can see that she really doesn’t love you anymore.”

She had also asked Shu Shu several times before whether she still had anything to do with Jing Ting . Emotions, is it possible.

At that time, Shu Shu’s answer was no, it was impossible.

She even felt that Shu Shu’s answer was because of impulsiveness. In fact, she still had some feelings for Jing Ting in her heart. After all, Shu Shu had loved Jing Ting for so many years.

However, until yesterday, she completely understood that Shu Shu has never been impulsive, and Shu Shu has always been serious.

Hearing the old lady’s words, Fu Jingting’s heart felt like falling into an ice cellar because of the joy of Rong Shu seeing him.

He clenched his fists, “Grandmother, what do you want to say?” The

old lady looked at him, “I want to say, maybe you and Shu are really unrelated, Jing Ting, give it up.”

Fu Jingting’s expression changed, “Grandmother, you asked me to give up Rong Shu?”

Fu Jinglin also said quickly in surprise, “Grandmother, what are you saying, why did you persuade eldest brother to give up sister Rong Shu? You were not the most supportive of eldest brother and sister Rong Shu before. Are you together, why now...”

“I support it, but what’s the use of my support alone!” The old lady interrupted him, “As long as you and Wang Shuqin could treat Shu Shu better back then, treat her as the real one. My sister-in-law and daughter-in-law, Shu Shu will not be so disheartened that she offers to divorce your eldest brother. Maybe your eldest brother will look at you and Wang Shuqin and take the initiative to stay away from the scourge of Gu Manyin. Maybe now Shu Shu and your eldest brother If there is no divorce, they are already a harmonious couple!”

“I...” Fu Jinglin blushed and was speechless.

He’s sorry for his eldest brother and sister Rong Shu.

The eldest brother and sister Rong Shu divorced, and it was indeed caused by him.

He really knew it was wrong.

Seeing Fu Jinglin bow his head guiltily, the old lady didn't hold on to him, after all, he was still a half-year-old boy.

The old lady shook her head and put her eyes back on Fu Jingting, "That's exactly what I meant, let it go, you tortured Shu Shu in the past, but now you are torturing yourself if you hold on to it, why bother, let Shu Shu go, and Let go of yourself."

"Give up?" Fu Jingting gripped the sheet tightly, because he was gripping too hard, the veins on the back of his hands burst out, and his hands were shaking slightly.

He gritted his teeth and said gloomily, "Grandma, I've loved her for more than ten years. I fell in love with her without seeing her or knowing her true identity, so you tell me how to give up? I can't help it. Give up?"

He fell in love with Rong Shu twice, and his love went deep into the bone marrow.

So he couldn't imagine what it would be like after he gave up.

Thinking, Fu Jingting sat up with the pain in his back, panting slightly and staring at the old lady, "Grandma, I won't give up, it doesn't matter if she doesn't love me now, I will make her fall in love with me again, I could fall in love with her twice, and sheSure, I won't let go, I can't accept her being with other men, and I won't allow her to be with other men unless I die! "

Looking at the crazy and persistent eldest grandson, the old lady twitched her lips twice, trying to say something, but in the end she didn't say anything.

She originally wanted to persuade him to let go, but she didn't expect him to be so firm and stubborn.

It seems that her persuasion, It's useless.

After a long time, the old lady sighed and stood up, "Jing Ting, grandma asks you again, are you sure you won't let go? "

"I won't let go!" "Fu Jingting looked at her with the same serious eyes.

He said that if Rong Shu was allowed to be with another man, unless he died. If

he died, he naturally couldn't stop him.

The old lady pinched the cane, "That's all. , I'm old, I can't talk about you anymore, just go if you want to hit the south wall, but I'm going to tell you the ugly, I won't help you. "

She has helped him many times.

Now, she doesn't have the face to speak for him in front of Shu Shu.

"I know, thank you grandmother." Fu Jingting looked at the old lady's back. The old lady paused in her footsteps, then waved her hand, and went out without looking back.

Fu Jinglin closed the door, "Brother, grandma won't help you, I will help you, and I am also the cause of your harmony." Sister Shu is the murderer of this situation, I should do something for you. "

"No." Fu Jingting got down again and rejected his good intentions.

But Fu Jinglin insisted, "If you want, I won't help, I feel bad about it, in any case, eldest brother, leave me alone. Afraid that Fu Jingting would refuse, he quickly changed the subject, "

Okay, since you are awake, eldest brother, then I will call Mom and ask her to make you some bone soup, so you can eat it to make up for it. "

Speaking, he took out his mobile phone and went to the balcony to make a call.

Fu Jingting turned to look at him, and the corner of his mouth twitched slightly.

Chapter 341 Fu Jingting finally wakes up

Hearing that Rong Shu was looking for him to talk about Li Chuan, Lu Qi lowered his eyelids a little lonely, but still said indifferently, "Baby, I thought you were looking for me to discuss important matters with me, so it turns out that It's for that kid Li Chuan, baby, you really hurt my heart."

"Okay!" Rong Shu squeezed her brows, "Aqi, let me ask you, can you contact Xiaochuan's agent? Ask Ask Xiaochuan's agent, where is Xiaochuan at work or somewhere else."

"Okay, I'll call and ask later." Lu Qi scratched his messy hair and said.

Rong Shu hummed, "It's troublesome."

"No trouble." Lu Qi shook his head, and then asked, "By the way, are you resting at home today, or are you going to Tianzhu?"

“Go to Tianzhu, I In this case, there is no need to rest for so long.” Rong Shu said while rubbing her still uncomfortable lower abdomen.

Lu Qi originally wanted to persuade her to stay at home to rest, but knowing that she was stubborn, even if persuaded, he would not listen, so he sighed and said, “Okay, then I will go to Tiancheng to help you handle the business later. Yesterday you If you don’t go to work, the business must have piled up.”

Rong Shu knew that he wanted to make her feel more relaxed, so she warmed her heart and nodded with a smile, “Okay.”

After the call, Rong Shu put down her phone, stretched out, and went to The bathroom was washed.

An hour later, Tiansheng arrived.

When Rong Shu came to the door of the office, she saw Secretary Tong waiting at the door.

“Mr. Rong.” Secretary Tong nodded slightly and greeted her.

Rong Shu smiled at Secretary Tong, “I was away yesterday, did something happen to the group?”

She asked while opening the door.

Secretary Tong followed her into the office, “No, it’s just that Mr. Duan’s group talked about you behind your back, saying that as the vice president of the group, you took the lead in absenteeism, and you are not worthy of the position of Mr. Fu.”

Rong Shu sneered, “It seems that they now know that no matter what, they can’t take away half of the management rights from me, so they can only say these bitter words behind their backs to satisfy their inner dissatisfaction.”

She didn’t come to work yesterday . The real reason was not told to the people of the group.

After all, it was her private matter.

And she’s glad she didn’t say it now. After all, she just said that she didn’t come to work because of something. Duan Xingbang’s group said that. If they knew that she had a miscarriage if she didn’t go to work, they might smear her behind her back.

“No.” Secretary Tong nodded, agreeing with Rong Shu’s words very much.

Rong Shu pulled out the office chair and sat down, turned on the computer, "What's today's schedule?"

Hearing her question, Secretary Tong immediately opened the folder he carried with him, found her schedule and read it over.

Rong Shu nodded, "I see."

"Mr. Rong, I'll go out first." Secretary Tong closed the folder.

Rong Shu looked at her, "Wait, you can help me make an appointment with a lawyer, preferably someone who is good at finance."

"Does President Rong need notarization?" Secretary Tong pushed his glasses and asked.

Rong Shu nodded, "I just found out that most of the shares in my hands were bought for me by Aqi and Xiaochuan, and I couldn't take it for nothing, so I asked a lawyer to draw up a notarial certificate, and I would double the money in the future. Give it to them."

This was the only way she could repay Xiaochuan and Aqi.

"So it is." Secretary Tong smiled slightly, seeing Rong Shu's appreciation, adding a little more appreciation, "I know President Rong, and I will help you arrange the best lawyer."

If she said that she was respectful to President Rong before, It was because of President Lu's orders.

Now, she is sincere.

Because not everyone faces a free sum of money and can still give it back to others.

For this alone, Mr. Rong deserves her sincere respect.

"Then please, please." Rong Shu smiled at Secretary Tong.

"It's my duty." Secretary Tong replied.

Rong Shu clicked the mouse, "By the way, clean up the desk that Ah Qi used before. Today Ah Qi is coming to help me with the work."

Hearing this, Secretary Tong's eyes lit up and both hands were Excitedly pinched.

But she did it very secretly, Rong Shu didn't see it, only heard her reply in a louder voice than before, "Okay, Mr. Rong."

“Go get busy.” Rong Shu smiled and waved.

Secretary Tong turned around and went to clear the table for Lu Qi.

Lu got up very quickly. Secretary Tong came in as soon as he finished collecting.

Rong Shu put down the pen in his hand and asked, “How is it, have you contacted Xiaochuan’s agent?”

“I’m going to go out, can I still fail?” Lu Qi patted his chest and laughed.

Rong Shu breathed a sigh of relief.

I contacted Xiaochuan’s agent, and Ah Qi’s expression was very relaxed.

It seems that Ogawa should be fine.

“Where is Xiaochuan now?” Rong Shu relaxed and asked again.

Lu Qi took the coffee handed by Secretary Tong and took a sip, “I’m back in Jiang County. It seems that I have something to deal with. I’ll be back tomorrow.

“

But she was still very puzzled that Li Chuan would go back when he went back. Why did he turn off his mobile phone?

But this answer can only be known when Li Chuan comes back and asks him in person.

...

a hospital.

Fu Jingting, who had been in a coma for a day and two nights, finally woke up, and Fu Jinglin was moved to tears.

“Big brother.” Fu Jinglin looked at Fu Jingting who opened his eyes, and quickly pressed the call bell on the bedside.

This scene fell in Fu Jingting’s eyes, making him instantly understand the environment he was in.

He moved his arms and tried to get up against the sheets.

As a result, as soon as he exerted force, the severe pain from his back made him lie back on the hospital bed in an instant.

“Hmm...” Fu Jingting’s handsome face wrinkled in pain, he groaned subconsciously, and his already pale face became even whiter.

Seeing this, Fu Jinglin hurriedly asked, “Brother, are you alright?”

Fu Jingting endured the burning pain in his back and replied in a hoarse voice, “It’s alright, it’s just pulled on your back.”

“Don’t move, your back The wound hasn’t scabbed over yet, what if the wound splits.” Fu Jinglin muttered.

Fu Jingting closed his eyes slightly, “How long have I been in a coma ?”

“Forty hours.” Fu Jinglin counted back with his fingers.

Fu Jingting frowned fiercely.

Why so long?

Wasn’t Rong Shu already discharged from the hospital for a day?

Fu Jingting sank his face, and the air pressure around his body dropped a lot.

He wanted to take her out of the hospital himself.

Unexpectedly, I still missed it.

Seeing that Fu Jingting was in a bad mood, Fu Jinglin blinked, “Big brother, what’s wrong with you?”

Fu Jingting pursed his lips, “Go to Ward 805 to see if Rong Shu is still there!”

Although the hospital said that Rong Shu could be discharged yesterday, Rong Shu herself planned to be discharged from the hospital yesterday.

But what if Rong Shu was not discharged from the hospital yesterday.

With such an unyielding obsession, Fu Jingting saw that Fu Jinglin was sitting still and his temples were protruding, and he urged in a deep voice, “Why are you still sitting, why don’t you hurry up!”

“No need, Sister Rong Shu left yesterday.” Fu Jinglin pouted and said.

The expression on Fu Jingting’s face froze for a moment, and the hope in his heart dissipated in an instant.

She is really gone!

Sure enough, expectations are expectations, and reality is often cruel.

Seeing Fu Jingting's clenched fists and his depressed appearance, Fu Jinglin felt a little uncomfortable in his heart.

He asked cautiously, "Brother, did you know that Sister Rong Shu would be discharged from the hospital yesterday, and you were thinking of picking her up, but it didn't work, so you're not happy?"

Fu Jingting's eyes flickered, but he didn't speak.

Seeing him like this, Fu Jinglin knew that he was right, and felt a little proud in his heart.

Hey, he just guessed, and he guessed it.

Let's see who will call him stupid in the future!

Fu Jinglin raised his chin proudly, but soon, this pride was put away again.

After all, the eldest brother is still injured, and he seems very unconscionable when he is so proud.

"Don't be upset, eldest brother, I have good news for you," Fu Jinglin rolled his eyes, "Actually, Sister Rong Shu came to see you yesterday."

Chapter 342 Never Give Up

Hearing this, Fu Jingting's silent eyes clearly had a hint of light.

He raised his head slightly, "Really?"

"Of course it's true." Fu Jinglin lowered his eyelids and replied with some guilt.

Sister Rong Shu did come to see her eldest brother yesterday, but it was pulled over by him forcefully, and she didn't want to come.

But this truth, he is not going to let the big brother know, otherwise the big brother will be disappointed.

Fortunately, Fu Jingting was immersed in the joy of Rong Shu's visit yesterday, and did not go to see Fu Jinglin.

Otherwise, Fu Jinglin's clumsy acting skills would be exposed at a glance.

Fu Jingting's thin lips curled up slightly, thinking about Rong Shu's visit yesterday, and the injury on his back, he no longer felt any pain.

She came to see him.

Can he boldly think about it, is she caring about him?

Just thinking about it, there were a few footsteps outside the ward.

Fu Jinglin turned his head to look, and through the transparent glass wall, he could clearly see the people outside.

"Big brother, Dr. Lin and grandmother are here." Fu Jinglin reminded.

Fu Jingting suppressed the excitement in his heart and looked up.

The old lady walked in first and asked with a calm face, "Jing Ting, do you hate me? Hate me for beating you like this?"

Fu Jingting couldn't get up, but he could move his head.

He shook his head slightly, and replied in a low voice, "I don't hate, I did something wrong, and I deserve to be punished.

"It was a mistake to touch Rong Shu in the case of his fiancée.

To put it horribly, he broke the law!

When the old lady heard Fu Jingting's answer, her tense face finally eased, "You know, Tianchen, show him."

"Okay old lady." Lin Tianchen pushed his glasses and took a step forward.

Ten minutes later, he took off the blood-stained gloves, looked at Fu Jingting, who was sweating profusely in pain and his face was snow-white, and said with a smile, "Old Madam, I have already checked. There is no problem with the muscle tissue, and then you can take good care of the injury, but these whiplashes on Mr. Fu's back will definitely leave scars."

"Scars will leave scars, and it's not unacceptable for a big man. Not on the face." The old lady glanced at Fu Jingting's back and said lightly.

Lin Tianchen chuckled, "That's true, then I won't disturb your family and go first."

After speaking, he put his hand in the pocket of his white coat and went out.

Only Mrs. Fu Jingting and Fu Jinglin were left in the ICU.

The old lady sat down on the chair that Fu Jinglin had just sat on, "Shu Shu came here yesterday."

"I know." Fu Jingting replied softly.

The old lady saw it and sighed, "I chatted with her for a while, Jing Ting, I can see that she really doesn't love you anymore."

She had also asked Shu Shu several times before whether she still had anything to do with Jing Ting. Emotions, is it possible.

At that time, Shu Shu's answer was no, it was impossible.

She even felt that Shu Shu's answer was because of impulsiveness. In fact, she still had some feelings for Jing Ting in her heart. After all, Shu Shu had loved Jing Ting for so many years.

However, until yesterday, she completely understood that Shu Shu has never been impulsive, and Shu Shu has always been serious.

Hearing the old lady's words, Fu Jingting's heart felt like falling into an ice cellar because of the joy of Rong Shu seeing him.

He clenched his fists, "Grandmother, what do you want to say?" The

old lady looked at him, "I want to say, maybe you and Shu are really unrelated, Jing Ting, give it up."

Fu Jingting's expression changed, "Grandmother, you asked me to give up Rong Shu?"

Fu Jinglin also said quickly in surprise, "Grandmother, what are you saying, why did you persuade eldest brother to give up sister Rong Shu? You were not the most supportive of eldest brother and sister Rong Shu before. Are you together, why now..."

"I support it, but what's the use of my support alone!" The old lady interrupted him, "As long as you and Wang Shuqin could treat Shu Shu better back then, treat her as the real one. My sister-in-law and daughter-in-law, Shu Shu will not be so disheartened that she offers to divorce your eldest brother. Maybe your eldest brother will look at you and Wang Shuqin and take the initiative to stay away from the scourge of Gu Manyin. Maybe now Shu Shu and your eldest brother If there is no divorce, they are already a harmonious couple!"

"I..." Fu Jinglin blushed and was speechless.

He's sorry for his eldest brother and sister Rong Shu.

The eldest brother and sister Rong Shu divorced, and it was indeed caused by him.

He really knew it was wrong.

Seeing Fu Jinglin bow his head guiltily, the old lady didn't hold on to him, after all, he was still a half-year-old boy.

The old lady shook her head and put her eyes back on Fu Jingting, "That's exactly what I meant, let it go, you tortured Shu Shu in the past, but now you are torturing yourself if you hold on to it, why bother, let Shu Shu go, and Let go of yourself."

"Give up?" Fu Jingting gripped the sheet tightly, because he was gripping too hard, the veins on the back of his hands burst out, and his hands were shaking slightly.

He gritted his teeth and said gloomily, "Grandma, I've loved her for more than ten years. I fell in love with her without seeing her or knowing her true identity, so you tell me how to give up? I can't help it. Give up?"

He fell in love with Rong Shu twice, and his love went deep into the bone marrow.

So he couldn't imagine what it would be like after he gave up.

Thinking, Fu Jingting sat up with the pain in his back, panting slightly and staring at the old lady, "Grandma, I won't give up, it doesn't matter if she doesn't love me now, I will make her fall in love with me again, I could fall in love with her twice, and sheSure, I won't let go, I can't accept her being with other men, and I won't allow her to be with other men unless I die! Looking at the crazy and persistent eldest grandson, the old lady twitched her lips twice, trying to say something, but in the end she didn't say anything.

She originally wanted to persuade him to let go, but she didn't expect him to be so firm and stubborn.

After a long time, the old lady sighed and stood up, "Jing Ting, grandma asks you again, are you sure you won't let go? "

He said that if Rong Shu was allowed to be with another man, unless he died. If

he died, he naturally couldn't stop him.

The old lady pinched the cane, "That's all. , I'm old, I can't talk about you anymore, just go if you want to hit the south wall, but I'm going to tell you the ugly, I won't help you. "

She has helped him many times.

Now, she doesn't have the face to speak for him in front of Shu Shu.

"I know, thank you grandmother." Fu Jingting looked at the old lady's back. The

old lady paused in her footsteps, then waved her hand, and went out without looking back.

Fu Jingting turned to look at him, and the corner of his mouth twitched slightly.

Chapter 343 The truth of that night

It's right to eat where to make up, but it doesn't seem like he hurt the bones.

But forget it, for the sake of this stupid younger brother who cares about him, I won't remind him.

At this time, footsteps were heard outside the ward.

Fu Jingting looked up and saw Assistant Zhang standing outside and waved at him.

Fu Jingting nodded slightly, indicating that Assistant Zhang can come in.

Assistant Zhang opened the door knowingly and came in, "Mr. Fu." Fu

Jingting hummed, "I've been in a coma for the past two days, how is the group?"

"The group is fine, I told the board of directors that you are going abroad because of a temporary emergency. So now, apart from us, no one knows about your injury and hospitalization, so there is no problem with the stock market." Assistant Zhang replied from the bedside.

Fu Jingting raised his hand and pressed his eyebrows, "Yes, I will bring some urgent documents in the afternoon."

"But Mr. Fu, your body..."

"It doesn't matter." Fu Jingting closed his eyes slightly and said a little tiredly. "You can't do nothing in the hospital."

He was so stubborn, Assistant Zhang had no choice but to nod in agreement, "Okay, I understand, and there is one more thing."

"What?" Fu Jingting looked at him.

Assistant Zhang's expression became heavy, "It's about how you asked me to investigate how Gu Manyin knew about Miss Rong's pregnancy. I've already checked it out. In fact, this whole thing is a conspiracy!"

"Conspiracy?" Fu Jingting narrowed his eyes .

Assistant Zhang nodded, "Yes, I thought that since Gu Manyin knew that Miss Rong was carrying your child, maybe Gu Manyin saw what happened between you and Miss Rong three months ago, so I personally I went to the clubhouse, and since that night three months ago, I found a conspiracy."

Speaking of this, Assistant Zhang's expression became more serious, "The day of the incident was Lu Qi's birthday, Miss Rong and the others celebrated Lu Qi's birthday at the clubhouse, and Gu Manyin and her sister group were also at the clubhouse, I found Gu Manyin asked people to put medicine in Miss Rong's wine, and the person who put the medicine was a waiter in the clubhouse."

"What?" Fu Jingting's pupils shrank.

So Rong Shu that night was not drunk alone, but because of the medicinal effect?

Yes, if she was drunk, Rong Shu's reaction would not be so excited, and he didn't realize what was wrong with her at the time!

“Where’s the waiter now?” Fu Jingting’s body was full of cold air.

Assistant Zhang replied, “The waiter has already been controlled by me, I went to investigate the incident that night, and I happened to see that the waiter’s expression was not quite right, so he was arrested and asked, and only then did he ask Gu Manyin to ask him Prescribed medicine to Miss Rong, and also asked him to find a man for Miss Rong.”

“Men?” Fu Jingting gritted his teeth and became furious.

Gu Manyin actually found a man at that time to defile Rong Shu!

“Yes!” Assistant Zhang pushed his glasses and replied, “Gu Manyin instructed the waiter to arrange a man to meet Miss Rong by chance, take Miss Rong to the room, and take a video, but I don’t know why , the man arranged by Gu Manyin was late and didn’t appear in front of Miss Rong at the stipulated time, so I finally called up the original monitor, and on the monitor I saw that it was you who appeared in front of Miss Rong.”

He paused . , he added, “In addition, I also saw on the surveillance camera that when you and Miss Rong entered the room, they were photographed by Gu Manyin’s friend Meng Ke, and then called to tell Gu Manyin, so Gu Manyin only Knowing that the person who had a relationship with Miss Rong that night was not the one she arranged, but you, which is why, Gu Manyin knew that the child that Miss Rong was carrying was your reason.”

“So it is!” Fu Jingting pursed his thin lips into a straight line , the fist is loosened and clenched, and the fist is clenched and loosened.

He is extremely grateful that the man was late, otherwise Rong Shu would really be killed by that man...

After that, Fu Jingting did not continue to think about it, nor could he continue to think about it.

With a gloomy and ugly face, he said, “Take that man out for me!”

“I have already sent someone to arrest that man, and I believe it will bring a sea market tomorrow.” Assistant Zhang said immediately.

Afterwards, Assistant Zhang thought of something, looked at Fu Jingting and then said, “Also, the surveillance shows that the next morning, shortly after you left the room, the man entered the room again.”

“What did you say?” Fu Jingting His voice rose sharply, his face was extremely cold, “He entered the room?”

What would the man do to Rong Shu when he entered the room?

Thinking of this, Fu Jingting's body was shaking because of anger.

Assistant Zhang seemed to see what he was thinking, and said quickly, "Don't worry, Mr. Fu, I saw it on the surveillance camera. Within ten minutes after the man entered, Miss Rong came out in a hurry, so the man It's impossible to do anything to Miss Rong, but I don't know if I have taken pictures and videos of Miss Rong, and I will only know when the man brings it tomorrow."

Hearing this, Fu Jingting suddenly heaved a sigh of relief . .

It's fine if you don't do anything to Rong Shu.

As for the photo video...

if that man dared to take it, he must have chopped off that man's hands!

"Where's Cheng Huai?" Fu Jingting suddenly narrowed his eyes and asked, "The club is his, you control him, he should have received the news, right?"

On the second day of the incident, he asked Cheng Huai to handle the monitoring because he was worried When Rong Shu wakes up, she will also check the surveillance and find out that it is him.

At that time, Cheng Huai told him that the surveillance had been dealt with, but why didn't Cheng Huai tell him that soon after he left, another man entered Rong Shu's room?

"Mr. Cheng does know, but he is still on a business trip in Nanjiang. He only came back at night. When it comes time to come over and ask you in person what happened." Assistant Zhang replied with a shrug.

Fu Jingting gritted his teeth and didn't say anything. He reached out and retrieved the cell phone by the bedside and dialed Rong Shu's number.

Rong Shu was discussing work with Lu Qi, when she heard the phone ringing, she turned her head and saw that it was Fu Jingting's phone, she blinked in surprise.

It seems he is awake.

However, I called her as soon as I woke up, and I didn't know why.

After hesitating for a few seconds, Rong Shu finally chose to hang up.

Seeing her action, Lu Qi whistled happily, "Darling, well done."

Rong Shu smiled and said nothing.

Just when she wanted to put her head down and continue discussing the treaty on the document, the phone rang again, but it wasn't a phone call, but WeChat.

It was still sent by Fu Jingting, and it was sent using the WeChat account zh.

It seems that after the zh vest was exposed, he no longer continued to cover it up.

"I'll help you see what he posted." Before Rong Shu decided whether to check Fu Jingting's news, she saw Lu Qi grab her phone.

It was too late for Rong Shu to stop her, so she had no choice but to go with him.

"What does he mean by that?" Lu Qi suddenly frowned, "What happened that night, it's his fault, and there was another secret that night, why can't I understand it!"

Lu Qi didn't understand, but Rong Shu suddenly understood.

"Give it to me." She reached for her phone and looked at the phone screen with a serious face.

Fu Jingting's news was clearly printed in her eyes. I'm sorry to Rong Shu. What happened that night was my fault. You can either hate me or blame me, but I still want to tell you that there was another secret about that night. It's not as simple as getting drunk. Specifically, I'll post a video to you later.

"Baby." Lu Qirong was distracted, reached out and waved in front of her.

Rong Shu's eyes were dazed for a moment, and she recovered, "What?"

"I want to ask you what's wrong, why are you suddenly in a daze." Lu Qi asked.

Rong Shu pursed her red lips, "I'm thinking about something."

What does Fu Jingting mean?

What is another secret?

Could it be that what else happened between her and Fu Jingting that night?

Chapter 344

Just as I was thinking, my phone vibrated.

Rong Shu quickly looked down and saw a video sent by Fu Jingting.

She didn't know what was in the video, so she couldn't open it now. She raised her head and said embarrassedly to Lu Qi, "Aqi, things are almost busy, you go back first, next time I'll treat you to dinner."

"Baby, Are you trying to drive me away on purpose?" Lu Qi squinted at her, "Just so that I won't watch the video sent by Fu Jingting?"

Rong Shu tightened her hand holding the phone.

Is she acting so obvious?

Well, since he guessed it, there is no need to lie.

Rong Shu rubbed her eyebrows, "I'm sorry Ah Qi, this matter is a private matter between me and Fu Jingting, so..."

"So you can't let me know?" Lu Qi wrapped his arms.

Rong Shu pursed her lips in acquiescence.

She didn't plan to tell Aqi what happened to her and Fu Jingting that night three months ago, let alone let Aqi know that she was actually carrying Fu Jingting's child.

Otherwise, Ah Qi would definitely go to Fu Jingting to settle the account.

She didn't want Ah Qi to offend the Fu family and implicate the Lu family because of her.

Seeing that Rong Shu didn't speak, Lu Qi sighed, "Okay, I didn't expect my baby to grow up and have a secret with me. He didn't tell me everything like before, hey..."

He wiped it off pretending to be uncomfortable. Tears that don't exist in the corners of the eyes.

Rong Shu twitched at the corner of his mouth looking at his poor acting skills, and felt very sorry at the same time.

Because she knows how uncomfortable it feels to be kept secret.

But this matter, she can only hide from Aqi.

"I'm sorry Ah Qi." Rong Shu lowered her eyes and apologized again.

Lu Qi waved his hand and smiled, "Well, I don't really blame you. If you don't want to tell me, don't tell me. No one has a secret. When you want to tell me later, just tell me."

See you. He understood himself so well, and Rong Shu's heart flowed warmly, and she laughed, "Thank you, Qi."

"What's there to thank you for?" Lu Qi shrugged his shoulders, and then became serious again, "But baby, I don't care. What happened between you and Fu Jingting, I hope you protect yourself and don't fall into it again."

"Well, I will!" Rong Shu nodded heavily.

"Then I'm leaving." Lu Qi put his hands in his trouser pockets and walked towards the door dashingly.

Rong Shu watched his back, and after knowing that he had opened the door and went out, she took her eyes back, put it on her phone, and clicked on the video.

The video played quickly, and Rong Shu pursed her lips and watched it seriously.

After watching it, she was shocked to realize that this was a surveillance video of what happened to her and Fu Jingting three months ago.

Seeing the drunken self bumping into Fu Jingting and teasing Fu Jingting, Rong Shu's face was flushed with shame, and she wanted to find a hole to burrow into.

She has always had a calm temperament, but she didn't expect that when she was drunk, she would actually look like that, as if she had changed her personality, and she would actually take the initiative to molest men.

Fortunately, she is the only one in the office now, otherwise she would really die.

Shaking her head, Rong Shu tried her best to suppress the embarrassment in her heart. Resisting the urge to dig her toes into the city wall, she continued to look down.

Seeing the scene of Fu Jingting holding her waist and taking her into the room, she swept away the embarrassment on her face, and her expression suddenly sank.

Oh, it turns out that Fu Jingting likes drunken tricks!

During the marriage, Fu Jingting never touched her, and Wang Shuqin urged her to have a child, so it's not like she didn't give up her dignity and face and take the initiative to seduce him.

Of course how did he react?

Rong Shu tapped her fingers on the cold and hard tabletop, with a sneer at the corner of her mouth.

Fu Jingting's reaction at that time was the same as she is now, looking at her like a clown, full of ridicule and ridicule, and then walked away, leaving her alone in shame and anger.

But Fu Jingting in the surveillance video was tempted by her drunken appearance.

It was the first time she met someone who liked this set.

"Heh..." Rong Shu laughed sarcastically, then watched the video.

After seeing Fu Jingting lead him into the room, another figure appeared in the corridor, it was Meng Ke.

Meng Jue held her phone and took a photo in the direction they left. After taking pictures, she put the phone to her ear again, presumably to make a small report to Gu Manyin.

Therefore, Gu Manyin knew that she was pregnant with Fu Jingting's child.

Rong Shu pursed her red lips and stared coldly at the phone screen.

The video was still playing, and after Meng Ke left, the video was frozen in the corridor. If it weren't for the fast-beating time in the upper left corner, people who didn't know would have thought the video was still.

But Rong Shu knew that this was not static, but fast-forwarding. Because this monitoring was the monitoring of the corridor outside the room, not the room, so after she and Fu Jingting entered the room, there was no one outside the corridor. Useless content, naturally To fast forward.

Soon, five minutes have passed, and the time in the upper left corner of the video shows that seven hours have passed, which is the next morning.

Finally, the picture of the video was no longer the same. Rong Shu saw Fu Jingting walking out of the room, making a phone call while walking, not knowing who she was contacting.

Rong Shu didn't even look at the progress bar, she thought the video would end here, but the next moment, a sneaky man appeared in the video, looked left and right, then opened the door of her room and slipped away go in.

When the man looked left and right, the surveillance camera captured his face, which was very clear.

Looking at the man's face, Rong Shu immediately stood up from the chair in shock, "It's him!"

It was the person who lay beside her after waking up that day!

It turned out to be the case, no wonder she couldn't figure it out, it was Fu Jingting who had something to do with her, why did she see another person when she woke up.

Unexpectedly, the truth was that the man slipped into her room!

But why would that man do this?

Rong Shu couldn't understand the man's purpose, so she quit the video and called Fu Jingting directly.

As if Fu Jingting was waiting for her call, he answered as soon as he got through, "Is it finished?"

Rong Shu hummed, "After reading, that..."

"I know what you want to ask." Fu Jingting cut off her words, "You want to ask that man?"

Rong Shu's pupils shrank, "You guessed it?"

Fu Jingting hummed, "Don't guess, that man appeared too strange, the most abrupt in the whole surveillance video, you would ask if it was strange "Okay .

" Rong Shu sat down again, "I really wanted to ask that man, you sent me the surveillance video, you should have checked the identity of that man, right?"

"Well, that man is a Gu Manyin came here to humiliate you, but because of me, her plan failed." Fu Jingting narrowed his eyes and said in a cold voice.

Rong Shu's face changed greatly, "What? Gu Manyin she..."

Her heart beat fast.

She also thought that the man might have gone to the wrong room.

I didn't expect there to be such a big secret here.

"Too deceiving!" Rong Shu held the phone's hand, trembling with anger.

It turned out that Gu Manyin wanted to use this filthy method to deal with her so early.

Did Gu Manyin use other means to deal with her before, but she didn't get hit, so I don't know?

“Rong Shu, don’t get excited.” Fu Jingting listened to the anger in Rong Shu’s tone, and quickly reassured him, “You haven’t recovered yet, calm down. I think this is an opportunity for you.”

Chapter 345 The Return of Huai

“Chance?” Hearing this, Rong Shuxiu frowned suspiciously, “You mean...”

“Didn’t you want to send Gu Manyin in? This time you can, that man is a witness, I have already. If someone goes to arrest him, he will explain Gu Manyin’s crimes, and then he can send Gu Manyin in.” Fu Jingting said solemnly.

Originally, he asked Zhang Cheng to find a way to set up a trap for Gu Manyin and let Gu Manyin break the law, so that Gu Manyin could be sent to prison.

But Gu Manyin has been in the hospital these days, and he hasn’t been out of Gu’s house since he was discharged from the hospital. Zhang Cheng couldn’t find a chance to set up a trap for Gu Manyin, so Gu Manyin was still outside.

But now that Gu Manyin’s crime was brought to his door by himself, he naturally couldn’t let it go.

Rong Shu’s eyes lit up.

Yes, this is not an opportunity.

Gu Manyin is currently on probation. During the probation period, he cannot break the law. If he breaks the law, he will be imprisoned.

Although Gu Manyin did not break the law during the probation period, the law committed before the probation is counted as long as there is evidence!

Rong Shu smiled excitedly, “I see, thank you, Mr. Fu.”

“You don’t have to thank me, I’m doing this not only for you, but also for myself. I’m making up for my past mistakes.” Fu Jingting lowered his eyes back.

Rong Shu’s smile faded a lot, “Mr. Fu...”

“Okay Rong Shu, I have something to do here. I’ll hang up first. When the man arrives in Haishi, I’ll let you know. Goodbye!” Fu Jingting hung up the phone quickly.

He knew that she was bound to say something alienating that he didn’t need to make up for.

He didn’t want to hear that.

Rong Shu looked at the phone that had jumped back to the main menu interface, and couldn't help but raise her eyebrows.

This is the first time that Fu Jingting has hung up on her since he publicly said that he loves her.

What is he hiding?

Hospital, intensive care unit.

Assistant Zhang took Fu Jingting's cell phone and put it on the bedside, "Mr. Fu, what's wrong with you?"

Why did you hang up in such a hurry?

Those who don't know, think they are being chased by ghosts.

Fu Jingting pursed his lips, "It's nothing."

"Well, then I'll go back to the group first." Assistant Zhang bid farewell.

Fu Jingting hummed, "Go."

Assistant Zhang turned and left.

In the evening, Cheng Huai rushed back to Haishi from Nanjiang.

During the day, he had already learned from Assistant Zhang that Fu Jingting was hospitalized, so he came directly to the hospital after getting off the plane.

Seeing Fu Jingting lying on the hospital bed unable to move, Cheng Huai clutched his stomach and laughed heartlessly, "Jing Ting, your look is really unique, hahaha, I'm dying of laughter!"

"Shut up!" Fu Jingting's temple slammed and scolded sharply.

Cheng Huai coughed a few times before he could barely suppress his smile, waved his hand and said, "Okay, I won't laugh anymore, but what's the matter with your injury?"

During the

day, he asked Assistant Zhang, but Assistant Zhang said nothing. Perfunctory, he didn't tell him how Fu Jingting was injured.

So now he is so curious.

Fu Jingting lowered his eyes and said softly, "It's an accident, okay, let's get down to business."

Hearing that he didn't want to say anything, Cheng Huai pouted, "You're still hiding it from me, forget it, don't say it if you don't say it, and I will too. I'm too lazy to know, but it's you, why are you arresting my people!"

"Your people drug Rong Shu, why do you think I arrest him?" Fu Jingting narrowed his eyes and looked at him coldly.

Cheng Huai was startled, "Prescribe medicine to Rong Shu? How is this possible!"

Rong Shu has not been to his clubhouse for several months.

How could his employees give Rong Shu medicine.

"Not now, but three months ago, on the day of the incident with Rong Shu, your employee was bought by Gu Manyin and put medicine in Rong Shu's wine." Fu Jingting frowned and said with anger.

Cheng Huai was stunned, and it took a while to suppress the shock, and said with a gloomy face, "I don't know about this matter!"

"I know you don't know, and if it wasn't for my investigation, I wouldn't know either. Man Yin also arranged a man for Rong Shu, this is the monitoring that night, Zhang Cheng went to the backup that your club called up, you can take a look." Fu Jingting grabbed the phone by the bedside, clicked a few times, and threw it to Cheng Huai.

Cheng Huai hurriedly grabbed the phone and watched the video.

That video happened to be the one that Fu Jingting sent to Rong Shu.

A few minutes later, Cheng Huai watched the video, squeezed the phone tightly, and didn't speak for a long time.

Fu Jingting stared at him coldly, "The next morning, I asked you to handle the surveillance, why didn't you find this man?"

Cheng Huai replied knowingly, "I'm sorry, you let me handle the surveillance, so as not to tolerate the situation. Shu woke up and checked it, so I directly instructed the people in the monitoring room to seal up the monitoring that night, I didn't check the contents of the monitoring myself, so I don't know that so many things happened that night."

At that time, he said Rong Shu was not interested, so naturally she would not watch this monitoring.

When Rong Shu woke up the next day, he did find him and asked him to check the monitoring. He still didn't check it, and replied directly to Rong Shu that the monitoring was fine.

But now, he regretted it.

Hearing Cheng Huai's words, Fu Jingting frowned into Sichuan characters, obviously very dissatisfied.

Cheng Huai saw it, and his face was a little bad, "Jing Ting, you seem to be blaming me? Why didn't I check the surveillance at the time?"

Fu Jingting narrowed his eyes, noncommittal.

Cheng Huai laughed angrily, "Fu Jingting, you have to be reasonable. Even if I checked the surveillance at the time, you would investigate who the man was, but what happens after you find out? You may not be able to seek justice for Rong Shu.

" Changed, obviously thought of something.

Cheng Huai snorted coldly, and said again, "At that time, you were full of eyes full of Gu Manyin. After you found out that the man was arranged by Gu Manyin, with your feelings for Gu Manyin at that time, I'm afraid you would only cover up Gu Manyin. , treat it as if nothing happened, so what's the point of you blaming me now?"

"..." Fu Jingting's pupils shrank and he was speechless.

Because Cheng Huai's words were completely on point.

At that time, he hadn't been exposed to hypnosis yet, so he threw himself on Gu Manyin. Even if he knew that Gu Manyin had let a man bully Rong Shu, it would turn a big thing into a small thing.

So he really has no right to blame Cheng Huai.

Seeing Fu Jingting's depressed expression, Cheng Huai sighed, "Forget it, it's been a long time since I said what these are, so I should think about how to deal with it, how to make up for it, that waiter will leave it to you. ."

With Fu Jingting's current feelings for Rong Shu, that waiter was finished.

"As for Rong Shu's side..." Cheng Huai was one big and two big and didn't know what to do.

He was at fault for this.

But if he apologized, his lie that the surveillance was no problem would be exposed, and Rong Shu would definitely be angry with him.

She also concealed for Fu Jingting that it was her child's father, and she might not be able to hide it. At that time, Rong Shu would definitely not be as simple as getting angry, and it was very likely that she would break with him.

Cheng Huai scratched his hair irritably.

What is this called.

If I had known that I would fall in love with Rong Shu, I shouldn't have helped Fu Jingting to cover it up, and now I won't be so difficult to ride a tiger.

Thinking about it, Cheng Huai glanced at Fu Jingting resentfully.

Fu Jingting pursed his thin lips and said lightly, "There is no need to worry, the child in Rong Shu's stomach has been removed, and she already knows that I am the father of the child, and zh is me."

As soon as these words came out, the air in the ward instantly became clear. Solidified, became extraordinarily quiet.

After a while, Cheng Huai suddenly clenched his fists and said in horror, "What did you say? Rong Shuzhi... Got it?"

"Yes!" A glint flashed in Fu Jingting's eyes.

After Rong Shu found out, their relationship had eased a little, but it dropped to freezing point again.

So as his accomplice, how could Cheng Huai remain safe and sound.

Die together!

Chapter 346

Cheng Huai didn't know Fu Jingting's black eyes.

He walked around irritably, "It's over, it's over, Rong Shu knows that the child and Zhong He are you, then she must know that I'm helping you hide from her, what should I do, I'm going to lose her before I get her. What!"

Hearing this, Fu Jingting narrowed his eyes dangerously.

Still want to get Rong Shu?

The face is so big!

Rong Shu, it can only be his!

“No!” Cheng Huai stopped, as if he had decided something, and looked like he was going out of his way, “I have to go see Rong Shu and take the initiative to apologize to her, even if she blames me now, at least I have to show my attitude. , maybe she doesn’t care about me for the sake of my voluntary apology.”

After saying that, he didn’t say hello, turned around and left the ward.

It was too late for Fu Jingting to stop him, so he could only watch him leave.

At first, he was worried that Rong Shu would really forgive Cheng Huai because Cheng Huai took the initiative to apologize.

But then I thought of Rong Shu’s character, not the kind of person who easily forgives, so I don’t worry anymore.

So Cheng Huai is destined to run in vain!

On the other side, Cheng Huai rushed to Repulse Bay in a hurry. After tangled for a while, he still pressed the doorbell.

Rong Shu was about to rest for a while, when she heard the doorbell ringing, she covered her stomach and went to the entrance, “Who is it?”

“Rong Shu, it’s me.” Cheng Huai’s voice came from outside the door.

Rong Shu’s hand on the doorknob froze immediately, and the peaceful expression on her little face also cooled.

It was actually Cheng Huai!

Thinking of Cheng Huai’s concealment for Fu Jingting, Rong Shu’s heart was full of anger.

She closed her eyes, barely suppressed her anger, and said coldly, “It’s you, go back.”

Hearing the indifference and alienation in her tone, Cheng Huai smiled bitterly.

Sure enough, on the way here, he thought about her attitude, and he must be very indifferent.

Now listening to her cold voice dropping ice slag, he knew that he had guessed correctly.

She didn't even ask him if there was anything wrong with him coming here, and just drove him away. One can imagine how much she didn't like seeing him.

"That Rong Shu, I have something to tell you, can you open the door?" Cheng Huai looked at the closed door, rubbed his hands, and asked cautiously.

Rong Shu pursed her lips, "Let's talk about it later, I don't want to hear it now."

"No, I can't say it later, it's meaningless to say it later, Rong Shu, please open the door, please!" Cheng Huai put his hands together, closed his eyes and bowed.

His tone sounded so pitiful that no one could bear to refuse.

Rong Shu's eyes flashed, as if hesitating.

After a few seconds, she still opened the door, "Okay, I want to hear what you want to say!"

Cheng Huai immediately opened his eyes when he heard the door open.

Seeing Rong Shu, his face was filled with joy, "Rong Shu, you are finally willing to see me."

Rong Shu was expressionless, "Don't you have something to tell me, you can tell me."

She wanted to greet him a little bit. mean nothing.

Cheng Huai also heard it, and felt somewhat uncomfortable.

But he also knew that this was what he asked for.

With a wry smile, Cheng Huai looked at her. Seeing that she was not looking well, she asked, "Rong Shu, I heard that you took the child off. How are you now? I have some supplements over there, I'll be late..."

"Tell me!" Rong Shu frowned and emphasized it again.

She didn't want to mess with him.

Cheng Huai choked, then sighed, "Okay, okay, I won't say anything else, I'll say the business, that... I heard that you know that the child you are carrying belongs to Fu Jingting, so..."

"So what?" Rong Shu looked at him coldly.

It was the first time that Cheng Huai saw her being so cold to him. Even if he was not familiar with her three months ago, she had never been so cold.

It can be seen that she is really angry with him.

“I’m sorry Rong Shu, I shouldn’t lie to you.” Cheng Huai bowed his head and apologized.

Rong Shu looked at him with a sneer, “Shouldn’t it be? I think it was a pleasure to hide it from me before. I asked you several times who you are, but you all perfunctory me, it doesn’t seem like it should be wrong at all. Don’t you think it’s fake because you’re hiding from me, so you apologize now? It’s because you didn’t really realize that you were wrong, but you realized that the lie was known to me, so you apologized as a last resort.”

“Uh ...” Cheng Huai’s mouth twitched, unable to speak.

Because he couldn’t deny that what she said was true.

If she didn’t know before him, he really wouldn’t take the initiative to apologize and confess everything to her.

Seeing Cheng Huai’s ashamed appearance, Rong Shu rubbed his brows, “You came here to apologize to me?”

“Yes.” Cheng Huai touched the tip of his nose, “I have indeed been hiding from you for Fu Jingting, if you didn’t find out, I will continue to hide it. At first, I hid it for Fu Jingting’s sake, but as we get along for the past few months, I hid this matter for you. I don’t want you to know that the father of the child is Fu Jingting. After all, I feel uncomfortable, after all, I am also your friend.”

“Friend?” Rong Shu tickled sarcastically.

Really a good friend, a friend who deliberately lied to her.

She can’t bear such a friend!

Cheng Huai didn’t know what Rong Shu was thinking, he put down his hand and said, “It’s just that I didn’t expect you to know this so quickly, but since you know it, I can’t help expressing my attitude, so I came to talk to him specially. You apologize, after all, I concealed something wrong with me, Rong Shu, I hope you forgive me!”

He bowed to her with a very sincere attitude.

Rong Shu took a step back, “I understand you, after all, Fu Jingting is your friend, it’s normal for you to help him hide it.”

Cheng Huai's eyes lit up, he straightened up immediately, and looked at her excitedly, "You mean, you Forgive me?"

She understood him.

That should be forgiveness, right?

However, Rong Shu shook his head expressionlessly, "No, understanding doesn't mean forgiveness, it's not wrong for you to hide for Fu Jingting, but it's wrong for me, so I can't forgive you, from now on From now on, you and I will only deal with the allies of the Gu family, but not friends."

Cheng Huai's face instantly stiffened, "Allies..."

Rong Shu pursed her red lips, "No way, allies, that's all!

", she closed the door directly and locked him out.

Cheng Huai looked at the door in front of him, and he wanted to cry without tears.

He thought she forgave him, but he didn't.

Not only did she not forgive him, but she also expelled his friendship!

He finally got her favorability so high that he became friends with her, and he thought about chasing her in the future.

As a result, let alone catch up now, not even friends have to be made.

Cheng Huai scratched his hair, "No, we can't go on like this!"

He had to have a good talk with Rong Shu, not to ask her to forgive him.

At least the friendship cannot be broken!

Just as Cheng Huai raised his hand and was about to ring the bell again, the phone in his pocket suddenly rang.

Cheng Huai frowned, took out the phone and looked at it. When he saw that it was from home, he quickly answered, "Hello, brother."

Not knowing what the person on the other end of the phone said, Cheng Huai's face changed greatly. "I see, I'll be right back!"

When the words fell, he put the phone down from his ear, then lowered his head and quickly sent a message to Rong Shu, and hurriedly walked towards the elevator.

Inside, Rong Shu was drinking water when she heard the phone vibrate on the coffee table and looked up.

It was Cheng Huai's text message.

Rong Shu put down the water glass, picked up his mobile phone and opened his text message. The content on it was printed in Rong Shu's eyes. I was in a hurry to take a step ahead. After I have dealt with the matter, let's have a good talk, okay?

talk?

Rong Shu pursed her lips.

She probably knew what he was going to talk about, but she personally didn't think there was anything to talk about.

The reason why she cut off her friendship with Cheng Huai was that, besides Cheng Huai's concealment and deception, the most important thing was Cheng Huai's feelings for her.

Fu Jingting said that Cheng Huai liked her.

So she was quietly observing Cheng Huai just now.

But she didn't see why Cheng Huai liked her.

But Fu Jingting should not have lied, so just in case, she chose to cut off her friendship with Cheng Huai.

Because she couldn't respond to Cheng Huai's feelings, she simply stayed away from Cheng Huai before Cheng Huai started talking.

In this way, Cheng Huai's feelings for her may gradually fade away.

...

The next day, Rong Shu was still asleep when she was awakened by a phone call.

Without opening her eyes, she stretched her hand out of the quilt and touched the head of the bed skillfully.

After touching the phone, he slid down the answer button with this muscle memory, and put the phone to his ear, "Hello, who is it?"

Hearing Rong Shu's sleepy voice, Fu Jingting's eyebrows softened, "It's me. "

Fu Jingting?" Rong Shu suddenly woke up, opened his eyes, and took the phone to him. The caller ID showed that it was him.

"Well, it's me." Fu Jingting nodded, "Waking you up?"

Rong Shu bit her lower lip and didn't answer.

Fu Jingting's voice was apologetic, "Sorry, I thought you were awake."

"What's the matter with you?" Rong Shu put the phone back to her ear and said lightly.

Fu Jingting didn't seem to notice her indifference, and chuckled lightly, "It's good news, that man has brought the sea market."

"What!" Rong Shu immediately sat up from the bed.

Because the range of motion was too large, she accidentally pulled her lower abdomen, causing her to hiss in pain.

When Fu Jingting heard it, her face tightened, "What's wrong?"

"Nothing." Rong Shu rubbed her lower abdomen, "Where is that man now?"

Fu Jingting could hear that her voice was trembling, and now she was still very uncomfortable. But she just didn't want to tell him what happened to her.

With a helpless sigh, Fu Jingting replied, "I just arrived at the station in Haishi, and I am now being escorted to me."

"Hospital?" Rong Shu frowned.

Fu Jingting hummed, "Yes, do you want to come over?" There was a hint of hope in his tone.

He almost guessed it now. She went to see him yesterday, maybe it wasn't her intention.

Because grandma had seen her, he thought, she should go to see grandmother, and grandma let her see him, otherwise, she would not be able to see him at all.

Since she didn't come to see him, he made her come by himself.

He specially asked someone to take the man to the hospital, so that she would come to the hospital to see the man and see him incidentally.

Although such a method is a bit inferior, in order to be able to see her, despicable is despicable.

Rong Shu squeezed the palm of her hand, "Why do you take people to the hospital, can't you change the place?"

"No, I can't leave the hospital, you know, and the people were caught by my people, I also have some questions. Ask that person, so you can only come to the hospital." Fu Jingting lowered his eyes, covering the dark light in his eyes.

Rong Shu could naturally guess the purpose of his refusal to change the place, so he sneered in his heart, but there was nothing he could do.

After all, what he said was right, people were caught by his people.

"I see, I'll be over in a while." Rong Shu said coldly, and hung up the phone.

Fu Jingting looked at the phone screen that had jumped back to the main menu, and a self-deprecating arc appeared on the corner of his mouth.

He never thought that one day he would use this method in order to meet someone.

"President Fu." Assistant Zhang knocked on the door and came in.

Fu Jingting calmed down the emotions in his heart and regained his cold expression, "What's the matter?"

"I just found out that Gu Yaotian is looking for someone to raise money." Assistant Zhang replied while standing beside his hospital bed.

Fu Jingting squinted, "Financing?"

"Yes, three companies have agreed to raise money now, but Gu Yaotian asked for too much money, and the money given by those three companies was only a small amount, and the shares that Rong Shu got after financing was not too big. A lot." Assistant Zhang said.

Fu Jingting sneered, "He should raise money, he can't borrow money, and the bank refuses to lend him money because I greeted him. If this goes on like this, Sansheng will go bankrupt. In order to bring Sansheng from the brink of bankruptcy. There are

only two ways to pull it back, marriage and financing, but no one in the Gu family dares to marry, so he can only choose financing, the most dangerous way.”

Having said that, he looked at Assistant Zhang, “I remember that Ideal Real Estate is also owned by Fu’s, right?”

“Yes, last year, the Bubble Building Incident of Ideal Real Estate was very noisy. After the boss was arrested, you ordered me to acquire Ideal Real Estate, but later because of other I haven’t disclosed this news to the public, so now there are not many people who know that Weixin is our Fu’s subsidiary.” Assistant Zhang thought for a while and said.

A glimmer of light flashed in Fu Jingting’s eyes, “Very good, you are financing with Gu Yaotian in the name of Ideal Real Estate, and I want to devour the Sansheng shares in Gu Yaotian’s hands bit by bit.”

Financing is inherently extremely dangerous, and in general Enterprises will not choose financing until they are in a dead end.

Because it is easy to be robbed of shares by others.

Assistant Zhang’s eyes lit up, “Mr. Fu, after you stole Gu Yaotian’s shares, will you give them to Miss Rong?”

“Okay, let’s do it.” Fu Jingting didn’t answer.

But Assistant Zhang knew that he definitely meant it.

“I’ll go right now.” After pushing his glasses, Assistant Zhang turned around and went out.

An hour later, Rong Shu came to the hospital.

She looked at Fu Jingting, “Where’s the person?”

“There are some traffic jams on the road. It will take about ten minutes to arrive. Sit down!” Fu Jingting lay on the bed and couldn’t move. He could only point to the chair by the window and motioned for her to pull it by herself. Come and sit down.

When Rong Shu first came in, she didn’t see the man, and thought that Fu Jingting was lying to her.

Now that she heard that it was not yet, her face improved a lot, and she pulled the chair and sat down.

Fu Jingting looked at her lower abdomen, “How is your body?”

Rong Shu raised her legs, "It's good."

"That's good." Fu Jingting saw that although her complexion was still not good, it was much better than after the operation. Knowing that she was gradually recovering, I was relieved.

"Cheng Huai went to find you yesterday, right?" Fu Jingting raised his head slightly and asked again after suddenly thinking of something.

Rong Shu raised her eyebrows, "So you told him, I already know everything."

Otherwise, who did Cheng Huai listen to?

"I told him, he went to apologize to you, you..." Fu Jingting pursed his thin lips.

Rong Shu looked at him, "What am I?"

"Have you forgiven him?" Fu Jingting met her indifferent gaze, and finally asked.

Rong Shu pouted, "Why should I forgive him? He and you, you are the same raccoon dog!"

Hearing this, Fu Jingting had a smile in his eyes.

After being guessed by him, she did not forgive Cheng Huai.

For a time, Fu Jingting's slightly nervous heart suddenly relaxed.

It's fine that she didn't forgive.

He also lied to her, and she refused to forgive him, so Cheng Huai couldn't be forgiven either.

Cheng Huai should suffer with him.

"You seem very happy?" Rong Shu squinted at Fu Jingting.

It seems not only happy, but also a little gloating.

Delusion?

"You can see it." Fu Jingting did not deny it, but nodded in recognition.

Rong Shu looked at him in surprise.

Well, she was sure that it wasn't an illusion, he was indeed gloating, gloating that Cheng Huai was not forgiven.

I really didn't see that he was still such a person!

Chapter 348 A Man's Confession

Just as he was thinking, there were a few messy footsteps behind him.

Rong Shu turned her head to look and saw the scene outside through the glass. Two people in black suits were pushing a man towards him.

The two people in suits, one is Assistant Zhang, and the other is a mass-produced bodyguard.

As for the man they were holding...

Rong Shu immediately stood up with anger written all over her face.

It's him!

Three months ago, after she woke up, the one who slept next to her!

Fu Jingting knew why Rong Shu reacted so much. He looked at the man who was being held, and a cold light flashed in his eyes.

"Mr. Fu, someone brought it." Assistant Zhang released the man first and said to Fu Jingting.

Fu Jingting hummed and looked at Rong Shu, "Rong Shu, you can deal with it."

After she has dealt with it, he will clean up this person again!

Rong Shu didn't refuse, and looked at the man coldly.

The man was kicked hard by the bodyguard, kicked on the socket of his knee, and immediately knelt down, screaming in pain, his face twisted.

Rong Shu took a step forward and stopped in front of the man, "You, do you remember me?"

This man entered her room after Fu Jingting walked, so it was impossible not to look at her face.

The man was suddenly brought here, and he was already terrified, and when he was kicked again, he was even more scared.

Don't talk back now, you don't even have the courage to look at Rong Shu.

Seeing this, Fu Jingting gave Assistant Zhang a look.

After assistant Zhang nodded, he followed the example of the bodyguard and gave the man a kick, "Answer Miss Rong's words!" The

man was frightened and nodded again and again, "Okay, I'll answer, I'll answer, don't hit me, woo woo uh..."

Saying that, he actually started to cry.

Yesterday he was still picking up girls, but he was suddenly caught in a car and brought to the sea market.

Along the way, he kept asking the people who arrested him why they wanted to arrest him, but he didn't get any results. A woman turned black, and then he was taken away, and he was going to be taken to a place to be killed

, so this way, he was in a panic, but because the person who arrested him did not act rough on him, he did not He hasn't collapsed, but now these people have begun to be rough with him, and maybe they will kill him soon, and he finally can't help crying in his inner fear.

While crying, the man raised his head tremblingly and looked at Rong Shu, wanting to see which woman Rong Shu was a scumbag. Maybe he could beg for mercy and impress her again.

As a result, when he saw it, he was stunned, and his crying stopped.

Because this woman is not any of his scumbags, and he doesn't even know who she is.

Looking at the man's confused and puzzled eyes, Rong Shu twitched the corners of her mouth coldly, "It seems that you don't remember me, yes, it's been three months, since that's the case, let me remind you, three A month ago, the clubhouse..."

Hearing the word clubhouse, the man finally remembered it, his eyes widened, "It's you!"

The woman he was tasked to defile.

It's just that when he arrived, he found that this woman had been raped by another man. Out of cleanliness, he didn't attack her, but just lay down beside her.

After three months, he thought that the incident had long since passed, but now he was caught here by this woman, and he looked at him angrily, obviously asking him to settle the bill!

“Remember?” Rong Shu narrowed her almond eyes slightly, “Since you remembered, you should know why you were brought here?”

“I...I...” The man did not dare to feel guilty. look at her.

Rong Shu stretched out his hand, pinched his face hard, and asked coldly, “How much did Gu Manyin give you to let you do it to me?”

Fu Jingting frowned slightly when he saw Rong Shu’s movements, “Rong Shu, let him go, he will only get your hands dirty, Zhang Cheng, you go!”

Assistant Zhang rolled his eyes.

Pooh!

What does it mean to get Miss Rong’s hands dirty, she clearly doesn’t want Miss Rong to touch other men, who doesn’t know.

I thought so in my heart, but Assistant Zhang didn’t dare to expose it, and walked towards Rong Shu with a smile on his face, “Miss Rong, I’ll come, you can interrogate.”

Rong Shu’s mouth twitched and looked at Assistant Zhang Xiyi again. eyes, and had to let go.

Assistant Zhang imitated her movements just now, pinched the man’s face hard, and deformed the man’s face, showing that the force was great.

“Miss Rong, is this okay?” Assistant Zhang asked.

Rong Shu silently supported her forehead, “Yes!” The

reason why she pinched the man’s face just now was purely because she was too angry, and her subconscious actions were not intended to punish the man.

So now when Fu Jingting and Assistant Zhang are involved, the style of painting becomes very strange.

Rong Shu rubbed her eyebrows, but Rong Shu didn’t bother much about it, her face turned cold again, “Answer me, how much did Gu Manyin give you!”

“Who is Gu Manyin?” Inarticulate question.

Rong Shu was stunned for a moment, "You don't know Gu Manyin?" Fu Jingting's eyes narrowed.

The man endured the severe pain on his face, and replied with difficulty, "I don't know."

"How is this possible!" Rong Shu could see that the man was not lying, so he was especially surprised.

She looked at Fu Jingting, "Didn't you say that he was arranged by Gu Manyin? But he doesn't know Gu Manyin!"

Fu Jingting pursed his thin lips, "Don't worry, I'll ask."

Then, he stared at the man and asked, "Since you don't know Gu Manyin, who asked you to enter her room?"

He pointed at Rong Shu.

The man glanced at Rong Shu timidly and opened his mouth, as if he didn't know whether to answer.

When Assistant Zhang saw this, he gave him another kick, "Tell me the truth, or I want you to look good!" The

man was even more frightened when he heard this, his body stiffened, and he nodded again and again, "I said, it's a Male."

"Male?" Rong Shu frowned.

How can it be a man?

Could it be that she still has a male enemy?

Wouldn't it be Gu Yaotian?

Seemingly seeing Rong Shu's thoughts, Fu Jingting immediately rejected it, "It's the waiter at the club."

"Yes, the waiter said that it was the man Gu Manyin asked him to find." At this time, Assistant Zhang Nodding and saying a word.

Because this is what he went to investigate, he has the most say.

Hearing that she didn't have any other enemies, Rong Shu breathed a sigh of relief, "In the end, the real mastermind is Gu Manyin, but he didn't connect directly with Gu Manyin, so he didn't know about Gu Manyin. Sound."

She looked at the man.

Although the man didn't quite understand what they were talking about, he nodded and was done.

"How did the waiter find you, and how much did he promise you?" Rong Shu asked again with a blank face.

The man lowered his head and replied, "I... I'm a male publicist. Our store cooperates with clubs and hotels, so it's not difficult to find me. As for the money, it's 200,000."

He is a male publicist. At the time, it was only 100,000 a night at most, and suddenly there was a task of 200,000, so it was impossible for him not to agree.

"200,000?" Rong Shu snorted coldly.

Should she praise Gu Manyin for being generous?

She originally thought it would be tens of thousands of dollars at most.

"What did the waiter tell you when he found you?" Fu Jingting also asked.

Chapter 349 There is a way

The man replied truthfully, "He posted it in our work group and said 200,000 yuan. I hope one of us will come and go..."

He glanced at Rong Shu secretly, then lowered his head quickly, not daring to say those two things. Saying the words, I had to say euphemistically, "Go bully a woman and take a video photo. After the incident, send the video and photo to him. At that time, many people in our group robbed this task, and I was robbed in the end."

In short, how happy he was when he grabbed it at the time, and how much he regretted it now.

She couldn't wait to slap her hand twice, why was her hand speed so fast!

“There are still photos and videos? Did you take them?” Rong Shu’s face changed drastically, her palms clenched tightly.

Fu Jingting’s body pressure plummeted, and he attacked the man with the intent of killing.

The man shuddered and quickly explained, “No, no, I didn’t take a picture. When I went to the club that night, I met a female client I had slag before, and was beaten by the person who brought her. Then I threw it in the suburbs, and took all my cell phone and everything. I stayed in the wild in the suburbs for one night, and it was not until dawn when I met a kind person who sent me to the city, and then I rushed. When I went to the clubhouse, when I arrived, you were already given to...”

He didn’t say anything later, but everyone knew the meaning.

Rong Shu turned her face slightly and gave Fu Jingting a cool look.

Fu Jingting looked away knowingly.

Rong Shu didn’t hold on to him, and quickly turned her attention to the man, “How do I know what you said is true?”

“You can check it out, the place where I was taken away by my female client is monitored. , I also remember the license plate of the good-hearted person, I can report it to you, if you find the good-hearted person, you can check their driving records, and you will know whether what I said is true.” The man quickly replied, I’m afraid she won’t believe it.

In fact, Rong Shu had already believed it, and her expression was not as nervous as before.

Because the man didn’t take her photos and videos, she naturally didn’t worry that her photos would be distributed.

Speaking of which, she would also like to thank the female client.

“Then what did you do to me when you were in my room later?” Rong Shu bit her lip, which was what she was most worried about now.

“No no!” The man shook his head like a rattle, “Absolutely not, I swear! I was frozen in the wild all night, and I was so tired from the cold that I fell asleep quickly after entering your room. Why? What could I do to you? After I woke up, you were no longer there. I didn’t have a mobile phone, so I couldn’t take pictures of you. .”

He thought he could sit back and relax after leaving the sea market.

I still didn't expect that he was arrested, but he was arrested, not the person who issued the task, but the person who issued the task, and let him kill the person.

Looking at the shivering, scared man, Rong Shu turned around and said to Fu Jingting, "I have nothing to ask, this person's role is not very big, just let me know what happened that night. Sending Gu Manyin to prison is of no use, the one who really does come in handy is the waiter."

Fu Jingting nodded, "I think so too, Zhang Cheng."

Assistant Zhang came over, "Mr. Fu, what are your orders?"

"You take this man to the bank, type out the 200,000 bank water, and at the same time organize the chat records between him and the waiter as an accusation. The waiter's evidence." Fu Jingting stared at the man and said.

That man really couldn't send Gu Manyin to prison, but he could accuse the waiter.

In order to protect themselves, the waiter would naturally accuse Gu Manyin. At that time, Gu Manyin would still go to prison, it was the same.

"Okay, Mr. Fu." Assistant Zhang nodded.

Fu Jingting said again, "Finish these things, and then take this person to the waiter. The waiter must have something he hasn't explained, and he will pry it out together."

"Yes!" Assistant Zhang replied, and then faced the bodyguard. He waved his hand and motioned for the bodyguard to take the person out.

After the three of Assistant Zhang left, Fu Jingting looked at Rong Shu and asked, "What do you want to do with that man?"

Rong Shu pursed her lips and didn't answer.

She is also thinking about this.

Although this man took on the task of bullying her, he did nothing to her, so it was difficult to hold this man legally responsible.

But she didn't want to let this man go like that.

Seeing Rong Shu's entanglement, Fu Jingting's eyes darkened, "If you don't know what to do, let me do it."

"Huh?" Rong Shu blinked in surprise, "What do you want to do?"

“You’ll know in two days.” Fu Jingting didn’t mean to say it clearly.

Rong Shu is not the kind of person who insists on inquiring to the end. If he says so, she will not ask.

After all, she really wanted to teach that man a lesson. Since she didn’t know how to deal with it, it was naturally the best way to leave it to someone else.

An hour later, Assistant Zhang called and told Fu Jingting that the bank slips and chat records were sorted, and the waiter did spit out some things that were not explained before.

It was just those things that made Rong Shu and Fu Jingting sink.

Because of what the waiter explained, there was no way to send Gu Manyin to prison.

Gu Manyin contacted the waiter not by phone, nor by WeChat or other chat software, but in person, so there was no chat record or call record.

The waiter was working at the time, and he didn’t have a mobile phone with him, so naturally it was impossible to record anything. The only thing that was useful was the transfer of 300,000 yuan from Gu Manyin to the waiter, of which 200,000 was transferred to the waiter. the man.

But the transfer records can’t prove anything. Gu Manyin can completely deny that he transferred so much money to the waiter to let the waiter harm others, and he can even say that the waiter is slandering her and framing her.

I have to say that every time Gu Manyin does these bad things, he can get away with it all. Everyone knows that she did it, but she just can’t come up with any useful evidence to prove it and bring her to justice.

However, this also proves that Gu Manyin can skillfully take herself out every time. It is conceivable that she has definitely done a lot of illegal things, but it has not been exposed yet.

Seeing what Rong Shu was thinking about, Fu Jingting’s thin lips moved, “Since that waiter can’t come up with actual evidence, then I...”

“I have a solution!” Rong Shu suddenly interrupted him.

Fu Jingting raised his eyebrows, “What’s the solution?”

He also wanted to say that since the waiter was not good, he would give Ali some trumped-up evidence, leaving Gu Manyin speechless.

Unexpectedly, she had a solution.

Rong Shu squeezed the palm of her hand and said, "As long as Gu Manyin admits it herself, she did ask the waiter to give me medicine and arrange a man."

"But how do you make her admit it?" Fu Jingting looked at her.

Rong Shu ruffled her hair, "It's my business, in short, it's alright, it's not too late, I'll make arrangements now!" After

she finished speaking, she took out her mobile phone and went out directly.

Fu Jingting originally wanted her to stay a little longer, but he called her because the man had caught him.

Now that the man was thrown by Zhang Cheng and locked up with the waiter, she naturally couldn't stay any longer.

No matter how long he wanted her, she would not agree.

Rong Shu didn't care that she left, what Fu Jingting was thinking, she called Gu Manqing.

Gu Manqing's voice came quickly, "Miss Rong, are you looking for me?"

Chapter 350 Gu Manqing's Revenge

"Is it convenient to talk?" Rong Shu asked.

Gu Manqing looked at Mrs. Gu, who was not far away, and replied in a low voice, "Miss Rong, wait a moment, I'll change place."

"Okay." Rong Shu nodded.

Gu Manqing put down her phone, walked out of the living room, went to the garden outside, and then put the phone to her ear again, "It's alright, Miss Rong, please tell me if you have anything to do."

Rong Shu listened to her casual conversation. There was a hint of surprise in his eyes.

It's only been so long, this Li Zhaodi's change must be too big.

Li Zhaodi used to speak with a country accent, and her tone of voice was even more submissive, but now it's all gone, and she could even hear a hint of elegance.

It seems that after arriving at the Gu family, Li Zhaodi is working hard to improve herself.

Without thinking much, Rong Shu said with a serious face, "I need your help for something."

Gu Man smiled, "Of course, I belong to you and Mr. Cheng, as long as you and Mr. Cheng speak, I will definitely Do your best."

"Thank you then." Rong Shu also laughed, and then started talking, "Three months ago, Gu Manyin found a waiter and asked the waiter to give me medicine, now The waiter has already been caught, but the evidence for the waiter is insufficient to convict Gu Manyin, so I need Gu Manyin to admit that she did instruct the waiter in this way."

"You mean, let me Find a way to pry open Gu Manyin's mouth?" Gu Manqing narrowed her eyes.

Rong Shu hummed, "That's right, and it's better to record it. In this case, I can send Gu Manyin to prison."

Hearing this, Gu Manqing's eyes lit up instantly.

Can send Gu Manyin to prison!

She clenched her phone tightly, the excitement on her face undisguised.

Great, during this time, she has been trying to figure out how to drive Gu Manyin out of the Gu family.

Unexpectedly, the opportunity has come to the door.

Taking a deep breath, Gu Manqing suppressed her inner excitement, and quickly replied, "I know Miss Rong, I will find a way to complete the task."

"Okay, then I will trouble you." Rong Shu smiled and thanked.

After the call ended, Gu Manqing put away the phone, squeezed the palm of her hand, and then turned back to the living room.

Seeing her coming in, Mrs. Gu asked, "Manqing, where have you just been?"

"Walking around in the garden, Mom, what's the matter?" Gu Manqing walked over and hugged Mrs. Gu's arm affectionately. .

Madam Gu patted her head kindly, "The servant just cooked the bird's nest, and I was about to ask you to drink it, but I didn't see you. Since you are back now, go drink a

bowl and take care of your skin. Keep it up, keep it white, and wear a dress for the banquet next month.”

“Well, I’ll go right now.” Gu Manqing let go of Madam Gu’s arm, turned and walked towards the restaurant quickly.

Banquet, he should also go.

Since arriving at Gu’s house, she hasn’t seen him again.

In the dining room, Gu Manqing pulled out the chair and sat down. The servant came over with two bird’s nests and brought one of them to her.

Gu Manqing looked at the other copy on the tray, “Is this for mother?”

“No, Miss, this is for Miss Er.” The servant shook his head and replied.

Gu Manqing’s mood suddenly became bad.

Gu Manyin has harmed the family like this, and she still has the face to eat bird’s nest!

But this wasn’t something she could stop, it was definitely something her mother wanted to feed Gu Manyin.

“Okay, send it to your sister.” Gu Manqing suppressed the discomfort in her heart and quickly laughed again.

The servant responded with a sound, picked up the tray and was about to go upstairs.

Suddenly, Gu Manqing thought of something and stretched out her hand, “Wait!”

“What else is there to order, Miss?” The servant stopped in confusion.

Gu Man’s eyes flashed, and then she said softly, “Give me the bird’s nest, and I’ll give it to my sister in a while. You also know that my sister has opinions on me, so I can just take this opportunity to chat with her and say Maybe it can ease the gap between our sisters.”

“I see, Miss, I’ll put the bird’s nest here.” The servant put the tray on the table.

Gu Manqing nodded, “Okay, go get busy.”

“Yes.” After the

servant left, Gu Manqing looked at the bird’s nest opposite, and the smile on her face disappeared instantly.

She was still thinking about how to complete Miss Rong's task and pry open Gu Manyin's mouth.

She never thought that the bird's nest brought by the servant gave her inspiration.

Gu Manqing put down her spoon, walked out of the restaurant and went back to her room.

Two minutes later, she came out of the room and returned to the dining room with a small bottle in her hand.

Gu Manqing pulled the cork off the bottle, poured out a small white tablet from it, and threw it into the bird's nest cup on the tray, then stirred the bird's nest with a spoon until the white tablet melted.

This white pill was brought to Gu's family from her hometown. It has a sleeping effect, and taking one can put a person in a hazy state of semi-coma.

At this time, as long as someone asks the person taking the medicine some questions, the person taking the medicine will answer without reservation, and after waking up, he will not know what happened.

In her hometown, she used this method several times to deal with the couple, asking where the couple put the money, and then stealing some secretly, otherwise, she would have been starved to death by the couple.

After coming to Gu's house, she has never experienced the hardships of not being able to eat, not warm, and being beaten, so she forgot about the medicine. If Miss Rong had not asked her for help, she would not have remembered it. .

"It should be fine!" Gu Manqing exhaled with relief as she saw that there were no traces of the pills in the bird's nest.

Later, she remembered Gu Manyin's bad attitude towards her, and after a cold snort, she lowered her head in revenge and spat into the bird's nest, stirred it again, and covered the bird's nest.

"Sister Wang." Gu Manqing put down her spoon and called to the kitchen.

Sister Wang, the servant just now came out, "Miss, what's the matter?"

Gu Manqing shyly pointed her fingers, "Well... I'll trouble you to serve this bird's nest to my sister, I remember my previous I give my sister food, but she doesn't eat it, so I still don't give it." This is not a

lie, whether in the hospital or at home, Gu Manyin does not eat anything she touches.

This is what Gu Yaotian and his wife saw, and the servant.

Therefore, the servant did not doubt Gu Manqing's words, and nodded with a smile, "Okay."

"Thank you, Sister Wang, and please don't tell my sister, I wanted to give her bird's nest at first." Gu He said again gratefully.

"Don't worry, Miss, I understand, then I'll send it to Second Miss now." After that, the servant picked up the bird's nest and went upstairs.

Gu Manqing looked at her back, and the corner of her mouth tickled slightly.

Since coming to Gu's house, Gu Manyin has been targeting her, giving her a cold look, and calling her a countryman, a wild girl, a germ.

Gu Manyin would never have imagined that he would eat her bacteria's saliva now!

Gu Manqing laughed out loud, lowered her head and drank her bird's nest comfortably.

After drinking, Gu Manqing came to the living room, sat on the sofa and waited, waiting for the servant to come down.

After waiting for about ten minutes, the servant came downstairs as he wished.

Gu Manqing looked at the tray in the servant's hand, "Sister Wang, did sister drink bird's nest?"

"Second Miss has already drank." The servant replied.

The smile on Gu Manqing's face grew stronger.

This is great!

Gu Manyin drank all the bird's nest, it seems that her saliva is delicious.
