Chapter 351 She is the real Gu Manqing

After waiting for another half an hour, Gu Manqing estimated that the time was almost up, so she put down the TV remote control, got up and went upstairs.

She came to Gu Manyin's door, raised her hand and knocked on the door, "Sister, can I come in?"

Although she had already guessed that Gu Manyin had passed out due to the efficacy of the medicine, but just in case, she still It is better to say hello in advance.

Otherwise, if she went in directly, it would be embarrassing if Gu Manyin didn't fall asleep. Gu Manyin would definitely suspect her purpose of entering the room without authorization.

"Sister?" Gu Manqing called out again.

There was no movement inside the door.

After Gu Manqing was sure that Gu Manyin was indeed asleep, she twisted the door and entered with confidence.

Gu Manyin's room was the same size as hers, and the layout was similar.

Gu Manqing looked at it for a while, then stopped looking at it and walked straight to the bed room.

Walking to the edge of the bed, Gu Manyin really lay on the bed, with her eyes closed and motionless, as if she was sleeping soundly.

But Gu Manqing knew that Gu Manyin didn't sleep deeply, but was in a state of half coma and half haze.

She took out her mobile phone, turned on the recording function, and asked softly, "Gu Manyin, at the clubhouse three months ago, did you find the waiter to prescribe medicine for Rong Shu?"

"...It's me." Gu Manyin frowned and replied weakly.

Gu Manqing's hands were shaking with excitement, "Why do you want to drug Rong Shu?"

Gu Manyin's expression suddenly turned hideous, "Because I want to destroy her, I can see that Jing Ting has her in his heart, but Jing Ting has her in his heart. Ting didn't

notice it himself, in order to cut off the possibility between Jing Ting and Rong Shu, I can only start as a wall and destroy Rong Shu, just..."

"Just what?" Gu Manqing brought her phone closer.

Gu Manyin gritted her teeth, "It's just that waste, he can't do such a trivial thing well, and the man he was looking for is also a waste. It cost me 300,000 yuan in vain, but instead Rong Shu and Jing Ting were fulfilled!"

"Yes, I see, thank you for your cooperation!" Gu Manqing smiled and saved the recording, then turned around and went out.

The task is complete, she can hand over the task.

From now on, there will be only one daughter in the Gu family.

As for Gu Manyin?

After Gu Manyin was released from prison, she found someone to sell Gu Manyin to the countryside to be a daughter-in-law to those disgusting men.

Didn't Gu Manyin look down on her from the country, then she would make Gu Manyin a country woman too!

After leaving Gu Manyin's room, Gu Manqing called Rong Shu.

Rong Shu was in the taxi at the moment, when she heard the phone ringing, she picked it up and glanced at it. Seeing that it was Gu Manqing, a hint of surprise flashed in her eyes.

Called at this time, is there a problem with the mission?

Before she had time to think about it, Rong Shu hurriedly answered, "Hello?"

"Miss Rong, the task is complete, I got Gu Manyin's recording." Gu Man's excited voice came.

Rong Shu's eyes widened with surprise, "What? So fast?"

She originally thought that it would take at least two or three days.

I didn't expect it to be completed in an hour. This efficiency is really speechless.

"Yeah, I didn't expect it to go so smoothly." Gu Manqing smiled.

Rong Shu sat up straight and was very curious, "How did you do it?"

"This... I'm sorry Miss Rong, this is a secret, can I not tell it?" Gu Manqing lowered her head and asked embarrassedly.

This is one of the means by which she survives.

She didn't want to tell anyone.

Rong Shu raised his eyebrows.

secret?

It seems that her secret is not easy to let a person explain everything so quickly, which makes her even more curious.

But no matter how curious she is, she can't force Gu Manqing to speak, after all, everyone has the right not to speak.

As long as this secret won't hurt her, then she won't ask.

"Of course." Rong Shu nodded.

Gu Manqing breathed a sigh of relief, "Thank you, Miss Rong, then I'll send you the recording."

"Don't worry, come out, we'll see you, you can send it to me in person, and I'll ask you something else by the way. ." Rong Shu said.

"Okay." Gu Manqing agreed.

Rong Shu looked at her watch, "I'll be waiting for you at the Chinese restaurant in the imperial kitchen at one o'clock in the afternoon."

After speaking, she hung up the phone, "Master, please transfer to the imperial kitchen, thank you."

"Okay!" The driver master responded.

Soon, the Chinese restaurant arrived.

Rong Shu went in and found a place to sit down, and began to wait for Gu Manqing to come.

Gu Manqing arrived on time, at 12:50.

"Miss Rong." Seeing Rong Shu, Gu Manqing seemed very happy, and waved her hand and walked over.

Rong Shu looked at her and found that her change was indeed very big.

When I saw her not long ago, her skin was still black and thin, and her hair was dry and yellow.

But now, her skin has turned a lot whiter, and her hair is shiny. Not only has she made a new and beautiful hairstyle, but she also has delicate makeup on her face, not to mention the clothes and jewelry she wears.

In a word, Gu Manqing at the moment, and Li Zhaodi in the past, are simply the same world.

If it wasn't for his appearance, Rong Shu would have thought that he had changed his personality, not only gaining confidence, but also his temperament.

"You've changed so much, it really surprised me." Rong Shu pointed to the chair opposite and motioned for Gu Manqing to sit.

After Gu Manqing sat down, seeing the wonder in her eyes, Gu Manqing was undoubtedly very happy.

This shows that her hard work during this time is worth it.

In the eyes of others, she was finally no longer that inferior country girl.

"Thank you, Miss Rong, for your compliment." Gu Manqing stroked her hair embarrassedly.

Rong Shu handed her a menu, "I'm not complimenting, I'm telling the truth, let's see what to eat, I'll treat you."

"Then I'll be welcome." Gu Manqing took the menu and flipped through the dishes, while asking casually, "By the way, Miss Rong, are you here alone? Mr. Cheng didn't come?" When she

said the three words of Mr. Cheng, her hand holding the menu tightly tightened without trace. After a while, his breathing became messy, and his eyes were even more nervous and shy.

Rong Shu was drinking water, so she didn't notice her strangeness, and replied lightly, "Yes, I am alone. As for Cheng Huai, he and I are just partners, how can we be together all the time.

"So, I thought you were lovers." Gu Manqing heard the word "partner", and her eyes sparkled with joy.

Turns out they were not lovers.

This is really good!

Rong Shu put down the water glass, “How is it possible, you think too much, well, let’s not talk about this, let me listen to the recording.”

“Okay.” Gu Manqing hurriedly took out her mobile phone and dialed the recording.

After hearing this, Rong Shu hooked her lips and smiled, “Very good, this is what I need, send it to me.”

She handed over her mobile phone.

After Gu Manqing took it, he started to transmit.

The transmission was very fast, and it was successful in ten seconds.

Gu Manqing handed the phone back to Rong Shu, “Miss Rong, your phone.”

Rong Shu reached out and took the phone.

Just when Gu Manqing was about to let go, she suddenly saw Rong Shu’s wrist.

That...that’s...

Miss Rong actually has a red mole on her wrist!

Gu Manqing looked at Rong Shu in disbelief, because of this discovery, a storm surged in her heart, and she couldn’t calm down, so much that her body was shaking.

Mom said that the real Gu Manqing has a red mole on her wrist.

Unexpectedly, she saw it on Miss Rong’s wrist.

During this time, she has learned a lot and knows that the human body has moles more or less, but most of them are black moles, and red moles are owned by very few people.

Therefore, it is absolutely impossible for Miss Rong’s red mole to be so coincidental, just like Gu Manqing, it all grows on her wrist, and Miss Rong has Gu Manqing’s necklace.

So it can be seen that Miss Rong is the real Gu Manqing!

Chapter 352 Rong Shu’s Hair

This discovery made Gu Manqing panic.

She didn't know why Miss Rong was the real Gu Manqing, let alone what hatred Miss Rong had with the Gu family.

She only knew that once Miss Rong's true identity was exposed, what room would she have left for her fake romance?

Miss Rong let her pretend to be Gu Manqing because Miss Rong didn't know that she was Gu Manqing. Once Miss Rong found out, she might not let her continue to pretend to be Gu Manqing.

Because if it was her, she would not. No one wants to see their identity being impersonated by others.

If Miss Rong knew that she was Gu Manqing, she would definitely look back at her family. Even if Miss Rong had a grudge against the Gu family, in front of family affection, no matter how big the grudge would dissipate, when Miss Rong met her parents, she would He was sent back to his hometown and lived the dark and desperate life before.

No, she can't go back!

She managed to get out of that suffocating family and live a life without food and clothing, so how could she go back!

The more she thought about it, the more frightened she became, Gu Manqing's body had to be like a sieve, and her face was pale.

Rong Shu looked at her suspiciously, "What's the matter with you?"

Gu Manqing's eyes kept flickering, "...I'm fine...I just feel a little uncomfortable..."

"Uncomfortable? Is it sick?" Shu asked with concern.

Gu Manqing clenched her hand under the table tightly, but forced a smile on her face, "Well, suddenly

my stomach hurts." "I see, then I'll show you." Rong Shu I didn't doubt her words, she really looked like she was sick.

However, Gu Manqing seemed to be frightened, and waved her hands repeatedly to refuse, "No... No need for Miss Rong, I can do it myself, and the driver is waiting for me outside. I can just ask the driver to take me there.

" She pointed outside.

Rong Shu turned her head to look, saw the luxury car parked outside through the glass window, and nodded with a smile, "If that's the case, then you can go quickly."

"Okay, Miss Rong, I'll say goodbye first. What do you tell you to call me again?" Gu Manqing bowed slightly to her and walked out.

After walking two steps, she suddenly held her forehead and shook her body, looking like she was about to faint.

Seeing this, Rong Shu quickly stood up, "Are you all right?"

"I... I'm a little dizzy..." Gu Manqing replied weakly.

The next second, she suddenly fell towards Rong Shu.

"Hey..." Rong Shu was startled first, then hurriedly caught her.

Gu Manqing leaned on Rong Shu's shoulder, and in a place that Rong Shu could not see, a dim light flashed in her eyes, which was fleeting.

Afterwards, her arm also put on Rong Shu's shoulder, and her hand moved under Rong Shu's hair, then stopped quickly.

All this was going on behind Rong Shu's back, and Rong Shu naturally couldn't see it.

She patted Gu Manqing's face anxiously, "Gu Manqing, don't get dizzy, hold on, I'll ask your driver to come over!"

"No need, Miss Rong." Gu Manqing raised her head and showed it to Rong Shu. With a weak pale smile, "I'm fine now, thank you for supporting me just now, or I'll fall to the ground."

"Are you all right?" Rong Shu frowned, "You don't look like you're fine. "

I'm really fine. I just had a stomach problem and low blood sugar, so I almost fainted. Miss Rong, you know what life I've had before. It's not surprising that I have these problems, just take it easy." Gu Romance said.

Rong Shu was still a little worried, "Is it really okay?"

"Really, Miss Rong, let me go, I can stand by myself." Gu Man nodded affectionately.

Since she insisted, Rong Shu naturally couldn't say anything, and let go of her hand holding one of her arms.

“Thank you.” After thanking Gu Man affectionately, he stood up straight and took back the hand on Rong Shu’s shoulder.

Suddenly, Rong Shu cried out in pain, and her expression changed.

Gu Manqing asked nervously, “Miss Rong, what’s wrong with you?”

“Hair!” Rong Shu covered her head with one hand and pointed at her hand with the other.

Gu Manqing looked down at her hand, saw a few long hair twisted around her ring, her eyes widened, and she bowed and apologized, “I’m sorry Miss Rong, I’m really sorry, I didn’t know what I had on my hand. I’m really sorry...”

She was so anxious that she was about to cry, her face was full of guilt and self-blame, and she was even a little scared, as if she was afraid that Rong Shu would scold her.

Rong Shu rubbed her aching scalp, although she felt a little uncomfortable that her hair was inexplicably pulled off a few strands, but looking at her tearful appearance, she waved her hand helplessly, “Forget it, you didn’t mean it, either. That’s it.”

“Miss Rong, don’t you really blame me?” Gu Manqing blinked.

Rong Shu hummed, “It’s also caused by your discomfort. I’m not stingy enough to care about someone who’s uncomfortable.”

“That’s great, thank you Miss Rong.” Gu Man was so grateful and smiled.

Rong Shu also twitched the corners of her mouth, “Okay, go to your driver first. Hypoglycemia and stomach problems are not trivial matters, so it’s better to go and see.”

“Well, I’ll go right now.” Nodding, then waving at her and leaving.

Arriving in the car, after Gu Manqing closed the door, the smile on her face disappeared, replaced by a gloomy face.

She lowered her head and took off the hair from the ring one by one, then took out a tissue and carefully wrapped it inside.

She is going to use these hairs to do a paternity test to determine whether Miss Rong is the real Gu Manqing.

If not that’s fine, if so...

Gu Manqing's eyes flickered, and she squeezed her palms tightly. Soon, the Gu family arrived. After Gu Manqing got out of the car, she looked at the luxurious mansion in front of her with undisguised ambition and greed. She never imagined that one day she would live in such a palace-like house, eat sumptuous meals, sleep on a big soft bed, wear the most expensive clothes, wear the most gorgeous jewelry, and learn the most elegant skills. She thought that she could enjoy it like this forever, but now she realizes that everything she has now may be lost at any time. She doesn't want to lose! Gu Manqing clenched her fists tightly. That's how people are, it's fine if they don't get it, but once they get it, they don't want to lose it again. She was used to this kind of life, how could she be willing to live in poverty like before without seeing the future. Since Rong Shu gave her such a life, let her see so much in the world, and brought her to this paradise, don't think about hitting her back to hell. "So Miss Rong, I hope you're not really Gu Manqing, otherwise..." Gu Manqing's eyes became cold, then she took a deep breath, suppressed the dark thoughts in her heart, and lifted her feet into the villa. "Mom, I'm back." Gu Manqing greeted Mrs. Gu who was eating fruit in the living room. Mrs. Gu looked over, "Manqing, where have you been?" "Going out for a walk." Gu Manqing put down her bag, walked to Mrs. Gu to sit down, hugged Mrs. Gu affectionately, and rubbed Mrs. Gu's cheek coquettishly. Mrs. Gu looked at her in surprise, "Manqing, why are you sticking to me so much today? You know that after you came back, you seldom took the initiative to get close to me, so why did you change your sex today?"

These days, she has been taking the initiative to get close to her daughter, but her daughter rarely gets close to herself. Although she knows that her daughter is not familiar with herself, she is still a little uncomfortable, and feels that her efforts are not proportional.

But now it's alright, her daughter's initiative to get close, immediately makes her very gratified.

"I didn't change, I just figured it out all of a sudden. After I came back, my sister disliked me so much, and I felt inferior, so I didn't dare to hug Mommy like this, for fear that Mommy would dislike me and push me away." Gu Manqing leaned on Mrs. Gu's shoulder and said.

Mrs. Gu stroked her hair, "How can you, as a mother, how can you despise your daughter, you are really messing around."

Mrs. Gu poked her forehead, "But you can figure it out, in the future Stop thinking about it."

“Well, I won’t think about it anymore, I will be my mother’s favorite little padded jacket.” Gu Manqing said.

She is also stupid. After coming to the Gu family for so long, she never thought of thinking of herself as the real daughter of the Gu family, until she knew that Miss Rong was the real Gu Manqing.

But it is not too late. From today, she will completely win over the parents, so that they will only have her in their eyes. Even if someone jumps out to question her identity in the future, the parents will not believe it, even if they do. I won’t send her away.

All in all, since this pair of parents gave it to her, it is hers, and no one can take it away, even if it is really Gu Manqing!

Mrs. Gu didn’t know what Gu Manqing was thinking, but after listening to Gu Manqing’s words, she smiled happily, “Okay, you are my favorite little padded jacket.”

Gu Manqing hugged Mrs. Gu’s arm and smiled too. up.

After a while, she raised her head and looked at Mrs. Gu’s hair, “Mom, your hair is a little messy, I’ll help you brush it again.” The

daughter offered to brush her own hair, but Mrs. Gu couldn’t be happy, so she would doubt it. Whether his hair was messy or not, he naturally agreed quickly, “My Manqing is really good, okay, you can comb it.”

“I’ll go get the comb.” Gu Manqing ran upstairs.

Soon, she took a comb and came down, walked behind Mrs. Gu, untied Mrs. Gu’s hair, and began to comb it.

She combed a little harder. Although Mrs. Gu felt a little pain, she didn’t stop her. Only when she did a lot of farm work did she develop this strength.

Besides, this is the first time my daughter has combed her hair, so how can I say anything.

After a while, Gu Manqing took some hair off the comb and put it in her clothes pocket quietly. Then she put down the comb and said, “Okay Mom, see if you like it?”

“Yes, my daughter combed my hair for me. Of course I like it.” Madam Gu stroked her hair and smiled. Gu Manqing also laughed, “That’s good, by the way, Mom, I have to go out again. I went

out to make a friend today and made an appointment to go to the movies in the afternoon. It’s almost time, so I’ll go first.”

, she didn't wait for Madam Gu to hold her back, and ran to the door quickly.

Now that Miss Rong and her mother have got their hair, it's time to go to the appraisal agency!

Meanwhile, on the other side.

Rong Shu came out of the Chinese restaurant after lunch and called Fu Jingting.

Fu Jingting answered quickly, "Rong Shu."

"Mr. Fu, Gu Manyin has already explained it, and I also got the recording of her explanation. Can the waiter and the man be sent to the police station?" Rong Shu stood on the side of the road, talking to the phone while waiting for the bus.

A slight surprise flashed in Fu Jingting's eyes, "You got it so quickly?"

"Well, someone helped, so it didn't take much effort." Rong Shu nodded.

Fu Jingting narrowed his eyes.

This person should be the fake Gu Manqing.

That fake Gu Manqing was her and Cheng Huai's inner responder, and Gu Manyin didn't go out at Gu's house now, so it was impossible for her to go to Gu's house to find Gu Manyin's mouth, so the only thing that could help was to live in the fake Gu's house. Gu Man is in love.

"Okay, you go to the police station first, and I'll have the two sent to you." Fu Jingting nodded slightly.

Rong Shu replied, "Okay, thank you very much."

"You don't need to tell me..."

Before Fu Jingting finished speaking, he heard that something was wrong with the phone.

He frowned, took the phone in front of him and looked at it, what he saw was not the call page, but the main menu, and his thin lips couldn't help pursing.

She hung up so fast!

"Pfft!" Assistant Zhang, who was across from the hospital bed, couldn't help laughing when he saw this scene.

Very good, Mr. Fu was deflated by Miss Rong again.

Fu Jingting heard Assistant Zhang's laughter, narrowed his eyes, and looked at him coldly, "What are you laughing at?"

Assistant Zhang immediately put away his smile, pushed his glasses, and replied solemnly, "Mr. Fu, you heard wrong, I No laughing, as a special assistant, I will not have other emotions during work, please believe me, I am professional."

Unless you can't help it!

"I don't believe you, this month's bonus is gone!" Fu Jingting said coolly.

Assistant Zhang widened his eyes in disbelief, "Don't, Mr. Fu, I was wrong, really, I really know I was wrong, and I will never laugh at you again."

At least he didn't smile on his face.

"It's too late!" Fu Jingting put down the phone and said in a cold and indifferent voice.

Assistant Zhang knew that asking him to withdraw the order was invalid, and the whole person was like an eggplant beaten by Shuang.

He regretted it.

real!

If time could repeat itself, he would have endured it until he left the hospital to laugh.

"Okay." Fu Jingting rubbed his sore temples, "Rong Shu said on the phone just now that he has obtained the recording of Gu Manyin's confession, and now you send the waiter and the man to the police station. Go."

"You got it so quickly?" Assistant Zhang raised his eyebrows in surprise.

Fu Jingting lightly opened his thin lips, "It was the help of the fake Gu Manqing, the fake Gu Manqing, who should have gone to Gu Manyin, and recorded it ."

"Then the recording from this channel is It has no legal effect." Assistant Zhang said with a serious expression.

"I know, but Rong Shu probably doesn't know, so you use my name to go to Lin's house." Fu Jingting narrowed his eyes and said solemnly.

The Lin family is also a powerful family in the sea, similar to the Cheng family, not the Cheng family's government, but the Lin family's police.

The current head of the Lin family is also the director of Haishi. A year ago, Director Lin's son was kidnapped. He accidentally met him and sent someone to rescue him. Director Lin owed him a favor, and he has not paid it back until now. , mainly because he didn't need anything.

But now, this favor can come in handy.

As long as Director Lin said hello, the recording in Rong Shu's hands would not have any legal effect.

"I see, I'll go right now." Assistant Zhang nodded in response.

Fu Jingting thought of something again, and a icy chill flashed in his eyes, "Wait a minute, before sending those two to the police station, let me deal with them."

"Mr. Fu, do you want to prepare?" Assistant Zhang's glasses reflected light.

"Since that waiter dared to give Rong Shu medicine, he would break two arms. As for that man, break his legs for me!" Fu Jingting spoke lightly, his voice whispering like a devil, and the chill inside made one seem as if it felt like crawling from the soles of my feet to the top of my head, and the hairs all over my body stood up.

"Broken leg? President Fu, which leg is he to break?" Assistant Zhang asked calmly.

Tsk tsk, broken arm and broken leg, what a miserable two men.

But there is no way, who made them dare to take action against Miss Rong, that is Mr. Fu's heart.

Fu Jingting glanced at Assistant Zhang coolly, "What do you think?"

Assistant Zhang shrugged, "I see, I'll make arrangements."

Since President Fu doesn't know what to say.

Then... all three legs are broken!

And Mr. Fu obviously meant the same thing.

Chapter 354 The Frightened Meng Ke

Assistant Zhang turned around and left.

Fu Jingting picked up his mobile phone, and between the two options of calling Rong Shu and sending WeChat, he finally chose the two people who sent WeChat. Zhang Cheng has already sent it to you, you can wait a while.

Rong Shu was sitting on a chair in the police station lobby at the moment, and felt the phone in her bag moving, so she took it out and took a look.

When I saw this news, my face was filled with joy, I quickly typed it, and I knew it, thank you!

Fu Jingting replied quickly, no thanks. Besides, I have already helped you clean up those two!

Packed up?

Rong Shu is a little surprised how did you clean up?

Fu Jingting will be here in a while, you will know.

Seeing that he was selling out, Rong Shu pursed her red lips, put away her phone, and stopped asking.

Asked again and the other party did not say.

Then of course there is no need to ask again.

At this moment, a familiar voice sounded not far away.

Rong Shu raised her eyebrows slightly, looked up, and saw Meng Ke was talking to a policewoman facing each other.

The policewoman seemed to be educating Meng Ke, and Meng Ke nodded lowly and repeatedly, replying one by one I knew, but I won't be able to reply in the future.

Seeing Meng Ke dressed in private clothes and not wearing an orange jacket, Rong Shu knew that Meng Ke's detention was over.

Rong Shu didn't expect that she was so lucky to report to the police, and she happened to run into the scene where Meng Ke regained her freedom.

But isn't Meng Ke's detention for 20 days?

It hasn't been 20 days, how come the detention is over?

Thinking, Rong Shu got up and walked over there.

Her crisp high-heeled shoes caught the attention of Meng Ke and the policewoman.

The two stopped talking and turned their heads to look.

Seeing Rong Shu, Meng Ke's face changed, and he immediately hid behind the policewoman, as if Rong Shu was some kind of beast.

Rong Shu's mouth twitched.

what happened?

Is Meng Ke so afraid of her?

"Miss Rong." The policewoman glanced at Meng Ke behind her and greeted Rong Shu with a smile.

Rong Shu nodded, "Hello, Officer Lin, I would like to ask, is this Miss Meng Ke's detention over?" The

policewoman immediately understood her intention when she heard this, and replied with a smile, "Yes. Yes, Miss Meng Ke rescued a fellow inmate who had a sudden illness in the detention center a few days ago, so she made a contribution and ended the detention ahead of schedule."

"Medium?" A hint of surprise appeared on Rong Shu's face, and then she squinted behind the policewoman. Meng Ke was surprised and said, "I can't see that you can still do good things."

"Why can't I do good things!" With a policewoman blocking her way, Meng Ke daringly stuck her head out, staring at Rong Shu and questioning .

The corner of Rong Shu's mouth tickled coldly, "Why do you say? A person who has been in the detention center twice because of plotting against me is doing good deeds. I don't believe it. It was out of kindness and kindness."

She looked at her with deep eyes . Meng Ke.

Meng Ke looked a little guilty by Rong Shu, and lowered her head subconsciously.

This woman is too sensitive.

She rescued the inmate, not out of kindness and good intentions, but just to get out of the detention center earlier.

The last time she was in the detention center, she had heard that as long as she did meritorious deeds, she could be released earlier, but how difficult it was to accomplish meritorious deeds in the detention center. She managed to meet a fellow inmate who had a sudden illness. Naturally, she could not miss this opportunity, so she drove away. After saving another inmate who also wanted to make a contribution, he saved the inmate who had a sudden illness.

Unexpectedly, Rong Shu could see through her true purpose so easily.

But what if she was seen through, what if she knew that she didn't save people out of kindness and kindness? But it's a fact that she saved people and made contributions!

Thinking of this, Meng Ke was no longer guilty, raised his head, raised his head high, and cast a provocative look at Rong Shu.

Rong Shu squinted his eyes and was about to say something.

A male policeman came over, "Xiao Lin, where did you put the file last time?"

"Sorry, it was in my drawer, but I forgot to put it back in the file room. I'll get it for you." The policewoman patted her forehead, hurriedly walked towards his office.

After the two police officers left, only Rong Shu and Meng Ke were left.

Without the protection of the policewoman, Meng Ke instantly changed back to the frightened look she had when she first saw Rong Shu.

Seeing this, Rong Shu said with a half-smile, "Why, are you afraid of me?"

"Who... Who is afraid of you?" Meng Ke immediately refuted like a cat whose tail had been stepped on.

Rong Shu put her arms around her, "Aren't you afraid? Then I'll try."

She raised her feet and approached Meng Ke.

Meng Ke stepped back in fright and shouted at the same time, "Don't come here!"

Rong Shu stopped and sneered, "Look, even when I approached, I reacted so loudly, are you still afraid?"

"There was no way to refute it any longer. She shrank her neck and her face flushed, embarrassed and ashamed.

Yes, she was indeed afraid of this woman.

This woman sent her to the detention center twice in a row. In her heart, she was no different from the devil. While she hated, she also feared her.

Because she clearly realized that she could not fight against this woman!

"What the hell do you want!" Meng Ke bit her lower lip and was about to cry.

Rong Shu pouted, "I don't want to do anything, I just want to check if you are afraid of me."

Meng Ke looked at her angrily, "Yes, I was afraid of you, now you are satisfied, you can let me go, let me go!"

"Of course, the police let you go, how could I not let you go, but before you go, I want to tell you that since you have come out, be a good person and stop playing those despicable means of seeing people. I can send you to the detention center twice, and you can have it again. The third time." Rong Shu put away her playful smile and said coldly.

Meng Ke was startled, "You..."

"Don't you, I'm serious, I'm even thinking that it's boring to send you to the detention center all the time, if possible, I'd rather send you to the detention center. Going to prison, I heard that those women in prison are very perverted, because they can't see men all the year round, they will treat women..."

"Don't talk about it, you devil!" Meng Ke covered her ears and roared with horror on her face.

Of course she knew what Rong Shu was going to say.

During these days in the detention center, those inmates hadn't told her how horrible the prison was and how perverted the women were.

Because of this, she didn't want Rong Shu to go on talking.

Rong Shu looked at Meng Ke's so frightened face, with a bright smile on her face, "Okay, I won't say it, but looking at you, you should know what I'm talking about, since you don't want to go to prison, then you Darling, don't blame me if you're restless, even if what you've done isn't enough to go to jail, I'll find a way to get you in, trust me, I can definitely do it!"

Meng Ke's face Pale, his body was shaking.

In the end, she couldn't stand staying with Rong Shu, so she ran away with oil on the soles of her feet.

She was afraid that if she didn't run away, what the devil would do to her.

Looking at the back of Meng Ke fleeing, Rong Shu smiled and leaned back and forth, feeling very good.

I believe Meng Ke will have nightmares tonight.

“Miss Rong.” Suddenly, a male voice came from behind.

Rong Shu heard that it was Assistant Zhang’s voice, so she quickly sorted out her emotions and turned around, “Assistant Zhang.”

“Miss Rong, someone has been brought here.” Assistant Zhang walked back and forth.

Rong Shu narrowed her eyes, “Where?”

“I have been sent to the interrogation room by the police,” Assistant Zhang said.

“I’ll take a look!” Said, she stepped on high heels and walked to the interrogation room.

Assistant Zhang followed behind her.

When the interrogation room arrived, Rong Shu knocked on the door.

A police officer opened the door and let Rong Shu in.

As a police officer, Rong Shu is naturally qualified to meet the suspect.

After all, the suspect has not yet been formally ordered to arrest, and she can be seen.

President Rong walked into the interrogation room and looked directly at the interrogation seat.

Seeing this, the whole person was stunned.

I saw the man I saw in the morning, sitting in a wheelchair with a pale face, and the two legs below were wrapped in thick gauze.

The other man in a waiter uniform was not much better. Although his legs were fine, his arms were also wrapped in thick gauze and hung around his neck.

These two people, one injured the leg and the other injured the arm, is obviously not as simple as an accident.

To know the man with the injured leg, she only saw it this morning, and it’s still fine. Now there is a problem with the leg, and it is obvious that someone specially made it.

Thinking, Rong Shu looked at Assistant Zhang.

Assistant Zhang noticed her gaze and smiled at her.

His smile just said it all.

Rong Shu's red lips pursed, "Come with me."

She turned and left the interrogation room.

Assistant Zhang followed behind.

Rong Shu took him to a quiet place, "Assistant Zhang, did you get the legs and arms of those two people?"

He sent them here, and she couldn't think of anyone else besides him.

"Yes, it was Mr. Fu's order. Mr. Fu said that there is no need to keep his hand when the waiter gave you the medicine. As for the man who ran so far to bully you, there is no need for his legs to exist. So I just broke it." Assistant Zhang pushed his glasses and replied in a light tone, as if to say that the weather is good today, rather than breaking his arms and legs.

Rong Shu sucked in a breath of cold air.

It turned out that this was Fu Jingting's solution.

In the morning, Fu Jingting asked her how to clean up the man and the waiter.

She didn't answer at the time, but Fu Jingting said it was handed over to him, and she agreed.

Unexpectedly, Fu Jingting broke the arms and legs of two people!

Although she knew that these two people deserved what they deserved, would the method be too extreme?

Seeing to see Rong Shu's thoughts, Assistant Zhang said with reflective glasses, "Miss Rong, don't worry, some people are born bad, if you only teach them a little lesson, they won't have a long memory, it will only make them feel bad. Only then will they know the mistake, not to mention that these two people can do such a thing for a little money, which shows that they are not good people themselves, they will attack you Miss Rong, and they will attack other girls."

"I know, it's just... that's it, that's it, you're right, only if you make them completely afraid, they won't dare to do it again, it's because I'm too small." Rong Shu rubbed her brows and said.

Afterwards, she thought of something and asked again, "But if you cut off their arms and legs privately, it is lynching, which is against the law, and if you dare to send people over directly, you are not afraid..."

"Don't worry, Miss Rong. , It's alright, Mr. Fu has already made arrangements, and the police station also knows that we used lynching, but they don't know, didn't you find out?" Assistant Zhang looked at her with a smile.

Rong Shu was stunned for a moment, then recalled the situation in the interrogation room just now, and found that the three police officers sitting in the interrogation position did not have much reaction to the injuries of the two people, and they were not curious about why they were injured.

This shows the problem here.

Thinking about it, Rong Shu gave Assistant Zhang a thumbs up, "You guys are amazing, you can actually intervene at the police side."

"Miss Rong is too famous, these are all Mr. Fu's connections. If you want to praise, just praise Mr. Fu. Right." Assistant Zhang said, pushing his glasses.

He said good things to President Fu.

Mr. Fu should be able to return his bonus to him, right?

"Oh, that's right, Miss Rong." Assistant Zhang looked at Rong Shu, "Have you handed in the recording?"

"Not yet." Rong Shu took the phone out of the bag.

He didn't mention it, she forgot.

"Then let me take it. I have to tell the police something. After all, your recording channel is irregular, so it is difficult to constitute legal effect." Assistant Zhang said.

Only then did Rong Shu understand that there was indeed such a statement in the law.

If the recording is secretly recorded by calculation, it is indeed difficult to constitute legal effect.

When she asked Li Zhaodi to record, she didn't think of this at all. Fortunately, Assistant Zhang reminded her now, and it seemed that she could still operate in a dark box to make the recording have legal effect, otherwise she would have done it in vain.

"Here!" Rong Shu hurriedly handed over the phone.

After Assistant Zhang took it, he went to the interrogation room.

Rong Shu didn't go, just waited here.

After waiting for about ten minutes, Assistant Zhang came back and returned the phone to Rong Shu.

Rong Shu put it into the bag, "Are you all right?"

"Okay." Assistant Zhang nodded.

Rong Shu breathed a sigh of relief, "Then I'm relieved, thank you."

"You're welcome." Assistant Zhang waved his hand.

After that, Rong Shu was waiting for the results of the police interrogation.

Almost an hour later, the door of the interrogation room opened, and three police officers came out. The leading police officer said to the information desk with a serious expression, "Notify me, let a team set out and go to Gu's house to conduct an interview with Gu Manyin. Arrest!"

Hearing this, Rong Shu instantly stood up from the row of chairs excitedly.

The arrest warrant was issued, which meant that the police had recognized Gu Manyin's crime.

This time, Gu Manyin is really going to jail!

Rong Shu held both hands together, trembling with joy.

Assistant Zhang was also happy for her when she saw it. "Congratulations to you, Miss Rong."

Rong Shu shook her head, "Thank you, but I know that this is all due to you and Fu Jingting.

"Contact the police.

There was no way she could do this.

So she knew very well that she should thank Fu Jingting.

As for how to thank...

She already had an idea in her mind.

Rong Shu took out her mobile phone and dialed Lu Qi's number, "Hello, Ah Qi..."

At the same time, inside an appraisal agency in Haishi.

Gu Manqing sat on a chair outside the appraisal room and was anxiously waiting for the appraisal result.

Suddenly, the door of the appraisal room opened, and a man in a white coat came out with an appraisal sheet in his hand.

Seeing this, Gu Manqing immediately stood up, then grabbed the identification sheet from the man's hand and opened it.

It's just that she can't understand the English and the professional terms.

There was no way, she could only ask eagerly, "How is it? Are they mother and daughter?"

"Yes." The man nodded, "The blood relationship is 99%, it's a mother-daughter relationship."

Boom!

Gu Manqing only felt that a thunderstorm exploded in her head, which made her ears buzz, her body swayed, and she took two steps back before she could barely stabilize her figure.

"It's a mother-daughter relationship, but it's really a mother-daughter relationship..." Gu Manqing murmured with blank eyes, and slowly tightened the hand holding the identification sheet, grabbing the identification sheet into one piece.

Although she had long been sure that Miss Rong was the real Gu Manqing.

But when the paternity test result came out, she was still shocked and couldn't accept it.

Because before the paternity test results came out, she could still lie to herself.

But now that the paternity test results came out, the fact became a foregone conclusion, she couldn't lie to herself, Miss Rong was no longer Gu Manqing.

“Miss, are you alright?” The man asked with concern at Gu Manqing, whose body was trembling and emotional.

Gu Manqing stiffened her neck and shook her head, “I’m fine, I... I’ll go first!”

She needs to calm down and think about how to deal with this matter.

In short, it was impossible for her to tell her mother and Miss Rong. On the contrary, she had to find a way to hide it so that her mother and Miss Rong would not find out that they were mother and daughter!

Chapter 356

As for how to hide it...

Gu Manqing bit her lip.

She discovered Miss Rong’s identity because she accidentally saw the red mole on Miss Rong’s wrist.

If you destroy the red mole, you can hide Miss Rong’s identity well, right?

Thinking about it, Gu Manqing squeezed the palm of her hand, and she had already made a decision in her heart.

At this moment, the phone rang.

Gu Manqing took a deep breath, suppressed the messy emotions in her heart, calmed herself down, and took out her phone to look at it.

Seeing that Mrs. Gu was calling, she quickly answered, “Hello, Mom.”

“Manqing, come back soon.” Mrs. Gu’s anxious voice came from the phone.

Gu Manqing sat up straight, “Mom, what’s the matter? Did something happen?”

“Just now, a few police officers came to the house and took Manyin away woo woo...” Madam Gu was really crying now, “How is it possible that Manyin violated the law during the probation period? Manyin has been by our side during this period of time. She did nothing, so how could she break the law? Those police officers must be framing Manyin!”

Listen ! At this point, Gu Manqing rolled her eyes.

Framed?

She, who has not read many books, knows that the police will not frame citizens.

How can a mother who has received a higher education appear so ignorant?

But that's not important, what's important is that Gu Manyin was actually taken away by the police.

It seems that Miss Rong did it. Miss Rong asked her to collect Gu Manyin's recordings in order to send Gu Manyin to prison.

I didn't expect Miss Rong to be so efficient, and it took only half a day to get Gu Manyin in.

Gu Manqing couldn't hide her excitement, but comforted her mother, "Mom, don't worry, maybe the police made a mistake and asked my sister to cooperate with the investigation, and she'll be back in a while."

"What are you cooperating with the investigation? An arrest warrant has been issued." Madam Gu cried sadly.

She doesn't understand the police system, but she also knows that issuing an arrest warrant means not an investigation, but a detention.

In other words, the manga won't come back.

"This... It seems that the situation is a little serious." Gu Manqing pretended to be in trouble, but in fact, she was not overjoyed.

Mrs. Gu's voice was choked, "Manqing, what should we do now?"

Gu Manqing lowered her eyelids.

What else can I do, accept the reality.

You can't think of a way to save Gu Manyin, can you?

Although I know that my mother really means this, but she doesn't want to save!

But thinking this way, she couldn't say that. Gu Manqing closed her eyes, and she suppressed the gloom in her eyes and replied, "I don't know, it's better to let my father come over this matter."

"No, you can't let your father come. ." As if stimulated, Madam Gu quickly rejected the proposal, her voice sharp.

Gu Manqing's eyes flashed a gleam of light, and the corners of his mouth twitched, pretending to be puzzled, "Why?"

"Because your father said last time that if Manyin breaks the law again during his probation period, he won't care anymore. Manyin, it's just like there is no such daughter as Manyin. Last time, because of Manyin, Sansheng Group almost went bankrupt. Now Sansheng Group has finally stabilized. When there is turmoil, then..."

"How about then?" The curvature of Gu Manqing's mouth became more intense.

Mrs. Gu sobbed twice, "At that time, your father's prestige in the group will be completely gone, and the shares in his hand will be diluted due to financing. At that time, Sansheng Group will not be our Gu family's."

So that's the case, then it seems that I really can't tell Dad." Gu Manqing nodded and pretended to understand.

In fact, she had long known that her father would not care about Gu Manyin this time. She overheard her father's conversation by chance last time, so she assured her mother to tell her father.

Because she knew that her mother would not tell her father, and even if she did, her father would not save her, and the result was the same.

The reason why she said that is nothing more than kicking the ball. If she kicked the ball to her father, her mother would not grab her and let her find a way.

"Love..." Madam Gu wanted to say something else.

Gu Manqing interrupted her immediately, "Mom, don't worry, I'll come back later if you have anything to say. I'm on the road now, and I'm a little dizzy.

"Son." Madam Gu heard that Gu Manqing was uncomfortable, and immediately swallowed what she was about to say.

Gu Manqing hummed, hung up the phone, and lowered her eyelids, wondering what she was thinking.

police station.

Not long after Rong Shu hung up Lu Qi's call, she heard several footsteps behind her.

Looking back, I happened to see a scene where several police officers grabbed Gu Manyin and came in.

Oh wow!

Rong Shu smiled, his eyes fixed on Gu Manyin.

Gu Manyin was sitting in a wheelchair with her head lowered, unable to see the expression on her face.

So Rong Shu didn't know if she was scared or flustered at the moment.

This made Rong Shu feel a little regretful.

As if feeling Rong Shu's eyes, Gu Manyin raised her head and met Rong Shu's gaze, without any waves in her eyes.

In the same way, Gu Manyin's face was neither afraid nor panic, not even hatred or anger, instead it was calm.

Calm doesn't look like someone who knows he's going to jail.

Rong Shu couldn't help frowning at this abnormality.

Even Assistant Zhang beside her raised her eyebrows.

Soon, Gu Manyin was taken away and brought into the interrogation room.

During this period, Rong Shu didn't say a word except for making eye contact with her.

As if they were just two people who didn't know each other, not enemies.

"There's something wrong with her!" Suddenly, Assistant Zhang's voice sounded beside him.

Rong Shu nodded, "It's very wrong, it's not like Gu Manyin's reaction."

In her opinion, Gu Manyin's character, when she saw her, would only like to rush up to tear her apart, and Not so quiet.

"How about I check why she is like this?" Assistant Zhang looked at Rong Shu.

Rong Shu waved her hand, "No, why is she doing this, I'm not interested, I just need to know that she will go to jail, okay, I'll go back first, Assistant Zhang, go back too."

"Okay." Assistant Zhang Nod.

Rong Shu walked out of the police station.

Next is the matter of the police station, and it is useless for her to stay here.

Better to go back and wait for the results.

After walking out of the police station, Rong Shu stopped the car and returned to Tiancheng.

As soon as I arrived in Tiancheng, I met Lu Qi who was driving over.

Lu Qi held a bag in his hand, "Baby."

Rong Shu smiled at him, "Did you bring something?"

"Bring it, but why do you want this?" Lu Qi handed the bag to her.

As Rong Shu walked towards Tiancheng's gate, she replied, "Give it back to Fu Jingting."

"What?" Lu Qi was stunned, and his voice rose high, "You want to return the blue heart to Fu Jingting?"

"Well." Rong Shu nodded.

Lu Qi stopped her and said, "No, what are you doing for Fu Jingting? You had to pick it up at the beginning, and now you have to return it, so why did you pick it up in the first place?"

"Heart, just because I wanted to teach Gu Manyin a lesson, Gu Manyin deliberately slandered me for bumping into her six years ago, so I wanted to take away the blue heart, so that not only could Gu Manyin not get the blue heart, but also the engagement ceremony. It can't go on, but it's different now."

"What's the difference?" Lu Qi frowned.

Rong Shu looked at him, "Gu Manyin is about to go to jail, it was Fu Jingting who helped out, I want to repay this favor!"

But even if she paid back this favor, she still owed Fu Jingting a few favors.

But if you can pay it back, pay it back first.

Chapter 357 Gu Yaotian was attacked by the group

“What? Gu Manyin is going to jail?” When Lu Qi heard this, he immediately put Zhan Lan’s heart behind him.

In his heart, nothing was more important than the news that Gu Manyin was imprisoned, not even the blue heart worth hundreds of millions.

“Hurry up, baby, what did Gu Manyin do to break the law?” Lu Qi looked at Rong Shu and asked excitedly.

Rong Shu’s expression turned cold, “It wasn’t now, it was in the past. On the night of your birthday, she asked the waiter in the clubhouse to give me medicine.”

“Damn, something like this happened that night!” Lu Qi’s expression turned pale. He sank and patted his thigh angrily.

Then he thought of something, and his expression became complicated, “Darling, did you take medicine that night to be with other men..”

“Almost.” Rong Shu shrugged.

However, she felt that even if there was no Chinese medicine, she would have a relationship with Fu Jingting when she was drunk.

“That woman is really a sin and deserves death!” Lu Qi clenched his fists and gritted his teeth angrily.

Rong Shu rubbed her brows, “Okay, no matter what, the evidence that night has been collected with the help of Fu Jingting, and now Gu Manyin has been arrested, I believe that it will not be long before Gu Manyin will be officially arrested. I’m in prison, so are you still preventing me from returning this to Fu Jingting?”

Lu Qi pouted and said nothing.

Rong Shu chuckled, “Actually, it’s better to give it back to him. In this case, I will have no Fu Jingting’s belongings here at all.”

Hearing what she said, Lu Qi’s eyes lit up, and the last bit of unwillingness in his heart was completely gone. Disappeared.

Yes, returning Fu Jingting’s things means that the baby and Fu Jingting are also clean.

Thinking of this, Lu Qi was happy.

Seeing this, Rong Shu moved his arm, “You still don’t let go?”

“Hey, let go now.” Lu Qi released his hand.

Rong Shu continued to walk towards the elevator.

Lu Qi followed behind her.

On the other side, the hospital.

Assistant Zhang returned to Fu Jingting's ward and reported everything that happened at the police station to Fu Jingting.

Hearing Assistant Zhang say that Rong Shu complimented herself, although the expression on Fu Jingting's face did not change much, there was undisguised joy in his eyes.

Assistant Zhang rolled his eyes.

Is this happy?

It's too easy to satisfy!

Although he thought so, Assistant Zhang couldn't say that.

He rubbed his hands and smiled at Fu Jingting, "Mr. Fu, what is it? I told Miss Rong good things, and Miss Rong praised you. Do you want my bonus..."

How does Fu Jingting listen? Not understanding his suggestion, he waved his hand impatiently.

Assistant Zhang immediately smiled brightly, "Thank you, Mr. Fu!"

Fu Jingting pursed his lips, "Okay, there is something you need to do."

"What is it, Mr. Fu, I'm bound to do it!" Assistant Zhang straightened his back.

Fu Jingting narrowed his eyes and said, "Go to the media and tell them the news that Gu Manyin was arrested again for breaking the law."

Assistant Zhang raised his eyebrows, "Mr. Fu, do you want to deal with Gu Yaotian?"

Gu Manyin is already at the police station, Mr. Fu naturally couldn't deal with her anymore.

Gu Yaotian was the only one who wanted to deal with it.

Fu Jingting raised his chin slightly, "Using public opinion to cause turmoil in Sansheng, completely destroys Gu Yaotian's prestige in Sansheng, and at the same time allows Weixin to come forward and buy Gu Yaotian's shares."

“I see, I will contact the media now. .” With that, Assistant Zhang took out his phone.

Soon, the news of Gu Manyin breaking the law again during his probation period was launched on major platforms and a, and directly on the hot search list of major lists.

For a while, the online situation resurfaced.

After all, it had only been a long time since Gu Manyin was sentenced to probation before Gu Manyin broke the law again.

How can netizens not be fierce.

Sansheng Group, Gu Yaotian is in a meeting to start a new project.

More than half of the people who originally agreed, who knew that a shareholder suddenly stood up and pointed at Gu Yaotian angrily, “Gu Yaotian, please give us an explanation about the Internet!

“

Gu Yaotian, including other shareholders, looked at that shareholder.

Gu Manyin asked, “Director Wang, what’s going on online?”

Other shareholders were also curious, “Yeah, Director Wang, what are you talking about?”

“You can see it online now, the youngest daughter of our chairman, and You were caught in the police station for a crime, Chairman, you are really educated!” Wang Dong looked at Gu Yaotian and sneered angrily.

“What? Man Yin was arrested in the police station?” Gu Yaotian’s face changed greatly, “This is impossible! Man Yin is still on probation, why...”

“Chairman, what Dong Wang said is true, and I saw it too. “Before he finished speaking, another director pointed to the computer in front of him with an ugly face.

Soon, other shareholders also said it was true one after another.

Seeing that these shareholders all said that Gu Manyin was arrested and taken to the police station, Gu Yaotian only felt chills all over his body.

He quickly dropped the teaching stick in his hand, returned to his seat from the big screen, and checked the computer.

Seeing the words 'Gu Manyin was arrested again' on the hot search, Gu Yaotian's eyes went dark and he almost fainted.

Fortunately, there was a chair behind him, and he caught him firmly so that he didn't really fall down.

He held the mouse tightly, his expression changed and changed, either ferocious or twisted, his body was shaking with anger, and three words were squeezed out of the gap between his teeth, "Gu, Man, Yin!"

He only warned her last time, let her stay at home well and peacefully, and don't go out to do things again.

She didn't expect it to be long before she went in again.

Does she want to bring down the Gu family and Sansheng so that she is willing?

boom!

Gu Yaotian's chest rose and fell violently, and he punched the table with a punch. He wished he would rush to the police station and tear up that bad girl!

Wang Dong looked at Gu Yaotian coldly, "Gu Yaotian, your daughter almost bankrupted Sansheng last time, you begged us hard, let us not withdraw shares, I believe you will save Sansheng back, look at everyone together After working together for so many years, we finally chose to trust you, chose to give you a chance, did not hold a general meeting of shareholders, and jointly removed your chairman position. Fortunately, in the end, you did live up to expectations and saved Sansheng from the brink. When I came back, I thought that from now on, you would lead Sansheng well and lead us down the road, but what happened?"

Wang Dong kicked his chair, "Is that how you lead?"

"Yes, chairman. , please give us an explanation." The other directors also looked at Gu Yaotian angrily.

Facing the anger of the crowd, Gu Yaotian was angry, but he did not dare to express it.

Although he is the chairman of the board and the person who holds the most shares in Sansheng, his prestige among these people was almost lost as early as the last time.

Therefore, his status as chairman cannot suppress them at all.

If he really presses them, they will definitely join forces to deal with him, and he can't fight alone.

Thinking of this, Gu Yaotian took a deep breath, and said with a hint of comfort and ingratiating, "Everyone, calm down first, maybe this matter is not as bad as we thought."

"Not as bad as we thought?" Wang Dong sneered, "Gu Yaotian, are you dreaming? Haven't you seen what's going on online? We're already boycotting our Sansheng. Now Sansheng's stock market must have plummeted. Are you responsible for this loss?"

"..." Gu Yaotian opened his mouth and was speechless.

Of course I can't afford it.

He has run out of money to cover losses in the stock market.

Seeing that Gu Yaotian couldn't answer, Wang Dong snorted, "Okay, I won't say much else. I propose to hold a general meeting of shareholders at nine o'clock tomorrow morning to re-elect a new group leader."

"What?" Gu Yaotian's pupils shrinking, he looked at Wang Dong in shock.

#### Chapter 358 Gu Yaotian's Decision

How does this work!

Gu Yaotian was the first to object, "Wang Dong, you can't do this!"

"Why can't I do this?" Wang Dong looked at him indifferently, the sarcasm in his eyes undisguised.

Gu Yaotian's face turned red, "Because I am the chairman of the board, and the largest shareholder of Sansheng, you want to hold a board of directors and kick me out as chairman. This is unreasonable!"

"It's not unreasonable, the chairman of a group. It may not be the largest shareholder, and the largest shareholder may not be the chairman, it is not a conflict." Wang Dong said.

The other directors also nodded.

"That's right, Chairman, you can give up your position and let someone who has the ability take over. Isn't it good to be the largest idle shareholder?"

"That is, Chairman, you can't even manage your own house, so what else can you talk about? In the management of Sansheng, in the past few months, you have made Sansheng a mess and made us shareholders lose a lot of interests. Last time, we forgive you because you founded Sansheng, and let you continue to be the chairman of the board. This time, we can't forgive anything we say."

“Did you hear Gu Yaotian, everyone disagrees with you as chairman, so this shareholders meeting must be held, in short, this time, you have to abdicate if you don’t abdicate, otherwise we will. If you withdraw your shares, you can directly bankrupt Sansheng, anyway, that’s how Sansheng is in your hands.”

After speaking, Wang Dong packed up the things in front of him, and walked out of the conference room without looking at Gu Yaotian.

Other shareholders have followed suit.

Soon, only Gu Yaotian was left in the huge conference room.

Gu Yaotian sat on the chair with a cold body, staring blankly at the computer in front of him, not understanding how things could be like this.

It is clear that the Sansheng Group has stabilized, but now something has happened.

Not only that, his position as chairman will also be pried off...

At this time, the door of the conference room was knocked.

Immediately afterwards, the door opened, the assistant walked in, and said eagerly, “Mr. Gu is not good, there is a lot of media downstairs, and they want to interview you. I want to know about your second miss breaking the law and entering the police station again. What’s your opinion?”

“View?” Gu Yaotian sneered with scarlet eyes, “They don’t want to know my opinion, but to gain my popularity!” As

soon as he finished speaking, his phone rang.

Gu Yaotian took a deep breath, temporarily suppressed the anger in his heart, took out his mobile phone, and when he saw that it was his opponent calling, he hung up directly.

Because he didn’t need to answer, he knew what his opponent was trying to do with this call, and he must have wanted to laugh at him.

It was like that last time.

The last time Gu Manyin was arrested for harming others, this opponent called him and made a joke on him, and his face was completely disgraced.

However, even if Gu Yaotian didn’t answer the phone, his opponent didn’t intend to let him go, and sent him a text message, Brother Gu, your Gu family’s family style and genes really make me feel inferior, a family of criminals, tsk tsk, your daughter Now that

I'm in, I want to know when you're going in, too. The thing about you killing Rong Hao six years ago...

Whoa!

Gu Yaotian didn't finish reading it, and swept all the things on the table in the conference room to the ground to vent his anger.

Seeing this, the assistant quickly stepped back so as not to cause trouble.

Gu Yaotian gasped for breath, his eyes darkened.

How did this person know that he killed Rong Hao six years ago?

It was obvious that he had done so secretly about this matter, let alone the outside world. Those who came close to him didn't even know about it.

But this person insisted that he killed Rong Hao, and it seemed that he knew something.

But even if you know what, there is no evidence!

Otherwise, this person would have taken it out to deal with him long ago. After all, they are the enemies of the business world.

Thinking of this, Gu Yaotian is no longer worried, he closed his eyes, and said coldly, "Get ready, go to the police station!"

He wanted to know what Gu Manyin had done this time, and whether he could save him.

If it can be rescued, it means that the problem is not big, and Sansheng can also resume the business.

If you can't save...

Gu Yaotian's eyes flashed a hint of determination, and he clenched his fists.

If it can't be saved, don't blame him for being cruel!

...

the night falls.

Rong Shu turned off the computer after watching the uproaring news on the Internet, ready to go back to her room to sleep.

Suddenly, the doorbell rang.

She frowned her beautiful brows, walked towards the entrance, turned on the view, and prepared to see who was outside.

As a result, as soon as he put his eyes on it, an enlarged cute face appeared on the visual screen, "Auntie!"

It's Doudou!

So, Cheng Huai is here too?

Rong Shu turned off the visibility and opened the door.

Outside the door, Cheng Huai stood there holding Doudou, smiling to her, "Rong Shu, good evening."

He knew that with Doudou, she would definitely open the door.

If he was alone, she would definitely ignore him.

"Auntie, hug!" Doudou stretched out his hand towards Rong Shu, asking Rong Shu to hug.

Seeing that he was so cute, Rong Shu naturally had no reason to refuse, and was just about to reach out and take Doudou over.

As a result, Cheng Huai pressed Doudou's hand down, "Don't make trouble, your aunt..."

Feeling Rong Shu's sharp eyes, Cheng Huai's throat choked, and he quickly changed his words, "Auntie Rong is not in good health, so I can't hold you."

"Auntie is not feeling well?" Doudou tilted her head and looked at Rong Shu.

Rong Shu touched his head and smiled softly, "It's a little bit, but it's okay."

Now her stomach is not as uncomfortable as it was at the beginning.

"Since Auntie is not feeling well, then I won't let Auntie hug me." Doudou said obediently.

Rong Shu was melted by his cuteness, and couldn't help but gently scratched his itch.

Doudou hurriedly put his arms around Cheng Huai's neck and giggled.

Perhaps because Doudou made her feel better, Rong Shu's attitude towards Cheng Huai was not as indifferent as it was two days ago.

She retracted her hand and looked at Cheng Huai, "It's so late, you brought Doudou over to find me, what's the matter?"

"That... it's actually nothing, it's Doudou who is clamoring for you, I'm not Can't beat it, so I brought Doudou here, and I also want to keep Doudou with you for two days." Cheng Huai looked at her expectantly.

Rong Shu raised her eyebrows, "Put it with me?"

"Yes." Cheng Huai's expression became serious, "Something happened to the Cheng family recently, my parents have gone to the capital for a meeting, and my elder brother and sister-in-law can't come back from the army. , and I'm going to Jiangcheng, so Doudou has no one to take care of."

"Wait a minute, how come no one takes care of the Cheng family's servant and nanny?" Rong Shu stared at him, trying to see if he was lying.

Cheng Huai felt guilty when she saw it, and almost couldn't help revealing his secrets.

Fortunately, he was strong enough to keep calm and replied, "The housekeeper went back to his hometown to see his grandson. There is indeed a nanny servant at home, but I just let the nanny servant look at Doudou, and I don't feel relieved. After all, now the nanny servant is There is not a lot of news about beating children."

"That's true." Rong Shu nodded.

She did read a lot of this kind of news.

Even she herself experienced it as a child.

Her mother died when she was three years old.

When she was four years old, her father married her stepmother. When her stepmother was not pregnant, she was not bad, not close, but not bullying. But when she was four and a half years old, her stepmother became pregnant, and then her stepmother changed. Personally, I was gentle and considerate with her in front of my father, and as soon as my father left, he started to treat her.

Even the servants at home watched the dishes and helped her stepmother to bully her together. It was not until the servants bullied her at the back and her father watched her that she ended the nightmarish days.

Chapter 359 Sever the relationship between father and daughter

“Rong Shu, what are you thinking?” Seeing Rong Shu suddenly in a daze, Cheng Huai put his hand in front of her and waved.

Rong Shu’s eyes flashed slightly, and she replied indifferently, “Nothing.”

“That Doudou…”

Rong Shu bit her lips, as if thinking.

Seeing this, Cheng Huai secretly gave Doudou a wink, and hurry up, it’s up to you whether you can stay or not. I have tried my best for your uncle.

Doudou rolled his eyes, stupid uncle, you brought me here, what to say about a conflict with aunt, aunt ignored you, let me come over and be an old man, let aunt forgive you, why do you put everything away now I push myself, I’m still a baby.

Cheng Huai pouted and stopped talking nonsense, hurry up, do you still want her to be your aunt? If you want, hurry up and be cute and let her stay with you, so that you can say good things to my uncle and me.

Doudou couldn’t do anything, he sighed like a little adult, then changed his quiet look, pulled Rong Shu’s sleeve, and looked at Rong Shu pitifully, “Auntie, just keep Doudou, Doudou doesn’t want to be alone. At home, please auntie.”

He blinked his big eyes twice, looking like he was about to cry.

“Rong Shu, please.” Cheng Huai quickly agreed.

Rong Shu looked at him and then at Doudou, who was full of tears. In the end, she softened her heart. She reached out to wipe away Doudou’s tears and nodded, “Alright then, I’ll take care of Doudou for you in the next two days.”

“Great, I can finally live with my aunt.” Doudou smiled happily.

“Thank you Rong Shu.” Cheng Huai bowed with a look of gratitude, but in fact, he was not too excited.

Good boy, as expected of you, the cutest cub of our Cheng family!

Got it as soon as it started.

Cheng Huai put Doudou down, squatted down and touched Doudou's instructions, "Doudou, be good for the past two days, listen to your aunt, don't be naughty, you know?"

Boy, remember your task, ease your aunt My relationship with your uncle.

That's the real purpose of bringing you here.

Doudou nodded obediently, "I know uncle, I won't be naughty." Don't

worry uncle, I will make my aunt forgive you, don't forget my collector's edition Transformers.

"That's good, that uncle, I can rest assured." Cheng Huai patted his head.

I won't forget, don't keep reminding me.

Cheng Huai stood up and looked at Rong Shu, "Then Doudou will be handed over to you."

Rong Shu didn't know the eye contact between the two uncles and nephews just now, and nodded slightly, "Okay."

"Then I'll go first . Goodbye." Cheng Huai said again.

"Walk slowly." Rong Shu replied.

Cheng Huai smiled bitterly.

She really wanted him to leave quickly, and she didn't even ask him to drink a cup of tea.

Yet this is not the most desperate.

The most desperate is that Doudou is also waving, "Goodbye uncle!"

Cheng Huai's mouth twitched, and he glared at the boy secretly.

Little devil, I really have no eyesight. Your aunt won't let me have a cup of tea. You can pretend to cry and say that you can't bear me.

Maybe I can stay a while longer.

Doudou, who saw Cheng Huai's thoughts, made a face directly at him, and Cheng Huai's face was deformed in anger.

Stinky boy, what a pain in the ass!

Cheng Huai sighed, turned and walked towards the elevator.

After his figure disappeared at the elevator entrance, Rong Shu took Doudou into the house.

The next day, Rong Shu was woken up by a phone call.

The call was from Lu Qi, "Baby, look online, Gu Yaotian is holding a press conference."

"The press conference?" Rong Shu sat up from the bed, "What is the press conference?"

"I don't know, but it should be with Gu Manyin is related, after all, the incident of Gu Manyin being arrested again in the police station yesterday caused such a big commotion, and Sansheng Group has been seriously affected, so it is impossible for him not to show up." Lu Qi said.

Rong Shu nodded slightly, "I see, I'll take a look first."

After she finished speaking, she put down her phone, lifted the quilt, and got out of the room, ready to go to the study.

But before going to the study, she went to another room and quietly opened the door to see if the little guy was awake.

Seeing the little guy lying on the bed and sleeping soundly, Rong Shu smiled, closed the door, and then went to the study to turn on the computer.

She clicked on the official website of Sansheng Group and saw Gu Yaotian's press conference.

It had been a while since the press conference started. At this time, Gu Yaotian was answering the media's question about Gu Manyin's re-entry to prison.

Rong Shu looked at it seriously, wanting to hear Gu Yaotian's answer.

However, Gu Yaotian's answer was quite satisfactory, and there was nothing explosive about it.

The media wanted to hear the best answers, but Gu Yaotian gave such an answer, which made them very dissatisfied.

So another reporter stood up and asked, "Mr. Gu, will you find a way to get your daughter out?"

This question can be said to be very sharp.

Some media wanted to ask before, but they were afraid of being criticized by the authorities after asking.

After all, asking a capital in public if it can get the suspect out, isn't that just causing a cyber war?

You must know that the most sensitive thing for netizens is that capital does whatever they want, so these media endured and did not ask.

Unexpectedly, this stunned reporter would actually ask such a question, which surprised them and made them feel a little envious at the same time.

hospital, ward.

The injury on Fu Jingting's back has been stabilized, and he was transferred from the intensive ward to the general ward.

At this time, he was also watching the press conference.

Seeing the reporter's question, his brows furrowed.

Assistant Zhang next to him said, "This reporter is probably a newcomer, otherwise he wouldn't ask this."

"It doesn't matter, I also want to hear Gu Yaotian's answer." Fu Jingting narrowed his eyes and said lightly.

Although the question is sharp, the answer is not easy to answer.

If Gu Yaotian said no, the Internet might support him, but the people in the mall would not.

After all, if a close relative can give up, there is no guarantee that they will not betray them at any time. So Gu Yaotian will have a harder time in the mall in the future.

If Gu Yaotian says to save, then Gu Yaotian will not only be blocked by the whole network, but even taken away by the official.

So Gu Yaotian's answer is very interesting, will he say save or not.

Not only Fu Jingting wanted to know this answer, but also the media at the press conference, the audience watching the press conference, and Rong Shu.

Because this question is equivalent to forcing Gu Yaotian to the edge of the cliff, no matter how Gu Yaotian answers, it will not end well.

Gu Yaotian also knew this. After glancing coldly at the reporter who asked the question, he took a deep breath and said to the camera, "As for this question, my answer is, no help!

" People are surprised.

Because everyone knows that he has the highest chance of choosing not to save. Although he may not get along very well in the business world, the whole network supports him, so it is most likely that he chooses not to save.

"At the same time..." At this time, Gu Yaotian spoke again.

Everyone quickly looked at him.

The reporter who asked the question before asked, "President Gu, at the same time?"

Gu Yaotian looked at him, "At the same time, I announce that from now on, I will sever the father-daughter relationship with Gu Manyin, and Gu Manyin will no longer be part of my Gu family. !"

"What?" Everyone was shocked.

Rong Shu and Fu Jingting were also stunned.

Gu Yaotian actually cut off the father-daughter relationship with Gu Manyin!

But soon Rong Shu figured it out and calmed down.

Gu Yaotian's decision was actually the most appropriate at this juncture.

First of all, Gu Manyin is not his biological daughter, and it is understandable that Gu Manyin has involved Sansheng like this.

### Chapter 360 Gu Manyin's Collapse

Secondly, after he cut off the relationship, he announced Gu Manyin's true identity. In this case, the outside world would no longer question him if he cut off the father-daughter relationship. They would only exaggerate his righteousness. After all, a wild child was regarded as his biological daughter. Raised to such a big age, but this adopted daughter in turn harmed him and Sansheng Group like this, even if he cut off the relationship, the outside world would only stand by his side and sympathize with him.

Even the business world will not exclude him, because being able to raise a wild child to such a big age is enough to prove his love and righteousness, and he decided to have a relationship because the adopted daughter was too much, and he was forced to do so, and even because he pitied him, Actively cooperate with him.

So, let's see Gu Yaotian now, will he reveal Gu Manyin's true identity?

Rong Shu narrowed her eyes and stared at Gu Yaotian in the video.

She found that she still underestimated Gu Yaotian.

Every time she thought that was the case with Gu Yaotian, who knows the next moment, Gu Yaotian took out his magic weapon to get through the difficulties.

Sure enough, she was still too young to fight with such an old fox, the means were not enough!

After all, he has lived decades longer than her, and he has more means than her.

In the hospital, Fu Jingting frowned and looked at Gu Yaotian, but did not speak.

Assistant Zhang on the side exclaimed, "No, he is cutting off relations with Gu Manyin at this time, his brain is sick, he killed his relatives righteously, and people on the Internet will praise him and think he has done a good job, but at this time he said cut off Netizens must be very disgusted with the relationship. After all, in the eyes of netizens, Gu Manyin is his daughter no matter how wrong he is. It is too ruthless to cut off the relationship when his daughter enters, and netizens will also support him. He becomes unsupportive, and the business world will not accept him even more, is he crazy?"

"No, he is not crazy, look at his appearance, very calm, very calm, this is the performance of a person who is confident in solving difficulties, and Gu Yaotian, an old man, can't possibly think of what you said, but he did it anyway, so there must be something we don't know, and that thing can make him successfully whitewash." Fu Jingting sipped. said thin lips.

Assistant Zhang's eyes widened, "You mean, he has a hole card?"

Fu Jingting raised his chin, noncommittal, "Let's see, these reporters will help us solve our puzzles."

Sure enough, after the reporters at the scene recovered from their shock, a new wave of sharp questions hit Gu Yaotian again.

"President Gu, do you really want to cut ties with your daughter?"

"Yes!" Gu Yaotian replied.

The reporter asked again, "Don't you think it's too inappropriate and too ruthless for you to cut off the relationship at this time?"

"Yes, she is your daughter after all, no matter how much wrong you have done, you are at this juncture. It is too cold-blooded to cut off the relationship, do you not want to be implicated, so you chose to do this?"

Gu Yaotian looked at the reporters, clenched the microphone and said in a deep voice, "I admit, I shouldn't have announced my relationship with Gu Manyin at this juncture. Cut off the relationship, but I don't feel that I am indifferent. On the contrary, I feel that I am very worthy of her. For raising her to such a big age, I do not ask her to repay me, but at least, she will not harm me, Gu Jia and Sansheng. In this way, I believe everyone sees the situation of Sansheng, and for Sansheng to continue to develop, I can only announce that I will cut off the relationship, because she is not my biological daughter!"

As soon as this statement came out, the audience was full of people. shock.

Assistant Zhang sucked in a breath, "Gu Manyin is not Gu Yaotian's biological daughter!"

Fu Jingting's eyes were obviously surprised, but they disappeared soon.

Yes, he had neglected a very important point before, and that was the age of Gu Manyin and Gu Manqing.

Gu Manqing should be twenty-six years old this year, and Gu Manyin is also twenty-six.

If these two people are the same mother, it is absolutely impossible for them to be the same age, because Mrs. Gu has never given birth to twins.

Gu Manyin appeared in Gu's house one year after Gu Manqing's 'death'. Gu Yaotian said to the outside world that Mrs. Gu was born, because within a year, everyone didn't think much about it.

But Gu Manyin's age was not calculated from the time he appeared in the Gu family, because the outside world would not pay too much attention to the age of those young ladies, so this was ignored by many people.

That's why many people didn't realize that there was anything wrong with Gu Manyin's identity.

In Repulse Bay, Rong Shu was not surprised when Gu Yaotian announced Gu Manyin's identity.

She had just guessed it.

Because if Gu Yaotian wants to escape, he can only do this.

In the Gu family villa, Mrs. Gu and Gu Manqing also heard Gu Yaotian's words.

Madam Gu covered her face and cried.

On the other hand, Gu Manqing trembled with excitement.

Gu Manyin is not the biological daughter of her parents, and now her father has cut off the father-daughter relationship with Gu Manyin.

That is to say, even if Gu Manyin is released from prison in the future, he will not be able to come back to Gu's house.

The Gu family was hers alone.

Gu Manqing's excited heartbeat kept accelerating. If it wasn't for now, she would want to shout a few times to prove her joy.

Taking a deep breath, Gu Manqing tried her best to suppress the ecstasy in her heart, and looked at Madam Gu with feigned surprise, "Mom, sister...isn't it really yours?"

Madam Gu froze for a moment, then nodded while crying. "Yes." The

corner of Gu Manqing's mouth curled up when she got the answer, and then she hugged Mrs. Gu, "It's okay, I'll be fine. In the future, I'll take my sister's share and honor you and my father."

"Manqing ..." Mrs. Gu buried herself on Gu Manqing's shoulder and cried even louder.

After Yaotian came back last night, he told her to cut off his relationship with Man Yin.

She originally disagreed, but Yaotian said that if she disagreed, she would have to wait for bankruptcy, so she had no choice but to agree.

Believe in Manyin, you can understand, even if Manyin is not a family member in the future, she will take good care of Manyin after Manyin comes out.

jail.

Gu Manyin was also watching the press conference, which was specially approved by the police.

Seeing that Gu Yaotian announced to cut off relations with her, she could not wait to rush out to kill Gu Yaotian.

When she doesn't know, the so-called severing relationship is just trying to get rid of everything from her, and don't want to be implicated by her again.

Sure enough, in this world, there is no long-term relationship, even if it is family love, it can be abandoned at any time.

However, when Gu Yaotian announced that she was not his biological daughter, Gu Manyin was stunned.

If she hadn't been chained and in a wheelchair, she would have stood up.

She is not my father's biological daughter!

It's impossible, it's absolutely impossible!

How could she not be Dad's biological daughter?

Gu Manyin's face was pale, and she shook her head blankly, unwilling to believe this fact.

At the press conference, the reporters asked more sharply.

"President Gu, is what you just said true? Isn't Gu Manyin really your and Mrs. Gu's biological daughter?"

"No."

"Do you have any evidence? Or do you want to distance yourself from Gu Manyin? To protect yourself and Sansheng, did you say that on purpose?"

"I'm not talking nonsense, and I also have evidence, the evidence is here." Gu Yaotian picked up a document from the table, "This is Gu Manyin and our parents and children. Appraisal, and the adoption procedures I adopted for Gu Manyin twenty-five years ago." As

he spoke, he unfolded the document and put it under the camera.

In this way, everyone can see the above content clearly, it is indeed the paternity test and adoption procedures.

However, some people questioned, "Paternity tests and adoption procedures can be faked, so they can't be considered evidence, right?"

## Chapter 361

“Indeed, but mine is genuine evidence. First of all, in the adoption contract, there are certificates issued by the police and the orphanage, as well as the official seal. This must not be faked, otherwise it would be a violation of the law, and I, Gu Yaotian, would not be stupid enough to break the law in public. Right?” Gu Yaotian looked at the group of reporters and said coldly.

The reporters and the audience in the live broadcast room were speechless.

After all, it's true.

If it's fake, Gu Yaotian definitely wouldn't dare to say in public that there are official seals of the police and the orphanage. If the police and the orphanage come out and say they don't have it, wouldn't Gu Yaotian just send himself in.

So Gu Manyin is not Gu Yaotian's biological daughter, is it true?

Immediately afterwards, Gu Yaotian said, “The second is Gu Manyin's blood type, I can apply for a public DNA test with the police!”

Even if he dared to do a paternity test, it seemed that Gu Manyin was indeed not biological.

The reporters hurriedly said, “No, no, Mr. Gu, we believe you.” In the

detention center, Gu Manyin saw that Gu Yaotian was issuing an adoption certificate again, and he was going to have a DNA test, his mind went blank.

At this moment, she could no longer deceive herself, she was the biological child of Gu Yaotian and his wife.

“Ah, ah, ah!” Gu Manyin yelled in a brokenhearted manner, startling the police officers outside, and hurriedly opened the door and came in and asked, “What's wrong with you?”

Gu Manyin ignored the police officers' concerns. She tried to stare at the TV in front of her, and her face kept grim!

why?

Why is she not biological!

Even if it is not his own, why did Gu Yaotian say it, destroying her dignity in public, destroying everything about her!

She is not reconciled, she is not reconciled!

Gu Manyin was trembling all over, crying and laughing, like a neurotic.

The policeman glanced at the TV, Jomo knew why she was like this, looked at her sympathetically, and then closed the door and went out again.

At the press conference, the reporters also sympathized with Gu Yaotian.

After all, it is really pitiful for the adopted daughter to harm the Gu family and Sansheng like this.

Those viewers who were originally dissatisfied with Gu Yaotian's choice to cut off his relationship with his daughter at this time, now have no dissatisfaction at all, and some are just emotional.

If it was his biological daughter, if Gu Yaotian cut off the relationship at this time, they would definitely scold him for being cold-blooded and ruthless, with no affection in his eyes.

But now it has been confirmed that Gu Manyin is not his biological daughter, so the result will naturally be different.

Not her biological daughter. She has been raised to such an age and has given her a wealthy life for more than 20 years. Besides, the Gu family did not give up on her before breaking the law, but only this time, so the Gu family has done a good job and has done their best.

Therefore, Gu Yaotian gave up on Gu Manyin at this time, and everyone could understand.

After all, you are not a biological family, and the family that you raised has become such a huohuo, and you should be thankful that you have not given back everything you have enjoyed, but have just cut off your relationship with you.

In the same way, those bigwigs in the shopping mall who watched the press conference originally saw that Gu Yaotian cut off ties with Gu Manyin, and felt that Gu Yaotian was too cold and unreliable.

But now, they have also changed their minds. Being able to raise an abandoned baby in a welfare home is enough to prove that Gu Yaotian's character is not bad, and those cooperation will not be withdrawn.

In the hospital, Assistant Zhang looked at Fu Jingting, "It turns out that this is Gu Yaotian's trump card, revealing Gu Manyin's identity, pushing Gu Manyin out, and letting Gu's family and Sansheng escape. I have to say, this old fox really has a hand."

Fu Jingting sneered, "He does have a hand in draining Gu Manyin's final value, but in this way, his Gu family and Gu Manyin are completely enemies. With Gu Manyin's twisted character, he will definitely not let it go after he comes out. Go past the Gu family." "Yeah." Assistant Zhang nodded, and then said, "But with Gu Yaotian's cunning, it's impossible not to think of this, maybe he will keep Gu Manyin from getting

out?" Fu Jingting tapped the edge of the bed, "If

That's right, that's a good thing, isn't it?"

Assistant Zhang smiled, "Indeed."

Rong Shu naturally thought of what the two of them could think of.

Her thoughts were the same as Fu Jingting's. If Gu Yaotian was afraid of revenge after Gu Manyin came out, and made Gu Manyin unable to get out of prison, that would be what she really wanted to see.

In this case, she can deal with one less enemy and concentrate on dealing with the Gu family.

Rong Shu squinted slightly in thought.

At the scene, the reporters' questions continued.

"President Gu, why did you and your wife adopt Gu Manyin?"

Gu Yaotian replied, "A while ago, did you all know the news of my eldest daughter's return?"

Everyone nodded.

Of course they knew that it was quite a riot at the time. After all, everyone knew that the Gu family had only one daughter, and that was Gu Manyin. Who knew that the Gu family would later announce the return of the eldest daughter, and said that she was born to his wife.

At that time, everyone was very curious. Since it is biological, why should it be hidden, and it is only made public now.

So is there an answer now?

Everyone stared at Gu Yaotian with burning eyes.

Gu Yaotian said, "Twenty-six years ago, my eldest daughter was kidnapped and thrown into the river. My wife and I both thought that the eldest daughter had died, so my wife

was in a trance for a while. In order to appease my wife, I was released from the orphanage. Gu Manyin was adopted, and some time ago, my wife and I accidentally learned that our eldest daughter was not dead, so we recognized it.”

“So that’s the case.” Everyone suddenly realized.

Later, the reporter asked, “Then Mr. Gu, who kidnapped your eldest daughter and threw your eldest daughter into the river?”

This question happened to be what other reporters and the audience in the live broadcast room wanted to know.

After all, the gossip of the wealthy, especially the kind of gossip that involves crime, they are most interested in.

In the hospital, Assistant Zhang frowned, “Mr. Fu, Gu Yaotian is talking about Miss Rong’s father, right?”

Fu Jingting nodded, “That’s right.”

“Then will he announce it? If so, Miss Rong will be punished by a new one. The internet.” Assistant Zhang looked at Fu Jingting worriedly.

After all, the father kidnapped other people’s daughters and threw them into the river for murder. This kind of bad behavior will completely arouse the anger of netizens.

Especially now that Rong Hao is gone, all the anger of netizens will go to Miss Rong, because in the eyes of netizens, it is only right that the father’s debt is paid by the daughter.

At that time, Miss Rong’s situation of being abused by the Internet will definitely be more serious than the last time.

Fu Jingting clenched his fists and stared gloomily at the TV opposite, “He won’t say it, he doesn’t even dare to say it.”

“Why?” Assistant Zhang was stunned.

Fu Jingting’s thin lips pulled out a icy arc, “If he said it, the police would definitely investigate what happened back then, then in order to develop Sansheng, he used a trick to steal Tiancheng’s latest research and development, and forced a researcher to death. The matter will definitely be revealed again, so he won’t be able to beg for it. You must know that from the outside world, Gu Manqing is fine, but the researcher is indeed dead.”

“So that’s the case.” Assistant Zhang nodded. .

Sure enough, just as Fu Jingting said, Gu Yaotian didn't mean to answer truthfully except for showing great hatred.

He pointed out that there was something in his words and said, "Forget it, it's been more than 20 years since it happened. Let's not mention it. Anyway, the murderer who kidnapped my eldest daughter is now dead."

"It's actually dead!" The reporters were surprised.

Chapter 362 Gu Yaotian's dizzy

Gu Yaotian nodded, "Yes, I am dead, but I will never forget this hatred. The murderer is dead, but the murderer's daughter is still alive. The father's debt is paid by the daughter. I believe his daughter will definitely have retribution!

"With these words, Rong Shu clenched her palm tightly, and said coldly, "Yes, then I want to see, who will have retribution for me and you."

It is true that her father should not kidnap Gu Manqing and take Gu Man. Love thrown into the river.

But the real cause of the incident was caused by Gu Yaotian. If it wasn't for Gu Yaotian who stole the R&D technology and forced the researchers to death, Dad would not have done that!

I mean, Dad didn't kill Gu Manqing either. The real Gu Manqing is still alive somewhere.

Now Gu Yaotian puts all the blame on his father and her, how shameless!

However, what made Rong Shu relieved was that Gu Yaotian did not directly name her and said that her father had kidnapped Gu Manqing, otherwise she could not imagine what she would face next.

Originally, when Gu Yaotian mentioned 26 years ago, she was worried that Gu Yaotian would say it.

Now she is finally relieved.

At the scene, the reporter seemed to give up on Gu Yaotian's answer.

So he asked, "President Gu, how did the murderer die? Twenty-six years ago, why did you kidnap your eldest daughter? Is there any reason for this?"

Gu Yaotian frowned and said in a cold voice, "This The matter is my sadness, so I won't answer it, and I'm tired now. I've already said what I have to say. Let's end today's press conference. One more thing, since my Gu family has already talked to Gu

Manyin. If the relationship is cut off, then Gu Manyin will no longer be part of my Gu family. I hope everyone will not vent their dissatisfaction with Gu Manyin to my Gu family and Sansheng, thank you everyone.”

After speaking, he put down the microphone, He bowed 90 degrees to the camera with a sincere attitude.

The barrage in the live broadcast room flew up.

“It’s absolutely necessary. Gu Manyin is Gu Manyin, and the Gu family is the Gu family. We won’t talk about what happened to the Gu family and Sansheng. Don’t worry, Mr. Gu.”

“That’s right, now we already know who Gu Manyin is. Gu Manyin is bad, because her biological parents have bad genes. President Gu raised her so well, but she was hurt like this. I can’t sympathize with President Gu in time, how could he resist President Gu and Sansheng.”

“Add one.”

“Add ID number…”

Seeing these barrages, Gu Manyin fainted.

Rong Shu and Fu Jingting were both sarcastic.

This whitewashing method is really advanced.

At the scene, although Gu Yaotian could not see the barrage in the live broadcast room, he could probably guess what was going on. After a glint of light flashed in his eyes, he braced his body and asked the security guards of the group to start asking the reporters to leave.

Soon, the meeting room fell silent, and only Gu Yaotian was left.

Gu Yaotian closed the live broadcast room and sat on the chair beside him, and then the whole person relaxed.

Yesterday, after he went to the police station to see Gu Manyin, he found out what Gu Manyin had done. He found out that Gu Manyin did not do it during the probation period, but did it before. Now it has been found out, and the evidence is conclusive. He knew that Gu Manyin was going to jail this time.

Once the sentence of Gu Manyin’s imprisonment is announced by the media, it will be a fatal blow for Sansheng and the Gu family, so while the situation is not too serious, he can only go back to discuss with his wife and cut off Gu Manyin. Relationship.

Of course, the wife cried and disagreed, saying he was too indifferent.

Is he indifferent? He has raised Manyin for more than 20 years, and it is impossible to have no feelings, but for the sake of the family and Sansheng, he can only give up Gu Manyin. Whoever made Gu Manyin not his own, if it is his own, then it will be a different matter. Don't talk about it.

Anyway, he has raised Gu Manyin for more than 20 years, and he is worthy of her. It is not too much for her to repay him now!

"President Gu." The assistant came in from outside, looking like he was hesitant to say anything.

Gu Yaotian frowned, "What's the matter, say it!"

"That... Director Wang and the others asked you to go to the board meeting." The assistant looked at him cautiously and replied. Gu Yaotian

's face changed greatly, "What? Hold a board meeting?"

"Yes." The assistant nodded, "I want you to go."

Now the outside world knows that Gu Manyin is Gu Manyin. What Gu Manyin has done will not take anger on Sansheng. Sansheng will be back soon. Location?"

"This..." The assistant lowered his head and dared not look at him, "Director Wang and the others said, even so, they don't trust you anymore, even if you don't have the second daughter, the eldest lady, The young lady is from the country, and she is vulgar in her own right. If you teach her again, she will definitely be the second young lady, and she will bring trouble to Sansheng..."

"What? They actually said that, they... They..." Gu Yaotian couldn't catch his breath, he rolled his eyes and fell on the table with a thud.

The assistant was so frightened that he hurriedly called someone and put Gu Yaotian into the ambulance.

Rong Shu didn't know all of this. She packed Doudou and took Doudou downstairs to eat breakfast at a nearby breakfast shop. Then, she drove to the hospital to return the blue heart to Fu Jingting.

As soon as she arrived at the hospital, Rong Shu saw an ambulance approaching and stopped at the entrance of the hospital.

Rong Shu was afraid of blocking the way and delaying the patient's rescue time, so she quickly pulled Doudou to the side.

Several medical staff carried stretchers and ran quickly to the hospital gate.

When passing by Rong Shu, Rong Shu inadvertently glanced at the stretcher.

Unexpectedly, after this sweep, I found that he was still an acquaintance, Gu Yaotian!

Rong Shu raised an eyebrow.

Gu Yaotian was actually sent for first aid.

What the hell is going on here ?

Before the end of the live broadcast, he was still fine, why is it now...

"Auntie?" Just as she was thinking, Rong Shu's thoughts were interrupted by a childish voice.

Doudou shook Rong Shu's hand, "Aren't we going in? The people in the ambulance are already in."

"Go in now." Rong Shu smiled at him, then touched his head, Take him to the hospital.

Forget it, I'm too lazy to think about what happened to Gu Yaotian, it has nothing to do with her.

But seeing Gu Yaotian like this, she was quite happy.

Soon, Rong Shu took Doudou outside the intensive care unit.

Through the glass, Rong Shu saw that it was not Fu Jingting, but another patient, and was stunned, "Where's Fu Jingting?" Could it be that he

was discharged from the hospital?

In the intensive care unit, Lin Tianchen was adjusting the drip for the patient. Out of the corner of his eye, he glanced at Rong Shu outside, raised his eyebrows slightly, then quickly completed the movements in his hands and opened the door.

"Why are you here?" Lin Tianchen asked with his hand in the pocket of his white coat.

Rong Shu replied, "I have something to do with Fu Jingting. Has Fu Jingting been discharged from the hospital?"

"No, I went to the general ward, which is also on this floor, the one you lived in before." Lin Tianchen said with a shrug.

This is what Fu Jingting strongly requested.

After Fu Jingting woke up, he asked him to stay in that ward and not allow other patients to use it, just for him to stay in the intensive care unit after he left.

After all, that was where Rong Shu stayed, and rounding up, it meant that he lived with Rong Shu.

“It turns out that it is.” Rong Shu nodded, indicating that she knew.

“Auntie, are we going to see the uncle who played a game with us in the restaurant last time and played my dad?” Doudou looked up at Rong Shu and asked.

Rong Shu hummed, “It’s him.”

Only then did Lin Tianchen realize that there was a child next to her, and couldn’t help but be slightly surprised, “Who is this child?”

“Cheng Huai’s nephew, their family has something to do, so please take care of me for two days.” Rong Shu said while pinching Doudou’s little meat hand.

Not to mention, the child’s hand is easy to pinch, the flesh is juicy, and it is very comfortable to hold.

Unable to hold back, Rong Shu squeezed again.

Lin Tianchen lifted his chin suddenly, “Okay, you can go to Fu Jingting, my patient still needs to be examined, so I won’t accompany you for now.”

“Well, you are busy.” Rong Shu nodded and pulled Doudou. Go to the ward where you used to live.

As soon as he reached the door of the ward, the door of the ward opened.

Wang Shuqin came out and saw Rong Shu, she was stunned for a while, then her expression became mean, “Why are you?”

Rong Shu didn’t expect to meet her former evil mother-in-law, so she raised her eyebrows and said, “Why can’t it be me? “

Wang Shuqin snorted coldly, "This is Jing Ting's ward. You came here, wouldn't you come to find Jing Ting to reunite?"

Rong Shu smiled, "Reconcile? Why do I want to reunite with him? What is he? What? Even if he is, with a mother-in-law like you, I won't get back with him."

"How dare you scold me?" Wang Shuqin stared angrily. Rong Shu curled her lips, "I didn't scold you, I just told the truth. Look, as soon as you married into the Fu family, you hurt your husband to be served by the family law. Are you not a spoiler?"

At this point, Wang Shuqin's complexion changed, suddenly lowered, and her expression became low.

This change surprised Rong Shu.

She thought that saying that would make Wang Shuqin very angry.

However, unexpectedly, Wang Shuqin became quiet.

And looking at Wang Shuqin's appearance, it seems that she is still very sad.

Are you sad that your husband has been punished by the family law, or are you sad that your husband has died?

Maybe there are, but this is not what Rong Shu is most curious about.

What she is most curious about is why Wang Shuqin is so kind to Fu Jingting.

After all, Wang Shuqin, no matter how you look at it, looks like a vicious stepmother, but she is a good stepmother. If it wasn't for her grandmother's disclosure, she would not doubt that Fu Jingting was Wang Shuqin's son.

Because Wang Shuqin treats Fu Jingting no differently than Fu Jinglin.

Don't say that Wang Shuqin is just an ordinary commoner, even a well-educated and famous daughter may not necessarily regard her predecessor's children as her own, but Wang Shuqin has treated Fu Jingting as her own. There must be some reasons for this.

But no matter what the reason is, it's none of her business. Even if she's curious, she won't ask.

Thinking of this, Rong Shu rubbed her brows and said, "Okay, Mrs. Fu, don't waste any more time. I'm here to return something to Fu Jingting. Please let me know, thank you." Wang Shuqin recovered

from her grief and lowered her head. Glancing at the delicate bag in Rong Shu's hand, he changed back to that yin and yang expression and said, "Yo, the packaging is so good, it must be a gift for Jing Ting, and you said you didn't come to find Jing Ting to get back together."

Rong Shu rolled her eyes.

Well, with this kind of people who live in their own thoughts, everything is said in vain.

"Well then, I won't go in anymore, you can give him this thing." Saying that, Rong Shu shoved the bag into Wang Shuqin's arms and took Doudou away.

Wang Shuqin watched the figures of one big and one small disappear, and curled her lips, "Bah! I won't give it to Jing Ting. After I finish reading it, I will throw it away for you!" She even wanted to

give Jing Ting a gift. To achieve the purpose of compounding with Jingting.

There are no doors!

Wang Shuqin rudely tore open the bag and took out the box inside.

Like the bag, the box is very delicate, and Wang Shuqin can see at a glance that it is a jewelry box.

In other words, there must be jewelry in it?

Wang Shuqin had some doubts in her eyes. She didn't understand why Rong Shu wanted to give jewelry to Jing Ting. Isn't all jewelry given to women by men.

At most, women give things like watches, tie clips and cuffs, but these things are not for jewelry boxes.

"It's mysterious, I want to see what's inside." Wang Shuqin muttered and opened the box with both hands.

The moment she opened it, the dazzling blue light almost blinded her eyes.

When she completely saw what was in the box, she took a deep breath, then quickly closed the box and looked left and right, her heart beating fast.

It's a blue heart!

Wang Shuqin swallowed her saliva, unable to believe that she was holding such a precious necklace.

For a while, Wang Shuqin felt that her right hand was very heavy.

Yes, can it be heavy?

That is a blue heart worth hundreds of millions!

The reason why she knew the blue heart was that she had seen it in Jing Ting. Three months ago, Jing Ting photographed the blue heart and planned to give it to Gu Manyin as an engagement gift.

At that time, she didn't mention how sour, because Jing Ting had never given her such expensive jewelry, but later she thought that Gu Manyin would marry into the Fu family, which would definitely bring back the blue heart. Ask Gu Manyin what she wants, Gu Manyin will definitely not give her this mother-in-law.

In the end, before Gu Manyin could marry, Zhan Lan's heart was taken away by Rong Shu. She was so angry that she wanted to find Rong Shu to come back, but was stopped by Jing Ting. As time passed, she gradually forgot her blue heart.

But I didn't expect that Rong Shu would actually return the blue heart, and now it's in his hands.

So can you be alone?

Anyway, Jing Ting didn't know that Rong Shu was coming.

What's more, she was really unwilling to hand over the blue heart that she had already fallen into her hands. With Jing Ting's current feelings for Rong Shu, if this necklace was in Jing Ting's hands, Jing Ting would definitely give it to Rong Shu. Shu kept it, and then found a chance to return it to Rong Shu.

Therefore, she didn't want to give it to Jing Ting, it was hers in her hands.

Thinking about it, Wang Shuqin happily stuffed the box into her pocket, turned around and entered the ward.

Fu Jingting can sit up now, and he no longer has to lie on the hospital bed as he did two days ago.

At this moment, he was sitting by the head of the hospital bed, holding a tablet in his hand, and was reading the financial report. He heard footsteps and turned to look, "Mom, didn't you go back?"

"I forgot to take my phone." Wang Shuqin pointed to the mobile phone by the bed.

Fu Jingting hummed.

Wang Shuqin walked over and picked up the phone, "Jing Ting, what is that...Is there anyone today who said they want to come to you?"

Although Jing Ting didn't know that Rong Shu was here just now, Rong Shu might not have contacted him before he came back. King Court.

In that case, the blue heart...

"No, why are you asking this?" Fu Jingting squinted slightly at her, his deep eyes as if trying to tell her something.

Afraid that he would see her guilty conscience, Wang Shuqin quickly lowered her eyelids and laughed, "It's nothing, I just thought that you were hospitalized and your friends didn't come to see you, so I asked curiously, if not, then what? It's okay."

Then she was relieved.

It seems that Rong Shu didn't tell him to come over in advance, that blue heart is really hers.

Thinking of this, Wang Shuqin couldn't help laughing, her mouth couldn't close.

Fu Jingting raised his eyebrows slightly, always feeling that she was a little strange.

But he didn't ask much, he lowered his head and continued to read his report.

Wang Shuqin didn't stay too long, just took the phone and left.

She was in a hurry to go back and look in the mirror to try on the blue heart.

With such a beautiful blue heart, she must look good when she wears it.

On the other side, Rong Shu drove Doudou to Tiancheng. Secretary Tong looked at Doudou and asked in surprise, "Mr. Rong, your son?"

Chapter 364 The Past Twelve Years Ago

The corner of Rong Shu's mouth twitched, "Do you know if I have a son?"

Tong Xi smiled embarrassedly, "I'm sorry Mr. Rong, I opened my mind for a while, don't be angry."

"I'm not angry, this is me A friend's nephew, Doudou." Saying that, Rong Shu gently pushed Doudou to Secretary Tong, "Doudou, my name is Aunt Tong."

"Hello Aunt Tong." Doudou bowed politely.

“Hello, hello.” Tong Xi looked at Doudou, and his heart was about to be cute.

This little guy is so cute.

“Candy for you!” Tong Xi suddenly thought that when he went out in the morning, he stuffed two candies in his pocket and hurriedly took them out and handed them to Doudou.

Doudou didn’t answer, but looked up at Rong Shu.

Rong Shu nodded slightly to him.

Then he reached out and took it, “Thank you, Aunt Tong.”

“No thanks.” Seeing that he took her own candy, Tong Xi’s eyes were bent when he smiled.

Rong Shu couldn’t help but raised his eyebrows.

This was the first time she saw Secretary Tong smiling so happily.

You must know that Secretary Tong is in the group, but he has a nickname, Shitai Mie.

That is to say, he is old-fashioned, wears a pair of rustic black-rimmed glasses, and is often expressionless and looks very fierce, so that’s how the nickname comes from.

Now seeing Secretary Tong smiling like this, Rong Shu couldn’t help laughing.

Sure enough, no matter how serious a person is, they can’t stop cute things.

“By the way, Secretary Tong, give me today’s itinerary.” Rong Shu took Doudou’s hand and walked towards the sofa in the office.

Secretary Tong followed behind, quickly opened the folder he brought with him, took out the itinerary from it and handed it to Rong Shu.

Rong Shu took it and looked at it, “Except for the afternoon entertainment, let’s follow this.”

“Understood!” Secretary Tong nodded and replied.

Rong Shu gave her the itinerary, “Okay, go out first and buy Doudou some snacks and toys.”

Tongxi looked at Doudou and readily agreed, “I know President Rong, I will buy it soon. Come here.”

Rong Shu hummed.

After Secretary Tong left, she carried Doudou to the sofa, “Doudou, you are watching TV here, auntie go over there to work, okay?”

“Okay, auntie, go and do it, Doudou can play by himself. .” Doudou sat on the sofa, swaying his calf and said obediently.

Rong Shu touched his head, “Good boy, this is the remote control, just call me if you need anything.”

After speaking, she retracted her hand, turned around and walked towards the desk.

As soon as he walked to the desk, the phone in his bag rang.

Rong Shu pulled out the chair and sat down. Then she took out her cell phone from her bag and looked at it. She saw that the call was from the police station, and quickly answered, “Hello.”

“Hello, Miss Rong, this is the police station.”

” Hello.” Rong Shu responded.

The person on the other end of the phone said, “That’s right, Gu Manyin’s sentence has already come down.”

“A few years!” Rong Shu straightened up and asked when she heard this.

Although I don’t know how it came down so quickly.

But it doesn’t matter, as long as the sentence is fine.

“Three years.” The other side replied, “But...”

Rong Shu frowned, “But what?”

She was a little uneasy.

“However, because Gu Manyin’s injuries have not yet healed, she will be sentenced to a month outside the hospital, and our police will send people to monitor her 24 hours a day. After a month, she will be transferred to the women’s prison. “

So that’s the case.” Rong Shu nodded suddenly and breathed a sigh of relief.

She also thought there was something wrong. It turned out to be execution outside prison, which she could accept.

Because she had already expected the execution outside prison, Gu Manyin was indeed injured too badly before, and the injury will not heal so quickly. The police also talk about human rights. Naturally, it is impossible for Gu Manyin to be injured. Put people in jail.

"I see, thank you." Rong Shu smiled and thanked.

Then, she put down the phone and took a long breath.

Great, the matter of Gu Manyin has finally settled.

Next, she can concentrate on dealing with the Gu family.

As for whether Gu Manyin will take revenge after coming out in three years, he will say three years later.

I believe at that time, she was already strong enough that Gu Manyin didn't even dare to take revenge.

Thinking about it, Rong Shu smiled, took a document, opened it, and started to work.

At the hospital, Assistant Zhang also informed Fu Jingting of Gu Manyin's sentence.

After hearing this, Fu Jingting didn't have much reaction. He just looked at the computer and said indifferently, "After the execution outside prison, buy some of the female prisoners, wait for her to enter, and greet her well."

"Understood!" Assistant Zhang pushed his glasses back. road.

Then, he remembered something and his face became serious, "By the way, Mr. Fu, the investigation team finally found some problems in your car accident."

Hearing this, Fu Jingting closed the computer with a snap and turned to look at Zhang. The assistant's voice was so cold that it was terrifying, "Who is it?"

"I don't know, but what is certain is that it was the same group as the one who killed the master twelve years ago." Assistant Zhang replied.

Fu Jingting clenched his fists tightly, because he squeezed too hard, the joints of his hands rang, and the veins on the back of his hands burst out.

Twelve years ago, my father was on a business trip abroad and was murdered in a hotel suite.

Since then, he has been secretly investigating who the murderer is, but to no avail.

The only certainty is that the identity of the murderer is not simple, otherwise the murderer would not be able to hide for twelve years under his investigation.

However, the murderer has not been found yet, and he has been calculated by the murderer for a while, which obviously shows that he is being targeted by the murderer.

He wasn't too worried about his own safety. What he was most worried about now was that the murderer would also target his grandmother and Jing Lin.

After all, this kind of murderer is in the dark, they are in the light, if the murderer is really eyeing the grandmother and the others, it is impossible to prevent, because no one knows, when the murderer will shoot!

Thinking of this, Fu Jingting squinted his eyes coldly, "Go to the security company under the security company to assign two squadrons, let them spread out around you, Grandma and Jinglin, and protect them secretly."

Assistant Zhang knew why Fu Jingting did this, Wei Wei Nodding, "Yes, Mr. Fu!"

"Go." Fu Jingting waved.

Assistant Zhang turned around and went out.

Fu Jingting lowered his head slightly, couldn't see his expression clearly, and didn't know what he was thinking about.

After a few seconds, he suddenly picked up the phone and called the old lady, "Grandma, it's me, I want to ask you something about father What happened before..." It was

approaching the afternoon.

Rong Shu finally finished all her work, stretched out, got up, and walked to the sofa.

On the sofa, Doudou was lying on top of a small blanket and slept soundly. His little mouth was moving, and there was some dark chocolate on the corner of his mouth, which was cute and funny.

Rong Shu sat down next to Doudou, reached out and pulled a wet towel on the coffee table, and then gently wiped the corner of Doudou's mouth.

Doudou woke up feeling, blinked his eyes and looked at Rong Shu, and sweetly called "Auntie."

"Awake?" Rong Shu pulled him up.

Doudou hummed twice, then saw some black wet wipes in Rong Shu's hand, and twisted her body a little shyly, "Auntie, I'll do it myself."

"Okay, you can do it yourself." Rong Shu saw that he was embarrassed, and smiled and handed over the wet wipes.

Doudou wiped his face and asked, "Auntie finished?"

"I'm done, ready to go back." Rong Shu nodded.

Doudou threw the dirty wipes into the trash, "Then I'll wash my hands, Auntie will wait for me, soon."

After he finished speaking, he jumped off the sofa and ran to the bathroom.

Rong Shu looked at his small back, and the smile in his eyes became more and more intense.

Soon, Doudou came out after washing his hands, and stretched out his hand in front of Rong Shu to let Rong Shu see if he had washed it clean.

Rong Shu praised him for being very clean, and he happily put his hands down.

Leaving Tiancheng, Rong Shu drove Doudou back to Repulse Bay.

When cooking, she found that there was no soy sauce at home. Rong Shu was going to go downstairs and buy a bottle from the supermarket in the community.

Unbuttoning her apron, Rong Shu walked out of the kitchen and said to Doudou who was watching TV on the sofa in the living room, "Doudou, I'll go down to buy soy sauce, so just stay at home and help me open the door for a while?"

"Okay, auntie . ." Doudou replied back.

"Really good." Rong Shu walked towards the entrance.

Doudou also followed to send her.

After Rong Shu changed her shoes, she thought of something, and then said, "By the way, Doudou, whether I ring the doorbell or not, don't open the door directly, first use the visual to see who the people outside know?"

"When she went to buy soy sauce, there was someone at home, Doudou had a child, and she was worried.

"Don't worry, Auntie, I know." Doudou stood on the steps of the entrance and waved at Rong Shu.

Rong Shu touched his little head, opened the door and went out.

After buying soy sauce, the sky is already darker than when it came out.

Rong Shu walked towards the apartment building with a bag in hand. There was no one on the road, so it was extraordinarily quiet.

Because at this time, the residents of the community are basically eating dinner at home, not pouring out for a walk.

Rong Shu walked for a while, and suddenly felt that someone was following her.

She couldn't help but stop and looked back.

But there was nothing behind, no one.

Rong Shu frowned.

Is it feeling wrong?

Without thinking much, Rong Shu turned her head back, continued walking, passed the building in front, and arrived at the apartment building where she lived.

But before taking a few steps, the feeling of being followed came again.

This time, Rong Shu knew that it wasn't that she felt wrong, but that someone was really following her, because she heard footsteps. Although it was very light, it really did.

Rong Shu's body froze, and her hands and feet became cold.

But she didn't dare to stop, she accelerated her pace and walked forward. Unexpectedly, the pace behind her also accelerated.

Because she heard footsteps behind her, she became heavy and hurried.

Rong Shu didn't know who the people who followed her were and what purpose they had. She only knew that it was definitely not a good thing.

And the sound of the footsteps was terrifying and frightening.

Rong Shu could feel her scalp tingling, goosebumps all over her body, her palms holding soy sauce were sweating, and her calves were shaking.

She doesn't want to be outside anymore, and now she just wants to hurry into the apartment so that she can avoid the people behind her and feel safe.

Thinking of this, Rong Shu changed from walking to running, and ran towards the apartment building quickly.

But the person behind him was still chasing after him, and Rong Shu could hear that the person was getting closer and closer to him.

She can't escape that person!

Realizing this, Rong Shu panicked and cried out for help, "Help, is there anyone..."

Before she could finish her words, a stick was raised behind her and hit her head hard. superior.

Bang!

After a crisp sound, Rong Shu instantly felt severe pain in the back of her head, and then she stared and fainted on the spot.

Looking at Rong Shu who was lying on the ground, the people behind seemed to be frightened, took a step back, and then loosened his hand, and a round stick fell to the ground with a clang.

When the man heard this voice, his body softened, and he slumped on the ground, gasping for breath, and his body trembled slightly.

This man was wearing a hat, mask and sunglasses, covering his hair and face tightly. He was also wearing loose clothes that blocked his body, and even his feet were wearing a pair of sports shoes that were significantly higher.

Under such a dress, people can't tell whether this person is male or female at all.

After a while, the man seemed to come out of his panic and looked at Rong Shu's indifferent voice and said, "I'm sorry, I'm really sorry..."

After saying that, the man got up, put Rong Shu's arm under his arm, Shu dragged towards the apartment building in front.

The man dragged Rong Shu to the safe stairwell in the apartment before releasing it, then closed the door, took a deep breath, and took out a small fruit knife from the pocket of his coat.

The man squatted down beside Rong Shu, raised Rong Shu's left hand face up, then pulled out the fruit knife and slowly stretched it towards Rong Shu's wrist.

During this period, this person's hands were shaking slightly, showing how nervous this person was at the moment.

Soon, the tip of the knife touched the red mole on Rong Shu's wrist.

The man's eyes behind the sunglasses closed, then he took a deep breath, stabbed it down in one go, and used the tip of a knife bit by bit to remove the red mole.

This process took about ten minutes.

After confirming that the red mole on Rong Shu's wrist was gone, and only a bloody patch remained, the man breathed a sigh of relief, then picked up the scabbard, without wiping the knife, he put the knife in the scabbard and put it away. , got up and left here quickly.

As soon as the man left, Rong Shu's cell phone rang on the back.

But Rong Shu had already passed out and naturally would not answer.

In the apartment, Doudou frowned as he listened to the unanswered call on the phone watch.

After the phone hung up automatically, he muttered in a low voice, "It's been so long, why hasn't Auntie come back yet?"

"Clearly, not far from here.

After so long, my aunt should be back, but not only did my aunt not come back, but no one even answered the phone, where did she go?"

Thinking about it, Doudou was a little worried, and decided to go downstairs and wait to see.

He jumped off the sofa to turn off the TV, grabbed the access card on the coffee table and went out the door.

Two minutes later, Doudou came to the downstairs of the apartment, first stood at the door and looked out, wanting to see if there was any figure of Rong Shu.

At this time, the number of people in the community had begun to increase, and they all went downstairs after dinner to take a walk.

Doudou watched for a while, but did not see Rong Shu, and called Rong Shu again.

At this moment, the phone rang.

Doudou immediately heard that it was Rong Shu's. He had heard it in Rong Shu's office during the day.

Doudou had a look of joy on his face, turned his head to look in the direction of the source of the sound, saw that it was a safe stairwell, and ran over happily without thinking much.

However, Doudou just ran to the safety stairwell and saw Rong Shu lying inside, her face froze instantly and she started crying, "Auntie..."

Outside, Lu Qi carried a large bag of freshly picked mangoes and walked away. Entering the apartment building, wanting to surprise Rong Shu, she stopped when she heard Doudou's cry.

what happened?

Why are there children crying?

And the child called aunt while crying, so something must have happened, right?

Thinking of this, Lu Qi raised his foot again and walked over, and asked loudly as he walked, "Children, do you need help?"

In the safety stairwell, when Doudou heard this, her crying stopped, and she quickly replied, "Uncle, save my aunt!"

Sure enough, something happened!

Lu Qi quickened his pace and appeared at the door of the safe stairwell in two or three times. Just as he was about to ask 'what's wrong with your aunt', he saw Rong Shu on the ground, his face changed suddenly, and the mango in his hand fell to the ground.

"Baby!"

Chapter 366

He thought it was just the occupants of this apartment that had an accident.

Unexpectedly, what he saw was actually Rong Shu.

Lu Qi didn't care to ask who Doudou was, nor did he care why Doudou called him Aunt Rongshu.

He walked quickly to check on Rong Shu's situation, and when he saw it, he found that it was serious.

Rong Shu's wrist was not only cut, she was paralyzed with blood, and the most serious thing was her head, the back of her head was swollen!

Knowing that he couldn't delay any longer, Lu Qi directly picked up Rong Shu by the waist, "Child, I'll take the baby to the hospital, come with you!"

He still had a lot of questions to ask the child.

"Hmm." Doudou nodded quickly.

Lu Qi hugged Rong Shu and quickly ran out of the stairwell and ran out.

Doudou also vigorously followed behind with his two short legs.

In the car, Lu Qi used voice to navigate to the nearest hospital and sent Rong Shu there.

Ten minutes later, Rong Shu entered the emergency room.

Lu Qi and Doudou breathed a sigh of relief, then sat on the row of chairs next to them and waited anxiously.

During the period, Lu Qi looked at Doudou, "Hey, little guy, whose child are you, and what is your parent's phone number? Let me tell your parents so they don't worry."

"My parents are in the army, I My uncle left me to my aunt to take care of." Doudou replied.

Lu Qi was quite embarrassed to hear this auntie.

He frowned and asked, "Why do you call me auntie baby? Who is your uncle, so shameless!"

Could it be Fu Jingting?

But I didn't hear that Fu Jingting's family had a younger generation.

When Doudou heard Lu Qi say that his uncle was shameless, he couldn't help pouting, "It's Cheng Huai!"

"..." Lu Qi was stunned for a moment, then he raised his anger, "What? It's actually Cheng Huai's servant!"

Well, that servant actually gave his nephew to Rong Shu to take care of, and even asked his nephew to be called Rong Shu aunt.

Heh, who can't see Sima Zhao's heart so clearly.

This is no longer shameless, but shameless!

"Hurry up and call your uncle to pick you up." Lu Qi said angrily, "Really, I don't take care of my own children, why let my baby take care of them."

Doudou swayed his calf and told him regretfully, "I'm sorry, uncle, my uncle is on a business trip and is not in Haishi."

"What?" Lu Qi frowned, "He actually ran away?"

"No, it's a business trip!" Doudou corrected him.

Lu Qi waved his hand, "Whatever he did, anyway, in my opinion, he just ran away. Since he ran away, I'll settle the account with him when he comes back. As for you little guy..."

Lu Qi stared at him. Doudou looked at it for a few seconds, and finally sighed in frustration, "Forget it, what else can I do to you, little Douding, okay, little Douding, tell me, how did the baby get hurt?"

His expression became serious. Doudou ,

like a little adult, replied with a serious expression, "I don't know, my aunt said to go out to buy soy sauce, but she didn't come back for a long time, so I went downstairs to find her, called her, and found that Her cell phone rang in the stairwell, and when she went over, her aunt was already like that. Hearing this, Lu Qi clenched his fists, "

It seems that I have to make a trip to Repulse Bay and check the surveillance. "

Rong Shu's head was hit with such a big bag, and her wrist was also cut. This is obviously someone deliberately hurt. If it is murder, it

doesn't count.

If it is murder, it will not only kill Rong Shu. The wrist was cut like that. He had seen the scar on Rong Shu's wrist. The wound was circular, and the area was only a small area, about the size of a peanut, and not too deep.

Therefore, if the wrist is cut to kill, the injury must be in a straight line, and the wound will be deep, which will cut the artery and cause a lot of bleeding. Therefore, the person who injured Rong Shu definitely does not want to kill Rong Shu, otherwise why not directly Cut an artery?

And even the head only looks like a single blow. If you really want to kill someone, even if you don't cut your wrists, you will hit the head twice more, so that it is possible to kill someone, but the murderer didn't do that. .

In addition, Rong Shu's clothes are also neat, and it doesn't look like she has been violated, so what is the purpose of the person who hurt Rong Shu?

But no matter what the purpose is, he must investigate it clearly, and if he finds out, he will return it with a tooth for a tooth.

Lu Qi called a nurse and asked the nurse to guard Doudou.

After all, he was going to Repulse Bay, so he didn't feel relieved to leave Doudou alone, and it was very troublesome to bring him with him, so he simply asked someone to watch.

"Little devil, you stay here. I'll investigate this matter. When the baby comes out, call me immediately." Lu Qi wrote his number to Doudou and glanced at the call watch on Doudou's wrist. Say.

Doudou took the phone number and nodded his head, "I know, uncle, go ahead, you must catch

the bad guy." Lu Qi laughed, and couldn't help rubbing Doudou's little head, "Okay, it's up to you. You're more likable than that guy Cheng Huai, okay, I'm leaving."

After speaking, he took his hand back and left the hospital.

As soon as he walked out of the hospital gate, Lin Tianchen saw him and couldn't help squinting his eyes.

Lu Qi?

How is he here?

And looking at him, there seems to be blood on his body, who has an accident?

Just as he was thinking, Lin Tianchen was approached by a middle-aged man in a white coat. He said to him very politely and politely, "Professor Lin, welcome to our hospital, I will leave you for this operation."

"It's nothing, just send the medical equipment I want to my hospital in time." Lin Tianchen pushed down his glasses and said lightly.

The middle-aged doctor responded again and again, "Don't worry, I'll send someone over tomorrow. Now that the operating room is ready, can you go there now?"

"Yes, but there is something else." Lin Tianchen looked at he.

The middle-aged doctor nodded, "You said."

"The man who just went out, check what he did in your hospital." Lin Tianchen pointed to the direction where Lu Qi left.

Lu Qi was obviously healthy like that, so the blood was definitely not from Lu Qi.

And if Lu Qi can deliver it in person, that must be someone Lu Qi cares about.

Just don't know if it's family, or...

Thinking of Lu Qi's concern for Rong Shu, Lin Tianchen's eyes darkened.

I hope it's not Rong Shu.

"Don't worry, Professor Lin, I'll let the people below check it out," said the middle-aged doctor.

Lin Tianchen hummed, "Let's go, surgery first." The

two walked in the other direction.

On the other hand, the Gu family.

Gu Manqing hurried in from the outside, picked up a glass of water on the coffee table, raised his head and drank it in one breath, gulping like he had never drank water.

Mrs. Gu was stunned, "Manqing, what are you doing, why are you so thirsty?"

Gu Manqing exhaled, put down the water glass, and smiled embarrassedly, "Sorry mom, I made you watch a joke. "

Okay, okay, it's not a big deal, do you still want it?" Madam Gu asked.

Gu Manqing shook her head, "No, I'm fine."

She sat down opposite.

Mrs. Gu looked at her, "By the way, Manqing, where have you been this afternoon, the driver is not with you, and the phone is not working. I want to call you back for dinner, but I can't find anyone."

"I went shopping with my friends . . . , I turned off my phone when I ran out of power while walking around." Gu Manqing lowered his eyelids and said.

Madam Gu suddenly said, "So that's the case, have you eaten yet?"

"I've already eaten, Mom, I'm a little tired. I'll go back to my room to take a bath and rest." Gu Manqing stood up and walked towards the stairs.

Mrs. Gu looked at her back and always felt that she was a little flustered and uneasy.

But he didn't think much about it and continued to watch his TV.

Rong Shu looked at his small back, and the smile in his eyes became more and more intense.

Soon, Doudou came out after washing his hands, and stretched out his hand in front of Rong Shu to let Rong Shu see if he had washed it clean.

Rong Shu praised him for being very clean, and he happily put his hands down.

Leaving Tiancheng, Rong Shu drove Doudou back to Repulse Bay.

When cooking, she found that there was no soy sauce at home. Rong Shu was going to go downstairs and buy a bottle from the supermarket in the community.

Unbuttoning her apron, Rong Shu walked out of the kitchen and said to Doudou who was watching TV on the sofa in the living room, "Doudou, I'll go down to buy soy sauce, so just stay at home and help me open the door for a while?"

"Okay, auntie . . ." Doudou replied back.

"Really good." Rong Shu walked towards the entrance.

Doudou also followed to send her.

After Rong Shu changed her shoes, she thought of something, and then said, "By the way, Doudou, whether I ring the doorbell or not, don't open the door directly, first use the visual to see who the people outside know?"

"When she went to buy soy sauce, there was someone at home, Doudou had a child, and she was worried.

"Don't worry, Auntie, I know." Doudou stood on the steps of the entrance and waved at Rong Shu.

Rong Shu touched his little head, opened the door and went out.

After buying soy sauce, the sky is already darker than when it came out.

Rong Shu walked towards the apartment building with a bag in hand. There was no one on the road, so it was extraordinarily quiet.

Because at this time, the residents of the community are basically eating dinner at home, not pouring out for a walk.

Rong Shu walked for a while, and suddenly felt that someone was following her.

She couldn't help but stop and looked back.

But there was nothing behind, no one.

Rong Shu frowned.

Is it feeling wrong?

Without thinking much, Rong Shu turned her head back, continued walking, passed the building in front, and arrived at the apartment building where she lived.

But before taking a few steps, the feeling of being followed came again.

This time, Rong Shu knew that it wasn't that she felt wrong, but that someone was really following her, because she heard footsteps. Although it was very light, it really did.

Rong Shu's body froze, and her hands and feet became cold.

But she didn't dare to stop, she accelerated her pace and walked forward. Unexpectedly, the pace behind her also accelerated.

Because she heard footsteps behind her, she became heavy and hurried.

Rong Shu didn't know who the people who followed her were and what purpose they had. She only knew that it was definitely not a good thing.

And the sound of the footsteps was terrifying and frightening.

Rong Shu could feel her scalp tingling, goosebumps all over her body, her palms holding soy sauce were sweating, and her calves were shaking.

She doesn't want to be outside anymore, and now she just wants to hurry into the apartment so that she can avoid the people behind her and feel safe.

Thinking of this, Rong Shu changed from walking to running, and ran towards the apartment building quickly.

But the person behind him was still chasing after him, and Rong Shu could hear that the person was getting closer and closer to him.

She can't escape that person!

Realizing this, Rong Shu panicked and cried out for help, "Help, is there anyone..."

Before she could finish her words, a stick was raised behind her and hit her head hard. superior.

Bang!

After a crisp sound, Rong Shu instantly felt severe pain in the back of her head, and then she stared and fainted on the spot.

Looking at Rong Shu who was lying on the ground, the people behind seemed to be frightened, took a step back, and then loosened his hand, and a round stick fell to the ground with a clang.

When the man heard this voice, his body softened, and he slumped on the ground, gasping for breath, and his body trembled slightly.

This man was wearing a hat, mask and sunglasses, covering his hair and face tightly. He was also wearing loose clothes that blocked his body, and even his feet were wearing a pair of sports shoes that were significantly higher.

Under such a dress, people can't tell whether this person is male or female at all.

After a while, the man seemed to come out of his panic and looked at Rong Shu's indifferent voice and said, "I'm sorry, I'm really sorry..."

After saying that, the man got up, put Rong Shu's arm under his arm, Shu dragged towards the apartment building in front.

The man dragged Rong Shu to the safe stairwell in the apartment before releasing it, then closed the door, took a deep breath, and took out a small fruit knife from the pocket of his coat.

The man squatted down beside Rong Shu, raised Rong Shu's left hand face up, then pulled out the fruit knife and slowly stretched it towards Rong Shu's wrist.

During this period, this person's hands were shaking slightly, showing how nervous this person was at the moment.

Soon, the tip of the knife touched the red mole on Rong Shu's wrist.

The man's eyes behind the sunglasses closed, then he took a deep breath, stabbed it down in one go, and used the tip of a knife bit by bit to remove the red mole.

This process took about ten minutes.

After confirming that the red mole on Rong Shu's wrist was gone, and only a bloody patch remained, the man breathed a sigh of relief, then picked up the scabbard, without wiping the knife, he put the knife in the scabbard and put it away. , got up and left here quickly.

As soon as the man left, Rong Shu's cell phone rang on the back.

But Rong Shu had already passed out and naturally would not answer.

In the apartment, Doudou frowned as he listened to the unanswered call on the phone watch.

After the phone hung up automatically, he muttered in a low voice, "It's been so long, why hasn't Auntie come back yet?"

"Clearly, not far from here.

After so long, my aunt should be back, but not only did my aunt not come back, but no one even answered the phone, where did she go?"

Thinking about it, Doudou was a little worried, and decided to go downstairs and wait to see.

He jumped off the sofa to turn off the TV, grabbed the access card on the coffee table and went out the door.

Two minutes later, Doudou came to the downstairs of the apartment, first stood at the door and looked out, wanting to see if there was any figure of Rong Shu.

At this time, the number of people in the community had begun to increase, and they all went downstairs after dinner to take a walk.

Doudou watched for a while, but did not see Rong Shu, and called Rong Shu again.

At this moment, the phone rang.

Doudou immediately heard that it was Rong Shu's. He had heard it in Rong Shu's office during the day.

Doudou had a look of joy on his face, turned his head to look in the direction of the source of the sound, saw that it was a safe stairwell, and ran over happily without thinking much.

However, Doudou just ran to the safety stairwell and saw Rong Shu lying inside, her face froze instantly and she started crying, "Auntie..."

Outside, Lu Qi carried a large bag of freshly picked mangoes and walked away. Entering the apartment building, wanting to surprise Rong Shu, she stopped when she heard Doudou's cry.

what happened?

Why are there children crying?

And the child called aunt while crying, so something must have happened, right?

Thinking of this, Lu Qi raised his foot again and walked over, and asked loudly as he walked, "Children, do you need help?"

In the safety stairwell, when Doudou heard this, her crying stopped, and she quickly replied, "Uncle, save my aunt!"

Sure enough, something happened!

Lu Qi quickened his pace and appeared at the door of the safe stairwell in two or three times. Just as he was about to ask 'what's wrong with your aunt', he saw Rong Shu on the ground, his face changed suddenly, and the mango in his hand fell to the ground.

"Baby!"

Chapter 366

He thought it was just the occupants of this apartment that had an accident.

Unexpectedly, what he saw was actually Rong Shu.

Lu Qi didn't care to ask who Doudou was, nor did he care why Doudou called him Aunt Rongshu.

He walked quickly to check on Rong Shu's situation, and when he saw it, he found that it was serious.

Rong Shu's wrist was not only cut, she was paralyzed with blood, and the most serious thing was her head, the back of her head was swollen!

Knowing that he couldn't delay any longer, Lu Qi directly picked up Rong Shu by the waist, "Child, I'll take the baby to the hospital, come with you!"

He still had a lot of questions to ask the child.

"Hmm." Doudou nodded quickly.

Lu Qi hugged Rong Shu and quickly ran out of the stairwell and ran out.

Doudou also vigorously followed behind with his two short legs.

In the car, Lu Qi used voice to navigate to the nearest hospital and sent Rong Shu there.

Ten minutes later, Rong Shu entered the emergency room.

Lu Qi and Doudou breathed a sigh of relief, then sat on the row of chairs next to them and waited anxiously.

During the period, Lu Qi looked at Doudou, "Hey, little guy, whose child are you, and what is your parent's phone number? Let me tell your parents so they don't worry."

"My parents are in the army, I My uncle left me to my aunt to take care of." Doudou replied.

Lu Qi was quite embarrassed to hear this auntie.

He frowned and asked, "Why do you call me auntie baby? Who is your uncle, so shameless!"

Could it be Fu Jingting?

But I didn't hear that Fu Jingting's family had a younger generation.

When Doudou heard Lu Qi say that his uncle was shameless, he couldn't help pouting, "It's Cheng Huai!"

"..." Lu Qi was stunned for a moment, then he raised his anger, "What? It's actually Cheng Huai's servant!"

Well, that servant actually gave his nephew to Rong Shu to take care of, and even asked his nephew to be called Rong Shu aunt.

Heh, who can't see Sima Zhao's heart so clearly.

This is no longer shameless, but shameless!

"Hurry up and call your uncle to pick you up." Lu Qi said angrily, "Really, I don't take care of my own children, why let my baby take care of them."

Doudou swayed his calf and told him regretfully, "I'm sorry, uncle, my uncle is on a business trip and is not in Haishi."

"What?" Lu Qi frowned, "He actually ran away?"

"No, it's a business trip!" Doudou corrected him.

Lu Qi waved his hand, "Whatever he did, anyway, in my opinion, he just ran away. Since he ran away, I'll settle the account with him when he comes back. As for you little guy..."

Lu Qi stared at him. Doudou looked at it for a few seconds, and finally sighed in frustration, "Forget it, what else can I do to you, little Douding, okay, little Douding, tell me, how did the baby get hurt?"

His expression became serious. Doudou ,

like a little adult, replied with a serious expression, "I don't know, my aunt said to go out to buy soy sauce, but she didn't come back for a long time, so I went downstairs to find her, called her, and found that Her cell phone rang in the stairwell, and when she went over, her aunt was already like that. Hearing this, Lu Qi clenched his fists, "

It seems that I have to make a trip to Repulse Bay and check the surveillance. "

Rong Shu's head was hit with such a big bag, and her wrist was also cut. This is obviously someone deliberately hurt. If it is murder, it

doesn't count.

If it is murder, it will not only kill Rong Shu. The wrist was cut like that. He had seen the scar on Rong Shu's wrist. The wound was circular, and the area was only a small area, about the size of a peanut, and not too deep.

Therefore, if the wrist is cut to kill, the injury must be in a straight line, and the wound will be deep, which will cut the artery and cause a lot of bleeding. Therefore, the person who injured Rong Shu definitely does not want to kill Rong Shu, otherwise why not directly Cut an artery?

And even the head only looks like a single blow. If you really want to kill someone, even if you don't cut your wrists, you will hit the head twice more, so that it is possible to kill someone, but the murderer didn't do that. .

In addition, Rong Shu's clothes are also neat, and it doesn't look like she has been violated, so what is the purpose of the person who hurt Rong Shu?

But no matter what the purpose is, he must investigate it clearly, and if he finds out, he will return it with a tooth for a tooth.

Lu Qi called a nurse and asked the nurse to guard Doudou.

After all, he was going to Repulse Bay, so he didn't feel relieved to leave Doudou alone, and it was very troublesome to bring him with him, so he simply asked someone to watch.

"Little devil, you stay here. I'll investigate this matter. When the baby comes out, call me immediately." Lu Qi wrote his number to Doudou and glanced at the call watch on Doudou's wrist. Say.

Doudou took the phone number and nodded his head, "I know, uncle, go ahead, you must catch

the bad guy." Lu Qi laughed, and couldn't help rubbing Doudou's little head, "Okay, it's up to you. You're more likable than that guy Cheng Huai, okay, I'm leaving."

After speaking, he took his hand back and left the hospital.

As soon as he walked out of the hospital gate, Lin Tianchen saw him and couldn't help squinting his eyes.

Lu Qi?

How is he here?

And looking at him, there seems to be blood on his body, who has an accident?

Just as he was thinking, Lin Tianchen was approached by a middle-aged man in a white coat. He said to him very politely and politely, "Professor Lin, welcome to our hospital, I will leave you for this operation."

"It's nothing, just send the medical equipment I want to my hospital in time." Lin Tianchen pushed down his glasses and said lightly.

The middle-aged doctor responded again and again, "Don't worry, I'll send someone over tomorrow. Now that the operating room is ready, can you go there now?"

"Yes, but there is something else." Lin Tianchen looked at he.

The middle-aged doctor nodded, "You said."

"The man who just went out, check what he did in your hospital." Lin Tianchen pointed to the direction where Lu Qi left.

Lu Qi was obviously healthy like that, so the blood was definitely not from Lu Qi.

Gu Manqing shook her head, "No, I'm fine."

Gu Yaotian adjusted his tie, "For this kind of thing, just let the servant go, there's no need to do it yourself."

After speaking, he called the servant over.

"Miss, give me the trash." The servant reached out to Gu Manqing.

Gu Manqing couldn't refuse in front of Gu Yaotian, so she could only hand over the garbage bag.

When she let go, she was obviously a little reluctant.

The servant also gave her a strange look, not understanding why it was just a bag of rubbish.

But the maid didn't think much about it and walked out the door with a garbage bag in hand.

Gu Manqing looked at the servant's back, and pinched her hands on both sides, as if she was nervous about something.

But soon, she let go of her hand again, and the whole person relaxed.

That's all, Gu's family is the only place to throw garbage anyway, no matter who throws that bag of things, the result will not change.

Thinking of this, Gu Manqing pursed her lips and smiled for a moment, and soon returned to her usual appearance. She looked at Gu Yaotian and asked, "By the way, Dad, Mom and I will go to the hospital to see my sister in a while, are you going?"

Gu Yaotian listened At this point, the old face suddenly sank, "That renegade girl is no longer our family caregiver. If there is anything to see, don't go if you tell your mother."

"Mom won't listen to me, after all, my sister will immediately I'm about to go to prison, my mother wants to see my sister before she goes in, so..." Gu Manqing lowered her head, her face full of embarrassment.

Gu Yaotian snorted, "I see, I'll tell her later."

Gu Manqing's eyes lit up, "Thank you, Dad."

Great, she didn't want to see Gu Manyin at all, but her mother insisted on her go with.

Now that my father has come forward, my mother should give up.

...

In the hospital, Fu Jingting looked at the nurse who came in to change the bottle for Rong Shu, "When will she wake up?"

The nurse took out Rong Shu's medical record and looked at it. "It's unclear for now. The patient has a moderate concussion and may not wake up until tomorrow." The day after

tomorrow...

it wasn't very long.

Fu Jingting felt relieved.

He was afraid it would take a long time to wake up.

Because the longer she woke up, the more seriously she was hurt.

The nurse went out after changing the bottle.

Fu Jingting looked at Lin Tianchen, "Can Rong Shu move in this situation?"

“Hey, surnamed Fu, what do you want to do?” Beside him, Lu Qi became dissatisfied when he heard this.

Lin Tianchen pushed his glasses, “Do you want to transfer her to another hospital?”

Fu Jingting nodded, “Yes, transferred to your hospital to facilitate her treatment.”

After all, Lin Tianchen’s first hospital was the best hospital in Haishi.

The medical equipment and so on are also top-notch, and when Rong Shu is there, he is more at ease.

However, Lin Tianchen hadn’t responded yet, and Lu Qi sneered, “Fu, it’s a lie for you to transfer your baby to a hospital and make it easier for him to get treatment. In fact, it’s true that you want to see her more easily, right?”

Fu Jingting His eyes flickered, and then he looked at Lu Qi, and said in a cold voice, “Whatever you think, but you can’t deny that transferring to another hospital can indeed allow Rong Shu to receive better treatment.”

This made Lu Qi choked. Unable to refute.

Indeed, although this hospital has a good reputation, it is indeed not as good as Lin Tianchen’s hospital.

In this case, for the sake of the baby, transfer to another hospital.

Thinking about it, Lu Qi made a compromise.

At this time, Lin Tianchen said, “I’m sorry to tell the two of you that Rong Shu is not suitable for transfer at the moment.”

“Why?” Fu Jingting frowned.

Lu Qi also looked at him.

Lin Tianchen spread his hands and replied, “She suffered a severe head injury. It’s best not to move it easily, otherwise it will be serious.”

It turned out to be the case.

Fu Jingting raised his chin slightly and said nothing.

Since Rong Shu can’t be transferred.

Then he will turn around.

Beside him, Lu Qi didn't know what Fu Jingting was thinking. He was relieved to hear that Rong Shu was not suitable for transfer.

Although he knew that it was better for Rong Shu to go to the First Hospital, it was not lawless here.

In order to keep the baby away from Fu Jingting, he had to feel sorry for the baby.

As for Lin Tianchen, he lowered his head slightly, and the reflective glasses covered his narrow eyes, so that no one could see what he was thinking at the moment.

Suddenly, footsteps came from the door.

Assistant Zhang came in and said, "Mr. Fu, it's time to ask for leave, we should go back to the First Hospital."

Lu Qi's eyes lit up instantly, and he waved his hands again and again, "Since your time is up, then you can go, hurry up, don't come in the future. Now, when the results of your investigation come out, just make a call."

Looking at his urging look, Fu Jingting's eyes turned cold.

don't come?

Oh, how is it possible!

He's coming over tonight, and he's living next door!

"Let's go." Fu Jingting retracted his gaze and replied lightly.

Assistant Zhang immediately came over to push the wheelchair.

Lin Tianchen shrugged, "Then I'll go back with you too. When I came, the director of the hospital personally picked me up. I didn't drive myself, so let's take your ride."

Fu Jingting Glancing at him, he didn't reject him, and pointed at the armrest of the wheelchair.

Assistant Zhang knowingly pushed him to the door.

Lin Tianchen put his hands in the pockets of his white coat and went out with him.

As soon as the three of them went out, they closed the door behind them.

Lin Tianchen and Assistant Zhang were fine, they didn't feel anything.

Fu Jingting looked cold at the closed door of the ward, and made a note in his heart.

On the way back to the first hospital.

Fu Jingting was watching the surveillance video sent by Assistant Zhang, which was exactly how Rong Shu was attacked.

Looking at the man in the video who couldn't tell the gender, raised a stick high and hit Rong Shu on the head, Fu Jingting only felt that his heart also trembled.

It knocked people unconscious with a single stick, and it is conceivable how much effort the person used at that time.

And Rong Shu, how painful it must have been at that time!

Fu Jingting clenched his phone tightly as if to burst it, his face gloomy and ugly.

Lin Tianchen, who was sitting in the co-pilot, turned around and said, "Can you show me? As a doctor, I know a lot about the human body. No matter how tightly wrapped this person is, I should be able to see something."

Fu Jingting Hearing this, he naturally had no objection and threw the phone to him.

Lin Tianchen raised his hand and grabbed it in the air, grabbed the phone accurately, turned his head back and looked at it.

Fu Jingting asked Assistant Zhang, who was driving, "Is there only this part of the monitoring, why is there no monitoring that Rong Shu's wrist was cut?"

"Mr. Lu said that he found Miss Rong in the safety stairwell, so I thought, that person It was the knife that moved Miss Rong's wrist in the safety stairwell, so after I finished the phone call, I went to the scene myself and found that there was no surveillance in the safety stairwell." Assistant Zhang replied.

Fu Jingting's thin lips pursed a little coldly, "Is there none of the buildings, or just the one of Rongshu?"

"It's none of them."

Fu Jingting's eyebrows twisted into Sichuan characters.

After all, Repulse Bay is also a high-end apartment complex, but the surveillance equipment is so lax!

Fu Jingting secretly decided to teach the developers of Repulse Bay a lesson, and then said in a cold voice, "Did the surveillance around the community take pictures of how that person appeared in Repulse Bay?"

"Yes, I asked the police, The police said yes, and they have taken the surveillance away for investigation, and will give us the answer later." Assistant Zhang replied.

Fu Jingting hummed and said nothing.

At this moment, Lin Tianchen suddenly said, "This is a woman!"

### Chapter 370

"You said the one who attacked Rong Shu was a woman?" Fu Jingting narrowed his eyes.

Lin Tianchen nodded, "Yes, although this person is very tightly wrapped and deliberately wears oversized clothes to hide his figure, the walking posture of this person and the occasional exposed wrist are enough to prove that this is a woman."

"It can't be Gu Manyin, right?" Assistant Zhang guessed, "Only Gu Manyin has hatred for Miss Rong."

Fu Jingting shook his head, "It's not her, she has been under 24-hour surveillance by the police and cannot leave the hospital at all. "

"That's right, it's not Gu Manyin." Lin Tianchen pushed his glasses and agreed with him, "I've seen Rong Shu's wrist injury. Judging from the messiness of the wound, it's the first time that woman has done it." This kind of thing should have been under a lot of pressure in my heart at the time, and my hands were shaking, which is why the wound was messy. Gu Manyin is a ruthless character. I have seen Gu Manyin with my own eyes. The cat's neck was twisted off, and its movements were neat and neat, so if it was Gu Manyin, Rong Shu's hands would probably be gone."

"Hey..." Assistant Zhang sucked in a breath, "That woman Gu Manyin really is Perverted."

Lin Tianchen curled his lips, "Perverted, I like this word."

Assistant Zhang twitched the corners of his mouth, he really couldn't understand, what is there to like about this word.

But Assistant Zhang still had some questions, "Even if Gu Manyin didn't do it herself, what if she bought someone to do it?"

“No, firstly, Gu Manyin couldn’t contact the outside world, and secondly, because of her hatred for Rong Shu. I mean, why did she buy someone to stun Rong Shu and cut Rong Shu’s wrist, wouldn’t it be better to just kill him?” Lin Tianchen asked him back.

“This...” Assistant Zhang was stunned for a moment.

Yes, Gu Manyin hated Miss Rong so much that she wanted to kill Miss Rong several times.

If you really want to attack Miss Rong, how could it be so light!

“Zhang Cheng.” Just as he was thinking, Assistant Zhang heard Fu Jingting calling him.

Assistant Zhang looked at the rearview mirror, “President Fu, what are your orders?”

“Check Meng Ke.” Fu Jingting said with narrowed eyes.

Assistant Zhang patted his forehead, “Yes, and Meng Ke, Meng Ke also has a grudge against Miss Rong, and Miss Rong sent her to the detention center twice, she must also hate Miss Rong very much, I actually Forget her, I know about President Fu, and I’ll send someone to check on her in a while.”

Fu Jingting nodded slightly.

Lin Tianchen held his head and suddenly said, “By the way, after finding out the person, can you give it to me?”

“To you?” Fu Jingting scrutinized him, “What do you want to do?”

Lin Tianchen’s eyes flashed a gloomy look The radiance and the smile on his face are even more creepy, “It’s nothing, I recently researched a new drug, but I couldn’t find a suitable tester. It happened that this person hurt Rong Shu, so she gave me the test drug. How’s it going?”

Fu Jingting frowned.

Assistant Zhang, who was driving, trembled even more, “Dr. Lin, your medicine is not some kind of poison, the kind that kills people, right?”

“Of course not, it’s a medicine for a certain disease, because it’s a new medicine, how much? Few of them will have side effects, so there is still no one who has signed up for the trial drug, so I will let you give them to me.” Lin Tianchen said with a smile.

His smile made Assistant Zhang feel even more frightening.

Fu Jingting looked at Lin Tianchen with deep eyes, "You are doing this to help Rong Shu breathe out, right?"

Lin Tianchen raised his eyebrows, noncommittal.

Fu Jingting pursed his lips, "I never asked you, why are you being so nice to Rong Shu all of a sudden? Do you like her?"

He stared at Lin Tianchen, his dark pupils seemed to want to see through Lin Tianchen.

However, Lin Tianchen laughed unhurriedly, "You are wrong, I don't like her, like my senior brother, I have no ordinary feelings, family, friendship, or even love, and it is destined not to appear in me. With someone like my brother, that is to say, I am not destined to fall in love with anyone, the reason why I am good to Rong Shu is not only because Rong Shu is my benefactor, but also because of curiosity."

Hearing Lin Tianchen Not loving Rong Shu, Fu Jingting breathed a sigh of relief.

There are enough people staring at Rong Shu.

He no longer wanted to see another one.

But he really wanted to know what Lin Tianchen was curious about.

Thinking about it, Fu Jingting also asked.

Lin Tianchen took off his glasses and wiped them, "I won't tell you this, it involves some kind of research of mine, which is a secret."

"Research?" Fu Jingting's face changed slightly, "You don't want to study Rong Shu, right? Lin Tianchen put on his glasses, "

Almost, but don't worry, it's not a clinical study, it's just an observation, it won't do any harm to her, she's my angel, how could I hurt her."

"I hope so, Otherwise, I will never let you go." Fu Jingting stared at him and said coldly.

Lin Tianchen shrugged his shoulders and didn't answer.

Suddenly, a cell phone rang.

Assistant Zhang said sorry, then quickly took the phone out of his pocket, looked at the caller ID, and answered immediately.

I don't know if the person on the other end of the phone said it, Assistant Zhang's face was a little bad.

When Fu Jingting saw it, his thin lips opened lightly, "What's wrong?"

"It's Director Liu of the group. Before that, Director Liu handed in a plan with a planned capital of 300 million yuan, and the plan was terrible, it was simply a loss of money, so he was arrested. I called back and didn't show you, now that Liu Dong knows, he is making trouble with the group." Assistant Zhang sighed and said helplessly.

Fu Jingting snorted coldly, "That old man Liu Fuhua, it's fake to want to start a new project, it's real if you want money, you've done a good job, don't pay attention to him, he can't make a fuss."

"Yes." Assistant Zhang nodded. .

"In addition." Fu Jingting said again.

Assistant Zhang responded, "What else is there to order from President Fu?"

"You will go through the transfer procedures for me in a while , and I will go to the Third Hospital." Fu Jingting said lightly.

Lin Tianchen raised his eyebrows.

Assistant Zhang almost choked on his own saliva.

The third hospital, isn't that the hospital where Miss Rong is now, and President Fu actually wants to move there.

Also, Miss Rong cannot be transferred to another hospital. Mr. Fu wants to see Miss Rong all the time, so Mr. Fu can only transfer himself.

This is indeed what Mr. Fu can do.

However, after Mr. Fu passed, Mr. Lu was probably going to be pissed to death.

"Okay, I'll go through the formalities immediately after I arrive at the First Hospital." Assistant Zhang replied with a cough.

Fu Jingting raised his chin, "Say hello to the Third Hospital, I want the ward next to Rong Shu."

Assistant Zhang rolled his eyes, but replied "Yes."

They are already moving to the Third Hospital Go, what's the point of asking for the ward next to Miss Rong.

So in the evening, Fu Jingting was transferred to the hospital smoothly.

After Lu Qi told the nurse to take good care of Rong Shu and Doudou, he was ready to go back.

As soon as he left the ward, he saw Assistant Zhang pushing Fu Jingting over.

Lu Qizhen was stunned, "Why are you here again?"

Fu Jingting straightened his wrinkled cuffs and said in a cold and indifferent voice, "Zhang Cheng, tell him why we are here again."

Assistant Zhang looked down at the man in the wheelchair, and the corners of his mouth twitched.

Don't think he doesn't know, President Fu just wants him to be angry with Mr. Lu.

But who asked Fu to be the boss? Although he sympathized with Mr. Lu, he could only do as he did. Who asked him to be President Fu's migrant worker.

"That's Mr. Lu. President Fu will receive follow-up treatment in the third hospital in the future. He just transferred to the hospital this afternoon and lives next door." Assistant Zhang pointed to the next ward and replied with a smile.

"What?" Lu Qi's eyes widened in shock.
