Chapter 371 Rong Shu Blind

Seeing that his words had been conveyed, Assistant Zhang pushed Fu Jingting to the next ward and left it to Lu Qi to digest.

Lu Qi digested it for about two minutes before he regained his senses. The voices of Fu Jingting and Fu Jingting were no longer in front of him.

“Shit!” Lu Qi stomped his feet.

Fu Jingting is too shameless. During the day, he sent the baby to the hospital, but the baby couldn't be transferred, so he turned over by himself.

So cheeky, it's just outrageous!

Lu Qi was trembling with anger, but there was nothing he could do.

It's all like this, what can he do?

You can't drive Fu Jingting away, can you?

Not to mention that this is not his hospital, and he really has no ability to drive Fu Jingting away.

The only thing he can do now is to tell the nurses not to open the door for Fu Jingting after he leaves, let alone give Fu Jingting a chance to contact Rong Shu.

Thinking of this, Lu Qi immediately turned around and quickly entered the ward.

After seeing the nurses' repeated assurances that no one other than the nurses would be allowed in, did they leave with confidence.

Shortly after he left, Fu Jingting changed into the hospital uniform and asked Assistant Zhang to push him to the door of Rong Shu's ward.

Assistant Zhang raised his hand and knocked on the door.

The nurse walked behind the door, looked at Assistant Zhang through the glass on the door, “Who are you?”

“Hello, my surname is Zhang, my boss is Miss Rong...” Assistant Zhang frowned, not knowing. How to express Fu Jingting's identity.

Speaking of ex-husband, Mr. Fu is definitely not happy.

Talk about a boyfriend, but it's not.

Speaking of friends...

Did Miss Rong recognize that Fu was always a friend? Probably not!

Besides, Mr. Fu definitely doesn't want to be friends with Miss Rong, so this title...

Just when Assistant Zhang was about to throw the ball to Fu Jingting and let Fu Jingting think of a title for him.

The nurse inside the door suddenly looked vigilant, "Your surname is Zhang? Is your boss surnamed Fu?"

"Yes, how did you know?" Assistant Zhang was surprised.

The nurse waved his hands again and again, "Come on, hurry up, I won't open the door for you. Mr. Lu said that as long as you come, he will keep you out, and no one except the medical staff is allowed to come in, so Hurry up."

After saying this, the nurse turned around and left the door.

Assistant Zhang and Fu Jingting looked at each other.

Fu Jingting never thought that Lu Qi would actually give such an order to the nurse.

For a time, his face was a little ugly.

Assistant Zhang touched the tip of his nose and asked, "Mr. Fu, why don't we go back."

"No!" Fu Jingting raised his hand.

He has come, why did he leave?

"Go, call a nurse over here." Fu Jingting squinted and instructed.

Doesn't it mean that as long as there are medical staff, the door can be opened?

If that's the case, then he'll start all over the place.

Assistant Zhang's eyes lit up, he immediately understood what Fu Jingting meant, released the armrest of the wheelchair, and went to the nurse.

Soon, the nurse came.

Assistant Zhang knocked on the door again.

The nurse came to the door, saw Assistant Zhang's face, his expression collapsed, and he was about to leave again.

At this time, Assistant Zhang pulled the nurse to him.

Looking at the nurse, the nurse was stunned, a little overwhelmed.

So now, is she on or off?

Mr. Lu said that the door will be opened when there are medical staff.

But after opening the door, those two people will definitely come in...

The nurse scratched his hair, and the whole person was entangled.

Outside the door, Assistant Zhang saw that the nurse still hadn't opened the door, the smile on his face faded, and he said solemnly, "Is the nurse here still not opening the door? The nurse is here to check Miss Rong. You delay the check if you don't start work. Are you responsible for something?"

A big mountain pressed down on the nurse, and the nurse no longer hesitated and hurriedly opened the door.

Just kidding, if something goes wrong, where is she to blame, so let them in.

If Mr. Lu asked about it tomorrow, she said that they hadn't come in before.

The door opened and the nurse stepped aside.

Assistant Zhang pushed Fu Jingting in, and when he passed by the nurse, he did not forget to boast, "You're good at it."

Haha.

The nurse rolled her eyes.

Is she wanting to have fun?

Obviously he was threatening her!

Not daring to say anything, the nurse closed the door.

Although the nurse was pulled by Assistant Zhang as the key, she still took a serious look at Rong Shu's situation before leaving.

Assistant Zhang also left together, and when he left, he took the nurse out with him.

As for Doudou, it's just a child who fell asleep on the sofa, and it doesn't affect President Fu and Miss Rong being alone.

Fu Jingting sat down beside Rong Shu's hospital bed, and his eyes fell gently on Rong Shu's face.

This was the first time he had stayed by her side and looked at her so quietly.

This is also the case, she will not alienate him and resist him.

Fu Jingting stretched out his hand, held Rong Shu's hand, lowered his head and kissed the back of her hand lightly.

Her hand was very cold, and Fu Jingting didn't hold it for long before putting it into the quilt.

After that, Fu Jingting stayed with her silently and looked at her.

It was not until the second half of the night that Assistant Zhang called him away.

During the few hours with Rong Shu, Fu Jingting was more relaxed and willing than ever.

At the same time, he also knew that that was when he was closest to her.

The night passed slowly.

Rong Shu woke up at noon the next day.

When he woke up, Lu Qi was leaning on the edge of the hospital bed with his back to Rong Shu on the phone.

Hearing the muffled sound, Lu Qi was stunned at first, then quickly put down the phone and turned his head in surprise.

Seeing Rong Shu's eyes open, she smiled happily, "Baby, it's great, you finally woke up!"

Rong Shu blinked, "Aqi?"

"It's me." Lu Qi stretched out his hand and grabbed it her hand.

Rong Shu felt him and breathed a sigh of relief, "Aqi, where am I?"

"In the hospital." Lu Qi replied strangely.

This room was a ward at a glance.

So why doesn't she even recognize where she is?

"By the way, baby, you don't feel any discomfort. I'll call the doctor over here." Lu Qi didn't think about it, and asked again.

Rong Shu rubbed his temples, "I feel dizzy and feel nauseated, my mind is heavy, as if something is swaying."

Hearing this, Lu Qi was immediately nervous and quickly pressed the emergency button on the bedside. .

Rong Shu looked at the dark ceiling and asked in confusion, "Aqi, it's already night, why don't you turn on the lights?"

Papa!

The water glass in Lu Qi's hand slid from his hand and fell to the ground.

But Lu Qi couldn't care about it now, he hurried to the hospital bed, looked down at Rong Shu, his voice trembled in panic, "Baby, what did you just say, it's night now?"

"Yeah, what's wrong? "Rong Shu blinked suspiciously.

Lu Qi looked at her without highlights and dilated pupils, his face gradually became pale, and he reached out and waved in front of her.

Rong Shu didn't respond.

Lu Qi took a step back in shock. It took a long while to find his voice, and he said dryly, "Baby, now...it's daytime!" The

air suddenly became quiet.

The doubts on Rong Shu's face also slowly solidified.

After a long time, she raised her hand and put it in front of her, wanting to see if she was blind.

However, after holding it for a long time, she didn't see anything, all she saw was darkness.

At this moment, Rong Shu could no longer deceive herself.

She really can't see!

The fear of blindness surged into his heart, Rong Shu's body trembled, and tears rolled down involuntarily.

She is really scared now and doesn't know what to do.

After all, what can a blind man do?

Can't see anything, how can we talk about the development of Tiansheng, how can we talk about revenge?

I am afraid that even the enemy is standing in front of you, do not know it!

Chapter 372

Looking at Rong Shu who is getting more and more excited.

Lu Qi was very distressed.

He hugged her, "Darling, don't be afraid, maybe it's just temporary, the situation is not as serious as we thought."

Then, he tapped the emergency call at the head of the bed a few times.

Rong Shu didn't listen to Lu Qi's comfort.

Because she is now only immersed in the panic of blindness, and can't hear anything.

Even if you hear it, how can you believe it?

They are all blind, how could it be temporary!

Anyway, she had never heard of a blind person who was only temporarily blind.

Rong Shu closed her eyes and shed tears silently, her whole person fell into autism.

Lu Qi knew that when she was in this state, no matter what outsiders said, it was useless.

Now, he could only pray for good news from the doctor.

Lu Qi clenched his fists and looked at Rong Shu sadly.

Why did he tease the baby like this tomorrow?

It's not enough to hurt the baby, but also to be blind, doesn't God think that he is too cruel?

Outside the ward, a group of doctors and nurses rushed over.

In the ward next door, Assistant Zhang came out to take a look. He happened to see the group of doctors and nurses entering Rong Shu's ward. His face was filled with joy, and he was not ready to return to the group. He quickly turned back to the ward and said to Fu Jingting, "Mr. Fu, okay. News, Miss Rong is awake!"

If Miss Rong hadn't woken up, why would so many doctors and nurses go over there.

On the hospital bed, Fu Jingting, who was processing the documents, heard this, slammed the documents and got out of bed, without even sitting in the wheelchair, and walked directly to the next door.

As soon as he entered the door, Fu Jingting heard Lu Qi shouting eagerly, "Doctor, look at her eyes, her eyes are blind!"

Fu Jingting's expression changed.

Rong Shu is blind?

Fu Jingting strode to the hospital bed.

Assistant Zhang at the door was also stunned.

Miss Rong can't see!

How can things be like this?

Fu Jingting came to the side of the hospital bed and looked at Rong Shu who was lying on it, staring at the ceiling blankly. He lowered his head and asked in a tight voice, "Rong Shu, can you see me?"

Rong Shu didn't respond.

She looked like she couldn't even hear her.

Fu Jingting couldn't do anything, and he didn't want to disturb the doctor to diagnose and treat her, so he could only turn to Lu Qi, "Lu Qi, what's the matter, why can't she see?"

"You ask me, who should I ask?" Lu Qi's eyes Scarlet replied.

He was the first to know that the baby was invisible.

So he wants to know more than anyone why the baby can't see.

Fu Jingting looked at Lu Qi for a while, and after confirming that Lu Qi really didn't know, he withdrew his gaze and put his eyes on Rong Shu again. The worry in his eyes was undisguised. He was restless.

After a while, the doctor finished the examination.

Both men approached.

In the end, it was Fu Jingting who asked first, "Doctor, how is she?"

Rong Shu on the hospital bed finally reacted, her eyelashes trembled.

Obviously, she also wanted to know the answer.

The doctor put away the small flashlight and replied, "This lady's blindness should be related to the head injury."

"Can that be recovered?" Fu Jingting asked again with narrowed eyes.

The doctor shook his head, "I can't answer for the time being. It needs to be checked with professional equipment to determine what caused this young lady's blindness. Only by clarifying this can I know if I can recover.

"Then, Lu Qi squeezed his fist and urged, "What are you still doing, then use professional equipment to check, I'll go to register!"

He quickly ran out of the ward.

Fu Jingting looked at Rong Shu, wanted to touch her, and told her not to worry.

But in the end, when his hand was in front of Rong Shu, he took it back.

Because he knew that when she was awake, he would not want her to touch her.

Then he won't touch it!

Fu Jingting took a breath and looked at Rong Shu seriously and tenderly, "Don't worry, it will be fine, if you can't be cured here, I'll take you to another hospital, if it doesn't work, go abroad and find the best doctor, it will definitely heal your eyes."

Although Rong Shu couldn't see Fu Jingting, he could probably sense where he was based on his voice.

She turned her head slightly to Fu Jingting's direction, and 'looked' at him with two empty eyes.

Her lips parted, as if trying to say something.

Fu Jingting lowered his eyes and cut off, "Okay, if you have anything to say, wait until your eyes are healed. Doctor, take her to the examination room first."

He knew that she was going to say that she didn't need him or his help.

And he didn't want to hear it.

He just wanted to do something for her, not to ask her forgiveness, but just to make up for all the hurts he had done to her in the past.

Faced with Fu Jingting's strong orders, the doctor naturally did not dare to object, and hurriedly asked the nurse to unload the hospital bed and push it to the examination room.

Outside the inspection room, Fu Jingting and Lu Qi were waiting anxiously.

Doudou is also there.

Before, Doudou was taken by the nurse to the hospital cafeteria for lunch, so she was not in the ward. After returning to the ward, she found out that Rong Shu had entered the examination room again, so she asked the nurse to bring herself over.

Rong Shu's inspection time was very long.

But neither Fu Jingting nor Lu Qi was impatient.

Even Doudou has been sitting quietly in the row of chairs, waiting with them without shouting at all.

After waiting for almost two hours, Rong Shu was pushed out.

Fu Jingting and Lu Wei looked like this, and hurried forward, occupying one side of the pusher.

Doudou was led by the nurse and followed behind.

On the way back to the ward, Fu Jingting asked the nurse, "Have the test results come out?"

"Not yet, the doctor is analyzing, it will take a while." The nurse shook her head and replied.

A trace of disappointment flashed in Fu Jingting's eyes.

So did Lu Qi.

But they didn't continue to say anything, and quietly followed them back to the ward.

About half an hour later, the doctor in charge of examining Rong Shu's eyes came along with Lin Tianchen.

When Lin Tianchen came, he happened to meet the doctor, and the two chatted in the elevator for a while.

Knowing that Rong Shu could not see, Lin Tianchen's expression became serious.

However, after learning that the inspection was over, I was relieved.

So at this moment, he doesn't seem to want to be like Fu Jingting and Lu Qi at all, so he can't be worried.

"Miss Rong's examination results are out." The doctor handed the examination report to Fu Jingting, "Miss Rong has a blood clot in her head, and the blood clot compresses the optic nerve, which is why she is blind."

"Can that be recovered?" Lu What I want to know most is this.

And it's what other people, including Rong Shu, want to know the most.

"Of course, after the blood clot has dissipated, the vision will recover on its own." Lin Tianchen replied on behalf of the doctor.

Hearing this, everyone was happy.

Lu Qi took Rong Shu's hand and said excitedly, "Darling, did you hear? It can be recovered. Your eyes are fine and can be recovered."

"I know, I heard it." Rong Shu finally spoke, her voice All trembling and choking.

She is happy, she doesn't have to be a blind man.

She can continue to develop Tiansheng and continue to avenge her father.

Originally, she really thought she was going to be blind, but she would be fine in another village.

Her eyes, as Ah Qi said, were temporarily blind.

Fu Jingting looked at Rong Shu and Lu Qi's hands together, his thin lips pursed, and the joy that Rong Shu's eyes were fine faded a lot.

Chapter 373 The police officer's sympathy

He wanted to step forward and separate the two.

But looking at Rong Shu who came out of autism and showed a smile, she finally suppressed the idea.

Well, let her be happy.

But only this time.

Next time, he must separate them.

Fu Jingting grasped the inspection report in his hand and thought.

Lin Tianchen looked at his jealous look, and the corner of his mouth tickled.

It's really fun.

Emotions are like gu poison, they can affect people's emotions anytime and anywhere, and make themselves different from themselves.

Fortunately, he has no troubles in this regard.

Suddenly, there was a knock on the door.

Except for Rong Shu, everyone else looked towards the door. They were two people in police uniforms, and they should have come because of Rong Shu's attack.

"Sorry to disturb everyone, we heard that Miss Rong has woken up, so we came to find Miss Rong to understand some things." The leading police officer said.

Rong Shu said, "Come in." The

two policemen walked in with their feet raised.

Walking to the hospital bed, the two police officers looked at Rong Shu with a hint of sympathy in their eyes.

They have never seen anyone more unlucky than this Miss Rong. In just a few months, they have called the police so many times, and they have become mature people with their police station.

Naturally, the two police officers would not express their thoughts in front of Rong Shu, and asked with a light cough, "Miss Rong, about your attack, do you have anything to do with it? Opinion, after all, who have you offended recently?"

"Our darlings won't offend anyone, but those people took the initiative to offend our darlings." Lu Qi was dissatisfied with the police officer's words and couldn't help but interject.

Rong Shu frowned, "Aqi, don't make trouble."

Lu Qi pouted and stopped talking.

Only then did Rong Shu speak, "Sorry, my friend is impulsive, don't take offense."

"It's okay, we understand." The two police officers waved their hands and said they didn't care.

Rong Shu replied, "Actually, I have to say who I have offended. There are quite a few people I have offended recently, the Gu family, the couple, Gu Manyin, and Meng Ke. Gu Manyin can be ruled out, but it's definitely not her. As for the other three, I don't know if it's because I was knocked unconscious at the time, I didn't see what the person looked like, and I didn't even know whether the other person was a man or a woman."

The

reason why she excluded Gu Manyin was the same as Fu Jingting.

First of all, Gu Manyin was already under surveillance, and it was impossible to take action. Even if someone were to take action, it would definitely kill her. Why only hit her head and hurt her wrist?

So this is obviously not Gu Manyin's style of doing things.

The two police officers had no doubts about Rong Shu's answer.

They saw how she was knocked out, and she did faint on the spot without seeing each other.

"The one who attacked you, Miss Rong, was a woman," said a police officer.

Rong Shu was slightly surprised, "Female? So, maybe it's Meng Ke or Madam Gu?"

In fact, in her opinion, the possibility of being Madam Gu is not high.

Although she did not have any direct hatred with Madam Gu, she sent Gu Manyin, whom Madam Gu loved dearly, to prison, and she also had a grudge against Gu

Yaotian, and because of her father, Madam Gu must also hate her. If she starts, it must be very heavy.

Then, only Meng Ke is left.

However, Fu Jingting suddenly said, "It's not Meng Ke."

Everyone looked at him.

Although Rong Shu couldn't see it, he also looked over.

Fu Jingting looked at the two police officers and said, "I also suspected Meng Ke yesterday, so I asked someone to investigate Meng Ke. Meng Ke didn't go out, and her finances were frozen, so it was impossible to find someone to deal with Rong Shu. , because Meng Ke asked someone to intimidate Rong Shu last time, so Chairman Meng froze all her property, including cash."

Hearing this, Rong Shu frowned tightly.

Not even Meng Ke, who could that be?

The two police officers seemed to see what Rong Shu was thinking, and after looking at each other, they took out their mobile phones, "Miss Rong, we have surveillance cameras where you were attacked. Yan Shi, but if you know him, you should feel familiar."

"Sorry, I can't see it." Rong Shu shook his head with a wry smile.

The two policemen were puzzled.

Lu Qi answered before they asked, "Because baby's eyes can't see."

"What?" The two police officers were surprised, "Why can't you see?"

"About this, let me answer." Lin Tianchen, who didn't speak, suddenly pushed his glasses and explained the reason why Rong Shu couldn't see.

After the two police officers heard it, they sympathized with Rong Shu even more.

"Sorry Miss Rong, we didn't know." The two police officers apologized.

Rong Shu smiled, "It doesn't matter, it's only temporary, but now, I really can't help you by watching the surveillance, but you can describe the appearance of this woman to me, maybe I will have an impression.

" Okay." The two officers nodded and began to describe.

The more Rong Shu listened, the deeper the frown became.

She always thought that the person who attacked her, at most, did a little disguise, such as wearing a mask and hat, so that she could figure out who the person might be based on her figure or height.

But I didn't expect that it was actually fully armed, not only wearing wide clothes to block the figure, but also wearing a pair of shoes that increased in size, hiding all the height of the figure.

How could she even think about who she was in such a dress?

"This person is pretending to be a man on purpose." Lin Tianchen said while playing with the scalpel.

"Yes, this person knows that there is surveillance in the community, but she doesn't know where the surveillance is installed, so in order not to be recognized, she dressed like this, pretending to be a man, in order to lead our thinking in this direction. Let us think that the one who attacked you is a man, so she is more likely not to be found out." Fu Jingting nodded.

Lu Qi also went on to say, "Unfortunately, her outfit is not perfect, and some small details are still exposed by women." The

two police officers said, "We at the appraisal department have made calculations based on monitoring, and roughly calculated This person's height and weight."

"Oh?" Rong Shu came to the spirit.

The two police officers said, "Through technical means, we used the formula of human body proportion data to calculate that this person is about 1.58 meters tall and weighs 90. So Miss Rong, can you think about it, is there such a person around you?"

Rong Shu started to think.

After thinking about it for two minutes, she shook her head, "No, the people around me are all tall, no one is more than 1.5 meters."

Having said that, she always felt that she had overlooked something.

But what had been overlooked, she couldn't remember.

Fu Jingting's three men were also helping to think, but they did not expect that there were people who matched this physical data beside Rong Shu.

The two police officers nodded when they saw what Rong Shu said, "We know, then it seems that the person who attacked you, Miss Rong, is most likely a hired thug. If this is the case, the case will be even more troublesome. It's not enough to catch the person who beat people, and the people behind them should also be found."

Rong Shu nodded in agreement.

At this time, Fu Jingting suddenly looked at the two police officers, "Didn't you transfer the surveillance of that person in Repulse Bay yesterday? How did that person appear? You should already have the results of the investigation."

Hearing this, Lu Qi quickly said, "Yes, as long as you find out how that person appeared, maybe you can find him."

### Chapter 374

"About this, we did investigate. According to the surveillance inside the Repulse Bay community and the surveillance outside the Repulse Bay community, we saw that this person came in a taxi, and after arriving at Repulse Bay, this person stayed there. Next to the open-air swimming pool in the community, I didn't leave the swimming pool until Miss Rong appeared, followed behind Miss Rong, and when she left after attacking Miss Rong, she also took a taxi." The two police officers said.

Rong Shu bit her lip, "Is this person cautious or big-hearted when I come and go in a taxi?" I

want to say that he is big-hearted, and he knows that he wraps himself tightly in order not to be found out.

And to be cautious, he even revealed his whereabouts by taking a taxi, which makes it impossible to guess what that person thinks.

"Since you're coming and going by taxi, the surveillance camera should have captured the taxi's license plate, so you should also know where this person got on and where did he get off?" Fu Jingting pursed his lips.

"Yes, we found the two taxi drivers, because this person dressed very strangely, so the two drivers were very impressed, this person stopped the taxi at the department store on the north side of the city, and finally stopped in the west of the city. The car under the city village over there."

"The city village!" Lu Qi's eyes brightened, "Could that person live in the city village?"

"We naturally thought about this possibility, so we have already sent plainclothes to reconnaissance. Yes, but because there is no surveillance in the urban village, the time may be a little longer." The two police officers said.

Lin Tianchen pushed his glasses and said, "I can't figure it out, why did this person come from the department store? It's about tens of kilometers away from Repulse Bay."

This question also happened to be the place where Rong Shu was most puzzled.

Fu Jingting looked at the two police officers, "You should also investigate, right?"

The two police officers nodded, "That's right, we have obtained the surveillance from the department store, and it shows that this person appeared in the department store at noon. After he appeared, he stayed in the lobby on the first floor of the department store. It wasn't until 5:00 p.m. that this person went to the bathroom, and after coming out, he went straight out of the department store to stop the car and went to Repulse Bay, but we didn't find out how this person got to the department store.

"Didn't find it? Didn't the surveillance near the department store take her in?" Lu Qi said dissatisfiedly.

The two police officers shook their heads apologetically, "Mr. Lu, you are really right, we have watched the surveillance near the department store, and there is indeed no voice of this person, so this person seems to have suddenly appeared in the department store. "

This person is in disguise!" Fu Jingting squinted his eyes, and his tone was very positive, "It's not that the surveillance camera near the department store didn't take pictures of this woman, it's that the woman hasn't changed into that dress, so you can't recognize it. In other words, this person changed his clothes after entering the department store, so it can be explained by appearing out of thin air."

"Hi..." The two police officers were startled.

Because of this, they really didn't expect it.

They were still wondering how this person appeared, but they didn't expect that it might be a later disguise.

"I also agree with President Fu's statement." Lin Tianchen said, wrapping his arms.

Although Lu Qi hated Fu Jingting, this time, he rarely disagreed because he agreed.

Rong Shu lowered her eyes and thought for a while, then suddenly asked, "You have that person's body data, can you use the exclusion method to target the suspect?"

Before the two police officers answered, Fu Jingting answered her first, "No way. There are too many people in the department store, and there are definitely not a few people of the same height and figure, and they cannot be locked at all!"

“President Fu said that if you really want to lock down, there will be at least a few hundred people, and these hundreds of people may not all be nearby. It is possible that many of the residents are from other parts of the city or from other places, so it is impossible for us to visit every household to inquire and summon, and the workload is too much.” The two police officers also said.

Rong Shu was silent.

Lu Qi patted her on the shoulder and comforted her, “It doesn’t matter, baby, isn’t that person in the car in the city and the village? Many people must have seen her in her outfit, and we will definitely be able to catch her.”

Rong Shu He squeezed the corners of his mouth, barely showing a smile, and hummed.

“It’s getting late, and we won’t disturb Miss Rong. You have a rest. Go back to the police station first. If there is any progress, we will notify you in time.” The two police officers stood up.

Rong Shu nodded slightly, “Okay, sorry to bother you, walk slowly, Aqi, send the two of you off.” “Okay

.” Lu Qi responded and sent the two out.

There were only three people left in the ward.

Fu Jingting looked at her and said, “The police are not staffed enough, it will take a long time to ask the residents of the urban village to get results, so I will send a group of people to help the police to ask questions together, I believe there will be results soon. Rong Shu pursed her lips, “

Fu Jingting, can you not interfere in my affairs? I finally repaid you a favor, and there is still a lot to pay, so I don’t want to owe more and more.

” A favor?

A trace of doubt flashed in Fu Jingting’s eyes.

How could he not understand.

But without thinking too much, Fu Jingting lowered his eyes and said softly, “I did this not to make you owe me favor, so you don’t need to pay it back, I just want to do something for you.”

“But I don’t need it, Fu Jingting. , I don’t need you to understand?” Rong Shu patted the quilt angrily.

Beside him, Lin Tianchen was leaning against the cold wall, watching the play with great fun.

Fu Jingting sat down beside the hospital bed and looked at her seriously, "No, what you need, you are not strong enough now, and you can't even protect yourself, so you need someone behind you!"

"But that person can be Aqi or Xiaochuan, but it's definitely not you." Although Rong Shu couldn't see him, her eyes were firm.

Fu Jingting felt a little uncomfortable in his heart, but he couldn't see anything on his face, "But Lu Qi and Li Chuan have no ability to protect you all the time, their power is not enough."

"It doesn't matter, I never planned to rely on them to strengthen myself anyway, so Fu Jingting, Put away your thoughts, I'm still saying that, I don't need your intervention, I'll be very annoying!" Rong Shu warned him coldly.

Fu Jingting laughed instead, "It's like if I don't intervene, you won't bother me."

"..." The corner of Rong Shu's mouth twitched, she really couldn't refute this.

Seeing that she didn't respond, Fu Jingting suppressed the dullness in his heart and chuckled, "Look, since you're annoying me anyway, I'm not afraid of doing something that annoys you, because the result is the same, rest well. Well, I'll go and order someone to go to the village in the city to have a look, and I'll let you know when there's a result."

After he finished speaking, he got up and went out.

Rong Shu heard his footsteps, angry and helpless.

Furious with Fu Jingting's thick skin, he was helpless for his persistence.

And such a person, she often doesn't know what to do with the other party!

"Okay, everyone is going out now, it's just me and you." Lin Tianchen said suddenly.

Rong Shu turned to him following the sound, "Are you still there?"

He didn't say a word, she thought he had already left.

Lin Tianchen pushed his glasses and smiled, "It seems that my presence with you is really low, you don't even know if I am there."

Rong Shu was a little embarrassed, "I'm sorry, I can't see, so ..."

### Chapter 375

“Okay, just kidding, let’s get down to business.” Lin Tianchen put his hands in the pockets of his white coat and looked at her seriously, “Rong Shu, do you have any thoughts on the red mole on your left wrist?”

“What do you think about the red mole?” Rong Shu didn’t know why.

Lin Tianchen’s glasses reflected light, “Because the person who attacked you this time, the real purpose is to destroy the red mole on your wrist.”

“What?” Rong Shu was stunned, “destroyed the red mole on my wrist?”

” Yes, you don’t know what your wrist injury looks like, but I know that your wrist injury is a circle, only a little bigger than a red mole, so it can be seen that that person is trying to destroy your red mole. The mole made you faint.”

“Is that so?” Rong Shu stroked the bandaged left wrist with her right hand.

Lin Tianchen came over, “That’s why I asked you, do you have any opinion on this red mole, or does this red mole represent something, so that person destroyed it.”

Rong Shu’s eyes lost the light. Bewildered, he shook his head and replied, “I don’t know, this red mole of mine is born, what does it represent?” If it

really represents what, she, the owner of the red mole, has no reason not to know.

She was saying that it was just a red mole, she really didn’t understand why it would make people uncomfortable.

“Well, it seems that your red mole has a very deep secret. You, the master, don’t know it, but I can be sure of one thing.” Lin Tianchen pulled out a hand and touched his chin, “That’s it. A red mole may pose a threat to people, so that person is eager to destroy it.”

This is what he came up with based on psychological analysis.

And apart from this, he couldn’t explain what was worth remembering about this red mole.

“Threat...” Rong Shu lowered her head and read these two words softly, her heart full of irony.

Can it not be ironic, without her knowing, there is another enemy.

And she felt that her existence was like a threat to everyone, such as Gu Manyin, and this one now.

She was the one who threatened Gu Manyin before, so Gu Manyin wanted to kill her, thinking that she would be able to stay with Fu Jingting for a long time.

And now, even a mole on her body has become a threat to others.

What is it that becomes a threat to others, hair? Or dead skin?

Seeing Rong Shu's exhaustion, Lin Tianchen adjusted the slope of the hospital bed for her, "Think for the better, although this person also regards you as a threat, she didn't come to kill you, otherwise she would just kill you. Wouldn't it be better for you? But she just ruined your mole, so I think next, she shouldn't do anything to you again, after all, there is no threat to her in you anymore, as for what kind of threat, It will be clear when you catch someone. Okay, go to sleep for a while, your concussion is not healed yet, you need more rest, or you will feel nauseated for a while."

Rong Shu nodded slightly and said, "I know, Thank you."

To be honest, she was starting to feel nauseous and nauseous, and her head was even more dizzy.

Rong Shu closed her eyes, turned her head slightly to one side, and quickly fell asleep.

Lin Tianchen listened to her steady breathing, turned around and went out.

North of the city, the village in the city.

Some uncles and aunts sat under the big tree, looked at the police officers and the bodyguards in black, and talked in a low voice.

"Look, there is another group of people, what do you think these people are doing?"

"I don't know, but there are police officers. It is estimated that someone in our place has committed a crime. Come and arrest them."

"No It's Lao Chen's house, I heard that Lao Chen sent his daughter-in-law to the hospital last night."

"It shouldn't be, to arrest Lao Chen, you don't need so many people, just a few police officers, why bother? Those bodyguards who look like underworld forces? So in my opinion, some fugitive criminals have come to us."

“ ”  
... ”

Uncles and aunts are chatting, gossiping is not good.

Not far away on the roadside, in a black Mercedes-Benz, Gu Manqing looked at the police officers and bodyguards through the car window, with an incomprehensible look in his eyes.

The driver in the front seat turned his head and asked in confusion, “Miss, are you going to get off?”

“No, I’ll take a look in the car.” Gu Man replied with a smile.

The driver was very puzzled, “Miss, why are you here?”

“I have a fellow living here, so I wanted to come and see her, but just now she sent me a text message saying that there were guests at home and asked me to come next time. Come again.” Gu Manqing said softly, the two hands on his knees clenched tightly.

Due to the tight grip, her finger joints were all white, showing the tension and unease in her heart at the moment.

The driver didn’t see it and nodded, “So that’s the case, shall we go back?”

“Let’s go back.” Gu Manqing lowered her eyelids.

Should be all right.

She arranged it so well, it will definitely be fine!

The car turned around and quickly left here.

Not long after Gu Manqing left, the bodyguards and police officers of the urban village took a woman out.

The woman was 1.58 meters tall, with a thin body and looked about 80 to 90 pounds. Suddenly, it was the same as what the two police officers described in Rong Shu’s room.

Third Hospital.

Fu Jingting had already received the call, and upon hearing the news, a glint of light flashed in his eyes.

After he hung up the phone, Lin Tianchen asked, "I'm very happy to see you, how are you, someone caught it?"

Beside him, Lu Qi, who was about to go back first, came out of the ward calmly, just when he heard this, he was refreshed. Then he quickly walked towards Fu Jingting and Lin Tianchen.

"What did you just say? The person who attacked the baby was caught?" Lu Qi asked eagerly.

Fu Jingting glanced at him and did not answer.

Lin Tianchen answered him, "Looking at Mr. Fu's appearance, it seems so!"

"Great!" Lu Qi clenched his fist, "Where is that person now?"

Lin Tianchen looked at Fu Jingting.

Fu Jingting put away his phone, "I've sent it to the police station, ready for interrogation."

"Then I'm going too, I want to hear with my own ears, why did that woman do this!"

After speaking, Lu Qi quickly walked towards the elevator go with.

Lin Tianchen raised his eyebrows, but did not stop him, he pushed his glasses and said, "By the way, tell the police, after the interrogation is over, hand the person over to me and let me test the medicine. I believe that with your ability, You can do it, otherwise Gu Manyin wouldn't be able to be sentenced so quickly, and even the steps of the court trial will be omitted."

Fu Jingting glanced at him lightly, "I know, when Rong Shu wakes up, she understands the woman's identity. I'll say hello to the police again, but don't kill me."

"Don't worry." Lin Tianchen smiled deeply.

Fu Jingting ignored him and walked into Rong Shu's ward.

When Rong Shu woke up, it was already night.

When she opened her eyes, it was still dark, and she couldn't see anything, but she didn't look as frightened as in the daytime.

Maybe she knew that her blindness was only temporary, so she has now calmly accepted the fact that she can't see.

Moreover, she also told herself in her heart that she must get used to this invisible life as soon as possible until her eyesight was restored.

“Aqi!” Rong Shu stretched out her hand in the air and shouted.

Fu Jingting was looking down at the phone when he suddenly heard her voice, only to realize that she had woken up and was calling out the names of other men.

Fu Jingting’s face sank immediately, his heart was sour, but he stood up and reached out and held her hand, “It’s me!”

### Chapter 376 Two Good News

Rong Shu was stunned for a moment, then realized that it was not Lu Qi who was holding her, and after Fu Jingting, he hurriedly pulled out his hand, trying to pull it out.

But Fu Jingting tightened his grip.

Rong Shu couldn’t break free, her face was flushed, and she shouted angrily, “Fu Jingting, what are you trying to do!

” I’ll let you go, don’t move around, you’ll get dizzy.”

Rong Shu laughed angrily.

Holding her hand, I just don’t want her to move, what is the reason.

If he doesn’t touch her, she won’t move around, okay?

But Rong Shu also knew that it was useless to tell this cheeky one.

Taking a deep breath, Rong Shu suppressed the displeasure in her heart and didn’t move, “Okay, now it’s time for you to fulfill your words, let me go.”

Fu Jingting pursed her thin lips and let go of her.

Rong Shu’s hand was free, she immediately retracted it, put it in the quilt, and then asked, “Why are you here, Aqi and Doudou?”

“It’s night, Lu Qi went back, Doudou is sleeping in the inner room. I’m here to accompany you.” Fu Jingting sat down again and replied.

Rong Shu pouted, “Who needs your company.”

“No one wants me to accompany me, it’s my own volition. By the way, there are two good news, do you want to hear it?” Fu Jingting changed the subject.

He knew that if he continued to talk to her about whether to accompany her or not.

In the end, he will definitely be driven away by her.

Sure enough, as soon as Fu Jingting's topic changed, Rong Shu's attention was attracted and asked, "What is the good news?"

"The first one is Gu Yaotian's chairman position, who was removed." she answered.

Rong Shu was surprised, "Removed? Why did this happen?"

Seeing her so interested, Fu Jingting's thin lips hooked, "Because Gu Manyin was sent to the detention center by you before, so Sansheng almost went bankrupt, and Gu Yaotian, as Gu Manyin's father, naturally attracted the attention of Sansheng shareholders. This time, Gu Manyin has implicated Sansheng again, so the shareholders of Sansheng jointly held a board meeting and dismissed Gu Yaotian as the chairman of the board. In the future, Gu Yaotian will only be the largest idle shareholder of Sansheng.

"Sheng still cares for the family, but the right to speak is not in the hands of the family.

For a conceited person like Gu Yaotian, this is a great torment, because it is obviously his own thing, but he has no right to speak, but can only watch others use it, can you feel better?

"Is this what happened today?" Rong Shu asked.

Fu Jingting nodded, "That's right, this morning."

Rong Shu smiled, "It deserves it, Gu Manyin hurt Gu Yaotian, I'm afraid Gu Yaotian hates Gu Manyin too, right?"

"Kind girl filial piety.

And now, it has become an enemy, which is ironic.

"By the way, what's the second good news?" Rong Shu propped her body up and sat up.

After lying down for so long, her lower back was sore and weak, and she urgently needed to sit and relax.

Just as soon as he sat up, a huge dizziness struck, Rong Shu groaned uncomfortably, and his body fell toward the side of the hospital bed.

Seeing this, Fu Jingting immediately got up and took a step forward, using his body as a railing to block her, which prevented her from falling off the hospital bed.

“Are you okay?” Fu Jingting put his hand on her shoulder and looked down at her with undisguised concern in his eyes.

“It’s okay, just dizzy.” Rong Shu leaned against Fu Jingting’s abdominal muscles, breathing rapidly, her eyes closed slightly, trying to adjust to the drowsiness in her mind.

Fu Jingting saw that she was so uncomfortable, so he put his hand on her temple and gently massaged it.

Rong Shu wanted to push him away, but she was so dizzy that she had no strength, so she could only go with him.

She regrets it now, regrets why she sat up.

It is clear that the concussion is not yet healed, and the movement range is large, it is easy to cause dizziness and nausea, and even severe, it may cause brain hypoxia and shock on the spot.

After an unknown amount of time, Rong Shu felt that her condition was a little better, so she withdrew from Fu Jingting’s arms, “Thank you, Mr. Fu.”

She should thank him.

If he hadn’t caught her in time, she would have fallen under the bed.

She already had a concussion, and if she fell, she might have been brain-dead.

Moreover, Fu Jingting kept rubbing her temples to relieve her discomfort, otherwise she would not have recovered so quickly.

“It’s nothing, how is it now?” Fu Jingting held Rong Shu’s shoulders and asked her to lie back.

Rong Shu didn’t resist.

She can’t see and can only be taken care of by him.

Otherwise, groping for the pillow and lying down may also hit your head.

“It’s much better.” Lying on the pillow, Rong Shu replied weakly.

Fu Jingting saw that her face was pale, and pressed the call bell on the bedside, “I called the doctor, it’s better to take a look.”

“Well, thank you.” Rong Shu did not refuse.

Fu Jingting tucked her quilt and sat back, “Continue the topic just now, the second good news, you must be happier, the person who attacked you has been caught!”

“Caught!” Rong Shu’s eyes widened, round yo, looks very cute.

Fu Jingting wanted to reach out and touch it, but in the end he restrained himself and replied “Yes.”

“That’s great!” Rong Shu shook hands, “Where did you get it?”

” There is no need to lie to her.

So people must have caught it.

“Just in the city village, my people and the police went to search and finally found her.” Fu Jingting said softly.

Rong Shu frowned, “Is it so easy ?” It’s

actually in an urban village!

That person took a taxi to the urban village, she thought it was just that there was no surveillance there, that person could escape better.

Unexpectedly, that person has been in the urban village without leaving, which is obviously a bit unintelligible.

That person disguised himself as a man and covered himself up tightly so that no one would discover his true identity would mean that he was very smart. Since he was smart, why didn’t he run away and stay in the urban village?

On the contrary, there is a sense that the person is deliberately revealing his whereabouts and attracting the police to arrest him in the past.

What Rong Shu was thinking was clearly written on his face. Fu Jingting understood it at a glance, and his thin lips parted lightly, “That person’s home is in the village in the city.”

“So don’t you think it’s strange? Why? Would someone stay at her own house and wait for someone to come and arrest her? She could wrap herself up so tightly that she didn’t want to be caught, but she took a taxi directly back to the village in the city, and swaggered through the city in that outfit, leaving her behind. The clues of whereabouts, so isn’t this very contradictory? So what you caught is really the one who attacked me?” Rong Shu frowned tightly.

Fu Jingting raised his chin, "I know what you mean, and the police and I also suspected that the arrest was wrong, because it was too easy, but it turned out that it was her, and her height and weight were calculated by the police. In her house, the clothes she was wearing when attacking you were also found. According to her own account, she took a taxi back to the urban village on purpose, and deliberately left clues for the police to arrest her."

"What? ?" Rong Shu was a little stunned, "Why did she do this?"

Actually, the police came to arrest her on purpose.

If that's the case, then what did this person do when he wrapped himself up so tightly, and used his true colors directly.

She really couldn't figure out what this person was thinking.

"She said that the purpose has been achieved, so naturally there is no need to hide in Tibet. Even if she hides in Tibet, she will be found one day, so she will not hide." There was a chill in Fu Jingting's voice.

Rong Shu was very happy, "I thought it was her conscience that found out, so she knew she couldn't hide so she didn't hide."

Fu Jingting looked at her, "What do you want to do with this person?"

"Don't worry, I want to know. , why did she attack me?" Rong Shu pinched her hands, her face extremely cold.

Fu Jingting's eyes suddenly narrowed, "She didn't explain."

"No?" Rong Shu was surprised.

Fu Jingting rubbed his fingers, and murderous intent emerged all over his body, "Yes, no matter how the police interrogated her, she never opened her mouth to explain."

Rong Shu gritted her teeth, "Then she is quite stubborn."

"Lu Qi has seen her before, and after hearing what Lu Qi said, it seems that Something is supporting her, so she refuses to explain." Fu Jingting's thin lips pursed into a straight line.

Although he didn't go to the police station to see the man, Assistant Zhang went.

Assistant Zhang said that the police even used a strong light, and the woman didn't explain it. She didn't seem to be a strong person, just an ordinary person with a weak personality, but that woman always insisted on doing everything. not disclosed.

So if it wasn't for something that made her scruples, her willpower would not be so strong.

"What's that woman's name?" Rong Shu took a deep breath and managed to calm down.

Fu Jingting looked at her, "Chen Xiuzhi."

An extremely rustic and ordinary name.

"Chen Xiuzhi?" Rong Shu was puzzled, obviously she didn't know or even heard of it.

So a person who has no injustice and no hatred, why would he do this to her?

Was it under the instigation of someone, or...

For a while, Rong Shu was full of doubts.

"I want to go to the police station tomorrow to see that woman and ask her personally." Rong Shu said with a sullen face.

If she doesn't ask clearly, she is not reconciled!

Fu Jingting originally agreed with her, after all, her injury is still not healed.

But looking at the firmness on her face, she didn't stop in the end.

Donghua Jingdu, Gu family.

Only at this time did Gu Manqing know that Chen Xiuzhi had been taken away. She was so nervous that she didn't eat a few bites of dinner, so she went back to her room under the pretext of being uncomfortable.

She sat on the edge of the bed, her breathing was slightly rapid and heavy, and the anxiety in her eyes and face could not be hidden.

She is very scared now, afraid that Chen Xiuzhi will confess her.

Although she made a deal with Chen Xiuzhi and asked Chen Xiuzhi to agree to accept the police investigation on her behalf, Chen Xiuzhi repeatedly promised not to confess her, but in the end it will, who can guarantee it?

So since the afternoon, she has been worried and absent-minded while shopping with her mother. It was not until dinner when she saw Chen Xiuzhi was arrested on the news that she was completely panicked. She was always worried that the police would suddenly come to the door and take her, the real murderer, with her. go.

Yes, it was she who really attacked Rong Shu, not Chen Xiuzhi.

The day before she attacked Rong Shu, she met Chen Xiuzhi by chance. She knew that Chen Xiuzhi needed money very much. After saving her son, she took the initiative to talk to Chen Xiuzhi and asked Chen Xiuzhi to make a deal with her. She paid for Chen Xiuzhi's son to treat his illness. , and Chen Xiuzhi took the blame for her.

So, she came up with a plan, let Chen Xiuzhi buy a set of men's clothes, take it to the department store, go to the toilet of the department store at 5 pm, and exchange clothes with her. She wore Chen Xiuzhi's clothes and went to Repulse Bay to destroy it. She dropped Rong Shu's red mole, and Chen Xiuzhi pretended to be her. She took a taxi back to the urban village to wait for her. After she destroyed Rong Shu's red mole, she went to the urban village to exchange it with Chen Xiuzhi. The reason why this plan was able to go smoothly, It is also thanks to her and Chen Xiuzhi that she is the same height and weight, otherwise the police will definitely find that the person who attacked Rong Shu is different from the person who was arrested.

After she changed into her clothes and returned to Gu's house, she broke the stick that attacked Rong Shu, wrapped some old clothes and put them in a black garbage bag to throw away.

The reason why she brought it back was because she was afraid that the police would find it in Repulse Bay or an urban village. After all, there might be fingerprints on it that she had not cleaned up. Once found, the plan would be useless.

Secondly, the reason why she did not let Chen Xiuzhi attack Rong Shu, but chose to do it herself, was also because Chen Xiuzhi was too timid, even younger than her. Do it yourself.

Although she is not a good person and has deep shrewdness, it was the first time that she really hurt someone, so when she attacked Rong Shu, she was also very panicked and scared, but for the sake of her own future, she had to grit her teeth when she was panicked and scared. After she was done, she was no longer afraid, only afraid that she would be found and arrested.

However, according to the news, Chen Xiuzhi was arrested at around 4:00 pm. Several hours have passed now, and the police have not looked for her. It seems that Chen Xiuzhi did not recruit her.

Thinking of this, Gu Manqing's restless and frightened heart calmed down a little.

She got up, walked to the floor-to-ceiling window, looked at the night sky outside, and whispered softly, "Miss Rong, don't blame me, I am also for my own future, since you and Mr. Cheng brought me to this paradise and inspired me. If you are greedy in your heart, then you will be responsible, so if you want to blame it, you must blame yourself, why is it Gu Manqing..." The

next

day, at nine o'clock in the morning.

Rong Shu asked Lu Qi to take a morning off for herself, and was going to go to the police station to take a look at Chen Xiuzhi.

Lu Qi couldn't beat her, so he had to agree and found a wheelchair to accompany her there.

As soon as they walked to the parking lot, Assistant Zhang pushed Fu Jingting over there.

Seeing this, Lu Qi directly put his hands on his hips, "Why, you want to go too?"

Fu Jingting was noncommittal, "Isn't it possible, I also have credit for catching people, so I should go."

Lu Qi curled his lips, "If not. At this point, anything I say will stop you."

"Okay, Aqi, don't make trouble, let's go." Rong Shu couldn't see it, so he could only grope to meet Lu Qi, patted Lu Qi's hand, and urged with a headache, "Don't forget, we only have one time. Morning."

"Sorry baby, you know, I wanted to hurt Fu Jingting when I saw him, I'll take you into the car." Lu Qi said, took out the car key and opened the door. Next to him, Assistant Zhang coughed

against his lips, suppressed his smile, and said to Fu Jingting, "Mr. Fu, let's get in the car too."

Shu.

It wasn't until Rong Shu got into the car with Lu Qi's help that she signaled Assistant Zhang to push her to the car.

The two cars came to the police station after about ten seconds apart.

Lu Qi pushed Rong Shu in.

The police station had already received a call from Fu Jingting and knew they were coming, so they didn't say anything and took them to see Chen Xiuzhi directly.

Chen Xiuzhi has been detained in the interrogation room. The police are going to detain her for 24 hours. She will not be given anything to eat, only water or sleep. She will also be irradiated with strong light in order to oppress her spirit and make her unbearable. explain.

But now more than ten hours have passed, and Chen Xiuzhi's mental state is obviously sluggish, but she still bites and refuses to let go, which makes the police very headache.

After all, they seldom encounter such stubborn people. Generally, people who are extremely sinful will be so stubborn because they are involved too much.

But this Chen Xiuzhi, who was just an ordinary citizen and made small mistakes, was so stubborn, it was really helpless.

"You are Chen Xiuzhi!" Rong Shu was pushed into the interrogation room by Lu Qi, who had already told her in a low voice that Chen Xiuzhi was opposite her.

### Chapter 378 The Secret of the Red Mole

So even if she couldn't see, she accurately set her 'eyes' on Chen Xiuzhi's face.

Chen Xiuzhi was exhausted at the moment, her head was dizzy and painful, and it was about to explode.

She was lying on the interrogation table, raising her eyelids diligently to look at the four people on the opposite side.

She didn't know the three men, but she knew the woman in the wheelchair who asked her if she was Chen Xiuzhi.

To be precise, she had seen it on the picture that person gave her.

Chen Xiuzhi responded in a breathless voice, "I know what you are here for, but you give up, I won't say anything."

Saying that, that person will definitely not save her son.

Her son was her only relative. She didn't want her son to be rescued because he had no money, so she had to save her son.

Although her son did not know that her mother existed.

When Rong Shu heard Chen Xiuzhi's words, her eyebrows knitted together.

Before she asked, this person said that he would not say it. This kind of feeling is really unpleasant.

Rong Shu squeezed the armrest of the wheelchair and suppressed the anger in her heart a little before speaking again, "Are you sure you won't say anything, you have to know that as long as you say it, your crime will be lessened, if you don't say it, The crime will be aggravated."

"I know, it doesn't matter, anyway, I won't say anything." Chen Xiuzhi went out and laughed, the smile was bitter and tired.

The anger that Rong Shu had just suppressed came up again at this moment, and her head began to feel uncomfortable.

Fu Jingting first noticed something was wrong with her, put his hand on her shoulder and squeezed lightly, and said in a concerned tone, "Okay, don't get excited, take a deep breath and adjust your emotions."

Rong Shu also knew that if she was not calm No matter what the consequences would be, he didn't care if he touched him, he closed his eyes and took a deep breath as he did.

Lu Qi stared at Fu Jingting's hand on Rong Shu's shoulder, "Hey, surnamed Fu, quickly take your claws off of baby's shoulders, you will take advantage of it." After speaking

, he was about to step forward and do it himself. Take Fu Jingting's hand away.

However, Fu Jingting didn't give him a chance at all, and when his hand came over, he took it away.

Lu Qi fluttered in the air and almost fell.

Assistant Zhang caught him in time and asked with a smile, "Mr. Lu, are you alright?"

"I have something to do for you?" Lu Qi snorted, pushed Assistant Zhang away and stood back to Rong Shu.

Assistant Zhang looked at him and shook his head mindlessly.

This Mr. Lu is really like a willful child, whoever catches and bites.

Fu Jingting ignored what happened between Assistant Zhang and Lu Qi. He squinted and stared at Chen Xiuzhi, "Are you sure you won't say anything?"

Chen Xiuzhi simply buried her head and said nothing, her attitude was already there, not to say anything.

Fu Jingting's lips curled up coldly, "If you don't say yes, then your family will..."

"What do you want to do?" Chen Xiuzhi couldn't calm down anymore, she raised her head quickly, her ordinary face was full of panic.

Even Rong Shu and Lu Qi looked at Fu Jingting in surprise.

They never thought that Fu Jingting would use Chen Xiuzhi's family to threaten Chen Xiuzhi.

Although some do not want to be moral, I have to admit that this method is the most effective.

And looking at Chen Xiuzhi's appearance, it seems that he is beginning to be afraid.

"What do I want to do, don't you already have the answer in your heart? You'd better say it obediently, and tell everything. If you don't say it, I'll take the knife on your family." Fu Jingting narrowed his eyes, and his voice was as cold as an ice cellar. , without emotion.

Chen Xiuzhi shivered and looked at him like a devil.

Fu Jingting was very satisfied with her look, lowered his eyes and asked coldly, "Tell me, why did you attack Rong Shu."

Chen Xiuzhi opened her mouth, and after a long time she spit out a hoarse sentence, "Because... her existence will threaten a person. "

Fart!" Lu Qi exploded directly and slapped him on the table, "Threatening someone? Who is it? Everyone is unique, baby is not a devil, tell me, she can threaten Who!"

Fu Jingting and Rong Shu were also disgusted by Chen Xiuzhi's words.

Especially Rong Shu, a storm was set off in his heart.

Sure enough, Lin Tianchen guessed right, the red mole on her wrist really made people feel threatened.

"I can't say." Chen Xiuzhi shook her head and replied to Lu Qi's question.

Fu Jingting's brows twitched in dissatisfaction, and just as he was about to speak, the phone rang.

He took it out and took a look, saw the caller ID, his eyes darkened, then looked up at Rong Shu, "I'll go out to answer a call."

Rong Shu nodded.

Assistant Zhang pushed Fu Jingting out.

Lu Qi closed the door of the interrogation room, and when he came back, he stared at Chen Xiuzhi angrily, "Can't you say it? Did you forget what Fu Jingting just said, explain honestly, if you don't explain honestly, be careful of your family!"

Chen Xiuzhi shrank. After a while, she replied submissively, "I'm sorry, I really can't say, I can tell you something you want to know, but this person, I really can't reveal it, please, don't ask me this."

She burst into tears. flowed out.

Although the Mr. Devil threatened her with her family, she still couldn't confess that person.

Her son is still waiting for surgery.

Moreover, she is also betting that these few can't find her son, because her son has been stolen since he was born, and she also found it some time ago, and did not recognize her son at all, because he did not dare.

Now she is alone, no one knows, she has a son.

Therefore, there is a half chance that these people will not be able to find her son, so this threat will naturally have no effect on her.

But if she tells these people who that person is, then her son is really dead, so she can't say.

Because she said that, her son will not be saved. Not to mention, her son still has a half chance of being saved. Everyone knows how to choose.

"Don't ask you this?" Lu Qi laughed angrily, grabbed Chen Xiuzhi's collar, and lifted the person up, "What kind of answer are you, ah?"

Chen Xiuzhi closed her eyes and cried.

Rong Shu pinched the bridge of her nose, feeling a little tired, "Okay, Aqi, let her down."

"Baby..." Lu Qi was a little reluctant.

Rong Shu repeated again, "Put her down, this is the police station, do you want to be forcibly taken away by the police officers?"

"..." Lu Qi stopped talking and threw the person back on the chair.

Rong Shu looked at Chen Xiuzhi who was paralyzed on the chair, like a lost soul, and said coldly, "Okay, I don't ask you who that person is, I will ask you now, you attacked me, that person ordered you, or you My own idea?"

"It's me." Chen Xiuzhi tapped her chest again and again, "I attacked you myself, I accidentally discovered the red mole on your wrist, knowing that your existence would threaten that person, and That person is the most important person to me, that's why I decided to attack you."

"Really?" Rong Shu pursed her red lips, then waved to Lu Qi.

Lu Qi leaned down, "Baby, what's the matter?"

"Help me see if he's lying." Rong Shu commanded in a low voice.

Lu nodded, then stared at Chen Xiuzhi.

After watching for a while, Lu Qi replied, "She seems to be telling the truth. I don't think she's lying when I look at her."

Rong Shu squeezed her palm.

So, all this was planned by this Chen Xiuzhi, and no one else was involved in the back?

"Last question." Rong Shu took a breath. "What's the secret of the red mole on my wrist? Why does it threaten your most important person? What kind of threat!"

Chapter 379 Hypnotize Her

Chen Xiuzhi looked at Rong Shu's bandaged wrist, her eyes flashed with guilt, "...I..."

“Don’t hesitate, and don’t say you don’t know, if you don’t tell me, Rong Shu swears, I will spend all my wealth, and I will not let your family and your most important person go, believe it or not!” Rong Shu put down her hand, her voice as cold as an ice cellar.

Lu Qi also nodded quickly, “Yes, don’t think we are joking, with our status, we can definitely do it, so let’s be honest.”

Chen Xiuzhi was about to cry.

Be honest?

How can she explain it!

She didn’t know what the red mole represented. The woman just said that Miss Rong’s red mole would pose a threat, but the woman didn’t tell her what kind of threat.

Seeing Chen Xiuzhi shivering, she still refused to speak.

Rong Shu lost her patience completely, and a cold dark light flashed in her eyes, “Since you still refuse to say, okay, then don’t blame me, Ah Qi, push me out!”

Originally, she knew that Fu Jingting wanted this woman After handing it over to Lin Tianchen for medical experiments, I still wanted to stop it. After all, medical experiments are too perverted, even if they are testing drugs.

Generally, people who test medicines are basically sick people, and they are all sick people who have a dead horse as a living horse doctor. A healthy person will not try medicine, because no one knows what will happen to the body. Change.

Her kindness also doesn’t want to see a healthy person who ends up missing arms, legs or organs due to side effects, so she wants to stop it.

But now she suddenly realizes that some people are not worthy of her kindness at all, maybe she should be more cruel, only in this way, people who are tough will learn to compromise!

Outside the interrogation room, Lu Qi pushed Rong Shu to a corner, “Baby, this woman’s mouth is too hard to say anything, should we just forget it?”

“Forget it?” Rong Shu sneered, ” Of course not, I haven’t figured out what I want to know, how can I forget.”

“Then what do you want to do?” Lu Qi looked at her.

Rong Shu bit her lower lip, "Isn't Lin Tianchen able to hypnotize? Give him this Chen Xiuzhi and let him pry open Chen Xiuzhi's mouth. I still don't believe that Chen Xiuzhi can withstand the mental attack of a hypnotist."

Lu Qi Her eyes lit up and she smiled, "By the way, this is a good way, baby, you are smart."

Rong Shu rolled her eyes at him and said, "Secondly, check the information of this Chen Xiuzhi, especially her family. Background, interpersonal relationships, I think the person she cares most about is either her relatives or her lover."

"Okay, I'll contact the detective agency in a while." Lu Tou.

At this time, Fu Jingting answered the phone and was pushed over by Assistant Zhang.

When he saw Rong Shu, he raised his eyebrows slightly, "Have you finished asking?"

Rong Shu couldn't see Fu Jingting, but heard the sound of the wheelchair sliding, she roughly knew where Fu Jingting was, and shook her head in that direction, "No, your mouth is too hard. Now , she won't say anything."

"Don't say anything?" Fu Jingting's face sank, "I've moved out of her family to threaten her, but she won't?"

Rong Shu hummed, "She doesn't seem to believe it. We can hurt her family."

"So it seems that this Chen Xiuzhi should have something to rely on. I think we can't hurt her family, but I don't know where she got her confidence." Assistant Zhang pushed his glasses and interjected disdainfully. .

Rong Shu looked at Fu Jingting with empty eyes, "Mr. Fu, say hello to the police and send someone to Lin Tianchen."

Fu Jingting was slightly surprised, "You don't agree to do experiments on Lin Tianchen. What?"

Rong Shu lowered her eyes, "I changed my mind, I need Lin Tianchen's help now, and I need him to hypnotize Chen Xiuzhi."

"Okay." Fu Jingting nodded in agreement.

Soon, Chen Xiuzhi was released directly.

Because Fu Jingting said hello, and because Rong Shu, the victim, was not held accountable, the police could only let him go.

Chen Xiuzhi was called by Fu Jingting and sent directly to the First Hospital.

Fu Jingting didn't follow him. The phone call just now was from the group. Something happened to the group and he had to go back.

So Assistant Zhang pushed Fu Jingting back to the Fu Group.

Lu Qi drove Rong Shu to the First Hospital, ready to witness Lin Tianchen's hypnosis process.

On the way, Lu Qi didn't mention how happy he was, he slapped the steering wheel excitedly, "It's good, that fellow Fu Jingting finally came over with no shame."

Rong Shu sat in the back seat and smiled when she heard this, "Okay, Concentrate on driving, I know you are not paying attention when I hear your movements."

Lu Qi smiled, "I'm happy." We talked and laughed all the way, and soon the first hospital arrived.

Lin Tianchen knew that Rong Shu was coming, so he deliberately waited for her at the door of the hospital.

Seeing her coming, she stepped forward with her white coat in her hands, "How is it, is there any discomfort when you come out?"

Rong Shu shook her head, "It's okay, although my head is still a little dizzy, it's much better than yesterday. "

That's good, what about the eyes?" Lin Tianchen looked at her dull eyes.

Rong Shu raised her hand and touched it, "It's still the same."

"Can you feel it's daytime now?" Lin Tianchen asked again.

Rong Shu raised her head slightly, and then replied, "Yes, I can feel the light."

"That means the light is still there, not bad. It looks like it will recover soon." Lin Tianchen straightened his body and said.

Hearing this, Rong Shu was in a better mood and said with a smile, "Thank you for your auspicious words, by the way, have you arrived?"

"Arrived, in my office, let's go." Lin Tianchen led the way.

Lu Qi pushed Rong Shu and followed behind.

The three came to the office, Lin Tianchen opened the door, Chen Xiuzhi slumped on the sofa, her eyes were tightly closed, she seemed to have passed out.

Lu Qi pointed at her and asked, "What's wrong with her?"

"I fell asleep. I haven't slept at the police station. After I got here, I couldn't survive and fell asleep." Lin Tianchen shrugged his shoulders and said.

Rong Shu couldn't see it, so he didn't speak.

Lu Qi pushed her to a position not far in front of Chen Xiuzhi and stopped, "Lin Tianchen, you can start."

"Okay." Lin Tianchen shrugged, and then began to formally hypnotize.

Lu Qi saw that with Lin Tianchen's hypnosis, Chen Xiuzhi's expression became more and more peaceful and quiet.

When she first saw Chen Xiuzhi, her brows were still furrowed. Even when she was asleep, her expression was full of unease and fear for the future.

But now, that has completely changed.

Seeing this change, Lu Qi was dumbfounded, "God, this is sorcery."

"Don't make trouble." Rong Shu nudged him with his elbow.

Lin Tianchen put away his pocket watch, shook his body and said, "Okay, if you have any questions, just ask, she will know everything."

His face turned pale.

Seeing this, Lu released the armrest of the wheelchair and gave him a hand, "Are you all right?"

"What's wrong with him?" Rong Shu squinted slightly and asked.

Lin Tianchen pushed Lu Qi away, went back to the desk and sat down, "I'm fine, it's just hypnosis that consumes energy."

Hypnosis and psychological counseling are two different things.

Psychological counseling does not consume energy, but hypnosis is extremely exhausting.

And he learned the convenience of psychological counseling very well, but hypnosis was only acceptable, and it was far worse than his senior brother.

If the senior brother came to hypnotize, he would definitely not be like him, and he would be dizzy.

Rong Shu couldn't see what Lin Tianchen looked like at the moment, but his tired voice made her feel ashamed.

She lowered her eyelids and said apologetically, "I'm sorry, I've worked hard for you."

Chapter 380 It turned out to be the top sin

"It's nothing, what do you have, ask her first." Lin Tianchen waved his hand, then closed his eyes and began to rest and recover.

Rong Shu thanked him, then patted Lu Qi behind him, "Aqi, push me closer."

Lu Qi responded and pushed her closer to Chen Xiuzhi.

Rong Shu stretched out her hand, touched Chen Xiuzhi's face, and then leaned into her ear, whispering like a devil, "Chen Xiuzhi, tell me, who is your most important person!"

"It's my son." Chen Xiuzhi slowly answer.

Rong Shu squinted, "Son? So you attacked Rong Shu for your son?"

"I didn't attack Rong Shu." Chen Xiuzhi said.

Rong Shu's eyes widened in surprise, "You haven't?"

Lu Qi and Lin Tianchen were also surprised.

Obviously at the police station before, Chen Xiuzhi admitted that she had attacked Rong Shu, why did she say no now?

But people under hypnosis cannot tell lies at all.

In other words, Chen Xiuzhi told a lie at the police station.

"I didn't, it wasn't me, it was she who attacked Rong Shu." Chen Xiuzhi opened her mouth and returned.

Rong Shu clenched her palm, "Who is she? Why do you say you attacked Rong Shu?"

"I don't know who she is, she didn't tell me her name. I only know what she looks like, she found me, said that the red mole on Rong Shu's wrist would threaten her identity, she wanted to get rid of the red mole, and then gave me a sum of money to treat my son's illness, and then take the blame for her." Chen Xiuzhi said amazingly.

Lu Qi gasped, "God, it's actually the culprit!"

Rong Shu was also shocked by this.

She thought that this Chen Xiuzhi might have been bribed.

But I didn't expect it to be a culprit.

Rong Shu was trembling all over.

The person who really attacked her continued to go unpunished after arranging a top culprit.

Does that mean that in the future that person will still attack her!

"Why do you say that my red mole threatens her identity? What secret does my red mole hold?" Rong Shu bit her lower lip tightly and asked.

Chen Xiuzhi's mouth moved, "I don't know, she didn't tell me, she only told me that she would threaten her identity."

"No wonder she didn't answer at the time, so she didn't know." Lu Qi touched his chin suddenly.

Rong Shu took a deep breath, "Then why did you say that the person who made you blame is the most important person to you?"

"Because, I want to hide my son, I don't want to expose that I have a son, so saying this, you will be misled by me, thinking that I attacked Rong Shu for her sake." Chen Xiuzhi replied.

Lu Qi sneered, "Then you are really shrewd."

"What happened to your son?" Rong Shu asked again.

"My son has leukemia and needs a lot of surgery and medical expenses, so she found me, and as long as I convicted her, she would pay for my son's treatment."

"So that's how it is." Lu Qi sighed, "for the sake of treating her son's illness, so she can't confess that person, she must firmly believe that she is the one who attacked you,

otherwise once she exposes her innocence, she is just here to take the blame, no matter whether that person is caught or not, her son will have no help.

Rong Shu's eyes flashed, "She's pitiful, but being pitiful doesn't mean she's right."

"That's true." Lu nodded.

Rong Shu's eyes fell on Chen Xiuzhi again, "You said you didn't know the name of that person, and you have only seen her appearance, then you can describe her appearance now."

As long as you know the appearance of that person, you can find it.

You can find that person very quickly.

Chen Xiuzhi began to describe, "The height is the same as me, the weight is the same as me, the skin is not particularly white, and the appearance can only be regarded as delicate, but she wears very well, and the clothes look very expensive at first glance."

"The clothes are very expensive." Expensive, it seems that your identity is unusual." Lu Qi analyzed.

Rong Shu pursed her lips, "I need you to describe her facial features in detail."

What kind of description is her appearance alone.

Good-looking people, grab a lot of them.

"Five senses..." Chen Xiuzhi frowned and seemed to be thinking about adjectives. After a while, she spoke again, "Her mouth is thin, her nose is a little big, and her eyes are pretty and round."

"Are there any features? Like is there a mole on the face or something?"

"No."

Rong Shu was silent.

There are no obvious features on the face, and it is still somewhat difficult to find someone based on these facial features alone.

"If only I could draw it." Lu Qi scratched his hair and said helplessly.

Rong Shu's eyes flickered, "Aqi, you reminded me, we can find a painter, according to the oral, let the painter draw the portrait, the police station is handling the case, if we

don't know the appearance of the suspect, we will draw the portrait according to the victim. draw the suspect.”

Lu Qiyi clapped his hands, “This is easy to handle, there is an employee in my company who draws well, especially Xiao Xiang who is very good at drawing, I asked him to draw, but it will have to be tomorrow. “

Then tomorrow, just hypnotize her again tomorrow.” Lin Tianchen opened his eyes at some point and suddenly said.

Rong Shu nodded, “Okay, then tomorrow, I'll trouble you Dr. Lin tomorrow.”

“It's alright, this person will stay with me.” Lin Tianchen glanced at Chen Xiuzhi with no emotion in his eyes.

Rong Shu hummed, “Okay.”

After that, Lu Qi pushed her away and went back to the Third Hospital.

Because the time for leave is coming.

On the way back, Rong Shu kept feeling her bandaged wrist, not knowing what she was thinking.

Lu Qi looked at her several times, and finally couldn't help but say, “Okay baby, don't think too much, when you catch that person, you will know the secret of the red mole on your wrist.”

Rong Shu twitched the corner of her mouth, “I know, I'm just thinking, this red mole has been with me for twenty-six years. For the past twenty-six years, I have always regarded it as an ordinary mole. I never thought that it still has It 's a secret.”

“Speaking of which, I suddenly thought of a strange thing.” Lu Qi's expression became a little strange.

Rong Shu couldn't see it, but he could probably imagine what he looked like at the moment, and asked curiously, “What's so strange?”

“It's also about your red mole.” Lu Qi turned the steering wheel, his memory drifting away, “I I'm four years older than you, so I've seen all the babies you look like in swaddling, and I remember them clearly. I remember the first time I saw you, you were only five months old, and my mother took me to Rong family, I am very curious about you, so I turned around your crib.”

“And then what?” Rong Shu blinked.

“Then your hand grabbed my hand, it was soft and very cute, but at that time, I didn’t see any red moles on your wrist, neither of your wrists.” Lu Qi frowned slightly. said wrinkled.

Rong Shu’s pupils shrank slightly, “What did you say? No?”

Lu Tou, “No, I’m pretty sure, I was four years old at that time, I remembered things, and then the second time I saw you, it was six months after you. , that is, when you were half a year old, at that time, you had a red mole on your wrist, and even more strange thing, I also found that your appearance at that time was a little different from the first time I saw you, but I When I was young, I didn’t think much about it, but now that I think about it, there seems to be some secret that we don’t know.”

If we talk about the appearance of the child, it may change.

But moles are innate. If a person does not have moles, they will never have them at any time. It is impossible for them to appear suddenly, so the problem is already obvious.

The first time he saw Rong Shu, and the second time he saw Rong Shu, it was two people!

### **Chapter 381**

What Lu Qi could think of, how could Rong Shu not think of it? He opened his mouth and said a little awkwardly, “So what do you mean, I’m not the real Rong Shu, and the real Rong Shu and I have been ripped off?”

Lu Qi squeezed the steering wheel, “I don’t know, but I’m sure you’re not the baby I saw for the first time.”

“It’s impossible, it’s absolutely impossible!” Trembling, “If I’m not Rong Shu, then who am I?”

She couldn’t, was she really out of pocket?

Lu Qi parked the car on the side of the road, “Baby, don’t get excited, maybe it’s not what we thought it was.”

“It’s not what we thought, so tell me what happened?” His pupils stared at him, “Aqi, in fact, you’ve already made sure that I’ve been ripped off, right?”

“I...” Lu Qi was stunned, speechless.

Rong Shu bit her lower lip, "Look, you can't answer, obviously you think so, maybe you're right, maybe I'm really not Rong Shu, because the one who made Chen Xiuzhi take the blame, I just said that my red mole will threaten her identity, then this identity should refer to the real Rong Shu."

Lu Qi sighed, "Okay, I admit, I do think you have been ripped off, but this doesn't mean that I don't believe that you are not the real Rong Shu, you think, there is a big difference between moles and moles, plus the two babies look different, how could my uncle and aunt not find out, but my uncle and aunt didn't think there was anything wrong with you, so I'm thinking, did you and the baby without moles report an error when they were born, and then after the uncle and aunt found out, they changed it back?"

"This..." Rong Shu was stunned.

It is indeed possible!

As Ah Qi said, it is impossible for parents to find out that the baby is different, but parents and grandfather still dote on her and love her so much, which obviously shows that she is their own daughter and granddaughter.

So, it's really possible, as Ah Qi guessed, that the baby she and Ah Qi saw for the first time was wrongly held at first, so they were brought back later?

"But if that's the case, why would the person who attacked me say that I threatened her identity?" Rong Shuxiu frowned, still feeling that something was wrong, but she couldn't tell.

This feeling is especially irritating.

Lu Qi scratched his hair, "I can't figure this out either, but don't worry, after catching her, everything will be clear."

Rong Shu hummed, "That's the only way, but I still think Check to see if I am Rong Shu, my parents' biological daughter."

"No need?" Lu Qi looked at her.

Rong Shu lowered her eyelids, "Yes, I won't be able to settle down if I don't understand all of this."

"Then how do you want to investigate?"

"From the hospital where my mother gave birth to me when I was twenty-six years old, if I And the person who attacked me was really missed once when I was born, and the hospital will definitely record it."

Lu nodded, "That's true, but your aunt was born in Nanjiang at the time, you still have to go to Nanjiang?"

"Of course, I just happened to have promised to go to Nanjiang to watch Xiaochuan's catwalk." Rong Shu touched her eyes, "Although I can't see anything now, if I promised Xiaochuan, I still have to do it."

"When will I do it?" Go?" Lu Qi asked.

"Tomorrow morning, Secretary Tong booked me a flight ticket and a hotel two days ago." Rong Shu said.

Lu Qi apologized and became embarrassed, "Tomorrow, I may not be able to accompany you tomorrow. Tomorrow is my grandfather's death day. Our family is going to burn incense."

"It doesn't matter, I will let Xingnuo accompany me." Rong Shu smiled laughed.

Thinking of Chen Xingnuo's terrifying force value, Lu Qi put down his heart, "Alright, with her with me, I won't be worried."

"Well, tomorrow, the employees of your company, tell me after drawing the portrait." Rong Shu suggested.

Lu Qi made an ok move, "Don't worry, I will, I will drive first."

It was twelve o'clock when he returned to the hospital.

Lu Qi bought Rong Shu lunch and told the nurse to take good care of Rong Shu before leaving.

Rong Shu and Doudou were eating when suddenly the phone remembered.

The nurse hurriedly handed her the phone, "Miss Rong, someone named Cheng Huai called you."

"It's uncle!" Doudou's eyes lit up, and a happy expression was written on her little face.

Rong Shu touched his head, "Then Doudou, take it."

"Auntie, take it. Uncle called auntie. If he wants to talk to me, why doesn't he just call my watch?" Doudou said He pouted.

His uncle he knew best.

There is only an aunt in his eyes, not his nephew.

Listening to Doudou's resentful words, Rong Shu shook her head in disbelief, then put the phone to her ear, "Cheng Huai."

"Rong Shu, where are you, I went to your company, and the front desk said you hadn't been there for two days. Go to work, are you in Repulse Bay?" Cheng Huai asked.

Rong Shu put down her chopsticks and replied calmly, "No, I'm in the hospital, and Doudou is with me. If you want to pick up Doudou, just come here."

She told him the address of the hospital.

"Wait, the hospital? Are you ill?" On the other end of the phone, Cheng Huai was standing in front of the front desk of Tiancheng Group, his eyes widened with nervousness.

But Rong Shu didn't answer, just hung up the phone.

Doudou looked at her, "Auntie, is uncle coming over?"

"Yes, I'll be here in a while, eat quickly." Rong Shu put the phone aside, reached out to touch the chopsticks, and continued to eat.

Tian Sheng, Cheng Huai looked at the electricity that had hung up. Then, he sighed with a wry smile.

It seems that these two days, Doudou has not come in handy.

Rong Shu's attitude towards him is still the same.

Putting away his phone, Cheng Huai left Tiansheng and drove to the Third Hospital.

About an hour later, Cheng Huai arrived.

Seeing him, Doudou ran over and hugged his pusher, "Uncle, you're back."

"Yeah, I'm back." Cheng Huai patted Doudou's little head lightly in response, but his eyes kept falling on Rong Shu.

Rong Shu was sitting on the head of the hospital bed, her eyes slightly closed, as if she was asleep.

Cheng Huai walked over and called softly, "Rong Shu."

Rong Shu opened her eyes and looked at him, "Since you are here, take Doudou back, Doudou has been thinking about it for the past two days. You."

"I see, you've been taking care of Doudou for the past two days." Cheng Huai said apologetically.

Rong Shu shook her head, "No, it should be due to the hard work of Doudou. For the past two days, Doudou has been taking care of me, pouring water for me, calling me a doctor, etc. Doudou is great!"

Doudou listened. At her compliment, a blush appeared on her cute little face, and then she embarrassed to hide behind Cheng Huai.

Cheng Huai looked at the bandage on Rong Shu's head, "Rong Shu, did you hurt your head? How?"

Rong Shu touched the bandage on her head, "It's just an accident."

"It's not an accident, it's a bad guy. My aunt was stunned, and it made my aunt lose her eyesight." Doudou stuck his head out from behind Cheng Huai and said angrily.

Cheng Huai was so shocked that his voice was sharp, "What? Can't see? Rong Shu, you..."

"It's not that serious, it's only temporary." Rong Shu replied.

Seeing that her expression was indifferent, Cheng Huai was not sad because he couldn't see, so what he said must be true, and he was relieved.

## Chapter 382 I'm Watching You

"That's good, that's good." Cheng Huai patted his chest with confidence, and then asked, "Who beat you?"

"I don't know, it is currently under investigation, and there should be results tomorrow." Rong Shu said.

Cheng Huai sighed a little regretfully, "Is that so, I want to say more, I'll help with the investigation."

"No, you take Doudou back first, Doudou has been staying with me in the hospital for the past two days, eating I can't eat well, and I can't sleep well either, which is not a good thing for this child, so take it back and let Doudou have a good rest." Rong Shu said.

Cheng Huai could hear that she just wanted him to go, so she couldn't help nodding her head in frustration, "Okay, I see, then I'll come to see you tomorrow, Doudou, say goodbye to aunt... auntie."

“Goodbye auntie! Doudou waved at Rongshu.

Although Rong Shu couldn't see it, he raised his hand and waved.

Cheng Huai picked up Doudou and left.

There was only Rong Shu left in the ward, and the sudden silence made her feel a little scared, especially when she couldn't see, the sense of fear became stronger and stronger.

Because she doesn't know who will enter her ward in the next second, whether it is a good person or a bad person.

If Gu Yaotian suddenly kills him at this time, then she can't even resist.

“Is there anyone?” Rong Shu shouted, wanting to call the nurse to accompany her.

When Cheng Huai came just now, the nurse went out, and now he hasn't come back, and he doesn't know where he went.

With a nurse to accompany her, she won't be so afraid, at least she can know who is coming.

“Sister Chen, Sister Chen?” Rong Shu grabbed the quilt and shouted twice.

At this moment, a deep and familiar voice sounded, “What's wrong?”

Fu Jingting!

Rong Shu's eyes widened, and the fear in her heart was dispelled at once.

She shook her head in relief, “I'm fine, it's just me, I can't see anything, and I'm a little scared, so I want to call Sister Chen back, but she's not here. Fortunately, you're here now.”

At this moment, she admitted herself Depends on him, needs him.

Because he is at least an acquaintance, and with him here, she will not face this vast darkness alone.

Hearing Rong Shu's words “fortunately you are here”, Fu Jingting was stunned for a while, and then joy rose in his heart, and the torn wound on his back no longer felt any pain.

He raised his foot and walked over, stopped by the hospital bed, “Don't be afraid, I'll be here with you all the time.”

Rong Shu opened her mouth, wanting to say no, you can leave when Sister Chen comes back.

But after thinking about it, doing this has a sense of throwing it away when it is used up, turning his face ruthlessly, and swallowing the rejection.

Fu Jingting pulled the chair and sat down, "How is it, did you ask me?"

Rong Shu knew that he was referring to Chen Xiuzhi, her eyes narrowed slightly, "I asked, and the result surprised me, Chen Xiuzhi was not the one who attacked me, she It's just a top offender, the one who really attacked me is someone else."

"What?" Fu Jingting's face sank, "The top offender?"

"Yes, Chen Xiuzhi has a son who has leukemia and needs a lot of money, and then agrees As long as she doesn't confess to that person and insists that she is the one who attacked me, that person will treat her son's illness." Rong Shu shook her head with emotion.

Fu Jingting's thin lips pursed a bit cold, "Who is that person?"

"I don't know, Chen Xiuzhi doesn't know either, but he just described the person's appearance. Aqi will send a painter there tomorrow and let the painter draw the person according to the description. ." Rong Shu returned.

Fu Jingting's eyes darkened, and when he wanted to say something, the phone rang.

It's Rong Shu's.

He turned his head to look at the head of the bed and saw the words Lu Qi jumping on the screen, his expression suddenly gloomy and unhappy.

But in the end, he still handed the phone to Rong Shu, "Lu Qi."

Rong Shu thanked him and put the phone to his ear, "Aqi."

"Baby, the detective agency just contacted me. , Chen Xiuzhi's information was found out, she didn't lie, she did have a son with leukemia, but her son didn't know her mother, and she didn't recognize her son." Lu Qi's voice came from the phone. .

Rong Shu raised her eyebrows suspiciously, "Why?"

"Because his son was diagnosed as sick when he was just born, and she abandoned his son. Ten years later, when her family was on a trip, the bus There was an accident in the car, and then everyone in her family died. She was the only one left, and she was also injured and could no longer have children. At this time, she found her son by

accident, but because of the guilt of abandoning her son, Let her not dare to recognize her son.”

“So it is.” Rong Shu looked at Fu Jingting, “No wonder when you threatened her with her family at the police station, she was obviously afraid, but in the end she still bit her head and didn’t say anything. She is the one to blame, it seems that she thinks we can’t find out that she has a son.”

“Baby, who are you talking to?” Lu Qi heard something wrong and asked suspiciously on the other end of the phone.

Rong Shu didn’t hide it from him, “Fu Jingting.”

“What? Fu Jingting?” Lu Qi jumped up suddenly, “He went to your place again!”

Rong Shu couldn’t help laughing, “He lives next door to me, what does it mean to run away from me again? It’s here, Alright Ah Qi, did you find anything else? For example, does her son have surgery for the cost?”

“No.” Lu Qi shook his head, “The detective went to the hospital where her son was, but she didn’t receive any surgery. Expenses.”

Rong Shu raised her chin, “That is to say, that person did not give the money as agreed?”

“Yes, I just don’t know whether to wait until Chen Xiuzhi is convicted to give the money, or never intend to give the money.” Lu Qi shrugged.

Rong Shu pinched her brows, “No matter what, let’s do this for now. Alright, Aqi, hang up first.”

She put down the phone.

Fu Jingting stretched out his hand, “Give it to me, I’ll hang it up, you can’t see it.” “Thank you.” Rong Shu didn’t try to be brave and handed over the phone. After Fu Jingting took it, he looked at the call interface above, his thin lips drew a cold arc, and then hung up directly. Putting the phone back on the bed, Fu Jingting looked at her, “That Chen Xiuzhi, what are you going to do with it?” Since it’s not the real murderer, it’s a bit too much to test the medicine. Rong Shu supported her forehead, “To be honest, I really don’t know how to deal with it. I will say hello to Lin Tianchen. First, let him not test the medicine so quickly, and let’s talk about the rest when the real murderer is caught.” “Also . Okay.” Fu Jingting nodded. Rong Shu sighed. Fu Jingting looked at her tired appearance and softened her voice, “Want to sleep?” Rong Shu hummed, “I’m a little tired.” “Then go to sleep, I’ll watch over you.” Fu Jingting said. Rong Shu wanted to refuse. Fu Jingting said again, “Aren’t you afraid of being alone, or you wouldn’t have called a nurse just now.” “I…” The fear in his heart was pierced by him, Rong Shu’s lips

moved, and there was nothing to say. Fu Jingting's eyebrows softened, "Okay, go to sleep, I'll leave when your nurse comes back." This time, Rong Shu didn't refuse anymore. Because her head was not well, she went out again in the morning, and now her head became groggy, and she wanted to sleep very much. And she also knew that she couldn't hold it anymore. "If that's the case, then I'll trouble you." Rong Shu twitched the corners of her mouth embarrassedly. Fu Jingting helped her lie down, "It's nothing, go to sleep." He tucked the quilt on her.

Rong Shu hummed, closed her eyes, and her breathing became steady after a while.

Fu Jingting knew that she was asleep, and looking at her peaceful sleeping face, her eyes darkened.

The next moment, he suddenly leaned down and kissed Rong Shu's forehead.

### **Chapter 383 Going to Nanjiang**

Suddenly, the door of the ward opened, and the nurse came in from outside. Just when he saw this scene, his eyes widened in surprise, "Mr. Fu, you..." Fu

Jingting frowned, obviously dissatisfied with the interruption by the nurse.

He stood up a little reluctantly, turned his head to look at the nurse, put up a finger in front of his thin lips, "Shh, don't wake her up!"

Only then did the nurse realize that Rong Shu was asleep, and nodded subconsciously.

Fu Jingting stood up from the edge of the bed, walked towards the nurse, took out his wallet, took out a few red notes, and handed it to the nurse, "Don't tell me what you just saw." The

nurse took the money with bright eyes, smiling from ear to ear, "Don't worry, Mr. Fu, I didn't see anything just now."

"That's good." Fu Jingting put away his wallet and nodded with satisfaction, "Also, come back early next time you go out, try your best to guard it. She, don't leave her side, she can't see, she will be very scared alone, as long as you do it, I will also give you a salary."

"I will do it, Mr. Fu, I will do it!" For fear of answering late Now, Fu Jingting retracted this sentence, and the nurse quickly patted his chest to ensure that he would definitely stay by Rong Shu's side in the future.

Fu Jingting hummed, opened the door and went out.

His back was burning with pain, the whiplash had split open, and he urgently needed a doctor to change his dressing.

...

The next day, Rong Shu went through the discharge procedures and was ready to go to Nanjiang.

The nurse was packing her things, and she was sitting on the sofa beside her, calling Li Chuan.

Before that, Li Chuan's phone had been unable to get through, and people didn't know where to go.

In the past two days, she didn't contact him because of an accident, and she didn't know if he could get through the phone now.

Rong Shu called Li Chuan and put the phone to her ear.

This time, the phone finally got through.

A happy smile appeared on Rong Shu's face.

But this joy did not last long, because the phone was connected, but no one answered.

I just don't know if Li Chuan didn't see it or didn't pick it up on purpose.

Rong Shu was more inclined towards the latter.

Because she had sent a text message to Li Chuan before, and after Li Chuan turned on the phone to see it, she called her back.

Now Li Chuan's phone can be connected, which obviously shows that Li Chuan saw her text message, but he did not call.

What does this mean?

It means that he just doesn't want to contact her!

Thinking of this, Rong Shu felt a little uncomfortable, feeling wronged and worried.

The grievance is that the victim is obviously her, why does it seem that he is the victim now, and she, the real victim, needs to take the initiative to find him and coax him!

What worries her is that she doesn't know where he has been in the past few years, why he is there, and whether he is doing well.

"Hey..." Rong Shu sighed with a headache.

At this time, there was a knock on the door.

Chen Xingnuo probed in and said hello with a smile, "Mr. Rong, I'm here."

Rong Shu followed the sound and could not see her, but it didn't prevent her from smiling, "Come in."

Chen Xingnuo walked in. "Mr. Rong, what are you thinking, frowning?"

"Xiao Chuan, don't answer my call." Rong Shu shook the phone and replied with a wry smile.

Chen Xingnuo suddenly said, "So that's the case, I also heard about what happened between you and him before, he is just a little kid, paranoid and crazy, President Rong, you must never talk to him. Together, otherwise it's mother and son. You have to coax him and pamper him all the time. If he feels a little dissatisfied, he will either disappear or do some troublesome things. Being with such a person is very rewarding. tired."

Years of life as a bodyguard have created her a pair of discerning eyes.

Although Li Chuan looked gentle and gentle, a handsome young man, but in fact it was just a disguise.

The real Li Chuan was exactly what she said.

Rong Shu listened to Chen Xingnuo's words and couldn't help laughing, "What, how could I be with Xiaochuan, I treat him as a younger brother, no matter in the past, now, or in the future, it will not change.

"It's okay, in short, it's better not to be together, because he doesn't know how to truly love someone, his love will only make people feel suffocated, which should be caused by his childhood misfortune." Chen Xingnuo said with a sigh.

He was originally a pampered young master, but because of a pair of extremely irresponsible and irresponsible parents, he became a person with a dark personality.

What a godsend.

"The misfortune of childhood?" Rong Shu squinted, "Xingnuo, how do you know Xiaochuan's childhood?"

"This..." Realizing that he had leaked, Chen Xingnuo rolled his eyes and quickly replied with a lie, "I Listen to what he said, didn't I suspect that he was the person I was looking for before, so I chatted with him a few words."

Huo, so dangerous.

If Miss Rong told the young master that she had checked about the young master's childhood, the young master would definitely be angry.

"That's it." Rong Shu didn't think much about it, mainly because she didn't want to but doubted whether what her friend said was true or not. She nodded and didn't ask.

Chen Xingnuo breathed a sigh of relief, and then the topic turned to Rong Shu's eyes.

"By the way, Mr. Rong, you said on the phone yesterday that you can't see your eyes temporarily, is that true?" She leaned over and stared at Rong Shu's eyes.

Rong Shu touched her eyes, "It's true, so I'm going to trouble you for the next two days."

"Don't worry, wrap it on me." Chen Xingnuo patted his chest.

The nurse closed Rong Shu's suitcase, "Miss Rong, the luggage has been packed."

"Since it is packed, let's go." Rong Shu stood up.

Chen Xingnuo quickly helped her to a wheelchair and pushed her out of the ward. The nurse followed behind

, twisting the suitcase . Chen Xingnuo's car was in the parking lot of the hospital. After Rong Shu got in the car, she went directly to the airport. As soon as she left, Fu Jingting went to her ward behind. Looking at the neatly folded hospital beds, and at the nurse who was cleaning the ward, Fu Jingting's expression changed, "Where's Rong Shu?" The nurse raised his head, "Mr. Fu, you're here." "I asked Where are you, Rong Shu?" Fu Jingting clenched his fists and his tone was a little hurried. The nurse didn't dare to delay, and hurriedly replied, "Miss Rong has been discharged from the hospital." "What?" Fu Jingting's pupils shrank slightly . Undisguised worry, he explained, "That's it, Miss Rong seems to be going to Nanjiang to see some fashion show." "Fashion show?" Fu Jingting's temples protruded. She doesn't have good eyes. What fashion show is she watching? Fu Jingting knew that Rong Shu was actually not interested in any fashion show, so it must be Li Chuan's temptation to go to see it this time. Only Li Chuan is a model. If Li Chuan hadn't asked her to go, she would definitely not go. Really, does she care about Li Chuan so much? In order to watch Li Chuan's fashion show, I don't even care about my own injuries! Fu Jingting turned around and left Rong

Shu's ward with a dark face, took out his mobile phone, and called Assistant Zhang.  
"Mr. Fu." Assistant Zhang answered quickly.

Fu Jingting sighed and instructed, "Prepare my private jet, I'm going to Nanjiang."

"Ah?" Assistant Zhang was stunned, "Is there any business?"

"No."

"Then you..."

"Stop talking nonsense and hurry up. Go and do it, come to the hospital to pick me up when it's done." Fu Jingting frowned impatiently and urged.

Assistant Zhang had no choice but to shrug and respond, "I see, I'll prepare now."

Chapter 384 It's Li Zhaodi

Fu Jingting hummed, then hung up the phone.

Soon, two hours passed.

Rong Shu had already got off the plane and came to Nanjiang.

Chen Xingnuo pushed her and stopped a car to go to the hotel.

Secretary Tong booked a business suite with an extra small room with a bed in it. Now this small room has become Chen Xingnuo's.

Although Rong Shu couldn't see what the small room looked like, it was already a small room, so it was definitely not that big.

She smiled embarrassedly, "I'm sorry Xingnuo, I have wronged you."

"It's okay." Chen Xingnuo sat on the end of the bed and swayed his calf, "The room is not bad, I like it, I mean, just live in a car It's only at night, I'll be on it soon, and I've slept in my smaller room, and I've slept in the wild, it's fine."

Hearing her say that, Rong Shu was relieved.

Chen Xingnuo looked at the time, "Mr. Rong, it's still early, the fashion show will start in the evening, do you want to rest for a while?"

"Alright, just a little dizzy." Rong Shu rubbed his temples.

"I'll help you go to bed." Chen Xingnuo stood up and walked towards her.

Rong Shu fell asleep, and Chen Xingnuo quietly left the suite, walked in the corridor, and called Li Chuan.

Li Chuan answered, his voice was low and hoarse, "What's the matter?"

"President Rong is here in Nanjiang." Chen Xingnuo stopped in front of the elevator and said.

On the other end of the phone, Li Chuan had just finished the rehearsal and was resting in the auditorium under the runway. Hearing this, he suddenly stopped wiping his sweat, "Is she here?"

"Yes, Mr. Rong came to see him specially. You went to the show, didn't you invite President Rong before? Of course, President Rong would not break his promise, so he came, but you, why didn't you answer the call from President Rong." Chen Xingnuo pressed the elevator button ask.

Li Chuan lowered his eyelids, "No reason."

Chen Xingnuo sneered, "Come on, I see, you are just afraid, don't know how to face President Rong, obviously you have a dark heart, and want to take possession of President Rong, but on the other hand, you forcibly restrain this kind of behavior. Aren't you tired?"

Li Chuan's face darkened as if he had been told, "Enough, what do you want to say?"

Chen Xingnuo pouted, "I want to say , Mr. Rong didn't blame you for that incident, don't hide Mr. Rong, Mr. Rong is very worried about you, and you are a perpetrator, but let the victim worry about you, come to talk to you, you say yes Isn't it too much? Young master, it's time to mature." Li Chuan's

expression was ugly, "Chen Xingnuo, it's not my turn to teach you a lesson!"

Chen Xingnuo rolled his eyes, "I didn't mean to teach you a lesson, I l'm just reminding you, if you feel sick in your heart, treat it as soon as possible. If you drag it on, one day, you will really lose your mind and do things that will hurt President Rong. In addition, there is one more thing, I want to call you first. Vaccination, that is, when you see President Rong at night, you have to hold back your temper, you know?"

"What do you mean? What's wrong with my sister?" Li Chuan heard that something was wrong in her words, and his phone clenched tightly.

Chen Xingnuo sighed, "I can't say it now, it will affect your mood on the show. You'll know after you finish the show. Okay, I won't tell you first, I'm in the elevator."

After speaking, she Hanging up the phone, he didn't mean to treat the other party as his own boss at all.

For Chen Xingnuo, Li Chuan is not her boss yet, she will be when she returns to Ye's house.

In the fashion hall, Li Chuan looked at the phone that had jumped back to the main menu, squinted his eyes, and was about to use his hacking skills to check what happened to Rongshu these days, when the agent came over, "Xiaochuan, hurry up, The second round of rehearsals has begun, go to your stand." The

agent took his mobile phone and pushed him towards the entrance of the runway.

Night falls.

Chen Xingnuo pushed Rong Shu to the Fashion Museum.

At this time, there are already many people in the fashion hall, not only the business leaders in the fashion circle, but also the major stars in the entertainment circle, as well as well-known critics of clothing design and so on.

Oh, and a lot of media.

Chen Xingnuo pushed Rong Shu to the seat on the ticket. The seat was very good. It happened to be in the second row directly opposite the runway. He could clearly see how the models were walking on the runway.

It's a pity that Rong Shu couldn't see such a good location.

But Rong Shu was not disappointed, she handed the phone to Chen Xingnuo, "Xingnuo, Xiaochuan will come out and help me take a picture. I'll watch when my eyes are healed."

"Okay." Chen Xingnuo took the phone, took over this task.

Rong Shu sat, "How long until it starts?"

Chen Xingnuo looked at his watch, "Ten minutes left."

Rong Shu hummed and stopped talking.

The second floor, the best viewing platform.

Fu Jingting leaned in front of the railing and looked down at Rong Shu below.

Seeing that she couldn't see anything, but still looked forward to it, her heart was sour that it was almost boiling.

Assistant Zhang stood behind him, naturally felt his jealousy, pushed his glasses and said, "Mr. Fu, why don't you go down and have a look?"

"No, if you go down, Chen Xingnuo next to her will find out. I would think that he came with her, and I am even more disgusted with me." Fu Jingting said lightly.

Assistant Zhang rolled his eyes and thought to himself, didn't you come with Miss Rong?

Of course, if you think about it, say it and you're done.

Assistant Zhang coughed, "By the way, Mr. Fu, there is news from Dr. Lin that the painter arranged by Mr. Lu has already painted the person who really hurt Miss Rong."

Hearing this, Fu Jingting He turned around abruptly, "What did you say, you drew it?"

"Yes!" Assistant Zhang nodded, "Just half an hour ago, Mr. Lin called me."

"Who is it?" Fu Jingting's hand on the railing suddenly clenched tightly.

Assistant Zhang had a complicated expression, "We all know this person, the fake Gu Manqing from the Gu family."

"How could it be her?" Fu Jingting was shocked, "Didn't I ask you to send someone to keep an eye on her? As long as there is any abnormality in her, immediately inform me, what are the people you sent?"

Facing Fu Jingting's questioning, Assistant Zhang said, "About this, it is our negligence, the people I sent have indeed been Followed Li Zhaodi, but on the day of Miss Rong's accident, Li Zhaodi and Chen Xiuzhi exchanged identities, and the person I sent didn't find out that they had exchanged at that time, so I always thought it was Li Zhaodi who was watching, which made Li Zhaodi hurt Miss Rong.

", No wonder people staring at Li Zhaodi.

None of them knew that Li Zhaodi wanted to deal with Miss Rong, and even came up with an idea to hide the truth.

People who stared at Li Zhaodi would not even think that when Li Zhaodi came out of the toilet, Jin Chan escaped.

Fu Jingting closed his eyes ruthlessly, and when he opened them, there was only a cold chill and murderousness left in his eyes, "I knew that the first time I saw that Li Zhaodi, I

saw this man's heart is not right, in his eyes. There are too many things hidden, and he is definitely not a good person. I told Rong Shu to be careful about that Li Zhaodi, but she didn't take my words to heart, so that such a thing happened!"

"Mr. Fu, then we are now What should I do, first control Li Zhaodi?" Assistant Zhang looked at him and asked.

Fu Jingting squinted, "I don't need it for now. I already know it's Li Zhaodi, and Rong Shu will definitely know it soon. Let's see what she wants to do.

"

But now Li Zhaodi has obviously backfired, so she and Cheng Huai will naturally deal with Li Zhaodi.

Of course, if they don't deal with it, then he can do it for him.

Fu Jingting looked at Rong Shu below, just in time to see Chen Xingnuo handing over his mobile phone to Rong Shu.

He guessed that Lu Qi might also know about it and was about to tell Rong Shu.

### **Chapter 385**

Facts have proved that Fu Jingting's guess was right.

Rong Shu answered the phone, "Hey, Ah Qi, what's the matter?"

"Baby, the portrait has come out." Lu Qi's deep voice came from the other end of the phone.

Rong Shu immediately sat up straight, "Come out, who?"

She couldn't see it, so she didn't ask him to send her the portrait.

And he must have checked the identity of the person in the picture as soon as the portrait came out, so just ask him directly.

"You know this person too. It's the eldest daughter that Gu Jiaxin found, Gu Manqing!" Lu Qi took the word Gu Manqing very seriously.

Rong Shu's eyes widened, and her subconscious reaction was, "This is impossible!"

How could it be Li Zhaodi?

Li Zhaodi is her and Cheng Huai's inner partner!

"Baby? Why do you think it's impossible? Do you know Gu Manqing?" Lu Qi frowned suspiciously.

Rong Shu opened her mouth, "Well, I know her, sorry Aqi, I never told you that Gu Manqing is not the eldest daughter of the Gu family, her name is Li Zhaodi, a random person that Cheng Huai and I found casually. And then specially arranged to respond to the Gu family."

"What?" Lu Qi raised his voice, "Baby, you...you don't tell me about such a big thing?"

"Sorry, Qi." Rong Shu knew that she was right. bowed his head.

She didn't talk about him, first of all, she felt it was unnecessary. After all, it was her, the Cheng family and the Gu family's grievances. It had nothing to do with him and the Lu family. She didn't want to involve him and the Lu family.

Secondly, the less people know about this matter, the better. In this way, Li Zhaodi's identity will be less likely to be exposed.

Listening to Rong Shu's apology, Lu Qi calmed down and thought about it, and probably knew why she didn't tell him.

Although I can understand it in my heart, I still feel a little uncomfortable.

Because it made him feel like he was being pushed out by her.

Lu Qi pursed his lips, and said sullenly, "Forget it, I also know why you didn't tell me, but baby, this time, it was indeed Gu Man... No, it was Li Zhaodi who did it, I took Li Zhaodi. Chen Xiuzhi's portrait was shown to Chen Xiuzhi, although Chen Xiuzhi didn't admit it, her expression said it all, baby, you and Cheng Huai arranged to be in the Gu family's house, so you're backing the master!"

Rong Shu squeezed her phone tightly, obviously still in shock In the middle, he didn't fully recover, "Why is this..."

"Why not, from the name Li Zhaodi, I can probably guess that this person must have come from a poor family that prioritized sons over daughters?" Lu Qi asked.

Rong Shu hummed, "Yes."

"Sure enough, it's not surprising that you would turn your back on the master." Lu Qi sighed, "At this point, both you and Cheng Huai have neglected an important point,

which is people's hearts, what do you think? , A person who lived in a poor family since childhood, suddenly became a child of a rich family one day, and saw the glory and wealth that she had never seen before, do you think her heart can still maintain the original, not polluted?"

"This... .." Rong Shu's pupils shrank suddenly, clearly understanding what he meant.

That is, Li Zhaodi once rose from hell to heaven, and then developed greed and wanted to stay in heaven forever.

However, it is not easy to stay in heaven forever, because there are two people who can pull Li Zhaodi back from heaven to hell at any time. These two people are her and Cheng Huai.

So in order to stay in heaven, it's not surprising that Li Zhaodi would rebel against her and Cheng Huai.

In this way, what Chen Xiuzhi said that the person who attacked her was because she would threaten the identity of that person, it made sense.

Because she can go to Gu's house to reveal that Li Zhaodi is not Gu Manqing, but isn't she a threat to Li Zhaodi, so it is normal for Li Zhaodi to attack her, just attack her, why destroy her red mole?

What does her red mole have to do with Li Zhaodi?

This is still a puzzle that can't be understood, Rong Shu's red lips pursed in thought.

Lu Qi's voice came again, "I didn't know Li Zhaodi was arranged by you and Cheng Huai before, I thought she was really the eldest daughter of the Gu family. The reason why she attacked you was to avenge Gu Manyin, but I didn't expect that she was actually the eldest daughter of the Gu family. In order to stay in the Gu family and become Gu Manqing forever, baby, we must not let her go!"

"I know." Rong Shu lowered her eyes.

After all, she still underestimated the human heart and underestimated human nature.

I thought Li Zhaodi was submissive, timid and cowardly, and looked easy to control, but who knew it was fake, she and Cheng Huai looked away and led a hungry wolf in!

Touching the bandage on her head, she blinked her dull eyes again, a icy chill flashed in Rong Shu's eyes.

Now that the error has been made, stop the loss in time.

That Li Zhaodi should not stay any longer.

“Aqi, stare at Li Zhaodi. Don’t let her find out that we already know that the culprit is her. I’ll deal with it when I return to Haishi the day after tomorrow.” Rong Shu squinted and said coldly.

Lu Tou, “Okay, I got it, don’t worry.”

“Well, that’s it, the catwalk for me will start, Aqi, hang up first.” Rong Shu

put down the phone, and Rong Shu handed it to Chen next to him Xingnuo. Chen Xingnuo

looked at her, “Mr. Rong, what happened?”

“It’s okay.” Rong Shu shook her head, “Let’s watch the show first.”

superior.

At the railing on the second floor, Fu Jingting saw that Rong Shu had hung up the phone, and his eyes sank slightly.

Assistant Zhang asked curiously, “Mr. Fu, what do you think Miss Rong is going to do with that Li Zhaodi?”

Fu Jingting pursed his lips, “I don’t know for now, let’s see first.”

After speaking, he turned to Hugh who was behind him. Go to the rest room.

Seeing this, Assistant Zhang asked, “Mr. Fu, you didn’t watch it?”

“A group of men are on the catwalk, what’s so nice, am I worse than them?” Fu Jingting raised his eyes and looked at him coolly.

Assistant Zhang coughed lightly, “That ‘s not

true.” To be honest, compared to his height and figure, Mr. Fu is indeed not inferior to those male supermodels.

Compared with the face, those male supermodels are even more incomparable, and even the vast majority of male stars in the entertainment industry are not comparable to President Fu.

On the other hand, Li Chuan was alright, but his personality was not as mature as Mr. Fu’s.

In short, in terms of appearance, Mr. Fu wins.

Hearing Assistant Zhang's words, Fu Jingting lifted his chin in satisfaction and entered the lounge.

Below, the catwalk is halfway through.

Chen Xingnuo looked at the roster in his hand, his eyes lit up, "Mr. Rong, Li Chuan is next."

Hearing this, Rong Shu also came to the spirit, "It's great, it's finally here."

"I Call up the video, or it will be too late." Chen Xingnuo lowered her head and turned on her mobile phone, then pointed it at the runway.

At this time, a tall and slender figure walked out from the end of the runway and slowly walked towards the front.

Chen Xingnuo held the phone in one hand, and put the other hand on Rong Shu's shoulder and shook it gently, "Mr. Rong, Li Chuan is out."

"I know, I know, don't shake it." Rong Shu's body was shaken by her He also swayed, and his head was even more dizzy.

After Chen Xingnuo took her hand away, she sat up straight and stared at the stage seriously.

Even if she can't see it, it doesn't affect her view, at least the attitude is there.

Li Chuan walked on the runway with a blank expression on his face, his eyes seemed dull, but he was actually scanning the auditorium below.

Seeing Rong Shu sitting in the audience, waving at him and smiling, his pupils slightly dilated, and a hint of joy flashed in his eyes.

Rong Shu, she is here!

Chapter 386 Meeting with Li Chuan

But this smear of joy didn't last long before Li Chuan was washed away by the bandage on Rong Shu's head.

Li Chuan remembered what Chen Xingnuo said on the phone during the day, telling him to see Rong Shu not to get angry. It seemed that this was what he meant.

Li Chuan secretly clenched his fists and lowered his eyelids, covering the blood and blood in his eyes.

Fortunately, his movements were not obvious and were not discovered by people watching the show.

Otherwise, tomorrow's headlines will be there.

After Li Chuan made a pose at the top of the runway, he turned and walked towards the end of the runway.

Chen Xingnuo approached Rong Shu and whispered, "Mr. Rong, Li Chuan was very unhappy when he saw the wound on your head. Although he concealed it well, I still saw it."

Hearing this, Rong Shu sighed . After a sigh of relief, "It's okay, I'll be honest in a while."

She had already guessed that Xiaochuan would be unhappy, so she was mentally prepared.

Behind the scenes, Li Chuan walked towards the rest area.

The manager handed him a bottle of water, "Xiao Chuan, drink some water."

Li Chuan ignored it. After walking to the rest area, he waved all the cosmetics on the table to the ground with one hand.

This move attracted the attention of all the models backstage, as well as their agents.

"Li Chuan, what's wrong with you?" a model asked concerned.

Li Chuan still ignored it, lowered his head, and his body was filled with a terrifying aura.

Who was it, who hurt her!

When he finds out, he will definitely kill that person!

Li Chuan's expression was terrifyingly distorted.

When the agent saw this, he quickly blocked him to prevent anyone from taking pictures of him, and it would be lively when it was spread on the Internet.

"Xiao Chuan, what's going on? You're so angry?" The manager turned his head slightly and asked in a low voice.

Li Chuan took a deep breath, barely suppressed the dark emotions in his heart, and replied coldly, "It's nothing."

"You don't look like nothing, you don't even pretend to be your true self, obviously..."

"Okay, models! "The agent was interrupted by a staff member before he finished speaking.

The staff clapped their hands, "The curtain call is here, everyone quickly line up and go up to the curtain call." When the

agent heard this, he had to choke back on what he was about to say, and reminded Li Chuan, "Okay Xiaochuan, let's go to the curtain call first. Well, remember to keep your emotions and expressions away, don't let the media capture them, or you and I will be criticized tomorrow."

Li Chuan's eyes flashed, "I know."

After speaking, he rubbed his eyebrows and sorted them out. With a good expression, he walked towards the entrance of the curtain call.

In the auditorium, Chen Xingnuo also knew that the curtain call was over, and raised his mobile phone again, intending to film the scene of Li Chuan's curtain call.

Rong Shu sat next to her and quietly listened to the whole process of her curtain call.

Soon, the curtain call was over, and all the models left.

All the audience watching the show, all stood up and applauded.

Rong Shu was supported by Chen Xingnuo and stood up.

The two applauded for a while, then Chen Xingnuo asked, "Mr. Rong, are we going to find Li Chuan?"

Rong Shu nodded, "Of course, let's go."

Chen Xingnuo returned the phone to her and helped her backstage go.

When they reached the entrance of the backstage, the two stopped and did not go in any further, planning to wait for Li Chuan to come out.

Fortunately, it didn't take long for Li Chuan's agent to arrive.

The agent knew Rong Shu and had met Rong Shu twice before.

Seeing Rong Shu, the agent stepped forward to say hello, "Miss Rong, you also come to see Xiaochuan's catwalk."

"Yes, Brother Wang, Xiaochuan invited me here." Rong Shu replied with a smile.

The agent looked at Rong Shu and felt something was wrong, but couldn't say, "Miss Rong is here, do you want to see Xiaochuan?"

"Yes, Brother Wang, please call him for me." Rong Shu asked.

The agent agreed, "Okay, I'll go right now, you wait a moment."

"Thank you." Rong Shu thanked him with a smile.

Brother Wang entered the dressing room and asked someone to go.

Two minutes later, Li Chuan came out.

The show clothes on his body have been changed, but the makeup on his face has not had time to take off. He looks extraordinarily coquettish, like a vampire Count who came out of the Middle Ages, very handsome.

"Sister..." Li Chuan came to Rong Shu and shouted in a low voice.

Rong Shu hummed and said lightly, "I was still thinking, are you not going to see me?"

"How come." Li Chuan quickly denied it.

Rong Shu snorted, "Why not, you don't even answer my phone, isn't it possible that you don't see me?"

"I..." Li Chuan's throat was blocked, and he was speechless. After a while, he spoke hoarsely. "I just don't know how to face you, sister, and I don't have the face to face you. I did that kind of thing to you, and I was afraid that you hated me, was angry with me, and didn't forgive me, so..."

"Okay, it's over. , I didn't hate you, I didn't get angry with you, and I didn't forgive you." Rong Shu said with a sigh.

Li Chuan's eyes flashed slightly, and a surprised smile suddenly appeared on his face, "Sister, have you forgiven me?"

"Well." Rong Shu nodded.

Li Chuan stretched out his hand and held hers tremblingly, "Sister, is this true, don't you really blame me?"

"It's true, but..." Rong Shu pulled out her hand and said with a serious expression, "But I hope you don't do these things again in the future, you know?"

Li Chuan's eyes darkened, but his mouth agreed, "Okay, I won't." "That

's good." Rong Shu smiled gratified, "Also, I also know about your mental state."

The expression on Li Chuan's face slowly solidified, "You...you know?"

"Well, so Xiaochuan, listen to me and see if it's good for you?" Rong Shu sincerely advised.

Li Chuan squinted slightly, stared at her face for a while, and finally lowered his eyelids and replied, "Okay!"

"Good!" Rong Shu patted his arm.

He was right next to her, so she naturally knew where his arm was without looking.

On the other hand, Chen Xingnuo watched this scene, the corners of his mouth curled up slightly, and then he made a silent mouth gesture to Li Chuan. You seem to be perfunctory to President Rong, you do not want to see a psychiatrist!

Li Chuan understood, and he warned her with cold eyes, and quickly retracted it, for fear of being seen by Rong Shu.

Chen Xingnuo rolled his eyes, wanting to say that there is no need to be so nervous, because President Rong can't see.

But she thought she should not say this, let him find out for himself.

"By the way, sister, what's the matter with your head injury?" Li Chuan looked at the bandage on Rong Shu's head, his eyes were cold, but his expression was very concerned.

Rong Shu touched the bandage on her head, her expression lightened, "I was beaten by a mad dog."

"Who?" Li Chuan asked immediately.

Rong Shu replied, "Okay Xiaochuan, don't ask, I will handle this matter myself, let's go first, don't stay here, it will get in the way."

Seeing that she didn't say anything, Li Chuan couldn't help clenching his fists pinch.

In the end, considering her mood, she had no choice but to suppress the violence in her heart and let go of her fist, "Go to my lounge, each model here has a separate lounge."

"Okay." Rong Shu nodded, then stretched out a hand.

Li Chuan didn't understand what she meant by this, and was wondering when he saw Chen Xingnuo supporting her.

And her other hand touched the air in front of her, as if she was wondering if there was a wall or something, and she put it down when she didn't feel it.

Seeing this scene, Li Chuan's pupils shrank, and his body shook, "Sister, your eyes..."

"I can't see it for now." Rong Shu knew that he would find out sooner or later and would ask this question, so he didn't hide it. smiled back.

Li Chuan hurriedly held her face, "I can't see it? Why can't I see it? What the hell happened?"

"Let's go to your lounge first." Rong Shu waved his hand, signaling him to calm down first.

Seeing that someone had noticed this, Li Chuan had to suppress his anger and nodded, "Okay, I'll lead the way."

He brought Rong Shu and Chen Xingnuo to the lounge.

As soon as the door closed, he eagerly asked Rong Shu to tell him how his eyes couldn't see.

Rong Shu didn't hide it from him, and told everything one by one.

Li Chuan's eyes narrowed coldly.

Li Zhaodi?

He remembered it!

"Sister, are your eyes really good?" Li Chuan stretched out his hand and touched Rong Shu's eyes gently.

Rong Shu nodded, "Of course, but it's unclear when exactly."

So she plans to hand over Tian Cheng's work to Lu Qi.

"Okay Xiaochuan, let's not talk about this anymore, anyway, Li Zhaodi has been stared at by Aqi now, and I will deal with her when I go back. Tell me, there will be a show tomorrow, right?" Rong Shu asked.

Knowing that she didn't want to talk about Li Zhaodi anymore, Li Chuan replied, "Yes, there is another one during the day."

"Then I may not be able to watch it." Rong Shu sighed regretfully.

Li Chuan's expression tightened, "Why? Sister, are you going to go back tomorrow morning?"

"No, go back the next morning, but I'm going to do something tomorrow." Rong Shu said with a complicated expression.

She wanted to find out if she really missed a baby when she was born, and then hugged it back.

"What's the matter?" Li Chuan asked.

Rong Shu smiled, "Secret."

Seeing that she refused to tell herself, Li Chuan's eyes darkened for a moment, and his whole body was obviously unhappy.

Rong Shu noticed it, and patted his arm lightly, "Okay Xiaochuan, don't be angry, this is my family business, I don't understand it myself, and I can't say it out, I'll tell you when I figure it out. You."

"Okay." Li Chuan was happy.

Rong Shu turned her head and said to Chen Xingnuo on the other side, "Xingnuo, I want to go to the toilet, take me there."

"Okay." Chen Xingnuo put down the juice, helped her up, and took her to the bathroom.

Soon, Chen Xingnuo came out by himself, walked in front of Li Chuan, and said, "Hey, have you thought about it?"

"What do you mean?" Li Chuan asked with dark eyes.

Chen Xingnuo smiled, "You know what I'm asking, but since you pretend you don't understand, then I might as well tell you again. Of course I mean, you went back to Ye's house."

Li Chuan pursed his lips, "Don't go back!"

"Really don't go back?" Chen Xingnuo's smile suddenly sank, "Li Chuan, I told you very clearly last time, if you don't go back to the Ye family, you will lose the Ye family. Are you willing to let everything that should be yours fall into the hands of those illegitimate children? Don't forget that half of the credit for the Ye family's development to become so powerful is your grandfather. Do you really think Are your grandfather's efforts in vain?"

"..." Li Chuan's pupils shrank, and his fists clenched sharply.

Chen Xingnuo looked at him, and his expression returned, "It seems that you still don't want to, so go back. In addition, there is another important thing, I want to tell you, that is according to my father's message. The news, the Fourth Young Master has already come to the sea market, but I haven't found out where he is hiding, he must be coming for you, so you should be careful."

"Xingnuo." Go to Rong Shu and call her again.

Chen Xingnuo responded, turned around and walked to the bathroom.

Li Chuan lowered his eyelids and looked at the ground, wondering what he was thinking.

In the early morning, Rong Shu and Chen Xingnuo said goodbye to Li Chuan and returned to the hotel.

Li Chuan didn't live in the hotel. Their model had the organizer to arrange the accommodation, and there was a model meeting for a while, so there was no way to send Rong Shu back.

Fortunately, with Chen Xingnuo by Rong Shu's side, he felt more at ease.

Thinking of Chen Xingnuo's terrifying force value and the dark history of rubbing himself against the wall, Li Chuan felt irritable.

Back at the hotel, Chen Xingnuo pushed Rong Shu towards the elevator. As soon as he reached the elevator door, he saw two people walking by from the left, and said in surprise, "Mr. Rong, President Fu is actually here."

"Fu Jingting?" Rong Shu frowned. Chen Xingnuo hummed

twice, "Yes!" As soon as he finished speaking, Fu Jingting had already walked up to the two of them, looking at Rong Shu in the wheelchair, his voice was gentle, "What a coincidence, why are you here?" Behind him, Assistant Zhang secretly rolled his eyes. skillful? It's clearly Mr. Fu, you came here with Miss Rong! Of course, after thinking about it, he couldn't break it down. But looking at Miss Rong's appearance, she obviously didn't believe Mr. Fu's words. Rong Shu raised her eyebrows, "Is it really a coincidence? I never heard that you are coming to Nanjiang." Fu Jingting's eyes flashed, "I decided to come temporarily, something happened to the branch here, come here. Deal with it." Assistant Zhang rolled his eyes again. It was the first time he heard that a boss cursed his company for an accident. "Really." Rong Shu couldn't see him, and didn't know if what Fu Jingting said was true or not, she nodded slightly and didn't speak. The four people are standing at your elevator entrance so quietly, the atmosphere is a bit awkward. After a while, Fu Jingting took the initiative to break the eerie tranquility, lightly opened his thin lips and said, "Listen to Lin Tianchen, the appearance of the murderer who attacked you has been drawn, it is Li Zhaodi."

Rong Shu hummed.

"Have you told Cheng Huai about this?" Fu Jingting looked at her and asked.

Li Zhaodi was found by the two of them together to deal with that woman.

Cheng Huai should also have a share.

Rong Shu shook her head, "Not yet, Wait until I go back and say. "

"When are you going back?" Fu Jingting's thin lips moved, as if he asked casually.

Rong Shu said lightly, "I don't know for the time being. If you want to go back, you can go back at any time." "

How could Fu Jingting not hear? She was deliberately perfunctory, not wanting to tell him the real time to go back, a trace of sadness floated in her heart, and she didn't ask. The

air became quiet again.

Even if the elevator arrived and the four entered the elevator, none of the People were talking, and the atmosphere was extremely depressed.

It wasn't until the elevator reached the floor, after Rong Shu was pushed out by Chen Xingnuo, that she heard footsteps behind her, and then she said in surprise, "You also live on this floor? "

This is the floor of the business suite.

He wants to live in the presidential suite, right?

Fu Jingting knew what Rong Shu was thinking, and said without changing his face, "The presidential suite has been reserved. "

Rong Shu snorted twice.

Believe you!

Although this hotel is not controlled by Fu, it has cooperation with Fu, and the hotel owner has his own room in each of the major hotels. If the hotel owner knows about Fu Jingting When he came, he would naturally give his room to Fu Jingting.

So Fu Jingting said that there was no room, which was an excuse.

At this moment, Rong Shu had already determined that this person came here with him.

"Xingnuo, let's go. Rong Shu was too lazy to pay attention to Fu Jingting, patted the armrest of the wheelchair, and realized that Chen Xingnuo pushed her away.

Chen Xingnuo glanced at Fu Jingting with a half-smile, and then pushed Rong Shu forward.

Fu Jingting did not continue to follow, Instead, she stood there and looked at their backs, her thin lips pursed.

"President Fu, Miss Rong seems to be angry. Assistant Zhang touched his chin and said.

Fu Jingting lowered his eyes and said softly, "Because she already knew that I was lying to her. "

Assistant Zhang laughed twice, "If you want me to tell you, Mr. Fu, your acting skills are really not that good. You'll know you're lying when you hear it."

Chapter 388

Fu Jingting glanced at him coldly and motioned him to shut up.

Assistant Zhang shrugged his shoulders and closed his mouth.

Fu Jingting watched Rong Shu and the others enter the room, then turned around and went back to the elevator.

He already knew which room she lived in, and that was enough.

Next, it was time for him to go back to his room.

the next day.

Rong Shu was woken up by Chen Xingnuo and was going to go to the hospital in a while.

Chen Xingnuo prepared a toothbrush towel for her very early.

So when Rong Shu entered the bathroom, she could directly brush her teeth and wash her face, without having to fumble for these things by herself.

I have to say that she really found the right one when she asked Chen Xingnuo to accompany her to Nanjiang.

At this moment, the doorbell rang.

Chen Xingnuo turned his head to the bathroom and said, "Mr. Rong, someone is here, I'll open the door."

"Go." Rong Shu spat out the foam in her mouth and responded.

Chen Xingnuo walked to the door with his feet raised, first looked in the cat's eyes, saw the staff of the hotel outside, and then opened the door, "What's the matter?"

"Is it Miss Rong?" The staff smiled to ask.

Chen Xingnuo shook his head, "I'm not, but Miss Rong is my boss."

"That's it, Mr. Fu just ordered breakfast for Miss Rong, please sign for it." After speaking, the staff pushed out a car from the side. dining car.

There are several plates on the dining car, but they are all covered with lids, so you can't see what breakfast is inside.

Chen Xingnuo raised his eyebrows, "Okay, I see." The staff handed the dining car to her, turned and left.

Chen Xingnuo pushed the pusher into the room, just in time to see Rong Shu leaning against the wall and coming out of the bathroom.

Hearing the sound of the wheels rolling, Rong Shu stopped and said, "Xingnuo, who is it?"

"The guy from the hotel, the breakfast." Chen Xingnuo pushed the dining cart to the table and replied.

Rong Shu was slightly surprised, "You have already ordered breakfast. I also said that I will come out after washing up."

"I'm not sure. This is the order from the big guy who wants to chase his wife." Chen Xingnuo pointed upstairs.

Rong Shu couldn't see it, but she immediately knew who she was talking about, her red lips pursed, "Fu Jingting fixed it?" "Yeah." Chen Xingnuo

nodded, then lifted a few lids and saw the richness on the plate I couldn't help but wow twice, "Not bad, Mr. Rong comes over to eat soon."

"No, eat it yourself." Rong Shu shook her head.

Chen Xingnuo put down the lid and walked towards her, then supported her and walked towards the dining table again, "Don't be like this, you won't eat a free breakfast, and the rules of the hotel are like this, you can't go back if you make an appointment, I If you can't finish it all by yourself, it's a waste, I know why you don't accept it, and we'll pay him back later."

Chen Xingnuo said as he put the spoon into Rong Shu's hand.

Rong Shu took the spoon and threw it away, and it didn't matter if he didn't throw it away. In the end, he sat down with compromise, "In a moment, you can use my mobile phone and transfer the money to him."

"Okay." Chen Xingnuo nodded while drinking the milk.

After breakfast, the two went out and went to the largest hospital in Nanjiang.

Twenty-six years ago, Rong Shu was born here.

Dad said that he came to Nanjiang to talk about business, and his mother came to accompany him with a big belly that was about to be born, and then his mother started in Nanjiang and gave birth to her.

This time, she must find out whether she was born and missed.

In the hotel, when Fu Jingting learned that Rong Shu had gone out, his face stinks.

He knew that there was still a catwalk during the day.

She must have finished watching Li Chuan's two catwalk shows before returning to Haishi.

Assistant Zhang squinted at the sullen Fu Jingting, pushed his glasses and asked, "Mr. Fu, shall we go?"

"No!" Fu Jingting frowned and replied.

A group of men walking on the runway, what's so beautiful.

"You send two people over there to protect her secretly and don't let her get hit." Fu Jingting squeezed his brows and said again.

Although Rong Shu was accompanied by Chen Xingnuo, Chen Xingnuo was alone after all, and sometimes he couldn't take care of everything.

Especially on occasions where there are many people, Rong Shu can't see the people coming and going, so it's hard to guarantee that he won't bump into people.

"I understand President Fu." Assistant Zhang nodded in response.

However, after the people sent by Assistant Zhang looked around the fashion hall, and they couldn't find Rong Shu and the others, Fu Jingting realized that Rong Shu did not go to the fashion hall to watch Li Chuan's catwalk at all.

This made Fu Jingting feel worried.

Rong Shu didn't go to the Fashion Museum, so where did she go?

Was it taken away by someone, or went to do something else?

With many doubts lingering in his heart, Fu Jingting narrowed his eyes and commanded in a deep voice, "Check, check the car Rong Shu was in when she went out, I want to know her whereabouts."

Without knowing where she was, his heart could not be settled. down.

Assistant Zhang also knew that Rong Shu suddenly disappeared, and the matter was serious, so he did not dare to delay, and immediately went to do it.

On the other side of the hospital, Rong Shu was standing outside the archives, nervously waiting for the results.

After all, it was twenty-six years ago, and it would take a certain amount of time for the administrator to consult the information for so long.

Chen Xingnuo looked at her anxiously holding her hands together, and couldn't help comforting her, "Mr. Rong, don't worry, I believe you must be the daughter of the Rong family."

Rong Shu smiled, "I also think I'm the daughter of the Rong family. Otherwise, why are my parents so good to me? It's just some strange things that I have to figure out."

She really wanted to know why Ah Qi The baby seen twice is not the same.

Intuition tells her that this is important.

So if she doesn't figure it out, she will feel uneasy.

After waiting for a while, the door of the archive room opened, and the manager came out with a yellowed file, "Miss Rong, the information you want to check is here, this file is your mother giving birth in our hospital back then. All the records of the time."

Hearing this, Rong Shu immediately stood up, "Thank you."

She groped for the dossier handed over by the manager.

Chen Xingnuo said, "Mr. Rong, let me see it for you."

"Okay, then I'll trouble you." Rong Shu hurriedly handed over the file.

After Chen Xingnuo took it, he opened it carefully.

Can you be careful? It has been more than 20 years, and the paper is a little brittle. If you use a little force, it will definitely be destroyed.

More than 20 years ago, computers were not widely used. All records at that time were basically paper. Once everything was destroyed, there would be no backup.

"Xing Nuo, have you seen it?" Rong Shu hurriedly asked.

Chen Xingnuo flipped through the pages gently, "I'm watching, Mr. Rong, don't worry, it says that on July 6th twenty-six years ago, Mrs. Rong, your mother, gave birth in this hospital. I gave birth to a baby girl weighing four pounds and sixty taels."

"And then? Did you get carried wrong?" Rong Shu asked again while holding her palm.

This is what she wants to know most now.

If there is really a mistake, then the parents will definitely come to the hospital and ask the hospital to contact another pair of parents who hold the wrong baby. At the same time, the incident of the wrong baby will be recorded in the file.

“Wait a minute, I’ll take a look.” Chen Xingnuo continued to turn back, then shook his head, “No, the dossier does not mention that the baby was held wrongly, but there are many inspection reports of the baby, and the condition of the baby above is not very good. Well, Mr. Rong, you were so frail and sick when you were young.”

Rong Shu pursed her lips, “I don’t know if I was frail and sick when I was a child, my parents never told me, but it doesn’t matter, the important thing is, why not What about the wrong record?”

If there is no wrong record, it means that she has never been reported missed.

Who was the baby without red moles that Ah Qi saw for the first time?

The more she thought about it, the more wrong she felt. Rong Shu took out her mobile phone and handed it to Chen Xingnuo, “Xingnuo, help me dial Aqi’s number.”

“Okay.” Chen Xingnuo closed the file in his hand and took the phone over. He found Lu Qi’s phone number and dialed it.

The call was quickly connected, and Lu Qi’s voice came, “Baby.”

Chen Xingnuo rolled his eyes, and replied maliciously, “Hey, husband, call me.”

“Cough...” Rong Shu Choked on his own saliva.

On the other end of the phone, Lu Qi was even more stunned, and then roared angrily, “What the hell? Who are you? Who is your husband?”

“Okay, okay.” Chen Xingnuo wanted to tease He, Rong Shuren smiled and stretched out his hand, “Okay Xingnuo, don’t make trouble, give me your phone.”

Chen Xingnuo laughed and handed the phone over, “Mr. Rong, President Lu is really surprised. It’s fun.”

Rong Shu shook her head in tears and put the phone to her ear, “Hey, Ah Qi, it’s me.”

Hearing the familiar voice, Lu Qi was relieved, “Baby, who was it just now? An inexplicable person called my husband, and it scared me a lot. If I hadn’t seen the phone number as yours, I would have thought who made the wrong call.”

"It's Xing Nuo, I asked her to call for me, she was funny. What about you?" Rong Shu said with a smile.

Lu Qi angrily replied, "Damn, it's actually her, baby, tell her, wait for her to come back and see how I deal with her, how dare you make fun of me!"

"Okay." Rong Shu covered her lips and smiled twice.

Lu Qi snorted, then regained his composure, and asked about the business, "By the way, baby, did you find something when you called me at this time?"

Hearing this, Rong Shu's face smiled. It froze, and he hummed in a deep voice, "Aqi, I'm in the hospital where I was born, and I've seen the file. Our guess was wrong, and I wasn't wrong."

"What?" Lu Qi raised his voice.

Then, aware of the gazes around, she quickly covered her mouth and lowered her voice, "Darling, are you really holding me right?"

"Yes." Rong Shu nodded, "So I'm calling you now, just to know, your first What the hell happened to the baby I saw once."

"I'll say it first, I'm definitely not hallucinating." Lu Qi took the phone and walked aside.

Rong Shu pinched the bridge of her nose, "I didn't say it was a hallucination, I just wanted you to ask your aunt if she knew about it. After all, she and my mother are best friends."

"Okay, I'll ask." Lu Qi agreed. Come down and go to Mrs. Lu.

Mrs. Lu was talking to the relatives of the Lu family. She received Lu Qi's beckoning, frowned in disgust, then got up and walked over, "What's the matter?"

"Mom, I want to ask you why I saw two treasures when I was a child. Rong Shu?" Lu Qi looked at his mother and asked.

Mrs. Lu squinted at him, "What two Shushu, are you confused?"

Lu Qi stomped his feet, "Aiya, what I'm talking about is the first time I saw Rong Shu when I was a child, why did I have the second time with me? Isn't it the same Rong Shu you saw?"

Hearing this, Madam Lu's expression changed, and her pupils contracted slightly.

But soon, she sorted out her expression and returned to normal, as if nothing had happened just now. She smiled and said, "Of course it's not the same."

Lu Qi took Madam Lu's arm excitedly, "Then I'll be the first. Who was the baby you saw last time?"

Madam Lu replied with slightly drooping eyelids, "It's a girl from a relative of the Rong family, and asked your Uncle Rong and the others to take care of her for a few days, so the first time you saw her was her, not her. Shu Shu, Shu Shu was sleeping in the room at the time."

"Is that so?" Lu Qi was surprised.

Mrs. Lu poked his forehead, "Otherwise what do you think it is?"

"I thought that Rong Shu was carried by mistake and was carried back again." Lu Qi muttered.

Mrs. Lu rolled her eyes at him, "Are you stupid? If you were wrong, would there be no news reports?"

"That's true." Lu nodded.

Mrs. Lu breathed a sigh of relief, then narrowed her eyes, stared at him, and asked tentatively, "You are so short, why are you suddenly asking this?"

Lu Qi's eyes wandered away, "I'm curious, I am I suddenly remembered what happened when I was a child, and felt strange, so I asked you, okay, mom, I have nothing else to ask, so I'll go first."

After speaking, he turned and walked into the distance.

Mrs. Lu looked at his back and sighed softly, her eyes dark and unclear.

"Baby, did you just hear it?" Lu Qi returned to the place where he stood before, put the phone back to his ear, and asked on the other end of the phone.

Rong Shu nodded, "I heard, it's a relative's child."

Auntie was so kind to her.

She believed that her aunt would not lie.

Lu Qi hummed twice, "It doesn't matter if it's a relative's child. In this way, there is no problem with your identity, baby."

“Yes.” Rong Shu smiled.

Knowing that it was a relative’s child, she was really relieved.

“It seems that Li Zhaodi said that your red mole will threaten her identity, and it has other meanings.” Lu Qi pondered.

Rong Shu twitched the corners of her mouth coldly, “What do you mean, go back and let her explain it personally?”

Anyway, as long as she knew that she was the daughter of the Rong family, there was no problem.

“That’s right.” Lu nodded.

At this time, someone next to him was calling him, “Aqi, come over and offer incense.”

“Come here.” Lu Qi replied to that person.

Rong Shu heard it and said, “Aqi, you are busy in advance.”

“Okay, then I’ll go first, and I’ll pick you up at the airport tomorrow.”

After he finished speaking, he hung up the phone and ran .

Rong Shu also put down the phone, “Xingnuo, let’s go back too.”

Chen Xingnuo, who had been an invisible man next to him, pointed to the file, “Did you not read the file?”

“No, there is no problem with my identity.” Rong Shu said with a smile.

Chen Xingnuo was happy for her, “That’s great, then Mr. Rong, wait a moment, I’ll return the file first.”

“Go.” Rong Shu waved her hand.

Chen Xingnuo took the file and went to the archives.

Soon, after she came back, she pushed Rong Shu out of the hospital.

As soon as the two left on the front foot, someone went to the archive room on the back foot to ask Rong Shu the purpose of coming here.

After asking clearly, the man made a phone call and went out.

After listening to the content on the phone, Assistant Zhang gently pushed his glasses, "I see, you should come back first."

He put down his phone and walked towards the study in the presidential suite.

"Mr. Fu, it's clear. Miss Rong and the others went to Nanjiang No. 1 Hospital to check the dossier when she was born." Assistant Zhang knocked on the door and said to the man inside.

The man frowned, "Why is she checking this?"

"According to what the file manager heard, it seems that Miss Rong suspected that she was holding the wrong baby with another baby when she was born." Assistant Zhang replied.

Holding the wrong one?

Why does she have such doubts?

Fu Jingting squinted, "What's the result? Is there a mistake?"

"No, the manager said that Miss Rong called and asked about her background, and finally confirmed that there was no problem with her background." Assistant Zhang shook his head.

Fu Jingting raised his chin slightly, "Since there is no problem, don't worry about it, you can go to work first."

"Yes." Assistant Zhang backed out.

The door of the study was closed again, Fu Jingting folded his legs, crossed his fingers in front of his abdomen, and lowered his head slightly, as if thinking about something.

### Chapter 390 Paying Back His Breakfast

After a while, he separated his hands, took out his mobile phone, and made a call.

On the other side, Rong Shu returned to the hotel suite.

Because this trip out has relieved her of one of her concerns, she is relaxed at the moment.

Seeing that she was still humming, Chen Xingnuo couldn't help laughing and said, "Mr. Rong, you are in such a good mood."

"Of course." Rong Shu nodded.

Knowing that your life is okay.

Of course she's in a good mood.

Seeing her so happy, Chen Xingnuo also felt relieved.

Afterwards, Chen Xingnuo looked at the time, saw that it was twelve o'clock, and walked to the landline in the room, "Mr. Rong, are you hungry, I'll ask the hotel to bring lunch."

"Call, but one more." Rong Shu said, blinking her eyes.

Chen Xingnuo was puzzled, "Why? We are just two of us."

"Called for Fu Jingting." Rong Shu pursed her red lips and said lightly, "Didn't you say he transferred the money for breakfast in the morning? So just give him a lunch, so he can't return it, right?"

Chen Xingnuo smiled, "That's true, but I don't know what Mr. Fu likes to eat, Mr. Rong, you should know?"

Although he doesn't love him anymore, Mr. Rong used to love him.

So Mr. Rong must still remember Mr. Fu's preferences.

Rong Shu was noncommittal and named a few dishes.

Chen Xingnuo wrote it down, picked up the landline microphone and contacted the front desk of the hotel, and ordered lunch.

Half an hour later, the hotel staff pushed the dining cart to the presidential suite.

Assistant Zhang started driving, and when he saw the dining car, there was a flash of surprise in his eyes, "We didn't have lunch scheduled?"

He and Mr. Fu were going out in a while. The manager of the branch in Nanjiang wanted to invite Mr. Fu to dinner.

So he didn't order lunch, why did the hotel deliver lunch?

The staff replied with a smile, "Miss Rong from the business suite ordered it for Mr. Fu."

"Miss Rong?" Assistant Zhang's eyes lit up.

"Yes."

"I see, give me the dining cart and I'll take it in." Assistant Zhang hurriedly stretched out his hand.

The staff pushed the restaurant to him.

After he took it, he immediately pushed it into the house.

He can already predict what kind of expression will Fu always look like in a while.

"Mr. Fu." Assistant Zhang came to the door of Fu Jingting's study, raised his hand and knocked on the door, "Miss Rong has ordered lunch for you!" In the

room, Fu Jingting was having a video conference with the manager of the branch when he heard Zhang. At the words of the assistant, he was stunned for a moment, then immediately put down the laptop, got up and strode towards the door.

Rong Shu actually ordered lunch for him!

With undisguised joy on his face, Fu Jingting reached out and opened the door.

Seeing the dining car behind Assistant Zhang, his eyes were clearly written with excitement and impatience, but his face still pretended to be reserved and cold, lightly opened his thin lips and said, "You just said, this is for me by Rong Shu. "

Yes." Assistant Zhang nodded, then asked with a smile, "Mr. Fu, are you happy?" Fu

Jingting's lips curled slightly, "It's okay."

He actually knew why Rong Shu ordered lunch for him.

Probably because of that morning breakfast, she didn't want to owe him.

Although this made him feel somewhat uncomfortable, more than that, he was still happy.

Because he can take it, this is what she specially ordered for him, not what she pays back.

Assistant Zhang looked at the joy in Fu Jingting's eyes, and was almost unable to hide it, but he still tried to pretend to be 'reluctantly', so he couldn't help rolling his eyes in his heart.

"Then Mr. Fu, shall I push you to the dining table?" Assistant Zhang pointed to the dining table over there.

Fu Jingting waved his hand, "No, I'll do it myself."

After speaking, he pulled the dining cart and pushed it towards the dining table.

Assistant Zhang followed behind him, watching him push the dining cart, he couldn't help but snickered twice.

He felt that the identities of himself and President Fu were exchanged. He looked relaxed like the boss, and President Fu who was pushing the dining car looked like his assistant.

Don't say, being the boss of the boss, this feeling is really cool!

Coming to the dining table, Assistant Zhang helped Fu Jingting to bring the above plates to the table.

Assistant Zhang lifted the lids one by one and looked at the dishes on the table, a hint of surprise flashed in his eyes, "Mr. Fu, these are all your favorite dishes."

Fu Jingting's eyes were gentle as if about to drown, "I know ."

He saw it at a glance.

Unexpectedly, she still remembered his favorite dishes.

"Mr. Fu, you must be happier now, right?" Assistant Zhang looked at Fu Jingting jokingly.

Fu Jingting glanced at him, ignored him, pulled out his chair, sat down, and picked up his chopsticks, "Tell Lin Shu, I'm not going to lunch at noon."

"Yes." Assistant Zhang nodded.

If Miss Rong sent someone for lunch, other people's dinners have to be at the back.

Assistant Zhang took out his mobile phone and sent a text message out.

After seeing that the transmission was successful, he also pulled out his chair and sat down, reaching for the chopsticks.

When Fu Jingting saw this, Jun's face suddenly sank, and his voice was cold and faint and said, "What are you doing?"

Assistant Zhang answered naturally, "Eat."

"Who told you to eat?" Fu Jingting's voice became even colder.

Assistant Zhang blinked, "Of course it's Miss Rong. At first glance, these dishes are for two people, and there are two pairs of chopsticks, which means that Miss Rong also prepared mine."

"Heh." Fu Jingting sneered "Even so, I don't want to feed you."

"Why?" Assistant Zhang's eyes widened.

Fu Jingting leaned back on the chair, with a domineering expression on his face, "Because these are all mine, you want to eat, you can decide for yourself, in short, this table is not yours!"

"..." Assistant Zhang's mouth twitched. Sucked, speechless.

Don't think he doesn't know, this dog boss is clearly possessive and doesn't want others to eat the lunch ordered by Miss Rong.

"But Mr. Fu, you won't be able to finish it all. It's a waste to throw it away, and I'm sorry for Miss Rong's intentions." Assistant Zhang said with a smile.

He said that, President Fu should let him eat it.

He's really hungry right now.

"Who said I would throw it away if I couldn't finish it, I can keep it for the evening." Fu Jingting looked at him and said lightly.

Assistant Zhang opened his mouth, "That's leftovers."

"It doesn't matter!" Fu Jingting raised his chin arrogantly.

Assistant Zhang was completely speechless at this moment, only admiration remained in his heart.

People who have never eaten leftovers are willing to eat leftovers in order not to waste the food ordered by their loved ones.

He had to admire this.

In order to pursue his wife, President Fu really put down his face and dignity.

Especially for a person with the identity of President Fu, it is more admirable to let go of these.

It's just a pity, even if you can let it go, you still can't catch up with your wife.

Assistant Zhang took one last look at the table full of hearty meals, pouted and went out.

Let him order his own meals, okay, he will order the most expensive and let the dog owner reimburse him.

...

At night, after Li Chuan finished all his work, he came to the hotel to find Rong Shu.

Just when Rong Shu was chatting with him, and they were chatting happily, Chen Xingnuo came in from outside, covered his stomach, and smiled.

Rong Shu and Li Chuan stopped chatting and looked at her.

Although Rong Shu couldn't see it, it didn't prevent her from asking, "Xing Nuo, what happened to you, why are you smiling like this?"

"It's not me, it's puff hahaha..." Laughed once.

Li Chuan frowned, his tone a little impatient, "Can you stop laughing?"

"I'm sorry, I don't want to, it's so funny, the scene of the death of a large society." Chen Xingnuo wiped the corners of his eyes and laughed Tears said, "When I came in from outside the hotel just now, I saw Assistant Zhang pulling a doctor in."

"And then?" Rong Shu raised her eyebrows.
