### Chapter 411 Is it Right or Wrong?

Last time, she pulled out some of Rong Shu's hair with a meter, and used a few of them for identification. She thought that the rest might be useful, so she kept it.

In addition, she specially arranged her hair, clipped it on a hairpin, and wore the hairpin every day, just so that when it came in handy, she could take off Rong Shu's hair at any time, just like just now.

Therefore, she refused Fu Jingting to help her conceal her identity, because she felt that with Rong Shu's hair, everything would be fine.

It's just that she couldn't count it, Cheng Huai actually brought Li Daniu and his wife over, and Rong Shu also asked her and Li Daniu to do a paternity test.

She is the biological daughter of Li Daniu and his wife. Once the identification is done, everything will be exposed immediately, so this hair must not be pulled out, let alone blood draw.

Of course, if she opens her mouth and asks Gu Yaotian to divide Rong Shu's hair, which she gave out before, and then use it for appraisal with Li Daniu and his wife, the result of the appraisal will definitely not be her own. They will all doubt the reason why she doesn't pull her hair, and maybe even suspect that there is something wrong with her hair.

So she can't do that either.

what to do?

Just as Gu Manqing bit her lip and was flustered and didn't know what to do, she suddenly felt a sharp gaze.

Gu Manqing hurriedly looked up, just in time to meet Fu Jingting's dark and dark eyes.

In an instant, as if she had seen a savior, her eyes lit up.

He said before that he could help her hide her identity, so it should still be counted now, right?

Thinking about it, Gu Manqing took a deep breath and gave Fu Jingting a begging look.

Fu Jingting's eyes flashed slightly, and he suddenly understood something.

This woman dared to test with Gu Yaotian because she had Rong Shu's hair.

But now, she didn't dare to pull out her hair and do it with Li Daniu and his wife, so she begged him for help.

After reading Gu Manqing's meaning, Fu Jingting nodded slightly and agreed.

Gu Manqing breathed a sigh of relief, the panic in her heart gradually subsided, and she laughed, "I know Dad, I'll pull it out."

After speaking, she pulled a few strands of hair down and handed it to Gu Yaotian, "Dad, give this to me. ."

Gu Yaotian stretched out his hand to take it, and then asked his assistant to ask for a few waterproof bags to put them in separately.

After the installation, he looked at Rong Shu and Cheng Huai, "See, Man Qing has pulled out her hair, now it's yours."

"Cheng Huai." Rong Shu called Cheng Huai.

Cheng Huai naturally had nothing to say, so Li Daniu and his wife also pulled out a few hairs and put them in the waterproof bag handed over by Gu Yaotian.

"I will personally take it to several other appraisal agencies for appraisal now." He labeled the hairs separately and put them in a large file bag.

Gu Yaotian snorted coldly, "I'm going too, and I'm going to watch it myself, who knows if you guys will play tricks to turn what was originally a thing into something that isn't."

"In that case, Cheng Huai, let's go together. ." Rong Shu bit her lip and said.

No matter what, she must prove that Li Zhaodi is not Gu Yaotian's daughter.

She didn't believe that other institutions could be bribed by Li Zhaodi.

Cheng Huai and Gu Yaotian left, leaving only Rong Shu, Fu Jingting, Mrs. Gu, Gu Manqing, and Li Daniu and his wife.

Fu Jingting raised his wrist to look at the time, then lowered his head and said to Rong Shu in the wheelchair, "It's not the way to just wait here. I'll have someone arrange a rest room and wait in the rest room."

Rong Shu didn't object. Nodding in agreement, "Okay."

She really didn't want to stay here forever. After a long time, things she couldn't see might be exposed.

Fu Jingting found a staff member, opened a lounge, and pushed Rong Shu over there.

As for the others, he didn't care.

When she came to the lounge, Fu Jingting poured her a glass of water, "Drink some, I think your lips are a little dry."

"Thank you." Rong Shu stretched out her hand and was about to pick up the water glass in front of her.

But she couldn't see it, and didn't know where the water cup was, so she could only stretch out her hand to carefully test the air in front of her.

Seeing this scene, Fu Jingting chuckled lightly, then grabbed her hand.

Rong Shu was startled, "What are you doing?"

She subconsciously wanted to pull her hand back.

But Fu Jingting squeezed it so tightly that she didn't pull it out after two strokes, so she couldn't help frowning.

"Don't move!" Fu Jingting whispered, "If you move, the water glass in my hand will also shake, and the water will spill out after a while."

"Then let go." Rong Shu said with pursed lips.

Fu Jingting put the water glass on her hand that was being held by him, "Take it, don't spill it."

He let go of her hand.

Rong Shu snorted, "I don't know, you think I'm a child."

Fu Jingting curled his lips, with a slight smile in his eyes, "Well, you're not a child."

But in his heart, she was always In the past, he would write all his thoughts in a letter and tell his children.

"Drink slowly, I'll go out and make a call." Fu Jingting stood up and took out his mobile phone.

Rong Shu lowered her head and drank the water, and hummed softly.

Fu Jingting walked out of the lounge with his mobile phone. After closing the door, his face sank suddenly, and he called Assistant Zhang.

“President Fu.” Assistant Zhang’s voice came.

Fu Jingting leaned against the wall, “Check which appraisal agencies Cheng Huai went to, and give me the phone number of the person in charge of the agency.”

“Yes.” Assistant Zhang nodded.

Fu Jingting put down his phone, took out a pack of cigarettes from his pocket, flicked one out, lit it, took a puff, and tucked it between his fingers.

Smoke rose, covering his face, making it impossible to see the expression on his face.

He didn’t know if he was doing it right or wrong.

All he knew was that he didn’t want Rong Shu to be .

She shouldn’t be going through any pain anymore.

Hopefully, he did nothing wrong...

After flicking the ashtray, Assistant Zhang’s investigation results came one after another.

Fu Jingting contacted those appraisal agencies one by one and reached a contract with them.

After that, he put away his phone and went back to the lounge.

There was only Aunt Zhang in the lounge. Fu Jingting didn’t see Rong Shu’s figure, his expression was condensed, and he quickly asked, “Where’s Rong Shu?”

“Miss Rong is in the bathroom.” Aunt Zhang pointed to the direction of the bathroom.

Fu Jingting looked over, saw the closed bathroom door, and was slightly relieved.

He thought that Rong Shu had left here.

You know, he just made a phone call not far from the lounge. If Rong Shu left the lounge, he would definitely be able to hear which institutions he had dealt with.

By then, everything will be troublesome.

Just thinking about it, the door of the bathroom opened, Rong Shu leaned against the wall and walked out.

Aunt Zhang was about to go over to help her, but Fu Jingting took a step forward with his long legs.

Fu Jingting supported Rong Shu's arm.

Rong Shu smelled the mint fragrance coming from him, and stopped immediately, "Why is it you?"

"Can't it be me?" Fu Jingting looked at her and asked back.

Rong Shu frowned, "You're not my nanny, you don't need to do these things."

Saying that, she pulled out her arm and shouted, "Aunt Zhang, Aunt Zhang?"

Fu Jingting squinted at Aunt Zhang.

Aunt Zhang smiled, stood still and didn't respond.

Only then did Fu Jingting look back with satisfaction, and said to Rong Shu, "Aunt Zhang is not here, I have something to go out."

"Going out?" Rong Shu pursed her lips, "When did she go out, why didn't she say hello to me?"

"The nanny, leaving without saying hello to the employer, is obviously a bit unprofessional."

#### Chapter 412 Eating together

Seeing Rong Shu's dissatisfaction, Fu Jingting coughed lightly, lowered his eyes and lied, "It seems that her company has something urgent to ask her, so she answers the phone outside."

" .

Forget it, she doesn't care if there is an emergency.

"Can I help you there now?" Seeing that she believed her words, Fu Jingting raised his eyelids.

Rong Shu pursed her red lips and didn't answer, it was a default.

Fu Jingting helped her up again and helped her to the sofa.

"It's almost noon, I ordered lunch, let's eat together?" Fu Jingting said after sitting down.

Rong Shu wanted to refuse, but before she could say anything, her stomach rumbled twice.

She touched her stomach, her face was a little red, and the whole person became embarrassed, "I..."

She didn't expect that her stomach was so unsatisfactory that she actually made a sound.

This time, when she was refusing, she seemed to be deliberately not giving him face.

Thinking about it, Rong Shu sighed and

accepted her fate. She flipped the hair around her ear and said, "Thank you, Mr. Fu." "It's nothing, it's just a meal." meaning.

She didn't reject him forcefully.

Could he think that she accepted him somewhat?

With this thought in mind, Fu Jingting's mood suddenly became happy.

When Aunt Zhang saw him like this, she was happy for him.

But soon, the joy faded away.

Because she didn't see any affection for the eldest young master on Miss Rong's face, so now Miss Rong has not recovered her feelings for the eldest young master.

So the young master has to work hard.

Soon, there was a knock on the door of the lounge.

Aunt Zhang subconsciously wanted to open the door, but was stopped by Fu Jingting's gaze.

Aunt Zhang immediately retracted the foot she stepped out, and then she realized that she was still 'answering the phone outside' and didn't come back.

"I'm going to open the door. It should be the lunch I ordered." Fu Jingting got up and walked towards the door.

After a while, he came over with the food and put it on the coffee table in front of the sofa.

Rong Shu smelled the aroma of the vegetables, and immediately recognized what kind of dishes he ordered from these aromas, and a subtle emotion flashed in his heart.

Because these dishes are all her favorites.

“You...” Rong Shu turned her head to the man beside her, her lips moved, as if she wanted to say something.

Fu Jingting was serving her dishes when he heard her voice and raised his head, “What’s wrong?”

“These dishes...”

“It’s all your favorite food.” Fu Jingting knew what she wanted to say and cut off her words.

Then, he thought of something and added, “Don’t worry, I haven’t ordered these dishes to Gu Manyin.”

Rong Shu raised her eyebrows, “Do you think I believe it?”

“I know you don’t believe it, But it’s a fact, after Gu Manyin woke up from a vegetative state, she couldn’t eat many things, so I really haven’t ordered these dishes for her, of course, I have ordered mangoes and mango by-products, sorry.” Fu Jingting’s voice said in a low voice.

Rong Shu’s eyelashes trembled twice, “You don’t need to say sorry to me, there are so many people in the world who like to eat mangoes, and it’s not just me, and eating mangoes is not my exclusive right, so who do you give it to? It’s all right.”

“I know, but with me, this is your right alone, it has never changed, I just thought Gu Manyin was you before, so I will give her some mangoes, but I found out later that she is allergic to mangoes.” Fu Jingting broke apart a pair of chopsticks and put them in her hands.

Rong Shu turned her chopsticks, “Actually, I’m very puzzled, how on earth did you recognize Gu Manyin as me? Of course, there are many people who admit mistakes in the world, and there are a lot of them, but I haven’t found them for six years. Makes me feel too...”

She laughed sarcastically, but didn’t say anything else.

But Fu Jingting understands the meaning.

He lowered his head and tugged at the corners of his mouth mockingly, “If I said that, I was hypnotized, so I didn’t recognize that Gu Manyin was fake, do you believe it?”

“With such a high status as President Fu, who would dare to hypnotize you?” Rong Shu replied lightly.

Hypnotized?

What a great excuse!

Fu Jingting saw that Rong Shu was full of disdain for his explanation, and smiled bitterly in his heart.

Sure enough, she didn’t believe it.

“Okay, let’s not talk about this, let’s eat first, aren’t you hungry?” Fu Jingting put the bowl with the vegetables in her hand, “I have some of each dish, let’s eat it.”

He wanted to personally feed her.

But he knew that she would definitely prefer not to eat or refuse his feeding.

So the thought of wanting to feed her with his own hands was forcibly suppressed by him.

Maybe after their relationship recovers a little bit, his wish can be fulfilled.

Rong Shu didn’t know what Fu Jingting was thinking, and was eating quietly.

Fu Jingting bent down slightly, put his elbows on his thighs, slightly clenched his fists on his forehead, and watched her eat with a smile on his lips.

Watching her eat the meals he personally prepared for her bit by bit, she was quite satisfied.

On the opposite side, Aunt Zhang looked at her face so quietly, her heart was full of relief.

Especially seeing the smile on Fu Jingting’s face, there was a hint of warmth in his eyes.

Because of the smiling eldest young master, she seemed to see the gentle eldest young master six years ago.

Can she now think that the eldest young master has changed back a little bit to the way he used to be?

Aunt Zhang couldn’t help raising her arms and wiped the corners of her eyes with her cuffs.

“Aren’t you going to eat?” Rong Shu was halfway through eating, and finally remembered that she hadn’t heard Fu Jingting’s meal, stopped her chopsticks and asked.

Fu Jingting raised his head and put his arms down, “Let’s eat.”

Fu Jingting picked up the bowl and started to eat.

When she was eating seriously, she could notice that he didn’t eat.

It seems that she still cares about him.

Fu Jingting thought, his heart turned into a puddle of water.

At this moment, Rong Shu’s cell phone rang.

Rong Shu put down the bowls and chopsticks, reached out and took out her mobile phone.

Fu Jingting glanced at the screen of her mobile phone, his eyes condensed, “It’s Cheng Huai.”

Hearing his reminder, Rong Shu’s expression immediately became serious, and according to her memory, she answered the phone, “Cheng Huai, the result is out. Is it?”

“...” Cheng Huai’s heavy breathing came from the phone.

Seeing that he didn’t speak, Rong Shu felt a little uneasy and couldn’t help clenching her phone, “Cheng Huai? Are you there?”

“I am.” Cheng Huai replied hoarsely.

Rong Shu bit her lower lip, “Then why didn’t you speak just now?” On

the other end of the phone, Cheng Huai looked at the identification results in his hand, only to feel that his throat was blocked badly.

He subconsciously clenched the identification results, took a deep breath, and replied as calmly as possible, “Rong Shu... the identification results are out, but the results are not what we wanted.”

“What do you mean?” Rong Shu’s pupils shook. For a moment, his mouth opened, “You mean... Li Zhaodi...”

“She is not the daughter of Li Daniu’s husband and wife, but Gu Yaotian’s husband and wife. The results identified by several institutions are shown in this way.” Cheng Huai said with a mocking arc from the corner of his mouth.

Rong Shu stood up in shock, “How is this possible! Why isn’t she the daughter of Li

Daniu and his wife?” Beside, Fu Jingting heard her words, clenched the chopsticks in his hand suddenly, his eyelids drooped and covered Guilt in the eyes.

On the other end of the phone, Cheng Huai took a long breath, “Yes, she is so similar to Li Daniu, how could she not be Li Daniu’s daughter, and Li Daniu has said many times that Li Zhaodi was born under his watch, but the identification result is like this Surprising.”

### **Chapter 413 Fu Jingting’s Double Standard**

“How could this be...” Rong Shu clung to the phone in her hand, her voice a little awkward.

She wanted to expose Li Zhaodi, but the truth gave her a slap in the face.

Li Zhaodi is actually Gu Yaotian’s biological daughter!

“Will the identification results be wrong?” Rong Shu bit her lip.

Although she said that, she also knew very well in her heart that the possibility of error was too small.

An institution may make mistakes, but the results of many institutions are the same. It can’t be a mistake, right?

Cheng Huai shook his head, “No, there are two institutions that cooperate directly with the government, let alone Li Zhaodi, Gu Yaotian doesn’t have the ability to intervene, so...”

He closed his eyes and took a deep breath. “Rong Shu, maybe Li Zhaodi is really Gu Manqing, and we just happened to be bad. We got the real Gu Manqing back.”

“...” Rong Shu stopped talking, and lowered her eyelids, wondering what she was thinking. .

Cheng Huai said again, "Now Gu Yaotian has also got the appraisal results and rushed to your side. I guess he is going to trouble you, but don't worry, I won't let you have any trouble."

Gu Yaotian wanted to trouble him too . , but he is the Cheng family, Gu Yaotian has neither the ability nor the courage, so Gu Yaotian will only vent all his anger on Rong Shu.

Rong Shu's red lips pursed, "Don't worry, I will deal with it."

After speaking, she put down the phone directly.

Fu Jingting took her mobile phone and saw that the display had been hung up, his eyes flashed and asked, "What did you tell Cheng Huai?"

Rong Shu rubbed her cheeks, "Cheng Huai said, the result came out, Li Zhaodi is not The daughter of Li Daniu and his wife belongs to Gu Yaotian and his wife, so he and I, by coincidence, found the real Gu Manqing."

She laughed at herself.

Seeing her like this, Fu Jingting felt more guilty.

But soon, he squeezed his fist again, suppressed the guilt, and whispered back two words, "Really..."

"Yeah." Rong Shu raised her head and sighed, "You said this world Come on, why is there such a dramatic thing?"

Fu Jingting moved his thin lips, and just as he was about to speak, the door of the lounge was loudly slammed, and the sound was very harsh and urgent, showing how impatient and indecisive the people outside the door were. Resistant.

"Open the door, Rong Shu, open the door for me!" Gu Yaotian's voice came from outside the door, and there was undisguised pride and joy in that voice.

As Cheng Huai said on the phone just now, Gu Yaotian came to trouble her.

Rong Shu clenched her hands tightly, "Mr. Fu, help me to the wheelchair, and I'll open the door."

"Don't go, I'll go." Fu Jingting pressed her shoulders, then got up and walked to the door.

Fu Jingting opened the door.

Gu Yaotian thought it was Rong Shu, and was about to slap a stack of paternity tests on Rong Shu's face, but he met Fu Jingting's expressionless face, and immediately stopped, frowned and said, "Mr. Fu, why are you opening the door??"

Why hasn't this person left?

Fu Jingting let go of the door handle, looking down at him with cold eyes, and with a stack of documents in his hand, his eyes narrowed slightly, "Why are you looking for Rong Shu?"

"Why are you looking for her?" Gu Yaotian snorted coldly, "Is it possible What are you doing, of course, she is going to settle accounts with her. Didn't she say that Manqing is not my daughter? Now that the identification results have come out, of course I will slap her in the face, Mr. Fu, this matter is the grievance between my Gu family and Rong Shu. , I hope you don't interfere."

"Are you threatening me?" Fu Jingting raised his eyebrows.

Gu Yaotian looked away, "Don't dare, how dare I threaten President Fu, I've said it very clearly, this is the grudge between my Gu family and Rong Shu, I don't care about President Fu, so President Fu..."

"If I Say, I have to intervene?" Fu Jingting interrupted him directly.

Gu Yaotian's eyes bulged, "Mr. Fu, don't you think it's very unruly for you to do this? Interfering in other people's affairs for nothing is too domineering?"

"It doesn't matter, say what you want, but I have intervened in this matter."

Fu Jingting stared at him condescendingly, "Don't think I don't know what you want to do to Rong Shu, but Gu Yaotian, let me tell you, Rong Shu is the one I love, you think I will help I'm watching her being bullied by you? So I have to intervene in this matter, and I'm here to say that in the future, whether it's Rong Shu himself or Tiancheng Group, it will be covered by my Fu family, so you want to deal with Rong Shu and deal with Tian Sheng, you'd better weigh it, or don't blame me, Fu Jingting, for being ruthless!"

He couldn't let Rong Shu and Gu Yaotian, the father and daughter, fight anymore.

Otherwise, the hatred will accumulate more and more in the future, and it will really not be able to end.

"You!" Gu Yaotian's face changed greatly when he was shocked by Fu Jingting's words, and his body was shaking, "Fu Jingting, do you really want to do this?"

"Do you think I am joking with you?" Fu Jingting replied in disgust.

Gu Yaotian was heartbroken, "She Rong Shu deliberately framed Manqing as not my daughter, and provoked my Gu family's family relationship, which is a violation of the law. I think what's wrong with sending her in, so what qualifications do you have to stop me? Besides, Manqing She hurt her, she sent romance in, why didn't you stop it?"

Fu Jingting looked at him like a fool, "Li Zhaodi is not the one I love, why should I stop it?"

"Pfft!" Gu Yaotian almost vomited blood.

He was speechless about this.

Taking a deep breath, Gu Yaotian reluctantly calmed down and looked at Fu Jingting with gritted teeth, "You really want to shield Rong Shu?"

"This is not shielding, this is preference." Fu Jingting pursed his lips and said, "I just misplaced Gu Manyin before. My preference, just put it back a little bit on the person who should really be my preference, so Gu Yaotian, you better not provoke me, you can't provoke me, understand?"

The implication is that Rong Shu is protected.

No one would want to shoot at Rong Shu under his protection, otherwise, he would cut off one hand.

Gu Yaotian's face was bluish and red, the weather was uncertain, and he couldn't say a word.

Because of Fu Jingting's warnings and threats, he really had no choice.

Not to mention that he can't beat Fu Jingting, even the Gu family can't beat the Fu family, and neither can the Gu family in their heyday.

So, he really can only stop.

Looking at Rong Shu who was sitting in a wheelchair not far behind Fu Jingting, Gu Yaotian sneered sarcastically, "Yes, Rong Shu, you are really good at coaching men, and you can coach such a loyal dog as President Fu, for you, They have directly threatened my entire Gu family."

How could Rong Shu not hear that he was sarcastic that she would only hide behind men and rely on men to stand out, although she was angry in her heart, she didn't show it on her face, she curled her lips and replied lightly, "Look. Mr. Gu is a little jealous of me. In that case, Mr. Gu can also conquer Mr. Fu. Let's see if Mr. Fu can be conquered by you. Maybe Mr. Gu, you are lucky, Mr. Fu is really conquered by you. At that time, you can also let President Fu stand up for you."

“Rong Shu!” Fu Jingting frowned and called her unhappily.

What is she saying?

Gu Yaotian also blushed with anger, and pointed at Rong Shu with trembling fingers, “You...you...”

“Ala, what’s wrong with me? Did I say something wrong?” I just said that, Mr. Gu, he was clearly envious of me, very jealous of me, so I asked Mr. Gu to do the same, that’s right.”

Dong!

Gu Yaotian fell directly to the ground, his body twitching slightly.

Rong Shu was taken aback by his final voice, and hurriedly asked, “Mr. Fu, what’s wrong with him?”

Chapter 414: The Righteous Blackmail

The corner of Fu Jingting’s mouth twitched slightly, “Probably I’m pissed off by your words.”

So it was.

Rong Shu pouted, “Then he’s really fragile enough to fall down.”

Fu Jingting nodded, “It’s a little bit.”

At this time, Mrs. Gu brought Gu Manqing over, just in time to see Gu Yaotian lying on the ground, walking on the ground. There was a meal, then his face changed, and he ran over quickly, shouting in a sharp voice, “Yaotian.”

“Dad!” Gu Manqing also ran over anxiously, and together with Mrs. Gu, helped Gu Yaotian up.

Gu Yaotian didn’t faint, and Mrs. Gu hurriedly gave him first aid, pinching him or something.

After a while, Gu Yaotian finally recovered, his breath was smooth, his body did not twitch, but his face was still very pale.

Mrs. Gu stroked his chest and asked worriedly, “Yaotian, are you alright?”

“It’s alright.” Gu Yaotian waved his hand, “It’s just a pain in the waist.”

It seemed like a needle was stabbing.

“Lower pain?” Madam Gu looked down, “Did you fall down?”

“It should be.” Gu Yaotian put his hand on his waist and turned back.

Madam Gu was anxious, “Go, I’ll take you to the hospital.”

“Wait.” Gu Yaotian pushed her away, then turned around, looked at Fu Jingting and Rong Shu in the lounge, and said in a somber voice, “Fu In general, I can let Rong Shu go, I won’t send her in this time, but she should apologize to me Gu Jiahe and Manqing?”

Rong Shu frowned and was about to speak.

Fu Jingting was the first to say, “Then does your daughter apologize to Rong Shu again? Not only Li Zhaodi, but Gu Manyin didn’t seem to have apologized to Rong Shu for what she did to Rong Shu before, so what qualifications do you have to ask Rong Shu to apologize to you?”

“You...” Gu Yao choked, and after a while, he waved his hand and snorted, “Okay, you always have reasons, I can’t say enough about you.”

He sneered, then put his eyes on Rong Shu’s face, “Rong Shu, you’d better catch President Fu and let him protect you for the rest of your life, otherwise you can wait, let’s go!”

He turned around and said Take Madam Gu and Gu Manqing to leave.

However, when Gu Manqing turned around, she looked at Fu Jingting and exchanged glances before following up with Gu Yaotian and his wife.

It’s just that the three of them didn’t take a few steps, and two people came over to stop them. It was Li Daniu and his wife.

Li Daniu stared at Gu Yaotian with scarlet eyes, “I know the surname Gu, Mr. Cheng told us that the paternity test results came out, this girl doesn’t know what happened and became your biological daughter, so you have to compensate. Are we the couple?”

“That’s right, we have to make up for it!” Li Daniu’s wife also nodded.

Fu Jingting returned to Rong Shu, “It’s Cheng Huai, I want to use Li Daniu and his wife to trick Gu Yaotian.”

Rong Shu nodded, “I know, this is indeed something he can do.”

Li Zhaodi is the biological daughter of Gu Yaotian and his wife. It was a foregone conclusion and could not be changed. His and Cheng Huai's plan failed.

But even if he failed, Cheng Huai was not reconciled and wanted to disgust Gu Yaotian in the end.

So now Li Daniu and his wife are looking for them. "Compensation?" Gu Yaotian

's face was ugly, "The two of you helped Cheng Huai and the others to make trouble. I didn't ask you to settle the account, but you still have the face to ask me for compensation?"

Raised, raised for more than 20 years, do you always have to pay for the alimony? Also, she is not our biological daughter, but she appeared in our family's house, maybe our biological daughter was arrested because of her. If someone took it away, it is possible to die now, so you are always responsible for this life, right?"

Li Daniu's wife cried in cooperation, "Wuwuwu, my real Zhaodi, you are so pitiful to die. Ah, because a wild species of unknown origin was taken away, woo woo, Zhao Di, my mother misses you so much!"

Listening to the couple's longing and grievance towards their biological daughter, Gu Manqing's eyes flashed a trace of ridicule and disgust.

When she was at home, they never had the slightest love for her.

Now in order to ask for money, it is shameless and hypocritical to actually pretend to miss her and love her very much.

"How dare you say that my daughter is a wild breed?" Madam Gu's eyes instantly turned red when she heard what Li Daniu's wife said.

Li Daniu's wife had Cheng Huai to let them make trouble, and if he gave them a slap, he naturally didn't have to be afraid of the rich people in front of him at this moment, and looked at Madam Gu with his chest up and looked at Madam Gu with disdain, "What? Did I say something wrong? She's not mine. My biological daughter, but appeared in my house, what is it?"

"You..." Madam Gu was so angry that she raised her hand and was about to hit someone.

Not only is Li Daniu's wife not afraid, but she patted her face provocatively, "Come, come, hit here, as long as you dare to hit, my mother will make you lose your money!"

"Mom, ignore her." Gu Manqing He grabbed Mrs. Gu's hand in time, "You don't need to care about this kind of person. This kind of person is that the more you care about her,

the more she will get ahead, and then she will punish you when she finds the opportunity.”

“You little hoof, how dare you! If you say that, old lady, I think you are...”

“Enough!” Gu Yaotian couldn’t listen any longer, he squeezed his fist and shouted loudly.

After all, he has been the chairman of the board for decades, and he also has the aura of a superior.

When Li Daniu’s wife was suppressed by his momentum, she didn’t dare to speak.

Gu Yaotian looked at Li Daniu with gloomy eyes, “Okay, alimony, right, yes, is 100,000 enough?”

“100,000?” Li Daniu said contemptuously, “Are you sending beggars? I tell you, at least one million!”

” It wasn’t that he had already received 200,000 yuan from Mr. Cheng at first, but now he must feel that 100,000 yuan is a lot, and it took his family three years to earn it back.

But he already knew a little about these rich people. He knew that these rich people were very rich, let alone 100,000. A million was nothing to them.

Therefore, he felt that it was not too much for him to ask for a million.

However, Gu Yaotian gave up, his face contorted, “One million? Why don’t you grab it? Just one hundred thousand, do you like it or not!”

“No, it must be one million.” Li Daniu’s wife stood up.

Li Daniu nodded, “Yes, it must be one million, I know you can give it, so if you don’t give it, I will go to your company every day to go to your door to make trouble, I know you rich people love face, then I will The fact that you are recognized as your daughter but not paid to your adoptive parents is known to everyone. I will see how you will stand up.”

“Li Daniu’s move is very clever.” The lounge was wide open to watch the excitement Fu Jingting suddenly said something.

Rong Shu turned her head to face him, “How do you say it?”

Fu Jingting put his hands in his trouser pockets and chuckled, “As Li Daniu said, Gu Yaotian loves his face, he will never allow Li Daniu to make things known to everyone, so this one hundred 10,000, Gu Yaotian will definitely give it.”

"It's uncertain, don't forget, Li Daniu and his wife are just ordinary people, Gu Yaotian may promise to give this million now, but it is uncertain whether it will be implemented later, because Gu Yaotian If you are in desperation, you can easily kill Li Daniu and his wife, let alone make trouble, it is unclear whether people are still in the world."

"That being said, the premise is that we are not here." Fu Jingting's eyes flashed a glint of light, "This farce is in our eyes, so even if Gu Yaotian has the idea of ??killing Li Daniu and his wife in private, he would not dare to do it. Once Li Daniu and his wife have an accident, he will never be able to run away, so he will not give the money. Also give."

### Chapter 415 Give a Chance

Rong Shu nodded suddenly, "That's true if you say so."

"Look, Gu Yaotian will agree soon." Fu Jingting's lips curled up coldly.

Rong Shu did not speak, and waited quietly.

Sure enough, as Fu Jingting said, Gu Yaotian finally agreed to give Li Daniel one million.

What if you don't give it?

Could it be that they really let this rough couple go to Sansheng to make trouble with the Gu family and make people laugh?

Gu Yaotian gloomily looked at the excited couple Li Daniu, then took out a pen and a checkbook from his suit pocket, wrote one million, tore it up, and threw it to the couple Li Daniu, "Take this one million and give it to me. Go as far as you want, don't come to the sea market to disturb the romance in this life, otherwise I have a way to clean up the two of you, you can try if you don't believe it!"

"Don't worry, we will definitely not appear again." Li Daniu and his wife are happy. Holding the checkbook, he nodded in agreement.

They are not stupid either. They know that the rich are difficult to deal with. If they can smash the wool once, they don't think about having a second time. After all, ordinary people can't beat the rich, and they still know that.

But it was a pity that they got this million so smoothly. They would have called for an extra million if they knew it.

“Then why don’t you hurry up?” Gu Yaotian reprimanded with a dark face.

“Go away, go away!” Li Daniu and his wife put away the check and quickly left the appraisal agency.

Gu Manqing looked at the angry Gu Yaotian, and pulled Gu Yaotian’s sleeve, “Dad, I’m sorry, it’s all my fault, if it wasn’t for me, this million won’t be...”

“It’s okay, just spend money to prevent disasters. Alright, alright, let’s go back first.” Gu Yaotian patted her on the shoulder, motioned her not to blame herself, and then took her and Madam Gu away.

In the elevator, Mrs. Gu looked at Gu Yaotian, “Husband, should we just let Rong Shu go?”

Gu Yaotian gritted his teeth, “Otherwise, what else can we do? Fu Jingting made it clear that we want to protect her, and we can’t do anything to her.

” It’s all kinds of obstacles.” Madam Gu said angrily, holding her hand.

Gu Yaotian sighed, “There’s no way, whoever has the ability to hold Fu Jingting firmly, and as long as Fu Jingting protects her for one day, we can’t take action against Rong Shu unless the Fu family goes bankrupt, which is obviously unrealistic.

” In the beginning, it was a red family. Fu Jingting’s grandfather was the founding minister, and his grandmother was not simple. His grandmother was a landlord.

That is to say, the Fu Group was developed from the family property of Fu Jingting’s grandmother’s family, and developed and grew by the power of Fu Jingting’s grandfather. Although Fu Jingting’s grandfather died, the Fu family’s contacts in the military and political parties did not disappear, so the Gu family went bankrupt for a while. A hundred times, the Fu family will not go bankrupt.

“It really doesn’t work, there is another way.” Madam Gu suddenly narrowed her eyes.

Gu Yaotian and Gu Manqing looked at her together, “What can I do?”

Mrs. Gu glanced at Gu Yaotian sullenly, “You men can’t think of this way, but we women can. A man loves a woman, and a lot depends on the skin. As long as we find a woman more beautiful than Rong Shu to seduce Fu Jingting, and after Fu Jingting falls in love with that woman, can’t we clean up Rong Shu?”

Rong Shu repeatedly targeted Man Yin before, she was not so angry yet, But this time Rong Shu wanted to take the romance away from her, which really angered her.

She has missed her daughter for twenty-six years, which can be said to be her lifeblood, and no one wants to take it away from her.

Gu Yaotian listened to Madam Gu's solution, his eyes lit up, and then he pondered, "This idea sounds good, maybe you can try it."

"Then let's go back and make a plan." The

three of Gu Yaotian and his wife entered the elevator, the elevator door opened, silenced their voices.

On the other side, in the lounge, after watching the farce, Fu Jingting looked at Rong Shu as if taking credit, "Look, I got it right, Gu Yaotian gave the million."

"And then? Do you want me to praise you?" Rong Shu replied lightly.

Fu Jingting chuckled, "No, but if you want, you can."

"I don't want to at all." Rong Shu turned her head.

But the next second, she turned her head back and said with a complicated expression, "Just now, thank you."

"Huh?" Fu Jingting didn't seem to understand what she meant.

Rong Shu had to make it clear, "Thank you for helping me out just now."

"It's nothing, I can't watch Gu Yaotian really trouble you." Fu Jingting sat on the sofa and looked at her with deep affection in his eyes.

Rong Shu couldn't see it, but he could feel the scorching heat in his eyes, so he couldn't help frowning, "Actually, you didn't have to do that just now, I know what Gu Yaotian wants to do, and he wants to take that paternity test. He slapped me in the face, and then sent me in for the crime of spreading rumors, but in fact, if you don't show up, I have a way to deal with him, so that he can't do anything to me."

After Fu Jingting heard this, his thin lips could not help pursing.

So she thinks he is superfluous?

"What can you do?" Fu Jingting asked.

Rong Shu shook her head, "It's a secret, I can't tell you."

After speaking, she took out her mobile phone and handed it over, "Mr. Fu, can you help me dial Aunt Zhang's number? It's getting late, I should go back too. Yes ." I

came here today to expose Li Zhaodi's true identity.

However, what I didn't expect was that Li Zhaodi actually really cares about Manqing, so it would be meaningless to continue to stay there.

Fu Jingting took Rong Shu's cell phone, but instead of calling for her, he walked up to her and squatted down, raised his eyes slightly, and looked at her with a deep look, "Rong Shu, all the conversations between me and Gu Yaotian just now, you have Did you hear that?"

"Yeah." Rong Shu nodded, but was puzzled, "What does Mr. Fu ask this for?" Fu

Jingting put her phone aside and reached out to hold her hand.

Rong Shu was startled, "What are you doing?"

She subconsciously shrank her hand, wanting to withdraw.

But Fu Jingting held her hand tightly, but he would not pinch her.

His palms were very hot, as if he wanted to burn a hole in the back of Rong Shu's hand.

"Fu Jingting, let go!" Rong Shu frowned tightly.

Fu Jingting didn't let it go, "Rong Shu, what I said just now is true, you are the one I really love, so can you give me a chance? A chance for me to make up for you and come back to you again. ?"

After six years of marriage, she has been chasing him.

And now, it was his turn.

Chance?

Rong Shu laughed lightly, "I'm sorry, Mr. Fu, I won't give you a chance. First of all, after getting divorced, I never thought of remarrying my ex-husband, and secondly, why should I give it to someone I don't love? Pursue my chance? If it's you, if you don't love that person, will you give that person a chance?"

Fu Jingting's thin lips moved, unable to answer.

Rong Shu flipped her hair, "Okay Mr. Fu, give me back the phone, I'll do it myself."

Fu Jingting returned the phone to her, "I just sent a message to Aunt Zhang, she will be back in a while."

Said After finishing, he nodded to Aunt Zhang in the corner.

Aunt Zhang walked lightly to the door, opened the door, pretended to have just returned, and bowed apologetically to Rong Shu, "I'm sorry, Miss Rong, I've been away for a while due to some urgent matters, please forgive me."

"Forget it, take me first . Go back." Rong Shu waved her hand, not planning to care about her leaving the post without permission.

After Aunt Zhang thanked her repeatedly, she glanced at Fu Jingting and pushed her out of the lounge.

Fu Jingting went out with him, but as soon as he walked out of the lounge, he stopped.

#### Chapter 416 Gu Manqing's Fear

"Rong Shu, I have something to do next, so I won't send you." Fu Jingting looked at Rong Shu and said.

Rong Shu lightly opened her red lips and replied lightly, "I don't need you to send it, let's go, Aunt Zhang."

Aunt Zhang nodded and continued to push her towards the elevator.

Fu Jingting stood there and looked at the two of them. When he saw that they were about to enter the elevator, he suddenly said, "Rong Shu, have you heard a word?"

"Ah?" Rong Shu turned her head in confusion. "What?"

"The opportunity is earned by oneself, not given by others." Fu Jingting said with a slight curl of his lips.

Rong Shu frowned, "What do you mean?"

"Since you don't want to give me a chance, I'll give it to myself. I believe that one day, you will be moved by me." His expression was more serious than ever.

He could fall in love with her twice.

So he believed that with his efforts, she could too.

Rong Shu sneered, "Yes, then you can try it and see if I will be moved by you, Aunt Zhang, let's go."

She patted the armrest of the wheelchair lightly.

Aunt Zhang turned her head and made a quick refueling gesture to Fu Jingting, then pushed Rong Shu into the elevator.

Hearing a ding sound from the elevator, Fu Jingting turned around and walked in the opposite direction.

Over there, is the organization's meeting room.

Coming to the door of the conference room, Fu Jingting saw two police officers guarding there.

He walked over and nodded slightly to the two police officers, "Excuse me."

"It's nothing, but Mr. Fu only has half an hour. After half an hour, we will bring people back to the detention center, so Fu Always as soon as possible," said one of the officers, looking at his watch.

Fu Jingting nodded slightly, then pushed open the door of the conference room and entered.

When the people in the conference room heard the door open, they immediately stood up from their chairs and looked towards the door.

Seeing Fu Jingting coming in, Gu Manqing's body subconsciously tensed, and the palms on both sides slowly tightened, and she shouted to Fu Jingting nervously, "Mr. Fu.

" He made a sound, as if stepping on her heart, causing her heart to contract, and her nervousness towards him became more and more intense.

Fu Jingting stopped two steps away in front of Gu Manqing, his voice condensed and said, "Gu Yaotian and his wife didn't accompany you?

" The detention center, but I found a reason to refuse it. After all, you asked me to come to you, and you can't let your parents know."

Fu Jingting sneered, "This parent, your name is really smooth. How

could Gu Manqing not hear that he was mocking her and reminding her that Gu Yaotian and his wife were not her real parents.

Although she felt uncomfortable, she did not dare to refute.

Although she has only entered the upper class circle for about a month, she already knows everything she should know, especially the division of class and status in the

circle. On the second day after arriving at Gu's house, Mrs. Gu told her what she must pay attention to, in order to Let her be careful, don't mess with those people.

Because after the marriage with the Fu family disappeared, the Gu family's status in the circle plummeted. Many people who flattered their Gu family in the past are now the ones they can't afford to offend. Among them, Fu Jingting is the least offended.

Not only because of the Fu family behind Fu Jingting, but also because of Fu Jingting's ability and means, the living hell king in the business world is not for nothing.

Although she had only heard of it, but had never seen the man's methods, how terrifying it was, but now she can somewhat imagine it.

Because she was scared from the bottom of her heart just by facing this man, and this man didn't show any momentum yet. If she showed the momentum of a superior, she would be scared to faint.

However, although this man is terrible, he is a very attractive and excellent man. The appearance, status and wealth alone are beyond the reach of most men in the world.

She thought that if she hadn't met Cheng Huai first, she would have been tempted by him too.

Fu Jingting didn't know what Gu Manqing was thinking, he narrowed his eyes slightly and said, "Listen to Li Zhaodi, I'll help you to secure Gu Manqing's seat, you should be obedient and be the good daughter of Gu Yaotian and his wife, don't think about it anymore. What are you doing, especially for Rong Shu, you'd better not have other thoughts, otherwise I have a way to adorn you, understand?"

"Understood." Gu Man nodded affectionately.

She is not a fool, how dare she fight against him, because he knows that Miss Rong is the one who really cares about Manqing.

The biggest reason why she dared to fight with Miss Rong and Mr. Cheng was because Miss Rong and Mr. Cheng didn't know this.

But Fu Jingting knew, so once she was restless, he would definitely kill her first.

"Just understand." Fu Jingting pursed his lips. Gu Manqing took a deep breath and looked at him, "President Fu, may I know

why you want to help me? You love Miss Rong. Logically speaking, you should help Miss Rong."

With these words, Fu Jingting stared at her sullenly, "This is not what you should ask."

Facing his cold, emotionless eyes, Gu Manqing felt as if her heart was being grabbed fiercely, and she breathed. I couldn't get up, and it took a long time to reluctantly find my voice, "Yes... I'm sorry."

God, is this the living hell that my father said.

Sure enough, as soon as the momentum came up, she couldn't bear it at all. When he glanced at it, she felt like she was killed. This person is really not something she can offend. Seeing the panic in Gu Manqing's eyes, Fu Jingting looked back lightly, "Okay, it's almost time, you can go back to the detention center."

"Yes." Gu Manqing lowered her head, whispered back, and walked past him towards the door.

She didn't want to go back to the detention center at all.

But now, she is looking forward to going back, just because this way, she can stay away from this terrible man.

Fu Jingting squinted slightly, staring coldly at Gu Manqing's back.

Why don't you help Rong Shu?

That's because there is no way to help!

As long as the hatred between Rong Shu and the Gu family is a little lighter, he will stand on Rong Shu's side and tell Rong Shu her true identity, but now Rong Shu and the Gu family are completely life-and-death hatred, and telling Rong Shu is not a good thing at all.

And he was thinking that since Rong Shu's identity was wrong from the beginning, it would be better to be wrong for the rest of her life. As long as she didn't know her true identity in her life, she would not suffer, nor would she be caught in the Rong Gu family. And do irrational stupid things.

As for the hatred between Rong Shu and the Gu family, as long as Rong Shu doesn't hurt the lives of Gu Yaotian and his wife, it doesn't matter if he destroys the Gu family. After all, six years ago, Gu Yaotian forced Rong Hao to death and forced the Rong family to break down, so the Gu family should end up like this. .

In other words, he would only protect Gu Yaotian and his wife secretly, and he would never stop the others, no matter what Rong Shu did.

In his opinion, this is the best way to deal with the relationship and grievances between Rong Shu and the Gu family.

Meanwhile, the First Hospital.

Rong Shu was sitting in Lin Tianchen's office, and Lin Tianchen was checking her eyes.

After a while, Rong Shu heard Lin Tianchen turning off the flashlight, and clenched her hands and asked eagerly, "How? When will my eyes recover?"

### Chapter 417 Kidney Failure

She doesn't want to continue to be blind anymore, it will be very troublesome after a long time.

The first is Tiancheng. Duan Xingbang has always been eyeing him, wanting to take back half of her management rights, so she will not go to Tianzhu for a long time. Duan Xingbang will definitely seize this opportunity to win over her people and create all kinds of things for her. stumble.

The second is Gu Yaotian. Although she has the heart to hide that she can't see, as long as Gu Yaotian checks her heart, she can easily find out about her blindness. Although Fu Jingting's words, Gu Yaotian will definitely not dare to do it to her. What, but it's not impossible to hide Fu Jingting's small movements in secret.

Therefore, she must quickly restore her eyesight, for the sake of Tiansheng and herself.

Lin Tianchen is also a psychology student. Looking at Rong Shu's eager look, he knew what she was thinking, and patted her on the shoulder lightly, "Don't worry, it will recover, it hasn't recovered yet, it should be in his mind. The blood clot has not completely dissipated, and the last time I checked it, it was found that the blood clot was not large, so it should dissipate quickly, and if you count the time, it will recover in about a few days."

Hearing this, Rong Shu suddenly relaxed. "That's good."

"Apart from the eyes that can't see, is there any other discomfort? For example, is dizziness?" Lin Tianchen asked again leaning against the desk.

Rong Shu shook his head, "I'm not dizzy anymore."

"Okay, I know, then there is no need to prescribe the medicine again." Lin Tianchen turned the scalpel and said.

Rong Shu stood up from the sofa, "Thank you for your diagnosis and treatment, then I'll go first."

Aunt Zhang stepped forward and quickly supported her and put her on a wheelchair.

Lin Tianchen also stood up straight, "I'll take you to the elevator." The

three walked out of the office and walked towards the elevator.

When she just walked to the elevator, Aunt Zhang suddenly let out a loud noise.

Rong Shu turned her head suspiciously, "What's wrong with Aunt Zhang?"

"I saw that Gu Yaotian and his wife were married. They came out of the Nephrology Department in front and entered the elevator over there. The faces of both of them were not very good, especially Gu Yaotian's wife, her eyes were red and she seemed to cry." Aunt Zhang replied looking at the front.

Rong Shu raised her eyebrows, "Nephrology? Why did they go to the nephrology department?"

And she cried. It wasn't the fall that hurt her waist, right?

No, generally speaking, with this level of fall, the bone is broken, and it is impossible to break the internal organs.

"It's hard to know this, I'll just ask, don't forget, this is my hospital." Lin Tianchen pushed up his glasses, chuckled lightly, and went to the nephrology department.

Aunt Zhang looked at Rong Shu, "Miss Rong, Dr. Lin has passed, should we go or leave?"

"It's not polite to leave like this, just wait here." Rong Shu thought for a while and said.

Aunt Zhang nodded, stopped talking, and waited with her on the wheelchair and pusher.

After waiting for about five minutes, Lin Tianchen came back.

After listening to Aunt Zhang's reminder, Rong Shu asked, "How is it?"

"There is something wrong with Gu Yaotian's kidneys." Lin Tianchen pushed his glasses and answered.

Rong Shu was surprised, "Is there something wrong with the kidney? Could it really be a fall?"

“No.” Lin Tianchen shook his head, “The doctor who checked said that Gu Yaotian’s kidney has suffered a slight failure.”

“Kidney failure!” Rong Shu exclaimed, “He has kidney failure?”

“That’s right.” Lin Tianchen nodded, “I just looked at Gu Yaotian’s examination data and found that he has congenital necrospemia, which means that his kidneys There was a problem at the beginning, but now it starts to fail, and the speed of failure is quite fast.”

“That is to say, if this goes on, he must have a kidney transplant, right?” Rong Shu asked.

Lin Tianchen shrugged, “It’s about the same, but it’s the same whether or not to replace it, because to replace it, you have to replace both, but kidney resources are hard to come by, and it’s lucky to have a suitable one, and the probability of two at the same time is not equal. Not big.”

“But I heard that people can live even if they have one kidney, so wouldn’t it be enough to change another kidney?” Rong Shu tilted her head and said.

Lin Tianchen turned the scalpel, “It’s true, for a healthy person, a kidney can indeed survive, but the body will also decay, so it’s just lingering and surviving, and Gu Yaotian is different, he only has A kidney can’t survive at all.”

“Why?” Rong Shu blinked in confusion.

Lin Tianchen explained, “Because he is too old and his physical condition is not good, in addition to various minor problems, his heart is also not very good, so only one kidney can’t maintain the basic operation of his body at all, and the new The possibility of another kidney failure is also very high, so even if he is lucky enough to have two kidneys replaced, he will eventually fail again.”

Rong Shu understood, and her red lips moved, “So Gu Yaotian’s result is only One, that’s death, right, a kidney transplant is just a late death.”

“That’s right.” Lin Tianchen nodded.

Rong Shu curled her lips, “This is really good news, retribution!”

Gu Yaotian forced her father to death, and now he has kidney failure himself, not retribution.

“Doctor Lin, how long can he live?” Rong Shu clenched her palms and asked.

Lin Tianchen's glasses turned the white light slightly, "If you don't have a kidney transplant, at this rate of failure, it is estimated to be about a year. If you have a kidney transplant, it will be within ten years."

"Oh, it's good!" Rong Shu smiled, "It's really She deserves it!"

Rong Shu saw how happy she was to know that Gu Yaotian had kidney failure, she smiled and said, "Miss Rong, don't say that!"

Although she also felt that Gu Yaotian deserved it, Gu Yaotian was also Miss Rong's biological father, as a daughter. , Even if he hates his biological father, he should not say that his biological father deserves to be sick.

Of course, if Gu Yaotian wasn't Miss Rong's biological father, she wouldn't say this.

When Rong Shu heard Aunt Zhang's words, she frowned, "Aunt Zhang, what's wrong with me saying that?" Who

is this nanny from, and why is she helping Gu Yaotian?

I also think she shouldn't say that Gu Yaotian deserves it!

Aunt Zhang saw that Rong Shu was a little unhappy, and realized that she just talked too much, and quickly explained, "No, no, I just don't think it's necessary to get in trouble when someone else is injured and sick."

"I don't think I'm going to get in trouble. , and even if I'm under fire, I don't think I've done anything wrong. Gu Yaotian and I are mortal enemies. Shouldn't I be happy? I can't sympathize with each other, and then let go of hatred? I'm not that kind, and I'm not a kind person myself." Rong Shu said coldly with an expressionless face.

The hatred of the Rong family was all on her alone, so she could hardly breathe, and she only wanted revenge, but after so long, there was no progress in revenge. The urgency in her heart was almost torturing her crazy .

Now that she finally heard that her enemy was sick, shouldn't she be happy?

"Sorry, Miss Rong, I said it wrong." Aunt Zhang quickly apologized knowing that Rong Shu was dissatisfied with herself.

Rong Shu rubbed her brows, "Forget it, it's not an example."

Anyway, her eyes will recover in a few days, and then she can send Aunt Zhang home to the administrative office.

“Doctor Lin, let’s say goodbye first.” Rong Shu put down her hand and said to Lin Tianchen again.

Lin Tianchen nodded, “Be careful on the road.”

“Yeah.” Rong Shu responded and was pushed into the elevator by Aunt Zhang.

Watching the elevator slowly closing, Lin Tianchen took out his mobile phone, made a call, and said in a gloomy voice, “Look at the organ database, once there is a kidney suitable for Gu Yaotian, immediately block it for me!”

## Chapter 418

The person on the other end of the phone may have agreed, and Lin Tianchen put down the phone in satisfaction.

In his opinion, people like Gu Yaotian should not have one, let alone two suitable kidney sources.

On the other side, Gu Yaotian and his wife returned to the car after taking the medicine.

The moment the door was closed, the atmosphere in the car was so heavy that it was almost impossible to breathe.

Neither Gu Yaotian nor Madam Gu spoke.

Gu Yaotian lowered his head and couldn’t see the expression on his face. He only clenched his fists on his knees. Through his slightly trembling fists and the blue veins on his fists, it was obvious how he was feeling. Oops.

Mrs. Gu covered her mouth and sobbed softly.

How could this be?

Yaotian actually had kidney failure!

“Husband...” Mrs. Gu’s eyes were flushed, and she looked at Gu Yaotian with tears in her eyes.

Gu Yaotian squeezed and loosened his fists, loosened and squeezed again and again, and then took a deep breath, barely calmed down, and said in a stiff voice, “Okay, don’t cry, I’m fine.”

“It’s fine, it’s kidney failure . . . , people will die!” Madam Gu said anxiously and fearfully.

She has lived on people all her life.

She relies on her father before she gets married, and her husband after she gets married. Therefore, she has almost no survival skills.

So she couldn't imagine what she would be like after Yaotian was gone.

die!

Hearing this word, Gu Yaotian's heart trembled, the flesh on his face trembled, and a trace of fear flashed in his eyes, the fear of death.

No one wants to die, and no one is not afraid of death, especially for a rich and powerful person like him, even more do not want to die, and even more afraid of death.

But he didn't feel the slightest bit about other people's death, so he didn't feel ashamed at all after forcing the technician to death and Rong Hao to death.

However, now that the warning of death came to him, he knew that death was such a terrible thing.

Gu Yaotian couldn't accept it when he thought that he wouldn't live long.

Seeing Gu Yaotian's trembling body and red eyes, Mrs. Gu quickly grabbed his hand, "Yaotian, shall we go abroad? Going abroad for treatment, the medical level abroad is higher than that in China, if we go abroad, we will definitely be able to cure. Okay."

Gu Yaotian took out his hand, "The medical level abroad is high, but in the face of kidney failure, there is no way to cure it, so it's the same whether you go abroad or not."

"Then...then do we have no other way?" Madam Gu's face turned pale.

Gu Yaotian gritted his teeth, "Yes, the only way is to have a kidney transplant."

But the doctor's words made him remember clearly.

The doctor said that even if the kidney is successfully replaced in the end, the life expectancy will only be ten years at most.

Ten years...for him, it is far from enough.

However, if the kidney is not replaced, it will only take a year at most.

So one year or ten years, which one to choose, naturally don't have to think too much.

"Kidney change, kidney change..." Madam Gu read it twice in a trance, then made up her mind, squeezed her hands and said, "Then change the kidney, I'll contact a well-

known organ bank at home and abroad, and I'll be able to find it. The right kidney source!"

After saying that, she took out her mobile phone and started to contact.

At the same time, Fu Jingting also knew about Gu Yaotian's condition.

The moment he learned that Gu Yaotian had kidney failure, he couldn't help but be surprised for a while.

When Gu Yaotian was in the appraisal agency before, he complained of low back pain, but he did not expect that kidney failure was found in this investigation.

"Mr. Fu, Gu Yaotian and his wife will definitely find a way to find a suitable kidney source. Shall we help?" Assistant Zhang looked at Fu Jingting and asked.

Fu Jingting frowned, "Why help?"

"Isn't he Miss Rong's biological father?" Assistant Zhang said.

Fu Jingting shook his head slightly, "No, if Rong Shu shot at Gu Yaotian and endangered Gu Yaotian's life, he would naturally want to help, but this is Gu Yaotian's own illness, so there is no need to help, and if Gu Yaotian just died like this, it might be a good thing. "

At that time, Rong Shu really didn't need to know that she was the daughter of the Gu family.

And Rong Shu's hatred for the Gu family may dissipate with Gu Yaotian's death. From now on, he will no longer have to live in the pain of hatred.

"That's right." Assistant Zhang nodded, feeling reasonable. Then, he rolled his eyes and asked again, "How about we intercept the kidney resources suitable for Gu Yaotian? In this case, wouldn't Gu Yaotian

die sooner?" Fu Jingting looked up at him, "You are really smart.

Ah."

Assistant Zhang smiled, "Mr. Fu has won the award."

"Did I praise you?" Fu Jingting lowered his face.

Assistant Zhang knew that he was angry, so he stopped smiling, and quickly put away his expression and turned serious, "I'm sorry, Mr. Fu, I said something wrong."

After hearing his apology, Fu Jingting looked back and said lightly, "Although I do I really want Gu Yaotian to die early, but I can't really kill his hope of survival. He is Rong Shu's father after all, so if I really do this, it's equivalent to killing her father, do you understand?"

"I know. Mr. Fu." Assistant Zhang responded quickly.

Indeed, Mr. Fu is still pursuing Miss Rong, if Mr. Fu really killed Gu Yaotian indirectly.

If Miss Rong knew about it, she would definitely not forgive President Fu even more.

Even Miss Rong hates Gu Yaotian, but who made Gu Yaotian her biological father, with her father-killing enemy, what do you think?

Therefore, Mr. Fu really can't intervene in this matter.

"Let's go with the flow." Fu Jingting tapped his finger on the desk, "If Gu Yaotian finds the source of the kidney, it is his fate that he should not be found, and it is also his fate that he cannot find it, no matter what, my plan will not come to pass. Influence, it's alright, you can go to ."

"Yes." Assistant Zhang nodded, turned and left his office.

Fu Jingting picked up the phone and dialed Rong Shu's number.

Rong Shu had just returned to Repulse Bay and was resting on the sofa.

Aunt Zhang was cutting fruit for her, and when she heard her phone rang, she tilted her head and glanced, "Miss Rong, it was Mr. Fu who called." Fu

Jingting?

Rong Shu frowned, why did he call?

"Miss Rong, will you take it?" Aunt Zhang asked.

Rong Shu hesitated for a few seconds, and finally nodded, "Go ahead."

Seeing that Fu Jingting was helping her deal with Gu Yaotian at the appraisal agency, she had no choice but to answer this call.

Aunt Zhang smiled, then quickly put down the fruit knife in her hand, picked up her phone, touched the green answer button and handed it to her, "Here, Miss Rong."

"Thank you." Rong Shu said to Aunt Zhang Thank you, then put the phone to his ear, "Mr. Fu."

“Are you home?” Fu Jingting’s eyebrows softened.

Rong Shu hummed, “I’m here, is there anything wrong with Mr. Fu?”

“It’s okay, I just wanted to tell you that Gu Manqing has returned to the detention center.” Fu Jingting leaned back in the chair and said.

Rong Shu nodded slightly, “I already know about this, the police contacted me.”

“Really.” Fu Jingting lowered his eyes.

Well, he already knew that she knew.

He said this, but just wanted to say a few more words to her and listen to her voice more.

But Rong Shu obviously had some unreasonable reasons, and said again, “Is there anything else to do with Mr. Fu? If there is nothing wrong, I will hang up first.”

“Wait.” Fu Jingting stopped her, her back straightened slightly, “The end of the month is my grandmother’s 80th birthday, and the Fu family is going to hold a banquet, so I hope you can come over.”

“The 80th birthday?” Rong Shu was stunned for a moment, then she remembered that the end of the month was really her grandmother’s birthday.

### **Chapter 419 The Mysterious Feminine Man**

She’s been busy with this and that recently, and she’s also dealing with Gu Manqing’s affairs, and she really forgot about it for a while.

If he hadn’t reminded her, she probably wouldn’t have remembered it.

“I know, I will go.” Rong Shu nodded in response.

When Fu Jingting heard her agreement, a look of joy flashed in his eyes, “Okay, I’ll have someone send you an invitation later.”

“Well, then I’ll hang up.” After Rong Shu finished speaking, she handed Zhang the phone directly. Auntie, motion for Aunt Zhang to hang up.

Aunt Zhang took the phone and asked, "Don't you want to say a few more words to Mr. Fu?"

"There's nothing to say." Rong Shu pinched her brows and turned back.

Aunt Zhang sympathetically glanced at the call interface on the phone screen, as if she was sympathizing with Fu Jingting through this interface.

"I see, I'll hang up now." Aunt Zhang said this not only to Rong Shu, but also to Fu Jingting on the other end of the phone.

Fu Jingting felt helpless when he saw that Rong Shu was about to hang up after saying a few words to him.

But no matter how helpless, he had nothing else to say.

And she didn't want to chat with him.

"Hang it up." Fu Jingting sighed indifferently and turned back to Aunt Zhang.

Aunt Zhang heard it and hung up the phone.

In the evening, Rong Shu received an invitation from Fu Jingting.

She couldn't see the content on the invitation, it was all read by Aunt Zhang, mainly the specific time and place of the old lady's banquet.

After remembering this, Rong Shu asked Aunt Zhang to put away the invitation.

The old lady's 80th birthday banquet will be held in half a month. During this half month, her eyes will definitely recover.

After the recovery, it will be too late to prepare the dress for the banquet and the gift for the old lady.

The next day, with the help of Aunt Zhang, Rong Shu washed up and sat at the dining table for breakfast.

At this time, the doorbell rang.

Aunt Zhang was pouring milk for Rong Shu when she heard the doorbell, put down the milk bottle in her hand and said, "Miss Rong, I'll open the door."

"Okay." Rong Shu took a bite of the sandwich and nodded in response.

Aunt Zhang wiped her hands on her apron before walking towards the entrance.

The door opened, Li Chuan narrowed his eyes slightly when he saw Aunt Zhang, "Who are you?"

"I'm Miss Rong's nanny." Aunt Zhang replied, and then asked, "Sir, who are you?"

"I'm Li Chuan." Li Chuan introduced himself.

Aunt Zhang suddenly realized, "It turned out to be Mr. Li."

"You know me?" Li Chuan was slightly surprised.

Aunt Zhang replied with a smile, "Listen to what Miss Rong mentioned, Mr. Li come in."

"So that's the case." Hearing that Aunt Zhang said that Rong Shu mentioned him, he raised the corners of his lips in a good mood and raised his feet to enter. house.

"Sister." When he came to the living room, Li Chuan saw Rong Shu who was having breakfast and shouted.

When Rong Shu heard his voice, her face brightened, "Xiao Chuan, why are you here?"

"My agent picked up a movie script for me and asked me to make a cameo role as a model in it, so I was going to the film studio. While filming, I happened to pass by you when I went to the film and television city, so I came up to see you." Li Chuan replied with a smile.

Rong Shu nodded, "That's true, not bad, everyone has stepped into the film and television circle from the modeling circle. Do you plan to develop in the film and television circle in the future?"

"That's not true, I just thought filming was very interesting, so I thought about it. It's just addiction." Li Chuan shook his head and said.

Rong Shu chuckled, "It's okay to enjoy it, by the way, have you had breakfast yet?"

"Not yet." Li Chuan touched his stomach.

Rong Shu told Aunt Zhang, "Aunt Zhang, please help Xiaochuan prepare a breakfast."

"Okay, Mr. Li, wait a moment, I'll be here soon." Aunt Zhang said.

"Trouble." Li Chuan smiled politely at Aunt Zhang.

Aunt Zhang waved her hand, saying you're welcome, and then went into the kitchen.

Li Chuan pulled the chair to the right of Rong Shu and sat down, "Sister, when did you find a nanny?"

"I can't see for the past two days, so I have to need someone to take care of me." Rong Shu took a sip of milk and said.

Li Chuan looked in the direction of the kitchen, "Is this nanny reliable?"

"It's alright, she's very considerate in taking care of people, but it's just a little extra kindness. Overall, it's not a big problem. Anyway, after my eyes are healed, I won't use it. Nanny." Rong Shu put down the milk and returned.

Li Chuan raised his chin, "It's fine."

"Okay, let's not talk about that." Rong Shu couldn't see him, but she probably knew where he was, and turned her face to face him, "Tell me about you, yesterday. Dr. Lin told me that you don't cooperate well with the treatment, what's the matter?"

Li Chuan lowered his eyelids, "I didn't disobey."

"Really?" Rong Shu squinted, "Dr. Lin said, he asked you What, if you don't answer, how can he help you heal?"

"Many of the questions he asked were from the past, and I didn't want to talk about those things." Li Chuan rubbed his fingers and replied expressionlessly.

Rong Shu sighed, "But no matter what, you have to face it, otherwise how will your illness get better?"

"Sister I know, don't worry, I will find a way to overcome it." Li Chuan lowered his eyes and covered his eyes It was dark, but the voice said softly.

Rong Shu couldn't see what he looked like at the moment, so she believed his words and smiled comfortably, "That's good."

"By the way, sister, I received an announcement recently, which is an endorsement for a luxury watch, but that watch is a couple. Watch, so I still need a female partner, how about you go to shoot that endorsement advertisement with me?" Li Chuan looked at Rong Shu.

Rong Shu pointed to herself in surprise, "Me? Going to shoot commercials with you?"

"Yes."

"Stop joking." She waved her hands again and again, "I'm just an amateur, how can I shoot commercials, and it's a luxury item. The endorsers are all internationally

renowned models and first-line stars, how can they find amateurs, Xiaochuan, stop teasing me.”

“I didn’t tease you, what I said is true, the brand side can let me find women myself. Companion, I don’t want to shoot with those female stars and female models in the circle, so sister, please help me.” Li Chuan took Rong Shu’s hand.

Rong Shu pulled her hand back and said, “No, the brand side will let you find a female partner by yourself, and it must be asking you to find female models and female stars who have good eyesight, not an amateur. If I go with you, the brand side will not agree. I’m so embarrassed, I’m saying, I don’t know how to shoot any commercials, so Xiaochuan, don’t embarrass me, be obedient.”

She patted him on the shoulder gropingly.

Li Chuan pursed his lower lip and stopped talking.

Rong Shu knew that he was probably sulking and playing petty temper again, so he shook his head helplessly.

In other words, since Xiaochuan drugged her and was exposed by her, she found out that the real Xiaochuan has a really uncertain personality, which is a headache.

So at this time, she still misses the gentle look he deliberately pretended to be.

After breakfast, Li Chuan was about to leave Repulse Bay and go to the film and television city.

Rong Shu sent him out of the community, and after he got in the car and left, turned around with Aunt Zhang and went back to the building.

And not far behind them, that is, on the side of the road opposite the gate of Repulse Bay Community, in a low-key car, a man with a feminine appearance and cold eyes stared at the back of Rong Shu, his voice hoarse as if he had been filled with lead, said in a particularly ugly voice, “That woman is what Ye Hanchuan cares about?”

“Yes, the four young masters.” The big man in the driver’s seat responded.

The feminine man gave a contemptuous snort, “I don’t have good eyesight, but I actually like a blind man.”

“Blind man?” The big man was stunned for a moment.

The man raised his eyes and glanced at him, “What’s wrong?” The big man

scratched his head, “When I checked this woman before, I didn’t realize she was blind.”

“Oh?” Dahan, “So we found the wrong person?”

## Chapter 420 Fu Jingting’s Mother’s Jewelry

“No, no.” The big man shook his head quickly, “I definitely didn’t find the wrong person. The photo on the previous file is her, but I don’t know why her eyes are blind.” Still so scary.

“Okay, now that people see it, let’s go first, and then send someone to keep an eye on this woman, grasp her daily movements, and then arrest her, as long as she is caught, I don’t believe Ye Hanchuan can hold back. Don’t save her.” The feminine man narrowed his eyes slightly and said in a cold voice.

The big man straightened his back, “Yes, Fourth Young Master.” The feminine man stopped talking and closed his frightening eyes.

The big man started the car and left here.

Rong Shu, who was about to enter the apartment building, suddenly stopped, turned her head and ‘looked’ back, her brows furrowed tightly together.

Aunt Zhang looked at her suspiciously, “What’s wrong, Miss Rong?”

“I felt like someone was looking at me just now.” Rong Shu’s red lips parted slightly, and she said uncertainly.

Aunt Zhang also looked back. She didn’t see anyone suspicious, and looked back again, “No, Miss Rong, do you feel wrong?”

“Maybe so.” Rong Shu nodded thoughtfully. head.

Although she also said that she might feel wrong, she felt a little weird in her heart.

Because since she lost sight of her eyes, her perception is much stronger than before, especially when it comes to the sight of others, it feels particularly obvious. Therefore, whether she felt wrong just now remains to be verified.

On the other side, Fu Mansion.

Fu Jingting came in from outside and was watching TV on the sofa. Wang Shuqin, who was laughing, saw that he was back and stood up in surprise, “Jingting, why are you back?”

“Come back and get something.” Fu Jingting returned.

“What are you taking?” Wang Shuqin asked.

Fu Jingting looked at his watch, “Take some of my mom’s stuff, okay mom, I’ll have a meeting in a while, so I won’t talk about it.” After

he finished speaking, he raised his feet and walked upstairs.

Wang Shuqin stood there and looked at his back, her eyes turning round and round.

Take his mother’s stuff?

What does he do with his mother’s stuff?

Jing Ting’s mother was the daughter of the Zhong family. Not long after she married the Fu family thirty-two years ago, the Zhong family went bankrupt.

But before going bankrupt, the Zhong family was only a little weaker than the Fu family. When they married Fu Huai, the dowry they brought was almost one-third of the Fu family’s fortune.

Although Jing Ting’s mother died in the end, and the dowry was merged with Fu’s family and could not be separated, but Jing Ting’s mother still kept all those priceless jewelry, which lived on the third floor before Jing Ting’s mother died. The room is locked.

She has always longed for those jewelry and wanted to own it, but the old lady put down her words. If she dared to pay attention to those jewelry, she would be kicked out of the Fu family. Anyway, Fu Huai died, and her marriage to Fu Huai was long overdue. It’s over.

She didn’t want to be kicked out of the Fu family, so she kept suppressing the idea of ??getting those jewelry, and her guilt towards Jing Ting’s mother also made her shameless to hit those jewelry.

Just as he was thinking, there was movement from the stairs.

Wang Shuqin looked up and saw Fu Jingting coming down with a jewelry box.

She walked over quickly, “Jing Ting, what kind of jewelry are you holding, can I see it?”

“Yes.” Fu Jingting nodded and handed the box over.

Wang Shuqin hurriedly took it and opened the box impatiently. When she saw the set of imperial green jewelry in the box, she immediately took a deep breath, “God, emperor green, this... how valuable this is!”

“My grandmother gave it to my mother . One of the jewelry, the whole set is worth 150 million.” Fu Jingting replied lightly.

Wang Shuqin was stunned and swallowed, “One hundred million... fifty million?”

She had never worn such precious jewelry in her life.

The most valuable one I have ever worn is 30 million.

Of course, the blue heart doesn't count, she didn't dare to wear that necklace at all.

“That's right, it's just middle-value jewelry in my mother's jewelry.” Fu Jingting said.

Wang Shuqin's mouth twitched.

Just medium value jewelry.

That high or top, and more luxurious.

It seemed that she still underestimated Jing Ting's mother's jewelry.

“Then what, Jing Ting, where are you going to get this jewelry?” Wang Shuqin asked as she touched the main necklace.

Fu Jingting lowered his eyes and smiled, “Give it to someone.”

“Who is it?” Wang Shuqin stared at him.

Seeing the affection in his eyes, his heart tightened.

Shouldn't it be for Rong Shu's little hoof?

Facts proved that her guess was right, Fu Jingting lightly opened his thin lips and replied, “Rong Shu.” Wang Shuqin's

face was a little unsightly.

Sure enough, it was for that little hoof.

It used to be a blue heart, and now it's a full set of imperial green jewelry. Why is that little hoof?

“Jing Ting, it's so good, what are you giving her?” Wang Shuqin said with some dissatisfaction.

Fu Jingting's expression faded, “I have my reasons. Okay, mom, give me the things.”

Wang Shuqin looked at his outstretched hand and at the jewelry in his hand, feeling all kinds of reluctance in his heart.

This is the first time she has touched this expensive jewelry, which is more valuable than the blue heart. After touching it for a while, she has to return it. I really don't want to.

But she didn't dare not to follow suit. If the old woman found out, she might not know how to deal with her.

Biting her lip, Wang Shuqin reluctantly closed the box and put the box in Fu Jingting's hands.

Fu Jingting naturally saw the reluctance in Wang Shuqin's eyes, took it and said, "Mom, which set of jewelry do you like, you can go to the mall and buy it yourself, and then I will reimburse you."

"...Okay." Wang Shuqin smiled reluctantly and agreed. down.

Go to the mall yourself?

The shopping mall will not directly sell jewelry worth hundreds of millions, and she can't buy anything like Azure Heart and the Imperial Green in his hand.

Even if she bought it, the old woman would definitely be furious and call her a loser.

Anyway, she understood it. No matter how expensive Jing Ting's mother wore jewelry, the old woman wouldn't say anything, but she couldn't. Who made him have no family background and money, and the food and expenses were all from the Fu family.

Fu Jingting didn't know what Wang Shuqin was thinking in his heart. He put the box in the bag and left Fu Mansion with long legs.

An hour later, he came to Repulse Bay and rang the doorbell of Rong Shu's apartment.

Rong Shu is doing eye exercises.

According to Lin Tianchen, this helps the recovery of the eyes, so she does it two or three times a day.

Hearing the doorbell, Rong Shu put her hands from her eyes, turned her head and shouted in the direction of the kitchen, "Aunt Zhang, someone is here, please go over and see who it is."

"Okay, Miss Rong, I'll go right now . ." Aunt Zhang quickly came out of the kitchen, wiped the water in her hand on the apron, and went over to open the door.

Seeing the man outside the door, Aunt Zhang shouted in surprise, “Eldest Young Master!”

“Shh!” Fu Jingting made a small movement.

Only then did Aunt Zhang react. She called out to the young master subconsciously, covered her mouth quickly, and asked in a low voice, “What’s the matter with you?”

“I have something to do with Rong Shu, where is she?” Fu Jingting looked behind her.

Aunt Zhang pointed to the living room, “It’s on the sofa, eldest young master, wait a moment, and I’ll ask Miss Rong for instructions.”

She turned her head and asked into the room, “Miss Rong, it’s Mr. Fu who is here and wants to invite him in. ?”

Chapter 421

Fu Jingting?

Rong Shu frowned.

What does he come to do?

“Let him come in.” Rong Shu’s red lips moved and said lightly.

At the door, before Aunt Zhang conveyed her meaning, Fu Jingting strode into the house and walked towards the living room.

“Rong Shu.” Seeing Rong Shu on the sofa, Fu Jingting called out in a soft tone.

Rong Shu turned her head slightly to face him, “Mr. Fu, what’s the matter with you?”

“I’ll give you something.” Fu Jingting sat down opposite her.

Rong Shu’s face was full of doubts, “Give me something? I’m sorry, I don’t think I have anything with you, and I asked you to deliver it yourself.”

“It’s not what you left, but what my grandmother asked me to deliver to you. .” Fu Jingting lowered his eyelids and handed the bag over.

Rong Shu couldn’t see it, so Aunt Zhang took over the bag.

Rong Shu blinked and asked, "Grandma asked you to give it? What did she ask you to give?"

"It's a set of jewelry." Fu Jingting replied with a flash of eyes, "Grandma knows that you are going to participate in her 80th birthday. So when I was happy, I took out a set of jewelry that she wore when she was young, and I hope you can wear it to participate in the competition."

"Really?" Rong Shu narrowed her eyes, obviously not very convinced.

Fu Jingting nodded without changing his face, "Of course, you can call your grandmother."

Rong Shu was silent.

After a few seconds, she sighed, "I see, thank grandma for helping me, I will wear it when the time comes."

"That's good." Fu Jingting's thin lips curled slightly.

He knew that she would not call her grandmother, because with her character, as long as it was not a major matter, she would hardly disturb her grandmother.

Even if she has a good relationship with her grandmother, because she divorced him, she would try not to have frequent contact with her grandmother, so he knew from the beginning that she would not verify her grandmother, and sure enough, he guessed right.

Seeing that Rong Shu accepted the jewelry sent by Fu Jingting, Aunt Zhang looked at Rong Shu and began to ask boldly, "Miss Rong, do you want me to open it and see what jewelry it is?"

Rong Shu nodded, "Open it."

"Hey !" Aunt Zhang responded with a smile, and then with Fu Jingting's nod, she took the jewelry box out of the bag and slowly opened it.

Seeing the full set of imperial green jewelry inside, Aunt Zhang opened her mouth in surprise.

This...isn't this Madam's?

As a servant who has served Fu Jingting's mother for many years, Aunt Zhang naturally recognized at a glance that this set of jewelry was not the old lady's at all, but the dowry of the former lady.

So just now the eldest young master lied and lied to Miss Rong.

Seemingly seeing what Aunt Zhang was thinking, Fu Jingting nodded slightly, admitting it.

Aunt Zhang's mouth twitched.

My eldest young master, you do this, are you not afraid that Miss Rong will find out later, will you be angry?

Fu Jingting understood it, lowered his eyelids and did not respond.

Rong Shu didn't know what the two were communicating in secret. She didn't hear Aunt Zhang's movement to open the box, and asked, "Aunt Zhang, have you opened it?"

Aunt Zhang took a breath and suppressed the restlessness in her heart. , replied with a smile, "It's open, it's a set of imperial green jewelry,"

"Pfft!" Rong Shu was drinking water, and when she heard this, a mouthful of water spewed out.

Fu Jingting was sitting across from her and was sprayed right on, and his entire face was wet.

Not just the face, but also the hair.

The broken hair on his forehead was wet into several strands, one of which was still dripping water, and he may have never experienced such a thing before, he was stunned for a while, and the whole person looked embarrassed and awkward. funny.

Aunt Zhang couldn't help but burst out laughing, "Mr. Fu, you..."

Listening to Aunt Zhang's laughter, Rong Shu realized that she might be in trouble, her hand holding the cup tightened, and her back was slightly straight. "That... Aunt Zhang, what happened, did I just..."

"It's okay." Fu Jingting took a breath and finally came out of the shock, then raised his hand to wipe the water on his face, whispered.

Seeing this, Aunt Zhang quickly took out two tissues and handed them over, "Mr. Fu, here it is."

"Thank you." Fu Jingting thanked him and took the tissues to wipe his face.

Rong Shu heard the sound of drawing paper, and was completely sure that she had just sprayed him. Although it wasn't intentional, she was somewhat embarrassed. She bit her lower lip and said, "Aunt Zhang, help President Fu with that new towel."

"Okay." Seeing that Rong Shu was going to give Fu Jingting a towel, Aunt Zhang was overjoyed, and hurriedly responded and walked to the bathroom.

Fu Jingting also looked at Rong Shu in disbelief, "You..."

"What's wrong?" Rong Shu asked.

Fu Jingting's Adam's apple moved, "You actually ask someone to bring me a towel."

Logically speaking, given her indifference to him, it is normal to ignore her.

So she gave him a towel, which surprised him.

Rong Shu bit her lip, and then said indifferently, "Are you surprised? I know that I caused trouble myself, so giving you a towel is just an apology for myself. Also, I'm sorry just now, I didn't mean it."

"With her apologetic look on her face, Fu Jingting slightly curled her lips and said in a gentle voice, "I know, I don't blame you."

How could he be willing to blame her.

Rong Shu's lips moved, but she didn't speak.

Because I don't know what to say.

Besides, she apologized, and he said he didn't care. If she continued to say that she didn't mean it just now, it would be a bit hypocritical.

At this time, Aunt Zhang brought the towel over and handed it to Fu Jingting, "Mr. Fu, here it is." Fu

Jingting reached out and took it, put it on his head and wiped his hair.

Rong Shu listened to the sound of his wiping her hair, lowered her eyes slightly, and turned the topic back again, "By the way, Mr. Fu, why did my grandmother give me such expensive jewelry?"

This was something she couldn't understand.

You know, in the past, my grandmother never gave her any jewelry.

Of course, the villa car was offered, but she refused.

Fu Jingting anticipated that she would have this question, and put the towel aside and replied, "Because of my grandmother's 80th birthday, I will invite many business people, most of whom are not from the sea, but from the capital, Hong Kong, and foreign countries. The most powerful people in the business world, and most of these, you are not qualified to meet."

Although this may sound a bit ugly, it is indeed the truth.

These people in power, let alone Rong Shu, even Gu Yaotian, who was in the state of three prosperity, did not have the qualifications.

Rong Shu also knew this, so she didn't get angry, she just asked calmly, "And then."

"Among these people in power, some of the subsidiaries' industries are the same as Tiansheng's. Tiansheng must develop in order to develop. Try to cooperate with these subsidiaries as much as possible, and as the largest shareholder of Tiansheng, you must also make friends with those in power, broaden your horizons, and open up your own contacts. In this way, the power in the hands of the vice president will become more and more powerful. The more you have the right to speak, the more you can take back the half management right in Duan Xingbang's hands at any time." Fu Jingting looked at her and said.

Rong Shu's expression became serious and serious, and her palms slowly clenched.

I have to say that Fu Jingting's remarks all hit her heart.

Indeed, she has been worrying about Tiansheng's follow-up development and the future road recently.

Tiansheng achieved stability by cooperating with several subsidiaries of the Fu Group, but stability does not mean that Tiansheng has progressed and developed, but it only allows Tiansheng to return from the brink of bankruptcy at any time. To the point of not going bankrupt, but also unable to progress.

Therefore, if Tiansheng wants to develop and grow, it cannot only rely on the cooperation with several of Fu's subsidiaries, but must open up new cooperative companies and open up more far-reaching cooperation channels.

#### Chapter 422: Rong Shu's Plan

It's not that she didn't think about this issue, and it's not that she didn't find some companies in the same industry as Tiansheng, but these companies are not big and have no cooperation value at all, and the other party is not willing to cooperate with a

company that cannot progress. Therefore, Tiansheng No new partners have been developed.

At this stage, Tiansheng can still operate, but if there is no new partner for a long time, Tiansheng will face a major crisis again, because relying on the cooperation of several Fu's subsidiaries, the money earned, Not to mention that it is not enough to support Tiancheng's follow-up capital operation, even Fu Jingting's loan of more than 100 million yuan has not been repaid.

Therefore, it is not too late to find new partners.

In addition, Fu Jingting also said that as the largest shareholder of the group, she should also broaden her horizons and make wider contacts, which she also agrees with.

The business world is a very complex circle of interests. People in it are all in a group and fight alone, and they will only be eliminated in the end.

Only by making contacts and broadening your horizons can you know your own shortcomings and gain greater benefits, otherwise you will be jointly excluded by those in the business world.

Thinking of this, Rong Shu suddenly understood why her grandmother sent such a set of jewelry.

She took a deep breath and looked at the man opposite her with dull eyes, "Mr. Fu, grandma wants me to make friends with those bosses at her birthday banquet, right?"

Seeing her so quickly, she understood, in Fu Jingting's eyes With a hint of admiration, he nodded slightly, "Yes, this is the purpose of grandmother, to make friends with these people, and get cooperation opportunities from these people, you must make yourself look worthy of cooperation, if the dress you wear and Jewelry is ordinary, and those people know that making and cooperating with you will not bring any benefits, so let alone waiting for you to make friends, you will not even have a chance to say hello, understand?"

This is the cruelty of reality. !

Although he wanted to personally take her to befriend those in power, he knew that even if she wanted to, she would refuse.

Because she didn't want to rely on him, he could only choose a detour, come up with this method, and use his grandmother's name to give her a stepping stone to make contacts, and she will fight for the rest.

Also just right, let her exercise.

Of course, he will always keep an eye on her, and if she fails, he will secretly fight for her chance.

He wants her to get better and have a bigger career.

“I understand.” Rong Shu nodded, deeply moved, “I accept the jewelry, thank my grandmother for helping me, it’s hard for her to be old and think so much for me.”

Seriously, at Fu Jialiu Years, only the grandmother is the best to her, thinking of her everything.

And because she only had Fu Jingting in her eyes and didn’t want to leave Fu Jingting, she refused several times her grandmother asked her to live in the old house and stay away from Wang Shuqin’s proposal. There are also few opportunities for grandmothers to be filial.

And now, she is not the granddaughter-in-law of the Fu family, and her grandmother has done such a thing for her. She really doesn’t know how to repay her grandmother.

“No thanks, it should be.” Fu Jingting replied with a chuckle.

“Huh?” Rong Shu frowned suspiciously, “I asked you to help me thank my grandmother, but not to you. What did you say I don’t need to thank?”

Fu Jingting’s thin lips moved, and he was speechless, feeling a little sour in his heart. of.

This thing, it was not the grandmother who did it, but him, of course he can say no thanks.

It’s just the truth that he can’t tell, or she will definitely throw the jewelry back to him now.

“Forget it, I’ll call my grandmother in a moment to thank my grandmother, and I won’t let you pass it on.” Rong Shu pouted and said.

By the way, I told my grandmother that she would not let her down, and she would definitely win a few cooperations at the birthday banquet.

At the same time, she also told her grandmother that she would protect the jewelry well and return it after the birthday banquet was over.

“Okay, then tell your grandmother yourself, it’s getting late, I should go, you have a good rest.” Fu Jingting looked at his watch and stood up.

If it wasn’t for an important meeting to come, he would never take the initiative to leave.

Rong Shu nodded and also stood up, "Mr. Fu walk slowly, Aunt Zhang, see Mr. Fu off."

"Okay, Miss Rong." Aunt Zhang responded, and then made a gesture of invitation to Fu Jingting.

Fu Jingting looked at Rong Shu, "I'm leaving."

Rong Shu hummed.

Fu Jingting stared at her face for a few seconds, then took it back with a little reluctance, raised his legs and walked towards the entrance.

Aunt Zhang followed behind him and sent him out the door, "Master, be careful on the road."

"Well, take good care of her, and the jewelry is not from my grandmother, but my mother, don't let her know." Fu Jingting instructed.

Rong Shu knew, and she definitely wouldn't wear it.

Before the mother committed suicide, she once wrote in her suicide note that the jewelry she left behind were given to her future daughter-in-law.

In the past six years, he has not given Rong Shu what he should have given to Rong Shu, and in the future, he will give her the same.

In his heart, regardless of whether there is a divorce, Rong Shu is his wife, and can only be his wife.

So even if Rong Shu didn't forgive him in his life, he would trap her by his side. In short, he would never allow her to be with other men. Just thinking about it would make him angry.

"Don't worry, young master, I know." Aunt Zhang responded with a smile.

"Go back, she can't see, don't leave her for too long, she needs someone." Fu Jingting waved his hand.

Aunt Zhang nodded and closed the door.

Fu Jingting heard the sound of the door being locked before turning around and walking towards the elevator.

Just after walking a few steps, the phone rang. I took it out and saw that the old lady called and answered directly, "Grandma."

“Jing Ting, why doesn’t my wife know that I hold a birthday banquet for the 80th birthday? I remember I said a few years ago that there would be no banquet for the 80th birthday, and the family would have a meal. You agreed, why? It’s changed now, and I don’t let the old woman know about it?” The

old lady’s voice was smiling, “And my old sisters all knew that I was going to hold a birthday banquet, and my old woman was the last to know. You are really my great grandson.”

Fu Jingting understood that the old lady was very unhappy, he coughed lightly on his lips, and did not hide it, and said directly, “I’m sorry grandma, I didn’t inform you in advance, please forgive me.”

“Oh, that’s all. That’s all, your invitations have been sent out one after another, this banquet, you have to do it if you don’t have it, I blame you for being too late, let’s not talk about it, why did you suddenly change your mind and want to hold a birthday banquet for my old lady ?” The old lady asked angrily.

Fu Jingting turned his head and glanced at the door of Rong Shu’s apartment, “For Rong Shu.”

“Shu Shu?” The old lady was stunned.

Fu Jingting nodded, “Yes, Tiansheng has no way forward at present, it will not be a good thing in the long run, and she also has ambitions to expand Tiansheng, but she is suffering from no way, so...”

“So you want to borrow your grandmother me . The birthday banquet, paving the way for Shu Shu?” The old lady snorted.

Fu Jingting lowered his eyes, “Sorry grandma.”

He actually wanted to give Rong Shu a platform to develop Tiansheng, but he just couldn’t find the right opportunity.

That’s why he focused on his grandmother’s 80th birthday, using the birthday banquet as a platform, and then using her grandmother as a shield, so that Rong Shu would not doubt that this birthday banquet was actually held for her.

The old lady can imagine that her eldest grandson must be feeling guilty at the moment, thinking that she used her birthday banquet to pave the way for her beloved woman, and felt sorry for her, so she shook her head helplessly, “Silly boy!”

## Chapter 423 The Truth About Mother Suicide

Hearing the smile in the old lady's tone, Fu Jingting's eyes brightened, "Grandmother, don't you blame me?"

"I blame you for what you do. It's rare for you to do something so diligently. Could it be possible for me to stop me?" said laughingly.

Fu Jingting's expression softened, "Thank you grandmother."

"You don't have to thank me, but even if you gave Shushu a platform for her to make connections, but..."

Knowing what the old lady was going to say, Fu Jingting said first, "I took one. Set of my mother's jewelry and gave it to Rong Shu in your name, she accepted it, and when she wears that set of jewelry, she should be able to talk to those in power."

A priceless set of jewelry can be given to A human delusion.

Therefore, even if those people thought Tiancheng was weak, they would also consider the Rong family to be a family with profound background for the sake of the set of jewelry, so they were willing to talk to Rong Shu.

Otherwise, a person who does not even have a background, no one is willing to make friends, this is a real problem.

"That's it." The old lady nodded, "You have a very thoughtful plan, it seems that I worry for nothing."

Fu Jingting smiled faintly, then thought of something, and said, "By the way, grandma, Rong Shu thought that you gave her that set of jewelry, so she should call you later to thank you, don't reveal it."

He urged seriously.

The old lady didn't know whether to laugh or cry, "Am I so ignorant of proportions? Don't worry, I know."

"Then I will trouble grandmother." Fu Jingting chuckled lightly.

The old lady hummed, and what more to say, a phone call came in from her cell phone.

Seeing the caller ID, she couldn't help but raise her eyebrows.

These two children are still quite tacit.

Only then did Jing Ting tell her that Shushu would call, but now Shushu really called.

“Jing Ting, Shu Shu called. I won’t tell you first. I’ll answer Shu Shu’s phone first,” the old lady said.

Fu Jingting nodded slightly, “Okay.” After the

call was over, he took down his phone, stared at the phone screen for two minutes, put the phone in his pocket, opened the door and entered the elevator.

Soon, Fu Jingting came to the gate of Repulse Bay Community.

Assistant Zhang leaned on the side of the car, saw him coming, and quickly stood up straight, “Mr. Fu.”

Seeing that his expression was a little dignified, Fu Jingting frowned slightly, “Is something wrong?”

Assistant Zhang nodded, “In charge of investigating you The investigation team of the car accident case has received some clues about the murderer this time.”

“A clue about the murderer?” Fu Jingting narrowed his eyes. “Last time, wasn’t that the murderer who killed my husband and wife?”

“Yes, but this time, the investigation team found clues about the real mastermind behind the group.” Assistant Zhang said in a deep voice.

Fu Jingting’s pupils trembled, and his whole body was full of cold air, “Oh? The mastermind behind that group?”

“Yes, that person is the real murderer. For 12 years, he has been hiding in the dark, and there has never been that person. A little clue, and now I finally found some.”

“What clue?” Fu Jingting clenched his fists.

“That person knows Madam.” Assistant Zhang looked at Fu Jingting, then realized something, and corrected, “I’m not referring to Wang Shuqin, but Mr. Fu’s biological mother.”

“My... biological mother!” Fu Jingting’s expression changed slightly. changed.

Someone who knew his biological mother killed his father.

What the hell is going on here?

“What evidence is there that the murderer behind the scenes knew my mother?” Fu Jingting stared at Assistant Zhang.

Assistant Zhang nodded, “Yes, it’s a picture of your wife. After your car accident last time, the investigation team took a long time to find the person who paid for the driver who hit you. The monitoring of Miashi confirmed that person’s residence in Miashi, but when the investigation team passed by, the person had moved out.”

“And then?”

“Then the investigation team checked the house’s location. I found out that the house had another owner, so I found the owner to confirm that the house was rented by the owner to three people on a short-term basis.”

“Three...” Fu Jingting’s thin lips pursed into a straight line.

Assistant Zhang added, “According to the owner, two of them are called the last boss, so I guess that the boss is the real murderer who killed the master and murdered you in the car accident. As for why I say this person knows the lady, That’s because people from our investigation team searched the house they lived in, and then they found a picture of his wife, and...”

“What else!” Fu Jingting’s face was gloomy.

Assistant Zhang took a breath, “And behind that photo, there is a sentence written, I will definitely avenge you! The handwriting is so heavy that it almost scratches the photo, so the investigation team guessed that the real The murderer should have some kind of good relationship with his wife. Killing the master is actually avenging his wife.”

“Revenge?” Fu Jingting’s face was ugly, “You mean, there is a grudge between my parents?”

“No, no, I That’s not what it means, it’s just speculation.” Assistant Zhang smiled shyly.

Fu Jingting clenched his fists tightly and lowered his eyelids to hide the coldness in his eyes.

There is absolutely no hatred between his parents. First of all, they don’t love each other. They just got married because of marriage. After they became pregnant with him, they completely separated and became a couple in name.

Later, when he was twelve years old, his father met Wang Shuqin. Not only did his mother not get angry when he found out, on the contrary, he supported his father and Wang Shuqin very much, and was even willing to help Wang Shuqin to say good things to his grandmother and let her grandmother accept Wang Shuqin. Come on, the mother can divorce the father.

Divorcing her father was her mother's greatest wish, because her mother once held him and told him that she wanted to leave the Fu family and live her own life.

It's just that before my mother and father divorced, my mother suddenly broke down one night, drank a lot of alcohol, went crazy in Fu Mansion, kept saying that he broke his promise, he changed his mind, and he didn't wait for me to let it go. At that moment, he finally knew why his mother had no feelings for his father, and why he wanted to divorce so much.

Because the mother has always had another man in her heart, the mother's collapse should be because that man fell in love with another woman, so the mother couldn't stand the blow and collapsed.

Then the next morning, the mother cut her wrists and committed suicide.

Therefore, the mother's death was the mother's own cause, and had nothing to do with his father, so the so-called revenge of the real murderer was really ridiculous.

Besides, the real murderer also attacked him. Could it be that he also has a grudge against his mother?

"Let the investigation team find out who my mother was with before she married into the Fu family!" Fu Jingting's eyes flashed a cold order.

Assistant Zhang pushed up his glasses in surprise, "President Fu, you mean that the murderer might be Madam's former lover?"

He also knew that Madam had someone in her heart,

so now that President Fu is at this time, Ask him to find out who Madam really loves, so obviously, Mr. Fu suspects that the murderer is the one that Madam loves.

And this possibility is also very high. That person is jealous that the master has married his wife, and thinks that the master has separated his wife from him and killed his wife, so isn't this an excuse to avenge his wife and then kill the master.

As for why Mr. Fu was attacked, it still needs to be investigated.

Chapter 424 The eyes can see

Fu Jingting nodded slightly, indicating that he meant it.

Assistant Zhang responded with a serious expression, "I see, I'll contact the investigation team right away. In addition, the wife's photo will be sent to the investigation team after the investigation team checks whether there are fingerprints of the murderer."

Fu Jingting With a sigh, "Got it."

Assistant Zhang took out his mobile phone and contacted the investigation team.

Two minutes later, he hung up the phone and looked at Fu Jingting, "Mr. Fu, I have already given orders to go, and someone will be sent to Jiangcheng to investigate."

Jiangcheng, where the former headquarters of the Zhong family was located, was from Jiangcheng before Mr. Fu's mother got married.

So if you want to investigate the wife's former lover, you must go to Jiangcheng to investigate.

"During the investigation, let them move as little as possible, and don't scare the snakes away." Fu Jingting rubbed his eyebrows and reminded him.

In case the murderer is really the one he thought.

Then that person should still be in Jiangcheng. If you rush to investigate, it will easily scare that person away.

What he thought was that if it was that person, he would catch it immediately, instead of putting on a show of you chasing me.

And I want to avenge my father, I have been thinking about it for twelve years!

"Don't worry, Mr. Fu, I also took this into consideration, so I just told them." Assistant Zhang pushed his glasses and said.

Fu Jingting raised his chin, "That's good."

Then, he raised his head and looked at a certain floor of the opposite building for a while, then took his eyes back and opened the car door, "Let's go."

"Yes!" Assistant Zhang nod.

...

Two days later, when Rong Shu woke up in the morning, she opened her eyes and found that she saw a ray of light.

It's really bright!

Although she still couldn't see the specific scene, the gleam of light made her understand that her eyes were recovering.

Thinking of this, Rong Shu clenched her palms excitedly and cried out happily.

Aunt Zhang, who was making breakfast, heard this and thought something had happened to her. She was so frightened that she quickly dropped the shovel in her hand and turned off the fire. Without even knocking on the door, she opened the door and entered her bedroom. She asked eagerly, "Miss Rong, What's wrong with you?"

Rong Shu heard Aunt Zhang's question and realized that Aunt Zhang might have misunderstood her scream, so she quickly calmed down and turned her head to the door.

This turn made her find another surprise, because she saw a vague human-shaped outline there.

Although it was vague and vague, she was sure that it was a person, Aunt Zhang.

"Aunt Zhang." Rong Shu tried to shout.

Then she saw the blurred figure move again.

It was indeed Aunt Zhang.

Aunt Zhang looked at Rong Shu, whose body was trembling slightly, her heart tightened, and she stepped forward quickly, "Miss Rong, what's the matter with you? Talk, don't scare me."

If something happened to Miss Rong, the eldest young master would definitely go Ape.

Rong Shu heard the worry and nervousness in Aunt Zhang's tone, took a deep breath to calm down, and replied with a smile, "I'm fine, Aunt Zhang, I'm sorry, I scared you."

"Are you okay?" Carefully looked at Rong Shu who was sitting on the bed.

However, after looking around, I found that there was nothing wrong with her.

This is strange.

"Miss Rong, are you really okay?" Aunt Zhang asked again worriedly, "Just now you were screaming and your body was still shaking."

Rong Shu smiled, "It's really okay, just now I was shaking sharply. It's because I'm too happy."

"Happy?" Aunt Zhang was puzzled, "Miss Rong, is there any happy event?"

Rong Shu nodded her head heavily, her voice full of joy, "Yes, I can see something with my eyes."

Aunt Zhang was stunned at first, then reacted with excitement, "Miss Rong, this is true. Did you really see it?"

Rong Shu shook her head, "It's true, but I haven't seen it yet. I can only vaguely see the outline of something, but I can't see what it is, including the color.

"That's not bad." Aunt Zhang was very excited, "If you can see the outline, it means that your eyes are recovering, Miss Rong, congratulations."

"Thank you."

"We will go to the hospital to check the specific situation later." Aunt Zhang suggested.

Rong Shu hummed and agreed.

She thought so too.

Now that my eyes can see light and shadow, the eye drops I use must be updated, so I have to go to the hospital for a review.

"Aunt Zhang, take me to the bathroom, I want to wash up, go to the hospital early." Rong Shu lifted the quilt on her body.

She is more likely to restore her eyesight early and go back to Tiancheng.

During this time, her work was handed over to Ah Qi.

Although Ah Qi has a director position in Tiancheng, Duan Xingbang is very dissatisfied with Ah Qi. He feels that Ah Qi occupies the director position, so he can't give the director position to his confidant, so after hearing Secretary Tong say these days, Duan Xingbang is interested Unintentionally looking for Aqi's fault, and Aqi is obviously violent, but he has not left Tiancheng because of her.

Although she was very angry, she really wanted to fight back for Aqi, but because she couldn't see, she didn't dare to appear in the company, so she felt very sorry for Aqi, and now what she wanted most was to quickly recover and return to Tiancheng , look good for Duan Xingbang.

Soon, after Rong Shu washed and ate breakfast, she went to the First Hospital accompanied by Aunt Zhang.

On the way there, she had already called Lin Tianchen to make an appointment.

So as soon as she arrived at the hospital, Aunt Zhang saw Lin Tianchen standing at the gate of the hospital, apparently coming to receive Rong Shu in person.

This made Aunt Zhang feel extremely vigilant for her eldest young master.

She didn't know what the relationship between Dr. Lin and Miss Rong was, and why she was so kind to Miss Rong.

It is said that Dr. Lin likes Miss Rong, but it is not very similar, because from Dr. Lin's eyes, there is no feeling for Miss Rong at all.

Say if you don't like it, and treat Miss Rong with everything, it's not good, so it's confusing.

Just thinking about it, Lin Tianchen came forward, his eyes fell on the face of Rong Shu, who was supported by Aunt Zhang, "You said on the phone just now that you can see the light and shadow with your eyes?"

"Well." Rong Shu nodded.

Lin Tianchen stared into her eyes, "Then can you see me now?"

"I can see your body shape, other than that, I can't see the color of your clothes." Rong Shu replied.

Lin Tianchen pushed his glasses, "I probably know what's going on. Go to the brain department first, do a CT to see if all the blood clots have disappeared, and then go to the ophthalmology department for an examination."

"You arrange." Rong Shu said.

The three entered the hospital gate.

After a while, Lin Tianchen took Rong Shu into the CT room of the brain department.

Aunt Zhang stood outside, took out her mobile phone and called Fu Jingting.

Fu Jingting was finishing the call when he heard the phone ringing, his brows slightly wrinkled, he was about to pick it up and hang up, when he suddenly caught a glimpse of the caller ID on the screen, his back straightened slightly.

Then, he raised his hand.

In front of the big screen, a department manager who was explaining his plan stopped in an instant, and the entire conference room fell silent.

Fu Jingting touched the green answer button and answered the phone, "It's me."

When Aunt Zhang heard his voice, she covered her mouth with one hand and lowered her voice, "Young master, good news, Miss Rong's eyes are about to recover."

"Really?" Anyone can feel that he is in a good mood.

This made them unable to help but look at each other and guess what was going on, which made President Fu so happy.

"It's true, Miss Rong has been able to see the outlines of some things, and she is reviewing her eyes in the hospital now, young master, do you want to come over?" Aunt Zhang asked.

Fu Jingting nodded, "Okay, I'll be here in a moment."

After hanging up the phone, Fu Jingting put down the phone, the softness on his face was instantly taken away, and his expressionless coldness returned, "Go ahead."

### **Chapter 425**

"Yes." The department manager responded and continued to explain.

It's just that no one else in the conference room could listen, and they kept sending their eyes in secret, and the fire of gossip in their eyes almost overflowed.

They were very curious, who was the person on the other end of the phone, who actually made President Fu become so gentle just now.

You know, Mr. Fu's tenderness was always given to the second lady of the Gu family who was already in prison, but after breaking the engagement with that second lady, they never saw any tender expressions on Mr. Fu's face again.

But now that touch of tenderness has appeared again, is it possible that this means that President Fu has a new love?

Gee, that's fast enough.

Facing the ridiculing eyes of everyone, Fu Jingting knew what they were thinking, not only was he not angry, but he was happy to see them misunderstanding.

“Okay, listen carefully to the explanation.” After these people gossip for a while, Fu Jingting knocked on the table and reminded him.

He also wanted to finish the meeting earlier and go to the hospital to see Rong Shu.

He hoped that when her eyes fully recovered, the first person to see was him!

Hearing Fu Jingting’s warning, everyone felt like they were on pins and needles, and immediately put away their messy thoughts and got serious.

First Hospital.

Aunt Zhang put away her phone, went back to the outside of the CT, and sat on the row of chairs beside her, waiting for Rong Shu to come out.

After waiting for about half an hour, Rong Shu and Lin Tianchen came out one after the other.

Aunt Zhang immediately stood up, “Miss Rong.”

“Aunt Zhang.” Rong Shu replied.

Aunt Zhang looked at Lin Tianchen, “Dr. Lin, how is Miss Rong?”

“The blood clot has completely disappeared. Tomorrow at the latest, her eyes will be fully recovered, and she should see some things slowly today.” Lin Tianchen He said with his hands in the pockets of his white coat.

Aunt Zhang was overjoyed, “That’s good, that’s good.”

“Okay, go to the ophthalmology department first to check the eyeball condition.” Lin Tianchen said again.

Rong Shu hummed, “Okay.”

Aunt Zhang supported her, followed Lin Tianchen, and went to the ophthalmology department again.

After some inspection, it was almost noon.

Rong Shu got the medicine prescribed by the pharmacy and was ready to go back.

Aunt Zhang next to her kept looking at her phone, her face full of anxiety.

What is the eldest young master doing? It’s been so long, why haven’t you come?

If you don't come again, Miss Rong will be leaving!

"Aunt Zhang? Aunt Zhang?" Rong Shu was waiting for Aunt Zhang to help her, but Aunt Zhang suddenly seemed to be gone, which made Rong Shu panic.

She couldn't see clearly, and if Aunt Zhang wasn't there, she didn't know what to do.

Aunt Zhang heard Rong Shu's slightly frightened shout, she quickly reacted, and turned to look at Rong Shu, "Miss Rong, I'm here."

Aunt Zhang's voice was like a tranquilizer, which instantly made Rong Shu feel fear in her heart. Sweeping away, the whole person calmed down.

She exhaled slightly, and then said with some dissatisfaction, "Aunt Zhang, where did you go just now?"

"I didn't go anywhere, I was just thinking about things for a while, I'm sorry Miss Rong." Aunt Zhang said apologetically.

Rong Shu rubbed her brows, "Forget it, let's go."

"...Well." Aunt Zhang nodded, but she was sighing in her heart.

It seems that the eldest young master can't see Miss Rong anymore.

Aunt Zhang helped Rong Shu to walk outside the hospital gate.

When they came to the parking lot, Aunt Zhang took out the car keys and said to Rong Shu, "Miss Rong, stand by and don't move around. I'll open the car door."

"Okay." Rong Shu nodded.

Aunt Zhang pressed the car key, unlocked the door, and then opened the rear door.

However, just when she was about to help Rong Shu into the car, a van suddenly rushed over and stopped behind the two of them.

The door of the van opened, two expressionless faces, with muscles all over his body, the big man who was not a good man came down from the inside, grabbed Rong Shu from left to right, covered his mouth, and dragged him into the van.

This change not only stunned Aunt Zhang, but also stunned passers-by.

Because they have only ever seen kidnappings on TV, how have they ever seen a real-life version of kidnappings in public places.

For a while, passersby stopped one after another and watched the kidnapping.

As the kidnapped Rong Shu, the whole person was stunned, her face was pale, and her eyes were full of fear.

who is it?

Who is going to kidnap her?

Obviously there was no answer to this question, and Rong Shu didn't continue to think about it, because she was not big enough to be taken away, not thinking about how to get out of trouble, but thinking about who kidnapped her.

"Uuuuu..." Rong Shu's mouth was covered with her hands, unable to speak, she could only stare at her eyes, struggling constantly, trying to break free from the hands of the two big men.

But she was exhausted from struggling, her eyes and her entire face were red, and she couldn't let the two big men let go of their hands.

There was no way, Rong Shu could only keep screaming around, hoping that Aunt Zhang could save her.

Aunt Zhang heard Rong Shu's cry for help, and finally came out of the frightened fool, and shouted in a hurry, "What are you doing, let go of Miss Rong, or I will call the police!"

Aunt Zhang!

Hearing Aunt Zhang's voice, a glimmer of hope flashed in Rong Shu's eyes, and she whimpered twice in excitement.

However, the two big men didn't listen to Aunt Zhang's threat, they didn't even look at Aunt Zhang, and continued to drag Rong Shu into the van.

Seeing that Rong Shu was about to be dragged in, Aunt Zhang didn't care about anything else, she stepped forward and said, "I told you to let go of Miss Rong, if you hear that, let go, it's against the law for you to do this, Ah!"

Before Aunt Zhang could finish her words, she suddenly waved a palm the size of a fan to her face.

The palm just landed on Aunt Zhang's shoulder, and then Aunt Zhang felt her body vacated.

boom!

Aunt Zhang flew out, then fell directly to the ground, screaming in pain, her whole face was white, and cold sweat broke out on her forehead, and she couldn't even remember it.

Although Rong Shu couldn't see what happened, based on the sound, combined with Aunt Zhang's screams, she understood that Aunt Zhang was beaten.

Because just now she could feel that the person holding her right hand released an arm.

I'm afraid it was the arm that hit Aunt Zhang.

Thinking of this, Rong Shu's eyes widened, bloodshot eyes came up, and she was worried and scared.

The worry is that Aunt Zhang will be seriously injured. After all, she is an old man and will not be beaten.

What's scary is that Aunt Zhang is too seriously injured, and she really can't stop these two people.

Sure enough, Rong Shu's idea was soon confirmed.

She felt the hand on her right arm removed, and the next second, there were two more hands on her two ankles.

Those two hands directly lifted her feet up, and then her whole body was lifted up.

"Uuuuu..." Rong Shu shook her head violently, her legs kept kicking, the fear in her heart made her breathless.

What are they going to do?

The big man holding her feet was very dissatisfied with Rong Shu's erratic movements, and his already vicious face became even more vicious.

He directly tightened his fingers, pinching Rong Shu's ankles to the point of excruciating pain.

And that's not enough, the big man even threatened coldly, "If you move around, I'll crush your ankle bone and make you lame!"

Rong Shu's whole body froze at these words.

Crush her ankle bone!

Although it sounds outrageous, she never doubts that this person is joking, this person can definitely do it.

Because a person can be as bad and hateful as she is, she has already seen it in Gu Manyin, so there must be people who are even worse than Gu Manyin, and there are quite a few.

Chapter 426

Rong Shu didn't dare to move.

Seeing that she was so obedient, the big man stopped embarrassing her and relaxed the strength of his hand.

The next moment, Rong Shu felt that her upper body was raised a lot.

She vaguely felt that the two seemed to be stuffing her into the car.

Sure enough, as soon as the hands on Rong Shu's hands and feet were loosened at the same time, her body was vacated, and she was thrown on something that was not soft but not too hard.

She touched something on her body and recognized the seat of the car, her heart tightening suddenly.

Really took her into the car.

These people want to take her away!

Realizing this, Rong Shu's body trembled.

No, she can't be taken away, no one knows where these two are going to take her.

If she was taken to the barren mountains, her fate could be imagined.

to run!

With these two words appearing in his mind, Rong Shu immediately sat up.

But reality is often cruel.

As soon as she sat up, a big man grabbed her arm again, cut her arm behind her back, and pressed her heavily on the seat.

Rong Shu's face was sore from the rough material of the seat, and she couldn't help crying out, "It hurts, let go!"

How could the big man who restrained Rong Shu let go of her, and even went straight to her mouth posted the same thing.

It's tape.

This time, Rong Shu was the same as before, unable to make a sound.

The big man said again, "Okay, let the rope come and tie her up, we should go too, it will be very troublesome to stay here for too long, and it will be bad if the police come."

"I know." Another big man After answering, Rong Shu felt that her feet were bound by ropes.

Outside, Aunt Zhang saw that Rong Shu was being held in the van. She was in a hurry to ignore the severe pain in her body, and wanted to stand up and rescue Rong Shu.

But she still overestimated her injury, that fall, it hit her waist hard.

So as soon as I stood up, I fell heavily and fell back to the ground, directly injuring the tail vertebra, and the pain was even worse.

Aunt Zhang knew that she couldn't get up, and with her own strength, it was impossible to save Rong Shu.

So, she turned her head to look at the passers-by around, and begged eagerly, "I beg you, help me save my lady, as long as you save my lady, my eldest young master will definitely repay you, please."

Inside the van There are only two big men, and there are so many passers-by, as long as they get on, Miss Rong will definitely be rescued.

But Aunt Zhang ignored the cowardice and indifference of people's hearts.

These passersby meant to watch the show.

Now that they heard Aunt Zhang asked them to help save people, they immediately began to retreat, and some even dispersed directly and left here, the meaning of not saving is vividly expressed.

They do sympathize with the girl who was brought into the car, but sympathy does not mean that they must act bravely. What if they are injured?

People are selfish, and they want to protect themselves more than to save others.

Aunt Zhang saw that none of these passersby were willing to step forward to help, her heart was cold, and deep despair welled up on her face and eyes.

She pointed at these people with trembling fingers, "You...you..."

The people she pointed to turned their heads and looked away, not daring to look at her with a guilty conscience.

Because they also know their indifference.

In the end, Aunt Zhang watched helplessly as the van drove away and was helpless, lying on the ground crying heartbroken, full of self-blame.

She blamed herself for not taking good care of Miss Rong and not saving Miss Rong.

"Mr. Fu, something seems to have happened in front of you, and there are a lot of people around." Not far away, on a Maybach that was heading here, Assistant Zhang looked at the crowd in front and couldn't help saying.

Fu Jingting was originally not interested in liveliness or anything, but this time, for some reason, looking at the group of people in front of him, he felt very uneasy.

The car was parked in a parking space not far behind the crowd. Assistant Zhang opened the door to get out of the car. He wanted to open the door of the back seat, but Fu Jingting drove down by himself.

Fu Jingting squinted and stared at those people, "Go and see what happened."

"Hey?" Assistant Zhang was a little surprised at his command.

Because Assistant Zhang knew very well that Fu Jingting was a person who didn't like to watch the fun.

That's why when I hear Fu Jingting's words now, I have such a big reaction.

However, Assistant Zhang didn't ask Fu Jingting why he suddenly wanted to watch the fun, and turned around and walked towards the crowd.

When he came to the periphery of the crowd, Assistant Zhang heard words like van, big man, kidnapping and so on.

Based on these words, he quickly concluded in his mind what had happened.

Someone was kidnapped by a big guy driving a van.

In broad daylight, the kidnapping was carried out at the gate of the First Hospital, and he was too daring.

Just when Assistant Zhang wanted to go back to Fu Jingting and report to Fu Jingting what happened, a familiar cry suddenly came.

The cry made Assistant Zhang's face change instantly.

This is... Aunt Zhang's voice!

Could it be possible...

Assistant Zhang didn't dare to think about it any longer, and quickly pushed through the crowd to see if the crying person in the middle of the crowd was Aunt Zhang.

Not far away, Fu Jingting saw Assistant Zhang's face suddenly changed, and saw Assistant Zhang suddenly and eagerly get into the crowd, and his anxiety became more and more intense.

He couldn't stand, and walked over with long legs.

Over there, Assistant Zhang had successfully squeezed into the center of the crowd, and saw Aunt Zhang who was lying on the ground, her posture twisted, and she couldn't stop crying.

For a moment, Assistant Zhang was completely stunned.

Aunt Zhang was surrounded by the crowd, crying so desperately and helplessly, and the crowd pointed at Aunt Zhang, talking about kidnapping.

So it's already clear that Miss Rong has been kidnapped.

Because Aunt Zhang accompanied Miss Rong to review her eyes, and now only Aunt Zhang is there, and Miss Rong is not seen, so the only one who has been kidnapped can be Miss Rong.

"Aunt Zhang!" Assistant Zhang shouted.

When Aunt Zhang heard his voice, she stopped crying, then immediately raised her head and turned to look over.

Seeing that it was really Assistant Zhang, Aunt Zhang hurriedly shouted, "Acheng, hurry up, save Miss Rong, Miss Rong was taken away!"

Sure enough!

The guess was verified, Assistant Zhang took a deep breath and was about to speak.

Amidst the coldness , a voice mixed with endless anger sounded, “What did you say? Rong Shu was taken away?”

It was Fu Jingting.

He didn't know when he squeezed out the crowd and came in, just when he heard Aunt Zhang's words, his pupils shrank instantly.

No wonder he felt uneasy when he saw the crowd.

It turned out that it was Rong Shu who was taken away!

“Eldest young master...” Aunt Zhang was a little afraid to face Fu Jingting.

After all, Fu Jingting gave Rong Shu to her to take good care of her.

But she didn't finish it. Instead, she lost Rong Shu, so she was ashamed of Fu Jingting's trust.

Fu Jingting didn't know what Aunt Zhang was thinking, and he didn't want to know. He came to Aunt Zhang in three steps, clenching his fists tightly, and asked in a cold and ruthless voice, “You just said that Rong Shu was taken away by someone. Well, who took it away?”

“I don't know.” Aunt Zhang hurriedly shook her head, “I only know that they were two big men. Those two big men looked fierce. They should be other people's thugs. They took Miss Rong directly into a van and took them away.”

“Van!” Fu Jingting gritted his teeth, “Where did the van go? Where's the license plate?”

“Going to the front, I don't know the license plate, the van doesn't have a license plate.” Aunt Zhang replied.

Fu Jingting closed his eyes fiercely, only to open them for a few seconds, suppressing the violent emotions in his heart, then turned around to squeeze out the crowd, and drove in the direction pointed by Aunt Zhang, obviously wanting to chase the van.

### **Chapter 427**

“Mr. Fu...” Assistant Zhang stretched out his hand, trying to stop Fu Jingting too late, so he could only watch him disappear at the end of the road.

There was no way, Assistant Zhang could only put his hands down and looked at Aunt Zhang, "Aunt Zhang, Mr. Fu should be chasing that van."

"That's good, that's good." Aunt Zhang breathed a sigh of relief and nodded again and again. , wipe away the tears and stop crying.

In her opinion, as long as the eldest young master takes action, everything can be solved.

"By the way, Aunt Zhang, why are you lying on the ground?" Assistant Zhang then remembered that when he saw Aunt Zhang, Aunt Zhang was lying on the ground and never got up, and her posture was so weird.

Aunt Zhang rubbed her waist backhand and smiled bitterly, "When Miss Rong was arrested, I went up to try to get her out, but she was pushed to the ground and fell to her waist. Now I can't get up."

"What?" Assistant Zhang raised his voice.

No wonder Aunt Zhang never got up.

It turned out to be injured!

And the injury is not clear!

"No, I have to take you to the hospital." With that, Assistant Zhang stepped forward, picked up Aunt Zhang horizontally, and hurried to the First Hospital.

Soon, Aunt Zhang was sent to the CT room of the Department of Orthopedics.

Assistant Zhang stood outside the CT, and while waiting, he took out his mobile phone and dialed Fu Jingting's number.

Fu Jingting clung to the steering wheel tightly, staring at the crossroads ahead with cold eyes, and the low pressure all over his body plummeted.

Crossroads...

He doesn't know where to go now.

Because he didn't know that it was the road he took with Rong Shu's van!

"Damn it!" Fu Jingting clenched his fists and thumped the steering wheel gloomily.

At this moment, the mobile phone in the pocket rang.

Fu Jingting took a deep breath and managed to calm down. Then he pulled the car to the side of the road and stopped. Then he took out his mobile phone and took a look, answered the call, "Speak!"

"Mr. Fu, about Miss Rong, I have already called the police. And I have also called the traffic control department to ask the traffic control department to check the monitoring of all road sections in the city, and the van should be locked soon." Assistant Zhang said quickly.

Hearing this, Fu Jingting's complexion improved a lot, "Very good, after the track of the van is locked over there, it will be sent to my mobile phone immediately."

"Understood." Assistant Zhang nodded.

Fu Jingting squeezed the phone tightly and said, "Also, send the bodyguards of the first squadron to come to me. After the trace of the van is found, I will immediately go to save people with me."

Aunt Zhang said that it was two big men who took Rong Shu away. Those two big men were just thugs. The one who really kidnapped Rong Shu was the man behind the two big men. There was no way to know whether that person had other thugs.

Therefore, just in case, in order to rescue Rong Shu smoothly, it is necessary to send more people

. "Yes." Assistant Zhang responded.

Fu Jingting put down his phone and sat in the car, forcing himself to wait calmly and patiently, waiting for the result from the traffic control department and the arrival of the bodyguards.

And now there is nothing else to do but wait.

He can only hope that nothing will happen to Rong Shu.

Fu Jingting lowered his eyes, covering the emotions in his eyes. His fingers kept tapping on the steering wheel without rhythm, and his voice was extraordinarily messy, showing his inner irritability and disorder.

He was thinking, who the hell took Rong Shu.

Gu Yaotian?

Or the one who killed him last time in a car accident?

Fu Jingting narrowed his eyes.

Both of them are possible, but among them, Gu Yaotian is the most likely

Because the hatred between Gu Yaotian and Rong Shu is the most direct, and something happened recently, it is the most reasonable reason to take action against Rong Shu.

Of course, it's also possible that the person who caused him to have a car accident, because recently, he and Rong Shu got a little closer, and that person is very likely to attack Rong Shu because of this, so as to achieve the purpose of causing him pain.

But no matter who it is, he will not let it go!

On the other side, at the entrance of the out-of-city expressway in Haishi, a van without a license plate stopped by the side of the road.

At the same time, another black commercial vehicle pulled over and stopped.

The doors of both cars opened at the same time.

The two big men got out of the van and stood guard in front of the van.

In the front, people also got off the business car. It was also a big man, and a man in a suit, with long hair, and a particularly coquettish and feminine appearance.

The man stared at the van for two seconds, then walked over and stopped in front of the two big men.

The two big men bowed respectfully to him, "Fourth Young Master."

"Where is the person?" The man called Fourth Young Master turned the jade finger on his thumb and asked in a hoarse voice.

The two big men pointed to the open door of the van at the same time, "People are inside."

Ye Yu stepped forward and looked into the van.

This look happened to meet Rong Shu's eyes.

Rong Shu's hands and feet were tied, her mouth was sealed, and she was thrown on the back seat unable to move. She was not stunned by the two big men.

So she could hear the conversation outside the car just now.

Hearing the two big men shouting 'Four Shao', she knew that the person who kidnapped her was the so-called Four Shao.

She was very puzzled, she didn't know any of the four young masters, and no one was called the four young masters around.

So she didn't know at all, what the four young masters were, why they wanted to arrest her.

Rong Shu looked out the door.

Now her eyesight has recovered a little bit. She can only see the outline of the human body like in the morning, but can see some things in a blur. This feeling is similar to being highly short-sighted and not wearing glasses.

Just like now, she can see a man with long smooth hair that looks like a woman standing outside the car door.

Of course, she still couldn't see the man's appearance.

But Rong Shu understood that this man was the fourth young master in the mouths of the two big men.

And this person, she has never seen before, and has no impression.

"Woo woo!" Rong Shu's eyes widened, her body moved, and a sound came out of her mouth, trying to say something.

The corner of Ye Yu's mouth tickled grimly, and then waved and ordered, "Take off the tape from her mouth."

"Yes." A big man replied, then got into the car, grabbed Rong Shu's collar, and lifted Rong Shu's upper body up. She got up, and ripped off the tape from her mouth.

After tearing it off, the big man forcefully threw Rong Shu on the seat back.

Rong Shu's back slammed against the somewhat hard backrest, and the pain caused her brows to wrinkle, she groaned, her clothes and hair were messed up.

In addition, there was also her mouth. Because the big man was pulling the tape too fiercely, not only was there a pain around her mouth, but there was also a red mark left, and she looked very embarrassed.

But Rong Shu didn't care about this, she sat up straight, stared at the man outside the car door, and asked in a trembling voice, "Who are you, why are you arresting me!"

"It doesn't matter who I am, the important thing is that I catching you can achieve what I want." Ye Yu let out a low laugh.

This laughter entered Rong Shu's ears, making her body tense and her scalp tingling.

Because this smile is really terrifying, and the maliciousness in it is terrifying.

"Purpose..." Rong Shu took a deep breath, tried to calm herself down, and asked, "What purpose? If I remember correctly, we don't know each other, and I've never met you, so I don't think I can. What purpose is it for you?"

"No, you can!" The man leaned in and approached her, his voice lowered, even more hoarse, "Who made you the woman Ye Hanchuan cares about."

"Ye Hanchuan?" Rong Shu frowned.

who is it?

Chapter 428

Rong Shu searched around in her mind, but she didn't realize when she met another person named Ye Hanchuan.

However, the name Ye Hanchuan was inexplicably familiar to her, as if she had heard it somewhere.

Where is it...

"That's right!" Ye Yu turned his head back, and after a gloomy light flashed in his eyes, he turned his fingers and said again, "I've been looking for Ye Hanchuan for several years, and it's hard to find him, but he's very capable. It's not too small, so I can't do anything to him, so I can only turn my eyes to you."

He reached out his hand and raised Rong Shu's chin.

His cold fingers seemed to have no body temperature, and her body shivered involuntarily, and a trace of fear appeared in her eyes.

Yes, fear.

Her intuition told him.

This man is too scary.

"Transfer to me..." Rong Shu swallowed her saliva and asked with trembling red lips, "Why me?"

"I just said that you are the woman Ye Hanchuan cares about, so if I want to deal with him, I can only start from you, as long as I catch you, he will definitely catch up to save you, and then I can kill him." Ye Yujie smiled.

Rong Shu shuddered again, "You...you want to kill?"

"I'm not at ease if you don't kill him!" Ye Yu admitted generously that he just wanted to kill.

He is the fourth son of that old man Ye Guochen, and the fourth illegitimate child.

When the old man was young, he was very good at playing with women, so illegitimate children were born one after another, and they only had sons. There were three in front of him and several more behind.

These illegitimate sons all want to become the heirs of the Ye family and get everything in the Ye family, so they never stop fighting in private, Ye Guochen knows it, and never stops them, so these illegitimate sons will no longer restrain, and they will kill each other to death.

Finally, after a dozen illegitimate children, dead dead, disabled, and exiled abroad, only he and the other four were left.

However, just when the five of them thought that an heir would be born between them, they didn't expect that old Ye Guochen, from the beginning to the end, did not intend to let these illegitimate sons inherit the Ye family, but kept secretly looking for the one born by the right wife. Son, the only orthodox young master of the Ye family.

However, the orthodox young master of the Ye family was kicked out of the Ye family by Ye Guochen with his own mother when he was five years old, so these illegitimate children never regarded Ye Hanchuan as an opponent, but unexpectedly, Ye Guochen I don't know if it's because I'm old or sick, and I start to miss my wife and my youngest son, so I ask people to find the youngest son and come back to grab the inheritance position with them.

They have fought so many brothers and worked so hard just to become the heir and inherit the Ye family, so why should an orthodox young master who grew up outside suddenly appear and want to snatch them.

So the five of them temporarily put down their hatred for each other, and decided to unanimously deal with Ye Hanchuan first. Who made Ye Hanchuan a legitimate child and the most qualified to be the heir?

And he obtained Ye Hanchuan's location earlier than the other four. After determining who Ye Hanchuan was, he sent people to secretly create trouble for Ye Hanchuan,

causing Ye Hanchuan to die in an accident, but they were all killed by Ye Hanchuan one by one. Crack avoided.

So he couldn't bear it any longer, and then he came over in person, intending to clean up Ye Hanchuan, but it was still unsuccessful. Then, at this moment, he found that Ye Hanchuan was walking very close to a woman, so he asked someone to check this. The woman planned to use this woman to lead Ye Hanchuan to the trap he set, and then kill Ye Hanchuan in one fell swoop.

Rong Shu didn't know what Ye Yu was thinking, she just looked at this man in horror, "You are too scary."

Whether it was the man in front of her, Gu Manyin and Gu Yaotian.

Are these people heartless?

If you don't move, you're going to kill someone.

"Am I scary?" Ye Yu listened to Rong Shu's description of herself, not only was she not angry, but she laughed happily, but the laughter was particularly gloomy, "You're right, I'm really scary, and I like this one. It's a scary feeling, it's scary, that's how I show my greatness!"

He opened his hands and tilted his head slightly, as if he had given up on me.

The corners of Rong Shu's mouth twitched, quite speechless.

This person, the second sickness!

"Four young masters!" At this moment, a big man suddenly said in Ye Yu.

Ye Yu frowned and turned his head, "What's the matter?" The

big man held the phone, "I have sent Ye Hanchuan the news that Rong Shu was taken away by us."

"Did he reply?" Ye Yu asked.

"Yes." The big man nodded, "replied three words and said we're 'you dare!'" The

big man showed him the phone and glanced at it.

Ye Yu snorted disdainfully when he saw the above three words, "It seems that he is really angry, which is a good thing. He immediately replied, saying that he wanted to save Rong Shu, so he would go to Yunwu Mountain."

“Yes!” The big man Answered, and then went to the side to reply to the message.

Rong Shu said, “You think too much, how could that person come to save me.”

“Huh?” Ye Yu turned his head back, “You said he wouldn’t save you?”

“Yes, that person definitely won’t, because I don’t know any Ye Hanchuan, that means he doesn’t know me very well either. Your so-called he cares about me is completely false. In this case, how could he come back to save me, so I advise you not to waste your energy on calculating this. , let me go back.” Rong Shu looked at him with a heart.

She hoped he would listen to her.

Because she really didn’t think that Ye Hanchuan knew her, this person must have made a mistake.

So it was finally confirmed that if Ye Hanchuan didn’t know her, maybe this person might let her go.

“You don’t know him?” Ye Yu laughed out loud as if he heard a big joke.

Hearing his smile, Rong Shu’s scalp went numb, “What are you laughing at?”

Ye Yu wrapped his arms, “Ye Hanchuan didn’t tell him his true identity, but it doesn’t matter, it doesn’t matter, the important thing is that you know him. Ye Hanchuan, and Ye Hanchuan really cares about you, so he will definitely come to save you, believe in his own charm.”

Ye Yu loosened her chin and wiped her face.

Rong Shu felt as if there was a poisonous snake crawling on her face, making her goosebumps all over her body, and her neck kept leaning back, trying to avoid him.

Ye Yu also let go of her, “Okay, just stay obedient, as long as you are obedient, after I kill Ye Hanchuan, maybe I will be merciful and spare your life, if you are not obedient, wait for Ye Hanchuan. After Han Chuan comes over, I will kill the two of you together, anyway, Ye Hanchuan loves you, and I can be considered as fulfilling his wish to be with you, maybe he will thank my fourth brother at that time.”

After speaking, He retracted his hand and left the van.

Rong Shu’s body was trembling, her face was pale, and her eyes were full of fear.

This person wants to kill her too!

What kind of mercy, spare her life, is just a casual talk.

Because she has seen this person's face, how could this person let her go?

Furthermore, even if I really let her go and spare her life, I'm afraid I won't let her go back intact. Maybe she will gouge her eyes, cut her tongue, and break her hands and feet, so that she can't be exposed. He goes back with any clues.

Thinking of this, Rong Shu felt a chill in her heart, and her eyes were filled with despair.

Because she felt that the possibility of her falling into such an end was very high, even if Ah Qi and the others would find a way to save her, she might have been executed by this person before they could find her.

what to do?

Rong Shu bit her lower lip, her eyes moist.

### Chapter 429 The plan continues

At this moment, Rong Shu's heart was full of despair, and she hoped that someone could immediately appear in front of her to save her, no matter who it was, as long as it could save her.

But this idea is obviously an extravagant hope.

Rong Shu closed her eyes in despair, and a figure flashed in her mind.

But the figure quickly dissipated, leaving her unable to capture who it was.

But her intuition tells her that she misses him very much now and hopes that he will save her.

Outside the van, a big man with a mobile phone came to Ye Yu again, "Fourth Young Master, the location of Yunwu Mountain has been sent."

Ye Yu glanced at the mobile phone and said he knew.

Afterwards, another big man walked over with a dignified face, "The Fourth Young Master is not good. Now the traffic control department in Jiangcheng is strictly checking the surveillance of each road section to find our whereabouts."

"Huh?" Ye Yu's face sank, "What's going on? Ye Hanchuan did it?"

“No, Ye Hanchuan doesn’t have that much energy yet, so he can ask the traffic control department to mobilize the city’s surveillance, and the person who mobilized the city’s surveillance to find us is Fu Jingting, the president of the Fu Group. “

He?” Ye Yu frowned.

He knew that the owner of the Fu family, the chairman and president of the Fu Group, was of the same class as the old man.

Therefore, this person can indeed make the national traffic control department mobilize the monitoring of the whole city.

However...

a dim light flashed in Ye Yu’s eyes, “Are you sure that Fu Jingting is looking for us by mobilizing the city’s surveillance?”

“I am sure, because the people we stayed in Jiangcheng clearly heard that Fu Jingting was looking for someone to take Rong Shu away. Van.” The big man nodded affirmatively.

Ye Yu gritted his teeth, his breath was very heavy, “Why did he find our van?”

Could it be that Fu Jingting has anything to do with Rong Shu?

This speculation was soon confirmed, and the big man lowered his head and replied, “Because Rong Shu is Fu Jingting’s ex-wife, and Fu Jingting cares about this ex-wife very much, so now that Rong Shu is taken away by us, he will definitely take action to save people.”

“What?” Ye Yu’s face changed suddenly, “They still have such a relationship? When you investigated Rong Shu, why didn’t you find out?”

If they had known that Rong Shu was someone Fu Jingting cared about, then he would not have made this plan. implement.

Because Fu Jingting’s power is not something he can resist, and this is a sea market, and his manpower is limited. Against Fu Jingting, he can only lose.

Moreover, he has also heard about Fu Jingting’s character that must be reported, so once Fu Jingting chases after him, he will definitely not be able to escape.

“Damn it!” Ye Yu’s chest was bulging.

The big man lowered his head, “I’m sorry Four Young Masters, this matter is our negligence. You only asked us to check the relationship between Rongshu and Ye

Hanchuan, so we didn't check the relationship between Rongshu and Ye Hanchuan. That's why..." The

following words, The big man didn't say anything.

Ye Yu looked at him with scarlet eyes, and finally suddenly clenched his fist and slammed it into the big man's face.

The big man covered his beaten face, buried his head even lower, and apologized again, "I'm sorry Four Young Masters!"

Ye Yu squeezed his fists and clucked, and his voice was cold in the ice hell, "You should be glad that I am still here. I need you to do things, or I will abolish you now!"

Hearing this, a trace of panic flashed in the big man's eyes, his muscles were clearly knotted, and a punch seemed to kill a person's character, which would make him tremble with fear.

Just because the person in front of him is a lunatic, and he will never forget the way this lunatic tortures people.

If he falls into the hands of this lunatic, he will definitely peel off his skin if he doesn't die.

But fortunately, the lunatic let him go temporarily, which made him heave a sigh of relief.

Thinking of this, the big man took a deep breath, barely calmed down and asked, "Fourth Young Master, what should we do now? Send people back?"

"Send it back?" Ye Yu narrowed his eyes, "Do you think Fu Jingting will not be held accountable if we send it back? It's absolutely impossible."

From the moment they kidnapped Rong Shu, they and Fu Jingting became enmity. , it is impossible to reconcile just because people are sent back.

Ye Yu squeezed the palm of his hand, and said in a somber voice, "The plan will continue." "Hey?" The big man was

shocked, "Do you really want to continue?"

If we are tied, Fu Jingting will not let us go no matter if we put it back or not. If that's the case, we might as well use people to the end." The big man

nodded, "Fourth Young Master said yes."

“But we can’t continue here. If you stop, let me know immediately, set off for Yunwu Mountain, and also, keep Rong Shu’s mouth shut, so that she won’t let her shout on the road for a while and attract people’s attention.”

“Understood!” The big man responded and immediately went down to take pictures. Done.

Ye Yu tugged at the long hair that he had hammered on his chest, his face twisted to the extreme.

I thought this plan was seamless and could successfully kill Ye Hanchuan.

However, I didn’t expect that Fu Jingting was actually dragged in.

Now that Fu Jingting is involved, the future of the plan is completely out of his expectation and control. He doesn’t know what will happen in the future. Is it still as planned at the beginning, to deal with Ye Hanchuan smoothly, or because of Fu Jingting’s participation, his plan failed and ended up in the hands of Fu Jingting or Ye Hanchuan, no one knew.

So in the current situation, we can only gamble on what kind of result will be blocked.

In short, no matter what, the arrow is on the string, and it has to be sent.

In any case, he has to implement the plan successfully!

Clenching his fists, Ye Yu turned around and returned to his commercial car.

Soon, several cars drove off the ramp next to the highway entrance.

After all, neither the van nor his commercial vehicle were photographed, so they could not enter the expressway, but could only enter ordinary roads.

And there is less monitoring on ordinary highways, which is conducive to their concealment.

On the other side, Fu Jingting at the intersection received a call from Assistant Zhang, “Mr. Fu, the traffic control department has roughly grasped the driving route of the van. After the van leaves the First Hospital, turn left at the southeast intersection, and then drove in the direction out of the city, and the traffic control department also contacted the toll booth on the expressway, and the toll booth has confirmed that the van

is indeed seen.” “Really!” Fu Jingting squeezed his phone.

Assistant Zhang nodded, "Yes, in addition to this, there is another commercial vehicle and a small pickup. I think this is a group of people. These three vehicles parked there for about ten minutes, and then left the ramp. Now ."

"I know, send me the route that the ramp will lead to." Fu Jingting grabbed the steering wheel with one hand and ordered.

Assistant Zhang nodded, "Yes." After the

call ended, Fu Jingting temporarily put down the phone, and then continued to wait.

After waiting for about two minutes, the phone vibrated.

He picked it up immediately and saw that it was the route map sent by Assistant Zhang. He clicked it and read it, then closed the page, turned the car key, started the car, and drove towards the intersection on the left.

And behind his car, there are several black cars following closely.

At the same time, in a certain room of the Mirage Hotel, Li Chuan was sitting in front of the computer, tapping on the keyboard with both hands. His originally gentle and handsome face was now terrifying, and his eyes were scarlet. Yes, there is a chilling killing intent in it.

"Ye Yu, if you dare to kidnap her, if I don't tear you to pieces, I'm not Li Chuan!" Li Chuan gritted his teeth, his voice full of sternness.

#### Chapter 430 Start Tracking

As he cursed Ye Yu, his hands kept moving.

He was looking for Rong Shu's whereabouts at the moment.

Ye Yu asked someone to send him a message, telling him that Rong Shu was taken away, and then used Rong Shu to threaten him to go, in order to achieve the purpose of murdering him.

And Ye Yu's move really caught his weakness, and in order to save Rong Shu, he had to go.

What he was worried about was that Yunwu Mountain was just a cover for Ye Yu.

In case he passed, Rong Shu was not in Yunwu Mountain, but in other places, it would be troublesome.

So now, he had to determine where Rong Shu was taken by Ye Yu, and then he could go to the place where Rong Shu was and save Rong Shu.

Ye Yu didn't know he was a hacker, so he didn't shy away from sending him a message.

Therefore, Ye Yu didn't know that the number that sent the message was the key for him to get Rong Shu down the road. He could lock the signal of this number to track and eavesdrop on Ye Yu and the others at the moment.

"Come on, come on, there's still half a minute." Li Chuan looked at the computer screen, a line of words that was starting the program, and the countdown below, with undisguised urgency on his face.

Because this short 30 seconds, in his eyes at the moment, is simply an extraordinarily long time.

He wished that there would be no countdown, and then he could immediately know the movements of Ye Yu's group.

Time passed by second by second, and soon only the last five seconds were left.

The past twenty-five seconds made him feel like he had experienced half a century.

Three, two, one!

Program has started.

Looking at the five words on the computer screen, a flash of excitement flashed in Li Chuan's eyes, and then he immediately pressed the Enter key. There was a voice coming from the speaker next to him. It was a hoarse and unpleasant voice, like a jam in his throat. A person like sand was talking, "What's the matter?"

This voice...

Li Chuan's pupils shrank, and he stood up immediately, his hands on both sides and the kneaded joints were all white, his arms were shaking slightly, and his body was filled with endless hatred.

"Ye, prey!" He gritted his teeth, and squeezed these two words out of the gap between his teeth.

He didn't expect to be so lucky, and he heard Ye Yu's voice as soon as he heard it.

Good, really good!

Soon, another voice sounded, "Fourth Master, Fu Jingting seems to have mastered our driving route and drove towards the toll gate where we stopped before.

" There was a hint of surprise.

Li Chuan was also surprised that Fu Jingting knew that Rong Shu had been kidnapped.

I just don't know if Fu Jingting knows who Rong Shu was kidnapped.

And from what I said just now, Fu Jingting seems to have started tracking now. It seems that Fu Jingting knew that Rong Shu was kidnapped earlier than him, otherwise he would not have acted so fast.

"Yes, Fourth Young Master, Fu Jingting has a lot of energy. It's not surprising that he can find out our whereabouts so quickly." The man said again.

Ye Yu was obviously angry, and his tone became very cold, "Speed up and reach the fork in front of us, let the pickup and us split up and interfere with Fu Jingting's tracking."

"Why not let the van split with us? Anyway, our purpose It's just killing Ye Hanchuan, so it doesn't matter if Rong Shu is here or not. What's important is that Ye Hanchuan knows that Rong Shu is here. So Ye Hanchuan will definitely go directly to Yunwu Mountain when the time comes. Transferring from our team can contain Fu Jingting, so that Fu Jingting can't come to arrest us for the time being." Dahan suggested.

Ye Yu narrowed his eyes dangerously, "Of course I know it's best to let Rong Shu break up with us, but wouldn't that be cheap for Rong Shu and Fu Jingting, anyway, Fu Jingting won't let us go, so we might as well kill us too. Rong Shu, Rong Shu has seen us, and keeping her alive is also our biggest obstacle." The

big man suddenly said, "You are right."

The two focused on deploying the plan, but did not notice that the breathing light of a mobile phone was constantly flashing.

Although their plan was very thoughtful and secretive, Li Chuan knew all about it.

Li Chuan was both angry and happy.

The good news is that Ye Yu did not let Rong Shu divide it up. In this way, as long as he continues to track the mobile phone number, he can always know the location of Rong Shu, but if Rong Shu is separated, the mobile phone is not in Rong Shu's team. If he is here, he will lose Rong Shu's whereabouts.

And what was angry was that Ye Yu, the illegitimate son who could not see the light, actually wanted to kill Rong Shu.

Li Chuan couldn't stay still for a moment. After transferring the program on the computer to the mobile phone, he picked up his jacket and immediately walked towards the door.

When assistant Xiao Chen saw him hurried out outside, he asked suspiciously, "Brother, where are you going?"

Li Chuan didn't answer, and ran to the elevator quickly.

After a while, he drove away from the hotel.

On the van going to Yunwu Mountain, the big man in the co-pilot hung up the phone after listening to the news reported by his colleague in the commercial vehicle, and then looked back at Rong Shu, who was lying in the back seat with his mouth closed again, and couldn't help but speak, "Brother, you said that this woman is very lucky. In addition to Ye Hanchuan's admirer who will come to save her, the owner of the dignified Fu family has also come to save her. Just now, Xiaosi said on the phone that Fu Jingting had already met her. We're chasing after us here."

Hearing this, Rong Shu's eyes widened suddenly.

Fu Jingting?

Is he chasing after him?

How did he know she was kidnapped?

She couldn't figure it out, and Rong Shu didn't think about it. She was just very excited and happy now. At this moment, a glimmer of hope finally appeared in her originally despairing heart.

Because Fu Jingting chased after her, it meant that she might be safe.

The big man in the driver's seat sighed with emotion, "I'm lucky, it makes me want to be a woman in my next life."

The big man in the co-pilot laughed, "It's not enough to want to be a woman, you have to be beautiful, otherwise some man will come to rescue you regardless of the danger." "Come on, don't make trouble, did Xiao Si say anything else?" "Yes, Xiao Si said Si Shao let us continue to Yunwu Mountain and let Xiao San and the others go the other way when they split up." "Yes." Listening to the conversation between the two big men, Rong Shuxiu frowned. What do they mean? Are you going to split up? Before Rong Shu could understand, the car suddenly made a sharp turn. Rong Shu shook directly from the back seat, her forehead slammed against the car door, her face changed slightly in pain, and her mind was dizzy. And the big man in the co-pilot just glanced at it lightly, and then took his eyes back, without the slightest pity for Xiangxiangxiyu. So next, Rong Shu could only be stuck between the seat and the back of the front seat, unable to

move, the whole person was very uncomfortable, and he wanted to die. On the other side, Fu Jingting and the others have come to the charging area. He stopped the car temporarily and walked towards the front. A supercar was parked in front, and there was a person standing beside the supercar. Fu Jingting came to the man and said, "The key." He immediately took out the key of the sports car respectfully and handed it to him. After Fu Jingting got the key, he opened the lock of the supercar and got into the driver's seat, then drove towards the ramp. He wanted to catch up with the van earlier, so he had to be fast, he couldn't. Maimach is not a sports car, no matter how fast it is, it can't go anywhere, so no matter how fast he wants to go, he can only change the car to a sports car.

So when he received the route map, he directly called the 4S store closest to the toll booth and asked the people in the store to drive the sports car to the toll booth to wait for him.

Now that he has a sports car, he believes he can catch up to the van.

So Rong Shu, wait for him, you must wait for him.

He will definitely, intact, save her!
