Chapter 431 Fu Jingting and Li Chuan Cooperate

Fu Jingting's eyes flashed brightly, and then he slammed the steering wheel, and the sports car jumped out like a cheetah and entered the ramp.

At the same time, several cars that followed him quickly followed.

Speeding all the way, but after driving for about half an hour, Fu Jingting suddenly braked and stopped.

Because there is a fork in the road ahead!

Looking at this fork in the road, Fu Jingting's hand holding the steering wheel tightly folded it. The joints turned white because of too much force, and the blue veins on the back of his hands even bulged, showing his inner anger at the moment.

Damn it!

It's coming to a fork so soon.

In this way, he didn't know which way the person who captured Rong Shu went.

Even if he had a road map of where these forked roads lead to, it would not help.

Because once he made a mistake and walked on a different path with those people, he would miss the best time and opportunity to rescue Rong Shu.

Thinking of this, Fu Jingting took a deep breath, tried his best to suppress the stormy waves in his heart, calmed himself down temporarily, then took out his mobile phone and called Assistant Zhang.

"Mr. Fu." Assistant Zhang knew that Fu Jingting would contact him frequently, so he always stayed by the phone. As soon as Fu Jingting called, he would answer it immediately.

"Can you find out that the group of people is walking on the road that forks in the south of the city?" Fu Jingting slid his Adam's apple and asked in a deep voice.

Assistant Zhang shook his head, "I'm sorry, Mr. Fu, I thought about this before, so I contacted the traffic control department in advance, hoping to lock the monitoring of the fork road, but the supervision department told me that the bifurcation road is not monitored."

"There is no monitoring..." Fu Jingting squeezed the phone tightly, as if to smash it.

Without monitoring, it means losing track of that group of people.

Then it would be even more difficult to save Rong Shu.

Assistant Zhang obviously knew this, and after pondering for a while, he said again, "Why not, Mr. Fu, how about you and those bodyguards divide into three teams and chase the three paths of the fork? Although you chose the last one, it may not be the road that Miss Rong is on, but at least when you are not around, our people can still save Miss Rong."

Fu Jingting closed his eyes, and when he opened them, there was only determination left in his eyes. "I know that."

He hung up the phone, opened the door to get out of the car, and walked towards the first bodyguard car behind.

When the people in the car saw him coming, they got out of the car immediately, "Mr. Fu."

"Arrange your people so that they can be divided into three teams, two of which will chase the other two, and the other two will follow me, take this road," he said, pointing to the left lane.

Because that road, the speed limit is 100 kilometers, which is higher than the other two lanes, and belongs to the express lane.

So he was thinking, if those people wanted to take Rong Shu out of the sea as soon as possible, then the probability of taking the express lane was the greatest.

Of course, nothing is absolute, but he wants to take a gamble.

The captain of the bodyguard nodded, "I know about President Fu, so I'll make arrangements."

"Hurry up." Fu Jingting hummed and urged.

The captain of the bodyguard responded and began to arrange.

About ten minutes later, the seven cars were divided into three groups. Two cars entered the middle lane and the rightmost lane respectively, while the remaining three cars followed Fu Jingting.

After all, Fu Jingting is the big boss, so of course there are more people to protect him.

Just when Fu Jingting returned to the sports car and was about to set off again, there was a sudden honk of horns behind him, urging him to give way.

Fu Jingting squinted to the left front mirror and saw a black big G.

And the big g made him recognize at a glance that it belonged to Li Chuan.

He had seen it in Repulse Bay before, and when he saw Li Chuan, he got into this car with the same license plate.

So in the current situation, Li Chuan also knew that Rong Shu was kidnapped, and then chased after him?

And Li Chuan was able to catch up here, which means that Li Chuan might have some clues about Rong Shu's whereabouts.

Thinking of this, Fu Jingting pursed his thin lips, started the car and tried a distance ahead, then turned the steering wheel to the left, the body drifted, and it fell in front of the approaching Big G.

squeak!

The big g braked sharply, and the wheels made a harsh sound as they rubbed against the ground.

The window rolled down, and Li Chuan stuck his head out with a grim expression on his face. With red eyes, he shouted at the sports car in front of him, "Get out of the way, or I'll crash into it!"

He just wanted to save Rong Shu quickly. , but now there is an inexplicable guy suddenly blocking his car.

If this guy doesn't listen to him and step aside obediently, he will definitely do what he says and hit him directly.

He will never allow anyone to delay him in saving people!

Fu Jingting naturally heard Li Chuan's terrifying threat, but he was not afraid at all, just frowned, opened the door and got out of the car, and walked towards Li Chuan's car.

Li Chuan also saw him, his eyes were a little more violent, and there was a little more confusion. Obviously, he didn't expect that it was Fu Jingting who stopped his car.

clang clang!

Fu Jingting knocked on Big G's car window.

Li Chuan rolled down the car window, "Fu Jingting!"

“Are you here to save Rong Shu?” Fu Jingting looked at him and asked.

Li Chuan narrowed his eyes and said nothing.

Fu Jingting raised his chin, “Okay, I’ll take it as your acquiescence, and I’m here to save her, but now there’s a fork in the road, I don’t know which way the person who took Rong Shu took away, so I want to ask you, do you know? Since you are able to catch up here, should have obtained the route to take away Rong Shu’s group from other channels. “

“I know so what?” Don’t know what to do? Li Chuan gritted his teeth and said.

Fu Jingting’s eyes flashed a flash of light, which was fleeting, and then said with a very serious expression, “You know of course it’s a good thing, we can rescue Rong Shu quickly, and from what you mean by this sentence Look, you really know which way those people are going, right, Li Chuan, let’s work together. “

“Why should I cooperate with you?” Li Chuan raised his head slightly and stared at Fu Jingting condescendingly.

Fu Jingting was not angry at him for deliberately looking down on him, because he just wanted to find Rong Shu now, so he was willing to forgive all these.

“Why? Fu Jingting pointed to the three or two bodyguard cars behind, “Because I have a lot of staff, and you only have one person, no one knows how many people took Rong Shu away. Do you think you alone can successfully rescue Rong Shu?” Shu? “

This made Li Chuan’s face change, and he had nothing to say.

Indeed, no one knew how many people Ye Yu brought with him. If there were a lot of people, he really had no chance of winning.

He was just anxious to chase after him . , rescued Rong Shu, but ignored such an important point.

Looking back through the rearview mirror, Li Chuan lowered his eyelids and seemed to be hesitating when he saw the three seven-seater bodyguard cars.

Fu Jingting didn’t rush him, just cold He looked at him coldly.

Because Fu Jingting knew that he would agree in the end.

Sure enough, after ten seconds, Li Chuan squeezed the steering wheel fiercely, and finally agreed, “Okay, I will cooperate with you, I hope your People, can successfully rescue my sister. “

“Of course it will.” Fu Jingting nodded affirmatively, “So now you can tell me which way Rong Shu and the others took? “

“The one on the far left, they went to Yunwu Mountain.” “Li Chuan looked towards the lane on the far left and replied in a gloomy voice.

Chapter 432 Encountering a traffic jam

Fu Jingting followed, “It really is the one I thought!”

He was guessing just now that those people were walking in the highest speed lane.

Now it has been confirmed that this is the case.

Fu Jingting couldn't even think about it, how did Li Chuan know that those people were walking in the left lane, and he couldn't even think about why Li Chuan knew that those people went to Yunwu Mountain.

Just because these are not the most important, the most important thing is that they have to chase after them and rescue Rong Shu.

Only after people are rescued, these will naturally be known.

Fu Jingting didn't delay any longer, he quickly turned back to his sports car, and drove out without first.

Seeing him running in front of him, Li Chuan thumped the steering wheel angrily, then restarted the car and chased after him without delay.

The three bodyguard cars in the back naturally followed quickly.

Although this lane has a maximum speed limit of 100 kilometers, Fu Jingting did not comply with it. He directly increased the speed by 150 kilometers and was still accelerating.

His sports car can run up to four hundred upwards, so as long as it doesn't exceed the dynamic vision of his eyes, he can keep accelerating.

One hundred six, one hundred seven, one hundred eight...

The other cars on the road were frightened when they saw Fu Jingting's life-threatening drive, and quickly slowed down and drove aside to avoid being hit by Fu Jingting's crazy car.

Later, Li Chuan saw that Fu Jingting was driving so fast. Although he knew that Fu Jingting was eager to save Rong Shu, his heart was still filled with jealousy.

He didn't want to lose to Fu Jingting. The age difference made him lose to Fu Jingting once. He could only watch Fu Jingting marry Rong Shu, but he had to imitate Fu Jingting's previous appearance to get along with Rong Shu.

Now, Rong Shu and Fu Jingting finally divorced, and his chance came again, so no matter what, he didn't want to lose to Fu Jingting in any way.

Thinking about it, I immediately started to increase the accelerator to speed up my car.

However, the big g is already a heavy-duty motor vehicle, and no matter how fast it is, it can't be faster than Fu Jingting's supercar, so that in the end, Li Chuan was left far behind by Fu Jingting.

Fu Jingting didn't know Li Chuan's thoughts of competing with him at all, and now all his thoughts were on Rong Shu.

He looked at the road sign with the words Yunwu Mountain hanging on the road ahead, and slowly clenched the hand holding the steering wheel.

Rong Shu, wait for me!

On the other side, in the commercial car, Ye Yu looked at the time and asked the driver, "How long will it take to get to Yunwu Mountain?"

"Almost half an hour." The driver replied.

Hearing this answer, Ye Yu nodded slightly, "Hurry up and try to arrive in 20 minutes."

"This..." The driver looked at the traffic in front of him, a little embarrassed, "Fourth Young Master, can't hurry, the one in front The traffic flow has slowed down, and it is estimated that there is an accident on the road ahead, so we can only maintain this speed at present, and we don't know if there will be traffic jams, if there is a traffic jam, we will not be able to reach Yunwu Mountain within half an hour."

Hearing this Ye Yu's face was distorted and ugly, "Damn it, there will be no accident sooner or later, but it happens at this time."

"No way, we can only say that we are unlucky." The driver sighed.

Ye Yu clenched his fists. Although he was very angry, he had to admit that this was indeed the truth.

Because of bad luck, he provoked Fu Jingting.

Because of bad luck, I couldn't get to Yunwu Mountain as soon as possible.

boom!

The more Ye Yu thought about it, the more angry he became. He finally slammed his fist on the seat, and asked in a gloomy voice, "Has everything been arranged over Yunwu Mountain?"

"The shout from the phone turned to look at him and replied, "As long as Ye Hanchuan sets foot there, he won't even think about leaving alive."

These words made Ye Yu feel a lot better, "Very good." The corners of his mouth twitched, and he closed his eyes in satisfaction.

in the back of the van.

Rong Shu could feel that the speed of the car was significantly slower, and the big man driving in front was still honking his horn irritably from time to time.

This made Rong Shu couldn't help being very excited, because she knew that this should be a traffic jam.

Traffic jam is good.

In this way, Fu Jingting has a higher probability of catching them.

But she just doesn't know if Fu Jingting can catch up smoothly or not. She doesn't know if there is a fork on the road, but after walking so far, the probability of a fork is quite high.

If there is a fork in the road, I don't know if Fu Jingting can choose the right one.

If she chooses the right one, she will be saved. If she chooses the wrong one...

Rong Shu's eyelids droop, and her lips are bitten.

No, no, don't think about it.

She was murdered by Gu Manyin several times before, but Fu Jingting showed up in time to save her.

This time, it should be the same, trust Fu Jingting.

Rong Shu closed her eyes, comforting herself like this.

The thing that worried Ye Yu still appeared, that is, the car was really blocked.

Ye Yu got out of the car with an ugly face, and looked at the convoy that couldn't see his head in front of him and didn't even move. The whole person seemed to be Shura from hell, and he was going crazy.

Because traffic jams are extremely dangerous for him.

They couldn't get to Yunwu Mountain within the stipulated time, but Li Chuan or Fu Jingting chased after them, and everything was over.

"You, go ahead and ask, when will the road be cleared." Ye Yu took a few deep breaths before barely suppressing the idea of ??destroying everything, and pointed to the driver who followed to get out of the car.

The driver responded and trotted forward immediately to inquire about the traffic jam.

And Li Chuan, tens of kilometers away, already knew the situation on Ye Yu's side through the mobile phone he controlled.

After knowing that Ye Yu was stuck in traffic, his eyes narrowed, and even if he was reluctant, he still called Fu Jingting.

Fu Jingting pressed the bluetooth on his ear, "What's the matter?"

"Good news, there is a traffic jam in Ye Yu's place." Li Chuan replied.

Fu Jingting narrowed his eyes, "Who is Ye Yu?" Li Chuan was stunned

, and then he realized that he had exposed the real murderer who kidnapped Rong Shu.

At the same time, he also let him know that Fu Jingting did not know who kidnapped Rong Shu.

"It's the fourth illegitimate son of the Ye family in the capital. It was him who kidnapped Rong Shu." Li Chuan replied directly without concealing it.

Anyway, Fu Jingting will still know about this matter in the end. It is meaningless to hide it or not.

"The Ye family?" Fu Jingting's pupils trembled.

How could someone from the Ye family kidnap Rong Shu?

When did Rong Shu become involved with the Ye family again?

The Ye family in the capital is similar to the Fu family. The old man of the Ye family and his grandfather are both founding ministers.

Since the old man of the Ye family died later than his grandfather, the Ye family was covered by the old man Ye, who kept pressing the Fu family.

It wasn't until five years ago that the old man of the Ye family passed away. The Ye family lost the mountain of the old man and handed it over to the second generation of Ye Guochen's dandy.

But even so, many first-class families will not offend the Ye family, just because of the contribution of the Ye family to the country, so although the Ye family's ranking has dropped, they are still rich and powerful.

And how did Rong Shu get involved in such a family?

It should be said, where did she get the chance to provoke?

The Ye family is in the capital, and the Ye family's children usually do not leave the capital. Rong Shu has no chance to see those Ye family members, so it stands to reason that there is no chance to offend them.

What's going on here?

Fu Jingting frowned and thought for a while. After he couldn't figure it out, he temporarily suppressed these questions and pursed his thin lips and replied, "I see. Since they are stuck in traffic, we will take this opportunity to catch up!"

Chapter 433

Li Chuan nodded, "I don't need you to tell me, but you are a sports car, and you are faster. You go to intercept Ye Yu and the others first, and we will rush over immediately.

" go with.

In the traffic jam section, Ye Yu's driver frowned and returned to the convoy.

"Fourth Young Master, it's a little troublesome." The driver said with a solemn expression, "There has been a series of rear-end collisions ahead. It is estimated that it will take one or two hours to

clear the road." "One or two hours?" It's twisted, "Why so long?"

"No way, there are too many rear-ending cars." The driver replied helplessly.

Ye Yu looked left and right, saw the endless cars in front, and then looked at the back of the car, which began to block into a long queue one after another, his face was very ugly.

This situation of not being able to move forward and not going back is simply terrible.

“No, we can’t continue to block here, otherwise, Ye Hanchuan and Fu Jingting will chase after them.” Ye Yu clenched his fists and said in a gloomy voice.

The driver also thought that would be the case, looked at him and asked, “The four young masters, what should we do now?”

Ye Yu lowered his eyes and seemed to be thinking about this question.

After a few seconds, he gritted his teeth and replied, “Abandon the car!”

“Abandon the car?”

“That’s right, the car can’t get in, and it can’t go back. In order not to be chased, the only way to abandon the car is to take the mountain road.”

” Take the mountain road to Yunwu Mountain?” The driver was surprised.

Ye Yu stared at him coldly, “Otherwise?”

“But the mountain road is too far, and within a few hours, it is absolutely impossible to reach Yunwu Mountain.” The driver said.

Ye Yu rubbed his temples, “I know, but this is the only way, and the mountains and forests are overgrown with weeds and lush trees, which are the best shelters. Even if Ye Hanchuan and the others know that we have entered the mountains, it is absolutely difficult to find them. We.” The

driver took a deep breath and finally nodded, “I know about the four young masters, so I’ll make arrangements and set off immediately.”

“Yeah.” Ye Yu turned the wrench of his thumb, and lowered his eyes in response.

The driver walked towards the van, raised his hand and knocked on the driver’s window.

The window rolled down, and the big man driving stuck his head out, “What’s the matter?”

“Fourth Young Master said, we will immediately abandon the car and take the mountain road to Yunwu Mountain.” The driver replied.

"Take the mountain road?" The big man gasped, "It's quite a long way."

"No way, if you continue to gamble, people will chase you." When the driver said this, he glanced at the back seat.

Seeing that there was no one in the back seat, his face changed greatly, and his voice became sharp, "Where is the person?"

"What?" The big man in the co-pilot and the big man in the co-pilot asked together.

The driver pointed to the back seat, "It's the woman in your car!"

"Isn't it in the back, it's stuck under the seat." The big man in the co-pilot pointed back boredly.

The driver stretched his head in, and finally saw Rong Shu, he couldn't help laughing, "Why is she stuck there?" The big man in the

co-pilot patted the big man in the driver's seat on the shoulder, "It's not big brother, A sharp turn threw the woman off."

"So it is." The three laughed.

Rong Shu in the back was so angry and embarrassed, her whole face turned red.

She knew it was hilarious that she was stuck here.

But listening to these people mocking her, she was really angry and irritable.

But no matter how angry you can be, it's not like you can't do anything, you can only watch these people take yourself as a joke.

Fortunately, these people did not laugh for long, and soon calmed down.

The driver said with a serious face, "Okay, you two quickly arrange her and hurry up."

"Okay, we got it." The two big men in the van nodded.

The driver turned and left.

The two big men opened the door and got out of the car, and then, with Rong Shu's fearful eyes, opened the door of the back seat and reached out to grab her.

Rong Shu shook her head violently, obviously not wanting to be touched by them.

She knew that they wanted to get her out of the car and take her into the mountains.

She didn't want to go into the mountains, and she couldn't.

The car was blocked here, and it was possible for Fu Jingting to chase after him, but once he entered the mountain, it would be useless for Fu Jingting to chase after him.

So whatever she said, she couldn't be brought into the mountains by them.

However, Rong Shu thinks well, but the reality is often cruel. She is just a woman, and she is still tied up. How can she fight two tall men, not to mention, even if she is not tied, she can't fight. .

In the end, Rong Shu was forcibly dragged out of the car by two men.

Then one of the big men took off his coat and put it on Rong Shu's head.

The coat was very long, covering Rong Shu like a sheet, covering her from head to tail.

In this way, people outside can't see her appearance, nor can they see the rope on her body.

"Uuuuu..." Rong Shu twisted violently, trying to shake the jacket off her body.

In this case, maybe passers-by will save her when they see her being tied up.

Although he had suffered a human indifference outside the hospital before.

But she believes that not all human nature is indifferent, there are always warm-hearted people.

The two big men who just grabbed her, saw her intention, and suddenly shot, pinching Rong Shu's arm hard.

Rong Shu groaned in pain, and her face turned pale under her coat.

It can be seen that these two big men are working hard.

And the two big men hadn't let her go. They leaned close to her ear and warned in a cold voice, "You're doing these little tricks. Believe not, I took off your arm?"

Rong Shu's body suddenly tense. Get up, eyes wide.

These two people actually seem to take off her arms!

Seeing that Rong Shu was no longer moving, the two big men loosened the strength on her arms a little, and then took her to the shore of Ye Yu.

Hmm...

It's better to say that it is walking, it is better to say that it is carried away by two big men.

Because her feet were tied tightly together, she couldn't walk away, so she walked by herself, she couldn't walk at all, she could only be carried away.

However, this journey has attracted the attention and curiosity of many people. After all, the two big men brought a person who was wrapped tightly and could not see clearly between men and women. This scene, no matter how you looked at it, was not normal.

So there was a daring driver who couldn't help but asked, "Hey guys, what are you doing?" The

two big men heard it, but they ignored it and continued to walk forward.

When the driver saw them ignoring him, he consciously lost face and became a little unhappy. He got out of the car and shouted with a bad expression, "Hey, what about you guys, are you guys covered? And depending on your height, it's probably still a woman, you guys. Could it be a human trafficker who specializes in abducting women and children?"

These words made the two big men stop.

When the driver saw this, he was even more certain that he had guessed correctly. He pointed at them and said indignantly, "Okay, you are really human traffickers, you..."

Just when the driver was about to say that you should release the people quickly, or else they will call the police, one of the big men suddenly turned around and took out something from his pocket, giving a sullen warning, "If you dare to talk nonsense again, I promise, today is your last day!"

"..." The driver was shocked, his eyes bulged, and he looked at the big man with a horrified face, sweating profusely on his forehead. With his mouth open, he couldn't say a word, and his body was shaking.

At this moment, he was not only frightened by the words of the big man, but also frightened by the thing that the big man took out.

Chapter 434

Although not all the thing was taken out, only half of it was taken out, but the driver also recognized what it was, Mu Cang!

These human traffickers actually have wooden warehouses!

The driver shivered and looked at them with an extremely pale face. His mouth trembled uncontrollably, as if he wanted to say something, but he couldn't make a sound, as if his throat had been strangled.

"Okay, big brother, don't waste your time with him. Judging from his appearance, he should be frightened by you and won't do anything that will make our plan go wrong." Another big man reminded.

The big man who threatened the driver nodded, "Okay, let's go."

He turned around again, and took Rong Shu to meet Ye Yu.

After they were far away, the driver breathed a sigh of relief, sat down on the ground, patted his still beating heart, and was glad that he had saved his life.

Over there, Ye Yu saw two big men bringing Rong Shu over, and waved his hand, "Let's go."

Then the group climbed over the guardrail and walked towards a path leading to the mountain.

Not long after their forefoot left, Fu Jingting appeared beside the car they abandoned.

Looking at the empty and empty van, Fu Jingting's heart sank to the bottom.

What about people?

Why are people not there?

The van that wasn't photographed must be this one, but there was no one in it.

Fu Jingting clenched his fists tightly and his face was very cold.

He galloped all the way, and finally arrived here, thinking that he could see Rong Shu.

However, what I saw was an empty car!

boom!

Fu Jingting couldn't hold back his anger and punched the van directly.

Due to the excessive force, the door of the van was hammered into a small hole by him.

The van Ulla Ulla sounded an alarm, causing the drivers of other cars in the front and rear to stick their heads out of the driver's window to see what happened.

Especially the driver of the car behind the van, when he saw that the van was called, a trace of fear flashed in his eyes, and his expression also showed a touch of entanglement and hesitation.

However, in the end, this entanglement and hesitation were defeated by the enthusiasm and kindness in his heart.

He stretched out his hand and beckoned to Fu Jingting, "This handsome guy."

Fu Jingting turned his head to look, "You called me?" The

driver nodded, "Handsome guy, are you here to save people?" He

heard the word "save people".

Fu Jingting understood that this driver might know something, and immediately walked over in three or two steps and stood outside the driver's door, "How do you know that I am here to save people?"

"I see your expression is very angry and anxious. , so I guess you are here to save people, the woman who was taken away by the traffickers." The woman in the

driver's mouth made Fu Jingting sure that it was Rong Shu. He clenched his fists and asked quickly, "Yes, I 'm

here to save her. She's my wife. Where did they take her?"

I caught up, so I abandoned the car and left.

After all, no one knows when this road will resume normal driving.

"I don't know where they took the people, but I saw that they went from this road." The driver pointed to the protective fence that Ye Ping and his party had climbed over at the time.

Fu Jingting turned his head and glanced at it. He saw the path in the woods behind the guardrail, and narrowed his eyes.

That road leads to the mountain ahead.

It seems that they took the mountain road.

"I understand, thank you, I will thank you for today's affairs." After speaking, Fu Jingting glanced at the driver's license plate, took out his mobile phone and made a call while turning over the guardrail, and chased after him. past.

The phone was quickly connected, and Li Chuan's voice came, "I know what you're going to say, I'm boosting the signal of that number now, because the signal in the mountain is too weak and it's easy to be interrupted. I will send you the moving route of the

prey and his group." He knew that Ye Yu and his group had abandoned the car and entered the mountain, after all, he could listen to their conversation through Ye Yu's mobile phone at any time.

When Fu Jingting heard Li Chuan say this, he was relieved and hung up the phone directly.

Because he had already guessed that Li Chuan was a hacker.

And it was the fox man who had always helped Rong Shu.

Fu Jingting held the mobile phone in his hand and ran towards the mountain quickly.

After running for a while, the phone vibrated.

He hurriedly stopped to check his mobile phone, saw the route map sent by Li Chuan, and quickly clicked on it.

After clicking it, Fu Jingting saw a green dot and a red dot on the map.

He understood that the green dot was himself, and the red dot should be Ye Yu's group.

"Three kilometers..." Fu Jingting saw that he was still three kilometers away from the red dot, pursed his thin lips, then raised his feet again and chased forward.

Three kilometers, if you have time, you must catch up.

At this moment, Li Chuan and his party also arrived at the foot of the mountain and started going up the mountain.

Three kilometers away, Ye Yu wiped the sweat from his face, looked up, and asked in a breathless voice, "How long will it take to reach the top of the mountain?"

"It should be half an hour." Beside him, his driver replied.

"Water." Ye Yu stretched out his hand.

The driver opened his backpack and handed him a bottle of water, "Here, four young masters."

Ye Yu grabbed it, unscrewed the bottle cap, raised his head and took a few sips, then barely dispelled the tiredness of climbing the mountain, squinted and said, "Notify the people over at Yunwu Mountain that a helicopter can be sent over to pick us up at the top of the mountain. "

Originally, they planned to take the mountain road until they reached Yunwu Mountain.

However, they received a call later, and the helicopter sent out to do business suddenly returned to Yunwu Mountain, so it was just right, and they could come and pick them up.

So they went to the top of the mountain instead of going down the other side.

"Okay, I'll contact that side right away." The driver nodded, took out his mobile phone and started contacting.

Naturally, Li Chuan heard it, and immediately informed Fu Jingting.

When Fu Jingting heard the helicopter, a glint flashed in his eyes.

It reminded him.

Since Ye Yu can let the helicopter go to the top of the mountain, he can also let the helicopter come over and go directly to the top of the mountain to intercept.

Ye Yu and his party still had less than half an hour to reach the top of the mountain, and half an hour was enough for his helicopter to fly over from Haishi.

Thinking of this, Fu Jingting contacted Assistant Zhang and asked Assistant Zhang to arrange this matter, and he himself continued to go up the mountain.

In order to shorten the distance with Ye Ping and the others, Fu Jingting did not follow the path that Ye Ping and the others had traveled.

So in the end, Fu Jingting looked very embarrassed, his hair was messy, and his high-definition suit was scratched a lot, and even many places were stained with things like mud and moss.

In addition, there were even some minor scratches on his face. Obviously, the climbing and rock climbing was not smooth, and he even fell.

But the ending was good, he was only a few minutes slower than Ye Yu and reached the top of the mountain.

Fu Jingting took out his mobile phone and saw that Ye Yu and the others were now on the other side of the mountain, not too far from his side, so he hurriedly ran there.

After running for a few minutes, Fu Jingting saw Ye Yu and his party, as well as the strict people who were covered by two big men.

Through the man's height, Fu Jingting recognized at once that it was Rong Shu.

"Rong Shu!" Fu Jingting shouted directly.

This is...

Fu Jingting?

Under the coat, Rong Shu, who could not see anything, was stunned for a moment, then surprised and delighted.

Fu Jingting is really chasing after him!

This sound instantly silenced Ye Yu and his group, who were still talking, and then turned their heads to look at Fu Jingting, who was dressed in tatters and was in a state of embarrassment.

Chapter 435: Ye Yu's Cooperation

"Fourth Young Master, this..."

Ye Yu's people widened their eyes one by one, looking at Fu Jingting in disbelief, it was hard to imagine that he actually came after him.

Not to mention these subordinates, Ye Yu himself was shocked for a moment before he regained his senses, then narrowed his eyes and stared at Fu Jingting gloomily, "Mr. Fu!"

"Ye Yu." Fu Jingting also called out Ye Yu. name.

This made Ye Yu surprised again, his pupils contracted slightly, "Oh? President Fu actually knows me?"

"I didn't know it at first, and I didn't even bother to know it, but you kidnapped me and forced me to know it too. You are such a character." Fu Jingting looked at him coldly and sarcastically said mercilessly.

And his words 'my person' made Rong Shu's body startled for a moment.

For the first time, there was no feeling of disgust.

And Ye Yu was completely irritated by Fu Jingting's words.

Ye Yu was an illegitimate child. From childhood to adulthood, he was criticized by many people because of his shady status.

So Fu Jingting's words 'a person like you' directly hit his pain point, making his face contort. He smiled sullenly and said, "It's really hard for you to know a small character like me."

"Okay, let's end the war of words, Ye Yu, return Rong Shu to me." Fu Jingting pointed at Rong Shu, who was sandwiched between two big men and covered his body with a coat, and said solemnly.

"Give it back to you?" Ye Yu narrowed his eyes, "What if I say no?"

"If you don't give it to me, you won't want to leave the sea market today." Fu Jingling's voice was sharp.

Ye Hao sneered at the corner of his mouth, "It's like if I pay back, Mr. Fu will let me go. After all, from the moment I kidnapped the person, didn't I offend Mr. Fu, Mr. Fu? It's the one who leaves the house and will report it, so you will really let me go?"

Fu Jingting clenched his fists, "As long as you don't hurt Rong Shu, just return the person to me obediently and let you go, why not."

Don't say this, Rong Shu was stunned, even Ye Yu was stunned.

He looked at Fu Jingting as if he was looking at something strange, and suddenly smiled, "Mr. Fu, Mr. Fu, you really opened my eyes, for a woman, you are willing to bow your head and let the enemy go away, this is not like What about your style, it seems that you really love this woman, if you love her so much, why do you want to get a divorce?"

This question made Fu Jingting's eyelids droop, making it hard to see the look in his eyes. He said coldly, "It's none of your business, give me the person, and you can leave now."

"Ha!" Ye Yu sneered, "Mr. Fu, don't think I don't know, you let us go, but It's just your tactic to delay the army, because you have only one person now and can't save Rong Shu from us, so you said let us go, but as soon as we leave, you will immediately send someone to arrest us."

Fu Jingting's eyes flickered, his thin lips pursed tightly.

Yes, this is indeed his plan to delay the army.

Because he came first, he really couldn't save Rong Shu. The reason why he exposed himself was just to delay the time as much as possible, so as not to let Ye Yu and the others take Rong Shu away, because now, no one knows about him. When will Ye Yu's helicopter arrive, who will arrive first.

If Ye Ping's helicopter arrives first, Ye Ping and the others will immediately board the plane and transfer. At that time, it will be difficult for him to catch up with Rong Shu like he does now.

So now, he tried his best to negotiate terms with Ye Yu and let Ye Yu release Rong Shu. As long as Ye Yu was willing to let go, he was also willing to let Ye Yu and the others leave. It would be good to catch people later, but he didn't expect that, Ye Yu saw through his plan to slow down so quickly.

Also, it is impossible for an illegitimate child to make a way out of so many illegitimate children without any brains.

"Then what do you want?" Fu Jingting stared at Ye Yu with a gloomy expression.

"What do I want?" Ye Yu let out a treacherous laugh, "What I want is very simple. I arrested Mr. Fu and your ex-wife just to kill Ye Hanchuan. Now that my goal has not been achieved, it is naturally impossible for me to let go. Man, of course, I can look at your face, President Fu, without hurting your ex-wife, and even after I kill Ye Hanchuan, I can return your ex-wife to you, so President Fu, how about we cooperate?"

"Cooperation?" Fu Jingting's expression was cold, "How do you want to cooperate? Also, who is Ye Hanchuan?"

"Ye Hanchuan is Lichuan." Ye Yu replied.

What?

Under the coat, Rong Shu's face changed greatly.

Ye Hanchuan is Xiaochuan?

Yes, Xing Nuo came from the Ye family and came to Haishi to find the young master of the Ye family.

Before Xingnuo said that Xiaochuan looked like the head of the Ye family, and hoped to get Xiaochuan's hair for identification, but was rejected by Xiaochuan, and Xiaochuan also said with great certainty that he was definitely not the young master of the Ye family.

But now it seems that Xingnuo did not find the wrong person, Xiaochuan is really the young master of the Ye family.

“It’s actually Li Chuan?” Fu Jingting looked slightly surprised, obviously also shocked that Li Chuan was Ye Hanchuan.

He originally thought that it was Gu Yaotian or his Fu family’s enemy who kidnapped Rong Shu, but it turned out to be Li Chuan’s.

No wonder Li Chuan knew that the person who kidnapped Rong Shu was Ye Yu.

That’s because Li Chuan himself is a member of the Ye family, and he is the biggest obstacle that can threaten Ye Ping’s acquisition of the Ye family, so Ye Ping wants to get rid of Li Chuan.

And according to what Ye Yu said just now, it is obvious that Ye Yu knew Li Chuan’s thoughts on Rong Shu, so he kidnapped Rong Shu and tricked Li Chuan to take the opportunity to get rid of him.

After thinking about this, Fu Jingting was furious, his fists clenched, and he was about to say something.

Ye Yu continuesHe said, “Mr. Fu, our cooperation is very simple, that is, I will borrow your ex-wife to get rid of Ye Hanchuan. After I get rid of Ye Hanchuan, I will return your ex-wife to you, and then give it to President Fu for two trades. The port is used as compensation, and the grievances between you and me will be forgotten, this cooperation is a win-win for both Mr. Fu and me, so Mr. Fu should think about it carefully?”

He looked at Fu Jingting with a confident smile.

He felt that the cooperation conditions he proposed were so good that Fu Jingting would definitely agree.

After all, that was the commercial port of the capital. Although Fu’s family also had a commercial port in the capital, there were definitely not as many as the Ye family’s.

So he thought that a qualified businessman would not refuse the two trade ports that came for nothing.

“Uuuuu!” Rong Shu’s body suddenly twisted violently, and her head was shaking quickly, wanting Fu Jingting not to be tempted by the trade port, and not to agree.

After all, this is about Ogawa’s life.

Therefore, she absolutely cannot let Fu Jingting agree.

Fu Jingting heard her movement, turned to look at her, and naturally knew why she was excited.

Although he felt uncomfortable in his heart, he still spoke according to what was in his heart, and said coldly and sarcastically, "No way, do you think I, Fu Jingting, are the kind of person who can use the person he loves to gain benefits? Ye Yu, you You underestimate me, Fu Jingting, too, do you think I am you?"

He didn't care about Li Chuan's life, whether Ye Yu wanted to kill Li Chuan or not had nothing to do with him.

He only cares about Rong Shu.

The smile on Ye Yu's face froze for a moment, and after a while, he looked at Fu Jingting in disbelief, with a sharp voice, "Mr. Fu, these are two commercial ports in the capital, you really want to refuse, and I will fight Ye Yu to the end. "

"I don't want to be in the company of people like you!" Fu Jingting raised his eyes and swept over him like garbage.

And under the coat, Rong Shu shed tears of joy.

Chapter 436 Kill him

Great, that's really great.

Fu Jingting did not agree to cooperate with Ye Yu!

God knows how scared she was just now that Fu Jingting would agree.

After all, the commercial ports of the two capitals are indeed difficult for ordinary people to refuse.

Fortunately, in the end, he still didn't let her down.

"Okay, Mr. Fu is really noble." Ye Yu laughed angrily, and applauded yin and yang, "But Mr. Fu, are you not afraid that I will arrest you together? After all, we have completely broken down now, and I have If you don't want to let people go, you won't let me go, so how about I just kill the three of you together to avoid future troubles?"

Hearing this, Rong Shu's face instantly paled, and then she shook her head in Fu Jingting's direction again, "Woohoo!"

No, go away!

This is what she wanted to say to him.

Although she really wanted Fu Jingting to save her, she remembered that Ye Yu said just now that Fu Jingting was only one person, and it was impossible for her to be rescued by one person.

So now, she would rather he not save her, but hope that he will leave quickly.

Although she has no feelings for Fu Jingting, she doesn't want Fu Jingting to die for her.

In that way, even if she died, she would feel sorry for her, after all, Fu Jingting was there to save her.

Fu Jingting looked at Rong Shu's excited expression, and probably knew what she was trying to express. His eyes warmed, and the next moment, he returned to his emotionless indifference, staring at Ye Yu, "You dare not kill me!"

His tone He said with great certainty, "Not only did you dare not kill me, but you did not even dare to catch me."

As soon as these words came out, Ye Yu's expression changed.

Hearing this, Rong Shu suddenly became quiet.

What's the meaning?

Why did Fu Jingting say that Ye Yu did not dare to arrest him, let alone kill him?

As soon as this question arose, Ye Yu asked.

Ye Yu's fist shook, and the corner of his mouth twitched, making a cold voice, "Why does President Fu think I dare not?"

"I know what kind of person you are." Fu Jingting lightly opened his thin lips and replied, "Because of the illegitimate child. From the background, you want to be a superior person more than anyone else, so you are cruel enough to kill yourself from a group of illegitimate children, but at the same time you are also timid and afraid of death."

Hearing the word 'afraid of death', Ye Yu Pupils contracted.

Fu Jingting didn't seem to notice, and continued to say, "Because you are dead, you have nothing, so you know very well that if you dare to arrest me or kill me, the Fu family will not let me go. If you pass you, you will do everything possible to kill you, but you can't resist, otherwise, you would have been caught by me as early as when I first showed up."

"..." Ye Yu did not speak, his face paled. Unpredictable, staring at Fu Jingting.

Rong Shu understood this, and Fu Jingting got it right.

No wonder she just wondered why Ye Yu didn't arrest Fu Jingting when Fu Jingting appeared, and also wondered how Fu Jingting dared to be so bold and dare to stand up alone.

The original reason was this.

"So now, can you give Rong Shu back to me?" Fu Jingting raised his foot and walked forward, "I'll still say that, give me the person, you can go, I can let you go temporarily, you want Kill whoever you want, I won't stop it, and my revenge won't be too ruthless, at least it won't kill you."

"Don't come here!" Seeing Fu Jingting approaching him, Ye Yu suddenly roared.

Fu Jingting paused at his feet, then resumed as before and continued forward.

Seeing that he didn't listen, Ye Yu gritted his teeth, his originally handsome and bewitching face was now twisted like an evil spirit.

His subordinates couldn't help but say, "Fourth Young Master, what should I do, should I give him someone?"

"It really can't be done, let's arrest him, as long as we don't hurt him, wait until our plane arrives, and then take him back. How about letting it go?"

Ye Yu's eyes flashed slightly, his fists were pinched and pinched, and his expression was a little hesitant, as if he was thinking about what his subordinates said.

But at this moment, Li Chuan's voice suddenly came, soft but mixed with endless killing intent, "Ye Yu, you really make me look good."

Fu Jingting's face changed slightly, he turned his head to look at Li Chuan suddenly, and his heart was dark. Call it stupid!

Come early or late, but come at this time.

He could see just now that Ye Yu was somewhat moved by his words and planned to release him.

However, as soon as Li Chuan appeared and there were still so many people, Ye Yu knew that he couldn't run, so what he would do would be to jump over the wall and threaten them with Rong Shu's life.

Sure enough, Ye Yu had already decided to return Rong Shu to Fu Jingting, and left here temporarily. After all, Fu Jingting was only one person and could not stop so many of them. He could use other methods to get rid of Ye Hanchuan.

After getting rid of Ye Hanchuan, Fu Jingting wanted to take revenge on him. As long as he was still alive, even if he was disabled, he would still be able to make a comeback. Maybe he would surpass Fu Jingting in the future and even kill Fu Jingting.

But now Li Chuan is chasing after him, and he has brought so many people with him, twice as many as he is here, and now the helicopter has not come, even if he releases Rong Shu, Li Chuan will not let him go, then, he will still let him go. What is Rong Shu doing?

Thinking about it, Ye Yu suddenly took a step to the side, then pulled Rong Shu's two big men's hands over, took off the jacket on Rong Shu's body, and pinched Rong Shu's neck hard while carrying Rong Shu quickly stepped back.

Not far behind, there is a dangerous steep slope.

The length of the steep slope is about tens of meters, and at the end of the steep slope, there is a bottomless cliff.

Because Ye Yu's actions were too sudden, everyone present was stunned for a moment before they reacted.

Seeing Ye Yu standing on the edge of the steep slope with Rong Shu's neck pinched, Fu Jingting's expression tightened, "Ye Yu, let her go!"

He was almost mad at Li Chuan.

But Fan Lichuan came a little late, and they would not appear after Ye Yu had released the people. The current situation would not be like this.

Li Chuan didn't know what Fu Jingting was thinking, but he could also guess that Ye Yu's actions were caused by his appearance, his expression was very ugly, "I hear that there is no Ye Yu, let go of my sister."

"Let go of her? Ye Yu tilted her head and stared at Rong Shu's face, smiling grimly, "Let her go and then be caught by you? Hmph, let me tell you, it's not that easy. Do you think I'll be like this now, being forced into a corner by you?"

"Then what do you think?" Fu Jingting's knuckles turned white.

"What I want is very simple, I want him to die!" Ye Yu's eyes fell on Li Chuan, "Mr. Fu, you just said that you don't care if I kill Ye Hanchuan, so as long as Ye Hanchuan dies,

then you and I will , you can go back to the situation before Ye Hanchuan appeared, I let your ex-wife go, you let me go, of course, I will follow your revenge afterward.”

Anyway, as long as you don't die.

As long as he doesn't die, he still has the possibility to turn around, as long as he can become the head of the Ye family, become the master of the people, and slap the faces of those who say he is an illegitimate child, even if he is a cripple.

“So, you want me to kill him?” Fu Jingting narrowed his eyes and glanced at Li Chuan.

Li Chuan didn't speak, as if the person whose life and death was decided was not him. His eyes were lowered, so that he couldn't tell his anger and anger.

“That's right.” Ye Yu nodded.

That's what he meant.

Fu Jingting looked at Li Chuan coldly, “Did you hear that? He wants me to kill you.” Li Chuan

raised his eyes and looked at him, “Do you want to kill?”

Chapter 437 The Helicopter Arrives

Fu Jingting narrowed his eyelids, “If this can make him let Rong Shu go, it's not impossible for me.”

“Woooooo!”

You dare!

Rong Shu's eyes widened, staring at Fu Jingting angrily.

He actually really wanted to kill Xiaochuan!

If he really did this, even if Ye Yu let her go, she would never live.

How could she have the face to live?

After all, her life was bought by Xiaochuan's life.

So she absolutely did not allow Fu Jingting to take action on Xiaochuan. She would rather Ye Yu take her away than Xiaochuan to die.

Fu Jingting naturally saw Rong Shu's angry eyes, his eyes flashed, and his heart was dull.

Does she care so much about Li Chuan?

"How is it? Have you discussed it?" Seeing that Fu Jingting and Li Chuan did not move, Ye Yu became impatient, and tightened the hand on Rong Shu's neck again.

Rong Shu's face was deformed in pain, and her eyebrows were tightly wrinkled together.

Fu Jingting looked at her in such pain, her heart seemed to be grabbed by someone, and he roared in a low voice: "Ye Yu, you dare to hurt her?" Li Chuan

also stared at Ye Yu, really wanting to tear Ye Yu apart. block the same.

Ye Yu snorted coldly, "I don't want to either, but who asked you to delay giving me an answer, Mr. Fu, are you going to do anything? Of course, Ye Hanchuan can commit suicide, anyway, I just want him to die.

" You really..."

Before Li Chuan finished speaking, the captain of the bodyguard suddenly stepped forward, looked at Fu Jingting and Li Chuan, and said, "Mr. Fu, Mr. Li, why don't I rush over with the brothers, there are few of them, We have a lot of people, so we can definitely catch them and save Miss Rong."

"No!" Fu Jingting and Li Chuan rejected this method at the same time.

Fu Jingting said in detail: "Didn't you find what's behind Ye Yu? It's a steep slope. When he showed up with Li Chuan and you, he knew that he was defeated by people. If they faced each other directly, they would definitely lose. Shu brought him to that place in order to warn and threaten us, as long as we rush over, he can push Rong Shu down at any time."

No, he had already ordered these bodyguards to go up and arrest people.

The captain of the bodyguard nodded, "So that's the case. I'm sorry, Mr. Fu. I didn't think about it carefully."

"It's nothing, and the most important thing is that there is a person under Ye Yu who has a wooden warehouse." Fu Jingting squinted slightly, his eyes fixed on Ye Yu. A few men

around him glanced around the waist, trying to find out who was holding the wooden warehouse and the location of the wooden warehouse.

The reason why he knew that Ye Yu had a wooden warehouse was because he was in a traffic jam, the driver told him.

Therefore, this is one of the reasons why he dare not let the bodyguards rush up.

“What should I do now?” The bodyguard looked serious, “I can’t keep stalemate forever, right? And that Ye Yu doesn’t want to stalemate, he is waiting for us to do something to Mr. Li, or Mr. Li to do something to himself, if he can’t wait too long. , maybe he will become angry and do something to Miss Rong.”

As he spoke, he looked at Li Chuan.

Li Chuan clenched his fists, then turned his face slightly, lowered his voice and said, “Fu Jingting, I can commit suicide.”

“What?” Fu Jingting raised his eyebrows in surprise, “You really want to commit suicide?”

“Pretend to commit suicide!” Li Chuan lowered his eyes. Said: “I can avoid the vital points of my body, and then fake death. When Ye Yu releases Rong Shu, you can let someone go directly and catch them. Is this method okay?”

Fu Jingting rubbed his fingers and did not answer, as if is considering feasibility.

After thinking about it for about ten seconds, he nodded slightly, “That’s it, that’s the only way it can be.”

Li Chuan hummed, turned his eyes to Ye Yu, and said loudly, “Ye Yu, I can commit suicide.”

Ye Yu was stunned at first, and then laughed happily.

Rong Shu, who was pinched by her, changed her face greatly, looking at Li Chuan and shaking her head emotionally, wanting Li Chuan to take this sentence back.

She doesn’t need him to trade his life for hers.

She couldn’t accept the life that was exchanged in this way.

Li Chuan knew what Rong Shu meant, and smiled at her, “Sister, if you can see me, that means your eyes have recovered, right? It’s good, but don’t worry, sister, I’m measured.”

After speaking, He looked at Ye Yu again, "You let her go, I will kill myself immediately."

Ye Yu's smile immediately sank, "Let her go? What are you kidding, what if I let her go and you don't commit suicide? So you You have to commit suicide first, and after you are dead, I will let you go."

"Then can I also question whether you will let me go after I am dead?" Li Chuan said coldly.

Ye Hao snorted disdainfully, "With Mr. Fu here, do I dare not let it go? Mr. Fu?"

He looked at Fu Jingting.

Fu Jingting's thin lips parted lightly, "To be honest, I don't believe you either, so the best way now is to compromise, you put Rong Shu..."

Just halfway through, the sound of a propeller suddenly came from above.

Fu Jingting frowned and looked up.

The others also looked up and saw a helicopter flying overhead.

Ye Yu's men immediately recognized the helicopter and laughed excitedly, "Fourth Young Master, great, it's our helicopter."

"It's finally here." Ye Yu also stared at the helicopter, his tense heart finally loosened tone.

Although Fu Jingting said that as long as Rong Shu is released, they can be temporarily released.

But even if Fu Jingting finally let them go, but the helicopter didn't come, they could only run by themselves. Once they ran into the deep mountain, even if the helicopter came, they couldn't get on the plane, because the helicopter couldn't land in the deep mountain. inside.

At that time, Fu Jingting asked people to wrap up the mountain, and they would still be caught by a carpet-like search.

Fortunately, now that the helicopter has finally arrived, it finally makes him feel at ease. After leaving after a while, he can leave the sea market directly.

Ye Ping's helicopter flew above Ye Ping's group's head, the cabin door opened, and a soft ladder descended.

Ye Yu looked at Fu Jingting and his party, "Mr. Fu, can I let my men get on the plane first? Anyway, you said that as long as you return Rong Shu to you, you will let us go. After Ye Hanchuan committed suicide, I will take Rong Shu will return it to you, how about we leave immediately?"

"Yes, but!" Fu Jingting pointed at him, "You can't get on the plane now, if you let the plane and leave a subordinate to hold Rong Shu hostage, then you and I will The agreement between us will be voided immediately, and I will immediately contact the air force in Haishi to intercept your helicopter and shoot you down." Fu Jingting said with a condensed expression.

Ye Yu's face changed again and again, and finally showed an extremely ugly smile, "Okay, then I'll stay below."

Originally, he really planned to get on the plane first, leaving one of his subordinates to continue to hold Rong Shu down.

As a result, the plan was stifled by Fu Jingting before it was implemented.

Soon, several of Ye Ping's men followed the ladder to the helicopter one by one, leaving Ye Ping alone below.

He turned his head and looked back. Seeing that he was still about fifty centimeters away from the steep slope behind him, his heart sank, and he took Rong Shu back a step, and he retreated to a distance of less than twenty centimeters. .

His action made Fu Jingting and Li Chuan's hearts tighten.

"Ye Yu, you dare to mess around?" Fu Jingting warned sharply.

Ye Yu smiled disapprovingly, "Don't be angry, Mr. Fu, I'm doing this for my own safety. After all, I'm the only one below. If I don't do something, who knows what will happen?"

Chapter 438

"Strong words make sense." Fu Jingting sneered back at him with four words.

Ye Yu was also not angry, and when he looked at Li Chuan, he put away the smile on his face, his expression became impatient, "Ye Hanchuan, what are you still doing

? , I will naturally do it." Li Chuan said, and pulled out the dagger from the waist of the bodyguard next to him.

The blade of the dagger is very sharp, and the tip of the knife is still glowing with a cold silver light, which makes people shudder.

Rong Shu's eyes were all red, and there were a few strands of blood on the cloth, and tears came out anxiously, "Wuwuwu..."

Xiaochuan, don't, stop!

Li Chuan smiled at her, and then slowly pointed the tip of the knife to his left chest.

But just when Li Chuan was about to stab himself, the sound of a propeller came from the sky again.

This time, the voice was extraordinarily loud, and there was more than one voice.

Everyone looked up again and saw the sky not far away. Three helicopters flew over. On the helicopter headed, a big Fu character indicated the helicopter's ownership.

This is Fu Jingting's helicopter.

Ye Yu was stunned, and it took a few seconds for him to recover. He looked at Fu Jingting with split eyes, "You also called for a helicopter?"

"Can't I call?" Fu Jingting raised his eyelids lightly and replied lightly.

Because he was too angry, Ye Yu's hands were shaking while pinching Rong Shu's neck, "I know, I was deceived, I was deceived from beginning to end, you, Fu Jingting, didn't plan to let me go from the very beginning, Even if I release Rong Shu and leave here first, your helicopter will immediately catch me."

Fu Jingting curled his lips, "Aren't you stupid?"

Even Li Chuan looked at him in surprise, obviously Unexpectedly, he called a helicopter.

But even if there is a helicopter, Ye Yu and his party will not be able to run now.

Looking at Fu Jingting's helicopter getting closer and closer, it will soon approach their helicopter.

Ye Yu's subordinates became anxious and shouted towards the bottom: "Four young masters, hurry up, leave them alone, let them go, immediately grab the ladder and we should go, if we don't go, we really can't go. If we want to kill Ye Hanchuan, we still have a chance in the future, and it's the most important thing to leave here first, Fourth Young Master!"

Ye Yu didn't know, but he was really unwilling to leave like this, because the next time he wanted to kill him Ye Hanchuan, it was very difficult.

But if he doesn't leave, he will be caught by Fu Jingting. If Fu Jingting hands him over to Ye Hanchuan, I am afraid that Ye Hanchuan will kill him in turn.

So now it is obvious which way to choose, and that is to go.

Although Fu Jingting will get revenge in the end, he didn't kill Rong Shu, and Fu Jingting won't kill him. As long as he doesn't die, he still has a chance.

Thinking of this, Ye Yu gritted his teeth, finally took a deep breath, threw Rong Shu aside, jumped up, and grabbed the soft ladder.

But what Ye Yu didn't expect was that he was throwing Rong Shu too hard, and when Rong Shu fell to the ground, his body rolled back.

With this roll, Rong Shu fell directly down the steep slope.

"Rong Shu!" Fu Jingting's face changed greatly.

Li Chuan also opened his eyes wide, "Sister!" The

two quickly ran towards the edge of the steep slope. When they reached the edge, they saw Rong Shu rolling towards the cliff below, and their hearts sank.

"Sister!" Li Chuan stretched out his hand, as if trying to grab Rong Shu.

However, Rong Shu was under the slope and rolled out more than ten meters. He was standing on the slope, how could he possibly catch him.

Just when Li Chuan didn't know what to do and could only watch Rong Shu finally fall off the cliff, he suddenly felt a strong wind blowing in his ears, and then saw a shadow jump down.

That is... Fu Jingting!

Fu Jingting actually jumped off!

Li Chuan's pupils enlarged in disbelief. After seeing Fu Jingting jumping down, he also rolled a distance, then reached out and grabbed Rong Shu's wrist, pulling Rong Shu into his arms.

"Don't be afraid!" In Rong Shu's shocked eyes, Fu Jingting suddenly smiled at her and said this.

Then, in Li Chuan's horror, the two both fell off the cliff.

Li Chuan's legs suddenly softened, and he knelt on the edge of the steep slope.

Rong Shu... fell off the cliff!

Fu Jingting also jumped down. For Rong Shu's sake, he jumped down with him without thinking about it.

And he...

can only stand here, without the slightest courage to follow along.

At this moment, Li Chuan could not deny that Fu Jingting did not love Rong Shu anymore.

On the contrary, Fu Jingting really loves Rong Shu, otherwise, it is impossible to jump off the cliff without hesitation to chase Rong Shu.

But he, who keeps saying that he loves Rong Shu, can do it completely, he can't even take this step, he can't even commit suicide just now.

Because if he is really willing to commit suicide to save Rong Shu, he will not delay it again and again, but at the beginning, Ye Yu proposed to let him die. As long as he is dead, when Rong Shu is released, he will He immediately attacked himself, but he didn't. Instead, he discussed with Fu Jingting for a long time, which was enough to show that he couldn't die for Rong Shu.

So he lost, again to Fu Jingting.

He really couldn't compare to Fu Jingting's deep feelings for Rong Shu.

On the soft ladder, Ye Yu also saw this scene in his eyes, and the whole person was dumbfounded.

He never imagined that he just pushed Rong Shu away, how could Rong Shu fall off the steep slope and finally fall off the cliff?

Obviously he didn't want to do this, after all, he really didn't dare to kill Rong Shu, otherwise Fu Jingting would kill him.

Unexpectedly, however, things turned out like this in the end. Rong Shu fell off the cliff, and Fu Jingting jumped off. The cliff was so high that they would never survive.

And here, so many people saw that it was because of him that Rong Shu fell, and Fu Jingting jumped with him, so the Fu family would definitely blame him for all the crimes, and the Fu family would definitely kill him.

run!

Run now!

Leaving the sea market, leaving the capital, and leaving the country, you cannot be caught by the Fu family, or you will really die.

“Go, hurry up!” Thinking of this, Ye Yu raised his head and roared towards the cabin.

When the people in the cabin heard it, the pilot immediately raised the helicopter, then turned around and flew forward.

However, as soon as Ye Yu’s helicopter flew out, he chased after two helicopters.

The third one did not chase, but descended slowly, landing on a slightly flat place not far behind Li Chuan.

When the cabin opened, Assistant Zhang jumped down from it, walked directly to the bodyguards, and asked the captain of the bodyguards, “Where are Mr. Fu and Miss Rong?”

It stands to reason that with so many people, Miss Rong should have been rescued.

Even if he didn’t save him, Mr. Fu should still be here.

Why is Mr. Fu not here?

The captain of the bodyguard lowered his head, a little afraid to face Assistant Zhang, and said in a low voice: “President Fu... Mr. Fu he... He jumped off a cliff.”

“What did you say?” Changed, he grabbed the collar of the captain of the bodyguard and shouted: “You said that President Fu jumped off the cliff?”

“Yes.” The captain of the bodyguard nodded, “Ye Yu threw Miss Rong off the cliff, and President Fu jumped along down.”

“Hey...” Assistant Zhang sucked in a breath of cold air, and the next second, he asked angrily, “Then why don’t you stop it? As President Fu’s bodyguard, why didn’t you stop President Fu and let President Fu be there? You jumped down with your eyelids down?”

“I... I didn’t have time.” The bodyguard knew that he didn’t protect the boss well, so he knew he was wrong, and he clenched his fists and replied with red eyes: “It’s really happening too fast, We didn’t respond, and when we did, it was too late.”

Chapter 439 I Didn't Save You

"You are good, you are really good!" Assistant Zhang threw off the captain of the bodyguard forcefully, spinning around in anger.

After a while, he saw these bodyguards bow their heads one by one, as if they were stupid, and shouted again, "What are you still doing? You still don't think of a way to go down the mountain to find someone."

"Yes, yes." The bodyguards heard Assistant Zhang's reminder, quickly nodded in response, and then dispersed all, began to survey the terrain, looking for a way to go to the bottom of the cliff.

Assistant Zhang was not idle either. He took out his mobile phone with red eyes and called the search and rescue team.

No matter what, he must find President Fu, live to see people, die... but also to see corpses!

And Fu Jingting, who was remembered by Assistant Zhang, was hanging on the cliff with one hand at the moment.

He clasped Rong Shu in his arms tightly with one hand, while the other hand firmly grasped a tree trunk no bigger than a wrist.

On the way to fall off the cliff with Rong Shu in his arms, he found a small tree growing on the cliff, and then subconsciously reached out and grabbed the trunk of the tree, so he and Rong Shu were enough to stop in the air.

It's just that the trunk of this tree is not thick, and it's actually quite reluctant to carry the weight of one of them, and it can carry two more.

At present, the trunk has been bent by about 30 degrees, and it continues to bend downward. I believe that the trunk will break in a few minutes.

At that time, he and Rong Shu will continue to fall.

Fu Jingting looked down at the bottomless cliff under his feet, then at the trembling tree trunk above his head, and finally set his eyes on the woman in his arms, with a snow-white and scared face, and said in a gentle voice, "I'm sorry Rong Shu. , I originally came to save you, but I didn't expect that in the end, I still didn't save you."

Rong Shu shook her head again and again.

No, he has saved her.

First of all, she was kidnapped, and it was none of his business. If he could save her, she was surprised and shocked.

Secondly, Ye Yu's plan was perfect. He kidnapped her, used her to attract Xiaochuan, and then killed Xiaochuan. In the whole plan, there was no other force, so Fu Jingting's appearance was an accident.

It was also because of Fu Jingting's appearance that Ye Yu's plan went awry and finally failed, so Xiaochuan and her survived.

So Fu Jingting not only saved her, but also Xiaochuan.

Therefore, he didn't need to apologize at all. It was she and Xiaochuan who should apologize and thank him.

Of course, what made her tremble the most was the scene where Fu Jingting jumped off the cliff for her.

At that moment, she was completely stunned, and the fear of rolling down the steep slope dissipated a lot, and her mind was full of images of him jumping down.

She didn't understand why he did this, isn't he afraid of death?

Doesn't he know how dangerous his behavior is?

No, he knows.

Because from the beginning to the end, she didn't see fear and regret in his face and eyes, what she saw was nothing but determination and determination!

Including now.

Many people may have the courage to do something at the beginning. There is a great reason. It is the subconscious reaction of his mind when he is hot, and he will regret it later.

But Fu Jingting didn't. He really didn't regret following her off the cliff.

For a while, the tip of Rong Shu's nose showed a hint of sourness, her heart was complicated, and her eyes became rosy, "Wuuuuu..."

You shouldn't do this.

She wanted to say this to him.

But Fu Jingting couldn't understand, so he could only look at her and say weakly, "I don't know what you're talking about. I really want to help you tear the tape off your mouth, but I can't do it with both hands now."

Rong Shu nodded . , indicating that he knows.

He held her in one hand and the tree trunk in the other.

Although he couldn't see anything on his face, she knew that he must be very uncomfortable at the moment, especially the arm holding the tree trunk, it must be very painful.

After all, that arm carries the weight of two people.

Moreover, she could see that the wrist of that arm was red, and the hand holding the tree trunk was pale. That was because the wrist was hung with great force, causing too much blood to be so red, while the hand was red because of the grasping. The force on the trunk is too great, causing the blood to not flow smoothly.

And his hands and arms were shaking slightly, showing that his limit was approaching, and he was about to be unable to grasp the tree trunk.

Maybe he didn't have to wait for the tree trunk to break on its own in the end, and his hand would not be able to grasp it first.

At that time, the two of them will continue to fall off the cliff and fall into meat sauce.

Thinking of this, Rong Shu raised her head and looked at the man very seriously, hoping that the man would let her go.

By letting go of her, he would not have to bear the weight of two people, and could hold the tree trunk with both arms.

The most important thing is that without her, the bearing capacity of the trunk will increase, and it will not break quickly.

Maybe someone who can support him will use a helicopter to find him, in this case, he will be able to survive.

She also wants him to live.

After all, it was her who was bound by Ye Yu, and it was she and Xiao Chuan who Ye Yu wanted to kill. He was involved in saving her.

So he shouldn't die!

Maybe it was Rong Shu's eyes that were too obvious, Fu Jingting understood it, the tenderness in his eyes dissipated, replaced by displeasure and firmness, "I won't let you go."

Rong Shu 's eyes widened, "woo woo Woo..."

You're crazy, if you don't let me go, you'll die too!

Fu Jingting smiled again, "I know, it's a good thing to die with you."

Crazy, really crazy!

Rong Shu's face turned red.

At this moment, there was a cracking sound from the top of the head.

She stiffened and looked up suddenly.

I saw that the trunk that Fu Jingting was holding had broken most of it from above, and only a few centimeters of thickness remained unbroken.

And those few centimeters can last for more than ten seconds at most.

"Humph..." Suddenly, Fu Jingting let out a painful groan.

Rong Shu hurriedly looked at him, looking at his pale face and the large cold sweat on his face, the whole person panicked instantly, "Wuwuwu..."

What's the matter with you?

Fu Jingting raised his eyelids to look at her forcefully, and gave her a weak smile, "I..."
Before he could finish

his words, there was another cracking sound from above his head.

This time, the trunk was completely cut off.

And Fu Jingting's hand was released at the moment the tree trunk was broken, and then the whole arm hung down behind him at an abnormal angle.

Rong Shu couldn't see, so at this moment, she and Fu Jingting had fallen down the cliff again.

The moment she just fell, Fu Jingting suddenly pressed her head against his chest and said in a hoarse voice, "Don't be afraid, don't look."

Rong Shu didn't speak, and couldn't speak.

She closed her eyes like this, leaned on his chest obediently, and listened to his rapid heartbeat. For some reason, she was really scared in her heart, but suddenly calmed down inexplicably.

Yes, tranquility.

No one is not afraid of death, of course she is too.

So at the moment when the tree trunk broke, she laughed bitterly in her heart that she was really dead this time, or this way of dying, it was extremely ugly, and maybe the corpse would not be complete.

Especially in the process of falling, when she heard the wind whistling in her ear, she was even more afraid that her heart was about to fly out.

But now, she is surprisingly not afraid.

Maybe it was because of Fu Jingting's words, maybe it was because someone was with him before he died.

All in all, good.

It's just that I'm very sorry Fu Jingting.

He could have not died, although it was his own choice, but she still felt sorry for it, and felt that she had caused him trouble.

Chapter 440 Artificial Respiration

It's just that in this life, I can't pay him back...

"Woooooo!"

I'm sorry!

Rong Shu said something to Fu Jingting silently in her heart.

The process of falling was very fast. In just a few seconds, he came to the bottom of the cliff, but here in Rong Shu, it seemed like a century had passed.

Just as Rong Shu took a deep breath, she was ready for the moment when her body was shattered.

She and Fu Jingting unexpectedly did not fall on the hard ground, but in a bottomless lake.

Whooping sound.

The two smashed into the lake heavily, and the water splashed a meter or two.

Rong Shu opened her eyes immediately, and the cold lake water kept drilling into her eyes, ears, and nose, which made her very uncomfortable.

But more than that, it was excitement and joy.

She tore off the tape from her mouth and smiled.

Because she didn't die, she survived!

Originally thought that there was only one dead end when falling off the cliff, but who would have thought that there was actually a lake under the cliff.

Isn't this what Noah's Ark is in desperation?

Unexpectedly, this one in ten million miracles and hopes were met by her.

Rong Shu was so happy that she was about to cry, just when she was about to bite off the rope in her hand with her mouth, she suddenly thought of something, and her heart was full of excitement and ecstasy.

What about Fu Jingting?

Rong Shu's face changed.

When she and Fu Jingting fell into the lake just now, Fu Jingting released his hand that had been holding him.

Probably nearby by now.

Thinking, Rong Shu looked left and right, but did not see Fu Jingting.

This made her frown involuntarily.

Strange, why no one?

Is it already swimming ashore?

This is not impossible.

Thinking about it, Rong Shu breathed a sigh of relief, he might as well go ashore first.

She also had to find a way to save herself.

Thinking, Rong Shu lowered her head, bit the rope with her teeth, and began to loosen herself.

This process is extremely uncomfortable for Rong Shu, because the time for a person to hold his breath in the water is limited. For a normal person who has undergone professional swimming training, it takes about two minutes.

So she had to untie the rope within two minutes, swim to the surface to breathe, and suddenly, she would drown.

Fortunately, when Ye Yu's people tied her up, they didn't tie too complicated knots. Rong Shu pulled the knot forcefully, while also taking care not to let people stretch their throats.

Fortunately, in the end, she successfully untied the rope on her wrist.

Without delay, Rong Shu hurried to untie the rope on her feet.

With the hands, the ropes on the feet are untied within ten seconds.

She should also thank Ye Yu's people for not tying her with hemp rope, otherwise the hemp rope swells with water and becomes tighter and tighter. It is impossible to untie her within two minutes.

His hands and feet were finally free, and Rong Shu was overjoyed, then immediately rowed his arms and swung his feet upstream.

After a few seconds, she emerged from the water, and then exhaled, "Huh..."

She finally came back to life!

Rong Shu shed tears happily, and then called to the shore, "Fu Jingting, are you there?"

There was no response from the shore.

Rong Shu smiled down, turned her body in the water, and swept around the shore, but did not see anyone from Fu Jingting.

Suddenly, a bad premonition rose in her heart.

Fu Jingting wasn't on the shore, could it be that he didn't go ashore?

If it really didn't go ashore, then Fu Jingting is now...

Rong Shu's pupils shrank, and she didn't dare to think about it any more. After taking a deep breath, she immediately plunged into the water and went downstream.

When she was in the water before, she just went to Looking around, she didn't look down. This time she looked down and finally saw Fu Jingting.

Fu Jingting was closing his eyes at the moment, his body floating above the bottom of the lake, as if he was dead.

Seeing this, Rong Shu's pupils shrank, her heart tightened, and she opened her mouth subconsciously, "Fu Wu..."

Gululu.

After a choking sound, Rong Shu quickly closed her mouth, adjusted her breath-holding rhythm, and then quickly swam to Fu Jingting's side, hugged his arm, and took him upstream.

Fu Jingting was afraid that when he let go of her, the person had already fainted and sank to the bottom of the lake.

It's been a few minutes now, and she doesn't dare to think about what happened to him now.

Thinking that Fu Jingting might drown, Rong Shu felt anxious and nervous, and took him to the surface of the water quickly.

Hurry up, hurry up.

Rong Shu, you can do it, you can do it!

Rong Shu encouraged herself in her heart.

Obviously swimming with a person, especially an unconscious person, the difficulty is simply hell.

She felt that she was going to lose her strength, and she was going to die, but she still refused to give up Fu Jingting, even if she felt that her legs were about to cramp, she still insisted on swimming to the shore.

In any case, she will take Fu Jingting ashore.

Because on the cliff, Fu Jingting did not give up on her.

“Fu Jingting, hold on a little longer, hold on a little longer and you will arrive. I believe that you are still alive, and you are not dead. As long as you are not dead, I will definitely be able to save you, hold on!” Rong Shu looked at the person not far away. Shore, while gasping for breath, he continued to swim forward.

Finally, the shore arrived.

Rong Shu hugged Fu Jingting’s armpit and dragged him to the shore, then quickly knelt down and sat down to check on Fu Jingting’s condition.

The moment she felt that Fu Jingting was not breathing or beating, Rong Shu’s heart stopped.

Fu Jingting... no vital signs?

Is he... really dead?

No, no, it can’t be!

Rong Shu didn’t want to believe this fact, so she quickly folded her hands together, put her fingers on Fu Jingting’s chest, and began to give him first aid chest compressions.

After pressing a few times, she lay down again, put her ear to his heart, and listened to his heartbeat.

After not hearing it, she continued to press again, pressing several times, she pinched his nose again, lifted his chin, and gave him artificial respiration.

She alternated between artificial respiration and chest compressions.

Two minutes later, Fu Jingting still didn’t respond.

Rong Shu couldn’t bear it any longer, biting her lower lip, crying, her voice choked up and couldn’t stop, “Fu Jingting, hurry up and come back to me, if you hear me, hurry up and come back to life, I’m not dead. , how can a person who is inexplicably involved in this matter die!”

She burst into tears, and one drop fell directly on Fu Jingting’s eyelids.

Fu Jingting’s eyelashes trembled, and the eyeballs under his eyelids also turned slightly.

Although it was not obvious, Rong Shu still caught it. Her eyes widened instantly, a dazzling light burst out from her eyes, and her whole body was shaking with excitement.

come to life.

He is alive!

“Fu Jingting!” Rong Shu stopped the movement of her hand, gently took her hand away from his chest, and stared at him, her breathing tightened.

Is he waking up?

“Pfft!” Fu Jingting didn’t wake up, but suddenly spit out a few mouthfuls of lake water, and then coughed violently.

When he coughed, his body trembled a few times.

Rong Shu hurriedly lifted his upper body, made him lean against her arms, and then raised his hand and patted his back gently, telling him to spit as much as he could to spit out all the water.

“Cough, cough...” After coughing for a while, Fu Jingting spit out some more lake water, and finally opened his eyes.

But the whole person is very weak, his face is pale and bloodless, and his eyelids are only half lifted. Looking at Rong Shu’s voice, “Rong Shu...”

“Great, you are finally alive. Rong Shu didn’t think about it, she hugged Fu Jingting directly, and wept with joy, “Did you know that you just lost your heartbeat and breath, and it scared me to death, I thought you really died like this and couldn’t survive. what about...”

Chapter 441: Broken Arm

She couldn’t stop crying.

Fu Jingting pulled out a faint smile from the corner of his mouth, and combined with his pale face and wet appearance, the whole person not only did not feel embarrassed at all, but instead showed a kind of morbid and messy male beauty.

He raised his right hand, used his index finger to gently tick off the tears on her lower eyelid, and said in a hoarse voice, “Don’t cry, it’s not good-looking.”

Rong Shu gave him an angry look when she heard his words, “We just How about escaping from the dead, and whether you look good or not?”

Fu Jingting put down his hand, “You are right.”

“That’s right.” Rong Shu straightened his body slightly, “Why did you sink to the bottom of the lake just now?”

Fu Jingting He closed his eyes slightly, “When I fell, I was under you, and I fell from a height. The pressure on the water surface was very strong, and it became very hard. The moment I fell into the water, my head and back It was like hitting a big rock, so I lost consciousness.”

So that’s it.

“Then are your head and back okay?” Rong Shu hurriedly looked at the back of his head.

Fu Jingting shook his head gently, “It’s nothing, just a little dizzy and a little nauseous.”

In addition, there was a burning pain in the back.

The whiplash on his back was not completely healed, because some scabs had not yet fallen off. Now, it is estimated that there is no place where the scabs have fallen off, and the whiplash has re-opened.

Still, it’s a small problem, the real problem is his left arm.

He doesn’t seem to feel the existence of his left arm...

Of course, these Fu Jingting will not tell Rong Shu.

“Dizzy and nauseous?” Rong Shu’s heart tightened when she heard Fu Jingting’s current situation.

Dizziness and nausea usually occur in the head, which is when the head is severely hit.

Just like the last time, she was beaten on the head with a stick by Li Zhaodi and suffered a concussion. For a period of time after that, she was dizzy and nauseated.

So now, she is very sure that he probably had a concussion.

Concussions require immediate medical attention, otherwise intractable headaches may occur in the future.

Thinking of this, Rong Shu asked Fu Jingting to sit down and stood up all of a sudden, “No, we can’t stay here and wait for someone to come down to find us, you must seek medical attention immediately, and our clothes are also wet, it’s so cold now, If you wait, you will also get sick from the cold. We will leave a mark along the way and leave here first to see if there is anyone living outside this forest, if there is, we will be saved.”

After speaking, she bent down , , to rub Fu Jingting's arm.

However, when she grabbed his left arm, she suddenly felt something was wrong.

His left arm was actually limp, and the place where his shoulder connected to his left arm was also slanted. This was obviously not an arm that a normal person should have.

Realizing this, Rong Shu's pupils shrank and her face changed. She stared at Fu Jingting in shock, her mouth opened, and it took a while to find her voice, "You... your arm..."

"It seems to be broken. The corners of Fu Jingting's mouth raised a light arc, and replied indifferently, as if he was saying that the broken arm was not his.

Rong Shu's heart trembled, and she staggered a step before stabilizing her figure. She said in a trembling voice, "Broken? Did it break when you were on the cliff?"

She remembered the moment when the tree trunk broke when she was on the cliff. , there was something wrong with his appearance, and there was a lot of sweat oozing out of his forehead at that time. She thought at the time that he was like this because he was about to be unable to support the weight of two people.

But now that I think about it, it wasn't because he couldn't support the weight, but because something happened to his arm.

Fu Jingting heard Rong Shu's question, his eyelashes trembled slightly, his eyes flashed, but he didn't speak.

Seeing him like this, Rong Shu didn't know what she was talking about. She bit her lip and clenched her palm, "Why? Fu Jingting, why didn't you tell me?"

Seeing that she was so excited, Fu Jingting knew that she couldn't be silent any longer, and her thin lips moved back, "It's not that I didn't want to tell you, but we had already fallen down at that time, and I thought we were going to die, so this kind of thing, Naturally there is no need to tell you."

"That said, what about now? We survived, I just asked you about it, and you only said dizziness, but you didn't tell me that your arm was broken, if I didn't find it myself , aren't you going to say it?" Rong Shu stared at him with red eyes, a look of anger.

Fu Jingting's eyes moved away slightly.

Seeing this, Rong Shu crossed her hips angrily, "Okay, you really planned this, Fu Jingting, you...you're so mad at me."

She couldn't help stamping her feet.

But then she thought that he was a wounded, or he did this to save her, she took a deep breath, quickly suppressed her anger, and asked patiently, "Fu Jingting, tell me honestly, is there any other injury? Back? I remember you said just now that your head and back hit the water, and your head was hurt, so your back must be hurt, right?"

Fu Jingting looked at Rong Shu's anger and knew I can't hide anything anymore, otherwise, if she finds out later, it will only make her even more angry, so she has no choice but to nod her head with thin lips, "Yeah."

"Sure enough." What else?"

Fu Jingting shook his head, "It's gone."

"It's really gone?" Rong Shu looked at him, obviously in disbelief.

It's not that she doesn't believe him, it's that he, as a person, likes to keep things in his heart and doesn't say anything.

So she couldn't believe it.

Fu Jingting nodded, "It's really gone."

"Okay, I hope what you said is true. If you find out later, you have other injuries, Fu Jingting, don't blame me for not giving you a good face." After she finished

speaking, she let go his left arm, to support his right arm instead, pulled him off the ground.

"Can you stand still?" Rong Shu asked again.

Fu Jingting nodded slightly

.

"That's good, wait a moment." Rong Shu let go of his arm, then took off his short trench coat.

Although Fu Jingting didn't know what she was going to do, he didn't stop her from taking off.

Anyway, the clothes are wet, and it is cold to take off or not to take off.

Under Fu Jingting's suspicious eyes, Rong Shu took the coat and took two steps forward, then picked up a stone with sharp edges and corners, and used the pointed part of the stone to separate the coat.

Seeing this, Fu Jingting now knew what she was going to do, and the corners of his lips evoked a happy arc.

Soon, Rong Shu came back with a handful of cloth strips and a few small wooden sticks he picked up on the ground, "Conditions are limited, I can only temporarily fix your arm for a while, and then let the doctor take your Pick up your arms."

"Yes." Fu Jingting nodded with a smile.

Rong Shu put the extra strips of cloth on the ground first, took only what was needed, and then began to fix Fu Jingting's arms.

And Fu Jingting kept looking down at her, his eyes soft as if he was about to drown.

Rong Shu naturally felt the burning gaze coming from the top of his head, but he ignored it and concentrated on fixing him.

A few minutes later, she tied a dead knot in his arm, and it was fixed.

"How does it feel? Will it be too tight?" Rong Shu took a step back, looked up at the man and asked.

Fu Jingting looked at the arm hanging on his chest, smiled and shook his head, "No, just tighten it up, the bones won't be misplaced again."

"I thought so too, so I tied it tighter." Rong Shu also smiled.

Afterwards, she picked up the cloth on the ground and wanted to say something, when she suddenly saw Fu Jingting's tall body and fell towards her.

Chapter 442

Seeing this scene, Rong Shu's expression instantly froze, and then hurriedly caught him.

For this reason, she staggered back two steps before she could barely stabilize her figure, because Fu Jingting was too heavy.

"Fu Jingting, what's wrong with you?" Rong Shu quickly asked after helping him.

Fu Jingting didn't respond. He closed his eyes and leaned on her shoulder, as if he was asleep.

But Rong Shu guessed that he should have passed out.

His head was badly damaged, and his hair was dizzy and passed out, sooner or later.

But in this way, Fu Jingting couldn't go by himself, so he had to rely on her to take her out.

Taking a breath, Rong Shu turned around, and then dragged Fu Jingting forward.

The front, that is, the south, and the woods in front of it are thin, and the woods should be able to emerge soon.

As long as you get out of the woods, you should be able to see where people live.

Rong Shu walked forward with Fu Jingting, and turned her head to look at the man lying on her back, her eyes were firm and serious, "Fu Jingting, I will definitely take you out."

After speaking, she turned her head back and continued to walk forward. .

After walking some distance, she would drop a banner to mark whoever came to them.

Originally, she planned to tie these cloth strips to the branches, so that if there was wind, she would not worry about being blown away.

But then Fu Jingting had to go by herself before she could be tied.

Now that Fu Jingting can't leave, she carries him on her back, so naturally she has no time to tie the cloth, she can only throw it on the ground, I hope not to be blown away by the wind.

I don't know how long I have been gone, but when Rong Shu was exhausted, there was a sudden explosion of thunder in the sky.

Rong Shu's body trembled with fright, then stopped a little and looked up at the sky.

The sky has darkened, and the huge dark clouds cast a shadow on the earth, and coupled with the continuous thunder, it brings a great sense of depression.

It is going to rain!

And it's still raining!

Realizing this, Rong Shu's expression was a little unsightly, because it was raining, and they could no longer move on.

It is easy to fall and fall when walking on mountain roads when it is raining.

In this situation, Fu Jingting must not fall again.

In addition to this, another point is that the sky is also a little dark.

Although she didn't know the exact time, her mobile phone and electronic devices on her body, such as a watch, were taken off by Ye Yu's people at the moment she was kidnapped, and she didn't know where they went.

And Fu Jingting's cell phone is probably gone.

Otherwise, at the lake just now, Fu Jingting must have taken it out and contacted Assistant Zhang, it is impossible to do nothing, so the biggest reason is either that the mobile phone was lost in the lake, or the mobile phone entered the water and was broken. It's useless.

As for Fu Jingting's watch, it is impossible for her to throw Fu Jingting on the ground to look at it now, but she can roughly guess that it should be around six or seven o'clock in the evening.

It was dark and it was raining. It seemed that I really couldn't go any longer. I had to find a place to hide from the rain, otherwise I would never survive tonight and would freeze to death.

Now she is too cold because of the wet clothes on her body, but because Fu Jingting is lying on her back, she can bear it, but Fu Jingting has no one to help him. It is conceivable that Fu Jingting is suffering from the cold now. .

But where do you want to hide from the rain for the night?

Rong Shu bit her lip and looked around. Fortunately, there was a cave not far ahead.

"That's great!" Rong Shu was greatly surprised when she saw the cave, and her eyes instantly lit up, bursting with excitement and hope.

"Fu Jingting, we have a place to hide from the rain for the night." Rong Shu turned her head and said something to the man on her back, and then quickly walked towards the cave with the man.

Soon, the cave arrived.

As soon as the two entered, it started pouring rain outside.

Rong Shu sighed while listening to the sound of the rain behind her.

I have to say that they were lucky. The heavy rain didn't fall at the beginning, but only when they entered the cave. This is considered a blessing from God.

Thinking, Rong Shu couldn't help laughing, and then she found something, and the whole person was surprised.

That's... firewood clothes, and pots and pans?

There was also a pile of dry straw, and two old quilts.

How come these things are here?

Could it be that this cave is a cave where homeless people live?

No, it shouldn't be, which tramp lives in the mountains?

And the place where the homeless live should be messy and dirty, and there are a lot of cardboard plastic bottles, which these homeless people want to sell for money.

But there are none here, the cave is dry and free of any rubbish, and the quilt looks old but definitely not dirty.

Therefore, the owner of these things should not be a homeless person. As for who it is, Rong Shu doesn't want to think about it.

Now she just wants to unload Fu Jingting and check on Fu Jingting's back injury.

Rong Shu led Fu Jingting to the pile of straw.

The straw was laid flat and evenly, presumably where the people who lived here slept.

Rong Shu put Fu Jingting on the straw, and after moving her sore neck and body a little, she went to look for tools to make a fire.

It's so cold, you have to make a fire to keep you warm, otherwise the night will be too hard.

There are also clothes. The wet clothes on their bodies must also be dried, otherwise they will get sick if they wear them all the time.

When looking for a fire tool, Rong Shu found a layer of light ash on the quilt and the pots and pans in the corner.

Rong Shu stretched out her hand to wipe it, and then took advantage of the last bit of the sky that was not completely dark, looked at the gray of her fingers, and smiled.

"That's great." She twisted her fingers to remove the dust from them.

Now she can be sure that the people who originally lived in this cave have not come to live for a while, and these ashes are the evidence.

This made Rong Shu couldn't help but breathe a sigh of relief.

It's fine as long as no one lives there. In fact, she is worried that someone does live there. If that person comes back later, it will be troublesome to drive them out.

At the same time, she was afraid that the fugitives who lived here were even more terrifying.

But now that no one was there, she was relieved.

Rong Shu found the lighter, then went to hold a pile of firewood, went to the place where there was a little trace of overheating, and lit the fire.

The wood was dry and lit very high, and soon the fire was started.

Rong Shu put a lot of firewood in, and the flames burned very vigorously. The fire light directly illuminated the entire cave, making the icy cave a little warmer and less cold.

Rong Shu clapped the ash on her hands and stood up, left the fire and went to the quilt, then picked up the two sets of clothes next to the quilt, ready to put on for herself and Fu Jingting. After all, you can't wear wet clothes all the time, you will have a fever .

These two clothes are camouflage uniforms, one large and one small. From the perspective of size, they should be one male and one female.

So it was two people who originally lived in this cave?

Without thinking much, Rong Shu picked up the man's camouflage uniform and unfolded it. She saw the three words on the label on the left breast pocket of the clothes, and was even more happy.

"It's a ranger!" Rong Shu whispered.

It turned out that the people who lived here were not homeless, let alone fugitives, but two forest rangers.

Then she is more at ease, because even if the people living here come back, she doesn't have to worry about any danger and being driven out.

Rong Shu took the camouflage uniform and returned to Fu Jingting. After sitting down, he first reached out and wiped Fu Jingting's forehead to see if he had a fever.

After not, she breathed a sigh of relief, and then began to change his clothes.

Chapter 443 Fu Jingting wakes up

At this moment, Rong Shu was shy and timid, without caring about the protection of men and women, and directly reached out to Fu Jingting's clothes.

The suit jacket on his body was easy to take off, but when he took off the suit jacket, Rong Shu was startled by the sight in front of him and couldn't help taking a deep breath.

I saw that the back of Fu Jingting's white shirt was completely stained with blood.

But because of being soaked in water, the bloodstain that was originally bright red has now faded and turned pink.

"God!" Rong Shu covered her mouth subconsciously, her pupils trembling.

How can there be so much blood?

He always thought that his back was just bruised and turned into a bruise.

Unexpectedly, there was blood!

But soon, Rong Shu remembered that it was not long before Fu Jingting was subjected to the old lady's family law, and the whiplash should not be healed yet, so these may be the whiplash cracked.

Taking a deep breath, Rong Shu tried to calm herself down as much as possible, then reached out again and carefully took off Fu Jingting's shirt.

This time, Rong Shu finally saw the specific situation of Fu Jingting's back.

What kind of back is that!

It can hardly be called a human back. There is no complete skin on the entire back. It is full of crooked, centipede-like scars. Some of the scars are good, while others are already cracked. Turning it over, there are still traces of bright red constantly emerging, making people startled and trembling all over.

Rong Shu's hand holding Fu Jingting's shirt was shaking, and her eyes were red. Looking at Fu Jingting's pale face, she opened her mouth and was completely speechless.

A person's ability to endure pain is limited. If it was her, if she was injured like this, she would have cried out in pain long ago.

As for Fu Jingting, there was no pain when his arm was broken, and there was no pain when his head was hit. Even the back injury did not open.

Doesn't he know it hurts?

Rong Shu reached out and touched a raised scar on Fu Jingting's back. Suddenly, his heart was blocked, astringent, sour, and some unspeakable feelings.

She sniffed, took her hand away, got up quickly, and went to the table and chopsticks.

She remembered that she had just been there and saw a medicine chest.

Sure enough, Rong Shu read it right, there really is a medicine box there.

Rong Shu smiled a little, it's really hard to follow the path of perfection. It was raining to avoid the rain, so I saw a cave, entered the cave, and saw all kinds of necessities, even a medicine box. This is simply God's blessing.

Rong Shu took the medicine box and returned to Fu Jingting, then opened the medicine box and rummaged through the medicines inside, and found that there were not only common anti-inflammatory drugs and antipyretic bandages, but also medicines for animals.

It is estimated that when the rangers lived here, they would occasionally save some small animals.

Rong Shu didn't pay too much attention to the medicine for those animals. After finding out the medicine and bandages that Fu Jingting was going to use later, she patted Fu Jingting's face lightly, "Fu Jingting, can you hear me?"

Fu Jingting frowned, and quickly Calm again.

Rong Shu sighed.

It seems that I can't hear it.

Forget it, she can do it herself.

Rong Shu cut a long bandage with scissors, wrapped it into a strip, reached out and pinched Fu Jingting's cheek, forced him to open his mouth, and put the strip of bandage into his mouth sideways.

In this way, when I disinfected and applied medicine for a while, I didn't worry that he would bite his tongue subconsciously in pain.

After doing this, Rong Shu started taking medicine.

She first stopped the bleeding for Fu Jingting, and then started disinfection when she saw no more blood coming out.

During this period, Fu Jingting's body was trembling in pain, his face was dripping with sweat, his brows were furiously wrinkled, his eyes were rolling under his eyelids, but he couldn't wake up.

Finally, ten minutes later, Rong Shu gave him medicine and bandages, and began to change him into a camouflage uniform.

Just as Rong Shu carefully tucked his two arms into his sleeves and was about to turn him over and button the front for him, he suddenly saw a scar on his left chest.

The scar was about ten centimeters long, very light, and if you didn't look carefully, it would be easily overlooked.

And there are traces of stitches on the scar.

There is only one type of scar that can be sutured, and that is surgical scar.

So Fu Jingting did thoracotomy?

When did this happen? Why has she never heard of it?

During the six years of marriage with him, he has never had any surgery, and it is impossible for these few months, because of this scar, it looks a few years old.

Therefore, it can be inferred that Fu Jingting should have done it six years ago.

It's just that what kind of disease does he need to have a thoracotomy?

Rong Shu touched the scar on Fu Jingting's chest, her eyes full of doubts.

She suddenly realized that she didn't know Fu Jingting as well as she thought.

At least, she didn't know why he had this scar on his chest.

Wait until he wakes up and ask.

Thinking about it, Rong Shu buttoned him, then turned him back, took the quilt beside him, unfolded it, and covered him.

"Sleep well, I will definitely take you out tomorrow." Rong Shu looked at Fu Jingting's pale handsome face, and said with guilt in her eyes.

No guilt.

After all, it was because of her that he was hurt like this.

Touching Fu Jingting's naturally air-dried hair, Rong Shu's eyes flashed with envy.

Short hair is good, it dries quickly.

Unlike her, her hair is still wet now, clinging to her scalp, heavy, cold and uncomfortable.

Rong Shu got up, walked to the side, and put on the lady's camouflage for herself, then picked up the wet clothes she had changed, and went to the fire with Fu Jingting's wet clothes. It's going to be dry by the fire.

In the process of roasting the fire, Rong Shu's stomach suddenly growled.

She suddenly realized that she hadn't eaten for a day.

"I'm so hungry!" Rong Shu touched her stomach, couldn't help but muttered, and then looked at the pile of pots and pans.

She hasn't turned over there carefully, and she doesn't know if there will be anything to eat.

Thinking of this, Rong Shu put down the small wooden stick in his hand, then got up and walked towards there.

After rummaging, she really found something to eat, a few bags of vacuum-packed biscuits, and a few bottles of mineral water.

Seeing this, Rong Shu was so excited that she almost burst into tears.

She quickly tore open a bag of biscuits, unscrewed a bottle of mineral water, and went back to the fire to eat.

This kind of biscuits will not expire for three years, so she doesn't have to worry about eating expired ones.

Just as Rong Shu was halfway through eating, a cough suddenly came from behind.

After hearing this, Rong Shu frowned and swallowed the unpleasant biscuits, then turned to look.

Seeing that Fu Jingting put up some body, he quickly put down the mineral water and biscuits and ran over, "Fu Jingting."

Hearing her voice, Fu Jingting opened his eyes, met her nervous and concerned eyes, and shouted in a hoarse and weak voice, "Rong Shu."

"I'm here." Rong Shu nodded.

Fu Jingting propped up his body again.

Since he had no strength and only one arm could move, he held up a little and almost fell back.

Seeing this, Rong Shu quickly gave him a hand, "Don't move, you want to sit up, right? I'll help you."

After speaking, she helped him up with force, then turned around and sat down.

Fu Jingting was about to thank him when he suddenly saw some small camouflage uniforms and some old quilts, and he couldn't help but be stunned for a moment.

Chapter 444

Later, he discovered another situation, that is, this cave, and the materials in the cave, what is the situation?

"Where did these... come from?" Fu Jingting asked, lifting the quilt on his body.

Rong Shu sat down and explained, "It was brought by the cave."

"It was brought by it?" Fu Jingting raised his eyebrows, obviously surprised by the answer.

Rong Shu nodded, "Yeah, I'm going out of this forest behind your back to see if anyone lives outside, as long as someone lives, we will be saved, but before we can go out, the sky has changed, and then I found this cave and took you in to hide from the rain. After I came in, I found these things." "

So it is." Fu Jingting nodded, then frowned and said, "Is this cave where fugitives live?"

The fugitive prisoners like to hide in the deep mountains and old forests.

So when these things appear in a cave, it is hard not to think that they are fugitives.

"No." Rong Shu shook her head, "At first, I suspected that the fugitives lived, but I found this later."

She pointed to the left breast pocket of her camouflage uniform.

Fu Jingting looked down, saw the word "forest ranger", and immediately felt relieved, "It's good to be a ranger."

He did hear that some rangers would build some grass huts or wooden houses on the mountain. It's late for the mountain patrol, so I have a place to stay in the mountains.

Therefore, this natural cave will be used by the rangers, which makes sense.

"Yeah, that's why I took you here for the night with confidence." Rong Shu smiled, "Speaking of which, we should thank these two forest rangers for keeping clothes and quilts here, and most importantly, also keeping Medicine chest and food and drink, otherwise tonight, even if we have a fire, it will be difficult to survive."

Speaking of which, she suddenly remembered something, looked at the man's pale handsome face and asked, "By the way, Mr. Fu, How is your head now? And your arms and back, are you still in severe pain?"

Fu Jingting chuckled lightly and replied, "My head is still a little dizzy, I don't feel anything in my arms, and my back doesn't hurt anymore. Did you give me medicine?"

He remembered that she just mentioned the medicine kit.

So there is a high possibility that she drugged him.

Rong Shu nodded and said, "Yes, the wound on your back is split open. If you don't use the medicine, it will become inflamed, and you will have a fever, so I will give it to you."

"Thank you." Fu Jingting looked at her.

Rong Shu waved her hand, "You don't need to thank me, it's me who should say thank you, it's because of me that you suffered these innocent disasters."

"I did it voluntarily, so you don't have to take it to heart." Fu Jingting comforted her.

Rong Shu took a breath, "Okay Mr. Fu, let's not talk about this, are you hungry?"

Fu Jingting nodded slightly, "A little bit."

"Wait a minute."

She got up and went to the place where she just picked up the biscuits and mineral water, came back with a bag of biscuits and mineral water.

"There are only these emergency dry rations here, you will take it." Rong Shu said while tearing open the package for him and unscrewed the screw cap.

Fu Jingting watched her do this for himself, his eyes full of tenderness, "It doesn't matter, in this case, it's good to have something to eat."

"Yeah." Rong Shu nodded in agreement, "So we should thank you for leaving something. The forest ranger here, but my phone and wallet are gone, and I don't know what to do..."

"The wallet in my pocket should still be there." Fu Jingting pointed to his pants by the fire and said.

Rong Shu looked at it, "No wonder when I took off your pants for you, I felt that something was on me. It turned out to be a wallet."

Fu Jingting raised his eyebrows, "Take off your pants?"

Rong Shu met his deep eyes, and only then did she realize that her words were a little inconsiderate, which made people misunderstood, and her face suddenly turned red with embarrassment, "Then what...you passed out, so I started to change it for you. A set of dry clothes, but don't worry, I didn't do anything to you, and I didn't watch too much."

"Really?" Fu Jingting looked at her with a half-smile.

Rong Shu met his smiling eyes, her face turned even redder, and at the same time she looked away with a guilty conscience, "When...of course it's true."

She really didn't do anything to him, and she couldn't do anything to him.

It's just that she shouldn't have seen it, she just saw it.

"Okay, I believe you." Seeing the woman blushing about to drip blood, Fu Jingting smiled lowly and stopped teasing her.

Otherwise, what should I do if I become angry for a while?

"Right." Rong Shu turned her head back, "What's the matter with the surgical scar on your chest?"

Fu Jingting, who was drinking water, paused when he heard her question.

But soon, he returned to his natural state, put down the water bottle and replied lightly: "I have had a heart transplant."

"Heart change?" Rong Shu exclaimed, her eyes widened.

The operation on the chest, she can think that it must be related to the heart, such as bypassing the bridge, nourishing the heart, etc.

But unexpectedly, it was a change of heart.

The change of heart is the heart in Fu Jingting's chest at the moment, not his own, but someone else's.

"How could it be a change of heart?" Rong Shu looked at the man in surprise.

The man took a bite of the biscuits and chewed slowly, "I have a congenital heart disease, a hole in my heart that cannot be filled since I was a child. When I was born, the doctor determined that I would not live to be twenty years old, but because of the Fu family With money, he did everything to treat me, so I didn't have a heart transplant until I was twenty-four years old."

"Twenty-four years old..." Rong Shu opened her mouth wide, "Isn't that six years ago?"

"Yeah." Fu Jingting nodded, then met her eyes, "Six years ago, I asked you to meet by letter, just to tell you that I fell in love with you, you agreed to meet, and made a special call. Give it to me, ask me when I will meet, and the answer I give is one month later."

"I know." Rong Shu replied.

Fu Jingting swallowed the biscuits in his mouth, "The day you called me was the day of my surgery. The reason why I made an appointment to meet a month later is because I can only get out of the hospital bed one month after the heart transplant operation.

"That's right." Rong Shu's nose was slightly sour, and she understood everything.

No wonder she heard his voice that day, so weak, so weak, it turned out that he was ill and needed surgery.

Otherwise, she must be able to hear that he is the one she has always loved, the gentle senior who likes to wear white shirts and smile.

Unfortunately, everything is over.

Taking a deep breath, Rong Shu suppressed the sourness in her heart, tugged at the corners of her mouth and asked, "I remember that congenital heart disease is a genetic disease. Who are you inherited from?"

"My mother." Fu Jingting replied. road.

Then he thought of something, and added, "It's not Wang Shuqin, Wang Shuqin is not my biological mother, but a stepmother. I inherited it from my biological mother."

"I know Wang Shuqin is your stepmother, as my grandmother said before." When Shu heard what he said, she didn't reply with any surprise.

“But I’ve always been curious about why Wang Shuqin is so kind to you. She doesn’t look like a person who would be a good stepmother.” Rong Shu was very curious.

Fu Jingting smiled, “It’s true, she’s snobby and vulgar, and she’s too pretentious, she doesn’t look like a good stepmother, she should be a vicious stepmother, but she’s not a bad person. , It’s also really good to me, because I feel guilty.”

“Guilty?” Rong Shu raised her eyebrows, “Isn’t it possible that she is the third party of your parents, so she feels so guilty to you because she has destroyed your parents’ feelings? But it’s not right, if that’s the case, with you With her character, she will definitely not be able to spare her, so how can you treat her as a biological mother?”

“She is indeed the third party of my parents.” Fu Jingting rubbed his eyebrows and said.

Rong Shu’s eyes widened, “What? Is it really a third party?”

“Well.”

“Then why are you still treating her...”

“She is not a third party in the conventional sense, and it didn’t destroy my parents’ feelings, because My parents didn’t love each other themselves, they only got married because of marriage, and they gave birth to me only because of responsibility. After I was born, my parents separated, and then my father met Wang Shuqin outside and fell in love with Wang Shuqin.” Fu Jingting leaned back and leaned against the stone wall.

Rong Shu nodded suddenly, “I see.”

His parents didn’t love each other.

This was the first time she had heard of it.

“And after that? Your father is with Wang Shuqin, won’t your mother be angry?” Rong Shu looked at the man and asked again.

Even if she doesn’t love that man, that man is also her husband.

It’s impossible for her husband to look for a mistress during marriage.

However, Fu Jingting shook his head, "Don't be angry, my mother is happy to see my father fall in love with Wang Shuqin."

"What?" Rong Shu's mouth twitched.

Happy to see it happen?

This... she should say, is his mother really tolerant?

"Surprised, right?" Fu Jingting looked at her and smiled.

Rong Shu nodded, "I'm really surprised, if it were me, I would definitely not be so generous."

Hearing this, Fu Jingting suddenly remembered that four months ago, he proposed to let her move out and give the place to Gu Manyin .

No wonder she didn't file for divorce after six years of loveless marriage, but when he wanted to bring Gu Manyin home, she immediately filed for divorce.

"What are you thinking?" Seeing that Fu Jingting suddenly lost his mind, Rong Shu reached out and waved in front of him.

Fu Jingting's eyes flickered vaguely, and he came back to his senses, "It's nothing."

Seeing that he didn't want to say anything, Rong Shu didn't ask much, and turned the topic back to just now.

"By the way, why is your mother happy to see it happen? Although they don't love each other, your father loves Wang Shuqin, and Wang Shuqin is a threat to your mother's position, Mrs. Fu." Rong Shu sat down cross-legged and said.

Fu Jingting took another bite of the biscuit, "Because my mother has always wanted to leave the Fu family, as long as my father and Wang Shuqin get married, my mother can divorce my father. This is her dream all the time, so my mother is very grateful to Wang Shuqin, In order to get my father and Wang Shuqin to get married earlier, she even planned to go to the old house to find her grandmother and tell her some nice things about Wang Shuqin."

"And then?" Rong Shu arched her back, resting her elbows on her thighs, her chin Holding it in the palm of his hand, he just looked at him like a listener.

Speaking of which, she seemed to have never spoken to him so peacefully.

"Then the night before my mother went to visit my grandmother, my mother committed suicide because of something." Fu Jingting said here, his hand holding the biscuits tightened abruptly, squeezing the plastic packaging and making a harsh sound .

Rong Shu's mouth grew in shock, "Suicide?"

Ever since she learned that Wang Shuqin was not his biological mother, she probably guessed that his biological mother was gone.

But it never occurred to me that it was suicide.

"Well." Fu Jingting lowered his eyelids, making it difficult to see the expression in his eyes.

"Is it related to Wang Shuqin?" Rong Shu asked.

Fu Jingting shook his head, "It has nothing to do with her, she doesn't even know, my mother actually approves of her being with my father, so after my mother's death, Wang Shuqin has always blamed herself, thinking that it was her appearance that made my mother suffer. She can't commit suicide, so she has always felt guilty towards my mother, and that's why Wang Shuqin treats me as her own child, even when she was pregnant with Jinglin, she wanted to kill Jinglin, but I stopped it."

"I see. After hearing what you said, my opinion of Wang Shuqin has changed a bit." Rong Shu raised her eyebrows.

Fu Jingting chuckled, "Although she has a lot of faults, she cannot be called an absolute good person, but she is not a bad person either."

Rong Shu did not deny this.

In fact, in the sixth year of the Fu family, Wang Shuqin had an ugly mouth, but she had never really touched her.

That is, after the divorce from Fu Jingting, Wang Shuqin came to her door several times and touched her.

"Aren't you going to eat?" Rong Shu asked when Fu Jingting suddenly put down the biscuits.

Fu Jingting snorted, "It's almost there, I want to sleep a little longer, but my head is still dizzy."

"Okay, then you sleep." Rong Shu helped him to lie down and covered him with a quilt.

Fu Jingting looked at her, "How about you?"

"I'll go to bed later, my hair is still dry." Rong Shu pointed to her own hair.

Fu Jingting nodded slightly and closed his eyes.

Rong Shu got up, went back to the fire, added some more firewood, then sat down to continue drying her hair.

After about half an hour, her hair was dry, and she couldn't hold it anymore, so she let out a breath.

On this day, it was simply thrilling, plus the speed of life and death, from morning to night, it has always been from the heartbreak.

So now I'm relaxed, and I'm exhausted both physically and mentally.

Rubbing her eyes that she couldn't lift up, Rong Shu added some more firewood to ensure that the fire would not go out in the middle of the night, and then walked towards Fu Jingting, hugged another quilt, and was about half a meter away from Fu Jingting. Lie down.

After all, the place where the straw is laid is so big. If she doesn't sleep with Fu Jingting, she can only sleep on the cold ground.

Even if there is a quilt, it will definitely make people shiver, so she can only lie down next to Fu Jingting.

Anyway, if one person covers a quilt, it does not count as sleeping in a quilt.

The quilt on her body had a musty smell, which was not very pleasant. Rong Shu, who had never covered such a quilt, was not used to it.

However, there is only such a condition at present, and if you are not used to it, you can only get used to it.

So Rong Shu took a deep breath, tried her best to ignore the smell, and closed her eyes.

Because she was too tired, even if the quilt smelled bad, Rong Shu quickly fell asleep, and her breathing became long and calm.

At this moment, the man beside her suddenly opened his eyes, and there was no sleepiness in his eyes. Obviously, he had never really fallen asleep before, but was pretending to be asleep.

Fu Jingting's eyes fell on Rong Shu's face, looking at her peaceful sleeping face, he propped up his body with one hand, and then moved to where she was.

In order not to wake her up, he moved very carefully, like a thief, staring at her face while moving to see if she was awake.

When he finally moved to Rong Shu's side, Rong Shu didn't wake up, and Fu Jingting fell down again satisfied, then stretched out his arms and hugged Rong Shu through the quilt, and then closed his eyes again.

...

The next day, when Rong Shu woke up, it was no longer raining outside.

She opened her eyes and saw that the top of her head was not the familiar bedroom ceiling, but a stone, and she was startled "What's the situation?"

How could she be here?

Rong Shu sat up subconsciously, and then the memory of why she was here immediately flooded into her mind.

She suddenly realized what happened yesterday.

Rong Shu couldn't help rubbing his temples and calmed down.

I was so sleepy that I forgot how I and Fu Jingting appeared here yesterday.

Thinking of Fu Jingting, Rong Shu was startled, and quickly looked to the right to see how Fu Jingting was doing.

As a result, seeing Fu Jingting sleeping beside him, next to him, he couldn't help but be stunned for a moment.

what happened?

How could he sleep so close?

Chapter 446: Finally Saved

Rong Shu blinked blankly.

She remembered that when she slept last night, she deliberately kept a half-meter distance from him.

Could it be that he woke up in the middle of the night and leaned over specially?

As soon as this speculation came up, it was rejected by Rong Shu herself.

Because Fu Jingting went to bed earlier than her, and his posture was exactly the same as now, he should not have woken up in the middle of the night.

As for why he didn't wake up and why he was so close to her, there was only one answer.

She was the one who slept dishonestly and squeezed in!

Thinking about it, Rong Shu suddenly became a little embarrassed. She didn't expect that she would be so dishonest when she fell asleep.

But soon, Rong Shu calmed down.

She thought that she squeezed past anyway, and no one saw it, she didn't say it, who knows?

Fu Jingting didn't even know.

After stretching, Rong Shu lifted the quilt and went to the fire.

The firewood had run out, so the fire went out on its own, but the fire was still hot, and it was estimated that the fire did not go out for long.

Afterwards, Rong Shu touched the clothes by the fire again, and found that they were all dried out, so they took them off one by one and prepared to change them later.

"I don't know what time it is." Rong Shu looked at the white light at the entrance of the cave and muttered.

The next second, she remembered Fu Jingting's watch, and hurriedly put down the clothes in her hand, ready to check the time.

But when Rong Shu came to Fu Jingting and squatted down before he could take out his hand, he saw that his face was very wrong.

Why is his face so red?

And breathing, also very fast and heavy.

This is clearly a sign of a fever.

Feeling nervous, Rong Shu quickly reached out and touched Fu Jingting's forehead, "It's so hot!"

She immediately retracted her hand, frowned, and looked at the man with a serious expression.

When she gave him medicine last night, she specially disinfected and anti-inflammatory, and was worried that the wound on his back would not be handled properly and would cause a fever.

But he didn't expect that even after the wound was treated, he still had a fever.

It seemed that the cause of the fever was not because of the wound, but because of the long wet clothes after falling into the water, and the cold wind that blew longer than her on her back.

"No, I have to find a way to reduce the fever." Rong Shu bit her lip, then got up quickly, went to the medicine box from last night, and found the antipyretic.

Rong Shu took the medicine and returned to Fu Jingting, then helped him up, made him lean on her shoulder, opened his mouth, and put a fever-reducing medicine into his mouth.

Immediately afterwards, she closed his mouth and lifted his chin, trying to make him swallow the medicine.

But for an unconscious person, swallowing is simply impossible.

So Rong Shu worked hard for a long time, but the medicine was still in Fu Jingting's mouth.

Rong Shu frowned anxiously.

The next second, she suddenly thought of a way, and her eyes lit up.

But that method is a bit embarrassing, if she can, she really doesn't want to do it.

But now she had to do the same in order to reduce his fever.

Rong Shu lowered her eyes, stared at Fu Jingting's blushing handsome face for a few seconds, finally took a deep breath, opened his mouth again, and lowered her head to kiss.

Rong Shu used tongue kissing to push the medicine down Fu Jingting's throat little by little with her tongue.

After feeling pushed to the mouth of her throat, she raised her head, picked up the mineral water next to it, opened it, raised her head and put saliva in her mouth, kissed Fu Jingting's thin lips again, and a little bit of water flowed into his mouth until Seeing that the white tablet in her throat was washed down by the water, she breathed a sigh of relief.

"That's great, let's go." Rong Shu smiled happily and screwed on the water bottle.

She was not happy for a long time, because she was not sure whether the antipyretic medicine would work or not, and whether it could reduce Fu Jingting's fever.

So they can't stay here any longer until Fu Jingting's people come over.

Because no one knows when Fu Jingting's people will come over. If they come soon, then of course it's good, but I'm afraid it will be very late. Maybe by that time, Fu Jingting has already been burned into a fool.

So, she had to take him and move on.

Thinking of this, Rong Shu immediately put down the water bottle, went to the place where the clothes had just been placed, picked up Fu Jingting's trousers, took out the wallet from his trousers pocket, took out all the cash from it, a thick stack, and put it in the medicine cabinet.

This is a thank you fee to the two rangers for leaving such material in the cave.

Otherwise, she and Fu Jingting might have been frozen to death last night.

After doing this, Rong Shu carried Fu Jingting on his back and walked to the entrance of the cave without even changing his clothes.

Because it's too late, changing clothes is just delaying time. Fu Jingting needs to see a doctor earlier, so the clothes are not needed.

The mountain road that had just rained was not easy to walk. Rong Shu took every step carefully, for fear of falling herself and Fu Jingting, so in this way, she was even more tired than yesterday.

After walking for an unknown time, Rong Shu finally walked out of the woods with Fu Jingting on his back.

Just when Rong Shu was exhausted, sweating profusely, and seeing that she was about to lose it, she saw a two-story self-built house.

Looking at the house, Rong Shu seemed to see a life-saving straw, and with her last strength, she gritted her teeth and walked over with Fu Jingting on her back.

Just walking to the courtyard of the house, a middle-aged woman came out of the house with this basin. Seeing the embarrassed Rong Shu and the others, she couldn't help but froze for a moment, "You are..."

“Save... Rong Shu’s dry lips moved, and before he could finish speaking, his eyes darkened.

Puff.

She softened and fell to the ground with Fu Jingting.

Before she lost consciousness completely, she saw the middle-aged woman was so frightened that she hurriedly dropped the basin in her hand and ran towards her and Fu Jingting, still shouting, “Come out, old man, someone fainted! “

Should she and Fu Jingting be saved?

Thinking about it, Rong Shu finally fainted with confidence.

When I woke up again, it was already a day later.

Rong Shu opened her eyes, looked at the white ceiling, and smelled the faint scent of disinfectant in the air, she knew that she was in the hospital.

And the decoration of the ward is so familiar, it is undoubtedly the first hospital.

But why is she in the first hospital?

Could it be that Fu Jingting’s people found them?

Rong Shu rubbed her heavy head, then propped her body up and tried to sit up.

As a result, as soon as she woke up a little, her face was deformed, “It hurts...”

Rong Shu hurriedly lay down again, and her whole body was not well.

What the hell did she do? Why is the back pain so severe that it looks like it’s broken!

“Baby!”

Just as Rong Shu gently adjusted her lying position to avoid pulling her back, the door of the ward was suddenly pushed open, and a figure came in from the outside in a hurry and went straight to the hospital bed, his handsome face full of writing Feeling nervous and concerned, “Baby, you’re finally awake, it’s great, you’re worried about me!” As

he spoke, Lu Qi suddenly bent down and hugged Rong Shu, his eyes were red, and his voice was full of voices. With a hint of crying, “Not only was I worried, I was almost scared to death by you. After knowing that you fell off the cliff, my soul was scared to the ground. I haven’t even slept in the past two days, and my whole body is haggard, baby, You are responsible for me.”

Hearing Lu Qi's trembling voice and the fear in his voice, Rong Shu knew that the fact that she fell off the cliff really scared him, she raised her hand and patted his back lightly, "Sorry Qi, this time it makes you scared, and you won't be in the future."

"You still want to have a future." Lu Qi let go of her, coaxed his eyes and stared at her.

Chapter 447: Assistant Zhang's Dissatisfaction

Rong Shu quickly shook her head, "There is no future, there is really no future."

"It's almost the same." Lu Qi snorted, and then let her go.

Afterwards, Rong Shu raised her arm, rubbed her temples and asked, "By the way, Aqi, how long have I slept?"

"Two days." Lu Qi replied.

Rong Shu opened her mouth in surprise, "Two days? I've been lying down for two days?"

"Yeah." Lu Tou, "Lin Tianchen said you were too tired, that's why you lie down for so long."

"So that's the case." Rong Shu suddenly she lifted her chin, "Then how did I get back to Haishi?"

She remembered that she fainted in a small courtyard of a family.

After that, she doesn't know.

"You were brought back by Fu Jingting's special assistant, Zhang Cheng. Together with Fu Jingting, Zhang Cheng called and told me, and I rushed to the hospital. After arriving at the hospital, I happened to see you and Fu Jingting both being sent to the emergency room. Then I asked Zhang Cheng what happened, Zhang Cheng told me that you were kidnapped and fell off a cliff, and Fu Jingting jumped with you in order to save you. The chest, without concealing her, replied directly.

Hearing Fu Jingting's three words, Rong Shu's eyes widened and she asked eagerly, "What about Fu Jingting? Where is he now?"

Seeing the man she was so nervous about, Lu Qi felt gloomy in his heart.

But then he thought that it was all due to Fu Jingting that she survived, so he had no choice but to suppress the discomfort and replied truthfully, "Don't be excited, baby, don't worry, Fu Jingting is also in the hospital, just in the ward next door to you. What?"

"How is he now?" Rong Shu grabbed his arm and asked again.

Lu Qi's expression was a little dignified, "He's in a bad condition. He was injured too badly, his arm was broken, his back was split open, his internal organs were also damaged to a certain extent, and he had a concussion and a fever. In short, it was very serious."

When he learned about Fu Jingting's situation, he was shocked.

Injured to such a person did not die, he could only sigh with emotion that it was a great fate.

But what made him feel complicated and admired was that Fu Jingting's injuries were all for the sake of saving Rong Shu.

"Very serious..." Rong Shu bit her lower lip, "Then is he not out of danger yet?"

Lu Qi shook his head, "That's not true, he is out of danger, and his arms and so on have been reconnected. It's just that I haven't woken up yet."

Hearing this, Rong Shu breathed a sigh of relief, "That's good, just get out of danger, Aqi, help me up."

She reached out to him.

Lu Qiyiyan pulled her up.

She lifted the quilt and was about to get out of bed with a sore back.

Lu Zhizhe hurriedly stopped, "What are you doing, baby?"

"I'll go see him." Rong Shu put on her shoes and said.

Lu Qi wanted to say that there was something good about Fu Jingting, but after this incident, he couldn't say anything in this case, opened his mouth twice, and finally sighed, "You slow down, don't worry, he is again. I can't run."

He reached out to help her.

The two walked out of the ward and walked to the next ward.

The door of the ward next door was open, Rong Shu stood at the door, and when she saw Lin Tianchen standing beside the hospital bed, holding the medical record folder and writing while talking, Assistant Zhang nodded twice from time to time.

On the hospital bed, Fu Jingting was lying on it, his face was no longer red, and he regained his morbid pallor, showing that his fever had subsided.

Rong Shu raised her hand and knocked on the door.

In the ward, Lin Tianchen stopped what he was doing, and turned to look with Assistant Zhang.

Seeing her, Lin Tianchen pushed up his glasses, "Awake?"

Rong Shu hummed as a response.

Then, she felt a somewhat reproachful look fall on her.

It's Assistant Zhang.

This made Rong Shu couldn't help being stunned for a moment, because this was the first time she saw Assistant Zhang look at her with such dissatisfaction, anger and displeasure.

She didn't understand why Assistant Zhang suddenly treated her this way.

But soon, she understood why, it was for Fu Jingting.

Assistant Zhang has been with Fu Jingting for ten years. Although they are bosses and subordinates in name, they are actually friends.

It's strange that Assistant Zhang doesn't blame her for hurting Fu Jingting like this.

With a wry smile, Rong Shu asked softly, "Can I come in?"

"Come in." Lin Tianchen agreed.

Lu Qi helped Rong Shu in.

Lin Tianchen looked at her, "Is there any discomfort?"

Rong Shu shook his head, "Except for the pain in the lower back, there is nothing else."

"It is normal, your lower back muscles are strained, and it is estimated that the pain will last for half a month. It will be fine." Lin Tianchen closed the medical record folder and said.

Rong Shu smiled, "It doesn't matter, compared to him, this is a small problem for me."

"That's true." Lin Tianchen nodded.

Rong Shu looked at the man on the hospital bed, "He..." He

seemed to know what she wanted to ask, Lin Tianchen put the medical record folder under his arm, put his hands in the pockets of his white coat and said, "He doesn't have a big problem now, it's just... .."

"Doctor Lin!" Assistant Zhang interrupted him suddenly, with a serious expression.

Lin Tianchen seemed to think of something, shrugged his shoulders, "Sorry, he won't let me talk."

Seeing that he had no choice, Rong Shu had to look at Assistant Zhang, "Assistant Zhang, please tell me, does he still have Fu Jingting? What's the problem?"

Fu Jingting was lying here because of her.

If there is anything wrong with Fu Jingting, she will be uneasy for the rest of her life.

"Is there any problem with Mr. Fu? It's not something you should care about, Miss Rong." Assistant Zhang looked at Rong Shu and said coldly, "Anyway, Miss Rong doesn't like to see us, Mr. Fu. What are you asking about? I asked Miss Rong. What else can you do for our President Fu? Just like before, wouldn't it be good to be indifferent to President Fu? So now I came to care about our President Fu, Miss Rong, don't you think you are fake?"

Rong Shu's expression froze . .

Lu Qi was even more angry, "Zhang Cheng, what are you talking about?"

"Did I say something wrong?" Assistant Zhang looked at him with a sneer, "President Fu was injured for Miss Rong before, right? How did Miss Rong behave at that time? It was indifference, and she pretended to be invisible, so now she comes to care about President Fu, who cares?"

He just doesn't like Rong Shu right now.

It is true that this time it was President Fu who jumped off the cliff by himself. He rationally knew that President Fu was injured, and he couldn't blame Rong Shu, but emotionally, he couldn't accept it.

Why?

Even if Mr. Fu felt sorry for her during those six years of marriage, he wouldn't have to lose his life to make up for her, right?

And it took her life to exchange her concern, how ridiculous.

"Okay, it's not uncommon, right?" Lu Qi laughed angrily when he heard Assistant Zhang's words, "Okay, then let's go, baby, did you hear that, his subordinates said it's not uncommon, so we... ""..."

"Okay, Aqi." Rong Shu pulled Lu Qi's arm, lowered her eyelids, and said in a somber voice, "Assistant Zhang is right."

"Where is he wrong?" Lu Qi's eyes widened.

Rong Shu's lips moved, and she was about to say something, but Lin Tianchen, who had never spoken, squinted and said, "Enough, this is the ward, not the place where you quarrel, and more."

He looked at Assistant Zhang coldly, "Rong Shu is the one I'm protecting, it's not your turn to target her, this time for Fu Jingting's sake of saving him, I'll spare you, and next time, Be careful what I do with your boss."

"You..." Assistant Zhang's eyes widened in disbelief, then he snorted angrily and turned his head away.

Chapter 448 Li Chuan has changed

Only then did Lin Tianchen withdraw his gaze.

Rong Shu pursed her pale lips and looked at him displeasely, "Doctor Lin, you can't do this."

Lin Tianchen's glasses reflected light, "Don't worry, I just deliberately scare him, I didn't plan to do it for real. "

Really?" Rong Shu squinted her eyes, obviously a little disbelieving.

This person, said to be a doctor, is actually more like a devil. When Gu Manyin was regarded as her before, he even dared to kill for Gu Manyin.

So she absolutely believed that Fu Jingting could do it and dared to do it.

"Of course, I'll let everyone down, but I won't let you down." Lin Tianchen patted her on the shoulder, "Okay, just watch him if you want, I'll go out first."

After speaking, he retracted Putting his hand back into the pocket of his white coat, he walked out of the ward.

Rong Shu looked at Fu Jingting, "Aqi, Assistant Zhang, can you go out too? I want to be alone with him for a while."

Assistant Zhang frowned, but he didn't say no, and went out.

Lu Qi didn't leave, "Baby, he hasn't woken up yet, what do you have to be alone with him, he can't hear what you say."

"I know, I have my own thoughts, you go out, Qi. "Rong Shu turned her head and looked at him incredulously.

Lu Qi had no choice but to agree, turning around and walking towards the door.

Outside the ward, Lu Qi was about to ask Assistant Zhang to say something when the phone suddenly rang.

When I took it out, Li Chuan called.

Assistant Zhang was standing next to him, and naturally saw the screen of his mobile phone, and when he saw the words Li Chuan, he sneered, "The culprit is finally willing to show up, I thought he knew that he made President Fu and Miss Rong like this, So I don't dare to come out."

Three days ago, the day President Fu and Miss Rong fell off the cliff.

After Mr. Fu and Miss Rong fell off the cliff, he was busy looking for a search and rescue team to find someone to find a way to go down the mountain.

As for Li Chuan, he disappeared without a trace, even after he found Miss Rong and President Fu, Li Chuan never appeared.

So he didn't care what Li Chuan did for the three days he was missing, anyway, he just assumed that Li Chuan had been implicated and hid.

Lu Qi glared at Assistant Zhang, although he was dissatisfied with what Assistant Zhang said, he couldn't refute it.

Because since the accident of Rong Shu and Fu Jingting, Li Chuan has indeed not shown up.

Rubbing his temples, Lu Qi answered the phone.

“Sister woke up, right?” Li Chuan’s voice was hoarse, with a strange feeling that people couldn’t tell. .

When Lu Qi heard something wrong, he always felt that Li Chuan seemed to have changed, but he couldn’t tell what had changed, so he nodded and replied, “Yes.”

“That’s good.” Li Chuan’s voice sounded again.

Lu Qi pursed his lips and asked, “Li Chuan, tell me honestly, where did Babe and Fu Jingting go after they fell off the cliff? Why didn’t you go with Zhang Cheng and the others? Why didn’t you show up for the past two days?”

On the other end of the phone, Li Chuan, who was staying in a dark room, suddenly raised his head, a scarlet light flashed in his eyes, “Because I’m doing something.”

“What is it that makes you not even looking for anyone?” Lu Qi growled angrily.

Li Chuan’s expression was even more bizarre, “It’s none of your business, tell my sister, I’ll come to the hospital to see her later.”

After that, he hung up the phone.

Lu Qi stomped his feet angrily, “This bastard!”

“What’s wrong, Aqi?” Rong Shu came out of Fu Jingting’s ward, just in time to hear Lu Qi swearing, and asked.

Lu Qi put down his phone, “It’s not Li Chuan. I asked him why he hasn’t shown up these days, but he wouldn’t tell the truth.”

Speaking of Li Chuan, Rong Shu just remembered something and asked, “By the way, how is Xiao Chuan?”

“He?” Lu Qi pouted, “He has nothing to do.

” not worried.

Lu Qi looked at her, “Baby, this matter is entirely Li Chuan’s grievance with that Ye Ping, you were taken away by Ye Ping entirely because of Li Chuan, you don’t blame Li Chuan, forget it, but you are still worried about Li Chuan. Is there anything wrong?”

“Okay, Aqi, I know what you mean. Although this incident was indeed caused by Xiaochuan, Xiaochuan didn’t know in advance that it would affect me. If he knew, he might have done it earlier. I won’t let Ye Yu have a chance to take action against me, so it’s just unpredictable, I can’t blame Xiaochuan, go back first, my back hurts so much that I can’t stand up.” Rong Shu said while holding her back.

Seeing her like this, Lu Qi felt distressed, "I'll help you."

Rong Shu hummed, then looked at Assistant Zhang, "I'll come to see him later."

Assistant Zhang didn't say anything, just pretended he didn't hear it, and directly He opened the door and entered Fu Jingting's ward.

Seeing this, Lu Qi gritted his teeth angrily, "What's the attitude of this person? He used to be a person who was easy to get along with, why now..."

"I can understand." Rong Shu lowered her eyes and said softly, "Fu Jingting is not only his boss, He's also his brother and friend, Fu Jingting couldn't blame me because of my injury, let's go."

After returning to the ward and going to the bathroom, Lu Qi helped her to the hospital bed, and then gave her some more After eating, let her lie down and sleep.

In the afternoon, Li Chuan appeared in the hospital and gave Rong Shu a creepy smile, "Sister."

The moment he saw him, Rong Shu was startled, then frowned, looking into his eyes, there was something An indescribable sense of inconsistency.

Ogawa has changed!

This was the first time Rong Shu saw Li Chuan, and four words immediately popped into his mind.

First, the style of clothing has changed.

Before, Xiaochuan basically wore white clothes, but now Xiaochuan is all black, from head to toe.

The hairstyle has also changed. Before, it was the broken hair that was hanging down, covering the forehead, giving a gentle and fresh feeling.

Now that all the hair is combed up, the forehead is exposed, and the hair is cut shorter than before, looking less gentle and more unruly.

All in all, the current Xiaochuan, and the previous Xiaochuan, are completely two people.

Not to mention Rong Shu, Lu Qi was also stunned by such Li Chuan.

He finally knew what was going on with the weirdness he felt on the phone in the morning, because the Li Chuan in front of him was not the familiar Li Chuan he knew, but the unfamiliar Li Chuan.

Yes, strange!

“Hey, Li Chuan, what have you been through these three days? How did you become like this?” Lu Qi looked at Li Chuan and asked.

Li Chuan ignored him, then walked to the edge of the hospital bed, suddenly hugged Rong Shu, who was sitting on the head of the bed, and buried his head on Rong Shu’s shoulder, as if seeing each other again after a long absence, “Sister, we finally meet. “

Finally?” Rong Shu frowned deeper.

Then, she suddenly pushed him away.

Li Chuan was pushed and staggered. He grabbed the fence of the hospital bed to stabilize his body, and then a wicked smile appeared on the corner of his mouth, “Sister, why are you pushing me?”

“Who are you?” Rong Shu clenched her palms, alert staring at him.

Lu Qi blinked, “Baby, why did you ask him that?”

“Yes, sister.” Li Chuan smiled lowly, “I am Xiaochuan.”

“No, you are not Xiaochuan.” Rong Shu was very He shook his head affirmatively, “It should be said, you are not the Xiaochuan I know, you are Xiaochuan’s sub-personality.”

“What?” Lu Qi exclaimed, looking at Li Chuan in disbelief, “Sub-personality?”

Li Chuan didn’t expect Rong Shu to see through his true identity at once, and the smile on his face froze.

But soon, he pretended that nothing had happened, and laughed again, “I didn’t expect you to see it all, but how did you see it?”

“Are you really a sub-personality?” Lu Raise your voice.

Rong Shu pursed her lips, "He is."

"How is this possible!" Lu Qi was only surprised, "How could he have a dual personality? Isn't he only mentally ill?"

Rong Shu clenched her hands tightly, "You forgot, Lin Tianchen said that if the mental illness is severe enough, it is possible to have a dual personality. When Lin Tianchen gave Xiaochuan psychological treatment before, he told me that the possibility of Xiaochuan having another personality is very high. It happened ."

She looked at Li Chuan with complicated eyes.

Li Chuan smiled at her, as if he didn't know that the person being discussed was himself.

Lu Qi swallowed his saliva, "I've seen it on TV before, and many people will have dual personalities when they are stimulated. Could it be that he came out because you fell off a cliff and stimulated him?"

He Pointing to Li Chuan.

Li Chuan looked at his hand, squinted his eyes gloomily, and then directly patted his hand away, "What do you mean by me, I've always existed, but that idiot kept pressing me down and wouldn't let me out. , until this time, he knew that he had harmed sister you, and the psychological defense was broken, and I finally came out."

Hearing this, Rong Shu's face changed slightly, "You mean, you were born long ago? And Xiaochuan also knows Your existence?"

"No way?" Lu Qi was stunned.

Li Chuan pulled out the chair and sat down, cocked Erlang's legs that would never be raised before, and replied frivolously, "Yes, we not only know each other's existence, but we have also talked to each other."

"Can we talk?" Lu Qi was surprised. Looking at Li Chuan, "How is this possible."

"It's not impossible, I was born on that idiot's eighteenth birthday. During the period of time when I was just born, I alternated with that idiot, and then I was with him. I had the right words on the writing board and understood everything about the other party. I knew that the person that idiot cared about the most was you, and I was influenced by him, and gradually, I became interested in you, sister."

Speaking of which, Li Chuan seemed to have thought of something, and smiled grimly, "But after that idiot noticed it, he actually found a psychiatrist and wanted to destroy me, but unfortunately I was very strong from birth, so I avoided that The death of the second

time, but it also fell into a deep sleep, until he finally woke up three days ago, and now...”

Li Chuan opened his arms with a cheerful look, “This body is finally mine, I can do whatever I want. What, I will return the hatred back then and make that idiot disappear completely, so this body is completely mine.”

“No!” Rong Shu immediately became anxious, grabbed the quilt and stared at him. “This is Xiaochuan’s body, he is the main character, you can’t do this!”

“Why not?” Li Chuan looked at her with a smile, “I think this body is the most suitable for me, but for that idiot. It’s a waste, that idiot likes you, but he never dared to say it. Instead, he imitated Fu Jingting and appeared in front of you with a gentle appearance to hide his own nature. It’s really stupid, and I don’t it ‘s the same.”

He leaned over to Rong Shu, his voice was deliberately lowered to make it sound more magnetic and sexy, “I like you, I dare to tell you directly, and I don’t write to hide my nature, I’m more real than him Too many, and that idiot refused to go back to the Ye family to inherit the family business because he resented Ye Guochen, and let the family business of the Ye family be missed by a group of illegitimate children.”

He clicked his tongue twice, “Does he think he is doing this very loftily? But in my opinion, it is stupid. Even if he hates Ye Guochen, there is absolutely no conflict between inheriting the family business and hating Ye Guochen. He can even throw Ye Guochen out of the house after inheriting the family business. I was targeted by the illegitimate child, and in the end, sister, you were taken away by the illegitimate child. If it was me, I would have killed the illegitimate child long ago, so I am better than that idiot everywhere, sister, what about me?”

“Don’t even think about it!” Before Rong Shu could speak, Lu Qi pushed Li Chuan away.

Li Chuan seemed to be annoyed, he glanced down at his pushed shoulder, then turned his eyes to Lu Qi’s face, and said in a gloomy voice, “Lu Qi, I’m not that idiot, that idiot has a dark mind and is obviously a bad person. , but I can still reserve a little tolerance for people who have a good relationship in my heart, but I won’t, if you dare to provoke me, I will dare to kill you.”

His tone was cold and without the slightest emotion.

Lu Qi froze, “You...”

“Aqi.” Rong Shu released the quilt, took his arm, and shook his head at him, “Don’t confront him, we don’t know him, so Don’t be impulsive.”

From the moment this Li Chuan appeared, she knew that he was definitely not a good person.

It is true that although Xiaochuan pretended to be gentle before, he was actually very dark in his heart, but he still had this kindness, and his true character was more stable.

But this Li Chuan is completely black, and his personality is also rambunctious. He has no rules, and people don't know what he is thinking and what he will do in the next second, so this is completely a lunatic.

And such a person can never be confronted, let alone an enemy.

Seeing Rong Shu's vigilance, Li Chuan pretended to be disappointed and sighed, "Sister, you seem to be afraid of me, you really make me sad, you are not like that to that idiot, you are gentle and kind to him. Tolerance, why are you so indifferent to me, I am also Li Chuan."

"No, you are not Xiaochuan, even if you are also the consciousness of the birth of this body, but you are not the Xiaochuan that I know and recognize." Rong Shu said coldly.

Lu Tou, "That's right." Li Chuan

narrowed his eyes, and then smiled lowly, "Sister, you are really heartless, you actually rejected me completely, but it doesn't matter, I will let you recognize me.

"If you think too much, I won't recognize you, not now, nor in the future." Rong Shu replied directly.

Her Xiaochuan is not the one in front of her.

Li Chuan wasn't angry either, and shrugged his shoulders, "I'll let you agree with that, but not now, I'm going back to the capital to deal with the chops, and I'll be back after I'm done. At that time, I Not only will I make you recognize me, I will also pursue you strongly, believe me, I am the man who is most suitable for you."

After speaking, Li Chuan gave her a meaningful smile, then turned and left the ward.

Rong Shu bit her lip and looked at the door of the ward, wondering what she was thinking.

And when Lu Qi came back after closing the door, the whole person was very angry, "This bastard really isn't Li Chuan, these words, Li Chuan didn't say at all, no, the more you think about it, the more angry you are, baby, what the hell is Li Chuan doing? , how can I let this personality take over the body?"

Rong Shu shook her head, "I don't know, what I'm worried about now is that this personality will really find a psychiatrist to eliminate Xiaochuan, and in that case, Xiaochuan will never come back. Now , this body has really become this personality."

“But we can’t stop this matter, he is going to the capital soon, we can’t follow him, so we can’t stop him from finding a psychiatrist to eliminate it. Li Chuan.” Lu Qi said in a deep voice.

Rong Shu lowered his eyes, “Yes, there is really no way, so now we can only hope that Xiaochuan can fall into a deep sleep with a strong will like this sub-personality, instead of being destroyed. In this case, we may still be able to kill Xiaochuan. call back.”

Chapter 450 Return to Tiansheng

“Hopefully.” Lu Qi sighed.

After that, neither of them spoke, and fell into silence.

Because of this Li Chuan’s appearance, they still haven’t recovered from the shock.

Early the next morning, Li Chuan’s personal Weibo account issued a statement to withdraw from the circle.

For a time, both the entertainment circle and the fashion circle seemed to be shaken, and there were heated discussions about why Li Chuan suddenly quit the circle, and he didn’t even attend the press conference of his withdrawal.

Even many fans of Li Chuan could not accept this. They spontaneously gathered and went to squat outside the community where Li Chuan lived, hoping to squat in Li Chuan and listen to Li Chuan’s words about whether it was true or not and why.

However, after squatting for a day, Li Chuan was not seen. There were more radical fans, so they broke into the community and the house where Li Chuan lived, only to find that the place where Li Chuan lived was already empty.

Li Chuan disappeared.

This topic instantly hit the hot search list, making netizens speculate about where Li Chuan went.

However, no matter how they guessed, they still didn’t know where Li Chuan went, and why he suddenly and silently retreated from the circle.

All in all, Li Chuan’s withdrawal and disappearance have become the biggest secrets in the entertainment and fashion circles this year.

Rong Shu sat on the edge of Fu Jingting’s hospital bed, watching the turmoil on the Internet, her lips could not help pursing.

She knew why Li Chuan quit the circle.

Because I was going back to the capital, I went back to Ye's house.

This is what Li Chuan said last night.

Although it was not very good, she really hoped that Li Chuan would go back to the Ye family and help Xiaochuan clean up the Ye family.

Yes, although she knew that the real Xiaochuan had a dark personality, but she didn't want him to do some dark things. She hoped that Xiaochuan's hands would be clean.

So let this Li Chuan do the dark things.

There is another reason why she wants this Li Chuan to go back, that is, she doesn't know how to get along with this Li Chuan.

As I was thinking, the phone rang.

Rong Shu looked down, Chen Xingnuo was calling.

Seeing the caller ID, she sighed and knew the purpose of Chen Xingnuo's call.

"Xingnuo, you are leaving, right?" Rong Shu answered the phone, and she kept asking her own question.

Chen Xingnuo opened his mouth in surprise, "Mr. Rong, you know?"

"I guessed it." Rong Shu chuckled, "You came to Haishi to find Xiaochuan, and now Xiaochuan wants to go back to the capital, your mission is not a problem. It's finished, so naturally I have to go back."

Hearing Rong Shu's words, Chen Xingnuo calmed down, "It turns out that President Rong already knows that Li Chuan is the young master."

"Well, I knew it a few days ago." Rong Shu nodded. .

Chen Xingnuo said embarrassedly, "Yes, President Rong, I'm calling you to resign to you. I'm going back to the capital."

"Okay, I agree." Rong Shu replied, and then squeezed tightly. Lips, but..."

"But what? Chen Xingnuo asked suspiciously.

Rong Shu sighed, "That's right, I need your help for something, Li Chuan has a mental illness, you know, right? "

"I know." "Chen Xingnuo hummed.

Rong Shu said again, "Just two days ago, because of some things, Xiaochuan was stimulated, and his sub-personality was born... No, it wasn't born, he was born a long time ago. , but has been in a state of deep sleep, but now that sub-personality has awakened, occupies the dominance of Ogawa's body, and is hostile to the main character of Xiaochuan, and plans to find a psychiatrist to eliminate the main character of Xiaochuan. "

"What?" Hearing Rong Shu's words, Chen Xingnuo's voice instantly increased, "Mr. Rong, you mean, the current Li Chuan is not the previous Li Chuan?"

"Yes, it is Xiaochuan's sub-personality, an extremely dark person. Personality, he wants to eliminate Xiaochuan as the main character and monopolize his body, so I hope you will keep an eye on him after returning to the capital, and you must not let him find a psychiatrist to eliminate Xiaochuan, please." Rong Shu clenched her phone tightly and begged.

Chen Xingnuo also realized the seriousness of the matter, and nodded with a serious expression, "I know President Rong, don't worry, I will."

Although this sub-personality is also Li Chuan, President Rong said that this sub-personality is extremely A dark personality, full of uncertainty and danger.

Just because of this, she wants to let the previous Li Chuan come back.

"Thank you." Hearing that Chen Xingnuo agreed, Rong Shu quickly thanked him excitedly, and finally felt relieved.

After the two said something, they hung up the phone.

Rong Shu put down her phone and looked down at Fu Jingting on the hospital bed.

It's been two days since he came back, and he still hasn't woken up.

Rong Shu reached out and touched Fu Jingting's forehead. The fever had completely subsided, but why couldn't he wake up?

"Baby." At this moment, there was a knock on the door of the ward.

Rong Shu took her hand from Fu Jingting's forehead, turned her head to look at the door, saw Li Chuan standing outside the door, and asked, "What's wrong?"

"Don't you want to go to Tiancheng, it's almost time." Lu He put his handle down from the door and reminded.

Rong Shu was startled and stood up quickly, "Yes, I almost forgot."

Since being attacked by Li Zhaodi, she has not been to Tiancheng for almost half a month.

Although Ah Qi had always reported to her that Tian Cheng was fine, but she had not personally understood it, so she was always worried.

After all, Duan Xingbang's group has always been eyeing them.

Now that her eyes are healed, it is time to return to Tiancheng to preside over the overall situation and intimidate Duan Xingbang, otherwise Duan Xingbang would think she was dead.

"Let's go." Rong Shu tucked Fu Jingting's quilt, turned and walked towards the door.

Seeing her coming out, Lu Qi looked at the hospital bed not far behind her, and pouted, "Are you really going to take care of him next?"

"Well." Rong Shu nodded seriously, "He did it to save me. That's why I can't be irresponsible and take care of him until he recovers, which is what I should do."

"I know, but I'm a little worried." Lu Qi walked side by side with her.

Rong Shu turned her head and glanced at him, "What are you worried about?"

"Of course you are worried that you will fall in love with him again. You take care of him, you are inseparable from him, and then your feelings will gradually develop, so..."

The words later, He didn't say it, but Rong Shu already understood what he meant.

He was worried that she would take care of Fu Jingting for a long time, and if she spent more time with Fu Jingting, she would open up to Fu Jingting again.

However, this is impossible.

Rong Shu lowered her eyelids, "Okay, don't think too much, how can you fall in love so easily."

"I'm not afraid of ten thousand, but I'm afraid of what happens." Lu Qi spread his hands.

Rong Shu's eyes flickered for a moment, she stopped talking, and went into her ward to change her clothes.

An hour later, she came to Tiansheng.

Soon, the news of her coming back to work spread throughout the building through a group message posted by the front desk.

Duan Xingbang was still drinking tea leisurely, but when he heard the assistant's words, he suddenly stood up in shock, "What did you say? She's back?"

"Yes, Mr. Duan, Mr. Rong is indeed back, and he's gone now. Her office." The assistant nodded.

Duan Xingbang's face turned pale and ugly, "Damn, why is she back at this time, does she know what I'm going to do?"
