Chapter 451 The life of the heart

“What are you going to continue?” Duan Xingbang scratched his hair angrily, and said irritably, “Let’s go on, stop things first, and don’t let her find out.”

“Yes.” The assistant nodded, and then withdrew respectfully.

Duan Xingbang was alone in the office, and angrily swept everything on the table to the ground, his face was red and his neck was thick.

He originally planned to set a trap for the surnamed Lu while Rong Shu was not in Tianzhu, and let the surnamed Lu jump in, making a big mistake.

In this way, he has an excuse to confront Rong Shu and ask Rong Shu to hand over the management right in his hand.

After all, the surnamed Lu was just hanging on Tiancheng’s director’s name, and to put it bluntly, he was Tiancheng’s foreign aid.

Rong Shu handed over the management power to a foreign aid, and people in the group who were not happy or at ease grabbed one by one.

So as long as the surnamed Lu made a mistake, those in the group who had opinions on the surnamed Lu would naturally target Rong Shu.

In this way, it would be much easier for him to ask for the half-management right back.

However, his plan has just been ordered, and before the fact, Rong Shu came back.

When Rong Shu came back, the surnamed Lu was about to leave, so he still counted on the surnamed Lu, what a shit!

In short, the only way to find another opportunity is to find a way to get back the management right.

On the other hand, Rong Shu, who returned to her office, didn’t know what Duan Xingbang was doing, so she didn’t know her return, and inadvertently disintegrated Duan Xingbang’s conspiracy.

She pulled out her office chair and sat down, putting her bag on the table.

Opposite, Secretary Tong stood with the folder, “Mr. Rong, welcome back.”

“Thank you.” Rong Shu turned on the computer and smiled.

“By the way, Mr. Rong, Minister Chen of the Finance Department submitted his resignation letter this morning.” Secretary Tong said, took out a resignation letter from the folder and handed it to Rong Shu.

Rong Shu reached out and took it, “I already know about Xingnuo’s resignation. She called me in the morning, so during this time, the finance department will trouble you to manage it temporarily.”

“I know President Rong.” Secretary Tong closed the folder and responded.

Rong Shu signed Chen Xingnuo’s resignation letter and handed it back to her, “In a while, you can drop by HR and ask HR to check if there is anyone in the industry who is suitable for the position of Finance Minister. If so, ask HR. Give me the information from the Ministry.”

The position of Finance Minister is so important, she dare not recruit new people, nor can she directly promote from the group.

After all, there were too many people from Duan Xingbang in the group, and she couldn’t guarantee that the finance minister she promoted was not from Duan Xingbang.

Therefore, the Minister of Finance, she can only find it in the industry. It is best to dig a foothold. If she can’t dig it, she can simply cultivate it herself, although it will take a long time.

In short, she is absolutely impossible for Duan Xingbang in such an important position.

“Okay, Mr. Rong.” Secretary Tong nodded.

Rong Shu took a document and opened it in front of him, “If you have nothing to do, go and do it first.”

“Yes.” Secretary Tong turned around and went out.

Rong Shu began to process the file.

In the afternoon, she ended her work early and asked the driver to take herself to the First Hospital.

At the same time, in the first hospital, in the senior ward, Fu Jingting coughed twice and finally opened his eyes.

Since I hadn’t seen light for a long time, when I opened my eyes, I was stabbed by the white light, and it took me a while to get used to it again.

Assistant Zhang was smoking outside the ward. Hearing the movement inside the door, he was startled at first, then quickly threw away half of the cigarette in his hand, crushed it with his foot, and walked into the ward quickly.

“President Fu!” Assistant Zhang shouted excitedly when the man on the hospital bed opened his eyes.

Fu Jingting turned his head to look, “Zhang Cheng.”

“Fu is always me.” Assistant Zhang came to the side of the hospital bed, and said in a happy tone, “That’s great, Mr. Fu, it’s been three or four days, and you’ve finally woken up.”

“Three or four days?” Fu Jingting frowned. Obviously he didn’t know he had been in a coma for so long.

All he knew was that in the second half of the night in the cave, his head started to get hot and heavier, and then he passed out.

Unexpectedly, this faint is three or four days!

When did he become so weak?

Fu Jingting pursed his thin lips tightly, feeling very dissatisfied with his physical condition.

He put his hands on the sheets, ready to sit up.

When Assistant Zhang saw this, he hurriedly stopped him, “President Fu, don’t move, the wound on your back will open, and your internal organs have not recovered, so you need to lie down and rest.”

“Visceral organs?” Fu Jingting’s face changed slightly, “My internal organs have not recovered. What’s the matter?”

“It’s up to me to talk about this. As a doctor, I am more professional.” At this moment, Lin Tianchen’s voice came from the door.

Fu Jingting and Assistant Zhang looked together.

Lin Tianchen leaned against the door frame of the ward, turning a scalpel in his hand. He didn’t know when he came, but there was no sound at all.

Seeing the two of them looking at him, Lin Tianchen pushed his glasses, and the shape was no longer concave. He put away the scalpel and walked in, and then his eyes fell on Fu Jingting’s left chest, “Your body was hit very hard. , Let’s not talk about the back

injury, your liver and spleen have a slight rupture, of course, the most serious thing is your heart.”

“My heart?” Hearing this, Fu Jingting’s pupils shrank, and he raised his hand to the On his chest, “What’s wrong with my heart?”

“Your heart...”

As Lin Tianchen was about to answer, Assistant Zhang suddenly clenched his fists and interrupted eagerly, “Doctor Lin, you can’t say it.”

“Why can’t you say it? Fu Jingting’s face sank, and he looked at Zhang Assistant displeasdedly.reason.

Assistant Zhang avoided his eyes, “I’m sorry Mr. Fu, you better not know about this matter, I’m afraid you can’t bear it...”

“Can’t bear it?” Fu Jingting narrowed his eyes and said coldly, “You When I am Fu Jingting, what is it? Is it a weak person? I don’t even have the ability to bear it psychologically? Also, this is my heart, don’t I have the right to know?”

“President Fu, I didn’t mean that, I just... ..”

“Enough, shut up!” Fu Jingting scolded him, then looked at Lin Tianchen, “Tell me, what’s wrong with my heart?”

“Since you asked me to speak, then I’ll speak.” Lin Tianchen shrugged his shoulders, and then his expression became serious, “Your heart has been transplanted, and it is inherently more fragile than a normal heart, but this time the impact has slightly ruptured the heart valve, so the lifespan of this heart has been greatly shortened. That’s it.”

After speaking, he looked at Fu Jingting.

Surprisingly, Fu Jingting didn’t show any expression. Knowing that his heart’s lifespan was shortened, he was not even a bit surprised or shocked.

This made Lin Tianchen a little surprised.

Is he too calm?

It’s not normal to be calm.

In fact, it wasn’t that Fu Jingting didn’t respond, but he had already guessed it and was mentally prepared.

Just now, when Lin Tianchen talked about his heart and was stopped by Zhang Cheng, he realized that there might be a serious problem with his heart.

Therefore, when he heard Lin Tianchen's words later, he didn't have much reaction.

On the contrary, there is a sense of dust settlement as expected.

"Mr. Fu..." Seeing that Fu Jingting's eyelids could not clearly see his emotions, Assistant Zhang thought he was hit, and asked anxiously, "Are you all right?"

Fu Jingting's eyes flashed, "I'm fine, this heart How long does it have to live?"

He pointed to his chest and asked Lin Tianchen.

#### Chapter 452 Fu Jingting's Decision

Lin Tianchen put his hands in the pockets of your white coat, "According to the cardiology department, it is about three years."

"Three years..." Fu Jingting's fists tightened suddenly.

It got so short all of a sudden.

You must know that the lifespan of this heart is the same as the lifespan of a normal heart.

"Yes, three years, so if you want to continue living, you must find a new suitable heart within three years." Lin Tianchen raised three fingers and replied.

Assistant Zhang's eyes were red, "How is this possible! President Fu's system and blood type are special, so it's hard to find a suitable heart, or you wouldn't have been looking for 24 years before and couldn't find it, so you have to find a suitable heart within three years. , this is simply a fool's dream!"

"Then I have no choice, if I can't find it, then I will die!" Lin Tianchen spread his hands in disapproval.

Looking at him like this, Assistant Zhang was instantly irritated, "What are you talking about, you are a doctor, and you actually say something that makes the patient wait to die?"

"What else?" Lin Tianchen looked at him indifferently, "I'm a doctor, but I'm not an organ producer. If I don't have organs, the doctor can't save him, so I just told the truth."

"You..."

“Enough!” Fu Jingting rubbed his eyebrows and scolded him in a low voice. He said, “Zhang Cheng, you step back, he is right, no one can save me without a heart, I really have to wait to die.”

“I know, but I can’t understand his tone.” Assistant Zhang’s eyes Angrily pointed at Lin Tianchen.

Lin Tianchen pushed his glasses, “Instead of listening to me here and feeling that my words are too ruthless, you might as well find a way to find a suitable heart for your boss, after all, your boss only has three years, these three years Every day you live, you are fighting for your life with the god of death, maybe in the end you are lucky and find a suitable heart, then your boss can continue to live

. about to go.

Fu Jingting stopped him, “Wait a minute.”

“Is there something wrong with Mr. Fu?” Lin Tianchen stopped and looked at Fu Jingting from the corner of his face.

Fu Jingting pursed his thin lips, “You can’t tell me about my heart problem, otherwise...”

Before he could finish his words, Lin Tianchen interrupted him, “Don’t worry, as a doctor, keeping secrets for patients is the most important thing. Basically, besides, I’m not interested in spreading your story, I didn’t say anything about it when Rong Shu asked it yesterday, right, Assistant Zhang?”

Assistant Zhang sneered.

Didn’t you say it?

Obviously he didn’t say anything because he stopped him.

“Rong Shu?” Fu Jingting was stunned for a moment, then he asked nervously, “How is Rong Shu now?”

“You ask him, he knows best.” Lin Tianchen pouted at Assistant Zhang and went out. ward.

Only Fu Jingting and Assistant Zhang were left in the ward.

Assistant Zhang faced Fu Jingting’s questioning eyes, and he didn’t want to answer, so he could only answer, “She’s fine, she has your help, it’s very good, how could something happen.”

Hearing his dissatisfaction with Rong Shu, Fu Jingting frowned. After hearing the word Chuan, his voice was a little displeased, "Do you have any opinion on Rong Shu?"

Assistant Zhang did not hide his dissatisfaction with Rong Shu, so when Fu Jingting heard it, he directly admitted, "Yes, I am very dissatisfied with her now. , Mr. Fu, you have suffered too many injuries for her. I didn't say it a few times before. This time, you will only have three years of life left. Tell me, how could I still have a good face towards her?"

Fu Jingting cold Staring at him coldly, "Looking at you following me for so many years, it's for the sake of my injustice, this time I'll let you go, next time you say Rong Shu is not good in front of me, don't blame me You're welcome."

"President Fu?" Assistant Zhang stared at Fu Jingting in disbelief.

Fu Jingting said indifferently, "This time, it has nothing to do with Rong Shu, I am going to save her myself, and I am the one who jumped off the cliff myself. You blame her for all this. This is an obvious anger. Zhang When did you become so irrational, Cheng?"

Assistant Zhang opened his mouth after listening to him, and then spoke again after a while, "I'm sorry Mr. Fu..." Fu

Jingting raised his hand, "Forget it, this is the end of the matter. So far, don't mention it again, let alone have any dissatisfaction with Rong Shu, have you heard?"

"Yes." Assistant Zhang lowered his eyelids, suppressed the reluctance in his heart, and nodded in response.

Fu Jingting rubbed his swollen temples, "Where is Rong Shu now?"

"She has nothing to do with her, she was discharged from the hospital this morning, and should be in Tiancheng now." Assistant Zhang replied.

Fu Jingting snorted, "She's fine, I'm not allowed to tell her about my heart."

Although he jumped off the cliff himself, if Rong Shu knew, she would definitely take all the blame on herself. She thinks that he's doing this because of her.

So it's best not to let her know about this.

"Don't worry, President Fu, I never planned to tell her." Assistant Zhang replied.

I don't plan to tell Rong Shu, but I don't think Rong Shu will blame herself.

But he was afraid that Rong Shu would tell President Fu, that President Fu would not be able to withstand this blow.

It's just that Mr. Fu now knows, and Mr. Fu has calmly accepted that he has only three years of life.

Fu Jingting didn't know the real reason why Assistant Zhang didn't tell Rong Shu.

For him, no matter what he says, it's fine as long as he doesn't tell Rong Shu.

"And my grandmother, my mother, and Jing Lin, don't tell them either. I don't want them to worry." Fu Jingting leaned against the bed and said.

Assistant Zhang nodded, "I know Mr. Fu, I didn't tell the old lady, I didn't even let them know that you fell off the cliff in order to save Miss Rong, including the outside world. You're on a business trip, otherwise, the group and the stock market would have been in chaos long ago, and all the headlines on the Internet would be your falling off a cliff."

"You did a good job." Fu Jingting praised.

Assistant Zhang's voice was a little stiff, "Mr. Fu, I will definitely find a heart for you, and you will definitely survive." Have you

found a suitable heart?

Fu Jingting's thin lips pulled out a shallow arc, "Yeah, then come on."

Having said that, all of them knew that the chance of finding a suitable heart was almost zero.

So it's just psychological comfort.

"How was Jinglin's game?" Fu Jingting suddenly thought of something and asked.

Assistant Zhang thought for a while and then replied, "Second Young Master's U17 expedition is over, our country has successfully obtained tickets to the World Basketball Cup, and now the first round of the knockout round is being held."

"Well." Fu Jingting nodded slightly and said Understand, then lowered his eyes and said in a low voice, "After the basketball cup is over, you will go through the retirement procedures for Jing Lin, and then transfer Jing Lin to an elite school."

"President Fu?" After hearing this, Assistant Zhang's face changed greatly.

Mr. Fu, what does this mean?

Is it because you know that you may not live for a few years, so you plan to start training the second young master to be your successor?

Fu Jingting knew what Assistant Zhang was shocked, and pursed his lips and changed the subject, "Okay, let me ask you, how did Rong Shu and I get back to Haishi?"

"I brought someone to find you at a villager's house." Assistant Zhang knew that Fu Jingting was deliberately changing the subject, and replied in a muffled voice.

He has now determined that President Fu is indeed planning to train the second young master.

Although he understood, he couldn't accept it.

Doesn't Mr. Fu have the confidence to survive?

Although the heart is hard to find, there is no guarantee that a miracle will not happen, right?

"The villagers' homes?" Fu Jingting's eyes flashed with suspicion.

How could it be a villager's house?

Isn't it a cave?

## **Read This Time, I Will Get My Divorce Chapter 453-454**

Chapter 453 The whereabouts of Ye Yu

"Yes." Assistant Zhang nodded, "I took people along the way based on the fabric and footprints you and Miss Rong left, and I happened to see a villager pulling a doctor, and then I took the photo of you and Miss Rong. I went up and asked the villagers if they had seen you. I didn't expect such a coincidence. The villagers told me that you and Miss Rong were at her house, and they also said that the doctor was hired for you and Miss Rong."

God knows that he was at the foot of the mountain . , I was so excited and happy when I saw that lake.

Because he knew that if the weight of the human body fell from the cliff, unless there was a strong typhoon or rockfall, otherwise, the falling trajectory would be vertical and there would be no deviation.

So when he saw the lake at that time, he knew that President Fu and Miss Rong were not dead, and then he asked people to search nearby for clues about their tracks.

Sure enough, I found Miss Rong's cloth strips.

He knew that it must have been left by Miss Rong and President Fu for them, so he found the cave based on the cloth strips, and then in the cave, he found the clothes of Miss Rong and President Fu, but did not see them.

So he knew at the time that he was a step late, Miss Rong and President Fu must have left, so he quickly asked people to look for clues near the cave. After finding the footprints, he followed the footprints and finally found the two of them. .

“So it is.” Fu Jingting nodded.

Assistant Zhang said again, “You were having a high fever at the time. If the villagers hadn’t called for a doctor in time, I’m afraid you would have already...”

He didn’t say anything if he became an idiot later.

But Fu Jingting understood the meaning.

He glanced coldly at Assistant Zhang, and said lightly, “It is true that the villagers found a doctor for me in time, but the real credit should be Rong Shu, who took me down the mountain, or wait for you to find me, who knows who will wait. How long?”

These words made Assistant Zhang open his mouth, unable to speak.

Indeed, if Rong Shu hadn’t brought Mr. Fu to find the villagers, Mr. Fu would have been burned into a fool when they found him.

He still remembered that the villagers told him that when she saw Miss Rong and Mr. Fu, Mr. Fu was on Miss Rong’s back. Mr. Fu was already in a coma at that time, and Ms. Rong was carrying Mr. Fu. They were all weak, and finally fainted from exhaustion.

It was also at that moment that he wanted to understand why the footprints they followed were only those of one person.

“Sorry, Mr. Fu, I said the wrong thing.” Assistant Zhang lowered his head in loss.

Fu Jingting raised his hand, “Have the villagers thanked them?”

“I have already thanked them.” Assistant Zhang replied.

Fu Jingting hummed, “There is another driver, thank him when I find him.”

He said the license plate number.

Assistant Zhang hurriedly wrote down, “President Fu, who is this driver?”

“The person who led Rong Shu up the mountain was also a kind person who stopped Ye Yu’s group.” Fu Jingting said lightly with thin lips. .

Assistant Zhang nodded, “I see, I’ll order someone to find him in a while.”

“Besides, have Ye Yu’s group been caught?” Fu Jingting narrowed his eyes dangerously.

Assistant Zhang shook his head ashamedly, “I’m sorry Mr. Fu, he ran away, Ye Hao’s helicopter handled the flight route in and out of the airspace of the sea and city in advance, and our helicopter was temporarily dispatched from the top floor of the group, so there was no time to handle it. For the flight procedure to go to the sea market, you can only watch Ye Yu’s plane leave the sea market.” The

plane is not a car, as long as the car does not go abroad, it can be driven all over the country.

But the plane is not good. When entering and leaving a certain city or a certain province, the plane must go through the procedures for entry and exit, as well as the flight route. Otherwise, it cannot fly out of the sea, or it will be shot down by the military.

Fu Jingting naturally knew this, so he didn’t mean to blame Assistant Zhang.

He just pursed his thin lips and asked in a deep voice, “So now you’ve lost Ye Yu’s trace, right?”

“Yes.” Assistant Zhang replied, “I have been searching Ye Yu for the past few days, and people from the capital have also been sent, including the military in the capital. It seems that Ye Yu’s plane did not enter the capital. So I guess that after he left Haishi, he flew in other directions, but we don’t know exactly where he flew to.”

“Have you not asked the Beijing military to contact the air forces of other provinces and cities? Yes. When foreign planes enter provinces and cities, the air forces of those provinces and cities will monitor them immediately.” Fu Jingting asked with a frown.

Assistant Zhang pushed down his glasses, “Of course, because of the relationship of the master, when I made this request, the military in Beijing agreed, and contacted the air forces of other provinces and cities as soon as possible, but the The answer from the Air Force was the same. They did not detect that Ye Yu’s plane entered the sky above their province and city, which means that Ye Yu’s plane disappeared.”

“Disappeared?” Fu Jingting snorted coldly, his face gloomy. “It’s not a supernatural event. How could a helicopter suddenly disappear? I think the most likely possibility is that Ye Yu had just parachuted and abandoned the plane shortly after leaving the sea. Only in this way would his plane not be detected.

"If this is the case, it will be even more difficult to find Ye Yu." Assistant Zhang had a serious expression, "After he parachuted, I am afraid he has changed to other means of transport, maybe he is now abroad."

Ye Yuliu The chances of being in the country are very small.

Because Ye Yu pushed Miss Rong off the cliff, and President Fu also jumped off.

Ye Yu knew that no matter if Fu was always alive or dead, the Fu family would never let him go, so he would never stay in the country. Staying in the country would be a dead end.

"Contact all airlines and check the entry and exit status of major airports in the country." Fu Jingting ordered coldly. Assistant Zhang's back straightened, "Yes, I'll go right now!" After speaking, he turned and walked towards the door. As soon as he opened the door of the ward, he saw Rong Shu who raised his hand and was about to knock on the door.

Rong Shu didn't expect that the door would open before she even knocked, so she put down her hand quickly, nodded slightly to Assistant Zhang and shouted, "Assistant Zhang."

Assistant Zhang looked at her and said lightly, "Miss Rong came to see Fu. President?"

"Well." Rong Shu knew that he didn't want to see her, so she didn't say much, just nodded in response.

Assistant Zhang turned sideways to open the door, "Come in, Mr. Fu is already awake."

"Fu Jingting is awake?" Rong Shu opened her eyes in surprise.

Assistant Zhang nodded, "Yes."

"This is really nice." Rong Shu clasped her hands together and said happily.

Assistant Zhang looked at her expression and pouted.

She looks like this, people who don't know how much she likes President Fu.

Assistant Zhang walked out of the ward with a cold face.

Rong Shu waited for him to walk away completely before entering the ward.

"Mr. Fu." Closing the door of the ward, Rong Shu shouted to the man who was leaning against the bedside and taking a nap with his eyes closed.

Hearing Rong Shu's voice, Fu Jingting opened his eyes abruptly, a flash of joy flashed in his eyes, and it was fleeting. Looking at the woman walking by, his voice softened, "You're here."

"Well, let's see you." Rong Shu stopped beside his hospital bed.

The room pointed to the chair opposite, "Sit."

"Thank you." Rong Shu turned her head and glanced at the chair, pulled over to sit down, and then looked at him.

His face was still a little pale, but it was better than what she saw when she woke up. I guess he recovered a little.

Thinking about it, Rong Shu asked, "How are you... how are you feeling now?"

Chapter 454

"Nothing is possible." Fu Jingting looked at her and replied.

Although he said that, Rong Shu was still a little worried, "Really? Are you still dizzy? And your arms..."

"It's really okay, I'm not worried." Fu Jingting cut off her words, saying that he was really okay.

Rong Shu's lips moved, not knowing what to say.

At this moment, Fu Jingting also asked, "What about you? Listen to Zhang Cheng, you carried me down the mountain and fainted. Are you alright?"

Rong Shu shook her head, "I'm fine."

She just had a back muscle strain, how short Time will be fine by itself.

But he is different, not to mention the head and back, just the arms, it will take half a year to be fully healed.

So it was him that really mattered. "It's fine." Fu Jingting could see that what Rong

Shu said was true, and nodded reassuringly, "Thank you for carrying me out. If you didn't carry me down the mountain, I'm afraid I would have been burned into a fool."

Shu looked up at him, her eyes serious, "It's not you, but me, without your intervention, Xiaochuan and I would not have survived, so I owe you, not you owe me, by the way, What do you want to eat?"

She asked suddenly, changing the subject.

Fu Jingting raised his eyebrows, "What to eat?"

"Well, you got hurt like this because of me, so I'll stay to take care of you until you recover, so tell me what you want to eat, and I'll cook it for you." Rong Shu Say.

Fu Jingting shook his head and refused, "No, you don't have to take care of me, I have a nurse here."

"This is different." Rong Shu stood up with a serious expression, "This is a life-saving grace, I can't do nothing, or I will I feel uneasy, so President Fu, let me stay."

She bowed to him.

Fu Jingting frowned and stretched out his hand to pull her up, but the hand closest to her happened to be his injured left hand. To pull her up, he could only use his right hand.

Just use the right hand and have to turn around a lot.

And his current body can't do it at all.

Most importantly, he saw her stubbornness and persistence, and knew that if he didn't agree, she might not give up.

That's it.

Fu Jingting squeezed his eyebrows, "You really want to take care of me?"

"Yes." Rong Shu straightened up, "I have to be responsible to you, if I don't do anything, what am I? A heartless person?"

Hearing her words, Fu Jingting gave a low laugh, and then his face became serious, "Rong Shu, you must know that taking care of me means that you will stay with me for a long time. Let the person you hate beside you... Really? Now I'll give you a chance to go back. If you want to go back, you can do it now. If you miss it, you can't go back."

"I won't go back." Rong Shu shook her head gently and said without hesitation, "And, I don't hate you, at least not anymore."

From the moment he jumped off the cliff with her without hesitation, and from the fact that his arms were about to be unable to support him, he still hugged tightly. When she didn't want to throw her away, she didn't hate him anymore.

He even deserves her respect.

"I'm very happy to hear you say that, and it's worth doing this, at least so that you don't hate me anymore." Fu Jingting looked at her and chuckled.

"Rong Shu." He suddenly called her again.

Rong Shu met his deep eyes, "What's wrong?"

"Can we be friends first?" Fu Jingting said.

Rong Shu frowned.

friend?

How can an ex-husband and ex-wife be friends?

Aren't you embarrassed?

Anyway, she has never seen any ex-husband and wife who continue to be friends after their divorce.

Just facing the current Fu Jingting, Rong Shu couldn't say anything to refuse. After hesitating for a few seconds, she nodded and agreed, "Okay."

Fu Jingting smiled, "That's good, I won't think about getting back. You, just be a friend like this and accompany me through this life, that's fine."

The chance of finding a heart is too low, almost zero.

So he is destined to be just a short-lived person with only three years of life.

He couldn't give her happiness like this. Even if he got her back, he would only hurt her.

So, so be it.

When Rong Shu heard Fu Jingting's words, her pupils shrank slightly.

He said that he would no longer think about chasing her back, what does this mean?

Do you know that there is no hope in sight, so you have to give up?

Rong Shu lowered her eyelids, feeling inexplicably uncomfortable.

But soon, the discomfort dissipated.

Since this feeling came and went quickly, Rong Shu didn't realize that something was wrong with her, so she poured him a glass of water, "You're only 30, and it's too fast to talk about your whole life?"

Let's not talk about the first half of his words.

The second half of his words sounded like he was explaining his last words.

Fu Jingting's eyes flickered, and he took the water cup from her hand, "Okay, let's not talk about this, I want to go to the bathroom, can you help me?"

"Yes." Rong Shu nodded, then helped him get out of bed .

On the way to the bathroom, Fu Jingting can walk by himself, after all, his legs are fine.

It's just that Rong Shu wants to help him hold the hanging bottle.

Therefore, when Fu Jingting went to the bathroom, Rong Shu stood outside the bathroom door and waited quietly.

When he came out, he followed him back to the bedside and hung the bottle back on the shelf.

After doing this, Rong Shu's phone rang.

"I'll take a call." After she said to Fu Jingting, she took out her phone and looked at it.

Seeing that the call was from my grandfather, the whole person was surprised and happy.

Fu Jingting frowned slightly when he saw her expression.

Whose phone call is she so happy?

Rong Shu didn't make the old man wait too long, and answered immediately, "Grandpa."

Hearing Rong Shu's address to the person on the other end of the phone, Fu Jingting's discomfort subsided instantly.

It was the elder.

Then it will be fine.

"Shu Shu." On the other end of the phone, the old man's kind voice came.

Rong Shu's eyes instantly turned red, and she said in a coquettish voice, "Grandpa, you are finally willing to call me. Since the last time we met, we haven't been in contact for four months. If you don't contact me, I won't be able to contact you. You."

No way, who let the old man be an archaeologist, either in the deep mountains or in the ancient tomb, the phone has no signal, and it's too hard to get in touch.

The old man also knew that he was wrong, and smiled guilty, "I'm sorry, Shushu, isn't grandpa busy, so I don't have time."

"I know, so I didn't get angry with you, and grandpa, let me tell you something. Good news, Tiancheng is on the right track." Rong Shu said while holding the phone.

The old man was amazed, "Oh? On the right track? Why so fast?"

Although he does not do business, he also knows the situation of Tiancheng, and it is impossible to stabilize in four months.

Rong Shu nodded, "It's a bit fast, but there are noble people to help."

She glanced at Fu Jingting.

That's right, this noble, she was referring to him.

Because without his cooperation with Tiancheng, and without the billions he helped Tiancheng pay back, Tiancheng must still be in crisis now.

Fu Jingting naturally understood that the noble person in Rong Shu's mouth was talking about himself, and the end of his eyebrows raised slightly, and there was a hint of surprise in his eyes.

noble?

She actually said he was her nobleman?

He thought she was going to say Li Chuan or Lu Qi or Cheng Huai.

I didn't expect it to be him!

This made Fu Jingting's thin lips curl up, and his mood was obviously better.

On the other end of the phone, the old man heard what Rong Shu said, and smiled with relief, "So that's the case, but Shu Shu, you are also amazing. If you don't have the skills, even if you have the help of nobles, you can't make it in just four months. Tianzhu has stabilized, and now it seems that it was a very correct thing to hand Tianzhu to you at the beginning, and my old man will be relieved that Tianzhu is in your hands."

### Chapter 455

Hearing the old man's affirmation, Rong Shuti's heart finally fell back to its original place, and her heart warmed, "Thank you for your compliment, by the way, grandpa, why did you suddenly call me? This archaeological mission is coming to an end. Is it?"

"It's still early, a large-scale archaeology, not a year and a half, will not end at all, we just cleared out the passage of the main tomb, and we are going to enter the main tomb tomorrow, so I called you to ask You find time to go to my old house and send me an archaeological notebook that I kept in the study."

"So it is, I know, when do you want it? Are you in a hurry?" Shu asked.

Grandpa's old house, but in the countryside, it takes three hours for her to drive there.

If she is in a hurry, she will set off now, and it is estimated that she will arrive after dark.

"It's not in a hurry, you can send it this week. I'll send you the address later." The old man replied with a smile.

Rong Shu nodded, "Okay, then I'll go to the old house tomorrow."

After that, the grandparents asked each other about each other's current situation, and then hung up the phone reluctantly.

Putting down the phone, Rong Shu saw Fu Jingting staring at her.

Not knowing what she was thinking, Rong Shu said subconsciously, "My grandfather."

"I know." Fu Jingting nodded, "It's just that I never heard you say that you have a grandfather."

Rong Shu put the phone in the bag "My grandfather is an archaeologist, and he spends his time in the deep mountains and forests all year round. In addition, he is a low-key person, so there is nothing to say."

Fu Jingting hummed, "What did he ask you to do?"

"." Rong Shu didn't hide it, and answered directly.

At this time, there was a knock on the door of the ward.

Rong Shu turned her head and saw that it was an unfamiliar doctor standing outside the door with a nurse.

“Mr. Fu, it’s time for your examination.” The nurse looked at Fu Jingting and reminded.

Fu Jingting knew that the doctor next to the nurse was from the Department of Cardiology, his eyes flashed, and he said to Rong Shu, “Rong Shu, you go out first.”

Rong Shu didn’t think much about it, but felt that he let her out because he was afraid of her influence. The doctor checked, then nodded and agreed, “Okay, it’s getting late, so I’ll go back first and make you something to eat. What do you want to eat?”

“Mr. Fu can only eat light food.” Fu Jingting ordered meals that were not good for the injury, and the doctor quickly said something.

Fu Jingting glanced at him coldly from the corner of his eyes.

The doctor looked at the nurse innocently, not knowing what he had done wrong.

The nurse rolled her eyes at him.

This is straight guy.

Didn’t you see Mr. Fu’s eyes glowing when he heard the lady ask what he wanted to eat?

As a result, the stupid doctor said a word, and the light in Mr. Fu’s eyes disappeared in an instant.

Can all Mr. Fu hate him?

Rong Shu looked at the interaction between the doctor and the nurse, and couldn’t help but covered her lips and chuckled, “Since the doctor said that you can only eat light food, then I will cook some porridge for you, and I am making some light taste. How about the dim sum?”

“Okay, it’s up to you.” Fu Jingting looked back at Rong Shu, his cold eyes instantly turned into gentleness.

He wanted to eat the boiled fish she made by herself.

He still remembered that not long after they got married, the first time she cooked, she made a boiled fish with a particularly strong aroma.

However, he was still under hypnosis at the time and didn't recognize her, so even though the boiled fish was very fragrant and made his index finger move, he didn't eat it, but he never forgot the fragrance.

And now, he especially wanted to try that dish.

What's more, he hopes that he can taste all the dishes she has cooked in the past in the past three years, so that he will have no regrets in death.

But now, his wish, before it even started, was disturbed by this doctor.

But fortunately, she made the porridge and snacks by herself, so he was a little psychologically comforted, and boiled the fish, he had to wait for the next time.

"Then porridge and snacks." Rong Shu nodded, "Then I'll go first, and I'll come over at night."

"Well, pay attention to safety on the road." Fu Jingting nodded.

Rong Shu closed the door and left.

In the ward, Fu Jingting saw that Rong Shu was gone, so he looked at the doctor. He changed his gentle tone and said indifferently, "Let's start."

He unbuttoned his hospital uniform with one hand, revealing his strong chest. .

The doctor took out a stethoscope and put it on, and began to perform routine heart examinations on him.

The nurse, on the other hand, opened the medical record folder and made relevant records.

After some inspection, the doctor took back the tool, took off the gloves and said, "Mr. Fu, your heart is still in good condition, but as time goes by, its load will start to increase, and you will start to feel your body change. Poor, there is weakness, shortness of breath, and you can't even exercise vigorously, and you can't even be frightened or stimulated, otherwise you will easily go into shock."

"I know." Fu Jingting closed the clothes and buttoned them back one by one. , said indifferently, as if it was not him who had a heart problem.

The doctor couldn't help but be a little surprised.

Are rich people mentally so good?

“Tell me honestly, is there a high probability of finding the heart in my situation?” After Fu Jingting buttoned up, he stared at the doctor.

The doctor pondered for a few seconds and replied, “I’m sorry Mr. Fu, I don’t want to lie to you, to be honest, it’s not too high, if your system and blood type are the same as ordinary people, a suitable heart is definitely not for you. It’s difficult, but your system is rather special, so it’s almost impossible to find the right heart, unless of course it’s blood relatives .”

Having said that, the doctor secretly glanced at Fu Jingting’s expression, wanting to see if his words angered the other party.

Seeing this, the doctor was stunned.

I saw Fu Jingting’s face was gloomy, very ugly, obviously angry.

He stared at the doctor with cold eyes and no emotion, “I don’t want to hear this kind of thing a second time.”

Indeed, the hearts of blood relatives matched him very well.

But his blood relatives are currently only his grandmother and Jing Lin.

And it is absolutely impossible for him to beat his blood relatives’ heart, so what is the difference between him and a beast!

“Yes, yes, sorry, Mr. Fu, I won’t say any more.” The doctor knew that what he said was wrong and quickly apologized.

Fu Jingting waved, “Go out.”

“Yes.” The doctor and nurse looked at each other and left the ward respectfully.

As soon as they left on the front foot, Assistant Zhang came back on the back foot.

“Mr. Fu, I have already ordered to go on. I believe that news will soon come from the major airports.” Assistant Zhang walked into the ward with a stack of documents to report.

Fu Jingting hummed and said he knew.

Assistant Zhang handed over the documents, “Mr. Fu, these are the documents that need your signature. You can take a look at them when you have time.”

“Let’s put them there.” Fu Jingting pointed to the head of the bed.

Assistant Zhang put the documents on it, then took a look at the ward and saw that there was only President Fu himself, his eyes sank and asked, "President Fu, Miss Rong is gone?"

"She went back to cook dinner for me." Fu Jingting's eyes changed instantly. Gotta be gentle.

Assistant Zhang's eyes widened in surprise, "Making dinner?"

"Well." Fu Jingting nodded, "Are you surprised?"

"Of course." Assistant Zhang didn't deny it, pushed back his glasses and said, "Miss Rong cooks dinner for you, it doesn't look like her."

Chapter 456

After all, Miss Rong's attitude towards President Fu is not like cooking for President Fu.

And it wasn't that President Fu was injured without saving Miss Rong before, and Miss Rong didn't take care of President Fu either.

So now that I hear that Miss Rong will cook for President Fu, I can't believe it.

Seeing the surprise in Assistant Zhang's eyes, Fu Jingting knew what he was thinking, his thin lips curled up slightly, and his tone clearly revealed a hint of pride and show off, "Why doesn't she look like her, she not only cooks for me, then, He will take care of me personally."

"Really?" Assistant Zhang not only opened his eyes wide, but also opened his mouth wide.

Fu Jingting glanced at him lightly, "Do you think I'll lie to you?"

"..." Assistant Zhang was speechless.

Of course there is no need to lie to him.

Because it doesn't make any sense.

So it's true, Miss Rong really wants to take care of President Fu!

"Mr. Fu, did you take the initiative, or..."

"She took the initiative." Fu Jingting cut him off.

Assistant Zhang stroked his chin thoughtfully, "That should be Miss Rong to thank you for saving her this time, but Mr. Fu, what are your plans?"

"What do you mean?" Fu Jingting narrowed his eyes.

Assistant Zhang looked at him, "Of course it's an opportunity, this is the best chance for Miss Rong to get back together with you. This time you saved her differently. This time, you saved her completely regardless of your life. Several times of rescue, it is even more shocking and touching. It can be seen that Miss Calm offered to take care of you, Miss Rong no longer hates you, she owes you a huge favor, so as long as you offer to let her She will definitely agree to remarry you." I

have to say, this is indeed a once-in-a-lifetime opportunity.

And it's a 100% chance of success.

But Fu Jingting never thought about it. Even if he heard Assistant Zhang say this, he didn't feel the slightest move in his heart. Instead, he said solemnly, "I won't do this."

"Why?" Assistant Zhang couldn't understand.

Boss Fu loves Miss Rong so much, that he loves her so much that he can ignore his own life.

Since now is an opportunity to remarry Miss Rong, why did President Fu refuse?

This made Assistant Zhang very puzzled.

Fu Jingting took a document and opened it, "If I do this, what's the difference between me and coercing my love? And this is a villain's behavior, I won't do it or disdain it. If I want to get her back, I will only be upright. Let her come back to me willingly, instead of using such shameful means."

"Also, even if I get her in this way, she will only hate me again, even if we have remarried at that time, But we are also a pair of grudges, this is not what I want, you understand?" He glanced at Assistant Zhang.

Hearing the displeasure in Fu Jingting's voice, Assistant Zhang lowered his head, "I'm sorry, Mr. Fu, I didn't think about it."

"Just know, don't mention it again." Fu Jingting opened the pen and said indifferently.

"Yes." Assistant Zhang nodded.

Fu Jingting signed his name on the document, "By the way, what's going on with Li Chuan now?"

“He?” A trace of dissatisfaction flashed in Assistant Zhang’s eyes, “He has quit the fashion industry and returned to the capital.”

“Back to the capital?” Fu Jingting paused when he opened another document, then raised his head to look at him, “When is it?”

“Just yesterday morning, I believe it won’t be long before I hear the news of the return of the orthodox young master of the Ye family. The circle has spread out.” Assistant Zhang said.

Fu Jingting turned the pen, “So, is Li Chuan planning to go back to the Ye family and compete for the position of heir?”

“It should be.” Assistant Zhang nodded, “What Ye Yu did this time for the position of the heir of the Ye family has completely angered Li Chuan, so Li Chuan would never let Ye Yu and the other illegitimate children of the Ye family go.

” Looking at Li Chuan, he will definitely look for Ye Yu, as long as he stares at Li Chuan, the possibility of finding Ye Yu will be higher.” Fu Jingting narrowed his eyes and said coldly.

Assistant Zhang looked at him suspiciously, “President Fu, why do you say that?”

“Have you forgotten that there is always a highly skilled hacker beside Rong Shu to help her?” Fu Jingting raised his eyes.

Assistant Zhang replied, “I didn’t forget, it was the fox man who kidnapped Gu Manyin and calculated 500 million from Sansheng Group.”

“Yes, this fox man is Li Chuan.” Fu Jingting said.

Assistant Zhang exclaimed, “How is this possible? Didn’t we suspect that Li Chuan was a fox man, and finally checked it out, but the results showed that Li Chuan was not a fox man.”

“A hacker wants to hide his identity and his Documents are really a very simple matter.” Fu Jingting continued to review the documents and said in a cold voice.

Assistant Zhang has nothing to say now.

After a long while, he took a breath and regained his voice, “He really played a trick on him. I know Mr. Fu, and I will make people stare at Li Chuan.”

Li Chuan was a hacker, so he would definitely find Ye Yu faster than them.

As long as he kept staring at Li Chuan, if Li Chuan found Ye Yu, it meant that they found it.

“Okay, you go down first, and come over at night to take these documents away.” Fu Jingting issued an order to evict the guests.

Assistant Zhang stood straight and bowed, “Okay, Mr. Fu, then I’ll go first.”

After he finished speaking, he turned around and went out.

On the other side, Repulse Bay.

Rong Shu was cooking lean meat porridge in the kitchen. She was wearing an apron and holding a porcelain spoon in her hand, which she was constantly turning over in the casserole.

Lean meat porridge needs to be boiled thick to taste good, so if you don’t keep turning it, it will be easy to stick to the pot.

Suddenly, the doorbell rang.

Rong Shu looked at the lean meat porridge in the casserole and felt that it was almost done. She turned off the fire, and then walked out of the kitchen and went to the entrance to open the door. “Who is it?”

“It’s me, baby.” sound.

Rong Shu opened the door and saw Lu Qi standing at the door with a pile of health care products, the corner of his mouth twitched, “Why are you here?”

“I’ll come to see you, and I’ll bring you something by the way. These, these are all very effective health products for muscle recovery, you can try.” Lu Qi handed her several bags in his hand.

Rong Shu didn’t know whether to laugh or cry, and she didn’t want it.

But she knew that if she didn’t want it, this person would definitely force it on her.

That’s all, let’s take it.

“Thank you then.” Rong Shu took the bag.

Lu Qi suddenly sniffed twice, “It’s delicious, baby, are you cooking?”

“Well.” Rong Shu took out a pair of slippers for him from the shoe cabinet, “Come in.”

Lu Qi bent down and changed his shoes. , followed him into the room excitedly, rubbed his hands and said, "It seems that I'm here at the right time, baby, what have you done?"

"It hasn't started yet." Rong Shu put the health care products in Talk to the coffee table.

Lu Qi looked in disbelief, "It hasn't started yet? Then why is there a smell coming out of the kitchen? I smell it. It's the smell of lean meat porridge, and there is a faint smell of butter. Did you make a snack?"

Rong Shu He was surprised now, "You dog's nose, you can smell it?"

"Hehe." Lu Qi proudly said, "Just kidding, my sense of smell is top-notch, so it's impossible for you to lie to me. ."

He put his index finger, "Speaking of which, I haven't eaten lean meat porridge for a long time, baby, give me a bowl first."

"No." Rong Shu bluntly refused, "I don't cook much lean meat porridge, so I can't. Here."

"Why?" Lu Qi pretended to be sad.

Rong Shu said lightly, "Because it was for Fu Jingting."

"What?" The fake cry on Lu Qi's face stopped for a moment, then looked at her with a serious look, "Baby, are you really going to take care of him? "

Do you think I was joking?"

Lu nodded, "I really thought you were joking at the time."

### Chapter 457 Feed him porridge

Rong Shu rolled his eyes at him, "I'm too lazy to care about you, I want to eat and wait for a while, anyway, this is not good."

Lu Qi pouted, "Okay, for Fu Jingting's sake, let him give it to him."

"It's not too bad." Rong Shu smiled, "You sit first, I'll go in and cook two dishes, very soon."

"Well." Lu Tou, walked towards the sofa.

Rong Shu put on her apron again and went back to the kitchen to continue her busy work.

Soon, the meal was ready, and the two took their seats at the table.

Lu Qi picked up his chopsticks and suddenly asked, "By the way, baby, I just saw the suitcase you put next to the coffee table. Are you going to go out?"

"Swallowed the food in his mouth.

Lu Qi looked at her suspiciously, "What are you doing back there?"

"Help Grandpa find a note."

"I see, then I'll go with you." Lu Qi put the chopsticks and dishes in the bowl and said.

Rong Shu squinted at him, "Why are you following?"

"Being your driver, the muscles in your back are not yet healthy. If you drive by yourself, you won't last long and your muscles will be sore, so I'll follow you. Don't worry." Lu Qi said with a smile.

Rong Shu touched her back with a backhand.

When touched, the back hurts a bit.

She understands that she really can't drive for a long time because she sits for a long time, and her lower back will hurt.

And the driver just asked for leave today, because tomorrow is the birthday of the driver's daughter.

It can be seen that she really can only find another driver and go with her.

"If that's the case, then go ahead and leave at nine o'clock tomorrow morning." Rong Shu served herself a bowl of soup.

Lu Qi nodded again and again, "Okay, then it's settled, I'll pick you up tomorrow morning."

"Yeah." Rong Shu replied.

After dinner, the two went out.

Outside the Repulse Bay community, Rong Shu rejected Lu Qi's proposal to send her to the hospital.

Because it takes up to 40 minutes to drive from Repulse Bay to the First Hospital, she can still hold on to it.

She was so stubborn that Lu Qi had no choice but to follow her.

But when Rong Shu opened the car door and was about to get into the car, Lu Qi suddenly stopped her, "Baby."

"What's wrong?" Rong Shu held the car door and looked at him suspiciously.

Lu Qi said with a serious face, "When taking care of Fu Jingting, be careful not to be taken advantage of by Fu Jingting's fellow."

Rong Shu couldn't help but twitch, "What are you thinking, how could I be taken advantage of by him?"

"Baby, what I said is true, don't take it seriously, Fu Jingting didn't give up on you, and now he just saved you, so it's hard to guarantee that he won't catch this life-saving grace and ask you to do something, and you And because I owe him, I can't refuse."

Hearing Lu Qi's words, Rong Shu frowned.

But soon, her brows stretched again, and she smiled lightly, "He won't, I still understand his character, I can't do such a thing." It's not that

she owed Fu Jingting before, billions of dollars. Bank loans, company cooperation, etc.

As long as Fu Jingting wanted to, he could use these to restrain her and make her have to bow her head.

However, Fu Jingting had never done this before, so she believed that Fu Jingting was not that kind of person.

Seeing Rong Shu's disapproval, Lu Qi sighed, "Forget it, you won't listen to what I say now. In short, be careful yourself. If anything happens, call me and I'll rush over immediately."

"Okay." Rong Shu Nod in agreement.

Then, she waved to him, got in the car and left.

Forty minutes later, Rong Shu came to Fu Jingting's ward.

The door of the ward was closed, and there were faint voices coming from inside, who should be Fu Jingting on the phone.

Rong Shu raised her hand and knocked on the door.

Soon, footsteps came from the door.

The next second, the door opened, and a middle-aged woman in a protective uniform appeared in front of her. She smiled politely at Rong Shu, "Hello, Miss, may I ask you who you are?"

"I came to see President Fu and bring him some clothes. Rice." Rong Shu picked up the heat preservation bucket in his hand.

The nurse suddenly realized, "It turned out to be Miss Rong."

"You know me?" Rong Shu was surprised.

The nurse nodded with a smile, "When I went in to take care of Mr. Fu, Mr. Fu told me that if there was a lady who brought meals, he would just open the door and let her in."

"That's it." Rong Shu understood now.

It turned out that it was Fu Jingting who said hello.

"Miss Rong, come in quickly, Mr. Fu has been waiting for you for a long time." The nurse stepped aside.

Rong Shu raised her eyebrows, "Wait for me for a long time?"

"Yeah, ten minutes ago, Mr. Fu asked me to go to the balcony to see if there were any pretty girls with lunch boxes." The nurse replied. road.

Rong Shu smiled, "I see, I'll trouble you."

It seemed that Fu Jingting was starving.

Also, it's almost eight o'clock now, and she came a little late.

Rong Shu walked into the ward with a thermal insulation bucket.

Fu Jingting leaned against the head of the bed, eyes closed, as if he was asleep.

But Rong Shu knew that he must not have slept. She had heard his phone call just now.

Rong Shu lightly walked over, put the heat preservation bucket on the bedside table, and called out to the man, "President Fu."

Hearing her voice, the man opened his eyes abruptly, his deep eyes locked on her accurately, "Come here?"

"Well." Rong Shu nodded, "I'm sorry for keeping you waiting, I've filled you with lean meat. Porridge, I made some light-flavored yam cakes, you can see if you like it."

She opened the heat preservation bucket and began to serve him porridge.

Fu Jingting looked at her actions, his eyes softened, "As long as you do it, I like it."

Rong Shu paused for a while, and quickly continued to serve porridge as if nothing had happened.

After it was finished, she handed it to him, "Be careful, it's a little hot."

Fu Jingting propped his body up with one hand, sat up, and then took the bowl she handed over, "Thank you."

However, after he took the bowl, The two realized that he couldn't move his other hand, so he couldn't eat with only one hand.

After all, after holding a bowl, there is no way to hold a spoon.

The two looked at each other, and the atmosphere suddenly became awkward.

After a few seconds, Rong Shu coughed embarrassedly, "Then what, I..."

"I'll come down and eat." Fu Jingting cut off her words and put the bowl on the bedside.

But before he could do so, Rong Shu stopped him.

"No, it's not convenient for you to move around, let me feed you." Rong Shu said.

Fu Jingting was stunned for a moment, then looked at her with dark eyes, his voice was slightly hoarse, "Do you know what you are talking about? Are you going to feed me?"

"Well." Rong Shu nodded, "Is there something wrong?"

Look Seeing the blankness in her eyes, Fu Jingting knew that she hadn't realized the problem yet, so he couldn't help but chuckle, "Rong Shu, feeding someone a meal is a very intimate act, so are you sure you want to feed me?"

"..." Rong Shu was stunned.

She really hadn't thought of that.

But now that the words have been spoken, it would be a bit deliberate to take them back.

It was as if they really had something, and they deliberately avoided suspicion.

Thinking, Rong Shu took a breath, and her eyes fell on Fu Jingting's hanging left arm, "You are the wounded, and I am the one who takes care of you, so feeding the wounded is a normal thing, not anything. Intimate gesture, alright, Mr. Fu, open your mouth."

She picked up the bowl he just put on the bedside, scooped up a spoonful, blew it, and put it to his lips.

Fu Jingting looked at her, then looked at the fragrant lean meat porridge around his lips, and finally opened his mouth.

#### Chapter 458 Fu Jingting's Plan

Seeing him eating, Rong Shu put the spoon back into the bowl and asked with a hint of anticipation, "How does it taste?"

"It tastes good." Fu Jingting swallowed the porridge in his mouth and nodded.

Rong Shu smiled, "That's good."

It was worthwhile for her to soak the rice, simmer it slowly, and stir it in order to make the porridge sticky.

"Go on." Rong Shu scooped up another spoonful of porridge and handed it over.

The two of them fed each other like this, and soon the bottom of the bowl of porridge was bottomed out.

Rong Shu stood up, "Do you want more?"

"I'm full." Fu Jingting shook his head.

Rong Shu looked at the bowl in her hand and frowned slightly, "Is this full? You didn't eat much?"

And the bowl was not big.

He is a man who is 1.9 meters tall, and she doesn't believe that a bowl of porridge is enough.

"I'm full." Fu Jingting took the mouthwash handed over by the nurse and replied, "I lost a bottle of water when you were away in the afternoon, and the medicine would make people feel slightly bloated."

"That's it." Rong Shu He lifted his chin suddenly, "Then I won't advise you any more. I'll take the rest to the refrigerator. Tomorrow morning, I can ask the nurse to help you warm it up for breakfast."

"Yeah." Fu Jingting replied.

Rong Shu carried the heat preservation bucket to the small kitchen that came with the ward, and put the things away before coming out again.

There was only Fu Jingting left in the ward. She looked around and asked, "Where's the nurse?"

"I told her to leave work." Fu Jingting returned with a book in one hand.

Rong Shu walked over, "You let her off work, what will you do at night?"

"I don't have a lame leg, so I don't need anyone to watch all night." Fu Jingting raised his eyes and said.

Rong Shu nodded and thought so too, wiped her hands and walked towards her bag.

When Fu Jingting saw it, his eyes flashed, "Are you leaving?"

"It's already nine o'clock, and it's almost time for me to go back." Rong Shu packed her bags and replied.

Fu Jingting put down the book in his hand, "Can I leave later?"

"Why?" Rong Shu looked at him with some puzzlement.

"I want you to chat with me for a while." Fu Jingting looked at her, "Is it okay?"

Rong Shu looked at the time, and after hesitating for a while, she finally nodded and agreed, "Okay, but I will definitely be at ten o'clock. I have to go, and I have to go to the countryside tomorrow."

"Yes." Fu Jingting curled his lips slightly.

Rong Shu put down her bag and sat down beside the hospital bed again.

However, Fu Jingting said he wanted her to chat with him, but in fact the two didn't really chat.

But throughout the whole process, Fu Jingting was teaching Rong Shu about business matters, the best way to manage the group, the future development trend of the group, and the industries suitable for Tiansheng to invest in, etc.

Originally, Fu Jingting planned to teach her these things slowly at first.

But now, he has only three years left to live, and as time goes on, his body will slowly decay and weaken.

So he has no time to teach her slowly, he can only teach her what he can teach her before his body starts to weaken.

The mall is a place that eats people without spitting bones. She is just entering the mall for the first time. She has never seen many conspiracies and tricks, so she still doesn't know how scary and dark the mall is.

If he can live forever, she doesn't have to fully understand the horror of the mall, because he will protect her so that she will not be hurt by the darkness of the mall.

However, the chance of him surviving is too small, so he is destined to not be able to protect her all the time. He can only help her become stronger as much as possible, because the future road will depend on her to go.

Although Rong Shu was surprised how Fu Jingting taught her this all of a sudden, it made her feel as if he was explaining something.

But she didn't think too much, and quickly listened to him seriously.

After all, these are all experiences in shopping malls, and how to survive in shopping malls, which is really rare, and she naturally doesn't want to miss it.

Time passed minute by minute, and soon it was eleven o'clock.

Rong Shu forgot what she said she wanted to rush back at ten o'clock, because at this moment, she was already lying on the hospital bed and fell asleep.

Fu Jingting looked at her and called out softly, "Rong Shu?"

Rong Shu's lips moved, but she didn't wake up, apparently she was fast asleep.

And looking at her peaceful sleeping face, he was a little reluctant to wake her up.

Looking left and right, seeing the coat hanging on the shelf on the other side of the hospital bed, Fu Jingting lifted the quilt on his body, leaned over and took off the coat, and put it on Rong Shu's back.

If it wasn't for now that he only had one arm to use, he would have picked her up directly, carried her into the escort room inside, and let her rest in it.

Looking at his plastered arm, Fu Jingting let out a faint sigh.

Then, he gently lifted Rong Shu's face away, allowing her to breathe more smoothly.

After doing this, the door of the ward suddenly opened.

Assistant Zhang came in from outside with a document, "Mr. Fu, I..."

Before he could finish, he was interrupted by Fu Jingting's cold eyes.

Assistant Zhang didn't know what he did wrong at first, but fortunately, he reacted quickly, and soon saw Rong Shu sleeping beside the bed, and instantly understood why President Fu looked at him so much.

Because of her loud voice just now, she almost woke up Rong Shu.

"Sorry, Mr. Fu, I didn't know Miss Rong was here." Assistant Zhang replied in a low voice.

Only then did Fu Jingting look away and let him go, "Hold her to the inner room, sleeping on her stomach like this will make her uncomfortable."

"I hug?" Assistant Zhang pointed at himself in surprise, thinking he had heard it wrong.

Fu Jingting squinted, "Why don't I use one hand?"

He also didn't want others to touch Rong Shu.

But there is no way.

As long as he can hold it by himself, where does he need someone else?

Assistant Zhang looked at Fu Jingting's plastered left arm, and was speechless. He put down the document and hugged Rong Shu carefully.

"Be gentle, don't wake her up." Fu Jingting warned.

Assistant Zhang muttered, "I'm already very light."

"Carry her in and come out immediately, don't stay inside." Fu Jingting waved his hand, motioning him to carry the person in quickly.

Assistant Zhang responded and walked to the escort room with Rong Shu in his arms.

Fu Jingting just turned his head and stared at his back, as if he would do something to Rong Shu.

Assistant Zhang quickly felt uncomfortable, and his scalp was numb.

Therefore, he put Rong Shu on the bed, and after the quilt was covered, he went out immediately, and the whole process did not take more than one minute.

Only then did Fu Jingting retract his gaze with satisfaction, "It's so late, what's the matter with you coming here?"

Speaking of business, Assistant Zhang picked up the documents he had just put down, "That's right, news has been sent from the major airports, None of them found the boarding information of Ye Yu's group."

"None?" Fu Jingting's face sank.

Assistant Zhang nodded, "Yes."

"Is it possible to rule out the use of false evidence?" Fu Jingting looked at him.

Assistant Zhang shook his head, "I first thought about whether Ye Yu's group used fake information to board the plane, but I rejected the latter guess, because now using fake information can easily be found out, and Li Chuan is a hacker, He must have also checked the airport information. If Ye Ping's group of people really used fake information to board the plane, it is impossible for Li Chuan to have no action. Therefore, the biggest possibility is that Ye Ping's group of people did not board the plane at all, and they were hiding somewhere. Fu

Jingting raised his chin, "I remember, there is a ferry in Haishi, right?"

"Yes." Assistant Zhang nodded first, then realized something, and said inconceivably, "Mr. Fu, you are suspicious, Ye Yu has Maybe smuggling?"

"If he wants to go abroad, smuggling is the safest way to get caught, so the possibility of him smuggling is very high." Fu Jingting said with narrowed eyes.

#### Chapter 459 Treat him better

"If this is the case, then we are a step too late from the beginning. It is possible that Ye Yu has already smuggled abroad by now." Assistant Zhang frowned and said in a heavy voice.

Fu Jingting nodded, "Once Ye Yu goes abroad, it is almost impossible to find him."

After all, the world is so big, who knows which country Ye Yu went to?

Although he also has some power abroad, he is not as powerful as in China after all. Once Ye Yu has the heart to hide, he really can't do anything about it.

"That's right." Assistant Zhang sighed.

Fu Jingting rubbed his fingers, "In this way, you will let people focus on Li Chuan's actions. If Li Chuan sends someone to leave the capital, then he is likely to have found Ye Yu."

"Yes, Mr. Fu." Zhang The assistant nodded.

Fu Jingting looked at the time, "Okay, you go back first, and come back tomorrow morning."

"Okay."

Assistant Zhang turned and left.

Not long after he left, Fu Jingting lifted the bed, picked up Rong Shu's bag, and walked to the escort room inside.

Coming to the door, Fu Jingting gently opened the door.

The light in the room was off, and he didn't turn it on either. Instead, he took out his mobile phone and walked in lightly by the light of the mobile phone screen.

Fu Jingting stopped by Rong Shu's bed, put his bag behind the bed, and looked down at the woman sleeping on the bed, with shocking affection in his eyes, but at the same time, there was also a touch of melancholy and regret.

I don't know how long I stood, but Fu Jingting's legs were a little numb, so he bent down and lifted the quilt and lay down beside Rong Shu. fell asleep.

However, as soon as it was dawn the next morning, Fu Jingting opened his eyes and woke up.

He tilted his head, looked at the woman sleeping in his arms, his eyes softened, raised his hand to touch her hair, put her hand on his waist, gently removed it, then lifted the quilt and got out of bed , left the room lightly.

During the whole process, he didn't make a sound and walked quietly, as if he had never entered this room.

Two hours later, Rong Shu woke up. She was woken up by a phone call.

She frowned, stretched out a hand from the quilt, and habitually touched the head of the bed.

As a result, the mobile phone was not touched, and instead he squeezed his bag.

The bag fell to the ground with a crackling sound.

Rong Shu was startled by the sound, and the whole person woke up instantly.

She opened her eyes and sat up, looking at the unfamiliar room, her mind was stunned.

where is this?

She couldn't think about it, because the mobile phone in the bag on the ground was still calling, reminding her to answer the phone.

Rong Shu hurriedly lifted the quilt, stepped barefoot on the carpet, bent over to pick up her bag, and quickly found her phone.

The call was from Lu Qi, and Rong Shu hurriedly answered, "Hey, Aqi."

"Baby, where are you? Are you not at home?" Lu Qi's loud and anxious voice came from the phone.

Rong Shu rubbed her hair, "I'm sorry Ah Qi, I'm really not at home."

"I'm really not at home!" Lu Qi stood in front of Rong Shu's apartment, frowned and asked, "Where have you been this morning? Don't forget, aren't we going to the country today?"

"I didn't forget, but I don't know where I am now."

"What? You don't know where you are?" Lu Qi's mouth twitched.

Rong Shu hummed and turned to look at the room.

The room is not big, much smaller than hers, but it has all the furniture and appliances, and they are all expensive. Obviously, it is not an ordinary room.

Just why is she here?

Rong Shu frowned, but she had no memory of how she appeared in this room.

But I have the memory of listening to Fu Jingting's experience in shopping malls last night.

Then listen and listen...

Rong Shu's eyes widened, she realized something, and hurriedly walked towards the door, "Aqi, wait a moment, I'll confirm."

After speaking, she came to the door and opened it.

The moment the door opened, a familiar hospital bed and a familiar person appeared in front of her, and she immediately realized that she had guessed correctly.

She was indeed in the escort room of Fu Jingting's ward.

And she probably understood why she was here. After listening to Fu Jingting's experience last night, she had no memory of it.

That's because she fell asleep.

So Fu Jingting asked someone to bring her into this escort room.

Thinking of this forehead, Rong Shu breathed a sigh of relief, and the tension in her heart about being in an unfamiliar environment gradually dissipated, and her body relaxed.

She put the phone to her ear again, "Aqi, I know where I am, I'm in the hospital." On the other end of the phone, Lu Qi frowned, "Baby, you won't be with Fu Jingting, will you?"

"Well." Rong Shu nodded, but did not deny it.

Lu Qi pursed his lips, "As expected, you didn't come back after you went last night."

"..." Rong Shu opened her mouth and acquiesced.

Lu Qi gritted his teeth, "Darling, did that guy Fu Jingting let you stay?"

"No." Rong Shu shook her head, "I couldn't help myself fall asleep, so I didn't go back."

Is it herself?

Lu Qi wronged Fu Jingting to himself. He felt guilty, and his attitude softened suddenly, "Okay, then did he do anything to you?"

Rong Shu couldn't help laughing, "What do you think, he is a patient, can he do anything to me?" What do you do?"

"That's not necessarily, he just can't use one arm, and the other arm and hand are fine." Lu Qi muttered dully.

Rong Shu shook her head helplessly, "Okay, Aqi, I know you have a big opinion on him, but you don't need to think so badly about him, he saved me and Xiaochuan, so I hope you treat him a little better. Point."

"I know, my attitude is good enough for him now. If it was before, I would have greeted him long ago." Lu Qi snorted, then withdrew his expression and asked about the business, "Baby, when will you be back?"

Rong Shu looked at the time, it was already eight o'clock, and replied, "I'll be right back." "

Okay, then I'll wait for you."

"Well."

After the call, Rong Shu put down the phone and walked out of the escort room.

In the ward outside, Fu Jingting heard footsteps, opened his eyes, and sat up with one hand on the sheet under him, "The call just now was Lu Qi?"

Rong Shu was still walking lightly, but suddenly Hearing his voice, the whole person was startled by him, stopped subconsciously, and patted his chest in shock, "So you didn't fall asleep."

"I woke up a long time ago, just heard you talking on the phone, So don't bother." Fu Jingting smiled at her.

Rong Shu put down her hand, "So it is."

"Sorry, I scared you." Fu Jingting apologized.

Rong Shu shook her head gently, "It's okay."

"I heard the call just now." Fu Jingting looked at her.

Rong Shu looked back at him, "Then what?"

She was calm.

Because she didn't speak ill of him in the conversation with Lu Qi, so she didn't need to be nervous.

Fu Jingting curled his lips slightly, "I'm very happy to hear that you made Lu Qi treat me better." Does

this mean that she has let go of her grudge against him.

Then I began to understand that the real him now is better than the one who was hypnotized before?

Looking at the faint joy in Fu Jingting's eyes, Rong Shu felt inexplicably better.

But she didn't show it on her face, she just curled her lips and said, "What's so happy about this, I'm just talking about things."

Chapter 460 Don't Want to Say Goodbye

"Of course I'm happy, this is the first time I've heard you defend me in front of Lu Qi and the others." Fu Jingting said leaning against the bedside.

Rong Shu's eyes flashed, and her eyelids dropped, "You are my benefactor, and I will naturally protect you, otherwise what would I become?"

"Just a benefactor?" Fu Jingting looked at her.

Rong Shu's heart skipped a beat, and her eyelids drooped lower, "Why not?"

Fu Jingting didn't say anything, just stared at her.

After a while, he lightly opened his thin lips and said, "I see, the benefactor is not bad, let's have breakfast first."

He pointed to the thermal insulation bucket by the bed.

It was bought by the nurse early in the morning.

Rong Shu turned her head to look, hummed, then walked over and opened the heat preservation bucket.

She divided the breakfast into two parts, one for Fu Jingting and one for herself.

Her own, she didn't move, but took up Fu Jingting's share and sat down beside the hospital bed, ready to feed him like last night.

But this time, Fu Jingting refused, he gently blocked the spoon, "You eat first, then feed me after you finish."

"Is this any different?" Rong Shu asked suspiciously.

Fu Jingting's thin lips moved slightly and said, "I don't want you to starve."

Hearing this, something crossed Rong Shu's heart, and she couldn't catch it quickly, and the look in his eyes became complicated.

She clenched the spoon in her hand, her lips moved, and after a while she said, "I'm fine, and I'm not particularly hungry. You are a patient, you eat first."

"I'm a man." Fu Jingting said suddenly .

Rong Shu tilted her head, not quite understanding what he meant.

What does having breakfast have to do with whether he is a man or a woman?

Looking at the confusion in Rong Shu's eyes, Fu Jingting chuckled, "I mean, I'm a patient, but I'm also a man. It's basic etiquette as a man to be polite to a lady, so you eat first."

"This..."

Rong Shu was about to say something, but Fu Jingting cut off her words, "Be obedient."

His tone had a hint of indifference.

Rong Shu opened her mouth, but finally agreed, and hummed, "Okay."

She let go of the spoon and put it down, then picked up her portion and started eating.

But she didn't mean to finish eating, but after taking a bite, she put down the bowl and immediately picked up his bowl again.

Seeing this, Fu Jingting raised his eyebrows, "You are..."

Rong Shu scooped up a spoonful of white porridge and handed it to his lips, "I'll take a bite, give you a bite, so that we can eat together, and no one will be delayed. , how good."

Fu Jingting was stunned for a moment, obviously he didn't expect her to let her eat first, but she actually came up with this method.

For a while, I couldn't help laughing, "It's good, but don't you find it troublesome?"

"If I feel troublesome, I won't come to take care of you, okay, open your mouth." Rong Shu smiled and ordered. .

Fu Jingting opened his mouth according to the words.

In this way, the two of you took a bite, and I took a bite. It took nearly twenty minutes to finally finish breakfast.

It can be said that this was the most tiring breakfast Rong Shu had eaten, because she kept changing dishes in the morning.

But I don't know why, but I don't feel tired in my heart, but a little... sweet?

how is this possible!

Eating a light and tasteless white porridge, how can it taste sweet.

Really bewildered.

Rong Shu shook his head, thinking like this.

Seeing this, Fu Jingting asked with concern, "What's wrong? Are you uncomfortable?"

"No." Rong Shu quickly stopped her shaking head and replied.

Fu Jingting was still worried, "Did you not sleep well last night?"

Hearing him mention last night, Rong Shu suddenly thought of something, looked at him and said, "By the way, Mr. Fu, you were the one who let me carry me in last night. The room, thank you."

"It's nothing, it's not a big deal." Fu Jingting waved his hand.

Rong Shu packed up the insulation bucket, "It's getting late, Mr. Fu, then I'll leave today, and I'll see you tomorrow."

She put on her bag.

Fu Jingting knew where she was going today, and nodded, "Go, be careful on the road, pay attention to safety."

"I will." Rong Shu smiled, waved at him, and walked towards the door of the ward.

Fu Jingting watched her back.

Rong Shu could also feel that his eyes had been following her.

If it was before, even if she knew he was looking at her, she would not look back.

But now, she can't do anything and ignore it.

He is her benefactor, and if she ignores it on purpose, she will feel like a wolf-eyed man.

Therefore, after Rong Shu went out, she stopped for a while, then turned around and smiled at Fu Jingting, "Goodbye!"

Fu Jingting was startled, obviously not expecting her to turn back and say goodbye to him.

He subconsciously wanted to say goodbye.

But not only did he think of something, he swallowed the two back, and only hummed as a response.

Rong Shu didn't think anything was wrong. After hearing his response, she turned her head back and walked away.

The moment she lifted her foot, Fu Jingting stretched out his hand, trying to stop her.

But in the end, he held back and put his hand down.

Three years, without a heart, he can only live three years.

And in the past three years, every day passed means that the day he sees her will be reduced by one day, and goodbye too.

So, he didn't want to say goodbye to her.

Because the end of goodbye is to never see him again...

He wants to keep her and stay by his side. In this way, he will be able to see her all the time in the past three years.

But he can't, this is imprisoning her, not loving her.

Outside the hospital, Rong Shu, who came to the front of the car, didn't know what was wrong, and felt a sudden and inexplicable panic in her heart.

Can't say why or why.

In short, she felt an unspeakable sense of unease.

Just thinking about it, Rong Shu suddenly saw something and narrowed her eyes.

That's... the policeman guarding Gu Manyin!

Looking at the policewoman with breakfast in front of her, Rong Shu then remembered that Gu Manyin was still in the special ward of the hospital, carrying out execution outside prison, and had not been sent to the women's prison.

Counting the time, twenty days have passed, and there are still ten days.

Ten days later, when Gu Manyin's execution outside prison is over, he will be officially put in prison.

At that time, she will be able to give Gu Manyin a ride in person.

Thinking of this, Rong Shu looked up at the hospital floor where the special ward was located, opened the door and got in the car.

Forty minutes later, Repulse Bay arrived.

Seeing Rong Shu coming out of the elevator, Lu Qi immediately stood up on the insole at the door of Rong Shu's apartment, pouted, and said with a grudging expression, "Baby, you're back, you know, I'm waiting here. How long have you been? If it weren't for the fact that your apartment is one house, I would probably be seen by a lot of people for sitting here stupidly, and my reputation would be ruined by then."

Looking at his exaggerated appearance, Rong Shu was apologetic and funny, "I'm sorry, Ah Qi, I came back late."

"Forget it, I was willing to wait anyway. I forgive you." Lu Qi waved his hand, Then let the door open, "Open the door quickly."

Rong Shu hummed and opened the door with her fingerprints.

Lu Qi followed him in, "By the way, baby, have you eaten breakfast? If you haven't, I'll go down and buy it now."

"I've already eaten it, and Fu Jingting's nurse bought breakfast." Rong Shu changed her shoes while saying.

Lu Qi said sourly, "Your acceptance of him is getting higher and higher. You didn't even refuse his breakfast."

Hearing this, Rong Shu put down her shoes for a while, and quickly He returned to nature again, and hung his bag on the shelf to answer, "It's just a breakfast, and it's not worth a lot of money. Okay, you wait for me in the living room, I'll take a shower and change my clothes, and we'll set off in a while."

## Read This Time, I Will Get My Divorce Chapter 461-462

Chapter 461 Make Her Angry

“Okay, let’s go.” Lu Qi waved his hand.

Rong Shu went back to the room to get the clothes and went to the bathroom.

Lu Qi walked to the sofa and sat down, picked up the remote control and turned on the TV, watching TV while waiting for her to come out of the shower.

After waiting for about ten minutes, Rong Shu came out.

When she just came out of the bath, her hair was still wet, her cheeks were flushed, and even her eyes were misty, looking pure and lustful, which made people’s mind wander.

Lu Qi’s eyes darkened, and he couldn’t help whistling, “Baby, you rescued like this, are you tempting me?”

Rong Shu rolled her eyes at him, “How did I tempt you?”

“You Isn’t this tempting me? Just came out after taking a shower, you must know that for a man, it is a fatal temptation, baby, are you trying to me...”

Before Lu Qi finished speaking, Rong Shu was slapped with a cloth Even smashed in the past.

Lu Qi was hit on the forehead and fell on the sofa with an ouch.

Rong Shu clapped her hands, “You talk nonsense every day, okay, I’ll go back to the room to blow my hair, you can continue watching TV.”

After speaking, she opened the door and entered the room.

Lu Qi rubbed his forehead and sat up, looking at the closed door, his eyes were extremely sad.

She still didn’t understand what he meant.

All along, it is not that he has not hinted to her that he has never regarded her as a best friend, but regarded her as a beloved woman and wants to be with her.

But she never understood, she just felt that he was talking nonsense and teasing her, not serious.

Of course, he also has his own reasons for this situation.

He never told her directly that he liked her.

Because he has no courage, is too cowardly, and has too many scruples.

He was always worried that if he told her, maybe by then they wouldn't even have to be friends.

His mother-in-law saw his concerns, and once persuaded him to be brave, maybe show his intentions, in exchange for not having the opportunity to be friends, but the possibility of being together, but he still couldn't do it.

This may be why, obviously he was the one who met her first and got along the most, but in the end, she fell in love with another man.

As long as he is braver and bolder, will the ending for him and her be different?

"What are you thinking about?" Rong Shu's voice sounded in front of her while thinking.

Lu Qi's eyes flickered for a while, and he calmed down and came back to his senses, "It's nothing."

He smiled and looked at her. Her hair had been blown dry, and her head had been tied on top of her head, and her face had also melted. With light makeup and casual clothes, she doesn't look like a mature woman in her twenties, but like a college student who just left school.

"It's a nice dress." Lu Qi turned off the TV and stood up, complimenting him.

Rong Shu smiled and said, "You mean, my usual dress is not good?"

"That's not true, I just want to say that your dress today looks more approachable, and your usual dress is more like a strong woman." Lu Qi said with his hands in his trouser pockets.

Rong Shu put on her bag, "I can't help it, my appearance is too soft to be deterrent, so I can only make some effort to dress up to make myself look dignified, otherwise I won't be able to control the people in the group."

"That's true." Lu Qi nodded.

"Okay, let's go." Rong Shu turned around and went to unpack the suitcase.

Lu Qi stretched out his hand, "I'll do it."

Rong Shu didn't show any kindness to him, and gave him the suitcase.

After leaving the door, the two drove directly to the high-speed toll station out of the city.

Not long after leaving, Rong Shu's cell phone rang.

She took it out and took a look, and saw Fu Jingting's three words beating on the screen with a surprised expression.

Lu Qi saw it out of the corner of his eye, and asked, "Yeah?"

"Fu Jingting." Rong Shu didn't hide it, and showed him the phone.

Lu Qi pouted, "What is he doing on the phone?"

"I don't know, I'll know when I answer it." Rong Shu answered the phone as she spoke.

Fu Jingting's deep voice came, "Have you set off yet?"

Rong Shu hummed, "Just set off, Mr. Fu, what's the matter?"

"It's not a big deal. If Li Chuan contacts you later, he will tell you about Ye Yu's whereabouts. Can you tell me, please?" On the other end of the phone, Fu Jingting stood in front of the floor-to-ceiling window of the ward, looking at the leaves outside, only the bare tree trunk remained, and said in a soft voice.

Rong Shu nodded, "Okay, but..."

"What's wrong?" Fu Jingting's face tightened after hearing the difficulty in her tone, and there was a trace of worry in his eyes.

Rong Shu shook her head, "It's okay, even I'm not sure whether Xiao Chuan will contact me now, or whether he will tell me about Ye Yu's whereabouts."

"What's the matter? Are you in conflict with Li Chuan?" Fu Jingting Raise your eyebrows.

Rong Shu rubbed his brows, "That's not true, it's Xiaochuan... he has a split personality."

"What?" Fu Jingting was startled, then his face became serious, "You mean, Li Chuan has split personality, the current Li Chuan, yes Another personality?"

"Well." Rong Shu leaned back in the seat, looking out the window, showing a bit of confusion, "I don't know Xiaochuan now, and I don't even know how to get along with him. So even if I ask, he probably won't tell me."

Fu Jingting didn't speak, his eyebrows were tightly knitted.

How could Li Chuan suddenly have a split personality?

He knew that Li Chuan had a mental illness, and he also knew that Li Chuan might have a split personality.

But I didn't expect that Li Chuan actually had a split personality, and it was still at this time.

And most importantly, he didn't know whether Li Chuan had the memory of the master character, and whether he knew the hacking skills of the master character.

If not, then he sent someone to stare at this Li Chuan, and I am afraid that Ye Yu could not be found.

Squinting, Fu Jingting spoke again, "What is the character of Li Chuan now?"

Rong Shu recalled the Li Chuan she saw two days ago, bit her lower lip and replied, "I can't tell, but what is certain is that, This Xiaochuan has a very dark heart, and no one knows what he will do in the next second."

Fu Jingting pursed his thin lips, "It seems to be a very dangerous personality, in that case, then I just Don't do what you said, even if he really will contact you, don't ask him, stay away from him, don't let him hurt you."

"I know." Rong Shu nodded.

Fu Jingting hummed, "That's good, I'm fine, I'll be back early tomorrow, I think..."

"Huh?" Rong Shu saw that he was dragging his heels and he didn't say what he wanted to say, so he couldn't help but be a little puzzled, " Mr. Fu, what do you think?"

"It's okay, that's it, pay attention to safety on the road." After Fu Jingting finished speaking, he put down the phone.

Rong Shu frowned, took the phone from her ear, looked at the phone screen that had jumped back to the main menu, and pursed her pink lips.

What is he trying to say?

Saying it halfway without saying it, this kind of behavior is really dissatisfying.

Rong Shu put the phone back in her bag a little uncomfortable, then put her elbows on the control lock of the car window, and looked out of the window with a sulky head over her head.

Lu Qi glanced at her like this and asked, "Darling, did Fu Jingting make you angry?"

Rong Shu's back froze for a moment, but she quickly returned to her natural state, and replied indifferently, "No, he can make me angry."

"Really not?" Taking advantage of the traffic light time, Lu Qi turned to look at her, "But you look like this, obviously you're angry, or after you answer the phone, so it's not Fu Jingting who makes you angry, who else could it be?"

#### Chapter 462 I Won't Fall In Love With Him

Rong Shu looked at Lu Qi's dark eyes, which seemed to be able to see through her, and finally couldn't tell a lie, and could only admit, "Okay, I admit that I'm a little angry, Ah Qi, don't you guys like to talk in half? "

"What do you mean?" Lu Qi blinked.

Rong Shu took her hand away from the lock of the car window, "It's that you clearly wanted to say something, but halfway through, after arousing the curiosity of others, you suddenly stopped saying it."

"It turns out to be the case, so you don't care about this trivial matter. Happy?" Lu Qi's mouth twitched.

Rong Shu pursed her lips, "I just feel like I'm being teased."

Lu Qi looked at her with a serious expression, "Darling, don't you think something is wrong with you these two days?"

"Ah?" Rong Shu was stunned, "What's wrong?"

"It's about Fu Jingting." Lu Qi clenched the steering wheel and said, "Since your divorce, your attitude towards Fu Jingting has always been very indifferent, no matter what he does, you will I don't care, but in the past two days, you haven't noticed that your attitude towards Fu Jingting has become more emotional and you have become more concerned?"

Hearing this, Rong Shu's heart jumped, and then Don't look away, "How is it possible, Ah Qi, you read it wrong."

"I didn't read it wrong, I saw it very clearly, just now is the evidence." Lu Qi pointed to her mobile phone, "If before, Fu Jingting said Half, even if it arouses your curiosity, you will not be angry, you will only think that he is insane, because you don't care about him, so you are not angry, but now you are angry, what does this mean, it shows that you started I care about him." Lu Qi said in a low voice.

Rong Shu's pupils shrank.

Does she care about Fu Jingting?

No, it can't be!

She had no feelings for him for a long time, how could she care about him.

Thinking, Rong Shu took a deep breath, calmed down the mess in her heart, and said with a cold face: "Aqi, I don't care about him, maybe I have paid more attention to him these two days, but this is because he saved him. So my attitude towards him has naturally changed a bit, if I still treat him as coldly as before, then am I not being ungrateful?"

"Yes, Fu Jingting saved you, as your benefactor, you really shouldn't treat him Indifference, but that doesn't mean you can care about him so much, so Rong Shu, don't you use your kindness to cover up the reason you've begun to care about Fu Jingting?" Lu Qi stared at her, as if trying to see through her.

Rong Shu choked up in her heart, then clenched her palms tightly, and replied dully, "Of course not."

"Really?" Lu Qi narrowed his eyes.

Rong Shu looked at him angrily, "Believe it or not, and Lu Qi, don't try me like a prisoner, you are not my father!"

Hearing the anger in her tone, Lu Qi also knew that he had gone too far Now, he quickly apologized, "I'm sorry baby, I don't mean anything, I'm also worried about you, I'm worried that you will fall in love with Fu Jingting again, that's why..."

"Why do you think I will fall in love with him again?" Rong Shu frowned, she understood 's question.

Lu Qi sighed, "Because of the change in your attitude towards Fu Jingting in the past two days, and also because of Fu Jingting's life-saving grace to you, he is the easiest to move a person's heart by desperately trying to save you. Seeing Fu Jingting jumping off the cliff, my heart didn't shake."

"..." Rong Shu's lips moved, but she didn't refute.

Because at that time, she was really shocked in her heart.

Jumping off the cliff regardless of his own life, just to save her, not everyone can do it. Xiaochuan who keeps saying that he loves her can't do it, but Fu Jingting who also keeps saying that he loves her can do it.

So, how could she have no feeling in her heart.

Seeing that Rong Shu didn't speak, Lu Qi sighed in his heart and said, "Look, you can't deny that you saw Fu Jingting jump off the cliff, and your heart didn't fluctuate, so baby, I'm very worried that you fall in love with him again. You finally got out of the Fu family and got out of the sea of ??misery, I don't want you to fall into it again and get hurt again."

He really thought so, and he didn't want her to return to the Fu family again. No ghosts and no ghosts days.

She now has a career, is working hard, and is radiating dazzling light all over her body.

Of course, he also has a little selfishness of his own. He doesn't want her to fall in love with Fu Jingting again, because then, she and Fu Jingting will be together again soon, and he will lose the possibility of getting her again.

Rong Shu didn't know what Lu Qi was thinking, she lowered her eyelids, making it difficult to see the emotions in her eyes, and replied in a somewhat inaudible voice: "I won't fall in love with Fu Jingting again, I've been hurt once. , how could it be stupid enough to hurt a second time, so you don't need to worry about it."

"Baby, is what you said true?" Lu Qi asked with slightly bright eyes.

Rong Shu's throat moved, "Yeah."

Lu Qi smiled, "That's good, baby, remember what you said, you won't fall in love with Fu Jingting, so you must not fall in love with him."

Rong Shu raised her eyes Glancing at him, "Of course!"

"With your words, I'm relieved, alright, sit tight, I'll drive." The red light finally passed, the green light came on, and Lu Qi hung down. Restarted the car.

Rong Shu lowered her head, covering the expression on her face, and her hands tightened.

Even if Ah Qi didn't remind her, she wouldn't fall in love with Fu Jingting.

Absolutely not!

Although she thought so, Rong Shu felt inexplicably, and she felt a little panic in her heart.

As for why it was blocked, she didn't understand, and she didn't want to understand.

Intuition tells her that it is the best not to understand. Okay, got it, it's possible that something could get out of hand.

...

At two o'clock in the afternoon, the old man's old house finally arrived.

The old man's old house is an antique yard with two entrances and two exits.

According to my grandfather, my grandfather's grandfather was a fourth-rank official in the last feudal dynasty, and the house was given by the emperor, and he stayed there forever and became the ancestral home of the grandfather's family.

Lu Qi looked up at the old house and exclaimed: "Baby, your grandfather's old house is actually an antique, but it's a bit old, many places are rotten, and it needs to be repaired, otherwise it will be two years later. I've settled in."

Rong Shu took out the key that her grandfather had given her a few years ago, opened the lock, and turned back, "Because my grandfather has been traveling through the various ancient tombs, and rarely lives at home, the old house is rotten. After a period of time, I will arrange for someone to repair it, and when my grandfather retires, I will be able to retire here with peace of mind."

It is strange to say that if someone lives in an old house like this, the house will not decay.

But if no one lives in it, the house will decay very fast, and it may collapse after a long time.

"This place is good, the environment is good, the air is good, I want to retire here." Lu Qi touched his chin and looked at the surrounding environment.

Rong Shu didn't know whether to laugh or cry, "Then I'm afraid you'll have to wait for a few more decades. Well, the lock is unlocked and come in."

She took off the key and pushed the door.

Since the door hadn't been opened for a long time, when Rong Shu pushed it open, it made a screeching and terrifying sound, just like in a horror movie, it sounded creepy.

Lu Qi shrank his neck and rubbed his arms, "Baby, why is it so cold, there are no ghosts?"

Rong Shu gave him a cool look, "There are ghosts in your house, if you are afraid, don't go in. ."

After she finished speaking, she strode into the door.

## Chapter 463 The Mysterious Album

Seeing that she went in so directly, Lu Qi felt that if he didn't go in, he was simply not a man, not even a woman.

Taking a deep breath, Lu Qi shivered and followed into the old house.

Since the old house has not been inhabited for a long time, it is covered with cobwebs and dust everywhere. It looks like a haunted house in a movie.

No wonder Ah Qi just said there are no ghosts.

Rong Shu wiped the dust off the table and thought.

"Baby." Lu Qi's voice sounded behind him.

Rong Shu patted off the dust in his hand, "What's wrong?"

"Where are your grandfather's notes?" Lu Qi asked while waving a long broom he got from somewhere.

Rong Shu pointed in the direction of the study, "It's over there, but it's too dirty here, clean it first, and then go to look for notes later."

"It's time to clean, otherwise I won't be able to live tonight." Lu Tou agreed .

Rong Shu opened the suitcase and took out a few towels from it, "Let's get started."

"Okay, you clean the tables and chairs, I'll twist the cobwebs and sweep the floor." Lu Qi stopped waving his broom. Say.

Rong Shu hummed, "Okay, that's it, I'll fetch water from the well."

With that, she went to the backyard with a towel.

There is an ancient well, which has water all year round.

Soon, the two began to get busy.

This busy work lasted for several hours, and it was not until four o'clock in the afternoon that the two of them cleaned the huge yard.

At this moment, the two of them were exhausted and collapsed, and one of them rested on a Taishi chair.

Lu Qi gasped, "Baby, I... I've grown so big, and it's the first time I've done so much cleaning. I'm exhausted."

"I'm sorry Ah Qi, I've worked so hard for you, I'll make something delicious to treat you later." Rong Shu also panted tiredly.

Lu Qi nodded with bright eyes, "Okay, I want to eat fish, but is there any fish here?"

"Yes." Rong Shu sat up straight and rubbed her aching back, "There is a village on the hillside below. , there is fish farming in the village chief's house, and I went to buy it a few years ago, so I can just go to the village chief's house to buy it later."

"That would be great." Lu Qi clapped his hands happily.

Rong Shu stood up, "Aqi, you go to make the bed first, I'll go to grandpa's study to look for notes."

"Okay." Lu Qi looked down the room he pointed to.

It seems that tonight, he is staying in that room.

"Then baby, which room do you live in?" Lu Qi turned to look at her, "I made your bed by the way."

Rong Shu thought that was fine, and pointed to the room opposite him, "That's the room, that's the one. It's the room I used to be here."

"Okay." Lu Qi clapped his hands, and walked over with his suitcase.

Rong Shu didn't delay, and went straight to the old man's study.

The study has just been cleaned, and it is spotless and clean now.

Rong Shu came to the old man's desk and opened the drawer to look for notes.

The notes were not difficult to find, Rong Shu found them in the second drawer.

She flipped through it, and after confirming that it was the one her grandfather asked her to find, she closed the note and was about to close the drawer and go out.

But just as she was closing the drawer, she suddenly saw something and snorted.

“This is... an album?” Rong Shu saw the pink album in the drawer, which was just pressed down by the notes, and couldn't help but reach out and take it out.

This album is small, only the size of a palm, but it is very thick.

But what really aroused Rong Shu's curiosity was not these, but this album, which she had never seen before.

Before marrying Fu Jingting, she lived here for a period of time every year, so she knew everything about the old house.

There are several albums in the old house, and she has seen them all, but she has never seen this one at all.

And looking at this album is very old, I know that this album has existed for a long time. In fact, it has been upwards for more than ten years, and it cannot be appeared in the past few years.

After all, six years is not enough to make this album so old, so it wasn't my grandfather who put it in during these six years.

But this album, more than ten years ago, has been here all the time, but she never knew about it.

Suddenly, Rong Shu thought of something, and her figure was startled.

She remembered that every time she came to the old house, she could go anywhere, and she could rummage everywhere, but every time she entered her grandfather's study, her grandfather would tell her not to open the drawer of his desk, as if there was something in the drawer. Something, I don't want her to see the same.

And in this drawer, except for the note, it's this photo album, so what I don't want her to see should be this photo album.

As for why it's not a note, that's because she hasn't seen her grandpa's other archaeological notes, so her grandfather definitely doesn't mind her reading the archaeological notes, so this album is the only thing that minds her.

What exactly is in this album that Grandpa won't let her see?

Rong Shu's eyes fell on the album in his right hand, and his heart beat fast.

In the end, Rong Shu's inner curiosity prevailed over reason.

She bit her lower lip, took a deep breath, and whispered in a low voice, "I'll take a look, it should be fine to see one or two..." As

she said, she put down the archaeological notes on her left hand and carefully opened the album.

The first thing that caught my eye was a picture of a baby.

The baby was lying in a swaddle, eyes closed, face wrinkled, red, and at first glance it was just born.

In the lower right corner of the photo, there is also a date written.

Looking at the date, Rong Shu laughed, "This is me!"

The date above was her birth date, so there was no need to guess who this baby was, it was her.

"It turns out that when I was first born, I was so ugly, and I was so young that I didn't look healthy." Rong Shu stroked the baby's face in the photo with her thumb and said with a light smile.

Then, Rong Shu flipped through the next photo.

Still a baby.

In the lower right corner of the photo, the date is still written, which is the date of the second day of her birth.

Is this a photo album of her birth?

Thinking about it, Rong Shu turned to the third page, and sure enough it was still her, and in the lower right corner was the date of her third day of birth.

This time, Rong Shu was completely sure that this was the album of her birth records, and every photo on it recorded what she looked like every day after she was born.

And such record albums are not uncommon. Almost many families will take a book for their children. Some will be photographed until the first year, some will be half a year old, and some will be a hundred days.

Looking at the thickness of the album in her hand, it should be a record of half a year old.

What Rong Shu couldn't figure out was that since this was her record album, why did her grandfather never let her see it?

Rong Shu narrowed her eyes, her heart full of confusion.

But she didn't think much about it, just thought it was her grandfather who wanted to keep it as a souvenir, so she didn't want to show it to her.

But now, the photo album is in her hands, she can look at it by herself, just reminiscing about her childhood.

But it's strange to say that there are no photos of her when she was a child at home, but never when she was born, so she really doesn't know what she looked like when she was born.

Rong Shu pulled over the Taishi chair and sat down, and began to look at the photos at the back page by page.

At first, when she looked at it, there was a smile on the corner of her mouth, and she felt that she was so cute when she was born.

But I don't know why, cute is cute, but she doesn't feel any closeness?

As he looked back, the smile on Rong Shu's face slowly disappeared, replaced by a face full of shock.

Chapter 464

What exactly is going on?

Who is this baby?

Rong Shu looked at the photo, the pale face, as if the baby had no vital signs, her palms could not help tightening, her eyes were full of shock, confusion, puzzlement, and even a trace of strangeness that could not be explained. .

The time in the lower right corner of the photo is her fourth month and five days, but the baby in the photo is not her.

Except that she hadn't seen the photos of herself in the first month or two after she was born, she had seen all the photos after that.

When she was four months old, she didn't look like this at all!

So the baby in the photo is definitely not her.

But it's not her, why is the time in the lower right corner consistent with the previous photos?

And it's not just the dates that are consistent, but the looks of the babies as well.

Let's not talk about the first month, the baby in the first month can't see the specific appearance at all.

From the second month onwards, the baby's appearance begins to show.

And the appearance of the baby in the photo of the fourth month and five days is similar to the baby in the photo of the second month.

That is, this is not her birth record album at all, and the baby in the photo is not her from the beginning.

She thought it was her, a picture of her when she was born, but it wasn't.

That's why she doesn't feel close.

Yes, if it is me in the photo, how can I not feel close to me.

Because no, there is no.

But why, the birth date of this baby is the same as hers?

Rong Shu bit her lower lip, feeling inexplicably complicated and messy in her heart.

Just then, there was a knock on the door of the study.

Rong Shu looked up and saw Lu Qi standing outside the open door, smiling at her, "Baby, haven't you found your notes? My bed is already made."

"I found it." Rong Shu rubbed his brows and replied.

Lu Qi blinked, "Why didn't you come out when you found it? Also, your face is not very good, what happened?"

He walked in.

Rong Shu pursed her lips and replied, "I found an album."

"Then what?" Lu Qi asked.

Rong Shu squeezed her palm, "I thought the baby in the album was me, but in the end I found out that it wasn't."

"What do you mean?" Lu Qi didn't understand.

Rong Shu stood up, closed the album, opened it again, turned to the first glance, pointed at the newborn baby and said, "Aqi, do you think this is me?"

Lu Qi looked down, then nodded, " Yes, isn't it your birthday?"

Rong Shu hummed, "Yes, because of this date, I thought the baby was me, but you look back."

"What happened next?" Lu Qi Although he asked curiously, he followed suit, turning back page by page.

When he saw the photos of the baby's first month, the expression on Lu Qi's face didn't change much, but when he turned to the second month, Lu Qi's brows furrowed, and then the speed of looking back was obviously accelerated. .

Seeing his actions, Rong Shu knew that he clearly saw the problem, took a breath and said, "Aqi, do you still think this baby is me?"

"It's not you." Lu Qi replied with a serious expression, "I Four years older than you, I'm afraid I know better than you what you looked like when you were a child. The baby in this album can't see the specific appearance in the first month. It's not an exaggeration to say that it is you, but from the second Since the beginning of the month, the baby's appearance has become prominent, and I can see at a glance that it is not you, and I also know who she is."

"You know?" Rong Shu looked at him in surprise.

Lu nodded and turned to one of the pictures when the baby was in the fourth month, "Actually, this baby, as you know, what I told you before was the first time I saw it at the Rong's house when I was four years old. , I thought it was your baby."

When he mentioned it like this, Rong Shu instantly remembered it, and nodded suddenly, "So this is the baby."

"Well, didn't my mother also say that, this The baby belongs to the relatives and friends of the Rong family." Lu Qi looked at the baby in the photo and said.

Rong Shu was still not relieved, "Since it belongs to relatives and friends, why is the date of birth the same as me? And why does my grandfather want to treasure this baby's photo so much?"

Although the album is still old, but The photos inside, except for some yellowing, did not even lose color, which shows how well preserved.

If you don't take special care to save it, the photo will not have this rendering effect at all.

Lu Qi shook his head, "I don't know about that, why don't you ask your grandfather?" he suggested.

Rong Shu thought about it and closed the photo album, "Okay, I'll ask when the time comes, alright, let's leave this alone, let's go, let's go to the village chief's house to buy fish first."

"Go." Speaking of buying Yu, Lu Qi was immediately excited.

Rong Shu put the album back in the drawer, smiled and went out with him.

On the other side, the First Hospital.

Assistant Zhang knocked on the door of Fu Jingting's ward.

In the ward, Fu Jingting was examining and approving documents. Hearing the voice, he spit out a word without raising his head, "Come in."

Assistant Zhang opened the door and went in, "Mr. Fu."

"What are you doing here at this time?" Fu Jingting raised his eyes. Glancing at him, he put his eyes back on the document and asked in a low voice.

Assistant Zhang came to the hospital bed and said, "That's it, didn't you ask me to check Mrs.'s lover before marriage last time? I found it."

Hearing this, Fu Jingting pen paused and raised his head abruptly, "What did you say? I found it?"

"Yes." Assistant Zhang nodded, "This person's surname is Su, his name is Su Cheng, and he is the head of the Su family in Jiangcheng."

"It's actually from the Su family." Fu Jingting narrowed his eyes, his expression a little dignified.

Although the Su family is not comparable to the Fu family, their power is not small, and they are also the leader in Jiangcheng.

Unexpectedly, the person in my mother's heart was actually Su Cheng from the Su family.

"I remember, Su Cheng is married, right?" Fu Jingting asked gloomily.

Assistant Zhang replied, "That's right, twenty years ago, he married the daughter of Jiang Cheng's Lin family, and it was because of this incident that his wife committed

suicide. Su Cheng and his wife used to be very good lovers, but in the end Zhong There was a major change in the family. At that time, Su Cheng was not the heir of the Su family, and he was not even a candidate for succession, so even if he was the young master of the Su family, he could not help the Zhong family. Therefore, in the end, the wife broke up with Su Cheng, and then with The master is married.”

Speaking of which, Assistant Zhang glanced at Fu Jingting and said, “After marriage, Madam and Su Cheng have always been in touch, this Master knows, because Master doesn’t love Madam, so he doesn’t mind, so Madam There is almost no cover up about the connection with Su Cheng, so I can find a lot of things when I check it, including that Su Cheng has been waiting for his wife to divorce, but after ten years of waiting, seeing that his wife can divorce his master, Su Cheng has At that juncture, the marriage was suddenly announced.”

“So my mother committed suicide due to being greatly stimulated.” Fu Jingting clenched his fists and said with a cold face.

Assistant Zhang nodded, “Yes.”

“Can you be sure that Su Cheng was the murderer behind my father’s death?” Fu Jingting looked at him.

This is what he most wants to know.

Assistant Zhang shook his head regretfully, “Sorry, Mr. Fu, no, our investigation team went to the short-term rental house to look up fingerprints, and our investigation team did find a lot of people’s questions, but none of them were from Sucheng, so we It is still uncertain that Su Cheng is the one who killed the master and designed your car accident.”

#### Chapter 465

Fu Jingting was not surprised by Assistant Zhang’s answer.

Because when he asked, he already had the answer in his heart.

He tapped his finger on the document, and after a few seconds, Fu Jingting narrowed his eyes and said, “If that’s the case, let people keep staring at Su Cheng, and if there is any movement from this person, immediately report it to me.

” Whether a person is the murderer of his father, he also has to be watched.

It is better to kill a thousand by mistake than to let one go.

“Okay Mr. Fu.” Assistant Zhang nodded in response, then thought of something, and said, “In addition, there is one more thing.”

“What is it?”

“It’s the Nanjiang Gao family and the Li family in our sea market. It seems that recently There’s a commotion.”

“The reason?” Fu Jingting asked.

Assistant Zhang pushed back his glasses, “It was Li Zhennan who was caught cheating by Gao Meiling. In a fit of rage, Gao Meiling pushed Li Zhennan downstairs, causing Li Zhennan to break a leg. Now the Li family is completely against the Gao family because of this incident. And Li Zhennan is also arguing for divorce.”

“Have you left?” Fu Jingting raised his eyebrows.

Assistant Zhang shook his head, “That’s not true. Gao Meiling is not willing to divorce. It’s not that Li Zhennan has been in trouble before, but he has never been successful in leaving. This time it will be difficult.”

Fu Jingting sneered, “Before Gao Meiling You and Gu Manyin are friends, right?”

“Yes, the relationship is not bad, Gao Meiling even targeted Miss Guo Rong for Gu Manyin’s sake. When several banks joined forces to recover loans from Miss Rong, Gao Meiling was behind the control. Yes, but fortunately, in the end, Mr. Fu, you helped Miss Rong to come up with an idea, otherwise Miss Rong and Tian Cheng would really be finished.” Assistant Zhang said in a deep voice.

A cold light flashed in Fu Jingting’s eyes, “If that’s the case, then help Li Zhennan.”

How much Gao Meiling loves Li Zhennan, no one in the circle does not know.

In order to marry Li Zhennan, Gao Meiling even did some dignified things, so for Gao Meiling, Li Zhennan was her life.

Once Li Zhennan and her divorce successfully, she will probably go crazy, right?

Because of being hypnotized before, he didn’t do anything to Gao Meiling except to help Rong Shu come up with a solution to Gao Meiling’s plan.

If Zhang Cheng hadn’t mentioned Gao Meiling at this moment, he would have forgotten that there is such a person.

Now that I think of it now, let Gao Meiling pay the price she deserves for her previous actions against Rong Shu.

And asking Li Zhennan to divorce her was the most painful price for her.

“Okay, Mr. Fu, I’ll make arrangements.” Assistant Zhang said.

Fu Jingting waved his hand, indicating that he can go out first.

Assistant Zhang didn’t say anything, turned around and left.

After he left, the ward was quiet again.

Fu Jingting took out his mobile phone, dug out Rong Shu’s phone number, and prepared to call.

But when the finger landed on the dial key, it suddenly stopped.

Because it was very late now, he didn’t know if she slept or not.

If she fell asleep, wouldn’t he just wake her up?

Just when Fu Jingting hesitated, there was a sudden sound from the door of the ward, as if something had fallen to the ground.

Fu Jingting was startled, and his thumb hit the dial button unexpectedly.

“...” Fu Jingting looked speechlessly at the interface that displayed the dialing.

It seems that God wants him to contact her.

Soon, the phone was connected, and Rong Shu’s dazed voice came from the other end of the phone, “Who is it?”

Fu Jingting heard the sleepiness in her voice, and knew that she was really asleep, and replied lightly with thin lips. It’s me, sorry to bother you.”

“Huh?” On the other end of the phone, Rong Shu was lying on her side on the bed, her eyes closed, and she put the phone to her ear with one hand, without any intention of waking up.

So she didn’t even know who was on the other end of the phone and what they said.

Fu Jingting thought it was because his voice was too low, and said again, “It’s me, I’m sorry to disturb you so late, I...” Before

he could finish his words, he suddenly heard a long breathing sound coming from the phone, and he suddenly realized Arrived, the woman on the other end of the phone fell asleep, the whole person was stunned for a moment, and then he couldn't help but chuckle.

Really defenseless.

He fell asleep so quickly.

Of course, it might be too sleepy, so she didn't hear it was him.

Otherwise, as soon as she heard that it was him, she would wake up immediately, and then asked him what he had to do with her so late.

Fu Jingting didn't mean to wake up Rong Shu. He took the phone off his ear, turned on the speaker, and put the phone next to the pillow. The sound of Rong Shu's breathing came from the phone one after another. .

As if listening to her breathing, as if seeing her.

So Fu Jingting listened to it overnight. It was not until the next morning when the sky was bright and the phone was automatically turned off when the battery was dead, and Rong Shu's breathing sound disappeared.

And Fu Jingting himself just lay down and closed his eyes and fell asleep.

At eight in the morning, Rong Shu was awakened by a knock on the door.

She frowned, then opened her eyes and turned her head to look in the direction of the knock on the door.

Outside the door, Lu Qi knocked on the door and shouted, "Baby, are you up yet?"

Rong Shu rubbed her brows, breathed a sigh of relief, and then replied, "Not yet, but get up soon. "

Then hurry up, I just went to the village chief's house to buy breakfast, wash up and eat." Lu Qi put his hand down from the door.

Rong Shu hummed, "Okay, I'll be there in a while."

"Then I'll wait for you at the restaurant first."

After speaking, Lu Qi turned around and left.

Hearing his footsteps go away, and until it disappeared, Rong Shu stretched and sat up from the bed.

As soon as she sat up, she felt something was wrong in her leg, as if she was being pressed by something.

Rong Shu opened the quilt suspiciously and saw that her mobile phone was lying on her lap, she couldn't help but be stunned.

Strange, why is her phone under the quilt?

Before she went to bed, she clearly put it on the head of the bed!

With a puzzled face, Rong Shu took out the phone and tapped it, but the phone didn't respond.

broken?

Rong Shu frowned and quickly rejected this conjecture.

Impossible, how could her mobile phone be broken just a few days after she bought it.

It is estimated that when she fell asleep, her body just hit the shutdown button, so shut it down.

Thinking about it, Rong Shu pressed the power button to restart the phone.

However, after pressing it for a while, the phone still did not respond.

Rong Shu's eyes widened, "Isn't it?"

Really bad?

But how is this possible, this is a new phone!

Rong Shu was a little reluctant to accept this fact, so she quickly lifted the quilt and got out of bed, looking for a charger to try to charge it.

If the phone doesn't respond when it's plugged in, it's really broken.

Rong Shu found her charger, went to the socket, and charged the phone.

Within two seconds of charging, the phone lights up and the screen shows a red battery.

A red battery means the phone is at its lowest level.

So why the phone couldn't be turned on just now, the truth has come to light, because the battery is out of power.

It's just that Rong Shu is a little puzzled, how could her phone be out of power?

Before she went to bed last night, she had fully charged the battery, so where did the electricity go?

She couldn't have been playing with her mobile phone in her dreams, so let's finish it!  
wait, dreaming?

Rong Shu froze and realized something.

She did have a dream last night that she answered a phone call.

Shouldn't it, it's not a dream, it's real, right?

Thinking of this, Rong Shu hurriedly opened the call log and saw the first call log, so shocked that her eyes almost popped out.

Chapter 466 is dead

"Three hundred and sixty-seven minutes!" Rong Shu almost trembled while holding the phone.

No wonder the phone is dead.

Because last night, she and Fu Jingting actually talked on the phone for more than 300 minutes. This... this is just...

Rong Shu's lips moved, and she didn't know what to say.

She always thought that answering the phone was a dream, but now it is confirmed that it is not a dream.

Most importantly, she didn't even feel like answering the phone at all!

"Baby." At this time, Lu Qi's voice came from outside the door again, "Are you okay? Breakfast is going to be cold."

Rong Shu took a deep breath and calmed down for a while, "It'll be fine soon."

"Hurry up." Lu Qi urged.

Rong Shu responded, "Okay."

After hearing her reply, Lu Qi left again.

Rong Shu took her mobile phone and walked to the bathroom, and while walking, she dialed Fu Jingting's number.

But when I called, it showed that the other party was turned off.

Shut down...

actually shut down.

Shouldn't it, Fu Jingting's mobile phone was automatically turned off because it had been on the phone for so long, right?

It was a coincidence that Fu Jingting's mobile phone was turned off, so she had to think about it.

Forget it, just wait, wait for Fu Jingting to turn on the phone, then call him and ask him what they said last night.

She didn't have much memory of answering the phone last night, so she was afraid that she would say something nonsense.

Putting away the phone, Rong Shu patted her cheek, calmed down a little, and started to wash.

Ten minutes later, she finished washing up, changed her clothes, walked out of the room, and came to the restaurant.

Lu Qi put down his chopsticks and pointed to the chair opposite, "Sit down baby, today's breakfast is delicious."

Rong Shu looked down at the breakfast on the table, there were porridge, steamed buns, and dumplings, really good.

"The village chief and auntie have opened a breakfast shop before, so she doesn't need to say much about her craftsmanship." Rong Shu pulled out the chair and sat down.

Lu Qi handed her a pair of chopsticks, "It turned out to be the chef, no wonder it tastes so good."

"You're not too bad, you know to go to the village chief's house to buy breakfast." Rong Shu took the chopsticks and took a dumpling.

Lu Qi laughed twice, "Yeah, when I was shopping for fish yesterday, I asked where I could buy breakfast, and the village chief said that his house is fine, so I got up and went today, alright baby. , eat quickly, the porridge is going to be cold."

"Yeah." Rong Shu nodded.

Lu Qi took a bite of the bun, "By the way, baby, when are we going back to the city today?"

"After breakfast, clean up this place and leave." Rong Shu replied while drinking porridge.

She can't stay here too long.

Grandpa's notes have to be mailed, and the company wants her to go back to manage.

There is also Fu Jingting, she also has to take care of her, so she can leave early if she can.

After breakfast, the two locked the door, left here, and drove back to the main city of Haishi.

At half past one noon, the two had reached the main city.

Rong Shu sent the old man's notes and went back to the car to call the old man.

Maybe the old man didn't go to the tomb for a while, but Rong Shu's phone call was easily connected, and the old man's kind and kind voice came, "Shu Shu."

"Grandpa, I have already sent you your notes, it is estimated that four or five It will be there in a day." Rong Shu said while fastening her seat belt.

The old man smiled happily, "That's great, thank you, Shushu."

"Grandpa is so polite, what's there to thank you for?" Rong Shu also laughed.

"Baby, photos." Lu Qi who was driving suddenly reminded in a low voice.

Only then did Rong Shu remember the photo she saw last night, the smile on her face slowly faded, after biting her lips and hesitating for a few seconds, she still mustered up the courage to say, "That...Grandpa, can I ask you about your family? "

What's the matter?" The old man asked back.

Rong Shu pinched her palm, "That's it, when I found my notes yesterday, I also saw a photo album. In the photo album is a baby's growth record of one to four or five months, so I can know who that baby is. Is it?" On

the other end of the phone, the old man sitting in front of the computer didn't expect that the question Rong Shu asked was actually this, the kindness on the old face suddenly disappeared, only his face was shocked and complicated.

Shocked that the album was actually seen by her.

And the complicated thing, the child in the album...

"Grandpa?" Seeing that the old man didn't speak for a long time, Rong Shu's hand tightened on the phone, "Grandpa, why don't you answer? Is that baby's identity very unusual??"

"No." The muscles on the old man's face twitched twice, and he regained his kind expression, "The child is just a relative's child, you don't need to care."

"Is it really a relative's child?" Rong Shu narrowed her eyes.

Although Aqi also asked Aunt Lu, Aunt Lu also said that the first baby Aqi saw at Rong's house when he was a child was a child of a relative or friend. She believed it, but in her heart, there was always something she couldn't say. a feeling of.

The most important thing is that she cares about the baby inexplicably, the identity of the baby, and why she appeared in Rong Shu.

She never believed that the baby was really just a relative's child.

If it is a relative's child, why does my grandfather treasure the photos of relatives' children so much?

This obviously doesn't make sense.

"Of course, otherwise, who else could it belong to?" The old man's eyes flashed behind his reading glasses, and he replied with a smile.

Rong Shu bit her lip, "Then, grandpa, tell me which relative's child it is. I want to get to know you. After all, I was born on the same day, so it's fate, right? Maybe we can get along well.

"With this, the old man knew that she didn't trust him very much, and couldn't help sighing, "Shushu, it's not that Grandpa didn't tell you, but this child has passed away, so..."

“Dead?” Rong Shu widened her eyes in surprise.

Lu Qi turned his head and glanced at her, “Baby, what passed away?”

Rong Shu ignored him, clasped the phone with both hands and asked, “Grandpa, that baby died?”

“Yes.” The old man’s face was full of sadness, but However, the voice said as naturally as possible, “The child is not in good health. He died in the fourth and a half months.”

“So that’s how it is...” Rong Shu also sighed, “No wonder the photo in the album is only that one. The baby is four or five months old, and the next one is gone, so she has...”

“The child’s life is not good, maybe he should not have come into the world from the beginning, otherwise, her mother will not be allowed... Forget it, It’s all over, what are you talking about.” The old man took off his reading glasses, wiped the water from the corners of his eyes, put them back on, and smiled kindly again, “Okay Shushu, grandpa won’t tell you first. , Grandpa still has something to do here, if you have something to do, I will contact you later.”

“Okay.” Rong Shu nodded.

The phone hung up and she put the phone down.

Lu Qi asked again, “Baby, you were just saying, that child died?”

“Well, grandpa said that, and I can hear it. Grandpa’s voice was a little choked, so it should be true.” Rong Shu put the phone in her bag and replied with emotion.

Left this world in just over four months.

I have to say, it’s really a pity.

And just now my grandfather mentioned the baby’s mother.

She guessed that the grandfather wanted to say that the baby’s death greatly stimulated the baby’s mother, and something bad happened.

“Tsk, this is really embarrassing.” Lu Qi sighed.

# **Read This Time, I Will Get My Divorce Chapter 467-468**

Rong Shu nodded, "Yes."

"Okay baby, since that baby has passed away, don't worry about it." Lu Qi patted her on the shoulder.

Rong Shu hummed, "I know, let's go, go to the hospital."

Lu Qi frowned, "You're going to see Fu Jingting now?"

"I'm back, naturally I'm going to take care of him, what's wrong?" Rong Shu looked follow him.

Lu Qi pouted, "That's not true, it's just that you didn't go back to rest, so you rushed over to see him. You probably cared too much about him."

"I said, I don't care, I'm just repaying him. , Okay, stop talking nonsense and drive seriously." Rong Shu closed her eyes and ignored him.

The corner of Lu Qi's eyes fell on her face, his eyes darkened, and he didn't speak any more.

Soon, the first hospital arrived.

Rong Shu opened her eyes and got out of the car, took out her suitcase from the trunk, then stood on the side of the road and looked at Lu Qi in the driver's seat, "Goodbye."

"I really don't want me to wait for you, I will take you back to the shallow water. Bay?" Lu Qi put his hand on the window sill and said.

Rong Shu shook his head, "No, I don't know when to go back, I can't make you wait, go back quickly."

"Okay." Lu Qi shrugged his shoulders, ready to close the car window.

Suddenly, he thought of something again. He rolled the half-up car window and lowered it again. Then he called to the back of Rong Shu walking towards the hospital, "Wait, baby."

"What's the matter?" Rong Shu stopped. back.

Lu Qi opened his mouth and replied, "My mother said before that she gave you time to see her, do you remember?"

Rong Shu nodded, "Of course, but my eyes hadn't recovered yet, so I planned to wait until I recovered. Go see auntie."

“Your eyes have recovered now, when are you going?” Lu Qi asked.

Rong Shu tilted her head and thought for a while, “Tomorrow, I’ll go there tomorrow night .” “Okay

.” Lu Qi made an ok gesture, “Then I’ll go back and tell my mother.”

“Okay, I’ll trouble you. Ah Qi.” Rong Shu smiled.

Lu Qi waved his hand, “Small thing, I’ll go first, don’t stay in the hospital for too long, go back with Fu Jingting after a while.”

“Well.” Rong Shu nodded.

Lu Qi rolled up the car window and drove away.

Rong Shu stood on the side of the road and watched his car go away until he could no longer see it, then turned around and walked towards the hospital gate again.

As soon as he entered the hall, he saw Lin Tianchen walking to the other side with a patient.

Lin Tianchen also saw Rong Shu, and after saying something to the patient, he raised his foot and walked towards Rong Shu, “Yo, you’re back?”

“You’re back.” Rong Shu replied with a smile.

Lin Tianchen put his hands in the pockets of his white coat, “How’s your lower back?”

“It’s already much better, and it hurts if you don’t move.” Rong Shu touched her back with her backhand and said.

“That’s good.” Lin Tianchen nodded with satisfaction, and then asked, “Go to see Fu Jingting?”

“Yes, otherwise I won’t come.” Rong Shu nodded.

Lin Tianchen pushed his glasses, “Then you go, he should have just finished the examination and he hasn’t slept yet.”

“Okay, then I’ll go.” Rong Shu waved her hand and walked to the elevator with her suitcase. go with.

After Lin Tianchen watched her go, he also returned to the patient.

The patient is an old man in his 70s, and he is also Lin Tianchen's resident patient. He is very familiar with Lin Tianchen. Seeing Lin Tianchen coming back, he asked with a smile, "Dr. Lin, are you a girlfriend?"

"No." Lin Tianchen shook his head.

The old man didn't give up, "That's the girl you like?"

Lin Tianchen smiled, "No, it's a benefactor."

He is a monster, how could he possibly understand any feelings!

Even if you understand, you will never fall in love with anyone.

Emotions are just a burden to him.

...

Rong Shu came to the door of Fu Jingting's ward, the door was closed, she raised her hand and knocked on the door.

"Who?" Fu Jingting's cold voice came from the door.

Rong Shu put down her hand, "President Fu, it's me."

Rong Shu!

Fu Jingting's expression was startled at first, and then replaced by undisguised joy.

She has come back!

"Zhang Cheng, go open the door." He ordered.

Assistant Zhang was sitting on a small table beside him sorting documents. Hearing his instructions, he pushed his glasses and stood up, "I know Mr. Fu."

Assistant Zhang walked towards the door and opened it.

When Rong Shu saw him, she said hello, "Assistant Zhang."

"Hello, Miss Rong." Assistant Zhang responded lightly, then turned her body sideways and let the door out, "President Fu invites Miss Rong in."

"Thank you." Rong Shu bowed slightly and went in with the suitcase.

Assistant Zhang did not go in, but closed the door and went out.

Because he knew that President Fu definitely wanted to be alone with Miss Rong.

Therefore, he should not be the light bulb.

“I’m back.” Fu Jingting looked at Rong Shu, his eyes softened.

Rong Shu nodded, “I’m back.”

“When did you come back?”

“Just now.” Rong Shu patted the lever of the suitcase and replied.

Only then did Fu Jingting discover her box, and the curvature of her thin lips became more intense.

She just came back, she didn’t even go home, and she came here to see him without putting away her luggage.

Does this mean that he now occupies a large part of her heart?

“Mr. Fu, what are you thinking?” Rong Shu couldn’t help but waved and asked when he saw Fu Jingting’s eyes drooping and suddenly lost his mind.

Fu Jingting’s eyes flickered, and he shook his head slightly, “It’s okay, sit down.”

He pointed to where Assistant Zhang was sitting just now.

Rong Shu walked over and sat down, her stomach suddenly growling.

Her face flushed instantly, and she quickly covered her stomach, “That...”

“You didn’t eat?” Fu Jingting frowned.

Rong Shu opened her mouth, and finally nodded her head to admit, “Well, I’ve been on my way, I haven’t had time.”

What a shame.

As soon as she came here, her stomach didn’t show any face. Isn’t this a joke.

Hearing Rong Shu say that she really hadn’t eaten, Fu Jingting’s thin lips pursed into a straight line, and his face was full of displeasure.

It’s two o’clock now, and she didn’t even eat lunch!

Is that how Lu Qi took care of her?

Fu Jingting didn't say anything, just picked up the phone and dialed Assistant Zhang's number, "Zhang Cheng, go and buy a lunch."

Rong Shu heard this, and quickly reached out to stop, "Mr. Fu, no need, I'll take a moment. Just go out to eat."

Fu Jingting ignored her and said to the other end of the phone, "Hurry up." When the words were over, he put down the phone and turned his attention to her, "Wait, it will be soon. time to eat."

"..." Rong Shu's lips moved, as if she wanted to say something, but in the end she didn't say anything and swallowed the words back.

She was really embarrassed.

It was obvious that she was here to take care of him, but now that no one has taken care of him, he still makes him worry about her.

She really felt incompetent.

Seemingly seeing what the woman was struggling with, Fu Jingting raised his hand and wanted to touch her hair to comfort her.

But as soon as his hand was raised a little, he put it back again, lightly opened his thin lips and said in a low voice, "Don't worry, you are my temporary care worker now, so it should be ordered for you to eat, if you don't even have a meal. Eat, how can you take care of me?"

Rong Shu bit her lower lip, and finally smiled suddenly, "I found that you always have a way to convince me."

"Because I know you, I know how to do it. Impress you." Fu Jingting looked at her with serious eyes.

Chapter 468

Rong Shu turned his eyes away, not looking at him.

His eyes were too dangerous, and intuition told her not to look at each other.

Otherwise, it is very likely to be trapped.

Seeing that Rong Shu looked away, Fu Jingting sighed, and then changed the subject, "By the way, you called me this morning, didn't you?"

Hearing him mention this, Rong Shu nodded quickly, "Yes."

"Sorry, the phone was turned off this morning." Fu Jingting replied.

Rong Shu looked at him, "I know, I just wanted to ask you, what exactly did we talk about last night, and why did we talk on the phone for more than 300 minutes?"

"Nothing, you fell asleep at that time." Fu Jingting said.

Rong Shu frowned, "What do you mean? You mean, after I got the call, I didn't talk to you, I was sleeping, right?"

"Well." Fu Jingting nodded, "When I called, you didn't just answer the phone. It's time to respond twice, and then you don't respond."

Now Rong Shu completely understood.

On the phone last night, they didn't say anything, they were just sleeping on the phone.

The corner of Rong Shu's mouth twitched, "President Fu, why didn't you hang up the phone and let the call go on?"

Fu Jingting smiled and didn't answer.

He couldn't tell her that he did it just because listening to her breathing sounded like she was sleeping beside him.

Because he knew that if he said it, she might think he was sick.

Rong Shu saw that Fu Jingting just smiled, but didn't speak, her eyes were full of suspicion, and she didn't understand what he meant.

But looking at Fu Jingting's appearance, he obviously didn't intend to say it.

So Rong Shu was too lazy to ask any more, just asked why he was calling to find her.

"It's nothing, I just wanted to ask you when you will be back today, but I didn't expect that when you called, you were already resting." Fu Jingting took the water cup by the bed, took a sip of water and returned.

Rong Shu's red lips moved. Just as she was about to say something, there was a knock on the door, and Assistant Zhang's voice came from outside, "Mr. Fu, I've bought rice."

"I'll open the door." Before Fu Jingting could respond, Rong Shu He stood up and spoke first.

After all, it was her meal. She didn't open the door to get it. Could it be that Fu Jingting would be required to get it?

Rong Shu walked over and opened the door.

Assistant Zhang was not surprised when he saw her, and handed the bag over directly, "Miss Rong, this is what President Fu asked me to order for you."

President Fu just had lunch not long ago, so it is impossible to eat it now.

So this lunch was obviously bought by Mr. Fu for Miss Rong.

Rong Shu took the bag, "Thank you Assistant Zhang, I'll trouble you."

"It's nothing, it's just what Mr. Fu ordered." Assistant Zhang closed the door after finishing speaking.

Rong Shu looked at the door of the ward in front of her and shrugged helplessly.

Although Assistant Zhang's attitude towards her was not as bad as it was a few days ago, he glared at her when he saw her, but he became extraordinarily indifferent.

But this is what she should bear, after all, it was she who hurt his boss.

Rong Shu lowered her eyes and smiled, then turned back to the hospital bed.

Fu Jingting was watching with the tablet in his hand. Seeing her coming back, he raised his eyes and glanced, "Let's eat, and do me a favor after eating."

"What are you doing?" Rong Shu blinked and asked.

Fu Jingting chuckled, "I'll tell you when I'm done eating."

"Okay." Rong Shu didn't force it when he saw that he was cheating, and sat down to eat.

During the period, the two did not speak, each doing their own thing.

Rong Shu was eating, and Fu Jingting read the report. In the huge ward, except for the slight sound of chewing and breathing, it seemed extraordinarily quiet.

Soon, after about half an hour, Rong Shu finished eating, packed the lunch box, took it out and thrown it away.

After returning, she didn't pay attention to her feet because she walked too fast, her toes hit the bedpost of the hospital bed, her body suddenly lost her balance, and she rushed forward in a hurry.

Seeing this, Fu Jingting's expression became tense, and he quickly dropped the tablet and was about to pull her.

However, Fu Jingting was a step too late, and instead of pulling Rong Shu, Rong Shu threw herself directly onto the hospital bed, with her upper body completely buried under the quilt.

"Are you okay?" Fu Jingting lowered his head and pulled the quilt away, asking in a deep voice.

Rong Shu rubbed the tip of her nose, "I'm fine, I have a quilt to cushion me, so I didn't bump into it, what about you?"

Under the quilt, was his leg, her whole body was pressed on his leg, there was no guarantee he wouldn't something.

However, Fu Jingting shook his head, "I'm fine too."

Likewise, there was a quilt blocking his legs, which relieved a large part of the force on his legs. Apart from feeling the gravity, his legs didn't really feel any pain.

Seeing his serious expression, Rong Shu didn't seem to be lying to her, so he was relieved and prepared to stand up.

However, at this moment, the door of the ward opened by itself, and the nurse came in with Fu Jingting's checklist. Just as he was about to report, he saw two people on the hospital bed with strange postures, and their eyes suddenly widened.

God, what did she see!

Miss Rong was lying between Mr. Fu's legs...

they...the two of them were in the ward during the day...the

nurse couldn't think about it anymore, her face flushed, and she quickly covered her eyes and stepped back, "That...I'm sorry Fu Fu. Miss Zongrong, I disturb you, I didn't see anything, I really didn't see anything, I went out first, you continue, you continue!"

After speaking, the nurse hurriedly closed the door and left.

Hearing the door slam shut, Rong Shu and Fu Jingting looked at each other.

What does that nurse mean?

What do you mean by not seeing, what do you mean by them continuing?

But soon, the two of them understood what the nurse just said.

The moment Rong Shu got up, she suddenly realized that her and Fu Jingting's postures were really wrong, which was very unbelievable.

Because she was lying between Fu Jingting's legs just now, and from the direction of the door of the ward, she thought she was giving to Fu Jingting...

No wonder the nursing union said that, anyone else would misunderstand.

Thinking of this, Rong Shu's face suddenly turned red, and even her neck was red.

She got up quickly, took two steps back, then covered her face, too embarrassed to see anyone, especially Fu Jingting.

However, Fu Jingting looked at her with a half-smile.

To be honest, he didn't expect her to fall like that, just so coincidentally, he fell on his hospital bed.

But it was quite rare for him to see her so shy.

Usually, what he sees most is her indifferent appearance, and only occasionally can he see other expressions of hers. It's rare to see her shy and blushing like this.

Thinking of this, Fu Jingting suddenly picked up the phone, turned on the camera, and took a photo of Rong Shu.

How could she not take a picture of such a rare expression of hers, maybe I won't be able to see it in the future.

Click!

Photo freezes.

Rong Shu heard the sound of taking pictures, and quickly put down her hand and looked at Fu Jingting, just in time to see Fu Jingting's action of saving the picture.

She widened her eyes, "Mr. Fu, were you filming me just now?"

Fu Jingting hummed, admitted it, and raised her phone to show her the photo she just took, "Isn't it good?"

Although her face was covered in the photo, her red ears, red With a red neck, anyone could see the expression on her covered face.

Rong Shu looked at herself in the photo, and was stunned for two seconds, then became anxious, "Mr. Fu, why are you taking a photo? Quickly delete the photo!"

"No." Fu Jingting put down the phone and refused directly.

Rong Shu's eyes widened, "Why?"

"It's beautiful." Fu Jingting replied.

Rong Shu's mouth twitched.

nice?

It's so beautiful, I can't even see my face.

Rong Shu pursed her lips, "Mr. Fu, you really don't want to delete photos?"

Fu Jingting raised his chin, "Well."

"No, you took pictures without my permission and violated my portrait rights, so you must delete them. "As Rong Shu said, he stepped forward to grab his phone.

### **Chapter 469 Find a Girlfriend**

Fu Jingting directly held the phone high.

Sitting on the hospital bed, he was already a little taller than Rong Shu, but once he raised his hand, he was even taller.

Rong Shu couldn't reach his hand at all, so why not grab the phone.

She had no choice but to jump up and grab it.

Unexpectedly, Fu Jingting had long expected that she would do this. When she jumped up, he lifted his body up and raised the phone again.

This time Rong Shu did touch the phone, but it was barely touched by her fingertips.

The next second, Rong Shu lost her balance again and fell directly into Fu Jingting's arms.

Fu Jingting looked down at the woman lying on his chest, his eyes darkened, and his voice was slightly hoarse: "Rong Shu, are you throwing your arms around?"

Hearing this, Rong Shu seemed to be stimulated. He raised his head quickly, "Who gave her a hug?"

Fu Jingting didn't say anything, just lowered his eyes and gestured to her with his eyes.

Rong Shu followed his gaze and looked down, only to find that she was lying in his arms, with her hands on his chest.

Because of her movements, the hospital clothes on his body were rubbed up by her, revealing a section of tight abdominal muscles, which was particularly attractive.

The blush that had dissipated on Rong Shu's face turned red again now.

She quickly took her hand from Fu Jingting's chest, then stood up straight and withdrew from his arms.

Rong Shu's footsteps staggered a little because he retreated too quickly.

Seeing this, Fu Jingting hurriedly reminded, "Be careful."

Rong Shu heard these two words, turned her head and looked back, and then supported her chair in time to stabilize her figure.

Very dangerous, almost fell again.

Fu Jingting saw that Rong Shu was standing still, and the heart that he raised fell back to the original place, and pursed his lips and said displeasely, "What are you doing so rashly?"

Rong Shu guiltily looked away.

Did she want to be rash? It was obviously caused by him.

If he hadn't given her the phone, she wouldn't have fallen into his arms because he couldn't grab it, and he would have laughed at him as a hug.

Thinking of the scene just now, Rong Shu's cheeks were hot.

She raised her hand and pressed the back of her cold hand to her face, trying to cool her face down.

She didn't expect that she would pounce on Fu Jingting with such an ambiguous posture twice in a short period of time.

It was even seen misunderstood for the first time.

Although not this time, the shame in my heart is not much different from the first time.

And the first time was purely accidental. Although it was embarrassing, it was quickly adjusted.

But this time is different. This time, in a sense, she is really giving her a hug.

Because she took the initiative to grab the phone.

So Rong Shu felt that she needed to find a place to calm down.

"That... I... I'll go to the bathroom." Rong Shu said, turned and walked quickly towards the bathroom, closing the door.

The door blocked everything, and she slowly squatted down against the door, burying her head in her knees.

What a shame.

And what surprised her the most was that she would act so abnormally.

She's not the kind of person who would grab a phone just because someone didn't give her a phone.

But this time, she just did this kind of behavior, which led to her throwing her arms back.

So she was really puzzled, how could she be so calm?

Rong Shu bit her lower lip, a bit of confusion in her eyes.

Outside, Fu Jingting looked at the slammed bathroom door, his thin lips slightly hooked.

Of course he knew that it was fake for Rong Shu to go to the bathroom, and the excuse to escape him was the truth.

Because she is shy.

Fu Jingting chuckled lightly and looked back.

He had no intention of calling her out.

He knew very well that if he called her now, she would be more uncomfortable.

Just leave her alone in the bathroom for a while and calm down.

When she adjusts her mentality, she will come out naturally.

Thinking, Fu Jingting lowered his head and continued to look at the tablet.

About half an hour later, the door to the bathroom opened, and Rong Shu finally came out.

Fu Jingting heard the movement, put down the tablet and turned to look.

Her face is no longer red, except for the flickering eyes in her eyes, showing that her heart has not been completely calm, the rest has almost recovered.

“Mr. Fu.” Taking a deep breath, Rong Shu lowered her eyelids slightly and said, “That...you said earlier, let me help...”

“Yes, I need your help with something.” Fu Jingting nodded.

Neither of them mentioned what happened just now, as if what happened just now had never happened.

As a result, Rong Shu completely relaxed and dared to look directly at him, “You said, why are you busy?”

“In two days, several important foreign figures will come to the sea market, so when the time comes, I want you to be my female companion and accompany me to this entertainment, okay?” Fu Jingting looked at her.

Rong Shu was stunned, “A female companion?”

“Well.” Fu Jingting nodded.

Rong Shu pursed her red lips, “Do you have to bring a female companion for this entertainment?”

“In business entertainment, sometimes a female companion is indispensable.” Fu Jingting said lightly with his thin lips.

Rong Shu didn't speak, and lowered her eyelids as if thinking about it.

Indeed, there are some social events that require a female companion.

It's just that it's obviously not suitable for her to go. After all, the female companion who can be brought is either a wife or a boyfriend, or a lover of the bag.

And she has nothing to do with Fu Jingting. If she goes rashly, others will definitely think that she belongs to Fu Jingting.

Seeing Rong Shu biting her lower lip and not answering for a long time, Fu Jingting's eyelids drooped, "If you don't want it, I'll find someone else."

"Who?" Rong Shu raised her head and asked subconsciously.

Fu Jingting looked at her in surprise.

Did she care about him finding other girlfriends?

Otherwise, why is she reacting so much?

Realizing this, Fu Jingting was instantly ecstatic, his hand holding the tablet tightened, his Adam's apple moved, and he said in a hoarse voice, "Rong Shu, you..."

Rong Shu also reacted. It's not right, it's easy to overthink it.

And seeing Fu Jingting's slightly excited look, he obviously thought about it too much, and quickly lowered his eyes to explain: "I'm sorry, Mr. Fu, I mean, you can find anyone, if you really can't find a suitable one, I can also help you. Introduce." Hearing her words, Fu Jingting's inner joy, as well as the excitement on his face

, instantly vanished, turned gloomy, clenched his fists and said, "Introduce me? Rong Shu, you are really generous!"

He pushed to other women!

He thought she already had some feelings for him, but he didn't expect that it was just his imagination.

Rong Shu looked at Fu Jingting's cold face, and the thin lips pursed into a straight line. Knowing that she had made him angry, she felt a little regretful in her heart for what she had just said. She ruffled the hair from her ear and said apologetically, "That... If you don't want to, I don't need to introduce you, the big deal, I promise."

Fu Jingting looked at her in surprise, "You agreed?"

"Well." Rong Shu nodded, "And just now... I'm sorry..."

Fu Jingting smiled, "It's okay, but I hope there is no next time, you know, I only have you in my heart, so what you just said made me very sad."

Rong Shu lowered her head, then turned her back, "No, I'm too lazy to introduce you."

"That's good." Fu Jingting looked at her "I'll tell you the address in two days, I haven't decided yet."

"Okay." Rong Shu replied.

Chapter 470 You will regret it

At four o'clock in the afternoon, she bid farewell.

Fu Jingting didn't keep her either, and asked the nurse to send her out.

Arriving outside the hospital, Rong Shu stopped and said to the nurse, "You won't send me away, you can go back."

"Okay, Miss Rong." The nurse nodded, then turned back to the hospital.

Rong Shu pulled back the suitcase and prepared to stop the car on the side of the road.

As soon as she came to the side of the road, a bright black Mercedes-Benz drove over and stopped in front of her.

The door opened, Gu Manqing got out from inside, saw Rong Shu, was stunned for a moment, then smiled and said hello, "Miss Rong, what a coincidence, are you coming from the hospital?"

Rong Shu squinted slightly, She replied expressionlessly, "It has nothing to do with you."

Her detention was over so quickly!

Seeing that Rong Shu had a bad attitude, Gu Manqing was not angry, but she still had the same smile on her face, "Miss Rong, don't be like this, we got to know each other anyway, why make the relationship so stiff? Speaking of which, you are still my benefactor. ."

"Benefactor?" Rong Shu laughed angrily.

Gu Manqing nodded, "Yeah, if it weren't for Miss Rong and Mr. Cheng, I'm still in the Li family, and I'm being scolded by the couple in the Li family. I still don't know that I was a child of a rich family, so I'm very grateful to you. He and Mr. Cheng found me and made me go back to Gu's house by accident."

Hearing this, Rong Shu's face was ugly.

If she had known that the substitute for Gu Manqing was actually Gu Manqing herself, she would never agree to Cheng Huai's proposal that she should enter the Gu family.

It won't come to an end either. The Gu family didn't get the handle, and instead they were plotted against.

"It turns out that your thanks is for my benefactor, so I really dare not accept your thanks." Rong Shu looked at Gu Manqing and said with a sneer.

Gu Man's eyes flashed, but she quickly regained her composure. She pushed her hair behind her ear and replied, "I did something wrong in this matter, and I was also impulsive. I'm here, how about apologizing to Miss Rong. "

No, I won't accept your apology, and I'll tell you Li Zhaodi..."

"Miss Rong, my name is Gu Manqing!" Gu Manqing corrected with a smile.

Rong Shu frowned first, then sneered sneeringly, "You really can't wait to ask Li Zhaodi's name completely."

"What's wrong? I'm not Li Zhaodi, am I?" Gu Manqing narrowed her eyes Say.

Rong Shu raised her chin, "Yes, you are not Li Zhaodi, but you can't deny that you have been Li Zhaodi for more than 20 years, so there is nothing wrong with me calling you Li Zhaodi, isn't it?"

"You..." Gu Manqing saw that she had corrected herself, but Rong Shu was still reluctant to change her mouth. She couldn't keep her smile any longer, her angry face was deformed, she glared at Rong Shu and said, "You did it on purpose, didn't you, you called me on purpose? Li Zhaodi is here to disgust me?"

"If you think so, I can't help it." Rong Shu spread her hands, looking like a scumbag.

Gu Man's emotional chest rose and fell violently, and after a while, he hummed coldly, "Oh, Miss Rong, from the day I was exposed as the real Gu Manqing, you couldn't handle me, so now you can't handle me anymore. You can only take advantage of me verbally."

"Who said that?" Rong Shu looked at her with cold eyes, "Not only will I take advantage of you verbally, but I will also make you cry, last time If you do something to me, don't think it's over in just a few days of detention. I've always remembered this revenge. I'll pay you back double in the future, and I want to tell you that the best way to get revenge on someone is not to let that person die. Instead, let that person lose the things she cares about the most."

Speaking of which, Rong Shu looked at her brand-name clothes and bags, with a sarcastic smile on her lips, “You who have experienced poverty, what you care about most is Prosperity and wealth, when I destroy the Gu family, do you think you will collapse?”

The fists on both sides of Gu Manqing clenched tightly, staring at Rong Shu sullenly, “Break down the Gu family? Do you have that ability?”

Rong Shu wrapped her arms, “What do you think? There is the Cheng family behind me. , there is the Lu family, and even as long as I speak, the Fu family will be used by me. Now, do you still think that I have not destroyed the Gu family’s ability? Even if I want, I can let them take action now, and the Gu family will definitely support Before tomorrow morning, it will disappear into the long river of history.”

If it weren’t for the country’s prohibition, she really wanted to do this, because this is the easiest and most direct and effective way to bring down the Gu family.

Just doing this, she will soon be liquidated by the state, and Tiancheng, which she has developed with one heart, will be confiscated by the state, and even the Cheng and Lu families will be suppressed by the state.

That’s why she didn’t do this, but chose to deal with the Gu family in the safest and slowest way.

Gu Manqing’s time in the upper circle is too short, and she still doesn’t understand many things, but it doesn’t mean that she doesn’t know the status of the Cheng family and the Lu family in the sea market.

The Cheng family is not in the business world, but in the official world.

As the saying goes, merchants don’t fight with officials, if the Cheng family really shot against the Gu family, the Gu family wouldn’t have the strength to fight.

As for the Lu family, although they were only a middle-class family in Hai Shi, they had no difficulty dealing with the current Gu family.

In addition, there is a Fu family who is stronger than the Cheng family and the Lu family...

Thinking of this, Gu Manqing’s face turned pale, changing and changing, which was very ugly.

Because she knew that what Rong Shu said was true, as long as Rong Shu was willing, the Gu family would really fall at any time.

That is to say, she really can't provoke Rong Shu, anger Rong Shu, if Rong Shu ignores the regulations of the state and directly takes action against the Gu family, it will be troublesome.

At that time, she will change back to the disgraced Li Zhaodi from before!

No, she must never change back to that!

Pinching her palm, Gu Manqing bit her lower lip and looked at Rong Shu, "Miss Rong, I know you want to destroy the Gu family, but if you really want to do that, you will regret it."

"Regret?" Rong Shu He raised his eyebrows, then smiled coldly, "I just destroyed an enemy family, why do I regret it? So Li Zhaodi, cherish the life of the daughter of the family. Maybe it won't be long before you are not the daughter of the family anymore."

After she finished speaking, she waved to stop the car and left.

Gu Manqing stood there and watched the taxi go away, her hands clenched tightly, her nails embedded in her palms.

And she didn't seem to feel the pain, she didn't mean to let go of her hand at all, her eyes were staring at the direction the taxi was leaving, her eyes were full of gloomy coldness, which made people feel dizzy.

On the other side, in a taxi.

Rong Shu received a call from Fu Jingting, "You met Li Zhaodi at the door of the hospital?"

"How do you know?" Rong Shu was surprised.

Fu Jingting stood on the balcony of the ward, "I saw it." From

his place, he could just see the road.

Rong Shu nodded, "That's right, that's right, I met her and she was released, but she didn't know what to do in the hospital, so I didn't ask."

"She should have come to get medicine for Gu Yaotian. ." Fu Jingting put his hand on the railing of the balcony and turned back.

Gu Yaotian has kidney failure and needs to take medicine all the time to relieve it.

So after that, the Gu family would come to the hospital every now and then to get medicine.

“Then she is quite filial.” Rong Shu looked out the car window and said lightly.

Fu Jingting chuckled, “The Gu family is now supported by Gu Yaotian. Once Gu Yaotian falls, her good days will come to an end, so she is the one who wants Gu Yaotian to survive the most. Of course, she must be filial.”

“That’s what you said too.” Rong Shu nodded.

“By the way, what did you say?” Fu Jingting squinted slightly and asked, “Did she bully you?”

Although he was on the balcony, he could see the situation below, but it was still far away, so he couldn’t see clearly. Did Manqing do anything to Rong Shu?
