Chapter 471 Good news for Huai

"No." Rong Shu shook her head gently, "Am I so easy to bully? She attacked me before, but she was lucky enough to succeed when I was unprepared. It's impossible to bully me."

Fu Jingting felt relieved when she heard that she was not bullied, "That's good."

"Mr. Fu, you called me to ask me this?" Rong Shu blinked and asked.

Fu Jingting nodded, "I'm worried that you will be bullied."

Rong Shu felt inexplicably happy, her red lips slightly curved, and her tone softened, "Don't worry, I'll be fine."

"Well . . ." Fu Jingting responded.

After that, the two were speechless and fell into silence.

Rong Shu found that since the fall off a cliff with Fu Jingting, the way they get along has become extremely embarrassing.

How should I put it, first of all, her attitude towards Fu Jingting will not be as cold as before, nor can it be as cold as before, so their relationship will become strange.

Just like now, after I finished talking to him, I didn't know what to say, so I started to be silent.

In the past, she would have hung up the phone without saying hello, not afraid of offending him, but now she can't, because he is her benefactor and she owes him favor.

So even if you have to hang up, say hello.

Thinking, Rong Shu took a breath, then held the phone with both hands and said to the man on the other end, "Mr. Fu, I'm almost there, so I'll hang up first." She

really didn't know what to say, and she couldn't keep silent. go down.

Then the best way to solve this embarrassment is to say hello and hang up the phone

. Fu Jingting also knew this, opened his thin lips slightly, and replied in a slightly hoarse voice: "Okay." After the

call was combined, Rong Shu put down the phone and looked out the window to start
For a while, I don't know what to think.

Soon, Repulse Bay arrived.

Rong Shu gave the money and got out of the car, pulled the suitcase into the apartment building, and prepared to take a bath and rest for a while.

As a result, as soon as she put the suitcase down, the doorbell rang.

"Who is it?" Rong Shu frowned, then propped up on the armrest of the sofa, walked towards the entrance, and opened the door.

Outside the door is Cheng Huai. He stood there with his hands on his knees, panting and looking exhausted.

Rong Shu looked at him in astonishment, "You... came up the stairs?"

She shook her head and opened her mouth, as if she wanted to say something.

But because I was too tired, I couldn't organize the language at all, I couldn't say anything, and I stomped my feet in a hurry.

Seeing this, Rong Shu was a little dumbfounded, and squeezed her hands, "It's alright, you can rest for a while, calm down and talk."

Cheng Huai looked at her, nodded repeatedly, then closed her eyes and took a deep breath.

After a while, he finally calmed down and his breathing calmed down. Then he stood up straight, and then hurriedly asked, "Rong Shu, are you okay?"

"Huh?" Rong Shu tilted her head, "What can I do? , why are you asking this?"

"No, I heard that you and Jing Ting fell off the cliff." Cheng Huai said, looking her up and down, wanting to see if she was injured anywhere.

Only then did Rong Shu understand. He asked her if she was referring to something, and shook his head slightly, "I'm fine, but where did you hear that Fu Jingting and I fell off a cliff?"

Aqi and Fu Jingting fell off a cliff. Assistant Zhang blocked it as early as the first time, and did not spread it out, so how did Cheng Huai know?

"I just came back from the capital, and I went to Jing Ting for some matters. After contacting Jing Ting, I found out that something like this happened between you and

him, and then I hurried over to see you.” Cheng Huai raised his hand and wiped it away. He said with sweat from his forehead.

Rong Shu suddenly said, “So he told you.”

Cheng Huai nodded, “Rong Shu, what’s going on here? How did you and Fu Jingting fall off the cliff?”

He went to the capital to do some errands a few days ago, but he never came back. This happened to Fu Jingting.

And Fu Jingting didn’t even tell him what the reason for this happened.

No way, he had to ask her.

“It was Xiaochuan’s opponent who took me away, and Fu Jingting wanted to save me, so he and I both fell off the cliff.” Rong Shu turned sideways to let the door out, and replied succinctly.

Cheng Huai walked into the room, “Li Chuan’s opponent? Who is it?”

“It’s just a small role, let’s not talk about it.” Rong Shu shook her head, obviously not wanting to mention more.

Cheng Huai shrugged, “Okay, but you’re really not injured?”

Fu Jingting was both injured and hospitalized, and she fell off the cliff together, so the possibility of injury must be high.

However, Rong Shu shook her head and replied, “No, Fu Jingting protected me the whole time. I only suffered from scratches at most. Now I have healed. The real serious one is Fu Jingting.”

“It’s good that you are not injured.” Afterwards, he breathed a sigh of relief, took the water cup she handed over, took a sip and said, “As for Jing Ting, I asked Lin Tianchen, he is not seriously injured, the most serious is the arm, take good care of it for a few months, It ‘ll be fine too.”

“I know.” Rong Shu sat down opposite him and sighed, “But no matter what, he was hurt like this in order to save me, and I feel very sorry.”

Cheng Huai looked at her, “What’s the matter? It’s enough to repay his life-saving grace. As for how to repay it, I’ll talk about it later. After all, repayment is not something that can be repaid by repayment.”

Rong Shu smiled, “That’s what you said.”

Fu Jingting replied . She is a life-saving grace. For such a great kindness, it is not her who takes care of him until he recovers, even if the repayment is complete.

Her care is far from enough.

Therefore, in order to repay Fu Jingting's life-saving grace, she has to start from other aspects. As for which aspect, she has no clue yet. Only when Fu Jingting needs help in the future will she have the opportunity to repay.

"Okay, let's not talk about this anymore, you came here to find me, what's the matter?" Rong Shu picked up her water glass and asked with a sip of saliva.

Cheng Huai leaned against the back of the sofa, "It's okay, I just heard that you fell off a cliff, so I came to see you and ask about your situation."

Although Jing Ting also said that she was fine, he didn't see it with his own eyes. She was still worried, so in Jing Ting's gloomy tone, she hung up the phone and came here.

"That's it." Rong Shu nodded and smiled, "Thank you for your concern, I'm fine."

"What's there to thank you for?" Cheng Huai waved his hand, then thought of something, leaning forward towards her With a mysterious smile, "By the way, I'll tell you some good news."

"What good news?" Rong Shu raised her eyebrows, showing interest.

Cheng Huai squinted slightly and said, "This time I went to the capital to hold a meeting, and then I heard that the above was planning to conduct a random inspection of ten companies across the country."

"What do you mean?" Rong Shu's eyes revealed a bit of confusion.

Cheng Huai sat forward and narrowed the distance with her, "It means that the country is ready to take action to rectify ten problematic companies in the country that have a bad reputation and often make troubles, and then use it to deter To warn other companies, in short, it is to eliminate some chaotic horses in the business world."

"I understand." Rong Shu bit her lip suddenly.

Cheng Huai raised two fingers, "In our sea market, there are two companies that have been targeted."

Hearing this, Rong Shu's heart stunned, "Which two?"

One of them would not be Tiansheng Bar?

In the past few months, because of fighting with the Gu family, Tian Sheng has been pulled out by netizens and whipped, and his reputation is definitely not good.

Chapter 472 Invite him to dinner

Therefore, she was very worried that Tiancheng would be thoroughly investigated.

Although Tian Cheng had never done anything illegal or taboo since she took over, he definitely did.

Since his father committed suicide by jumping off the building, Tian Sheng has been managed by Duan Xingbang.

Duan Xingbang knows very well that there is nothing she can't do with greed for money and snobbery.

Four months ago, when Xingnuo took over the finance department, he found out a lot of fake accounts and tax evasion, and Duan Xingbang did all this.

Now that the fake account has been written off, she has already asked Xingnuo to pay for the evaded tax, but there is no guarantee that there will be no other problems.

After all, Duan Xingbang managed the company for six more years than her, and the company had far more staff than her. They were intertwined in various departments. Who knows if they have done other illegal things.

However, based on what she knew about Duan Xingbang, there must be more, but she didn't find out.

But once it was found out, Tiansheng would be finished.

Looking at Rong Shu's frowning brows and her tense face, Cheng Huai knew what she was worried about, and said with a smile, "Don't be so nervous, look at your serious look, like an old woman, I said yes. Good news, so take it easy, the mirage companies to be checked this time are Sansheng and Wang."

"Sansheng and Wang?" After hearing that it was these two companies and there was no Tiansheng, Rong Shu immediately With a sigh of relief, the beating heart slowly returned to its normal rhythm.

She patted her chest slightly, calmed down, and then asked suspiciously, "I'm not surprised that Sansheng was selected for the random check list. After all, there have been a lot of troubles in Sansheng in recent months, but how could Wang Shi be arrested? Spot check? Logically speaking, Tiancheng has the highest probability of being selected."

“That’s right. The two places that were set at the beginning were Tiancheng and Sansheng. After all, you and the Gu family have been making a lot of noise during this period of time, and the whole country knows it, but recently there was a murder case in the Wang family. It’s special, so I didn’t announce it to the public, but it’s already known from the above, so I decided to choose a spot check between Tiancheng and Sansheng, and make a spot for Wang.” Cheng Huai explained with a drink of water.

Rong Shu nodded, “Then Tiancheng was lucky not to be selected, right?”

“Almost, but it was mainly because my dad did some secret manipulation. You know, we have a grudge against the Gu family, and of course we would like to see the Gu family more. Sansheng was thoroughly investigated. I don’t believe that Sansheng is so clean, so when Sansheng is found out, my Gu family and Sansheng will be finished. At that time, we can also directly take action against Gu Yaotian without worrying about others. That’s it.”

Said, Cheng Huai winked at her, “How about Rong Shu, is this good news?”

Rong Shu clenched her palms tightly, nodding excitedly in her eyes, “Of course it’s good news, great news!”

She and Cheng Huai had been looking for evidence of Sansheng’s crimes, so they arranged for Li Zhaodi to enter Gu’s house.

Because only if they find evidence of Sansheng’s crimes and crimes, and after they hand them over, they will take action against Sansheng and the Gu family.

It’s just that the evidence of Sansheng’s crimes has been hidden too deeply. For so long, she and Cheng Huai have not collected it at all.

Unexpectedly, the twists and turns have now turned, and the above has personally checked.

Moreover, the above investigation is to directly enter Sansheng and conduct an open and honest investigation. There is no need to conduct a sneaky investigation like her and Cheng Huai, for fear of disturbing Gu Yaotian and causing Gu Yaotian to destroy the evidence.

But if you check above, you don’t have to worry about these. After all, how can one person fight against the state machine.

The more she thought about it, the more excited she became. Rong Shu hurriedly asked, “Cheng Huai, when will it be checked?”

“It should be within three months. I can’t tell you the specifics. After all, there are ten companies to check.” Cheng Huai spread his hands. back.

Rong Shu smiled happily: "Three months will do, and it will be very soon. If we want to know if we check it ourselves, it will take at least a year and a half."

"That's true." Cheng Huai put his hands behind the sofa backrest On, lazy response.

Because she was too happy, Rong Shu's body was shaking slightly, and her beautiful eyes were even more dazzling.

Three months, in three months, she can avenge her father.

This is really exciting news.

The tip of Rong Shu's nose was sore, and her eyes gradually turned red.

Cheng Huai saw it and said in surprise, "Rong Shu, why are you crying?"

"I'm not crying." Rong Shu raised her head, wiped the corners of her eyes, and said with a smile, "I'm so happy."

Cheng Huai looked Looking at her bright eyes, she believed that she was really crying because she was happy, and she felt relieved when she mentioned it, "It scared me to death, I thought you..."

"I'll treat you to dinner." Rong Shu suddenly interrupted him .

Cheng Huai blinked, "Invite me to dinner?"

"Well, thank you for bringing me such good news." Rong Shu stood up and said.

Cheng Huai smiled, "Okay, since you invited me so sincerely, I'll be disrespectful and go."

He put his hand down from the back of the sofa and stood up.

The two went out one after another and drove to a high-end western restaurant.

"What do you want to eat?" Cheng Huai handed the menu to Rong Shu.

After taking it, Rong Shu opened it and looked at it, choosing a sirloin steak and a fruit salad, "That's all."

"Eating so little?" Cheng Huai frowned.

Rong Shu picked up the white water and took a sip, "It's almost there, you shouldn't eat too much at night, it's easy to gain weight."

"You women are really troublesome." Cheng Huai opened the menu and shook his head helplessly.

Rong Shu chuckled, "I can't help it, it's because of my figure."

"You have such a good figure, you don't need to care about that." After speaking, Cheng Huai looked at her chest.

Rong Shu noticed his eyes, looked down, her face darkened suddenly, raised her hand to block her chest, and said angrily, "Cheng Huai, what are you looking at?"

Cheng Huai heard her roar, A Ji Ling came back to his senses, realized that he had just been rude, and touched the tip of his nose embarrassedly, "I'm sorry, I was distracted for a while."

He never mentioned what he was looking at.

But Rong Shu didn't know what he was thinking, so he sneered, "You really..."

"Waiter." Cheng Huai snapped her fingers and interrupted her immediately, "That's all, hurry up."

"Okay sir." The waiter took the menu, turned and left with a smile.

Rong Shu looked at Cheng Huai coldly, "Did you do it on purpose?"

"What did you say?" Cheng Huai pretended not to hear what she meant.

Rong Shu pursed her lips, "You interrupted me on purpose."

"No, I'm hungry, so I want to serve the food quickly." Cheng Huai replied with a guilty smile.

Well, he admits, he did it on purpose.

Because he knew what she was going to say, and he would definitely say that he was shameless, wretched and the like.

He didn't want to admit that he was a wretched man, so it was better to change the subject quickly.

Rong Shu looked at Cheng Huai pretending to be stunned, angry and helpless, and finally held her forehead, "Forget it, I'll let you go now, next time you dare to look around, I'll gouge your eyes.

", she bent two fingers and made a digging motion in front of his eyes.

Cheng Huai pretended to be afraid and leaned back, "Wow, you are so cruel."

Rong Shu snorted, "I have something more cruel, do you want to try it?"

Cheng Huai quickly shook his head, "No, auntie, I was wrong, I will never dare again.

" Rong Shu couldn't help being laughed at by him, covered her lips and smiled, her eyes were crescents.

In the box on the second floor of the restaurant, Fu Jingting stood in front of the window and looked down at this scene.

Chapter 473 Fu Jingting Lets Go

Even the hand on the edge of the bed tightened suddenly, as if to smash the window edge.

When Assistant Zhang came in, he smelled a sour vinegar smell emanating from Fu Jingting's body.

He couldn't help but ask, "Mr. Fu, what's the matter with you?" Fu

Jingting didn't answer, just squinted and stared down.

Assistant Zhang walked over, followed his line of sight, saw Rong Shu and Cheng Huai, and immediately understood everything.

No wonder Mr. Fu smelled so much vinegar. When he first came in, he wondered what was there to be jealous of Mr. Fu in this restaurant.

It turned out that Miss Rong and Mr. Cheng were eating here

, "Mr. Fu, do you want to go down?" Assistant Zhang asked while standing behind Fu Jingting.

Fu Jingting's thin lips pursed into a straight line, " No." "Huh

?" Assistant Zhang looked at him in surprise, "Can't go down?"

Fu Jingting nodded.

Assistant Zhang still couldn't believe it, "But Miss Rong and Mr. Cheng had dinner together, and they were so happy, you..."

"Okay, let's see if President Chen is here, there's still an hour and a half to go back to the hospital." Fu Jingting frowned slightly to interrupt him, then turned around and walked to the sofa in the box.

Assistant Zhang looked downstairs and replied, "I just asked Mr. Chen, he has a traffic jam on the road, and it will take about ten minutes to arrive."

Fu Jingting snorted and said nothing. , picked up a magazine and opened it.

On the surface, he seemed to be reading a magazine seriously, but Assistant Zhang noticed that his pupils were scattered and not focused at all, which shows that he was clearly distracted.

Assistant Zhang knew why he was distracted, it must be because of Miss Rong and Mr. Cheng.

Mr. Fu loves Miss Rong so much. When she sees Miss Rong with other men, how could she not care about it? It is estimated that she is almost dead of jealousy.

And according to Mr. Fu's character who can't tolerate sand in his eyes, he went downstairs as before, appeared in front of Miss Rong and Mr. Cheng, disturbed their happy meal, and would never let Miss Rong get along with other men alone.

But this time, Mr. Fu was very abnormal and didn't do that.

He could clearly see that President Fu actually wanted to go down and drive away Mr. Cheng, or bring Miss Rong up.

But Fu Jingting seemed to have some scruples and chose to give up, which made him very incomprehensible.

Thinking of this, Assistant Zhang looked at Fu Jingting with puzzled eyes behind his glasses.

He used to be able to guess what Mr. Fu was thinking, but since Mr. Fu came back from the cliff, Mr. Fu's mind has become deeper and deeper.

Now his confidant is completely unpredictable.

Downstairs, Rong Shu looked up at a window on the second floor, her beautiful eyebrows frowned slightly, as if thinking about something.

Cheng Huai cut a piece of steak and put it in his mouth, "What's wrong? What are you looking at?"

"I feel like someone was looking at me just now." Rong Shu pursed her lips and said uncertainly.

Cheng Huai stopped his knife and fork in surprise, "Is someone watching you?"

"Well." Rong Shu nodded.

Cheng Huai looked up and looked in the direction she was looking, "Do you want me to ask the waiter who is in that box?"

"Forget it." Rong Shu waved her hand and refused, "What can I do if I ask? , Others just looked at me and didn't do anything to me. If I ask and provoke the other party, it will cause unnecessary trouble. This is a restaurant. It's best not to make extra troubles, so don't know it."

"You said that too . ." Cheng Huai nodded, then pushed a pastry in front of her, "Try this, this restaurant's pastries are very good."

"Really." Rong Shu looked at the bright colors on the plate, and it was special at first glance. Delicious cake, couldn't help but swallow.

She likes desserts herself, especially when she sees such good-looking ones, she can't help it.

So Rong Shu finally lost to her inner desire, forgot the idea of ??keeping her figure, and then picked up a fork and forked a piece of cake, "Then I'll be polite, thank you."

After she finished speaking, she fed the cake into the mouth.

Cheng Huai approached her and asked, "How does it taste?"

Rong Shu's eyes lit up, "It's really good."

"Yeah, the ones I recommend won't be bad. When you leave later, you can order some to take away." Cheng Huai said with a smile.

Rong Shu put down her fork, "That's a good suggestion, then I'll take some away in a while."

After speaking, she picked up the water glass and prepared to take a sip of water to dissipate the sweetness in her mouth so that she could continue eating.

At this moment, Cheng Huai suddenly stopped her, "Wait."

“What’s the matter?” Rong Shu was startled when he saw his urgent tone, and the hand holding the water cup trembled, almost shaking out the water inside. .

Cheng Huai took two tissues, “Don’t move.”

He reached out and wiped the cream off the corner of her mouth.

Rong Shu didn’t expect him to do this, and the whole person was stunned.

On the second floor, Fu Jingting, who could not be relieved, got up again and walked towards the window.

As soon as he came to the window, he saw the extremely ambiguous scene of Cheng Huai wiping the corners of Rong Shu’s mouth with his own hands.

Fu Jingting’s pupils shrank suddenly, his face was even more ugly, the cold air emanating from his body seemed to freeze people to death, and the magazine in his hand was directly scattered into pages by his anger and jealousy.

Assistant Zhang was beside him, looking downstairs and at the magazines on the ground, the whole person had a headache.

Mr. Fu, Mr. Fu, since you care so much about Miss Rong and Mr. Cheng, let’s go down and tear them apart!

Why get angry alone and do nothing?

Why bother!

Thinking, Assistant Zhang took a deep breath , looked at Fu Jingting’s cold profile, and said, “Mr. Fu, why don’t we go down!”

Fu Jingting pursed his thin lips tightly and did not speak.

Assistant Zhang thought he didn’t hear it, so he shouted twice.

This time Fu Jingting finally responded, squinting his eyes and said, “No, let them go.”

“Let them go?” Assistant Zhang opened his mouth in surprise, “Let Mr. Cheng and Miss Rong behave like this?”

Fu Jingting lowered his eyelids, ” Rong Shu’s life is still very long, and I probably only have three years to live, so Cheng Huai is more suitable for her than me.”

After hearing this, Assistant Zhang understood that Fu Jingting clearly cared about Rong Shu and Cheng Huai. The two came so close, but they refused to go down and separate the two.

Because President Fu wanted to let go of Miss Rong.

President Fu wants other men who admire Miss Rong to stand beside Miss Rong and make Miss Rong happy.

As President Fu said, Miss Rong's life is still very long. If President Fu really doesn't live for three years, then President Fu will take Miss Rong back and harm Miss Rong instead.

So now Mr. Fu let go and let Miss Rong find her own happiness is the most correct way.

But for President Fu, pushing the person he loves into the arms of others without any objection is no different from digging his own heart.

"Mr. Fu, is it really okay for you to do this?" Assistant Zhang looked at Fu Jingting, "Maybe we can find the heart, by then..."

"What do you think is the probability of finding the heart?" Fu Jingting cut off his words. His voice was cold and indifferent: "If it was so easy to find, then I wouldn't have waited 24 years before."

"I..." Assistant Zhang clenched his fists and was speechless.

Yes, if the right heart is so easy to find, with the power of the Fu family, it has now been found.

It was precisely because the chances of finding it were too small that President Fu let go of Miss Rong.

Chapter 474 She Starts to Care

Downstairs, Rong Shu finally recovered from the daze, stood up and looked at Cheng Huai displeasedly, "What are you doing?"

Cheng Huai didn't expect her reaction to be so big. , "Give you the cream."

Afraid that she wouldn't believe it, he handed the tissue to her and motioned her to look.

Rong Shu saw that there was indeed a bit of cream on it, and knew that she had misunderstood. She calmed down and sat down again, "So that's the case, sorry, I thought you..."

“I thought I took advantage of you.” Cheng Huai smiled Say.

Rong Shu squeezed the corners of her mouth noncommittally, “In short, don’t do this in the future, it’s easy to be misunderstood, you can tell me, I’ll do it myself.”

“This is just a little effort, no one will misunderstand, but since you insist on , that’s fine.” Cheng Huai shrugged and agreed.

Only he knew how sorry he was.

He thought, with occasional ambiguous actions, to get her used to it a little bit, and finally move her heart.

Unexpectedly, she was so vigilant and so strong, that she didn’t give him any chance of being ambiguous.

It seems that if you want to pursue her, you have to take it slowly.

Cheng Huai shook his head with a wry smile.

After an hour, the meal for the two was over.

Rong Shu settled the bill and packed two more strawberry cakes, ready to go back.

As soon as she walked out of the restaurant, a cold wind hit Rong Shu’s body and face, causing her to sneeze and even shiver.

Seeing this, Cheng Huai quickly asked, “Cold?”

“A little.” Rong Shu nodded and replied, then looked up at the sky.

There is not a single star in the sky, not even the moon, the darkness is depressing, and it seems that it will rain soon.

Just thinking about it, Rong Shu suddenly felt that her shoulders sank and there was something more.

She quickly retracted her gaze and looked down, only to realize that there was an extra piece of clothing on her shoulders.

The clothes were very familiar, and suddenly Cheng Huai was wearing them.

Rong Shu turned her head and looked at the man beside her. Sure enough, she saw that the man’s coat was gone, only a shirt and a knitted vest left. She asked in surprise, “Why did you give me the clothes?”

“You didn’t . It’s cold, as a man, it should be.” Cheng Huai chuckled.

Rong Shu frowned, somewhat disapproving, “Even so, you’re still cold. I don’t want you to catch a cold because of it, so take this dress back and put it on quickly.

” Take the coat off and return it to Cheng Huai.

But Cheng Huai firmly put it back on her shoulders, and in order to prevent her from taking it off again, he pressed her shoulders on both sides, “Okay, listen to me, put it on, I’m a big man, how can I freeze I have a cold.”

“But...”

Just as Rong Shu pursed her lips and wanted to say something, a gloomy and cold male voice sounded behind him, “Can you move away, you are blocking the way.”

This voice was...

Rong Shu’s eyes widened . , turned his head and looked back, and saw Fu Jingting and Assistant Zhang standing not far away, looking at them expressionlessly.

It was indeed Fu Jingting.

How is he here?

Isn’t he out of the hospital yet?

This question was quickly asked by Cheng Huai, Cheng Huai looked at Fu Jingting with a smile, “Jing Ting, good evening, so coincidentally you are eating here too? But aren’t you in the hospital, why did you come out suddenly?”

Fu Jingting did not speak. , dark eyes fell on Rong Shu’s shoulders.

Rong Shu noticed it, and subconsciously used her strength to shake Cheng Huai’s hand off her shoulder, and at the same time took off his jacket from his shoulder, threw it back into his arms, and looked at Fu Jingting and said, “That... ..this coat is...”

“Rong Shu, you have nothing to do with him, so why do you explain this?” Cheng Huai squinted slightly at Rong Shu, as if to see something from her face.

When Rong Shu heard what he said, she was stunned at first, and then she reacted with a bad expression on her face.

Yes, she has nothing to do with Fu Jingting, so what she does has nothing to do with him.

Then she explained to him what the coat on her body was doing?

Is she crazy?

Thinking of this, Rong Shu lowered her eyelids and said nothing.

At this time, Fu Jingting finally spoke, his voice cold and indifferent, "You continue."

After speaking, he raised his foot and walked towards Maybach on the side of the road.

Assistant Zhang nodded to Rong Shu and Cheng Huai, and followed.

This time, Cheng Huai was a little stunned.

what happened?

When Jing Ting saw him and Rong Shu approaching so close, not only did he not stop him, but he let them continue!

This... Is this still Fu Jingting?

Besides, Jingting didn't look angry or jealous when he saw his coat on Rong Shu just now.

So what the hell is going on here? What stimulated Fu Jingting?

Cheng Huai looked at Fu Jingting's back with indescribable shock in his eyes.

When Rong Shu saw Fu Jingting leaving, her heart tightened, she raised her foot and chased after him, "Wait a minute."

Fu Jingting had already got into the car, and when she heard her voice, the door closing movement stopped.

Rong Shu trotted to the door of his car, took a few breaths, and then looked at him and said, "That..."

"What do you want to say?" Fu Jingting asked lightly with thin lips.

Rong Shu bit her lower lip.

In fact, she didn't know what to say.

She just saw him leave, and subconsciously chased after him.

She didn't even know why she did this.

She was even a little angry in her heart, angry that he just saw her standing with Cheng Huai, but he didn't react at all.

"If you don't say anything, I'm going back to the hospital." Fu Jingting put his hand on the door handle and spoke again.

Rong Shu's eyes flashed and she took back her thoughts, "I said, I just wanted to ask you, why did you come out before you were discharged from the hospital?"

"There is an elder who had a good relationship with my father and asked me to come out. To discuss a cooperation, so I took a three-hour leave from the hospital." Fu Jingting looked at her, replied lightly, and then asked, "Is there anything else to say, if not, I'm closed."

"No... No more." Rong Shu shook her head.

There really isn't much to say.

She chased after her, but she didn't know what to say. What she said just now was the only thing she came up with after racking her brains.

Fu Jingting hummed and closed the car door, "Drive."

"Yes." Assistant Zhang responded and started the car.

Watching Maybach drive out and gradually lead into other traffic, Rong Shu's hands on both sides were slowly clenched, and she was in a state of indescribable confusion.

Cheng Huai, who had never been here, came over now with a coat on his arm, "Do you still want a coat?"

Rong Shu shook her head, "No need."

"I guess you won't want it either." Cheng Huai smiled inexplicably, but the smile was very sad.

He could see that she was starting to care about Fu Jingting.

Otherwise, he wouldn't see Fu Jingting, so he subconsciously threw his coat to him, and distanced himself from him, not wanting to have anything to do with him and make Fu Jingting misunderstand.

She has loved Fu Jingting before, so it is not impossible to fall in love again, and even the probability is very high.

I'm afraid the incident of falling off the cliff this time has touched her heart again.

After all, it is very rare for a person to give up even his life for her. If such a person does not love, who else deserves to be loved?

It seemed that the bet he had made with her was about to be won.

However, he was not happy at all.

Not enough to make him happy, that is Fu Jingting's attitude towards Rong Shu tonight.

Thinking of this, Cheng Huai put on his coat and asked tentatively, "Rong Shu, is there any conflict between you and Jing Ting?"

Chapter 475

"Contradiction?" Rong Shu frowned suspiciously, "No."

"Really?" Cheng Huai obviously didn't believe it.

Rong Shu nodded heavily, "Of course not, but why did you ask that."

"Of course it was Jing Ting's attitude just now, it's too abnormal." Cheng Huai looked at the room where Fu Jingting left, squinting slightly, his eyes full of doubts.

Rong Shu also followed, "It's a little abnormal."

"Yeah." Cheng Huai touched his chin, looking like a deep detective, "If it were normal times, Jing Ting would have seen you approaching me already. Appearing in front of us is disruptive, because he doesn't allow you to be with other men, but today he didn't do that, and looking at his appearance, he seems very happy to see this situation."

Rong Shu didn't say anything. , just biting his lower lip.

Because of what Cheng Huai said, she also saw it.

And it made her feel quite uncomfortable.

"So you guessed that there was a conflict between Fu Jingting and I?" Rong Shu asked while holding her palm.

Cheng Huai nodded, "That's right, otherwise I can't figure out why Jingting did this."

"Because he let go." Rong Shu lowered her eyes and replied.

Cheng Huai was stunned, "What?"

"I said, because Fu Jingting gave up, he won't chase me back anymore." Rong Shu's palm tightened.

Cheng Huai was stunned, "Really?"

"Really." Rong Shu replied with two words.

Cheng Huai's mouth was wide open, "How is this possible, Jing Ting loves you so much, and he is so strong, once he decides on something, he will never give up."

"This is a fact, he said it himself. ." Rong Shu looked at him.

This was what Fu Jingting told her in person the day after she woke up.

He said he would not be pursuing her to be with him anymore.

I don't know why, but she remembered this sentence very clearly, and she should be happy, after all, the people she hates don't bother her anymore.

But the reality was the opposite. She didn't feel happy. Instead, she was still a little blocked and a little astringent, and she couldn't tell the taste.

Looking at the seriousness in Rong Shu's eyes, Cheng Huai completely believed her now, and believed what she said, Fu Jingting really didn't plan to pursue her, and really planned to let go.

But precisely because of his belief, Cheng Huai felt even more incredible and shocked.

"Jing Ting... he actually let go, this..." Cheng Huai opened his mouth, but did not calm down for a while.

He could guarantee that something must have happened here.

Otherwise, Jing Ting could not give up.

"Okay Cheng Huai, it's getting late, I'll go first." Rong Shu raised her wrist and looked at her watch.

Cheng Huai temporarily suppressed the shock in his heart and laughed again, "I'll take you back."

"No, I'll take a taxi by myself. You and I are not on the way at all. It's too troublesome to send me back to my own home."

Said After finishing, she walked to the side of the road, reached out to stop the car, and then opened the car door and sat up, waving at him, "Goodbye."

She completed these series of actions in one go, and did not give him another chance to insist on sending her.

Cheng Huai sighed helplessly, "Goodbye."

Rong Shu rolled up the car window, "Master, let's drive."

"Okay." The driver put the gear on and drove away.

Cheng Huai stood on the side of the road, looking at the taxi that was leaving, frowning slightly, not knowing what he was thinking.

After a while, he suddenly took out his mobile phone and dialed Fu Jingting's number.

"What's the matter?" Fu Jingting's deep voice came.

Cheng Huai returned to his car, leaned on the door and asked, "Jing Ting, did something happen to you?"

"What do you mean?" Fu Jingting changed into a blue and white striped hospital uniform, sat on the sofa in the ward, and asked with a frown.

Cheng Huai took a breath, "I mean, is it true that Rong Shu said you're not going to chase her back?"

"Well." Fu Jingting nodded, admitting that he did say such a thing.

Cheng Huai's hand holding the phone suddenly tightened, "Jing Ting, this is not you, you are not the type to give up easily, so I asked you, did something happen that made you choose to give up?"

"What's the point of you asking this?" Fu Jingting pursed his lips, and a sneer flashed in his eyes, "Don't you like Rong Shu? You should be happy when I give up, so what are you talking about? Hope I don't give up? "

Of course I don't mean that. Of course I'm happy if you give up. After all, one less rival in love means that my chances of getting Rong Shu are higher, but Fu Jingting, you are my friend, you give up Rong Shu, and I care about you." They are two different things, they can't be confused, I understand you, if something didn't happen to you, you would never give up Rong Shu, so Jing Ting, tell me, what happened to you?" Cheng Huai frowned and said.

Rong Shu lowered her eyelids and replied lightly, "I'm fine, I'm just tired, so I want to give up. If you like Rong Shu, go after her, I won't interfere."

After that, he hung up the phone directly . .

"Hello? Hello?" Cheng Huai called twice to the other end of the phone. After no response, he took the phone to him and saw that the screen had jumped back to the main menu. He was so angry, "This guy, still So unpleasant!"

Anxiously scratching his hair, Cheng Huai put down the phone, opened the door and got in the car, it took a while to regain his composure, frowning in thought.

Intuition told him that something must have happened to Fu Jingting.

And things are not small.

Thinking about it, Cheng Huai made another call and went out.

A yawning, sleepy voice came from the other end of the phone, "Mr. Cheng, are you looking for me?"

"Yes, I have something I need you to inquire about." Cheng Huai said with a serious expression. He could hear the seriousness of his tone on the other end of the

phone , and immediately put away his sleepy eyes, and said earnestly, "Please tell me." "I want you to inquire in secret, what happened to Fu Jingting recently." Cheng Huai said. The other end of the phone nodded, "Okay, Mr. Cheng, I'll give you the results within two days at the latest." Cheng Huai hummed and hung up the phone. In the hospital, Fu Jingting threw away his mobile phone, leaned back on the back of the sofa, raised his right hand to cover his eyes, and his body was filled with a heavy and lonely aura. No one knew how painful his heart was when he just said that Cheng Huai would go after Rong Shu and he would not interfere. If it weren't for the fact that he couldn't live long, who would push his beloved into another man's arms. "Mr. Fu." At this moment, Assistant Zhang pushed open the door of the ward and entered. Fu Jingting put his hands down from his eyes and looked up at him, "Is it done?" "Yes." Assistant Zhang nodded. Fu Jingting nodded slightly, then stood up, "You will go through the discharge procedures in a while." "What?" Assistant Zhang was stunned for a moment, then looked at him in surprise, "Mr. Fu, are you going to be discharged from the hospital?" "Well." Fu Jingting asked Go to the hospital bed. Assistant Zhang followed behind him, "Why? Your injury hasn't healed yet, and it won't be time for you to be discharged from the hospital." "It's the same for healing at home." Fu Jingting sat on the edge of the bed, squeezed his eyebrows and said, "The most important thing is that I I don't want Rong Shu to take care of me." "Why?" Assistant Zhang was a little puzzled. At first, Miss Rong said to take care of Mr. Fu, Mr. Fu was obviously very happy. Because President Fu can get along with Miss Rong all the time.

But now, why did President Fu change his mind again?

Fu Jingting pursed his lips and said softly, "I've let go of Rong Shu, so naturally I shouldn't continue to approach her." After

hearing this, Assistant Zhang instantly understood what he meant, and his heart was full of emotion.

Chapter 476 Fu Jingting's Indifference

Fu always felt that he only had three years to live, so not only should he let go of Miss Rong, but he should not even approach Miss Rong.

Because President Fu is afraid that his approach to Miss Rong will affect Miss Rong's mentality. If as time goes by, Miss Rong begins to fall in love with President Fu again, and President Fu dies again, it will hurt Miss Rong as well.

After all, the person you just fell in love with is gone, so what's the harm?

President Fu is worried about this, so now he plans to alienate Miss Rong.

"Okay, Mr. Fu, I understand. I'll go through the discharge procedures in a while." Assistant Zhang sighed and agreed.

Fu Jingting waved his hand slightly, "Go."

Assistant Zhang responded and turned around and went out.

That night, Fu Jingting was discharged directly from the hospital and moved into an apartment in the center of the city, where he planned to recover from his injuries a little, and then return to Fu Mansion.

And all this, Rong Shu doesn't know yet.

Until the next morning, she took the stewed big bone soup to the hospital and found that it was not Fu Jingting but another patient she didn't know in the ward, and she was stunned.

What's going on here?

What about Fu Jingting?

"Miss nurse." Rong Shu grabbed the nurse who was pushing the cart and was about to pass by, and quickly asked, "I want to ask, what about the patients in this ward?" The nurse gave her a strange look, "The patient is not inside?"

“No, I’m not referring to him, I’m talking about Fu Jingting.” Rong Shu frowned.

Only then did the nurse realize, and she said, “Mr. Fu was discharged from the hospital last night.”

“What? He was discharged?” Rong Shu was shocked.

The nurse nodded, “Yes, Mr. Fu left the hospital in the middle of the night last night.”

“Midnight!” Rong Shu bit her lips.

That is the courtyard after leaving the restaurant.

“Miss nurse, why is he leaving the hospital? Isn’t his injury still healed?” Rong Shu pulled the nurse and asked again.

The nurse shook her head, “I don’t know about that. Mr. Fu’s injury is not yet ready to be discharged from the hospital, but it is also possible to rest at home, so the hospital agreed to his discharge.”

“So, I see. Rong Shu also knew that there was nothing to ask, so she squeezed the corners of her mouth, squeezed out a smile, and released her hand.

The nurse’s arm was free, and she continued to move forward with the push cart.

Rong Shu looked at the door of the ward in front of her. It was no longer Fu Jingting, but another name. She pursed her red lips, turned and walked towards the elevator.

In the small garden outside the inpatient building, Rong Shu found a row of chairs and sat down, then took out her mobile phone and called Fu Jingting.

The phone was not answered by Fu Jingting as soon as it was connected, but it rang several times before being answered by Fu Jingting.

Fu Jingting’s indifferent voice came, “Is something wrong?”

Rong Shu heard the indifference in his tone, and felt a little uncomfortable.

What’s the matter with him?

How did the attitude suddenly become like this?

It changed back to the cold attitude towards her in those six years.

This made Rong Shu’s brows wrinkle subconsciously, “Mr. Fu, are you discharged from the hospital?”

“Well.” Fu Jingting nodded.

Rong Shu put the insulation bucket aside, “Why? Why didn’t you tell me when you were discharged from the hospital?”

“This is my business, why should I tell you?” Fu Jingting asked coldly.

Rong Shu choked for a moment, and quickly continued, “Yes, this is indeed your business, but it also has to do with me, I made you like this, I said, I will take care of you until you recover, so You should be discharged from the hospital, of course you should tell me not to let me find you where to take care of you?”

“No need.”

“What?” Rong Shu was slightly startled.

Fu Jingting lowered his eyelids, covering the look in his eyes, and replied in a slightly hoarse voice, “I said, you don’t need to take care of me anymore, and I don’t need to take care of me in the future, and I don’t need your care either.” After

he finished speaking, he hung up the phone . .

Rong Shu looked at the phone, feeling angry and aggrieved.

What does he mean, suddenly being so indifferent to her, and saying that she doesn’t need her to take care of her, did she not offend him?

Rong Shu held her palm and began to search hard in her mind to see if she had offended Fu Jingting in the past two days.

But after some searching, it was found that there was nothing to offend him.

And Fu Jingting became like this, it started last night.

In other words, it is very likely that Fu Jingting changed his attitude when he saw her and Cheng Huai having dinner together last night?

No, not right.

Fu Jingting is indeed cautious, but it is not so.

After all, Fu Jingting had seen her and Aqi Xiaochuan getting close before, and their attitudes had not changed greatly, so there must be other reasons.

But no matter what the reason, nothing could stop her from repaying her gratitude.

He can be indifferent to her and bored with her because she doesn't care.

But it is absolutely impossible to stop her from taking care of him to repay her kindness.

She didn't want to keep holding her kindness in her hands and owe more and more.

Looking at the insulation bucket next to her, Rong Shu took a breath and stood up, preparing to leave the hospital and go to the Fu Group.

Just as she was carrying the heat preservation bucket and just walked to the exit of the garden, she heard a familiar voice.

This is... Mrs. Gu?

Rong Shu subconsciously slowed down, turned her head and looked to the right, and she saw Mrs. Gu behind a pot of flowers.

Mrs. Gu turned her back to her and held her mobile phone in her hand, apparently calling someone.

"Professor Su, please, please contact me. I must help my husband find a suitable kidney. My husband passed out from pain again today. If this continues, I am afraid that it will not be long before he will have to stay in the hospital." Madam Gu pumped He sniffed, his voice choked with begging.

Rong Shu raised an eyebrow.

She understood.

Mrs. Gu is asking the person on the other end of the phone to help find a suitable kidney for Gu Yaotian.

Soon, Mrs. Gu's voice sounded again, this time choked with excitement and joy, "Great, thank you Professor Su, fine, I will wait patiently."

Rong Shu narrowed her eyes.

Oh?

The person on the other end of the phone promised to help Gu Yaotian find a kidney?

It seems that Gu Yaotian's relationship is quite extensive.

I just don't know who this Professor Su is.

Over there, when Professor Su promised to help her contact the organ bank she couldn't reach, Mrs. Gu finally let go of her heart for a while, put away her phone, wiped the corners of her eyes, and turned around with a smile.

As a result, as soon as he turned around, he saw Rong Shu on the opposite side, and the smile on his face suddenly froze.

In the next second, she seemed to think of something, Madam Gu's face changed greatly, and she glared at Rong Shu and said, "Are you eavesdropping on me?"

Rong Shu spread her hands, "I didn't eavesdrop, it's because your voice is too loud, I don't want to. It's hard to hear."

Madam Gu's pupils contracted, "Did you really hear it? What did you hear?"

Rong Shu's eyes flickered, and she replied with a smile, "I just came, what can I hear? Isn't it just hearing you? Say thank you, Professor Su, and wait patiently."

"Really?" Mrs. Gu squeezed her phone tightly, staring at Rong Shu with some doubts in her eyes.

These words were her last words. If this Rong Shu really only heard these words, there would be no problem.

But she couldn't just trust Rong Shu so easily, she really only heard this sentence.

"Could it be that there are still fakes? What's the benefit of me lying to you?" Rong Shu rolled her eyes at her.

Mrs. Gu stared at Rong Shu for a while, but she did not see that she was lying. She gradually believed her words and was relieved.

It's better not to hear anything else.

If Rong Shu heard other things, he would have guessed that Yaotian's kidney was in trouble and needed a new kidney source.

At that time, Rong Shu would probably take this opportunity to intercept Yaotian's kidney source.

Then the sky will be over.

"I hope you didn't lie to me, otherwise I will find out that you are lying, and I will never forgive you." Madam Gu pointed at Rong Shu's nose and threatened.

Chapter 477

Rong Shu rolled her eyes in her heart.

Don't forgive her?

It was as if she would spare the Gu family!

"Mrs. Gu, is there anything else to say? If not, I'm leaving." Rong Shu raised her hand, pressed down Madam Gu's hand and said coldly.

But Mrs. Gu seemed to have something disgusting on her hands, she hurriedly took out a handkerchief and wiped the back of her hands, and said angrily, "Who let you touch me, it's so dirty!"

Rong Shu's expression instantly became extremely cold, "Dirty? What Mrs. Gu said was that it was dirty enough. I was really amused, and I actually touched Mrs. Gu's dirty hands."

"You...you say I'm dirty?" Mrs. Gu stopped the movement of her hands and widened her eyes. He looked at Rong Shu in disbelief.

"Yeah, Mrs. Gu, you are too dirty." Rong Shu nodded, then took out the handkerchief from her bag, and wiped her fingers with a more disgusting and disgusting expression than Mrs. Gu.

She wiped it quickly, urgently, and with great force, as if her hands were dirty.

Compared with the speed at which Madam Gu was wiping, she was obviously telling Madam Gu that Madam Gu's hands were dirtier than hers.

After Mrs. Gu understood what she meant, her eyes darkened with anger, "You...you don't have any tutoring!"

"I don't have tutoring?" Rong Shu laughed at Mrs. Gu's words, "I don't care whether I have tutoring or not, but I think, Mrs. Gu, you must have no tutoring. After all, you are a rake, but not everyone is like Mrs. Gu. You are so slippery. You know, you said that I was dirty first, so I said that you are dirty. Why, You can only talk about others, don't allow others to talk about you, if you say you, it means that others have no tutoring, what's the truth!"

Madam Gu was guilty of Rong Shu's words, and she felt a little guilty.

After all, she was indeed the one who thought dirty first.

“Even so, I’m still your elder, you...”

“What kind of elder are you?” Without waiting for Madam Gu to finish speaking, Rong Shu took a step closer and interrupted her forcefully, “Mrs Gu, do you know what I hate the most? I hate some people who rely on the old and sell the old, obviously they have nothing to do with me. No, he still pretends to be my elder to teach me. It’s ridiculous. My own children don’t even know how to teach me, and I teach others. Seriously, I can teach two daughters who are born bad. I admire Mrs. Gu and both of you.”

Gu Manyin will not talk about it, after all, the couple Gu Yaotian and Mrs. Gu have bad views themselves, and their hearts are twisted and vicious, so it is not surprising that Gu Manyin has become a vicious person. .

Those who are close to Zhu are red and those who are close to ink are black.

But Li Zhaodi is different. Li Zhaodi has always grown up in other people’s homes, and it took less than two or three months to look back at her home, and her ugly and vicious side was exposed. Then she can only say that this family care is bad from the root of her genes.

“Bad seed?” Mrs. Gu heard Rong Shu’s description of her two daughters, her eyes were red, and she trembled with anger, “How dare you say that about my daughter!”

She raised her hand in anger and turned towards Rong Shu. Waving across the face.

Rong Shu looked at her hand, squinted her eyes, raised her hand and grabbed her wrist, pinching it hard.

Madam Gu suddenly screamed in pain, “Let me go!”

“Let go of you?” Rong Shu sneered, “Let go of you and let you continue beating me?”

Madam Gu didn’t say anything, staring at her with two dead eyes. staring at her, as if to stare her out of two holes.

Rong Shu looked at the hatred in Madam Gu’s eyes, and for some reason, her heart felt sour.

But soon, this feeling disappeared again, and the red lips were coldly raised, “It seems that Mrs. Gu is not convinced, too, how can you be convinced if the beating was unsuccessful.”

“Rong Shu, I warn you to hurry up . Let me go, or don’t blame me for calling the security guard!” Madam Gu slapped her hand twice, trying to pull it out.

But Rong Shu squeezed it so tightly that she couldn’t pull it out.

This made Mrs. Gu clearly realize that she was not Rong Shu's opponent, and she was not suitable to confront Rong Shu head-on, otherwise, it would only be herself who would suffer.

"Let go of you? Yes." After Rong Shu finished speaking, she pushed Mrs. Gu back, and then released her hand.

Madam Gu was like this, her body lost her balance, she sat on the ground with her buttocks, and the whole person was stunned.

She... She was actually pushed down by Rong Shu!

Under Mrs. Gu's dazed eyes, Rong Shu squatted down and looked at Mrs. Gu with cold eyes, "To be honest, Mrs. Gu, if possible, I would also like to give you two slaps and hug your daughter Gu Manqing back and forth. My stick, after all, the mother pays the debt to the mother, but, I have always respected the old and loved the young, so I had to resist this urge and don't do anything to you, so Mrs. Gu, you should be calm and cherish this. The last three months, after all, these three months will be your last peaceful days, if you are restless, then I will also take care of others, so that you will not even have the last three months of peace!"

After speaking, she Gently patted Mrs. Gu's face.

Madam Gu recovered from her daze, grabbed Rong Shu's arm, gritted her teeth and asked, "What did you say? What is the last three months, what do you mean by that?"

"What do you mean, the three of you? I'll know in a month." Rong Shu smiled and sold her off, then threw her hand aside, stood up and ignored her, raised her feet and walked forward.

Mrs. Gu's hands were thrown to the ground by Rong Shu, and the palms of her hands rubbed the skin, causing her to hiss in pain.

But she didn't care, but turned her head and shouted at Rong Shu's back, "Stop and speak clearly, what do you mean by the last three months?"

Intuition told her that it must not be a good thing.

So, she must figure it out.

However, Rong Shu didn't give her this chance at all, so she pretended not to hear it, and continued to walk forward, and soon the whole person completely disappeared from Mrs. Gu's sight.

Mrs. Gu slapped the ground angrily, but she had no choice but to endure her anger and stood up, hurried into the inpatient department building, and was about to tell Gu Yaotian this.

Maybe Yaotian will know something.

Even if he doesn't know, Yaotian can take precautions first.

...

On the other hand, after Rong Shu left the hospital, he drove straight to the Fu Group.

About forty minutes later, the Fu Group arrived.

She parked the car, got down with a thermal bucket, and walked into the group building with her feet raised.

"Hello." Rong Shu came to the front desk.

The front desk smiled politely, "Hello, miss."

"I'm looking for Fu Jingting." Rong Shu opened her mouth to express her intentions.

When the front desk heard the name, he was stunned for a moment, then his smile faded a lot, and his eyes looked at Rong Shu obscurely.

Oh, another woman who covets their President Fu's beauty and Madam Fu's position.

Gotta come up with a reason to send people away.

Although she thought so in her heart, she didn't reveal it on the front desk. She politely asked, "Do you have an appointment, miss?"

"No." Rong Shu shook her head, "But tell him that Rong Shu is looking for him, and he should meet him. Me." It's

not that she is narcissistic, but that Fu Jingting has feelings for her, so she comes to him, and he will definitely meet her.

Hearing Rong Shu's self-introduction, a hint of surprise flashed in the eyes of the front desk, "Are you Miss Rong?"

"It's me." Rong Shu nodded.

The front desk didn't dare to despise Rong Shu anymore, and put away those bad thoughts about Rong Shu.

Because she knew in her heart that this Miss Rong was the person their President Fu loved.

This was a chance she heard from Assistant Zhang in the parking lot, so she wrote down the name Rong Shu.

Chapter 478 Unwilling to see her

The reason is that one day, after seeing Rong Shu, she won't drive her away like other women, making them unhappy.

What I didn't expect was that this day came so soon, and Miss Rong, who was in Mr. Fu's heart, actually appeared, and she just happened to meet her.

It has to be treated well. If the above is happy, maybe they will give him bonuses or something... The more I think about it, the

more excited I get, the look in the front desk looking at Rong Shu instantly changes, as if looking at the God of Wealth, shining brightly.

She poured a cup of hot water in front of Rong Shu, and greeted warmly, "Miss Rong, please drink water, and I will help you get in touch."

"Thank you." Rong Shu nodded with a smile.

In fact, she had called Fu Jingting on the way.

However, Fu Jingting might be busy and did not answer the phone.

Therefore, she had no choice but to come to the front desk and ask the front desk to contact her for help.

"You're welcome." The front desk replied, then picked up the landline handset and made a phone call.

On the top floor, Assistant Zhang was holding a stack of documents. As soon as he got out of the elevator, the phone rang.

He put all the information on his left hand, then took out his mobile phone with his right hand, and answered the call, "What's the matter?"

"Assistant Zhang, that's it, Miss Rong Shu came to our group and is now with me." The front desk Glancing at Rong Shu, he replied.

Assistant Zhang paused, "What did you say? Rong Shu?"

“Yes.” The front desk nodded.

A hint of surprise flashed in Assistant Zhang’s eyes.

Rong Shu actually came here.

“What is she doing here?” Assistant Zhang asked again.

The front desk replied, “Miss Rong wants to see President Fu.”

Assistant Zhang fell silent when he heard this answer.

He felt that he just asked a very stupid question. If Miss Rong didn’t come to see President Fu, who else could she come to see?

The corners of his mouth twitched, Assistant Zhang then took a breath, adjusted his mood, and said, “I see, I’ll go to see President Fu now, and tell him, treat her well and let her wait for a while.

” Okay.” The front desk responded.

Assistant Zhang put away his phone and knocked on the door of Fu Jingting’s office.

“Come in.” Fu Jingting’s cold voice came from inside.

Assistant Zhang pushed open the door and went in, “Mr. Fu.”

“Have you got all the information?” Rong Shu asked without looking up while sitting behind the desk.

Assistant Zhang walked over and put down the documents, “I found it, it’s all here.”

Fu Jingting stopped the pen and looked up, “Well, you go out first.”

“Mr. Fu, I have something to do.” Assistant Zhang said .

Fu Jingting shifted his gaze from the documents to him, “What’s the matter?”

“Miss Rong is here.” Assistant Zhang pushed his glasses.

Fu Jingting’s pupils shrank, then frowned, “What did you say? Rong Shu is here?”

“Yes, now Miss Rong is at the front desk on the first floor, saying she wants to see you, Mr. Fu, do you want to see me? Assistant Zhang looked at Fu Jingting and asked.

In the past, he would not have asked Mr. Fu for instructions at all, and let Miss Rong come up directly.

Because President Fu must be very happy to see Miss Rong coming to him.

Mr. Fu would not blame him for his self-assertion.

But not now, Mr. Fu has made a clear decision to stay away from Miss Rong and to give up Miss Rong.

Therefore, he couldn't let Miss Rong come up directly, he could only ask Mr. Fu for instructions.

On the opposite side, Fu Jingting did not answer, but lowered his eyelids, not knowing what he was thinking.

Rong Shu actually called him half an hour ago.

He didn't know what was wrong with her calling him.

He was sitting here, holding the phone in his hand, resisting the urge to answer, letting the phone keep ringing until it hung up on its own.

After hanging up the phone, Rong Shu didn't call. He thought she gave up, but he didn't expect that she actually came here and made a name to see him.

To be honest, he was happy because she took the initiative to come to him.

But no matter how happy he was, he couldn't see her.

Once he agrees with her to come up and meet her, it proves that he may fall short at any time.

Thinking about it, Fu Jingting closed his eyes, and when he opened them, the forbearance and affection in his eyes were gone, only a sigh of indifference remained.

"No!" Fu Jingting lightly opened his thin lips and uttered two words indifferently.

Assistant Zhang shrugged.

Well, he wasn't surprised at all about Mr. Fu's answer, and even guessed it a long time ago.

If President Fu wants to give up Miss Rong, naturally he should not continue to meet with Miss Rong.

No, it can temporarily suppress the feelings in my heart.

But as soon as they met, the feelings could not be suppressed, and all efforts were in vain.

“Okay, Mr. Fu, I’ll reply right away.” Assistant Zhang nodded in response.

Fu Jingting clenched the pen in his hand, and hummed in a low voice, “Go.”

Assistant Zhang looked at his hands that were shaking because he squeezed too hard, he couldn’t help sighing, and turned to go out.

After going out, Assistant Zhang called the front desk.

The front desk quickly answered, “Assistant Zhang, do you want to bring Miss Rong up?”

Assistant Zhang shook his head, “No, Mr. Fu has an important meeting to hold next, so I can’t see Miss Rong for the time being. You tell Miss Rong to let Miss Rong go back first.” The

reason why he thought of a euphemistic reason, Telling Rong Shu that Mr. Fu will not see her and letting her leave is for her own good.

Otherwise, he directly said that President Fu didn’t want to see her, and she would definitely be laughed at by some people in the group.

After all, there were actually quite a few people in the group who knew her.

Sure enough, when the front desk heard that Fu Jingting did not see Rong Shu, he just glanced at Rong Shu in surprise, and showed no other expression.

If Assistant Zhang didn’t say so, but directly said that Fu Jingting didn’t see Rong Shu, I’m afraid the receptionist looked at Rong Shu’s eyes would immediately turn cold and would not be so earnest.

He even felt that Rong Shu lost his relationship with Boss Fu so quickly. No wonder he didn’t come here to find Boss Fu before, but now he came.

I’m afraid she felt that President Fu didn’t love her anymore, so he came here specially to save President Fu.

Of course, Assistant Zhang was euphemistic, so the front desk didn’t think about these aspects, but after putting down the microphone, he looked at Rong Shu regretfully, “I’m sorry Miss Rong, Mr. Fu said that he wants to have a meeting, and I don’t have time to see you for the time being. Go back first.”

“A meeting?” Rong Shu frowned.

The front desk nodded, “Yes.”

Rong Shu was silent for a moment, and finally squeezed the corner of her mouth and smiled, “I see, then I’ll go back first, you can help me deliver this later.”

She handed over the thermos bucket, “Here is the soup I made for him. It is very effective for bone healing. It’s just that it’s been so long, it may be a little cold. When you hand it to him, tell him by the way, and drink it hot before drinking it.

” Good Miss Rong.” The front desk took the heat preservation bucket.

“Thank you.” Rong Shu thanked him and turned to go out.

Back in the car, she took out her mobile phone, found Fu Jingting’s WeChat, and sent him a message. I made soup for you, and put it at the front desk. After the meeting, let someone go down and get it.

On the top floor of the Fu Group, in the president’s office.

Since Assistant Zhang went out, Fu Jingting began to be a little absent-minded. The documents in front of him had been put away for a while without turning the page. The whole person was completely absent, and his mental strength was completely unfocused.

At this moment, the mobile phone he placed next to him suddenly vibrated, and the screen automatically turned on.

This vibration gave Fu Jingting a little bit of energy. He rubbed his eyebrows, reached for the phone, and looked at it, his face slightly startled.

It was actually a message from Rong Shu!

Fu Jingting quickly unlocked it, clicked on WeChat, and checked the content posted by Rong Shu.

Chapter 479 The reason for letting go

Seeing that Rong Shu said that he made soup for himself, Fu Jingting’s eyes lit up for a moment, and he couldn’t be said to be unhappy.

But soon, Fu Jingting forcibly suppressed the joy again, and squeezed the phone tightly with his big hands.

This soup...he can't have it!

Choose to stay away from Rong Shu with him, and choose not to see Rong Shu for the same reason.

If he accepts this soup, Rong Shu will not know that he is staying away from her, and next time, she will continue to send these over.

And can he achieve continuous rejection?

No, he was pretty sure he couldn't do it, after all, it was the soup that the woman he loved cooked for him, and no man would really be ruthless enough to refuse again and again.

At that time, his current distancing and abandonment of Rong Shu would become a joke.

So no matter what, he will not accept this soup.

From the very beginning, he could only be ruthless to pull everything away from her, and if he denied it later, he would only be more reluctant.

Thinking, Fu Jingting closed his eyes slightly and rubbed his temples.

After a while, when he opened his eyes again, there was only determination left in his eyes.

"Zhang Cheng." Fu Jingting picked up the handset of the landline and called Assistant Zhang's office.

Assistant Zhang was busy with his work when he heard the landline ringing, put down the pen in his hand, and answered the call, "Mr. Fu."

"Rong Shu brought me a soup at the front desk, you can take it, and then give it to her. Go back and tell her, don't worry about it in the future, I won't accept it."

After that, he hung up the phone directly.

"..." Assistant Zhang held the microphone and looked at the pile of documents in front of him that needed to be expedited. The corners of his mouth couldn't help twitching.

Well, it looks like I have to work overtime again tonight.

Putting the microphone back on the landline, Assistant Zhang patted his face with a wry smile, then stood up and left the office.

About an hour later, Assistant Zhang came to Tiansheng Group with a thermal insulation bucket.

Rong Shu was having a meeting in the conference room. Secretary Tong opened the door and came in, "Mr. Rong."

"What's the matter?" Rong Shu pressed her hand slightly, signaled that the meeting should be suspended first, and then looked at Secretary Tong and asked.

Secretary Tong looked at everyone in the conference room, then walked to her side, leaned over to her ear and said, "Assistant Zhang is here."

"What is he doing?" Rong Shu raised her eyebrows.

Secretary Tong shook his head, "I don't know, but according to what the front desk said, he was carrying a thermal bucket."

Rong Shu smiled slightly.

She got it.

It should be Fu Jingting who asked Assistant Zhang to return the heat preservation bucket.

"You ask him to wait for me in my office first, I'll be over soon." Rong Shu pointed to her laptop and said.

Secretary Tong responded and turned to go out.

Rong Shu put away the expression on her face, turned her eyes back to the people below, and said lightly, "Okay, the meeting continues." The

serious atmosphere in the conference room resumed.

After about ten minutes, the meeting ended.

Rong Shu closed the notebook and walked out of the conference room first.

Back in the office, Rong Shu opened the door and went in. Assistant Zhang immediately stood up and greeted indifferently, "Miss Rong."

"Hello Assistant Zhang." Rong Shu nodded slightly and walked towards her office work.

When she arrived, she saw the thermal insulation bucket on her desk and just wanted to say something.

Assistant Zhang took the lead and said, "Miss Rong, this is the soup you cooked for our President Fu. President Fu asked me to bring it back to you."

Rong Shu's face froze when she heard this.

What is it, the soup she stewed for Fu Jingting, Fu Jingting asked him to bring it back to her.

Could it be...

Rong Shu pursed her red lips, reached out and grabbed the handle of the thermal bucket, and then lifted the thermal bucket.

The heat preservation bucket was heavy, the same weight she carried when she prepared soup in the morning.

In other words, Fu Jingting didn't drink the soup she stewed.

Rong Shu's hand holding the handle of the thermal bucket tightened slightly, and asked in an uncomfortable voice, "Why? Why doesn't he drink?"

Assistant Zhang pushed his glasses and replied, "President Fu probably doesn't like drinking. "

Don't like it?" Rong Shu raised her eyes to look at him, and it was obvious that it was impossible.

On the day she first took care of Fu Jingting, after he could eat something with a little taste, she gave him a big bone soup to help the wound heal.

At that time, it was obvious in his eyes that he liked it and was looking forward to it.

Why do you say you don't like it now?

She doesn't believe it at all!

Assistant Zhang naturally saw the disbelief in Rong Shu's eyes. To be honest, he didn't believe it when he said the reason.

After all, Mr. Fu loves Miss Rong so much.

Even if Miss Rong cooks a bowl of dog food for President Fu, President Fu will eat it happily.

So how far-fetched his reason just now, naturally needless to say.

But there is no way, no matter how far-fetched he is, he has to explain it to Miss Rong.

“Yes, Miss Rong, Mr. Fu said he didn’t like it, and asked you not to cook him these soups in the future. He wouldn’t accept it. At the same time, Mr. Fu also said, don’t look for him in the future.” Assistant Zhang Looking at Rong Shu, he relayed what Fu Jingting asked him to relay.

After hearing this, Rong Shu suddenly shrank in her heart and clenched her hands together, “What does he mean? You won’t accept anything, don’t look for him? I haven’t repaid my gratitude yet, he...”

“Mr. Fu said that he doesn’t need Miss Rong to repay your kindness, and that it was voluntary for Mr. Fu to save you, so Mr. Fu never thought of asking for a hug. At the same time, Mr. Fu also said that he would never pester Rong again in the future. Miss Rong, I won’t say anything about chasing you back, so Miss Rong can rest assured that you won’t have any troubles in the future, but you won’t be able to drive away.” Assistant Zhang said indifferently with a smile .

Rong Shu bit her lip and her heart tightened.

Indeed, Fu Jingting didn’t pester her or chase her anymore. She should be glad that she finally got rid of an annoying spirit .

But...she wasn’t happy at all.

Seeing Rong Shu drooping her eyelids and not speaking, Assistant Zhang bowed slightly to her and turned to leave.

When Rong Shu heard the footsteps, she suddenly came back to her senses and stopped him, “Wait.”

“Is there anything else Miss Rong?” Assistant Zhang stopped and turned to look at her.

Rong Shu took a breath and clenched her hands on both sides, “I want to know, what is the reason why Fu Jingting suddenly refused me to take care of him?”

He suddenly gave up on her, she could not ask, she didn’t care anyway, and she couldn’t help it.Woolen cloth.

But he was the only one who didn’t let her take care of this, she had to figure it out.

Assistant Zhang was not surprised that Rong Shu would ask this question.

After all, Mr. Fu let go too suddenly, so Miss Rong was not surprised.

Assistant Zhang rolled his eyes and replied, "Actually, the reason is very simple, that is, Mr. Fu feels that Miss Rong's heart is too hard, Mr. Fu can't see the hope of melting you and recovering you, so Mr. Fu decides to let go of you. , Now that you let go, then President Fu will naturally alienate you, so President Fu will not let Miss Rong continue to take care of him, do you still have any questions about Miss Rong?"

"..." Rong Shu's red lips moved, and after a while , then replied in a complicated voice, "No more..."

Fu Jingting let go of her, so he stayed away from her and no longer let her take care of him. This reason was indeed in the past.

It's just that he really let go because he couldn't see hope?

I don't know why, but Rong Shu always felt that there were other reasons.

Because Fu Jingting let go, it was too sudden.

He had the same attitude the day before, but suddenly changed the next day, which made people wonder if she did something that made him decide to let go.

After all, Fu Jingting wants to let go, he has already let go, and he won't wait until now.

"Since Miss Rong has no more questions, then I'll take my leave." Assistant Zhang smiled politely at Rong Shu and walked out.

Chapter 480 Assistant Zhang's Feelings

Rong Shu looked at the heat preservation bucket on the table, and only felt an indescribable feeling in her heart, which was not very pleasant.

When Fu Jingting came out, she didn't know what to do in the future, and she didn't know how to repay the kindness she owed him.

Is it like what Assistant Zhang said, just pretend that nothing happened and not repay your kindness?

But if you don't repay the kindness, the kindness will always be on her body, so that she can't get rid of it or let go.

She herself is a person who doesn't like to owe others. Once she owes someone, she will find a way to pay it back in a short time, otherwise there will always be a lump in her heart and it will be difficult to sleep and eat.

Therefore, she still has to report this favor, otherwise she will live uneasy.

As for how to hug...

Rong Shu rubbed her brows and sat down, only to feel exhausted.

At this time, the office was suddenly knocked.

Rong Shu's thoughts were interrupted, she looked up, "Please come in." The office door was pushed open, and Lu Qi strode in, "Baby, are you busy?"

"Why are you here?" Rong Shu was surprised look at him.

Lu Qi walked across from her desk, pulled out the chair and sat down, "I'll wait for you to get off work, and then take you back to my house. Didn't I agree to meet my mother at my house today."

"Oh yes, I almost forgot. "Rong Shu smiled embarrassedly.

"It's okay, so I'm not here to remind you." Lu Qi waved his hand, and then his eyes fell on the heat preservation bucket, "Baby, what is this, have you brought food?"

"No, this is a big bone for Fu Jingting. Soup." Rong Shu shook her head and turned back.

When Lu Qi heard that it was for Fu Jingting, his mouth twitched, "It's actually for him."

"He's injured, isn't it wrong to cook soup for him?" Rong Shu glanced at him.

Lu Qi leaned back, put his hands on the back of his head and replied lazily, "That's not true, I'm eating the taste, after all, you have never cooked soup for me."

"Fu Jingting is injured, are you injured? Rong Shu said angrily, "If you are injured, I will also visit you and cook some soup for you."

"Hey, that's fine, I'm still healthy." Lu Qi Hehe smiled.

Rong Shu got up and poured him a

glass of water, "Well then." Lu Qi took his hand off the back of his head and took a sip of water, "By the way, are you going to the hospital to see Fu Jingting after work, take this Send it to him? If I go, I'll ask my aunt to cook later."

"No." Rong Shu shook her head, a trace of complexity flashed in her eyes, "I don't need to send it to him, he's already discharged, and he said , I don't need to continue to take care of it."

“The relationship is good.” Lu Qi’s eyes lit up, and he clapped his hands, “You don’t need to take care of you, you are also relaxed.”

“This is different.” Rong Shu frowned, “If he is well, don’t I’ll take care of it, I can really relax, but he’s not doing well...”

Hearing this, Lu Qi suddenly realized something, touched his chin and said strangely, “That’s not right, it doesn’t look like Fu Jingting.

” Huh?” Rong Shu looked at him suspiciously.

Lu Qi opened his mouth and said, “Baby, what do you think, Fu Jingting has feelings for you and keeps trying to get you back, so you take care of him, he can’t wait, how could he not want you to take care of him.”

“But that’s the truth.” Rong Shu looked at the insulation bucket and said.

Not only did she not take care of her, but even the soup returned.

Lu Tou, “That’s why I said it’s wrong. I think Fu Jingting must be thinking about something, or he can’t explain it unless he took the wrong medicine.”

“You just took the wrong medicine, don’t talk nonsense.” He glanced.

Lu Qi quickly said, “I’m not talking nonsense, doesn’t Fu Jingting look like he’s taking the wrong medicine, or why don’t you let you take care of him, so either he’s taking the wrong medicine, or he’s playing hard to catch.”

“Hard to play?” Rong Shu raised her eyebrows.

Lu Qi hummed twice, “Yeah, what do you think, darling, he has been chasing after you for a long time, and you haven’t responded to him, so he changed his mind and looked for other sources and treated you a little bit coldly. , and then you will start not used to his indifference, to him...”

“Enough, don’t guess.” Rong Shu helped her forehead helplessly, “Do you think this is possible? Let’s not say that Fu Jingting doesn’t seem to know how to do it. This kind of person, and do you think I’m not used to his indifference? My six years of indifference were in vain?”

“This...” Lu Qi’s mouth twitched, and he was speechless.

Rong Shu sighed, “Forget it, let’s not talk about this for now, I’ll find out when I ask him tomorrow.”

After saying that, she looked at the time, "Let's go, accompany me to the mall first, and buy a gift for my aunt, I'll go to your house after that."

"Okay, let's go." Lu Qi stood up.

Rong Shu turned off the computer, picked up the bag and hung it on his shoulders, and got up and followed him out of the office.

On the other hand, the Fu Group.

Assistant Zhang returned to Fu Jingting's office, "Mr. Fu, the insulation bucket has already been delivered to Miss Rong, and if you want me to say, I have also told Miss Rong."

Fu Jingting's hand on the mouse suddenly tightened. Some asked, "What was her reaction?"

"Miss Rong was surprised and had some emotions she couldn't express." Assistant Zhang recalled Rong Shu's expression at that time.

"Unspeakable emotions?" Fu Jingting narrowed his eyes.

What emotion is that?

"Rong Shu... Did you promise not to come later?" Fu Jingting then asked.

Assistant Zhang thought for a while and shook his head, "That's not true, but I see Miss Rong's appearance, so she should agree."

Miss Rong didn't speak at that time, it should be the default.

After all, Miss Rong didn't like seeing Mr. Fu at first, and Mr. Fu didn't let her take care of her. She should be very happy.

"Yes, that's fine." Fu Jingting nodded slightly, but his voice was a little hoarse and low .

Rong Shu promised not to take care of him in the future, he was both relieved and a little uncomfortable.

Because he pushed the person he loves away with his own hands.

"Has Minister Han finished his work?" Fu Jingting pinched the bridge of his nose and asked suddenly.

Assistant Zhang pushed his eyes and replied, "Not yet, Minister Han has too many ledgers, and some of them have not been handed over."

Fu Jingting hummed, "Tell him, after handing over, immediately go to Tiancheng to apply for a job. "

Yes." Assistant Zhang looked at him and responded with some emotion.

Fu always really loves Miss Rong miserably.

On the one hand, Mr. Fu alienated Miss Rong, and on the other hand, he secretly made plans for Miss Rong. Whatever Miss Rong lacked, he secretly arranged for Miss Rong.

This time Minister Han is.

Minister Han is one of the certified public accountants of the Fu Group and one of the three ministers of the Finance Department. He has worked in the Fu Group for more than ten years, but as soon as Mr. Fu learned that Miss Rong was looking for the Minister of Finance, he immediately brought Han down. The minister called to the office and asked Minister Han to go to Tiancheng to help Miss Rong.

I am afraid that Fu always wants to pave the way for Miss Rong in the last three years of his life. In this way, even if Mr. Fu is really gone, without Mr. Fu's escort, Miss Rong's The road can also be much better.

And all this, Miss Rong didn't know at all.

Watching Mr. Fu give in silently, to be honest, he really wanted to tell Miss Rong that he wanted to beg Miss Rong to be with Mr. Fu and accompany Mr. Fu for three years, but Mr. Fu ended up with only three left because of saving her. At the end of her lifespan, even if she doesn't love President Fu, she can pretend to have feelings for President Fu, so that President Fu will have no regrets in these three years.

In case President Fu is really in the end... She can also leave, and she won't suffer.

But he knew that Fu would never allow him to do so.

President Fu would rather bear it himself than waste three years of Miss Rong's time!

Chapter 481 Not Your Own Daughter

"Also, how's the teacher you're looking for for Jinglin?" Fu Jingting seemed a little tired and asked, rubbing his temples with his hand.

Assistant Zhang replied, "The teachers have already been recruited, and they are the top talents from all walks of life. After the second young master comes back from the competition, they will be in place."

Fu Jingting raised his chin slightly, "That's good, you go down first."

"Yes." Assistant Zhang nodded, turned and walked out.

Fu Jingting picked up the phone, lit the screen, looked at the photo of Rong Shu on the wallpaper, he touched her face lightly with his thumb, and said in a low voice, "That's all I can do for you..."

On the other side, Rong Shu came to Lu's house with the gift she bought for Mrs. Lu.

Mrs. Lu heard the sound of the car and hurriedly went out to greet her, "Shushu, you are here."

"Auntie, we meet again." Rong Shu looked at Mrs. Lu and opened her arms to greet her with a smile.

The two hugged.

After a while, Mrs. Lu let go of Rong Shu, held Rong Shu's face in her hands, and looked at it carefully, "Let me see, it's been a long time since I haven't seen her, how come she's thin again, her face is still haggard, haven't you rested well recently?"

"A trace of guilt flashed in Shu's eyes, she nodded and replied, "Yes, I've been too busy recently."

She dared not tell Mrs. Lu what she had experienced recently.

Otherwise, Mrs. Lu will faint.

Hearing Rong Shu said that she was too busy, Mrs. Lu felt distressed and held her hand, "You, even if you are too busy, when it's time to rest, you still have to rest, don't wear out your body, after all, you are still young, the future is still growing."

"I know, thank you aunt for your concern." Rong Shu's heart flowed warmly and responded with a smile.

At this time, Lu Qi came out of the garage carrying the dress that Rong Shu gave to Mrs. Lu, "Okay mom, stop standing outside, come in quickly."

"Oh yes, look at my memory." Mrs. Lu patted her forehead, "I was so happy to see Shu Shu, I forgot that I haven't entered the house yet. Let's go, let's go first."

After speaking, she pulled Rong Shu and walked to the villa.

Lu Qi followed behind with a gift.

When he came to the living room, just as Lu Qi gave Mrs. Lu the gift, she was instructed by Mrs. Lu to pour tea and cut fruit.

Mrs. Lu and Rong Shu sat down on the sofa and began to unwrap gifts.

When the gift was opened, there was a pair of simple but generously designed light luxury earrings, which were very suitable for women of Mrs. Lu's age.

After Mrs. Lu looked at it, she liked it at a glance, and looked at the earrings with bright eyes, "It's so beautiful, Shushu, you have a heart."

"Auntie likes it." Rong Shu said with a smile.

"I like it, of course I like it." Madam Lu nodded and said cheerfully, "As long as it is from Shushu, my aunt will like it. Come to Shushu and help my aunt put it on."

"Okay." Rong Shu agreed, and then stood up. Get up, first take off the earrings from Mrs. Lu's ears, and then pick up the earrings I bought for her and put them on her.

After putting it on, Mrs. Lu shook her head twice to feel the comfort of the earring pendant, and then looked at Rong Shu and asked, "Shu Shu, does it look good?"

"road."

Madam Lu was very happy, she touched the earrings on her ears and said, "It's still Shushu who has the vision and can talk. If it were your uncle and the stinky boy, they would definitely not do this, and they would definitely say that it's not just earrings, wearing them. Aren't they all the same? Such a straight man's words."

Rong Shu's red lips moved, just about to say something.

Lu Qi's voice came from behind, "Mom, don't wrong me, I'm not that kind of person, every time you ask me what jewelry I'm wearing, I never praise you, it's obviously my father. It's all the same."

He came over and put the fruit plate in his hand in front of Rong Shu, "Baby eat fruit."

"Okay, thank you." Rong Shu nodded and twisted a cherries.

Mrs. Lu put the changed earrings into the earring box given by Rong Shu, gave Lu Qi a blank look, "I didn't wrong you, although you praised me, but every time you praised me with the same words, isn't this not yours? Are you perfunctory like Dad?"

“This...” Lu Qi’s mouth twitched, and he was speechless.

Sure enough, Jiang is still old and hot, and he is a lore when he opens his mouth.

The point is, it really is.

Although he really didn’t say anything about ‘Is it different?’, but his stereotyped compliments really meant exactly that, like his dad, they were all perfunctory.

Rong Shu saw that Lu Qi was speechless by Mrs. Lu, and couldn’t help but burst out laughing.

Lu Qi saw her smiling happily and followed suit.

Mrs. Lu naturally noticed the change in her son, shook her head slightly, and sighed helplessly in her heart.

This foolish boy is still so unimproved and hopeless.

She said before that if you like Shushu, you should show the courage to pursue it. Don’t be afraid of being rejected, and don’t be afraid of not even making friends. You should pass on your heart and feelings. What if you succeed in the end?

However, this silly boy has never listened to her words, maybe he has, but this silly boy is too timid and cowardly, he only dares to secretly love Shu Shu in his heart, and dare not express it, so that until now, Shu Shu didn’t even know the feelings of this silly boy.

It is also said that this stupid boy deserves it. If he loves someone, he should be bold enough to chase him. If he has to play a secret love, he never takes the initiative.

Is it possible to expect others to take the initiative?

The more she thought about it, the more Madam Lu hated Lu Qi in her heart.

She glanced at Lu Qi angrily, “Why are you standing here? Go and tell the kitchen to prepare for cooking. Also, call your dad and ask him to stop working overtime tonight and come back for dinner early.”

“Huh?” Lu Qi for a time Did not respond.

“Ah what, hurry up!” Mrs. Lu urged more and more disgustedly.

Lu Qi said twice, “I’ll go right now.”

He got up from the sofa and walked to the kitchen again.

As he walked, he muttered in his heart that he didn't do anything. His mother-in-law, why did he look at him with such disgusting and trash eyes?

After Lu Qi left, only Madam Lu and Rong Shu were left in the living room.

Rong Shu put down the water glass and asked about the business, "Auntie, you asked Aqi to send me a message before, and let me come to the Lu family to find you when I have time to tell me something, what is it?"

Hearing Rong Shu's words, the smile on Mrs. Lu's face slowly dissipated and became deeper.

Seeing this, Rong Shu's heart also raised, "Auntie, what's the matter?"

Mrs. Lu shook her head and smiled again, "It's okay, I was just thinking, is it right to tell you at this time?"

"Hey?" Rong Shu looked puzzled.

Mrs. Lu didn't say anything, she bent down from under the coffee table, took out a small box, and handed it to her, "This was given to me by your mother before she died, let me keep it for you, until one day, you know your life experience, Let me hand it over to you."

"Wait a minute, auntie, what are you talking about, what do you mean by knowing your own background? What do you mean by that?" Rong Shu's hand holding the box suddenly clenched, her expression panicked, her heart pounding. There was a huge unease.

Mrs. Lu couldn't bear to see her like this, but she still said, "Actually... you are not your parents' biological daughter."

Bang!

These words were like a thunderbolt, and the top of her head was slashed calmly. She was stunned and stupid, as if the whole world was spinning.

"I... I'm not my parents' biological daughter?" After a long while, Rong Shu barely regained her sanity. She looked at Madam Lu with lost eyes, and uttered these words in a hoarse voice.

Chapter 482 Rong Shu's Collapse

Mrs. Lu nodded and hummed, "That's right."

"It's impossible!" Rong Shu stood up abruptly, shook her head violently, and said with an extremely pale face, "How could I not be my parents' biological daughter. "

What? Isn't the baby the biological daughter of Uncle Rong and Aunt Rong?" As soon as Lu Qi returned from the phone call to Father Lu, he heard Rong Shu's shocking words, and the whole person was stunned.

He quickly came to Mrs. Lu, "Mom, do you know what you're talking about? How could the baby not be the biological daughter of Aunt Rong and Uncle Rong."

"I'm right, I know what I'm talking about, But that's the truth." Madam Lu sighed.

Rong Shu's body trembled violently, her face became paler and her pupils were dilated, "No, it's impossible, it's impossible!"

"Yes, mother, how is this possible!" Lu Qi also refused to believe it. Looking at Mrs. Lu, "Last time, I said that the baby I saw at the Rong's house for the first time when I was a child was not a baby. At that time, the baby was already suspicious of her life experience, so she went to Nanjiang specially to prove herself. Is it the child of the Rong family? I asked you later. You said that the baby I saw for the first time was the child of a relative and friend of the Rong family. The baby is the child of Uncle Rong and their family.

Rong Shu also looked at Madam Lu with red eyes, her eyes full of hope and hope, "Auntie, you are lying to me, aren't you? I am my parents' child!" "

I'm sorry Shushu, aunt did lie to you, But not this time, but the last time, last time I did say that the child was the child of a relative of the Rong family, I just didn't want to make you sad, but in fact, that child was born to your parents, but that child never lived Five months, so your father went to the orphanage specially and brought you back, just to replace the child and prevent your mother from breaking down because of the death of the child."

These words made Rong Shu feel in her heart . The fire of hope was instantly extinguished.

She swayed, and in the end she couldn't stand up anymore. She fell down on the sofa, and her whole body was completely devoid of energy, as if she had lost her soul.

That's right ...

No wonder my grandfather kept the photos of relatives and friends' children so carefully in his study, because they were not children of relatives or friends at all, but the real granddaughter of grandpa.

Grandpa lied to her, she is not granddaughter of grandfather, but a fake, a fake who came out of an orphanage and doesn't know who her parents are.

Her parents were not hers, her grandfather was not hers, and even the name Rong Shu was not hers.

She is just a wild child who has replaced everything Rong Shu really is!

Thinking of this, the corner of Rong Shu's mouth twitched, pulling out an arc of despair and pain.

Looking at Rong Shu like this, Lu Qi felt uneasy in his heart.

He looked at Mrs. Lu angrily, "Mom, why did you tell the baby this, didn't you say that the child belonged to a relative of the Rong family last time, you obviously wanted to keep the baby's identity hidden, since you wanted to If you hide it, you will hide it for the rest of your life, why do you want to expose it now?"

Mrs. Lu also knew that it made Rong Shu uncomfortable when she said this, but she had to say it.

She took a long breath, "That's because after I lied, I always felt uneasy. I didn't know whether I was right or wrong when I lied. When I came back, I looked at the photos of Lina before she was alive, and I remembered Lina's right and wrong. My explanation, that's why I decided to tell Shushu, because if I don't tell it now, Shushu will still know in the future."

"Who said that, if you don't tell her, how will she know." Lu Qi clenched his fists.

Mrs. Lu looked at him, "Do you really think so? I didn't reveal Shushu's identity at all before, but Shushu still knew about the child and began to doubt her own identity. You really think this kind of thing can't be hidden. For a lifetime?"

"This..." Lu Qi choked.

Mrs. Lu added, "Actually, even if I don't tell Shushu her true identity today, she will know in the future."

Speaking of which, she looked at Rong Shu, "Shu Shu, your parents have a long-term vision. They know that even if Tiancheng Group is established, there is no guarantee that Tiansheng Group can continue to exist, and they cannot guarantee that they will not. You died suddenly in an accident one day, so they deposited a huge sum of money for you when you were very young."

"Funds?" Rong Shu raised her eyes.

Mrs. Lu nodded, "Yes, they just thought, if one day Tian Tian disappears, or one day they have an accident and leave you alone, you won't have a hard life because of it, so they leave a fortune. The funds are handed over to the bank. When you are 30 years

old, the bank will officially tell you about it, and then ask you to go to the bank with the details of your parents to go through the procedures to receive the funds. At that time, you will find that your parents' blood type is different from yours, so I said, even if I don't tell you today, you will still know your identity."

"There is such a thing." Lu Qi exclaimed.

Rong Shu bit her lower lip and said nothing.

Mrs. Lu patted her on the shoulder, "Shushu, don't blame your aunt for telling you this, your aunt is also doing it for your own good, because of your identity, it's impossible to hide it for a lifetime. Your parents left you that money back then. , it can also show that your parents don't plan to keep it from you, because you have the right to know your identity, so your mother will leave me this box and let me give it to you when you know your identity , but I think it's better to give it to you earlier and tell you that your identity is the best."

"Why?" Lu Qi was a little puzzled.

Madam Lu glanced at him like a fool, "Because I told Shu Shu earlier, Shu Shu's acceptance was higher, because she could know how she came to Rong's house, and if Shu Shu found out that she was not Rong's house My child, she will think more."

This time, Lu Qi was speechless.

Because what Mrs. Lu said is the truth, now tell Rong Shu, Rong Shu will know that she came to Rong's house under the double expectation of Aunt Rong and Uncle Rong, which is better than Rong Shu's own identity in the future.

If Rong Shu herself knew that she was not a child of the Rong family, she would probably think something or not, and something simple would be very complicated, and maybe she would do something crazy because of it.

"Shu Shu." Mrs. Lu leaned down and hugged Rong Shu gently, "Auntie knows that you are feeling very sad right now and can't accept it, but Auntie hopes you don't think about it too much, although you are not their own, but in their hearts , you are their biological child, they love you, understand?"

"I know..." Rong Shu's tears fell on the back of her hand, and her voice choked up, "I know they love me very much. , and treat me as one's own, otherwise they wouldn't plan so much for me, I just... just really can't face the change of my identity calmly..."
What

Mrs. Lu told her really made her feel uneasy. collapsed.

From childhood to adulthood, she has always grown up under the care of her parents. Although her mother died when she was five years old, her father still treated her as always.

In this way, she has absolutely no way to doubt that she is not their own.

However, she really wasn't their own...

She didn't understand why God made such a big joke with her.

Chapter 483 Don't Do Stupid Things

Even Lu Qi opened his mouth and couldn't speak at this moment. He felt very uncomfortable and couldn't calm down.

The baby was not the child of Uncle Rong and his wife, but was adopted by Aunt Rong and his wife from an orphanage. How could there be such a bloody thing!

Babe had suspected her identity before, but later went to Nanjiang to confirm that Babe was born by Aunt Rong and his wife, and they were very happy at the time.

But now...

Lu Qi looked at Rong Shu with his head down and his whole body was depressed, and he was a little worried, "Baby..."

"Auntie." Rong Shu suddenly stood up, clenched the box in his hand and asked, "Here, what is it?"

Mrs. Lu shook her head, "I don't know the specifics. I have never opened it. After all, it was left to you by your mother. You want to know what it is, and you can open it when you go back. Right."

Rong Shu didn't speak anymore.

Mrs. Lu took her hand, "Okay Shushu, don't think too much, you have to learn to accept many things calmly, let's go, it's time to eat."

After speaking, Mrs. Lu took Rong Shu to the restaurant.

Lu Qi looked at the backs of the two of them, then looked at the box that Rong Shu had put down, and finally followed him with a fist.

During this meal, Rong Shu had no taste, and the whole person was not in a good state. Even Mrs. Lu and Lu Qi could not be quiet.

So much so that in the huge restaurant, except for the slight collision of tableware and chopsticks and the sound of chewing, there is no other sound, and the atmosphere is extraordinarily depressing and dignified.

Father Lu didn't know what was going on. He didn't like the atmosphere very much. He had to speak when he put down his chopsticks.

When Mrs. Lu noticed it, she narrowed her eyes and gave him a warning look, signaling him to shut up.

Father Lu had bronchitis. After being stared at by Mrs. Lu, he lowered his head, picked up his chopsticks again and continued to eat, without saying anything more.

After some time, dinner was over.

Rong Shu picked up the box, said goodbye to Mrs. Lu and Father Lu, and then walked towards the door of the villa.

Mrs. Lu hurriedly signaled to Lu Qi, "Go and see Shu Shu off, it is very dangerous for Shu Shu to drive in this state."

"I don't need you to tell me." As soon as Lu Qi's voice fell, she rushed out.

After chasing outside the villa, Lu Qi saw that Rong Shu was walking without looking at his feet, and was caught under his feet, almost tripping over.

His face tightened, he stepped forward quickly, grabbed her arm, pulled her unbalanced body back, and asked nervously, "Baby, are you all right?"

Rong Shu blinked her eyes. Still looked at him with no expression, finally shook her head, and replied in a hoarse voice, "It's okay, I'll go first."

She took out the car key and poked at the door.

Lu Qi looked at her operation, his eyebrows were raised high, "Baby, do you know what you are doing?"

Rong Shu continued to poke the car door with the key as if she hadn't heard it.

Lu Qi couldn't stand it any longer, and snatched the car key from her hand, "Okay, baby, let me come, you are not in the state now, you can't even tell the car key and the door key, let you drive, I'm not at ease, so I'll drive you back, okay, get in the car."

He pressed the car key and unlocked the door.

Rong Shu pursed her red lips and said nothing, walking around the front of the car towards the co-pilot.

Because she herself knew that in her state, she couldn't drive.

The car quickly left the villa area, entered the bustling city, and drove towards Repulse Bay.

Along the way, Rong Shu was still very quiet and didn't say a word.

Lu Qi watched her from time to time out of the corner of his eyes and wanted to say something several times, but in the end he closed his mouth and said nothing.

When Repulse Bay arrived, Rong Shu got out of the car and walked towards the apartment building with the box, when Lu Qi suddenly opened the door and got out of the car, stood beside the car, and shouted to Rong Shu, "Wait a minute."

Rong Shu stopped. Without looking back, he just asked, "What's the matter?"

Lu Qi walked over, walked behind her, and stopped about two steps away, "Baby, tonight..."

Rong Shu suddenly turned her head towards him. With a reluctant smile, "I know what you want to say. You want to persuade me to accept my identity and not be influenced by this fact and then do stupid things, right?"

"You guessed it." Lu Qi was embarrassed, scratched his hair.

Rong Shu hummed, "I guessed it, you are very straightforward, it's hard to guess if you don't think about it."

"Then baby you..."

"Don't worry, I won't do stupid things, I just need time to calm down. , after all, suddenly knowing that I am not a child of the Rong family, it was a big blow to me, so Aqi, go back, I need to be alone for a while." Rong Shu turned her head back, closed her eyes slightly, her voice extremely tired say.

Lu Qi also knew that she needed to be quiet at this time to adapt to the change in her identity, and nodded in agreement, "Okay, I'll see you again tomorrow morning."

"Well." Rong Shu responded and continued to walk forward.

Lu Qi stood there and looked at her until he saw her figure entering the elevator, and then he turned to the side of the loop.

Just as he walked in front of his car, a figure suddenly crossed and stopped him, "Mr. Lu, we want to talk to you."

Lu Qi stopped and looked at Assistant Zhang in front of him, frowning. "It's you? It's so late, why are you here?"

"It's none of Mr. Lu's business. Mr. Lu should come with me first." Assistant Zhang pushed his glasses and replied quietly.

Lu Qi sneered, "If you let me go, I'll go with you, am I so shameless?"

Assistant Zhang narrowed his eyes, "So Mr. Lu Are you going with me? "

"That's right. "Lu Qi raised his chest," Fu Jingting wanted to talk to me, he should have come to see me in person, there is no reason for me to see him, so if he doesn't come, I won't go. "

"Well, since that's the case, then I'll just do it myself and take you there, Mr. Lu." After speaking, Assistant Zhang rubbed his hands twice and approached Lu Qi.

Lu Qi's pupils shrank, his face changed suddenly, and he stepped back, "What do you want to do? I warn you Zhang Cheng, you dare to be rough with me, I... I rely on me! Before

he finished speaking, Assistant Zhang suddenly came behind him like a ghost, then quickly grabbed both of his hands and cut them behind his back.

Lu Qitong's face was deformed, and he turned his head towards Assistant Zhang scolded, "I rely on Zhang Cheng, remember it for me, I will kill you when I get the chance. "

"Just your small body?" Assistant Zhang lowered his head and glanced at Lu Qi disdainfully.

Lu Qi was trembling with anger, "You..."

"Okay, Mr. Lu, stop yelling, come with me to see President Fu. Assistant Zhang interrupted him, then escorted him to the side of the road not far away.

Assistant Zhang led the landing to the bright black Mercedes-Benz on the side of the road.

The window of the back seat of the Mercedes-Benz rolled down, revealing Fu Jingting's picture. Slightly pale, but with an extremely beautiful face.

Probably because he was afraid that Rong Shu would see and recognize him when he came in a Maybach, so he specially changed to a low-key car this time.

Fu Jingting tilted his head slightly and looked out, Zhang The assistant released Lu Qi, "Mr. Fu, someone brought it here. "

Fu Jingting snorted, and then his eyes fell on Lu Qi.

Lu Qi was moving his aching arm, and when he noticed that Fu Jingting was looking at him, he immediately opened his eyes and stared back, "Fu Jingting, you ask me Zhang Cheng to take me with you." Come here, what do you want to talk to me about? "

"I ask you, what happened to Rong Shu?" "Fu Jingting pursed his thin lips and asked in a deep voice.

Chapter 484 Substitutes

When Rong Shu got off the car just now, it was very different from usual, and anyone with a discerning eye would know that there was something wrong with his emotions.

He was worried that something had happened to her.

Listening to Fu Jingting's words, Lu Qi stopped moving his arms, looked at Fu Jingting with a sneer, and said, "I said Fu Jingting, I heard baby, didn't you let go of her, and you are still alienating her these two days, So what do you mean by asking these now? Why, don't you want to let go?"

Fu Jingting's eyes darkened, "This is not your question, you just need to answer me, what's wrong with Rong Shu?"

"Why should I To answer you? Since you chose to let go, everything about the baby has nothing to do with you, and you have no right to ask." Lu Qi wrapped his arms around his arms, as if I won't say, how can you take me.

Fu Jingting narrowed his eyes slightly, and a cold light flashed in his eyes, "Lu Qi, do you think I can't know if you don't tell me?"

Lu Qi looked startled, "What do you mean?"

"I know Rong Shu is going tonight. Because of your house, so..."

Fu Jingting picked up the phone and made a direct call out.

Soon, the phone was connected, and Lu Qi's familiar voice came from the other end of the phone, "Mr. Fu."

"Mom?" Lu Qi was stunned when he heard this voice, and looked at Fu Jingting in disbelief. "Why do you have my mother's phone number and still have contact with my mother?"

Assistant Zhang rolled his eyes and replied with a smile, "Don't you know, Mr. Lu, Lingtang and our wife used to be college classmates."

"I Mom and Fu Jingting are college classmates?" Lu Qi was so shocked that his voice broke, "How is this possible?"

"That's the truth." Assistant Zhang spread his hands, "Not only are they college classmates, they used to have a good relationship. Besides, Lingtang The beauty salon was jointly established with our wife, but after the death of our wife, our wife's share of the shares will be inherited by our President Fu, so President Fu and Lingtang can also be regarded as partners, and there is no contact information for Lingtang. Strange."

After listening to Assistant Zhang's explanation, Lu Qi's mouth twitched, "Damn, there's actually such a thing."

And he didn't know anything about it.

In the car, after hearing Mrs. Lu's answer, Fu Jingting's expression changed slightly, "What? Did you tell Rong Shu her identity?"

Outside the car, Lu Qi heard Fu Jingting's words, and immediately stepped out of the car window and grabbed the car. He stared at Fu Jingting on the edge of the bed by the window, and quickly asked, "Fu Jingting, do you know that the baby is not the child of the Rong family?"

Fu Jingting ignored him, and just said to the other end of the phone, "I understand, please trouble you."

"Fu Jingting put down the phone.

Lu Qi gritted his teeth and repeated, "Fu Jingting, did you already know that the baby is not the biological child of the Rong family?"

"It has nothing to do with you." After he finished speaking, he turned his attention to Assistant Zhang, "Drive. "

Yes." Assistant Zhang responded and pulled Lu Qi away from Fu Jingting's car door.

Fu Jingting closed the car window.

Lu Qi patted the window angrily, "Fu Jingting, don't go. Open the window and make it clear how did you know that the baby is not a child of the Rong family, and when did you know it, Fu Jingting, please clarify!"

Fu Jingting naturally He heard Lu Qi's questioning, but he ignored it and closed his eyes, not knowing what he was thinking.

Outside, Assistant Zhang also opened the driver's door and sat up, then drove away under Lu Qi's angry gaze.

Lu Qi, who had eaten a face of car exhaust, jumped his feet in anger.

Assistant Zhang saw Lu Qi's claws and claws in the rearview mirror, a playful smile flashed in his eyes, but it disappeared quickly, looking at the mirror of the car door, at the man in the back seat, "Mr. Fu, really Unexpectedly, Mrs. Lu actually knew that Miss Rong was not the child of Rong Hao's husband and wife, and she told Miss Rong."

Fu Jingting nodded slightly, "I really didn't expect that."

He thought that the secret that Rong Shu was not a child of the Rong family, only Rong Hao and his wife knew.

And their husband and wife have been dead for so long, this secret will be buried forever in the ground and will never be discovered again.

Unexpectedly, Mrs. Lu was actually questioned by an insider and told Rong Shu.

I just don't know why Mrs. Lu told Rong Shu.

Assistant Zhang saw Fu Jingting frowning with a pensive expression on his face. After thinking about it, he said again, "Mr. Fu, do you think Mrs. Lu told Miss Rong that Miss Rong was actually born by Gu Yaotian's husband and wife?"

"No "Fu Jingting shook his head slightly, "I just tested her, and she told me that Rong Shu was brought back from the orphanage by Rong Hao, so I guess that Mrs. Lu should not know that Rong Shu was not from the orphanage, but Rong Hao. It was taken away from Gu Yaotian and his wife, maybe even Rong Shu's adoptive mother, Ms. Fan Lina didn't know."

"That Rong Hao is really serious enough to hide it, even his original wife." Assistant Zhang said in a stupefied voice.

Fu Jingting pursed his lips, "I'm curious, why did Rong Hao keep Rong Shu and raise him as his own daughter."

Hearing this, Assistant Zhang nodded quickly, "Yes, yes, I'm also curious about this. At that time, the Rong and Gu family had become enemies of life and death. Not only did Gu Yaotian stole Tiancheng's technical information, causing Tiancheng to almost go bankrupt, he also forced to death a technician under Rong Hao's hands, so Rong Hao stole Miss Rong, I wanted to kill Miss Rong to take revenge on Gu Yaotian, but at the last moment, Rong Shu not only didn't do that, but instead left Miss Rong to raise her, which is really incomprehensible."

Fu Jingting tapped his fingers lightly on his knees and said nothing.

Assistant Zhang suddenly asked, "By the way, Mr. Fu, Miss Rong suddenly knew that she was not the child of the Rong family, and she must be in a bad mood. Let's just go like this and not worry about it, is it really okay?"

"I know Rong Shu, she is really in pain at this time, but she doesn't need others to care, what she needs is quietness, and she also has to rely on her own reason and mentality to accept this fact, rather than rely on others to comfort her. The comfort of others is always an external force, and it is also fragile. It is easy to make her heart bounce back, so accepting it by yourself is the most stable heart, and I believe her, she will come out soon and accept this fact." Fu Jingting curled his lips slightly and said in a low voice, his eyes did not hide his confidence in Rong Shu.

Seeing that Fu Jingting believed so strongly in Rong Shu, Assistant Zhang shrugged and was speechless.

On the other side, Repulse Bay.

After Rong Shu returned to the apartment, she threw herself on the sofa, stared at the ceiling out of focus, and blinked for a long time, proving that she was not a puppet, but a living person.

Everything she learned at the Lu family tonight was a huge blow to her.

She is not her parents' daughter, but a substitute for her parents' daughter.

Her identity is replaced, all the pets she enjoys are also replaced, even her name is replaced.

She never knew that she was actually a substitute.

And everything he owns comes from that child, that real Rong Shu.

Rong Shu's eyes gradually turned red, and a tear slid down the corner of her eye and landed on the sofa, moistening the small piece.

Then, out of the corner of her eye, she suddenly caught a glimpse of the box she had thrown on the coffee table. Thinking that it was something her mother had left for her, she hurriedly sat up, reached out and grabbed the box, then slowly opened it. .

She wondered what was in the box.

Why did mom leave this box for her.

Soon, the box was opened. Unexpectedly, it was not a photo or something like a paternity test as Rong Shu thought, but a CD.

Chapter 485 Mother's Consolation

There are no images on the disc, no labels, nothing.

So Rong Shu couldn't tell what kind of CD this was.

But she was not discouraged, took the CD to her study, used the CD-ROM that came with the laptop, opened the CD, and there was a folder inside.

Rong Shu opened the folder with the mouse and found that there was actually a video in it.

She clicked the mouse again and opened the video. The first thing that appeared on the computer screen was a young face with a pale and sickly face.

Looking at that face, Rong Shu's pupils dilated, then she covered her mouth in disbelief, tears rolled down her eyes, and said in a trembling and excited voice, "Mom..."

It was Rong Hao's original wife, Ms. Fan Lina, who appeared on the screen.

It was also her mother who died of illness when Rong Shu was five years old.

Rong Shu reached out her hand tremblingly and touched the face of the woman on the screen.

Even though she knew that she didn't really touch the woman, she still didn't want to take her hand back, her fingertips still stayed on the woman's face and eyes, and she refused to put it down for a long time.

The woman on the screen was in a ward. She was also wearing a blue and white striped hospital uniform, and her head was bare without a single hair.

Rong Shu knew that this was what she looked like when her mother was hospitalized when she was diagnosed with cancer when she was five years old.

Looking at the moving mother on the screen, Rong Shu burst into tears again.

Twenty-one years.

She has not seen her mother for twenty-one years, and she is still a moving mother.

“Mom, I miss you so much...” Rong Shu’s hand holding the mouse kept shaking, her voice choked.

As if hearing Rong Shu’s thoughts, Fan Lina was facing the camera with a gentle smile, “Shu Shu, it’s mom, maybe when you saw this video, mom was gone, but mom wants to tell you that mom will I have been watching you from the sky and growing up with you.”

“Mom...” Listening to her mother’s words, Rong Shu couldn’t hold back any longer, and she fell on the table and cried.

The video continued, Fan Lina coughed a few times, her face became worse and whiter, and her voice was much weaker, “Shu Shu, my mother wants to say sorry to you here, because your father and I have been hiding from you and didn’t tell you. You, your true identity, I hope you can forgive us.”

Rong Shu raised her head, bit her lower lip tightly, watched the video with tears in her eyes, and said nothing.

Fan Lina coughed a few more times, and then Rong Shu saw a hand stretched out from the camera, holding a water glass.

She could see at a glance that it was a man’s hand, and there was a black mole on her thumb.

That’s... Dad’s hand!

It turns out that Dad is in the video too!

Rong Shu’s expression became even more excited.

Can’t she see her dad later?

Just thinking about it, Rong Shu heard a gentle but grief-stricken male voice in the video, “Wife, drink some water.”

It’s really Dad!

Rong Shu's body trembled with excitement.

In the video, Fan Lina tilted her head and smiled away from the camera, "Thank you husband."

She took the water cup, took a sip of water, and her cough improved a little, then put down the cup, and then faced the camera and said again " Shu Shu, when Mom and Dad know that you know that you are not our biological daughter, you will definitely feel sad, unacceptable, and even think more, thinking that we are taking you home as our biological daughter's stand-in because our biological daughter is gone. Yes, right?"

Rong Shu clenched her hands.

Sure enough, in this world, the people who know her best are her parents.

Fan Lina smiled weakly, "Shu Shu, you must not think that way, Mom and Dad tell you, you were adopted because our daughter died, but it's definitely not our daughter's substitute, nor is our love for you. Because we have transferred our love for our biological daughter to you, your name is not inherited from our biological daughter. Your name was chosen by me and your father, and it was specially chosen for you by looking through the dictionary. Yours."

Specially for her?

Rong Shu's back was slightly stiff, and her gloomy eyes gradually became brighter.

So, she's not a stand-in for that child, is she?

Yes, what Rong Shu cared about most was not the fact that she was not the biological child of her parents.

Because the kindness of her parents to her is no different from that of her own, whether there is such a blood relationship is really not that important.

What she really cares about is that she is the child's stand-in.

She was wondering if the reason why her parents treated her as their own was because they loved her as that child.

After all, she was taken to Rong's house when the child died. At that time, her parents were in a period of grief. Her appearance made it easy for parents to transfer their love for that child to her.

But now her mother's words tell her that things don't seem to be what she thought.

She is not a stand-in for the child, and they love her not because of the child, but because of her.

There is also a name, which was not inherited from the child, but was specially given to her by her parents.

As if she knew what Rong Shu was thinking, in the video, Fan Lina said again, “Shu Shu, your father’s biological daughter and I are called Rong Nuan, your name is Rong Shu, you are the second daughter of your parents, you have never been Nuan Nuan. The reason why we didn’t tell you at the beginning was because we were worried that you were young, and you would be even more confused, but when you grew up after watching this video, your father and mother believed in you, and you would understand, right? ?”

“Hmm...” Rong Shu nodded in a choked voice.

Fan Lina added, “Shu, mom and dad hope you don’t keep immersed in the sadness of knowing your identity, and mom and dad hope you come out as soon as possible. Although we are not related by blood, mom and dad love you, and you are mom and dad’s biological daughter. “

That’s right.” At this time, Rong Hao, who had never shown up, suddenly probed and appeared in the video.

Looking at Rong Hao’s face that was much younger than six years ago, the tip of Rong Shu’s nose was sore, and the tears that she had finally managed to stop were about to flow out again, “Dad...”

“Shu Shu, Mom and Dad love you very much. , so don’t worry about whether you are our own. In our hearts, you are the same as Nuan Nuan. Also, Dad also wants to say sorry to you. I hope you forgive Dad in the future, but Dad doesn’t regret it. Do, maybe one day in the future you will understand that if you follow them, they will teach you badly.” Rong Hao suddenly lowered his eyelids and said something in his words.

Rong Shu squinted slightly, a hint of suspicion flashed in her eyes.

What does dad mean by that?

What is it that they will become bad if they follow them, and who are these them?

Before Rong Shu could understand, Rong Hao and Fan Lina suddenly waved to the camera.

“Okay Shushu, it’s time for your mother’s examination. Dad is going to take your mother for an examination. The video is here first. Goodbye!”

“Goodbye Shushu, mother loves you!” Fan Lina made a gesture to the camera. The action of blowing a kiss, and then the video ends and jumps back to the cover.

Rong Shu’s tears slid down, wetting both cheeks, and her red lips were lightly opened, her voice full of crying, “Goodbye mother, goodbye father, I love you too.”

She knew that in this video, in addition to parents wanting to comfort her, Telling her not to think too much and accepting her identity calmly is also a video of her mother saying goodbye to her forever.

Chapter 486

When her mother died, she was only five years old. At that time, she didn’t know what cancer meant, nor what death was. She only knew that her mother was sick, very ill, and she was in the hospital all the time and didn’t go home. .

She wanted to go to the hospital to accompany her mother, but her grandfather suddenly came to the house and took her away, saying that her mother wanted her to spend the summer vacation with her grandfather. After the summer vacation, her mother would come out of the hospital.

However, after she accompanied her grandfather for a month, she did not see her mother come back. She only saw that her mother had changed from being so tall to a small box.

Later, when she grew up a little, she didn’t know what death was. At that time, she cried a lot, regretting why she had to follow her grandfather. She didn’t insist on staying in the hospital to accompany her mother. In the end, I didn’t even see my mother for the last time.

But now, in this video, she heard her mother say goodbye to her.

And my father, too. Six years ago, my father committed suicide too suddenly, and she couldn’t see his father for the last time.

But fortunately, her parents’ farewell to her and her farewell to her parents were all realized in this video.

Rong Shu clicked the mouse, exited the CD, and then held the CD carefully, cherishing it in her arms, no longer hiding her inner grief, and burst into tears.

I don’t know how long she cried. She was probably tired from crying, so she fell directly on the desk and fell asleep.

The next day, Rong Shu was woken up by the doorbell.

She opened her eyes and sat up straight, only to find that her lower back was sore, and her neck too, seemed to be unable to move freely.

There was no way, after she carefully put away the CD, she got up and rubbed her neck as she walked out of the study and towards the entrance of the living room.

The door opened, Lu Qi held a stuffed toy, and smiled at her showing a row of white teeth, "Baby, good morning!"

Rong Shu couldn't help but smile when he saw how silly he was smiling, "Come in early."

Lu Qi stood there and didn't move, as if stunned.

Rong Shu frowned slightly, "What's wrong with you? What are you doing?"

Lu Qi finally recovered and looked at her in surprise, "Baby, have you changed back to your usual appearance?"

"Well." Rong Shu squeezed The corner of his mouth turned back.

Lu Qi became curious, "Baby, how did you change back to the way you were before? You have accepted the change in your identity?"

Rong Shu hummed, "Yes, I accepted."

"Why so fast?" Lu Qi grabbed her wrist, pulled her to the sofa in the living room, then pressed her shoulders, let her sit down, and said, "Baby, tell me, how did you accept it?"

He Knowing that she will accept her identity change sooner or later, after all, the matter has long been a foregone conclusion, what else can she do if she doesn't accept it?

You can also break away from the Rong family!

It's just that he didn't expect that she would accept it after only one night. He originally thought it would take a long time.

Rong Shu took a wet towel from the coffee table and wiped her eyes.

I probably cried a few times last night, and I didn't remove my makeup and wash my face before going to bed, so my eyes were extremely dry and uncomfortable at the moment.

As she wiped her eyes, she replied, "In the box that my aunt gave me, there is a CD, and in it, my parents were recorded during their lifetimes. They know that sooner or later I will know that I am not their own. So I was afraid that I would think too much and that I

would be sad, so I specially recorded a video to comfort me and tell me that even if I was not born by them, I am their daughter and they love me very much.”

Speaking of this, the corners of her mouth twitched slightly, smiled.

Lu Qi looked at her and nodded suddenly, “So it is.”

“So I am relieved.” Rong Shu looked up at him, “They treat me as their biological daughter, if I know that I am not their biological daughter If you do, just veto them, then I don’t deserve to be human.”

Lu Qi also sat down, “You’re right to think so, you don’t know, I was so worried about you last night, and my mother, who didn’t sleep all night, after all, she told you your true identity. Yes, if you don’t come out, she is ashamed and hated, and she has been wondering if she did something wrong.”

“I’m sorry, Aqi, for worrying you and Auntie, I’ll give her a call later. “Rong Shu poured herself a glass of water and said embarrassedly.

“Okay.” Lu Tou, then thought of something, and shoved the plush toy in her arms, “This is for you.”

“Why are you giving me this?” Rong Shu looked down at the cute one in her arms Little Bear, asked inexplicably.

Lu Qi scratched his head, “I’m worried that you haven’t come out yet, so I want to buy something to comfort you, but I don’t think it’s appropriate to buy anything, so I chose this one in the end, don’t dislike it.”

Rong Shu chuckled . , “How come, I like it very much, thank you Aqi.”

Even if she doesn’t like this kind of toys.

But for the kindness of others, she will never live up to it.

Hearing that Rong Shu liked it, Lu Qi grinned, “By the way, baby, have you eaten breakfast?”

Rong Shu shook her head, “Not yet.”

“Then I’ll buy it, you wait for me at home.” Lu Qi said , stood up.

Rong Shu nodded slightly, “Okay, let’s go, I’m also about to take a bath and put some on my eyes.”

Even if she didn't look in the mirror, she knew that her eyes must be very red and swollen now.

Because when the door was just opened, Lu Qi was obviously startled when he saw her, but he didn't say it clearly.

Lu Qi left, and Rong Shu went to the bathroom in the bedroom to take a shower.

When she just finished washing, Lu Qi bought breakfast and came back.

After breakfast, the two went out together, separated outside the community, one drove back to Lu's house, and the other drove to Tiancheng.

After the two cars disappeared from sight, a figure came out of the dark, holding a mobile phone in his hand, talking to the other end of the phone.

In the Fu Group, Assistant Zhang nodded, "I see, you should come back first."

After he finished speaking, he put down the phone and knocked on the door of the president's office.

"Come in." Fu Jingting's somewhat depressed voice came from the door.

Assistant Zhang pushed open the door and went in, and saw Fu Jingting sitting behind the desk with his eyes slightly closed, leaning on the back of the seat, one hand caressing his heart, his brows furrowed, and he seemed uncomfortable.

Seeing this scene, Assistant Zhang's face tightened and he stepped forward, "Mr. Fu, what's the matter with you?" Fu

Jingting opened his eyes, took his hand from his heart, and waved, "I'm fine."

"It's really fine . Is it? I think your face is not right, is it your heart..." "Okay." Fu Jingting pursed

his lips and interrupted him a little impatiently, "What's the matter with you?"

Said that he didn't want others to ask about his physical condition, Assistant Zhang sighed helplessly, "It's Miss Rong who has news. Miss Rong went out this morning, and her condition is no different from usual. She should have since found out that her identity collapsed. I've come out."

Fu Jingting raised his eyebrows, "So soon?" On

this point, he and Lu Qi were surprisingly consistent, and knew that Rong Shu would come out.

Didn't expect it would be so fast.

Assistant Zhang nodded, "Yes."

Fu Jingting squinted, "It seems that someone said something to her, otherwise she would never be able to be so fast, with her character, she will be confused and doubt herself for a while before she will be able to Slowly think about it."

"Then, I'll check to see who it is..."

Fu Jingting raised his hand, "No need, that's it, it's a good thing for her to come out, don't worry about anything else."

"Yes." Assistant Zhang responded.

Read This Time, I Will Get My Divorce Chapter 487-488

Chapter 487 Don't Appear Before Me

"Go get busy." Fu Jingting rubbed his temples and said.

Assistant Zhang looked at his slightly pale face, but was still worried, and stood where he was. Recuperate, but you don't want to. You will go back to work in the group as soon as you are discharged from the hospital. I'm worried that your heart will be too heavy, so..."

"It's okay, I'm measured." Fu Jingting took a sip of water and cut off his words, "If I really can't hold it, I'll go to the hospital myself."

"Okay, then I'll go out first, call me anytime if you have anything." Assistant Zhang sighed, took two steps back, and turned to walk towards the door of the office.

After he went out, Fu Jingting put down the water glass, stretched out his hand and pulled out the drawer, took out a bottle of medicine and opened it, poured two pills into his mouth, and swallowed it straight and expressionlessly.

After swallowing, he closed the bottle cap, and then played with the bottle with cold fingers, with a mocking look in his eyes.

This medicine is designed to treat the heart.

He once ate it for more than 20 years, and thought he would never have to eat it in this life.

Unexpectedly, it was only about six years ago that he started taking this medicine again.

But Fu Jingting didn't feel any regrets. If he did it again, he would still jump off the cliff for Rong Shu's sake.

Thinking of this, Fu Jingting sighed lightly, then threw the medicine bottle back into the drawer, closed the drawer, picked up the pen, and continued to work.

In the afternoon, the hospital called and asked him to go over for a re-examination.

Fu Jingting pushed some unimportant itineraries in the afternoon and set off with Assistant Zhang.

The two came to the parking lot of Fu's Group. As soon as they walked in front of the car, Fu Jingting stopped abruptly, looking at the front in surprise and amazement.

Assistant Zhang still didn't know what was going on. Seeing that he stopped, he also stopped, and then asked, "Mr. Fu, what's the matter?"

"Rong Shu is here." Fu Jingting looked at the woman in front of him, standing beside his car, and replied with thin lips.

When Assistant Zhang heard this, he immediately stood up from behind him in surprise and followed, and sure enough, he saw Rong Shu.

"It's really Miss Rong, what is she doing here?" Assistant Zhang was puzzled.

Fu Jingting narrowed his eyes, said nothing, raised his feet and continued to walk forward.

Rong Shu, who was looking down at her phone, heard footsteps, looked up and saw Fu Jingting and Assistant Zhang approaching. She immediately stood up straight, turned to the right, and stood face to face with Fu Jingting, "Mr. Fu.

"What's the matter with you?" Fu Jing looked at her and asked blankly.

Rong Shu frowned.

He was still as indifferent as the previous two days.

"I'm here to seek an answer." Rong Shu looked at him.

Fu Jingting pursed his lips, a little doubt in his eyes, "What's the answer?"

Rong Shu replied, "That's why you suddenly didn't let me take care of me, Mr. Fu, I want to know why?"

He let go of her, she didn't care, and she didn't want to know reason.

But he didn't want her to take care of this, and she couldn't let it go for a long time.

Because it made her feel that she did something wrong to him, so he didn't want her to take care of him.

And he didn't let her take care of him, and he also blocked her from repaying her kindness in disguise.

Although Assistant Zhang said that she doesn't need to repay her kindness, can she really not repay it?

So who has she become? A villain who only knows to accept what others give, but does not return the same.

In short, she definitely didn't want to let herself become like that.

She is like this. She must return the help and sacrifices others have given to her, otherwise she will feel ashamed and feel uneasy.

Fu Jingting listened to Rong Shu's words, a strange light flashed in his eyes.

Obviously, he didn't expect that what she wanted to ask was actually this, and he came to stop him specially.

Also, if she doesn't wait here and goes directly to the front desk, she won't see him.

"There's no reason." Fu Jingting replied lightly with his thin lips, and then passed her and was about to leave.

Rong Shu opened his arms and blocked his path, "No reason? President Fu, do you think I would believe it?"

No reason is the biggest reason.

Because he was still taking care of her the day before, he suddenly changed his face and didn't want her to take care of him the next day. The change of face became too abrupt. Who would believe it if he said there was no reason?

"Then what do you think?" Fu Jingting frowned, looking impatient.

Seeing his expression, Rong Shu felt a little uncomfortable. She pursed her red lips and replied, "I just want to know one reason, and I will continue to take care of you until you recover. President Fu, you also know that I want to repay my kindness, so "..."

"Zhang Cheng should have told you that I don't need your gratitude." Fu Jingting interrupted her in a low voice.

Assistant Zhang pushed his glasses and took a step forward, "I did tell Miss Rong."

"Yes, Assistant Zhang did say it, but I don't accept it. You saved me, you don't need me to repay your kindness, but it's my principle not to not report it." Rong Shu looked into Fu Jingting's eyes and told him very seriously.

If others help her and don't need her to reciprocate, she really won't reciprocate. After a few times, who else will help her?

Who will befriend her?

Fu Jingting didn't expect Rong Shu to be so stubborn, and sighed slightly, "Since you insist on repaying your kindness, then you can use other methods, in short, I don't need your care, your care makes me very uncomfortable. "

Uncomfortable?" Rong Shu was stunned for a moment, "Which aspect is uncomfortable?"

Is it about men's and women's defense?

But because his legs are good, he does not need her help when he washes and goes to the bathroom, so there should be no male and female defense.

Just when Rong Shu was confused, Fu Jingting clenched his hand in his trousers pocket and said in a cold and indifferent voice, "I'm not comfortable in any way, your care is unprofessional, unfamiliar and inattentive, so I'd rather hire a nurse than let you take care of it, are you satisfied with this reason?"

"..." Rong Shu opened her mouth, unable to speak, her smiling face flushed red, obviously embarrassed .

Yes, she also knew that she was not good at taking care of others.

After all, she didn't take care of people specially, and she never took care of patients, so when she took care of him, there must be many flaws.

I just didn't expect that he would think so straightforwardly

, Rong Shu took a deep breath, adjusted her mentality, regained her calm, then looked at Fu Jingting and said, "I know Mr. Fu, I won't think about taking care of you anymore. Now, the care of the past two days has been inconsiderate, please forgive me."

She bowed to him.

Fu Jingting resisted the urge to pull her up and looked at her without speaking.

Rong Shu stood up and said, "You are doing the right thing. Since I was not taking care of me well, it is completely reasonable that you would not let me take care of me. Next, I will find a way to repay your life-saving grace in other ways. "

Whatever you want." Fu Jingting lowered his eyes and said lightly, "But I don't want to see you, so if you want to repay, it's best not to appear in front of me."

Rong Shu's pupils shrank, and her heart throbbed inexplicably.

She bit her lower lip slightly, and her voice was a little aggrieved, but also a little unspeakable anger, she responded, "Okay, I promise."

If it doesn't appear, it won't appear.

It's better not to appear in front of him, just as she doesn't want to see him either.

Thinking about it, Rong Shu didn't want to look at Fu Jingting.

Chapter 488

Fu Jingting didn't know Rong Shu's abnormality. Hearing her promise, he would never appear in front of him in the future.

Although this was the result he wanted, it was still uncomfortable.

However, Fu Jingting didn't show it on his face, instead he showed a cold smile, "Very good, I hope you will do what you say."

Rong Shu frowned, "Of course I will do what I say, you don't need to remind me, after all, I don't love you, how could I want to appear in front of you." With

the sentence 'I don't love you', Fu Jingting's heart was full of holes.

The hand he put in his trouser pocket was clenched tighter and his face became extremely cold. He said in a low voice, "Zhang Cheng, open the door."

"Yes." Assistant Zhang answered and took out the car key to the door. unlocked.

Fu Jingting stretched out a hand from his trouser pocket and was about to pull the door.

Suddenly, a car came quickly and calmly around the corner behind Rongshu.

The owner of the sedan obviously didn't expect anyone here, and was so frightened that he forgot to step on the brakes.

Therefore, the owner of the car drove straight towards Rongshu.

As for Rong Shu, she felt uncomfortable and didn't notice the danger coming, and stood in place with no intention of dodging.

Seeing this, Fu Jingting's face changed suddenly, then he grabbed her wrist and pulled her into his arms forcefully.

"Hmm..." Rong Shu slammed into Fu Jingting's arms, knocking her forehead on his tie clip, causing her to snort in pain.

But before she came and reached out to rub her, Fu Jingting hugged her and turned abruptly.

Then Rong Shu's back hit Fu Jingting's Maybach door, and Fu Jingting protected her between the door and his chest.

Those who don't know, thought the two of them were in the car.

The car that was going to hit Rong Shu, saw that Rong Shu was pulled away by Fu Jingting, the owner of the car was relieved, then drove to the front to stop the car, got out of the car and ran over, and kept bowing and apologizing, "I'm sorry Fu Fu. Boss, I'm sorry for this young lady, I didn't mean it just now, I'm really sorry!"

Fu Jingting let go, turned to look at the person who apologized, his face was as cold as the ice of extreme winter, and it was frightening, "Which department are you in? What?"

"I...my planning department..." The man was as delicate as a mosquito, and replied in fear.

He didn't expect him to be so unlucky. Not only did he almost hit someone when he drove out, but he was also caught by the president.

It seems that this time, the job is going to be lost.

"Zhang Cheng, leave this person to you." Fu Jingting narrowed his eyes and ordered coldly.

Assistant Zhang nodded, "Okay, Mr. Fu."

After he finished speaking, he looked at the man, "Follow me over there."

He turned and walked forward.

The man was hunched over, his legs trembling after him.

Only Rong Shu and Fu Jingting were left on the spot.

It was only then that Rong Shu realized what had just happened, and she felt both fortunate and complicated in her heart.

Fortunately, she was not hit.

The complicated thing is that she was saved by him again.

And this also means that she owes him one more time...

Now, she really has to pay it back.

"That...thank you just now..." Rong Shu twisted the corners of her clothes with both hands and thanked softly.

Fu Jingting put his hands back in his trouser pockets, "It's nothing, I just don't want you to have an accident here, so I, Fu Shi, will take full responsibility."

Rong Shu opened her eyes wide and looked at him in disbelief.

So he just pulled her, just because he didn't want Fu Shi to take responsibility, and didn't save her because he was afraid of her accident?

Rong Shu bit her lip, "I know, but no matter what, you saved me. I... I will repay you with the help I gave you last time."

"As you go." Fu Jingting threw out two words, He stopped talking, turned around, and looked at Assistant Zhang not far away, and the car owner who was bowing frequently.

"Zhang Cheng, are you all right?" Fu Jingting asked with frown.

Assistant Zhang nodded, "Okay, Mr. Fu, I'll be right back."

After that, he said something to the car owner, and then turned around and came back.

"Mr. Fu, the owner of the car is just an ordinary employee of our planning department. Since he was speeding and didn't honk his horn to remind him, I just asked the personnel department to fire him, and also the traffic control department, I also contacted , his driver's license will be temporarily revoked over there." Assistant Zhang stopped in front of Fu Jingting and stated his punishment for the car owner.

Fu Jingting hummed, "Let's go."

"Yes." Assistant Zhang nodded, then opened the back seat door for him.

Fu Jingting bent down and sat in.

Assistant Zhang closed the car door, then turned to Rong Shu and said, "Miss Rong, let's go first."

"Okay." Rong Shu squeezed the corners of her mouth, then stepped back and gave way.

Assistant Zhang nodded politely to her, opened the driver's door, sat in, and drove away.

Rong Shu watched the Maybach go away until she couldn't see it, then lowered her head slightly and walked towards her car.

She came here to have an explanation, and wanted to know why Fu Jingting prevented her from repaying her kindness.

Now the reason is known, but she is not happy at all.

Especially his words...

Don't appear in front of him...

Rong Shu squeezed the palm of his hand, mocking in his heart, it really is a man, saying one thing and doing another.

Before, I said I loved her and wanted to get her back, but because she didn't take good care of her, I didn't even want to see her directly.

It's better not to see, she doesn't want to see him yet.

On the other side, enter Maybach.

Fu Jingting took off the disguise in front of Rong Shu, and his body was filled with a low and depressed atmosphere.

Assistant Zhang raised his eyes, looked at him through the mirror, and said hesitantly, "Mr. Fu, is it really okay for you to say that to Miss Rong?"

"What?" Fu Jingting spit out two words coldly .

Assistant Zhang turned to the steering wheel and replied, "It means that Miss Rong is not attentive, not as good as a nurse. I think Miss Rong's expression was very embarrassed at that time."

"I know, I say this, it is the best way to explain why I suddenly don't want her. The reason for taking care." Fu Jingting closed his eyes slightly and rubbed his eyebrows.

After all, he couldn't tell her that he let go of her and didn't want to approach her because he didn't live long, because he was afraid that she would get hurt again after she became interested in him again, so he didn't let her take care of him.

"That's right." Assistant Zhang nodded, then thought of something, and said, "The latter sentence, asking Miss Rong not to appear in front of you, aren't you afraid that Miss Rong will be sad?"

Fu Jingting opened his eyes and looked Looking out the window, "She won't. She doesn't love me, so she won't feel sad about it. Maybe she'll even be very fortunate that she doesn't need to look at me, the person who hurt her before."

"Really..." Assistant Zhang retracted His eyes didn't say anything, and he didn't know whether to believe it or not.

Fu Jingting put his right hand down from the car door and changed the subject, "By the way, contact Zhang's daughter for me, let her be my girlfriend tomorrow, go to an entertainment, and tell her that as long as she doesn't give me the entertainment I can agree to his father's cooperation."

"Okay, Mr. Fu." Assistant Zhang nodded.

Originally, Fu always asked Miss Rong to be the female companion for this entertainment.

But now that Mr. Fu and Miss Rong have come this far, it is normal to not let Miss Rong continue to be their female companions.

Soon, the hospital arrived.

Assistant Zhang parked the car, turned his head to the man in the back seat who seemed to be asleep and reminded, "Mr. Fu, it's here." Fu

Jingting lifted his eyelids and got out of the car without saying anything.

The two came to the cardiology department and began to do the examination.

Lin Tianchen also came and looked at Fu Jingting, "You look very bad. It seems that after you were discharged from the hospital, you didn't have a doctor's order to take a good rest."

Fu Jingting pursed his lips and said softly, "The group can't live without me."

Chapter 489 Fu Jingting Wants to Get Married

“Having said that, if you don’t follow the doctor’s orders to take care of your body honestly, you won’t be able to last for three years, and you might die suddenly one day.” Lin Tianchen rolled his eyes and said indifferently.

He put such heavy and life-threatening words in such an understatement, and he also explained his coldness.

Hearing that Fu Jingting continued like this, not only would he not last for three years, but he might even die suddenly. Assistant Zhang was so anxious that he looked at Fu Jingting and said, “Mr. Fu, you heard that if you don’t take good care of your body, you...”

“No need . Talk more.” Fu Jingting raised his hand to stop him, “I know my own body.”

“But...”

Assistant Zhang wanted to say something, and Fu Jingting narrowed his eyes and gave him a cold look.

Assistant Zhang opened his mouth and was speechless.

Lin Tianchen sneered, “Your subordinates care about you, but you don’t know what to do.”

Fu Jingting glanced at him lightly, ignoring him.

He didn’t speak, so Lin Tianchen naturally couldn’t say anything else, shrugged his shoulders, and went to check on his examination.

“Mr. Fu, sit down for a while.” Assistant Zhang pulled Zhang over and said to Fu Jingting.

Fu Jingting hummed and sat down on the chair, then lowered his eyelids, not knowing what he was thinking.

After a while, Lin Tianchen came over with the test results and handed it to Fu Jingting, “Your results.”

Fu Jingting reached out and took it, and looked down.

Assistant Zhang also leaned over and watched along.

Seeing the phrase ‘heart accelerated damage’, his complexion changed suddenly, “How can President Fu’s heart be corrupted so quickly?”

Fu Jingting frowned.

Lin Tianchen put his hands in the pockets of his white coat, and said lightly, "I just said that he did not follow the doctor's instructions to take care of his body, but instead worked for a long time. His heart could not bear such a load, so he accelerated the rate of corruption. That's why I said just now that he might not survive for three years."

"So that's the case." Assistant Zhang clenched his fists, and then asked, "Will it get better from now on?"

"Almost." Lin Tianchen shrugged.

Assistant Zhang looked at Fu Jingting, "Mr. Fu, I know you don't like to hear these words, but I still want to say, for the sake of the second young master and Miss Rong, please take good care of your body, now the second young master is still young, nothing No, so the Fu Group still needs you, and the second young master also needs your hands-on teaching, otherwise he can't hold down the old foxes in the group, and Miss Rong, don't you mean that you want to pave the way for Miss Rong and let Miss Rong Do you take less detours in the future?"

The more he talked, the more red his eyes became, and his emotions became excited, "But now, you haven't paved the way for Miss Rong, so if you don't take good care of your health, in case... the second young master and Miss Rong What should I do?"

Hearing this, Fu Jingting's thin lips moved slightly, and finally sighed softly, "I know, I will pay attention."

He had to admit that Zhang Cheng's words hit the softest part of his heart. place.

Fu Jingting took a slight breath, then spit it out, his expression became a little more serious, "I know, I will pay attention."

Assistant Zhang finally smiled gratified.

At this time, Lin Tianchen spoke again, "Okay, the test results are out, now go to the pharmacy to get the medicine, because you didn't rest after being discharged from the hospital, which caused the heart to deteriorate faster, so your medicines should be reopened, and the previous ones should not be taken. ."

Fu Jingting hummed, "Go and do it."

"Yes." Assistant Zhang nodded, then took the prescription form handed by Lin Tianchen, turned and left the examination room.

After Assistant Zhang finished taking the medicine, the two left the hospital.

In the car, Fu Jingting suddenly thought of something, pursed his thin lips and said, "You will inform Rong Shu later, tell her that there is no need to go to the entertainment tomorrow."

"Okay, Mr. Fu." Assistant Zhang drove the car and responded. .

Fu Jingting said nothing, closed his eyes and fell asleep.

After arriving at his temporary residence, Assistant Zhang called Rong Shu.

At this time, Rong Shu was working on documents in her office, but for some reason, the whole person was not in the state, especially her attention, and she couldn't concentrate.

It took an hour or two to process only two or three documents.

Secretary Tong poured her a cup of coffee, and then asked with concern, "Mr. Rong, are you not feeling well?"

Rong Shu put down the pen and rubbed her temples, "No."

"But I see that your face is a little uncomfortable. Great." Secretary Tong looked at her face.

Rong Shu leaned back on the chair, "I'm fine, maybe it's just a little too tired."

"Well, then you can rest for a while, these documents don't need to be processed urgently." Secretary Tong said.

Rong Shu nodded slightly, "Alright, I'll go to the sofa to lie down for a while."

She stood up, sorted her clothes, and was about to go to the rest area.

Suddenly, the phone rang, preventing her from stepping out.

Rong Shu looked down at the mobile phone on the desk and saw that Assistant Zhang was calling. For some unknown reason, she quickly picked up the mobile phone and put it to her ear, "Assistant Zhang."

"Rong Shu. Hello, Miss." Assistant Zhang said hello.

Rong Shu sat down again, "Hello, may I ask, what's the matter with you?"

He called, probably ordered by Fu Jingting.

Otherwise, he would definitely not call, after all, there is no friendship between them.

Assistant Zhang looked at Fu Jingting, who had taken the medicine and lay down to rest, and walked out of Fu Jingting's room gently, and then replied from outside, "That's Miss Rong, just now, President Fu asked me to tell you that tomorrow's entertainment, you No need to go."

"Don't need me to go?" Rong Shuxiu frowned slightly.

Tomorrow is Fu Jingting going to meet some big people abroad for an entertainment, and it is stipulated that he must bring a female companion.

At that time, Fu Jingting asked her to be her female companion, and she agreed. Why is she not wanted now?

"Yes." Assistant Zhang nodded, "President Fu said that he has found a female partner again, so he won't bother you, Miss Rong."

Rong Shu grabbed the hand of the mobile phone and tightened her heart. He got up, and after a while, he bit his lip and asked, "Who... did he find a female companion?"

Assistant Zhang didn't feel that something was wrong with her, and replied without concealment, "It's the daughter of the Zhang family, Miss Zhang Lili. ."

"Zhang Lili!" Rong Shu's expression was obviously a little awkward when she heard the name.

This name, recently, is very famous in the circle.

It's not because of what Zhang Lili did, but because the Zhang family publicly proposed some time ago that they want to marry the Fu family. The Zhang family has only Zhang Lili, an only daughter, who is twenty-five this year. Although the Fu family has two sons, Fu Jinglin is only ten. He was seven years old, so it was absolutely impossible for the Zhang family to fall in love with Fu Jinglin. After all, the age gap between the two was too great.

Therefore, it was Fu Jingting that the Zhang family wanted to marry.

Therefore, Zhang Lili, a daughter who has no sense of existence, is well-known in the circle. Even if she is a person who doesn't pay much attention to the gossip in the circle, it is even more impossible for Fu Jingting not to know that she is being followed. .

But even if Fu Jingting knew that the Zhang family wanted to cling to him and solve the decline of the Zhang family, he still chose Zhang Lili as his female companion.

Does this mean that Fu Jingting is willing to marry the Zhang family?

Thinking of this, Rong Shu's heart was blocked so badly that her breathing became a little uncomfortable.

Chapter 490 Stepmother and Sister Appear

She held the phone with one hand and the clothes on her chest tightly with the other. It took a long time before she made a sound, but her voice was very dry, "I know, I won't be going back tomorrow, so you tell you President Fu, Reassure him, after all, I promised him that I won't appear in front of him in the future, I will definitely do what I say, and also, say something to President Fu for me, congratulations to him and Miss Zhang." After the

words were finished, Rong Shu put the phone away . Put it down and hang up the phone directly.

Assistant Zhang frowned suspiciously, "What does she mean?"

What does it mean to congratulate President Fu and Miss Zhang.

What's wrong with Mr. Fu and Miss Zhang to be congratulated?

Tian Cheng, Secretary Tong looked slightly pale after seeing Rong Shu answering the phone, and couldn't help but ask, "Mr. Rong, what's the matter with you?"

"I'm fine." Rong Shu bit her lower lip, because she bit her too hard. Pushing hard, the lips are all white.

She just finds it ironic.

In fact, Fu Jingting suddenly regretted that she didn't want her to be a female companion, but she could accept it.

After all, he has said that he wants her not to appear in front of him in the future, so it is normal to interrupt her invitation to be his girlfriend. After all, she also vaguely had this kind of speculation in her heart, and it was not confirmed until Assistant Zhang's phone call just now. her guess.

Because she guessed in advance that Fu Jingting would cancel her as a female companion, she was also prepared, but when she heard it, she still felt somewhat uncomfortable.

Of course, this is nothing, what really makes her dissatisfied is that Fu Jingting found a female companion, so she was told to cancel and told her not to go tomorrow.

what is this?

To play with her?

It's like, they are boyfriend and girlfriend, but Fu Jingting wants to break up with her, but before breaking up, he hides her from her and finds a job before breaking up with her. .

He could clearly tell her not to let her go tomorrow, and then go find a female companion.

But, he just didn't do it!

And let the daughter of the Zhang family be the female companion...

The more she thought about it, the more she panicked, Rong Shu leaned on the back of the chair and pinched the bridge of her nose tiredly, "Tong Xi, go out first, I want to be quiet. "

Okay." Secretary Tong gave her a worried look, then turned around and went out.

After going out, Secretary Tong took out his mobile phone and dialed Lu Qi's number.

In fact, she didn't want to find him because of President Rong.

After all, she and President Rong are also rivals in love, although President Rong doesn't like President Lu.

But she knew that Mr. Lu liked Mr. Rong, a long time ago. If Mr. Rong was not good, Mr. Lu would not be happy either.

She loves Mr. Lu and doesn't want to see Mr. Lu unhappy, so even if Rong is always her rival in love, she is willing to call Mr. Lu for Mr. Rong's sake and ask Mr. Lu to come over to see what happened to Mr. Rong.

Because love can be selfish or selfless.

And her love is the latter. She knows that she and President Lu are doomed to be impossible, so her love cannot be selfish, so of course she hopes that the person she loves will be happy.

The phone was connected, and Lu Qi's voice came, "Tong Xi, what's the matter with me?"

"Mr. Lu, it's like this. After just answering a phone call, Mr. Rong's mood became a little wrong, do you want to come over? Look at her?" Secretary Tong looked at the door of the office next to him and asked.

Hearing that Rong Shu was in a bad mood, Lu Qi immediately stood up from behind the desk, "Who called the baby?"

Hearing him address other women so intimately, Tong Xi felt uncomfortable.

But she held back, took a deep breath, regained her composure and replied, "It's Mr. Fu's special assistant Zhang."

"Zhang Cheng!" The name suddenly made Lu Qi's face stinky.

Not to mention that this person is from Fu Jingting.

Just say that every time you meet this person, it is destined to be bad.

Thinking of the time when he was restrained by this man and unable to move, Lu Qi hated his teeth and said through gritted teeth, "I know, I'll come right over."

"Okay."

After the call, Secretary Tong put down the phone and pushed the bridge of his nose. black-rimmed glasses, opened the door of his office and entered.

When Lu Qi arrived at Tiancheng, it was already half a month later.

When he came, his face was very wrong, and he was extremely serious.

Rong Shu originally wanted to ask him why he came suddenly, but looking at his heavy expression, she changed her mind and asked, "Aqi, what's the matter with you?"

"Baby, I seem to have seen Rong Yuan just now." Lu Qi walked over Opposite her desk, she said in a deep voice.

Hearing this name, Rong Shu's pupils shrank and her back straightened, "What did you say? Did you see Rong Yuan?"

"Yes." Lu Qi nodded heavily, "I'm sure it must be her, and I still I took a picture."

"Show me." Rong Shu stood up.

Lu Qi took out his mobile phone, opened the album, found the latest photo and handed it to her, "That's it, when I came, I didn't park my car in the parking lot, but directly outside the Tiancheng gate. On the side of the road, just as I was getting off the car, I suddenly glanced at Rong Yuan in the cafe across the road, and when I saw her, I was completely stunned, and then I quickly took out my phone and took a picture."

Rong Shu didn't listen to him, but locked her eyes tightly on the phone screen.

In the photo on the screen, it is a side view of a woman. Since the photo was taken enlarged, the resolution is not very high, but Rong Shu still recognized it at a glance. The woman in the photo is indeed Rong Yuan.

Six years ago, after her father committed suicide by jumping off the building, she and her stepmother swept away Tian Sheng's last working capital sister!

"After running for six years, she actually came back." Rong Shu clenched her phone tightly and said with an ugly expression.

Lu Tou, "Yeah, we originally thought that she and your stepmother'll never come back in my life. I didn't expect to come back in only six years. I'm afraid your stepmother will come back too. Rong Shu sneered, "

Yes, now Tiancheng's development has gradually stabilized, and it has not gone bankrupt. They will definitely receive the news and run back." "

"You mean, they come back and want to rob you of Tianzhu?" Lu Qi frowned.

Rong Shu returned the phone to him, "Apart from this, I can't think of any other purpose for them to suddenly run back to the sea market. This mother and daughter are selfish and greedy. When their father died, they could immediately take away everything." Qian ran away and disappeared without a trace. He didn't care what happened to Tian Sheng in the end. He didn't even attend his father's funeral, so it could be seen that the mother and daughter had no heart, and only had interests in their eyes. Shareholders stood up and asked the bank to support a part of the fund, and Tiansheng was probably finished six years ago. "

Speaking of which, Tiancheng can have what it is today, and she should really be grateful to Duan Xingbang. Although

Duan Xingbang's real purpose of letting the bank contribute capital at that time was to fully control Tiancheng, she could not deny Duan Xingbang's contribution to Tiansheng.

All kinds of jumping, all kinds of ugly food, she also tolerated him, and did not use her identity as the largest shareholder to forcibly judge him.

Of course, if Duan Xingbang did touch her bottom line in the end, she would not tolerate him anymore.

As the biggest shareholder Shareholder, she has a way to get Duan Xingbang to leave Tiancheng.

Lu Qi laughed angrily, "These two people, Tiancheng and the Rong family ran away when an accident happened back then, but now that Tiancheng is healed, they come back to pick peaches, which is really shameless. "

For those who have no heart, face is nothing, and interests are the most important thing. I am thinking now, when did they come back, and how long have they come back.” “Rong Shu frowned and pondered.

If she just came back, then the mother and daughter may have trouble next time.

But if they have been back for a long time, and where do they live, why haven't they come to the door for so long?
