Chapter 491 Lu Qi's Invitation

"Otherwise, find someone to check it out?" Lu Qi suggested.

Rong Shu nodded, "Of course, I must check them out. I don't worry if I don't check them out."

After all, Rong Yuan's mother and daughter are now in the dark, and she is in the light.

If it wasn't for Ah Qi's sudden discovery of Rong Yuan, she wouldn't even know that Rong Yuan had returned to Hai Shi.

Maybe Rong Yuan's mother and daughter did something to her suddenly, and she didn't have time to react.

So now that she knows that the mother and daughter are back, she naturally wants to find out their whereabouts. In this case, even if the mother and daughter want to do something, she can prevent it in advance.

"Who to look for? Detectives or..."

"Look for detectives." Rong Shu thought for a moment and said, "Rong Yuan appeared near Tiancheng, presumably to find out, if we send our own people to investigate, it will be very good. It might be recognized by Rong Yuan, so it's better to get some insurance from the detective."

"That's what you said, then I'll get in touch. On the way back, I happen to pass an office, and the reputation is not bad, so I went to do it by the way." Lu Qi poured himself a glass of water and said.

Rong Shu snorted, "Then I'll trouble you, by the way, why did you come here suddenly?"

"It's Tong Xi." Lu Qi pulled the chair and sat down, "She said you were in a bad state and worried, So let me come over and see what happened to you."

Hearing this, Rong Shu couldn't help laughing and crying, "I'm just in a bad mood, I didn't expect her to misunderstand what happened to me."

"She also cares about you." Lu Qi said.

Rong Shu nodded, "I know, so I'm also very moved."

"Baby, are you really okay?" Although she said that she was only in a bad mood, Lu Qi was still a little worried and looked at her and asked.

Rong Shu nodded slightly, "It's really okay."

"Then why are you in a bad mood?" Lu Qi asked again.

Rong Shu rubbed his temples, "It's nothing, I just feel like I've been tricked, so I feel a little uncomfortable."

"Who is it?" Lu Qi leaned over curiously.

Fu Jingting's cold and handsome face flashed in front of Rong Shu's eyes, and her eyes instantly became dazed. When she fell into Lu Qi's eyes, she was distracted. He couldn't help but stretch out his hand and waved

in front of him, "Baby, what are you thinking about?" Unable

to see the look in her eyes, she squeezed the corners of her mouth and replied with a smile, "It's nothing."

Strange, why did she suddenly think of Fu Jingting?

Shaking her head slightly, Rong Shu quickly threw Fu Jingting out of her mind, then picked up the water glass on the table, and after taking a sip of water, her heart became calm again.

However, her strange expression and actions were all seen by Ai Lu Qi.

Lu Qi narrowed his eyes, and after a glimmer of incomprehensible glint flashed in his eyes, he pretended that nothing had happened, and laughed, "By the way, baby, do me a favor.

"?" Rong Shu put down the water glass and looked at him suspiciously.

Lu Qi smiled and approached her, "Be my female companion."

"Pfft!" Rong Shu couldn't hold back, and spit out a mouthful of water, just right in his face.

Lu Qi's eyes and nose were wrinkled, and he could clearly feel the wetness on his face and the water dripping from his chin.

Rong Shu knew that she was in trouble. After sticking out her tongue in embarrassment, she quickly took out a few tissues and wiped the water on his face.

After feeling that it was almost done, Rong Shu apologized, "I'm sorry, I didn't mean to."

"Baby..." Lu Qi sneered and looked at her resentfully.

Rong Shu smiled embarrassedly, "Sorry, Ah Qi, I really didn't mean it."

Lu Qi wiped his face and touched his hair again.

Originally, his hair was combed back and waxed, so he looked stylish, just like the big guy in the anime.

As a result, she just wiped the water on her face and hair, so that her hair is completely messy now.

He's not handsome anymore.

But seeing her blushing and smiling, he smiled helplessly.

Forget it, she is so cute, what can he do? Of course I forgive her.

"It's okay, isn't it just sprayed with water, I'll wash it in a while." Lu Qi waved his hand and said indifferently.

Rong Shu got up, took out a clean towel from the locker and handed it to him, "By the way, you just said, let me be your female companion?"

"Yes." Lu Qi took the towel and wiped it, while saying, "Tomorrow, there will be several big people coming from abroad, and one of them has a little friendship with my dad, so I gave my dad an invitation, but my dad didn't plan to go, so he asked me to go, wanting me to see the scene, I agreed, but those big figures abroad are notoriously playful, so everyone who asks to go has a female companion, and you know that you are a female friend by my side..."

"I refuse." He didn't wait for him to finish, Rong Shu rejected him directly.

"That's great, you answer... Huh?" Lu Qi widened his eyes and looked at her in surprise, "Baby, what did you say, you refused?"

He just thought she agreed and was about to be happy when he suddenly reacted. Come here, she said refusal.

This suddenly made the little joy that had just risen in his heart turned into ice.

Rong Shu nodded with a serious expression, "Yes, I refuse."

"Why?" Lu Qi took her arm.

Rong Shu pulled her arm back, "Because I promised Fu Jingting before, although Fu Jingting said in the end that I don't need me, but I still went behind, even if I went with you, I would be embarrassed, do you understand?"

"What? You promised to be Fu Jingting's female companion?" Lu Qi asked in a high voice.

Rong Shu nodded, "Yes."

"When did you agree, why didn't you tell me?" Lu Qi shook her shoulders with both hands.

Rong Shu was a little dizzy when he shook his head, and quickly broke his hand away, "What do I have to tell you, anyway, I can't go with you this time, you can find someone else."

"Don't baby, I can't find anyone else." Lu Qi was unwilling and insisted on her being a female companion.

But Rong Shu's attitude was particularly resolute, "Aqi, if it's any other entertainment, I will never refuse, but this time it really won't work, let's not say whether it will be embarrassing for me and Fu Jingting to meet, and secondly, I promised Fu Jingting that I will never show up in the future. In front of him, so if I show up in front of him tomorrow, I will break my promise, and what will he think of me?"

"This..." Lu Qi opened his mouth and was speechless.

Rong Shu patted him on the shoulder, "So Ah Qi, find a girlfriend yourself."

Lu Qi sighed, "Okay, you said that, what else can I do."

Rong Shu twitched the corners of her mouth. did not speak.

At this moment, Lu Qi's cell phone rang.

He took out his mobile phone and looked at it. When he saw that it was his assistant's call, he answered it immediately, "What's the matter?"

"Mr. Lu, Director Lu has come to the company. I want you to come back." The assistant said on the phone.

Lu Qi frowned, "My dad went to the company? What did he do in the company?"

"I don't know, Director Lu didn't say anything, but come back soon." The assistant replied.

Lu Qi rubbed his temples, "Okay, I'll be right back."

Putting down the phone, he looked at Rong Shu, "Baby, I'm going to my company. I think I have something to look for, so I'll go back first."

"Okay. , pay attention to safety on the road." Rong Shu hummed, then got up and sent him out of the office, until he saw him entering the elevator, then turned back to the desk.

Chapter 492 Zhang Lili

Recalling that Lu Qi also invited herself to the entertainment just now, Rong Shu couldn't help but smile bitterly.

What is this called.

Fortunately, he refused, otherwise Fu Jingting would have thought she appeared in front of him on purpose when he saw her tomorrow.

Hmph, she wouldn't give Fu Jingting a chance to look down on her.

I just don't know why, thinking of Fu Jingting to invite that Zhang Lili as a female companion, Rong Shu's heart is tense.

She pulled out the chair and sat down, then grabbed the mouse and clicked into Zhang Lili's personal social platform homepage.

Looking at the famous brand bags, cars, shoes, cosmetics, etc. released by Zhang Lili, her beautiful eyebrows frowned.

Zhang Lili's personal homepage is full of the smell of showing off her wealth, which makes people feel like a nouveau riche.

In short, Zhang Lili like this is not suitable for Fu Jingting.

Whether it is appearance, family background, or connotation, it is not suitable.

These two people don't get along at all!

If Fu Jingting really wants to marry Zhang Lili in the end, she will doubt his vision.

"President Rong!" Suddenly, there was a knock on the door.

Rong Shu was startled, and quickly closed the webpage, then quickly looked at Secretary Tong at the door of the office, and pulled out a flustered smile, "What... what's wrong?"

Damn, what is she guilty of?

Isn't it necessary to be so guilty when you just read someone's website?

Secretary Tong didn't understand what Rong Shu was panicking about, didn't think too much, put his hand down from the door and replied, "Mr. Duan's assistant asked me to come and tell you to go to the office for a meeting."

"I see, I'll go right away." Rong Shu nodded in agreement.

Secretary Tong turned around and left.

Rong Shu cleaned up her desk, then picked up her laptop and walked towards the door.

After the meeting was over, it was already two hours later.

As soon as she returned to her office, she received a call from Lu Qi.

"Baby, I really can't find a female companion. Can you lend me Tong Xi next to you?" Lu Qi asked.

Rong Shu looked up at Secretary Tong, who was sitting across from her desk and was sorting out materials, and said with a smile, "I have no problem. After all, Secretary Tong was originally your secretary, and you were transferred to help me. I'll ask for you. Secretary Tong, see if she wants to."

Hearing Rong Shu mentioning herself, Secretary Tong stopped what he was doing and raised his head, "Mr. Rong, is that President Lu?"

Rong Shu smiled, "Yes He, he is going to participate in an entertainment tomorrow and is looking for a female companion, so he wants you to be his female companion."

"Me?" Secretary Tong pointed to his nose, a flash of surprise in his eyes.

Rong Shu nodded, "Yes."

"No, no, I can't!" Secretary Tong stood up suddenly, as if frightened, and quickly put his hands together, indicating that he was not suitable.

How could she be President Lu's girlfriend?

You know, the person who can be a female companion is not a girlfriend, but a person with a close relationship.

And she is neither Boss Lu's girlfriend nor someone Lu Qi has a close relationship with, so how can she be Boss Lu's girlfriend.

“Why not?” Rong Shu looked at Secretary Tong puzzled.

“I...I...” Secretary Tong lowered his head, clutching the black old-fashioned A-line skirt nervously with both hands, unable to speak.

Can she say that she is afraid that when she becomes President Lu's female companion, she will be more greedy for President Lu?

Rong Shu didn't know what Secretary Tong was thinking, thinking that she was just nervous as a female companion, and smiled to comfort her, “It's okay, I just accompany Ah Qi to dinner and meet some big people, don't be afraid.”

“Then why didn't Mr. Rong go?” Secretary Tong suddenly looked at her and asked, “The person Mr. Lu wants to invite most is Mr. Rong, right?”

Rong Shu smiled and didn't hide it, “I can't go, Because Fu Jingting will be here tomorrow.”

Hearing this, Secretary Tong was speechless.

No wonder President Rong didn't go by himself, it turned out that President Fu was there.

Also, it's really embarrassing for the ex-husband and wife to appear together.

“So you can go with Aqi tomorrow, if you don't go, Aqi will have to go by himself, and he doesn't want to find those unfamiliar women, so besides me, you are the woman he is most familiar with. .” Rong Shu looked at Secretary Tong and said seriously.

Secretary Tong was completely moved by her sentence ‘except for me, you are the person he knows best’.

Does this mean that she also has a place in President Lu's heart?

Even if this position is not love, at least it is another feeling.

In the end, Secretary Tong nodded and agreed, “Okay, I'll accompany President Lu tomorrow.”

She held the skirt tightly with both hands, and her palms were sweating nervously.

Not only that, but the heart was beating non-stop.

Because she finally had the chance to get in touch with President Lu.

Even if it was almost this time, it was enough to make her happy, enough to make her reminisce for a lifetime.

Thinking of this, Secretary Tong lowered his head and smiled happily.

Rong Shu put the phone back to her ear and told Lu Qi the result of Secretary Tong's agreement.

Lu Qi didn't know what to say to her, so he hung up the phone.

Rong Shu put down her cell phone and said to Secretary Tong, "He will take you to do a styling tomorrow morning."

"Okay." Secretary Tong replied softly, then lowered his head and continued to organize the information.

But looking closely, her hands were shaking slightly, indicating that she still couldn't calm down at the moment.

Also, who can be at peace with the person who is secretly in love and participate in the entertainment in a close relationship between men and women.

At the same time, the Fu Group.

Fu Jingting listened to Assistant Zhang's reply, his eyes narrowed slightly, "You said, Lu Qi is going to participate in the entertainment tomorrow?"

"Yes." Assistant Zhang rolled his eyes, "I was looking at the list of invitees for the entertainment just now. I found Lu Qi's name, so tomorrow Lu Qi will definitely take Miss Rong over there."

Lu Qi likes Miss Rong, so if he is looking for a female companion, he will naturally look for Miss Rong.

It's not much to think about.

When Fu Jingting heard that Lu Qihe wanted Rong Shu to participate in the entertainment tomorrow, he pursed his thin lips tightly, his face was full of displeasure, but what came out of his mouth was the exact opposite of his expression, "He wants to bring, Just let him take it."

He said that he would not stop Cheng Huai from pursuing Rong Shu.

In the same way, he will not stop Lu Qi.

He also wanted to see which of the two would be more suitable for Rong Shu.

He wanted to be a gatekeeper for Rong Shu during the three years he was still alive.

As for Li Chuan...

Fu Jingting's face suddenly froze.

Whether it was in the past or now, he didn't think Li Chuan was suitable for Rong Shu.

The man Li Chuan had a gloomy mind, and had a serious mental illness, and now his personality is split.

Such people are very dangerous.

It is completely unimaginable what Rong Shu would be like if he was with such a person.

...

the next day.

Fu Jingting brought Zhang's daughter to the hotel box where they were entertaining.

When we entered, the people inside were almost all there.

Fu Jingting glanced at the people in the box, and finally fixed his eyes on Lu Qi and the female companion beside Lu Qi.

Seeing that Lu Qi's female companion was not Rong Shu, but a strange woman, Fu Jingting frowned slightly.

what happened?

Why isn't Lu Qi's girlfriend Rong Shu?

Seeing Fu Jingting standing still and holding his arm, Zhang Lili, blushing, looked at him with eyes full of autumn water, and asked in a sticky voice, "Mr. Fu, what's the matter with you?"

"A trace of disgust passed by, and it was fleeting, and his voice was cold and said, "It's okay."

He lifted his foot and continued to walk forward.

Zhang Lili hugged his arm tightly, and rubbed her full breasts on his arm intentionally or unintentionally, which was full of seduction.

Chapter 493

After seeing it, Lu Qi raised a playful arc on the corner of his mouth, and then teased loudly, "Yo, Mr. Fu, have you changed your taste? Didn't you still like Gu Manyin's pure, soft and weak little white flower? , why is this one so hot now? Not only that, but I also like to flirt in public."

Hearing Lu Qi's words, Fu Jingting's face suddenly sank, and he glanced slightly sideways at Zhang Lili beside him. "Let go."

If it weren't for the fact that she was wearing a tube top dress, he pulled out his arms forcefully, which might have caused her dress to slip.

Otherwise, he would never open his mouth to remind her to let go, but just throw her away.

Zhang Lili didn't notice Fu Jingting's dissatisfaction. She was obviously reluctant to hear him let her go. She pouted and said, "Mr. Fu, I'm your female companion, hold on..."

"I said, let go!" Fu Jingting said nothing. He interrupted her mercifully and repeated it again.

The whole body was full of cold air, the complexion was even more ugly, and the cold voice became more and more obvious.

Zhang Lili was almost shivering from his cold air, her face turned pale, and she subconsciously let go of the hand that was holding her arm.

Fu Jingting said with an expressionless face, "I told you before I came, just be a silent vase, don't do anything for me, or the Zhang family's cooperation will be cancelled immediately, and you turn around and take my words for granted. "

"I'm sorry, Mr. Fu, I... I know I'm wrong." Zhang Lili panicked when she heard the cancellation of the cooperation, and quickly begged for mercy, "Mr. Fu, I really know I'm wrong, I won't do it again, can you please? Don't cancel the cooperation, otherwise, my father will kill me."

She was so anxious that she was about to cry, and she regretted her actions just now.

This man was an existence she could only look up to before, but was completely unable to reach.

Now the man she looks up to chooses her as her female partner, and may even marry her, so for a while, she was overwhelmed by excitement and made the behavior just now.

She originally thought that even if he noticed her actions, he would not expose her in public. After all, there are so many people here, he should give her some face.

It turned out that she was wrong. He didn't care about her face at all, but just let her down.

She really never felt that she had been so humiliated in the past 20 years like this moment.

Zhang Lili couldn't help covering her face, her exposed ears and neck were almost dripping blood.

Lu Qi, who has been watching the drama silently, is also a little guilty and at a loss when he sees Zhang Lili like this.

After all, it was he who provoked Fu Jingting, who made Fu Jingting target this woman and put her in an embarrassing position.

So in the end, it was also his fault, he stopped holding his head and watched the play leisurely, sitting up straight and coughing and said, "What, Fu Jingting, although she did something wrong just now, but you It's too heartless to cancel the cooperation just like this?"

Fu Jingting gave him a cool look, "Take care of yourself and mine, it's not your turn to intervene."

After he finished speaking, Fu Jingting pulled out his chair and sat down.

Zhang Lili lowered her head and walked over quickly, pulling out the chair next to him and taking a seat.

The man still did not let go and cancel the cooperation.

It seems that only after the entertainment is over, I am begging him.

The entertainment officially begins.

The big figures in this entertainment all came to Fu Jingting and wanted to jointly invest in a new project with Fu Jingting.

And Lu Qi, only because of his father's relationship, can come here to see the world.

But he found that he couldn't understand the content of the new project they were talking about, because the Lu family was not involved in this business at all, and he had never understood it.

At the same time, he also knew that this entertainment had nothing to do with him in the first place, and even if he understood it, he had no part in it.

Because of the current background of the Lu family, they simply cannot afford so much money to invest in this project, otherwise they will go bankrupt.

So in the end, Lu Qi listened and listened, almost falling asleep, but in order to avoid falling asleep, he simply took out his mobile phone, put it under the table, and sent a message to Rong Shu about what happened between Fu Jingting and Zhang Lili just now. The matter was sent to Rong Shu in a way of telling a joke.

Rong Shu was processing documents in her office, and when she saw the content sent by Lu Qi, her back straightened slightly.

Zhang Lili seduced Fu Jingting and was shamed by Fu Jingting in public?

Rong Shu's eyes widened and her expression became serious.

It seems that Fu Jingting and Zhang Lili will not get married.

If these two people want to marry, Fu Jingting will not shame his prospective fiancée in public.

So marriage should not be possible.

Thinking about it, Rong Shu felt that her heart suddenly became more relaxed, and the corners of her mouth evoked arcs that she had not noticed.

When Secretary Tong's assistant came in, she clearly felt her good mood, and couldn't help but say boldly, "Mr. Rong's mood has finally gotten better."

"Finally?" Rong Shu was stunned for a moment, then touched herself "I was in a bad mood before?"

"Yeah." The assistant nodded, "Mr. Rong, when you came here today, you were in a bad mood, frowning, as if you were worried, or worried about something. Until now, your emotions have disappeared, and your whole body has relaxed."

She is Secretary Tong's assistant, and when Secretary Tong is away today, she will replace Secretary Tong's position to help Rong with things.

So how is Mr. Rong's mood today? She, the person who has the most frequent contact with Mr. Rong, can't be more clear.

Rong Shu was stunned when she heard that her previous mood was actually like this.

According to this little assistant, she was in a bad mood all day, but now she is in a good mood, and her whole body is relaxed.

And she felt that she was relaxed because she saw the news from Ah Qi and read that Fu Jingting and Zhang Lili would not get married.

That is to say, she is happy that Fu Jingting and Zhang Lili will not get married!

Realizing this, Rong Shu's face changed and became very complicated.

Why should she be happy because these two people won't get married?

What is she happy about?

The more I think about it, the more chaotic I become, the more irritable I become.

Rong Shu put down the pen in her hand, rubbed her cheeks, forced herself to calm down first, and then spoke again, "Are you here to get these materials?"

"Yes, President Rong." The assistant nodded.

Rong Shu closed her eyes, "Then take it away, I want to be quiet."

"Okay." The assistant didn't know what was wrong with her, why she suddenly became so strange, after giving her a puzzled look, she picked up the office The information on the table is gone.

Hearing the door closing, Rong Shu opened her eyes and scratched her hair, "Rong Shu, Rong Shu, what are you doing!"

She always felt that something was wrong with herself recently, and she was always inexplicable in her mind and heart. Some unsettling emotions emerged.

Too bad it's out of control.

If this goes on, she doesn't know what she will become!

At this time, the sudden ringing of the mobile phone temporarily interrupted the restlessness in Rong Shu's heart.

She took a breath, put her hand down, grabbed her phone and looked at it. After seeing that it was the detective's call sent to her shortly after Lu Qi left yesterday and asked her to save, she looked condensed and answered immediately.

"Hello, is that Miss Rong?" A middle-aged man's voice came from the other end of the phone.

Rong Shu's red lips moved slightly, and she said, "It's me."

"Hello, Miss Rong, it's like this. Yesterday, a gentleman asked me to investigate a person and let you know when he has the results."

"Yes, so what's the result?" Rong Shu narrowed her eyes and asked in a serious voice.

Chapter 494 Rong Yuan's Purpose

"It has been checked, that Ms. Rong Yuan arrived in Haishi the day before yesterday, and has been staying at the Binhai Hotel since then. She stayed in the hotel for a day, and did not leave the hotel until yesterday morning, and went to Tiansheng Group and Liangjiang New Area. I walked around there, then went back to the hotel, and I haven't come out until now." The detective reported his investigation results one by one.

After Rong Shu heard this, her eyebrows knitted together, "Staying in the hotel and not coming out?"

"Yes." The detective nodded.

Rong Shu lowered her eyelids and her expression darkened a bit.

This is not right, this is too out of line with Rong Yuan's character.

Rong Yuan, the person who sounds good, is lively and active, and if it sounds ugly, he is a troublemaker and can't stay at home anymore.

Therefore, based on her understanding of Rong Yuan, it is absolutely impossible for Rong Yuan to stay in the hotel obediently, and she will not come out for so long.

In addition, there was also the place where Rong Yuan went yesterday, the Tiansheng Group and the former Rong family villa.

Rong Yuan only went to these two places when she returned to Haishi, which was obviously not possible.

Thinking, Rong Shu narrowed her eyes and asked, "Can you find out what she's doing in the hotel?"

"I'm afraid this won't work. The Binhai Hotel's privacy management is not bad. If she doesn't leave the room, I can't do it. Know what she's doing." The detective shook his head back.

Rong Shu was not disappointed by the result, because she had already guessed it.

Just asking, I just want to try my luck, what if I can find out?

So even if she can't know, she has nothing to lose.

"I can't find out what she's doing, but should you be able to find her check-in information?" Rong Shu said.

The detective responded, "Of course this is fine."

"Well, I want to know, is she staying alone, or two?"

"It's one, I checked her check-in record, and she checked in alone, and in the past few days, except for the hotel staff, no one has come in or out of her room." The detective replied.

A hint of surprise flashed in Rong Shu's eyes.

what happened?

Didn't Li Xiuzhi come back with him?

Just when Rong Shu was puzzled, the detective spoke again, "In addition, Miss Rong, I also found out that this morning, Rong Yuan asked the hotel staff to help her buy a ticket at the airport."

"Buy a ticket?" Rong Shu leaned forward. , "She's leaving the sea market?"

"Yes." The detective responded, "When the staff member came back, I specifically inquired that Rong Yuan asked him to buy a ticket to the beautiful flight at 4 o'clock this afternoon. "

Beautiful country..." Rong Shu lightly opened her red lips, read these three words in a low voice, and then raised her chin, "I see, I'm sorry to bother you, I'll call you the balance later.

" Okay Miss Rong."

After the call, Rong Shu put down the phone and threw it on the desk, then leaned back and leaned on the back of the chair, her eyelids drooping slightly, she was thinking about something.

She was thinking, what does Rong Yuan mean by doing this?

He ran back suddenly, and stayed in the hotel for three days. He went out once in the middle, but he only walked around Tiancheng, and then ran back to the Rong family villa.

Rong Yuan didn't have the villa key, so she probably wouldn't be able to get in, so she just walked around outside the villa at most. After she was done, she went back to the hotel, and today she's going to leave the sea market to go abroad.

It sounded like Rong Yuan was homesick and homesick, so she came back to have a look, but she knew that Rong Yuan was definitely not that kind of person.

Therefore, Rong Yuan's return must have some purpose.

It's just this purpose that Rong Yuan didn't show, so she couldn't figure it out.

But no matter what the purpose is, it's true that she can't let her guard down.

After thinking about it, Rong Shu picked up the phone again and sent Lu Qi a message back. I got it. Don't send me Fu Jingting's message. I don't want to know. That's all, I'll be busy first.

In the box, Lu Qi looked at Rong Shu's reply, smiled, and started typing.

After typing, he clicks send.

After sending it, he put away the phone and looked up at everyone in the box.

Seeing Fu Jingting talking happily with those big men, he pouted.

Although he hates this person, he has to admit that Fu Jingting is an extremely good person, and they are beyond their reach.

They are all of the same generation in the circle. Regardless of their family background, only by their ability, Fu Jingting is definitely the one at the top of the pyramid.

It can be said that these people, from childhood to adulthood, were all brought up by Fu Jingting's blows.

Because Fu Jingting was so good, they were often sneaked out by their elders to compare with Fu Jingting since they were young, but every time they were beaten by Fu Jingting, their bodies were utterly disfigured and lacklustre.

Therefore, these people, apart from Cheng Huai and Lin Tianchen, didn't like seeing Fu Jingting very much.

But I don't want to see it, but I also recognize Fu Jingting's excellence, and he is the same.

So six years ago, when he learned that Rong Shu was going to marry Fu Jingting, although he was uncomfortable, he didn't feel unacceptable. He loved her, but he wanted her to be happy.

Because he felt that Fu Jingting, who was better than him, was more suitable for her and more worthy of her.

But in the end, Fu Jingting was a bastard, not to mention living up to his expectations, in terms of love, he was blind, unable to tell the difference between good and bad, and bullied the baby for six years.

The more he thought about it, the more angry he became, Lu Qi couldn't help but glared at Fu Jingting.

Fu Jingting noticed it, frowned slightly, then turned to look at Lu Qi.

Lu Qi rolled his eyes at him, "What are you looking at?? "

Fu Jingting frowned more deeply, then indifferently took his eyes back and looked at the foreigner opposite, "Please continue." The

person on the other side got his signal and naturally continued the topic just now.

After about an hour, the entertainment finally ended.

Fu Jingting and these big people from abroad discussed the cooperation of the investment project. Opened red wine to celebrate.

By the time we were full, it was already night.

All these big people from abroad stayed in this hotel, so the only ones to leave were Fu Jingting and Lu Qi.

Fu Jingting ignored Zhang Lili and went straight to his feet. He walked towards the hotel door.

Lu Qi walked behind with Secretary Tong, and when he saw this scene, he clicked his tongue twice, "Fu Jingting is really indifferent to his female companion. Since he doesn't want Zhang Lili to be his female companion, why should he invite him? ? "

"I don't know. Secretary Tong shook his head and replied.

Zhang Lili bit her lower lip in embarrassment after listening to the words of the two of them. Then, carrying a delicate handbag and high heels, she quickly chased after Fu Jingting, “Mr. Fu, wait for me.” ! “

Fu Jingting didn't seem to hear it, and kept walking. He didn't stop

until he left the revolving door of the hotel, and then took out his mobile phone, ready to let Assistant Zhang drive over.

After Zhang Lili chased after him, she saw that he stopped and didn't leave. , suddenly heaved a sigh of relief, and then stood about two meters beside him, started to straighten the messy hair, planned to straighten it, go over in the best image, talk to him, let him change his mind, don't cancel the cooperation

. At this moment, a revolving door suddenly turned around. Because Zhang Lili was standing too close, the door slammed into her back.

Zhang Lili was knocked forward, and her face was full of panic

. Then, after seeing Fu Jingting in front of him, the panic on his face suddenly dissipated, replaced by excitement and anticipation.

Chapter 495 Zhang Lili's Calculation

It was an accident, she didn't take the initiative to pounce on him.

So as a man, he should catch her.

Before she came to participate in the entertainment, she wanted to be in close contact with him throughout the whole process, and for this, she made special preparations secretly.

But she didn't expect that when she was in the box, she was stupid for a while and angered him, so that she couldn't get in touch with him afterward.

But she didn't expect that God was actually on her side, directly creating a chance for her to get in touch.

Does this mean that God also supports them together, and they are a natural pair?

And the preparations she made at the beginning can also go on smoothly.

Thinking about it, Zhang Lili quickly put away the excited expression on her face, and changed back to the panic and panic just now, lest he see something, and it will fall short.

“Mr. Fu, help me!” Zhang Lili shouted directly at Fu Jingting, her voice trembling slightly, as if she was scared.

But Fu Jingting didn't hear any fear, but heard the urging in her tone.

Urge him to catch her quickly.

A look of boredom flashed in Fu Jingting's eyes, and he raised his foot to avoid it.

After Zhang Lili saw his intention, her pupils dilated slightly, and her expression showed a hint of disbelief.

She couldn't believe that he was so cold-hearted, he didn't mean to pity Xiangxiyu at all.

This...is this still a man?

But even so, Zhang Lili didn't plan to let Fu Jingting go.

She had to grab him and fall on top of him.

Otherwise, what awaits her is the cold ground.

It's strange that the prosthesis in her nose didn't fall out, and the silicone inside her chest might be crushed too.

Thinking of that situation, Zhang Lili's face immediately turned pale, and then she didn't know where the speed came from. The moment Fu Jingting avoided him, she grabbed his right arm, and then she leaned against his arms.

Click!

At the same time, a paparazzi-like man pressed the shutter button behind the bushes in the flower bed not far away, and took a picture of this scene.

Then the man looked at the photo in the camera, and his yellow teeth leaked out of a smile, so he couldn't see his eyes. Then he quickly hid the camera in his clothes and sneaked away with a hunched back.

Feeling the phone vibrating in her hand, Zhang Lili glanced in the direction of the bushes, and before Fu Jingting got angry and shook her off, she first let go of her hand, took two steps back and stood firm, a look of shock With red eyes, he kept bowing to Fu Jingting, “I'm sorry, Mr. Fu, I didn't mean it, I'm really sorry...”

Fu Jingting didn't say anything, just narrowed his eyes and stared at her coldly.

Zhang Lili felt the gaze on the top of her head, her scalp became cold and numb, and her heart contracted even more.

Mr. Fu... You don't want to hit someone, do you?

Thinking of this, Zhang Lili stood up straight, took two steps back subconsciously, and looked at the man cautiously, "Mr. Fu..."

"You go back and tell Zhang Shengguo that the cooperation does not need to go on, let him come to Fu's tomorrow to sign Breach of contract." Fu Jingting glanced at his wrinkled sleeves and said in a cold and emotionless voice.

If it wasn't for his left hand hanging, he would have taken off the jacket and threw it away now.

Disgusting.

Don't think that he didn't know it just now, he avoided it, this woman was able to catch her accurately, it was clearly intentional.

He can't do anything to a woman, but Zhang Shengguo naturally doesn't have to worry about it.

Hearing Fu Jingting saying that the cooperation was over, Zhang Lili's face turned pale.

She knew that it was useless no matter how much she pleaded to keep her now.

Because he even said the breach of contract, it means that things have not changed at all.

Again, she screwed up.

He had just interceded, maybe he could change his mind.

But when he just pulled him, he completely ruined the possibility and cut off the cooperation between the Zhang family and the Fu family. If Dad knew about it, he would definitely kill her!

Zhang Lili's body couldn't help trembling when she thought of her fierce, bandit-like father.

But soon, she thought of something again, a glint of light flashed in her eyes, and the whole person calmed down.

She looked at Fu Jingting and replied timidly, "I know Mr. Fu." Fu

Jingting ignored her, glanced at her wrinkled sleeves again, and walked towards Maybach on the side of the road with a frown.

Zhang Lili came with him when he came, but now, she didn't dare to go with him.

I am afraid that even if she follows, he will be kicked out of the car by him.

So Zhang Lili stood on the spot with self-knowledge and didn't move, watching him get in the car and leave.

After the Maybach was gone, he took out his mobile phone and made a call.

A rude middle-aged male voice came from the other end of the phone, "Lily, how was your socializing with President Fu?"

Zhang Lili suppressed her fear, bit her lower lip and replied, "Dad, I screwed up our company. In cooperation with the Fu Group, Mr. Fu asked you to go to Fu to sign a breach of contract tomorrow..."

"What?" The voice on the other end of the phone instantly rose, becoming sharp and violent, "Zhang Lili, you little hoof, how dare you The cooperation that I finally got screwed up, do you believe that I have ripped off your skin?"

Zhang Lili's face was bloodless, and she was even more afraid, but for her next purpose, she took a deep breath and forcibly held back. This fear, his voice trembled, "Dad, I know I'm wrong, but I have a way to make it up."

"What can you do?" The head man obviously didn't believe it.

Zhang Lili squeezed her palm and said, "I asked someone to take a photo of me and Mr. Fu in close contact. We can post the photo on the Internet and take the opportunity to hype. Maybe it is possible for me and Mr. Fu to be together."

Zhang Shengguo Yi Hearing this, his eyes lit up instantly, the fiery anger all over his body was instantly put away, and he changed back to the original loving father appearance, "Okay, this is a good way, Lily, you did a good job."

Zhang Lili knew He didn't care that he messed up the cooperation, and he was relieved. A heart that had been mentioned was finally put back in its original place, and the whole person gradually recovered, "Thank you Dad."

"Okay, where are you now? , hurry back to discuss how to operate."

"Okay."

Zhang Lili put down her phone, took a long breath, stepped down the steps, and walked to the side of the road.

The next day, came to the company.

As soon as I got out of the elevator, I saw a few people standing at the door of the secretary's office. Everyone was holding a mobile phone and was discussing something, which was very lively.

Rong Shu vaguely heard a few words, something like 'President Fu', 'engagement' and so on.

These words made Rong Shu feel inexplicably nervous. She stepped up to walk over and said in a stern tone, "If you don't go back to the office to work during working hours, what are you doing all around here?"

These people belong to her. A secretary, or an assistant to a secretary.

Their office is right next to hers. It is a big office, and Tong Xi is their leader.

When several people heard Song Nuan's voice, their expressions changed, and then they immediately put down their mobile phones, no longer surrounded by each other, but hurriedly lined up in a row, greeting Rongshu nervously, "Mr. Rong is good, we'll go to work now. "

After speaking, several people began to spread out and trotted towards the office.

Rong Shu saw that they were almost gone, then reached out and grabbed the last female assistant, "What were you talking about just now?"

Chapter 496 Fu Jingting wants to get engaged

When the female assistant was held back, she thought she was going to be caught and criticized. Just as she was about to be afraid, she heard Rong Shu's question and was stunned, "Ah? President Rong, don't you want to criticize me?"

Rong Shu's mouth twitched . After a while, "If I want to criticize, I will also criticize your leaders and what your assistants do." The

assistant was relieved when he heard this and smiled, "Mr. Rong, you

are so kind." Me, what were you talking about?" Rong Shu looked at her and asked again.

The assistant snorted twice, and quickly replied, "We were just saying that President Fu of the Fu Group may be engaged again."

“What?” Rong Shu’s pupils shrank slightly, and her figure froze, “Fu Jingting wants... Engaged?” The

assistant was new and didn’t know the past relationship between Rong Shu and Fu Jingting.

She just felt that it was a little strange when Rong Shu mentioned Fu Jingting, but she didn’t think much about it, she nodded and said, “Yes, it’s all said on the Internet.”

“On the Internet?”

“Yes, there was a media this morning. A message was released with a photo of Mr. Fu from the Fu Group holding a woman, and the media speculated that Mr. Fu might have a good thing soon...” The

assistant continued to speak, but Rong Shu couldn’t hear it anymore. It was Fu Jingting who was about to get engaged.

She turned around and walked towards her office affectionately and blankly.

Before the assistant could finish speaking, when she saw her leaving, she couldn’t help tilting her head, “Mr. Rong is so strange, why does it feel like you’ve lost your soul?”

Unable to understand, the assistant shrugged his shoulders and went back to his place.

Rong Shu walked into the office, came to the desk, touched the air with both hands several times, and then pulled out the chair and sat down.

After sitting down, her whole body seemed to have lost her soul, paralyzed on the chair, staring at the computer blankly, her heart was inexplicably blocked, sore, and inexplicably tingling.

Even my face felt a burning pain.

Because yesterday, she was still thinking that it was impossible for Fu Jingting to get engaged, but today reality gave her a slap in the face.

He’s still getting engaged!

As for the engagement partner...

Rong Shu squeezed the palm of his hand, then suddenly rushed to the computer, turned it on, and searched for the news that the assistant had just said.

Since it is about Fu Jingting, this news must be the headline.

Sure enough, as soon as Rong Shu turned on the computer, before clicking into the browser, the news pop-up window in the lower right corner of the computer popped up the news that Fu Jingting was getting engaged.

She hurriedly clicked in, and then saw a media called 'Entertainment Pioneer'. According to the gossip, I heard that the Fu Group and the Zhang Group were about to marry. The editor always thought it was a rumor, but I didn't expect that just now, The editor finally confirmed the authenticity of this news, not a rumor, but the truth. The Fu Group and the Zhang Group are really going to get married. Congratulations to President Fu and Miss Zhang.

Below this text is a photo.

Rong Shu opened the photo with trembling fingers and looked at Fu Jingting and a woman standing in front of the hotel door.

The woman grabbed his arm and leaned against his arms.

And he looked down at the woman slightly, and at first glance he was looking at the woman affectionately.

In short, this photo is full of ambiguous atmosphere, which makes people feel that they are two men and women in love.

Miss Zhang, Zhang Lili...

Rong Shu released the mouse, leaned back, leaned heavily on the back of the chair, and bit her lower lip with her teeth.

Sure enough, the person he wants to get engaged to is Zhang Lili.

She finally knew why he suddenly said that he let go of her, and also understood why he suddenly didn't want her to take care of him.

Because he fell in love with Zhang Lili and was about to get engaged to Zhang Lili, he naturally had to let her go, and naturally he didn't need her to take care of him.

Otherwise, how could he be worthy of Zhang Lili?

Although Rong Shu didn't think Fu Jingting did anything wrong, she felt uncomfortable and her heart was aching faintly.

Especially looking at the photos of Fu Jingting and Zhang Lili hugging each other, it is extremely dazzling.

Finally, she sat up straight and closed the page directly.

I thought it would be out of sight and out of mind.

However, after closing it, she realized that it was of no use, and instead became more and more irritable.

At this moment, the phone rang.

Rong Shu grabbed the phone, didn't look at the caller ID, and answered directly, asking in a weak voice, "Which one?"

"It's me, baby, did you see that Fu Jingting is getting engaged to Zhang Lili." Excited sound.

Rong Shu heard this again, her hand holding the phone suddenly tightened, and her voice returned a little stiffly, "I saw it."

"Are you shocked?" Lu Qi didn't hear anything from her. Unusually, looking at the computer in front of him, he said excitedly, "Baby, you don't know. During the entertainment yesterday, Fu Jingting had a bad attitude towards Zhang Lili, and as a result, he is about to get engaged today."

He clicked his tongue twice, and said, "Baby. What do you think he thinks? If you don't love Zhang Lili, why do you want to get engaged to Zhang Lili? What is the benefit of this engagement to him? The Zhang family is a poor family, so what is worth his attention? And the Fu family is so strong that they no longer need marriage. The point is, marrying someone else will only hold back the Fu family, so he..."

"Who said that the marriage was just for the benefit of the family, what if it was true love?" Rong Shu's mouth pulled out a sneering arc.

Lu Qi smiled, "True love? Don't make fun of me baby, how could Fu Jingting and Zhang Lili be true love."

"Who said it's impossible?" Rong Shu lowered her eyelids, making it hard to see the expression in her eyes, "You just said that too. Now, the Zhang family is a poor family, and there is no place worthy of the Fu family's favor and marriage. Because the Zhang family can't help the Fu family, but rely on the Fu family to survive. Fu Jingting is not a person who can do business at a loss, and he is not a person who will be persecuted by others, so he is willing to get engaged to Zhang Lili. Because what is good for the Fu family, the only reason is true love. "

Really..." The corner of Lu Qi's mouth twitched, choked, and it took a while to regain his voice, "Baby, I suddenly feel that what you said makes sense, and I can't even refute it."

"That's the truth. "

I know, but I still can't believe that Fu Jingting loves Zhang Lili. You must know that I was there yesterday. Fu Jingting looked at Zhang Lili, not to mention disgusted, so I have some doubts about this engagement, whether it is true or false. Lu Qi touched his chin and thought.

Rong Shu said blankly, "It must be true. If it is false, do you think he will not stand up and clarify?" It's almost ten o'clock now and he still doesn't move, which can only mean it's true. "

"Really. Lu nodded.

Rong Shu took a breath. "Okay, Aqi, is there anything else to say? If not, I'll hang up first. I'm a little tired and want to rest." "

She not only felt uncomfortable in her heart, but even her head started to faint.

She needs to lie down, calm down, and adjust her mentality.

By the way, I want to understand why I have such a big mood swing when I see Fu Jingting getting engaged. Lu Qi heard something was wrong in

Rong Shu's tone, and frowned slightly. He was about to ask something, but suddenly found that there was no movement on the phone.

He took the phone to him and saw that the screen had already lit up. , showing the interface of the call record, only then did I know that the call had already been hung up by her.

At the same time, the Cheng family and Cheng Huai also saw the news on the Internet, their eyes almost popped out, and immediately contacted Fu Jingting, "I'll go, Jing Ting, are you crazy, you actually want to get engaged to Zhang Lili? "

Chapter 497 The question of the old lady

"Who do you think is going to get engaged?" Fu Jingting did not go to the Fu Group today, but stayed in the large flat-floor apartment where he temporarily lived to rest.

At this moment, he was wearing a black nightgown, and was sitting on the lounge sofa on the balcony reading a financial magazine. Hearing Cheng Huai say this, the original comfort and tranquility suddenly disappeared, and his entire brows furrowed.

Cheng Huai looked at the big TV in front of him and quickly replied, "Of course it's you, you and that Zhang Lili."

"Why didn't I know I was getting engaged?" Fu Jingting's face was dark and ugly, and the air pressure around his body plummeted.

What happened to this man? Not only did he spread rumors that he was engaged, but he was also with the woman last night.

How could his eyesight be so bad!

Cheng Huai paused after listening to Fu Jingting's words, then calmed down and said, "Jingting, you mean, you didn't marry the Zhang family, it's fake to be engaged, right?"

"I never said that. , I want to marry the Zhang family, so where did the engagement come from?" Fu Jingting pursed his thin lips and asked coldly, "Where did you hear that I was getting engaged?"

"On the Internet." Cheng Huai replied, "Everything is online. It's been spread all over the place, saying that you and Zhang Lili are going to get engaged. After I saw this, I immediately called to ask you, but I didn't expect it to be fake. Damn, that media is really audacious and dares to publish news indiscriminately. ."

Hearing his chattering complaints, Fu Jingting squinted his eyes slightly, and a cold light flashed across his eyes.

It was said on the Internet that he was going to marry the Zhang family?

How did this fake news spread on the Internet?

Fu Jingting had a gloomy and handsome face, hung up Cheng Huai's phone, then got up and left the balcony and went to the study.

He turned on his computer and began searching the Internet for news about his engagement.

After this search, a large amount of relevant content suddenly jumped out. With a swipe of the mouse wheel, every news about his marriage with the Zhang family has tens of thousands of comments and reposts, and the popularity is no higher than the top of the entertainment industry. Difference.

Fu Jingting's brows were wrinkled into Sichuan characters, and his body was filled with a cold air.

He is not a person who likes high profile, so watching the discussion about himself on the Internet, he just feels bored.

But now that the heat is so high, it can no longer be suppressed immediately, so he can only endure it.

Closing his eyes slightly, Fu Jingting pressed down the irritability in his heart, then opened his eyes, temporarily regained his calm state, and clicked into a feed, and then he understood why, it was said on the Internet that he and the Zhang family were married.

Because of that photo, the angle was weird, as if he was hugging Zhang Lili, looking at Zhang Lili's photo 'gently', which was taken by the paparazzi, and then the paparazzi thought that his relationship with Zhang Lili was not easy, so he deduced that he was about to have a relationship with Zhang Lili. Zhang Lili's engagement is coming.

Thinking of this, Fu Jingting had a faint anger in his eyes. After writing down several entertainment numbers, he picked up the mobile phone next to him and prepared to call Assistant Zhang.

As a result, before the call was over, the call came in first.

It's the old lady's.

The old lady asked in a serious tone, "Jing Ting, is it true that it is said on the Internet that you and that girl from the Zhang family are getting engaged?"

Before Fu Jingting could answer, Wang Shuqin's eager voice rang again on the phone, "Jing Ting, This is fake, right? Mom told you, you must not marry the Zhang family, the Zhang family is a poor family, and you marry the Zhang family, only..."

Before she could finish her words, her voice suddenly stopped. .

Then, the old lady's voice sounded again, "Jing Ting, don't take care of your mother, tell me honestly, what is going on?"

"This is fake." Fu Jingting rubbed his temples back.

On the other end of the phone, the old lady's expression didn't change in the slightest, she still looked like a serious old lady, but the hand tightly gripped on the dragon head crutch slowly relaxed.

Obviously, she was relieved after learning that the online news was fake.

"So, you're not trying to marry the Zhang family, are you?" The old lady's tone was no longer so serious, and she softened a lot.

Fu Jingting hummed, "That's right." The

old lady finally smiled, "That's good."

She just said, how could her eldest grandson like the Zhang family girl.

Although the Zhang family is not as good as the Gu family, it is no better than the Gu family.

So if Jing Ting really married the Zhang family, she would have to wonder if there was something wrong with his brain.

Beside, Wang Shuqin, who had been eavesdropping by the old lady's mobile phone, heard that Fu Jingting did not intend to marry the Zhang family, and the whole person was relieved, patted his chest and said, "Great, fortunately it is fake. , if the Zhang family really forms an in-law relationship with our Fu family, what benefits will it bring to our Fu family?"

Hearing this, the old lady glanced at her angrily, her eyes full of disgust, "You only see Is it a good thing? Go away for me!" The

old lady slammed the pestle and crutches hard, making a noise when the ground pestle hit.

Wang Shuqin was afraid of this mother-in-law. Seeing that her mother-in-law was angry, she shrank her neck and ran away quickly.

When the old lady saw her walking away, she turned her attention back to the phone, "Since it's fake, what's the matter with the photo? What are you doing with the girl around you?"

"The photo isn't fake, but it's also It's not true, the photo was taken from a different angle, so it has that effect. In reality, it was Zhang Lili who fell and pulled me, and I didn't touch her." Fu Jingting stared at the photo coldly. said coldly.

The old lady nodded suddenly, "So that's the case, since it 's all fake, then you should clarify as soon as possible, it's not good for you to delay for a long time, and even make others think that this is the truth, don't you still want to pursue Shushu? When Shu Shu sees it, it will be even more difficult for you to succeed."

Hearing her grandmother mention Rong Shu, Fu Jingting's expression froze.

Yes, and Rong Shu.

At this time, Rong Shu must have seen the scandal on the Internet about his engagement, right?

How will she react?

Will you be unhappy?

Will it be uncomfortable?

Probably not.

She should be happy, happy that he is finally getting engaged, and finally getting rid of him, right?

“Jing Ting? Jing Ting?” Seeing that there was no voice on the other end of the phone, the old lady called out twice, “Are you still there?”

” “Well, I’m here.”

“Remember what I just said, quickly clarify, did you hear it?” The old lady emphasized it again.

Fu Jingting nodded slightly, “Okay.” “Okay

, I have nothing to do, that’s all, come to the old house in the evening, I heard Wang Shuqin say that you haven’t been back to Fu’s mansion for almost ten days and a half months. I live outside, come here tonight to get together and have a meal with my wife.” The old lady said.

Fu Jingting agreed.

When the call was over, he put the phone down from his ear, and was about to continue calling Assistant Zhang when he found that there was a message on the phone, which was sent by Fu Jinglin. When he opened it, it was a voice that lasted for more than 20 seconds.

Fu Jingting endured the thought of not wanting to hear it, and turned on the voice, Fu Jinglin’s loud, rushing voice came, “Come on, rely on, brother, brother, what’s the matter with you, why are you talking to that? Zhang Lili is engaged, don’t you love Sister Rong Shu, don’t you pursue Sister Rong Shu anymore? You won’t change your mind so soon, right? “

Chapter 498 What happened to the photo

Fu Jingtingjun’s face suddenly darkened.

Will he change his mind about Rong Shu?

how is this possible!

He has loved Rong Shu for more than ten years, but his heart has never changed.

So he never thought that he would change his mind.

Fu Jingting bowed his head and typed nothing, it was an oolong.

After sending it, Fu Jinglin quickly returned to the voice, "Oolong? Brother, what's going on?"

Fu Jingting pursed his lips, typing again is my business, don't ask so much, you can just play well , After the basketball cup is over, you will return to China immediately, I have something to explain to you.

"What is it, bro?" Fu Jinglin asked in confusion.

This time, Fu Jingting didn't reply anymore. After logging out of WeChat, he called Assistant Zhang.

"Mr. Fu." Assistant Zhang answered quickly.

Fu Jingting lightly opened his thin lips and said coldly, "You know everything about the Internet, right?"

"I know, I called you just now, but your phone is on the phone," Assistant Zhang said.

Fu Jingting hummed, "You ask the public relations department to lower the heat, and directly use Fu's official account to clarify the matter, and then check which paparazzi took the photo."

"Okay, Mr. Fu." Assistant Zhang nod.

Fu Jingting said nothing and put down the phone.

About half an hour later, the news that Fu Shi and Zhang Shi were going to get engaged gradually decreased a lot and began to be replaced by other news.

At the same time, the official account of Fu Group posted a Weibo.

Regarding the announcement by major media such as 'Entertainment Pioneer' and 'Entertainment Quack', our group's president, Mr. Fu Jingting, is about to get engaged. Our group's announcement here is untrue. Our group's president, Mr. Fu Jingting, has no plans to have any relationship with him. The meaning of this lady's engagement, so everything on the Internet is a rumor. I hope that all netizens will act evil and stop the spread of rumors. In addition, the false news released by major media such as 'Entertainment Pioneer' has been criticized by Mr. Fu Jingting, the president of our group. Caused reputation damage, so our group has initiated a notice of lawsuit against major media such as 'Entertainment Pioneer', please know.

Below this sentence are two pictures.

One is the lawyer's letter, and the other is the court's indictment effective form.

Netizens who saw these two pictures were immediately stunned, and at the same time they understood that the Fu Group is really here.

Really want to sue those media.

After all, the court's indictment has already been issued. It can be seen that the Fu Group's lawsuit with several media has been settled.

For a time, the Fu Group sued several media for spreading rumors, and it quickly spread all over the Internet.

As a result, no matter whether they are on the indictment list or not, as long as the media reported the news of Fu Jingting's engagement, they all began to delete their news.

Even some netizens who have posted comments have begun to delete comments and cancel likes, for fear that they will also join in eating melons.

Soon, there was almost no news about Fu Jingting's engagement on the Internet, and it was as clean as being swept by a broom.

However, the large-scale apology almost burst the comment area of ??the Fu Group's official website, especially the apology from the media, which was full of tears.

No way, they don't want to apologize if they can.

But they can't fight the Fu Group, which is rich and rivalry.

Tiansheng Group.

Rong Shu came out of the conference room after the meeting, and it was already time for a lunch break.

Secretary Tong behind her closed the folder and asked, "Mr. Rong, what do you want to eat, I'll order it for you."

Rong Shu rubbed her sore neck, "buy something light, I don't really want to eat anything else. "

Okay, then you can go back to the office to rest for a while. I'll deliver lunch later."
Secretary Tong took out his mobile phone and said while looking for a takeaway call.

Rong Shu nodded slightly, "Okay!"

After half an hour, the takeaway arrived.

Secretary Tong brought Rong Shu's dinner into her office.

Rong Shu broke open the chopsticks and swiped his phone while eating.

Suddenly, a message popped up on the phone, and she glanced at it, her eyes suddenly fixed.

Is Fu Jingting's engagement fake?

How can this be!

Rong Shu hurriedly sat up straight, put down the chopsticks in her hand, then held the phone with both hands, and opened the pop-up message.

After clicking in, Rong Shu saw that the media reported that the marriage between Fu Jingting and the Zhang family was a rumor, which was not true. Fu Jingting currently has no engagement partner.

Then below, there is a screenshot, which is a clarification screenshot of Fu Jingting's engagement published on the official website of Fu Group.

So, Fu Jingting and Zhang Lili did not intend to get engaged?

Realizing this, Rong Shu felt an inexplicable joy in her heart, and her heartbeat quickened.

She quickly exited this webpage and clicked on the official website of the Fu Group, wanting to confirm it again.

Finally, seeing that the Fu Group's official website did have this clarification post, and it was still on the top, she already fully believed that Fu Jingting and Zhang Lili's engagement was fake.

Just that photo... so what?

Rong Shu bit her lower lip, and in the end she didn't know what to think, but she opened Fu Jingting's WeChat and sent her doubts.

But after it was sent, she woke up suddenly, her eyes widened.

what is she doing?

Why did she ask Fu Jingting about his photo with Zhang Lili?

Who does he take pictures with, what pose does he take, and does it have anything to do with her?

So why does she care so much?

Thinking about it, the back of Rong Shu's head and ears became cold and numb, and she quickly clicked with her fingers to withdraw the news.

But after withdrawing, she did not calm down, because she did not know if Fu Jingting saw what she had just sent.

If she saw it, how would she explain it? ,

Of course, it would be better not to see it.

Rong Shu's heart was beating fast, and she couldn't stop.

She kept staring at the phone screen, wanting to see if Fu Jingting would reply.

If he replies to the message and answers about her photo, it means that he saw what she just posted, and then she has to think of a reason and how to explain why she asked him.

But if he replied that she had just posted something, it would naturally mean that he did not see it, and then she could say that she made a mistake.

The waiting process is undoubtedly long, and it is undoubtedly frustrating.

During this period, Rong Shu's eyes never left the phone. Until five minutes passed, there was still no reply from Fu Jingting, and her restless heart slowly returned to its original state.

Fu Jingting didn't reply, can it be said that his mobile phone is not on him?

If that's the case, then it's even better.

This means that he didn't see the message she sent. Even if he gets the phone later and sees that she has withdrawn the message, she doesn't have to worry about anything, just say that she sent it wrong.

On the other side, in Fu Jingting's apartment.

Fu Jingting was sitting on a chair, his slender legs were folded together, he was holding a mobile phone in his right hand, and was turning it on his knees, his eyes were dark and unclear.

He was thinking, what did Rong Shu's news just mean?

At that time, after reading the clarification post on the Internet, he was about to leave the study, but the mobile phone on the table lit up by himself. When he saw the message sent by Rong Shu, he immediately opened it and checked it.

She asked what happened to the photo of him and Zhang Lili.

At that moment, he was stunned.

He didn't know why she cared about that photo, so he came to ask him specially.

But his heart was shaken and joyful.

Because he could try to think boldly that she was unhappy that he took ambiguous and flirtatious pictures with other women, so she was jealous.

Chapter 499

Yes, jealous.

He could feel that between the lines of what Rong Shu sent at the time, there was a taste of jealousy.

The most convincing thing is that after she asked, she quickly retracted this point.

This move made her realize that she should have posted something she shouldn't have posted, and she was afraid that he would feel guilty when he saw it.

So, does this mean that she really started to care about him?

When he thought that Rong Shu might start to feel for himself, Fu Jingting was not happy. Instead, his brows were wrinkled tightly, his face was also tense, and his whole body was filled with a low breath.

Rong Shu began to care about him, and it stands to reason that he should be happy.

But it was not according to people's wishes, and she began to feel for him when he was dying.

Fu Jingting looked down at his fragile heart, and there was a hint of sadness in his eyes.

He admitted that he had gradually turned into a stagnant heart, because now that he realized that Rong Shu might have begun to have feelings for him, he regained a little vitality.

And this vitality indirectly gave him the idea of wanting to live and be with Rong Shu forever.

In the beginning, he was always in a state of drifting with the flow when he was looking for his heart, because he knew that he could not find it, that he would eventually die, and that Rong Shu had no feelings for him, so he decided to let Rong Shu go, and then he accepted death calmly.

But now, Rong Shu has feelings for him, he doesn't seem to be dead, he wants to find his heart, he wants to live!

It's just too difficult to find the heart...

At this moment, the phone rang.

Fu Jingting temporarily suppressed the turbulent emotions in his heart and answered the phone, "Speak."

"Mr. Fu, the online matter has been sorted out. In three days, our group legal department will have a court session with those media." Assistant Zhang reported.

Fu Jingting nodded slightly, "Yes."

"In addition, I also found the paparazzi who took pictures. He is not owned by any media, but he did it himself." Assistant Zhang said, pushing down his glasses.

Fu Jingting narrowed his eyes, "Which media did he sell the photos to in the beginning?"

"No, he didn't buy the photos to the media, but to Zhang Lili."

"Zhang Lili?" Fu Jingting pursed his lips, "How could it be? Sell it to her?"

"Because Zhang Lili asked the paparazzi to take the photo." Assistant Zhang said coldly, "According to what the paparazzi said, Zhang Lili found him before the entertainment, let him lurking outside the hotel, and then took a picture of you and Zhang Lili. After taking the intimate photo, he will give him 100,000 yuan, and then in

the middle of the night last night, he sent the photo to Zhang Lili, and Zhang Lili handed it over to the media, deliberately telling the media that you want to get engaged to her.”

Fu Jingting squeezed tightly . The mobile phone, as if it was about to burst, his eyes were full of anger, “So it is.”

He thought that the photo was just accidentally taken like that.

But I didn’t expect that someone had deliberately calculated it.

It’s good, the Zhang family is really good!

Assistant Zhang continued, “So Mr. Fu, I guess Zhang Lili deliberately took the opportunity to hype with you and increase the Zhang Group’s stock market. After all, you never read entertainment gossip. As long as no one tells you about the online gossip, you don’t know yourself. With Zhang Lili’s ‘marriage contract’, so naturally he will not make a clarification response. In this way, people on the Internet and in the circle will believe that you are really engaged, and Zhang’s group’s stock market will rely on Fu’s this. A big ship, as the tide rises, some cooperation will follow.”

Speaking of this, Assistant Zhang laughed angrily, “Even if you clarify in the end that you and Zhang Lili are not engaged, the Fu Zhang family does not intend to marry, either. The Zhang family’s stock market won’t rise, but the Zhang family won’t lose money. After all, you took Zhang Lili to socialize, and then the photo was taken, and the media rumored that you were engaged. Now you have clarified that you are not engaged, some people in that circle , or netizens on the Internet, will make a mockery of Zhang Lili, and then Zhang Shengguo will ask you to compensate Zhang Lili on the grounds that Zhang Lili’s reputation has been damaged.”

“I know.” Fu Jingting raised his chin, his handsome face as black as ink, “If I hadn’t asked you to investigate the truth behind it, Zhang Shengguo’s plan would have succeeded.”

“Yes.” Assistant Zhang nodded, “If we don’t Knowing that this scandal was designed by the Zhang family, you will compensate Zhang Lili, Zhang Shengguo proposed to re-cooperate, and you will agree, so the Zhang family made this move really well, no matter which way it goes, it will be a win-win in the end, but it’s a pity, The Zhang family met Mr. Fu.”

Mr. Fu knew the truth behind this, so Zhang Shengguo was doomed to fail.

But on the contrary, Mr. Fu did not know that Zhang Shengguo would succeed.

However, he felt that it was impossible for Mr. Fu to not know anything. Mr. Fu often checked everything, and he always checked the bottom line, and never returned to the superficial level.

Therefore, no matter how Zhang Shengguo goes, he will not succeed.

“The Zhang family will leave it to you to solve it, can you do it?” Fu Jingting tapped lightly on the table with his fingers.

He tapped very slowly, but his voice was particularly loud in the huge study room.

Assistant Zhang pushed his glasses and smiled, “Of course, I will give you a satisfactory answer to Mr. Fu.”

“Very good.” Fu Jingting nodded, “Also, you asked people to go to the hotel last night and copy the surveillance cameras at the door. One copy to clarify the wrong angle of the photo.”

He wanted Rong Shu to know that he and Zhang Lili did not have any intimacy.

That photo is a misunderstanding.

“Yes, Mr. Fu.” Assistant Zhang nodded and was about to hang up.

Fu Jingting suddenly thought of something, and hurriedly shouted, “Wait a minute.”

“Do you have any other orders from Mr. Fu?” Assistant Zhang put the phone back to his ear and asked.

Fu Jingting pinched the bridge of his nose, “How’s your heart finding?”

“Sorry, Mr. Fu, it’s still the same, no news.” Assistant Zhang lowered his eyelids, replied ashamedly.

Fu Jingting didn’t feel any disappointment at this result. He sighed, he knew, “Let people go to a few more countries, don’t just stare at those organ banks.”

Hearing this, Assistant Zhang’s eyes lit up and his face lit up. He also showed a pleasant smile, “Mr. Fu, do you...have the desire to survive?”

Although President Fu asked him to find the heart, President Fu never asked how the heart was looking, not even at all. Don’t worry about yourself.

Because of what he saw, Mr. Fu didn’t have a strong desire or desire to live.

It’s just that kind of mentality.

Because of this, he also felt very troubled, and wanted to persuade President Fu, but he was unable to start.

But I didn't expect that now, President Fu has taken the initiative to care about finding a heart, which makes people not too happy.

As for Assistant Zhang's question, Fu Jingting did not answer, neither admit nor deny, but just said, "Go on."

"Yes!" Assistant Zhang responded excitedly, "I will let them go to a few more countries, President Fu. Do n't worry, I will definitely find a heart for you."

Not to mention going to a few more countries, as long as President Fu is willing to live.

He sent people to run all over the world's organ banks, all hospitals.

Even primitive tribes can.

Hanging up the phone, Fu Jingting put down the phone, then stood up, poured a glass of red wine, and walked to the balcony of the study, looking outside, his eyes were deep, and he didn't know what he was thinking.

Soon, the official website of the Fu Group released the content again, this time without any text, and directly posted a video.

Netizens clicked on the video in confusion, and then understood the reason for the Fu Group's operation.

Tell people that the photo is not as intimate as they see it at all, it's a matter of perspective.

The real angle is that Zhang Lili is holding Fu Jingting, and Fu Jingting looks down at her in disgust.

Chapter 500 She Really Falls In Love

For a time, netizens laughed.

"Absolutely, it turns out that this is the real situation, and the photos are fake."

"What about those who say that the beauty of love is sweet? Come out and slap in the face!"

"Let me say, although Zhang Lili is also a wealthy daughter, but This wealthy family is about to go bankrupt, and Zhang Lili often shows off her wealth on the Internet. She acts like a nouveau riche, with no connotation at all. The president of the dignified Fu Group, the owner of the Fu family, how could he have such a bad vision and like this Kind of woman."

Looking at the comments of these netizens, Rong Shu nodded subconsciously.

Yes, she thought so too.

If Fu Jingting likes Zhang Lili, it means that Fu Jingting really has no vision.

Fortunately, his vision is still online.

Thinking, the corners of Rong Shu's mouth twitched slightly, and the last concern in her heart, the concern about that photo, gradually disappeared after watching the video just released on the Fu Group's official website.

But it's strange. Not long after she asked Fu Jingting what happened to the photo, the Fu Group released a video to clarify the misunderstanding in the photo.

Is it a coincidence?

Rong Shu pursed her red lips, and then rejected the guess.

It shouldn't be, Fu Jingting didn't see the question she posted, so it should be a coincidence.

Just as I was thinking, the phone suddenly rang.

Rong Shu collected her thoughts and tilted her head to look at the phone next to her.

Seeing that it was Lu Qi calling, she released the mouse and picked up the phone, "Aqi."

"Baby." Lu Qiyan's voice came from the phone.

Rong Shu tilted her head in confusion, "What's wrong with you?"

"It's not Fu Jingting!" Lu Qi scratched his hair irritably, "Isn't the news that he and Zhang Lili are about to get engaged before? I'm so happy, and I plan to prepare gifts. At their engagement banquet, I wish you good luck. They have been together for a long time, but before I could prepare the gift, Fu Jingting actually clarified that the news was fake, shit, it really pissed me off!"

He and Fu Jingting were also rivals in love.

As a rival in love, he naturally wanted Fu Jingting to be with other women.

Because of this, Fu Jingting can no longer pester the baby.

Although Fu Jingting said to let go of the baby, who knows if it is true?

So only when Fu Jingting is with other women can he believe that Fu Jingting is real.

But the result?

Lu Qi sneered twice in his heart.

When Rong Shu heard Lu Qi's words, she felt a little uncomfortable, her eyebrows furrowed slightly, "What's wrong with this, it's not true in the first place, so you still haven't let him clarify? It's you, you like it Are you involved in scandals?"

"Of course I don't like it, but it's different." Lu Qi scratched the back of his head and said.

Rong Shu snorted, "What's the difference?"

"Of course...it's not right, baby!" Lu Qi suddenly realized something, and his expression became serious, "Baby, I find that you seem very happy with Fu Jingting's clarification. His engagement is a rumor, not only that, you also helped him to speak, when I said Fu Jingting, you immediately refuted me, baby, you..."

"I don't care about Fu Jingting!" Before he finished speaking, Rong Shu's heart tightened, and she immediately replied to this sentence.

However, this sentence made Lu Qi's expression even more composed and his mood even heavier.

He took a deep breath and tried to make his tone sound as natural as possible, "Baby, before I said whether you cared about Fu Jingting, you immediately retorted that you didn't care, so are you trying to trick yourself?"

Rong Shu was stunned, and only then did she react. Her reaction just now was not right, and she felt like she wanted to hide it.

Realizing this, Rong Shu's pupils were trembling, and the hand holding the phone was also shaking slightly, her eyes were full of disbelief and confusion.

what happened?

Why does she want to hide it?

Rong Shu bit her lower lip, and after being silent for a while, she seemed to have an answer in her heart. The red lips moved, and she wanted to say something, but when the words came to her mouth, she couldn't say anything.

And the intuition in her heart also told her that she couldn't tell the answer in her heart.

Once she said it, her life was completely messed up.

On the other end of the phone, Lu Zhirong Shu was silent for a long time, and could no longer deceive herself and others. She didn't care about Fu Jinglin anymore.

He understood that she began to care about Fu Jingting in her heart.

Maybe, she fell in love with Fu Jingting again!

Otherwise, when she heard him say Fu Jingting, she would not immediately refute him.

Thinking of this, Lu Qi's mouth twisted into a wry smile.

Ah, he lost to Fu Jingting again.

Once again, I watched her fall in love with Fu Jingting.

"Oh...it's really useless." Lu Qi leaned back, raised one arm, covered his eyes, opened his mouth slightly, and made a painful exhalation sound.

Rong Shu frowned, "Aqi, are you talking about me?"

"No, I'm talking about myself." Lu Qi replied in a self-deprecating voice.

Isn't he useless?

He was the one who had known her the longest, the one who had been with her the longest, and the one who first fell in love with her.

It stands to reason that he should be with her anyway.

However, his cowardice and timidity that he didn't dare to express made her not know his feelings for her, and he also let him watch her fall in love with other men twice in a row.

And that man is still the same.

At this moment, Lu Qi had never hated his uselessness like he did now.

Mom is right, he is a rubbish, a rubbish who will not fight for himself, but will only hand over the one he loves !

Lu Qi laughed sarcastically, the corners of his eyes were red, and there was even a faint glow of water flickering. After a few seconds, he put down his hand on his eyes, tugged at the corner of his mouth, forced a smile, and said

in a somber voice, "Okay baby, I have something to do here, I'll hang up first."

, he put down the phone.

The fact that the person he loves falls in love with someone again makes him a little unacceptable.

So he needs to be calm and calm.

On the other side, Rong Shu looked at the phone that had been hung up, frowned tightly, and whispered, "Aqi..."

She didn't know what happened to Lu Qi, but she could feel it. Got, his mood is a little not right.

There is anger, low self-esteem, and helplessness...

In short, all kinds of flavors are mixed.

In her memory, he had always been lively, as if he had energy that would never run out.

But now his mood suddenly became extremely negative, which made her very worried.

Thinking about it, Rong Shu got up, took off the coat that was hanging on one side, put it on, and walked towards the office door.

She was going to go to Lu Qi's company to see what happened to him.

At the same time, the Zhang family.

Zhang Yaya's father and daughter looked at the photo clarification video posted on the Fu Group's official website, and their faces became guilty and pale.

"Dad, what should I do?" Zhang Lili grabbed the skirt on her leg, her voice panicking, "President Fu has not only clarified the rumors of my engagement with him, but now even the photos have been clarified, if this continues, will he find out? This is us..."

"Don't panic!" Zhang Shengguo raised his hand to interrupt her, "He probably won't find out that we planned all this, he will only think that this is a photo accidentally taken by the paparazzi, which caused this incident. After all, ordinary people don't think about the rumors, whether it was planned or not, because Fu Jingting, as a big man, is not unusual for the paparazzi to target."
