Chapter 501 Fu Jingting's Dress

Having said that, the uncertainty and apprehension in Zhang Shengguo's tone could not be concealed.

Obviously, he was also not confident that Fu Jingting hadn't found them.

He said that now, just to comfort himself.

However, at this moment, the servant suddenly hurried over, "Zhang Dong, the special help of the president of Fu's Group is here."

Hearing the words of Fu's Group, Zhang Shengguo groaned in his heart, and the muscles on his face were frantic. She also trembled, "What did you say? Who is here?"

"Dad!" Zhang Lili clenched her palms in fear.

The servant looked at Zhang Shengguo and replied, "Mr. Fu's assistant Zhang."

After confirming that he heard correctly, Zhang Shengguo's expression changed completely, he stood up suddenly, and walked around in front of the sofa with a hammer, "Why is he here? What is he here for?"

"Assistant Zhang said that he is here to seek justice for President Fu." Having said that, the servant raised his head and glanced at him cautiously, "Said that you and the eldest lady dare to plot against President Fu..."

boom!

Before the servant's words were finished, Zhang Shengguo slumped back onto the sofa.

Zhang Lili was even more frightened and trembling, "He knows, Dad, he knows!"

Zhang Shengguo opened his mouth, and after a while he forced out a trace of anger, staring at her with scarlet eyes, "I heard!"

"Then Zhang Dong, do you want to see Assistant Zhang? Is he outside the door now?" the servant asked.

Zhang Shengguo clenched his fist tightly, "See you at what? You tell him, I don't see him, and I don't know what to do with Mr. Fu, I..."

“I’m afraid it won’t do what you want, Director Zhang, I’ve already come in. Now, I wish that you don’t want to see me, Director Zhang, so you can only see me.” Assistant Zhang walked in with a bodyguard and a lawyer with a smile.

His smile landed on Zhang Shengguo’s father and daughter’s eyes, but it was like a demon urging their lives and souls, making the father and daughter sluggish.

Especially Zhang Shengguo.

He didn’t want to see Assistant Zhang, and wanted to use escape to resolve the immediate crisis.

But unexpectedly, Assistant Zhang came in without saying hello.

But his wish naturally became hot.

In the end, I don’t know what Assistant Zhang said to Zhang Shengguo’s father and daughter.

When Assistant Zhang left, the father and daughter seemed to have lost their souls, sitting on the sofa without responding for a long time.

Assistant Zhang, looking at the signed document in his hand, smiled and pushed down his glasses, as if the fox had succeeded.

An hour later, he came to Fu Jingting’s apartment.

“Mr. Fu, on the Zhang family’s side, I have solved it. Zhang Shengguo signed the document. After a while, someone will short their stock market, and then the Zhang family will disappear in the sea market.” Assistant Zhang said The document was handed to Fu Jingting.

After Fu Jingting took it, he didn’t look at it, and threw it on the coffee table, “I see.”

In fact, it stands to reason that the Zhang family’s calculations on him are not enough to pay such a painful price.

However, before Assistant Zhang went to the Zhang family to deal with the rumor incident, he accidentally discovered that the Zhang family was also involved in the turmoil of Tiancheng six years ago.

Six years ago, Zhang Shengguo, taking advantage of Tiancheng’s shaky years, made a sum of money, wanting to short Tiansheng’s last stock market and drain Tiansheng’s last blood.

But in the end, because of Zhang Shengguo's small amount of funds, he couldn't completely absorb Tiancheng's blood, so Tiancheng was able to retain a ray of life and not completely bankrupt at that time.

But Rong Hao still owed a lot of debt and finally committed suicide by jumping off the building.

Although he did not understand how Rong Hao was suddenly so vulnerable six years ago that he committed suicide because of debts, what was certain was that Zhang Shengguo also contributed to Rong Hao's suicide.

So when he brought down the Zhang family this time, it was considered a revenge for Rong Shu.

Otherwise, she wouldn't know that besides the Gu family, she has other enemies.

"One more thing, Mr. Fu." Assistant Zhang didn't care that Fu Jingting didn't read the documents.

The file was there anyway, and he could read it whenever he wanted.

"What's the matter?" Fu Jingting rubbed his eyebrows, then leaned over and poured himself a glass of water.

Assistant Zhang stood beside him and replied respectfully, "There are still two days before the 80th birthday banquet of the old lady. You ordered a dress for Miss Rong before, and now the dress is in customs, and now you have to give it to Miss Rong. Is it?"

Hearing this, Fu Jingting's drinking water paused, then raised his eyelids, apparently remembering that this was the case.

He frowned slightly, as if thinking about something.

If it were changed to today, he would definitely let someone send a gift to Rong Shu in someone else's name.

But now, he doesn't want to die, he wants to be with her.

Therefore, he naturally did not want to do it.

It's just that he had said nothing before, not only saying that he disliked her poor care, but also said that she should not appear in front of him in the future.

Then, if he sent it in his own name, she might not accept it.

Fu Jingting rubbed his brows and felt a hint of regret in his heart.

I regret that I gave up too early to find my heart, and I also regret that I broke with Rong Shu too soon.

If he had known that he would be reluctant to accept reality and die in the end, he would definitely not die.

Looking at Fu Jingting, who was exuding black aura, Assistant Zhang's glasses were reflective, and he roughly guessed what he was thinking.

He had said at the beginning that Mr. Fu should not give up so early and think about it again.

The results of it?

I didn't listen to him at all, so much so that I regret it now!

With a helpless sigh, Assistant Zhang said, "Mr. Fu, if you don't have a dress, should I send it over?"

"Huh?" Fu Jingting turned to look at him, obviously wanting to know his reason.

Assistant Zhang shrugged his shoulders lightly and said, "You no longer intend to accept the arrangement of fate, but have decided to find your heart and continue to live, so I think you definitely don't intend to continue estranged from Miss Rong now, you are thinking How to approach Miss Rong and change the relationship with Miss Rong back to the way you were in hospital, but I don't know what to do, right?"

Fu Jingting narrowed his eyes and remained silent.

Assistant Zhang knew that he was right, and said again, "Isn't this dress the best stepping stone? You can send the dress over. How about testing Miss Rong's attitude first?"

Fu Jingting listened to his words and raised his chin slightly. After hesitating, "What you said makes sense, so let's try it."

"Okay, then I'll have someone go to customs to get the dress back." Assistant Zhang said.

Fu Jingting hummed, "Go."

Assistant Zhang nodded and turned to leave.

Lu's Group.

After Rong Shu parked the car, she walked into the hall.

She seldom came here, at least not as much as Lu Qi went to Tiancheng.

Therefore, most of the people here do not know her.

So she can't go upstairs directly like Lu Qi went to Tiancheng, but go to the front desk to register.

"Hello, I want to see you, President Lu." Rong Shu said standing in front of the front desk.

The front desk took out the registration list, "Hello, Miss, please state your name and I'll make an appointment for you."

"Rong Shu." Rong Shu said her name.

The front desk moved for a while, and finally looked up at her quickly, staring at her face all the time, as if confirming something.

After a while, the front desk took back the registration list and said enthusiastically to Rong Shu, "It turned out to be Miss Rong."

"You know me?" Rong Shu was surprised.

The front desk nodded, "Mr. Lu instructed the front desk to let us all write down your name and face, Miss Rong, as long as you come, you don't need to inform him, just let you go up, but Miss Rong, I'm sorry, today, Mr. Not in the company."

"Not in the company?" Rong Shu frowned, "Where is he?"

Chapter 502 Secret Base

"I don't know about this." The front desk shook his head, "Miss Rong, you can call and ask."

A smile appeared on the corner of Rong Shu's mouth, "Okay, please."

She turned and walked outside.

Back in the car, Rong Shu took out her mobile phone and dialed Lu Qi's number.

However, what came over the phone was not Lu Qi's voice, but a cold mechanical female voice, "Hello, the number you dialed has been switched off, please call again later..."

Rong Shu frowned and turned the phone from the phone. Take it off the ear,
strange?

Is it still off?

What the hell is wrong with him?

Biting her lower lip, Rong Shu stretched out her finger, tapped the screen a few times, and made another call, this time to Mrs. Lu.

Mrs. Lu's phone was not turned off and was answered quickly.

Mrs. Lu's gentle voice came, "Shu Shu, why did you remember to call your aunt?"

Rong Shu smiled and replied, "I miss you, I want to ask you something by the way."

"What do you want to say." Lu The lady is sitting on the sofa, sipping coffee gracefully.

Rong Shu leaned back on the seat, "It's such an aunt, I want to know if Aqi is at home?"

"Aqi?" Mrs. Lu shook her head, "He's not here, at this time, he's in the company. "

He's not in the company." Rong Shu rubbed her temples and returned.

Mrs. Lu put down the coffee, "Not at the company?"

"Yes."

Mrs. Lu pondered for a while, "That should be him going out to socialize, or inspecting the factory department, Shushu, if you are looking for him, just call him and ask. Ah."

"I called, and his phone was turned off." Rong Shu said helplessly, holding her forehead.

Mrs. Lu shrugged, "Then I can't do anything about it, that child is sometimes very stubborn. He wants to hide, but no one can find him. By the way, Shushu, you can't find him, plus he Suddenly disappeared, are you having a conflict?"

Rong Shu replied blankly: "No, Aqi and I didn't have a conflict. He called me before, and we had a good conversation, but later he My mood suddenly went wrong, and that's what happened after that, so I'm also very puzzled."

"What did you guys talk about, can you tell my aunt? My aunt can help you analyze it."
Mrs. Lu suggested.

Rong Shu nodded in agreement, and then roughly explained the content of the phone call between herself and Lu Qi.

After Mrs. Lu listened, she suddenly fell into silence.

Rong Shu's heart sank, "Auntie, why didn't you speak? Did I really offend Ah Qi?"

"No." Mrs. Lu smiled, but her expression was a little helpless, "You didn't offend him, yes His own problem."

"His own problem?" Rong Shu tilted her head, becoming more and more incomprehensible, and asked, "Auntie, do you know what happened to Ah Qi?"

"Almost . . . That kid, I know that I missed it again." Madam Lu sighed, "Actually, I said at the beginning, let him show his courage, don't hide it, but he doesn't listen to it every time, it's okay now, and again There is no hope anymore, I see, he did all of this himself."

"Auntie..." Hearing Madam Lu's words, Rong Shu felt a little subtle in her heart, she vaguely guessed something, but was not sure.

Mrs. Lu said again: "Okay Shushu, don't worry about that stinky boy, let him hide, he will come back by himself after a while, I'll hang up first, I have an appointment with a few wives to go out to do Beauty, it's almost time now."

"Okay." Rong Shu nodded.

After the call, she threw the phone on the co-pilot, raised her hand and pinched the bridge of her nose.

Regardless of Aqi?

How could it be possible.

She and Lu Qi's friend of more than 20 years grew up together, and this time Lu Qi suddenly became wrong, and it seemed to have something to do with her.

So, she had to find him no matter what.

Rong Shu tapped lightly with her fingers beside her temple, thinking about where Lu Qi might go.

Missing you for a while, her eyes suddenly widened and her body suddenly sat up straight.

She thought about it.

She thought of a place where Aqi might go.

That's the park they used to go to.

She remembered that when she was eight years old, she was slapped on the face by Li Xiuzhi once, and then ran out of the house sadly, and happened to meet Lu Qi who came to the Rong family villa to play with her.

When Lu Qi learned that she had been beaten, he scolded Li Xiuzhi, and while Li Xiuzhi was in a hurry to fight back with a broom, Lu Qi grabbed her and ran out of the villa, and then took her to a park.

That park was an abandoned park and Lu Qi's secret base. There, she could talk and laugh as much as she wanted, and she couldn't hear Li Xiuzhi saying she was noisy, and she couldn't see Li Xiuzhi's disgusting eyes.

So in the end, it also became her secret base.

Every time Lu Qi called her and asked her out to play, they would meet at the secret base.

It can be said that the secret grassroots carried all the happy memories of her and Lu Qi's childhood and adolescence.

But I don't know when, she never went to their secret base again?

Counting the time, it seems like six years ago.

Since she married Fu Jingting six years ago, she has never been there again.

If it wasn't for Ah Qi's sudden disappearance this time, she might not even remember, they still have a secret base.

Taking a deep breath, Rong Shu felt a little ashamed in her heart, then put the gear on and started the car.

About forty minutes later, the car stopped at an old abandoned BC.

Rong Shu opened the door and got out of the car. She looked up at the rusted park sign with two words missing. She was slightly raised recently, and a flash of nostalgia flashed .

After six years, she finally came to this place, full of laughter and laughter.

Looking back, Rong Shu raised her feet and walked into the park.

As she walked, she looked at the environment of the park to see if it was different from the past.

Soon, Rong Shu walked to the innermost part of the park, and on an old swing, she saw the person she was looking for.

Lu Qi turned his back to her and lowered his head slightly. He grabbed the iron chains on both sides of the swing with both hands, tapped his feet on the ground back and forth, and swayed the swing.

Rong Shu walked over on high heels.

Lu Qi heard the sound of high-heeled shoes hitting the ground, his toes stopped lightly, and the swinging swing stopped immediately.

He loosened the chains on both sides and sat up straight, then turned his head slowly.

He thought that the person who came was some kind of stranger, who came in out of curiosity.

Unexpectedly, what he saw when he turned his head was Rong Shu.

Lu Qi immediately stood up from the swing, or looked at her in surprise or surprise, "Baby, why are you here?"

"Surprise?" Rong Shu asked without answering.

Lu nodded, "Of course, you haven't been here for many years. I thought you had forgotten about it, so what the hell did you think about coming here?"

he asked.

Rong Shu's red lips moved, and she said, "I couldn't find you, so I started to tell the truth about where you're going, and then I thought of this place. I didn't expect you to be here."

Lu Qi was very excited. , "So, you came here specifically to find me?"

"Yeah." Rong Shu nodded, "You suddenly hung up the phone in a bad mood. I was a little worried, so I went to your company to find you first. The front desk of your company said you weren't here, and I didn't know where to go, so I'll give it to you. You called, but your mobile phone was turned off, so I contacted my aunt again and asked if you were at home, but you were still not there, so I finally found this place."

Chapter 503 Are They Together?

Hearing that she had traveled so many places and made so many phone calls to find him, Lu Qi felt a little ashamed.

He lowered his head, squeezed the corners of his mouth and said, "I'm sorry, baby, I..."

"Tell me, what's wrong with you?" Rong Shu didn't want to hear his apology, so she raised her hand to interrupt him and asked.

Lu Qi's eyes flickered for a while, then he sat down on the swing again, with two chains hooked on his arms, and said in a low voice: "It's nothing, I just think I'm too useless, I'm obviously a man, but what I do Things didn't look like what a man should do at all, so I came out to relax."

"Is that so?" Rong Shu narrowed her eyes, obviously not believing what he said.

No wonder she didn't believe it, in fact, his answer didn't get to the point.

She just wanted to know what happened to him and how his mood suddenly became like this.

But he didn't answer her face to face, he just said it was nothing, just that it was useless.

But there was no useless reason, but he didn't say it, which gave her a headache.

At the same time, she also knew that he deliberately didn't want to say it, so she answered bewilderingly.

Sure enough, Lu Qi avoided Rong Shu's gaze and said haha, "Of course it's true..." The more he spoke, the more quietly, the more he spoke, the more guilty he became, and finally he simply lowered his head and said nothing.

Rong Shu sighed, and then sat down on another swing next to him.

The swing is clean, she has just seen it, so naturally she doesn't have to worry about getting her clothes dirty.

After sitting down, Rong Shu grabbed the iron chains on both sides, kicked with her feet, and the swing swayed.

She tilted her head slightly, leaned her head on the chain, and said softly, "This place is still the same as before, it hasn't changed."

Lu Qi chuckled, "Of course, I have been maintaining this place for the past six years, letting it stay where it is, otherwise it would have collapsed."

"Why do you do this?" Rong Shu looked at him.

Lu Qi loosened the chain, "Because this is our secret base and one of our most important treasures, of course I have to maintain it."

Hearing him say this, Rong Shu's mouth curled with shame, "You said that. That's right, but I obviously don't have the right to call it a treasure, because I almost forgot about this place."

Lu Qi raised his eyelids, "I know, you haven't been here since you and Fu Jingting got married, and I didn't listen to you. I mentioned it before, so I already guessed that you have probably forgotten it, but this is normal. This is our secret base when we were young. When we grow up, we naturally don't need a secret base, but you want to be an adult?"

He turned to look at her.

Rong Shu smiled and then asked, "Have you come here often in the past six years?"

"Almost." Lu Qi nodded, "Sometimes I'm tired, or sometimes I miss someone, so I come here."

"I miss someone? Who?" Rong Shu asked curiously.

Lu Qi looked at her and said nothing.

Rong Shu hummed suspiciously, "Why are you looking at me?"

"Nothing." Lu Qi laughed at himself, then turned his head.

Lu Qi, Lu Qi, you clearly know how sluggish she is about feelings. If you don't tell her directly, she will never know that you like her, and she won't think about it.

So you want to tell her with your eyes and let her understand her mind, it's just a fool's dream.

However, Lu Qi thought so clearly in his heart that he knew that he should tell Rong Shu directly that he liked her.

But every time the words came to his lips, he couldn't say them.

The timidity and nervousness in his heart prevented him from taking this step.

Therefore, he is destined to be a laggard and will lose to Fu Jingting.

The two spent almost half an hour in the park.

During this period, the two of them were also talking in a different way, and the atmosphere seemed a little weird, not the atmosphere they usually get along with.

This made Rong Shu feel helpless and helpless.

The sky is getting darker.

Rong Shu stood up, "It's getting late, Ah Qi, let's go back."

Lu Qi also looked up at the sky, "Okay, let's go." The

two walked out of the park and came to the parking place.

Rong Shu looked at her car and didn't see Lu Qi's, so she couldn't help asking, "Where's your car?"

"I asked the assistant to bring it, and then the assistant left, so there was no car." Lu Qi spread hands.

The corner of Rong Shu's mouth twitched, and then she said, "Take my car, take me back first, and then you can drive the car away."

"Okay, then I'll drive." Lu Qi stretched out his hand.

Rong Shu didn't rob him either, but threw the key to him.

After Lu Qi took the key, he pressed the unlock button. The car responded with a sound. The two opened the door to get in the car and drove towards Repulse Bay.

Due to some traffic jams on the road, it was already two hours after Repulse Bay.

By this time, it was almost nine o'clock.

Lu Qi parked the car on the side of the road, Rong Shu opened the door and got out of the car, waved at him, and walked towards the apartment building.

Lu Qi looked at her back, and suddenly squeezed his hand on the steering wheel, as if forbearing something.

After a few seconds, he took a deep breath, then immediately released his hand from the steering wheel, opened the door and ran towards her quickly.

He ran in a hurry and reached behind Rong Shu in three or two steps.

Rong Shu felt someone behind her, and was about to turn back when she suddenly felt that her wrist was being grabbed.

Then, grabbed her wrist and pulled it hard.

She was forcibly turned around, her body rushed forward, and finally bumped into a not too strong, but warm embrace.

It's Lu Qi!

Rong Shu didn't know why Lu Qi would act like this, and was stunned for a while, letting him hug her tightly.

It wasn't until a while later that Rong Shu was hugged so tightly by him that her arm hurt a little, then she came back to her senses and pushed him uncomfortably, "Aqi, will you let me go?"

Lu Qi As if he didn't hear it, he didn't let go of her, and still held her tightly.

Rong Shu felt his body trembling, stopped struggling, raised his downed hand, and patted his back, "Aqi, what's the matter with you?"

Lu Qi didn't speak, just buried his head in her on the shoulders.

On the side of the road, in the black Mercedes-Benz, Fu Jingting rolled down the car window and looked at the man and woman hugging each other with cold eyes, his expression extremely gloomy.

And the hand he was holding a delicate gift box was also tightly clenched, and the paper gift box was squeezed into shape, showing the restlessness and anger in his heart at the moment.

In the front seat, Assistant Zhang saw Fu Jingting's unsightly face in the rearview mirror, and felt the destructive low pressure emanating from Fu Jingting's body, and a wry smile appeared on the corner of his mouth.

Well, he really didn't expect that he and President Fu actually saw such a bloody scene.

In the afternoon, Mr. Fu finally made up his mind, determined to come to Miss Rong, and wanted to relax a little with Miss Rong.

As a result, I waited here for three or four hours, and finally waited for the person to come back, but I didn't expect to follow the landing.

They followed, but they didn't expect that Lu Qi and Miss Rong would hug each other.

This hug is not the kind of simple hug between friends that just hugs and separates.

The two held each other tightly, not separated for so long, and one buried his head and the other patted his back. No matter how you looked at it, it was a hug only between close lovers.

So, are these two together?

Thinking of this, Assistant Zhang quickly turned to look at Fu Jingting in the back seat.

Fu Jingting lowered his eyelids so that people could not see the violent storm inside.

He rolled up the car window, threw the box on his lap, threw it on the seat next to him, closed his eyes, "Drive."

"Mr. Fu, where are you driving?" Assistant Zhang asked.

Chapter 504 Seeing Gao Meiling Again

"Go back." Fu Jingting spit out two words in a cold voice.

Assistant Zhang was surprised, "Go back? We won't give Miss Rong a dress anymore?"

"Do you think she needs it now?" Fu Jingting hid half of his face in the shadows and looked out the window.

Assistant Zhang was silent.

Indeed, at this time, Miss Rong was getting intimate with Lu Qi.

It's really not suitable for him and President Fu to go there.

Assistant Zhang said nothing and started the car silently.

Along the way, Fu Jingting didn't speak, and there was a gloomy atmosphere all over his body, which made the atmosphere in the carriage look particularly depressing and heavy.

Assistant Zhang couldn't take it anymore, he pulled his tie and coughed lightly, "Mr. Fu, do you care about what Miss Rong and Mr. Lu did just now?"

Fu Jingting narrowed his eyes.

Of course he cares.

No one likes to see the woman they love hugging with another man.

Seeing that Fu Jingting didn't answer, Assistant Zhang pushed his glasses and said, "What, Mr. Fu, if Miss Rong and Mr. Lu are together, what are you going to do?"

Fu Jingting's eyes flashed blankly.

Rong Shu and Lu Qi are together, what should he do?

He hadn't thought about it yet.

If it was before today, he naturally accepted this fact, even if this fact made him extremely painful, he would accept it.

Because he didn't find the desire to survive.

He also hopes that she will live happily in the future, after all, her life is still very long.

But now that his desire to survive has come back, he naturally cannot accept Rong Shu being with someone else's man.

But if she is really with another man, he can't stop or destroy it.

In that case, she would hate him.

So, he really doesn't know what to do now.

He couldn't accept Rong Shu with others, nor could he destroy her and others.

He is now completely caught in a dilemma where he can't let go and can't make a move.

This feeling is so painful!

Seeing that Fu Jingting still didn't respond, Assistant Zhang sighed.

As Mr. Fu's special assistant, he has been by Mr. Fu's side for twelve years. It can be said that aside from the old lady, he is the one who knows Mr. Fu best.

So looking at Mr. Fu's expression, he knew what Mr. Fu was thinking.

It seems that he has to check whether Miss Rong and Lu Qi are really together.

If so, Mr. Fu is likely to give up again to survive.

If not, then of course it's a good thing.

Downstairs in Repulse Bay.

Rong Shu had been hugged by Lu Qi for a while, and people passing by looked at them from time to time.

Some people probably thought they were lovers, and when they saw them hugging each other, they said things like 'it's sweet' and 'the young couple's relationship is so good', which made Rong Shu blushed and embarrassed.

Afraid that the misunderstanding would become more and more outrageous, Rong Shu quickly pushed Lu Qi away.

Lu Qi took a step back to stabilize his body, and then looked at her with very complicated eyes.

Rong Shu tilted her head, "Aqi, what's the matter with you?"

Lu Qi opened his mouth and seemed to want to say something, but in the end he didn't say anything. He shook his head and pulled out a sullen smile. "It's okay, it's getting late, go back and rest early."

"Is it really okay?" Rong Shu obviously didn't believe him.

Today he is too strange.

Including him now, making her very uneasy.

Lu Qiqi nodded, "It's really okay, let's go back."

He waved his hand.

Seeing that he refused to speak, Rong Shu sighed helplessly, "Okay, then I'll go first, you also go back early, and tell me when you arrive."

"Well." Lu nodded.

Rong Shu picked up her bag, turned around and walked into the door of the apartment.

Lu Qi just looked at her like that, even if her figure disappeared, he still didn't leave, but took out a pack of cigarettes from his pocket, lit one, and took a deep breath.

The smoke was exhaled, and thick white smoke lifted into the air, covering half of his face, making it difficult to see the expression on his face.

He was thinking that he would confess it tonight.

Before she found out that she fell in love with Fu Jingting again, let her know everything first.

Maybe, she will see their friendship for many years and promise to be with him.

That's why he got out of the car and hugged him at that time.

But in the end, he still lost to his own uselessness.

He still didn't have the courage to confess to her.

He's afraid, if she doesn't agree to be with him and bluntly says she doesn't like him, will it mean that they will not only be unable to become lovers in the future, but will not even be able to continue their friendship?

Because he confessed, from the moment of confession, their relationship has undergone a qualitative change, it is no longer a simple friendship, and because she rejected him, she will feel guilty for him, so she avoids meeting him.

Then gradually, their friendship became farther and farther away...

He didn't want their final relationship to become like this, so at the lowest point, he didn't say anything.

After flicking the soot, Lu Qi lowered his head and sneered.

Sure enough, he is probably the most useless man in the world.

I'm afraid of this and that, and I think too much, so I can't achieve anything!

That night, whether it was Lu Qi, Rong Shu, or Fu Jingting, none of them slept well, and they all had their own thoughts.

So the next day, when Rong Shu came to Tiancheng, her mental state was not very good, she was sluggish, and she yawned constantly while sitting in the office.

Secretary Tong came in to get the materials, looked at the tiredness on her face, and couldn't help but asked with concern, "Mr. Rong, did you rest last night?"

Rong Shu picked up the coffee and smiled, "Almost. "

Then do you want to go to the lounge to rest for a while? It's not particularly busy today." Secretary Tong asked.

Rong Shu shook her head, "No, I have something to do today. I'm going to the mall to buy a dress."

"A dress?" Secretary Tong wondered, "Is Rong always going to a banquet?"

"Well, grandmother's 80th birthday is coming." Rong Shu nodded.

As soon as she said this, Secretary Tong remembered that it was Mrs. Fu's birthday.

"I've pushed my schedule in the afternoon. It's not important anyway. As for the documents, those that need my signature can be put in my office directly. If you don't need them, you can handle them." Rong Shu put down the coffee and instructed.

Secretary Tong nodded slightly, "Okay, Mr. Rong, then I'll go out first."

She picked up a stack of materials to be distributed.

Rong Shu hummed, "Go."

Secretary Tong turned around and left.

At noon, after lunch, Rong Shu left Tiansheng and went to the mall to choose a suitable dress to match the jewelry sent by her grandmother.

Just as Rong Shu was standing in front of a row of shelves, picking out a dress, a high-heeled shoe tapped behind her.

Rong Shu thought it was a guest and did not look back.

Then, the sound of the high-heeled shoes got closer and closer, and the last delicate and delicate figure stopped beside her and stretched out her arms to select the dress on the shelf.

"Rong Shu, long time no see." The figure actually spoke up, and still knew Rong Shu.

Rong Shu was stunned for a moment, and her first reaction was that the voice sounded familiar, as if she had heard it somewhere, but she couldn't remember it.

She hurriedly loosened the dress in her hand, turned her head to look, and saw the face that she knew and had some festivals on, and a hint of surprise flashed in her eyes.

However, the surprise quickly disappeared. Rong Shu straightened her expression and greeted politely and distantly, "Miss Gao, long time no see."

Gao Meiling also put down her gown, turned around, and stood face to face with her. "You're surprised to see me, aren't you?"

Chapter 505 Ye Yu has news

"It's really a bit." Rong Shu nodded, "Isn't Miss Gao supposed to be in Nanjiang? Why did she suddenly come to the sea market?"

The woman in front of her was Gao Meiling, the daughter of the Gao family in Nanjiang who had a good relationship with Gu Manyin.

In the past few months, Gu Manyin was kidnapped by Xiaochuan's people once. Both Gao Meiling and the Gu family thought she did it, so in order to vent Gu Manyin's anger, Gao Meiling used the official rights of the Gao family to get the bank to urge her. The loan made Tiansheng almost run out.

Fortunately, she used the method provided by Fu Jingting to resolve the disaster, and at the same time, the Gao family was severely investigated for interfering in the affairs of other municipalities. At the same time, Gao Meiling, as the culprit, was also called back to Nanjiang by the Gao family. never showed up again.

She thought that after this incident, the Gao family would not let Gao Meiling go out of Nanjiang again, but she didn't expect that she thought wrong.

"Haishi is where my husband's house is, why do you think I came suddenly?" Gao Meiling said with a bad expression.

Rong Shu raised her eyebrows, "I'm sorry Miss Gu, I forgot that you and Li Zhennan of the Li family are husband and wife."

She couldn't blame her.

It's true that Li Zhennan doesn't like Gao Meiling. As long as Gao Meiling is in the sea market, Li Zhennan is definitely in another city. He can't wait to stay as far away as possible. He even made a statement in the circle in public, and maybe no one would say that he and Gao Meiling are husband and wife. .

Otherwise, he will never make that person feel better, so over time, no one will say that the two are husband and wife, and then, many people start to forget that they are husband and wife.

Just like her!

Hearing Rong Shu's words, Gao Meiling's expression twisted for a moment.

Her appearance tends to be medium-sized and tall. If she has short hair and a small suit, she is definitely a proper royal sister.

However, because Li Zhennan likes coquettish women, Gao Meiling dresses up all year round and wears big waves and red lips every day.

Originally, she was not suitable for this kind of makeup, but in order to win Li Zhennan's likes, she had to dress herself inappropriately, so that she looked very ugly with a little expression.

So one can imagine how scary her distorted expression just now was.

"Thanks to you, Li Zhennan and I are divorced now." Gao Meiling squeezed her palms and said in a sad voice.

Rong Shu was surprised, "I entrusted my blessing to divorce? I'm sorry, Miss Gao, I don't quite understand what you mean. What does your divorce from Mr. Li have to do with me?"

She was not surprised that the two would divorce.

Li Zhennan is clamoring for a divorce every year.

It's just that she was curious why this woman said she was blessed.

Could it be that they divorced, or was she trying to force it?

ridiculous!

However, Gao Meiling thinks so.

She looked at Rong Shu with gloomy eyes, "Of course it has something to do with you, as long as I don't get divorced, Zhennan and I can't get divorced, it was Fu Jingting who helped Zhennan, and that's why I and Zhennan This is the end of our marriage, but after Fu Jingting and Gu Manyin canceled their engagement, they have been chasing after you, wanting to chase you back. This is a fact known to everyone in the circle, and I have dealt with you before, so Fu Jingting took action, Ruining my marriage, he is taking revenge on me for you!"

Hearing this, Rong Shu's expression froze.

The truth of the matter is actually like this!

There is actually something about Fu Jingting!

But...

Rong Shu took a deep breath, suppressed her pounding heart, and said coldly, "What evidence do you have that Fu Jingting did this to avenge me?"

"Do you still need evidence?" Gao Meiling sneered, "If it's what I said, you can ask Fu Jingting."

Rong Shu pursed her red lips, "I will."

"Then what are you asking me for?" Gao Meiling looked at her with red eyes, "Anyway, you ruined my engagement, ruined my love, and I will write down this hatred!" When

she has a chance, she will want them Taste the pain!

Looking at Gao Meiling whose face was full of hatred, Rong Shu frowned and was about to say something.

Gao Meiling suddenly calmed down and spoke again, "But there is one thing I should thank you for."

"What do you mean?" Rong Shu narrowed her eyes.

The corner of Gao Meiling's mouth pulled a happy arc, "That's Gu Manyin, you can break her down, this is something I didn't expect."

Because she vented her anger for Gu Manyin, her Gao family will be thoroughly investigated by the above, and she will be removed from the house. The number one leader of Nanjiang has been reduced to the current number five. The family hates her completely, thinking that she is a loser, a scourge, and harms the family. Every day, she treats her eyes not eyes, and her nose does not sleep with her nose. She is in the Gao family. No status at all.

She had no choice but to turn all her grievances into hatred and hated Gu Manyin.

If it wasn't for Gu Manyin, she wouldn't have lived like this. She wouldn't have gone from being a high-ranking daughter to an out-married daughter that her family didn't want to see. Now that she's divorced, she can't even enter the main house of the Gao family. live outside.

She wanted to find a chance to come to Haishi to clean up Gu Manyin and vent for herself, but she didn't expect to be one step too late.

Gu Manyin was cleaned up by Rong Shu.

That's fine, it saves her a lot of effort, she only needs to wait a while to visit Gu Manyin at the hospital where Gu Manyin is performing outside the monitor, and after laughing at it, she can deal with Rong Shu exclusively.

Rong Shu also didn't expect that Gao Meiling thanked her for breaking Gu Manyin by herself.

"Aren't you friends? You actually thank me and deal with your friends?" Rong Shu's eyes flashed with mockery.

It turned out that their friendship was nothing more than that.

Gao Meiling growled grimly: "I'm not friends with her, and I don't have any friends like her."

She treats Gu Manyin very well, and thinks she is worthy of Gu Manyin.

But I didn't expect that it was good enough to take the Gao family in.

During the time she was locked up at home, she thought about it a lot, and then she realized that Gu Manyin never regarded her as a friend, but only regarded him as a tool who could be used.

As long as Gu Manyin cried and showed an aggrieved expression, she and Meng Ke seemed to be bewitched.

I'm afraid that when she and Meng Ke came forward for Gu Manyin, Gu Manyin was still laughing at them behind their backs.

However, she had never found that Gu Manyin had such a scheming and mastery of control over people's hearts.

That's why she hated Gu Manyin so much.

Seeing Gao Meiling's gnashing of teeth, Rong Shu shrugged, "I'm not interested in whether you and Gu Manyin are friends, I just asked casually, alright, Miss Gao, my dress has been chosen. I'm sorry."

She took a black one-shoulder tube top mermaid dress from the shelf and walked towards the cashier.

Black and imperial green jewelry is the best match. The color collision of black and green is the most perfect color matching.

Gao Meiling looked at Rong Shu's back, but did not stop Rong Shu from leaving, but her eyes flickered, not knowing what she was thinking.

At the same time, the Fu Group.

Fu Jingting was approving documents when Assistant Zhang knocked on the door and came in, "Mr. Fu, the person who was staring at Li Chuan found that Li Chuan seemed to have found out a little about Ye Yu's whereabouts."

"What?" Fu Jingting suddenly stopped the pen in his hand, raised his eyes Looking at him, "Where?"

"In the port where the sun never sets, Li Chuan sent someone to go there, so I guess Ye Yu should have smuggled ashore there." Assistant Zhang replied quickly.

A glint of light flashed in Fu Jingting's eyes, "Sure enough, Li Chuan is a very skilled hacker, otherwise it would be impossible to even find Ye Yu who smuggled in."

People who smuggled in will not use their own identity documents. They all use fake documents or do not use them. They will even disguise themselves, and they will not touch any electronic equipment, for fear of being tracked by hackers.

He didn't believe that Ye Ping, who smuggled in, didn't know this. Ye Ping must know, but he was still locked by Li Chuan. One can imagine how terrible Li Chuan is.

Chapter 506 Stupid Wang Shuqin

"Yeah." Assistant Zhang couldn't help nodding with a sigh.

Li Chuan's hacking skills are indeed very high.

The Fu Group's hackers are all the world's top masters.

It's not that Mr. Fu didn't let the group's hackers find Ye Yu's whereabouts, but so far there has been no result at all. Instead, Li Chuan has found the trace.

Therefore, such a comparison shows that Li Chuan is powerful.

"Since Li Chuan has already sent someone over there, you should arrange for someone to go there too. If it's too late, they will be taken away by Li Chuan's people." Fu Jingting lowered his eyes and said softly.

If Ye Yu dares to push Rong Shu off the cliff, he must clean it up himself. No one can rob him, not even Li Chuan!

"Yes, I know about President Fu." Assistant Zhang nodded.

Fu Jingting waved his hand, "Let's go out."

“That... there’s actually something else to do.” Assistant Zhang pushed his glasses and didn’t leave.

Fu Jingting frowned slightly and looked at him, “What else do you have to do?”

“That’s it, didn’t we see Miss Rong and Mr. Lu hugging each other last night, and then suspected that they were together, so I asked someone to check. Their current discovery, found that they are not together.” Assistant Zhang said.

Then, he saw that Fu Jingting’s eyes brightened a lot, “What did you say? They are not together?”

“Yes.” Assistant Zhang nodded.

Fu Jingting’s originally cold heart melted a lot in an instant, and his expression was obviously relieved, “Since they weren’t together, then they...”

“Maybe there are other reasons, Mr. Fu, do you want to ask? Ask Miss Rong?” Assistant Zhang suggested.

Fu Jingting’s thin lips moved, “No, just pretend you don’t know.”

As long as she wasn’t with Lu Qi, he was already very happy.

“Then Mr. Fu, I’ll go down first.” Assistant Zhang said his farewell after saying what he wanted to say.

Fu Jingting nodded slightly, “Yes.”

Assistant Zhang turned around and went out.

...

Soon, two days passed, and we finally ushered in the 80th birthday banquet of Mrs. Fu.

The birthday banquet was held at the Fu family’s old house. When Rong Shu arrived, it was already eight o’clock in the evening.

She got out of the car, handed the car keys to the parking clerk, took out the invitation card from her bag, and walked towards the gate of the old house.

When he came to the gate, Rong Shu handed over the invitation.

After confirming that the invitation card was correct, the bodyguard released her.

Rong Shu raised the hem of her skirt, stepped over the high threshold, and walked towards the banquet hall.

Looking at her graceful back, the bodyguard who confirmed the invitation picked up the microphone on his waist and shouted to it, "Assistant Zhang, Miss Rong is here." On the other side, Assistant Zhang heard the bodyguard's words and responded, "I see."

Putting down the microphone, Assistant Zhang turned and walked to the front lounge, knocking on the door.

The door opened, Feng Ma smiled at him, "Assistant Zhang."

"Mother Feng, I'm looking for President Fu." Assistant Zhang said.

Feng Ma replied, "The eldest young master is talking to the old lady. Come in."

"It's troublesome." Assistant Zhang nodded and walked into the lounge.

Seeing him come in, Fu Jingting stopped talking with the old lady, took a sip from the teacup, and said lightly, "What's the matter?"

"Miss Rong is here." Assistant Zhang stopped to answer.

Fu Jingting's hands moved for a while, and he quickly returned to nature, "I see." After the

words were finished, he stood up, "Grandma, then I'll go over first."

"Wait a minute." The old lady took the cane handed by Feng Ma, stood up, and said with a smile, "Let's go together, I haven't seen Shu Shu for a long time, and I am also the old birthday star tonight, now The guests should be almost here, and I should go out and show my face."

Fu Jingting smiled warmly, "Okay, let's go over together, I'll help you." The

old lady glanced at his hanging left arm, and said in disgust, "You You better take care of yourself, really, at the age of 30, you are so careless when you go out, you can still touch your arm."

Fu Jingting looked away with some guilty conscience.

Assistant Zhang even turned his head away.

Fortunately, the old lady didn't pay much attention to them, so she didn't notice their weirdness, and was helped out of the lounge by Feng Ma.

Fu Jingting and Assistant Zhang followed behind.

in the banquet hall.

The appearance of Rong Shu still attracted the attention of many people.

After all, she is the ex-daughter-in-law of the Fu family, which is a fact known to everyone in the circle.

And now that her ex-daughter-in-law came to Fu's house to attend the banquet, naturally many people pointed and talked about it.

On the other side, Wang Shuqin was wearing a red cheongsam, her hair was braided, and holding a glass of red wine was talking to several wealthy wives.

Suddenly one of the wives pulled Wang Shuqin's sleeve, and then pouted in the direction of Rong Shu, "Hey, isn't that your ex-daughter-in-law?"

"What?" It was three words, she immediately sank, and then she looked in the direction of her nuzui, and she saw Rong Shu.

Suddenly, Wang Shuqin's face distorted, very ugly.

When the lady saw this, she couldn't help but feel happy.

Even the other wives looked at each other with sneer and joy in their eyes.

In short, they were happy when they saw Wang Shuqin eating.

Don't look at the fact that they are friends with Wang Shuqin and make appointments to do beauty shopping together, but in fact, they don't like Wang Shuqin at all, but they dislike and hate Wang Shuqin very much, and they just use Wang Shuqin as a cash machine.

Because they are both wealthy wives, and their birth is nobler than that of an ordinary commoner like Wang Shuqin.

But what made them angry was that Wang Shuqin, a vulgar woman, was married into the Fu family, and then this woman who was no match for them suddenly flew up the branches and turned into a phoenix, overwhelming them in terms of identity. , so that they had to flatter her and hold her.

But fortunately, this woman is an idiot, and it is easy to float. As long as they say a little bit of kindness, they will float to the limit, and then they will give them all the good things, and she will also give them the money to go out to eat, drink and have fun.

Otherwise, they wouldn't want to revolve around this idiot.

Wang Shuqin didn't know what the wives around her were thinking. She held the wine glass and stared at Rong Shu with gloomy eyes, trying to stare Rong Shu out a few holes.

The lady who spoke earlier rolled her eyes and deliberately angered her, "Shuqin, what is the purpose of your ex-daughter-in-law who suddenly came to the banquet? Could it be to please the old lady and then re-marry into the Fu family? Right? I heard that the old lady likes her very much, maybe she might succeed, after all, Mr. Fu has always been filial and will not ignore the old lady's words..."

Wang Shuqin was really provoked, she put down the glass heavily, her eyes reddened "She wants to re-marry into the Fu family? What a dream!"

Hearing this, the wives looked at each other again, and then quickly parted their eyes.

The lady who spoke even covered her lips and smiled smugly.

This idiot really got it.

They all know that this idiot doesn't like seeing his ex-daughter-in-law very much, and he has often discussed each other before.

So she deliberately said this to irritate this idiot, as long as this idiot takes the bait, then it will definitely be a joke.

These women who were born noble, who were wealthy daughters before they got married, and who were wealthy wives after they got married, could not compare to a woman whose appearance and conduct were far inferior to them, so how could they be reconciled.

But due to the gap in identity, they can't do anything to this idiot in a fair and honest way. They can only start from these aspects and make this woman make jokes and make jokes, otherwise they will not be able to quell the jealousy in their hearts.

Chapter 507 The Old Madam Appears

After thinking about it, the lady looked at her bright red nails, and said with a hooked lips, "If that's the case, then Shuqin, go and ask her why she's here. If it's the old lady's favor, so that she can marry President Fu again. Before the old lady comes, you can drive people out first, right?" Wang Shuqin's eyes lit up

, “Yeah, Wanrou, you reminded me.”

She kindly grabbed the lady’s hand.

Looking at Wang Shuqin’s chubby and greasy hands, the lady’s smile froze for a while, but in order not to reveal it, she took a deep breath and kept her posture, so she didn’t put her hands away.

The other wives quietly gave this wife a thumbs up, admiring her perseverance and endurance.

“Okay Shuqin, go and ask.” The lady reminded, “If you don’t go, the old lady will come out later.”

“You’re right, I’ll go right now.” Wang Shuqin let go of the lady’s hand, He got up and walked towards Rong Shu aggressively.

Seeing that she was gone, the lady quickly opened her handbag, took out a handkerchief from it, and kept wiping her hands, while wiping her, she said in disgust, “It’s disgusting, it’s disgusting!”

“Okay, what about you? Be a little bit, don’t let her find out, if she finds out that there is trouble, Mr. Fu will know that we can’t hide the matter of using her as an ATM when we usually plot against her.” Seeing this, another wife said, Quickly advised.

Hearing this, the lady immediately stopped wiping her hands, put away the handkerchief and stood up, “Then I’ll go to the bathroom to wash my hands.”

After that, she left the hall.

Over there, Rong Shu was talking to Cheng Huai.

Coincidentally, Cheng Huai came shortly after she came in, and then came to talk to her.

It just so happened that her grandmother hadn’t appeared, Aqi and Uncle Lu and Aunt Lu didn’t come, and she didn’t want to meet other people, so Cheng Huai’s arrival allowed her to find someone to talk to and relieved her boredom.

“Wang Shuqin is here.” Cheng Huai saw Wang Shuqin’s figure in the corner of his eyes, frowned, and reminded Rong Shu, “She is aggressive, so she probably has bad intentions.”

“I see.” Rong Shu shook the red wine and swept away Wang Shuqin, who came, took a sip of wine and turned back lightly, not at all afraid of Wang Shuqin’s arrival.

Wang Shuqin stopped in front of Rong Shu, her legs were slightly apart, her arms were on her waist, and her round body looked like a compass, which was extraordinarily funny.

Rong Shu couldn't help laughing when she saw that there were guests.

And Wang Shuqin didn't know anything yet, staring at Rong Shu angrily, "This is my Fu family's banquet, how did you come in? Did you sneak in?"

Humble?

Rong Shu frowned, just about to speak.

Cheng Huai opened his mouth in dissatisfaction, "Aunt Fu, isn't it right for you to say that? With the security outside so strict, who would come in? Why don't Aunt Fu demonstrate how to do it?"

"You..." Wang Shuqin looked He glanced at him, not daring to do anything to him.

After all, all his family members are officials.

Not to mention that these wealthy people in the circle are unwilling to confront the government. People like Wang Shuqin who came from a small town are even more afraid. She is naturally more afraid of officials than the wealthy people in the circle. Since she is in The Fu family has lived for more than ten years and has enjoyed the life of a master for more than ten years, but it cannot change their fear of the government.

Therefore, even if Cheng Huai's words made her feel unpleasant and unhappy, she could only hold back and put all her anger at Rong Shu, "Tell me, how did you get in? If you don't tell me, believe it or not, I will let the security guard. Get you out!"

She pointed at Rong Shu's nose.

"Of course I was invited in." Rong Shu glanced at her fingers, and said indifferently, "Otherwise, how do you think I came in?"

"Invited?" Wang Shuqin sneered, "You must be there Lie to me, how could our Fu family invite you, you have nothing to do with our Fu family."

"Why is it impossible?" Cheng Huai pressed down the hand she pointed at Rong Shu, "Don't forget Aunt Fu, Rong Shu has a very good relationship with the old lady. On the old lady's birthday, do you think you will not invite Rong Shu?"

"As soon as she came out, Wang Shuqin was stunned, and it was obvious that she realized that the old lady was really kind to Rong Shu, and it was possible to invite Rong Shu.

But...

Wang Shuqin gritted her teeth, "Even so, I don't recognize it, the old lady is confused, she used to want to match up with you and my family, but now she's definitely not giving up, inviting you over must be bewitched by you, Because you are still delusional about Jing Ting, and deliberately asked the old lady to invite you over to create opportunities for you and Jing Ting, people like you are not qualified to come to my Fu family, come on, throw her out to me!"

This As soon as the words came out, a security guard came over.

Rong Shu's face sank.

Cheng Huai's expression was also very ugly, but Rong Shu was angry and looked at Wang Shuqin sullenly, "Aunt Fu, you are too..." Before he could finish

his words, a cold voice mixed with anger came, "Stop! "

I see who dares!" At the same time, there was an old, yet dangerous voice.

The masters of these two voices were Fu Jingting and the old lady.

Seeing the two of them, Wang Shuqin's face changed and turned pale instantly, her eyes were full of guilt and anxiety, "Mom, Jing Ting, why did you guys come out so early? Mom, isn't it time for your appearance..."

" If I really wait until that time to appear, I'm afraid not a single guest will be seen, and they will all be driven away by you!" The old lady looked at her coldly.

Wang Shuqin shrank her neck, "...I didn't, how could I do that..."

"You haven't done that yet?" The old lady stomped her crutches angrily, "Aren't you going to drive Shushu away?"

"It's different, she has bad intentions." Wang Shuqin stared at Rong Shu and said.

Rong Shu ignored her, andIt was to focus on Fu Jingting's face.

I haven't seen him for a few days, and he seems to have lost weight.

And the mental state is also a little bad.

Isn't he recovering?

Why does the condition get worse the more you raise it?

Rong Shu frowned, feeling a little dissatisfied.

Feeling her gaze, Fu Jingting looked down.

Rong Shu didn't expect him to look over at this time, and was stunned for a moment, then quickly turned his head away.

She hasn't forgotten what he said, let her not appear in front of him.

But today is my grandmother's birthday, she can't avoid it, she can only appear in front of him.

But she could not meet his eyes.

As long as she doesn't look at him, she can deceive herself in her heart that she hasn't seen him.

Seeing Rong Shu avoid him, Fu Jingting's eyes darkened, and he sighed slightly in his heart.

He also knew why she avoided.

Everything is of his own making.

The subtle reactions of the two fell into Cheng Huai's eyes, and Cheng Huai's eyes flashed, not knowing what he was thinking.

"Where does Shu Shu have bad intentions?" the old lady asked angrily.

Wang Shuqin looked at Fu Jingting, "It goes without saying, of course it's because of Jing Ting, Rong Shu has a heart for Jing Ting, she is definitely not here for your mother's birthday, but for Jing Ting, she..."

"Enough It's gone!" Fu Jingting scolded with a dark face, "Mom, today is grandmother's birthday, I'm not asking you to trouble anyone, you are doing this because you have an opinion on grandmother, want to ruin grandmother's birthday banquet, and let the Fu family become everyone. Is it a joke?"

"I...I didn't..." Seeing what he said was serious, Wang Shuqin hurriedly shook her head and waved her hand to explain.

Fu Jingting squinted, "You haven't? Then turn around and see how the guests react!"

Hearing this, Wang Shuqin turned her head to look, seeing the disdainful or joking glances that those guests cast towards her, her whole body suddenly froze.

Chapter 508 Rong Shu's Nervousness

Then I reacted, what did I just do?

He actually forgot that it was the old lady's banquet, making trouble in public and making people see jokes.

Now these guests must be laughing at her brainless and not allowed to appear on the stage!

Wang Shuqin lowered her head with red face and red ears, she just felt ashamed and lost her hair.

Before she appeared on the stage, she had already said to herself in her heart that she must perform well and not cause trouble.

Because in the past, she didn't understand the rules of giants, so she made a lot of embarrassment and made people ridiculed and ridiculed.

She also knows that she has dragged down the Fu family a lot for so many years, and made the Fu family lose a lot of face, so she also wants to behave well, let these people look at her with admiration, and let these people know that she can also be a Elegant wealthy lady.

However, as soon as she saw Rong Shu, she immediately forgot about her elegance and generosity. She forgot that it was still a banquet, so she went straight to Rong Shu, so that she embarrassed the Fu family in public.

Thinking of this, Wang Shuqin wanted to slap herself, and felt extremely annoyed in her heart.

She was annoyed at why she couldn't keep her composure. When the banquet was over, or when Rong Shu was alone, she went to trouble Rong Shu

.

He started and interrupted her directly, "It's not my old woman who you should apologize to, but Shushu, who asked you to find fault with Shushu?" The

old lady's face was calm and her tone was dignified, "Apologize to Shushu!"

"Apologize? For her?" Wang Shuqin pointed at Rong Shu with an incredible look.

Rong Shu didn't want to look at her, so she turned her eyes to the side.

Cheng Huai turned the watch on his wrist, and said gracefully, "Aunt Fu, Rong Shu is not the daughter-in-law who let you discuss before, she has nothing to do with your Fu family, but your Fu family. The invited guests, as guests, were so humiliated by your host, shouldn't you apologize? Or, is this the etiquette and tutor of your Fu family?"

"Of course not." Fu Jingting lightly opened his thin lips and replied. , then looked at Rong Shu, "My Fu family doesn't have such etiquette and tutoring."

"Did you hear? Apologize!" The old lady slammed her cane hard, waiting for Wang Shuqin's order.

Wang Shuqin has always been afraid of the old lady. When she was yelled at by the old lady, her body shook violently, and then she reluctantly threw a sentence at Rong Shu, "I'm sorry!"

Rong Shu snapped her nails and said lightly, " Mrs. Fu doesn't want to apologize, so don't apologize. This kind of insincere apology, I don't know, I think someone pressed your head, or put a knife on your neck, forcing you to apologize, such an apology , Forgive me, I really don't dare to accept it, in case you have a grudge against me, and you will trouble me later."

"You..." As if she was thinking about it, Wang Shuqin's face changed, she became angry with anger, and was about to get angry at Rong Shu, she He met the cold, emotionless eyes of the old lady.

Even Fu Jingting frowned and looked at Wang Shuqin displeasely.

If Wang Shuqin was not his mother, she would have been nurturing him for many years.

He wouldn't be polite to Wang Shuqin either.

Facing the same look in the eyes of the grandparents and grandchildren, Wang Shuqin opened her mouth, and immediately died.

"Go away, shameful thing." The old lady scolded unceremoniously.

Wang Shuqin also felt extremely humiliated, and had no face to stay here. She didn't need to look now, she knew what the eyes of these people at the banquet looked at her.

She covered her face in shame and ran forward with her head down.

However, in front of her was Rong Shu.

I don't know if she was intentional or doubtful. When she passed by Rong Shu's side, she bumped into Rong Shu's shoulder.

“Ah!” Rong Shu shouted subconsciously, her body suddenly lost her center of gravity, and her high heels staggered back.

Because she retreated too quickly, the wine glass in her hand didn't hold steady, the glass tip tilted, and all the red wine inside shook out, splashing a large area of ??her chest, it was cold and very uncomfortable.

But this is not important, the important thing is that her body has completely lost her balance, and she fell towards the ground in horror.

Seeing this, the expressions of the old lady, Fu Jingting, and Cheng Huai changed.

“Shushu!” The old lady shouted anxiously.

Fu Jingting and Cheng Huai were the first to react, and at the same time stretched out their hands to pull Rong Shu.

It was Fu Jingting who finally succeeded in pulling Rong Shu, Cheng Huai was one step behind.

After Fu Jingting grabbed Rong Shu's wrist, he pulled hard.

Rong Shu's body that had fallen down was directly pulled up by him and slammed into his arms.

However, due to the force of the impact, Fu Jingting's chest hurt from being hit by her, and he couldn't help groaning, his brows furrowed, a few drops of sweat oozing from his forehead, and his feet also took two steps back. His waist hit the long dining table behind him, and he finally stabilized.

During the whole process, Fu Jingting never let go of Rong Shu, even if her chest hurts, he still hugs her tightly and doesn't let her go.

It seemed like letting go of her, she would fall down again.

Next to her, the old lady and Cheng Huai were relieved when they saw that Rong Shu was fine.

Although Cheng Huai regretted that he was one step behind Fu Jingting and did not hold Rong Shu back, he was relieved to see that Rong Shu was at peace with each other.

Cheng Huai smiled slightly, then put his hand back into his trouser pocket.

At the dining table, Fu Jingting let go of Rong Shu, looked down at her, his thin lips moved, as if he wanted to say something.

But before he could say anything, Rong Shu grabbed her arm, looked him up and down, and said eagerly, "Fu Jingting, did you hit somewhere? I just heard you snort, didn't you? Did you bump into it?"

Seeing Rong Shu's nervous and worried look towards Fu Jingting, the old lady was startled, and then her hand holding the crutches suddenly trembled with excitement, "Shu Shu..."

Cheng Huai did the same.

He was drinking, and seeing that Rong Shu was so concerned about Fu Jingting, his hand holding the wine glass shook, almost shaking out the wine inside.

Rong Shu she...

Did she treat Fu Jingting...

Cheng Huai's eyes darkened, she squeezed the glass tightly, and did not speak.

As for Fu Jingting himself, he lowered his head and stared at Rong Shu, with a gleam in his eyes that could not be ignored.

Rong Shu didn't know the three people's reactions. She was all focused on Fu Jingting, wondering if he was injured.

Seeing that Fu Jingting didn't speak, but just stared at himself, he couldn't help but feel a little dissatisfied. He pursed his lips and said, "Are you talking, where did you bump into?"

Fu Jingting was yelled at by her. She replied nicely, "I'm fine, I didn't hit anywhere."

"Really?" Rong Shu frowned, still very worried, "I just heard you clearly..."

"It's fine, I promise! Fu Jingting replied gently.

Seeing his serious expression, Rong Shu had to give up temporarily.

But at this time, Fu Jingting asked again, "How about you?" Are you OK? Rong Shu moved the

ankle that had just been twisted a little, and shook her head slightly, "I'm fine too. "

However, no matter how small her movements were, Fu Jingting could still see her.

Fu Jingting's eyes darkened, "Your feet..."

“Shushu.” Before he could finish his words, the old lady cut him off.

The old lady came to Rong Shu with a cane, and couldn't wait to ask, “Shushu, you are facing Jing..”

“Grandma!” Knowing what the old lady was going to ask, Fu Jingting's expression condensed, and he hurriedly called to stop.

Chapter 509 Fu Jingting's Dress

The old lady looked at him with some confusion, “What's wrong?”

Fu Jingting didn't answer her doubts, but just said, “Her dress is wet, I'll take her to change her dress.” The

old lady then reacted and looked at Rong Shu who was wet, and the dress that was attached to her skin nodded quickly, “Yes, yes, change your clothes first, or you will catch a cold.”

“Let's go.” Fu Jingting raised his chin to Rong Shu.

Rong Shu didn't refuse either, she hummed and followed him.

She does need a change of clothes.

The clothes on her body were clinging to her skin, cold and cold, and a little sticky, and there was a strong smell of alcohol, which made her extremely uncomfortable.

The two walked towards the lounge.

Cheng Huai didn't follow him. He stood on the spot with the wine glass in his hand, looking at them, one tall and one short, walking side by side, with a very matching back, his face was a little bad.

He is determined now.

Rong Shu, she was indeed attracted to Fu Jingting again!

It's just that she herself doesn't seem to notice.

It seems that the bet, he really won.

But he didn't mean to be happy at all.

When he came to the lounge, Fu Jingting opened the door, "Go and take a shower first, and I'll get your clothes."

"Okay, please." Rong Shu smiled politely at him.

Fu Jingting's thin lips parted lightly, "No need." After he finished speaking, he turned around and walked forward.

Rong Shu watched his figure disappear around the corner, then entered the lounge, closed the door, and went to the bathroom to take a shower, trying to wash off the smell of alcohol.

Halfway through the wash, Fu Jingting came back.

He opened the door of the lounge, and as soon as he entered, he heard the sound of water splashing in the direction of the bathroom.

Fu Jingting looked over, and through the frosted door, he could vaguely see a picture of a graceful body with a front and a back, standing under the shower.

Fu Jingting's eyes darkened, his Adam's apple moved, and then he spoke, his voice extremely low and hoarse, "Rong Shu, the clothes are here."

Rong Shu didn't know that Fu Jingting could see some shadows, and responded while using shampoo, "Okay, let it go. Let's be outside."

"Well, then I'm going out." Fu Jingting put down the gift box, then turned and walked towards the door.

He didn't look in the direction of the bathroom again.

Because just looking at it just now, he had already caught fire in his body.

He is also a normal man. The woman he loves is taking a shower with a glass door that is not solid with him. It is impossible for him to not react at all.

So if he doesn't go out and looks back, he doesn't know what he will do in the end.

Fu Jingting opened the door and went out.

About ten minutes later, Rong Shu finished taking a shower, turned off the faucet, and wrapped herself in a towel and walked out of the bathroom.

The lounge was empty. Rong Shu didn't know where Fu Jingting put his clothes, so he stood in the center of the room and turned around to check.

Finally, she saw a beautifully packaged box on the sofa.

She remembers glancing at the sofa when she came in, and the box wasn't there at the time.

So, this box is the clothes Fu Jingting gave her?

Rong Shu walked over and looked at the box more carefully.

There is no lo on the box, so I can't tell which brand it is, but she can be sure that the clothes that can be packed in this kind of box must also be dresses.

Rong Shu bent down and opened the box.

Sure enough, there is a dress inside, or a black suspender dress.

The fabric of the dress was very soft, and it was faintly glowing, as if it was a twinkling planetary belt in the Milky Way, which was very beautiful.

Rong Shu took out the dress in amazement, but found that it was exactly her size.

It was impossible for Fu Jingting to ask someone to buy a dress in such a short time.

In other words, this dress, he had prepared for her long ago?

It's just, why did he prepare a dress for her?

She didn't think that he knew that she would be hit by Wang Shuqin, so this dress...

"Ah!" Just thinking about it, Rong Shu felt cold, couldn't help sneezing, and quickly changed the dress to go out.

As soon as she opened the door, she smelled a strong smell of smoke.

Rong Shu frowned and looked to the side, only to see Fu Jingting leaning against the wall next to him, smoking a cigarette with his head down.

The smoke covered his face, making her unable to see the expression on his face and his facial features.

He seemed to be thinking about things at the moment, and he was completely motionless.

It wasn't until Rong Shu closed the door that he heard the sound of the door closing, and then he reacted, and turned to look at Rong Shu, "Okay?"

"Why are you smoking?"

"I'm thinking about something." Fu Jingting walked back and forth.

Rong Shu looked down at the cigarette butt that was still burning between his fingers, stretched out his hand and grabbed the cigarette butt directly, walked to the side and pressed it out, "You shouldn't smoke if you think about things, don't you want your body?"

Looking at her The wife complained about her husband's appearance, and Fu Jingting laughed softly.

That laughter, as if it came from the chest, was particularly seductive and pleasant.

Rong Shu's ears turned pink, "What are you laughing at?"

"It's nothing, I'm very happy." Fu Jingting looked at her with affectionate eyes.

Rong Shu was stunned for a moment, and asked, "What's so happy about it?"

Fu Jingting didn't answer. Looking at the dress on her body, a hint of surprise flashed in his eyes, "You wear this dress, it's beautiful."

This dress , which he personally selected.

At that time, the designer sent a lot of designs, and he chose this one at a glance, thinking it was very suitable for her.

Looking at it now, it really is.

Hearing Fu Jingting complimenting herself, Rong Shu lowered her head slightly and her ears turned even redder, "Also...it's okay, the main reason is that your dress is not bad. By the way, when did you prepare this dress?"

"A long time ago ." Fu Jingting replied.

Rong Shu was slightly surprised, "A long time ago? Why?"

"Because I want to give you the best." Fu Jingting said.

Rong Shu's lips trembled.

Give her the best first, so I prepare a dress for her.

But why did he let go later and let her not appear in front of him again?

Rong Shu looked at Fu Jingting's handsome face, but her face had lost a lot of weight, her eyes were slightly red, and she wanted to ask these two questions.

But in the end, she was crushed.

She lowered her head and grabbed the skirt, "After the banquet, you can send me the price of the skirt, and I'll transfer the money to you."

Hearing this, Fu Jingting's face sank instantly, and she was obviously a little angry that she had to follow everything. He was clear about everything, and he was resolutely unwilling to owe him anything.

But in the end, he suppressed the anger.

Because he knew that he had no right to be angry with her.

The reason why she did this was because of him.

It was he who pushed her away.

"Let's talk about it later. Go back first. I will introduce some important people to you, which will be good for Tiancheng's future development." Fu Jingting raised his arms towards her.

Rong Shu looked at it and put her hand up, "Thank you."

She really couldn't refuse him.

Because she needs a matchmaker to take her to make friends with those bigwigs.

If she has no one to lead her, if she goes by herself, those bigwigs will definitely ignore her.

Fu Jingting took Rong Shu back to the banquet hall, and greeted the old lady first, and then went to meet some important people.

The old lady was sitting on the sofa in the lounge area, the figure of the two of them cheerfully.

Feng Ma brought some food for her, and saw the old lady laughing from ear to ear, she also laughed, "Old lady, what are you laughing at?"

"I'm laughing at Shushu and Jingting, Ali, Did you notice that Shu Shu's attitude towards Jing Ting has changed?" The old lady pointed to Rong Shu not far away.

Chapter 510 What else did you do for her?

Feng Ma looked at her, instantly understood what she meant, and nodded with a smile, "Yes, the young lady's attitude towards the eldest young master has indeed changed, just now I saw that the young lady was very nervous, the eldest young master, for fear that the eldest young master would be injured, In this situation, isn't it the same as the young lady's attitude towards the eldest young master six years ago when she first married into our Fu family, so old lady, you want to say that the young lady may treat the eldest young master..." The

old lady took a bite of the cake, "That's right, that's what I meant. I don't know what happened between Shu Shu and Jing Ting during this time, but I can be sure that Shu Shu does have feelings for Jing Ting again."

"That's a good thing. Ah." Feng Ma clapped her hands excitedly, "It seems that the eldest young master and young lady are really going to reconcile."

"Yes, this is indeed a good thing, and it is also the best birthday present I received tonight, but I just don't know why Jing Ting didn't let me pick Ming Shu that already has feelings for him." The old lady had some hands she couldn't understand.

Feng Ma smiled, "What's the matter, you'll find out later if you ask the eldest young master?"

"That's what you said too." The old lady nodded in agreement.

Afterwards, the old lady seemed to think of something, and the smile on her face sank, replaced by a serious and cold one, "Now, Shushu and Jing Ting have signs of reconciliation, so I must not let anyone sabotage them. The woman Wang Shuqin has always been dissatisfied with Shushu. If she doesn't hold down Wang Shuqin now, when Shushu comes back, Wang Shuqin will definitely target her again."

"That's true." Feng Ma sighed, "I don't know why she doesn't like the eldest young lady so much. She has always thought that the eldest young lady is not worthy of the eldest young master, but she also doesn't think about it. In terms of birth, appearance, talent, and character, she has nothing to do with herself. Even if you don't like her, old lady, you haven't sparred with her, but she...hey..."

The old lady snorted coldly, "For the past six years, I have been soft-hearted, Shushu told me not to deal with Wang Shuqin's woman, I did not do anything to Wang Shuqin's woman for Shushu's face, which resulted in the final Shushu being sacked. Wang Shuqin bullied even worse, and then divorced the Fu family. I made a mistake once, so this time, I can't make it any more. Just a reminder."

"Yes." Feng Ma took the plate from the old lady's hand and put it aside, then helped the old lady up and left the banquet hall.

On the other hand, Fu Jingting has already brought Rong Shu to know all the big people he wants to know.

After a circle, Rong Shu received a stack of business cards, and even two big people proposed to visit Tiancheng tomorrow.

If Tiansheng's business and production model is enough to interest them, they are willing to cooperate with Tiansheng.

Although this is far from the number of candidates for cooperation expected by Rong Shu, two are enough to make her happy.

Seeing that the woman around him couldn't stop laughing, Fu Jingting asked dotingly, "Very happy?"

"Of course!" Rong Shu nodded excitedly, and the hand holding his arm couldn't help but hug him even tighter, saying excitedly "Tiansheng is finally about to usher in a new cooperation, of course I am happy, I hope to bring Tiansheng back to the heyday of the past, or even surpass it, in that case, Dad must be very happy below."

Hearing her say this, Fu Jingting's eyes flashed, and there was a trace of complexity in his eyes, "Well, your father will be happy."

"Thank you." Rong Shu took her hand out of his arm, "I'll go to the bathroom."

"Go ahead . ." Fu Jingting nodded.

Rong Shu walked in the direction of the bathroom.

When she finished using the bathroom and stood in front of the sink to wash her hands, a familiar figure appeared in the mirror.

Seeing the figure, Rong Shu quickly turned around in surprise, "Aunt Zhang?"

Aunt Zhang originally walked straight to the cubicle, and didn't look at the person in front of the washbasin. When she heard someone calling her, she stopped and turned to look, meeting Rong Shu's eyes.

At that moment, Aunt Zhang was stunned for a moment, then immediately covered her face, turned around, turned her back to Rong Shu and said in a panic, "Miss, you are mistaken, I am not Aunt Zhang."

Rong Shu hehe twice.

Got it wrong?

How could she be wrong.

When she couldn't see, she really didn't know what Aunt Zhang looked like.

But after her eyes recovered, she looked at Aunt Zhang's picture and wondered what the nanny looked like while she was out of sight.

And the face in front of her is exactly the same as the photo she was looking at, how could she admit it wrong?

Besides, doesn't Aunt Zhang's panic-stricken conscience also explain everything?

"Okay, Aunt Zhang, stop pretending, let's be honest, why are you here? The Fu family won't invite staff to take care of tonight's banquet, because the people who come tonight have no identities. It's simple. No one can guarantee that there will be no problems when recruiting externally, so tonight's staff were all trained by the Fu family at the beginning, so Aunt Zhang, you are not the nanny of the housekeeping company, right? You are Fu from the beginning. The housemaid?" Rong Shu squinted at her.

Aunt Zhang opened her mouth and seemed to want to defend herself.

But seeing Rong Shu's sharp eyes, she finally admitted her fate, nodded, and replied with a helpless smile, "Miss Rong is really smart, yes, I am indeed not from a housekeeping company, I have always been Fu. The servant of the old house, but I have always been busy in the backyard, so every time you come, Miss Rong, you have never seen me."

"That's it." Rong Shu raised her chin suddenly, and then realized something. , with his back straight, "Wait a minute, you said that you have always been a servant in the old house, then you are my nanny to take care of me, is it arranged by my grandmother? No, no, no, my grandmother should not know about my eyes, otherwise she would have You asked me, so you are Fu Jingting..."

Aunt Zhang nodded with a smile, "Just as Miss Rong thought, I was arranged by the eldest young master. The eldest young master does not worry about letting the housekeeping nanny take care of you, for fear that the nanny is not attentive, and also that Gu Yaotian and the others know that you can't see them. I'll buy into what the nanny did to you, that's why I'm here to take care of you."

Hearing this, Rong Shu couldn't express her feelings.

Some bitter, some sweet.

It's Fu Jingting again.

How much has he done for her?

Is there anything else she doesn't know besides this?

"Why didn't he say it directly." Rong Shu lowered her eyes and whispered.

Although her voice was small, Aunt Zhang still heard it and smiled, "Because the eldest young master is afraid that you will know that I am the one he arranged for the past, and will not accept it, so I hide it from you, Miss Rong, the eldest young master really loves her. You."

Rong Shu bit her lip, "If that's the case, then why did he put... put..."

She couldn't say the last word.

Aunt Zhang hummed suspiciously, "Miss Rong, what are you putting?"

"Nothing." Rong Shu waved her hand, "Thank you Aunt Zhang for telling me this, I will go back to the banquet hall first, and I will thank him. "

It's nothing, Miss Rong, go back quickly, the dance part will start soon." Aunt Zhang said.

Rong Shu nodded, "Okay."

She picked up the small handbag on the sink and walked outside the bathroom.

On the way back to the banquet hall, she walked very slowly because she could not calm down.

If she hadn't met Aunt Zhang just now, she would never have known that Fu Jingting had done such a thing for her in her life.

No, she had to find him and ask him if he had done anything for her.

If there is, she herself doesn't know how much she owes him.

If it goes on like this, she really doesn't know.
