Chapter 511 Invitation to dance

Thinking of this, Rong Shu speeded up and quickly returned to the banquet hall.

Shuttling through the crowd, Rong Shu looked around, looking for Fu Jingting's figure.

After looking around, I finally found him in the opposite corner.

But he's not alone, he's standing face to face with a woman.

Although the woman is not particularly beautiful, she is very tall and has a good temperament. She should be a young lady.

Fu Jingting and this woman should know each other very well. They were talking about something, and they even touched glasses from time to time.

Rong Shu even saw Fu Jingting smiling at the woman.

And that woman also helped him adjust the pin on his chest... For a

moment, Rong Shu stopped, and the hands on both sides were tightly clasped together. An indescribable anger and sourness came up in his heart, which made him very uncomfortable.

Cheng Huai stood behind her, looked at Fu Jingting's side, then at her trembling body, and sighed bitterly.

She really fell in love with Jing Ting again.

Otherwise, she wouldn't have seen Jing Ting standing with other women and had such a big reaction, so big that he was several meters away from her, and he could smell the jealousy emanating from her.

However, he will not give up.

She hadn't realized yet that she herself had fallen in love with Jing Ting again, so he still had a chance.

He must take advantage of her to become lovers with her after she discovers his feelings for Jing Ting.

Otherwise, it will be too late.

Thinking, Cheng Huai took a breath, suppressed the dark thoughts in his heart, walked over with a smile, and asked, "Rong Shu, what are you looking at?"

Rong Shu heard his voice and bit her lower lip, "It's nothing.

Cheng Huai pretended to follow her line of sight, "Hey, isn't that Sister Lina?" " "

Sister Lina?"

"Yes, the one who talked to Jing Ting." Cheng Huai nodded back.

Rong Shu's eyelids drooped, "Sister Lina and Fu Jingting you said..." Seemingly

realizing that her reaction was a bit wrong, she hurriedly shook her head and waved her hand, "No, I mean, I don't seem to have seen her in the circle, I've never heard of her, but if she can get along with Fu Jingting so naturally, her identity must not be simple, right?"

Of course Cheng Huai knew that what Rong Shu really wanted to ask was the relationship between Sister Lina and Fu Jingting.

But since she didn't pick it out, he also pretended not to hear it.

"That's not true. Sister Lina's family is only a third-rate family, and it's not in the sea market, so it's normal that you haven't heard of it, but her family has a good relationship with the Fu family, and Sister Lina's relationship with Fu Jingting is also very good. Cheng Huai looked at Rong Shu out of the corner of the eye and said.

"The relationship is good..." Hearing these four words, Rong Shu's heart became even more blocked.

She looked at the two words that were still joking in the far corner, twitched the corner of her mouth and forced a smile, "I can see that his attitude towards this sister Lina is different from that of other women, he will be patient. When I listen to her, I will laugh at her, so I can see that their relationship is not ordinary."

Seeing her forced smile, Cheng Huai knew that she had thought too much about the relationship between Jing Ting and Sister Lina, and a trace of guilt flashed in her heart.

But soon, the guilt dissipated.

He raised his head and took a sip of red wine, and didn't feel that he deliberately didn't make it clear what was wrong with the relationship between Jing Ting and Sister Lina.

People are selfish, and so is he.

In order to get the person you love, it is really normal to play some scheming.

“By the way, Rong Shu, the dance is about to start. I don’t have a dance partner yet, so can I invite you to be my dance partner and dance with me for the first time?” Cheng Huai looked at Rong Shu and asked sincerely.

Rong Shu’s first reaction was to refuse.

However, before she could say her refusal, she saw Fu Jingting and Sister Lina hugging in the distance.

Rong Shu’s pupils shrank immediately, anger surged up in her heart, and her two palms squeezed even tighter.

“Okay!” She nodded and agreed to Cheng Huai.

How could Cheng Huai not know that she agreed to be his dance partner because she was stimulated by Jing Ting and Sister Lina.

But so what?

At least, when she was his dance partner, it was real.

Cheng Huai smiled and made an elegant dance invitation, “Then, beautiful lady, please.”

Rong Shu glanced at the two who had not separated, her eyes darkened, and she took a deep breath and lifted the skirts on both sides. Swinging, after making a gesture of accepting the invitation, he put his hand on Cheng Huai’s.

Cheng Huai looked at her hand with a bright smile on her face, then closed her palm, squeezed her hand gently, and led her to the dance floor vacated in front of her.

As soon as the two left, Fu Jingting tilted his head over there, and saw the back of the two holding hands, and his face changed suddenly.

Rong Shu and Cheng Huai...

They put their hands together and walked to the dancing venue. Are they going to dance?

Realizing this, Fu Jingting immediately clenched the wine glass in his hand.

Using too much force, the hands are shaking slightly, causing the red wine in the glass to sway.

And the low pressure emanating from his body made people feel even more terrifying.

Sister Lina felt his mood change, the smile on her face faded, and she asked with concern, "Cousin, what's the matter with you?"

Fu Jingting didn't say anything, just He stared gloomily at the two people who were already standing on the dance floor, waiting for the music to play.

Sister Lina followed his line of sight, and when she saw the two people in their dancing poses, she instantly understood something, covered her lips and smiled, "That's the girl you love?"

Fu Jingting pursed his lips noncommittally. lip.

Sister Lina shook her glass, "You're true, you knew you would fall in love now, why did you divorce him in the first place?"

"Cousin, you don't understand." Fu Jingting lowered his eyes and replied quietly.

Sister Lina shrugged, "Okay, I don't understand, but now the girl you love wants to dance with Xiaohuai, so you just do it and watch?"

As a cousin, she naturally stood by Jing Ting of.

Since she was Jing Ting's love, she certainly hoped that Jing Ting would do something to snatch someone over.

Fu Jingting pursed his thin lips and did not speak.

After a few seconds, he suddenly took a sip of wine, then put the wine glass on the tray of the passing waiter, looked at Sister Lina and said, "Cousin, dance with me."

"Dancing?" Sister Lina looked at his hanging left arm and raised her eyebrows, "Cousin, it's not that I despise you, your arm..."

"Okay, let's go." Fu Jingting stretched out his right hand to her.

Sister Lina sighed helplessly, "Okay, since you sincerely invite me, I'll dance with you."

After that, she put down her glass and put her hand on hers.

Fu Jingting squeezed her fingers and led her to the dance floor.

At this moment, many couples of men and women who want to dance have come one after another on the dance floor, all standing and posing, just waiting for the music to play.

The positions of Rong Shu and Cheng Huai are the innermost.

Looking at the men and women who were about to dance, she regretted that she had agreed to dance with Cheng Huai on the spur of the moment.

But now it's too late even if you regret it, you have already agreed, and you can't go back.

Otherwise, if she goes back on it, he will be laughed at by others, and she is sorry for him.

Therefore, she could only bite the bullet and finish dancing with him.

Just thinking about it, someone came next, accompanied by a fresh mint fragrance.

The fragrance made Rong Shu's expression instantly congeal and turned to look.

I saw that Fu Jingting and that sister Lina also came to dance, and the designated location happened to be right next to her and Cheng Huai.

Rong Shu bit her lip, feeling a little uncomfortable.

why?

They dance if they want, why do they have to stand so close to her?

Chapter 512

When she stood close, she would see them all the time, and then...

Rong Shu lowered her head, obviously in a bad mood.

Cheng Huai felt it, and when he looked at Fu Jingting and Sister Lina again, he naturally knew why she was in a bad mood.

Also, she fell in love with Fu Jingting again, how could she feel better when she saw Fu Jingting dancing with other women and she was still in front of her.

Sighing secretly, Cheng Huai greeted Fu Jingting and Sister Lina with a smile, "Jing Ting, Sister Lina, you guys have come to dance too."

"Yes, dance with someone." Sister Lina took a photo Pat Fu Jingting on the shoulder.

Fu Jingting glanced at her, motioned her not to shoot randomly, and then set his eyes on Rong Shu.

Rong Shu naturally felt that someone was watching her, but she didn't know who it was.

She didn't look up, nor did she want to look up.

Because she knew in her heart that seeing Fu Jingting and that sister Lina would only make her mood worse.

Seeing that Rong Shu was ignoring herself, Fu Jingting pursed his thin lips, and his breath became even lower.

Sister Lina rolled her eyes, then covered her lips with a smile, and deliberately asked, "Xiao Huai, which daughter is your dance partner?"

"..." Cheng Huai didn't know how to answer.

If it was from the Rong family, Sister Lina must have immediately guessed that Rong Shu was Jing Ting's ex-wife.

Jing Ting's ex-wife dances with Jing Ting's friends, which is very strange.

Rong Shu noticed Cheng Huai's embarrassment, and this sister Lina had already asked her, whether it was out of politeness or out of relief for Cheng Huai.

Rong Shu knew that she couldn't pretend to be silent any longer, pretending that she couldn't see anything.

She took a slight breath, then raised her head, her eyes skipped directly over Fu Jingting, and fixed on Sister Lina's face, "Hello, my name is Rong Shu."

"Your name is Rong Shu, isn't that..." Sister Lina looked at Fu Jingting in mock surprise.

Rong Shu hummed, "Yes, I'm the ex-wife of the gentleman next to you, but don't worry, Miss, I have nothing to do with President Fu anymore."

Hearing this, Fu Jingting frowned.

What does she mean by that?

Did you misunderstand something?

Sister Lina was stunned for a while, then she reacted and giggled, "Miss Rong, you are so funny, Jing Ting and I are not you..."

"Sister Lina." Cheng Huai, who felt the crisis, immediately interrupted, "Sister Lina, Jing Ting, the music is coming soon, so let's put aside the greetings for now. There are a lot

of people here, so Rong Shu and I will give you our place. Let's go over there, otherwise we will jump and bump for a while, and it will be easy to bump into each other."

After that, he pulled Rong Shu to the other side.

Sister Lina looked at their figures and touched her chin, "Jing Ting, Xiao Huai deliberately interrupted me, he doesn't seem to want your ex-wife to know what our relationship is."

"I know." Fu Jingting nodded, "Because He likes Rong Shu."

Cheng Huai must have noticed that Rong Shu has feelings for him again now.

So I want Rong Shu to keep misunderstanding his relationship with his cousin.

Because only in this way, Rong Shu will stay away from him.

I really can't see that Cheng Huai will play this kind of scheming now.

Fu Jingting looked at Cheng Huai, his eyes narrowed dangerously.

"What? He likes Rong Shu?" Sister Lina was shocked by Fu Jingting's words, "He... how can he like Rong Shu, he is your friend, doesn't he know..."

"It's okay." Fu Jingting opened his thin lips and said coldly, "He likes Rong Shu, and I can't let him be with Rong Shu."

Rong Shu can only be his!

"Then what are you going to do?" Sister Lina asked curiously.

Fu Jingting did not answer directly, but reminded, "Cousin, the music is coming." The

waltz music sounded, and the men and women on the dance floor moved, dancing gracefully, tiptoeing, turning in circles, advancing, and retreating.

The dance of the waltz is not as enthusiastic and unrestrained as other ballroom dances. It is a soft and elegant dance, and every movement is very ornamental.

Although Rong Shu was dancing with Cheng Huai, her mind and attention were not on Cheng Huai, but went to Fu Jingting's side.

Looking at Fu Jingting and that sister Lina, she felt sour.

Only one hand can be used, and she has to dance with that sister Lina.

It is conceivable that the position of that sister Lina in his heart.

Cheng Huai naturally noticed Rong Shu's gaze, his eyes sank, and the hand on her waist couldn't help tightening, wrapping her body in front of him.

Rong Shu didn't expect him to do this, and almost crashed into his arms.

"What are you doing?" Rong Shu looked up at Cheng Huai, her brows slightly wrinkled, obviously unhappy.

Cheng Huai replied with a smile, "Rong Shu, you are my dance partner, but you keep paying attention to what's going on with others. At least you have to respect me."

Rong Shu heard what he said, and realized that something was wrong with her. , lowered his eyes, "Sorry, I..."

"Okay, don't talk about it, turn." Cheng Huai released the hand that was on her waist and raised his right hand.

Along with the other dancing women, Rong Shu followed the hand held by the dance partner and turned around in place.

After the turn, Cheng Huai put his hand back on Rong Shu's waist, the two faced each other again, and continued to jump.

On the other side, Fu Jingting looked at Cheng Huai and Rong Shu, narrowed his eyes, and then whispered to Sister Lina, "Cousin, do me a favor when the big spin is on."

"What are you busy with?" Sister Lina looked at him.

Fu Jingting pursed his lips and said, "I'm going to grab Rong Shu back while it's spinning."

Sister Lina instantly understood what he meant, and giggled, "It sounds quite romantic, okay, my sister will help you with this. That's it."

"Thank you." After Fu Jingting said his thanks, he stopped, then took Sister Lina's hand and walked towards Rong Shu and Cheng Huai.

When they came to a position not far from the two, Fu Jingting and Sister Lina posed again and jumped up.

Since Fu Jingting and Sister Lina were behind Rong Shu and Rong Shu turned her back to them, she naturally didn't find them coming.

Cheng Huai, who was facing them, found it, and the corners of his eyes jumped.

Jing Ting did it on purpose.

Came here on purpose.

Moreover, seeing Sister Lina's excited look, she seems to want to do something.

Cheng Huai had a bad premonition in his heart, and after frowning, he decided to bring Rong Shu to change positions and stay away from them.

As a result, before Cheng Huai could implement it, the rhythm of the music changed. It was no longer so soft and became more exciting.

This is also the climax and tide of the waltz, as well as the climax and tide of the dance.

The dancing men and women should be completely separated, the man should rotate the woman out, about two meters away, and then the woman will perform two fast-paced big rotations, and then come back and re-fit with the man.

So this part is also the most ornamental part of the waltz.

Cheng Huai had no choice but to temporarily dispel the idea of ??taking Rong Shu to change positions, and planned to wait for Rong Shu to rotate back before taking her to change positions.

But what he didn't expect was that when Cheng Huai gently pushed Rong Shu out, Sister Lina spun in front of him.

But Fu Jingting appeared in front of Rong Shu.

Fu Jingting grabbed Rong Shu's hand, and in Rong Shu's surprised eyes, took her back to the position where she danced with Sister Lina at the beginning.

"Rong..." Seeing this, Cheng Huai became anxious and was about to chase after him.

Sister Lina smiled and hugged his shoulders, "Xiao Huai, my cousin took your dance partner away, I'm really sorry, but it doesn't matter, sister, I'll give myself to you, so the next dance, we two Let's make do with it."

Cheng Huai's mouth twitched and twitched.

Who is going to dance with you?

"Sister Lina, did you and Fu Jingting do it on purpose?" Cheng Huai looked at Sister Lina with a bad face and asked.

Chapter 513 She is a cousin

Sister Lina turned around on his hand, put her hand back on his shoulder, pretended not to understand and asked, "Xiaohuai, what are you referring to?"

"Sister Lina, we don't need to pretend that it is now. Confused, you and Fu Jingting came over on purpose and danced beside me and Rong Shu, so that we could exchange with Rong Shu during the big spin, right?" Cheng Huai looked down at her and said with a bad expression.

Sister Lina smiled with red lips raised, "Alala, I really can't hide it from you, I can't help it. Who made Jing Ting my cousin, the girl he likes, I naturally want to help him."

"Even so, it would be too immoral to steal someone from someone else." Cheng Huai pushed her away and stopped dancing.

Sister Lina took two steps back before she stood up, not angry, she fluttered her long hair and chuckled, "I don't think it's immoral, you and Rong Shu are not together, so this can only be called competition. , it's just that you are missing a helper, so it seems a little unfair, and Xiaohuai, you should see that Jing Ting and Rong Shu are in love, otherwise do you think that Rong Shu and I can really exchange so easily? "

If Rong Shu has no feelings for Jing Ting, even if Jing Ting pulls Rong Shu over, Rong Shu will never go with Jing Ting, and I'm afraid he will slap Jing Ting over.

But Rong Shu didn't. Instead, Jing Ting followed him.

What does this mean? Rong Shu also wants to follow Jing Ting.

What Sister Lina can think of, Cheng Huai can also think of naturally.

He turned his head slightly to look at the two people who were already dancing not far away, his fists clenched, and his heart was full of unwillingness, "Of course I know that they are in love, but..."

"Since they are in love, wouldn't it be good for them? Sister Lina interrupted him, "I know you like Rong Shu, but Rong Shu doesn't like you, so why are you so persistent? In the end, when you get hurt, you still have to watch Jing Ting and Rong Shu together, so Letting go is your only correct choice."

Cheng Huai lowered his head.

He didn't know she was right.

But he is not reconciled.

Although he is famous, he has never fallen in love with anyone.

This is the first time he has been tempted by someone, how could he be willing to let go as soon as he is tempted?

Seeing that Cheng Huai didn't speak, Sister Lina stepped forward and took his arm, "Okay, okay, what are you talking about for a while, Xiaohuai, let's continue dancing, there's one more section to end."

"No, I'm not in the mood, Sister Lina, dance by yourself." Cheng Huai shook off her hand, turned around and walked out of the dance floor, and walked straight to the exit of the banquet hall.

Sister Lina looked at his back and stuck out her tongue, "Alala, I really want to hurt a pure young boy's heart, Jing Ting, your cousin, I have sinned for you."

She looked at Dancing The men and women whispered.

Over there, Rong Shu had already recovered from the shock brought by Fu Jingting. She slapped her hand, trying to pull her hand away from herself.

But Fu Jingting's hand was like a screw, and no matter how much she pulled it, she couldn't pull it out.

However, he was very skillful in his grasping, and he grasped it tightly without causing her pain.

"Fu Jingting, let go!" Rong Shu frowned and shouted in a low voice.

Fu Jingting looked at her, "Don't move, I'm not in good shape yet, and I only have one hand to use. You move too much, what if I bump into someone's arm and re-displace it?"

"That's what you deserve, Who asked you to dance with one arm hanging before you were healthy?" Rong Shu kicked him angrily.

Fu Jingting's eyes sank, "No way, suddenly I want to dance."

How could he accept seeing her dancing with Cheng Huai.

But he couldn't go straight to the dance floor and separate her from Cheng Huai, that would ruin his grandmother's birthday banquet.

Therefore, he could only get off the dance floor in person and use the dance session to steal her from Cheng Huai in a clever way without causing a sensation.

But Rong Shu didn't know, she heard Fu Jingting say that she suddenly wanted to dance.

The first reaction was that he came to the dance floor because he suddenly wanted to dance with that sister Lina, and a surge of anger surged in his heart, and he said with a calm face, "Since Mr. Fu wants to dance, then bring me here. What are you doing, why don't you let me go and find that sister Lina?"

Fu Jingting raised his eyebrows, "Are you jealous?"

"Ha?" With a guilty conscience, she raised her voice and retorted, "What nonsense are you talking about, who is jealous? How could I be jealous!"

She didn't love him, so why was she jealous?

Yes, that's right, that's it!

Rong Shu bit her lip and nodded.

Fu Jingting looked at her and smiled softly, "Yes, yes, you are not jealous, but I don't need to go to Sister Lina."

"Why?" Rong Shu didn't understand.

Fu Jingting lightly opened his thin lips, his face was not red or heartbeat, and he panicked, "Cousin, she wants to dance with Cheng Huai."

"Wait a minute, what did you just say? Cousin?" Rong Shu looked up at him in surprise.

If she heard it right, he should be the cousin who called him?

Fu Jingting nodded, "Well, Sister Lina is my cousin, her full name is Zhong Lina, her mother and my mother are cousins, so she is my cousin."

Cousin... actually a cousin!

Sister Lina is his cousin, not a woman he likes.

So she had misunderstood him before...

Thinking of this, Rong Shu pursed her red lips tightly, lowered her head slightly, her face flushed red, and at the same time she was embarrassed and embarrassed, there was also some faint secret joy.

Although she didn't know what she was secretly happy about, she could clearly feel that her whole person was relaxed.

It was as if there was a big stone in my heart, However, it was as if it was removed, and it was instantly at ease.

Looking at Rong Shu's slightly raised mouth, Fu Jingting's eyes were gentle as if drowning in water.

If it wasn't for him knowing that the time was not yet, he really, really wanted to hold her in his arms.

Bear with it.

Be patient for a while.

Fu Jingting told himself so in his heart.

After a while, the end of the music also means the end of the dance.

Rong Shu and Fu Jingting stood side by side, holding hands and making a curtain call to the surrounding guests who were not dancing and were in the audience.

The guests applauded.

In the applause, Rong Shu straightened up and took her hand back from Fu Jingting's.

Fu Jingting looked at his empty hand, and a trace of regret flashed in his eyes, which was fleeting.

At this time, the old lady was supported by Feng Ma and reappeared, and walked towards the high platform, she should be talking or something.

Fu Jingting turned his head to Rong Shu and said, "Grandma wants to give a speech. I'll go over there. You go to the rest area to sit and eat first."

Rong Shu hummed, "Okay."

Fu Jingting raised his feet and walked towards the old lady.

Rong Shu turned around and went to the rest area.

She hadn't danced for a long time, and she still danced all of it, so this time, she also felt a little tired and weak.

When they came to the rest area, Rong Shu took a glass of juice and sat down on the sofa. While drinking small sips, she looked in the direction of the high platform and listened to the old lady and Fu Jingting talking.

Suddenly, she thought of something, and the whole person was stunned with a cup in her hand.

What about Cheng Huai?

It seems that after she was taken away by Fu Jingting, she didn't see Cheng Huai.

Rong Shu quickly put down the juice and stood up, looking left and right, looking for Cheng Huai's figure.

However, after a circle, she didn't see Cheng Huai, and she couldn't help feeling a little guilty and ashamed.

Chapter 514 I'm Waiting For Her

After all, she was Cheng Huai's dance partner and accepted his invitation.

But in the end, she followed Fu Jingting and left him behind.

Although he also has Sister Lina as his dance partner, he will not be alone in an embarrassing situation.

But no matter what, she followed Fu Jingting and broke her promise to Cheng Huai.

So she, I'm sorry Cheng Huai.

Thinking about it, Rong Shu rubbed her temples, then opened her handbag, took out her mobile phone, and dug out Cheng Huai's phone and called.

In a few seconds, Cheng Huai answered the call. He said in a low, uninterested voice, "Rong Shu."

"Cheng Huai, where are you?" Rong Shu asked.

Cheng Huai was silent for two seconds before replying, "I'm in the car."

"In the car?" Rong Shu was stunned.

Cheng Huai hummed, then honked the horn.

Sure enough, Rong Shu heard the sound of the car, grabbed the hand of the phone, and tightened slightly, "You went back?"

“Yeah.” Cheng Huai was bold.

Rong Shu bit her lip, “Why? Isn’t the banquet over yet, why did you go back?”

“It’s almost the end of your stay. It doesn’t make much difference whether you stay at the banquet or not in the second half.” Cheng Huai turned with one hand Turning to the steering wheel, he said, “It’s you, why did you suddenly call me?”

“I’m here to apologize to you.” Rong Shu sighed.

Cheng Huai was slightly startled, “Apology?”

“Well.” Rong Shu nodded, “I’m sorry Cheng Huai, I clearly promised to be your dance partner, but I didn’t accompany you to the end, even...”

He even went straight to him afterward. Forgot about this person.

If it wasn’t for the sudden jolt that she remembered just now, I’m afraid she wouldn’t be able to remember it now.

Cheng Huai smiled, “So that’s the case, it doesn’t matter, you have danced with me for a long time.”

“But I’m still a little sorry.” Rong Shu said apologetically.

Cheng Huai’s eyes flashed slightly, “If you really feel bad, invite me to dinner tomorrow, and I want to tell you something by the way.”

“What’s the matter?” Rong Shu was curious.

Cheng Huai replied mysteriously, “You’ll find out in tomorrow.”

Seeing that he was deliberately trying to sell things off, Rong Shu had no choice but to shrug and agree, “Well, what time is tomorrow?”

“Noon, when the time comes, I’ll pick you up from downstairs in your company.” Cheng Huai said after glancing at the time in the car.

Rong Shu nodded and agreed, “Okay.”

“Okay, let’s not talk about it, I’m driving, you should go back to rest early.” Cheng Huai said with concern.

Rong Shu smiled, “I will, bye.”

Putting down the phone, she breathed a sigh of relief.

This is good, a problem has been solved.

The person she dislikes the most is to owe others.

That's why she called Cheng Huai and promised to invite Cheng Huai to dinner, in order not to owe Cheng Huai.

But now she has paid off what she owes to Cheng Huai, and what Fu Jingting owes...

Rong Shu feels a big headache when she thinks that she owes too much to Fu Jingting.

She sat down again, picked up the juice she just put down, and looked at the man on the high platform.

Even if the man hangs one arm, it does not damage his momentum, and he is still the most dazzling light.

It seemed that he felt that someone was looking at him, Fu Jingting stopped talking, and then turned to look at Rong Shu.

Rong Shu didn't expect that he would suddenly look over, and just like that, her eyes met his.

Even Fu Jingting raised a glass to her.

Rong Shu was immediately stunned, surprised that he actually raised a glass to her ex-wife in full view.

Isn't he worried that someone will see the news and make headlines tomorrow?

Rong Shu didn't respond to Fu Jingting's actions, she lowered her eyelids, got up and walked towards the bathroom.

Just after walking a few steps, she heard a guest asking Fu Jingting, "Mr. Fu, the news of your marriage with the Zhang family broke out on the Internet two days ago. Although we all know it's fake, we still want to know about President Fu. Is there any relationship between Mr. Fu and any daughter?"

Rong Shu stopped immediately.

Obviously, the guest's question aroused her concern.

But she didn't look back, she still stood there with her back to the crowd.

What does this guest mean?

Why suddenly ask Fu Jingting this question?

And Fu Jingting, how would you answer?

Rong Shu's back was slightly straight, and she bit her lower lip.

Fu Jingting looked at her out of the corner of the eye, took the microphone and replied in a low voice, "No, but I always have someone in my heart. Although she is not by my side now, I will always wait for her to come back. As long as she comes back, I will marry her immediately. "

When he said this, his eyes became much more serious.

Rong Shu naturally felt that he was looking at her, and knew that he was talking about herself, and her heartbeat suddenly accelerated a lot.

The guest who asked the question was a little surprised when he heard Fu Jingting's answer, "Mr. Fu, can I take the liberty to ask again, who are you talking about?" The

reason why he asked Fu Jingting if he planned to date a daughter , that's because these people are all eyeing the Fu family's fat.

The Fu family is the leader of the sea market and the world's top group. They all want to have a relationship with the Fu family and use the Fu family's boat to soar into the sky.

And no matter what the relationship is, it is better to marry the Fu family to be strong, so he wants to know if Fu Jingting wants to end his singleness.

If there is, no matter which daughter he takes a fancy to, they can also push their daughter out and let their daughter snatch the person no matter what method they use.

"No." Fu Jingting saw the ambition in this guest's eyes, narrowed his eyes, and replied coldly.

The guest choked and laughed, "It seems that the girl that President Fu likes is really mysterious."

Fu Jingting ignored him, handed the microphone to Assistant Zhang on the side, and walked off the high platform.

Rong Shu heard the combination of the following conversations. After taking a deep breath, she lifted her feet and went to the bathroom again.

When she came out , she saw Fu Jingting standing opposite.

"You..."

"I'm waiting for you." Fu Jingting said.

Rong Shu was stunned, "Wait for me?"

"Well." Fu Jingting nodded.

"What's the matter with you?" Rong Shu asked.

Perhaps because of what she just heard, she was a little afraid to look at him.

Fu Jingting didn't answer. After walking in front of her, he took her hand and walked forward.

"Fu Jingting, where are you taking me?" Although Rong Shu was stunned, she did not break free from him.

It's not that she didn't break free for other reasons.

She was just afraid that she would break free and hurt his arm.

After all, if she threw him away, it is very likely that he would stumble into the wall or something...

Rong Shu said so in her heart.

Fu Jingting didn't answer her question, just pulled her and walked forward.

The two walked through a long corridor and finally came to the garden.

The garden is a little dark, but quiet enough for a good conversation.

Fu Jingting let go of Rong Shu's hand, then turned around and stood face to face with her, "Did you hear what you just said?"

"What?" Rong Shu didn't react for a while.

Fu Jingting looked at her, "I'll answer that person's words on the stage."

Rong Shu's pupils shrank and fell silent.

Fu Jingting put his hand on her shoulder, "The person I'm talking about is you, you should know that too?"

After all, his feelings for her have always been very clear and open.

She also knew.

“What if I know?” Rong Shu suddenly raised her head to look at Fu Jingting, her expression was a little unsightly, and her eyes were full of anger, “Fu Jingting, what do you mean by these words, what do you want to do? Is it fun to play with me? “

She coaxed her eyes and asked several times in a row.

Fu Jingting’s pupils dilated slightly, “I didn’t tease you, why do you think I’m teasing you?”

“Why?” Rong Shu laughed in anger, “Why are you still asking me? You told me that you let go, and you told me not to let me appear in front of you again, but in the end, you Now I’m saying those words in front of everyone, and I’ve overturned everything you said before, what are you kidding me? Fu Jingting, why am I sorry for you, you want to treat me like this!”

She clenched her fists , patted his heart and roared loudly.

Fu Jingting’s thin lips moved, and his voice became a lot more unreasonable, “I’m sorry, I did say these words before, but there is a reason for that.”

“Oh? The reason?” Rong Shu took a deep breath, and temporarily Calm down first, “Okay, then tell me why.”

Fu Jingting lowered his eyes, not knowing how to answer.

If you clearly stated that it was because he wanted to save her, his heart was about to die, so he said those words at the beginning.

After she found out, with her character, she would be crushed by huge guilt.

It is even possible to go directly to the hospital for a matching...

So, how can he say that!

Seeing Fu Jingting pursing her thin lips and not opening her mouth, a trace of disappointment flashed in Rong Shu’s eyes, and she smiled mockingly, “Every time this happens, it arouses the curiosity of others, but doesn’t say anything, Fu Jingting, you really disgust me!”

Nausea!

Fu Jingtingjun's face turned pale, his fists on both sides tightened sharply, and his pupils looked at her with trembling, "You say I'm disgusting?"

Rong Shu's eyes flashed slightly.

In fact, when she finished saying this, she already regretted it.

Because she also reacted, what she said was a little too much.

Secondly, she owed him so much, and she shouldn't have said these things to him.

But she just couldn't hold back the anger in her heart, annoyed that he would hide everything from her.

Rubbing her brows, Rong Shu looked at Fu Jingting apologetically, "I'm sorry, I said too much, but it's true that you let me down, I don't know your reason, but since you decided to let go of me, you should keep doing it, instead of suddenly regretting it now, you will only make me feel that I am a toy, throw it away when you are in a bad mood, and find it again when you are in a good mood. Come."

Speaking of which, she looked at him, "Do you know Fu Jingting, whether you want to let go or regret it now, you always make your own decisions, do what you want, you never care about my feelings, It can be said that you have never respected me!" After

she finished speaking, she turned around and was about to leave.

Fu Jingting straddled his long legs, wrapped his right arm forward, wrapped her waist, and hugged her tightly from behind.

Rong Shu was stunned for a moment, "You..."

"I really didn't mean to play with you." Fu Jingting lowered his head, buried his forehead on her shoulder, and said in a low and hoarse voice, "I didn't think of you as a toy. Letting go of you is because I didn't think carefully, and now I suddenly regret it, and it's really my fault. I also admit that I did this without thinking about your thoughts, but I can guarantee that I do this for your own good. Rong Shu laughed angrily, "

For my own good? Don't, let's avoid these words. It didn't touch me at all, it only made me feel that I was kidnapped by morality. In this world, many people are fighting Doing sad things with excuses for you, and Fu Jingting, do you really think yours is good for me, is it really good for me? Is it what I want?"

"..." Fu Jingting's pupils shrank, and all of a sudden he was speechless.

Because he really didn't think about it.

He thought that as long as he bears everything for her and lets her live without pressure, it is for her good.

But she didn't really consider whether this was what she wanted.

Rong Shu looked up at the dark night sky without stars and moon, "Fu Jingting, it's actually the right thing for you to let go, because the two of us have never been suitable, whether it's education, three views, or character, we don't have one. Anything in common."

After speaking, she lowered her head, took his hand from her waist, and left without looking back.

Fu Jingting didn't go after her, and stood there watching her figure disappear into the corridor, her thin lips pursed into a straight line.

Nothing in common?

how is this possible.

If they had nothing in common, they wouldn't have been pen pals for so many years.

"I think what Rong Shu said is right." Suddenly, a clear female silver came from behind, accompanied by the sound of a lighter.

Fu Jingting frowned slightly and looked back at the woman who was smoking, "Cousin, do you think I'm not suitable for her?"

"No no no." Zhong Lina put her index finger and walked over, "I didn't mean this, I mean it's what she said before, she said that you don't respect her, you decide everything by yourself, and you never ask her what she thinks, I agree with that."

She flicked the cigarette ash and exhaled at Fu Jingting's face.

Fu Jingting didn't start, and waved the cigarette in front of him, "If you spit at me again, I will immediately pack you back to Jiangcheng."

Hearing this, Zhong Lina swept away the queen's style, and the real person became more and more real. Cowardly and dog-legged, he said with a flattering smile, "Don't tell me, cousin, I was wrong, I won't vomit at you."

Fu Jingting snorted coldly, too lazy to respond to her.

Knowing that he didn't care, Zhong Lina threw the cigarette butt on the ground, crushed it with high heels, and her expression returned to that of an elite strong woman, "You are my cousin, I know you, you have been pampered and in a high position all the year

round, It made you form a strong character that never cared about other people's ideas when you were in trouble, and felt that as long as you solved it yourself."

"What's wrong with this?" Fu JingTing pursed her lips, wondering what was wrong with what she was doing, why Rong Shu reacted so much.

I also felt that I was kidnapping her morally.

"Of course you're right." Zhong Lina looked at him, "but that's based on what you are to your subordinates. As a boss, you can indeed decide everything by yourself regardless of the subordinates' thoughts, but Rong Shu is not. Your subordinate, she is your lover and equal to you, so you can't decide for her in many things, and you can't make decisions for her. You have to know whether she wants it or not. It's just hurt and disrespect to her, so think about it."

Fan Lina patted him on the shoulder, then shook out another cigarette, put it in her mouth and walked away.

Fu Jingting lowered his eyelids and became thoughtful.

He probably understood what she meant by these words.

I just hope that when he does something for Rong Shu in the future, he will think about it for Rong Shu before doing it.

Thinking of this, Fu Jingting thought about what he had done for Rong Shu during this period, and what he had concealed from Rong Shu, but he did not consider Rong Shu's thoughts, and it was no wonder that Rong Shu was so angry.

It seems that he was indeed wrong.

Fu Jingting sighed softly and walked in the direction where Rong Shu left just now.

He thought he should apologize to her.

However, when he returned to the banquet hall, Fu Jingting did not see Rong Shu.

Fu Jingting's eyebrows twisted into Sichuan characters.

What about her?

"President Fu." Assistant Zhang came over.

Fu Jingting looked at him, "You came just in time, did you see Rong Shu?"

Assistant Zhang nodded, "Yes, I just got up, and the two went to the balcony."

He pointed to a place behind Fu Jingting.

Fu Jingting turned his head to look, and sure enough, he saw a man and a woman standing on a balcony diagonally behind, suddenly Lu Qi and Rong Shu.

Chapter 516 Lu Qi's Selfishness

The two stood in front of the railing with their backs to him.

Fu Jingting couldn't see their faces and didn't know what they were talking about.

However, seeing that they were not standing next to each other, with a distance of 20 to 30 centimeters between them, the dark complexion looked much better.

"When did Lu Qi come?" Fu Jingting asked coldly.

Assistant Zhang looked at his watch, "About ten minutes ago."

Fu Jingting nodded slightly, indicating that he understood, "What are you looking for from me?"

"The old lady asked you to come over." Assistant Zhang replied.

Fu Jingting hummed, "I'll go over right away. You stand here and watch them. As long as Lu Qi dares to get close to Rong Shu, you will go up and separate them."

Assistant Zhang twitched.

Mr. Fu, do you want to be so naive?

Although he thought so, Assistant Zhang didn't dare to say it, he pushed down his glasses and responded, "I know Mr. Fu." Fu

Jingting glanced at Rong Shu and Lu Qi again, and then turned to look for the old lady on the balcony.

Lu Qi shook the red wine glass in his hand, looked at the woman with lowered eyelids, and asked with concern, "What's the matter? Are you in a bad mood? Rarely."

"It's a little bad." Rong Shu touched a glass with him, then raised his head and took a sip of red wine.

Lu Qi turned around and put his arms back on the railing, "What's the matter?"

Rong Shu looked outside, "It's okay, I just think things like feelings in this world are too unbelievable."

Wen Wen Yan, Lu Qi's drinking action paused, "You mean feelings?"

"Well." Rong Shu nodded, "Didn't I tell you before that Fu Jingting said he wanted to let go of me, and then he went back on it tonight and said You have to wait for me, so Aqi, don't you think his feelings are a bit ridiculous?"

If you say give up, give up, if you say go back, go back.

What do you take her for?

Lu Qi clenched the wine glass, his face was a little stiff, "It's ridiculous, what about you? What do you think?"

"Me?"

"Yeah, did you promise him something?"

Rong Shu took another sip of wine, "How could I promise him, I don't love him, I just feel angry, I feel like being played."

"That's great." Lu Qi suddenly breathed a sigh of relief.

She hadn't realized the fact that she fell in love with Fu Jingting again.

He was afraid that she would notice it when she didn't know it.

By then, he had no chance.

"That's great?" Rong Shu quickly turned around when she heard Lu Qi's words, and looked at him with a strange expression, "You actually said I was being teased?"

Lu Qi shook his head and waved his hands, "No, no, baby. Son, I didn't mean that, I was saying, it's great that you didn't promise Fu Jingting."

"Really?" Rong Shu squinted at him.

"Really." Lu Qi raised three fingers.

Rong Shu curled her lips, "Okay, I reluctantly believe you, but I still think you're too good, and you mean something else."

"How can you." Lu Qi looked away with a guilty conscience, "I don't I'm glad you didn't promise Fu Jingting, what else could you mean? So baby, don't think about it."

He raised his head and took a sip of wine.

Rong Shu also felt that she might be suspicious, so she looked down and looked down at her wine glass, not knowing what she was thinking.

After a few seconds, she lightly opened her red lips and said, "Aqi, Fu Jingting said that there was a reason why he suddenly let go before. What do you think is the reason?"

Lu Qi put the empty wine glass aside, "How do I know, Maybe that's what he said casually."

"Whatever you say?" Rong Shu looked at him.

Lu Tou, "Yeah, he let go of you before, and now he regrets it, he must find a plausible reason for his previous letting go, but maybe he didn't think of any suitable reason for a while, so he used There is a reason to perfunctory you."

"Is that so?" Rong Shu murmured.

Lu Qi had a serious expression on his face, "Yes, I'm a man too. Men know men, so baby, trust me."

He reached out and patted her shoulder.

Assistant Zhang, who was staring here from a distance, saw this scene, the corners of his eyes jumped, knowing that his work was coming, he sighed helplessly, and tidied his tie and walked to the balcony.

"Mr. Lu." Assistant Zhang came to Rong Shu and Lu Qi.

Lu Qi looked at him, and his face immediately turned ugly, "What are you doing here? Fu Jingting asked you to come?"

"No, it was Lord Lingtang who asked me to come and call you." Assistant Zhang pushed down his glasses, calmly. back.

Lu Qi was stunned, "My mother?"

"Yes." Assistant Zhang nodded.

Lu Qi frowned, "What did my mother call me for? Why did you call me?"

"I don't know about that. Wouldn't it be clear if Mr. Lu went over and asked?" Assistant Zhang's eyes fell, and he leaned on Rong Shu. On the hand on the shoulder, another sentence was added, "So Mr. Lu, hurry up and go over there, Mr. Tang seems to be in a hurry."

“Aqi, then you can go, in case Auntie is really in a hurry.” Rong Shu also urged .

Lu nodded, “Okay, then I’ll go take a look, you...”

Rong Shu glanced at her watch, “It’s getting late, I should go back, so I’ll go and say hello to my grandmother.”

“Alright, But I may not be able to see you off, we can’t leave yet, my dad will bring me to meet a few people in a while.” Lu Qi rubbed his eyebrows and said with a headache.

Rong Shu smiled, “It’s a good thing, okay, you can go.”

“Then I’m leaving.” Lu Qi raised his hand and wanted to rub her hair.

When Assistant Zhang saw this, he immediately said, “Mr. Lu, hurry up and go.”

Lu Qi glared at him unhappily, “I don’t need your reminder, mind your own business.”

He put down the hand that was about to rest on Rong Shu’s head. , put it in his trouser pocket, and lifted his foot out of the balcony.

Seeing him leave, Assistant Zhang let out a slight sigh of relief.

President Fu asked him to stare at Miss Rong and Lu Qi.

As long as Lu Qi touched Miss Rong, let him separate the two.

Now, he did it.

“Assistant Zhang.” Rong Shu didn’t know what Assistant Zhang was thinking, so she walked in front of him and stopped, “Where is grandmother now?”

“If Miss Rong wants to find the old lady, I can take you there.” Assistant Zhang said.

Rong Shu nodded, “Then I’ll trouble you.”

“It’s nothing, please.” He made a gesture of invitation.

Rong Shu followed behind him and walked in the opposite direction from where Lu Qi left.

The old lady was drinking tea with Fu Jingting in a pavilion at this time.

The old lady looked at the excellent grandson opposite, “Before Wang Shuqin almost let Shushu fall, after you rescued Shushu, you can see how nervous Shushu is towards you?”

Hearing this, Fu Jingting put down the teacup and raised eyebrows Softened, "Well, I see."

"Shushu is tempted to you again now." The old lady rubbed the faucet on the cane and said, "I always thought that after Shushu completely let go of you, she would never be tempted by you again, but I didn't expect that I would actually look away. Chapter 517 Gu Manyin committed suicide

"It's quite mysterious." The old lady picked up the tea he poured and took a sip, "Since you said so, then my old lady won't ask, but there is one thing I want to know, Shushu doesn't realize it now, She herself became tempted to you again. I wanted to name you, but you stopped me. I want to know why?"

"Because it's not the time yet." Fu Jingting leaned back, "Rong Shu still doesn't realize that she My feelings, if we name them directly, she will not necessarily accept it, and it may cause her disgust and resistance, so my idea is to let her discover for herself and accept the fact that she is attracted to me. "

Others told Rong Shu that it was no different from pulling the seedlings to help them grow.

She would even run away from him because she couldn't accept it.

So the best way is that if Rong Shu figured out this by herself, then the possibility of her re-accepting him is much higher.

The old lady nodded thoughtfully, "What you said is reasonable, well, since you have decided so, then you can do it according to your own ideas, but I still hope that you will marry Shu Shu soon. As for Wang Shuqin, you don't have to worry about it, I will suppress her and prevent her from making trouble." When

it came to Wang Shuqin, her old face turned gloomy.

If it wasn't for this woman, who had brought up Jing Ting and was also Jing Lin's own mother, she would have driven this woman out of the Fu family long ago.

Every day, if you can't do anything, you will get into trouble.

"My grandmother, Mom, I'll ask you." Fu Jingting stood up and bowed to the old lady.

The old lady pressed her hand, motioned him to sit down, and was about to say something when she saw Assistant Zhang coming over with Rong Shu.

The old lady laughed suddenly, "Shu Shu is here."

Fu Jingting turned around quickly and saw Rong Shu.

Rong Shu didn't expect such a coincidence. Fu Jingting was also here. After a flash of surprise in his eyes, he looked away from him, pretended not to see him, and smiled back at the old lady, "Grandma."

"Shu Shu, sit down." The old lady patted the seat next to her.

Rong Shu shook her head, "No grandmother, I'm here to say goodbye to you. It's getting late. I want to go back first.

"I still had to go to work, so naturally I didn't hold back. I stood up with a cane, "You've been drinking, and you can't go back alone. I'll ask Jing Ting to take you back."

Let Fu Jingting take you back?

Rong Shu quickly refused, "No grandmother, I can call you a driver. He also drank, so he sent me?"

Fu Jingting said with a dark face, "Zhang Cheng didn't drink, he can send us."

"We ?" Rong Shu was stunned.

Fu Jingting put down the teacup and stood up, "Grandmother, I should be leaving soon, just let Zhang Cheng drive, so he can get off work earlier."

"Okay, then let's go together." The old lady rolled his eyes at him.

Don't think she doesn't know, he just wants to go with Shu Shu.

However, this was also her original intention.

After all, she just asked him to send Shu Shu.

“Well, I don’t need to talk to you, I myself...”

Rong Shu still wanted to say something, and the old lady patted the back of her hand, “Okay Shushu, let’s go, let Jing Ting and the others send you, I can rest assured, find a representative. Drive, I’m not at ease.”

After speaking, the old lady looked at Fu Jingting again, pretending to be a serious warning, “Jingting, send Shushu back well, if something happens to Shushu, I’m the only one who asks you. “

Okay.” Fu Jingting nodded.

Rong Shu smiled bitterly.

Well, grandma has arranged everything for her, what else can she do?

If you continue to refuse, it will seem a little disrespectful to the grandmother.

Well, that’s it.

“Then grandma, let’s go first.” Rong Shu straightened her hair and said goodbye to the old lady.

Fu Jingting’s thin lips curled up slightly when he heard her saying us.

The old lady covered her lips and laughed twice, “Alright, let’s go.”

Rong Shu hummed and walked out of the pavilion beside Fu Jingting.

After walking a few steps, she heard the old lady’s laughter coming from behind, “Xiao Feng, look at Shu Shu and Jing Ting walking together, it looks like a couple.”

“It’s very similar.” Feng Ma agreed. nod.

Rong Shu’s feet twitched and she almost fell.

Fu Jingting put his arms around her waist and said in a low voice, “Be careful.”

“I know, thank you.” She stood up straight and was about to take his hand away.

But after Fu Jingting let go of her waist, he went to hold her hand.

Rong Shu’s eyes widened, “You...”

“I’ll lead you along, the ground is in the style of an antique garden, so it’s covered with warm goose stones, and the high heels you’re wearing are not stable at all and fall easily.” Fu Jingting said softly.

Rong Shu’s red lips moved, and she fell silent.

Because she couldn’t refute his words, this road was indeed unstable.

When she just followed Assistant Zhang, she walked bumpily. If Assistant Zhang occasionally helped her twice, she almost fell several times.

So, it’s okay to let Fu Jingting hold her.

She just didn’t want to fall, and didn’t mean anything else.

Rong Shu lowered her head and thought so in her heart.

Fu Jingting felt that her hand was no longer able to resist, and knew that she had tacitly let him hold her. After a chuckle, she held her hand tighter and put it in her suit pocket.

Rong Shu looked at her in surprise, “You…”

“My hands are too cold, so I put them in to warm up.” Fu Jingting said without changing his face.

Rong Shu’s mouth twitched.

His hands are cold?

He is talking nonsense with his eyes open. His hands are obviously warm.

If it is cold, her hands are cold, right?

Wait a moment!

Rong Shu’s eyes widened.

He did this, wouldn’t he want to warm her hands?

Rong Shu looked at Fu Jingting and forgot to return to her senses.

Fu Jingting asked softly, “What’s wrong?”

“No… it’s all right.” Rong Shu lowered her head and whispered back.

Fu Jingting saw that she didn't want to say it outright, and didn't force it. After squeezing her hand lightly, he turned his eyes back.

Soon, the three walked out of the gate of the old house and came to the front of the car.

At this moment, Rong Shu's cell phone rang.

She opened the bag with the other hand, took out her mobile phone, and snorted in surprise when she saw the caller ID.

"What happened?" Fu Jingting asked with concern.

Rong Shu gave him a look at the phone, "It's weird, it's eleven o'clock in the evening, and the police actually called me."

"The police?" Fu Jingting frowned, "Have you called the police recently?" "No.

" Rong Shu shook her head, "That's why I wonder why the police called me."

This number was the police station number she had saved before.

That's why you can recognize at a glance who is calling.

"Since you don't know, let's take it." Fu Jingting said.

Rong Shu hummed, swiped her thumb over the green answer button, and put the phone to her ear, "Hello."

"Miss Rong, something happened." A serious male voice came from the other end of the phone.

Hearing the seriousness in the male voice, Rong Shu's expression became serious, "Officer Chen, what happened?"

"Gu Manyin committed suicide by jumping off the building." Officer Chen replied in a deep voice on the other end of the phone.

With a bang in Rong Shu's head, her face changed greatly, "What did you say? Gu

Manyin committed suicide by jumping off the building?" Hearing this, Fu Jingting's expression froze.

Assistant Zhang was even more surprised, "Gu Manyin committed suicide? How is this possible!"

"Hands-free!" Fu Jingting said to Rong Shu.

Rong Shu swallowed her saliva and hurriedly followed suit.

This time, Officer Chen's voice could be heard by all three, "Yes, ten minutes ago, she jumped out of the ward window and died on the spot."

Chapter 518 Fashion Master Jing Ting

Rong Shu is the plaintiff in Gu Manyin's case, so as long as everything happens to Gu Manyin, the police must notify Rong Shu.

Therefore, as soon as Gu Manyin committed suicide, he immediately contacted Rong Shu and told Rong Shu about it.

"Gu Manyin... is dead..." Rong Shu whispered in disbelief.

Assistant Zhang opened his mouth in disbelief, "No way, Gu Manyin committed suicide, which is too..."

Fu Jingting snatched the phone from Rong Shu's hand, "What's the reason for Gu Manyin's suicide? Officer Chen heard Fu Jingting's voice and replied directly, "

The reason is not known yet, because Gu Manyin committed suicide suddenly, so no one knows why she committed suicide. The only guess at the moment is that she may want to escape from prison." , after all, tomorrow is the date when her execution outside prison is over and she is handed over to prison, but..."

"But the possibility of this guess is not high." Fu Jingting said with narrowed eyes.

Officer Chen nodded, "Yes, if Gu Manyin really committed suicide to escape prison, she wouldn't have waited until now, I'm afraid she would have committed suicide as early as the first day of execution outside prison, but for now we can only do it first. Using this guess, as for the specific cause of suicide, our police are still investigating."

"I know, we will come to the scene immediately." After Fu Jingting finished speaking, he hung up the phone and returned the phone to Rong Shu.

Rong Shu dumbly took the phone, "Gu Manyin... she really committed suicide?"

Obviously, she hadn't come out of the shock completely.

Fu Jingting touched her head, "Yes."

Rong Shu's lips trembled and she stopped talking, her heart was overturned and she could not calm down.

Gu Manyin... actually died like this!

Rong Shu bit her lip.

Fu Jingting didn't speak anymore.

To be honest, Gu Manyin's suicide was something he and no one thought of.

Moreover, he always felt that Gu Manyin's suicide was not easy.

The first is the timing, and the second is the reason for the suicide.

Putting these two doubts together, there is a problem at a glance.

But what is the specific problem, you have to see it yourself to know.

"Let's go and see the scene. Gu Manyin's suicide is not a trivial matter. You are her accuser, and you must go there to understand the situation." Fu Jingting touched Rong Shu's face and raised it gently to say.

Rong Shu looked at him and hummed, "Okay."

"Drive." Fu Jingting put her face away and ordered Assistant Zhang.

Assistant Zhang nodded, "Yes!" The

three got into the car and drove towards the First Hospital.

Along the way, the three of them did not speak, and the atmosphere in the whole carriage was extremely heavy and depressing.

No way, it was really shocking that Gu Manyin committed suicide.

They can't be calm anymore.

Assistant Zhang drove very fast, and in less than half an hour, the first hospital arrived.

When she was about to get out of the car, Rong Shu saw several police cars parked outside the hospital. Many police officers stood in a row and raised a cordon to prevent anyone except emergency patients from entering the hospital.

Rong Shu saw that more than 60 percent of the people who were stopped at the cordon were reporters from Knot Media.

Those reporters held up their microphones and cameras and kept squeezing towards the security tape, eager to squeeze through the security tape and grab the headlines.

Seeing this, Rong Shu squinted,

it seemed that the news of Gu Manyin's suicide by jumping off the building had already spread.

Maybe it's all over the internet by now.

Just thinking about it, Rong Shu felt something covering her head.

She raised her hand to touch, "Hat?"

"Well, you can cover your face a little bit, otherwise when you get out of the car, the media will recognize you and will definitely hold you and ask various questions." Fu Jingting said as he picked up his jacket Dress her up.

This jacket was not taken off him, but he had put in the car as a spare.

Right now it comes in handy.

Rong Shu looked at the clothes on her shoulders and twisted her body, "I accept the hat, the clothes are..."

"Put it on!" Fu Jingting interrupted her reluctantly, pressing the coat tightly on her shoulders, not to say Let her shake, "It's so cold outside, are you going out in a dress?"

"Uh..." Rong Shu choked for a moment when she said this.

Yes, it's so cold outside, only a few degrees.

The car and the old house have heating, so she doesn't feel cold wearing a dress alone, so she forgot that it was winter.

So if she got out of the car without a coat on, she would definitely shiver from the cold.

"Then let go of your hand and I'll wear it." Rong Shu whispered awkwardly.

Hearing her words, Fu Jingting let go of his hand in satisfaction.

Rong Shu put her arms into her sleeves and put on her clothes obediently.

The clothes are so big that they directly cover her thighs, and with long sleeves, it looks like a child stealing an adult's clothes.

Rong Shu looked at herself like this, not knowing whether to laugh or cry, "I can sing now."

"It's a bit lenient." Fu Jingting felt her chin and looked at her and said.

After all, this is his clothes, and it is not surprising that she will have such an effect when she wears it.

“Don’t move, I’ll tidy up.” Fu Jingting said, pulling the tie off his neck with one hand.

Rong Shu looked at his move and asked suspiciously, “What do you want to do?”

Fu Jingting didn’t answer. With a flick of one hand, the tie wrapped around her waist like a flexible snake.

Then Fu Jingting tied a bow to the tie with one hand.

When he was done, he moved the bow to her waist.

In this way, his tie was successfully transformed into her belt, and the wide clothes on her body were instantly tightened.

Not to mention, it’s quite fashionable.

His tie was blue striped, while her dress and coat were black .

With blue in the black, it is like a touch of moonlight in the night sky, which is the finishing touch.

“It’s alright now.” Fu Jingting sorted out the bow tie around Rong Shu’s waist and took his hand back.

Rong Shu looked down at his masterpiece, “It’s pretty good, I didn’t expect that you still have this ability.”

Fu Jingting chuckled, “Just think you’re complimenting me, okay, get out of the car.”

He also put on his own Put on a hat.

These two hats were bought at a nearby store when Assistant Zhang got out of the car first.

Fu Jingting opened the car door and got out first.

After going down, he stretched out his hand towards Rong Shu.

Rong Shu didn’t reject her, but put her hand on his.

Fu Jingting clenched her hand, helped her out of the car, and walked towards the guard.

Coming to a police officer on the security belt, Rong Shu lowered her voice and explained her identity.

The police officer had already received the captain's words and knew that they were coming, so after seeing Rong Shu's ID card, they raised the security tape and let her, Fu Jingting and Assistant Zhang go in.

After Rong Shu and the others bent over and entered the security belt, the reporters who were looking forward to it reacted and recognized their identities.

But it was too late to stop them, because Rong Shu and the others entered the security belt.

The media didn't dare to really squeeze in, so they had no choice but to bulge their necks, stare at their eyes, loudly facing the backs of Rong Shu and the others, and asked them about Gu Manyin's suicide. view.

However, both Rong Shu and Fu Jingting were very tacit understanding that they didn't hear it, and continued to walk forward. The figure soon disappeared from the sight of these reporters.

Come to the inpatient department.

Rong Shu saw a lot of police officers, doctors and nurses standing under an inpatient building from a distance.

In addition, there is no ordinary person, and it should be cleared.

"It's there." Fu Jingting said lightly with thin lips.

Chapter 519: The Frightened Rong Shu

Rong Shu hummed.

"Let's go." Fu Jingting said again.

Rong Shu's lips moved, a little afraid.

Dead after all.

She has never seen a dead person except on TV, and she has never been to the scene of the accident.

So at this moment, she was a little scared.

Fu Jingting saw Rong Shu's panic, and squeezed her palm lightly, "It's okay, it's me."

Rong Shu turned to look at him.

Seeing the calmness on his face and the seriousness in his eyes, the fear in her heart suddenly eased a lot.

"Let's go." Fu Jingting felt that she was in a better mood, took her hand, and walked forward.

Rong Shu let him go with her, looking at his tall back, her eyes flashed, she didn't know what she was thinking.

"You're here." Officer Chen was taking notes on the periphery, and when he saw Rong Shu, Fu Jingting and Assistant Zhang, he immediately closed his notebook and walked over.

Fu Jingting nodded slightly, "Officer Chen, how is the situation?"

He looked forward.

The water surrounded by doctors and police officers was blocked, and the specific situation could not be seen for the time being.

Therefore, he could only ask Officer Chen.

Officer Chen pressed the brim of his hat and turned back, "The body is still there, and the forensic doctor hasn't arrived yet, so for now, let the doctors in this hospital do an autopsy, but these doctors are not forensic doctors after all, and they are not specialized in autopsy, so there is too much time. Slow, there is no result yet."

"Why not let Lin Tianchen come?" Fu Jingting frowned.

That guy, he has to be interested in human research.

So when I was abroad, I heard that there were also many part-time forensic doctors.

Because only forensics can do experiments on humans anytime, anywhere.

"I'm looking for it." Officer Chen sighed and said, "A doctor suggested that Dr. Lin come over, but Dr. Lin is now operating on the patient. He can't come for the time being. It will take a while."

"No, he's already here." Rong Shu Pointing to a figure in front of him.

Fu Jingting and Officer Chen looked together, and saw that Lin Tianchen was hurried over in a green surgical gown that had not been changed, and a surgical cap.

Officer Chen's face lit up with joy, "Very good, Dr. Lin is here, and after completing Gu Manyin's autopsy, we should be able to deduce the reason for Gu Manyin's suicide, Mr. Fu, Miss Rong, I'll go to Dr. Lin's place first. Go."

"Yes." Fu Jingting nodded.

Officer Chen walked towards Lin Tianchen.

Lin Tianchen naturally saw him, and also saw Rong Shu and Fu Jingting behind him.

Lin Tianchen ignored Fu Jingting and nodded at Rong Shu as a greeting.

Rong Shu naturally responded, and then saw Officer Chen talking to him.

After a few conversations between the two, Officer Chen let the people surrounding Gu Manyin's body disperse.

As soon as it spread out, the condition of Gu Manyin's body was naturally exposed in front of Rong Shu.

Rong Shu herself was a little afraid of the dead, but now she was caught off guard and saw the tragic state of Gu Manyin's body, and she immediately turned pale with fright and screamed, "Ah!"

What kind of picture is that, Gu Manyin is facing The next one was lying on the grass, and the pool of grass was dyed red with blood.

And Gu Manyin's face was also smeared with flesh and blood, and he couldn't even see his face clearly. Even his head was dented in a large piece, and even white came out...

After Rong Shu retched twice, As soon as he closed his eyes, he fainted.

"Rong Shu!" Fu Jingting looked at her coming towards him, his face became tense, he hurriedly stretched out his arm and took her into his arms.

Fu Jingting took her to squat down, let her lean against his arm, and then shook her gently, "Rong Shu wake up."

There, Lin Tianchen found out about Rong Shu's situation. He was going to do an autopsy on Gu Manyin. He even put on his gloves, but he took them off right now and walked towards Fu Jingting and Rong Shu.

"What happened to her?" Lin Tianchen asked.

Fu Jingting looked down at Rong Shu, a trace of annoyance flashed in his eyes, "I fainted from fright."

He actually thought that Officer Chen would let people move away.

He was also ready to cover Rong Shu's eyes.

But when he didn't expect, Rong Shu's reaction was quickened by him. Before his hand covered her eyes, she had already seen the picture.

This time, he was wrong.

Lin Tianchen didn't speak anymore, opened Rong Shu's eyelids to take a look, pinched her again, and pressed some acupoints on her.

After a while, Rong Shu frowned and her eyelashes trembled. She should be waking up.

Sure enough, in the next second, Rong Shu opened her eyes, her face full of horror, "Gu..."

"Don't be afraid." Fu Jingting lowered his head and pressed his forehead against hers, "It's all right, don't be afraid."

"Fu Jingting?" Rong Shu blinked and looked at the man.

Fu Jingting hummed, "It's me, don't be afraid."

"I just saw..."

"I know, don't think too much, as long as you don't think about it, don't think about it, don't be afraid." Fu Jingting raised his head to look at her, said softly.

Rong Shu gasped, "Impossible, how could I not hold back from thinking about it, that picture was so terrifying, it kept popping up in my mind, I woo..."

Before she could finish her words, Fu Jingting lowered his head and caught Lived her red lips.

Rong Shu widened her eyes in disbelief, and was stunned for a while.

The people around were also shocked by Fu Jingting's actions.

Especially Officer Chen, the corner of his mouth twitched and twitched.

hey hey, aren't you?

This is the scene of suicide. It's so bloody and serious, you two men and women are still kissing and spreading dog food.

Depend on!

Officer Chen turned around angrily.

Gone, gone, no eye to see, really no eye to see.

Next to him, Assistant Zhang also covered his face and turned his head to one side.

He also felt blind.

Seeing the scene of Fu Jingting and Rong Shu kissing, Lin Tianchen raised his eyebrows and stood up, "Well, I originally said that if she really can't forget that scene, I can help her get rid of that memory, but Now, it seems that there is no need, someone's amnestic method is the most useful!"

He pushed his glasses and smiled, then turned around and returned to the place just now, preparing to perform an autopsy on Fu Jingting.

Here, I don't know how long it has been.

After a long time, Rong Shu couldn't breathe, and Fu Jingting let her go.

Rong Shu opened her mouth slightly, and while breathing, she looked at Fu Jingting with a red face, "You..."

Fu Jingting let her go and asked her to stand up first.

When she stood up, she finally stood up, wiped the lipstick from the corner of her lips with her thumb and said, "I shouldn't be afraid of that picture now, right?"

"..." Rong Shu stopped talking.

Indeed, her mind was full of the scene where he kissed her, and she couldn't recall the tragic state of Gu Manyin's corpse she had seen before.

So, naturally, there is no need to be afraid.

I have to say, his method is really effective.

Although it made her a little embarrassed.

"Thank you." Rong Shu lowered her head and thanked Fu Jingting as finely as a mosquito.

Fu Jingting heard it, and hummed, "You go and sit next to it for a while, I'll go over there and have a look."

He pointed to the lounge chair beside him.

Rong Shu nodded, "Okay,"

she really needed to rest for a while, and she didn't want to see Gu Manyin's tragic state.

She finally forgot the terrifying picture, but she didn't want to think about it again.

"Zhang Cheng, you accompany her." Fu Jingting delivered Rong Shu to Assistant Zhang.

Assistant Zhang replied, "Yes."

"I'll go first, call me if you have anything." Fu Jingting patted Rong Shu's head lightly, raised his feet and walked towards Lin Tianchen.

Rong Shu looked at his back and touched the place on his head that he touched. For the first time, he clearly felt that he was not annoying.

Even when he kissed her just now, she didn't feel any disgust or disgust.

What is this...

"Miss Rong, let's go first." Before Rong Shu could think clearly, Assistant Zhang's voice came over.

Rong Shu had no choice but to suppress the doubts in her heart and nodded with a reluctance to smile, "Okay."

Over there, Fu Jingting came to Lin Tianchen, "How is it?"

Chapter 520 The Corpse Is Not Gu Manyin

Lin Tianchen squatted beside the corpse, and turned his head back without raising his head, "Jumped down from a height, his head hit the ground, his skull ruptured and died, other than that..."

He lifted Gu Manyin's hand and squeezed it, His fingers pinched his shoulders, and his face suddenly changed a little bit.

This skeleton...

Lin Tianchen threw this arm away, and quickly grabbed Gu Manyin's other arm, still pinching it from his fingers up to his shoulders, then narrowed his eyes, and a strange dark light flashed in his eyes.

"What's the situation?" Lin Tianchen's actions just now caused Fu Jingting's doubts, and Fu Jingting asked.

Lin Tianchen stood up, did not answer him, but looked at Officer Chen, "Send the body to the morgue first. Next, I need to conduct an autopsy on the body."

"For the autopsy, I need to ask the superior." Officer Chen frowned Say.

Lin Tianchen took off his gloves, "Then please hurry up, this is very important to this case."

Officer Chen looked at him and the corpse on the ground. He had no choice but to go to the side and make a phone call.

Fu Jingting squinted and stared at Lin Tianchen, "What did you find? I can tell from your expression just now that there is something wrong with the corpse, right?"

Lin Tianchen pushed his glasses, "There is indeed something wrong with the corpse, I suspect, This is not Gu Manyin."

"What did you say?" Fu Jingting's pupils shrank suddenly, and his expression changed, "Isn't it Gu

Manyin?" Lin Tianchen hummed, "Seventy percent probably not, you know, I worked part-time as a forensic doctor abroad for a period of time, so I have a deep understanding of human skeletons. I touched the arm of this corpse just now and found that the skeleton of the corpse's arm did not match Gu Manyin's. The body size of the corpse is similar to that of Gu Manyin, but the skeleton is thicker than that of Gu Manyin's, so..."

Before he finished, Officer Chen returned, "Doctor Lin, we have already agreed to dissect the corpse. Then I'll trouble you next."

Lin Tianchen nodded slightly, "It's nothing, the autopsy fee will be credited to my account on time."

Officer Chen twitched the corners of his mouth, "Don't worry, you won't be missing."

After that, he arranged for the police officers to clean up the ground. The corpse, ready to be sent to the morgue.

Lin Tianchen looked at Fu Jingting, "I have Gu Manyin's DNA data in the hospital, so next I will extract the DNA of this corpse, and then compare it with Gu Manyin's, if it turns out that their DNA is different, then it means that it's not Gu Manyin who died, Gu Manyin has already run away."

Fu Jingting clenched his fists, killing intent filled his body, his face was as cold as ice hell, "I see, you go. Well, leave it to me next."

Lin Tianchen stopped talking, put his hands in the pockets of the green surgical gown, and turned to leave.

Fu Jingting stood there, watching the group of police officers cleaning up the corpses on the ground, his thin lips pursed tightly, his eyes filled with storms.

He believed what Lin Tianchen said, the corpse might not be Gu Manyin.

On the way here before, he felt that Gu Manyin's suicide was full of unintelligible doubts, such as the time of suicide, and the reasons for suicide.

For this reason, he was once worried that there would be unexpected changes.

And now it turns out that his worries are not superfluous.

A change occurred, and it was not Gu Manyin who committed suicide, but Gu Manyin's stand-in.

The first is that Lin Tianchen said that the bones do not match, and the second is the face of the corpse.

Fu Jingting looked up at the building.

He remembered that Gu Manyin's ward was on the tenth floor. If he jumped from it, he would indeed die on the spot, but it would definitely not cause him to be completely unrecognizable.

And this corpse, the whole face is bloody, completely unable to distinguish what it looked like before birth.

The first time he saw the corpse, he felt very inconsistent and felt something was wrong, but he couldn't say it.

It wasn't until Lin Tianchen said that the corpse might not be Gu Manyin, he immediately realized that what was wrong was the corpse's face.

Now he can even directly affirm that the face of this corpse was already rotten before he jumped off the building, so after he jumped off, the current situation was created, in order to prevent people from seeing his face.

Otherwise, the body wasn't Gu Manyin, wouldn't it be exposed?

Thinking of this, Fu Jingting's thin lips pulled out a cool and thin arc.

Very good, I can escape from the surveillance of the police, and I can also get myself a double.

He really underestimated Gu Manyin!

Soon, the body was carried away, leaving only a pool of undried blood on the ground.

After Fu Jingting glanced at the pool of blood, he turned and walked towards Rong Shu.

Rong Shu was drinking the water bought by Assistant Zhang, and when he saw that he was back, he quickly covered his own water, picked up another bottle, unscrewed it, and handed it to him, "Drink some water to relieve the psychological discomfort."

Although he wasn't afraid of that terrible scene, he felt a little uncomfortable after watching it a lot.

Drink some water and it will be much better.

Fu Jingting looked at the water that Rong Shu handed over, frowned, stretched out his hand to take the water, "Thank you."

"No need." Rong Shu shook her head, then turned to look over there, "The autopsy will be done. It's over? I saw that they seem to have transferred Gu Manyin's body."

"It's not over yet, just hand it over to the morgue first. Lin Tianchen discovered something." Fu Jingting sat down beside her.

Rong Shu moved to the side and gave him a large space, "What's the situation?"

"It's most likely not Gu Manyin who committed suicide." Fu Jingting looked at her and replied.

Rong Shu's pupils shrank.

Assistant Zhang on the side was also stunned, "No...not Gu Manyin?"

Fu Jingting nodded, and then explained the content of the conversation with Lin Tianchen just now, as well as his own thoughts and guesses.

After listening to Rong Shu, it took a while to find her voice, and she said emotionally, "How could this be? If it wasn't Gu Manyin who committed suicide, who would it be? Within the monitoring range of the hospital, she couldn't get out of the ward at all, so how did she find someone to jump off the building for her? How did she escape from the ward? It's simply unreasonable!"

Assistant Zhang nodded again and again, "Yes, Mr. Fu, This is indeed a little unlikely."

Fu Jingting lowered his eyes, "It's not impossible, Gu Manyin really can't get out, but people outside can go in, as long as you go in and exchange clothes with Gu Manyin, you can't hide it. The eyes of the police, leave the ward."

"This..." Rong Shu and Assistant Zhang were stunned.

Yes, Gu Manyin can't get out, but that doesn't mean people outside can't enter her ward.

If in the end, it really proves that the corpse is not Gu Manyin.

What Fu Jingting said was true.

Someone entered Gu Manyin's ward, exchanged with Gu Manyin, and then jumped off the building to commit suicide, staged a scene where Gu Manyin committed suicide by jumping off the building in order to escape prison.

"As for how Gu Manyin contacted her to replace her, this needs to be investigated." Fu Jingting took a sip and said in a deep voice.

Rong Shu didn't speak, but felt goosebumps all over his body.

At this moment, Fu Jingting's cell phone rang.

He put down the water bottle and took out his mobile phone. After seeing the caller ID, he frowned slightly, then stood up, "I'll go take a call."

"Well." Rong Shu nodded.

Fu Jingting walked forward, and Assistant Zhang followed.

Because he saw Mr. Fu's caller ID, it was from the group, and it was estimated that Mr. Fu would have him do something in a while.

Chapter 521 Madam Gu's Curse

Rong Shu sat on the bench and didn't move, holding the water bottle tightly in both hands, her head was slightly lowered, she didn't know what she was thinking.

Suddenly, there was a burst of hurried footsteps, accompanied by a woman's heartbroken cry, "Manyin, woooooo my Manyin..."

It's Mrs. Gu!

Rong Shu hurriedly raised her head, turned her head to look, and saw Madam Gu's family of three coming towards this direction.

Also, although Gu Manyin and the Gu family have severed their relationship, they still have feelings.

Now that the news of Gu Manyin's suicide has spread, the Gu family will certainly come.

"Manyin, my Manyin!" Mrs. Gu walked at the front, her steps staggered, and she couldn't cry herself.

Gu Yaotian supported her, "Slow down, beware of falling."

"How can I slow down, Yaotian, our Manyin committed suicide by jumping off the building, Manyin is dead!" Madam Gu grabbed his sleeve and roared with red eyes road.

Gu Yaotian sighed, "I know, I'm sad when Man Yin died, but you can't be too excited. If you fall ill, don't I have to worry about you?"

Madam Gu stopped talking, bowing her head sadly. crying.

Behind the two of them, Gu Manqing walked slowly, with no sadness on her face, only a face full of impatience.

Although she heard Gu Manyin commit suicide by jumping off the building, she was also surprised.

But after being surprised, I don't feel anything.

She and Gu Manyin are not real sisters. Gu Manyin will die if he dies. Naturally, she will not feel any sadness or pity for Gu Manyin, but only happy.

For her, Gu Manyin's death is also a good thing, at least her parents won't be thinking about Gu Manyin all the time in the future.

Thinking about it, Gu Manqing pursed her lips and smiled.

Smiling, she suddenly saw Rong Shu in front of her out of the corner of her eye, her expression froze suddenly, "Miss Rong!"

Hearing these three words, Gu Yaotian and his wife were also stunned, and they both looked at the place where Gu Man was pointing.

Seeing Rong Shu, Mrs. Gu seemed to be greatly stimulated, she broke free from Gu Yaotian's support, and walked towards Rong Shu with a grim face.

When Rong Shu saw her coming with a gloomy expression, she knew that she was not a good person, and she secretly raised her vigilance.

So when Mrs. Gu raised her palm and hit Rong Shu's face, Rong Shu immediately reacted, grabbed Mrs. Gu's wrist and squeezed it hard.

Madam Gu's pained face twisted, "Let go of me!"

Rong Shu naturally couldn't let go of her, but instead tightened the strength of her hand even more and more.

She looked at Madam Gu's face flushed with pain, and did not feel any pleasure in her heart, but felt a little aggrieved.

Yes, aggrieved.

She didn't know why she had such feelings for Mrs. Gu, and she didn't bother to think about it.

She pushed Mrs. Gu away and stood up, and said with cold eyes, "Mrs. Gu, do you want to hit me?"

Her parents never hit her since she was a child, and they protected her like a darling.

Why did this woman who had hatred against her do anything to her?

What's even more strange is that when this woman touched her, she felt very hurt.

Mrs. Gu was almost pushed to the ground by Rong Shu, but fortunately, Gu Yaotian came to support her in time, which prevented her from falling to the ground.

She grabbed Gu Yaotian's arm, her eyes were scarlet, and she looked at Rong Shu as if she was going to eat people, "It's all you, it's you who killed Manyin, it's you, you give me Manyin, you give me Manyin!"

Madam Gu roared at Rong Shu, her voice was full of hatred.

If she hadn't been caught by Gu Yaotian, I'm afraid she would have rushed over and scratched Rong Shu's face.

Rong Shu's heart was blocked so badly, and she was also extremely aggrieved.

She clenched her hands tightly and said with an angry smile, "Mrs. Gu, you have to be careful when you speak, why did I kill Gu Manyin?"

"It's you, it's you!" Madam Gu pointed at Rong Shu with trembling fingers, "If It's not that you put Manyin in jail, Manyin will not commit suicide by jumping off the building in despair, woohoo, my poor Manyin..."

Madam Gu leaned against Gu Yaotian's arms, crying out of breath.

Gu Yaotian patted her back lightly, and wanted to say something for her.

Rong Shu took the lead and said, "Joke, just because I put Gu Manyin in prison, so Gu Manyin jumped off the building and committed suicide, so what's the reason? It's clear that Gu Manyin's current fate is her own fault, If she doesn't do bad things, I can't put her in jail, and she won't commit suicide, right? So what right do you have to blame me, you blame yourself, it's your education that went wrong!"

However, for Sanguan Gu Yaotian and his wife, who had problems in the first place, how could they possibly listen to her words.

Mrs. Gu still thought that Rong Shu killed Man Yin, pointed at Rong Shu's nose and cursed, "Rong Shu, you killed Man Yin and made me lose a daughter. I curse you and one day, I will follow me. In the same way, losing the person who is most important to you is terribly painful!"

Rong Shu's pupils dilated, her pupils trembled constantly, and her face became pale.

How strange.

Obviously, she shouldn't care about this so-called curse, after all, such a thing as a curse is simply fake.

But I don't know why, but she is very concerned about it now, especially seeing Madam Gu's eyes with such hatred and wishing her to die, her heart ached slightly, and her eyes were a little red.

Rong Shu took a deep breath, clenched her palms tightly, and managed to suppress these complicated emotions in her heart. She pulled the corners of her mouth and

pulled out a disdainful smile, "Okay, Madam Gu, just wait and see if I will lose my importance. people, and the pain is endless!"

Both her parents are dead.

She doesn't have the most important person in this world at all.

Therefore, Mrs. Gu's so-called ridiculous curse is destined to be empty talk.

"Little girl, don't talk too much about some things, so that you won't have time to regret it." Gu Yaotian looked at Rong Shu, and said sullenly on his old face .

Rong Shu raised her chin, "I don't know if I will regret it, but I know that you won't see the day I regret it."

Gu Yaotian's face changed greatly, "What do you mean? Are you..."

"Am I?" Rong Shu wrapped her arms around her.

Gu Yaotian's old face trembled, and then he lowered his eyelids to hide the gloom in his eyes, "It's nothing, let's go."

He couldn't ask Rong Shu if he knew there was something wrong with his kidneys.

In case Rong Shu didn't know, then he would be a no-brainer.

So, he can't take risks.

Maybe what Rong Shu just said had other meanings.

Thinking of this, Gu Yaotian helped Madam Gu to leave, fearing that he would be exposed for too long.

And they also have to meet Man Yin's body and learn about the specific circumstances of Man Yin's suicide by jumping off the building. They can't waste too much time here, and there will be opportunities to clean up this girl in the future.

Gu Yaotian glanced at Rong Shu coldly, then turned to leave.

And at the moment of turning around, his kidneys suddenly ached.

Gu Yaotian groaned in pain, and when she released Madam Gu, she would fall to her knees.

However, Rong Shu didn't know what she was thinking. When Gu Yaotian's body fell, she subconsciously stretched out her hand and supported him.

This move, not to mention Rong Shu herself, even Gu Yaotian and Mrs. Gu's husband and wife were stunned.

Especially Gu Yaotian, looking at Rong Shu's hand supporting his arm, the flesh on his old face was shaking.

"you....."

Hearing Gu Yaotian's voice, Rong Shu instantly realized what she had done, and quickly released his arm, took a step back, and said coldly, "I'm sorry, but I don't have time to accompany Mr. Gu to play the role of touching porcelain."

"You say I touch porcelain?" Gu Yaotian gasped heavily.

He admits that he is not a good person.

But you won't do something as unprofessional as touching porcelain, right?

Chapter 522 Doubt Dispelled

Rong Shu didn't speak any more, and turned to face elsewhere.

Because she knew that Gu Yaotian didn't touch porcelain.

The so-called touch porcelain is just an excuse she made for herself to help him just now.

Only in this way can she convince herself that she helped him just now, not because she was nervous about his accident, but because she didn't want him to fall in front of her, and took the opportunity to trouble her, saying that she knocked him down.

After all, it's not that this couple can't do such a thing.

Seeing that Rong Shu didn't speak, he was in too much pain. Gu Yaotian was not in the mood to argue with Rong Shu any more, so he quickly asked Mrs. Gu to help him go, and first went to the doctor to take off the painkillers or something.

Although Mrs. Gu still wanted to teach Rong Shu some lessons and vent her inner anger.

But she wasn't someone who didn't know the importance. After giving Rong Shu a hard look, she helped Gu Yaotian away.

Gu Yaotian is the only pillar of the Gu family, if something happens to Gu Yaotian.

Then she is a woman, and she will definitely be eaten and wiped clean by the old foxes in the group, and she can't keep the property of the Gu family.

Mrs. Gu helped Gu Yaotian away.

Because he left too quickly, he didn't notice that Gu Manqing stayed.

Gu Manqing and Rong Shu stood face to face, "Miss Rong, I really didn't expect that Gu Manyin would jump off the building and die.

"What came out, "You seem very happy?"

Gu Manqing covered her lips and smiled.

That action was almost exactly the same as the smiles of those young ladies in the circle.

It seems that during this period of time, she has made a lot of friends with the ladies in the circle, and her words and deeds have become more elegant.

All in all, Gu Manqing now has a little bit of her rustic, humble and reserved appearance when she first came to the sea market, and her whole person has become graceful and radiant. It is not an exaggeration to say that she has never lived in the countryside.

"Of course I'm happy." Gu Manqing put her arms around her arms and admitted her current mood without hesitation, "You saw my mother just now, although Gu Manyin has cut ties with her parents, it doesn't mean that her father Mom's feelings for her have also been completely cut off, so as long as Gu Manyin is alive, her parents' feelings for her will always exist. Maybe after she is released from prison, her parents will still feel bad for her and take her back home again. Now that Gu Manyin is dead, I don't have to worry about this anymore, do you think I can be unhappy?"

Hearing her words, Rong Shu narrowed her eyes, then smiled meaningfully, "Really? , I'm afraid I'll disappoint you."

Gu Manyin, she wasn't dead yet.

"What do you mean?" Gu Manqing looked at the smile on Rong Shu's face, her heart stunned, and she had an inexplicable bad premonition.

Rong Shu flipped the hair by her ear, "It's nothing, you'll find out later."

"You..." Gu Manqing was about to ask what Rong Shu was hiding when she suddenly saw two figures walking behind her. After frowning, he swallowed what he was going to say.

Behind Rong Shu, Fu Jingting answered the phone and returned with Assistant Zhang.

Assistant Zhang was the first to notice Gu Manqing's figure, his face condensed, and reminded the man beside him who was looking at his phone, "Mr. Fu, Li Zhaodi."

Hearing the name, Fu Jingting hurriedly put down the phone and looked in the direction of Rong Shu.

Seeing that Rong Shu and Gu Manqing were standing together, they were talking, and Gu Manqing's face was still a little bad, and her heart suddenly tightened.

"Rong Shu!" Fu Jingting called out to Rong Shu, then quickened his pace.

Seeing that he was coming faster, Gu Manqing knew that he was worried about what she would do to Rong Shu, so she quickly moved her feet and stepped back, "Since Miss Rong refuses to say why I am disappointed, then I will check it myself, okay? Miss Rong, Mr. Fu is here, I won't bother you anymore, I'll say goodbye."

After she finished speaking, she turned around and left quickly.

As soon as her figure disappeared, Fu Jingting came to Rong Shu's side, grabbed Rong Shu's shoulder, and looked her up and down for a while, the concern in his eyes did not hide the concern, "Are you okay? Did she treat you? What are you doing?"

Rong Shu shook her head, "No, we just said something."

"What?" Fu Jingting was slightly relieved to see that she didn't seem to be in trouble, and took his hand away.

Rong Shu pursed her red lips and replied, "We talked about Gu Manyin, didn't you say that the person who died wasn't Gu Manyin, so I was wondering, who helped Gu Manyin escape, and who replaced it? Gu Manyin arranged a stand-in. After all, Gu Manyin was in the ward and was monitored by the police, and she didn't have any electronic equipment around her. If someone hadn't helped her, she wouldn't have been able to do this alone, and I suspected it first. It's the three of the Gu family."

"Ms. Rong is right." Assistant Zhang touched his chin and said, "Especially Gu Yaotian and his wife, Gu Yaotian and his wife have feelings for Gu Manyin, so in order to save Gu Manyin, planning all this is also possible. It's not impossible."

Rong Shu nodded, "Yes, that's why I doubted the Gu family. I talked to Li Zhaodi just now, and Li Zhaodi wanted Gu Manyin to die, so she wouldn't be the one who helped Gu Manyin, as for Gu Yaotian. Husband and wife, I have also rejected it now."

"Oh?" Fu Jingting raised his eyebrows and quickly guessed the reason, "Have you met Gu Yaotian and his wife?"

She had met Li Zhaodi and talked to Li Zhaodi, only to be sure that Li Zhaodi did not help Gu Manyin. .

In the same way, she must have met Gu Yaotian and his wife, and said something to Gu Yaotian and his wife, so she said that it was not Gu Yaotian and his wife.

Rong Shu was not surprised that Fu Jingting could guess this, after all, it was easy to think of it, and she replied with a sigh, "Yes, when you went to answer the phone, Gu Yaotian and his wife came. Mrs. Gu cried very sadly, Gu Yaotian Although his mood was better, I still saw the grief in his eyes. It was definitely not from the show. They really thought that Gu Manyin was the one who jumped off the building and died, so it was absolutely impossible to help Gu Manyin leave. It's them."

"So that's the case." Fu Jingting raised his chin, "But now we are here to guess who helped Gu Manyin, it doesn't make any sense. Specifically, it depends on the information from the police. They are 24 hours a day. Monitoring Gu Manyin, you must know that the people who visited Gu Manyin this month and helped Gu Manyin must be among these people."

"That's right." Rong Shu twitched the corners of her mouth.

"Let's go, advanced hospital, Lin Tianchen's identification results should be almost out." Fu Jingting raised his wrist and looked at his watch.

Rong Shu had no objection. She turned her head and glanced at the place where the corpse had fallen. She couldn't help shivering when she saw the pool of blood that had not yet been cleaned up.

At this moment, a hand reached out and covered her eyes, "Don't look at it."

Then, the hand directly pulled her head back, "Aren't you afraid?"

"It's okay." Rong Shu He took Fu Jingting's hand from his eyes, "The body has been removed, and only this pool of blood is left, so apart from some discomfort, it's not as scary as before.

" Nightmare." Fu Jingting put his hand down.

Rong Shu stopped talking and followed him, ready to find Lin Tianchen.

Suddenly, her phone rang.

She took out her mobile phone as she walked, and after taking it out, the word Lu Qi was constantly jumping on the screen.

"It's Aqi." Rong Shu didn't answer the phone immediately, but looked at the man beside her and said something subconsciously.

Chapter 523 Fu Jingting's Pleasure

Fu Jingting felt a little uncomfortable when he saw Lu Qi calling.

But when I heard her words now, my mood suddenly improved.

She would take the initiative to tell him who the caller was, because she didn't want him to misunderstand anything.

Although, she didn't know it herself.

"Go ahead." Fu Jingting slowed down, "I should have seen the news of Gu Manyin's suicide, so I called you specially."

"I think so too." Rong Shu nodded, answered the phone, and opened the phone. Amplify.

Sure enough, Lu Qi's loud voice came, "Baby, have you seen the news on the Internet, Gu Manyin committed suicide, is this true or false?"

"Really!" Rong Shu opened her mouth and replied, "The police called me, Gu Manyin did commit suicide by jumping off the building, and I'm at the scene right now."

"Hey..." Lu Qi gasped, "It's actually true! I thought it was deliberately released by the media. I didn't expect Gu Manyin to commit suicide!"

"Yeah, no one thought of this." Rong Shu rubbed her brows.

Lu Qi asked again, "Baby, how is the situation at the scene?"

Hearing his baby, Fu Jingting frowned immediately.

It seems that we have to find an opportunity to make Lu Qi change his words.

Rong Shu didn't see the unhappiness of the man beside him, and replied in a low voice, "The police are still investigating the reason for Gu Manyin's suicide by jumping off the building. The rest are not yet clear."

"Yes, then I'll come to accompany you." Lu start talking.

Fu Jingting pursed his thin lips.

Rong Shu saw it now, and shook her head at the other end of the phone, “No, Aqi, Fu Jingting is here, so you don’t have to come here.”

Hearing this, Fu Jingting’s thin lips instantly changed from a straight line to an upturned arc.

Seeing his obvious change in expression, Rong Shu somehow felt a little funny, and there was indeed a smile in his eyes.

And Lu Qi was unhappy, and his voice became a little sharper, “What? Fu Jingting is also with you? It’s so late, why are you with him?”

“Grandma asked him to take me back, and I drank at night. I can’t drive because of alcohol, so I agreed, and then I received a call from Gu Manyin to commit suicide, so I came over with him.”

Having said that, Rong Shu saw the elevator in front and continued, “Okay. Ah Qi, I’m going into the elevator, I’ll talk about it tomorrow.” After

that, she hung up the phone and walked into the elevator.

Seeing her come in, Fu Jingting put down the hand blocking the elevator door, “Why didn’t you tell him that the one who committed suicide by jumping off the building wasn’t the real Gu Manyin?”

“No need.” Rong Shu shook her head, “It wasn’t Gu Manyin who jumped off the building. Only the three of us and Dr. Lin know about this matter. At present, the police don’t know about it, so the less people who know about it, the better, and after Lin Tianchen finishes the identification and confirms that the body is indeed not Gu Manyin, the police will also know. Now, at that time, the police would block the news and wouldn’t let us spread the word, so it doesn’t make sense to tell Ah Qi.”

“You are quite thoughtful.” Fu Jingting praised.

Rong Shu smiled, “Thank you.”

“No need.” Fu Jingting replied, and then he thought of something and looked at her deeply, “Also, I was very happy just now.”

“Huh?” Rong Shu was stunned. After a while, “What are you happy about?”

Fu Jingting smiled and said nothing.

Rong Shu tilted his head, feeling that he was a little inexplicable.

But since he didn't want to say it, she naturally wouldn't force it.

Soon, the appraisal room arrived.

Lin Tianchen is still in the appraisal room and has not come out yet.

When Rong Shu and Fu Jingting arrived, there was only Officer Chen outside, walking around anxiously.

"Officer Chen." Rong Shu shouted.

Officer Chen stopped, "You are here."

"Officer Chen, what's the matter with you?" Rong Shu asked.

Officer Chen was a little hesitant at first, but then he thought that Rong Shu was Gu Manyin's accuser, so he stopped hiding it and told him what was bothering him, "That's right, when Dr. Lin entered the appraisal room just now, he told me something about me makes me feel shocked and angry."

"It wasn't Gu Manyin who committed suicide." Fu Jingting said with his thin lips lightly raised.

"Yes, yes." Officer Chen nodded quickly, then looked at him and Rong Shu in surprise, "How do you know?"

"When Lin Tianchen did the preliminary autopsy, he already realized that something was wrong." Fu Jingting explained in a low voice.

"So that's what happened." Officer Chen was stunned, let go of his doubts, and sighed with a serious face, "Now Dr. Lin is doing a DNA comparison, if the final result comes out and it's really not Gu Manyin who committed suicide, then this matter is serious, Gu Manyin ran away, it's not easy to find her, she has a grudge against Miss Rong, I'm afraid she will retaliate against Miss Rong, and at the same time slap our police in the face!"

Not a slap in the face what.

Gu Manyin was able to leave under the surveillance of their police, and even got a stand-in, but the police didn't notice it, and the outside world would definitely say that the police were incompetent.

The reputation of their police in the outside world, as well as the credibility and reliability of the public, will definitely be greatly affected.

And above, they will not let them go.

“So, if the corpse is really not Gu Manyin, we must find Gu Manyin quickly and control the person.” Officer Chen clenched his fists and said with a gloomy expression.

Rong Shu nodded, “That’s right.”

If you don’t catch Gu Manyin soon, it will be even more difficult to catch him in the future.

And Gu Manyin will definitely take revenge on her, and since Gu Manyin is hiding in the dark and wants to take action against her, she is absolutely unable to guard against it.

Seeing the worry in Rong Shu’s heart, Fu Jingting stretched out his hand and smoothed her frown. His voice was soft but serious, “Don’t be afraid, I will protect you and won’t let her have a chance to shoot at you.”

Rong Shu looked at him, her face blushed involuntarily, and then she quickly turned her head away and didn’t speak.

She pressed her chest, whose heart was beating so fast, her eyes full of blankness.

Strange, isn’t it just an ordinary sentence, why is my heartbeat so fast?

Also, when you look at him, what are you panicking about?

Fu Jingting looked at the tips of Rong Shu’s flushed ears, smiled slightly, looked at Officer Chen, and changed the subject.

He knew that if she didn’t change the subject quickly, she didn’t know how long she would stay in the shell.

“Officer Chen, do you have the record of Gu Manyin’s visit this month, as well as the surveillance?” Fu Jingting asked with narrowed eyes.

Officer Chen nodded, “Of course there is. When I knew that the body might not be Gu Manyin, I thought that someone helped Gu Manyin, so I immediately asked someone to sort out the information, I believe it will be brought over soon.

” Very good.” Fu Jingting replied with satisfaction.

Rong Shu also glanced at Officer Chen in surprise.

But he is a veteran police officer of more than ten years, with such strong adaptability.

While speaking, the door of the appraisal room opened, and Lin Tianchen came out with the results.

When the three saw him, they immediately walked over.

“How is it?” Fu Jingting asked first.

Officer Chen and Rong Shu also stared at Lin Tianchen.

Lin Tianchen handed over the documents in his hand, pushed his glasses and said solemnly, “As I said at the beginning, the corpse is not Gu Manyin.”

Although I already knew the result and prepared my heart, when I really heard that it wasn't Gu Manyin, it was still unacceptable.

In particular, Officer Chen, with his brows furrowed, could have killed a mosquito.

Because Gu Manyin escaped from the shell under the surveillance of his police officers, he, as the captain, was directly responsible.

If Gu Manyin could not be found in the end, then he had to take off his police uniform.

Chapter 524 Gao Meiling and Meng Ke

“Do you know the identity of the deceased?” Fu Jingting asked coldly.

This is the most important question right now.

Lin Tianchen rolled his eyes, “I don't know right now. I intercepted the fingerprints of the corpse, and then I searched the fingerprint database and found no match, so you need to check the identity of the deceased yourself.”

“Definitely not . It's so good to check.” Rong Shu bit her lower lip and said.

She had seen the face of the corpse with her previous glance.

The face of the corpse was completely invisible, and now Lin Tianchen couldn't find out the identity of the deceased based on the fingerprints of the deceased, so it was even more difficult to find the identity of the deceased.

At this moment, a police officer ran over quickly with a stack of documents, “Captain, Gu Manyin's visitation records have been counted.”

As soon as these words came out, everyone's eyes fell on this police officer. information in the hands of the staff.

“Give it to me.” Fu Jingting strode his legs and took the document first.

Rong Shu hurried over, stood beside him, put his head close, and read with him.

The information was not thick, only two pages.

The first page is full of Mrs. Gu's visit records, occasionally interspersed with Gu Yaotian's, there is nothing worth investigating.

Fu Jingting immediately turned the page and looked at the second page.

This page is still the same as the first page.

But seeing the last few records at the end of the page made Fu Jingting and Rong Shu frown.

"Gao Meiling? And Meng Ke?" Rong Shu was surprised, "Why did they come to watch Man Yin?"

And the time was just two days ago.

Fu Jingting narrowed his eyes slightly, "Officer Chen, there must be something wrong with these two people. It is very likely that they helped Gu Manyin."

"I understand what President Fu means, and I will arrange for someone to bring them over in a while." Officer Chen said after taking the information he handed over.

Fu Jingting hummed, then looked at the police officer just now, "Are there any Gao Meiling and the others coming to watch Man Yin's surveillance?"

"Yes." The police officer nodded.

Lin Tianchen said, "Go to my office to see, there are computers and projectors."

Everyone naturally agreed.

When he came to Lin Tianchen's office, the policeman connected his computer and projected it on the big screen.

Fu Jingting walked to the sofa and sat down, patted the seat next to him, and said to Rong Shu, "Come here, sit here, it's beautiful here!"

Rong Shu's mouth twitched.

It's not about watching movies, but also about a good location.

Although she thought so, she walked over and sat down beside Fu Jingting.

Fu Jingting saw her being so obedient, and the corners of his lips were raised.

And the people around him can feel his good mood.

The video started playing. The first thing that played was the scene of Gao Meiling and Meng Ke visiting Gu Manyin for the first time.

After seeing Gao Meiling and Meng Ke entering Gu Manyin's ward, Rong Shu came out after half an hour, and then left.

During this period, nothing happened.

Fu Jingting frowned and asked, "Why is there only surveillance outside the ward, not inside?"

Officer Chen sighed and explained, "That's right, although Gu Manyin is a criminal, her right to privacy has not been deprived, so our police only The surveillance can be installed outside, but not in her ward, so we don't know everything in the ward."

Fu Jingting pursed his thin lips and said nothing.

Soon, the second video starts playing.

This is the last visit and surveillance of Gao Meiling and Meng Ke.

This time, Rong Shu found the problem.

That is, Gao Meiling entered Gu Manyin's ward with a very bad face, and Meng Ke next to her was also very strange, wearing a hat and mask, and lowered her head the whole time, looking timid and frightened.

Seeing this, Rong Shu's back was obviously much straighter, and her expression became much more serious.

The same is true for Fu Jingting, staring at the video without knowing what to think.

In the video, after Gao Meiling and Meng Ke entered Gu Manyin's ward, they did not come out after half an hour as in the first video.

But less than ten minutes after entering, the two came out.

After that, the two never came to visit Gu Manyin again.

"The situation is very clear now." Lin Tianchen watched the video and sneered, "When Gao Meiling first went to see Gu Manyin, Gu Manyin must have used something to threaten Gao Meiling and asked Gao Meiling to help her, so The second time, when Gao Meiling went to see Gu Manyin, her face was very ugly."

“So, it was Meng Ke who jumped off the building in place of Gu Manyin?” Assistant Zhang exclaimed.

Fu Jingting lightly opened his thin lips, “No.”

“No?” Assistant Zhang was surprised.

Rong Shu nodded, “I don’t think so either, Meng Ke is also a wealthy family daughter, how dare Gu Manyin let Meng Ke jump off the building instead of her, so in the second video, Meng Ke wearing a hat and mask is definitely not the real one. Meng Ke, someone else who registered with Meng Ke’s identity information.” “That’s right, Gu Manyin

or Gao Meiling should have promised that person something, so that person was willing to die, so he finally left the ward with Gao Meiling. , that is Gu Manyin, and the person who jumped off the building instead of Gu Manyin stayed in the ward.” Fu Jingting tapped his fingers on his knees and said in a cold voice.

Officer Chen angrily slammed his fist on the wall, his face was very ugly, “They are playing with people’s lives!”

“So now, Officer Chen, you can have Gao Meiling and Meng Ke be brought over. As for Gu Manyin... ..”

“Wanted in the whole city!” Lin Tianchen spat out four words.

Fu Jingting nodded, “She should still be in Haishi now, and she must be found as soon as possible.”

“You are right, I will ask my superiors now.” Officer Chen took out his mobile phone.

Fu Jingting hummed, “It’s getting late, so let’s go first.”

The rest of the work is for the police.

As for them, don’t have to stare at them all the time.

“Okay, I will contact you as soon as I have news.” Officer Chen nodded in response.

Fu Jingting stood up and stretched out his hand towards Rong Shu, “Let’s go, go home.”

Rong Shu looked at his hand, didn’t put it up, and stood up by herself, “You are wrong, you sent me back to my house, Instead of going home!” The

word “going home” sounds so misleading.

I don't know, I thought it was going back to the two of them's home.

Fu Jingting saw that Rong Shu would not let him help him, so he smiled helplessly and put his hand down.

After saying goodbye to Lin Tianchen, the three walked out of his office and walked towards the elevator.

Soon, the three got out of the elevator and came to the hospital lobby.

The three members of Gu Yaotian's family were also in the hall.

Gu Yaotian sat on the sun lounge in the hall with his head down, his whole body exuding a sad atmosphere.

Mrs. Gu, sitting beside him, covered her face and couldn't stop crying.

Even Gu Manqing was holding her phone, her eyes were red, and she was holding back something.

Seeing this, Rong Shu raised her eyebrows, "Could it be that Gu Yaotian's condition is worse?"

"How can you be sure? Isn't it because of Gu Manyin?" Fu Jingting turned to look at her.

Rong Shu pouted towards Gu Manqing, "If it was because of Gu Manyin, she would definitely not show such an expression, so it is only possible if Gu Yaotian's condition worsens."

"It makes sense." Fu Jingting raised his head jaw.

Over there, the three of Gu Yaotian heard the footsteps and raised their heads one after another. After seeing the three of Rong Shu, their faces were all shocked.

They thought it was only Rong Shu who came.

Unexpectedly, Fu Jingting was also there.

That's right, now Fu Jingting is revolving around Rong Shu wholeheartedly, wherever Rong Shu is, he will definitely follow him.

But that's what made Madam Gu even more unacceptable.

She stood up abruptly and shouted to Fu Jingting with red eyes, "Fu Jingting, Manyin is dead!"

Fu Jingting did not expect that Mrs. Gu would take the initiative to talk to him and stopped.

Rong Shu and Assistant Zhang also stopped.

Fu Jingting looked at Madam Gu coldly, "Then what?"

"Don't you feel a little sad?" Madam Gu asked angrily, holding her heart.

Fu Jingting sneered at the corner of his mouth, and said in a cold and indifferent voice, "No, I wish she died!"

"What?" Mrs. Gu was shocked when she heard his words, and her body shook twice.

Fortunately, Gu Yaotian stood up in time and supported her, "Fu Jingting, you are too heartless to say that, right? Manyin had a relationship with you, and now that Manyin is dead, you say things like this, you... You are simply not human!"

"I'm heartless?" Fu Jingting's face sank, and his whole body was cold, "Rong Shu and I used to be pen pals, as long as we meet, we will be together and become a loving couple, but Gu Gu What did Manyin do? She pretended to be Rong Shu, met me in her place, and let people treat me..."

After speaking, his tone suddenly paused, a trace of complexity flashed in his eyes, and then he said, "If Without what Gu Manyin asked people to do, do you think I'd be with her? I wouldn't even look at her!"

What do you mean?

Rong Shu squinted and looked at Fu Jingting suspiciously.

What he said just now, he said that Gu Manyin had someone do that to him, that's why he was with Gu Manyin.

That thing, what is it?

Rong Shu turned to look at Assistant Zhang.

Assistant Zhang saw what she wanted to know, his eyes panicked, and he turned his head immediately, avoiding her eyes.

And this made Rong Shu feel more uncomfortable.

Weird!

What are these two people hiding from her?

“You...you...” Gu Yaotian and his wife were obviously so annoyed by Fu Jingting’s words that they were speechless.

Fu Jingting took his eyes back, didn’t intend to pay any attention to them, and said to Rong Shu, “Let’s go, don’t waste time with these people.”

“Well.” Rong Shu nodded.

She didn’t ask what he was hiding just now.

She knew in her heart that since he deliberately kept his mouth shut, then obviously he wouldn’t say anything if she asked.

So, naturally there is no need to ask.

Before coming to the car, Assistant Zhang took out the car key and unlocked the door.

After unlocking it, he originally wanted to open the back seat door for Fu Jingting and Rong Shu.

As a result, as soon as he stretched out his hand, Fu Jingting put his hand on the door handle first, opened the door, and said, “Get in the car.”

Rong Shu was not polite, and bent over to get in the car.

Because she was so cold.

The body is fine, although it is cold, it is still acceptable.

The only thing she really couldn’t do was her feet.

Because to attend the old lady’s birthday banquet, you have to wear a dress, and the dress must be matched with exquisite high heels.

This kind of high-heeled shoes has no winter, so her feet began to be cold from the moment she put on the high-heeled shoes, and it has been cold until now, and now she feels nothing.

“Drive.” Seeing that Rong Shu got into the car, Fu Jingting turned his head and instructed Assistant Zhang behind him.

Assistant Zhang shrugged his shoulders, then took two steps forward and opened the driver's door.

Fu Jingting was the last to get on the bus.

After he got up, he knocked on the driver's seat, "Turn on the heating."

He knew from the beginning that Rong Shu was cold.

Her little face was cold and red, and her body shrunk together.

And just now, he saw her stomping her feet coldly.

"Yes, Mr. Fu." Assistant Zhang responded before turning on the heater.

The heating rose quickly, and after a while, the car warmed up, dispelling the chill in the car.

Rong Shu's tense body slowly relaxed.

At this moment, Fu Jingting unbuttoned his suit and suddenly said to Rong Shu, "Take it off."

"Pfft!" Assistant Zhang almost choked on his own saliva.

And Rong Shu was stunned, looking at Fu Jingting in astonishment.

what did he say?

take off?

What to take off?

The clothes are still...

Suddenly he remembered that he was just unbuttoning his own buttons, so he meant to let her take it off, it was also the clothes!

Does he want to be in the car with her...

Thinking of this, Rong Shu's face blushed, and she felt embarrassed and angry, her fists clenched in anger, "Stop!"

she shouted loudly.

Unexpectedly, he is actually a virtuous guy.

Originally, she felt that he was so late and had been with her, feeling somewhat guilty and grateful.

But in the end, he actually wanted to be with her in the car... The more he thought about it, the more angry he became, Rong Shu patted the seat, "I said stop, did you hear me!"

Hearing the anger in her tone, Assistant Zhang quickly put the The car stopped.

Fortunately, at midnight, there are no cars on the road, so I'm not afraid of accidents when I stop.

Fu Jingting looked at Rong Shu with a bad face, and asked with some doubts, "What's wrong?"

Rong Shu laughed angrily.

What's wrong?

And the face asked her what happened?

Rong Shu looked at Fu Jingting coldly and contemptuously, put her hand on the doorknob, and was about to open the door and get out of the car.

When Assistant Zhang saw this, he quickly explained with a light cough, "Mr. Fu, Miss Rong has misunderstood you.

"

Assistant Zhang had no choice but to say again, "It's yours to take off! You mean take off, it should mean something else, but Miss Rong seems to have misunderstood you and asked her to take off her clothes, and then..."

Hear this , Fu Jingting suddenly realized where he was wrong.

He has always liked to express something in the simplest terms.

But it didn't take into account that sometimes the words are too simple and it is easy for people to misunderstand the meaning.

After rubbing his temples, Fu Jingting, who knew that he was wrong, grabbed Rong Shu's hand and stopped her from getting out of the car, "I'm sorry, I didn't express it clearly. Fall."

"Shoes?" Rong Shu was stunned.

Fu Jingting hummed.

“Why?” She looked at him blankly.

Fu Jingting didn't explain, just bent down, grabbed her ankle, and lifted one of her feet up.

Following his movements, Rong Shu's body also automatically faced him, and finally leaned his back against the car door.

“What are you doing?” Rong Shu asked in a panic, and kicked her feet along, trying to pull them back from his hands.

But Fu Jingting squeezed her ankle tightly, then bent down again, grabbed the ankle of her other foot, lifted it up, and put it on his lap.

“you.....”

“Don't move!” Fu Jingting pressed her foot down with a little force, signaling her not to move.

Rong Shu really didn't dare to move, because she was afraid that she would kick him and kick him accidentally, and then she couldn't bear the responsibility.

Seeing that Rong Shu was quiet, Fu Jingting relieved the force on his hands a little, then put his hands on the heels of her shoes, took off the silver-white high-heeled shoes on her feet, and put her two feet into his own. in clothes.

Rong Shu was completely stunned, until her cold feet gradually felt the temperature return to the cage, and she finally came back to her senses. She opened her mouth, and after a while, she said, “Fu Jingting, you...”

“This way you won't feel My feet are cold.” Fu Jingting looked at Rong Shu and cut off her words gently.

Rong Shu felt an indescribable feeling in her heart, some sour, some astringent, and sweet.

She looked at him with slightly red eyes, “Why do you do this? You don't have to do it, do you?”

Fu Jingting chuckled, “Do you need any reason to keep your loved one warm?”

Chapter 526: Three Years

“...” Rong Shu’s heart thumped, her face became hot, and she lowered her head and did not speak.

Fu Jingting’s smile grew thicker when he saw this, and he hugged her feet tighter.

Rong Shu could feel her feet touching his hard abdominal muscles.

Rong Shu was very uncomfortable and shrank her feet back.

“Don’t move!” Fu Jingting held her feet down to prevent her from retracting.

Rong Shu’s body froze, “That...you should let me go, I’m not used to you!”

“So you have to learn to get used to it.” Fu Jingting looked at her and said.

Rong Shu blinked and asked subconsciously, “Why?”

Fu Jingting lightly opened his thin lips and replied, “Because I have to do a lot of similar things to you in the future, so what should you do if you are not used to it?”

Rong Shu blushed. “It’s as if I will accept whatever you do to me in the future.”

“I will try my best to make you accept it.” Fu Jingting smiled, “By then, we must be together.”

Rong Shu bit Lips, his voice was a little dull, “You think too much, I will not be with you.”

Fu Jingting’s eyes dimmed for a moment, and soon returned to normal, thin lips hooked and said, “What will happen in the future, who will it be? I know, but...”

“What?” Rong Shu looked at him.

Fu Jingting replied, “Do you still remember a bet we played before?”

Rong Shu’s eyes flashed, and she hummed, “I remember.”

Before, he said to get her back, but she was very resistant at that time.

Then he made a bet on whether he would make her fall in love with him again.

At that time, her answer was no, and not in her entire life.

“So why are you talking about this now?” Rong Shu’s eyes were filled with confusion.

Fu Jingting seemed to have thought of something, and lowered his eyelids to hide the gloom in his eyes, “I want to change the betting contract now.”

“Change the betting contract?” Rong Shu was slightly stunned.

Fu Jingting nodded slightly, “Yes, change the bet contract. The bet contract I proposed before has no time limit, so this time, I want to add another time, how about three years?”

He raised three fingers.

Rong Shu frowned, “Why three years? Does this time have any special significance?”

Generally speaking, a time that can be used as an appointment must have some meaning.

The betting contract is also a different kind of contract.

So she never believed that the three-year time he proposed was just casual.

Otherwise, why didn't he say one year or five years, he had to say three years.

Fu Jingting didn't expect Rong Shu to be so sensitive, and immediately guessed that the three years he proposed had a special meaning, and couldn't help but smile indifferently, “It doesn't have any special meaning, I just think this time is suitable, not short, but not too long. “

Really?” Rong Shu narrowed her eyes, obviously a little disbelieving.

And her gut instinct told her otherwise.

He didn't tell the truth.

Fu Jingting nodded, “Really! So Rong Shu, how about we take three years as a bet? In these three years, I will do everything possible to make you fall in love with me and be with me again, so I hope you don't resist. My pursuit of you, if you really think that you will not fall in love with me, you should not be afraid of my pursuit, because no matter how I pursue, you will never fall in love with me, right?”

Rong Shu pursed her lips.

I don't know if it's an illusion.

How did she feel that his words had a kind of aggressive taste?

“Rong Shu, what's your answer?” Fu Jingting saw that she didn't speak, his eyes flashed slightly, and he spoke again.

Rong Shu lowered her eyes and struggled for a few seconds, and finally nodded, "Okay, then let's bet."

No matter what he just said, whether he was deliberately provoking her or not.

But one thing, he was right.

That is, she firmly believes that she will not fall in love with him, so no matter what he pursues, it will be futile in the end.

Therefore, she naturally does not have to resist his pursuit too much, after all, in her opinion, she will not be tempted.

"Since you agreed, then this bet..."

"Wait a minute." Rong Shu suddenly raised her hand and interrupted Fu Jingting.

Fu Jingting looked at her, "What's the matter?"

"You haven't said yet, if three years are over and I don't fall in love with you, what should I do with this bet." Rong Shu asked.

Fu Jingting's thin lips moved slightly, "If three years have passed, and you haven't fallen in love with me, then this bet will naturally be gone, I will let you go, really let go, not this time it will only last a few days and then go back on it. I won't go back on this, but if you fall in love with me, shall we get married?"

Rong Shu squeezed her palm, not knowing how to answer.

But seeing the expectation and encouragement in his eyes, she suddenly had an answer in her heart, and then nodded, "Okay! In the end, I really fall in love with you, I will be with you and marry you!"

Fu Jingting The curvature of the thin lips deepened, "It seems that I can prepare for our wedding."

She has fallen in love with him, but she hasn't noticed it yet.

So next, he just needs to slowly guide her to realize the true feelings in his heart and accept it.

Rong Shu didn't know what Fu Jingting was thinking. Hearing that he could prepare for the wedding, the corner of his mouth could not help twitching, "You seem very confident that I will fall in love with you."

"Of course, because you gave me confidence." Fu Jingting looked at her and said meaningfully.

Rong Shu frowned, "What do you mean?"

Fu Jingting smiled and changed the subject, "Sleep for a while, I think you're a little tired, I'll call you in Repulse Bay."

"No, I'm not sleepy." Rong Shu shook his head.

Soon, however, she slapped herself in the face.

During the more than a minute of waiting for the traffic light, she leaned against the car door, and a huge sleepiness hit her, which made her eyelids heavy and kept pressing down.

So in the end, her eyelids got heavier and heavier, she couldn't hold on anymore, she closed her eyes and fell asleep.

Fu Jingting looked at her head shaking little by little with the body, his eyes filled with a doting smile.

"Really, why are you being so stubborn, isn't it bad to be honest?" Fu Jingting stretched out his hand, touched Rong Shu's face lightly, and whispered.

Rong Shu seemed to be a little uncomfortable when he touched her, so she couldn't help frowning and snorting twice.

Fu Jingting didn't bother her anymore, and took his hand back, "Go to sleep."

She was really tired.

After a busy day in Tiancheng during the day, he went to a banquet at night, and drank a lot of alcohol. In the end, Gu Manyin committed suicide by jumping off the building, which made his spirits tense.

All in all, this day has never been calm, so it's no wonder she's not tired.

Even he himself felt a little tired at this moment.

Fu Jingting rubbed his temples and instructed Assistant Zhang in the driver's seat, "Hurry up."

"Yes." Assistant Zhang responded and increased the speed.

Soon, Repulse Bay arrived.

Assistant Zhang parked the car under the building, unbuckled the seat belt, got out of the car, went to the back seat, and opened the back seat door.

Fu Jingting was bending over to put on shoes for Rong Shu.

Assistant Zhang stood outside the car, "Mr. Fu, do you want to wake up Miss Rong?"

"No." Fu Jingting shook his head slightly, his eyes falling on Rong Shu's peaceful face.

Such a beautiful sleeping face, how could he be willing to wake up.

"Come and hug her." After Fu Jingting put on Rong Shu's shoes, he turned to look at Assistant Zhang.

Assistant Zhang pointed at himself in surprise, "Me?"

"Otherwise?" Fu Jingting raised his hanging left arm.

If his arms are good, will he let other men hug the ones he loves?

Thought and knew it was impossible.

Chapter 527 Gao Meiling's Handle

Assistant Zhang touched his nose and smiled shyly, "I'm not afraid that Mr. Fu will be jealous of you?"

Fu Jingting pursed his thin lips, "Stop talking nonsense, hug or not?"

"Hold! Of course!" Assistant Zhang quickly replied .

Then, after Fu Jingting got out of the car, he quickly bent down and carried Rong Shu out of the car.

Fu Jingting looked at Rong Shu leaning on Assistant Zhang's arms, not feeling jealous.

But there is no way, his hand can't hold her!

Fu Jingting looked at his hanging left arm, feeling helpless for a while, "Make an appointment with an orthopaedic doctor for me tomorrow."

He needs to know when his left arm will heal.

As Fu Jingting's confidant, Assistant Zhang immediately understood the reason when he heard what he said. The corners of his mouth twitched and he replied, "Okay, Mr. Fu." Fu

Jingting stopped talking, closed the car door, and walked forward.

Assistant Zhang followed behind with Rong Shu in his arms.

Along the way, Assistant Zhang walked very hard.

Because he has to pay attention anytime and anywhere, not to touch other parts of Rong Shu.

Otherwise, it will definitely attract the cold eyes of President Fu.

A few minutes later, Rong Shu's apartment arrived.

Fu Jingting knew the password of her apartment and opened the door smoothly.

Assistant Zhang hugged Rong Shu and quickly walked towards the bedroom.

After putting Rong Shu on the bed, Assistant Zhang breathed a sigh of relief, only to feel relieved.

"You can go out." Fu Jingting sat down beside Rong Shu's bed, took off her shoes, and threw a word to Assistant Zhang indifferently.

Assistant Zhang rolled his eyes in his heart, but still replied respectfully, "Okay, Mr. Fu, then I'll go first."

Throw it away when you're done, talking about Mr. Fu.

Moreover, Mr. Fu's tone was obviously unfriendly to him, and it was obvious that he was angry that he had just hugged Miss Rong.

Assistant Zhang felt a little aggrieved.

Mr. Fu is too unhuman.

Obviously he let him hold him, and now he is still angry.

Sure enough, it's cloudy!

"Come pick me up tomorrow morning." Fu Jingting gently lifted Rong Shu's feet onto the bed and said again.

Assistant Zhang was surprised, "Mr. Fu, do you want to stay?"

Fu Jingting covered Rong Shu with a quilt and hummed, "Is there any problem?"

"Of course not, then I'll be here at seven o'clock tomorrow morning." Assistant Zhang looked Glancing at his watch, he said.

Fu Jingting nodded slightly, "Remember to bring breakfast."

"Don't worry, Mr. Fu." Assistant Zhang rolled his eyes and turned to go out.

After he left, Fu Jingting got up and went to the bathroom, got a hot towel out, and wiped Rong Shu's face and hands.

After doing this for her, he went to wash himself.

After washing up, he hugged Rong Shu to sleep.

At seven o'clock the next morning, Fu Jingting woke up on time, lowered his head and kissed Rong Shu's face, lifted the quilt, got out of bed, and walked out of the room lightly.

He walked quietly and silently, if it wasn't for the sunken pillow beside Rong Shu, and the temperature that didn't dissipate where he lay, as if he had never been here before.

"Mr. Fu." Fu Jingting opened the door of the apartment. Assistant Zhang was standing outside the door with breakfast in his hand, greeting him with a smile.

Fu Jingtingli ignored him and closed the door after taking breakfast.

Assistant Zhang looked at the re-closed door in front of him, touched the tip of his nose swept by the door wind, and couldn't help sighing in his heart.

Workers are pitiful.

I bought breakfast early in the morning, and I didn't get a good face.

In the next life, he will also be the boss, and let President Fu be his assistant!

In the living room, Fu Jingting put breakfast on the dining table, then tore a note, wrote a sentence on it, and pressed the note under the milk carton.

Immediately afterwards, he raised his head and looked in the direction of Rong Shu's bedroom, then put down the pen and walked towards the entrance again.

Seeing Fu Jingting open the door so quickly, Assistant Zhang couldn't help but be a little surprised, "Mr. Fu, don't you have breakfast?"

"No, eat it in the office, let's go." Fu Jingting changed his shoes and walked out the door.

Assistant Zhang didn't say anything, followed behind him and walked towards the elevator.

After entering the elevator, Fu Jingting rubbed his brows and asked in a cold voice, "Is there any result from the police?"

"There is already a result. I asked about it on the way in the morning." Speaking of business, Assistant Zhang's expression changed. He became serious, "After we left the hospital last night, Officer Chen sent someone to arrest Gao Meiling and Meng Ke. After some interrogation, it was finally determined that it was Gao Meiling who helped Gu Manyin escape."

"Without Meng Ke's participation?" Fu Jingting frowned.

Assistant Zhang shook his head, "No, Meng Ke doesn't know about this, when she went to see Gu Manyin with Gao Meiling for the first time, Gu Manyin and Gao Meiling paid her out, and with Gao Meiling's own explanation, Meng Ke went out. Afterwards, Gu Manyin threatened her to help Gu Manyin escape, so the second time she went to see Gu Manyin with Gao Meiling, it was not Meng Ke, but the deceased last night, Meng Ke started all over again. At the end, I didn't know that Gao Meiling let someone pretend to be her to see Gu Manyin."

Fu Jingting nodded slightly, indicating that he knew.

Immediately, he narrowed his eyes dangerously and asked again, "You just said that Gu Manyin used Gao Meiling's handle as a threat, what is the reason?"

"It's a human life." Assistant Zhang sighed, "There have always been rumors in the circle that Li Zhennan's first love died abnormally, maybe it was killed by someone, and now it turns out that it was indeed killed by someone, this The person is Gao Meiling, Gu Manyin didn't know where she knew about it, so she used it to threaten Gao Meiling, so Gao Meiling would take the risk to help her, but Gao Meiling didn't expect that we would find out so quickly that the deceased was not Gu Manyin, and then caused her The plan failed."

"Her plan failed, but Gu Manyin didn't." Fu Jingting pulled his thin lips and sneered.

Gao Meiling thought that no one could find out the identity of the deceased. After all, the face of the deceased could not be seen clearly, and there were no fingerprints in the gene bank, so the outside world would firmly believe that the deceased was Gu Manyin.

In this way, the outside world believes that Gu Manyin did commit suicide by himself, then Gao Meiling can escape the punishment of the law, and there is no need to worry about the secret being leaked.

It's just a pity that the bug of Lin Tianchen came out. When you look at the body, you know it's not Gu Manyin.

But this plan was very successful for Gu Manyin.

He thought that Gu Manyin would be free whether the body was exposed or not.

"By the way, is the identity of the deceased confirmed?" Fu Jingting said as he stepped out of the elevator.

Assistant Zhang followed behind him, "Gao Meiling explained that the deceased was a seriously ill patient, because Gao Meiling gave out one million, the deceased agreed to jump off the building for Gu Manyin, because the deceased could not live long, and wanted to leave it to his family before he died. The money, let the family live a little better, just..."

Assistant Zhang didn't say anything later.

But Fu Jingting knew what it meant, so he hummed and didn't say anything.

It wasn't until he got into the car and closed the door that he spoke again, "Go to the police station first, I want to see Gao Meiling and ask about Gu Manyin's whereabouts."

"Yes." Assistant Zhang nodded and started the car.

Not long after the car left, Rong Shu woke up, woken up by a phone call.

She stretched out her hand in a daze and touched the head of the bed, wanting to touch her phone as usual.

As a result, Fu Jingting did not put the phone on her own before going to bed.

Fu Jingting didn't put her phone very close, on the contrary, she put it far away.

So this time, Rong Shu not only didn't touch the phone, but also successfully let herself fall off the bed.

Fortunately, there was a thick carpet under the bed, and it didn't hurt to fall, but she was completely woken up by the fall.

what happened?

Seeing herself sitting on the ground with half of the quilt on her body, Rong Shu felt a little dazed for a while.

But listening to the phone that was still ringing, she didn't care what was going on in front of her, she quickly got up and picked up the phone and answered the call.

Chapter 528 Fu Jingting's Cufflinks

The call was from the police station, no doubt about Gao Meiling's confession.

Although she had guessed that Gao Meiling helped Gu Manyin last night, Rong Shu was still very angry when she heard the truth.

Gao Meiling is simply a club, harming others and harming herself.

She never thought about letting Gu Manyin go, once exposed, would it affect the Gao family?

"Miss Rong? Miss Rong?" Officer Chen saw that there was no reply from Rong Shu on the phone, so he shouted twice, "Are you still there?"

"I am." The anger in his heart came back to his senses, "Officer Chen, I want to know if Gao Meiling has disclosed Gu Manyin's whereabouts?"

"The people separated outside the hospital, and she didn't know where Gu Manyin went."

"Did Gao Meiling lie?" Rong Shu frowned.

Officer Chen replied, "We tested it with a lie detector. She didn't lie. She really didn't know Gu Manyin's whereabouts."

Rong Shu bit her lips.

Gao Meiling didn't know Gu Manyin's whereabouts, so Gu Manyin must be hiding now.

Just don't know where to hide.

As if he had guessed what Rong Shu was thinking at the moment, Officer Chen spoke again, "Don't worry, Miss Rong, I have obtained the permission above and officially issued a warrant for Gu Manyin. I believe it won't be long before she can be caught. Yes."

"Okay, I believe you." Rong Shu reluctantly twitched the corners of her mouth and responded with a smile.

After that, she learned about Gao Meiling's situation with Officer Chen again, and then hung up the phone, then threw the phone aside, sat down beside the bed, and began to think about how she got back last night.

Because she remembered very clearly that she fell asleep in Fu Jingting's car last night.

So now, she has absolutely no memory of coming back here.

It can be seen that she did not get out of the car and walked back by herself, but Fu Jingting brought her back.

It's just that his arm was injured, so how did he get her out of the car?

Just as he was thinking, there was a knock on the door from the living room.

Rong Shu frowned and walked out of the bedroom, "Which one?"

"My baby is me." Lu Qi's voice came from outside the door.

Rong Shu smiled and opened the door, "Why are you here?"

"It wasn't for Gu Manyin's suicide." Lu Qi walked in and said while changing his shoes.

Rong Shu closed the door, "For Gu Manyin's business? Didn't I tell you about this last night..."

"Baby, don't get excited about what I'm going to say next." After changing your shoes, Lu Qi straightened up and looked at her seriously.

Rong Shu nodded, "Okay, I'm not excited, what do you want to say?"

"What I want to tell you is that Gu Manyin didn't die. It wasn't her who committed suicide by jumping off the building last night." Lu Qi said with an ugly face.

A hint of surprise flashed in Rong Shu's eyes, "How do you know?" Could it be that the police have already announced this matter?

No, the police should not announce it.

After the announcement, first of all, the credibility of the police will decrease, and secondly, it will make people panic.

So it's absolutely impossible for the police to announce it.

"I heard what the circle said." Lu Qi replied.

“Circle?” Rong Shu frowned.

Lu Qi hummed, “Yeah, Gu Manyin committed suicide by jumping off a building, it’s spread all over the circle now, and then this morning I don’t know who in the circle is saying that it wasn’t Gu Manyin, but Gu Manyin who committed suicide. I looked for a substitute, and then I checked it out without worry, and found that it was indeed the case, it was Gao Meiling who helped Gu Manyin.”

Although the police have not announced this matter to the public, it is quite easy for people in the circle to investigate.

It’s just that after finding out, it can’t be publicized.

“Baby, why do you react so lightly?” Lu Qi looked at Rong Shu without being shocked, instead he frowned, thinking about something, and couldn’t help asking suspiciously.

Rong Shu didn’t hide it from him, and replied, “Because of this, I knew it last night.”

“You knew it last night?” Lu Qi raised his voice.

Rong Shu nodded, “Yeah.”

“Then why didn’t you tell me last night?” Lu Qi was a little aggrieved.

Rong Shu rubbed her temples, “It’s not that I won’t tell you, but I can’t make it public, so I plan to tell you later, but I didn’t expect you to know today.”

“Okay, I forgive you, but baby, Now Gu Manyin doesn’t know where to hide, but what is certain is that she will definitely retaliate against you, so you must be careful before you find her.” Lu Qi said worriedly.

Rong Shu pursed her lips and smiled, “I know, don’t worry, alright, you sit and wait for me for a while, I’ll change clothes and wash up.”

“Go.” Lu Qi waved his hand.

Rong Shu turned around and went back to her room, and started changing clothes.

During the change of clothes, she saw the jewelry placed on the bedside table and was stunned for a moment. Then she remembered that the jewelry forgot to return to Fu Jingting.

That’s all, take it away for a while, and then let someone send it to him.

After Rong Shu got dressed, she bent down and picked up the jewelry at the head of the bed.

Suddenly, she noticed something out of the corner of her eyes, and she was stunned.

This is...

Rong Shu hurriedly put down her jewelry and reached out to pick up the shiny objects on the sheets.

“Cufflinks!” Rong Shu raised the cufflinks and looked at them, and recognized at a glance that they were from men’s shirts, and that the cufflinks were still priceless blue diamonds.

And beside her, there is only one man who can use blue diamonds as cufflinks so extravagantly, there is only one, Fu Jingting!

So these cufflinks are obviously Fu Jingting’s.

It’s just his cufflinks, how could it be on her bed, and it’s still in the middle of the bed. If it is said that Fu Jingting accidentally dropped it, then it is impossible to fall on the bed, the most likely is the floor. And appearing on the bed... Rong Shu’s eyes widened, thinking of something, and clenching the cufflinks in her hand. Shouldn’t he, he didn’t leave last night? Thinking of this possibility, Rong Shu quickly looked down at her bed. Finally, when he saw the sunken pillow, his face instantly flushed red. He, he, he... Now Rong Shu is completely sure that Fu Jingting didn’t leave last night, he stayed with her, and slept beside her. Isn’t that guy too complacent? Although she agreed yesterday, she no longer resisted his pursuit and gave him a chance to pursue it, but that doesn’t mean he can climb on her bed! However, although Rong Shu was so angry on her face, she didn’t feel angry at all in her heart, and even felt a little funny. Climbing up the pole, he was talking about Fu Jingting. “Baby, when did you buy breakfast?” At this moment, Lu Qi asked from outside the door. Rong Shu picked up the jewelry she put down again, walked towards the door, opened the door and answered, “I didn’t buy breakfast?” “Didn’t buy it? Where did these come from?” Lu Qi opened the breakfast bag and said. Rong Shu found a box, put the jewelry in it, and then went to see the breakfast he said.

Seeing this, I instantly understood something. Just as he was about to answer, he heard Lu Qi suddenly say, “Huh? There’s a note here.” A

note!

Rong Shu looked startled, then immediately put down the box, walked over quickly, and snatched the note from him, “You can’t read this.”

She already knew who bought the breakfast, and it must be Fu Jingting.

So this note was definitely left by Fu Jingting.

She didn't know what Fu Jingting wrote on it, and it would be embarrassing for Ah Qi to see what he wrote.

Chapter 529 Fu Jingting's Note

"Baby you..." Lu Qi didn't expect that he just took a note, Rong Shu's reaction was so big, he quickly snatched the note and hid it behind his back, as if the note was something shameful Same.

Rong Shu also knew that she was overreacting, which could easily lead to misunderstandings. She lowered her eyes and said apologetically, "I'm sorry, Aqi, you can't read this note."

"Why can't you read it?" Lu Qi put down his hand and looked at her.

Rong Shu's lips moved, "Because..."

"Because the note was left by Fu Jingting, right?" Lu Qi cut off her words.

Rong Shu's pupils shrank and looked up at him suddenly, "You..."

"You want to ask, how did I know, right?" Lu Qi's mouth curled into a self-deprecating arc.

Rong Shu's throat rolled, acquiescing.

Lu Qi clenched his fists, "I guessed it, and it's not difficult to guess. Last night, Gu Manyin committed suicide. It was already midnight. Fu Jingting was with you at that time, so he would definitely send you back. Take this note and breakfast, you don't need to think to know who did it, is it Fu Jingting who came over this morning?"

Rong Shu's eyes flickered a few times.

Well, he's mostly right.

The only thing wrong is that Fu Jingting didn't come here this morning, but didn't leave overnight.

"Aqi, actually..."

Rong Shu lightly opened her red lips and wanted to say something, but Lu Qi waved her hand and interrupted her with a reluctant smile, "Okay, let's not talk about this, you can

have breakfast first, and I'll give it to you after you finish it. You go to Tiancheng, it just so happens that I have something to do in Tiancheng today."

"You let me have breakfast?" Rong Shu looked at him in surprise.

Lu Tou, "Is there anything I can't do?"

"Of course." Rong Shu replied, "You hate seeing Fu Jingting the most, and you have never been willing to let me accept Fu Jingting's things, so now let me eat the breakfast that Fu Jingting bought, how much? Makes me a little uncomfortable."

"No way, you just woke up and didn't eat breakfast, and there are ready-made ones here, don't eat for nothing, besides..." Lu Qi lowered his eyelids, covering the loneliness in his eyes, and whispered, "Even if I let me You are reluctant to throw it away, can't you do it?"

He said this last sentence in a very low voice.

Rong Shu only heard what he was muttering, but couldn't hear the specifics. She tilted her head in confusion and asked, "Aqi, what are you talking about?"

"Nothing, you have breakfast first, I'll go to the bathroom."

After he finished speaking, he raised his feet and walked towards the bathroom.

Rong Shu looked at his back and only thought that he was a little weird.

But she didn't think much about it. She took the note hidden behind her to the front, looked at me and left first, and put breakfast on the dining table. If you see it and find it's hot, eat it while it's hot, and if it's cold Now, warm it up and eat it.

This handwriting is suddenly Fu Jingting's no doubt.

His words have always been fierce and domineering, very distinctive, and people can see at a glance that he wrote them.

Rong Shu looked at this line of words and curled her lips, "I'm not a fool, don't you know that I can't eat cold food? I still need your special reminder."

She said indifferent words, but the corners of her mouth were faint. smile.

Rong Shu folded the note, put it in his pocket, and went to check the breakfast in the bag.

When touched, it was still hot.

This made Rong Shu a little surprised.

It's still hot, it seems that Fu Jingting didn't leave for long.

Rong Shu pulled away the chair and opened the breakfast box.

The breakfast is very rich, lean meat porridge, steamed buns, dumplings, milk, etc. are all available.

Rong Shu raised her forehead with a bit of laughter, "Did you buy everything from the breakfast shop?"

Shaking her head helplessly, she picked up the spoon and stirred the lean meat porridge, and then opened Fu Jingting's WeChat thank you for breakfast while eating.

After this sentence was sent, Rong Shu snuffed out the phone and prepared to put it aside.

In her opinion, at this time, he is probably busy.

However, what she didn't expect was that the phone vibrated as soon as she put it down.

So fast?

A hint of surprise flashed in Rong Shu's eyes, and he quickly picked up the phone again, unlocked it, and opened WeChat, all in one go without any pause.

zh wake up?

Rong Shu rolled her eyes, otherwise how could I send you a message?

On the other side, Fu Jingting was sitting in the main seat of the conference room, and when he saw her reply, he suddenly let out a low laugh.

He could imagine that she must be very helpless when she said this.

Thinking about it, the corners of Fu Jingting's mouth became wider and wider.

The higher-ups below heard his laughter and looked at his smile as if they had seen a ghost.

Laughed!

Mr. Fu looked at his phone and laughed!

'Hey, what are you talking about, Mr. Fu? '

'What else can I do, at first glance, it's a love affair. '

'No way, with whom? '

The higher-ups in the conference room shook their heads at each other and said they didn't know.

Fu Jingting didn't know that his subordinates were talking about him secretly. His slender fingers quickly typed words on the screen. Would breakfast be appetizing?

Rong Shu looked at the porridge in front of her and saw that it was not bad.

She did not refuse his breakfast.

Because she has agreed that he can pursue her.

Delivering breakfast is also one of the pursuits.

Therefore, she naturally did not have to refuse.

It's good that Fu Jingting has a gentle look in his eyes, then you can continue to eat without disturbing you, I'm going to have a meeting too.

Rong Shu replied with an ok little yellow hand with a good expression, but do you have time at noon?

noon?

Fu Jingting's back straightened slightly. Is there something wrong at noon?

Does she want to date him?

Fu Jingting's expression clearly began to look forward to it.

It's not a big deal for Rong Shu to put down the spoon, she just wants to return the jewelry to you.

Originally, she planned to arrange for an employee to send it over.

But then I thought about it, it's irresponsible.

After all, for such an expensive thing, if the employee did something wrong, she couldn't afford it.

So it's better to send it by yourself .

Seeing that Rong Shu said to return the jewelry, Fu Jingting frowned and subconsciously wanted to say no.

That jewelry, he never planned to take it back from the beginning.

But thinking of her character, she definitely won't stay.

In this way, if I force her to stay, it will make her angry. At that time, the relationship between them will ease up again, maybe it will drop to freezing point again.

Let her come back.

After the big deal, when she is with him again, give these to her.

Thinking of this, Fu Jingting lowered his eyes and replied, come here at noon, I will wait for you in the office.

Rong Shu sent another ok expression.

This time, Fu Jingting didn't reply any more, so he should put down his phone for the meeting.

Rong Shu also put down her phone and continued to eat breakfast.

Lu Qi came out of the bathroom, looked at the faint smile on her face, his eyes darkened, "Baby, you seem to be in a good mood."

Is it because of this breakfast table?

Also, the breakfast bought by the beloved, can you feel bad?

Rong Shu didn't know what he was thinking, so he touched his face, "Am I in a good mood?"

"Yes." Lu Qi walked over and returned.

Rong Shu put down her hand, "Maybe it's because the weather is fine today."

"Really." How could Lu Qi not know that she was lying, but he didn't mean to expose her.

Exposing it will only make the atmosphere stiff.

After breakfast, Rong Shu and Lu Qi went out.

In the car, Secretary Tong called for work.

Rong Shu looked out the window while talking to Secretary Tong.

Looking at it, she suddenly realized something, stared at the rearview mirror for a while, then turned her head to look behind.

Seeing her behavior, Lu Qi asked in confusion, "What's wrong baby?"

Rong Shu turned her head back, hung up the phone, and squinted at the right rearview mirror, "Aqi, look at the car behind us, Have you been following us?"

Chapter 530 Secretary Tong Likes Aqi

"The car in the back?" Hearing her words, Lu Qi's expression became serious, and he tilted his head to look at the rearview mirror on his left.

Looking at it, I really found that there was a car following closely behind.

It was an ordinary Japanese car, completely dark and nothing special.

But the car was too close, not the normal car-to-car distance at all.

So it is not an exaggeration to say that they followed them.

"Really." Lu Qi frowned.

Rong Shu said with a serious face, "This car seems to have been following us since we drove out of Repulse Bay."

"Really?" Lu Qi's expression became more solemn.

Rong Shu nodded, "Really, I looked in the rearview mirror before and saw this car, because the license plate of this car is a bit special, so I remembered it."

"The license plate..." Lu Qi raised his eyebrows, and then passed the back door. Look in the mirror to see the license plate of the Japanese car.

Seeing the three numbers ending in 250, he couldn't help but snorted, "I'm going, it's really special."

"Yeah, so I remembered this car at a glance, but at the time I only I thought it was a private car that appeared behind us by accident, but now that we have been driving for so long, this car is still behind and has been keeping such a close distance from us, so I am worried that it may be someone with ulterior motives." Rong Shu She pursed her red lips and said in a serious voice.

“Call the police!” Lu Qi clenched the steering wheel. “You call the police, tell the police about the situation of this car, and then grab the handle above your head. I will use my old driver skills to get rid of this car.”

After all, who I don't know if the driver of the car was malicious.

So they have to be careful and think worse, if it is really malicious, maybe the driver of the car will do something crazy.

Like a sudden hit or something.

In that case, the best thing to do is to get rid of the car first.

What Lu Qi can think of, Rong Shu can also think of naturally.

She nodded, “Okay, then you drive carefully.”

After that, she raised one hand, grabbed the handle above her head, and unlocked the phone with the other, ready to call the police.

However, just when she turned over to Officer Chen's phone number and had not had time to dial out, she suddenly looked in the rearview mirror and saw that the car behind had changed lanes, and immediately drove in their car. Front.

“Aqi, wait a minute.” Rong Shu quickly stopped Lu Qi, who was about to overtake.

“What's wrong?” Lu Qi turned to look at her.

Rong Shu squinted at the car in front of him that was driving farther and farther, “That car went to the front.”

“What?” Lu Qi raised his voice, “Driving to the front?”

“Well.”

“It Aren't you following us?”

Rong Shu was silent.

After a while, she looked at the car that had entered another road and gradually disappeared. She rubbed it and said, “It may be that we are overthinking it, and that car may really just be on the same road as us.

” That's it, It seems that we are really scaring ourselves. “When Lu Qi heard what she said, her heart fell back to the original place.

Rong Shu frowned and didn't speak.

Having said that, but for some unknown reason, she was still very restless in her heart, and something was not very good. Seeing

Rong Shu lowered her eyes and said nothing, Lu Qi asked suspiciously, "What's the matter, baby? What are you thinking?"

Rong Shu rubbed his temples, "I was thinking about the car just now, although it is no longer following us, but I still feel that something is wrong . "

"How to say?" "Lu Qi looked at her from the corner of his eye.

Rong Shu bit her lower lip, "That car changing lanes to overtake is so weird, it stands to reason that it wants to overtake and can overtake at any time, why does it have to keep following us until we find that it has been following for a long time before overtaking What? It's obviously a way of knowing that we found it following, and then deliberately overtaking to dissuade us..."

"It's a little wrong to hear you say that, but I still think it's a coincidence." Lu Qi turned the steering wheel Said, "Because the people in the car behind can't see what we are doing, so there is no car behind, knowing that we found it tracking." After

hearing this, Rong Shu also felt that it was reasonable.

Lu Qi said again, "If you're really worried, baby, let someone check the license plate.

Rong Shu nodded, "That's what you said, I'll have someone check it when we arrive in Tiancheng. "

In short, she couldn't feel at ease without checking it out.

Soon, Tian Sheng arrived.

Lu Qi had something to do in the planning department, so he left with Rong Shu in the lobby and took another elevator to the planning department.

Rong Shu took her own elevator and went to her office.

Secretary Tong was already waiting at the door, and when she saw her coming, she quickly bowed, "Mr. Rong, good morning. "

"Early. "Rong Shu smiled, then took out the key card and opened the door of the office.

Secretary Tong followed her in and read today's schedule as she walked.

Rong Shu heard that at 1 pm, there was an inspection by a less important department. Put down the bag and said, "This trip is canceled, I'm not at the company at 1 pm. "

"Okay. Secretary Tong didn't ask her where she was going in the afternoon, she took out a pen and crossed out the itinerary.

After crossing it out, Secretary Tong looked up at Rong Shu, "Mr. Rong, is there anything else that needs to be changed in other itineraries? "

"Not needed for the time being." Rong Shu shook her head, "But there is one thing I need you to do. "

"Mr. Rong, please say it." "

Rong Shu sat down, took out the pen from the pen holder, took out another piece of A4 paper, and wrote something on it.

After writing, she handed it to Secretary Tong.

Secretary Tong took a look and found that it was a license plate number, so he couldn't help but wonder, " Mr. Rong, what does this mean?"

"It's not interesting, I just want you to check the owner of this license plate, I want to know some information about him. "Rong Shu opened the computer and said.

"Okay, Mr. Rong." Secretary Tong responded by closing the folder of the itinerary.

Rong Shu waved his hand, "Go ahead and go to the planning department for a while. Aqi is there to see if he needs anything."

"Mr. Lu is coming to Tiancheng?" Tong Tong heard that Lu got up. Behind the secretary's black-rimmed glasses, there was a gleam of joy in his normally unwavering eyes.

Rong Shu caught it and blinked in astonishment, "Secretary Tong, you shouldn't... Forget it, it's nothing, let's go."

"Yes." Secretary Tong didn't notice Rong Shu's strangeness. Turn around and go out.

Rong Shu looked at her back and could clearly feel that her steps became more active.

You must know that Secretary Tong is not a lively person. In addition, he dresses a bit conservatively, so he gives people a deadly feeling. Therefore, there are people in the group who secretly nickname Secretary Tong and call him the dean.

But now Secretary Tong, he doesn't look like a stagnant water at all, and finally becomes a little more like a young man.

And this is the change that happened when Secretary Tong heard that Ah got up.

So Secretary Tong has feelings for Aqi in that respect?

Realizing this, Rong Shu couldn't help but smile.

If this is the case, she can match them.

Secretary Tong is a good woman with a calm personality.

As for Aqi, who is thirty years old, his personality is still carefree and immature, and he looks like a teenager.

Such A Qi matches Secretary Tong's character very well.

If they were together, she believed they would be happy.

But I just don't know what Ah Qi's thinking, if you have time to explore Ah Qi's tone.
