Chapter 531 A Pastry

After thinking about it, Rong Shu took a document and opened it, and started to work.

At noon, after having lunch with Lu Qi, she took the jewelry that she wanted to return to Fu Jingting, drove away from Tiancheng, and went to the Fu Group.

When I came to the Fu Group, it was already one o'clock in the afternoon.

As soon as Rong Shu stepped into the door of the Fu Group, she saw Assistant Zhang walking towards her, "Miss Rong."

Rong Shu smiled back, "Assistant Zhang."

"Miss Rong, President Fu asked me to take you up. "Assistant Zhang made a gesture of invitation.

Rong Shu was a little surprised, "How did he know that I was here?"

She said in the morning that she would come at noon, but before she came, she didn't tell Fu Jingting that she was coming.

So how did Fu Jingting know that he was here and let Assistant Zhang come down to pick her up?

Assistant Zhang pushed his glasses and explained, "That's right, Mr. Fu said that Miss Rong would come back at noon, so let me wait here earlier."

"I see." Rong Shu nodded suddenly, "Then you wait. It's been a long time?" I

have to say, Fu Jingting asked Assistant Zhang to come down and wait so early.

This sincerity deserves her attention.

"That's not true, I just came down for about ten minutes. Okay, Miss Rong, let's go first." Assistant Zhang said.

Rong Shu hummed, "Okay, I'll trouble you." The

two walked towards Fu Jingting's special elevator.

There were people coming and going in the hall, and naturally many people noticed them.

Some people who knew Rong Shu were not too surprised to see Rong Shu appear here.

After all, Tiansheng Group and Fu Group have cooperated. Mr. Fu's ex-wife may be here for work.

But some people who didn't know Rong Shu opened their mouths in surprise and started talking.

Assistant Zhang is Mr. Fu's personal assistant. They all know that unless there are people who are worthy of Mr. Fu's attention, Assistant Zhang will go to greet him. For the rest, secretaries and ordinary assistants are arranged to greet him.

So who is this woman?

Why did Mr. Fu ask Assistant Zhang to pick him up in person?

What the hell is she capable of?

Rong Shu felt the different eyes of everyone along the way.

But she didn't react much, and didn't even turn her head to look.

For her, as long as these people's eyes are not malicious, they will just watch it, and there will be no less meat.

She is saying that if her eyes are on other people, she can still make them close?

A minute later, Fu Jingting's office arrived.

Assistant Zhang pushed open the door and made a gesture of invitation again, "Miss Rong, please come in."

"Thank you." Rong Shu thanked her and went in with her feet raised.

However, after entering, she found that there was no one in the huge office.

She stopped, turned her head to look at Assistant Zhang and asked, "Where's Mr. Fu?"

"President Fu is still in the meeting room and will be here in a while. Miss Rong, please sit down first. What would you like to drink?" Assistant Zhang took her Lead to the sofa.

Rong Shu sat down on the sofa, "It's all right, you decide, I won't choose."

"Then I'll go make tea, Miss Rong wait a moment." Assistant Zhang said.

Rong Shu nodded, "Okay."

Assistant Zhang went out.

Rong Shu put the bag in her hand on the coffee table in front, then took out her phone from the bag and looked at it.

Seeing a message popping up in the pop-up window, she snorted and became interested.

"The Gao family is under investigation?" Rong Shu immediately sat up straight, clicked on the pop-up window, and saw that all the members of the Gao family in Nanjiang were taken away by the discipline inspection, and the official investigation team had entered the Gao family. Begin to investigate the various industries of the Gao family.

Seeing this, Rong Shu's mouth twitched into a smile.

She was not at all surprised by what was said on the news, because she had long known that this would happen to the Gao family.

From Gao Meiling's arrest, explaining the process of helping Gu Manyin, and after the death of Li Zhennan's first love, the Haishi police will definitely report this matter.

After all, Gao Meiling came from the Nanjiang Gao family, and the Gao family was a powerful family.

In such a family, there was a person who murdered others, ignored the law, and helped criminals escape. He knew that the country would take it seriously, and then ordered a thorough investigation of the Gao family.

Who asked Gao Meiling to be taught by Gao's family? Gao's family taught such a person, which means that the Gao family has problems. If they don't investigate, they can't explain it to the people.

It seems that the Gao family is really coming to an end this time.

The last time Gao Meiling intervened in the government affairs of the city, the Gao family's vitality had been greatly damaged. Now that she has not recovered, Gao Meiling has completely led the Gao family to a dead end.

Presumably the Gao family now regrets having such a daughter.

"What are you looking at, smiling so happily?" While Rong Shu was reading the comments, the door of the office opened again, and Fu Jingting walked in with long legs, followed by Assistant Zhang with a tray.

Rong Shu put down her phone and raised her head, "I'm watching the news of the Gao family, and the Gao family has been thoroughly investigated."

Fu Jingting raised his chin, "It turned out to be the device, so you should be happy."

"You already knew?" Rong Shu looked at him.

Fu Jingting walked across to her and sat down, "I know it's been a while."

"Miss Rong, your black tea and a black forest cake, I hope you like it." Assistant Zhang walked to the coffee table, put down the tray, and brought out coffee and snacks and placed them in front of Rong Shu.

Rong Shu nodded slightly, "Thank you."

"You're welcome, Mr. Fu asked me to prepare the cake. If you want to thank Mr. Fu, please thank Mr. Fu." Assistant Zhang put another cup of coffee in front of Fu Jingting.

Rong Shu looked at Fu Jingting in surprise, "Did you prepare it for me?"

Fu Jingting hummed, "I know you like these snacks, so I specially be bought."

Assistant Zhang on the side couldn't help feeling very emotional.

At first, he didn't know that this cake was prepared by President Fu for Miss Rong.

A month ago, Mr. Fu suddenly asked people to put a piece of high-end cake in the refrigerator of the coffee shop every day.

He initially thought that the cake was what Mr. Fu wanted to eat, but this idea was quickly overturned by Mr. Fu, because he had never seen Mr. Fu eat it.

So he also wondered for a while, and felt that since President Fu didn't eat it, why did he have someone prepare it, and then he threw away the cake before leaving get off work every day, and asked him to prepare a new one the next day.

Isn't this a brain disease?

It wasn't until one day half a month ago that he heard what Fu Jingting was saying, and then he realized that Miss Rong likes to eat these, and the cakes she prepares every day are for Miss Rong.

Even if Miss Rong doesn't come here often, she won't come here once every ten days and a half, but Mr. Fu is still prepared, just for Miss Rong to come here suddenly, so that Miss Rong can eat delicious cake as soon as possible.

I have to say, this point, Mr. Fu is really admirable.

Rong Shu didn't know how this cake came to be.

She looked at the cake and felt extremely complicated.

Fu Jingting saw her staring at the cake and didn't speak, and her expression didn't look like she liked it. Her face tightened, "Don't you like this cake?"

"No." Rong Shu shook her head, "I'm just a little flattered, thank you. "

It's nothing, it's just a cake. No matter where you go, the other party will bring out food and drink to entertain you, so you don't need to feel pressured." Fu Jingting said with thin lips.

He was afraid that she would not eat the cake because he prepared it.

"I don't feel pressure, you said it, it's just a cake, I don't feel pressure." Rong Shu smiled.

Fu Jingting's heart relaxed, and his thin lips twitched slightly, "That's good, how about the taste of this cake?"

Chapter 532

"Yeah." Rong Shu nodded, then picked up a fork and forked a piece of cake and put it in his mouth.

The cake is delicate and silky, melts in your mouth, sweet but not greasy, very delicious.

Rong Shu's eyes couldn't help but curl up, and a happy expression appeared on her face.

Fu Jingting saw this, his thin lips were slightly hooked, and he smiled, "It seems that you like it very much."

"It tastes very good." Rong Shu praised without hesitation.

Fu Jingting picked up the coffee, "As long as you like it, I still have a few pieces here. You can pack it up later and eat it slowly when you go back."

"Then I'll be welcome." Rong Shu took a sip of her black tea and took a sip. Say.

She really likes this cake.

One piece is accepted, and a few more pieces are nothing.

After eating the cake, Rong Shu put down the plate, then took the bag beside him and handed it to Fu Jingting, "This is the jewelry you gave me last time, thank you."

"It's nothing." Fu Jingting took the bag and handed it to the side Assistant Zhang, "Go and put it away."

"Okay Mr. Fu." Assistant Zhang nodded and walked to his lounge with the bag.

There is a safe in there.

Rong Shu glanced at Assistant Zhang's back, "Aren't you going to check it? Aren't you afraid that I'll lose the bag or something?"

"No, I believe you won't." Fu Jingting drank coffee and replied, "And even if you lose the bag, I won't have any complaints."

He looked at her with affectionate and serious eyes.

Rong Shu shuddered in her heart and lowered her eyelids.

Seeing this scene, Fu Jingting sighed softly.

Although she no longer resisted his pursuit, she still resisted his straightforward feelings.

And when she resists like this, when will she find out that she has actually fallen in love with him?

If it weren't for the fear of repercussions, he really wanted to tell her everything now.

Just thinking about it, the phone suddenly rang, it was Rong Shu.

Rong Shu took out her cell phone from her bag and looked at it. Seeing that it was Secretary Tong's call, she smiled embarrassedly at Fu Jingting, "Mr. Fu, I'll take a call."

"Okay." Fu Jingting nodded.

Rong Shu's index finger swiped across the green answer button on the screen, and put the phone to her ear, "Hello."

"Mr. Rong, the license plate you asked me to check this morning has already come to fruition." Secretary Tong replied.

Rong Shu sat up straight, "What's the result? Who is the owner of the license plate? Is there any problem?" The

owner of the license plate?

Fu Jingting's ears moved, put down the coffee and looked at her.

What's happening here?

Is something wrong?

"The owner of the license plate is an ordinary local citizen. He has been using this license plate for several years, and there is no problem." Secretary Tong said looking at his investigation results.

When Rong Shu heard this, she nodded, "I see."

Putting down the phone, she let out a slight sigh of relief, and her uneasy heart finally calmed down.

Since the car I saw in the morning was just an ordinary citizen's.

It seemed that he really didn't follow her and Ah Qi on purpose.

Now, she can finally rest assured.

Seeing Rong Shu's relieved look, Fu Jingting squinted slightly and asked with concern, "Did something happen?"

"It's just a small matter, it has been resolved now." Rong Shu twitched the corners of her mouth and replied with a light smile.

Fu Jingting raised his chin, "That's good, if it's a big deal, you can tell me and I'll solve it."

"Well." Rong Shu nodded.

But Fu Jingting could see how perfunctory she promised.

"Okay, Mr. Fu, it's getting late. I should go back. I have to go to the construction site at three o'clock." Rong Shu raised her hand and looked at her watch, then stood up and said.

The factory has been under construction for several months, and she has never been there.

Before coming, the construction team called Secretary Tong, saying that the blanks of the factory had been constructed and that they should be inspected.

If you are not satisfied, you can modify it directly.

So, she plans to go there and have a look.

“Okay, I’ll take you down.” Fu Jingting also stood up.

In fact, he really wanted to keep her for a while longer.

However, he had no reason to leave her behind.

But fortunately, she has promised not to contradict his pursuit, so that he can make excuses to see her at any time.

Instead of making excuses every time I want to see her like before.

Rong Shu also did not reject Fu Jingting’s offer, smiled and nodded in agreement.

Fu Jingting instructed Assistant Zhang, who had already put away the jewelry and came out of the lounge, “put the cake in the refrigerator.

“

Soon, he came back with an exquisite box.

Fu Jingting took the box and handed it to Rong Shu.

Rong Shu reached out and took it, “Thank you.”

“No thanks, if you like it is the best thanks to me.” Fu Jingting looked at her and said in a low and hoarse voice.

Rong Shu’s ears were red, and she lowered her head and said nothing.

Fu Jingting saw her embarrassment, chuckled and changed the subject, “Let’s go.”

Rong Shu followed him out of the office and walked to the elevator.

When they got to the elevator, Fu Jingting pressed the door button, “By the way, where is your car parked?”

“The roadside in front of your group.” Rong Shu answered with a smile.

When I came, I saw that the parking space there was vacant, so I stopped there.

Fu Jingting nodded, indicating that he understood.

Ding!

The elevator door opened.

Fu Jingting asked Rong Shu to go in first, and after she went in, he followed.

Assistant Zhang walked at the back and was responsible for closing the elevator doors.

In the elevator, neither of them spoke, and the atmosphere was extremely quiet.

It wasn't until she got out of the elevator and came to the car on the side of the road that Rong Shu was the first to break the silence, "I should go, Mr. Fu, go back."

Fu Jingting put one hand in his trouser pocket, "Don't worry, I'm looking at you. Get in the car, I'll go back after you leave."

Seeing that he insisted on this, Rong Shu took out the car key from her bag and pressed it, unlocking the door.

"Then I'll go first, goodbye!" She waved her hand.

Fu Jingting hummed, "Goodbye."

Rong Shu opened the car door and was about to bend over to get in the car.

Suddenly, a rapid car sound came from behind.

Fu Jingting turned his head and saw a black Japanese car driving towards Rong Shu and him at an abnormal speed, apparently trying to hit them.

Realizing this, Fu Jingting's face changed greatly, he grabbed Rong Shu's arm and pulled him back.

"Be careful!" Fu Jingting shouted in a tight voice.

"What's wrong?" Rong Shu didn't understand what happened, when he suddenly pulled the cake in his hand, and the cake fell to the ground suddenly.

And she herself slammed into the man's arms.

The man hugged her waist, took her for a spin, then fell to the ground, rolled back a few times, and rolled out of the collision range of the car.

In the car, Gu Manyin saw Fu Jingting's reaction so fast, not only avoiding her car, but also taking Rong Shu to avoid her, her face twisted to the extreme in an instant.

“Damn it!” Gu Manyin slammed the steering wheel fiercely, turning his head with scarlet eyes to the left side of the car, the pair of men and women hugging each other, their teeth rattling.

She followed Rong Shu all the way here. She originally planned to find a chance to kill Rong Shu alone, but she didn't expect to wait for Fu Jingting, it was God who helped her.

If Rong Shu is the existence that she must be killed, and the hatred in her heart cannot be eliminated if she is not killed, then Fu Jingting is the existence that she can never forgive from love to hate.

Chapter 533 They're All Damn

She loves him so much, and for him, she did not hesitate to design to be with Shiqing, and also to design Shiqing's car accident, just to get Shiqing's heart to prolong his life.

But he actually doesn't love her at all, and his love and reconciliation with her are all false love and reconciliation from hypnosis.

If this is the case, although she is unwilling in her heart, she also recognizes it.

But he should never wake up from hypnosis!

As soon as he wakes up, he abandons her and makes her completely reduced to a joke!

It can be said that half of his credit is due to her being reduced to her present appearance.

Since he stepped on her love like this, he would just die with Rong Shu.

She can't get him, and she definitely won't let anyone else get it.

I thought that her car would definitely hit them and kill them.

But they didn't expect that their luck was so good that they avoided such a thrilling situation!

But it doesn't matter, she makes a U-turn in front, just keep bumping back!

Thinking about it, Gu Manyin grinned grimly at the two of them outside, and the car drove forward.

exclamation.

The wheel pressed over the cake box that Rong Shu had dropped on the ground, flattening the cake box directly, and the cake inside was battered to the ground.

Looking at the paralyzed cake, Rong Shu finally woke up from the daze and understood what had just happened.

The car just wanted to kill her and Fu Jingting!

Realizing this, Rong Shu felt a huge fear in her heart.

If it wasn't for Fu Jingting, he would have almost been hit just now.

"Fu Jingting!" Thinking of Fu Jingting, Rong Shu quickly turned to look at the man beside her.

The man seemed to be injured somewhere, his brows were tightly wrinkled, and his face was pale.

Seeing him like this, Rong Shu immediately panicked, "Fu Jingting, what's the matter with you?"

"My foot is sprained, help me up." Fu Jingting gasped slightly, his voice reluctantly painful, and said weakly.

"A foot sprained?"

He was indeed injured!

Rong Shu only had this thought in her mind, she quickly got up from his arms and wanted to check his feet.

"Don't move!" Fu Jingting noticed her purpose, his expression was very serious, and he stopped immediately, "Help me up first, the car may come back."

"What? Will it come back?" Also shrunk a bit.

Fu Jingting sat up with his body propped up, looking at the direction the car was driving away with cold eyes, "It's very likely that the car was aimed at the two of us. It just didn't work out, so the possibility of coming back is very high."

“No, we have to get out of here quickly.” Rong Shu didn’t hesitate any longer after hearing what he said, and hurriedly stood up to help him.

Just when she helped Fu Jingting up, the sound of a car came from behind.

Rong Shu turned around and saw that it was the car again.

Fu Jingting said that, the car came back.

It seems that they will not stop until they are killed!

“Let’s go!” Rong Shu gritted her teeth fiercely. With Fu Jingting’s strength not knowing where she came from, she ran a few steps forward and threw herself into the flower bed.

The moment the two fell, the blooming flowers in the flower bed were overwhelmed.

Rong Shu and Fu Jingting had a lot of petals on them.

If it wasn’t for a car hitting someone, forcing them to fall here to avoid it, otherwise the scene of the two falling into the flowers would be quite romantic.

Gu Manyin’s face twisted again when she saw Rong Shu and Fu Jingting lying in the flower bed.

damn it!

They escaped again!

Why is it so hard to kill them yourself?

Gu Manyin was full of unwillingness in her heart. She stared at the two people in the flower bed with gloomy eyes. She forgot to look in front of her for a while, so her car hit the flower bed heavily.

bang.

Gu Manyin’s car was hit and stopped, and the car made a blaring warning sound.

And Gu Manyin also slammed into the steering wheel, his chest suddenly hurt so bad, his head was dizzy, and some hot heat slipped down from his forehead.

When I touched it, it was blood!

I was actually injured!

Gu Manyin gritted her teeth, her hands were shaking, and she hated her.

He clearly came to hit Rong Shu and the others, but Rong Shu and the others were fine, but he was injured!

Damn it, damn it!

“What’s the sound!” Just as Gu Manyin was furious and thumped the steering wheel in a rage, Assistant Zhang ran towards him with a few bodyguards.

When Gu Manyin saw it, her face was extremely ugly.

Go, you must go now!

If you don’t go, you really can’t go.

She is a fugitive now, and has committed murder again. If she is caught, she will really be finished.

She managed to escape from the police’s surveillance, and she must never be caught again!

Gu Manyin gritted her teeth hard, then put the gear on, drove the car that had smashed the front of the car back, then stepped on the accelerator and left here.

Of course, before she left, she didn’t forget to turn her head and glance at the flower bed, her eyes cold and cold like a poisonous snake.

Didn’t kill them this time.

Next time, they will never be so lucky again.

When she comes back again, it will be their death!

In the flower bed, Rong Shu rubbed her dizzy head and sat up, caught off guard and caught sight of Gu Manyin in the car.

At that moment, Rong Shu’s face changed drastically.

Gu Manyin!

It’s actually Gu Manyin!

“President Fu, Miss Rong!” Assistant Zhang came to Rong Shu and Fu Jingting and asked anxiously, “Are you all right?”

He did not follow President Fu to see Miss Rong away, but stayed in the lobby of the group.

Because he knew that President Fu wanted to see Miss Rong alone, so there was no need for him as an assistant to be a light bulb.

However, just as he waited for a while and never saw President Fu coming back, he suddenly heard a huge crashing sound from outside.

Curious about what happened, he brought a few security guards out to check.

Unexpectedly, they saw Miss Rong and President Fu collapsed in the flower bed, and there was a car that hit them in front of their flower bed.

At that moment, he immediately understood that President Fu and Miss Rong were almost hit by the car.

But just when he was about to let someone stop the car, the driver of the car drove away first!

He had no choice but to write down the license plate and check the situation of President Fu and Miss Rong first.

"We're fine." Rong Shu shook her head, then pointed in the direction Gu Manyin left, and said eagerly, "Come on, the person in the car just now is Gu Manyin!"

"What?" Assistant Zhang was stunned. , and then became gloomy, "It's actually Gu Manyin!"

"Come on." At this time, Fu Jingting also endured the drowsiness in his head and gave an order.

Assistant Zhang nodded, "Okay, I'll send someone to chase."

After that, he let two of the bodyguards drive the car.

Rong Shu jumped down from the flower bed and went to help Fu Jingting.

But because Fu Jingting's foot was stabbed, she couldn't walk by herself. It was not an easy task for her to help him get down from the flower bed.

In the end, Assistant Zhang helped Fu Jingting down with her.

"Mr. Fu, do you have any injuries other than your feet?" Assistant Zhang looked at Fu Jingting and hurriedly asked.

Rong Shu is also checking on Fu Jingting's situation.

Fu Jingting waved his hand, "Others are fine, just the feet."

His feet were swollen when he fell to the ground holding Rong Shu.

Other than that, there were no injuries.

"Regardless of whether there are other injuries, let the doctor examine them." Rong Shu said while holding Fu Jingting's arm.

Assistant Zhang also agreed with her, then took out his mobile phone and called the doctor.

"Go back to the office first." Fu Jingting said with narrowed eyes, then looked at Rong Shu, "You too."

Rong Shu nodded, "Okay."

She really couldn't go back just like this when she suddenly encountered such a thing.

At the very least, it must be determined whether he has suffered any other injuries.

Chapter 534 The grievance of three people

The three returned to Fu Jingting's office.

After a while, the doctor called by Assistant Zhang arrived.

Rong Shu opened the things on the coffee table so that the doctor could put the medicine box and diagnose Fu Jingting.

As a result, as soon as the doctor put down the medicine box, Fu Jingting pointed at Rong Shu and said, "Show her first."

"President Fu!"

"No way!"

Assistant Zhang and Rong Shu said in unison, neither agreeing with his decision.

From Assistant Zhang's point of view, Miss Rong seemed to be fine.

And Mr. Fu's foot was still swollen.

Therefore, in terms of emotion and reason, President Fu should look at it first, not Miss Rong.

Rong Shu also had the same idea.

Not to mention that her arm was bruised at most, and she should let him see it first because he saved her.

Seeing Rong Shu's stern face with an expression of disapproval, Fu Jingting's thin lips moved, as if he wanted to say something, but in the end he tended to her majesty and closed his mouth.

Only then did Rong Shu look back, look at the doctor in the white coat opposite, and smile politely, "Please show him first."

"Okay." The doctor nodded and looked at Fu Jingting, "President Fu, please put your foot down. Lift it up."

Fu Jingting frowned, a little unhappy.

Rong Shu pursed her red lips and urged, "Why are you still standing still? You haven't raised your feet yet. If you don't lift them up, how will the doctor show you?" As

she spoke, she bent down and hugged the injured one. foot.

Fu Jingting didn't expect her to do this, and his body froze suddenly.

When he was stiff, Rong Shu lifted his feet, which made it extremely difficult, and couldn't help patting him on the shoulder, "What are you doing, relax!"

Fu Jingting seemed to have been patted awake, and couldn't help but smile. Then relax your body.

Rong Shu felt that his legs were not so stiff, so he finally lifted his feet and put them on the sofa, "Doctor, please."

"Okay." The doctor replied and walked to the sofa Squat down and examine Fu Jingting's injuries.

Seeing that Fu Jingting was obviously very resistant to someone touching his feet, but because he did not say a word under Rong Shu's suppression, Assistant Zhang couldn't help covering his lips and snickering.

This is probably the legendary bronchitis.

Seeing to understand what Assistant Zhang was laughing at, Fu Jingting narrowed his eyes and looked at him coldly.

A person who doesn't even have a lover still smiles at him.

"..." After Assistant Zhang understood Fu Jingting's thoughts, the corners of his mouth twitched, and he stopped laughing immediately, and his heart was hurt.

Yes, he lived for thirty years, and he didn't even have a lover.

At this point, he really failed.

Rong Shu didn't know what trick the boss and employees were secretly doing. She squatted down and looked at Fu Jingting's swollen ankle, and asked worriedly, "Doctor, is his foot serious?" The

doctor pressed Fu Jingting's ankle.

Fu Jingting frowned in pain.

When the doctor saw this, he probably knew what to do. He turned around and took the ice cream from the medicine box and shook it twice. While spraying it on Fu Jingting's swollen ankle, he turned back, "It's not a big deal, Mr. Fu just has some strained ligaments. I'll be able to walk in a few days."

Hearing this, Rong Shu breathed a sigh of relief, "That's good, that's good."

She looked up at Fu Jingting and smiled happily at him, "Did you hear, the doctor said you have a few days to go. It will be fine."

Fu Jingting nodded gently, "I heard."

Rong Shu stood up, "I was down there just now, thank you very much."

She was getting into the car at the time, only to hear the sound of a car behind, and did not turn back. Look at the condition of that car.

Because she thought it was just a passing car.

Unexpectedly, it was actually a murderous car.

But if he hadn't reacted in time and pulled her back, she would have been knocked out by Gu Manyin.

“You don’t need to thank me. In that case, everyone will lend a helping hand, let alone me who loves you, so how can I watch you have an accident in front of me.” Fu Jingting looked at Rong Shu with a serious expression Say.

If something happened to her in front of him, he might never be able to forgive himself for the rest of his life.

Because he didn’t save her.

So he was always very fortunate that he sent her to the side of the road.

Otherwise, if it’s just her, maybe she’s already...

Fu Jingting clenched his fists and didn’t think about it any further.

That was beyond his acceptable range.

That’s fine, it’s fine now.

Hearing the man’s confession, Rong Shu’s heart beat fast, and she opened her lips and said, “Even so, you shouldn’t take the risk to save me, you’re not afraid of you...”

“I’m even more afraid that something will happen to you.” Fu Jingting cut her off. if.

After all, for her own safety, he would rather let her live.

Rong Shu’s pupils shrank slightly, then turned her back, raised her hand to wipe the tears from the corners of her eyes, and said in a choked voice, “Fu Jingting, did you ever say that you are actually stupid, in order to save me, you Is it really worth it if you are willing to take your own life?”

“I don’t know about others, but for me, it is worth it.” Fu Jingting nodded seriously.

Rong Shu bit her lip, “You’re really a love brain.”

Fu Jingting chuckled, “No way, I’ve been planted in your hands for the rest of my life, what do you think I can do?”

Rong Shu raised her head slightly, took a breath, suppressed the compromise that was about to erupt in her heart, and turned to look at him, “In the future, don’t be so impulsive anymore, if you really lost your life because of me, do you think I Can you feel at ease? So Fu Jingting, for yourself, and for... me, can you take care of yourself? I don’t want to see you hurt because of me again!” After a

pause, she said again, “If this time Gu Manyin didn’t catch her, and it will be difficult to catch her later. She may jump out to deal with me at any time, and you will definitely put

yourself in danger by helping me, so Fu Jingting, Don't interfere, this is a grievance between me and Gu Manyin, and I don't want to involve you."

Assistant Zhang on the side nodded in support of her.

As President Fu's assistant, and as President Fu's friend, he certainly hoped that President Fu was safe and sound, and would not be involved in the grievances between Miss Rong and Gu Manyin.

But he knew better that Fu would never let go.

If you don't intervene, who will protect Miss Rong?

Sure enough, Fu Jingting shook his head, "I'm afraid not. If I don't intervene, I have to intervene. Haven't you reacted? This is no longer a grievance between you and Gu Manyin, but the three of us."

"What? "Rong Shu's expression changed slightly.

Fu Jingting thought of what happened downstairs just now, and the air was cold all over his body, "I was downstairs just now, she didn't just go to you, she also wanted to kill me."

"How is this possible!" Rong Shu's eyes widened in shock call.

Fu Jingting lightly opened his thin lips and said lightly, "Nothing is impossible, if she didn't want to kill me, she wouldn't bump into us again, at that time, we were together, she couldn't avoid me, just bumped into me. Yours."

These words instantly made Rong Shu speechless.

Yes, if Gu Manyin didn't want to kill Fu Jingting, he would have just driven away when he failed the first time, instead of turning around and hitting him again.

Therefore, Gu Manyin really wanted to kill her and Fu Jingting together.

"But why is that? Doesn't she love you?" Rong Shu clenched her hands and looked at the man.

A trace of disgust flashed in the man's eyes, "Who needs her love, let alone, she has never loved me."

"Never?" Rong Shu's face was full of surprise?

Chapter 535

This is impossible.

If Gu Manyin never loved Fu Jingting, how could Gu Manyin explain Fu Jingting's strong monopoly and desire?

Seeing Rong Shu's thoughts, Fu Jingting said with a cold face, "What she loves is just my identity! After I woke up from my previous car accident, I asked Zhang Cheng to check Gu Manyin, and found a very important clue."

"What is it?" Rong Shu asked.

Assistant Zhang replied, "It was Gu Manyin who knew that she was not Gu Yaotian's biological daughter a long time ago."

"Yes, when Gu Manyin was eighteen years old, she found out that she was not Gu Yaotian's daughter, so Gu Yaotian may not know that. Give Sansheng to her to inherit, even if Gu Yaotian gave her Sansheng, but she has no business talent and knows that she will not be able to support Sansheng in the future. In her hands, Sansheng is either bankrupt or taken away by other shareholders, so she In order to be able to enjoy the glory and wealth all my life, I have been eyeing many men in the circle."

Hearing Fu Jingting's words, Rong Shu opened her mouth in surprise, "Isn't it?"

"Miss Rong, this is true, because I found Gu Man. The candidates that Yin was eyeing at the time were all rich second-generation singles with good backgrounds and singles in the circle. Among them, the top one was our President Fu. However, the gap between the Gu family and the Fu family was too far, and Gu Manyin could not find a chance to follow. President Fu got on the line until Gu Manyin found out that you and Fu are always pen pals."

"Pen pals..." Rong Shu's face sank, and she suddenly remembered something,

so it was!

She and Gu Manyin University are classmates and roommates.

When she was a freshman, Gu Manyin accidentally saw her writing a letter, and laughed at what age she was now, and she still communicated with people in an old-fashioned way.

For this reason, Gu Manyin also joined other students in the department to laugh at her.

But suddenly one day, Gu Manyin, who always looked down on her writing and communicating with people, suddenly asked her about her pen pal, and wanted to make a pen pal no matter what.

Probably at that time, Gu Manyin somehow found out that it was Fu Jingting who wrote to her, and then came up with the idea of ??impersonating her. In this way, Gu Manyin would have a connection with Fu Jingting. Is there a chance?

Thinking of this, Rong Shu closed her eyes and said angrily, "It's my fault, it's because I didn't discover Gu Manyin's conspiracy at first."

If she knew earlier than Gu Manyin, Xiao Zhong, who communicated with her in letters, was the words of Fu Jingting, who was in love with her at that time.

She and Fu Jingting will never get to where they are today.

There will never be anything about Gu Manyin between them.

Fu Jingting grabbed Rong Shu's slightly trembling hand and pulled it into his arms.

Rong Shu didn't stand still, and suddenly fell into his arms.

He hugged her and stroked her hair gently, "It's not your fault, the biggest fault is me, I didn't tell you, my identity."

In fact, it was not that he had no ideas back then, telling her, Who is he.

But because he couldn't find the heart, he kept it up and didn't say anything.

So Gu Manyin was able to take the opportunity to intervene between them, which was the reason for the two of them.

It's not just her alone.

But it doesn't matter, they missed six years and won't miss it again in the future!

Although Rong Shu was stunned, Fu Jingting suddenly hugged her, but she inexplicably didn't want to push him away.

She felt that his embrace seemed to reassure her.

Just like that, Rong Shu's forehead rested quietly on Fu Jingting's shoulder and said, "So you mean, Gu Manyin has never loved you, but only loves your identity, your money, and your status? Because you can let her live the luxurious life she wants most."

"That's right." Fu Jingting tilted his head slightly, smelled her fragrance, and said in a slightly hoarse voice.

Rong Shu lowered her eyes, "Actually, I feel that she still has some feelings for you, I can see it."

Gu Manyin was jealous of her eyes, it was not a lie.

So if Gu Manyin didn't love Fu Jingting, she wouldn't be so jealous of her.

Fu Jingting's brows furrowed into Sichuan characters, "Whether she has feelings for me or not, I don't want it, it's disgusting!"

Hearing this, Rong Shu felt inexplicably good, and the corner of her mouth tickled slightly, "I think, I know why Gu Manyin wants to kill you, probably because of love and hate."

"It doesn't matter, she wants to kill, she has to kill it." Fu Jingting narrowed his eyes, the bottom of his eyes There was a flash of cold light, but it quickly disappeared.

He gently let go of Rong Shu and looked into her eyes, "So now it's not just the grievance between you and Gu Manyin, but the three of us, so don't say those words that tell me not to interfere, even if I don't. , Gu Manyin won't let me go, understand?"

Rong Shu's red lips moved, she had nothing to say, and finally nodded, "En."

Suddenly, she kept putting medicine on Fu Jingting's feet and ate it. The doctor, who was full of dog food, stood up, "Okay, Mr. Fu, your feet have been bandaged. You can't touch the water for the next 12 hours, but you can wipe them with a towel, and don't put them on. It's enough if your feet touch or hit."

Fu Jingting hummed, "I see, show her."

"Okay." The doctor nodded, then looked at Rong Shu, "Miss, please sit here. ."

Rong Shu responded, walked to the side and sat down, picked up her sleeves, exposed her bruised arm, and asked the doctor to deal with it.

At this moment, Assistant Zhang's cell phone rang, "Mr. Fu, the security guard I sent out to chase after Gu

Manyin called." Fu Jingting's eyes narrowed, "Yes!"

Rong Shu also turned her head and stared at him. Assistant Zhang.

Under the watchful eyes of the two, Assistant Zhang turned on the loudspeaker to answer the call, "It's me, has someone caught it?"

"Sorry, Special Assistant Zhang, the person lost it..." There was a cowardly voice from the security guard's sound.

Assistant Zhang's face suddenly turned bad, "What? Lost it? You two big men, driving such a good car, actually chased a broken car and lost it?"

It was hard to believe.

Fu Jingting's expression was also ugly, and the air pressure around his body dropped significantly.

Rong Shu's palm also tightened, and a 'how could this happen' look on her face.

In her opinion, the two security guards would definitely be able to catch Gu Manyin.

However, in the end, it was unexpected and Gu Manyin ran away.

As she said to Fu Jingting just now, if Gu Manyin is not caught and Gu Manyin runs away, it will be difficult to catch Gu Manyin.

Gu Manyin was hiding in the dark, it was undoubtedly a huge time bomb, because at some point, it would jump out to deal with them.

And this is the worst result.

On the other end of the phone, the two security guards lowered their heads when they heard Assistant Zhang's rebuke.

"I'm really sorry for Zhang Teshang, it's not that we wanted to lose it. We chased well and we were about to stop someone, but two cars suddenly drove up from nowhere and deliberately stopped our car. It's gone."

"I deliberately stopped the car!" Rong Shu bit her lip, "Is it Gu Manyin's helper?"

"Obviously." Fu Jingting nodded.

Rong Shu patted the sofa angrily, "She actually has a helper? Who will help her? Meng Ke? Or Gu Yaotian and his wife?"

Gao Meiling was impossible.

Gao Meiling had already entered, and she could not protect herself, so how could she arrange help for Gu Manyin.

So the only two possibilities are these three people.

Of course, it could be someone else, but it shouldn't be very likely.

After all, the current Gu Manyin is not the previous Gu Manyin, so those who held Gu Manyin because of Fu Jingting in the past have long been far away, and it is impossible to help.

Chapter 536

"No matter who it is, you'll find out." Fu Jingting narrowed his eyes and said in a deep voice.

Rong Shu nodded and thought so too.

Now, it doesn't make any sense to think about who helped Gu Manyin.

It all depends on the results of the investigation.

"Let someone come back first." Fu Jingting rubbed his eyebrows and looked at Assistant Zhang.

Since people have been lost, there is no need to continue chasing.

Assistant Zhang rolled his eyes, "Okay, Mr. Fu."

After speaking, he ordered the two security guards to come back first.

At this time, the doctor also treated the abrasion on Rong Shu's arm, took off the gloves and said, "Okay, lady, your wound has been treated with medicine, and it may be a little itchy during the recovery period, as long as you don't scratch it. It won't leave scars."

"Okay, I see, thank you doctor." Rong Shu replied with a smile.

"You're welcome." The doctor grabbed the strap of the medicine box and put it on his shoulder, "Mr. Fu, then I'll go out first."

Fu Jingting raised his chin, "Zhang Cheng, take the doctor out and stop by the monitoring room. Let's go and see when Gu Manyin appeared nearby."

"Yes!" Assistant Zhang nodded, then made a gesture of invitation to the doctor.

The two went out one after the other.

In the huge office, only Fu Jingting and Rong Shu were left.

Rong Shu looked down at his feet, "Do you want to go to the bathroom, or go back to the desk?"

"No!" Fu Jingting shook his head, "Why are you asking that?"

Rong Shu replied, "I mean Yes, if you want to go to the bathroom, or go back to the desk to deal with documents, you can call me, and I will help you there, after all, your feet can't walk right now."

"I see." Fu Jingting nodded, "I Got it, I won't be polite if I need it."

"Well, that's fine." Rong Shu laughed, "If you're polite, I'm not feeling well. Anyway, you've slapped your foot because of me."

Although Gu Manyin was pointing at the two of them went together.

But if Fu Jingting didn't save her and escaped by himself, he would have nothing to do.

In the end, it was she who dragged him down.

Looking at the self-blame on Rong Shu's face, Fu Jingting sighed lightly, "Okay, these things are all of my own accord, you don't have to take them to heart."

"I know, but..."

Before Rong Shu's words were finished, the phone suddenly rang.

She frowned, took out her phone from her bag and looked at it, it was Lu Qi calling.

"I'll take a call." Rong Shu turned her head and said to Fu Jingting.

Fu Jingting hummed, "Go ahead."

Rong Shu slid the answer button and put the phone to her ear, "Hey, Aqi."

"Baby, haven't you delivered your jewelry to Fu Jingting yet?" Lu Qizai asked on the other end of the phone.

Rong Shu looked at Fu Jingting and said, "It's already delivered."

"Then why haven't you come back? It's been so long, didn't you say you're going to inspect the factory soon?" Lu Qi asked again.

Rong Shu raised her wrist and looked at the time, "I have something to delay, so I have to go later."

"I have something to delay? Baby, what's the matter?" Lu Qi became concerned, "Do you need my help?"

Rong Shu smiled Shaking his head, "No, the matter has been temporarily resolved."

"Well, then, come over quickly, if it's late, the construction team will have to get off work." Lu Qi said relieved.

Rong Shu nodded and said, "Okay, I'll come over as soon as possible." "Okay, then hang up first." After the words were finished, Lu Qi hung up the phone.

Rong Shu put down the phone.

Fu Jingting poured her a glass of water, "What did Lu Qi say?"

"Thank you." Rong Shu took the water glass and thanked her before answering his question, "A few months ago, you didn't ask Gu Manyin to let him go. Did you buy a piece of land and give it to me? I will use it later to build the factory building. Now the factory building is almost completed, let me go and check it."

"Congratulations." Fu Jingting smiled and said, "After the factory building is built, there is no need to hand over the goods in the future. Other companies have done it."

He took his glass of water and stretched it towards her.

Rong Shu smiled and touched a glass with him, "You're right, I have my own factory, and I won't have to bother to ask others, let alone get angry."

She still remembered that she had just taken over the company. When I was in Sheng, I went to Hongye Villa to talk to Mr. Song's group about the business of making goods, and was almost harassed by Mr. Song's group of old bastards.

If it wasn't for his sudden appearance, maybe she might have been taken advantage of by Mr. Song's group.

In short, she doesn't want to experience such a thing anymore, just thinking about it is disgusting enough.

"But the factory is built, where are you going to buy the machine?" Fu Jingting asked while drinking water.

Rong Shu frowned, "I haven't thought about this, but I'm thinking about foreign countries. After all, foreign engine technology is indeed better than domestic ones, but if you buy them abroad, you need to buy them, and I don't have them yet. "

"I can make arrangements for you." Fu Jingting looked at her and said.

Hearing what he said, Rong Shu hurriedly shook her head and waved her hand, "No, I don't need your help, I plan to go abroad and try it myself."

"Go abroad?" Fu Jingting raised his eyebrows.

Rong Shu held the water glass, "Well, the tenth of next month is the engagement date of one of my college classmates. I received a call from her two days ago, and she invited me to attend her engagement wedding. I heard from her that her fiance My family is in the mining business, so I have cooperated with many machinery companies, and I plan to see if I can find a purchase channel at her engagement ceremony."

On the 10th of next month, the engagement ceremony, the fiance's family is a mining business...

What a coincidence?

Fu Jingting glanced at his desk. In the drawer of the desk, there was an invitation letter for the engagement ceremony.

And the protagonist of the engagement ceremony, just as she said, will hold the engagement ceremony on the 10th of next month, and the family is still in the mining business.

So, they are going to attend the same engagement ceremony, right?

Thinking about it, Fu Jingting's thin lips twitched, and he couldn't help but let out a low laugh.

Rong Shu looked at him suspiciously, "What are you laughing at?"

"It's nothing." Fu Jingting lowered his eyelids, covering the smile that hadn't disappeared in his eyes, and replied softly.

He wasn't going to tell her that he was going to the engagement too.

Because he really wants to see what kind of expression she will show when she sees him at the engagement ceremony, is it surprise or joy?

There should be.

Thinking that at that time he would see Rong Shu with round eyes staring at him in surprise, the smile in Fu Jingting's eyes became more intense.

Seeing Fu Jingting's mysterious appearance, Rong Shu only felt a little inexplicable.

But he didn't say it, and she didn't force it.

After all, everyone has their own secrets.

Putting the phone back in the bag, Rong Shu just zipped the zipper when she heard the man behind him speak again, "By the way, is Lu Qi still calling you baby?" I

don't know if it was her illusion. His words, baby, seem to have been deliberately accentuated, and with a hint of provocation, they are extraordinarily hoarse and sensual, making people feel that their ears are puffy, and they can't help blush.

Especially when Fu Jingting called this baby, he looked at her and said it.

So she could doubt whether he was calling her that on purpose.

For a while, Rong Shu felt that her face was obviously hot.

She couldn't help but put her hands on her face and touched it, it was really hot.

Not only that, but his heart was beating non-stop, like a deer, and he couldn't calm down.

Chapter 537: Too Domineering

With one hand on her heart, she kept fanning her face with the other, trying to lower the temperature on her face.

Looking at Rong Shu like this, Fu Jingting asked, "What's wrong with you?"

"No...nothing..." Rong Shu hesitantly replied, and quickly lowered his head, not daring to look at him.

God, what happened to her.

Why is the heart beating so fast?

Why is your face so hot?

Calm down now!

He wasn't really calling her baby, he was just stating how Ah Qi addressed her, so why was he so abnormal?

Ah Qi often calls himself that, but he doesn't have any such reaction, why did Fu Jingting just call him like this?

How could Fu Jingting not see that Rong Shu didn't tell the truth, he narrowed his eyes slightly and looked at her, as if he wanted to see through her.

After a while, he seemed to understand something, a glint of light flashed in his eyes, leaned forward slightly, leaned closer to her and said with thin lips, "You haven't answered my question just now, is Lu Qi still calling you baby? , huh?"

This baby, he shouted more affectionately.

Coupled with the extremely provocative tone of voice at the end, Rong Shu took a deep breath.

"You... stay away from me!" She stood up abruptly, took a few steps forward, distanced herself from him, and turned her back to him, refusing to turn around.

Fu Jingting looked at her red bloody ears and could probably guess what her face looked like at the moment.

It must be as red as the ears.

Sure enough, her abnormality was caused by what he just said.

Fu Jingting propped his head up, with a teasing smile on the corner of his mouth, "In the future, don't let him call you that."

"Why?" Rong Shu rubbed her face, took a deep breath, and managed to calm down her inner mess before turning around. Come.

Fu Jingting looked at her, "Because I don't like it."

Rong Shu pursed her lips, "It's your business that you don't like it, why do you ask Ah Qi not to call me that."

"Because this name is too intimate, you are not lovers. , is not suitable for this title. The most important thing is that I will be jealous. I have endured for a long time for Lu Qi to call you like this. One." He looked at her with a serious look and serious tone.

Rong Shu's eyes flashed, "Don't you think you are too domineering?"

“No, I’m just doing what I think is right.” Fu Jingting’s expression softened.

Rong Shu’s red lips moved, just as she was about to say something, the door of the office was pushed open, and Assistant Zhang walked in with a laptop.

After he came in, he saw Rong Shu and Fu Jingting sitting together, the atmosphere was obviously wrong, his striding strides stopped immediately, and then he looked at Fu Jingting with a beating heart, “That... I shouldn’t be at this time. Come in?”

Looking at President Fu and Miss Rong, it seemed that something had just happened to them.

And when he came in suddenly, did he interrupt them?

Thinking of this, Assistant Zhang suddenly felt like he was going to die.

Sure enough, looking at Fu Jingting’s cold face, Assistant Zhang’s mouth twitched and he kept apologizing in his heart.

I’m sorry Mr. Fu, he was wrong.

Don’t dare next time!

“Okay, come here at this time, have you finished watching the surveillance?” Fu Jingting rubbed his temples and asked.

Rong Shu quickly sat down when she heard the word “monitoring”.

Assistant Zhang nodded, “Yes, I’ve finished watching it. Gu Manyin drove a car outside our group at two o’clock in the afternoon, and then sat in the car without getting off. This is the surveillance after I edited it. “

Saying that, he put the laptop in front of Rong Shu and Fu Jingting, and then called up the surveillance to show them.

The first thing Rong Shu saw was the picture of her red Mercedes-Benz appearing in the surveillance area, and then she got out of the car and entered the Fu Group.

The next second after he entered, a black car appeared on the side of the road opposite his car.

Assistant Zhang pointed at the car, “This is the car that Gu Manyin drove!”

“It’s actually this car!” Rong Shu’s face changed greatly in surprise, and her palms suddenly clenched.

Fu Jingting looked at her, "What? You seem to be familiar with this car?"

Rong Shu shook her head and nodded, "I am not familiar with this car, but with this license plate."

"The license plate?" Fu Jingting squinted his eyes. It fell on the license plate of the car that Gu Manyin drove.

The monitoring is very clear and in color, so Fu Jingting can see the number of the license plate clearly.

It was actually two hundred and five.

It fits Gu Manyin quite well.

"In the morning, Aqi and I drove to Tiansheng. At that time, there was a car following us all the time. That car was this one. Because the license plate is very special, I remember it clearly, but when Aqi and I were going to call the police At the time, the car left, and then we thought that the car just happened to follow us, but for the sake of safety, after I arrived in Tiancheng, I asked the secretary to check the owner of this license plate.

"What's the result?" Fu Jingting asked with a gloomy face.

Rong Shu bit her lip, "It turns out that the owner of this license plate is just an ordinary citizen, so I completely let go of my vigilance, but I didn't expect that the owner of this license plate is actually with Manyin!"

At that time, Gu Manyin drove towards her When she bumped into Fu Jingting, she just avoided Fu Jingting and didn't pay attention to any license plates.

That's why I never realized that the car that Gu Manyin was driving was actually the car that had been following her in the morning.

"That's not right, if the owner of the car is Gu Manyin, Miss Rong, your secretary, it is impossible to find out that he is an ordinary citizen." Assistant Zhang raised his doubts, "It can't be your secretary, who is the same as Gu Manyin. Dude, right?"

"Impossible." Rong Shu immediately vetoed, "Tongxi can't be Gu Manyin's person."

"It's also possible that there is a problem with the license plate itself, you can ask someone to check the license plate, what is it? Gu Manyin belongs to that citizen." Fu Jingting commanded.

Assistant Zhang nodded, "Yes!"

He took out his mobile phone and made a call to go out.

Rong Shu and Fu Jingting continued to watch the surveillance behind.

The surveillance at the back was boring, because from the beginning to the end, except for passing vehicles and pedestrians, they did not see Gu Manyin getting out of the car.

It wasn't until two hours later that she and Fu Jingting appeared on the side of the road, and Gu Manyin's car moved.

After that, Gu Manyin bumped into them and they dodged.

After watching the surveillance, Fu Jingting crossed his fingers and put it on his knees, and lowered his eyelids, wondering what he was thinking.

Rong Shu took a breath and said nothing.

The office was so quiet.

A few minutes later, Assistant Zhang came back from the call and stood in front of the two of them, "Mr. Fu, I have checked it out, the owner of the license plate, just like what Miss Rong's secretary found out, is an ordinary citizen. "

In other words, the license plate of Gu Manyin's car is fake?" Fu Jingting sneered at the corner of his mouth.

Assistant Zhang nodded, "Yes, it should be a set of cards randomly made by Gu Manyin. Otherwise, if she drives on the road without a license plate, her car will be stopped, and she will not be able to follow Miss Rong."

"I know . It's over." Fu Jingting nodded, "Next, I'll check the Gu Yaotian couple and the Meng family. I want to know if they are helping Gu Manyin behind their backs."

Now that Gu Manyin didn't die, the police have not made it public, but they have contacted the Gu family.

Before, the Gu family was heartbroken because of Gu Manyin's suicide by jumping off the building, so it was impossible for the police not to notify him.

So it's not impossible for the Gu family, who knew that Gu Manyin wasn't dead, would secretly help Gu Manyin.

Chapter 538 Fu Jingting's Bodyguard

Yes." Assistant Zhang said, took the order, and immediately went out and did it.

Rong Shu looked at the time, it was almost half past four.

Just when she put down her arms and was about to say goodbye to Fu Jingting, Fu Jingting took the lead and said, "Since we still have to go to the factory for inspection, go to the factory as soon as possible. After the inspection and inspection, go back as soon as possible, otherwise it will be unsafe when it gets dark."

"Okay, then I will . Let's go first." Rong Shu stood up.

Fu Jingting picked up the phone, "Wait a minute, I'll have someone take you back."

"No, I have a car myself." Rong Shu waved her hand to refuse.

Fu Jingting said seriously, "It's necessary, I don't worry about you alone, I can't guarantee that Gu Manyin won't suddenly appear again in the middle."

Hearing this, Rong Shu was silent, and a picture instantly popped into his mind, that is, he was in the middle of nowhere. A car was driving on the road, and then Gu Manyin came out again, rammed directly into her car, and killed her alive.

Thinking of this, Rong Shu couldn't help but shivered. She didn't refuse anymore, and bowed slightly, "Then I'll trouble you."

Fu Jingting raised his chin and sent a message out.

"Okay, you can go to the hall downstairs. The people I arranged are waiting for you there and they will escort you." He put down his phone and said.

Rong Shu nodded, "Okay, then I'll take my leave."

"Go." Fu Jingting waved.

Rong Shu looked at his feet and told him to be careful not to touch the water before leaving his office with the bag on his back.

After getting out of the elevator, Rong Shu really saw the people in the lobby that Fu Jingting arranged to see her off. They were two bodyguards in uniform of bodyguards. They were tall and strong, and they felt very safe.

Of course, this didn't surprise her, the real surprise was that the two bodyguards drove two cars in tandem, sandwiching her car in the middle to escort her.

She always thought that Fu Jingting was letting the two bodyguards ride her in her car to see her off like this, but she didn't expect it to be this way.

However, this method is also the safest.

In this way, Gu Manyin can't do it if she wants to drive into her again, because she is protected by a car in front of and behind her.

Gu Manyin was about to collide, but he also collided with the front and rear cars, so he couldn't hit her.

As for Fu Jingting's thoughtful arrangement, Rong Shu's red lips twitched slightly, and a warmth flowed through her heart.

She suddenly realized that he really knew all the details.

"Baby, you are here." Lu Qi stood at the door of Rong Shu's factory building, and when he saw her familiar red car, he immediately threw away the cigarette butt and walked over.

Rong Shu opened the door and got out of the car, and smiled at him, "I'm sorry, Aqi, for making you wait for a long time."

"That's not true, I've only been here for half an hour." Lu Qi said with a smile, and then looked at the two cars in front of and behind her car asked suspiciously, "Baby, what's the situation? Who are they?"

Rong Shu didn't deceive him, pointing to the two cars and replying, "They are Fu Jingting's bodyguards, these two The car also belongs to Fu Jingting."

"Why did Fu Jingting's bodyguard follow you?" Lu Qi frowned.

"It's a long story. In short, they were sent by Fu Jingting to protect me. They will send me back to Repulse Bay in a while." Rong Shu straightened her hair and said.

Lu Qi stared at the two cars and wanted to say something.

Rong Shu looked at the time again, "Okay, Aqi, it's getting late, let's go, let's go and see the factory.

" She entered the factory gate.

By the time the factory came out after the inspection, it was already six o'clock, and it was dark.

Rong Shu compiled the areas to be revised into a book and handed it over to the construction team, and then she was ready to go back.

In the car, Lu Qi looked at the car in front of him, then stuck his head out of the window and looked at the car behind him, his face was dark, "Baby, you can tell me now why Fu Jingting sent Are the two bodyguards protecting you?"

He understood that he was busy checking the factory before.

But now, she has no reason not to say it, right?

When Rong Shu heard his question, her expression did not change at all.

She had long known that, with his curiosity, she would definitely ask clearly.

Rong Shu indifferently turned the steering wheel and replied, "That's right, I'm..."

She told Gu Manyin that she was going to bump into her.

After hearing this, Lu Qi's expression changed drastically, "Damn, this kind of thing actually happened!"

"Yeah, that's why Fu Jingting was worried that Gu Manyin would attack me again later, so he arranged these two bodyguards." Rong Shu glanced at the left rear-view mirror, looked at the car printed in the mirror, and said.

Lu Qi could no longer be dissatisfied with Fu Jingting.

After all, what Fu Jingting did was for the sake of Rong Shu.

If he is still dissatisfied with this, he is simply not human.

"By the way, baby, didn't you just say that Fu Jingting sent someone to chase after Gu Manyin, but now Fu Jingting has sent bodyguards to protect you, could it be that Gu Manyin didn't catch it?" Lu Qi frowned and said.

Rong Shu hummed, "I could have caught it, but Gu Manyin was helped by someone behind him, so Gu Manyin escaped. Now Fu Jingting is investigating who is helping Gu Manyin. Let me know."

"Damn it!" Lu Qi patted his thigh angrily, "I don't understand, she and Gu Manyin have fallen into such a state of despair, how could anyone help her? Is her relationship so good?"

Rong Shu lowered her eyes, her expression very firm, "Who knows, but no matter what kind of relationship she has, I will never let her go!" "It

must be." Lu Tou.

Rong Shu said nothing, pursing her red lips as if thinking about something.

Seeing that she was so serious, Lu Qi didn't bother her, and looked down at the phone.

Half an hour later, Repulse Bay arrived.

After saying hello to Rong Shu, the two bodyguards drove away.

Lu Qi looked at the passing car, touched his chin, and said, "Baby, since Gu Manyin is still hiding in the dark, he may attack you at any time, I think you can also hire two bodyguards to protect you like this. You."

Rong Shu didn't directly reject his proposal, but smiled, "I'll consider it."

After she finished speaking, she opened the door and got out of the car.

Lu Qi also got out of the car.

Rong Shu walked around the front of the car and walked towards the co-pilot, "Go back to the car, come pick me up tomorrow morning, and have a meeting in Tiancheng by the way.

"Go over there.

Arriving in front of the driver's car door, he opened the car door and waved at Rong Shu, "Then baby, I'll go first."

Rong Shu hummed.

Lu Qi bent over to get into the car.

Suddenly, Rong Shu thought of something, and hurriedly turned around and stopped him, "Wait a minute, Ah Qi!"

"What's wrong?" Lu Qi got halfway into the car, and when he heard her words, he got out again.

Rong Shu's mind flashed what Fu Jingting said in the office, and her red lips parted, "That...Aqi, don't call me baby in the future."

As Fu Jingting said, it was indeed a little too intimate, no It suits the relationship between her and Aqi too well.

Hearing Rong Shu's words, the smile on Lu Qi's face instantly solidified, "You said, tell me not to call you baby in the future?"

"Well." Rong Shu nodded.

"Why?" Lu Qi slammed the car door, then stepped in front of her in three or two steps, wanting her to explain.

Rong Shu looked up at him, "Because it's a little inappropriate." "What's inappropriate?" Lu Qi couldn't understand.

Chapter 539 Lu Qi's Feelings

"It's not suitable anywhere." Rong Shu sighed and replied, "This title should only be called by close lovers, and we are just friends, so it's a bit too much for you to call me that."

Lu Qi smiled. He was a little sarcastic, "How could it be too much? I've been calling you that for more than ten years, and you haven't said what's wrong with me calling you that, but at this time you suddenly said it was wrong, yes Didn't someone tell you something to tell me not to call you that?"

Rong Shu's eyes widened slightly.

After seeing this, Lu already understood, and clenched his fists, "Sure enough, someone really told me not to shout like that, is it Fu Jingting?"

Rong Shu's eyes flashed and she acquiesced.

"It's really him!" Lu Qi's face was ugly, "You really listen to him now, because he said so, you don't even want me to call you for more than ten years."

Hearing this, Rong Shu felt a touch in her heart. Apologetically, he bit his lips and replied, "Sorry Aqi, I admit, it was indeed Fu Jingting who asked me to do this, and he asked me to tell you, I hope you don't call me that again in the future, because it's inappropriate, but I also seriously considered it. , found that it was exactly as he said, such a title is not suitable for us."

She didn't feel anything before, but after Fu Jingting said it.

She finally realized that Ah Qi's address to her was indeed too ambiguous, too ambiguous, and too intimate, which was beyond the scope of addressing her as a friend.

"No, it's not that we are inappropriate." The corner of Lu Qi's mouth pulled out a sneering arc, "it's that you don't want to upset someone."

Rong Shu's expression froze, "What... what?"

“Nothing!” Lu Qi took a step back, then turned back to the driver’s door, opened the door, leaned over and pulled out the car key, “I’ll ask you again, do you really want me to give up this name for you?”

Rong Shu’s red lips moved, seemingly hesitant.

But at this time, Fu Jingting’s face flashed across her mind, the hesitation in her heart disappeared again, and she nodded.

Hearing her answer, Lu Qi’s heart suddenly sank to the bottom, and the expectation in his heart disappeared instantly.

There was a wry smile in his eyes, “Okay, I know, since you insist, then I agree, I won’t call you baby in the future, but you know, from the moment this name disappeared, between us The relationship between us will not be as close as it used to be.”

Rong Shu frowned, “How can it be, we just change our names, but the intimacy as friends will not change, right?”

“If it is true Of course our friendship will not change, but we are different.” Lu Qi clenched the car key in his hand and took a deep breath, “This baby is my exclusive name for you, because calling you this way, I You will feel that I am unique to you, and I occupy a certain position in your heart, but now you have deprived me of the right to call you that, which proves that in your heart, I am no different from ordinary friends, and there is no I think it’s so important, so... let’s do it!”

After he finished speaking, he put the car keys on the front hood of the car, turned around and walked towards the side of the road.

“Aqi!” Seeing this, Rong Shu hurriedly called him.

But Lu Qi didn’t seem to hear it. He didn’t mean to turn back or stop. He walked straight to the side of the road, beckoned to stop the car, and then got in the car and left.

Watching the taxi go away, Rong Shu felt a little complicated.

His words just now revealed a lot of information.

Among them, one thing she understood was that he actually had that kind of feeling for her!

Rong Shu clenched her palm tightly and shook her head slightly, with an incredible look on her face.

Obviously, she couldn’t believe that Lu Qi’s love for her was not a real friendship, but a relationship between a man and a woman!

If it wasn't for him just stating it himself, she wouldn't have discovered it at all.

No wonder he called her baby.

No wonder he reacted so strongly after not letting him call.

If they are really just friends, the feelings of best friends, and if he doesn't let him call her baby, he may be sad, but the reaction will never be so big, and it even seems to be breaking with her.

"Aqi..." Rong Shu looked at the direction that Lu Qi was leaving, and read his name lightly.

Although she regrets her future relationship with him, she will not be as close as before, but she does not regret what she has done now.

If she hadn't found out that he had a relationship with her, she might regret it, but she never regretted it now.

Because if it goes on like this, Ah Qi's feelings for her will become deeper and deeper, and he can't let go.

And she doesn't love him, so she can't respond to his feelings.

Then in the end, it will only bring him harm.

Now let him not call her baby, to indirectly tell him that she only has friendship with him, not a relationship between men and women, maybe he will come out of his feelings for her in time, and will not get deeper and deeper. , In the end, it was impossible to end

. Thinking of this, Rong Shu sighed, then walked to the front of the car, picked up the key that Lu Qi had just put down, and entered the apartment building.

On the other side, Fu Jingting finally returned to Fu Mansion after a period of time.

As soon as I got out of the car, I thought about my phone.

He raised his hand, motioned Assistant Zhang to stop the wheelchair first, and then answered the phone.

"Mr. Fu, we have delivered Miss Rong to Repulse Bay safely," said the person on the other end of the phone.

Fu Jingting hummed, "Very good. Besides, have you found any wrong car on the road?"

"No."

Fu Jingting frowned, "I see, from now on, the two of you will squat beside Rong Shu in secret to protect you. Good her."

"Yes." The person on the other end of the phone nodded.

Fu Jingting stopped talking and hung up the phone.

When Assistant Zhang saw that he put down his phone, he pushed the wheelchair again and pushed him through the gate of the villa.

As soon as he entered the living room, Fu Jingting saw Wang Shuqin sitting on the sofa with his back to him.

She held a mirror in one hand and put one hand on her collarbone, as if she was stroking something, and she kept saying things like 'so beautiful'.

Fu Jingting raised his eyebrows and asked, "Mom, what are you doing?"

Upon hearing his voice, Wang Shuqin's face changed suddenly, and the mirror in his hand almost fell on her lap, smashing her. His legs hurt so bad, his face was twisted.

But Wang Shuqin didn't care about this, she quickly put the mirror away, rubbed her legs, stood up with her collarbone covered, turned around and smiled, looked at Fu Jingting and said, "Jingting, why are you back suddenly? You haven't come back recently. Do you all live outside?"

Seeing her panic, Fu Jingting narrowed his eyes slightly, "Come back and get something, Mom, what's wrong with your neck? Why are you covering it all the time?"

Facing his scrutiny eyes, Wang Shuqin felt even more panicked. Now, the cold sweat is about to flow down, and her eyes keep flashing, "I...I have some allergies in my neck, so...so..."

Before she could finish her words, the phone rang.

When Wang Shuqin heard the phone ring, she subconsciously wanted to pick it up.

The moment she released her hand from her collarbone, she realized what she had done, and immediately cried out in her heart, it's over!

been discovered!

"That's the blue heart?" Assistant Zhang, who was standing behind Fu Jingting, looked at the necklace on Wang Shuqin's neck and opened his mouth in surprise.

Fu Jingting saw it too, his brows turned into Sichuan characters, and he asked in a deep voice, "Mom, isn't the blue heart in Rong Shu's place? Why is it in your hands now?"

Wang Shuqin rolled her eyes when she heard his question. He hurriedly found an excuse, "This... this is fake, I bought a high imitation, a high imitation."

Chapter 540 Wang Shuqin's True Heart

"High imitation?" Fu Jingting's face sank, and his whole body exuded an aura of displeasure.

Assistant Zhang even twitched the corners of his mouth, and the whole person was very speechless.

Is there a high imitation of the blue heart?

Isn't this an obvious lie!

Wang Shuqin didn't know Fu Jingting and Assistant Zhang, she already knew that she was lying, and thought her lie had convinced them, she nodded again and again and said, "Yes, high imitation, I went to the mall to buy it, a few thousand yuan a piece. What."

"Mom, do you really think someone can imitate the blue heart?" Fu Jingting looked at her expressionlessly.

When Wang Shuqin heard what he said, her heart froze for a while, and she felt a huge sense of unease, "What... what do you mean?"

"It means that as soon as the Heart of Azure Blue was made, it went directly to the auction, and there was nothing to do with the outside world. The photos leaked out, so the outside world only knows that there is a blue heart, a priceless jewel, but they don't know what the blue heart looks like, so tell me, where did the mall you buy from see the blue heart and imitate it?" Fu Jingting pursed his thin lips, and said indifferently.

Wang Shuqin's face turned red and white, "This...I..."

She was so embarrassed that she couldn't speak clearly.

Fu Jingting rubbed his brows, "Can you tell me now, why is the blue heart here with you?"

Wang Shuqin touched the necklace on his neck and looked at his sharp eyes again, knowing that everything could be hidden, so she had to say To tell the truth, "Rong Shu gave it."

“Impossible!” Fu Jingting frowned and denied it directly.

Wang Shuqin eagerly proved her innocence, “She really gave it to me. The last time you were hospitalized, Rong Shu brought this to you. I opened the door, so she gave me the necklace and asked me to hand it over to you. You, but...”

“But you saw that it was a azure blue heart, so you secretly flirted with me behind your back?” Fu Jingting narrowed his eyes sharply.

Wang Shuqin bowed her head guiltily and admitted.

Fu Jingting took a deep breath, suppressed the anger in his heart, and then stretched out his hand to him, “Give me the necklace.”

“No.” When Wang Shuqin heard this, she immediately covered her blue heart tightly, and shook her head again and again. With a reluctant expression on his face, “Jing Ting, you originally bought this azure blue heart. It was so cheap for Rong Shu...”

“Huh?” Fu Jingting’s face turned cold.

Knowing his current feelings for Rong Shu, Wang Shuqin opened her mouth, knowing that she had said the wrong thing, and quickly changed her words, “What, this blue heart was stolen by Rong Shu, it was originally her fault, she is now With self-knowledge to return the blue heart, you will leave it anyway, how about giving it to me?”

“No!” Fu Jingting refused, and stretched his hand forward again, “Give me the necklace.”

” Jing Ting...”

Wang Shuqin was still trying to get one for herself.

Fu Jingting said without doubt, “Give it to me!”

Hearing the impatience in his tone, Wang Shuqin didn’t dare to really provoke him, she took off the necklace with gritted teeth, and handed it to him reluctantly.

Fu Jingting gathered up the necklace in his hand and was about to take it to him.

But when he pulled it, he couldn’t pull it.

He frowned, only to realize that after Wang Shuqin handed the necklace to him, she did not completely let go of the necklace.

“...” Fu Jingting sighed, “Zhang Cheng.”

“Yes.” Assistant Zhang responded.

“Go to order a set of jewelry for Madam tomorrow.”

“Yes.” Assistant Zhang nodded and replied.

Fu Jingting looked at Wang Shuqin, “Mom, you heard me, I have told Zhang Cheng to order you a set of expensive jewelry tomorrow, so can you let go of the blue heart now?”

He couldn't forcefully take the necklace away .

Denial will be torn apart.

Wang Shuqin looked at the blue heart in her hand, and was not at all happy that she was about to get new jewelry.

Because she knows that no matter what kind of new jewelry, it is not as valuable as the blue heart.

Therefore, she still wants a blue heart more.

“Jing Ting, how about talking to you, Mom?” Wang Shuqin squeezed a smile on her fat face, “Rong Shu returned this blue heart, and since she returned it, it means she doesn't want it anymore. , you...”

“No.” Fu Jingting sternly rejected her again, “Whether she came back because she didn't want it or not, but for me, this blue heart can only be hers.”

“But...”

“No However, loosen the necklace.” Fu Jingting lost his patience this time, and said in a deep voice with his thin lips.

Wang Shuqin finally let go of her blue heart.

Because she didn't dare to really go against him.

Even if he was raised by her.

However, his aura was inherited from the old lady, and when he confronted him, she became embarrassed.

Taking back his blue heart, Fu Jingting's stern face softened.

He carefully put the necklace in his suit pocket and put it away, then looked at Wang Shuqin, his eyes became serious again, "Mom, last time my grandmother should have told you that Rong Shu and I will remarry in the future. You shouldn't have any opinions on Rong Shu in the future, right?" Wang Shuqin

nodded first, and then asked dissatisfiedly, "Jing Ting, do you really plan to remarry her?"

"Yes." Fu Jingting nodded.

Wang Shuqin suddenly became unhappy, "What's so good about her? Why can't you just let her go?"

"Then tell me, what's wrong with her, so you always have such a big opinion of her?" Fu Jingting asked without answering.

Wang Shuqin snorted coldly, "She's not good anywhere, she..."

She was about to give some examples to talk about the bad things about Rong Shu, but when she opened her mouth, she realized that she couldn't say anything.

This made Wang Shuqin very surprised and puzzled.

Why can't she tell Rong Shu's shortcomings?

Seemingly seeing what Wang Shuqin was thinking, Fu Jingting pressed his temple a little tiredly, "Mom, do you know why you can't say it, because you know in your heart that there is nothing wrong with her. In the past six years, she respected her You, no matter how you treat her, she has never disrespected you. She takes care of Jinglin, even if Jinglin bullies her, she doesn't take it to heart, because she doesn't have anything out of the ordinary, so you can't say that she has What's wrong, so I don't understand, why do you dislike her so much?"

Why?

Wang Shuqin lowered her eyelids, "Because her family background is not good, it will drag you down, so why should I like such a daughter-in-law?"

"The family background is not good?" Fu Jingting was very happy, "What is the reason?"

Assistant Zhang also nodded . .

He said he didn't understand either.

Although there are indeed many mother-in-laws in the circle who don't like daughters-in-law from bad backgrounds, those mother-in-laws are different from Wang Shuqin.

Those mother-in-laws were born wealthy and had a good family background, so they looked down on their daughter-in-law who had a bad family background. He could understand.

But Wang Shuqin's birth was worse than Miss Rong.

At least Miss Rong is a proud family, although it is a short-lived wealthy family.

But Wang Shuqin was born in an ordinary poor family, so she looked down on Miss Rong's family background, which was very confusing.

"Why is this not a reason!" Wang Shuqin akimbo, "I just don't want you to marry a woman whose family background is far inferior to our Fu family, and who can't help you. If you marry such a woman, you will be caught in the circle. You can't lift your head up, Jing Ting, I really treat you as my own son, so I don't want you to experience what your father experienced back then."

Chapter 541 The reason why I don't like Rong Shu

"What do you mean?" Fu Jingting narrowed his eyes.

What is it, what his father experienced back then?

What happened to his father?

When it comes to Fu Huai, Wang Shuqin's whole person has changed, becoming sad and lonely.

She sat down with the armrest of the sofa, her eyes were a little lost, and her snobbish and mean face became peaceful now, and even a faint flash of guilt appeared.

"Ten years ago, I married your father, and what I got was not the blessing of others, but the ridicule of others, I won't say it anymore, no one in the circle accepted me, and your father has become a joke in the circle, Just because he married me, a woman who was not born well, has no culture, and can't do anything about it."

Wang Shuqin stroked the ring on her ring finger.

The ring was a platinum and diamond ring, but it didn't shine at all. It was gray and looked very old. It looked like it had been worn for many years and had never been removed for cleaning.

Moreover, the ring was still a little small for her, it cut her ring finger into two pieces, and the flesh on both sides swelled up.

Even so, she still didn't take it.

It can be seen that this ring has extraordinary meaning to her.

Wang Shuqin looked down at her finger, the wedding ring that Fu Huai had put on her back then, and slowly said again, "Your father was originally the best man in the circle, but since marrying me, everyone in the circle has become estranged. Your father, because they think that your father brought me into the upper circle is to lower the level of this circle, so they often laugh at your father for his lack of vision, and they also design to make me laugh and embarrass your father."

Said At this point, Wang Shuqin's chubby hand suddenly clenched tightly, a twist appeared on her originally peaceful face, and her eyes were red.

"The ones above are not the most serious, but the most serious thing is that the women in the circle know that I am uneducated, so they united to punish me and told me to give them several important contracts of Fu, and let them Show it to their husbands, and then cooperate with Fu Shi after reading it, so that Fu Shi can develop even more."

"Have you done it?" Fu Jingting raised his eyebrows.

Wang Shuqin nodded, "Yes, I don't know anything, but I want to help your father, and I also want to be able to help my husband like other wives, but who knows that after I did that, not only did I fail to help your father and my husband. Mr. Fu, on the contrary, harmed your father and caused your father to lose an important contract, which led to the great turmoil of Mr. Fu that year."

"I know that." Assistant Zhang pushed his glasses, "The Fu Group was very energetic that year. In the end, if the old lady hadn't stood up to turn the tide, maybe the Fu family would have been really bad. I heard that the husband was dismissed as the president by the old lady."

"My father lost several important contracts, which caused the group to be turbulent, and my grandmother refused to give up. His position cannot be explained to the shareholders below." Fu Jingting said lightly with thin lips.

The expression on Wang Shuqin's face became more and more self-blame and guilt, "Yes, so during that time, your father was unhappy and drank a lot of alcohol every night, and finally the old lady couldn't stand it anymore, and proposed to let your father

go on a business trip abroad and talk to her. If a chaebol family in a foreign country reaches a cooperation, he can make those shareholders look at him again, and then he can resume the position of president, but I didn't expect..."

She covered her face, her emotions collapsed instantly, and she cried with a wow.

Fu Jingting clenched his fists and his voice was hoarse, "I didn't expect my father to die in a foreign hotel that time." Wang Shuqin

nodded while crying.

Fu Jingting asked Assistant Zhang to push himself to the coffee table, and then took out two tissues and handed them to her, "I know now, why you always say that Rong Shu is not suitable for me, the Rong family has fallen out of the ranks of the wealthy family, you I think that Rong Shu can't help me, can't help Fu Shi, and may even hold me back, making me, like my father, despised and ridiculed by people in the circle."

"Yes." Wang Shuqin looked up at him, "That's what I mean, I have killed your father, and I don't want you to follow the same path as your father." That's

why she practiced Rongshu like that six years ago . . . I like Gu Manyin.

Because the Gu family did not fall out of the ranks of the wealthy family, there was Gu Yaotian behind Gu Manyin, who was much better than the orphan girl Rong Shu.

Moreover, there is only one daughter, Gu Manyin, in the Gu family. In the future, when Gu Yaotian dies, everything in the Gu family will belong to Jing Ting. Then the Fu Group can also expand again, so she can let go of the guilt she felt back then.

Unexpectedly, Gu Manyin is actually such a thing.

"Mom, thank you for your consideration and worry about me." Fu Jingting put the paper in her hand, his expression softened.

Anyway, she didn't like Rong Shu, and she didn't want him to be with Rong Shu, all for his own good.

He can't veto her kindness, but if she agrees, he can't accept it either. So Fu Jingting looked at Wang Shuqin and said

seriously, "But I'll still be with Rong Shu."

"What?" Wang Shuqin's eyes widened.

The sad past that he didn't want to mention the most was said. He thought he could persuade him, but he didn't expect that he still insisted on remarrying Rong Shu.

She said so much about her feelings, it's all in vain.

"Yes." Fu Jingting nodded, "Rong Shu and I will not go through what happened with your father back then, because Rong Shu is different from you."

"What's the difference?" Wang Shuqin didn't understand.

She admitted that Rong Shu was born better than her. But the Rong family is no longer a wealthy family, although there is still a Tiancheng. But even someone who doesn't understand business knows that Tiancheng doesn't make money now. So in the end, Rong Shu didn't even have any money.

So, how is this Rong Shu different from what she was before?

"It's different everywhere." Fu Jingting put his hand in his suit pocket, stroking his blue heart and replied, "Rong Shu really has nothing right now, but she is ambitious and has a certain talent for business. Tiancheng is in her hands. It can be developed, so it is only a matter of time before the Rong family returns to the ranks of the wealthy family."

Fu Jingting didn't know what to think, and smiled, "If anyone dares to look down on her and laugh at her, now She will only fight back instead of sitting and letting others laugh at her. She is better than you in this respect. If you were able to do this then, perhaps the situation between you and your father would not have been so serious. The development is very strong, and it is more than several times stronger than when it was in the hands of my father, so our Fu family does not need any marriage to maintain its prosperity. My ability is the biggest reason that makes the Fu family strong."

"No need ..." Wang Shuqin murmured in confusion.

How could it not be needed?

In her cognition, wealthy families are all about marriage.

"Yes, no need, relying on marriage to maintain a strong family is not really strong, Mom, the current Fu family is no longer the Fu family of the past, so think about it carefully, I sincerely hope you accept Rong Shu, I don't want to choose between you and Rong Shu to give up one, if I really want to give up, it will definitely not be her." Fu Jingting stared at Wang Shuqin and said.

Wang Shuqin's body froze, as if she had fallen into an ice cellar.

It won't be Rong Shu, that's her?

For a time, Wang Shuqin was completely stunned, her face was white.

Chapter 542

She would never have thought that her and Rong Shu's positions in his heart were not equal.

She lost to Rong Shu!

Wang Shuqin seemed to have been hit by a huge blow, her whole body was in a trance, and she finally sat down on the sofa, her eyes were dull, and she was dazed.

Seeing this, Fu Jingting's eyes darkened, then he waved and asked Assistant Zhang to push him upstairs.

Assistant Zhang quickly followed suit.

Soon, the two came upstairs.

Assistant Zhang opened Fu Jingting's door and pushed him in, "Mr. Fu, are you not afraid that your wife will be sad if you tell your wife like this?"

Fu Jingting lightly opened her thin lips and said in a low voice, "Some things are unavoidable, let her know about me. No matter how she treats her and Rong Shu, in this case, she will retreat to Rong Shu and dare not provoke Rong Shu again."

"That's true." Assistant Zhang nodded.

Fu Jingting took out the blue heart from his pocket, "Go and prepare a cup of cleaning solution." Wang Shuqin

had already worn the chain, and if it was not cleaned, he would not be able to give it to Rong Shu again.

"Yes." Assistant Zhang knew what he was going to do, and after answering, he went to prepare.

Because Wang Shuqin has a lot of jewelry, the Fu Mansion has been prepared with a lot of cleaning solutions for jewelry all year round.

Assistant Zhang went downstairs to ask the servant, and soon returned to Fu Jingting's room with a large cup of cleaning solution.

Fu Jingting asked Assistant Zhang to put the cleaning solution on the table, and after putting it down, he threw Azure Blue Heart into the cleaning solution.

After a few seconds, the cleaning solution became cloudy.

Fu Jingting picked up a long glass stirring stick and gently stirred the blue heart in the cleaning solution, so that the blue heart could be cleaned in all directions.

Assistant Zhang stood next to him holding a towel.

After the cleaning solution became clear again, he handed the towel over, "Mr. Fu."

Fu Jingting took the towel and put it on the table, then used a clip to pick up the blue heart in the measuring cup and threw it on the towel.

The blue heart that has been cleaned has become more dazzling and dazzling than before it was cleaned.

Especially the main diamond, under the illumination of the light, reflects colorful rays of light, which is very dazzling.

Fu Jingting picked up the towel, gently wiped the blue heart, and wiped off the remaining cleaning solution.

"Go to my cloakroom and get a box." Fu Jingting instructed Assistant Zhang while wiping.

Assistant Zhang went, and after a while he took out an exquisite box.

Fu Jingting put the cleaned blue heart into the box, "Go back."

"Yes!" Assistant Zhang nodded and turned to go out.

Fu Jingting took out his mobile phone and called Rong Shu.

Rong Shu answered quickly, "It's so late, what's the matter?"

"Is it bothering you?" Fu Jingting put the phone to his ear and spoke softly, without answering the question.

Rong Shu was sitting in front of the computer and busy working. Hearing his words, she turned her stiff neck and laughed, "No, I haven't slept yet, so it's not a disturbance."

"That's good." Fu Jingting played with it. Holding the box in his hand, he asked, "How did you bring back the blue heart?"

Rong Shu was stunned for a moment, then her expression became a little strange, "You asked me at this time, wouldn't you know?"

Fu Jingting hummed . , "Yes."

"How is this possible!" Rong Shu frowned, "I went to your ward and gave Wang Shuqin the blue heart and let her bring it to you. How could you..." Having

said this, she suddenly Thinking of Wang Shuqin's character, her expression suddenly became ugly, "Did Wang Shuqin swallow the blue heart and not give it to you?"

"Yes." Fu Jingting nodded, without concealing, "I went back to Fu's mansion tonight and found that she was wearing a blue heart, and only then did I know that you returned the blue heart."

"That's true, she is too..."

Rong Shu pursed her lips. She wanted to say that Wang Shuqin was too shameless, but then she realized that he was Wang Shuqin's son, and it was not good to say that in front of him, so she forcibly restrained her words.

But even so, Fu Jingting still guessed what she wanted to say and was not angry.

After all, what Wang Shuqin did was indeed shameless.

"Blue Heart, I have taken it back." Fu Jingting stroked the box and said softly.

Rong Shu breathed a sigh of relief, "That's good."

"So I want to know, why did you give me back the blue heart?" Fu Jingting narrowed his eyes, his face full of displeasure.

She gave him everything back, was she going to leave everything behind?

Hearing the dissatisfaction in the man's tone, Rong Shu released the mouse and replied, "I will return the blue heart to you, which is also my decision after careful consideration. You jumped off the cliff to save me and let me know that I owe you a lot. It's almost unclear, and with so much kindness on my back, the pressure is really great, so I can only pay back a little bit, the blue heart is the first one I pay back."

It turned out to be the case.

Fu Jingting's frowning furrowed.

Because he can understand her thoughts.

Currently they have nothing to do with it.

So everything he did for her would increase her pressure, and she couldn't accept it calmly.

This is her character, as long as she owes others, she must pay it back, otherwise she will never let it go.

“I see, Azure Heart, I accept it.” Fu Jingting put the box on the table and said.

If she wants to pay it back, let her pay it back.

As long as it makes her feel better, he will accept it.

Later, when they are together again, he will naturally be able to open up the rest so that she doesn't have to pay it back.

Rong Shu didn't know what Fu Jingting was thinking, but she laughed when she heard his words, “Just accept it.” If

he accepted it, it meant that he accepted a little kindness from her.

In this way, she owes him less, and the pressure in her heart can be relieved a little.

As for the rest, take it slow.

“That's right.” Suddenly thinking of something, Rong Shu sat up straight, “That... I already told Ah Qi that he should stop calling me that in the future.”

“So soon?” Fu Jingting frowned. Picking up slightly, there was a hint of surprise in his eyes.

He also thought that she would slowly find opportunities to let Lu Qi do this.

He was ready to listen to Lu Qi and call her the precious baby for a while.

Unexpectedly, she was so quick, and asked Lu Qi not to call her that again in the future.

Thinking of this, Fu Jingting's thin lips twitched, and he was obviously in a good mood.

Because the faster she is, the more she cares about him.

“It's not too soon.” Rong Shu's eyes flashed, and she lowered her head and replied, “It happened that I was with Aqi at night, and I told Aqi by the way.”

“He agreed?” Fu Jingting's voice became more gentle.

Rong Shu nodded, “Well, I agree, it's just...”

“Just what?”

“Nothing.” Rong Shu shook her head and glanced at the time in the lower right corner of the computer, “Okay, Mr. Fu, it's getting late, I want to rest first.”

“Okay.” Although Fu Jingting was still curious about what happened between her and Lu Qi, he suppressed this curiosity when he heard that she wanted to rest.

He didn't want to tire her.

“Go to bed earlier, good night.” Fu Jingting's thin lips moved slightly, and he said good night in a low and sweet voice.

Rong Shu's ears were crisp, as if something like a feather was scratching lightly, so she couldn't help but tilt her head and rub her ears, and whispered “Good night.”

After the call, Fu Jingting put down the phone . , then picked up the box and controlled the wheelchair to drive towards the cloakroom.

Chapter 543 He Bought the Ring

When he came to the cloakroom, Fu Jingting went straight to the exhibition cabinet where the watch, cuff, tie clips, and other luxury goods were stored, and then put the box into a space in the exhibition cabinet.

After putting it away, he retracted his hand and prepared to go out.

But the next second, he seemed to remember something, then opened a drawer, and immediately took out another black velvet box.

The box is not big, the size of a palm.

Fu Jingting opened the box with one hand, revealing the contents, two rings.

The two rings, one large and one small, one for men and one for women, were suddenly his and Rong Shu's wedding rings.

Fu Jingting looked at the two rings, a dim light flashed in his eyes, then picked up one of the rings and turned it over, looking at the totem of the Fu family in the inner circle, his thin lips curved slightly.

Rong Shu always thought that she bought their wedding ring.

But it's not true. It can be said that this pair of wedding rings was bought by him, but she didn't know it.

Therefore, in these two rings, there will be the totem of the Fu family.

Six years ago, after he promised to marry her, she came to Fu's house to discuss the wedding process and wedding ring.

But at that time, he was in the hypnosis of Shi Qing, and Gu Manyin was all in his mind. Naturally, he didn't like her, the person who married him. So he didn't like the wedding arrangement she wanted, as well as the wedding arrangement. He didn't care about the style of the ring at all. After leaving a sentence for her to arrange for herself, he left the house.

Because he didn't want to see her at all.

But what he didn't expect was that he saw her again at the mall that afternoon.

At that time, she was standing in front of the counter of a jewelry store picking out a ring. At that time, she chose the pair of wedding rings he is holding now.

But at that time, she was only immersed in the joy of getting married, so she didn't ask the price of the ring, so she asked the lady at the counter to wrap the ring.

The price of this pair of rings was 2 million at the time, and at that time the Rong family was on the verge of bankruptcy, there was absolutely no way she could have 2 million.

So this price is something she can't afford.

Then he came forward at that time, went to the lounge behind the jewelry store, paid more than one million, and asked the jewelry store to add Fu's totem in it.

In fact, at that time, he didn't even know what was going on with him, why did he do this, didn't he hate her?

It was not until the hypnosis ended and he fell in love with her again that he realized that even though he was hypnotized, he still thought of her in his heart, but it was not clear.

So in the end, Rong Shu only spent a third of the money to get the pair of rings.

So she didn't know from beginning to end that he also bought the ring.

Thinking of this, Fu Jingting slowly put his own men's wedding ring on the ring finger of his left hand.

After putting it on, he looked at the lady's wedding ring belonging to Rong Shu in the box, and whispered, "Come on, wait a minute, your master will be back soon." After

he finished, he closed it. The box, put the box back in the drawer, then push the wheelchair, turn around and go out.

...

the next day.

Rong Shu came to Tiansheng.

Secretary Tong waited for her at the door of her office as usual, "Mr. Rong."

"Have all the people in the meeting arrived?" Rong Shu asked while opening the door.

Secretary Tong nodded, "it's almost there."

"Are you up then?" Rong Shu pushed open the door operator, his wife slave.

Secretary Tong replied, "Mr. Lu is here too, but..."

"But what?"

Secretary Tong pushed his glasses, and a trace of worry flashed in his eyes behind the lenses, "Mr. Lu's state is not right, he seems to be in a bad mood."

Hearing this, Rong Shu paused.

Secretary Tong noticed her strangeness and opened her mouth, "Mr. Rong, do you know why President Lu is in a bad mood?"

Rong Shu lowered her eyes, "Well, it's so."

She didn't expect that the night had passed, Aqi still hasn't let up.

Also, if it is so easy to let go, then the feelings in this world are not worth mentioning.

"Mr. Rong, what's wrong with President Lu?" Seeing that Rong Shu really knew about Lu Qi's situation, Secretary Tong clenched his hands and asked hastily.

Rong Shu knew that she liked Lu Qi and didn't give a shit, so she turned back, "Aqi and I had a little conflict."

"So that's the case." Secretary Tong's eyes darkened.

That's right, Mr. Lu has always been careless and heartless. There are very few times when he is unhappy, and there are few people who can make him unhappy.

Of course, except for Mr. Rong.

President Rong is the one who most easily affects his mood.

She should have thought that he was in a bad mood, and it was probably related to President Rong.

“Okay, don’t think too much, let’s have a meeting first. I’ll talk to him about Ah Qi’s side. If it really doesn’t work out in the end, I’ll let you go.” Rong Shu patted Secretary Tong on the shoulder.

Secretary Tong was stunned, “I... I’m going?”

“Yes.” Rong Shu nodded.

“I can’t.” Secretary Tong shook his head and waved his hands again and again, saying that he couldn’t do it.

Rong Shu laughed, “Don’t think like that, believe in yourself, you can do it, give yourself confidence, maybe your relationship will be realized, not necessarily.”

Hearing this sentence, Secretary Tong’s face changed greatly, Looking at her with wide eyes, “Mr. Rong, you...”

Rong always didn’t know, knew that she liked President Lu?

As if seeing what Secretary Tong was shocked, Rong Shu smiled and said, “Come on!”

Sure enough, President Rong really knew.

Secretary Tong’s mouth opened, and after a long time he said in a daze, “Mr. Rong, aren’t you angry?”

“Why should I be angry?” Rong Shu was a little puzzled.

Secretary Tong twisted the corner of his clothes, “because I... I like President Lu.”

Rong Shu chuckled, “You like Aqi, why am I angry? Whoever you like is your freedom, I have no right to be angry, after all, I It’s not that kind of relationship with Ah Qi.”

Hearing what she said, Secretary Tong was relieved immediately, and the anxiety in his heart disappeared.

Fortunately, Mr. Rong is not that kind of person.

She has encountered that kind of woman who obviously doesn’t like male best friends, but is not happy that her male best friend is missed by other women.

“Anyway, go for it, I support you and Ah Qi together very much, you are very suitable for him.” Rong Shu said seriously.

She really supports Secretary Tong and Aqi together.

Now that Ah Qi's heart is on her, she can't respond to his feelings. If it goes on for a long time, it will be the two of them who will suffer in the end.

So she likes that someone can pursue Aqi, and it is best to take Aqi's heart away from her.

In this way, she is relaxed, and Ah Qi has her own happiness, isn't it the best of both worlds.

Although her idea was a bit selfish, she also meant to use Secretary Tong.

However, Secretary Tong herself likes Aqi, so she can be considered to fulfill Secretary Tong.

Of course, she will also compensate Secretary Tong in the future.

It suits him well...

When Secretary Tong heard Rong Shu describe himself and Lu Qi like this, his face couldn't help turning red, "Mr. Rong, stop joking."

"I'm not joking, what I said is true, then you can think about it slowly. Alright, let's go to the meeting first." Rong Shu finished with a smile, picked up the documents on the desk, and walked towards the door.

Secretary Tong quickly followed.

When I came to the conference room, everyone in the conference room had almost arrived.

After Rong Shu entered, he was sneered by Duan Xingbang, "Yo, our Vice President Rong is here, and Vice President Rong's air is really big, all of us old men are here, you are all too late to come, you Don't you look down on us old men?"

Rong Shu put down the documents, pulled out his chair and sat down, glanced at him lightly, and then replied, "No way, who made me the largest shareholder of Tiancheng Well, since it's the biggest, it's not too much of a pretense, who makes you have less shares than me?"

Chapter 544 Talk to Lu Qi

"You..."

As soon as these words came out, Duan Xingbang and the others immediately blushed with anger, but they were helpless.

After all, what she said is true. She is the largest shareholder. Even if she is currently in the position of vice president, she still has more privileges than them.

No matter how dissatisfied they are, they have to hold back.

Rong Shu looked at Duan Xingbang's ugly face and sneered in her heart.

I just don't know what to do if I want to trouble her.

Rong Shu looked back coldly, and then looked at Lu Qi who was not far away.

Lu Qi lowered his head, unable to see the expression on his face.

But Rong Shu could feel his absence, so he could not help sighing, then pulled out the chair and sat down, "Okay, let's start the meeting."

"Yes." Everyone responded and opened the information in front of them.

The meeting lasted for two hours before it came to an end.

Duan Xingbang took his own people and left first.

Rong Shu, however, was sitting on her own seat and did not move at all, with no intention of packing up and getting up and leaving.

She leaned back, leaning on the back of the chair, her eyes kept falling on Lu Qi.

Lu Qi was packing his things right now. After finishing packing, he stood up and left.

Rong Shu hurriedly stopped him, "Aqi, wait."

Lu Qi stopped, turned his head to look at her, his face no longer had the smile that he usually faced her, and some were just plain, "You have What's the matter?"

He really obeyed the agreement and stopped calling her baby.

If it were the past, he would definitely add the words "baby" before this question.

Rong Shu also stood up, "How about we talk?"

"What do you want to talk about?" Lu Qi looked at her and asked.

Rong Shu didn't answer immediately, but looked at the other people in the conference room who had not finished walking and were preparing to eavesdrop on gossip.

Those few people noticed Rong Shu's gaze, and immediately lowered their heads in a guilty conscience, and then sped out.

Soon, only Rong Shu and Lu Qi were left in the huge conference room.

Rong Shu looked at him, "Aqi, are you still thinking about what happened last night?"

"..." Lu Qi's mouth moved, but he didn't say a word.

Because he was really still thinking about what happened last night.

This calculation is not only because he knows that she will not choose him.

At the same time, she was angry with her.

Even if it is impossible for them, they are friends for more than 20 years.

But she rejected Fu Jingting's title for her for more than 20 years because of Fu Jingting's words.

How could he not care about it.

Seeing the sadness on Lu Qi's face, Rong Shu couldn't help but sigh, "I'm sorry Ah Qi, I also know that I didn't think carefully and told you those words last night, but I don't think I did that. Wrong, Ah Qi, you like me, right?"

Lu Qi widened his eyes and looked at her in disbelief, "How do you...know?"

He has liked her for more than ten years, from the moment he was sensible, he It's already in her heart.

He wanted to confess to her countless times, but due to lack of courage, he did not express his feelings every time.

But unexpectedly, she found it herself.

Rong Shu lowered her eyes, "I don't actually know, but after you said those words to me last night, I knew, otherwise you wouldn't have such a big reaction, so I said, I didn't do anything wrong, Because I don't like you, I can't respond to your feelings, so what I can do is to put an end to your feelings for me, so that you don't fall in again, otherwise it will get deeper and deeper, and in the future, you will be hurt, and you will feel guilty. it's me."

“No...”

“Yes!” Rong Shu cut off his words, “I don’t know when you fell in love with me, but I can be sure it’s been a long time, since you haven’t let go of this relationship for so long, It’s enough to show that you take this relationship very seriously. If it goes on for a long time, you will only get more and more unable to let it go. In the end, you will end up with injuries. Aqi, I don’t want to see you like that. You are my best friend. , the only person I don’t want to hurt is you, so I really hope you will let go of your feelings for me and start with the name.”

She didn’t let him call her baby, which was enough to show him her determination, that is She can’t be with him.

So, she hopes to understand this, let go, and quickly curb this doomed relationship.

Lu Qi naturally understood what Rong Shu wanted to express.

He clenched his fists and looked at her with red eyes, “So you are warning me to stop calling you those ambiguous and ambiguous names, and don’t do any more intimate actions to you, let alone Does Xiao miss you?”

Rong Shu shook her head, “This is not a warning, I won’t warn my friends, I’m just admonishing you, because I don’t love you, I just treat you as a friend, so you are destined to not get me I will tell you clearly so that you understand that it is impossible for us, and you will not continue to fall in.”

Although she said these things were a bit hurtful.

But in order to make him wake up as soon as possible, let go of this relationship.

She can only, and must, be so direct.

Lu Qi listened to Rong Shu’s cold words, his heart felt like a knife was cutting, and he couldn’t breathe in pain, “So, do you want to break with me?”

“I never meant it, I just liked that our relationship It’s a real friendship, not mixed with other feelings.” Rong Shu replied.

Lu Qi lowered his head and smiled bitterly, “I know what you mean, you want us to be just friends, and not want me to have a relationship with you.”

“Yes.” Rong Shu nodded.

Lu Qi squeezed the palm of his hand, “Okay, I know, I will put away this feeling, and I won’t ask for anything else, as for being a friend... I’m sorry, maybe I can’t be with you until I let you go completely. Be friends.” After he finished

speaking, he laughed at himself and turned away.

How sad.

He had loved the girl for more than ten years, and he let him give up his extravagant thoughts about her without even confessing it once.

Let his love die before it even started.

Rong Shu looked at Lu Qi's back, opened her mouth, and seemed to want to stop him, but in the end, she endured it.

What do you call him to do?

Will it make him feel that she is a little reluctant to him, and then make him hopeful?

No, it can't be.

She was destined to be unable to respond to him, so the hurt at this time was only temporary, and it was the best for him and herself.

If she hangs him away from him because she is afraid of hurting him, it will be a real injury to him.

And what Ah Qi said in his last sentence was right, they couldn't be friends until he let go of her completely.

Not to mention that the relationship is not as intimate as it used to be, even if we meet in the future, it will only be embarrassing.

So it is better to wait for him to let go of her completely, and until his heart is relieved, then they can get along with each other calmly again.

Thinking of this, Rong Shu closed her eyes and took a long breath.

At this time, Secretary Tong came in in a hurry, with undisguised worry in his tone, "Mr. Rong, what's wrong with Mr. Lu? I just saw Mr. Lu going out, his eyes were red, he seemed to cry, he... "..."

"Go find him." Rong Shu said with a smile.

Secretary Tong was stunned for a moment, "looking for him?"

"Yeah, I talked a lot to Ah Qi just now, and he's not feeling well right now, so I'm very worried about him like this, you go and watch him for me, don't let him do stupid things, and enlighten him by the way." Rong Shu rubbed his brows and returned.

“But...”

“Don’t let it go, let’s go, I won’t be able to catch up in a while. If something happens to him while driving because he’s in a bad mood, he’ll be in trouble.” Rong Shu interrupted her, waving her hand and urging .

Chapter 545

Hearing that Lu Qi might have an accident, Secretary Tong’s heart was tense, and he didn’t say anything more, turned around and chased out.

After she left, Rong Shu sat down again, patted her cheek a little tiredly, then picked up her mobile phone and opened Fu Jingting’s WeChat, you said, am I doing this right?

On the other end, Fu Jingting was working on documents, and when he heard the phone vibrate, he put down the pen and picked up the phone to take a look.

Seeing the message from Rong Shu, his expressionless face instantly softened, and then he clicked on WeChat to view the content.

But looking at the words that Rong Shu sent without beginning and end, a trace of doubt flashed in his eyes, and finally he called her directly.

Rong Shu was still waiting for Fu Jingting to reply, but when the phone rang suddenly, she was so frightened that she almost didn’t hold the phone.

“Hello?” After adjusting her mentality, Rong Shu answered the phone and put the phone to her ear.

Fu Jingting’s deep and concerned voice came, “What happened?”

Rong Shu bit her lip, “It doesn’t count as what happened, it’s A Qi.”

She summarized the content of the conversation with Lu Qi just now. Tell him.

“So, do you think I did it right?” Rong Shu asked again with blank eyes.

After listening to Fu Jingting, the smile on his face, as if the winter snow melted, became warmer, “You are doing the right thing, since you can’t respond, you must do it, otherwise he will only sink deeper, In the end, there is nothing left.”

"I think so too." Hearing that he also agreed with his point of view, Rong Shu's heart was finally relieved, and the expression on his face was not so confused.

"I'm very happy." Fu Jingting said again.

Rong Shu tilted her head, "What are you happy about?"

"I'm very happy that you took the initiative to ask me for answers when you were in doubt." Fu Jingting said with a chuckle.

Rong Shu's eyes flashed, "I couldn't find anyone else, so I came to you, so you're just a substitute at best."

"But I'm still very happy." Fu Jingting said.

And, in the end is not a substitute.

He could probably guess.

"Okay, let's not talk about this, how are your feet?" Rong Shu sat upright and asked with concern.

Fu Jingting looked down at his ankle, "I don't have the pain from yesterday, but I still can't walk."

"It doesn't matter, I can walk in a few days." Rong Shu breathed a sigh of relief when he heard that his pain was no longer so bad.

Fu Jingting smiled, "Yeah, I have to go to the hospital to change the medicine in the afternoon."

"When? I'll be there too." Rong Shu hurriedly asked.

"You go too?"

"Well." She nodded, "You are doing this for me anyway, how could I not care, so I must go."

Fu Jingting's face was gentle as if he was about to drown, "Okay, I'll pick you up in the afternoon."

"No, I can..."

"That's it, I'll call you at that time. Well, I have something to do here, so I'll hang up first."
After the

words were finished, Fu Jingting hung up the phone directly. Put down the phone and look at Assistant Zhang who came in from outside.

Assistant Zhang put the information in his hand in front of him, "Mr. Fu, we have already checked it out. Neither the Gu family nor the Meng family has helped Gu Manyin, so it was someone else who helped Gu Manyin to drive away."

"Is there someone else?" Fu Jingting picked up the information on the table, frowning so much that a mosquito could be pinched to death, "Did you find out who it was?"

Assistant Zhang shook his head, "No, but it is certain that it is not a force from Hai Shi, Because I checked, all the forces in the sea market are very calm."

"So, is it another city, or is it a foreign force?" Fu Jingting's face was ugly.

Assistant Zhang pushed up his glasses, "Yes, but in this way, it will be difficult to find out who it is."

After all, there are so many cities in the country and so many countries in the world, who knows which city and country it will belong to. power?

If it is the power of the sea market, they can directly investigate.

Fu Jingting squinted, "Send someone to go to Shimo's place."

"Mr. Fu, do you suspect that Shimo helped Gu Manyin?"

"Shi Mo helped Gu Manyin to hypnotize me back then, but now he will help Gu Manyin. Manyin is not impossible."

Assistant Zhang nodded, "What you said makes sense, well, I'll send someone in a while."

Fu Jingting snorted, "Also, about Shi Qing's death, how is the investigation going? Assistant Zhang sighed, "

There is still no progress. After all, it was a few years ago, and there is no surveillance in the area of ???the accident. It is impossible to find the driver."

Fu Jingting pursed his thin lips tightly, "I see, continue. Check it out."

Shi Qing's death, he must find out.

If Shi Qing really died in an accident, then of course it would be better.

If not, he naturally wants to find out the truth and take revenge for Shiqing.

Otherwise, this heart, he will use it for the rest of his life.

“Yes, Mr. Fu.” Assistant Zhang nodded.

Then, he thought of something and said again, “In addition, there is a little problem with Ye Yu’s whereabouts.”

“What do you mean?” Fu Jingting frowned.

Assistant Zhang’s face was a little bad, “Originally, according to Li Chuan, we have successfully determined that Ye Ping has smuggled out of the country, so we sent people to chase after him, intending to catch Ye Ping before Li Chuan, but Li Chuan seems to have discovered our After that, he took action and helped Ye Ping hide his tracks, so now, we have lost Ye Ping’s trail.”

“He doesn’t want us to find Ye Ping?” Fu Jinglin’s face suddenly sank.

Li Chuan has a life-and-death hatred for Ye Ping, so there is absolutely no argument that he will help Ye Ping.

Li Chuan’s behavior is most likely to stop him!

Assistant Zhang nodded, “It should be, Li Chuan probably wanted to deal with Ye Yu by himself and didn’t want us to intervene .”

Fu Jingting sneered, “Exactly, I think so too, go and spend money to hire a world-class leader . Hacker, I still don’t believe it, in this world, Li Chuan is the most skilled!”

“Understood.” Assistant Zhang nodded, then turned to leave.

Fu Jingting put his right hand on the desk, his fingers tapped lightly on the desk, his eyes flickering with frightening coldness.

...

afternoon.

Rong Shu finished her work at hand, and called her assistant in, “Send these documents on.”

“Okay, Mr. Rong.” The assistant nodded, picked up the documents on her desk, and was about to leave.

Rong Shu suddenly stopped her, “Wait.”

“Is there any other order from Mr. Rong?” The assistant stopped.

Rong Shu's wrists were tired after working all afternoon, "Is Tongxi still back?" The assistant shook his head, "Not yet."

Rong Shu frowned.

It's been several hours, why hasn't she come back?

And the phone can't get through...

"It's alright, go get busy." Rong Shu restored the smile on her face.

The assistant responded with a sound, raised his foot again and left.

At this moment, Rong Shu's phone lit up.

She looked down and saw that it was a message from Fu Jingting that I was downstairs in your group.

downstairs!

Rong Shu blinked.

Is he really here?

Rong Shu quickly got up and walked to the balcony.

When she came to the balcony, she looked down.

After passing tens of meters in the sky, she saw Fu Jingting's luxurious Maybach parked on the side of the road opposite the gate of her group.

I don't know why, but looking at this car, Rong Shu felt a sense of seeing her husband coming to pick up his wife from get off work.

Thinking of this, Rong Shu's face couldn't help blushing, and then she quickly shook her head, threw out this inexplicable idea, and then sent Fu Jingting a message, I'll come down!

Chapter 546 Secretary Tong Is Sick

Fu Jingting's reply is very fast, I will wait for you.

Looking at these words, the corners of Rong Shu's mouth became more and more intense.

After she put the phone on her heart and posted it, she quickly returned to the office, packed her desk and went downstairs.

After a while, Rong Shu came to Fu Jingting's car.

Just as he was about to knock on the window, the window was rolled down.

Fu Jingting's handsome face was exposed in the air, and he tilted his head and smiled at her, "Get in the car."

"Well." Rong Shu nodded, then went around the front of the car and got on the other side.

After she was seated, Assistant Zhang started the car.

Rong Shu looked down at Fu Jingting's feet, wanting to see how his feet were doing now.

But his feet were blocked by trousers and socks, and she couldn't see anything.

Well, let's wait until the hospital.

Thinking, Rong Shu sat up straight.

At this time, Fu Jingting told her about Gu Manyin.

Hearing that there were other people behind Gu Manyin's help, Rong Shu's beautiful brows furrowed together, "It seems that we don't know Gu Manyin well enough."

Otherwise, we wouldn't even know who else was behind Gu Manyin. have no idea.

Fu Jingting was noncommittal about her words, "But don't worry, I will find her out."

"I know." Rong Shu nodded.

Gu Manyin was going to let him die, so naturally he couldn't let Gu Manyin go.

So she didn't doubt at all, he was determined to catch Gu Manyin.

After all, now he and Gu Manyin are also enemies of life and death. If Gu Manyin is not caught, Gu Manyin will not let him go.

"I heard that you have visited several security companies in the past two days?" Fu Jingting suddenly asked.

A hint of surprise flashed in Rong Shu's eyes, "How do you know?"

“Fu’s has a security company, and most of the bodyguards in it are special forces who have retired from the army, so other security companies in Haishi like to borrow from Fu’s. You used to be an instructor, and when you went to that security company yesterday, you happened to be seen by a bodyguard of our company, and that bodyguard knew you, so he told me.” Fu Jingting explained.

Rong Shu raised his chin suddenly, “So that’s right, yes, I did go to a few security companies.”

“Do you want to hire bodyguards?” Fu Jingting looked at her.

Rong Shu hummed, “Yes, because Gu Manyin ran away and didn’t know where to hide, I was worried that she would suddenly jump out when I wasn’t paying attention and give me a fatal blow, so I thought about finding two A bodyguard, this way I’m safer, but I went to a few and couldn’t find a suitable one.”

“Why didn’t you find me?” Fu Jingting pursed his lips.

Rong Shu lowered her head, “I’ve troubled you too much, why bother you again?”

Besides, she didn’t think she would be with him.

So what does she trouble him to do?

Fu Jingting’s face sank, obviously dissatisfied with her words, “What kind of trouble is this? And you have never been my trouble!”

Rong Shu’s eyes widened slightly, and a trace of emotion flashed in her heart, “You...”

She was not finished . . . , was interrupted by the phone ringing.

Fu Jingting frowned.

Rong Shu smiled embarrassedly, then took out her phone and looked at it, “I’ll answer a call.”

“Well.” Fu Jingting nodded, but he was very dissatisfied with the person who called. He had no eyesight at all.

Rong Shu got Fu Jingting’s permission. After swiping the green answer button with her finger, she put the phone to her ear, “Hello?”

Secretary Tong called.

Secretary Tong’s weak voice came, “Mr. Rong, I’m sorry, I didn’t go back to the company this afternoon.”

"It's okay." Rong Shu smiled, "I originally asked you to go out, so you don't need to care."

"Thank you Mr. Rong, but Mr. Rong, can I have a day tomorrow?" Secretary Tong asked.

Rong Shu heard something wrong in her voice, and a look of concern appeared on her face, "Yes, but you have to tell me, what's wrong with you? I hear your voice a little weak, are you uncomfortable?"

"", Secretary Tong's eyes dodged twice before replying, "A little bit, the cold wind blows in the afternoon, so I have a cold."

"Is it serious?" Rong Shu asked.

Secretary Tong coughed twice, "it's okay, but my head is a little dizzy, so I want to sleep well."

"In that case, you should have a good rest. If you don't feel well tomorrow, you can rest for two more days." Rong Shu said with concern.

Secretary Tong squeezed out a smile, "Okay, thank you, President Rong, then I'll hang up first."

"Well." Rong Shu nodded.

"Who?" Seeing her putting down her phone, Fu Jingting asked in a pantothenic tone.

She cares so much about the person on the other end of the phone, shouldn't it be Lu Qi?

Seeing the discomfort on Fu Jingting's face, Rong Shu couldn't help but laugh a little, "It's my secretary. I have a cold. Call me and ask for leave."

"Is your secretary the woman with glasses?" Fu Jingting asked uncertainly. again.

Rong Shu hummed, "It's her."

After confirming that the secretary was a woman, the bitterness in Fu Jingting's heart finally dissipated, and his mood became better again.

It's just a woman, so he doesn't have to worry about it.

"Right." Rong Shu suddenly patted her thigh.

"What's wrong?" Fu Jingting asked quickly.

Seeing that he was so worried, Rong Shu opened her mouth and replied, "Uh... I mean, Secretary Tong has a cold. As the boss, I have to say something, send something or something."

"..." Fu Jingting's mouth twitched a moment.

He thought something happened, she was taken aback.

It was for this.

"You can see it." Fu Jingting put his hand on the door, and said with some lack of interest.

Rong Shu pointed her finger on her chin and thought, "Since you're sick, it's best to send fruit."

Thinking of this, she lowered her head and started looking at her phone, choosing a lot of precious fruits for Secretary Tong.

After the selection was complete, she paid directly on her mobile phone, and then sent Secretary Tong's address to the store.

Seeing the specific delivery time stated by the store owner, she finally put away the phone.

Not long after, the hospital arrived.

After Assistant Zhang parked the car, he got out of the car first and knocked on the rear seat window.

Rong Shu rolled down the car window.

Assistant Zhang looked at her and said, "Miss Rong, President Fu, please help him down. I'll go to the trunk to get a wheelchair."

"Okay, you can go." Rong Shu nodded with a smile.

When Assistant Zhang saw her answer, he walked away with confidence and went to the trunk.

Rong Shu opened the car door and got out of the car, went around the front of the car and came to Fu Jingting's side, opened his car door, and reached out to him, "I'll help you down." Fu

Jingting looked at her slender and tender hand, and a dim light flashed in his eyes. Then, he put his hand on it.

Rong Shu helped him down from the car just like that.

But the moment he just came down, Fu Jingting couldn't stand on one foot, his body lost his center of gravity, and fell towards the back.

Seeing this, Rong Shu quickly grabbed his hand and pulled him hard towards her.

In the end, Fu Jingting was pulled back by her to avoid falling down, but he hugged her whole body.

Rong Shu turned her head to look at his right hand on her waist, and a few black lines slid down her forehead.

If it weren't for the fact that he did almost fall, she would have done it because he did it to hold her on purpose.

"President Fu, can you let me go?" Rong Shu raised her hand and gently poked the soft flesh on the man's waist.

The man felt a little itchy around his waist, and gradually let go of his arms and let her go.

If she doesn't let go, she probably thinks he's taking advantage of her on purpose.

But in fact, he did deliberately take advantage of her.

In fact, he was really about to fall just now.

But when he saw her reaching out to him to pull him, the idea of ??hugging her suddenly appeared in his mind.

So the moment she pulled him, he took advantage of the situation and hugged her, achieving the close achievement of physical contact with her today.

He thought, get close to her every day, and later, she will get used to it gradually, and then accept his closeness.

Rong Shu withdrew from Fu Jingting's embrace, and after finishing her clothes, she looked at Fu Jingting and asked with concern, "Mr. Fu, are you okay?" Fu

Jingting shook his head slightly, "It's okay, with you, I believe you won't let me have anything to do with it. Right? Just like I won't let you do anything."

Hearing what he said, Rong Shu nodded without hesitation, "Yes, I won't let you do anything, and I will do my best. To protect you."

He helped her so much, saved her so much.

Then she would naturally have this idea to repay his efforts.

Fu Jingting's lips lifted slightly, "I'm very happy."

"Mr. Fu, the wheelchair is ready." At this moment, Assistant Zhang walked over with the wheelchair.

Fu Jingting's expression suddenly sank.

This person didn't see that they were talking just right, so he came here.

Go back and deduct his bonus!

Thinking about it, Fu Jingting glanced coldly at Assistant Zhang.

Assistant Zhang was stunned.

what's the situation?

what did he do?

Why does President Fu look at him like this?

Seeing the interaction between the two in Rong Shu's eyes, Rong Shu couldn't help but laugh.

She knew why Fu Jingting stared at Assistant Zhang.

Nothing more than blame Assistant Zhang for interrupting their conversation.

Rong Shu walked over with a smile, "Assistant Zhang, let me push President Fu."

"Okay, then leave it to Miss Rong." Since Miss Rong took the initiative to approach President Fu, of course he readily agreed.

He didn't agree, and Mr. Fu still didn't do it.

Seeing Assistant Zhang move away, Fu Jingting's face became much better.

Although this assistant has some insight now, the bonus he just deducted will not come back.

After all, the relationship that was interrupted could not come back.

“Let’s go.” With the help of Assistant Zhang, Fu Jingting sat in the wheelchair smoothly.

Rong Shu grabbed the pushers on both sides of the wheelchair and pushed him forward.

Assistant Zhang had nothing to do but acted as a bodyguard and followed behind the two.

The three entered the hospital gate.

Lin Tianchen happened to be in the lobby of the hospital, talking to another doctor in a white coat.

Glancing at their appearance from the corner of his eye, he immediately interrupted the conversation with the doctor, pushed his glasses and walked towards the three of them.

“Why did you follow him?” Lin Tianchen’s eyes fell on Rong Shu’s face, “You won’t be with him, right?”

He pointed at Fu Jingting.

Fu Jingting raised his eyebrows.

Rong Shu blushed on the spot, her eyes flickering with a guilty conscience, “Don’t talk nonsense, of course not.”

“Since there is no, why have you been out and about with him recently?” Lin Tianchen wrapped his arms and looked at Fu Jingting .

Fu Jingting looked at him coldly, “Do you have an opinion?”

“That’s not true. What she wants to do with you is her business. I agree with it. I’m just curious.” Lin Tianchen shrugged and replied.

Rong Shu squeezed the corners of her mouth and forced a smile, “That...the reason why I have been showing up with him recently is because the injury he suffered for me hasn’t healed, so I have to be responsible.”

“Really?” Lin Tianchen glasses are reflective.

Why does he feel a little different.

“Of course it’s true.” Rong Shu nodded heavily, emphasizing earnestly.

But her flickering eyes revealed her guilty conscience.

Lin Tianchen raised his eyebrows, and then chuckled meaningfully, “Well, you say yes, okay, let’s get down to business, why are you in a wheelchair again?”

He looked at Fu Jingting.

Fu Jingting’s eyes fell on his feet, “My feet are swollen.”

Lin Tianchen sneered, “You are really useless, you can still slap your feet.”

“No.” Hearing him belittle Fu Jingting, Rong Shu’s heart suddenly felt Feeling a little uncomfortable, he frowned and explained, “He slashed his feet because he saved me.”

“Save you?” Lin Tianchen’s expression became serious, “What’s going on?”

Fu Jingting’s thin lips pursed a bit cold, “Gu Manyin appeared. , want to drive into us.”

“What?” Lin Tianchen’s expression changed slightly, and a trace of killing intent flashed in his eyes, “What about her, have you been caught?”

“No, she ran away.” Rong Shu shook her head, “Fu She always said that there are other people behind her to help.”

“Aren’t you Gu Manyin’s flower protector before? You should know Gu Manyin very well. Can you think of who helped her?” Fu Jingting Squinting at Lin Tianchen.

Lin Tianchen shrugged, “You are wrong, I have never been her messenger, I just recognized the wrong person, and I don’t know her very well. When I mistakenly recognized her, I only met her by chance. At other times, she was specializing in medicine, and then she fell asleep for six years, and I didn’t know her even more.”

As soon as these words came out, Rong Shu and Fu Jingting fell silent.

Especially Fu Jingting.

Although he suspected that it might be Shi Mo who helped Gu Manyin.

But in fact, he knew in his heart that the possibility of Shi Mo’s shot was not high.

The last time Shimo released him from hypnosis, he had already said that he would not help Gu Manyin.

What's more, the person Shi Mo helped before was not Gu Manyin, but Shi Qing, so it was impossible for Gu Manyin to tell Shi Mo to take action.

Of course, this is not absolute.

"I can't find who the person who helped Gu Manyin is. It's even more difficult to find Gu Manyin." Rong Shu sighed.

Lin Tianchen suddenly said, "Not necessarily."

"What do you mean?" Rong Shu and Fu Jingting looked at him together.

"Do you know something?" Fu Jingting asked in a deep voice.

Lin Tianchen pushed his glasses, "I gave Gu Manyin medicine before, and that medicine contains a lot of elements extracted from the fruit of the iron tree. Once the human body absorbs too much of those elements, the human body will become rigid. There is a scientific name for this phenomenon, it is called ALS, although I have only prescribed Gu Manyin twice, but the medicine is of high purity, Gu Manyin's body..."

Speaking of this, the corners of his mouth were cold. Aroused, and continued, "There must be the initial phenomenon of ALS now, so if you want to find her, you can start from major hospitals. If she has a physical problem, she will definitely go to the doctor, right? Even if she doesn't go to the hospital, it doesn't matter if the person who helped her invites a doctor to her, ALS is currently one of the terminal diseases, and there are only so many doctors in the world who specialize in ALS. Let's see if the doctor with ALS has been invited continuously, You can probably know where Gu Manyin is."

After hearing his words, Rong Shu's mouth twitched and twitched, and she was speechless.

This kind of criminal act of deliberately poisoning, he actually said it directly without concealment.

He really believes them, isn't he afraid of them calling the police?

Well, she really won't call the police.

Don't say that her three views are not right, she can't put Gu Manyin, a skilled doctor, into prison for the sake of her.

What's more, this doctor is now on their side.

For that alone, she has to cover up.

Fu Jingting didn't pay attention to whether Lin Tianchen deliberately poisoned people, he only cared about the clue given by Lin Tianchen.

I have to say, it's really useful.

"Did you hear?" Fu Jingting turned his head and said to Assistant Zhang beside him.

Assistant Zhang nodded, "I heard Mr. Fu, I will arrange for someone to investigate from this aspect."

Fu Jingting nodded slightly.

Rong Shu looked at Lin Tianchen, "By the way, why are you thinking of giving Gu Manyin this medicine?"

Chapter 548 Fu Jingting's Poor Acting

Fu Jingting also looked at Lin Tianchen.

Lin Tianchen took out a sharp scalpel from the pocket of his white coat, and turned it leisurely at his fingertips, his voice was cold and thin, "She deceives me, she will pay the corresponding price!"

Rong Shu raised her eyebrows.

Because of the deception, Gu Manyin was about to die from a terminal illness. Wouldn't his revenge be too heavy?

Although she thought so, Rong Shu didn't plan to say it.

Lin Tianchen is indeed not a good person, but Gu Manyin is also not a good person, they are two and a half pounds.

What's more, Lin Tianchen is dealing with Gu Manyin, which can be regarded as killing the people.

Anyway, knowing that Lin Tianchen hurt not ordinary people, not them, then she wouldn't say anything about how he dealt with Gu Manyin.

"Well done!" Fu Jingting was even more direct, and praised Lin Tianchen for his actions.

He also hated Gu Manyin deeply.

If it wasn't for Gu Manyin posing as Rong Shu, he and Rong Shu would be a loving couple, and maybe their children would all go to kindergarten.

However, all this was ruined by Gu Manyin!

Therefore, he was also the one who wanted to kill Gu Manyin.

Lin Tianchen pushed his glasses, “Unfortunately, I should have given more medicines to make her suffer from ALS, or else she wouldn’t have caused so many problems later on.”

He thought of giving Gu Manyin medicine at the beginning, let Gu Manyin change into ALS, and when he died in pain, he prepared enough doses of medicine.

But unfortunately, he only gave Gu Manyin twice. Gu Manyin was either detained or locked up in Gu’s house because of various troubles, so he couldn’t find a chance to drug Gu Manyin. That’s why Gu Manyin didn’t suffer from ALS, and could still move freely.

Fortunately, Gu Manyin’s body still had more or less problems, which gave him some comfort.

“Okay, let’s not talk about this for now, go check it out first.” Lin Tianchen stopped his hand turning the scalpel, looked at Fu Jingting and said.

Fu Jingting raised his chin, “Let’s go.”

Rong Shu hummed and pushed him towards the direction of the surgery.

Assistant Zhang did not follow, but took the mobile phone to make a call.

At the surgery, the doctor checked Fu Jingting’s feet and changed the dressing again.

Lin Tianchen stood aside, looked at his arm and suddenly said, “Your arm has been in plaster for a while, and it should be able to be removed.”

“After the plaster is removed, will it have any effect on your arm? His The bones should not be healed yet.” Rong Shu stared at Fu Jingting’s arm and said worriedly.

Lin Tianchen pushed his glasses, “It doesn’t matter, it will make his arms and neck easier, but just be careful not to bump into it.”

“That’s good.” Rong Shu suddenly felt relieved, and then looked at Fu Jingting, “What do you mean?”

“Take it apart.” Fu Jingting’s eyes fell on the plaster of his left arm, his eyes were full of disgust, “It’s not convenient for me to carry this thing.”

“Then take it down.” Rong Shu Said to Lin Tianchen.

Lin Tianchen stopped leaning against the wall, took out his hand from the pocket of his white coat, and walked towards the two of them.

When he came to Fu Jingting, he stopped, "Okay, I'll check for you first if it can be dismantled, and you go and call him."

He looked at Rong Shu.

Rong Shu nodded, "Okay, I'll go right now."

After speaking, she lifted her foot out the door and went to register.

Lin Tianchen took a special small hammer and tapped the plaster on Fu Jingting's left arm, "How is it? Do you feel it?"

Fu Jingting nodded slightly, "It hurts a bit."

"I can bear the pain." Lin Tianchen put down the hammer, began to take tools to remove his plaster.

During this period, Fu Jingting's arm was very painful.

But he was expressionless, and his brows didn't even wrinkle, he just watched the plaster on his arm being removed bit by bit, as if it wasn't his arm.

At this time, Rong Shu came back after signing up.

Hearing the sound of her high-heeled shoes, Fu Jingting's expressionless face instantly showed a hint of forbearance, and his brows furrowed tightly, as if he was in pain.

When Rong Shu saw it, she quickly put down the registration slip in her hand and walked over, "What's wrong with you?"

"It hurts!" Fu Jingting looked at his left arm and replied in a hoarse voice.

Hearing his cry of pain, Rong Shu became anxious, bit her lip and said to Lin Tianchen, "Doctor Lin, can you be gentle?"

Huh?

Several question marks appeared on Lin Tianchen's forehead instantly.

lightly?

He is already the lightest dismantling force, how can it be lighter?

Moreover, as a doctor, he knew very well that Fu Jingting would feel pain during the removal of the plaster, but it was only moderate to mild pain, it would never be so severe, and even his complexion changed.

So he couldn't help guessing that Fu Jingting was pretending on purpose?

Just thinking about it, Lin Tianchen heard Fu Jingting speak weakly, "Can you hold me? I'm worried that I will struggle violently for a while, and then bump my arm."

"..." Lin Tianchen's eyes All speechless.

Painful struggle?

Not a woman, will it hurt like that?

Well, he was completely sure that this fellow was just pretending, pretending to hurt Bo Rongshu's sympathy and concern.

Lin Tianchen lowered his eyes and looked at Fu Jingting with contempt.

He never knew that the patriarch of the dignified Fu family, the president and chairman of the Fu Group, would become so unlimited.

Is he going to dismantle her?

Lin Tianchen squinted and looked at Rong Shu.

Rong Shu nodded nervously, "Okay, I'll hold you, don't move!"

After speaking, she took off the bag from her shoulders, threw it aside at will, and then hugged Fu Jingting's shoulders.

Fu Jingting rested his head in her arms, his thin lips hooked up.

Seeing this scene, Lin Tianchen was silent, and also dismissed the idea of ??dismantling Fu Jingting and pretending to be in pain with Rong Shu .

Dismantling for what?

Fu Jingting's acting skills are so poor that anyone with a discerning eye can see that it is a fake, so she may not know that Fu Jingting is pretending.

But she still pretended not to know that Fu Jingting was pretending to satisfy Fu Jingting's wish.

What does this mean?

One is willing to fight and the other is willing to suffer.

That's why he went to dismantle it, isn't it just disgusting.

Thinking about it, Lin Tianchen lowered his head and continued to remove his plaster, not knowing what to do.

Rong Shu put her arms around Fu Jingting's shoulders, "Be serious, you will be fine soon."

"I know that with you, I won't move." Fu Jingting raised his right hand and put his arms around her waist.

Rong Shu's body froze for a moment, and her first reaction was to let him let go.

But looking at his frown, she opened her mouth and couldn't say anything.

Well, let him go.

After all, he is a patient, bear with him.

Thinking of this, Rong Shu relaxed again.

Feeling her body soften, Fu Jingting hugged her with confidence, without worrying that her hand would be thrown away by her.

After a while, the plaster came apart.

Fu Jingting looked at his left arm, which was nearly a degree whiter than his right arm, and raised his eyebrows slightly.

"Try if you can move your arm?" Lin Tianchen put down the tool and said, "Just lift it lightly, you don't need to lift it all up."

"Try it now." Rong Shu also urged.

She was the one who most hoped that Fu Jingting's arm would be fine.

So she couldn't wait to hear the good news of his arm's recovery.

Under Rong Shu's expectant gaze, Fu Jingting moved his left arm slightly and lifted it up.

After feeling the pain, he immediately stopped.

Lin Tianchen squeezed his arm and nodded, "If you can lift it up, it means that the bone is healing well, and you can skip the plaster cast, but you still have to continue hanging."

Hearing that he would continue to hang his arms, Fu Jingting frowned, obviously reluctant, but in the end he didn't say anything.

"I'll get some water and wipe your arm." Rong Shu said, looking at the plaster on Fu Jingting's left arm.

Fu Jingting also couldn't bear these things attached to his arms, so he hummed, "Okay."

Rong Shu let him go and went to the bathroom.

As soon as she left, Fu Jingting instantly returned to his expressionless face, and the look of reluctance disappeared completely.

Lin Tianchen wrapped his arms and said with a half-smile, "What? Don't continue to pretend?"

Fu Jingting raised his eyes and glanced at him lightly, ignoring him.

Lin Tianchen pushed his glasses and didn't intend to let Fu Jingting go, "You really shocked me, you actually pretended to hurt her distress."

"Only in this way can I approach her and she won't push away. Me." Fu Jingting said lightly with thin lips.

Lin Tianchen smiled, "The dignified master of the Fu family is quite humble in love."

Fu Jingting lowered his eyes, "As long as I can make up for the mistakes I made, how about being humble?"

What's more, he only treated Rong Shu. humble.

And in his opinion, being humble to his lover is not ashamed.

On the contrary, it can also show that he really loves her, so he can bend his spine.

"The water is coming." Rong Shu came out of the bathroom with a pot of hot water.

Lin Tianchen stepped aside, "You can wipe him, just a little harder."

"Okay, I get it." Rong Shu nodded, put the basin down, and then unscrewed the towel and put it on Fu Jingting's arm. Gently and carefully wiped the plaster and the remaining potion on his arm.

She wiped it very carefully, and her eyes were very focused.

Fu Jingting looked at her without blinking.

As if in the blink of an eye, he took one less look at her.

Next to him, Lin Tianchen turned the scalpel to watch this scene, and suddenly wondered if he was a little redundant.

But he won't leave any more.

This is his place!

Rong Shu felt Fu Jingting's staring at her.

She paused for a moment and turned to look at him, "What's wrong?"

Fu Jingting shook his head, "It's okay."

Rong Shu tilted her head inexplicably.

fine?

Is it okay to keep staring at her?

But Fu Jingting was reluctant to say it, and Rong Shu didn't force it, turned her head back and continued to wipe.

After wiping, Lin Tianchen gave Fu Jingting the medicine again, and then bandaged it.

The arm without the cast was hung around the neck again. Although it was still very inconvenient, at least it was not as heavy as before, and Fu Jingting reluctantly accepted it.

Back in the car, Assistant Zhang Hui reported, "Mr. Fu, I have sent someone to collect all the doctors or medical teams in the world who study ALS. I believe they will all be collected in two days."

Fu Jingting raised his chin. "After the collection is complete, send someone to watch near these doctors."

“Yes.” Assistant Zhang nodded in response.

Rong Shu didn't speak.

Because she can't say anything.

She doesn't have the power of Fu Jingting, and if she says a word, countless people will execute it.

So she really couldn't do anything about finding Gu Manyin.

She could only rely on him to find it.

So how he wanted to find it, she didn't ask or interfere.

Half an hour later, Repulse Bay arrived.

Rong Shu put the bag on her shoulder and was about to get out of the car.

Fu Jingting suddenly grabbed her, “Wait, I forgot to tell you something.”

“What's the matter?” Rong Shu took back one foot from the car door and turned to look at him.

Fu Jingting let go, “You don't need to go to other security companies to find bodyguards. I have arranged two bodyguards near you to protect you 24 hours a day.”

“You arranged bodyguards near me?” Rong Shu heard him Surprised, he quickly turned his head out the window, trying to find the bodyguard hiding nearby.

But after looking around, she didn't find out who the two bodyguards were.

She looks like everyone, and she doesn't look like anyone.

“When did you arrange it?” Rong Shu looked back and put it back on Fu Jingting's face.

Fu Jingting replied, “The day Gu Manyin appeared.”

“So early?” Rong Shu was surprised.

She thought it was after he asked her if she went to the security company today.

Unexpectedly, it was already arranged on the day of the incident.

“It should be so early, otherwise, if something happened to you, I won't have time to regret it.” Fu Jingting stretched out his hand and touched Rong Shu's face.

Rong Shu didn't hide, just put his hand on her face.

Rong Shu could clearly feel the man's thumb rubbing against her cheek, his movements gentle and slender.

She couldn't help tilting her head, and rubbed her face against the palm of his hand.

This action not only stunned Fu Jingting for a moment, but also stunned Rong Shu herself.

She widened her eyes and stared blankly.

what is she doing?

Don't slap his evil hand on her face, and even go to rub it, she is crazy!

After reacting, Rong Shu hurriedly straightened her head, avoided Fu Jingting's hand, and quickly got out of the car, "Thank you, Mr. Fu, for the bodyguards you arranged, but I'll pay for the bodyguards, just assume that these two bodyguards are hired by me. "

Yes, but the employment fee will be settled after Gu Manyin is caught, it will be easier to settle." Fu Jingting agreed unexpectedly.

Rong Shu thought about it for a while, and thought so too, nodded in agreement, "Okay, then the settlement will be settled."

Fu Jingting pursed his lips.

At that time, he can use reasons to shirk the past.

She wanted to distance herself from him, but he refused.

But she didn't know yet that they were destined to be entangled in this life, and it was impossible to tell them apart.

Thinking, Fu Jingting's eyes flashed, and soon returned to normal . He waved his hand, "Go back and rest early."

"Well, goodbye." Rong Shu nodded.

Fu Jingting's thin lips moved slightly, "Goodbye."

Rong Shu slammed the car door, stood outside the car and waved to him, then walked around the front of the car and walked towards the apartment building.

Fu Jingting just watched her, and waited until she entered the building before letting Assistant Zhang drive.

The moment the car just drove out, Rong Shu, who was supposed to be in the elevator, suddenly came out of the building and trotted to the side of the road to look in the direction Fu Jingting's car left.

She watched for a long time, so long that she didn't know how many cars passed by, and then she turned around and went back to the building.

...

Two days later, Rong Shu was busy working in the office.

Suddenly, there was a knock on the door of the office.

She raised her head and glanced at the door, "Come in."

People outside the door heard her voice, stopped knocking on the door, and pushed the door open.

Secretary Tong came in with a stack of documents, "Mr. Rong, this is an urgent document from the various departments below, which needs your signature."

"Okay, leave it there, I'll deal with it as soon as possible." Rong Shu pointed with a pen desk.

Secretary Tong walked over and put down the document.

Rong Shu looked at her, "Is your cold better?"

Secretary Tong lowered his eyelids, covering the strange color in his eyes, and nodded, "Thank you, Mr. Rong for your concern, it's all right now."

"Are you really all right? You two days I didn't go to work, so the cold is obviously very serious." Rong Shu was still a little worried.

Secretary Tong smiled, "it's really okay."

Seeing that there was nothing wrong with her complexion, Rong Shu nodded reassuringly, "it's okay, by the way, what's wrong with your neck? I saw it just now and posted it. Zhang plaster, is it hurt?"

Hearing Rong Shu asked about his neck, Secretary Tong was flustered, raised his hand quickly, covered the plaster, squeezed the corners of his mouth, barely kept his composure and replied, "Wear it when you go out in the morning. When I was wearing

the coat, I was injured by the zipper of the coat, which was not very good-looking, so I specially covered it up.

Chapter 550 Gu Manqing's Cooperation

"That's it." Rong Shu nodded and said with a smile, "Okay, you can go to work first."

"Yes." Secretary Tong responded quickly, turned and walked towards the door.

Rong Shu looked at her back, wondering if it was an illusion, but she always felt that the way she was walking was a bit strange.

However, Rong Shu didn't think much about it, she just thought that she had changed into a new pair of high heels, and she was not used to it, so she lowered her head and continued to work.

But Secretary Tong, who walked out of Rong Shu's office, couldn't calm down.

After closing the door of Rong Shu's office, she slowly squatted down with her back against the door, buried her head in her knees, and her body was filled with a sense of bewilderment.

She still feels that what happened the day before yesterday was like a dream.

She obviously listened to President Rong's orders and went to stare at President Lu, so why did she end up with President Lu in the end?

Thinking of what happened at that time, Secretary Tong's heart was like a mess, messy, happy and painful.

Happily, she finally got the man she loves and had the most intimate thing in the world with him. There was a closest distance between them.

The painful thing is that after he woke up, he coldly warned her to let her forget about it and pretend that nothing happened, and she was not allowed to tell President Rong.

Recalling Lu Qi's icy eyes at that time, Secretary Tong's breathing became rapid, his heart was aching like a knife was cutting, his whole body was in great pain, and his face was white.

At this moment, an assistant came over and was about to go to Rong Shu's office. When he saw Tong Xi squatting at the door of Rong Shu's office, he asked in surprise, "Secretary Tong, why are you squatting here?"

Secretary Tong's eyes flashed . She blinked, raised her head from her knees, squeezed the corners of her mouth, and forced a smile, "I'm a little uncomfortable, so I squatted for a while."

"Are you uncomfortable?" The assistant looked at her face and found that it was indeed very uncomfortable. Pale, he quickly said with concern, "I'll take you to the infirmary." As he said that, he reached out to help her.

Secretary Tong refused, and stood up against the wall, "No, I'm fine, so I won't go to the infirmary. You're not going to find President Rong, go ahead, don't worry about me, I'll go back first The office is over."

After she finished speaking, she tidied up her clothes, then walked in a bit weird and pushed open the door of the secretary's large office.

The assistant stood there and tilted his head to look at the direction she was leaving, only to think that she was a little strange.

But the assistant didn't care too much, shrugged his shoulders, turned around and entered Rong Shu's office.

"Mr. Rong, I'll get the information." The assistant walked up to Rong Shu and said to Rong Shu.

Rong Shu opened the drawer and handed over a folder, "Here, remember to save it when you're done using it."

"Don't worry, President Rong." The assistant responded with a smile.

Rong Shu's red lips moved slightly, and she wanted to say something when the phone rang suddenly.

Looking at the caller ID, she smiled, then waved to the assistant and said, "You go out first."

"Okay." The assistant nodded and turned to go out.

Rong Shu put the phone to her ear and answered the call, "Auntie."

"Shu Shu, didn't you disturb your work?" Mrs. Lu's kind and kind voice came from the other end of the phone.

Rong Shu smiled and shook her head, "Of course not."

"That's good." Mrs. Lu breathed a sigh of relief.

Rong Shu asked curiously, "Auntie, what's the matter when you called me at this time?"
On

the other end of the phone, Mrs. Lu looked at the room upstairs and sighed, "I have something to do, Shushu, can you come out for a while? Auntie wants to talk to you."

"Okay, but what do you want to talk about, Auntie?"

Mrs. Lu smiled, "You'll know when the time comes."

"That's it, that's fine." Rong Shu was not disappointed when she didn't get a specific answer, and Rong Shu nodded in agreement.

"We will meet at Wang Jue Cafe in an hour." Mrs. Lu said again, giving the meeting address.

"Good aunt." Rong Shu agreed with a smile.

The phone hung up, she put down her phone, tapped her finger on the desk, and the smile on her face slowly faded and became complicated.

In fact, even if Mrs. Lu didn't answer what she wanted to talk about, she could probably guess.

I'm afraid what I want to talk about is about Aqi.

What should come sooner or later, Rong Shu had no choice but to accept it.

Then, she rubbed her temples and stood up, picked up her bag and went out.

Half an hour later, Rong Shu came to the Wang Jue Cafe that Mrs. Lu said.

Since she came half an hour early, Mrs. Lu hadn't arrived yet.

Under the guidance of the waiter, Rong Shu came to a seat by the window, ordered two cups of coffee, and drank it while waiting for Mrs. Lu to appear.

After waiting for a while, she suddenly heard a familiar voice from behind.

It's Li Zhaodi!

Rong Shu put down the coffee and turned to look behind.

Seeing that in the booth three tables away from her, Li Zhaodi was sitting there with her back to her, holding a mobile phone in her hand, and was calling someone.

“Mom, what did you say, you want to do a kidney matching for dad?” Gu Manqing’s voice suddenly turned up.

Hearing this, Rong Shu couldn’t help but raised his eyebrows.

Mrs. Gu actually wanted to do a matching, to see if her kidneys could match Gu Yaotian’s.

I have to say, they are really in love.

“Mom, should I do it too?” Gu Manqing bit her lower lip and asked nervously.

She didn’t know what Mrs. Gu on the other end of the phone said to her, but the expression on her face was suddenly relieved, “Yes, I see, I’ll be back in a while, okay, goodbye!”

After listening to all her words, Rong Shu took a sip of coffee, and the corner of her mouth raised a mocking arc.

She heard clearly that Li Zhaodi had no plans to match Gu Yaotian.

Otherwise, Li Zhaodi would not have been so nervous to ask Madam Gu at first .

After what Mrs. Gu said, Li Zhaodi was obviously relieved at that time if Li Zhaodi didn’t have to do the matching.

So it can be seen that Li Zhaodi didn’t want to sacrifice her kidneys to save Gu Yaotian at all.

Although Li Zhaodi’s actions and choices were correct, it must be very chilling for Gu Yaotian and his wife.

There is no dutiful son in front of the bed for a long time. When Gu Yaotian really goes to the step where he must have a kidney transplant, maybe he will really let Li Zhaodi do the matching.

At that time, if Li Zhaodi is not willing, the Gu family will have a good show to watch.

Just as he was thinking, a figure suddenly appeared beside him.

Gu Manqing looked down at Rong Shu, a hint of surprise flashed in her eyes, “Miss Rong?”

Oh, it was discovered!

Rong Shu put down the coffee and raised her head calmly, “Miss Gu.”

“What a coincidence, Miss Rong is also drinking coffee here.” Gu Manqing wrapped her arms and sat down opposite her.

Seeing this, Rong Shu’s eyes flashed with a hint of displeasure, “Miss Gu is really welcome.”

Gu Manqing could naturally hear that Rong Shu said that she would not sit down by herself, smiled, and was not angry, “I’ll sit down, Just say a few words to Miss Rong and leave, it shouldn’t delay Miss Rong for your coffee.”

“What do you want to say?” Rong Shu leaned back, looked at her, and asked in a cold voice.

Gu Manqing stroked her delicate hair, “I mean, Miss Rong, you should know that Gu Manyin is not dead, right?”

Rong Shu nodded, “And then?”

“My parents also know.” Gu Manqing’s face twisted, “My dad is fine, but my mom really wants to find Gu Manyin, and I absolutely won’t allow Gu Manyin to come back, so Miss Rong, we How about cooperation?”

“Cooperation with you?” Rong Shu narrowed her eyes.

Gu Manqing nodded, “Yes, we cooperated to find Gu Manyin, Miss Rong, you hate Gu Manyin too, after all, Gu Manyin killed you several times before, so we found her together and solved her how?”
