Chapter 591 Promise to try

The slippers are exactly her size, and the fluff inside is silky and soft, which is very comfortable when in contact with the skin.

Rong Shu couldn't help but move her feet, with a happy smile on her face, "Fu Jingting, thank you." After

wearing high-heeled shoes for several hours, her feet were already sore, but she just kept on enduring it. That's it.

Now that she has put on these slippers, her feet can be considered liberated, not to mention how comfortable they are.

He was really careful in what he did for her.

Maybe I can really try to believe him and accept him again.

After all, he didn't do it out of his own wish, and was hypnotized.

Now he has saved her so many times, and even in every little thing he did for her, he made her heart move.

Thinking of this, Rong Shu took a breath, shook hands, and seemed to decide something.

At this time, Fu Jingting lifted her high heels, put them in the box, and patted her hair lightly, "Why are you thinking so seriously?"

Rong Shu raised her eyes and looked at him, her red lips parted. After a while, he made a voice, "Fu Jingting, I want to ask you, will you really love me all the time and won't change your mind?"

Fu Jingting didn't know why she suddenly asked this, but he nodded and answered without hesitation, "Of course."

Hearing his answer, Rong Shu's face slowed down, and finally shook her head again, "But you know what? I actually don't believe it. People's life is too long, and it's better for decades. At this time, you say that you love me and will love me for the rest of your life. Maybe it's out of sincerity, but what about the future? Can you really guarantee that you will not change your mind in the future and will love me for a lifetime?"

Many two people who love each other love vigorously during their love life. Make all kinds of vows.

At that time, it was all sincerity.

But with the passage of time, the two people have been together for a long time, the love will become weaker and weaker, and the two people will also become strangers from the person who loves each other.

Then at that time, the vows once promised will all become jokes.

At this time, Fu Jingting loved her very much and could even give her life for her, but she had no confidence that he would be like this in the future.

Humans are so unpredictable.

Who knows in the future, will he meet another attractive woman?

Seeing the blankness and anxiety in Rong Shu's eyes, Fu Jingting suddenly opened his right hand and took her into his arms.

Rong Shu's body froze suddenly, and she was about to get out of his arms.

Fu Jingting attached to her ear, and softly spit out two words, "Don't move!"

Rong Shu subconsciously stopped moving.

Fu Jingting tightened his arms a little, and then answered her question just now, "I know what you are worried about, so Rong Shu, I won't lie to you, I don't know if I will love you all my life in the future, saying I will. For the rest of my life, the answer of Wan Essential Oil is too fake, after all, now is not the future, and even if I answer like this, you probably won't believe it, so I can only say that I don't know, but what I can be sure of is that I want to talk to you I will be like my grandfather and grandmother all my life."

Fu Jingting looked at her seriously, "My grandfather and grandmother were very loving when they were young, and they are still very loving and happy when they are old. When my grandfather died, my grandmother even wanted to be with me. In the end, in the will left by my grandfather, my grandmother was allowed to live well, and my grandmother endured the pain and survived alone, but I know that my grandmother is thinking about my grandfather all the time, so Rong Shu, the love of old age is true. Yes, why don't we try it together? Maybe our results are the same as grandfather and grandmother."

This was his answer to Rong Shu.

Rather than answering verbally that he would love her for the rest of his life, he was more willing to use his real life to prove his sincerity.

Looking at the hope in the man's eyes, Rong Shu was moved.

He was right, rather than hearing him say that he would love her for the rest of his life, it is better to experience it personally, whether he can really do it.

Maybe in the end, it really did.

But...

Rong Shu bit her lower lip, "Okay, then try it, but Fu Jingting, can you guarantee that after we are together, you will not be hypnotized again?"

She asked him with red eyes.

The tragedy between them started from the moment he was hypnotized.

After being hypnotized, he forgot that he had discovered that Gu Manyin was not her. Deep in his consciousness, he firmly believed that Gu Manyin was Maple Leaf. Therefore, during the six years of marriage, he did not recognize her.

So, if this kind of thing happens again, she will really collapse.

She would rather he didn't love her naturally, rather than being made to love her.

"I can!" Fu Jingting nodded affirmatively, "The premise of resisting hypnosis is that the mental power is strong enough. Today, my mental power is very strong. Lin Tianchen's senior brother is the world's leading hypnotist. Now he has I can't hypnotize me."

Because he was hypnotized once, it was still six years of hypnosis, so after he woke up, he was already immune to hypnosis.

Shimo himself said this.

It could be seen that Fu Jingting was not lying, and Rong Shu felt more at ease.

As long as he is no longer hypnotized, his heart towards her is completely controlled by himself, not by others to love anyone.

That way, she wouldn't have to worry about going through everything that happened in the previous six years.

"That's good." Rong Shu nodded.

Fu Jingting stared at her, "Rong Shu, you just said, you can give it a try, are you willing to be with me?"

Rong Shu blushed and turned her face to the side, "I said yes Give it a try, but I didn't say I promised to get back with you."

“Huh?” Fu Jingting frowned slightly, “Then what do you mean?”

Rong Shu closed her eyes slightly, after calming herself, she opened her eyes again and turned to look at him, “Fu Jingting, I’m not lying to you, I do have the idea of ??getting back with you.”

Fu Jingting’s eyes lit up.

Rong Shu said again, “But I haven’t made up my mind yet. I want to give myself a period of time to do a good job of psychological construction. When my psychological construction is done, I will promise you, how?”

“Yes, I just want to know you. Rong Shu, don’t make me wait three or five years.” Fu Jingting held up her face.

“No, can you give me half a month?” Rong Shu shook her head and said.

Fu Jingting’s heart was ecstatic, and there was a rare trace of excitement on his face, which had always been low in expression, “Okay, then half a month.”

He originally thought that she would deliberately delay the time, for a year or a half.

Unexpectedly, she only took half a month.

And half a month later, she will be with him.

Fu Jingting excitedly hugged Rong Shu tighter.

Rong Shu felt that she couldn’t breathe.

But feeling his joy, she thought for a while, but still didn’t speak to remind him to let go of her quickly. It wasn’t until someone knocked on the pavilion door that Fu Jingting

came out of his joy, released Rong Shu a little, turned his head to look at the door, frowned and asked, “Who?” “Eldest young master, it’s me.” A kind old male voice came from outside the door. Fu Jingting’s wrinkled brows loosened, “It’s Uncle Fu, come in.” Uncle Fu, the housekeeper, pushed open the door and came in. Seeing the two hugging, he couldn’t help being stunned. The eldest young master and the young lady actually hugged each other. So now, is he disturbing the good things of the eldest young master and young lady?

Thinking about it, Faber felt extremely guilty.

He is also one of the people who knows that the eldest young master is currently working hard to retrieve the young lady.

Now that the eldest young master and the young lady have finally made some progress, will he cause damage to the eldest young master when he comes in?

Chapter 592 The anger of the old lady

Fu Bo looked at the two of them uneasily, and finally hesitated for a few seconds, suddenly raised a hand to cover his eyes, "What, my old man didn't see anything, you continue, you continue." As

he said, he stepped back, ready to exit the gazebo.

Listening to Uncle Fu's words, Rong Shu realized that she was still being held in Fu Jingting's arms, her face flushed red, and she quickly pushed the man away and stood aside with her head lowered.

Fu Jingting looked at his empty arms, a trace of regret flashed in his eyes, and pursed his thin lips and said, "Okay, Uncle Fu, everyone has come in, what are you doing out?"

Uncle Fu stopped and put his hands down from his eyes. Seeing that the two had separated, he smiled embarrassedly, "I'm sorry, young master, for disturbing you."

"Okay, what's the matter?" Fu Jingting waved his hand and motioned him to get down to business.

Uncle Fu coughed lightly on his lips, "That's right, the room has been tidied up, the old lady asked me to come over and tell you to rest."

"Understood, I'll go back right away." Fu Jingting nodded.

"Then eldest young master, I'll go first." Fu Bo pointed behind him.

Fu Jingting hummed.

Forber turned and left immediately.

There were only Fu Jingting and Rong Shu left in the pavilion.

Fu Jingting picked up the shoebox containing Rong Shu's high heels, "Let's go, I'll take you to the room."

"Okay." Rong Shu rubbed her cheeks and responded.

The two left the pavilion side by side and walked towards the room.

A few minutes later, Fu Jingting took Rong Shu to a room outside the door, and pushed the door open in person, "This is your room, have a good rest tonight."

Rong Shu took the box in his hand, "I see, So are you, so I'll go first?"

"Go." Fu Jingting nodded.

Rong Shu waved at him and turned to enter the room.

Suddenly, Fu Jingting stopped her, "Wait for Rong Shu."

"What's wrong?" Rong Shu turned around and looked at him with a puzzled expression.

Fu Jingting's thin lips moved, "Don't forget what you said tonight, you said, give half a month to sort out your mood. After half a month, we will be together."

Rong Shu looked at his tense face, and suddenly He smiled, "I didn't forget."

How scared he was that she would forget and break her promise.

Otherwise, even if he went back to the room to rest, he would have to pull her to remind her.

"That's good." Fu Jingting listened to Rong Shu's answer, his tense face instantly eased, the hand holding her arm slowly loosened, and put it back in his trouser pocket, "Go and rest, see you tomorrow morning. "

"See you tomorrow morning!" Rong Shu nodded with a smile and walked into the room.

Looking at the closed door, Fu Jingting's thin lips slowly curled up and smiled.

"Eldest young master." At this moment, a figure appeared behind him.

Fu Jingting put away the smile on his face and turned around, "Feng Ma, what are you doing here when you're not with your grandmother?"

Feng Ma smiled, "The old lady asked me to invite you over."

"Grandma is looking for me for something?" Fu Jingting raised his eyebrows.

Feng Ma nodded, "Yes."

"I see." Fu Jingting responded and walked towards the old lady's room with his legs.

Feng Ma followed behind him.

Soon, the old lady's room arrived.

The door was not closed. When Fu Jingting entered, the old lady was sitting on the sofa with a towel in her hand, carefully wiping something.

Fu Jingting took a closer look and saw that it was his favorite tea set when his grandfather was alive.

Grandfather and grandmother have been in love with each other for a lifetime. When grandfather is gone, grandmother misses grandfather, and will take out the things that grandfather used before his death to see things.

“Grandma.” Fu Jingting walked over and sat down on the sofa opposite the old lady.

The old lady raised her head and glanced at him, “Why, Shushu promised to be with you, in such a good mood?”

This stinky boy couldn’t hide the joy in his eyes, making it clear that there was a situation.

Fu Jingting picked up another towel and helped wipe the tea set, “Not yet, but soon.”

“Oh? Are you so sure?” The old lady was surprised.

The curvature of Fu Jingting’s lips became more intense, “She said, give yourself half a month to prepare mentally, and after half a month, you will get back with me.”

Hearing this, the old lady was surprised, and the movements of her hands also changed. He stopped, “Shushu really said that?”

“Well.” Fu Jingting raised his chin with a smug expression on his face.

The old lady pouted, “It’s really hard to open your eyes, but you succeeded.”

Fu Jingting frowned, “Grandmother, did you say that to your grandson?”

“I’m just telling the truth, I treated Shu Shu, Shu like that six years ago. Shu should never forgive you for the rest of her life, but you were lucky, Shu Shu not only forgave you, but was willing to get back with you, that’s why I said that God’s eyes are closed.” The old lady continued to wipe the teacup in her hand.

Fu Jingting’s mouth twitched, “Grandmother, listen to you, you don’t seem to want me to be with Rong Shu?”

“That’s not true.” The old lady shook her head, “I agree with you and Shu Shu now, if you still Like the previous six years, I advise you to stay away from Shushu and don’t hurt her, so Jing Ting, grandmother, I want to know, you won’t treat Shu Shu like the previous six years, right?”

"Of course!" Fu Jingting said seriously. Nodding his head, he said with a somber expression, "It wasn't my original intention for the past six years. I never told you that I would be like that. I was hypnotized. Not just me, our family was hypnotized.

"He was hypnotized by himself, and he couldn't find out that Rong Shu was the past of Maple Leaf for six years, but his grandmother, Zhang Cheng and Jing Lin didn't find out.

This is obviously not normal.

Shi Mo himself also said that he deliberately met his grandmother and the others and hypnotized them, so in the past six years, no one has discovered that Rong Shu is Maple Leaf.

"You mean hypnosis?" The old lady's face became serious and she looked at Fu Jingting, "Jingting, is this true?"

"It's true, Gu Manyin makes people hypnotize, we can't find out that Rong Shu is Maple Leaf, and let me have no clue. I do not doubt and firmly believe that she is the maple leaf, and I can only be good to her with all my heart, making me subconsciously feel that I love her. If it wasn't for the previous car accident that made me sober up from hypnosis, I might still treat Gu Man now. I can't put it down." Fu Jingting lowered his eyes coldly.

The old lady said in horror, "It's no wonder that six years ago, you seemed to have changed, from a gentle child to such an indifferent person, and it's no wonder that after the previous car accident, I felt that you had changed back to something before. It looks like this, so it is!"

She naturally believed in her grandson.

After all, there is no need to lie about this kind of thing, as long as you find another hypnotist to find out.

So, her grandson actually experienced such a terrible thing.

And her old woman was hypnotized without realizing it.

"Who did it?" The old lady clenched her fists and slapped the table with a slap. The pressure around her body was so strong that it made you breathless.

After all, she is an old lady who has been on the battlefield for many years. When she was young, she was very terrifying when she got angry.

However, Fu Jingting was obviously not afraid of this row. He put down the teacup that had been wiped clean in his hand, and spit out a name in a cold voice, "Gu Manyin made someone do it."

“Okay, it’s that woman again!” Squinting, his eyes were full of killing intent, “The Gu family has really raised a good daughter, Jing Ting, Gu Manyin hypnotized our family, do you know how scary and dangerous this is? Fortunately, Gu Manyin No hypnotizing anyone else, if you are hypnotized and you obey her words, if she wants the entire Fu family and the Fu family, I’m afraid you will give it up a long time ago!”

Chapter 593

Speaking of which, the old lady was frightened for a while.

Fu Jingting didn’t speak, but his face was also very ugly.

Yes, he should be glad that Gu Manyin didn’t make this request, nor did the Gu family.

Otherwise, Mr. Fu would have long since ceased to exist and should be renamed Sansheng.

“Jing Ting, this matter can’t be left alone. My Fu family has no reason to be plotted against, and they still don’t fight back. Gu Manyin has the money to find a hypnotist. Where did the money come from, and it wasn’t given by the Gu family. , and Gu’s family and Gu Manyin have repeatedly murdered Shu Shu, so why are you keeping the Gu family?” The old lady looked at Fu Jingting with a dark face.

Even if the state clearly stipulates, it cannot directly attack another enterprise.

But according to the power of the Fu family, there are many ways to deal with the Gu family and make the Gu family disappear. Even if the country finds out, they will only turn a blind eye. After all, the Fu family is kind to the country.

So the Fu family can clean up the Gu family at any time.

But she didn’t understand why Jing Ting had never acted.

She hadn’t asked before, thinking that Jing Ting is now the head of the Fu family, and Jing Ting must have his own reasons for keeping the Fu family.

But now that she knew that Gu Manyin dared to hypnotize her family, she could no longer tolerate the existence of the Gu family.

Of course Fu Jingting knew what the old lady was thinking at the moment, he rubbed his brows and said solemnly, “Grandmother, it’s not like I never thought about uprooting the Gu family, avenging Rong Shu, and venting for the Fu family, but now I can’t.”

“Why? ?” The old lady frowned.

Fu Jingting looked at her, “Because of Rong Shu’s identity.”

“Identity?” The old lady was stunned, “What happened to Shu Shu’s identity?”

“Rong Shu...is the biological daughter of Gu Yaotian and his wife!”

“What?” The man stood up in surprise.

Feng Ma behind her was also shocked, “Young Master, are you joking, Young Madam is the daughter of Gu Yaotian’s husband and wife? How is this possible!”

“Jing Ting, some words can’t be said nonsense!” The flesh was shaking slightly, apparently not calming down from the shock.

Fu Jingting pursed his lips and replied, “I didn’t say nonsense, this is true, Rong Shu was born to Gu Yaotian’s husband and wife, and Gu Manqing was stolen by Rong Hao more than 20 years ago.”

“But Gu Man Isn’t Qing already back at Gu’s house?” Feng Ma asked.

Fu Jingting pinched his brows, “That’s fake, not the real Gu Manqing, the real Gu Manqing is Rong Shu, that Gu Manqing’s original name is Li Zhaodi, and Rong Shu and Cheng Huai came together to pretend to be Gu Manqing. People, Rong Shu and Cheng Huai let that Li Zhaodi pretend to be Gu Manqing to return to Gu’s house, which is to let Li Zhaodi be the inner responder to break down the Gu family, but after seeing the wealth of the Gu family, Li Zhaodi became greedy and planned to become the real Gu Manqing. The

old lady understood, and sat down again with the help of Feng Ma. “She betrayed Shu Shu?”

“Yes, she not only betrayed Rong Shu, but also accidentally discovered that Rong Shu is the real Gu Manqing, so she still called him. ” Stunned Rong Shu and destroyed the birthmark on Rong Shu’s body that could prove to be Gu Manqing.”

After hearing Fu Jingting’s words, the old lady was silent for a long time before sighing with emotion, “I didn’t expect that Shu Shu is actually Gu Yaotian . His biological daughter, Rong Hao took Gu Yaotian’s daughter and threw it into the river to drown. Although it has not been announced to the public, many people in the circle knew about it. Everyone thought that Rong Hao really drowned the child. , I didn’t expect to keep it secretly.”

“Yeah.” Feng Ma also nodded with a sigh.

Then, Feng Ma seemed to have thought of something, and patted her thigh, "By the way, old lady, I suddenly thought of something, more than 20 years ago, Rong Hao's wife, Ms. Fan, fell ill when the child was a few months old. On the field, when she attended the event, she was also rambling, her spirit was not right, and she kept thinking about the child. She used to take the child with her wherever she went, but during that time, she suddenly didn't take it with her. Child, then suddenly there was a rumor in our servant circle that Ms. Fan's child died, that's why Ms. Fan became like that."

"I heard you talk about this." The old lady nodded, "Rong Hao My father, my husband and I used to be comrades-in-arms, so when I heard you talk about this rumor, I took it seriously, and then I sent someone to Rong's house to see what happened to Lina and whether the child was real. No more."

"Yes, and then the person we sent over came back and said that Ms. Fan has recovered, and the child is still alive, not dead. The reason why Ms. Fan is like that is because the child is ill, and Ms. Fan's child is not dead. Many people know that he is weak and sick from birth, and they all say that they can't support themselves, so there are rumors that the child died, but our people came back and said that the child is not only fine, but has become much healthier, so Ms. Fan's illness has also improved. At that time, none of us thought there was anything wrong, but now I want to come..."

"Rong Shu's mother's child may have really died at the time. The healthy child that your grandmother sent to see is the current Rong Shu." Fu Jingting After taking Feng Ma's words, he narrowed his eyes and said.

Feng Ma responded again and again, "Yes, that's what I meant."

"I know, Rong Hao is just because the child died and Lina is crazy, so she secretly left Shu Shu to raise her at that time." The old lady sighed.

"It should be like this." Feng Ma said.

The old lady looked at Fu Jingting, "No wonder you haven't dealt with the Gu family. It turns out that Shushu is the daughter of the Gu family, and you love Shushu. You do have a lot of scruples about dealing with the Gu family."

Fu Jingting was noncommittal.

The old lady asked again, "You know Shushu's identity for so long, but you haven't told Shushu. Are you planning to tell Shushu?"

"Yes." Fu Jingting nodded and admitted, "The Rong and Gu family were originally mortal enemies, and the Gu Yaotian family tried to kill Rong Shu many times. Now Rong Shu and the Gu family are immortal. If at this time, tell Rong Shu. Shu Gu Yaotian's family is her biological parents, what does she think will happen to her?" The

old lady frowned, and then put herself in, her face changed, "If I were Shu Shu, I knew that I killed my father and murdered myself, It is my biological parents, I will definitely not be able to accept it, whether it is psychological or spiritual, it will collapse."

"Yes, I have never told Rong Shu because of this consideration. For Rong Shu, she is still A baby was adopted by the Rong family. The Rong family treats her no different from her own. In her heart, Rong Hao and his wife are her biological parents. She has always known that Rong Hao was forced to death by Gu Yaotian, and she suffered so much. The suffering is also because of the Gu family, her heart is full of hatred for the Gu family."

Fu Jingting lowered his eyes, "If I tell Rong Shu her true identity at this time, her world view will completely collapse, and she can't even accept her own existence. , because at that time, the Gu family was her real relative. She couldn't deal with the Gu family, but she couldn't feel sorry for the Rong family, so in order to completely cut off the grievances between the Rong and Gu family, there was only one choice she would make, and that was End yourself."

"The eldest young master is right, and it is indeed possible for the young lady to do so." Feng Ma nodded in agreement.

The old lady sighed, "Then this matter will be difficult to handle, Shu Shu still doesn't know her identity, and still hates the Gu family in her heart, but she can't really kill Gu Yaotian and his wife, otherwise her conscience will be destroyed for the rest of her life. I can't feel at ease, after all, they are her biological parents."

Chapter 594 The Best Way

"That's right." Fu Jingting rubbed his temples, "and it's not good for me to directly attack Gu Yaotian and the others. If I really kill Gu Yaotian, if Rong Shu finds out her true identity in the future, how should she face me? ? Even if she is unwilling to accept that Gu Yaotian and his wife are her parents, the blood relationship cannot be chosen. As long as I kill her parents, the relationship between me and her will end here, and she cannot

be with me." The real reason why he has been patient with the family.

If it weren't for this, he would have killed the Gu family long ago, avenged the Fu family and Rong Shu, and would not have let Rong Shu get his hands dirty because of revenge.

But there is no way, Rong Shu is the biological daughter of Gu Yaotian and his wife.

Even if she doesn't recognize the parents, as long as he kills Gu Yaotian and his wife, he will become her nemesis.

Even if she doesn't hate him, but in her heart, she won't accept him.

The old lady rubbed her forehead with a headache, "It seems that you really can't do anything to the Gu family, but in the same way, Shu Shu can't either."

"She is the worst, and Rong Shu and I have to go to Kimchi Country this time. I know something." Fu Jingting's expression was extremely serious.

The old lady knew at first sight that it was a very important matter, she rubbed her crutches and asked, "What is it?"

"Rong Hao jumped off the building, not because he couldn't bear the blow of Tiancheng's accident and Rong Yuan's mother and daughter running away with money, but Because he was given the drug that causes mental weakness, it is very likely that Gu Yaotian asked Rong Yuan and his daughter to give it to Rong Hao." Fu Jingting said in a deep voice.

The old lady was stunned, "There's still such a thing?"

"That's right." Fu Jingting replied tiredly, "After knowing this, Rong Shu's hatred for the Gu family has reached an uncontrollable level, and now she is wholeheartedly She wants Gu Yaotian to be sentenced to death to avenge Rong Hao, but if she does, and Gu Yaotian dies, she will be uneasy in her life, because she herself sent her biological father to the execution ground."

"In short, what we have to do now is to not let Shu Shu kill Gu Yao under the premise of not telling Shu Shu's true identity?" The old lady pondered for a while and said.

Fu Jingting raised his chin, "That's right."

"But then, how to resolve the grievances between the Ronggu two families? If you don't resolve the grievances between the two families, Shushu will live in hatred for the rest of her life." The old lady said helplessly.

Fu Jingting pursed his lips, "Now there is only one way, that is to wait, wait for Gu Yaotian to die."

"How long will it take?" She let go and frowned.

Fu Jingting shook his head slightly, "Don't wait too long, maybe just a few months, now Gu Yaotian has suffered from severe renal failure, and it is extremely difficult to find a match, so the probability of Gu Yaotian's death is very high, as long as Gu Yaotian is dead, Shu bought Sanshengyi and turned the Sansheng Group, which Gu Yaotian cared about the most in his life, into Tiancheng Group, which can be regarded as avenging for Rong Hao and the Rong family."

“So you mean that in the past few months, as long as Secretly organize Shu Shu to attack Gu Yaotian’s family, right?” The old lady said thoughtfully.

Fu Jingting snorted, “It can only be like this at the moment, as long as Gu Yaotian dies, the Gu family will disappear naturally. After that, even if Rong Shu knows her identity, she will only be self-isolating for a while at most, instead of being caught between the Rong Gu family. , can’t do anything.”

“That’s what you said too.” The old lady nodded, “Since you have made up your mind, then you can do it according to your own ideas.”

“I will.” Fu Jingting wiped the last one clean. Wipe the back and put it back in the tea tray.

The old lady sighed, “I didn’t expect that Shu Shu’s life experience would be so rough.”

“This is indeed something no one thought of.” Fu Jingting leaned back.

After all, twenty-six years ago, the Rong Gu family were already mortal enemies.

But no one could have imagined that Rong Hao would actually raise the mortal enemy’s child at home and raise it as his own.

Speaking of which, he actually thanked Rong Hao for taking Rong Shu away, otherwise Rong Shu would not have grown into what he is now when he was raised by Gu Yaotian and his wife, perhaps the same as Gu Manyin.

“Okay, grandma, it’s getting late, you came to me, what’s the matter?” Fu Jingting poured himself a cup of tea, and then asked the old lady about the business.

The old lady looked at him, “It’s not a big deal. I want to talk to you about Jinglin’s shares. Soon, Jinglin will be an adult. How do you plan to arrange it?”

Fu Jingting pondered for a few seconds, ” The 5% of the shares that Dad gave to Jing Lin, I will return it to him when he is an adult. As for other properties, when Jing Lin comes back, he will say that he is my younger brother, and I will not treat him badly.”
The

old lady thought I thought the same thing, “Well, you can do it yourself, okay, you can go back, the old lady of mine should rest.”

“Then I won’t disturb you.” Fu Jingting got up and looked at Feng Ma who was behind the old lady. , “Feng Ma, take good care of your grandmother.”

“Don’t worry, young master!” Feng Ma replied with a smile.

Fu Jingting put down the teacup, got up, left the old lady's room, and went back to his room.

His room happened to be opposite Rong Shu's door.

When he came to the door of his room, Fu Jingting did not rush in, but looked at Rong Shu's door.

Rong Shu's door no longer had any light coming out, and it seemed that she had already fallen asleep.

Knowing that Rong Shu was sleeping, Fu Jingting didn't mean to disturb, so he opened the door of his room and went in.

The next day, Rong Shu was woken up by a phone call.

She frowned her beautiful eyebrows, stretched out her hand from the quilt, and touched the head of the bed.

After touching the phone, she swiped the screen directly with her muscle memory, then put the phone to her ear, and asked, "Who is it?" The

other end of the phone was silent for a while before the call came. A frivolous male voice said, "Rong Shu, you haven't gotten up yet?"

Rong Shu opened one eye with difficulty, "Cheng Huai?"

"It's me, I thought you wouldn't be able to hear my voice if you didn't wake up, but I didn't expect you to hear it. Your heart is not too light." Cheng Huai said flowery.

Rong Shu rubbed her forehead, laid her body flat, opened her other eye, looked at the ceiling and asked, "Okay, be serious, what are you looking for from me?"

"Good thing." On the other end of the phone, Cheng Huai sat behind the desk in a suit and leather shoes, crossed Erlang's legs and said, "The investigation team arranged by the state has come down and is currently investigating in Nanjiang. The next one will be our sea market."

Hearing this, Rong Shu's eyes widened. Instantly lit up, "How long will it take to go to Haishi to investigate Sansheng?"

"About a month." Cheng Huai raised a finger.

Rong Shu clenched her phone tightly, "One month, great!"

After waiting for one month, she can take action against Sansheng and the Gu family!

“Cheng Huai, thank you for telling me this, this is indeed very good news!” Rong Shu said into the phone.

Cheng Huai waved his hand, “You don’t need to thank me, we are on the same boat, and the Gu family is our common enemy, so I should tell you, and besides this, there is another good thing.”

“What is it?” Rong Shu leaned on the head of the bed and became interested.

Cheng Huai said with a mysterious face, “Some time ago, the investigation team investigated the Lin Group in Jiangcheng. Because the interior of the Lin Group is too dirty, the chairman of the Lin Group has been arrested, and the Lin Group has also been sealed. I heard that the state intends to auction the Lin Group.”

Chapter 595 Good news for Huai

“Oh? Auction?” Rong Shu’s eyes flickered, “I heard that the Lin Group is engaged in machinery, right?”

“Yes, it is very similar to your Tiancheng industry, so if you take the Lin Group After it is filmed, if it merges with Tiancheng, Tiansheng can be listed again.” Cheng Huai laughed, “How about this, isn’t this good news.”

“It’s really good news, I’m also a little moved, but you forgot, I have no money.” Rong Shu frowned.

“Hey, it’s a trivial matter!” Cheng Huai turned his legs upside down, looking like he was condescending, “In this auction, the state seems to allow private companies to use some of their shares to offset, Rong Shu, I suggest you use the shares to offset. With a part of the funds, the country becomes a shareholder of Tiansheng, and Tiansheng is equivalent to having the escort of the country, so there is no need to worry about someone daring to calculate Tiansheng.”

“There are still such good things.” Rong Shu sat up straight in surprise.

Cheng Huai nodded, “This is indeed a good thing, and it’s a rare good thing. Now I just know the news, and the news hasn’t spread yet. Once the news spreads, many private companies will definitely participate in the auction. Who are they? They all want to get on the big ship of the country, so Rong Shu, you must seize the opportunity, otherwise other private companies will easily take Lin’s away.”

Rong Shu bit her lower lip, “Cheng Huai, I know you It means, but unfortunately, I may not be able to win Lin’s, there are too many better companies than Tiansheng, Tiansheng has no advantage to compete with thousands of companies.”

“You don’t have to worry about it, these companies think If you want to participate in the auction, you must first bid for the application, and then the state will simply check whether there are any problems with those companies. Once any problems are found, the qualification for bidding will be cancelled. In my opinion, the first round will be brushed down. Eighty percent of the enterprises.” Cheng Huai said.

After all, everyone knows that there can be no completely clean business in this world.

More or less, there will be some problems, it just depends on whether it is a big problem or a small problem.

Rong Shu naturally understood what Cheng Huai meant. The little hope that had just risen was now gone, and she rubbed her brows and said helplessly, “I am afraid that Tian Sheng will also be brushed down. Before, Tian Sheng was in Duan Xingbang’s hand. In the past, I have done some illegal activities, and tax evasion is a trivial matter.”

If it wasn’t for her taking a loan from the bank and paying the tax in time, Gu Yaotian would probably have reported her.

At that time, before she could show her strength in Tiancheng, Tiancheng collapsed.

So she was extremely fortunate that the first thing she did when she was in the position was to clean up Tiancheng’s dirty things first.

“You also said that it was in the past. In the past, Tiancheng was managed by Duan Xingbang, but now it is you. In the past few months that you have managed, Tiansheng has not done anything illegal at all, so I don’t think the country will brush Tiancheng down. , after all, the first thing the state checks is the current manager of each company, as long as you know that there is no problem with this manager, then there is basically no problem.” Cheng Huai said leisurely with his feet on the desk.

Rong Shu was slightly refreshed, “What are you saying is true?”

“Of course, can I still lie to you? Anyway, prepare your application, I will help you pass it on when the time comes, and I will notify you immediately of the result.” Cheng Huai nodded.

Rong Shu replied with a smile, “Okay, then I’ll trouble you. After this is done, I will definitely thank you very much.”

“Okay, I’ll wait for your thanks, okay, let’s not talk about it, I have a meeting. If you want to open, hang up first.” Cheng Huai looked at the assistant who walked into the office and put his feet down.

Rong Shu hummed, “Goodbye.”

Hanging up the phone, she clenched her phone tightly with an excited smile on her face.

She originally thought that it would take a long time before Tiancheng Group could go public again.

I didn’t expect to have a chance so soon.

And this opportunity, she must seize it!

Rong Shu narrowed her beautiful almond eyes and made a secret decision in her heart.

At this time, there was a knock on the door, and Fu Jingting’s low and pleasant voice came, “Rong Shu, are you up?”

Rong Shu took a breath and calmed down, then looked in the direction of the door and replied, “I got up.”

“Okay, let’s come out for breakfast, breakfast is ready.” Outside the door, Fu Jingting put his hand down from the door and said.

Rong Shu’s voice came from the door, “I see, I’ll come out soon, you go first.”

Fu Jingting said nothing.

Rong Shu didn’t care either, she lifted the quilt, got up, and went to the bathroom to wash.

Last night, a servant brought her a new set of clothes, so after washing up, she didn’t worry that she didn’t change it.

Soon, Rong Shu finished washing, changed clothes, put on makeup, and walked towards the door.

When she came to the door, she opened the door and went out and walked straight forward.

Fu Jingting, who was leaning on the wall beside the door waiting for her, saw that she was walking away without turning her head, her eyebrows raised slightly, “Rong Shu.”

Hearing the man's voice, Rong Shu paused, then turned around quickly, only to see Fu Jingting, who was outside his room, asked in surprise, "Why are you here? Didn't I tell you to go first?"

"I'm waiting for you." Fu Jingting walked towards her with slender legs, "How do you know you After I came out, I didn't even look, I just walked forward."

Rong Shu touched her hair embarrassedly, "I'm sorry, I thought you were gone, so I didn't look at it, who knew that you didn't leave at all."

"I I don't blame you, let's go and go to the restaurant." Fu Jingting took out his hand from his trouser pocket and took her hand.

Rong Shu subconsciously wanted to pull it out.

Fu Jingting held her tightly and looked at her very seriously, "Rong Shu, although you haven't let go of me yet, we are now quasi-boyfriends, right? So you don't want to be close to me. Would you like to resist?"

Rong Shu lowered her eyelids, "I'm sorry, I know, I'll get used to it as soon as possible."

"That's good, let's go." Fu Jingting didn't say anything, smiled and dragged her to the front corridor.

When I came to the restaurant, breakfast was already placed on the table.

Fu Jingting opened the chair for Rong Shu.

Rong Shu sat down without refusing, then looked at the head of the table, "Where's grandma?"

Fu Jingting sat down beside her and poured her a glass of milk, "Grandma won't come here, eat in the room."

"Is that so." Rong Shu nodded, indicating that she knew, and did not ask any more questions.

Fu Jingting picked up his coffee, "Okay, let's eat."

Rong Shu hummed, picked up the knife and fork and began to eat.

After taking a sip, she looked at him drinking coffee, her red lips moved, and she looked hesitant to speak.

Fu Jingting put down the coffee and asked with concern, "What's wrong?"

“Well...you shouldn't drink coffee in the morning.” Rong Shu looked at the coffee in his cup and said, “Especially this kind of pure coffee without sugar and milk, right? Don't tell me if my stomach is not good, but...”

She blushed, and it seemed that it was difficult for her to say the following words, so she couldn't say it for a long time.

Fu Jingting's long and narrow phoenix eyes narrowed, “What else?”

Rong Shu blushed even more, lowered her head like a mosquito, and said, “It's nothing, if you want to know, you can check it online, I've eaten.

” After that, she was slicing the egg uncomfortably.

Fu Jingting looked at her, and then really picked up the phone to check.

He wanted to see what she was hiding.

Rong Shu Yuguang saw Fu Jingting picking up the phone, his head buried lower and lower, and the redness on his face even spread to his ears.

Next to him, Fu Jingting had already searched for the results.

The above does say that drinking coffee in the morning is bad for the stomach.

He knew this, not just in the morning. Drinking this kind of pure coffee at any time was not good for the stomach, but he was used to it, so he didn't care about it.

Fu Jingting slid his thumb up and continued to look at the bad points below. When he saw a certain one, his pupils first shrank, and then his eyes darkened.

Chapter 596 The provocation of parking spaces

Because it says that the disadvantages of drinking coffee in the morning are two, killing, sperm, and reducing stamina!

Fu Jingting immediately put down his phone and looked at the woman beside him.

The woman blushed and was about to bleed, and her head pressed down even more, almost burying it in the dinner plate.

Fu Jingting now confirms that what she was about to say, but didn't say, is killing, essence and reducing stamina.

Otherwise, her face couldn't be so red.

After all, several other disadvantages are not enough to make people blush.

“You...” Fu Jingting’s thin lips moved, just about to say something.

Rong Shu suddenly put down the knife and fork in her hand and stood up abruptly, “I suddenly remembered that I want to go to the bathroom.”

After speaking, she pulled out the chair and ran out of the restaurant.

Fu Jingting looked at her back and let out a low laugh.

Listening to his laughter, Rong Shu covered her face and ran faster.

She went to the bathroom, closed the door, and leaned back against the door, embarrassed.

She had never been as embarrassed as before.

Knowing that she didn’t mind at that time, she reminded him to search the Internet for the disadvantages of drinking coffee in the morning.

Otherwise, she wouldn’t be ashamed to run away at this moment.

Rong Shu put her hand down from her face, let out a long breath, and tried her best to calm herself down.

After a while, her beating heart finally returned to its normal rhythm.

Afterwards, she came to the sink, turned on the faucet, poured some cold water on her face, lowered the temperature on her face, and then walked out of the bathroom, ready to go back to the restaurant.

After she went back, she would definitely see Fu Jingting’s teasing eyes.

Maybe she’ll be embarrassed again.

But even so, she had to endure it. After all, she started the topic herself at the beginning, and she was an adult, so he could just laugh.

Thinking, Rong Shu took a deep breath, then pushed open the door of the restaurant and entered.

Fu Jingting put down the knife and fork in his hand, and pulled the chair away for her, “You’re back?”

Rong Shu hummed, walked over and sat down with her head lowered slightly.

Just when she was about to get the knife and fork, Fu Jingting suddenly put his arm on the back of the chair behind her, leaned over and whispered, "Don't worry, I'll try not to drink coffee in the future, I won't let you suffer. "

After that, he chuckled softly, took his arms away, and sat back with his body.

But after hearing his whole sentence, Rong Shu was stunned, the knife and fork in his hand suddenly fell on the plate, and the blush that had dissipated, also dyed the whole face red again.

"Fu Jingting, you... what did you say?" Rong Shu bit her lower lip and looked at the man with shame and indignation.

He actually said just now that he would not suffer.

What this loss refers to, she is not a fool, she naturally understands.

It is because she understands that this will make her feel ashamed.

Fu Jingting turned his face sideways, and looked at Rong Shu, whose neck was red, for a long time, and his thin lips curled up, "You don't need to be shy, we will be together in the future, those things will come naturally."

"Who will make it with you? Rong Shu glared at him, "You are talking nonsense, don't blame me for prolonging the time!"

Hearing this, Fu Jingting's face changed instantly, became serious, and quickly apologized, "I was wrong, I don't tease you. I'm done."

Just kidding, he worked so hard for so long and finally impressed her, she had promised that she would only need to sort out her mood for half a month, and after sorting it out, she would reunite with him.

If now because of his talkativeness, he delays the difficult reconciliation, he can't wait to ask the family to beat him.

Seeing that Fu Jingting finally stopped talking about this topic, Rong Shu breathed a sigh of relief and snorted at him, "Eat."

"Okay." Fu Jingting nodded, then called the servant, "Bring me another cup, I'll pour the milk."

Hearing this, Rong Shu paused and said nothing.

After all, he was just pouring milk, not saying anything else.

After breakfast, it was half past eight.

Rong Shu went to the old lady's room, said goodbye to the old lady, and then left the old house with Fu Jingting.

Fu Jingting drove Rong Shu to Tiancheng in a car.

After more than an hour, Tian Sheng arrived.

Fu Jingting drove to Rong Shu's exclusive parking space, but found that a car was already parked in her parking space.

Looking at the car, Rong Shu frowned.

The whole Tiancheng knew that this parking space was her exclusive parking space. Even if her car was not parked here, there would be a yellow card prohibiting other vehicles from being parked in the parking space.

And now, this black Japanese car is parked in her exclusive parking space so grandly, and she also throws her yellow card for no parking aside, who is so impolite?

Why didn't the manager of the parking lot take action?

Fu Jingting followed Rong Shu's gaze and looked at the car, his eyes narrowed, "That's not your car, right?"

Rong Shu hummed, "No, I don't know whose car, but it can park in the parking lot, It must be someone from Tiansheng."

But Tiansheng's executives and shareholders have their own exclusive parking spaces, so they will not occupy other exclusive parking spaces, and ordinary employees' cars also have other public parking spaces, so they will not drive their cars to Private parking area.

Therefore, the person driving this car was an employee of Tiansheng, or a high-level executive, who had an opinion on her, and then deliberately violated the rules and occupied her parking space.

She is more inclined to the latter. Even if ordinary employees have opinions on her, they would not dare to do so, so only the top management dares.

I just don't know which high-level it is!

"The person who stopped the car is provoking you." Fu Jingting turned to look at the woman in the co-pilot and said.

Rong Shu nodded with a sullen face, "I see it."

"Have you caused someone's dissatisfaction recently?" Fu Jingting asked again.

Rong Shu shook her head, "I don't know, I haven't had a holiday with any high-level executive recently, but I have been having friction with people from Duan Xingbang's faction, but that faction will not do this, after all, if they want to do it, they will do it a long time ago. I won't wait until now to provoke me with such childish means."

"That's the unknown enemy." Fu Jingting said in a deep voice, "I'll accompany you up."

"No!" Rong Shu unfastened her seat belt, "I know you are afraid that I can't handle it, but I can handle this matter, and this is a Tianzhu person. As the largest shareholder of Tianzhu, my people offend me. Of course, it is my boss who will punish me, so I'll do it myself."

She looked at him seriously.

Fu Jingting chuckled lightly, "I knew you would say this, okay, then you can do it yourself, but if there is anything you can't solve, call me."

"Okay." Rong Shu nodded in response, then opened the door and got out of the car, standing at the Outside the car, he waved to the man, "Go back, pay attention to safety on the road, goodbye!"

"Goodbye!" Fu Jingting nodded slightly, then reversed the car and left.

Seeing that his car had completely gone, Rong Shu put down her waving hand, suppressed the smile on her face, and came to her parking space, took out her mobile phone with a cold face, and made a call.

Soon, the nearby towing company sent someone over.

Rong Shu pointed to the car parked in her parking space, and said coldly, "Please tow this car away and drag it to the side of the road outside."

This is her parking space.

As Tiancheng's largest shareholder, if she just lets other people's cars park here to provoke her, doesn't that make people feel that she is cowardly and easy to bully?

After it was spread, how could she manage Tiancheng?

Tiancheng's employees would think that she, the boss, had no deterrent force and could not lead Tiancheng down.

Read This Time, I Will Get My Divorce Chapter 597-598

Chapter 597

“Okay, Miss Rong, let’s move the car now.” After listening to Rong Shu’s request, the leader of the trailer team immediately ordered to go.

A group of people started to work.

Rong Shu stood aside and watched, and at the same time called Secretary Tong’s phone.

Secretary Tong answered quickly, “Mr. Rong.”

“Secretary Tong, do you know whose car is parked in my parking space?” Rong Shu looked at the Japanese car and asked.

The car looks brand new, it is probably a new car that I just bought.

Moreover, she doesn’t like seeing Japanese cars very much now, which makes her think of the last time Gu Manyin drove her and Fu Jingting into the car.

At that time, Gu Manyin was driving a Japanese car.

But now that it’s been so long, Gu Manyin has no news at all, and doesn’t know where to hide.

“The car parked in your parking space?” On the other end of the phone, Secretary Tong replied with a puzzled face, “I’m sorry, Mr. Rong, I didn’t go to the parking lot this morning, and I didn’t know there was a car parked in your parking space.”

“Yes . What?” Rong Shu nodded, indicating that she understood, and then said, “Then you can find the manager of the parking lot and ask what’s going on.”

“Okay, Mr. Rong.” Secretary Tong responded.

Rong Shu hung up the phone, put down the phone, and continued to look at the trailer over there.

After the Japanese car was put on the trailer, she walked over, picked up the no-stop sign that fell to the ground, and put it back in her parking space.

After putting it away, Rong Shu settled the bill for the cart team and walked towards the elevator.

Soon, she came to her office.

Secretary Tong was waiting at the door of her office. When she saw her coming, she reported today's itinerary first.

After the report was completed, he began to tell the results from the parking lot manager, "Mr. Rong, the manager said that the owner of the car is a woman, and the woman also said that she is your sister, so there are no management talents. Drive the owner of that car."

Hearing Secretary Tong's words, Rong Shu stopped and turned around quickly, "What did you say? My sister?" Could it

be Rong Yuan?

"Yes, that's what the manager really said." Secretary Tong nodded, "the manager also said that the woman also took out her passport, and the name on it was Rong Yuan. The manager felt that the name of Rong Yuan was the same as that of Rong Yuan. Mr. Rong, your name is very similar, so I believed that she was your sister, so I didn't drive the other party away, for fear of making you unhappy."

So this is not considered negligence of the manager.

I can only blame the woman who pretended to be Chief Rong's younger sister.

"Sure enough, it's Rong Yuan!" Rong Shu clenched her hands tightly, her face a little ugly.

Just now she was thinking about whether the woman who claimed to be her sister was Rong Yuan.

Now it turns out that it is.

"Mr. Rong, do you know that Rong Yuan?" Secretary Tong looked at Rong Shu curiously. Seeing that Rong Shu's face was bad, he asked tentatively, "Mr. Rong, that Rong Yuan, do you have any grudge against you?"

"You should know that my father still has a little daughter, right?" Rong Shu asked without answering.

Secretary Tong nodded, "I know, I heard Mr. Lu mentioned that this Rong Yuan is really your sister, right?"

"Yes." Rong Shu hummed, "It was my father's second wife. "

It turns out that it is." Secretary Tong suddenly realized, "I thought it was a liar pretending to be your sister, but..."

Secretary Tong frowned, "I heard Mr. Lu say, Mr. Rong, your sister and your stepmother lived together for six years. Before, she swept away all Tiancheng's money and ran away, then she appeared now, and she came directly to Tiancheng, shouldn't there be any conspiracy?"

Rong Shu pursed her red lips tightly and did not speak.

In fact, she agreed with Secretary Tong's remarks very much.

Rong Yuan was dismissed by the Li family to the beautiful country, and it stands to reason that she should stay in the beautiful country.

But Rong Yuan didn't. Instead, she went back to Hai Shi and went straight to Tian Cheng, and deliberately occupied her parking space to provoke her. It was impossible without a conspiracy.

"Go and find out where Rongyuan is. Since her car has been parked in the parking lot, she should still be in Tiancheng. After you find her, bring her to me." Rong Shu narrowed her face, her face cold. Say.

Originally, she planned to go to the beautiful country in person at the end of the month to bring Rong Yuan back to her country and ask Rong Yuan to apologize in front of her father's tombstone.

In the end, she didn't expect that Rong Yuan would return to China by herself before she went.

Well, it saved her a lot of effort.

"I know President Rong, I'll go right now." Secretary Tong nodded in response, and immediately went to do it.

Mr. Rong continued to walk forward and came to his desk. As soon as he sat down, the phone vibrated, and a WeChat message popped up, which was sent by Fu Jingting.

Rong Shu's wrinkled brows suddenly relaxed, and she clicked on the message to see who was provoking?

She knew that he would ask this.

Rong Shu smiled and typed a reply to know that it was Rong Yuan.

On the other side of the phone, Fu Jingting just got out of the elevator and was walking towards his office. He stopped when he saw Rong Shu's reply.

Rong Yuan?

It's actually her!

Fu Jingting's slender fingers began to type. Is she back?

Rong Shu rubbed her temples. Yes, there is no news at all. As soon as she comes back, she will make trouble. She may not know what to do after that, but it is also a good thing. She hasn't visited her father's grave for six years. This time I will let her Make up for it all.

Seeing this sentence, Fu Jingting laughed softly and made up for it.

Seeing that he supported her so much, Rong Shu also smiled.

At this moment, there was a knock on the door of the office.

Rong Shu looked up, "Please come in."

She thought it was Secretary Tong, but it turned out to be Duan Xingbang's assistant.

"President Rong." Duan Xingbang's assistant bowed to Rong Shu.

Rong Shu put down the phone and asked indifferently, "Do you have anything to do with Duan?"

If it wasn't for Duan Xingbang's orders, this assistant would not have come here at all.

Duan Xingbang's assistant stood at the door and replied, "That's Mr. Rong, Mr. Duan asked you to come to the meeting."

"What meeting is there at this time?" Rong Shu frowned suspiciously.

Every meeting must be scheduled in advance.

But there is no meeting to be held today.

However, Duan Xingbang asked her to go to the meeting, there must be a situation.

"That's it, President Duan said, since you returned to Tiansheng for so long, Tiansheng has not officially held a shareholders' meeting. This time, President Duan is going to hold a new chairman election, saying that Tiansheng has been so long, the chairman The positions of the company are all vacant, and there is only one president and one

vice president, which is not good for Tiansheng's development, so I plan to select the chairman of the board as soon as possible." The assistant said.

Rong Shu leaned back and said with a half-smile, "So that's the case, but Mr. Duan said something wrong, the chairman's position does not need to hold a general meeting of shareholders for election. Historically, the chairman's position has been held by the one with the most shares. So I don't think anyone is more suitable to be the chairman than me." The

chairman is indeed the person with the most shares in history, and if the person with the most shares is inappropriate, then the position of chairman will be left vacant. , will not let people with less shares do it, this is the rule of the business world.

Originally, she should be the chairman, not the vice president, just because Aqi said that she had never understood business things before. Will serve her, and even join forces to stand her up.

Instead of that, it is better to be humble first. Being a vice president can not only learn more things, but also gain the favor of other high-level shareholders, so that they will not be vigilant against her from the beginning, and when she has learned almost, she will be surprised. She sat on the chairman's seat, so even if they were dissatisfied, there was no way to pull her down to take her down, because she was no longer a little white who didn't understand anything.

Chapter 598 Chairman Candidates

And she has also planned that when the factory is completely built and the machines from Kimchi Country are delivered, she will formally propose to hold a general meeting of shareholders and take the position of chairman.

In this way, she can justifiably overwhelm Duan Xingbang and take back the other half of Duan Xingbang's management rights, instead of being suppressed by Duan Xingbang even though she is the largest shareholder.

It's just that before the factory is fully built, Duan Xingbang himself has convened a board meeting to elect the chairman.

It's a good thing. Since Duan Xingbang is so eager for her to take the position of chairman, why can't she fulfill him?

At the door, after hearing Rong Shu's words, Duan Xingbang's assistant lowered his head in fear, "Mr. Rong, it's useless for you to tell me this, you should tell President Duan yourself."

"Okay, then I'll do it . Tell him." Rong Shu stood up.

She also knew that it was useless to tell the assistant, so she didn't mean to embarrass the assistant. She picked up the notebook on the table and said, "Let's lead the way."

He sighed and hurriedly made a gesture of invitation.

Rong Shu walked over and handed him the notebook.

The assistant quickly reached out to take it and helped her hold it.

Rong Shu straightened the jacket draped over her shoulders, and walked out heroically on high heels.

Soon, she came to the door of the conference room.

The assistant opened the door for her.

Rong Shu lifted her foot and walked in, only to see that it was already filled with Tiancheng's shareholders and executives, and she was the last one to come.

Seeing Rong Shu coming in, these shareholders and executives stopped talking and greeted her, "Vice President Rong."

In any case, although she was only a vice president, she had the most shares in Tiancheng.

Therefore, these people, the scene skills must also be done.

Rong Shu nodded slightly at these people as a response, then walked to her seat and sat down.

Duan Xingbang's assistant, who was following behind her, stepped forward and returned her notebook to her, placed it on the table in front of her, and left quickly, returning to stand behind Duan Xingbang on the opposite side.

Duan Xingbang glanced at everyone in the conference room, focusing on Rong Shu for two seconds before he looked away.

But Rong Shu still caught a trace of guile in his eyes.

Rong Shu subconsciously straightened her body and narrowed her eyes.

What did Xingbang's eyes just now mean?

What is he paying attention to?

Rong Shu knew that Duan Xingbang's shareholders meeting at this time was definitely not that simple.

After all, the shares in Duan Xingbang's hands are not even the second shareholder of Tiancheng, ranking third or fourth. The reason why he can take the position of president is due to ruthless means, plus the second and third shareholders. He doesn't have any ability, so he doesn't fight Duan Xingbang.

And Duan Xingbang held a general meeting of shareholders today, how abnormal it is.

First of all, it is impossible for Duan Xingbang to not know that he cannot be the chairman, so holding this shareholders meeting will not benefit Duan Xingbang at all, and will only push her to the position of chairman.

Moreover, it is impossible for Duan Xingbang to not know that the first thing she did when she took the chairman's seat was to take back the management rights in his hands.

So Duan Xingbang, why do you need to hold a shareholders meeting?

Also, Duan Xingbang's eyes just now clearly revealed that this shareholders meeting was aimed at her.

Just when Rong Shu was thinking about what Duan Xingbang was going to do, Duan Xingbang suddenly clapped his hands, "Okay, since everyone is here, let's start our meeting today, everyone knows that a good company cannot live without The top leader, this is not conducive to the development of our group, so today I propose that we elect a chairman."

Those who stood on Duan Xingbang's side naturally nodded in support.

But the people standing on Rong Shu's side frowned.

One of the department managers raised his hand to speak directly, "Mr. Duan, is the chairman still elected? Isn't Rong the chairman? She is the largest shareholder of our group. Besides her, who else is suitable?"

"Ah, so this meeting doesn't make sense at all." Another seconded.

Rong Shu looked at these high-level executives and shareholders who spoke for her with satisfaction, and a faint smile appeared on her face.

However, Duan Xingbang looked at her smile, but his face was gloomy, "Rong Shu's niece, do you think she should be the chairman?"

Rong Shu took a sip of tea from the cup in front of him, and said in a cold and indifferent voice. Mr. Duan, I don't think you should ask me about this, because you have the answer in your heart, don't you? Of course, if you insist on listening to my answer, then I can also tell you that the position of chairman must be mine. With 51% of Tiancheng's absolute equity in my hand, I should be Tiancheng's absolute speaker, right?"

Duan Xingbang didn't expect Rong Shu's answer to be so rude, he thought she would be more euphemistic. .

"Since my niece has been in charge of Tiancheng for the past few months, her temper has become more and more stubborn, and she doesn't even know what modesty is."

Duan Xingbang looked at Rong Shu with a smirk.

Rong Shu smiled and said, "Humble? President Duan, I just said that I am an absolute shareholder of Tianzhu, so I can't change whether I am modest or not. If that's the case, then I might as well be not modest and explain my position directly. It's good, after all, there's no need to do these detours, but looking at President Duan, it seems that you don't want me to be the chairman?"

Rong Shu's words were very straightforward, and everyone looked at Duan Xingbang.

Duan Xingbang's people naturally knew that Duan Xingbang did not want Rong Shu to be the chairman.

And Rong Shu's people wanted Duan Xingbang to give an explanation why they didn't want to let Rong Shu be the chairman.

Duan Xingbang didn't expect Rong Shu to push himself into a corner with just a few words.

Now all the rhetoric he had prepared were useless, he could only pull his face and said reluctantly, "What did my niece say, of course I didn't mean that, you misunderstood me. , you also said that you are the largest shareholder, so how could I have the idea of ??not wanting you to be the chairman?"

Although he really didn't want her to be the chairman and put it on his head.

But in this case, he can only hold it in his heart and cannot say it directly.

Otherwise, he must be the one who suffers. After all, she angered her. She could use the absolute equity in her hand to forcefully take the position of chairman, and then arbitrate him as a small shareholder.

With the little shares in his hand, he is not her opponent at all.

And the last thing he can do now is to anger her. If she really takes the position of chairman, then his later plans will not be able to be implemented.

“Oh?” Listening to Duan Xingbang’s hypocritical words, Rong Shu didn’t expose him, and continued with a half-smile, “So Duan always wants me to be the chairman? So, in today’s meeting, Mr. Duan Wei I held it, right?”

Duan Xingbang’s eyes flashed with anger, but there was a smile on his face, but that smile looked sullen, “My niece is wrong, although I want you to be the chairman, But in the end, whether or not you can become the niece depends on the niece’s own ability. After all, another chairman candidate will not just watch your niece take the chairman position.”

“What did you say? Another director. Long candidate?” Rong Shu’s face changed slightly, and she frowned.

Chapter 599 The candidate is Rong Yuan

Other shareholders and high-level executives, including Duan Xingbang’s own side, were also surprised and at a loss.

“Mr. Duan, what do you mean by another chairman candidate?”

“Yes, Mr. Duan, besides Rong, who else is qualified to be a candidate?”

It stands to reason that the shares are less than % Ten people did not meet the conditions for being the chairman of a group.

Therefore, the second and third shareholders have never thought about being a chairman, after all, they do not have the capital.

Therefore, in their conference room, the only one with more than ten percent of the shares was Rong Shu.

So where did this other chairman candidate come from?

Could it be that that person still owns 10% of Tiancheng’s shares?

But this is impossible. The shares in the hands of these shareholders and the shares in the hands of President Rong add up to the entire percentage, and there is no extra 10%.

After all, Tiansheng is not listed now, and there is no need to put shares in the stock market, so it is impossible for anyone to buy Tiansheng's shares through the channels of the stock market.

Duan Xingbang looked at everyone and didn't feel it, and there was a glint of light in his eyes.

And Rong Shu thought of something, and her red lips pursed into a straight line.

Another candidate, could it be that Duan Xingbang was talking about Rong Yuan?

Just now, she observed the expressions of everyone in the conference room, and they didn't seem to know that there was another candidate, so the other candidate was not anyone in the conference room, but could only come from outside.

And today Rong Yuan happened to appear in Tiancheng, maybe it was Rong Yuan.

Thinking, Rong Shu squinted at Duan Xingbang, "Mr. Duan, since you said there is another candidate, then you can call that person over, not only me, everyone wants to know who that candidate is, everyone, I say Is that right?"

"Mr. Rong is right, we really want to know who else has the qualifications to be the chairman of the board other than Rong."

Duan Xingbang listened to everyone's approval, and put down the teacup in his hand leisurely, "Since everyone wants to know, then I will call someone in. Speaking of which, you know this person, President Rong, or a sister who is related to you by blood. ."

Hearing this, Rong Shu's pupils slightly enlarged for a moment, and her palms clenched.

Sure enough, it was really Rong Yuan.

It seems that Rong Yuan is really good at it, and she actually became a group with Duan Xingbang.

"President Rong's sisters?" Some executives and shareholders began to wonder, "President Rong still has sisters?"

Those who asked this were basically new shareholders and executives who had only come to Tiancheng in the past six years.

The shareholders and executives who were in Tiancheng six years ago were not so surprised, just a little surprised.

They all knew that Rong Shu had a sister, who was also the daughter of the former chairman Rong Hao, who ranked second. They didn't know what it was called.

The only thing they know is that the second daughter of the former chairman, together with her mother six years ago, ran away with the final funds of Tiansheng, causing the former chairman to jump off the building in desperation.

In the end, if Duan Xingbang stood up, took out all his savings, and went to the bank to borrow a loan, barely pulling Tiancheng back from the brink of death, Tiancheng would have disappeared from history six years ago.

Therefore, these shareholders and high-level executives who knew about Rong Yuan became displeased.

"Mr. Duan, you are talking about the second daughter of Chairman Rong Hao. How can she be qualified to be a candidate for the chairman?"

"That is, President Duan, did you forget what happened six years ago? She and her mother almost got hurt. Tiancheng collapsed, so such a person is not qualified to be the chairman at all. She is saying that she has no shares in her hands."

"Yes, President Duan."

At this moment, whether it is on Rong Shu's side or on the side of Rong Shu The people on Duan Xingbang's side did not support Duan Xingbang's positioning of Rong Yuan as the chairman candidate.

Especially the people from Duan Xingbang's side didn't understand what Duan Xingbang was thinking and why he did this.

Duan Xingbang naturally felt the anger of these people.

But Rong Shu's people, he doesn't care, his own people, he gave them a look, motioning them to calm down, saying that he would explain to them later.

After these people understood his eyes, they calmed down one after another, and were no longer dissatisfied with him for letting Rong Yuan participate in the election of chairman.

Seeing this, Duan Xingbang nodded in satisfaction, then waved to the assistant behind him.

The assistant nodded knowingly, walked towards the door of the conference room, and opened the door.

Immediately afterwards, everyone heard the sound of high heels coming from outside, getting closer and closer.

Rong Shu pursed her red lips and stared coldly at the door of the conference room. Soon, Rong Yuan's figure appeared in her sight.

She was wearing a lady's suit and her hair was tied in a ponytail. She looked a bit like a strong woman, but the ambition and excitement in her eyes directly lowered everyone's impression of her.

After Rong Yuan walked into the office, she first glanced at everyone present, especially Rong Shu. After she gave Rong Shu a provocative and disdainful smile, she withdrew her gaze and looked at Duan Xingbang. The smile on her face also became real. After a few minutes, "Uncle Duan."

She called out to each other kindly.

Rong Shu's face became even colder.

Uncle Duan?

She still really shouted out!

Didn't she know that Duan Xingbang was his father's nemesis when his father was alive?

But also, a man who could poison his own father to death, how could he care about this.

"Rong Yuan's niece is here, sit down." Duan Xingbang responded with a smile, then pulled out the chair beside him and motioned for Rong Yuan to sit down.

Those who don't know, really think that the two are a pair of uncles and nephews who have a good relationship.

Rong Yuan sat down beside Duan Xingbang, because Duan Xingbang's position was originally opposite Rong Shu.

So after Rong Yuan sat down, she could clearly look at Rong Shu.

Rong Yuan raised the corner of her mouth towards Rong Shu, "Sister, I'm back, aren't you surprised?"

Rong Shu frowned, but she didn't respond, too lazy to respond, and dismissed her as air.

But Rong Shu's behavior made Rong Yuan very angry.

She would rather Rong Shu respond to her than Rong Shu ignores her like this.

It's like, she's a rubbish.

"Heh, what are you pulling, I'll see if you can still pull it up in a while." Rong Yuan sneered, and the next second quickly changed the expression on her face, and said to Duan Xingbang beside her, "Uncle Duan, I'm sorry to bother you.

"Don't worry, niece Rong Yuan, I will definitely win the position of chairman for you, and even if I can't win it, I won't let her sit." Duan Xingbang glanced at Rong Shu opposite with a sullen look and responded.

"Then thank you Uncle Duan." Rong Yuan's body was shaking with excitement.

Duan Xingbang gave her a contemptuous glance from the corner of his eyes, and then quickly retracted his gaze, as if nothing had happened, and said, "Rong Shu niece, I just said, I don't object to your being the chairman, but can you become the chairman? Chairman, it depends on your ability. Now that Rong Yuan's niece is here, who of the two of you sisters is suitable to be the chairman depends on how your sisters arrange it."

"Mr. Duan, I have a question." Rong Shu tapped her finger. He knocked on the table, "Why do you think Rong Yuan is qualified to compete with me for the position of chairman? Does she have the ability? Does she have any shares? If she doesn't have any, you will pull her out to fight with me, and let her come with me. Is it too hasty to compete for the position of chairman? In this way, I will think that your eyesight is not qualified to be the president at all, so don't blame me for disregarding the feelings you saved Tiancheng in the past, and directly became the chairman of the board. Arbitrate the shares in your hands!" The

reason why she never did this, and tolerated Duan Xingbang at all times, was because Duan Xingbang turned the tide and pulled Tiancheng back after his father's death.

Otherwise, she would have driven Duan Xingbang out of Tianzhu.

Chapter 600 Duan Xingbang's True Face

When Duan Xingbang heard Rong Shu say that he was going to arbitrate him, his face changed, and the muscles on his face were shaking because of the change in expression.

It could be seen that he was really panicking at the moment.

After all, he knew very well that once he was arbitrated by Rong Shu for his shares, it would be equivalent to being kicked out of Tiancheng!

“Rong Shu’s niece, you...”

Just as Duan Xingbang was about to say something and let Rong Shu calm down first, Rong Yuan next to him suddenly slapped the table angrily, “Rong Shu, don’t go too far!”

Everyone looked at Rong Yuan.

Rong Shu squinted, “Oh? How can I go too far?”

“Aren’t you going too far? Uncle Duan is our elder, and your attitude just now is a shame for our Rong family.” Rong Yuan pointed at Rong Shu, a look of Rong Shu’s guilt.

Rong Shu seemed to hear a big joke, and suddenly laughed angrily, “Elder? Rong Yuan, you can even kill your own father, so you don’t necessarily think of President Duan as an elder. President Duan, can you? Be careful, she can kill her own father, and maybe one day, she will kill your elder as well.”

“Rong Shu, what nonsense are you talking about, who killed your father!” Hearing Rong Shu’s words, Rong Yuan’s heart contracted for a moment, and her face was filled with panic and guilt.

Does Rong Shu know something?

No, probably not. Rong Shu should be referring to the fact that six years ago, she and her mother swept away the money and caused her father to jump off the building, not that.

Yes, it must be this, so don’t panic, don’t panic.

Rong Yuan’s eyes kept rolling, and she told herself this in her heart.

Rong Shu has been observing her, and seeing her reaction, the hand under the table tightened again.

Sure enough, what Nana said was true, Rong Yuan was really the murderer who poisoned her father, otherwise Rong Yuan wouldn’t be so flustered.

Before in Kimchi Country, it wasn’t that she didn’t say that Rong Yuan took the money and caused her father to jump off the building. At that time, Rong Yuan’s reaction was not much, but instead she mocked her father’s mental ability to bear it, and she jumped off the building.

So it can be seen that Rong Yuan’s panic was about drugging her father.

Just wait, one day, she will make Rong Yuan pay the price!

Even his own biological father would be poisoned. Such a person is simply a son of man in vain.

“Am I talking nonsense?” Rong Shu sneered, “Rong Yuan, did you kill your father? You know in your heart that there are some things I don’t want to say clearly, but I tell you, I won’t make you feel better.”

Rong Yuan disdain He rolled his eyes, “You won’t make me feel better? Okay, then I’ll wait, I’ll see how you make me feel unhappy, but today we’ll talk about who sits in the chairman’s seat first.”

“It’s unnecessary . Rong Shu raised her neck slightly and looked at her with cold eyes, “In this position, no matter what, it’s not your turn, Rong Yuan, I just said, you have no ability or no shares, so what qualifications do you have to be here with me? Competing for the position of chairman?”

“Who said I’m not qualified?” Rong Yuan put her arms around her arms and smiled proudly, “I admit, I really don’t have the ability to manage the group, but Uncle Duan will help me. Shares, then you are wrong, don’t forget, I am also your father’s daughter, so you should have half of my shares! If you have 51% of the shares, you should Give me 25.5%, so why do you say that I am not qualified to compete with you for the position of chairman?”

As soon as these words came out, some people agreed and others opposed.

“That’s right. The former chairman passed away suddenly. He didn’t make a will at all. He gave all the shares in his hands to Mr. Rong, so this man is indeed qualified to share half of the shares.”

“That’s right.”

Saying this Yes, of course it was from Duan Xingbang’s faction.

After Duan Xingbang and Rong Yuan heard it, they looked at each other, and both saw pride and determination in each other’s eyes.

At the same time, the opponents began to speak.

“Although the former chairman didn’t leave a will to give all the shares in his hand to President Rong, he didn’t say that he must give the second Miss Rong the points.”

“That’s right.”

Rong Shu didn’t hear this. When she spoke, Rong Yuan glared dissatisfiedly at those who opposed her, “Dad did not say that the shares must be distributed to me, but the shares are my father’s inheritance, and as my father’s daughter, I have the right to

share half of it, not to mention , I left the sea market too early, so I let my sister take all the shares. Now that I'm back, what's wrong with me wanting to get back the half that belongs to me? Even if I go to a lawsuit, the court I will also give half of the shares to me."

"Rong Yuan's niece is right, so Rong Shu's niece, you should give half of this share to your sister, after all, it is your father's daughter, if it spreads out, the outside world will know that you have exclusive use. My father's inheritance is not shared with my sister, I'm afraid your reputation will not be very good." Duan Xingbang held up the teacup, sipping the tea, and persuaded him like a good old man.

Rong Shu looked at him, then at Rong Yuan, whose face was distorted, and smiled suddenly.

Duan Xingbang frowned when he saw her smile, and had a bad feeling in his heart.

He stopped drinking tea, put it down, stared at Rong Shu and asked, "Rong Shu's niece, what are you laughing at?"

"At first I was still thinking, Mr. Duan, why are you so active in holding the shareholders' meeting today and electing new As for the chairman, after all, this kind of thing is of no benefit to you, and now I finally know why."

Rong Shu leaned forward, then propped her head up, and said sarcastically, "I don't know you and How did Rong Yuan get in touch, but I know that the two of you have reached a consensus, as for the terms of cooperation, let me guess."

She pointed to Duan Xingbang, "You helped her take away the ordinary shares in my hands, and then Help her manage Tiancheng, and she..."

Rong Shu pointed at Rong Yuan again, "Then focus on helping you deal with me, make me stumbling, and let me not have the mind to manage Tiancheng, right? Then, you can show your skills as soon as possible. Take all the management rights of Tiancheng into your own hands, and even find an opportunity to defraud Rong Yuan of the shares later, am I right?"

Duan Xingbang's pupils shrank suddenly, and his body stiffened. Looking at Rong Yuan in disbelief, "You..."

She actually guessed his thoughts exactly!

Is her insight so sharp?

"It seems that what I said is right." The corner of Rong Shu's mouth pulled out a cool arc, "Yes, Rong Yuan is an idiot, and a very useful idiot. She can exchange an idiot for what she wants. Not to mention, Mr. Duan, you are indeed very capable, but

unfortunately you are too good at hiding your clumsiness, your ambitions are so obvious, so obvious that I can see what you are thinking at a glance.”

Duan Xingbang squeezed the teacup tightly, his eyes He looked at Rong Shu gloomily, but did not speak.

But next to her, Rong Yuan suddenly exploded, gnashing her teeth and gouging out Rong Shu, wishing she could take a piece of meat off her body, “Rong Shu, who are you calling an idiot!

” All the shortcomings of Yuan.

Whether it was Duan Xingbang or Rong Shu’s side, they all looked at her with contempt.

Is this woman an idiot?

President Rong just said that Duan is always taking advantage of her, and may even defraud her of the shares in the end.

But she is better, her focus is not on this at all, instead she only cares about the idiot that Mr. Rong scolded her.

Such a person still wants to be the chairman?

Chapter 601 Bamboo Basket Draws Water

If she really becomes the chairman of Tiansheng, that would be the misfortune of Tiansheng and the others.

Rong Yuan naturally felt the eyes of these people looking at her, and it was even more unacceptable. Her eyes were scarlet and she shouted, “What are you looking at, what do you mean?”

However, no one cared about her.

Rong Shu did the same, regarded her as air, just looked at Duan Xingbang and smiled coldly, “Unfortunately, Mr. Duan, your wishful thinking was wrong after all, indeed, if the shares in my hand are from my father What I inherited from there, I should share half of it with Rong Yuan, but I didn’t inherit the shares from my father.”

“What did you say?” Duan Xingbang stood up suddenly with a horrified expression on his face. “Didn’t you inherit it from Rong Hao?”

“Of course!” Rong Shu wrapped her arms around him and looked at him sneeringly, “Six years ago, Tiancheng was in danger, and when Dad was in a hurry, he used his shares to go to the bank. And other shares of the group to exchange, want to raise funds to let Tiancheng get through the hardship, as long as Tiancheng can survive, he does not want to be the chairman, he can be a small shareholder, so Dad did not hesitate to exchange out a hundred. 40% of the shares, and only 11% left in the end, and finally a sum of money was raised, but that money was eventually swept away by Rong Yuan’s mother and daughter.”

Speaking of this, Rong Shu slightly shifted his gaze and looked at Rong Yuan, his eyes showed no emotion, looking at her was like looking at a dead thing.

Rong Yuan was startled by her eyes, and her whole body froze in place.

So scary, Rong Shu’s eyes are so scary, as if she’s going to kill her.

She never thought that Rong Shu, who could only be bullied by her in the past, has become so imposing now!

“So, you mean that the shares you really inherited from Rong Hao are only 11%?” Duan Xingbang looked at Rong Shu with a grim expression.

Rong Shu hooked her lips, “That’s right!”

“It’s impossible!” Duan Xingbang suddenly angered and swept the teacup out of the table.

The moment the tea cup flew out, the tea inside splashed out, just a few drops splashed on Rong Yuan’s face, and Rong Yuan screamed, and the whole person jumped up.

“What are you doing?” Rong Yuan glared angrily at Duan Xingbang, now calling him Uncle Duan less affectionately.

Duan Xingbang was not a vegetarian either, his eyes swept over fiercely, “Shut up!”

Rong Yuan’s face turned pale, and she immediately closed her mouth and said nothing.

Duan Xingbang was originally a ruthless character, and with his age there, he was full of momentum.

So even if Rong Yuan herself is a ruthless character who is not afraid of the sky, she still bowed her head and was intimidated by him.

Seeing that Rong Yuan was quiet, Duan Xingbang looked at Rong Shu again, with a gloomy expression on his face, "What evidence do you have to prove that Rong Hao sold 40% of his shares six years ago."

"Of course!" Rong Shu looked to a shareholder in a position not far away, "Uncle Wang is also an old shareholder of our Tiansheng Group. Since the establishment of Tiansheng, he has already participated in the shareholding, so he knows many things."

"President Rong said nothing . Wrong." The shareholder she called Uncle Wang did not call her niece because of her name.

After all, he has always been able to distinguish between official addresses and private addresses, and he has always grasped it very well when it should be used.

He looked at Duan Xingbang and replied, "Six years ago, Chairman Rong Hao was the first to approach me and traded shares with me. He exchanged 5% of his hand for 20 million in funds. I agreed, and my hand There is also the contract for the share transaction in that year, and not only me, but also Mr. Li."

"Yes." The person he called Mr. Li also nodded in response, "In addition to us, there are several other shareholders, However, those shareholders have withdrawn their shares and are no longer in Tiansheng, but if President Duan wants a contract, they should still be able to get it."

Hearing what they said, Duan Xingbang was trembling all over, and he didn't want to believe the fact that this would happen. I have to believe it.

He looked at Rong Shu, his voice was very cold, "Since you didn't inherit all the shares from Rong Hao, how did you get the remaining 40%?"

Rong Shu's red lips twitched, "Of course. It was bought by my grandfather and the others for me. The shares originally owned by my father in the hands of Uncle Wang and President Li were bought by my grandfather and Lu Qi, the president of Lu Group, as well as other shareholders of Tiancheng who have withdrawn their shares. The shares in the company are also, so Mr. Duan, now you know why I said that your wishful thinking was wrong? You think that all the shares in my hands are inherited from my father, so you think you can take them away from me. Half of it, but in fact, only 5.5% can be divided."

Even if the 5.5% is divided, she is still Tiancheng's largest shareholder.

It's just that the shares in his hand cannot achieve absolute control, and even if he becomes a third party, he cannot arbitrate Duan Xingbang.

This is her biggest regret.

But it doesn't matter, as long as Duan Xingbang and Rong Yuan's plans are interrupted, she can accept such a result.

Duan Xingbang clenched his fists tightly and looked at Rong Shu with a gloomy look without speaking.

Five point five percent?

What did he help Rong Yuan grab for such a small amount of shares?

Beside her, Rong Yuan saw Duan Xingbang with a bad face, and then looked at Rong Shu who was laughing. Combined with Rong Shu's words, no matter how stupid she was, she knew what it meant.

She opened her mouth and asked Duan Xingbang after a while, "Uncle Duan, are we unable to get the shares in Rongshu's hands?"

"Yuan.

It was all to blame for this woman, she didn't know anything, so she told him directly that if she wanted him to help her enter Tianzhu, it was best to grab Rong Shu's position.

At first, he was very happy with her appearance, and felt that her appearance would allow him to disintegrate some of the forces in Rong Shu's hands.

But in the end, the development of things was not what he thought at all. The shares in Rong Shu's hands were acquired later and were not inherited from Rong Hao at all, so they had no reason to let Rong Shu share half of the shares. .

In other words, his plan with this Rong Yuan not only failed, but it became a joke!

"I really can't get it?" Rong Yuan didn't know that Duan Xingbang hated her to death, but when she heard that she really couldn't get the shares, she went crazy.

She came back full of joy, thinking that she could take Tian Cheng from Rong Shu calmly.

But the fact told her that she couldn't take it away at all.

How could she accept this!

Duan Xingbang took a deep breath, ignoring Rong Yuan.

He was afraid that if he couldn't bear it any longer, he would strangle her to death.

On the opposite side, seeing Duan Xingbang sitting down in frustration, Rong Shu snorted, "It seems that President Duan doesn't plan to support Rong Yuan now. If that's the case, then as chairman, I'm welcome."

"Why??" Rong Yuan was anxious.

Rong Shu smiled coldly, "Just because I have a good grandfather, you don't!"

"You..." Rong Yuan wanted to say something, but was suddenly interrupted by Duan Xingbang's sinister look.

Duan Xingbang saw that she closed her mouth, and then looked at Rong Shu again, "Rong Shu, you can be the chairman if you want, but you must give Rong Yuan 5.5% of your shares."

Chapter 602 Be A Vase

He knew that he could no longer stop Rong Shu from becoming the chairman.

Moreover, he and Rong Yuan forced the palace together today, which would definitely make her feel resentful. If she were to be the chairman of the board, she would definitely be the first to arbitrate him.

So in order not to be arbitrated, the only thing he can do now is to force Rong Shu to hand over the 5.5% of the shares. As long as the shares in Rong Shu's hands cannot exceed 50%, Rong Shu does not constitute a The absolute holding of the group, then she can no longer arbitrate him.

Rong Shu saw Duan Xingbang's flickering eyes and knew what was in his heart.

She smiled, "Okay, I'll give it to her, but it's up to her if she can stand it."

After that, she took out her mobile phone and called Secretary Tong in.

"Go, draw up an equity transfer letter." Rong Shu ordered.

From the very beginning, she knew that the 5.5% of the shares could not be retained. If Duan Xingbang would not let him hand it over, Rong Yuan would also hand it over.

So when she heard this now, she was not surprised at all, not even a little flustered, and did not have any reluctance.

As she just said, Rong Yuan is an idiot. As long as there is a chance, she can still set up a situation for Rong Yuan and get the 5.5% of the shares back.

When Secretary Tong heard Rong Shu's order, he glanced at Rong Yuan in surprise, and finally nodded, "I know President Rong, I'll go right away."

After that, Secretary Tong went down to draw up written documents.

Soon, the documents were drawn up.

Rong Shu and Rong Yuan signed this equity transfer letter in the presence of all senior management and shareholders, as well as all lawyers in the legal department of the group.

Since then, Rong Yuan has gained 5.5% of the shares.

Although this is far from the 25.5% of the shares she wanted at the beginning, she also knows that if she can't get it, getting 5.5% is already an unexpected gain. .

"Since I have shares now, I should also have a position in the group, Rong Shu, I want your position." Rong Yuan put away the share transfer letter and looked at Rong Shu provocatively.

Rong Shu narrowed her eyes, "Of course you can, I just hope you don't make jokes."

"Oh, you really look down on people. You Rong Shu can manage the group, but I don't believe I won't!" Rong Yuan Lifting his chin, he looked confident and conceited.

Rong Shu smiled, "Yeah, then I'll wait and see. If you dare to cause trouble in the group, or cause something to drag down the group's reputation, I'll fire you."

After she finished speaking, she ignored Rong Yuan and looked towards the opposite side. Duan Xingbang said, "Mr. Duan, since I am the chairman of the board now, shouldn't the half management rights in your hand be handed over as well?"

Duan Xingbang gritted his back teeth and took a deep breath to calm down. He replied, "Of course, since you are the chairman of the board, the management rights should naturally be returned to you."

Rong Shu smiled slightly, "That's good, this way, Mr. Duan, you can also have a good rest without having to work so hard. Managed the group for me, after all, where is my age."

After speaking, she stood up calmly under Duan Xingbang's wanting to eat eyes, and clapped her hands, "Okay everyone, let's end today's shareholders meeting, let's call it a day. "

Yes, Chairman!" All the senior management and shareholders stood up and responded one after another, and at the same time changed their tune, changing the former President Rong to the current Chairman.

Rong Shu closed her eyes slightly, and there was an expression of enjoyment on her face.

I have to say that the title of chairman is more intoxicating than vice president.

She likes it!

Rong Shu didn't look at Duan Xingbang and Rong Yuan any more, picked up the notebook on the table, and walked towards the door of the conference room.

Now that she is the chairman, she is naturally the first to leave. After she leaves, the others can leave one after another.

In the past, every time Duan Xingbang went first, it was finally her turn to go first.

But the first one to go is really cool.

Rong Shu walked out of the conference room with a smile, and Secretary Tong congratulated behind him, "Congratulations to President Rong... No, congratulations to the chairman."

"Thank you." Rong Shu nodded with a smile, and then said, "I will inform all employees that their bonuses will be doubled this month. It's just a celebration of my promotion."

"Okay, Mr. Rong." Secretary Tong answered happily.

Afterwards, Rong Shu thought of something, and pursed her red lips, "Also, the person who told us, Rongyuan, I want her to be a vase vice president who has no rights and no access to any secrets of the group. "

Let's not say that Rong Yuan and Duan Xingbang are in the same group, even if Rong Yuan killed her father, she would not let Rong Yuan have the opportunity to manage Tiancheng.

She would only keep Rong Yuan under her nose and watch, and then look for opportunities to find evidence that Rong Yuan poisoned her father.

In this way, she can send Rong Yuan to prison to avenge her father.

"Don't worry, President Rong, I will arrange it." Secretary Tong pushed his glasses and said.

Rong Shu hummed, said nothing, and pushed open the door of her office to go in.

As soon as I sat down, the phone rang.

Rong Shu picked it up and took a look. Fu Jingting called.

Her red lips ticked, and the tiredness between her brows gradually faded, and then she pressed the green answer button and answered the phone, "Hello?"

"I heard that Tiancheng held a shareholders' meeting to elect a new chairman, right?"
"On the other end of the phone, Fu Jingting sat behind his desk and asked with his thin lips.

Rong Shu frowned, "How do you know? Who did you listen to? Could it be that you arranged an internal response in my group?"

Fu Jingting raised his eyebrows, obviously not expecting her to realize it so quickly, she knew it. The justified lip coughed lightly, "It's not an internal response, it's the person I sent over to you to help you manage the finance department."

"Finance Department?" Rong Shu rolled her eyes and remembered, "You mean Minister Chen?"

"Yes." Fu Jingting nodded.

"Is Minister Chen yours?" Rong Shu's eyes widened in surprise.

Fu Jingting shook his head, "It used to be, not now, he is your employee."

Rong Shu snorted coldly, "If he is my employee, why would he still contact your old master? As I see it, He is still your employee, and he still received a salary from you, right?"

"..." Fu Jingting was silent.

Rong Shu pursed her lips, "Looks like I'm right."

"Okay, I'll tell you the truth." Fu Jingting chuckled and explained, "After Chen Xingnuo left, you've been looking for the finance minister, and you even planned to poach someone. I was worried that the finance minister you finally looked for might be bribed by Gu Jia or Duan Xingbang, so I made an assertion and sent a finance minister from my group to you to help you, so that you don't have to worry about him being bought by Gu Jia or Duan Xingbang Bought it."

“Yes, he won’t be bribed by the Gu family and Duan Xingbang, but he is still loyal to you secretly, and told you some things about my group.” Rong Shu rolled her eyes and said angrily.

If she knew that her employees were arranged by Fu Jingting and secretly told Fu Jingting about her own affairs, she would definitely be very angry.

But it’s not necessary now, he’s already her prospective boyfriend anyway.

Besides, the finance minister he arranged was really easy to use, and he took care of the finance department in an orderly manner when he first arrived.

So she was reluctant to drive people away because she was angry.

There was no hint of anger in Rong Shu’s tone, and Fu Jingting breathed out indifferently.

It seemed that she didn’t blame him for sending someone in the past privately.

Chapter 603

“What has Minister Chen reported to you?” Rong Shu asked while rubbing her eyebrows.

Fu Jingting took a sip of his coffee and said, “This is the one time he reported to me about Tiancheng. It hasn’t happened before. I just told him to report to me if there is any major event, and nothing else.”

“That’s it.” Rong Shu nodded, “Minister Chen also attended today’s shareholders meeting. You should already know all the content of the meeting, right?”

“Well.” Fu Jingting nodded.

Rong Shu snorted, “Then you still called me to ask?”

“I want to hear your voice.” Fu Jingting whispered.

Rong Shu’s face became hot, and she sat up subconsciously, “I... what’s so nice about my voice?”

“Nice.” Fu Jingting raised his chin, “Besides, I miss you.”

Rong Shu's face Even more red, she raised her hand and touched it, it was still very hot.

She hurriedly fanned, trying to lower the temperature on her face.

But this bit of wind was of no use at all. Not only did it not bring down the temperature, but it became hotter because of tension and rapid heartbeat.

"You... don't talk nonsense." Rong Shu lowered her head and said in a voice as thin as a mosquito.

"I'm not talking nonsense, I'm serious, so Rong Shu, would you like to have dinner together at night?" Fu Jingting asked.

Rong Shu's red lips parted, she wanted to refuse, but in the end she spit out a good word.

Hearing her agreement, Fu Jingting's lips curved deeper, "Then I'll come to you in the afternoon."

"Yeah." Rong Shu nodded.

She has already agreed, so what else can she say?

Can't stop him from coming.

Moreover, after half a month, they were with him, and they also had to eat together often, but now it's just a little bit earlier.

"By the way, did you call me just to ask about today's shareholders meeting?" Rong Shu rubbed her cheeks and asked calmly.

Fu Jingting put down the coffee cup in his hand, "Well, you did a good job today."

Rong Shu smiled, then shook her head, "Actually, it's not that I did a good job, it's that my grandfather, Aqi and Xiaochuan did a good job. For their credit, if they hadn't secretly helped me acquire the shares in the past six years, I'm afraid I wouldn't be able to get Tiansheng back at all."

Hearing this, Fu Jingting knew that what she said was true, but he still felt a little bit in his heart.

After all, he didn't help her in this matter.

It seemed that he felt the man on the other end of the phone was in a low mood, Rong Shu flipped her hair and said, "Of course, if you didn't take the initiative to use its branch

to cooperate with Tiansheng, Tiansheng would not be so stable, so, it's really good. Thank you."

"You don't need to thank you, it's the right thing to do for the people you love." Fu Jingting's lips curled up again, apparently Rong Shu's words made him feel better again.

After that, the two talked about other things for a while before hanging up the phone.

Rong Shu looked at the phone and smiled, then put the phone on the table, picked up a pen from the pen holder, and was busy with work.

In the afternoon, Rong Shu pushed the processed files aside, and then looked at the time in the lower right corner of the computer. It was already 5:30, and there was still half an hour before get off work time.

It is estimated that Fu Jingting is coming soon, right?

Thinking about it, Rong Shu turned off the computer, picked up the handset of the landline, and dialed Secretary Tong's number.

Soon, Secretary Tong came in, "Mr. Rong."

"Send these documents on." Rong Shu pointed to the pile of documents she had just processed.

Secretary Tong nodded, "Okay."

She stepped forward, picked up the document, and walked towards the door.

Rong Shu also got up, started to pack her things, and got ready to get off work.

Suddenly, Secretary Tong's exclamation came from the door, followed by another sound of heavy objects falling to the ground, and a series of rustling sounds scattered on the ground.

"What's the matter?" Rong Shu quickly stopped the movement of organizing the bags in her hand, and looked up at the door.

I saw that at the door of her office, Secretary Tong was sitting on the ground with a frightened face, and around her, dozens of documents were scattered on the ground.

It can be seen that the sound of heavy objects falling to the ground just now was made when Secretary Tong fell to the ground, and the rustling sound was made when the documents were scattered.

“Secretary Tong, you...”

Rong Shu was about to ask her what was wrong, when a sharp voice suddenly sounded outside the door, “What are you doing? You don’t have eyes when you walk, how dare you hit me!”

Hearing this, Rong Shu’s face turned pale. Immediately sank.

She already knew what happened to Secretary Tong.

It must have been when Secretary Tong went out with the document in his arms, and Rong Yuan just came over, and then the two collided.

Rong Yuan didn’t know how the hit was, but Secretary Tong was hit directly to the ground, looking at his expression, it seemed that the hit was not light.

And Rong Yuan’s voice was so full of anger, she probably didn’t bump into it.

In that case, what face does Rong Yuan have to say that Secretary Tong bumped into someone?

Moreover, this is her office, what is Rong Yuan doing here without permission?

Thinking of this, Rong Shu walked over with a dark face, helped Secretary Tong on the ground, and asked with concern, “Are you alright?”

Secretary Tong shook his head moved, “I’m fine, thank you for your concern.”

“It’s really fine . Is it?” Rong Shu was still a little worried, “If you get hit somewhere, you must say it, and you can’t hide

it.” “Don’t worry, President Rong, I know that I’m really fine, it’s just a little pain, and it’ll be fine in a while. “Secretary Tong straightened the glasses on his face and replied with a smile.

Rong Shu nodded, “That’s good.”

At this time, Rong Yuan, who was outside the door, saw the two talking, without even looking at herself, she couldn’t bear the loss, and said savagely, “Rong Shu, your secretary bumped into me, don’t you even ask me? “

Mr. Rong, I didn’t bump her.” Secretary Tong explained quickly, “Just when I was about to open the door, she pushed the door open. I was knocked down by her, and I didn’t touch her at all. “Mr. Rong, you believe me.”

"I believe you." Rong Shu smiled and patted her shoulder, then turned her face away and looked at Rong Yuan, "Did you hear what my secretary said? My secretary never bumped into you. "

Oh, she said she didn't have it? Who can testify?" Rong Yuan sneered disdainfully.

Rong Shu raised a finger and pointed it up, "Can surveillance testify?"

"What?" Rong Yuan's face changed drastically, the disdain on her face disappeared, and instead she panicked, "You mean surveillance?"

She hurriedly looked up at the sky where Rong Shu pointed, and found that there was a small camera hanging in the center of the upper door frame.

This time, Rong Yuan's face became even more ugly.

Rong Shu looked at her mockingly, "Do you still insist that my secretary bumped into you? If you insist, then I will use the surveillance camera to call the police and sue you for deliberately touching porcelain to slander you. In this way, you will be lost to Tian Cheng. I just happened to be able to take back your position as vice president. In this way, you will become the fastest promoted and the fastest resigned vice president in history. At that time, you will definitely be in the circle. It has been passed down through the ages."

"You..." Rong Yuan's angry face was deformed, and the hands on both sides were tightly clenched.

Rong Shu looked down at her actions, "What? Want to hit someone? It's just that, as long as you take action, you will be charged with intentionally hurting someone, and you will be imprisoned."

"Hmph, you are cruel!" When Rong Yuan heard Rong Shu's words, how dare she really do it, and after she made a cruel remark, she let go of her fist.

Seeing this, Rong Shu looked at Secretary Tong who had picked up the documents again, "you go first."

"Mr. Rong, I'll accompany you, in case she..." Secretary Tong glanced at Rong Yuan with undisguised vigilance in his eyes.

Rong Shu knew that she was worried that she would be bullied by Rong Yuan, so she smiled warmly, "Let go, I'm fine, go get busy."

Chapter 604 Unwanted Things

Seeing that Rong Shu firmly believed that she would not look like anything, Secretary Tong could only nod and agree, “well, then I will go first, if there is anything wrong with Mr. Rong, call me at any time, and I will bring someone over. “

Okay.” Rong Shu hummed.

Secretary Tong holds the document and leaves quickly from Rong Yuan’s side.

Only Rong Shu and Rong Yuan were left at the door of the office.

Rong Shu narrowed her eyes and looked at her, “What’s the matter with you here? If nothing happens, you can leave. In the future, you must not trespass here without permission. Otherwise, don’t blame me for letting the security guard throw you out.”

Rong Yuan listened When she said this, she sneered, “Let the security guard throw me out? Rong Shu, don’t be joking, don’t forget, now I am the vice president of Tiansheng Group, so this vice president’s office should belong to me now, Is it wrong to come to your own office?”

Hearing this, Rong Shu laughed angrily, “So you’re thinking of this!”

As soon as she took up the post of vice president, she was driven away, she couldn’t wait.

“What’s wrong with my idea? I don’t think there’s anything wrong with my idea, but you are occupying my office now, so Rong Shu, be sensible, you should move out for me.” Rong Yuan sneered as she watched Rong Shu.

Rong Shu pursed her red lips, then looked around the office environment, and said lightly, “Okay, I’ll move, anyway, I’m tired of this vice president’s office, it’s too small, it’s really time for me to go back to the top floor, Back to my chairman’s office, that spacious and luxurious place that represents Tiancheng’s highest power is where I should stay, and as for this small and ordinary office, I’ll give it to you.”

said Here, she leaned close to Rong Yuan’s ear, looked slightly sideways at Rong Yuan’s face, and sneered, “Anyway, you are only fit for the office I used, so I don’t feel a pity to give it to you!”

“You!” Rong Yuan immediately widened her eyes, staring at Rong Shu with a distorted face, trembling with anger.

She came here, indeed, to compete for this office.

And she thought that she could drive Rong Shu out of this office, and then admire Rong Shu’s embarrassed appearance.

But she forgot that Rong Shu is now the chairman, and the chairman also has his own office, which is more spacious and luxurious than the deputy general manager's office.

So when she came in here, not only did she not let Rong Shu leave in embarrassment, but instead she pushed Rong Shu to a better room.

Really pissed her off.

Looking at Rong Yuan's pale face, Rong Shu knew what she was thinking.

Yes, I thought I had grabbed a rare treasure.

But in the end, it was discovered that it was not a rare treasure at all, but something that others were tired of using. How could someone with high spirits like Rong Yuan accept such a result.

However, Rong Yuan couldn't abandon it yet, and if she abandoned it, there would be nothing left.

That is to say, now Rong Yuan is not rude to this office, but she can't give up.

Thinking about it, Rong Shu gave Rong Yuan a mocking look, then turned back to the desk to pack her things.

She didn't have much, just some documents and some personal belongings, which were quickly packed up.

She was about to leave with the cardboard box in her arms. As soon as she walked to the door and passed Rong Yuan, she was stopped by Rong Yuan, "Wait a minute!"

"Do you have anything else to do?" Rong Shu stopped. Without looking back, she said, "The office, didn't I give it to you?"

Rong Yuan clenched her fists, "You gave the office away, but what about my car? You threw my car on the road for me. Side, we have to settle this matter, right?"

Rong Shu turned around, "If you drive your car into my parking space to provoke me, then don't blame me for letting your car be towed away. , so I have nothing to do with you about this matter, you brought it on yourself." When the

words were finished, Rong Shu raised her feet and continued to leave.

"Who told you to go, you stop!" Rong Yuan just took a step, Rong Yuan suddenly stepped forward, grabbed her arm, and yanked her back.

Rong Shu didn't take precautions, and was dragged by Rong Yuan all of a sudden, and the cardboard box in her hand slipped from her hand.

But at this moment, a big hand suddenly stretched out from around Rongshu's waist, and firmly dragged the bottom of the carton.

At the same time, the elbow of that big hand grabbed Rong Shu's waist and pulled her back.

Rong Shu stepped back, and finally his back slammed into a hard chest.

"Well..." Rong Shu frowned and let out a muffled sound.

Then, she suddenly smelled a familiar mint fragrance behind her, and she immediately knew who was behind her, and the panic on her face dissipated, and it turned into peace of mind.

It's him, Fu Jingting!

On the opposite side, Rong Yuan originally wanted to drag Rong Shu back and have a good talk with Rong Shu about the car.

As a result, Cheng Yaojin was killed in the middle, and Rong Shu was pulled back all of a sudden.

She was still a little angry, but when she saw that Cheng Yaojin, she was suddenly stunned, and she couldn't get angry anymore, and looked at the handsome man opposite her with dazed eyes, her face couldn't hide her excitement, "It's you!"

Fu Jingting raised his eyes and glanced coldly at Rong Yuan, then quickly withdrew his gaze and landed on Rong Shu.

He gently released Rong Shu, then grabbed her shoulder, turned her around, lowered his head and asked softly, "Are you okay?"

Rong Shu shook her head while holding the cardboard box, "I'm fine, thank you just now.

"No." Fu Jingting straightened the hair on her face.

Rong Yuan, who was opposite, saw that the two were so intimate, her eyes were red, and she was full of jealousy towards Rong Shu.

But she concealed it well. After taking a deep breath, she squeezed out what she thought was the most perfect smile and walked over, looking at Fu Jingting and said politely, "Mr. Fu, we meet again, so you are also from the sea market."

“You almost hurt her just now!” Fu Jingting said with cold eyes.

The smile on Rong Yuan’s face froze, “What?”

“I said, you almost hurt Rong Shu just now.” Fu Jingting repeated it, his voice was somber that it made people groan, obviously he was angry.

When he came just now, he happened to see this woman dragging Rong Shu.

Rong Shu was wearing high-heeled shoes, holding a box in her hand, and she was caught off guard, so her body’s center of gravity was unstable.

If Rong Yuan suddenly let go in the end, Rong Shu’s final result would either hit the wall or fall.

So this Rong Yuan is really infuriating.

“I don’t!” When Rong Yuan heard Fu Jingting say this, a look of grievance appeared on her face, and she quickly shook her head and waved her hand to explain, “I really don’t, Mr. Fu, believe me, I just did that just to keep my sister. Let my sister give me an explanation.”

“Explain? What did Rong Shu do that you want Rong Shu to explain to you?” Fu Jingting frowned.

Rong Shu rolled her eyes and said nothing.

Rong Yuan thought that Fu Jingting said this because she wanted to fight for her own injustice, she felt a burst of joy in her heart, she couldn’t help but cast a smug look at Rong Shu, and then lowered her eyes and said sadly, “Sister threw my car to me. On the side of the road, I managed to get back, but I couldn’t find a suitable parking space, so I parked the car in my sister’s parking space, thinking that she is my sister anyway, so she wouldn’t be so stingy and wouldn’t let me park, but I didn’t expect that , elder sister is really like this... Mr. Fu, are you saying that elder sister is going too far?”

Chapter 605 Love to the Unimaginable

“Is it too much?” Fu Jingting looked down at Rong Shu with gentle eyes, “I don’t think what she did was not too much, she was even soft-hearted, if it were me, someone would dare to stop in my parking space to provoke me, I would She will directly smash her car and inform the industry that no one can accept her.”

Rong Shu smiled.

Rong Yuan was stunned, her eyes widened in disbelief, "Mr. Fu, you..."

"What's wrong with me?" Fu Jingting raised his eyes and looked at her without a trace of emotion.

Rong Yuan swallowed shyly in her heart, "You just wanted to fight for me, why now..."
Before

she could finish her words, she was interrupted by Rong Shu's laughter.

Rong Shu looked up at Fu Jingting, "You just wanted to fight for her?"

Fu Jingting's mouth twitched, "Do you think it's possible?"

"Of course not." Rong Shu shook her head, "I'm just curious, what did you do? , will make her think like this."

Fu Jingting pursed his thin lips, "I also want to know." After

saying that, he looked at Rong Yuan opposite, "You said I wanted to fight for you? Is there any evidence?"

"You asked me just now, what did my sister do to me." Rong Yuan looked at him hopefully and replied.

Rong Shu couldn't hold back and smiled again.

Fu Jingting's head was full of black lines, "So just because I asked you this, you think I'm going to fight for you?"

"Isn't it?" Rong Yuan bit her lip. Fu Jingting sank his face

and said in a cold voice, "You think too much, even if I want to fight the injustice, it's for Rong Shu, what are you?" She took

a staggered step back, "Mr. Fu, you..."

She looked at Fu Jingting like a heartless man, and Rong Shu and Fu Jingting were speechless.

Rong Shu took his arm, "Okay, let's go, this is someone with a sick mind, don't pay attention to her, the more you pay attention to her, the more excited she will be."

Fu Jingting looked at what Rong Shu put on his arm Hands, the joy of the mood was directly placed on the face, and he smiled and said, "Okay." The

two were about to turn around and leave.

Rong Yuan finally saw Fu Jingting, how could she accept them and leave like this.

She gritted her teeth and chased them, and finally ran in front of them to stop them, "Wait Mr. Fu." Fu

Jingting squinted his eyes unhappily, "What else are you doing?"

"Mr. Fu, do you like sister?" Rong Yuan Looking at Rong Shu, a trace of jealousy flashed in his eyes.

Rong Shu caught it, she was speechless and uncomfortable, and then twisted Fu Jingting's arm.

Fu Jingting raised his eyebrows in pain, then turned his face to the woman beside him, "What's wrong?" The

woman gave him a look, turned her head to one side, and ignored him.

Her eyes were obvious, and Fu Jingting instantly understood what she meant. After chuckling a little, just as he was about to say something, a cell phone rang.

It's Rong Shu's.

She took out her phone and looked at it, and saw the caller ID, with a smile on her face, "I'm going to pick up a call, my grandfather called, probably because of today's shareholders meeting, Uncle Wang and my grandfather have a little friendship, Maybe I have contacted my grandfather."

"Go." Fu Jingting nodded slightly.

Rong Shu took the phone and went to the side.

Fu Jingting kept watching her walk away, then turned his face back to look at Rong Yuan, and said blankly, "I think my performance is obvious enough, right? Since you understand it, why do you need to ask?"

Hearing Fu Jingting After admitting it, she liked Rong Shu, and the jealousy in Rong Yuan's heart became more and more intense, so that her face twisted, "No, Mr. Fu, you can't like sister!"

Fu Jingting frowned tightly, his face sank, and then looked at Rong Yuan like a dead man, "Oh? Why?"

But the anger in his tone was revealed unabashedly.

Rong Yuan knew that he was angry, especially when faced with his abyss-like eyes, she was also very scared.

She squeezed her palms tightly, resisting the fear, opened her mouth and said, "Because...because my sister is not worthy of you, Mr. Fu, my sister was married, and she married her ex-husband not because of love, but because of her sister. She saw that her ex-husband's family was rich and powerful, so she deliberately plotted against her ex-husband and married her ex-husband."

Speaking of which, Rong Yuan seemed to have something difficult to say, and after hesitating for a few seconds, she finally said He spoke again, "And at that time, my sister's ex-husband had a girlfriend, that is to say, my sister forcibly separated her ex-husband from her girlfriend for money, Mr. Fu, I just want to tell you this. , Sister, she is not as good as you think, and she is not sincere to you. As a person, she only has interests in her eyes."

"Heh!" Fu Jingting said, his face was very ugly, "So, you mean, Shu is also here for my money?"

Seeing Fu Jingting's appearance, Rong Yuan thought that he believed her words, her eyes lit up, and she nodded, "Yes, Mr. Fu, I know what I said is not good for my sister. , but I have no choice. In order to prevent more people from becoming victims, I can only tell my sister's past, because my sister has done too much. Mr. Fu, you should stay away from my sister, she really doesn't It's worth your love, and I don't want you to be the second victim like my sister's ex-husband."

"Yes, unfortunately, I'm your sister's ex-husband." Fu Jingting's thin lips pulled out a cool arc. .

Rong Yuan was still struggling, but when she heard what he said, she was instantly stunned, "What? Are you Rong Shu's ex-husband?"

"Otherwise who do you think I am?" Fu Jingting lowered his eyes and looked at her condescendingly, as if She is like an ant.

Rong Yuan shook her head with a pale face, "Impossible, it's not true. If you were her ex-husband, how could you like her? I heard clearly that you don't like Rong Shu, you have someone you like."

"I do . If there is someone you like, that person is Rong Shu, she has been her from beginning to end, and has never changed." Fu Jingting looked at Rong Shu not far away, and replied with gentle eyes.

Then, he took his eyes back and stared at Rong Yuan with disgust, "I know that you are saying this just to separate Rong Shu and me, but I can tell you for sure, if you can't do it, don't do it first. I wonder if Rong Shu is here for my money and my influence. Even if it is, I am honored, at least I have money and influence to let her approach me."

"Crazy, you are crazy!" Rong Yuan Yell.

Rong Shu, who was not far away, looked over.

what's the situation?

Why is this Rong Yuan like crazy.

What did Fu Jingting say to her?

Rong Yuan clasped her hands on both sides, her body trembling with emotion, "You actually like Rong Shu, to such an extent?" You

can even accept money worship!

Don't these rich people like money worshippers the most?

They can play with the gold worshippers, but they will never give their true feelings to the gold worshippers.

But why did this man do the opposite?

Fu Jingting watched Rong Shu put down the phone, and was no longer in the mood to talk to this woman any more.

He put his hands in his trouser pockets, and while walking towards Rong Shu, he dropped a cold sentence, "I still like her, to an extent that you can't imagine!"

"You..."

Rong Yuan was shocked He turned around and looked at the men and women who had already met, his eyes full of incomprehension and jealousy.

She didn't understand why there was such a big difference between herself and Rong Shu.

What she wants, she has to give her body and give everything to get it.

But Rong Shu didn't need it. Standing there, someone volunteered.

They are all sisters, why is God so unfair to them?

Chapter 606 Rong Yuan's Ambition

Rong Yuan stood there, holding her palms tightly and staring at the man and woman in front of her, her face was terrifying and her eyes were scarlet. Rong Shu felt the malice

and jealousy coming from her, she frowned, and asked the man who came over, "What did you tell her?"

The conversation came out.

After listening, Rong Shu sneered, "She is still so good at confounding black and white, and she hasn't changed since she was a child."

"This is her nature, no matter how long it takes, it will not change." Fu Jingting replied.

"You're right, but she reversed right and wrong before, she wanted to steal all of my father's attention and favor and make my father think I was a bad boy. Now she reverses right and wrong to me, because of you, she likes you."

Rong Shu looked up and looked at the man with a half-smile.

Several black lines slid down the man's forehead.

Of course he knew that Rong Yuan had thoughts about him.

Because of this, he felt sick.

"Okay, let's stop talking, let's go, aren't you hungry?" Fu Jingting pressed the elevator button.

Rong Shu knew that he didn't want to talk about this, smiled and followed him into the elevator.

Over there, Rong Yuan watched the two leave, and the jealousy in her heart was about to burn herself out.

She always knew that Rong Shu married into the Fu family before, and she also knew what the Fu family meant.

But she never thought about the Fu family, because she heard that the man Rong Shu married did not like Rong Shu, and was a bald and greasy man with a big belly.

So when she was in Kimchi Country, when she heard Li Wen calling Mr. Fu, she didn't react. It turned out that Mr. Fu was actually Rong Shu's ex-husband and the head of the Fu family.

It turned out that the owner of the Fu family was not the legendary bald and greasy man, but a very handsome man.

Such a handsome, rich and powerful man is her ideal type and the object she should conquer.

In addition, this man has feelings for Rong Shu, just because of this, she must snatch him over!

Anyway, as long as it's Rong Shu's things, whether it's Tiancheng or people, she will get it.

Thinking about it, Rong Yuan raised her chin and stared at the direction where Rong Shu and Rong Shu left, her eyes full of determination.

On the other side, Fu Jingting took Rong Shu to a Chinese restaurant.

Fu Jingting opened the chair for Rong Shu.

Rong Shu was not polite either, took off his jacket and sat down.

Fu Jingting also took a seat opposite her and handed her the menu, "Why do you keep Rong Yuan in Tiancheng? Even if you give Rong Yuan 5% of the shares, you can't let her work in Tiancheng, right? "

"You're right." Rong Shu looked at the menu and turned back, "But what I think is that it would be better to keep Rong Yuan under your nose and supervise. If you let her out, maybe when , will run away without a trace again."

"What are you supervising her for?" Fu Jingting poured two glasses of water and handed her a glass to ask.

Rong Shu pursed her red lips, "Nana said, you know, I kept Rong Yuan by my side, firstly, to find evidence that she poisoned her father, and secondly, to let Rong Yuan have a child."

"Have a child?" Fu Jingting frowned suspiciously, unable to understand her operation.

Rong Shu closed the menu and looked at him, "Actually... I'm not my parents' biological daughter!"

Hearing this, Fu Jingting's pupils shrank suddenly, and the hand holding the water glass suddenly trembled. The water is shaking.

"What did you say? You're not the biological daughter of Rong Hao and his wife?" Fu Jingting tightened the water glass and stared at her.

How did she know that she was not the biological daughter of Rong Hao and his wife?

Could it be that she knew that she was the biological daughter of Gu Yaotian and his wife?

But this is not right, if she knew that she was born by Gu Yaotian and his wife, she would not be so indifferent.

So, what the hell is going on here?

Rong Shu didn't know what was going on in Fu Jingting's heart at the moment, she picked up the water he just poured for her, took a sip, and then replied, "Well, I'm not their biological daughter, their biological daughter, in four or five years. I died in the early months of the month. I came to the Rong family after their biological daughter died. How is it? It's surprising, right?"

"Well..." Fu Jingting lowered his eyes and nodded slightly, "It's very Surprised."

"Are you really surprised?" Rong Shu tilted her head and looked at him, "But why do I feel like you're not particularly surprised?"

Fu Jingting's eyes flashed, and soon returned to normal, loosening his grip on the water glass "It's nothing, I'm surprised, it's just that the surprise doesn't have to be expressed on my face."

"Okay." Rong Shu shrugged her shoulders and didn't think too much about whether he was lying.

After all, she didn't think that he would lie to her about this kind of thing.

"By the way, how do you know that you are not their own?" Fu Jingting sipped and asked in a slightly tentative voice.

Is there anyone who knows her true identity who told her?

If so, who would that person be?

Tell her what the purpose is?

Fu Jingting narrowed his eyes slightly, and couldn't help but conspiracy theories in his heart.

At this time, Rong Shu put down the cup and replied, "I didn't know it at first. It was Aunt Lu, A Qi's mother who told me about it at the end of last month."

"What did Mrs. Lu say?" Fu Jingting pursed his lips. a bit.

It turned out that Mrs. Lu also knew that Rong Shu was not the biological daughter of Rong Hao and his wife.

"Besides this, did she tell you anything else?" Fu Jingting looked at Rong Shu and asked again.

Rong Shu asked in confusion, "What else can you say?"

"Of course it's about your biological parents." Fu Jingting rubbed his thumb on the edge of the quilt.

Rong Shu shook her head, "No, Aunt Lu doesn't seem to know who my biological parents are. She said that my parents adopted me from the orphanage."

"So that's the case." Fu Jingting could see that she was not lying. relieved.

It seemed that Mrs. Lu didn't know that Rong Shu was born by Gu Yaotian and his wife.

That's enough.

"By the way, why are you asking this?" Rong Shu looked at the man suspiciously.

The man shook his head slightly, "It's nothing."

"Really." Seeing that he didn't want to say more, Rong Shu didn't ask.

However, at this time, the man suddenly spoke again, "Rong Shu."

"Huh?" Rong Shu raised his head, "What's wrong?"

"You... Since you are not the biological daughter of Rong Hao and his wife, then you want to know your biological daughter. Who are the parents?" Fu Jingting lowered his eyes, making it difficult to see the look in his eyes, "Or, have you ever thought about finding them?"

"Aqi asked me this question before, and my answer was at that time. Yes, I don't want to know, and I don't want to find them." Rong Shu turned the water glass in her hand with a light smile on her face.

Fu Jingting stared at her, "Why?"

"Because it's not suitable." Rong Shu loosened the water cup, cupped her cheeks and replied, "If it was me as a teenager, I might want to know, and I might try to find my own. My biological parents, ask them why they don't want me, why do they abandon me, but now I'm in my twenties, I can't, no matter what the reason for my appearance in the orphanage, it can only show that I am with my own family. My biological parents are missing, so I am destined to be the daughter of the Rong family."

"Really..."

"Of course, it would not be fair to the adoptive parents who raised me if I was paranoid about finding my biological parents because I knew who I was."

Chapter 607 Can I Kiss You

Listening to Rong Shu's words, Fu Jingting nodded slightly, "You are right."

Rong Shu smiled and said, "Even if I find them, how should we get along? It's not suitable to be relatives, after all, there is no emotional foundation to get along with. It's too embarrassing, and it's not suitable to be relatives, after all, they are biological parents, so instead of being in a dilemma, it's better not to think about finding them from the beginning, and maintaining the status quo is the best."

And there is another sentence, she did not say.

That is, maybe they are dead.

"Don't look for it, don't read it, it is indeed the most suitable." Fu Jingting nodded.

To be honest, he was really relieved to hear that Rong Shu didn't look for his biological parents.

If she wants to find her, even if he stops her, she will one day know that she is the daughter of Gu Yaotian and his wife. What will happen to her then?

So, it's better not to look for it, at least this way, if she doesn't wonder about her identity, there is still hope that she will not know that her biological parents are Gu Yaotian and his wife for the rest of her life.

"Yeah, so I was only sad when I knew that I was not my parents' biological daughter, but I didn't feel sad anymore, because I knew that from the moment I came to Rong's

house, I was my parents' daughter. , As for my biological parents, no matter why they don't want me, the moment I appeared in the orphanage, my relationship with them was over." Rong Shu said.

"You can think of it this way." Fu Jingting nodded.

Rong Shu rubbed her brows, "But having said that, my parents and I are not related by blood after all."

"So you want Rong Yuan to have a child just because you feel that you are not the biological child of Rong Hao and his wife, so Do you want Rong Yuan to leave a real Rong family bloodline to the Rong family?" Fu Jingting probably guessed what she was thinking.

There was a wry smile on the corner of Rong Shu's mouth, "You are right, that's what I think, although Rong Yuan poisoned her father, but no matter what, Rong Yuan is his father's biological and only biological child of his father, I will let her Rong Yuan has to pay the price, but at the same time, I also want Rong Yuan to continue the blood of my father."

"Rong Yuan will definitely go to jail in the future, so you will raise that child?" Fu Jingting looked at her.

Rong Shu nodded, "Well, I'll raise it, but I'm not raising the child for Rong Yuan, I'm raising an heir for the Rong family, I will raise him well, and I won't let him be infected with Rong Yuan's mother. What's wrong, when he grows up, I will let him inherit Tianzhu, this is the only way I can think of to repay the kindness of my parents."

Of course, if she was born by her parents, then she would not will do so.

But she is not, Rong Yuan is.

Therefore, she could only continue her bloodline from Rong Yuan.

"I understand what you mean, just do what you want, and I will help you train him together." Fu Jingting said softly.

Rong Shu sat up straight, "Don't you think it's unacceptable for me to do this?"

After all, not everyone can repay her kindness.

"No." Fu Jingting shook his head, "As long as you think it's right, then you can do it boldly. No matter what, I'll accompany you."

He was just talking about a child, and he couldn't tolerate it.

What's more, the child was not born to her and someone else.

"Thank you." Hearing Fu Jingting's support and encouragement, Rong Shu felt warm and moved, and the expression on her face softened.

"You don't need to thank me, we will be one in the future, so I will naturally be on your side." Fu Jingting stretched out his hand and brushed the loose hair around her ears, "But you can't let Rong Yuan conceive by herself. "

I know." Rong Shu hummed and said seriously, "Rong Yuan will definitely not obediently get pregnant, maybe she will secretly abort the child, so I didn't want Rong Yuan to get pregnant from the beginning, I only want Rong Yuan." It's fine."

With Rong Yuan's genes, she went abroad to find a specialized institution, and ten months later, she would naturally have a child.

"That's good, do you need my help?" Fu Jingting asked her as she put a peeled shrimp into a bowl.

Rong Shu shook his head, "No, I can do it myself."

"Okay, if you need help, you can tell me directly, you don't have to think it's bad, we'll get back together soon, right?" Fu Jingting put down his chopsticks, Look at her seriously.

Rong Shu met his gaze, looked at the hope in his eyes, and finally nodded, "Okay, I'll find you if I need it."

"Well." Fu Jingting raised his lips and smiled.

After dinner, it was already eight o'clock in the evening.

Fu Jingting drove Rong Shu back to Repulse Bay.

Fu Jingting followed Rong Shu to her apartment.

"Sit on the sofa for a while now, watch TV, and I'll make tea for you." Rong Shu said to the man beside her as she put down her bag.

The man raised his chin slightly, "You don't need to make tea, just water is fine."

"Then sit for a while." After Rong Shu finished speaking, she went to the kitchen.

Fu Jingting sat down in front of the sofa, instead of watching TV, he turned to look in the direction of the kitchen.

After watching for a while, he suddenly got up and walked towards the kitchen.

Coming to the door of the kitchen, Fu Jingting looked at the woman who was busy in the kitchen.

The woman is wearing an apron and is cleaning a teacup.

Obviously he had just said that he didn't need to make tea, and she agreed, but now it seems that he is still preparing to make a pot.

Judging from her act of cleaning the teacup, she usually doesn't drink tea, so she doesn't need a teacup.

Now take the teacup out and wash it, obviously, just for him.

Thinking of this, Fu Jingting's heart warmed, he walked over with his feet up, and hugged the woman from the back.

Rong Shu's body froze suddenly, and the movements of her hands stopped. After a while, she recovered and turned to the man behind her and asked, "Why did you come in?"

She didn't let the man let go of her.

She has now accepted the fact that she will reunite with a man soon. After reconciliation, the two of them will naturally have these intimate actions.

Now, it's just a little bit earlier.

Therefore, she did not resist, after all, she had to learn to get used to it.

"I'm bored alone in the living room, so I'm here to accompany you." Fu Jingting turned Rong Shu around.

Rong Shu raised her eyes and looked at him, "I don't need you to accompany me, I'm just making a cup of tea. It's very fast, and I'm not doing anything else."

"I know, but I want to accompany you, and, I miss you, and I want to kiss You." Fu Jingting's eyes fell on her red lips.

Rong Shu's pupils dilated slightly, "You..."

"Rong Shu, is it alright?" Fu Jingting lowered his head, pressed his forehead against hers, and asked in a low voice.

Rong Shu's body became more and more stiff, and her face turned red.

She didn't know how to answer.

Saying no, seems to hurt him a little bit.

She said yes, but she couldn't say it.

So, she simply kept silent.

Seeing that Rong Shu didn't speak for a while, Fu Jingting lightly opened his thin lips and asked again, "Rong Shu, is it alright?"

This time, his voice became more hoarse and his eyes filled with anticipation.

Looking at his expectation, Rong Shu couldn't bear to let him down. He didn't want to see his bright black eyes become dim, so after hesitating for a few seconds, he finally nodded, "Yeah." That's

all, anyway . Kissing later.

Why not come earlier now?

Thinking of this, Rong Shu was relieved, and her body relaxed.

Hearing her response, Fu Jingting's face also showed joy, and finally lifted her chin and kissed.

This time, it was the real kiss between the two of them, not the unexpected kisses before.

This kiss came from the sincerity of the two, and also from Rong Shu's acceptance of Fu Jingting.

Therefore, this question is sweeter and more beautiful than any other time.

Chapter 608 Are You Really Not Keeping It?

Rong Shu couldn't help but closed her eyes, stretched out her hand, and put her arms around Fu Jingting's neck.

She was just washing the teacup, and there was foam on her hands.

So when she hugged Fu Jingting's neck, the foam on her fingertips turned into water droplets, which dripped directly into Fu Jingting's back collar.

Fu Jingting's body froze for a moment, but soon returned to normal.

However, the intensity of his kissing Rong Shu became much stronger, as if he was punishing her for dripping water into his clothes just now.

Rong Shu couldn't breathe because of his kiss, and her face turned red. In the end, she pinched the soft flesh around his waist. After he suffered from pain, he let her go.

Having gained freedom, Rong Shu immediately broke away from Fu Jingting's embrace and walked aside, holding the cooking table with both hands, panting slightly.

The blush on her face has not disappeared, and her eyes are also slightly flushed. The whole person is so charming that you can't move your eyes

. Fu Jingting's eyes can't help but darken, and his Adam's apple can't help but slide up and down. "Rong Shu..."

"The water is boiling!" Before he could finish his words, he was interrupted by a gurgling sound of boiling water.

Seeing the woman hurriedly turn off the fire, Fu Jingting smiled helplessly.

He had wanted to continue, but for now, let it go.

After making the tea, Rong Shu put the teapot on the tray, and said to the man beside her, "Let's go, let's go out."

Fu Jingting hummed and followed behind her except for the kitchen.

When she came to the living room, Rong Shu put the tray on the coffee table and poured him a cup of tea, "I have bought this tea for a long time. Although it is not broken, it is not too expensive. You can take it."

"It doesn't matter." Fu Jingting picked up the tea she poured, blew it lightly, and said softly, "As long as you make it, I like it."

Rong Shu couldn't help laughing, "Then if it's poison, you like it too?"

"If you handed it to me, I would drink it without hesitation." Fu Jingting looked at her and replied seriously, but the premise is, are you really willing? "

Rong Shu pursed her red lips, "You asked knowingly. "

She already fell in love with him, so how could she be willing to poison him.

Besides, even if she doesn't fall in love in the future, or if he changes his mind, she won't do it.

After all, going to extremes is not the best way to solve things. It will make her dirty hands and break the law.

If in the end, she and him really come to that point, she will do it, and just walk cleanly and never see him again.

“What are you thinking, frowning like that? deep. Seeing Rong Shu distracted, Fu Jingting stretched out his hand and lightly tapped her frown

.”

Seeing that she was obviously hiding something, Fu Jingting squinted his eyes, and quickly pretended not to notice anything, put down the teacup and stood up, “It’s getting late, I should go too, you rest early. “

Since she doesn’t want to say it, he doesn’t force her.

Everyone has secrets, which is normal.

As long as she doesn’t regret getting back with him, he can accept everything else.

What’s more, he has something to hide . She.

Rong Shu heard that Fu Jingting was about to leave, and stood up from the sofa, “Okay, I’ll take you out the door. Fu

Jingting nodded slightly.

The two walked towards the door.

At the door, Rong Shu opened the door, Fu Jingting changed his shoes and walked out, “Just send it here, it’s cold outside, don’t come out.

Rong Shu nodded, “Well, go slow, drive slowly on the road . “

“I know.” “Fu Jingting responded, then stood outside the door and looked at her, with no intention of leaving at all.

Rong Shu tilted her head in confusion, “What’s wrong?”

Fu Jingting’s thin lips moved, “You...” Did you

really mean to keep him?

It’s so late, she doesn’t worry about him going back, is there any danger?

Fu Jingting looked at Rong Shu expectantly, hoping that she would keep him.

However, Rong Shu didn't understand what he meant at all, and the doubts on her face became heavier, "What's wrong with me? Is there something on my face?"

She reached out and touched her face, but found nothing.

Fu Jingting couldn't help but chuckled when she saw her cute and cute appearance, then reached out and patted the top of her head lightly, "You have nothing on your face, it's very clean."

"Then why did you keep looking at me just now? ?" Rong Shu rolled her eyes.

Fu Jingting suddenly took her into his arms, "Because I want to look at you before I leave."

Rong Shu rolled her eyes, "It's not that I can't see you anymore."

"For me, it's not like I haven't seen you for a few hours. It's been a long time, so I want to see you more, okay, now that I see it, it's time for me to go." Fu Jingting let go of her.

Rong Shu hummed.

Fu Jingting took a step back, "I'm really leaving!"

"Let's go!" Rong Shu raised her forehead.

Really, a big man, go quickly if you want to go, what are you doing?

Seeing Rong Shu waving his hand and urging him, Fu Jingting couldn't help sighing secretly.

He had already hinted it so obviously, but she still didn't mean to keep him.

It seems that he really can't stay.

That's all, after reconciliation, I'm trying to find a way to move in, or let her move to him.

That way, he doesn't have to leave like he does now.

"Okay, I'm leaving, you can go back quickly." After Fu Jingting finished speaking, he turned and walked towards the elevator.

Rong Shu looked at his back, suddenly thought of something, and shouted, "Wait a minute."

Fu Jingting paused, a glint of light flashed in his eyes, and then quickly turned around, "Is there anything else? "

Did she invite him to stay?

Fu Jingting thought with hope.

However, Rong Shu said, "Go to the residence, send me a message."

Fu Jingting's eyes dimmed instantly.

Well, after all, he thought too much.

Fortunately, she asked him to send a message home because she was worried about his safety, and that was enough.

Thinking about it, Fu Jingting's mood improved again, and he hooked his lips in response, "Okay."

Rong Shu didn't speak anymore, just looked at him, and she didn't close the door until he entered the elevator and went back to the house.

After returning to the house, she did not directly enter the room, but walked straight to the balcony of the living room, leaning on the railing and looking down, just saw Fu Jingting walking out of the building and walking towards the car on the side of the road.

As if feeling something, Fu Jingting stopped, suddenly turned his head, and looked up, just in time to see the woman on the balcony.

The moment he saw Rong Shu, Fu Jingting was pleasantly surprised.

He knew that she was there watching him.

A gentle smile appeared on Fu Jingting's face, then raised his hand and waved gently towards her.

Seeing that he had found herself, Rong Shu waved to herself, extended her hand and waved in response to him.

Afterwards, Fu Jingting put down his hand and took out his mobile phone.

Immediately afterwards, Rong Shu felt her phone vibrate.

She knew that he must have sent her something.

Rong Shu put down his hand and took out his mobile phone from his pocket. It was the WeChat message he sent.

She opened WeChat, there was only one sentence on it, go back quickly, it was cold outside.

The short six words made Rong Shu feel a warm feeling in her heart. She glanced at the man below, and then typed a reply. Then you should get in the car quickly, it is cold outside.

Fu Jingting looked at the news of the woman, and his eyes were full of smiles.

After replying to this sentence, he put away the phone, opened the door and got into the car.

Rong Shu watched his car lights come on, and listened to his car horn sounding.

She knew that he was saying goodbye to her.

Chapter 609 Drive her out

Sure enough, after the horn went off, Fu Jingting's car moved and drove into the traffic.

It wasn't until Rong Shu couldn't tell which car his car was that she released her hand from the railing and turned back to the living room.

Just as she stepped into the living room, the phone in her hand rang.

She thought it was Fu Jingting calling, so she quickly raised her phone to look, but found that it was not, but the property in Liangjiang New Area.

Rong Shu frowned suspiciously.

Strange, what did the property over there call at this time?

Rong Shu pursed her red lips and answered the phone, "Hello?"

"Hello, Miss Rong, I'm sorry to disturb you so late," said the person on the other end of the phone.

Rong Shu walked to the sofa and sat down, "It's okay, what's the matter with you?"

“That’s Miss Rong, your sister came over tonight and asked me for the key, so I’ll report to you specially.” The other end of the phone said .

When Rong Shu heard this, her face sank, “You said Rong Yuan went to Liangjiang New Area?”

“Yes.” The person on the other end of the phone nodded.

Rong Shu narrowed her eyes slightly, “Where is she now? You have given her the key?”

Liangjiang New District is the villa area where the Rong family’s villa used to be.

After her father died six years ago, she sealed the villa and handed over one of the keys to the property management, so that the property would be cleaned every once in a while and checked the facilities in the villa.

Although she doesn’t plan to continue living anywhere, she doesn’t want to let the villa go to waste, so she pays the management fee to the property every month.

Unexpectedly, she didn’t go back there, but Rong Yuan went back.

“Yes, Miss Rong, I have given her the key. After all, she is your sister.” The property nodded back, and then asked carefully, “Miss Rong, did I do something wrong? You shouldn’t have given the key to your sister. Ah?”

Rong Shu pursed her lips, thinking that of course she did something wrong.

But at the same time, she also knew that the property did not know the real relationship between her and Rong Yuan, so she gave the key to Rong Yuan.

Because the property feels that Rong Yuan is her younger sister, and there is no deep hatred between the sisters.

So she really can’t blame the monster industry, after all, she never told the property manager Rong Yuan at first.

Thinking about it, Rong Shu rubbed her eyebrows and replied, “I have a grudge against Rong Yuan.”

Hearing Rong Shu’s words, the property management immediately realized that he had done something wrong, and quickly apologized, “I’m sorry Miss Rong, I didn’t know.”

“Forget it, I won’t pursue it this time, and I won’t be an example in the future.” Rong Shu put down her hand.

The property manager thanked me repeatedly, "I know Miss Rong."

"Since you have given the key to Rong Yuan now, then you can bring a few people over, drive Rong Yuan out of the villa for me, and take the key back at the same time."
Rong Shu Commanded coldly.

Neither Rong Yuan nor Li Xiuzhi were eligible to stay in that villa.

Because that villa was bought by my father and her mother when they got married, and it has nothing to do with Rong Yuan's mother and daughter.

In the past, her father was still there and let Rong Yuan and her daughter live in that villa, she couldn't say anything.

But now, Dad is gone, and Rong Yuan and her daughter have poisoned Dad, so what qualifications do they have to step into that villa!

Listening to the indifference in Rong Shu's tone, the property management hurriedly responded, "I know Miss Rong, I will arrange for someone to go there, please rest assured, I will do a good job in this matter."

Although the property management sighed with emotion to Rong Shu's relatives His sister's heartlessness, but he didn't dare to say these words.

After all, he still knows who are the parents of food and clothing.

"That's good." Rong Shu nodded, and then warned again, "In the future, don't let anyone near that villa except me."

"Yes." The property agreed.

Hanging up the phone, Rong Shu's face was as cold as ice.

She didn't expect that Rong Yuan actually wanted to live in that villa.

Who gave the face!

On the other side, Liangjiang New District.

After receiving Rong Shu's order, the property took people directly to the Rong family villa.

At the moment in the villa, Rong Yuan is instructing the housekeeper to clean the villa.

Just as she instructed the housekeeper to go to the master bunk bed, she saw a group of people barged in.

Rong Yuan was taken aback at first, but when she saw that the person who broke in was the property, she suddenly became angry, "What are you doing?"

The property headed by the property gave her a light look, no expression on her face anymore. Kindness when turning the keys before.

With a wave of his hand, he ordered the two properties behind him, "Take her up and take her out."

"Okay captain." The

two properties responded and went forward to arrest them.

Rong Yuan saw that they were coming at her and grabbed herself, her face changed greatly, and she screamed, "What are you doing, who asked you to arrest me, let me go quickly if I hear it, or I will complain to you." The

property captain Seeing the suitcase she put in the living room, she walked over and pulled it up, and said disapprovingly, "I'm sorry, Miss Rong Yuan, it's useless for you to complain to us. We listened to the owner of this villa and asked you to leave. After all, you You are not the owner of the villa, you are here, you are trespassing in the house."

"You fart, who is not the owner of the villa, I am the second young lady of this family!" Rong Yuan roared grimly.

The property captain replied calmly, "You are indeed the second lady of this villa, but that was the past, and now the owner of this villa is Miss Rong Shu, who has nothing to do with you, Miss Rong Shu will not let you Come in, so you can only go out and take away."

Holding onto Rong Yuan's two properties, she was about to take Rong Yuan away, and Rong Yuan suddenly struggled violently, "So it was Rong Shu who asked you to come, when did she become the owner of this villa, she and I both It's my father's daughter, and this villa is half my size, so she's not qualified to drive me away!"

"Miss Rong Shu is certainly qualified. I checked the property rights of this villa before coming here. This villa is owned by Mr. Rong Hao and Fan Lina. What the lady bought thirty years ago was not bought by Mr. Rong Hao and Miss Rong Yuan after your mother got married, so soon after Ms. Fan Lina's death, the property rights of this villa were all transferred to Mr. Rong Hao. Miss Rong Shu, it has been 20 years, so I said that Miss Rong Shu is the owner of this villa."

"This is impossible!" After listening to the property manager's words, Rong Yuan's eyes widened instantly, and her face became wide. Full of shock and disbelief.

She always knew that this villa was bought by Rong Shu's mother and father when they got married.

But he didn't know that after Rong Shu's mother died, his father gave the villa to Rong Shu!

"It's not impossible." The property manager said coldly, "If you want to blame it, it's your fault for not inquiring clearly, or you won't be kicked out."

After that, the property manager waved his hand and signaled the two properties to hurry up take away.

This time, no matter how reluctant Rong Yuan was, no matter how she struggled and screamed, she was forcibly dragged out by the two properties.

The property manager looked at the housekeeper who had been stunned, and said, "I don't have anything to do with you here. You should leave quickly."

"Yes, yes."

Finally, the property captain also dragged Rong Yuan's suitcase out.

Rong Yuan was thrown out of the gate of the villa area by those two properties, and she fell to the ground.

Then, something flew towards her and finally fell beside her, it was her suitcase.

Rong Shu looked at the suitcase that had broken one corner, and then looked at the three properties on the opposite side, her eyes were full of resentment, "You wait for me, I will not let you go."

And Rong Shu, Dare to humiliate her like this, she will double it back sooner or later.

Faced with Rong Yuan's threat, the three properties did not have the slightest fear on their faces. After all, they were also following orders. If there was anything, Miss Rong Shu would take care of them.

Therefore, the three properties didn't take Rong Yuan's threat to heart at all. After a disdainful smile, they turned around and returned to the villa area, leaving Rong Yuan sitting on the ground and screaming hysterically.

Chapter 610

After calling for a long time, those properties not only did not come back, but also attracted the onlookers and pointing of passers-by.

Feeling ashamed, Rong Yuan quickly got up from the ground, picked up the suitcase on the ground, and ran towards the parking lot with her head lowered.

After getting into her car, Rong Yuan twisted her face, took out her cell phone, and called Rong Shu.

In Repulse Bay, Rong Shu came out of the bathroom after taking a shower, ready to blow her hair.

As soon as he walked to the hair dryer, the phone rang.

Rong Shu thought it was Fu Jingting who had arrived and reported her safe arrival. She quickly put down the hair dryer in her hand, turned around and walked towards the bedside, and picked up the mobile phone on the bedside.

It turned out that the caller ID on the screen was not Fu Jingting, but an unfamiliar phone call, which made Rong Shu's originally bright eyes dim.

It wasn't Fu Jingting.

Rong Shu pursed her red lips, and finally answered the phone, "Hello, who is it?"

"Rong Shu, how dare you let someone drive me out of the villa!" A sharp female voice came from the phone .

The female voice was full of anger and resentment, and it was creepy to hear.

Rong Shuxiu raised her eyebrows tightly, and said coldly, "I thought who was it, it turned out to be you, Rongyuan, why did you call me to ask for guilt? Then I can tell you clearly that you are wrong. It's gone, that villa is mine, of course I have the right to drive you out, and I can even call the police directly and sue you for trespassing."

"You..." Rong Yuan was blocked by Rong Shu's words. Speaking out, a face is even more blue and white, like a palette, very funny.

After a while, she took a deep breath, barely suppressed the violence in her heart, and said sullenly, "Very well, Rong Shu, you remember it for me, tonight's matter, I will not finish with you, one day, I will. I want you to look good!"

After speaking, she hung up the phone directly.

Because she knew very well in her heart that she couldn't talk about Rong Shu, and she didn't make sense. If she continued to talk, she would only be bullied to death by Rong Shu, so she might as well hang up.

Rong Shu looked at the mobile phone interface that had jumped back to the main menu, and smiled coldly.

Make her look good?

Okay, she just waits and sees in the end, who makes whom look good!

Just as Rong Shu snuffed out the phone and threw it back on the bedside table, the phone suddenly turned on automatically.

What appeared on the screen this time was a WeChat message, and the person who sent the message was Fu Jingting.

Seeing this, Rong Shu's eyes flashed with joy, and she quickly picked up the phone, unlocked it, checked the news, and fell asleep?

Rong Shu has not clicked on the typing bar yet, are you there yet?

On the other side of the phone, Fu Jingting sat on the sofa and pulled the tie around his neck. As soon as he loosened the tie, he felt the phone vibrate on his leg.

He quickly loosened his tie and looked down, seeing the news of Rong Shu coming back.

Fu Jingting's thin lips twitched slightly, and he picked up the phone with one hand and typed.

Rong Shu just sits down on the edge of the bed and arrives, it's getting late, wash up and rest early, don't stay up late.

Looking at the woman's caring words, Fu Jingting's eyebrows softened, and he typed a reply, and you too, good night.

Rong Shu raised the corners of her lips, good night.

Putting down the phone, Fu Jingting got up and walked to the study.

After coming to the study, he picked up a pen from the pen holder on his desk, and then crossed out today's date on the calendar on the desk.

After crossing it out, he threw the pen back into the pen holder, picked up the calendar, and tapped the date on the calendar with his long fingers.

Looking at the row of numbers, his eyes narrowed slightly.

Soon, there are thirteen days left.

Thirteen days later, they will be together!

Fu Jingting stared at the calendar for a while, then put down the calendar and walked out of the study, ready to go back to the room to wash and rest.

In normal times, he would never rest at this time, and would definitely stay in the study to do some work.

After all, managing a huge Fu Group, the work is piled up every day, and the few hours at work during the day can't be dealt with at all, so it is normal to come back and continue to be busy.

But now he doesn't want to be busy.

Rong Shu asked him to rest early, and he listened to her.

It is said on the Internet that a good man should listen to his wife.

Bronchitis is no shame.

Because of bronchitis, they are all men who dote on their wives.

On the other hand, Rong Shu didn't know that Fu Jingting had already entered Men's Durban. After blowing her hair, she turned off the light and lay down to sleep until she was woken up by a phone call the next day.

The call was from Lu Qi, as soon as Rong Shu connected, before she had time to speak, Lu Qi's voice was like setting off firecrackers, and a series of messages came over, "Shu Shu, what's going on, how could Rong Yuan do it? Become Tiancheng's vice president?"

Rong Shu rubbed her eyes when he heard his question, sat up from the bed, leaned against the bedside and sighed and replied, "She took five percent from me. So I gave her this position."

"No, why do you want to give her 5% of the shares?" Lu Qi asked incomprehensibly.

Rong Shu took a sip of the water she put on the bed last night, moistened her throat, and then replied, "The shares I gave are in the eleven percent that I inherited from my father, not you and my grandfather. For those acquired, my father did not leave a will to divide the estate before his death, so Rong Yuan and I should each get half of the shares. If I don't give this share, the court will order me to give it after Rong Yuan sues. And this time she came back, originally for the shares in my hands and Tiancheng, if you didn't buy most of the shares in my hands for me, Rong Yuan would have taken half of them yesterday."

After listening to her words, Lu Qi calmed down a lot, but he was very unwilling to say, "It's really cheap for her."

Rong Shu smiled helplessly, "No way, who made her really her father's daughter."

"What about that position?" Lu Qi frowned, "How important is the position of vice president, why did you give it to her? She won't say anything, her ambition is still so big, let her sit in such a high position, just in case she does something. It's troublesome."

"Don't worry, Aqi, I have considered all of these. You just said that Rong Yuan has great ambitions. If she were given a position at random, she would definitely not accept it, and she would make a fuss and bring down the sky. Sheng's image, so I simply give her a high position, a high position where she can't access any rights and secrets, and it's best to put her under my nose and watch, so that I will do whatever she wants. I know." Rong Shu explained.

Lu nodded, "That's true."

"By the way, Aqi, how did you know that Rong Yuan became Tiancheng's vice president?" Rong Shu asked curiously.

She did not announce this matter to the public, nor did she tell anyone except Fu Jingting.

So, it's strange that he would know.

On the other end of the phone, Lu Qi was sitting in his office, looking at the computer in front of him and looking back, "I saw it on the Internet."

"On the Internet?" Rong Shu's face sank.

Lu Qi snorted, "Yes, I turned on the computer this morning and saw the news about the new vice president of Tiancheng Group popping up. I clicked in and saw that it was Rong Yuan's personal interview, so I knew that Rong Yuan was back. , not only that, but she also became Tiancheng's vice president, so why don't I call you to verify."

"So it is." Rong Shu nodded, indicating that she understood.

Lu Qi added, "That interview should have been recorded by Rong Shu herself in the media. I guess she wanted to advertise it, to fully confirm her identity as vice president, and to let everyone know that Tiancheng is not just you. , and her share."
