Chapter 691 The meaning of the bracelet

“Uh...” Rong Shu was stunned for a moment, then raised her hand to touch her hair, and smiled suddenly, “So that’s the case, I thought you had clairvoyance.”

“I wish I had clairvoyance.” Fu Jingting raised his eyebrows.

When Rong Shu heard what he said, she felt a little subtle in her heart.

She raised her head and squinted at him, “Do you wish you had clairvoyance?”

“Well.” Fu Jingting nodded.

Rong Shu’s heart became more subtle, “Why do you wish you had a see-through eye? Don’t you want to see other people’s nakedness?”

No wonder she had such a surprising thought.

In fact, the idea of ??him wanting to see through the eyes is strange.

And as far as she knows, men who want to see through their eyes are usually very lewd and want to see other people naked.

When Fu Jingting heard Rong Shu’s words, the corners of his mouth twitched coldly, and then he stretched out his hand and flicked her forehead, “What are you thinking, who has nothing to do to see others naked, even if they do, I will only look at you, not others. ‘

he said then seriously.

Then he was hit by Rong Shu’s elbow.

Rong Shu blushed and stared at him angrily, “Go, what are you talking about, you want you to see me naked?”

Really, listen to what he said!

Fu Jingting patted Rong Shu on the shoulder to reassure her, “It’s fine, don’t watch it, don’t watch it.”

However, he said so, but he didn’t think so in his heart.

If you don’t watch it now, will you still watch it later?

Thinking about it, Fu Jingting's eyes flashed a gleam of light, and soon disappeared again, holding her hand as if nothing had happened.

Looking at her pure white wrist, except for a lady's watch, there was no decoration on Fu Jingting's face.

When he sent the bracelet, he didn't bring any words, so she didn't know the meaning of the bracelet, let alone why he suddenly gave her a bracelet, and it was still an old bracelet.

So it's normal for her not to wear it.

"Let's go, it's cold outside, get in the car first." Fu Jingting grabbed Rong Shu's hand to his lips, and then blew a breath of hot air into her palm to warm her cold hand a little.

Rong Shu did not resist his move.

They are both together now, and if they have to resist anything, they are not lovers.

"Let's go." Rong Shu nodded.

Fu Jingting opened the car door and let her get in the car.

Rong Shu stroked her hair and bent over, ready to get into the car.

Just as she stepped into the car with one foot, she suddenly heard a shutter sound.

Rong Shu frowned immediately, then pulled back the foot she stepped into the car, and turned to look in the direction the shutter sounded just now.

bush.

Roadside flower beds behind bushes.

"Did you hear that just now?" Rong Shu stared at the bushes, as if she was about to see the person behind her through the green grass, and asked the man beside her.

The man nodded slightly, "I heard, someone took a picture."

"It really wasn't my illusion." Rong Shu pursed her lips, "It must be a paparazzi again."

Fu Jingting hummed, "It's them."

Rong Shu snorted, "Really No, they don't stare at the entertainment industry, why are they staring at me?"

This is Tian Sheng, who is not here to stare at her?

“It’s normal. The matter of our reunion has been made public. Of course, they want to get more information, so they will come here to stand guard.” Fu Jingting said.

Rong Shu looked at him, “Is there any paparazzi outside the Fu Group?”

“No.” Fu Jingting shook his head, “They don’t dare to guard outside the Fu Group.”

Since they were guarding outside before, they didn’t dare anymore after being taught a lesson by him.

Hearing this, Rong Shu felt unbalanced in an instant, “Oh, what a bully and afraid of hardship, the Fu Group doesn’t dare to squat, so come to my Tiancheng Group to squat, what is my Tiancheng Group? No, I have to go and see it. Look.”

With that, she was about to go there.

The moment her feet stepped out, the bushes trembled.

Obviously the paparazzi at the back knew that

Fu Jingting took her arm, “Don’t go, it’s just the paparazzi, don’t bother.”

“But they took pictures?” Rong Shu frowned.

Fu Jingting raised his chin, “I know, let them go, it’s just to let everyone know that what they reported in the morning is not fake, as long as they don’t report indiscriminately, it doesn’t matter, of course, if it is reported, I will take action Deal with them.”

Hearing what he said, Rong Shu had no choice but to give up, put her feet back, and get back into the car.

Fu Jingting also glanced coldly at the bushes.

The bushes trembled even more.

Fu Jingting ignored it and got into the driver’s seat.

After the car was gone, the trembling bushes finally calmed down.

The paparazzi in the back patted his chest and exhaled, “It’s gone, God, I thought I was going to be killed just now when President Fu gave me a look. It’s really scary.

”, He thought that they would really come over, trouble him, and ask him to delete the photo.

So at that time, he was scared to death.

But what they didn't expect was that they didn't come to look for him, but got in the car and left.

what do they mean?

Do you mean to allow him to send out the photos he took?

The paparazzi looked at the direction where Rong Shu and Fu Jingting left, and then looked at the camera in their hands. For a while, they didn't know what they meant, let alone whether they should post the photo.

If it is sent out and they are looking for trouble, wouldn't he be finished?

But if they don't post it, it's a pity, and it's rare to take close photos of them.

The paparazzi held the camera, and the whole person was tangled.

After a while, he suddenly stood up, his eyes filled with determination.

He decided that he would send this photo.

Since they didn't come to him and asked him to delete the photo, they must have acquiesced to him.

It's a big deal to quit this job!

Anyway, the daring will starve to death for the timid, let's fight!

Thinking about it, the paparazzi turned and walked towards his tattered van.

Meanwhile, in the car.

Rong Shu suddenly thought of something, opened the bag, took out a box from the bag, then opened the box and looked at the man driving beside him, "Fu Jingting, did you give this to me?"

Fu Jingting glanced out of the corner of the eye. Glancing at the box, from his angle, he couldn't see what was inside, but he knew what was inside by looking at the box.

After all, that box was prepared by him.

He nodded slightly and admitted, "It's me."

Rong Shu breathed a sigh of relief and put the box down, "I thought it was someone else's prank, but why did you suddenly give me a bracelet? And it's such a precious antique. ?"

She couldn't understand her identity.

While turning the steering wheel, Fu Jingting replied, "I didn't give it to you, it was given to you by my grandmother."

"Grandma?" Rong Shu was stunned, then looked down at the box in her hand, "Why did grandma suddenly think of giving me this?"

Fu Jingting smiled, "When you get to the hospital, ask your grandmother, she will tell you."

Seeing Fu Jingting hiding and not answering, but asking her to ask her grandmother, Rong Shu rolled her eyes at him and put away the box, "Just ask."

Fu Jingting chuckled, "Angry?"

"No." Rong Shu shook his head, "How can I be so angry?"

"That's good." Fu Jingting nodded slightly, and then said, "It's not that I don't want to tell you, but the meaning of this bracelet, it's better for grandmother to tell you.

" Why?"

"Probably because of inheritance and handover." Fu Jingting thought for a while and said.

His words immediately made Rong Shu guess the meaning of the bracelet, her heart beat fast, um, she stopped talking, and her fingers kept rubbing the bracelet box.

Chapter 692 Talking Alone

The words inheritance and handover reminded her of some plots in some TV series.

Even in a big family, there are always some family heirlooms, which are passed down to either sons or daughters-in-law.

So this bracelet is very likely to have this meaning.

After all, the plot of the TV series comes from reality, and the Fu family is a big family. It is not surprising that there are such family heirlooms that are specially passed on to their sons or daughters-in-law.

Rong Shu didn't mean to directly say what he had guessed.

Fu Jingting just said that when she arrives at the hospital, her grandmother will tell her the meaning of the bracelet.

It would be embarrassing if I said it now and the answer I got was not what I thought.

I don't know, I thought how much she hoped the Fu family would have an heirloom for her.

So, it's best if she doesn't say anything at all.

Soon, the hospital arrived.

Fu Jingting parked the car, and the door was opened. It was Assistant Zhang.

Obviously, Assistant Zhang specially picked them up here.

"Mr. Fu, Miss Rong." Assistant Zhang greeted them after seeing them get off the bus.

Fu Jingting didn't respond, Rong Shu smiled at Assistant Zhang, which was a response.

Afterwards, Assistant Zhang made a gesture of invitation, "Mr. Fu, Miss Rong, the old lady asked me to take you there."

"Okay, please, Assistant Zhang." Rong Shu smiled politely.

"It's nothing." Assistant Zhang pushed his glasses and led the way.

Fu Jingting looked at the direction he was leading, frowning slightly, "This is not the way to grandma's ward."

"Isn't it?" Rong Shu was surprised.

Assistant Zhang replied with a smile, "That's not true, the old lady disliked the noise in the previous ward, because there was a noisy child next door, so the old lady asked me to help her rearrange the ward, and now I am going to the new ward. "

It turns out that it is." Rong Shu was stunned.

Fu Jingting also raised his chin slightly, but said nothing.

The three came to another inpatient building.

There are also wards here.

The old lady was in one of them.

Assistant Zhang took Rong Shu and Fu Jingting to the outside of the old lady's ward.

Through the glass on the door, Rong Shu and Fu Jingting could clearly see the situation inside.

Seeing that the old lady was sitting on the hospital bed, talking and laughing with Feng Ma who was sitting beside the hospital bed, Rong Shu also laughed, "Grandma's spirit looks pretty good."

Fu Jingting hummed, "It's not bad, Let's go

first." As soon as he said that, Assistant Zhang opened the door for them.

The door of the ward opened, and Fu Jingting took Rong Shu in.

The old lady and Feng Ma turned their heads and saw the two people who came in holding hands. After the two old grandmothers looked at each other, they both smiled gratified.

"Eldest young master, Miss Rong, you are here." Feng Ma stood up and greeted the two with a smile.

"Grandmother, Ma Feng." Rong Shu naturally felt that their eyes were on her and Fu Jingting's hands, her face was somewhat embarrassed, she twitched her hands, trying to pull them out.

But Fu Jingting seemed to have expected it long ago, holding her hand tightly, not giving her a chance to withdraw at all.

This made Rong Shu couldn't help but turn his head and glared at him.

Signaling him to let go first, grandma and the others are watching.

But Fu Jingting was a thick-skinned person who didn't care about anyone watching, and calmly pulled her to the hospital bed.

When he came to the hospital bed, Fu Jingting not only did not restrain himself, but raised the hand he was holding with Rong Shu, so that the old lady and Feng Ma could see it more clearly.

In this way, Rong Shu was unable to break free.

After all, breaking away from Fu Jingting in front of the old lady and Feng Ma was somewhat disrespectful to Fu Jingting.

Even if the old lady and Feng Ma liked them again, they felt a little uncomfortable with them.

So there was no other way, Rong Shu could only bite the bullet and look at Feng Ma and the old lady, forcing a reluctant smile at them.

She hadn't figured out how to use her identity as Fu Jingting's girlfriend to face the two old people again.

In the end, Fu Jingting was better and forced her to go to Liangshan directly.

"Grandmother, I'll bring Xiao Ye Ye to see you." Fu Jingting held Rong Shu's hand and said to the old lady.

The old lady looked at him, looked at Rong Shu again, smiled and nodded hurriedly, "Okay, alright... Wait..."

Suddenly realizing that something was wrong, the smile on the old lady's face faded, and her brows furrowed, "You just now What are you talking about, who did you bring to see me? Xiao Ye? Who is Xiao Ye?" The

old lady stared at Fu Jingting with a serious face, "Stinky boy, are you messing around outside?"

Feng Ma was also dissatisfied. Looking at Fu Jingting, he looked at a heartless man.

Seeing this, Rong Shu covered her lips and snickered without turning her head.

Fu Jingting rubbed her hair, looked at the old lady helplessly and explained, "Grandmother, Rong Shu is Xiao Ye."

"What?" The old lady was stunned, then looked at Rong Shu.

Rong Shu nodded with a smile, "Grandma, it's me."

"Shu Shu, when did you have this name?" The old lady looked puzzled.

Feng Ma also nodded curiously.

Rong Shu smiled and replied, "This is my nickname. My mother gave it to me. You also know that my mother left early, so this name is my father's name, and it is my parents' exclusive use."

"So it is." The old lady nodded suddenly.

She can call her parents by her nickname, and now Jing Ting is allowed to call her.

It can be seen that the two young people are in a good relationship.

Then, she was relieved.

“By the way, Jing Ting, you go out and go through the discharge procedures for grandmother. It’s boring to stay in this hospital, and I’m fine. I’ll just be discharged tomorrow.” The old lady looked at Fu Jingting and waved to him.

A glint of light flashed in Fu Jingting’s eyes, and then he raised his chin slightly and responded, “Okay, I’ll go right now.”

He glanced at Rong Shu, turned and walked towards the door of the ward.

He knew that it was false that his grandmother asked him to go through the discharge procedures, and it was true that he wanted to take him away and talk to Rong Shu alone.

Otherwise, you can instruct the people below to do things like going through the discharge procedures. Why should you instruct him?

Of course, knowing is knowing, he doesn’t intend to tell the truth.

Fu Jingting went out.

Feng Ma poured water for the old lady and Rong Shu, and after delivering them to both of them, she suddenly said, “Old lady, I suddenly remembered that I ordered a chicken soup before, but it hasn’t been delivered yet, and I don’t know what happened. Go out and make a phone call and ask.”

“Go.” The old lady agreed with a smile.

“Hey.” Feng Ma responded and left.

Rong Shu knew that the chicken soup was fake, and Ma Feng’s real purpose was to leave here and leave it to her to talk to her grandmother.

Just like Fu Jingting just now.

I just don’t know what my grandmother is going to tell her.

Rong Shu lowered her eyes.

Soon, only she and the old lady were left in the ward, which was very quiet.

Rong Shu tucked the quilt on the old lady’s body, “Grandmother, what are you trying to say to me, don’t you?” The

old lady laughed twice, "Actually, I don't want to say anything else, I just want to ask you , Did you reunite with Jing Ting out of your sincerity, not out of kindness?"

"Why did grandma ask this all of a sudden?" Rong Shu tilted her head, somewhat confused.

The old lady sighed, "I already knew about Jing Ting falling off a cliff with you in order to save you."

"You know?" Rong Shu was surprised.

Fu Jingting nodded, "Yes."

She actually knew it for a long time, but she didn't know that the fall from the cliff actually ruined Jing Ting's heart.

Chapter 693 A Gift for Daughter-in-law

So yesterday, when she heard Zhang Cheng say that Jing Ting's heart was dying, she fainted in a hurry.

Rong Shu didn't know what the old lady was thinking. When she heard that the old lady knew about her and Fu Jingting's falling off the cliff, she stood up and bowed apologetically to the old lady, "I'm sorry grandmother, the cliff fall is scary. You."

She thought that the old lady fainted after she knew about the fall.

After all, Fu Jingting had told her before that she did not intend to let the old lady know about this matter, for fear that the old lady would not be able to bear it.

"Grandmother, the fall off the cliff was planned by Ye Yu of the Ye family in the capital. The purpose was to target Xiaochuan, so he kidnapped me. It has nothing to do with Fu Jingting. He jumped into this incident to save me. Even because of me, I almost lost my life, really, I'm so sorry, I almost caused you to lose a grandson." Rong Shu looked at the old lady with remorse and shame.

The old lady helped her up, "shushu, don't do this, I know the whole thing, so I don't blame you, because you didn't take Jing Ting into it, nor did you let Jing Ting jump off the cliff. Yes, all this is Jing Ting's own will, so I don't blame you, and you don't feel guilty."

“Grandmother, don’t you really think that I almost killed Fu Jingting?” Rong Shu raised her head and looked at the old man people.

The old lady smiled and shook her head, “Of course, as I said, all this was done by Jing Ting’s volition, not your request, so I can’t blame you for this, I’m not an unreasonable old lady, besides, you still live in the end. Don’t you come down?”

Rong Shu was very moved and sat down again, “Although you don’t blame me, I still feel very sorry.”

“I have nothing to regret.” The old lady patted the back of her hand and comforted her, “Actually, My old woman is still very relieved that Jing Ting is desperate to save you, because you are the one he loves. If he doesn’t even try his best to save the person he loves, then my old woman will look down on him, and he is not qualified. Saying I love you, my Fu family is too embarrassed to admit that he is a descendant of my Fu family, just a coward.”

“Is this...will it be too serious?” Rong Shu made a slight movement.

The old lady shook her head, “Of course not, because the men of the Fu family are very brave, they can give everything for what they love, and they will never back down. His great grandfather was like this, so was his grandfather, even his father... Although I don’t like Wang Shuqin, I have to admit that it is Wang Shuqin, a vulgar person, who has won all the love of Huai’er. A titular president.”

“So it is.” Rong Shu nodded slightly.

It turns out that the men of the Fu family are all so great.

The old lady said again, “Men of the Fu family are all lovers. Your grandfather and I went through a lot when we were young. When your grandfather was young, he almost lost his life to save me. He didn’t want to save him, but he still came to save me without hesitation, so I had the same experience as you, how could I blame you, thinking that it was your fault that Jing Ting saved you.”

“Grandmother...” Rong Shu’s eyes Some fever.

It’s really good to be understood.

The old lady smiled, “What? Are you going to cry?”

“No.” Rong Shu lowered her head a little embarrassedly, wiped her eyes, and changed the subject, “By the way, grandma, you just asked me to get back with Fu Jingting, Is it because of sincerity or kindness, what do you mean?”

She looked at the old lady.

The old lady trimmed the hair around her ear and explained in detail, "I also thought of it suddenly, I know that you have fallen in love with Jing Ting now, but the hurt that Jing Ting has done to you in the past is also true, so I was thinking, Do you really want to give Jing Ting a chance to get back together with Jing Ting, or is it because Jing Ting saved you regardless of his life that you agreed to get back together with him because you are soft-hearted. Even if you have feelings between you, but there is a kind of kindness mixed in, your hearts will always be far away, there will be many problems in the future, and it is impossible to be truly happy."

At that time, the final result of their separation is still.

And both of them are very hurt to separate.

As an elder, she really didn't want to see that.

Seeing the old lady's worry, Rong Shu laughed, "Don't worry grandma, Fu Jingting and I are together, of course out of my own heart, not because of kindness, I am actually very sober, I know that love and kindness cannot be confused, love It is love, and kindness is kindness. If I want to repay my kindness to be with Fu Jingting, it will not be fair to me and Fu Jingting, because I value kindness more than love, so in the process of getting along with Fu Jingting, I will treat him like a man. It will maintain a kind of estrangement, and there will be no intimacy of love, so what's the point of being together like this? Why don't I just repay my gratitude in other ways?"

"That's true." The old lady nodded.

Rong Shu said again, "So grandma, you are completely overthinking it. If I only got back with Fu Jingting because of my kindness, I would have gotten back with him long ago, and I won't wait until now, so I know what I'm doing, and I know it's because of love. I forgave him and only stayed with him."

Seeing the seriousness on Rong Shu's face, the old lady was completely relieved.

She patted the back of Rong Shu's hand, "Grandma knows, since you are together because of your sincerity, then you should be together, and how about letting me hold my great-grandson for two years?"

"Grandma~" Rong Shu His face turned red, and he was very embarrassed.

But she felt a little sad in her heart. Because

of the kid who was aborted earlier. The old lady didn't notice Rong Shu's sadness. She looked at Rong Shu's shyness, covered her lips and smiled, "Okay, okay, grandma won't talk about this, by the way, Shushu, did you bring the bracelet?" "I brought it." Rong Shu recovered, then opened the bag, took out the box, and handed it to the old lady. The old lady reached out and took it, then opened it, and took out the green and

black bracelet inside. Looking at this bracelet, the old lady's face showed a little nostalgia, "Shu Shu, did Jing Ting tell you the meaning of this bracelet?"

"No." Rong Shu shook her head, "but he said that this bracelet has the meaning of inheritance and handover."

"He is right." The old lady put down the bracelet and said slowly in a nostalgic tone, "This bracelet was uploaded by the ancestors of the Fu family. The ancestor of the Fu family who came down was once a high-ranking official in the court, and the bracelet was also a royal gift, specially for the mistress of the family, but later, with the development of the times, the bracelet also became a token for the wife of the heir of the Fu family."

"Heir . Wife?" Rong Shu looked at the bracelet, "It turns out that inheritance and handover mean this, and it's almost as I guessed." The

old lady smiled, "Actually, it's not difficult to guess, looking at the oldness of the bracelet, how much I can guess."

Rong Shu hummed, "You are right."

"This bracelet was given to me by your great-grandmother when I married your grandfather, and later I gave it to Jing Ting's mother, but Jing Ting's mother, you know, she doesn't love Jing Ting's father, and she doesn't consider herself the daughter-in-law of the Fu family, so she didn't want this bracelet, and then I took it back and planned to give it to Jing Ting's wife, who is You."

Speaking of which, the old lady sighed, "This bracelet should have been given to you six years ago, and I was going to give it to you, but was stopped by Jing Ting, as you know, at that time Jing Ting was still thinking. I'm sick, so..."

Chapter 694 The Heating Is Broken

"I know." Rong Shu understood what the old lady meant and nodded with a smile.

The old lady looked at her, "Shu Shu, don't you blame Jing Ting?"

"You just said that he has a sick mind, how could I care about someone with a sick mind, and it wasn't his will." Rong Shu sighed.

The old lady was slightly surprised, "Do you know about Jing Ting being hypnotized?"

"Well, I see, he told me, and I also asked Lin Tianchen for verification, and after confirming that he was indeed hypnotized, I made up my mind to forgive. What he did in the past, otherwise, how could I forgive him so quickly." Rong Shu lightly flipped her hair back.

The old lady nodded with a smile, "That's right, then this bracelet, Shushu, I'll give it to you now, although it's six years late, but fortunately, it still belongs to you in the end, and you can do it later. Like me, it will be passed on to you and the wife of Jing Ting's children."

"No, no, grandmother." Rong Shu quickly shook her head and refused with both hands, "I can't have this bracelet, although Fu Jingting and I got back together, we didn't remarry. , This bracelet is for the daughter-in-law of the Fu family, I am not yet, so how can I give it to me."

"Although you have not yet remarried with Jing Ting, in my case, you are the daughter-in-law of the Fu family and my grandson-in-law. , This point has never changed, besides, don't you want to remarry Jing Ting?" The old lady stared at her closely.

Rong Shu opened her mouth and finally shook her head, "Of course not, just now..."

"Since it doesn't mean that you are not planning to remarry, it means that you will remarry Jing Ting in the end, so of course you can accept this bracelet. Just be a little earlier." The old lady interrupted her, then took her hand and put the bracelet on her.

This made it too late for Rong Shu to stop her. By the time she reacted, the bracelet had already settled on her wrist.

The green and black bracelet, although it lost a lot of luster, looked a little dull on the surface, not as good-looking as those in jewelry stores.

But this bracelet is full of the quaint atmosphere of the times, a charm that other bracelets don't have, and worn on Rong Shubai's luminous wrist, it has a unique style and is really beautiful.

The old lady touched the back of Rong Shu's hand and was full of praise, "It's really good, this bracelet suits you very well, it can be seen that you are indeed the daughter-in-law of my Fu family."

Rong Shu's face flushed, "Grandma..."

She wanted to put Take off the bracelet.

But the two directly held her hand and said solemnly, "You are not allowed to take it off. You have already put it on, so you can't take it off. Wear it well, you know?"

Looking at the serious expression on the old lady's face , Rong Shu didn't know whether to laugh or cry, "Okay, I know, I won't pick it."

She was afraid that if she really picked it, the old lady would definitely get angry.

After all, old children, the older they get, the more they become like children.

Seeing that Rong Shu took her hand away and would not take off the bracelet, the old lady smiled happily again with satisfaction, and returned to her kind look, "That's right."

Rong Shu smiled and took her hand. Withdrew, he lowered his head and touched the bracelet on his wrist.

I don't know if it was the compliment from the old lady just now.

She suddenly felt that this bracelet was very suitable for her, and when she put it on her wrist, it didn't feel old-fashioned at all.

"That's right, grandma." Suddenly thinking of something, Rong Shu raised her head, looked at the old lady and asked, "Why didn't you give this bracelet to Wang Shuqin?"

It stands to reason that even if the old lady doesn't like Wang Shuqin, Wang Shuqin is still with Wang Shuqin after all. Fu Jingting's father married the daughter-in-law of the Fu family.

This bracelet should be given to Wang Shuqin.

But listening to what the old lady just said, it seems that the bracelet has been in the hands of the old lady.

When the old lady heard Rong Shu's question, the smile on her face faded a lot, "Because I don't like her, and I don't recognize her as the orthodox daughter-in-law of my Fu family, the daughter-in-law of our Fu family is married to the Ming media. Yes, only she is not."

After saying that, the old lady's eyes fell on the bracelet on Rong Shu's wrist, "None of the women in our Fu family is a third party, so I don't want to give this bracelet, nor do I give it to her, if I give it, then Wouldn't it be better to slap your ancestors in the face again?"

Rong Shu nodded slightly, "That's true."

"So, I never gave her an idea for this bracelet, she wanted to come, but I sent it all away, to be honest. , if it wasn't for the fact that she has been fairly peaceful all these years, and she really treats Jing Ting as her own son, I would have killed her long ago." The old lady said lightly.

The next second, she laughed again, "Okay, let's not talk about this, it's getting late, how about staying here for a meal with my old lady?"

"Okay." Rong Shu nodded and agreed.

The old lady happily took out her mobile phone, called Feng's mother, and asked Feng's mother to go out to buy food.

"What do you want to eat?" the old lady asked with her phone.

Rong Shu thought for a while, "Follow your taste, grandmother, my taste is very close to yours."

"That's fine, then I'll let Xiao Feng buy it." The old lady said.

Rong Shu hummed, then stood up, "Grandma, I'll go out and make a phone call, and I'll be back later."

"Go." The old lady agreed with a smile.

Rong Shu turned around and walked towards the door of the ward.

As soon as she walked out of the ward, she was startled by the man outside the ward, "Ah!"

Fu Jingting was also taken aback by her cry, stood up straight and stepped forward, "What's wrong?"

Rong Shu rolled his eyes at him, and then lightly

patted his chest and said, "What else can I do? I was scared by you. How long have you been here?"

After all, no one would have expected someone to suddenly appear outside.

"It's been a while." Fu Jingting raised his wrist and glanced at his watch. "After finishing the formalities for grandma, it's here."

He looked at her wrist where she patted her chest, where the dark green bracelet was very conspicuous.

Rong Shu noticed his gaze, raised her wrist and turned around, "This is what my grandmother put on me."

"It's beautiful." Fu Jingting's thin lips curled slightly, and he praised from the bottom of his heart.

Rong Shu was naturally happy in her heart, and when she put down her wrist, she could see the smile on her face.

“By the way, since you’ve completed the formalities, why didn’t you go in?” Rong Shu pointed to the door of the ward.

Fu Jingting looked at her, “Waiting for the end of your conversation with your grandmother.”

“I see.” Rong Shu nodded, “Actually, my grandmother and I didn’t talk about anything, mainly about this bracelet.”

“I know.” Fu Jingting responded. write.

“Have you heard?”

“I heard some.” Fu Jingting replied, and then asked, “What are you doing out?”

“Call.” Rong Shu took out her phone and shook it, “There was a problem with the heating at home yesterday, so during the day When I got off work, I asked the property owner to wait for me to check it out, but just now I agreed to stay and accompany my grandmother to finish dinner, so the time to repair the heating that I made with the property owner will be postponed, so I have to tell the property owner.”

Fu Jingting With a sigh, “then go to my place tonight.”

“Huh?” Rong Shu was stunned for a moment.

“The heating in your place is broken. When we go back after dinner, it is already very late. I guess we can’t fix it today. If we have to wait for tomorrow, then it will be very cold to sleep tonight, and it will be easy to catch a cold, so the best way is to go to me. Over there.” Fu Jingting said, the light in his eyes flashed, and it was fleeting,

but Rong Shu still caught it and narrowed his eyes, “How do I feel, when you said that the heating in my place was broken, you seemed very happy What does it look like?”

Chapter 695 Where did the bracelet come from?

Fu Jingting looked startled.

She found out!

But even if he saw it, he couldn’t admit it.

Fu Jingting lowered his eyes and coughed lightly, “No.”

“Really not?” Rong Shu stared at him, obviously not believing his nonsense, “I just saw that you were very happy, because this way, I can I went to live with you, didn’t I? Otherwise, why do you say that going to your place is the best way?”

“I didn’t mean that.” Fu Jingting wanted to argue.

Rong Shu folded her arms, “Oh yes, since you don’t want me to go to your place, then I can stay in a hotel tonight, so look, who said going to your place is the best way.”

“No! “Fu Jingting was in a hurry when he heard the woman say she was going to stay in a hotel.

Seeing this, Rong Shu’s eyes showed a hint of interest, and then deliberately asked, “Why not?”

“The hotel is not safe.” Fu Jingting frowned and said seriously.

Rong Shu was about to die of laughter in her heart, but she still tried not to laugh on her face.

God knows how hard she is doing this.

“Who said hotels are not safe?” Rong Shu snorted, “Do you think I’m going to that kind of small hotel?”

“That’s not possible either.” Fu Jingting pursed his thin lips.

Rong Shu looked at him, “Then you said, why not.”

Fu Jingting’s thin lips moved, but no sound came out for a while.

Rong Shu’s eyes flickered.

It seemed that he wanted to provoke him before he was willing to admit that he wanted her to go to him.

Otherwise, Baganzi can’t make a fart.

Thinking about this, Rong Shu unlocked her phone, “You don’t have to say it. I’ll book a room first. If I can’t make it, I can go to Aqi’s place to stay overnight.”

Hearing that Rong Shu was going to sleep at Lu Qi’s place, Fu Jingting felt bad.

How can I go to sleep at my rival’s place!

Fu Jingting snatched Rong Shu's cell phone and snuffed it out, "You are not allowed to go to the hotel, nor to Lu Qi's place."

"Oh? It's not okay, it's not okay, then you have to tell me, where do you want me to go? It's difficult. Can't you let me go to sleep on the main road?" Rong Shu looked at him on his hips.

Fu Jingting returned the phone to her, as if he had made up his mind, rubbed his temples and said, "Go to my place, you can only go to my place."

He also emphasized it again.

Rong Shu raised her red lips, "So, you are really glad that the heating in my house is broken, because of this, I can only live at your place?"

Fu Jingting didn't deny it this time, but hummed and admitted.

Rong Shu smiled, "It's better to say no sooner? You have to let me deliberately provoke you, obviously sometimes you have a thick skin, why is it sometimes thin?"

Hearing this, Fu Jingting's pupils slightly enlarged, "You just now Did you mean to go to the hotel to go to Lu Qi's place?"

"Hmm." Rong Shu laughed, "No, you would admit that you are just happy that the heating is out of order and want me to go to your place? "

Fu Jingting coughed and said nothing.

Rong Shu shook his head, "Okay, I won't tell you, I'll call the property."

"Well." Fu Jingting nodded.

Rong Shu dialed the property's phone and spoke to the other side.

Fu Jingting stood beside her and kept looking at her, the deep affection in his eyes seemed to be drowning.

When the patient's family members saw this scene, they couldn't help but feel that the two young people were a match made in heaven.

After making the call, Rong Shu took off the phone and saw Fu Jingting's affectionate eyes staring at her.

She was somewhat uncomfortable when he saw her, so she deliberately gave him a fierce look, "What are you looking at?"

Fu Jingting chuckled, "Look at you."

"What do I have to look at." Rong Shu put away her phone.

Fu Jingting nodded slightly, "You look good, in my heart, you are the best looking."

Rong Shu blushed, "Don't be sloppy, go." After she finished speaking, she opened the door of the ward and went in.

Fu Jingting let out a low laugh and went in as well.

When the old lady saw Rong Shu coming back, there was a Fu Jingting behind her. Not to mention how happy she was, she couldn't close her lips when she smiled, "Why did you two come in together?"

"We met at the door, so we came in together." Rong Shu returned road.

"This is fate, otherwise how can we meet?" The old lady said with a smile.

Rong Shu's mouth twitched.

What is the fate, they are all in the hospital, they are all to see their grandmother, it is strange that they will not meet.

But the old man said this because he wanted to bring her and Fu Jingting closer, so she just followed suit.

"Grandma said yes." Rong Shu smiled and nodded.

Fu Jingting didn't answer, just watched grandmother and Rong Shu chat happily.

At this moment, the old lady's cell phone rang suddenly.

The old lady picked it up and took a look, "It's Xiao Feng's call."

After speaking, she answered immediately.

A minute later, the old lady put down her phone and sighed, "Xiao Feng said, she drove out to buy dinner, and encountered a traffic jam, and it would take a long time to come back, so we have to buy it again, or wait for her to come back, the meal will be early It's getting cold."

"In that case, let me go and buy some at the restaurant near the hospital." Rong Shu stood up and asked Ying.

Fu Jingting pressed her back, "I'll just go, you can stay with my grandmother here." For this kind of thing, let him come as a man.

Otherwise, what do you want him for?

"That's right, it's time to let Jing Ting go, Shu Shu, you are here to chat with me." The old lady also took Rong Shu's hand and agreed.

No way, Rong Shu had to sit down in peace.

Fu Jingting left and went out to buy food.

Not long after he left, the doctor who examined the old lady came.

After some examinations, the doctor approved the request of the old lady to be discharged from the hospital tomorrow.

But for the recovery of the old lady after she was discharged from the hospital, the doctor also prescribed a lot of medicine to the old lady.

Rong Shu took the medicine list and went to the pharmacy of the hospital to get the medicine for the old lady.

When she got the medicine and walked into the elevator, she suddenly saw an acquaintance.

Wang Shuqin.

Wang Shuqin also didn't expect that she would meet Rong Shu, there was a flash of surprise on her face, then she raised her chin and looked at Rong Shu proudly, "Yo, with so many medicines, is this a terminal illness?"

Rong Shu Her face became cold, "This is grandmother's medicine, are you cursing grandma?"

Wang Shuqin was stunned for a while, then the fat on her face trembled with anger, "Why didn't you say it earlier, it's the old woman's medicine, Did you see me laughing on purpose?"

Rong Shu laughed angrily, "You didn't even ask me who the medicine was, you just insisted that it was mine, and if it was wrong, you blamed me for not telling you, Saying that I didn't tell you because I wanted to see your jokes, you're really a good slapper."

"You..." Wang Shuqin also knew that she was making trouble just now, but she felt that she was an elder, and even if she was wrong, she would not admit it. .

Otherwise, lose face.

Thinking about it, Wang Shuqin put her arms around her arm, and was about to have a yin and yang qi attack, when she suddenly saw the bracelet on Rong Shu's wrist, her face changed greatly.

Then, she stretched out her hand, grabbed Rong Shu's right hand suddenly, grabbed it in front of her, and looked even more ugly.

It's really that bracelet!

"What are you doing?" Rong Shu didn't expect Wang Shuqin to suddenly make a move. She was dragged by Wang Shuqin, and she lost her center of gravity and almost fell.

Fortunately, in the end, she reacted in time and supported the elevator wall with her other hand, which stabilized her figure.

"How did you get this bracelet? How could it be in your hands?" Wang Shuqin raised Rong Shu's hand to Rong Shu's eyes, and asked with a distorted expression, "Did you steal it?"

"You are crazy!" Rong Shu With a forceful flick of his hand, he pulled it back from Wang Shuqin's hand, then rubbed the wrist that was scratched by Wang Shuqin. have a look?"

Chapter 696 Hand over the bracelet

Wang Shuqin's throat choked at these words, and her face twisted.

Yes, this bracelet is one of the family heirlooms of the Fu family. It was specially passed on to the daughter-in-law. The old lady kept it in the old house.

And the old house is heavily guarded, who can steal it?

Even if you steal it, do you dare to wear it openly?

But since it wasn't stolen, then this bracelet...

a possibility suddenly popped up in my heart, which made Wang Shuqin a little unacceptable.

The fat on her face trembled, and she asked again, "Then tell me, how did this bracelet come from?"

Rong Shu put down her hand and said lightly, "How else can it come, of course, it was given to me by my grandmother. "

It's impossible!" Wang Shuqin's voice rose instantly, her tone was sharp and a little harsh.

Rong Shu tilted her head to the side and covered one ear with a bad expression, "What are you doing? Why is it impossible!"

"You are lying, aren't you!" Wang Shuqin approached her, obviously excited, "This bracelet is from Fu You are not the daughter-in-law of the Fu family, why did the old lady give you the bracelet, so you must be lying."

She never believed that the bracelet was given by the old lady.

This bracelet is for the daughter-in-law of the Fu family. Even if it is to be given, it should be given to her.

Why give it to Rong Shu!

So what Rong Shu said must be false.

"Ha? I lied?" Rong Shu was taken aback by Wang Shuqin's words, and then became exasperated, "Wang Shuqin, what evidence do you have that I'm lying?"

"Do you still need evidence? This bracelet is the evidence!" Wang Shuqin pointed at The bracelet on her wrist was grim, "As I said, the bracelet was passed on to the daughter-in-law of the Fu family, what kind of thing are you wearing this bracelet? What about the old lady who gave it to you, bah, the old lady that People are the most disciplined and will give you this? Unless she is confused, it is impossible, so you quickly hand over the bracelet!"

She stretched out her hand and put it in front of Rong Shu, motioning for Rong Shu to take off the bracelet.

Rong Shu took a step back clutching the bracelet and looked at Wang Shuqin blankly, "Impossible, the bracelet was given to me by my grandmother, and now it belongs to me, so I won't give it to you, if you have any dissatisfaction, just go Talk to my grandmother, it's useless to tell me."

"You..." Wang Shuqin didn't expect Rong Shu to be so stubborn, she didn't give her the bracelet without saying anything, she was so angry that she trembled all over, "Rong Shu, what exactly do you give her? Don't give it to me?"

"No!" Rong Shu replied without hesitation, with a faint mockery in her eyes, "Wang Shuqin, don't think I don't know why you have to give me the bracelet, you just want this Bracelet, because this bracelet can only be given to the daughter-in-law of the Fu family, and you Wang Shuqin is obviously also the daughter-in-law of the Fu family, but your grandmother refused to pass it on to you, so you have been brooding in your heart,

and now you see the bracelet in my hand , and after learning that it was given to me by your grandmother, your heart was completely broken and you couldn't accept this fact, so you wanted to grab the bracelet, am I right?"

Wang Shuqin heard this, her pupils instantly dilated, A bit of confusion appeared on his face.

Obviously, Rong Shu was right about all the thoughts in her heart.

But Wang Shuqin refused to admit it, pointed at Rong Shu's nose and said loudly, "You...you are talking nonsense!"

"I know whether I am talking nonsense or not, after all, the jealousy in your eyes will soon melt away. For the knife, you stabbed me to death." Rong Shu sneered, "Actually, you have long believed that this bracelet was given to me by my grandmother, after all, it is impossible for the bracelet to fly into my hand by itself, but you are not willing to Admit it, because once you admit it, you can't make excuses like this to steal the bracelet, Wang Shuqin, I've already said this, do you still deny it?"

Wang Shuqin's face turned pale and pale, like a palette , very funny.

Her hands on both sides were also clasped and clasped. After a while, she accepted the reality and calmed down. She snorted coldly at Rong Shu, "What if you're right? I still won't accept that this bracelet is an old one. The wife gave it to you sincerely, and you must have coaxed the old lady to give it to you while she was in the hospital and her mind was not clear."

Hearing this, Rong Shu rolled her eyes to the sky, "Wang Shuqin, I really admire your brain, you can think of any reason for this, it's a talent, unfortunately, it's a quotation mark, grandmother I was hospitalized, just because I was in a hurry, my brain is still very clear, there is no such thing as not sober, and also, before this bracelet appeared in my hand, I didn't even know that the Fu family still had this bracelet, so you told me , how can I coax?"

Wang Shuqin's eyes flickered with a guilty conscience, and the next second, she stretched out her hand fiercely, "Who knows how you coaxed, in short, you must hand over this bracelet."

She insisted. Grab the bracelet.

But Rong Shu wouldn't give it to her.

"I'm not!" Rong Shu hid the bracelet-wearing hand behind her back.

Seeing this, Wang Shuqin went to grab it.

Just then, the elevator arrived.

Rong Shu stepped out of the elevator before Wang Shuqin's hand touched her.

Wang Shuqin was stunned for a moment, then stomped her teeth and chased after her, "Rong Shu, stop!"

Rong Shu pretended not to hear anything and continued to walk forward.

Wang Shuqin quickened her pace, "I told you to stop, did you hear me?" The fool stopped.

Rong Shu thought to herself, and the pace under her feet also quickened.

Soon, her eyes lit up and she walked into a ward.

When Wang Shuqin saw her go in, she thought she was being chased by herself and ran into a ward to hide from her, with a sneer on her fat face.

Now let's see where you're going.

That bracelet, she must get it today.

Thinking of this, Wang Shuqin also trotted towards the ward.

Since she was full of bracelets at the moment, she didn't realize at all that the ward that Rong Shu entered was the destination of her coming to the hospital, the old lady's ward.

Then, Wang Shuqin's shouts were all heard by the old lady.

"Rong Shu, hand over the bracelet, do you hear me? If you don't hand it over, don't blame me..."

"Don't blame you?" Before Wang Shuqin could finish her words, she was interrupted by a cold old voice.

This sound was like a bucket of ice water, which poured Wang Shuqin from head to toe, and made Wang Shuqin's brain instantly sober.

However, after waking up, a huge panic hit from the bottom of her heart, hitting her whole body, making her stand cold and unable to move forward.

"Mom..." After a long while, Wang Shuqin regained her voice and called out to the old lady who was staring at her gloomily on the hospital bed.

The old lady sneered, "Don't call me mother, I can't be your mother."

Hearing the anger in the old lady's voice, Wang Shuqin swallowed, feeling anxious.

When it was over, the old lady got angry.

How could it be so coincidental that the old lady overheard her own words!

Wang Shuqin regretted Mo Die in her heart.

Of course, what she regretted was not that she was chasing Rong Shu for the bracelet, but that she should not have shouted so loudly, otherwise the old lady would not have heard it.

It's all Rong Shu's fault!

Knowing that she was chasing her, Rong Shu deliberately ran to the old lady's ward without reminding her when she ran in. She just wanted her words to be heard by the old lady and let the old lady deal with her.

It's a good way to kill someone with a knife.

Thinking about it, Wang Shuqin stared at the side of the hospital bed with a twisted face. Rong Shu, who was dispensing medicine for the old lady with a clever face, wanted to stare Rong Shu out two holes.

Chapter 697

Seeing this, the old lady's face became even more gloomy.

She patted the quilt on her body hard, and said in a cold voice, "Wang Shuqin, what kind of eyes are you looking at? Are you going to eat Shushu?"

Wang Shuqin was scolded by the old lady and shivered, and she quickly shrank her neck, not daring to stare again. Rong Shu smiled shyly and said, "Mom, what did you say, how could I eat her."

"Hmph, the look in your eyes just now means you want to eat Shu Shu?" The old lady sneered.

Wang Shuqin lowered her head and did not answer.

She knew that it was more wrong to say so than to say nothing.

Rong Shu watched Wang Shuqin look like a grandson in front of the old lady, the corners of her mouth couldn't help hooking up, and there was a gloating smile in her eyes.

When Wang Shuqin saw it, she was so angry that she said, "Your surname is Rong, what are you..."

"What are you doing?" Seeing that Wang Shuqin was going to target Rong Shu again, the old lady patted the quilt again.

Wang Shuqin's arrogance suddenly weakened, and she pointed at Rong Shu and complained, "Mom, she just laughed at me."

"Hmph, aren't you funny?" The old lady looked at her critically, "You are full of jokes all over your body, don't you? A joke is a weird thing."

"Mom, how can you say that?" Wang Shuqin bulged her frog eyes, "I'm your daughter-in-law."

"Then Shu Shu is still my granddaughter-in-law, if you dare to bully my granddaughter-in-law, I will Dare to take care of you, you must know that with me, you are not as important as my granddaughter-in-law in my heart." The old lady looked at her sullenly and said.

Wang Shuqin's heart was sore and anxious, and her eyes were red when she looked at Rong Shu, "Granddaughter-in-law? Mom, you are confused, she is not your granddaughter-in-law for a long time, you still regard her as your granddaughter-in-law, not only that, you even that I gave her all the bracelets, I think you really..."

"I almost forgot if you didn't tell me." The old lady suddenly narrowed her eyes.

Seeing this scene, Wang Shuqin suddenly froze in her heart, "What... what?"

"Shushu, come." The old lady patted the side of the hospital bed and motioned for Rong Shu to sit down.

Rong Shu put the prepared medicine aside and sat down obediently, "Grandmother."

"Shu Shu, tell your grandmother, did she want to rob you of your bracelet just now?" The old lady pulled Rong Shu's bracelet and said.

"This..." Rong Shu lowered her eyelids and seemed embarrassed, "Grandmother, I'm not very good at saying, after all, she is also Fu Jingting's mother, I..." The

old lady comforted her, "It doesn't matter, it's just a stepmother, you Don't worry, grandma asks you to say it, even if Jing Ting is not happy, grandmother will take care of you, what are you afraid of?"

"Since grandma has said so, then fine." Rong Shu nodded and lowered her eyelids. The slyness in her eyes was covered, and she put on a wry smile, "Just now in the elevator, Mrs. Fu saw the bracelet in my hand, and she not only suspected that I had stolen it, but also tried to snatch it, no matter what I was. How to explain it, she didn't want to believe that the bracelet was given by you, and she even said that I coaxed it from you while you were not clear-headed. Grandma, please explain to Mrs. Fu, I really No. "

She said how wronged she was, how pitiful she was, and when people heard it, they subconsciously raised a desire for protection, and then they believed that without any doubt.

But only Rong Shu herself knew how nauseated she was at the moment.

Unexpectedly, I pretended to be a white lotus, which turned out to be so disgusting.

"Okay, grandmother will make it clear to her." The old lady straightened Rong Shu's hair with a very kind and gentle expression.

When he turned to Wang Shuqin, the gentleness on his face disappeared immediately, and only boredom remained, "Okay, you are so bold, you even robbed the bracelet I gave Shu Shu."

"No mom, don't listen to her nonsense." Wang Shuqin pointed at Rong Shu in a panic, "I didn't grab the bracelet, I just saw the bracelet that originally belonged to the Fu family and put it on an outsider's hand, so I wanted to get it back. , after all, this is the Fu family's bracelet, what's the point of wearing it on her hand, Mom, you too, how can you give the bracelet away indiscriminately, this bracelet is for the Fu family's daughter-in-law, she is not..."

"I won't give it to Shushu, so should I give it to you?" The old lady raised her eyes and interrupted her again.

Wang Shuqin's eyes flashed, "I...I..."

Rong Shu rolled her eyes when she saw that she couldn't speak, and said with a half-smile, "Mrs. Fu, what am I, tell me quickly."

Wang Shuqin bit her lip , glared at Rong Shu angrily.

Say?

What does she say?

Could it be that she just wanted the bracelet to be given to her?

But she knew that once she said it, it would be strange for the old lady not to find something to hit her.

Taking a deep breath, Wang Shuqin adjusted her mind and forced a smile on her fat face, "Mom, of course I don't mean that, what I mean is that since the bracelet is for my daughter-in-law, it should be given to my daughter-in-law, of course. , I didn't say it to me, you can give it to Jing Ting or Jing Lin's wife, what do you do to Rong Shu as an outsider, isn't this violating the ancestral instruction."

"Humph!" The old lady glanced at Wang Shuqin and sneered.

Don't think she doesn't know, the meaning of this woman's words is that she hopes that she will take back the bracelet and give it to this woman.

It's a pity that she is not what this woman wants.

"Who said that the bracelet for Shushu is for outsiders? Shushu has already reunited with Jing Ting, don't you know? Since they are reunited, their remarriage will be soon, so I didn't give the bracelet wrong, it's just ahead of schedule. Just a little bit." The old lady spread her hands.

"What? Reunited?" Wang Shuqin's voice was sharp in an instant.

Rong Shu smiled at her, "Yes, Mrs. Fu, I forgot to tell you, I'm really sorry."

"This...this..." Wang Shuqin's lips trembled, and it took a long time before she said a complete sentence, "When did it happen?"

"It was yesterday. " Rong Shu continued to smile.

The old lady kindly held Rong Shu's hand and looked at Wang Shuqin's eyes, but she was extremely cold, "Wang Shuqin, now that you know that Shu Shu and Jing Ting have reunited, it will be a matter of time before she returns to the Fu family, so you It's better to be quiet, don't forget what I said to you before, if you still dare to bully Shu Shu like you did before, think about the consequences."

As soon as these words came out, Wang Shuqin's face turned extremely pale. "Yes... I won't, don't worry Mom."

How could she not remember.

The old lady had made it clear before that if she dared to bully Rong Shu, she would be kicked out of the Fu family.

She didn't want to be kicked out of the Fu family, not only was she reluctant to live in the Fu family's superior life, but she also didn't want to leave her son and this place full of memories of herself and A Huai.

Besides the old lady, even Jing Ting had clearly told her that between her and Rong Shu, the one he would give up was not Rong Shu.

So now, she really can't meet Rong Shu.

"It's just what you say who won't, the key is to do it." The old lady said again, "I hope you can do what you said, otherwise you will regret some of it, and the bracelet on Shu Shu's wrist, I advise you to do it too. Don't make up your mind, otherwise you will have a hard time."

"Got it." Wang Shuqin lowered her head, either in grievance or in response.

The old lady snorted and ignored her.

At this moment, Rong Shu endured the tumult in her stomach, she once again dressed up as a white lotus flower, and smiled embarrassedly at Wang Shuqin, "I'm sorry Mrs. Fu, it's all because of me that you were blamed by your grandmother, I hope you don't care. "

How dare I care." Wang Shuqin's eyes were red with anger, and she replied in a strange tone of yin and yang.

The old lady frowned in displeasure and was about to say something.

Rong Shu took her hand and looked at Wang Shuqin with a smile, "It's fine if Mrs. Fu doesn't care, then I'm relieved, and with my grandmother here, I'm not afraid that Mrs. Fu will settle accounts with me in private."

Chapter 698 Warning to Wang Shuqin

The implication is that although Wang Shuqin promises not to bully her now, she will still trouble her privately.

In fact, Wang Shuqin really planned this way.

She lost face here, how could she not want to find a place later?

It's just that she didn't expect that Rong Shu knew her very well, and she directly told her wishful thinking, or deliberately said it in front of the old lady.

In this way, she directly killed her idea of finding Rong Shu to settle accounts in private.

When the old lady heard Rong Shu's words, she stared at Wang Shuqin grimly and sneered, "She dares? Shu Shu, if she really finds you in private, you can tell me immediately."

"Good grandmother." Rong Shu held the old man's arm, smiled and leaned his head on the old lady's shoulder, "Thank you grandma for supporting me." The

old lady touched her hair lovingly, "Thank you, you are my granddaughter-in-law and my granddaughter, I won't help you. Help who?"

Rong Shu hummed with emotion.

On the opposite side, Wang Shuqin saw this scene, her teeth were shaking with anger, and after a while she managed to suppress the anger in her heart and said goodbye, "Mom, it's getting late, I'm here this time to see how you're recovering. Now, since you have nothing to do, then I will go first, and I will go back and let someone clean Fu's mansion, Jinglin should be back in a few days."

She was afraid that if she didn't leave again, Rong Shu's little hoof would still be there. What to say, let the old lady trouble her.

In short, she now understands that this family is all for Rong Shu, and she is the only one.

And how can I fight against so many of them by myself?

Later, Rong Shu married again, and she was looking for opportunities to clean up this little hoof.

For the past six years, she has been obedient to clean up this little hoof, so why not?

Thinking about it, Wang Shuqin felt a lot better in her heart, and her fat and twisted face gradually subsided.

The old lady waved her hand impatiently, "Let's go, let's go, I just don't want to see you either."

"..." Wang Shuqin almost bit her silver teeth.

This is really hurtful.

Obviously she is also a daughter-in-law, why does the old lady dislike her so much?

Is it because she is a third party?

But this third party is different from other third parties. Doesn't the old lady know that, why doesn't she like her so much?

Wang Shuqin looked at the old lady's indifference to herself and her unreserved love for Rong Shu for ten years, and her heart was not uninjured.

Afterwards, she closed her eyes, not wanting to look any further, picked up her bag and turned away.

Rong Shu looked at her back, something flashed in her eyes, and stood up from the hospital bed, "Grandma, let me give Mrs. Fu."

"What to give her?" The old lady frowned and said.

Rong Shu smiled and said, "Anyway, she is Fu Jingting's elder, and she leads Fu Jingting in one hand. Just because of this relationship, I can't turn a blind eye to her. I will be back soon." After she finished speaking, she chased after Wang

Shuqin go with.

After chasing outside the ward, Rong Shu stopped Wang Shuqin, "Mrs. Fu."

Wang Shuqin stopped and turned around, swept away the forbearance in the ward, and glared at her angrily, "What? You are here to laugh at me. Is it?"

Rong Shu walked over, "What are you laughing at?"

"It's a joke that I was in the ward just now and was accused of being a quail by the old lady." Wang Shuqin said mockingly.

Rong Shu stopped in front of her, "You're right, I'm here to laugh at you."

"You..." Wang Shuqin's expression became ruthless, and she raised her hand to hit Rong Shu in the face.

Rong Shu directly raised her hand to grab her hand and tightened it hard.

The flesh on Wang Shuqin's aching face kept trembling, "Let me go."

Rong Shu forcefully shook her hand away, and said in a cold voice, "You should be glad that I am reunited with Fu Jingting now, otherwise it's up to you to fight. My actions, the moment I grabbed your hand, I slapped you in the face with a backhand, instead of letting you go so easily."

Hearing the seriousness in Rong Shu's tone, Wang Shuqin's lips trembled. He trembled, and there was even a hint of fear on his face.

Rong Shu really wanted to hit her just now!

Seeing Wang Shuqin's fear of herself, Rong Shu smiled with satisfaction, "To be honest, I'm not just here to laugh at you, I'm here to warn you."

"Warn me for what?" Wang Shuqin clenched her fists.

Rong Shu ruffled the hair around her ears, then put her arms around her, "I warn you to put away those thoughts in your heart, don't think I don't know, you promised not to target me, but in fact you never gave up. You deceived grandmother."

"You are talking nonsense!" Wang Shuqin's voice rose sharply, as if this was the only way to prove that she was indeed talking nonsense.

Rong Shu laughed sneeringly, "Am I talking nonsense, you clearly hate in your heart, what kind of person you are, I also know very well, but Wang Shuqin, you don't seem to fully realize that I am not six years old. The former you bullied me, and Fu Jingting and I got back together. If there is no accident, remarriage is a sure thing, so I will be the daughter-in-law of the Fu family again, but this time is different from before. If you dare to target me, I will Dare to fight back, you can no longer be as high as you did in the past six years, pointing fingers at me."

"If you say I can't, I can't do it?" Wang Shuqin rolled her eyes in disdain, obviously not putting her words on the table. heart.

As Rong Shu said just now, Wang Shuqin has not fully realized that Rong Shu has changed, not the same as six years ago.

At this moment, in Wang Shuqin's heart, Rong Shu is still the bun who will let her negotiate.

Wang Shuqin's reaction was expected by Rong Shu, so it was not surprising to see that Wang Shuqin didn't believe her words. She still kept a faint smile on her face, but the smile did not have the slightest warmth.

"You'll believe it." Rong Shu lightly opened her red lips and said in a calm tone, "Grandma said, once you target me, let me tell her."

"So what you said, I can't be like what I did six years ago. Aiming at you, just complaining to the old lady?" Wang Shuqin looked at Rong Shu with contempt, "What else should I do?"

"Of course not." Rong Shu put her index finger, "On the contrary, I haven't told my grandmother what I mean. , because I can push you down without my grandmother."

"Just you?" Wang Shuqin was still disdainful.

The corners of Rong Shu's mouth twitched, "Just rely on me, don't forget, now Fu Jingting's heart is on me, as long as I catch his heart, I will have a way to deal with you, and even wait until Fu Jingting and I get back together. After marriage, I became the head mistress of the Fu family, which made it easier to deal with you. You even had to rely on my breath to live. If I was not happy, I would freeze all your bank cards, or kick you out of the house. Yes, believe it or not, neither Fu Jingting nor his grandmother will talk to you, but Fu Jinglin will. After all, are you his own mother, but what can he do? He can't do anything, because he has to rely on my sister-in-law. , I'm not happy, and I also froze his card, so that he can't even connect to you."

"You dare!" Wang Shuqin screamed, "I'm the mother of Jing Ting, how dare you treat me like this?"

"Stepmother That's it, what are you proud of?" Rong Shu curled her lips, "It is true that you have raised Fu Jingting for more than ten years, but did you pay for the expenses yourself? It's not all the Fu family's money, at best, you just gave it Fu Jingting is only a mother's love, and the material conditions have nothing to do with you, so how much mother-son relationship can you have with Fu Jingting? Who do you think he values ??more between me and you? "

Chapter 699 The old lady's anger is indisputable

"..." Wang Shuqin, who asked this question, was suddenly speechless and her throat was blocked badly.

Who cares more?

Isn't the answer obvious?

Jing Ting made it clear that in his heart, her stepmother is not comparable to Rong Shu.

So, that makes her answer. Looking at Wang Shuqin's Baiwei

and Chen Za's face, Rong Shu chuckled, "It seems that you have the answer in your heart, so you still think I dare not?" Rong Shu snapped her nails, and said lightly, "For the sake of you raising Fu Jingting after all, I'm telling you these warnings. Of course, it's a warning rather than an exhortation. So be polite to me, don't think about how to target me in the future, otherwise what I just said will be your end." "You only rely on Jing Ting to love you, so you dare to be so arrogant." Wang Shuqin gritted her teeth. , "If Jing Ting doesn't love you anymore, do you still dare to treat me like this? So Rong Shu, you'd better beg Jing Ting to love you all your life, otherwise, it's not you who pinch me, but I will pamper you. " Thank you for your reminder." Rong Shu replied with a

smile, "But don't worry, you won't have that day. If it's true that Fu Jingting doesn't love me one day, I will definitely suppress you first, and won't let you go." There is a chance to take action against me." "You..." Wang Shuqin choked again, her face blushing. She knew that she couldn't talk about this woman no matter what, and she couldn't beat this woman. So say it again, sooner or later you will be pissed off. The angry Wang Shuqin stomped her feet and turned to leave. Rong Shu looked at her back and touched her chin with a smile. I have to say, pretending to be a bad woman to threaten and warn others is quite refreshing and exciting. No wonder people nowadays are so arrogant.

Rong Shu snorted, and after Wang Shuqin disappeared in the elevator, she also turned around and went back to the ward.

The old lady was reading a magazine when she heard footsteps and said without raising her head, "Farewell?"

Rong Shu hummed, "Farewell." The

old lady closed the magazine and raised her head, with a smile that was not a smile. Looking at her, "Shu Shu, I didn't expect you to be pitiful to deal with someone one day."

She was referring to the matter of Rong Shu pretending to be a white lotus flower in the ward before and asking her to confront Wang Shuqin.

Hearing the old lady's words, Rong Shu's expression froze at first, and then became embarrassed, "Grandma, you... see it?"

"Why can't you see such an obvious thing? I'm not what you young people say now. So what... a straight man, I'm a woman anyway, and a woman can't see a woman's tricks?" The old lady said with a smile.

Rong Shu twitched her fingers embarrassedly, "I'm sorry grandma, I took advantage of you at that time."

Now, grandma should realize that she is not as kind as grandma thinks she is.

Now, shouldn't grandma hate her?

The old lady naturally saw the unease in Rong Shu's heart, and said with a smile, "Don't think too much, I don't mean to blame you, on the contrary, I am very happy."

Rong Shu was stunned for a while, then looked at the old lady suspiciously, "Happy?"

"Yes." The old lady nodded.

Rong Shu was even more confused and sat down beside the hospital bed, "Why?"

“Because of gratification?”

“Happy?”

“Yeah.” The old lady took her hand and patted her lightly, “In the past six years, The fact that you were oppressed by Wang Shuqin made me very angry all the time, I even wanted to stand up for you, but you rejected me, which made me feel helpless to you.”

Rong Shu’s face flushed when the old lady said it, embarrassed Extremely.

Because these are indeed what she did in the first place.

The old lady sighed and said, “If you stop me, Wang Shuqin will continue to bully you, then I want to help you, you stop me, and Wang Shuqin will bully you again, such a vicious circle that I can’t even think of wanting to help you in the end. I’m sorry .”

“It’s not me that you’re sorry, it’s you.”

“No, I’m also sorry for you, I’m sorry for your heart.” The

old lady touched her hair, “Yeah, before you, It’s like a puppet, you don’t know what resistance is, you won’t accept it if you help others, and I get angry when I see it, but fortunately, you have changed now, your spirit has changed, and you know how to resist, and you even know how to let others It was shot, so I said, I’m very relieved.”

“So it is.” Rong Shu nodded with a smile, “I thought you would hate me because I took advantage of you.”

“How could it be.” The old lady smiled and said, “As long as you don’t use me to do bad things, how can I hate you, and use all the people and things around me to protect myself. This is allowed. I did this when I was young.”

“Really?” Rong Shu blinked in surprise.

When the old lady was young, she actually wore a white lotus.

“Of course, do you want to hear something about me when I was young?” the old lady asked with a smile.

Rong Shu nodded quickly, “Of course.”

“Okay, grandmother will tell you.”

The old man and the young man began to recall the past.

When Fu Jingting came back with a food box, he saw Rong Shu and the old lady smiling quite happily.

Fu Jingting also smiled, "What are you talking about? Are you so happy?"

"You're back?" Rong Shu stood up, walked towards him, and took the food box in his hand naturally, "I'll talk to my grandmother. As for the past, my grandmother told me a lot of her experiences when she was young, which is interesting."

"Really." Tang Shiyan raised his hand and touched the top of her head.

Rong Shu took his hand away, "Stop shooting, everyone is shorted by you. By the way, why did it take you so long to come back?"

Fu Jingting took her hand and walked to the table in the ward, "On the way Received a video conference call, so it was delayed for a while."

"Is that so." Rong Shu nodded and stopped asking.

The two gathered around the table and set out their meals.

The old lady on the hospital bed saw the two of them get along so harmoniously and warmly, and a knowing smile appeared on the old face.

Great, it seems she was overthinking it.

She was worried that although the two got back together, it would be somewhat unnatural to get along with each other because of the past.

But not at all now, the two of them are very good.

"Grandma, it's time to eat." Just as the old lady was thinking about it, Rong Shu came to the hospital bed with the food and wanted to serve the old lady.

The old lady saw her intention and waved her hand, "No, no, my old lady is not paralyzed and disabled, so I don't need someone to serve, I can eat it by myself, okay Shushu, you can also eat quickly. , Jing Ting, take Shu Shu over to eat."

Hearing the old lady's order, Fu Jing Ting complied, put down the non-stop action of putting vegetables in a bowl, and walked towards the bedside.

Just when she was setting up the food, Rong Shu said that she was going to serve her grandmother to eat. No matter how he persuaded her, she wouldn't listen and just let him eat first.

There was no other way, Fu Jingting had to add more vegetables to her rice bowl, planning to feed her by the side when she was feeding her grandmother.

In the end, before he could do so, his grandmother asked him to take Rong Shu there.

To be honest, he also thinks that it is better for grandmother to do it by herself.

Only let the grandmother do it herself, so that the grandmother will not feel that she is old and useless.

So how could someone like grandmother, who has always been strong, accept himself without the ability to take care of himself?

Chapter 700

“Let’s go.” Fu Jingting took Rong Shu’s arm.

“But...” Rong Shu held the bowl and wanted to say something.

Fu Jingting shook his head at her.

She seemed to understand what he meant, and handed the bowl to the old lady, “Grandma, eat it yourself, and call me if you need anything.”

“Okay.” The old lady nodded kindly.

Rong Shu was held by Fu Jingting and returned to the previous table.

Fu Jingting handed her the chopsticks, “Let’s eat, I specially bought your favorite dishes.”

Rong Shu found the chopsticks and smiled warmly, “Thank you.”

Several people started to eat.

After the meal, the two stayed with the old lady for a while, and then left at about nine o’clock in the evening.

Coming to Yunding Building, Fu Jingting opened the door and made a gesture of invitation to the woman beside him.

Rong Shu grabbed the bag chain on her shoulders with both hands and bowed slightly, “Excuse me.”

Fu Jingting frowned, “What are you talking about, this will be your home in the future, so don’t be so polite.

” Rong Shu’s face flushed, and she turned her head away, “What are you talking about, it’s also my home, don’t talk nonsense.”

“I didn’t talk nonsense.” Fu Jingting bent over, opened the shoe cabinet, and inside After rummaging, he replied, “We are remarried in the future, isn’t my house yours, and in the future, how about we treat this as a wedding room?”

“Marriage room?” Rong Shu was stunned.

Fu Jingting hummed.

Rong Shu looked at him, “Didn’t you say that you will live in an old house with your grandmother in the future?”

“I meant this before, but now I have decided to send my grandmother to a nursing home.” Fu Jingting took out a pair of pink fluffy slippers and put them on In front of Rong Shu.

Rong Shu looked at the pink rabbit slippers, and the corners of her mouth twitched.

Who bought this, the taste is so bad?

Although she thought so, she didn’t say so, she still took off her high heels and put on these slippers.

After putting it on, she suddenly vented that the slippers were just her size.

In other words, these slippers were obviously prepared for her.

I just don’t know if he bought it himself or if he asked Assistant Zhang to prepare it.

But no matter who they are, this aesthetic is simply too straight.

I really thought that women must like pink, and cute things like rabbits?

“Why did you send your grandmother to a nursing home?” Rong Shu followed Fu Jingting into the living room, and then asked, putting down the bag on her shoulders.

Fu Jingting went to the water dispenser to pick up water, handed her a cup, and replied in a low voice, “Grandma...the body is getting worse, and the doctor has given an ultimatum.”

“What did you say?” Rong Shu’s face changed. , his hand also shook a little, and almost dropped the cup.

After a while, she reluctantly calmed down, her voice was a little awkward, "How could this be..."

"The truth is so unpredictable." Fu Jingting sat down opposite her, took a sip of water, and said a little tiredly.

Rong Shu held the water cup tightly in both hands, "Grandmother... how long will it be?"

"Two years." Fu Jingting lowered his eyes, "two years at most."

"So, in order to make grandmother live longer, you thought about it. Sending my grandmother to a nursing home?" Rong Shu looked at him.

Fu Jingting nodded slightly, "There are the most advanced health experts in the world in the sanatorium. There, grandmother's body can get the best care and conditioning. I believe it should make grandma live longer, although it may not..."

He didn't say anything later, but Rong Shu understood the meaning.

What he wanted to say, although it might make grandmother live a little longer, definitely couldn't be too long.

And this kind of thing is too heart-wrenching, and it takes a certain amount of courage to say it.

So he can't say it, and she understands it very well.

Rong Shu put her hand on Fu Jingting's shoulder and offered silent comfort.

But Fu Jingting was obviously not satisfied with this, he directly hugged her waist cheekily, put her in his arms, and buried his head in her neck.

Rong Shu was stunned for a moment, then pushed him, "Hey, what are you doing?"

"Don't move, let me hug." Fu Jingting tightened his arms, making her body close to his, almost There is no gap, as if to rub her into his own blood.

Rong Shu was a little breathless, her back was very straight, "No, let me go."

Fu Jingting raised his head, his eyes were deep, and he revealed a bit of grievance, "The matter of my grandmother makes me feel bad. It's very uncomfortable, so I need to hug you to ease the grief in my heart, do you have the heart to watch me feel sad all the time?"

"..." Rong Shu's mouth twitched and she was speechless.

What does it mean to need to hug her to relieve the inner sadness.

He clearly used his grandmother as an excuse to take advantage of her.

However, seeing that he is indeed a little addicted, forget it.

Rong Shu sighed, and relaxed her tense body. She put the hand on his shoulder, ready to push him, and retracted it, "Okay, I'll allow you to hold it for a while, and then you have to let go. I have to go to wash up."

"Mm." Fu Jingting buried his head in her neck and replied in a muffled voice.

At first, he really just hugged her honestly.

But it didn't take long for him to become dishonest. After kissing her thin lips twice on her neck, he opened his mouth and bit it again.

Not painful, but itchy.

Rong Shu couldn't help shrinking her neck and patted the man on the back, "Why?"

Fu Jingting raised his head and looked at her with dark eyes. After sliding his Adam's apple twice, he replied in a hoarse voice, "Little Leaf, are you gone?"

Rong Shu couldn't hear what he was referring to. The last moment turned red, "No."

Fu Jingting's eyes flashed with disappointment, "How long?"

He really, really wanted her.

He has endured for a long time.

If she doesn't end, he's probably going to be suffocated.

Seeing the man in such a hurry, Rong Shu gave him an elbow in annoyance, "What are you in a hurry for?"

Fu Jingting hugged her tightly, "How could I not be in a hurry, my beloved is clearly in front of me, I can't get it, how can you make me bear it?"

Rong Shu's face turned even redder, then pushed him away and stood up, "You have to bear it if you can't bear it, in short, just wait.

" Go to the bathroom.

Fu Jingting looked at her back, helplessly rubbed his eyebrows, and then let out a low laugh.

No way, wait.

After a few days, after what he wanted has been achieved, he can really rest assured that he really got her.

In the bathroom, Rong Shu stood in front of the sink, looking at herself blushing in the mirror, she quickly turned on the faucet, took a handful of cold water, and poured it on her face, trying to lower the temperature on her face.

However, after pouring cold water several times in a row, the temperature on his face not only did not drop, but it was still so hot.

Even the heartbeat is messy and can't be calmed down at the moment.

It's all Fu Jingting's fault. He was clearly talking about his grandmother, but he was directly involved with it.

Well now, her mind is full of those scraps, and she can't calm down.

Destroying the atmosphere, he really has a hand.

Just thinking about it, someone suddenly knocked on the door of the bathroom, and a man's voice came from outside the door, "Little Leaf, there are no toiletries in this bathroom, only the bathroom of my room has them. I will have all your toiletries ready. It's all in the bathroom of my room, so you have to wash up and go to my room."

Rong Shu wiped her hands and walked over, opening the door, "Got it."

Fu Jingting frowned at her wet hair. "What's wrong with your hair?"

Chapter 701 Fu Jingting's Surprise

"Hair?" Rong Shu raised her hand and touched her own hair. When it was wet, she realized what he was referring to. She put down her hand and replied, "It's okay, I just washed my face and got wet."

Fu Jingting nodded slightly. No longer asking, he took her hand and walked to his room.

On the way, Rong Shu suddenly thought of something, and turned to look at the man beside him, "Don't you think that you haven't prepared a room for me?"

"No need." Fu Jingting raised his thin lips and looked over, "My The room is yours, you live with me."

"I knew." Rong Shu rolled her eyes.

She was not surprised at the man's words, she had already guessed it.

Sometimes this man is so thin-skinned that he can't make a fart.

But most of the time, he was thick-skinned, and in order to sleep in a bed with her, there was nothing he couldn't do.

Now that he has brought her to himself, how can he sleep in a separate room with her?

Even if they were separated, she believed that when she woke up the next morning, she would definitely see him beside her.

He didn't do much about sneaking into her room in the middle of the night.

"Aren't you willing?" Fu Jingting paused slightly.

Rong Shu also stopped, "If I say no, will you help me prepare the guest room?"

She didn't answer.

Fu Jingting didn't think about it, and blurted out, "Impossible."

Rong Shu laughed, "That's okay, so I don't want to use it? I knew you wouldn't help me prepare more rooms, so from the beginning, I never thought about going to sleep by myself."

Hearing this, Fu Jingting laughed softly, "You really know me."

"You don't need to know much about your sweet guts." Rong Shu's bright red nails were separated by He poked at his heart with the lapel of his suit.

Fu Jingting raised his hand, grabbed her messy finger, put it on his lips and kissed it, "So, you are actually willing to live in a room with me, right?"

"You know what to ask." Rong Shu turned her head away.

Fu Jingting's laughter became more and more alluring.

Rong Shu's ears were a little soft when she heard it. She moved her body and urged, "Okay, stop laughing, let's go."

"Well." Fu Jingting nodded, took her hand, and continued to lead her into the room.

After entering, Rong Shu realized that his room had changed a lot, and was stunned for a while.

Yesterday, his room was still deserted, with nothing but basic electrical furniture. His style was also cold and dark, which made people feel depressed.

But now, everything has changed, the style is not so cold, it has become warmer, the black curtains have become beige, and although the bed is still the same bed, the four-piece suit on the bed has changed from black to white.

In addition to these, there are many other arrangements in the room, not to mention flowers.

The most conspicuous one is the dressing table, which is full of skin care products and cosmetics, enough to make any girl go crazy.

Rong Shu looked at the dresser and was stunned.

Fu Jingting took her over and said softly, "This is all for you."

"Me?" Rong Shu's lips moved, and it took a long while before she made a sound.

Fu Jingting hummed, "Yeah, I just said, this will be our wedding room in the future, so I asked someone to simply decorate it in advance, change it to your favorite style, and then let someone else Got a lot of stuff you use, and this is one of them."

He pointed to the dresser.

Rong Shu blinked, "One of them? Did you prepare others for me?"

Fu Jingting smiled at her, then took her hand and led her to the cloakroom.

When he came to the door of the cloakroom, he opened the door, and a huge cloakroom appeared in front of Rong Shu.

Yes, huge.

It's not that she never came to his cloakroom, she came yesterday.

But the cloakroom she saw yesterday was definitely not as big as it is now. The cloakroom now is at least twice as big as the one she saw yesterday.

And the extra space has been put on new wardrobes and new shelves, which are covered with all kinds of women's clothing, from socks to underwear to formal wear, from dresses to pajamas, from casual clothes. Sportswear, in short, everything.

In addition to these, there are various high-heeled shoes, various bags, and various jewelry configurations, which make people scream.

This is no longer a cloakroom, but a small luxury store.

Rong Shu turned her stiff neck to look at Fu Jingting, "You gave me all of these?"

"Yes." Fu Jingting took her in, "As your future husband, isn't it right to prepare these for you? Let people prepare some casually, not a lot, but it's ok, every quarter in the future, someone will send the latest styles, all of which you like."

After speaking, Fu Jingting looked at her with a desire for compliments.

Rong Shu was a little funny, "Thank you for what you did for me, in fact, you don't have to do this..."

"Of course." Fu Jingting cut off her words, "I said, as your future husband, these are what they should be, otherwise Why do you make so much money? Isn't making money just to spend, to give the best life to your family and lover? So don't say these words, I don't like it."

He looked a little serious.

Rong Shu looked at him for a while, then smiled, "Okay, I won't say it, but don't you think you are a little wronged?"

"Why?" Fu Jingting obviously didn't understand what she meant.

Rong Shu pointed to his cloakroom, "Your area is so much smaller than mine, it looks like you're squeezed into a corner."

Fu Jingting shook his head, "No, it's good, you have a lot of stuff. Only then will it show that you are the hostess here."

"You really have various reasons." Rong Shu shook her head amusingly.

Fu Jingting let go of her hand, walked to the pajamas area, and in her suspicious eyes, took out a black silk nightdress with suspenders.

Seeing the nightdress, Rong Shu's heart skipped a beat, and a bad premonition suddenly rose.

Could it be that he wanted to...

Rong Shu pursed her red lips, and when she saw the man walking towards her with a nightdress, her guess became more and more certain.

It wasn't until the man handed her the nightdress expectantly that she was completely sure of his purpose.

He wants her to sleep in this nightdress!

Sure enough, after seeing Rong Shu taking the nightgown, Fu Jingting said, "Will you wear this tonight?"

"..." Rong Shu's eyes jumped, "Why?"

"I want to see it." Fu Jingting didn't hesitate. Speak your mind.

The corners of Rong Shu's eyes twitched even more.

Originally wanted to refuse, but seeing him looking forward to it and thinking of the cloakroom he prepared for him, he finally softened his heart, sighed and nodded, "Okay." It's

just a nightgown, just wear it.

Although it's a little shorter, it won't miss anything, so it's better to wear a more conservative swimsuit.

Thinking so, Rong Shu took her nightgown and went to the bathroom.

And Fu Jingting was sitting beside the bed, holding a financial magazine in his hand.

He was reading a magazine on the surface, but he didn't turn the page for a long time. Instead, he looked in the direction of the bathroom from time to time, making it clear that reading a magazine was fake, and waiting for someone in the bathroom to come out would be the truth.

But it didn't take long before the phone in his pocket rang.

Fu Jingting frowned, then closed the magazine and took out the phone.

The call was from Assistant Zhang.

Fu Jingting pursed his thin lips and asked in a cold voice, "What's the matter?"

“Mr. Fu, it’s not good, Miss Rong is on the hot search again.” Assistant Zhang’s anxious voice came from the phone.

Chapter 702 Rong Yuan’s Conspiracy

Fu Jingting’s brows instantly twisted into Sichuan characters, and his voice was cold and terrifying, “What’s the hot search?”

“It’s revealed that Miss Rong is not the daughter of the Rong family.” Assistant Zhang hurriedly replied.

“What?” Fu Jingting’s back was straight and his face was extremely gloomy. “It was exposed?”

“Yes.”

“How could it be exposed? Who exposed it?” Fu Jingting asked sharply.

Few people knew about Rong Shu not being the biological daughter of the Rong family, just a few.

It is impossible for the Lu family and grandmother to be exposed, and the rest are him and Lin Tianchen.

Lin Tianchen is also impossible, Lin Tianchen is not the kind of person who likes to take the initiative to do things.

What’s more, Lin Tianchen would not betray Rong Shu.

So this thing is clearly not right.

Just when Fu Jingting guessed who the exposed person was, Assistant Zhang had already answered, “It’s Rong Yuan.”

“What did you say? Rong Yuan?” Fu Jingting narrowed his eyes dangerously.

Assistant Zhang nodded, “It’s her, she exposed this matter, she is still crying on the Internet that Miss Rong has stolen all Tiancheng shares, and even spread rumors on the Internet that Miss Rong has bullied her since she was a child, and said that Miss Rong has bullied her since childhood. It was Ms. Fan who gave Rong Hao a cuckold and cheated on the illegitimate child of another man, and now there is a lot of scolding against Miss Rong on the Internet, and the popularity is very high.”

After hearing these words, Fu Jingting squeezed the phone tightly, as if to burst it. Just like that, there was an extremely terrifying aura around him.

Damn, how could he forget Rong Yuan.

The day before yesterday, Lin Tianchen was still telling Rong Shu that Rong Yuan sneaked into the hospital's data room and checked Rong Shu's physical examination report, and might doubt Rong Shu's identity.

He knew that Rong Yuan might use Rong Shu's identity to do something, but he didn't expect it to happen so quickly!

He thought that Rong Yuan would at least endure for a while, but...

After that, Fu Jingting didn't think about it anymore, and slammed the head of the bed with a gloomy face, "I see, you contact the major media now to suppress the heat, and at the same time, find out which media accepted Rong Yuan's proposal. Expose, I want it to disappear completely!"

He commanded in a cold, ruthless voice.

Assistant Zhang replied with a serious expression, "Yes, Mr. Fu!"

After the call, Fu Jingting took the phone to him and clicked into a browser at will.

Rong Yuan probably bought the popularity of this matter, so Fu Jingting entered the browser and saw the news that Zhang Cheng said and was hung on the top.

After Fu Jingting's eyes flashed a cold light, he clicked on the top recommendation.

Once inside, a live broadcast starts playing.

In the video, Rong Yuan was sitting on a sofa in an office with a handkerchief. Her hair was messy, and there were several bright red fingerprints clearly printed on both sides of her face. She obviously wanted to tell others that she was beaten by someone who started work. Slap, look at her high swollen cheeks, and the person who hit her is obviously not light.

At this moment, Rong Yuan was crying, wiping her tears with a handkerchief, and choked up and said sadly, all of which were accusing Rong Shu.

Just as Assistant Zhang said on the phone just now, Rong Yuan said that Rong Shu has been domineering since she was a child. , and also said that Rong Hao, a father, would not help her, and even helped Rong Shu to bully her and her mother.

Speaking of this, Rong Yuan suddenly stood up and put her face in front of the camera, her voice was so pitiful and weak, "Look, this is what my elder sister beat up. After I learned that my elder sister is not my father's biological daughter, I went to find her. My sister asked clearly and asked if it was true, but as soon as I asked, my sister suddenly

changed her face, slapped me and strangled my neck, and forced me not to tell me about it, because My sister is afraid that after I say it out, she will not be able to hide her monopoly of the shares. After all, she is not her own daughter, but it is disgraceful that she has taken all the shares, so my sister...”

She didn't continue to speak, she covered her face with her hands and cried even more.

In the eyes of all the viewers watching the live broadcast, she is too sad, so she can't go on.

But Fu Jingting knew that it wasn't that Rong Yuan couldn't go on, but deliberately didn't say anything here, leaving the rest to the audience, so that the audience could criticize Rong Shu.

Rong Yuan is trying to put Rong Shu on the fire of public opinion!

Fu Jingting clenched his fists and stared at Rong Yuan in the live broadcast, trying to tear her apart.

Of course, he also knew very well in his heart that although Rong Yuan was hateful, these netizens who were both black and white were not much better.

Looking at the barrage of reprimands against Rong Shu in the live broadcast room, Fu Jingting bit his cheeks very tightly.

“I'm going, the real version of the white-eyed wolf, I've seen it. As an illegitimate child who doesn't even know who his father is, he still has no self-knowledge, and he actually bullied his adoptive father and gave birth to a daughter, ah this...”

“Upstairs Yes, don't just talk about that Rong Shu, don't talk about the scumbag, you didn't hear the second lady of the Rong family say just now that her father is only good to Rong Shu, not her, and also helped Rong Shu to bully her and her together Mom, this kind of scumbag is the most disgusting and hateful.”

“That is, I originally heard that his ex-wife gave him a cuckold and made him a father, but I felt sympathy for him, but he turned out to be blind and helpless. I want to say that this kind of person is not worthy of sympathy.”

“Yes, yes, and that Rong Shu, who must have known his identity a long time ago. , so she grabbed all the shares of Tiancheng , and did not leave it to the Rong family's biological daughter, because she was afraid that once her identity was exposed, she would not get anything and would be kicked out of the Rong family, so she It's disgusting to hide the identity of the Rong family and take all the shares into his own hands. It's absolutely disgusting. It's obvious that those shares should belong to this Rong Yuan, and that Rong Shu is just an illegitimate daughter. Qualified to inherit Tian Sheng and return the shares to Rong Yuan.”

“Yes, return it to Rong Yuan, and also, didn’t that Rong Shu reunite with the chairman of the Fu Group? Now that such a thing broke out, I began to doubt the vision of the chairman of the Fu Group, and I would like such a person. , I’m afraid it’s not a good thing.”

“Upstairs, you are so courageous, you dare to say that the chairman of the Fu Group is not a good thing, aren’t you afraid of retribution? So I’m also wondering why the chairman of the Fu Group wants to To get back together with such a person, but it may also be the chairman of the Fu Group, who doesn’t know the true face of that Rong Shu?”

For a while, the barrage in the live broadcast room instantly changed from various discussions to unity. Aite Fu Jingting.

Fu Jingting looked at these Aites, his eyes were full of storms.

He doesn’t need to look at it now, he knows that the Fu Group’s official website, Weibo, and the comment areas of other platforms must have become such a uniform Aite.

Aite him, let him ‘see’ Rong Shu’s ‘real face’!

Oh, funny.

What is Rong Shu’s true face, doesn’t he know?

Need these idiots to be reminded.

What really needs to be seen is these idiots, who are being used as wooden warehouses, and they are proud of knowing nothing.

Fu Jingting’s thin lips pursed a bit cold, ready to close Rong Yuan’s live broadcast room.

Suddenly, the dense barrages in the live broadcast room disappeared at once, leaving only a few insignificant barrages.

Chapter 703 Past Events

Looking at these barrages, Fu Jingting knew that Assistant Zhang had suppressed the heat.

He turned off the live broadcast room, rubbed his eyebrows, and didn’t breathe a sigh of relief.

After all, if the heat is suppressed, it does not mean that the matter is resolved, and what should be seen has already been seen.

So, things have to be resolved.

Just as he was thinking, the bathroom door suddenly opened.

Rong Shu walked out wearing the black silk suspender nightdress that Fu Jingting had chosen for her.

She had no shoes on, and just stepped on the carpet with her bare feet, without making a sound.

If it wasn't for the scent on her body, Fu Jingting wouldn't know she came out.

Fu Jingting put his hand down from his eyebrows and looked up.

Seeing Rong Shu wearing a suspender nightdress and walking towards this side step by step, Fu Jingting's pupils shrank slightly.

She had just taken a bath, her hair was still wet at the moment, casually draped on her white shoulders, with a few strands, and even naughty hanging on her sexy collarbone, swaying from side to side as she walked, and then again. In addition, the black nightdress combined with her fair skin formed a strong color contrast, which made people unable to take their eyes off.

Rong Shu naturally felt the man's fiery, hot gaze, and her face, which was already reddened by water vapor, turned even redder now.

She looked down at her cool self, then glared at the man, "What are you looking at?"

Fu Jingting chuckled, "You look beautiful in this." The

unexpected compliment made Rong Shu feel shy and turned her head away.

But the faintly raised corners of her mouth still showed her good mood at the moment.

Obviously, a man's compliments are very useful to her.

"Come here." Fu Jingting suddenly patted the position beside the bed.

Seeing this, Rong Shu suddenly became vigilant, "Why?"

Shouldn't he want...

no, no, he shouldn't be so changeable yet.

After all, she was not finished, he knew it.

“Blow your hair.” Fu Jingting took out a small hair dryer out of nowhere and shook it in the air.

Seeing this, Rong Shu heaved a sigh of relief.

It was a hair dryer.

She just said, he’s not like that.

Rong Shu raised her feet and walked over and sat down beside the bed.

As soon as she sat down, a shadow suddenly descended from her head, and then a pair of big hands stretched out from behind, grabbed one side of the white bathrobe, and wrapped her body tightly.

Rong Shu looked down at the two hands that were hugging her waist, “Fu Jingting, you are...”

Fu Jingting put his head on the back of her neck, his voice slightly hoarse, “Cover you, or you will be like this all the time. In front of me, I’m afraid I can’t help it.”

After all, he’s a normal man, and the woman he loves wears so sexy and sexy, dangling in front of his eyes, it’s strange that he’s not impulsive.

So in order to hold back, he could only wrap her in his nightgown, isolating the pajamas on her.

Otherwise, you can only see the feeling that you can’t touch it, which is too bad.

Hearing the meaning of Fu Jingting’s words, Rong Shu was stunned for a moment, then she covered her lips and laughed. The laughter was mixed with a bit of gloating, “This is what you chose for me.”

“Well.” Fu Jingting pressed his forehead On the back of Rong Shu’s neck, he rubbed lightly, “So I regret it.”

He should not rush to let her wear such pajamas now, but should wait until after marriage.

Now that she wears it, she can’t see it or touch it, and it’s her who suffers.

Rong Shu’s laughter became more and more arrogant, “You deserve it!”

Fu Jingting sighed helplessly, “Okay, wrap the bathrobe and I’ll blow your hair.”

“Yeah.” Rong Shu nodded, then slipped her hands into her two sleeves and tied the belt around her waist.

Fu Jingting turned on the hair dryer and began to scratch her hair.

Rong Shu sat on the edge of the bed and closed her eyes slightly to enjoy.

Isn't it a treat to have someone blow their own hair for free without having to do it yourself?

I don't know how long it took, until Rong Shu was about to fall asleep, and Fu Jingting turned off the hair dryer, “Okay.”

Rong Shu opened her eyes, raised her hand to touch her hair, and it was dry.

Her hair is very long and many, and it is not an easy task to blow dry.

After blowing it down, your hands will definitely be sore.

If you don't have the patience, even if you blow halfway, you won't be able to keep blowing.

But Fu Jingting was able to persevere patiently, which made her very happy.

“Thank you.” Rong Shu pushed her hair aside and turned around to thank the man behind him who was cleaning his hair.

The man frowned, as if thinking about something.

Rong Shu blinked, “What's the matter? When I came out of the bathroom, I saw that your face was a little bad. Did something happen?”

Fu Jingting put the blower on the bed, and then replied, “It's not me, it's you. “

Me?” Rong Shu pointed at her nose in surprise.

Fu Jingting snorted, “Rong Yuan exposed your identity on the Internet, and also spread rumors about you on the live broadcast.”

“What?” Rong Shu was stunned for a moment, then reacted with a sullen face, and quickly picked up her mobile phone and searched the Internet for what he said. thing.

Although the popularity has been suppressed, but if you want to search, you can still find it.

After seeing the rebroadcast of Rong Yuan's live broadcast, Rong Shu sneered, "It's really something she knows how to do."

"You seem to have known that she would expose you online?" Fu Jingting didn't look surprised at all. woman, asked in surprise.

Rong Shu nodded, "Yes, I know Rong Yuan, this woman is stupid or stupid, but she can make troubles. After she found out that I was not the biological daughter of the Rong family, she immediately went to me and wanted me to give her the shares. I feel that she is the biological daughter of the Rong family, so she should inherit all the shares. As everyone knows, Tiancheng is no longer the family business of the Rong family, and the shares are not passed down from her father, so her purpose has failed, but with my attitude towards her She will definitely not be reconciled, and she will continue to use my identity to make me stumbling, no, it is the best choice to use the public opinion on the Internet."

"You mean, in the daytime, content Yuan asked you for shares?" Fu Jingting asked after hearing the meaning of her words.

Rong Shu nodded slightly, "Yes, ask me for shares, humiliate my mother, say that my mother betrayed my father, I couldn't be angry, I slapped her a few times."

Therefore, the slap marks on Rong Yuan's face are really her dry.

Fu Jingting's thin lips twitched.

He thought that it was Rong Yuan who deliberately let others beat her in order to frame her.

Thinking, Fu Jingting chuckled, "Good fight."

"I think so too." Rong Shu raised her chin proudly, then her face turned cold again, "If you dare to slander and humiliate my mother, she should be beaten, I thought she was beaten. If you take her, it will make her remember, stop slandering my mother, but I didn't expect that she didn't take my words to heart at all, revealing that I am not the daughter of the Rong family, it's okay to slander me and bully her since I was a child, how dare she still dare to I slandered my mother in public. This time I didn't beat her and she cried for her father and mother, so I won't talk about Rong Shu. What's more, Li Xiuzhi is the one who really cuckolded her father."

"Oh?" Fu Jingting raised his eyebrows, "Rong Yuan Is it Li Xiuzhi's illegitimate daughter?"

"No." Rong Shu shook her head, "Rong Yuan is indeed my father's daughter, but Li Xiuzhi did give my father a green hat. In fact, my father did not plan to marry a second time at the beginning."

She stood When he got up, his expression was cold, "My father's love has always been my mother. After my mother died, my father's heart also died, so how could my father marry another woman?"

"But he still married." Fu Jingting looked at her, "Is there any conspiracy here?"

Chapter 704 The Evidence I Take

He is not a fool, since she said that Rong Hao had no plans to marry again at first, he married later.

There must be some reason here.

Coupled with her subtle expression, it is clear that this reason is not a good one.

Sure enough, Rong Shu nodded slightly, "Yes, my father was tricked. That year my father went out to meet with clients, and was then targeted by Li Xiuzhi, who was a waiter in the hotel. Li Xiuzhi added something to my father's wine, and then In this way, my father was recruited, and then the next day, Li Xiuzhi sneaked away before my father woke up, and only appeared in front of my father after knowing that he was pregnant with Rong Yuan. My father is a person with a strong sense of responsibility. , Li Xiuzhi is already pregnant with his child, it is impossible for him not to be responsible for Liu Xiuzhi, so he chooses to marry Li Xiuzhi."

"So it is!" Fu Jingting was stunned.

Rong Shu bit her lip and said, "I still remember that the night my father decided to marry Liu Xiuzhi, he drank a lot, hugged me and cried to me for a long time, and kept saying sorry to me, sorry to mother, in fact, Rong Yuan has a little bit of it. That's right, that's the fact that Dad doesn't really care about their mother and daughter."

"How could he have no grievances when he was calculated like this by a woman." Fu Jingting said softly with thin lips.

Rong Shu snorted, "Yeah, Li Xiuzhi calculated her father so much, her father hated her very much and hated her, but at best he didn't get close, not even cold and violent, and he never treated her badly. Rong Yuan is indeed not that kind to me, but no matter what, Rong Yuan is indeed his child, and he also has Rong Yuan in his heart, so he hates Rong Yuan, but it's ridiculous that Rong Yuan treats Rong Yuan as iron and steel. Dad's strictness towards her is a sign of not loving her, and even for this..."

Rong Shu clenched her fists, trembled slightly, and there was a look of anger and hatred on her face.

Fu Jingting squeezed her hand gently, motioning her to calm down first, and then said, "Li Xiuzhi cheated because your father wasn't close to her, right?"

“Yes, my dad didn’t treat her as a wife, just as a colleague, so Li Xiuzhi was unwilling to be lonely, so he secretly cheated outside. Although my dad didn’t love her, he couldn’t accept being cuckolded, so in his anger, he violently I cleaned up Li Xiuzhi for a meal. After that, Li Xiuzhi did not cheat again, but she was also mad at my father. My father didn’t love her, so he didn’t bother to care about her. Before I knew that Li Xiuzhi was also the one who poisoned my father, I didn’t Thinking about it a lot, but now I know, I’m afraid it was the time when Li Xiuzhi hated her father, so she and Rong Yuan poisoned her father!”

Speaking of this, Rong Shu’s eyes were full of grief and pain.

Fu Jingting gently embraced her, “It’s okay, you will avenge your father.”

“Yeah.” Rong Shu leaned on his shoulder and nodded.

Fu Jingting touched her smooth hair, “This time Rong Yuan exposed your identity on the Internet and spread rumors about you. The purpose is to use the pressure of public opinion to make you hand over your shares. What are you going to do?”

” If he didn’t know how to solve it, he would do it.

However, he believed that she would choose to handle it herself.

Sure enough, Rong Shu squinted her beautiful eyes and said, “Rong Yuan thinks that if I let netizens call me an illegitimate daughter, I will not be able to stand the pressure of the Internet violence, and I will admit defeat, but I will not do what she wishes, She wanted to take advantage of netizens, but she never thought about it. Once I clarified that what she said was false, the netizens would immediately react. They were taken advantage of by her. At that time, the Internet violence I suffered would be doubled to her. Backlashing back, and she dared to break the news online, she just felt that I had no evidence to prove that she was not an illegitimate daughter.”

“So, can you prove it?” Fu Jingting looked down at her.

Rong Shu nodded, “I can definitely show it. I was adopted by my parents. Since I was adopted, I must have an adoption certificate. Once the adoption certificate is issued, it can prove that I was not born by my mother who betrayed my father. Then Rong Yuan is the first. A lie can be broken, and I told you before that I was bullied by Rong Yuan’s mother and daughter when I was a child, and my father installed surveillance at home for me, do you remember?”

“Of course!” Fu Jingting curled his lips, “I will never forget about you.”

Rong Shu rolled his eyes at him.

What time has he said such sensational words.

But, weirdly sweet.

Rong Shu smiled, "Those surveillance cameras have photographed many scenes of their mother and daughter bullying me, and the memory has been kept all the time. Together with the property certificate of the Rong family's villa, they are stored in the bank's safe deposit box. Rong Yuan's mother and daughter I don't know, because my father planned to divorce Li Xiuzhi when Rong Yuan became an adult, so he specially left the surveillance memory. Fortunately, when the divorce lawsuit was filed, it would come in handy, but before Rong Yuan became an adult, my father would "..."

Her voice suddenly became choked up.

Fu Jingting kissed her forehead, "It doesn't matter, there will be me in the future."

Rong Shu laughed again, and then said, "With these surveillance videos, Rong Yuan's second lie, I have always bullied her since she was a child. It will be pierced, and all her lies will be turned into sharp swords and stabbed at herself."

This is called, self-inflicted.

Fu Jingting tidied her hair, "Are you going to hold a press conference to release the evidence?"

Rong Shu nodded, "This is the quickest and most direct."

"Have you decided when? ?" Fu Jingting asked again.

"Tomorrow morning, the sooner the better."

Speaking of this, she suddenly thought of something and looked at the man, "By the way, when I was watching my news on the Internet just now, I found that there was not much enthusiasm, you are making people pressurized. "

Yes." Fu Jingting nodded and admitted, his face was a little cold, "I can't watch you being scolded by those stupid netizens all the time."

Rong Shu's heart warmed, "Thank you."

"No, this is what I should do. Yes." Fu Jingting said softly.

Rong Shu chuckled, "Next, I will publish the content of the press conference on my social platform, which will definitely bring the popularity back, so don't let people down, after all, the higher the popularity, the more Rong Yuan's backlash. The bigger it is."

Fu Jingting frowned, a little unhappy now.

After all, who wants to see their beloved woman being raped online.

Rong Shu saw Fu Jingting's expression and knew what he was thinking, she raised her hands to cup his handsome face and rubbed, "Okay, don't worry, I'm measured, although it's really hard to be scolded, but I won't go. Can't you just watch it? And after the press conference tomorrow, the netizens who have scolded me will feel guilty towards me. While swearing at Rong Yuan, they will also buy Tiansheng products in order to make up for the guilt in their hearts. Isn't this the best of both worlds? It's also an advertisement for Tiansheng."

Hearing this, Fu Jingting laughed, "You are now getting closer to a qualified businessman, and you are more and more able to seize opportunities."

"I will take it . It's your compliment to me."

After speaking, Rong Shu put down her hand, took out her mobile phone, and prepared for the announcement of the editorial conference.

As a result, just after unlocking the phone, I saw a lot of messages from people.

There were Lu Qi, Mrs. Lu, grandmother, and Secretary Tong, all of them came to ask her about things online.

Rong Shu replied to them one by one first, so that they don't worry, she only started editing after she had a solution.

Chapter 705 Public Opinion Lightening

When Rong Shu posted the news, Fu Jingting was not idle either. He took out his mobile phone and logged into his social platform, and then typed a line of words and posted it.

He is a big business man, and there are naturally many people who pay attention to him, ranging from ordinary people to other business bigwigs.

So as soon as he posted the news, many people immediately received a message prompt.

Then these people were all surprised.

After all, as a person who does not post news all the year round, and the social platform is full of grass, how can people not be surprised when he suddenly publishes news?

Then these people clicked in to see what he posted. After seeing the news he posted, they all sighed and exclaimed.

Fu Jingting v Please don't use me anymore, and don't say anything about Rong Shu, she's not worthy, how bad she is, how scheming she is, I'm not as blind as you say, in my position, you guys Do you really think I know nothing? Don't say she didn't do what some people say, even if she did, in my heart, she is the best in the world!

This dynamic of his can be said to be a huge stone, suddenly smashed into a large calm lake.

Immediately, the Great Lake set off a turbulent wave, which shocked everyone.

"My God, the boss is still alive. In this thousand-year-old zombie account, there is also a day to deceive corpses. Hold your thighs!"

"The boss who hasn't posted for a long time suddenly posts, or it's for his ex-wife... ah no, they got back together. Now, it should be the girlfriend who posted the news, and suddenly it's a little touching, especially the sentence 'Even if she did, in my heart he is the best in the world', God, it's too sweet, The real version of the overbearing president's declaration, it's no wonder that Rong Shu will reunite. If it's my word, I'm willing to reunite."

"Hey, hey, are you digressing? Now what we're going to say should be that Rong Yuan accusing Rong Yuan. Those of Shu, according to the news posted by Mr. Fu, it seems that Rong Yuan is lying, is that what I understand?"

"It's right upstairs, that's what you understand, Mr. Fu really said Rong Shu. I haven't done what Rong Yuan said."

"Then it's fun, one said it did, the other didn't, who said it was true?"

"I personally believe in Boss Fu. After all, everyone knows how large the Fu Group is. If Boss Fu is selfish If he talks nonsense, it is impossible for him to not know the consequences of being exposed in the future. He must know how powerful the public opinion is. Even the colossal Fu Shi will be severely injured. Brain."

"Plus one, I'm also on Big Brother Fu's side. Compared to the Big Brother Fu we know, the sudden appearance of Rong Yuan is even more unbelievable, just like Big Brother Fu said. , Standing at his level, does he really not know what kind of person Rong Shu is, and whether he has done it or not? Besides, if Rong Shu has done it, why didn't that Rong Yuan stand up and explain it before? , I'm only standing up now? This shows that there is a problem."

"Everyone, don't talk about it, another party has also posted a message, saying that there is a press conference, go and see it."

For a time, Fu Jingting's social media The platform is lively and anxious, not only netizens are commenting, but also major media and marketing accounts are moving and forwarding his news, earning instant popularity.

But I have to say that when Fu Jingting's news came out, it did make many netizens sober and found some problems.

On the other hand, after Rong Shu sent out the statement of her press conference, she saw a pop-up window suddenly popped up on the screen of her mobile phone. The title on it was specially bolded by the media, which was extraordinarily eye-catching, and it was difficult for people not to notice it.

"Chairman of Fu Group posted a blog?" Rong Shu looked at the bold fonts and couldn't help but read out her voice in surprise.

After Fu Jingting heard it, he looked up and said, "Huh?"

"Have you posted a blog?" Rong Shu put down her phone, looked at him and asked.

Fu Jingting snorted, "It's posted."

"What did you post?" Rong Shu's heart beat faster, and she intuitively told her that it had something to do with her.

Fu Jingting smiled, "Look."

Rong Shu really looked down and saw what he posted, her eyes suddenly heated up, "You..."

Fu Jingting's lips curved more and more intensely, "Moved?"

Rong Shu bit her lip, "No."

Originally, she When I saw this dynamic, I was really moved.

But this person is too good at ruining the atmosphere. As soon as she opened her mouth, she didn't want to be moved instantly.

After all, being moved is a matter of silence and obscurity.

It's good for him, as soon as he opens his mouth, he dismantles people's moving behavior, making people feel embarrassed to be moved again.

Taking a deep breath, Rong Shu calmed down and said, "Actually, there is no need for you to do this. Although you are not a public figure, you have more influence than a public figure, so you should speak more carefully than a public figure. Be careful,

otherwise, if you are not careful, it will bring trouble to the Fu family and the Fu family. Although your words are not a big problem, they will still be misunderstood in the eyes of some caring people and will be interpreted by people. Cheng, you are a person who protects your shortcomings indiscriminately, which will stain your personal image.”

“I know.” Fu Jingting nodded.

Rong Shu glared, “You know how you still...”

“But I don’t care.” Fu Jingting took her hand and kissed her on the lips, softly saying, “Although you won’t let me take action, I will always do it for you. What do you do, what’s more, as your man, I can’t hold back and do nothing when you are attacked by the outside world, so what kind of man am I? Besides, do you think I care what the outside world thinks of me? The only thing I care about is your eyes.”

Rong Shu was so moved that she managed to suppress it, but she floated up again, her eyebrows softened, “Thank you.”

“You don’t need to thank her.” Fu Jingting rubbed her. “I believe that if it was me who suffered this, you would do the same, right?”

Rong Shu nodded, “Of course!”

Now that they are together, of course he has an accident, and she will help.

“So, that’s how I feel.” Fu Jingting pressed his forehead against hers and said, “Don’t say anything you don’t need me to do in the future.”

His forehead was a little icy, but it made Rong Shu feel extremely warm, and he pulled the corner of his mouth. After that, he nodded vigorously, “Yeah.”

“Okay, let’s have a rest. Since it’s resolved tomorrow, don’t worry about it today, rest first, I think you’re tired too.” Fu Jingting rubbed Rong Shu’s temples and said.

Rong Shu squinted her eyes, “Alright, I’m really tired.”

“Go to sleep.” Fu Jingting lifted the quilt and motioned her to go up.

Rong Shu rubbed his eyes and lay down.

Fu Jingting covered her with the quilt, then walked around the head of the bed and went to the other side to lift the quilt.

As soon as he lay down, he stretched out his long arms, hooked Rong Shu’s waist very skillfully, and pulled her into his arms.

This picture is very similar to Rong Shu's sleep when she was a child, pulling the baby into her arms.

The corners of Rong Shu's mouth twitched involuntarily, and she didn't know whether to laugh or cry, but she didn't struggle. She obediently took it in his arms without moving.

After a while, she closed her eyes and gradually fell asleep.

Sleep is contagious. Looking at Rong Shu's sleeping face, Fu Jingting gradually became sleepy.

He gently pressed her head into his arms, and then closed his eyes.

Here, Rong Shu, who is a subject of public opinion and a victim of Internet violence, has already slept soundly at this time, as if everything on the Internet has nothing to do with her.

But Rong Yuan, the mastermind behind this public opinion, became the one who couldn't sleep.

Chapter 706 You Can't Fight Her

She bit her thumb nail with trembling teeth, staring at the phone screen with blood red eyes.

Looking at the speeches who were gradually sobering and helping Rong Shu and Fu Jingting to speak, he almost vomited blood with anger.

What happened to these netizens?

Fu Jingting's dynamic made their minds react to something wrong. Is Fu Jingting's dynamic so powerful?

Rong Yuan gritted her teeth and stomped her feet.

No, she managed to create this public opinion, and successfully guided these netizens to scold Rong Shu to death. Seeing that it will not take long, Rong Shu may not be able to stand the public opinion, she admits defeat, and shares shares. handed over.

So now, how could she accept the fact that Rong Shu could turn over because of a move of Fu Jingting.

She must beat Rong Shu down again!

Thinking of this, Rong Yuan put her thumb down, tapped her finger on the phone a few times, and made a call.

However, the phone call was turned off and no one answered.

This made Rong Yuan angrily and almost smashed the phone, cursing, "Damn waste, at a critical time, I can't get in touch. I can't help it. It seems that I can only contact other media."

Rong Yuan took a deep breath and reluctantly put The anger was suppressed, and then he made another call and went out.

This time, someone answered, "Who is it?"

A rude male voice came from the other end of the phone.

Rong Yuan frowned in disgust, "It's me."

Hearing her voice, the man on the other end of the phone laughed, "Who am I, it turns out to be Second Miss Rong, is there any order for Second Miss Rong? Even if you say, I will definitely go up to the mountain and down to the sea of fire."

"Come on." Rong Yuan rolled her eyes, "Last time I was hospitalized, I asked you to report Rong Shu's evil deeds to me, but you didn't report it. , I don't want to say anything, and I'm not afraid of laughing to death."

The man was also belittling, not angry, he smiled, "Miss Rong, forgive me, we did not do a good job last time, but we also had difficulties. After all, at that time, Chairman Fu of the Fu Group, always We're all by Rong Shu's side, how dare we follow her to report, isn't that a lantern in a ditch?"

"Okay." Rong Yuan waved her hand, and said impatiently, "The last time is okay, but this time. , you have to do it for me."

"You said."

"I have a few more materials about Rong Shu here. I want you to report it, and it must be reported on the headlines of your media official website. I want to let... "

I'm afraid that won't work." Before Rong Yuan finished speaking, the man on the other end of the phone scratched his beard and slag face and cut it off.

Rong Yuan stared in dissatisfaction, "Why not?"

"Second Miss Rong, to tell you the truth, I didn't expect that you were looking for me to report on Rong Shu. If it was something else, I would agree without saying a word. But reporting on Rong Shu, it's really impossible now, you don't know yet, something has happened to Xiao Zhang." The man on the other end of the phone said in a low voice.

Rong Yuan's complexion changed, "What happened to him?"

The Xiao Zhang mentioned by the man was the one she contacted during the day, and was also a media reporter who helped her report on Rong Shu on the Internet.

So now that she heard something happened to him, her heart sank, and she had a bad premonition.

The man sighed, "Although Xiao Zhang and I are not from a media company, we are still in the same circle. You asked Xiao Zhang to report on Rong Shu. Xiao Zhang is a fledgling man and can't stand the temptation of money, and you don't know the director Fu behind Rong Shu. What does it mean to be long? As soon as his mind became hot, he agreed to help you report, so now he has been retaliated by Chairman Fu and paid the price, not only himself, but even the company behind him has also been suppressed. How did his company If you can beat the Fu Group, I'm afraid it won't last until dawn in the morning, and it will disappear completely."

"What?" Rong Yuan's pupils shrank and her face turned pale.

How could this be?

No wonder she just called Xiao Zhang to turn off the phone. It turned out that Xiao Zhang had an accident.

Rong Yuan's body trembled slightly, and her heart was full of fear.

The man on the other end of the phone said again, "So I really can't help you this time, let alone me, all the media will not help you, including some private marketing accounts and navy, who dare not take your order, just afraid At this time, it touched Chairman Fu's brows and followed in the footsteps of Xiao Zhang and Xiao Zhang's company, so Miss Rong, for the sake of the dewy feeling we slept in once, I also kindly advise you to stop quickly, I don't know why you have to fight against Rong Shu, but with Chairman Fu's back, you will never be able to fight."

"No, I will never stop!" Rong Yuan bit her lip, "She treats me like that, If I don't take revenge and go back, I'll..."

"Come on!" The man rolled his eyes, "None of us know who, what you said on the Internet is all fake, it's okay for you to deceive those stupid netizens. , want to deceive me as a reporter? It's still two hundred years too early."

"You..." Rong Yuan's face flushed red, angry and annoyed, and she was speechless.

"It's alright, alright, don't let it go. Anyway, I have persuaded you, whether you like it or not, I can understand it, even without Chairman Fu, you can't fight Rong Shu, you can take it. Why fight with others? Just rely on the lies you made? I tell you, the lie is the

most useless, maybe without Chairman Fu's action, Rong Shu will solve it by himself, I'll wait to see what happens to you."

Said After finishing, the man hung up the phone, and the angry Rong Yuan jumped and screamed on the spot, like madness. In the next life, how could able to fight against Rong Shu!"

Unwilling Rong Yuan picked up her phone again and contacted other marketing accounts and Sailors, trying to quarrel with the heat again.

However, as the man on the phone just said, no one dared to take her order.

Some even heard who she was and immediately hung up.

This made Rong Yuan almost faint from anger, and at the same time, a huge and strong anxiety arose in her heart.

These people refused to take her orders, just because they were afraid of offending Fu Jingting behind Rong Shu.

And Fu Jingting was indeed something they couldn't afford to offend.

So is it possible that this time, he is really going to fail again?

No, it shouldn't be possible.

Although some netizens are now doubting the truth of what she said on the Internet, there are still some netizens who are still watching and believing in her.

As long as these people are on her side, she has not failed yet.

After all, no matter how powerful Fu Jingting is, it can only pressure these people to dare not talk nonsense, but they cannot control their thoughts, so as long as Rong Shu and Fu Jingting have no evidence to prove that what she said is false, it is about Rong Shu's identity. , and the speculation of whether she was bullied or not will always exist in people's hearts.

As a result, Rong Shu's reputation was still not cleaned up.

Even if she can't get the shares in Rong Shu's hands, but if she stinks Rong Shu's reputation, she can be considered a profit.

Thinking of this, Rong Yuan smiled lightly, her heart was very firm, Rong Shu and the others could not produce evidence.

After all, it's all in the past, who will have evidence?

On the other side, in the hospital.

Gu Yaotian fainted again and was sent to the hospital, where he struggled for several hours before slowly waking up.

When she woke up, she saw Mrs. Gu sitting beside the hospital bed with her head bowed and weeping.

Chapter 707 Mrs. Gu's Complicated Mood

Seeing Madam Gu like this, and looking at the room she was in, Gu Yaotian knew exactly what was going on, and said in a tired and hoarse voice, "Have I fainted again?"

Hearing him talking, Madam Gu quickly raised her head. , looked at him in surprise with tears in her eyes, "Husband, are you awake?"

Gu Yaotian hummed, "Help me up."

Mrs. Gu stretched out her hand and helped him up, making him half lean on the head of the hospital bed.

In order to make him lean on comfortably, Mrs. Gu also stuffed a pillow into his back.

Last night, Mrs. Gu went to pour water, and while pouring water, she said, "Husband, look at how many times you have passed out? How about we still be hospitalized?"

Gu Yaotian took the water glass with trembling hands, helpless. Sighing, "No, because I lost several battles with Rong Shu before, so now Sansheng Group has never been able to get up, and the shares in my hands are gradually unable to hold down those eager shareholders, so I must stay in Sansheng, if I am hospitalized at this time, those shareholders will definitely take advantage of my absence and try their best to frame me, and then it will be troublesome."

Although Mrs. Gu doesn't understand group management, she knows what it means to be a chairman of the board. , The tears that were finally stopped flowed down again, "What is this called?"

"Okay, don't cry, my brain hurts when you cry." Gu Yaotian raised his hand and rubbed his temples.

Mrs. Gu immediately stopped crying, stopped crying, and looked at him distressed.

Looking at his white temples, as well as the wrinkled brows and the corners of his eyes, Madam Gu was heartbroken.

Originally, they cared for the family to be rich, and their husband and wife took good care of them. For people in their fifties, it would not be an exaggeration to say they were in their thirties.

But now, he has not changed, but Yaotian has aged nearly a dozen years due to the torment of kidney failure. He looks like he is still in his thirties. Not too much.

“Is there still no news from the organ bank?” Gu Yaotian asked tiredly.

Mrs. Gu shook her head, “No...”

Because of the special blood type, it was difficult to find suitable kidney resources.

At present, the hospital has issued a red emergency notice. If a suitable kidney is not found within half a year, Yaotian will

not dare to think about it any more. Mrs. Gu wiped the corners of her eyes and asked, “By the way, husband, do you have any place now? I’m not feeling well, I’ll ask the doctor to come and see you?”

“No, it’s fine, you can go through the discharge procedures in a while, I can’t stay in the hospital for too long, there is an important meeting in Sansheng tomorrow, and it is said that the above will Send the inspection department to inspect Sansheng, I can’t be absent from this meeting, otherwise there will be big trouble.” Gu Yaotian looked at her and said.

Mrs. Gu nodded, “Okay, I see.”

Gu Yaotian took a sip of water, “Where’s the romance?”

“She went back, I thought it would be better for you to be hospitalized, so I asked her to go back and pack some things to bring over tomorrow, But if you’re not hospitalized, I’ll call her in a while and tell her to stop packing.” Madam Gu replied.

Gu Yaotian hummed and said nothing.

At this time, Mrs. Gu picked up the remote control and turned on the TV. “You just woke up, and you probably won’t be able to fall asleep. Watch TV for a while and relax.

“

Mrs. Gu tuned the channel, and just after a few tunes, she was stopped by Gu Yaotian who heard something, “Wait a minute.”

“What’s wrong?” Mrs. Gu was startled.

Gu Yaotian said again, “Go back one channel.”

“Oh.” Although she didn’t know what happened to him, Mrs. Gu did as she did without asking any more, and changed the channel to a later one.

Soon, Mrs. Gu knew why Gu Yaotian had to tune the channel back.

This is an entertainment channel with news about Rong Shu on it.

No wonder Yaotian’s expression was suddenly so serious, it turned out that it was Rong Shu who made the news again.

I just don’t know what this time is for.

Madam Gu thought about it, and followed Gu Yaotian to watch it.

After reading it, his eyes widened in surprise, “Rong Shu, isn’t Rong Hao’s biological daughter?”

Gu Yaotian also showed an unexpected expression on his face, “That’s what Rong Yuan said, and also said that Rong Shu is the woman Fan Lina and others. If this is the case, it would be a very happy thing.”

Speaking of which, Gu Yaotian’s face showed a look of happiness and schadenfreude, “Everyone said that he was a good man, Rong Hao, who went to the mall. His elders, down to the subordinate employees, no one did not praise him, and even in order to highlight his goodness, he even compared me to Gu Yaotian to belittle him. This belittling lasted for decades, but in the end, everyone praised him. A good man, he was betrayed by the person closest to him and gave him a green hat, haha, it’s really fun!”

He and Rong Hao were still good friends when they were very young.

But as Rong Hao’s talent in learning came to the fore, his nightmare came. Everyone was comparing him to Rong Hao, even his parents. Some unimportant people came to point at him, saying that he was friends with Rong Hao, why is he not as good as Rong Hao, and even his employees thought that Rong Hao was a better boss than him, and then He took the team to work under Rong Hao and developed a new machine.

Therefore, how could he not hate Rong Hao, he could not wait for Rong Hao to die.

But sometimes, dying too quickly can’t be painful.

So, he slowly, little by little, ruined everything in Rong Hao and let Rong Hao die in despair.

Unexpectedly, in the years after Rong Hao's death, it was actually revealed that Rong Hao's cuckold was a big news.

Sure enough, God can't stand Rong Hao.

Gu Yaotian smiled happily.

But Mrs. Gu did not laugh at Rong Hao with him, but stared at the TV with a complicated expression, not knowing what she was thinking.

Seeing this, Gu Yaotian coughed and asked, "What's wrong?"

Mrs. Gu shook her head, "It's okay, it's just that I suddenly found out that Rong Shu is not Rong Hao's biological daughter, and I suddenly felt that I couldn't explain it. It's very strange."

She Touching the position of his heart, he said.

Gu Yaotian waved his hand, "What's strange, don't think about it, go and handle the discharge procedures for me."

"Yes." Mrs. Gu nodded, put down the remote control and walked towards the door of the ward.

She walked very slowly, stopped after a few steps, and looked back at the TV.

She herself doesn't know why she cares so much about Rong Shu not being Rong Hao's daughter.

In short, at the moment, her heart is very chaotic and she can't calm down. It seems that something is about to come out, but she can't tell what it is, which makes people quite irritable.

Time passed quickly, and it was dawn in the blink of an eye.

Rong Shu woke up in Fu Jingting's arms, opened her eyes, and met the man's dark and deep eyes.

The man was lying beside her, propped his head with one hand, and picked up a strand of her hair with the other and played with her fingertips, very leisurely.

"Awake?" the man asked in a low voice.

"Well." Rong Shu stretched out the quilt and grabbed her hair back, "When did you wake up?"

"It's been a while since you woke up." Fu Jingting replied.

Rong Shu raised her eyebrows, "So you just kept looking at me after you woke up?"

Fu Jingting nodded, "I want to see how you wake up."

"Haha." Rong Shu rolled his eyes at him, "You should be glad I also know where I slept last night, otherwise I would be scared to death when I opened my eyes and saw someone staring at me."

After speaking, she pushed the man aside and sat up.

Fu Jingting was pushed to the side by her to lie down, and after two seconds, he also sat up, "Are you up?"

"Go to the bank to open the safe and get the surveillance camera." Rong Shu narrowed her eyes and said.

Chapter 708 Treasures in the Suitcase

"I'll accompany you after breakfast." Fu Jingting raised his hand and wiped his hair back.

Rong Shu had no objection and nodded in agreement.

The two of them got up, washed, and walked out of the room.

Just as Rong Shu was about to go to the kitchen to prepare some food, the doorbell at the entrance of the living room rang.

"Fu Jingting, someone is here." Rong Shu said to the man who was standing in front of the coffee table, bending over to make coffee.

The man poured out the brewed coffee, and then answered, "It should be Zhang Cheng who brought breakfast."

"You asked Assistant Zhang to prepare breakfast?" Rong Shu raised her eyebrows.

Fu Jingting hummed, "After waking up, I sent him a message."

After speaking, he walked towards the entrance and opened the door.

Standing outside the door was indeed Assistant Zhang.

"Come in." Fu Jingting released the door handle and turned back to the living room.

Assistant Zhang followed behind him with the breakfast box.

When they came to the living room, Assistant Zhang nodded slightly to Rong Shu, who was sitting on the sofa and drinking coffee brewed by Fu Jingting, "Miss Rong, good morning."

"Morning, Assistant Zhang." Rong Shu smiled back and said hello.

Assistant Zhang put the breakfast on the table in the restaurant, and while placing it, he said, "By the way, Mr. Fu, when I came here, I specifically asked, Tiancheng Group and our Fu Group were surrounded by many reporters downstairs. "

Understood." Hearing Assistant Zhang's words, Fu Jingting responded with a cold expression, but did not have much reaction to the fact that many reporters were surrounded.

Not only him, but even Rong Shu didn't react much, and still drank coffee calmly.

It is not the first time that she has been on the hot search, and many celebrities have not been on the hot search as many times as her.

Every time I go to a hot search, I cannot avoid being surrounded by reporters.

So when she heard that there were reporters downstairs in Tiancheng, she didn't react.

After all, they are used to it.

Assistant Zhang looked at the two of them so calmly, and couldn't help touching the tip of his nose.

Yes, they are so calm.

On the contrary, when he reported the matter, he seemed restless.

Shrugging his shoulders, Assistant Zhang said nothing more, and continued to place breakfast.

After a while, breakfast was ready.

Assistant Zhang looked at the two people over the coffee table, "Mr. Fu, Miss Rong, it's time to eat."

"Let's go." Fu Jingting put down the coffee and got up, pulled Rong Shu's wrist, and led her to the dining table.

After breakfast, it was already half past eight.

There is still an hour and a half before the press conference time. After a trip to the bank and back to Tiansheng, the time should be almost the same.

On the way to the bank, Fu Jingting suddenly thought of something, turned his head to look at the woman who kept his head down and typed on the phone, "Little Leaf."

"Huh?" Rong Shu raised her head when she heard him calling her. "What's wrong?"

"You only said that Rong Yuan's mother and daughter bullied you in the bank's safe deposit box, but you didn't say that you have an adoption certificate. If you don't have an adoption certificate, how would you explain to the outside world that you were adopted by Rong Hao and his wife." Fu Jingting frowned, his expression a little solemn.

She didn't know that she was Gu Yaotian's daughter, but he knew.

She was stolen from Gu Yaotian by Rong Hao, not adopted from an orphanage, so she does not necessarily have an adoption certificate.

After all, Fan Lina was in a trance at that time because of the death of the real child. Rong Hao's original purpose of leaving her may have been to comfort Fan Lina and let her replace their dead child.

If Rong Shu really replaced the child directly, there would not necessarily be an adoption certificate.

After all, for more than 20 years, no one except the Lu family knew that Rong Hao's real daughter had died, and that Rong Shu was not Rong Hao's biological daughter.

The outside world has never heard of the news that Rong Hao adopted a child.

Therefore, the possibility of Rong Shu having an adoption certificate is not high.

Looking at Fu Jingting's heavy appearance, Rong Shu probably knew what he was thinking, put her hand on his thigh, and smiled softly, "Don't worry, I have an adoption certificate."

"Do you have one?" Fu Jingting was stunned.

Rong Shu nodded, "Well, I didn't think so at first, so when I was taking a shower this morning, I called the police, and I was just thinking of giving it a try, to see when my father adopted me, there were I haven't gone through the adoption procedures at the police. You know, my parents didn't disclose the death of their real daughter to the public, nor did they disclose it when they adopted me. This is enough to show that my parents just didn't want the outside world to know. Their biological daughter died, but they want to tell the outside world that I am their biological daughter, so they don't need to go through adoption procedures at all."

“That’s right.” Fu Jingting nodded.

He just thought so.

Rong Shu smiled again, “So, when I first called, I was very nervous, thinking that if there is really no adoption procedure, I will contact my grandfather and ask my grandfather to come forward to prove my identity, but fortunately I am lucky, my parents did go through the adoption procedures for me, and the public security side agreed to issue it. I have asked Secretary Tong to get it, and just now Secretary Tong won it and is reporting it to me.”

“So that’s the case. Fu Jingting frowned, “Then I can rest assured.”

He originally planned that if she didn’t have the adoption procedure, he would have someone forge one.

Forging such a thing is not difficult for him.

But fortunately, she really has it, so naturally he doesn’t need to do anything more.

After all, things like falsifying adoption procedures can temporarily get through a difficult time, but the fake ones are fake after all, and they will never be as calm as the real ones.

He also didn’t want to keep making a fake and make her uneasy in the future.

After a while, the bank arrived.

Before coming, Rong Shu had already made an appointment for the bank’s safe deposit box, so it didn’t take long to get what she wanted.

Back in the car, Rong Shu put the small suitcase she had just taken out from the bank safe on her lap, touched the surface of the old suitcase with her hand, and whispered, “I don’t know how big a suitcase is. In addition to monitoring the memory, what else is inside.”

“Don’t you know?” Fu Jingting glanced at the suitcase and asked.

Rong Shu shook her head, “I really don’t know. I only know a few of them. My father told me. As for the others, I don’t

know.” , “Anyway, when you take the memory later, you should also open it.”

“That’s right.” Rong Shu smiled, and then began to turn the password.

She knew the password, it was her birthday, and it was what Dad told her when she put it in the bank.

So she always remembered.

Click!

When Rong Shu turned the last password to the corresponding number, there was a sound in the combination lock.

Rong Shu smiled in surprise, "Open."

Fu Jingting no longer supported his head, and put his elbow down from the armrest of the car door.

Rong Shu grabbed both sides of the suitcase with both hands, lifted it up, and she opened the suitcase.

Unexpectedly, in addition to the memory card, real estate certificate, etc. she knew early on, the rest of the contents were a folded silk product and a set of baby clothes.

"This..." Rong Shu's whole body was slammed, "Why does Dad put baby clothes inside? And what is this silk?"

She reached out and touched it, the soft cotton touch surprised her, "This is Shouldn't it be a quilt?"

After she finished speaking, she took out the 'quilt', unfolded it carefully, and found that it was really a quilt.

No, it should be said that a baby swaddle is more appropriate.

Chapter 709 The work of Mrs. Gu

Rong Shu lifted the swaddle up so that she could look more closely.

The outer layer of this swaddle is not only silk satin, but also embroidered with a lot of good patterns.

Those embroidery stitches are dense, and the embroidered effect looks like the real thing, which is impossible for a machine to do.

It can be seen that this embroidery is completely hand-embroidered.

Such delicate embroidery, combined with the silky silk, proves that this swaddle is definitely not cheap.

The same is true for the baby clothes. It feels very soft and soft to the touch. Although the yellow color shows that this baby clothes have been around for a long time, you can also know this set by the feel. Baby clothes are expensive.

“Dad, why do you keep these in the safe?” Rong Shu put down her swaddling clothes, her face full of confusion.

Fu Jingting stretched out his hand and checked the swaddling clothes, looking at the embroidery on the swaddling clothes, his eyes flickered, “This should be from your childhood, or when you first appeared in the Rong family, so your father kept it. Take it down and store it well, because these have very unusual meanings.”

“How do you know these are what I wore when I entered the gate of Rong’s house?” Rong Shu grabbed the swaddle and asked the man in surprise.

Fu Jingting lowered his eyes and replied, “I guess, if Rong Hao and the others bought it for you after you entered Rong’s house, there is no need to keep it, after all, there are so many, but the clothes you wear before entering the gate of Rong’s house are different. Now, you can keep it as a souvenir, so that when people see this in the future, they will be reminded of what you were like when you first came to Rong’s house.”

“It is indeed possible.” After hearing the man’s words, Rong Shu seemed to have something to say. Thinking nodded.

The man pursed his lower lip and said nothing.

In fact, this is not his guess at all.

The reason why he said out loud that the swaddle and baby clothes she wore when she entered Rong’s house was because of the embroidery on the swaddle.

The old lady of the Gu family is a famous embroidery expert, and even one of the elders of the embroidery association.

Therefore, her works are very popular.

But for some unknown reason, 30 years ago, Mrs. Gu announced that the sealing needles would no longer be embroidered, and everyone felt sorry for them.

But four years later, Mrs. Gu broke the word that she would no longer embroider, and picked up the embroidery needle again, because that day, Mrs. Gu was pregnant.

Mrs. Gu was interviewed by reporters and said that the reason why she re-embroidered was not for others, but to embroider a swaddling clothes for her unborn grandson or granddaughter.

And that unborn child is Rong Shu.

Rong Hao stole it from Gu's family not long after Rong Shu was born. At that time, Rong Shu was wrapped in a swaddle, which should be this.

I just didn't expect that Rong Hao actually left the swaddling clothes behind.

Rong Shu didn't know what Fu Jingting was thinking, she folded the swaddling clothes again and said, "If it's really what you guessed, this swaddling clothes was worn before I entered Rong's house, then it seems that my original family is not simple. , at least rich."

Fu Jingting hummed, "It is very rich."

Rong Shu looked up at him, "Why, listening to you, you seem to know my family of origin."

Fu Jingting's eyes flashed brightly . , smiled, "How come, just look at this."

He pointed to the swaddling clothes in her hand.

Rong Shu didn't really think he knew. Hearing what he said, he put the swaddle back in the suitcase, "Whether I have money or not, it has nothing to do with me. I'm just the daughter of the Rong family, and I will always be."

"Then Do you plan to stay this baby?" Fu Jingting looked at her and asked.

Rong Shu closed the lid of the suitcase, "Of course, since Dad kept it in the safe, he probably wanted to keep it as a souvenir. Since that's the case, I can't lose it, so I'll keep it at home in the future."

"Well, don't . Take it out so that no one else can see it." Fu Jingting reminded with narrowed eyes.

In particular, it should not be seen by the Gu family, or people who know Mrs. Gu's embroidery skills.

Otherwise, her identity would be completely hidden.

Mrs. Gu's embroidery skills are superb and her own line, so her works are extremely recognizable.

Anyone who has seen Mrs. Gu's work can immediately recognize it.

At least he knew that six out of ten wives in the circle would recognize them.

Rong Shu looked at the man with a serious face, dumbfounded, "What are you talking about, why do I take this kind of private thing out when I have nothing to do? Show others how I dressed when I was young?"

Fu Jingting was told by her. With a low laugh, "yes, it's me who is worrying too much."

"Why are you worrying too much?" Rong Shu blinked, "I suddenly realized that you seem to be a little weird, especially when you see this swaddle, you "..."

"No, you're thinking too much." Before she could finish speaking, Fu Jingting reached out and touched her eyebrows, interrupting her.

He was afraid that he would say anything else, and he should really doubt anything.

Sure enough, being interrupted by Fu Jingting, Rong Shu immediately put aside the weird emotions in her heart and didn't ask.

Soon, Tiansheng Group arrived.

Before the car passed by, Rong Shu saw a group of reporters around the door from a distance.

Probably because they were thrown out by the security guards or taken away by the police several times before, these reporters have learned to be smart now, instead of betting on the gate of the group, they are standing a few meters away from the gate.

This position will not hinder the entry and exit of people in the group, so the security guards are not very easy to drive away.

"Miss Rong." Assistant Zhang, who was driving, looked at the scene in front of him, turned around and asked Rong Shu, "Should I drive the car directly into the underground garage, or..."

"Just park in front, you don't have to drive into the garage, even if drive inThe garage is gone, and there must be reporters guarding the garage. Anyway, it will be blocked, so it is better to face it directly. Rong Shu opened her red lips and turned back.

Assistant Zhang looked at Fu Jingting again.

Fu Jingting raised his chin slightly, "Listen to her, what she said in the future is what I mean. "

"Yes. Assistant Zhang replied with a smile on his face, but he rolled his eyes in his heart.

Tsk tsk tsk, we haven't remarried yet, this bronchitis is already in the late stage.

I really don't know which male Durban Fu always came from. When he has a girlfriend in the future, he must not become like this.'

Absolutely not!

Assistant Zhang swore silently in his heart, and then slowly pulled the car to a row of public parking spaces at the gate of Tiancheng Group.

Fu Jingting His car is easy to recognize, let's not say the price, just say the special license plate, so that people will not admit it wrong.

After all, he is the only one who owns the huge sea market.

So as soon as you see the license plate, you will immediately know, Whose car is it?

After a reporter found Fu Jingting's car, all the reporters followed suit. At first,

they were surprised how the car of the chairman of Fu's group came here, but they quickly realized that Fu's car was here. The chairman of the group has reunited with the chairman of Tiansheng Group. The chairman of

Fu's Group must come here to meet the chairman of Tiansheng Group.

And according to what they have just inquired, the chairman of Tiansheng Group has not come yet. Tiansheng, but Chairman Fu is here. It is very possible that the chairman of Tiansheng Group is in his car at the moment.

Thinking of this, all the reporters' eyes lit up and became excited.

They were just here to block one of them. Yes, I didn't expect to block both of them and appear together. Isn't this the best interview opportunity?

So the group of reporters immediately withdrew from their current positions, ran towards Fu Jingting's car, and soon surrounded Fu Jingting's car.

Chapter 710 I will protect you

Sitting in the car, Rong Shu felt her heart tremble when she saw this scene.

She patted her chest and said with emotion, "Why does it look like a city surrounded by zombies?"

Assistant Zhang in the driver's seat suddenly laughed when he heard her words, "Ms. Rong is so right, it really looks like it."

” Okay. , get out of the car quickly and block these reporters.” Fu Jingting frowned and urged impatiently.

“Yes.” Assistant Zhang responded, unfastened his seat belt, and pushed open the driver’s door to get out of the car.

As soon as he went, the reporters immediately pointed the microphones and cameras at him, and all kinds of questions followed.

“Assistant Zhang Cheng, are you the only one in the car, or are Chairman Fu and Chairman Rong also?”

“Assistant Zhang, please answer!”

“Okay everyone!” Assistant Zhang raised his hands and shouted to the reporters He shouted, “Please move out of the way, you blocked the door.”

He did not answer what the reporters meant, but squeezed in front of the car door in the back seat and drove them away.

After the reporters had withdrawn some distance, he put his hand on the door handle of the rear seat.

Seeing his action, all the reporters cheered up, clenched the microphones and cameras, and stared at the rear door.

There is only one person who can let Chairman Fu’s personal assistant open the door in person, and that is Chairman Fu.

It can be seen that Chairman Fu himself is indeed in the car.

Click, the door opened.

Assistant Zhang pulled the door handle with one hand and made a gesture of invitation with the other, “Mr. Fu.”

Inside the car, Fu Jingting nodded slightly and leaned down to get out of the car.

His appearance made these reporters go crazy in an instant, all kinds of flashing lights came in an endless stream, and the flashing could not stop.

Fu Jingting frowned, ignoring these reporters, but extended his hand into the car, “Get out of the car.”

His gentle voice fell into the ears of these reporters.

The cameras in the hands of the reporters stopped for a while, and then they started shooting excitedly.

They realized that there was still someone in the car!

And the person who can make Chairman Fu show such a gentle side must be Chairman Rong.

They did come together.

In the car, Rong Shu saw Fu Jingting's outstretched hand, smiled, then raised her hand and put it on it.

Fu Jingting clenched her hand and said softly, "Don't be afraid, I will protect you."

Rong Shu glanced at the group of reporters behind him and nodded slightly, "Well, I believe in you."

In fact, she wanted to say, she Not at all afraid of being surrounded by these reporters.

But his words of protection made her extremely warm.

Therefore, she is also willing to be a little woman sometimes, so that he has the opportunity to perform.

Fu Jingting took Rong Shu's hand and got out of the car.

Her appearance also aroused the madness of the group of reporters. The dazzling flashing lights made her unable to restrain her eyes from closing her eyes.

Fu Jingting raised an arm, blocking Rong Shu's eyes, looking at the group of reporters with a gloomy face, "Get out of the way."

"..." These reporters tended to his majesty, and suddenly calmed down a lot, not daring to be so presumptuous anymore took pictures.

At the same time, they also retreated a little back and to both sides to make way.

After all, although they are eager to interview, they are not mindless.

With the identity of the man in front of them, they can't afford to offend them, so they have no choice but to back down.

Otherwise, if he angered him, I'm afraid he won't be able to keep dinner.

Seeing these reporters obediently get out of the way, Fu Jingting's face improved a lot, but the arm blocking Rong Shu's eyes did not let go, so he looked down at her, "Hold me, I will take you in, they are afraid I'm not afraid of you, if you keep a little distance from me, they will have a way to squeeze you aside and conduct mandatory interviews around you."

He said this, not to take advantage, but the fact .

Journalists are like flies. As long as they find opportunities, there is nothing they can't do.

Rong Shu naturally knew this, so she didn't think Fu Jingting had any meaning, and nodded slightly, "Okay."

She raised her hand and put her arms around the man's narrow waist.

This scene was seen by all the reporters, and in an instant, there was another sound of taking pictures.

Rong Shu and Fu Jingting ignored it, and they walked forward hugging each other.

Assistant Zhang followed the two backwards, spreading his arms to block these reporters from approaching President Fu and Miss Rong.

These reporters are indiscriminate when they block people. What if President Fu and Miss Rong are squeezed and hurt?

Faced with the double protection of Fu Jingting and Assistant Zhang, the reporters really didn't dare to block Rong Shu.

"Chairman Rong, can you tell me, is the news that Chairman Fu posted last night true? Have you really never bullied your sister? Haven't you grabbed shares?"

"Yes, Chairman Rong. , did your mother give birth to another man? Could you please answer?"

"And Chairman Fu, Chairman Rong got out of your car, does that mean you were together last night ? Are you living together? When do you plan to remarry?"

"Chairman Rong, let me reveal a little..."

Faced with the unpleasant questions from these reporters, Rong Shu's face sank, and her steps paused slightly.

Fu Jingting noticed that her mood was still affected, and squeezed a hand around her shoulder slightly, "Don't pay attention to them, there is no need to waste time with these people."

Rong Shu looked up at him and saw the look in his eyes. Encouraged, he twitched the corners of his mouth and hummed.

The two continued to walk forward, and the pace quickened a lot.

Assistant Zhang stopped and dealt with these reporters.

"Okay, don't ask any more questions. Miss Rong will answer everything you want to know at the press conference, so there's no need to keep asking questions here. Let's go, don't get stuck here." Assistant Zhang waved his hand to catch up people.

But these reporters just left.

They come here to block people, just to get first-hand information, and then publish it, so that the next week will not worry about ki.

But what's the use if they have to wait until after the launch to report?

Netizens know everything they should know. They don't have much traffic in their reports, and how much they have to lose.

So why are they willing to leave now?

Not only did the reporters not leave, but they surrounded Assistant Zhang and stretched out the long wooden warehouses and short fire bags in front of Assistant Zhang.

"Assistant Zhang Cheng, please tell me, did Miss Rong do those things?"

"Yes, Assistant Zhang, let me know." The

reporters kept asking.

Assistant Zhang's expression became gloomy, "I just said it very clearly, you want to know, just watch the press conference later, it's useless to ask me, I don't know anything."

"Who believes."

"That's right, Zhang Cheng. Special assistant, you are someone close to Chairman Fu, you must know, just tell me."

Zhang Cheng didn't give up when he saw these people, he laughed angrily, "You guys are really taking an inch, it seems that I won't give you some hard work, you don't know what it is to be afraid, believe it or not, I will call out now, your company will immediately Just changed you?" As

soon as these words came out, the expressions of all the reporters changed, and then they stepped back.

After taking two steps back, he quickly turned around and ran away, for fear that he would be left to ask his name if he ran too slowly, and then he would receive a dismissal call from the company in a while.
