Chapter 71

The people outside the door seemed to have a grudge against her, slamming the door, and she could hear the trembling of the door frame in the bedroom.

As if the next moment, people outside the door are about to break in.

Rong Shu lifted the quilt with a dark face, straightened her hair casually, put on her shoes and left the bedroom, ready to go to the entrance to see who was so arrogant.

But before going, she went to the kitchen first, took a sharp kitchen knife, and then went to the entrance.

Just as she walked to the entrance, she heard voices coming from outside the door.

"Mom, what are you doing, stop it!" Fu Jinglin grabbed Wang Shuqin's arm to smash the door, and stopped with a headache.

Wang Shuqin looked at him angrily, "What are you holding me for? Let go, I have to teach this little hoof a lesson today."

"This is sister-in-law... No, this is from Rong Shu and sister Manyin. What are you doing?" Fu Jinglin said again with a wrinkled face.

Wang Shuqin snorted, "Why can't I intervene? Sister Manyin is my future daughter-in-law. My daughter-in-law has been bullied. Don't I have to support her as a mother-in-law?"

"He opened Fu Jingting's hand and continued to smash the door, while smashing, shouting, "Rong Shu, you little hoof has the guts to bully us Man Yin, don't you have the guts to come out to see me, open the door, I know you are inside, hurry up Open..."

Before the door was finished, the door in front of Wang Shuqin was opened.

Wang Shuqin's hand slamming on the door slammed into the air, and her entire body suddenly lost its center of gravity and rushed forward.

Rong Shu watched her big lump fall towards her, and after a flash of disgust flashed in her eyes, she immediately released the door handle and took a few steps back.

Pfft!

Wang Shuqin's slightly fat body fell to the ground, and she just lay face down in front of Rong Shu, screaming oh oh oh.

Fu Jinglin, who was watching this scene, was stunned.

Only Rong Shu looked down at Wang Shuqin on the ground and curled the corners of her lips, "Yo, I'm so flattered when you open the door and give me such a big gift, Mrs. Fu is too polite, come, come, get up!

" Then, she pretended to stretch out her hand to help Wang Shuqin.

"Go away, who wants you to help!" Wang Shuqin's eyes were red with anger, and she waved Rong Shu's hand away with a bad attitude.

She didn't expect that she would lose such a big face in front of this little hoof.

Rong Shu was not angry either, she straightened up and smiled, "Then Mrs. Fu can get up by herself."

Wang Shuqin snorted coldly, and put her hands on the ground to get up.

But because of her obesity, she couldn't stand up for a while.

Rong Shu chuckled.

Wang Shuqin looked at her through gritted teeth, "What are you laughing at?"

"Nothing." Rong Shu waved her hand, "I just suddenly remembered a toad I saw on TV last night, it fell from a height and turned over. It was funny, so I laughed."

"You...you dare to call me a toad?" Wang Shuqin pointed at her, trembling all over.

Rong Shu spread out her hands and said innocently, "No, I just said toad, and I didn't say Mrs. Fu, why does Mrs. Fu think about herself on toad? Could it be that Mrs. Fu thinks she is a toad?"

She smiled and looked at Wang Shuqin.

Wang Shuqin was so angry that she was speechless and could not speak.

Having said that, doesn't that mean that he admits that he is a toad?

Wang Shuqin ignored Rong Shu, turned her head and looked out. Seeing that her son was still in a daze outside, she didn't know how to protect her own mother. "

Oh." Fu Jinglin finally regained his senses, stepped into the entrance, and laboriously helped his own mother up.

"Young man, you have a lot of strength." Rong Shu boasted.

Fu Jinglin felt a little smug in his heart, and raised his chin involuntarily, "Hmph, it's up to you to say, I'm a man!" Isn't there a lot of

strength?

Rong Shu glanced at him up and down, especially between his legs. After two more seconds, she shook her head and said, "I can't see it!"

"You...you are shameless!" After Fu Jinglin noticed where she was looking, the handsome green Shi's face instantly turned red, and then he subconsciously clamped his legs and pointed at her shyly and angrily.

Wang Shuqin was even more furious, raised a slap and slapped Rong Shu in the face, "Little hoof, you can seduce other men, and now you dare to seduce my son, if I don't teach you a good lesson."

"Hey, be careful!" Fu Jinglin didn't expect things to turn out like this, so he was nervous, and regardless of the shame, he directly told Rong Shu to escape.

Rong Shu glanced at him in surprise, especially the worry on his face, which surprised her even more.

But soon, she laughed.

It seems that I didn't help this kid in vain last time, and I know to remind her, it's not too white-eyed.

Rong Shu didn't dodge like Fu Jinglin said, but raised his left hand, slipped the kitchen knife out of his sleeve, and pressed the knife back down to his left face.

And the blade, naturally stood in the air, and the tip of the blade also flashed a chilling light.

Wang Shuqin saw it, her face changed greatly, and she stopped in time when her hand was two centimeters away from the blade, avoiding the end of her hand being cut.

"You...you actually carry a knife with you!" Fu Jinglin opened his mouth in disbelief.

Wang Shuqin looked at the blade with a look of fear.

Rong Shu put down the knife, flicked the blade with her fingertips, and said with a smile, "You guys are about to smash the door. I thought it was a robbery. Isn't it normal to bring a knife for self-defense?"

Fu Jinglin snorted . Sound, nothing to say.

Rong Shu stopped looking at him, and focused on Wang Shuqin, who was still a little frightened, "I just heard you say that you came to me because I bullied Gu Manyin?"

Upon hearing this, Wang Shuqin immediately Putting away his fear, he said grimly, "Isn't it true, you let your wild men kidnap Manyin, and the harmed Manyin went to the hospital, you..."

"Do you have any evidence?" Rong Shu asked indifferently. cut her off.

Sure enough, she guessed right last night.

They really suspected that she had let Gu Manyin kidnap.

"Manyin told me this personally, do you still need evidence?" Wang Shuqin sneered with her arms around her.

Rong Shu looked directly at her calmly, "Of course, if there is no evidence, it is defamation, and I can report it to the police."

"Then report it." Wang Shuqin rolled her eyes in disdain.

Rong Shu stared at her for two seconds, then took out his hand from his pocket.

"You really called the police?" Wang Shuqin's face changed.

She thought that Rong Shu was just warning and threatening her, but she didn't expect it to be true.

Rong Shu looked at Wang Shuqin like a fool, "Do you think I'm joking with you?"

During the conversation, the phone was connected, Rong Shu put the phone to her ear, "Hey, is this the police station, I want to call the police, there is someone here... Before

she could finish her words, Wang Shuqin hurriedly grabbed her phone and smashed it hard on the ground.

With a bang, the phone shattered.

Wang Shuqin smiled triumphantly, "I'll see how you can call the police now."

Rong Shu stared at the phone on the ground, and after a while, she said coldly, "You thought you dropped my phone, I There's nothing you can do about it, and you don't even look where this place is."

This is Repulse Bay, a well-known high-end residence in the city. The security measures in such a place are top-notch. There are alarms everywhere. It just so happened that she had one on her shoe cabinet.

Rong Shu raised his hand and pressed the siren, and the siren of Ulla Ulla immediately resounded throughout the corridor.

“What’s the matter?” Wang Shuqin was startled and stared at Rong Shu fiercely, “What did you do?”

Chapter 72 Bail

“You’ll know soon.” Rong Shu raised the corners of her lips coldly.

Soon, a few hurried footsteps came from the elevator, but in just a few seconds, four security guards in uniform came to the three of them.

Fu Jinglin looked at the situation and realized that things were getting serious. After rolling his eyes, he quietly retreated to the door, took out his mobile phone and started making calls.

Rong Shu noticed his small movements, guessed who he was hitting, and did not stop her, pointing at Wang Shuqin and saying to the four bodyguards, “This person came to smash my door early in the morning, and he has a vicious attitude. There is a great threat to safety, and she also broke my mobile phone and damaged my property, I want you to detain her and send her to the police station.”

Wang Shuqin yelled angrily, “Rong Shu, you little boy. Rotten hoof, how dare you...”

“She is still insulting me, I ask you to detain her immediately!” Rong Shu interrupted her.

“Okay, Miss Rong.” The four security guards responded, stepped forward to grab the person, and walked towards the elevator.

“Mom!” Fu Jinglin looked at the cell phone that no one answered, and then looked at Wang Shuqin, who was being held by the security guard, not knowing what to do.

Wang Shuqin was caught tightly by the four security guards. She couldn’t break free. She could only turn her head and stared at Rong Shu with malice.

It was hard for Rong Shu to imagine that these vulgar cursing words came from the mouth of a wealthy lady.

Ding, the elevator is closed.

Wang Shuqin’s scolding finally disappeared, and the entire corridor became quiet.

Fu Jinglin hung up the unanswered call and looked at Rong Shu angrily, "Why did you do this?"

"What did I do?" Rong Shu leaned on the door frame and said lazily.

Fu Jinglin clenched the phone tightly, "You asked someone to take my mother away."

"It's your mother's asking for it, isn't it?" Rong Shu wrapped her arms around her arms, "I made it very clear just now that your mother smashed the door like that and threatened my personal safety. The security took her away, but she didn't stop there, she dropped my cell phone and scold me!"

Rong Shu pointed to his ear, "You heard the words your mother scolded me just now, so vulgar Vicious, is it wrong for me to let people arrest her? If it was you, you would do the same."

"I..." Fu Jinglin was speechless and lowered his head.

Yes, if he was scolded like this, he wouldn't let him go so easily.

He will also beat the opponent himself, until the opponent can no longer be scolded.

Seeing Fu Jinglin's dejected look, Rong Shu smiled coldly, "So, Fu Jinglin, if you can't do it yourself, don't blame others."

Fu Jinglin blushed, "I didn't!"

Rong Shu was too lazy to pay attention to him and closed the door. close.

"Hey..." Fu Jinglin wanted to stop her, but the phone in his hand rang.

He looked down and saw that it was Fu Jingting who was calling, with a happy expression on his face, and quickly answered, "Brother, why are you only answering the phone now.

" He threw it on the desk hands-free, looked at the report on the computer, and asked lightly.

Fu Jinglin frowned unhappily, "That's not it, I called you just to ask for money?"

"Isn't it?"

"..." Fu Jinglin choked.

Then he glanced at Rong Shu's door, took a deep breath and said, "Okay, I admit, I used to call you to ask for money, but this time it's really not, this time it's something important.

"?"

"Mom was arrested at the police station."

"What?" Fu Jingting narrowed his eyes and asked in a deep voice, "What's going on?"

Fu Jinglin didn't dare to hide it from him, and told the whole story, "That's it, so Rong Shu called the security guard to take Mom away." "I know, I'll go to the police station first, and, is she okay?"

"She?" Fu Jinglin was stunned for a moment, "Who is it?"

Fu Jingting pursed his thin lips in displeasure, "Rong Shu."

"Oh, she's fine, brother, why are you asking this?" Fu Jinglin was curious.

Fu Jingting's eyes flickered, "It's nothing, you said just now that Mom touched her. If she gets hurt, Mom's bail will need her letter of understanding, so just ask."

"That's it." Fu Jinglin didn't say anything. Doubtful, he shook his head and replied, "Don't worry, brother, she's fine, Mom didn't hit her."

"That's good." Fu Jingting couldn't tell the reason, so he felt a lot more relaxed.

After hanging up, he got up, took off the black woolen coat on the side shelf, and strode out of the office.

Since Wang Shuqin did not hurt anyone, Fu Jingting easily released her on bail, but paid a considerable fine.

The two walked out of the police station, and Fu Jinglin, who was waiting outside, lit up, and immediately greeted him, "Mom, big brother, you finally came out." Wang Shuqin

said with a distorted expression, "Hmph, Rong Shu's little rotten hoof dares to send me away. Entering this kind of place will make me lose such a big face, and I will be mad at me, next time I will definitely want her to look good!"

Little rotten hoof?

Fu Jingting's face turned cold, and the breath all over his body became suppressed.

It turned out that that's what she called Rong Shu, and she called it so smoothly, obviously she called it often.

And he didn't even know.

There was a faint anger in his heart, and Fu Jingting looked at Wang Shuqin with a hint of displeasure, "Mom, I told you last time that I told you not to trouble Rong Shu again, why didn't you listen?"

"With you!" Fu Jingting looked at Fu Jinglin coldly again, "You didn't stop Mom?"

Fu Jinglin pouted in aggrieved, "Brother, I stopped, but I couldn't stop it, Mom learned that Sister Manyin was kidnapped and followed Sister-in-law... After Rong Shu has something to do with it, she has to go to Rong Shu for everything, what can I do?"

"I feel sorry for Man Yin too." Wang Shuqin said angrily, "Man Yin personally told me in the morning to kidnap her. The person in question is the suitor of Rong Shu's little hoof, so it must be instructed by Rong Shu's little hoof."

Fu Jingting's face became more gloomy after listening to the little hoof, "It's right that Rong Shu's suitor kidnapped Man Yin. But it wasn't under Rong Shu's orders."

Intuition told him that this matter had nothing to do with Rong Shu.

Fu Jinglin also nodded and answered, "I don't think she ordered it either."

"Wang Shuqin grabbed his ear angrily, "Fu Jinglin, which side are you on, and how can you help that little hoof Rong Shu speak?"

Even Fu Jingting He also glanced at Fu Jinglin with a little surprise. He knew exactly what

Jinglin's attitude towards Rong Shu was.

Unexpectedly, Jing Lin's attitude has changed so much now.

"Mom, it hurts, let go, let go!" Fu Jinglin bared his teeth in pain and almost jumped up.

After all, Wang Shuqin felt sorry for her son, so she let go of her hand, "Hmph, I see you are still helping that little hoof to talk in the future, don't forget, Man Yin is your sister-in-law, you can only help Man Yin, do you hear?"

Fu Jinglin pouted, rubbed his ears and muttered softly, "I heard."

"Okay Mom, I'll take you back." Fu Jingting frowned and opened the car door.

After sending the mother and son back to Fu Mansion, Fu Jingting drove away again.

On the way, he pondered for a moment, and then called Rong Shu.

This is the first time he has called her since the divorce.

The call was quickly answered, and the woman's polite and gentle voice came, "Which one?"

Chapter 73 Suspect Exclusion

Fu Jingting frowned.

Did she delete his phone?

Seeing that the person on the phone was slow to speak, Rong Shu tilted her head suspiciously, ready to hang up.

At this moment, there was finally movement on the phone, and a man's low and pleasant voice came, "It's me."

Rong Shu's pupils shrank slightly, she stopped the pen in her hand, and took the phone from her ear to her, seeing the Stringing familiar numbers, she pursed her red lips.

It's really him!

Even after the divorce, she had deleted all his contact information, but when she saw this string of numbers, she could still recognize it at a glance. Taking

a deep breath, Rong Shu put away the sourness and asked blankly, "Mr. What's the matter?"

Hearing the indifference in her tone, Fu Jingting's face sank.

She was so gentle with a stranger when she didn't recognize him.

But he was so indifferent.

Suppressing the displeasure in his heart, Fu Jingting pursed his lips and said, "I'm here to apologize to you."

Rong Shu threw away the pen and leaned back, "Apologize? Did Fu always do something to hurt me?"

"Yes My mother, I'm sorry for causing you trouble." Fu Jingting lowered his eyes, and his voice was apologetic.

Rong Shu smiled sarcastically, "It turned out to be this apology, Mr. Fu is really fortunate, he apologized for his fiancée, and now he is apologizing for his own mother. Do you want to apologize for your brother next time?"

Fu Jingting said coldly, "There's no next time."

"That's not necessarily true. I don't know how much your Fu family can cause trouble, especially your mother." When it came to Wang Shuqin, Rong Shu couldn't help rolling her eyes, "President Fu, I Can I ask you a question, this question has been hidden in my heart for a long time."

Fu Jingting pressed the bluetooth on his ear suspiciously, "What's the problem?"

"Are you really your mother's own?" Rong Shu held her cheek.

Wang Shuqin is a typical shrew, even if she dresses as a lady every day, she doesn't look like a lady, but exudes a vulgar and mean air from her bones.

It was really hard for her to imagine that such a woman could give birth to a son like Fu Jingting.

Fu Jingting's eyes flashed, "Why are you asking this?" "Just curious." Rong Shu shrugged.

Fu Jingting turned the steering wheel, "Yes."

Really?

Rong Shu sighed in disappointment.

It appears to be a genetic mutation. Rong Shu picked up the pen again, " Okay

, Mr. Fu, I don't have anything else to ask, that's all, please take good care of your mother in the future, and don't come to me again if you have nothing to do."

?

Fu Jingting's face was stern, "Rong Shu, can you not speak so sharply?"

“Sharp?” Rong Shu smiled. “Mr. Fu, do you still expect me to be kind to you? Why don’t you think about you two in the past six years?” How did you treat me, so why should I be so loud, who do you think you are?”

After saying this, she cut off the communication directly.

Fu Jingting listened to the beep in the bluetooth headset, knew that the phone was hung up, freed a hand from the steering wheel and rubbed his eyebrows.

‘Why don’t you think about how you have treated me in these six years?’ Her words kept lingering in his mind, and even his heart seemed to be weighed down by a big rock, making him feel heavy.

Because he couldn’t deny that in these six years, they really did not treat her very well.

While contemplating, the hospital arrived.

Fu Jingting parked the car and sat in the car for a while before getting out of the car and walking towards the inpatient department.

In the senior ward, Gu Manyin was watching TV, and Mrs. Gu was sitting beside her hospital bed peeling apples.

Hearing the knock on the door, Mrs. Gu looked up and laughed, “Manyin, who are you here?”

Gu Manyin turned her head to look at the door, and saw Fu Jingting coming in from outside, she was overjoyed at first, and then her eyes were filled with joy. Red, “Jing Ting...”

She lifted the quilt and rushed towards him.

Fu Jingting just walked to the hospital bed, hugged her, and touched her hair, “Why are you crying?”

“I miss you.” Gu Manyin buried her head on his chest.

Fu Jingting’s eyes softened, “I’m not here.”

Madam Gu saw how close the two of them were, put the sliced ??apple aside, and stood up from the chair with a smile, “Jing Ting, you came just in time, you Let’s accompany Manyin, I’ll go out and ask the doctor when Manyin can be discharged from the hospital.”

“Okay.” Fu Jingting nodded slightly.

Mrs. Gu left, he touched Gu Manyin's forehead, the fever had subsided, and he felt relieved.

"Is there any discomfort?" Fu Jingting took his hand back and asked.

Gu

Manyin pouted aggrievedly, "Yes, my head is still dizzy." "Then take a rest." Fu Jingting straightened the pillow and asked her to lie down.

Gu Manyin shook his head, "I don't want to sleep anymore, just stay with me."

Fu Jingting had no objection and sat down beside the hospital bed.

Gu Manyin hugged his arm and rested her head on his shoulder, "Jing Ting, my aunt came to see me this morning. After hearing that I was kidnapped and related to Miss Rong, she said she would go to Miss Rong to settle the account. I can't hold it."

"I know."

"You know?" Gu Manyin looked up at the man's perfect profile, "Then what did my aunt do to Miss Rong?" What did she do

to Rong Shu?

Fu Jingting lowered his eyes.

Mom wanted to do something to Rong Shu, but in the end she was sent to the police station by Rong Shu.

Rong Shu, however, did not suffer at all.

Thinking of this, Fu Jingting's thin lips slightly outlined a smile, and there was a softness in his eyes that he didn't even know.

Gu Manyin saw it, and knew who this gentleness was for. She felt alarmed in her heart and pinched her palms, but she asked in confusion, "Jing Ting, what are you laughing at?" When it

came to Rong Shu, he She actually smiled, with such a gentle expression on her face.

No, she must get rid of Rong Shu as soon as possible, otherwise, if it goes on like this, he will really fall in love with Rong Shu. He doesn't know it, but she can see it clearly, and now he has a shadow of Rong Shu in his heart. .

laugh?

Fu Jingting's eyes darkened, and his expression returned to his usual coldness. He turned his head slightly to look at Gu Manyin, "It's nothing, I just thought of an interesting thing."

"Is that so?" Gu Manyin squeezed the corner of his mouth. My heart is dark.

At this time, Mrs. Gu came back, "Manyin, the doctor said that you can be discharged tomorrow."

"That's great, I don't want to stay in the hospital at all. I've been in the hospital for six years, and I'm already tired of it." Gu Manyin said happily.

Fu Jingting patted her hair dotingly.

Mrs. Gu looked at him and suddenly asked, "By the way, Jing Ting, has the fox man been found out?"

Gu Manyin heard the word fox man, and her smiling face immediately turned horrified, "Jing Ting... .."

Fu Jingting held her in his arms, patted her on the back lightly, and said softly, "Don't be afraid."

Mrs. Gu also regretted, "I'm sorry Manyin, Mom didn't mention it on purpose, you..."

"I'm fine mom." Gu Manyin shook her head tearfully, "This is what I should suffer, if I didn't hurt Miss Rong first because I didn't feel safe, Miss Rong wouldn't let anyone kidnap me, so this It's all my own fault."

"What's your fault?" Madam Gu also burst into tears, "It's clearly Rong Shu, that woman is too vicious, it's right that you hurt her first, but we've also compensated her for what she suffered. Bullying you is so abhorrent!"

Gu Manyin lowered her head and sobbed softly, as if she couldn't understand why Rong Shu did this.

Fu Jingting frowned, "Auntie, Manyin, this incident has nothing to do with Rong Shu, it was the fox man's own idea who kidnapped you, not Rong Shu's orders."

"Jing Ting, you help Rong Shu. Shu speak?" Madam Gu looked at him in disbelief.

Chapter 74 These two things are related

Fu Jingting shook his head slightly, "I didn't speak for her, it's a fact."

"But..." Mrs. Gu wanted to say something else.

Gu Manyin tugged at her sleeve and smiled forcefully, "Mom, forget it, since Jing Ting thinks that Miss Rong did it, it should be true."

Fu Jingting frowned upon hearing this. He frowned, always feeling that something was wrong, but he couldn't tell.

And Mrs. Gu understood, and glared at him angrily.

After waking up, Man Yin said it all, and heard the kidnappers reveal that it was the fox man ordered by the woman Rong Shu to take revenge on Man Yin.

But he was good, and he kept talking to Rong Shu's woman, making Man Yin sad, and Man Yin still protected him.

Suddenly, there was a knock on the door of the ward, and Assistant Zhang stood at the door, "Mr. Fu."

"What's the matter?" Fu Jingting's thin lips parted lightly.

Assistant Zhang glanced at Gu Manyin, "You asked me to investigate Li Chuan, the results have already been obtained."

Fu Jingting narrowed his eyes slightly, "Wait for me outside."

"Yes." Assistant Zhang replied and left from the door.

Fu Jingting pulled out his arm, "Manyin, I'll go out."

Gu Manyin smiled and nodded, "Okay."

Fu Jingting helped her lie down, covered her with the quilt, and then got up and went out.

The door was closed, and Fu Jingting looked at Assistant Zhang.

Assistant Zhang handed him a document in his hand, "President, this is the detailed information of Li Chuan. He is an orphan who grew up in Jiang County. When he was a teenager, he was sponsored by Miss Rong's father and daughter before he started to go to school. He became an adult. Later, because of his appearance, he was discovered by a scout and entered the modeling circle. To sum up, he is not a fox man."

"No?" Fu Jingting frowned.

Assistant Zhang nodded, "That's right, I asked Mr. Gu, he has seen the fox man twice, from Mr. Gu's description, it can be seen that the fox man is a top hacker, but Li Chuan

has never been in touch with this. Xueshan took a photo, and the man caught a cold, but the fox man didn't, so I'm sure he wasn't."

"Mr. Fu, what should we do now?" Assistant Zhang looked at the man.

The man pondered for a moment, then pursed his thin lips and said, "Check Rong Shu's interpersonal relationship, that fox man must be someone Rong Shu knows, and find out all these people."

"Understood!" Assistant Zhang nodded.

"President Fu." A cautious female voice came from behind.

Fu Jingting looked back, Meng Ke and Gao Meiling came towards this side with flowers.

"Mr. Fu, is Man Yin there?" Meng Jue didn't dare to look directly at the man, lowered her head slightly, and said timidly, "We heard that Man Yin is ill, so we came to see her."

"In the ward." Fu Jingting pointed Open the ward door.

"Thank you, Mr. Fu." Meng Ke's face lit up, and she turned to look at Gao Meiling next to her, "Miss Gao, let's go in."

"Well." Gao Meiling raised her chin arrogantly.

Meng Ke stepped forward and knocked on the door.

Gao Meiling stood there and looked at Fu Jingting.

The last time she was in the box, she hadn't paid much attention to this man, but this time she finally saw it clearly, he was an extremely high-quality man.

In terms of appearance alone, her husband Li Zhennan can't compare.

Thinking of the man who was going to divorce her, Gao Meiling's eyes darkened and she withdrew her gaze.

"Miss Gao, Man Yin let us in." Meng Ke opened the door of the ward and waved at Gao Meiling.

"Come on." Gao Meiling responded, nodded slightly to Fu Jingting, and walked over with her high heels.

"Let's go." Fu Jingting threw the documents in his hand into Assistant Zhang's arms and walked towards the elevator.

Assistant Zhang followed closely behind him, “Mr. Fu, are you not with Miss Gu in the hospital?”

“No, it’s fine with Miss Gao and the others.” Fu Jingting replied lightly, then took out his cell phone and gave it to Gu Man Yin sent a message over and told her that he was gone.

Gu Manyin looked at the news on the phone, bit her lower lip, and replied with a word in her heart.

“Manyin, what’s the matter with you?” Seeing that she was unhappy, Meng Ke put the flowers away and asked.

Gu Manyin put away her phone and smiled, “I’m fine, thank you for coming to see me.”

“It’s nothing, we are good sisters.” Meng Ke waved his hand.

Gao Meiling sat on the chair beside the hospital bed, her legs folded gracefully, “I heard that you were kidnapped, what happened?”

Although this matter has not been announced, the Gu family’s incident about Gu Manyin entering the hospital But he didn’t hide it, everyone in the circle knew it, and after a little investigation, it was clear why he entered the hospital.

Meng Ke opened her mouth in surprise, “Manyin, you were kidnapped, who did it?”

Gu Manyin’s eyes were wet, but a smile forced on her face, “It’s Miss Rong’s suitor, because I A few days ago, Miss Rong was accidentally injured, so her suitor kidnapped me in order to avenge her.”

“What, this is too much, you are all careless, what a bad suitor He actually kidnapped you!” Meng Ke blushed and said indignantly.

Gu Manyin smiled bitterly, “He probably thinks that I hurt Miss Rong on purpose, that’s why...”

She didn’t say anything later.

Meng Ke’s chest heaved violently, “Hmph, I think this matter must have something to do with Rong Shu, maybe she ordered her suitor to do it.”

“No, Jing Ting said it has nothing to do with Miss Rong.” Gu Gu Man Yin waved his hand, as if afraid that they would misunderstand.

Gao Meiling touched her chin and pondered, “How does he know that he has nothing to do with Rong Shu?”

"I don't know either, maybe he asked Miss Rong." Gu Manyin shook her head, looking back sadly.

Meng Ke put her hands on her hips, "Then Mr. Fu must have been deceived by Rong Shu, Man Yin, we must not let her go..."

"But..." Gu Manyin bit her lip, looking embarrassed.

Meng Ke looked at her like this and felt distressed, "Don't be so, she bullied you so much, this time she dares to let someone kidnap you, I don't know what to do with you next time, so we must teach her a lesson and let her I know that we are not easy to bully."

"Then let me do it." Gao Meiling said coldly.

Gu Manyin looked at her, "Miss Gao, what do you want to do?"

Gao Meiling flicked her red nails, "I heard that Tiancheng is borrowing from the bank recently, I can start from this, with the bank's funds, no With the injection of bank funds, it would be difficult for Tiancheng to maintain operations."

As she spoke, she took out her mobile phone and called the presidents of major banks.

Meng Ke looked at her with admiration.

Seeing this scene, Gu Manyin ticked slightly at the corner of her mouth.

Tian Cheng, Tong Xi hurriedly walked into Rong Shu's office, "Mr. Rong, it's not good, something happened."

"What's the matter?" Rong Shu looked up from behind a pile of documents.

Tong Xihui reported, "I just received calls from several banks saying that our loan conditions were not met and refused to lend to us. Several other lenders even said that there was an error in the review at that time, so we should immediately. Repay the loan."

"What?" Rong Shu's face changed, and she clenched the pen in her hand suddenly, "Why is this?"

"I don't know, but these banks are doing this at the same time, I guess someone must be behind it. Fix us." Tong Xi looked at her and said.

A name instantly popped into Rong Shu's mind, "Gu Yaotian!"

"You mean Sansheng Group did it?"

Rong Shu squinted, "Besides them, I think there should be no one else." If

Gu Yaotian really did it, it must be because of that land.

Either it was because of Gu Manyin, or it must have something to do with these two things.

"Then Mr. Rong, what should we do now?" Tong Xi asked.

Chapter 75 The high price will suffer

Rong Shu thought for a few seconds, "So, you can negotiate with the presidents of these banks to see if they can change their minds, and by the way, ask if Gu Yaotian is behind us."

"Okay." Secretary Tong He responded, then thought of something, and asked again, "Do you want to tell President Lu about this?"

"No." Rong Shu shook her head, "Aqi is going to take care of his company recently, and I don't want to trouble him.

"Yes."

Shortly after Secretary Tong went out, Chen Xingnuo from the finance department also came.

"Mr. Rong, what's going on? I just received a debt collection call from a few banks, asking us to pay off the loan immediately. Isn't this loan just taken out not long ago? Let us pay it back?" Chen Xingnuo walked to Rong Shu's desk and asked.

Rong Shu pinched the bridge of her nose, "Can't you see, we're being targeted."

"Who?" Chen Xingnuo slapped the desk.

A cold light flashed in Rong Shu's eyes, "At present, it is suspected that Gu Yaotian did it, but there is no evidence yet."

"There is no rush to find evidence, the most urgent thing is to quickly solve the current funding problem, and now the main funds supporting the operation of Tiansheng are, It's the loans from those banks, if we repay the loans, Tiansheng will immediately go bankrupt." Chen Xingnuo said irritably.

Rong Shu pursed her red lips.

How could she not know the seriousness of the matter?

“Mr. Rong.” The knock on the door sounded again.

Rong Shu looked up.

Tong Xi stood at the door and shook his head regretfully, “I have negotiated with the presidents of these banks, some banks that haven’t had time to lend money will not lend to us at all, and a few that have already given loans will not lend to us. We are determined to repay the loan immediately, President Rong, what should we do?”

Rong Shu squeezed her palm and asked instead, “Then did they say that Gu Yaotian asked them to do it?”

“No, I asked them, and they were vague, as if they were afraid of something.” Secretary Tong replied.

“The bank is also under the name of the state. As the president, how could they be afraid of the owner of a private enterprise.” Chen Xingnuo frowned.

Rong Shu narrowed her eyes, “Unless the one who ordered them is not Gu Yaotian, but an official.”

“Mr. Rong, when did you get into trouble with an official?” Chen Xingnuo asked solemnly.

Rong Shu shook her head blankly, “I don’t know.”

She recently had a deal with the relevant official department because of the local issue.

But that time, he didn’t offend the other party at all.

“Forget it, let’s think about it later, President Rong, let’s hurry up and solve the funding issue.” Chen Xingnuo pointed out.

Rong Shu closed her eyes a little tiredly, “Secretary Tong, if you contact the presidents of the banks that have made loans, say I’ll invite them to dinner at the Universal Hotel.”

Forget the banks that haven’t made loans.

But for those who made loans, she had to give up their idea of ??collecting debts, or Tiancheng would really be finished.

“Okay.” Secretary Tong nodded.

Rong Shu looked at Chen Xingnuo, "You sort out the loan contract at that time and come with me."

"Okay." Chen Xingnuo hummed.

An hour later, the two came to the Universal Hotel.

This is the only seven-star hotel in the city, which belongs to the Fu Group.

Eating the most ordinary meal here may cost the average family's income for a year.

What's more, Rong Shu also booked a box and ordered a lot of high-end dishes to entertain these presidents, which can be said to be full of sincerity.

These presidents enjoy such top-level treatment, and it is not good to say nothing, but finally revealed the person who targeted her, the surname is Gao.

"Mr. Rong, as far as I know, there is only one dignitary named Gao, and that is the Gao family of Nanjiang." Chen Xingnuo turned slightly and said in Rong Shu's ear.

Rong Shu clenched the wine glass in her hand, her face was full of frost, "It's Gao Meiling."

She had no conflict with the Gao family.

There are only some small festivals with Gao Meiling.

"I guess it's also her, but why did she do this, is it because of the last time she played mahjong?" Chen Xingnuo guessed.

Rong Shu took a sip of her wine, but she couldn't see the joy or anger on her face, "Maybe."

"If that's the case, it would be too cautious." Chen Xingnuo sneered, "And Gao Meiling's hand is too long. Dian, she is a rich and powerful daughter of Nanjiang, who actually intervenes in the affairs of the sea market, who gave her the courage? President Rong, I will make a phone call."

"Well." Rong Shu nodded and agreed.

Chen Xingnuo got up, left the box, found a quiet place outside, and made a phone call to go out.

"Fuck it!" A rough voice came from the phone.

Chen Xingnuo rolled his eyes, "Old man, I heard that in the past few years, because the Gao family is too high-profile, the above was going to let the Ye family suppress the Gao family, but because they didn't find a suitable excuse, they didn't do it for a long time, yes Really?"

"Why are you asking this?" The man looked impatient.

"It seems to be true." Chen Xingnuo took out a cigarette from his pocket, lit it, and took a sip, "Of course I'm here to bring you good news, Mr. Gao's granddaughter, Gao Meiling, is in Haishi, and she used the power of the Gao family to intervene in the banking affairs of the sea market, suppressing my boss, and using this excuse to attack the Gao family, what do you think?" The

man's eyes lit up for a moment, "It is indeed good news, Mr. When you step down, you can't interfere in the government affairs of other places casually. His granddaughter is very powerful and dares to break this taboo."

"No, it's too stupid to give us the handle." Chen Xingnuo spit out a smoke and said mockingly.

The last time she played mahjong, Gao Meiling offended her. She used the information of the Gao family to make a small stumbling block for the Gao family.

This time, Gao Meiling committed suicide even more, directly pitting the entire Gao family.

Thinking of this, Chen Xingnuo couldn't help laughing.

The man frowned, "What are you laughing at, dead girl, how did you find out about the little young master?"

Chen Xingnuo put away his smile and shouted loudly, "What do you say, last time you said that the little young master was there I stayed in Jiangxian, but after I went there, I didn't have any clues about the young master, how can I find it?" The

man choked, "It's alright, alright, what the roar, in short, hurry up and find the young master, the old man will support It won't be long."

"Understood." Chen Xingnuo replied reluctantly.

When the call was over, she took out the cigarette butt in her mouth and went to the box.

As soon as I walked to the door of the box, I saw those bank presidents coming out.

Rong Shu was following behind them, smiling at each other.

But Chen Xingnuo could see clearly, her smile was reluctant, with a hint of sadness.

“President Rong.” Chen Xingnuo asked, “How’s the conversation going?”

Rong Shu turned around, went back to the chair in the box and sat down, “No, they still don’t want to let go, But I tried my best to get three days, and they asked Tiancheng to repay the loan within three days.”

“Three days...” Chen Xingnuo curled his lips, “Enough!”

“What do you mean?” Rong Shu Look at her suspiciously.

Chen Xingnuo smiled and said, “Don’t worry, President Rong, I promise that after three days, these banks will not collect debts again. Those banks that have not made loans will also change their minds and continue to lend to us, because the Gao family will suffer.

” With a positive expression on her face, Rong Shu realized something, “Did you do something?”

Chen Xingnuo smiled and said nothing.

Rong Shu has determined that her identity is not simple.

I’m afraid that call she just went out to make is the key.

Thinking of this, Rong Shu stood up and bowed to Chen Xingnuo.

Chen Xingnuo was startled and got up, “Mr. Rong, what are you doing?”

Chapter 76 Elevator Accident

Rong Shu straightened her body and smiled, “Xingnuo, thank you, if you didn’t help me this time, I really don’t know what to do.”

Tiancheng Group needs one billion to operate normally. The bank asked for the money back, and she still didn’t know where to get the billion.

Now that Chen Xingnuo has taken action and solved this problem for her, she should naturally be grateful.

Chen Xingnuo waved his hand, “Mr. Rong, you don’t need to thank me, it’s what my subordinate should do to relieve the boss’s worries.”

Rong Shu chuckled, feeling a little warm in her heart.

Chen Xingnuo's lips moved, and he wanted to say something when the phone rang suddenly.

She picked it up and looked at it, then answered with a serious look, "Hello?"

"Sister Chen, we found another place where the young master stayed. Would you like to come and have a look?"

"Okay, I'll go buy a ticket now. "

Hang up the phone, Chen Xingnuo looked at Rong Shu, "Mr. Rong, I'm going to ask you for leave again, there is something very important..."

"Go." Rong Shu smiled and said, "I will wait for you to come back. Treat you to dinner."

"Thank you, President Rong, then I'll go first, and I'll arrange for a driver to come and pick you up."

After that, she put away her phone and quickly left the box.

Rong Shu picked up the chopsticks and ate something, guessing that the driver arranged by Chen Xingnuo was about to arrive, so he was ready to check out and return to Tiancheng.

Just as she walked out of the box, the box opposite opened, and Fu Jingting and Assistant Zhang came out.

Seeing Rong Shu, both of them were startled.

Rong Shu was also a little surprised, as he didn't expect to meet them here.

"Mr. Fu." Rong Shu spoke first and greeted Fu Jingting in a light tone.

Fu Jingting nodded slightly as a response.

Assistant Zhang pushed his glasses and smiled politely at Rong Shu, "Miss Rong."

"Hello Assistant Zhang." Rong Shu smiled back.

Fu Jingting frowned, feeling a little uncomfortable.

She can laugh at Assistant Zhang, but she has a dead face to him.

Fu Jingting's whole body became cold.

Assistant Zhang shivered and subconsciously distanced himself from him.

Rong Shu didn't plan to greet the two of them. After saying hello, she raised her feet and walked towards the elevator.

Fu Jingting also moved his legs.

The elevator was going up. The three of them stood at the elevator entrance and waited quietly. No one spoke. The atmosphere was very depressed.

Assistant Zhang looked at Fu Jingting on the left and Rong Shu on the right, only to feel a lot of pressure.

In the end, why did these two people meet?

Assistant Zhang rubbed his temples with a headache.

Ding, the elevator is here.

Rong Shu walked in, followed by Fu Jingting and Assistant Zhang.

After entering, Assistant Zhang consciously stood in the corner and acted as an invisible man.

The elevator door slowly closed and began to descend.

Suddenly, the light on the top of the elevator flashed twice, and there was a sound of electricity.

Assistant Zhang raised his head, swallowed his saliva, and said uncertainly, "Is there nothing wrong with the elevator?"

As soon as he finished speaking, the elevator suddenly shook violently.

Rong Shu snorted subconsciously, and her face turned pale with fright.

In addition, she was wearing high-heeled shoes, so she couldn't stand still during the shaking, her body staggered, and she twisted her feet.

She could even hear the sound of the bones being dislocated clearly.

Rong Shu's painful cold sweat broke out, and the expression on her face was distorted for a moment.

Just when she was about to fall down, her arm suddenly stretched out from behind her and wrapped her arms around her waist.

Rong Shu's body froze, "What are you doing?"

Her painful voice was hoarse.

Fu Jingting scooped her into his arms, made her back tightly against his chest, and said solemnly, "Don't move, stand by me."

Rong Shu was reluctant, and prepared to take his hand from his waist take away.

Fu Jingting's voice sounded again, with a hint of indifference, "If you don't want the other foot to be swollen, just do it."

Rong Shu's hand stopped instantly.

He actually knew that she had sprained her foot!

She couldn't tell what she felt in her heart, but Rong Shu didn't insist on breaking free from Fu Jingting's protection, and leaned in his arms obediently.

After all, she really didn't want to have both feet swollen, and she would go to work in a wheelchair in the future.

The elevator shook for about two minutes, and finally calmed down and descended to the first floor.

The elevator opened, Rong Shu saw the light outside, and a restless heart finally let go.

Assistant Zhang sorted out the messy clothes on his body, got out of the elevator first, and then stood at the elevator door, blocking the elevator door for the two of them, so as not to close.

Rong Shu looked down at the man's hand that was still on her waist, and after a complicated look flashed in her eyes, she said lightly, "Mr. Fu, can you let go?"

"Sorry." Fu Jingting took his hand away.

Rong Shu rested her hands on the elevator wall to stabilize her body, then shook her head, "President Fu doesn't need to apologize to me, it should be me thanking you, thank you for helping me just now."

"It's nothing." Fu Jingting looked at her pale Forbearance's little face, her eyes darkened, then she looked down, staring at her high swollen ankle, her heart twitched inexplicably, "Your feet..."

Rong Shu also looked down and moved her ankle slightly. .

As a result of this movement, the piercing pain spread all over the body, she groaned in pain, cold sweat seeped out again, and her breathing became rapid, but she pretended to not care and smiled, "My feet are fine. "

Are you okay?

Seeing the large drops of cold sweat on her forehead, Fu Jingting pursed her thin lips, then bent over, hugged her horizontally, and walked out of the elevator.

Rong Shu was stunned. After recovering, he struggled, "Fu Jingting, what are you doing, let me down!"

"Don't move, I fell!" Fu Jingting reminded with a frown.

Rong Shu's face flushed red. She didn't know if she was angry or ashamed . Her body was extremely stiff, "Then let me down."

"Let me down, can you go?" Fu Jingting glanced at her foot.

Rong Shu choked for a moment, but soon recovered as before, and snorted coldly, "That's none of your business."

"This is a hotel under the Fu Group, you are injured here, and as the boss, I have a responsibility. "Fu Jingting replied.

Assistant Zhang, who followed the two, looked at the back of the two and felt very uneasy.

When he was in the elevator, he could see clearly that Mr. Fu himself could not stand very steady, but he still tried his best to protect Miss Rong. Ms. Rong slapped her foot, and Mr. Fu showed a distressed and nervous expression.

It seems that President Fu does not have no feelings for Miss Rong.

Just thinking about it, Assistant Zhang heard Fu Jingting calling him again.

He quickly gathered his thoughts and walked quickly towards the lounge area in the hotel lobby, "Mr. Fu."

"Go and find some ice packs." Fu Jingting instructed.

Assistant Zhang nodded and immediately followed suit.

Soon, the ice pack arrived.

After Fu Jingting took it, he sat down beside Rong Shu, bent over to pick up her injured foot and put it on his lap.

Just when he was about to take off her shoes, Rong Shu immediately held his hand down, "Mr. Fu, I can do it myself."

She didn't know why he was crazy, and suddenly he was so nice to her, and she didn't want to. knowledge.

If he did this before, she would definitely be moved to cry, but now she won't, a heart that has already been cold, won't make waves again because he suddenly treats her well.

Rong Shu took her feet away from Fu Jingting's legs, took off her high heels, and put an ice pack on her feet to relieve the pain.

Fu Jingting looked at her actions and pursed his lips slightly, feeling a little irritable at her resistance.

He inexplicably disliked her deliberately staying away from him.

But why he didn't like it, he couldn't tell.

"Mr. Rong, I'm here to pick you up." Suddenly, a familiar voice came from not far away.

Chapter 77 The Pursuit

Rong Shu and Fu Jingting both looked up, Cheng Huai turned a car key with his fingers and came over.

Fu Jingting squinted, looked at Cheng Huai, and then at the woman beside him, frowning.

Why did she ask Cheng Huai to pick her up?

When did the relationship between them become so good?

Cheng Huai was also a little surprised when he saw Fu Jingting, "Jing Ting, why are you here and sitting with President Rong, are you two dating?"

He pointed to the two of them playfully.

Rong Shu put the ice pack aside and rolled his eyes at him, "What nonsense, I came here to talk business, and I just met President Fu by chance."

"Really?" Cheng Huai touched his chin in disbelief.

Fu Jingting did not speak, but did not deny it either.

Seeing that he already believed this, Cheng Huai curled his lips somewhat boringly. Then he saw Rong Shu's swollen ankle, and was stunned, "Mr. Rong, what's wrong with your foot?"

"We've arrived." Rong Shu put on her shoes and replied lightly.

Cheng Huai clicked his tongue twice, "It's quite serious, I'm afraid it hurts a bone?"

"So your next task is to take me to the hospital." Rong Shu looked up at him.

Cheng Huai pretended to be a subordinate, "Follow the boss!"

Rong Shu also became playful and stretched out his hand to him, "Then why are you still standing there, why don't you come and help me."

"Okay!"

Cheng Huai He stepped forward and helped Rong Shu up from the sofa.

Fu Jingting's face was sullen, looking at the interaction between the two with cold eyes, his thin lips slowly pursed a bit cold.

Especially when he saw Cheng Huai put a hand around Rong Shu's waist, the aura around him was cold enough to make people freeze.

But neither Rong Shu nor Cheng Huai noticed Fu Jingting's abnormality.

Rong Shu's swollen foot couldn't touch the ground at all, and it hurt when it touched the ground, so how could she be in the mood to pay attention to other things.

The son Cheng Huai supported her earnestly, so that she would not stand firm and fall, so he didn't pay attention to other things.

The two didn't even say goodbye and walked towards the hotel door.

Fu Jingting looked at the figure of the two leaving with dark eyes, and there was no expression on his cold face, which made it impossible to see joy and anger.

“Check whether the elevator was accidental or man-made.” Fu Jingting stood up and instructed in a cold voice.

In recent years, with the development of Fu’s Group, Fu’s Group has indeed robbed the interests of some enterprises.

Those people in the enterprise are not allowed to start to deal with him.

“Yes.” Assistant Zhang on the side responded and immediately went to investigate.

Soon, he came back from the investigation, “Mr. Fu, I checked it out, it was an accident, there was a problem with that elevator in the morning, but the person in charge of the hotel didn’t stop it, and didn’t notify anyone to come to repair it, that’s why we encountered a problem. The situation.”

Speaking of this, Assistant Zhang was also a little scared.

Fortunately, they were lucky, and the elevator finally descended safely to the first floor.

Otherwise, the consequences are simply unimaginable.

“Good one is not out of service.” Fu Jingting clenched his fists with an extremely ugly face, “Notify the headquarters personnel, change the person in charge of the hotel, and the elevator will be out of service immediately for maintenance.”

“Understood.” Assistant Zhang nodded.

Fu Jingting’s eyes flashed, “Also, check what happened between Rong Shu and Cheng Huai.”

Although the two knew each other before, their relationship was normal, no different from strangers.

But now the relationship between the two is advancing by leaps and bounds, and they can still fight. If there is nothing between the two, he absolutely does not believe it.

Assistant Zhang looked at the sourness that flashed in Fu Jingting’s eyes, and knew in his heart that President Fu was probably eating the jealousy of Miss Rong and Mr. Cheng.

But he thought so, but Assistant Zhang didn’t dare to say it, so he could only pretend to be confused and take orders, “Okay.”

...

Cheng Huai helped Rong Shu into the hospital and registered at the front desk.

On the other side, Gu Manyin and a group of people walked over chatting and laughing.

It was not Gu Manyin who first discovered Rong Shu, but her little sister Meng Ke. Meng Ke pulled Gu Manyin

's sleeve, and pointed at the registration window again, "Manyin, don't you think that's Rong Shu, and Mr. Cheng, how could they be together?"

She smiled and looked in the direction she pointed, her eyes darkened, but her tone was soft and judo, "It's really Miss Rong and Mr. Cheng, but Miss Rong seems to be injured."

She looked down and fixed on Rong Shuti On the foot that got up, the swelling on the top was clearly visible.

"Miss Gao, is this your idea too?" Gu Manyin looked at Gao Meiling on the other side.

Gao Meiling also glanced at Rong Shu's ankle, and shook her head arrogantly, "No."

"That's weird." Gu Manyin whispered.

Meng Ke said again, "Manyin, they turned around."

Gu Manyin looked again.

This time, her eyes met Rong Shu's.

Rong Shu couldn't help but laugh.

Cheng Huai looked down at her, "What are you laughing at?"

"I'm laughing, this world is really small. I met Fu Jingting in the hotel and Gu Manyin in the hospital. Who can have such luck?" Rong Shu back.

Cheng Huai watched Gu Manyin and the three come over, his face was full of watching a good show, "They are coming to you."

Rong Shu heard the gloating in his tone, and gave him a cool look.

The three of Gu Manyin stopped in front of Rong Shu.

Gu Manyin greeted with a smile, "Ms. Rong, Mr. Cheng, what a coincidence."

"It's a coincidence." Rong Shu nodded lightly, her eyes more focused on Gao Meiling, who was beside her. Think about something.

Gu Manyin looked at Rong Shu and then at Cheng Huai, a different light flashed in his eyes, but soon disappeared again, pretending to be curious, "Why is Miss Rong with Mr. Cheng, if Mr. Lu knows, won't you be angry?"

Cheng Huai raised his eyebrows.

This woman is provoking the relationship between Rong Shu and Lu Qi.

Rong Shu ruffled the hair around her ear, and she didn't see the panic of walking with other men at all, and replied in a cold voice, "Why is he angry, I have so many suitors, he It will only make myself better, lest I be taken away, so I can't be angry."

Gu Manyin's face froze for a moment, then she smiled dryly, "Miss Rong is quite humorous."

Meng Ke disdain She rolled her eyes, "What kind of humor, she's shameless, she has a boyfriend, and she's fooling around with other men."

"Why, are you jealous?" Rong Shu looked at her with a smile, "I can always A man chases you, but you don't, so you don't like me?"

"I... I don't." Meng Ke blushed.

The corner of Rong Shu's lips hooked, "Really not? Don't be embarrassed to admit it, after all, you are ugly and have no masculinity. It's normal to be jealous of me who is good-looking and has masculinity. I won't laugh at you. Yes ."

"You..." Meng Ke was about to cry angrily, but she had to admit that she was indeed jealous.

Cheng Huai looked at Rong Shu, who was speechless after a few sentences, and smiled amusingly.

I don't know if Fu Jingting knows about his ex-wife, such a eloquent side.

"Miss Rong." Gu Manyin pulled Meng Ke behind her, "What did you mean just now that Mr. Cheng is also your suitor?"

"Tell her, are you?" Rong Shu bumped Cheng Huai with her elbow and warned in a voice that only the two of them could hear, "If you dare to talk nonsense, I promise you will have a hard time."

Cheng Huai The corners of his mouth

twitched , he didn't want to participate, he just wanted to watch the play, but these women had already set the fire on him, he had to endure the headache and stood up and replied, "Of course!" I like Gu Manyin.

So, let's stand on Rong Shu's side.

Chapter 78 Something really happened to the Gao family!

Gu Manyin's eyes widened slightly, her eyes filled with disbelief.

He actually admitted it.

Is he really chasing Rong Shu?

Not to mention how shocked Gu Manyin was, Gao Meiling and Meng Ke were equally shocked.

Gao Meiling looked at Cheng Huai like a fool.

Also from an aristocratic family, Gao Meiling despised Cheng Huai in her heart, but she actually liked a divorced woman.

This is simply disgrace to the children of their powerful family!

"Mr. Cheng, wouldn't it be good for you to do this, Miss Rong, she..." Gu Manyin looked at Rong Shu and bit her lip, as if there was something hard to say.

Rong Shu laughed angrily, "Miss Gu, keep talking, what's wrong with me? You keep half of what you say, cover it up, as if I did something shameful, what you want to tell Cheng Huai is this What do you mean?"

Gu Manyin panicked in her heart, but she never thought that Rong Shu would directly say her purpose, and she was caught off guard.

She quickly shook her head and explained, "No, I didn't mean that, I just wanted to say that Miss Rong is also Jing Ting's ex-wife, Mr. Cheng, you are also Jing Ting's friend, isn't it bad for you to pursue Miss Rong?"

" No, I think it's pretty good." Cheng Huai said with a smile, "Although Rong Shu is Jing Ting's ex-wife, they're fine now, it's normal for me to pursue her."

"But..." Gu Manyin still thinks say what.

Rong Shu interrupted her, "Is Miss Gu so unpopular with me?"

"I don't, I'm not..."

“Since not, why do you stop Cheng Huai from pursuing me, if you think your friend’s ex-wife is untouchable? , then you and I are still college classmates, shouldn’t you have meddled with my ex-husband?” Rong Shu looked at her with a half-smile.

Gu Manyin’s face turned red and white, and she didn’t speak.

What can she say?

No matter what she said, she was the one who couldn’t get off the stage in the end.

“It seems that Miss Gu has nothing to say, let’s go.” Rong Shu said to Cheng Huai.

Cheng Huai glanced at Gu Manyin with a half-smile but nods.

Gu Manyin’s methods are so obvious, but Jing Ting can’t see it like she’s blind, and thinks she’s kind and simple.

I really don’t know where he got such a thick filter.

The two were about to walk forward when Gao Meiling suddenly stopped them, “Wait a minute.”

Rong Shu narrowed her eyes, “Is there anything else Miss Gao?”

Gu Manyin and Meng Ke also looked at Gao Meiling.

Gao Meiling raised her arms and said arrogantly, “Isn’t Miss Rong going to apologize to Man Yin?”

“Apologize for what?” Rong Shu looked directly at her.

Gao Meiling snorted coldly, “Shouldn’t you apologize for letting your suitor kidnap Man Yin and put the victim in the hospital?”

“What, you let her kidnap her?” Cheng Huai raised his voice in surprise.

Rong Shu rolled his eyes at him, “Do you think it’s possible?”

“I think it’s possible!” Cheng Huai nodded solemnly.

Rong Shu’s mouth twitched slightly, “Go away!”

Cheng Huai shrugged and stopped talking.

Only then did Rong Shu look at Gu Manyin and Gao Meiling again, “Who said I was the one who kidnapped her?”

“Manyin said that you did what she heard from the kidnapers.” Gao Meiling pick up.

Rong Shu laughed, “So Miss Gao believed it, and then came forward to seek justice for Miss Gu, and let several major banks cut off Tiancheng’s loans?”

At first, she also thought that Gao Meiling did this because of the last mahjong incident.

It wasn’t until she saw Gao Meiling walking beside Gu Manyin that she rejected this conjecture, thinking that what Gao Meiling did might have something to do with Gu Manyin’s kidnapping incident. Now that she heard Gao Meiling mention it herself, she was completely sure.

A hint of surprise flashed in Gao Meiling’s eyes, “You actually know?”

Gu Manyin and Meng Ke were also surprised.

Rong Shu looked at the expressions of the three of them and smiled coldly, “If you want people to know nothing, you have to do it yourself.”

Gao Meiling sorted out the expression on her face, “What if you know, Tiancheng is about to end.

” Is that right?” Rong Shu tilted her head, “For Miss Gu, Miss Gao personally took action against me, this friendship really touched me, but Miss Gao really thinks Tiancheng is over, I don’t think, I think it’s over, but it’s your Gao family.”

Gao Meiling’s pupils shrank, but she quickly regained

her composure, “Is Miss Rong joking?” What kind of existence, isn’t it all she has the final say?” Meng Ke said with a look of contempt.

Gu Manyin also looked at Rong Shu with disapproval, “Miss Rong, you can’t talk nonsense like that.”

“I don’t think she’s talking nonsense.” Cheng Huai spoke suddenly, looking at Rong with deep eyes Shu.

Rong Shu’s determined tone made him realize that she probably didn’t talk casually.

The Gao family may really have an accident, but I don’t know where she got the news.

“Cheng Huai, do you think what she said is true?” Gao Meiling pointed at Rong Shu and looked at Cheng Huai dissatisfied.

Just as Cheng Huai was about to speak, Rong Shu grabbed it first, “Whether it’s true, you’ll find out soon, but I hope your friendship can continue at that time.”

After she finished speaking, she sneered, and then motioned to Cheng Huai. Huai took her away.

Her feet were so painful that she could barely feel them.

The three of Gu Manyin didn't stop them.

Gao Meiling lowered her head, thinking about something.

Meng Jue held Gu Manyin's arm and looked at the backs of the two of them, "Che, who will believe it if you say it so seriously."

"Okay, don't say it, Miss Rong may be so angry because of the accident at the company, so ..."

Before she could finish her words, she was interrupted by the sudden ringing of her cell phone. The moment

Gao Meiling heard her cell phone ring, she felt a little uneasy for no reason. She took out her mobile phone, and when she saw the caller ID on it, she froze for a moment. "Mom, do you have anything to do with me?" "Meiling, where are you, are you still in the sea market?" A woman's anxious voice came over the phone. Gao Meiling's unease became stronger and stronger, "Yes, what's wrong?" "What's the matter, what are you asking?" The woman burst into tears, with an angry accusation in her cry, "You made a big disaster, we I received a report saying that there are children in the family who are involved in the government affairs of other cities. Now your father has been taken away by the discipline inspection, and your uncle and the others have also been suspended for a thorough investigation." "What?" The words that Rong Shu had just said rang out in an instant, and her body shivered. It turned out to be true! Something really happened to the Gao family! "Gao Meiling, let me tell you, if the Gao family collapses, don't blame us for not recognizing your daughter." After the woman finished speaking, she cut off the phone. Gao Meiling held up the phone with a dull expression, her mind went blank. Gu Manyin and Meng Ke looked at each other. With concern on her face, Gu Manyin asked softly, "Miss Gao, what's the matter with you?" Gao Meiling came back to her senses when she heard her voice, and remembered that what happened to the Gao family was because she helped her teach Rong Shu a lesson.

For a while, Gao Meiling blamed Gu Manyin for all the faults, and said with a grim expression, "Gu Manyin, I hope nothing happens to the Gao family in the end, otherwise I will never let you go!" Knocked away Gu Manyin and quickly left the hospital.

She must rush back to Nanjiang immediately and admit to her grandfather.

Otherwise, she is really finished.

“Manyin, what should I do? Rong Shu really said that something happened to Miss Gao’s house.” Meng Ke was shocked by the development of the matter, and hurriedly asked Gu Manyin.

Gu Manyin rubbed her shoulder that was hurting, bit her lip and lowered her head, hiding the anxiety and panic in her eyes, and didn’t answer.

Chapter 79 The Familiar Necklace

How did she know what to do, if she knew, she wouldn’t be so nervous now.

How did Rong Shu know that something would happen to the Gao family?

Gu Manyin bit her lower lip and looked in the direction where Rong Shu left with dark eyes.

Rong Shu had already been helped by Cheng Huai to the surgery.

When the surgeon saw her, he was quite surprised, “Didn’t you come here to change the medicine last night, why are you here again?”

Rong Shu didn’t expect the doctor to recognize her, so she coughed awkwardly, “What, I’m here to see the feet this time.”

“Look at the feet?” The doctor bent over and looked around the corner of the table to look at her feet.

Seeing her high and swollen ankles, he shook his head sympathetically, “Miss, you are really in a lot of trouble, the injury on your head has not healed, and your feet are still so swollen, I advise you to go to the temple for a while to worship Say goodbye .”

“Pfft!” Cheng Huai couldn’t hold back, and laughed.

Rong Shu was already blushing at the doctor’s words, but now hearing his laughter, she became even more angry, she bent her elbow and hit it, “Shut up!”

“Ouch!” Cheng Huai covered in pain Holding his waist, his face was twisted, “You woman, you are too ruthless.”

“Who made you laugh at me?” Rong Shu gave him a cool look.

He pouted, “Yes, I won’t laugh at all.”

Rong Shu snorted, and then let him go.

While the doctor was putting medicine on Rong Shu's feet, Cheng Huai did not forget to inquire about Gao's family.

When he learned that the current head of the Gao family had been taken away by the discipline inspection, and that the rest of the Gao family had also been investigated, he turned his head slightly and looked at Rong Shu in astonishment.

Even he didn't know that something would happen to the Gao family, but this woman would know in advance.

This is too strange.

Rong Shu heard the content of Cheng Huai's phone call, and naturally knew why he looked at her like this, and smiled, "You want to know, how did I know something would happen to the Gao family, right?"

"Mmmm." Cheng Huai repeatedly Nodding, "Tell me."

"Don't tell me!" Rong Shu replied with a smile.

Cheng Huai choked for a moment, then cheekily continued to lean over and said with a smile, "Don't be like this, at least I helped you when you confronted Gu Manyin and the others."

"That's true."

"So you just Tell me, what's going on?"

Rong Shu saw that he really wanted to know, and stopped teasing him, and briefly explained the matter, "Isn't Gu Manyin kidnapped, the one who kidnapped her? She seemed to be one of my suitors, and then Gu Manyin felt that I asked that suitor to kidnap her to avenge herself."

"Just this revenge." She pointed to the bandage on her head, "And Gao Meiling wanted to give Gu Manyin revenge. When Manyin found her way back, she used her identity as the daughter of the Gao family to have several major banks in the city reject my loan application."

"Wait a minute, you mean that Gao Meiling used her identity..." Cheng Huai was so shocked that his eyes closed. widened.

Rong Shu nodded, "That's right."

Cheng Huai took a while to calm down, and laughed sarcastically, "So it is, interfering in other municipal affairs is a taboo in officialdom, her father dare not do it, she actually dares to, She's going to cry like this."

Hearing his funny description, Rong Shu laughed.

Cheng Huai looked at her, "So you reported it?"

Rong Shu shook his head, "No, I am an employee with a good background."

"An employee with a background?" A strange color flashed in Cheng Huai's eyes, "Then you Your luck is really good."

Rong Shu smiled noncommittally, "Yes, my luck is really good."

Since taking over Tiancheng, although she has encountered many problems, she has saved her life every time because of the people around her.

Lu Qi, Chen Xingnuo, Cheng Huai, and one more... zh, these people are her nobles, how lucky she is to meet them.

"If something happened to the Gao family, Gao Meiling will definitely hold a grudge against Gu Manyin. Gu Manyin will be in trouble in the future. That woman Gao Meiling is a lunatic." Cheng Huai said with a smile, the gloating on his face undisguised.

Rong Shu twitched the corners of his mouth, but didn't answer.

Will Gu Manyin have a bad day?

She didn't think so, with Fu Jingting protecting her, how could Gu Manyin have a hard time.

At this time, the doctor had already bandaged Rong Shu and gave her two crutches.

Rong Shu refused Cheng Huai's help, and slowly walked out of the hospital with crutches.

When walking to the parking lot, Rong Shu saw an acquaintance again, Mrs. Gu who was talking to the driver.

Seemingly aware that someone was looking at her, Mrs. Gu stopped talking, turned around with the heat preservation bucket in hand, and saw that it was Rong Shu, her elegant and smiling face suddenly cooled down, and her eyes filled with disgust. Full.

Rong Shu looked at this kind of eyes a lot, and naturally he wasn't angry, and walked towards his car with a cane indifferently.

However, when passing by Mrs. Gu, Rong Shu caught a glimpse of the necklace on Mrs. Gu's neck.

The necklace is old in color and retro in style. It should be an old necklace from many years ago.

It is really surprising that the dignified Mrs. Gu would wear such an outdated necklace.

But what surprised Rong Shu most was the familiarity this necklace brought her. She seemed to have seen it somewhere, but she couldn't remember it.

Rong Shu didn't think much, opened the door and got into the car.

Instead, Cheng Huai greeted Mrs. Gu from behind.

Mrs. Gu smiled back at him, and then asked, "Mr. Cheng has a good relationship with that person?"

Cheng Huai knew who she was asking, and glanced at Rong Shu's car, "It's alright, Mrs. Gu seems to have something to tell me when she asks this."

"With all due respect, Mr. Cheng is still far away from that person. Some people with vicious hearts will only bring misfortune to those around them." Madam Gu said in a tone of disgust.

Cheng Huai curled the corners of his lips, "Is it vicious? I didn't see it, why does Mrs. Gu think she has a vicious heart?"

"Can't explain anything about the Man Yin thing?" Mrs. Gu frowned.

Cheng Huai spread his hands, "But as far as I know, Rong Shu didn't do this, and even if it was, it was Gu Manyin who killed her first, and she was just fighting back. Gu Manyin."

"You..." Madam Gu's face sank in anger, and then she snorted coldly, "I advise you because Mr. Cheng is a friend of Jing Ting, since you don't listen to that. Forget it, I just hope that Mr. Cheng will not regret it in the future."

Cheng Huai replied with a smile, "It doesn't matter if I don't regret it later, the important thing is that I know Jing Ting will regret it."

He suddenly bent down and leaned slightly closer to Mrs. Gu's ear, lowered his voice and said, "Jing Ting is blind and can't see your daughter's true face, but I can see it clearly, and Jing Ting can't be blind forever, he will know your daughter's true side one day, then you will What should my daughter do?"

“...” Madam Gu looked at him terrified.

The smile on his face, in Mrs. Gu’s opinion, is like a devil.

Mrs. Gu’s lips moved, as if she was about to say something, but in the end she didn’t say anything. She grabbed the handle of the heat preservation bucket in her hand and walked away with a pale face.

Seeing Mrs. Gu’s figure fleeing, Cheng Huai touched his chin, his smile became more intense, but his eyes were cold.

It stands to reason that this Mrs. Gu is Jing Ting’s future mother-in-law. He should be more polite in view of Jing Ting’s face.

But who made the Gu family not authentic, as a company in the sea market, more and more Chengjia asked the Gao family in Nanjiang to give the green light. This is simply not taking the Cheng family seriously, so don’t blame him for not giving the Gu family a good face.

“What did you just tell her, how did you scare her like that?” Rong Shu asked curiously when she saw Cheng Huai returning to the car.

Chapter 80

Cheng Huai buckled his seat belt and replied with a smile, “It’s nothing, I told her a horror story.”

“Do I look like a fool?” Rong Shu looked at him speechlessly.

Cheng Huai started the car with a helpless expression on his face, “I’m telling the truth, don’t you believe I can do anything!”

“Boring!” Rong Shu rolled her eyes and looked back.

Cheng Huai suddenly turned his head and gave her a quick look, “Mr. Rong, I just suddenly found out that you look a bit like Madam Gu.”

“Huh?” Rong Shu was a little confused, “I look like her?”

“Yes. “

How is that possible!” Rong Shu shook her head, “Stop joking.”

“I’m not joking, I’m serious, your facial contours and eyes are really similar to hers.” Cheng Huai nodded seriously.

Afterwards, he added, "It's almost the same, everyone believes you are mother and daughter."

Rong Shu was now sure, Cheng Huai was not joking, and was stunned for a moment.

But soon, she regained her composure and waved her hand, "Like it, there are people who look alike in this world, it's nothing unusual."

"That's right." Cheng Huai replied.

Neither of them took the discovery to heart, and they quickly forgot about it.

Rong Shu rolled down the car window and let the cold wind blow on his face, "By the way, I have a question for you."

"Speak." Cheng Huai listened to the car music, and his body swayed gently to the beat of the music.

Rong Shu rolled her eyes at the irresponsible driver and said, "Your friend, whose WeChat name is zh?"

"What?" The music was so loud that Cheng Huai couldn't hear it clearly.

Rong Shu pinched her eyebrows with a headache, and shouted "Who is zh!"

Chi!

After the high-pitched sound of the tires rubbing against the ground, the car stopped, and the two people in the car rushed forward. Seeing that they were about to hit, they were pulled back to their seats by their seat belts.

Rong Shu was so frightened that her face turned pale, and it took a while for her to recover. She turned her head angrily and slapped Cheng Huai on the arm, "What are you doing?"

Cheng Huai also knew that he had almost caused an accident, so he released the steering wheel and wiped the palm of his hand. Face, "Cough, I'm sorry, I made a mistake."

If she hadn't suddenly asked about zh just now, he wouldn't have suddenly stepped on the brakes.

Rong Shu rubbed his temples, "Okay, you should explain your true identity to Xingnuo yourself, I can't stand a driver like you."

“Don’t, you can’t completely reject me just because I made a driving mistake. Me.”
Cheng Huai looked at her with a smile.

Rong Shu snorted twice, “Drive!”

Cheng Huai shrugged his shoulders and started driving again, but out of the corner of his eyes was peeking at her, “You just asked me, who is zh right?”

“Well.” Rong Shu nodded.

Cheng Huai rolled his eyes, “What did you ask him for?”

Rong Shu lowered her eyelids, covering the look in her eyes, and said lightly, “Nothing, I accidentally added him as a friend, and he helped me twice, so I want to know about him. In this case, he said he was your friend, so I asked you.”

“That’s it.” Cheng Huai didn’t dare to look at her, for fear that she would see the guilty conscience in his eyes, “He is indeed my friend, but I am with you. He’s not very familiar either, he doesn’t even know his name, we’ve only had a few drinks together, and now he’s going abroad.”

“Is that so.” Rong Shu nodded.

Going abroad means that you won’t be able to see him.

For a moment, Rong Shu heaved a sigh of relief.

In fact, she was really afraid that she would see him one day, and then it would only add to the embarrassment. After all, she and Cheng Huai were quite close.

Now that other people are abroad, she doesn’t have to worry about it.

But I don’t know why, but there is an inexplicable sense of loss in my heart.

Rong Shu looked at the scenery outside the window and said nothing.

Cheng Huai breathed a sigh of relief, but he was thinking about going to Fu Jingting for a while and taking advantage of Fu Jingting.

After all, it took a lot of effort for him to help Fu Jingting cover the vest.

Half an hour later, Repulse Bay arrived.

Rong Shu got out of the car and limped into the building with two crutches.

As soon as she got out of the elevator, the eyes of the boy who was squatting in front of her apartment lit up and he stood up immediately, "You're finally back, I've been waiting for you for a long time... What's wrong with your feet?" The

boy looked at her in surprise. feet in casts, and two crutches under her armpits.

Rong Shu didn't answer Fu Jinglin's question, but looked at him with a frown, "Why are you here?"

Fu Jinglin lowered his head and replied dully, "I quarreled with my mother again, she asked me to quit the basketball team, I ran out if I didn't want to."

Rong Shu laughed mockingly, "What do you think of me, and run to me as soon as you run away from home?"

"I have nowhere to go." Fu Jinglin said awkwardly.

In fact, he himself didn't know why he came to her.

He just knew that when he came here, he would feel very peaceful inside.

"Your Fu family has a big business and is full of real estate. Are you afraid that you won't have a place to go?" Rong Shu took out the key, "Get out of the way, I want to open the door."

Fu Jinglin took a step to the side and let the door open.

Rong Shu stepped forward to open the door, and he was standing behind her, looking like he was going to enter the door at any time.

Rong Shu stopped opening the door and turned to look at him, "Are you really going to come in with me?"

"I told you, I have nowhere to go, I'll stay with you tonight." Fu Jinglin looked down at her with a look of beating to death Do not go attitude.

Although he was only in his teens, he was already over 1.8 meters tall due to playing basketball.

Rong Shu had to look up to see his face.

"It's okay to stay here, but why should I let you stay in vain, 100,000 yuan a night." Rong Shu made a count of money to him.

Fu Jinglin's whole body was blown away, "One hundred thousand yuan, why don't you go grab it?"

“Why, if you can’t pay it , don’t stop if you can’t pay it .” Rong Shu spread one hand out, expressing her helplessness.

Fu Jinglin’s face turned red, “Who said I can’t pay, I just don’t have the money with me, can I give it to you next time?”

“No, go back quickly if you can’t give the money, I don’t take credit, and why should I? I want to take in the enemy’s son.” After Rong Shu finished speaking, she opened the door and was about to enter.

Fu Jinglin’s face paled for a moment when she said that the son of her enemy, but he recovered quickly and had to follow up.

Rong Shu immediately turned the door over, leaving a gap, “I said, go without money.”

“I won’t go!” Fu Jinglin looked at her angrily through the crack in the door, “I know my mother is wrong, it’s a big deal, I’ll go. I’ll give you some more money as compensation.”

Rong Shu smiled, “No way!”

Can money pay for six years of injury?

“It doesn’t work that way, so what are you going to do?” Fu Jinglin stomped his feet.

Rong Shu looked at him, “It’s very simple, I want you to go.”

“I won’t go!” Fu Jinglin insisted.

“If you don’t go, then you just stay outside, don’t expect me to let you in softly.”

After that, she closed the door directly.

Fu Jinglin stared at the door in front of him in a stunned manner, unable to believe that she actually did this, saying that the door will be closed.

For a while, Fu Jinglin couldn’t help but feel a little wronged, and then sat down on the ground in a fit of anger. While complaining about Rong Shu’s heartlessness, he also had some regrets, even reflections.

Reflecting on his actions towards her in the past six years, and then the more he reflects, the more uncomfortable he feels.

After Rong Shu entered the room, he did not leave, but kept standing behind the door and watching the view.

Seeing that Fu Jinglin was really relying on him, he couldn’t help but have a headache.

This guy, was God sent to torture her on purpose?

Rong Shu took out her mobile phone and called Fu Jingting.

Fu Jingting saw the caller ID, a strange light flashed in his eyes, and answered, "Hello?"
