Chapter 711

They are not fools, they naturally know how powerful the special assistant of Chairman Fu is.

Their boss, looking at Chairman Fu's face, will definitely listen to the special assistant and dismiss them.

So if you don't run now, when will you wait?

Soon, the reporters who surrounded Assistant Zhang with nowhere to go, had all run away at this moment, and not a single one was left.

Assistant Zhang flicked the dust on the suit, and smiled with satisfaction, "Xiaozi, fight with me, can you beat me?" With

a smug snort, Assistant Zhang tidied up the clothes on his neck. After finishing the tie, he walked towards the Tiancheng gate.

On the other side, in the conference room.

Rong Yuan's exposure on the Internet had a huge impact on Tian Sheng.

So at this moment, the shareholders and senior management of Tiancheng Group have all sat down in the conference room, waiting for Rong Shu to come and ask Rong Shu how to solve this matter and whether it can be solved.

Especially Duan Xingbang's group, their eyes were even full of excitement and ambition.

Like Rong Yuan, they didn't think that today's press conference could solve the problem. After all, there is no such thing as evidence.

It is uncertain whether Rong Shu can take it out. I am afraid that the final result of the conference will be a failure.

And what they were looking forward to was the failure of today's press conference.

Only in this way will they have a chance to bite down a piece of meat from Rongshu.

Duan Xingbang, in particular, had already thought of it, and took this opportunity to let Rong Shu hand over part of the management rights.

Even if Rong Shu is backed by the Fu Group, and the matter cannot be resolved, the scandal of Rong Shu, a shameless illegitimate daughter, who robbed the Rong family's shares and bullied the Rong family's biological daughter, will be labeled as fact.

At that time, Rong Shu will be criticized from all over the world.

And Fu Jingting, who speaks for her, will also be the target of criticism. After all, Fu Jingting's dynamic last night will confirm that he is indeed blind and has no bottom line to protect his shortcomings.

As a result, people in the business world, and even the shareholders of the Fu Group, will begin to doubt that such an unclear chairman will really be trustworthy and will really lead the Fu Group down?

And once Fu Jingting is really suspected like this, the shares of the Fu Group will gradually drift away from him, and the Fu Group will no longer be his authority.

At that time, Fu Jingting can't protect himself, how can he take care of Rong Shu?

Maybe he will still complain about Shang Rong Shu in his heart, thinking that Rong Shu has implicated him, and then break up with Rong Shu again.

And Rong Shu, who has no protection from the Fu Group, and Rong Shu, who has lost the right to manage, still let him be rounded and flattened?

He will definitely return the humiliation and oppression that Rong Shu has brought to him in the past few months!

The more he thought about it, the more excited he became, the more he thought about it, the more excited Duan Xingbang was holding the teacup.

The same goes for Rong Yuan, who is sitting at the bottom left of him.

She looked at the top of the conference table, where only the chairman could sit, and the desire in her eyes was about to overflow.

Soon, soon.

She will soon be able to replace Rong Shu and sit in that position.

Rong Shu must not be able to produce evidence, must not be able to resist the pressure of public opinion and Internet violence, and give her the shares.

Thinking about it, Rong Yuan couldn't help laughing.

Duan Xingbang heard her laughter and looked at the ambition in her eyes, he knew what she was laughing at, after a dark light flashed in his eyes, he showed a kind smile, "Niece Rong Yuan, congratulations, you are about to get yourself What you want."

"Uncle Duan is joking, haven't you got it yet?" Rong Yuan stroked her hair and replied humbly.

Duan Xingbang took a sip of tea, "I haven't gotten it yet, but isn't this unhappy? So, as an uncle, I will congratulate you in advance. When you get it, don't forget my uncle."

"Don't worry . Uncle Duan, of course I won't forget it, and I will rely more on your assistance in the future." Rong Yuan also raised the teacup and made a toast.

Seeing this, Duan Xingbang also picked up his teacup and greeted her in the air.

When the two spoke, they had no scruples about the presence of other people.

When Duan Xingbang's group heard what they said, it was nothing, on the contrary, they were very happy.

As for Rong Shu's group, they frowned, but didn't say anything.

Because they also have no confidence that the chairman will win this conference today.

For a time, the atmosphere in the conference room was very polarized.

If you are happy, you will be very happy, as if the New Year is coming.

And the mood is low, as if the end of the world is coming.

There was no way, they stood on Rong Shu's side, that is, they lived and died with Rong Shu, and they were tied to the same boat.

If the boat of Rong Shu is overturned, then they will definitely not be able to please them, and people like Duan Xingbang will try their best to clear it up.

So how can they lift their spirits.

Hey...

The people standing on Rong Shu's side were all downcast and wry smiles.

Just then, the door of the conference room opened.

Secretary Tong came in with a document.

After coming in, she made another gesture of invitation.

The next second, the crisp sound of high heels came from outside the door.

Everyone who heard this voice knew that the master was here.

Even though everyone in the conference room was thinking about something wrong at the moment, they all became serious at this moment, straightened their backs and stood up, ready to meet Rong Shu.

After all, Rong Shu is still the chairman of the board no matter what.

So no matter what they think in their hearts, they still have to do their best to save face at this moment.

After everyone stood up, Secretary Tong said to the people outside the door, "Chairman, Mr. Fu, please come in quickly."

Mr. Fu?

This title instantly caught the attention of everyone in the conference room.

Everyone looked at each other and saw surprise in each other's eyes.

Surprised why Mr. Fu came here?

Could it be that he came to support the chairman?

All of a sudden, the people standing on Rong Shu's side laughed, and a glimmer of hope rose in their hearts.

With the support of President Fu, maybe today's press conference can win.

The people from Duan Xingbang's faction became a little uneasy.

Their thoughts were just the opposite of those of Rong Shu. They felt that with Fu Jingting here, their expectations were probably a little off.

Especially Duan Xingbang, his face was extremely ugly at the moment.

Rong Yuan is better, after all, the IQ is there, and she is destined not to think deeply.

She was even surprised by Fu Jingting's arrival.

For this reason, the eyes she looked at the door became excited and urgent.

She was thinking, if Rong Shu's press conference failed for a while, would Fu Jingting be completely disappointed in Rong Shu.

Certainly.

After all, he is a smart man, and knowing what Rong Shu's failure means means that he will also be implicated.

In this case, he would definitely be disappointed with Rong Shu and then separated from Rong Shu.

Thinking of this, Rong Yuan's face flushed with excitement, and people could see what she was thinking at a glance.

Seeing this, Duan Xingbang sneered mockingly, but did not open his mouth to remind her to restrain herself.

Anyway, it was her who was embarrassed, what he did so much.

Rong Shu and Fu Jingting didn't know what these people were thinking, so they came in holding hands.

Fu Jingting walked in front, and Rong Shu walked behind.

He held her, walking slowly, his eyes were gentle, and the corners of his mouth had a shallow arc.

The same is true for Rong Shu behind him, with a smile on his face.

Chapter 712 Rewards for you

The two strolled around the courtyard, as if they were not here for the press conference, but in the garden.

Of course, this is not important, the important thing is that the intimate behavior of the two people is admirable.

The people on Rong Shu's side looked at the two of them, and the fire of hope in their hearts grew stronger.

And Duan Xingbang's faction was even more uneasy.

Fu Jingting was so gentle to Rong Shu, and at a glance, he knew that he loved her very much.

If the final press conference fails, even if he is in trouble, he will not necessarily give up Rong Shu.

If that's the case, that's not good.

After all, his ability is there, a momentary trouble can't trouble him at all, he will always solve it, and he will always turn the Fu Group into his one-stop shop.

By that time, wouldn't he have time to help Rong Shu?

And with his help, Rong Shu will quickly get everything back, and will use his power to take revenge on those who oppressed her... The more she

thought about it, the more ugly her face became, Duan Xingbang's people looked at Duan Xingbang one after another. Ask with eyes what should I do now?

Duan Xingbang clenched his fist tightly and did not respond.

How can he respond?

The ghost knows why Fu Jingting came here.

The appearance of Fu Jingting instantly disrupted his game of chess, leaving him not knowing how to correct it.

Now it seems that we can only take one step at a time.

Duan Xingbang wiped his face, feeling restless in his heart.

Over there, Fu Jingting stepped on the steps, then stopped, turned around and reminded the woman behind him, "There are steps, be careful not to fall."

Rong Shu couldn't help laughing, "It's not that I can't see, I often walk, how could it be? Fall."

While speaking, she also stood up the steps with his help.

Fu Jingting took her forward, "Just in case."

"You're just worrying." Rong Shu shook her head with a smile.

The interaction between the two fell into the eyes of everyone in the conference room, making those who were happy more happy and those who were sad more sad.

Rong Yuan was an exception, she was jealous.

She was going mad with jealousy, her face was twisted, her eyes were scarlet staring at the two people walking towards the main seat in front of her.

She didn't understand that it was not good for this rich and powerful man to like a woman, why he liked Rong Shu, an illegitimate daughter whose father didn't even know who it was.

What's so good about Rong Shu?

Rong Shu didn't know that some people were jealous of her, and those who were jealous would go crazy.

She came to her place and instructed Secretary Tong on the side, "Go and move another chair, and President Fu will also participate in this press conference."

"Yes." Secretary Tong nodded with a smile, and immediately went to do as .

The people below heard that Fu Jingting would also participate, although their hearts were mixed, but no one asked.

After all, Fu Jingting's identity is there, they have to dare?

Secondly, more than 50% of Tiansheng's cooperative business now belongs to the Fu Group. For them, Fu Jingting is the father of the gold master.

Who would have a hard time with money and drive away the gold master's father?

In this way, Fu Jingting and Rong Shu sat side by side at the main seat of the conference table.

His aura was strong, overshadowing Rong Shu's aura.

In this way, it seems that Rong Shu is not the chairman of Tiansheng, but he is.

Rong Shu did not let him restrain himself.

Because she knew that he wasn't the kind of person who couldn't tell the occasion and would deliberately suppress her momentum.

The reason why he did this was to help her deter the people below.

Especially Duan Xingbang's group.

When the group entered the conference room, she could see their ambitions, and naturally, Fu Jingting saw it too.

That's why he deliberately released his aura to help her suppress the ambitions of these people.

Otherwise, she alone might not be able to hold them down.

"It's almost time. Since everyone is here, I won't waste any time. Secretary Tong, go and call in the media who have received the invitation to the press conference in the reception room, and the live broadcast can also be started." Rong Shu After glancing at the people below, he raised his wrist and looked at his watch, and instructed Secretary Tong.

Secretary Tong nodded, then picked up the walkie-talkie pinned to his waist, and said a few words to it.

Soon, dozens of media came over from the reception room next door, crowding the entire conference room one after another.

When they saw Fu Jingting sitting with Rong Shu, they were shocked at first, then immediately put up the microphone, and all kinds of questions were thrown out.

"Chairman Fu, are you here to support Chairman Rong?"

"Chairman Fu, do you think Chairman Rong will present evidence at today's press conference to prove that he really did not treat Miss Rong second? Have you ever done such a thing?"

"Yes, Chairman Fu, if Chairman Rong can't produce evidence in the end, it means that what Miss Rong Er disclosed on the Internet is very likely to be true, so will you break up with Chairman Rong?"

Originally, Fu Jingting didn't intend to pay attention to this group of people, but when a reporter asked him if he would break up with Rong Shu, he frowned fiercely.

Everyone asked about the breakup. If he still didn't hear it, what kind of man is he?

Fu Jingting picked up the microphone in front of Rong Shu.

Rong Shu grabbed his arm, "What are you doing?"

"It's okay." Fu Jingting patted the back of her hand and smiled at her, "I'll answer them a question."

He said this through the microphone Yes, so everyone in the room heard.

The reporters' eyes lit up instantly, and even the audience watching the live broadcast showed great interest, and they all guessed what question he was going to answer.

“Chairman Fu...”

A reporter wanted to confirm.

But Fu Jingting ignored it at all, and looked at the female reporter next to the reporter, “You just asked, if what Rong Yuan said is true, will I break up with Rong Shu, right?”
The

female reporter did not expect happiness to come. So fast, what he was going to answer was actually her question, he nodded quickly, and said excitedly, “Yes... Yes, Chairman Fu.”

“Then I can tell you, no.” Fu Jingting said this decisively. .

Rong Shu was drinking tea while holding a teacup. Hearing his words, the corners of his mouth twitched slightly. A hand that was placed on the table also quietly reached under the table, then stretched towards Fu Jingting’s thigh, and finally placed it on his thigh superior.

Fu Jingting felt something on his leg, and looked down, it was her hand.

Her hand was not even just on his lap, but lightly twisted on his lap.

It didn’t hurt, but it made him feel like an electric shock.

His eyes darkened, and his voice gradually became hoarse, “You...”

Rong Shu turned slightly, approached him and said, “A reward for you.”

Fu Jingting raised his eyebrows, then smiled, “I like this reward, if You treat yourself as a reward, I like it more.”

Rong Shu’s face flushed, and she gave him a white look, “Go.”

She sat upright again, ignoring him, and was about to withdraw her hands.

But Fu Jingting grabbed her hand the moment she took it away.

Rong Shu turned to look at him.

He put her hand on her lap, “It’s all here, don’t leave, just leave it here, and this is not the reward you gave me, it should be up to me to decide when the reward ends.”

Hearing what he said, Rong Shu couldn’t help laughing and crying, but she didn’t take her hand back and let him go.

Next, the reporters couldn't see what they were doing in private. They raised the microphone and asked, "Chairman Fu, why didn't you break up? Can you tell me a reason?"

"Because I love her, isn't this reason enough?" Fu Jingting faintly glanced at the female reporter.

Chapter 713 Love announced to the world

The female reporter sneered and was speechless.

Yes, because of love, so do not break up, the reason is so simple, but also the most convincing.

Not to mention what the reporters present thought about Fu Jingting's answer.

Some female viewers in the live broadcast room were already moved.

Declare your love to the world and promise to the world that you will never break up.

This is not something ordinary people can do, because this courage alone is something that most people in the world do not have.

Other than that, this puts itself on fire.

Because now people all over the world know that the chairman of Fu Group deeply loves the chairman of Tiansheng Group and promises never to break up.

This is equivalent to asking people all over the world to witness for him.

If one day, he doesn't love anymore, or wants to break up, then everything he does today will become a joke, and he will be cast aside from the whole world, because he makes the world believe in love, but breaks the world with his own hands people's trust.

So he will be spurned, naturally understandable.

As the chairman of the Fu Group, it is naturally impossible for him not to think of these consequences.

He thought about it and did it anyway, which naturally shows that he is serious about this love.

So, how can this not be touching.

For a time, Rong Shu became the object of admiration and envy by girls all over the Internet, and they all sent words like wanting to be her in the barrage.

But there was one person who didn't think so.

Hearing that Fu Jingting showed his love to Rong Shu, jealous body trembled.

She slammed the table and stood up, glared at Rong Shu, then turned to Fu Jingting.

That look, not to mention how complicated it is, is full of charm and resentment.

Rong Shu rolled her eyes and put her hand on the man's thigh, twisting the muscles on the man's leg hard.

The man raised his eyebrows in pain, grabbed her messy hand, and gently scratched her palm, "What's wrong?"

"Someone is seducing and seducing you, aren't you happy?" Rong Shu Turning the pen, he said with a half-smile.

Fu Jingting frowned and glanced at Rong Shu with undisguised disgust in his eyes, "Nothing, don't talk nonsense, I just feel bored."

Rong Shu was overjoyed by his words and was about to say something.

Rong Yuan over there said, "Mr. Fu, I know you have feelings for my sister, but if you have feelings, you have no principles?"

As soon as these words came out, everyone looked at her.

Some people were surprised by her boldness and dared to open her mouth to question Chairman Fu.

Some people wondered what her words meant.

"What are you trying to say?" Fu Jingting's face was as deep as frost, and his voice was cold and emotionless.

Rong Yuan couldn't help shivering, her eyes became frightened.

This man's eyes are so terrifying, he looks like he was killed.

But no matter how scared she was, she had to endure it.

Thinking of this, Rong Yuan pinched her palm, took a deep breath, and looked at Fu Jingting with a tenacious look, “Mr. Fu, the reporter’s question just now is, if it turns out that what I said on the Internet yesterday is true. , my sister did bully me and stole everything from the Rong family as an illegitimate daughter. Will you break up with my sister? You said no, because you love my sister, but Mr. Fu, you never thought about it, you are like this You are pampering your sister, you are protecting your shortcomings without any bottom line, and you are supporting without principles. You even think that your sister is doing the right thing. Are you really okay with this? On her side, you are not doing her good, you are hurting her, and it is also irresponsible to society.”

“Yeah.” These words made everyone present, including the audience in the live broadcast room, feel reasonable, and couldn’t help but nod their heads.

When Rong Yuan saw the approval of these people’s words, she smiled proudly.

I have made it very clear that not breaking up with Rong Shu is irresponsible to society.

Then he should agree to break up with Rong Shu now.

Thinking about it, Rong Yuan looked at Rong Shu next to Fu Jingting, her chin raised, showing a provocative look.

Rong Shu knew what Rong Yuan was thinking at a glance, and sneered.

Now I’m starting to feel complacent. It seems that Rong Yuan really thinks that she will lose.

It’s a pity...

Rong Shu lowered her eyelids to hide the ridicule in her eyes.

Next, the reporters started a series of inquiries to Fu Jingting.

“Chairman Fu, what Miss Rong Er said makes sense. If Chairman Rong really did those things in the end, wouldn’t it be inappropriate for you to do this?”

“Yes, Chairman Fu, you are not afraid that your actions will teach you bad things. Anyone else?”

Boom!

Fu Jingting slapped the conference table with a slap, his face extremely cold.

The people present were also shocked by him, and the quiet needle dropping could be heard.

“Have you shut your mouth?” Fu Jingting glanced at these people without any hesitation, and then picked up the microphone, “What’s wrong with my approach? Let’s not say that I made a statement last night, and Rong Shu didn’t do it. After all these things, even if she did, would it be a mistake if I didn’t break up with her?”

“Isn’t it?” Rong Yuan pinched her neck.

Fu Jingting’s mouth curled into a thin arc, “I’m standing on the side of the person I love, what’s wrong with me, if I don’t stand on her side and don’t believe her, then I’m really at fault, because I don’t deserve to be her. My lover.”

“This...” Everyone was speechless.

It seems reasonable.

No matter whether the person you like has done something wrong, but at this time, you must be on the side of the person you like.

Otherwise, what do you like?

Just ask, if your boyfriend or girlfriend is far away from you when you are caught in a turmoil, and you don’t even trust yourself and don’t stand up to speak for yourself, how do you feel?

You must feel that your boyfriend or girlfriend is not worthy of love, right?

Seeing that everyone was gradually being persuaded by Fu Jingting, Rong Yuan became anxious, “Mr. Fu, you are...” Fu

Jingting frowned in disgust, and didn’t give her a chance to speak at all. Cut her off, “You say that I stand on Rong Shu’s side, it is a defense without bottom line, and I am irresponsible to the society. It is ridiculous. Whenever I help someone I care about, it will rise to a social problem. Where does this come from?”

Everyone bowed their heads in shame.

Yes, speaking for the people you care about and standing on the side of the people you care about, this is just a personal problem, and it is indeed far from a social problem.

They just seemed to be making a big fuss.

This is all that Rong Yuan pointed.

Thinking about it, everyone looked at Rong Yuan with different eyes.

Rong Yuan's face was blue and white, and she was very confused, "What do you think I'm doing? What do you mean?"

"What they mean is that you deliberately fanned the flames and put Rong Shu on the fire, you want to convict Rong Shu, and let Rong Shu and I separate." Fu Jingting didn't give her any face at all, and just tore off her fig leaf.

Rong Yuan's eyes panicked, "You...you are talking nonsense, I didn't!"

"You didn't?" This time, it was not Fu Jingting who spoke, but Rong Shu herself.

She reached out and took the microphone in the man's hand, and looked at Rong Yuan with the same cold and thin eyes as the man, as if she was not looking at a person, but a dead thing.

"Since you don't have it, why did you say that to President Fu directly, saying that President Fu's maintenance of me is irresponsible to the society, don't you mean that you are brainwashing everyone and making everyone Are you sure that I did do those things, but you seem to have forgotten that from the beginning to the end, there is no substantive evidence for the things you said, and you have not shown them yourself, so is what you said really true? , I have done it in the end, it still needs to be verified, doesn't it?"

Chapter 714 Everyone's Doubt

This makes people feel more reasonable.

Indeed, from the beginning to the end, this second Miss Rong was talking, but no one knew whether it was true or not.

After all, Second Miss Rong was just talking about it, and she didn't show any evidence that she really did these things.

And if there is no evidence, it means that the truth of the matter is not necessarily true.

Since there is no certainty whether it is true or false, why does this second Miss Rong always emphasize that Chairman Rong just did it?

They hadn't reacted before, but now that they reacted, they realized that Second Miss Rong here really did the same as Chairman Rong said. She was preconceived and brainwashed them to make them believe that Chairman Rong did those things.

Then, follow her to accuse Chairman Rong and label Chairman Rong as a vicious sister and a shameless illegitimate daughter.

So now it seems that it is not certain who is the real vicious.

Even if Chairman Rong really did those things in the end, this second Miss Rong is definitely not a simple person.

In an instant, the reporters and viewers who reacted to Rong Yuan's eyes became more subtle.

Some reporters even asked loudly, "Miss Rong, since you keep saying that Chairman Rong has bullied you and your mother since childhood, you should have evidence?"

"That is, you also said that Chairman Rong is not your father's biological son. Daughter, there seems to be no substantive evidence. If you can't prove that Chairman Rong is indeed not your father's daughter, but was born to your father's ex-wife and another man, then can we doubt that it is you? Whoever framed Chairman Rong deliberately was dissatisfied with Chairman Rong holding more shares than you?"

"That's right, Second Miss Rong, please explain, if you don't come up with credible evidence, then you won't find anything on the Internet. Everything you say becomes slander, and you have to pay legal responsibility."

Seeing these reporters pressuring her, Rong Yuan's chest heaved violently, and her eyes were red.

A second ago, she was still delighted that these reporters pressed Rong Shu and Fu Jingting to question, but she didn't expect that it would be her turn after a while.

But he himself, really can not come up with evidence.

"Miss Rong, why didn't you answer?"

"Are you guilty?"

Seeing that Rong Yuan didn't speak for a while, the reporters questioned again.

The audience in the live broadcast room also swiped their screens.

"Have you seen it? When facing the reporters' questioning, this second Miss Rong seemed to be very flustered."

"Upstairs, I saw it too. It's not flustered, it's more appropriate to have a guilty conscience. My brother does it. I don't want to admit it is wrong, I'm too familiar with it."

"So, there is something wrong with this second Miss Rong?"

"There must be a problem, I am now 100% sure that what this second Miss Rong said is false. , If it's true, how could she not be able to show evidence? When she reported it online yesterday, she directly showed evidence and called the police. However, she

didn't show any evidence or called the police. She just cried on the Internet. This is not normal at all. It's human actions."

"What I said upstairs is that if I were Miss Rong, I would have called the police."

Although Rong Yuan couldn't see the comments about her in the live broadcast room, she looked at the attitude of these reporters towards her. It can also be reminiscent of the situation on the Internet.

She clenched her hand tightly, and said with a dodgy look, "I... I really don't have any evidence that my sister bullied me. After all, I said it all. It's a childhood thing, a childhood thing, how can there be evidence?"

"That's about Chairman Rong is not your father's biological daughter, do you have any evidence, Miss Rong?" The

reporters raised the microphone and asked.

Rong Yuan looked at Rong Shu on the stage, changed her panic and smiled sinisterly, "I have proof of this, of course."

She thought that if she said this, Rong Shu on the stage would start nervous and scared.

After all, he was going to completely expose Rong Shu's identity as not the daughter of the Rong family in front of the whole world, so Rong Shu should be afraid.

However, what made Rong Yuan unacceptable was that not only did Rong Shu not have the slightest fear, but she even laughed at the man beside her.

I don't know what Rong Shu said to the man beside him. The man looked at Rong Shu with a doting face, not to mention how affectionate his eyes were.

Rong Yuan gritted her teeth angrily and looked away angrily.

Laugh, laugh, I see how you can laugh for a while!

Thinking about it, Rong Yuan's arrogant smile returned to her face, she clenched the microphone in her hand, looked directly at the cameras of these reporters, and said, "It's very simple to prove whether my sister is my father's biological daughter or not. It is to do a paternity test. I am my father's biological daughter. If my sister does it with me, I can find out whether we have sister blood relationship. If not, it can show that my sister is not my father's biological daughter, but my sister's mother. Born with another man."

"This is indeed a solution." The

reporters nodded.

Rong Yuan looked at Rong Shu again, raised her chin slightly, and acted provocatively, "Sister, do you dare?"

Everyone turned their attention to Rong Shu, wanting to hear Rong Shu's answer.

Rong Shu smiled calmly, "Of course I dare, but it's not necessary."

"What do you mean?" Rong Yuan frowned fiercely, "Is my sister trying to fool me?"

"When did I say that? Confused?" Rong Shu raised her eyes and looked directly at her with cold eyes.

Rong Yuan snorted in disapproval, "Since you don't plan to fool around, why do you say it's unnecessary?"

"What I said is unnecessary and very simple, that is, we are indeed not biological sisters, and the appraisal made will naturally not have any Blood relationship, so naturally there is no need to do it." Rong Shu spread her hands.

Fu Jingting, who was beside her, extended his hand to Secretary Tong standing beside her.

Secretary Tong knew what he wanted, and handed him the folder that he had been holding in his arms.

After Fu Jingting took it, he slowly looked through it, and the contents inside were suddenly the adoption procedures of Rong Shu back then.

At the scene, the reporters were shocked when they heard Rong Shu's words.

"Chairman Rong, you said this, it shows that you already knew that you and Second Miss Rong are not sisters?"

Rong Shu took the microphone and nodded, "Yes, but I didn't know it for a long time, it was just earlier than her. Then it's only two months."

"Chairman Rong, does this mean that you are indeed you and other men..."

The reporter continued to talk more and more, and finally there was no sound at all.

After all, this is so offensive.

Of course, if there is only Rong Shu, then reporters certainly don't have to worry so much.

But beside Rong Shu sat a man who all of them had to take care of.

At this moment, the man frowned because of her question. The reporter's heart was trembling, and he even regretted asking.

However, in this world, there will always be people who have no brains.

Seeing that the reporter asked halfway through the question, Rong Yuan was silent, and she was angry, and finally stood up and filled in the question, "Sister, did you already know what this reporter said? Ms. Fan and other men."

"Ms. Rong Er, you..."

The reporter never thought that it would be fine for Rong Yuan to complete the question, but she even added this reporter.

Isn't that just naming her?

The female reporter looked anxiously at the men and women on the stage, and saw that the faces of the men and women were cold, and their hearts contracted.

Chapter 715 I Have Evidence

When it's over, Chairman Fu and Chairman Rong will definitely not let her go.

She just knew that it was easy to offend people when she asked this question, so she only asked half of it euphemistically. Although this would make Chairman Rong unhappy, at least Chairman Rong would not really treat her well. After all, she didn't ask questions later. , Chairman Rong has no reason to want to deal with her.

But now it's better, that Rong Yuan told her the problem behind her, and directly named it as her problem.

Now it's strange that Chairman Rong and Chairman Fu don't hate her.

While the female reporter was frightened, she also had a strong hatred for Rong Yuan in her heart.

She turned her head and looked at Rong Yuan resentfully, taking Rong Yuan deeply in her heart.

Just wait, as long as she calmly leads Chairman Fu and Chairman Fu's subordinates to come out alive, she will definitely not let this woman go.

She will let this woman live in a scandal that is both true and false in the future.

Rong Yuan didn't know that she had offended the female reporter badly. She snorted, "Sister, why don't you talk? Do you want to admit that she was indeed born by Ms. Fan and another man?"

Fu Jingting's eyes were dangerous. He squinted, closed the folder in his hand with a snap, and was about to take the microphone in Rong Shu's hand and say something.

But Rong Shu shook her head at him, "I'll do it myself."

After speaking, she took the folder in his hand and stood up, staring at Rong Yuan like garbage, "Sorry for disappointing you, although I'm not my father's biological daughter, but I'm not my mother's biological daughter, so it's ridiculous to say that my mother betrayed my father and gave birth to me with another man."

"What?" When they came out, everyone was stunned.

Rong Yuan even screamed out, "You weren't born by Fan Lina?" On the other side, in the hospital.

Gu Yaotian and Mrs. Gu were also watching the live broadcast of the press conference.

They were still waiting to see how Rong Shu would end, but when they heard Rong Shu say this, they were suddenly stunned.

"Rong Shu is not Rong Hao and Fan Lina's daughter." Gu Yaotian frowned.

Mrs. Gu nodded dazedly, "Okay...it seems so."

"How is this possible!" Gu Yaotian's morbidly pale face showed an unbelievable look, "How could Rong Shu not be born to Rong Hao and Fan Lina, Fan Lina back then Obviously pregnant."

"Yes." Madam Gu nodded, "Fan Lina and I were conceived in the same year, she was only three months older than me, and we were both born in the same hospital, our daughters, This matter is known in the circle, so how could this Rong Shu not be born by Rong Hao and Fan Lina? If not, then where did Rong Hao and Fan Lina's biological daughter go?"

As soon as this question came out, the atmosphere in the ward changed. became strange.

Gu Yaotian narrowed his eyes and did not speak, staring at the TV.

Mrs. Gu watched him for a while, and finally turned her attention to the TV opposite.

I don't know why, when Rong Shu said that she was not the biological daughter of Rong Hao and Fan Lina, she suddenly felt an indescribable emotion in her heart.

This emotion made her pay great attention to this matter, and eagerly wanted to know what was going on.

Meanwhile, the family.

Gu Manqing was also watching the press conference, and when she saw Rong Shu announced that she was not born by Fan Lina, her face changed greatly, she stood up from the sofa, and the knife with the fruit in her hand fell with a clatter. On the floor, the whole person panicked.

Damn it, how could Rong Shu tell this?

If Rong Shu only said that she was not Rong Hao's daughter, she would not be so flustered.

But once Rong Shu says that she is not Fan Lina's, then Rong Shu's identity really becomes a place of curiosity.

If Rong Shu later revealed her blood type and the marks on her body to prove that she was indeed not the daughter of Rong Hao and Fan Lina, then the parents would definitely realize that Rong Shu might be their biological daughter!

Gu Manqing bit her lower lip tightly, her eyes rolling uneasily.

No, she has to think of a way.

She definitely couldn't stop Rong Shu from going on, so the only thing she could do was to fool her parents.

It doesn't matter whether the parents will watch the press conference, or whether Rong Shu will tell about the birthmarks on her body.

Her top priority now is to rush to the hospital to coax her parents first.

Thinking about it, Gu Manqing twisted up the bag on the side and ran out towards the gate of the villa quickly.

At the press conference, Rong Shu looked at Rong Yuan, who was shocked and couldn't recover for a long time, and the corner of her mouth raised a contemptuous arc,

“Yes, I was not born by Ms. Fan Lina, so I am not a shameful Rong Shu. The illegitimate daughter.”

“No, how is this possible!” Rong Yuan shook her head unacceptably.

The reporters on the scene, and the audience in the live broadcast room, would be shocked by this change.

“I’m going, what’s going on here? Didn’t it say that Miss Rong’s father’s ex-wife cheated on her, and why isn’t it?”

“No, no, I’m confused.” The

reporters were talking about it, and finally some people couldn’t help it . After taking a deep breath, he asked directly, “Chairman Rong, what’s going on, can you explain in detail?”

“Of course.” Rong Shu raised her red lips, “To be honest, I’m Rong Hao. The adopted daughter adopted by Mr. and Ms. Fan Lina.”

“You lie.” Rong Yuan pointed at Rong Shu emotionally, “This is definitely not true, it must be your lie, you just don’t want to admit it, you were born by Fan Lina for cuckolding her father. product.”

“Product?” Rong Shu squinted and repeated these two words.

Fu Jingting, who was beside her, also had a gloomy expression, and his whole body was full of cold air.

If it weren’t for the Fu Group, or else, he would directly ask this woman to teach her a lesson and let her know what it means to keep her mouth clean.

Rong Shu felt the violent breath of the man beside him, and patted the hand on his thigh again, signaling him to calm down, and then looked at Rong Yuan mockingly, “I know why you don’t want to believe that I’m an adopted daughter, because the whole world is mad at me. There is a common legal regulation, that is, an adopted daughter who is officially adopted has the same inheritance rights as a daughter born in wedlock, so you hope that I am not an adopted daughter, but an illegitimate daughter, because this illegitimate daughter is not qualified. Inheriting everything from the Rong family, am I right?”

Rong Yuan was said to be thinking, and her eyes couldn’t help but dodge.

The corner of Rong Shu’s mouth pulled a sneering arc, and said, “Unfortunately, your wishful thinking is destined to fail. I am indeed the adopted daughter adopted by my

parents twenty-six years ago, and I have gone through the relevant adoption procedures at the Public Security Bureau. , this is the copy of the adoption procedure.”

She patted the folder on the conference table in front of her, “The original is still in the archives of the Public Security Bureau. If the media present want to ask whether the proof is true, they can contact the Public Security Bureau. Over there, I can’t join the Public Security Bureau to tell this lie with me?” As soon as

Rong Shu’s words fell, netizens on the Internet immediately discovered that the Haishi Public Security Bureau claimed Rong Shu’s words.

This also confirmed that Rong Shu was indeed adopted by Rong Hao and Fan Lina and had gone through the formalities.

After going through the formalities, it means that Rong Shu is the Rong family, but there is no blood relationship, but the rights enjoyed are the same as Rong Yuan.

As a result, if Rong Yuan said that Rong Shu was born of Fan Lina’s derailment of Rong Hao, it was naturally false.

“Chairman Rong, can we look at the adoption procedures?” At this time, a reporter asked.

Chapter 716 Rong Yuan’s Fright

Rong Shu looked at him and readily agreed, “Of course, Secretary Tong.”

“Okay chairman.” Secretary Tong responded with a smile, and then picked up the adoption procedures.

Rong Shu said again, “Send the adoption procedures to everyone and let everyone see, especially Miss Rong Er, let her take a closer look.”

She looked at Rong Yuan with cold eyes.

Rong Yuan’s face was pale and pale, very funny.

Secretary Tong also glanced at Rong Yuan and nodded with a smile, “Don’t worry, Chairman, I will, and I will let Vice President Rong see it first.”

“Go.” Rong Shu waved her hand.

Secretary Tong walked towards Rong Yuan with the document.

Walking to Rong Yuan, she unfolded the folder, “Vice President Rong, let’s take a look first, but look carefully.”

Rong Yuan's eyes were scarlet, staring at the adoption with various official seals in front of her. I knew in my heart that I had lost to Rong Shu again, but in my mouth, I refused to admit it, "Take it away, I won't watch it, who knows if it's true or not, in case you bribed the Public Security Bureau, What about the public security bureau deliberately forging it?"

This sentence immediately made everyone at the scene and all the audience in the live broadcast room quiet.

Forgery?

Although it's absurd, it doesn't seem impossible.

Everyone looked at me, I looked at you, and finally looked at Rong Shu and Fu Jingting on the stage together.

Rong Shu's face was cold, "I thought you were hopelessly stupid, but now I find out that you are more brainless than I thought, fake? You can figure it out, how old do you think I am? If you have the ability, can the state department fake this for me?"

"Yeah?"

Everyone nodded.

Rong Yuan bit her lip, "Of course you don't have that ability, but what about the one next to you?"

She pointed to the man who hadn't spoken, slightly lowered her eyelids, looked listless, but kept playing with Rong Shu's hand under the table, "Mr. Fu must have this ability, with the strength of the Fu family, the strength of the Fu Group, and For Mr. Fu's grandfather's exploits, the country will also give him a bit of face, so..."

"Enough!" Rong Shu couldn't listen anymore, and slammed on the table, staring at Rong Yuan with an ugly face, "You know you What are you talking about? You are smearing an old man who has made great contributions to the country, and even the country. Even if Mr. Fu had the ability to let the Public Security Bureau fake it, he didn't do it, because he couldn't spend his grandfather's life. The credit and friendship of the country's hard work, because he knows better that I have the ability to solve this matter, so what you said is pure fart!"

She was really anxious, and she, who never used foul language, couldn't bear it at the moment. Stop swearing.

Seeing that Rong Shu was so angry, Rong Yuan sneered disapprovingly, "This is nothing but your one-sided remarks. Are there any specifics, will you tell the truth?"

“You...” Rong Shu frowned tightly and wanted to say more what.

Fu Jingting pulled her to sit down, then raised his eyes, looking at Rong Yuan like a dead thing, “If you don’t believe me, you can report it at any time and let the relevant departments be dispatched to investigate, did I bribe the Public Security Bureau? In the end, if there is no investigation, what do you think will happen to you?”

His voice was not loud and his tone was very light, but the murderous intent hidden in his words was not concealed at all.

Rong Yuan couldn’t help but shivered and was about to speak.

Secretary Tong pushed his glasses and said, “According to the relevant laws, those who spread rumors about the country and the hero will be held legally responsible, ranging from three to six months in detention to three years in severe cases, so Vice President Rong, are you ready to be detained? “

When she heard the word “detention”, Rong Yuan’s face changed greatly, and her voice suddenly became high and sharp, “What do you mean? I just suspected it, why did it rise to detention? You must be lying to me, deliberately Threat me, right!”

She pointed at Secretary Tong with a look of disgust.

Secretary Tong rolled his eyes, “If Vice President Rong doesn’t believe it, ask the reporter friends present. They also need to learn some relevant laws when they become reporters. They must know whether what I said is true.”

When the reporters named by Secretary Tong heard this, they immediately nodded, “Miss Rong, what this secretary said is true, if it is finally found out that Chairman Fu has done nothing, what did you say today? These words will let you in.”

“How...how could this happen?” Rong Yuan’s face was completely pale, her mouth was open, and she was terrified.

Afterwards, she quickly looked at Rong Shu and Fu Jingting on the stage, “Mr. Fu, I just...”

“Okay.” Fu Jingting waved, “I know what you are going to say, but I will not give you a glimmer of hope, since I have done it This is the most basic principle for adults to live in the world, Tong Xi, call the police.”

“Yes, Mr. Fu.” Secretary Tong hurriedly responded, then took out his mobile phone to make a call.

Seeing this, Rong Yuan screamed and was just at the conference table. She was about to jump over the conference table to grab the phone of Secretary Tong on the opposite side, trying to prevent Secretary Tong from calling the police.

This move of hers suddenly made the conference room go wild.

Fortunately, Rong Shu was well prepared, thinking that so many reporters at the press conference would definitely be messy, so he arranged for a few security guards to guard outside early in the morning.

Seeing Rong Yuan making a big noise in the conference room, she called the security in without saying a word and grabbed Rong Yuan.

Secretary Tong took two steps back with lingering fears and patted his chest.

Rong Shu asked on it, "Secretary Tong, are you alright?"

Secretary Tong shook his head, "It's alright, Chairman Xie cares, but I've been delayed and called the police."

"It's okay, it's the same now." Fu Jingting turned the pen, his voice cold and thin said.

Secretary Tong nodded, "President Fu said yes."

When the words fell, she had already called the police station, and in front of everyone, she had reported all the words that Rong Yuan questioned Fu Jingting to the police station.

Two minutes later, Secretary Tong put down the phone, looked at Rong Yuan with a dull face, and said with a smile, "Vice President Rong, the police station has already accepted it, and promised to report it to the top to send an investigation team down. Investigate Mr. Fu, now you can rest assured."

Hearing this, Rong Yuan

's whole body was completely cold, from the top of her head to her heels.

Originally, she was still struggling, but now, she can't struggle anymore, as if she was exhausted.

The security felt her calm and let her go.

Without the restraint of the security guard, Rong Yuan collapsed to the ground.

She happened to be slumped in the middle of the oblong conference table, surrounded by high-level officials of Tiancheng, and the media reporters stood outside. Such a picture seemed to be a prisoner who was being tried by everyone.

In other words, the current Rong Yuan has completely become a joke.

Also because of Secretary Tong's report to the police, there has been a conclusion on whether the adoption procedure is true or not.

It's true, the chairman of Fu's Group has not done any forgery.

Otherwise, would you dare to report this to the police?

Even if he is as powerful as him, he cannot fight against the state apparatus.

Therefore, the adoption procedure is naturally true.

Secretary Tong didn't even look at Rong Yuan, took the adoption procedure away from Rong Yuan's conference table, and showed it to the reporters to check.

While watching, the reporters recorded a copy of the adoption procedures into the live broadcast room.

Just like that, Gu Yaotian and Mrs. Gu saw all the content of the adoption procedure.

When she saw the date of the adoption procedure, Mrs. Gu's pupils shrank suddenly, "May...the third..."

Chapter 717 Is Rong Shu romantic?

It's actually May 3rd!

Mrs. Gu hurriedly looked at Gu Yaotian beside her, her voice trembling, "Husband, have you seen it? Did you see that date, Rong Shu's adoption date?"

"I see!" Gu Yaotian nodded gloomily, and let go. The hands on the railing of the hospital bed were trembling slightly due to the excessive force.

Mrs. Gu covered her lips, her eyes were red and wet, "Why is it May 3rd?"

She didn't understand.

Why is Rong Shu not the daughter born by Gu Yaotian and Fan Lina, but adopted.

I don't even understand why Rong Shu's adoption date is May 3rd.

May, the number she will never forget, the month she will never forget, is also the month that brings her endless pain.

Because on May 1st, it was the day that her daughter was stolen by Rong Hao and thrown into the river!

And Rong Shu's adoption day was the third day after her daughter was thrown into the river.

Does that mean ...

"Husband, do you think it is possible that Rong Shu is in love with us?" Mrs. Gu grabbed Gu Yaotian's hand and said eagerly.

Gu Yaotian frowned, "Are you confused? How could Rong Shu be romantic?"

"But Rong Shu is not Rong Hao's biological daughter, she was adopted, and the date of adoption happened just so coincidentally, so Rong Shu may really be Our romance." Madam Gu became more and more excited.

Gu Yaotian clapped her hand, "It's impossible."

"Why is it impossible!" Mrs. Gu threw off her hand and stared at the TV with red eyes, "This date is a good proof, When you saw the date just now, weren't you also shocked? It means that you also suspected that Rong Shu might be romantic."

"..." Gu Yaotian choked, and was speechless for a while.

Indeed, as Mrs. Gu said, when he just saw the date, the first reaction in his mind was that Rong Shu was in love.

First of all, the year Rong Shu was born was the same as the romance.

Secondly, Manqing was stolen by Rong Hao. Rong Shu threw Manqing into the river on the first day. On the third day, he adopted a baby girl. No matter how you look at it, it seems that Rong Hao did not throw away the child, but secretly Raised the child.

However, the probability is too low.

After all, Manqing is his daughter, and for Rong Hao, she is also an enemy.

If he was Rong Hao, it would be impossible for him to raise his enemy's daughter, and to raise him so well.

Therefore, Rong Shu is not romantic.

Thinking about it, Gu Yaotian sighed, "Don't get excited, you should calm down first, if Rong Shu is romantic, what is going on with our current romantic relationship? The current romantic relationship, but we have done a paternity test with us. , she is our biological daughter, so Rong Shu is not Manqing, she just happened to be adopted by Rong Hao at the same time as Manqing was thrown into the river."

"I know, but I am very concerned about it. Mrs. Gu sat on his hospital bed, covering her face and crying, "Yaotian, in fact, I never told you that I don't have a deep maternal love for romance."

"What do you mean?" Gu Yaotian looked at her.

Mrs. Gu bit her lip and said, "I don't know, I just feel that I can't get close to Manqing, I know that she is my daughter, and I should love her well, spoil her well, and make her feel that she is the happiest in the world. My child, I don't know why, but I can't do it. I usually pretend to be kind and fond of Manqing. In fact, in my heart, there is some resistance to contact Manqing, I..."

"Manqing !" Before Madam Gu finished speaking, Gu Yaotian suddenly shouted.

Mrs. Gu froze in her heart and looked at Gu Yaotian, but Gu Yaotian stared at the door with an extremely embarrassed expression and eyes.

Seeing this, Mrs. Gu's face changed greatly, she turned her head abruptly to look at the door, and saw Gu Manqing's face was red with red eyes at the door, her face paled instantly.

"Manqing..."

"Mom, you're too much!" Gu Manqing clenched her palms, and after dropping this sentence, she turned and ran away.

"Love!" Madam Gu stretched out her hand and wanted to stop her, but it was too late.

"Husband, I..." Madam Gu panicked and didn't know what to do, so she quickly looked at Gu Yaotian.

She didn't expect that she was just expressing her true thoughts, and it happened so coincidentally that the romance came, she heard it, and ran away sadly.

She only felt a deep sense of guilt hit her now, and she couldn't breathe.

Gu Yaotian didn't expect things to develop like this, let alone that romance would come suddenly.

For a while, Gu Yaotian rubbed his temples with a headache, "What else can I do, hurry up and chase."

"Oh, oh." Mrs. Gu reacted, and quickly got up from the hospital bed and chased outside.

After Mrs. Gu left, only Gu Yaotian was left in the ward.

He looked at the TV in front of him with a complicated and unpredictable expression.

After a long while, he took out his mobile phone and called his assistant, "Check, where did Rong Shu adopt Rong Hao from!"

"Yes." The person on the other end of the phone replied.

Gu Yaotian put down the phone, his old face was full of seriousness.

Although, he still doesn't think that Rong Shu is romantic, let alone that the current romantic identity is fake.

But in his heart, just like Mrs. Gu, he was very concerned about the date of Rong Shu's adoption.

He thought that if he didn't know the specific origin of Rong Shu, he would not be able to calm down.

At the press conference, Rong Shu's adoption procedures have been watched by all reporters and the audience in the live broadcast room.

Secretary Tong took back the copy of the adoption procedures and put it in front of Rong Shu and Fu Jingting.

Rong Shu picked up the microphone and asked the people below with a smile, "Are there still people questioning whether my adoption procedures are fake?"

"Of course not." Everyone shook their heads.

Just kidding, the only person who suspected a fake was called to the police, and the police came and took them away after a while.

They also questioned that their brains were sick.

"Since no one is questioning, then there is no problem with my identity." Rong Shu put her hand on the folder of adoption procedures, "I was not born by my mother's

derailment, but was adopted by their husband and wife through legitimate channels. In other words, except that I have no blood relationship with my parents, but legally I am their biological daughter, so naturally, I should have a share in everything in the Rong family, so what Rong Yuan said, I am a private person. Having a daughter who has seized everything in the Rong family will naturally be untenable.”

“Chairman Rong is right.” Everyone nodded again.

Rong Shu said again, “Rong Yuan said that I stole all the shares of Tiancheng Group. In fact, I don’t need to explain this point, any shareholder of the company can answer, the shares were not robbed by me, but by my father before he died. , I have already mortgaged most of the shares, and then my grandfather bought them back and gave them to me, so are these shares that have been handled twice, or the original shares of the Rong family?”

“Of course not.” A reporter immediately replied loudly, “The former chairman should be mortgaged, the Rong family has long lost the shares of Tiancheng, and now Chairman Rong you have bought it back later, so it has nothing to do with the Rong family. Since it has nothing to do with it, there is nothing to do with inheritance, it belongs to Chairman Rong and you alone.”

“That’s right.” Other reporters also agreed.

Rong Shu glanced at Rong Yuan, whose face was getting paler and paler, “Since everyone now knows that I didn’t rob the shares, then everyone is not curious. Why did Rong Yuan cry on the Internet that I robbed the shares from my father?”

“Yeah.” Everyone was stunned for a moment, then all looked at Rong Yuan on the ground, asked questions, and started again.

Chapter 718 is completely over

“Miss Rong, can you please explain what Chairman Rong said?”

“Miss Rong, do you know that your father’s shares have already been mortgaged by your father?”

“ . . . ”

Rong Yuan, who asked the chatter question, couldn’t take it anymore. She covered her ears tightly with her hands, and roared with a twisted expression, “Enough, shut up, shut up!”

She suddenly went crazy like a mad woman. , making everyone present and the audience in the live broadcast room sigh.

Can they think that this one has become angry?

Rong Shu lowered her eyes, looked at the crazy Rong Yuan on the ground with cold eyes, and the corners of her mouth twitched coldly, "Since she doesn't want to answer, then I'll answer, she already knew that the shares of the Rong family were mortgaged by her father. , I have long known that the shares in my hand have nothing to do with her, she can't get it, so I deliberately spread rumors on the Internet that my mother cheated on another man, and bullied her since she was a child, because she wanted to take advantage of the media and netizens. Strength, let me give her half of the shares in my hand."

"I'm going, it's too shameless."

"That's right, it's the first time I've seen such a disgusting person."

"It's so simple, and now it really proves that I'm right, I actually took all of us netizens into it, and I was stupid and really stood up for her, what am I..."

Don't say that the netizens on the Internet were getting angry at the moment, and they were there. The reporters in this area could not wait to tear up Rong Yuan on the ground.

For a long time, it was the media who ate other people's blood buns. When will it be someone else's turn to eat their human blood buns?

You must not let this woman go.

"Fortunately, Chairman Rong didn't let Second Miss Rong's trick succeed." Some reporters flattered Rong Shu at this time.

Rong Shu also smiled for face, "That's right, but she was destined to fail from the beginning, she thought that I had no evidence to prove whether I was an illegitimate or adopted daughter, and also thought that I had no evidence to prove whether I had a child when I was young. Bullying her, so I firmly believe that I will silently suffer this dumb loss, and finally I can't stand the public opinion and give her the shares."

"So, Chairman Rong, do you have evidence that you did not bully Second Miss Rong when you were a child?" Reporter They looked at Rong Shu in surprise.

Rong Yuan, who was sitting on the ground, also raised her head abruptly, screaming, "How is this possible! How could there be evidence of what happened when I was a child!"

"Of course there is!" Rong Shu smiled and completely disintegrated the last city wall in her heart.

Rong Yuan looked at her and the perfect smile on her face, but she felt like a devil, her lips were trembling, "You..."

Rong Shu didn't want to talk too much nonsense with her, and looked sideways at the man beside her. .

The man opened the suitcase in front of him, took out a USB flash drive, and handed it to Secretary Tong.

Originally, Rong Shu carried the suitcase herself, but Fu Jingting didn't want her to be too tired, so after getting off the car, he helped her carry it.

Naturally, the suitcase is with him now, and the monitoring is naturally given to Secretary Tong by him.

Secretary Tong had already heard Rong Shu talk about monitoring in advance, so after taking over the USB flash drive, he didn't ask anything and went to the control computer on the big screen.

The picture of Fu Jingting giving the USB flash drive to Secretary Tong was seen by everyone.

Seeing that USB flash drive, Rong Yuan felt a huge sense of panic in her heart. Her body, which was already cold, became even colder now, and she was no longer aware of the cold.

She didn't know what kind of evidence was in the USB flash drive, but she knew that she was really finished.

Duan Xingbang, who had been drinking tea silently and was an invisible man, also realized that Rong Yuan had lost completely, put down the teacup, and glared at Rong Yuan sternly.

This woman really has more than enough success.

Originally thought he had some ability, but now he realizes that no brain is no brain.

White looking forward to it!

Rong Shu didn't care what the people below were thinking, she picked up the microphone and said with red lips, "There are about a dozen surveillance videos stored in this USB flash drive. These surveillance videos are indeed between me and Rong Yuan when we were young. In the bullying video, it wasn't me bullying Rong Yuan, but Rong Yuan bullying me, with her mother."

“That is to say, she lied again, and also called a thief to catch a thief.” Some reporters responded.

Rong Shu nodded, “Yes, not only that, my father’s wife did cheat, but it wasn’t my mother who cheated, but her mother.”

She pointed at Rong Yuan with her finger.

The slender white jade-like fingers, coupled with the cherries-colored nails, are truly beautiful.

Fu Jingting’s eyes darkened, he reached out and took her fingers, then kissed her fingers in front of everyone.

Gentle and affectionate.

This scene not only made Rong Shu stunned, but others were also stunned.

This, this...

isn’t this a press conference?

How did it become an occasion to show affection?

“Pfft.” The old lady, who had left the hospital and returned to the old house, saw this scene on TV, and she couldn’t hold back her laughter.

Feng Ma, who came with the fruit, also laughed when she saw this, “Old lady, the eldest young master is really unexpected.” The

old lady smiled helplessly and shook her head, “This kid is a bit confusing, but it’s good. , indicating that he has a good relationship with Shu Shu.”

“That’s right.” The

old lady was condoning and supporting, while the men on the other side gritted their teeth one by one.

Cheng Huai grabbed his hair, and the whole person was going to be dumbfounded, “I rely on me. Relying on Fu Jingting, he actually did this kind of thing to Rong Shu in public. He clearly did it on purpose. He knew that we would definitely watch this press conference, so he did it on purpose to show us, anger us, and even put the ring exposed! Doudou ,

who was sitting on the sofa and reading comics, heard his uncle’s complaint, raised his head and glanced, then lowered his head, and said lightly, “What about intentional,

uncle, if you want to be intentional, it's not enough, who asked Uncle Fu to follow him?" Aunt... ah, no, it can't be called aunt now, it's Aunt Rong, who made Uncle Fu and Aunt Rong a pair, you, you only have jealousy. Hearing this ,

Cheng Huai walked over, lifted Doudou by the back collar, twisted it up like a toy, held it in front of him, stared at Doudou's innocent and cute little face, and gave a cold expression. Humph, "Boy, which side are you on? Why are you always talking to outsiders and belittling your uncle? Doudou rolled her eyes at him, "

I was originally on your side, but who made you unhappy, uncle? I even gave you an assist, but you couldn't take Auntie Rong, and in the end, Uncle Fu got it." Auntie Rong, what can I do? Doudou spread his hands, and said again, "

With such an unsatisfactory uncle, I would have counted you even if I recognized you." "

After hearing Doudou's words, Cheng Huai almost turned his back.

But soon, Cheng Huai calmed down again, put Doudou back on the sofa, looked at the computer and smiled bitterly, "You think it's me Are you unhappy? No, it's because we have no fate at all, her heart doesn't consider me, no matter how much I do, she won't be with me, don't you know that from the Lu family? "

Lu Qi, who was mentioned by Cheng Huai, was also staring at the computer with a gloomy expression, and staring at Fu Jingting who was kissing Rong Shu's hand in the computer.

He thought the same as Cheng Huai, thinking that Fu Jingting must be deliberately using the live broadcast. To provoke these rivals in love.

Otherwise, why not in other places, but in this public place?

Chapter 719 Where did you pick it up

Fu Jingting didn't know his whim, which drove the two men crazy.

He raised his head and let go of Rong Shu's hand.

Rong Shu looked at him with a dumbfounded expression, "Do you know what you were doing just now?"

"Yes." Fu Jingting held his head and replied with a charming smile.

Rong Shu rolled his eyes at him, "I know you're still doing this, aren't you afraid of being told by others?"

"Speak?" Fu Jingting raised his eyes, looked at everyone below with a lazy and majestic look, and finally set the scene in the live broadcast room. On the camera, "I kissed my lover, and I didn't break the law. What can they say? They can only envy."

"Chairman Fu is right." The reporters below nodded repeatedly and responded with a smile.

The audience in the live broadcast room even called it so sweet and so sweet.

For a while, Rong Shu and Fu Jingting's C fans suddenly emerged, and even the Chaohua website was about to be built.

Seeing that the reporters below were so obedient, Fu Jingting withdrew his eyes and looked at Rong Shu, "Look, they dare not say anything."

Rong Shu's speechless mouth twitched, and then he didn't dare to look at her anymore, holding the microphone and looking at her embarrassedly. The people below smiled, "Sorry, I made you laugh."

"No, no." Everyone waved their hands again and again, "Chairman Rong and Chairman Fu have a good relationship, we are too late to envy, how can we joke, live Chairman Fu Chairman He Rong is in love with each other and will be happy forever."

"Thank you." Before Rong Shu could speak, Fu Jingting had already accepted the blessing.

Rong Shu was angry and funny.

The atmosphere was peaceful.

On the other hand, Rong Yuan on the ground and a certain audience member in the live broadcast room went crazy with jealousy.

"Okay, alright, let's stop talking about this, let's go back to what we just said." Rong Shu coughed lightly, and her expression returned to seriousness, "I just said that it was not my mother who cheated on her, but Rong Yuan's mother Li Xiuzhi. So she lied again and slapped her mother on the point that I cheated with her mother. Of course, some people may not believe me when I say this now, so let's just look at the evidence, Secretary Tong."

"Good chairman." Secretary Tong in front of the computer responded, and then his fingers began to tap on the keyboard.

Soon, the big screen in the conference room came down, and then a dozen surveillance videos were played at the same time.

Among them, Rong Yuan bullied Rong Shu, and Li Xiuzhi bullied Rong Shu.

And Rong Hao yelled at Li Xiuzhi for cheating, and Li Xiuzhi in turn blamed Rong Hao for not satisfying her, so she cheated.

There was even Li Xiuzhi who told Rong Yuan that if Rong Shu was to be driven out, everything in the Rong family belonged to their mother and daughter.

All in all, these surveillance videos made the scalp numb, the content was even more outrageous, and the whole body was cold.

“God, this is too vicious. At a young age, she is so wicked and bullying her sister.”

“Upstairs, didn’t you see that her mother was so bad, so she must be vicious too. Liang Wei, what kind of genes you have, what kind of descendants you have.”

“This is pity for Chairman Rong.”

Listening to the discussion of the people present, Rong Yuan was trembling all over, buried her head deeply, and even she wanted to find a hole to burrow into and escape from this place that made her extremely frightened.

Although she still wants to fight for it, she also knows how to make face.

Everything that he has done now, and all the lies he has told, has been exposed by Rong Shu mercilessly.

She knew that when she was finished, no matter where she went after that, she would be pointed at by people and looked at in different eyes. She was completely dead.

Looking at Rong Yuan, who was unlovable, the corner of Rong Shu’s mouth twitched.

Rong Yuan’s original purpose was to make her the target of public criticism, the trash that everyone spurned.

Now, it is Rong Yuan herself who has really become trash.

By now, Rong Yuan should already know what it feels like to be trash.

Beside him, Fu Jingting has been looking at Rong Shu, seeing the smile on the corner of Rong Shu’s mouth, but he is not happy at all, he is more distressed.

I feel sorry for what happened to her when she was a child, and even regret her past, why didn't she go to her earlier.

If he took the initiative to find her shortly after he became a pen pal with her, and brought her under his wing, wouldn't she have received so much bullying?

As if feeling the strangeness of the man beside him, Rong Shu turned to look over, "What's wrong?"

Fu Jingting's thin lips moved, just about to say something.

The next reporter suddenly cut off his words.

This made Fu Jingting extremely unhappy, and his thin lips were instantly pursed into a straight line.

The reporter didn't realize that he had offended anyone, so he raised the microphone and asked loudly, "Chairman Rong, since it is Miss Rong's mother who cheated on her, is Miss Rong really your father's daughter?"

This question, to the point.

Everyone wants to know.

Rong Shu curled her lips, "Unfortunately, she is indeed my father's daughter. When my father found out that Ms. Li Xiuzhi was cheating, he also doubted whether Rong Yuan was his daughter, so he did a paternity test without Rong Yuan, and finally It shows that Rong Yuan was born by him, so this is the reason why my father has always tolerated Ms. Li Xiuzhi, because Rong Yuan is very close to Ms. Li Xiuzhi. In order to give Rong Yuan a complete family, her father has always wronged himself and did not choose to divorce Ms. Li Xiuzhi. "

It turns out that the former chairman is really pitiful."

Another reporter asked, "Chairman Rong, I would like to know, since you are the adopted daughter of the former chairman and the former chairman's wife, what about their biological daughters? I just asked my colleagues to check, twenty-six years ago. , the former chairman and his wife did have a daughter, who was born Coincidentally, my colleague's aunt was one of the nurses who delivered the birth of the former chairman and his wife, so the former chairman and his wife's wife Where did your biological daughter go?"

As soon as this question came up, Gu Yaotian from the hospital narrowed his eyes and stared at the screen motionless.

Rong Shu picked up the microphone and slowly replied, "It's a pity that my sister passed away."

"Dead?" Everyone exclaimed.

Rong Shu nodded and mournfully said, "Yes, my sister died at about four months old. The reporter who asked where my sister was going should also know from a colleague that my sister was very weak from birth, right?"

"A reporter nodded quickly, "Yes, my colleague's aunt said that the daughter born by the former chairman and his wife was born with hypoplasia, and it is very likely that she will not live to be a year old. , but I didn't say it, I just wanted to hear an exact answer."

Rong Shu hummed, "That's right, because my sister died, my mother's spirit suddenly collapsed. In order to appease her, my father took me back. "

Hold me... come back..." Gu Yaotian's eyes narrowed more and more, then he took out his mobile phone and called his assistant again, "Haven't found the source of Rong Shu yet?"

"Sorry, Mr. Gu, still No, I went to the public security bureau to ask, and the public security bureau said that Rong Shu was picked up by Rong Hao, not adopted from a welfare home or an orphanage, so the real source of Rong Shu is still unclear." The assistant is sorry. 's return.

Gu Yaotian frowned, "Forget it, contact any reporter at the press conference and ask him to ask Rong Shu, where did Rong Hao pick her up from, and when did she pick it up?"

"Yes." a sound.

Soon, a reporter at the press conference received a signal and raised his hand to raise these two questions to Rong Shu.

Rong Shu didn't suspect anything. After all, it was normal to ask clearly, so he answered with the microphone.

Chapter 720 Fu Jingting is jealous

"I'm sorry, I don't know about this question either. There doesn't seem to be a clear answer to the adoption procedure, so I can't answer it." Rong Shu smiled apologetically to the reporter.

The reporter nodded, "Okay Chairman Rong, I understand, thank you Chairman Rong for your answer."

After that, he lowered his head, took out his mobile phone and sent a message out.

At the same time, Gu Yaotian received a text message from a reporter.

In fact, the reporter didn't need to send this, he knew it.

After all, he has been watching the live broadcast of the press conference.

Gu Yaotian sighed and put down his phone, for some reason, he was so disappointed in his heart.

At the press conference, the reporters asked several questions in succession, and the press conference gradually came to an end.

This conference was for Rong Shu to clarify Rong Yuan's rumors, and to justify her mother's name.

Now that the rumors have been debunked and the mother's reputation has been cleaned up, it's time for the curtain to come to an end.

However, just before the curtain came to an end, someone suddenly asked curiously, "Chairman Rong, what are you going to do with Second Miss Rong now?"

"Yes." Everyone was very curious.

Rong Yuan's rumors to smear Rong Shu and Rong Shu's mother have already made a big mistake and touched the bottom line of people. Chairman Rong should not be lenient.

But Rong Yuan is the biological daughter of Chairman Rong's adoptive father, so it is destined that Rong Shu cannot really treat Rong Yuan.

That's why they were curious about how Rong Shu would handle this.

Rong Shu lowered her eyes and swept to Rong Yuan on the ground, her beautiful eyes narrowed slightly, "She has violated the law by doing these things, I am a preacher of the law, so I will naturally hand it over to the police, not to mention, my secretary has already called the police before. Isn't that right?"

"That's right." Everyone sneered, but in their hearts they were all disappointed.

They also want to see the sisters break with each other completely.

Unexpectedly, Chairman Rong directly threw the person to the police.

This made them somewhat hopeless.

At this moment, Secretary Tong's cell phone rang.

She looked at Rong Shu.

Rong Shu nodded slightly, indicating that she could take it.

Secretary Tong just took out her phone and glanced at it, "Chairman, it's the front desk's phone."

After that, she put the phone to her ear.

Two minutes later, Secretary Tong put down the phone, smiled and said to Rong Shu and Fu Jingting, "Chairman, Mr. Fu, it's from the police station."

"Oh?" Nodding, "Go and bring the police comrades up."

Yes. "Secretary Tong nodded in agreement and walked outside the conference room."

After hearing the conversation between the two, some reporters who had already packed up their things and left the scene and rushed back to edit and release the news suddenly stopped again.

Then they looked at Rong Yuan on the ground with excited eyes.

The audience in the live broadcast room was even more eager to make trouble.

Come, come, the police are here.

They could finally witness a police arrest.

For a time, everyone was waiting for the moment when Rong Yuan was taken away.

Rong Yuan on the ground heard Secretary Tong say that the police were coming, and finally stopped being sluggish, her soul returned to her body, and then jumped up from the ground in fear and wanted to run.

She can't be caught, she can't go to the police station, and she can't go to jail.

She knew that the women in the prison were all lunatics, all perverted, and when they entered, they would be tortured into inhuman forms.

She had seen all of this with her own eyes from Li Xiuzhi abroad.

Run, she must run!

Rong Yuan put her hands on the conference table and wanted to turn over the conference table and leave the place.

However, how could Rong Shu let her run like this, her red lips twitched coldly, and she was about to speak.

Fu Jingting, who was beside him, had already said, "Catch her, she ran away, only you are asking!"

He said it lightly, but the coldness in his tone did not hide.

The two security guards shivered, not daring to delay, and hurriedly arrested Rong Yuan, who was half-turned.

After Rong Yuan was caught, she yelled in a frantic mood, "Let me go, you let me go!"

She screamed and struggled, her whole face and eyes were flushed, and the blue veins on her forehead were bursting Suddenly, his eyes were filled with fear and urgency.

Can you not be afraid, can you be in a hurry?

The police are already downstairs. If she doesn't leave, she will really be caught.

No one paid any attention to Rong Yuan who was struggling and screaming, but everyone admired her crazy old woman's appearance.

After all, such a scene is rare.

In an instant, all the reporters raised their cameras and took pictures of Rong Yuan, the sound of the shutter and the flash blaring.

If everyone hadn't known what was going on, those who didn't would have thought it was Rong Yuan's red carpet show, so much attention.

Rong Yuan must be overjoyed with so many cameras shooting at her in normal times.

She will feel that this is her own charm.

But now, she's not happy at all, she just wants to smash all those cameras.

"No shooting, no shooting at all." Rong Yuan couldn't open her eyes from the flash.

She couldn't see the expressions of those who patted her, but she knew that they were very excited, and she also knew how embarrassed and ugly she looked now.

They took pictures of her so ugly and ugly appearance and put it on the Internet, they could accumulate a lot of ki.

That's why they took pictures of her so crazy.

"Did you hear it? I told you not to take pictures, ahhh!" Rong Yuan was really going crazy after hearing the constant shutter sound, and the roar became more helpless and fearful, just like being locked in Just like the trapped beast in the cage, it screamed that it could not escape, and it looked so pitiful.

But now, no one sympathizes with her.

After all, her badness is obvious to all.

Soon, the door of the conference room opened again, Secretary Tong walked in with a few police officers, first glanced at Rong Yuan who was still screaming and struggling, and calmly retracted his gaze, "Chairman, gentlemen, police officers are here. It's over."

Rong Shu stood up and stretched out his hand towards the leader, "Thank you for your hard work."

"It's nothing." The leader also stretched out his hand, ready to shake hands with Rong Shu.

But before he could hold Rong Shu's hand, the big, slender and perfect hand reached out and held his hand.

That beautiful hand suddenly belonged to Fu Jingting.

The moment Rong Shu got up, he also stood up and stood behind Rong Shu the whole time.

Seeing that Rong Shu stretched out her hand and was about to shake hands with another man, her brows frowned, and the jealousy in her heart immediately surged up.

Even though he knew that Rong Shu shook hands and just said hello, he felt uncomfortable.

Therefore, in the end, he took the initiative to reach out and instead of Rong Shu, he shook hands with the police.

Fu Jingting's action not only made the police captain stunned, but also made Rong Shu stunned for a while, but also made everyone at the scene and in the live broadcast room laugh.

"Are you jealous? Chairman Fu is jealous, right?"

“Yes yes, seeing my wife shaking hands with other men made me unhappy, so I took the initiative to reach out and stop other stinky men from touching my wife’s hand.”

“Ah, ah, so sweet, he is so domineering, she Love.”

There were also young female reporters at the scene who became fans of Fu Jingting and Rong Shu. Seeing Fu Jingting’s actions, she was naturally excited.

Although their discussions were not loud, the people who should have heard them still heard them.

Chapter 721 I feel sorry for your past

Rong Shu listened to the discussion below, watching the man staring at the black face of the captain opposite, holding his forehead with a headache.

The captain was embarrassed in the face of Fu Jingting’s hostility.

The young police officers behind him were all laughing like crazy.

“Cough cough!” The captain scratched his head with one hand, looked at Fu Jingting, and said embarrassedly, “Mr. Fu, can you let go?”

His hand was so painfully held by the young chairman.

If he hadn’t known that the other party was doing this just because he was jealous, he would have suspected the other party of attacking the police.

“Okay Fu Jingting, let go of the captain, what are you doing?” Rong Shu also gently pulled the man’s sleeve, signaling the man to let go quickly.

When the man was reminded by her, his thin lips pursed, and then he let go of the captain’s hand.

The captain looked at his red hand and smiled wryly.

Young people today are so jealous.

Anyone who comes to work can be regarded as a rival in love, and there is no one else.

The captain shook his head helplessly and put his hand down.

Next to him, Rong Shu glared at the man angrily. Knowing that the man was obsessed with cleanliness, he took out a handkerchief from his pocket and handed it over, "Here."

Fu Jingting looked at the handkerchief, his thin lips twitched, and he swept away the words he had just addressed to the captain. Indifferent and hostile, his voice became gentle, "As expected, you understand me."

He took the handkerchief and wiped the hand that shook the captain's hands.

Rong Shu was angry and funny, "I'll shake hands with the captain, and I'm the one who took the initiative, so you can eat this vinegar?"

"That's not good, he's a man." Fu Jingting wiped his hands, not willing to throw away the handkerchief, but put it back in his pocket.

Rong Shu dismissed him, "It's arrogant, I don't care."

After speaking, she turned her head and smiled embarrassedly at the captain, "Sorry, I made you laugh."

"It's nothing." The captain waved his hand and replied indifferently, but he was quite speechless.

After all, this was the first time he had encountered such a situation.

If it weren't for the dignity of the other party, he would not have done so.

He is also temperamental.

"Okay, Chairman Rong, it's getting late, so let's take the people away first." After thinking about it, the captain straightened the police cap on his head and said to Rong Shu in a serious tone.

"Okay, I'll trouble you. The people are over there. You can take them away. If there is anything that needs to be investigated later, we will cooperate." Rong Shu nodded and pointed to Rong Yuan, who was caught by two security guards in the middle of the conference table. Say.

"We will." The captain saluted her, then waved the young police officers behind him to hand over the person.

Looking at the police officers walking towards her, Rong Yuan shook her head in a sharp panic, as if she was not seeing people, but demons who wanted to kill her.

"Don't, don't come here, you don't come here, go away, go away!" Rong Yuan shook her head, while trying to drive away the police officers.

But how could the officers have been chased away by her, and quickly picked her up from the security guards.

The moment the police officers touched Rong Yuan, Rong Yuan panicked completely, her face turned pale with fright, and her eyes came out.

“Sister, sister, save me, save me.” She suddenly looked at Rongshu with a pleading face, and shouted with tears and snot on her face, “Sister, let them go and let them not catch me, okay? , I was wrong, I really knew I was wrong, I will never dare again, I really don’t dare, woo woo...”

She cried heartbroken, and really looked like she knew she was wrong, It made some soft-hearted people feel pitiful at this moment.

Even in the live broadcast room, they all started to play the barrage of pleading.

Rong Shu can’t see, so naturally he won’t be affected.

But even if she saw it, she would not be affected.

Others don’t know Rong Yuan, but she does.

Rong Yuan is not a person who knows what is wrong at all.

She didn’t see any sincerity in admitting wrongdoing in Rong Yuan’s eyes, what she saw was only forbearance of hatred.

In other words, what Rong Yuan said was wrong was false, and she just wanted to win the sympathy of everyone, so that everyone could intercede for her and achieve the goal of freedom.

I am afraid that what Rong Yuan was thinking was that after she gained her freedom, she should find a chance to take revenge on her.

Oh, so stupid.

“Don’t look.” At this moment, Fu Jingting suddenly covered Rong Yuan’s eyes, then glanced at Rong Yuan in disgust, and said in disgust, “Spicy eyes.”

Rong Shu smiled.

Fu Jingting said again, “Don’t be soft-hearted, you can’t trust such people.”

“I know.” Rong Shu nodded.

Fu Jingting hummed, “That’s good.” In the

end, Rong Shu didn't even want to let Rong Yuan go.

Naturally, the police would detain Rong Yuan and take her away.

The police officers grabbed Rong Yuan and walked towards the door of the conference room.

Seeing that she was about to go out, Rong Yuan finally realized that Rong Shu would not let her go, she would not beg for mercy, she would not even struggle, she suddenly accepted her fate and followed the police officers out.

When she walked out of the conference room door, she suddenly stopped.

As soon as she stopped, the police officers who detained her naturally stopped as well.

Rong Yuan turned her head, her eyes were scarlet, staring at Rong Shu with split canthals, her eyes were full of poison, "Wait for me, Rong Shu, I have written down everything today, and when I come out, I will I will never let you go, absolutely!"

As soon as she finished speaking, the captain's police cap slapped her on the back of her head.

The captain looked at her with a gloomy face, "In front of us, you dare to utter mad words to threaten others, you will be charged with a crime, and you will leave."

In this way, Rong Yuan was taken away by the police.

The reporters also recorded the process one after another, and the audience in the live broadcast room also watched it all.

Now, the identity and title of Rong Yuan's legal coffee shop has completely become a fact. I

believe that "Don't take that woman's words to heart." Fu Jingting hugged Rong Shu lightly and comforted her in a low voice. He was afraid that Rong Yuan's threat to take food just now scared her. However, Rong Shu looked up at him and shook his head with a smile, "Don't worry, I won't take it to heart, it's not the first time she's threatened. I'm used to harsh words." Fu Jingting frowned, "Even so, you can't relax your vigilance, even if she can't fight you, but you can't guarantee that you won't be swayed by her." "You're right." Rong Shu nodded thoughtfully. Fu Jingting touched her hair, "But don't worry, I won't let her have the opportunity to dare to attack you." The threat just now was undoubtedly stepping on his thunder. In his opinion, in front of his face, threatening the person he cares about most is courting death. Next, he will give that woman Rong Yuan the most unforgettable detention life. Fu Jingting squinted his eyes, the coldness in his eyes made people terrified. Rong Shu didn't notice his expression, got out of his arms, picked up the microphone, and gave the final closing speech of the press

conference. After the speech, everyone in the conference room began to disperse. Not long after, there were only Fu Jingting and Rong Shu left in the conference room.

Fu Jingting walked to the computer that Secretary Tong had operated before, pulled out the USB flash drive from it, and handed it to Rong Shu, "This time to clarify the rumors, I played the monitoring inside, but don't let it go in the future, I don't want to. If you show your past scars to everyone, it will remind you of everything you have experienced in the past, which is a very cruel thing for you."

Rong Shu looked at Fu Jingting's eyes. Feeling distressed, my heart warmed, I took over the USB flash drive with a smile, "Actually, it's okay, I have long since stepped out of the shadows of the past, so I don't feel anything when I look at the past experience, I am strong enough now. , these won't hurt me."

Chapter 722 She is in prison

"I know." Fu Jingting reached out and hooked her waist and gently took her into his arms, "But I feel bad, and I even regret it."

"What do you regret?" Rong Shu raised her head and looked at it in confusion. he.

The man rubbed her forehead with his forehead, "I regret that I didn't appear in front of you to protect you back then. If I first read your letter saying that Rong Yuan's mother and daughter were bullying you, I would have appeared in front of you. I will go through this."

Even, there will not be a Gu Manyin between them to destroy, but it is logical to get together, get married, have children...

Seeing the man's face full of self-blame, Rong Shu couldn't help reaching out. , holding his face, squeezed a little harder, "Okay, don't do this, it's not your fault, you were often hospitalized for heart problems in those days, where can you run around, so you don't have to do this, saying , I was only bullied by their mother and daughter for a while, but since I was discovered by my father, they didn't dare, so my childhood was still a happy one."

Fu Jingting took off her hand that was making a mess on his face, "But I still feel that I've missed a lot."

Rong Shu smiled, "Since you feel that you've missed a lot, then you will be more nice to me in the future."

"I will." Fu Jingting's eyes brightened for a moment, then He took her into his arms and held her tighter, as if he couldn't fit into his body.

Although Rong Shu felt a little uncomfortable, she understood his mood at the moment, so she didn't say anything to stop him.

It's a big deal, just bear with it and it's over.

"By the way, do you want to know Li Xiuzhi's whereabouts?" Suddenly thinking of something, Fu Jingting let go of Rong Shu a little, looked down at her and asked.

Rong Shu raised her eyebrows, "Li Xiuzhi?"

"Well."

Rong Shu pouted, "When Rong Yuan first returned to Haishi, I wondered why she was the only one, without Li Xiuzhi's company, who went to Kimchi Country last time. At that time, I only saw Rong Yuan, not Li Xiuzhi, I guess, Li Xiuzhi may have passed away."

"No, she didn't die." Fu Jingting shook his head slightly.

Rong Shu was surprised, "Not dead?"

"Well." Fu Jingting nodded.

Rong Shu sneered, "Then her life is really long enough. Six years ago, she suffered from early stage cancer. Now six years have passed, her disease must be very serious. I thought she was dead. I didn't expect she was still alive."

"She went to jail." Fu Jingting threw a depth charge.

"What?" Rong Shu was stunned for a moment, then straightened up immediately, "Jail? Why?"

Was it about poisoning her father?

No no no, probably not.

Poisoning my father is in the sea market, and the foreign police will not care.

He was talking about Rong Yuan who was poisoned together. If it was really because of this incident, it would make no sense that Rong Yuan was still out there.

"It's manslaughter." After Fu Jingting arranged Rong Shu's hair, he lightly parted his thin lips and replied, "After Rong Yuan's mother and daughter left Haishi, they went to Beautiful Country and joined the nationality there. These two, With the money taken from Tiancheng, I spent two years in a foreign country, but because I could only go in and out, the money was quickly spent, and the mother and daughter were not the kind of people who would go to work. People, so..."

“So what do you mean, the mother and daughter are going to act like that?” Rong Shu took the words behind him, her face full of disgust.

Fu Jingting nodded, “Almost, this mother and daughter went to a nightclub, where they are going to meet some rich people, so that you don’t have to worry about life in the future, let Rong Yuan not say, she is young, people who like her Naturally a lot, he was soon picked up by a rich second-generation. Li Xiuzhi’s words, although he has a certain age, but his charm is still there, and there are many people who like this kind of people. The old man likes her very much, he often goes to her place, and even prepares to divorce his original wife because of her.”

“Wait a minute.” Rong Shu raised her hand, made a stop motion, then swallowed her saliva and made a bold guess, “Could it be that Li Xiuzhi was discovered by the original wife, went to the door, and then the person who Li Xiuzhi killed was the original wife?”

” My little leaf is smart.” Fu Jingting chuckled and patted her hair.

Rong Shu took his hand away from the top of his head angrily, “Don’t rub your hair, it’s all messed up, you just sorted it out.”

“It’s okay, I’ll sort it out for you later.” Fu Jingting looked at her and replied.

Rong Shu didn’t know whether to laugh or cry, “Forget it, don’t care about you, tell me, how did Li Xiuzhi kill the first wife?”

“The original wife knew that her husband was going to divorce her, and naturally couldn’t accept the fact, so in a fit of anger, she checked When he reached Li Xiuzhi’s head, he knocked on the door. During the conflict with Li Xiuzhi, he was accidentally pushed downstairs by Li Xiuzhi and died on the spot.”

“Hey...” Rong Shu suddenly sucked in a breath, “The original wife It’s really miserable !”

This Li Xiuzhi is simply a cancer, he has harmed his father here, and he has harmed others when he went abroad.

This kind of person is simply unreasonable.

“By the way, Li Xiuzhi killed the original partner, was it intentional or was it accidentally?” Rong Shu asked with a frown.

Li Xiuzhi herself is a vicious woman, so it’s not that she can’t do something like murder.

After all, Li Xiuzhi can even poison her own husband, let alone others.

“The foreign police found out that it was a mistake, but whether it was or not, who knows.” Fu Jingting’s thin lips pulled out a mocking arc.

Rong Shu looked at him, "How many years have you been sentenced abroad?"

"Five years." Fu Jingting spit out two words slowly.

Rong Shu's eyes widened in disbelief, "So short?"

"That old man has some power abroad, so he helped Li Xiuzhi, but isn't that a good thing?" Fu Jingting picked up a lock of her hair and put it on his lips and kissed it lightly.

Rong Shu frowned, "Where does the good thing come from?"

"Li Xiuzhi murdered abroad, and her nationality was cancelled abroad. After her sentence ends, she will be deported to her original nationality. At that time, you can avenge our father." Fu Jingting Put her hair down.

Rong Shu's face flushed, and she glared at him angrily, "What is my dad, that's my dad!"

"It's all the same, I'll be called in the future." Fu Jingting said cheekily, with a slight smile in his eyes.

Rong Shu shook her head helplessly, not refuting his words, "But you're right, the fact that she poisoned her father can't be just because she was in prison abroad. The law she committed abroad is the same as the law she committed at home. Two different things, she only served the sentence for the original spouse, but not her father, so she must pay her due price for poisoning her father."

She clenched her hands tightly and said with a gloomy expression.

Fu Jingting raised her chin, "Don't worry, she will, so don't frown, it doesn't look good."

"What? Dislike me?" Rong Shu squinted at him.

Fu Jingting gently rubbed her frown with her thumb, "No, I just don't think you need to be too emotional about these people, it's not worth it, and it affects your mood."

Rong Shu lowered her eyes, "I I know, but these people are like thorns, stabbing in my heart, so I can't not get angry, I think, maybe only by removing all these thorns, I will be really at ease."

"I know." Fu Jingting rubbed the top of her head with his chin, "But now you can relax for a while, because these people are not in front of you, and I am in front of you, so look at me."

“What are you doing?” Although Rong Shu was puzzled, she raised her head and looked at him.

Fu Jingting curled his lips, “Looking at me will make you forget those people for a while, and your mood will improve.”

Rong Shu laughed, “You really put gold on your face.”

“It’s a fact.” Fu Jingting raised his chin slightly, With undisguised pride in his tone, “It’s said that beautiful things make people feel better, am I not good looking?”

Rong Shu rolled his eyes at him, “You’re really not humble at all.”

“I said that. Isn’t it true?” Fu Jingting looked at her.

Rong Shu opened her mouth and was speechless.

Yes, she really couldn’t refute this against her will.

Because he is really good-looking, and he is handsome and noble.

In short, a man like him is really rare.

Otherwise, why did Rong Yuan look at him at a glance?

It’s not that Rong Yuan hasn’t seen Ah Qi and the others. Ah Qi is also very handsome, but compared to Fu Jingting, he still lacks something.

Such as maturity, such as cold and noble.

And these are the most attractive things for a man and the most attractive thing for women.

“Why don’t you speak?” Fu Jingting lowered his head slightly, approached Rong Shu’s ear, and said in a hoarse and low voice.

Rong Shu’s eyes flickered, and she recovered from her distraction, “I’m thinking about something.”

“Oh?” Fu Jingting leaned even tighter, “What are you thinking about?”

“I won’t tell you.” Rong Shu gently pushed He said, “Okay, let me go quickly.”

Of course Fu Jingting refused, so he pretended not to hear.

After all, how could it be possible to let go of the fat in the mouth.

Seeing that Fu Jingting was holding her and didn't mean to let go, Rong Shu immediately knew that he was starting to cheat again, and couldn't help but help his forehead, "Okay, let go of the conference room, did you hear me?"

She used her elbow Push him lightly.

But the man still refused to hold her, and instead pressed his body to her.

Behind her was the conference table. After being pressed down by the man, her back fell completely on the conference table.

Fu Jingting was clinging to her.

There was almost no gap between the upper parts of the two bodies, and Rong Shu could even feel the man's hard chest and the beating heartbeat.

Rong Shu was pressed tightly on the conference table by Fu Jingting, her long hair spread out like a blooming black lotus flower, lining her fair and beautiful face, which was extremely beautiful.

Fu Jingting looked at the woman who was blooming like a flower under him, his Adam's apple moved, and his eyes darkened.

Seeing him like this, Rong Shu knew that he was in love and moved.

Because of her thigh, she could feel the change somewhere in him.

For a time, Rong Shu became nervous all over, staring round with beautiful almond eyes, looking at the man above without blinking, a small face even more reddened.

It stands to reason that what will happen next is self-evident, and she should push him away to avoid that kind of thing.

But at this moment, her hand was on the man's chest, but she didn't move at all.

Apart from the man's eyes as if he was going to eat her into the stomach, he looked weak and weak, and more, he was still reluctant.

She was reluctant to push the man's man away.

“Rong Shu.” At this moment, the man on the body suddenly spoke up, calling her name in a more hoarse voice than before, but it was also more provocative, making people feel numb all over.

Rong Shu felt her heartbeat speed up suddenly, thumping, as if it was about to jump out of her chest, making her breathing worse, and she hummed like a mosquito.

Her voice was soft and charming, with a hint of seduction.

Fu Jingting’s pupils shrank a little, pressing her even tighter, “I want to kiss you.”

Rong Shu rolled her eyes.

Before he kissed her, he came directly without asking.

This time, he asked.

Rong Shu was amused, nodded and agreed.

Not to mention that she has already been crushed by men like this, and she can’t escape at all.

Second, she had no intention of running away.

The man deliberately pressed her on the conference table, and deliberately created the current ambiguous and ambiguous occasion, in order to make her fall into the trap of love and movement.

Because only if she fell in, she would be unable to break free, and she would be reluctant to break free.

That is to say, from the very beginning, the man knew that she would not refuse to agree, but he deliberately asked her just because he wanted to hear her say yes.

This man is really serious.

Fu Jingting didn’t know what Rong Shu was thinking, and he didn’t want to know.

All he knew was that she agreed with him to kiss her.

Now that he agreed, he naturally didn’t need to waste time. He lowered his head and grabbed the woman’s red lips that made him fascinated.

“Well…” Rong Shu just whimpered, and the rest of the voice was swallowed by the man.

He said kiss and kiss, he didn't give her a chance to prepare, almost made her not catch her breath just now.

Fortunately, the man finally noticed that she was not breathing well, and took the initiative to let her breathe. When she was breathing smoothly, his kiss immediately became stronger.

Rong Shu's whole body was softened by his kiss. The hand that was holding his clothes on the back was finally unable to exert any strength, and gradually let go and collapsed on both sides of his head. He looked like he was letting a man do whatever he wanted, and he was very fragile. , but it is full of pure and lustful beauty that makes people want to be ravaged and tortured.

Leprechaun!

Fu Jingting looked at Rong Shu like this, and these two words immediately popped into his mind.

Rong Shu now, in his opinion, is not a goblin who specializes in seducing his soul.

Encountering such a fairy, what if he loses his life in the end?

He was even willing to take the initiative to give her life!

Fu Jingting reached out to Rong Shu's back, and finally lifted her body, wanting to change her posture.

Pressing her like this all the time is not good for her back.

However, at this moment, footsteps and voices suddenly came from outside the conference room door.

When Rong Shu heard this, she suddenly woke up from her passion and desire, opened her eyes, and was about to push the man. She was so anxious, "Ugh..."

Get up, someone is coming!

Her lips were still being kissed by the man, unable to speak, she could only hope that the man would understand what she meant.

Fu Jingting heard Rong Shu's grunt, temporarily loosened her red lips, panted and said, "What's wrong?" Well

, he really didn't understand.

Rong Shu turned her head slightly and looked at the door, "Someone is coming, let go."

Fu Jingting also turned his head, and sure enough he heard a voice outside, his thin lips hooked, "It should be here to clean, don't worry about them, They clean theirs, we do ours, it doesn't get in the way."

Rong Shu's eyes widened.

Listen, what is this called!

What makes them do theirs and we do ours out of the way?

Yes, they clean, they kiss, these are indeed two things that can't be fought, and they won't affect each other.

However, kissing in front of other people, forgive her, she can't do it yet.

Rong Shu pursed her lips, "I don't want it, I'm not in the mood to perform kissing for others, and I'm sure there will be rumors flying tomorrow."

Fu Jingting sighed when she saw the woman resisting so much, "Okay, I see."

Rong Shu glared at him, "Listen to your tone, you seem to be very sorry?"

"No." Fu Jingting replied solemnly, and then said to her, "Hold my neck."

"What?" Good foreboding.

Fu Jingting's eyes flashed, "Be obedient, just hug me, you'll know in a while, hurry up, they're coming in."

Hearing the approaching footsteps outside, he saw the man hug him tightly again. refuse to let go.

Rong Shu had no choice but to close her eyes and put her arms around the man's neck.

Chapter 724: Drilling Under the Desk

After hugging her, she opened her eyes and didn't forget to warn the man, "Fu Jingting, let me tell you, don't mess around, hug me quickly, and then separate from me, lest people from outside come in and see us. How embarrassing they are still hugging each other."

"Don't worry, they won't see it." Fu Jingting's thin lips raised slightly, and his tone was very confident.

Rong Shu looked at him, "Why?"

Fu Jingting didn't answer. He lifted her ass with one hand and picked her up from the conference table.

Her ass is soft and sensual, and feels very good to the touch.

Fu Jingting couldn't help but squeeze his fingers together.

Rong Shu's eyes widened, "Fu Jingting, you..."

"Shh!" Fu Jingting put his other hand on his lips and made a silent gesture to her.

Rong Shu subconsciously pursed her red lips and stopped talking.

Afterwards, Fu Jingting used his free left hand to lift the table curtain under the conference table, and then under Rong Shu's surprised eyes, he hugged her and got in.

After entering, Fu Jingting released Rong Shu.

Rong Shu pointed at him with a shocked expression, "Fu Jingting, you actually..."

She was so shocked that she couldn't speak completely.

He actually took her under the table!

This operation is really irritating!

She never thought that he would do such a thing.

Is this still Fu Jingting?

The filter just fell off, right?

Fu Jingting naturally knew how much shock his actions would bring to women.

He smiled at her, then stretched out his hand to tidy up the curtain that had just been lifted, so that no one had touched it.

The curtain is very long, just as long as the ground, and when it is put down and covered, it can cover everything under the conference table.

If no one deliberately lifted the curtain, they would not have discovered that there were still two people hiding under the curtain.

There is a lot of space under the conference table, and besides being unable to stand up, it is more than enough to squat and sit.

Rong Shu was sitting on the ground at the moment. Fortunately, there was a carpet underneath, so she didn't freeze her butt.

When she saw Fu Jingting tidy up the curtains and put her hands down, she immediately stretched out her hands, pinched Fu Jingting's cheeks from side to side, and pulled to both sides, "Tell me, who are you to pretend to be Fu Jingting? Tear it off!"

He said, and began to twist hard on his hand.

Fu Jingting frowned in pain, then grabbed her wrist and took her hand off his face, leaving only two red and irregular marks on his face, which made his handsome face a little more Funny feeling.

But Fu Jingting didn't care about this, he flicked Rong Shu's forehead, leaned closer to her and whispered, "What nonsense, what is impersonating me, who dares to impersonate me? Who has the ability to impersonate me?"

" He lifted slightly, his tone a little proud.

Also, after all, his face, this identity, this height and figure, people who can pretend to be him, do not exist at all.

Of course, Rong Shu also knew that he was the real Fu Jingting, and it was impossible for anyone to impersonate him. After all, this was not a supernatural world.

She said impersonation just now, just because he took her under the table, which was too unexpected and too out of character for him, so she was surprised.

"I know no one is pretending to be you, I just... Hey, it's not important, the important thing is, why did you bring me here?" Rong Shu was extremely puzzled.

Fu Jingting looked at her with charming eyes, "Because down below, if we continue what we just did, we won't be seen."

Rong Shu's mouth grew, "You, you... so your purpose is to... .."

Fu Jingting laughed softly, and then fell towards her.

He leaned over, and Rong Shu naturally leaned back.

In the end, she collapsed on the carpet and snorted.

Fortunately, the moment she fell to the ground was also when the door to the conference room was opened and someone came in.

Therefore, the sound of the door opening drowned out her voice, so that the people who came in could not hear it.

Otherwise, you will be embarrassed.

After all, the chairman of the two groups did not sit on the chair, but squatted under the table instead. It's strange that people don't laugh at this when it spreads out.

Rong Shu naturally heard the footsteps coming in, covered her mouth subconsciously, stared at the man who was pressing on her, and used her eyes to tell him to get up from her quickly, she didn't want to continue kissing him.

But Fu Jingting naturally couldn't be obedient, put his head against her ear, and said in a low voice, "Don't you think it's exciting for us to be like this now?"

Rong Shu's mouth twitched.

Yes, stimulation is indeed stimulation, hiding under this, I don't know, I think it is stealing, love.

But they are a serious couple.

But which serious couple would hide under the table?

Don't dare to go out yet.

When they go out, they will be found by the staff who come in to clean, and then the staff will ask them how they are under the table, what should they answer?

"Okay, stop making trouble, get up quickly." Rong Shu took her hand away from her mouth and urged the man on her body in a low voice.

The man bent one leg, knelt between Rong Shu's legs with his knees, looked at her bewitchingly, "Baby, it's hard for us to go out now, so I mean, since we're all in, let's do it. Why don't you order something, or don't you come in for nothing? And doing something in a place like this should be of great commemorative value, after all, maybe there will be no next time."

"You..." Rong Shu was stunned by his darling. She was numb all over, her face was red and her heart was beating.

She knows that some couples or husbands and wives will have such intimate names as babies and babies.

But she never thought that there would be between herself and Fu Jingting .

After all, it is impossible for him to call Fu Jingting baby or baby. His personality and momentum are not suitable for this.

At the same time, she didn't think Fu Jingting would call him that, because he didn't look like the kind of man who could call people babies.

But now it turns out that she was wrong. He would, and he shouted without pressure, very natural, without the slightest embarrassment when he shouted for the first time. He naturally seemed to have called her like this countless times. .

It was always said that when he called her baby, she got goosebumps.

After all, she is twenty-six or seven, so big, and she is still called baby, somewhat embarrassed and embarrassed.

But at the same time, behind the embarrassment, there is a faint refreshment and joy.

In other words, she actually likes Fu Jingting calling her like that.

Well...she is a shameful woman.

Rong Shu couldn't help covering her face and let out an embarrassed cry.

An employee who was cleaning the conference table seemed to hear it. The rag in his hand stopped, and he turned to his colleague and asked, "Hey Xiaoli, did you hear that?"

"What?"

"Someone!"

Hearing these two Rong Shu's body immediately became stiff, and cold sweat oozes from her forehead.

It's over, it's about to be discovered.

This time, I lost my face and lost my hair.

Tomorrow, there will definitely be discussions in the group that she, the chairman, actually drilled under the table in search of excitement.

Thinking of the rumors flying in the group tomorrow, Rong Shu stared at the bottom of the table with a look of hopelessness.

Fu Jingting pressed on her but did not panic at all, as if he was not afraid of being discovered at all, he chuckled lightly.

His smile immediately made Rong Shu a little angry, but in the end, he couldn't get angry, and turned his head to bite on the wrists he supported on both sides of her head.

Afraid that he would make a sound when he was in pain, she did not dare to bite too hard, so she let go after biting.

Chapter 725

Then, she stared at him, her eyes clearly written what are you laughing at? There is still a smile, it's all because of you, it's okay to go under the table and cause me to lose face together.

Fu Jingting touched Rong Shu's cheek, then pressed it to his ear, and said in a voice that only the two of them could hear, "Don't worry, you won't be found."

"How do you know?" Rong Shu obviously didn't quite believe it. .

Fu Jingting's thin lips moved, and just as he was about to say something, a voice sounded again above his head.

"No, no one?" The employee named Xiaoli looked around, "There are only the two of us here, you can't read it wrong."

"It's just the two of us here, but I just heard someone speak. ." The female employee who started talking said here, and waved her hand again, "No, no, no, no, she snorted, yes, she snorted."

"Snort?" Xiao Li blinked, " Why didn't I hear it, did you hear it wrong?"

"Absolutely impossible, I definitely didn't hear it wrong." The female employee shook her head with certainty.

"That's weird, there's no one there, and there's a voice, shouldn't it..." Xiaoli shuddered, her voice began to tremble, "Is there a ghost!"

"Ah!" The female employee was frightened With a cry, her face turned pale, "Bah, pah, don't talk nonsense, Xiao Li, what a ghost, it's still broad daylight, don't scare me."

"I didn't scare you, you said it yourself. There is a voice, but there are only the two of us here, so where does this voice come from? I can't think of anything other than a ghost." Xiao Li said in a serious tone.

The female employee swallowed her saliva, "No... it's not really a ghost, is it?"

"Who knows." Xiao Li also shook her head in fear.

The female employee shook the rag in her hand again and again, "Then what, Xiao Li, let's go, don't stay here, the more you talk, the more frightened you are, it's weird."

"But the conference room hasn't been cleaned yet." Xiao Li was a little moved, but a little hesitant.

The female employee took her arm, "Oh, don't clean, anyway, it's not very dirty, and the conference room is not often used, it's alright, let's go, the more I stay here, the more scared I get."

"You said it too, Let's go." The

two of them quickly left the conference room with cleaning tools such as cleaning buckets.

Under the table, Rong Shu's little face was dark, and she was not very popular. "They... they actually called me a ghost, it's too much!"

Does she look like a ghost?

"Well, it's too much!" Fu Jingting nodded in agreement, "Ghosts are so ugly, you are so beautiful, they have no vision."

Rong Shu rolled his eyes at him, "It's all you, if it weren't for you, would I do this?"

She pushed the man away from her and sat up, straightening the messed up hair. "This is the first time in my life that I have drilled under the table." "

Me too." After Fu Jingting sat up straight, he also sorted some messy necklines and sleeves back.

Rong Shu said angrily, "It's not all made by you. I told you to let go of me. You'd better just hold me and get in."

Fu Jingting chuckled, "If we don't get in, we will be caught. They saw that even if we didn't do anything at that time, there would still be rumors tomorrow, do you believe it?"

Rong Shu was stunned, "Why?"

She obviously hadn't reacted.

Fu Jingting sat on the ground with one leg crossed and one leg bent, sitting in a very handsome and unrestrained posture.

He raised a slender finger and said, "Because it's been a long time since the press conference ended, but we haven't been out here, do you think they won't think too much about what we did inside?"

"..." Rong Shu choked for a moment, did not speak.

It really is.

Lonely men and widows stay inside and can't go out, which really makes people wonder.

"One more thing, you are too obvious." Fu Jingting said, raising his second finger.

Rong Shu tilted her head, "It's obvious."

Fu Jingting pointed to his lips.

Rong Shu looked at his lips, his lips were very thin, the shape of his lips was beautiful, and the color of his lips was usually light.

But at this moment, his thin lips were reddish in color and very conspicuous.

As for why it turns red, and why, it's kissing.

His thin lips turned red from the kiss, so her lips must be the same.

Moreover, her upper lip is thin and her lower lip is thick, which is the most suitable kind of lips for kissing, so after kissing, it must be redder than his thin lips, and it may be a little swollen.

It was his fault for saying she was obvious.

Also, the lips are all red and swollen, can it be obvious?

So as he just said, even after the two employees came in, she and Fu Jingting didn't kiss or be next to each other, it would still be seen what they were doing before they came in.

However, the next day, rumors were still flying.

"So, you hugged me and got under the table, I have to thank you?" Rong Shu looked at the man speechlessly.

The man pinned the loose hair behind her ear, and whispered, "No, of course, if you insist on giving it, that's fine."

Rong Shu's mouth twitched, "You're really going up the pole. Climbing, you, hum, leave you alone, I'm going out."

After she finished speaking, she opened the curtain and crawled outside.

After she went out, Fu Jingting also bent down and went out.

The two reappeared in the conference room.

Rong Shu breathed a sigh of relief, "I don't want to experience this kind of sneaky behavior again."

Fu Jingting tidied up her suit and laughed lightly when she heard her, "But don't you find it exciting?"

"Oh, this kind of stimulation, once is enough." Rong Shu rubbed her neck and said, "This time we were lucky not to be found, but next time we can't be sure, so I don't bet, and you don't want to pull me back. ."

Fu Jingting shrugged a little regretfully.

Well, there is no next time if there is no next time.

But in the future, they can be elsewhere.

The bathroom, the sofa, the balcony, etc...

Thinking about it, the corners of Fu Jingting's lips twitched slightly.

Rong Shu looked at him like this. Although he didn't know what he was thinking, he inexplicably fought a cold war and had a bad premonition.

This guy must be thinking bad things.

"Okay, we're going out." Rong Shu took Fu Jingting's arm, interrupted the man to continue thinking, and pulled the man out.

The man looked at her with a smile in his eyes, and followed her obediently.

The door of the conference room opened, and after Rong Shu went out, she looked left and right, like a person who was stepping on the spot to commit a crime.

Fu Jingting looked at her like this, and was amused by her cute appearance, "What are you doing?"

"What do you know." Rong Shu looked back at him, "Of course I was looking to see if anyone was there, in case Someone saw us coming out of the conference room at this time, and they must be gossiping, so we have to avoid the crowd, understand?"

Fu Jingting nodded slightly, "Understood."

"Okay, look at me over there . Look here, we divide the labor and cooperate, and the effect is better." Rong Shu pointed to the left and said to him.

"Okay." Fu Jingting nodded.

Since she wants to play, he will play with her.

As if she had just drilled under the table, although she was reluctant, she still accompanied him.

In this way, the chairman of the two large groups, sneaking along the way, avoided many offices and many crowds, and finally returned to his office.

At the moment when the door of the office closed, Rong Shu took a long breath, "It's all right now, I'm at ease, and I'm not afraid of being found out."

Fu Jingting stood beside her and responded dotingly with a smile, "You're right."

Rong Shu stretched and turned to look at the man, "What are you going to do next? It's still early, won't you go back to the Fu Group?"

Chapter 726 Two Childish Men

"I won't go back, I'll be here with you." Fu Jingting said, walking to the sofa and sitting down.

Seeing him like this, Rong Shu didn't mean to drive him away. After returning to her desk, "That's fine, as long as you don't get bored."

"Am I such a restless person?" Fu Jingting fell to himself. cup of tea, said with a chuckle.

Rong Shu also smiled, ignoring him, took out his mobile phone and made a call.

Fu Jingting saw her put the phone to her ear, rubbed the edge of the teacup and asked, "Who to call?"

“

Fu Jingting frowned immediately, “Lu Qi?”

“Well.”

“Why did you call him?” His tone was a little sour.

Although he knew that Lu Qi had let go, he still had feelings for her in his heart.

Based on this alone, he has a lot of opinion on Lu Qi.

Of course, Rong Shu knew why Fu Jingting changed his face, and shook his head helplessly, “Of course, thanks to him, Rong Yuan lied about me on the Internet, Ah Qi was the first person to speak up on the Internet to help me clarify, and so did Cheng Huai, so I have to thank Cheng Huai for a while, don’t be jealous.”

Fu Jingting snorted and stopped talking.

Well, since these two are for her sake, he will be more generous and not care about it.

Although he thought so in his heart, he kept his eyes fixed on Rong Shu, and his ears perked up quietly, for fear that the two of them said something that shouldn’t be said.

Rong Shu naturally felt that the man was looking at him all the time, and understood why the man was looking, and shook his head amusedly.

Lu Qi on the other end of the phone heard her laughter, and a big question mark appeared on his forehead, “Shushu, what are you laughing at?”

They didn’t seem to say anything funny, did they?

Rong Shu waved her hand, “It’s nothing, I just saw a childish person and couldn’t help laughing.”

“A childish person?” The question mark on Lu Qi’s head became bigger, “Who is it?”

“It doesn’t matter.” Rong Shu didn’t plan to tell him that he was talking about Fu Jingting.

Lu Qi heard that she didn’t want to say it, shrugged his shoulders, and didn’t ask any more.

On the sofa opposite, Fu Jingting realized that the childish person Rong Shu said was himself, and raised his eyebrows.

In her eyes, is he childish?

“That’s right, Shushu.” Just as Rong Shu said a few more words to Lu Qi, and was about to hang up and call Cheng Huai, Lu Qi suddenly thought of something and stopped her in a slightly serious tone.

Rong Shu put the phone back to her ear and her expression became serious, “What’s wrong, Aqi?”

“The hospital over Nanjiang just called me, the hospital where your parents’ biological daughter was born. “

Well, then what?” Rong Shu nodded.

Lu Qi narrowed his eyes, “Then the hospital told me that Gu Yaotian sent someone there to inquire about the birth of a child 26 years ago by his aunt.”

“What?” Rong Shu’s expression sank, “Gu Yaotian inquired. What’s this for?” On the sofa, Fu Jingting heard her words and paused while drinking tea, then got up and walked towards her, “What’s wrong?”

Rong Shu shook her head at him, instead of answering him, instead Waiting for Lu Qi’s answer on the other end of the phone.

Lu Qi also shook his head, “I don’t know, the hospital said that Gu Yaotian’s people just asked his aunt’s basic situation about the childbirth and left, so he couldn’t see what the purpose was.”

“I see.” Rong Shu Biting his lower lip.

Lu Qi said again, “In short, I don’t think it’s that simple here. Gu Yaotian must have some conspiracy, otherwise why would he ask about these things so carefully, Shushu, you have to be careful.”

“I will.” Rong Shu squeezed the corner of her mouth and replied, “Thank you for your reminder.”

Lu Qi waved his hand, “What’s the matter, we are friends, just call me if you have anything, I can help Yes, I must help.”

Rong Shu was about to answer, but the man who had been bending over to eavesdrop on her phone suddenly spoke with a sullen face, “No need, she has me, not to mention, with your little ability, you can send What’s the use?”

Rong Shu’s mouth twitched, and she stared at the man angrily, “What are you doing?”

“It’s the truth.” Fu Jingting replied with hooked lips.

Lu Qi on the other end of the ring heard Fu Jingting’s words and stayed for a while. After realizing it, he stood up from his chair angrily, “Fu Jingting, you’re actually there!”

“Is there any problem?” Put it on Rong Shu’s shoulder and put one hand on the back of the chair behind her, as if hugging her from behind, with a more smug tone, “I’m her lover, I’m not here, who can be here? Are you?”

“You…” Lu Qi stomped his feet angrily, “Fu Jingting, what are you proud of? When I met Shu Shu, you didn’t know where you were.”

Fu Jingting raised his eyelids lazily, not panicking . He hurriedly replied, “What if we knew each other early? Isn’t it still empty!”

“…” Lu Qi drew a black line on the corner of his forehead, and he was speechless.

Rong Shu sat on the chair, holding her forehead silently.

These two men, who are 60 years old together, are still the speakers of their respective groups, and they actually quarreled like elementary school students.

And the content of the quarrel was not at all level.

It makes people cry.

Fu Jingting didn’t know that he was labelled childish again by Rong Shu. He was complacent at the moment that he won the quarrel.

Can you not like it?

That’s a rival!

Winning the rival, of course happy!

“Okay, we’re still busy next time, and we don’t have time to spend with you here. Hang up.” Fu Jingting rubbed his eyebrows and said arrogantly to Lu Qi on the other end of the phone.

Lu Qi looked stunned, then clenched his phone, and quickly asked, “Wait a minute, Fu Jingting, what are you and Shushu doing? I warn you, you are not allowed to mess with Shushu. Did you hear that? Fu Jingting, did you hear that? !”

Fu Jingting didn’t have to think about it, he could know how anxious the person on the other end of the phone was at the moment, and he was probably going to jump.

“You don’t care what Xiao Ye and I are going to do next. I’ll tell you Lu Qi, no matter what we want to do, it’s a matter between the two of us. What qualifications do you have as an outsider to intervene?” Fu Jingting snorted coldly and took it. With the phone in his hand, Guo Rongshu said in a cold and indifferent voice.

Lu Qi’s eyes were about to pop out, “Little Leaf? You actually called her Little Leaf?”

“And then?” Fu Jingting touched Rong Shu’s long soft hair and asked in disapproval.

Lu Qi clenched his fist, “Then what? Then, this is Shushu’s parents. What qualifications do you have to call Shushu’s exclusive nickname?”

“I’m sorry to tell you, I have it, and Xiaoye personally allowed it.” The curvature of Fu Jingting’s lips became more intense.

Lu Qi was stunned, “What? Did she personally allow it?”

Not only did she even tell Fu Jingting her nickname, but she also allowed Fu Jingting to call her like that?

“That’s right!” Fu Jingting lifted a lock of Rong Shu’s hair and kissed her affectionately.

Lu Qi was silent again.

It’s not that he didn’t fight for it in the past. He wanted to call her Xiaoye Ye, but she refused, saying that only her parents could call it, so he changed his name to her baby.

Later, he thought that after his uncle and aunt died, she would seal up this nickname.

Unexpectedly, after being sealed for six years, she allowed Fu Jingting to call her that.

Sure enough, this is the difference between love and not love.

Chapter 727 Lu Qi’s Worries

Fu Jingting, who had won another quarrel, was more than satisfied and happy.

Now that he is happy, he is also willing to raise his hand and let him go.

So Fu Jingting coughed and said to Lu Qi who was on the phone, “Okay, let’s see...”

“Give the phone to Shu.” Lu Qi didn’t want to listen to Fu Jingting’s words, and directly He interrupted Fu Jingting’s words.

Fu Jingting frowned, “What? Do you want to sue? Then you may have answered the wrong wish. She heard everything we said just now.”

“You think too much, I’m not so useless.” Lu Qi snorted. one sound.

Complain?

He did think so.

But he knew that it was useless to complain, she would not seek justice for him and teach Fu Jingting a lesson.

As Fu Jingting said just now, she heard the conversation between them, but didn’t say a word.

What does this mean, that she is not involved in the battle between them.

So it is better not to report.

“You know you’re useless.” Fu Jingting snorted and said in a low voice.

Lu Qi closed his eyes tightly and took a deep breath, “Fu Jingting, I don’t have the same knowledge as you, so quickly give your phone to Shu, I’ll ask her if I have anything.”

“Just ask me if you have anything, we are one. What she knows, I know.” Fu Jingting said lightly with thin lips.

All in all, he just didn’t want to give his phone to Rong Shu.

Lu Qi rolled his eyes, “You know shit, I want to ask my ex-secretary, you know?”

Fu Jingting was suddenly silent.

This, he doesn’t seem to know.

Rong Shu smiled and shook her head, “Okay, give me your phone, I’ll tell Aqi.”

She stretched out her hand.

Although Fu Jingting was reluctant, he finally gave her the phone.

Rong Shu put the phone to her ear, “Hey Aqi, what do you want to ask Secretary Tong?”

Lu Qi was relieved when he heard that Fu Jingting's voice was finally gone. His face was full of irritability. It became a lot calmer, and lowered his eyes and replied, "It's not a big deal, I just want to ask, is there anything unusual about her recently?"

"Abnormal?" Rong Shu tilted her head in confusion, "What are you referring to?"

"That's it..." On the other end of the phone, Lu Qi sat down again, his eyes flickered slightly, and his mouth was even more uncertain.

Rong Shu felt very strange, "Aqi, what's the matter with you?"

"I'm fine." Lu Qi raised an arm and put it over his eyes, "I just wanted to ask, Tong Xi, has something wrong with her recently, such as Weird behavior or something."

"Weird behavior?" Rong Shu raised her eyebrows, then shook her head, "No, Secretary Tong has been doing everything as usual recently, Ah Qi, what do you mean by asking these questions, shouldn't you suspect that there is something wrong with Secretary Tong? Isn't it?"

Someone bought Secretary Tong?

If that's the case...

Just as Rong Shu was thinking with a serious expression, Lu Qi spoke again, "No, she's fine, something happened between me and I, so I asked specifically."

"Is that so. Hearing his explanation, Rong Shu nodded suddenly and felt relieved.

She was overthinking.

She is now very afraid that someone around her will be bribed by the enemy.

You know, being betrayed by the most trusted person is a very scary thing.

Fortunately, Secretary Tong is fine.

"That's okay, since she's not out of the ordinary recently, I'll hang up first." Lu Qi returned to his usual grin and bid farewell.

He and Tong Mi have been more than a month since that incident, almost two months.

He was worried that Tongxi might not listen to him, take the medicine obediently, and secretly conceive his child.

After all, Tong Xi has that kind of feeling for him, and it is very possible to do it without taking medicine.

That's why he asked Rong Shu, who was closest to Tong Xi, in a side-by-side manner, and wanted to ask if there was anything wrong with Tong Xi recently.

After learning that there was nothing wrong, he breathed a sigh of relief.

Yes, temporarily.

He asked some doctors and said that some pregnant women react later, and it is very likely that they will not respond for more than two months.

So he will wait until more than two months later, and try again.

After the call, Fu Jingting reached out and pulled Rong Shu up from the chair.

Rong Shu looked at his behavior dumbfounded, "What are you doing?"

Fu Jingting didn't answer, but sat down on her chair.

The corner of Rong Shu's mouth twitched, "You pull me up and sit down by yourself, are you here to grab my seat?"

Fu Jingting chuckled, "Your seat is here."

He patted his thigh.

Then he grabbed her wrist and dragged her towards him.

The moment Rong Shu was pulled over, he stretched out his hand again, quickly wrapped his arms around her waist, made her rotate a little for half a circle, and sat sideways on his lap.

This scene happened so fast that it took a while for Rong Shu to react after sitting down, and then she was about to get up.

But Fu Jingting put his arms around her waist and prevented her from getting up.

Rong Shu couldn't get up, so he could only push him, "Why, let go."

"That's it." Fu Jingting was unwilling to let go.

Rong Shu couldn't force it.

After all, his left arm has not fully recovered, and if he is forced to get up, it is easy to tear his left arm again.

So there was no way, Rong Shu could only sit down and looked at the man helplessly, "You are really taking advantage of me now when you take the chance."

"This is not taking advantage of me." Fu Jingting raised his head and smiled at her, "We are lovers, this is just the intimacy between lovers, and, who doesn't want to post with his wife?"

A wife, shouting Rong Shu blushed and took a breath, "This... This shouldn't be something you learned on the Internet, right? ?"

Fu Jingting hummed noncommittally, "I saw it by chance, but I think it's quite right."

"I'll watch it less in the future, it doesn't fit your personality." Rong Shu raised her forehead.

Fu Jingting hugged her forward, making her closer to him, and said with a slight movement of his Adam's apple, "It's okay, I don't need it in front of you."

Rong Shu smiled, "I'm too lazy to care about you."

"By the way, Lu Qi just now. What did I tell you? What did Gu Yaotian do?" Fu Jingting also smiled and then asked about the business.

When he came to her, he only heard a little of what Gu Yaotian had done.

But what exactly was done, he did not hear.

Seeing Fu Jingting asking about this, Rong Shu put away the smile on her face and became a little more serious, "Aqi said, Gu Yaotian sent someone to Nanjiang, that is, twenty-six years ago, when my mother gave birth to my sister. The hospital, ask my mother about her sister."

Fu Jingting's eyes flashed darkly, "He actually asked someone to ask about this."

"Yes." Rong Shu nodded, "So Aqi specially told me to be careful, Gu Yaotian would not. Maybe asking this for no reason, he must have some conspiracy."

Conspiracy...

Fu Jingting lowered his eyelids and seemed to be thinking about something.

Seeing this, Rong Shu didn't bother him.

After a while, Fu Jingting seemed to have thought of something, and his face was a little ugly.

Damn, he actually forgot, Gu Yaotian will definitely watch today's press conference.

In Rong Shu's heart, Gu Yaotian is a mortal enemy, but in Gu Yaotian's place, why is Rong Shu not.

Rong Shu was involved in another matter, how could Gu Yaotian not pay attention.

Therefore, Gu Yaotian absolutely watched today's press conference, and already knew that Rong Shu was not born by Rong Hao and his wife, but was picked up.

The most important thing is that the adoption procedure was reported by the media, and there was Rong Shu's adoption date on it.

The date of adoption is similar to the date when Rong Hao stole Rong Shu, so Gu Yaotian would ask someone to go to Nanjiang to inquire about Fan Lina's childbirth situation. It is very likely that he suspects that Rong Shu is his daughter!

Chapter 728 I Can't Be Her

Of course, this is just his guess, and whether this is the case or not has to be verified.

Seeing Fu Jingting frowning tightly and breathing heavily all over his body, Rong Shu couldn't help but become serious, "Fu Jingting, what's wrong?"

Fu Jingting looked up at her, "Ask the police over there."

"What are you doing over there?" Rong Shu tilted her head suspiciously.

Fu Jingting lightly opened his thin lips and replied, "I have some doubts and need to ask for evidence, so I want to know if Gu Yaotian has contacted the police to check your adoption procedures, or ask about your adoption back then."

"Huh?" Rong Shu's head deepened, "Why did Gu Yaotian ask these questions?"

"You can find out by contacting the police." Fu Jingting did not answer, but asked her to contact him quickly.

Rong Shu had no choice but to take out his mobile phone and follow suit.

Two minutes later, she put down the phone with a dignified expression, looked up at Fu Jingting, "You were right, Gu Yaotian really sent someone to ask, Fu Jingting, what are you suspecting?"

She wanted to know.

Fu Jingting put his hand on top of her head and patted it lightly, "I'm suspecting that Gu Yaotian might think you are his daughter."

"Huh?" "Fu Jingting, do you have a fever?" After speaking,

she reached out and touched his forehead, "It's not hot, I don't have a fever, why did you start talking nonsense."

"I didn't talk nonsense." Fu Jingting took Rong Shu's hand He took it from his forehead and replied helplessly.

Rong Shu stared at him, "Then why do you say that Gu Yaotian thinks I'm his daughter, which daughter am I?"

"Gu Manqing." Fu Jingting looked directly into her eyes and slowly spit out these three words.

Rong Shu's pupils trembled a little, and she was silent for a while, as if she was shocked by the man's words.

But after a while, she suddenly burst out laughing, as if she had heard some big joke, she laughed, she couldn't stop, her face turned red, and the corners of her eyes even leaked water.

"Hahaha, it's so funny, Gu Manqing, hahaha..."

Fu Jingting looked at the woman who was laughing and trembling on her legs, her eyes darkened, and Lou's big hand around her waist tightened slightly. "Stop laughing," said a slightly hoarse voice.

She laughed so unrestrainedly that her body was shaking.

When she shook, her body inevitably rubbed against his.

And for him, this is both a good thing and a bad thing, happiness and torture are mixed.

Fu Jingting felt a little regretful that he had just put her in his arms and let her sit on his lap.

Otherwise, at this moment, he would not be able to touch or eat.

Fu Jingting looked at the woman who was still laughing in his arms, and lowered his eyes to see the softness on the woman's chest, which was gently rubbing against his chest at the moment, igniting his whole body.

Damn it!

Fu Jingting closed his eyes fiercely, then tightened his hand on the woman's waist again, and said, "Don't you hear me, stop laughing!"

Rong Shu didn't know that the man she hooked almost turned into a beast by accident. She took a deep breath, gradually stopped laughing, and looked at the man with a blushing face, "You can't blame me for laughing, it's too funny what you said, you actually think that Gu Yaotian suspects that I am Gu Manqing. It's a fantasy!"

She said, she couldn't help but want to laugh again.

Fu Jingting saw it and raised her chin, "Don't laugh anymore, I'll kiss you again." As

soon as these words came out, Rong Shu hurriedly covered her mouth and shook her head repeatedly, indicating that she didn't laugh anymore. Say nothing and laugh.

She didn't want to be breathless while being kissed by this dog man.

When Fu Jingting saw this, a trace of regret flashed in his eyes.

He was suddenly hopeful, and she continued to laugh.

However, he always kept his word and did what he said. After seeing her stop smiling, he let go of her chin and his expression became serious, "I said that Gu Yaotian suspects that you are Gu Manqing, not joking. , Think for yourself, the date your father stole Gu Manqing, the date you threw himself into the river, and the date you were adopted."

Hearing the man's words, Rong Shu lowered her eyes and recalled it.

This memory really made her understand something, her eyes widened suddenly, "This..."

"It seems that you already understand what I mean." Fu Jingting's eyes flickered and said, "The dates of these three things are almost the same. Next to each other, Gu Manqing was thrown into the river by your father, and then you showed up to be adopted by your father, how could Gu Yaotian not suspect that you are Gu Manqing."

"..." Rong Shu opened her mouth. He didn't speak, but his heart was like a mess.

Yes, Gu Manqing was stolen by her father and thrown into the river, so she appeared at Rong's house and was adopted by her father. These days are so close together that it is easy for people to suspect that she is Gu Manqing.

Therefore, Gu Yaocai would send someone to Nanjiang Hospital to inquire about this from the Public Security Bureau.

But...

“But I can’t be Gu Manqing!” Rong Shu raised her head and looked at the man, her eyes were very sure, even if my appearance was too close to the days when Gu Manqing was thrown into the river, I am definitely not Gu Man Qing, at that time, the hatred between my father and Gu Yaotian was in a never-ending stage, so how could my father raise the enemy’s daughter, saying, if I am Gu Manqing, who is Li Zhaodi? “

Li Zhaodi?

Fu Jingting’s eyes flashed with a hint of coldness. It

was not a shameless thief, a fake.

But this, he will not tell her.

Rong Shu did not know what Fu Jingting was thinking at the moment, nor did he notice any changes in Fu Jingting’s expression. .

She bit her lower lip and said, “Li Zhaodi is the real Gu Manqing, the last time I tried to uncover that Li Zhaodi was the undercover agent of Cheng Huai’an and I, not the real Gu Manqing, Li Zhaodi stood up and said she was the real one. Gu Manqing, then pulled out her hair on the spot and conducted a paternity test with Gu Yaotian and the others. The test result showed that they were relatives. You were there at the time, didn’t you see that?”

She took Fu Jingting’s arm and shook it eagerly. She wants him to help her confirm that she is not Gu Manqing.

Fu Jingting looked at Rong Shu like this, and nodded slightly, “Well, I see, Li Zhaodi is indeed Gu Manqing.”

Hearing the man’s words, Rong Shu breathed a sigh of relief and smiled, “Look, Gu Yaotian really thinks too much. After all, the date is really close, it is normal for him to think about it, but when he calms down, he will definitely laugh at how ridiculous his behavior is, and actually think that the daughter of the enemy is his own daughter.”

Fu Jingting did not say Speaking, only touching the top of her head, humming.

He originally wanted to ask her side by side, if she was really Gu Manqing, what would happen to her.

But now it seems that it doesn’t.

Just knowing that Gu Yaotian suspected that she was Gu Manqing, she resisted like this and kept looking for reasons to prove that she was not Gu Manqing.

This is enough to show how much she hates being Gu Yaotian's daughter.

So if he really let her know that she was Gu Yaotian's daughter Gu Manqing, he didn't dare to think about what she would break down into and what she would do.

Thinking of this, Fu Jingting suddenly hugged Rong Shu tightly, with a low and complicated aura all over his body.

Seeing Rong Shu's reaction just now, made him more determined to conceal her identity and never let her know that she was Gu Manqing.

At least, before Gu Yaotian died, he wouldn't let her know.

Rong Shu didn't know Fu Jingting's decision, so she poked his back with her hand and asked with concern, "Fu Jingting, what's the matter with you?"

Fu Jingting's eyes flickered, and he hugged her tighter, "It's okay, I just thought of something, but it's not important."

"That's right." Rong Shu stayed in his arms obediently. Don't ask.

Although she could clearly feel it, he was very worried.

But since he didn't want to say it, she didn't ask.

"Okay, I'll make a phone call and go down for lunch later." At this time, Fu Jingting released Rong Shu.

Rong Shu got up from his lap and nodded, "Okay, let's go, I just happened to say thank you to Cheng Huai."

"Don't talk to him for too long, just say thank you and you can hang up." Fu Jingting heard that she wanted to Call Cheng Huai, pause for a while, then turn around quickly and remind her.

Rong Shu naturally knew why he said that, but he just didn't want her to talk to other men for too long.

If you call Ah Qi, he will keep an eye on him.

Not to mention Cheng Huai.

Rong Shu waved his hands in disbelief, "It's alright, alright, hurry up and make a phone call."

Seeing her urging, Fu Jingting had no choice but to continue walking to the balcony.

But after walking a few steps, he stopped again, "Go ahead, just say a few words, even if he wants to pull you to continue talking, don't bother, just hang up."

Rong Shu rolled her eyes and waved again. .

Then Fu Jingting turned his head back and went to the balcony.

Rong Shu looked at the figure of the man on the balcony, shook her head with a smile, then picked up the phone and dialed Cheng Huai.

On the balcony, Fu Jingting closed the floor-to-ceiling windows of the balcony and made a phone call to go out.

The call was quickly answered, and a cautious female voice came, "President Fu..."

"Have you seen today's press conference?" Fu Jingting put one hand on the railing of the balcony, looking at the city outside, asked in a cold voice.

Gu Manqing on the other end of the phone lowered her head when she heard the words, "Look."

It was because of this that she realized the seriousness of the matter and rushed to the hospital.

As expected, parents heard Rong Shu's words and began to doubt Rong Shu's identity.

What's more, she also heard the real thoughts of her mother's heart.

If she hadn't heard it by chance this time, she wouldn't even know how good her mother was to her, the care and love she had for her, and she said that even if she knew she was a 'daughter', she couldn't really get close to her. She, but in order not to hurt her, she had to act like she loved her very much.

Oh, my parents don't know, but she does.

It's not that the mother can't get close to her biological daughter, but that what the mother wants to get close to is the real biological daughter, not her fake one.

But because mom doesn't know she's fake, she can only act.

She doesn't understand, blood is so important, is it so magical?

On the other end of the phone, Fu Jingting heard Gu Manqing's answer and narrowed his eyes dangerously, "Since you have read it, you should know that the personal life information disclosed by Rong Shu will make Gu Yaotian doubt her life experience. Now Gu Yaotian is already suspicious and has launched a preliminary investigation, so I want you to go over immediately, dispel Gu Yaotian's suspicion, and don't let him continue to investigate Rongshu's life experience, do you hear me?"

"Yes, I heard Mr. Fu. Gu Manqing took a deep breath, then nodded in response, "Don't worry, I know what to do, I will never let Dad continue the investigation."

Continue the investigation, in case it turns out that Rong Shu is his biological daughter .

Then she would be in trouble.

"Just do it if you know it." Fu Jingting raised his chin slightly, then hung up the phone.

On the other side, Gu Manqing also took the phone from her ear, looked at the screen that had jumped back to the main menu, and breathed a sigh of relief.

Then, she put away her phone, turned around and walked to a ward.

When she came to the ward, she raised her hand and knocked on the door.

Soon, a weak voice came from the door, "Come in."

Gu Manqing bit her lower lip, put her hand on the doorknob, and turned it gently.

The door opened, she pushed it open, lowered her head slightly, and whispered, "Dad, Mom."

Hearing her voice, Gu Yaotian and his wife in the ward quickly looked at her.

Gu Yaotian looked at her, thinking about the previous incident, and coughed awkwardly, "Manqing, you're back."

"Manqing." Mrs. Gu also put down the bowl and spoon in her hand, stood up from the bed, no She squeezed the corners of Gu Manqing's mouth with embarrassment, and shouted with a smile.

Gu Manqing gave a hum, as a response. Mrs. Gu walked over and said

, "Manqing, where did you go before? Mom chased you out, but she didn't catch up. You swiped and ran away. Mom is very worried about you."

Gu Manqing's hand.

But Gu Manqing's eyes flashed brightly, and then she deliberately pretended to be very hurt, avoiding her hand and not letting Mrs. Gu touch her.

Seeing this, Mrs. Gu froze for a moment, her hands froze in the air, and she forgot to take it back. She was embarrassed and at a loss.

Obviously, she didn't expect her daughter to avoid her.

For a time, Mrs. Gu's eyes were red, and while she was hurt and sad, she was also very guilty and remorseful.

She knew why her daughter was like this all of a sudden. It must be because of what she said before, and her daughter still cares about it.

Also, those words are so hurtful, it's strange that my daughter doesn't care.

After all, the daughter has been tortured for more than 20 years, and finally came back to them, only to hear her mother say that her love for her was all a performance, but she couldn't get close to her in her heart, as if there was always a gap.

Which daughter doesn't feel uncomfortable hearing this?

Therefore, she can understand her daughter's sudden attitude towards her.

But for some reason, she still felt that she couldn't get close to this daughter.

However, she doesn't plan to say these, nor does she plan to let anyone know. Next, she will try to slowly correct her mentality and truly accept her daughter.

Thinking, Mrs. Gu put her hands down and looked at the daughter in front of her with wet eyes, "Manqing..."

Gu Manqing still lowered her head and said nothing.

She knew that now her mother felt very guilty, felt sorry for her, and wanted to apologize to her.

But now, she absolutely can't accept it, she must pretend that she doesn't want to face her mother.

If I forgive my mother so easily, the guilt in my mother's heart will be lessened or even disappear, and then she will feel that it has not hurt her much.

Therefore, she will not forgive her mother so easily. She will hang her mother and make her feel guilty and remorse for her all the time. Only in this way will her mother pay more to her.

Thinking of this, Gu Manqing lowered her head and crossed Mrs. Gu and walked towards Gu Yaotian.

Seeing this, Mrs. Gu's pupils were significantly enlarged, and her eye sockets were even more red.

The tears that were swirling in the eye sockets before, now fell directly out.

She turned around quickly, looked at her daughter who ignored her and walked towards her husband, and shouted "Manqing, you..."

"Dad, I have something to tell you." Gu Manqing spoke directly, cutting off Madam Gu's voice .

Gu Yaotian has been fighting in the shopping mall for decades, and it is natural to see that his daughter does not want to care about his wife.

After all, the wife did break her daughter's heart this time.

But when he saw his wife's sad look, he didn't feel good.

But whether it is to help his wife persuade his daughter, or to help his daughter persuade his wife, he doesn't seem to be able to do so. It would be unfair to both of them.

"Hey..." Gu Yaotian sighed, it was really uncomfortable for him as a father to be caught in the middle.

Rubbing his temples, Gu Yaotian looked at Gu Manqing, "What do you want to say to me, tell me."

Chapter 730 Fooling the past

Gu Manqing did not speak, but looked at Madam Gu.

The meaning is obvious, she wants Madam Gu to go out and talk to Gu Yaotian alone.

After Mrs. Gu read it, her face turned pale for a moment, and she felt even more sad, but she still squeezed the corners of her mouth and forced a smile, "Manqing, I'm mother, can't I listen when you talk to your father? "

Gu Manqing didn't look away, avoiding her gaze.

Gu Manqing's behavior made Mrs. Gu feel as if there was a knife, and stabbed her fiercely, stabbing you in her heart, making you unable to breathe.

My daughter didn't want her to listen, she didn't even want to look at her, she didn't want to talk to her.

She...

Madam Gu covered her face and started crying.

Gu Yaotian, who had always decided not to participate in the conflict between mother and daughter, frowned when he saw this scene, and looked at Gu Manqing with some displeasure in his eyes.

Although he understood what his wife had said before, his daughter was very concerned and angry.

So his daughter played some temper with his wife, and he also turned a blind eye.

But now, isn't the daughter a little too far?

Although those words are indeed hurtful, but no matter what, the wife's concern and love for her daughter is indeed real, even if it was performed by the wife.

But at least, his wife couldn't get close to her daughter in her heart, and she was willing to act like this instead of alienating her daughter directly according to her inner thoughts. He thought that his wife did not really feel sorry for her daughter.

So the daughter can get angry with her wife for a while, why does she keep disliking her?

Thinking of this, Gu Yaotian's voice to Gu Manqing became much colder, "Okay, Manqing, this is your mother, even if your mother is at fault, you don't have to hold grudges all the time, at least you've been back for so long, your mother She has never treated you badly."

Gu Manqing heard the dissatisfaction and opinion in his tone, her eyes flickered, and she lowered her head and said nothing.

Gu Yaotian ignored her and turned his eyes to Madam Gu again, his expression and tone softened a lot, "Okay, you go out first, you mother and daughter, both of you, calm down, what's the matter, wait until you calm down, then take care of yourself. Let's talk."

Mrs. Gu looked at Gu Manqing and nodded, "Okay." After

she finished speaking, she turned around and walked towards the door of the ward with three steps.

Soon, the door of the ward was closed again, and only Gu Yaotian and Gu Manqing were left in the ward.

Gu Yaotian rubbed his brows and said to Gu Manqing, who lowered his head, "Manqing, I know you still care about what your mother said before, and your mother is indeed wrong, but that's because you have been separated for 20 years. After many years, you have only come back for a few months, and your mother has not fully adapted to it, so she said that she can't get close to you, but she loves you in her heart, please understand, go out and talk to your mother later, and resolve the conflict as soon as possible, otherwise the trouble will continue, what will it look like."

"I know Dad." Gu Manqing bit her lip and replied as finely as a mosquito.

She originally planned to hang her mother's appetite for a while, only in this way would her mother feel more distressed for her in the future.

But now her father is dissatisfied with herself because of her attitude towards her mother, which makes her realize that the relationship between her parents and her parents for decades is more important than the relationship with her for a few months.

Between myself and my mother, my father will definitely choose to help my mother.

So if he is in a stalemate, his father will also dislike him because of his mother. At that time, the person who will lose more than the gain will be himself.

Hearing Gu Manqing's response, Gu Yaotian finally nodded with satisfaction, and a gratified smile appeared on his old and sick face, "That's right, okay, what do you want to say to me? ."

Gu Manqing squeezed the palm of her hand, hesitated for a while, and then slowly said, "Dad, are you...doubting that Miss Rong is your daughter, but you have specially asked someone to investigate the origin of Miss Rong..."

Gu Yaotian's expression changed, becoming extremely serious, and his old eyes stared at her like an eagle, "How do I know that I asked someone to investigate?"

Gu Manqing didn't hide it, "It was Mr. Fu who called and told me. Yes, you also know that now that Mr. Fu and Miss Rong have reunited, Mr. Fu is very concerned about everything about Ms. Rong. It is naturally impossible to hide from Mr. Fu's eyes about what you are investigating. Mr. Fu guesses that you are investigating Ms. Rong. After suspecting that Miss Rong is your daughter, she called me specially and asked me to persuade you to stop investigating further, Miss Rong cannot be your daughter."

“Hmph, he is really nosy . . .” After Gu Yaotian heard this, he sneered.

Gu Manqing rolled her eyes, then stomped her feet with red eyes, and her voice choked up, “Dad, I don’t understand, why do you suspect that Miss Rong is your daughter, am I not Gu Manqing? We also became parents and children. As for the test, I’m your daughter, isn’t it? So why do you think that Miss Rong is your daughter? Could it be in your heart that the paternity test is fake? I’m not your biological daughter? You want your biological daughter to have another Someone?”

Hearing her complaint, Gu Yaotian began to panic, and waved his hands quickly, “Romantic... I’m not, I don’t, I just saw that the date of Rong Shu’s adoption was very close to the date when you were taken away. , so I was suspicious for a while, I...”

“What if the date is close? Can it be more explanatory than the paternity test? You have seen the results of the paternity test, I am the real Gu Manqing, but you still Thinking of a date and suspecting someone else is Gu Manqing, and even can’t wait to investigate, Dad, do you know how sad I am when you do this?” Gu Manqing interrupted her, crying even more.

Gu Yaotian also knew that he was wrong and felt very guilty towards her. After coughing against his lips, he quickly apologized, “I’m sorry for the romance, it’s my father’s fault, and my father was also impulsive. Dad knew he was wrong, and he won’t be in the future.

” Really?” Gu Manqing looked at him with tears in her eyes.

Gu Yaotian hurriedly nodded, “Really.”

Gu Manqing sniffed, “Okay, I’ll trust you once, but you quickly withdraw your people and tell them not to investigate any further. If someone who is interested knows about it, you will definitely make a big fuss.

” Okay, Dad will let them come back and don’t investigate.” Gu Yaotian said, and picked up his mobile phone.

Gu Manqing’s eyes flashed brightly, “Then dad, I’ll go out and talk to my mother.”

“Go, go.” Gu Yaotian waved his hand.

Gu Manqing wiped the corners of her eyes, and the moment she turned around, the corners of her mouth slowly curled up, there was no trace of grievance on her face, and some were just relieved.

It seems that this matter has been passed, and my father’s doubts about Rong Shu’s identity have also been put aside, and he will not continue to investigate.

In this way, her identity can continue to be concealed.

Gu Manqing's eyes flashed, then she took out her mobile phone, lowered her hair and sent a message out.

After seeing that the message was successfully sent, she then grabbed the door handle and opened the door.

On the other side, after Fu Jingting finished smoking a cigarette, he felt the phone vibrate in his pocket.

He flicked the cigarette ash, extinguished the cigarette butt, and took out his cell phone.

Seeing the report from Gu Manqing, her expression changed slightly.

Afterwards, he nodded slightly, deleted the message, threw the phone into his suit pocket, and turned back to Rong Shu's office.

Rong Shu had already ended the call with Cheng Huai. She was sitting on the sofa making coffee. When she heard footsteps, she stopped grinding coffee beans, turned to look at the source of the footsteps, and smiled brightly. , "Finished?"
