### Chapter 751 Rong Shu's Worries

Fu Jingting raised his eyebrows, but he never thought that her way of compliment would be so bewildering.

However, he liked it.

As long as it is her approval, he likes it very much.

"Eat more if you like, there's a lot more." Fu Jingting smiled and pulled out the chair beside her and sat down.

The two started to eat.

In the middle of the meal, Fu Jingting suddenly put down the chopsticks in his hand, turned his head and said to Rong Shu, "You will rest at home in a while, I will go out to do things, and I will come back to accompany you when I am done."

"Okay." Rong Shu nodded, "Actually, it doesn't matter if you accompany me or not, anyway, I have to go to work in a while."

"Work?" Fu Jingting glanced towards the balcony, then quickly withdrew his gaze and looked at the woman delicately, "Are you sure?"

"Yeah." Rong Shu nodded, obviously hadn't noticed anything wrong.

Fu Jingting held his head and looked at her with a half-smile, "Do you know what time it is?"

Rong Shu's heart skipped a beat when she heard the words, and she had a bad premonition, "What time... what time is it?"

No Will it be noon?

Fu Jingting took out his mobile phone and handed it to her.

Seeing the time above, Rong Shu was stunned, "Sixteen o'clock?"

According to the capital time, that is four o'clock in the afternoon.

"I actually slept for so long?" Rong Shu opened her mouth wide and couldn't believe it.

Fu Jingting took back the phone and nodded, "You're exhausted, it's normal to sleep for a long time."

“What’s normal?” Rong Shu covered her face in annoyance, “I said today, I have to go to the factory to check the final decoration results. Well, the result...” The result is this time, the decoration team is gone.

And she laughed and thought that she hadn’t slept for a long time, and it might be noon at the latest.

However...

“By the way, when did you get up?” Rong Shu suddenly stared at the man and asked.

Fu Jingting took a sip of water and replied, “Noon.”

“Then you didn’t call me after you got up for so long?” Rong Shu’s voice was raised.

Fu Jingting blinked innocently, “Because I want you to sleep a little longer, I worked hard for you last night, what’s more, even if I wake you up at that time, you can go to work?

” somewhere on her body.

Rong Shu quickly blushed and pushed his face away, “What are you looking at?”

As he said, if he woke her up at that time, she really couldn’t go to work.

I can’t walk now, and I can’t walk even more at noon.

If you go to inspect the decoration like this, you will be laughed to death.

“If I had known today, I would have...”

“Don’t worry, I didn’t delay your work.” Fu Jingting cut off her words suddenly.

Just kidding, how could he possibly make her regret her actions last night.

“Huh? What did you say, it didn’t delay my work?” Rong Shu’s messy heart suddenly calmed down.

Fu Jingting nodded slightly, “In the morning, I asked Zhang Cheng to ask for leave for you and me, so your secretary must know what to do. Since she didn’t call you, it means that she has dealt with it well. .”

Hearing the man’s words, Rong Shu lowered her eyelids, thinking it was not impossible.

But just in case, she decided to ask.

Fu Jingting saw what she was thinking, got up and took her to find her mobile phone.

Rong Shu originally wanted to call Secretary Tong to ask how the schedule for today was arranged, but she turned on her phone and saw that Secretary Tong sent a message in the morning.

The news is that she readjusted the schedule after she didn't go to work today.

Seeing that the itinerary of going to the factory for inspection and decoration was rescheduled by Secretary Tong to tomorrow, and the decoration company did the same, she finally felt relieved and breathed a sigh of relief.

Fu Jingting was sitting beside her, and naturally saw the content of the text message, and raised his lips slightly, "Look, as I said, as a secretary, if you can't even do such a thing, you can ask yourself to step down. I'm done."

Rong Shu was too lazy to pay attention to him, put down the phone and continued to eat.

Then, Fu Jingting took over the work of tidying up the table and washing it.

Said to wash dishes, in fact, is to put the tableware in the dishwasher, no need to clean it by yourself.

Rong Shu, on the other hand, was going to take another bath to relieve the soreness all over her body.

Of course, it was Fu Jingting who took her to the bathroom and filled her with water before leaving the bathroom.

Rong Shu took off her bathrobe and stood in front of the mirror, looking at the marks all over her body, she couldn't help taking a deep breath.

In the room before, she looked at the marks on her collarbone, and vaguely guessed that there must be a lot of marks on her body.

Looking at it now, as expected, there is almost no complete bullying on the whole body.

"Bad!" Rong Shu scolded lowly with a blushing face.

Isn't he just a bad guy, he actually made her like this.

But for the sake of taking the initiative to clean up her after he finished, she would not care about him.

Thinking of this, Rong Shu sighed lightly, then held the edge of the bathtub and slowly lay down into the bathtub.

The warm water opened the pores all over her body, and she couldn't help but close her eyes so comfortably, a happy smile appeared on her face.

Outside, Fu Jingting was sitting on the sofa, waiting for Rong Shu to take her out after taking a shower.

While he was waiting, he did not sit idle. Instead, he took out his mobile phone, made a call, and asked the bodyguard who was protecting him nearby to buy some medicine at the pharmacy.

Half an hour later, Fu Jingting heard a voice from the bathroom, "Fu Jingting, I'm fine."

Probably because she had just taken a bath, Rong Shu's voice was so soft and sultry at the moment that she could hear Fu Jingting's throat. Suddenly, his eyes darkened.

"Here." He replied with a hoarse voice, then got up and walked towards the bathroom.

This time, it took ten minutes to come out with Rong Shu in his arms.

Rong Shu was wearing a thin pajamas leaning against Fu Jingting's arms, her little face seemed to be smeared with blush, the redness was obvious, her eyes were also blurred at the moment, her mouth was slightly open, and her breathing was a little short.

Looking at Fu Jingting, the corners of his mouth were slightly hooked, and a hint of satisfaction was evident on his face.

From this, it can be seen that something must have happened between the two of them during the ten minutes in the bathroom.

Fu Jingting held Rong Shu on the sofa, ready to blow her hair.

Suddenly, the doorbell rang.

Fu Jingting put down the blower and said, "Sit down for a while. The medicine I ordered has arrived. I'll go take a look.

" Medicine, my heart sank involuntarily.

After all, they just finished it last night, and they didn't take any safety measures.

Today he asked people to buy medicine, so this made her have to think more.

In case it was really the medicine, she...

Fu Jingting didn't know what Rong Shu was thinking about at the moment.

Rong Shu felt very uneasy and could not calm down.

When Fu Jingting came back with the medicine, she could still see that her mood was not right.

"What's wrong?" Fu Jingting opened the paper bag and asked while checking the medicine inside. Rong Shu's eyes flickered

, and she shook her head, "It's okay."

She didn't say anything, and Fu Jingting didn't force it.

She thought of contraceptives and birth control pills, but anti-inflammatory painkillers for trauma.

Rong Shu blinked, "Is this the medicine you asked to buy?"

"Well." Fu Jingting nodded, "You need to wipe it there, and I also need it on my back, so I asked someone to buy it.

"Is there nothing else?" Rong Shu looked at the paper bag in front of him and asked again.

"Yes." Fu Jingting responded.

Rong Shu's heart was relieved at first, but now she raised it again, her face turned pale, "Is there anything else?"

Chapter 752 She Thinks Too Much

Is it possible that there are really contraceptives and contraceptives?

Thinking of this, Rong Shu's heart shrank a little, her eyes were like knives, she stared at the bag, wanting to see what medicine was left in the bag.

Fu Jingting still didn't notice Rong Shu's emotions. Of course, the biggest reason was that she didn't show it clearly.

Soon, Fu Jingting took out the rest of the medicine in the bag, including cotton swabs, gauze, iodophor and alcohol, all of which were sterile dressings.

Apart from these, there is nothing else.

Rong Shu twisted up the paper bag unconvincingly. The paper bag was indeed empty, and there was nothing left, which made her heave a sigh of relief.

Seeing her reassured look, Fu Jingting couldn't help frowning slightly, "What's wrong?"

"It's okay." Rong Shu smiled and shook her head, feeling some sighs and guilt in her heart.

It was she who treated the belly of a gentleman with the heart of a villain, and she actually thought that he would prepare contraceptives and contraceptives for her.

"I'm sorry." Rong Shu suddenly apologized to Fu Jingting.

Fu Jingting raised his eyebrows slightly, "Well, why are you saying sorry?"

Rong Shu smiled and didn't hide it, "I thought that the medicine you asked people to buy was a contraceptive and a contraceptive pill, so..."

She said later. I didn't say it, but I understood the meaning.

Fu Jingting's thin lips pursed, "Do you think I'll give you that kind of medicine?"

Rong Shu heard the sullenness in his tone and bowed her head, "You can't blame me, who told you this time? Buying medicine, I will definitely think in that direction."

"You!" Fu Jingting couldn't help poking her forehead, "Can't you give me some confidence? I wish you had a baby sooner, so we could get the certificate directly. , so how can I give you those things, and those things are harmful to your body, I am crazy to do this."

Rong Shu looked at him, then pulled his sleeve, "I'm sorry, I know I'm wrong, my main thing is, I don't know what you think about pregnancy, so I can't help but be suspicious, now Knowing what you think, I naturally won't think too much."

Fu Jingting softened his brows, then stretched out his hand to put her in his arms, "I should also say sorry to you, I didn't tell me clearly at first. I mean, so I made you think too much, sorry."

Rong Shu shook her head, "It doesn't matter, we all made mistakes, how about this time, how about an even balance?"

She looked at him.

Fu Jingting looked at her and smiled, "If I don't agree, will you be unhappy?"

"Of course." Rong Shu raised her chin.

Fu Jingting shook her chin lightly, "Well, in order to make you happy, we're even."

Rong Shu touched the chin that was bitten by him, "Why?"

She glared at him.

Fu Jingting laughed lowly in a good mood, and then picked her up in his arms.

Rong Shu was startled and hurriedly wrapped her arms around her neck.

Fu Jingting carried her to the room.

Coming to the room, Fu Jingting put Rong Shu on the bed, and then his eyes fell on the ointment in her hand, "Do you need me to wipe it for you?"

Rong Shu's face flushed instantly, and she said angrily, "Who wants you to help me? , I'll do it myself." Just

kidding, how can I let him wipe that kind of place.

Although they had the most intimate act last night, and he had seen it there, but yesterday was yesterday, now is now, and now I can't show him anymore, let him touch it.

In case he couldn't help it, the beasts and sex became violent, wouldn't it be her who suffered?

Of course, Fu Jingting knew that Rong Shu would refuse. The reason why he asked that was just to tease her.

"Okay, then you can come by yourself, I'll go out first." Having said that, Fu Jingting sorted out the messed up clothes when he just hugged her, and was about to leave the room.

Suddenly, Rong Shu stopped him, "Wait a minute."

Fu Jingting stopped and looked at her regretfully, "What's wrong?"

Rong Shu patted the seat next to him, "Get down."

Fu Jingting raised his eyebrows, then raised his eyebrows . The corner of his lips, "What, what do you want to do to me?"

Rong Shu couldn't help rolling his eyes at him, "Fu Jingting, can you have something healthy in your mind, it's all yellow waste all day long.

” What to do with him.

She was sore all over, what would she do to him if she was crazy.

Fu Jingting also knew that he was joking, touched the tip of his nose and coughed, “Okay, I won’t think about it, I won’t think about it.”

“Then get down quickly.” Rong Shu patted the position next to her again.

Fu Jingting didn’t know what she was going to do, but he did as she said.

After all, if your wife doesn’t listen, who else can you listen to?

Fu Jingting obediently lay down on the spot where Rong Shu was beating.

Rong Shu picked up the iodophor liquor that she had just brought in, and then looked at the clothes on Fu Jingting’s body, “Take off the shirt.”

There was a heater in the room, so Fu Jingting only wore a shirt, not a suit outside.

The moment he heard the woman let him undress, there was a glint in Fu Jingting’s eyes.

Then he looked back, and when he saw what the woman was holding, he realized that he was thinking too much, and the woman just wanted to put medicine on his back.

Thinking of this, a trace of regret flashed in Fu Jingting’s eyes, but it disappeared quickly, and obediently took off his shirt, revealing his naked upper body.

Fu Jingting has a very good figure. He exercises in the gym all the year round, and he has a lot of chest muscles and abs.

There are even eight abdominal muscles, which are neatly arranged, just like chocolate, and they feel very good to the touch.

Rong Shu remembered that she touched it last night, and she touched it more than once.

Thinking of this, Rong Shu subconsciously looked at Fu Jingting’s abdomen.

But it is a pity that after Fu Jingting took off her shirt , she quickly lay down and hid her abdominal muscles. She can only see the outline of the edges, not the full abdominal muscles, let alone touch them. .

Heh...

A trace of regret flashed across Rong Shu's eyes, and then she took out the force, dipped it in some alcohol, and began to disinfect the scratches on Fu Jingting's back, and put some anti-inflammatory drugs or something.

After all, these scratches are so deep that without some medicine, the wounds have been covered in the clothes, which is very likely to become inflamed.

"I started disinfecting your back, so bear with it if it hurts." Rong Shu turned slightly to the man lying on the bed, and said softly.

The man closed his eyes, "I will, you can start."

Rong Shu hummed and began to disinfect.

Alcohol is very irritating to wounds, especially new ones.

So when the alcohol penetrated into the wound, Fu Jingting groaned and his body couldn't help shaking.

Rong Shu's hands paused, then turned to look at Fu Jingting.

His eyes were still closed and not opened, but the originally peaceful eyebrows were now wrinkled tightly, and there was a faint sweat seeping out from the corners of his forehead.

He is in pain!

Looking at the scratches on her back, Rong Shu felt guilty.

After all, this is her masterpiece.

Rong Shu looked at her long nails again, thinking about whether to find time to cut them off, not to keep them so long.

In this case, he won't be caught so hard in the future.

I didn't think about it for too long, after all, I'm still giving Fu Jingting medicine.

After Rong Shu silently kept this thought in her mind, she continued to disinfect Fu Jingting's back.

It has been ten minutes after the disinfection is finished.

Rong Shu looked at Fu Jingting again, and his face was very pale. Obviously, the poison was eliminated, and he suffered.

Rong Shu stretched out his sleeves in distress, wiped the sweat from his face, and coaxed softly, "Okay, it's been sterilized, and the ointment won't hurt anymore."

#### Chapter 753 Seeing Rong Yuan

"I listen to you." Fu Jingting opened his eyelids slightly and said in a low voice.

Rong Shu hummed, picked up the anti-inflammatory ointment, and began to smear the scratches on his back.

During the smearing, her fingers inevitably touched the whiplashes on his back.

Those whip wounds were healed, but they left scars that were shocking, like centipedes.

Looking at these scars, Rong Shu's nose suddenly felt a little sore, and her eyes filled with enthusiasm, "At that time, it was very painful, right?"

Fu Jingting knew what she was asking, and looked at the white sheets under him, the corners of his mouth puckered. With a faint smile, he replied, "It's all over. I was inactive at the beginning, so I should be punished."

He didn't answer whether she was in pain or not.

After all, this answer is meaningless, and it leaves scars, can it not hurt?

It's just that he's a big man, so it's not good to tell her pain directly, what's the difference between that and a little white face who is not manly?

Saying it doesn't hurt, it's a bit false.

So it's best not to answer at all.

Rong Shu was amused by Fu Jingting's words, "If you don't do anything, how can you say that about yourself."

Fu Jingting turned slightly and looked at her with his head propped up, "I'm not wrong, the hypnotized me in the past did it. Those, in my opinion, are really not what I can do, so it's not wrong to say that I don't do human affairs."

Rong Shu sighed, "If you want to blame Gu Manyin, you have the ability to hypnotize a man. Help her."

"The hypnotist is her boyfriend's brother at the time." Fu Jingting said with narrowed eyes.

Rong Shu nodded, "I know, Lin Tianchen told me, and also said that the heart of yours now belongs to Gu Manyin's boyfriend at the time, that is, the younger brother of the hypnotist."

Fu Jingting nodded, "That's right, It's timeless."

Rong Shu looked at him, "Lin Tianchen also said that your heart appeared too coincidentally, your Fu family has been looking for a suitable heart for you, after twenty-four years of searching, but they haven't been able to find it, but in your When the deadline for the heart transplant operation was over, Shi Qing died. It just so happened that his heart could match yours. This is obviously very problematic, so Lin Tianchen has always suspected that Shi Qing's car accident was not an accident. It's possible that Gu Manyin did it on purpose, and said that you have been investigating this matter, is there any progress now?"

Fu Jingting shook his head with a cold expression, "No progress, after all, Shiqing's car accident happened six years ago. The location is also in the suburbs, there is no surveillance, and no one even lives nearby, that is to say, when the accident happened, no one else saw it, so it is not easy to investigate."

"Listen to you, then this car accident is a hundred 100% there is a problem." Rong Shu touched her chin and analyzed, "The car accident is in the suburbs, there is still no surveillance, and there are no people living in the suburbs. Obviously, I just don't want people to find out what happened to the car accident."

Fu Jingting Looking at her and chuckling, "You're right, so Shi Qing's death must have something to do with Gu Manyin, but now Gu Manyin's whereabouts are not known, otherwise, you can directly interrogate him."

"That's true. Rong Shu nodded, "I don't know where this Gu Manyin is hiding, so you can't find it."

"It's okay, we are still alive, she will jump out one day. It will definitely attack us." Fu Jingting said while holding her little hand.

Rong Shu squeezed the corners of her mouth, "I know, so I haven't been in a hurry to find Gu Manyin, but Shi Qing's death was not an accident. Did you tell the hypnotist?"

"Not yet." Fu Jingting shook his head. "It's not too late to tell Shi Mo when you find Gu Manyin. At that time, if Gu Manyin refuses to explain, you can also let Shi Mo take action."

“You’re right, okay, don’t hold my hand, I’ll put some medicine on you.” Rong Shu interrupted the topic and twitched her hand, but after she couldn’t get it out, she said to the man angrily.

The man chuckled and let go.

Rong Shu’s hand was free and continued to apply ointment to the scratches on his back.

After wiping, Fu Jingting put on his clothes and got up from the bed, “Then I’ll go out first.”

“Go.” Rong Shu waved her hand, “Didn’t you say that you have to go out to do something? , otherwise it will be dark.”

At least half past five by now.

Fu Jingting looked at the time, and really felt that he couldn’t delay any longer, and nodded, “Okay, then I’ll go first, I’ll be back with you soon.”

After finishing speaking, after kissing her on the face, she picked up a jacket and walked out of the room.

Rong Shu touched her cheek, smiled, then picked up the rest of the ointment, blushing and took off her bathrobe.

On the other side, Fu Jingting came to the parking lot and drove away from Repulse Bay.

On the road, he was driving while talking on the phone.

Half an hour later, the police arrived.

Fu Jingting parked the car, Assistant Zhang came over and opened the car door for him, “Mr. Fu.” Fu

Jingting responded with a humming, then unbuckled his seat belt and got out of the car, handed him the car key, and walked to the police station go.

Assistant Zhang took the key and followed behind him, “By the way, Mr. Fu, you came to see Rong Yuan, didn’t you tell Miss Rong?”

“No.” Fu Jingting stopped, “Why? Can’t you tell her?”

” Yes.” Assistant Zhang pushed up his glasses embarrassedly, “When I received a call from the police in the morning, the police told me that if you want to see Rong Yuan,

don't tell Miss Rong, saying that this is Rong Yuan's special purpose. What is required, if you tell Miss Rong, she will not say what is wrong with you, but will directly make you regret it after coming out later. I called you at that time and forgot to tell you this, and I will call you later. You sent a message, but you didn't reply, I thought you didn't see it, so I'm asking now."

"I saw it." Fu Jingting narrowed his eyes.

Therefore, he didn't tell Rong Shu that he was coming here to see Rong Yuan.

"But you just said, that Rong Yuan said that if I told Xiaoye Ye that I wanted to come here to see her, she would make me regret it?" Fu Jingting sneered coldly.

"Yes, that's what Rong Yuan said." Assistant Zhang nodded.

The sneer on Fu Jingting's face became stronger and stronger, "Yes, then I want to see how she made me regret, is Rong Yuan still in the police station's detention room?"

"That's right." Assistant Zhang responded, "About her The verdict has not yet come down, and the court has not yet had a trial, so he is still being held in the detention room of the police station, and will be transferred to the women's prison after the verdict."

Fu Jingting nodded slightly, "Got it."

He didn't say anything. After speaking, he walked straight forward.

Soon, a police officer took him to see Rong Yuan.

Rong Yuan sat on the regret chair in the detention room, her hands were tied by the handcuffs of the regret chair, and she couldn't move. She also wore a yellow vest specially worn by criminals, and she looked very haggard.

Also, I was locked in the detention room for the past two days, and I was about to face the disaster of prison. I was afraid that I would not be able to eat or sleep well under the fear. Isn't it just that I was emaciated at a speed visible to the naked eye.

At this moment, his face is sallow and sallow, his eye sockets are sunken, his cheekbones are prominent, and his dark circles look like a panda. The whole person seems to be several years older at once, which is very incredible.

"This is Rong Yuan?" Assistant Zhang stood behind Fu Jingting, looking at Rong Yuan behind the glass, and couldn't help exclaiming.

Fu Jingting looked back at him, "What are you yelling for?"

Assistant Zhang chuckled, "Sorry, Mr. Fu, I was really surprised by her, so I couldn't help shouting out loud."

## Chapter 754 Rong Yuan's Chip

So, you can't blame him.

Really, this Rong Yuan is too scary.

Rong Yuan, who was sitting in the detention room, could naturally hear the conversation between Assistant Zhang and Fu Jingting. Looking at Assistant Zhang's terrified eyes, Rong Yuan's heart fell to the bottom.

She didn't wash her face for a few days, she didn't remove her makeup for a few days, and she didn't sleep well, she naturally knew that she must be ugly now.

But I never thought it would be amazingly ugly.

And she has always loved beauty, she is quite confident in her beauty, and even used it as a weapon to catch men.

So, how could she accept that she was ugly, especially in front of Fu Jingting, a superb man.

The more she thought about it, the more unacceptable it became. Rong Yuan wanted to cover her face so that no one could see it.

But her hand was tightly bound on the regret chair, and she couldn't move at all, so she could only lower her head to avoid their purpose, "Don't look, don't look!"

Her voice was frantic, and her body was also Trembling, looking like a mad woman.

Fu Jingting frowned, eyes full of disgust.

Assistant Zhang pointed at her, "President Fu, isn't she crazy?"

Fu Jingting said coldly, "Do you think someone with a sullen mind and a deep sense of government can go crazy so easily?"

"Er..." Assistant Zhang After choking, he scratched his head, "That's true."

At this time, the police officer who was guarding the door suddenly opened the door and came in, knocked on the glass with a baton, and warned in a stern tone, "What's your name, be quiet, and don't look at it. Look where this is!"

Facing the police officer's face like the King of Hell, Rong Yuan shrank her neck in fear and stopped screaming.

She was tortured by these police officers a lot during the days she was locked in, so she was already afraid of these people from the bottom of her heart.

Because these people pick up prisoners and have all kinds of underhand tricks, so how dare she run wild under these people.

Seeing that Rong Yuan closed her mouth and became quiet, the police officer put down the baton, turned around and smiled politely at Fu Jingting, "Mr. Fu, please continue talking to her."

"Uh." Fu Jingting nodded and responded lightly. .

The policeman pressed the brim of his hat and walked out.

There were only three Fu Jingting left in the detention room.

Fu Jingting took a step forward and came to the glass, staring at the person inside with cold eyes, "Why do you want to see me?"

Rong Yuan raised her head tremblingly when she heard his question.

But the next second, as if frightened, she lowered her head again.

Assistant Zhang couldn't stand it any longer, and frowned in annoyance, "Hey, what's your expression like, as if our President Fu wants to eat you?"

Even if he wants to eat, he will eat Miss Rong.

There is no way this woman can turn.

"Okay, that's it, I don't want to see her face either." Fu Jingting pursed his thin lips and said indifferently.

Rong Yuan's pupils shrank, and then a touch of humiliation appeared on her face.

She knew that this man didn't want to see her, but she was a woman after all, but he didn't have the slightest feeling of pity.

She doesn't believe it, he doesn't know what she thinks of him, and he doesn't believe that he doesn't know that she bows her head, just because he doesn't want him to see her ugly appearance now.

He absolutely knows.

However, he still said such words to break her heart!

Thinking about it, Rong Yuan simply raised her head and looked at Fu Jingting with the look of a heartless man.

Fu Jingting didn't respond yet, but Assistant Zhang shivered with chills, and goosebumps all over his body.

This woman, what is that look?

It's disgusting okay!

"Mr. Fu." Rong Yuan sat on the regret chair, straightened her back a little, then took a deep breath and looked out of the glass, that handsome, wealthy and powerful man with a perfect body that seemed to glow, his eyes gradually changed. I became obsessed, "Mr. Fu, I called you here today because I wanted you to save me out. I know that with your ability, it is very easy to save me out."

Fu Jingting raised his eyebrows, "What did you just say? Let me save you out?"

"That's right!" Rong Yuan nodded seriously.

Fu Jingting's eyes became weird when he looked at her, as if he didn't know the person in front of him.

Assistant Zhang was even more exaggerated, exclaiming directly, "My God, am I crazy or you are crazy, you actually asked President Fu to save you? Rong Yuan, are you okay? I don't know about our President Fu and Rong Shu. Is it a relationship with Miss? You have a grudge against Miss Rong Shu, that is, with our President Fu, where did you come from and asked President Fu to save you? Our President Fu is crazy and wants to break up with Miss Rong. I will agree, moreover!"

After a pause, there was a sneer at the corner of his mouth and he said, "Even if our President Fu has nothing to do with Miss Rong, it is impossible to save you a stranger. Who are you from our President Fu?"

"The words were very rude.

Rong Yuan's face twisted for a moment, but soon returned to normal. Looking at Fu Jingting, her face showed a conceited expression, "I am indeed not Mr. Fu's right now, but, Mr. Fu, you will definitely promise to save me out."

Fu Jingting Eyes narrowed.

Assistant Zhang frowned, "Where did you get your confidence?"

“My confidence is that I know a secret, a secret about Rong Shu.” The expression on Rong Yuan’s face gradually became complacent.

Fu Jingting’s eyes narrowed even more. “Oh? Rong Shu’s secret?”

“

When Assistant Zhang heard this, he immediately rolled his eyes, “Cut, what do I think it is, it turns out to be this, didn’t you already know Miss Rong’s true identity, or is it not the biological daughter of the Rong family? It was exposed on the Internet and used to make an article, but it failed, why, you still want to use this deceased secret to make trouble?”

Fu Jingting didn’t speak, his eyelids were slightly lowered, as if he was thinking about something.

Rong Yuan gave Assistant Zhang a disdainful look, “Don’t worry, I’m not a fool, I can’t help but know that this outdated secret is useless, I’m talking about Rong Shu’s true identity, I found out that she is Whose biological daughter is that?”

As soon as he said this, Fu Jingting instantly raised his head, his whole body was terrifying.

Assistant Zhang’s expression also changed, “What did you say?”

“I said, I know who Rong Shu’s biological parents are.” Rong Yuan was very satisfied with the reaction of the two, and her laughter became more and more frantic.

Assistant Zhang didn’t know whether what she said was true or false. After thinking about it, he helped Fu Jingting to probe, “If you say you know, you must know, who knows if you are lying.”

“I don’t need to . I lied to you about this kind of thing, after all, I have to rely on this secret to get out.” Rong Yuan snorted coldly.

Fu Jingting’s eyes flashed a bit of coldness, and it was fleeting. He opened his thin lips and said in a cold voice, “So you mean that you want to use the secret of Rong Shu’s biological parents in exchange for me to rescue you?”

“No Wrong!” Rong Shu raised her chin.

Assistant Zhang didn’t dare to look so complacent, as if everything was in his hands, and was about to say something.

Fu Jingting raised a hand to signal him to be quiet.

No way, Assistant Zhang had to close his mouth again and stop talking.

Fu Jingting stared at Rong Yuan, his eyes were so deep that he could not see any emotion, “Why do you think that if you told me Rong Shu’s biological parents, I would rescue you? Do you think this is really qualified to be an exchange? ?”

He didn’t know if the woman knew that the Gu family and his wife were Rong Shu’s biological parents.

But that didn’t stop him from trying it out.

Rong Yuan squeezed the palm of her hand and tried her best to look at the man without fear and replied, “It is true that if Rong Shu’s parents are just ordinary people, then they are indeed not qualified to do business with you, Mr. Fu, but if I say, Rong Shu’s biological parents are Gu Yaotian and his wife?”

As soon as these words came out, Assistant Zhang took a deep breath.

Fu Jingting’s pupils also shrank.

This woman really knew that Gu Yaotian and his wife were Rong Shu’s biological parents!

“President Fu!” Assistant Zhang quickly looked at Fu Jingting.

Fu Jingting raised his hand, still motioning him not to speak.

Assistant Zhang nodded and stepped back.

Rong Yuan was very satisfied with the reaction of the two of them, and smiled triumphantly, “How about Mr. Fu, isn’t this secret enough to surprise you?”

Assistant Zhang, who was standing behind Fu Jingting, rolled his eyes.

Dare to love this woman, she didn’t know that President Fu knew that Gu Yaotian and his wife were Miss Rong’s biological parents.

I thought I could use this as an exchange and let President Fu save her out.

Oh, that’s ridiculous.

Fu Jingting's eyes flickered darkly, but he soon returned to calm, and said gloomily, "How can you be sure that Gu Yaotian and his wife are Rong Shu's biological parents?"

Rong Yuan didn't notice the difference between him and Assistant Zhang, and thought everything was true. It was within her grasp, so at this moment, her whole body was a little floating, and she raised her chin and replied arrogantly, "Actually, I didn't know it at first, until after I was caught, I suddenly remembered, I heard in the hospital that day, the conversation between Gu Manqing and Rong Shu, that Gu Manqing asked Rong Shu to donate a kidney to Gu Yaotian, I was very strange at the time, why Rong Shu's kidney can match Gu Yaotian so coincidentally, and then I went to check the examination report of Rong Shu in the hospital."

"Just because you read the examination report, did you know that Rong Shu is not the biological daughter of the Rong family?" Fu Jingting knew this from Rong Shu a long time ago. Deliberately knowingly asked, playing with her.

The funny thing is that Rong Yuan didn't know at all, and still thought that everything was still under her control.

"That's right." Rong Yuan nodded first, and then her face turned grim, "I didn't think much about the relationship between Rong Shu and Gu Yaotian at that time, I was just excited that Rong Shu was not my father's daughter, so I exposed it on the Internet on impulse, so that it has fallen to this point now, but it is a blessing in disguise. I actually figured out that Rong Shu is actually Gu Yaotian's daughter."

She gritted her teeth and continued, "After I checked Rong Shu's inspection report that day, I followed the trend. Looking at Gu Yaotian, Gu Yaotian and Rong Shu have the same blood type. Most importantly, it is difficult for Gu Yaotian to find a suitable kidney due to blood type and physical reasons. Only from people who are related by blood, the degree of fit is possible. Close, but I was only excited that Rong Shu was not my father's daughter, so I ignored this point. If I thought a little bit more at the time, I would have been able to react at the time. It turns out that these two are father and daughter, so I don't think so. At this point."

She could directly announce this and make Rong Shu completely collapse.

But it's not too late now!

"So it is." Fu Jingting's cold and thin eyes flashed a trace of clarity.

It was her own guess.

He thought that someone had told her!

"But if you say this, must it be true?" Fu Jingting lowered his eyelids, covering his eyes, and said in a cold voice.

Rong Yuan looked at him, "Of course it's true, if you don't believe it, you can do a paternity test for Rong Shu and Gu Yaotian. With your ability, you can do it without them noticing."

"Really? ." Fu Jingting twisted his fingers, but there was no joy or anger on his face.

Rong Yuan rolled her eyes and said again, "And that fake Gu Manqing, you can also hire someone from her, I don't know how she pretended to sneak in, but as long as you find her, after you ask her, You must know that Rong Shu is the real Gu Manqing. After all, the fake Gu Manqing asked Rong Shu to donate her kidney to Gu Yaotian. It can be seen that the fake Gu Manqing knows that Rong Shu is the real Gu Manqing. Love."

"The way is good." Fu Jingting's voice was still cold.

Rong Yuan couldn't see anything wrong, she really thought he was praising herself, and smiled even brighter, "How about Mr. Fu, this secret is qualified to let you rescue me? After all, we all know the relationship between the Rong family and the Gu family. How deep is the hatred, as the daughter of the Gu family, Rong Shu grew up in the Rong family. In her mind, she has always been the Rong family, the daughter of the Rong family, and she still wants to break down the Gu family. To avenge the Rong family, so Mr. Fu."

She looked at Fu Jingting with shining eyes, "If you say that Rong Shu knows that she is actually her enemy, Gu Yaotian's daughter, do you think she will collapse, will she not? Will she commit suicide? After all, she has always worked hard for revenge, and regards this as her lifelong goal, but suddenly one day, this goal became a joke, what do you think she would choose? To continue to take revenge, or not to take revenge? If you continue If she wants to take revenge, she will send her biological parents to prison, or send her to death, then she will be charged with killing her biological parents in her life and will not be able to live in peace."

Seeing Fu Jingting's increasingly ugly face, Rong Yuan became even more excited. , then continued, "But if she gives up revenge, then she will be ashamed of the Rong family's upbringing and teaching , and it is funny to say, Rong Shu is obviously Gu Yaotian's daughter, Gu Yaotian is a sinister and cunning person who never does bad things. Born to be evil, Rong Shu, who inherited her genes, did not inherit his bad heart at all. Instead, she learned Rong Hao's so-called hypocrisy by ten times ten. With her character, if she gave up revenge, then she would be so I have been uneasy all my life, living in guilt towards the Rong family, that is to say, no matter which path I take, it is a dead end, even..."

"Even what?" Fu Jingting's whole body was terrifyingly cold.

Rong Yuan said with a smile, "Even Rong Shu decided to end herself in order to avoid these two choices. From what I know about Rong Shu, after she knows her identity, she is very likely to commit suicide, even though the method of suicide seems stupid and

very stupid. Cowardly, but this is the best way to resolve the hatred between the Rong Gu family, so Mr. Fu, after listening to my analysis, you shouldn't want Rong Shu to know that she is Gu Yaotian's daughter, right?"

Unless, he is willing to let Rong Shu collapsed and committed suicide.

Although she didn't want to admit it, she didn't want to accept it, but she could see that he loved Rong Shu very much and definitely didn't want to see Rong Shu collapse.

So, he would definitely promise to save her out!

"Are you threatening me?" Fu Jingting narrowed his eyes dangerously.

Rong Yuan smiled, "Mr. Fu, how can this be considered a threat? I'm just making a deal with you. You save me out, break up with Rong Shu and stay with me, so I won't tell Rong Shu. , her true identity, Mr. Fu, you love her so much, you must be willing to give everything for her, right?"

"I'll go, you are really shameless." Assistant Zhang, who was quiet and invisible, couldn't listen anymore and pointed at her. He just scolded, "It's not enough for you to ask President Fu to save you, but you still want to be with President Fu. Why don't you go to heaven? Do you really think President Fu will agree?"

Chapter 756 No one can threaten me

"Mr. Fu will definitely agree. I just said that he loves Rong Shu so much, so it is absolutely impossible to watch Rong Shu die after knowing the truth, but he will hide it from Rong Shu, Mr. Fu, am I right?" Rong Shu stared at Fu Jingting hotly.

It was precisely because she knew his feelings for Rong Shu that she dared to make such a request.

Otherwise, she wouldn't dare to open her mouth at all.

She could have seen the man, but offered to see Rong Shu, told Rong Shu her true identity, and watched Rong Shu collapse.

But compared to being with this man, making Rong Shu collapse is not so important.

As long as he gets this man, won't Rong Shu also collapse?

What's more, after she goes out, she can continue to deal with Rong Shu.

And now, she couldn't wait to take the man's arm and appear in front of Rong Shu.

I believe that at that time, Rong Shu's face must be ugly, right?

The more she thought about it, the more excited she became, Rong Yuan couldn't stop shaking.

Fu Jingting didn't know what she was thinking, and looking at her was no different from looking at a dead person, "You're right, I really won't tell Rong Shu that she is Gu Yaotian's daughter."

"Since Mr. Fu said so, then Now Mr. Fu has only one way to go, and that is to promise to save me out and stay with me." Rong Yuan raised her chin and said arrogantly.

Assistant Zhang rolled his eyes, "Rong Yuan, don't you think too highly of yourself? Do you really think that we, Fu always, can be someone who can be easily manipulated and threatened by you? I'll tell you. , you are too arrogant, Mr. Fu will not promise to save you out, let alone stay with you, let's die!"

Rong Yuan's face twisted, "What do you know about a dog? I know what Rong Shu is up to. His true identity, he doesn't want Rong Shu to collapse, so he can only agree to my request, unless he doesn't love Rong Shu, and really wants to see Rong Shu die!"

Assistant Zhang was not angry when he was scolded as a dog's leg.

After all, he has been by Mr. Fu's side for more than ten years, and he has often heard others scold him like this.

Therefore, he wasn't angry at all. Many people wanted to be Mr. Fu's dogleg, but they couldn't.

"Of course, Mr. Fu loves Miss Rong, and of course it is impossible to watch Miss Rong die, but in the same way, Mr. Fu will not agree to you. If you are threatened, what kind of thing you are, Rong Yuan, is also worthy of threatening Mr. Fu. I will tell you. , when President Fu took control of the Fu family and the Fu family, there were countless threats, big and small, but no one ever succeeded, so you think you will succeed? If you succeed, then those threats to President Fu in the past Don't you want to commit suicide by jumping off the building? After all, they have a higher status and stronger ability than you, and the shortcomings of Mr. Fu that they caught are more dangerous than what you have grasped." Assistant Zhang mocked contemptuously.

Rong Yuan was criticized by him like this. To be honest, her originally confident heart was really affected now, and her self-confidence was obviously reduced a lot.

"Mr. Fu, what's your answer? Are you agreeing or not!" She clenched her fists and stared at Fu Jingting, who had been silent and seemed to be thinking about something. Her voice was not so calm and became sharp.

Because she faintly felt that everything seemed to be out of her control at first, and she was not sure that he would agree.

As soon as Assistant Zhang's words came out, such a bad premonition suddenly surged in her heart.

It seems that his plan will not succeed.

no, I can not.

Rong Yuan quickly shook her head, throwing this bad feeling out of her mind.

How could it not be successful, she was someone who knew Rong Shu's true identity.

He loved Rong Shu so much, how could he not agree to her request.

He will promise, he will promise!

Rong Yuan started muttering words in her mouth, as if she could succeed in this way.

"Do you think I will answer?" Fu Jingting raised his eyes and replied without a trace of emotion.

Rong Yuan's heart sank for a while, and the bad feeling that had been suppressed, now gradually came up following his words, "What... what do you mean?"

Her voice trembled.

Assistant Zhang sneered, "Isn't the meaning very obvious, President Fu won't agree!"

"How is it possible!" Rong Yuan was greatly stimulated, her face turned pale, and she struggled unacceptably. She wanted to rush to the man and question him about this. It's not true, the force was so great that the regret chair that was fixed in place made it tremble.

"Why is it impossible?" Assistant Zhang sneered.

Rong Yuan's struggling face turned red, her eyes were bulging out, bloodshot in her eyes, and she roared, "This is about Rong Shu's safety, how could you not agree, you are not afraid that I will tell the truth. Tell Rong Shu? Or, you don't love Rong Shu?"

"Of course I do!" Fu Jingting replied without hesitation, "But that doesn't mean that I will be threatened by you, if it's so easy for me Being threatened, the Fu Group has already been defeated by me."

"..." Rong Yuan choked on his words, and then shouted frantically, "Alright, alright, you forced me, Fu Jingting. , you forced me, I must tell her Rong Shu's true identity, I will make her crazy, let her die, I will make you regret it, come, come!"

She began to call the police staff come in.

Fu Jingting stood where he was, his expression still so cold and indifferent, not affected by her threats at all.

He only turned his face slightly and gave Assistant Zhang a look.

Assistant Zhang nodded knowingly, then turned and walked towards the door, preparing to deal with the police officers who were about to come in.

Only Fu Jingting and Rong Yuan were left in the detention room.

Fu Jingting put one hand on the glass and the other in his trouser pocket, lowered his eyes slightly, looked at Rong Yuan behind the glass expressionlessly, "You didn't have the chance to tell her that you thought I was When you decide not to agree to your request, don't you think about what might happen in the future? So I won't let you see Rong Shu, let alone contact Rong Shu, and I won't let you meet other outsiders, to communicate with the outside world, I will cut off all possible ways for you to transmit information. You can only hold this secret and suffer in prison. I will let you experience in prison, what hell is."

"You "... Rong Yuan's pupils shrank to the size of pinpoints, and she looked at him in disbelief, never expecting that he would actually cut all her back.

She had always thought that she was the one who was playing chess this time.

But he never imagined that he was the one who played chess, and she was the pawn in his hand from the very beginning.

"I was wrong..." Rong Yuan regretted it, really regretted it.

The thrill of knowing the secret made her forget that this man was a living hell in the mall. Everyone wanted to pull him down, but no one succeeded in pulling him down.

With such a difficult person, where did she get the confidence to feel that she could be the first person to threaten him and make him bow obediently?

At this moment, Rong Yuan only felt cold all over her body, and a great sense of panic flooded her body, making her teeth fight against each other, "You... you can't do this..."

"Why can't I?" Fu Jingting raised her head slightly. With his chin, he looked down at her condescendingly, "except Rong Shu, no one can be presumptuous in front of me, and then retreat after threatening me, so the moment you decide to threaten me at the beginning, you should think about it, What will happen to you!"

### Chapter 757 Sudden Accident

Rong Yuan was terrified, her body was cold and stiff, her calf was shaking.

This man is the devil!

He actually wanted someone to greet her in prison!

No, she can't be like Li Xiuzhi, that's too scary!

"Mr. Fu, I was wrong, I was really wrong, please, please don't do this to me, I will never dare again, I really don't dare." Rong Yuan began to panic and kept going. She begged Fu Jingting for mercy and wanted Fu Jingting to let her go.

But Fu Jingting remained expressionless and unmoved. He was simply a man with a hard heart.

Rong Yuan is not stupid, otherwise it would be impossible to imagine how Rong Shu would react when she knew her identity.

In the same way, she now knows that no matter how she pleads with this man, this man will not let her go.

If so, what is she asking for?

Thinking of this, Rong Yuan's face twisted, she glared at Fu Jingting, and growled, "Fu, you won't let me live, right? Well, anyway, I'll only be in prison for a few months. I will also tell Rong Shu that she is Gu Yaotian's daughter!"

"I am afraid that Gu Yaotian will not live for a few months now. Do you think Gu Yaotian will still be there after you come out? After Gu Yaotian's death, Rong Gu's grievances It can also be solved automatically. At that time, Rong Shu knows her identity, and it doesn't matter much, so you are still doomed to fail." Fu Jingting coldly dropped this sentence, turned and walked towards the door, leaving a dull expression on his face. Rong Yuan.

Really... is it really so?

Is she really doomed?

Rong Yuan's lips trembled, unwilling to accept this fact.

But at this moment, in her mind, it kept appearing that since all the things she had done with Shang Rong Shu, she found that every time she had failed, she had never won against Rong Shu once.

So, is she really destined to win against Rong Shu?

No, it's impossible, she doesn't accept it, and she doesn't accept her fate!

"Come on, come on, I want to see Rong Shu, I want to see Rong Shu!" Rong Yuan turned her head and stared at the door, shouting frantically outside.

She does not believe that Fu Jingting can really make the police violate the rights of citizens and prevent her from seeing people.

However, no matter how Rong Yuan roared in the detention room, no police officer came in to check.

Because these police stations were greeted by Assistant Zhang.

"Mr. Fu." Seeing Fu Jingting coming out, Assistant Zhang stopped talking with the director and greeted Fu Jingting.

Fu Jingting hummed as a response, then walked over and extended his hand to the director.

The director naturally held it up politely.

"There is one thing I need to ask you." After shaking hands, Fu Jingting took his hand back and said.

The director looked at him, "Mr. Fu, please tell me."

"Regarding Rong Yuan, I hope that in the next few months, she will not be allowed to contact the outside world, let alone meet with anyone. I am sorry that someone contacted her, someone wants to see her. She all refused and notified me immediately." Fu Jingting looked at the director.

The director smiled, "Of course, it's not a big deal."

Of course, he only agreed because of the identity of the person in front of him.

If the person in front of him was not the chairman of the Fu Group, but an ordinary person, he would naturally not agree.

What's more, the grandfather of the person in front of him was a hero of the founding of the country, and he would give this face because of his feelings and reason.

“Excuse me.” Fu Jingting nodded, “When I go back, I will let someone allocate a sum for you to use as police labor.”

Hearing this, the director couldn't close his mouth with a smile, “Then Thank you so much, Mr. Fu.”

Fu Jingting snorted and left with Assistant Zhang.

In the car, Assistant Zhang looked back at the man in the back seat who was rubbing his eyebrows, “Mr. Fu, where are we going now, are we going back to your residence or Miss Rong?”

“What do you think?” Fu Jingting raised his eyes, faintly glanced at him.

Assistant Zhang immediately retracted his gaze and sat upright, “I see, go back to Miss Rong.”

Also, Mr. Fu just got Miss Rong last night, so he just wanted to accompany Miss Rong.

Otherwise, put on your pants and leave, what a scumbag.

No wonder President Fu just glared at him, he really asked a nonsense, hahaha...

Assistant Zhang smiled shyly, stopped talking, and drove the car seriously.

Fu Jingting took the mobile phone and sent a message to Rong Shu that I'm back and I'll be home soon.

In Repulse Bay, Rong Shu was sitting on the sofa watching TV when she heard the phone ringing. She picked it up and saw the message sent by the man. Her red lips twitched and she typed back, “I'll wait for you. Pay attention on the road.” Safety.

Fu Jingting chuckled lightly, and after a good response, he dropped the phone and looked out the window with his head supported.

It was dark now, and his figure was reflected in the car window.

He suddenly thought of something, his eyebrows were wrinkled, his face was gloomy, and he was obviously in a bad state.

After a while, he put his hand down from the car door and asked with narrowed eyes, “When will Rong Yuan's trial start?”

Assistant Zhang turned the steering wheel and replied, “Three days later, since it's not a criminal case, the trial dates are very different. Hurry up, it's not like a criminal case that takes several months.”

“Well.” Fu Jingting nodded slightly, indicating that he understood, and then instructed in a cold voice, “After Rong Yuan is transferred to the prison, let someone greet her well inside, I want to Her life is better than death!”

Dare to threaten her, dare to attack Rong Shu.

This is the price!

Assistant Zhang nodded with a serious expression, “Okay, Mr. Fu.”

Fu Jingting closed his eyes and said nothing.

Assistant Zhang glanced at him in the rearview mirror, silently sympathizing with Rong Yuan.

Really, it's not good to be hot, you have to mess with President Fu and Miss Rong, who is most concerned about by President Fu.

So Rong Yuan deserved this fate!

Just thinking about it, Assistant Zhang's face suddenly changed, and a wheelchair suddenly jumped out from the pedestrian crossing in front of the left.

In the wheelchair, there was a woman sitting.

The woman didn't seem to expect that a car would suddenly come over at this time, and she froze in place for a while.

When Assistant Zhang saw this, he scolded with an ugly face, “Grass, why did someone appear!”

This is a red light!

“Mr. Fu...” Assistant Zhang didn't know what to do. The car was so short from the woman that it was too late to brake. Even if it braked, it would hit him directly due to inertia.

But if you don't hit it and smash the car to the other side, then you and Mr. Fu will definitely be injured.

Fu Jingting also knew that the situation was urgent, and clenched his fists with an ugly face, “Go to the left and hit the flower bed.”

In short, don't hit people!

Assistant Zhang knew what Fu Jingting meant and had no choice but to turn the steering wheel quickly and drive the car to the left.

Fortunately, there are no high steps on the flower bed on the left, so after the car hit it, it only vibrated violently, the headlights were damaged, and the car blared the siren.

Other than that, there are no other issues.

However, the airbag was still knocked out. Assistant Zhang was dizzy and dizzy. Fu Jingting in the back seat was not much better. His head hit the car window, and he was dizzy right now.

“Mr. Fu!” Assistant Zhang had a hard time reacting. He didn’t care about his dizziness, so he quickly unfastened his seat belt and turned to look at the man in the back seat.

Seeing Fu Jingting lowered his head and put his hand on his forehead, he immediately became anxious, “Mr. Fu, are you all right?”

Fu Jingting did not answer.

Assistant Zhang knew where he must have been injured, so he quickly opened the car door, took out his mobile phone, and called an ambulance while opening the back seat door to check on Fu Jingting’s condition.

“President Fu, President Fu?” Assistant Zhang shook Fu Jingting’s shoulder.

Fu Jingting raised his eyes and glanced at him, suddenly his face changed slightly, and after groaning, he fainted.

Chapter 758 is responsible for this gentleman

Assistant Zhang’s pupils shrank, “President Fu!”

“What’s going on?” At this time, the traffic and police officers who were on duty nearby rushed over to check the situation.

Assistant Zhang grabbed him and said eagerly, “Quick, send a car and take our boss to the hospital.

” Fu Jingting, who was in a coma, also became anxious, “Wait, I’ll drive now.” After the words were finished, the traffic police and the police hurried to the duty booth, where their official car was parked.

Seeing that Mr. Fu was saved, Assistant Zhang breathed a sigh of relief, and then quickly helped the person out of the car.

While helping, Assistant Zhang said anxiously, "Mr. Fu, you have to bear with it, we will go to the hospital soon, you must not have any trouble, if you have trouble, the old lady and Miss Rong will be very sad, so you Be sure to cheer up."

As if hearing it, Fu Jingting moved his fingers slightly.

Assistant Zhang almost cried with joy, "Great, great, Mr. Fu is still conscious, not completely fainted."

As long as he is conscious, it means that the current situation is not the worst.

"That..." Suddenly, a timid female voice came from behind Assistant Zhang.

Assistant Zhang supported Fu Jingting and turned his head to see that it was the culprit who was in a wheelchair and crossed the road, causing them to have a car accident.

Seeing this culprit, Assistant Zhang naturally couldn't have a good face.

The woman also seemed to know that she had caused a big disaster. She clutched the corner of her clothes tightly, looked at Fu Jingting who was in a coma, and said with a pale face, "I'm sorry, is this gentleman alright?"

Assistant Zhang growled angrily. "What's the use of saying sorry now, if it wasn't for our boss to let me hit the flowerbed in order not to bump into you, our boss would be fine now."

The woman trembled when he yelled, her face paled even more, and her eyes were full of water, "I'm sorry, I'm really sorry, I didn't mean it, I was in a hurry so..."

"Okay, you don't have to follow me. Explain this, I don't want to hear it, you have caused us to have a car accident, and you better hope that our boss is okay, otherwise you will wait for the prison to go through." Assistant Zhang interrupted her with cold eyes.

The woman's pupils shrank, as if she was frightened, and tears fell down her cheeks.

Assistant Zhang was too lazy to look at her, so he took out his mobile phone to call Rong Shu and told Rong Shu about it.

But before he could call out the phone, the traffic police and the police came over in their official cars.

There was no other way, Assistant Zhang had to put away his mobile phone temporarily, help Fu Jingting into the car, and prepare to go to the hospital to contact Rong Shu. After all, the top priority now is to send President Fu to the doctor.

“Wait.” Just as Assistant Zhang got into the car and was about to close the door, the woman suddenly grabbed the door.

Assistant Zhang was instantly furious, staring at her with red eyes, “What are you doing?”

He hurriedly sent President Fu to the doctor.

And this woman grabbed the car door and wouldn't let them go!

“I warn you, let go of your hands quickly, if you delay our boss's treatment, I will make it too late for you to regret it.” Assistant Zhang said in a very gloomy voice.

If it weren't for the fact that this woman was a disabled person, he would have thrown this woman away directly.

The woman's assistant Zhang looked like she was going to kill, shrinking her neck in horror, but stubbornly didn't let go of the hand holding the car door, “That... I'll go too, it was the accident I killed the gentleman. , so I'm responsible for this gentleman.”

Assistant Zhang wanted to say something.

The traffic and police officers sitting in the driver's seat suddenly turned their heads, “Sir, according to what you just said, this lady is the main responsible party for the accident, so she should go to the hospital together.”

Seeing the trafficker and the police have said so, what else can Assistant Zhang do? Naturally, he can only agree.

Seeing that Assistant Zhang agreed to follow her, the woman laughed as if she had a great blessing, and then got on the co-pilot with the help of the traffic and police.

On the way, the woman kept turning her head and staring at Fu Jingting.

There were no driving lights in the car, and it was a little dim. Therefore, Assistant Zhang did not notice the happy and crazy eyes that flashed past when the woman stared at Fu Jingting.

At this moment, Assistant Zhang took out his mobile phone again and dialed Rong Shu's phone again with a nervous and bitter expression.

He never thought that he and Mr. Fu would be so unlucky to go out to meet Rong Yuan, but they had a car accident on the way back.

I was fine, protected by seat belts and airbags, and I was not injured, but I broke my head and bleed a little. Except for the dizziness in my head, there was nothing serious.

But Mr. Fu is different. Mr. Fu's heart has a problem, and he can't bear too much stimulation at ordinary times.

Now that I suddenly fainted, it is very likely that it was a car accident, which caused the heart to be stimulated, and then the heart was suddenly overloaded.

I hope that there is nothing wrong with Mr. Fu. If there is something, he simply dare not think about the consequences.

Assistant Zhang rubbed his brows, hoping that Miss Rong would not faint from fright when she heard that something happened to President Fu.

"Hello?" Just as she was thinking, Rong Shu's gentle and tactful voice came from her phone, "Assistant Zhang, what's the matter?"

Rong Shu sat on the sofa and paused the TV, wondering how Assistant Zhang gave her Called.

He is Fu Jingting's personal assistant. Is there anything wrong with Fu Jingting?

But it's not right. Fu Jingting has something to do. Shouldn't he contact her in person? Why should he go through Assistant Zhang?

It's impossible for Fu Jingting to be too busy to contact her. After all, they only contacted her on WeChat ten minutes ago.

"Miss Rong." Assistant Zhang's throat slid twice, his voice very hoarse.

Hearing the seriousness in his tone, Rong Shu's heart sank subconsciously, and the hand holding the phone tightened slightly, "Assistant Zhang, what's wrong with Fu Jingting?"

She was very keen, and she guessed at once There, Fu Jingting may have an accident.

Otherwise, Assistant Zhang would not be able to speak to her in such a tone.

Just hope it's not a bad thing.

Rong Shu thought silently in her heart.

However, in the next second, Assistant Zhang's voice choked up, full of self-blame and shame, "Miss Rong, Mr. Fu has had a car accident."

"What did you say?" Rong Shu stood up from the sofa in shock by his words. , even if she suddenly got up, pulled it somewhere, and made it sore again, she didn't care to

check it, grabbed her phone tightly, and said loudly, "You said Fu Jingting had a car accident?"

"Yes..." Zhang The assistant nodded.

There was a bang in Rong Shu's head, only to feel that the whole world was spinning.

She swayed, her eyes gradually darkened, and she almost fainted.

Fortunately, she grabbed the armrest of the sofa in time and sat down on the sofa again, thus avoiding the consequences of fainting.

But Assistant Zhang heard the sudden movement of her sitting down.

Assistant Zhang's heart suddenly lifted, and he quickly asked, "Miss Rong, are you alright?"

He didn't protect President Fu well, so something happened to President Fu.

Now if something happened to Miss Rong, who was hurt again, he would really be to blame.

However, he couldn't hide the fact that President Fu had a car accident...

"I'm fine." Rong Shu replied.

Although she said that, her face was very pale, full of nervousness and worry.

He grabbed the phone with one hand and the armrest of the sofa with the other, panting slightly to prevent himself from fainting, then took a deep breath and tried his best to remain calm and asked, "How is Fu Jingting now?"

A car accident?

How could there be a car accident?

Rong Shu couldn't figure it out.

She had contacted Fu Jingting only ten minutes ago, and he told her that he had come back and was already on his way.

As a result, now, she received the news that he had a car accident!

How could she accept this?

Rong Shu bit her lower lip tightly, her eyes gradually turned red, with tears streaming down her heart.

A car accident, what a terrible thing.

Severe injuries, severe death.

Fu Jingting had already had a car accident. Although that time was not serious, what about this time?

She has just been with him, is it hard to lose him?

The more she thought about it, the more frightened it became, the more she thought about it, the more afraid she became, and Rong Shu's breathing became rapid again.

Assistant Zhang on the other end of the phone heard her question, glanced at Fu Jingting next to her, and hurriedly replied, "Miss Rong, don't worry, Mr. Fu is fine for the time being, he just passed out, I'm on the way to take Mr. Fu to the hospital. "

Is there really nothing wrong?" Rong Shu grabbed the armrest of the sofa, obviously still very worried.

It was a car accident after all.

Assistant Zhang nodded heavily, "Mr. Fu will be fine, I'm the driver, I'm fine, and Mr. Fu will definitely be fine, and this is not a serious car accident, it was our car that hit the flower bed on the roadside. "

Hearing what he said, Rong Shu's heart gradually calmed down, and she believed it a little.

Indeed, in many car accidents, the first to be injured or the first to die is generally the driver and co-pilot, and the person in the back seat has the greatest chance of surviving.

Assistant Zhang is fine with driving, so Fu Jingting should be fine.

Thinking of this, Rong Shu breathed a sigh of relief for a while, and her tense heart also relaxed a little, no longer so painful.

But, why did Fu Jingting faint?

With his physical fitness, it is impossible for him to faint.

After all, Assistant Zhang said it all, but he just hit the flower bed by the roadside.

Assistant Zhang, who was driving, should be hit the hardest. Assistant Zhang didn't faint. Why did Fu Jingting in the back seat faint?

Rong Shu narrowed her eyes and thought about it for a few seconds. After finding that she couldn't figure it out, she didn't have too much entanglement and had to figure it out.

After all, the most important thing now is to see Fu Jingting.

Thinking, Rong Shu squeezed the palm of her hand and tried her best to calm herself down completely. Then she stood up again and walked to the room reluctantly, "Assistant Zhang, which hospital are you going to, I'll rush over right now?"

"Go to Dr. Lin. The hospital where you are." Assistant Zhang replied.

That is the first hospital.

Rong Shu nodded, "I see, I'll go right away, you take care of him, if anything happens, call me immediately."

"Don't worry, Miss Rong, I will." Assistant Zhang responded.

Rong Shu squeezed the corners of her mouth and hummed, put down her phone, and hurriedly changed into clothes, hurried out the door, and rushed to the hospital.

Along the way, she drove the car, and the steering wheel was gripped tightly.

Even because she squeezed too tightly, her hands were trembling slightly, causing the body to be out of alignment, and it would swerve from time to time, which was very dangerous. There was even a car behind her that lowered the window and yelled at

her, but she couldn't care about it. Biting his lower lip, he stared at the road in front of him with red eyes. At this moment, his mind was full of Fu Jingting's safety.

Although Assistant Zhang said that Fu Jingting was fine for the time being, it was only temporary after all. Is there anything wrong? She couldn't be completely relieved that she hadn't been sent to the hospital or heard the doctor's diagnosis.

Therefore, she must rush to the hospital as soon as possible and be by Fu Jingting's side as soon as possible.

However, sometimes, the more you think about something, the more difficult it is to achieve.

When Rong Shu drove to an elevated bridge, there was a traffic jam on the bridge, which made her feel irritable, patted the steering wheel and cried.

On the other hand, Assistant Zhang took Fu Jingting to the hospital in time.

Coincidentally, Lin Tianchen was on duty tonight.

Seeing Fu Jingting being brought in on a stretcher, Lin Tianchen was startled, "What's going on?"

"Mr. Fu passed out in a car accident, Doctor Lin, don't ask anything else, hurry up and save him. Our President Fu, hurry up." Assistant Zhang hurriedly pushed Lin Tianchen to the emergency room.

Lin Tianchen frowned coldly, obviously, he didn't like someone treating him like this.

He is not a doctor who likes to take care of the world, and even many times, he refuses to do operations that he can do.

Because he didn't want to do it, he was lazy, so he saw many people who could have survived under his scalpel, just missed the operation and died.

Even, he did not feel guilty once.

After all, who made him not have the emotions and emotions that normal people have.

Lin Tianchen pushed Assistant Zhang away, tidied up his wrinkled sleeves, and said in a cold voice, "You should be glad that your boss is Rong Shu's man, otherwise, based on your behavior just now, no matter how high your boss' status is. , I won't even save him."

"You..." Assistant Zhang was startled by his words, and immediately became furious.

But Lin Tianchen was not giving Assistant Zhang a chance to speak, and turned around and entered the emergency room.

Seeing this, Assistant Zhang could only suppress his anger.

Who let people go in to save people?

After scratching his hair, Assistant Zhang squatted down, took out his mobile phone and sent a message to Rong Shu, telling her that President Fu was already seeking medical treatment, and it was Lin Tianchen who went in to treat President Fu.

Seeing this news, Rong Shu's brows that have been knitted together, finally eased a little.

The person has been sent to the hospital, and Lin Tianchen is still attending.

Thinking about the probability of Fu Jingting being safe and sound, it's basically a good idea.

Rong Shu put her phone on her heart, raised her head slightly, and wept with joy. Her irritability, despair, and helplessness that she had been unable to make it to the hospital because of the traffic jam in her heart had eased a little now.

In the hospital, when I saw the reply from Rong Shu, saying that she was stuck in traffic on the road and might not be able to make it in a while, Assistant Zhang did not make trouble.

After all, traffic jams happen anytime, anywhere in the sea market.

On their way to the hospital, they encountered a traffic jam. If the police and cars hadn't cleared the way, they wouldn't be able to make it now.

"Sir, now your boss has gone to the doctor, so I need you and this lady to make a record and explain the specific reasons for the car accident." At this time, the traffic police came to Assistant Zhang with a pen and paper and a body recorder. , pointed to the woman in a wheelchair beside him, and said to Assistant Zhang.

"Okay." Assistant Zhang gave the woman a cold look, put away the phone, wiped his face, got up, and nodded in agreement.

The woman had no objection either, and replied as delicately as a mosquito, "Okay."

This was not a vicious car accident, but an accidental car accident, so the transcript was quickly completed.

Next is how to solve it.

"I am willing to compensate this gentleman for all the medical expenses and rehabilitation expenses, and I will be responsible for taking care of this gentleman until he recovers." The woman held the armrest of the wheelchair with both hands and looked at the door of the emergency room.

This is obviously the most reasonable solution.

But that's only for ordinary people, but it doesn't apply to Fu Jingting.

"Our boss doesn't lack that fee." Assistant Zhang stared blankly at the woman in front of him.

For some reason, he even felt that this woman was a little familiar.

But he had never seen the face of this woman.

Shaking his head, Assistant Zhang didn't think much about it, he just thought it was because he was overly concerned and returned to his cold and angry look, "My boss is the one who was injured, and as an assistant, I am not qualified to solve this matter for our boss, so the specific How to solve it, wait for our boss to wake up, and you don't want to leave until our boss wakes up!"

"Of course, I will never leave." The woman nodded in panic.

Assistant Zhang turned his head away, stopped looking at her, and stared at the door of the emergency room, waiting for Fu Jingting to come out.

The traffic police and the police have left the hospital with the statement and are going to the scene of the accident to deal with the accident car.

After the treatment is finished and the injured person wakes up, he will come over again and ask the parties whether they have discussed a solution.

If not, he will send the main responsible party to the police station and take legal channels to deal with it.

"That's right, this gentleman." At this moment, the woman suddenly controlled the wheelchair and came to Assistant Zhang.

Assistant Zhang raised his head and looked at her coldly, "What's the matter with you?"

"I want to ask you a question." The woman's eyes flickered, and then she said curiously, "The one you contacted in the car before was Is this gentleman's girlfriend?"

She glanced at the emergency room.

Assistant Zhang's brows were deeply wrinkled, and it became a Sichuan character, "What are you asking about this?" The

woman lowered her eyelids and smiled shyly, "It's nothing, I'm just curious."

"Oh." Assistant Zhang sneered unceremoniously, " Instead of being curious about this, you might as well think about what will happen if you hurt my boss!"

After speaking, Assistant Zhang turned to look at the door of the emergency room, ignoring this woman.

The woman's hand on the armrest of the wheelchair slowly tightened, and the timid expression on her face slowly dissipated. Instead, it was twisted and cold, staring at Assistant Zhang, even more poisonous. .

But soon, the woman put away these expressions and emotions, as if nothing had happened, lowered her head and said nothing.

The corridor was quiet for a while, and the atmosphere was particularly heavy.

After an unknown amount of time, the door to the emergency room opened.

Assistant Zhang heard the movement, stood up immediately, and walked quickly to the door of the emergency room.

The woman also slides the wheelchair to follow.

Lin Tianchen came out from the inside and took off his mask while walking.

Seeing this, Assistant Zhang quickly stopped him, preparing to ask Fu Jingting's situation.

As a result, before he could speak first, the woman beside him suddenly spoke first, "Doctor, how is the gentleman in there?"

Assistant Zhang frowned and gave the woman a cold look, clearly dissatisfied with the woman's behavior .

But in the end they were asking the same question, and he held back his anger.

Lin Tianchen lowered his head to look at the person who made the sound, his eyes behind the gold-rimmed glasses flashed a gleam of light, "Who are you?"

he asked.

The woman lowered her head and replied embarrassedly, "I... I am the one who hurt the gentleman inside."

Hearing this, Lin Tianchen's face sank immediately, seeing her cold eyes without a trace of warmth, "So it was you. The accident happened to the surnamed Fu."

"It's me..." The woman's head lowered.

Lin Tianchen squinted his eyes, "If it was in the past, and you killed the person named Fu, I wouldn't have any dissatisfaction, and I wouldn't even blink my eyelids, but now it's different, the person named Fu is the person I value the most. The man with the surname Fu, you bruised the person surnamed Fu, the sad thing is the person I value, so you plan to..."

"It's okay, Dr. Lin." Assistant Zhang interrupted him impatiently, "I know you are trying to make fun of you. The young lady is complaining, but now the most important thing is not this, it's the situation of President Fu, and when President Fu's situation improves, you can do whatever you want with this woman."

Of course, what he said was just deliberately exaggerating to scare the woman.

But if you really want to hand this woman over to Lin Tianchen, that's not enough.

After all, Lin Tianchen is a pervert. If this woman falls into Lin Tianchen's hands, what will happen to her.

"Oh? You can do whatever you want?" Lin Tianchen raised his eyebrows, as if interested.

Assistant Zhang glanced at the pale-faced woman and nodded slightly, "That's right."

"Sir, you..." The woman's eyes widened in disbelief, and her eyes gradually turned red and watery, "How can you do this? Just hand me over to someone else? It's true that I hurt your boss, but I didn't do it on purpose, so it's illegal for you to do it."

Assistant Zhang didn't even look at her, just pretended he didn't hear it.

Lin Tianchen turned the scalpel, and looked at the woman from head to toe. The more he looked, the more excited he became. "You have a pretty successful face."

"What?" Assistant Zhang was stunned for a while, obviously not realizing what he meant.

The woman's face changed greatly, and cold sweat came out of her forehead.

She subconsciously controlled the wheelchair to step back a little, pulled away from Lin Tianchen, and squeezed the hand on the armrest of the wheelchair tightly, and the veins on the back of her hand came out.

This person can see at a glance that she has plastic surgery!

Lin Tianchen ignored Assistant Zhang and raised his eyebrows slightly when he saw that the woman was avoiding him like a scorpion, "Why are you retreating? Isn't plastic

surgery a normal thing? Why are you so scared when I point out that you have plastic surgery? What?" The

woman's back froze, and then she realized that her subconscious reaction just now was a little too extreme, she quickly lowered her eyelids, covered the panic in her eyes, squeezed the corner of her mouth, forced a smile and said back and forth, "The doctor is joking, I It's not that I'm afraid, I just don't like being pointed out by people that it's plastic surgery. After all, girls like to say that it's pure and natural. When people point out plastic surgery in public, I'll be somewhat disgusted by the person who pointed it out.

" That's it." Lin Tianchen raised his chin and seemed to believe her words, then his eyes fell on her lap, "Not only did you have plastic surgery, but you also had height-enhancing surgery. At present, your legs are still recovering, so you can't walk, so you can only use a wheelchair. You have plastic surgery, and you have increased your height. I can see that your face is quite moving. Too many, the bones have been cut a lot, and the legs have also increased by a long section, and the calves are out of harmony. That is to say, you can't run or jump in the rest of your life, you can't even make big expressions, you can only be a porcelain doll , you are so cruel to yourself. "

Speaking of this, Lin Tianchen became more and more interested in the woman in front of him. "Seriously, I have seen many people who have undergone plastic surgery, both men and women, young and old, but they are as thorough as you, and let me, a doctor who is familiar with human skeletons, have plastic surgery. , I can't see your original appearance. This is the first time I have seen this situation. You have made me very curious about your original appearance. I really want to know why you are completely Makeover? Hearing Lin Tianchen 's

words, Assistant Zhang looked at the woman in amazement and couldn't help but agree that this woman was really cruel to

him. Although he knew little about plastic surgery, he still knew a little about height-enhancing surgery.

Because he had an elementary school classmate , is a stump leg, one is long and the other is short. In order to make the short leg as long as the long one, a heightening operation was performed, that is, the calf bone was cut off, and then artificial bone or medical steel pipe was placed in the middle to increase the leg. All in

all, this operation is very painful, and most people do not do it.

This woman dares to do it, but she is cruel to herself.

Seeing Lin Tianchen not only sees through his plastic surgery, but also sees that he has lengthened his legs, a woman The whole person is dumbfounded, and one side of the back is cold.

Is this person's vision a see-through eye? He

can even see this with the naked eye, which is unbelievable. At the same time, it also makes her feel extremely angry.

Come out, why say it, in case they suspect...

Chapter 761 Don't You Mind

The woman bit her lip and didn't think about it anymore. She took a deep breath to suppress the turbulent emotions in her heart, and squeezed out a forced smile again, "Doctor, that... the most important thing now, isn't the safety of the gentleman inside? Well, so let's talk about the current situation of the gentleman, as for my original appearance..." A

shadow flashed in the woman's eyes, and it was fleeting, "When the gentleman inside recovers, I will not. I will appear in front of you, so what I look like doesn't mean anything to you."

"That's right, Dr. Lin, this woman is a stranger to you, and it's okay for you to be curious about a stranger's appearance. What are you doing, so you should tell me about President Fu's current situation." Assistant Zhang also nodded in agreement.

Lin Tianchen's glasses were slightly reflective.

Indeed, this woman was a stranger to him.

It stands to reason that even if this woman turned herself into a toad, he should not be so interested in this woman.

But for some reason, he was just curious about the woman's original appearance.

Intuition told him that if he found out what this woman looked like, there would be surprises.

Thinking, Lin Tianchen pushed his glasses and said with a deep smile, "Alright, let's talk about Fu Jingting's situation first."

The woman's original appearance was not in a hurry.

He'll have time to figure it out later.

There is nothing he wants to know that he cannot know, unless he suddenly loses interest himself.

"Then say it quickly." Assistant Zhang clenched his fists and hurriedly urged.

Lin Tianchen glanced at the emergency room, "He's alright. The car accident didn't hurt him, it just hit the back of his head, but that's not the main reason for his fainting."

Assistant Zhang finally heard that Fu Jingting was fine. He was greatly relieved and paced with joy, "It's great, great, Mr. Fu is fine, I can also explain to the old lady, and my job is saved."

Next to it, the woman in the wheelchair was not surprised at all. On the contrary, she was obviously reluctant to accept the result.

It's okay, it will be okay!

Damn, why not just hit him.

God knows how happy she was when she learned that he passed out, thinking that he must be seriously injured.

As a result, I now tell him that the person is fine, but the back of the head bumped. This... The

woman clenched her fists and was full of unwillingness.

Assistant Zhang didn't know what she was thinking, and excitedly asked Lin Tianchen again, "Dr. Lin, what is the reason for Mr. Fu's fainting? Could it be..."

Having said this, he suddenly realized something and stopped. , turned his head to look at the woman beside him, and said coldly, "The next words are not for you to listen to, please go to the side."

His words were not discussions, but requests.

"Okay." The woman nodded meekly in agreement, then slid the wheelchair and went forward.

Where Assistant Zhang couldn't see, she lowered her head, her eyes flickering.

What does this person mean?

If she was not allowed to listen, could it be possible that Fu Jingting had some hidden disease in his body that no one could know about?

If that's the case...

the corners of the woman's mouth twitched, her eyes terrifying.

Here, Assistant Zhang looked at Lin Tianchen and asked again, "Dr. Lin, Mr. Fu fainted because of the heart, right?"

"Almost." Lin Tianchen turned the scalpel and replied lightly, "He should have been in a car accident. At that moment, the heart rhythm was too high, and his current heart couldn't bear that rhythm at all, so it stimulated the brain and passed out. Now it's all right, and it won't be long before he wakes up. I found it as soon as possible."

"I have found it." Assistant Zhang scratched his hair, "But the donor hasn't died yet, so the heart hasn't come over yet."

"Oh?" Lin Tianchen raised his eyebrows, "How long will the donor live?"

"About half a year."

Lin Tianchen nodded slightly, "It's still too late."

"With your words, I'm relieved." Assistant Zhang Big relieved and smiled.

He was worried that after Mr. Fu passed this time, the lifespan of the heart would be short, and he was afraid that he would not wait for the donor to die.

Fortunately, the answer given by Lin Tianchen made him no longer have to worry about this.

"Okay, the person will be transferred to the ward soon, take a night off tonight, and leave the hospital for me tomorrow, don't occupy the ward." After Lin Tianchen finished speaking, he sighed and turned away.

Ten minutes later, Fu Jingting was sent to the ward and hung up on the water.

Assistant Zhang and the woman naturally followed.

However, Assistant Zhang didn't stay in the ward for long, and went out to go through some formalities for Fu Jingting.

Before going, he specially kicked the woman out of the ward, closed the door of the ward, and prevented the woman from touching President Fu alone.

After all, who knows if that woman will do something to President Fu while he is away.

Of course, this woman would definitely not dare to kill such a thing.

But it's not necessarily a hooligan. After all, Mr. Fu is so good-looking, who knows if this woman will meet and get excited.

Thinking about it, Assistant Zhang repeatedly warned the woman not to sneak into Fu Jingting's ward before leaving with confidence.

However, as soon as he left, the woman's back foot changed her obedient appearance. After looking at the direction he was leaving, she smiled disdainfully, and then opened the door and went in directly.

On the other side, after waiting for a long time, Rong Shu finally arrived at the hospital.

She took out her mobile phone and called Assistant Zhang to ask about Fu Jingting's current situation.

After learning that Fu Jingting was all right, he just hit the back of the head and was in a coma. After a good night's sleep, he could be discharged from the hospital tomorrow. He finally felt relieved, and the big stone he mentioned was finally put down.

Afterwards, she asked about Fu Jingting's current ward location, smiled slightly, put away her phone, and went to take care of Fu Jingting.

As a result, as soon as he came to Fu Jingting's ward and opened the door, the smile on his face froze.

I saw a woman sitting beside Fu Jingting's hospital bed, holding a white wet towel in her hand, bending over to wipe Fu Jingting's face, her movements were very gentle.

It's like a couple in a good relationship, the husband is sick, and the wife takes care of it by the side, not to mention how touching.

If it wasn't for the person lying on the hospital bed now being her boyfriend, maybe she would really feel moved and praise them for their good feelings.

But the fact is that lying on the hospital bed is her boyfriend, but at this moment her boyfriend is being taken care of by a woman she doesn't know.

How this made her happy.

Especially the woman, who doesn't look like a nurse yet.

After all, how can there be a carer in a wheelchair, it is inconvenient to walk on his own, and he also takes care of others.

And that woman is so pretty!

“Who are you?” The woman obviously didn’t expect someone to come over at this time, she turned her head to look at Rong Shu with a puzzled face, and asked in a gentle voice.

Rong Shu’s red lips pursed, and without answering, she let go of the door handle and walked in with her feet raised.

If it was her from the past six years, seeing this scene, she would definitely be sad, and without asking what was going on, she covered her face and cried and ran away.

But now she won’t, she’s absolutely sane.

She has never seen this woman, she doesn’t know it, and she has never seen it around Fu Jingting, so she definitely won’t have anything to do with Fu Jingting.

Come to think of it, the only situation is that Assistant Zhang said on the phone before that it was the culprit that caused them to have a car accident.

Rong Shu came to the hospital bed with a cold face, first looked at the towel in the woman’s hand, and then looked at the position of the woman’s other hand, her face sank, and her voice coldly said, “This lady, it’s okay. Could you please take your hand off my boyfriend’s chest?”

“Boyfriend?” The woman was stunned, then reacted, “So you are this gentleman’s girlfriend, sorry.”

She took her hand from Fu Jingting’s chest and smiled at Rong Shu, “I’m sorry, miss. , I didn’t do it on purpose, I just wanted to wipe this gentleman’s face, so I put my hand on it accidentally, shouldn’t you mind?”

She said apologetically, but there was no apology on her face. Instead he smiled.

That smile, no matter how you look at it, has a provocative flavor.

Especially the sentence 'You shouldn't mind it', the proper smell of green tea proved her provocation even more.

Rong Shu was about to be pissed off.

She probably knew why this woman was deliberately provoking her, and she must have fallen in love with Fu Jingting.

After all, Fu Jingting is good-looking, has a good height, a good figure, a top-notch temperament, and a net worth of hundreds of millions.

It's no wonder that such a superb man will not be targeted.

Thinking about it, Rong Shu looked at the man who had not woken up with his eyes closed on the hospital bed, feeling angry, angry and distressed.

Annoyed is how long it has taken to hook up with a rotten peach blossom.

What was distressing was that he was lying here with a bandage wrapped around his head, and it was painful at first sight.

With a sigh, Rong Shu knew that the appearance of this green tea was not Fu Jingting's fault, so after getting angry for a while, Fu Jingting withdrew his eyes, turned his eyes to the woman in front of him again, and said in a cold voice, "Who said I don't mind, I am very Mind, get out of the way!"

She said unceremoniously and with a hint of majesty, urging the woman to get away from the hospital bed quickly.

The smile on the woman's face froze, obviously she didn't expect Rong Shu to speak so directly, without giving her face at all, a sullen look flashed across her eyes for a while, but it disappeared quickly, and a gentle and gentle smile appeared again, "I'm sorry, miss, I know you mind my presence, but I really can't let it go, because it was the gentleman I caused the accident, so I must be responsible for it, I want to stay by this gentleman's side to take care of him, I hope you will understand until he recovers."

Rong Shu was stunned by her tea talk, she never thought that this woman would say such high-sounding remarks in order to stay by Fu Jingting's side, it was disgusting through.

Rong Shu's face was very ugly, looking at the eyes of the woman in front of her, there was no warmth, only full of anger and disgust, "Miss, you caused my boyfriend to lie here, you should be responsible, but the way to be responsible. There are thousands of kinds, I don't think my boyfriend needs to be responsible for your care, after all, my girlfriend is here, and it should be my business to take care of it, so I advise you to take care of yourself."

Rong Shu thought that she It sounds good enough.

After all, no woman has a good attitude towards staring at her boyfriend's green tea.

Some grumpy, just pointed to the nose and scolded.

And she was just a little harsher.

I hope this woman is a little bit cheeky, knows what shame is, and gets out of the way, otherwise, she will never be polite.

She is no longer the weak Rong Shu in the past. Now, she would rather let others suffer than herself.

However, Rong Shu still underestimated the thickness and shamelessness of the woman in front of her.

The woman stared at Rong Shu, seemingly hurt by Rong Shu's words, her eyes reddened and she started crying.

Rong Shu frowned tightly, "What are you crying for?"

The woman covered her face and sobbed softly, "Miss, I know you don't like me taking care of your boyfriend, but I really don't mean to take care of your boyfriend, I really just want to take care of this gentleman, after all, I hurt him like this , if I don't do something, I will feel bad, I will feel remorse, I will feel ashamed, I will feel breathless, so Miss, I hope you can give me a chance to atone, let me take care of this gentleman, But don't worry, miss, I will never do anything else to this gentleman, I really just want to atone for my sins, to atone for the guilt in my heart, otherwise I..."

"Otherwise what will you do?" Rong Shu's face became colder.

The woman bit her lip, "Otherwise, I will live in a sense of guilt forever, and I will be uneasy for the rest of my life, and I may even lose my mind..."

"Really?" Rong Shu narrowed her eyes.

The woman nodded again and again, "Yes."

"Oh!" Rong Shu sneered, "What's the matter with me?"

"What?"

The corners of Rong Shu's mouth evoked a cool arc, "I said, do you want to switch me off? I can't really give my boyfriend to a woman with bad intentions just because of your feelings. Sorry, I Not that generous!"

After speaking, Rong Shu glanced at the dazed woman in disgust, then directly pulled the woman's wheelchair and pulled the woman away from the hospital bed.

Because the wheelchair was pushed by Rong Shu, the wheel rolled forward uncontrollably, and drove the woman directly a few meters away.

If the woman hadn't reacted in time and quickly controlled the wheelchair to stop, the woman might have been taken out of the ward by the wheelchair.

The woman controlled the wheelchair and turned around, looking at Rong Shu who was sitting beside the hospital bed and gently stroking Fu Jingting's forehead, her face twisted, but she still quickly recovered, and said with grievances and injuries, "Miss, you It's too much, I just want to be responsible for my actions, don't you feel too indifferent if you refuse to give me this opportunity?"

She never thought that this woman was so ruthless.

She even said what she couldn't think of, and this woman didn't mean to be soft-hearted .

Is this still the Rong Shu from the past?

The woman frowned fiercely.

Rong Shu used a cotton swab dipped in water to gently moisten Fu Jingting's lips, ignoring the green tea behind her.

She knew that the more reasonable this green tea was, the more effective it would be. Every time she said a word, she was complimenting her.

She was stupid to fight with green tea, and jumped into the pit of green tea by herself.

Seeing that Rong Shu ignored her, the woman's hand holding the armrest of the wheelchair trembled because of too much force, her eyes turned blood red, and she was even more angry.

When did this Rong Shu become such a tough bone?

Just as the woman bit her lip and wanted to deliberately stimulate Rong Shu, she heard footsteps outside the door, accompanied by Assistant Zhang's puzzled voice, "How did the ward door open?

" A document appeared at the door of the ward, ready to find the woman who caused Mr. Fu's accident to settle accounts.

After all, before he went to work, he told the woman to stay outside and not to enter President Fu's ward.

But now that he came back and looked, the door of the ward was open, and the woman who was supposed to be outside was nowhere to be seen at the moment. It could be seen that the woman definitely didn't listen to him and opened the door and went in.

Thinking about it, Assistant Zhang's face darkened, and he entered the ward gloomy.

As a result, I came in and saw that there was not only that woman, but also Miss Rong in the ward.

Seeing Rong Shu, the gloomy look on Assistant Zhang's face swept away, and he smiled in surprise, "Miss Rong, you are finally here."

Rong Shu threw away the cotton swab, put the water glass aside, turned around, and faced Assistant Zhang. Nodding slightly, "Yes, there is a traffic jam on the road, otherwise it would have arrived long ago."

"It's not too late. With you by his side, Mr. Fu must be very happy when he wakes up." Assistant Zhang said with a smile.

Rong Shu also smiled, then thought of something, the smile faded, looked at the woman sitting in a wheelchair not far away, and sneered, "But I'm not the only one who wants to wake up with your Boss Fu. "

What?" Assistant Zhang was stunned for a moment, then he understood something, and also looked at the woman with a bad look.

Rong Shu didn't intend to give face to this woman.

After all, she gave this woman face at first, but this woman didn't cherish it, so no wonder she ripped off all the woman's fig leaf and shame.

"This lady, before I came in, she was taking care of your Boss Fu, and I told her to step aside, saying that your Boss Fu would have a girlfriend like me to take care of, and she didn't need a stranger, but this Miss is just unwilling to say that it is her fault for your family's president. She wants to stay by your family's president's side and take care of your family's president until he recovers, saying that this will make her feel better and let me be fulfilled. , and also said that if I didn't complete it, she might not think about it."

“...” After hearing Rong Shu’s words, Assistant Zhang’s mouth twitched and twitched.

It turned out that such a bloody thing happened during the time he was away?

Assistant Zhang looked at the woman even more badly, “No wonder you suddenly inquired about Mr. Fu’s girlfriend in the emergency room before. It turns out that you have your eyes on Mr. Fu.”

“I don’t.” The woman’s face panicked, and then she quickly shook her head. He waved his hand, indicating that he really didn’t.

But the look of her blushing, flustered and guilty conscience shows that she is lying.

Rong Shu frowned in disgust, “Assistant Zhang, she’s left to you, I don’t want to see her.”

Who wants to see a green tea staring at her boyfriend.

She ate too much.

“Okay, Miss Rong.” Assistant Zhang nodded with a serious expression, and then said to Rong Shu embarrassedly, “Miss Rong, I’m really sorry, I didn’t put her in Mr. Fu’s ward, she slipped in by herself, I went to go through the formalities for President Fu and warned her specifically that she should wait outside and not be allowed to enter President Fu’s ward, but I didn’t expect... In short, Miss Rong, you believe President Fu, President Fu has absolutely nothing to do with this woman. You must not misunderstand.”

He was afraid that Miss Rong would misunderstand that Mr. Fu was having an affair with another woman, and then angrily announced that it would be troublesome to break up unilaterally.

Thinking that when President Fu woke up and found that the wife he had been pursuing so much had flown back, he would definitely screw the head of the indirect culprit.

Seeing what Assistant Zhang was worried about, Rong Shu covered her lips and smiled, “Don’t worry, Assistant Zhang, I won’t misunderstand, when I came in, Mr. Fu of your family was in a coma, so what can he have with this lady? “

If Fu Jingting was sober at the time, he would have let this woman take care of him.

Then she will really get angry.

Hearing what Rong Shu said, Assistant Zhang breathed a sigh of relief, “That’s good, that’s good, then I’ll take her out first, Miss Rong, please accompany Mr. Fu, Mr. Fu is

fine, just hit the back of the head and fainted. Yes, you can be discharged from the hospital tomorrow.”

“I know, you said it before.” Rong Shu nodded.

“I’m afraid you’ll forget it again.” Assistant Zhang pushed his glasses and smiled, then quickly changed his face, and took the woman in the wheelchair out with a gloomy face.

Ever since Rong Shu took off all the figurines, that woman kept her head down and didn’t say a word anymore. It was completely different from the fickle green tea before Assistant Zhang came back. She seemed to really know the shame. Ashamed.

But Rong Shu felt that this was unlikely.

After all, green tea is very thick-skinned, and there is no normal three views and shame.

Therefore, she definitely didn’t think that this woman would really feel ashamed, so she suddenly became silent and pretended to be a quail, and she might have some big move in her heart.

But Rong Shu didn’t think much about it. After all, this woman might wake up tomorrow and be sent away.

At that time, she and this woman will never be seen again, so there is no need to think about these things.

It’s just that she doesn’t know why, she always feels that this woman looks familiar, as if she’s seen it somewhere.

Where is it?

Rong Shu lowered her eyes and thought for a while, but she really couldn’t remember, so she simply gave up, and then tucked Fu Jingting, lying on the bed and fell asleep.

She was so tired, her body was already sore, and she was worried about Fu Jingting, she was always restless, and she was very nervous.

Now that she saw Fu Jingting and knew that he was okay, her tense heart and body were completely relaxed.

And when you relax, you are greeted with exhaustion and sleepiness.

Therefore, she did not treat herself badly, and she must guard Fu Jingting’s intention to wake up, but chose to rest directly.

After all, if he doesn’t rest well, how will he take care of him tomorrow?

Outside, Assistant Zhang, who had successfully sent the woman away and asked the woman to come back tomorrow, raised his hand and knocked on the door of the ward, "Miss Rong, can I come in?"

However, there was no response from the room.

Assistant Zhang was a little puzzled.

Isn't Miss Rong in there?

Thinking about it, Assistant Zhang opened the door to take a look, but when he saw Rong Shu holding Fu Jingting's hand and falling asleep beside the hospital bed, he breathed a sigh of relief, "So I didn't leave."

He just said , where can Miss Rong go so late!

Assistant Zhang saw that Rong Shu and Fu Jingting were still holding hands when they fell asleep, so sticky, they couldn't help but feel like they had eaten a mouthful of dog food.

Afterwards, he hurriedly closed the door and didn't look any further.

So as not to look more and more unbalanced.

It was originally, he and Fu are always the same age, and President Fu has gone through a divorce and reconciliation, and he is still a single dog.

Therefore, seeing Mr. Fu and Miss Rong living together in two places, it is simply asking for guilt.

Time passed quickly, and it soon came to the middle of the night.

Fu Jingting was awakened by thirst, he frowned slightly , then opened his eyes.

His eyes were first flashed by the bright incandescent light, and then he closed his eyes subconsciously. After a while, he slowly opened his eyes again.

This time, his eyes had adapted to the light and could see clearly.

Looking at the white ceiling above his head and the monotonous and shapeless lamps, he couldn't help but frown.

where is this?

Fu Jingting turned his neck and continued to check the surrounding environment. When he saw the infusion stand next to him, he realized that he was in the ward.

At the same time, he also guessed the answer to how he appeared in the ward.

When Zhang Cheng drove his car into a roadside flower bed, his heart was greatly stimulated, and he fainted due to the severe pain.

Maybe it was after he fainted that Zhang Cheng sent him over.

Fu Jingting's thin lips pursed, and he was not worried at all about his current situation, whether the heart problem was serious.

For him, as long as he survives, it is not serious.

What's more, his heart no longer hurts now, so obviously, he should be out of danger.

Now that you are out of danger, there is no need to rush to know what's going on with your heart.

What he is most worried about now is whether Rong Shu knows about his car accident and whether Zhang Cheng told her.

If she found out, did she faint on the spot?

Just thinking about it, Fu Jingting felt that something suddenly scratched his right hand.

He was startled for a moment, then quickly looked towards his right hand, and saw a figure lying beside his bed at the moment, burying his head in a deep sleep.

And the man's hand was holding his hand.

Probably because the man had just had a dream, and his subordinate moved a little, so he felt itchy.

And even if this person couldn't see his face, Fu Jingting recognized who it was at a glance.

It is Rong Shu.

This Time, I Will Get My Divorce Chapter 764

Fu Jingting's cold eyes suddenly showed tenderness.

He gently pulled his hand out of Rongshu's hand, so as not to wake her up, and then gently touched her head again.

Since she is here, the answer is obvious, Zhang Cheng told her the news of the car accident.

When she heard it, she must have been frightened, right?

A trace of guilt flashed across Fu Jingting's face, and he lifted the loose hair covering her cheeks for her, so that she could breathe more smoothly.

Then, he took his hand back, lifted the quilt and got out of the hospital bed, stood beside her, bent over and hugged her.

Rong Shu didn't sleep very deeply. After she felt someone touch her in her sleep, she woke up immediately.

When he opened his eyes, he saw a handsome face.

Rong Shu thought that she had seen it wrong, and quickly blinked her eyes to make herself completely awake.

When she woke up and looked at it again, the face was still in front of her, and she knew that she was not mistaken, it was really him.

A surprised smile appeared on Rong Shu's face immediately, "Fu Jingting, you..."  
Before she could finish

her words, she suddenly felt that her posture was wrong, she turned her head slightly, only to realize that she was actually being held in his arms.

"Awake?" Fu Jingting looked down at the woman in his arms with a soft voice, "Sorry, I woke you up."

Rong Shu shook her head, "It's nothing, I didn't sleep too deeply, but what are you doing? Well, put me down quickly."

He was a wounded himself, how could he hug her.

However, Fu Jingting didn't listen to her and put her down, but put her directly on the hospital bed, where he was lying before, "I see you sleeping like that on the side of the hospital bed, it's not good for your spine and neck, tomorrow morning It's time for the pain, so I wanted to put you on the bed to make you sleep more comfortable, but I didn't expect to wake you up."

"That's it." Rong Shu smiled slightly.

The place where he lay still had his body temperature. After she lay in, her body immediately felt warm.

Coupled with what he just said, it made her heart warm.

“But you don’t have to worry about me. You are still a patient. This hospital bed is for patients. How can I lie on it, so you should sleep by yourself.” Rong Shu said, she was about to lift the quilt and get down.

Fu Jingting frowned, then held down the quilt, preventing her from lifting the quilt, and said in a tone of indifference, “I told you to sleep, you can sleep, don’t come down, be obedient.”

Rong Shu looked at him, not knowing whether to laugh or cry, “Why are you? So domineering?”

Fu Jingting touched her face, “I’m not domineering, I just feel sorry for you.”

Rong Shu felt warmer in her heart, and the smile on her face became gentle.

“Okay, go to sleep, I see the sleepiness in your eyes is still there, just woke you up, you must not have slept well.” Fu Jingting tucked her quilt and said.

Rong Shu hummed, suddenly moved to the side, and then patted the position beside her.

Fu Jingting raised his eyebrows, “This is you?”

“Although the bed is not very big, it’s okay for two people to squeeze together, so let’s sleep together.” Rong Shu looked at him.

He wouldn’t let her down, and she couldn’t let a patient of him sleep on the side of the bed like she just did.

So, she had to let him squeeze in too.

Fu Jingting listened to Rong Shu’s words, his eyes were obviously bright, “Are you inviting me?”

Rong Shu rolled his eyes at him, and then said funnyly, “Yes, I am inviting you, so Mr. Fu, come up quickly.”

Fu Jingting There was a smile in his eyes, but he pretended to be reluctant to agree to you, and replied with a light cough, “Okay, since you said that, then I’ll lie down.”

“You’re still reluctant?” After he lay down, Rong Shu patted his shoulder angrily.

Fu Jingting turned to his side, and took her into his arms, hugging her tightly, “How is your body? Is it still painful?”

He bit her ear and asked.

Rong Shu didn't expect that he would be able to take advantage of her in the hospital bed, and the corners of her mouth twitched, "It was you who had the car accident, and it was you who suffered the pain, why did you ask me? Could it be that you had a car accident and I hurt? Fu Jingting laughed softly, "

It seems that you don't understand what I mean, what I said is, do you still have pain there?" As

he spoke, his hand around her waist suddenly moved down.

Rong Shu understood everything in an instant, her eyes widened, she quickly put her hand into the quilt, grabbed the man's groping hand, her face flushed red, she gritted her teeth and said, "Fu Jingting, what are you doing?"

Fu Jingting looked at her innocently, " I just want to check for you, do you still feel pain?"

"Don't come!" Rong Shu immediately shook his hand away, "Whether you want to check or do something bad, you know and I know."

"No. !" Fu Jingting was still pretending to be innocent.

Rong Shu immediately shook off the hand that was holding him around her, then turned his body to his side, turned his back to him, and ignored him.

Fu Jingting also knew that he was playing a big game now, after all, women are thin-skinned, so how can they stand up to such provocation.

No, I'm angry.

"Cough." Fu Jingting looked at the back of the woman's head, coughed knowingly, then moved forward, his chest pressed against the woman's back, and wanted to put his hands on the woman again and put her in his arms again .

However, Fu Jingting's hand just touched Rong Shu's body.

Rong Shu bumped his elbows back and pushed his hands away, "Don't touch me."

Fu Jingting did not choose to give up because of the woman's refusal. locked in his arms.

Rong Shu was stunned for a moment, then began to struggle hard.

Fu Jingting raised his head slightly, put it next to her ear, and said in a low and hoarse voice, "Don't move around, my arm is not yet healed, do you think my arm is broken

again? Also, I just had a car accident and my head is still dizzy, Do you want me to pass out again?"

Rong Shu immediately froze as soon as she said this.

After a while, she looked at the opposite wall, bit her lower lip and said with a wry smile, "Fu Jingting, you really always have a way to make me compromise."

Fu Jingting buried his head in her neck and laughed softly, "It's not that I always There's a way for you to compromise, because I know you love me, so you'll think about me, and of course, so do I." As

he spoke, he turned her around.

Rong Shu didn't resist either, he followed his movements and turned around, lying face to face with him.

Fu Jingting raised his hand and touched her cheek, playing with her smooth black long straight hair, and said with a hint of apology in his voice, "I'm sorry I made you angry just now, but I really think that way, I really just want to check. Let's talk about your injuries, after all, I'm not a bird or a beast, how could I really treat you like this regardless of your recovery."

Rong Shu's eyes flashed.

So, he really wasn't pretending to be stupid just now, was she misunderstanding?

Thinking about it, Rong Shu's face was somewhat embarrassed, and her eyes turned away, "Forget it, I forgive you."

"Thank you." Fu Jingting laughed.

Rong Shu was silent for a few seconds, then raised her eyes to look at him, her voice became much smaller, "I've gotten better there, it's not as painful as it was during the day, it's the medicine you got people to buy that is good."

"That's good. Fu Jingting leaned over, kissed her red lips, and then said, "Sorry for hurting you last night. I was just too happy because I finally got you, so I forgot to be careful for a while. It won't be like this in the future."

Rong Shu hummed, "That's what you said."

"I said it!" Fu Jingting nodded.

Only then did Rong Shu purse her lips slightly, and she felt completely relieved, "It's almost the same, but what about you?"

"Huh?" Fu Jingting asked in a low voice, "What's wrong with me?"

"Of course it's those on your back..." Rong Shu squeezed the corners of her mouth awkwardly, "I mean, those scratches on your back..."

Fu Jingting finally understood what she was going to ask. She answered with undisguised pleasure, "It's better now."

"That's good." Rong Shu let out a sigh of relief, and then said again, "Then you don't want to know, what is your current situation? After you came, you didn't ask me about your current situation."

"I really didn't ask." Fu Jingting nodded solemnly.

Rong Shu patted him on the chest angrily, "Why, I said this, I just want you to take the initiative to ask what's going on with you now, you have a car accident yourself, don't you care about your health?"

In the end, he was fine, and he didn't ask a word, as if it wasn't him who had the accident.

Fu Jingting squeezed the hand she put on his chest and smiled softly, "Don't be angry, the reason why I didn't ask is that I probably guessed that I'm fine, if I really have something to do, look at me when I wake up, I won't. Except for the initial surprise, it was very calm after that, so I was pretty sure I guessed right, I really have nothing to do, am I right?"

He took her hand out of the quilt and put it on the Kiss on the lips.

Rong Shu snorted, "Okay, you guessed it right, you are really fine, Assistant Zhang said, you fainted because the back of your head was hit, and you can be discharged tomorrow."

"So that's the case . ." Fu Jingting raised his chin to indicate that he understood, but other expressions flashed in his eyes.

For this reason, Zhang Cheng deliberately told her to lie to her.

After all, he knew very well how much his heart hurt before he fainted.

Of course, the back of the head does hurt, but that kind of pain will definitely not cause a coma.

So what made him comatose naturally had a heart reason.

And he had told him not to tell Rong Shu about his heart, so naturally, Assistant Zhang could only find other reasons to deceive Rong Shu.

It just so happened that he did bump the back of his head, which was the best explanation for his coma.

And seeing Rong Shu's appearance, she didn't doubt it, she believed it directly.

This made him heave a sigh of relief.

Just thinking about it, Fu Jingting suddenly felt something on his face.

Looking down, it turned out that Rong Shu suddenly sat up, squeezed his face tightly with both hands, and looked at her with a serious expression, "Fu Jingting, did you know that I heard Assistant Zhang say tonight. You got into a car accident, how scared am I? I was so scared that I almost fainted. In order not to pass out, in order to know how serious the car accident was, I pinched my thighs and stimulated myself with pain. I..."

"What?" Before she could finish her words, Fu Jingting's expression tightened, and he sat up abruptly, "You pinched your thigh?"

Rong Shu blinked, "In order to stay awake and calm, I pinched myself. Pinch yourself."

"Who made you do this to yourself?" Fu Jingting looked at her with a stern expression on his face.

Rong Shu's eyes widened, "I didn't do it for you, but you actually murdered me?"

For a while, she felt somewhat aggrieved.

Fu Jingting also realized that his tone was a little rushed, and his attitude softened, "I'm sorry, I didn't kill you, I just feel bad for you, doesn't it hurt to pinch myself?"

Rong Shu snorted, "What do you say? But in order to keep Sober up, don't let yourself really faint, I can only do this, who made you go out in a good way and get into a car accident, it's all your fault, if you don't have a car accident, can I pinch myself, and you're better in the end , in turn, blame me for doing something wrong."

Fu Jingting pursed his thin lips and was speechless.

Because the biggest mistake is indeed him.

Rubbing his brows, Fu Jingting looked at Rong Shu with shame, "I'm sorry, I scared you, do your legs still hurt? Show me."

Then he bent over to check.

Rong Shu shrank her thighs, "No, it's fine now, it was just that the pain was painful at the time, but it's gone now, and I'm wearing pants, so it's inconvenient to pick it up, if you want to see it, go back tomorrow and see it again. "

Fu Jingting was not satisfied with her rejection.

After all, she cared about her, but she was unwilling to accept it, so it was impossible for her to be in a good mood.

But then he heard her say to go back and look again, which made his originally gloomy mood suddenly turn from cloudy to sunny and for the better.

Looking at the corners of his mouth, Rong Shu knew what he was thinking, and shook his head with a smile.

But in the next second, her little face sank.

Fu Jingting frowned slightly when she saw her face changing so fast, and vaguely guessed that the next big dish was going to be served.

Sure enough, Rong Shu folded her arms and looked at him coldly, "Fu Jingting, I heard Assistant Zhang say that the reason you got into a car accident was because a woman ran a red light and crossed the zebra crossing, and Assistant Zhang didn't have time to brake, so you let Assistant Zhang hit the flower bed, right?"

Fu Jingting hummed, "Yes, or you will hit that woman."

When it came to the woman crossing the road at that time, Fu Jingting's face was full of annoyance.

This kind of person who runs a red light and doesn't care about his own life or the lives of others is the most disgusting existence.

Rong Shu saw Fu Jingting's dislike for that woman, and was comforted in her heart.

She was happiest when he didn't want to see that woman.

Although she knew, he didn't know that woman, and he couldn't have anything to do with that woman.

but she was very concerned about the scene where the woman took care of him by his side before, and was very disgusted.

So now that she saw that he hated that woman, she was naturally relieved.

“Although you did this at the time, you didn’t want to bump into people, but have you ever thought that it was you who had the accident in the end?” Rong Shu took the initiative to lean on Fu Jingting.

This surprised Fu Jingting, and quickly reached out and hugged her.

Rong Shu looked up at him, smiling.

He really can climb up the pole.

“I calculated at the time that hitting the flower bed at that distance and speed would not be a big problem, so I let Zhang Cheng hit him.” Fu Jingting said with his chin on Rong Shu’s head.

Rong Shu pursed her red lips, “Yes, you calculated that there would be no big incident at that time, because there happened to be a flower bed nearby at that time, but if the accident happened not there and there was no flower bed around, what would you do? Do you want Assistant Zhang to hit the side too? If there is an opposite lane next to you, didn’t you collide with the opposite car, both of you are going so fast, once you collide, there is a possibility of death in the car accident, so Fu Jingting, I’d rather you hit that woman directly than something happened to you, you know?”

She looked at him with red eyes.

It’s not that she is cruel and supports him in hitting people.

But she wished him well more than a stranger.

When Fu Jingting heard Rong Shu’s words, his pupils shrank slightly, and there was obvious surprise in his eyes.

He knew how kind she was.

But now, she is willing to abandon such kindness for his safety.

This is enough to show how much she values him.

Thinking of this, Fu Jingting hugged Rong Shu hard, as if to embed Rong Shu into his body, his voice was hoarse, with a hint of excitement, “I know, it won’t happen in the future, I won’t let you be afraid again.”

“Really?” Rong Shu turned her head slightly to look at the man’s profile.

“Really!” The man nodded.

“You’re sensible.” Rong Shu let him go.

Fu Jingting smiled lightly.

Rong Shu suddenly thought of something, a strange light flashed in his eyes, and then looked at him with a half-smile, “By the way, don’t you want to know about the woman who caused you in the car accident?”

Fu Jingting frowned, “Why should I Do you know about her?”

“Of course it’s because she is also one of the protagonists of this incident.” Rong Shu continued to stare at him.

Fu Jingting raised his eyebrows, feeling somewhat ominous in his heart.

She seemed to be calculating something.

“No matter what she is, just let Zhang Cheng deal with it.” Fu Jingting lightly opened his thin lips and said in a low voice, “If you need to pay compensation, you should go to legal proceedings.” The

other party is just a reckless red light.

He wouldn’t take revenge on that woman like he did with his enemies, but equally, he wouldn’t be so kind that he didn’t want any compensation.

“That’s what I said, but I don’t think Assistant Zhang can handle this matter.” Rong Shu said in a playful tone.

Fu Jingting frowned even tighter, “What do you mean?”

Rong Shu didn’t give a shit, looked at him resentfully and replied, “It means, that woman fell in love with you right away.”

“What?” Fu Jingting was stunned. Rong Shu rolled her eyes, then grabbed his ears, and shouted loudly

, “I said, that woman has a crush on you, how is it? Are you happy?”

Come over, the corners of his mouth twitched, “What’s this all about?”

“It’s true.” Rong Shu pouted, “That woman just fell in love with you.”

Seeing the uncomfortable expression on the woman’s face, Fu Jingting stretched out his hand and squeezed her face gently, “Okay, don’t talk nonsense, you think I saw the other party was a woman at the time, so I asked Zhang Cheng to turn a corner and not hit her directly, just I think it’s because I have a feeling of pity and cherish jade, so I said this on purpose, to test me?”

Rong Shu was immediately laughed at by his words, “Who is testing you, I don’t have that kind of leisure, what I said is true. Yes, that woman really likes you.”

Her tone was sour, but the seriousness in it was not concealed at all.

Fu Jingting’s expression sank, realizing that she was really not joking, for a moment, her thin lips pursed into a straight line, “That woman...” Before he could finish

his words, Rong Shu suddenly said again, “Yes, you are so much money. And handsome, it would be strange if that woman had no idea about you, and you should doubt your own charm, right, Mr. Fu?”

Mr. Fu immediately made Fu Jingting laugh out loud, then looked at her with affectionate eyes, “My charm will only be shown to you.”

Rong Shu sneered, “The devil believes in you, if your charm is really only shown to me, what happened to this woman? What happened to Rong Yuan? In the circle What happened to those young ladies? Those who are calling your husband online, tell me what’s going on?”

“...” Fu Jingting was silent, having nothing to say, until after a while, he became thin. His lips moved, and he spit out a sentence, “That’s probably because they are blind.”

“Pfft!” Rong Shu didn’t expect him to say such a thing, and suddenly laughed.

Seeing her smiling so happily, Fu Jingting knew that she was not angry, so he let out a light sigh of relief.

A minute later, Rong Shu finally stopped laughing, wiping the tears from the corners of her eyes and looking at him, “I really didn’t expect that you would use such a self-deprecating reason to explain your charm, but I am very l’m happy, I’ll forgive you this time.”

Fu Jingting also laughed, “Then thank you, Her Lady Queen.”

“My Lady Queen?” Rong Shu raised her eyebrows and said with a smile, “It’s a good name, I like it.”

The two laughed and quarreled for a while, and Fu Jingting asked about the business, “By the way, how can you be sure that the woman is eyeing me, and you have seen her?”

“No.” Rong Shu snorted, “Because I saw her. Only then did I know that she fell in love with you. When I came, she was sitting beside you, wiping your face and taking care of you. Like that, don’t take it too seriously. When I came in, I just said yes. Your girlfriend, it stands to reason that when most people hear the arrival of a female girlfriend, they should obediently step aside to avoid misunderstanding by other girlfriends, but she is good, she has no intention of letting go at all, and instead asks me not to mind.

” Here, her little face turned cold, “It’s not over yet, after that she kept crying with me, and said she had to take care of you, and if I chased her away, she also said that she might not be able to think about it. Threatening and provoking me, in short, it’s amazing to meet such green tea!” Fu Jingting clenched her

hand, “I’m sorry, I made you feel wronged.”

Let your loved ones suffer such humiliation.

If he had known earlier, he would have let Zhang Cheng hit him directly.

Thinking of this, Fu Jingting’s eyes flashed a cold and stern look.

Rong Shu didn’t know what he was thinking, so she shook her head, “I haven’t suffered any grievances, and now I am not the one who will make myself wronged, so I threw her away.”

“Oh?” Fu Jingting was curious , “How did you throw it away?”

“Of course she grabbed her wheelchair, pushed her forward, and pushed her away.” Rong Shu raised her chin and said proudly, “You didn’t see that woman at that time. My face is ridiculous.”

Seeing her talking, her eyes were smiling and staring, Fu Jingting’s eyes were so tender that they almost melted, “Although I didn’t see it, I can imagine what you did. Good!”

“That’s it!” Rong Shu’s chin lifted higher.

Seeing this, Fu Jingting stretched out his hand and scratched, as if he wanted to scratch a cat.

Rong Shu clapped his hand away angrily, “Why?”

Fu Jingting just smiled, "You were cute just now." "Why do you need to say that?" Rong Shu squinted at him.

Fu Jingting rubbed her head, and then asked, "By the way, where was Zhang Cheng at that time? Where did he go? I put that woman in my ward, but I didn't find a trace."

Fu Jingting said with a bad expression, obviously I was very dissatisfied with the absence of Assistant Zhang at the time.

Rong Shu leaned on his chest, "Don't blame Assistant Zhang, he went to go through the formalities for you at that time, and before he went, he ordered the woman not to enter your ward without permission, but the woman didn't listen. After leaving, I sneaked in, and then I came. After a while, Assistant Zhang came back. After that, Assistant Zhang took the woman away, where it was taken, and how to deal with it. I didn't ask, and I don't want to."

Hearing Rong Shu's words, Fu Jingting's expression improved.

At this moment, Rong Shu yawned, drowsiness swept over.

Fu Jingting saw the sleepiness in her eyes, and hugged her into his arms, "Sleepy?"

"I've always been sleepy." Rong Shu covered her lips, yawned again, and said, "If I wasn't afraid of arguing with you. Wake up, I might sleep soundly right now."

Fu Jingting chuckled, "My fault, then I won't disturb you if you continue to sleep."

"What about you?" Rong Shu raised her eyes to look at him.

Fu Jingting looked at her, "I sleep too."

"That's fine." Rong Shu nodded and closed her eyes.

Fu Jingting touched her cheek and closed his eyes.

But the moment he closed his eyes, the coldness in his eyes made people shudder.

That woman, not only broke into his ward without authorization, but also dared to threaten and provoke the person he loved. He would never forgive her so easily.

Originally, he thought that even if running a red light caused him to have a car accident, but for the sake of the other party being just a reckless passerby, as long as the compensation he should ask for, and only the other party should be held responsible, he will not pursue this matter.

But I didn't expect that woman to be so bold.

Then he, of course, will not do that!

Thinking about it, Fu Jingting's closed eyes suddenly opened, and a flash of fierceness flashed in his eyes, which was fleeting.

the next day.

Rong Shu was awakened by a knock on the door.

She moved in Fu Jingting's arms. She didn't want to open her eyes. She obviously hadn't woken up yet, so she closed her eyes and said in a sleepy voice, "Fu Jingting, someone is here."

Fu Jingting opened her eyes and looked at her. Seeing her curled up like a cat, she couldn't help but curl her lips, "I heard."

"Then go open the door." Rong Shu frowned and said softly.

Obviously, she has forgotten where she is, and regards this as her apartment.

Fu Jingting hugged her, "No, just let him come in by himself, you can go to sleep."

"Well." Rong Shu was really sleepy at the moment and didn't want to get up at all, so she heard him let her continue to sleep, but she didn't mind. Hypocritical, after answering, he picked up the quilt, covered his head, and continued to sleep.

Seeing this, Fu Jingting chuckled lightly, then gently lifted the arm that was holding her, sat up from the hospital bed, and responded to the door, "Come in."

The person outside the door stopped knocking, and the next second, The door handle was turned.

The door of the ward was opened, and Assistant Zhang and Lin Tianchen stood outside the door.

The two saw the man who had woken up and leaned on the head of the hospital bed and walked in with his feet raised.

Assistant Zhang said as he walked, "Mr. Fu, you are awake, I..."

“Keep your voice down!” Fu Jingting put a finger to his lips when he was halfway through his words, motioning him to lower the volume.

Assistant Zhang hummed suspiciously, not understanding why he kept his voice low.

But soon, he found that the quilt beside Fu Jingting was bulging, and there was a long strand of hair on the top of the quilt, and his doubts disappeared immediately.

Well, no wonder let him be quiet, it turns out that there are still people who are still awake.

However, President Fu and Miss Rong have a really good relationship. They have to sleep on the hospital bed together when something goes wrong. The stickiness is really unsightly.

Compared to Assistant Zhang’s heart, Lin Tianchen didn’t react much when he saw Rong Shu lying on the hospital bed and sleeping soundly.

After all, it was the two of them, not him.

They don’t feel crowded themselves, so he, the doctor, naturally has nothing to say.

“I’ll check you.” Lin Tianchen stopped by the hospital bed, took out the medical record holder from his armpit, spread it out, took out a pen from the breast pocket of the white coat, twisted it open, and wrote while writing. While asking Fu Jingting about the situation at the moment.

After asking some questions, and looking at Fu Jingting’s head, Lin Tianchen nodded slightly and said, “Yes, she can be discharged, but since she hasn’t woken up yet, I allow you to leave before twelve o’clock.”

He closed the medical record folder with a snap. Said with a slight smile.

How could Fu Jingting not know that Lin Tianchen allowed him to extend the use time of the ward for Rong Shu.

If it was normal, he would not accept it at all, and took Rong Shu directly.

But now Rong Shu was obviously not awake, so he had to accept it.

Lin Tianchen didn’t stay in the ward much, and left after completing his task.

Next, he has an operation that lasts for more than ten hours, so he can’t delay it.

After Lin Tianchen left, besides Rong Shu who was asleep, there were only Fu Jingting and Assistant Zhang in the ward.

Assistant Zhang looked at Fu Jingting, "Mr. Fu, are you feeling better?" Fu

Jingting nodded slightly, "Much better."

He knew that Assistant Zhang was not asking about the injury on his head, but his heart.

"That's good." Assistant Zhang breathed a sigh of relief.

Fu Jingting looked at the bandage wrapped around his head, and pursed his thin lips, "How are you?"

Anyway, it was his boss who made the bump.

So Assistant Zhang was injured, and his boss should be responsible.

Assistant Zhang touched his forehead and smiled, "It's nothing, it's just that the skin on the forehead broke, and it will be fine in a few days."

Fu Jingting snorted, "This month's bonus will double, and I'll give you two more days of vacation.

"!

Hearing these two words, Assistant Zhang's eyes lit up, even the bonus was not important to him, and only the holidays were in his mind.

It's a holiday, it's a holiday!

God knows, how long has it been since he took a vacation, and he wakes up early every day and gets up late every day, and thinking about it is bitter.

He thought that it might be difficult for him to have a vacation in his life, but he didn't expect that he would hit luck and have a vacation now.

The more he thought about it, the more excited he became, and Assistant Zhang almost couldn't hold a smile on his face.

Fu Jingting raised his eyes and glanced at him lightly, "No promise."

Assistant Zhang pushed his glasses and smirked.

Fu Jingting rubbed his brows and started talking, "Have you dealt with last night's car accident?"

"Not yet." Assistant Zhang also became serious, shook his head and replied.

Fu Jingting narrowed his eyes, "No?"

Assistant Zhang replied, "Yes, because you are in a coma, this matter is not a trivial matter. I can't handle it in the usual way of dealing with traffic accidents, so I thought, when you wake up, I will see what you mean. "

Fu Jingting's complexion improved slightly, "In that case, have you checked why that woman suddenly ran a red light? Logically speaking, she is in a wheelchair and has inconvenient legs and feet, so she cannot be the only person beside her."

Of course , he did not suspect that last night's car accident was premeditated.

After all, his car passed that road temporarily, and there were so many cars on the road.

If it was a conspiracy, how could the person behind it grasp it so accurately and appear directly in front of his car.

Therefore, he is more inclined, last night it was really just that he was unlucky and met an unqualified person.

"I checked." Assistant Zhang nodded, "The woman's surname is Su and her name is Su Man. She is an orphan with no father or mother. She grew up in an orphanage. Because of her excellent grades, she was sent to a well-known university in Kimchi Country. , I just returned from plastic surgery in Kimchi Country not long ago."

"Plastic surgery?" Fu Jingting raised his eyebrows.

Assistant Zhang coughed, "Yes, that woman not only had plastic surgery, but also increased her height, so she was sitting in a wheelchair because her legs have not recovered and she can't walk yet. The reason why she ran a red light alone last night was because of her When crossing the road, she was slower than others. When she was about a third of the way to the sidewalk, the light had already turned red. She couldn't go back to the place where she was waiting for the red light, so she had to keep moving forward, and then stopped. We encountered it."

Fu Jingting raised his chin slightly, "I see, although it was an accident last night, but the main responsibility lies with her, tell her how to pay for it, and if she doesn't cooperate, call the police directly."

"Yes! "Assistant Zhang was not surprised that he would handle it like this, and nodded in response.

But the matter was obviously not over, Fu Jingting's face suddenly gloomy, "Also, I don't plan to ignore her provocation and threats to Rong Shu last night."

"Mr. Fu, do you know?" Assistant Zhang was slightly surprised.

Fu Jingting hummed, then looked at the woman who was still sleeping beside him.

Assistant Zhang followed and saw that it was Rong Shu who told him.

“Then Mr. Fu, what are you going to do?” Assistant Zhang looked away and asked Fu Jingting.

He knew that Miss Rong was Mr. Fu’s sharp heart. If he kept staring at it, Mr. Fu’s eyes would not have been dug out!

This Time, I Will Get My Divorce Chapter 768

“What should I do?” Fu Jingting narrowed his eyes, his eyes full of chills, “Didn’t she like me, then I will let her apologize to Rong Shu in front of the whole world, and explain why Apologize.”

“His...” Assistant Zhang sucked in a breath.

This is to make people die in front of the whole world.

Apologizing publicly to Miss Rong, and explaining the reason for the apology, isn’t this making Su Man tell everyone that she has a crush on Mr. Fu, provoking and threatening Miss Rong, the main palace, and wanting to be a third party?

If this is said, it will be strange that this Su Man should not be harassed by the Internet all over the world.

After all, in this world, there are most people who hate third parties.

It seemed that President Fu was really angry with that Su Man.

However, that Su Man didn’t do much by himself. Since he did, he would naturally be responsible for his actions.

“I see, I’ll go right now...” Assistant Zhang was interrupted by a knock on the door before he could finish his words.

Assistant Zhang frowned and looked at Fu Jingting.

With Fu Jingting’s permission, he turned his head to look at the door, and said in a slightly displeased voice, “Who?”

It couldn't be doctors and nurses at this time.

Lin Tianchen had just finished examining Mr. Fu, so he would naturally explain that the nurses did not need to make rounds.

So the people who come are naturally other people.

"Assistant Zhang, it's me, Su Man." A gentle female voice came from outside the door.

Assistant Zhang raised his brows, "President Fu, it's actually her!"

They just talked about her, but she didn't expect her to come.

And...

Assistant Zhang looked a little bad, "Mr. Fu, when I took her out last night, I specially warned her not to appear in the hospital again. If something happens, I will notify her, but I didn't expect that she would actually still be here."

Hearing his words, Fu Jingting's eyes were slightly cold, "It's nothing strange, this woman can enter my ward after you left last night, so she naturally won't listen to you and stay obedient."

"I've never seen such a cheeky face. Yes." Assistant Zhang said gloomily.

Fu Jingting waved his hand, "Go, deal with her, and tell her what I just meant. If she doesn't want to, don't blame me for being rude." Fu Jingting lightly opened his thin lips, and said in a cold voice without a trace of emotion.

Assistant Zhang replied solemnly, "Yes, I'll go right now."

After speaking, he turned and walked towards the door.

Soon, Assistant Zhang opened the door and went out.

Fu Jingting frowned and rubbed his temples.

Suddenly, the woman beside him turned over, and then an arm stretched out from the quilt and just put it on his chest.

Fu Jingting paused for a moment, then lowered his head and looked down, meeting the beautiful eyes opened by the woman, "Awake?"

Rong Shu hummed and leaned her body into his arms, trying to find a more comfortable one. Location.

But unfortunately, she moved around and couldn't find a suitable place, and finally raised her head and put her head on his chest.

It seemed that she was finally comfortable. She frowned. The arm that was resting on his chest was also placed on his waist and hugged him, "It's not bad."

Fu Jingting watched her treat herself as a humanoid pillow. Holding the same, could not help but laugh.

Later, he also put his arms around her shoulders and took her into his arms so that she could hold her more comfortably.

"Why don't you continue to sleep?" Fu Jingting asked.

Rong Shu raised her eyes and glanced at him, "You really don't know or are you fake?"

"Huh?" A trace of doubt flashed in Fu Jingting's deep eyes, obviously he really didn't know what she meant.

Rong Shu sighed helplessly, "You talk to Assistant Zhang, even if you speak very quietly, you can't hide it from me, okay?"

Fu Jingting didn't expect that he woke her up by himself, so he felt a little guilty and coughed against his lips. "Sorry, I didn't expect you to hear it."

"It's fine." Rong Shu waved her hand, "It's not a big deal, but do you really plan to ask that Su Man to publicly apologize to me and explain the reason for the apology?"

"Of course." Fu Jingting replied coldly, "If she dares to do it, she has to pay the corresponding price. It's fair. What's more, you are the person I cherish. She treats you so much. If I don't do anything, then I will I don't deserve to say I love you."

Rong Shu knew that he was seeking justice for himself, and his heart warmed, and the corners of his mouth raised a smile, "Then that Su Man should cry!"

"Huh?" Fu Jingting raised his eyebrows, and then snorted coldly, "She did it herself, and she still has the face to cry!"

Rong Shu chuckled, "Oh, I didn't mean this, I mean, didn't she like you, know it's your sweetheart Trouble for her in person, she must be very hurt, but she has to cry, after all, my sweetheart retaliates against her, but it hurts her more than I personally revenge her."

Fu Jingting pinched her nose, "I am not her sweetheart. , don't say that again, I'm sorry."

Rong Shu laughed louder, her body was shaking slightly, "Okay, I won't say it."

She laughed for a while, her expression returned to a serious face, and then raised her head to look Man, "But will your behavior be too serious? It's okay to ask her to apologize to me in public, but asking her to say the reason for her apology in public will definitely make her criticized online, after all, netizens don't The third party is kind and soft-hearted, even if she is not a real third party, just a provocation and threat to me, trying to pry my green tea in the corner, the netizens will not be kind, I am worried that she may end up doing Unthinkable things."

After all, Internet violence is no joke, and since the development of the Internet, many people have died under Internet violence.

Even if she hates that Su Man, or even hates it, but that Su Man is just provocatively threatening her, and doesn't really do anything.

Therefore, it is indeed a bit too much for people to harass Su Man on the Internet. If they do end up causing trouble, it will be their sin.

Fu Jingting looked at the solemn expression on Rong Shu's face and knew what she was worried about.

In fact, when he asked Assistant Zhang to do this, he had already thought of the possible consequences.

But he doesn't care because he can clean it up.

But seeing Rong Shu's expression now, he hesitated.

"You don't want her to say the reason for the apology in public?" Fu Jingting looked at Rong Shu and asked.

Rong Shu hummed, "Just let her apologize to me in public, she apologized to me, and netizens will guess the reason for the apology, as long as we don't say the specific reason, the netizens won't go too far. In that way, she can bear it herself, but if she says the reason for her apology, and something happens to the Internet, I will definitely feel restless in my heart, and I will always feel that I indirectly killed her. "

No!" Fu Jingting hugged her tightly and replied directly.

Rong Shu squeezed the corners of her mouth, "Who knows, if you are not afraid of ten thousand, you are afraid of what happens, so we'd better not take chances, let's just let her apologize."

"But, you won't . Do you feel wronged?" Fu Jingting frowned.

Rong Shu smiled, "If you can help me treat that Su Man like this, I won't feel wronged, at least I know that you won't just watch me being bullied, you will help me, this is for me, that's enough, and the person who loves you is not Su Man alone, there are also Rong Yuan and so many women outside, if each of them comes to provoke me, won't I be wronged to death?"

Seeing Fu Jingting pursing her lips, she raised her hand and held his face gently, "Okay, don't frown, I really don't feel wronged, as long as you always stand by my side and know my grievance, If you understand my mood, then I can really not care about anything."

Fu Jingting looked at her serious eyes and sighed, "But I feel wronged by you."

"Since you feel wronged by me, then you will be elsewhere in the future. Compensate me, as for that Su Man, just do as I say, don't really kill people, after all, she really didn't do anything except threaten and provoke me." Rong Shu said.

Seeing her stress again, Fu Jingting had no choice but to give up, "Okay, I'll let Zhang Cheng arrange it." After he finished

speaking, he took the mobile phone by the bedside and sent a message out.

Outside the ward, Assistant Zhang is now confronting Su Man.

When Su Man saw only Assistant Zhang and no one else, his eyes darkened, and then he tilted his head slightly and looked behind him, as if he wanted to see the people inside.

Assistant Zhang noticed her small gesture, his face sank, he closed the door of the ward, and said in a low voice, "What are you doing?"

Su Man's eyes flashed, he withdrew his gaze, and replied with a smile, "It's nothing.

Assistant Zhang snorted, "Don't think I don't know what you're looking at." Do  
n't you just want to see President Fu.

He didn't like her.

Su Man squeezed the corners of his mouth, pretending he didn't hear Assistant Zhang's words, brushed his hair and asked, "Assistant Zhang, is Mr. Fu feeling better?"

"Thanks to you, Mr. Fu should have calmed down Miss Zhang's bed. I woke up, but now I have to wake up from the hospital bed." Assistant Zhang said strangely.

Hearing his words, "Miss Rong should have woken up in bed", Su Man's face twisted for a moment, but soon disappeared, returning to his usual gentle smile, but now his eyes were filled with a hint of surprise. , "Assistant Zhang, you mean, Mr. Fu woke up?"

Assistant Zhang snorted, did not answer, but did not deny it, it was obviously waking up.

Su Man put his hands together, "Great, this is great, Mr. Fu is finally awake, Assistant Zhang, can you let me in and meet Mr. Fu?"

Hearing this, Assistant Zhang suddenly sounded the alarm. Then he hurriedly stood in front of the door of the ward and blocked it, "You want to see President Fu?"

"Yes." Su Man naturally saw his actions clearly, and was annoyed in his heart, but he did not show it on his face, and after a sigh , said with remorse and guilt on his face, "It's all because of me, Assistant Zhang, what happened to you and Mr. Fu, so I want to see Mr. Fu, apologize to Mr. Fu in person, and then..."

"Then stay Take care of Mr. Fu by his side?" Assistant Zhang's eyes were cold.

Su Man blushed, "After all, it was me who harmed Mr. Fu like this, and it is my responsibility to take care of him until he recovers."

"Heh." Assistant Zhang sneered unceremoniously, "Miss Su, I advise you to dismiss him. Think about it. What you said to Miss Rong last night made Miss Rong very unhappy, and we, Mr. Fu, have only Miss Rong in his heart. Do you think Mr. Fu will let you stay? What's more, our Mr. Fu There is no shortage of people to take care of him, and I don't like strangers approaching him, so you don't have to take care of Mr. Fu, and we all know that it's always fake to take care of Fu, is it true that you want to be near the water tower?"

Su Man was asked by him. His face was red and white, like a palette, he bowed his head embarrassedly, "I'm not, I don't..."

"Okay!" Assistant Zhang rolled his eyes, "Who cares if you have it or not, in short, we Mr. Fu doesn't need your care. As for you, you'd better put away those shameful thoughts. Our Mr. Fu has a girlfriend. He loves her very much. What's more, it's still like you, you and our President Fu are not from the same world, so hurry up and stop before it's too late, or you will suffer in the end."

Su Man bit his lower lip and didn't speak. It seems to be hurt by his words.

Assistant Zhang didn't feel soft when she saw her like this, looked at the watch on his wrist, and said, "Okay, I've told you so much, it's time to get down to business, Miss Rong has already explained everything you said to her last night. , I have already told Boss Fu. Boss Fu knows that you bully his baby and are very dissatisfied with your senses, so Boss Fu..."

"Mr. Fu wants to settle the bill for Miss Rong with me?" Su Man placed it on his lap. Hands, tightened forcefully.

Assistant Zhang glanced at her, knowing her unease, and he didn't feel sorry for her, so he said lightly, "You caused Mr. Fu's car accident last night, Mr. Fu thought it was not your intention, so I don't plan to care too much about last night. If you don't want to pay, then go to the law."

"I will pay!" Su Man nodded without hesitation and replied, "I caused you to have an accident, the responsibility lies with me. , so of course I compensated for the reason."

Assistant Zhang nodded slightly, "That's good, the second is, you bullied Miss Rong last night, Mr. Fu asked you to apologize to Miss Rong live, and explain the reason for the apology, as long as you I've done it and let everything go."

Su Man's face turned pale, "Say... explain the reason for the apology?"

"Yes!" Assistant Zhang looked at her with a smile.

Su Man's face turned paler, the palm of his hand tightened, and his lips twitched twice before he made a slightly flustered voice, "Let me explain the reason for the apology in public... Don't Mr. Fu know, For me, how cruel is it?"

Although what she said to Rong Shu last night did not make it clear that she wanted to be in the top position, she wanted to dig a foot in the wall.

But the discerning person can hear the meaning of it.

So she knew very well that once she explained the reason for her apology in public, what would be waiting for her!

"President Fu doesn't care about this. Boss Fu said that since you dare to do it, you must dare to take it." Assistant Zhang said lightly with his arms around him.

Su Man's body trembled slightly, "It's Miss Rong, right?"

"What?" Assistant Zhang raised his eyebrows.

How could he not understand the consciousness in her words?

Su Man stared at him with red eyes, "This is what Miss Rong asked Mr. Fu to do, right?"

Assistant Zhang finally understood.

She actually thought that Miss Rong asked President Fu to apologize in public.

Oh, what a joke.

Although Miss Rong does have this ability, she can let President Fu do it.

But based on what he knew about Mr. Fu, this was definitely Mr. Fu's own idea.

After all, Miss Rong was still sleeping beside President Fu, so how could President Fu do it?

Assistant Zhang's face was cold, "Miss Su, you have misunderstood. Miss Rong didn't tell Boss Fu like this. This is what Boss Fu himself meant."

"It's impossible!" Su Man immediately denied.

Assistant Zhang rolled his eyes directly at her, "It's impossible, you just met Boss Fu, and it's still unconscious Boss Fu, do you know anything about Boss Fu? You don't know Boss Fu, what do you do? Do you know that this is not what President Fu himself meant?"

"I..." Su Man choked and was speechless.

Then, she lowered her eyelids to hide the gloom in her eyes, feeling resentful in her heart.

Who said she didn't know Fu Jingting, of course she did.

But that was Fu Jingting at that time, and now Fu Jingting...

Su Man's eyes flashed, and he stopped thinking about it.

Assistant Zhang didn't bother to spend time with her here, so he put down his arms, "In short, this matter is arranged by President Fu, you may not know how much President Fu loves Miss Rong, but I can mention you, you can let Rong Miss is unhappy, and it is impossible for President Fu to let you go easily, so you can only do it, otherwise you will pay a more painful price, understand?"

## This Time, I Will Get My Divorce Chapter 770

How could Su Man not hear that Assistant Zhang was warning and threatening her, her body trembled with anger, but there was nothing she could do.

Now, she is completely in a weak position, and she is not qualified to refuse at all.

Thinking, Su Man squeezed the palm of her hand, took a deep breath, forced herself to calm down, and replied stiffly, "I... I understand."

She apologized to Rong Shu in public, and explained the reason for the apology. She couldn't avoid it.

But she can cover her face during the live broadcast so that netizens can't find her.

In this way, those netizens can't hurt her anymore.

They didn't say it anyway, she couldn't cover her face, could she?

Naturally, she didn't take advantage of it!

Thinking of this, Su Man's face improved a lot.

Assistant Zhang didn't know what she was thinking. Assistant Zhang pushed her glasses and said lightly, "It's good to know, then you can arrange it yourself at some time, but I hope the sooner the better, what do you think?"

"Yes." Su Man lowered his head, covering the darkness in his eyes, and replied as finely as a mosquito, with a faint choking in his tone.

Assistant Zhang didn't say anything except frowning that she was crying.

After all, it is normal to be afraid to cry when facing a cyber violence.

"That's fine, then I'll go, you can go back too. As for the compensation to President Fu, I will send someone to find you later. You can just hand the compensation to that person, and don't appear in front of us in the future."

After speaking, Assistant Zhang was ready to leave.

Suddenly, the phone in his pocket vibrated.

Assistant Zhang stopped, took out his phone and looked at it, a hint of surprise flashed across his face, and the look in Su Man's eyes changed slightly.

Su Man noticed the change in his eyes, his eyes flickered, and asked suspiciously, "Assistant Zhang, what's wrong? Is there something on my face?"

Assistant Zhang put away the phone, suppressed the shock in his heart, and returned to his usual calm and composed look, and replied in a low voice, "You have no dirt on your face, but it's good news, Mr. Fu won't let you explain the reason for your apology in public, only Just ask you to apologize to Miss Rong in public."

Hearing this, Su Man was surprised for a while, and then a deep surprise appeared on his face, "Really? Assistant Zhang, is this true? Did I hear it right?"

She hurriedly grabbed his arm.

Because she was too excited, the strength in her hands was naturally very large.

Assistant Zhang's arm was hurt by her pinching, and he couldn't help gasping, "Let go!"

His voice trembled.

Because it was so painful, even though he wasn't wearing thin clothes, he still felt as if her fingernails had pierced the fabric on his arm and pierced directly into his flesh.

So it can be seen how much strength and cruelty this woman used.

Seeing Assistant Zhang's pained face, Su Man distorted. After a flash of happiness flashed in his eyes, he quickly restrained himself and put on a panicked look of hindsight. He quickly took his hand away, and said in a flustered voice, "I'm sorry, I'm sorry. "I'm really sorry, Assistant Zhang, I didn't mean it, are you okay?"

Assistant Zhang sneered as he looked at the fingernail prints on his sleeves.

Are you all right?

The fabric can be scratched with nail prints, and it is conceivable that his arms must be red by now.

Assistant Zhang covered his injured arm and looked blankly at the tearful woman in front of him who didn't know what to do with a look of panic, and said coldly, "Did I say you did it on purpose?"

"What?" Su Man He was stunned for a moment, as if he didn't understand what he meant.

Assistant Zhang squinted at her, "I mean, did you pinch me on purpose?"

Su Man's eyes widened, "How is this possible!"

She hurriedly shook her head and waved her hand, "I definitely didn't mean it on purpose, Assistant Zhang, I really didn't, you believe me, I really just should be happy, I lost my sense of restraint because of a little excitement, and why did I do it on purpose?"

"Why?" Assistant Zhang sneered, "Because I just treated you badly and offended you, so you have every reason to take the opportunity to take revenge on me."

"Absolutely not!" Su Man hurriedly shook his head again, "I'm not like that. You, Assistant Zhang, please believe me, I really have no intention of taking revenge on you."

As she spoke, the tears in her eyes were originally just tears, but now they are like pearls, and the big ones keep coming and going. fall down.

Assistant Zhang panicked.

He never thought that this woman would cry when she cried, as if he had bullied her.

But he obviously didn't bully her, he just had reasonable doubts, and she shed tears for him, until it was his fault.

Rubbing his brows, Assistant Zhang was also agitated, "Okay, don't cry, it's okay if you don't have it."

He absolutely believed that she did it on purpose, but now this woman refuses to admit it, and starts crying as soon as she says it. It made him go up and down, and he didn't know what to do.

In case she was forced to admit it, and she came up with a bitter plan, he would be the one to blame in the end.

So this dumb loss, he can only eat it by himself.

Su Man didn't seem to understand that the compromise in Assistant Zhang's tone was very unwilling, and suddenly burst into laughter, "I knew that Assistant Zhang

was the most fair." Assistant Zhang sneered again.

It went down the pole so quickly, and said it was not intentional.

If it wasn't intentional, if he heard the perfunctory tone in his tone, he would definitely feel unwilling and want to continue investigating, so that he truly believed that she didn't do it intentionally.

But she didn't mean it at all, obviously there was a problem.

But it doesn't matter, this dumbBad, he can only eat.

"By the way, Assistant Zhang, why did Mr. Fu suddenly change his mind?" Su Man looked up at Assistant Zhang and asked.

Assistant Zhang flicked the folds on his sleeves, and his voice showed no emotion. "Fu is always worried about causing death, so I just ask you to apologize temporarily."

Su Man's eyes lit up, and his face was filled with joy . , "President Fu is really a good person."

Assistant Zhang twitched the corner of his mouth.

nice guy?

Did she have some misunderstanding about good people?

Mr. Fu asked her to apologize live, just to put her on the fire and let everyone criticize her.

Although she is not allowed to tell the reason for the apology now, she will receive much less criticism from netizens, but there will be no less speculation. She will still die in the same society, but the consequences will not be so serious.

But this is still a kind of harm to a woman.

That's it, she actually laughed and said that Fu was always a good person?

It really is love, is Xi Shi in the eyes of people?

Assistant Zhang complained in his heart, but curled his lips, "You should praise not President Fu, but Miss Rong."

"What?" Su Man's smile froze, "Miss Rong?"

"That's right!" Assistant Zhang nodded, "Mr. Fu sent me a message just now, saying that Miss Rong asked him to do this, not Mr. Fu's own intention, Mr. Fu just listened to Miss Rong, so if you want to praise, the person to thank should be Rong is right."

The expression on Su Man's face was completely stiff, and the hand on the armrest suddenly tightened.

It's actually Rong Shu!

She thought it was really what Fu Jingting meant, but she didn't expect that Rong Shu was actually behind the scenes.

Asking her to thank Rong Shu, is this humiliating her?

Seeing that Su Man's face was not right, Assistant Zhang narrowed his eyes, "Why, Miss Su is unwilling to accept Miss Rong's kindness, and she is unwilling to thank Miss Rong?"
