This Time, I Will Get My Divorce Chapter 771

Hearing the displeasure in Assistant Zhang's tone, Su Man's pupils shrank slightly, and realized that his performance just now was a bit inappropriate

. What do you mean?" Assistant Zhang frowned.

Su Man lowered his eyelids, "I mean, I can't believe it, I only offended Miss Rong last night, I didn't expect Miss Rong to say good things for me, so I just lost my mind in surprise after hearing it. There is absolutely no meaning of not thanking Miss Rong, on the contrary, I am very grateful to her, really."

She said so, but it was well-founded, so that Assistant Zhang couldn't find anything wrong.

Assistant Zhang stopped holding on to it and snorted, "That's good, Miss Su can go back. We will wait for Miss Su's compensation and apology."

Su Man nodded, "Yes."

Assistant Zhang ignored her, turned around and opened the door of Fu Jingting's ward and went in.

Su Man looked at his back, there was no trace of peace and tranquility on his face, some were just twisted and hideous.

But since she moved the knife all over her face, as soon as her expression twisted, she looked very stiff and even more frightening.

Of course, Assistant Zhang didn't know all of this.

After he entered the ward, he rolled his eyes secretly when he saw two men and women leaning against each other on the hospital bed.

These two people are really enough. Since they are awake, why don't they get up and get bored in bed?

Of course, he dared to think so, but he didn't dare to say so. He coughed as if he didn't see it, "Mr. Fu, Miss Rong.

" Get up from Fu Jingting's arms.

After all, she is awake now, not the one who just fell asleep.

If you fall asleep, you will naturally assume that you don't know anything, but you can't be awake.

So, she should get up.

However, after Fu Jingting noticed her movement, he hugged her waist tightly, not letting her get up from his arms at all, "Don't move!"

Rong Shu glared at the man angrily, "Let go, Zhang The assistant is here."

Fu Jingting glanced at Assistant Zhang lightly.

Assistant Zhang immediately straightened his back, and looked like he was sitting upright, "Miss Rong, it's okay, you can pretend that I'm not here, really!"

He said solemnly.

But Rong Shu was even more embarrassed.

Treat him as non-existent?

How is this possible, he doesn't really exist, so the big man is there, unless she is really big, or she is blind, so how could she not see, how could she not care.

If Fu Jingting wanted to do something to her for a while, wouldn't Assistant Zhang look at him?

What a shame!

Fu Jingting looked at Rong Shu's flickering eyes and knew what she was thinking. After a slight hook on her thin lips, she started talking about business.

Talking about the business, you can temporarily divert her attention to prevent her from thinking about it.

"All handled?" Fu Jingting looked at Assistant Zhang and asked quietly.

Assistant Zhang nodded slightly and replied, "It's all dealt with, the woman promised to pay compensation, and also promised to apologize publicly to Miss Rong."

Fu Jingting hummed, "I see."

"However, she didn't agree at the beginning." Assistant Zhang Say.

Fu Jingting frowned, "Oh?"

Rong Shu was not surprised, she lightly opened her red lips and said, "After all, she will not agree to the Internet violence at first.

It's normal." "Yes." Assistant Zhang nodded, "That's why. , she also wondered if this was Miss Rong's intentional revenge on her."

"I intentionally revenge her?" Rong Shu was enraged by this.

Fu Jingting's face was ugly, "What does she think she is, and deliberately revenge her?"

Assistant Zhang shrugged, "That's what she thinks."

Rong Shu snorted, "She didn't think that this is actually what you mean by President Fu?"

Assistant Zhang glanced at Fu Jingting and shook his head, "No." "

Sure enough!" Rong Shu turned her head and looked at the man beside her with a half-smile, "Look at how much people like you, they don't doubt it at all. In fact, it was all your idea, and then you threw all the blame on me, let me carry it alone, and let you still be clean in her heart, but I became a vicious woman."

"Don't make trouble. Fu Jingting raised his hand and rubbed her forehead, "Why are you a vicious woman? You are here with me, you are an angel."

Assistant Zhang couldn't help shivering, feeling goosebumps all over his body.

Why didn't you realize that President Fu could say such rustic love words before?"

Assistant Zhang's reaction was caught in Rong Shu's eyes, and couldn't help covering his lips with a smile, "Okay, I won't make trouble, I'm just joking, but what did Assistant Zhang say at the end?"

"I'm just direct Tell her that this is what Mr. Fu meant, and it has nothing to do with you, Miss Rong. After finally warning her, she agreed to publicly apologize and explain the reason, but just when I was about to come in and report the results to you, I received it. Mr. Fu's news, and then told her, no need to explain the reason, just apologize, don't mention how happy she is, and for this reason, she deliberately pinched me." Assistant Zhang frowned and replied.

"Pinch you?" Rong Shu was slightly surprised.

Fu Jingting also looked at him, "What's the matter?"

Assistant Zhang snorted, "She deliberately used the reason of being happy to get revenge on me, because I didn't have a good attitude towards her, so she pinched me.

” He picked up his sleeves, revealing the ten deep nail prints on his forearm.

The nail prints turned purple, apparently from the rupture of subcutaneous capillaries.

With two layers of clothes, they were able to pinch Assistant Zhang’s arm like this. One can imagine how ruthless that Su Man was at that time.

Rong Shu couldn’t help taking a deep breath, “God, this is too much.”

“This woman is a cruel character.” Fu Jingting narrowed his eyes and said in a cold voice.

Rong Shu nodded, and she saw it too.

Saw it out last night.

But last night, she didn’t feel how cruel this woman was, just thought that this was a scheming green tea.

But now, seeing the nail prints on Assistant Zhang’s arm, his expression darkened.

Just based on this woman’s attack on Assistant Zhang, it can be seen that this woman is definitely not just a simple green tea, but a disgusting person.

This woman should be the kind of person who has a cold heart and can do anything.

But fortunately, after today, I won’t meet that woman again,

otherwise I may not know how bad life will be in the future.

“You will go to the nurse for disinfection in a while.” Fu Jingting looked at Assistant Zhang’s arm and instructed in a deep voice.

Assistant Zhang responded, “Yes.”

Then he went out.

Fu Jingting and Rong Shu didn’t get tired of being in the hospital bed all the time, they got up and packed up and were ready to be discharged from the hospital.

One day yesterday, Fu Jingting didn’t go to the Fu Group, and the work was piled up, so he had to be busy today no matter what.

After all, the Fu Group is not like Tiancheng.

Rong Shu wanted to persuade him to take an extra day off before going to work, but then she heard him say that there was a meeting worth about one billion, so she had to shut her mouth.

No way, let him lose a billion.

He wants to, but the shareholders of his group don't agree, it's strange if they don't make trouble.

Rong Shu looked at Fu Jingting's bandaged forehead and felt distressed.

Can you not feel distressed, I just got up from the hospital bed and went to work crying hahaha. Sure enough, there are disadvantages to a large group.

Unlike her, Tiancheng has never had a business worth one billion yuan. Even if she is missing for a few days, the people below can make Tiancheng operate.

But the Fu Group is different and cannot be without him for too long.

Thinking of this, Rong Shu sighed, "Can I accompany you to work?"

Fu Jingting was stunned, and it took a few seconds to react. He looked at Rong Shu with some incredible eyes, "What did you just say? Accompany me to work?"

"Yeah." Rong Shu nodded.

After Fu Jingting was convinced that he heard it right, the unbelief in his eyes turned into joy, "Why did you suddenly think of going to work with me?"

Rong Shu tidied her coat and replied, "Because you are a wounded person."

Fu Jingting He touched the gauze wrapped around his forehead, "It's not an injury at all."

He just bumped the back of his head, and the skin was a little torn, just a minor injury, not the kind of person who needs someone to take care of him to do things. Seriously injured.

"Who said it wasn't an injury." Rong Shu took his hand off his forehead, "After all, he hit his head, what if he suddenly fainted and nauseated?"

Who can say clearly about this kind of thing.

In short, she is not at ease when he goes to work.

Moreover, she knows that once he starts working, it will be endless, and it is not good for the body.

Therefore, she should go to see it for a day, otherwise she will not be able to let go of her heart.

“No.” Fu Jingting squeezed Rong Shu’s palm, “I don’t have a concussion, how could I suddenly faint and feel sick, so you don’t have to accompany me.”

“You really don’t want me?” Rong Shu squinted at him.

Fu Jingting pursed his thin lips, a hint of hesitation flashed in his eyes, and finally nodded, “Yeah.”

Rong Shu rolled his eyes at him, “Okay, stop talking, you really want me to go? Otherwise, why did you hear me just now? When I want to accompany you to work, my eyes light up, and what’s your hesitation just now?”

Fu Jingting couldn’t help but feel a little embarrassed when his beloved woman exposed his duplicity in person.

Well, he admitted that he was very happy to hear that she was going to accompany him to work.

It’s just that he wanted to pretend to be arrogant, and didn’t want her to know how eager he was.

But she didn’t expect that she could see at a glance that he just said that on purpose, and he was still looking forward to it.

However, when she exposed him directly, he was actually relieved.

Because he was worried just now that he was too arrogant and would make her finally give up the idea of accompany him to work, so she wanted to cry without tears.

Rong Shu didn’t know what Fu Jingting was thinking. Seeing that he was silent, she frowned and urged, “Okay, do you want me to go? If you really don’t want me to go, then I really won’t go?”

Fu Jingting led the way. Holding her hand, although she still didn’t speak, the meaning was already obvious.

Rong Shu looked down at the hands, one big and one small, with ten fingers clasped together, and couldn't help laughing, "I said that sometimes, you are so thick-skinned, how come you are so thin sometimes?"

Fu Jingting coughed back . "It's different occasions and things."

Rong Shu's mouth twitched, "I'm too lazy to care about you, let's go, you're discharged, don't occupy the ward."

"Well." Fu Jingting nodded.

The two held hands and walked outside the ward.

Assistant Zhang was waiting for them in the parking lot of the hospital at this time.

When I saw them coming, I put away my phone and took the initiative to come forward and carry things for them.

Of course, it was said to be carrying things, but Fu Jingting only stayed for one night and had nothing to take away. He only helped to carry some daily necessities that Rong Shu brought over last night and arranged for Fu Jingting.

When she learned that Fu Jingting had a car accident last night, Rong Shu's first reaction was that Fu Jingting was seriously injured and might be hospitalized, so she packed some clothes and daily necessities at that time.

What I didn't expect was that it didn't come in handy.

Of course, it's a good thing that it doesn't come in handy.

"Get in the car." In front of the car, Fu Jingting opened the door and let Rong Shu go up first.

Rong Shu wasn't polite to him either. After ok, she bent over to get into the car.

At this moment, there was a sound of wheels rolling from behind the three of them, and the next second, a gentle and gentle female voice also rang, "Mr. Fu, I finally see you."

Hearing this voice, Rong Rong Shu's face sank instantly.

Assistant Zhang's face was not very good-looking, and he even cursed inwardly.

Damn, why is this woman here?

Didn't he let her go?

Assistant Zhang quickly turned around and saw Su Man sitting in a wheelchair, a trace of anger appeared in his eyes behind his glasses.

Sure enough, it was this woman, she didn't leave!

He promised to leave obediently, but behind his back he was waiting in the parking lot.

He followed Mr. Fu, what kind of woman he had never seen before. It was the first time he had seen such a disgusting woman.

Gu Manyin is not so disgusting!

I just hope that President Fu will not trouble him in the future.

He really drove this man away.

Thinking, Assistant Zhang looked at Fu Jingting.

Seeing Fu Jingting's brows slightly wrinkled and his icy expression on his face, his heart suddenly lifted.

Sure enough, Mr. Fu was angry.

And Miss Rong, I'm afraid Miss Rong is not happy now.

Assistant Zhang turned his stiff neck and looked at Rong Shu's face again. Seeing Rong Shu's gloomy and beautiful face, Assistant Zhang smiled bitterly in his heart.

Well, it seems that this batch has not escaped!

"Who are you?" Fu Jingting squinted at the woman in front of him, knowing who she was in his heart, but he deliberately pretended not to know, and his voice was cold and emotionless.

Rong Shu glanced at Fu Jingting.

She couldn't believe he didn't know who this woman was.

After all, Assistant Zhang said that it was a woman in a wheelchair who caused their accident.

Even if he didn't look at the woman's face, this iconic wheelchair could explain everything very well.

So he clearly knew who this woman was, but he deliberately pretended not to know, so he could only say that he deliberately embarrassed this woman.

Thinking about it, Rong Shu raised her feet and walked towards Fu Jingting. She had seen Su Man's bad mood, but now it has turned from cloudy to sunny.

Su Man didn't expect Fu Jingting to ask who she was, and was stunned for a while.

Does he not know who she is?

How can it be!

She couldn't believe they hadn't told him.

So now, is he deliberately keeping her from coming off the stage?

Thinking of this, Su Man's expression stiffened. He grabbed the armrest and squeezed it hard, obviously very angry.

But on the surface, it didn't show it, and the reaction quickly picked up the smile again, as if nothing had happened just now, not embarrassed at all.

"Hello, Mr. Fu, my name is Su Man. I'm the one who caused your accident last night." Su Man looked up at Fu Jingting with guilt written all over his face.

Rong Shu's eyes flickered with ridicule, came to Fu Jingting's side, held Fu Jingting's hand, and looked at her with a smile, "So, Miss, are you here to apologize?"

Su Man's eyes fell on Rong Shu's and Fu Jingting's clasped hands. It was dark, it was fleeting, she nodded with a smile, "Yes, I'm here to apologize to Mr. Fu."

After speaking, she looked at Fu Jingting again, only looking at Fu Jingting, her expression even more guilty, "Mr. Fu, last night really I'm so sorry, if it wasn't for me, you wouldn't have been hurt, it's all my fault, I'm really sorry!"

She bent down and bowed to Fu Jingting, as if she didn't ask for his forgiveness, it seemed that there were so many Points lovable.

If some men like this type of man, they may really help people up on the spot, forgive me.

Rong Shu turned her head and stared at the man with warning eyes. It means that you dare to be softer. I want you to look good.

Seeing this, Fu Jingting chuckled, "What are you thinking?"

He tapped her forehead lightly.

Rong Shu snorted, "I'm not thinking about it, many people eat this set, so if you eat this set, I definitely want you to look good!"

While speaking, she also made a twisting action.

Fu Jingting raised his brows, pressed her hand down, and smiled helplessly, "What do you think of me, I'm not one of those men with shallow eyelids out there, don't worry, I'm very small, I can only pretend to be you ."

Assistant Zhang who was behind this love story couldn't help shivering and poked his arm.

Mom, is this really the unsmiling President Fu?

If he hadn't been listening to instructions, he would have thought that the core had been changed.

But to be honest, the current President Fu has changed a lot from the previous President Fu.

Does falling in love really make people feel like a different person?

Assistant Zhang tilted his head, expressing that he didn't quite understand.

After all, he is still a single dog who has been single for more than 30 years, but he can't compare to these couple dogs.

Rong Shu's reaction was not as big as Assistant Zhang's, although she also felt that Fu Jingting's earthy words were a little embarrassing.

But more, it still made her blush and heartbeat, and she was very satisfied.

All in all, the soil is a bit dirty, but it really makes people love to hear it.

Rong Shujiao glanced at the man angrily, "You are acquainted."

Fu Jingting laughed again.

Su Man naturally heard him laughing, and frowned slightly, not knowing what he was laughing at, and laughed twice in a row.

Also, is he a person who loves to laugh, or can laugh?

Su Man's eyes suddenly showed a look of confusion.

It seems that his changes in this period of time are not ordinary.

"Mr. Fu..." Su Man raised his head and looked at Fu Jingting with some anxiety.

Fu Jingting stopped joking with Rong Shu, his brows twitched, his voice immediately calmed down, and his face changed so quickly that it made people sigh.

"What do you want to say?"

Rong Shu also looked at Su Man with a half-smile.

Su Man naturally felt her look in the eyes of a good show, and hated in her heart, but she took a deep breath on her face and remained calm, "Mr. Fu, I want to say, what happened last night..."

"What happened last night, Hasn't it been dealt with already?" Fu Jingting raised his hand and interrupted her impatiently, "Nian is because of your inconvenience in your legs and feet, so you ran the red light and caused my accident, I will treat it as an accident, you only need to stipulate compensation. Well, about being rude to my lover, I'll just ask you to apologize publicly, have my assistants told you?"

"Yes." Su Man nodded and looked at Assistant Zhang behind him. "Assistant Zhang told me."

"Since that's the case, what else do you want to say?" Fu Jingting's face was bad.

Su Man shook his head, "There's nothing else, I'm here mainly to apologize to you in person."

"Didn't my assistant tell you that compensation is fine, no need to apologize?" Fu Jingting's expression became even more impatient.

Before Su Man spoke, Assistant Zhang immediately took a step forward and replied, "Mr. Fu, although I didn't explicitly say to her that you don't need to apologize, but the words I said to her also revealed the meaning, Anyone with brains will not understand, and I even let her go, so don't show up in front of you in the future, but the result..."

Assistant Zhang didn't say anything after that, but everyone understood the meaning.

It just means that this person is like a dog skin plaster, and he can't drive him away.

Rong Shu laughed out loud without giving any face.

Anyway, she didn't like this woman in the first place, so naturally there was no need to give any face.

Moreover, this woman is now deliberately blocking Fu Jingting in the parking lot.

Naturally, she doesn't need to give face any more.

Su Man did not expect that Assistant Zhang would speak so directly, and his heart burst into flames.

But even more angry, or this Rong Shu.

lol lol, what's so funny!

If she could, she really wanted to tear that face off and see her smiling!

Of course, thinking so in her heart, she couldn't say it on the face, Su Man closed her eyes, quickly put on a flustered look, looked at Fu Jingting uneasily and said, "No, Mr. Fu, I didn't mean to not leave, I just thought, I hurt you like this, I didn't apologize to you in person, I couldn't feel at ease, so I couldn't help staying here waiting for you, I really just wanted to apologize to you, no The other thing is, Mr. Fu, you believe me!"

"Oh?" Rong Shu suddenly sneered and said, "Is there really no other meaning?"

Su Man's eyes flashed, but his face was puzzled, "Miss Rong , what do you mean by that?"

"I mean it's obvious, isn't it? Your apology is fake. It's true that you stop my boyfriend and want to see my boyfriend?" Say it.

"I don't!" Su Man immediately vetoed loudly as if a cat had been trampled on his tail, and then looked at Fu Jingting with red eyes as if he was afraid that Fu Jingting would not believe it, "Mr. Fu, I really don't, really... "

Fu Jingting frowned, just about to say something.

Rong Shu suddenly took a step forward, then stood in front of him, lowered his head, and looked at Su Man condescendingly, his eyes were cold without the slightest warmth, "I beg you, when you say no, can you not have your eyes? Feeling affectionately? This seems very hypocritical, and you don't think anyone can see it. Are you pretending to be pitiful on purpose to attract my boyfriend's attention? Oh, let me tell you, you have found the wrong person, and he has a heart in his eyes. Only me, you can't get into his eyes with your little tricks."

Fu Jingting's thin lips curled up, obviously very happy with what she said.

Su Man raised her head and stared at Rong Shu in disbelief, as if Rong Shu had done something unacceptable to her .

“Miss Rong, how can you say that, I didn’t...”

“I don’t care if you have it!” Rong Shu waved her hand and interrupted her impatiently, “I just want to think, do you understand? And we are all women, you really think I can’t see what kind of person you are. Speaking of it, you have a thick skin, at least the thickest one I’ve ever seen. Everyone has said that you don’t need to apologize, let alone show your face. You’re better, like a deaf person. I can’t hear you, and even in front of other people’s girlfriends, making a pitiful look to other people’s boyfriends, isn’t that shameless? To be ugly, it’s shameless!”

“You...” Su Man pointed Rong Shu was obviously shocked that her words were so ugly.

Not to mention Su Man, Assistant Zhang was stunned.

He always thought that Miss Rong was the kind of gentle and intellectual woman, such a woman would hardly make unexpected actions.

But I didn’t expect that Miss Rong did it and scolded people directly.

He never knew before that Miss Rong could still scold people, and she scolds so well.

However, I have to say that when he saw this Su Man being scolded, he couldn’t be more relieved.

Fu Jingting obviously didn’t expect Rong Shu to scold him directly. After raising his brows in surprise, he quickly regained his composure.

Rong Shu patted Su Man’s hand pointing at her, “What are you, did I say something wrong? I wanted to give you a face, but you don’t cherish it, then don’t blame me for speaking badly, as a girl , if you don’t take good care of yourself and love yourself, but you are rushing to pry someone’s corner, then you must be mentally prepared to be taken off the fig leaf.” After she finished

speaking, she stopped looking at the woman and got into the car.

Fu Jingting naturally followed him into the car.

Assistant Zhang looked at Su Man, who looked down and seemed to be crying. He snorted disdainfully and ignored him. He got into the driver’s seat and drove the car out of the parking lot.

On the way, Rong Shu's chest was constantly heaving and her face was ugly. It was obvious that she was still angry at the moment.

Fu Jingting's eyes flickered along with her undulating chest, and finally he coughed against his lips, retracted his gaze, and asked, "Are you still angry?"

He could hear that at first, she just wanted to ridicule the woman.

But in the end, after talking, I really got angry, otherwise I wouldn't be so emotional at this moment.

Rong Shu didn't notice her undulating chest, which made the man's eyes feast for a while, then turned to stare at the man and said, "Can I not be angry, I've never seen this cheeky person, believe it or not, if it wasn't for my last If you scold her in time, she will definitely pester you to say something else, the most likely thing is to say something, want to stay by your side to take care of you, and completely eliminate the guilt in your heart."

"Why do you do this?" Are you sure?" Fu Jingting asked.

Rong Shu snorted, "She sees your eyes glowing green, so you can see how much she likes you, since she likes you, she naturally wants to be with you, if she can't be with you, then find a chance Come closer to you, and didn't she just cry to me last night, saying she wants to stay by your side to take care of you?"

"Mr. Fu, I can testify." Assistant Zhang who was driving also nodded in agreement.

Fu Jingting glanced at him coldly.

He shrank his neck and hurriedly drove seriously, pretending that he didn't say anything just now.

However, his funny behavior made Rong Shu chuckle, and the anger in his heart eased a lot, "Look, Assistant Zhang, you think what I said is right, so, with that woman's thick skin, I will definitely say that, because of this, I scolded her directly, but the way I just scolded someone must be ugly, right?"

She looked at Fu Jingting.

Fu Jingting raised his eyebrows, "Why do you say that?"

“Because I don’t look good when scolding people, don’t you think I looked like a shrew at the time?” Rong Shu blinked and stared at Fu Jingting.

Fu Jingting looked at her for a few seconds. Under her nervous expression, she suddenly chuckled, “No!”

Rong Shu breathed a sigh of relief, but still confirmed it again, “Really?”

“Really . !” Fu Jingting nodded without hesitation.

Rong Shu smiled, “It’s pretty much the same, but I think the way I scolded people at the time must not look good.”

“No, you look cute when scolding people.” Fu Jingting propped his head up and said seriously.

Rong Shu opened her eyes wide, “Really? Cute?”

“It’s cute!” Fu Jingting’s lips curved more intensely, “I’ve never seen you scold someone so hard, and when you scold someone, it’s not like those women pointing and scolding people, on the contrary, when you swear, you open your eyes, your face is red, your face is puffed up, and you look really cute.”

He really wasn’t comforting her . That’s what I said, but seriously.

At that time, when she scolded the woman, it was indeed like this. It was not like a person who scolded others, but like a person who couldn’t quarrel with others and was about to cry in a hurry.

So, isn’t it cute?

Hearing Fu Jingting’s description, Rong Shu also thought about what she looked like at that time in her mind. This association made the whole person feel embarrassed. She covered her face with her hands, leaned her head back, and leaned on the headrest of the seat. , a lifeless look.

Seeing this, Fu Jingting grabbed her wrist and wanted to take her hand away from her face, “Okay, let’s put your hand down, it’s not ashamed, why are you covering your face?”

“You don’t understand!” Rong Shu’s voice came from the palm of her hand It came out of my heart, and the sound of the urn was angry.

Fu Jingting smiled softly, “I really don’t understand, but I’m very happy.”

“Happy?” Rong Shu took a hand from her face, revealing half of her face, looking at the man with that eye, “Happy for what?”

“I’m glad you scold her.” Fu Jingting replied.

Rong Shu’s mouth twitched, “What’s so happy about this?”

Doesn’t he think it’s shameful for a girlfriend to curse loudly in public?

Seeing to see what Rong Shu was thinking, Fu Jingting put away the smile on his face, very serious, and told her very seriously, “I’m glad you scold her because I know you care about me and have a strong attitude towards me. The possessiveness and desire for you are the same as I have a strong possessiveness and desire for you, because it lets me know that it is not me who is running alone, but we are running in both directions. I know that there are many men who adore you. Such as Li Chuan, such as Cheng Huai, such as Lu Qi.”

Having said that, he looked at her, and then continued, “If any of these three people appear in front of you, I will be very unhappy, and even drive them away. Go, because I really love you, I don’t want people around you who adore you to destroy the relationship between us, I only hope that in love, there are only the two of us, so I just saw you scold the people who are interested in me, I’m naturally very happy to drive that person away, which shows that you are serious about me, and you don’t want anyone who will destroy our relationship.”

After listening to the man’s words, Rong Shu’s face turned red again, and she immediately turned red. When he reached the tip of his ear, “You’re right, I did scold her so angrily because that Su Man fell in love with you and wanted to stay by your side, because I really couldn’t help it, if I could hold back and don’t even stop it, it really shows that I don’t love you, or I don’t love you deeply enough, but it is precisely because I love you deeply that I am so angry, I just point at her nose and scold her, hoping that she will be a little bit ashamed, I put away those thoughts that I shouldn’t have, the most important thing is.”

She lowered her eyes, her eyes became much condensed, “I have experienced so many things, and I have great feelings for feelings. Obvious clean addiction, I absolutely cannot accept that there are other unstable factors between us, if there is, I will definitely strangle it to death, and I will give up this relationship, I will not choose to continue to fall for people and let myself change. Become a grumpy madman.”

Just like this time, when she came to Fu Jingting’s ward, she found a Su Man who had a bad heart for Fu Jingting. She rang the alarm bell in her mind at that time, and her first reaction was to get this woman away from Fu Jingting. To fulfill all the hopes of this wicked woman approaching Fu Jingting, protect the relationship between yourself and Fu Jingting that was finally restored.

Of course, it's not that she is not confident in her relationship with Fu Jingting, she is just disgusted by the sudden appearance of these disgusting and unnecessary tests in her relationship with Fu Jingting.

She had already experienced Gu Manyin, and she didn't want to experience another green tea bouncing around in her relationship with Fu Jingting.

That's why she asked Assistant Zhang, Su Man, to drive away.

But I didn't expect that Su Man didn't give up, and came over again today. He couldn't see Fu Jingting at Assistant Zhang's place, so he squatted in the parking lot. This perseverance in pursuing what he wanted was really touching.

Of course, if the pursuit is not Fu Jingting.

But it happened that Su Man had a crush on Fu Jingting, and he was entangled again and again, so naturally, don't blame her for getting angry and not giving face.

She didn't have the patience to wait for Fu Jingting to solve it on her own, or just stay unmoved to see how the woman wanted to jump around.

What she has to do is to start directly, be quick and accurate, and completely kill this woman's mind!

That's why she had a sudden attack at that time and scolded the woman mercilessly.

After all, this woman is about to rob her man, does she still want to be nice and be a soft persimmon?

Oh, she is not a soft persimmon, on the contrary, if she offends her head, she must make that person look good!

What's more, if she really does nothing and allows that woman to be courteous in front of Fu Jingting, it not only shows that she does not love Fu Jingting, but also disrespects her relationship with Fu Jingting, and also does not respect Fu Jingting.

Although Fu Jingting didn't know what Rong Shu was thinking, he felt a little guilty when he heard her words.

He grabbed her wrist and pulled it into his arms.

Rong Shu lay on his side like this.

Rong Shu thought of it at first, but Fu Jingting held her shoulders to prevent her from getting up, so he touched her smooth hair and said warmly, "You won't become a resentful woman, and you won't become a lunatic, I will always be I won't betray you, I won't make you feel insecure, didn't I say, I'm too small, I can only pretend to be you, in this case, then other women, naturally you don't need to care, and after I know, I myself I will also deal with them, so that they won't be an eyesore in front of you, but this time, it was my negligence."

Having said this, he frowned.

Rong Shu rolled over, lay flat on his lap, looked at him, raised his hand to smooth his brows, "I hear that you can handle it yourself and won't let them get in my eyes, I feel really comfortable, But this time you made a mistake. This time it wasn't your negligence. You didn't even know it. You just saved that Su Man and didn't let Assistant Zhang run into it. When Man threatened to provoke me, you were in a coma without knowing it, so it wasn't your negligence, nor was it your fault, don't blame yourself, it's Assistant Zhang's fault.

" Listen, Assistant Zhang, who was eavesdropping with relish, never thought that he would eat melons on himself.

He was stunned.

Then he felt the slightly murderous gaze coming from behind him, he turned his eyes stiffly to look in the rearview mirror, and sure enough, he saw Fu Jingting's expressionless face and those eyes with no trace of warmth.

Immediately, Assistant Zhang shuddered, his face turned pale, and he squeezed out a smile, "Mr. Fu, Miss Rong is joking, how could this be my fault?"

"Of course it's your fault." Rong Shu With a snort, "Last night I asked you to take that woman away, and then that woman appeared today. You knew last night that the woman was interested in you, Mr. Fu, but you didn't take care of that woman properly.

"..." Assistant Zhang choked, originally wanted to call innocent, but when the words came to his mouth, he couldn't say anything.

Because it's true that he didn't handle it well.

Rong Shu said again, "And just now, didn't your Boss Fu also let you send her off? In the end, she still didn't send her off and was waiting in the parking lot.

" Fu Jingting, who was getting more and more ugly, hurriedly explained, "Mr. Fu, don't listen to Miss Rong, I really sent the woman away and told her not to appear in front of

you, but who knew that the woman didn't leave at all, secretly You can't blame me for being squatting in the parking lot, right?"

"Who said I can't blame you?" Fu Jingting squinted his eyes, his voice was cold, "I sent someone, not just to let you tell him to leave, but to confirm that the person has left, It won't appear again, you didn't even do this, and you said it wasn't your fault?"

Rong Shu hummed twice, expressing support.

Assistant Zhang's mouth twitched and twitched, "This..."

He wanted to cry without tears.

He could see it, these two people are a group, the husband sings and the wife follows, and the wife sings the husband!

It's not that Boss Fu didn't let him send people off before, but he always told them to leave directly. Boss Fu didn't say that he did something wrong, and he didn't say that he had to stare at people to leave.

why now...

For a time, Assistant Zhang was like an eggplant beaten by frost, and the whole person was sluggish.

Fu Jingting pursed his lips and instructed coldly, "Since that woman has come to entangle again and again, she will definitely not give up because of Xiaoye Ye's scolding."

Hearing this, Rong Shu frowned, "You mean, she may still Looking for a way to find you?"

Fu Jingting hummed.

It's not that he is narcissistic, but that there is a voice in his heart telling him that the woman will.

Moreover, he has seen many women who are similar to that woman.

Those women are all like this, knowing that he doesn't like them and hates their entanglement, but they still take the trouble to appear in front of him.

In the end, if he hadn't been completely annoyed and warned the families behind them, otherwise, there would still be many women pestering him.

Yes, the reason why there are no women around him now is because he has greeted him. The family behind them is afraid of him, so they will naturally restrain their daughters and prevent them from appearing in front of him.

But there is no family behind Su Man, so naturally it can't restrain her.

Therefore, the probability that Su Man may appear is very large.

Rong Shu nodded when she heard the man's affirmative reply, "It is indeed possible that she can disobey Assistant Zhang's orders over and over to block you, and it is not impossible that she will appear in the future.

"?" Fu Jingting looked at Assistant Zhang coldly.

Assistant Zhang swallowed and nodded, "I heard Mr. Fu, I will send someone to stare at that woman, and I will not let that woman appear in front of you, as long as she has this idea or action, our people will directly destroy it."

Fu Jingting nodded slightly, "This time, you will make up for it."

"Thank you, Mr. Fu." Assistant Zhang immediately smiled flatteringly.

Rong Shu covered her lips and smiled.

Seeing her happy, Fu Jingting naturally raised his brows.

For a while, because of the unpleasant atmosphere surrounding the three of them, Su Man was finally dispersed.

Soon, the Fu Group arrived.

After Assistant Zhang parked the car in Fu Jingting's exclusive parking space, the three got out of the car.

Fu Jingting held Rong Shu's hand and walked towards the elevator.

Assistant Zhang naturally took the mobile phone and contacted the secretary below to inquire about the meeting.

After the question, the three had already entered the elevator.

Assistant Zhang put down his mobile phone and looked at Fu Jingting, his expression was no longer the comedy and changeable look in the car, and turned into a serious and serious look at work, "Mr. Fu, I asked the secretary just now, and they said there was a meeting. The people who are here have basically arrived, and I'm just waiting for you to pass."

Fu Jingting hummed, "Got it."

"Then Mr. Fu, shall we go directly, or..."

Assistant Zhang glanced at Rong Shu, meaning it's obvious.

Rong Shu smiled, "You can go there directly, I'll just go to your office by myself."

She came to accompany him to work, where would she go if she didn't go to his office?

However, Fu Jingting disagreed and squeezed her palm, "No, I'll take you there. If you come to me, how can I leave you behind and leave you alone?"

Rong Shu heard him say that, Heart is naturally happy.

But she still shook her head and refused, "No, I'll go there by myself, aren't you in a hurry to go to the meeting, take me there and waste some time.

"No matter if I make a profit, I can afford it for the shareholders." Fu Jingting raised his chin slightly, looking like he was rich.

Rong Shu looked at it with a smile, "I know you have money, but you can't give it to those shareholders in vain. This is not a dividend for shareholders. If you use your own money to subsidize them, it will only increase their appetite. Don't be nervous about anything, because they will think that you will subsidize them and not make them suffer."

Fu Jingting reached out and scratched the bridge of her nose, "I know, but you think I'm the kind of person who lets them take advantage of it for nothing. People? If they can take advantage of me, it's a daydream."

Rong Shu nodded, "That's right."

"Okay, let's go." Fu Jingting tightened her hand, "I'll send you there. The office, don't worry, the meeting will not be delayed, although the meeting is somewhat important, it is worth delaying a few minutes."

Rong Shu knew that he just wanted to send her, otherwise he would not insist on sending her even if she refused continuously. .

So, she didn't want to waste his mind, she nodded and agreed, "Since you said so, then fine."

Fu Jingting rubbed the back of her hand with her thumb and led her to his office.

Arriving at the door of the chairman's office, Assistant Zhang stepped forward with discernment and opened the door for the two of them.

Fu Jingting led Rong Shu in, but Assistant Zhang didn't go in, but turned around and went to the pantry next door.

In the office, Fu Jingting let go of Rong Shu's hand and pointed to the sofa, "Just wait here for me to come back, you can watch TV and play games, if you don't want to watch TV or play games, there are still many books in the bookcase behind my desk. , If you don't want to read, just go to my lounge to sleep, this meeting won't end in a few hours, and it's boring to wait all the time, it's better to sleep."

He said, pointing in the direction of the lounge.

Rong Shu followed and nodded, "I know, you can go to the meeting with confidence, I'm a big man, and it's not that I can't find fun and relieve my boredom. You have arranged such details for me, but it makes me feel like myself. As a child or a guest, I can only do what you said and nothing else."

Hearing her guest, Fu Jingting frowned, "You are not a guest, you are my lover, and my territory is naturally your territory, so you can do whatever you want, and I will not arrange it in the future."

"It's more or less the same, at least it's more free." Rong Shu stretched her waist and said.

Fu Jingting chuckled and was about to say something when the office door reopened and Assistant Zhang came in with a tray containing a pot of black tea and a delicate red velvet mousse cake.

"Mr. Fu, I made an assertion and made you Miss Rong black tea and snacks." Assistant Zhang walked in front of the two and said to Fu Jingting.

Fu Jingting nodded with satisfaction, "I was about to tell you to make tea, but you are very conscious, yes."

Hearing his compliment, Assistant Zhang smiled, "It should be, and these were originally prepared by you for Miss Rong. "

It was originally prepared for me?" Rong Shu pointed at her nose in surprise.

“Yes, Miss Rong.” Assistant Zhang nodded back.

Rong Shu looked at the tray in his hand, and then looked at Fu Jingting, “I decided to come here on a temporary basis, and I didn’t see you prepare these in the car, so why did you prepare these in advance?”

” It must have been prepared in advance.

After all, Assistant Zhang came back with them. As soon as they entered the office, Assistant Zhang brought black tea and cake on the back.

So, isn’t it just pre-prepared?

After all, if you buy it now, it will definitely not be so fast.

The most important thing is that Fu Jingting also doesn’t like drinking black tea and eating desserts.

Fu Jingting seemed a little embarrassed, he coughed and replied, “I had Zhang Cheng arrange it a long time ago.”

“What do you mean?” Rong Shu felt that she understood, but she felt that she did not understand.

Assistant Zhang pushed his glasses, “That’s Miss Rong, when President Fu was still chasing you, he asked me to prepare your favorite black tea and desserts. Desserts are easy to spoil, but Mr. Fu still asks the top pastry chef to deliver a fresh cake every day, just so that you can eat Miss Rong after you come to the Fu Group. If you don’t come, Mr. Fu will let me get off work every day. When the time comes, throw away the dessert, after all, this kind of thing cannot be left overnight, after throwing it away, make up again the next day, and this cycle has been going on for several months.” In

other words, he personally lost hundreds of dollars worth a lot . of premium desserts.

Although it was not his money, he was still in pain.

After all, the money was spilled from him.

After listening to Assistant Zhang’s words, Rong Shu understood everything, a warm current surged in her heart, and her eyes were slightly warm as she looked at the man with flickering eyes.

He didn’t dare to look at her, was he shy or afraid that she would say he was wasting?

Rong Shu wasn’t sure what kind of mentality he had, she smiled, stepped forward, and hugged Fu Jingting’s waist.

Fu Jingting was startled and looked down.

Rong Shu buried her head on his chest, listened to his heartbeat, and said in a soft voice, "Thank you for what you did for me."

If Assistant Zhang hadn't told her this time, she really didn't know that he had been for several months in a row. , have prepared her favorite desserts for her.

He clearly knew that she wouldn't come here often, but he still made preparations so that she could come by chance and eat directly.

This persistence, this dedication, is enough to impress any woman.

Fu Jingting heard the happiness and emotion in Rong Shu's tone, and his tense body relaxed, and raised his hand to hug her, "Thank you, isn't it right to do something for the one

you love?" If you don't even do something for the person you love, don't pay for the person you love, how can you say that you love her?

Assistant Zhang on the side saw that the two suddenly hugged and crooked, and couldn't help shivering.

No eye to see, no eye to see.

It's really unbearable that these two people have to talk to each other in such a short time.

He'd better go out quickly to avoid getting hurt, after all, he's still a single dog.

Thinking about it, Assistant Zhang quickly turned around, walked quietly to the door, and quickly disappeared outside the door.

If you don't leave, you won't be able to leave. If the two of them kiss or something for a while, and he is here, President Fu will also drive him out.

So he might as well go out obediently, at least not ashamed of being driven out!

Assistant Zhang walked silently, and neither Fu Jingting nor Rong Shu noticed.

Rong Shu laughed again, then raised her head to look at Fu Jingting's handsome face.

Her eyes were a little red at the moment due to the touch just now, and even the ends of her eyes were red, which made her a little more charming and charming.

“Yes, but you should tell me too. If Assistant Zhang didn’t start talking about it now, wouldn’t you tell me at all?” she asked.

Fu Jingting’s eyes turned away, “It’s not that I don’t tell you, but it’s not necessary. It’s better to do this kind of thing silently. If I tell you, there’s no sincerity that I’m chasing you, but something that I’m deliberately trying to let you know. How good I feel for you, it’s fake.”

“This” Rong Shu choked, then nodded, “It seems to be the same, but you don’t really need to do this, I don’t come here often, and I won’t come for a few months. It’s normal, if I don’t come, won’t you waste hundreds of cakes?”

This Time, I Will Get My Divorce Chapter 777

The Long-winded Fu Jingting

Fu Jingting pursed his lips, “I have money, this is not a waste to me!”

Rong Shu rolled her eyes.

Well, the topic goes back to the fact that he has money.

If she hadn’t known that he didn’t mean it, she would have doubted whether he was showing off his wealth to her!

Rong Shu shook her head in disbelief, “Okay, okay, I know you have money, hurry up and go to the meeting, Assistant Zhang is gone.”

Fu Jingting snorted, “Okay, then I’ll pass, you are here to be good. Stay, if you don’t want to sleep, you can go shopping in various departments, or find a secretary to come in and chat with you, and if you don’t have enough food and drink, ask the secretary to prepare it for you.”

Listening to the man babbling instructed, Rong Shu held her forehead, “I know, I won’t treat myself badly, I just said that I don’t need to be so comprehensive, you forget it so quickly, and it’s so long-winded, if I hadn’t been sure that you really did it’s Fu Jingting, I thought you were being bullied by a ghost, I’ve never seen you talk like that before.”

Fu Jingting pursed her lips and stared at her, “I’m not worried about you yet.”

"I'm not worried about anything, and I'm not a child. , Okay, let's go quickly." Rong Shu withdrew from his arms in a funny way, then turned him around, pushed him by the back, and pushed him towards the door of the office.

Fu Jingting also followed her movements, otherwise she would not be able to push him as a big man.

It's just that one is making trouble and the other is pampering.

Pushing Fu Jingting out of the office door, Rong Shu took out a decorative handkerchief from his left breast pocket.

Fu Jingting didn't understand what she was doing at first, but the next second, he saw Rong Shu raised a small handkerchief and waved, "Go, go to the meeting, don't make them wait too long, I will be there I'll be waiting for you in the office."

She agreed to accompany him to work today, and she naturally wouldn't leave.

Fu Jingting watched her waving the handkerchief, and then he realized that she was saying goodbye to her, and couldn't help but chuckle.

This is the first time he has seen this way of farewell, but he likes it very much.

As long as she sent him, he liked it, either way.

"I'll be back soon." Fu Jingting nodded slightly and walked forward.

After walking a few steps, he suddenly stopped again.

Seeing that he was not leaving, Rong Shu also put down the hand waving the small handkerchief, and tilted her head in confusion, "What's wrong? Did you forget something?"

"Yes." Fu Jingting nodded and replied. Afterwards, he turned around, strode towards her, and reached her in two steps.

Then, under Rong Shu's doubtful eyes, she wrapped her arms around her waist, raised her chin with the other hand, lowered her head to her red lips, and kissed her.

Rong Shu's eyes widened, and the whole person was stunned.

But when she reacted, Fu Jingting had already let go of her, but the hands on her waist and chin did not let go.

Rong Shu blinked, then raised her eyes and stared at the man with a blushing face, "You said forget, you just forget this?"

Fu Jingting lowered his head and touched her lips with his thumb, his voice hoarse, Feeling, "Yeah."

Rong Shu's face became even hotter when she got a positive answer.

He just stopped suddenly, his back looks so serious, even the tone of his answer is difficult to be serious.

At that time, she really thought that he had forgotten something very important, which made her nervous.

But the result?

He actually just wanted to kiss her!

Rong Shu was angry and funny, "Since you have done what you forgot now, why don't you hurry up?"

Really, she urged him several times, but in the end, he still didn't make it.

She was afraid that the shareholders of his group would know that the reason why he didn't come over was because after sticking with her, they would scold her for being a vixen.

"Let's go now." Fu Jingting's Adam's apple slid up and down, and loosened her waist at the same time.

However, the hand holding her chin did not let go, nor did she look away from her gaze, instead, her eyes became darker and darker.

Rong Shu groaned in her heart, and a bad premonition arose.

This guy, doesn't he want to do something to her?

As it turns out, her intuition was right.

Fu Jingting suddenly lowered his head again and kissed Rong Shu's lips.

But this time, he just kissed and let go, but the kiss was much stronger than before.

Rong Shu could feel a faint pain on her lips.

This made her pat the man, "You are a dog, and you actually bit me?"

Yes, he kissed her hard and let go, but at the same time he let go, he also bit She licked her lips, otherwise her lips would not hurt.

Supposed to be swollen for a while.

Rong Shu couldn't shoot hard enough, Fu Jingting felt a little pain in his arm, but he didn't care, instead he looked at her resentful look and laughed.

Obviously, he is quite satisfied with his behavior!

"Okay, let's go." Fu Jingting finally let go of Rong Shu's chin, raised his hand and rubbed her hair, then turned and walked towards the elevator.

Rong Shu looked at his back, raised her hand and touched her head, which was the position he had just rubbed.

This touch made her hair rush up, obviously messed up by him, which made her tremble with anger, "Fu Jingting, you" before

she finished her words, Fu Jingting's figure quickly disappeared from the elevator door.

He seemed to know that she was going to get angry, the movement of entering the elevator was really fast, giving people a feeling of being on the run on purpose.

When Rong Shu saw this, most of the anger in her heart disappeared in an instant, and finally she couldn't help laughing again, "This bastard, why do you want to be angry with me?"

She muttered while arranging her hair.

After the hair was smoothed again, he turned around and returned to Fu Jingting's office.

Fu Jingting's office is very large, more than twice the size of her office. It is more like a luxurious residence than an office.

There is not only a lounge, but also a gym, and even more exaggerated, a screening room and a swimming pool.

Rong Shu had never been to the Fu Group in the past six years, let alone Fu Jingting's office, so he had no idea what his office looked like.

Although after the divorce, she came here twice as the chairman of Tiancheng, but they were only in the office lobby. As for the others, she still hadn't seen them.

You can take a good look at it now.

However, when Rong Shu finished reading it, she only had a few words in her heart, she would really enjoy it!

Her office is also quite luxurious, but compared to Fu Jingting's, it's like a thatched cottage versus a villa.

After Rong Shu visited Fu Jingting's office, she went back to the previous sofa and sat down, took a sip of black tea, took out her mobile phone, and made a call to Secretary Tong.

Secretary Tong answered quickly, "Chairman, is Mr. Fu all right?"

She immediately asked Fu Jingting's situation.

After all, in the morning, the chairman called her and told her that she would not go to work today because President Fu had a car accident and wanted to accompany President Fu.

Naturally, the chairman called at this moment, and she also wanted to pay attention to President Fu.

After all, she is friends with the chairman, and if something happened to the chairman's boyfriend, she doesn't care, it seems quite impersonal.

Rong Shu shook her head and replied with a slight smile, "he's fine, he's been discharged from the hospital now, and I'm in his office right now."

"That's good." Secretary Tong also breathed a sigh of relief, "Congratulations to the chairman, Mr. Fu is safe and sound."

"Thank you." Rong Shu happily accepted her congratulations, and then asked about the business, "By the way, I asked you to check the decoration results of the factory for me today, how is it? "

Discover the conspiracy

On the other end of the phone, Secretary Tong held the mouse and clicked twice, looked at the dense photos on the computer screen, and replied with a serious expression, "Chairman, I have already checked the overall decoration of the factory, and it feels good so far, but There are a few places that still need to be repaired a little, but it is not a big problem. If it needs to be repaired, it will not take much time. Our factory officially stationed employees, and the opening date of the assembly line is the fifth of next month, so there will be no delay. ."

Hearing this, Rong Shu nodded with satisfaction, "That's good, you can tell me what needs to be repaired."

"The description on the phone is not very clear, so I will send the photo directly to your mobile phone." Secretary Tong suggested.

Rong Shu snorted, "of course it's the best."

"That's fine, then I'll send it to you first." Secretary Tong smiled, dragged all the photos on the computer into a folder, packaged them and sent them to Rong Shu Shu.

Rong Shu's phone vibrated, took it off her ear, put the call on in the background, and started receiving photos.

The folder memory is very large, and it takes a long time to receive, at least two or three minutes.

Taking advantage of these two or three minutes, Rong Shu instructed Secretary Tong, "By the way, some people may apologize to me live in the past two days. Please keep an eye on the news on the Internet. If there is too much news on the Internet, let the public relations department press you. Press down, control the screen, and try not to appear malicious comments that abuse the person who apologized."

Although Su Man did not explain the reason for the apology, netizens would not attack her too much.

But the apology alone is still very curious, and one cannot help but speculate on the reason for the apology.

Netizens are not all fools, and there are always people who will think about it. After all, it is a beautiful woman who apologizes, and a beautiful woman apologizes to another woman in a good manner. I think it is basically because of love.

So this part of netizens who can guess the reason will definitely say some ugly things.

Once you talk a lot, the online rhythm will pick up, and many other netizens who don't know the truth will begin to believe and agree.

In the end, things could still turn into cyberbullying.

In order to prevent that from happening, she can only say hello to Secretary Tong here.

Secretary Tong was dumbfounded when he heard Rong Shu's words, and obviously didn't understand what it meant.

“Chairman, someone apologized to you? What the hell is going on?” Secretary Tong asked in confusion.

Rong Shu didn’t hide it from her, and after sneering, she told what happened to Su Man last night and today.

After listening to this, Secretary Tong couldn’t help but stunned, “It’s because of this, that woman really doesn’t know what’s wrong, President Fu would rather take risks on his own in order not to run into her last night, but she’s better, she actually likes President Fu like this, He also made provocative words to you, Chairman, and repeatedly intercepted and besieged President Fu. This is no longer shameless, it is shameless at all!”

In short, although she has never seen that Su Man, she has not Stop her from hating that Su Man.

The chairman scolded right, scolded beautifully.

Even, she still felt that the scolding was light, why didn’t she scolded the woman to cry, or scolded her with shame?

What a pity!

Secretary Tong sighed regretfully.

Rong Shu’s heart warmed when she heard her grievance and righteous indignation, and said with a funny face, “It’s the first time I’ve seen green tea like this, and it almost made me sick.”

“Fortunately, Fu is always a good man, no It’s easy to be confused by these women.” Secretary Tong said with relief.

Rong Shu smiled again and said, “If he can easily be fooled by green tea, then he is not Fu Jingting. He is not worthy of managing the Fu family, being the head of the Fu family, and even less worthy of my heart.”

Secretary Tong nodded again and again, “So I I just said that Fu is always a good man. Unlike other men, many men like to eat green tea. They can’t tell the difference between green tea. , In short, it’s annoying to see.”

Rong Shu agreed, “That’s right.”

“Chairman, since that Su Man wants to rob you of Mr. Fu, why do you have to publicize the comments on the Internet for her? Ask me to tell her that she will be accused by thousands of people. Forget it.” Secretary Tong frowned, not understanding Rong Shu’s thoughts.

Rong Shu's smile faded, "I also hope that she will be scolded, but the premise is that her psychological quality is strong enough to ignore those unbearable comments on the Internet, but in fact, none of us know whether her psychological quality is strong or not. She's strong, so I don't dare to gamble, in case she's not mentally strong enough to watch bad online criticism and make extreme actions, it's me who is responsible."

Secretary Tong was silent.

Indeed, the Internet is a murderous knife.

If used improperly, it is indeed very easy to cause people's lives.

By then, the chairman is the murderer.

So, it really needs to be judged.

Thinking of this, Secretary Tong pushed his black-rimmed glasses, "I know the chairman, I will keep an eye on the Internet, and I will also instruct the public relations department."

"Excuse me." Rong Shu nodded.

When the call was over, she put down the phone, took another sip of the black tea, moistened her throat, and set her eyes on the untouched piece of cake.

This is the strawberry red velvet mousse cake, topped with a large, fresh, and very red strawberry that looks like you want to take a bite.

Under the strawberries, there is a layer of broken red velvet, the lower layer is a white cream mousse, and the next layer is fruit jam

. In short, it looks very appetizing.

Rong Shu couldn't help swallowing a saliva, and then directly picked up the silvery fork.

She has always loved desserts, especially such good-looking ones, she has no resistance.

Sitting on the sofa, Rong Shu happily ate the cake. When she ate her favorite jam, she couldn't help but narrow her eyes happily. The expression on her face was beyond beautiful.

After eating the cake, Rong Shu went to the bathroom to rinse her mouth.

When she finished rinsing and was about to go out, she suddenly heard movement in the office, it was footsteps.

Fu Jingting came back from the meeting?

Rong Shu's face was filled with joy, and she put her hand on the door handle of the bathroom, ready to open the door and go out.

However, just when she turned the door handle, a voice came from outside, "Don't worry, he is in a meeting at the moment, there is no one in the office, and he will not be found."

This was not Fu Jingting's voice!

Rong Shu's turning movement stopped immediately, and the expression on his face became a little ugly.

She just said, Fu Jingting said, this meeting won't end in a few hours, how long did he come back?

She originally thought that he might be worried that she came back alone in the office and was about to go out.

What I didn't expect was that it was not Fu Jingting who came back, but a sneaky thief.

From what he just said, it can be heard that this person sneaked in while Fu Jingting was in a meeting, thinking that there was no one here, and then wanted to do something.

Rong Shu also didn't expect that she came to Fu Jingting's place and discovered the conspiracy for Fu Jingting.

This is really

Rong Shu helplessly smiled, then gently turned the door handle back, and finally turned the door handle away, took out her mobile phone and started recording.

Fortunately, this person is not smart, probably because she thinks that there is no one in the office, and Fu Jingting will not be able to come back in a short time, so she doesn't mean to hide her voice. She can hear clearly in the bathroom, naturally, and not afraid of being unable to. Recorded.

The people outside the door were probably rummaging through boxes and cabinets, and Rong Shu heard the sound of him pulling a drawer.

Seemingly not finding what he was looking for, the man angrily slammed the drawer and then scolded, "Mr. Liu, Fu Jingting is too cunning. I rummaged through his desk and couldn't find any documents!"

Seeing Fu Jingting's Joke

document?

Rong Shu's expression froze, and she suddenly realized that this was actually a business thief. Taking advantage of Fu Jingting's absence, he sneaked into Fu Jingting's office to steal documents.

There is also the general manager Liu

Rong Shu who frowned and thought about it, and suddenly remembered that Fu Jingting called Assistant Zhang once and mentioned this person in his mouth.

It is said that this person is an old shareholder of the Fu Group, and he was there before the Fu Group grew, but this person does not want to be a shareholder who only takes money and doesn't care about anything, but wants to be a hands-on shareholder. Real power, a shareholder who can bring threats to Fu Jingting.

Therefore, when Fu Jingting called Assistant Zhang that time, his face was very ugly, because that Mr. Liu stumbled on him. Although the stumble did not cause any substantial harm to Fu Jingting, it was enough to make Fu Jingting sick. some time.

She is Fu Jingting's girlfriend, so naturally, she will not have a good impression on those who have enemies with Fu Jingting.

Mr. Liu in the mouth of the thief is estimated to be the one mentioned by Fu Jingting on the phone that day.

Since she was hit by her, she naturally had to help Fu Jingting.

Rong Shu looked at the phone in her hand and pursed her red lips.

The people outside were still rummaging, making their voices bang bang bang.

Rong Shu didn't dare to go out, because he was afraid that someone would find out that there were still people in the office, and then kill him or something.

It's not that she thinks it too seriously, but that this kind of thing really happens in the shopping mall.

Therefore, for her own safety, she must not go out!

Rong Shu clenched her phone tightly and stood quietly behind the bathroom door, trying her best not to move or make a sound, so as not to be discovered by outsiders.

I don't know how long it took, but the man didn't seem to find what he wanted in the end. After scolding Fu Jingting for being too cunning, he stopped moving.

It was estimated that someone had left, and she heard the door closing just now.

Thinking, Rong Shu took a deep breath, saved the recording, and gently opened the bathroom door.

She didn't open the door all at once, but opened a crack first, looked out secretly in the crack of the door, and after confirming that there was no one outside, she breathed a sigh of relief and opened the door.

As Rong Shu walked, she lightly patted her fast-beating heart, and locked the door of Fu Jingting's office. Then she opened WeChat, ready to tell Fu Jingting what happened just now.

After all, this kind of thing is not a trivial matter, let's say it earlier, what if she forgets when his meeting is over?

Rong Shu typed the matter to Fu Jingting in detail, and then sat on the sofa to calm down the emotions just now.

"Huh" Rong Shu took out a tissue and wiped her face.

God knows how nervous and frightened she was just now, cold sweat broke out on her forehead, and her back was cold.

She has always known that shopping malls are like battlefields, and there are all kinds of bulls, ghosts and snakes in a group. Tiancheng Group still has Duan Xingbang's rat shit, not to mention the behemoth of Fu's Group. There will only be more bulls, ghosts and snakes.

But it never occurred to me that I would encounter it as soon as I came.

The situation just now was actually very dangerous. She didn't dare to let out the air, for fear of being discovered.

Fortunately, in the end, the person was just looking for something in Fu Jingting's office area, and didn't come to other rooms to look for it, otherwise she would definitely have an accident.

Rubbing his eyebrows, Rong Shu glanced at the phone that was placed on the coffee table by herself.

The screen of the mobile phone was black, and there was no reply from Fu Jingting, and she was not in a hurry.

Fu Jingting is still in a meeting at this time, and it is not necessarily that she does not have her mobile phone on her body, so naturally she cannot see her news.

On the other side, in the Fu Group conference room.

Fu Jingting is standing in front of the big screen, holding a baton in his hand, and is telling the people below what needs to be improved in this conference planning.

Just when he was talking about something important, a vibration sounded suddenly.

It was the vibration of the phone when it was placed on the table, and it made a louder vibration than the usual vibration.

The conference room was originally very quiet, and everyone was listening to Fu Jingting's speech attentively, so as soon as the vibration sound came out, it was obvious that everyone in the conference room heard it.

For a while, everyone looked at each other, and then quickly looked at the man on the big screen.

Sure enough, President Fu's face was extremely ugly, and the whole body was full of cold air.

It's over, Mr. Fu is angry!

Who is so daring to make noise on the phone during a meeting?

While everyone cursed in their hearts about the person who didn't turn off the phone, they looked around, preparing to find that person.

Otherwise, President Fu will definitely scold them all.

They don't take responsibility for that culprit.

However, the strange thing is that after looking around, no suspicious person was found, because everyone's expression was not guilty, so they were not sure for a while, who did it.

So much trouble.

Everyone's scalp was numb as they thought, one by one felt like sitting on pins and needles.

Seeing that they hadn't found the person whose cell phone was not turned off, Fu Jingting walked to his seat with a dark face, put the command baton in his hand heavily on the table, and swept his eyes coldly around everyone present.

Everyone who was swept by his gaze lowered their heads one after another, daring not to look at him, for fear that they would be picked up and blamed if they looked at him.

"Whose phone rang just now?" Fu Jingting finally spoke, his voice even colder than his eyes, "Did I say before the meeting that this meeting is especially important, everyone turned off their phones, why no one did?"

"Mr. Fu, we did as we did." Everyone quickly explained to themselves, and some even took out their mobile phones to prove it.

Fu Jingting snorted coldly, "Since I did, then tell me what happened just now?"

"

On the contrary, there was one person who glanced at the phone in front of Fu Jingting's hand from time to time, struggling, as if he wanted to say something, but in the end no one spoke.

Fu Jingting saw that everyone was silent, and his face became even gloomier, "No one is talking, right? Well, in that case, then you"

"Mr. Fu." At this time, the person who glanced at Fu Jingting's mobile phone finally couldn't help it and raised it up. hand.

Fu Jingting frowned, then looked at him, "Speak?"

"I know whose cell phone is ringing." After the man finished speaking, he hurriedly lowered his head.

But the others present all turned their attention to him with vigilant eyes.

This person, shouldn't he just find someone to slander and calm down the matter just because he wants to get away alone?

Thinking of this possibility, everyone became nervous, for fear that they would be the one who would be brought out as a shield.

"You know?" Fu Jingting narrowed his eyes, "Who is it?"

The man took a deep breath, then raised his hand and slowly pointed at Fu Jingting.

This move shocked everyone, and all looked at Fu Jingting.

Fu Jingting was stunned for a moment, and then pursed his lips, "You said it was me?"

The man nodded again and again, "It's you, Mr. Fu, I saw just now that your phone was vibrating."

Fu Jingting looked down at his phone, The pupils trembled slightly.

It seems that it is not impossible that his mobile phone is not turned off, and it is placed on the table!

Fu Jingting glanced at the man, then picked up his mobile phone.

Seeing this, the others also stared at Fu Jingting's cell phone, wondering if it was really his cell phone that was ringing just now.

Furious

If so,

everyone looked at each other with dark eyes, and they all saw smiles in each other's eyes.

If it was Mr. Fu's cell phone that was thinking, they could watch Mr. Fu's jokes for a while.

They had never seen Mr. Fu's jokes in the past. After all, Mr. Fu was an impeccable person, and it was impossible for people to see his jokes.

But not necessarily this time. Of course they have to be prepared to see jokes. After all, this is the first time in history.

Thinking about it, everyone began to secretly excitedly look forward to it.

Fu Jingting didn't care about these people's thoughts. He turned on the screen of his mobile phone and saw a few WeChat messages pop up on the screen. The corner of his mouth twitched slightly.

Well, it's really his phone.

Sure enough, just now, when he questioned others, it was already a joke and he was embarrassed.

If it was someone else who sent the message and dared to embarrass him in public, he peeled that person's skin.

But this time he was embarrassed, but his heart was sharp, how could he be willing?

Fu Jingting pressed his eyebrows, then turned off his phone, not checking the few messages from Rong Shu.

He knew that Rong Shu was not the kind of ignorant person. Knowing that he was in a meeting, he even sent him messages.

Since she sent him a message at this time, it is estimated that there is something serious, but this is a serious matter, and she is not particularly anxious, otherwise she will call directly.

So, it's not too late to watch, and now the meeting is more important.

Fu Jingting put down the phone, picked up the command baton and said nothing, turned around and walked towards the big screen just now, with no other emotions on his face, as if he misunderstood that someone else's phone was ringing, so he didn't feel ashamed.

All in all, as long as he's not embarrassed, embarrassing but these are the people.

Everyone didn't know what Fu Jingting was thinking. When he saw his phone, he calmly put it down and put it back, as if nothing had happened, and they were a little dumbfounded.

What's going on here?

The micro expression on Mr. Fu's phone when he looked at the phone just now told them that it was indeed Mr. Fu's phone that was ringing.

But why doesn't Mr. Fu feel embarrassed?

Not embarrassed, what do they think about jokes?

Everyone looked at each other again, and they all saw numbness in each other's eyes.

Sure enough, Mr. Fu was still the same Mr. Fu. Even if he came to the door in embarrassment, he would not let them see jokes.

Hey, it's a pity, I thought there was a chance, but everyone shook their heads regretfully.

"Continue." Seeing these people looking downcast, Fu Jingting knew what these people were thinking without asking, and snorted coldly, not intending to bother with these people.

There are many people who want to see his jokes, who has succeeded so far?

The meeting lasted nearly four hours and finally came to an end.

Everyone put away the information in front of them and left the conference room satisfied.

Can you be dissatisfied? Go ahead with the decision and wait for the profit. Once the profit is made, the shareholders' pockets will at least swell, so when they leave one by one, the corners of their mouths are almost raised to the roots of their ears, and they are not happy.

Fu Jingting didn't leave, but pulled out his chair and sat down to ease his stiff legs.

In this meeting, he was basically standing, and he basically didn't stop talking. He kept talking about the plan, and now his throat is sore and dry.

He took a sip of the coffee that had already cooled down in front of him, and then picked up his mobile phone, ready to check the message from Rong Shu.

However, after he finished reading, his expression changed, and he stood up from his chair angrily, "Zhang Cheng!"

He shouted in a low voice, with an undisguised coldness and coldness in his tone.

Assistant Zhang heard his voice outside and immediately opened the door and came in, "Mr. Fu, what's the matter with you?"

Looking at Fu Jingting's gloomy face and gloomy eyes, Assistant Zhang immediately understood that something bad had happened.

Fu Jingting didn't answer, but handed over his mobile phone.

Assistant Zhang didn't know the result. The first thing he saw was the nickname of the little leaf in the middle of the top of the screen.

He raised his eyebrows involuntarily.

Why did President Fu show himself the chat record with Miss Rong?

Could it be that he wants to eat dog food?

If this is the case

, Assistant Zhang barely squeezes a smile on his face. If this is the case, he doesn't want to see it, so he can't throw the phone away.

I thought irritably, but Assistant Zhang still listened to Fu Jingting's words and read the chat.

I thought it was really an intimate conversation between President Fu and Miss Rong, but what I didn't expect was that Miss Rong said that someone had trespassed in President Fu's office to look for documents.

"Mr. Fu, this." Assistant Zhang's expression also changed, and he quickly looked at Fu Jingting.

No wonder Mr. Fu was so angry just now. He thought it might be Mr. Fu and Miss Rong quarreling, but he didn't expect that it was because of this.

"It's Liu Long." Fu Jingting pursed his thin lips tightly, and uttered these three words in an emotionless voice.

Assistant Zhang returned the mobile phone to Fu Jingting, "He just hasn't given up."

Fu Jingting sneered, "He is not satisfied with being an idle shareholder because he is a veteran of the Fu Group, he has always wanted to be a shareholder with real power, or even that. A shareholder with real power who can influence my decision-making, paving the way for the younger generation of the Liu family, the infrastructure planning document is the only way for him to gain real power, and of course he will not give up."

"That's true." Assistant Zhang nodded, "But there is something wrong with that infrastructure plan, otherwise, Mr. Fu, you wouldn't have been holding on to it all the time. After all, it's a mega-project worth tens of billions of dollars."

"But he can't see it. There is a problem, he thinks that I am a fool who has money and does not make money, so he will mention the implementation of the plan to me again and again, and he also asks me to hand over the plan to him with full responsibility. He thinks that as long as he does it well, he will If I want real power, I and other shareholders will not object, nor dare to object. After all, he is a hero who has made great contributions to the Fu Group, but he does not think about it, am I really the kind of person who has money but does not make money? If this plan is so good, I will keep pressing it?" Fu Jingting said with a frosty face.

Assistant Zhang sighed, "Yes, there are too many problems in this plan, and there are many state departments that need to be involved. If you are not careful, all of them will collapse, and then there will definitely be problems with the Fu Group. This is true of Mr. Liu. From you There is no planning document here, and you actually have someone come to your office to find it."

He didn't say anything later, and the meaning was very clear.

It just means that Mr. Liu has no brains.

For a questionable project, Mr. Fu has been completely offended!

Now that Mr. Liu is finished.

"Go, go back to the office!" Fu Jingting grabbed the phone and strode out of the conference room.

He wanted to hurry back to the office to check on Rong Shu's situation.

Before Mr. Liu's people entered his office, she was only one person, which probably scared her.

Thinking that Rong Shu might have been afraid at the time, Fu Jingting's heart could not help shrinking, and he felt distressed.

Soon, Fu Jingting returned to the office, and without waiting for Assistant Zhang to open the door, he opened the door himself.

"Little Leaf" Fu Jingting's words were not finished when he suddenly saw Rong Shu asleep on the sofa, and immediately swallowed the following words.

Assistant Zhang behind him saw that he stopped and didn't walk, and asked inexplicably, "Mr. Fu, what's the matter?"

Fu Jingting raised his hand and lowered his voice, "It's alright, go check Liu Long first and see who he sent into my office."

"Yes." Assistant Zhang nodded and turned around to do as he did.

Fu Jingting closed the door of the office and walked towards the sofa lightly.
