This Time, I Will Get My Divorce Chapter 801

Forgive Him This Time

“Hmph, am I talking nonsense?” On the other end of the phone, Lu Qi sneered yin and yang, “Am I talking nonsense, Fu Jingting, you know, tell me, what happened to Su Man?”

“Su Man?” Fu Jingting frowned, “What did you ask her for?”

“What Su Man today, apologized to Shu Shu live on the Internet, I checked the reason for her apology, you provoked her rotten peach outside, so you still Aren't you sorry Shushu?” Lu Qi slapped the table angrily.

Fu Jingting's face became more and more gloomy, “Are you mentally ill? When did I provoke her? Could it be that I can still control someone's heart?”

He admitted that Su Man had an idea for him.

But that wasn't something he took the initiative to seduce.

This Lu Qi is simply slander!

“You can't control a person's heart, but you let that woman bully Shu Shu, it's your fault, Shu Shu is with you, you're good, but you can't treat her well, and let some messy women appear Respond to her in front of Shu Shu, Fu Jingting, if you can't treat Shu Shu properly, you should let Shu Shu go quickly, and don't make Shu Shu bruised all over again in the end.” Lu Qi said with a cold expression.

Fu Jingting's thin lips pursed into a straight line, “This is a matter between me and Rong Shu, it's not your turn to give advice, and I didn't feel sorry for Rong Shu, and I didn't make some messy women in front of her, do you think Why did that Su Man apologize on the Internet? If I had anything with that woman, do you think I would treat her like this?”

Hearing Fu Jingting's retort questioning, Lu Qi choked and had nothing to say.

Because he knew from the beginning that there could be nothing between Fu Jingting and that Su Man.

It's just that he knew that after Su Man fell in love with Fu Jingting, he threatened and provoked Rong Shu, so he was very angry, thinking that if it wasn't for Fu Jingting's scourge, Shu Shu would not have suffered such a thing at all.

Therefore, he couldn't help but call and question Fu Jingting.

Thinking about it, Lu Qi snorted coldly, "Even if you are nothing like that woman, but that woman has a different idea for you, Fu Jingting, you can't deny this, right?"

"I never denied it." Fu Jingting lightly opened Thin lips whispered.

Lu Qi squinted his eyes, "Since you don't deny it, that's fine, then I'll tell you Fu Jingting, you finally do my part, you're already with Shushu, don't do anything more sorry Shushu, otherwise, I've tried my best to kill you, Lu Qi."

He has guarded the treasure for more than 20 years, and it is absolutely impossible for one person to be hurt twice.

Fu Jingting's face was expressionless, and his voice was indifferent without a trace of ups and downs, "You should be glad that you came to tell me these cruel words for Xiao Ye Zi, otherwise I will never let you go."

After speaking, he hung up the phone and didn't bother to pay attention Lu Qi this neuropathy.

Lu Qi looked at the phone that had jumped back to the main menu, snorted, and his anger subsided a lot.

The purpose of his call was not only to scold Fu Jingting, but also to know Fu Jingting's attitude towards the messy women outside.

Now that he knew that he was also very tired of those women, he naturally became less angry.

However, when the anger is small, it does not mean that it is completely extinguished. He has to tighten Fu Jingting.

Soon, Lu Qi called Rong Shu.

Rong Shu was discussing matters with Secretary Tong at the moment, when she heard the phone ringing, she took it out to have a look.

Seeing Lu Qi's call, she was overjoyed at first, then thought of something, and looked at Secretary Tong on the opposite side, "It's A Qi's call."

After hearing the name, Secretary Tong's eyes behind black-rimmed glasses lit up for a moment, But it disappeared soon, and returned to the previous appearance. He lowered his eyes and replied in a low voice, "Chairman, President Lu should have something to do with you, please pick it up, I have nothing to do with President Lu, so you Don't worry about me."

Yes, she has nothing to do with Lu Qi.

However, the child in her belly made a bond between them.

It's just this fetter, but it's not what he wants.

Thinking of this, Secretary Tong subconsciously touched his lower abdomen.

Seeing her action, Rong Shu asked with concern, "Secretary Tong, is your stomach uncomfortable?"

Secretary Tong seemed to be frightened, and quickly took his hand from his stomach, and replied with a heartbeat, "No."

She She shook her head quickly, suppressed her inner tension, and forced a natural smile on her face, "I'm fine."

"Really?" Rong Shu was still a little worried, "but I just saw you touching Stomach."

"Uh" Secretary Tong's eyes flashed with a guilty conscience, "I'm a little hungry, so I just touched it, really, chairman, I'm really fine, don't worry, just answer the phone, Lu You should wait."

Seeing her serious face, Rong Shu had to believe that she was really just hungry, nodded, and answered the phone, "Aqi."

"Shushu." "I know everything about Su Man."

"You know?" Rong Shu was slightly surprised.

Lu Qi snorted, "How could I not know such a big thing as an apology live on the Internet, I was curious about what that woman had to do with you, why she wanted to apologize to you, and even had someone check it out, but I didn't expect that she was really caught. Some netizens are right, that woman is actually Fu Jingting's rotten peach blossom."

Rong Shu smiled, "You actually investigated this kind

of thing!" Fu Jingting did not block what happened the night before, so anyone who wants to investigate it. , is not difficult.

Lu Qi pouted, "This is about you. As your brother, I naturally have to check it out to see if that woman bullied you, my dear, it's true after checking."

"It's not bullying either." Rong Shu turned the pen in his hand, "it's just a green tea that wants to dig my corner."

“Hmph, it’s all because of that guy Fu Jingting.” Lu Qi frowned, “It’s all right, It’s okay to provoke these women!”

“It’s not that he took the initiative to provoke it, he just did it out of kindness, this woman posted it herself, but it’s normal, Fu Jingting’s face and identity are there, it’s very difficult It’s his charm, he can’t control himself, so I really can’t blame him.”

“You guys haven’t remarried yet, so you helped him talk.” Lu Qi’s tone was a little sour .

Rong Shu smiled, “I’m not talking for him, it’s a fact, it’s not his initiative to provoke it, so it’s not his fault, I can’t charge him for nothing, and Fu Jingting knows that this woman is provoking me. After that, let this woman publicly apologize to me and explain the reason for the apology. You should know what the consequences will be for this woman once the reason for the apology is explained, so Fu Jingting strangled the rotten peach blossom maintenance immediately. I have nothing to worry about.”

“It was Fu Jingting’s decision to apologize?” Lu Qi was surprised.

Rong Shu nodded, “Of course, don’t you think it was my idea?”

Lu Qi hummed, “I did think it was you, but I didn’t expect it to be Fu Jingting.”

Rong Shu smiled again, “I know you The reason I made this call is because of this Su Man, so I have an opinion on Fu Jingting, but now, do you have any opinion?”

“It seems that he arranged an apology, so I will spare him this time, but”

Lu Qi frowned . Cheng Chuanzi, “I watched the live broadcast, and the woman just apologized, and the apology was indescribable, and did not explain the reason for the apology?”

Hurt words

“I made that Su Man needless to say.” Rong Shu replied with a smile.

Lu Qi raised his eyebrows in confusion, “Why?”

“Why else, what if there is a real accident?” Rong Shu rubbed his temples and said.

Lu Qi immediately moved, but he was also silent.

Yeah, it's not fun to make a mess of people.

"Cough." But soon, Lu Qi pulled the tie and laughed again, "I thought it was the woman who didn't say anything on purpose."

"She didn't dare." Rong Shu replied with certainty.

That Su Man dared to mislead netizens, but he never dared not explain the reason for his apology.

After all, it's two different things.

Misleading netizens, not everyone can hear, after all, not everyone is smart.

But without explaining the reason for the apology, this is what everyone can hear.

Therefore, she was absolutely sure that Su Man didn't dare.

"Okay, since it's what you mean, then I won't say anything. In short, Shushu, you take care of Fu Jingting, don't let him mess around with peach blossoms outside, if you really can't manage well, just don't want him, otherwise If you want, you will also hurt yourself." Lu Qi pouted and said.

Rong Shu didn't know whether to laugh or cry, "Okay, I'm measured, I know what to do, don't worry about me, you should worry about yourself."

"Me?" Lu Qi pointed at himself doubtfully, "I have What to worry about?"

Rong Shu raised her eyes and looked at the other side, kept her head down, quietly listening to Secretary Tong who was calling her, sighed silently in her heart, and then asked Lu Qi tentatively on the phone "Of course it's your life event, Ah Qi, you're almost thirty-one, don't you plan to find a girlfriend?"

Hearing this, Secretary Tong suddenly raised his head and stared at Rong Shu's cell phone with an expression on his face. A little anxious.

"Chairman," she hurriedly called out in a low voice, for fear that Rong Shu would recommend herself to Lu Qi at this time.

After all, the chairman has always supported him in pursuing President Lu.

If Mr. Lu didn't hate her, and the chairman recommended him to Mr. Lu, he would only be nervous, not so scared.

But Mr. Lu hates her. If the chairman recommends him to Mr. Lu, Mr. Lu will definitely think that he asked the chairman to recommend him, and then Mr. Lu will hate himself even more.

Rong Shu saw Secretary Tong's expression and knew what Secretary Tong was worried about.

She shook her head slightly to Secretary Tong, showing a soothing smile, saying that she didn't need to worry, she would not talk nonsense.

Seeing this, Secretary Tong's heart reluctantly fell back to his original place.

But the tension in his heart did not loosen, and his eyes were still fixed on Rong Shu's mobile phone.

On the phone, Lu Qi heard Rong Shu ask about his life events, his expression darkened, and finally replied with a wry smile, "Shu Shu, don't you know me? I haven't let go of my feelings for you, how can I go to find a girlfriend? If you do, it's unfair to the woman."

"I know." Rong Shu sighed, "But you can find a suitable one first, try to accept her, love her, maybe in the end, would you really fall in love with her?"

"There is no suitable person." Lu Qi shrugged and replied disapprovingly.

Rong Shu looks at Secretary Tong.

Secretary Tong is very nervous.

Rong Shu quickly retracted her gaze, and tentatively said, "Not necessarily. Ah Qi is so handsome and from a good family background. Naturally, there are many girls who like you. Why don't you try to find a girl who likes you very much?"

"Here, she quietly turned on the amplifier.

Next, Secretary Tong heard Lu Qi's voice clearly.

Lu Qi still had the same disapproving tone, "No, those women are just like that, I don't like any of them."

These words instantly made Secretary Tong's face pale, and his full of expectations completely vanished, as if he had come out of an ice cellar.

Seeing her like this, Rong Shu's red lips parted, feeling very guilty.

She originally thought to test Aqi for Secretary Tong to see if it was possible for Secretary Tong and Aqi.

But I didn't expect that Ah Qi's answer would be like this, so hurtful.

Although Ah Qi didn't say Secretary Tong directly, Secretary Tong was also one of those girls who liked Ah Qi.

However, Ah Qi said that the girls who liked him were not very good, and didn't like any of them. Doesn't that mean Secretary Tong?

For a time, Rong Shu regretted in her heart that she shouldn't have opened the door to let Secretary Tong suffer such a blow.

Rong Shu looked at Secretary Tong, sighed at last, frowned and asked into the phone, "Aqi, do you think it hurts when you say that?"

Lu Qi leaned lazily on his chair, his voice indifferent, "Yes What hurts people, it's not to say to them."

"You" Rong Shu was so angry at him that he pressed his eyebrows, "Forget it, I won't tell you this, I have something else to do, I will hang up first. ."

With that, she was about to hang up.

But Lu Qi suddenly stopped her again, "Wait a minute Shu Shu."

"What else do you have to do?" Rong Shu asked back.

Lu Qi sat up straight, "It's not a big deal, it's just that my mother wanted to invite you to dinner after knowing that you and Fu Jingting got back together. I wanted to make an appointment some time ago. I said you were busy now, so my mother didn't look for it You, but she will definitely not give up, and she will definitely invite you in the future, I will tell you first."

"Why did Auntie think of inviting us to dinner?" Rong Shu was surprised.

It's okay for Mrs. Lu to invite her to dinner, it's normal.

But she also asked Fu Jingting to go, which made her think more.

Lu Qi smiled, "It's not a trivial matter for you to get back together, and my mother has always regarded you as her daughter, so she asked you to have dinner, she must have wanted to talk to Fu Jingting, after all, Fu Jingting took her daughter away again. , how could her mother-in-law not see Fu Jingting."

Rong Shu nodded and smiled, "So that's the case, I know, then you go back and tell my auntie, I'll take Fu Jingting with you whenever she has time. Go to the appointment."

"Okay." Lu Qi responded.

At the end of the call, Rong Shu put down the phone, exhaled slightly, then looked at Secretary Tong, who had his head down and couldn't see his expression clearly, expressing remorse, "Secretary Tong is sorry just now, I don't know about him."

"It's okay. The chairman of the board." Secretary Tong raised his head, his eyes were red, and his expression was a little sad, but he forced a smile out of the corner of his mouth.

But that smile looked so stiff and uncomfortable.

"I know that the chairman is trying to connect me, so I don't blame the chairman. After all, chairman, you are also kind. You want to fulfill my wishes for President Lu, but it's just the attitude of President Lu. I have always known that, so he will say I'm not really surprised to say these words, after all, he doesn't like to see those of us who like him, especially me." Secretary Tong's voice was bitter.

Who asked her to climb into his bed while Mr. Lu was drunk?

Although he was dragging her, not letting her go, and treating her as the chairman, but as a sober person, an adult, she did not have the strength to push a drunk man away, or even send him to sober up.

But she didn't. She indulged Mr. Lu and herself, which led to Mr. Lu's disgusting attitude towards her now.

She brought it all on her own, and she deserved it herself.

Now sometimes, she is also asking herself if she regrets it? Do you regret not pushing Mr. Lu away that day?

She couldn't deceive herself, she regretted it.

This Time, I Will Get My Divorce Chapter 803

Apologize to Father

If she pushed him away that day, even if President Lu still wouldn't accept her feelings, at least she wouldn't hate her.

But it's too late to regret it, it's been so long.

And she is pregnant too!

Secretary Tong clenched his palms tightly and couldn't control his emotions.

It stands to reason that from the moment she was confirmed to be pregnant, she should abort the child and make a complete break with that day.

After all, it was impossible for Lu to let her give birth to this child, let alone accept this child.

However, her feelings for President Lu made her uneasy, and she was reluctant to abort the child.

Reason told her that she should be aborted, otherwise, there would be no father's pain when she was born, and it was unfair to the child. For President Lu, it was also a very selfish behavior, because she let President Lu have an illegitimate child without marriage.

But emotionally, she really can't take it away.

It has been more than two months now, and she has not come up with an idea.

She didn't know what to do anymore.

"Secretary Tong?" Rong Shu reached out and waved twice in front of Secretary Tong.

Secretary Tong's eyes flashed, he came back to his senses, and asked with trembling lips, "what's the matter, chairman?"

"It should be me asking you what's wrong, I think you are in a daze, and your face is very pale, yes It wasn't me just now."

"No, no." Secretary Tong waved his hands quickly, "Chairman, it's not your fault, it's because I thought of some things on my own, so I feel a little heavy, that chairman, can I ask you for a few days off? Rong Shu looked at her, "

Ask for leave?"

"Well." Secretary Tong lowered his eyelids, "I have a very important matter, I want to rest and calm down, and I am deciding how to deal with it."

“Can you know what it is?” Rong Shu asked.

Secretary Tong pursed his lips and didn't answer.

Seeing this, Rong Shu sighed helplessly, “Okay, since you don't want to say it, I won't force you, okay, I'll give you a few days off, you can take a good rest, it's okay to come back to work after you've dealt with it.”

“Thank you . Chairman.” Secretary Tong breathed a sigh of relief, then bowed to her, and said goodbye.

Rong Shu looked at her figure, “Secretary Tong, what happened just now”

Secretary Tong paused, then turned his head and smiled at Rong Shu, “Chairman, I didn't pay attention to what happened just now, so you also Don't worry, I'm really fine.”

“No matter what, I still want to apologize to you.” Rong Shu squeezed the corner of her mouth.

Although she was kind, she still did bad things, which made Secretary Tong heartbroken.

For this, she is duty-bound and should apologize for her actions.

Otherwise, she will feel uneasy.

Secretary Tong also knew the guilt in Rong Shu's heart, and nodded with a smile, “Okay, I accept your apology, chairman, so chairman, don't blame yourself.”

“Well.” Rong Shu replied.

Secretary Tong waved his hand and continued to walk towards the door with his feet up. He quickly walked out of the office and disappeared.

Rong Shu leaned on the back of the chair, rubbed her temples lightly, and sighed in her heart.

It seems that in the future, it is impossible to match others casually.

If it happens again like this time, if the match is not successful, but instead embarrassing the other party, it is also her fault.

Without thinking much, Rong Shu put down her hands, sat up straight, and continued to immerse herself in her work.

In the afternoon, just before leaving get off work, she received a message from Mrs. Lu.

Mrs. Lu asked her and Fu Jingting to go to Lu's house for dinner three days later, and also emphasized that they must bring Fu Jingting.

It seems that Aqi really got it right. Auntie wants to talk to Fu Jingting.

"Chairman." Suddenly, there was a knock on the door.

Rong Shu looked up at the door, it was Secretary Tong's assistant.

Secretary Tong has already asked for leave to go home. Naturally, her assistant will temporarily take over her work.

Rong Shu grabbed her phone and asked, "What's wrong?"

"Chairman, I just called Secretary Tong's landline from the police station, saying that tomorrow will be the trial of Vice President Rong, please don't forget the past." The assistant took his hand from the door put it down.

Rong Shu was stunned at first, and then she remembered that Rong Yuan had been locked up in the police station for so many days, and she really should have a trial.

And she, as the plaintiff, naturally has to attend.

Nodding her head, Rong Shu smiled at the assistant, "Got it."

"The chairman, I'll go down first." The assistant nodded slightly to her.

Rong Shu hummed, "Go." The

assistant closed the door and turned to go out.

For this little episode, Rong Shu didn't take it to heart.

Rong Yuan's court trial is doomed, not tomorrow, but the day after tomorrow, she has to attend.

So it's enough to hear it, there's no need to care, anyway, Rong Yuan's prison is settled.

Speaking of which, in addition to leaving some blemishes in the face of the Gu family, it was the mother and daughter Rong Yuan and Li Xiuzhi who brought a lot of blemishes to my father.

Thinking of Li Xiuzhi,

Rong Shu squinted her eyes and tapped her finger on the desk twice, making a da da sound, which was unusually crisp in the large and quiet office.

This woman, Li Xiuzhi, is now serving her sentence abroad and cannot return to China, so she is powerless to deal with this woman.

We can only wait for the woman to serve her sentence and ask Fu Jingting to help her extradite back to China.

Rubbing his temples, Rong Shu suppressed the hatred in his heart, got up and walked to the bathroom.

After washing her face with cold water, Rong Shu's anger at the mother and daughter Li Xiuzhi and Rong Yuan was completely suppressed.

Afterwards, she went back to her desk, picked up her phone and looked at it. Seeing that it was almost time, she packed her things and got off work .

However, after Rong Shu left Tiancheng, he did not drive directly back to Repulse Bay, but drove to the opposite direction of Repulse Bay.

She thought, go to the cemetery to see her father, and tell her father about Rong Yuan's trial tomorrow.

No matter what, Rong Yuan was her father's biological daughter by blood. This was a fact that no one could deny but cut off.

So Dad, who has the right to know about this, should also know.

Moreover, she also wanted to say sorry to her father.

Although the fact that Rong Yuan took the initiative to do something annoyed her, it is true that she sent Rong Yuan to prison.

Rong Yuan is her father's biological daughter, and she is an adopted daughter. Even though her father loves her very much, her father has always loved Rong Yuan, her biological daughter.

She sent her father's biological daughter in, so naturally she should apologize to her father.

Rong Shu drove all the way, and came to the cemetery smoothly before dark, bought a bunch of flowers before entering.

Once she got in, it took two hours to get out.

When I came out, it was almost nine o'clock.

Rong Shu's eyes were a little red.

She came to the front of the car, looked up at the sky slightly, raised her hand to wipe the corner of her eyes, and then opened the door to get in the car, ready to drive back.

By the time we got back to the city center, it was already ten o'clock.

Rong Shu hadn't eaten yet, and now her stomach was growling with hunger. The worst thing was that she encountered a traffic jam. If it went on like this, she didn't know when she would be able to return to Repulse Bay.

Maybe when he goes back, Fu Jingting has already gone back.

Thinking, Rong Shu released her hand from the steering wheel and took the phone from the co-pilot to check.

The phone was clean, with no caller ID or unread messages.

It can be seen that Fu Jingting is not finished yet.

At this time, it was not over yet, which made Rong Shu's worries go to the next level.

This Time, I Will Get My Divorce Chapter 804

Gu Yaotian's Regret

It has been more than thirty-six hours since the call last night.

If Fu Jingting didn't rest during the day and was busy all the time, it meant that he didn't close his eyes for almost thirty-six consecutive hours.

How can the body endure it.

She just can't help but worry, she can't let Fu Jingting stop work and rest now, can she?

Rubbing her cheeks, Rong Shu sighed. Seeing the car in front of her moving, she quickly calmed down her emotions and started the car in gear.

After driving out of the congested road, Rong Shu drove much more smoothly behind him. Except for the traffic lights, he did not experience any parking incidents.

However, when the car was about ten kilometers away from Repulse Bay, Rong Shu parked the car on the side of the road and walked to an antique-looking store by the roadside.

This is a shop specializing in selling Chinese cakes. It has been passed down from the last dynasty and has a history of more than 100 years. It can be said that it is also a scenic spot in Haishi.

The most important thing is that this traditional Chinese pastry tastes good and many people visit every day.

Even at this time, there are still many people in the store.

Rong Shu opened the store door and went in, went directly to order the single machine, and said to the clerk, "Hello, do you still have wormwood cake?"

She asked uncertainly.

Wormwood cake is one of the special cakes in this store, but since many people are not used to wormwood and it tastes a little bitter, there are not many people who buy it, so there are certain wormwood cakes in the store every day. , limited to 100 copies, sold out and gone, only the next day.

And Rong Shu is one of the few people who can accept wormwood cake.

Moreover, she not only can accept it, but likes to eat, and has liked it since she was a child.

For this reason, when I was a child, my father laughed at how she had such a strange taste.

However, as she grew up, she ate less, not as often as she did when she was a child, but only once in a while.

"Miss is very lucky, there is one last copy." After hearing Rong Shu's question, the clerk immediately looked at the inventory and replied with a smile.

Rong Shu also laughed, "It's the last one, it seems that I'm really lucky, wrap it up for me."

"Okay, a wormwood cake, please wait." The clerk pointed at Rong Shu. Shu smiled slightly, and then sent what Rong Shu wanted to the person who packed it.

The packing process is a bit slow, after all, there are so many people ahead.

Rong Shu was not in a hurry, and simply sat in the vacant seat next to him and waited.

There is free white water on the small table next to the empty seat.

After Rong Shu took the glass of water, she took out her mobile phone while sipping it and sent a message to Fu Jingting. Haven't you finished yet?

I thought that Fu Jingting would not reply to the news for the time being, but she didn't expect that just when she was about to put away her phone, the phone lit up, and it would take a while for Fu Jingting's news to come back. Soon, you haven't slept yet?

Mr. Rong put down the water glass, his red lips hooked up, his mood was obviously improved, and the speed of typing was faster. I haven't gone back out yet.

Fu Jingting, who had just come out of the planning department and was walking towards the office, saw this sentence, and immediately stopped, frowning.

Assistant Zhang, who was following behind him, almost hit him directly because of his sudden braking.

After stabilizing his body, Assistant Zhang quickly took a step back, pushed his eyes that had slipped a little, and quickly asked, "Mr. Fu, what's the matter?" Fu

Jingting ignored him, but typed a message to Rong Shu. You haven't gone back yet? Are you in Tiansheng? Still outside?

Looking at these three consecutive questions, Rong Shu knew that the man was worried and anxious that she hadn't gone home yet. She replied with a smile. I just went to the cemetery to watch my father come back. Tomorrow will be Rong Yuan's trial. You should tell Dad about this, but I'll be home soon, don't worry.

It turned out to be the cemetery.

Fu Jingting's frown slightly loosened.

He thought she was shopping outside and hadn't returned.

Fu Jingting, who was not worried in his heart, breathed a sigh of relief, then raised his feet and continued to walk forward.

Assistant Zhang saw that he was back to normal. Although he didn't know what happened just now, he was relieved to see that President Fu was back to normal, and then quickly followed.

Fu Jingting walked, bowed his head and typed, and went home early, it was not safe outside.

Rong Shu replied with a smile, um, I know, okay, you're busy, I won't disturb you, and after you get off work, don't drive by yourself, you haven't rested all day and night, I don't worry about you driving, let Assistant Zhang take you return.

Seeing Rong Shu's concern, Fu Jingting's tender eyes almost turned into water, his Adam's apple slid slightly and replied with a word.

After that, Rong Shu put away the phone and stopped talking to him.

She wanted him to finish early, so she didn't bother him.

Looking out the window, Rong Shu took a sip of water, with a smile on her face that made people look at her, and her heart followed with a calm and gentle smile.

At this time, another door in the store opened, and a middle-aged man and woman walked in.

This pair of men and women has extraordinary temperament, and they are exquisite in dressing and dressing. At first glance, they are rich people.

It's just that the man's face is pale, his face is thin, his eyelids are black, and one hand is still on his waist. At first glance, he looks like a seriously ill patient.

The woman next to him has been supporting him, her eyes are still a little red, and she cried when she saw it, which further confirmed that the man was a patient.

"Really, it's so late, we didn't go home to rest, we came here to buy some wormwood cakes." The woman, Mrs. Gu, looked at Gu Yaotian next to her, and gave him an angry look.

Gu Yaotian patted her hand that was holding his arm, and squeezed out a mild smile on her pale face, "Don't you like to eat this?"

Mrs. Gu's eyes widened slightly, "So you are because I love it. Eat, you called me out after work and bought it with me?"

"Yeah." Gu Yaotian nodded weakly, "I don't know how long my body can live, I was too busy in the past, and I was all focused on it. In Sansheng Group, now that I'm dying, I suddenly realize that I rarely accompany you, and I'm sorry for you."

"No." Gu Yaotian's eyes were already red, but now they were even more red, and the tears kept coming. Turning around, he kept shaking his head, "You didn't forgive me, Yaotian, you didn't forgive me." Gu Yaotian

just smiled lightly, "I'm sorry, I know in my heart."

Hao took her away, making her, who had just given birth, lost her daughter and fell into a madness.

Even if he adopted Man Yin later, although it brought a little comfort to her heart, he knew that the adopted daughter was an adopted daughter after all, and could never fill the pain of losing her biological daughter. The comfort was only a part of it, not the whole. In her heart, There is always a part that is empty.

This is why he is sorry for her.

In addition, although he loved her in his heart as a couple for decades, he finally regarded Sansheng and the Gu family more than her, and seldom accompanied her. She always liked to travel, and he had promised her in the past. Go with her, but it never materialized.

Now that I am old and dying, I started to recall the past, and then when I recalled, I realized how sorry I was for her, and how sorry I was for this wife who never disliked him and left his wife.

The more I'm sorry, the more I regret the promises to her that have not been fulfilled in the past, and now, many of the promises he wants to fulfill cannot be fulfilled.

This Time, I Will Get My Divorce Chapter 805

The taste of heartache

And the only thing he can do now is to accompany her as much as possible at the end of his life, take her to places she likes, eat what she likes, and make up for her a little.

Having been married to Gu Yaotian for almost 30 years, it can be said that Mrs. Gu understands him from the inside out.

When she saw Gu Yaotian's expression at the moment, she knew what Gu Yaotian was thinking.

But precisely because she knew, Madam Gu felt even more uncomfortable, and tears flowed directly, "Yaotian, you won't die, you won't, we will definitely be able to find a suitable kidney, we will definitely be able to!"

Gu Madam tightly grasped Gu Yaotian's hand and did not dare to let go.

She was afraid that as soon as she let go, the man would be gone.

Of course Gu Yaotian knew Mrs. Gu's fear, and he patted her on the back again, "You and I know about the kidneys, the probability of finding it is too low."

"No." Mrs. Gu couldn't accept this fact and hugged Gu Yaotian directly. Stop, bury your head on his shoulder, and can't stop crying.

Gu Yaotian smiled gently and patted her on the back, "Okay, don't cry, so many people are watching, don't cry."

Mrs. Gu also knew that it was a bit embarrassing to be looked at.

She raised her head from Gu Yaotian's shoulders, took out a handkerchief from her pocket and wiped her eyes lightly, stopped crying, then smiled, and changed back to the usual high-profile rich lady, as if she had just cried. The child's person, not her.

"Okay, let's not talk about this, and don't think about it. The purpose of our visit today is to buy wormwood cake, let's go."

Mrs. Gu suppressed the sadness in her heart, hummed, and took his arm. Go forward.

The two came to the ordering machine.

Gu Yaotian coughed twice and said, "I want a wormwood cake." The

clerk looked up at him and said apologetically, "Don't be sorry, sir, the last wormwood cake was just bought by this lady."

She just wanted to sit in front, with her back to their Rong Shu.

Rong Shu seemed to feel someone pointing at her, put down the water glass and turned her head.

Seeing Gu Yaotian and his wife, she was stunned.

Similarly, Gu Yaotian and his wife were stunned.

"It's you?"

"You?" The

three of them said in unison.

The clerk looked at Rong Shu and then at Gu Yaotian and his wife. Only then did they realize that they knew each other.

Since the three of them knew each other, she still didn't speak.

“Why are you here?” Madam Gu held Gu Yaotian’s arm tightly and asked with a slightly gloomy expression.

Gu Yaotian didn’t speak, but looking at Rong Shu’s eyes, it was gloomy and cold.

Rong Shu looked at the two people who had a bad attitude towards herself, and stood up with a sneer at the corner of her mouth, “This is not your Gu family’s territory, why can’t I be here? Madam Gu asks this, doesn’t she feel a little mentally handicapped? “

You” Madam Gu’s face turned red with anger.

Gu Yaotian blocked a hand in front of her, motioning her to calm down first, and then face Rong Shu himself.

He still didn’t speak, just kept staring at Rong Shu.

Looking at Rong Shu’s face, for some reason, she was a little distracted.

Like, really like!

Rong Shu looks like his mother in profile and overall facial contour.

He had seen it before, but he didn’t take it to heart, and he didn’t care too much.

So later, he gradually forgot that Rong Shu was like his mother.

It was not until the last time that he saw Rong Shu’s press conference that he suddenly remembered that whether Rong Shu was picked up or the appearance similar to his mother, it might indeed be romantic.

But in fact, it is not.

This made him not know whether it was regret or happiness.

So now, when he sees Rong Shu, he has some complicated feelings that he can’t tell.

Originally, he should have taught this girl a good lesson, but now, he is full of thoughts of lessons, but he can’t make it out at all.

Not to mention Gu Yaotian’s mood at the moment, Rong Shu looked at him with a subtle heart.

She was accustomed to Gu Yaotian looking at herself, his eyes full of malicious calculations, but facing Gu Yaotian’s current eyes, she felt a little uncomfortable.

Although Gu Yaotian looked at her with gloomy eyes, but there was an emotion she couldn't tell.

That emotion made her very uncomfortable, and she felt a sense of restraint.

But Rong Shu didn't show this feeling, she hid it well, looked at Gu Yaotian calmly, and at the same time looked at Gu Yaotian calmly.

She hadn't seen Gu Yaotian for a while, she only knew that Gu Yaotian went to the hospital every three days.

She knew that Gu Yaotian's current situation was very serious, and Gu Manqing had come to her again and again to beg her to save her.

Now that Gu Yaotian was so thin that she was almost skin and bones, she realized that, ah, it turns out that he was really seriously ill.

I don't know why, seeing Gu Yaotian like this, Rong Shu's heart was a little blocked and a little sour.

She should have been happy, after all, all the enemies were dying of illness.

However, she didn't feel any happy feeling, instead she felt sad.

Sad

, Rong Shu bit her lip.

Is she sad that Gu Yaotian is terminally ill?

Oh, how is it possible!

This is absolutely impossible, she will be sad for the enemy when she is crazy.

Rong Shu clenched her palms tightly, took a deep breath, and suppressed all these terrifying thoughts and thoughts in her heart, then pretended to be impatient and glanced at the couple opposite, and turned to the clerk and asked, "Hello, my wormwood. Is the cake ready?"

Her words made the atmosphere at the scene a lot more relaxed.

Gu Yaotian no longer stared at Rong Shu all the time, but lowered his head and thought about something.

In fact, Gu Yaotian tonight made Rong Shu somewhat surprised.

In the past, every time she saw Gu Yaotian, she would be angry with Gu Yaotian , because this person, no matter what, would grab her and ridicule him.

Therefore, she could not avoid arguing with him.

But today, Gu Yaotian didn't say a word, which made her feel a little strange.

However, it is also possible that he is ill and lacks energy.

Just thinking about it, the clerk suddenly responded, "Miss, your wormwood cake is already packed."

"Okay, thank you." Rong Shu smiled at her, stretched out her hand, and was ready to take the bag.

But at the moment when her hand stretched out, Madam Gu suddenly saw something, her pupils shrank, and then she immediately grabbed her hand and dragged it to her.

"Ah!" Rong Shu was almost dragged to the ground by her.

If she hadn't reacted in time, held on to the table of the ordering machine in time, and stabilized her figure, she would definitely fall.

"Mrs. Gu, what are you doing?" Rong Shu stood up, released the table, stared at Madam Gu who was a little emotional, and asked loudly.

The surrounding guests were all attracted by her voice, and they all looked over, not understanding what happened.

Even Gu Yaotian was surprised by his wife's actions.

But soon, he frowned and lowered his voice and said to Gu Yaotian, "What are you doing, let go quickly, even if you want to do something to her, it should be done in private, not in public. Isn't this taking the initiative to give someone a handle?"

Mrs. Gu Ignoring what he said, she just kept staring at Rong Shu's wrist, looking at the shallow scar, her whole body was shaking with excitement, "

Yaotian, look." "What are you looking at, let me go Otherwise, don't blame me for calling the police." Rong Shu's face was very bad, and she pulled her hand out.

Mrs. Gu gripped her wrist tightly, "Wait, don't move, let me take a look, please? Please!"

Rong Shu was completely stunned.

Her struggling movements stopped, and she looked up at Madam Gu in disbelief, “Do you know what you’re talking about?”

This Time, I Will Get My Divorce Chapter 806

Is there really no

beg her?

Madam Gu is actually begging her!

At this

time, Rong Shu’s mood was indescribably complicated, was she happy?

Maybe not!

It stands to reason that if the enemy shows a begging appearance to himself, and really opens his mouth to beg himself, he should feel happy.

But she really didn’t.

She only had a mixed emotion to speak.

Not to mention Rong Shu’s mood at the moment, even Gu Yaotian was surprised at the moment.

The flesh on his old face trembled, and he glared at Madam Gu, “What nonsense are you talking about? What are you begging her to do?”

Isn’t this a joke for the dead girl Rong Shu?

Of course Mrs. Gu knew that when she opened her mouth to beg Rong Shu, she was bowing her head to Rong Shu and making the Gu family face the Rong family.

But at this moment, she can’t care about these anymore, she just wants to know what is going on with this scar!

“Old Gu, look, there is a scar on her wrist.” Mrs. Gu dragged Rong Shu’s hand to Gu Yaotian, and said to Gu Yaotian very emotionally.

“What scar?” Gu Yaotian wrinkled, very angry in his heart, his kidneys hurt.

But in the end, he still looked down.

When he saw the scar on Rong Shu's wrist, he was stunned.

Why is the location of this scar

so similar to the location of the red mole?

No wonder the old lady is so excited now, probably because she thinks that the scar on Rong Shu's wrist is in the same position as the red mole, so she begins to think that Rong Shu is romantic.

But how is this possible!

Just when Gu Yaotian wanted Mrs. Gu to wake up and let Mrs. Gu know that the person in front of her was Rong Shu, not their romance, their romance was all back, just at home, don't be affected by that day's press conference Now, when you wake up quickly.

Mrs. Gu suddenly stared at Rong Shu with red eyes, her eyes were quite complicated, "What's the matter with your scar?"

Rong Shu looked at Mrs. Gu, who was obviously in a wrong mood, and frowned tightly, "You ask this What are you doing?"

Of course her scar was cut by their daughter Gu Manqing.

What else could have happened!

"Don't worry about it, just tell me, where did your scar come from?" Mrs. Gu tightened Rong Shu's wrist again, her tone more urgent, "Before this scar appeared, did you have anything else here? Tell me I, have you!"

She asked very seriously, very urgently, eager to know everything.

Rong Shu looked at Madam Gu, who seemed a little crazy because she was too anxious, her red lips pursed, and she didn't answer.

Actually, telling Mrs. Gu about the scar on her hand and the red mole before the scar appeared, it was nothing.

But for some reason, there was a voice in her heart telling her that she couldn't say it, couldn't tell the person in front of her all about the scar on her wrist.

Once spoken, the future may no longer be peaceful.

Rong Shu has always believed in her own intuition, and has always followed her own intuition to do things, plus Madam Gu has a grudge against herself.

She didn't know why Madam Gu cared so much about the scar on her wrist.

But there is nothing to be diligent about.

Therefore, there is no need to say some things, and there is no need to tell the enemy. Who knows if it is a trap set by the enemy. After telling it, he just fell into the trap.

Thinking of this, Rong Shu lowered her eyes, covering the look in her eyes, and replied coldly, "No, my wrists are clean and there is nothing. This scar was just accidentally burned some time ago.

"When she was done, she pulled out her hand.

Mrs. Gu might as well, she staggered and almost fell.

Seeing this, Rong Shu didn't know why, but she suddenly tightened, and even reached out her hand subconsciously, wanting to hold Mrs. Gu, not wanting Mrs. Gu to fall.

But before she could catch Madam Gu, Gu Yaotian reacted in time and put her arms around Madam Gu's shoulders, thus avoiding the consequences of Madam Gu falling.

Seeing this scene, Rong Shu breathed a sigh of relief, and then took back the outstretched hand quietly, pretending that she hadn't done anything just now.

But in fact, she was annoyed and annoyed.

I was irritated because I was actually nervous and worried that Mrs. Gu would fall.

She is really crazy.

She found that since the last time she happened to meet Mrs. Gu in the hospital, her feelings for Mrs. Gu began to change and became strange.

This kind of emotion beyond her control really made her unhappy and a little panicked.

"Are you okay?" Gu Yaotian looked at Madam Gu and asked with a look of fear.

Mrs. Gu shook her head, "I'm fine."

She was a little depressed.

Gu Yaotian looked at her for a while, then raised his head gloomily, looked towards Rong Shu, and said in a disgusted tone, "As expected, it was taught by Rong Hao, he has no quality at all, but he pushed people directly."

Hearing this, Rong Shu immediately became angry, raised her eyes, and stared at Gu Yaotian without fear, "Mr. Gu's words are so funny, saying that I pushed people? When did I push Mrs. Gu? Could it be that? Didn't Mrs. Gu grab me by herself, I pulled my hand back, didn't she stand firm? How did I push people? That care always says that, can I also say that Mrs. Gu took the initiative to grab me, just wanted to touch Porcelain?"

Hearing her sarcasm, Gu Yaotian's face became even more ugly.

Seeing that the two were about to quarrel, Mrs. Gu immediately became anxious and pulled Gu Yaotian's arm to persuade, "Okay, Lao Gu, don't get to know her in the same way. This is a public place, so save your face."

The most important thing is , she didn't like to see the two of them fighting.

Seeing them arguing made her sad.

This kind of feeling is something she has never had before, confused and somewhat new.

It's not that Manyin didn't quarrel with Yaotian in the past , and now Manqing also has a few quarrels with Yaotian, but she doesn't have the feeling that she doesn't like seeing their father and daughter quarrel.

But now, when she saw Rong Shu and Yaotian, she had them, and even hoped that they would get along well.

This is really

Madam Gu pinched her palm, and her eyes fell on Rong Shu's wrist again, "Rong Shu, is there really nothing on your wrist? For example"

"No!" Rong Shu pursed her red lips, a little impatient He interrupted her directly, "I said no, that is no, you have asked me several times but no."

Mrs. Gu's eyes suddenly dimmed, and her face became pale because of the loss.

She blinked her eyes blankly, and replied with a hoarse voice, "Yeah?"

Looking at Mrs. Gu like this, Rong Shu's heart began to tighten again, and she was inexplicably panicked and a little guilty.

Realizing this, Rong Shu's face turned blue and white, very ugly.

What a hell.

Even if the heart is tight, it's like panic and guilt?

Guilty to Mrs. Gu?

Rong Shu squeezed her palm tightly, her breathing became a little heavier, and she couldn't accept this fact.

This Mrs. Gu has really had a great influence on her. She has never had it before. It was only after Mrs. Gu was inexplicably concerned about her in the elevator last time.

As hell, she began to care about Madam Gu's mood.

Crazy, really going crazy!

Rong Shu closed her eyes and forced herself to calm down.

go, go quickly.

She was afraid that if she stayed for a while longer, she would be influenced by Mrs. Gu.

This Mrs. Gu is really poisonous!

Thinking of this, Rong Shu picked up the wormwood cake, took a deep breath, suppressed the irritability in her heart, and tried her best to sound calm and indifferent, "Mrs Gu, I don't know why you are so interested in this scar on my wrist. , and no matter what your purpose is, but I tell you, you have to put it away, or else"

This Time, I Will Get My Divorce Chapter 807

I hope she is romantic

"Otherwise, what will happen to you?" Gu Yaotian interrupted her with a sullen face, "You still want to kill us, don't you?"

Rong Shu frowned, and then smiled again, "It's not so bad to kill you, after all, it will make me dirty. But it's not impossible to kill you in other ways, Gu Yaotian."

She suddenly stepped forward, lowered her voice, and said in a cold voice, "You asked Rong Yuan and Li Xiuzhi to poison my father. As long as I get the evidence, you won't have to run away!"

Hearing this, Gu Yaotian's pupils shrank suddenly, and the expression on his face turned white.

He looked at Rong Shu in shock and seemed to be asking how do you know.

Rong Shu just sneered, did not answer, and left the snack shop with the wormwood cake.

Gu Yaotian looked at her back with a terrifying look in his eyes.

A few years ago, he bribed Li Xiuzhi's mother and daughter to let the filthy mother and daughter poison Rong Hao. He did it very secretly, and he didn't even tell anyone around him.

He thought that no one would know in this life.

But he never expected that Rong Shu would actually know that after giving him a slap in the face.

Did that idiot Rong Yuan tell her?

No, it shouldn't be.

If Rong Yuan told her that she had poisoned Rong Hao, Rong Shu would definitely not let Rong Yuan go.

So Rong Yuan wouldn't be so stupid and brainless.

Someone must have told Rong Shu.

As for who

Gu Yaotian's eyes were, his eyes were full of poison.

This person, he will definitely find out and kill him, otherwise he will become a serious trouble for his confidants.

"Old Gu, what are you thinking? Your face is so terrifying!" Madam Gu looked at Gu Yaotian's terrifying face, and was taken aback.

Gu Yaotian's eyes flickered, he suppressed the sullenness in his heart, and returned to his peaceful appearance at the beginning, and shook his head at her, "It's okay."

Seeing that he didn't say anything, Mrs. Gu didn't ask any more questions. She lowered her eyelids and said in a lonely tone. "Yaotian, why don't you have a red mole on Rong Shu's wrist?"

"What do you mean?" Gu Yaotian frowned at her, "Do you really hope that Rong Shu is romantic?"

"No no no." Mrs. Gu shook her head and waved her hands again and again, "Of course not, but Rong Shu looks too much like Man Qing, the date she was picked up happened to be the third day Man Qing was taken away by Rong Hao, and Rong Shu's face is similar to that of her mother-in-law. The outline and the scar on the wrist like a red mole make it difficult for me not to doubt that she is not in love. The most important thing is, have you just seen it? She loves wormwood cake!"

She grabbed Gu Yaotian's clothes. With a smile on his face, he said excitedly, "She loves wormwood cake, wormwood cake has a bitter taste, most people are not used to this kind of taste, so there are very few people who like to eat it, I like to eat it, but I love it. I don't like it. It makes me feel quite lost. My daughter doesn't inherit my taste, but Rong Shu, who has so many similarities with Manqing, likes it. This makes me feel more or less strange. Feeling."

Even, some inexplicable courting.

Seeing Madam Gu's smiling face, Gu Yaotian's eyes sank.

Speaking of Rong Shu, she was so happy.

Does she really not want Rong Shu to be romantic?

Gu Yaotian sighed and patted the back of Mrs. Gu's hand, "Okay, don't talk about it, no matter how much you talk about it, Rong Shu is not romantic, our romance is back, and it is by our side, even if Rong Shu has no matter how much you echo romance, it's fake, it's just a coincidence, I don't know why you are so obsessed with the idea that Rong Shu might be romance, so persistent that you forget that our romance has returned to us, In a word, it's not right for you to do this, the last time you hurt Manqing's heart, if it hurts again, Manqing's heart should have an opinion on you."

Madam Gu didn't speak, just remained silent.

Of course she knew she was wrong.

But for some unknown reason, seeing Rong Shu, she inexplicably wanted to care, and wanted to think that Rong Shu was romantic.

Even sometimes, she felt that Rong Shu was really more romantic than the current romance.

There are too many places in Rong Shu that go along with Manqing, the time of appearance, the taste similar to hers, the face similar to her mother-in-law, and the wrist features similar to Manqing.

And the romance around her seems to be the same.

She said last time that she was good to Manqing, but she couldn't show her affection to Manqing.

She knew it was wrong, and she knew it should be corrected.

But after so long, she was still unable to truly love romance, which made her very distressed.

Seeing that Mrs. Gu didn't speak, Gu Yaotian didn't know if she had listened to her words.

He rubbed his brows, feeling a little tired, "Okay, don't worry about it, aren't we here to buy something to eat? Since there is no wormwood cake, let's buy something else, come here, it's not good Returning empty-handed."

Madam Gu squeezed the corner of her mouth, "Okay." On the

other side, Rong Shu had already returned to her car.

She threw the mugwort cake on the co-pilot, and she leaned on the back of the driver's seat, her eyes were slightly closed, her emotions were very depressed and depressed, and the excited expression of Madam Gu looking at her kept appearing in her mind. To a face with red eyes and bright eyes.

At that time, Mrs. Gu looked at her very strangely, or excited, or joyful, or loving.

That look made her feel flustered and flustered at the same time.

She didn't know what Mrs. Gu meant at the time, but she knew that Mrs. Gu did that because she glanced at the scar on her wrist.

Thinking about it, Rong Shu opened her eyes, turned on the headlights, raised her hand, and looked at the still-new scar on her wrist, her eyes flickering slightly.

In the end, what does this scar mean to Madam Gu, making Madam Gu suddenly change ?

Rong Shu's heart was beating fast, and there was an answer in her heart.

But soon, she was forcibly cut off and pressed down.

She rubbed her cheeks hard, rubbing all the makeup on her face, and her face was aching, so she put her hands down.

Don't think about it, don't think about it.

Thinking about it, it would definitely become terrible, so terrible that she couldn't accept it at all.

So definitely don't think about it.

Rong Shu bit her lower lip.

And Mrs. Gu, I can't think about it anymore.

During this period of time, Mrs. Gu really affected her mood too much.

Therefore, she can no longer think about Mrs. Gu, let alone Mrs. Gu, otherwise the result will be terrible.

Calm down, be calm.

Rong Shu squeezed her palm tightly, forcing herself not to think too much and calm down.

But after a long time, although Rong Shu appeared calm, her heart was still so heavy.

Until I returned to Repulse Bay, my mood still did not recover.

When Fu Jingting came back, it was almost twelve o'clock.

He originally thought that Rong Shu had already fallen asleep at this time, so when he entered the door, he moved very lightly, for fear that the noise would spread to the bedroom and wake her up.

When Fu Jingting changed his shoes and turned on the light in the living room, he was startled when he saw Rong Shu sitting on the sofa with his head slightly lowered.

However, Fu Jingting quickly adjusted his mentality and recovered.

He walked over with his slender thighs, his brows were slightly wrinkled, and there was a hint of displeasure in his voice. At the same time, he didn't hide his concern, "Why don't you sleep so late?"

Rong Shu didn't answer, as if he didn't hear it, and the person remained motionless.

Seeing this, Fu Jingting stopped pulling the tie and looked down at her carefully.

Only then did she realize that she was in a daze!

This Time, I Will Get My Divorce Chapter 808

Fu Jingting's Enlightenment

Not only that, but her mood was also very low, as if she had experienced something that made her feel dignified and unable to lift her spirits.

"What's the matter?" Fu Jingting sat down beside Rong Shu, grabbed her shoulders with both hands, and shook it slightly, "Did something happen?"

Rong Shu was shaken by the man like this, and finally got out of her mind. Slow down.

Her eyes flickered for a while, and her dim pupils finally returned to their bright colors.

"You're back?" she asked, looking at the man with a smile slowly raised on her face.

Fu Jingting sighed, "I'm back, why are you sitting here without going to bed so late? Don't turn on the lights? Did something happen?" The

man asked a few questions, causing Rong Shu to shake his head and sigh. , "Nothing happened."

However, Fu Jingting obviously didn't believe it, and his thin lips pursed slightly, "Nothing happened, would you do this?"

" " Rong Shu stopped talking.

She knew that she couldn't hide it from this man.

"Tell me, what's the matter?" Fu Jingting touched her hair, and his voice was concerned, "Don't hide it from me, you know, I'll be worried."

Rong Shu's heart warmed, and her straight back finally couldn't stop. Now, he bent down as if relieved, and leaned his head sideways on Fu Jingting's shoulder, "More than an hour ago, I met Gu Yaotian and his wife."

Fu Jingting paused while stroking her hair, "Gu Yaotian and his wife?"

" "

Where did you meet him?"

"I came back after watching Dad and went to a nearby dim sum shop to buy some food. While waiting for the package, Gu Yaotian and his wife also appeared." Rong Shu said.

Fu Jingting frowned, "Did they bully you?"

"No." Rong Shu shook her head, "Just verbally arguing as usual, but"

"But what?" Fu Jingting's heart suddenly became tense.

Rong Shu raised her hand, "Mrs. Gu saw this scar on my hand, and her whole body suddenly became very wrong. She even grabbed my hand and asked me how the scar came from. Before the scar appeared, my wrist was here. Is there anything else, you said?"

Before she finished, Fu Jingting's face changed slightly.

The hand he put on her waist tightened sharply, his Adam's apple moved, and he asked solemnly, "Did you tell her?"

"Huh?" Rong Shu looked up at him, "What? "

I mean, did you tell her how the scar came from? And before the scar appeared, there was something on the wrist?" Fu Jingting lowered his eyes, and said in an obviously wrong tone.

Rong Shu shook her head, "No, I don't know what Madam Gu's purpose is for asking these questions, let alone if there are any traps, so of course I can't tell her, I just gave a reason and perfunctory."

Fu Jingting After staring at her for a while, and seeing that she wasn't lying, she breathed a sigh of relief, and her heart dropped slightly.

"That's good." Fu Jingting said, hugging Rong Shu's waist tightly.

Rong Shu squinted, "Why do I feel, you seem to be very nervous, are you afraid that I will tell Mrs. Gu this?"

She looked at him.

Fu Jingting's eyes flashed for a moment, but he quickly returned to normal, his face was calm, and he couldn't see anything strange and replied, "No, you said it just now, you didn't tell Madam Gu this because you were afraid that Madam Gu might have some conspiracy. Me too, so I don't want you to be so foolish as to explain everything directly, in case Mrs. Gu really has any conspiracy, I can't help you if I'm not by your side."

He poked her forehead.

Rong Shu also dispelled the doubts in his heart because of his actions, touched his forehead and turned back, "Who is stupid, I'm smart, the Gu family and I are mortal enemies, of course I can't answer whatever they ask, So if you say I'm stupid, I'll be angry!"

She stared at her pretending to be angrily.

Fu Jingting chuckled lightly, lowered his head and pecked on her slightly pursed red lips, and then replied, "Okay, you're not stupid, you're smart."

"Of course!" Rong Shu raised her chin proudly.

But soon, her expression subsided again, and it became a little complicated.

Fu Jingting saw that her mood had almost improved, but this time she returned to the original lowness, and finally followed the stretched brows, and now she also frowned.

He reached out and squeezed her chin lightly, raised his head, and asked her to look at him, "What's the matter?"

Rong Shu said and patted his hand down from his chin, "Actually, it's nothing, it's just that I found out, Madam and Gu

Yaotian have a special feeling." Fu Jingting's expression changed slightly, but his tone remained calm, "What's the special feeling?"

Rong Shu rubbed his brows, "It's just that I have a special concern for them. , I only have endless hatred for them. I am happy to see them unlucky, but after meeting Mrs. Gu in the hospital last time, I found that there was a subtle change between me and the Gu family and my husband and wife. Their emotions, their own emotions and moods, will actually change with their changes, Fu Jingting, do you think I am crazy?"

Fu Jingting lowered his head slightly, put his chin on top of her head and rubbed lightly, "You're not crazy, you're just too easy to empathize."

"Empathy?" Rong Shu frowned.

Fu Jingting's eyes flickered and he said, "Yes, you have always been soft-hearted, and with Gu Yaotian's illness, the Gu family has become a little pitiful, so when you see them, you will start to be affected by them, because you are too Kindness, you can't do that kind of schadenfreude."

When he said this, Rong Shu seemed to think it made sense .

But she still reassured and confirmed it again, "Really?"

She raised her eyes and looked at him.

Facing her clear eyes, Fu Jingting felt a little guilty, tilted his head slightly, and moved his eyes away, not looking at her.

"Really." He coughed, his voice a little hoarse.

Actually it's fake.

She will have different emotions for Gu Yaotian and his wife, and will be affected by them because blood is at play.

Even if they don't know each other is relative now, even if they all have hatred for each other now.

But blood is the most magical bond in this world.

It closely linked her and Gu Yaotian's husband and wife, and influenced each other's atmosphere, making them feel different to each other in the dark.

This is the love of blood, which no one can control and give up.

But he couldn't tell her, he could only lie to her that she was too soft-hearted.

There is nothing he can do, he is also for her good.

In the past, Rong Shu was not so deeply affected by blood ties, but I didn't expect it to be so deep now.

Looks like something needs to be done, or things will get really bad in the long run.

Thinking, Fu Jingting held Rong Shu's face in both hands, with a serious tone and expression, "In the future, please stay away from Gu Yaotian and his wife. With your soft-heartedness, I'm afraid that you will be influenced by them and won't be able to take revenge in the future.

"Shu laughed, "How is that possible!"

"Just in case." Fu Jingting didn't smile with her, his expression was still serious.

Seeing him like this, Rong Shu couldn't be careless anymore, and nodded seriously, "Okay, okay, I get it, you're right, it's true that I've become very strange these two meetings. The feeling of being led by their nose doesn't look like me anymore, I really should stay away from them."

This Time, I Will Get My Divorce Chapter 809

Am I Old?

“It’s good to know.” Only then did Fu Jingting let go of her face in satisfaction, and then took her hand to stand up, “I’m not sleeping at this time, are you hungry? Would you like something to eat?”

Rong Shu shook her head, “No. If you eat, you will gain weight, and I am not hungry, but you, you just came back from work, are you hungry?”

“Not hungry.” Fu Jingting also shook his head.

Rong Shu sighed, “Since you’re not hungry, then pack up and sleep. You’ve been tired all day, so you should be sleepy, right? Look at you, you have dark circles under your eyes.”

She pointed to his eyelids.

Fu Jingting raised his hand and touched it, then smiled indifferently, “It’s not serious.”

“It’s not serious, you haven’t slept for more than 36 hours.” Rong Shu pursed her lips, a little unhappy.

Fu Jingting shrugged.

It’s only thirty-six hours.

In the past, he often did not sleep for two or three days.

But intuition told him that these words should not be said, otherwise it will definitely anger her in a while.

Rong Shu didn’t know what the man beside him was thinking, so he pushed the man towards the bathroom, “Okay, hurry up, wash up and go to bed, it’s really getting late.”

“Okay, I’ll go right now.” Fu Jingting Turning his head, he looked at the woman behind him with gentle eyes and a smile.

After pushing Fu Jingting into the bathroom, Rong Shu clapped her hands, turned back to the room, and lay down half against the head of the bed.

Then, she stretched out her hand, picked up the crystal ball by the bed and shook it twice, then held it in her palm, looking at the snowflakes flying inside the crystal ball, her red lips slightly hooked up, and a shallow smile raised on her face .

Before, after returning from the dim sum shop, she was always in a heavy mood, and all she thought about was the strange concern she had for Gu Yaotian and his wife.

She didn't know why her attitude towards Gu Yaotian and his wife changed so much, so this made her very annoyed and distressed.

But the more I wanted to know, the more I couldn't figure it out, and then I sat on the sofa alone and started dumbfounded until Fu Jingting came back.

Fortunately, after Fu Jingting's enlightenment just now, she is in a better mood now, and the strange concern about Gu Yaotian and his wife has faded a lot.

Maybe, what he said was really right. Her strange concern for Gu Yaotian and his wife was really just because she was soft-hearted and easy to empathize with.

And she really hoped that this was the reason, nothing else, otherwise, just as she was thinking, the door of the room was suddenly pushed open.

Fu Jingting came in wearing a baggy bathrobe, revealing a strong and perfect chest. The muscles on the chest were firm and silky, looking very sexy and full of the allure of men.

At this moment, as he walked, he wiped his wet hair with a towel, the tip of which was still dripping with water, dripping into the bathrobe on his shoulder and disappearing.

Rong Shu put the crystal ball back and stopped leaning lazily on the head of the bed. She sat up straight and looked up at him, "Why didn't you dry your hair and come in?"

"I want to accompany you." Fu Jingting walked to the bedside Sit down and spit out three words.

Rong Shu rolled her eyes, "Who wants you to accompany?"

"I want to accompany you." Fu Jingting looked at her and said.

Rong Shu didn't know whether to laugh or cry, "Okay, okay, give me the towel, and I'll wipe it for you."

"Well." Fu Jingting responded and handed the towel over.

Rong Shu knelt down behind him and gently wiped his hair.

The man's hair was dark and soft, like silk to the touch.

Rong Shu was wiping and fiddling, and she couldn't put it down.

But when he touched it, Rong Shu suddenly saw the scalp inside his hair, and there was a small stitched scar.

It's not long, only about two centimeters, but it looks like there are several stitches.

And looking at the extent of the scars, it seems to have been some years.

Rong Shu stopped the movement of her hands, frowned her beautiful brows, and gently touched the scar with her fingers, her face was full of distress, "How did this scar come from?"

Her voice was a little dry.

Obviously, this scar made her a little uncomfortable.

Fu Jingting opened his eyes and felt where she was touching. He knew which scar she was asking about. He lightly opened his thin lips and replied, "Jinglin accidentally smashed it when he was a child."

"Fu Jinglin smashed it?" Rong Shu raised her voice. . Fu Jingting snorted

, "Jinglin was still young at that time, only three years old. He was very naughty and liked to throw things. I came in from outside and was hit by the cup he threw."

The expression on his face was slightly gloomy, "I thought you had gone through something else to leave this scar, but I didn't expect it to be caused by Fu Jinglin. He really

hated dogs since he was a child." The disgusting words gave me a happy feeling, "That's a good thing."

"Okay, sit down, wipe your hair, what are you messing with? It's scratching the scalp for a while, so don't blame me." Rong Shu patted the man on the shoulder.

The man sat down obediently and upright, just like the one who came out of the army, looking somewhat serious and cute.

Soon, her hair was dry, and Rong Shu picked up the blow dryer again to blow Fu Jingting's hair.

Men's hair is not long, and it is also half dry, so it blows faster, and it dries in less than two minutes.

Rong Shu put the hair dryer into the drawer by the bedside.

Just after she was put away, a figure descended from above and overwhelmed her on the bed.

Rong Shu looked up and saw that Fu Jingting was also staring at her, his dark eyes were even deeper, as if two black holes were about to suck people's souls into them.

The man's breathing was a little heavy, and the heat hit Rong Shu's face, his eyes staring at Rong Shu's red lips like a wolf.

Rong Shu looked at the head handed down by the man, knew what the man wanted to do, raised her head and pressed the man's forehead, preventing the man from continuing to lower his head.

The man was stunned, apparently not expecting that he was actually stopped halfway.

He looked at the man under him, his eyes were obviously a little dazed and puzzled, as if he didn't understand why she wanted to stop herself.

Rong Shu's red lips parted slightly, revealing her white teeth and pink tongue.

She looked at him and shook her head slightly, "No, you haven't slept since yesterday, aren't you tired?"

She actually wanted to do something to her.

However, Fu Jingting also shook his head, and replied in a hoarse and sensitive voice, "I'm not tired."

Rong Shu rolled his eyes at him, "You're not tired, I'm tired for you, in short, not tonight, you sleep well, you've been three years old. It's ten, not the guy in his twenties, how long can your body withstand the toss?"

Fu Jingting's pupils trembled.

She said he was thirty again.

He knew he was thirty, but was thirty really old?

Didn't you say that a man has thirty-one flowers?

That is thirty is the golden age for a man. Why does she feel that thirty is too old for her?

For a time, Fu Jingting was a little shocked.

Rong Shu looked at his aggrieved look, raised his hand and pushed the man to his side, "Okay, hurry up to sleep, do you need to sleep?"

Fu Jingting's thin lips pursed slightly, "Am I very old? ?"

he asked.

Rong Shu blinked, "What?"

"You just said that I'm thirty, not more than twenty." Fu Jingting stared at the woman sideways, "So, do you think I'm getting old?"

Rong Shu couldn't help laughing, "I didn't say you were old, I just It is said that men in their thirties are not as energetic as men in their twenties, so you can't think that you are still young in your thirties and don't take your body seriously. I'm doing it for your own good, you know? "

This Time, I Will Get My Divorce Chapter 810

Good News Comes

Fu Jingting stared at Rong Shu for a while, but did not answer.

Suddenly, he turned around and turned his back to Rong Shu, and his voice was muffled, "You talk so much, but it's not that I'm old."

The physical fitness of people in their thirties is no better than that in their twenties. .

That is to say, the physical function of people in their thirties is worse than that of people in their twenties.

The older you are, the worse your physical fitness is.

So, she just said he was old.

The corner of Rong Shu's mouth twitched, and she was suddenly choked.

She didn't really say that he was old, but he seemed to believe that she said he was old.

Yes, and now people are offended.

Rong Shu rubbed her temples, angrily and funny, "No, you believe me."

Fu Jingting ignored her and just turned the back of her head towards her.

Seeing this, Rong Shu stretched out his hand and gently nudged his shoulder, "Trust me, there really isn't."

Fu Jingting still stood still.

Rong Shu sighed, then leaned over, hugged his shoulder lightly, and kissed him on the face, "Do you believe it now? If I really say you're old, I don't want you anymore, and I will stay with you. Being together? I'm really worried about your body, you haven't rested for so long, and your body is not made of iron, how can you bear it? Besides, only after a good rest will you have more physical strength, right?"

Fu Jingting's back was slightly straight. After a little, he turned his face slightly and looked at Rong Shu.

Finally responded.

Rong Shu breathed a sigh of relief.

Fu Jingting looked at her, "If you kiss me again, I'll believe that you didn't say I'm old."

Rong Shu raised her eyebrows, then smiled, "You really know how to use your inch to find benefits for yourself."

Although she said that, Rong Shu lowered her head and kissed the man's face again.

The man finally turned around, wrapped his arms around her waist, and held her in his arms, "It's almost the same."

Rong Shu shook her head in tears, "Can you sleep now?"

"Well." Fu Jingting nodded slightly.

She was right, only after a good rest can you have more adequate physical strength.

Then he will sleep well, and tomorrow, he will let her know whether he is old or not.

He will let her know that men in their thirties are in better health than men in their twenties!

Thinking about it, Fu Jingting's eyes flashed brightly, and soon disappeared. He hugged Rong Shu and closed his eyes.

Rong Shu didn't know what the man was thinking. When she saw that the man obediently closed his eyes, she breathed a sigh of relief, her body relaxed, and she closed her eyes.

Finally stopped tossing and tossing, you can sleep well.

Really, if the man was a little awkward, she would have to work harder to coax him.

If it goes on like this, how long will it take to sleep?

Well now, finally quiet.

The corners of Rong Shu's mouth twitched slightly, and she rubbed gently in the man's arms. After finding a comfortable position, she closed her eyes and fell asleep.

The next day, when she woke up, her side was empty again, and she was alone in the bed again.

When he touched the place where Fu Jingting had been lying, it was still a little warm, and he should have just woken up soon after thinking about it.

I just don't know if he's gone now or not.

Rong Shu took the cell phone by the bed and glanced at it. At 7:30, it was already bright outside.

She put down the phone, yawned, sat up from the bed, stretched out, lifted the quilt and got out of bed, opened the door and walked out.

The living room was quiet and empty. Looking at the entrance, the slippers that Fu Jingting had worn were already neatly arranged on the insole at the door. Obviously, he had already gone out.

A flash of disappointment flashed in Rong Shu's eyes, and she was so disappointed that she woke up early and didn't see him.

But the loss didn't last long, so he hummed a song and went to wash up.

He said last night that in the next few days, she will be a little busy, and she may leave early and return late, so she was mentally prepared early in the morning, so she can quickly adjust her mentality and accept the reality.

"Hello?" As soon as Rong Shu came out of the bathroom after washing, she received a call from the police station.

Today is the day of Rong Yuan's trial, and the police station will naturally inform her again to attend on time.

After listening to the notification from the police station, Rong Shu nodded slightly, "Okay, thank you for reminding me, I will be ready." After she finished

speaking, she put down her phone, let out a long breath, and walked to the dining table, poured a glass of water to drink.

After taking a sip, Rong Shu rubbed between her brows and pursed her red lips tightly.

In fact, she really wanted to tell the police directly that Rong Yuan had also poisoned and murdered her biological father.

But this matter, first of all, she has no evidence, and it is also involved in a wide range, involving the Gu family and Liu Xiuzhi.

Last night, she deliberately told Gu Yaotian that she knew that he had let Rong Yuan's mother and daughter poison her father, just to see Gu Yaotian's reaction.

Gu Yaotian was indeed a little shocked and flustered at first, but soon, he put away all his emotions and became calm.

This calmness also made her heart sink a bit.

She just wanted to test Gu Yaotian on purpose. If Gu Yaotian kept being that flustered, it meant that the evidence that Gu Yaotian let Rong Yuan's mother and daughter poison her father must be very easy to find.

But the fact is on the contrary, Gu Yaotian quickly regained his composure, not because she knew that there was any anxiety about this matter, it means that Gu Yaotian swept his tail very cleanly, clean enough to be very confident. She went to the police, but the police couldn't find any evidence.

Therefore, she naturally refrained from telling the police that these people poisoned her father. After all, it was useless to say it.

Without evidence, Rong Yuan's charges would not increase, and Gu Yaotian would be fine.

Therefore, she can only give up, and can only pursue their legal responsibility after she finds some strong evidence.

Just thinking about it, the phone that Rong Shu had just put down suddenly rang again.

Rong Shu collected her thoughts, picked up her phone and looked at it, it was Cheng Huai's call.

Speaking of which, she hadn't met Cheng Huai for a while.

It seems that he has just reunited with Fu Jingting.

I don't know what he's calling at this time.

Rong Shu pulled out the chair and sat down, answered the phone, "Hello?"

"Rong Shu, I have some news for you." On the other end of the phone, Cheng Huai sat in his car with Erlang's legs crossed, holding the phone in one hand and the other in the other. Holding a document, he tapped his knee with the document, and said quite leisurely.

Rong Shu became interested and asked with a smile, "Oh? What good news?"

"Didn't you ask me to collect the genetic genes of some highly intelligent businessmen in the world some time ago? I've sorted everything you want, do you think it's good news?" Cheng Huai said with a smile as he looked at the documents on his knees.

Rong Shu stiffened, her face full of surprises, "That's really good news."

She wanted Rong Yuan to leave a descendant to the Rong family, who would inherit Tiancheng Group in the future.

Rong Yuan is an idiot herself, plus her vicious personality, she doesn't want Rong Yuan's children to inherit Rong Yuan's bad personality and stupid brain, so she can only pin her hopes on the father's genes, and hope that the children inheriting the genes of the father's body, the genes of the father's body will naturally be very good, whether it is appearance, personality, or IQ, it must be the best kind.

This Time, I Will Get My Divorce Chapter 811

Meet and Talk

Only in this way, Rong Yuan's bad behavior can be overcome and suppressed, and will not be inherited.

But such excellent genes are not easy to find at all. After all, a man with such genes must be a very successful person, and it is basically impossible to sell his genes.

Of course, there are also a few who will be betrayed, but most of them are abroad.

With her ability, it is actually a very difficult thing to find such excellent genes in foreign countries. Even if they are found, they will not be sold to her.

After all, the gene bank with this kind of gene will definitely choose a client who is richer and more powerful than her first. Only in this way can the gene bank make more profit.

So there is no way, she can only ask Cheng Huai to help find it, and ask Cheng Huai to help her connect, so that she can buy that kind of excellent gene.

As for why he didn't find Fu Jingting

, indeed, with Fu Jingting's ability, he would only be able to find it faster than Cheng Huai, and the gene bank would sell her genes without thinking too much.

But if she asked Fu Jingting to help, Fu Jingting would definitely not ask her to repay the favor afterwards.

And she is not used to it, and she doesn't like to owe favors to others, even if she owes favors to her lover, she doesn't want to.

In that way, I will feel pressured, I will feel that I have debts on my body all the time, I will feel that Fu Jingting is shorter than I am, and I will feel very uncomfortable. Only by paying off everything will my heart relax.

She didn't like that feeling, so she dismissed the idea of asking Fu Jingting to help and went to Cheng Huai.

In this way, she can return the favor after the event, and it can be done more smoothly.

After all, Cheng Huai is not her, so it's hard to say that she doesn't accept her as a favor, right?

But Fu Jingting is different. He is her lover, so he can tell her directly not to pay it back, but if she insists on paying it back, he may still be angry and think that they are all lovers. Why must he pay back the favor?

She didn't want to go that far with him, so it was the best choice to ask others for help.

What's more, Cheng Huai has an official identity, and it is more convenient to go through his way and go through some formalities.

Thinking of this, Rong Shu clenched her phone and hurriedly asked, "How much have you collected?"

"A dozen or so, they all meet your requirements." Cheng Huai fanned the information in his hand and said.

Rong Shu nodded slightly, "That's quite a lot."

"So you have to pick the one that you think is the most suitable." Cheng Huai answered, "I have all the information in my hands, they are all the details of those men. From blood inheritance, down to character, appearance, education, height, etc."

Rong Shu smiled, "Then what you have collected is quite detailed."

"That's not it." Cheng Huai raised his chin proudly, "This is your first time. Ask me for help, I have to do it for you, do I send the information directly to you, or do you come to me to get the original?"

he asked.

Rong Shu thought for a while, her red lips parted lightly, "I'll come to you to get the original, and by the way, I'll ask you about the details of purchasing genes."

"Okay, then where am I waiting for you?" Hearing that she was about to come out When meeting him, Cheng Huai stopped being lazy all of a sudden, immediately put Erlang's legs down, sat up straight, grasped the information in his hand, and asked with joy on his face.

He hadn't seen her in a while.

Although he gave up, he still hasn't let go of his feelings for her.

Therefore, he naturally misses her sometimes and wants to see her.

Anyway, it's just a meeting, and he won't do anything. Even if Fu Jingting is not happy, he can't do anything to him, at most it's just a black face.

Thinking of this, Cheng Huai laughed.

To be honest, he really wanted to see Fu Jingting's dark expression when he knew that he had met with Rong Shu, it must be very interesting.

"Not now." Rong Shu didn't know what Cheng Huai was thinking, she shook her head slightly and replied, "Jing Ting is Rong Yuan's court day, so I only have time to meet you in the afternoon."

"Don't wait for the afternoon, I'll accompany you to the court session in a while, and after the court trial is over, we can talk by the way." Cheng Huai said with a wave of his fingers.

Rong Shu raised her eyebrows, then smiled, "Since you're not busy, then you can go to the primary court and wait for me." What

Rong Yuan committed was to smear the country's dignity and prestige, and spread rumors to harm others famous.

It's not a very serious and bad kind of thing, so the lower court can try it.

"Okay, then I'll go first, see you later." Cheng Huai laughed.

Rong Shu hummed, "See you later."

She put down her phone, pinched her neck, and got up to go to the kitchen to get something to eat.

She never imagined that Cheng Huai would finish the thing she asked for so quickly.

She originally thought that Cheng Huai, a very busy person, would only help her find it when he had time occasionally, but he didn't expect him to be so concerned.

With such a fast speed, Cheng Huai definitely put down many important things in his hands and went to help her find it. Otherwise, it would be impossible to find it in such a short period of time, and so many were found.

So this time, she owes a lot of favor.

Rong Shu smiled helplessly, then glanced at a note on the coffee table in front of the sofa.

The note was pressed against a cup, which was very eye-catching.

Last night, she didn't even see this note, so obviously, this note appeared today.

I'm afraid it was Fu Jingting who wrote it down to explain what happened?

Thinking about this, Rong Shu turned a corner, turned from the direction to the kitchen, turned to the coffee table, and picked up the note.

The note was indeed left by Fu Jingting, and the sharp font on it seemed to belong to Fu Jingting.

But although the font is sharp, the content is very warm. Tell her that he left first and went to work. He had someone bring her breakfast. He waited at the door like yesterday, and asked her to wake up and open the door to get breakfast, and He also told her to eat well.

Seeing this, Rong Shu smiled softly, and whispered, "This person is really." He really treated her as a child. When he left, he ordered her breakfast and told her to eat it.

Won't she find food by herself when she wakes up?

Although he complained so much, Rong Shu's heart was really warm and happy.

Who wouldn't be happy to be so cared about by someone?

Putting down the note and putting it close to her body, Rong Shu turned around and walked towards the entrance, opening the door.

Just like yesterday, there was a hotel waiter squatting beside the door.

Taking a closer look, the waiter also happened to be yesterday.

Coincidentally, it's not!

Rong Shu greeted the waiter, and the waiter responded quickly and gave her breakfast.

After Rong Shu thanked him, he sent the waiter back to the living room.

She didn't start eating right away, but after sitting down, she took out her mobile phone, took a photo of the breakfast, and sent it to Fu Jingting, with the text that she had already received the breakfast.

After sending it, Rong Shu put down the phone.

She thought that Fu Jingting was busy these two days and might not reply immediately.

As a result, within two minutes after the phone was put down, the screen turned on by itself. It would be good if Fu Jingting's reply was sent. The Cantonese breakfast I ordered for you is relatively light, and I don't know if it suits your taste.

Rong Shu looked at the delicate pastries on the plate and typed with a smile on the corner of her mouth. I like it very much. As long as you order it, I like it.

Seeing this sentence, Fu Jingting's thin lips curled up, a faint smile appeared on his originally cold and black face, and the cold and oppressive breath all over his body disappeared instantly, replaced by the gentleness of the spring breeze.

**Read This Time, I Will Get My Divorce Chapter 812**

## This Time, I Will Get My Divorce Chapter 812

It was like a devil full of murderous aura was suddenly cured, he put down the cold butcher's knife in his hand, and became a god and Buddha that made people feel warm.

Seeing Fu Jingting like this, everyone in the conference room looked at each other a few times, and then heaved a sigh of relief at the same time.

Aren't you relieved?

At the meeting just now, someone made a mistake in the plan, which almost cost the group hundreds of millions. When President Fu found out, he was furious. People were also implicated and scolded, causing panic in the entire conference room, and the atmosphere was extraordinarily tense.

Just when they thought that Mr. Fu would definitely not let them go, Mr. Fu's cell phone rang, and then they saw Mr. Fu pick up the phone. The speed of his face changing was like a Sichuan opera, from a gloomy and cold expression, All of a sudden it turned into a gentle and warm expression.

There is only one person who can make Mr. Fu like this, and it must be Mr. Fu's ex-wife, and now Mr. Fu's current Miss Rong.

At this moment, they really thanked Miss Rong for the message that rescued them.

Otherwise, they may have to suffer more.

Everyone thought about it in their hearts, and they were full of gratitude to Rong Shu.

Fu Jingting was too lazy to look at the expressions of the people below, so he leaned back on the chair and typed with his fingers quickly if he liked it. I'm afraid you don't like it.

Rong Shu smiled, how could it be, I like it very much, how about you? You left so early, did you have breakfast?

Fu Jingting nodded slightly and ate.

Rong Shu took a bite of the Cantonese-style pastry and ate it. Are you busy?

Fu Jingting raised his eyes and glanced coldly at everyone present. Seeing that these people had relaxed their minds, they raised it again.

No, Mr. Fu is going to approve them again?

Couldn't Miss Rong appease President Fu's anger?

Just when everyone was thinking anxiously, Fu Jingting took his eyes back again, lowered his head and was in a meeting.

One by one, they were pampered and managed, and they all became lazy when dealing with work, and even skipped such a big loophole without paying attention.

If he hadn't asked about it today, hundreds of millions would have been lost like this.

So it's no wonder it's not bad.

Although Rong Shu couldn't see Fu Jingting's expression at the moment, she could vaguely feel that he was in a bad mood at the moment.

She sent a stroking face, and then typed to comfort her not to be angry. There are some people in any group who make people a headache, but if that person has no intention of betraying the group, but is just careless, and the mistake has not been made, then Just a small punishment and a big admonition, don't be too concerned, too much care will only make you angry with yourself, and it is easy to get sick when you are angry, so don't be angry.

Looking at the cute emoji and Rong Shu's comforting words, Fu Jingting's heart was warm, the softness seemed to melt, and the tenderness on his face seemed to be about to melt.

His thin lips slightly raised a clear arc, showing a good smile, listen to you, don't get angry.

Rong Shu put down the milk and that's right. Okay, you can have a meeting. I won't disturb you. I want to have breakfast quickly, and I'll go to the court in a while.

Fu Jingting raised his chin slightly, pay attention to safety on the road, and have dinner together at night.

have a meal together?

Rong Shu raised her eyebrows, don't you have to be busy late at night?

Fu Jingting remembered last night that she said that he was no more energetic than a 20-year-old man at the age of 30. His thin lips were pursed, and his eyes flashed quickly. It was fleeting. I will come back to accompany you as soon as possible.

Rong Shu didn't think much, just put down the spoon in his hand and type, then I'll wait for you.

In fact, she also hoped that he would finish his work soon.

Of course, I don't want him to come back to accompany her from work sooner.

But she didn't want him to stay up late to work overtime often, which was not good for his health.

Looking at the phrase "waiting for you", the curvature of Fu Jingting's lips became more intense, um, I won't let you down.

He will let her know tonight, what happened to him at thirty?

He was no worse than a man in his twenties.

Maybe the physical fitness of those men in their twenties is not as good as his.

Fu Jingting thought unpleasantly.

Rong Shu was very puzzled that he would not let you down.

She didn't know why he would say something like that when she just said to wait for him.

But Rong Shu didn't think much about it, and after returning a smiley emoji, she put down the phone.

Fu Jingting looked at the emoji, and probably knew that she didn't want him to reply, and wanted him to work hard. After a low laugh, he saved all the emojis she sent, then put down the phone, put away the smiling face, and looked cold. Looking at the people below, "Those who made a mistake in planning will deduct a bonus, performance and high-level benefits, plus a five-thousand-word review. Do you have any opinions?"

He fixed his eyes on the face of a manager of a certain department.

The manager stood up, forced a smile, and shook his head repeatedly, "No, I accept President Fu's punishment." Just

kidding, if he doesn't accept it, he will pack up and leave.

He is not a shareholder, just a high-level executive who can be fired at any time.

It took him more than ten years to become the department manager of the Fu Group headquarters. With an annual salary of tens of millions, he naturally did not want to be kicked out.

But this time the planning is indeed his fault. He has always been uneasy, afraid that he will be fired by President Fu, and even thought that he would be fired. President Fu

ruthlessly kicked out Mr. Fu, and he naturally felt that he was going to be kicked out. After all, Mr. Fu couldn't contain sand in his eyes.

However heThey were all ready to find the next family, but unexpectedly, Mr. Fu did not fire him, but only deducted his salary and wrote a review.

Although it is embarrassing to write a review, what is it compared to a job with an annual salary of tens of millions?

Of course, he knew that Mr. Fu kept him, not because Mr. Fu's heart was softer than before, but because Ms. Rong made Mr. Fu's mood better, so Mr. Fu was willing to give him this chance.

If there is no Miss Rong, with the emotionless eyes that President Fu looked at him before, he would definitely be gone.

Thinking about it, after the manager sat down, he wiped the cold sweat on his forehead and decided to let someone buy a gift for Miss Rong later as a thank you.

You can't accept this feeling in vain.

Fu Jingting stopped looking at the manager, and the moment the other party sat down, he withdrew his gaze and looked at the others, "As for you, go down and check yourself and see if there are any mistakes in the documents or plans in your hands. , if there is, correct it sooner, if it is not corrected, if I find out later, then you will all pack up for me and get out of there!"

"Yes, yes." Everyone nodded in response like a chicken pecking at the rice, and their hearts were all overwhelmed. relieved.

They also knew that with President Fu's temper, it was absolutely impossible to let them go so easily and let them examine themselves.

Mr. Fu is the person who likes to be linked the most. If one person makes a mistake, everyone will be punished the same. Therefore, these high-level managers are monitoring each other.

Although Mr. Fu's incident made them miserable, they also had to admit that Mr. Fu's hand made them not dare to be lazy and slippery.

But as none of their high-level executives have made mistakes for a long time, they can't help but relax a lot of monitoring each other.

Who knew that this slack would actually happen.

Thinking of this, these high-level executives glared at the manager.

## Read This Time, I Will Get My Divorce Chapter 813

This Time, I Will Get My Divorce Chapter 813

The provocation of Huai

If it wasn't for him, they wouldn't be scolded along with them.

Fortunately, Miss Rong put out the fire for President Fu, otherwise, due to President Fu's temper, their salary this month would definitely not be guaranteed, not as simple as self-examination.

Miss Rong is their benefactor.

It seems that in the future, when President Fu gets angry, he can ask Miss Rong to help put out the fire.

Everyone thought in unison.

Fu Jingting didn't know what these people were paying attention to. He raised his hand and tapped on the table lightly, "Okay, continue the meeting."

"Yes." Meeting is on.

On the other side, after Rong Shu put down her phone, she started to speed up her meal. After just ten minutes, breakfast was over.

Then, she got up and packed herself a little, looked at the time, picked up her bag and went out.

When we arrived at the gate of the courthouse, it happened to be about half past eight.

Rong Shu unfastened her seat belt and prepared to get out of the car.

Suddenly, there was a knock on the car window.

Rong Shu turned her head to look, and saw this tall man standing outside.

The man was wearing a casual suit with two unbuttoned buttons on his neck, revealing his sexual and sensual collarbone.

And at the collarbone, there is also a decorative necklace, which makes the man's temperament look a bit like a prodigal son.

This person was suddenly Cheng Huai.

Rong Shu rolled down the car window and looked at Cheng Huai who was dressed in a sassy bag. The corners of his mouth could not help twitching, "Aren't you cold when you dress like this?"

This person's previous dressing style was not like this, although His personality is more eccentric, but his style of clothing is very close to that of Fu Jingting, and he often wears a straight suit.

It's like now, actually moving closer to Aqi.

Ah Qi's clothes are generally very fancy, and they often don't button up properly.

Unexpectedly, Cheng Huai also became the second place in Ah Qi.

Cheng Huai looked down at the clothes on his body, hehe laughed

, and pulled his collar, "It's not cold, how is it, do I look good today?" I read it from top to bottom, and finally nodded, "It's alright, it's very chic, but why did you suddenly change your style?"

"I didn't change my style on purpose, I just wore this for the entertainment last night. There are a few official second-generation officials, and as the first person of the second-generation official in the city, I naturally have to come forward to entertain them, and by the way, I will get a set of news from the capital from their people." Cheng Huai helped her close the car door and said.

Rong Shu suddenly said, "So that's the case."

She didn't ask him any news.

After all, this is an open and secret battle between official families, and she, a businessman, is concerned about what to do.

"By the way, this is the information you want." Cheng Huai took a blue folder from his armpit and handed it to Rong Shu.

Rong Shu reached out to take it and glanced at it, all the details of the gene owners were mentioned on the phone.

She smiled and closed the folder without looking carefully, "I'll look at it later, it's almost time, let's go in first."

She pointed to the court door.

Cheng Huai followed her with his hands in his trouser pockets, "By the way, I accompany you to the court trial, does Jing Ting know?"

Rong Shu kept walking, "I don't know, I didn't tell him."

"You Why didn't you tell him?" Cheng Huai paused slightly, obviously surprised.

He originally wanted to hear from her, but when Fu Jingting knew the expression on his face, he wanted to smile at Fu Jingting.

As a result, Fu Jingting didn't know.

Rong Shu turned to look at him, "What's there to say, it's not an important thing."

"That said, I'll accompany you to the trial." Cheng Huai looked at her, "That person Jing Ting It's not that you don't know how possessive and lustful you are, if you don't tell him, if he finds out later that you are participating in the court trial with another man, it will be strange if you don't get angry."

Rong Shu stopped after saying this.

Obviously, she really hadn't thought about it.

She just thought that she would meet with Cheng Huai to talk about genetics later, so she naturally did not refuse to directly agree to Cheng Huai's proposal to accompany her to the court trial.

After all, we have to meet.

And in her opinion, the meeting was just to talk about business and nothing else, so it should be nothing.

But now, after being reminded by Cheng Huai, she suddenly remembered that Fu Jingting was really jealous, even the jealous of her own younger brother, Fu Jinglin, let alone Cheng Huai.

She rubbed her temples with a headache, and Rong Shu sighed, "It's alright, I'll tell him later, he won't be angry."

Of course, even though she said that, Fu Jingting knew that she would definitely make a mess .

But now that Cheng Huai is here, he can't dare to leave.

So Fu Jingting's awkwardness must have been settled. After returning home at night, she will just coax him.

"I don't think Jing Ting won't be angry." Cheng Huai rolled his eyes and suddenly revealed an inexplicable smile.

Rong Shu looked at him.

He suddenly bent down and approached, "Rong Shu, I'm sure that Aqi will be angry, you say, he won't come close to me when he gets angry, right?"

Rong Shu rolled her eyes and took a step back, pulling away from him, "You think too much, he's not that kind of person."

Cheng Huai's eyes flashed with regret, and soon returned to normal, as if nothing had happened, and continued to ask with a smile on his face, "That's not necessarily true, I still know how scary Jing Ting is, of course. , if he beats me, I'll definitely be able to resist a few times, after all, I'm a man, but I'm worried."

He trailed off.

Rong Shu raised her eyebrows and looked at him, "What are you worried about?"

"I'm worried that he will be angry and will be bad to you." Cheng Huai said.

Rong Shu waved her hand, "How is it possible, don't talk nonsense."

She knew that Fu Jingting would be jealous if she knew that she and Cheng Huai would participate in the court trial together.

But she knew that his unhappiness must be directed at Cheng Huai, not her.

Even if it was aimed at her, could it be possible that Fu Jingting could still beat her?

If Fu Jingting really dared to do it, she would kick him immediately and would not tolerate it.

"I said what if." Cheng Huai spread his hands, "after all, Jing Ting is a person with a bad temper. What if Jing Ting really does something to you? Hey, who can tell Jing Ting's temper? , In short, unlike me, I will always feel sorry for you, so Rong Shu, do you want to break up with Jing Ting and consider me? My temper has always been calm, but I am not as uncertain as Jing Ting, who is by his side Just like the companion of the king, the companion of the tiger, it makes people feel uneasy all the time."

Rong Shu glared at him angrily, "What nonsense, he is fine, even if he has a bad temper, he is not good for others, not for me, you, Don't speak ill of him here and provoke me and him, because you are still his friend."

After speaking, Rong Shu stepped on Cheng Huai's feet with the heel of her high-heeled shoes, ignored him, turned around and walked in. the court door.

Cheng Huai stood on the spot and bent over in pain, and cold sweat broke out from his forehead.

If it wasn't for the wrong occasion and attention should be paid to his image, he would have wanted to pick up his feet and jump up a few times.

Because it's so painful.

This woman is so cruel!

Cheng Huai squatted down and buried his head on his knees to relieve the pain in his feet.

After about a minute or so, the pain in the foot subsided a lot.

He stood up, took a long breath, and then limped into the court door, where he joined Rong Shu at the court's plaintiff's bench.

Rong Shu glanced at him, "It looks like I can still go."

This Time, I Will Get My Divorce Chapter 814

Can't wait to kill her

Cheng Huai heard a hint of pity in her tone, and the corner of his mouth twitched, "No, Rong Shu, you actually want me to be unable to leave? No wonder you were so ruthless just now, I thought you just didn't control your strength, who is it? You know, you did it on purpose!"

He pointed at her, shocked.

Rong Shu pouted and snorted, "Who asked you to say those words to sow discord, do you know that you are disrespecting me and Fu Jingting?"

She was indeed a little angry just now.

Cheng Huai spoke ill of Fu Jingting and described Fu Jingting as a temperamental villain who would lose his temper to others indiscriminately.

Fu Jingting is her boyfriend, so she naturally does not allow anyone to speak of him like that.

And this person is also a friend of Fu Jingting.

Secondly, Cheng Huai asked her to abandon Fu Jingting to be with him, so what did he think of her?

To be a feisty woman who can be with another person at any time?

Who doesn't get angry when they hear these words?

So she just couldn't hold back and stepped on his foot directly, which was a small lesson for him.

Cheng Huai looked at Rong Shu's cold face, and knew that what he said was wrong, he touched his nose with a guilty conscience, "What, I'm joking."

"You can't be joking like this." Rong Shu glared at him.

Cheng Huai bowed his head knowingly and sat down next to her, "I know, I won't be able to walk in the future. I don't want to be disabled and unable to walk in the future."

He pointed to his feet.

The leather shoes on his feet were shiny and smooth.

But just after being stepped on by her heel, the surface not only left dust, but also left some wrinkles, which did not match the other shoe at all.

Rong Shu finally couldn't help it, and laughed, "It's good to know, some jokes can't be played randomly."

"I understand, I won't." Cheng Huai waved his hand, his eyelids drooped, covering the loneliness in his eyes.

Hey, he was really joking just now, but at the same time, his sincerity was also implied in this joke.

He really wanted to test the depth of her current feelings for Jing Ting.

So I deliberately told her that Jing Ting had a bad temper and might attack women, just to see if she would believe his words and doubt Jing Ting.

If she has doubts about Jing Ting, and feels that Jing Ting will do something to women, it means that her feelings for Jing Ting have not recovered to the depth of those six years. The relationship will not last long, and one day they will be separated.

Isn't his chance coming again?

He knew that it was despicable to smear Jing Ting to fight for himself, but people are selfish in the first place. What's wrong with fighting for himself? He just smeared Jing Ting, did he really do anything to Jing Ting? He didn't think he was too much.

And he thought that if her feelings for Jing Ting are really not deep, and if he still has hope, then he can continue to do something to try to let them separate as soon as possible, lest they have to experience feelings again in the future. torment, become miserable.

But in the same way, if the relationship between them is very deep, then he will give up completely.

But now it turns out that Rong Shu really has a very deep relationship with Jing Ting. Not only does he have a firm trust in Jing Ting, but he can't tolerate others speaking ill of Jing Ting. Such maintenance is really enviable.

It seems that this time, he really wants to let go.

A wry smile appeared on the corner of Cheng Huai's mouth.

He told Fu Jingting that he would let go, but he was still unwilling in the end. This unwillingness was put to the greatest extent after meeting with Rong Shu just now, so he decisively abandoned the words he said to Fu Jingting to let go, and decided to fight for himself. one time.

But once again, he still failed in exchange, and he was destined to not get what he wanted.

Fu Jingting's life is really good.

Even if you hurt this woman once, you can still make this woman fall in love again. This luck is not for everyone.

Rong Shu didn't know what Cheng Huai was thinking, but after seeing his serious face saying that he would never do it again, the anger in his heart finally dissipated.

But after it dissipated, there was some guilt.

After all, because of her own words, she would go to great lengths to help herself find the right genes. She hadn't repaid him, but stepped on him first.

This is also her fault.

Thinking about it, Rong Shu looked at Cheng Huai a little embarrassedly, "I'm sorry just now."

"Huh?" Cheng Huai was stunned, then after realizing what she was referring to, she waved her hand with a smile, "It's nothing. , I owe it first, you can understand it, so you don't have to apologize to me."

Rong Shu pinned the hair from her ear back, "Anyway, I stepped on you just now, do you have any feet? Injured? If there is

. "No." Cheng Huai shook his head, knowing what she was going to say, and interrupted her, "The instep must be a little green, but it won't affect walking, it will be fine in a few days, don't think there is What guilt?"

"But" Rong Shu frowned and wanted to say something, Cheng Huai pointed to the people who had gradually entered the venue, "Don't talk about it, it's about to start."

Rong Shu turned her head towards the entrance Looking at it, after seeing that the relevant personnel had indeed begun to enter the arena, they swallowed what they were about to say, and their expression became solemn.

The trial officially begins.

Rong Shu soon saw Rong Yuan who was brought up by the law and the police.

Rong Yuan's hair was cut short, and she was wearing a yellow jacket, with handcuffs and shackles on her hands and feet.

Her head was slightly lowered, and she could not see any expression on her face , but the decadence and sluggishness all over her body was clearly visible.

Moreover, it can be seen from the thin wrist that Rong Yuan showed, during the time she was locked in the detention room, Rong Yuan had a very bad life. Somewhat empty.

If Rong Yuan was her own younger sister, or had never done anything to poison her father, maybe for her father's sake, she might have softened her heart when she saw such a Rong Yuan.

But obviously, Rong Yuan in front of her was not worth her softening at all.

Therefore, after Rong Shu only glanced at Rong Yuan, she looked back coldly.

But the moment Rong Shu retracted her gaze, Rong Yuan, who had been walking towards the defendant's seat with her head lowered, suddenly raised her head and looked directly at Rong Shu in the plaintiff's seat. All twisted.

If she hadn't been taken by the law and the police, and her hands and feet were tortured, she would have rushed over immediately and killed Rong Shu directly.

"Don't look around, let's go!" The female law holding Rong Yuan, the policeman felt Rong Yuan's eyes looking at Rong Shu, and after frowning, he warned coldly.

Rong Yuan heard the voices of the female law and the police, and seemed to have thought of something. She shrank in horror and lowered her head again, returning to the cautious and terrified look when she first entered the arena.

"That Rong Yuan was glaring at you just now." Cheng Huai suddenly reminded Rong Shu when he saw Rong Yuan standing on the defendant's seat.

Rong Shu looked straight ahead, "I know, I feel it, she can't wait to kill me."

Cheng Huai clicked, "This woman is really interesting, she obviously took the initiative to provoke you to lose, but she used a kind of hatred and hatred in her eyes. Look at you, as if you shouldn't fight back."

Rong Shu's red lips curled up, "She's just such a person, there's nothing strange about her."

"To be honest, I can't figure it out."

"What can't you figure out?" Rong Shu turned look at him.

This Time, I Will Get My Divorce Chapter 815

Desire for Freedom

Cheng Huai put his hands behind his head, "I can't figure it out. Although you and she are not biological sisters, they both grew up under your father's knees. How can you be so good and she is so bad? Don't you have the same education? ?"

Rong Shu laughed, "Of course it's the same education, but the genes are different."

Having said that, she glanced in the direction of Rong Yuan lightly, "Li Xiuzhi is not a good person by herself, she has calculated her father's pregnancy. Shang Rongyuan

just married her father, and Li Xiuzhi, in short, what kind of good Rong Yuan can be born by Li Xiuzhi? Even the same education can't change the inferior genes inherited from Li Xiuzhi in Rong Yuan's bones “

This statement is quite interesting.” Cheng Huai nodded, “No wonder you want to find a very good paternal gene, just to suppress Rong Yuan's inferior maternal gene, right?”

Rong Shu nodded slightly, “ Almost, since we want to raise an heir to the Rong family, genetics can't be casual, and I don't want to raise an heir that is as good as Rong Yuan.”

“It's really hard for you.” Cheng Huai reached out and wanted to pat her on the shoulder Soothe her.

But when he put his hand over her shoulder, he suddenly thought of something, curled his fingers slightly, then withdrew his hand with a sad look, and put it in his bag as if nothing had happened, “Rong Yuan has bullied you so much, You have to help her raise her children.”

Rong Shu shook her head, “I'm not helping her raise her children, I'm helping the Rong family.”

She rubbed her temples, “Although I'm also the daughter of the Rong family, I am missing a bloodline after all. Rong Yuan poisoned her father and did other bad things. In the end, she would definitely end up in prison for the rest of her life, unable to get married and have children, and I don't want Rong Yuan to get married. Wouldn't it be harmful for a person like Rong Yuan to marry someone? Have you got the man? So in order for Rong Yuan to leave the Rong family with a child who is truly related to the Rong family, I can only do this.”

Cheng Huai looked at her with mixed expressions in his eyes, “To be honest, you just You feel that you and your descendants are ashamed of inheriting everything from the Rong family, you don't think you have the blood of the Rong family, so even if you inherit the Rong family, you still feel uncomfortable with what you inherit, am I right?”

Rong Shu raised her eyes and looked at him, her red lips parted, and it took a long time before she made a sound, ok, “You're right, that's how I am, I don't like to take things for nothing, and I don't like to owe others favors. I don't know if I'm not the daughter of the Rong family, then I will inherit some of the Rong family, and naturally I will not have any psychological burden, and I will not think about letting Rong Yuan have any children. My own children inherit everything from the Rong family. I'm not the daughter of the Rong family, even if I have the right to inherit the Rong family's household registration, but I feel sorry for it.”

Speaking of which, she sighed in a trance, “Dad raised me, this is already a I have received a great deal of kindness, and I still have it, and I still don't know it. If I inherit

everything from the Rong family and let my children inherit it in the future, then with the inheritance from generation to generation, who will remember the Rong family once? The real blood? That's why I thought about letting Rong Yuan leave a child, so that this child will become my heir in the future, inherit the Rong family, so that I can return the Rong family to the people who are related to the Rong family, this is what I thought of , the only one who can repay Dad."

"I understand you." Cheng Huai looked at her, "Actually, if you want me to tell you, there is no need for you to get over it, since you have no blood relationship, so what if you are the daughter recognized by your father, In your father's heart, you are already his biological daughter, so it doesn't matter if you inherit everything from the Rong family. After all, you have inherited the surname of Rong. Sometimes, blood is not important, but the surname is the most important. It's important."

Rong Shu smiled, "I know, but I've made up my mind and don't want to change anymore."

"But are you willing?" Cheng Huai frowned, "You worked so hard to bring down the Tiancheng Group, In the end, it was not your child, but Rong Yuan's child, don't you feel unwilling at all?"

Rong Shu shook her head, "No, since I was a child, my ideal was not to manage the group, but to think To be a painter, I like to paint, but I have never told anyone about this dream except Fu Jingting."

"Oh?" Cheng Huai's eyes lit up, "So, I am the second one to know?"

Rong Shu He chuckled, "Yes, you are the second one, I didn't even tell Dad and Aqi."

The corners of Cheng Huai's mouth were split open, and he was in a very good mood when he saw it, "This is really my honor."

Rong Shu shook her head with a laugh, then the smile faded, "Actually, I want to give Tian Cheng to Rong Yuan's future children. , in addition to wanting Tiancheng back into the hands of the real Rong family, I also have my own selfishness. I have never realized my dream before. In the future, I want to entrust everything in my hand to realize my dream. I also want to Live for your dream once."

She raised her head slightly, with a hopeful smile on her face, and her eyes also exuded a light of longing, which was shocking.

Cheng Huai could see that she really had no interest in Tiancheng. Her real interest was painting and being a painter.

She is full of longing for the future, she wants to throw everything away and live for herself once.

Rong Shu, who yearned for freedom and did not miss the bondage of the family, saw Cheng Huai's heart burning hot.

He slowly touched his heart, and he could feel that his heart was beating very fast at the moment, and his heart was full of her, completely occupied by her.

How could Rong Shu, who was radiating light all over his body, not be moved?

Although these people have a good family background, they look bright and beautiful, and they are the envy of ordinary people.

However, how can ordinary people understand their helplessness?

Ordinary people can choose their own future, but they can't. From the moment they were born, everything in the future has been set. The men are like gu, and they are arranged by the family to fight and kill with their peers from other families. Cultivation is used as a tool for marriage.

They are a group of people who have no freedom, and their thoughts are not recognized. They are just a group of puppets led by their families, so each of them yearns for freedom, wants to live as they want, and wants to complete themselves. Their dreams, but they can't. They depend on the family to live, and they can't do anything that is not beneficial to the family. Once they do it, they are rebellious and outrageous, and they will be abandoned by the family at any time.

And the children who were abandoned by the family still couldn't live a peaceful life like ordinary people, but would be exiled to foreign countries, fend for themselves, and end up tragically.

So these people, while disgusted by such a life driven by the family, have to go on according to the family's arrangement. Gradually, these people become numb, forget the dreams they once had, and no longer hope that it will never be forever. The freedom that may be touched, they have really become tools of the family, living forever for the family.

He Cheng Huai is the same.

It can be said that in their generation, except for Fu Jingting, everyone can only rely on the family to survive.

It's just that compared to other children who were completely reduced to family tools, Cheng Huai still had some thoughts of wanting to break free from the family, but it was well hidden by him and never exposed.

So now, seeing Rong Shu, who has no scruples telling about his plans for the future, and Rong Shu who wants to live for himself in the future, how can his heart not be shaken.

This Time, I Will Get My Divorce Chapter 816

Blocked

And the reason why he fell in love with Rong Shu, in addition to the kindness of Rong Shu, the most important reason is that he saw light in Rong Yuan's eyes.

Rong Shu loved Jing Ting deeply, but was hurt by Jing Ting and finally divorced.

In the circle, there are not a few women like Rong Shu who have been hurt by men, even a lot worse than her.

After those women were injured, all of them were desperate and decadent, and some even couldn't live because of it.

But Rong Shu was different. She calmed down quickly and could stop loving Fu Jingting very soon.

There was still light in her eyes, she was not despairing of herself, nor was she decadent, she even took over the riddled Tiancheng Group calmly and developed it into what it is today.

It can be said that Rong Shu is not a person who can only be imprisoned in a certain thing or a certain person.

Even if she is injured, she will come out quickly, and quickly adjust her mentality, and will not allow herself to live by and go with the flow.

Because for her, neither Qingshang nor Fu Jingting are the most important, nor are they the ones who can make her give up on herself and stagnate.

On the contrary, she can quickly give up on them and let herself live better and better.

Although this sounds simple, it is actually very difficult to do, and not everyone can do it.

He even believed that if Rong Shu was not hurt by love, but was treated as a puppet by the family like them, she would not finally compromise for the family like them, but she would also be able to walk a completely different path from them.

Because she was sober enough, she always knew what she wanted and had that courage.

And they, not only have no courage, but in the end their thoughts will be assimilated by the family concept, and they will live in the most hated way.

It is precisely because of Rong Shu's sobriety that there is always a radiance in his eyes, that he was interested in her from the beginning to the end.

But now, seeing her plan for the future, he suddenly found that he couldn't forget her even more.

Feeling the burning, hot eyes of the man beside him looking at him, Rong Shu frowned, "What's the matter with you?"

Cheng Huai lowered his eyelids, covering the darkness in his eyes, and shook his head, "It's okay, I thought of something. "

Oh." Rong Shu nodded and didn't ask.

Cheng Huai was a little disappointed, "Why don't you ask me what I thought?"

Rong Shu shook her head, "What's there to ask? Everyone has secrets, so they don't necessarily have to ask."

Most importantly, she He was not interested in what he thought.

Also, they have nothing to do with each other, they are just ordinary friends, how could she ask him at will.

Seeing that Rong Shu didn't want to know, Cheng Huai shrugged, "Okay then."

He didn't actually mean to tell her.

Tell her she'll be scared.

And he has to calm down and adjust his mentality.

He decided to give up on her, but just now she teased his heart again, making him a little unwilling to give up.

But he knew that this was not right.

Therefore, he must calm down and adjust his mentality, otherwise it will be too late to regret later.

Cheng Huai stopped talking, and Rong Shu also closed her mouth, quietly waiting for the hearing.

After waiting for about ten minutes, after everyone participating in the trial had arrived, the judge glanced at the time and announced that the trial would start on time.

In fact, this court trial is just a process. After all, the evidence for Rong Yuan's smearing of the country and her reputation is very sufficient, because this was all spoken by Rong Yuan in the live broadcast, and Rong Yuan couldn't defend herself if she wanted to.

In the end, Rong Yuan was sentenced to half a year, with a chance to commute her sentence.

For a person who committed the crime, this is not particularly serious, but Rong Yuan didn't want to go to jail. When she heard that she was sentenced to half a year, she panicked and moved to appeal.

The court also agreed to Rong Yuan's appeal. After all, Rong Yuan's rights as a citizen still exist and she has the right to appeal.

But everyone knows that even if Rong Yuan appeals, the second instance will uphold the original verdict.

So Rong Shu didn't have much reaction when she heard that Rong Yuan wanted to appeal, because she was not worried at all.

Rong Yuan is not an idiot, she gradually calmed down after getting excited.

After calming down, I also knew what the second trial would look like. For a while, the whole person was sluggish, and his eyes were even more sluggish, without the slightest expression, looking like a soulless walking dead.

Rong Shu glanced at Rong Yuan like this, without the slightest sympathy in her heart, she got up and prepared to leave.

Anyway, the first trial is over, so she naturally doesn't need to stay here any longer, just come back for the second trial.

Cheng Huai glanced at Rong Yuan one more time, and after tsk tsk twice, got up and followed Rong Shu.

When the two were about to leave, it was inevitable that they would pass by Rong Yuan.

Rong Yuan saw that Rong Shu didn't even look at herself, and looked like she was about to leave. The look in her eyes suddenly recovered a little, and then she thought of something, and a savage smile appeared on her face, and then she turned towards Rong Shu. The back of the man shouted, "Rong Shu, do you want to know who your biological parents are?"

Rong Shu froze when she heard this, then suddenly turned her head and stared at her, "What did you say?"

Seeing Rong Shu With this reaction, the smile on Rong Yuan's face became even more ferocious, and it was full of malice, "I said, I know that your biological parents are you, but your biological parents are very unexpected to you, because they are not."

She Before he could finish speaking, his mouth was covered by the female judge and police officer on the side.

"Shut up, it's time to withdraw from the court, you must go back to the detention center with us immediately, without delay, go!" The female judge and the policeman steal a glance at the other female judge and policeman.

The female judge and the policeman nodded, grabbed Rong Yuan and walked quickly to the special evacuation passage.

The two female judges and police were so panicked, but their faces were as serious as usual, with no expression on their faces.

Because they were afraid of what Rong Shu would see.

Speaking of which, they also secretly called unlucky in their hearts.

They have been greeted, and they must not let Rong Yuan and Rong Shu reveal anything about their biological parents.

As a result, as soon as they were negligent, Rong Yuan had already revealed something.

Although they stopped in time, the time they stopped was too reluctant, and it was easy for people to guess that they deliberately stopped Rong Yuan.

So now they just hope that Rong Shu didn't guess that they were doing it on purpose. As for the rest, there was nothing they could do.

Seeing that Rong Yuan's eyes were crimson, her face was twisted and angry and she was taken down, Rong Shuxiu frowned, "The two women and the police just now seem to have deliberately prevented Rong Yuan from telling me who my biological parents are. ."

Cheng Huai next to her heard her words, her eyes flashed, and then smiled, "How is it possible, you are not a person in the system, so you don't know, the prisoner must be evacuated as soon as possible during the withdrawal time. , I was afraid that some family members were too angry for a while, causing uncontrollable behavior at the scene, so the female judge and the police did not deliberately stop it, it was just her job, and she had to bring people back to the police car as soon as possible."

"Really?" Rong Shu raised her eyebrows and looked at him suspiciously.

Cheng Huai nodded seriously, "Of course!"

Rong Shu bit her lower lip, as if thinking about whether his words were credible.

After a while, she smiled relievedly, "Maybe what you said is right, that female judge and police officer have nothing to do with me and Rong Yuan, there is no reason to stop it, I should think too much."

Cheng Huai only She squeezed the corners of her mouth and laughed twice, but she didn't answer, but she felt guilty.

**This Time, I Will Get My Divorce Chapter 817**

He is a member of the system, and he knows very well that there is no such thing as saying that the prisoner will be removed as soon as possible during the dismissal time. This statement was made up by him to dispel her doubts.

He could see that the female judge and the police were indeed, as Rong Shu guessed, deliberately interrupting and preventing Rong Yuan from telling Rong Shu's biological parents.

It stands to reason that when a prisoner is not deprived of all political rights, whether it is a court session or a dismissal, he is eligible for free speech.

But the female law and the police were trying to stop Rong Yuan, which was very problematic.

This can only mean that some people have greeted those in these systems behind their backs, and deliberately let the people in these systems keep an eye on Rong Yuan, and Rong Yuan must not be allowed to reveal any information about her biological parents in front of Rong Shu.

As for who this person is, he probably guessed it.

Hai Shi has the ability to get people in the system to promise to stop Rong Yuan, there are only a few, one is his father, and the other is the political and enemy head of his Cheng family.

But it is impossible for these two people to interfere in Rong Shu's affairs. After all, for them, they don't know Rong Shu, so why bother with Rong Shu's affairs.

So apart from these two people, there is only one person left, Fu Jingting.

Fu Jingting has this ability.

Therefore, he was sure that it was Fu Jingting who greeted him from behind.

But why?

Cheng Huai lowered his eyes to be honest, wondering why Fu Jingting didn't let Rong Shu know his biological parents?

Could it be that Rong Shu's biological parents have any secrets that people can't know?

Cheng Huai was thinking about this problem all the way, until he reached the cafe, Rong Shu reached out and waved in front of him, and he barely recovered.

"What are you doing?" Rong Shu saw Cheng Huai's eyes gradually returning to the cage, and took her hand back.

Cheng Huai took a sip of the white water in front of him and smiled, "Nothing, what do you want to drink?"

He put down the glass, picked up the menu and handed it over.

Rong Shu shook her head, "Don't look at it, just a cup of black tea with milk."

She said to the waiter waiting at the table.

The waiter nodded, "Okay."

Seeing that she had ordered, Cheng Huai took the menu back, opened it, and finally ordered a glass of ice American.

After the waiter went down, Rong Shu took out the information given by Cheng Huai before, and then carefully looked at the details of the father's genes.

Seeing that she was looking seriously, Cheng Huai said, "I chose very seriously. The men here are basically all highly educated, and some are even the sons of a run-down family. You can always choose a suitable one for details."

Rong Shu listened and turned the page, "Indeed, these men are all very good."

"They are all of the best quality, those from the gene pool, put These are treasures. They are not worth tens of billions of dollars, and they are not sold at all. I heard that there are many women abroad who want these genes to give birth to a high-quality child, but many are rejected by the gene pool. , are not worth enough, I am afraid of smashing the sign, after all, these gene pools are specially prepared for those top rich women who do not want to get married but need an heir, naturally there is nothing to say about genes."

Rong Shu closed it. Folder chuckled, "It seems that Rong Yuan can also pretend to be a rich woman worth tens of billions for a while."

"That's true." Cheng Huai laughed while drinking coffee.

After laughing for a while, he asked, "By the way, which one do you like? I'll have someone help you to set the line, so as not to be caught by other rich women."

"Just the third one." Rong Shu handed the folder to He, "I am most satisfied with his information, a university professor, needless to say in terms of IQ, the most important thing is that it is said that he is terminally ill, dying, and he is an orphan. This is just right for me. There will be no contact."

She needs a child, but she doesn't want that child to ask how she got here and then go to her biological father.

This is a very troublesome thing for her.

She read on the news that many children who came to the world in this way, because they were curious about their father, went to find their father, and maybe even recognized their father, thus linking the two families together. make it very troublesome.

So she hoped that there would be no one on the child's father's side. Only in this way would there not be a series of headaches and troubles.

Cheng Huai understood what Rong Shu meant, and didn't think there was anything wrong with Rong Shu's thoughts.

After all, this child was not a normal person, but was bought.

Since it was bought, naturally I don't like to have anything to do with the seller.

After all, in a family like theirs, anything can happen once they are involved.

So, she did the right thing.

"I also like the third one the most. I originally wanted to persuade you to choose the third one, but after thinking about it, I will forget it. After all, your decision is the most important thing. I didn't expect that we were still very close, and we all took a fancy to the third one." Cheng Huai stirred the coffee and said with a smile.

Rong Shu also took a sip of black tea, "You can just send the gene back to China and give it to Lin Tianchen. I greeted him early in the morning, and he will arrange all the follow-up. When Rong Yuan is released from prison, he will give her a test tube immediately. "

It turns out that you have arranged it." Cheng Huai raised his eyebrows, "I wanted to ask you if you have arranged the hospital. If not, I arranged it together, but you have already made all the preparations."

"From the moment I decided to let Rong Yuan keep the child for the Rong family, all this was being arranged slowly, and now the last test-tube operation is needed, but in half a year, Rong Yuan's body has not been conditioned enough to become pregnant. To the extent." Speaking of this, Rong Shu just sighed.

Cheng Huai looked at her, "Don't worry, this kind of thing can't be rushed, you can only take it slowly."

Rong Shu hummed, "I know, okay, let's not talk about this, how is Doudou recently?"

She changed the subject and asked about the cute little guy.

Cheng Huai pouted, "Don't mention it, that little brat is so irritating, he just pissed me off the day before."

"What's wrong?" Rong Shu asked curiously.

Cheng Huai said all the annoying things that Doudou had done recently, spread out his hands and had a headache, "No way, now is the age when people hate dogs."

Rong Shu covered her lips and smiled happily. "Don't say that, Doudou is cute."

"That's for you, not me." Cheng Huai rolled his eyes.

Rong Shu hooked her lips and was about to say something when her phone suddenly rang.

After saying sorry, she took the phone out of her bag and saw the caller ID, and the curvature of the corners of her lips slowly widened.

Seeing her happy look, Cheng Huai guessed who's phone number was, and couldn't help feeling a little pantothenic.

Fu Jingting was so happy after a phone call.

She really fell in completely.

Cheng Huai clenched the coffee cup and laughed at himself.

He regrets it now, regrets why he didn't know her earlier. If he knew her during the six years when she was bullied by the Fu family and Jing Ting's cold violence, and often warmed her, it was because she and Jing Ting divorced. The one most likely to be with her is him?

Isn't it all said that when a person appears in front of that person when he is most helpless, and makes that person feel hope and warmth, that person must be easily moved?

In the past six years, he has not been curious about Jing Ting's wife, and has the idea of seeing him. He wants to see why this woman is so committed to Jing Ting. Jing Ting treats her so much, why doesn't she leave?

This Time, I Will Get My Divorce Chapter 818

But he was curious, only occasionally, and wanted to meet only occasionally.

It was just by chance and coincidence that he kept putting it off, and he didn't see her for six years, because from the beginning to the end, in his heart, he thought that it didn't really matter whether he saw her or not. For him, she was just a let down. She is just a curious woman, not the kind that cares very much.

So he felt that seeing or not was not really that important.

Because of this, he missed the most likely possibility to move her heart and be with her.

He regretted it, really regretted it.

If he had spent so little time and found a chance to meet her, would it really be different today?

Thinking of this, Cheng Huai suddenly let out a strange cry, then leaned back and covered his face with both hands, his whole body was full of regret.

Such Cheng Huai not only startled Rong Shu, but also shocked the other customers in the cafe, and they all looked over.

Rong Shu was stared at by so many eyes and felt somewhat uncomfortable. After smiling embarrassedly at these people, she coughed twice and said in a low voice, "Cheng Huai, what are you doing?"

Cheng Huai replied. She showed a smile that was even uglier than crying, waved her hands weakly, and replied indifferently, "It's nothing, I'm just paying homage to my chance to die, and then I want to kill myself."

"Huh?" Rong Shu He was dumbfounded, obviously not understanding what he meant.

Cheng Huai shook his head, "It's alright, just answer the phone."

"Oh." Seeing that he didn't want to elaborate, Rong Shu didn't force it. After nodding, she put the phone to her ear and stopped paying attention to him.

"Hello." Rong Shu's eyebrows softened, and she focused all her attention on the phone.

On the other end of the phone, hearing Rong Shu's voice, Fu Jingting's frowning brows finally stretched out, "Why did it take so long to answer? Isn't the trial over yet?"

"It's over." Rong Shu replied, "I just spoke to Cheng Huai. Woolen cloth."

She raised her eyes and glanced at Cheng Huai.

Cheng Huai smiled at her and held up the coffee.

On the other end of the phone, upon hearing the name Cheng Huai, Fu Jingting immediately stood up from his office chair, his thin lips pressed tightly, "Cheng Huai?"

"Yes." Rong Shu nodded.

Fu Jingting frowned again, "Is he with you?"

"Well." Rong Shu nodded, "I have to talk to him about some things, so we met."

"What do you need to talk about?" Fu Jingting clenched his phone tightly. , the voice was low.

Cheng Huai had feelings for her. Although he said he gave up, the feelings didn't just go away.

What if you don't want to give up if you see her?

In short, Cheng Huai is a time bomb and bomb.

Although he thought it was impossible for Cheng Huai to snatch her away from him, the existence of Cheng Huai, a rival in love, made him feel uneasy.

After all, there is a man who is eyeing his lover there. He is not only blocked, but also has a sense of crisis. He doesn't even dare to take a wrong step, for fear that he will be caught, and these rivals will take this opportunity to snatch Rong Shu away. .

For a while, Fu Jingting thought a lot in his heart, and the more he thought about it, the more angry he became.

Of course, he also knew that this was unlikely.

So he could only be sullen.

Rong Shu heard the sourness in the man's tone, and shook her head with a smile.

Yes, the jealousy is strong.

She knew that he would definitely be like this when he heard that he and Cheng Huai met.

Therefore, she didn't plan to tell him that Cheng Huai also accompanied her to the trial, otherwise he might run over in anger due to his jealousy.

“Let’s talk about some serious business. You also know that Cheng Huai and I have cooperated, and we will share a lease to deal with the Gu family, so let’s talk about whether there are any plans for the future.” Rong Shu replied with flickering eyes.

Cheng Huai, who was drinking coffee and had gradually calmed down, heard what she said, stopped the coffee cup in his hand and looked at her in surprise, obviously not understanding why she was lying.

Rong Shu shook her head at him and said nothing.

On the phone, when Rong Shu said that she and Cheng Huai were just talking about business, her tense face finally improved a lot.

He thought that it was Cheng Huai who called her out, ready to confess to her.

The background is not that there is no person who knows that the other party has a family and has to confess to the other party. It is inexplicable. Letting the other party know his feelings is not a love in vain, not to mention how disgusting.

Fortunately, it was not what he thought, otherwise he would kill Cheng Huai.

Fu Jingting believed Rong Shu’s words without reservation, and nodded slightly, “Then go back early after the talk, don’t stay with him for too long, he is not a good person.”

Rong Shu was still feeling guilty for believing in him. , As a result, his next sentence made him laugh or cry.

Yes, these two are indeed friends since childhood.

One said to her face that the other was moody and uncertain.

The other is more direct, directly saying that the other party is not a good person.

She was still angry at Cheng Huai for speaking ill of Fu Jingting, but now she realizes that these two people often hurt each other and speak ill of each other.

Thinking of this, Rong Shu raised her head and looked at Cheng Huai amusingly, “Okay, I understand, I’ll go back after talking about things.”

Cheng Huai pointed to his nose, and then spread his hands again.

The meaning was obvious, he guessed that Fu Jingting might have mentioned him.

Rong Shu nodded lightly, confirming his guess.

He rolled his eyes immediately, guessing that Fu Jingting definitely didn't say good things about him.

On the phone, after hearing Rong Shu's reply, Fu Jingting's mood finally improved, but he was still somewhat uncomfortable.

Of course, it wasn't that he was uncomfortable with her meeting Cheng Huai, but he was uncomfortable with her and Cheng Huai cooperating against the Gu family.

She knew that she chose to cooperate in order to make herself a better revenge.

But what made him uncomfortable was that she did not choose to let him help, and would rather cooperate with Cheng Huai than find him.

Obviously, with his ability, it is easy to deal with the Gu family, but she refused, and even clearly said that she did not want him to help secretly, otherwise she would not forgive him.

He actually knew that she was doing this for him, but in his heart, he still cared a little bit. He always felt that she would rather trust others, choose to rely on others, and not choose him.

Rubbing his brows, Fu Jingting quickly suppressed the remaining thoughts and stopped himself from thinking about it.

He knows that if he thinks about it further, his thoughts will become more and more extreme. In the end, I am afraid that she will think that if she does not look for him, she simply thinks that he cannot be trusted and does not want to trouble him.

This is not acceptable, thinking about emotions will cause problems.

Although she said that she didn't want him to help secretly, it's still okay to find a chance to help in an open and honest way.

Thinking of this, the entanglement in Fu Jingting's heart was completely calmed down.

"By the way, aren't you busy now?" Rong Shu suddenly asked.

Fu Jingting snorted, "Take a break for a while, there will be a meeting later."

"It's really hard." Rong Shu felt a little distressed.

Fu Jingting heard it, and a gentle smile appeared in his eyes, "It will be fine in a while."

"Well." Rong Shu also smiled.

Afterwards, Fu Jingting's eyes flashed slightly, "What is the result of the trial?"

"Half a year, but Rong Yuan is not satisfied and wants to appeal." A sneer appeared on the corner of Rong Shu's mouth.

Fu Jingting squinted, "It's okay, no matter how many times she appeals, the result will not change."

"Yeah, so I'm not worried at all." Rong Shu shrugged.

Fu Jingting twitched his fingers and asked casually, "In court, did Rong Yuan have anything strange to say to you?"

This Time, I Will Get My Divorce Chapter 819

Don't want to trouble him

"Strange words?" Rong Shu's back was slightly straight, and her eyebrows frowned, "What do you mean?"

She asked tentatively.

She didn't understand why he asked her this.

In court, Rong Yuan did say something strange to her, just asking her if she wanted to know her biological parents.

Could it be that this is what Fu Jingting asked strangely?

Fu Jingting naturally heard the suspicion in Rong Shu's tone, his eyes dropped slightly, and he said in a low voice, "What I'm saying is, did Rong Yuan scolded you in court, threatened you or something strange."

"So you mean. The strange thing is this." Rong Shu's brows stretched, and she breathed a sigh of relief.

She thought that he was afraid of what she knew.

Fu Jingting's thin lips pursed, "Well, otherwise what do you think I'm referring to?" "It's okay, I'm overthinking

it.” Rong Shu waved her hand and smiled, then replied, “Of course she scolded me, Rong Yuan. You know how much you hate me, how can you not be excited when you see me.”

Fu Jingting snorted, “What else did she do?”

Rong Yuan shook her head, “That’s not true, she wanted to rush over and tear me up, but there are the law and the police, and she was tortured herself, so I’m safe.”

“That’s good.” Fu Jingting nodded slightly, and the heart that he mentioned also fell back in place.

Although he didn’t ask her directly, did Rong Yuan tell her about her biological parents.

But through the conversation just now and her calm tone, he could infer that Rong Yuan should not have told him.

If she had told her her biological parents, her emotions would not have been so calm.

In short, since Rong Yuan didn’t say anything, he was relieved.

He knew that the way that Rong Yuan wanted to take revenge on Rong Shu now was to tell Rong Shu her biological parents, so as to defeat Rong Shu’s belief in revenge against the Fu family, and fall into painful despair.

He can prevent Rong Yuan from meeting with outsiders in detention centers and prisons, but he cannot prevent Rong Yuan from meeting Rong Shu in court.

So in order to prevent Rong Yuan from recklessly telling Rong Shu the fact in court, he greeted the court early in the morning and asked them to keep an eye on Rong Yuan, never let Rong Yuan come into close contact with Rong Shu, let alone let Rong Yuan and Rong Shu reveal anything about their biological parents.

It can be said that today’s court trial has kept his spirits in a state of high tension, because he did not go to the scene, and I don’t know if the people at the scene will stare at Rong Yuan as he instructed, so that he goes to work today. , He was a little absent-minded, and looked at the time from time to time.

Feeling that the trial was almost over, I quickly called Rong Shu for a test.

In the few seconds that Rong Yuan didn’t answer the phone immediately, his whole heart was almost lifted, and he was worried that if she didn’t answer the phone for so long, she already knew her biological parents and was emotionally broken.

Fortunately, the final result was not as serious as he thought.

Thinking of this, Fu Jingting held his forehead with one hand, and his tense expression and mentality finally recovered.

“Okay Jing Ting, I won’t tell you first. Cheng Huai and I have to talk about business. Don’t you have a meeting soon? I won’t disturb you for now. What are you talking about when you come back tonight?” Rong Shu Glancing at Cheng Huai, who was a little less interested, he said into the phone.

When Fu Jingting heard her saying ‘Jing Ting’, his pupils shrank slightly, and his mind became agitated. After sliding his Adam’s apple up and down twice, he said in a hoarse voice, “What did you just call me?”

She actually called him Jing Ting . .

You know, since the divorce, she is either President Fu or Mr. Fu, a very polite and alienating title.

Even after they were together, she just called him Fu Jingting’s full name.

He didn’t think there was anything wrong with her full name before, but now she said Jing Ting to make him suddenly realize that the full name still felt a little more alienated, far from the intimacy of calling her name directly.

People are always greedy, and Fu Jingting now finds that he can no longer accept her name and surname. After hearing her call him Jingting once, he hopes that she will only call her that way in the future.

Rong Shu is so smart, she can hear the forbearance joy in the man’s tone, and she knows why the man is so happy all of a sudden.

Isn’t it just a name, so happy to be like this.

Wouldn’t it be a little too easy to satisfy?

Rong Shu shook his head with a chuckle, and then replied generously, “I’ll call you Jing Ting.” It

wasn’t a coincidence.

It’s not that I heard it wrong.

She really called herself that out of the sincerity.

A happy smile appeared on Fu Jingting’s face, and his voice became more hoarse because of excitement, but he was very sexual and pleasant, “I like you calling me that, can I still do this in the future?”

He asked eagerly.

Rong Shu didn't want to disappoint him, she nodded and agreed without hesitation, "Okay."

Fu Jingting's thin lips became more intense.

After that, the two said a sticky goodbye, and the call ended.

Cheng Huai on the opposite side saw Rong Shu put down the phone with a smile. Although his heart was sour and jealous, he pretended to be disgusted, and shuddered and said, "Enough, you two, call. It's so boring, I've eaten up all this dog food."

He rubbed his stomach strangely.

Rong Shu glanced at him and coughed a little embarrassedly, "How can you say such an exaggeration, why don't I feel tired?"

"Of course you don't." Cheng Huai pouted, "NoThere is a saying that the authorities are obsessed with bystanders. Anyway, I see it like this. By the way, did you and Jing Ting mention me just now?"

He looked at her and asked.

Rong Shu nodded slightly. Cheng Huai played with the coffee spoon in his hand, "

Did Jing Ting speak ill of me?" Rong Shu raised her eyebrows, "

Have you guessed this? "

"Cut. Cheng Huai rolled his eyes, "I've been friends with him for more than 20 years. I still don't know him. You told him that after you met with me, with his possessive, lustful and jealous personality, you didn't do it on purpose. It's strange to smear my image in your heart. After all, what did he say about me? "

Rong Shu chuckled lightly and took a sip of the black tea, "It's nothing, just say you are not a good person, let me not stay with you for too long and go back early. Cheng Huai clicked his tongue, "

You actually said that I'm not a good person, this guy"

"Forget it. Cheng Huai waved his hand, "For the sake of saying bad things about him today, I won't bother with him, let's make it even, but Rong Shu, I want to know, why don't you tell him directly, let's come out to meet, It's about Rong Yuan's children's genes, why lie? You didn't tell Jing Ting that you asked me to help you find suitable genes?"

His expression became slightly serious.

Rong Shu nodded, "Yes, I didn't tell him . "

"Why?" Cheng Huai couldn't figure it out.

Rong Shu leaned back, holding red lips and said indifferently, "Because I don't want to trouble him, I know, you must be wondering, Fu Jingting is my boyfriend, isn't it natural for me to trouble him?" , why did he say he didn't want to trouble him. "

Hmmmm. Cheng Huai nodded his head like a chicken pecking at rice, "That's what I meant. Rong Shu smiled, "

It's actually very simple. I don't want to owe Fu Jingting any more favors. Before Fu Jingting and I got back together, Fu Jingting helped me a lot and saved me a few times. , so I don't want to continue to owe it. "

This Time, I Will Get My Divorce Chapter 820

Treat you to dinner

"It's nothing, you are boyfriend and girlfriend. If there is no accident, you will remarry. Then you will be husband and wife. You will owe nothing. Isn't everything he did for you right?" Cheng Huai shrugged, disapprovingly. the way.

Rong Shu shook her head, "In this world, no one should pay for whom. It is true that Fu Jingting and I are boyfriend and girlfriend now, and we will still be married in the future, but that doesn't mean that Fu Jingting should do anything for me. This idea itself is not right, and I am not the kind of person who likes to owe favors to others, I always feel very uncomfortable when there is a big stone in my heart, and I have to pay off favors before I feel relieved."

"I can tell." Cheng Huai looked at her and expressed his approval of this.

Rong Shu smiled and continued, "I just said that I owed Fu Jingting a lot before we got back together, so I don't want to owe it any more, and now that we got back together, if we have to trouble him with everything and owe others favors, I will feel that if I bow my head to him in this relationship with him, the relationship will not be equal, and if there is any difficulty, I want him to help me solve it, and over time, I will lose that kind of me The thinking and ability to solve the problem, whenever there is a problem, you will think of asking Fu Jingting to help, but have you thought about it."

“What?” Cheng Huai blinked, a little confused.

Rong Shu put the black tea back on the table, “Fu Jingting loves me very much now, I believe that as long as I make any request, he will not refuse, and will try his best to help me achieve it. This is really good, but if one day, we The relationship fades, he doesn’t love me anymore, and I have a habit of relying on him, will he still help me at that time?”

She shook her head slightly, “I don’t think so, some feelings and sentiments are exhausted, just There won’t be any more, so I don’t want to regard Jing Ting as a tool to help me deal with everything, it’s not fair to him, and it’s also a clear view and distrust of my own abilities.”

Listening to Rong Shu’s remarks , Cheng Huai’s heart was extremely shaken, his mouth moved, but he couldn’t say anything to refute.

In his mind, he favors his own woman. As long as his woman has difficulties and troubles, he can directly solve it for her. This is what a man should do, and there is nothing wrong.

But after listening to her point of view and looking at the problem from another angle, he suddenly felt that his idea was not so right.

Indeed, to settle everything for the one you love is an expression of loving someone very much, and it is also an expression of putting someone in your heart.

But this love will indeed make the loved one lose the ability to be self-reliant and become a person who cannot handle and solve things by himself.

So is this a lover or a murderer?

He thought it was all there.

Help can help, not blind obedience to help.

It is really meaningful to help the loved one when it is really difficult to do so.

And she has another sentence that he thinks is quite right, that is, when you love someone, you will take the trouble to help that person smooth everything out, but if you don’t love him, you will really feel annoyed.

At least, if he doesn’t love him anymore, he may continue to help with the affection he had in the past, but he will feel tired after helping more often.

Thinking of this, Cheng Huai looked at Rong Shu’s eyes and appreciated it a little more, “You are still so unique, and you look at things so clearly.” That’s

why it made him even more obsessed.

Rong Shu didn't understand the deeper meaning of his words, smiled lightly and said, "Apart from these reasons, there is another reason that Fu Jingting will help me, and I will definitely not let me return my favor. If he wants to pay it back, he will definitely not be happy. I don't want to make trouble with him, so some things that are difficult for me to do and have to ask others for help will think of you and Aqi. At least you and I are friends. If you want to return favors, you are not good at accepting them, because you know that if you don't accept my favors, I will be unhappy."

Cheng Huai was suddenly stunned, with a smile of indescribable expression on his face, "So that's the case, I just say why you didn't find Fu Jingting about this matter, but came to me, just because I won't and can't refuse you to return your favor, and also to deal with the Gu family."

"Huh?" Rong Shu looked at him.

Cheng Huai leaned forward slightly, "I couldn't figure it out before, if you want revenge, wouldn't it be very easy to follow Fu Jingting's way? Although Fu Jingting couldn't directly attack the Gu family, he would be warned by the above, but with Fu Jingting's power, it's easy to bring down the Gu family secretly, even if the above knows that Fu Jingting did it, but Fu Jingting didn't put it on the surface, it's not easy for the above to warn him."

He pointed at the table, "So as long as you let Fu Jingting help you deal with it. The Gu family, the Gu family is long gone, and you won't be jumping around until today, but you have never asked Fu Jingting for help. You have to come by yourself and go around in such a big circle. There is no effect now. I'm just wondering why you are. I didn't expect it to be like this."

"It's not just for this reason." Rong Shu lowered her eyes, "The main reason is that it is the grievance between the Rong Gu family. What does it mean if I borrow the power of the Fu family to take revenge? The Fu family is Fu Jingting. My grandfather beat him down, and he was a hero of the founding of the country. He has a very good impression on it. I don't want to have a positive image in the country because of Fu Jingting's grandfather, but because he helped me get revenge, I can't be so selfish. "

That being said, but you haven't thought about it, Jing Ting won't let the Gu family go? Gu Manyin hypnotized Jing Ting, which in itself made Jing Ting enmity with the Gu family, but Jing Ting Haven't you thought about the reason for not dealing with the Gu family?" Cheng Huai asked.

Rong Shu smiled, "I know, I asked Fu Jingting this question before, he said it was because of me, he knew that I wanted to avenge myself, and after I refused his help, he said, he can wait for me to finish the report first. Vengeance, when dealing with the

remaining power of the Gu family, it should be avenged for Gu Manyin's hypnotizing him."

"Dare you have arranged everything, then I really worry about you for nothing." Cheng Huai's mouth was speechless. pumped.

Rong Shu looked at her watch, "Don't say that, I'm still very moved that you can think of this for us, this time you found the right gene for me, I owe you a favor, and you want me to do whatever you want. Yes, of course, except for breaking the law."

"Don't worry." Cheng Huai waved his hand, "I am a person in the system, how can I know the law and break the law, and I will not let you do anything embarrassing, but I haven't figured out what I want now, wait until I figure it out. I'll tell you later."

"It's fine, as long as you don't forget it, if you forget, then I might not know it." Rong Shu said jokingly, then stood up and picked up her bag, "It's getting late, I'll invite you to lunch, thank you for accompanying me to the court trial and helping me find my genes."

Cheng Huai leaned back vigilantly, "This meal won't cancel the agreement just now, right? ?"

Rong Shu didn't know whether to laugh or cry, "Of course"

Cheng Huai became more and more vigilant.

Rong Shu rolled his eyes at him, "Of course not, I just want to repay you for doing such a big favor with one meal, and I look down on myself too much, okay, let's go and eat."

"Come on." Cheng Huai Only then did he smile and follow her out of the cafe.

After dinner, Cheng Huai said goodbye to Rong Shu.

Instead of returning home, he drove to the Fu Group.

He has some things that he wants to ask Fu Jingting to clarify.

When he came to the Fu Group, Cheng Huai walked directly to the elevator, and no one stopped him.

After all, he used to come often, and the front desk knew him, so naturally he wouldn't stop him.

But after Cheng Huai told Fu Jingting that he fell in love with Rong Shu, he never came here again. The friendship between the two was actually not as deep as before, and there were some cracks.

It's just that outsiders don't know about it, and it's still as good as the past.
