This Time, I Will Get My Divorce Chapter 841

A chance encounter in a dress shop

In order to get the upper hand, Secretary Tong followed Aqi's actions and had a relationship with Aqi.

And Ah Qi, without saying whether he was actually drunk or not, he just said that he made a big mistake by dragging a woman to bed.

She was even thinking, if it wasn't Secretary Tong who went there that day, but another woman, would Ah Qi also take that woman to the hotel?

The answer, perhaps, is yes.

So, both of them are wrong.

Seeing Rong Shu's frown, Fu Jingting scratched the bridge of his nose, "what are you thinking about?"

Rong Shu shook her head, "I was just thinking, now Secretary Tong is going to kill the child and ask me to hide it from Ah Qi, in the end Is it right?"

Fu Jingting stroked her hair lightly, "Whether it is right or not, this is the private matter of the two of them, even if you are Lu Qi's friend, you are not qualified to intervene in this matter. , let them solve their own affairs. Sometimes outsiders intervene too much, but they will cause some unnecessary disadvantages, and the gains will outweigh the losses."

"I know, but Ah Qi is my friend, I"

"What about friends, this is their private matter." Fu Jingting cut off her words, "Besides, Lu Qi is an adult, you don't need to care so much about what happened to him, he is not your son."

Hearing this, Rong Shu He was immediately pissed off and slapped him, "What are you talking about, my son."

"I'm just making an analogy." Fu Jingting pursed his lips, "they will solve the matter between Lu Qi and your secretary, and they still It's nothing, but you're worried, you're more concerned than Madam Lu, why don't you think of Lu Qi as a son?"

"Nonsense!" Rong Shu glared at him angrily.

Fu Jingting smiled softly, "Okay, don't worry about their affairs. They are not so worried about themselves, so what are you worried about? If you have so much energy to care about them, you might as well use all of them to care about me.

"Don't you care enough?" Rong Shu looked at him.

Fu Jingting nodded, "Enough, but I'm a greedy man, and I'm not satisfied with that. I'm happier if you take care of others and take care of me."

"I'm too lazy to care about you." Rong Shu couldn't help laughing.

Fu Jingting rubbed her hair, "Okay, it's getting late, I should go too, see you in the evening."

"Well, see you in the evening." Rong Shu nodded and took him to the elevator.

Fu Jingting suddenly hugged her, "Remember to miss me."

"I will." Rong Shu patted his back.

Fu Jingting released him, turned around and entered the elevator.

Rong Shu stood outside the elevator and waved to him until the elevator door closed and the elevator descended, then she turned around and walked to her office.

Yes, he is right, this is a private matter between Ah Qi and Secretary Tong, which should be resolved by themselves.

She's just Ah Qi's friend, not Ah Qi's mother. There's really no need to be so concerned and upset herself.

What's more, she has only rejected Aqi clearly, and now she is troubled by Aqi's affairs, what's the matter?

This bug deserves it!

Even a friend should not worry about a friend in this kind of thing, which is a bit out of the concept of a friend.

Just listen to Fu Jingting, pretend they don't know, and let them figure it out on their own.

If something really happens in the end, it's too late to see if I can help.

Thinking of this, the calmness in Rong Shu's heart finally relaxed a lot.

In the afternoon, seeing that it was almost time, Rong Shu put down the documents in her hand, got up and left Tiancheng, and set off to try on the dress at the mall.

The people in the dress shop had already greeted him at the door in advance. When they saw Rong Shu coming, they immediately stepped forward with a polite smile, "Miss Rong, good afternoon."

"Good afternoon." Rong Shu smiled back.

The manager made a gesture of invitation, "Miss Rong, please."

"Trouble." Rong Shu hummed and followed her into the store.

This store is a dress shop of a top luxury brand abroad.

As soon as Rong Shu entered, it was filled with all kinds of exquisite, noble and expensive dresses.

Of course, these hanging dresses are not really valuable.

What is really valuable will not be hung up, but hidden in the store, as the treasure of the town store, only to wait for the really rich and powerful to buy it.

Those who don't understand the unspoken rules of the luxury industry think that the ones hanging in the store are already the best.

"Miss Rong, please take a seat, do you want champagne or coffee?" The manager brought Rong Shu to the sofa in the rest area, and immediately asked after Rong Shu sat down.

Rong Shu put down her bag, "Coffee is good, I'm driving, not drinking."

"Okay, please wait a moment, I'll arrange it. Your dress has already been collected from the warehouse and will be delivered soon. ." The manager said with a smile.

Rong Shu nodded slightly, "I see, thank you."

"You're welcome." After finishing speaking, the manager turned and left.

Rong Shu sat on the sofa, took out her mobile phone, and browsed the website boredly while waiting for her dress to come.

After waiting for a while, she suddenly heard a familiar voice behind her, "Is that all? Isn't there a more flashy dress?"

This is

Rong Shu squinting and thinking for a while, the last name, in came to mind.

Su Man!

Rong Shu put down her phone, turned her head to look back, and saw a figure sitting in a wheelchair.

That figure was suddenly Su Man.

Rong Shu raised an eyebrow.

Why is she here?

And looking at her appearance, it seems that she is also here to buy a dress.

But why did she buy a dress?

Rong Shu didn't doubt that Su Man could n't afford it. After all, she could have plastic surgery, and the cost of the whole process from start to finish would definitely not be low.

In addition, the last time he paid for the maintenance of Fu Jingting's car was hundreds of thousands. This Su Man took out the money without blinking an eye.

So it can be seen that this Su Man is not bad for money.

Although, she didn't know that an orphan, or an orphan with no occupation, where did so much money come from.

After Rong Shu glanced at Su Man, she quickly took her eyes back and stopped watching.

She doesn't have a good impression of a green tea who sees her man and wants to dig up.

So even if we met here, she wouldn't say hello, just pretended she didn't see it.

Su Man didn't notice Rong Shu in the rest area behind her. At this moment, she was holding a pink fishtail dress in her hand and looking critically.

Now, she is not satisfied with the dress in her hand.

She handed the dress to the shopping guide beside her, frowned and asked, "Is there really no other styles of fishtail skirts?" The

shopping guide smiled and shook her head, "I'm sorry, miss, we only have these styles of fishtail skirts in our store. , there is nothing else."

Su Man sullenly raised his face, "These styles of dresses are all old ones from the past, haven't the new ones released this year?"

"It's out, but this year our brand has only released one. Fishtail skirt, if you are interested, please provide qualifications, we can help you make an appointment with the head office and help you customize one, what do you think, miss?" The shopping guide continued to smile at Su Man.

Su Man's expression froze, "Qualification?"

"Yes." The shopping guide nodded, "Because this year's new fishtail skirt was designed by our brand's top designer, the fishtail skirt is naturally much more expensive than other dresses, and it must be qualified before it can be customized. This dress, otherwise you can only choose other dresses, the qualification of our brand is that you must spend a total of 100 million in all the stores under our brand, you can get it, so is the lady qualified?"

To Coax Men Again

Su Man's expression was even more ugly.

It takes 100 million yuan to qualify, this is simply making things difficult for people on purpose!

Even if she was not short of money before, she did not spend a total of 100 million in all the stores under this brand, let alone now.

Seeing that Su Man's face was bad and he didn't speak, the shopping guide immediately understood, and after squinting her eyes, she quickly smiled again, "If you don't have the qualifications, there are other ways, that is, to issue a bank card that can prove your assets. The balance of the card is nine digits, and it can also be customized."

Su Man's eyes widened, "Nine digits?"

Isn't that also hundreds of millions?

What's the difference between spending 100 million in total?

"Yes." The shopping guide smiled and nodded, "So does the lady have a bank card for this asset?"

Su Man looked at the smile on the shopping guide's face and felt extremely ashamed.

If she had a bank card with such assets, would she still be eligible?

This shopping guide is clearly deliberately humiliating her.

Don't tell her, this shopping guide can't see that she doesn't have it, but she still asks these questions, just to see her jokes on purpose.

Su Man clung to the armrests of the wheelchair with both hands. Due to the force, the veins on the back of his hands were bulging.

In the rest area behind her, Rong Shu naturally could hear that Su Man was humiliated by the shopping guide, and couldn't help but laugh.

Although she also felt that the shopping guide was impolite, but the person being humiliated was someone she hated, so she naturally felt that the shopping guide did nothing.

If this Su Man didn't have that kind of shady thoughts, she might even be willing to step forward to make amends for the sake of getting to know each other.

But forget it for now.

This kind of person, without skin and face, should be educated by society.

Rong Shu hooked her lips and shook her head, picked up a dress magazine and put it on her folded knees, and slowly flipped through it.

At this time, there was a quarrel behind him.

Rong Shu listened, it was nothing more than that Su Man was dissatisfied with the attitude of the shopping guide and was teaching the shopping guide a lesson.

And the shopping guide is not a vegetarian. With the most polite attitude, he calmly returned Su Man's lesson.

Not to mention, it's quite enjoyable to read a magazine and listen to a farce at the same time.

Rong Shu took a sip of the coffee that other shopping guides had just brought up, and her smile grew stronger.

Suddenly, the phone she placed on the small glass coffee table in front of her vibrated.

Rong Shu put down her coffee, picked up her phone and looked at it. She raised her eyebrows in surprise when she saw the WeChat message from Fu Jingting.

Why did he send a message at this time?

are not you busy?

Although she was puzzled, Rong Shu quickly unlocked her phone and clicked into the message bar. After seeing the content posted by Fu Jingting above, she felt dumbfounded.

Fu Jingting actually asked her if there was any discomfort in her stomach, did it hurt?

This man must have been worried that she would hurt her stomach after eating so many chili peppers at noon.

It's a shame that he has been worried since noon until now.

Although there was a helpless smile on his face, Rong Shu was really touched and used in his heart.

After all, only people who really care about her will care about her. Otherwise, who cares if she will be uncomfortable if she eats so many chili peppers?

Rong Shu had a gentle smile on the corner of her mouth. She typed with her hands on the phone and replied that I'm fine. I don't feel any discomfort. Don't worry.

On the other end of the phone, Fu Jingting looked at Rong Shu's reply, frowning, and finally relaxed.

Just like what Rong Shu thought, he was always worried that she would have a stomachache after eating so much spicy food at noon.

That's why he took a little time to ask her.

Now that she knew that nothing happened to her, a heart that brought it up completely fell.

"Mr. Fu, the plane is here, we'll go first." Just as Fu Jingting was about to give Rong Shu a message, a couple of suits and leather shoes, pulling their suitcases, looked like social elites, and came to Fu Jingting to tell Fu Jingting. A polite and respectful farewell.

These people are the managers of the foreign subsidiaries of the Fu Group.

Fu Jingting will come to the airport now, so that the airport will call out the private jet he entrusted to keep at the airport to send these people abroad.

As a boss, these people work abroad for him, and it is rare to come back once in a few years, so he naturally has to do his best to be a boss after these people return to China.

Let these people know that his boss has always valued them and has never forgotten them.

Only the superiors who can win over people's hearts will let these people willingly work for him.

Fu Jingting put down his mobile phone, looked up at these subordinates, and nodded slightly, "Okay, the journey is smooth, if there is anything overseas, you can contact Zhang Cheng at any time, and he will tell me as soon as possible."

"Okay, Mr. Fu ." Several people responded at the same time, and then walked towards the passage together.

Fu Jingting stood there and watched them, until they disappeared, then turned around with Zhang Cheng and walked to the parking lot.

After getting in the car, Fu Jingting remembered that he had not replied to the news of Rong Shu.

He took out his mobile phone and unlocked it, his fingers quickly typed sorry, the subordinate had just boarded the plane, and it was delayed for a while.

On the other end of the phone, Rong Shu originally thought that Fu Jingting would not reply to the news again, and was about to seriously appreciate the farce that followed, but the phone vibrated again.

She looked at Fu Jingting's apology and smiled helplessly. I knew you were busy, so I didn't blame you. Don't think about it, have they gone abroad?

Fu Jingting hooked his lips. Well, I just got on the plane. I'm going back to the group now, and there is still work waiting for me.

"It's really hard." Rong Shu sighed, then continued typing. Be careful on your way back, I'm outside right now.

Seeing that Rong Shu was also outside, Fu Jingting narrowed his eyes. What are you doing outside?

Rong Shu took a sip of coffee and my dress arrived, so I came to the store to try on the dress.

Fu Jingting's thin lips pursed slightly. I said at the beginning, leave the matter of your dress to me, I will arrange it, and let the designer come directly to you to measure it, you have to refuse.

Rong Shu saw a bit of resentment in the man's words, and smiled lightly.

When she and Fu Jingting both received invitations from the mall, Fu Jingting asked her to attend with him at that time.

At that time, they had gotten back together, so she had no reason to reject him.

Then Fu Jingting happily asked people to prepare the dress.

However, she refused.

The reason is still the same, she can do this kind of thing herself, and she doesn't want to rely on him for everything.

Fu Jingting couldn't beat her, so he could only give up. Although he didn't say it, she knew that he always cared about it in his heart.

She felt that she didn't depend on him for anything, she refused everything he wanted to do for her, and she didn't really accept him in her heart.

In fact, that's not the case, she really just doesn't want to rely on him for everything.

That way, she doesn't know if she will lose herself and become a dodder that can only survive by relying on others. Once the tree to which she is attached disappears, she will not be able to live.

She is an individual, a sober woman with her own thoughts and her own pursuits.

She absolutely couldn't bear to be like that.

Therefore, she would reject Fu Jingting's kindness many times.

Thinking of this, Rong Shu rubbed her temples and shook her head amusedly, yes, she has to coax the man again.

Rong Shu just typed lightly with her fingers, don't be angry, how about you prepare the wedding clothes in the future?

After it was posted, her face couldn't help but turn red.

After all, this was the first time she took the initiative to talk to him about marriage after getting back together.

At the same time, it also showed that she did intend to marry him.

I believe that men will not be unhappy when they see this, right?

Angry Crazy

Sure enough, seeing the word “marriage”, Fu Jingting straightened his back immediately, and then took the phone closer to his eyes to see if he had read it wrong.

After finally realizing that he was not mistaken, the smiles on his face and eyes were about to overflow, and anyone could see his good mood at the moment.

Assistant Zhang saw Fu Jingting like this in the rearview mirror, and couldn't help but be a little puzzled, “Mr. Fu, what happened?”

Fu Jingting was in a good mood at the moment, and did not hesitate to answer him, “Xiaoye Ye said that we will get married in the future. Let me prepare the clothes.”

“Oh? Really?” Assistant Zhang was really surprised at this moment.

Fu Jingting nodded slightly, with undisguised smugness on his face, “It's true.”

“That's really good, congratulations to your President Fu, it shows that Miss Rong is willing to remarry you with President Fu.” Assistant Zhang also smiled. Got up, really happy for him.

Fu Jingting coughed lightly against his lips, suppressed the joy that was about to be hidden, and said indifferently, “Thank you.”

After speaking, he lowered his head to give Rong Shu a message, and I'll prepare at that time.

Although it was just a simple sentence, it was through this sentence that Rong Shu saw how happy the man was at the moment.

She smiled and replied, then leave it to you, okay, I won't tell you, my dress is coming.

Fu Jingting replied with a "Yes", put down the phone reluctantly, and then watched Assistant Zhang instruct, "After you go back, you can collect information on some of the most famous wedding dress designers in the world, I want to see the wedding dresses they designed, who is more in line with me and Rong Shu's temperament."

Assistant Zhang raised his eyebrows.

Mr. Fu is too positive.

Only then did Miss Rong tell President Fu to prepare clothes for the wedding, and she still didn't know when she would get married.

Mr. Fu is good, and now we will start preparing.

Definitely a marriage maniac.

Although he complained so much in his heart, Assistant Zhang didn't dare to show the slightest on his face, and nodded with a smile, "Okay, Mr. Fu, I'll make arrangements when I return to the group."

"Well." Fu Jingting raised his chin, "There are still suitable The wedding venue is also collected and sorted out, and I'll check it out."

"Yes." Assistant Zhang answered again.

Fu Jingting thought for a while, and then said, "There are also top jewelry designers. You can also organize some information for me to design jewelry accessories for weddings and wedding rings."

"Understood President Fu, do you have any other orders?" Assistant Zhang asked with a smile.

If you have anything, just order it at one time.

"Not for now." Fu Jingting shook his head slightly, "I'll talk about it later."

"Yes." Assistant Zhang nodded and stopped talking.

Fu Jingting also quieted down, thinking about something.

In the past, he didn't give Rong Shu a wedding, the two just got the marriage certificate hastily, because at that time, he had been hypnotized, and firmly believed that Rong Shu was coercing Eun to marry him, and he was very fond of her in his heart. Disgust, so how could it be possible to have a wedding with her.

And now, he's back to normal, and loves her more than before, and naturally, he wants to give her the best, the best wedding, the best reception, the best of everything.

He even thinks that giving her everything in the world is not enough to express how much he loves her.

On the other side, in the dress shop.

Rong Shu put away the phone and put it in the bag.

Behind her, the manager had taken out her dress from the storeroom and was walking towards her with it.

However, when he passed by Su Man, he was stopped by Su Man, "Wait a minute."  
The

manager stopped subconsciously, turned to look at Su Man in the wheelchair, and asked politely, "What's the matter, Miss?"

Su Man didn't look at the manager, but just set his eyes on the dress the manager was holding.

It was a silver-blue one-shoulder mermaid dress with a unique design and novel fabric. It was also embellished with countless tiny diamonds, making the whole dress shine even without lighting, very gorgeous. .

After wearing it, it seems that it has really become a mermaid that only exists in legends.

Su Man's eyes were fixed on the dress at the moment, and he couldn't take his eyes away.

She fell in love with this dress at a glance, and she could already imagine how beautiful she would be when she wore it.

Su Man suppressed her fast-beating heart and pointed to the dress in the manager's hand, with undisguised determination and ambition on her face, "I want to try this dress."

She has posted the brand's new dress this year on the official website. I have seen it on the website, and there is no such fishtail dress.

So, this fishtail dress should not be the kind of qualifications that need to be purchased or customized, right?

Since this is the case, she must take this dress.

The manager never thought that this woman stopped her because of the dress in her hand.

But also, this dress is so beautiful that when they arrived at the store, they were also amazed, and even a woman could not refuse.

It is normal for this woman to want to rob.

The manager didn't hand the dress to Su Man, but looked at Su Man with a smile and said, "I'm sorry, this lady, this dress is custom-made and specially designed by our designers for our guests, not for a public runway show, so I can't Here it is ."

Su Man's expression suddenly sank, "What? It's a personal order?"

"Yes." The manager nodded.

Su Man bit her lip.

No wonder she didn't see this dress on the official website, it was specially designed by someone, and it was an exclusive style for one person.

In that case, wouldn't she get this dress?

Su Man looked at the dress in front of him, and his heart was full of unwillingness.

Such a beautiful dress, if she wants to let go, she really can't do it.

Why don't you fight for yourself?

Su Man bit his lower lip, finally took a deep breath, calmed down, and forced a smile to say, "Since it's a personal order, forget it, but the owner of this dress is not here now, you can give me a try on the dress. It's nothing, I want to see if I'm suitable, if it's suitable, I can also find your designer to customize one, what do you think?"

She has seen it in this store, and she is the only customer.

Therefore, she was sure that the owner of the dress was not here.

And these shopping guides, it is estimated that they will not refuse. After all, she customizes one more, and the commissions for these shopping guides are also higher.

However, Su Man, who thought that his proposal would not be rejected, the smile on his face solidified in the next second.

The manager said with a smile, "I'm sorry, miss, the dress still can't be tried on for you. Everyone's body is different. This dress is tailor-made. If you try it on, if the dress is

deformed, how can we tell the customer? It is also unethical to give a client's dress to another client to try on without permission. Once we find out, we will not be able to keep our jobs. Secondly, this dress is a design invited by the client and the designer, and it is the only one in the world. , if you want to do the same, miss, you can only get the consent of the client, and the client agrees that the design she invites can be customized for other people, then you can get such a dress, of course, this is conditional. “

Listen . When she couldn't try it on, Su Man was already very dissatisfied.

But when she heard that it needed to be customized and the client's consent was needed, she was already irritated and wanted to hit someone.

Now that she heard that other conditions were needed, she could not wait to kill.

Isn't it just a dress?

Where did so many rules come from!

What are you

The more he thought about it, the more angry Su Man gritted his teeth, “Tell me, what are the conditions?” The

manager smiled, “The condition is that in addition to the approval of our customers, we also need the qualifications of our brand.”

“” Su Man's face suddenly became ugly No, my body was trembling slightly because I was too angry.

Qualification, this damn qualification again!

Will you die if you don't qualify?

She is really out of her mind to enter this brand's store, which is really maddening.

Seeing Su Man's twisted face, after arguing with Su Man all the time, the shopping guide who didn't speak any more couldn't help laughing.

Even Rong Shu, who was behind, burst out laughing when she heard the manager's words.

The laughter entered Su Man's ears, making Su Man's face even more distorted, "Who, who is laughing?" The

manager turned his head to look in the direction of Rong Shu, and then introduced to Su Man, "This lady, just now The smiling lady is the owner of this dress."

"What?" Su Man was stunned.

The owner of this dress?

She never thought that it was so coincidental that the owner of this dress was here.

She thought she didn't come, she was the only customer in the store.

Thinking about it, Su Man looked towards Rong Shu.

Rong Shu was sitting on the sofa with her back facing her. In addition, the back of the sofa covered Rong Shu's entire body so that she couldn't tell that there was still a person sitting there.

No wonder she thought she was the only one, and she couldn't see the cat there.

"Miss, if you want to customize this dress, discuss it with the customer over there and see if she agrees." The manager made a guiding gesture to Su Man and led Su Man to walk towards Rong Shu .

Rong Shu heard the footsteps and knew that she was about to face a confrontation with Su Man next, and she was no longer in the mood to drink coffee while listening to the movie. She simply put down the coffee in her hand, took out a tissue, wiped the corners of her mouth gracefully, and waited. people come.

Soon, the manager brought Su Man over, and just as she was about to speak, she was interrupted by Su Man beside her.

"It's you!" Su Man looked at Rong Shu sitting on the sofa in surprise, with disbelief written all over his face.

The owner of this dress is actually Rong Shu!

It was Rong Shu who laughed at her just now?

Thinking about it, doesn't that mean that the whole process of losing face in front of that shopping guide just now was also seen by Rong Shu?

Thinking of this, Su Man's face turned green.

To lose face in front of someone who has a grudge against her is more uncomfortable than killing her.

Rong Shu didn't seem to see Su Man's grim expression, raised her eyes slightly, and showed her a cold smile, "Miss Su, it's a coincidence that we meet again." The

manager was surprised, "Miss Rong is here with you. Do you know this young lady?"

Rong Shu glanced at Su Man, her red lips curled into a cold arc, "I can't talk about knowing each other, I have met once, but that side left a deep impression on me, I didn't expect Miss Su to be A person who said that he digs the foot of the wall will dig the foot of the wall, but unfortunately he didn't dig it, and instead ended up apologizing to the whole network."

"You" Su Man's eyes widened, obviously not expecting Rong Shu to be so unethical, and directly accuse her of being so unethical. What was done was revealed.

Now, she can even feel the manager's eyes looking at her, full of all kinds of strangeness.

This woman did it on purpose, she said this on purpose to make her humiliated.

Su Man clenched his palms tightly, hated in his heart.

The manager looked at her with a subtle look, then withdrew his gaze and nodded to Rong Shu suddenly, "That's it, no wonder I see this lady a little familiar, but I can't remember where I saw it, it turned out to be on the Internet. what."

Rong Shu smiled but said nothing.

The manager remembered the business, and handed over the dress in his hands, "Miss Rong, this is the dress you ordered. Try it on and see if there is anything you need to modify."

"Okay." Rong Shu took the dress, and then Drop your folded legs and stand up.

Just when she was about to take a closer look at the dress and went to the fitting room to change it, Su Man suddenly narrowed her eyes and opened her mouth, "Miss Rong, you just said that I like to dig my feet, didn't you?"

Rong Shu put down the dress in her hand and spoke with the manager. Look at her together.

“What do you want to say?” Rong Shu lightly opened her red lips and asked in a low voice.

Su Man flicked his nails, with a wicked smile on his face, “Since Miss Rong said that I like to dig around walls, if I don’t dig corners, wouldn’t I be living up to Miss Rong’s opinion of me? I like this piece in Miss Rong’s hands very much. Dress, can Miss Rong cut her love?”

Rong Shu frowned.

The manager didn’t expect that this woman grabbed something directly on Miss Rong’s head.

And Miss Rong was also angry.

It looks like there is a good show to watch next.

Although, she really wanted to free up the battlefield and let these two women fight by themselves, and she would not offend anyone.

But not now. Behind Miss Rong is President Fu. President Fu is also one of the shareholders of their brand. Although many people don’t know it, he is indeed her boss.

Miss Rong is like her boss.

Therefore, she must not allow Miss Rong to be bullied in the store she is in charge of, otherwise it will be over if President Fu blames her.

Thinking of this, the manager took a deep breath, then stepped forward, stood in front of Rong Shu, looked down at Su Man in a wheelchair, the smile on his face was still so polite, but it looked a little cold, “This is Miss Su, I remember I just said that this dress was designed by Miss Rong with the designer of our brand. It is exclusive to Miss Rong. You are not qualified to take it away. You can only ask for the consent of Miss Rong. , you can customize the second one, understand?”

However, Su Man ignored this and sneered , “So what? Even if she asked for the draft, it must be hers? Whoever grabs it is who, so she Miss, do you dare to give me this dress?”

She believed that as soon as she said these words, Rong Shu would definitely fall into a difficult situation.

If Rong Shu refuses, he can say in the circle that Rong Shu is a reasonable person. In this way, those who cooperate with Tiansheng should consider whether to continue to cooperate. After all, with this People who cooperate with each other, it is not certain that one day they disagree with each other, and they will be unforgiving by a junior.

But if Rong Shu gave it to her, then she would be able to tell the people in the circle that Rong Shu was a cowardly person. In this case, anyone could step on her.

The more she thought about it, the more excited she became. Su Man didn't think that Rong Shu couldn't think of this at all.

Rong Shu would definitely want to get it, so she would definitely give up the dress.

She could already see the ugly look on Rong Shu's face when she gave up her dress.

Rong Shu looked at the ugly expression on Su Man's face that couldn't be concealed, and without thinking much, she knew what daydream this woman was doing.

A trace of ridicule flashed in her eyes, and she said coldly, "I won't say if I dare, but I can only say, I won't let it go, and you have no right to let me give up my things. After all, what kind of thing are you??"

Good!

The manager is cheering for Rong Shu.

If it weren't for the circumstances, she couldn't help but applaud.

She also hated this woman named Su Man. She had seen the quarrel with the shopping guide just now, and it was all because this woman was unreasonable.

So seeing this woman deflated, she was happy to see it, not to mention how happy she was.

The shopping guide who was arguing with Su Man not far away was very happy when he saw Su Man being stunned by Rong Shu and being stunned by Rong Shu's momentum.

For her, this woman really deserved it when she was planted in Miss Rong's hands!

Useless Threat

Although the manager and the shopping guide did not speak, the gloating in their eyes was still very clear.

Seeing that these two people dared to laugh at him like this, Su Man almost turned his back.

But this is not the most angry, the most angry, or Rong Shu's phrase 'what are you'!

This is the first time she has been referred to by someone.

This is simply the humiliation of Chi Guoguo.

"So, Miss Rong doesn't plan to let her dress out, does she?" Su Man held the armrest of the wheelchair tightly with both hands, her voice extremely gloomy.

Rong Shu looked at her coldly, "Why should I let my things? If it was you, would you let me?"

Of course not!

Su Man replied subconsciously in his heart.

But she didn't show her thoughts on her face.

Moreover, in her opinion, she can rob other people's things, and others have to give her.

But if someone dares to rob her, it is a heinous crime and cannot be forgiven.

She is such a double standard person.

"Miss Rong is not afraid of people in the circle saying that you have no sympathy at all, and are you right?" Su Man narrowed his eyes and made a faint threat.

Rong Shu looked at her like a fool, "I know what you want to say and what you want to do, but I tell you, people in the circle are not fools. Since they have been in the circle and have not been eliminated by the circle, it means that They are all smart people. It is impossible not to see who is right and who is wrong between us. If I really give up the dress, it will not only be my own shame, but also the shame of everyone in the circle. It seems that they also want to give their things to others? If they don't, it means they are wrong, or they have to take care of others?"

Speaking of which, Rong Shu stepped forward and took a step closer, "Miss Su , you said, what would be the reaction if I told the circle of your idea, and the people in the circle?"

Su Man's face was pale and pale, and a trace of panic flashed in his eyes.

What else could be the reaction, of course, I wanted to kill her.

She really thought that if Rong Shu would not let her go, she would let people in the circle think that Rong Shu was a strong and arrogant person, and let those who cooperated with the Rong family in the circle keep their respect for Rong Shu. Be vigilant, I never thought about it at all, my own idea also offended other people in the circle.

Indeed, as Rong Shu said, if someone takes a fancy to the things in the hands of other people in the circle and asks them for it, if they don't give it, is it also unreasonable?

Su Man didn't expect that Rong Shu would catch the loophole in her words so quickly.

Now, she is the one who really rides the tiger.

Seeing Su Man's face changing like a palette, Rong Shu smiled coldly.

She thought how long this woman could hold on, but it didn't work.

Rong Shu curled her lips boringly, "Miss Su, I know, if I don't let me, you will let my partner be wary of me, if I let you in, you can make me a joke for everyone and make everyone a joke. You all know that I am a cowardly person who is easy to bully, but you never thought about it from the beginning, even if I don't let me, people in the circle will not be vigilant against me, because it's never wrong to not let my own things. Partners, they will only appreciate me, because I am a firm person, they will be more at ease to cooperate with me, you are not a manager, you don't understand the truth, and you take people too lightly, that's too stupid!"

She said with a mocking smile, "Since I let it go, people in the circle will bully me, that's even more impossible, because from the beginning, I won't let it go, and even if I let it go With this dress, do you think you're wearing it? Are you worthy of it?"

Rong Shu unfolded the dress, facing Su Man's angry look as if he was going to eat people, and continued, "This dress is based on my figure. According to the data, although you are taller than me, your figure is too bad. You don't bulge in front and back, do you think you will look good in this dress? No, it's ugly, it's just a frown."

She didn't want to speak so harshly, but she hated this Su Man too much.

It was so annoying that she didn't want to save any face for this Su Man.

In short, for some unknown reason, she hated this Su Man to the same extent as Gu Manyin, even stronger than Li Zhaodi.

Obviously, this Su Man has no other conspiracy and tricks other than verbal hatred with her, but she just hates this woman very much.

This is probably a natural misalignment.

And she felt that this woman's ruthless appearance was somewhat similar to Gu Manyin.

Sure enough, there are similarities between the bad guys.

Su Man was so annoyed by Rong Shu's words that he could hardly bear it, so he stood up from the wheelchair and rushed over to strangle Rong Shu to death.

This woman, it's okay to mock her other things, but she also mocks her figure, and it's worthless to devalue her.

Is this still the cowardly Rong Shu from the past?

Even the manager and shopping guide on the side didn't expect Rong Shu to be so poisonous and hurt people, that was really heart-wrenching.

However, seeing this damaged Su Man, they still felt relieved.

"Okay, I can't tell you." After a while, Su Man finally took a deep breath and smiled coldly, "Since I can't get this dress, then you can't get it either.

" Everyone including Rong Shu became vigilant.

Especially the manager and shopping guide.

The manager stared at Su Man closely, "Miss Su, what do you want to do?"

This woman, wouldn't she want to ruin her dress?

Another shopping guide was even more direct. She took out her mobile phone and entered the police station's call number. As soon as Su Man made her move, she would call the police immediately.

Su Man glanced at the mobile phone in the shopping guide's hand and snorted, "Don't worry, I won't do something stupid to destroy these dresses, I know that once I do, I will never be able to get out of this door today, And compensation can kill me."

After hearing this, the manager and the shopping guide were relieved.

The shopping guide also put down the phone.

Only Rong Shu grabbed the dress hanger and stared at Su Man with squinted eyes, "Then what do you want to do?"

Su Man sneered, "I remember the manager you said, if I need to customize a dress like this, in addition to getting an appointment In addition to the client's consent, you also need qualifications, right?"

"Yes." Although the manager didn't know what Su Man wanted to do, he nodded honestly.

Su Man went on to say, "Qualification requires spending more than 100 million yuan in any of your brand's stores. Since customizing such a dress requires qualifications, the same is true for drafts, right? As far as I know, Miss Rong's Tiansheng The group doesn't make any money at the moment, it is the bottom of the sea market enterprises, does Miss Rong have so much money to spend 100 million yuan?"

Seeing Rong Shu pursing her lips, she smiled a little proudly, "I don't think so, Then Miss Rong is definitely not qualified. Since she doesn't, how can Miss Rong succeed in making an appointment? If it is the back door that your brand gave her, then don't blame me for publishing it to the public, which will reduce the gold content of your brand." The

manager picked He lowered his eyebrows, and immediately understood what she meant, and a sneer flashed in his eyes, which was fleeting, "So what Miss Su means is, let's take back the dress and don't give it to Miss Rong?"

"That's right." Su Man arrogantly raised his chin.

She firmly believed that Rong Shu just walked through the back door.

She used to have more money than Rong Shu, and she didn't spend 100 million on this brand, so it was even more impossible for Rong Shu.

So there must be something wrong with the origin of this dress.

This Time, I Will Get My Divorce Chapter 846

Su Man firmly believed that Rong Shu's dress was the brand that opened the back door for Rong Shu.

As for this brand, she never thought about why it would open the back door to Rong Shu.

She only knew that after she grasped the handle, she could threaten the brand and let the brand take back the dress.

In short, if she can't get what she likes, she won't let others get it, especially Rong Shu.

Seeing Su Man's smug look, Rong Shu felt disgusted in her heart.

The manager was also speechless, the corner of his mouth twitched back and said, "Miss Su, I'm sorry, we can't take back the dress, and Miss Rong didn't go through the back door."

"What?" Su Man's expression suddenly froze, looking very funny.

Rong Shu simply sat down, put the dress aside, did not rush to try it on, picked up the unfinished coffee, and continued to taste it.

"How is this possible!" Su Man finally regained his senses, and shook his head unwillingly, "How could you not give her a back door, if you didn't give her a back door, she could find your brand just because she was an unqualified person. The top designer who designed the dress? Who are you kidding!"

Her voice became sharp.

The manager frowned and became a little impatient, "I didn't lie to you, Miss Rong did not go through the back door, just like you said, Tiancheng Group doesn't make money, and Miss Rong doesn't have that much money to spend 100 million on our brand, So for Miss Rong, our brand really doesn't like it, and we won't give Miss Rong any backdoors, but who let Miss Rong have a boyfriend like President Fu? Miss Rong doesn't have that much money, but President Fu has Ah, don't say Mr. Fu is the supreme of our brand, other luxury brands, Mr. Fu is also the supreme, so of course we can design an exclusive dress for Miss Rong."

Speaking of this, the manager looked at Rong Shu, who was drinking coffee calmly, his face A hint of apology flashed on the top, "Miss Rong, I'm sorry, I just said something I'm sorry about." That

sentence, which doesn't look like anything, is indeed easy to offend people.

I hope Miss Rong doesn't get angry, otherwise it will be troublesome if President Fu blames him.

Rong Shu put down the coffee cup, raised her eyes and smiled at the somewhat uneasy manager, "It's okay, you're just telling the truth, I'm not so unacceptable." The

manager is telling the truth, Tiancheng Group is just a company in the There is such a famous group in Haishi, and it still exists at the bottom.

To put it better, Tiansheng is a group. In fact, it sounds ugly. Tiansheng is a bigger company, far from being called a group. After all, a company with multiple subsidiaries can be called a group.

As early as six years ago, Tiansheng sold off many of its subsidiaries one after another, and now there are only two or three remaining. The reason why the title of the group is still retained is that it has not changed, and it is about to calculate seriously. If so, Tiansheng should be Tiansheng Company, not Tiansheng Group.

Tiansheng has no status in the sea market, and even less in the whole country and the world, so it is normal for a luxury brand with a century-old heritage to look down on her as the chairman of a small company.

She didn't even want to be angry about this, after all, she has always been quite self-aware.

And this time, the dress was indeed borrowed from Fu Jingting's light.

She didn't want to, but the proprietress of the shopping mall banquet she is going to attend this time is a loyal fan of this haute couture brand. The proprietress wears this brand whether it is her daily clothes or dresses for various banquet events.

This time, if she wants to win an exhibition platform in this mall, she has to start with the proprietress.

She doesn't know the proprietress, so if she wants to find a way to make friends with the proprietress, she starts with the proprietress's preferences.

What this lady boss likes most is to wear clothes of this brand, collect all kinds of bag decorations from this brand, etc., so she gave up going to the store where she usually buys dresses, and bought those dresses of light luxury brands, but chose this brand.

Of course, even if she chooses an ordinary dress from this brand, she must wear a unique dress that is not available on the official website. Only in this way will she attract the attention of the proprietress, so that she can use the dress as a medium to match the proprietress. online.

But to get such a dress, you can only contact the designer of this brand and let the designer design it for himself.

As Su Man said, she is not qualified, and naturally not qualified to let this brand design her own dress, and then she thought of Fu Jingting, borrowing Fu Jingting's qualifications, she finally got the brand to agree.

Of course, the money must be paid by herself.

Fu Jingting wanted to pay, but she refused.

This dress is worth two million, and after spending it, her next bank card will definitely be emptied again.

However, I thought that as long as the exhibition platform was taken down, it would be nothing if it was emptied, and the money would always come back in the future.

Su Man didn't know what Rong Shu was thinking. When she heard the manager said that Rong Shu's qualifications were used by Fu Jingting, she was stunned.

Fu Jingting, it's actually Fu Jingting!

Su Man gritted his teeth.

Yes, how could she forget him?

They are back together!

Su Man bit his lower lip, his face full of twisted resentment.

How can this be, how can things be this way?

She couldn't understand.

Obviously, every time I feel that the plan develops the way I think, and even sometimes, I can see the result.

But why, every time at the last moment, when it is like what I thought, the result is completely opposite?

Is this Rong Shu the daughter of God?

Every time you can turn bad luck into good luck!

Seeing Su Man suspicious of life and angry and unwilling, Rong Shu felt a little bored.

She picked up the dress and got up again, "Miss Su, do you still want to grab the dress now? If you still want to grab it, I"

"Miss Rong is joking." Su Man grasped the armrest of the wheelchair with both hands, looking at Rong Shu, she knew she hated it to death, but she still had a reluctant smile on her face, "This is your dress, how dare I continue to grab it, if I continue to grab it, I'm afraid Miss Rong won't let me go? Rong Shu raised her eyebrows, then smiled, "

Since Miss Su has already figured it out, and for the sake of her sense of interest, I don't care about Miss Su's rudeness to me before. Too big doesn't look good, well, it's getting late, it's time for me to try on the clothes, Miss Su, please take care of yourself." After finishing

her words, she took the dress, bypassed Su Man directly, and walked towards the dressing room.

Su Man stared at her back with scarlet eyes, as if he wanted to eat her, and felt extremely resentful in his heart.

What this bitch, what to say is because of her sense of interest!

The word literacy is generally used to describe those servants and inferiors.

This bitch, who actually used this word on her, it was obvious that she was deliberately belittling her and humiliating her.

Just wait, one day, she will definitely kill this bitch, and

Su Man squinted his eyes viciously, swearing fiercely in his heart.

Seeing her like this, the manager on the side frowned in discomfort and asked, "Miss Su, Miss Rong has already gone to try on the dress, do you want to see other dresses?"

"No need." Su Man raised her head coldly Looking at the manager, "I can't afford your dresses."

You Are Really Beautiful

The manager couldn't hear the sarcasm in her tone, the smile on her face did not change, but her tone became much colder, "Since Miss Su doesn't like it, then ask Miss Su to go to another place to see it." The

implication is to rush people.

Of course Su Man could hear it, and he was naturally very angry.

But she knew that she was very different from the past, and the manager of a small brand branch could not be offended.

Therefore, she could only hold her breath and snorted, "Go and go, your brand is like this." The

manager smiled but didn't smile, "I'm really sorry for you, Miss."

Su Man coldly He pursed his lips, slid the wheelchair and walked away.

The manager looked at her figure with sarcasm in his eyes.

She has been the manager of this branch for several years, and she has met many people of all kinds. It is the first time she has seen this wonderful woman named Su Man.

This woman is so arrogant, she is waiting for how long this woman can be arrogant.

There is always someone to clean up this woman!

The manager lightly retracted his gaze and walked towards the locker room.

When I came to the door of the locker room, the door of the locker room just opened.

Rong Shu walked out of it wearing a blue one-shoulder diamond fishtail skirt.

The moment it came out, it seemed that the whole world was a little brighter.

The manager sucked in a breath of cold air, with undisguised excitement and surprise on his face, "Miss Rong, you are so beautiful."

She looked up and down at Rong Shu, the admiration in her eyes undisguised.

The Miss Rong in front of her is very beautiful, but she is not very beautiful. She has also seen a woman more beautiful than Miss Rong.

But even those more beautiful women did not let her show any amazing looks.

The temperament of Miss Rong in front of her is very unique. Maybe she has experienced too many things and has hidden too many things in her heart, so the temperament around her body is not found in other women.

And this fishtail skirt itself is close to Miss Rong's temperament, so as soon as Miss Rong wears it, it complements each other, and it is naturally amazingly beautiful.

Looking at the manager's eyes and listening to the manager's compliments, Rong Shu's face flushed, somewhat embarrassed, "You've won the prize." The

manager quickly shook his head, "No, no, Miss Rong, what I said is true. You are really beautiful, if you don't believe me, see for yourself."

Saying that, she only wanted the full-length mirror opposite.

Rong Shu looked up, and the full-length mirror opposite reflected her from beginning to end.

Looking at herself in the mirror, she was stunned for a moment, unable to believe that the woman in the mirror was herself.

You seem to be really beautiful!

Rong Shu's heartbeat quickened, she couldn't help but raised her foot and approached the mirror, looking at herself more seriously.

Then, look better and better.

Humans are originally creatures who like to appreciate beautiful things, including themselves, as long as they are so beautiful that they will be amazed, they will also look at themselves lost.

At this moment, she is like this.

It wasn't that she didn't wear beautiful dresses in the past, but she just wasn't as good-looking as she is now.

It made her wonder why.

But it doesn't matter, what matters is that she is beautiful.

Thinking about it, Rong Shu looked at herself in the mirror and smiled. The smile was gentle and beautiful, which made her look even more beautiful.

The manager came to her, "How about Miss Rong, isn't she really pretty?"

Rong Shu smiled and nodded, "Yes."

"If you put on a beautiful makeup, put on more suitable jewelry, get a better hairstyle, and put on a pair of matching high-heeled shoes, it will be even more beautiful."

Rong Shu chuckled, "Your suggestion is good. , I'll try."

"Trust me, it must be great." The manager gave a thumbs up, then thought of something, looked at Rong Shu and asked, "Miss Rong, would you like to take a photo?"

Rong Shu raised her eyebrows , “Take a photo?”

“Yeah, it’s so beautiful, wouldn’t it be a pity not to keep a souvenir? And it’s also good to send it to President Fu. President Fu will definitely not be able to take his eyes off.” The manager winked at her.

Rong Shu twitched the corner of her mouth in embarrassment, and then handed over the phone, “Take a picture, but I’m just leaving it as a souvenir, so I won’t send it to him.”

It sounded like he wanted to hide it.

The manager pretended that he didn’t hear it, smiled and took the phone, “Okay, Miss Rong, please pose, I’ll take you beautifully.”

“Well.” Rong Shu nodded, then took a few steps back. After pulling a distance, he posed a graceful pose.

The manager’s photography skills are very good, and he should take pictures of the guests from time to time, so the photos taken are of the kind that people can’t take their eyes off of at a glance.

At this level, even if he is not a manager in the future, it is enough to be an amateur photographer.

Rong Shu looked at herself on the phone, and remembered what the manager had just said. After a few hesitations, she sent it to Fu Jingting.

Forget it, send it to him to see, otherwise, if I turn to it later, maybe she will blame her for not showing it to him.

Besides, he went to buy her the Hunan dishes she wanted to eat today, and he just sent a message to ask if she was feeling unwell.

He is so considerate and should give him some small benefits.

Thinking about it, Rong Shu smiled and put away her phone, then went back to the dressing room, ready to change her dress, and went back to check out.

While she was getting dressed, the phone in her coat pocket rang, and the caller screen displayed the words Fu Jingting.

But the jacket was outside, and Rong Shu was in the dressing room, and didn’t hear the phone ring.

After the phone rang a few times, it was hung up and the silence was restored.

But soon, the phone in the dress shop rang.

I don't know what the manager told the other end of the phone. After hanging up, he walked around the store immediately, as if looking for something.

When Rong Shu changed her clothes and came out, she saw the manager walking over with a men's suit.

The men's suit is a little different from the regular style, with a little more shape than the regular style, and the fabric is not as dull and matte as the regular style, but rather shiny.

So Rong Shu can see at a glance that this is not a men's suit for everyday wear, but a men's dress.

It's just, what is the manager doing here with this dress?

And the tie on the man's dress is actually very similar to her dress.

Men's ties, women's dresses, if they're the same or very similar, it's a couple's style.

Wouldn't the manager want to recommend Fu Jingting's dress to her?

It turned out that Rong Shu was right, but there was still a little difference.

"Miss Rong, this is Mr. Fu's dress. Mr. Fu will let you see how it goes. If it suits Mr. Fu, Mr. Fu will ask you to bring it back for him." The manager came to Rong Shu, held up the dress and said with a smile .

Rong Shu opened her eyes, "Fu Jingting's dress? Or did Fu Jingting let me see it?"

"Yes."

Rong Shu looked at the manager, "So, Fu Jingting just called your store?"

The manager nodded, "Yes, Miss Rong, Mr. Fu just called and said that he would also order a dress, but Mr. Fu couldn't come here, so let me help him choose a suitable one, and then show it to Miss Rong for you to look at. If you think it suits Mr. Fu, Miss Rong, take it with you, if you think it's not suitable, Ms. Rong can help Mr. Fu choose a set and wear it when you go to shopping mall events with you." The corner of

Rong Shu's lips pumped.

Wear it when you go to a mall event?

Hasn't Fu Jingting already prepared the dress for the event?

Why do you have to choose again now?

What is this man doing?

Rong Shu held her forehead, "I see, you put down your dress first, and I'll ask him what he means."

I Want To Wear A Couple Dress With You

"Okay, Miss Rong." The manager smiled and nodded.

Rong Shu walked towards the place where she put her coat.

When she came to the coat, she turned over the pocket of the coat, took out her mobile phone from it, turned on the screen and looked at it, and there was a hint of surprise in her eyes.

It turned out that Fu Jingting called her a few minutes ago.

But she was in the dressing room, so she didn't hear or receive.

Rong Shu put the dress in her hand on her jacket, unlocked it, and called Fu Jingting.

As soon as the call was connected, before she had time to speak, Fu Jingting's hoarse voice that seemed to be holding back came over, "Little Leaf."

He called out her name.

This is obviously just three ordinary words, but when Rong Shu hears it, why does it feel a little wrong?

His hoarse voice was very sexy and sultry, and when he called her name, he had a lingering, flirty and human tone, she always felt that he seemed to be flirting with her.

Rong Shu's face was slightly hot, and the tips of her ears were slightly red. She coughed lightly and replied, "What's wrong?"

"The photo you just took is very beautiful." After a few seconds of silence on the phone, Fu Jingting's message came. Speaking voice, "Can you wear it for me at night?"

he asked, his voice even more hoarse.

Rong Shu finally understood why his voice suddenly became like this, and also understood why she felt that he was hooking her when she heard his voice.

That's because she had already hooked him first.

She knew how beautiful the photo just now was. She was stunned when she wore that dress.

Not to mention Fu Jingting.

Therefore, Fu Jingting was emotional, and he could be considered to have found the reason.

And that night, he clearly meant something.

Dressed like that for him to see at night, it's strange that he didn't rush up and tore her dress.

With what she knew about him, he could definitely do such a thing.

Thinking of this, Rong Shu rolled her eyes angrily, and then directly refused, "No!"

Fu Jingting frowned, "Why?"

"Why are you asking?" Rong Shu looked in the direction of the manager, then half-covered. Putting on the phone, he lowered his voice and said, "I'll show you the dress, can I keep my dress?"

Fu Jingting was startled by this, and he was speechless, but the answer suddenly appeared in his mind.

The answer is, can't keep it.

He was working on the file when the photo was received.

Hearing the phone vibrate, he didn't intend to pay attention, but out of the corner of his eye, he still glanced in the direction of the phone.

At this glance, I saw that it was a message from her.

When he saw her message, his first reaction was not happiness, but worry.

After all, not long after they ended their contact, she suddenly sent a message, and it was hard for him not to think about whether something had happened to her.

Then, he didn't care about dealing with the urgent documents at hand, and took his mobile phone to check her news.

Unexpectedly, I couldn't take my eyes away from this look.

What she sent him was nothing but a picture, a picture of her in a dress that was so beautiful.

It's not that he hasn't seen her so beautiful in a dress in the past, but this is the first time he's seen her so beautiful.

Moreover, the fishtail dress was originally close-fitting, and when it was worn on her, it completely showed her perfect figure,

as if she was a beautiful mermaid.

At that moment, he really wanted to rush directly in front of her and devour her, so that he could guarantee that such a beautiful woman would not be discovered by others.

Of course, he knew it was impossible.

The only thing he can do is to call her and want her to dress like this at night and eat her in that way.

Such a beauty, as a man, is absolutely impossible without impulsiveness.

He also wanted to tear up all the dresses on her body and eat her as she said.

As a result, she did not expect that the idea had already been known to her before she implemented it.

Seeing that the man didn't speak, Rong Shu was even more sure that after she agreed, the dress could not be kept, and she couldn't help but snorted, "You really didn't have a good idea."

Fu Jingting touched the tip of his nose knowingly, "No, you You guessed wrong, I didn't mean that."

Rong Shu curled her lips, "It's strange to believe you, you don't mean that, then show you the sentence you wore at night, and explain it to me?"

Fu Jingting rolled his eyes. He quickly calmed down, "I just want to see how you look in the dress with my own eyes, not through the photo."

"Come on, see with your own eyes, look at it, I'm afraid I can't help but rush over?"  
Rong Shu He rolled his eyes again, "It's not that I don't know you."

Fu Jingting could no longer defend what he said.

Rong Shu waved her hand, and didn't want to continue talking to him on this topic.

Although, she was still pleased with it.

Women have a little vanity, and she is no exception.

She likes to be complimented by others, and she likes that people keep their eyes on her.

Therefore, she is quite proud of her attractiveness and being able to keep Fu Jingting's eyes away.

"By the way, you just asked the manager of this store to help you choose a dress, is that true?" Rong Shu restrained her vanity and asked seriously.

Fu Jingting raised his chin slightly, "Yes, did the manager choose it?"

"Yes." Rong Shu nodded, "I chose a good set, but why did you suddenly want to buy a dress? You are not your own. Designer, did you have a custom-made set for you?"

"It's custom-made, but I don't like it." Fu Jingting frowned.

The corner of Rong Shu's mouth twitched, "Don't you like it? They help you customize it. You must like it, and only after you are satisfied will the draft be finalized and printed. You actually say you don't like it now?"

"I really don't like it." Fu Jingting Nodding, she said arrogantly, "That dress doesn't match your dress."

As soon as these words came out, Rong Shu immediately understood what he meant.

He was saying that the dress he had made by his designer, put together with hers, wouldn't have anything to do with it.

After all, the two of them will attend together at that time, and he wants to wear a couple's dress with her, so naturally he can't wear the one he prepared at the beginning, so he can only re-buy a dress that matches her dress.

No, let the manager choose a dress with a blue tie.

Really, I wanted to wear a couple's outfit with her, but I didn't expect him to be so careful.

Rong Shu couldn't help laughing and crying, "It's just a dress, do you need it?"

“Of course.” Fu Jingting nodded seriously, “This will let everyone know that we are a couple.”

“Childish.” Rong Shu was amused.

Fu Jingting disapproves of it, and the grease is naive.

Anyway, wearing a couple’s outfit with her would make him happy.

“Do you think the dress the manager chose matches your dress? If it doesn’t match, you can help me choose.” Fu Jingting gave her the task.

Rong Shu looked at the manager, “It’s good, the manager is very discerning. Although the tie and my dress are not the same fabric, they are very close to each other, and it looks almost indistinguishable.”

“That’s good.” Fu Jingting nodded, “Then It’s settled, you help me bring it back.”

“Okay.” Rong Shu responded.

After that, the two were sticking together for a while, and Rong Shu heard that Assistant Zhang was asking about some documents, so she took the initiative to end the call with him, so as not to disturb his work.

Putting down the phone, Rong Shu looked at the manager, “Wrap up these two sets of dresses and pay the bill.”

“Okay.” The manager nodded with a smile, then stepped forward and picked up the two sets of dresses and put them on his arms, leading Rong Shu to the Go to the cashier.

After packing the dress, the manager handed the two bags to Rong Shu, “Miss Rong, you only need to pay for your dress, Mr. Fu doesn’t need to pay.”

“How do you say?” Rong Shu paused when she took out her card.

The manager explained with a smile, “That’s right, Mr. Fu’s bills are mostly year-end. On the last day of the end of the year, we will come to the door to settle all the bills for the year.”

“That’s it.” Rong Shu suddenly nodded. nodded.

Many of the rich bigwigs in the circle are indeed year-end.

“Alright then, swipe your card.” Rong Shu handed over her card.

After the manager took it, he did not rush to brush, but looked at Rong Shu and asked, “Miss Rong, Mr. Fu said on the phone earlier that your dress can be counted on his account, you”

“No.” Rong Shu knew her What to say next, he shook his head and refused, “I ordered the dress. I have borrowed his qualifications, so I don’t need him to spend money.”

“Well, I see.” The manager smiled, and then put The card was given to the staff at the cashier.

She actually didn’t quite understand.

Aren’t these two together?

Why buy things so clearly?

Although the dress is indeed expensive, Mr. Fu is not bad for this amount of money. For Mr. Fu, this amount of money is even more drizzle.

Miss Rong, why don’t you want to use President Fu’s money?

There were a lot of questions in my heart, but the manager didn’t mean to ask.

After all, this is everyone’s private matter, and if you ask it out, it would be a taboo.

“Miss Rong, please keep your card.” After swiping the card, the manager handed Rong Shu’s card back to Rong Shu.

Rong Shu took it and replied with a slight smile, “Okay, then I’ll go first.”

“Miss Rong, walk slowly.” The manager sent her out of the store.

Rong Shu walked out of the mall and walked to her car, ready to go back to Repulse Bay.

After staying in the dress shop for two hours, it is already past five o’clock, and the group has almost finished get off work, so there is no need to go back, just go back to prepare dinner.

Fu Jingting said on the phone before that he would be back late tonight, and after get off work, he would go back to Fu Mansion to get something.

I don't know what he's going to get.

Rong Shu shook her head without thinking much. She came to the front and back of the car, lowered her head and took out the car keys from her bag, ready to get into the car.

At this time, a man wearing a mask and hat and a black jacket walked over from the opposite side.

At first, the man walked without any difference, as if he was really just an ordinary passerby.

Therefore, Rong Shu didn't care much after taking a look.

However, when the man passed her by, he suddenly shot, grabbed the two bags in her hand, and grabbed it violently.

The handle of the bag is inherently fragile, how can it withstand such a pull.

No, it stopped at once.

The two bags fell to the ground and hit Rong Shu in the foot.

The box in the bag was hard, and when it hit Rong Shu, Rong Shu groaned in pain.

Taking advantage of the moment when she was in pain, the man quickly bent over, picked up the two bags on the ground, hugged them and ran away.

Rong Shu finally recovered from the shock of being robbed. Knowing that she had encountered a robbery, she ignored the pain in her feet, and immediately got into the car and ran in the direction of the man.

She never thought that she was so unlucky that she would be robbed when she came out.

I'm afraid it was the lo of the two bags that caught the robber's attention.

After all, it is a top luxury brand. No matter what is in it, it is very valuable, and it is easy to make people greedy.

Rong Shu clenched the steering wheel with both hands, staring gloomily at the man in front of him who was running away quickly.

The man was running on the sidewalk on the side of the road, and the car couldn't get on, so Rong Shu could only chase on the traffic lane.

While chasing, she took out her phone and called the police.

Because she knew that she couldn't stop the car casually, so she could only chase the man to see where the man would run, so that the police could catch him more accurately.

However, when Rong Shu had just called the police and hung up the phone, the man suddenly ran into an alley on the left.

Rong Shu's face suddenly changed.

Because her car couldn't go in, she had no way of knowing where the man would go after entering the alley.

In this way, it is also more troublesome for the police to find, unless there is surveillance over there.

"Damn it!" After Rong Shu drove the car to the side of the road where it could be parked, she patted the steering wheel angrily.

After all, when something like this happens, anyone will lose their temper.

She didn't expect that she was so unlucky, she was stared at by the thief as soon as she came out, and her eyes were red with anger.

However, there is no way to get angry now, things have been robbed.

The most urgent task now is to quickly catch the person and get the dress back.

After all, tomorrow night will be a shopping mall banquet.

Rong Shu took a deep breath, barely suppressed the anger in her heart, and calmed down. Then she called the police again, and told the police where the robber had finally run away, and asked the police to call the surveillance over there and arrest the person.

The police naturally accepted her clues, and then comforted her, telling her not to worry, and would give her a satisfactory result.

The corners of Rong Shu's mouth squeezed reluctantly, and came down.

Otherwise what can we do?

By herself, she definitely couldn't find the robber, and could only rely on the police.

So now, she can only trust the police with all her heart.

But on Fu Jingting's side, how should she explain it?

He asked her to take the dress back, but she couldn't even do it well.

For a time, Rong Shu was full of self-blame, feeling that she was useless.

She couldn't help but let go of the steering wheel, covered her face with her hands, and exuded a sense of guilt all over her body.

I don't know how long it took, until the car window was knocked on, and she took her hand off her face, revealing a pair of red eyes, and rolled the car window down.

There was a traffic officer outside, looking at Rong Shu and reminding him, "Miss, this is not a place to park for a long time, please drive the car quickly."

Rong Shu nodded slightly, her voice was hoarse and sad, "Okay, I'll drive right away, sorry. "The

traffic control didn't say anything, saluted her and walked away.

Rong Shu took a deep breath, and after calming herself down again, she put the gear on and started the car.

Police have not called her back and are still in pursuit.

The police said they would catch someone to call her back as soon as possible, and they don't know if there is any result tonight.

After Rong Shu rubbed her brows irritably, she stopped thinking about it, lest the more she thought about it, the more irritable she would become, which would affect her concentration while driving, and cause trouble if something went wrong.

Back at Repulse Bay, it was already half past six.

After Rong Shu put down her bag, she slumped on the sofa motionless, hungry and in no mood to eat.

Her current mood is all on the dress. If the dress is not found for a moment, she is not in the mood to eat or do anything else.

Rong Shu bit her lip, holding the phone in her hand, quietly looking at the phone's black screen, expecting the phone screen to light up.

But obviously, her expectations were not answered.

She waited, waited, and waited until it was dark, and the screen of the mobile phone did not light up. It can be seen that the police still hadn't caught anyone.

Rong Shu was even more anxious, and even more angry and wronged, so wronged that she wanted someone to accompany her and wait for the result with her, instead of facing this kind of terrifying waiting alone.

Fu Jingting's figure appeared in Rong Shu's mind, her red lips pursed.

She misses Fu Jingting.

The fatter Wang Shuqin

She didn't know what Fu Jingting would think of her when she learned that she had lost her dress.

She only knew that she was very uneasy right now, and she really wanted someone to be by her side so that she could rely on it.

In the past, when she didn't get back with Fu Jingting, even if she felt uneasy, she could only bear it by herself and endure it for a while.

But now that she is back with him, she is no longer alone, so she naturally relies on him.

After all, boyfriends are meant to be depended on.

Rong Shu clenched her hands tightly, thinking in her heart.

At this time, Fu Mansion.

Fu Jingting drove back here, got out of the car, and saw a fat figure coming out of the door, walking towards him with a face full of surprise.

"Jing Ting, why are you back?" Wang Shuqin came to Fu Jingting. Because she was too happy, she ran too anxiously, and her body was fat, she was panting and her face was full of fat. Panting and turning red.

Tired at first sight.

Fu Jingting frowned, "Mom, it's time for you to lose weight. It's not good for your health if you're so short of breath."

He hadn't seen Wang Shuqin for a while, and only after meeting did he realize that she was actually stronger than before. even fatter.

Her eyes used to have a little bit, but now they are almost squeezed into a seam.

Hearing that Fu Jingting asked her to lose weight, Wang Shuqin was a little unhappy, "I'm not very good at losing any weight. In the circle, Mrs. An Xie said that I am a blessing and will prosper the Fu family."

"They lied to you, you. I also believe it." Fu Jingting pursed his lips, "If this is a blessing, why don't they grow up like this? Wang

Shuqin is stunned by these words.

Yes, if it is Fu Xiang, why do those women actively lose weight?

Wang Shuqin wasn't really stupid, she quickly figured out the reason, and her face was ugly.

She was deceived by those women!

Those women deliberately lied to her and watched her laugh, in order to prevent her from losing weight, and then mocked her better.

But she thought that what they said was the truth, and she even floated up in complacency, she never thought that they were deliberately teasing her from the beginning.

I'm afraid that during this time, they have arranged her behind the scenes a lot.

Thinking of this, Wang Shuqin was very angry. He was already fat, and he was so angry that his body felt like it was going to explode.

And she was also a little unstable, her body swayed slightly, and she looked like she was going to faint at any time.

Seeing this, Fu Jingting frowned even deeper, then stretched out his hand to help her, "Be careful."

Wang Shuqin slowed down and patted the back of Fu Jingting's hand with relief, "Hello Jingting, thank you for helping me. , or I will fall."

"What happened just now?" Fu Jingting asked with pursed lips.

He could see just now that something was wrong with her state.

Wang Shuqin waved her hand and said, "Suddenly, I felt a little dizzy, and my mind was swollen."

This symptom made Fu Jingting immediately understand what was going on.

“Hypertension.” Fu Jingting said solemnly.

Wang Shuqin ‘s eyes widened in disbelief, “Hypertension?”

“Yes.” Fu Jingting nodded, “The only thing that happens when you are emotionally excited can only be high blood pressure.”

“How can I have high blood pressure?” Wang Shuqin He opened his mouth incredulously, “Isn’t this a problem only for the elderly?”

“Who told you.” Fu Jingting frowned, “Young people will have it, not to mention middle-aged people like you, and fat people, more high blood pressure.”

Wang Shuqin understood what he meant, and the fat on his face trembled twice, “So you’re saying that I have high blood pressure because I’m too fat?”

Fu Jingting didn’t say anything, just gave a look like what you said.

Wang Shuqin shouted angrily, “It’s all those women who harmed me. If they didn’t keep saying that I was so blessed, would I suddenly have soared so much in this period of time? Those women’s hearts are too poisonous! Jing Ting, You’re going to avenge me!”

She grabbed Fu Jingting’s arm and was about to cry.

Seeing her crazy look, Fu Jingting rubbed his brows with some headache, “They are wrong, I will naturally warn their husbands and let their husbands deal with them, but in the same way, Mom, you are also at fault, you I can’t control my vanity and mouth, I believe everything as soon as I am sought after, and then I overeat.”

Wang Shuqin lowered her head knowingly.

Fu Jingting looked at her and said, “Next, I will arrange for the doctor to give you a comprehensive physical examination, and then formulate a weight loss plan for you. I will also make people look at you, so that you can exercise every day, eat properly, and try to lose weight as soon as possible. “

To lose weight?” Hearing Fu Jingting asking him to lose weight, Wang Shuqin’s expression changed suddenly, she became afraid, and her whole body was full of resistance, “I don’t want to lose weight, Jing Ting, can I not lose weight?” ?”

She looked at Fu Jingting with a sad face.

God knows, she is most afraid of losing weight.

It's not that she hasn't lost weight in the past. She can't eat this or that. She goes to bed early and gets up early to exercise every day. She's exhausted, and her life has no color at all.

If it wasn't for the doctor saying that she was only slightly fat and did not affect her health, she would have been tortured to death by losing weight.

She thought that after losing weight for the first time, she would never lose weight again.

Unexpectedly, she is going to lose weight now and go through the painful time before.

"No!" However, Fu Jingting didn't seem to see Wang Shuqin's expression of pain, and answered her mercilessly, "You are now fat to the point of high blood pressure, and if you don't reduce it, it will not do you any good, those women in the circle. I will continue to laugh at you, and Jinglin will be back soon, do you want Jinglin to see you like this, and worry about you every day?"

Wang Shuqin stared, and immediately stood up straight, about to be fat She shook her neck so fast that the flesh on her face and neck trembled, "I don't want to."

The people she cared about most were her husband and two sons.

Especially Jing Lin, who is her own.

The thought of her son worrying about her mother every day made her feel uncomfortable.

"If you don't want to, then lose weight." Fu Jingting squinted at Wang Shuqin.

Wang Shuqin met his unbending eyes, opened her mouth, and seemed to want to say something, but in the end she couldn't say anything. She nodded and agreed, "Okay, I'll reduce it."

Fu Jingting's face looked much better . .

Seeing this, Wang Shuqin was also relieved.

She has always been quite afraid of this eldest son, especially when the eldest son has a black face, she is even more afraid.

Now that he looked better, she was relieved.

"By the way, Jing Ting, you haven't answered me yet, so why did you come back suddenly?" Wang Shuqin changed the subject, looked at Fu Jingting and asked, "You won't leave when you come back tonight, right? During this time, I'm the only one at home, and it's cold. It's deserted, and there's no one to talk to."

“I’ll come back and get something.” Fu Jingting tidied up his wrinkled sleeves and replied in a low voice.

The implication is that after he finishes taking things, he will leave.

Wang Shuqin followed behind him and entered the gate of Fu Mansion, “What are you taking?”

“My mother’s jewelry.” Fu Jingting strode ahead without looking back.

Wang Shuqin stopped in her footsteps, “Take sister’s jewelry?”

Fu Jingting hummed, and kept walking, seeing that he was about to go upstairs.

Wang Shuqin quickly caught up, “What are you doing with your sister’s jewelry? Are you giving it to Rong Shu again?”

The Worried Fu Jingting

When she mentioned Rong Shu, her voice became a little sharper.

Fu Jingting had already reached the stairs. Hearing her words, he narrowed his eyes, stopped immediately, and turned around.

Wang Shuqin didn’t expect him to turn around suddenly, looking at his gloomy face, Wang Shuqin suddenly stunned, “Jing Ting, you”

“Mom, I told you before that I won’t force you if you don’t like Rong Shu, after all Everyone has someone they like or hate, but if you don’t like it, it’s best not to show it in front of me, it will make me very unhappy, because she is my person, I can’t let my person , just being trampled by others, do you understand?”

He looked at Wang Shuqin coldly.

Wang Shuqin lowered her head, “I understand.”

“You understand, but you don’t always have a good memory.” Fu Jingting said in a cold voice, “Rong Shu doesn’t have any deep hatred with you. What good is it for you to hate her so much?”

Wang Shuqin His mouth twitched twice, but he still didn't speak.

Of course she knew that she would do her no good by targeting Rong Shu.

It's just that she wants face, she is obviously an elder, but Rong Shu has made her unable to step down several times before. She has hatred in her heart, so she hates Rong Shu even more.

Therefore, whenever she sees or mentions Rong Shu, she subconsciously begins to target it.

Seeing that Wang Shuqin was silent, Fu Jingting rubbed his temples, "Okay, in short, you promised me before that you will never shoot at Rong Shu in the future.

" I just want to say a few words to her." Wang Shuqin muttered.

If she wanted to shoot Rong Shu, she would have done it long ago.

It won't hold back forever.

What's more, she has not forgotten what he said before. If she takes action against Rong Shu, he will choose Rong Shu between her and Rong Shu, send her away, and live in other properties of Fu's family.

That is to be kicked out of the Fu family in disguise, so she doesn't want it.

Right now, she was just trying to be stubborn. She was about to take action against Rong Shu, but she didn't dare.

"It's not enough to talk about her." Fu Jingting didn't know what Wang Shuqin was thinking, and said softly with thin lips, "I can't bear to talk about her, so how can I allow others to talk about her? All in all, Rong Shu is now and in the future. , I won't live with you, you can pretend that Rong Shu is not there, and don't have any opinion on Rong Shu."

Even if Wang Shuqin was dissatisfied, she could only nod her head in agreement.

Seeing this scene, Fu Jingting turned around again and went upstairs.

Wang Shuqin stood on the spot, stomped her feet, and then returned to the sofa.

Not long after Wang Shuqin sat on the sofa, Fu Jingting came downstairs with a jewelry box in his hand.

Seeing the jewelry box, Wang Shuqin immediately got up and walked over, "Jing Ting, what jewelry did you bring her?"

Fu Jingting opened the jewelry box and showed her, "A set of sapphire jewelry."

Looking at the set of sapphire jewelry, Wang Shuqin stared. He couldn't move away, and reached out to touch it.

Fu Jingting saw her intention and immediately closed the box, isolating Wang Shuqin's movements and eyes.

Just kidding, how could he put on the jewelry that has been touched by others.

What's more, the people who have touched it are still not liked by Xiaoye.

Wang Shuqin didn't expect that Fu Jingting would suddenly close the box, and was stunned for a while, but it took a while to react, and looked at Fu Jingting in disbelief, "Jingting, why did you suddenly close it?"

"It's getting late, I should go." Fu Jingting did not explain the reason, put away the box and prepared to leave.

Wang Shuqin held him back, "Wait, Jing Ting, tell me first, you are so polite, why give her jewelry? Isn't it good for you to give such precious jewelry?"

She looked thoughtful for him.

Fu Jingting's forehead slid down a few black lines, knowing that she had committed her old problem again.

Although she didn't directly mention Rong Shu or speak ill of Rong Shu, as long as anyone with ears could hear it, she didn't want him to give Rong Shu jewelry.

He didn't understand why she had to get along with Rong Shu.

In the past six years, she has targeted Rong Shu for his sake. She doesn't want him to marry a daughter from a poor family. She is afraid that it will not help him, but will make him laugh at the circle.

But he also made it clear later that he didn't care whether his wife would help him or not. He himself had the ability to make the Fu family strong. As long as he was strong, no one else would dare to learn from his wife's family background. Make a fuss to laugh at him.

These, he told her so clearly, he didn't believe she didn't know, he did have that ability.

But since she knows, why is she still unable to get along with Rong Shu?

These, Fu Jingting said that he really did not understand, and was too lazy to ask.

Anyway, he will not live in Fu Mansion with Rong Shu in the future.

“There’s nothing wrong.” Fu Jingting looked at Wang Shuqin and said in a low voice, “Jewelry was originally left to my daughter-in-law by my mother. Sooner or later, Rong Shu will become her daughter-in-law again, so it should be given to her.”

He said so. , what else can Wang Shuqin say?

Even if she was unwilling to let such jewelry fall into Rong Shu’s hands, she could only helplessly watch these jewelry fall into Rong Sheng’s hands.

After all, she didn’t have the ability to convince Jing Ting to give up the idea of giving Rong Shu jewelry.

Seeing that Wang Shuqin stopped talking, Fu Jingting lifted his feet and walked towards the gate of Fu Mansion. He quickly left Fu Mansion and drove towards Repulse Bay.

When we arrived at Repulse Bay, it was already past nine o’clock .

When Fu Jingting opened the door and walked into Rong Shu’s apartment, he felt that there was something wrong with the atmosphere in the apartment.

He frowned at first, and then subconsciously walked to the living room lightly.

The light in the living room was on, and Fu Jingting saw at a glance Rong Shu who was walking on the sofa with his head lowered slightly, as if in a daze.

Such Rong Shu made Fu Jingting’s whole heart sink.

Because of this kind of Rong Shu, her body was tense, and her whole body exuded an air of nervousness and unease.

What is she nervous about?

What are you worried about?

Shouldn’t it, what happened to her before he came back?

Thinking of this, Fu Jingting quickly put down the jewelry box in his hand and walked over quickly, “Little Leaf!”

He called out in a deep voice.

Hearing his voice, Rong Shu suddenly raised her head and turned to look at her.

The moment she saw him, she suddenly seemed startled again, lowered her eyelids, forced a smile, and asked in a hoarse voice, "Are you back?"

"He continued to walk towards her. After walking to her side, he looked down at her and said in a gentle voice, "What's wrong? Did something happen?"

Hearing the man's words full of concern and worry, Rong Shu's lips turned red. Leaving, unable to hold back any longer, he suddenly stood up, threw himself into the man's arms, hugged the man's waist tightly with both hands, and buried his head in the man's arms.

Fu Jingting felt the helplessness conveyed from calmly Shu's body, and his heart became more and more tense.

He raised his hands, put one arm around her waist, and patted her back gently with the other, looking at the void behind her, his face and eyes were filled with endless frost, but his tone was still very gentle, "Tell me, what happened? Say it, don't worry about me, eh?"

If someone bullied her, he would definitely make life worse than death!

Always stand behind you

Seeing the worry on Fu Jingting's face and the expression of wanting to seek justice for her, Rong Shu felt very warm in her heart.

She sniffed and replied with a bit of self-reproach, "I'm sorry, I lost our dress." "

What?" Fu Jingting was stunned for a moment, "Lost the dress?"

her?

She just looked like she was just upset and nervous because she lost millions of clothes?

If you think about it, it's not impossible.

Although a few million is nothing to him, it is no different from a few dollars, and he will not bend over to pick it up when it falls on the ground.

But for her, it was already a lot of money.

No wonder she does this.

Fu Jingting patted Rong Shu on the shoulder a little funny, "If you lose it, you will lose it. Let's buy it again. You man, I have money."

Moreover, he always thought that his money was her money, and he had long ago Tie her phone to his side card.

As long as she wants, she can swipe his card at any time, and the amount is not limited.

It's just that he did it secretly and didn't dare to tell her.

I told her that she was probably going to go to the bank to untie it.

Hearing Fu Jingting's words that he was rich, Rong Shu was still blaming herself, but in the next second, she couldn't help laughing.

But after laughing, she calmed down and looked up at him, "Actually, when I said I lost the dress, I didn't mean that I accidentally forgot the dress and couldn't find it, but that the dress was robbed. "

What?" Hearing this, Fu Jingting's face changed greatly, he hugged her tighter, then lowered his head and looked at her carefully, "Then are you all right?"

He didn't rush to ask about the dress How was it stolen.

All he cares about is whether she is hurt or not.

Rong Shu looked at the man's nervous look on her, and shook her head movedly, "No, I'm fine."

Fu Jingting was still a little worried, raised her hand, squeezed her arm and shoulder, and wanted to see if she didn't want to because she didn't want to. He was worried and lied.

After all, if she gets hurt, a pinch like this will definitely make her reveal her stuff.

But Rong Shu was not injured, so no matter how Fu Jingting checked her, she didn't show any strangeness.

Gradually, Fu Jingting really believed that she was indeed not injured, and her dangling heart slowly fell back to its original place, "It's good that she is not injured, now tell me what happened to the robbing of the dress? Rong Shu was pulled by his hand and sat down, hummed, and replied, "

I came out of the mall in the afternoon and was about to come back. As a result, when I just got into the car, a man suddenly passed by me and took the two in my hand. A dress bag was snatched away, and then I went to chase.”

“What did you say? Are you going to chase?” Fu Jingting’s face sank all of a sudden, he grabbed her hand, and tightened his strength a little bit. Obviously, he I was a little angry at the moment, “Do you know how dangerous that situation is? You dare to chase a robber? Have you ever thought about what will happen to you?

” The anger, more of it, was worry and nervousness.

Could he be worried?

She is so courageous that she can do such a thing.

People who dare to rob in the street are still robbing such precious luxury goods. If they weren’t vicious, they wouldn’t be able to do it at all.

After all, the amount involved in luxury goods can make these robbers sit in prison.

So, if it’s not a habitual offender, and it’s not the kind of wicked person who will risk everything, other robbers won’t do it at all.

What such a wicked person would do to a woman is simply unimaginable.

Thinking that Rong Shu might be tortured in every possible way by that kind of villain, Fu Jingting felt irritable and wanted to kill.

Rong Shu saw that the man was too excited, and realized that she scared him, and quickly patted the man on the shoulder to soothe the man’s emotions, “Okay Jing Ting, don’t worry, don’t think about it, although I did go after him. But I didn’t run after that person myself, I chased it with a car, he can’t do anything to me, I can drive and run at any time.”

But Fu Jingting was not comforted by her, and her thin lips were still tightly pressed. “Even if you drive after him, you are not in danger? Have you ever thought about what if that person knew that you were chasing him, and deliberately led you to his accomplice? People who robbed in the street are usually Organized, if you drive into their territory, do you really think you can drive away smoothly? They have a lot of people, and they can stop your car, unless you ignore your life and hit it directly, but you do Can you get it?”

Rong Shu’s red lips parted, unable to speak.

Because she knew she couldn’t do it.

Indeed, she had been chasing people at that time, and she did not think that the person would have an accomplice, and she led her to the accomplice.

She didn't even think about it before Fu Jingting mentioned it.

So if that person really led her as an accomplice as Fu Jingting said, then she wouldn't dare to think about it anymore, Rong Shu shuddered, and her face was frightened for a while.

When Fu Jingting saw that she realized how reckless and impulsive she was chasing people, he relaxed his tense brows, "Don't be in such a hurry in the future, think about the way out before you do it. , only if there is a way back, even if what you do is a failure, you can make a comeback, but if there is no way out, there will be nothing." As

he spoke, he lightly flicked her forehead.

Rong Shu knew that he was teaching her how to deal with some things , took it seriously in her mind, nodded and responded, "I see, I will think more about it in the future, but I lost my dress, don't you blame me? "

She looked at him.

Fu Jingting chuckled, "It's just two clothes, why should I blame you? Don't you think that you are not as important as two clothes in my mind?"

"No." Rong Shu shook her head, "It's just that I put yours I lost my dress, and I felt sorry for myself, so"

Fu Jingting gently covered her lips, "I have nothing to feel sorry for, do I still need a dress? I care more about you than a dress, as long as you are safe. That's good, the dress can be bought again, forget what I said just now? I have money."

Rong Shu took his hand away from his mouth, looked at him for a few seconds, and smiled again, "You look like an outburst. Nouveau riche .

" "Nouveau riche is nouveau riche, as long as you are happy." Fu Jingting scratched her nose.

Rong Shu leaned on his shoulder, "I've always been afraid that you will blame me. After all, this is the task you gave me, and I can't do it well, so I've always been uneasy.

" A stupid man who knows how to shirk responsibility and blame women." Fu Jingting lowered his head and kissed her forehead, "Anyway, remember, no matter what you do, I won't blame you, I will always be on your side. Yes, even if you kill people, I will cover

up for you, bury your body for you, turn myself into your accomplice, and advance and retreat with you.”

“Go, you’re going to kill.” Rong Shu patted him angrily and funny. On the back of his hand, there were ripples in his heart, warm and moving.

A man can say such words, even if such words are just to talk and coax her, but it is enough to move her.

Fu Jingting held Rong Shu’s face, “Murdering is just a metaphor for me. After all, you can’t really kill people, but the attitude I expressed in these words is true. Do you believe me?”

The dress is broken

Rong Shu looked at the man’s incomparably firm and serious look, and nodded subconsciously, “I believe.”

Fu Jingting took her back into his arms, “Just trust me, don’t worry, I will not disappoint you.”

“Yeah.” Rong Shu nodded again, wrapping her arms around his back.

Fu Jingting rubbed her neck, “Have you called the police about the robbing of the dress?”

“Reported.” Speaking of the business, Rong Shu’s expression immediately became more serious, and her beautiful eyebrows were slightly wrinkled, “I am here As soon as the dress was robbed, I called the police. The police also sent people to arrest people based on my clues. They said that they would call me immediately after they were caught, but these few hours have passed, and the police have been Didn’t call me.”

This made her, not only a little disappointed.

Fu Jingting’s eyes narrowed, “If it’s just an ordinary robber, it’s impossible for the police to catch no one now. Now the police haven’t caught anyone. It seems that they are really organized robbers. Facing such robbers, There is indeed some trouble for the police to find someone out, leave this matter to me, and I will handle it.” Before the “what are

you going to do”

was finished, Rong Shu’s cell phone rang suddenly, interrupting her back. if.

She frowned first, then looked at the coffee table with Fu Jingting.

Her cell phone was on the coffee table.

Seeing this, Rong Shu’s eyes immediately lit up, “It’s the police’s call.”

A surprised smile appeared on her face, “Jing Ting, the police called, it seems that someone has caught them, and the dress is back. I’m here.”

Looking at the woman’s happy face, Fu Jingting’s frown slightly loosened, “That’s a good thing, just answer the phone.”

“Well.” Rong Shu nodded, then grabbed the phone and answered the call , “Hello.”

“Hello, Miss Rong.” There was a somewhat rude male voice on the phone.

Rong Shu heard it. This was the voice of a police officer she heard when she called the police.

She grabbed the phone with both hands and hurriedly replied, “Hello, has someone caught it? I found my dress?”

However, the other end of the phone fell silent.

Seeing this, Rong Shu’s heart froze for a while, and she had a bad premonition, which made the smile on her face slowly freeze, and finally disappeared.

Seeing her like this, Fu Jingting narrowed his eyes, “What’s wrong?”

Rong Shu shook her head at him, expressing she didn’t know.

Afterwards, she hurriedly asked the phone again, “Police, officer, please answer, have you been caught? Has my dress been found?”

The person on the other end of the phone finally had In response, he sighed, “Miss Rong, I’m sorry, we did catch the person, but the dress”

Rong Shu bit her lip, “What do you mean, the dress has not been found?” Could it be that the dress has been robbed Did you sell it?

"The dress was found, but the result was a little unexpected." On the phone, the police looked at the two dresses in front of them and shook his head helplessly, "Anyway, Miss Rong, you have to be mentally prepared. As for the situation, you Come to the police station first and close the case."

Hearing the police say that, Rong Shu's heart became more and more low, but she still squeezed a smile on her face, and said, "Okay, I'll come right over."

After the call, she Slowly remove the phone from your ear.

Fu Jingting looked at her and asked, "Didn't find the dress?"

"I found it." Rong Shu frowned, "But the police said there was something wrong with the dress."

She originally thought that the police's evasive attitude was Because the dress was not found.

But since it was found, what happened to the accident?

Rong Shu bit her lip, expressing that she couldn't figure it out.

Fu Jingting touched his chin and pondered for a moment, "The dress is broken?"

Hearing his guess, Rong Shu immediately opened his eyes wide, "It seems that this is not impossible."

After all, the police have said that the dress can be recovered Came, but there was a problem with the dress.

The problem with a piece of clothing is, of course, that it is broken or dirty.

Therefore, the reasons why the police did not say it must be these two.

Thinking of this, Rong Shu's heart sank, and Lao Gao frowned.

Fu Jingting stretched out his hand and gently smoothed it with his thumb, "Don't frown, just like an old lady, even if it's broken, just buy it again."

"Go, you are the old lady." Rong Shu angrily put him He clapped his hand down, then bit his lip and said, "Whether it's broken or not, I haven't seen the results yet, and when I see the results, I can really confirm what's going on. I've already promised the police to come over now, you're at home. Wait for me, I'll be back soon."

"Together." Fu Jingting took her hand, "I'm by your side, there's no reason to let you go alone, of course I'll accompany you, otherwise I'll be a man What are you doing?"

Rong Shu looked at her hand clasped with his fingers, and smiled slightly, "Okay, let's go together."

As soon as she finished speaking, her stomach suddenly growled twice.

Fu Jingting heard it and frowned, "You didn't eat dinner?"

Rong Shu touched her stomach with one hand and nodded slightly, "Yeah."

Fu Jingting frowned deeper, "Why didn't you eat?"

"The dress was robbed, No one was caught, and the dress was not found, so I'm not in the mood to eat." She looked up at him and explained.

Fu Jingting's thin lips pursed into a straight line, "Even so, you should eat a little bit. If you don't eat anything, what should you do if you're starving?"

Rong Shu smiled, "It's just a meal, it won't get in the way."

"No, let's go to the police station later, let's eat something now, we can't be so hungry all the time." Fu Jingting said, letting go of her hand.

Rong Shu looked at him, "But if we have to finish eating, we will have to wait for a long time there, and we will be delayed for a long time."

Fu Jingting was silent for a few seconds, and finally thought of something and rubbed her cheeks. Hair, "then eat it in the car, no matter what, you have to eat a little bit, is there anything in the refrigerator that can be eaten in the car?"

"I have hand-made cakes, but I have to fry them myself." Rong Shu thought thought back.

She knows that once he decides, it is difficult to change.

If he didn't eat something, he would rather not let her go to the police station.

So, she should answer honestly.

After Fu Jingting heard that there was indeed something convenient to eat in the car, he nodded with satisfaction, "Then wait for me, I'll fry it for you."

He took off his coat, wearing only a black one. shirt, revealing his perfect figure.

Then, he tugged the tie around his neck again, tore it off and threw it on the sofa, and started to unbutton the cufflinks on his wrist.

His unbuttoning movement was slow, and while he was extravagant, he also had a touch of color and anger, which made people unable to take their eyes off him.

Seeing that Rong Shu's eyes had been falling on him, Fu Jingting's thin lips twitched, and then the movement of unbuttoning was even slower.

It could have been solved in one minute, but he dragged it on for three minutes.

After the cufflinks were undone, he slowly pulled the sleeves up, revealing his muscular and sensual forearms.

Seeing these two forearms, Rong Shu's mind instantly flashed that those nights, when her body was too tired to move, she was held up by these forearms.

She seems to be able to feel the strength of these forearms now.

Whoops, what are you thinking?

Now it's serious, why do you think about these places?

Rong Shu, Rong Shu, you have fallen!

Fu Jingting's Acting

Rong Shu covered her hot face, twisted her body, and felt ashamed and embarrassed.

Seeing her like this, Fu Jingting's smile deepened.

He didn't know what she was thinking, but he could see that she was very satisfied with his figure.

This made him feel a little proud.

"Okay, sit down first, and I'll go to the kitchen to get you something to eat." Fu Jingting raised his head and tapped Rong Shu's head lightly.

Rong Shu was knocked like this by him, and she immediately recovered from her embarrassment. She coughed lightly and looked at him, "Do you know how to grab cakes with your hands?"

She bought them a long time ago.

Sometimes I get too tired when I come back. I don't want to make a tedious dinner by myself, so I just grab a cake and lie on the sofa with it in my hand, watching TV while eating, not to mention how comfortable it is.

But since she reunited with him and moved in, either he did it at night, or he had someone deliver it from the hotel, and she hadn't been in the kitchen for a while.

Therefore, the hand-grabbed cake has been kept in the refrigerator without moving it.

Now Fu Jingting said that he wanted to grab some cakes for her to eat, which made her doubt whether he would.

After all, although he learned to cook, hand-cooked cake is not an orthodox dish, but a street food, and he must have never learned it.

Thinking, Rong Shu said again, "If you can't, just sit and I'll go by myself."

She was about to get up.

"No." Fu Jingting put his hand on her shoulder, pressed her back on the sofa, and looked at her with a gentle chuckle, "I will learn to do it by looking at my phone, trust me, it will be no problem.

" Everything is fast, usually at a glance.

Therefore, he is very confident in himself.

Seeing Fu Jingting convince herself of his serious expression, Rong Shu smiled and sat down on the sofa with peace of mind, "Well, since you said so, then I naturally believe you."

"Well." Fu Jingting nodded, "I'll go, I'll be fine soon."

"Okay." Rong Shu raised her head and smiled at him.

Fu Jingting took off the apron hanging on one side and walked towards the kitchen.

Rong Shu sat on the sofa and smiled in the direction he left, then turned her head back and landed on the TV opposite.

The TV was black and she didn't turn it on.

The TV revealed what she looked like at the moment. Although she was smiling, there was still a bit of sadness between her brows.

She was still thinking about what happened to the dress.

Although Fu Jingting didn't care whether the dress was good or bad, after all, he was rich.

But she is different, she has no money, she is poor.

The dress cost almost all of her savings to buy it. If it was really broken, she should really want to cry without tears.

"Hey" Rong Shu rubbed his brows and sighed irritably.

Then, she turned her eyes and landed on an exquisite box on the coffee table.

Rong Shu was startled, wondering when there was such a box on the coffee table.

But soon, she realized that this might have been brought by Fu Jingting.

I remembered that Fu Jingting said on the phone in the afternoon that he wanted to go back to Fu's mansion to get something. I'm afraid this is it, right?

Although she was curious about what was in the box, Rong Shu didn't mean to open it to check.

Although they are together, she still respects each other's privacy and will not check his things without authorization, including mobile phones.

This is her principle and her trust in him.

Since they were together, she naturally had to trust each other. She was willing to believe that he would not do anything wrong to her.

After all, there is nothing in this world that can be hidden for a lifetime. If he really does something wrong to her, time will also expose him.

Therefore, there is absolutely no need for her to use the way of checking his personal belongings to prove whether he has wronged her.

Likewise, Fu Jingting would not do this.

Because he, like her, is willing to trust and respect each other without reservation. They are mature enough and confident enough in emotional matters.

Thinking of this, Rong Shu looked away from the box and took a sip of the water in front of her.

Soon, a scent wafted out from the direction of the kitchen.

Rong Shu smelled it at once. It was the scent of hand-grabbing cake, which was almost the same as the scent she usually made.

It seems that Fu Jingting is quite good, a beginner can actually fry pancakes like her veteran.

This talent is truly amazing.

Rong Shu put down the cup in her hand, got up and walked to the kitchen.

When I came to the door of the kitchen, the aroma was stronger, and it was vaguely mixed with the smell of eggs.

Rong Shu continued to walk in and walked behind the man who was busy in front of the stove.

The man is tall and tall, and his back is naturally tall.

Rong Shu stood behind him, and his back could block her tightly.

This body seems to have a sense of security.

Rong Shu tilted her body slightly, stuck her head out from behind Fu Jingting, looked into the pot, and saw that Fu Jingting was putting eggs on the pancake, her eyes lit up, "It's so fragrant."

Fu Jingting had already noticed that She came in, even if she deliberately walked slowly and slowly, she couldn't hide it from him.

So when he heard her voice, he was not surprised at all. He moved his hands with ease, and raised his thin lips to answer, "So, I didn't disappoint you, did I?"

Rong Shu's eyes widened in surprise, "You know I'm here. ?"

Fu Jingting turned his face slightly and looked at her with a half-smile, the answer was already clear.

He did know.

Rong Shu blinked, "How did you know? I came in softly and deliberately, just to startle you with a sudden speech, but you didn't get scared, you already knew it."

Originally, she wanted to see what the man looked like after being frightened, it must be interesting.

Unexpectedly, she thought too much.

Looking at Rong Shu's pouted mouth, she looked a little unhappy. After being silent for a few seconds, Fu Jingting suddenly turned off the fire, and then made a startled look, "God, why are you here?"

"I haven't acted before, so this acting is just hot eyes and very clumsy.

In addition, he rarely makes such rich expressions, so the frightened expression on his face at this moment makes it hard to believe that this is still the cold-faced King of Hell, Fu Jingting.

Seeing Fu Jingting like this, Rong Shu was stunned for a while, then covered her stomach and laughed loudly, "Fu Jingting, what are you doing?"

She couldn't laugh anymore, tears came out, "You looked so stupid just now."

Fu Jingting pursed his lips and looked at her, "It's not to satisfy you. Didn't you say that you didn't scare me when you came in? I saw that you were so disappointed, so I had to act like I was scared by you to make you happy."

He was born very Gao, whether he is a peer or a generation or two older than himself, he is the one who is looked up to and held by others.

Therefore, he doesn't need to act with anyone, and he doesn't need to act with other people to achieve some goals like other people in the circle.

In other words, this is almost the first time he has acted, and the effect he can perform, he himself knows, must be funny and silly.

But seeing her so happy, just be silly.

After all, there are not many people who can let him put down his body to do these things, only her and her grandmother.

Seeing Fu Jingting acting for her own satisfaction, Rong Shu felt warm in her heart, then stretched out her arms and wrapped her arms around the man's waist, "Fu Jingting, thank you, in fact, I'm just having fun, you don't need to do this."

"You're happy. That's good." Fu Jingting simply turned around and hugged her, bowed his head and kissed her on top of her hair.

Delicious hand-grabbing cake

“Also, it’s not a shameful thing.” Fu Jingting said, patted her on the shoulder lightly.

He really didn’t think it was shameful and dignified to please his lover.

If you want to please your lover and make your lover happy, if you think that you don’t have dignity, it can only be said that it is not enough love, or even not love.

Loving someone and making them happy is fun.

Therefore, he didn’t want Rong Shu to feel that there was nothing wrong with him doing this.

Rong Shu looked at Fu Jingting, and finally put her head on his chest, “Since you said that, what else should I say? But you haven’t told me yet, how did you find out that I came in? I walked so lightly. “

She hugged his waist and swayed coquettishly, as if he would not give up if he didn’t say anything.

Fu Jingting looked at Rong Shu like this, his eyes darkened, his Adam’s apple slipped, and his voice was a little hoarse, “Okay, don’t worry, I’ll tell you, you’re playing with fire, you know? Make me very uncomfortable. Could it be that you thought about it on purpose.”

She hugged him and twisted, and naturally certain parts of the two of them would inevitably rub against each other.

He was wearing only one shirt, very thin, so he could feel more.

If it wasn’t for his reason, knowing that this was the kitchen, and that he was still cooking food for her, if she seduced him like this, he would have directly pressed her down and kissed her fiercely.

Let her know that men can’t tease at will.

“Who is playing with fire on purpose? Don’t talk nonsense.” Rong Shu looked at the man’s red eyes, and immediately realized that her actions just now were waking up a beast. waist, trying to withdraw from the man’s arms.

“Run for what?” But the man saw her intention, grabbed her wrist and pulled her into his arms again, hugged her tighter, and said in a lower voice after his chin rested on her

shoulder. You lit the fire yourself and ran away without being responsible for putting it out? How can you be so irresponsible.”

Rong Shu smelled the mint fragrance from the man, and her face turned even redder, “I’m not on fire, don’t talk nonsense.”

“Really?” Fu Jingting raised his eyebrows, then grabbed her hand, and was about to go to Down.

When Rong Shu knew what he was going to do, her face changed greatly, “Wait, wait, Fu Jingting, let me tell you, don’t mess around.”

“I didn’t mess around.” Fu Jingting looked at her innocently.

Rong Shu rolled her eyes in her heart.

What are you going to do with her hand?

This man is really thick-skinned.

Seemingly seeing what the woman was complaining about in her heart, Fu Jingting laughed in a low voice, his voice was sexy and sultry, “Okay, stop making trouble, let me hold it for a while, and the fire will be extinguished by myself.”

Rong Shu looked at him with doubts in her eyes.

Obviously, she didn’t believe him so easily, just hug him.

She just talked about trust. She can maintain all her trust in him in other matters, but in this kind of thing, this person cannot be trusted.

In those nights, he tortured her to death.

She begged for mercy several times and asked him to let her go. He didn’t want it, and he agreed, saying that it would be over for the last time.

But the result?

After the last time, there is the next last time.

Therefore, she absolutely cannot trust him in this kind of thing.

Seeing the doubt in Rong Shu’s eyes, Fu Jingting smiled helplessly and shook his head.

Well, he didn’t expect that he was so untrustworthy in front of her.

“Really, I didn’t lie to you, just give me a hug, I won’t do anything to you.” Fu Jingting gently stroked Rong Shu’s hair and assured him again.

Rong Shu couldn’t get rid of him, she had no choice but to believe him.

So, he can only let him hold it.

This time, Fu Jingting really did what he said.

Of course, while holding her, he also took advantage of it.

Rong Shu felt the man’s big hand gently stroking behind her, and she kept rolling her eyes.

The man took a sip of the fragrance on her body and said, “Didn’t you just ask me, how did I find out that you came in?”

Hearing this, Rong Shu stood up a lot.

She was confident that when she came in, she never made a sound.

Fu Jingting was cooking seriously at that time, and it was impossible for him to notice her coming in.

But he just noticed it, so she was curious, how on earth did he know.

Fu Jingting looked at the doubts on the woman’s face, curled his thin lips and said, “At first, I really didn’t notice, after all, my attention was in the pot, until after you approached, I smelled the perfume on your body, so I just found out that you sneaked in.”

“Perfume smell?” Rong Shu was stunned for a moment, but she didn’t think that it was the scent on her body that revealed her whereabouts.

She raised her arms and lowered her head to smell her body.

There is indeed a little fragrance, but it is very light and very light, if you don’t smell it carefully, you can’t smell it at all.

What’s more, it’s still a distance to smell it.

Shouldn’t he, does he have any special abilities? From a distance, you can smell this faint and almost non-existent fragrance.

Thinking about it, Rong Shu looked at Fu Jingting with surprise.

Fu Jingting understood her thoughts.

After all, her thoughts were written on her face, so she understood it too well.

He raised his chin slightly and said, "My nose has always been very smart, so my sense of smell is naturally very good. As long as there is a slight smell, I can smell it even if it is not too far away."

"So it is." Rong Shu nodded suddenly, "Then you are still a supernatural power. After all, there are not many people who think that a certain sense is very good."

Fu Jingting chuckled, "Almost, okay, you Go out first, I'll be fine right here."

"If you don't go out, I'll be here with you." Rong Shu shook her head and replied.

She wanted to stay here, and Fu Jingting naturally wouldn't drive her away. After looking at her, he turned the fire back on and continued pancakes.

Rong Shu stood beside him and watched him do it.

His movements are very smooth and skilled, and he really doesn't look like a pancake novice.

But Rong Shu didn't doubt that he knew it before. She still knew how strong his learning ability was.

Rong Shu waited in the kitchen for about ten minutes and sat down, and a very rich finger cake was ready. There were eggs, vegetables and meat in it. It was a luxurious finger cake set.

Fu Jingting wrapped the hand cake in oil paper and handed it to Rong Shu, "Eat it."

"Thank you." Rong Shu took it with a smile, took a bite, and her eyes lit up instantly, "It's delicious, better than I made it. It tastes much better."

Hearing the woman's praise, Fu Jingting's thin lips twitched, "It's good, okay, let's go out, you can eat slowly in the car."

"Well." Rong Shu nodded, holding a hand Grabbing the cake in his hand, he took one hand and left the apartment.

Probably because Rong Shu didn't want to eat in such a hurry, so Fu Jingting drove slowly on the road, otherwise she would drive too fast and arrive at the police station soon. Now, isn't it still him who is distressed?

Therefore, he specially drove a little slower. It took him nearly an hour to drive for half an hour. Even if there were car owners on the road who were dissatisfied with his tortoise car, they didn't dare to honk their horn, and could only curse a few times in their own car. sentence.

After all, they don't dare to do any provocative behavior with luxury cars. If they touch it, they can't afford it.

Finally, the police station arrived.

Rong Shu and Fu Jingting got out of the car together and entered the gate of the police station.

Dress into rags

It was almost early morning, but the police station was still brightly lit.

Rong Shu and Fu Jingting went in hand in hand.

The police officer who talked to Rong Shu saw the two coming in, and immediately came to greet them, and then took them to a room.

"Miss Rong, your dress is on the table. You can see it for yourself. I hope you are mentally prepared." The police officer pointed to the table in the room and said with a sigh.

After all, millions of things have become like this now. If you don't prepare yourself mentally, what if you faint?

Anyway, if it was his, he would definitely not be able to take the blow and faint.

Hearing the police officer's words to be mentally prepared, Rong Shu's heart was already much calmer, but at this moment she jumped again eagerly, full of unease.

She let go of Fu Jingting's hand and walked quickly to the table in the room.

Fu Jingting naturally followed her.

The police officers saw that both of them went in, and they didn't stay at the door, so they went in together.

Rong Shu came to the table and saw the two boxes containing the dresses.

The box is intact and still beautiful.

But

Rong Shu might not be thinking about what was inside. She bit her lower lip, then reached out and opened one of the boxes.

During the opening process, her hands trembled slightly due to nervousness.

Seeing this, Fu Jingting put his hand on Rong Shu's hand and squeezed it gently, his voice was gentle, but with an endless sense of security, "Don't be afraid, no matter what the situation, I'm behind you, you can Don't worry and do anything boldly, it's all up to me."

Rong Shu looked up at him.

There was a faint smile on his face, although it was light, it made her restless heart suddenly calm down.

She thought, he was right, no matter what was in the box, good or bad, she had to face it.

Since she has to face it, don't make any estimates. After all, it's already a foregone conclusion, and she can't change the situation in the box.

Better yet, calm down.

Moreover, no matter what was in the box, she didn't face it alone, she was accompanied by him.

Thinking of this, Rong Shu's originally tense face also showed a slight smile, "You're right, I'm not nervous anymore."

After speaking, she took a deep breath, and then completely calmed down, not holding her hands. trembling.

But Fu Jingting still didn't take his hand away from her, but opened the box with her.

The moment she opened it, seeing the scene inside, Rong Shu's pupils shrank suddenly, and her face changed greatly.

And Fu Jingting's eyes also flashed a flash of shock, and then his face became extremely gloomy and ugly. The whole body exuded a suffocating and frightening cold

air, which made the police officer behind him shiver, and then looked timidly. Fu Jingting.

Dear, this is the big man who manages hundreds of thousands of employees.

This momentum, there is no need to say, it is the first time he has encountered it.

Fu Jingting didn't know the momentum he showed, and scared the police officers behind him.

He looked at the blue dress that was scratched with a knife and turned into strips of cloth. He had already guessed that the dress was either broken or dirty. Seeing it was so bad, he couldn't help it. Somewhat surprised.

Of course, at the same time of surprise, the bigger one is anger, monstrous anger.

Similarly, Rong Shu beside him was also very angry.

She also thought that there was a problem with the dress, but she never expected that the problem with the dress was even more serious than she thought at the beginning.

Rong Shu stretched out her hand, ready to pick up the dress and take a closer look.

As a result, when I reached for it, I found that it was all cloth strips, and there was not even a single piece of cloth that was slightly wider than my palm.

When she picked it up, she only took a pile of fabrics, not a complete dress.

In short, the pile of fabrics in front of me, where can I still see that a few hours ago, it was an extremely beautiful dress.

Rong Shu's eyes were red with anger, "Jing Ting, this"

Fu Jingting put his hand on her shoulder, patted it lightly, motioning her not to get excited, and then opened another box by himself.

Sure enough, Fu Jingting's dress was also scratched, and he couldn't tell that it was a handsome men's dress before, and it was also a piece of rags.

Fu Jingting looked at the pile of rags, his eyes narrowed dangerously, and it took a lot of effort to suppress the killing intent in his heart, and then picked up a cloth and checked it carefully.

He touched the incision of the cloth strip, and said in a gloomy voice, "It was cut with scissors, and it was cut so finely. Obviously, the person who cut it has a mentality of discouragement and revenge."

“Retaliation?” Rong Shu was stunned.

Fu Jingting threw the fabric back into the box, “At first, I thought that the person who stole the dress was just looking at the money and robbed the dress to sell it for money, but now seeing these fabrics, I realized that it was not that simple, that robbery. The culprit definitely didn’t steal the money, he was there under orders from someone, and after stealing your dress, he handed it over to that person, who had a grudge against you, and then cut off the dress to vent.”

“Yes.” At this time, the police officer who had been silent behind the two suddenly nodded and said, “We were also shocked when we saw the appearance of these two dresses, and immediately realized that this was not a simple robbery. In this case, as Mr. Fu guessed, if the robber was only for money, even if the dress was not sold so quickly, the dress would not be scratched. After all, the dress is very valuable, but the dress was scratched and still broken. There is only one explanation, that is, Miss Rong, your enemy deliberately revenge on you.”

“Enemy, take revenge on me” Rong Shu lowered her eyelids with an ugly face, and began to think about who it might be.

Fu Jingting watched her think without disturbing her, then turned his eyes to the police officer next to him, “Where did you catch him?”

“In a garbage disposal station,” the police officer replied.

Fu Jingting frowned as if he was about to trap a mosquito, “That person wants to dispose of the dress?”

“Yeah.” The police officer nodded, “When we caught him, he was about to throw the dress into the incinerator, and then we stopped him in time, but at that time, the dress in the box was already rotten like this.”

“Then when you caught someone, was there anyone else beside him?” Fu Jingting asked again in a deep voice.

The policeman shook his head, “No, he’s the only one, but we caught him two hours ago, but Miss Rong called the police six hours ago, that is, four of those hours, did we Those who know his tracks, let alone where he went or who he met, but what can be confirmed is that in those four hours, this person must have seen the person who told him to rob something from behind, and that person was breaking it. After the dress, he specially ordered him to throw the dress into the incinerator and destroy the body.”

After hearing the police officer’s words, Fu Jingting’s face was very dissatisfied, “Since you have caught him for so long, didn’t you ask the person behind him? The

police officer smiled wryly, "Mr. Fu, you don't know, this person is a habitual criminal who enters our police station. He is often caught by us for robbery and theft, and his mouth is always tight. We are locking him in the interrogation room and doing it." The strong light is putting pressure on him, and it will be easier for him to ask the result we want after he has broken down a bit."

Fu Jingting pursed his thin lips, and was about to say something, when Rong Shu's eyes suddenly widened and his face was ugly. "I know who did it."

Fu Jingting and the police officer looked at her immediately.

"Do you know who it is?" Fu Jingting asked.

Rong Shu looked at him and nodded, "Well, it must be her."

"Who is it?" Fu Jingting asked again.

Rong Shu clenched her palm tightly, "Su Man!"

"Is it her?" A trace of surprise crossed Fu Jingting's eyes.

She never thought that the person she suspected was actually that woman.

It's not that he doesn't believe her, but that she has checked the information of the woman, and she is an ordinary orphan.

An orphan dared to touch the chairman of a group, and he was someone Fu Jingting cared about.

Does that woman really have the guts?

I really don't know what the consequences will be when he is found out?

"It must be her!" Rong Shu's eyes were full of anger, "Actually, today, she and I were both in the dress shop, and she took a fancy to my dress and wanted to grab it, and asked me to give it to her, I I didn't let it, so she was very likely to hold a grudge and let someone take my dress and let me not get it. After all, when she was in the dress shop, she said that she could not get it and would not let me get it. She also took practical actions, but it failed in the end, so it is very likely that she will arrange such a thing after I leave the dress shop."

“What?” Fu Jingting’s face immediately became tense, and he grabbed her shoulders with both hands and stopped for a while. Looking at it, “You were bullied in the dress shop, why didn’t you tell me at that time?”

When she was in the dress shop, he called her again and sent her a message.

And she didn’t even mention that she was bullied.

This made Fu Jingting obviously a little unhappy.

Looking at the man’s bad face, Rong Shu knew what the man was unhappy about, and watched the man give him a reassuring smile, “It’s not that I don’t tell you, but she is just a small role to me, I She is completely capable of dealing with her, and she said she was bullying me, but I was not bullied. In the end, I bullied her, because I was not wronged, so I didn’t tell you, if I didn’t even know such a small thing Tell you, then I’m not very useless? And you are so busy, I don’t want you to be irritable because of these little things, understand?”

Fu Jingting lowered his eyes and said nothing.

He understood, but was a little unhappy.

Rong Shu sighed, took his hand and put it on his face.

Then he rubbed his palm slightly.

His thin lips twitched, and he coughed lightly, “Understood.”

Well, it turned out to be Tsundere, so I wanted to coax him.

Seeing this, Rong Shu shook her head in disbelief.

The police officers behind saw the actions of the two and rolled their eyes helplessly.

Hey, hey, it’s about business now, what are you doing?

Of course, although the police officer complained, he still didn’t open his mouth to disturb the two of them.

Fortunately, the two of them have their own sense of proportion, and they know that it is important to do business now, so after a while, they quickly returned to their state.

After Rong Shu put down the man’s hand, she continued, “In the dress shop, Su Man couldn’t bully me, but she was bullied by me, she absolutely hated me, so she definitely did this thing, after all, she used The dress came to take revenge on me, and she is the only one who has hatred with me when it comes to the dress.”

“In that case, do you know what to do?” Fu Jingting’s eyes flashed, and he looked at the police officer. .

The police officer nodded, “Miss Rong has clues, which is very helpful to us. Of course, we will immediately send someone to summon that Miss Su, please wait

a moment. ” “Fu Jingting said.

Rong Shu immediately agreed, “Yes, I want to see that person, I want to make sure that he is the person I think behind him.”

Looking at the two of them, the police officer nodded, “Yes, but this person has a very strong mouth. Hard, maybe you won’t be able to ask the result.”

Rong Shu was about to speak, but Fu Jingting suddenly stepped forward and stood in front of her, “This is our business.” In the

end, the police officer didn’t say anything else and brought Fu Jingting and Rong Shu went to the interrogation room.

After coming to the interrogation room, the police officer gave them ten minutes. After all, this is the police station’s regulations, and he also acts according to the regulations.

Therefore, Rong Shu had no opinion and thanked him with a smile.

After the police officer left, she looked at the man beside her, “Why did you interrupt me just now?”

Fu Jingting smiled at her, “Because he said, you may not be able to ask what you want to know, and I have a way. I asked you to ask, but I couldn’t say this method, so I interrupted you and asked him to bring us here as soon as possible.”

“Do you have a solution?” Rong Shu’s eyes brightened and she became interested, “What do you have? The way?”

Fu Jingting curled his lips, “You’ll know in a while, let’s go first.” After he finished speaking, he pushed open the door of the interrogation room.

Rong Shu didn’t ask any further questions, and after humming, went in behind him.

After all, he said it all, and she knew it in a while, so it’s no use asking now.

The two entered the interrogation room one after the other.

There were strong lights on in the interrogation room. Even though the lights were directed at the prisoners, Rong Shu still felt it was very dazzling.

She narrowed her eyes slightly uncomfortably, and only then did she barely see the person sitting on the regret chair under the strong light.

That person was the one who passed her by and stole her dress directly.

Seeing this person, Rong Shu's face suddenly became angry, "It's him."

Fu Jingting squinted at the man.

The whole person who was illuminated by the light was sluggish, his face was pale, and he was swaying in the chair, pretending to be out of energy, as if he was uncomfortable, and he kept making an uncomfortable humming sound.

This is the effect of bright lights.

This kind of light has been shining on people. At first, it will only make people unable to open their eyes, but as the exposure time is long, the psychological pressure will increase, and the mental state will become more and more tense. Crash at the end.

And at this time, what is often asked, will be honestly explained.

Therefore, the strong light is an essential artifact for the police station to interrogate prisoners.

At this moment, this person is almost unbearable under the strong light.

Seeing this, Rong Shu immediately asked the man's name and who was behind it.

But the man was just as stubborn as the police officer said, and even though it was so uncomfortable now, he still clenched his teeth.

Rong Shu felt angry and irritable in her heart.

To be honest, this kind of tough-mouthed person is indeed admirable, but more than that, it is still annoying.

After all, the mouth is too hard to say anything, isn't it boring?

Looking at Rong Shu's ugly face, Fu Jingting's cold eyes fell on the man, and then lightly patted Rong Shu's shoulder, "Don't worry, leave it to me, and I will answer honestly."

Rong Shu Thinking of what he said outside the interrogation room, he nodded, "Okay, I'll leave it to you."

Fu Jingting smiled at her, then stepped forward, walked to the man's side, stretched out his hand towards the back of the man's neck .

Immediately afterwards, Rong Shu saw a scene that shocked her. The man seemed to have received an electric shock. His body suddenly shook violently, his face was full of pain, and he kept yelling, "Stop, it hurts. , you stop"

"What, what's going on?" Rong Shu pointed at the person who was in pain, and looked at Fu Jingting in surprise, "What means did you use to make him suffer like this?"

Fu Jingting smiled at her, "One of my men. Bodyguards learned, as you know, the Fu Group is too big, and there are naturally a lot of moths and spies. After catching these people, I will inevitably ask people to interrogate them. Of course, many of them are hard-mouthed and refuse to say anything. , To deal with this kind of people, it is natural to use extraordinary means, and making them suffer is the best extraordinary means."

This Time, I Will Get My Divorce Chapter 858

Rong Shu had no doubts about this.

Not to mention the Fu Group, Tiancheng has a lot of rat shit.

To deal with these rat feces, it is useless to just call the police. The police's handling methods have always been very gentle, pay attention to human rights, and basically do not use corporal punishment. It's not necessarily easy to use, so it's not necessarily possible to pry some information out of these mouse feces. Instead, after the police's sentence expires, these mouse feces can escape and will never be found again.

So no matter which group, they will raise some ruthless people to be interrogators, specially responsible for interrogating these rat shit.

After all, what the police can't do, they can do in private.

In the past, Tiancheng Group also had this kind of interrogator, but after my father passed away, Tiancheng was down and out, and this kind of interrogator disappeared.

Therefore, she did not feel disgusted that Fu Jingting had learned a few tricks to pry open people's mouths.

This is a normal thing, otherwise you will just watch these rat poop harm your own group?

“Will he answer honestly?” Rong Shu asked with a frown, looking at the man who was in so much pain, as if he was about to ascend to heaven at any time.

Fu Jingting’s eyes fell on the man coldly, “Of course, my bodyguard who specializes in interrogating spies is a retired mercenary, and he also specializes in this in the organization. As for the understanding of the human body, Lin Tianchen can’t say enough, he knows how to press Which position on the human body can maximize the pain of the human body, so until now, no spy can still grit his teeth in his mouth, so you can start asking.”

Seeing the man so confident, Rong Shu is naturally indifferent . He believed him without hesitation, nodded, took a step forward, and said coldly, “Tell me, who asked you to appear in front of me and rob me of something?”

The man felt that his soul was about to go out of his body. The whole body collapsed, it was not his own, the painful tears and snot smeared his face, and even the eyeballs were covered with bloodshots, as if they were about to protrude, which was very scary.

Rong Shu frowned in disgust, “Come on, if you don’t say it, you will continue to suffer.”

As soon as these words came out, Fu Jingting immediately cooperated with her and pressed her hand again.

The man suddenly screamed again, his whole body trembled even more, his voice was full of fearful cry, “I said I said please, please let me go, it hurts too much, it hurts too much”

The man cried in despair.

He prides himself on being a man, and has been arrested several times. He has never been afraid of the police’s various tactics.

For this reason, he was complacent and felt that his bones were so hard that even the police had nothing to do with him.

Therefore, in the face of strong light, in addition to being uncomfortable, he is also very confident that he will not utter a single word.

After all, his weakness is still being pinched by others. Once he confesses to that person, his weakness will be troublesome.

But now, this man, who looks very unusual, is even more ruthless than the police.

As soon as he made a move, it broke his original disdain, making him so painful that he could not wait to die now.

As long as you die, you won't be in so much pain.

But unfortunately, he was leaning against the regret chair, let alone resisting, he couldn't even commit suicide, he could only let the man torture himself.

It hurts, it hurts too much.

He has never experienced such a painful moment in his life. This kind of severe pain makes him unable to care about his so-called weakness. What he wants most now is to save himself.

Weakness is important, but not as good as yourself.

I believe Xiaoli will understand him.

Men are so brainwashed in their hearts.

Rong Shu heard that his mouth was no longer so hard, and gave Fu Jingting an admiring look.

When Fu Jingting saw his lover complimenting him, he was so happy that he was about to fly.

Rong Shu felt the good mood in his body, shook his head dumbfoundedly, and then the next second, his face sank, and he looked coldly at the man in the regret chair, "Since you're going to say it, then say it, But before I say it again, I have to warn you, it's better not to lie, if you dare to lie, we can find you in the ends of the earth, believe me, I'm not kidding, do you know who is one of those two dresses? ? The chairman of the Fu Group, he definitely has the ability to look for you all over the world, making you even more desperate than now."

Hearing this, the man's expression changed greatly, and there was a rumbling in his head, his already pale face, Even paler now.

What?

He robbed the chairman of the Fu Group!

Thinking of the two bags he stole in the afternoon, the man finally realized who he was provoking.

He actually provoked the chairman of the Fu Group, and he actually robbed this man of his belongings. His

man was desperate, and at the same time of despair, a monstrous hatred rose in his heart.

Because he knew that he had been deceived.

When he took the order, the man only said that he was robbing something from a poor and rich man, but did not say that it belonged to the chairman of the Fu Group.

Also, if he said it, how could he dare to take this order.

At this moment, the man could no longer suppress the hatred in his heart, looked at Rong Shu with red eyes, and said emotionally, "I said, I said everything you want to know, but I want you to promise me a condition? "

Conditions?" Rong Shu frowned.

Fu Jingting's eyes narrowed dangerously, and then he pressed his hand again, "What qualifications do you have to negotiate with us? Or, if we don't agree, you won't say it? Oh, whimsical, do you think you really can bear it? Living in this pain?"

A robber dared to negotiate terms with them.

Stupid.

Don't even look to see if you have that chip.

"No." The man screamed again, his voice trembling even more, "I didn't mean that, I just wasn't willing to be deceived, that man lied to me and said that I just stole something from an ordinary person and didn't follow me. Said, I robbed Chairman Fu, if I knew, I would definitely not agree, so I am now at this point, it is because of that person, so I just hope you don't let that person go, there is no threat What you mean, what you want to know, I will still say it, really!"

Afraid that Rong Shu and Fu Jingting would not believe it, the man's expression was very eager.

He is not a fool. He knows what kind of person the chairman of the Fu Group is, and he is definitely not something that a low-level person can provoke.

But this time, he just kicked the iron plate. He knew that he had provoked Chairman Fu this time, and he would definitely end up badly, and he would not be able to take revenge himself.

Therefore, he can only pin his hopes on the two people in front of him. These two people should be Chairman Fu's cronies. As long as they bring that person's information to Chairman Fu, Chairman Fu will definitely not let that person go. human.

As long as that person falls, he can be considered revenge.

Seeing the excited look of the man, Fu Jingting understood what this man was paying attention to, and borrowed his hand to avenge himself.

Oh, it doesn't seem that stupid, and it's still a bit of a brain.

"You don't need to talk about this kind of thing, that person won't have a good outcome." Fu Jingting said with an expressionless face and a cold voice.

Because from the beginning, he never planned to let the people behind him go.

Hearing Fu Jingting's words, the man cried with joy, "That's good, that's good."

"Okay, since you got the result you wanted, can you talk now?" Rong Shu pursed her lips, a little impatient.

Not Simple Su Man

They only had ten minutes in all, and it's almost five minutes now.

Procrastinate further, I am afraid that the time will come before I say anything.

Seeing the impatience on Rong Shu's face, the man didn't dare to drag it any further, and said quickly, "Yes, yes, I said, I said, a woman found me, she spent 100,000 yuan to let me in the mall. They waited at the door and said that if I saw a woman walking towards the red Mercedes, I would snatch the woman's belongings."

"Women?" Fu Jingting read these two people in a low voice, and then confronted Rong Shu. Take a look.

Rong Shu nodded, more sure it was Su Man.

"Is that woman in a wheelchair?" Rong Shu stared at the man and asked again.

The man nodded again and again, "Yes, yes, it's in a wheelchair."

"It's Su Man." At this moment, Rong Shu had completely confirmed her guess.

Fu Jingting clenched his fists, "That woman is quite bold, she exposed herself in front of him."

"That means she is very confident that this person will not expose her." Rong Shu pointed to the man on the regret chair, and then again "How did Su Man find you?" The man raised his head and glanced at Rong Shu timidly, "I found it online."

"On the Internet?" Rong Shu was surprised.

Fu Jingting understood something, and explained, "Every circle has its contact information. This person is a robber, but there is absolutely no way that there can be only one robber in Haishi. They must be organized. Since there are Organization, then if they contact, they must have their own group or website."

"Yes, this gentleman is right." The man quickly echoed, "We not only rob things to survive, but also take some orders, such as If someone fights, you can go to our website to place an order, let us help you fight, or steal something, you company elites often place orders with us, let us inquire about the opponent's intelligence, and steal the opponent's documents."

"Uh, there is such a thing." Rong Shu's mouth twitched, her face full of surprise.

Obviously, she really didn't know that she could still order someone to fight and steal.

Fu Jingting looked at Rong Shu's surprised look and chuckled, "Indeed, he is right, some company elites are inconvenient to take action on their own and are easily caught by others, so I found these people and let these people Taking action, these people have their own ways and often do things well, so some companies are really keen to let these people do some shameful things."

"Then have you looked for it?" Rong Shu looked at Fu Jingting.

Fu Jingting shook his head, "I don't need it. I have a lot of talents under my command, so I don't need it at all."

Rong Shu nodded, no longer asking, just frowning in confusion, "That Su Man actually knows about this kind of organization, and also knows how It's not easy to place an order."

Even she didn't know it, which shows that few ordinary people know about this kind of organization.

But Su Man just knew, which made people curious.

But Rong Shu didn't think much about it, after all, the police had already sent someone to bring Su Man over.

How did Su Man know, just let Su Man say it himself.

"Since Su Man spent 100,000 yuan to hire you, then you and her are just an ordinary employment relationship. Why did you refuse to expose her before?" Rong Shu looked at the man and asked dissatisfied.

The ordinary employment relationship shows that there is absolutely no need for this man to hide from Su Man.

After all, Su Man is not someone like him, and hiding it for Su Man doesn't do any good.

But this man was bitten to death and did not speak. I am afraid that if Fu Jingting hadn't interrogated him, this man might have kept it a secret.

Moreover, she also does not believe that this kind of person will have any spirit of employment, the kind that does not expose the employer.

There must be some other reason.

Fu Jingting saw that Rong Shu had thought of this doubt so quickly, her thin lips were slightly raised, and there was an undisguised pride on her face.

As expected of his lover, he is smart.

"It's not that I don't want to expose that woman." The man looked pained, "It was the woman who threatened me, saying that if I was caught and exposed, she would have people deal with my girlfriend. I can't say it."

"But you still say it now." Rong Shu glanced at him lightly.

So it can be seen that his girlfriend is not so important in his heart.

The man naturally understood the meaning of her words, and muttered aggrievedly, "It's not my fault, you tortured me, I am the only one."

"Whether we torture you or not, but you didn't keep the bottom line, just It means that in your heart, your girlfriend is still not that important, at least it can't be compared with yourself." Rong Shu exposed him mercilessly.

The man opened his mouth and said nothing.

Now, he is also aware of this, and he is ashamed at this moment.

Fu Jingting glanced at him contemptuously, then turned his eyes to Rong Shu, with a serious look on his face, "Don't worry, I'm not like him, if I fall to his point, I won't give up on you for myself. "

Well, I believe it." Rong Shu looked at him and nodded.

It's not that you believe it casually, but you really believe it.

From childhood education, Fu Jingting is destined to not be the kind of person who sacrifices innocent people for himself.

Therefore, she can trust him without hesitation.

Seeing that Rong Shu believed her words, Fu Jingting's brows softened and he showed a shallow smile.

"Okay, you just said that Su Man threatened you with your girlfriend so that you couldn't tell her, how do you know that she has the ability to find your girlfriend and threaten you?" Rong Shu stared at the man and asked again.

The man sighed, "She has, she must have, I have a girlfriend, there is no record on the website's personal information, so it is logically impossible for her to know that I have a girlfriend, but she does know, and I accurately stated my girlfriend's address, what does this mean? It means that the woman is not an ordinary person, otherwise how would she know this?"

Rong Shu stopped.

Yes, if Su Man temporarily seeks this man for something, it is impossible to know this man's family background.

After all, I don't have time to check.

And if you check a person's background, if you don't have a certain background, you can't find it at all.

But Su Man did find out, and it was still in such a short period of time.

This only shows that there is an unknown force behind Su Man.

This point, Fu Jingting also thought of it, and his face was very ugly at this moment.

He asked Zhang Cheng to check Su Man's background before, just an ordinary person with a little money.

But what Su Man has shown now shows that Su Man is not an ordinary person, which overturns the information he had checked before.

He believed that there was no problem with the people under him, and it was impossible to deceive him with the false information.

The only explanation was that there was something wrong with Su Man herself. She concealed her true identity, the identity of an ordinary person, and she deliberately showed it to outsiders.

Well, it's really good.

I thought it was just a small character like an ant.

I didn't expect it to be so hidden!

"I'm going out to make a phone call." Fu Jingting released his hand from the back of the man's neck, took out his mobile phone and said to Rong Shu.

Rong Shu knew that he definitely wanted the contact to investigate Su Man, and nodded with a serious expression, "Okay, let's go."

Fu Jingting touched her head and went out.

Sleep Well

The reason why he went out alone and left Rong Shu here was entirely because the man was chained to the regret chair and could not hurt Rong Shu.

Otherwise, he wouldn't go out by himself.

After leaving the interrogation room, Fu Jingting's cell phone had a signal, and immediately called Assistant Zhang's number.

Assistant Zhang was having dinner with friends at the moment, and when he received the call, his scalp tingled.

Because he had a hunch that he might not be free again next time.

With a sigh, Assistant Zhang said sorry to his friends, then stood up and walked out of the box to answer the phone, "Mr. Fu."

"You checked Su Man's information before, did you feel something was wrong?" Fu Jingting asked immediately.

Assistant Zhang was stunned, "Su Man's information? Mr. Fu, you mean, is there anything wrong with Su Man's information in the previous investigation?"

Fu Jingting was noncommittal, and then explained what the man in the interrogation room had just explained, "Simply say it."

Assistant Zhang took a deep breath after listening.

No wonder Mr. Fu suddenly asked this.

The identity of that Su Man is not simple, it is definitely not what he had been investigated before.

If Su Man is really just an ordinary person, how could he know someone's information so quickly?

This can only mean that there is someone behind Su Man who helped Su Man investigate, and being able to investigate in such a short period of time, that force is obviously not weak.

"I'm sorry, Mr. Fu. When I asked people to investigate before, I didn't notice anything wrong with Su Man's information, because Su Man's information was too ordinary, and it was completely of an ordinary person, and I didn't notice it at all. , her information may have been specially forged by someone else." Assistant Zhang replied with shame.

Fu Jingting also knew that he couldn't blame him for this.

After all, if someone has the intention to hide Su Man's true identity and show a fake identity to outsiders, then most people won't think about the fake identity.

"Re-investigate, this time, I want you to thoroughly investigate that Su Man." Fu Jingting instructed with a cold expression.

Assistant Zhang nodded seriously, "Yes, Mr. Fu, don't worry, this time I will investigate clearly."

"Well." Fu Jingting nodded slightly, then put down the phone.

Although this matter was instructed to continue, his frowning brows still did not loosen, and they were still tightly wrinkled.

Because he was worried about one thing, who was Su Man, why did he hide his identity?

And it still appeared in front of him and Rong Shu.

In the end, did Su Man just appear in front of him and Rong Shu by accident, or did he appear in front of him and Rong Shu on purpose?

If it's by chance, of course it's best.

But if not, then obviously, Su Man has some kind of purpose for him and Rong Shu.

Concealing the identity to achieve the purpose, obviously, that is definitely not a good purpose.

But no matter what the purpose is, this Su Man will never succeed!

"What are you thinking? It looks so scary?" At this moment, Rong Shu's voice sounded behind him.

Fu Jingting immediately had a cold and murderous look on his face, and after softening his expression, he turned around, looked at the woman walking by, and shook his head slightly, "I asked Zhang Cheng just now, when I asked him about Su Man's information before, there was something wrong with him. I didn't find anything wrong, Assistant Zhang said no."

Rong Shu was not surprised by this answer, and stopped beside him, "No, it's normal, otherwise, if you fake your identity, isn't it a fake?"

Speaking of which, her beautiful eyebrows also wrinkled slightly, "However, when Assistant Zhang checked Su Man's information at that time, he must have obtained the information registered on the census website. The census website is the official website of the country. It is impossible for you to say that you are fake, but the information about Su Man that Assistant Zhang found on the census network is only ordinary. Obviously, the information on Su Man on the census network is already fake. In other words, if the people behind Su Man are not in the system, they must have something to do with the people in the system, otherwise the information on the census network cannot be changed."

"You reminded me." Fu Jingting narrowed his eyes, and then took it again. Pick up the phone and call Assistant Zhang.

Assistant Zhang answered quickly, "Mr. Fu, do you have any other orders?"

"Contact the Cheng family and ask the Cheng family to come forward to check the official organization responsible for the census. I want to know who has used the

authority to change Su Man's information recently. ." Fu Jingting clenched his phone tightly, his face as cold as ice.

Even if the census is an official person, it is impossible to change it as soon as it is said, and it must have certain authority.

And the use of permissions will definitely leave browsing traces.

As long as you can find out from the browsing traces who has dispatched the authority and find out that person, it will naturally be easier to find out Su Man's identity.

"Okay Mr. Fu, I understand, I will arrange it immediately." Assistant Zhang responded earnestly.

Fu Jingting hummed and hung up the phone.

Rong Shu looked at him, "Okay, don't frown, I believe Assistant Zhang will find it soon."

Fu Jingting put away the phone and smiled at her, "Okay, don't frown, you help me stroke my brows. Please ."

Rong Shu squinted at him, "I need to do this kind of thing? Just relax yourself."

"I just want you to do it for me." Fu Jingting looked at her with anticipation.

Seeing this, Rong Shu helplessly laughed, and then beckoned, "Then lower your head a little bit, you are too tall, my hands are sour."

"Okay." Seeing that the woman promised to help him smooth his frown, Fu Jingting was overjoyed, and immediately bent down.

Rong Shu half raised her hand and gently calmed the man's frown.

Seeing the irritability on the man's face fade away, Rong Shu showed a beautiful smile, "This is how you look good, frowning every day, over time, wrinkles will remain on your brows, and you will grow old faster, you are not afraid of yourself How about getting old?"

Fu Jingting chuckled, "Okay, try to frown less in the future."

"That's right." Rong Shu put her hand down from the man's eyebrows, and then took the initiative to pull the man's back, "Let's first Let's sit for a while, Su Man hasn't come yet, I don't know how long it will take, standing here is not the way."

Of course, Fu Jingting had no objection.

Under the arrangement of the police, the two came to a small lounge.

After sitting down on the sofa, Rong Shu yawned immediately, a few strands of sleepiness appeared on her face.

Seeing this, Fu Jingting asked distressedly, "Sleepy?"

Rong Shu rested her head on his shoulder and nodded tiredly, "It's a little bit, if you don't bother me, I've had a few dreams about this point. It's time."

So, she would naturally feel sleepy.

Fu Jingting raised his wrist and looked at his watch, it was already two in the morning, it was really late.

He gently wrapped his arms around Rong Shu's shoulders, "How about we go back first and come back tomorrow?"

Rong Shu shook his head, "No, we've already come, there's no need to wait for a run tomorrow."

"But you're sleepy. "Fu Jingting couldn't help frowning again.

But he quickly thought of what he had promised her just now, and immediately relaxed his frowning brows.

The speed was so fast that Rong Shu didn't notice anything unusual about him.

Rong Shu yawned again, "It's okay, I can still persevere."

As he spoke, he yawned again, tears oozing out of the corners of his eyes, and the sleepiness on his face became more and more intense.

She looks like this, so that she can persist in her sentence, and suddenly it seems extremely unreliable.

After being silent for a while, Fu Jingting said indulgently, "You can sleep with me for a while. When someone arrives, I will call you."
