This Time, I Will Get My Divorce Chapter 861

is finally here

“This” Rong Shu heard the man’s words, and instantly lifted his head from the man’s shoulders, looking at the man’s handsome face, a little moved.

But soon, she shook her head again and refused, “I still can’t, maybe someone will arrive in a while.”

“What if they don’t arrive in a while?” Fu Jingting looked at her and asked.

Rong Shu rolled his eyes at him, “You’re slandering me.”

“If you didn’t slap you, this is another possibility, right?” Fu Jingting said with a serious expression, “So, we can’t be sure, who is Su Man? What kind of possibility, if it’s my kind of possibility, do you really think you can keep going? Don’t you feel dizzy?”

Rong Shu was speechless after saying this.

Dizzy, of course dizzy.

So sleepy, she’s a little dizzy now.

Seeing that the woman’s eyes kept blinking and were about to close at any time, Fu Jingting sighed softly, then took her by the shoulders again, took her into his arms, and finally let her lie on his side halfway to him On her lap, “Sleep, no matter when she comes, you can hurry up and sleep for a while, or else where will you be able to face her in a while? If you are not in good spirits, you will also have the same aura when facing her. Lost.”

Rong Shu nodded thoughtfully, “What you said makes sense, and successfully persuaded me, well, I’ll be closed for a while, when someone arrives, do you remember to call me?”

“I remember. Fu Jingting nodded slightly, “With me here, you can sleep at ease.” These words made Rong Shu feel very secure, she closed her eyes slightly, smiled at him, and said softly, “Okay, then I Sleep for a while, but aren’t you sleepy?”

“Not sleepy.” Fu Jingting stroked her long smooth hair and replied gently, “Didn’t I say that it’s not a problem for me to stay for two days in a row, now How long did it take?”

“Okay, you’re amazing, I can’t do it, just remember to call me.”

After speaking, Rong Shu yawned again, and closed her eyes with confidence.

Soon, she let out a long, peaceful breath.

Fu Jingting looked down at her, lightly touched her smooth face with the back of his hand, his thin lips slightly raised.

I fell asleep so quickly, I really fell asleep.

Fu Jingting freed one hand, took out his mobile phone, tapped it twice, and quickly put it down.

Not long after, the door of the lounge opened, and a policewoman came in with a plush blanket and whispered to Fu Jingting, “Mr. Fu, the blanket you want.” Fu

Jingting didn’t answer, but just held out his hand.

Seeing this, the policewoman immediately walked over lightly, stopped not far from Fu Jingting, and handed over the blanket.

After Fu Jingting took it, he nodded to the policewoman and expressed her gratitude.

The policewoman smiled and waved her hand, then glanced enviously at Rong Shu who was sleeping on Fu Jingting’s lap, turned around and walked out lightly.

After going out, he gently closed the door again, and there was hardly any sound during the whole process.

Obviously, before the policewoman came in, she had been greeted by Fu Jingting, and she had to move gently so as not to wake Rong Shu.

Fu Jingting didn’t see how the policewoman left. After he took the blanket, he unfolded it gently, and put it on Rong Shu.

It seemed that he felt something more on his body, and Rong Shu moved a little uncomfortably.

Fu Jingting thought it was because he was too strong when he just covered her with the blanket, and woke her up. He quickly put his hand on her back and patted her like a child.

Soon, Rong Shu became quiet again.

But Fu Jingting still didn't take his hand away and continued to pat her on the back lightly.

I don't know how long it took, when someone knocked on the door of the lounge, he stopped, but he still put his hand on Rong Shu's back and didn't take it away.

People outside the door probably knew that Fu Jingting would not respond, and after knocking twice, the door was opened.

It was the policewoman from before.

The policewoman stood outside the door, but just leaned her head in and said, "Mr. Fu, that Ms. Su Man has already arrived."

Hearing the name, Fu Jingting's face froze. Nodding, "Understood, I'll come out right away."

"Okay." The policewoman smiled and stuck her head out.

In the lounge, Fu Jingting looked down at the woman in his arms who was still thinking about it. His eyes were dark and he seemed to be hesitating whether he should wake her up.

After all, Su Man has already arrived.

But when he called her up, he couldn't bear it.

After all, she slept so soundly.

In the end, after Fu Jingting struggled for a while, he still chose not to wake Rong Shu.

He can handle this kind of thing.

Thinking about it, Fu Jingting lifted Rong Shu's head and gently lifted her head from his lap.

After raising some heights, he also started to get up slowly, stood on the edge of the sofa, grabbed the pillow and put it on the position he had just sat, then put her head on the pillow and gave her a new look. Tidy up your blankets.

Although the arc of his movements is not large, it is not small.

However, Rong Shu was too sleepy, so she still didn't wake up. She just rubbed her head on the pillow and went back to sleep.

Fu Jingting stood on the edge of the sofa, looking at her tenderly while moving his sore thighs and arms.

Seeing her sleep so soundly, even if he had been in the same position for two hours, making him stiff, he felt it was worth it.

If you love her, don't you want the best for her?

After Fu Jingting kneaded his arm, he bent down and kissed Rong Shu's cheek before turning around and walking towards the door.

Out of the door, the policewoman just now is still there.

Seeing Fu Jingting come out alone, she also looked inside the door in surprise.

Seeing that Rong Shu was still sleeping soundly on the sofa, she asked in surprise, "Mr. Fu, Miss Rong is not coming?"

"She is sleeping, let her sleep, I will handle it." Fu Jingting closed the door, lightly said.

The policewoman nodded and didn't ask any more, but she envied Rong Shu even more in her heart.

I envy Rong Shu for finding such a good man.

If only she could find such a boyfriend, how wonderful it would be?

It's a pity, it's hard!

The policewoman sighed with emotion, then shook her head, put aside these messy thoughts, and returned to the way she was at work seriously.

"Mr. Fu, this way." The policewoman gestured towards Fu Jingting.

Fu Jingting nodded and followed her to the other side.

Su Man was taking notes in the recording room at the moment.

Because the man in the interrogation room hadn't explained to the police that the person who hired him was Su Man, Su Man was just a suspect now, not to the point of being directly interrogated in the interrogation room.

Therefore, the police could not send Su Man into the interrogation room, but could only take him to the recording room to make detailed records.

When Fu Jingting arrived, the police were using the photo of the man in the interrogation room to ask Su Man if he knew him.

Seeing the photo, Su Man's eyes flashed quickly, then shook his head very calmly and replied, "I don't know."

"Really?" Fu Jingting narrowed his eyes and spoke directly.

Everyone turned to look at the door.

Seeing him coming in and interjecting without authorization, the police did not have any dissatisfaction, but stood up to say hello, "Mr. Fu." After Fu

Jingting nodded slightly for them, his eyes fell on Su Man at the opposite table. His eyes were very cold and full of expression. Undisguised killing intent.

Facing Fu Jingting's gaze, Su Man's face turned pale, and his body shivered uncontrollably.

too terrifying.

This man actually looked at her with such murderous eyes.

It was obvious that before he looked at her,

Su Man bit his lip, and he was angry and unwilling.

Like Purgatory

Fu Jingting didn't care what the woman was thinking. After he walked in, he stood with a few police officers, stared at Su Man coldly, and repeated what he said just now, "You really don't know this person?"

Su Man lowered his eyelids and shook his head, "Mr. Fu, I'm telling the truth, I really don't know this person, and I want to know, what is the purpose of having me come to the police station at such a big night?"

"Miss Su ? , you are involved in a bad case of robbery and malicious damage to other people's property, and the property loss is as high as several million, which has constituted a criminal case." A police officer looked at Su Man and replied coldly.

Su Man raised his head in shock, "What? Robbery? Do you suspect me of robbery?"

"That's right." The police officer nodded.

Su Man's emotions suddenly became agitated, "You nonsense, I didn't rob? Who did I rob?"

"You robbed Mr. Fu's girlfriend Miss Rong's two dresses." The police officer said, "According to Miss Rong's clues, during the day and afternoon, you were in the same dress shop, and there was a dispute. You still wanted to grab the dress that Miss Rong ordered, but it failed in the end, so we have every reason to suspect that you are holding grudges, and then let people in Rong. After the lady left the mall, she snatched the dress and damaged it. That person is the person in this photo."

"I didn't, I never did such a thing." Su Man suddenly became anxious, her eyes were red, "I don't know this person either. I admit that I did meet Miss Rong in the dress shop, and there was an argument, but I never let anyone take away the dress. I'm just an ordinary person, Rong. The young lady is the chairman of a group, and she is also President Fu's girlfriend, how dare I let someone rob her, am I not asking for my own death?"

"This" the police officer couldn't catch up with what she said.

Indeed, knowing Rong Shu's identity and daring to do these things is asking for a dead end.

People with brains usually don't do such a thing.

Is it really not her?

Seeing the police officer's suspicious expression, Su Man's eyes flashed with a glimmer of light, and the corners of his mouth evoked a slight arc.

But soon, the radian stiffened at the corners of his mouth.

Because Fu Jingting opened his mouth, his voice was as devoid of emotion and warmth as always, which made people feel chills, "You dared to provoke her in front of her when you knew that Xiao Ye is my lover, and dig her corners, why don't you? Dare to let someone steal her things?"

Su Man's face turned pale instantly, and he looked at him with wide eyes, "Mr. Fu, you don't believe me?"

"Who are you to me? Why should I believe you?" Fu Jingting narrowed his eyes Reply to her.

Su Man's mouth opened, "I-I"

"Okay, you don't have to continue quibbling, just go to the evidence." Fu Jingting interrupted her impatiently.

Su Man's face changed when he heard the evidence of the two.

The few police officers on the side were happy.

"Mr. Fu, do you have evidence?" a police officer asked happily.

If there is evidence, they can close the case sooner.

After all, if a case involving millions of dollars is not dealt with earlier and dragged on for too long, it will not be a good thing for those who are police officers.

Hearing the police officer's question, Su Man's face in the wheelchair became more and more solemn, and there was even a little panic flashing in her eyes. She couldn't help holding her hands under the table.

Fu Jingting has evidence?

how can that be!

Su Man was a little reluctant to believe it, but he didn't dare not believe it.

After all, evidence like this cannot be said nonsense.

Fu Jingting glanced coldly at Su Man, who lowered his head and couldn't see his expression, then took out his mobile phone. After a few clicks, a recording was played.

That was in the interrogation room, all the words he recorded from the man.

When he recorded it, it was for this very moment.

After all, he had expected from the beginning that this woman would definitely not admit it, and would make a sophistry.

So take out the recording directly, saving time and effort.

Hearing the conversation between the man and Rong Shu in the recording, Su Man's expression kept changing, which was very ugly.

The moment the recording was over, she immediately shouted loudly, "It's fake, it's fake, I don't know this person at all, how can this person say I bought him? This person must be bought by you specially. You've wronged me."

Several police officers didn't speak, they just frowned and stared at her, thinking about something.

Fu Jingting pulled a chair and sat down, folded his long legs, and said with a blank face, "Wronged you? What do you deserve?"

Su Man's eyes flickered, "Because I offended Miss Rong in the dress shop, So you wanted to get revenge on me, so you planned this on purpose."

"Are you taking millions to get revenge on you?" Fu Jingting cut off her words.

Su Man bit her lip, "You guys are rich, a few million is nothing to you at all."

"A few million is really nothing to me, but if it is used to wrong you on purpose, that's not enough, because You don't deserve it!"

"You" Su Man looked at Fu Jingting with a distorted expression.

This person actually said she was unworthy?

Why did he say that to her!

She saved his life, why did he say she was unworthy!

But in this case, she dared not say it directly, otherwise she would be exposed.

"No matter how small a few million is, it was earned by me and Rong Shu. You don't have the qualifications yet. Letting us take the money we earned to deliberately retaliate against you is humiliating ourselves. Also, you just said that we will retaliate. You, because you offended Rong Shu in the dress shop, you all feel that a little offended, willIf it attracts revenge, then we suspect that you stole the dress to get revenge on Rong Shu for not giving you the dress, isn't it logical? "

" Su Man was speechless at the words, and his face was extremely ugly for a while.

Fu Jingting raised his mobile phone and said again, "You also said that you don't know this man, so how does this man know about you?" Appearance? For example, your wheelchair, does it have special functions? Of course, you can also suspect that Rong Shu and I colluded with him in advance, but there are surveillance cameras in the interrogation room, which record everything that Rong Shu and I went in and out of, including all the words we said. He colluded well, and the monitoring can naturally be clear, but I can guarantee that the final result must be no. "

Speaking, he gave a police officer a look.

The police officer nodded, "I'll call for surveillance." After the

words fell, he immediately tapped on the computer, and then a surveillance video appeared on the big screen in the recording room. The

surveillance compensation was only ten minutes. After all, the police gave him and Rong Shu time to enter. , it was only ten minutes.

Everyone was staring at the big screen and watching the surveillance.

Only Su Man's face became paler and he could see that he was very uneasy.

Fu Jingting's eyes were not on the surveillance, but at Su Man.

Looking at Su Man's flustered expression, his eyes were dark like an abyss, which made people terrified. Su

Man felt his gaze and looked at him. At

that glance, Su Man even felt his own soul, As if being caught, her breathing stopped for a moment.

Because at that moment, she seemed to feel that she did not live on earth, but came to a purgatory on earth.

It was terrible, it was terrible Su Man's body trembled a

little, and quickly buried his head deeply, not daring to face this man again.

She was afraid that if she met again, she would see that terrible scene again.

The small movements of the two were not seen.

Because everyone's concentration at the moment is still being monitored.

Ten minutes passed, and the monitoring ended.

Then everyone looked at Su Man, and their eyes became completely serious.

There was indeed no place for Fu Jingting and Rong Shu to collude with the man in the surveillance, that is to say, the woman in the wheelchair who hired her in the man's mouth was really the real clue given by the man himself.

The woman in the wheelchair and the woman who grabbed Rong Shu's dress in the dress shop were all this Su Man.

Then, it is still self-evident who is the real murderer behind that man.

This is Su Man.

"Miss Su, do you have anything else to say now?" The police officer held a pen and looked at the woman opposite the woman who looked down with her head down and seemed to be in a panic.

Su Man clenched his hand tightly and didn't answer.

What more can she say?

She herself knew that her crime had been exposed, and she was just making a joke.

She just didn't expect that the man would be so useless. After being tortured by Fu Jingting, he explained everything.

Does he not care about his girlfriend?

Seeing that Su Man didn't speak, the police didn't force it. After all, there was evidence. The next step was to summarize the case and go through other procedures.

For example, ask Su Man what is the purpose of doing this, etc., and ask her to sign some documents, etc.

But at this moment, Fu Jingting suddenly said, "I'm afraid this case is not as simple as robbery and damage to other people's property, right?"

Hearing this, the police officers who made the record immediately stopped their movements and looked at Fu Jingting.

"What does President Fu mean?" one of the police officers asked.

Fu Jingting pursed his thin lips, "You guys just watched the surveillance, this woman used innocent people to threaten that man, which is already involved in the crime of coercion and intimidation, and secondly, this is the first time this woman has hired that man, so what is she doing? In such a short period of time, to find out the family background and interpersonal relationship of that man? It can only be said that she has power behind her, and her identity is definitely not as simple as you see. There is information about her in the census. It's fake, you should wonder why she faked her identity, whether she is a spy." As

soon as these words came out, all the police officers were shocked and their expressions became serious.

Yes, if it wasn't for President Fu's reminder, they would never have thought of this.

They really should check this woman, if it is really some kind of spy, they have also made a contribution, not to mention the first-class merit, the second-class merit can't escape.

If not, there must be other problems with concealing the identity as well.

Otherwise, why would a person who is so good have a fake identity?

Is it some fugitive wanted?

In short, no matter what, they have to find out about this woman, or if something happens later, none of them can escape.

Across the table, when Fu Jingting said that her identity was fake, Su Man only felt a bang in her head, as if something had exploded, and a huge sense of fear hit her directly, making her face pale. Out of breath.

Fu Jingting knew that her identity was fake, so did he know that she thought of the possibility, and Su Man suddenly felt a sense of despair.

She thought that her identity was well concealed, but she never thought that Fu Jingting would be able to directly realize that her current identity was fake based on these things.

At this moment, Su Man felt regretful in his heart.

I regretted why my brain was so hot at that time, I insisted on fighting for that tone, and people went to grab the dress. With the idea that I couldn't get it, and I wouldn't let others get it, I cut the dress to pieces.

If she hadn't done this, Fu Jingting would never have realized that her identity was fake.

Seeing Su Man's flustered appearance, Fu Jingting became more and more sure that there was a big problem with the identity behind this woman.

I just don't know what it is.

Several police officers naturally saw Su Man's unease, and became more and more certain that there was something wrong with her identity.

So, they didn't waste time and asked directly about her true identity.

Su Man raised his head, looked at the police officers, and then looked at Fu Jingting, who was expressionless across from him, gritted his teeth and said, "I won't say it."

As soon as these words came out, several police officers frowned.

Fu Jingting didn't react, which was what he expected.

"You didn't tell me?" The officers were obviously dissatisfied with her answer.

There was a violent police officer who even slapped the table with a black face, "Do you think you can fool yourself if you don't say anything? Let me tell you, this is the police station, you'd better explain it honestly, otherwise"

Su Man disdain He sneered, "Otherwise, do you want to be submissive?"

"What kind of attitude do you have!" The violent police officer immediately clapped the table and stood up.

Su Man is afraid of Fu Jingting, but he is not afraid of them. He still sneers again and again, "I have this attitude, I am indeed a suspect, but until I am judged, all my rights can be used normally, so I have the right to remain silent until my The lawyer is here."

These words instantly blocked the mouths of several police officers, and there was nothing to say.

Indeed, she could indeed remain silent until a lawyer came.

Fu Jingting was still not surprised by this result. How could a person who could make up a fake identity and reveal his faults to make him realize his true identity so simply?

If it was really that simple, he would be even more disbelieving.

"Since she wants to hire a lawyer, let her do it, but it shouldn't come tonight. I'll wait for tomorrow . Tomorrow I want to know all the truth." Fu Jingting glanced at Su Man, who was terrified, and his voice was cold. road.

The officers looked at the time, it was almost four in the morning.

At this time, it is true that the investigation cannot be continued. The police officers who are on the morning shift will also come to take over.

Really can only wait for the day to deal with it.

Thinking, several police officers stood up.

The eldest of them looked at Su Man and said, "Miss Su, now you are a key suspicious person, so you can't leave the police station any more, please forgive me."

Su Man lowered his eyelids and said nothing.

She herself is very clear about her current situation and cannot do without the police station, so what's the use of talking.

Fu Jingting didn't even look at Su Man, turned around and left the recording room.

Outside, he deliberately waited for a few police officers who came out later, "Take good care of people, and let me know immediately if anything happens."

"Okay,

Mr. Fu." Go to the lounge.

Rong Shu was still sleeping, not realizing that Fu Jingting had already returned from seeing Su Man.

He walked to the sofa, squatted down and looked at the woman who was still sleeping soundly, he couldn't help chuckling, then gently lifted the blanket over her, hugged her horizontally, and walked out.

In this way, Rong Shu was hugged out of the police station by Fu Jingting, got into the car and left under the envious eyes of several male policemen eating dog food and the female policemen.

When Rong Shu woke up, it was already bright and bright.

She opened her eyes, which were stabbed by the white light.

She frowned in discomfort, then closed her eyes again, and after a while, when her eyes got used to it a little, she opened them again.

After opening his eyes and seeing the familiar ceiling, the familiar bed under him, and the familiar quilt on his body, Rong Shu suddenly fell silent, and the whole person was a little dazed.

what's the situation?

The Wronged Fu Jingting

She remembered that she was in the police station, how could she be in her room?

Rong Shu rubbed her brows and couldn't remember how she got back, so she turned her head to look at the floor-to-ceiling window.

Outside the window, although there was no sun, it was dazzlingly bright.

And she remembered that she went to the police station last night, so what time is it now?

Rong Shu looked away from the floor-to-ceiling window, and then hurriedly looked at the bedside table.

The phone, as always, is there.

She turned around, grabbed the phone, turned on the screen and checked the time. Seeing that it was 8:30 first, she took a deep breath.

It's half past eight!

She remembered that when she was at the police station last night, she was a little sleepy, and then Fu Jingting asked her to sleep on him for a while.

She agreed at the time, and she really fell asleep, and she had no memory of it after that.

Obviously, she never woke up from that sleep, until now.

In other words, she slept until eight in the morning and missed the opportunity to meet and confront Su Man.

Who was it that confronted Su Man?

Fu Jingting or the police?

Just thinking about it, there was a sudden sound of footsteps outside the door. Rong Shu immediately put down the phone and turned to look at the door.

The next second, the door was opened, and a tall figure walked in from the outside, holding a glass of water in his hand, suddenly it was Fu Jingting.

Fu Jingting did not wear the usual neat and tidy suit, but put on a comfortable home clothes.

The off-white home clothes made him a little less cold than usual, and a little more gentle like a spring breeze, making it easier for people to approach.

As soon as Fu Jingting came in, he met Rong Shu's eyes. He was stunned for a while, obviously not thinking that he just came in to see if she was interested, but it happened so coincidentally that she really woke up.

Fu Jingting quickly sorted out his emotions and showed a light smile, "Awake?"

Rong Shu hummed, then clenched her hands on the quilt, and quickly asked, "Jing Ting, did Su Man go last night?" "Passed the police station?"

"Yes." Fu Jingting sat down beside the bed with a water glass.

Rong Shu looked at him, "Then why didn't you wake me up? Didn't I say, you will wake me up after Su Man arrives?"

Fu Jingting coughed lightly, knowing that he was wrong, "You are sleeping too much. It's ripe, and the sleeping face is very cute, I couldn't bear it, so I didn't wake you up."

"You" Rong Shu rolled his eyes angrily.

I never thought that this was the reason why he didn't wake her up.

She thought that Su Man didn't come, so he simply didn't wake her up.

"Don't be angry, drink some water." Fu Jingting looked at the woman's little face turning red, and hurriedly handed the water over to coax.

Rong Shu was indeed a little thirsty at the moment. She looked at the water glass in front of her and the man's undisguised flattery. The anger in her heart dissipated immediately.

But she still pretended to be angry and glared at the man, then took the cup and took a few sips of water.

The winter in Haishi is less rainy, so the air is relatively dry. Even if the humidifier in the room has been running, my throat is still a little dry when I wake up in the morning.

Therefore, she usually prepares a glass of water for herself at night and puts it on the bedside, and when she wakes up the next day, she can drink it directly.

She fell asleep last night and naturally couldn't prepare.

But Fu Jingting is caring. As soon as she woke up, she took the initiative to prepare for her to sleep.

So, how could she be willing to be angry with him.

After drinking the water, Rong Shu handed the quilt to Fu Jingting, "Tell me, Su Man actually went to the police station last night. How did the next thing go?"

Fu Jingting held the water glass in his hand, and there was still more in the glass. some water.

He stared at the spot where her lips had just touched for a few seconds, then suddenly pressed his own lips, raised his head and drank the rest of the water in the cup.

Seeing his move, Rong Shu's face flushed.

This man, doing indirect kissing in the morning.

I really don't know what to say.

When the man finished drinking, Rong Shu gently pulled his arm, "Come on."

Fu Jingting put down the cup, chuckled, and then said, "After Su Man came, I went to see her, and the woman At first, she refused to admit it and kept quibbling. Later, I played the words of the man I recorded in the interrogation room to her, and after listening to it, she naturally confessed her crime."

Hearing Su Man confessed After she did this, Rong Shu suddenly laughed, "Great, but" she looked at the man, "You recorded in the interrogation room? Why didn't I know?"

"Before entering the interrogation room, I quietly turned on the recording, but there were the police at the time, so I couldn't remind you, so I just didn't tell you." Fu Jingting replied.

Rong Shu could understand why he didn't remind him.

Neither the plaintiff nor the defendant can make a private recording of the police station.

Therefore, even if Fu Jingting's identity is there, it is not easy to openly go against the regulations of the state, and he can only steal it.

"Aren't you upset when the police saw you take out the recording later?" Rong Shu looked at the man and asked again.

Fu Jingting laughed softly, "So what if I'm not happy, the recording has already been recorded, and since my identity is there, they have no choice but to turn a blind eye."

If it hadn't been recorded, they would definitely stop it.

How can they stop it?

So just do it.

Rong Shu looked at the man's smug look, and smiled, "It's really yours, did the police say how to deal with Su Man's affairs?"

"Not yet." Fu Jingting shook his head with a serious expression. , "If Su Man is just an ordinary person, then after she admits these things, the police will submit a trial permission to the above, but this time it is not so simple, after the real identity of Su Man is found out, a And deal with this, even I can't change this."

"That's it." Rong Shu nodded, "Understandable, after all, Su Man's true identity is still unclear, and a person can easily make a fake identity for himself, Who knows if it's a spy or a fugitive, it's normal that the police won't deal with it so quickly."

"You can understand." Fu Jingting stroked her hair, "But don't worry, Su Man will end up in the end. Good."

"I've always believed in it." Rong Shu nodded, and then sighed, "It's just a pity for those two dresses."

For the millions, he said that it was gone.

Even if Su Man wanted compensation, it wouldn't be now.

But wait until the identity is clear, after the trial.

I don't know how long it will be.

"It doesn't matter." Fu Jingting looked at Rong Shu and chuckled, "In the morning, I asked Zhang Cheng to prepare a new dress. Although it is different from the previous one, it is better than the previous one. This time, you will not Would you refuse again? Huh?"

He lowered his head slightly and pressed his forehead against hers.

Rong Shu sighed, "Of course not, I'm out of money."

She couldn't afford a dress, and she didn't want to rent it.

Rent a dress to attend a banquet, isn't that slapping the owner of the mall in the face?

She's crazy to do that.

Therefore, she really can only accept Fu Jingting's feeding now.

“Who said you ran out of money.” Fu Jingting pinched Rong Shu’s nose lightly, “My money is your money, but you don’t want to accept it yourself, my grandmother asked me if I ever bought anything for you. , what gift did you give me, I said I have it, but you don’t want to accept it, you always refuse me, my grandmother doesn’t believe what I say, and thinks I’m stingy and stingy, and scolded me.”

Speaking of which, his face There was clearly some grievance on the expression.

Mr. Fu Is Always Well

Rong Shu saw it, and her face was a little embarrassed.

After all, at this point, Fu Jingting was indeed wronged.

It’s not that this man hasn’t given her things, clothes, jewelry, flowers, etc. He can’t wait to give her everything good.

Especially in the period of time when they just got back together, he gave her something almost every day.

But she felt that she had been accepting his things, but she couldn’t return gifts of the same value. She felt uneasy and stressed at the same time, so she refused all of them.

And after he knew her attitude of refusal, he restrained a lot, not so crazy to give her things all at once.

She breathed a sigh of relief.

So, she really didn’t know that her grandmother said he was stingy and stingy.

“Sorry, I don’t know.” Rong Shu bowed her head apologetically.

Fu Jingting rubbed the back of her head, “Okay, I don’t blame you, I also know why you don’t want to accept it, but the matter is really not as serious as you think, we are lovers, and we will get married in the future, which is the most serious thing in the world. Intimate people, what I give you, you can take it without any psychological pressure, because this is my heart, in fact, every time you refuse, I feel that I am not good enough, so you are not willing Accept.”

“No.” Rong Shu shook her head, “I’m just”

"I'm just." Fu Jingting cut off her words, "I just can't help thinking like this sometimes, but I know very well that what you don't want to accept is the truth. The reason is that I just hope that you can relax a little in the future, accept some of the things I give you as appropriate, and don't reject them all, because that's all my sincerity, okay?"

He looked at her with anticipation in his eyes. is serious.

Rong Shu couldn't help but reflect, if she refused all of them blindly, did she really do something wrong.

Thinking of how sadly he looked every time he rejected Fu Jingting's gifts or offers of help.

Rong Shu couldn't help but clenched in her heart.

She tried to think about it for herself. If she was Fu Jingting, Huanhuaxi had prepared the best gift for the person she liked, but the person she liked didn't even look at it and refused directly. How does it taste?

In short, it will definitely not be happy, the first reaction is, is it disgusted? Is the gift you prepared not good enough?

Anyway, it doesn't feel good in my heart.

Thinking about this, Rong Shu looked at Fu Jingting again, and already understood her previous mistakes.

She squeezed the corners of her mouth, smiled at the man, and nodded, "Okay, I won't refuse everything in the future, as long as you give it, I like it, and I will consider accepting it, but the premise is, don't give too expensive ."

She also didn't receive a gift of the same value.

"Okay." Fu Jingting listened to Rong Shu's words and pursed his lips slightly.

In fact, he wanted to say that with his net worth, the gifts he gave were not precious in his opinion.

After all, he has the capital to bear it.

But for her, it was really precious.

It seems that when giving gifts in the future, we have to consider the price.

But just wait until you get married.

Married, what does he want to give her, can she still refuse like this?

She refuses like this now because she thinks that they are not married yet, and their relationship is just a boyfriend and girlfriend who can be separated at any time, not a husband and wife, so it is not easy to accept his gifts.

Only when you get married will all the problems be solved.

But getting married,

Fu Jingting's eyes flashed, and then he looked at Rong Shu meaningfully.

If he offered to get married as soon as possible, would she agree?

Seemingly feeling that the man's eyes were a little strange, Rong Shu blinked and asked, "What's wrong?"

Fu Jingting shook his head slightly, "It's alright, I'm just happy."

"What are you happy about?" Rong Shu looked at him and asked.

Fu Jingting hooked his lips, "Happy, you finally figured out to accept my gift instead of just rejecting it."

Rong Shu stuck out her tongue a little embarrassedly, "I'm sorry, I didn't feel that I was rejecting it before, I will give it to you. What kind of mood does it bring? Speaking of which, I seem to be a little selfish."

"No." Fu Jingting shook his head, "It's also that I often want to give you gifts, which brings you some pressure. We all have problems."

Rong Shu smiled. , "Then we have to change it in the future, okay?"

"Of course!" Fu Jingting wrapped her arms around the back of her head, hooked her head forward, and then lowered his head and kissed her on the forehead.

Rong Shu leaned into his arms and laughed, "By the way, which dress did you prepare? The lady of the mall likes it, but the dress from R's family."

"I know." Fu Jingting nodded, "So What I prepared, or from R's family, I'm your man, how can I hold you back?"

"Go." Rong Shu patted his chest angrily, "Who said you're holding me back, you are better than me? If you are so powerful, I should be the one who is

holding you back.” “No.” Fu Jingting’s expression became a little more serious, “I chose you, how could I not think about us before I was with you? What will the future be like, so, I never thought, what kind of trouble you will bring me, you must not have such thoughts, you know?”

He looked at her seriously.

Rong Shu was taken aback by him for a while, and then smiled, “Okay, no.”

“That’s right.” Fu Jingting’s expression completely recovered, and then he said, “I know that you ordered the dress of R’s family, that is. In order to have the opportunity to make friends with Mrs. Liu, I will naturally prepare dresses from R’s family. The designer is also the same designer. I asked her to redesign dresses for you and me., and expedited production, it will be delivered to the country before the banquet starts, so don’t worry. “

Actually, getting on the line with Mrs. Liu is just a matter of his words.

He didn’t even need to speak. She went to tell Mrs. Liu that she was Fu Jingting’s lover, and Mrs. Liu would make friends with her.

But she knew that she didn’t want to . In that way, she didn’t want Mrs. Liu to think that she was relying on Fu Jingting’s face to get the sales counter.

He admired her self-reliance and self-improvement, but at the same time, she didn’t rely on him for anything, and he was still a little sad

. Now, this time, she still accepted the dress.

Does this count as a good thing that Su Man did?

Thinking of Su Man, Fu Jingting’s face immediately turned gloomy.

Rong Shu felt his sudden anger, and took his arm and asked, “What’s wrong? Fu

Jingting touched her cheek, “It’s okay, I’m just thinking about Su Man’s identity. “

Hearing Su Man’s name, Rong Shu frowned, and a trace of disgust flashed in her eyes,” Has her identity been investigated yet? “

Being able to use the authority to make false identity information means that her real identity is not so simple, and there must be a lot of background behind her. It is impossible to investigate so quickly.” “Fu Jingting explained lightly with his thin lips.

Rong Shu nodded suddenly.

Fu Jingting took out his phone, “Are you hungry?” “

Rong Shu rubbed his stomach, "A little bit. "

Get up and wash up. Zhang Cheng brought breakfast over in the morning, and I've been warming you up for your portion." "Fu Jingting lifted the quilt on her body, then bent down and put her slippers neatly beside the bed.

Rong Shu looked at the man who was busy with her work, and her heart was warm, "You are so kind." "

Fu Jingting chuckled lightly, "Isn't I okay all the time? "

"Yes, yes, Mr. Fu has always been very good." Rong Shu smiled and followed the man's words.

This Time, I Will Get My Divorce Chapter 866

It's the Su Family

The man was naturally very happy to be coaxed, his thin lips were hooked, and his chin was raised unconsciously.

Rong Shu shook his head with a smile when he saw his proud look.

Later, with the help of the man, she put on slippers and left the room and went to the bathroom.

Originally, she didn't want a man to help her, after all, whether she was injured or disabled.

But the man wanted to help her, she had no choice but to go with him.

When Rong Shu finished washing up and came out of the bathroom, Fu Jingting had brought her breakfast out of the kitchen and placed it on the dining table.

Rong Shu walked over, and Fu Jingting opened the chair for her, patted the back of the chair, "sit down."

Rong Shu hummed, walked over and sat down.

Then, there was an extra pair of chopsticks in front of him.

Fu Jingting looked at the chopsticks handed over by the man, raised his beautiful eyebrows, and then reached out and took the chopsticks, "Thank you."

After Fu Jingting replied rudely, he sat down beside her, "Hurry up, it's all for You keep it."

Rong Shu looked at the very delicate breakfast in front of her with a happy smile on her face.

Then she thought of something, paused the chopsticks in her hand and asked, "Have you eaten?"

"Did you." Fu Jingting rested his elbows on the dining table and his palms on his head, nodded slightly and replied, "I got up very quickly. Early in the morning, I had a video conference in your study, and I ate it by the way."

Rong Shu nodded, "That's good."

If you haven't eaten, let's eat together first.

"However, don't you have to go to the Fu Group today?" Rong Shu took a bite of the crystal fried dumplings and asked again.

Fu Jingting shook his head slightly, "I've been busy for a few days, this weekend, I can take a day off, but this is also the last day off before the new year."

After today, he's going to be busy again.

It won't be a little easier until this New Year is over, after the Lantern Festival the next year.

Rong Shu looked at the man with a hint of sympathy in her eyes, "This is something that can't be helped. Whoever makes your family great will have greater responsibility, so bear with it."

She patted him on the shoulder sympathetically.

Fu Jingting glanced sideways at the hand she put on her shoulder, and chuckled, "Okay, let's eat quickly. After eating, go to the police station and see Su Man."

Today Su Man wants to hire a lawyer, then they will Naturally, a lawyer has to be dispatched to deal with the case.

Hearing that she was going to see Su Man in a while, Rong Shu hummed with a serious expression, and at the same time accelerated the speed of eating in her hands.

Su Man, I really want to see you.

I didn't see it yesterday, today, I have to see it again no matter what.

Suddenly, a cell phone rang, breaking the atmosphere a little.

Fu Jingting frowned, then took out his cell phone. Obviously, his phone was ringing.

Rong Shu glanced at him, saw the caller ID on his screen, took a sip of milk and said, "Assistant Zhang's call, answer it quickly."

Fu Jingting hummed softly, swiped his thumb on the screen, and answered the call, "What? What happened?"

"Mr. Fu." Assistant Zhang's voice came from the phone, "Last night you asked me to investigate Su Man's identity, and I found some clues here."

"I found it?" Fu Jingting's back straightened immediately.

He answered the phone and didn't avoid Rong Shu, and even opened the door directly.

So Rong Shu naturally heard Assistant Zhang's words.

When Assistant Zhang said that there was a clue to Su Man's identity, she didn't care about the breakfast in front of her, she stopped the chopsticks in her hand, and stared at the phone in Fu Jingting's hand.

Assistant Zhang nodded and shook his head, "I just found some clues, and I haven't found out what identity Su Man is."

Hearing such an answer, Fu Jingting frowned, obviously not satisfied with the result.

Rong Shu was a little disappointed in her heart, but she was more understanding.

The people behind Su Man tried their best to fake Su Man's identity, so it was so easy for people to check it out immediately.

It's good to be able to find some clues.

"What clue?" Fu Jingting pursed his lips and asked.

Assistant Zhang's expression was very serious, "I found out that Su Man is related to the Su family in the capital."

"What did you say?" Fu Jingting's pupils shrank slightly, and his breath plummeted, "Su family?"

Rong Shu saw the emotions Some wrong men first wondered what happened to the Su family.

But soon, she thought that the man his mother loved was from the Su family in the capital.

Could it be that Su Man is from the Su family?

Su Man,

the surname of the Su family is really possible.

However, the Su family doesn't seem to have any daughter-in-law, right?

The members of the Su family, even someone who doesn't know about the Beijing circle, knows that there are very few members of the Su family.

Because the Su family is a famous one-generation family, each generation has sons, but only one can be born, so how could such a magical family not be famous.

What's more, Su Cheng, the head of the Su family of this generation, is also the true love of Fu Jingting's mother, because he has always loved Fu Jingting's mother and has never been married.

Well, although Su Cheng wanted to get married more than 20 years ago, when he learned that Fu Jingting's mother committed suicide after learning about the news, she immediately cancelled the engagement. She is single and has no children below her knees.

If Su Man is really from the Su family, what does it have to do with Su Cheng?  
daughter?

Rong Shu looked at the man beside her with some concern.

She knew that Fu Jingting had always had complicated feelings for the Su family.

Su Cheng was the man his mother loved deeply, and more likely, the enemy who killed his father.

So when he heard the news about the Su family, his emotions naturally became very depressed.

Rong Shu stretched out her hand and put it on Fu Jingting's other hand, which was clenched into a fist, and patted it lightly for silent comfort.

Fu Jingting felt Rong Shu's worry, looked startled for a moment, then turned to look at her.

Looking at her concerned eyes, his eyes flashed, and he realized that his reaction just now made her a little nervous.

He took a slight breath, then adjusted his state of mind, his tense body relaxed a little, his clenched fist was also loosened, and he held her hand in the palm of his back, and squeezed lightly, expressing himself fine.

On the phone, Assistant Zhang didn't know what Fu Jingting was thinking at the moment, he nodded seriously, "Yes, Su family, I went to Mr. Cheng and asked Mr. Cheng to use his authority to check whether the authority of the census was used. I helped Su Man tamper with the identity information, and finally found out that it was the deputy bureau that manages the census. That deputy bureau has something to do with the Su family. I went to the deputy bureau directly with the evidence that the deputy bureau tampered with other people's identity information. He told me that it was the Su family's master who asked him to do this."

"Su Cheng" Fu Jingting recited the name in a low voice, but the coldness in it was enough to make people feel cold.

After all, this Su Cheng might be the enemy who killed his father.

Although there is no evidence, but the possibility is the greatest.

Naturally, he would not have a good attitude towards this Su City.

"What's the relationship between Su Man and Su Cheng?" Fu Jingting narrowed his eyes dangerously.

Being able to ask Su Cheng personally to falsify Su Man's identity is enough to show that the relationship between Su Man and Su Cheng is not simple.

At least, the very intimate kind.

relative?

Or children?

"I'm sorry, Mr. Fu, I don't know yet. I asked the deputy bureau, but the deputy bureau didn't know either. He only said that Su Cheng asked him to do it, and he did it. The strangest thing is that the deputy bureau told him, I, he did change Su Man's identity information, but he did not create a fake identity information for Su Man, on the contrary, he was correcting Su Man's identity information." Assistant Zhang said again at this time.

Test the enemy

“Correct Su Man’s identity information?” Rong Shu frowned, “What does this mean? Could it be that Su Man’s current identity information is not fake, but real?”

Fu Jingting pursed his lips and did not speak.

Assistant Zhang heard Rong Shu’s voice, nodded and replied, “Yes, Miss Rong, that’s what you guessed, the Deputy Bureau said, Su Cheng told him to change Su Man’s previous identity information to the current one, which is The identity information I found earlier should belong to Su Man.”

“Tell me more.” Fu Jingting said in a deep voice.

Assistant Zhang responded and continued, “It’s the identity information of Su Man before, and he is also an orphan. He grew up in a welfare home, but his name is not Su Man, but Chen Xiaoli. This name was given by the director of the welfare home. It was only changed by Su Cheng to Su Man’s name. The time of the name change was the week before you asked me to investigate Su Man’s information.”

“That is to say, the deputy bureau did not change Su Man’s identity information much, just changed it. Got a name?” Fu Jingting frowned.

Assistant Zhang nodded, “Yes, of course, this is only a side-word of the Deputy Bureau. The Deputy Bureau should not lie. He also did as Su Cheng ordered. What identity Su Man is, we have to find out from Su Cheng.”

Fu Jingting pursed his thin lips into a straight line and fell silent.

Rong Shu looked at him, “I didn’t expect it to be like this.”

I thought that from the census side, I could find out what kind of identity Su Man was.

But I didn’t expect that the census side only changed Su Man’s name, and the rest of the information was exactly the same as Fu Jingting’s previous investigation.

In other words, they just got a name from Su Man’s past, and they still don’t know Su Man’s true identity.

The only thing he knew was that the relationship between Su Man and Su Cheng, the head of the Su family, was not easy.

Fu Jingting nodded slightly, "It doesn't matter, even if I can't find it here, I'll just ask Su Cheng directly."

As he said, he replied to the phone, "Okay, you don't need to continue the investigation. I will contact Su Cheng in person in a while."

"Okay, Mr. Fu." Assistant Zhang replied.

Fu Jingting put down the phone and was about to call Su Cheng.

He has never contacted Su Cheng, let alone met Su Cheng in person.

Because of Su Cheng's relationship with his mother and his doubts about Su Cheng, he never thought that he had any need to meet or contact Su Cheng.

Unless, find out whether Su Cheng is the murderer of his father, and the real murderer who planned his car accident.

After finding out that these were indeed what Su Cheng did, he would meet Su Cheng and send him the last ride. After all, he was his mother's favorite man.

But if it wasn't, or he hadn't checked it out, he wouldn't choose to meet this man, and he would be disgusted.

It's just that he didn't expect that he would contact Su Cheng in advance at such a time.

Looking at the man's knitted brows, Rong Shu bit her lower lip and asked, "Is it okay?"

"Huh?" Fu Jingting looked up at her, as if he didn't understand what she meant.

Rong Shu pointed to the phone, "Is it really okay to contact Su Cheng? Actually, you don't want to face this man right now, do you?"

No child would like a man who misses his mother.

What's more, this man may be the enemy who killed his father.

So, she was a little worried about him.

Seeing the worry in Rong Shu's eyes, Fu Jingting immediately understood what she was worried about, and his heart warmed, and then seriously replied, "It's okay, we have to face it sooner or later, now it's just an advance, and I also want to know, How

will this man react when he hears that it is me, maybe I can know from his reaction what his attitude towards me is, whether it is hatred, or something else.”

He is the son of Su Cheng’s rival in love. If Su Cheng hates him, he will definitely hate his father. Naturally, if Su Cheng kills his father, the possibility of planning his car accident is even higher.

After all, not everyone loves Wu Jiwu, and if they love one person, they love that person’s children. After all, it is a minority.

Seeing that Fu Jingting was going to test Su Cheng, Rong Shu was naturally at a loss for what to say, and nodded, “Okay, no matter what you do, I will support you.”

She knew that he had always wanted to find out who killed his father . the murderer to avenge his father.

Since this was also part of finding the murderer, she naturally wouldn’t stop him.

Fu Jingting looked at Rong Shu, touched her hair lightly, and unlocked the phone.

Just as Fu Jingting dug out Su Cheng’s phone number, which had been found in the past, and was about to dial it, another phone call popped out of his cell phone.

This call came from the police station.

Seeing his black face, Rong Shu couldn’t help laughing and said, “It seems that God doesn’t want you to contact Su Cheng so quickly, okay, don’t do this, answer the phone first, it’s not too late to call when you’re done.”

Fu Jingting watched her soothe herself , raised his chin slightly, “Okay.”

No way, all the calls came, he could only answer it, he couldn’t hang up.

Fu Jingting rubbed his brows and answered the call from the police station.

The calls from the police station were actually similar to those of Assistant Zhang. They all told Fu Jingting that they had found some clues about Su Man’s identity.

The police station also found the deputy bureau. After some cross-examination, it was determined that Su Man’s identity information had indeed changed, but only changed his name. He used to be called Chen Xiaoli, but now Su Man.

Nothing has been changed except the name.

He also said that Su Man’s real name was Su Man, not Chen Xiaoli.

The Deputy Bureau just followed Su Cheng's orders and changed Su Man's name back to his real name.

So as to what identity Su Man is, the police station has already contacted the police station in Beijing, and sent someone to Su's house to ask Su Cheng.

Believe that there will be results soon.

After the call ended, Fu Jingting put down the phone.

Rong Shu snickered on the side, "I'm right. God also wants you not to contact Su Cheng now. No, you don't need to call Su Cheng. The police have already sent someone to ask Su Cheng."

Fu Jingting helped his forehead.

He also did not expect that things would develop like this.

But it's okay, there's no need to rush the temptation.

Now that he doesn't contact Su Cheng, perhaps Su Cheng will also take the initiative to contact him.

If Su Man is very important to Su Cheng, Su Cheng will definitely rescue Su Man and will not let Su Man bear criminal responsibility, then naturally, Su Cheng will ask him.

After all, one of Su Man's damaged dresses belonged to him. If Su Cheng wanted to save Su Man, he had to get his consent.

So there is a very high possibility that Su Cheng will contact him.

Sometimes, there is a difference between taking the initiative to contact the other party and the other party taking the initiative to contact yourself. The difference lies in the momentum and status.

Even if he has a higher status than Su Cheng, but if he takes the initiative to contact Su Cheng, he will always bow his head in aura.

In the same way, Su Cheng took the initiative to contact him, and his aura and status would naturally lower his head.

So, of course, he was also happy to see Su Cheng contact him, and then he could test Su Cheng as well.

Thinking, Fu Jingting looked at Rong Shu, "If Su Cheng wants to save Su Man, he will most likely contact you before contacting me. Don't be afraid and tell me directly."

Su Cheng is a smart person and will definitely investigate. The cause of the incident, to save Su Man, will first start with Rong Shu.

After all, Rong Shu's status is far inferior to that of Su Cheng.

Su Cheng would naturally use his status to bypass him to put pressure on Rong Shu and let Rong Shu understand Su Man.

This possibility is very large.

This Time, I Will Get My Divorce Chapter 868

Jealous men are not easy to coax

Hearing Fu Jingting's reminder, Rong Shu had to take it seriously, and nodded in response, "Okay, don't worry, I will."

Fu Jingting had never seen Su Cheng, and she had never seen her.

I don't know what Su Cheng's temperament is, whether he is a good person or a bad person.

So, for safety's sake, if Su Cheng really contacts her, she will tell Fu Jingting.

After all, she shouldn't be brave alone when it comes to such a dangerous character.

After that, the two stopped talking, Rong Shu ate breakfast quietly, and Fu Jingting accompanied her by the side, occasionally giving her something to feed.

Seeing her cute bulging cheeks while eating what she was feeding, Fu Jingting's eyes darkened, and he seemed to understand why those people loved pets.

"What are you thinking?" Feeling the warm eyes of the man looking at her, Rong Shu narrowed her beautiful almond eyes and stared at the man suspiciously, "I always feel that you don't seem to be thinking about anything good."

Fu Jingting looked Yi Ning, she quickly calmed down her thoughts and replied calmly, "No, you think too much, eat quickly, it's going to get cold."

Rong Shu rolled her eyes.

What does it mean to be cold.

It's still hot.

As soon as he heard that, he changed the subject.

She was sure that he had absolutely no good intentions.

From the way he stared at her as if he was going to eat her, he must be thinking about those yellow scraps.

After all, he hasn't done it before.

Thinking about it, Rong Shu's face flushed, and she buried her head a little bit, so as not to let men find out what she was thinking at the moment.

Otherwise, this man will definitely climb up the pole. As the name suggests, since she's thinking about those things, that's what she wants. He might just make those things a reality.

In short, this man can definitely do it.

Rong Shu coughed twice, shook her head again, and hurriedly threw away the messy things in her mind to eat seriously.

After breakfast, the two went out together, ready to go to the police station.

But on the way, Rong Shu also received a call from Cheng Huai.

Since Assistant Zhang asked Cheng Huai to come out to greet the official and investigate Su Man's identity, it was naturally impossible to hide the secret behind this matter from Cheng Huai.

Cheng Huai naturally wanted to ask clearly what happened to that Su Man.

No, I called Rong Shu to ask.

When Fu Jingting was driving, he was furious when he heard Cheng Huai calling.

After all, it was Cheng Huai who was approached by his people. It stands to reason that if Cheng Huai wanted to know more about what happened in the fight, he would just ask Zhang Cheng directly.

But Cheng Huai didn't do this, instead he passed Zhang Cheng and contacted Rong Shu.

It's obvious, I just want to take the opportunity to talk to Rong Shu.

Who doesn't know the heart of Sima Zhao?

If it wasn't for Rong Shu's refusal, he would have wanted to take her cell phone directly and hung up Cheng Huai's phone.

In front of him, calling her woman, this is not provoking him what is it?

Very good Cheng Huai, you succeeded in provoking my anger!

Fu Jingting's eyes narrowed dangerously, and the cold light flickered inside.

It seemed that he wanted to find something for Cheng Huai to keep his eyes on other people's women.

Fu Jingting drove the car with a gloomy face, and occasionally glanced at the woman who was answering the phone by the co-pilot.

Especially looking at the mobile phone in the woman's hand, I can't wait to let out lightning directly and blow up her mobile phone.

Rong Shu naturally felt the displeasure of the man beside him. The vinegar smell could be smelled in the whole carriage, very strong.

She was angry and funny.

As for it, isn't it just a phone call? It's like being jealous.

That's all, just stop coaxing this vinegar jar.

Otherwise, you will blow yourself up.

Rong Shu shook her head in disbelief, then said a few words to Cheng Huai in a quickened tone, and hung up the phone.

Seeing her put away the phone, Fu Jingting's eyes clearly flashed with satisfaction, but his face was still sour, "Finished?"

"Well." Rong Shu nodded.

Fu Jingting pursed his lips, "Why don't you pick it up for a while?"

With his sour tone, Rong Shu felt that her teeth were sore.

Seeing that he was clearly thirty-one, he could already be considered a middle-aged man, but at this moment, he made a phone call because of this, making him look so naive.

She laughed and shook her head, "If I wait a little longer, some people will be sour."

How could Fu Jingting not hear that some of the people in her mouth were referring to herself. But as if she didn't know anything, she hummed, "I don't know what you said?"

"Okay, don't be arrogant." Rong Shu reluctantly patted his thigh, "After a phone call, I didn't say anything. Say something else, you have heard it, you can still be jealous of yourself like this, you are really enough."

She said angrily and hilariously.

Fu Jingting pursed his lips, "You don't care about me."

"What?" Rong Shu was stunned, "I don't care about you?"

"Well." Fu Jingting nodded.

The corner of Mr. Rong's mouth twitched, "Why don't I care about you anymore?"

"I told you not to answer his call. If you have to answer, you just don't care about me." Fu Jingting glanced at her. .

Rong Shu supported her forehead, "Fu Jingting, you just wronged me."

She looked at him angrily and said, "I don't care about you enough? You were jealous from the beginning, and I've been following you. If I wasn't afraid that you would be jealous and mad at me, I would have followed Cheng Huai so quickly. End the call? I haven't thanked him yet."

"What are you thanking him for?" Fu Jingting frowned.

Rong Shu glanced at him, "You asked Cheng Huai to go to the official relationship investigation Su Man, if you don't thank him, then I have to thank him for you, originally this is what you should do, you're better, and you eat with others I'm jealous ."

Hearing her say that, Fu Jingting not only ignored the loss, but snorted coldly, "Cheng Huai wants to know the details, just contact me, but he contacted you directly, showing his uneasiness and kindness, I also thank you Him?"

Thank you!

He didn't make Cheng Huai whole because he was kind.

Rong Shu looked at the affirmative expression on the man's face, and shook his head speechlessly, "What purpose can he have?"

Fu Jingting said nothing.

How can he say this, do you want to tell his lover that Cheng Huai has a relationship with her?

Just thinking about it psychologically, he was going to die of anger, and he still said it?

Seeing that Fu Jingting didn't say anything, Rong Shu didn't bother to think about what he was thinking, and said softly, "Okay, don't be jealous in the future, I'm all with you, and when I talk to other men, I just say something very interesting. Ordinary things, there will be nothing, I still speak in front of you, with a loudspeaker, you are not jealous, and there are so many men in this world, should I avoid talking to everyone? Men talking and touching? Then I avoided it?"

Unless she was locked up and imprisoned for life.

But would he dare to do so?

Hearing Rong Shu's words, Fu Jingting's expression became slightly less tense, but he still didn't speak.

In fact, it's not that he doesn't know that it's okay for her to talk to other men.

It's just that what he cares about is that the man she's talking to doesn't have ordinary thoughts about her.

If the person talking to her was a strange man, he wouldn't have such a big reaction.

Rong Shu didn't know what the man was thinking, she just thought that the man was still jealous, sighed, and then raised a smile, "Okay, don't be upset, you see I'm here to coax you, I The first time I found out that you were jealous, I ended the call with Cheng Huai, and then I came to coax you, if you are unhappy, you will be a little too far ahead, and I will be angry too."

Fu Jingting's Classmates

She wasn't joking, she was serious.

After all, she was coaxing her in a good voice and angrily, but if she couldn't coax her well, she would definitely not feel comfortable.

There is a feeling of my own, feeding the dog.

Naturally, she would also be unhappy.

As if seeing that Rong Shu was not joking, Fu Jingting straightened his back and looked condensed, then shook his head, "I'm not unhappy anymore, I'm all right."

Rong Shu looked at the man who was sitting upright. Look, can't laugh or cry.

How could she not see that the man immediately said that he was alright because of his attitude.

Isn't she afraid that she will be unhappy.

Let him know something.

"Since you're not unhappy, let's laugh." Rong Shu looked at Fu Jingting.

Fu Jingting's thin lips twitched, revealing a somewhat reluctant smile.

Rong Shu nodded, "Yes, yes."

In fact, his smile was ugly.

But she knew that he always didn't like to laugh, and would only smile when he was deeply in love, but it was also a low smile.

If someone like this makes him laugh, he will never laugh.

And he is willing to give her this face, which is already very good.

Therefore, she naturally accepts him smiling like this.

The atmosphere in the car finally returned to what it was before the door, as if nothing had happened just now.

Fu Jingting didn't mention it, and Rong Shu naturally didn't mention it either.

Half an hour later, the police arrived.

Rong Shu and Fu Jingting went in holding hands. After registering in the police station hall, someone took them to see Su Man.

However, it was unfortunate that Su Man was being questioned by the police station at the moment, and it was not suitable for him to meet.

Rong Shu was not disappointed. After all, she still knew the rules and was willing to follow them, so she and Fu Jingting walked to the row of chairs to the side and sat down and waited.

After Su Man's side is over, it's not too late to go in and meet Su Man.

But what is surprising is that as soon as the two sat down on the row of chairs, a man in a suit came to them.

Rong Shu felt that there was a shadow in front of her. She looked up and saw a man with glasses. Although he looked ordinary, his face was full of confidence, as if everything was under control. He was smiling at her and Fu Jingting. .

That smile is polite and warm, and logically speaking, it should make people feel good.

But Rong Shu didn't like this person, but rather resented it.

She frowned and asked, "Who are you?"

This man has an extraordinary temperament, and the suit he wears is also a brand, and his identity is estimated to be unusual.

Rong Shu didn't know the man, but Fu Jingting next to her recognized it.

Just because he recognized it, his face was a little unsightly.

"Are you Su Man's lawyer?" Before the man could answer Rong Shu's question, Fu Jingting had already spoken and directly revealed the man's identity.

"Lawyer?" A slight surprise flashed in Rong Shu's eyes, and then she stared at the man in front of her.

It turns out that this person is a lawyer, and this image really looks like a lawyer.

It's a pity that it is indeed Su Man's lawyer.

No wonder she didn't have a good impression when she saw this person for the first time.

How can she feel good about someone who is related to Su Man?

"Yes, Mr. Fu, I'm Miss Su's attorney. Mr. Fu, it's been a long time." The man replied with a smile to Fu Jingting. There was indeed a bit of embarrassment in his smile.

Rong Shu saw it, and looked at Fu Jingting, whose face was dark, and tilted his head in doubt, "Do you know this lawyer?"

Fu Jingting narrowed his eyes and snorted, "I know, he is also my classmate in college, and he is also the former head of the legal department of the Fu Group."

Following his introduction, Rong Shu's eyes widened.

University classmates?

Minister of Justice?

Rong Shu looked at the man opposite in horror.

In her eyes, the man became more and more embarrassed and embarrassed.

He touched the tip of his nose and seemed a little embarrassed, "I'm ashamed."

"You're Fu Jingting's classmate, or his former Minister of Legal Affairs, how could you be a lawyer for Su Man?" Rong Shu asked her doubts.

As a lawyer, it is impossible not to find out who your employer's counterparty is before taking an order.

Knowing the identity or status of the other party before considering whether or not to accept the order is something that a lawyer will do. Otherwise, the other party of your employer has a lot of background, and no matter if you lose your lawsuit, you will definitely offend the other party if you win. , being hated by the other party, it would be troublesome to start secretly.

So this lawyer, before he became Su Man's lawyer, must have figured out that Su Man's counterparty was her and Fu Jingting.

Since he knew it was Fu Jingting, the lawyer should avoid confrontation with Fu Jingting and reject Su Man, but the lawyer did not reject it and directly became Su Man's attorney.

This lawyer felt that his identity was higher than that of Fu Jingting, so he was not afraid of offending Fu Jingting.

Still think that he has so much friendship with Fu Jingting that Fu Jingting will not do anything to him?

Rong Shu's thoughts were so easy to understand that they were almost written on his face. The lawyer was even more embarrassed, "About this, Mr. Fu should know."

Hearing this, Rong Shu immediately turned to look at Fu Jingting, " you know?"

Fu Jingting squinted, "This person is very greedy for money, and he can act as Su Man's attorney under the premise that I am Su Man's opponent, and knowing that this is an unwinnable lawsuit, there is only one reason for Su Man to give The price is very high."

Rong Shu immediately looked at the lawyer again, as if to confirm whether it was true.

The lawyer nodded quickly, "No way, she gave too much." He covered

his face ashamed, "Actually, I just went through the process, I read the case file in detail, and understood the whole thing. In the process, the main fault is my employer, and the evidence is conclusive. She admitted it herself. Even if a lawyer is hired, it is impossible to overturn the case, and it is impossible to win the case. The reason why I took this hot potato was to get It's just this money, after all, this money is sent directly to my mouth, so I don't eat it for nothing."

"Rong Shu's mouth twitched silently, which seemed to make sense.

If it was her, she might not refuse.

After all, this money is almost directly sent to the hand.

If it doesn't, it's a brain problem.

Therefore, after hearing the lawyer's words, Rong Shu somewhat understood why the lawyer took Su Man's order.

"I'm afraid it's not that simple, is it?" At this moment, Fu Jingting squinted his eyes and suddenly said, "Whoever knows a little about this case knows that Su Man will definitely lose, please mediate from among the lawyers, and more It's just a process, so isn't it better to hire a lawyer? Why do you have to pay a lot of money to hire you? Come on, did the people behind Su Man specially invite you to come my way?"

He stared at me. with a lawyer.

The lawyer pushed the silver-rimmed glasses on the bridge of his nose and smiled helplessly, "Mr. Fu, I really can't hide anything from you. From college to now, your insight is still so sharp, yes, Mr. Su did it on purpose. I, he didn't know where he knew that I had a little friendship with you, so he paid a lot of money to invite me, I hope you can take my face and show some affection to that Miss Su."

He pointed in the direction of the interrogation room.

Su Man was inside at this moment.

Rong Shu looked at the man beside her and the lawyer in front of her, and tutted her heart.

Show mercy?

Let Fu Jingting show mercy, and the people behind Su Man might be disappointed.

Fu Jingting was not the kind of person who would look at people's face.

Unless the person is a grandmother, or her.

is jealous again

It's not that she elevates herself, but that Fu Jingting has strong feelings for her now.

She is still very confident, as long as she opens her mouth, he will fulfill her whatever she wants.

Even if you let Su Man go.

But, will she let Su Man go?

Certainly not!

Therefore, she could only say that the person behind Su Man made a wrong wishful thinking.

Sure enough, before Fu Jingting could take the lawyer's words, the lawyer touched the tip of his nose and spoke first, "Of course, I know this is impossible. Although President Fu has a little friendship with me, this kind of friendship is almost possible. Ignore it, how could President Fu show mercy to Su Man in my face."

"Since you know, why don't you accept it?" Rong Shu said.

The lawyer knew her relationship with Fu Jingting, so she was very polite, smiled and said, "That's the same sentence, for money, Mr. Su, who is behind Miss Su, can promise that as long as I come forward, Mr. Fu will talk to him. Just give me five million."

He opened five fingers.

Rong Shu sucked in a breath, "Five million is really a big deal." The

lawyer nodded in agreement, "No, the five million delivered to the door, plus the lawyer's fee for the order, totaled seven million. , how can I refuse."

Rong Shu smiled, "That said, what if your intercession fails? Isn't the five million gone?"

"That's not true." The lawyer shook his head, "About this Question, I asked Miss Su. After all, as a client, I know very well how my real friendship with President Fu will be, and I also know that President Fu will definitely not be soft-hearted because of my intercession, so I put this on at the beginning. One point, I made it very clear to Mr. Su. In fact, Mr. Su knew in his heart that I would not succeed in interfering with me, but he still insisted on giving it a try. Since he said so, I will naturally take the money. There is no more psychological burden."

He said with a hand spread.

Rong Shu really admired this man and couldn't help but give a thumbs up, "Aren't you afraid that your lawyer's reputation will be damaged by doing this?" The

lawyer smiled and said, "What is reputation compared to money?"

" " Rong Shu was speechless. received.

This person, as Fu Jingting said, is greedy for money.

But you can also understand that in this world, who is not greedy for money?

She is also greedy, and Fu Jingting is also greedy.

Otherwise, why would she and Fu Jingting work so hard for their respective groups?

"So you came to me now to intercede for Su Man?" At this time, Fu Jingting finally opened his mouth again, staring at the lawyer with cold eyes.

The lawyer pushed his glasses and nodded, "Yeah, it's just a passing scene. Anyway, I also took over the job. Even if I know it's useless, my attitude should be here. This is what I should do as a migrant worker."

Awesome!

Rong Shu gave this person a thumbs up again, only to think that she really admired this person.

Seeing the woman's movements, Fu Jingting pursed his thin lips displeasably, then bent down her thumbs up, and looked at her with warning eyes.

She was not allowed to admire other men, only him.

Rong Shu rolled her eyes speechlessly, amused, but she nodded, promising to admire only him and not other men in the future.

Seeing this, Fu Jingting turned his eyes away in satisfaction and landed on the lawyer on the opposite side, "If you do this, you won't be afraid that I will be unhappy?" The

lawyer adjusted the tie around his neck and replied confidently, "Although I Your friendship with Mr. Fu is not very good, but it can be regarded as understanding you. You know the final result and my character, so you will not really care about me. It is precisely because I know this point that it is not me. Do you dare to take the order with confidence?"

Fu Jingting snorted coldly and said nothing.

Indeed, it is precisely because he does not really care about this person, so he does not show too much reaction and emotion.

After all, no matter what this person does, it will not change any of his decisions.

What's more, this person was only going through the motions when he took the order, and he didn't really rehabilitate Su Man, so he naturally wouldn't stop this person from making money.

Rong Shu turned her face slightly to the man beside her, and saw that there was no other expression on the man's face other than a touch of indifference, she knew that the lawyer was right.

It seems that this lawyer really knows Fu Jingting very well.

"Since you know he doesn't care, why don't you hurry up and plead with Su Man and go through the motions? After we're done, we'll be going to see Su Man in a while." Rong Shu looked at her watch and said to the lawyer.

A police officer who just brought them here said that Su Man's interrogation would end in about half an hour.

It's almost half an hour now.

That naturally has some time, and it should be hurry.

Hearing Rong Shu's reminder, the lawyer quickly looked at Fu Jingting.

Seeing Fu Jingting's expressionless face, but not refuting Rong Shu, the lawyer knew what Fu Jingting meant. He took a higher look at Rong Shu's position in Fu Jingting's

heart, then broke his tie, and immediately pretended to be a pair of faces. With a very polite appearance, he took out his mobile phone and pressed it a few times, and said to Fu Jingting, "Mr. Fu, hello, I am Ms. Su Man's attorney. This time, I mainly want to know, Mr. Fu, your attitude towards this case. , is there any intention to resolve it privately? Of course, for compensation or something, we will definitely satisfy President Fu and Miss Rong, as long as both President Fu and Miss Rong forgive Ms. Su Man for this behavior, so the two of you can discuss it? "

"No, get out!" Fu Jingting was expressionless, and uttered three words in a cold voice.

Although Rong Shu didn't speak, he nodded earnestly, indicating that Fu Jingting's attitude was his own.

The lawyer pushed his glasses, and the expression on his face changed again, from being polite to sighing, and he sighed directly, as if he was very regretful, "Okay, I know what you two mean, sorry to disturb you two. It 's over." The

lawyer saved the recording and put it into his pocket with satisfaction, "Okay, the process is over, with this recording, I can exchange the five million."

Rong Shu Hearing this, and looking at the lawyer's appearance of being a wealthy fan, he couldn't help laughing, "This is really the most careless cut I've ever seen, and everyone can hear it. This is acting. If I hand over this recording, can others really give money?" The

lawyer patted the suit pocket where the cell phone was placed, "Don't worry, Miss Rong, I will, the other party just said, as long as I plead with President Fu for Miss Su, Just give me the money, I just begged for mercy, even if it was acting, it was a begging, after all, the regulations at the time didn't say that you couldn't act."

" " Once again, Rong Shu was speechless.

This guy is right.

She was speechless.

And this person's mouth is really powerful, he can really speak.

I am afraid that in the legal profession, is a great figure.

Thinking about it, Rong Shu took out her mobile phone and prepared to look at the lawyer's detailed information on the Internet.

Seeing this, his eyes widened, and his eyes changed when he saw the lawyer in front of him.

This guy is really unusual.

“What are you looking at?” Just when Rong Shu was full of surprise at the lawyer, a big hand suddenly stretched out in front of her eyes, and then blindfolded her directly, isolating the amazed and admiring gaze she had seen when she looked at the lawyer.

Fu Jingting’s thin lips pursed into a straight line, and his face was obviously stinky.

Thinking of the way she looked at the lawyer made her feel uncomfortable.

Therefore, the way he looked at the lawyer changed, becoming as sharp as a knife.

“What, what’s the matter?” The lawyer was confused, not knowing where he had offended Fu Jingting, Fu Jingting looked at him with such terrifying eyes.

Just when he wanted to ask clearly, Fu Jingting spoke up, his voice cold and ruthless, “Go away!” The

lawyer twitched at the corners of his mouth. Knowing that this man was really angry, he didn’t dare to stay any longer. He nodded and walked away quickly.

Rong Shu took off the man’s hand covering her eyes, pouted and looked at the man in dissatisfaction, “What are you doing?”

Fu Jingting didn’t say a word, cupped her face with both hands, and then moved closer to her. Only then did he lightly open his thin lips, his voice was low, and he said word by word, “You are not allowed to look at other men like this in the future, and you are not allowed to use that kind of admiring eyes, do you hear? You can only look at me like this!” In the

man’s tone The sour taste and suppressed jealousy suddenly made Rong Shu react. The look in the lawyer’s eyes just now made him uncomfortable, and he felt a little funny.

Seeing that Rong Shu didn’t answer him, Fu Jingting just laughed, and became unhappy again, “Did you hear that?”

He repeated, and at the same time squeezed Rong Shu’s face a little harder.

Rong Shu nodded quickly, “I heard it, I heard it.”

Seeing this, Fu Jingting released his hand.

Rong Shu rubbed her little face that was flushed by him, and said angrily, "You really are, why are you so jealous, and you have eaten three times a day today."

Fu Jingting was silent for a few seconds before answering, " Because I love you so much and care about you so much. I used to be hypnotized and let you be by my side. I didn't even know that you were my lover. It's the second time, so I value you more than anything else, and naturally I can't accept that you distract too much attention from others."

It's not that he didn't know that he was too jealous, and he always took some inexplicable decoctions. .

But he can't control it.

She is the treasure he lost and found, and he can't wait to melt into the existence of his soul, how can he allow her, all her attention and thoughts are not on him.

Listening to the man's words and looking at the man's expression, Rong Shu sighed, knowing in his heart that he just felt insecure.

He had lost her once, so naturally he didn't want to lose her a second time.

He has always been afraid that her heart will be taken away by others, because she has been disappointed with him and never loved him.

Sighing, Rong Shu hugged Fu Jingting's arm.

In the past, the person who was insecure was her, but now, it has become him.

"Don't worry." Rong Shu rested her head on the man's shoulder and her voice softened, "In my heart, you are the most important one, even if I pay attention to others, it's just curiosity, not something about that person. What, so you don't have to worry at all, my attention to you will always be the one with the most."

Unless, they are no longer lovers, but irrelevant strangers.

Then, of course, she wouldn't pay attention to him anymore.

Of course, she didn't need to say these words.

Otherwise, the man should be unhappy again.

After listening to Rong Shu's words, Fu Jingting's tense expression became much better, but his voice was still a little dull, "What are you curious about? Look at him with that kind of admiration?"

Rong Shu hugged his arm tightly, "Of course. I'm just curious about his resume, what do you think it is?"

She raised her head and glanced at him, "He doesn't look as good as you, and he doesn't have a good figure. Am I still interested in him?"

Fu Jingting heard The woman praised herself for her good looks and good figure, her thin lips curled uncontrollably, "It's not too bad."

Rong Shu rolled her eyes in her heart, her face full of amusement.

This man is really boring.

When I praised him, I couldn't be more happy.

However, when she just praised him, she stepped on the lawyer Wang. It was her fault, and she could only apologize to the lawyer Wang in her heart.

"However, why are you curious about his resume?" Fu Jingting asked, looking sideways at the woman leaning on his shoulder.

Although he was really happy that he had such a good image in her heart, he still had to ask what she was paying attention to about that person.

Rong Shu felt that he would not give up until he asked clearly, and the corners of his mouth twitched silently.

That's all, he wants to know, so tell him.

Otherwise, keep asking.

Rong Shu rubbed his temples and replied, "I just saw that lawyer Wang is good at eloquence, so I wondered if he is a great lawyer, and then I checked his information on the Internet and found that he is actually one of the top ten gold medals in the country. One of the lawyers, or the top three, I originally thought he was an ordinary lawyer who was greedy for money, but I didn't expect to be so talented, so I was surprised."

Speaking of which, she looked at the man and met his eyes. "Speaking of which, why would such a big-name lawyer let him go and not stay with the Fu family?"

Although it does cost a lot of money to raise a big-name lawyer every year, for Fu Jingting, it's not worth mentioning at all.

Therefore, he let the lawyer go, which made people curious.

“He resigned himself.” Fu Jingting said quietly.

“Why?” Rong Shu was puzzled. “He is the Minister of Legal Affairs. The annual salary you give him is definitely not low. At least it must be higher than what he is doing now. He is so greedy for money, so he is willing?”

“He doesn’t go, he The position of the minister will be replaced sooner or later, so the tone of the voice is replaced by others, it is better to let it go, at least it looks better.” Fu Jingting replied while playing with her soft little hands.

Rong Shu tilted her head, “What do you mean?”

“It means that the legal department at that time, except for his In addition to the top three gold medal lawyers in the country, I have also raised a national first, who is now the head of the legal department of the Fu Group. Fu Jingting raised the back of her hand and kissed her.

Rong Shu’s eyes widened, “I see, so I understand. “

Instead of her, she also resigned.

After all, a number one in the country is always eyeing her position, and she doesn’t have much confidence in keeping her position, so it’s better to go by herself.

“That’s right. “Suddenly thinking of something, Rong Shu sat up straight,” Lawyer Wang kept referring to Mr. Su before, is this Mr. Su Su Cheng? “

“It was him. Fu Jingting raised his chin with certainty.

Rong Shu frowned angrily, “If I had known, I would have asked Lawyer Wang about the relationship between Su Cheng and Su Man. “

“It doesn’t matter, we have a chance. “Fu Jingting squinted, his eyes flickered darkly.

Rong Shu looked at him and was about to say something when a police officer came over, “President Fu, Miss Rong, you can go see Su Man. Hearing this, Rong Shu immediately pulled Fu Jingting to stand up, “

Okay, please show me the way.” The

police officer smiled politely and made a gesture of invitation.

Rong Shu and Fu Jingting came to the interrogation room. As soon as they entered, they saw Su Man sitting in a wheelchair with his head lowered and his expression unclear.

Because of Su Man's Her legs are temporarily unable to walk, so the police are also very human. They did not let her sit in the regret chair, but let her sit in her wheelchair for cross-examination.

But even so, after a day, Su Man was still very uncomfortable. She suffers less, and her mental state is very poor.

Obviously, last night, Su Man had a very bad time at the police station.

Although it is impossible for the police to impose corporal punishment on her, she will give her own heart and spirit. Self-inflicted damage.

Therefore, Su Man's current situation is almost caused by himself.

Fu Jingting's Doting

Guilt, fear, and nervousness will all cause mental weakness at the moment.

But in Rong Shu's view, this is what it deserves.

"Miss Rong, President Fu, you are here." The police officers in charge of interrogating Su Man saw Rong Shu and Fu Jingting, and immediately greeted them.

Fu Jingting gave a light hum, which was a response.

Rong Shu was more polite, smiled and nodded to them, "Well, here we go."

Hearing her voice, Su Man, who had been lowering his head on the opposite side, instantly raised his head and looked directly at Rong Shu.

That look, not to mention too harsh.

Seeing this, Fu Jingting's air pressure plummeted.

Rong Shu squeezed his hand lightly, signaling him to calm down first, then let go of his hand and prepare to walk towards Su Man.

But as soon as she took a step, Fu Jingting grabbed her hand, "Don't go there, be careful she hurts you."

Rong Shu turned her head and smiled at the man, "Don't worry, this is the police station, she dare not, and she A person in a wheelchair is not my opponent."

She still has this confidence.

Although her strength is not comparable to that of men, she is considered a lot stronger among women.

She was able to press and beat Rong Yuan unilaterally, not to mention Su Man who couldn't stand up in a wheelchair.

I believe that if she systematically learns to fight, I am afraid that some men can beat it.

Seeing the self-confidence in Rong Shu's eyes, Fu Jingting had no choice but to trust her, put down his worries temporarily, and let go of her hand, but he still warned uneasy, "Be careful and be vigilant."

Even if Su Man Not her opponent, but in case of overcast, she can't be prepared, and she is still easily injured.

Looking at the man's nervous look, Rong Shu felt warm in her heart and nodded with a smile, "I will, and aren't you still behind me? I believe that you will keep looking at me and won't hurt me, right? ?"

Fu Jingting raised his thin lips slightly, "En."

"That's enough." Rong Shu smiled, turned her head back, and continued walking towards Su Man.

Fu Jingting really looked at her like that, frowning tightly, for fear of what danger would appear around her.

Several police officers on the side saw this scene, and their hearts were all complicated.

Hey, hey, calm down!

This is the police station, it's busy with business right now, it's not the time for you to spread dog food.

However, they still couldn't say these words.

Under Fu Jingting's uneasy gaze, Rong Shu came to Su Man.

Su Man's hands were handcuffed and placed on his legs, but his fists were tightly clenched, and as Rong Shu approached, he tightened his grip, and the blood vessels on the back of his hands protruded.

One can imagine how much anger and hatred she is suppressing at this moment.

Rong Shu glanced at Su Man's clenched hands, then glanced at Su Man's ugly face and the resentment in his eyes, and suddenly sneered, "You hate me?"

Su Man bit her lip and said nothing, but the meaning was It's already obvious.

She admits it, she just hates it.

Rong Shu's red lips curled into a sneer, then raised her hand, and in the disbelief and astonishment of everyone's eyes, she suddenly slapped Su Man's cheek with a slap.

Snapped!

A crisp sound.

Su Man's entire head was fanned to one side.

She covered her face, her eyes widened, her face was pale, her mind was buzzing, and she was stunned.

Not to mention Su Man, everyone else in the interrogation room was stunned.

For a while, in the huge interrogation room, no one spoke, and the quiet needle drop could be heard.

Because no one expected that Rong Shu would suddenly act, and act so directly.

The first to react was Fu Jingting.

When Fu Jingting got up, he did not expect that Rong Shu would suddenly slap Su Man, so he was stunned for a while, but after realizing it, he smiled with his thin lips hooked.

Then, he raised his foot and walked towards Rong Shu.

After Rong Shu finished beating Su Man, she lowered her head and rubbed her wrist.

For the slap just now, she used a lot of strength and showed no mercy.

So now, her wrists are somewhat pulled and numb.

After all, the effect of force is mutual, and when he hits it, he also shakes his hand.

“Show me.” When he came to Rong Shu’s side, Fu Jingting just saw Rong Shu’s movements of moving his wrists. The smile on his face disappeared, and he spoke in a deep voice.

Rong Shu stopped the movement in her hand, turned her head and looked over, “Why did you come here?”

“I’ll see if you’re injured.” Fu Jingting said, pulling her beating hand to him.

Rong Shu chuckled, “How could I get hurt? I hit her, not her.”

That’s it!

At this time, the sluggish police officers also came back to their senses.

They didn’t expect to hear Fu Jingting’s somewhat speechless words just after they came back to their senses.

Fortunately, Miss Rong is still very reasonable.

That’s right, even though it was Miss Rong who beat him, President Fu still thought that Miss Rong was injured.

That’s a bit cheeky.

As for Su Man who was beaten, he was still covering his face at the moment, still in shock, and he didn’t recover.

Fu Jingting didn’t know that these police officers were complaining about him in his heart, and he didn’t give them a look.

And even if he knew, he didn’t care.

The only person he cared about was Rong Shu.

He spread out Rong Shu’s palms, looked and looked, and saw that her palms were all red, and her face was tense.

“What, what’s wrong?” Rong Shu groaned inwardly when he saw his expression was so solemn.

Did something happen to his expression?

Fu Jingting touched the palm of Rong Shu’s hand distressedly, and his voice became more and more low, “You said that you were not injured, but you see your hand is red.”

“ Rong Shu was silent, and her expression suddenly became a little stiff.

The other police officers fell to their knees, speechless.

They also saw Fu Jingting’s solemn expression just now, and they thought something important happened just like Rong Shu thought.

But the result was unexpected, is this?

That’s it?

Isn’t it because the palms of his hands are red, as for him making such an expression to make people misunderstood?

The police officers roared in their hearts, but they all kept an extremely reluctant smile on their faces.

If it wasn’t for this man’s identity, they really wanted to stab this man, and it was terrifying at first glance.

Here, Rong Shu finally came over, took a deep breath, and looked at Fu Jingting speechlessly with the other hand on his forehead, “If I hit someone, the palm of my hand will definitely be red. This is not unusual.”

Fu Jingting’s thin lips He sipped tightly, “If you’re like this, you must be in pain when you hit someone, right?”

Rong Shu couldn’t deny this.

She just said that the effect of force is mutual. When she hits Su Man, her palms will definitely hurt. Not only that, but her wrists are a little numb.

Otherwise, why did she just rub her wrist.

Fu Jingting looked at Rong Shu and nodded, and dropped a kiss on the palm of her hand in distress, “In the future, you don’t have to do it yourself, let others do it, so as not to hurt yourself, especially this kind of cheeky one. It’s easier to get hurt, even if there is no one to help you, you can find a tool to fight, and you won’t be hurt.”

As soon as these words came out, the interrogation room was quiet again.

The police officers looked at Fu Jingting as if they were looking at monsters.

No, Mr. Fu, are you polite?

Your lover acts against people in public, and you don't blame her for her behavior. You even help her with a personal attack, and give her an idea to be beaten on her behalf.

Where did you put them as cops?

However, although these police officers were active in their hearts, they still did not speak in tacit understanding.

This Time, I Will Get My Divorce Chapter 873

The stupidest woman

Rong Shu had recovered at this moment. He looked at the man who rubbed his wrist and kissed his palm from time to time. He couldn't hide the distress in his eyes, and a gentle and beautiful smile appeared on his face.

How can this man be so cute?

"Okay, I'm fine, the pain is gone." Seeing that Fu Jingting seemed addicted, Rong Shu remembered that it was still a police station, and there were many police officers behind her watching. She felt a little embarrassed at this moment, and hurriedly took a puff. hand, stop man.

She was afraid that if she didn't stop her, the man would have to go further.

Fu Jingting knew her well, and naturally knew why she suddenly pulled out.

He glanced coldly at the police officers, and although he was a little reluctant, he still respected Rong Shu and let go of her hand, "Remember what I just said, in the future, when you hit someone, let others do it, don't do it yourself. Take a shot, or hit with a tool, so as not to hurt yourself and get your hands dirty."

Seeing the man's serious and serious proposal, Rong Shu nodded dumbfoundedly, "Okay, I remember, I will try it later. "

Yes." Fu Jingting was satisfied.

At this time, Su Man, who had been sluggish and confused, finally came to his senses.

She straightened her head that was turned to one side, but the hand covering her face still did not come down from her face.

Because at this moment, her face is still hot and her ears are buzzing.

One can imagine how heavy that slap was just now.

Even if she doesn't look in the mirror now, she can imagine what the half of her face that was beaten looks like, it must be swollen!

Su Man felt his hot face, and then looked at the two people who were next to each other, the maliciousness in his eyes was about to erupt, his body couldn't stop shaking, and his voice was like a ghost, "Rong Shu, you actually Hit me up!"

she growled loudly.

Rong Shu and Fu Jingting looked over together.

Fu Jingting narrowed his eyes slightly, and the coldness and killing intent in his eyes were enough to freeze people.

But at the moment, Su Man's entire attention was on Rong Shu, so he was not affected by it.

Rong Shu hooked her red lips and looked at Su Man indifferently, "Why don't I dare to hit you? You hate me so much that you want to kill me, so I can't help thinking about doing it to you. If you stay, then just don't control it, just do it directly, so as not to suppress yourself and damage yourself, then the gain will outweigh the loss."

As she spoke, she glanced at her slender hand.

That hand just happened to be the hand that touched Su Man.

She put her hand in front of Su Man, and the smile on the corner of her mouth became a bit nasty, "How is it? I just slapped me, is it comfortable?"

"You" Su Man stared at Rong Shu with a split canthus.

Rong Shu was not afraid of her appearance, and put down her hand indifferently, "It seems that you are very comfortable, you can't speak when you are comfortable."

Fu Jingting looked at the naughty Rong Shu fondly.

Not to mention, the way she is teasing Su Man now has the style of a queen, and she's still the kind of queen with the character of a little devil.

It's more like wearing a leather jacket and holding a whip.

Fu Jingting's eyes darkened, and he couldn't help imitating in his mind Rong Shu wearing a leather coat and holding a whip.

After imitating that look, Fu Jingting took a faint breath, his Adam's apple slid twice, and his eyes darkened even more.

Maybe buy some of those clothes and let her wear them for herself.

Fu Jingting touched his chin, his eyes flickering in thought.

Rong Shu seemed to feel something, and couldn't help shivering with a chill, then looked left and right.

Seeing nothing wrong, she couldn't help tilting her head.

Strange, what happened just now?

How could she feel as if she was being targeted by something, not malicious, but had an indescribable sense of weirdness.

But just looking at it, does it feel that way?

Could it be because the air-conditioning temperature in the interrogation room is not high enough, so the feeling of being a little cold?

Feeling that there was a possibility, Rong Shu didn't think much about it, and quickly turned her attention back to Su Man in front of her, stretched out her hand, lifted Su Man's chin, and squeezed it hard.

Su Man groaned in pain, her face was deformed, her eyes widened in disbelief, "Rong Shu, you actually dare to do something to me!"

Unexpectedly, Rong Shu was so bold and dared to face so much in front of me! In the face of the police officer, he deliberately attacked her.

No one thought of the slap just now, so these police officers naturally didn't have much to say.

But now that Rong Shu is still taking the shot just now, isn't he afraid that these police officers will be dissatisfied?

"Why don't you dare?" Rong Shu pushed her chin up hard, "Because you are so demanding, so I couldn't help but want to do it a few times. That 's it."

"You" Su Man's eyes were red, "This is the police station!"

“So what?”

How?

Su Man looked grimly at the line of police officers in front, “Are you all blind? Can’t you see that I was beaten? It’s a pity that you are still police officers. This person is attacking me on your territory, and you are all If you don’t stop them, are they all cowards and seeds?”

As soon as these words came out, all the police officers changed their faces, looking at Su Man with gloomy eyes without saying a word.

Rong Shu couldn’t hold back, and burst out laughing.

Even Fu Jingting raised his eyebrows in surprise, looking at Su Man like an idiot.

He has seen stupid people, never so stupid.

Why did these police officers watch Xiaoye Ye and didn’t come out to stop it? That’s because with him here, these police officers would naturally not come forward to stop them. It will be regarded as invisible, open one eye and close the other.

Although this did make them feel a little bit awkward, they were even more reluctant to offend him.

To put it horribly, he is the financial father of these police officers.

The official cars and equipment that these police officers usually drive are all invested by him, and they will naturally open the door for him in certain matters, not to mention such trivial matters.

However, Su Man didn’t think of this at all, so he directly exposed that these police officers deliberately didn’t stop them. It’s okay to tell the truth about something that couldn’t be said. He also called them cowards. Now, Su Man shouldn’t expect these police officers to help her. .

All in all, it was the first time that Fu Jingting had seen such a stupid person. He offended everyone by himself and cut his own way.

The point is, she hasn’t reacted yet, what’s wrong with her behavior.

“By the way, what time is it?” Suddenly, a police officer stood up and asked.

Another police officer pretended to glance at his watch and stood up, “It’s almost twelve o’clock, it’s lunch time, why don’t we go out for a meal and come back.”

“Okay, let’s get off work first.” The others The police officers nodded in agreement.

Immediately after, these police officers looked at Rong Shu and Fu Jingting, and left the interrogation room one by one.

Both Rong Shu and Fu Jingting understood the eyes of these police officers, and told them that they could continue to do something to Su Man without worrying about them, as long as they didn’t leave too obvious traces on Su Man’s body.

In response, Rong Shu naturally accepted their kindness with a smile.

Here, Su Man looked at the police officers who went out, and the whole person was stunned.

Obviously, she didn’t understand why these police officers left.

Rong Shu saw the shock and doubt in Su Man’s eyes, and lowered her eyes and said mockingly, “Don’t you know why they left? Then I will tell you with great mercy, because you offended them.”

Offend them?

Su Man’s pupils shrank, then shook his head, “Impossible! When did I offend them?”

I have been following you

Rong Shu’s mouth twitched.

She has seen stupid, never so stupid.

The woman who dares to love has not yet reacted. What she said just now has offended people.

So this kind of woman, who is not annoying who is annoying?

Rong Shu stared at Su Man sarcastically, “You scold them for being a coward, do you think you offended them?”

Hey, she was always so soft-hearted.

Otherwise, I won't mention Su Man.

Hearing Rong Shu's reminder, Su Man's face changed slightly, and then he finally realized why those police officers left suddenly.

Is it because of your own words?

Su Man looked at the gate where the police officers had left, then looked at Rong Shu in front of him, and Fu Jingting, who was sitting on a chair beside him, who had nothing to do with him, trembled even more.

Not fear, but anger.

Those police officers, knowing that these two people had bad intentions towards her, still left her here alone, and they still became police officers!

Even if she said the wrong thing, what if she hit their sore spot?

Did she say it wrong?

She was right, they were originally cowards and would not stop anything!

The funny thing is that after she finished speaking, they left here in a fit of temper.

Shouldn't they stay and stop Rong Shu and Fu Jingting to prove that they are not cowards?

But they didn't. Instead, they still care about her as a citizen. Are they worthy of wearing those clothes and worthy of being a police officer?

Seeing Su Man gasping for breath and his scarlet eyes as if he was going to eat people, Rong Shu didn't need to think about it, she knew what Su Man was thinking.

This woman, although she has only met two or three times, but for some reason, she just feels that she knows this woman very well.

This woman belongs to the kind of person who thinks that she is always right, that it is others who are wrong, and that everyone should hold her and support her.

If someone thinks that she is at fault, does not hold her, support her, and help her, then it is the fault of the whole world, not hers, but the whole world to her.

In short, it is very similar to the previous Gu Manyin.

Thinking of Gu Manyin, hatred flashed in Rong Shu's eyes.

Gu Manyin ruined her relationship, her marriage, and even nearly killed her over and over again.

No matter how good-tempered she was, she couldn't tolerate Gu Manyin's existence. She even swore that if she found Gu Manyin, she would never let Gu Manyin live.

Gu Manyin's actions that killed her several times were enough for Gu Manyin to be sentenced to death.

I just don't know where Gu Manyin is now!

Rong Shu glanced at Su Man, thinking straight in her heart that she was unlucky.

Originally, she thought she had used up all her bad luck when she met Gu Manyin, who was a wicked man.

But now that she met Su Man, Gu Manyin No. 2, she knew that her bad luck had not gone away.

She even wondered if she was born with a system to attract wicked people, how could she have so many wicked people around her?

Of course, there is also a system to attract nobles, otherwise how could there be so many people to help her?

Thinking about it, Rong Shu felt a little better again, and a faint smile appeared on her face.

However, this smile fell in Su Man's eyes, but Su Man regarded it as a mockery of himself.

Rong Shu was laughing at her stupidity and offended the only person who could help her.

But what if she offended everyone?

Why did Rong Yuan laugh at her!

"Shut up, don't laugh, don't laugh!" Su Man suddenly became frantic, staring at Rong Shu with ghastly eyes, and roared in a low voice.

Rong Shu's mockery reminded her of the experience she had suffered under that person in the past few months.

That's how that person is, always sneering at her, shattering all her pride, and making her hate all those who treat her like this.

Therefore, Rong Shu's ridicule undoubtedly hit the most sensitive thorn in her heart.

Rong Shu didn't expect Su Man to suddenly go mad, and the look of his eyes splitting was quite scary.

But Rong Shu was not afraid. After all, Su Man was locked in a wheelchair, even if Su Man struggled violently and tried to get up from the wheelchair, he couldn't help it.

So no matter how scary Su Man looks, there is nothing scary.

She just felt inexplicable.

"What? Is it wrong for me to laugh? I can't laugh anymore?" Rong Shu's red lips moved slightly, and she said coldly.

Fu Jingting on the side didn't speak, just looked at Su Man, thinking about something.

Su Man stared at Rong Shu, gritted her teeth, "You just can't laugh, no one can show me this kind of smile!"

"No one can?" Rong Shu squinted, "Do you think you are a big man? It is stipulated that no one can laugh, heh, I want to laugh, what do you do to me?" As

she said that, she leaned in a little and gave Su Man a beautiful smile, deliberately teasing and angering Su Man.

That smile, even without Su Man's misunderstanding, anyone with discernment could see that it was a real mocking smile, a contemptuous smile.

Yes, Rong Shu was mocking Su Man and despising Su Man at the moment.

People should have self-knowledge.

But Su Man didn't, but she was still making rules aloft, requiring everyone to follow her prescribed form.

Oh, this is the expression of lack of self-knowledge, but why can't she go to heaven if she can.

Rong Shu rolled her eyes at Su Man in disdain.

Because of this, she mocked Su Man and despised Su Man at this moment.

Fu Jingting watched Rong Shu play with Su Man like a pet, and felt a little funny, and there was indeed a faint smile on his face. The smile was indulgent and gentle, and at the same time, there was some thought. .

He knew that she had never been someone who would get down and play with each other, even if that person was her enemy, because she was there.

Just like Rong Yuan, after being suppressed, she was thrown into prison without looking at her. She had never teased Su Man like she did.

He didn't know what she was doing.

But he could be her, and he hated Su Man doing it too much.

And what she wants to do, as long as it doesn't involve danger, he supports it, unconditionally.

Moreover, when she teased Su Man, she was beaming, and she looked much more lively than usual.

Then he is more supportive.

Anyway, this woman Su Man is not a good person, and letting her play is the only remaining value of Su Man.

Fu Jingting sat there with Erlang's legs crossed, one hand resting on his head, one hand resting on the arm of the chair, the corners of his lips seemed to be smiling, like an emperor overlooking all living beings.

But the way he looked at Rong Shu made him look like a knight.

Rong Shu naturally felt the way the man looked at her, and it was almost drowning.

She turned her head and smiled at the man, telling him that she had been following him all the time, and that she had not forgotten about him just because she teased Su Man.

After all, she knew how jealous this man was.

Not only men, but women's vinegar will eat the kind.

Sure enough, seeing Rong Shu looking back at herself, Fu Jingting felt more happy.

Rong Shu seemed to be able to see behind him, a tail that kept wagging, just like a big dog.

Shaking his head with laughter, Rong Shu quickly turned his head back, and his eyes fell back to Su Man.

Su Man didn't care about her interaction with Fu Jingting just now. It should be said that those interactions were nothing compared to Rong Shu's mockery just now.

“Rong Shu! Rong Shu!” Su Man squeezed his hands tightly together, roaring Rong Shu’s name.

Rong Shu listened to the hatred in her voice, the expression on her face slowly subsided, and finally her face was expressionless.

This Time, I Will Get My Divorce Chapter 875

The hatred is far more than that

“You really don’t hate me in general.” Rong Shu’s voice was calm without a trace of emotion.

Fu Jingting even frowned and stared at Su Man, obviously displeased with Su Man’s hatred for Rong Shu.

This kind of hatred is really shocking.

Those who didn’t know, thought that Rong Shu had done something unconscionable to Su Man, such as killing Su Man’s parents.

After all, this kind of hatred has far exceeded the level of hatred that these two grievances should have.

The grievances between Rong Shu and Su Man are not small, but they are definitely not big.

It stands to reason that Su Man can hate Rong Shu, after all Rong Shu will send her to prison.

But hatred could never be so strong.

This level of intensity is really the kind of hatred that is immortal and indestructible.

As for Rong Shu and Su Man, there is no such hatred at all, but Su Man has such a heavy hatred for Rong Shu. Is it because Su Man is a person who likes to magnify hatred, or is there another difference? The reason?

Fu Jingting narrowed his long and narrow phoenix eyes slightly and stared at Su Man, wondering what he was thinking.

Rong Shu didn't notice the change in the man's eyes when looking at Su Man, she looked at Su Man's eyes indifferently, and lightly opened her red lips and said coldly, "Look, your hatred for me, You can't wait to tear me to pieces! Speaking of which, I'm a little confused, why do you hate me?" While

speaking, Rong Shu stretched out her hand, squeezed Su Man's chin again, and lifted it up, letting the Su Man looked at her, "You and I have never known each other in the past. If you hadn't suddenly appeared in front of my lover's car, we would never have known each other in this life, and we would never have had an intersection."

Hearing the lover in Rong Shu's mouth, Fu Jingting was instantly elated, and he no longer sat so lazily. He immediately put Erlang's legs down, sat up straight, raised his chin slightly, and looked complacent.

Can you be unhappy!

Since the reunion, Rong Shu has never introduced him to the outside world.

Although those people knew him, it was one thing, but whether she introduced him or not was another.

This is the first time she has taken the initiative to admit his identity to an outsider, not a boyfriend, but a lover.

A lover is much more advanced than a boyfriend.

Thinking about it, the curvature of Fu Jingting's lips couldn't be concealed.

Rong Shu and Su Man didn't know what the man was thinking, but they still looked at each other.

Rong Shu tightened the strength in her hand, and Su Man's painful face was deformed.

But Rong Shu did not pity Xiangxiyu, and still held her chin tightly, "The first time we met, you dug my corner and tried to steal my man. I asked you to apologize, but you also looked reluctant. , The yin and yang of the apology, do you think I don't know about this? No, I know it all, I just don't want to care about you, because I don't think we will have any intersection in the future, and I have always been soft-hearted. Thinking of one less thing, I decided to forget it."

As she spoke, another force was exerted on her hand.

Su Man cried out in pain, her eyes moist.

But she was very flustered at the moment, her body twisted violently, and her voice eagerly said, "Rong Shu, let go, don't pinch my chin again, my chin is deformed!"

Hearing this, Rong Shu was stunned for a moment, and then she reacted. , This woman has undergone full body plastic surgery.

So with the strength just now, it is indeed possible that the prosthesis in her chin will be deformed.

Just when Rong Shu was thinking about whether she should let go, Fu Jingting's voice came in a cold and indifferent voice, "Don't worry about her, she will be deformed, and we can't afford it."

Rong Shu raised her eyebrows first. Then, seeing Su Man's disbelief, he smiled suddenly, "You're right, we can afford it."

Since we can afford it, there is no need to worry.

This woman, she really wanted to beat her for a long time.

As early as in Fu Jingting's ward, the moment this woman provoked her face-to-face and dug into her corner, she wanted to join her.

It's just that at that time, she thought that the first time she met, it would be too ugly, so she endured it.

But this woman is really shameless and disgusting. Yesterday, in the dress shop, she shamelessly robbed her dress. If she couldn't grab it, she was directly robbed and destroyed.

This point can be said to have completely angered her, so she will slap this woman without hesitation when she comes today, because she has never seen such a crazy woman except Gu Manyin.

And that slap didn't quell all her anger, she even wanted to abandon her image and punched and kicked this woman to vent her anger.

But here is the police station, so she can't do it, and secondly, she can't really hurt this woman, or she will be held legally responsible.

But doing nothing, holding back her anger, made her unwilling.

So she had no choice but to start with some small actions to vent.

Her little actions were to tease Su Man, humiliate Su Man, beat Su Man mentally and spiritually, and physically, she was pinching her chin.

Only in this way can she relieve her anger from Su Man without hurting Su Man and without having to pay legal responsibility.

Thinking about this, Rong Shu only had her crystal nails coated with a light layer of bright nail polish, pinched Su Man's chin a little harder, leaving a cute nail print on Su Man's chin, "Listen. Is it there? We can pay, so your jaw is deformed, we don't care."

"You" Su Man didn't expect them to be so rascal, his eyes widened.

Rong Shu pursed her lips, "What happened to us? You hate me so much that you want to tear me apart, so why do you think that I will still care about you? Just because of your thick skin?"

She sneered and said again, "Yes, your skin is not ordinary, we have met twice in total, the first time you poached my corner, the second time you robbed my dress, after unsuccessful, directly Hire someone to destroy the dress, and come down twice, which time is it that you, Su Man, did not take the initiative to provoke me, so I can't figure it out, what qualifications do you Su Man have to hate me, and how can you hate me?"

", Rong Shu lightly patted Su Man's cheek.

This action obviously has some humiliation in it.

Just as Fu Jingting thought, she has never been a person who likes to fall into trouble, nor is she a person who likes to humiliate others when they are down, even if this person is her own enemy.

Because the enemy has already lost and lost, she naturally does not need to waste time on the enemy.

But for Su Man, she couldn't help it, because Su Man was too cheap.

Damn she broke her own principles.

Where's the qualification?

where's the face?

Su Man suddenly sneered and looked at Rong Shu with scarlet eyes, "Do you really think that the hatred between us is just the grievance arising from these two short encounters?"

Hearing this, Rong Shu looked on. Seriously, "What do you mean?"

Fu Jingting leaned forward and stared at Su Man.

Su Man suddenly turned into a big laugh, and tears came out of her laughter, "You want to know? I won't tell you, you can guess by yourself."

“Rong Shu didn’t speak, just her eyes were calm and cold. look at her.

Under Rong Shu’s gaze, Su Man couldn’t stop laughing. She pouted, “It’s useless for you to look at me like this, and I won’t tell you if I die.”

But when Rong Shu knew that For a moment, there will be despair!

Thinking of Rong Shu’s desperate look, Su Man’s expression became excited, and an excited expression appeared on his face.

The spirit is wrong

She looked like a mentally ill person with a sudden onset of illness, which made her scalp tingle.

Afraid of being infected, Rong Shu quickly shook off Su Man’s chin and took a step back.

Fu Jingting stood up, walked behind her, and blocked her with his body, lest she accidentally fall or hit somewhere.

Until then, it was him who was distressed.

“Wipe your hands.” Fu Jingting took out a handkerchief from his pocket and handed it to Rong Shu, motioning for Rong Shu to wipe the hand that just touched Su Man.

Rong Shu smiled at the man, “We really have a good understanding of each other, I was going to take something to wipe it just now.”

But before she could turn over her bag, he had already handed her a handkerchief.

Fu Jingting listened to her words and laughed softly, “That shows that we should be born to be a pair, so even if you don’t say anything, as long as you make a look and make a move, I will always know that you are thinking. What, what do you want.”

And, as long as she wants, he will prepare it as soon as possible and send it to her.

The man’s words moved Rong Shu’s heart.

After wiping her hands, she put away the handkerchief and reached out to hug the man.

The man was startled at first, then smiled, raised his arm, and hugged her back.

The two began to show their affection in front of Su Man.

If it were normal, Su Man might be going crazy.

But now, Su Man was completely in a state of madness, where he laughed frantically and infiltratingly, and couldn't stop chanting words.

But as for what they were reciting, neither Rong Shu nor Fu Jingting could hear them clearly.

All in all, the current Su Man is really like a mental patient.

Rong Shu let go of Fu Jingting, frowned and looked at Su Man like this, and said in a dignified voice, "She looks like she's not pretending."

Fu Jingting hummed, as an answer.

Obviously, he also saw that Su Man was not pretending like this.

Rong Shu pursed her red lips and said, "She was after that sentence, the hatred between me and her is far more than that, and it has become like this, what do you mean by that sentence? Say, there are other grievances and hatreds between me and her that I don't know about? But, I didn't know her before."

Fu Jingting looked down at the woman in his arms, "Don't think about it, she looks sick now. , maybe she imagined something."

Rong Shu nodded, "It's also possible, but I really didn't expect that she would have a mental illness."

After speaking, she looked at the still there and smiled again. Crazy Su Man, "Perhaps, what happened to her in the past."

"No matter what she has experienced, it has nothing to do with us. She looks like she can't ask anything, and she can't have a normal conversation. Let's go out first. "Fu Jingting squeezed Rong Shu's hand lightly.

Rong Shu nodded, hummed, and walked towards the door with him holding hands.

When she reached the door of the interrogation room, Rong Shu stopped.

Fu Jingting felt that she had stopped, so he stopped as well, and turned to look at her, "What's wrong?"

Rong Shu didn't answer, just shook his head at him, then turned to look at Su Man behind.

Su Man is still the same, with his head lowered, his eyes slack, his mouth muttering, and he makes weird laughter from time to time. In that way, it looks quite scary.

Seeing this, Fu Jingting squinted his eyes in disgust, then hooked Rong Shu's back with his big hands and turned her face over, "Okay, what's so beautiful, don't get your eyes dirty."

Rong Shu chuckled, "It's not like I haven't seen people with mental problems, so I took a few more glances out of curiosity."

"Who said you haven't seen it?"

"I've seen it?" Rong Shu was stunned. "When, why didn't I know?"

Fu Jingting took her out of the interrogation room, "Isn't that what Li Chuan is?"

"Rong Shu After choking for a moment, he couldn't help laughing and crying, "What, Xiaochuan is just a split personality, not a mental illness."

"Split personality, in a sense, is a mental illness, because this is a symptom of schizophrenia." Fu Jingting looked at her, a serious science.

Rong Shu rolled her eyes and was too lazy to talk to him, but she was suddenly worried about Li Chuan in her heart.

She hadn't seen Xiaochuan for months.

The last call, let her know that Xiaochuan, the main character, had not regained control of his body, and Xiaochuan's body was still occupied by the second character.

It's been a while since the last call, and I don't know if Xiaochuan has woken up and regained his body.

But probably not.

Xingnuo explained the answer without calling.

And if Xiaochuan regained his body, it would be impossible not to contact her.

"What are you thinking about?" Seeing that Rong Shu's walking speed had slowed down and she was thinking about something with her eyes lowered, Fu Jingting turned around and stood in front of her, asking with concern.

Rong Shu rubbed her brows, “

I’m thinking about Xiaochuan.” Fu Jingting became unhappy when he said this, “What does he want to think about?”

Rong Shu looked at him amusingly, “You didn’t mention it yourself, you If I don’t mention it, I don’t even remember that I haven’t contacted Xiaochuan for a long time.”

“” Fu Jingting opened his thin lips, and was suddenly speechless.

It seems that he did mention it himself.

So, he dug a hole for himself?

For a time, Fu Jingting’s face was ugly.

Rong Shu looked at the man’s gloomy handsome face and shook her head amusingly, “Okay, don’t do this, I won’t mention Xiaochuan, let’s go, go see lawyer Wang first.”

Rong Shu took the initiative to bypass the topic.

Fu Jingting’s gloomy face eased a little, and slowly turned from cloudy to sunny.

Because he knew that she deliberately let him down the steps.

And he naturally followed suit.

Fu Jingting and Rong Shu came to the lobby of the police station. Su Man’s attorney was also here, holding a mobile phone and talking to the other end of the phone.

Rong Shu heard his tone to be respectful and even flattering, but she did not see the respect and flattery towards the person on the other end of the phone on his face.

Obviously, this lawyer Wang was pretending to be respectful to the person on the other end of the phone. On the surface, he actually didn’t take him seriously.

Seemingly sensing that someone was watching him, lawyer Wang looked up at Rong Shu, just in time to meet Rong Shu’s gaze.

Rong Shu didn’t expect him to be so alert, she was stunned for a moment, then she nodded and smiled at him generously, without the slightest panic of being caught.

After all, she was originally looking at it openly, not secretly, so there was nothing to panic.

She didn’t do anything unsightly.

Seeing Rong Shu greeting him, lawyer Wang did not respond immediately, but glanced at Fu Jingting beside her.

Seeing that although Fu Jingting was expressionless, he didn't look unhappy, so he dared to return a polite smile to Rong Shu.

"Let's go, sit over there, he will come over in a while." Fu Jingting took Rong Shu's hand and pointed to the sofa beside him.

Rong Shu followed him and asked with a half-smiling smile, "What? You're not jealous anymore?"

She observed Lawyer Wang and greeted Lawyer Wang. She didn't believe he didn't know.

But strangely, he didn't react much.

You know, he is the most jealous. She looks at other people more, and he can kill himself with jealousy.

But this time his response was flat, which made her curious.

"Whoever said I'm not jealous anymore, I'm jealous." After Fu Jingting sat down, he glanced at Rong Shu and replied in a light tone.

Such a light tone is indeed making you jealous.

Rong Shu touched her chin and nodded, "But I couldn't see that you were jealous just now."

"You are jealous, but you don't have to put it on your face." Fu Jingting grabbed her hand and put it on his lap, playing around.

Her hand was a circle smaller than his, white and soft, and it felt very good to the touch, the kind that people couldn't put it down.

Therefore, many times, he likes to play with her hand in his hand.

"It's true that sometimes you don't have to put your emotions on your face, but that person can't be you." Rong Shu tilted her head and looked at Fu Jingting amusingly,

“You are the kind of jealous that will put your emotions on the table. The person on your face can tell you that you are jealous at a glance, so you just got jealous, but your face has no emotion, which surprised me, I thought you weren’t jealous.”

“Jealous . . .” Fu Jingting raised his eyes to meet hers, “But I know that you don’t like Wang Yang, so there’s no need to be too jealous.”

Wang Yang, also known as lawyer Wang.

Rong Shu raised her eyebrows, “Oh? Why do you think I don’t like you?”

“He’s not as good as me, and his body is not as good as me.” Fu Jingting straightened his back and said proudly, “Your eyesight is not so bad!”

Rong Shu Pochi laughed.

Isn’t that what she said to coax him before?

Before he was jealous of Lawyer Wang, that’s how she coaxed him.

Unexpectedly, he really remembered it.

But what he said was, she couldn’t be that bad in front of her eyes.

It’s not that lawyer Wang is not a good man, but a person who likes to see beautiful things.

Lawyer Wang’s appearance makes her not interested, so she really doesn’t like Lawyer Wang.

“Since you know it’s impossible for me to think about Lawyer Wang, why are you still jealous of Ah Qi and them? Is it possible that I have ideas about Ah Qi and them?” Rong Shu asked again while holding Fu Jingting’s arm.

Fu Jingting pursed his red lips, “This is different. Although Lu Qi and the others are not as good as me, they are not as good as me, but they are indeed much better than other men. The most important thing is that Lu Qi has feelings for you. “

Although, he will naturally feel a sense of crisis, and his reaction to jealousy will be bigger than usual.

Hearing that when the man was belittling Lu Qi and them, he even complimented himself, Rong Shu couldn’t help laughing, “Okay, no matter what, I’m yours, and I won’t be robbed by others, unless we part one day. Now, we’re not together anymore, but as long as we’re together, you can always rest assured.” As soon as

she finished speaking, Fu Jingting covered her mouth.

“What’s the matter?” Rong Shu blinked, and the voice came out from his palm with some urgency.

Fu Jingting looked at her with a very serious expression, “We won’t be separated, we will be together forever, no one will separate us, even if we can’t, we will be together in death.”

Rong Shu smiled and took his hand. He took it from his mouth, “I thought you were so serious, what’s the big deal.”

“I’m serious.”

“I know you’re serious.” Rong Shu tilted her head and leaned on his shoulder, “It’s just that sometimes , Don’t talk too much, life is too long, who knows what will happen in the future?”

Fu Jingting hugged her tightly, “The future will be the same as now, it will not change.”

Seeing that he was stubborn and didn’t want to think about the future, Rong Shu, And firmly believe that the future will remain the same, sighed, and said nothing more.

She was afraid that if she talked about future changes, the man should go crazy.

He probably experienced the loss of her, so he was very resistant and sensitive to the words of separation, breaking up, and no longer loving each other.

He didn’t like to hear those words, and didn’t think it would happen between them in the future.

She didn’t know where his confidence came from. In the future, the relationship between them would really be as deep as it is now, and it would not diminish in the slightest.

But I have to say that his persistence has indeed diluted a lot, and she is confused and uneasy about the future.

Forget it, the future is too long, and no one can see through the future.

So sometimes, don’t think about the future, just live the present moment.

Regardless of whether they will be together in the future, at least they are together now and are in love.

Thinking, Rong Shu's red lips twitched, and she hugged the man's arm even tighter, "Well, it doesn't change, as long as we can keep this kind of relationship, I think our future will be the same as it is now, and it won't change. Are you right?"

"Of course." Fu Jingting touched her hair.

Rong Shu smiled brightly.

At this time, lawyer Wang, who had been answering the phone, finally came over after answering the phone.

"Mr. Fu, Miss Rong." He put away his phone and nodded to the two of them as a greeting.

Fu Jingting looked up at him and slowly spit out two words, "Su Cheng?"

Attorney Wang was startled, "How does Mr. Fu know?"

Rong Shu sat up straight, "What? Just now Attorney Wang was calling the Su family's head? "

I heard him call Mr. Su when I passed by not far from him." Fu Jingting said, looking at lawyer Wang's suit pocket.

It contained lawyer Wang's cell phone.

Rong Shu was even more surprised, "Can you hear this?"

When they came out of the interrogation room and greeted Lawyer Wang, they were not far from Lawyer Wang.

But that doesn't mean that lawyer Wang's conversation with the person on the other end of the phone can be clearly passed on.

At least she didn't hear anything.

But he did hear it.

Rong Shu looked at Fu Jingting's ears in amazement, "It turns out that you are not only sensitive to smell, but also very sensitive to hearing."

"Fortunately." Fu Jingting replied modestly and disapprovingly, but the corners of his mouth could not hide the joy. .

Obviously, he was quite pleased with the woman's exclamation, but he was not as calm as he pretended to be.

As the time with the man got longer, Rong Shu knew that the man was actually not as arrogant and arrogant as he appeared on the outside.

Otherwise, you can't make a joke or something from time to time.

So when she saw the man's mouth and face different from his face, she didn't have much reaction, she just thought it was funny.

"Okay, don't make trouble, let's get down to business." Rong Shu gently bumped the man's arm with her elbow as a reminder.

After the man coughed lightly, he lowered the corner of his mouth, and his expression returned to his usual cold expression when he was dealing with business affairs. "What did Su Cheng tell you?"

Lawyer Wang pushed his glasses, "Actually, he asked me if I had any problems. I didn't meet you to ask about your current attitude towards Ms. Su, and whether there is room for manoeuvre to rescue Ms. Su."

"What about your answer?" Fu Jingting narrowed his eyes.

Attorney Wang smiled, "Of course I answered truthfully. They were not satisfied with the result. They just gave me a scolding. I had to coax me a lot, for fear that the money I got would be gone."

Rong Shu smiled. He got up, "No wonder I just saw that you were so respectful to the other end of the phone, but there was not much respect on your face, so that's how it is."

"Miss Rong laughed." Attorney Wang smiled embarrassedly.

Rong Shu shook her head, "That's not true." It

was all about making money.

If it was her, she would do the same.

So what's funny.

"That's right, Mr. Fu." Suddenly thinking of something, Attorney Wang's expression became serious, "Mr. Su Cheng now knows that you can't get through from me, and may find you in person."

### Ye Hanchuan Injured

Fu Jingting was a little dissatisfied with his expression, frowned and said, "What? Am I still afraid that he will find me?"

"No, no, that's not what I meant." Knowing that he had misunderstood, lawyer Wang hurriedly shook his head and waved his hand to explain, "I meant it. That is to say, Mr. Su's way of doing things is somewhat unacceptable, so Mr. Fu, you have to be more careful."

Hearing this, Rong Shu's expression became serious, "What do you mean? Can't you come to Yin?"

Fu Jingting also stared at Lawyer Wang, waiting for Lawyer Wang's answer.

Lawyer Wang pushed his glasses to answer, "Mr. Su has some shady tactics. I don't know if he dares to use these tactics against Mr. Fu, but I know that in the capital, in order to achieve a certain purpose, Mr. Su will not be able to. Don't take action against other families. Some time ago, I received a legal order and went to the capital specially, and I heard that the Su family and the Ye family were fighting."

"The Ye family!" Hearing these two words, Rong Shu backed down. All of a sudden, he straightened up, "What happened to the Ye family?" The

Ye family is Xiaochuan's family.

No matter which personality Ogawa is now, it can't be changed. He is also Ogawa's fact.

So when it comes to Xiaochuan, she can't help but pay more attention.

Fu Jingting, who was on the side, saw that Rong Shu was so concerned about the Ye family, how could he not know the reason, and pursed his thin lips. Although he was a little unhappy, he didn't say anything, and he didn't feel sour as usual.

Probably because of what Rong Shu said to him just now, he remembered it in his heart, and he felt a little more secure.

Therefore, he will not eat jealousy like he usually does.

Lawyer Wang didn't know the relationship between Rong Shu and Li Chuan. Although he was a little curious about why Rong Shu cared about the Ye family so much, he answered honestly, "The new owner of the Ye family took office some time ago and fell in love with a piece of land in the capital. Mr. Su Jiasu also took a fancy to them. The

two did not want to let each other go in the bidding, but in the end, Mr. Su succeeded in the bidding because he had more connections than the Ye family owner, and won the land, but the Ye family owner was not reconciled and didn't know how to use it. In what way, the original owner of the land actually tore up the land transfer contract that was about to be signed with Mr. Su and transferred the land to the Ye family owner. Mr. Su was furious for this, and then the next day, the Ye family owner was injured.

"What?" Rong Shu stood up suddenly, her face changed greatly, "Xiao Chuan is injured?"

"Xiao Chuan?" Lawyer Wang tilted his head in confusion.

Rong Shu's red lips moved, and she answered in a hoarse voice, "Xiao Chuan is Ye Hanchuan, the new head of the Ye family, and my younger brother."

"I see." Lawyer Wang nodded suddenly.

Fu Jingting was still unhappy with Rong Shu's reaction to Li Chuan's injury.

After all, she cared too much about Li Chuan, even more so than when she heard about the Ye family just now. Even if he had some sense of security in his heart and wouldn't be too jealous, he was still unhappy because of it.

But in the end, when he heard her little brother, he raised his eyebrows, and he didn't seem so unhappy anymore.

After all, brother.

Isn't there a saying on the Internet that a younger brother is a younger brother after all.

What if it's a little tricky? Being recognized as a younger brother by Xiaoye Ye, then Li Chuan can only be a younger brother in this life, and he cannot turn over!

So a younger brother, why should you care!

He, who is a brother-in-law, is jealous of his younger brother?

The more he thought about it, the happier he became, Fu Jingting couldn't help but lift his thin lips, looking like he was in a good mood.

Rong Shu didn't pay attention to the man's reaction. She was now full of Li Chuan's injuries.

She clenched her hands tightly, looked at Lawyer Wang and asked anxiously, "Lawyer Wang, is it true that Xiaochuan is injured?"

She confirmed it worriedly.

Lawyer Wang shook his head, "I've only heard of this. After all, as I am, where can I see the head of the Ye family, but it is widely spread in the capital circle, and the news is quite consistent, so what I heard should be It's all true."

Zhen

Rong Shu bit her lips and looked at Fu Jingting, trying to find some comfort from Fu Jingting.

But Fu Jingting shrugged his shoulders and told her regretfully, "I haven't paid attention to what's going on in the capital recently, but since the news has spread so widely that even a lawyer can hear it, it shouldn't be fake, after all, the Ye family The status of the He Su family is there, and no one dares to spread rumors."

No one can afford to spread rumors about a family.

Rong Shu also thought of this, and her heart suddenly became ashes, her body swayed, and she fell back on the sofa weakly.

Fu Jingting put his arms around her waist and frowned, "Don't be like this, Li Chuan is only injured, but not dead, don't worry."

Rong Shu rubbed her temples, "I know, but how can I not worry, Li Chuan is equivalent to My brother, he has suffered so much in the past, I"

"The current Li Chuan is not the Li Chuan you know." Fu Jingting cut off her words and reminded.

Tell her that the current Li Chuan is just an unfamiliar second personality, not the master she knew, Ge Lichuan.

Although it is the same body, the consciousness is not the same, it is equivalent to two people.

In other words, it was another person who was injured, not Li Chuan, whom she cared about. She didn't need to worry so much.

"I know what you mean, but that body is also Xiaochuan's, I"

"If Li Chuan has already been swallowed by him, or if Li Chuan voluntarily gave his body to the current Ye Hanchuan and does not want to wake up again, then this body will always belong to Ye Hanchuan, and in the future, there will be no such person as Li Chuan in the world. Then what you care about now is Ye Hanchuan, not Li Chuan."

Fu Jingting looked at her, "Even if Li Chuan will come back in the future, it will be in the future, not now, it is not Li Chuan, but Ye Hanchuan, so you don't need to care. Care about a stranger."

Rong Shu's red lips parted, speechless.

Because what he said was right.

Now the person using this body is the second personality Ye Hanchuan, not her Xiaochuan.

Ye Hanchuan is not her brother, just a stranger, and a stranger with bad senses.

She really didn't need to be too nervous.

Even though I thought so, I still felt a little uneasy in my heart.

Taking a deep breath, Rong Shu bit her lips as if asking herself, and then asking the man next to her, "Xiao Chuan, can't you really wake up?"

Fu Jingting pondered for a moment and replied, "I don't know, it depends on his own wishes. He doesn't want to get his body back, and at the same time, it depends on whether he has the power of Ye Hanchuan, if not, then he can't."

"Can't you find a doctor to help Xiaochuan wake up?" Rong Shu looked up at the man and asked hopefully.

Fu Jingting shook his head slightly, "I don't know, I asked Shimo in the past, he is a hypnotist and he knows a lot about this, and he told me that since he can be suppressed by the sub-personality, it means that the main character itself is not as strong as the sub-personality, or I don't want to face the world, and I'm willing to give up control of my body, so I want to rely on external factors to help Li Chuan wake up, and the chance of success is not high."

It's not that he lied to her.

He really didn't want Li Chuan to regain control of his body. After all, Li Chuan had no less affection for Xiaoye Ye than Lu Qi, and he was crazier and more dangerous.

In order to get the little leaves, Li Chuan said that he loved the little leaves, but he could poison the little leaves at the same time. Therefore, Li Chuan was a time bomb and bomb that could explode at any time.

And Xiaoye Ye has always been soft-hearted towards Li Chuan. Even if he is poisoned, he will forgive him. When Li Chuan comes back, Xiaoye Ye will not be alert or vigilant to Li Chuan.

In short, Li Chuan's return will definitely be entangled with Xiaoye, he is not at ease, he is worried that Li Chuan will still hurt Xiaoye, Li Chuan can definitely do it.

This Time, I Will Get My Divorce Chapter 878

So he would rather Li Chuan be in a deep sleep and never wake up.

Although he thought so, he wouldn't lie to her with these words, because it was unnecessary.

"That's it." Rong Shu's eyes dimmed, and she did not doubt Fu Jingting's words.

The probability of success is not high

Yes, if the probability of success is high, Xiaochuan will not be back now.

She didn't believe that Chen Xingnuo and the others didn't find a doctor to see Xiaochuan.

After all, Chen Xingnuo and the others supported Xiaochuan, not Ye Hanchuan.

So, is Ogawa really unable to wake up?

Seeing to see what Rong Shu was thinking, Fu Jingting stretched out his big hand, hooked the back of her head, made her lean on his shoulder, and reassured her softly, "Don't think too much, although the doctor can't wake up Li Chuan directly, but it's not There's no way."

Hearing this, Rong Shu's eyes lit up instantly, "Is there a way to wake Xiaochuan?"

Fu Jingting shook his head, "Shi Mo said, it's not a case of regaining control of the body without the main character, but these cases have one Common ground."

"What common ground?" Rong Shu grabbed Fu Jingting's sleeve and asked impatiently.

If there is a way to wake Xiaochuan, she is willing to try it.

"Miracle." Fu Jingting looked at Rong Shu, his thin lips parted lightly, and slowly spit out two words. "

Rong Shu was stunned, "What? Miracle? "

Obviously, she never thought that what Fu Jingting said was actually the same thing.

Fu Jingting raised his chin slightly and nodded, "Yeah, miracle, the people in the cases that Shi Mo said were all because of certain people, The influence of a certain incident awakens the main character unintentionally, and this is a miracle. Maybe as long as he finds the factors that can make Li Chuan willing to wake up, Li Chuan will wake up. "

As for what this factor is, he is very clear in his heart, it is Xiaoye.

If Xiaoye Ye went to tell Ye Hanchuan, she would be willing to be with Lichuan.

Will Li Chuan take back control of his body?

Obviously not.

However, he would never let Xiao Ye do this.

Fu Jingting stared at Rong Shu with deep eyes, and the meaning in his eyes was very obvious.

Rong Shu actually reacted later, maybe he was the miracle that awakened Li Chuan, and the excitement in his heart died down for a while.

After all, she really couldn't use herself to wake Xiaochuan.

It's okay to say she's hypocritical, it's okay to say she's hypocritical.

She can't do it, she can't do it.

If she did, that would be the real hypocrisy, because she was sorry for Fu Jingting, herself, and Xiaochuan.

She just regarded Xiaochuan as her younger brother. Even with Xiaochuan, it was pain and torture for herself and Xiaochuan.

Xiaochuan was originally a child who was worried about gains and losses, had no sense of security, and had a gloomy mind. He was in emotional pain for a long time, which would only make Xiaochuan even more crazy. four.

By then, things will only get worse.

Thinking, Rong Shu sighed, put her hand on the back of the man's hand, and smiled at him, "Okay, don't think too much, I won't do that kind of thing, even if Xiaochuan wakes up , there should be a correct and good way for everyone, not to simply wake up Xiaochuan without thinking about the future, don't you think?"

Hearing her assurance, Fu Jingting's tense expression suddenly relaxed, and he looked at her. His eyes softened again, and he lowered his head and kissed her on the forehead, "Well, you can think so."

He was just worried that she was too soft-hearted and wanted Li Chuan to wake up too much and did some silly things .

Fortunately, she was always awake.

Attorney Wang on the side listened to all the conversations between the two, but felt dazed in his head.

what are they talking about?

What control of the body?

What second personality?

How could he not understand?

Are they saying that the Ye family master has a split personality, and the current Ye family master is the second personality and not the master personality?

Just thinking about it, lawyer Wang heard Rong Shu suddenly ask, "By the way, lawyer Wang, how is Xiaochuan's injury? Is it serious?"

Anyway, even now it is Ye Hanchuan, not Xiaochuan.

But the body is the same.

She didn't know if Xiaochuan would recover in the future, but at least, before that, she didn't want anything to happen to Xiaochuan's body.

If Xiaochuan wakes up later and finds that there is a problem with his body, how should Xiaochuan accept it?

Fu Jingting glanced at Rong Shu and seemed to know what Rong Shu was thinking. This time, he did not persuade Rong Shu not to care about Ye Hanchuan.

Because he knew that she had already distinguished the difference between Ye Hanchuan and Li Chuan, so all she cared about now was a skin that didn't know who the future owner was.

Now that it's clear, that's enough.

He's not so jealous of a skin.

Lawyer Wang pushed back his glasses and replied, "I heard from the circles that the owner of Ye seems to have injured his arm, or his dominant arm. The injury is quite serious, and there is no such thing that cannot be recovered in half a year."

Si

Rongshu sucked in a breath of cold air. "Cannot recover in half a year"

is not an ordinary seriousness.

At least it is much more serious than Fu Jingting's arm.

Fu Jingting's arm can be removed from the cast in two months, and he can move gently. It is only the third month, and he is already recovering very well.

And Xiaochuan's arm actually takes half a year!

That bone should be broken, otherwise it wouldn't be like this.

"How is it hurt?" At this moment, Fu Jingting suddenly asked, "Apart from the arm, is there any other injury?"

Attorney Wang thought for a while and replied, "I heard that it was crushed by the wheel of the cart."

"The wheel of the cart was crushed?" Rong Shu looked strange, "What kind of cart ? How could Xiaochuan be crushed by the wheel of the cart?"

Such a strange way of being injured really made people have to think more.

"Specifically, I'm not very clear, but I heard that after the bidding was over, the passerby who was leaving the Ye family was suddenly knocked to the ground, and then a wheelbarrow with the goods was suddenly out of control, and the owner of the Ye family suddenly went out of control. He ran over on his right arm, but the unicycle was pushed by someone at that time, how could it get out of control, so people in the circle said that it must be Mr. Su who resented Ye Family Master for robbing the land, and deliberately resorted to revenge to let Ye Family Master His arm was injured and he could no longer sign, and the owner of the land was eager to spend the money, so he couldn't wait for the Ye family for half a year, and I heard that the land has now been taken over by the Su family." Lawyer Wang said.

Rong Shu's face was ugly.

A cart that pushes goods, how heavy should it be?

Such a heavy weight was crushed directly from a flesh-and-blood body, one can imagine how painful Xiaochuan must have been at that time.

Even if the current Xiaochuan is not the past Xiaochuan, he was also born because of Xiaochuan. She couldn't help worrying about his injury.

“At the end of the bidding, Ye Hanchuan's arm was injured, and the land he got in his hands fell into Su Cheng's hands. Such a coincidental series of events really sounds like Su Cheng's biggest suspicion.” Fu Jingting touched his chin and said suddenly.

Attorney Wang nodded, “Yes, in the capital circles it is said that Mr. Su did it, but no one has any evidence, including the Ye family owner, it seems that no evidence has been found, so this matter seems to be a thing of the past, but in fact everyone It is very clear that Mr. Su did it, after all, this kind of coincidence accident is not the first time.”

“Oh?” Fu Jingting squinted his eyes, his eyes flickering darkly.

Lawyer Wang continued, “It's true, many people in the Beijing circle say that if you rob Su Cheng for business, as long as you grab it, there will be an accident the next moment, and then the business will fall into Mr. Su's hands. It's just Mr. Su. It's too secretive and leaves no trace, even if everyone knows it's him, there's no way to take him without evidence.”

Lawyer Wang spread his hands and was filled with emotion.

Su Cheng's Illegitimate Daughter

But at the same time, lawyer Wang also admired Su Cheng in his heart.

After all, everyone knew that Su Cheng was not a good person and would never do bad things, but no one could get hold of him.

That alone is enough to admire.

You know, as long as people do things, there will always be some traces or clues left, but Su Cheng has none.

This is enough to show how cautious and scheming Su Cheng is, that people have no way to take him.

After hearing what Attorney Wang said, Rong Shu took a breath, "I didn't expect that this Su family owner is such a person, so Xiaochuan's loss this time is not a waste?"

There is no evidence to prove that Su Cheng was injured His.

That meant that Ogawa couldn't take revenge.

"Not necessarily." Fu Jingting's thin lips evoked a cool arc.

Rong Shu looked at him, he lightly opened his thin lips and said, "Don't forget, Li Chuan himself is not a good person, whether it is his main character or his sub-personality, he is a wolf cub, and he is definitely not the kind of dumbass. People who don't fight back, even if there is no evidence, it does not mean that he will not report to the city of recovery, after all, there are many things in this world that do not need to pay attention to evidence."

When he said this, Rong Shu suddenly couldn't refute.

Indeed, for many things, as long as you know that the other party did it, it doesn't matter whether you need evidence or not.

It was her thinking that was too limited.

"However, how Li Chuan will deal with Su Cheng is not our concern, but Su Cheng's behavior makes me more convinced that he is the enemy of my Fu family!" Fu Jingting suddenly clenched his fists and said with a gloomy expression.

Rong Shu looked at him, "What do you say?"

"Twelve years ago, my father was murdered in a foreign hotel, but I couldn't find any evidence of the murderer, so this case has been hanging up to this day. I had a car accident a few months ago, and everyone knew that someone was there. He bumped into me on purpose, but in the end I still couldn't find any clues to the murderer behind the scenes, so the case was temporarily put on hold."

Fu Jingting and Rong Shu looked at each other, "In both cases, no evidence or clues could be found. , I can't find the murderer. So far, apart from Su Cheng, who can do things so cleanly without leaving any traces?"

"Really!" Rong Shu looked startled and nodded quickly, "This style of behavior is really true. It's exactly the same, plus the grievances between Su Cheng and your family, maybe what you think is really right."

Fu Jingting tightened his fists even more, and his joints made noises, "If it is really him, I must have him Pay it back!"

When he said this, his face was extremely cold, his eyes were scarlet, and his whole body exuded a terrifying cold aura.

For him, Su Cheng was not just as simple as killing his father, even his mother's death had nothing to do with Su Cheng.

Although the mother committed suicide, but the mother committed suicide because of Sucheng.

It can be said that Su Cheng has two lives on his back.

He wanted Su Cheng's life, and he even cost Su Cheng a lot!

Looking at Fu Jingting, who was obviously in a bad mood, Rong Shu quickly took his hand and comforted him, "Fu Jingting, calm down. You advised me before that hatred not affect your reason. Why are you doing this now?"

"At the woman's voice, Fu Jingting's scarlet pupils gradually recovered.

He looked at Rong Shu's worried and nervous appearance, and felt a guilt in his heart, and said in a hoarse voice, "Sorry, I scared you."

Rong Shu shook her head, "No, I wasn't scared, I was just worried about you."

Fu Jingting He hugged her, "I'm fine, I just got emotional and couldn't control it."

"I know, that's why I'm worried about you." Rong Shu lightly patted the man's back.

After the two kept warm for a while, and when Fu Jingting calmed down completely, Rong Shu let him go, and then looked at Lawyer Wang who ate their dog food again, "By the way, Lawyer Wang, I haven't asked you yet. , What about the relationship between Su Cheng and Su Man? Su Cheng found you, you are Su Man's attorney, you should know the relationship between them?"

As soon as these words came out, Fu Jingting also squinted and stared at lawyer Wang. .

Under the gazes of the two, lawyer Wang doubled the pressure and pushed his eyes on the bridge of his nose before replying, "They are father and daughter."

"Father and daughter!" Hearing this answer, even Rong Shu already had the answer in her heart. , but still a little surprised.

Fu Jingting next to him was not surprised, but his face darkened again.

Obviously, he was not happy that Su Man was Su Cheng's daughter.

even angry.

Obviously, he didn't want Su Man to be Su Cheng's daughter.

Rong Shu understood the man's thoughts and felt a little strange, "What's wrong?"

Fu Jingting didn't answer, but stared at Lawyer Wang, "Su Cheng is not married, Su Man is his illegitimate daughter?"

"Yes." Lawyer Wang nodded and replied, "I also heard from the assistant next to Mr. Su, that it was Ms. Su Man, the illegitimate daughter of Mr. Su who was out of the house. For some reason, half a year ago, he met Mr. Su by chance, but he didn't. I know why, Mr. Su didn't immediately change the name for Ms. Su Man. It wasn't until some time ago that she changed her name to Su Man, but even after changing her name, the other information did not change, and Mr. Su did not disclose that Ms. Su Man was his daughter. So now the outside world doesn't know that Mr. Su has a daughter."

"So that's the case." Rong Shu nodded suddenly.

Fu Jingting sneered mockingly, "If I remember correctly, Su Man is twenty-seven this year?"

"Yes." Lawyer Wang responded.

The ridicule in Fu Jingting's eyes was even more serious, "Only three years younger than me, Su Cheng is really good!"

When he said this, Rong Shu could hear that he was saying it through gritted teeth.

He was very angry, angry that Su Cheng had an illegitimate daughter.

Why?

Rong Shu's eyelids drooped, and there was doubt in her eyes.

This doubt, she finally couldn't help but ask when they said goodbye to Lawyer Wang and returned to the car. It was only the two of them.

Fu Jingting did not answer immediately, but lowered his head slightly, as if thinking about something.

After a while, he replied in a gloomy voice, "I'm feeling worthless for my mother."

"Because Auntie loves Su Cheng, so Su Cheng has an illegitimate daughter. You're not worth your aunt?" Rong Shu asked . eyebrow.

If that's the case, she doesn't think it's necessary.

Fu Jingting's mother fell in love with Su Cheng, and they were lovers, but Fu Jingting's mother eventually married Fu Jingting's father, separated from Su Cheng, and gave birth to Fu Jingting.

Naturally, there is no need to guard the city of Su for Fu Jingting's mother.

After all, they were no longer together at that time.

Therefore, Fu Jingting had absolutely no need to fight for his mother because Su Cheng had an illegitimate daughter.

Seemingly seeing what Rong Shu was thinking, Fu Jingting looked at her, and after looking at her for a while, her thin lips pursed, and her voice could not hear a happy or angry opening, "Actually, I never said that I am not a normal person from my parents. Yes ."

"What do you mean?" Rong Shu was stunned for a moment, and she didn't react.

Fu Jingting clenched the steering wheel with both hands, his face tense, "I was born by my parents in a test tube."

"What?" Rong Shu was shocked, her voice raised, "Test tube?"

Her reaction was completely expected by Fu Jingting. .
