This Time, I Will Get My Divorce Chapter 881

The Worst Person

Speaking of which, Fu Jingting's hand on the steering wheel clenched harder.

Rong Shu could see the bulge of the blue veins on the back of his hand.

"Actually, my parents have never been in the same room." Fu Jingting said surprisingly.

Rong Shu covered her mouth in surprise, "No way?"

"It's true!" Fu Jingting nodded, expressionless, "It was written by my mother herself in her diary, she has always had a hobby of writing a diary, my mother does not love my father, and naturally I can't accept my father, and my father is a proud person, and he can't force such a thing, so after they got married, although they were in the same room, they lived in the master bedroom, and the other was remodeled. There was no relationship in the cloakroom, and naturally I couldn't be there, but their mission was to give birth to an heir to the Fu family, so they carried everyone on their backs, made a test tube, and gave birth to me."

"That's actually the case." Rong Shu opened her mouth and her heart beat fast.

Obviously, what Fu Jingting said shocked her three views.

"Does grandma know about this?" Rong Shu asked.

Fu Jingting shook his head, "Grandma doesn't know, if I hadn't seen the diary left by my mother, I wouldn't have known that I was born like this."

Rong Shu put her hand on the back of Fu Jingting's hand and looked at him distressed.

Yes, it hurts.

He was not born from the combination of parental love like ordinary children, but was born artificially because of a task.

This is like his birth, not expected by his parents, but as a tool for his parents to complete their tasks.

"Fu Jingting" Rong Shu's voice was a little hoarse. She wanted to comfort him, but she didn't know how to speak.

She was afraid that she would accidentally touch the sensitive part of his heart.

Fu Jingting saw what Rong Shu was struggling with, held her hand in his back, and laughed softly, "Don't be like this, although I was not born of their own will, but they fulfilled their responsibilities as parents, not because of the way I was born, they have no feelings for me. On the contrary, they love me very much, so I did not lack love in my childhood." When my

mother was alive, she was very kind to her, even if her mother died later, Wang Shuqin appeared. gave him motherly love.

The father did not change his attitude towards him because he married his stepmother.

Therefore, he does not feel that there is anything sad about the way he was born.

It can be seen that what Fu Jingting said is true, and did not mean to appease himself and not let himself worry.

Only then did Rong Shu let out a sigh of relief, "That's good."

She nodded, and then said, "Auntie did this for Su Cheng, right?"

"

Fu Jingting nodded, "Yes, my mother wrote in her diary that she made an agreement with Su Cheng that she would marry my father and give birth to an heir to the Fu family, and then wait for the heir to grow up, so she can understand her desire to pursue her own feelings. Later, she found a reason to divorce my father and reunite with Su Cheng, and my mother had already told Su Cheng that she would try to give birth to an heir for the Fu family, and she would not have anything to do with my father. Su Cheng has always been like a jade, and I hope Su Cheng can do the same."

"Did Su Cheng agree?" Rong Shu looked at the man and asked.

But as soon as this question came up, she reacted, and it was superfluous to ask herself.

Su Cheng agreed, how could Su Man still exist.

"Mother wrote it in the diary, Su Cheng agreed, and they all guarded each other like jade, just waiting for my mother to leave Fu's house and get back together. I still remember the diary I saw, the joy between the lines of my mother's words and Excited, but"

Fu Jingting's face suddenly became much colder.

Rong Shu squeezed his hand gently, "But Su Cheng agreed, but he betrayed his aunt and gave birth to Su Man, so you were at the police station just now and heard that Su

Man was Su Cheng's illegitimate daughter, and she only When you were three years younger, your emotions were so wrong and angry."

Fu Jingting was noncommittal, his eyes were full of storms, "Yes, I am angry because of this. My mother defended Sucheng for ten years. But in the third year of their agreement, they betrayed their agreement, created an illegitimate daughter, and kept it a secret until now, and my mother didn't know the man she loved until she died. She betrayed her long ago, maybe from Betrayed from the very beginning, even possible, before my mother married my father, when they were still together!"

Rong Shu had nothing to say.

Because many men are indeed like this, while saying that they love you, they can have sex with other women at the same time.

That kind of man's thinking is that I love you and I don't conflict with other women in bed, even some thick-skinned, shameless men can say 'I gave my body to others, but my heart to you'. Shameless words come.

It's disgusting to think about!

That Su Cheng is probably this kind of man.

Thinking, a trace of disgust flashed in Rong Shu's eyes, "I really feel bad for my aunt. My aunt never knew that the man she loves is really like this."

If you can't keep it, don't do this to a woman agreement.

It just makes people feel fake.

Now, she took back the thought that Fu Jingting's mother was married, and Su Cheng had no need to guard Fu Jingting's mother.

Fu Jingting's mother guarded Su Cheng from beginning to end, in order to give Su Cheng a clean self.

But Su Cheng, while promising to fulfill the agreement with Fu Jingting's mother, messed with other women behind Fu Jingting's mother's back, and created an illegitimate daughter.

She really felt sad for Fu Jingting's mother.

No wonder Fu Jingting's mother committed suicide.

At first, she couldn't figure out why Fu Jingting's mother committed suicide, how could she have the face to commit suicide.

Fu Jingting's mother fell in love with Su Cheng, and finally broke up and married Fu Jingting's father. It was normal for Su Cheng to marry another woman.

Only now did she know that there was an agreement between the two that was not known to outsiders.

Fu Jingting's mother has been fulfilling the agreement, waiting for divorce and returning to Sucheng.

And Su Cheng betrayed Fu Jingting's mother many years ago, not to mention that when Fu Jingting's mother was about to divorce Fu Jingting's father, there was news that he was going to get married.

Fu Jingting's mother waited for so long and finally got hope, but when she heard such desperate news, how could she not collapse?

Ten years of faith, ten years of perseverance, but being destroyed by her lover, Fu Jingting's mother couldn't bear to commit suicide.

Maybe at that time, Fu Jingting's mother actually realized that her ten years of waiting to feed the dog had become a joke, but she could no longer turn back and move forward, so she could only choose to end her life in the end.

Really a poor man.

Thinking of this, Rong Shu took a long breath and looked a little sad, "Aunt Su's death was indirectly caused by Su Cheng, and he was also a murderer. He should not agree to the agreement with his aunt, and he should not betray after agreeing, and he betrayed twice. , once gave birth to an illegitimate daughter Su Man, once married, even if the death of his aunt finally made Su Cheng cancel the engagement, but his aunt could not come back, he gave his aunt hope, and then destroyed this hope with his own hands, he "

"Damn him!" Fu Jingting cut off her words, gritted his teeth and squeezed out these three words full of endless chill.

Rong Shu snorted, "You're right, people who play with women's feelings are really the worst."

She didn't know what feelings Su Cheng had for Fu Jingting's mother now.

Maybe there is no emotion, or maybe there is.

But even if there is, it's just disgusting.

Don't Betray Me

"I'm also at fault."

Suddenly, Fu Jingting unfastened his seatbelt, hugged Rong Shu, the co-pilot, and slammed his chin on Rong Shu's shoulder, his voice full of low self-blame, "If I could have done it when I was young, , and found that Su Cheng betrayed her mother. Maybe her mother would not wait ten years, and she would not despair when she saw hope, so she gave up her life. Maybe she knew that Su Cheng betrayed her at first. I will come out of my relationship with Su Cheng earlier and truly accept my father."

Rong Shu felt the loneliness, guilt and other emotions emanating from the man's body, and patted him on the back distressedly, "Don't say that, It's not your fault, you were still a child at that time, how could you think so much, so it's really not your fault, don't blame yourself, your mother loves you very much, if she knew you would kill her, If it's your fault, she will definitely be sad and unhappy down there, you don't want to see such a situation, do you?"

Fu Jingting didn't say anything, just silently hugged Rong Shu tighter and shook his head. Buried deeper into her neck.

Rong Shu continued to pat him on the back, silently soothing his emotions.

Don't look at him usually aloof, so powerful, as if nothing is difficult for him, he can do everything.

But after taking off all the halo, he is actually an ordinary man.

An ordinary man with the same feelings as ordinary people.

Sadness, self-blame, and guilt.

Such Fu Jingting also needs someone to comfort and accompany him.

I don't know how long it took. After a long time, the traffic and police came and knocked on the window, reminding me not to park for a long time, and then Fu Jingting released Rong Shu, started the car and left here.

On the way back to Repulse Bay, Fu Jingting drove the car very quietly, staring directly at the road ahead without saying a word.

When he arrived at Repulse Bay, he parked the car in the parking lot. After stopping, he let go of the steering wheel and looked at Rong Shu next to him. Then he said again, "Don't worry, I will never become a man like Su Cheng."

"Huh?" Rong Shu's movement of unfastening her seat belt stopped, as if she didn't understand why he said such a thing.

Fu Jingting took her hand with a very serious expression, "I will treat you wholeheartedly, my body and mind are only yours, I will never be as hypocritical as Su Cheng, say one thing, do another thing in private, hurt my mother. You, this is my promise and promise to you, trust me."

As a man, you should keep your promise and promise.

Now that you have promised, you must do it.

He Fu Jingting was educated from a young age, and still has his own three views. He does not allow himself to be a dishonest person. If you love someone, you should love each other with all your heart, and only each other with each other.

Even if you don't love each other, as long as you don't separate, you should continue to keep it.

This is respect for the other party and responsibility for one's own character.

Of course, there will be no time when he doesn't love Rong Shu.

Therefore, like Su Cheng, who is also a man, he feels extremely disgusting.

The reason why he said these words to Rong Shu was to tell her that there are many men in the world, and there are many men like Su Cheng, but there are also many good men. He, Fu Jingting, is one of the good men.

He didn't want her to have doubts about him after hearing the disgusting things Su Cheng had done, suspecting that he would also mess around outside. After all, it's not that he didn't promise her in the past. She was worried that she would feel that because of Su Cheng. The promises he made had little credibility.

In that case, he is really going to die.

That's why he couldn't wait to make a statement to Rong Shu, saying that he was definitely not a man like Su Cheng, let alone becoming a man like Su Cheng.

Should she believe him?

Fu Jingting pursed his thin lips, which were always like two black holes, and in his eyes that made people unable to see the expression, there was obviously a little more anxiety at this moment.

He was worried, worried that she would not believe it, worried that she would really think that he would mess up because of Su Cheng.

Seeing the man's tense look like an enemy, Rong Shu covered her lips and chuckled, "Okay, don't be like this, I didn't think you would be like that in the future because of the disgusting things Su Cheng did to Auntie, everyone. They're all different, I've always been aware of this." The

man's mind was too understanding.

She could see at a glance what he was worried about.

Although he felt that his worries were completely unnecessary, she was very moved by the fact that he could immediately take into account her mood and worried that she would be thinking wildly, so he hurriedly spoke to give her a reassurance.

"This world is inherently multifaceted, and so are people. There are good people and bad people. I can't assume that just because Sucheng is a scumbag, men all over the world are scumbags. They will all be the same as Sucheng. , it's not fair, so you don't have to worry, I won't think about it, and I won't suspect that you will mess around. Even if I don't have confidence in you, I should have confidence in my vision. I believe in the man I choose, Not the kind of scumbag who doesn't look like he is, what do you think?"

Rong Shu looked at him with a smile.

Fu Jingting nodded very firmly, "Of course, I won't make you feel that you see a man wrong."

"That's good, that's enough." Rong Shu squeezed the man's finger lightly.

The man breathed a sigh of relief and was relieved.

Great, she wasn't affected by what Su Cheng did.

If she was really affected, he would kill Su Cheng right now, no matter what.

Just thinking about it, Rong Shu's next sentence made Fu Jingting's heart rise again.

"But," Rong Shu squinted her eyes, her eyes flickering darkly.

Fu Jingting's heart skipped a beat, and he had a bad premonition, "But what?"

His Adam's apple moved, and his voice was a little hoarse.

Rong Shu smiled and looked at the man, her eyes sly and unconcealed, "But if you really messed up, betrayed me when we were still together, and blinded my trust in you, don't blame me for ruining it. Your messing tool."

She made a cutting gesture, looked down, and finally settled on the position between the man's legs.

Fu Jingting's pupils shrank, and his face changed slightly for a moment. Sitting on the seat, his slightly spread legs, under her gaze and cleaning, also subconsciously closed.

Obviously, he didn't expect that hers was actually this.

This is somewhat harsh.

Seeing that Fu Jingting didn't speak and pursed her thin lips tightly, Rong Shu held her head and said with a half-smile, "What? I think I'm going too far? But I don't think I'm going too far. As long as you don't do this, I will naturally also. I won't do this, you think I'm too much, do you plan to treat me like Su Cheng treats my aunt in the future?"

"No!" Fu Jingting frowned, and immediately blurted back, "I won't be a man like Su Cheng."

"Then Why didn't you say anything just now? I said, as long as you don't betray me, you won't think I'm going too far, because you won't have that day, so naturally you don't have to worry about anything." Rong Shu stared into the man's eyes like this.

The man sighed lightly, "I don't think you're too much, I'm just shocked by your words."

"Shocked?" Rong Shu tilted her head.

Fu Jingting nodded slightly and hummed, "Although I'm not afraid of what you just said, and I'm not worried that I'll fall into that point, but after all, don't look at me, let alone be so serious, make me feel that I am It will really be destroyed by you in the next second, you must know that men care about this, after all," the

man's eyes flowed.

The Bold Dog Man

Rong Shu had a bad premonition in her heart, "After all, what is it?"

Fu Jingting laughed softly, then leaned over to her ear, bit her earlobe, and whispered softly, "After all, that's what brings you happiness. , you are reluctant to destroy it, huh?"

Bang!

Rong Shu only felt that something exploded in her brain, and her whole face was blushing almost dripping blood.

She opened her eyes wide, her eyes were either shocked or embarrassed, and she looked at the wicked handsome man who smiled at her, her mouth opened, and it took a while before she made a sound, "You"

listen, what the hell was he talking about just now talk?

What brings her happiness, she is reluctant to destroy?

Pooh! She didn't think it was okay, she did feel the pleasure of that kind of thing, but he didn't need to say it outright.

This is a private matter, do you want his face?

Oh no, he said it all, of course he doesn't want his face!

All in all, what he just said was much more sarcastic than what he usually said.

Thinking, Rong Shu took a deep breath, suppressed the anger in her heart, and glared at the man angrily, "Fu Jingting, please shut up, stop saying these words."

She covered her hot face, knowing that she His face must have turned red now.

Fu Jingting looked at Rong Shu's embarrassed appearance and laughed again.

His laughter was almost pressed from his chest, provocative and sexy, "Okay, I won't say it, I just want you to know that some words can't be said nonsense, some ideas can't be random, understand Is it?"

Rong Shu didn't turn her head away and didn't look at him.

She was afraid that when she met his gaze, the burning heat on her face would be even more cold.

"As long as you don't feel sorry for me, of course I won't talk nonsense." Rong Shu snorted, "But if you really betray me, especially when we are still together, then I may really betray me. It'll snap your baby like I said."

She made a scissors opening and closing gesture.

But this time, she moved towards the other side, not towards Fu Jingting anymore.

She was afraid that she was doing these actions towards him, annoyed him, and then dragged her to the car to do Fa-rectification on the spot.

Fu Jingting stretched out his hand and silently ran Shu's hair, smoothing her hair, "Don't worry, there won't be such a day, my baby, I will only be with you for the rest of my life."

He breathed warmly in her ear.

"Smelly shameless." Rong Shujiao glanced at him, her whole body was already hot and embarrassed by his words, but he blew her air again, it tickled her neck, and she couldn't help shrinking her neck. , laughed.

Fu Jingting saw her laughing while avoiding her, his eyes darkened, as if he had discovered something novel, he leaned over and continued to exhale, and sometimes he gently placed a kiss or bite on her neck.

Looking at the fresh strawberries planted on Rong Shu's neck, Fu Jingting raised his thin lips, obviously in a good mood.

But that wasn't enough. There was only one strawberry, and the quantity was too small to satisfy him.

On her fair skin, there is still such a big blank space. There is only one strawberry, which is too monotonous. If it is full, the scene will be a little more beautiful, right?

Thinking, Fu Jingting narrowed his eyes, stretched his hand under Rong Shu's seat, and pressed a button.

The next second, Rong Shu felt that the seat under her body suddenly dropped, and even her body fell down, the sudden weightlessness startled her, and she cried out subconsciously.

Fu Jingting lightly covered her mouth, and said in a hoarse voice, "Don't be afraid, my dad's seat is down, everything will be fine, just lie down and rest assured."

Hearing his words, Rong Shu heaved a sigh of relief, and the heart that she raised slowly fell back to its original place, her body also relaxed, no longer so stiff, and she leaned on the flat seat back rest assured. .

Fu Jingting pressed down on Rong Shu halfway, and gently stroked her face and hair with big hands. The bottom of his eyes was dark, but in the deepest part of the darkness, there was a faint light of fire.

Looking at Fu Jingting like this, Rong Shu's heart suddenly rang out.

Shouldn't the alarm bell be ringing?

It's not that she hasn't seen Fu Jingting like this before, but she has seen the bowls she has tossed to death.

Now the man has the same look as those nights, plus he suddenly put down the seat and pressed on her again, which made her have to think more about his purpose.

Thinking of this, Rong Shu swallowed her saliva and stared vigilantly at the man above her head, "Fu Jingting, what do you want?"

Fu Jingting squinted slightly, "Little Ye Zi, don't you think it's very exciting to do it in the parking lot? Do you feel it?"

Rong Shu was shocked by the man's words and couldn't close her mouth for a while, but she couldn't come back to her senses.

She originally thought that he just wanted to press her down and kiss her.

Unexpectedly, his real purpose was more daring and bold than she thought.

Kissing in a public place like a parking lot was already unacceptable to her, for fear of being seen embarrassed.

In the end, he was better, he wanted to be direct...

Sure enough, compared to his, her imagination was still too timid and conservative.

Rong Shu took a deep breath, came back to her senses, and managed to calm her messy heart, her face puffed up, and she lowered her voice to warn, "Fu Jingting, you're crazy, this is a parking lot, a parking lot!"

She repeated the words "parking lot" "So don't mess around."

She reminded him in a serious tone.

Fu Jingting's eyes were still dark and boundless, his Adam's apple rolled, and replied in disapproval, "I know."

"I know you don't hurry down." Rong Shu pushed him.

But he was pressing too hard, and with the roof behind him, she didn't dare to push him hard.

Afraid of pushing him, his head accidentally hit the roof of the car.

After all, with such a hard roof, if your head hits it, who knows what will happen.

Otherwise, she didn't care so much and just pushed him away from the car.

Fu Jingting didn't listen to Rong Shu, got off her, instead lowered his head, pressed her forehead, and got closer to her, "Don't worry, there is no one in the parking lot."

Rong Shu almost choked on her own saliva, "No one is there now. It doesn't mean that there will be no one for a while, so Fu Jingting, hurry down and don't mess around, if someone passes by and sees it later, it will be really shameless, you and I will definitely become the world's joke."

Let's not talk about the two of them. He is also a public figure. Even if he is not a public figure, he is just two ordinary people. If he is a jungler in a public place, after being seen, he will definitely be in the news, let alone the two of them.

She can guarantee that as long as someone finds out what the two of them are here, tomorrow's headline will definitely be the two of them.

At that time, he not only lost his own face, but also lost the faces of Fu Shi, Tian Cheng, and relatives and friends behind him.

Thinking of that situation, Rong Shu felt her scalp tingle.

However, compared to Rong Shu's fear, Fu Jingting seemed calm, as if he was not worried about the consequences at all.

He lowered his head and kissed the corner of Rong Shu's mouth, comforting her, "Don't be afraid, it'll be fine, the glass of the car is one-way, you can't see it from the outside, so what you worry about will not happen, trust me."

When the words fell, his thin lips moved away from the corner of her mouth, directly grabbing her entire lips.

Rong Shu's eyes widened.

Come on, this dog man actually came for real!

She has said that this is a public place, a parking lot, and people will pass by at any time and will be seen.

However, he still didn't care about it at all, and insisted on her.

She should say, does this man really think that no one will find out, or even if someone finds out, he doesn't care?

was discovered

But no matter what it was, she had to stop him and couldn't let him continue.

He has no face, and she has no face.

“Ugh”

Her lips were blocked, Rong Shu couldn't speak, she could only make a hum, and pushed the man on her body with both hands, trying to push the man away.

The man's eyes were red at the moment, and his reason was obviously lost.

Rong Shu's push, not only did not push the man away, but for men, it meant flirting and affection.

So the man held her tighter.

Rong Shu was almost out of breath after being kissed by the man, her face was flushed, her mind was dizzy, and her whole body began to soften.

In the end, her pushing force became smaller and smaller, and her movements became slower and slower. Obviously, she had no strength, and her eyes gradually became blurred.

Obviously, she has been brought into love by a man.

After all, this kind of thing is inherently demagogic, no matter whether it is a man or a woman, as long as one party intends to deceive, the other party will still sink into it even if he doesn't want to.

Gradually, Rong Shu's reason became more and more blurred, and he had completely given up struggling, and even forgot that he was still in the car and in the parking lot.

Her tense body gradually relaxed and softened, lying on the seat, letting the man hug her tightly.

The man noticed Rong Shu's response, and after a pause in kissing her, his thin lips twitched slightly.

After a while, the still black Maybach suddenly swayed, looking very strange in the dim parking lot.

Those who didn't know, thought that something supernatural happened.

At this time, footsteps came from not far away. If you listen carefully, you can hear the sound of high heels and leather shoes stepping on the ground.

It turned out to be a young man and a woman who came out of the underground elevator of a building in the parking lot with their arms around each other.

Suddenly, the man saw something, stopped, and let out a voice that everyone in the country would know, "I'm Cao!" The

woman noticed that the man suddenly didn't leave, so she also stopped, "Hey, dear, what's the matter? The

man took out his mobile phone and excitedly pointed to the Maybach that was shaking in front of him

“

It's amazing, I don't know which two great masters are so impatient. They did what I wanted to do but didn't dare to do. It's really a role model for me.” The man rubbed his hands excitedly, and then walked towards Maybach go.

Seeing this, the woman hurriedly asked, "What are you doing?"

"I used to shoot a video, such a hot news will definitely make headlines, I can't let it go." The man walked forward quickly and replied without looking back.

A woman is not as irrational as a man. She looked at the man's back, and then looked at the Maybach who couldn't understand the license plate number, but it was not common. She was afraid that the man would cause trouble. After stomping her feet, she quickly trotted over, "Darling, , don't mess around."

"It won't mess up, don't worry about it." The man disagreed, holding up his mobile phone and taking pictures of Maybach.

Rong Shu, who was tossed around by the man in the car, was paralyzed and had no strength at all. At this moment, she suddenly heard voices from outside. She was refreshed, her face changed, her body shrank suddenly, and she stiffened. It was cold and sweaty.

somebody is coming!

Someone found her and Fu Jingting and wanted to take pictures!

It's over, now her face is thrown in, and she is shameless.

At this moment, Rong Shu can already imagine that the headline of tomorrow's headline will be "Shocked!" The chairman of Tiansheng Group was hungry and thirsty, and shamelessly coexisted with the chairman of Fu's Group in the parking lot'.

Thinking of this, Rong Shu's mind throbbed, almost fainted, and her heart became more and more panic.

Feeling her stiff and stiff body, he squeezed the hand on her waist slightly, and said in a low and hoarse voice, "Baby, relax."

Rong Shu obviously didn't know that she was torturing the man. How uncomfortable it is, and I am not in the mood to care about it.

What she cared about was the two people outside.

Rong Shu turned her head and looked out the window. Here, she could clearly see the two people outside. Although she knew that people outside couldn't see her, she was still embarrassed and ashamed that she couldn't see an inch at the moment.

I always feel that this layer of glass is not isolated from anything, and people outside can still see her.

Especially when she saw the mobile phone held by the man outside, her face began to turn white at the moment, "What should I do, Fu Jingting, someone is filming us!"

She lowered her voice and eagerly grabbed the man's arm, her voice trembling in panic, All with a hint of weeping.

It's all Fu Jingting's fault for wanting to do this kind of thing here, tempting her and making her addicted to compromise.

He also blamed himself for being so restless and useless. When he was kissed, he felt dizzy and lost his senses regardless of everything.

Seeing that the woman was so anxious that she was about to cry, Fu Jingting let go of her waist and gently wiped the tears from the corner of her eyes.

After wiping it off, he put his hand in front of his thin lips, lightly licked the remaining tears on his thumb, then raised his eyes, restrained the emotion and desire in his eyes, and glanced coldly at the men and women outside, with an indifferent tone. An Ding said, "Don't worry, don't be afraid, it's alright, they can't see us, they can't hear our voice, and they don't dare to do anything. I don't know what to do."

“Really?” Rong Shu asked in a daze.

Fu Jingting’s thin lips moved slightly, and just as he was about to answer, the woman outside suddenly changed her complexion, as if she had seen something terrifying. She took a deep breath and her expression became pale.

She grabbed the arm of the man beside her, and shouted in a panic, “Okay, stop filming!”

While speaking, she even grabbed the man’s mobile phone, and when she saw what the man filmed, she clicked delete.

Seeing this, the man roared angrily, “What are you doing? Are you crazy?”

He grabbed the phone back and hurriedly checked to see if the content he had shot had been deleted, and if he could still be rescued.

However, after seeing that all the content he filmed had been deleted, the man glared at the woman angrily, “Are you crazy? Are you sick? Why did you delete it? If you don’t give me one, let me Satisfied explanation, I will break up with you!” The

woman looked at the man’s eyes that seemed to eat her, and suddenly became angry, “You still dare to break up with me? I am saving you, do you know that ?”

Of course I am saving your dog’s life

“Save me?” The man sneered, disapproving of the woman’s words, “I’m not in danger, what are you saving me?” The

woman was about to die of madness at the man’s stupidity.

“Of course I’m saving your dog’s life!” The woman was trembling with anger, “Aren’t you afraid that the people in the car will be unhappy when you take a video?” The

man waved his hand, smiling heartlessly, “What are you afraid of? They came out to settle accounts with me, but do they dare to come out?” The

man glanced at the co-pilot’s window with disdain.

Rong Shu just met the man’s eyes, and in an instant, her body tensed again.

Because she felt as if men could really see her.

Even though Fu Jingting has already said that people outside can't see or hear it.

But in her heart, she still couldn't rest assured.

After all, she was able to see the outside clearly, which made her feel that people outside could also see her, which made her feel ashamed.

Rong Shu's nervousness this time made Fu Jingting suffer again.

Originally, Rong Shu's body had gradually relaxed, and he was not so uncomfortable anymore.

But when the people outside suddenly approached the car glass, Rong Shu was frightened, and he naturally fell into that pain again.

The two people outside, wait for him!

Fu Jingting narrowed his eyes, staring at the men and women outside with cold and gloomy eyes.

The man was the closest to the car, and suddenly shivered, feeling hairy in his heart.

Strange, how did he feel that he was being watched?

Is it an illusion?

The woman was okay and didn't feel anything, but she heard the man's provocation to the people in the car, and suddenly took a breath and almost fainted.

But she held back, she took a deep breath, pressed down the fear in her heart in front of her, then reached out and grabbed the man's ear, "Open your dog's eyes and show me, am I saving you! Kill me, don't take me!"

Said, the woman grabbed the man's ear and took the man to the rear of the Maybach.

The man struggled in pain and shouted, "Crazy woman, how dare you pull my ear, you"

before he finished speaking, the woman pushed his head down in front of the Maybach's license plate, "Open your eyes, give me Take a good look and see what this license plate means!" The

man's face was caught off guard to the license plate, and the content of the license plate naturally caught the man's eyes.

Although the man is cynical, but he is not a fool, he can naturally see the meaning of the license plate in front of him.

Immediately, the man's face changed greatly with fright, and he quickly stood up straight and stepped back. "This"

man looked at the license plate, opened his mouth, and was speechless in surprise.

How did this license plate appear here?

The person in the car was a

man who raised his head in horror and looked at the location of the Maybach's carriage.

He couldn't see the situation in the carriage, but because he couldn't see it, he was even more afraid.

Because he didn't know who the big guy was inside.

But no matter who it is, he feels that he is not something he can provoke.

At this moment, the Maybach has not shaken. Obviously, the people inside already know that they are outside, and may even have seen all their actions and heard all their conversations.

Don't the people in there have already begun to hate them?

Thinking, the man swallowed his saliva, his forehead was full of cold sweat, and his face was full of fear, "Baby, what should I do?"

He turned his head stiffly and looked at the woman beside him.

The woman bit her lip and looked at him resentfully, "You ask me who I am asking? It's not all you, you have to shoot, now it's good, trouble!" As

she spoke, the woman's eyes were red, and she was obviously afraid to ask Cried.

The man also shrank his neck and whispered, "I don't know, who would have thought that such a big man would come to our place?"

If the owner of this car is also the owner of Repulse Bay like them, they will not be afraid Woolen cloth.

After all, the people who live here have similar identities.

The woman stomped her feet angrily when she heard the man's words, but she didn't know what to say.

Haishi is one of the international metropolises, and it is not an exaggeration to pay an inch of land, so there are especially many bigwigs.

Although Repulse Bay is not a wealthy area in the city, it is also a high-end apartment. Although the people living here are not very rich, they are definitely richer than ordinary people.

So they naturally have a lot more knowledge and know a lot of things than ordinary people, such as license plates.

The license plates of the big names in the sea are quite special, especially the biggest ones, all the numbers on the license plates are one number.

She didn't know who the owner of the license plate with all nine license plates was, but she knew that this person must be one of the biggest bosses.

If they dared to take a video of the boss, and if they dared to send it out, she could guarantee that they would never see the sun tomorrow.

It's too easy for these big guys to make a person disappear.

The more she thought about it, the more frightened her body began to tremble.

But she found the license plate before the man, which is enough to prove that she is much more careful and rational than the man.

She bit her lower lip, pinched her palm, and finally pulled the man to the direction outside the co-pilot, "Quick, no matter if the boss doesn't forgive me, it's always right to apologize first."

Maybe apologize, maybe The boss just let them go?

The man thinks it makes sense, and then together with the woman, they all bend down and bow at a 90-degree angle. The posture is very standard and the look is very sincere.

The two quickly apologized, hoping for forgiveness.

And said that they have deleted the video, and there is absolutely no possibility of sending it out.

In the car, Fu Jingting was trapped in extreme discomfort, and sweat dripped from his temples.

Rong Shu couldn't relax again.

He knew that as long as the two of them didn't leave, she couldn't really relax.

Taking a deep breath, Fu Jingting suppressed the violent emotions in his heart and pressed a button on the car with his backhand.

Then Rong Shu heard a voice coming from above her head.

She looked up and saw that the skylight was open.

In an instant, she looked terrified.

He's crazy!

Open the sunroof!

Although he only opened one crack, is he not afraid that people outside will jump directly on the front cover of the car and look down on the sunroof?

Rong Shu was so nervous that her fingernails were embedded in the flesh of Fu Jingting's arm.

Just when she was about to tell Fu Jingting to quickly close the skylight, Fu Jingting spoke up, and in his hoarse voice, with a forbearance in his voice, he roared angrily to "Go

away!" Shivering, knowing that the people in the car had temporarily let them go, they looked at each other, then hurriedly ran away and left this place of right and wrong.

When the people outside left, Fu Jingting closed the skylight again, looked down at the woman who was still a little nervous, touched the woman's face lightly, and coaxed, "Be good, the people have left, relax."

Rong Shu was originally frightened. His pale face turned red again.

She glared at the man on her body angrily, "You deserve it, who told you to stay here, I said that someone would pass by, you have to listen."

She was so frightened that she almost lost her soul.

It's all his fault!

Although she thought so, Rong Shu still relented and gradually adjusted her mentality and relaxed her body, otherwise, wouldn't it be her who would suffer in the future?

bah bah bah, what are you thinking?

The face is thicker than the city wall

She won't suffer, what about him, what does it have to do with her?

Rong Shu thought shamefully.

Fu Jingting didn't know what Rong Shu was thinking. After he felt her body relax, he breathed a sigh of relief and was no longer so uncomfortable.

He moved his body a little and looked at the woman with a low smile, "Didn't I say it, it'll be alright, didn't you see it just now, they were very scared and didn't dare to offend me."

Rong Shu pursed her lips, "You early Do you know how those people will react even if they find us?"

Fu Jingting was noncommittal.

A hint of surprise flashed in Rong Shu's eyes, "How did you know?"

She was very curious.

The two men and women just now had absolutely no idea who was in the car.

So the two men and women did not see them, but suddenly expressed fear for them, and immediately deleted the video to apologize.

This change is really surprising.

Fu Jingting looked at Rong Shu's dazed appearance, and only thought it was very cute.

He kissed her eyes and opened his mouth to explain, "License plate!"

"License plate?" Rong Shu was slightly startled.

Fu Jingting snorted, "People who live in Repulse Bay have some identities, so they have much more knowledge than ordinary people. They know that the license plates of some big people in the sea market are quite special. It happens that you are a man and

I are big people too. One of them, they saw my special license plate and knew they couldn't offend me, so they quickly apologized."

"I see." Rong Shu patted her forehead, "I forgot about it."

She never thought that one day she would be so bold, in the parking lot with a man...

If someone told her before that she would do this, she would have laughed to death, thinking that it was absolutely impossible.

Therefore, this is the first time she indulged herself like this, playing with Fu Jingting that she never dared to think or do in the past. At the same time, it was exciting, but it also made her feel frightened, afraid of being discovered, so she could not see her face. people.

So when she saw the outsider in the car, she was so frightened that her mind went blank, and she completely forgot about Fu Jingting's license plate.

It's also really unfair.

They are also the protagonists of the incident. Why was he so frightened that this man kept his calm and unhurried appearance?

Isn't he really afraid that people outside don't understand the meaning of the license plate, and send out the video to let people flesh the license plate so that they know it's them?

Rong Shu looked at Fu Jingting with curiosity in her eyes.

Her thoughts were written in her eyes, and it was really easy to understand.

So Fu Jingting saw her confusion at a glance, and pressed her forehead against her forehead and replied, "Even if people outside the car can't see the meaning of the license plate and post the video, don't you know the platform where the video was sent? It doesn't matter if you don't know about it, my license plate has security measures, the level of confidentiality is very high, and it can't be found by others, so all your worries are superfluous."

Rong Shu raised her eyes and stared at it. Man, "No wonder you have to be here. You have already thought about all the possible outcomes, and you know that even if someone finds out, it will not have any effect on us."

Fu Jingting was noncommittal.

Rong Shu was about to be mad at him.

Since he had already thought of this, why didn't he tell her earlier?

It's nice to see how she's scared there because of someone, isn't it?

and many more!

Realizing something, the corner of Rong Shu's mouth twitched.

She was crazy, why did she wish he had told her earlier.

It made her seem to like to play with him here too.

Bah, she doesn't like it.

She is a pure and good woman.

The reason why she is here with him now is because he is bewitched by him. This is definitely not her original intention, absolutely not!

Rong Shu's face was red and her ears were red, and she thought with a guilty conscience.

Fu Jingting saw that she was distracted, his mind was obviously not on him, his eyes narrowed, and then his waist moved.

Rong Shu's eyes widened, and her mouth made a ding and squeak involuntarily.

But the next second, she hurriedly covered her mouth and stared at the man in shame and annoyance.

He did it on purpose, he absolutely did it on purpose.

Just in revenge for her to stop him halfway through.

Although, when a man has not released, it is a bit disappointing to tell a man to stop and stop doing it.

However, she is also for their good.

After all, it's not a glorious thing to see this kind of thing, even if people outside can't see them, don't know who they are, and they dare not offend them because of the license plate.

But she can't take it.

I always feel that I am performing this kind of thing in public, and I am very shameless.

And this man didn't feel ashamed at all.

Also, how can a man who can propose to do it here and put it into action can feel ashamed.

That face is thicker than the city wall.

Realizing that Rong Shu was distracted again, Fu Jingting frowned in dissatisfaction and bit her lips.

It didn't hurt, but it made her come back to her senses.

Fu Jingting gasped for breath, and said, "Baby, be serious, you are distracted by this kind of thing, you know this is disrespect to me? It makes me feel like I haven't tried my best, otherwise how could you possibly be? And mind wandering, eh?"

Rong Shu squeezed the man's shoulders tightly with both hands, her nails digging into her flesh, "Fu Jingting, you bastard~~"

Fu Jingting chuckled, "Okay, I'll take it easy, as long as you focus, don't worry, I'll finish it soon. "

But he didn't say it.

It's almost over, Rong Shu doesn't know how long it takes, maybe a century, when she was about to faint from exhaustion, the man finally finished.

At this time, Rong Shu was paralyzed on the seat like a puddle of soft flesh without bones. Not to mention raising a finger, he didn't even want to move his eyelids.

Fortunately, men are not the kind of people with no conscience.

After he dressed himself, he began to clean up Rong Shu's body.

There was no water in the car, so a comprehensive cleaning could not be done, so Fu Jingting only wore a suit jacket and nothing inside, because he wiped Rong Shu's body with his black shirt.

This Time, I Will Get My Divorce Chapter 887

The Complaining Assistant Zhang

Rong Shu looked at the black shirt in the man's hand that was used as a towel, and was suddenly amused.

But she couldn't smile, because she didn't have the strength, she could only hold the corner of her mouth, indicating that she had laughed.

When Fu Jingting saw it, he asked in a low voice, "What are you laughing at?"

"I'm quite lucky to have a 100 billion president serve me humbly, and even use a shirt worth hundreds of thousands as a towel for me. You think I can Don't you laugh?" Rong Shu looked at the man and replied.

The man only wore a suit jacket.

And the buttons of the suit are only two or three, and they are still under the chest, so Fu Jingting's chest above can clearly see the strong and strong chest muscles, as well as the perfect texture.

In addition, after exercising, the pink and sweat remaining on his skin made him feel very human and full of masculine allure at this moment.

Rong Shu felt that her face was thicker now. At least when she saw Fu Jingting like this, she would no longer blush like before, and would not dare to look at it.

Now, she can appreciate it calmly, and let a man clean up her body calmly.

If it was before, she definitely couldn't do it.

But now, she can.

Anyway, she didn't have the strength and didn't want to move, and she didn't want to be sticky, so she could only let the man who was still full of energy and had a lot of strength clean it up.

What's wrong with letting a billionaire serve him like a servant?

At least self-esteem and vanity have been greatly satisfied.

And like what he said before, his whole body has been seen and touched, so what are you shy about?

In short, whatever, destroy it!

Listening to Rong Shu's words, Fu Jingting gently wiped off the stains on Rong Shu's body, "It is also my blessing to be able to serve you. For me, serving you and taking

care of you is not a servile, but my honor. I'm even willing to serve you for the rest of my life, and I can also order a batch of towels with the same value as a shirt for you."

"Don't!" Rong Shu raised her hand to stop the man's thoughts, "Do you want to?" Of course I'm happy to serve me all my life, but it's better to order such an expensive towel, you don't feel bad for me." It's

all money!

Fu Jingting looked at Rong Shu's painful appearance, with a faint smile in his eyes, "Okay, listen to you."

She didn't want to use this kind of towel, and it was the same with his clothes.

And he was more willing to serve her with his clothes than a towel.

Looking at his clothes brushing her body, he was dry and hot all over.

Thinking of this, Fu Jingting grabbed his shirt's hand and tightened it slightly, as if he was holding back something.

But soon, he took a breath and suppressed the restlessness in his heart.

Can't come again.

Then again, her body couldn't take it anymore.

Thinking about it, Fu Jingting rubbed his temples, quickly put away some thoughts, picked up Rong Shu's clothes that had been left in the driver's seat, and began to put them on one by one.

He enjoyed the process of dressing her very much, especially the way she was leaning softly in his arms and letting him move, it was a complete mess. Makes you want to bully.

So it was supposed to be able to put on clothes soon, but it was dragged by Fu Jingting for a long time before putting on.

During this period, Fu Jingting often ate tofu on Rong Shu.

These Rong Shu are naturally in her eyes, but she has no strength, and she is too lazy to say anything, and she doesn't want to roll her eyes.

Finally, the clothes are ready.

Fu Jingting cleaned up the traces in the car a little bit, and after confirming that there were no suspicious stains left in the car, he got off the car with Rong Shu in his arms and walked towards the elevator.

Rong Shu leaned against his arms, closed her eyes slightly, and recalled the experience of these few hours, her whole person was embarrassed.

She really didn't expect that one day, she would be so capable, so wild, in a public place like the parking lot with Fu Jingting...

Should she praise herself for being so good and forcing Klass?

Fortunately, the people who live here have a lot of knowledge, and it is even more fortunate that the car that Fu Jingting drives is his usual car, not an ordinary low-key car.

If it is an ordinary low-key car, the license plate is naturally ordinary.

If the two of them were in an ordinary car, the man and woman would never have been afraid of them, and the video would have been posted on the Internet long ago.

Then she and Fu Jingting became completely famous.

So fortunately, fortunately.

Fortunately, there were no other people or cars passing by in the parking lot behind, otherwise she would be nervous and scared again.

Thinking about it, Rong Shu's body was completely relaxed. In addition, she was exhausted and exhausted. She gradually fell asleep leaning on Fu Jingting's chest.

Fu Jingting heard the woman in his arms breathing longer than usual, and looked down, only to find that the woman was actually asleep.

With a low laugh, he hugged the woman tighter in his arms, and then stepped into the elevator faster.

Back at Repulse Bay, it was already three o'clock in the afternoon.

Fu Jingting put Rong Shu on the bed and covered the quilt gently.

He originally wanted to wake her up and let her eat something before going to sleep, but he called twice, Rong Shu didn't mean to wake up, so he just gave up.

He knew that she was too tired, she had fallen into a deep sleep and couldn't wake up.

That being the case, he naturally had no choice but to let her continue to sleep.

Fu Jingting lifted the hair on Rong Shu's face so that she could breathe more smoothly.

Afterwards, he got up, rummaged through Rong Shu's closet and found a set of his own clothes, left the room lightly, and walked to the bathroom.

After taking a bath, Fu Jingting took out his mobile phone and made a call while wiping his wet hair .

The call was quickly answered, and Assistant Zhang's tired voice came with a hint of resentment, "Mr. Fu, are you looking for me?"

Can you not complain?

As the New Year is approaching, the group is already busy.

In the end, Mr. Fu was a good boss, but he didn't come to work in the group at such a busy stage.

Of course, he also knew why Mr. Fu didn't come, and he could understand it.

But Mr. Fu wouldn't leave all the work to him, would he?

It made him so busy all day today that he didn't even rest, and his brain was about to explode.

As if he couldn't hear the complaint in Assistant Zhang's tone, Fu Jingting lightly opened his thin lips and said lightly, "You come to Repulse Bay after work, drive the car, and take it to the store to have the interior cleaned."

"Huh?" Assistant Zhang's mind was a little confused . , "Cleaning the interior?"

"Well."

"But the interior of the car was cleaned the day before yesterday." Assistant Zhang was puzzled.

Fu always likes to be clean, so the car that usually travels on a daily basis basically cleans the interior once a week, or it is a big cleaning.

It's been less than two days now, and President Fu has to clean it up, which is really confusing.

"Mr. Fu, is there something dirty?" Assistant Zhang asked suspiciously.

Fu Jingting's face sank immediately, and he pursed his thin lips in displeasure, "There's nothing dirty, just do what you want, no nonsense!"

Assistant Zhang was scolded and touched the tip of his nose embarrassedly, "Okay, Mr. Fu, I see. I'll come and drive after work."

Fu Jingting hummed, "Bring a backup key, you don't have to come up to me for it.

" Don't want to be disturbed.

"Okay, Mr. Fu." Assistant Zhang responded with a smile on his face, but rolled his eyes.

Don't go up?

Oh, he said it seemed like he wanted to go up.

He doesn't want to go up, he eats dog food when he goes up, he goes up when he's crazy!

#### **Strange Calls**

"Mr. Fu, do you have any other orders?" Assistant Zhang asked another question after suppressing the spit in his heart.

Fu Jingting lowered his eyes and pondered for a moment, "Have you received a strange phone call today? Or met a strange person?"

Strange phone call, strange person?

Assistant Zhang shook his head in confusion, "No, President Fu, did something happen?"

"The lawyer Su Man hired was the former head of the legal department of the group." Fu Jingting said.

Assistant Zhang thought for a while, and remembered a human face, "You mean, lawyer Wang?"

"Well." Fu Jingting raised his chin, "He was hired by Su Cheng for Su Man, just because he had a little friendship with me. , I want to try to walk my way and let me let Su Man

go, but the talk has collapsed, so Su Cheng is likely to call you to find out about me from you, or find someone else to come to the group to inquire.”

All in all, Su Cheng should not contact him easily.

After all, he is Fu Huai’s son.

Who would want a connection to a rival’s son?

“I see.” Assistant Zhang nodded, “Don’t worry, Mr. Fu, I didn’t receive any unfamiliar calls today, and I didn’t see any strange people.”

Fu Jingting nodded, “That’s good.”

“That’s right, Mr. Fu. Thinking of something, Assistant Zhang pushed a pair of glasses and asked, “What is the relationship between Su Cheng and Su Man? Why do you do so much for Su Man? Is it true that we guessed that the two are fathers? Female?”

Fu Jingting did not answer with a gloomy face.

Assistant Zhang realized something from his silence and widened his eyes, “No, it’s really father and daughter?”

Fu Jingting sneered, “It’s just an illegitimate daughter.”

Assistant

Zhang breathed his first breath, “If I remember correctly, Su Man is twenty-seven this year, doesn’t that mean?”

Assistant Zhang’s eyes continued to widen, and he didn’t continue to say what he said later, feeling sad for Fu Jingting’s mother in his heart.

He was also one of the insiders who knew about his wife’s past.

So, now that I know that Su Cheng actually had an illegitimate daughter in the third year of his wife’s marriage, how can he calm down.

It’s good to wait for the lady, absolutely not looking for a woman?

But in the end, not only did they find them, they even found illegitimate daughters.

Fortunately, those people in the capital circle are still praising Su Cheng as a good man.

But in fact, how to play behind the scenes or how to play, don’t treat yourself badly at all.

Madam fell in love with this kind of man, it was really blind.

Thinking of this, Assistant Zhang expressed his condolences to Su Cheng over and over again, and asked with concern, "Mr. Fu, are you okay?"

He was so angry when he heard that Su Man was Su Cheng's illegitimate daughter.

It is conceivable that President Fu, as his wife's son, may be even more angry.

Now Mr. Fu's heart is weakening day by day, and he must not be too angry or have too much emotion.

Therefore, he was very worried about President Fu's health.

"It's all right." Fu Jingting squinted his eyes, his eyes were full of violent storms, "There have been guesses, so after knowing this, I am also mentally prepared to not be angry and want to kill, not to mention that Xiao Ye is with me, I am fine. "

Assistant Zhang was expressionless, hehehe in his heart.

Sure enough, he still can't avoid eating dog food?

He couldn't figure it out, he clearly cared about President Fu.

Why did President Fu feed him dog food!

This is simply revenge.

I can't talk anymore, hang up!

Thinking about it, Assistant Zhang rolled his eyes, but said as if nothing had happened, "That's good, then, Mr. Fu, I'll hang up first, and there are documents that need to be expedited."

"Well, go . Right." Fu Jingting raised his chin coldly and noble.

Assistant Zhang put down the phone expressionlessly and hung up.

Fu Jingting didn't know Assistant Zhang's mood. After he put down the phone, he threw it on the sofa next to him and continued to wipe the wet hair on his head.

After wiping for a while, he also threw the towel on the armrest of the sofa, got up and walked to the kitchen, without the slightest intention of drying his hair.

He went to the kitchen to make some nutritious soup, so that Rong Shu could drink it when she woke up.

After several exercises, her body was much better than the beginning in terms of physical strength and stamina, but in the end, she still couldn't reach the standard he wanted, and she was still too weak.

Gotta make up.

Fu Jingting thought about it as he was busy with his hands and feet.

Rong Shu was woken up by a phone ringing.

She stretched out her hand from the bed, without opening her eyes, and touched the direction of the bedside table.

Even if she didn't know where she was at the moment, muscle memory made her do it.

Smoothly touching the phone, Rong Shu slid her thumb on the screen and put the phone to her ear, her voice hoarse and sleepy, "Hello, who is it?"

"There was no movement on the other end of the phone.

Rong Shu first frowned, then opened his eyes suspiciously.

The room was pitch-dark. She brought her phone to her. The bright screen was so bright in the pitch-dark room that she almost blinded her eyes.

She hurriedly closed her eyes and put the phone back to her ear.

Although it was only a brief moment, Rong Shu could still see what was on the screen just now.

It was an unfamiliar call, and she couldn't see the location of the call, only a string of numbers.

Obviously, the location of this number was hidden by the other party.

But Rong Shu didn't find it strange at all. After all, she had to answer many unfamiliar calls in a hidden location a day, either from sales or from customers.

So Rong Shu's expression did not change at all, and continued to ask politely, "Hello, can you hear me?"

There was still no response from the other end of the phone.

If it wasn't for the call, Rong Shu would have thought that the person on the other end had already hung up the phone.

The other party didn't speak, and Rong Shu didn't force it. After covering her lips and yawning, she felt a little better, and her drowsiness was dissipated. At the same time, she tried to reduce the sleepiness in her voice a lot, "Hello, you If you have nothing to say, then I will hang up first, if you are a customer who wants to talk business with Tiansheng, you can call again after you have organized the language, and I will turn on the machine 24 hours a day, goodbye."

Finished politely After these words, Rong Shu took the phone away, hung up the phone, and then opened her eyes again and blinked a few times, only then did she get used to looking at the phone in the dark scene.

Seeing the time displayed on the screen of her mobile phone, she was stunned for a moment, then opened her eyes in the next second, and sat up abruptly from the bed, "Hey, it's seven o'clock in the evening?"

She scratched her long hair and looked at it. The direction of the floor-to-ceiling windows, the curtains are drawn, she can't see the outside, but there is light shining in from the outside at the bottom of the curtains, so that she understands that she is not wrong, the time on the mobile phone is no problem, it is indeed seven in the evening Clicked.

In winter, it was already dark early, and it started to get dark at six o'clock. Now at seven o'clock, it is naturally dark outside, and the neon lights at night are naturally bright.

Therefore, the lights she saw were the lights of the neon lights outside.

Rong Shu had some doubts about the support of life.

She didn't expect that she actually slept until it was dark.

Of course she knew how she slept during the day, she fell asleep when she was tired.

I just didn't expect to sleep for so long, and slept directly into the night.

Before she went to bed, she thought that she would only sleep for a while, and she would go to Tiancheng in the afternoon.

The result

crashes!

This Time, I Will Get My Divorce Chapter 889

Blame Fu Jingting

It's all Fu Jingting's fault.

If it weren't for him, she wouldn't have fallen asleep tiredly, and she wouldn't have slept for so long that she would have slept all the time when she went to Tiancheng.

Really pissed her off!

No, you have to find a dog man to settle the account!

Rong Shu turned sideways and turned on the bedside lamp.

In an instant, the room was as bright as day.

Rong Shu could also see everything clearly, she put down her phone, lifted the quilt and got out of bed.

As soon as her feet landed on the ground, her legs suddenly became weak, and then her whole body, with a thud, knelt on the ground with her knees and her hands on the ground.

Fortunately, there was a thick carpet on the ground, and Rong Shu suddenly knelt down. It didn't hurt, but her face was flushed and she felt extremely embarrassed.

Because she would be like this, in addition to not eating for a day and having no energy, moreover, there was some discomfort somewhere, and she was pulled when she went to the ground, so her legs suddenly softened and she knelt down.

Looking down at her knees, the hands that were already on the ground, Rong Shu felt a sense of grievance in her heart, her eyes were red, and she kept saying Fu Jingting's name.

It's all Fu Jingting, it's all his fault!

If it wasn't for her, would she fall to the ground in such a humiliating manner, still kneeling on the ground?

The more you think about it, the more angry you become, the more you think about it, the more wronged you become.

Rong Shu bit her lower lip, tears really welling in her eyes.

She Rong Shu has never been so embarrassed in her life.

And since she met Fu Jingting, a man, she realized that she had experienced all kinds of shameful things.

The dog man is really her nemesis, she owes him in her last life!

Rong Shu took a deep breath, held back her tears, grabbed the edge of the bed with both hands, supported the edge of the bed, slowly got up from the ground, and sat down on the edge of the bed.

She is wearing pajamas at the moment, and it is estimated that Fu Jingting will change it for her after he brings her back.

She bent over and pulled up the legs of her pajama pants to see if there was anything on her knees.

After all, when I knelt down just now, the thud was no joke.

Sometimes it doesn't hurt, but it doesn't leave marks, not necessarily.

So she had to take a good look.

He picked up his trouser legs, revealing two slender, fair-skinned calves. Under the light, they were as attractive as the creamy white jade.

After Rong Shu carefully looked at her knees, she found that her knees were fine, so she breathed a sigh of relief, put down her trouser legs, and then got up and walked out of the room, leaning against the wall all the way.

Can you hold on?

She was soft and soft all over, her stomach was so hungry, she had no strength at all, she didn't hold onto something, and she probably would have to fall again in a while.

It's seven o'clock now, and Fu Jingting is not in the room, and he doesn't know if he is in the living room or outside.

If it was in the living room, she would definitely bite him a few times to vent the grievances of the wrestling just now, otherwise she would not be reconciled.

Rong Shu supported the wall all the way, and finally walked out of the bedroom and into the living room.

The lights in the living room were bright and dazzling, which indirectly indicated that Fu Jingting was in the apartment without going out.

It's just that there's no one in the living room, so he's either in the kitchen or in the converted study from the second bedroom.

Thinking about it, Rong Shu leaned on the wall to change direction and walked to the study on the left.

When I came to the door of the study, the door was open, and lights penetrated from the gap, and there was a faint sound of tapping on the keyboard.

This made Rong Shu completely sure that a dog man who was the culprit was inside.

Rong Shu took a breath, then pushed the door and opened the door of the study.

She opened the door very little, and it could be said that there was almost no sound.

Therefore, the men in the study did not even know that the study door was open, and they sat behind the computer, doing business with a serious look.

Rong Shu leaned against the wall and walked into the study lightly, as if she was afraid of disturbing the man.

In the past, this study was hers alone, she could enter as she wanted, and she was not afraid of heavy footsteps, because she would not disturb anyone.

But now, the study room has been divided into half, not only has a desk, a computer, and a chair, but most importantly, there is an additional bookshelf, which is full of books that she neither likes nor understands.

And the extra ones belonged to Fu Jingting.

Fu Jingting has more things than her, so that in the entire study, one of her desks and one computer are placed in a corner of the study, only taking up one-third of the study, and the remaining two-thirds, it has become Fu Jingting's territory.

It's like, she was clearly the owner of this study, but in the end she was taken away by Fu Jingting, Fu Jingting became the owner, but she became a little assistant with only a small office space.

Not only that, when she came in, she had to do it lightly, for fear of disturbing her!

This made her feel a little unbalanced.

But thinking about the bedroom, he took up two-thirds of the entire wardrobe, while Fu Jingting only had one-third.

His clothes that were much more expensive than hers could only be shrunk in that third of the wardrobe space, and she suddenly felt a balance in her heart.

Rong Shu raised the corners of his mouth and coughed lightly.

The man behind the luxurious desk heard the sound, stopped typing on the keyboard, and looked up at the source of the sound.

Seeing Rong Shu, who was standing not far from the opposite side, her originally solemn and expressionless face suddenly softened, and a trace of joy flashed across her eyes, "Awake?"

He stood up, pushed away the chair, and stretched his long legs. He walked towards Rong Shu.

He stopped in front of Rong Shu, he looked at her, "Why didn't you call me when you woke up?"

Rong Shu rolled her eyes at him, "How do I know where you are and how do I call you?"

"Telephone." Fu Jingting spat out two words from his thin lips.

Rong Shu shook her head, "It's not necessary, I won't ask someone to come over when I wake up. I'm saying, what are you asking for? I'm not disabled anymore, can I still ask you to take care of it?"

"What kind of disability, don't talk nonsense. Fu Jingting poked her between the eyebrows, frowned and said, "How are you, I'm willing to take care of you, are you hungry?"

Rong Shu lowered her head and touched her stomach, and her stomach let out a strong cry.

Fu Jingting smiled softly, "Looks like I'm hungry, let's go, eat first."

He took her by the hand and led her out.

Rong Shu turned to look at his desk, "Aren't you busy? I just saw that you were so serious, I guess it's not over yet, or you keep doing it, I'll just get my own food."

"No, It's not very important work, and I'll be busy tomorrow." Fu Jingting opened the door of the study and replied lightly.

To him, no matter how important a job is, compared to her, it doesn't seem so important.

He wanted to be with her more than he was busy with work.

Coming to the living room, Fu Jingting pulled the chair by the dining table and let Rong Shu sit down.

After she sat down, he said, "Wait for a while, I'll go to the kitchen to get you something to eat."

"Get it?" Hearing this, Rong Shu straightened her back slightly and looked at him, "Dinner. Ready?"

Fu Jingting nodded, "It's been prepared for a long time, I've been keeping you warm, waiting."

Patting her on the shoulder, he turned and walked towards the kitchen.

Soon, Fu Jingting came over with dinner. There was meat, vegetables, and a chicken soup, which was very fragrant.

Fu Jingting handed her a pair of chopsticks, "Eat it."

"What about you?" Rong Shu took the chopsticks and asked.

Fu Jingting sat down opposite her, "I've eaten it, eat it quickly, how about trying these dishes, I'm new to learning."

Rong Shu's movement of adding vegetables paused, and looked at the man in surprise, "You do "

Of course." Fu Jingting raised his chin slightly with undisguised pride on his face.

Rong Shu smiled, "Then I don't need to taste it, I know it tastes good. You learn things quickly and well. I still have that confidence."

After she finished speaking, she took a piece of meat and put it in her mouth.

Don't Call Baby

As expected, it tasted good.

Rong Shu couldn't help but gave the man a thumbs up, expressing praise.

The man's thin lips raised unabashedly, "Eat more if it's delicious." As he said that, he used another pair of chopsticks specially used to serve her dishes, and put her dishes on a plate.

After this dish has been added, it will be added to that dish.

After Fu Jingting put all the dishes aside, Rong Shu's plates were almost piled up.

But the man didn't seem to stop, he seemed to be addicted to the food.

Seeing that he was going to continue, Rong Shu hurriedly grabbed his wrist and shook his head at him, "Okay, don't pinch, you want to kill me?"

Fu Jingting glanced at her plate, and then realized that she was The food is a little too much.

He seemed a little embarrassed to put down his chopsticks and coughed lightly, "Sorry, I won't hold it for now, let's eat it."

Rong Shu then let go of his hand and picked up the chopsticks again to eat.

While eating, she suddenly realized something, and the chewing movement in her mouth stopped a little.

Wait, when she first got up, didn't she say she wanted to bite this man in order to avenge this man for causing her to lose her strength and fall?

Why hasn't she done so yet?

Rong Shu looked at the sumptuous delicacies on the plate in front of her with some doubts about her life, and finally attributed all this to the fact that men are too bewitched and too good at winning people's hearts.

Forget it, since he prepared such a delicious meal for himself, she should let him go.

Thinking about it, Rong Shu did not have any psychological pressure and continued to eat.

She would never admit that she was too good to buy.

She was just too kind.

Well, yes, so kind.

Rong Shu nodded slightly.

Seeing her nodding, Fu Jingting narrowed his eyes, then reached out and rubbed her soft hair, wondering what she was thinking about in her little head.

Rong Shu was eating, when a man rubbed her head off guard and stared angrily, "Fu Jingting, what are you doing?"

Fu Jingting curled his lips, "Nothing, it's just that your head is too cute, so I can't help it. Rong Shu who said

this did not feel happy at all, but panicked in her heart.

She tugged slightly recently, moved the chair subconsciously, and sat a little farther away from this perverted state.

Seeing her head is so cute, I couldn't help it.

What he said made her feel as if she thought her head was too cute, so she couldn't help but want to unscrew it.

Seeing Rong Shu pulling the chair, Fu Jingting blinked in confusion, "What's wrong?"

Why did he suddenly want to move the chair?

Of course, Rong Shu couldn't tell him that he had misinterpreted his words, put a mouthful of rice in his mouth, and shook his head slightly, "It's nothing, it's just that the seat just now was uncomfortable, so I changed my seat."

Fu Jingting lifted it up Raise your chin, noncommittal.

After the meal, Fu Jingting cleaned up the dishes for Rong Shu.

Seeing that he insisted on doing it, Rong Shu did not stop him, and slumped on the sofa to rest.

After all, someone is willing to do it for you, so why not do it?

Rong Shu lay on the sofa and stretched comfortably.

Suddenly, the phone vibrated.

From the pocket of her pajamas, Rong Shu took out the mobile phone that made her belly numb and itchy. It was a WeChat message from Lu Qi.

It's so late, Ah Qi still sent a message, what's the matter?

Rong Shu didn't delay, and immediately sat up straight from the sofa, opened Lu Qi's WeChat, there was only one sentence on it, Shu Shu, my mother asked if you have time tomorrow? Let you bring that surnamed Fu to my house for dinner.

Seeing this sentence, Rong Shu immediately patted her forehead.

She actually forgot about it.

A few days ago, Lu Qi had told her that his mother knew that she and Fu Jingting got back together and wanted her to take Fu Jingting to Lu's house for dinner.

She agreed at the time, and said that the third day would pass.

But because she was suddenly busy in those two days, she didn't go.

Mrs. Lu was also very reasonable, and she simply said that she would go when she had time when she was done.

As a result, when she was done, she forgot about the meal appointment.

And this matter, she has not told Fu Jingting.

If Lu Qi hadn't sent a message to ask now, she probably wouldn't have remembered it.

Tomorrow

, Rong Shu recalled the schedule for tomorrow, and found that there was not much, so she could go.

But she didn't know about Fu Jingting.

Thinking of this, Rong Shu put down the phone temporarily, turned around, knelt on the sofa, grabbed the top of the sofa back with both hands, and shouted in the direction of the kitchen, "Fu Jingting."

Fu Jingting was cleaning up the kitchen at the moment.

He was wearing an apron, scooping up his sleeves, and holding a rag in his hand. He was carefully wiping the cooking table. His skillful movements made people feel distressed, like a family cook who had been doing housework for many years.

If Assistant Zhang was here at the moment, seeing Fu Jingting like this, and looking at Fu Jingting's hands that were only suitable for signing documents worth hundreds of millions, but now they are used for this kind of work, I am afraid I would cry to death.

But Fu Jingting not only did it, but also did it very skillfully and was very happy.

Hearing Rong Shu's calling from outside the kitchen, Fu Jingting immediately threw away the rag in his hand, turned on the faucet to wash his hands, and then took off his apron and walked out.

"What's wrong?" Fu Jingting looked at the woman on the sofa and asked softly when he came to the living room.

Rong Shu shook the phone in her hand, "Aqi sent a message just now, asking if we have time to go to Lu's house for dinner tomorrow."

"Go to Lu's house for dinner?" Fu Jingting frowned, obviously not understanding why he was going to Lu's house. Have a meal.

It is absolutely impossible that Lu Qi let them go.

If Lu Qi wanted to call him, he would only call Xiao Ye Ye alone, not him.

So whoever called him should be someone else.

Thinking of Lu Qi's parents, Fu Jingting raised his eyebrows, "Mrs. Lu asked us to go?"

"How do you know?" Rong Shu looked at him in surprise.

This man is really too smart. She only said the beginning of many things, and then he guessed the rest.

No wonder the Fu Group has grown stronger under his leadership.

With such a smart person in power, can the group not make progress?

Fu Jingting looked at the exclamation in Rong Shu's eyes, and explained with a low smile, "It's very simple, Lu Qi hates me, it's impossible to ask me to go to Lu's house for dinner, the Lu family only has him and his parents, so he will call me only his parents. Now, as a man, his father couldn't ask us to come over for dinner without any reason, so Mrs. Lu was the only one left."

"This is a powerful reasoning." Rong Shu gave the man a thumbs up again, "You If you weren't born in Fu's family, I think you are the most suitable detective or criminal or police officer."

Fu Jingting walked over and sat down, hooked her big hand on the back of her head, and dropped a kiss on her forehead, "Thank you baby for your compliment."

He said this Baby, the name Rong Shu is getting goosebumps.

She couldn't help rubbing her arms, blushing, a little embarrassed, and a little embarrassed glaring at him, "Don't call me baby, I'm embarrassed."

She is twenty-seven, not a few A year-old child is not a little girl who has just been in love and has not yet fully matured, and likes to be called baby by her boyfriend.

In short, she is not used to being called baby.

It has the feeling of an old tree pretending to be young.

Also, where did this man learn this baby from?

He usually looks aloof and arrogant, and he doesn't look like someone who can call him baby.

But now, this baby was called out from his mouth, and the tone was still low and sultry. While listening to it made her embarrassed and embarrassed, she also had to admit that she was sued.

Too nervous to see parents

This man is really a stunner!

"Why are you embarrassed?" Fu Jingting didn't know what Rong Shu was thinking. Seeing her blushing cheeks, her eyes darkened, and she resisted the urge to take a bite.

Rong Shu continued to stare at him, "What do you think? Isn't it embarrassing for you to call me this at my age?"

If she was a child, or in her early twenties.

If he calls her that, then she will probably accept it more easily.

Now, although she is happy and sweet when she hears it, she still feels embarrassed to the point where her toes are scratching the ground.

Fu Jingting chuckled, "What's so embarrassing about this? Also, are you old? If you're old, what am I? In short, don't think about it, I call you that, I want to call you that, no

matter what. How old are you, even if you have gray hair, you are still my baby here with me.” As

he spoke, he gently hugged her in his arms, “The name baby is not based on the grade, but based on the importance attached to it. To the extent that I value you and love you in my heart, you will always be a baby.”

Rong Shu blushed even more and her heartbeat quickened even more when she said these words of love.

It’s all false to say that it’s not moving, it’s not useful.

There is no woman who doesn’t want to be a baby.

And someone is willing to treat her as a baby, she should be secretly having fun.

Rong Shu raised her hand, hugged Fu Jingting back, closed her eyes slightly and smiled, “You will say these words to coax me, I’m afraid that if this continues, I will be coaxed by you sooner or later and lose my direction.”

“Then Don’t tell the difference.” Fu Jingting stroked the soft hair on her back, “Because I’ll hold your hand all the time, you won’t get lost.”

“Then you can do what you say.” Rong Shu looked up at him.

Fu Jingting nodded, “Of course.”

Rong Shu didn’t speak, but hugged his waist even tighter.

Fu Jingting touched her hair, kissing the top of her hair from time to time, “By the way, why did Mrs. Lu ask us to come over for dinner?”

He could understand calling her alone.

But when I called him, he was a little confused.

Rong Shu closed her eyes slightly and leaned against Fu Jingting’s arms, “Aunt and my mother are best friends, and they are very good to me, almost as good as my mother, so although I call her Auntie, she is almost my mother, so Now that she knows we’re back together, she wants to see you.” As soon as she said

this, Fu Jingting obviously felt nervous for some reason.

Mrs. Lu regards Rong Shu as her daughter. If she wants to see him, isn’t it her mother-in-law and her son-in-law?

“Do you have to see me?” Fu Jingting asked in a hoarse voice.

Rong Shu felt his body tense, opened his eyes and got up from his arms, looking at him, “You don’t want to see him?”

“No.” Fu Jingting shook his head, and after a while, he made a sound, “I haven’t seen the parents. , so”

Rong Hao was still alive when he married her.

Just because at that time, he had been hypnotized and firmly believed that she was the one who forced him to agree to marry, so he was full of disgust towards her.

Therefore, he naturally did not like Rong Hao. Before she proposed marriage, he asked her to meet Rong Hao with her, but he didn’t go and directly refused.

But I don’t want to, that rejection is a goodbye.

He had never met his father-in-law and mother-in-law in a real sense. Although he had gone to worship with her once, there was still a regret in his heart.

The heavier the regret, the more he hated Gu Manyin, the woman.

If it weren’t for Gu Manyin, he and Xiaoye wouldn’t have been through so much to get together, and they wouldn’t let Xiaoye lose his only father.

Because if he hadn’t been hypnotized, he would have been with Xiao Ye Zi for a long time, so how could he watch Tian Cheng’s accident and not help?

So he is guilty, but Gu Manyin is even more damned!

But now, Rong Shu’s parents are gone,

not to mention her biological parents, not to mention her biological parents.

Rong Shu now regards Lu Qi’s parents as his parents, so naturally, Lu Qi’s parents are also his father-in-law and mother-in-law.

He didn’t have the opportunity to meet and get along with his father-in-law and mother-in-law in the past, but now he has, but he doesn’t know how to get along, and which attitude to use to approach each other.

He has been in the position of the superior all the year round. Except for Rong Shu, his grandmother, and Wang Shuqin, he has a arrogant attitude towards others.

After all, his identity, where his status is, he can do this, so he never feels that his attitude towards others is wrong, and others will not feel that there is anything wrong.

But now, he is going to meet the Lu family couple whom Rong Shu regards as his parents. Obviously, he can't be as cold and arrogant as others. After all, they will also be his father-in-law and mother-in-law in the future.

It's just that he can't figure out what kind of attitude he should use.

In the past, when he was hypnotized, the Gu family and his wife were also his father-in-law and mother-in-law. It stands to reason that he also had experience with his father-in-law and mother-in-law.

It's just that at that time, he didn't like the family and his wife in his heart.

Yes, I don't like it.

He was hypnotized, and hypnosis made him think that he loved Gu Manyin, so his feelings towards others were still normal. He knew what kind of people the Gu family and his wife were, so he felt unhappy about the Gu family and his wife. In terms of Gu Manyin's face, he has a slightly better attitude towards the Gu family, but in the process of actually getting along, his attitude towards the Gu family and his wife is somewhat superior.

Gu Yaotian and his wife knew this, and they were not happy, but they dared not say anything because of his identity.

In this way, he gets along with Gu Yaotian and his wife, not so much as Weng's son-in-law, but rather as a senior in a shopping mall, and it is the kind of junior who overpowers the senior.

Therefore, he said that he had never gotten along with his father-in-law and his mother-in-law, but he was not lying. After all, his relationship with Gu Yaotian and his wife did not look like the way parents-in-law and son-in-law should get along.

But now it's different. What he wants to see is the people Rong Shu regards as his parents. Rong Shu cares about them very much, and he doesn't have any bad feelings towards them. Naturally, he can't treat them with the attitude of Gu Yaotian, his wife and outsiders. , but to use the identity of a son-in-law.

It's just how a son-in-law should treat his father-in-law and mother-in-law, he has no idea at all.

The more he thought about it, the more headache, and the more irritable he became, Fu Jingting's thin lips were pursed into a straight line.

Rong Shu saw that he was a little nervous, as if he had seen something strange, and opened his mouth in surprise, “No, Jing Ting, are you nervous about going to see your uncle and aunt tomorrow?”

” Tension, “No.”

He stubbornly refused to admit it.

Rong Shu squeezed his arm, it was as hard as iron, not knowing whether to laugh or cry, “Okay, don’t be hard on yourself, it’s no wonder you’re not nervous. Look at your face, it’s gloomy.”

She stretched out her fingers, He lightly poked the man’s cheek.

The man grabbed her finger, “Don’t make trouble.”

“Okay, I won’t make trouble.” Rong Shu looked at him with a smile and let him grab his finger.

She didn’t know where she was, he was really nervous.

It’s really surprising to say that a man who is so powerful that no one cares about him would have a tense day, and he was only tense after she finished talking and went to see her parents.

Obviously, Fu Jingting’s appearance is exactly the same as those men who met the woman’s parents for the first time.

And it’s not the parents who raised her.

If Fu Jingting really went to see her parents, would she be more nervous?

Fu Jingting’s Emotional Intelligence

Thinking of Fu Jingting’s nervous and restrained appearance when he went to see his parents, Rong Shu couldn’t help but cover her lips and smiled.

But with a smile, a sadness in my heart rose.

Sadly, her parents passed away.

Fu Jingting would never see her parents. All he could see were two cold tombstones.

The sadness emanating from Rong Shu was noticed by Fu Jingting.

When he saw her expression, he knew what she was thinking.

He rubbed the top of her head and reassured her softly, "Okay, don't think too much, think about it for me, see Mrs. Lu and the others tomorrow, what gifts do you need to prepare?"

"Do you have time to go tomorrow?" Rong Shu Look up at him.

Fu Jingting snorted, "It's so important to accompany you to see your parents. Even if you don't have time, you have to make time, right?"

"You don't have to." Rong Shu shook her head, "I can explain to my aunt that she doesn't. I won't understand."

"It's nothing." Fu Jingting kissed her on the forehead, "There are so many talented people in the Fu Group, if it really can't function because I'm gone for a day, then what do I keep them for? Don't worry, Zhang Cheng can arrange everything."

Seeing that he was speaking so earnestly, Rong Shu nodded, "Okay, then I'll reply with Aqi, we'll go there tomorrow." After speaking

, she took the man's arms from her . Get up, pick up your phone and send a message.

Fu Jingting watched her fingers type flexibly without disturbing her.

Soon, Rong Shu sent her reply.

Lu Qi had probably been waiting for her reply, so not long after Rong Shu's reply was sent, Lu Qi's message came back.

The content is very simple, an ok cat emoji package, plus a sentence see you tomorrow.

Rong Shu turned off her phone, "Okay, Aqi already knows about it, we can just go there tomorrow afternoon."

Fu Jingting nodded slightly, "Now you can tell me what Mrs. Lu and his wife like? People are ready."

"Uncle likes to drink, auntie." Rong Shu pointed her cheek and smiled, "Auntie is simple, she likes bags and cosmetics."

Fu Jingting nodded thoughtfully, "I still have it there. A few bottles of original wine from foreign wineries, I believe Lu Dong will like it. As for Mrs. Lu, I will give D and C a full set of cosmetics and perfumes that have not yet been released next season, what do you think?" Fu Jingting looked down at the woman. .

The woman nodded quickly, "Uncle and aunt will definitely like this gift." The

original wine, it was the first batch of wine produced by those big wineries, and it was very valuable.

If it weren't for Fu Jingting's ranking in the world's Forbes, then Fu Jingting would not have these wines.

The Lu family is not a top-level wealthy family. It is only a wealthy family in the sea market. If you look at the whole country and the world, it will not be ranked.

So although the Lu family has money, they definitely can't buy them, nor are they qualified to buy these wines.

Uncle Lu himself is a wine lover and likes to collect wine. When she was a child, she heard Uncle Lu feel that she had collected so many wines. The only regret is that there is not a bottle of original wine from major wineries.

Now Fu Jingting wants to give him the original wine. I believe that Uncle Lu will be excited to bow down to Fu Jingting when he sees it tomorrow.

There is also my aunt. Although my aunt is in her fifties, she is still a woman, a woman who loves beauty to the bottom of her bones. Young women like it, and my aunt is no exception.

Although my aunt is not short of these top luxury brands of cosmetics, clothes, shoes, bags, etc., but my aunt can only buy those that are on the market in season, and those that have not yet been listed are not eligible to purchase or book in advance.

But Fu Jingting is different. In his words, those luxury brands will naturally display all the luxury goods that will be released next year, or the next quarter, or even a year later, for him to choose.

He wanted to give his aunt a cosmetic product that was not yet on the market, and it was strange that the aunt fainted out of excitement.

This time, my aunt proposed to see them. Based on what she knew about my aunt, most of my aunt wanted to beat Fu Jingting as her elder, so that Fu Jingting would be nice to her, don't bully her, and be sorry to her.

Because she no longer has a mother, an aunt like her mother will naturally stand up, be her elder, support her, and beat her future son-in-law for her mother.

But she believed that if her aunt received the cosmetics from Fu Jingting tomorrow, and all the beatings and warnings were gone, she would definitely recognize Fu Jingting directly and treat Fu Jingting as her own son.

After all, these cosmetics sent by Fu Jingting not only satisfy a woman's preferences, but also satisfy a woman's vanity.

Auntie can take those cosmetics that have not yet been listed to show off to the sisters in her circle. At that time, Auntie's status in the sister group will skyrocket.

Just because of this, Fu Jingting will be held up high by his aunt.

Thinking of what the uncles and aunts might look like when they see the gifts tomorrow, Rong Shu's eyes showed an inexhaustible smile.

This man, sometimes the emotional hurt is low, and sometimes it is terrifyingly high.

She just casually mentioned what her uncle and aunt liked, and he can prepare it immediately. Uncle and aunt will definitely like it, and will definitely not refuse.

As far as his responsiveness is concerned, it is no wonder that he can do everything in the market.

Fu Jingting didn't know what Rong Shu was thinking, he rubbed her hair and stood up, "You sit first, I'll call Zhang Cheng."

Rong Shu knew that he was going to ask Assistant Zhang to prepare a gift, so cute "Go."

Fu Jingting turned around and walked to the study.

His mobile phone was put in it, and he never took it out. If he wanted to make a call, he had to go in and make a call.

Rong Shu sat on the sofa, picked up the TV remote, and turned on the TV opposite.

Fu Jingting didn't stay in the study for long and came out in a few minutes.

After coming out, he sat back to Rong Shu's side on the sofa, continued to put his arms around her waist, and watched TV with her.

Rong Shu was used to his behavior of hugging and hugging her every time he sat down beside her.

So when he hugged her, she didn't feel any discomfort, she accepted it very naturally, and gave half of the blanket on her body to him.

The two of them just leaned against each other on the sofa and watched TV. The atmosphere was very warm.

It wasn't until two hours later that Rong Shu couldn't stand the drowsiness and fell asleep with her head on Fu Jingting's shoulder.

Fu Jingting looked sideways at the woman's sleeping face, chuckled softly, then lifted the woman's face, hugged the woman horizontally, and walked to the room.

The next day, when Rong Shu woke up, it was already eight o'clock.

Fu Jingting had already left Repulse Bay and went to the Fu Group.

He didn't go to work yesterday. Although Assistant Zhang was in the group, many documents needed to be signed by him.

Because it is impossible not to go to the group today, otherwise the work will pile up.

So after he got up, he left a note to Rong Shu that he had left for work, and left Repulse Bay.

Rong Shu yawned, put the note back on the bedside table, lifted the quilt, got out of bed, walked to the entrance of the living room, opened the door, and took today's breakfast.

Now Fu Jingting will not leave a message to tell her that there is someone delivering breakfast outside the door.

Because Fu Jingting knew that she already knew that as long as he went out before her, he would definitely have someone bring breakfast over.

No, after she got up, she came to open the door directly.

Sucheng is coming to the sea market

After getting breakfast, Rong Shu thanked the waiter, closed the door, and returned to the room.

The breakfast was always rich, and it was still her favorite.

Fu Jingting really liked her, and he remembered it clearly.

Rong Shu thought while eating breakfast.

It's just that probably because he wasn't around, even though this breakfast was delicious, something was missing when she ate it in her mouth.

Rong Shu rubbed his brows and sighed.

How long has it been since he didn't accompany her to eat with her, she started to miss it and started to lose her taste.

If we stay together for a while longer, is it really impossible to eat?

No no no.

Rong Shu quickly shook her head.

That does not work!

She patted her cheek.

You can miss, but you must not be led away by the other party just because you miss.

Otherwise, once this relationship breaks down, she will become the one who loses and can't get up.

She must not miss Fu Jingting just because he is not around, she can't do anything, she can't do anything, and she can't do anything well without him by her side.

She should be more sensible.

True love should be when you are together, get along well and love each other well.

If you are temporarily separated and busy, then concentrate on your own business and keep a sensible and sober head at all times. You can't miss the other person and don't want to do anything because the other person is not there.

Therefore, she should stop thinking about Fu Jingting, just meet at night and get along well. During the day when he is away, she should focus on her career.

After all, love is very important, but the most important thing is career.

If love is gone, at least you still have a career. If you think of career as less than love, then once you lose, you will really have nothing.

Thinking, Rong Shu took a deep breath, put Fu Jingting out of his mind temporarily, and ate seriously.

After eating, she simply packed herself, twisted her bag and went out.

But when Rong Shu just walked out of the apartment building, a man in a black suit suddenly appeared and stopped in front of her.

“Miss Rong, please wait a moment.” Rong Shu looked at the person who was blocking her, and frowned slightly, “Who are you?”

With a formulaic smile, the overall temperament is very similar to Assistant Zhang.

It must be the assistant of a big man.

“Hello, Miss Rong, please allow me to introduce myself.” The man pushed his eyes on the bridge of his nose and smiled, “My surname is Li, you can call me Xiao Li, I’m here mainly because of my boss’s orders, my boss I want to see Miss Rong.”

“Your boss?” Rong Shu frowned more deeply, “Who is your boss? Why do you want to see me?”

Assistant Li smiled the same, “My boss’s surname is Su, I believe Miss Rong can guess it? “

Su?

Rong Shu’s pupils shrank, and a name popped up in her mind.

Sioux City!

Rong Shu widened her eyes and looked at Assistant Li in front of her in shock.

Assistant Li looked at Rong Shu’s expression, his face did not change at all, but his smile deepened, “It seems that Miss Rong has guessed it, yes, my boss is the head of the Su family in the capital, Mr. Su Cheng, Miss Rong, please, please. My boss is outside your community.”

After speaking, he made a gesture of invitation.

The posture looked a bit strong, obviously telling Rong Shu that she had to go.

Rong Shu has put away the shock on her face at this moment, but her heart is still very confused, her heartbeat is fast, and her red lips are pursed.

She never thought that the person who wanted to see her was actually Su Cheng.

Fu Jingting said before that Su Cheng would definitely leave her relationship and let her let Su Man go, and she was mentally prepared to talk to Su Cheng.

It's just that she always thought that Su Cheng's contact with her was a phone call. After all, Su Cheng was in the capital and would not easily come to Haishi.

But now it turns out that she wants to go wrong.

Su Cheng didn't call her, but came to Haishi in person, and is now outside her community.

And she wasn't ready to meet Su Cheng. After all, she didn't know Su Cheng, and she didn't know what kind of person Su Cheng was.

If we meet like this, it will definitely be her who suffers.

What should I do, do you want to see me?

Rong Shu bit her lower lip, hesitating.

Assistant Li saw that Rong Shu lowered her head and did not move, and the formulaic smile on her face faded a lot, obviously a little dissatisfied with her silence and non-going.

Therefore, when Assistant Li spoke again, his tone became much colder, "Miss Rong, are you listening?"

Of course Rong Shu could hear the coldness in this person's tone, which was not surprising.

From the beginning, she knew that this person was not a good person.

Although this person is like Assistant Zhang, he has a formulaic smile on his face all the time, like a fox with a deep sense of government.

But Assistant Zhang's smile will only make people feel incomprehensible and will not feel uncomfortable.

But this person is different. This person's smile is very direct, which makes people feel very gloomy and uncomfortable.

But think about it, Su Cheng is a notorious person in the capital. As his assistant, how can he be a good person.

After all, what kind of owner there is what kind of dog.

Thinking, Rong Shu took a breath, barely suppressed her uneasiness, and said expressionlessly, "It's ridiculous."

The smile on Assistant Li's face completely sank, and her tone became even colder, "Miss Rong, what you said What's so ridiculous?"

"Of course it's you and your boss." Rong Shu lightly lifted her red lips, "Your boss came to the sea market this time for Su Man's business, right?"

Assistant Li was noncommittal.

Rong Shu said again, "If you want to save Su Man, you can't go the way of the official Hai Shi, because the current boss of the official Hai Shi is the Cheng family, and the Cheng family and the Fu family are on good terms, so naturally they won't give you face and let Su Man go. , so you have to go the way of me and Fu Jingting. As long as Fu Jingting and I are willing to sign a letter of understanding and reconcile privately, Su Man can come out, but your boss and Fu Jingting have some delicate relationship, so it is impossible for your boss to find him right away. Fu Jingting, so he just came to me, but ah."

"But what? Miss Rong might as well say it straight!" Assistant Li's face became more and more gloomy.

Rong Shu pursed her lips, "You came to me because you asked for me, but you didn't have the attitude of asking for help at all, but a high-level attitude, which really made me very unhappy, and you asked me, shouldn't it be you? The boss took the initiative to come to see me, why do you want me to meet your boss? You can't even figure out the primary and secondary, so I won't go to see your boss, you go back and tell your boss what I mean. "

Assistant Li didn't expect Rong Shu to be unwilling to meet her boss, and her face was extremely ugly for a while.

He always felt that his task of bringing Rong Shu over to see the boss was very simple. After all, she was just a woman who was relying on Fu Jingting's dodder. How capable could she be?

Certainly dare not refuse.

Unexpectedly, he was wrong, this woman is definitely not a dodder, let alone a dodder that only relies on men.

A dodder has absolutely no such courage and confidence to reject him.

After all, the boss behind him is the head of the Su family.

However, apart from being a little surprised when she first heard that his boss was the head of the Su family, this woman was very calm and didn't take his boss in the slightest, no matter how bold or ignorant she was. it is good.

Based on this alone, he knew that he couldn't take her there so easily.

For a while, Assistant Li felt annoyed that Rong Shu had lost face, and looked at Rong Shu's eyes with a hint of sternness, "Miss Rong really won't go?"

This is Su City

Isn't it just being taken down?

When he came, he made an oath and was full of confidence. He felt that she was just a woman and would definitely not dare to reject him, and would follow him obediently.

Unexpectedly, this woman was not as soft as he thought, but a tough one, which made him understand how stupid his confidence was when he came.

It was like she slapped him abruptly and humiliated him.

So how does he still have a good attitude?

Rong Shu heard the threat in Assistant Li's tone, and clenched her hand tightly, "If you ask me again, I'll answer the same way, don't go!"

She would follow when she was crazy.

Who knows what will happen when you go?

In short, for the sake of safety, she will never leave.

Seeing that Rong Shu's attitude was still the same, Assistant Li had completely lost patience, with a gloomy expression on his face, "Miss Rong, since you don't want to go with me, then I have to work hard and take you there by force."

“You dare!” Rong Shu’s pupils shrank, her expression changed, she immediately took a step back, suppressed the panic and fear in her heart, and stared at the person in front of her vigilantly, “This is Repulse Bay, the high-end apartment in Haishi, there are surveillance cameras everywhere, you dare to be there If you do anything to me here, I can guarantee that you will never eat and walk around, and so does your boss, do you think Fu Jingting will let you go?”

She moved out of Fu Jingting to sit in town.

Assistant Li on the opposite side heard Rong Shu’s warning, and the original pace of progress also stopped subconsciously, the gloom on his face faded a little, replaced by solemnity and concern.

He really just wanted to complete the task that the boss gave him as soon as possible and bring people over.

But he forgot that this is the sea market, Fu Jingting’s territory, not a place where their foreigners can do whatever they want.

Once Fu Jingting knew that they dared to do something to his woman, Fu Jingting would definitely go crazy.

The boss’ plan

Assistant Li clenched his fists, not knowing what to do.

Rong Shu saw that he stopped and was not approaching her, and knew that her warning had worked.

She was both relieved and a little moved.

This man, Fu Jingting, is indeed protecting her at all times. Even if he is not by her side, his name can make her feel safe.

As long as there is him, she will never have to be afraid of anything.

He really did what he said to her in the past, he will always stand behind her, shield her from the wind and rain, and keep her safe forever.

Taking a deep breath, Rong Shu suppressed all the emotions in her heart, after all, now is not the time to think about it.

She planned to leave here quickly while Assistant Li was still thinking about things, and then went back to the apartment, and then contacted Fu Jingting to tell him that Su Cheng had left the capital and came to Haishi.

Thinking about it, Rong Shu continued to step back while staring at Assistant Li. After she planned to retreat for a distance, she quickly turned around and ran.

Otherwise, if she turned around and ran now, Assistant Li would be awakened directly from her thoughts, and she would not even have a chance to run.

Closing her eyes, Rong Shu stepped back while adjusting her breathing and mentality, so that she would not be too nervous or too scared, and try to stay calm as much as possible, so as not to make trouble if she was too nervous.

But what she didn't expect was that she had not made a mistake, but Assistant Li had already recovered.

When Assistant Li saw Rong Shu who was retreating, she immediately noticed her intention and her eyes narrowed, "Want to run?"

Rong Shu saw that her purpose had been discovered, her face changed, and she couldn't care anymore, she turned around and immediately Just run, run towards the apartment building.

Seeing this, Assistant Li subconsciously chased after him.

But at this moment, a deep middle-aged male voice suddenly came, "Little Li, stop."

Hearing this voice, Assistant Li's expression changed obviously. Then he stopped, turned around, and bowed respectfully and fearfully, "Boss."

It was Su Cheng who came.

This boss was naturally heard by Rong Shu.

Rong Shu also realized who it was, and stopped subconsciously.

Su Cheng actually came over in person!

A look of surprise flashed across Rong Shu's face.

I've been waiting outside the community for a long time, and I haven't seen her for a long time, so I'm a little impatient, so I came over in person?

Just as Rong Shu was thinking about it, the middle-aged male voice came from behind him again. Compared with the indifferent tone he had with Assistant Li just now, there was a touch of warmth at the moment, "Miss Rong, right, you can stay here. Come down and talk? Don't worry, I won't do anything to you."

Rong Shu pursed her lower lip and didn't respond, as if she was thinking.

Rationally, she should not have to worry about the other party and enter the building directly. In this case, her own safety will be no problem.

But emotionally, she didn't want to go, she wanted to stay.

I want to see what kind of person Su Cheng is, not only for himself, but also for Fu Jingting.

Thinking, Rong Shu took a breath, made a decision in her heart, and then slowly turned around.

The legendary Patriarch of the Su family finally caught her eye, causing a look of surprise on her face.

This is Sioux City?

She had never seen Su Cheng, but after hearing lawyer Wang and Fu Jingting's description of Su Cheng's behavior, she imagined the appearance of Su Cheng in her mind. A person who seems to be a good person, just like the boss who does all the evil in the black movie club, he always holds a cigar, his expression is always gloomy, his temper is also uncertain, and he will get angry and kill people at any time .

But what she saw in Su Cheng now completely exceeded her expectations and overturned everything she thought.

Su Cheng must be in his fifties by now, but now he looks like he is in his early thirties. He is well maintained, his facial features are soft, his face is delicate, and he is wearing a Tang suit with a white crescent moon, combed brightly. The gentle smile on his back and his face made him not look like a wealthy and wealthy family owner.

Because he didn't have any of the high-ranking aura that a wealthy family owner should have, but instead looked like a gentle scholar or artist.

He is too young, and his handsome appearance and warm and jade-like temperament are completely unimaginable. He is a man who is good at calculating and unscrupulous.

This person's appearance is the biggest deception.

Is this the man that Fu Jingting's mother loved deeply?

No wonder Fu Jingting's mother loves this person so deeply, just by appearance and temperament, it is enough to make a woman fall in love with her.

People say first love girls, but in fact there are also first love boys.

In the past, this Sioux City was the kind of first love boy that all girls liked, the kind of gentle white-clothed school grass in the campus, and the white moonlight that all girls liked.

Unexpectedly, Su Cheng was actually this type of man. The Su Cheng she thought was completely different.

Seeing Rong Shu staring at him distracted, Su Cheng rubbed the impeccable imperial green wrench on his thumb, a glint of light flashed in his eyes, which was fleeting, but his voice was still gentle and kind, "What? Miss Rong thinks I'm listening to you. What's the difference?"

Rong Shu didn't expect that he could see through her thoughts, and his eyes widened in surprise.

Su Cheng smiled, his smile was as gentle as his voice, "It's nothing, because many people have the same expression as you when they see me for the first time, so I hardly need to think about it to know What are you thinking."

I see.

Rong Shu suddenly breathed a sigh of relief.

She also thought that this person had the ability to read minds.

Gently tucked the strands of hair that fell from the bun just behind her ears, Rong Shu looked at Su Cheng and said slowly, "Patriarch Su is indeed different from what I thought, I didn't expect that Patriarch Su is actually Such a kind person, so I was a little stunned for a while, and I ask Mr. Su to forgive me."

Of course, she knew that the so-called kindness was just polite words.

Because this person's appearance is very deceptive, she knows the true face of this person's appearance.

kind?

It doesn't exist, it's just pretending!

But maybe it was because of his deceptive appearance that she was less nervous when she faced him.

Su Cheng didn't seem to hear Rong Shu's politeness, so he gently waved his hand and smiled and said, "It's nothing, if you want to forgive me, it should be me asking you to forgive me. I'm sorry Miss Rong, my assistant has been spoiled by me, so much so that I usually see everyone with a high-level attitude, so he was rude to you just now, so let my boss apologize for him." After speaking, he was

about to bow.

Rong Shu hurriedly stopped him, "Patriarch Su, don't do this, I can't stand it."

If it wasn't for the fear that this person would bow to her later, she would not stop this person from bowing.

She knows very well that people like this who are high above and who are always in the position of superiors, although verbally apologizing to others and bowing, they are basically just pretending.

If you don't stop him, he bows and smiles, but he already hates you in his heart.

To them, they can verbally bow to you, but if you do make them bow, it's your fault and they'll definitely hate you.

Sure enough, seeing Rong Shu immediately stopped him, the smile on Su Cheng's face became much stronger.

He stood up straight, hehe said, "Miss Rong really respects the old and loves the young."

Rong Shu squeezed the corner of her mouth, "Patriarch Su is polite, I'm not as good as you."

If she didn't want to cause trouble, she would give it to him Respect the old and love the young?

Dream it!

As long as she thinks that this person has betrayed Fu Jingting's mother, even if she has no grudge against her, she is disgusted.

As a woman, you naturally have to stand on the side of women and resist such scumbags.

“Miss Rong doesn’t need to be humble, what I said is the truth.” Su Cheng still smiled gently.

Rong Shu looked at him tenderly, like a spring breeze, but her eyebrows slightly wrinkled.

Because she suddenly realized that the gentleness of this person made her feel so familiar.

Although many people are very gentle, she has also seen many people with gentle personality and temperament.

But because people are different, even though they are all gentle, she doesn’t think their gentleness is the same.

But now, this is the first time she sees Su Cheng, but she feels that the gentleness shown by Su Cheng is very similar to the gentleness shown by someone she has met in the past, otherwise it is impossible for her to feel familiar.

Who is it?

Rong Shu bit her lip and began to rack her brains to search.

Soon, a young boy in a white shirt with a young face appeared in her mind.

Rong Shu opened her red lips in disbelief.

It was actually Fu Jingting!

The person she remembered was actually Fu Jingting!

Rong Shu hurriedly looked at Su Cheng on the opposite side, and then compared him with Fu Jingting, who was still a gentle boy in his memory.

In the end, it was discovered that Fu Jingting in the past had the same temperament as Su Cheng.

It is impossible to figure out the temperament of two people, unless one of them is cultivated according to the other.

It is impossible for Su Cheng to be trained according to Fu Jingting. After all, Su Cheng is more than 20 years older than Fu Jingting.

So the result is obvious, Fu Jingting was trained according to Su Cheng’s temperament.

Temperament is something that the younger you cultivate, the better, and the more you think about it, and there are only a few people who can cultivate Fu Jingting, Fu Jingting's grandmother, father, and mother.

Grandmother and Fu Jingting's father couldn't train their grandson and son in the way of another person, let alone that person was Su Cheng.

For grandmother, Su Cheng is a bad seed who confuses his daughter-in-law. For Fu Jingting's father, Su Cheng is a stumbling block before him and his wife, preventing him and his wife from becoming a real husband and wife.

They hate Su Cheng for being too late to read, how could they train Fu Jingting according to Su Cheng.

So, the answer came out, and there was only one person who did this.

Fu Jingting's mother!

Only she can do this. She loves Su Cheng, but she can't see Su Cheng. In order to ease the pain of lovesickness, she cultivates her son into Su Cheng's character and temperament.

If it was what she said and guessed, then Fu Jingting and

Rong Shu gasped in a breath of cold air, and a feeling of distress and sadness suddenly surged in his heart.

If this is the case, she will feel too sorry for Fu Jingting.

Even if Fu Jingting's mother fulfilled her responsibility as a mother to Fu Jingting when she was alive, and did not stingy with her maternal love and care, it would not change the fact that she also used Fu Jingting as a tool.

She gave birth to Fu Jingting not because she loved Fu Jingting, but regarded Fu Jingting as a bargaining chip to complete the task and leave the Fu family. She even cultivated Fu Jingting as a substitute for Su Cheng in order to alleviate the pain of lovesickness. In the end, she even gave up only ten for Su Cheng. The age-old Fu Jingting committed suicide, which brought great mental damage to Fu Jingting, and is still in pain until now.

It can be said that Fu Jingting's mother is definitely an extremely selfish person. Her maternal love and care for Fu Jingting are all based on Fu Jingting's ability to achieve her goals.

Her maternal love and care are full of glass slag, making what should have been the most beautiful maternal love in this world become less pure.

In contrast, Wang Shuqin's maternal love and care for Fu Jingting is much simpler .

Fu Jingting

, the tip of Rong Shu's nose is sour, her eyes are filled with enthusiasm, her heart is even more blocked, and she is very uncomfortable.

Many people envied that Fu Jingting was born in such a huge family as the Fu family, and was born at a height that many people could not achieve.

But who knows what his childhood was like?

And it was the person in front of him who caused all this.

This man is the culprit!

Thinking of this, Rong Shu looked at Su Cheng, and could no longer hide her dislike.

Su Cheng noticed it, narrowed his eyes, a trace of coldness flashed across his eyes, and soon disappeared, as if nothing had happened, and still smiled softly and kindly, "Miss Rong, is there anything on my face, you look at it this way. Are you looking for me?"

Rong Shu lowered her eyelids and suppressed the emotions in her eyes, "It's nothing, Mr. Su suddenly came to see me in the sea market, so that I can let Su Man go, right?"

She started talking directly.

Su Cheng was quite surprised by her directness, rubbed his wrench and smiled, "Yes, I'm here for this matter, but that's not all, but also to see an old friend.

" When he said the words "old friend", there was obviously a touch of warmth and nostalgia in his eyes.

Rong Shu caught it and guessed who the old friend he was talking about was.

It's Fu Jingting's mother.

After Fu Jingting's mother died, she did not return to the Zhong family in the capital for burial.

The current Zhong family is no longer the Zhong family of the past.

But Fu Jingting's mother was not buried in the Fu family's cemetery. It wasn't that the Fu family didn't let her be buried there, but Fu Jingting's mother probably didn't want to be buried there either.

She wanted to leave the Fu family so much during her lifetime, but how could she be willing to be buried in the Fu family cemetery after her death?

Wasn't it that she couldn't leave the Fu family before and after her death?

So the Fu family buried her in an ordinary cemetery. She didn't know which cemetery it was, nor did she hear Fu Jingting say it.

Conditions of Sioux City

But this is not important, what is important is Su Cheng's reaction when he mentioned Fu Jingting's mother.

The nostalgia and friendship in those eyes did not seem to be pretended.

In other words, Su Cheng actually still loves Fu Jingting's mother in his heart?

What about just loving?

It wasn't that when he was in love with Fu Jingting's mother, he betrayed her.

What's the use of looking so affectionate now that people are gone?

It doesn't impress anyone, only himself.

Outsiders like them will only feel as disgusting as eating shit.

Just as he was thinking, the opposite Su Cheng spoke again. He turned the wrench on his thumb and smiled apologetically at Rong

Shu, "Sorry, when you are old, you like to recall the past. You young people must think that I am a long-winded person, right?"

Laughing but not smiling, "Patriarch Su has been worrying too much, but we should really get down to business." The

implication is that there is no need to waste time talking about his past.

She didn't want to know at all about his past, she was very resentful.

It was naturally impossible for Su Cheng not to hear it. Although he was still smiling, it was ridiculous but it didn't reach the bottom of his eyes.

He reached out to Assistant Li beside him.

Assistant Li did not know where to take out a crutch that was not very long, at most an arm long, and handed it to Su Cheng respectfully with both hands.

After Su Cheng took it, he put the crutches on the ground, and then placed his hands on the crutch's dragon head.

With Su Cheng on crutches, Rong Shu finally felt that he was the head of a big family, and he had the aura of a superior, rather than a simple scholar.

This is the real appearance of Sioux City talking to people!

Rong Shu thought about it, pursed her red lips, and became more and more wary in her heart.

At this time, Su Cheng put on his true posture, obviously indicating that he was about to start serious.

Then she, of course, can't take it lightly, lest she be led by Su Cheng's nose.

After all, she can't compare to Su Cheng, Su Cheng is twenty years older than her, and has been in charge of a family for more than ten years.

She is a fledgling little girl, if she doesn't pay attention, she will definitely be at a disadvantage.

At the same time, she is also looking forward to a confrontation with such an old fox, so as to improve her knowledge and grow herself.

To know that such opportunities, but not many.

Thinking about it, Rong Shu took a long breath and tried to calm herself down so as not to mess up.

Otherwise, it will be troublesome if this old fox catches the weakness.

Rong Shu squeezed the palm of her hand, lowered her eyelids, and tried her best to keep herself calm, so as not to let the other party see that she was not calm.

Opposite, Su Cheng didn't know what Rong Shu was thinking. He groped for the faucet on the cane with both hands. Although his expression was always gentle, behind the gentleness, there was a slight surprise.

He was surprised that this young woman could be so calm.

You know, he just deliberately revealed his imposing manner, just to suppress this young woman, so as to gain the upper hand in the next conversation.

But he didn't expect that his usual unfavorable momentum would be deflated by this young woman.

No matter whether her calmness at the moment is real or pretending, it is very remarkable to be able to look at him calmly, and it is also worthy of his praise among the younger generation.

Unfortunately, it is Fu Jingting's person!

Su Cheng's eyes narrowed slightly, and he quickly returned to his gentle smile, "Miss Rong, I know exactly what happened between you and my unfilial daughter, everything is my unfilial daughter. First mistake, I'm here, take her to say sorry to you."

Rong Shu's eyes flickered, "Patriarch Su is more sensible than Ling Qianjin, he knows who is right and who is wrong, but Ling Qianjin."

She sneered at the corner of her mouth, "I don't know if Ling Qianjin has any problem here. She pointed to her forehead, and then said, "

Ling Qianjin lacks a serious understanding of her wrongdoing. In her cognition, she doesn't seem to think that she is at fault, she only thinks that she is wrong." Everything you do is right, and it's others who are wrong, so it's really hard for me to believe that you are actually Ling Qianjin's father."

It doesn't matter whether Su Cheng was sincere for Su Man just now.

But at least, Su Cheng knew that it was Su Man's fault, which was much better than Su Man.

Even if Su Cheng deliberately said this to save Su Man.

At least she doesn't feel too sick.

When he heard the sentence 'You are actually Su Man's father', Su Cheng's eyelids drooped slightly, and his hand holding the cane faucet tightened slightly, "Miss Rong taught me, I am ashamed to say, my daughter I didn't grow up by my side, and I didn't receive a good education, so that made her grow crooked. This is my father's dereliction of duty. I will educate her well in the future and try to turn her around as soon as possible. I don't know. , is Miss Rong willing to give me this chance?"

He raised his eyes, his gentle eyes suddenly sharpened a bit.

Rong Shu pretended that she didn't understand what he was saying, and smiled back, "Patriarch Su is very polite, as Su Man's father, it's right and natural for you to educate your daughter, where do you need me as an outsider? Give me a chance, don't you think?" As

she said that, she watched Su Cheng gradually unable to maintain her gentle appearance, her face became a little gloomy, and a sneer flashed in her eyes, which was fleeting, and then continued. He continued, "Don't worry, Patriarch Su, after Su Man's sentence is over, you can take her home and educate her well."

He wanted her to let Su Man go.

She just didn't do it, pretending that she didn't understand anything, mad at him, and vented her anger for Fu Jingting's mother.

Although she doesn't have as much affection for Fu Jingting's mother now, she is still a woman no matter what.

Women have the responsibility to protect women, and also have the responsibility to seek some justice for injured women.

Looking at Su Cheng's face that completely sank because of her last words, Rong Shu said in her heart that she was not nervous, but it was a lie, but more than that, she was still delighted.

Because she succeeded in angering Su Cheng.

Su Cheng clenched the faucet on the crutch tightly, as if to crush the faucet.

There is no gentleness in his eyes anymore, some are just gloomy and chilling, "Miss Rong really doesn't understand what I mean, or is it fake?"

"As soon as he came out, Rong Shu instantly realized that this person didn't want to betray him, went around, and was ready to come directly.

She took a breath, then pulled her red lips slightly, "What does Patriarch Su mean, what should I understand?"

She still pretended to be confused.

Anyway, she wouldn't admit it.

As long as he doesn't admit it, he can't say that she is pretending.

"Since Miss Rong doesn't understand, that's all." Seeing Rong Shu being so stubborn, Su Cheng laughed angrily and did not expose her, but the smile on his face was even

more eerie and terrifying, “Then let me say it directly, Rong Can Miss Rong let my daughter go for the sake of the old man’s personal apology? Of course, there will be no less compensation and compensation. If Miss Rong has what she wants, she can also ask for it, as long as I can do it, I won’t let Miss Rong down, how does Miss Rong feel?”

He squinted at Rong Shu.

Rong Shu flipped her hair lightly, “Oh? I can do whatever I want?”

“Of course.” Su Cheng nodded, his attitude unabashedly arrogant, and the look in Rong Shu’s eyes was obviously contemptuous.

As if, of course, that sentence was giving alms.

Rong Shu wasn’t angry either, she just sneered in her heart, “Patriarch Su is really generous, that’s fine, then Patriarch Su can give me the Su Group, okay?”

She looked at Su Cheng with a smile.

Su Cheng’s face stiffened, “What did you say? The Su Group?”

“Yeah.” Rong Shu nodded with a constant smile.

The corner of Su Cheng’s mouth twitched, his face full of disbelief.

Obviously, he didn’t expect that what she asked for was the entire Su family.

Seeing that Su Cheng didn’t speak, Rong Shu’s eyes flickered, and then he deliberately asked repeatedly, “Patriarch Su, are you polite?”

Of course not!

That is the foundation of the Su Group, the entire Su family!

Su Cheng roared angrily in his heart, and his face was almost unable to maintain his expression.

The assistant Li behind him was young after all, so he didn’t hold his breath, took a step forward, pointed at Rong Shu and scolded, “You are so shameless, you actually want the Su Group, don’t see if you have any. That ability!”

Rong Shu's red lips twitched, "It doesn't matter whether I have the ability or not, the important thing is whether you can give it to the Su Group, Patriarch Su, you said it yourself, you can do whatever you want, I just think If you want the Su Group, will you give it?"

She looked at Su Cheng.

Su Cheng also looked at her, and after a while, he said in a gloomy voice, "I understand, Miss Rong never let go of my daughter from beginning to end, so she deliberately proposed to want my Su Group, because You know, I can't trade the Su Group for my daughter."

Rong Shu was not surprised when her calculations were exposed, she just smiled.

After all, she was so obvious that no one would understand.

No way, did he really give her the Su Group for Su Man?

If so, she would be surprised.

Compared with a person, of course, the foundation of a family is the most important. As long as you are not a fool, you will know how to choose.

Therefore, she deliberately said that she wanted the Su Group, and she did tell Su Cheng in a different way that she never planned to bypass Su Man.

Seeing Rong Shu laughing, Su Cheng's face became more gloomy, and the hand holding the crutch leader became even tighter.

He never thought that he would be played by a young girl at such an old age.

He originally thought that if he put forward conditions, this little girl would definitely not refuse the film.

After all, what Tianzhu looks like now, you can see from an online search that he has given such a big benefit, and she can use him to develop Tianzhu.

Not like it is now, it is still tepid.

She is Fu Jingting's woman. If Fu Jingting was willing to pull her, Tiancheng would not have been re-listed as it is now, soaring into the sky.

But Fu Jingting didn't pull her. It can be seen that Fu Jingting didn't love her, otherwise, he wouldn't even pull her.

Therefore, if she wants to develop Tianzhu, she should seize the opportunity even more, and he will throw it all away, but she actually refused!

In order to let out that breath, he actually refused!

This made Su Cheng not know whether Rong Shu was stupid or stupid.

And he, the dignified Patriarch of the Su family, the Patriarch of the Su family who does everything flawlessly, was actually played by such a stupid woman.

Isn't it just a joke?

He always thought that the victory was in his hands, but someone else deliberately revealed the illusion to confuse him, which made him not angry.

"Miss Rong, aren't you afraid that I'll be unhappy if you do this?" Su Cheng finally let go of the fake gentle smile that he had been smiling all the time, and stared blankly at Rong Shu, like a poisonous snake, daunting.

Rong Shu knew that he was referring to his refusal to bypass Su Man and his actions to tease him.

At the same time, she also reacted that she had gone too far in teasing him.

This person is the head of the Su family, not the Su Man, Gu Manqing, Gu Yaotian and others that she faced in the past.

She didn't fully understand him, so she couldn't treat this person in the same way as Gu Yaotian and others. After all, she didn't know if this man would directly attack her when he was angry.

But now it's too late to regret it, after all, I have enjoyed the pleasure after playing, so I can only bite the bullet and continue.

Thinking about it, Rong Shu let out a faint sigh of relief, and then she squeezed the corners of her mouth at Shang Su Cheng's sullen eyes and said, "Patriarch Su, now it's meaningless to say whether you're afraid or not, after all, it's already done, isn't it? I'm saying, to make you happy is to make me unhappy, I love myself the most, so I just want to make myself happy, then I can only make others unhappy."

"So what Miss Rong meant . . . , you don't want to take a step back no matter what?" Su Cheng narrowed his eyes.

Rong Shu clenched her palms tightly and cheered herself up, "Yes, Su Man should be punished for doing something wrong. I am also for her good."

“A good one is good for her.” He applauded, but soon, he stopped again, showing a deep expression, “but I think Miss Rong, you don’t have to decide so quickly to make my daughter pay for what she did, I think Rong Miss, you can still think about it, maybe you will change your mind?”

“Consider?” Rong Shu frowned.

What is there to consider about this kind of thing?

Could it be that after thinking about it, she would really let Su Man go?

Oh, what a joke!

She will never let Su Man go, even if she offends the person in front of her, it doesn’t matter.

She can’t fight him, but isn’t there Fu Jingting?

With Fu Jingting, what is she afraid of.

Rong Shu pursed her red lips and was about to say that it was unnecessary.

Su Cheng had already interrupted her, “I’ll give Miss Rong two days to think about it. I’ll come back to see you in two days. I hope I can hear a satisfactory answer from Miss Rong by then. I’ll disturb Miss Rong today and say goodbye!”

When the words fell, the gentle and kind smile on his gloomy face rose again. After a slight nod to Rong Shu, he turned and walked forward.

Assistant Li followed behind him, but after walking a few steps, he suddenly turned his head and gave Rong Shu a gloomy look before turning his head back again.

After a while, the two figures disappeared.

Only then did Rong Shu breathe a sigh of relief, and her tense body finally relaxed.

The consequence of relaxing is that the legs are weak, the body is shaking, and I almost fall to the ground.

Fortunately, she held onto the things around her in time, otherwise she would not be able to stand still and sit on the ground.

Although Rong Shu didn’t sit on the ground in embarrassment, her entire back was wet at the moment, wet with sweat, and it was cold, so her clothes were stuck to her back, making her whole body icy cold cold.

This was all the pressure she generated when she confronted Su Cheng.

It's not that she hasn't seen people who put pressure on her, on the contrary, she has seen quite a few.

But those pressures were nothing compared to the pressures she had just endured.

Because of the pressure they put on her, she will not feel fear and feel that she is in danger all the time.

And the pressure Su Cheng put on her was the kind that made her feel like she was being targeted by a poisonous snake and would be bitten at any time.

God knows how much effort she used just now to hold back the fear and pressure of Su Cheng without letting herself lose her temper.

But it's all over.

Thinking of it, Rong Shu rubbed her temples and touched her back with her backhand.

It seems that I can't go to Tiancheng for the time being. Let's go back to change clothes first, and tell Fu Jingting about Su Cheng's arrival.

Rong Shu turned around, walked to the apartment, took out her mobile phone and called Fu Jingting.

Fu Jingting answered the answer quickly, his thin lips were slightly hooked, and he was about to speak first when Rong Shu took the lead, "Fu Jingting, I have something to tell you, something very important!"

This Time, I Will Get My Divorce Chapter 898

Fu Jingting doesn't love her deeply

Hearing the eagerness and solemnity in the woman's tone, the joy on Fu Jingting's face faded and he became serious, "You say."

Rong Shu stood in front of the elevator, closed her eyes, calmed herself, and calmed herself down completely. , and then slowly opened his mouth.

On the other hand, Su Cheng and Assistant Li have returned to the classic car.

After Assistant Li sat down in Su Cheng, he started the car, "Boss, where shall we go next?"

"Go to the police station and see that woman." Su Cheng sat in the back seat with his legs spread apart, with a cane in the middle, the two hands still overlapped on the head of the crutch, and turned back heavily.

Assistant Li responded, opened the navigation, and while driving, he was resentful, "Boss, that Rong Shu is too ignorant, you find her in person, and she dares to refuse!"

Su Cheng turned his head and looked out the car window, her eyes were unpredictable, "Yeah, I didn't expect that she was actually a hard-bone, I thought she was just a dodder clinging to the Fu family, but unexpectedly she had a bit of temper and dared to refuse me."

"Boss, we shouldn't have looked for this woman in the first place." Assistant Li frowned, "Su Man's woman ruined not only Rong Shu's dress, but also Fu Jingting's, which means we have to win the two of them for Su Man. Only by understanding can Su Man come out, so we might as well go to Fu Jingting from the beginning. As long as Fu Jingting understands, Rong Shu will not dare to say anything even if he is dissatisfied. After all, she can fight against Fu Jingting, so dare to confront Fu Jingting?"

Assistant Li looked disdainful.

Unless Rong Shu wants to break up with Fu Jingting.

But is she willing?

At this moment, even if they already knew, Rong Shu was not clinging to Fu Jingting.

But they still believed that Rong Shu would not let Fu Jingting go easily. After all, Fu Jingting's ability and family background were there, and only by being with Fu Jingting all the time would it be possible to seek benefits from Fu Jingting from time to time.

So wouldn't it be better for them to find Fu Jingting?

There is absolutely no need to come to Rong Shu for a walk, she is just a woman who cannot stand on the stage.

"You don't understand!" Su Cheng squinted his wrinkled old eyes, "I came here to find Rong Shu, the real purpose is not to make Rong Shu understand Su Man's woman, just like you said, I went to Rong Shu, I have to continue to find Fu Jingting later, so why don't I just go to Fu Jingting directly. With Fu Jingting's identity there, there is no need to ask Rong Shu's intentions. Fu Jingting's decision alone is enough, but I didn't do it. Do you know why?"

Assistant Li shook his head truthfully.

Su Cheng snorted coldly, "I did this, of course, to see Rong Shu, to test Rong Shu's position in Fu Jingting's heart, and to know everything so that my future plans will not be flawed."

Assistant Li suddenly said, "So it turns out So, boss, have you tried anything?"

He turned his head slightly and asked the person in the back seat from the rearview mirror.

Su Cheng picked up the cane and threw it on the seat next to him, "I originally thought that this Rong Shu was a peerless beauty, or had something unique, that would make Fu Jingting divorce and chase after him, so I came to see this Rong Shu wants to know her exact position in Fu Jingting's heart. In this way, we will use this woman to contain Fu Jingting in the future, but I never imagined that I had a high opinion of this woman, and this woman may be in Fu Jingting's heart. There are some positions, but it's definitely not enough for her."

"What did the boss say?" Assistant Li was curious.

Su Cheng folded his legs and put his fingers on his knees, "I have looked carefully, this Rong Shu looks okay, but her appearance is definitely not top-notch, and there is nothing unique about her, otherwise Tiancheng Group is in her. Under the leadership of her, why is she still standing still? The only advantage, that is, her temper, is worthy of my praise. Besides, I can't see any advantages of her. Fu Jingting probably knows this, so she is not right. She was very tempted. If Fu Jingting really loved that Rong Shu, why would he watch Tian Cheng in trouble several times without helping him? For Fu Jingting, he just stretched out his hand, enough to make Tian Cheng come back again. to the stock market."

"That's true." Assistant Li nodded, "So boss, do you think that Fu Jingting didn't like Rong Shu very much, so he didn't take action?"

Su Cheng was noncommittal.

"But it's not right." Assistant Li frowned in confusion.

Su Cheng said with a sullen face, "What's wrong?"

"It's just these two people." Assistant Li turned the steering wheel back, "If Fu Jingting doesn't love Rong Shu very much, why do you have to pursue it again after divorce? We found out , his pursuit of Rong Shu is quite big."

"Maybe it's just right." Su Cheng pondered for a few seconds, "I don't love it very much, but it doesn't mean I don't love it. Fu Jingting still has some feelings for Rong Shu, but

it's not particularly deep. , In addition, it is impossible for him not to get married and not give birth to an heir for the Fu family, so instead of looking for women who have no feelings at all, it is better to find Rong Shu who has some feelings. At least when they are together, they are better than other women. It's suitable to be together. The current Fu family is prosperous to the extreme. It doesn't matter even if Rong Shu's family has a crotch. The Fu family does not need to marry. Marriage is not a good thing for the Fu family. It will let other families dilute the Fu family's prosperity.

” “Assistant Li understood now, but his brows were still wrinkled, “It's just the boss, Rong Shu doesn't have a very deep position in Fu Jingting's heart. Then we want to use her to contain Fu Jingting's plan, won't it be successful? Because he can give up at any time. Rong Shu.”

“You are right to worry , this Rong Shu is indeed of little use value to us, but it is not completely useless, she still has a certain status in Fu Jingting's heart, as long as you take advantage of this. , make good use of it, even if it doesn't achieve the results we want, at least it won't be too bad.” Su Cheng said while turning his wrench.

Assistant Li nodded, “What you said is, boss, the police station is here.”

Hearing the word “police station”, Su Cheng's expression condensed slightly, and the hand that turned the wrench also tightened suddenly, as if to crush the wrench. Same.

But soon, he calmed down, released his wrench, got out of the car, and walked towards the gate of the police station.

Walking to the gate, Su Cheng suddenly stopped, then raised his head and looked at the police badge in the middle on the top of the gate, his eyes flashed, as if thinking of something, his face suddenly twisted.

Assistant Li next to him saw it, his expression changed, and he quickly reminded, “Boss!”

Hearing his voice, Su Cheng settled down, squeezed the cane faucet, and said solemnly, “I'm fine, let's go.”

“Yes.” Assistant Li responded and followed behind him.

Under the leadership of the police, Su Cheng met Su Man.

Su Man was temporarily detained by the police station for two days. Here, she didn't eat well, didn't sleep well, and was stared at at everything she did. moon.

In just two days, she lost weight all over her body, her face was sunken, her face was sallow, her spirits were sluggish, and her hair was yellow and lost its luster.

As a whole, it seemed like a different person, and Assistant Li was taken aback.

Only Su Cheng's face remained calm, as if he could not see Su Man's changes.

He walked to Su Man with a short cane, then raised the cane and used the other end of the cane to lift Su Man's chin and her head.

This Time, I Will Get My Divorce Chapter 899

Su Man is going crazy

Su Man's face was completely exposed at the moment, but her eyes were tightly closed, as if she was asleep.

Seeing this, Assistant Li stepped forward, "Boss, do you want to wake her up?"

Su Cheng hummed.

Assistant Li looked around and saw that there was an unfinished glass of water on the table in the detention center, which should have been left by the police officer who asked Su Man questions.

Looking at the glass of water, Assistant Li picked it up without hesitation, and then splashed it directly on Su Man's face.

The police officers who brought them here saw this scene, and their mouths opened wide in surprise.

Because he obviously did not expect that these two people would use this method to wake people up.

And looking at the Su family head, I didn't think there was anything wrong with the actions of the assistants beside him.

This confuses the police.

Isn't this Su Man the daughter of the Su family?

Why is his assistant so dissatisfied with his daughter, but Su Family Master is not at all dissatisfied?

At this moment, Su Man, who was splashed with cold water on his face, finally woke up.

In the past two days, she has been very nervous, and now she was splashed with water, and the whole person was awakened at once, and she cried out in horror with a pale face.

Su Cheng heard it harshly, and scolded him unhappily, "Shut up!"

Hearing his voice, Su Man was stunned for a moment, then subconsciously stopped screaming, and then raised his head in disbelief.

Su Cheng's gloomy face came into view, and Su Man opened her eyes in horror, "Mr. Su Su, why are you here?"

She swallowed, her body trembling slightly because of fear.

The police officers on the side were even more surprised when they saw Su Man reacting like this.

Strange, isn't Su Man the daughter of Patriarch Su?

Why are you so scared when you see Patriarch Su?

And instead of calling him father or father, he called him Mr. Su instead.

This is really strange!

Although curious about the reason, the police officer did not ask. After all, it was a family matter. After looking at the three people in the detention room, he turned around and went out.

The Patriarch Su just said that he wanted to talk to Su Man alone.

Their chief agreed, and he naturally wouldn't stay here any longer.

Soon, only Su Man, Su Cheng and Assistant Li were left in the detention room.

Assistant Li retreated to the door, not participating in the conversation between Su Cheng and Su Man.

Su Cheng slowly put down the crutch that was touching Su Man's chin, and put it on the ground again.

Su Man was relieved when he saw that there was no threat under his chin, then squeezed a smile, and asked carefully, "Mr. Su, you haven't said it yet, why are you here?"

” He looks mild and harmless, but in fact, his heart is more poisonous than anyone else’s.

Thinking of the torture method of this old man, Su Man couldn’t help shivering. The more respectful he had to be, the more respectful he had to be, and the more careful he had to be, for fear of accidentally angering the other party.

“Why am I here?” Su Cheng walked to the chair behind the table and sat down, staring at Su Man coldly, “You should ask yourself, Su Man, did I tell you that you can first Come to the sea market, but you’d better calm me down, don’t cause trouble, let alone show your face, now is not the time for you to show your face, but how did you do it? The first day you came to the sea market, you actually went to Touching Fu Jingting’s car, provoking Rong Shu, exposing everything to them, causing all my follow-up plans to be overturned, you say, do you want to die? If you want to die, I don’t mind giving you a ride in person!”

Hearing With these words, Su Man instantly felt a chill go straight to the top of his head, and shook his head in horror, “No, no, Mr. Su, I was wrong, I was really wrong, I shouldn’t be so impulsive, I just can’t help it. , I just can’t swallow that breath, so I did.”

“That’s why you did these stupid things?” Su Cheng interrupted her impatiently.

Su Man lowered his head and said nothing.

Su Cheng laughed angrily, “Okay, you’re really good, Su Man, you know? I don’t really mind if you take action, but at least you have to do it beautifully, or kill Fu Jingting or Rong Shu directly. After a hundred attempts, I would like to praise you for your ability, but how did you do it? It’s just that you act against my will without authorization. What you have done is so unreliable, you make a little trouble, and you still lose in the end. Expose me too, you can’t support the wall.”

He pointed at Su Man, his fingers trembling because he was too angry.

Su Man listened to his evaluation of himself, a trace of resentment flashed in his eyes, and now he is very unconvinced.

But she didn’t dare to show it, she quickly hid the grudge, then raised her head, nodded again and again, as if she knew she was wrong, “Mr. Su scolded me that I can’t support the wall with mud, so Mr. Su, I really already knew that I was wrong. Mr. Su, please save me, will you save me out? I will not mess around in the future, I will listen to you, really, I will listen to you in everything, you I’ll do what I want, just get me out, I don’t want to be locked up here anymore, I can’t do anything here and be stared at, it makes me feel like I’m back in a mental hospital, too It’s painful woo woo woo.”

Su Man suddenly burst into tears with a frantic look on his face.

It can be seen that she is really scared and in pain at the moment, not pretending.

Su Cheng knew about her past, and naturally she knew what time she spent in the mental hospital.

So it is also clear that her pain at the moment is real, not a lie.

He looked at her coldly, "Don't worry, I will save you."

Su Man cried for a while, then raised his head and looked at Su Cheng excitedly with tears in his eyes, "Really? Mr. Su, you didn't lie to me? Will you really save me?"

Su Cheng turned his wrench and replied nonchalantly, "I never lie, I personally approached you and promised to help you, then I will naturally help to the end, I won't abandon you halfway, and spend money from me. Paying a lot of money to hire a lawyer for you, and coming to the sea market in person, doesn't it mean that? What's more, although you are stupid, you are not completely useless, so I still want to keep you,"

Su Manlian nodded, "Yes, yes, I knew that Mr. Su is the best, so please Mr. Su, please rescue me quickly, I really don't want to stay here for a moment."

She was extremely emotional.

Su Cheng's expression was still cold, "What's the hurry? This is the sea market, not the capital, this is Fu Jingting's territory, you angered him, even if I wanted to save you in his territory, it would not be so easy. It's impossible to rescue you after a lot of effort, so you have to stay here for a while."

"What?" Su Man couldn't believe what he heard, his eyes widened, as if his eyeballs were about to fall out of his sockets. , "I will stay for a while? No, no, Mr. Su, I don't want to stay here. If I stay here, I will go crazy, I will really go crazy!"

Because she was too unacceptable, her body was violent at the moment. Trembling, as if the wheelchair was about to fall apart.

Su Cheng looked at her with disgust, "The way you are now is almost like crazy, so it's nothing to be crazy, what's more, I want you to stay here for a while, you go against my will Ordered to shoot without authorization, but it didn't do anything well, do you think I won't settle the account with you?"

Su Cheng sneered.

## Fu Jingting's Worries

Su Man was also stunned, and looked at Su Cheng dully, obviously not expecting that Su Cheng would keep her here for a while, just to punish her!

"Mr. Su Su, you can't do this, you can't do this!"

After a while, Su Man finally came back to her senses, her eyes bulging, and she kept begging Su Cheng, "Mr. Su, please, don't leave me alone. Here, I really know I'm wrong, and I really won't go against your words in the future, really! So save me, please, save me!"

Su Cheng listened to Su Man's mournful plea, His face remained indifferent.

He stood up with a cane, and without looking at Su Man, who was locked in a wheelchair and unable to get up, he walked towards the door of the detention center, and while walking, he threw a sentence without looking back, "I'm still saying that, If you do something wrong, you will have to pay the corresponding price. If you disobey me, I let you stay here for a while. It is already my mercy, so you should be glad that you are still useful. Otherwise, when you go to prison, you will not have to deal with Fu Jingting You, I will let the people in the prison silently kill you!"

These words made Su Man's pleas suffocate, and he looked at Su Cheng's back in horror, his body shaking violently.

This person actually wants her life!

Yes, for this sinister old thing, if there is no use value, it will naturally not keep people.

So now, she should be thankful that she is still useful and didn't let this old thing kill her.

But she knows that as long as this old thing's future goals are achieved, she will be useless, and she will not be able to escape this old thing's Wuzhishan.

That is to say, no matter what, this old thing will not let her go, it's just a matter of time.

Thinking of this, Su Man's body shrank, and he no longer dared to ask for help.

Because it doesn't make sense anymore.

She was even afraid that what she thought was asking for help would anger the old man, and let the old man lose his patience and kill her now.

That would be even more worthwhile.

So, she should endure here for a while.

The mental hospital is so painful, she has survived for two months, she can't believe that she can stay here longer than the mental hospital!

Thinking about it, Su Man completely quieted down, stopped talking, and lowered his head.

Su Cheng was a little surprised to see her suddenly calm down.

But soon, Su Cheng laughed, "It seems that you have already figured out your consequences and started to understand the rules, yes, that's good, keep it up." After the

words were finished, Su Cheng walked out with Assistant Li. .

Su Man stared at the direction he left with scarlet eyes, gritted his teeth, "Old man, wait, now you threaten me, you have my handle in your hand, wait until later, let me catch your handle, and I'll get it first. Damn you!"

Su Cheng walked out of the police station, not knowing that Su Man had already held a grudge against him, after he got into the car, he closed his eyes and rubbed his temples.

Assistant Li put on the seat belt, turned his head and asked again, "Boss, will you go back to the hotel next?"

Su Cheng opened his eyes, with an incomprehensible emotion in his eyes, "The cemetery where Wan'er was buried is still there. Didn't you find it?"

As soon as these words came out, Assistant Li lowered his head, a little afraid to look at him, "I'm sorry boss, not yet, the Fu family has hidden the location of Ms. Zhong's cemetery too well. No one went to worship Ms. Zhong, so until now, none of us have found out where Ms. Zhong is buried, unless you ask the Fu family in person, but I think, even if it is the Fu family, there are only two people who know. One, Fu Jingting, and Mrs. Fu." The one who

married and gave birth to the Fu family probably didn't know anything.

Su Cheng didn't speak, he just turned his wrench and didn't know what he was thinking.

After a while, he let go of his wrench and waved his hand, "Go back to the hotel."

"Yes." Assistant Li responded and started the car.

Repulse Bay.

Fu Jingting left the meeting halfway through, leaving a dissatisfied high-level executive in the conference room, and drove over quickly.

As soon as he opened the door, he didn't change his shoes and ran straight into the living room.

Rong Shu heard the movement, and immediately stood up from the sofa and turned to look in the direction of the entrance.

Seeing the man in a hurry, she laughed and shouted, "Fu Jing"

was not finished when the man suddenly came to her like a black lightning, and hugged her tightly. It was so tight, as if relax a little and she would suddenly disappear.

Feeling the nervousness and fear from the man, the smile on Rong Shu's face slowly dissipated, replaced by a look of concern.

She raised her hand, patted the man's tight back, and asked softly, "What's the matter? Why does it look like something happened?"

Fu Jingting heard her voice and gradually came out of the tightness . He loosened his grip on her a little bit, then slowly let go of her, looked down at her, his Adam's apple moved slightly, and instead asked, "Are you all right? Did Su Cheng do

anything to you?"

Grabbing her shoulders, he looked up and down her body, afraid that she might be injured.

It was only then that Rong Shu reacted. He was so nervous and worried all of a sudden because he was worried about whether she would suffer under Su Cheng's hands, and his heart was warm.

She took his hand off her shoulder, shook her head in it, "it's okay, don't worry, I'm fine, at first I was afraid that Su Cheng and his assistant would attack me, but it's okay, they No, just talked to me and left."

Hearing this, Fu Jingting breathed a sigh of relief and hugged her back into his arms, "That's good, you don't know, I heard you say Su The city came to see you, I was so worried at the time, I hung up the phone and rushed over ."

Rong Shu blinked, a look of surprise on her face, "So I told you at the time that after Su Cheng came to find me, the phone was suddenly hung up, not because your phone was out of power, but because you hung up yourself?"

After Su Cheng left, she went back to the apartment and called Fu Jingting to tell him that Su Cheng was here.

As a result, as soon as he opened his mouth to say such a sentence, the call was suddenly terminated.

At that time, the call was terminated very suddenly. Before the termination, there was no sound. She thought that it was Fu Jingting's mobile phone that just happened to be out of power and hung up.

Who knows, he died by himself.

"It's me." Fu Jingting nodded, "I was worried about you when I heard Su Cheng came to you, so I hung up the phone and came to you."

"Then what about your work?" Rong Shu looked at him.

Fu Jingting rubbed her hair, "Of course your safety is more important than work."

Rong Shu's cheeks flushed.

Fu Jingting took her to sit down on the sofa again, and asked about the business, "Su Cheng asked you, what did he tell you?"

"I just negotiated terms with me and wanted me to let Su Man go." Rong Shu replied.

Fu Jingting said with certainty, "You didn't agree!"

Rong Shu shook his head, "Of course I didn't agree, how could I agree to this kind of thing, did I agree, doesn't it seem like I'm afraid of him? It's even more obvious that I'm easy to bully? So I said I won't agree to anything, not only did I not agree, but I also played him."

When she said this, she laughed.

Fu Jingting frowned, "Did you play around?"

"Well." Rong Shu nodded.

"How did you play him?" Fu Jingting looked at her.

Rong Shu pouted, "He asked me to let Su Man go, but I didn't agree, and then he made a condition that I could do whatever I wanted, and I said I wanted the Su Group, and he immediately turned to me. Face, do you think it's funny or not?"
