This Time, I Will Get My Divorce Chapter 911

“Double the compensation?” Rong Shu laughed at the remarks, “They sold our stuff to others without authorization, and only told us after selling it. This is clear that it is the first order and the second order. If we can’t get the parts on time, some machines will If it cannot be processed, all progress must be temporarily stopped, and all the costs incurred by the shutdown are not enough for them to double the compensation!” The

assistant lowered his head, “Yes, we have also negotiated with the cooperative factory to let them We intercepted our parts, but they were unwilling, saying that the goods had already been delivered, so there is no reason to intercept them.”

“They are reasonable too?” Rong Shu’s heart hurts, “If they are reasonable, they We won’t break the contract and sell our things to others, I’ll never finish this matter with them!” As

she spoke, she clenched her palms angrily, “And the people who cut off our parts, do you know which company it is? ?”

There are not many companies in the heavy industry in the sea, just a few.

But she felt that it should not have been done by those families.

Not to mention that she has no grievances or enmity with those families, they have no reason to rob her, after all, Tiancheng is the last existence.

Secondly, the news that she and Fu Jingting are together is known all over the country, and those families will definitely not be unaware. In terms of Fu Jingting’s face, they are only polite to her and will never offend her.

So, who is targeting her?

Yes, for!

Again, those who know that she and Fu Jingting are together are known all over the country.

For Fu Jingting’s sake, no one will rob her.

The boss of the cooperative factory will not buy her things to others, because he is afraid of offending Fu Jingting behind her.

But this time, someone clearly knew about her relationship with Fu Jingting, and they robbed her of things. They clearly knew about her relationship with Fu Jingting. The owner of the cooperative factory also sold her things to others.

There was only one result, that is, someone deliberately targeted her and robbed her.

As for why the owner of the cooperative factory still dares to sell her things, or the people who buy her things have a great background, even older than Fu Jingting, so the owner of the cooperative factory has nothing to fear.

Either the person who bought her stuff took hold of the factory owner, so the owner of the cooperative factory had to do it.

But no matter what the reason, she wouldn't just let it go.

Whether it is the owner of the cooperative factory, or the person who deliberately targeted her and robbed her, she would never let go!

Rong Shu gritted her lower lip, her face gloomy.

Seeing her like this, the assistant was still a little scared, she shrank her neck and said, "We don't know this yet."

"I don't know?" Rong Shu raised her voice and was startled by the answer, "How could it be unclear? What?"

She was a little puzzled.

"Someone robs us, but we don't know who the other is. Is this reasonable?" Rong Shu said with a frown.

The assistant lowered his head even more, "Chairman, I really don't know, we asked the cooperative factory, and they said that a person with great background intercepted our parts. As for who that person is, The cooperative factory didn't say anything, they seemed to have some scruples, they just told us that the person is not local, but a non-local, let us check it ourselves."

Hearing this, Rong Shu's palm tightened even more.

The background is very big, and
suddenly, a figure flashed in my mind.

Rong Shu's eyes widened in shock, "It's him!" The
assistant hurriedly looked at her, "Chairman, do you know who it is?"

Rong Shu's heartbeat was fast and her breathing was a little short.

The person she just thought of was Su Cheng.

Because only Sioux City matches the clues from the cooperative factory.

The background is very big. Although Sucheng is not from the sea, he has a high status in the capital. Even if he comes to the sea, his status will not be small.

At least higher than Gu Yaotian in his heyday.

Therefore, this point is in line with the four characters of great background.

Secondly, Sucheng is from the capital city, but to the people of Haishi, isn't it from the outer city?

However, although Su Cheng has some status in the sea market, he is definitely not comparable to Fu Jingting.

The owner of the cooperative factory dared to ignore Fu Jingting and help Su Cheng, that should be her second guess just now.

The co-owner had a handle and was pinched by Su Cheng.

Thinking of this, Rong Shu took a deep breath, and the anxiety in her heart calmed down a little.

After all, she already knew who the person who cut off her stuff was.

As long as you know who the person is, it will be easier to deal with later.

Otherwise, you will only be blinded, and you will not know where to start when dealing with things.

"I do know who did it, but I can't say it yet." Rong Shu shook her head, then looked at the assistant, and asked solemnly, "How many people in the group know about the fact that the parts were cut off? Duan Xingbang. Do you know?" The

assistant shook his head quickly, "Mr. Duan doesn't know yet, since you took back the management right in Mr. Duan's hands, Secretary Tong has been picking up the people who Mr. Duan has placed in the cooperative factory one after another. , so Mr. Duan has no eyeliner, and I don't know about this for the time being, otherwise he and his people would have started a fight."

Rong Shu nodded, "That's good, then I'll be relieved for the time being."

She slightly relieved.

As long as Duan Xingbang doesn't know, he is not worried that Duan Xingbang will take the opportunity to make trouble.

"However, it is estimated that this matter will not be hidden for long." Rong Shu frowned and pondered.

The assistant replied, "Yes, the delivery date of the parts we agreed with the cooperative factory is three days away, which means that we can only hide the parts from Mr. Duan and the others for three days at most. If the parts cannot be returned after three days, There is no way to proceed with the rest of the progress, and it will be impossible to hide it."

"You are right." Rong Shu pursed her lips, "So, we have to get the parts back within three days, or acquire them. A batch of the same parts without lo, but the latter is not easy to find."

She rubbed her temples.

The assistant looked at her, "The chairman, that is to say, we only have the first solution?"

Rong Shu hummed, "Almost."

"Then can we get the parts back in these three days?" The assistant ask.

Rong Shu's red lips moved, wanting to say that she definitely could.

But then she thought that the person who stole her parts was Su Cheng, and she felt a little less confident.

But she can't show her lack of confidence. She is the chairman of the board. She can think about anything in her heart, but she can't say it for sure.

Otherwise, the chaos will be the hearts of the people below.

So Rong Shu let out a sigh of relief, put his hand on the assistant's shoulder and patted it lightly, and forced a relaxed smile on his face, "Of course, don't worry."

Seeing Rong Shu say this, the assistant was relieved and smiled. He got up and said, "That's great, then I'll go and tell the other people the good news first. They're still in a hurry. After I tell them the good news, they'll be very happy too.

" Don't worry about your salary and your future life.

So if there is an accident in the group, they must be very worried, nervous and anxious.

Now that the chairman says they can handle it, they have their jobs, but they have to have a high-efficiency relationship.

Looking at the assistant's smile, Rong Shu felt heavy in her heart, but she still kept a smile on her face, "Go ahead."

"The chairman, I'll go first." The assistant took a step back, bowed slightly to Rong Shu, and turned to go out.

Rong Shu watched her figure disappear, and then rubbed her brows. After returning to the desk, she felt bitter and anxious.

This is why every company must have its own production plant, in order to prevent this or other kinds of situations from happening, resulting in unsolvable things in the end, and thus bankruptcy.

Unexpectedly, she met now!

The Purpose of Sioux City

Her factory has just been built, and the machine ordered by Kimchi Country has not been delivered yet, and it will not be delivered until early next month.

As long as the machine is delivered at the beginning of next month, Tiansheng will not have to cooperate with other factories to produce parts and other machinery, and can be self-sufficient.

It is less than ten days away from the beginning of next month, so it is naturally the last cooperation with the cooperative factory.

Unexpectedly, such a thing happened in the last cooperation!

Rong Shu closed her eyes slightly and sighed deeply.

At this moment, she suddenly remembered something, and her face changed slightly.

In the morning, after she refused Su Cheng to let Su Man go, Su Cheng left a sentence, saying that she should not make such a hasty decision and give her two days to think about it. Maybe in two days, she will change her mind.

She told Fu Jingting about this, and she was still laughing at how Su Cheng said she would change her mind in two days. Could it be that Su Cheng still had any leverage?

But now, Su Cheng has cut off her parts, and then she won't be able to get the parts, and all kinds of troubles will follow. In order to get the parts back, won't she have to compromise?

This is the purpose of Su Cheng, just to threaten her to change her mind two days later!

Really good calculation!

Compared to an old fox like Su Cheng, she is indeed a little too tender.

Otherwise, there will be no unprepared hits!

Thinking of this, Rong Shu's chest rose and fell violently, and her eyes were red.

The screen of the mobile phone on the table flickered, and Fu Jingting's slightly amplified voice came again, "Little Leaf, are you still there?"

Hearing the man's voice, Rong Shu's eyes flickered, and she looked down, then she remembered that she The call with Fu Jingting is not over yet.

She took a breath, calmed herself down a little, suppressed her anger, picked up the phone and put it to her ear, "Yes."

Hearing Rong Shu's response, Fu Jingting's tense expression improved, and he pursed his thin lips and asked, "What just happened?"

Rong Shu knew that when he was just angry, he heard some movement, so he was sure Inevitably ask her.

If it was something that happened in the group, she might not hide it from her and would tell him directly.

But this time, she didn't want to tell him.

If he knew, he would definitely find Su Cheng directly.

There is a great grudge between him and Su Cheng, and it is not suitable for them to confront each other now.

So, she decided to hide it first.

There are still three days. In these three days, she wants to try it herself. If she can't get the parts back in three days, she will consider whether he should help.

Thinking of this, Rong Shu bit her lower lip, and tried her best to make her voice sound natural and replied, "It's nothing major, it's just a small matter, it's Duan Xingbang who is making trouble again, you know he is a man with big ambitions, every three to five. It's normal for me to make trouble once, I'm used to it."

"Really?" Fu Jingting narrowed his eyes, obviously still suspicious.

Her angry and shocked look just now didn't seem like a trivial matter.

"Of course it is." Rong Shu nodded, and then said with a small face deliberately unhappy, "What? You think I'm lying to you, you don't believe me?"

"No." Fu Jingting replied immediately.

Rong Shu snorted, "That's okay, anyway, I have already ordered the matter to be dealt with, so don't ask."

Seeing that she was eager to suppress this matter and didn't want to talk about it anymore, Fu Jingting rubbed his brows. Just listen to her.

"Since there's nothing to do, then I won't ask. If it's a big matter, but I hope you don't hide it from me, you must tell me, don't let me worry about knowing it?" Fu Jingting frowned.

Rong Shu lowered her eyelids with a guilty conscience, hummed, and then answered vaguely, "Okay, I won't tell you first, I still have a few things to do here, otherwise I won't be able to leave at seven o'clock."

"Okay." Fu Jingting nodded slightly.

When the call was over, he put down the phone, and his frowning brows still didn't open.

Afterwards, he nodded slightly and made another call to go out.

Soon, the call was answered, and a tired voice came, "Mr. Fu, do you have any orders?" Fu

Jingting seemed to be unable to hear Assistant Zhang's exhaustion, and said blankly, "You arranged for Tiancheng's office before. People, have you all withdrawn?"

At that time, he was chasing his wife, and in order to know Rong Shu's movements throughout the day, he asked Zhang Cheng to arrange a few eyes in Tiancheng.

After reuniting with Rong Shu, Rong Shu asked him to withdraw those eyes.

He agreed and asked Zhang Cheng to evacuate the people.

I just don't know if Zhang Chengzhao did it or not.

When Zhang Cheng heard Fu Jingting's question, he pushed his glasses back and said, "Yes, I have withdrawn them all, but one stayed, saying that Tiancheng's salary is the same as that of Fu's, and Tiancheng is better than Fu's. It's easy, so I don't want to go back to the Fu family, so I stay in Tiancheng." At

this point, Assistant Zhang felt a little embarrassed.

This person said it as if Fu was squeezing employees.

He didn't even think about how talented Mr. Fu was? How much is Tiansheng?

He is an ordinary talent in Fu's, and a high-level talent in Tiancheng, so can the salary be different?

Fu Jingting had no problem with his employees not returning to Fu's, and insisting on staying in Tiancheng. After all, everyone has their own choices.

He respects everyone's choice.

And for him, it's better if someone stays in Tiancheng now, just because he needs someone to help him inquire about some things.

"It's good to have someone, you contact him and let him secretly ask if something happened to Tiancheng today." Fu Jingting instructed in a deep voice.

On the phone before, he had said to trust her.

But at the same time, he knew her very well, and she didn't want to rely on him, and she didn't want to let him help with anything.

So, it's very likely that she didn't tell him the truth.

Since she doesn't say it, he will check it himself.

Hearing Fu Jingting's order, Assistant Zhang rolled his eyes.

He knew it.

As long as Mr. Fu doesn't come to work in the group, then contacting him is definitely not for the group, but for Miss Rong.

He didn't understand, he was obviously just a special assistant, a special assistant in charge of group affairs!

Why are you still working part-time as an expert on relationship resolution between President Fu and Miss Rong?

Although he complained in his heart, Assistant Zhang didn't dare to just say it. Instead, he had to answer with a smile, "Okay, Mr. Fu, I know about Mr. Fu."

"Well." Fu Jingting didn't care about Assistant Zhang's reaction on the other end of the phone. With a cold and noble expression, he raised his chin, "Go on as soon as possible, I hope I will know the answer at night."

"Yes." Assistant Zhang rolled his eyes again.

Fu Jingting put down the phone, hung up, and pressed his eyebrows lightly.

Hope Xiaoye didn't lie to him.

If he finds out in the end, she lied to him.

No wonder he didn't spank her hard!

Just as he was thinking, the sound of a cane hitting the ground came from the door on the right.

Fu Jingting put his hands down and turned his head to look to the right.

At the door of the main room on the right, two elderly figures appeared, the old lady and Feng Ma who came in with the old lady.

When Fu Jingting saw his grandmother coming, he immediately got up, walked towards the old lady, and then supported the other side of the old lady, "Grandma, are you awake?" The

old lady looked at her eldest grandson kindly and nodded, "Yes Ah, I finally woke up, Xiao Feng said that you wanted to see me, came very early, and have been waiting here for two or three hours. After waiting for so long, why didn't Xiao Feng call me up directly?"

She He patted the back of Fu Jingting's hand and said with some anger.

This Time, I Will Get My Divorce Chapter 913

The old lady is dying

Fu Jingting's eyebrows softened, "It's okay, I won't let Mommy Feng call you up, because I think your rest is the most important thing."

Only when grandma rests, her health will be better.

But grandma did rest a little too long!

He had always known that his grandmother had the habit of taking a lunch break. The habit developed from a young age has never been interrupted for decades.

And grandmother's lunch break has always been only two hours, one o'clock to three o'clock, and get up on time.

But now, the grandmother has rested from one o'clock to now, a full four hours.

Although being able to fall asleep is a good thing, sometimes sleeping too long is a bad thing.

Especially someone the age of a grandmother.

Sleeping for too long can only mean that the body function is getting worse and worse, and the time to wake up is getting less and less.

Thinking about it, Fu Jingting pursed his thin lips and looked at the top of the old lady's head.

Looking at the old lady's snow-white hair, Fu Jingting felt a little blocked.

At this moment, he really felt that his grandmother was getting old!

"Mother Feng." Fu Jingting retracted his gaze and looked at Ma Feng who was supporting the old lady on the other side.

Feng Ma heard him calling herself, and immediately responded, "Is there anything wrong with the eldest young master?"

"Did my grandmother slept for so long today, or has she slept for so long all this time?" Fu Jingting held the old lady's hand, asked slightly tight.

Feng Ma seemed to know the meaning of his question. She looked at the old lady, and her eyes flashed with grief.

The old lady naturally understands, but she has a good attitude and still smiles, "It's okay Xiao Feng, if Jing Ting wants to know, you can tell him."

"Old lady"

"Anyway, Jing Ting will know sooner or later, it's okay, Say it." The old lady patted the back of Feng Ma's hand soothingly.

Feng Ma opened her mouth, and after a while, she nodded with a whimper, "Okay, I said, Young Master, the old lady has been taking longer and longer breaks recently, but it's all indirect, every two or three times. A genius can sleep for so long, and basically he is the same as before, only maintaining a two-hour lunch break every day."

Hearing this, Fu Jingting's tense face relaxed a little.

While it's true that grandma is taking longer and longer breaks now, it's not every day.

This shows that the grandmother's body has not yet reached the most serious time.

If you take such a long rest every day, it's really troublesome.

"Grandmother." Fu Jingting helped the old lady to sit down on the Taishi chair, and looked at her with a serious expression, "The nursing home I mentioned to you last time, this time you will go to whatever you say."

After the old lady was hospitalized before, Lin Tianchen told him that his grandmother had been there for two years.

So he wanted to send his grandmother to the nursing home, hoping to make her live a year or two longer.

Later, he told his grandmother about this matter, including her physical condition, and also told her grandmother, hoping that her grandmother would listen to him and go to the nursing home.

But the grandmother refused, saying that the nursing home did not have the comfort of home. She didn't say anything to go there, but to stay at home.

He couldn't beat his grandmother, and seeing that her grandmother was in good spirits, he thought that it would be okay to go over later.

But I didn't expect it to be long before my grandmother's awake time began to decrease. The less awake time, the faster the body decayed.

If this continues, my grandmother may not be able to hold on for two years.

So this time, he has to let his grandmother go over everything he says, and he must not let his grandmother be self-willed.

Ma Feng on the side heard Fu Jingting's words and nodded quickly, "Yes, old lady, the eldest young master is right, you are really going to the sanatorium, look at you now." After that, Ma

Feng couldn't continue, her voice More and more choked up.

The old lady looked at her eldest grandson with a serious face, and at Feng Ma, who was crying silently, and sighed, "Okay you guys, it's not a big deal, life and death are a matter of life, it's normal, and I too I can accept it calmly, and I have lived this age, enough for this, isn't it? If I continue to live, wouldn't it be an old monster? Speaking of Jing Ting, didn't I tell you before, I miss your grandfather, He's been waiting for me down there for so long, I don't want him to wait for me right away, and suddenly he has to wait for a long time, I'm afraid he'll get impatient and leave first, then after I go down, I won't be able to find him I'm done."

Hearing the thoughts of his grandfather in his grandmother's tone, what Fu Jingting had originally forced was stuck in his throat, and he didn't know what to say.

He doesn't even know what to do anymore!

The grandmother was unwilling to let her go to the sanatorium. Even if she forcibly sent her there, if she was in a bad mood, the treatment in the sanatorium would not be effective.

If his grandmother didn't go, he would obey her wishes and refuse to let her go. He felt the same pain in his heart as he watched his grandmother's body getting worse and worse.

So he really didn't know what to do.

The same is true of Feng's mother on the side. She doesn't know if she should continue crying while crying.

The old lady looked at Fu Jingting, who was frowning and silent, and at Feng Ma, who was secretly sad, knowing that her words made them uncomfortable.

She smiled and clapped her hands, "Okay, okay, let's not talk about this, Jing Ting, what's the matter with you coming to me?"

Fu Jingting knew that the old lady was deliberately changing the subject and didn't want to continue, so he sipped. "I came to you, I want to confirm one thing with you."

“You say.” The old lady picked up the teacup, blew the tea leaves gracefully, and nodded slightly.

Fu Jingting looked at her, “Grandmother, I want to know, are you aware that my mother deliberately raised me to be a substitute for Su Cheng in the past?”

As soon as these words came out, the old lady’s movement of blowing tea stopped immediately.

Even Feng Ma, who was pinching the old lady’s shoulder, widened her eyes in shock.

Fu Jingting looked at the actions of the two old men, his eyes darkened, and he did not speak, waiting for the two old men to speak.

After waiting for about two or three minutes, the old lady didn’t drink any tea. She covered the teacup and put it on the small table beside it. Then she looked at him seriously, “How did you know about this?”

“It seems that I Is it true?” Fu Jingting asked without answering.

The old lady nodded, then sighed again, “It’s true, this thing was done by your mother, when I knew it, it was incredible, how can a mother do such an unreasonable thing It happened, but at that time, your mother had already passed away, so I couldn’t even try to trouble her when I was angry, so I could only swallow this secret angrily and keep you from knowing it. I know very well that although you have been deliberately made by your mother I have been raised into a very gentle child, but your nature and arrogance are still there, and it is absolutely impossible for you to accept it. After you know it, you will not only resent your mother, but also do not know what to do.”

Speaking of this , The old lady’s eyes became complicated, “Although I am angry with your mother for doing such a stupid thing, I don’t want you to really hold grudges against your mother in your heart, and have resentment towards your mother, no matter what, she gave you life, I also gave you a mother’s love. Even if there are other things in this mother’s love, everything in the past cannot be faked, so I would rather you don’t know anything, and let your mother be in your heart and always keep the most beautiful It’s time.”

She looked at him, “I originally thought that after your mother died and I deliberately concealed it, I could keep this matter hidden forever, but I didn’t expect that after I deliberately concealed it for so long, it still remained. You know.”

Fu Jingting clenched his fists and replied in a deep voice, “Su Cheng is alive, this matter will never be hidden.”

Parents' grievances

As soon as these words came out, the old lady was stunned.

But soon, the old lady calmed down and nodded with a sigh, "What he said is that his life as a righteous master is the biggest mistake, although you have never met him, but one day, you will meet him. When it gets to him, then, this secret will naturally have a flaw, you know it will be a matter of time, but I want to know, Su Cheng hasn't met you yet, where did you know about it?" The

old lady looked With Fu Jingting.

Fu Jingting took a step back and took a seat on a Taishi chair under the old lady's left hand, "It was Xiao Ye who told me."

"Shush?" The old lady was surprised.

Feng Ma was also amazed, "How can the young lady know about

this?" Except for her and the old lady, the young master himself doesn't know about this. I didn't expect the young lady to know.

This has to be surprising.

"It was Xiaoye Ye who saw Su Cheng and found that Su Cheng was very similar to me in the past, so he guessed it." Fu Jingting didn't hide it, and answered directly.

The old lady's hand holding the cane suddenly tightened, "What? Shu Shu saw Su Cheng? How did Shu Shu see Su Cheng? She went to the capital?"

"No." Fu Jingting shook his head slightly, "Su Cheng is here. Hai Shi, his illegitimate daughter provoked Xiao Ye Zi and was thrown into the police station by me and Xiao Ye Zi, he came to Hai Shi for his illegitimate daughter and met Xiao Ye once."

"So that's the case." The old man The person nodded suddenly, and then a strange expression appeared on the old face, "Jing Ting, you just said, illegitimate daughter? Su Cheng has an illegitimate daughter?"

Fu Jingting hummed, "For now, yes "

Although I doubt whether Su Cheng is Su Cheng's illegitimate daughter.

But before Zhang Cheng's investigation results came out, he still regarded Su Man as Su Cheng's illegitimate daughter.

Hearing Fu Jingting's words, the old lady put on her crutches, with a sneer on her face, "Illegal daughter? Oh, this is the man Xiaoya loves?"

Xiaoya, the nickname of Fu Jingting's mother.

The old lady has always been called that.

"I don't know if your mother knows that she will die from anger." The old lady raised her eyes and looked at Fu Jingting in the lower left.

Fu Jingting clenched his fists and looked up at her, "Grandmother, do you also know the agreement between my mother and Su Cheng?" The

old lady nodded noncommittally, "Yes, your mother thought she was doing a good job of hiding it, but she didn't know that. I know everything you do. When your mother just married your father, your father just inherited the Fu family. Compared to your natural suitability for business and for being a ruler, your father appears to be mediocre, so at that time in the Fu family, there were many high-level people who didn't agree with your father. It was my old woman who came forward and temporarily took the post of chairman to help your father suppress those ghosts and snakes in the group, so that your father could concentrate on cultivating his own. Power, and therefore, at that time, the most powerful person in the Fu family was not your father, but me. My eyeliner was all over the Fu family and the Fu family. I was afraid that there would be people who would intervene, so how could you hide everything your mother did? Get me."

Fu Jingting listened quietly.

After hearing this, a possibility appeared in his heart, and his pupils shrank slightly, "So how did my mother get pregnant with me, grandma, you know?" The

old lady sighed, "Of course, didn't I say it, you Everything my mother did, I couldn't hide it from my eyes. I learned at the time that your mother had a pact with Su Cheng, and when she defended her life for Su Cheng, I was so angry that I always knew that your mother was not willing to marry her. For your father, she has always had someone in her heart. Because of fulfilling the marriage contract with the Fu family, your mother had to break up with the person she likes and marry your father. For this reason, our Fu family still feels very guilty. After your mother and your father got married, even if your mother was indifferent to your father, our Fu family turned a blind eye and said nothing until your mother was pregnant."

Having said this, the old lady laughed at herself, "When I found out that your mother was pregnant, to be honest, my old lady's first reaction was not to be happy, but to feel strange. Your mother doesn't like your father, and her attitude towards your father is

also love or not. It makes sense, how could she be so quick to accept the fact that she is already the daughter-in-law of the Fu family? Then I sent someone to investigate. This investigation almost maddened me. Your mother actually made an agreement with Su Cheng to protect each other like a jade, so from If you haven't been in the same room with your father, even if you are pregnant, it is not because of your father's natural conception, but because of your father's test tube, just because your father promised her that as long as she leaves an heir to the Fu family, she will Let her be free."

"Old lady, drink some water." Hearing that the old lady's voice was a little dry, Feng Ma hurriedly poured a glass of water and handed it over.

The old lady took a sip, handed the quilt back, and then continued, "And your mother doesn't like your father, and she doesn't want to share the bed with your father, so if you want to have a child, this is the only way, this is not nonsense What? Your mother is married, and she can't forget that man in her heart. When you do these things, your father actually condone it and make trouble with him. This will kill his popularity. Of course, I know your father does this just because he respects your mother. , I don't want to force your mother, your father knows that your mother will never let Su Cheng go and live with him at ease, so he is willing to let go." The

old lady suddenly snorted, "Jing Ting, don't look at your father being so open-minded. , so great, so great that he is willing to make his wife live and live with other men, but in fact, at that time, your father felt so sad, because at that time your father really liked your mother."

"What?" Fu Jingting was shocked, his thin lips moved, and it took a long while to spit out a few words, "Father liked mother?"

"Yes." The old lady nodded.

"How is this possible?" Fu Jingting's pupils trembled, apparently not calming down from the shock.

What he saw since he was a child was the indifferent attitude of his mother to his father, and the scenes of his father being unfamiliar with his mother.

The relationship between these two people is not as good as that of strangers.

But now his grandmother went to tell him that his father had actually loved his mother.

"Eldest young master, this is true. The young master really loved the young lady in the past. You probably don't know how your father's marriage contract with your mother came about?" Ma Feng looked at Fu Jingting kindly and said.

Fu Jingting shook his head slightly.

He really didn't know.

Feng Ma looked at the old lady.

The old lady nodded, "Xiao Feng, tell him."

Feng Ma replied, and then slowly said, "Actually, the young master and the young lady have known each other since they were young, and they knew each other earlier than the young lady knew Su Cheng, that At that time, the young master was ten years old and the young lady was seven years old. The two children met at a banquet and had a good time. When they parted, the young lady was very reluctant to bear the young master. How about being the young master's bride, although at that time we adults all knew that it was just a joke by the young lady. After all, what a child said should not be taken seriously, but I didn't expect that the young master took it seriously, and even secretly ran to the capital by himself. I have found the young lady, at that time, the young master was less than eleven years old."

"Then what?" Fu Jingting looked at Feng Ma, wanting to hear more about his parents' past.

He was only ten years old when his mother died.

He was only a teenager when his father died.

And he has never fully understood his parents, so he really doesn't know much about his parents' past.

Knowing the past

Now, he wants to take this opportunity to get to know some parents he doesn't know. The old lady lowered her head and drank tea calmly.

Feng Ma stood behind the old lady and continued to tell Fu Jingting everything about the past.

"The eleven-year-old young master avoided all the security personnel of the Fu family, got rid of his own bodyguards, and ran to the capital secretly by himself. The departure of the young master was simply bad news for the Fu family, and he thought he was abducted. Well, the old lady and the old man were so frightened that they almost fainted. Even the servants like us frowned and searched for someone like a carpet. We

searched for three days and couldn't find the young master. I don't know where the young master went? At that time, technology was not developed. Even if the Fu family was not simple, it was not easy to find someone. Just when we thought that the young master was really abducted and

despaired, the young master suddenly came back. When he came back" "How?" Eye.

Feng Ma sighed, "Young master came back dejected. When he came back to see us, he immediately cried, saying that little sister Ya'er didn't remember him, and there was another friend by her side. That friend was Su Cheng.

" At this point, Fu Jingting probably guessed it too. He pursed his thin lips and said in a deep voice, "Did my father never go to see my mother since then?"

"Yes." Feng Ma nodded, " When the young lady was 20 years old, the Zhong family suddenly came to the door and wanted to marry the Fu family. It was a marriage, or rather we wanted our Fu family to help the Zhong family. At that time, the Zhong family had already It started to go downhill. Originally, the old lady and the old man did not agree to marry, but the young master just heard it and agreed immediately, so the marriage contract between the young master and the young lady was settled like this."

"Then at that time, you know that the mother and Su Is it related to the city?" Fu Jingting frowned.

The old lady replied angrily, "How could you know, the Zhong family didn't know it at that time, let alone our Fu family, your mother and Su Cheng were secretly together and didn't tell anyone, if we knew, we said Nothing will agree to your father's engagement with your mother, even if your father is willing, we are not willing." The

young couple is already together, and his son is still engaged to one of the girls, so what happened?

A male junior with a sentence?

How could a woman so proud of her allow her son to become a male junior.

But that's how God plays with the world.

Her son thought that he could finally be with the girl he liked since childhood, but unexpectedly, that girl was already with other people.

Her son, by yin and yang, has become a third party who is intertwined in other people's feelings.

She is distressed!

“When did you know?” Fu Jingting’s eyebrows were about to be pinched to death by a mosquito.

The anger on the old lady’s face did not diminish, “One month before the wedding, your mother suddenly made a fuss about not marrying, and in a hurry, she told the story of being with Su Cheng. At that time, my father and I happened to be there. The Zhong family delivered something and heard this sentence when he walked to the door, Jing Ting, you don’t know, your father heard it at the time, the whole person was stupid, his face was pale and there was hardly a trace of blood, not to mention me, angry No, I want to go in and find the Zhong family to settle the account, and ask what the Zhong family means, why do you hide it from me when your daughter has a boyfriend, don’t say it when you get engaged, and don’t say it until you get married. I didn’t tell us face-to-face, but I was stopped by your father before I went in, and your father said it was over, begging me to go back.” The

old lady wiped the corners of her eyes, “I am angry with the Zhong family’s behavior, and feel more distressed for my son. , so in the end I didn’t go in, I followed your father and went back to the sea market. After I came back, I asked your father what his plans were now. Your father didn’t answer me at that time, he locked himself in the room for three days, and came out on the third day. Afterwards, the whole person was haggard, and he told me in a hoarse voice that he wanted to break the engagement. I agreed with your grandfather. I went to the capital the next day to break the engagement, but I didn’t expect that the Zhong family would not agree, your mother He also shook his head and didn’t want to.”

“Unwilling?” Fu Jingting narrowed his eyes, as if he couldn’t understand the reason.

Doesn’t she love Sioux City that much?

Shouldn’t she seize the opportunity not to marry her father?

Why would you not want to.

“Yes, I don’t want to.” The old lady nodded, “This engagement was originally proposed by the Zhong family, so it’s normal for the Zhong family to disagree, but it’s surprising that your mother doesn’t agree, but we soon agreed to it. Think clearly why your mother didn’t agree, because the Zhong family needed the help of the Fu family. In fact, at that time, although I was very unhappy with the Zhong family, for your father’s love for your mother, even if the marriage contract was cancelled, I will help the Fu family, and I believe your father is the same, so I clearly stated my thoughts, and then asked your mother, are you willing to cancel the engagement now?”

“My mother still disagrees.” Fu Jingting guessed at once Here comes the result.

If he agreed, his mother and father wouldn’t get married either.

The old lady sighed, "Yeah, even if I made it so clear, I would still help the Zhong family without a marriage contract, but the Zhong family and your mother are still unwilling, thinking that without the help of marriage, it is unreliable after all, and Your father is a lover. He was your mother in the past, and Wang Shuqin in the back. When you heard that your mother was unwilling to cancel the engagement and even broke up with Su Cheng, your dad immediately changed his mind and was willing to continue the engagement. I was so angry that I could not wait. Beat him up, and as a mother, you can never beat your own child, I finally agreed, and at the same time had a good talk with your mother."

"What did you tell your mother?" Fu Jingting looked at her.

The old lady waved her hand, "What else can I say? It's nothing more than that. I know that your mother has a Sucheng in her heart, and I told her that since you want to marry my son, you'd better forget Sucheng as soon as possible and concentrate on your work. The daughter-in-law of the Fu family, to be my son's wife, our Fu family will not treat you badly. After all, this is your own choice, right? Our Fu family has not given her a chance, but she finally chose your father, since If you choose, don't regret it, just think about your mission."

"But my mother didn't follow it." Fu Jingting's mouth pulled a sarcastic arc, "She has never forgotten Su Cheng."

"Yes, she clearly agreed . If you take me, you will forget Su Cheng, and you will be your father's wife well, but she said, not only did she not forget that man, but also rejected your father a thousand miles away, your father was obviously sad, but he was still willing to fulfill her."

Angrily, the old lady stomped the ground twice with her cane.

The pestle's floor thumped.

"I'm angry, I'm angry, why did your mother treat my son like this? Since your mother is married, she is the daughter-in-law of the Fu family, but she still misses other men. Where do you put your father? She doesn't see it that way. Are you going to fuck your father?" The old lady patted her chest.

"I have always seen your mother's attitude towards your father, but I think it's a matter between their young husband and wife. I'm a mother-in-law who can't interfere, so I never ask, I see. I don't think I've seen it, but I've seen it so many times that I'm inevitably dissatisfied."

The old lady's intention

"I understand." Fu Jingting nodded.

The old lady beat her chest and paused, "So once again, after your father passed out from alcoholism because of your mother, I couldn't bear it any longer. I went to your mother and asked what your mother wanted? Why doesn't it count? My son, when the Fu family broke off the marriage, why didn't they agree? Why did they have to marry in? Didn't our Fu family give her a chance? No, our Fu family gave it. After the divorce, she can live with Su Cheng. Shuangqi, and our Fu family will also help the Zhong family, but she doesn't agree. After marrying in, she enjoys the Fu family's dedication to the Zhong family, and she wants to treat my son like that."

Who else can't stand it?

Fu Jingting lowered his eyes and did not answer.

As a son, he knew that his mother's behavior was wrong, even immoral.

However, he couldn't say that directly.

Even though he doesn't have much mother-son affection for her, she is his mother after all.

The old lady has always been a very reasonable old lady. She also knows the reason for Fu Jingting's silence, so she will never blame her grandson.

After all, as a son, not to mention the mother's fault, it should have been.

If he did, her grandmother would think he was wrong.

"But grandma, didn't you ask them to divorce?" Fu Jingting pursed his lips and asked suddenly, "According to your character, seeing your father living in such pain, and seeing your mother thinking about other men, you should let them divorce, right? This is good for everyone."

"Why not." The old lady sighed, "When I was talking to your mother, I asked them to divorce. Although your mother was pregnant with you at that time, I also I clearly told your mother that you can abort the child and pursue your love, but"

"My mother still refused?" Fu Jingting guessed what happened next.

The old lady nodded, "Yeah, although your mother is a little in love, she still has a sense of responsibility. She rejected my proposal, saying that she promised to give birth to an

heir to your father, so she can't break her promise. Therefore, she will not abort the child, and will not divorce for the time being. When the child is born, how old is she, and she can understand that there is no relationship between the parents and divorce, she is leaving. She said it very seriously at the time, plus My old woman really wanted to hug her grandson. At that time, your mother was already pregnant with you. I really wanted her to be destroyed, but I couldn't bear it. I just didn't want to see her tormenting with your dad, so I reluctantly asked her to beat her. Since she said she wanted to be born without fighting, I naturally wouldn't persuade me again."

"What happened later?" Fu Jingting asked again.

The old lady took a sip of tea and said, "I told your mother later, as long as you don't regret it, then you can do it. Your mother laughed at that time and touched her stomach and said she didn't regret it. She said that although she will be many years later, With Su Cheng, but Su Cheng will wait for her, and like her, she will guard for her. She and Su Cheng have made an agreement. I already knew this agreement when I was investigating, but I didn't Tell your mother, even when your mother said it, I deliberately pretended to be surprised and said that it was good."

At this point, the old lady snorted sarcastically, "Although I said that at the time , but she thought it was ridiculous in her heart. She would actually believe that a man would guard her? She really looked down on Su Cheng's feelings for her. If that man in Su Cheng really loved her so much, why would she be with the Fu family? When you are engaged, or about to get married, you never stand up against it? You don't even open up about your relationship with your mother. Instead, your mother stood up and made it public before marriage. A man, if he really loves so much Will she object to her marrying other men, and will she not disclose her girlfriend's identity? So, I never thought that Su Cheng loved your mother so much, but your mother, hey" the

old lady is long again He let out a sigh, "It turns out that what I thought back then was right, Su Cheng's illegitimate daughters were all made out, and they were about the same age as Shu Shu, which obviously shows that Su Cheng was married when your mother was married for two years. The contract has been unilaterally broken, so I said, if your mother knew now, I'm afraid she'd be angry."

"It's better if you don't tell her." Fu Jingting lowered his eyes and said.

The old lady was amused by what he said, "That's true, but although your mother is hateful, she is also pitiful. If she really forgets Su Cheng and lives with your father, she must be happy now, and Wang Shuqin has nothing to do with it. "

Fu Jingting still believes this.

My grandmother said that my father used to love my mother.

If it wasn't for the fact that the mother didn't love her father and kept pushing her out, her father would obviously not have fallen in love with Wang Shuqin.

However, although Wang Shuqin is vulgar and can't stand on the stage, he is indeed a good person. Because he feels that he is a third party and that he killed his mother, he is completely his own son to him.

Because of this, even though the grandmother didn't like Wang Shuqin, she still recognized Wang Shuqin's daughter-in-law's identity.

"Maybe, my father is destined to have no fate with my mother. His real fate is his stepmother." Fu Jingting looked at the old lady and said, "And grandmother, don't you think that my father is really much happier when he is with his stepmother?" The

old lady snorted, "If I hadn't been sure that the two of them really had feelings, Wang Shuqin would be nice to you. Even if your father accepted the family law, I wouldn't allow Wang Shuqin to come in."

Fu Jingting chuckled, "Although my grandmother doesn't like my stepmother, she should You have never been short of honors given to your stepmother . You just don't like her, but that doesn't mean you don't recognize her as the daughter-in-law of the Fu family." The

old lady sighed, "Yes, she is rude, Tacky, I'm not pleasing to the eye anyway, I can't change it after teaching for so many years, it's a headache, but she really makes me not wrong when it comes to you. In this aspect, she is not qualified, but as a wife and mother, she is qualified, I have to admit, but I simply do not raise her requirements, as long as she does well in her responsibilities as a wife and mother, I will Don't force anything else."

Said, the old lady waved her hand with a look of disgust.

Fu Jingting chuckled lightly for a while, and then his expression returned to his cold expression again, "By the way, grandma, you haven't told me yet, how did you find out that my mother raised me to be Su Cheng's character?"

Hearing this, the old lady With a cold face, "I really didn't know at first, your mother said that she wanted to cultivate your character herself, but I didn't think much about it, I thought it was normal for a mother to nurture a son, and I couldn't deprive your mother of her rights as a mother, so Just go with your mother until you were eight years old. I went to Beijing to attend the 80th birthday of a revolutionary comrade-in-arms when your grandfather was alive. There, I met Su Cheng, and I met Su Cheng's The first impression is what you said. When Shu Shu saw Su Cheng, I immediately understood what your mother was doing. I was so angry that your mother was so confused and raised her son to be her lover's substitute. Is that what a mother should do?" The

old lady's angry face turned red.

Fu Jingting suddenly thought of something, looked up at the old lady, "No wonder you came back from the capital at that time and suddenly asked me to come to the old house to live with you, you just wanted to prevent my mother from continuing to brainwash me and let me Completely develop the temperament of Sioux City."

Persuade the old lady

"That's right." The old lady reluctantly admitted, "I was angry at that time. I believed in your mother so much that even if you loved your father, but you were her son, she stayed in Fu because of her responsibility to you. The family didn't divorce your father immediately. I thought that she would treat you well because of this. How could she know that she was good to you, but she also cultivated you into a man's substitute because of her selfishness. You are my grandson, our father How can the third generation heir of the family become someone else's substitute? Even if you are just a child of an ordinary family, I believe you don't want to be someone's substitute?"

Fu Jingting nodded, "Yes."

This is his pride.

It is also the pride of anyone.

Everyone is unique in the world, and no one wants to be a substitute for anyone.

This is true whether it is rich or not.

"So, how can my old woman bear your mother's behavior?" The old lady put on her crutches, "So I took you away from Fu Mansion on the pretext that I needed you to come to the old house to study. I can't let you go. Stay with your mom again, stay with you, one day, you'll be the real Sioux, I can't watch my grandson become someone else, so I'm going to turn your personality around, it's just me Unexpectedly, I was still a step late, at that time your character was basically set, and I couldn't reverse it." The

old lady shook her head regretfully, "There is no way, I can only let it go on like this, until Six years ago, I don't know what happened to you suddenly, your personality suddenly changed greatly, and you finally became such a personality. To be honest, at that time, I was really happy."

“I know.” Fu Jingting got up, walking up to the old lady, she stretched out her hand to hold the old lady’s hand, “Over the years, my grandmother has been worried.” The old lady patted the back of his hand with relief and smiled, “You are my grandson, I am your grandmother, I am worried you deserve it, but fortunately, everything I did was not in vain, and you finally gave up the character your mother created and have your own real character.”

Although the eldest grandson’s real character is indifferent and somewhat irritating.

But as long as it was his own character, not imposed by others, she was very pleased.

“Okay, I’ve said everything I need to say, and I told you about your parents’ past. Is there anything else you want to know?” The old lady was drinking tea, looking at Fu Jingting and asking.

Fu Jingting shook his head, “It’s gone for now. I’m here today mainly because I want to know these things. Thank you grandmother for clarifying my doubts.”

“It’s nothing. You are my grandson. I can tell me anything you want to know. Do you want to take these things down as a secret?” The old lady smiled.

Fu Jingting frowned, “Grandmother said these words again, you are still young and will live a long time.”

“Okay, I won’t talk about it.” Seeing that the grandson was a little unhappy, the old lady hurriedly admitted defeat, saying that she didn’t say these words to make people not happy anymore.

Fu Jingting’s tense expression made it look much better.

The old lady looked at the sky, “Oh, I didn’t realize it, it’s so late, it’s getting dark.”

Hearing this, Fu Jingting lowered his head to look at his watch, saw that it was six o’clock, and frowned even more. tight.

Feng Ma, who had never spoken, suggested at this time, “Madam, it’s almost time for dinner, and the eldest young master is here. I’ll ask the kitchen to prepare more dishes. What do you think?” The

old lady didn’t answer immediately, but looked at Fu Jingting asked, “Jingting, what do you think? Are you staying here to eat with me, or go to Shushu’s place to accompany Shushu? Speaking of which, you seem to have already lived with Shushu.”

Fu Jingting was noncommittal, “Yes, it’s been a while.”

When he spoke, his thin lips were clearly hooked, and his tone also revealed a touch of pride.

The old lady and Feng Ma saw it and smiled at each other.

The old lady even smiled and shook her head, "Then what do you mean?"

"I can't accompany you to dinner tonight. I promise Xiao Ye Ye that I will go to Lu's house with her. Mrs. Lu wants to see me." Fu Jingting glanced at his watch again.

The old lady was surprised, "Mrs. Lu? You're talking about your mother's friend who was in the sea market before her death, Xiaohan, right?"

There is a han in Mrs. Lu's name.

So Fu Jingting knew that the old lady was talking about her, and nodded, "Yes, she is also her mother's classmate in college, but compared to her mother, the relationship between Mrs. Lu and Rong Shu's mother is better. Therefore, Mrs. Lu is regarded as the second mother. This time, when Mrs. Lu wants to see me, she also wants to test me as Rong Shu's second mother."

"The eldest young master even comes to see the parents?" Feng Ma teased. Fu Jingting coughed lightly, "Almost." Seeing her grandson's embarrassed appearance, the old lady laughed a little bit

novelly, "Then do you have a gift? If not, grandma has a lot of supplements here, you can bring some.

Fu

Jingting shook his head and refused. "Grandmother's supplements are reserved for grandmother. They are all prepared for you. It is not suitable for them. Don't worry, grandma, I have a sense of proportion and gifts are ready." The

old lady knew that her grandson never l'm not someone who talks like this. When I saw my grandson saying this, I didn't doubt it. I nodded, "Okay, it's getting late, you can go quickly and bring Shu Shu over for dinner another day."

"Okay, then I'll go. Grandmother." Fu Jingting hummed, then glanced at Feng Ma.

Feng Ma immediately understood something, and smiled at the old lady, "Old lady, let me see the eldest young master for a while." How could the

old lady not know the look she had just looked at Fu Jingting, and she probably knew that they wanted to What to say, I wanted to stop her, but thinking that they were also worried about her, she finally sighed and waved her hand, "Go, let's go."

“Okay.” Feng Ma agreed with a smile, and she was really relieved.

She knew that she and the eldest young master just couldn’t hide the old lady’s eyes, and she was afraid that the old lady would refuse.

Fortunately, the old lady did not.

“Eldest young master, please here.” Feng Ma looked at Fu Jingting and made a gesture of invitation.

Fu Jingting nodded slightly and walked out of the main room.

One old man and one young man walked on the forest garden path leading out of the gate of the old house, but no one said a word.

It wasn’t until he came out of the gate of the old house and came to Fu Jingting’s car that Fu Jingting turned around and looked at Feng Ma, “Feng Ma, during this time, you should persuade your grandmother and make her agree to go to the nursing home. You should know why I Can’t I force my grandmother to send it there?”

“I know.” Feng Ma’s face was a little worried, “Forcibly send it over, the old lady is not happy, and the convalescent effect at the sanatorium will not work, and it will even speed up the old man in advance. The decline of the human body, young master, I understand your difficulties.”

“That’s good.” Fu Jingting hummed.

Feng Ma looked at him, “Don’t worry, even if you don’t need to tell me, I will persuade the old lady.”

“Okay, then I will trouble you.” After the

words were finished, Fu Jingting bowed to Feng Ma.

Feng Ma quickly helped him up, “Master, what are you doing, don’t do this, I can’t stand it, in short, I have been friends with the old lady for decades, how can I bear to watch the old lady go like this? , The old lady and I are no longer masters and servants, but family members, so as a family, I should think about the old lady and try my best to let the old lady live. In a word, the matter of persuading the old lady is left to me. All right, young master, go find Miss Rong, the old lady is here, I will contact you at any time.”

“Well, thank you.” Fu Jingting nodded, opened the car door and got into the car.

He Comes With The Wind

Feng Ma stood there, waving her hands and watching him.

It wasn't until he drove far away and out of sight that he put down his hand and turned around and entered the gate of the old house.

In the car, Fu Jingting also kept looking at the rearview mirror, and when he couldn't see the old house in the rearview mirror, he rolled up the car window, then picked up the phone, found Rong Shu's number, and called past.

Tiansheng Group, Rong Shu has been waiting for Fu Jingting to come.

It was still half an hour before seven o'clock, and Fu Jingting had not arrived yet, which made her a little worried that he had not finished meeting his grandmother, or that there was something delayed on the way.

Just when Rong Shu hesitated for a few seconds and was about to call Fu Jingting to ask about the situation, the mobile phone she put on the desk rang instead.

She turned her head to look and saw the words Fu Jingting beating on the screen. The worry in her heart finally faded and she smiled. Then she reached out and grabbed the phone and put it to her ear, "Hello?"

"Sorry, talk to you. Grandmother talked for a long time and made you wait for a long time." Fu Jingting apologized.

Rong Shu shook her head, "No, grandma is the most important thing. She said, it's not time yet. Are you finished talking with grandma now?"

she asked.

Fu Jingting hummed, "I'm done talking, I just left from the old house, and I have about ten minutes to arrive."

"Ten minutes?" Rong Shu raised her eyebrows and said with a smile, "You are teasing me, the old house is here. On the mountain, far from the city, you have just come out, then drive over for at least an hour and a half, how can you arrive in ten minutes? If you think it is too late, I will tell my aunt that we will be there later. Don't drive fast just to hurry up, it's easy to get into trouble."

Although, even if you drive fast, it's impossible to arrive in ten minutes, but at least you can arrive earlier.

So she was very worried that he would do it, what if something happened?

Speeding is one of the biggest causes of traffic accidents.

Hearing the worry and disapproval in Rong Shu's tone, Fu Jingting chuckled and said, "Don't worry, I won't drive fast, I have my own way, I said it for ten minutes, and I will definitely arrive. Yes, trust me?"

"What can you do?" Rong Shu looked curious.

However, Fu Jingting refused to say mysteriously, "You'll know when the time comes, okay, let's not talk about it for now, see you in ten minutes." After he finished

speaking, he hung up the phone directly.

Rong Shu still had nothing to say, so she was stuck in her throat.

Looking at the screen that had jumped back to the main menu, she shook her head and laughed, "Okay, then I'll wait to see if you will arrive in ten minutes."

Don't be bragging.

Otherwise, it will be a slap in the face.

After Rong Shu muttered, she put down her phone, then got up and walked to the bathroom.

On the other side, on the private road in Yunjingshan, Fu Jingting parked the car on the side of the road, then got out of the car and looked up at the sky.

After watching for about a minute, there was a sudden sound of a screw machine turning in the sky, and it was getting closer.

Immediately afterwards, a silver-white luxury helicopter appeared in the sky.

The helicopter moved from far to near, and finally hovered steadily at a height of about ten meters above Fu Jingting's head.

Fu Jingting looked at the helicopter and made a gesture.

The next second, the helicopter door opened, and a soft ladder was suddenly thrown out of the door. Then a man in a bodyguard uniform stuck his head out of the door, nodded to Fu Jingting, and grabbed the soft ladder. , and descended from the helicopter step by step along the soft ladder.

“Mr. Fu.” The bodyguard jumped off the ladder, came to Fu Jingting, and saluted Fu Jingting.

Fu Jingting nodded slightly, then threw the car key in his hand, “Drive the car back to Fu’s.”

“Yes.” The bodyguard answered the key.

Fu Jingting ignored him, walked over to the soft ladder of the helicopter, grabbed the ropes on both sides of the ladder, and climbed a few steps on the net. When he reached the middle of the ladder, he stopped moving.

At this time, the helicopter began to rise.

When the helicopter reached a certain height, the people in the helicopter began to pull the ladder and Fu Jingting back into the cabin together.

Rong Shu still didn’t know that a certain man had already come straight to Tiancheng in a helicopter.

After going to the bathroom, she went back to her desk, sat down, picked up her mobile phone and started counting to Fu Jingting.

Although she was certain in her heart, he couldn’t get here in ten minutes.

But she still wanted to see if Fu Jingting would arrive on time in ten minutes.

What if there is a miracle?

Rong Shu smiled and thought.

Time passed by minute by minute, and when Rong Shu counted to the fourteenth minute, the phone suddenly vibrated.

She was startled and almost threw the phone out.

Fortunately, she finally reacted, holding the phone tightly, sighed with relief, and then said angrily and funny, “Scared me to death, suddenly sent a message.”

Rong Shu looked at the WeChat message sent by Fu Jingting on the screen, mouth Although he complained, there was a smile in his eyes.

It’s been fifteen minutes now, and he suddenly sent a message. He must have said that he couldn’t make it, and he came to admit that he was wrong and that he should not be bragging about it.

Hmph, admit your mistake now, why did you brag in the first place?

While thinking, Rong Shu opened the message.

I thought it was a message from Fu Jingting that I couldn't catch up, but I didn't expect to see only three words on the rooftop.

rooftop?

Why did she let her go to the rooftop?

Jump off the building?

Rong Shu was stunned for a moment, then shook his head, threw this ridiculous thought out of his mind, and began to seriously think about the man's intention to let him go to the rooftop.

Certainly not to jump off the building, nor to enjoy the scenery.

There's nothing on the rooftop except a helipad, and I'm going to reward it when I'm out of my mind.

Wait, a helipad?

Rong Shu thought of something, her eyes widened, and she stood up the next second.

"Isn't it? He shouldn't have come by helicopter, right?"

He said that he would be here in ten minutes, which only a plane can do.

And this man has a lot of private jets and yachts. With an order, wouldn't the people below drive the helicopter over to find him?

And if he wants to let her go to the rooftop again, it must be a helicopter.

Thinking of this, Rong Shu smiled suddenly.

Sure enough, she still underestimated him, thinking that he couldn't rush over within ten minutes.

But the truth happened to tell her that he could.

He just can.

Rong Shu no longer delayed, and hurriedly ran towards the rooftop with a trot.

As soon as she opened the heavy iron gate on the rooftop, she heard the sound of the propeller from the sky.

Rong Shu hurriedly looked up and saw that a helicopter was flying from a distance, getting closer and closer, and a gust of wind was blowing towards her, making her hair messy and her eyes narrowed.

Rong Shu pressed her hair down with her hands, squinting her eyes and staring at the helicopter.

After the helicopter flew over, it stopped over the tarmac, and then slowly descended, apparently to stop on the tarmac.

Rong Shu's eyes fell as the helicopter descended.

After the helicopter stopped on the tarmac, the propeller finally stopped, and the wind that was blowing finally subsided.

Rong Shu finally stopped covering her hair and squinting her eyes, she walked towards the helicopter.

As soon as he walked to the helicopter, the hatch opened, and Fu Jingting's figure appeared in front of him.

He sat in the helicopter, his legs were slightly bent, his hands were on the door of the helicopter, and he was smiling at her, "So, it's not more than twenty minutes, right?"

Rong Shu smiled and shook her head, "No, you Very punctual, say ten minutes is ten minutes, Mr. Fu, you really did not disappoint me!"

How can you take me

"I won't lie to you." Fu Jingting also looked at her and smiled, "In order not to keep you waiting, and Madam Lu and the others to wait, helicopters are the fastest means of transportation." I made an

agreement with her to go at seven o'clock Lu family.

It was half past six when he left the gate of the old house, so he knew very well that no matter what, he would not be able to arrive at Lu's house with her at seven o'clock.

Although it was already late, he did not choose to spoil, but directly notified someone to drive a helicopter over and send him to Tiancheng.

At least, they can go a little earlier together, and they won't be late for a long time.

"I never thought that you would come here in this way. When you said you would come here within ten minutes, I still didn't believe it." Having said that, Rong Shu shrugged her shoulders, "It seems that in the future, I have to think about anything you do in a slightly higher dimension, so that I can get closer to the truth."

She raised her hand, raised it above her head, and made a high movement, very cute .

Seeing this, Fu Jingting got out of the helicopter and took her into his arms, "Do you dare to take a helicopter?"

Rong Shu looked up from his arms, "Are you planning to go there by helicopter?"

Fu Jingting nodded slightly, expressing himself That's what it means, "It's faster this way, although I still can't arrive at seven o'clock, at least it can be at 7:00, and I won't be too late."

After all, it's almost seven o'clock.

However, Rong Shu shook his head, "No, no, although the helicopter is really fast, but there is no apron over the aunt's villa, and I don't dare to go down the ladder by myself, my legs are shaking, so let's drive there, don't worry, I told my aunt that it would be later, and she agreed, and she didn't care about us being late. My aunt was not the kind of unreasonable person. She knew that we were late because you were with your grandmother at the old house and complimented you. Filial piety."

"Really?" Fu Jingting looked down at her.

Rong Shu nodded her head, "Of course, why am I lying to you? Well, let me go, don't hug me, someone is watching."

She looked at the pilot and the two bodyguards in the helicopter with red cheeks . .

When Fu Jingting hugged her just now, these people looked over in unison.

At first, she thought of pretending not to see them.

But their gossip eyes were so intense that she couldn't even pretend.

So in the end, I stopped pretending and pushed Fu Jingting lightly, reminding him to let go quickly.

After all, she doesn't have the kind of hobby that likes others to see her and her lover.

Of course Fu Jingting knew who Rong Shu was referring to. After letting her go, he turned his head and swept towards the helicopter coolly.

When the people in the helicopter met his cold eyes, they were stunned, their hairs stood up, and then they quickly lowered their heads together and stopped eating melons.

Seeing this, Rong Shu couldn't help laughing, "Okay, don't kill them, let's go first, the typhoon is quite strong, and it's a little cold."

She shrank her neck and said with a cold breath.

Hearing that she was cold, Fu Jingting immediately stopped focusing on these people, took her hand, and walked towards the iron gate.

As for the few people in the helicopter, I will go back in a while.

After all, they won't be used anymore.

After entering the iron gate, there is no cold wind blowing.

Rong Shu finally breathed a sigh of relief, her tense body relaxed a little, and it was no longer so cold.

But the Fu family still grabbed her two hands in their palms and put them to their mouths, blowing hot air in her cold palms.

After blowing a few mouthfuls, he rubbed her and rubbed her hands, wanting her hands to warm up quickly.

Rong Shu saw that the man was so caring and thoughtful about her, Rong Shu's heart became warm, and the smile on her face was also indescribably beautiful, "Okay, don't rub, my hands are already warm, I'm rubbing them on. , it's about to peel off." Peel off

!

Hearing these two words, Fu Jingting was stunned for a moment, and then hurriedly looked over her hands from front to back, left and right, to see if she was really rubbed off.

Seeing that he was so nervous and really believed her words, Rong Shu pulled her hands back in disbelief, "Why are you kidding me, you are serious, go!"

She gave him a blank look with a smile and passed him over. Continue down the stairs beside you.

Fu Jingting looked at her voice, pursed her thin lips, and her eyes flickered, "Okay, you actually teased me."

Rong Shu stopped and turned to look at him, "Why? I'm just teasing you, what can you do with me? Like? A little bit."

She stuck out her tongue at the man mischievously, looking provocative.

Fu Jingting touched his eyes dangerously, and then his thin lips drew a heart-pounding arc, and his voice became more and more low, "How can I take you?"

He sneered, "Look at how I can take you. ."

Saying that, he started to stretch out his long legs, and the darkness in his eyes made people feel frightened.

Rong Shu immediately felt a sense of surprise in her heart. She knew that her provocation had angered the man, so she quickly turned her head back and ran away without doing what he thought.

Fu Jingting watched her run downstairs quickly, and said coldly, "Want to run?"

Can you run, can you run?

He opened his legs completely, quickened his pace and chased after him.

Although Rong Shu has long legs among women, compared to men, she has short legs. In addition to the high heels she wears, she has to be more careful when going down the stairs, so she can't run too fast at all.

Therefore, Fu Jingting caught up with him two or three times.

After Fu Jingting chased her, he suddenly bent down, hugged the position above her knee sockets with both hands, and picked her up in one fell swoop.

Her body suddenly vacated, and Rong Shu subconsciously called out, "Ah, Fu Jingting, what are you doing?"

Fu Jingting didn't answer her, just glanced at her, then threw her on her shoulders, and scooped her away like cement.

While walking, he patted her butt twice, "Don't you dare to say now, I can't do anything about you? Huh?"

Fu Jingting's shoulder was against Rong Shu's stomach, which was very uncomfortable, but she didn't care about this, the whole little face was flushed red, as if blood was about to drip.

It was caused by the congestion of the head down face and the blush of being spanked.

She never thought that she would be spanked even when she was so big.

The more she thought about it, the more ashamed she became. Rong Shu was almost dying of shame and anger. She beat the man on the back emotionally, and turned her head vigorously to the man and shouted, "Fu Jingting, please let me down, this is the company, to be watched by others. When it arrives, it won't affect you."

"What's the point of that?" Fu Jingting didn't take it seriously, he hugged her thigh with a big hand, using only one shoulder and one arm to support her questioning.

It can be seen how strong his boyfriend's strength, sex and tension are.

"We are lovers, and what we do is legal, so there is nothing that will affect us badly. If we think we have bad influence, that is jealousy." Fu Jingting also turned his head, as if he wanted to look at her.

But Rong Shu's upper body was completely behind him, and even if he turned his head, he couldn't see her face.

But he could imagine what her face looked like at the moment.

Must be ashamed.

Hearing the man's disapproval of these words, Rong Shu was angry and annoyed, "Fu Jingting, are you pretending to be stupid on purpose? I said that the impact is not good. In fact, I don't want them to see our current behavior. How embarrassing."

"It's nothing to be embarrassed about, it's fine. We are lovers. It's normal to do anything. You're just too shy. I think it's good to be seen sometimes. Exercise your courage, and you won't be like this in the future. I'm shy." Fu Jingting said solemnly.

Shame and Die

"You" Rong Shu was so angry that she was speechless by his rascal's words.

She understood, what the dog man said would not let her down.

She was carried by him like this, her stomach felt uncomfortable, and her whole body was ashamed and angry, but she did not dare to struggle hard.

Not only was he afraid that he would grab her and throw her, but he was also afraid of pulling his arm.

In other words, she could only accept her fate and be carried away by him.

Soon, Fu Jingting carried Rong Shu down the walking stairs leading to the rooftop, then walked out of the door of the safety stairwell and came to the corridor passage on the top floor.

Seeing the familiar passage, Rong Shu felt even more panicked, and patted the man's back a few times, "Fu Jingting, you carried it, you beat it, it's time to let me down, there are really people here. , There are still people working overtime in the assistant secretary office next to my office. It's really bad to be seen by them. The whole group will definitely be talking about tomorrow."

"It doesn't matter, they want to talk, let them talk." Fu Jingting didn't move. Stop and move on.

"Fu Jingting!" Rong Shu was really about to get angry, and the volume increased a lot.

Fu Jingting's thin lips moved, just as he was about to reply to her, not far ahead, the office next to the chairman's office suddenly opened, and two women with bags and professional suits came out.

This is Rong Shu's other secretaries and assistants.

The two have already worked overtime and are about to get off work.

While talking and laughing, they suddenly felt something, and the two looked to the side together.

Seeing Fu Jingting carrying a person, the two opened their mouths in surprise.

"Fu, President Fu?"

What's going on?

Why is Mr. Fu here?

And why is he carrying a person, that person is

The two women stared at the person Fu Jingting was carrying on his shoulders, looking at the clothes, it was obviously a woman.

Although they could only see the woman's slender thighs and upturned butt, they couldn't see Fu Jingting's upper body and face.

But they have worked with Rong Shu for so long, how could they not recognize her.

After recognizing that the person who was held on the shoulder by Fu Jingting was Rong Shu, the two assistant secretaries were stunned.

"Mr. Fu, Chairman, this is you."

They pointed at Rong Shu and at Fu Jingting, unable to hide the fire of gossip in their eyes.

God, is this what they can see?

President Fu actually carried their chairman away.

Isn't this the plot of a TV show?

It's too romantic!

The moment Rong Shu stopped in Fu Jingting's footsteps, her heart thumped, and she had a bad premonition.

Otherwise, he walked well, why stop.

Sure enough, she remembered the sound of the door opening the next second, and then she heard someone calling Mr. Fu.

At that moment, her whole person was not well, and there was only one thought in her mind, that they were seen.

She knew that Fu Jingting carried her to the office with such a big fanfare that it would be easy to be seen.

But at the same time, she still had a bit of luck in her heart, thinking that her assistant secretary and the others were still working overtime, so it shouldn't happen that Fu Jingting was carrying her and passed their office.

Unexpectedly, her luck was so bad, and she was so unlucky. Before they passed the office of the assistant secretary, someone came out of the office and looked at them.

And, he recognized her.

Shame to death!

Rong Shu covered her face with tears in her eyes, her exposed ears turning red.

When their own employees saw that they were being carried away, they would definitely be joking behind their backs.

Wu

Rongshu whimpered in shame.

Compared with Rong Shu's reaction, Fu Jingting was calm.

She looked at the two assistant secretaries, greeted them, and nodded slightly in response.

As for their question about what he and Rong Shu were doing, he didn't answer.

After all, it is so obvious that they are showing their affection.

If you can't see that, you're a fool.

Fu Jingting didn't pay much attention to the two people. After responding, he looked away, carried Rong Shu on his back, and walked forward. He soon came to the two assistant secretaries, and quickly passed them to the door of Rong Shu's office. forward.

The two assistant secretaries held their breath and didn't say a word, but their eyes moved with him and Rong Shu.

Seeing Rong Shu's face covered, the two assistant secretaries looked at each other and laughed secretly.

Oh, the chairman is shy, so he covered his face and didn't dare to look at them.

Also, if their boyfriends carried them and walked in front of people with such a big fanfare, they would also feel embarrassed and cover their faces.

So they understand, understand!

Feeling the hot and burning eyes of the two assistant secretaries and listening to the snickering laughter of the two assistant secretaries, Rong Shu wanted to die.

I don't think I've ever felt so embarrassed in my life.

Oh no, there are.

The last time she was in a car with this or that person, she felt the same way.

All in all, after being with this man, she felt like she lost her face several times.

Probably more later.

Finally, the door of the office opened, and Fu Jingting carried Rong Shu in, then turned around, and slowly closed the door under the sight of the two assistant secretaries.

The moment the door was completely closed, Rong Shu finally breathed a sigh of relief and took the hand covering her face off her face, revealing a red, bloody face.

Outside the office, two assistant secretaries looked at the closed office door, clasped their hands together excitedly, and jumped up excitedly.

“Ah, ah, did you see it? Did you see it? President Fu actually carried the chairman on his back.”

“I saw it, oh, I was so excited that President Fu actually carried the chairman with one arm, oh, The strength of this boyfriend is truly incredible, and the chairman is blessed.”

“Hey, yes, yes, and the chairman’s face covering his face, have you seen it? Oh, although you can’t see her face, you can see her ears. It’s the first time I’ve seen the chairman’s face so cute.”

“Me too, I usually see the chairman’s serious look. It is indeed the first time I have seen such a shy look. Also, why do you think President Fu carries the chairman away? After carrying it into the office, what will they do in the office? Will they?”

Speaking of which, one of them Suddenly, he laughed slyly, and the thumbs of both hands pressed down with meaning.

The other person patted her shyly, “Oh, you’re really, but it’s very possible, hehe.” The

two were gossiping outside the chairman’s office.

In the office, Fu Jingting carried Rong Shu to the sofa, bent down, and put the person on the sofa.

Rong Shu was lying on the sofa and was about to get up when Fu Jingting suddenly pressed down and pressed her back on the sofa.

Rong Shu’s eyes widened, “Fu Jingting, what are you doing? Get up quickly.”

“Let me hold her for a while.” Fu Jingting hugged her waist, buried her head on her shoulders, her whole body weight was on her, and she couldn’t get up.

Just like a coquettish big dog, it makes people angry and funny.

Rong Shu raised her hands and gently wrapped her arms around the man's back, "Then hold for a while, and then hurry up after holding for a while, do you hear?"

Fu Jingting hummed without raising his head, and smelled her body intoxicated. aroma.

Rong Shu didn't speak anymore, just hugged him back quietly.

About a few minutes later, the phone in Rong Shu's clothes pocket rang, and the warm tranquility was broken.
