Fu Jingting's seriousness

Rong Shu patted the man on the back lightly, "Okay, get up quickly, the call is coming."

Fu Jingting listened to her urging, pursed her thin lips, and got up reluctantly.

Rong Shu sat up on the sofa, and regardless of the slightly messy hair, she directly took the phone out of her coat pocket.

When she saw the caller ID, she quickly said, "It's Auntie. I guess you can ask us when we'll be there."

After that, she answered the phone and put the phone to her ear, "Auntie."

Fu Jingting sat beside her and sorted her out gently. Messy hair.

On the other end of the phone, the old lady was sitting on the sofa in the living room, also holding a mobile phone in her hand, with a gentle smile on her face, she asked, "Shu Shu, it's half past seven, when are you coming?"

Rong Shu Hearing this, he hurriedly looked down at his watch, and quickly replied, "I'm sorry Auntie, we've been delayed for too long. We'll start right away, and we'll be there around eight."

It's not too far from the Lu family's villa. It's almost ten minutes.

When the old lady heard Rong Shu's reply, she nodded, "Okay, then, I will tell the kitchen to cook, waiting for you."

"Well." Rong Shu replied with a smile.

After hanging up, she put down the phone and pulled Fu Jingting to get up, "Okay, my aunt has already asked, let's go quickly." While speaking, she picked up

a few gift boxes and gift bags on the opposite sofa.

Fu Jingting took a step forward and took the initiative to take most of the gift bags from her hand, "I'll carry them, you can just carry these two."

He left two gift bags in her hands.

Inside, the lightest bag is packed.

He took the heaviest and left the lightest to her.

How could Rong Shu not understand his intention, and at the same time his heart warmed, he took back two boxes from his hand, "I know you don't want me to be too tired, but your arm is not completely healed, so many things you have I can't bear to mention it, so, let's mention these things together, if your arm is fully recovered, I won't feel sorry for you, and I won't rob you, let's go."

She smiled and went to the first step . Go to the office door.

Fu Jingting looked at her figure and at his left arm, his heart softened as if it was about to turn into water.

At this time, Rong Shu had already opened the door of the office and walked out.

After going out, she didn't see Fu Jingting coming out, instead she stood there stunned. She rolled her eyes and called at him, "Fu Jingting, what are you doing, what are you doing, go away."

Fu Jingting heard her call, The color of his eyes flickered slightly, and he came back to his senses. He hooked his lips and said, "Come on."

He moved his long legs and quickly chased after him.

The two took the elevator to the first floor of Tiansheng.

Rong Shu's car was parked in the parking space outside the hall, not in the underground garage.

Rong Shu and Fu Jingting walked to the gate one after the other. Along the way, employees who had overtime and were off work greeted them when they saw them.

Among them, there are also some employees, while greeting them, they look at their eyes with some special meaning.

That deep meaning, Rong Shu is familiar.

Isn't that what the two assistant secretaries I met outside the office before said that they were exactly the same.

Although she covered her face at the time and couldn't see the expressions of the two assistant secretaries, she could feel their eyes.

That is the proper gossip and eating melons, and the aunt's eyes revealed when knocking c.

These people also showed this kind of aunt's eyes at this time. Obviously, Fu Jingting carried her into the office, which has been known to many people.

As for how they knew it, it must be the two assistant secretaries with big mouths.

Hmm, just wait and see if she doesn't give them a lot of work tomorrow.

Facing the aunts of these employees, Rong Shu only felt that her scalp was numb, and she was extremely embarrassed. She couldn't help but speed up a lot. In the end, she surpassed Fu Jingting and walked out of the group door first.

Fu Jingting looked at her in a hurry, as if there was someone chasing behind her, and couldn't help raising her eyebrows.

what's the situation?

Although he was puzzled, Fu Jingting did not delay, and also accelerated his pace to chase after him.

When chasing Rong Shu, Rong Shu was already beside the car and was putting the things in his hand into the trunk.

Fu Jingting walked over and stuffed things into the trunk.

While stuffing it, he looked at his puffy face and asked, "What's wrong? Why are you suddenly angry?"

Rong Shu put away her things and turned to stare at him, "Why don't you ask, if you hadn't carried me on your back? If I'm willing to put it down, I won't be embarrassed by my employees. It's better now. It's not just my two secretaries and assistants who know it. Many people in the group know it. They just looked at me in the eyes, don't mention it. How embarrassing I am. It took me so long to establish my dignity in the group and let them know that I am a chairman who is not to be messed with. Now it is better, my dignity has been taken away by you all at once. ."

After she finished speaking, she snorted at him, ignored him, turned around and walked towards the co-pilot.

Fu Jingting stayed where he was, touched the tip of his nose, closed the trunk, and then walked to the left driver's seat.

After getting in the car, Fu Jingting coaxed the sulking woman around him while adjusting the seat, "Okay, don't be angry, in fact, I'm doing this for your own good."

"Huh?" Rong Shu's forehead suddenly popped up. Several question marks, "For my own good?"

“Yes.” Fu Jingting nodded.

Rong Shu squinted at him, obviously in disbelief, her eyes are full of your make up, so just make it up.

Fu Jingting's eyes flashed, but he didn't look at her. After starting the car, he looked straight ahead and looked at the road seriously, “Really, I'm doing it for your own good, as a chairman, although there are Majesty is very good, but after a long time, the employees below will only fear you, alienate you, and feel that you are high and unapproachable. This is not a good thing. Over time, you don't even have a word in the group, and you have control over the group. It's not good either, after all, a boss who makes you tremble, can't make your employees feel at ease to do things for you, even if you are targeted by such a boss one day.”

Speaking of which, he glanced at her in the rearview mirror, his eyes Extra serious, “And after passing through the previous place, your image in the eyes of the employees has changed. The employees will think that you are not as strict as they think. Although you are the chairman, you will have the same responsibilities as ordinary women. Some emotions will laugh and make trouble, and they will suddenly feel that you are not so unattainable and can be approached. After they know you like this, they will think that you are more humane and do things better. , and more assured, after all, a humane boss can have the opportunity to be forgiven for making mistakes in the future, and just based on this, your status in the hearts of employees will be much higher.”

“” The man's serious words are said by Rong Shu The corners of his mouth twitched.

Well, it does sound quite reasonable.

But take a closer look, bah, what reason, it's just his sophistry.

Saying that you can't be a arrogant and strict boss will make employees afraid, and it is not good for the control of the group.

What about himself?

Speaking of arrogance and sternness, there is no one in the entire sea market who is more arrogant and stern than him. In his Fu family, who is not afraid of him?

But isn't his control over the group still firm?

So it can be seen that the boss's character and attitude towards the employees of the group are not important at all, and it has nothing to do with it. He just didn't want to admit that he made her angry, and deliberately found so many reasons to shirk it.

Chairman Lu's Test

Why didn't she find out before that he still has the ability to turn black into white?

However, he is still funny.

Thinking about it, Rong Shu really couldn't hold back, and burst out laughing.

Seeing her smiling, Fu Jingting didn't forget to ask, "What's wrong?"

Why did he suddenly laugh?

Rong Shu glanced at him angrily, "What do you think?"

"I don't know." Fu Jingting shook his head.

He really didn't know that.

She was still angry in front of her, angry with him.

The next second he suddenly laughed.

This face-changing speed is too fast, so fast that he can't catch the reason at all.

Seeing the dazed look on the man's face, Rong Shu snorted, "I don't know, I don't want to tell you, I deliberately hang your appetite, who told me to call you to let me down before you don't do it, this is My punishment for you, hum!"

After she finished speaking, she turned her head to the window with a smug look on her face, which Fu Jingting looked very rare.

If he hadn't been driving at the moment and had to pay attention to traffic safety, he would have pinched her bulging little face when he hummed, and it must have felt good.

Fu Jingting pressed his tongue against his cheeks, thinking with dark eyes.

Time passed quickly, forty minutes passed in a blink of an eye, and the Lu family villa was within easy reach.

As soon as Fu Jingting drove the car into the area of the Lu family's villa, Rong Shu saw the door of the villa not far ahead. Mrs. Lu and Chairman Lu stood there, obviously to greet them.

Seeing this, Rong Shu's heart was warm, and a moved smile appeared on her face, "I said on the phone just now, don't wait for us at the door, but I still waited."

Fu Jingting also saw the middle-aged couple in front of him, lightly opened his thin lips and replied, "This is the elders, they promised, but they will still use their actual actions to express their care and attention to the younger generation."

Only The closest relatives do this.

Rong Shu nodded in agreement, "Yes, my uncle and aunt are really kind to me. Every time I come, someone will pick me up at the door."

"Here and here!" Ahead, Mrs. Lu saw Rong Shu's red car driving away. Come over, wave quickly, and then point to the parking space next to him, indicating that the car is parked here.

Although Chairman Lu next to her was not as eager as her, but the eyes that kept looking at the car revealed that he was very happy with the arrival of Rong Shu and the two.

Under the command of Mrs. Lu, Fu Jingting parked the car, then unbuckled the seat belt and pushed the door to get out.

On the other side, Rong Shu also opened the door and got out of the car.

At the moment of getting out of the car, Mrs. Lu, who was standing on the steps of the villa with Chairman Lu, immediately smiled and opened her arms and ran towards Rong Shu, "Shu Shu, I want to kill my aunt, come and let my aunt Hug one."

Rong Shu had long been accustomed to Madam Lu's enthusiasm. Seeing Madam Lu running, she also took a few steps forward, opened her arms, and hugged Madam Lu, "Auntie, I miss you too."

The old man and the young man here are intimate, and there are also two men, the old man and the young man, but looking at each other silently, the atmosphere is much quieter and embarrassing than the joy here.

After all, it's impossible for the two big men to hug like them, right?

What's more, the relationship between them is not yet familiar to that level.

"Cough, what?" Chairman Lu was the host anyway, and he knew there was no reason for the guests to speak first.

When he didn't know how to get along with Fu Jingting, he had to stand up and make a statement at this moment.

I saw him pulling the old flower tie around his neck, and after clearing his throat, he stretched out his hand to Fu Jingting, "Mr. Fu, long time no see, good luck meeting."

They also hang out in the shopping mall. Although the Lu family is far inferior to the Fu family, they have no cooperation, and they usually have little dealings, but on some important occasions, such as banquets, they still meet and say hello.

Therefore, they all know each other, and it is not wrong to say that they have not seen each other for a long time.

Fu Jingting stretched out his hand and took Chairman Lu's hand, "Director Lu is fortunate to meet, but it's not in a shopping mall now, don't call me President Fu, just call me by my name, I'm just a junior of the two now."

His tone and attitude were both The placement is relatively low, and it is completely the kind of junior to senior, so people can't make mistakes.

This made Chairman Lu, who didn't know what attitude and identity to use to get along with him, heaved a sigh of relief.

After all, in the shopping mall, Fu Jingting is a proper boss, the kind he can't afford to offend, and he needs to be humble towards Fu Jingting when they meet him.

But now, the meeting between them is not based on the status and identity of the mall, but the parents-in-law and son-in-law.

It's just that the status of this son-in-law is there, and they dare not take the attitude of an elder to this 'son-in-law'. What if they don't like it?

Then didn't they cause trouble for Shu Shu?

Therefore, after thinking about it again and again, he decided to meet Fu Jingting and call Mr. Fu, to test Fu Jingting's attitude, see what Fu Jingting's attitude is, and leave the mode of getting along with them to Fu Jingting to decide.

I have to say that he made the right move. Fu Jingting took the initiative to emphasize that he was a junior and told him how to get along next.

Not bad.

For Shushu's sake, the father-in-law and mother-in-law who are not really 'father-in-law' and their mother-in-law bow their heads and lower their bodies, which shows that their feelings for Shushu cannot be faked.

In this way, they should feel more at ease with him and Shu Shu together.

Of course, only some, but not all.

To gain their full approval, other tests are required.

Chairman Lu thought arrogantly in his heart, but with a kind smile on his face, he took his hand back, "Since President Lu has said so, then I'm not polite. In private, I'll call you Jing Ting. "

Good uncle." Fu Jingting nodded in response.

With the sound of uncle, Chairman Lu felt awkward and was not used to it.

However, while not used to it, there is also a little bit of pride.

After all, being called uncle by the high-ranking President Fu, saying that he has some bragging rights.

Seeing the brilliant smile on Chairman Lu's face, how could Mrs. Lu, his wife, not know what he was thinking, and couldn't help but give him a blank look.

The useless old thing is just an uncle, but he is so beautiful.

Before they came out, they said that they should never be too warm to Fu Jingting after they came out, at least to be indifferent.

At that time, the promise was good, but as a result, the uncle made him forget it.

It seems that she has to rely on her.

Mrs. Lu thought, holding Rong Shu's hand while looking at Fu Jingting, looking at him up and down with a look at the goods, as if to see if he failed in any way.

However, after looking around, the expression on Mrs. Lu's face stiffened.

Because, in terms of appearance, this Fu Jingting is really not unqualified, all of them are perfect to the extreme.

She has always been proud of giving birth to a handsome son, Aqi, but now she can't help comparing her own handsome son with Fu Jingting, and then she finds that whether it is face, figure, height, or whatever, All her handsome sons have lost, nothing compares.

This made Mrs. Lu feel a little frustrated for a while.

Of course, Fu Jingting knew that Mrs. Lu was looking at herself, standing upright and upright, not dodging or dodging, and let her look.

Everything is better than my son

Even though Mrs. Lu looked at him with a sophisticated look and all kinds of strangeness, he didn't feel offended or unhappy at all.

Before coming back, that is, in the morning, he also specially called a few married secretaries to his office in the group, just to ask them what they might have encountered when they met their father-in-law and mother-in-law for the first time, and what to do after they met. There is nothing wrong with coping.

The secretaries told him that his father-in-law and mother-in-law, just like father-in-law and mother-in-law, would test the son-in-law and daughter-in-law who came to the door once, to test whether this person was suitable for his son or daughter.

In the usual test of these father-in-law, mother-in-law and father-in-law, the first test is to first look at the appearance of the man or woman.

If the shape is acceptable, then the probability of getting their approval is half the battle.

Because of this, Fu Jingting had long known that he would be scrutinized by Mrs. Lu and his wife, and was ready to be scrutinized.

No, when Mrs. Lu looked over, he stood there calmly and let her look.

He's always been confident in his appearance, and honestly, no man can compare to him.

Of course, Shi Mo's feminine appearance doesn't count.

Sure enough, Mrs. Lu looked at it, and although she was obviously a little decadent, she didn't say what was wrong with his appearance or what didn't fit her aesthetic.

This shows that he has passed the level of appearance.

If Mrs. Lu can't make a mistake, then the stepping stone is achieved.

Thinking, Fu Jingting's thin lips twitched, and then he saw Rong Shu standing beside Mrs. Lu, and gave him a thumbs up quietly.

Seeing this scene, the curvature of Fu Jingting's thin lips became more intense, "Aunt Lu, are you finished? I'll be fine with this one today, right?" The

implication is to ask, he should satisfy her. Bar.

After all, it's not easy to say this directly, so I use clothes instead.

But it means, everyone knows it.

Madam Lu listened to Fu Jingting's question, but didn't answer, she just hummed at him, and pulled Rong Shu up to kiss her, "Shu, I haven't seen you for a while, why have you lost so much weight? Are there some people? It's not good for you, if it is, tell your aunt, and aunt will decide what you say!"

After saying that, she gave Fu Jingting a meaningful glance.

Fu Jingting raised his eyebrows.

Well, the second stage of the test begins.

Several of his secretaries have said that after the appearance is cleared, the father-in-law or the father-in-law and mother-in-law will start to talk from their sons or daughters, asking their other half if they are good to them, even if they know that their children are good to their children. .

They also deliberately say something to threaten their children's other half, in order to test the temper and temperament of their children's other half.

If the other half of their children's temperament is not good and their self-esteem is strong, they will never be able to stand it and leave, then they, as parents, can be regarded as seeing a scumbag for their children.

But if the other half of their children has a good temperament, they will never think that there is any problem with these words, they will only think that it is normal. After all, when parents worry about their children being bullied, isn't it right?

As long as their children are looking for good and reliable ones, they will never be dissatisfied with these words, they will just smile calmly and face everything that follows without any psychological burden.

Now Fu Jingting is such a state of mind.

For Xiaoye Ye, he was digging his heart and lungs, and he had no guilty conscience.

He has a bad temper, but to Xiaoye Ye, there is absolutely nothing to say, the most gentle man in the world must be him!

Here, listening to Mrs. Lu's question to herself, Rong Shu also knew that Mrs. Lu said it to Fu Jingting on purpose.

She looked at Fu Jingting, not at all worried that he would be unhappy.

Sure enough, seeing his indifferent appearance, Rong Shu smiled and replied, "Auntie, I've been too busy with work recently, but it's not because of other reasons, he's been kind to me, look at my eyes, how bright, if he treats me badly, how can my eyes be so bright, it will only be full of sadness, besides, I'm not the same as I used to be, and if he treats me badly, I will stay with him, do you think so?"

She held Lu Lu's lady's arm.

While listening to her answer, Mrs. Lu looked at Fu Jingting secretly.

Seeing the corners of Fu Jingting's mouth raised because of Rong Shu's words, he couldn't help but pouted, "It's good to be nice to you, okay, it's windy outside, don't stand here, let's go to the house."

After speaking, Mrs. Lu pulled Rong Shu and walked to the villa.

Rong Shu couldn't break free from Madam Lu's hand, so she could only let Madam Lu lead her away, turning her head as she walked, her red lips moving as if she was about to say something.

Fu Jingting nodded slightly to her, motioned her to go with Mrs. Lu, then pointed to the trunk of the car, and then to himself, saying that he would bring things in.

Seeing that he understood what he meant, Rong Shu was relieved. After smiling at him, she followed her into the house.

Only Fu Jingting and Chairman Lu were left outside the villa.

Just now, Mrs. Lu's attitude towards Fu Jingting was seen by Chairman Lu, and she was somewhat embarrassed.

"What, Fu is not, Jing Ting, my wife is too concerned about Shu Shu, so she treats you like that, don't worry about it." Chairman Lu apologized to Fu Jingting.

Fu Jingting waved his hand, "It's okay, Mrs. Lu did the right thing, so I won't care."

"That's good, that's good." Chairman Lu nodded, relieved, and then made a gesture of invitation, "They've all gone in, so let's go in too, dinner is almost ready."

"Okay." Fu Jingting agreed, but walked to the trunk, "But please wait a while, uncle, I'll bring the present superior."

“Bring a gift?” Chairman Lu frowned, “Didn’t the old lady tell you that you don’t need to bring any gifts?”

He followed Fu Jingting to the trunk.

Seeing the piles of stuff in the trunk, Chairman Lu was surprised, “You still bring so much?”

Fu Jingting brought out the contents, “Auntie said it, but we can’t really do that. It’s rude, what’s more, today is the first time I’ve come to see you, it’s a shame not to bring gifts, and Xiaoye also agrees with this.”

“Then you don’t need to bring so much.” Chairman Lu answered, “Bring A gift, as long as you want it, it’s not an outsider, and you’re so polite, alright, just put all these gifts back, just bring the same.”

After speaking, he was about to help put them back.

but was rejected.

“Uncle, these are all our intentions. We have taken them all. There is no reason to take them back. Isn’t this making Xiao Ye unhappy? Otherwise, she thought you didn’t like her, so she asked us to take the things back. What?” Fu Jingting closed the trunk and watched Chairman Lu say.

He believed that he raised Rong Shu as a shield.

Chairman Lu had nothing to say.

Sure enough, after hearing this, Chairman Lu quickly shook his head and explained, “How could we not like her, but we treat her as a daughter.”

“That’s fine. You can keep the things that your daughter honors, just keep it at ease. If you don’t accept it, Xiaoye Ye will think a lot, don’t you think?” Fu Jingting looked at Chairman Lu.

Chairman Lu snorted twice, and finally sighed helplessly, “That’s fine, then we’ll accept it and let you spend money.”

“It’s not worth a lot of money, uncle, don’t say that.” Fu Jingting will Pick up a few bags and boxes.

It’s just too heavy. He hasn’t recovered from his arm work. When he lifts it up now, he can clearly feel the pain from his left arm.

This caused him to glance at his left arm and frown.

This Time, I Will Get My Divorce Chapter 924

Where is Lu Qi?

The strangeness of Fu Jingting was noticed by Chairman Lu.

Chairman Lu followed his line of sight, saw his left arm, and immediately remembered what his wife told him some time ago that Fu Jingting broke his arm in order to save Shushu.

At that time, he still thought that his wife was joking.

After all, what can happen to Shu Shu to make Fu Jingting break her arm to save her.

But now it seems that what my wife said is true.

“Jing Ting, your arm is not yet healed, let me help you with some.” After speaking, Chairman Lu stretched out his hand and mentioned the things on Fu Jingting’s left hand.

The moment he brought it up, Chairman Lu felt very heavy, and he asked in surprise, “What’s in here, it’s so heavy?”

“Listen to Xiao Ye Zi, you like to drink, and you prefer to collect wine, and I happen to have it here. A few bottles are not bad, so I brought them here.” Fu Jingting replied with his left arm twitching.

There was nothing on my left hand at this moment, and the pain finally dissipated.

Hearing the wine in his hand, Chairman Lu’s eyes lit up obviously, “Wine, this is good, this is good.”

He said two good things in a row, and his face was cheerful when he said it.

Clearly, I really like wine.

Seeing this, Fu Jingting gave a low laugh, “Uncle likes it.”

“I like it, why don’t I like it.” Chairman Lu replied quickly.

Although I didn’t see what kind of wine it was, it was definitely not bad from Fu Jingting’s hand.

Maybe it's better than his collection of wine.

The more he thought about it, the happier he became, Chairman Lu's attitude became more and more enthusiastic, and he made a gesture of invitation to Fu Jingting, "Okay Jingting, let's go in quickly, they have been in for so long."

"Okay uncle." Fu Jingting nodded slightly and followed him into the villa.

In the living room of the villa, Rong Shu and Mrs. Lu were sitting next to each other. Mrs. Lu put Rong Shu's hand on her lap and held it cordially, and was talking to Rong Shu.

It seems that when it comes to happy things, one old and one young directly laughed.

Fu Jingting saw Rong Shu smiling so happily, as if there were stars in his eyes, and his thin lips were slightly hooked up.

"Jing Ting, sit down." Chairman Lu put down a few bags in his hand and hurriedly greeted Fu Jingting to take a seat.

Fu Jingting said, and after sitting down, Chairman Lu was going to pour him tea.

Seeing this, Fu Jingting quickly held Chairman Lu's hand, "Uncle, I will do this little thing myself."

Now that they are Weng's son-in-law, how could he let his elders pour him tea.

Chairman Lu also reacted, this is home, and their current mode of getting along is not in the shopping mall, but between the father-in-law and the son-in-law.

So, he really didn't need him to pour tea for Fu Jingting.

Chairman Lu took his hand from the handle of the teapot and smiled sheepishly, "I'm sorry, I haven't changed."

Fu Jingting smiled, "It's okay."

He lifted the teapot, got up and poured four cups of tea, and said The first cup was given to Chairman Lu, and the second cup was given to Mrs. Lu.

Looking at the tea that Fu Jingting personally handed over, Chairman Lu hurriedly took it, feeling a little flattered in his heart.

Darling, this is the tea that the chairman of Fu Group poured himself.

In the entire sea market, apart from the old lady of the Fu family and Shu Shu, he is probably the third person to have this honor?

Well, his wife is the fourth.

Compared with Chairman Lu, Mrs. Lu is much calmer, and does not have as many twists and turns in Chairman Lu's heart.

She was just very satisfied with Fu Jingting's act of pouring tea.

If he can put down his body and pour tea for their elders, he is considered qualified.

After drinking a sip of tea, Mrs. Lu stood up, "It's getting late. I'll go to the kitchen to see how many dishes are not ready. It's almost time for dinner."

"Auntie, I'll go too." Rong Shu also got up, and then Looking at Fu Jingting, "Jingting, you can chat with Uncle here."

"Okay." Fu Jingting agreed with a smile.

Rong Shu and Mrs. Lu walked to the kitchen.

When I came to the kitchen, the chef in the kitchen was too busy to touch the ground.

After checking the dishes tonight, Mrs. Lu nodded, "There are the last two dishes, it's coming."

Rong Shu glanced at the rich dishes on the table, and couldn't help but let out a wow. , "There are so many dishes, basically all of them are my favorites."

Mrs. Lu took her hand and smiled kindly, "Of course, all of them are your favorites. You rarely come here once, so I have to prepare your favorites. Is that right?"

"Auntie is so nice." Rong Shu hugged Mrs. Lu's waist and leaned on Mrs. Lu's shoulder to act like a spoiled child.

Mrs. Lu smiled and patted the top of her head, "Why do you still like to act like a child?"

"I'm not just a child in my aunt's eyes." Rong Shu replied with a smile.

Mrs. Lu touched her head gently, "Yes, no matter how old you are, you are still a child with your aunt, a child that my aunt loves the most."

One old and one young said intimately.

After a while, Rong Shu suddenly thought of something and got up from Mrs. Lu's arms, "By the way, Auntie, what about Aqi?"

She suddenly remembered that she hadn't seen Lu Qi since she entered the door.

Where did the others go?

Hearing Rong Shu's answer, Mrs. Lu snorted angrily, "That boy, said the company was busy and didn't come back."

"Is Mrs. Lu busy recently?" Rong Shu looked at Mrs. Lu and asked, "But I haven't heard of it. ."

Tiansheng also cooperated with Lu's.

If Lu was busy, she could not have known.

Mrs. Lu curled her lips, "What are you busy, not busy at all, besides, your uncle hasn't left his post yet, he is the chairman, and he, the chairman who is busier than the CEO, has returned, so it can be seen that the CEO Ah Qi is I've been busy long ago."

"So, Ah Qi deliberately said he was busy and wouldn't come back?" Rong Shu blinked.

Mrs. Lu nodded, "Yes."

"Why?" Rong Shu didn't understand.

Mrs. Lu didn't speak anymore, just looked at her.

Seeing Mrs. Lu like this, Rong Shu suddenly understood something, her eyes widened slightly, "Is it because of me?"

Mrs. Lu sighed and nodded slowly, "You now know what Ah Qi is thinking about you. , Although he said let go, he will forget you, but forgetting someone is not so fast, and it is not so easy, at least, Ah Qi still has feelings for you now, you bring your lover here, Ah Qi naturally does not want to appear Here, he was afraid that he would feel uncomfortable when he saw that you were intimate with your lover, so he simply hid outside."

Hearing these words, Rong Shu felt a sense of guilt in her heart, and her expression became ashamed, "I'm sorry auntie. , I"

"Don't be like this." Mrs. Lu cut off her words, "I know what you're going to say, but you think it's your fault that Ah Qi is doing this because you rejected him, so he doesn't come back. , you feel bad about it, right?"

Rong Shu looked at Mrs. Lu and nodded, "Yes."

Mrs. Lu smiled, "Silly boy, why is this your fault? You are right, everyone has their own choices. The right to be happy, Aqi loves you, but it doesn't mean that you have to love him and accept him, so there is nothing wrong with your rejection."

"However, I still make Aqi sad." Rong Shu bit her lips.

Mrs. Lu smiled and stroked her head, "It's normal to feel sad when you are rejected, if you don't feel sad or sad, it means that he doesn't like you, and Ah Qi is tempted by you, that's why. His own business has nothing to do with you, if you reject him, then he will naturally be responsible for the consequences of his own temptation."

Excited Chairman Lu

Rong Shu looked at Mrs. Lu and said, "I know what you mean, Auntie, but Auntie, don't you really blame me? Aqi is your son, and he is so sad because of my rejection. Did you really blame me? "

This question, you asked me before, I will answer you again now, of course not." Mrs. Lu took her hand, "Didn't I say that Aqi loves you, that's Aqi's business , it doesn't mean he loves you, you have to promise him, feelings like this should be mutually pleasing, both sides like it, then stay together, if one party doesn't mean that, then reject it seriously, and the other party accepts it in time Xin, you did nothing wrong, I blame you for what you did, your aunt, although she is old, she is still open-minded, though."

"Auntie, please say what you want to say." Rong Shu looked at her.

Mrs. Lu sighed regretfully, "Although my aunt really wants you to be my daughter-in-law, but in that case, neither you nor Ah Qi will be happy. After all, I know that Ah Qi is not your type, and you will not be able to do it anyway. Those who fall in love with Ah Qi and forcibly stay together will only become a pair of grudges in the end, so, rather than making you my daughter-in-law, I prefer you to find someone who suits you and be happy."

"As for Ah Qi." Lu Madam regained her smile, "He is in a sad stage now, but I believe it's only temporary, when he meets someone who suits him, he will come out, so Shushu, you don't have to worry about him, and tonight It's a good thing that he's not here, otherwise you'll be embarrassed when you see him, and he'll feel uncomfortable when he sees you and Fu Jingting, so why don't we meet, don't you think?"

“Auntie” Rong Shu directly hugged Madam Lu tightly, “Thank you aunt, thank you very much.”

Mrs. Lu was stunned for a moment, then patted her back and smiled, “Thank you, okay, let’s go out first.”

“Well.” Rong Shu Pulling the corners of his mouth, he smiled again and agreed.

The two walked out of the kitchen holding hands.

But halfway through, Rong Shu separated from Madam Lu and went to the bathroom.

Mrs. Lu returned to the living room alone.

Seeing Mrs. Lu alone and without Rong Shu, Fu Jingting immediately stopped the business meeting with Chairman Lu, and saw Mrs. Lu ask, “Auntie, where is Xiao Ye Ye?”

Hearing the concern in his tone, Mrs. Lu felt in her heart. Satisfied, he pretended to be dissatisfied and hummed, “I went to the bathroom, why, can I still sell Shu Shu?”

“I don’t mean it.” Hearing that Rong Shu just went to the bathroom, Fu Jingting felt in his heart. He put down the big stone and explained, “I just can’t see her, so I’m worried.”

“Hmph, what’s the worry, can something happen to Shu Shu at my house?” Mrs. Lu rolled her eyes at him.

Fu Jingting pursed his thin lips and said nothing.

At this time, Chairman Lu stepped forward to be a peacemaker. He glanced at Mrs. Lu, “Okay, what nonsense are you talking about, Jing Ting is also worried about Shu Shu, the couple is in the best relationship now, when they are inseparable, Suddenly I can’t see Shu Shu, do you think he’s not worried?”

“Hey, you can say good things for him.” Mrs. Lu pointed at Fu Jingting.

This old man agreed to test Fu Jingting together and make a stumbling block for Fu Jingting until all Fu Jingting passed.

But the result.

From the very beginning, this old man had a bad attitude towards Fu Jingting, and he had long forgotten what he said to her.

Chairman Lu didn't know what Mrs. Lu was thinking. Hearing Mrs. Lu's words, he smiled a little embarrassedly, "Hey, there's no way, Jing Ting gave me a few bottles of good wine. I'm so sorry."

Mrs. Lu rolled her eyes, "Promising!"

Seeing the middle-aged couple bickering, Fu Jingting's eyes flashed with a glint of light, and then he found the bag containing several bottles of wine and put it in Chairman Lu On the coffee table in front of him, "Uncle, before we have dinner, why don't you take a look at the few bottles of bars I sent you to see if they agree with you."

"Alright." Chairman Lu nodded hurriedly.

He wanted to open it for a long time, after all, he loves wine like crazy.

But this was a gift from Fu Jingting after all. Fu Jingting didn't leave, and he was too embarrassed to open it, so he could only ninja.

But in my heart, it was very uncomfortable, like a cat scratching.

Now Fu Jingting offers to let him open it and take a look, isn't that what he wants?

So there is no reason for him not to agree.

Chairman Lu happily fished the bags that Fu Jingting sent to him, and then started to unpack them impatiently.

After opening the box in the first bag and seeing the wine immediately, Chairman Lu was stunned for a moment, thinking he had read it wrong.

He quickly rubbed his eyes, and then looked again, confirming that the thing was still the same thing, he was not mistaken, and immediately screamed excitedly.

This sound shocked Mrs. Lu, who was drinking tea, and almost choked to death.

She put down the teacup and looked at Chairman Lu angrily, "What are you doing, calling your soul?"

Chairman Lu ignored her and reached for the second bag with trembling hands.

Seeing that he only had gifts in his eyes, Mrs. Lu didn't take care of herself at all. She was so angry that she ignored him.

Fu Jingting rubbed the teacup in his hand, saw this scene in his eyes, and his thin lips were slightly hooked up.

Soon, Chairman Lu's second cry rang again.

Mrs. Lu was terrified again, but she stood up from the sofa in a huff, "Your surname is Lu, are you crazy or what? I was shocked!"

Chairman Lu still ignored her, his eyes The staring boss stared at the four bottles of wine in the two boxes in front of him , and his whole body was shaking with excitement, "These are the original wines of the most famous wineries in the world."

He looked at Fu Jingting, towards Fu Jingting Check to see if you are wrong.

Fu Jingting nodded in face, saying that he was right.

After getting Fu Jingting's affirmative answer, Chairman Lu was even more excited, and his whole body trembled even more, "It's really the original wine, haha, I didn't expect that I would actually see the original wine one day, or so many different wines. The original wine from the factory is worth it."

Seeing Chairman Lu's excitement as if he could die at any time without any regrets, Mrs. Lu curled her lips in disdain, "Isn't it just a few bottles of wine, it's worth it "What do you know ?

" Chairman Lu gave her a contemptuous glance, "These are all original wines, the first batches of wines produced by these wineries when they were established, and each bottle of these wines is valuable. Millions, there are only 100 bottles in the world, and money can't buy them. I dream of owning a bottle, but I always regret that my identity is not enough. It will appear in front of me, and there are still so many bottles, I am really touched."

Chairman Lu held these bottles of wine, very rare.

Mrs. Lu's disdain at the beginning, to shock, to disbelief, the whole process of changing face, Fu Jingting looked quite funny.

"How many, how many millions?" Mrs. Lu swallowed her saliva and looked at the bottles of wine in Chairman Lu's arms, "No, just these few bottles of wine, a bottle is worth several million?"

She knew some wines It was very valuable, but the most expensive one she knew was only a few hundred thousand.

Unexpectedly, millions of wines have come out now.

Is the world crazy?

She suddenly felt that the Lu family, who was wealthy before, was suddenly poor.

At least spend millions on a bottle of wine, they haven't been so extravagant yet.

Excited Mrs. Lu

However, what surprised her even more was Fu Jingting's generosity.

A few bottles of several million wines can be sent as soon as they are delivered, especially since there are only 100 bottles of each of these wines in the world, and the proper price is not available. After drinking one bottle, there will be one less bottle, so according to her idea, it is estimated that people who buy wine are basically not for drinking, but basically for collection.

And Fu Jingting actually gave this kind of collectible wine directly as a gift. Few people can achieve this level of generosity alone.

It seems that he has really changed his mind and loves Shu Shu very much.

Otherwise, how could it be possible to give such wine to her old man?

After all, her old man is not his real father-in-law.

But he still gave it, which obviously shows that he loves Shushu enough to treat them as real father-in-law and mother-in-law for her sake.

Thinking of this, Mrs. Lu's score for Fu Jingting silently increased by a few points, and she has completely crossed the pass line.

As for the last few minutes, she is still investigating.

Seemingly sensing Mrs. Lu's thoughts, Fu Jingting's eyes flickered slightly. After glancing at the wretched Chairman Lu who was smiling at the wine, he got up and handed Mrs. Lu the remaining gift boxes, "Auntie, This is a gift I prepared for you, see if you like it."

"Me too?" Madam Lu was stunned for a moment, then pointed to herself.

Fu Jingting nodded, "Of course, your uncle has it, and you naturally have it too. You can't favor one over the other."

Now it was Mrs. Lu's turn to be embarrassed. She touched her cheek and smiled

. On the score sheet, he added 10 points.

Well, there are still thirty points left.

“Auntie is too polite, hurry up and look at the gifts.” Fu Jingting sat back and turned back.

Mrs. Lu looked at Chairman Lu, who touched the bottle of wine, and then touched the bottle of wine, and rolled her eyes.

Looking at the wretched appearance of this old thing, I don't know, I thought it was a beautiful woman.

It's really useless.

Madam Lu looked back in disgust and looked at the gift boxes in front of her.

She knew that after these few bottles of wine, with Fu Jingting's generosity, the gift prepared for her was definitely not easy.

Although I don't know how simple it is, she will definitely not be so unpromising like the old man.

Thinking about it, Mrs. Lu calmly put down the teacup in her hand and smiled gracefully at Fu Jingting, “If that's the case, then I'll open it and take a look.”

Fu Jingting's thin lips curled slightly in a gesture of indulgence.

Mrs. Lu exhaled lightly, and put her hands on the ribbon of the gift box.

After opening the first gift box, Mrs. Lu was stunned when she saw what was inside, and then sighed.

This situation is exactly the same as Chairman Lu's reaction when he saw the first bottle of wine.

And Chairman Lu was also taken aback. After drinking the wine in his arms, he glared at Madam Lu angrily, “What are you doing, old lady, I was so scared that I almost threw the wine, can you afford it? ?” Does

God know how scared and frightened he was when he was so frightened by her voice that he didn't hold the wine in his hand?

His heart almost stopped, and he could even feel that his soul was out of his body at that moment.

Mrs. Lu listened to Chairman Lu's complaint, and her excited expression paused for a while. She turned her head to look, and gave Chairman Lu a blank look, "I want you to take care of it, shut up!"

After she finished speaking, she snorted and ignored it. Chairman Lu, withdrew his gaze, reached out to the next gift box, and continued to dismantle it.

During this time, her excited hands were shaking.

Chairman Lu looked at Mrs. Lu, who was no different from himself just now, and said to Fu Jingting with a beard and staring eyes, "Jingting, look at her, I said before, I'm not like this?"

Fu Jingting was drinking tea, but Laugh without saying a word.

Soon, the second gift box was also opened by Mrs. Lu.

Seeing the contents of this box clearly, although Mrs. Lu had already guessed in her heart, when she really saw it, she couldn't help but cry out again in excitement.

"A's platinum bag will be released in the next quarter, and C's top perfume will be released in the next quarter, so the rest should not be the same."

Mrs. Lu swallowed her saliva excitedly and looked at the remaining boxes. , the eyes were clearly glowing green, as if the wolf had seen its prey.

Then, she hurriedly reached out to the remaining boxes and quickly took them apart.

Seeing the cosmetics, silk scarves, etc. in the box, Mrs. Lu breathed a sigh of relief instantly, her hands tightly covering her chest, her face flushed, and she felt like she was about to faint in happiness.

"These are the top luxury goods that will be listed in the next quarter. I can only look at the official website. I didn't expect that I actually saw the real thing, and it's right in front of me. Now." Madam Lu fell on the sofa, looking at the ceiling and said excitedly. Chairman Lu looked at her like this

and curled his lips, "Isn't it just some cosmetic bags or something, you can't eat or drink, are you so excited, and it's worth it in this life?"

I don't understand either.

Still his wine is good.

Chairman Lu carefully held one of the bottles of wine in his arms and laughed.

Fu Jingting looked at Mrs. Lu, who was lying on the sofa, still in a daze, and at the very honest Chairman Lu who was smiling at the wine. The curvature of her thin lips became more intense.

After a while, Mrs. Lu got excited, sat up from the sofa, looked at the pile of gifts in front of her that made women crazy, and finally looked up at Fu Jingting , “Jingting.”

Fu Jingting came like this After a long time, I finally felt that Mrs. Lu’s attitude towards him had improved, and it was the first time that Mrs. Lu called him so kindly.

To be honest, it’s still a bit uncomfortable.

“Auntie, tell me.” Fu Jingting put down the teacup and looked at Madam Lu.

Mrs. Lu laughed, “So what, are these gifts really for us?”

“Of course.” Fu Jingting nodded, “If it wasn’t for the two of you, I wouldn’t have brought them, right?”

There was a glimmer of joy in Mrs. Lu’s eyes at first, but it soon turned into a tangle, “I know, but this gift is too expensive, and we can’t afford it, so you should take it back.”

After speaking, she took the gift He pushed towards Fu Jingting.

Chairman Lu, who had been in the excitement of touching fine wine, immediately reacted when he heard Mrs. Lu’s words, and looked down at the wine in his arms.

Yes, he just patronized and was happy to see these wines.

But forget, the value of these wines.

Such a precious wine, he really can’t just accept it.

Hey

, Chairman Lu sighed in pain, put the bottle of wine back in the box, and pushed it in front of Fu Jingting, “The old lady is right, Jing Ting, these gifts are indeed too precious, you should take them back. , we will be satisfied if you have this heart.”

“Yes.” Mrs. Lu nodded.

Fu Jingting looked at the gift that was pushed back in front of him, and said with a chuckle, “Uncle and aunt don’t have to do this. These may be a little precious to the two of you, but to me, they are not worth mentioning, so the two of you can calm down. Accept it. Besides, I am giving these to the two of you. In addition to wanting to thank the two of you for taking care of Xiaoye Ye in the past, I also want to tell the two of you

that I am sincere to Xiaoye, although it is a bit vulgar to use money to show my sincerity. , but it's the best way to see it at a glance.”

Show Your Love in Public

Listening to Fu Jingting's words, Mrs. Lu and Chairman Lu nodded subconsciously, "That's true."

After all, there is a saying that even if a man who is willing to spend money for you doesn't love you very much, he must have you in his heart.

But a man who is completely reluctant to spend money for you must not have you in his heart.

Fu Jingting can do such a big job for Rong Shu, even if he doesn't love Rong Shu to the bottom of his heart, it's not far off.

Mrs. Lu looked at Chairman Lu and thought.

Mrs. Lu was even more in her heart, and silently added ten points to Fu Jingting.

This time, it's only 20 points away.

"So my uncle and aunt must accept these gifts. This is also my heart." As Fu Jingting spoke, he pushed the gifts back separately.

Chairman Lu and Mrs. Lu looked at the gifts that were pushed back, "You prepared these precious gifts, does Shu Shu know?"

If Shu Shu didn't know, it would be difficult for them to accept them.

Fu Jingting knew what they meant, nodded slightly and replied, "Don't worry, uncle and aunt, Xiao Ziye knows that before the gift was delivered, I specially showed her and asked her if she needed anything else, so she knew it. Uncle and aunt can rest assured to accept it, if the two do not accept it, not only me, but also Xiao Ye Zi will feel very uncomfortable, thinking that it is a gift that is not in line with the uncle and aunt's wishes."

As soon as these words came out, what happened to Chairman Lu and Mrs. Lu? How dare you refuse.

After they looked at each other, they quickly replied, "How could such a good gift be unsatisfactory."

"Since it is in your mind, then the uncle and aunt don't refuse." Fu Jingting looked at the two of them.

Chairman Lu and Mrs. Lu looked at each other again.

Finally, he smiled and took the gift back to him.

"Well, that's all for now. If we don't accept it, it will appear that we are not friendly and hypocritical." Mrs. Lu said with a smile, closing the lids of the gifts one by one in her hands, planning to Before going to bed at night, take a good look and give it a try.

This is a new product that will be launched in the next quarter.

She is probably the first one in the ladies circle to get it.

Just take it out tomorrow to show off to those sisters.

At the same time, Mrs. Lu added the last 20 minutes to the score sheet in her heart.

In this way, Fu Jingting was already one hundred percent in her mind.

She is as satisfied as she is with Fu Jingting now.

Shu Shu is a good man.

Madam Lu couldn't help but feel happy.

"That's right, that Jing Ting, we will accept it rudely." Chairman Lu also said, and at the same time put away the wine one by one, as Mrs. Lu thought, to take those few tomorrow. Call old friends and let them open their eyes.

I have to say that these two are really a couple, and they think the same thing.

After the gifts were put away, Chairman Lu and Mrs. Lu chatted with Fu Jingting.

During this period, Mrs. Lu's attitude towards Fu Jingting was not to mention how good and cordial it was. It would be no exaggeration to say that she regarded Fu Jingting as her biological son.

At first, Fu Jingting didn't like Madam Lu's enthusiasm.

But he couldn't resist it, so he could only accept Mrs. Lu's enthusiasm with a reluctant smile.

In the end, I really got used to it.

When Rong Shu came back from the bathroom, what she saw was Mrs. Lu taking each sip of Jing Ting, pouring tea for Fu Jingting and delivering fruit to Fu Jingting.

Seeing this scene, Rong Shu was stunned.

what's the situation?

Why didn't she see her for a while? Why did her aunt's attitude towards Fu Jingting change so much?

Before she went to the bathroom, her aunt's attitude towards Fu Jingting was still under investigation, so she deliberately pretended to be indifferent and indifferent.

Why did she come back from the bathroom, and her aunt was so enthusiastic about Fu Jingting?

This is again handed to eat and drink, for fear that Fu Jingting will be thirsty and hungry, very similar to the scene of a mother and a son.

So, while she was going to the bathroom, what happened to make Auntie treat Fu Jingting so well?

Rong Shu looked at the three people who were chatting happily across the street and tilted her head, puzzled.

Fu Jingting saw her, put down the water glass in his hand, and beckoned to her, "Come here."

Mrs. Lu and Chairman Lu also turned to look after seeing his movements.

Seeing Rong Shu, the husband and wife also smiled and said hello, "Shu Shu, why are you standing there in a daze? Come here."

"Come here." Rong Shu replied with a smile, and walked over with her legs.

When he walked to Fu Jingting's side, Fu Jingting took her hand and moved to the side to make way for her.

Rong Shu took advantage of the situation and sat down.

Fu Jingting handed her another glass of water, "Why is it taking so long?"

Rong Shu took a sip of water and replied, "I answered the phone, or I would have come back sooner."

Fu Jingting nodded and stopped asking, just picked up Mrs. Lu just now. For his fruit bowl, he forked a piece of fruit from it and fed it to her mouth.

Rong Shu seemed to have long been accustomed to the service of men, so she subconsciously opened her mouth and ate the fruit, her movements very natural.

She and Fu Jingting didn't think there was anything wrong with their actions.

But in the eyes of Mrs. Lu and Chairman Lu, it was very shocking.

It turned out that Shu Shu and Fu Jingting got along in private like this?

Fu Jingting can actually put down his body and take care of Shu Shu like this.

Although the two of them are not young, they don't know how other young couples get along, but they dare to say that many men will not serve their girlfriends like Fu Jingting.

After all, today's young people have high spirits, strong self-esteem, and are spoiled by their parents' babies. They can't let go of their bodies to take care of others like this, even if that person is their lover.

But Fu Jingting, a high-ranking chairman of the group, was able to do this. The visual shock that this brought to people was not ordinary.

At the same time, this also shows that he really loves Shushu.

And Shu Shu, in the face of Fu Jingting's service, accepted it so calmly, without the slightest embarrassment.

It can be seen that in private, Fu Jingting has always taken care of her like this, and over time, she doesn't feel that there is anything wrong with him taking care of her like this.

Looking at Fu Jingting and Rong Shu getting along, Chairman Lu smiled and said, "wife, look, they have a really good relationship."

Mrs. Lu nodded and laughed, "Yes."

Listening to the two, Rong Shu said this. It was only then that he realized that he usually picked up the things Fu Jingting gave him, and for a while he forgot that it was not at home, but at Lu's house.

In front of her uncle and aunt, she showed her affection with Fu Jingting, which made her somewhat embarrassed, and her little face blushed, "What, sorry uncle and aunt, let you see a joke."

“No, no.” Chairman Lu and Mrs. Lu hurriedly waved their hands, saying that this was not a joke.

“You guys are in a good relationship, it’s too late for us to be happy.” Mrs. Lu said.

Chairman Lu nodded, “Your aunt is right. If your relationship can continue to be so good, my aunt and I will be even happier.”

Rong Shu lowered her head shyly and didn’t answer.

Fu Jingting laughed calmly, “Don’t worry, uncle and aunt, we will.”

“That’s good.” Mrs. Lu and Chairman Lu replied.

At this moment, the servant came over, “Master Madam, dinner is ready, it’s time to start.”

Hearing that dinner was ready, Madam Lu quickly stood up to say hello, “Shu Shu, Jing Ting, let’s go, we’re going to the restaurant to eat. “It’s so late, you must be hungry, right?”

Sit back and don’t move

“I’m a little hungry.” Rong Shu rubbed her stomach, but was not polite to Madam Lu.

After all, they have a very good relationship, so there is no need to be polite.

Hearing Rong Shu’s answer, Mrs. Lu hurriedly said, “Then let’s go over quickly.”

“Okay, my uncle and aunt will go first, and we will follow.” Rong Shu nodded with a smile.

Then, Chairman Lu pulled Mrs. Lu and walked to the restaurant.

In the back, Fu Jingting also dragged Rong Shu to follow them.

As he walked, Rong Shu lightly scratched the man’s palm with his fingers.

The man put her hand in his palm slightly, so that she could no longer make trouble, and then asked in a low voice, “What’s wrong?”

Rong Shu pointed to Chairman Lu and Mrs. Lu who were walking in front, and the other hand stuck to In his mouth, he whispered, "What's the situation, why did Auntie suddenly change so much to you?"

When he came, Chairman Lu was always more enthusiastic about Fu Jingting.

And Mrs. Lu, relatively speaking, is relatively cold, although she also knew that Mrs. Lu deliberately pretended to be cold, but in fact it was to test Fu Jingting.

But not so fast, the test is over, right?

Listening to Rong Shu's curious question, Fu Jingting's thin lips hooked, "It's very simple, let them open the gift."

As soon as these words came out, Rong Shu instantly understood a little bit. After raising her beautiful eyebrows, she faced Fu Jingting gave a thumbs up, "You're so powerful, I thought you would give them gifts before we left."

"No need." Fu Jingting said with a low smile, "Since Mrs. Lu can recognize me earlier , why don't you do it?"

"That's what you said." Rong Shu also smiled.

In the restaurant, Chairman Lu and his wife, who were already seated, looked at the door of Rong Shu and Fu Jingting who had just entered the restaurant, and couldn't help urging, "Shu Shu, Jing Ting, what are you talking about, come quickly."

"Come on." Rong Shu responded with a smile, then took Fu Jingting's hand and accelerated her pace.

During the dinner, the four of them got along very happily.

Rong Shu and Mrs. Lu discussed the topics that women like about cosmetics, clothes and shoes.

And Fu Jingting and Chairman Lu were talking about some things in the shopping mall.

They do not interfere with each other, but are very harmonious.

It was not until eleven o'clock in the evening that Rong Shu and Fu Jingting bid farewell.

Mrs. Lu also wanted to keep the two at home for the night, but was rejected by Rong Shu and Fu Jingting.

The reason for Rong Shu's refusal is very simple. She knows that Fu Jingting doesn't like to stay at other people's houses, so she naturally will not ignore Fu Jingting's thoughts.

As for Fu Jingting's rejection, it was even more direct.

He wanted to spend the night with Rong Shu in a two-person world.

Living in someone else's house is a two-person world.

Seeing that Rong Shu and Fu Jingting had decided to leave, Mrs. Lu had no choice but to give up, agreeing to leave the two, and together with Chairman Lu, sent the two to the door.

Outside the villa, Mrs. Lu hugged Rong Shu, "Shu Shu, tell Jing Ting to drive slowly on the road and pay attention to safety, do you know?"

She brushed the hair around Rong Shu's ear.

Rong Shu nodded with a smile, "I will."

While speaking, she turned to look at the man standing beside the car.

The man felt her gaze, and turned his head slightly to look over, meeting her eyes, and showing her a light and charming smile.

Mrs. Lu also saw the interaction between the two, and couldn't help shaking her head and smiling.

The relationship between these two is really good.

Sticky all the time.

That's fine. Seeing that there is no problem with their reconciliation, the worry in her heart can be considered to be completely put down.

"Go." Mrs. Lu released Rong Shu's hand and pushed her towards Fu Jingting.

Rong Shu took a step forward.

Seeing this, Fu Jingting crossed his long legs and hugged her at once.

Rong Shu smelled the minty fragrance on the man's body and seemed a little embarrassed. She turned back and called out to Mrs. Lu with her cheeks slightly red, "Auntie"

Mrs. Lu covered her lips and smiled, "Okay, auntie won't tease you, hurry up. Go back, be careful on the road."

She waved her hand, indicating that the two of them can leave.

Rong Shu also restrained her shyness and waved to Mrs. Lu and her husband, "Okay, then we'll go, uncle and aunt, goodbye."

"Goodbye." Fu Jingting nodded slightly to the two of them.

Then, he hugged Rong Shu's waist and walked towards the car.

Madam Lu stood there and watched them.

Chairman Lu walked down the steps and came to her side. He also gently hugged her shoulders, stood with her, and watched Rong Shu and Fu Jingting leave together.

It was not until the car drove out of the villa that he turned around and returned to the villa.

Here, in the car.

Rong Shu closed the car window and stretched a little.

She was not wearing a coat, and at the moment she was only wearing a slim turtleneck sweater.

As she stretched her waist, the sweater shrank up unconsciously, exposing her fair and flat waist.

Fu Jingting Yu Guangbo caught this scene, his eyes suddenly darkened, his Adam's apple moved, and his voice was low, "Sit tight, don't move."

Rong Shu put down her hand and looked at him strangely, "I didn't Move around."

She just stretched, why did she move around?

Fu Jingting also knew what he said, and it was a little nonsensical, and lowered his eyelids, "Anyway, sit down."

"I'm too lazy to care about you." Rong Shu rolled his eyes at him.

Soon, Repulse Bay arrived.

Rong Shu had just opened the door of the apartment and was about to bend over to take the slippers from the shoe cabinet, when the man behind him suddenly hugged her waist, took her around and put her on the shoe cabinet, lifted her chin and kissed it.

Rong Shu widened her eyes and was stunned.

It wasn't until after a while when a slight tingling came from her lips, she regained her senses and pushed the man who was pressing her away.

The man looked at her with red eyes, gasping for breath in his mouth, "what's the matter?"

he asked.

The voice is so sexy that it's heartbreaking.

Rong Shu resisted the urge to soften her legs and stared hard, "Why did you kiss me all of a sudden?"

And she didn't even close the door.

You can see how anxious this man was at the time.

Fortunately, there are one ladder and one household here, so you don't have to worry about anyone seeing it.

Listening to the woman's questioning, Fu Jingting leaned over, pressed his forehead against hers, and lightly kissed her thin lips on the tip of her nose or eyes from time to time, "I've wanted to do this for a long time, I've thought about it in the car, and I've been enduring it. Now that I'm home, how can I hold it back?"

Rong Shu's mouth twitched, "You think about it in the car? You don't think so?"

"Who told you to tempt me at the time." Fu Jingting's voice became more and more hoarse .

Rong Shu looked confused, "I tempted you? When did I tempt you?"

"When you stretched out, your waist was exposed." Fu Jingting looked back at her eyes.

" " Rong Shu's mouth twitched so hard that she was speechless.

No wonder he told her not to move at that time.

It turned out to be so.

Stretching and exposing a small section of the waist made the man's heart pound.

Should she say that this man has poor stopping power, or should she be proud of her attractiveness?

Seeing that Rong Shu suddenly lost his mind, Fu Jingting's eyes flashed for a moment, and then he kissed again.

While kissing, he separated her legs and legs, picked her up and walked towards the room.

Rong Shu reacted, knowing what he was going to do, she was shocked, took the man's face with both hands, pushed the man away, stopped the kiss with the man, looked at the man and panted slightly and said, "Fu Jingting, you haven't showered yet. !"

This Time, I Will Get My Divorce Chapter 929

Terrifying Nightmare

Fu Jingting's eyes lit up for a moment.

She only said that she didn't take a bath, did that mean that she didn't refuse what he was going to do?

Fu Jingting stopped slightly and looked down at the woman who was also looking at him. After his Adam's apple slipped, his voice was suppressed, and he said hoarsely, "Don't wash it, it's a waste of time.

" .

What if she's done washing and she quits doing it again?

Thinking about it, Fu Jingting stopped waiting for Rong Shu's next words, lowered his head and kissed again, at the same time he stepped forward again, then kicked open the bedroom door and walked in.

After a while, the coquettish moaning of a woman, as well as the sound of masculinity, panting, and breathing, were heard in the room, and the shy sky and the moon were hiding behind the dark clouds.

I don't know how long it took, and the sky outside gradually started to rain.

The moment the rain sounded, the movement in the room finally stopped.

Fu Jingting looked down at the tired little woman who had fallen asleep. He slightly hooked his lips and kissed the woman's sweaty forehead. Then he got up and picked her up by the waist. He walked to the bathroom to wash her and himself.

After doing this, and putting the woman back on the bed in the room, the time has come to four in the morning in the second half of the night.

Fu Jingting covered Rong Shu with a quilt and touched her sleeping cheek, but he didn't feel much sleepy. Instead, he came to the living room in a baggy bathrobe and took out his mobile phone.

During the day, he asked Zhang Cheng to investigate if something happened to Tian Cheng.

But after talking with my grandmother, I lost the Lu family. After I came back, I did the most important thing in my life, so I never had time to check my phone.

Until now, he had no time to review the findings of the day.

Fu Jingting clicked on his mobile phone mailbox, and the survey results sent by Assistant Zhang were in the top row.

Fu Jingting moved his fingers slightly, and the email opened.

Seeing the content of the email, Fu Jingting frowned, then turned off the email, and called Assistant Zhang without any scruples. It was four o'clock in the morning, and Assistant Zhang might still be dreaming.

Therefore, when Assistant Zhang was dreaming that he had a girlfriend and was about to kiss her, the girlfriend's face suddenly changed to that of President Fu. At that moment, you can imagine the psychological effect that brought Assistant Zhang. How big is the shadow.

Assistant Zhang was immediately woken up by the fright, and sat up with a flick, breathing heavily, the sweat on his forehead seeping out.

"It's terrifying, it's really terrifying. I actually dreamed that my girlfriend became President Fu. This is the most terrifying dream I've ever had in my life." Assistant Zhang rubbed his arms and muttered in shock. .

He now sincerely feels that he has been cursed by President Fu.

It's okay to be enslaved by President Fu every day on weekdays.

Why can't you escape President Fu even in a dream?

God still let him live?

Assistant Zhang looked up at the ceiling with a look of hopelessness on his face.

It wasn't until after a while that he gradually calmed down.

After all, he has seen the world, and adjusting his mentality is just trivial.

After the mentality was adjusted, Assistant Zhang finally had the intention to manage the cell phone on the bedside table that kept ringing like a life-threatening reminder.

He's annoying, really!

In the middle of the night, who is not sleeping, dare to call him.

Believe it or not, he will settle accounts with him tomorrow?

Cursing in his heart, Assistant Zhang turned on the light, touched the glasses and put them on, and then slowly and impatiently grabbed the phone.

It seemed that after the caller ID was displayed on the screen, Assistant Zhang's eyes widened, he first gasped, and then the corner of his mouth twitched, revealing a bitter smile.

Well, there is only one person who dares to call him in the middle of the night.

Since it is that one, then he just wanted to find someone to settle the account, so let's forget it.

After all, if you can't beat it, you don't dare to fight!

Also, he said how his good girlfriend became President Fu.

It turned out that Mr. Fu really came to find him.

Assistant Zhang thought helplessly, as he put the phone to his ear, although he was cursing in his heart, he was more enthusiastic and enthusiastic on his face and mouth, "Mr. Fu, why did you suddenly call at such a big night? "

What are you doing after not answering the phone for so long?" Fu Jingting frowned and asked unhappily.

Assistant Zhang rolled his eyes, scolding even more in his heart, the feigned enthusiasm on his face could not be faked at this moment, and even his tone had a bit of gritted teeth in it, "Mr. Fu, now It's four in the morning, of course I'm sleeping."

"Fu Jingting was silent.

This time, even he couldn't blame Assistant Zhang for not answering the phone in the middle of the night.

After all, the subordinates directly said that they were sleeping, and they also emphasized the time. Even if he wanted to ignore these, it was not good to ignore them without conscience.

Thinking, there was a flash of embarrassment in Fu Jingting's eyes, and he pressed his lips and coughed, "Sorry, I didn't pay attention."

Assistant Zhang rolled his eyes again.

It's so late, you don't pay attention to the time, don't go to bed, Miss Rong doesn't care about him? Even though he thought so, Assistant Zhang didn't dare to say it. Instead, he had to smile back and say, "It's okay

, Mr. Fu, but Mr. Fu is looking for me. What's the matter?" He is sleepy! Fu Jingting seemed to have heard the hidden consciousness in Assistant Zhang's words. He pursed his thin lips and asked, "What do you mean by the email you sent? What does it mean that something happened to Tiancheng, but you are not sure?"

Hearing Fu Jingting's question, Assistant Zhang pushed up his glasses and became serious, "It's Mr. Fu like this, the person who stayed in Tiancheng went to inquire about it. In the afternoon, Miss Rong's other secretaries and assistants did not behave well. That's right, he seemed to be in a hurry, and went straight to Miss Rong, but after finding Miss Rong, these secretaries and assistants returned to their usual state, so I sent an email saying that something might have happened to Tiancheng. But I'm not sure if something happened, because the reaction of these assistant secretaries is really not very sure, it seems that something happened, but it has been resolved."

Hearing Assistant Zhang say this, Fu Jingting was nervous. His expression softened a little.

The assistant secretary was nervous and anxious from the beginning, and finally recovered.

Indeed, it is very likely that something happened, and it looks like it will be resolved soon.

And since he met Rong Shu in the afternoon, he really didn't see anything wrong with Rong Shu's face.

Come to think of it, it was really what Rong Shu said on the phone during the day, that Duan Xingbang was doing something, and she had already suppressed it.

Even though he thought so, Fu Jingting still worried and asked again, "Have you found out what made those assistant secretaries anxious?"

Assistant Zhang shook his head, "No, that person went to inquire, but those assistant secretaries were in a hurry. Don't talk about it, it should have been instructed by Miss Rong, and it is not easy for that person to continue to inquire, otherwise Miss Rong will have to know again, we are paying attention to her at any time, and then she will definitely make trouble with you."

As soon as these words came out, Fu Jingting's expression suddenly condensed, and he said quickly, "I know, since I didn't find out, then forget it. It's probably not a big deal. Okay, it's all right, you can go back to sleep."

He hung up the phone immediately.

Assistant Zhang looked at the phone screen that had jumped back to the main menu, and smiled proudly.

He knew that as long as Miss Rong was moved out, President Fu would definitely not continue to talk about it.

Hey, I can finally go back to sleep.

Assistant Zhang threw the phone to the side of the pillow, as well as the glasses, and fell back on the pillow with a straight body, and continued to dream of a girlfriend.

I just hope that this time, the dream will not turn into a nightmare again.

This Time, I Will Get My Divorce Chapter 930

Early morning prank

After all, he's still young, so he shouldn't be scared!

Here, after Fu Jingting hung up the phone, he didn't stay in the living room, put away his phone, got up and went back to the room.

In the room, the woman was still sleeping soundly, and her sleeping face was beautiful and peaceful.

Fu Jingting stood by the bed, stared at the woman's face for a while, and finally bent down and touched the woman's slightly red cheeks, then lifted the quilt and bed, put the woman in his arms, and closed his eyes .

After a good night's sleep, when I woke up again, it was already eight o'clock in the morning.

Rong Shu opened her eyes and felt something resting on her waist, wrapping her waist tightly, for fear that she would run away.

She rubbed her eyes, turned her head to look, and saw the man beside her who was still asleep and had not woken up, her face was still slightly surprised.

Usually this man gets up very early and goes out early.

Therefore, when she wakes up, she usually can't see his figure.

Unexpectedly, he woke up later than her today.

Could it be that he was tired last night?

Thinking of this possibility, Rong Shu finally felt a little more balanced.

All along, every time she finished, she was as tired as a dead dog. She didn't want to move, and she couldn't get up the next day.

As for him, he was always in good spirits, even if he didn't sleep all night, he was still alive and kicking the next day, without the slightest fatigue.

Today, I finally showed her the side of him that he couldn't get up, and let her know that he wasn't iron-clad, he was always full of energy and would never get tired.

The more she thought about it, the happier she became, Rong Shu looked at Fu Jingting's closed eyes, sleeping peacefully, her eyes rolled, and a mischievous slyness flashed in her eyes.

Then, she gently lifted the quilt, grabbed the man's wrist, and moved the man's hand from her waist little by little.

When she moved, she was afraid of waking up the man, and from time to time she would look back at the man who was lying on his side facing her.

After seeing that her actions did not disturb the man, she was relieved to continue to move the man's hand, completely removed the man's hand, and placed it on the man herself, she breathed a sigh of relief, and her heart fell back in place.

"Huh" Rong Shu slightly touched the thin sweat on her forehead.

Only then did she know that she would be so tired when she was sneaking around.

Shaking her head, Rong Shu stopped thinking about it, propped her body up and slowly sat up from the bed, then turned around and pulled out the drawer of the bedside table.

She remembered that a new lipstick she bought the other day was in the drawer.

When Rong Shu was looking for lipstick, the man behind her suddenly slowly opened his eyes, staring darkly at her shirtless, white and tender back.

As she leaned forward, her back twisted into a beautiful S-curve. The two shoulder blades on her back also protruded slightly, highlighting two beautiful arcs, as if a pair of white wings were about to grow. It looks like it makes people want to reach out and touch it.

Fu Jingting's big hand hidden under the quilt rubbed slightly, and his thin lips moved slightly.

But soon, with the woman's body slightly stiffening, he immediately closed his eyes again, his hands and lips did not move, and the whole person completely returned to the way he was before closing his eyes, as if nothing had happened.

Rong Shu didn't know what the man behind her did when she was looking for something.

She found her lipstick, held it in front of her eyes, then gave a wicked smile, unscrewed the lid of the lipstick, and spun the lipstick out.

After doing this, she took a deep breath, then held her breath slightly, turned around quietly, glanced at the man who was still 'sleeping' with a guilty conscience, and put the lipstick on the man's lips with a smirk. A little bit on the man's thin lips, painted a bright color.

The lipstick she bought was a bright red with pure color, which was extremely eye-catching and beautiful.

Fu Jingting's lip color has always been relatively light, and the bright red color at this moment not only makes him not feel funny at all, but makes him a touch of coquettish beauty.

Yes, flirtatious.

If it is said that Fu Jingting before putting on lipstick is a lofty and arrogant martial arts leader or the supreme of the heavens.

Fu Jingting, who put on lipstick, is the one described in the description, who likes to wear bright red gorgeous robes and behaves both righteous and evil, the leader of the demon sect, or the sense of sight of the devil in the devil world, but he does not show the slightest femininity. .

If you really let him wear red and an ancient costume hair set, then he is really a demon who came out of the demon world.

Looking at Fu Jingting, whose style was completely different from his usual style, Rong Shu took a breath and felt her heartbeat speed up.

She originally just wanted to play tricks on this man, to put lipstick on him and make him funny.

But unexpectedly, not only did she fail to achieve her goal, but she also discovered the evil side of men.

She was used to seeing men the way they usually looked, and when she accidentally saw a man with a completely different style, she found that she was even more moved.

For a moment, Rong Shu held up her lipstick and stared at Fu Jingting for a while, but she didn't notice that the man's eyes slowly opened.

"Does it look good?" The man's thin lips parted lightly, and his voice was hoarse and lazy when he woke up early in the morning. Combined with his coquettish 'makeup', he looked more like a seductive and uncertain big devil.

Rong Shu came back to her senses, nodded subconsciously

and replied, "It's good." After she finished answering, she realized what the man asked, and she groaned in her heart, and a forced smile appeared on her face, "You already know that?"

Fu Jingting raised his eyelids .

After receiving the answer, Rong Shu felt even more guilty. She turned her eyes away and didn't dare to look at him at all, "So, you actually woke up a long time ago?"

Fu Jingting nodded again, "Of course, if I hadn't woken up long ago, how would I know that my little leaf still has such a naughty side, and would actually play a prank on me?"
As

he spoke, his eyes fell on the lipstick in her hand.

Rong Shu followed, and when she saw the lipstick, she let out a roar in her heart.

Physical evidence was also seen.

“Then what, do you believe me when I said I wanted to do my own makeup?” Rong Shu waved her lipstick with a guilty conscience and asked with a smirk on her face.

Fu Jingting didn’t answer, just looked at her quietly.

Under his eyes, Rong Shu couldn’t argue any longer, she lowered her head knowingly, and smiled embarrassingly at the man, “Well, I was wrong, I admit that I played a prank on you, but”

she glared at the man, “Since you woke up a long time ago, why didn’t you stop me and expose me? Instead, let me finish it? Did you just wait for me to finish it, and then deliberately arrest me so that you can get hold of me?”

Looking at the woman One second before, he was still apologizing for his actions, but the next second, he immediately explained his crime to him, and directly questioned him about his appearance. Fu Jingting felt a burst of laughter.

After shaking his head helplessly, he got up slightly, looked back at the woman with his head half-supported, “I never thought about it that way, I won’t expose you or stop you, just because I spoil you, you want to play, of course I will I’m playing with you, it’s rare to see such a lively side of you, how can I have the heart to interrupt.”

Rong Shu slightly opened her red lips, and her face was full of surprise.

Obviously, he never thought that the man would not stop her because of this.

She put the lipstick back on the head of the bed, and replied a little embarrassedly, “You made me feel ashamed of my childish behavior by doing this.”
