This Time, I Will Get My Divorce Chapter 931

Very exciting early in the morning

“You don’t have to feel ashamed.” Fu Jingting stretched out his hand and squeezed her face gently, “As long as you didn’t want to kill me, you don’t have to feel guilty for everything you did to me, and I myself will understand that you are naughty, You only did this to me because you liked me, would you do it to others just now?”

Rong Shu shook her head, “I’m crazy.” If

you do it to others, others will come over with a slap. Fu Jingting

hooked his lips, “Isn’t that right? So this is your special care for me, another expression of your love for me. Why do you feel guilty and give me your phone.”

He sat up on the bed, leaning back against the head of the bed and reaching out to the woman.

“Why do you want a mobile phone?” Although the woman asked suspiciously, she still handed the mobile phone over in her hand.

After Fu Jingting checked the phone, he put the black screen in front of him and looked at himself reflected on the screen.

Looking at the blushing thin lips, the corners of the lips raised a slight arc, “The craftsmanship is good.”

He praised.

Rong Shu blushed, “Should I thank me?”

Fu Jingting smiled softly, “You want to thank me for your compliment, of course, but”

“But what?” Rong Shu blinked and looked at him.

The man lightly opened his thin lips and replied, “A big man, wearing lipstick is not good after all.”

Rong Shu nodded again and again, “I know, I just saw that you were still awake, and I wanted to prank you on a whim, but I never thought about letting you go out wearing lipstick. After all, you are my person, how can I make others laugh at you? Although they may not laugh at you, after all, this lipstick is quite suitable for you. , but they will definitely stare at you, after all, you are so flirtatious, but you look more rare than usual.”

“Oh?” Fu Jingting’s eyes flashed a glimmer of light, “Then do you miss me now?”

Rong Shu’s cheeks were slightly red with a light cough, “It’s okay!”

When answering, she quietly glanced at his thin lips.

Seeing the woman peeking at him secretly, Fu Jingting’s eyes filled with a smile, “It seems that you like me too, but no matter how rare, this lipstick has to be wiped off, like you said, you don’t want others to stare at me all the time. I see, the same, I don’t like people staring at me all the time, I just want to give you a stare, if you like me like this, come back every night, you want to see, I can make it like this for you , even role-playing is fine.”

He approached her ear, bit her earlobe lightly, and said in a charming, hoarse voice.

At that moment, Rong Shu’s back straightened instantly, goosebumps all over her body, she was numb, but also Su’s, her small face was even more red, “Don’t say it.”

She pushed gently . Open man.

The man looked at her flushed face, flushed ears, flushed neck, thumping chest, and let out a low, ear-pregnant laugh.

Listening to the man’s laughter, Rong Shu only felt more embarrassed.

Luckily, the man also figured it out, and he made it like this every day for her, and played role-playing.

Unexpectedly, he can still play such a flower.

The role-playing is done.

But what is she going to play?

If you let her play some roles that can overwhelm him, it doesn’t seem to be impossible

. Cough, bah, bah, what are you thinking!

Rong Shu quickly shook her head.

Really, my thoughts were all taken away by this man.

You know, she used to be very pure, why can’t she think about it now

, can’t think about it anymore.

Rong Shu let out a long sigh, and quickly suppressed these messy thoughts, lest she really degenerate.

However, the man's eyes flashed slightly, but he didn't let her go, "What were you thinking just now?"

Rong Shu's eyes widened, and subconsciously she replied loudly, "Nothing."

"Really?" Fu Jingting raised his eyebrows, obviously not convinced.

Rong Shu nodded her head like a chicken pecking rice, "It's true, it must be true."

Seeing that she was unwilling to say anything, Fu Jingting's eyes flashed with disappointment, but he didn't force her, "If you don't think about anything, then let it go. Yes, but my lipstick"

"I'll wipe it for you." Rong Shu replied immediately.

She did it herself, and of course she was responsible for the finishing touches.

Coincidentally, there are also makeup removers and makeup removers in the bedside table.

Thinking about it, Rong Shu was about to turn over and look for it.

Fu Jingting grabbed her wrist, pulled her body back, and hugged her tightly.

After the two ended last night, they only washed their bodies and did not put on clothes.

Before Fu Jingting went to sleep, he wore a bathrobe, but when he went to sleep, he took it off by himself.

So at this moment, both of them are naked.

Rong Shu was pulled into his arms by the man off guard. Naturally, the two naked bodies were attached to each other without any gaps. It felt as if there was an electric current that hit the whole body, and they could clearly see each other. Feel the body temperature from the other person's skin.

Although they have had the most intimate contact several times, Rong Shu is still a little uncomfortable and a little embarrassed to stick with a man naked.

She subconsciously wanted to hide.

But Fu Jingting saw her intention and hugged her waist tightly, not giving her a chance to hide at all.

In the end, his hands even directly supported her waist, lifted her up, let her spread his legs and sat on his waist.

At that moment, Rong Shu instantly felt ashamed.

Isn't this posture, this posture

the navel orange?

There was a time before, when a man wanted to use this posture, but she was resolutely rejected by her words.

Because it's too shameful to let her move on her own.

She didn't want to move by herself, that would make her feel like a woman who was having fun, so she resolutely quit.

Fortunately, Fu Jingting also respected her, she didn't want to, he didn't force her.

Therefore, they have not used such a posture these times.

But now, when they weren't doing that, Fu Jingting put her on him in that posture, and they were not wearing anything now, so they were doing that in that posture, Makes no difference.

The more I think about it, the more shame I feel, the faster my heart beats, and the hotter my face becomes.

Rong Shu quickly pushed the man, "Let me go, I'll wipe your lipstick."

"How do you want to wipe it?" Fu Jingting squeezed her waist with both hands and didn't let her go at all.

Rong Shu put her hands on his chest, "There is makeup remover in the drawer, use that to wipe it, and it's gone."

However, Fu Jingting shook his head, "I don't like to use this conventional method."

"What do you mean?" Rong Shu was stunned. Fu Jingting curled his lips and looked at her with deep eyes, "I like to use a unique way. This is your lipstick and you put it on me, so just wipe it off with your little mouth."

, he released a hand on her waist, then stretched it up, grabbed the back of her head, and pressed her head down.

At the same time as her head was pressed down, her body naturally followed.

Finally, Rong Shu pressed her body against Fu Jingting. Fu Jingting raised her chin, stared at her lips for two seconds, and bit her lip while she was stunned.

Rong Shu felt a slight tingling on her lips, and then she realized that the unique way of wiping lipstick was actually like this.

Suddenly, Rong Shu was ashamed and angry.

Bah, what's the lipstick way.

This is simply an excuse he made deliberately for wanting to kiss her.

dog man!

Lu Qi's Phone

Although she complained in her heart, Rong Shu did not push the man away, but instead hugged the man's neck and responded.

After the man felt the woman's movement, he immediately seemed to be encouraged, and the kiss became more vigorous.

By the time the exercise was over, it was already eleven o'clock in the afternoon.

Rong Shu's stomach growled with hunger, but she didn't care about her stomach, instead she sat on the bed in a daze.

She was thinking, when did she become so wild, and it's okay to mess around with that person last night.

Why was she messing with the man again this early in the morning?

Can't she just hold on to her current bottom line?

Looking at the woman's blank look, standing beside the bed, the corners of Fu Jingting's lips curled up in a satisfied arc.

Obviously, the exercise just now gave him great satisfaction and satisfaction.

“Okay, don’t be in a daze, I’ll take you to wash.” After getting dressed, Fu Jingting reached out and stroked Rong Shu’s hair lightly.

Rong Shu recovered, picked up the quilt and covered her face. The whole person was completely lying on the quilt, like a cocoon, which made people look funny.

Fu Jingting knew that she was shy.

Before, they had never been so crazy early in the morning.

This is beyond her acceptable range.

Moreover, he also used the posture of a boy and a girl that he had always wanted to use before, but she never agreed.

This undoubtedly made her sense of shame completely burst.

When she was doing it, she forgot everything and was immersed in the beauty, so she didn’t think of anything else. Now that it was over, she would naturally feel embarrassed to meet others.

But Fu Jingting didn’t regret pulling her out early in the morning.

Again, she was too shy and couldn’t let go.

He took her a few more times to be special, so that he could enjoy more benefits after she gradually let go.

Such as the roof, bathroom, kitchen, or office

, he wants to try with her, leaving traces that belong only to them.

Of course, he can only think about these now, and he can’t say it to let her know.

Otherwise, let alone leave good memories in these places in the future, this morning, he probably won’t have a second time.

Thinking of this, Fu Jingting’s eyes darkened, but soon returned to normal. He stretched out his hand to lift the quilt covering the woman, “Don’t cover yourself, aren’t you afraid of holding your breath?”

Rong Shu snorted and said nothing.

What is holding your breath, I’m sorry to see talent is the most important thing.

In the past, she never dared to imagine that she would be so bold and open.

If someone told her that, she would probably die of laughter.

But, the fact is that, under the temptation of this man step by step, she really changed little by little to what she couldn't imagine in the past.

In the long run, she is afraid that her acceptance of this kind of thing will really be so high that she doesn't dare to think about it.

"Stop humming, aren't you hungry?" Fu Jingting tapped the back of Rong Shu's neck lightly.

Rong Shu looked up at him, her eyes full of resentment.

Fu Jingting chuckled, "Okay, it's my fault, then how about I take you to wash up and apologize to you?"

Rong Shu pursed her red lips, but still didn't speak, but opened her arms.

Seeing this, Fu Jingting's smile deepened, he picked her up and walked out of the room to the bathroom.

After serving Rong Shu and washing, Fu Jingting carried the person back to the room, and then went to the closet in person to choose a set of clothes for her.

His eyesight is very good, and his aesthetics are also high. The set of clothes that he comes out with is very good-looking.

Rong Shu is quite rare. She has bought this dress for a long time. She bought it separately and has not worn it a few times.

Rong Shu held the clothes in her arms and looked at Fu Jingting in surprise, "I really can't tell, you are quite good at matching clothes."

"Although Fu's is not involved in the clothing industry, he is very familiar with the major luxury brands. There is investment. Every quarter, the reports of these luxury goods will come to my hands and let me sign it. Usually, I will be invited by these brands to go and see the new product show. Know a little bit, of course, the most important thing is that you can buy clothes, otherwise I can't match them."

His words not only explained why he matched clothes, but also praised Rong Shu.

Although Rong Shu was a little embarrassed on the face, she was still secretly happy.

"Okay, let's get dressed, I'm going out to get something to eat, what do you want to eat?" Fu Jingting asked while rubbing her hair.

Rong Shu blinked, "It's almost twelve o'clock, just don't do anything too complicated."

Now, she is completely relieved to hand over the kitchen to him.

Fu Jingting nodded, "Okay, let's make two bowls of noodles, wait for me."

After he finished speaking, he embraced Rong Shu's head, kissed her on the forehead, got up, left the room, and walked to the kitchen.

Rong Shu touched the forehead that he had kissed, and muttered with a smile, "This man really takes advantage of me when he seizes the opportunity." She

shook her head with a helpless smile, and Rong Shu began to dress one by one.

After getting dressed, she walked over to the full-length mirror next to the closet and took a look at herself.

look at yourselfShe was in a trance for a few seconds, then turned around in front of the mirror and found that the style that Fu Jingting matched for her really suited her the more she looked.

Fits better than what you usually wear.

Otherwise, in the future, I will buy clothes according to the style that Fu Jingting matched for her today?

Rong Shu touched her chin, already making up her mind.

Just when Rong Shu finished looking in the mirror and was about to go out to show Fu Jingting his masterpiece, the phone on the bedside suddenly rang.

Rong Shu temporarily dismissed the thoughts in her heart and walked over to the phone.

Going to the head of the bed and looking down, the call was from Lu Qi.

Without any hesitation, she reached out to pick up the phone and answered, "Aqi."

"Shush, what's going on with Yu Tu? How can you sell our parts to others?" An irritated questioning sound.

Of course, Rong Shu knew that Lu Qi's irritability and questioning were not for her, but for Yu Tu.

Yu Tu, which is the name of their current cooperative factory.

Rong Shu didn't immediately answer Lu Qi's meeting, but asked in surprise, "Aqi, how did you know about this?"

She didn't seem to inform him, did she?

Could it be that the fact that the parts were robbed has been exposed?

That group of people from Duan Xingbang, as well as the employees of the group, are they in a mess now?

After all, this batch of parts is very important, and it is almost related to Tiansheng's lifeline. After all, Tiansheng is in the heavy industry.

Two days later, these parts were delivered to Tiansheng, and then Tiansheng continued to process them. Without this batch of parts, those employees who were waiting for processing would have nothing to do. The labor costs, lost labor costs, and various expenses still have to be paid. Continue to bear.

This Time, I Will Get My Divorce Chapter 933

I don't know what to do

This is equivalent to spending money on air.

But unfortunately, with the current Tiansheng, he can't afford it at all, but he has to buy it.

So in the end, the result is that the money is spent, Tiansheng has no supply to sell, no income, and then the wages of employees, bank loans, dividends from cooperation with other companies, etc. are not available.

At that time, what is waiting for Tiancheng is the bankruptcy law.

A small part being robbed can lead to such terrible results, so it is conceivable how important the parts are.

Once Duan Xingbang knew about it, he would definitely use the topic to attack her as the chairman.

And let the employees know, they will only panic, worried that they will not get this month's salary, and I am afraid they will also make trouble.

Therefore, she prudently blocked the news and did not let anyone other than her and the assistant secretary know.

But unexpectedly, Aqi actually knew.

If Lu Qi knows, it is possible to know on behalf of Duan Xingbang and the employees of the group. Is the group making trouble now?

Thinking of this possibility, Rong Shu's heart sank to the bottom in an instant.

At this moment, Lu Qi answered, "It was one of your secretaries who called and told me, don't forget, I am also the nominal director of Tiansheng, and the original cooperation with Yu Tu was also my connection, you. It's done, Yu Tu's side is regarded as a breach of contract, and I, the matchmaker, should know that, so your secretary told me this morning, and I immediately went to see Mr. Yu Tu, but Mr. Yu Tu didn't see me, I I didn't know why Yu Tu broke the contract, so I came to contact you."

"So it is." After hearing Lu Qi's explanation, Rong Shu was relieved to know that it was not what she thought.

"Shushu, what's going on?" Lu Qi frowned and asked again, "Why did Yu Tu suddenly break the contract? I remember that this batch of parts is about to be delivered?"

"Well, just these two God." Rong Shu nodded.

Lu Qi slapped the table angrily, "It's about to be delivered soon. He sells the parts to others. He's really brave. Shu Shu, tell me, did something happen between you and Boss Yu Tu?"

"How could Mr. Tu risk such a big risk to break the contract.

This is legal responsibility.

Rong Shu shook his head, "No, I didn't have any grievances with Chairman Yu Tu, but I had a conflict with the person who stole our parts, and that person probably caught the handle of Boss Yu Tu and threatened Yu Tu. The boss sold him the parts so that I can't get the parts, so I can get what he wants from me."

"What?" Lu Qi was surprised, "there is actually such a curved road in here. Shushu, who did you offend?"

He asked hurriedly.

Want to see if I can help myself.

Rong Shu bit her red lips and slowly spit out a name, "Su Cheng."

“Su Cheng?” Lu Qi was stunned for a moment, thinking the name sounded familiar.

But soon, he remembered it, his face full of shock, “Shu Shu, don’t tell me, it’s Su Cheng, the head of the Su family in the capital? The Su family of several major families in the capital alongside the Ye family.”

“It’s him. “Rong Shu nodded.

Lu Qi sucked in a breath, “It’s really him, Shushu, why did you have a grudge with him? Logically speaking, you can’t even fight.”

Rong Shu lowered his eyelids, “It’s Su Cheng’s private interest. Have a daughter.”

“What?” Lu Qi couldn’t understand.

Rong Shu replied again, “Su Cheng has an illegitimate daughter who recently came to the sea market. She is the Su Man you know.”

“The previous one fell in love with Fu Jingting at first sight, tried to dig your corner, and was pressed by you and Fu Jingting to publicly apologize. Su Man, is Su Cheng’s illegitimate daughter?” Lu Qi’s voice was raised in surprise.

Rong Shu hummed again, “It’s her.”

“I’ll go.” Lu Qi looked horrified, “I thought it was an ordinary orphan, but I didn’t expect to have such a background.

“Yeah. Rong Shu sighed.

Who would have thought of this?

At first, both she and Fu Jingting felt that Su Man was just an ordinary girl from an orphanage, but she was smarter than ordinary people and could make money, so even if she had no The background can also spend a lot of money to change her image.

But if such a girl, not green tea, would not do the disgusting behavior of poaching other people’s boyfriends, she would definitely admire such a girl very much.

After all, if it was her, she didn’t necessarily think that she was born in an orphanage and could make so much money at a young age.

But, Su Man is a green tea who doesn’t care, a disgusting woman who digs her corners, so even so No matter how talented the woman is, she will look down on it.

After that apology, she thought she and Su Man would never meet again, but she didn't expect that, not long after, she met in a dress shop, and there was a dress The incident of being robbed and destroyed is also this incident, which involved Su Man's identity.

Otherwise, she and Fu Jingting would not know that Su Man is Su Cheng's daughter by now.

"So, Su Cheng is because of The last time you asked his daughter to apologize in public, so he hated you, and then stole the parts to get revenge on you? Lu Qi frowned and guessed.

Rong Shu nodded and shook his head, "There should be this reason, but the real reason is the second conflict between me and Su Man. "

"What? Did you bump into Su Man again? "Lu Qi exclaimed.

Rong Shu pursed her lips, but she didn't hide it. She told him about her encounter with Su Man in the dress shop and everything that happened after that.

However, the grievances between Fu Jingting and Su Cheng were hidden . After all, outsiders don't know what happened between Su Cheng and Fu Jingting's mother.

She wouldn't say it without Fu Jingting's permission.

This is the Fu family's secret.

"I'll go!" After listening to Rong Shu's description, Lu Qi was angry with Su Man even though he didn't personally participate in these things, and walked around his office angrily, "This Su family father and daughter have brains. Sick, it's obviously their fault, in the end, if you don't forgive them, it's your fault, and then cut off your parts to threaten you, how can there be such a shameless person in this world?"

Rong Shu rubbed Rubbing his temples, "Yeah, I'm also thinking, why do I keep meeting these people?"

"That's why God doesn't have eyes." Lu Qi raised his head and looked at the floor-to-ceiling windows of the office, and looked outside through the floor-to-ceiling windows. the sky, and then raised his head towards the sky fiercely.

Although Rong Shu couldn't see it, he could imagine his current expression, and there was a helpless smile on his face.

"How do you plan to solve this matter?" After raising his middle finger, Lu Qi retracted his gaze and asked the business with a serious expression.

Rong Shu closed her eyes, "To be honest, I don't have any solution yet."

Lu Qi was not surprised by her answer, and after a few seconds of silence, he said, "If you want to get the parts back, I guess you can only promise that one. Su Cheng, let Su Man go, but in this way, my heart is too aggrieved. It is obviously not you who is wrong. You are just using the correct legal means to punish the wicked. In the end, you have to be threatened and compromised by the wicked. No matter who it is, I have to be unwilling in my heart."

These words came to Rong Shu's heart, so she bit her lip and replied, "So, from the beginning, I didn't plan to compromise."

"But if you don't compromise, you can't get the parts back. What will be the consequences, you."

"I've thought about it, so I'm very irritable now. I feel like I'm standing on the edge of a cliff, and I don't know what to do." Rong Shu sat back on the bed with some discouragement.

This Time, I Will Get My Divorce Chapter 934

Lu Qi was also silent, for a while, he couldn't think of a good way.

After all, the person facing each other this time is the head of the Su family.

Not to mention the current Tiancheng, even the Lu Clan, cannot afford to provoke an existence.

Otherwise, he would directly put pressure on Su Cheng in the name of the Lu family and ask Su Cheng to return the parts obediently.

Of course, there is still one person who can ask Su Cheng to hand over the parts, and that is Fu Jingting.

It's just that Fu Jingting is a rival in love to him and a person he hates.

Therefore, he had no way to ask Fu Jingting for help.

I can't let go of this face, and I can't let go of this dignity.

At the same time, he could not ask Rong Shu to ask Fu Jingting.

Although they were boyfriend and girlfriend, it was only natural for Rong Shu to ask Fu Jingting to help.

But he knew her, she wouldn't want to rely on a man to do something, otherwise, she would have gone to Fu Jingting directly at the moment it happened, and it wouldn't have dragged on until now.

So as a friend, he respects her thoughts, and she doesn't want to ask Fu Jingting for help, so naturally he won't mention this.

Also, he didn't let her ask Fu Jingting for help, and he also had his own selfish intentions to ask her to go to Fu Jingting, which undoubtedly admitted that he was incomparable to Fu Jingting in all aspects, that Fu Jingting was not useful, and there was no Fu Jingting that he could bring to her. help.

He knew it was despicable to think like this, but he didn't want to either.

He has been in love with Rong Shu for more than ten years. He has fallen in love with her since he was sensible in adolescence, much earlier than Fu Jingting fell in love with her.

But in the end, it was snatched by Fu Jingting twice.

Although now he has said to give up, he has also said to let go and bless them, but he is not reconciled after all.

All in all, he was just not willing to go to Fu Jingting.

After thinking about it, Lu Qi hesitated in his heart, but in the end he didn't open his mouth to ask Rong Shu to go to Fu Jingting. He only suggested, "Shu Shu, why don't we try to buy a batch of parts from our peers? The problem is solved, let Tiancheng continue to operate, as for the matter of finding Su Cheng to settle accounts, you can take it slow later, what do you think?"

He asked.

Rong Shu sighed, "Do you think I hadn't thought of this way? Of course I thought about it, but it didn't work. The parts of the peers will have their own company's lo engraved on them. Cancel the lo, and engrave our Tiansheng's lo, this is undoubtedly a big project, time-consuming and labor-intensive, and it can't be done in five days, so after those lo's are canceled, our Tiansheng has long been in chaos. Get up, of course, it's okay to buy those parts that don't have lo for the time being, but those kinds of parts are only a few. If you scrape the parts from all over the country, it's probably not enough. Now, the parts lo are basically engraved as soon as you make them. ."

She also went to inspect the parts processing process at Yu Tu's side.

So it is very clear when the parts lo are engraved.

After all, lo represents the logo of a company, so people can see which company the parts came from.

Therefore, it is a very rigorous thing to engrave lo on parts, and it must not be neglected, let alone engraved.

Listening to Rong Shu's words, Lu Qi scratched his hair and became irritated, "Then this won't work, that won't work, isn't there any way? Or, just confront Su Cheng and get the parts back? But it was successful. "Probability"

, he didn't say anything later.

It hurts to say it.

The current Tiancheng, facing Su Cheng, wants to get back the parts, it is simply impossible.

"Or, let Cheng Huai help?" Lu Qi smiled and suggested again.

Cheng Huai is an official person. If he came forward, it would be impossible for Su Cheng not to sell his face.

Sucheng is a native of the capital, and coming to Haishi, on a site under the official jurisdiction of the Cheng family, to find trouble with Haishi enterprises is itself a kind of provocation to the Haishi officials.

The biggest official in the city, the Cheng family, should come forward.

However, Rong Shu also shook his head, "I've thought about this too, but I still veto it, don't forget, Cheng Huai and Fu Jingting are friends, if I ask Cheng Huai to help, Fu Jingting will definitely know, what will happen to him then Think? Think I'd rather go over him to find someone else for help than find him as a boyfriend, where have I put him? Do I have him in my heart? At that time, there will definitely be problems in my relationship with him. , and I made it myself, I don't want to see this kind of thing happen."

Feelings are not a joke.

Many times, the relationship between the two parties is good, but just because one of the parties takes a wrong step, there may be a problem in the relationship that should not be a problem.

So many times, when doing something, it is best to think twice before doing it.

What's more, she has already asked Cheng Huai for help several times, and the favor has not been paid off, so how could she be embarrassed to ask again.

Hearing what Rong Shu said, Lu Qi stopped talking.

She refused to let Cheng Huai help, actually to take care of Fu Jingting's mood.

It can be seen how much she cares about Fu Jingting now.

Lu Qi's heart throbbed so badly that he couldn't help tightening his hand holding the phone. He smiled bitterly and said, "I really doubt that Fu Jingting is a humanoid drug addict."

"Ah?" Rong Shu was stunned, obviously not. I understand why he described Fu Jingting in this way.

Lu Qi leaned back on the chair behind him, his head tilted to his head. On the pillow, he closed his eyes slightly to hide the sadness in his eyes, "It's Fu Jingting, if it wasn't for a humanoid drug, how could you be so obsessed with him now, and my parents, I went back this morning and asked about yesterday. When you and Fu Jingting came to the house late, the two of them were not so satisfied with Fu Jingting. They took me and praised Fu Jingting for a while. The compliments were ignored. That's why I said, is Fu Jingting addicted to humanoid drugs? It's okay to be fascinated by you. How can I make my parents so full of praise for him? After all, Fu Jingting and I, who is their son?"

Listening With his complaints, Rong Shu covered her lips and smiled, and the laughing branches trembled, "Okay, Aqi, don't take it easy, in fact, there are reasons why my uncle and aunt respect Fu Jingting so much. This is not a gift for me."

"So it is." Even if Rong Shu didn't finish speaking, Lu Qi understood.

Fu Jingting has a lot of money, and the gifts he does give are more likely to satisfy his father than he is when he is a son.

After all, some of the things her parents liked, it would be a little stressful for him to actually buy them.

"Forget it, I've already lost to Fu Jingting when I'm with you anyway. Now I'm used to losing again with my parents." Lu Qi waved his hand and turned the topic back to the previous one with a serious expression. "Shu Shu, it really doesn't work, we'll take a loan from the bank to transition this matter."

"You mean, give up that batch of parts?" Rong Shu's expression became solemn.

Lu nodded, "That's right, if you really can't get it back, you can only give it up, but after giving up, the various expenses cannot be paid by the current Tiancheng, so you can

only take a loan, make it through this time, and then When the batch of machines you talked about in Kimchi Country arrives, we can produce the parts ourselves, and we won't have to work with anyone, so we won't have to worry about these things anymore, what do you think?"

Life after getting old

This way,

Rong Shu was silent.

To be honest, she thinks it is feasible.

It's just that if you give up that batch of parts, you need to spend money to tide you over, and the amount of money is undoubtedly huge.

If Tiansheng wanted to lend this huge sum of money, he had to take out valuable collateral.

And now Tiansheng's most valuable collateral is the Tiansheng Group building.

Mortgage the building is a very risky act.

Not careful, maybe the building was lost in her hands.

Therefore, she must think carefully.

Thinking about it, Rong Shu rubbed her temples, took a deep breath and replied, "Let me think about it, Ah Qi, I'll think about it for a day."

Lu Qi also knew what she was hesitating about. If it was him, he would do the same.

Nodding his head, Lu Qi replied, "Okay, think about it, no matter what you think about it, remember to tell me, don't worry me."

"Well." Rong Shu squeezed the corner of her mouth and agreed.

After that, the two said a few more words and hung up the phone.

Rong Shu put down her phone, sat beside the bed, lowered her head slightly, and fell into deep thought.

It wasn't until a few minutes later that the door was opened, and Fu Jingting walked in and asked softly, "What's wrong? Are you in a daze again?"

Rong Shu's eyes flashed, she raised her head to look at the man, and smiled at the man, "It's nothing, I'm thinking about something, by the way, what do you think of my body?"

She stood up and suppressed the irritability in her heart. She didn't want Fu Jingting to see it, so she quickly changed the subject and turned around in front of the man, let the man look at her dress.

The man touched his chin and nodded, with undisguised admiration in his eyes, "Yes, it's beautiful."

"Of course, after all, this is what Mr. Fu chose." Rong Shu put down her arms and said with a smile.

Fu Jingting curled his lips, "So my eyesight is not bad, right?"

Rong Shu gave a thumbs up, "Yes, Mr. Fu has a good eye, otherwise he wouldn't be able to choose such a good-looking dress for me."

"After that, How do I match you every day?" Fu Jingting approached her, put his arms around her slender waist, and leaned his head in her ear and said.

Rong Shu looked at the man, "If you want, of course I'll be fine."

There are free coordinators, so you don't need to do it for nothing.

Looking at the slyness in Rong Shu's eyes, Fu Jingting chuckled softly, "Okay, as long as I have time in the future, I will choose the clothes you will wear the next day, all right, let's go, the meal is ready, eat Go."

When he finished, he took her hand and led her to the restaurant.

Fu Jingting cooked two bowls of noodles, but the noodles were extremely rich.

There are shrimp, meat and barbecued pork, as well as half an egg and two small cabbage for decoration, which makes people mouth-watering.

Rong Shu pressed her hair and leaned over to smell the smell. She smiled and praised, "It's delicious. It must be delicious. It's hard work."

” Pull out the chair for Rong Shu.

After she sat down, she stuffed the chopsticks into her hands again, “Hurry up and eat.”

“Yeah.” Rong Shu clenched the chopsticks and nodded heavily, then picked up the noodles and started eating.

Tender noodles, springy shrimp, smooth and tender meat, and sweet barbecued pork. Although these ingredients are far from the top level, the combination of these ingredients is simply amazing.

Rong Shu couldn't help chewing and said, “Fu Jingting, if you go to open a noodle shop someday, and sell such noodles exclusively, the business will definitely get old.”

Fu Jingting drank the soup gracefully with a spoon, and then replied, “Okay, when we are old and retired, and after we hand over the group to the children, we will go to open a noodle restaurant, I will make noodles, how do you charge me? ?”

Rong Shu didn't expect that the man would really follow her words, and also depicted their life scenes when they were old.

This made her unable to subconsciously follow his description and think in that direction.

Thinking of what he said, it seems pretty good to open a noodle restaurant when you get old.

Thinking about it, Rong Shu couldn't help blushing and lowered her head, speeding up the speed of eating noodles.

Although she did not answer her own question, but looking at her red face, Fu Jingting still knew that her thoughts and answers were in her mind, a smile flashed in her eyes, and she did not speak.

When talking, she will be more shy.

After the meal, Fu Jingting rejected Rong Shu's move to clean up the tableware and let her sit and rest on the sofa. He carried the tableware and chopsticks himself and went to the kitchen to clean them.

The man didn't let her do it, but Rong Shu was also very happy, sitting on the sofa, quietly waiting for him to finish.

After waiting for a while, the phone vibrated.

Rong Shu picked it up and saw that it was a message from Lu Qi.

I just finished the phone call, what is he doing with the message now?

Rong Shu curiously clicked on the message and found that what Lu Qi had sent was actually a file data.

She moved her fingers slightly to receive the file, and then clicked to view it, and found that it actually contained Su Cheng's personal information, which was very detailed.

She took a cursory look and found that in this document, in addition to some secret information about Su Cheng, such as emotional experience, secretly done all kinds of shameful things, there are others.

In particular, the character of Su Cheng is very refined.

Rong Shu looked at this document, and several question marks popped up on her forehead.

Obviously she didn't understand, what did Lu Qifa do for her?

Rong Shu had no reason, and immediately typed in and asked.

Lu Qi's reply was also very fast. Don't you want to meet Su Cheng the day after tomorrow? You probably don't know what kind of person Su Cheng is. You don't know enough about it, so I specifically looked for the relationship in the capital and got a detailed information on Su Cheng. You can take a good look and try to get Su Cheng's. Read the information thoroughly, get to know more about this person, so as not to suffer when you meet.

Seeing this reply, the corner of Rong Shu's mouth raised a warm smile.

Sure enough, a true friend would do this for her.

This information is so detailed, it is estimated that he has spent a lot of money.

Rong Shu was moved, she tapped her fingertips slightly, and started typing to reply. I got it, thank you Aqi.

She did not mention this information, how much he paid for it.

He didn't even want to return the money to him.

She knew him, she knew that once he brought it up, he would definitely be angry and sad.

In his opinion, what he did for her was done voluntarily, and he didn't want her to give any money.

She gave it, but was there with him, a signal that she wanted to distance herself from him.

Therefore, she who knows him will not mention or ask these questions.

Sure enough, Lu Qi's reply, between the lines, was clearly filled with happiness and joy. Thank you, I'm also your brother, okay, let's not talk about it for now, I have a meeting next. "

Rong Shu smiled and let's go get busy.

As soon as I put down the phone, there were footsteps behind him, and he followed the man's question, "Who are you chatting with, and laughing so happily? "

"Ah. Rong Shu didn't hide the man, she turned her head to look at the man who came and replied.

Hearing that it was Lu Qi, Fu Jingting frowned suddenly, "He?" What is he doing with you? "

"You can't find me if you're okay?" Rong Shu chuckled, "When there's nothing wrong with friends, you can chat casually." "Hmph, be courteous." Fu Jingting glanced at her phone and sipped. The lips are uncomfortable.

Rong Shu held her head up, her smile deepened, "Unhappy?"

Fu Jingting sat down beside her without answering.

But the three words "unhappy" were directly engraved on his face.

After all, I'm jealous again.

Fu Jingting's Gift

"Why do you love sour and jealous so much?" Looking at the man's awkward appearance, Rong Shu couldn't help laughing.

Fu Jingting glanced at her, "I'm jealous because I care." That's why I'm

unhappy.

Rong Shu believed this.

“Okay, how about I say something that makes you happy?” Rong Shu gently bumped the man’s shoulder with her elbow.

The man grabbed her naughty arm and squeezed it in his palm, “What’s so happy?”

“You know, what did Ah Qi tell me before?” Rong Shu looked at him.

Fu Jingting pursed his lips, “You two contact me behind your back, how do I know.”

Rong Shu rolled her eyes, “What does it mean to be behind your back, don’t say it, I really want to be sorry for you, you ask me who to contact, I will. Didn’t I tell you very generously.”

So, how can it be said that he was behind his back?

Fu Jingting hummed and said nothing.

Rong Shu smiled helplessly, “Alright, alright, let’s not talk about it, I’ll tell you directly, Aqi complained to me, what exactly did you do to your uncle and aunt, so that your uncle and aunt have a very good impression of you, and you should be Complimenting you in his face, and saying that he is nowhere near as good as you, causing Aqi to doubt, who is the son of your uncle and aunt? Isn’t it?” Was

n’t he just because he always cared about what Ah Qi thought about her, so every time he saw her contact Ah Qi, he would be jealous.

Then this time, she told him about Aqi’s embarrassing things, I believe he would not be jealous and angry when he heard the embarrassing things about his rival?

Sure enough, hearing that Lu Qi was disliked by Chairman Lu and his wife because of himself, Fu Jingting’s eyes were obviously brighter, and the jealousy around him also faded at a speed visible to the naked eye. camber.

“Is Lu Qi really telling you that?” Fu Jingting looked at Rong Shu and asked with his eyes confirming.

Rong Shu nodded, “Of course, why did I lie to you, otherwise you should ask your uncle and aunt.”

“I believe you.” , is also so obvious.

Seeing this, Rong Shu knew that the man's mood had improved, and he couldn't help laughing and crying, "So, are you happy now?"

She asked again.

Fu Jingting looked away, and coughed against his lips while pretending to be reserved, and said lightly, "It's okay, it's better than before."

Seeing him so arrogant, Rong Shu couldn't help rolling her eyes again, but her face was filled with expression. smiling.

Really, feel better.

Why don't you just admit it?

"Okay, it's getting late, let's go." After laughing, Rong Shu looked at the time, it was past twelve o'clock, and it was time to go to work in their respective groups.

They didn't go in the morning, and they should have gone in the afternoon.

Fu Jingting didn't say anything. After ok, he took her hand and went out with her.

The two came to the parking lot.

Assistant Zhang was leaning next to Fu Jingting's Maybach, his head down, and he kept lighting the phone.

When the two walked in, Assistant Zhang noticed it, and then put down the phone and raised his head, "Mr. Fu, Miss Rong."

Rong Shu smiled and nodded at him, which was a response.

Fu Jingting looked directly at Assistant Zhang and asked, "I asked you to prepare, are you ready?"

Assistant Zhang pushed up his glasses, gave Rong Shu a meaningful look, then nodded and replied, "Of course, I do things you don't know. Do n't worry?"

Fu Jingting ignored his boastful words and took Rong Shu to the trunk of Maybach.

"Why?" Rong Shu was led by him to the trunk for unknown reasons.

Fu Jingting looked at the trunk and said mysteriously, "You'll find out later, Zhang Cheng."

He called Assistant Zhang's name.

Assistant Zhang's response quickly came from the driver's seat, "I know Mr. Fu." As the voice fell, Maybach's trunk was automatically unlocked and opened, slowly rising.

As the trunk rose little by little, the scene in the trunk also appeared in front of Rong Shu little by little.

First there are balloons, then flowers, and finally a few delicately packaged gift boxes.

Rong Shu already understood something in her heart, opened her mouth wide, and looked up at the man beside her in disbelief.

I have never eaten pork and seen a run-up.

She can often find some gifts that her boyfriend gave to his girlfriend on the Internet, hide it in the trunk of the car, and after some arrangements, give his girlfriend a short video of a surprise.

Now, the scene in the short video appeared in front of herself, on herself.

At this moment, she finally understood that in the short video, those girls were surprised and excited when they saw such a gift with ulterior motives.

Rong Shu's heart beat fast, she pointed to the trunk, then to herself, her red lips parted, and it took a while to get her voice back, "This is me."

"Are you a surprise?" Fu Jingting Glancing at the romantically arranged trunk, he asked softly.

Rong Shu swallowed her saliva and nodded slowly, her voice still trembling with shock, "Surprise, but I don't understand, why are you so good at preparing such a big surprise for me? It seems that there are no festivals now.

"Who said that you can only give gifts to your lover during the holidays?" Fu Jingting raised his eyebrows.

Rong Shu choked for a moment, speechless.

Yes, it seems that there is no rule that gifts can only be given during festivals.

"Although I said that, I still don't understand. How could you think of giving me a gift in a normal day? It's still so much." Rong Shu looked at the man puzzled.

In fact, Fu Jingting is very romantic, and she prepares flowers, or some small surprises, small gifts for her every once in a while.

Because he knew that she would not accept very expensive things, so what he usually prepared were just gadgets that were not worth much.

Therefore, she will accept it.

After all, it was his will.

But now there are six or seven gift boxes in the trunk. Although I can't see what is on the gift box, I can't guess what is inside, but the gift is so delicate and the layout in the trunk is so careful. It's flowers, balloons, and lanterns.

It is conceivable that the gifts in the gift box must not be simple, and must be very expensive.

He suddenly gave her so many precious gifts, what surprised her, and was also very puzzled, what purpose did he have.

Especially, he didn't give it to her during the festival, which made her have to think more.

Seeing Rong Shu's thoughtful expression, Fu Jingting knew that she must be thinking too much again, and reached out and rubbed her hair, "Don't think about it, I will suddenly give you so many gifts now because of Mrs. Lu.

" Aunt?" Rong Shu was slightly startled.

Fu Jingting raised his chin slightly, "That's right, we went to see them yesterday and prepared so many gifts for them, Chairman Lu didn't even bother, all he gave him was wine, but what was given to Mrs. Lu was all I have prepared so many things for Mrs. Lu for the things that women like, but how can I be left behind as my lover? These are what I have prepared for you, which are better than Mrs. Lu's."

Hearing the man's explanation , Rong Shu's eyes widened, and the whole person was completely stunned.

She never thought that the reason why he suddenly gave her a gift was because of this.

I have to say that at this moment, Rong Shu was excited and happy.

This Time, I Will Get My Divorce Chapter 937

Rong Shu's Careful Plan

As the man said, as a woman, there is no one who does not like clothes, shoes, bags, cosmetics, and other things that women love.

So does she.

But she didn't feel any dissatisfaction or taste for what Fu Jingting gave her aunt.

After all, her aunt was her elder, and she was her mother.

Fu Jingting gave her mother a gift. As a daughter, she naturally would not feel any unhappy, on the contrary, she was very happy.

What's more, she still fulfilled the purpose of those things herself.

Moreover, she didn't think that there was any problem with Fu Jingting only giving her aunt gifts and not giving her gifts.

It never occurred to me that Fu Jingting would also give her a copy.

But I didn't expect that Fu Jingting felt that this was not good, so he secretly prepared a copy for her, and even a better one.

I have to say that as a woman, at this moment, her vanity is greatly satisfied.

Deep down, I was very moved and happy.

Because a man can think of this, it proves that he cares about himself and his sincerity.

Thinking about it, the tip of Rong Shu's nose was sour, and her eyes filled with enthusiasm.

Fu Jingting looked at her red eyes and became anxious, "Why are you crying?"

He reached out and was about to wipe her tears.

Rong Shu pressed down the man's hand and laughed with tears in her eyes, "I'm so happy, I didn't expect that you actually prepared a copy for me."

Fu Jingting also laughed softly, "You are my lover, why? I only prepare gifts for others and forget your truth? On the contrary, if others have, you will not have less, or even more and better. Mrs. Lu's are high-end goods, while yours are limited. , so do you like it?"

Rong Shu looked at the man and smiled, "You said it all, if I don't like it, then I don't know what's wrong?"

When the words fell, she took the initiative to step forward and hug the man, "I like it very much, this is what you prepared for me with your heart, I'm very happy, thank you Jingting." The

man also hugged her and lowered his head to kiss her hair After kissing, "Just be happy, then you won't refuse these gifts, will you?"

Rong Shu shook her head, "No, you prepared it for me with your heart. If I refuse, will you be sad?"

Fu Jingting was noncommittal, in his heart But relieved.

He has always known that she doesn't like him giving very valuable things, so he has always been very restrained in giving gifts.

Otherwise, he would give her a gift every day, and it would not be the same every day.

Therefore, when he prepared these gifts, he was always nervous, worried that she would not accept them.

Fortunately, this time, she did not refuse.

"Open it and see?" After hugging for a while, Fu Jingting let go of Rong Shu gently.

Rong Shu shook her head, "No, I won't dismantle it now. I want to take it to the office and dismantle it slowly. You say, if I carry these all the way into the office, I'm sure I'll get a lot of envious eyes, right?" Got it

? , she wanted to show off.

Fu Jingting smiled lowly and scratched the bridge of her nose, "Okay, then go to the office to slowly dismantle it."

"Of course." Rong Shu raised her chin slightly, "I also want to tell others that you gave me these, Let others know that you are a very good man who treats me very well."

"You're building up momentum for me, so you're not afraid of those women staring at me?" He raised his eyebrows.

Rong Shu snorted, "Are there still a few women staring at you? So what are you afraid of, they are interested in you again, aren't you still mine? Can you be robbed by them?"

"No!" Fu Jingting replied immediately.

Rong Shu smiled, "That's not right, so what am I afraid of."

She was so confident.

Fu Jingting knew that because she believed in him, her heart was so soft.

“Okay, let’s go to the company first.” Rong Shu took out her mobile phone, took a photo of the trunk, and said to Fu Jingting.

Fu Jingting patted her head, “Okay.” In the

car, Rong Shu had been fiddling with her mobile phone, not knowing what she was doing, and laughed a few times from time to time.

Fu Jingting is not the kind of person who likes to peep at screens, so he didn’t ask about her when she was playing with her phone, let alone watch it.

But seeing her smiling now, I feel itchy and curious, and lightly opened my thin lips and asked, “What are you laughing at?”

“I posted the photo of the trunk just now on the Moments, and now many people are commenting on me envious of me.” Saying that, Rong Shu handed over the phone and showed it to him.

Fu Jingting glanced at it and said with hooked lips, “Let them envy them, and they will envy them even more in the future.” For

his people, he will give her the best in the world.

should be envied.

“Okay, stop playing with your phone, you’ll be dizzy for a while.” Fu Jingting returned the phone to Rong Shu and warned with concern.

Rong Shu knew that he was good for her, so naturally she would not save his face, so she obediently put away her phone.

Soon, Tiansheng arrived.

Rong Shu rejected the man’s offer to send her in, and carried those gifts herself into the Tiancheng Building.

Rong Shu’s circle of friends was seen by some high-level executives in the group, and those high-level people were passed on to the people below.

So now in the group, everyone knows that Fu Jingting gave her a lot of gifts.

Therefore, when Rong Shu walked into the building with a few bags, everyone's eyes were on the bags, knowing that it was a gift from Fu Jingting.

Just don't know what's in there.

However, with Mr. Fu's worth, it must be a very precious gift.

But just because they know how valuable they are, they are more curious and want to know how generous a gift from a rich person can be.

Rong Shu naturally felt the floating of people's hearts, not only did not keep a low profile, but kept the gifts a little more awkward.

Instead, she deliberately lifted the gift higher, like shopping, twisted her backhand on her shoulder, and then swaggered across the city to the elevator.

Walking into the elevator , the elevator door closed.

These employees, who watched her all the way, dared to speak up.

"You see? The chairman must have done it on purpose."

"That's right." Someone nodded in agreement, "The chairman must have twisted the bag so high on purpose, just to show off and let us see."

"Ahhhh , the chairman is too much, even if she gets rid of the order herself, she still abuses us single dogs."

"That's right."

"However, I seem to know what President Fu gave to the chairman, let's see what the chairman is proud of. "

I also want to know, how about we find a way to inquire?"

"Who to inquire?"

As soon as these words came out, everyone stopped talking.

They are all grassroots employees. If you want to find someone to inquire, it must be the people on the top floor.

Only those people have contact with the chairman.

It's just that they can't get on the line with those people on the top floor.

Rong Shu didn't know how the employees would talk about her after she got into the elevator, but she knew that they would definitely talk about her.

She wasn't interested in what she was talking about.

Anyway, her purpose of showing off has been achieved, and that's enough.

Rong Shu came to the office and put the gift on the sofa, ready to open it in a while.

Before opening the gifts, she has to turn on the computer and check today's itinerary, so that she can open the gifts with peace of mind.

After reading today's itinerary, nothing important, Rong Shu left the desk with confidence and came to the sofa.

Just when she was about to open the gift, someone knocked in the office.

Rong Shu temporarily stopped the movement in his hand, looked up, "please come in."

Soon, the door of the office opened, and Secretary Tong came in from outside.

Seeing her, Rong Shu was stunned, stood up and asked in surprise, "Secretary Tong? Why are you in the company? Didn't you go to the hospital for surgery today? "

No regrets

Hearing Rong Shu's question, Secretary Tong put his hand down from the doorknob, "I went to the hospital, but left on the way."

"Have you left on the way?" Rong Shu frowned, "What do you mean, you didn't have the surgery? ?"

"Well." Secretary Tong nodded slightly.

"Why?" Rong Shu was even more surprised. "Could it be that you suddenly regretted it before entering the operating room?"

It's not impossible.

Many women choose to give up their children on impulse. When they really want to give up, there are too many temporary regrets.

So Secretary Tong would suddenly regret it, but it makes sense.

However, Secretary Tong shook his head, "No, I don't regret it, but I can't have the surgery today."

"How?" Rong Shu was confused, walked over and pulled Secretary Tong to the sofa and asked her to sit down.

After all, she is a pregnant woman, and her back is sore after standing for a long time.

Secretary Tong also smiled gratefully at Rong Shu before answering her question, "I went to the hospital today to prepare for the operation, but before the operation, I met Mrs. Lu."

"Auntie?" Rong Shu was stunned for a moment .

Secretary Tong bit his lip, "Well."

"What's wrong with Auntie?" Rong Shu suddenly became anxious, "Is she sick?"

But it's impossible.

Auntie was fine last night!

Sure enough, Secretary Tong shook his head, "No, Mrs. Lu is not sick, she just went for a routine physical examination."

"So it is." Hearing this, Rong Shu breathed a sigh of relief.

It's fine if you're not sick.

I was really worried about her just now.

Patting her chest, Rong Shu relaxed her anxiety, looked at Secretary Tong and asked again, "So, after you met your aunt in the hospital, you suddenly interrupted the operation and left, just because you were afraid that your aunt would know you were pregnant?"

Secretary Tong looked at her, Nodding slightly, "Yes, Chairman, you also know that Lu and I are always college classmates. After graduation, I worked as a secretary next to President Lu for several years. For me, Mrs. Lu knew me. Mrs. Lu used to be. When I went to visit the head office of Lu, I would also bring me some snacks that I made by myself, so over time, Mrs. Lu and I became very familiar with each other. Even when

Mr. Lu was not there, I would accompany Mrs. Lu to go shopping and eat. , It can be said that Mrs. Lu has regarded me as her friend. If she knew what operation I had today, she would definitely be curious about whose child I was carrying. Even if I lied and didn't tell her the truth, she would tell her when she went back. Treat my pregnancy as a gossip to President Lu, and then President Lu will also know that I am pregnant and the child belongs to him."

Rong Shu frowned and nodded, "It is indeed possible, after all, you used to be Ah Qi. My aunt's secretary, when my aunt finds out that you are pregnant, she will definitely mention it to Ah Qi."

"So, after I separated from Mrs. Lu, I immediately postponed the date of the operation with the hospital." Secretary Tong sighed bitterly. Say.

Rong Shu looked at her, "Auntie didn't suspect you were pregnant, did she?"

Secretary Tong waved his hand, "No, Mrs. Lu did ask me what was wrong with me, I just told her that I have some problems with my cervical spine. People who sit in the office all the year round do have some minor problems with the cervical spine, so Mrs. Lu didn't doubt it, so she believed me, and told me to buy some massagers and press her neck."

"Aunt is a very Good person." Rong Shu smiled.

Secretary Tong also squeezed the corners of his mouth and smiled, "Yes, Mrs. Lu is very nice."

It is estimated that she will be very happy to be Mrs. Lu's daughter-in-law.

Mrs. Lu is a kind person, definitely not the kind of evil mother-in-law who would spar with her daughter-in-law.

On the contrary, they will be married to their daughter-in-law.

Unfortunately, she did not have the fate to become a mother-in-law and daughter-in-law with Mrs. Lu.

Seeing that Secretary Tong's mood was a little down, Rong Shu reached out and patted her on the shoulder lightly, and said soothingly, "Okay, don't think too much, I didn't expect to see my aunt today, the surgery wasn't done, it's not done, you adjust Take care of your mentality, and you can do it next time."

"Well." Secretary Tong looked at Rong Shu and squeezed out another smile.

Rong Shu took her hand back, "But since the surgery wasn't done and you didn't go back to rest, why did you come to work?"

"I had nothing to do when I got home, and I was quite bored, so I just came to the company to see everyone, but Chairman, don't worry, I am measured and I will take care of my body." Secretary Tong replied.

She said so, what else could Rong Shu say, she just nodded with a smile, "That's good, by the way, what's the matter with you coming in?"

Rong Shu asked about the business.

When Secretary Tong knocked on the door just now, he didn't have any documents in his hand.

Probably not for business.

Sure enough, when Secretary Tong heard Rong Shu's question, he sighed helplessly, "It's not a big deal, it's the sisters in the secretary's office who pushed me out."

"What do you mean?" Rong Shu became interested.

Secretary Tong shrugged and smiled, "It's not because everyone knows that President Fu has given you a lot of gifts to the chairman, and they are curious about what kind of gifts they are. Let the chairman change your low profile and bring it to the company in a high-profile manner. No, they're sorry. I came to ask you, and I pushed me out. To be honest, I have the best relationship with you. If I come to ask, you will definitely not tell me. There is no way, I can only come here. Chairman, you should not Let me go back empty-eyed, I can't explain it to my sisters."

She swept away the loneliness and bitterness of pregnancy, and looked at Rong Shu with a smile.

Seeing that she was in a much better mood, Rong Shu felt quite relieved.

Although Secretary Tong said that she is like this now, it is not her fault.

But she always felt that there was still a cause and effect of hers in it.

Therefore, she always felt a little guilty for Secretary Tong.

Seeing Secretary Tong become happy, she won't feel heavy all the time.

"Of course not. If you want to know, then I'll show you. After all, joy is to be shared." Rong Shu smiled.

After finishing speaking, she pointed to the coffee table in front of her, "Well, it's all here, help me take it apart."

"It's not good." Secretary Tong quickly shook his head and waved his hand, "This is given to you by President Fu, How can I help you unpack it."

"It's okay, it's just a gift, just pretend that I can't unpack it with two hands." Rong Shu smiled and said indifferently.

Secretary Tong twitched the corners of his mouth, "Chairman, what you said is very Versailles. If possible, I would also like to have gifts that cannot be removed."

"Yes." Rong Shu looked at her, "Our Secretary Tong is so good, There will definitely be such a day."

"Then thank Chairman Ji Yan." Secretary Tong resumed his smile.

Rong Shu didn't say anything, just pushed a gift box over and asked her to help.

Secretary Tong didn't hesitate and started to help unpack the gifts.

Although the gift is not hers, she can still feel the joy of opening the gift.

Especially after opening the box and seeing the true face of the gift, the satisfaction at that moment can hardly be expressed in words.

Soon, several gift boxes were dismantled by the two of them.

Looking at the various luxuries in the box, Rong Shu was fine and didn't have much reaction. After all, she already knew what it was.

Of course, although there is no reaction on the face, but the heart is still happy.

After all, it was sent by Fu Jingting.

As for Secretary Tong, it's natural that his mouth can't close in surprise.

It wasn't until a while later that Secretary Tong came over, pointed to the gifts on the coffee table, swallowed his saliva and said, "Chairman, Mr. Fu is too good at pleasing women!"

Crazy Network

From the moment she helped open the gift, she knew that the gift inside would definitely be shocking.

Of course, what she sees as shock is not the value of the gift.

She wouldn't be shocked by how valuable Mr. Fu's gift to the chairman was, even if it was priceless, she wouldn't be shocked.

After all, from the beginning, she had guessed that the gift must be very valuable.

You must know that with Mr. Fu's net worth, if the gifts he gave are not valuable, then people will criticize them.

So as expected, nothing to be surprised about.

What really shocked her was how rare and thoughtful the gift was, as well as just the right fit.

Many rich people give women gifts, the more valuable the better, and they never consider whether the other party likes it or not, whether it is suitable or not.

They just know that it's enough to send it out.

As for the rest, they don't care.

It's like Mr. Fu, the gift to the chairman is not only very valuable, but most importantly, he understands women's hearts well.

These cosmetics, bags, perfumes, jewelry, everything is so delicate that women can't take their eyes off them.

Therefore, when giving gifts, it is necessary to give the most suitable gift for others and the most in line with other people's hearts, rather than giving them casually.

The things that President Fu gave to the chairman were specially prepared at first glance, and each of them was very suitable for the chairman.

Wouldn't that just please women?

Listening to Secretary Tong's words, Rong Shu looked at these gifts with a gentle smile on her face, "It's very good at pleasing women."

Fu Jingting said that the gifts given to her were better than those given to her by her aunt.

Looking at it now, it's not only better, it's much better.

The man

Rong Shu smiled and shook his head.

Secretary Tong also looked at these gifts, "Chairman, these should be new products, right?"

Rong Shu snorted, "It's not listed yet, he got it ahead of time."

"President Fu does have this ability." Secretary Tong nodded, and then urged, "Chairman, give it a try, I'll take pictures for you."

"Okay." Rong Shu nodded.

Since she has already accepted these gifts, she naturally will not use them.

If not, it will still make men think more.

After all, the collection has been collected, and there is no need to put it there. What is the difference with confiscation.

So when Rong Shu heard Secretary Tong's proposal to help her take pictures, she readily agreed to try these bags or something.

The two played a game of dressing up and matching in the office.

After playing, Rong Shu was already a little tired, sitting on the sofa drinking water.

Secretary Tong sat next to her and helped her organize the photos she just took.

After sorting it out, Secretary Tong handed over Rong Shu's cell phone, "Chairman, these photos are all good, how about you look at it?"

Rong Shu put down the water glass, and as a result, the cell phone flipped through a few pictures at random, and then raised a big thumbs up at her. Thumbs up and praised, "It's a good shot, thank you."

"The chairman is too polite." Secretary Tong smiled a little embarrassedly.

Rong Shu selected a few of the best ones and sent them to Fu Jingting.

Fu Jingting was probably busy at this time. After the photo was sent, he was lost in the sea and did not reply.

But Rong Shu was not disappointed at all.

She is not the kind of message sent in the past, no matter whether the other party is busy or not, she has to ask the other party to reply immediately in order to prove that the other party loves her work.

Moreover, she knew that Fu Jingting saw it after she was busy, so she would reply naturally.

“Okay, the gifts are finished, you can go to your sisters.” Putting down the phone, Rong Shu sorted out the gift boxes on the coffee table and said to Secretary Tong with a smile.

Secretary Tong stood up with a slight smile on his face, “what the chairman said is that they have been waiting for a long time, not only them, but also all the employees in the group are looking forward to our top floor to spread the word. Let’s hear the wind, after all, everyone’s gossip heart is the same, it’s impossible that we are the only people on the top floor who want to know what the gift Mr. Fu gave you.”

“That’s right, then you go, since they want to know, then Just let them know.” Rong Shu was dumbfounded.

Secretary Tong pushed her glasses, “Okay, the chairman, then I’ll go out first.”

After that, she bowed, turned around and walked towards the door.

Just two steps away, Rong Shu suddenly thought of something and stopped her, “Wait a minute.”

“Is there any other order from the chairman?” Secretary Tong stopped curiously.

Rong Shu’s expression turned slightly serious, “Did you know about Yu Tu’s breach of contract?”

she asked.

Hearing the business, Secretary Tong also became serious, “I already know, Xiao He told me.”

Xiao He is her assistant.

Rong Shu nodded, “That’s good, you immediately assume that after a part can’t be found, the sum of the funds needed in all aspects will be calculated into a detailed table for me.” In the

end, if you really can’t get the part back, It is indeed very possible that she will implement the method of Ah Qi and borrow money from the bank.

With the detailed sum of funds, she knows how much she needs to borrow from the bank.

“Okay chairman, I will give it to you before get off work today.” Secretary Tong replied with a serious expression.

She knew this was a very important matter, so she tried not to delay.

Rong Shu hummed with satisfaction, “Okay, let me rest assured, let’s go.”

“Goodbye Chairman.”

Secretary Tong left, Rong Shu rubbed his temples, exhaled slightly, and turned to his desk. go.

Not long after, the whole group knew what the gift Fu Jingting gave her was.

Secretary Tong calmly figured it out here, and told the sisters in the secretary’s office after returning.

Then these sisters naturally spread in various groups.

No, it won’t take long for the entire Tiancheng to know about it? For a time, the entire Tiancheng Building was filled with envy. Of course, there is also a small amount of sourness and red eyes mixed in. After all, not everyone is simply envious of Rong Shu’s receiving so many and such precious gifts. Where there are people, there will be struggle. Naturally, some people are envious, and some people are envious. But even jealousy is helpless, and can only watch and do nothing. The fact that Fu Jingting gave Rong Shu various luxury gifts did not end because all Tiancheng employees knew about it. On the contrary, it is still spreading, just like a virus, it quickly spread to the Internet. People, you can’t make yourself envious. If you are only jealous of yourself, other people should taste the same as you. No, it was just spread on the Internet by Tiansheng’s employees. As for the gossip about Fu Jingting and Rong Shu, online marketing accounts and media are naturally very interested. As soon as they see someone’s dissemination, they immediately forward a lot and add a lot of push. Therefore, with the assistance of these marketing accounts and the media, Fu Jingting’s popularity of giving Rong Shu a large number of gifts immediately hit the top of the hot search list. Even many netizens went to Rong Shu’s personal platform, wanting to see the photos of the gifts sent by Fu Jingting, so that these local dogs could see how valuable and extravagant gifts are from rich people.

This Time, I Will Get My Divorce Chapter 940

Especially for some Internet gods, after finding out the specific information and value of these gifts, the Internet is completely chaotic.

The girls all envy Rong Shu for receiving these gifts that can make women crazy, and they envy Rong Shu for having such a rich, handsome and hearty man who can give these gifts anytime, anywhere.

And the men, one by one, said sourly, don't they just have a few stinky money, is it worth the madness and praise of these women?

Sure enough, women worship money and only like rich people.

Many people even said that the reason why Rong Shu and Fu Jingting got back together must be because Fu Jingting was rich.

Otherwise, why don't you find another man and insist on being with Fu Jingting?

All in all, while these men look down on the crazy girls and Rong Shu on the Internet, they are also envious of Fu Jingting's wealth.

They couldn't help but imagine that if they had so much money, they would be the ones being touted now.

Those women they want but can't get will lick their faces and beg them to take a look, right?

Of course, after all, the reality is that they don't have much money.

Diao, silk is still Diao, silk.

For a while, all kinds of jokes appeared on the Internet, and some people said that they wanted the soul to wear Rong Shu. In this way, the gift was theirs, and a man like Fu Jingting was also theirs.

There are also people who directly sealed Fu Jingting the title of a national husband, and this title has been unanimously recognized by the online masses.

Soon this title was directly on the top of the hot search.

So far, the position of Fu Jingting's national husband has been firmly established.

Therefore, when Fu Jingting came out of the conference room after the meeting, along the way, he felt that the eyes of the employees looking at him changed, the eyes he had never seen before.

He didn't know for a while what these eyes meant, whether it was good or bad.

“Check it out.” Fu Jingting frowned, and while walking to the office, he instructed Assistant Zhang behind him.

Assistant Zhang naturally saw the eyes of these employees looking at Fu Jingting, and guessed what might have happened. He pushed back his glasses and said, “Okay, Mr. Fu.” After he finished

speaking, he took out his mobile phone and made a call.

After hanging up the phone, he looked at Fu Jingting and smiled, “Mr. Fu, it’s a good thing to find out.”

“A good thing?” Fu Jingting stopped in front of the office door and looked back at him, “What’s a good thing?”

“Yes That’s it.” Assistant Zhang replied with a smile, “Didn’t you give Miss Rong a lot of gifts at noon?”

Fu Jingting nodded slightly, “The good thing has something to do with those gifts?”

“Yes.” Assistant Zhang nodded, “Miss Rong brought the gifts with her. I went to Tiancheng Group, and later told the employees of Tiansheng Group what you gave her, and then Tiansheng employees spread it to the evening. Now the Internet is very lively, and they all envy Miss Rong, saying that Miss Rong is a The happiest woman still calls you the national husband.”

“National husband?” Fu Jingting raised his eyebrows.

What kind of unpretentious name is that?

Looking at Fu Jingting’s slightly puzzled look, Assistant Zhang knew that he did not understand Internet terms, and explained with a smile, “He is the ideal husband of girls, tall, handsome, rich, and good-natured. They regard this kind of male god as the level. The man who lives with me is called the national husband, because I can’t get it, so I can only call my husband on the Internet to satisfy my little vanity.”

“That’s it.” Fu Jingting’s eyes flashed a glimpse, and he understood.

These people have good eyes and know that he is tall and handsome, and he is a male god.

Unfortunately, he is not their male god.

Fu Jingting turned his head back, opened the door of the office and walked in.

Assistant Zhang followed closely.

After Fu Jingting came to the desk, he pulled out his chair and sat down. He pointed to the pile of documents on the desk, "These are urgent documents sent by various departments. You can send them later."

"Yes." Assistant Zhang nodded in response. Down.

Fu Jingting tugged at his tie and asked, "I asked you to check whether Su Man and Su Cheng are father and daughter. Have you checked?"

"Sorry, Mr. Fu, not yet." Assistant Zhang shook his head and explained truthfully, "Su Man and Su Cheng are related to each other. Man, I got the DNA, but there is some trouble in Sucheng. He hasn't come out of the hotel for the past two days, and usually doesn't let the hotel staff come in to clean the room, so we want the hotel staff to get some Not even hair."

So his investigation was stuck here.

Hearing Assistant Zhang's ashamed answer, Fu Jingting was neither angry nor blaming him.

Su Cheng has always been vigilant, this is a fact.

Otherwise, why did Su Cheng do so many things to harm other groups in the capital, and no one was caught?

"I see, keep staring, and get the DNA if you have the chance." Fu Jingting waved his hand.

Assistant Zhang nodded, "Yes." It was

nothing, he picked up the pile of documents and went out.

After he left, Fu Jingting rubbed his temples, then took out his mobile phone from his pocket.

When I opened it, I found that there were messages from Rong Shu on the phone. The number of messages above indicated that she had sent a lot.

This made Fu Jingting look condensed, thinking that something had happened, otherwise why would she suddenly send so many messages, and then hurriedly clicked on the message to check.

After a look, I realized that he was thinking too much. It wasn't that something happened to her, but that she posted pictures of herself.

In the photo, she was carrying a bag from him, some she was wearing jewelry from him, and some she was wearing high-heeled shoes from him.

Below these photos, there is a text message from her, asking him if he looks good.

Of course, Fu Jingting didn't care too much about this one. What he cared more about was the news .

That's what she was saying, she used the perfume he gave, and it smelled very good, but unfortunately there was no way to show it in photos, so she didn't take it, he couldn't see it anyway.

This message was followed by a regretful kitten emoji.

Although the kitten looked regretful, there was a smug and mischievous smile in his eyes.

Obviously, Rong Shu was teasing that he couldn't see the photos of her wearing perfume, and he could even have a deeper understanding that she wanted to express that he couldn't smell the fragrance of her whole body.

Hehe

Fu Jingting's Adam's apple moved slightly, his thin lips hooked lightly.

The little goblin is getting more and more daring now, and actually dares to take the initiative to seduce and provoke him.

Can't smell it?

I can't smell it when he goes back at night.

Fu Jingting's eyes flickered, and then the typed reply was very nice and suitable for you.

After sending it, he swiped the message up again and saved the photos sent by Rong Shu one by one.

After doing this, he remembered what Assistant Zhang had just said outside the office, and then clicked on the web page to check the news on the Internet.

Sure enough, as Assistant Zhang said, the fact that he gave Rong Shu a gift caused a lot of uproar on the Internet, and it was very lively.

Looking at the comments of those envious of Rong Shu, the curvature of the corners of his lips became more intense.

Be envious, his woman should be envied by everyone.

However, when Fu Jingting saw those people and shouted her husband's comments under his comment area, he frowned again.

husband?

Is this a title they can call?

What if his little leaf misunderstood?

With a dark face, Fu Jingting clicked on the typing bar, and typed quickly with his fingers. After typing, he clicked Send.

Then someone found out on the Internet that Fu Jingting's personal scarf, which has been inactive for ten thousand years, has actually been updated!
