Give you a reward at night

The netizens who first discovered it thought they were wrong.

After rubbing my glasses, I refreshed the screen and looked at it again. The news that was just updated is still there.

Yes, still!

Netizens were so excited that they didn't even bother to watch the dynamic content. They just wanted to quickly spread the news of Fu Jingting's update of the scarf.

A person who has not posted updates all the year round, has only two updates since the application of the bib, and one of them is a person who has opened the notification message of the bib. How can it not be surprising that the bib is suddenly updated now.

When netizens spread the news, their hands shaking excitedly holding the keyboard were trembling.

The hard work pays off, and soon the entire Internet knows that Fu Jingting has updated Weibo, and even has a hot search, or the top five hot searches, and the name is 'Fu Group President's Bib Update'.

It can be seen that Fu Jingting's popularity is not at all lower than those of the so-called top players in the entertainment industry.

Even the top streamers didn't dare to have any dissatisfaction when they saw their popularity being squeezed out by him.

After all, Fu Jingting's identity is there, and capital is always capital.

After the popularity of Fu Jingting's Weibo post increased, some people finally began to pay attention to the content of the scarf he posted.

The content he sent was very short, only a short sentence was not allowed to shout, I am not your husband, I am just her husband Rong Shu of Tiancheng Group, the title of husband can only be called by her, you should calm down as soon as possible , Hope to know!

This is obviously a warning to everyone, but in the eyes of netizens, not only did they not make them feel unhappy or uncomfortable, but instead they shouted excitedly, calling him good Su and good man.

Therefore, after the title of “National Husband”, Fu Jingting added the title of ‘Male Durban Monitor’, which is ironic.

At the same time, more people are envious of Rong Shu.

Everyone knows that netizens call Fu Jingting’s husband a joke, and it can’t be taken seriously, including Fu Jingting himself.

Many male celebrities in the entertainment industry are called husbands. Whether they are single, have girlfriends, or are married, they are still called husbands. They also know that they are all nicknamed by netizens, so they are all happy. Accept, never like Fu Jingting ever came forward to warn people not to call, including their girlfriends and wives, and even their girlfriends and wives would not be jealous, because they also knew that they couldn’t be true.

However, when Fu Jingting knew it was a joke by netizens, he also came forward to tell netizens not to yell, which is enough to prove how much he loves Rong Shu.

Even if he knew that Rong Shu might not care or be angry that netizens called him that, but he still cared about her mood, afraid that she would be unhappy, so he came forward to tell the netizens to stop, and seriously stated that he did not like it. When others call him husband, he just wants to hear Rong Shu call him that alone.

Such a strong, dedicated, and attentive man, how could he not hit the Su Dian of netizens.

In an instant, Fu Jingting’s popularity on the Internet has reached an unprecedented level, and all the stars in the entertainment industry are full of enthusiasm.

Tiansheng Group, Rong Shu still didn’t know what kind of upsurge Fu Jingting made on the Internet.

She is burying her head at the moment, bitterly processing the documents sent below.

It wasn’t until Secretary Tong handed in the completed financial statement and told her what happened online that Rong Shu was worth what Fu Jingting had done.

Looking at Fu Jingting Aite’s own words, Rong Shu was moved and delighted beyond words, and her eyes filled with enthusiasm, “This guy”

“Chairman, President Fu is really kind to you.” Tong The secretary stood across from her desk and looked at her enviously.

Rong Shu nodded and clenched her phone, “Well, since we got back together, he really has nothing to say about me.”

Now even for him, he has even warned netizens online.

This was not something he could do in the past.

But, it's cute.

Silly cute!

"Chairman, Mr. Fu wrote to you on the Internet, and he said those heart-warming words, why don't you reply?" Secretary Tong looked at Rong Shu's mobile phone and urged excitedly.

Rong Shu rolled her eyes at her, "you just want to eat our two melons."

"Hehe." Secretary Tong smiled embarrassedly, "You guessed it by the chairman."

"I don't know you yet. Rong Shu said with tears in his eyes, "Although you look like an old-fashioned and strict dean, in fact, you are just as lively as those young girls in the group who have just graduated and like to gossip."

Secretary Tong said that Rong Shu exposed her true character . . . , often with a serious face, but at this moment, he couldn't help but blush.

Rong Shu waved his hand, "Okay, you go out and do your own business first. You are affecting me too much here, and I don't know how to respond to him. You want to know, you won't be able to read it on the Internet in a while."

Secretary Tong's eyes brightened Liliang said, "That's right, the chairman, then I'll go out first."

"Go." Rong Shu waved.

Secretary Tong turned around and left.

Rong Shu turned on the phone again, looked at Fu Jingting Aite's own words, and raised her red lips slightly.

To be honest, when she saw Fu Jingting being fondly called her husband by netizens, she was surprised at first, and at the same time felt a little funny, and even wanted to see how he looked when he saw so many people calling him her husband.

I don't know what the reaction will be.

As for the netizens calling him that, is she jealous or unhappy, she really isn't.

She knew that it was a joke, it was a joke by netizens, and it should not be taken seriously.

She is not so stingy to care about netizens.

But I didn't expect that Fu Jingting took it seriously and directly explained to the netizens that they were not allowed to call him that, and seriously stated that he would not be their husband, but hers, so she could only call him that.

This move really shocked her heart.

Now, people on the Internet are probably even more envious, jealous and hateful towards her, especially those women who are like her and whose men are called husbands by netizens, probably envy her, not envious.

Thinking of this, Rong Shu couldn't help but covered her lips and smiled, and then forwarded Fu Jingting's scarf, and typed a reply with consciousness. Come back tonight to reward you!

When she said this, she blushed instantly, pinched off the phone, and clasped her back on her lap with a fast heartbeat.

Her words are very bold and suggestive. Anyone who sees it will know what the so-called reward is.

It was the first time that she hinted at that kind of thing to Fu Jingting, and it was the kind that everyone could see in public.

No way, who made this man's actions today make her very satisfied and happy.

He can do this, and she thinks that sometimes, she should be more daring to give him some benefits.

Because he deserves it.

Fu Jingting paid special attention to Rong Shu's settings, so the moment Rong Shu forwarded and replied to his message, his phone immediately rang a prompt tone.

Fu Jingting hurriedly picked up his mobile phone to check, and when he saw the content of Rong Shu's reply, his pupils shrank suddenly, and even his face was a little unbelievable. This was really her reply.

However, with black characters on a white background, Fu Jingting quickly calmed down, laughed softly, and wrote a good word under her comment area.

She has never been so bold, and he has always taken the initiative in that kind of thing.

She is suddenly so active now, and in front of the whole network, she said that she would reward him at night, probably because she was moved by his actions.

He is really satisfied with what he just said, otherwise where would such a satisfying reward come from?

Lively Network

Netizens on the Internet did not expect that the two of them would openly drive a car on a public platform.

Originally, the two people had such high identities, and they were unreachable by ordinary netizens. They didn't even know them. They felt that they were unattainable and could only look up.

But now, seeing that the two are so down-to-earth on the Internet, they will show their affection in public like ordinary people, and even drive in public.

This made netizens instantly feel that the big people they couldn't get in touch with were actually not as unattainable as they thought.

They will also be like ordinary people, saying things that ordinary people would do and saying things that ordinary people would say.

No, netizens immediately felt that the two were amiable, and their affection for the two of them rose steadily for a while.

Some daring netizens dared to make jokes under the comment area of the two, asking whether they could be invited to peek under the bed online.

Unexpectedly, Fu Jingting actually replied that this netizen can't, dream!

Although the tone was rude, it did not make netizens angry, but made netizens almost faint with excitement.

He was named by the boss.

The boss actually replied to his message!

He is probably the first ever.

Not to mention whether this netizen is happy at the moment jumping in circles, but other netizens are also envious when they see this scene.

They also seem to be named by the boss.

For a while, Fu Jingting's comment area was very lively, and hahaha comments kept appearing, very cheerful.

Probably because he is not as cold and down-to-earth as netizens thought in the past, so now Fu Jingting is very popular with netizens, and even the share price of Fu Group has risen several points.

After Assistant Zhang found out, he couldn't help feeling that President Fu really deserved to be President Fu. Showing affection with Miss Rong on the Internet could make a lot of money.

Sure enough, this is why Mr. Fu can be the boss, but he can only be the assistant.

On the other hand, Rong Shu also saw the news about the beating of the Fu Group's stock market. After knowing the reason for the beating of the stock market, she couldn't help laughing and laughing. She obviously didn't expect that she just wanted to show off the gift he gave in Tiancheng, and it actually caused a stir. this series of things.

However, simply not a bad thing.

She is also indirectly helping the Fu Group to make money, right?

"Haha." Rong Shu couldn't help laughing.

However, the follow-up caused by this incident has not ended. Netizens here are still happily leaving comments under the comment area of Fu Jingting and Rong Shu, and the entertainment circle has begun to roll up.

The girlfriends or wives of male stars who are called husbands by netizens see Fu Jingting's warning to netizens on the Internet. honor.

Not to mention, some male stars with a long-term vision really did it, and imitated Fu Jingting and also released 'ruthless words' to netizens.

There are male stars with poor vision, but behind them there is an agent with good vision.

Under the advice of the agent, he also began to follow the same method and follow the boss.

Not to mention, after these male stars really did this, not only were they not scolded by their girlfriends or wife fans, but they were praised for their sense of responsibility, good men or something.

In short, the praise Fu Jingting got after doing this, these male stars also got it.

As a result, the entertainment circle, which was always a mess, where fans were fighting, suddenly changed the style of painting, and the atmosphere became unprecedentedly harmonious. The fans stopped fighting, and they were all under the comment area of their own masters. Hahaha, The whole network is harmonious and clean, which is simply jaw-dropping.

Then some media sighed that the big guy really deserves to be a big guy. Talking about a relationship and showing affection will not only increase the stock price of his own group, but also eliminate the bad behavior of fans in the entertainment industry and make the entire entertainment industry roll up.

This feeling has naturally been recognized by countless netizens.

Of course, there are also some people who say sourly that it's nothing special.

Among them, Cheng Huai and Lu Qi, these two poor men who can't see and can't see.

It also includes the Sansheng Group, who endured the pain all over his body and was still working hard with Gu Yaotian.

With such a big uproar on the Internet, even Gu Yaotian, an old man who doesn't pay attention to online news, heard some rumors.

After knowing that there was news about Fu Jingting's gift to Rong Shu, he clicked on the news and checked the details.

Seeing the photos of gifts sorted out by netizens, Gu Yaotian's morbidly pale face turned red now.

"Fu Jingting, this bastard, when he was with Manyin, he didn't see any gifts for Manyin, the only one who was going to give Manyin the blue heart, and finally let the dead girl Rong Shu take it away, so stingy towards Manyin. , I can't be generous to that dead girl Rong Shu, tens of millions of gifts will be given if you say they are." Gu Yaotian squeezed the mouse tightly and cursed with red eyes.

Madam Gu sat beside him.

During this time, she was worried about his body and stayed by his side all the time, commuting with him.

Hearing Gu Yaotian's complaint, Mrs. Gu should have blamed him together, but for some unknown reason, she didn't do that, and instead helped Rong Shu speak, "It's not like that, it's not that Fu Jingting was found by Man Yin. Has anyone been hypnotized? That's why we think Fu Jingting likes Man Yin, but in fact, Fu Jingting has never liked Man Yin. What he likes has always been Rong Shu, so he doesn't give Man Yin but Rong Shu as a gift, which makes sense.

Gu Yaotian's eyes widened in disbelief, "Old lady, why are you talking to Rong Shu? Don't you still think that Rong Shu is our daughter?"

Mrs. Gu's eyes flashed, her eyelids lowered, "No, I'm just standing. Speak from a factual standpoint."

There was another sentence she didn't say, although she no longer thought that Rong Shu was her daughter.

But in my heart, I have always been very concerned that Rong Shu is not the biological daughter of Rong Hao and his wife, and which scar on Rong Shu's wrist.

She always felt like she was missing something.

But what was missing, she couldn't say.

The most important thing is that her disgust for Rong Shu is indeed not as deep as before.

But she couldn't say it clearly.

"Hmph, what is the fact, isn't it just cheating?" Gu Yaotian snorted coldly.

In fact, he also knew in his heart that what Mrs. Gu said was the truth.

It's just that he didn't want to admit it.

"Okay husband." Madam Gu snatched the mouse from Gu Yaotian's hand, "Don't look at this, the more you look at it, the more angry it is, and it's not good for your body, what you need to do now is to calm down, take care of your body, and wait for your kidneys. Yuan, when your body recovers after the kidney transplant, it's time for us to take revenge."

Gu Yaotian rubbed his temples and nodded tiredly, "Yeah, when I get better, Fu Jingting and Rong Shu, I don't have any of them. I will let her go, Rong Shu, I must let her die, otherwise she will always find out what I did to Rong Hao, and I will be the one who will die." As

he spoke, his yellow pupils flashed quickly. With a stern look, "If I hadn't been able to withstand it now, would she still be arrogant until now?"

Before that, Mrs. Gu might nod in agreement.

But now, she just silently massaged Gu Yaotian's shoulders and didn't respond.

She is very complicated now. On the one hand, she knows that the Gu family and the Rong family are mortal enemies.

More than 20 years ago, even if Yaotian plotted against Rong Hao, causing one of Rong Hao's employees to commit suicide, the Rong family almost went bankrupt.

Su City's Plan

In order to fight back, Rong Hao stole her daughter and threw it into the river.

So far, the Rong Gu family have become mortal enemies.

After that, because of her mother-in-law, the Rong Gu family stopped fighting. It seemed that the hatred had subsided, but she knew that Yaotian had always killed Rong Hao's daughter, so she never gave up on taking revenge on Rong Hao. idea.

Until the third year after her mother-in-law's death, that is, six years ago, Yaotian not only bought Li Xiuzhi's mother to give Rong Hao a mentally debilitating drug, but also secretly set a trap for Rong Hao to let Rong Hao get in, resulting in Tiansheng Group made a major mistake, and selling all the shares in its hand could not fill the loophole caused by the mistake.

In the end, Yaotian let someone say some remarks in Rong Hao's ear that urged Rong Hao to commit suicide. When Rong Hao was mentally weakened, he would naturally be bewitched, and he jumped off the building in despair and committed suicide.

Even if Rong Shu didn't know the real cause of Rong Hao's death, Rong Shu would blame the Gu family for Rong Hao's death. After all, in Rong Shu's view, Rong Hao would commit suicide because the Gu family was scheming against Tianzhu, causing Rong Hao's death. Hao committed suicide because of desperation, so Rong Shu was naturally full of hatred for their Gu family.

Later, Man Yin hypnotized Fu Jingting, robbed Rong Shu's people, and killed Rong Shu several times. Yaotian also stumbled on Rong Shu several times.

All these grievances are added together, and it is destined that there can only be one Ronggu family in the end.

She has some pity for Rong Shu now, and some don't want Rong Shu to die, but she is the Gu family and Gu Yaotian's wife after all, so she can only stand on the Gu family's side and hope that the Gu family will win.

After all, Rong Shu does combine the characteristics of romance in some places, but Rong Shu is not romance after all.

On this side, Gu Yaotian and his wife were thinking about their future plans, while they were in the hotel on the other side.

Naturally, Su Cheng also saw the uproar on the Internet, sitting on the sofa, looking at the laptop in front of him, rubbing the faucet of the cane in his hand, not knowing what he was thinking.

Assistant Li behind him pushed his glasses and said, "Boss, Fu Jingting has given Rong Shu so many precious gifts, and he is still showing his sincerity to Rong Shu in public on the Internet. It seems that Rong Shu has a very important position in his heart. Maybe we can resume using Rong Shu's plan."

It sounded good, but Su Cheng shook his head, "On the Internet, it can't be fully proved that Fu Jingting takes Rong Shu very seriously, so we can't resume it for the time being. That plan."

"Can't this prove it?" Assistant Li was surprised.

Su Cheng put the cane aside, took a sip of the tea on the coffee table, and said lightly, "You haven't talked about feelings, so you don't know that some seemingly affectionate actions are just easy for men to do. It's not worth proving sincerity. Fu Jingting's net worth is hundreds of billions, and the gift he gave to Rong Shu at the moment was only worth tens of millions. This small amount of money was not worth mentioning to him. He gave it to Rong Shu. Shu's gift is like giving a beggar casually, you've been with me for so long, and you've seen those people in the circle who care, support, and support, right?"

Assistant Li nodded again and again, "Yes." The corner of

Su Cheng's mouth A tick, "Those people, who are not generous, and casually give hundreds of millions of gifts to lovers? Cars, houses, planes, cruises, as long as the lovers are coaxed and happy, they are still sent with a cruel heart. Going out? But does it mean that they love those people?"

Assistant Li shook his head, "It doesn't mean that if you love them, you won't take care of them or support them, but give them regular status."

"Yes . Ah, so these gifts that Fu Jingting gave to Rong Shu can prove that he is the proof that he loves Rong Shu enough to give everything for her? Which of these he gave to a man who has a little money and plays with women outside has never given it The things he gave are not even as surprising as those sent by those people to love and people's garages. Anyway, the garages can prove their feelings more clearly. What are these useless luxury goods?" Su The city put down the teacup.

Assistant Li was speechless.

Su Cheng took the cane and said again, "As for the speech on the Internet, heh, it's even more ridiculous. Men in the circle, as long as there are women around, who haven't said some sweet words to women, just opened their mouths. , who wouldn't say it? Look at those little couples, who often talk about love, but love in their hearts? Can one sentence prove their sincerity? Some young people who haven't been beaten feel such sweet words You can take it seriously."

The young assistant Li, who had never been beaten before, twitched the corners of his mouth and fell silent.

He just took it seriously.

Thinking of Fu Jingting's identity, being able to say such things in public on the Internet must be true love for Rong Shu.

But now after some analysis by the boss, he realized how naive he just thought.

Yes, those young masters and bosses in the circle do often come and go to the female companions around them, and all kinds of love words emerge one after another, but in fact?

How to play or how to play.

He can say love words to this woman, and he can also say things to that woman, even if it is not the same.

Therefore, it is really ridiculous to prove the sincerity with sweet words.

"The boss, doesn't that mean that Fu Jingting's feelings for Rong Shu are really not that deep?" Assistant Li frowned.

Su Cheng squinted his eyes, "Perhaps, it's been a day since I asked someone to cut off the parts of Hu Rongshu's company. Rong Shu is probably in a hurry and is trying to figure out how to solve this problem. If the parts cannot be returned within three days,

She should be very clear about what Tian Cheng was going to face, but she didn't tell Fu Jingting, which shows that she also knew that Fu Jingting still had reservations about her feelings and would not necessarily help her. Of course, this was not absolute, maybe it was Rong Shu herself didn't want Fu Jingting to help, so she didn't tell Fu Jingting, she wanted to solve it by herself, last time we met, I could see that this Rong Shu is actually a very tough woman, and it is indeed possible to do so."

Assistant Li didn't care what kind of woman Rong Shu was, when he heard that Fu Jingting's feelings for Rong Shu might not be very deep, he was very unwilling to say, "Boss, Fu Jingting has a lot of money, if we want to deal with him, we must hold on to Fu Jingting. Only in this way can we succeed. At present, we should not think about the old lady of the Fu family. The old lady will not leave the old house easily. It is impossible for us to use the old lady to deal with him. The second is his stepmother and The sons born by the stepmother, these two can not be regarded as his weakness. After all, they are the sons of the stepmother and the stepmother. Their relationship is limited. Fu Jingting, an indifferent and strong person, may give up them at any time. Apart from these three, there are only three left. Rong Shu is gone."

"I know what you mean, this test may not necessarily be able to test out Rong Shu's position in Fu Jingting's heart, but it doesn't matter, I still have a way." Su Cheng suddenly grabbed the crutches The head of the dragon, his voice became gloomy and pitiful, completely lacking the gentleness of the spring breeze at the beginning, and it looked a bit scary, like a poisonous snake spitting out letters, making the scalp tingle.

Assistant Li's eyes lit up, "Boss, what are you going to do?"

Su Cheng glanced at him, "You'll find out later."

He didn't mean to say more.

Assistant Li didn't even bother to ask.

In Tiancheng Group, Rong Shu didn't know that a conspiracy had been realized behind her back. She was sitting in her office chair at the moment, holding a mobile phone in her hand, calling Mrs. Lu.

Mrs. Lu's Advice

Mrs. Lu likes to surf the Internet at ordinary times, and naturally it is impossible to miss the trend on the Internet.

To be honest, she was still shocked to see Rong Shu and Fu Jingting openly showing their affection on the Internet.

After all, she understands Shu Shu, has a gentle temperament, and doesn't like to be too public. It's basically impossible to do things like showing affection on the Internet.

It is even more impossible for Fu Jingting. The Fu Group is so big, and he is so busy all day that he has no time to go online.

Besides, Fu Jingting has a cold and arrogant temperament, and he doesn't look like someone who can do that kind of thing.

But, these two people, who don't look like people who can do that kind of thing, just did this kind of thing.

How could it not surprise her.

No, just called.

"Shu Shu, it's really lively that you and Jing Ting are out on the Internet. Not only the stock price has risen, but even the entertainment circle has become lively. Your love show is really shocking." Madam Lu smiled.

Rong Shu's face was blushing, and she was a little embarrassed, "I just wanted to show off the gifts he gave to the employees of the company. I didn't expect that everyone would post it on the Internet, and then make such a big fuss."

"But this It's a good thing. Properly letting everyone know about your relationship with Jing Ting can also stop a lot of people with ulterior motives, just the one a while ago, I heard Ah Qi say that he would pry your corner and then apologize to you all over the Internet."

"Su Man." Rong Shu reminded.

Mrs. Lu nodded quickly, "That's right, it's her. Let her and the other women staring at Jing Ting see how good your relationship is. They don't let in at all."

Rong Shu listened . At this point, he laughed, "I didn't think about it so much, but it's really a good thing to hear what you said, auntie."

"It's not a good thing." Mrs. Lu snorted, "I didn't tell you something. Some time ago, I went out to have afternoon tea with those ladies. Among them, Mrs. Wang, who runs a seafood market at home, knew that I had a good relationship with you. Just change the way to inquire about the relationship between you and Jing Ting."

"And this matter?" Rong Shu was stunned.

“Isn’t that the case?” Mrs. Lu curled her lips, “The wife has a daughter who is about your age. Recently, I heard that there was a problem in the seafood market of Wang’s family. They used dead fish as live fish and were investigated by the relevant departments. In order to solve this matter, the Wang family inquired about the unmarried young people in the circle, and they wanted to marry their daughters so that their in-laws could help. Let alone the sea market, they said that who is better than Fu Jingting in the whole country, this is not to focus on I want to start with Jingting.”

Rong Shu pursed her red lips and lowered her face, as if she had swallowed a fly in her heart, she was very disgusting.

No one is happy about being poached.

Mrs. Lu said again, “After I know Mrs. Wang’s plan, how could I honestly tell her that I want to do that, isn’t it just to hurt you, so I hurt you again, you don’t know how ugly she looked at that time. .”

Having said that, Madam Lu covered her lips and smiled.

Rong Shu also smiled, “Thank you auntie.”

“Thank you, whoever encounters this kind of thing hates it.” Madam Lu waved her hand, “But Shushu, I don’t think the Wang family will give up, these two days. , the Wang family has been inquiring about the invitations to the shopping mall banquet.”

“Banquet invitations?” Rong Shu frowned.

Mrs. Lu snorted, “Yes, the people invited to this shopping mall banquet are all people with more status in the sea market.”

“I know.” Rong Shu nodded, “I also received an invitation letter.”

Logically speaking, Now Tiancheng, she can’t receive invitations.

But at that time, she had already reunited with Fu Jingting, so naturally the Liu family would not forget her share.

In other words, she only got the invitation letter relying on Fu Jingting’s relationship.

Speaking of which, for this banquet, she also specially asked the designer to design the dress.

Originally, the dress had already been obtained, but it was ruined by the woman Su Man.

Thinking about it now, I’m still angry.

The most disgusting thing was Su Cheng's father who was dedicated to protecting his shortcomings.

Mrs. Lu didn't know what Rong Shu was thinking, but she was not surprised to hear that she also received the invitation.

Fu Jingting was here, it would be surprising if she didn't receive it.

"The Wang family is no longer on the invitation list this time, so I have been looking for relationships in the circle for the past two days, wanting to get an invitation. At the same time, I also heard that the Wang family has also found a well-known stylist to make them for their daughter. Modeling, I guess, the Wang family wants to take their daughter to the banquet to find a target, and Jing Ting will definitely go this time?" Madam Lu asked.

Rong Shu nodded, "Yes, he originally didn't want to go, with his status and the current strength of the Fu Group, there is no need to attend this kind of banquet that is not helpful to him and Fu, he will go mainly for the sake of Come with me and support me, after all, I need to get a sales platform in the Liu family's shopping mall this time."

Mrs. Lu's expression immediately became serious when she heard her words, "That's right, the Wang family will definitely take care of you when the time comes. Jing Ting takes action, even if he doesn't take action against Jing Ting, they are all young talents. Shu Shu, you should take good care of Jing Ting. I'm afraid he can't stand the temptation. I will definitely be able to handle it."

"I will." Rong Shu clenched her phone tightly, squeezed the corner of her mouth and replied, "But I also believe in him and will not do anything wrong to me."

Although she believed that Fu Jingting would not Betray her, but also hate someone digging her corner.

I hope that the Wang family will stay safe, or just stare at others. As long as she doesn't shoot at her man, she will act as if nothing happened. But if the Wang family really dared to dig her corner, don't blame her for being rude.

The Wang family is not as good as her Tianzhu, and it is not impossible for her to deal with the Wang family.

"I know you believe in him, and I believe in him, but there are some things, just believing is not enough. In short, Shushu, pay attention." Mrs. Lu sighed and urged.

Rong Shu nodded, "Okay, thank you aunt for reminding me."

"But this Wang family is really ridiculous. As a woman who doesn't understand business, I know what this banquet represents. The Wang family is good, but they

brought their daughters to look for them on this occasion. Men, don't be afraid to offend the Liu family." Madam Lu sneered with contempt.

Rong Shu was able to figure it out a bit, and replied lightly, "Because this is the only opportunity for the Wang family to get in touch with many young talents and top families at one time, of course they don't want to miss it, they would rather risk offending the Liu family. Give it a try, if it succeeds, you are not afraid of the Liu family dealing with it. If you want their daughter's family, they will naturally help them settle it. After all, those who can receive invitations from the Liu family have the same power as the Liu family, and neither does the Liu family. I will really have a feud with a family similar to my own, so I can only hold my breath."

"I see, so I will say it." Madam Lu was taken aback.

Rong Shu turned the pen in his hand, "But this has to be successful. If it doesn't work, it's strange that they don't get revenge by the Liu family.

" face?" Madam Lu laughed.

Although there was a faint smile on Rong Shu's face, the smile did not hit the bottom of his eyes.

"Okay, let's not talk about this anymore. In short, Shushu, you should pay attention when the time comes." Mrs. Lu warned worriedly again.

Rong Shu showed a sincere smile now, "Don't worry, Auntie, I'm measured."

"It's good to be measured, by the way." Suddenly thinking of something, Mrs. Lu asked with concern, "Is Xiaoxi okay?"

Am I a Cargo

Hearing that Mrs. Lu asked about Secretary Tong, Rong Shu instantly became a little nervous, the original posture of leaning on the back of the chair was adjusted a little now, her back was straightened, and her body was straight, "Secretary Tong Ah, she's fine, she's fine."

"Yeah, that's fine." Mrs. Lu nodded, "I was in the hospital today for a physical examination, and I happened to meet her. I saw that her face was pale and her hands were She held a large stack of documents, thinking she was seriously ill, and asked her

what was wrong, but she actually answered me that she just had some problems with her cervical spine.”

“Auntie means that she doesn’t believe that Secretary Tong is a cervical spine . Is there a problem?” Rong Shu bit her lower lip.

Madam Lu nodded, “Of course, I’ve known that girl for so many years, and I know her to some extent. When she answered, she lowered her head and didn’t dare to look into my eyes. She was obviously lying. Since she was lying, she didn’t want to tell me. What was wrong with her, and I couldn’t force it, so I pretended to believe her, and after a few more chats, she excused herself and left in a hurry, as if she was afraid that I would stop her. I was still wondering at the time, I’m not a tiger who can eat people, so what is she afraid of me?”

“So it is.” Rong Shu raised her chin suddenly, and then asked tentatively, “Auntie, after Secretary Tong leaves, what will you do? She didn’t ask the people in the hospital, what’s wrong with her?”

Mrs. Lu shook her head, “No, she doesn’t want to tell me, how can I ask these questions, and figure it out privately, it’s also disrespectful to her. “

That’s it.” Rong Shu patted her chest and breathed a sigh of relief.

Fortunately, my aunt didn’t know that Secretary Tong was pregnant.

But also, if she knew, my aunt wouldn’t be so calm.

“Shushu, do you know about Xiaoxi’s illness?” Mrs. Lu suddenly asked.

Rong Shu’s eyes flashed, and she replied with a guilty conscience, “Well, I know a little bit.”

“No wonder I just asked you if Xiaoxi was okay, but you were very calm, including when you met Xiaoxi in the hospital later, you were also very calm. Calm down, I already knew that.”

“That’s right.” Rong Shu sneered, “She’s my secretary now. She always asks me for leave when she goes to the hospital.

”, and then said, “By the way, Shushu, that kid Xiaoxi refused to tell outsiders what kind of illness she had. I saw that her face was not good at the time, so I thought she might have suffered from a serious illness. I’m in a hurry, I guess she may not be able to accept it in her heart, and it’s very hard. I’m worried that she will give up on herself and not receive treatment, so you are her boss, you must persuade her well and let her receive treatment.”

Listen to Mrs. Lu These words made Rong Shu laugh and cry.

She never thought that Mrs. Lu would misinterpret Secretary Tong's 'illness' as so serious, as if she had an incurable disease.

This made her laugh out loud.

But in order not to make Mrs. Lu suspect, Rong Shu could only hold back her smile, flipped her hair around her ears and replied, "Okay, don't worry, Auntie, I will."

"That's good, I don't have anything to say. Well, you haven't gotten off work yet, so I won't disturb you." Mrs. Lu said after looking at the time.

Rong Shu hummed, hung up the phone, then clicked on Secretary Tong's WeChat, and sent Mrs. Lu's words just now by voice.

In the big office next door, Secretary Tong was wearing a bluetooth headset, listening to Rong Shu's words, knowing that Mrs. Lu cared so much about her, her heart was warm and complicated, and her eyes couldn't help but warm up slightly.

Mrs. Lu, it's really good.

Unfortunately, she never got the chance.

Secretary Tong turned off Rong Shu's voice, typed a reply to Rong Shu's chairman, and thanked Mrs. Lu for helping me.

After that, I turned off my phone, put away my inner feelings, and continued to immerse myself in my work.

Because she knows that some feelings can't be too much, and can't be thought deeply.

Otherwise, the more she wants, the more unwilling and regretful she will be.

Looking at Secretary Tong's reply, Rong Shu said thank you, nothing more, sighed, shook her head, stopped replying, and started working again.

Soon, it's time for get off work.

After Rong Shu finished processing the last document, she just stretched out when there was a knock on the door of the office.

Thinking it was one of her assistants or secretary, she hurriedly sat upright and sorted her clothes, and then she responded in the direction of the door, "Please come in." The knocking stopped, and the next second, the door opened.

Unexpectedly, the person who came in was not her assistant or secretary, but a man surnamed Fu.

“Have you gotten off work?” Fu Jingting walked in, looked at the woman behind the desk, raised his lips and asked softly.

“Why are you here?” Seeing him, Rong Shu quickly stood up with an undisguised surprise on her face.

But soon, she thought of something again, the surprise on her face dissipated, she snorted, sat back on the chair again, and turned her head away, like I was very angry and didn't want to see you.

Seeing this, Fu Jingting was stunned, “I'm here to pick you up from work, what's the matter?”

He walked towards her with his long legs, “Did I do something wrong to make you unhappy?”

Rong Shu snorted again, still refused to turn around to deal with him.

Fu Jingting came to her side, put his hands on her shoulders, and turned her around forcefully, “Look at me.”

Rong Shu was reluctant.

Fu Jingting sighed softly, then raised her chin, forcing her face to face him, “Tell me, what the hell happened to me? If I did something wrong, how about I apologize to you?”

Having said that, he thought that I did n't do anything wrong myself.

But if she thinks he is wrong, he can also say he is wrong and apologize to her.

Anyway, you can coax your own woman how you want, as long as she is happy.

Rong Shu finally turned her eyes when she heard Fu Jingting's words, raised her eyes to look at him, hummed, and said in a sour tone, “Congratulations to President Fu, I have been photographed again, and I want you to be my son-in-law.”

“What? ?” Fu Jingting was stunned for a moment, and then his face turned ugly, “Don't talk nonsense, why didn't I know such a thing happened!”

He always knew that many women in the circle were eyeing him, and many families wanted to follow him. He got involved.

But since he let go of his harsh words with people in the circle many years ago, those women and families who are interested in him have never come to him to obstruct his eyes, annoy him, and be afraid that he will target them in anger .

So over time, these people also gave up the idea of having a relationship with him.

Now Rong Shu said that someone had a crush on him and wanted him to be his son-in-law, which made him think it was impossible.

He is saying, if there is such a thing, how could he not know.

“I’m not talking nonsense.” Rong Shu spread her hands, “This is what my aunt told me, saying that the Wang family, who is in the seafood business, is eyeing you and wants to snatch you from me, how about Mr. Fu, You’re very proud to be a hot hand, right?”

Fu Jingting was happy when she saw that she was about to die of jealousy, but she pretended to be joking.

She will be jealous, which shows that she loves him.

“Don’t talk nonsense.” Fu Jingting loosened her chin and gently scratched the bridge of her nose, “Why should I be proud, am I a cargo? Use them to see each other? Besides, if they want me to be their son-in-law, I will If you want to be their son-in-law, they must have underestimated me, Fu Jingting.”

Speaking of which, his face became obviously gloomy, and the aura around him became cold.

“I know you can’t really let them succeed and become their son-in-law, but people just like you.” Rong Shu said with a small mouth.

Fu Jingting pinched her nose lightly, “I’ve never heard of this kind

of thing, where did Mrs. Lu hear it?” It doesn’t make sense about him. He, the client, knows more slowly than others. of.

“Of course Auntie heard from the family who liked you.” Rong Shu didn’t give up any more, and told her everything Madam Lu told her at that time.

After Fu Jingting heard it, Jun's face was as black as the bottom of the pot, "What a good Wang family!"

He knew that the Wang family was in the seafood business in Haishi.

However, there are many seafood businesses in the sea market, and the competition is fierce, so the Wang family is really nothing.

The most annoying thing is that the Wang family is not honest in doing business, and always likes to engage in some crooked tricks, such as using broken seafood to pretend to be fresh seafood, or using artificially farmed seafood to pretend to be wild seafood and so on.

So over time, some people naturally can't stand it, and a report letter reaches the relevant department.

If this is not the case, the Wang family suffers. Several seafood docks have been sealed by relevant departments, and several seafood markets have also been temporarily closed.

Now the seafood business of the Wang family can't continue.

He also heard that the Wang family was looking for relationships to solve this matter recently, and also heard that the Wang family wanted to marry other families who had some say in the sea market.

However, he felt that this matter had nothing to do with him, so he didn't pay attention to it after hearing it.

But I never imagined that the person the Wang family was looking at who wanted to marry was actually him!

Oh, what a big dog!

There are so many famous people in Hai Shi, and there are a lot of people who want to marry him. Which of these people is not as powerful as the Wang family, but did they really appear in front of him and propose marriage to him?

I'm afraid not!

Even if you have that idea, you don't dare to show it, let alone put it into action.

But this Wang family is better. It can't compare to those families anywhere, but it is more courageous than those families. Not only did he have the idea of marrying him, he even dared to take action and go to Mrs. Lu to inquire about his current emotional state.

Do you really think that Fu Jingting doesn't get angry?

Looking at the man's extremely gloomy face and the icy air around him that was enough to freeze him, Rong Shu almost knew what he was thinking.

It is estimated that he is thinking about how to clean up the Wang family who is staring at him.

"Do you want to attack the Wang family?" Rong Shu asked with certainty, looking at the man's cold face.

Fu Jingting patted her head, noncommittal.

Rong Shu shook her head, "Don't do it."

Fu Jingting frowned, "Why?"

"Of course the Wang family is doing nothing now." Rong Shu took the man's hand off her head and held it in her hand. playing with it.

A man's hands are warm, and her hands and feet are cold in winter.

Therefore, she usually likes to hold his hand as a free human body heater, just to warm her hands.

"Although the Wang family did have this idea, they didn't really appear in front of you to do anything, so even if you want to deal with them, there is no suitable reason or evidence. At that time, you will become a mess in the eyes of others. Are you dating someone?"

"I don't care." Fu Jingting lightly opened his thin lips and said lightly, "I would rather kill some of the conspiracies that are about to emerge in the cradle."

"I know." Rong Shu let go of the man's hand, hugged his waist and put his head on his chest, "But I don't want you to be said like that, your reputation in the business is not very good, cold-blooded, living hell, hateful capitalist, you Listen, do these sound good?"

Fu Jingting frowned slightly and said nothing.

It's not that he didn't know the nicknames these business people gave him.

But never cared.

After all, it is the incompetent rage of the loser.

“Anyway, it doesn’t sound good to me. If you are dealing with the Wang family now, the people in the mall will definitely give you another ugly title. After all, the Wang family just has this idea, and you have to deal with them before you do anything concrete. , this behavior will make them feel that you are terrible, so that people who are already alienated will alienate you even more. I also know that you are very strong and do not need to make friends with other people in the mall, but sometimes you will suffer by being alone. After all, no matter how powerful a person is, they are only one person. No matter how weak or weak the ants are, they can devour an elephant when they gather together. Therefore, as long as the Wang family doesn’t really take concrete actions, you shouldn’t know about it. After all, my aunt is not Having said that, the Wang family may also stare at other people in Shanghai.”

Fu Jingting pursed his lips, “Although I will stare at other people, I am one of them after all. I can do nothing to the Wang family for the time being. Would you mind?”

“Do you mind?” Rong Shu nodded generously, admitting her thoughts, “If I didn’t mind, I wouldn’t be angry with you just now, but I can’t let someone stare at you because I mind. When you become a son-in-law, I will make others pay the price. After all, they have not done anything. If they do, then I will naturally not say anything. If you really deal with them, you are saying that the family that wants you to be your son-in-law is not only the Wang family, but the Wang family has exposed that mind now, and the others are well hidden and not exposed, is it possible that I

want you to deal with them?” If that’s the case, then the two of them are enemies of the whole world.

At that time, it will definitely not be the two of them who will win, but those people.

After listening to Rong Shu’s words, Fu Jingting’s eyes were gentle, but there was a hint of helplessness in his eyes, “Little Leaf, you must know that sometimes you are too kind and soft-hearted, and you are the one who suffers.”

“I know.” Rong Shu smiled, “but I still insist on my own ideas. If others don’t do anything, I will pretend that I don’t know. The same shot, then what is the difference between me and Gu Manyin, Gu Yaotian and the others? I can’t accept that I have become like that. Human, it’s better to be kind in this world.”

“Okay, listen to you.” Fu Jingting hugged Hold her head, put her chin on top of her head, her Adam’s apple moved, and her voice was gentle and hoarse.

Rong Shu looked up at the man.

However, her head was held tightly by the man, and she couldn’t lift her head much, she could only lift it a little, seeing the man’s delicate chin, “But you still have to pay attention, my aunt said, the Wang family worked so hard to get it. The invitations for shopping mall banquets are going to Lie Yan. Of course, it would be best if they didn’t

attack you. If they are really eyeing you, you must hold them for me. My aunt said that men are often attracted to you. The Han ethnic group sent it to the door, but it is easy to lose control.”

Fu Jingting heard this, angry and funny, “Nonsense, am I the kind of bastard who has no brains and no self-control, and only uses the lower half and body to move? Mrs. Lu is also true, I have nothing to tell you, and what do you think of me, Fu Jingting?”

“Auntie is also for me, so she told me this specially.” Rong Shu looked at him and smiled.

Fu Jingting pursed his lips, “Even if it’s for you, don’t take these words to heart, just listen, don’t take it seriously, by the way, don’t you take it seriously?”

#### **Rong Shu Acting**

He looked at the woman, but his heart was a little nervous.

She treats Mrs. Lu as her own mother. She might take what Mrs. Lu said, thinking that he may indeed be a man who can’t control a woman who comes to her door.

If that’s the case, Mrs. Lu would really cheat him.

Looking at the man’s obviously nervous expression, how could Rong Shu not know what he was thinking at the moment, her eyes flashed, and she looked at him seriously without answering.

Rong Shu’s silence caused Fu Jingting’s heart to sink, “Are you serious?”

Seeing the man’s expression becoming more and more nervous, so nervous that he was about to get anxious, Rong Shu swept away the seriousness on his face and smirked, “How could it be possible? , of course I won’t take it seriously.”

“Then you just now”

“I did it on purpose.” Rong Shu smiled proudly at him, “I did this on purpose, just to see your reaction and to scare you, it’s fun. Son.”

Hearing the woman’s mischievous laughter, Fu Jingting sighed lightly.

Fortunately, she didn't take it seriously.

However, she actually dared to scare him on purpose.

Really fat.

Fu Jingting pursed his thin lips, and then scratched at her creak.

Rong Shu was afraid of itching, and being scratched like this, her naturally itchy body shrank, hiding and laughing, "Fu Jingting, what are you doing?"

"Of course it's to punish you, but you dare to scare me on purpose." Fu Jingting looked solemn. Looking at her, he scratched his hand again at the same time.

Rong Shu hid even more, and her laughter was also mixed with shouts, "I'm not joking, I know you're not that kind of person, so from the beginning, I didn't take my aunt's words to heart. , but looking at your expressionless face, I couldn't help but want to tease you on purpose, wondering how you would react when you saw me taking it seriously, nothing else."

"This kind of thing is Can you joke around at will? Do you know that I have a bad heart?" Fu Jingting said with a frown.

This woman, just really scared him.

He really thought that after they had been together for so long, she would still think that he, like those vulgar men, couldn't stand the temptation of the outside world.

In the end, she was just joking, trying to scare him.

"Don't come." Rong Shu rolled her eyes at Fu Jingting angrily, "Your heart is not good, that's what happened in the past, your heart has been healed a long time ago."

She pointed at Fu Jingting's chest, which is where the heart is. a piece of location.

Fu Jingting held her fingers, lowered his eyelids, and covered the dullness in his eyes, and said softly, "That can't be done."

Seeing the man's serious expression, Rong Shu followed suit, "You don't like this kind of thing. Are you kidding?"

Fu Jingting raised her face and nodded to her seriously, "Well, I don't like it, you will make me doubt myself, not give you enough sense of security, and at the same time wonder if I have done something wrong. , makes you think that I might be hooked up at any time."

Hearing what the man said, Rong Shu also realized that her joke was a bit inappropriate, and quickly apologized, "I'm sorry, I didn't think about it carefully, I won't do it in the future."

If you are wrong, you must admit it and apologize.

Fu Jingting rubbed her head, "Okay."

"But don't blame auntie, she doesn't know you as well as I do, so it's normal for her to think so, after all, there are too many men like this, and she is for me too." Rong Shu looked at Fu Jingting worriedly.

She was worried that Fu Jingting would be dissatisfied with Madam Lu because of this.

However, Fu Jingting suddenly laughed softly, "Of course not, since I know she is for you, what do I blame her for?"

"Huh." Rong Shu breathed a sigh of relief, "That's good, I'm afraid you think your aunt is provoking us."

"I might have thought this before I met Mrs. Lu, but I saw her last night and gave her so many gifts. From her attitude towards me, I knew that she would not do such a thing." Fu Jingting rubbed his head. She glanced at her tender cheeks, "So don't think about it."

"Yeah." Rong Shu smiled and nodded, feeling completely relieved.

"Get off work?" Fu Jingting glanced at the desk beside her.

The desk has been tidied up by now, obviously busy.

Sure enough, Rong Shu came out of his arms and took off the bag hanging on the shelf. "Of course, you've already come to pick me up, so why don't I go with you? Let's go."

She took the initiative to reach out to him . shot.

Fu Jingting took the bag in her hand, held her hand, and led her to the office door.

The figure of the two walking out of the office and walking towards the elevator was naturally seen by some secretaries and assistants.

They said they were used to Fu Jingting helping Rong Shu with the backpack.

Anyway, as long as Mr. Fu comes here, he will definitely help the chairman with backpacks.

Therefore, even if Mr. Fu was laughing while carrying a lady's bag, they had changed from laughing at the beginning to their calm face now.

After watching too much, no matter how funny it is, it doesn't matter.

After all, it's no surprise.

The only thing that doesn't change is that they have to praise the relationship between the chairman and President Fu every time, which is getting more and more sticky.

It was only during the day that she showed her love on the Internet, and it was so sweet that it made people lose their teeth.

Now that they are off work, they have to come here to feed them a pass of dog food.

Is this what people do?

Although the employees in the group were deeply resentful, they shouted that they did not want to eat dog food.

But when they saw the two appear together, they still happily ate the dog food.

There is no way that the picture of two people appearing together is too beautiful.

Soon, the elevator arrived.

Before entering the elevator, Rong Shu knew that the secretaries and assistants were watching them from the door of the big office.

Therefore, she turned her head specially, smiled and nodded to a few, and after saying hello, she and Fu Jingting entered the elevator together.

"What would you like to eat tonight?" After the elevator door was closed, Rong Shu turned to look at the man beside her and asked, "There is no food at home, so I have to go to the market to buy some."

"I won't eat at home tonight." Fu Jingting lowered his eyes and followed her look at each other.

Rong Shu tilted her head, "You mean, eat outside?"

"Well." Fu Jingting raised his chin, "Let's go somewhere."

"Where are you going?" Rong Shu blinked, very curious.

But Fu Jingting didn't answer, and secretly sold off, "You'll know when you get there."

Rong Shu rolled his eyes at him, "If you don't say it, don't say it." As

soon as he finished speaking, the elevator suddenly stopped, and then there was a ding. Open.

Outside, when Duan Xingbang saw the two of them, he was stunned for a moment, and he couldn't hide the surprise in his eyes.

Obviously, I didn't expect that Rong Shu and Fu Jingting were in the elevator.

And he was so lucky to meet him.

Rong Shu also didn't expect that the person outside was Duan Xingbang, and was slightly surprised, but he quickly recovered and nodded lightly at Duan Xingbang, "Mr. Duan, are you off work too?"

Duan Xingbang also came back to his senses. , unexpectedly showed a kind smile, which surprised Rong Shu.

But soon after thinking about it, you will know why.

It is estimated that he saw Fu Jingting beside her, so he didn't show that yin and yang strange look like when he usually saw her.

"Yeah, Rong Shu's niece is also off work, right? And Mr. Fu." Duan Xingbang replied, looking at the tall man beside Rong Shu, "Fu always comes to pick up Rong Shu's niece from work?"

Fu Jingting glanced indifferently. Duan Xingbang gave Duan Xingbang a glance, but he was not interested in paying attention.

Duan Xingbang's eyes flickered, but he was not angry.

This Time, I Will Get My Divorce Chapter 948

The date of marriage has been decided

With his status and status here, he doesn't have the guts or the capital to get angry in front of this person.

“Since they both get off work together, Rong Shu’s niece and Fu Jingting shouldn’t mind me being with you, right?” Duan Xingbang asked, but he walked straight into the elevator without waiting for Rong Shu and Fu Jingting’s answer.

The elevator door closed slowly as he entered.

Now I want to say mind, it’s too late for him to go out.

Fu Jingtingjun’s face was black and ugly.

Rong Shu’s face wasn’t much better, but he didn’t say anything.

After all, this was originally a high-rise exclusive elevator, not hers alone, Duan Xingbang had the right to take it.

No big deal, just be patient.

The elevator was so quiet that only the sound of shallow breathing and the operation of the elevator could be heard.

Duan Xingbang felt a little pressure for a while.

Of course, this pressure did not come from Rong Shu.

Although Rong Shu has been managing the group for almost half a year, he is still young after all, and in terms of momentum, he is far inferior to a person who has been promiscuous and has invaded the market for decades.

So Rong Shu can’t put pressure on him, only he can put pressure on Rong Shu.

And there were only three of them in the elevator. Since Rong Shu couldn’t put pressure on him, Fu Jingting was the only one who could put pressure on him.

Thinking about it, Duan Xingbang turned his face slightly and glanced at Fu Jingting, who was standing beside Rong Shu, holding Rong Shu in his arms in a protective posture. He felt that although he was young, the aura of this person made him a place to be. The old people who have been in the shopping mall for decades have been suppressed, so how can these old people feel.

“What are you looking at?” Just as Duan Xingbang was thinking about it, Fu Jingting suddenly turned his eyes to him, his eyes indifferent and without a trace of emotion.

Duan Xingbang shivered from his eyes, and his face turned pale.

But the old fox is an old fox, he quickly calmed down, cleared away the fear in his heart, and forced a smile back and forth, “I just saw that the relationship between Rong Shu’s

niece and President Fu is still so good. Today, the two are online, but they are enviable. It's tight."

"A beautiful relationship should be envied." Fu Jingting returned his gaze lightly.

Rong Shu hooked her lips and said nothing.

Duan Xingbang lowered his eyelids, "What I said is, but Mr. Fu, I can be regarded as the uncle of Rong Shu's niece. I have been friends with her father for many years, and now that her father has passed away, those of us who are uncles should naturally also be Take care of her for her father."

"So, what do you want to express?" Fu Jingting frowned.

Rong Shu also looked at Duan Xingbang with undisguised mockery in his eyes.

This person's words are also really funny. When fighting for power and profit, he wished she would die, so that he would be able to fight for the things that were under her hands.

In normal times, I don't have a good face when I see her, let alone never really treat her as a niece, and he doesn't even respect her chairmanship.

If it weren't for the fact that he really did credit and hard work to Tiancheng in his early years, and his age was there, she would not tolerate Duan Xingbang's attitude, and she would definitely let him know what it means to respect the chairman.

Now, because Fu Jingting is here, he seems to have forgotten how he usually treats her. He shamelessly takes on the attitude of an elder, one by one as an uncle, and one by one to take care of her, how kind and kind he must be.

If it wasn't for knowing that he was pretending, maybe he would have been deceived by him.

After all, the acting is pretty good.

How could Duan Xingbang not see that Rong Shu was mocking his hypocrisy at the moment, he secretly squeezed his palm, and pretended he didn't find anything, and continued to smile at Fu Jingting and replied, "I mean, President Fu and my niece Rong Shu have already It's been a while since you got back together, and everyone knows that you are in a good relationship, but you just don't know, when are you going to get married, or do you have any thoughts about getting married?"

As soon as these words came out, Rong Shu's eyes narrowed, looking at Duan Xingbang's eyes, in addition to ridicule, there was a little suspicion.

This old thing, what do these want to ask?

“The idea of marriage?” Fu Jingting’s lips curled slightly.

Duan Xingbang nodded, “Yes, after all, you are all together, there are some things that should be considered, Mr. Fu, do you think so?”

Fu Jingting snorted, then looked down at Rong Shu, “This will not bother you, Mr. Duan. Worry about it, of course I have the idea of getting married, and I have already decided on the date, when the time comes, I will definitely not forget to give you an invitation.”

Duan Xingbang’s face suddenly stiffened.

He just tried it out, but he didn’t expect that Fu Jingting actually had the intention of marrying Rong Shu.

Not only that, but the day is decided.

For a time, Duan Xingbang felt impatient.

Because Fu Jingting wants to marry Rong Shu, it is definitely not a good thing for him.

He wanted to get Tiancheng, and now that Rong Shu and Fu Jingting are boyfriends and girlfriends, his hope of success is so slim.

After getting married, he actually has no chance?

If Rong Shu married Fu Jingting, his head became hot, and he gave Tiancheng to Fu Jingting, and then merged into the Fu Group, wouldn’t he have nothing more?

Duan Xingbang was in a hurry here, and Rong Shu next to him was also very surprised.

She opened her eyes wide and looked at the man beside her, clearly asking when he decided on the date of marriage.

Fu Jingting didn’t answer, he just smiled at her, but the smile disappeared quickly, and he looked blankly at Duan Xingbang, who was bowing his head and didn’t know what to think, a coldness flashed in his eyes, and it was fleeting, ” Mr. Duan, when I heard that I was planning to marry Xiaoye Ye, why didn’t you speak ? Isn’t this what you asked? When I answered, you were silent without even a single expression. What, are you? Don’t want me to marry Xiaoye Ye?”

Duan Xingbang’s expression changed, cold sweat broke out, his heart was beating so fast that it almost jumped out of his throat, he quickly shook his head and replied, “No, no, of course not, I’m Rong Shu’s niece’s uncle, and her father was alive. My friend, I

also take her as my daughter, so how could I not want you to get married, it's too late for me to be happy when you get married.”

God knows how reluctant he was when he said this.

He couldn't admit that he just didn't want them to get married. They didn't benefit him at all.

But he couldn't let this man know about this kind of thing.

Otherwise, this man still doesn't know how to deal with him.

Therefore, he could only answer with conscience, even if Rong Shu on the side rolled his eyes at him, he would endure it.

“Well, it's good that President Duan is happy. I'll have someone deliver the invitation at that time, but President Duan can't come.” Fu Jingting said, holding Rong Shu's shoulders.

Duan Xingbang's smile became stiffer and stiffer, “Of course, I will definitely come, I will definitely come.”

“That's good.” Fu Jingting looked at him, his emotions were not in his eyes, “Mr. Duan takes such care of Xiaoye Ye, he is indeed a good uncle, Duan Don't worry, no matter whether it is before or after marriage, I will definitely treat Xiaoye Ye well and make her happy forever.”

I would rather you not treat her well and make her miserable!

Duan Xingbang thought maliciously in his heart.

Of course, he couldn't show any malice on his face. Instead, he could only respond with a smile, “With Mr. Fu's words, I, an uncle, can rest assured, my niece is pitiful.”

He glanced at Rong Shu, He sighed again, as if feeling pity for her.

Rong Shu almost didn't vomit out in disgust, and at the same time, she was also very angry.

Duan Xingbang's Plan

Pitiful?

Why doesn't she feel that she is pitiful?

Just when Rong Shu couldn't bear it anymore and wanted to tell Duan Xingbang what he meant, Fu Jingting gently squeezed the hand on her shoulder, signaling her not to be impulsive.

Rong Shu looked up at him.

Fu Jingting just happened to be looking at her, and seeing the gaze she cast, he didn't say much, just gave her a reassuring look, and motioned to hand it over to him next.

It turned out that he had long seen that she was annoyed by Duan Xingbang's words, and wanted to confront Duan Xingbang.

The reason why she stopped her was because she was worried that she would be disadvantaged by the previous Xingbang.

After all, Duan Xingbang has been in the arena for decades more than she has been in the arena. It is easy for her to suffer from the previous Duan Xingbang.

So it's better to let him do this kind of thing.

Rong Shu understood what the man meant, warmed her heart, and then calmed down.

Fu Jingting felt her mood change, patted her on the shoulder lightly, then pulled her to his right, separated her from Duan Xingbang, and faced Duan Xingbang himself.

To be honest, without Rong Shu standing in the middle, Duan Xingbang faced Fu Jingting's pressure directly, even more than at the beginning.

So big that he regrets why he came in.

But when Jindu came in, he could only face it bravely.

"Mr. Duan said that Xiaoye Ye is pitiful, where did you start?" Fu Jingting stood in front of Duan Xingbang, bowed his head slightly, and looked down at him condescendingly.

The eyes without any emotional fluctuations made Duan Xingbang feel that he was like an ant being watched, and a huge sense of humiliation surged in his heart in an instant.

But he always hides it, so he quickly suppressed the humiliation, sighed, and showed a hypocritical look of regret, "Mr. Fu, you also know that Rong Shu's niece is not the biological daughter of the Rong family, and you don't know if she is. What was the reason that Rong Shu's niece was abandoned by her biological parents as soon as she

was born, but she was lucky enough to be picked up by Rong Hao. He grew up in an orphanage, then got married and had children, and became the most ordinary person among all living beings.”

Rong Shu was about to laugh when she said this.

Did he say this to remind her of her true identity?

Then, so that she could remember that she was only an orphan, an orphan who, if not fortunately picked up by her father, might not have been able to live the life of a young lady, let alone inherit Tianzhu, and could not enter the upper class and meet Fu Jingting, and then To make her feel inferior in front of Fu Jingting?

Also, Fu Jingting is the third-generation eldest grandson of the Fu family, with a noble status.

And she is just an orphan who was abandoned by her biological parents and became the daughter of the Rong family by coincidence. Otherwise, she may have grown up in an orphanage as Duan Xingbang said, and if she is lucky, she may be adopted. , and then live the life of an ordinary person, it will never be possible to enter the upper class, and it is even more impossible to get to know Fu Jingting and be together.

So in terms of birth, she is indeed too far from Fu Jingting, like a sting.

She should really feel inferior because of this, after all, no matter how she looks at it, she is not worthy of Fu Jingting.

However, she is not as good as Duan Xingbang's wish, so she does not feel inferior.

Why does she feel ashamed?

Now chasing after her, Fu Jingting is the one who wants to get back with her, not her!

Therefore, she didn't feel that she was inferior at all, and she should even be proud.

She is proud of her charm and can make a big man like Fu Jingting fall in love with her and pursue her hard. In Fu Jingting's eyes, she must be excellent and bright, otherwise, in Fu Jingting's eyes, why would she fall in love with her?

Do you really think that there will be a bloody plot of those wealthy young masters in Li and TV dramas who look at the cinderella heroine like a straw bag?

Oh, that's totally unrealistic!

The wealthy young masters have to receive elite education since childhood, so their knowledge and their cultivation are destined that they will not fall in love with the ordinary Cinderella with no bright spots.

Of course, there are all kinds of strange people, and there are some exceptions. For example, Fu Jingting's father fell in love with Wang Shuqin, which is probably an exception.

But she was sure that such an exception was only one percent, and Fu Jingting was definitely not such an exception.

If Fu Jingting can fall in love with her, it means that she is excellent and valuable. Since she is an excellent person, there is absolutely no need to feel inferior because of such a birth.

Even she should be proud that even if she is abandoned, there will be someone who loves her. After all, this luck is not for everyone.

Shouldn't she be proud of her being so lucky?

Rong Shu could think that Duan Xingbang said that these were deliberately humiliating her and making her feel inferior. How could Fu Jingting be so smart.

At that moment, he could not wait to directly grab Duan Xingbang's neck and strangle him to death.

But rather than strangling Duan Xingbang, he cared more about Rong Shu's emotions.

Duan Xingbang was there, and he could kill him at any time.

But the lover's emotions cannot be delayed.

Therefore, he forcibly suppressed the killing intent in his heart and turned to look at the woman beside him.

Seeing the angry woman around him from the beginning to the proud smile at the end, he realized that she was very angry at first, but in the end he figured it out.

This made Fu Jingting's heart finally let go a little, but not completely, and still looked at her nervously.

Rong Shu felt the man's eyes and knew what the man was worried about. She raised her head and smiled at him, "I'm fine, on the contrary, I'm very happy."

Although she did not specifically say why she was happy.

But Fu Jingting just understood what she meant, and he finally let go of his heart. After rubbing her hair gently, he turned his head back suddenly, and looked at Duan Xingbang with murderous intent in his eyes again, "It seems, you My wishful thinking was wrong."

Hearing this, Duan Xingbang's heart suddenly froze, with a stiff expression on his face, "What do you mean by Mr. Fu?"

"

Fu Jingting looked at him now, and he looked at dead people completely.

"You deliberately emphasize Xiaoye's identity, don't you want to attack Xiaoye's self-esteem in front of me, and tell her that she is not worthy of me? You also want me to care about Xiaoye and divide our feelings, but It's a pity that you didn't succeed at all."

Duan Xingbang's face changed greatly, his pupils shrunk to the size of a needle.

He knew the meaning of his words, and it was impossible to hide from these two people. After all, the meaning of his words was indeed very obvious.

But he never expected that Fu Jingting would tear up his face directly with him and say this.

Doesn't Fu Jingting feel ashamed?

He made it so clear that Rong Shu was an orphan who was not treated and abandoned by his biological parents. If it wasn't for adoption by the Rong family, Rong Shu would either be dead or an ordinary woman. The two of them were not suitable anywhere. Shu is no match for anywhere.

He firmly believed that these words of his own would damage Rong Shu's self-esteem and make Fu Jingting feel ashamed and embarrassed. After all, he had found a woman who was born an orphan and could not stand on the stage.

A man with a little bit of self-esteem must be very concerned when others point out that he has found a girlfriend who was born in an orphan. At the same time, he will also feel disgusted with his girlfriend. After all, they will think that it is the girlfriend who can't The birth of the shot made me humiliated, so slowly I began to lessen my feelings for my girlfriend.

And a man like Fu Jingting will definitely have stronger self-esteem, so Fu Jingting will naturally follow his ideas. In this way, he will successfully separate the relationship between the two people, let alone getting married, maybe he will It won't take long for the relationship to break up.

But he didn't expect that Fu Jingting said he failed!

This Time, I Will Get My Divorce Chapter 950

Completely trampled to death

how can that be!

How could he fail?

Duan Xingbang couldn't accept such a result for a while.

In his opinion, men should be what he thinks, and no man will not mind the life experience of the other half, especially men with higher status should care more.

After all, the status is so high, but looking for a lover who was born as an orphan, others will laugh at it and point fingers when it spreads.

And men, who are all face-loving creatures, how could they not care about this.

Looking at Duan Xingbang's trembling face, Rong Shu couldn't help it. She was born mockingly, "It seems that President Duan doesn't quite believe what you said."

She lightly poked the man's thin waist.

The man's eyes darkened, he pinched her troublesome fingers, and shackled her in the palm of his hand, "Don't make trouble." A

man's waist is also one of the sensitive points, and he can't touch it casually.

This is playing with fire!

Looking at the dark eyes of the man, Rong Shu also realized why the man told him to stop making trouble, his face flushed, and he pulled his fingers back, as if nothing had happened, and turned his head to the other side.

Fu Jingting ran away when she saw her flirting, looking like a scumbag, angry and funny, "I'll settle the account with you later."

After he lowered his head and leaned against her ear, he turned his attention to Duan Xingbang again. His eyes were cold without a trace of warmth, "I can only say, Mr.

Duan, you don't know me. Not all men are the same as you think. Who you are does not mean that others are too." The

implication is that you Duan Xingbang is the kind of man who cares about a woman's life and face the most.

Duan Xingbang understood, and felt extremely embarrassed, but he couldn't admit it, so he could only continue to fake a smile, "Mr. Fu is joking, I didn't mean that, Rong Shu is my niece, how could I have such ideas? I wish you were fine."

Seeing that both himself and Fu Jingting were speaking so straightforwardly, it could be said that he had already torn his face.

But Duan Xingbang was still reluctant to admit it, and was still talking nonsense with his eyes open, Rong Shu couldn't help rolling his eyes, and he was also in admiration.

After all, in terms of face, the average person is indeed inferior to Duan Xingbang.

"Wish we were okay?" Fu Jingting lightly opened his thin lips and repeated these words gently, with a playful tone.

Duan Xingbang nodded again and again, "Of course, I really just feel sorry for Rong Shu's niece, and I don't have any thoughts of attacking her or provoking your feelings, Mr. Fu, you believe me, if I had these thoughts, I would have done it a long time ago, right? Why? I have to wait until now? I really just feel sorry for Rong Shu's niece. She was abandoned by her biological parents since she was a child, and she was finally adopted to have parents. I don't know why, my younger brother and sister suddenly fell ill, and then when Rong Shu was one year old No, when I was five years old, I had a stepmother again, as the saying goes, if you have a stepmother, you will have a stepfather."

Having said that, he glanced at Rong Shu again, but he didn't seem to see Rong Shu's gloomy, as if to make him With a shredded look, he felt pity for her, and continued, "Although Lao Rong will not really become a stepfather, his love for Rong Shu's niece is definitely not as much as in the beginning, so I think maybe It's because she didn't get much father's love since she was a child, so Rong Shu's niece is always surrounded by many men. I want to get love from them. First, the boy from the Lu family, and then the male model in the entertainment industry. What is the name of Li or something? , and the one from the Cheng family, of course, I have no other meaning when I say this, I just want to tell you, Mr. Fu, that Rong Shu's niece is so lacking in love that there is always such a man by her side, so Mr. Fu, you must take good care of Rong Shu Niece, don't blame her, it's all in the past, Rong Shu's niece is indeed pitiful."

He didn't believe it, he said it so obviously, saying that Rong Shu is surrounded by so many women, she's a jerk. , people, does Fu Jingting still care?

If he didn't care, he would doubt whether Fu Jingting was a man after all!

Duan Xingbang's wishful thinking slapped loudly.

First of all, it was emphasized that her mother died when she was one year old, for some unknown reason, didn't she mean that she was a mother?

After all, before she came to Rong's house, her mother was still fine.

Then she spread rumors that her father didn't love her enough, so she lacked love since she was a child, and when she grew up, she was inseparable from men. She was a feisty woman, so as to make Fu Jingting around her feel very concerned about it.

It's really not a single move and there are even tricks.

The last plan failed, and then this move came again, just to destroy the relationship between her and Fu Jingting.

Although she knew that she and Lu Qi were innocent and had nothing, but at this moment, she couldn't help worrying that the men around her would think too much and would mind.

So Rong Shu glared at Duan Xingbang with red eyes, and in Duan Xingbang's proud eyes, she hurriedly looked at the man beside the book.

"Fu Jingting"

Just as Rong Shu opened his mouth and wanted to say something, Fu Jingting suddenly let out a low laugh.

This laughter made Rong Shu's heart skip a beat, and she became more and more uneasy. "Fu Jingting"

she shouted again, her voice full of anxiety.

Duan Xingbang knew that she was starting to panic, and he couldn't hide the excited expression on his face.

It worked.

He finally succeeded in softening Fu Jingting's feelings for Rong Shu.

As long as Fu Jingting didn't care about Rong Shu so much, he would definitely not marry Rong Shu.

If he knew that he would succeed if he said it this way, he said it from the beginning.

Duan Xingbang couldn't help feeling a little annoyed.

But soon, the annoyance disappeared.

Anyway, he has succeeded now. Although he took a little more detours, the result was enough.

Looking at Rong Shu nervously looking at Fu Jingting, Duan Xingbang sneered proudly, and planned to say something to add fire, so that they could break up completely here.

Fu Jingting raised Rong Shu's face, but looked at Duan Xingbang and raised the corners of his lips coldly, "Who said I should blame her?"

Rong Shu was stunned.

Duan Xingbang was also stunned, his proud expression froze on his face, how funny it was.

"Fu, Mr. Fu, what do you mean?" His voice trembled a little, and a sense of unease floated in his heart.

Don't blame Rong Shu?

Shouldn't it be what he thought?

If it's not her fault, is Fu Jingting still a man?

Does anyone still like to be a green-headed turtle these days?

"I mean very clearly, don't I?" Fu Jingting rubbed Rong Shu's lips with his thumb, his movements extremely gentle, "She did have a few men around her before, but why should I blame her? At that time, we weren't together, right? What? Now that we are together, have you seen these people appear next to her again?"

"Duan Xingbang choked, unable to speak.

Because, he really hadn't seen these men appear in Tiancheng for a long time.

"But even so, it doesn't mean that they didn't show up beside Rong Shu's niece, maybe I just didn't see it?" Duan Xingbang gritted his teeth.

No matter, he must hit their relationship hard today.

Otherwise, it is him who is in trouble.

“Heh.” Rong Shu grabbed Fu Jingting’s wrist, took Fu Jingting’s hand from his chin, stared at Duan Xingbang, and said in a gloomy voice, “Mr. Duan really wants to trample me to death, a niece, but every word They are all setting traps for their nieces, and I don’t want to see my niece, I don’t dare to ask for an uncle like President Duan, and I don’t know how to die if I want it.”
