This Time, I Will Get My Divorce Chapter 951

“Rong Shu’s niece has misunderstood. Since I’m your uncle, how can I not see you.” Duan Xingbang is an out-and-out old fox. Even when Rong Shu exposed the dark side of his heart, he could not change his face. “The reason why I say this is that I don’t mean anything else, I just think that since President Fu is with you, you should let him know about some things in your past, instead of hiding it from him, otherwise it will be unfair to President Fu. “What about Rong Shu’s niece?”

Rong Shu sneered, “Mr. Duan, you always have so many great truths.”

“Rong Shu’s niece is joking.”

“But it’s a pity.” Rong Shu stared at him coldly, “You Do you think Fu Jingting doesn’t know what you said?”

“What?” Duan Xingbang was stunned for a moment.

Rong Shu said again, “Or do you think that you, an outsider, know more than him?”

At this moment, her heart has completely calmed down, and she has also calmed down.

At first, she was really worried that Fu Jingting would mind what Duan Xingbang said.

Although she did get close to Ah Qi and the three of them, there really was nothing.

She could do it herself, but she was afraid that Fu Jingting, the vinegar jar, would think about it and overturn the vinegar jar.

After all, this guy is usually jealous even when a man calls her. Duan Xingbang mentioned that she and Ah Qi were close to each other in the past, so it’s no wonder that the vinegar pot must not be turned over.

After turning it over, she still has to coax her, but she’s afraid it won’t be good.

This was what she was really worried about when she heard Duan Xingbang’s words.

Fortunately, her worries were unnecessary. When Fu Jingting just raised her chin, he gave her a look.

Those eyes clearly told her that he was a little jealous, but not meaningless.

The past is the past, and should not be taken into the present to affect the present life.

Secondly, he also told her that he knew that there was nothing between her and Aqi, and even if there was, it was Aqi and them to her, not her to Aqi and them.

So even if he wanted to be angry, he wouldn't be angry at her, but at them.

After knowing this, she was completely relieved and at ease, and she could deal with Duan Xingbang with peace of mind.

"Little Leaf is right." Fu Jingting took Rong Shu's hand and squeezed gently, "I still say that, there are many men around her, and that was before she was with me, I won't blame her, I don't have the right to blame her. I even want to thank the men around her. If they hadn't been protecting her and helping her, she would not have taken over Tianzhu so smoothly. Secondly, what is their relationship with Xiaoye Ye? , I also know it clearly, they are very innocent, otherwise you think that with my Fu Jingting's possessiveness and desire, if they really have something with Xiaoye Ye, I will let them go?"

Duan Xingbang's throat was again when he said this. A block.

Who is this?

There are so many men around my woman, not only do not mind, but also thank those men.

Is Fu Jingting crazy?

Duan Xingbang said that he was very incomprehensible.

Fu Jingting looked at Duan Xingbang's skeptical expression, his eyes narrowed dangerously, "And what you just said, in a place you didn't see, Xiao Ye has met these men, it's even more nonsense, Li Chuan had gone to the capital a few months ago and never came back. The Lu family had recently been involved in a new industry, and Lu Qi had been living in the Lu family for two months. He had no time to run around. Huai, Cheng Huai has been in seclusion for more than a month, and he is worried about failing the exam, so do you think they have time to come here? Or do you think they dare to fight against me, Fu Jingting?"

"" Duan Xingbang's face turned pale, Completely speechless.

He is now completely in a state of confusion.

He was thinking that his plan was going so smoothly, and he saw that it was going to be successful. Why in the end, he was defeated by these two people in a few words, causing the plan to fail?

Are these two people really good enough to not mind everything about each other?

Is there really such a feeling in this world?

Duan Xingbang said he couldn't believe it, let alone accept such a result.

"Mr. Duan, we all know that what you said today is nothing more than trying to divide the relationship between me and Xiaoye Ye and prevent me from marrying Xiaoye Zi. After all, for you, our marriage is not good for you, so you can't wait to dance. It's a pity that it all failed, now you might as well think about what will happen if you provoke us?" Fu Jingting raised his eyelids lightly, his eyes were obviously calm, but unprovoked people felt a murderous aura.

Duan Xingbang couldn't help but took a step back in horror, "What do you want to do? I'll tell you Fu Jingting, don't mess around, it's a society ruled by law, do you still want to do something to me?"

Fu Jingting looked at the now cowardly Duan Xingbang was like a dog, his eyes were full of contempt, "Society under the rule of law? It seems that now you are admitting what you have just done, attacking Xiao Ye's self-esteem, alienating the relationship between me and her, and spreading rumors about the unwarranted relationship between men and women, Duan Xingbang, how many people in this world do you think dare to oppose me, Fu Jingting? What do you think will happen if they oppose me? Or, do you think those who oppose me move out of the law and they will be safe and sound escape from my hands?"

Duan Xingbang's face began to turn pale, the flesh on his face trembled even more, and at the same time he was afraid, he also began to regret in his heart.

I regret why I just said so much .

Of course, he regretted saying that in front of Fu Jingting more than regretting saying that, and trying to make Fu Jingting's feelings for Rong Shu lessened.

Oh, this Fu Jingting is not a normal man!

For a time, Duan Xingbang was also a sun and a dog in his heart.

"Fu Jingting, I know that you have a lot of money and there are people above you, but don't forget, once you really dare to do something to me, I will hold a press conference to announce what you have done to me, and then it will set off a social uproar. Public opinion, I see the people above you, do you dare to fight against the whole society to protect you?" Duan Xingbang warned Fu Jingting with a distorted face, and there was even a hint of provocation in his eyes.

Fu Jingting didn't speak, just looked at her with his thin lips hooked, showing a cold smile.

This smile makes people feel hairy.

Duan Xingbang couldn't help but flinch.

At this time, Rong Shu couldn't stand it anymore, and rolled his eyes, "Mr. Duan, are you saying that you are stupid, or are you stupid? You still want to hold a press conference to announce it, oh, do you think we will give you that Do you have a chance? If you beat someone, you will kill them, so that they won't be born again, especially if Mr. Duan is so ruthless and expresses clearly that he will not let us go after the incident, then we will beat them to death even more. I won't give you a chance to announce it, what do you think, Mr. Duan?"

Duan Xingbang's eyes widened in vain, his pupils shrunk to the size of pinpoints, his face was full of horror, and his whole body trembled slightly.

Yes, he patronized the warning, he never thought that his warning might even prevent him from getting out of the elevator door.

And what Rong Shu said was right, if you beat someone, you would be killed, especially this kind of person who already had a grudge against him.

If it was him, he would certainly do the same.

In other words, are you going to explain it here today?

Let You Not Get Tianzhu

Duan Xingbang's face was ashen, and his eyes were desperate.

Coupled with his slightly old appearance, he looks a bit pitiful.

However, both Rong Shu and Fu Jingting know what kind of person he is. A person's badness has nothing to do with age and appearance. Therefore, even if Duan Xingbang looks pitiful at the moment, Rong Shu will not let him go soft-hearted.

But not really in the elevator, doing anything to him.

Rong Shu patted the back of Fu Jingting's hand, then pointed to the side, motioning Fu Jingting to move away.

Fu Jingting knew that she was going to face Duan Xingbang, worried that Duan Xingbang would jump over the wall to hurt her, and was a little unwilling.

But in the end, under Rong Shu's insistence, he took a step to the side and gave way.

It's just that he didn't get out of the way too much, only two-thirds of the way away, and one-third of his body blocked her, protecting her in a protective posture.

Rong Shu looked funny.

On the other hand, Duan Xingbang didn't find it funny, but felt even colder.

Fu Jingting protects Rong Shu so well, for fear of being hurt a little bit, which shows how deeply Fu's love is.

He doesn't understand, where is Rong Shu?

There are more beautiful women than her, right? With the surname of Fu, what kind of women can't be found?

Why does this surnamed Fu have a soft spot for Rong Shu?

Rong Shu didn't know that Duan Xingbang was still belittling herself, so she took a step forward.

Without Fu Jingting standing in the middle as a human wall to completely block her, now Rong Shu can clearly look at Duan Xingbang.

Looking at Duan Xingbang's vigilant, restless and resentful appearance, Rong Shu suddenly laughed, "Mr. Duan, don't be nervous, this is an elevator, and there is a surveillance camera overhead, so even if we are dissatisfied with you, we won't really be right. You do it, after all, if you have an emergency, you will be seen by the people in the monitoring room, and it is not easy for us to deal with the corpse."

Corpse!

Hearing these two words, Duan Xingbang's hair stood up all over his body.

These two people really wanted to kill him!

Not to mention Duan Xingbang's mood at the moment, even Fu Jingting couldn't help raising his eyebrows when he heard Rong Shu's words.

He was disgusted by Duan Xingbang's provocation just now, and wanted to clean up this old thing, but he never thought about really disposing of this old thing.

First of all, sin does not lead to death, and secondly, he would never do these things himself, he always ordered them, and some people would do it for him, so he didn't need to get his hands dirty.

He only intends to teach this old man a profound lesson, so that this old man will not dare to approach them when he sees them, let alone make any foolish ideas.

In the end, before he could implement it, Rong Shu told him to step aside and face Duan Xingbang himself, and then said that he would collect the corpse for Duan Xingbang.

Although he also knew that she could not and really had the idea of killing Duan Xingbang, after all, she was much kinder than him.

So she said this, she should just scare Duan Xingbang.

However, Duan Xingbang is a person who is bullying and afraid of hardship at first sight. It is estimated that she will be very frightened by her words!

Sure enough, while thinking about it, Fu Jingting looked up at Duan Xingbang.

Seeing Duan Xingbang's look as white as paper and his eyes full of horror, Fu Jingting couldn't help but raise the corners of his lips.

Rong Shu watched Duan Xingbang frightened like this, and there was a flash of righteousness in his eyes, and it was fleeting, "So, Duan can never worry about his own life safety and other issues, I am a person, I will never use others. It is too cheap and not in line with my character. I only like to take revenge on others with what they care about the most. Only in this way can I achieve the greatest value of revenge. After all, sometimes, death is nothing. Life is worse than death, the most painful, um"

She deliberately paused, and pointed her beautiful finger on her lips, as if thinking, "I think about it, what do you care about the most, Mr. Duan?"

Fu Jingting raised his eyelids slightly, and his long eyelashes trembled slightly.

Rong Shu's eyes lit up, and she clenched her fist and hammered her palm, "By the way, it's Tiancheng Group. Fortunately, you reminded me."

She looked at Fu Jingting pretending to be grateful.

Fu Jingting also looked at her with a smile, with a gentle voice, "You're welcome." The two of them sang together, and Duan Xingbang's heart skipped a beat, and his fear became stronger.

“Duan is always the veteran who founded Tiansheng Group with his father. At the beginning of the establishment, he invested 100,000 yuan and got 5% of the original shares. Sheng didn't have any ideas, but as Tiancheng grew stronger and the shares in his hands increased or decreased, Mr. Duan was becoming more and more dissatisfied with being subordinate to others, and even more unwilling to be only a general manager with a small number of shares. His eyes were fixed on the position of the chairman and the shares in the chairman's hands. After planning for this for many years, he finally got the management rights of Tiansheng. Unfortunately, it was taken away by me a few months ago. Such a result, Duan You will definitely not be able to accept it, and the idea of wanting to take back the management and getting Tiancheng has become your obsession.”

Hearing Rong Shu reveal his true face, Duan Xingbang should have been flustered.

But unexpectedly, he was calm and anxious at the moment, without the slightest panic.

Perhaps he himself knew that panic and sophistry had no effect, so he might as well face it calmly and accept it.

“What do you want when you say this?” Duan Xingbang clenched his fists and asked in a cold voice, holding back the unease in his heart.

Rong Shu smiled and said, “It's very simple, what you care about most is Tianzhu, you want to be crazy to get Tianzhu, and I will not let you get Tianzhu, and even I will try my best to get the shares from you. Take it away from your hands, and then completely drive you out of the Tiancheng Group.”

When she said this, her tone was very light and light, and she even had a smile on her face, as if she was kindly telling people about today's weather Just as good.

But in Duan Xingbang's ears, it was extremely cold, and even her smile seemed like a devil.

“You” Duan Xingbang's eyes widened and he pointed at Rong Shu with trembling fingers, unable to speak with emotion.

He had to say that he was pinched.

Just like what Rong Shu said, the idea of getting Tiancheng has become his obsession, and he must get it, otherwise he will not rest his eyes in death.

This is indeed the best way to get revenge on him, to make him suffer, to make his life worse than death.

“Mr. Duan, don't get excited.” Rong Shu continued to keep a smile on her face, reaching out to press Duan Xingbang's fingers.

But before she could touch Duan Xingbang's hand.

Fu Jingting stood in front of her first.

Rong Shu was stunned for a moment, then looked up at the man.

There was no expression on the man's face, but he could clearly understand what he meant.

He told her not to touch other men, not even an old man.

Rong Shu was so angry and funny, she couldn't help rolling her eyes.

This vinegar jar!

After complaining about the man in his heart, Rong Shu also followed the man's meaning and put his hand down.

Fu Jingting saw this, his thin lips curled slightly, obviously satisfied, and then he pressed down Duan Xingbang's hand.

After pressing it down, he frowned in disgust as if he had encountered something dirty, and then quickly took out the decorative handkerchief from the left suit pocket and wiped his hands, not letting go of every crevice of his fingers.

Duan Xingbang almost vomited blood when he saw this scene.

these two people, these two people.

lied to him

Not only threatened him, but also humiliated him!

Duan Xingbang was so dizzy, his breathing became rapid, and his entire face was flushed, as if he was going to faint in the next second.

Rong Shu pretended not to understand that he was so angry with Fu Jingting's behavior, tugged the hair from her ear, and said, "Mr. Duan, take it easy, I know that my decision to kick you out of Tiancheng makes you unacceptable. , but there is no way, you and me, only one can stay in Tiansheng, and I am the chairman of Tiansheng, and I

have the most shares in Tiansheng, so the one who left is definitely not me, since it is not me, then It can only be you, Mr. Duan. Originally, I didn't have this idea. Even if Mr. Duan usually makes me a little stumbling block, I see that you have worked hard for Tiancheng, Mr. Duan, and endure it again and again. Forbearance, I didn't want to do anything to you, but"

Rong Shu's smile slowly disappeared and became icy cold, "but everyone's tolerance is limited, I originally planned to stay as long as you restrained a little bit. You lived in Tiancheng for a long time, but never thought that you are getting more and more excessive. Not only did you take advantage of my life experience, but you also brought my parents out to talk about things and provoke my feelings. You have now consumed everything I have for you. Tolerance, so I can no longer tolerate you now, I must drive you away, so you hold some shares, I can't fire you directly, but as the chairman of the board, there are places that set traps for you, so that you have to take control If you buy the shares in , as long as the shares in your hand are empty!"

Rong Shu didn't continue to say what he said later.

But everyone knows what it means.

Without shares, it is not a shareholder, just an ordinary employee.

As the chairman of the board, Rong Shu wanted to fire an ordinary employee. It couldn't be easier.

Of course, Duan Xingbang would not doubt that Rong Shu couldn't do it, so he struggled with a pale face, "Rong Shu, how dare you!"

"What's wrong with me?" Rong Shu raised her chin slightly and said coldly and arrogantly, "Don't forget, I am the chairman of Tiansheng, you are just a small shareholder, and the position of general manager of the group is given to you. Your past relationship doesn't mean you can do whatever you want just because you are a veteran of Tiancheng, don't take me as the chairman of the board in the eyes, and repeatedly cooperate with Rong Yuan to make trouble for me, I let you go so much. Second, I just want to give you a chance to be calm, stop doing things, and be your general manager. I can let go of the past, but I want to change it. People like you will not be calm. Letting go again and again will only make you think that I am a good bully and dare not do anything to you, so you become more and more mad."

Seeing Rong Shu getting more and more angry, her face turned red with anger .

Fu Jingting patted her on the back lightly, giving her comfort, motioning her to calm down and not be so excited about a piece of trash.

Rong Shu sensed the meaning conveyed by the man, and realized that she was indeed a little emotionally fluctuated. After taking a deep breath, she calmed down a little, "But

now I realize that I was wrong, I should have met you for the first time, Mr. Duan. When I joined Rongyuan, I just beat you all down, so you wouldn't have the chance to show up in front of me today to disgust me, but it doesn't matter if it's a little late, now that I'm awake, it's too late, so next, Mr. Duan, you're fine Cherish your last time in Tianzhu. As I said, the best way to get revenge on a person is to make that life worse than death. I will wait to see Mr. Duan, you are kicked out of Tianzhu, and you will never be able to get Tianzhu. It looks like she wants to die."

After saying this, she gave Fu Jingting a look under Duan Xingbang's terrified gaze.

Fu Jingting nodded knowingly and pressed the elevator door button.

The elevator opened with a ding, and outside was the lobby on the first floor of Tiansheng Group.

In fact, the elevator had already come to the first floor a long time ago, just to confront Duan Xingbang, so she specially pressed the close button when the elevator reached the first floor.

Therefore, after the elevator reached the first floor, the door has not been opened.

Now that he was far away from Duan Xingbang and walked out of the elevator, and smelling the air outside, Rong Shu instantly felt that her mood was much better.

Sure enough, it's good not to breathe the air in the same space as the scum.

Seeing the relaxation between Rong Shu's brows, Fu Jingting opened the car door for her.

Rong Shu bent over to get into the car.

Fu Jingting suddenly stopped her.

"What's wrong?" Rong Shu buried a foot in the car, stretched it out again, and looked at the man curiously.

The man also looked at her, "What you said to Duan Xingbang in the elevator just now, aren't you afraid that Duan Xingbang will hold grudges in your heart and come with you?"

Duan Xingbang wanted Tiancheng all the time, so he had been plotting against her.

Now she is completely scratched, and she bluntly wants to design Duan Xingbang to lose the shares in his hand, and then drive Duan Xingbang out of Tiancheng.

Therefore, Duan Xingbang like this is very likely to jump over the wall and kill her.

Rong Shu looked at the worry in the man's eyes and smiled slightly, "Don't worry, what you can think of, how could I not think of it, I will arrange for the security guards of the security department to follow Duan Xingbang throughout the process, and will not let him have the opportunity to shoot at me. Yes ."

"Security isn't enough." Fu Jingting shook his head, "After all, security guards are recruited externally, and they have not received systematic training, so many things can't respond immediately, so I still arrange a few bodyguards to come to your company to pretend to be security guards, While monitoring Duan Xingbang, I will protect you at the same time."

Looking at Fu Jingting's serious look, Rong Shu's red lips moved, but she did not refuse in the end.

She is not the type to be brave when it comes to her life.

His arrangement was obviously the best, so she would not refuse.

After all, compared to bodyguards, the role that security guards can play is indeed too small.

"Okay, thank you." Rong Shu looked at the man and thanked him sincerely.

Fu Jingting flicked her forehead, "Thank you, to protect my wife, this is what I should do, isn't it?"

When a wife called, Rong Shu's face flushed, "What wife, who is your wife, don't shout."

"I didn't shout, you were my wife in the past, now and in the future, although there is no such thing now. A certificate, but in my heart, you are my wife, how about we go get the certificate now?" Fu Jingting looked at her with a sincere expression.

Rong Shu's heart beat faster, "Why did you get involved with getting the certificate all of a sudden? Also, you said in the elevator that you have already decided the date of your marriage. When did you decide? Why didn't you tell me?"

" Just wanted to ask, and asked him with his eyes.

But he didn't answer.

Now, he had to give her an explanation.

Seeing the look in Rong Shu's eyes that you had to answer, Fu Jingting chuckled, "I lied to Duan Xingbang."

"I lied to him?" Rong Shu was taken aback.

Fu Jingting raised his chin, "Of course."

"You said it so seriously, I thought you were real."

Fu Jingting put his arms around her waist, put her in his arms, and then smashed the car door behind her with his other hand. , slammed her on the door, and said in a hoarse and emotional voice, "But if you want, I can really decide at any time."

"I don't want to." Rong Shu didn't turn her head, and immediately refused.

Fu Jingting frowned.

Rong Shu sighed, "I told you before that I won't think about getting married until I get paid, and it's still the same now, so you"

Fu Jingting took her into his arms and cut off her words. "Okay, I know what you mean, don't worry, I do have the idea of marrying you immediately, but if you don't want to, I won't force you, I will always respect you.

"I'm even more sorry." Fu Jingting leaned against his chest, pulled the corner of his lips, and said a little ashamed.

This Time, I Will Get My Divorce Chapter 954

I must kill her

He is really good to her now, and he considers everything for her.

She also knew that he wanted to remarry her, but now, she really couldn't do it.

So seeing his disappointment, she really felt guilty in her heart. She felt that she had never agreed to remarry him, so she was sorry for his kindness to her.

Seeing the woman's self-blame, Fu Jingting smiled and rubbed her head, messing up her hair, "What's wrong, as long as you have the idea of remarrying me, that's enough, as for when? It's only a matter of time for remarriage, it doesn't matter if it's later, as long as you don't regret the remarriage."

"No." Rong Shu grabbed Fu Jingting's hand and looked up at the man with a serious look, "As long as you don't feel sorry for me, I won't go back."

Fu Jingting lowered his head and kissed her on the forehead, "Don't worry, I won't give you a chance to go back on it, alright, get in the car." After he finished

speaking, he let go of her and pulled her back again. car door.

Rong Shu smiled and nodded, then bent over and got into the car.

Fu Jingting closed the co-pilot's door, went around the front of the car and got into the driver's seat, and then made a phone call.

Seeing that he put the phone to his ear, Rong Shu immediately kept silent so as not to disturb him.

Soon, she knew who he was calling. It was Assistant Zhang, who instructed Assistant Zhang to arrange bodyguards.

I just finished talking a few minutes ago that I will arrange for bodyguards to come, and now I will do it immediately.

It was obvious how much he cared about her affairs.

Just like the matter of parts, she believed that as long as she said it, he would immediately go to Su Cheng and help her solve it.

But she wouldn't do that. After she did it, she would easily become habitually dependent on him in the future.

At that time, when something happens, the first person that comes to mind is him.

Over time, she will lose the ability to handle things herself.

Speaking of which, she now knows how to solve it.

So there is no need to tell him.

"What are you thinking?" Here, Fu Jingting had finished the phone call and was about to drive.

As a result, when he turned his head and looked, he saw the woman beside him with her head lowered, with a worried look.

Hearing the man's voice, Rong Shu's eyes flickered for a moment, then she came back to her senses, then shook her head and smiled at him, "No, I'm thinking about something trivial, let's go."

She didn't want to say more, and Fu Jingting didn't force her, um With a bang, he started the car and drove her to the opposite of Repulse Bay.

As soon as the two left on the front foot, a black Mercedes-Benz drove out from the underground garage of Tiancheng Group on the back foot and parked at the spot where the two had just parked.

The driver's window opened, revealing Duan Xingbang's gloomy old face.

He put one hand on the steering wheel and the other with a lit cigarette on the edge of the open car window. His eyes were like poisonous snakes, staring at the direction where Rong Shu and Fu Jingting left.

"Huh" Duan Xingbang took a breath, and the smoke exhaled, covering his increasingly terrifying face.

He also didn't expect that he just provoke the feelings of these two people, and actually let himself and Rong Shu completely torn apart.

Although everyone knew that he and Rong Shu were not against each other, one of the two would always be defeated by the other.

And everyone is secretly guessing when he and Rong Shu will fight.

Yes, everyone knows that there will be a final struggle between him and Rong Shu. Although it seems to be peaceful now, it is only because the time for the struggle is not enough.

His current power has been disintegrated by Rong Shu a lot, and it is absolutely impossible to fight with Rong Shu, so he can only secretly make a little stumbling block for Rong Shu to see if he can bring some benefits to Rong Shu's forces. He was seriously injured, and at the same time he was secretly re-cultivating his own power, so he planned to meet Rong Shu one day and not lose.

But he never expected that today he was impulsive, and when he heard that these two people were thinking of getting married, he became anxious, and began to provoke these two people regardless of the consequences.

Then, he actually angered Rong Shu completely, and made Rong Shu unilaterally tear his face off with him, ready to deal with him.

Although he didn't want to admit it, at this moment Duan Xingbang had to admit that he had stumped Rong Shu several times, and he did not see Rong Shu deal with him, which made him a little complacent, forgetting that Rong Shu was not a soft bun.

In short, today's move is really bad.

When the power was not fully cultivated, it was a foolish act to completely tear up the face with Rong Shu.

But now there is no way to make up for it, Rong Shu is ready to deal with him.

So what he has to do now is not to let Rong Shu succeed. He is indeed not Rong Shu's opponent now, but he also doesn't want to be kicked out of Tiancheng, and it has become his obsession to get Tiancheng Group.

He couldn't imagine the day when he was kicked out of Tianzhu, he would go crazy.

Therefore, what he has to do is to kill Rong Shu, only if Rong Shu is dead, Tian Cheng is his.

The more he thought about it, the more crazy, Duan Xingbang's excited hands trembled.

Even if the soot fell on the back of his hand, he would not feel hot.

Afterwards, he threw the cigarette butt out of the car window, took out his mobile phone, took a deep breath, and called out, "Hey, I need you to do something, the price is negotiable."

Rong Shu didn't know that Duan Xingbang had already called after she left. Thinking of killing her.

She opened the car door and got out of the car, looking at the private modeling house in front of her, she couldn't help being a little stunned, "What did you bring me here for?"

"After the dress was damaged by Su Man, didn't I say I'll take care of it next?" Fu Jingting pointed to the modeling house in front of him, and the meaning was obvious.

Rong Shu blinked his eyes, "So, the dress is ready, you brought me here to try on the dress?"

Fu Jingting nodded, "Yes, the owner of this modeling house is the world's top fashion designer, but she has not joined any luxury brand. , became a designer under the banner, so her designs could not be named as a brand, but she herself is very famous in the world fashion circle, so even if her designs are not blessed by luxury brands, there is still an endless stream of people looking for her to design gifts No, her designs can still be sold at the same price as luxury high-end auctions, or even more valuable."

"I know." Rong Shu nodded, "Because there is no pressure from top luxury brands, designers can fully comply with According to one's own wishes, each design of clothes is only made in the world, so the natural value will be higher, and even more specific collection value."

If a designer joins a brand, that is to work for the brand, many Things can only listen to the brand side.

For example, a designer has designed a very good piece of clothing and just wants to make only one piece, the only one in the world.

However, the brand side was not satisfied, and insisted that the designer make multiple pieces, which not only lowered the value of the design, but also hit the confidence and aura of the designer.

Therefore, not every designer is willing to join the brand side.

“That’s right.” Fu Jingting listened to Rong Shu’s words and gave her an admiring look.

Seeing him compliment herself, Rong Shu also felt that she was very happy.

It’s the kind of child who does good deeds and is happy to be recognized by their parents.

The world is crazy.

Rong Shu shook her head and quickly put this feeling out of her mind, otherwise, her relationship with Fu Jingting would deteriorate.

“What’s the matter?” Fu Jingting asked with concern, seeing Rong Shu’s cold expression.

Rong Shu was a little afraid to look into his eyes, and quickly waved her hand back and said, “Nothing!”

“Really?” Fu Jingting narrowed his eyes, a little disbelieving.

The mango is about to ripen

“Of course it’s true.” Rong Shu looked back and met the man’s.

Looking at her calm and natural look, Fu Jingting tapped her eyebrows with his finger, “Okay, I believe you, but I still hope you don’t hide anything from me, tell me, don’t make me worry.

"Mmmm." Rong Shu twitched the corner of her mouth and responded, but she felt a little guilty in her heart.

Fu Jingting took her hand, "Let's go, go in, try on clothes early, go to dinner early, are you hungry?"

Rong Shu touched her stomach with the other hand, "It's a bit."

"Let's go then." Fu Jingting After that, he quickened his pace.

Soon, the two entered the modeling house.

The designer's assistant was waiting at the entrance early.

Seeing the two of them coming, they hurriedly greeted them warmly, led them to sit on the sofa, and served the best coffee.

"Where's your boss?" Fu Jingting didn't drink the coffee, so he put it aside and looked at the assistant and asked in a low voice.

Rong Shu sat beside him without speaking, drank coffee quietly, and left everything to him.

After all, this was originally arranged by him, shouldn't it be given to him?

"Our boss is calling someone in the office. She knows that Mr. Fu and you are here, so let me come out to receive the two of you first, and she will come out after she finishes the call." The assistant replied with a smile.

Fu Jingting hummed, saying that he knew, but he didn't ask.

Later, the assistant served a lot of delicate desserts and fruits, for fear of neglecting the two of them.

Not to mention, this is quite satisfactory to Fu Jingting.

Rong Shu likes desserts, wouldn't the desserts on the assistant satisfy him?

Fu Jingting looked at the several desserts on the table, and finally chose a piece of mango mousse to give to Rong Shu, "Try it."

He knew that her favorite fruit was mango.

Speaking of which, the second batch of mangoes from Red Leaf Villa is about to ripen, right?

When the first batch of mangoes were ripe, he was still under hypnosis and took Gu Manyin as her, so when he learned that the first batch of mangoes at Hongye Villa was ripe this year, he immediately asked people to choose the best ones and send them to Gu. manga.

Thinking about it now, he couldn't wait to kill himself at that time.

But in the end, it was okay. In the end, the mango was delivered to her by accident.

Then in the end, she knew that it was sent by mistake, and wanted to return it to him, but he didn't take it back and let her stay.

I just don't know, what did she do with the box of mangoes in the end, did she lose it?

Maybe it's lost.

At that time, they had already divorced, and she was in the stage of resenting him. She knew that the box of mangoes was for Gu Manyin, but it was sent to her by mistake. She must have disliked the box of mangoes, so it was very likely that they had been thrown away. of.

"What are you thinking?" Rong Shu patted the man on the shoulder.

The man's eyes were dazed for a moment, and then he came back to his senses, "What's wrong?"

Rong Shu squinted at him, "I want to ask you what's wrong, you give me the snack, and you don't let go when I take it, you are still there. I'm in a daze, I don't know, I thought you were deliberately teasing me and didn't want to give me food?"

Fu Jingting heard her say that, looked down at his hand, and realized that he was still holding the mango mousse all the time. Not letting go.

"Cough!" Fu Jingting coughed a little embarrassedly, then put the mango mousse in her hand, and said apologetically, "I'm sorry, I thought about something."

"What's the matter?" Rong Shu forked a piece of mango, she didn't Eat it, but hand it to Fu Jingting.

Fu Jingting glanced at the dessert on his lips and raised his eyebrows, "For me?"

"Well." Rong Shu nodded, "otherwise why would I pass it to you, I know you don't like to eat these, but it's okay to eat a little occasionally, you know I like to eat these, for me, eating these will feel I'm very happy, so I also want to share with you what I like and feel happy about."

“Okay, then I’ll try it.” Fu Jingting opened his mouth and took the dessert she handed over, along with the fork.

Rong Shu saw that he had eaten the dessert and was about to take back the fork.

As a result, when he pulled it, he found that he couldn’t pull it, but the man actually bit the fork.

“Why?” Rong Shu rolled his eyes at him, “Can you eat well, why do you need a fork like a child?”

Fu Jingting chuckled and released his fork, “I just want to tease you. .”

After speaking, he quickly picked up the coffee and suppressed the taste in his mouth.

Seeing that he was in such a hurry to drink coffee, Rong Shu froze for a while, “What’s wrong? Is it bad?”

Fu Jingting shook his head, “No, I just don’t like to eat too sweet things, this dessert is too sweet.”

Rong Shu heaved a sigh of relief, “It turns out to be like this, I thought it was too unpalatable and made you feel uncomfortable.”

“No.” Fu Jingting took a tissue and wiped the corners of his mouth gracefully, “I don’t think so. I’m comfortable, on the contrary, I’m very happy.”

“Happiness?” Rong Shu tilted her head, somewhat incomprehensible, “You can’t eat something so sweet, you can’t stand it after one bite, how could you still feel happy!”

“Of course you’re happy.” Fu Jingting Putting down the coffee and looking at her, “You share with me what you think is good and feed it to my mouth yourself. This is happiness.”

Rong Shu blushed and smiled, “You really can make me happy. “

I’m not coaxing you, I’m sincere.” Fu Jingting took her hand and put it in his heart.

Rong Shu felt his heartbeat, but she didn’t know if it was an illusion.

She always felt that his heartbeat seemed a little irregular, as if it was slower than hers.

Shaking his head, it must be an illusion, people’s heartbeats are the same, how can it be slow.

So you must be thinking too much.

Thinking like this, Rong Shu quickly put her doubts behind her and pulled her hand back, "Okay, I know you're sincere, do n't be like this, someone is watching."

She was a little uncomfortable. Kindly look in one direction.

There, the assistant was looking at them with a smile on his aunt's face.

Rong Shu also knew that there were a lot of people knocking her and Fu Jingting's c, and Tiancheng Group had quite a few. Every time Fu Jingting came to her, she could always see these c fans showing their aunt's smile, just like the assistant in front of her.

So, this assistant is also a fan of her and Fu Jingting?

Fu Jingting also noticed the existence of the assistant, but didn't care.

For him, it was normal for him to be intimate with his lover, and he didn't do anything else. If others wanted to see it, he wouldn't lose any flesh.

However, he has always respected Rong Shu. She didn't want to be intimate in front of others, so he naturally wouldn't force her.

Of course, there are exceptions. If kissing or something, he may not stop when half of the people come.

"By the way, the mangoes in Hongye Villa are about to ripen. I'll have someone send some over here. What do you think?" Fu Jingting turned to look at Rong Shu beside him and asked her for her opinion.

When Rong Shu heard the words "Mango" in Red Leaf Villa, she paused while holding her dessert, "You mean Red Leaf Villa?"

"Well." Fu Jingting nodded slightly. Rong Shu seemed to have thought of something, and pursed her red lips, "I remember, the mangoes you prepared for Gu Manyin a few months ago came from Red Leaf Villa, right?" After hearing this, Fu Jingting thought to himself that it was true.

She still cares about it.

"Yes." Fu Jingting nodded and admitted without quibbling, "Actually, I ordered the mangoes from Red Leaf Villa a long time ago, and I have always ordered them for you. Only you like to eat mangoes. Gu Manyin is allergic to mangoes, but that At that time, Gu Manyin pretended to be you, and because of hypnosis, I didn't realize that she was a fake, so I thought of her as you, so I sent the mango to her."

"But in the end, it was sent to me. ." Rong Shu looked at him with a half smile.

Costume Designer

Fu Jingting touched the tip of his nose, "To be honest, I'm also surprised how it was delivered to you, but now that I think about it, that's our fate, and we're destined to be made in heaven, and the people who should be together are God. My reminder, that's why I send the mangoes to the people who should really send it."

Rong Shu was still very sweet when he heard what he said.

Fu Jingting said again, "If you don't like the mangoes in Hongye Villa because of this matter, I can ask someone to order other ones."

"No, just this." Rong Shu shook her head and smiled slightly, "It's not Hongye that's wrong. The mangoes in the villa are Gu Manyin, the mangoes in the Red Leaf Villa are still very good, I can't even dislike the mangoes there because I hate Gu Manyin, Gu Manyin is not worthy of being compared with the mangoes."

Fu Jingting suddenly lowered his voice. With a smile, "Okay, then I'll tell the villa at that time, and when the mangoes are ready to be picked, they will be delivered immediately."

"Okay." Rong Shu replied with a smile.

At this moment, the sound of high heels falling to the ground came from behind.

Rong Shu put down the dessert plate in her hand and turned to look with Fu Jingting.

I saw a blond woman dressed in fashion, carrying a bag in her hand, walking from the opposite side.

The woman looked about forty or fifty years old, although the wrinkles on her face made her look a little old.

But her spirit, as well as the temperament exuding all over her body, made people shine.

Years have never defeated beauties. In the past, Rong Shu was not particularly able to understand this sentence.

But now, she seemed to understand.

“Mr. Fu, hello, long time no see.” Just as Rong Shu stared at the blond woman in a daze, Fu Jingting stood up beside her and greeted the blond woman who had walked up to them.

“Long time no see Sophia.” Fu Jingting also stretched out his hand and shook it.

It was really just a touch, maybe a touch, and Fu Jingting quickly took his hand back.

Seeing this, the blond woman raised her eyebrows slightly, then looked at Rong Shu next to him, she immediately understood something, covered her lips with a smile, and said in Italian that Rong Shu could not understand, “Before I came here, I heard about the famous Mr. Fu has a lover, and he has a deep affection for his lover. At first, I thought it was just a joke. After all, the famous Mr. Fu is indifferent and indifferent. After seeing it with my own eyes, I realized that it was not a joke, and even those remarks were more conservative, Mr. Fu, you love your lover very much, in order not to let the lover think too much, you don’t care about the etiquette of shaking hands.”

Fu Jingting turned his head . She also glanced at the woman beside her, her thin lips twitched slightly, and she replied in Italian, “She is the star I have been chasing for many years, the light in my life, there is no one who can compare with her in this world. , so she is worthy of my abandonment.” The

blond woman was stunned, and then smiled blessedly, “You are very lucky to be able to chase the stars, Mr. Fu, and I hope you two will be happy forever.”

Fu Jingting took Rong Shu’s hand and went with her He clasped his fingers tightly, then raised them up, and showed them generously to the blonde woman Sophia, “Thank you for your blessings, we will definitely do it.”

Listening to the words of the two, Rong Shu’s face and eyes were filled with confusion.

What are they talking about?

She didn’t understand a word.

Looking at Rong Shu’s dumbfounded appearance, Sophia covered her lips and giggled.

Obviously, this move is usually done by young girls, and few women of this age will do it. After all, women of this age do not look good, and it will make people feel that they are pretending to be tender.

But at this moment, Sophia did it, but it didn’t mean to make people feel tender, but it was very suitable, as if she should laugh like this.

All in all, Sophia, who is in her forties and fifties, smiles like young girls, not only has no sense of disobedience, but is even quite pleasing to the eye.

"Mr. Fu, your lover is so cute, won't you introduce me to her?" Sophia looked at Rong Shu tenderly and said to Fu Jingting with a smile.

Although Rong Shu couldn't understand what Sophia was saying, she could guess that Sophia seemed to be talking about her.

So, Rong Shu quickly turned to look at the man beside her.

Just as she was about to ask the man beside her to translate for her, the man suddenly laughed softly, "Of course, she is my lover, and I will naturally introduce her to everyone I know."

After speaking, Fu Jingting also turned to look at Rong Shu. When he came over, he just met Shang Rongshu's eyes that desperately wanted to know what they were talking about, and his smile became more and more gentle.

He squeezed her palm lightly, and then introduced in a low voice, "This is Sophia, the boss at this job, and the designer who designed the dresses for us."

Rong Shu suddenly said, "So she is the designer."

After she finished speaking, she quickly faced Sophia who was facing her, smiled shyly, and stretched out her hand to Sophia, ready to introduce herself.

But as soon as the words came to her lips, she suddenly became entangled again.

Because she didn't know which language she should speak in, whether it was English or Mandarin.

She would be embarrassed if the other party couldn't understand the two languages.

And the other party's language, she does not speak.

Seeing what Rong Shu was hesitating about, Fu Jingting reminded in a low voice, "It's fine to use Mandarin, Sophia's motherland is Indian, so her belief is that she doesn't learn English. You use Mandarin, and I'll translate it for you." All the

men said Now, Rong Shu felt relieved, turned around and smiled gratefully at the man, and then she could introduce herself with confidence, "Hello Mr. Sophia, my name is Rong Shu, and I am Fu Jingting's lover."

She said a sentence, and Fu Jingting translated it.

After she finished speaking, Fu Jingting also finished the translation, just like a qualified translator.

Sophia shook hands with Rong Shu, "I know, I received an invitation from President Fu, and I heard that President Fu mentioned you."

Listening to Fu Jingting's translation, Rong Shu's face showed a hint of surprise, and glanced at the man beside him, and then asked, "Mr. Sophia, did Fu Jingting mention me to you?"

"Of course." Sophia nodded, and then smiled at Fu Jingting, "When Mr. Fu mentioned you to me, all the words were full of words. Compliments."

Rong Shu stared at the man with wide eyes in surprise, "It's all compliments? Teacher Sophia, can I know how he compliments?"

She expressed her curiosity.

Fu Jingting's expression froze, then looked away.

Seeing this, Sophia smiled even more happily, "Of course, in Mr. Fu's heart, Miss Rong, you are the most perfect woman in the world. His compliments to you can be said to make many men feel inferior.

"Then, she told Rong Shu what Fu Jingting said when he mentioned Rong Shu to her at that time.

Rong Shu couldn't understand, so she could only ask the man beside her to translate quickly.

When the man first translated, he was translating at the same time. When she said something to Sophia, he translated it.

But until Sophia's last words, he suddenly shut up and turned his head to the side, revealing only the tip of a slightly red ear.

Seeing that he didn't translate, Rong Shu looked like he was running away. He wanted to know what he said, but his mouth was so hard that he refused to speak.

Sophia smiled and said, "Miss Rong, Mr. Fu is probably shy."

"Sofia!" Fu Jingting frowned and called out her name sharply.

Sophia was not afraid of him, but laughed even more happily.

Fu Jingting's Praise

Seeing this scene, Rong Shu could probably guess what more compliments Fu Jingting said.

Certainly some very nasty words.

Otherwise, why is he so excited?

Yes, Sophia could see that this man was shy, and it was naturally impossible for her to not see that she had been with Fu Jingting for so long.

And the man's face has always been thicker, and some sass and words popped out from time to time, and he has never seen such an expression.

Therefore, she was really curious, what kind of nasty words he said to describe her, which made him shy, who had always been so thick-skinned.

However, the man made it clear that he would not say anything, even if Rong Shu stared at him closely, he would not turn his head.

I was afraid that as soon as I turned around, she would be caught by her, so I had to say it.

Seeing that the man refused to turn his head or face her, Rong Shu knew that it was impossible for a man to speak.

No way, Rong Shu had no choice but to look at Sophia.

Sophia knew what she was losing, smiled and patted her shoulder to tell her not to worry, then beckoned to call her assistant and said a few words to the assistant in Italian.

When Sophia was talking to her assistant, Rong Shu didn't ignore the man beside her.

She clearly saw the man's slightly changed face, and seemed to be nervous.

What is he nervous about?

Just thinking about it, Sophia's assistant said, "Miss Rong, the boss asked me to translate with you." The

assistant is also Chinese. Although he is abroad all the year round, his Mandarin has never fallen, and his words are very authentic.

Hearing that the assistant replaced Fu Jingtingzuo's translation, Rong Shu's eyes lit up obviously, and quickly smiled gratefully, "That's great, thank you." The

assistant shook his head, "You're welcome." After the

courtesy, the assistant began to translate Sophia's previous words. .

Listening to those nasty compliments, Rong Shu only felt goosebumps all over her body, and she felt embarrassed.

Because Fu Jingting's praise to her is like adding all the beautiful words in this world to her.

She doesn't even know that there are a few words that can be linked to her, and a few words that can be attached to her.

She didn't even know that she was so good!

In short, what she told him was exactly two people, which didn't match.

Speaking of, he made so many beautiful adjectives to describe him, didn't he really feel embarrassed when he said it at the time?

She was embarrassed anyway.

Rong Shu turned her head to look at Fu Jingting, looking at Fu Jingting's increasingly red ears, her red lips parted, "Aren't you really lying to Teacher Sophia? How can I be as good as what you said, what you said, It's clearly not me."

Although, she was really happy that he could describe her like that.

But embarrassment, embarrassment is also true.

"I didn't lie to her!" Fu Jingting was finally willing to turn his head back, looking at her eyes and becoming serious.

Next to it, the assistant is also synchronizing with Sophia to translate the conversation between the two.

But at the moment, Rong Shu and Fu Jingting only have each other in their hearts and don't care about others.

"Why didn't you lie to her? Are you talking about me?" Rong Shu rolled her eyes at him, her face flushed.

No, she can't think too much about what he said to Sophia.

As soon as I thought about it, I was embarrassed to cut out a city wall.

“It’s you.” Hearing Rong Shu’s words, Fu Jingting nodded without hesitation.

The corner of Rong Shu’s mouth twitched, “Where is this me? There is absolutely nothing in line with me.”

“I know, but in my heart, you are like this. In my heart, you are the most beautiful person in the world. You are worthy of all the beautiful words in the world.” Fu Jingting looked at her and said sincerely.

Rong Shu’s head turned even redder, “you”

before she could finish her words, she was cut off by Sophia on the opposite side.

Sophia looked at Rong Shu with a smile, “Miss Rong, you have wronged Mr. Fu. Maybe Mr. Fu’s description of you doesn’t match you, but for Mr. Fu, he thinks you Just as he described it, isn’t there an old saying in your country called, “Xishi is in the eyes of the lover? The person you love, no matter what, is the most perfect one in your heart. I believe that in Miss Rong’s heart, President Fu is too. Is that so?” As

soon as these words came out, Rong Shu was at a loss for words.

She looked at Fu Jingting and seemed to be asking him if it was what Sophia said.

Fu Jingting nodded and said that was the case.

In his heart, she is the most perfect one.

Rong Shu is embarrassed.

Even if it is a lover’s eyes, he is exaggerating a little, right?

But it’s inexplicably sweet.

“Miss Rong still wants to know, what did I say to President Fu just now?” Sophia said again with a smile.

The assistant next to me translated it very dutifully.

Rong Shu looked at Fu Jingting, then at Sophia, and then nodded again and again, expressing that she wanted to know.

She was just curious.

Sophia didn't give in, and quickly told the conversation she had just had with Fu Jingting.

Hearing the assistant translator, Fu Jingting said that she was the star he was chasing, the light in his life, and his face flushed.

Would he dare to be a little nauseous?

She glared at the man beside her.

The man beside him coughed lightly and turned his head away again.

Sophia smiled and said, "I've known President Fu for some years, and when I see President Fu, he has always been cold and cold. This is the first time I have seen President Fu with so many emotions and expressions, Miss Rong, this is all. Your credit."

"My credit?" Rong Shu was slightly surprised.

Sophia nodded, "Yes, many indifferent people don't see the world before they meet love, but when they meet love and have a lover, they will become more and more human, so I said, Mr. Fu has become so humane now, and it is your credit, Miss Rong."

Rong Shu twiddled her hair in embarrassment, "Mr. Sophia won the prize, I didn't do anything."

"You don't need to do anything. , Your existence is the best meaning to President Fu, and President Fu will naturally change himself because of your existence." Sophia said with a smile.

Rong Shu was even more embarrassed and didn't answer.

She was afraid that if she continued, she seemed to be a myth.

Fu Jingting also saw her embarrassment, and coughed again, looking at Sophia, "Okay, let's talk about it, let's get down to business, Sophia, where's the dress?"

"Here it is." Sophia immediately lifted the bag in her hand and handed it to Rong Shu, "Miss Rong, this is the dress that President Fu asked me to design for you before. Check if you are satisfied."

"Okay." Rong Shu took the bag with both hands , then thought of something, and glanced at Fu Jingting, "Where's your dress?"

Fu Jingting didn't answer, Sophia had already said, "Mr. Fu's dress has not been finished yet, it's just a little bit closer, so let's try yours first, Miss Rong, Let's see if there

is anything that needs to be modified. After all, women's dresses are more complicated to modify than men's, so I made your dress first."

"That's it." Rong Shu nodded suddenly and didn't say any more. , after sitting down, open the bag and take out the gift box containing the dress.

There was no ribbon on the gift box, so Rong Shu easily lifted the lid of the box, revealing the fiery red dress inside.

The dress is a retro Hepburn-style v-shaped wide suspender, plus a slim A-line skirt, and a ruffled skirt below. The whole dress gives the feeling of being sexy, with a hint of playfulness in it, which is very beautiful.

Rong Shu fell in love at a glance.

Black and red are the best match

Sophia looked at her surprised look, and knew that she was satisfied with the dress, so she felt relieved, "When I first received the request from President Fu to design a dress for you, Miss Rong, I asked to see you, Miss Rong. On the one hand, I can only design a better dress if I see you, Miss Rong, so that I can understand your preferences, but Mr. Fu refused."

Speaking of which, Sophia still had some regrets, "So there is no way, I can only start from I knew about you Miss Rong online or from others, and after many revisions, I designed this dress. At first, I was worried about whether you would like it or whether the dress would suit you, but after seeing you, I only I understand that my worries are unnecessary, and the dress suits you very well."

"Why don't you let me meet Mr. Sophia." Rong Shu put down her dress and looked at the man puzzled.

Sophia is not a male, is it okay for her to meet Sophia?

No way, he can even eat the jealousy of a woman, or the jealousy of an elderly woman, right?

If so, he is too stingy.

Thinking about it, Rong Shu looked at Fu Jingting with contempt.

After Fu Jingting understood the meaning in her eyes, her thin lips twitched slightly, "What are you thinking, I just want to surprise you."

"Surprise?" Rong Shu raised her eyebrows.

Fu Jingting snorted, "I want to give you a dress that will make you feel amazing at first glance, so naturally I won't let you meet Sophia. When you meet, Sophia will ask you what type of dress you like, and design it at that time. There is no surprise at all, because you already know what the dress looks like, and only if you never know, will you be surprised when you finally see it."

"Well, I misunderstood you. Rong Shu smiled apologetically, and then asked again, "But you hide it from me and don't let me participate in the design of the dress, so you're not afraid that I don't like the dress you designed, as Teacher Sophia said?"

"No." Fu Jingting shook his head and said affirmatively, "Sophia and I have complimented you, so she knows what dress to design for you, so I don't worry about the problem with the dress she designed."

A few black lines slid down Rong Shu's forehead, "Just your compliments."

Thinking of Fu Jingting's compliments that Sophia's assistant translated just now, those beautiful words used to describe her.

She felt ashamed again in her heart.

"Is my compliment wrong?" Fu Jingting slightly spread his hands, "Sophia did tell me that I haven't seen you before, so I'm not very good at designing dresses. I'll tell her later that I can design in the most beautiful and gorgeous direction. , like my compliment to you, so"

he didn't say anything, just looked up at Sophia.

After listening to the assistant's reaction, Sophia nodded with a smile, "Yes, Miss Rong, Mr. Fu didn't let me see you at first, I didn't know how to design it, even if I knew you from the Internet and other people's mouths, it would be a bit tricky for me to design a dress for you. It was difficult, and in the end I couldn't contact Mr. Fu again, Mr. Fu reminded me, so this is also the origin of this dress."

Rong Shujiao gave the man a sullen look, "If you design in the most beautiful and gorgeous direction, you are not afraid of me. Don't you deserve it?"

"You deserve it." Fu Jingting nodded very determinedly, "For me, you are worthy of the most beautiful things in the world, so I never worry that the dress designed by Sophia is not suitable for you, you see ."

He lowered his eyes, his eyes fell on the dress in her hand, "It turns out that I have never made a mistake, the dress suits you very well, and you are more suitable for red than blue."

"Really?" Rong Shu crooked He looked at the man sullenly.

The man's Adam's apple slid, and said in a slightly hoarse voice, "Really, I won't lie to you."

Sophia also agreed, "Miss Rong, this is true, I also think you are very suitable for the passionate red. Rong Shu 's

heart was sweet, and she couldn't hide her shyness, "Since it suits me, then I'll buy more red clothes."

"Okay." Fu Jingting nodded, his dark pupils brightened for a moment.

Obviously, he agreed and supported her words very much.

He likes black, and usually 90% of his clothes are black, whether it's a suit or a shirt underneath.

Only the remaining ten percent are other colors, but in addition to white, there are also various colors that are not bright such as gray.

That ten percent of other colors, he also can not wear or not.

In short, what he wears is basically black.

And black and red have always been a good match, even better than black and white.

Dark and mysterious black, and charming red, these two colors should belong to the same world.

The holy color of white does not match his black.

"What are you thinking?" Seeing the man startled, Rong Shu put her hand in front of him and waved.

Fu Jingting's eyelids blinked, his thoughts returned to the cage, and his voice was still as hoarse and low, "Nothing, I was thinking that you must be beautiful in your dress."

He looked at her with burning eyes.

Rong Shu felt uncomfortable when he looked at him, as if she was like a piece of fat, and she would be swallowed by him at any time, her face couldn't help turning red, "I

haven't even worn it yet, how do you know it will look good, Okay, I won't tell you, I'm going to try on the clothes with Mr. Sophia, take the bag and wait for me here."

"Well." Fu Jingting took her bag and nodded obediently while sitting on the sofa.

Rong Shu smiled at Sophia, and then together with the assistant, the three walked to the locker room not far away.

A dress is not very suitable for a person to wear.

Especially this kind of disposable dress is very fragile. If you use too much force, the zipper or hand stitching will easily crack.

Therefore, when wearing a dress, it is best to have someone around to help.

Sophia is the designer and producer of the dress, and the assistant is still in charge of translating from the side.

With the help of two people, Rong Shu easily changed into the dress.

Then, she turned around and looked at the surprise in the eyes of Sophia and her assistant. She was about to ask what was going on, but she couldn't say anything at the moment.

From the reaction of the two, she already knew that it was very suitable for her to wear a dress.

Sure enough, after Sophia reacted, she held her hand with a look of surprise and excitement, "Oh dear, you are so beautiful, you are too suitable for this dress, this dress is the first time I haven't seen the owner. At the time, I followed other people's exaggerated dictation and blindly designed it. I thought that President Fu was cheating on me, but now I know that President Fu did not cheat me. What he said was right, and he also indirectly improved my design ability. "My dear, it's my greatest luck to meet you and Mr. Fu."

Seeing Sophia's blushing face with excitement, Rong Shu's smile became very reluctant, her red lips parted, and she didn't want to say anything. Know where to export.

Because she wanted to say that Fu Jingting really cheated on her.

As far as Fu Jingting's exaggerated words of praise are unrealistic, who can design a suitable dress?

Now that Sophia can design it, that's because Sophia's own design ability is very high, and it has nothing to do with Fu Jingting, right?

After all, designers don't always design clothes for a certain person. They often design clothes casually after they have inspiration. Even if many people can't wear the clothes they design, there will be someone who suits them.

For example, this time, Fu Jingting asked Sophia to blindly design a dress, just right for her, it was that simple, so Fu Jingting asked her to improve her design ability, there was no logic at all.

But seeing Sophia so happy, she still won't expose it.

Let Fu Jingting take the credit for nothing!

"By the way, dear, you are so beautiful, but we can't be the only ones who appreciate this beauty. We are still waiting outside. Let's go dear, let's go over and let President Fu take a look.

" When it fell, Sophia excitedly pulled Rong Shu to Fu Jingting's side.

Fu Jingting was looking down at the phone, and when he heard the movement, he snuffed out the phone and raised his head.

At that moment, he felt that time stood still, all the sounds disappeared, all the scenes were blurred, only the red figure was very clear.

Even in his eyes, there was only that voice, and the blurred scene around him was gone.

He could only see that figure.

That voice, with long hair scattered, stepped on silver-white crystal high-heeled shoes, was trotting towards him step by step with a smile.

At this moment, Fu Jingting suddenly understood, what is the most beautiful scenery in the world.

The most beautiful scenery is not the magical work of nature, nor the incredible creation by man, but the picture of the person you love running towards you with a smile.

Fu Jingting threw away the phone, stood up, and then strode out of the sofa with his long legs, stretched out his arms, and hugged the woman who ran over.

Rong Shu was stunned.

Her original intention was to stop in front of Fu Jingting and ask him how he was.

As a result, he didn't give her this chance. Before she ran to him, he came up to him and hugged her.

Even Sophia, who was on the side, didn't expect it. She blinked and stared blankly at the two people hugging each other.

Only the assistant on the side held her heart with excitement, and her aunt stared at the two with a smile. She was excited but also had some regrets.

If she didn't dare, she would want to take out her phone to take a photo and send it to their two chats.

She is a senior C fan. She finally saw the two masters she had knocked out in front of her eyes, but she couldn't record such a beautiful scene and share it with her peers.

Who can understand this feeling?

Here, after being hugged by Fu Jingting for a while, Rong Shu gently pushed Fu Jingting away, looked up at Fu Jingting, and was about to ask him what was wrong, why he suddenly hugged her.

Fu Jingting was the first to speak, "It's beautiful!"

Rong Shu blushed and her heartbeat quickened.

It's not that Sophia and the others didn't say that she was beautiful just now, but she just blushed, but her heartbeat didn't speed up.

Now that he said that, his heart beat fast.

Sure enough, is this the difference between an outsider and a lover's praise?

Compared with being praised by outsiders, it is still a lover's praise, which can affect a person's mood swings more.

"Does it really look good?" Rong Shu spread her arms slightly and looked up at the man.

The man nodded, then grabbed her wrist and walked in one direction.

“Why?” Rong Shu asked inexplicably, but followed his footsteps obediently.

Fu Jingting didn't answer, he pulled her to a mirror and stopped.

It was a full-length mirror that could see people from head to toe.

Rong Shu looked at herself and Fu Jingting in the mirror in front of her, and turned her head suspiciously, “Why are you pulling me here?”

Fu Jingting stretched out his hand, squeezed her chin lightly, and turned her head back again. Let her only face the mirror, “Look, how beautiful you are in the mirror.” The corner of

Rong Shu's mouth twitched slightly, “So, you brought me here to let me look in the mirror?”

“Well.” Fu Jingting raised his chin and admitted his purpose, “I just want you to see, you are really beautiful, and the dress suits you very well.”

When he spoke, his lips were almost next to her ear said.

The hot air he exhaled hit Rong Shu's ears directly, making her ears itch, and she couldn't help shrinking her neck.

“What's wrong?” Fu Jingting lowered his eyes and looked at the tips of her red ears, as if he didn't know what caused it, and asked knowingly.

Rong Shu rubbed the tips of her ears, her voice a little soft, “It's nothing.”

Seeing that she didn't want to be named, Fu Jingting was so happy that he could continue to stick to her openly.

“Look, don't you think you are beautiful?” Fu Jingting's hand was still on Rong Shu's chin.

Rong Shu looked at herself in the mirror. Although she didn't have the right hairstyle, she had nothing to say more with the makeup of this suit.

But this suit is beautiful enough, so even if there is no hairdo and no makeup, it is still very good-looking.

People rely on clothes, nothing more.

But the most important thing is that she is beautiful enough by herself, and her appearance is also a strong face, which is very suitable for bright red.

Combining the two, the natural beauty is amazing.

“Well, it’s really beautiful.” Rong Shu looked at the mirror, touched her face, and nodded back.

Although I am a little shy about boasting that I am beautiful.

But the fact is that she is not talking nonsense.

“But what’s missing?” Fu Jingting loosened her chin and rubbed her neck with her fingers.

Rong Shu’s neck was itchy from his touch, and she glared at him directly through the mirror, telling him not to be a demon.

Fu Jingting gave a low laugh, and really stopped his hand, no longer touching.

Only then did Rong Shu retract his gaze with satisfaction, and lightly opened her red lips and said, “Less makeup and hairstyle.”

“No.” Fu Jingting shook his head, “This is second.”

“Oh? It’s not makeup and hairstyle, what is that? ?” She curiously looked at the handsome man in the mirror like a god.

The man didn’t answer, just hooked his thin lips, then took his hand away from her completely, reached into his suit pocket, lowered his head and groped for something in the pocket .

Rong Shu turned around and stared at his pocket curiously, “What are you looking for?”

Fu Jingting still didn’t answer, but stretched out his hand.

It’s just that his hand was clenched into a fist, and he couldn’t see what was inside.

All in all, mysterious.

“Turn back.” Fu Jingting finally spoke, still not answering Rong Shu’s previous question.

Rong Shu rolled his eyes.

Okay, she turned back, she wanted to see what he wanted to do.

Rong Shu obediently turned back to the mirror.

Fu Jingting's hand, which was clenched into a fist, stretched out from her ear, stretched out in front of her, and spread out his fingers.

In an instant, something glowing red and silver fell from his palm.

is a necklace.

An extravagant ruby necklace.

The necklace was swaying slightly under Fu Jingting's palm at the moment, the red light reflected by the ruby and the silver light reflected by the platinum chain were intertwined, it was really beautiful.

Rong Shu opened her eyes in astonishment and looked at the man with thin lips slightly hooked in the mirror. The red lips moved, and it took a while before she made a sound, "You"

"Don't move." Fu Jingting whispered.

Rong Shu subconsciously stopped moving and closed her mouth.

Then Fu Jingting took off the necklace a little, and reached out with his other hand from her other ear, opened the necklace, and put it on her neck.

Rong Shu was stunned the whole time. When she reacted, the necklace was locked around her neck.

She raised her hand and touched the ruby at the collarbone, "You are"

"Don't move, you are wearing beautifully, the necklace suits you very well." Fu Jingting worried that Rong Shu would take the necklace off, and quickly put her hand on the necklace take away.

Seeing him so nervous, Rong Shu was stunned for a moment, then smiled, "Why, I didn't say I wanted to take it, I was just curious, when did you prepare the necklace?"

Give birth to a son for me

"I prepared it a long time ago. It's been on me, but I haven't taken it out." Fu Jingting said, and adjusted the position of the necklace for her, so that the main ruby diamond of

the necklace was in the middle of her two collarbones. , Then he stopped and nodded his head in satisfaction, "It looks good, I knew the necklace I chose was right."

"You can praise the necklace even if you praise yourself." Rong Shu said amusingly.

Fu Jingting rubbed his hair, "I have good eyesight, it's okay to praise myself."

"Yes, yes, my Mr. Fu has the best eyesight, right?" Rong Shu shook his head with a smile, and then asked, "You just said, you prepared the necklace a long time ago, just to match my dress today?" The

necklace is made of rubies, and the main diamond is at least fifty carats, the other side diamonds are about ten carats, and the rest are ordinary white The diamond is also one carat.

Therefore, such a luxurious large necklace is not for daily wear, but is worn when attending events with a dress.

Therefore, it is impossible for him to prepare this kind of necklace for her to wear normally. The only possibility is to match her with this dress.

After all, the dress is also red, and with the same red ruby necklace, it is a perfect match no matter how you look at it.

Sure enough, Fu Jingting nodded and admitted, "Yes, I know you used to have a lot of jewelry, but they were all sold for Tiansheng, so what was left was just some ordinary jewelry that couldn't match a dress, so I made my own decisions. I've prepared the same for you."

Rong Shu lowered her head and touched the necklace at her collarbone, "This is the second time you've prepared jewelry for me, and it was left by your mother?"

It was the first time he prepared jewelry for her. for the banquet.

As he said, she sold all her previous jewelry for Tiansheng's sake, and all that remained were ordinary jewelry with lower prices.

These jewelry are indeed not suitable for matching dresses, and they will be laughed at when they are matched.

So that time, she accepted his jewelry, but didn't accept it, and finally gave it back to him.

After all, at that time, they hadn't gotten back together yet.

“Yes.” Fu Jingting hummed, “This is also left by my mother, but it’s not her dowry, it was bought specially for her when my father married her. When my mother married my father, Zhong The family did give her a lot of jewelry for her dowry, but the real big head was prepared by the Fu family, this is one of them, and those in the future will be yours.”

Hearing what he said, Rong Shu rolled his eyes at him, “What nonsense, why is it mine?”

“You are my wife, shouldn’t you inherit the jewelry left by my mother-in-law?” Fu Jingting looked at her with a smile in his eyes, “What’s more, the Fu family gave it to me. Mother’s jewelry was originally specially passed on to daughter-in-law, and you can also give it to our daughter-in-law in the future.”

He first said that his mother’s jewelry would be hers in the future, and later said that their son would marry his wife later.

Good guy, he’s thinking long enough.

They even thought about their son marrying a wife.

If they were farther away, would they have to hold their grandchildren?

Glancing at the man incredulously, Rong Shu put her hand off the necklace, “You’re exaggerating the more you say it, we haven’t gotten married yet, you’ve even planned your son’s marriage, you’re saying, Who wants to have a son with you?”

Can’t a daughter?

Rong Shu thought bitterly.

Fu Jingting didn’t know what she was thinking. He held her shoulders with both hands, turned her around, and looked down at her, “We will get married, and naturally we will have children. Besides, don’t you want to see me when I was young?”

He ask.

A question mark appeared on the top of Rong Shu’s head, “When you were a child? Why did you suddenly mention your childhood?”

Fu Jingting raised her thin lips, “Because you gave me a son, you can also know what I was like when I was a child, right?”

Rong Shu’s eyes widened.

Turns out, that’s what he meant.

Suddenly, Rong Shu's face turned red, and she pushed the man away directly, "Who said that only a son can look like his father, and he is obviously more like a father, so it should be a daughter, okay? Is it? Could it be that you prefer sons over daughters, and only want your son to love or not your daughter?"

She squinted and looked at him suspiciously. Fu Jingting hurriedly shook his head, "Of course not, how could I be such a

man, not to mention I know very well that the sex of the child is determined by me. If I prefer sons to daughters, then I will look down on myself."

Shu's face softened a lot, and her eyes no longer narrowed, "Then you are so obsessed with wanting a son?"

Fu Jingting chuckled, "Because of this, you will have two men to protect you, and if you have a daughter, I will not only protect you, but also protect my daughter, but I only want to protect you alone, because in my heart, you are the most important one compared to the child. It is so important that when faced with a choice, I am also willing to sacrifice children."

For him, children are really not a necessity.

Only she is.

After listening to the man's words, although Rong Shu felt that the man's words were a bit extreme, she was still very moved and sweet in her heart.

After all, the person the man is facing is her.

"Okay, let's not talk about the topic of children. After all, this kind of thing is still early. You also know that I am still in treatment. Without three or four years, it is impossible to see the child's shadow." Rong Shu teased Touching the hair in his ear, he said.

Fu Jingting lowered his eyes, his eyes were deep, "So, you are willing to give birth to a child for me, right?"

Rong Shu's cheeks were so hot that she didn't dare to look directly at him, but she still hesitated to express her thoughts, "If we can really get to the point of remarriage in the future, then it is natural for us to have children." The

implication is that she is willing to have children.

Not only for him, but also for himself.

After all, it is impossible for the child to belong to Fu Jingting alone, but also hers.

Also, she likes children a lot.

Of course, he likes the child he wants to conceive.

She felt ashamed and complicated for the child she had lost before.

Guilt is that, as a mother, she gave it up and didn't let it come into the world.

In particular, it is also her and Fu Jingting's child.

The complication is that the child was not conceived by her willingly.

So she now has feelings for that child, but the feelings are also limited.

But it's useless to think about it now. The child is gone. She only hopes that the child can be reborn in a happy family in the next life, and not to meet the irresponsible parents like her and Fu Jingting.

Thinking of this, Rong Shu suppressed the sourness in her heart, forced a smile, and said to Fu Jingting, "Help me take off the necklace and wear it later. It's inappropriate to wear it now, it's too heavy, and the neck is sore."

She Turn around.

Fu Jingting originally planned to let her wear it all the time. Seeing that she was serious, he finally didn't say what she wanted her to wear, and lowered his head to untie the necklace for her.

When he was untying it, he suddenly said, "Originally, what I first prepared for you was not this ruby necklace."

"Huh?" Rong Shu turned her head slightly and looked at the serious face he had when untying the necklace from the corner of her eyes. , "Then what did you prepare first?"

she asked curiously.

Fu Jingting took the necklace off and put it in her palm, "It's a sky blue blue diamond necklace."

"Blue diamond necklace?" Rong Shu repeated these four words in a low voice, and then something flashed in her mind. , looked up at the man, "That blue fishtail dress that was torn by Su Man!"
