Aren't You Jealous?

Fu Jingting took her hand and walked to the previous rest area, "My little leaf is smart, I know that after you customized a blue dress, among the jewelry left by my mother, choose one. A set of blue jewelry is just right to match your dress, but I didn't expect that in addition to that, so I didn't give you the jewelry, but chose this one again."

"When did this happen?" Rong Shu walked beside him.

Fu Jingting's face turned cold, "It was the day that Su Man destroyed the dress, didn't I go to Fu's mansion that day?"

Rong Shu understood something instantly and looked at him suddenly, "So you went to Fu's mansion that day for the purpose of Hold jewelry?"

"Not bad." Fu Jingting raised his chin slightly.

"The box you brought back that night was the jewelry you took?" she asked again.

Fu Jingting hummed, "Yes, I was going to give you a surprise, but when that happened, I didn't give you the jewelry."

"It's okay." Rong Shu's eyes flashed coldly, "If you You gave me the jewelry at that time, but I felt even more sad when I saw it. You trusted me so much that you asked me to help you bring back all your dresses. You went to help me prepare the jewelry, but I betrayed your trust. The dress is not good."

Fu Jingting stopped suddenly, then turned around and raised her chin.

Rong Shu looked at his frowning, disapproving expression, and blinked, "What's wrong?"

"Don't talk about yourself like that." Fu Jingting's thin lips parted lightly, "You have not betrayed my trust, you successfully It's not your fault that the dress was taken out of the store, it's not your fault, after all, you can't stop a person from having bad intentions, so don't feel ashamed." As

he said, he rubbed her lips with his thumb.

Rong Shu glared at him and slapped his claws away.

Fu Jingting smiled softly, "No, you've become lively?"

Rong Shu was stunned, "So you took advantage of me just to make me not feel ashamed any more?"

"Of course." Fu Jingting nodded, "You're sensitive, and you just want to comfort you, you won't get out of your shame soon, so it's better to irritate you directly, so that you won't be entangled in this kind of thing all the time.

"You really puff!" She wanted to say something to the man, but she didn't say anything, so Rong Shu laughed.

Can you not laugh?

He was all about making her happy, and she told him.

Isn't there some white-eyed wolf behavior?

"Finally smiled." Fu Jingting squeezed the soft flesh on her face lightly, "You are more suitable for smiling than frowning. My little leaf smiles the most beautiful."

"That's up to you." Rong Shu blushed. With a snort, he took his hand out of his hand and strode forward.

Fu Jingting stood there and watched her figure running away quickly because she was embarrassed.

Sophia and the assistant have been waiting for them in the rest area.

Seeing them coming back, he quickly put down the coffee and snacks in his hands and stood up.

"Mr. Fu, Miss Rong, you are back." Sophia said with a smile.

Rong Shu also smiled back.

Sophia asked, "Miss Rong, President Fu, what do you think of the dress? Is there anything that needs to be modified?"

Rong Shu shook her head, "I think it's very good, there is nothing to modify, but what do you think?"

She turned her head Look at the man next to you and ask for the man's opinion.

This guy is a vinegar jar after all.

Although this dress is not exposed, there are many places with exposed legs and shoulders.

So this guy is very likely to dislike this dress and want to modify it.

Don't look at how he has no problem with her dressing like this at this time, and she is very beautiful.

That's because there are only a few of them here, and except for her, everyone else is a woman.

Naturally, he didn't have to worry about being jealous, worried about other men looking at her.

But wearing such a dress to the banquet is not necessarily the case. There are so many men at the banquet, and she appears with him, and it is inevitable that some men will pay attention to her.

So she can't guarantee that at that time, he will be jealous.

But unexpectedly, Fu Jingting's answer was the same as Rong Shu's, and it didn't need to be revised, it was fine.

This made Rong Shu look at him with surprise.

"What's wrong?" Fu Jingting asked when she saw her looking at herself like this, scratching the bridge of her nose.

Rong Shu clapped his hands away, "I thought you would ask Mr. Sophia to modify this dress, especially the skirt, where there is a slit."

"I know, but the dress is like this. The design is better, so why do you think I will modify it." Fu Jingting asked.

Rong Shu didn't hide it either, and answered directly, "Of course I think you'll be jealous."

After saying this, Fu Jingting understood and laughed softly, "I'm not happy when other men see you in a dress. But you look beautiful in this way, I can't deprive you of the right to wear beautiful clothes just because you don't like people looking at you, so you can wear it with confidence, and as for those who look at you, I will naturally warn them." In the

end, he said When he spoke, his tone was obviously a lot colder.

Rong Shu was stunned for a while, but after reacting, she smiled, "For me, you would rather endure being unhappy, it's really hard for you.

” Although I don’t like the way you dress is too sexy for other men to see, I prefer you to shine.”

Rong Shu’s red lips moved, and she was moved to say something.

Sophia on the side suddenly clapped her hands and said excitedly; “Oh, this is really touching love.”

Rong Shu blushed and was too embarrassed to speak, after coughing, she quickly changed the subject, “Okay, Teacher Sophia, Please help me change the dress and wrap it .”

“Okay.” Sophia smiled and nodded.

Rong Shu looked at Fu Jingting, “I’m going to the dressing room to change clothes, you wait for me here, and you should put the necklace away.”

She handed the necklace over.

Fu Jingting didn’t refuse either. He took it and said, “Okay, I’ll put it on for you later.”

“Yeah.” Rong Shu smiled, turned and walked to the dressing room with Sophia.

But when he first arrived in the locker room, the assistant suddenly came over with a solemn expression and said something to Sophia.

Rong Shu didn’t understand and didn’t make a sound, just stood there quietly waiting for them.

After waiting for about two minutes, Sophia waved to the assistant.

After the assistant nodded, he turned and walked away quickly.

Sophia took a breath, put away the heavy expression just now, and smiled at Rong Shu again, “Miss Rong, I’m sorry I have something urgent to deal with now, can you wait for me for a few minutes, just a few minutes, I’ll be back soon. Rong Shu nodded sympathetically, “

Of course, you can do it first if you are in a hurry. I don’t mind.”

“It’s great, dear, you are really a kind girl.” Sophia gave Rong Shu a touching hug. .

Rong Shu was stunned by her warm embrace, and then patted her back in disbelief.

Sophia didn’t hold her for a long time, because she still remembered to deal with things, so she quickly let go of Rong Shu and trotted to the direction the assistant had just left.

Rong Shu looked at her leaving figure, smiled helplessly, then sat down on the soft stool in front of the door of the locker room, waiting for Sophia to come back.

After all, the back of this dress is designed with straps. She can't untie the knot with her own backhand. She can only wait for Sophia to come back to help. Otherwise, if she does it herself, it is easy to damage the dress.

At the same time, Fu Jingting in the rest area waited for a while, but before Rong Shu changed her clothes and came out, she couldn't sit still, got up and walked to the locker room.

Hypocrisy

Halfway through, the phone in my pocket rang.

Fu Jingting kept taking out the phone, glanced casually, put the phone to his ear with a swipe of his thumb, "What's the matter?"

Assistant Zhang called and heard Fu Jingting's question, He quickly replied, "The people we sent to watch Sucheng secretly have heard news that Sucheng has made a move and went out this afternoon."

"Where did you go?" Fu Jingting's face suddenly turned gloomy.

On the other end of the phone, Assistant Zhang pushed back his glasses, "Going to Zhou's house."

"Zhou's house?" Fu Jingting squinted, "What is he doing at Zhou's house? Does Su Cheng have contact with Zhou's house?"

"The old family in the city has settled in the sea market hundreds of years ago. In addition, the Zhou family is different from their merchant families. The Zhou family is a famous scholar, and the children of the Zhou family are also low-key and reserved. Therefore, the Zhou family has a very good reputation in Haishi, and the Zhou family hardly has too much association with any family.

All in all, compared to their families, the Zhou family has a feeling of being left alone.

But there are exceptions to everything. The Zhou family has a very good relationship with their Fu family.

The biggest reason is that the old Ye Ye, who has passed away from the Zhou family, used to be a guard under his grandfather.

During the war years, the old man of the Zhou family once helped his grandfather as a wooden warehouse.

Although that one wooden warehouse was not aimed at grandfather's head or heart, it would not kill grandfather.

But Mr. Zhou's act of daring to sacrifice himself to stand in the wooden warehouse is not everyone's courage.

Therefore, for this reason, he has always been more concerned about the Zhou family.

And he also knew the Zhou family very well, and knew that in the Zhou family's interpersonal relationship, apart from their Fu family, there was no other family, and it was even less likely that they had anything to do with the Su family in the capital.

But now Su Cheng has found the Zhou family, which makes him have to wonder if he doesn't know enough about the Zhou family.

Or, the Zhou family has always been in contact with the Su family, but has been hiding it from his Fu family.

If this is the case, he has to consider whether to continue to support the Zhou family and take care of the Zhou family.

The old man Zhou was blocking a wooden warehouse for his grandfather, but the Fu family had already paid this kindness. In those ten years, the Zhou family was labeled as the old ninth, and the whole family would be driven to the farm. It was his Fu family, he Grandfather came forward to protect the Zhou family.

At that time, his grandfather had already paid off the kindness of the Zhou family.

After that, the support and protection of the Zhou family was only due to the more than ten years of war between Father Zhou and his grandfather.

After all, the Fu family has the ability to support the Zhou family, and they are not stingy with it.

After several decades, it was purely a habit of supporting the Zhou family, and he was too lazy to change.

But now if the Zhou family is behind the Fu family and has anything to do with the Su family, then don't blame Fu Jingting for being ruthless.

He can protect these people with great mercy, but he absolutely can't stand these people under his protection, but the family that has a holiday with his Fu family secretly.

What's the difference between that and the white-eyed wolf!

Although Assistant Zhang didn't know what Fu Jingting was thinking, he could hear that his tone was obviously wrong when he heard Su Cheng went to Zhou's house.

After all, Assistant Zhang is also aware of the relationship between the Zhou family and the Fu family.

"Don't worry, Mr. Fu, the Zhou family has no contact with the Su family." Assistant Zhang didn't want Fu Jingting to misunderstand the Zhou family, so he shook his head and replied, "I know what Mr. Fu is worried about, so after hearing that Su Cheng went to the Zhou family, I hurriedly went to investigate whether the Zhou family had been in contact with Su Cheng over the years, and the final investigation results showed that the Zhou family had not had too much involvement with any family except our Fu family, and the Su family was even more impossible."

Wen Yan, Fu Jingting's gloomy face finally got better, "That's good."

It seemed that the Zhou family still maintained their original intentions, and did not feel sorry for the Fu family.

"Have you found out the purpose of Su Cheng's going to Zhou's house?" Fu Jingting pursed his thin lips and asked again.

Assistant Zhang nodded, "Of course, since the investigation Zhou family has no contact with the Su family, then I will naturally find out why Su Cheng went to the Zhou family."

Fu Jingting hummed, and his tight lips eased slightly, scarily satisfied with him 's answer.

"Let's talk."

He motioned Assistant Zhang to tell the results of the investigation.

Assistant Zhang responded and reported earnestly, "Although Su Cheng did not leave the hotel during this time, the person who sent him to stare at him said that Su Cheng's assistant had gone out several times, and all of them were well-known detectives in Hai Shi. Office, in order to find out why Su Cheng asked his assistant to go to the detective office, I specifically contacted the bosses of the offices where Su Cheng's assistant went, and then I learned that Su Cheng has been letting his assistant go to the detective office these days. They are looking for Madam's cemetery."

"What?" Fu Jingting's expression changed slightly, "Looking for my mother's cemetery?"

“Yes.” Assistant Zhang nodded.

Fu Jingting laughed angrily, “He wants to pay homage to my mother?”

“It should be.” Assistant Zhang lowered his head, “otherwise, why did he go so hard to find his wife’s cemetery? This time he went to Zhou’s house for this reason. In this case, Su Cheng stayed at the Zhou family for almost two hours before leaving. After leaving, I immediately contacted the current owner of the Zhou family and asked Su Cheng why he was looking for him. The Zhou family also told me that Su Cheng asked him Do you know where the cemetery of your wife is? After all, the Zhou family has a good relationship with our Fu family. This is known in the whole sea city. It is better than the relationship between the Cheng family and our Fu family. It can be said that the Zhou family also knows our Fu family best. Su Cheng didn’t know about his wife’s cemetery from the office, so he would naturally start with the Zhou family, but he was destined to go there in vain.” Apart from Mr. Fu and Mrs. Lu, Mrs. Fu

’s cemetery has only he knows.

Others, no one knows.

So no matter where Su Cheng started from, it was impossible to find his wife’s cemetery.

Even the Zhou family who knew the Fu family very well.

Fu Jingting’s smile was even more sinister and terrifying.

He didn’t care what Assistant Zhang said behind him, he only cared about the first sentence. “He still has the face to look for my mother’s cemetery, and he still has the face to worship her! He thought that by doing so, he would be able to show his deep love

for my mother? It’s ridiculous!”

If he loves his mother, he will definitely stop it when the Zhong family finds the Fu family to marry, and directly stand up to reveal his relationship with his mother to the public, instead of watching his mother resist himself, until he finally marries his father. Still like a shrinking turtle, doing nothing.

That’s all, mother got married, Su Cheng also came to provoke her mother, made that ridiculous agreement with her, but didn’t keep it, showed mercy everywhere, and created an illegitimate daughter, and her mother was about to leave. In the Fu family, he promised to marry someone else, which completely drove his mother into despair and committed suicide.

It has been 20 years since her mother passed away, and Su Cheng has never asked her mother, nor has she come to Haishi to worship her, as if there is no mother in this world, she is still in Beijing, living a happy life. day.

Now, 20 years later, I finally came to the sea market, and finally began to pretend to think of my mother, search for my mother's cemetery, and prepare to worship my mother.

But he didn't think that Su Cheng did this because he still loved his mother deeply.

And from the very beginning, Su Cheng didn't love his mother enough. If he really loved her, how could he do these things that are sorry for his mother?

Now Su Cheng is doing this, but he is just moving himself.

Such people are the most hypocritical!

Help You Change Your Clothes

Assistant Zhang nodded in agreement with the enemy.

Like President Fu, he felt that Su Cheng's behavior was ridiculous.

When the lady was alive, she did not give her hope and forced her to commit suicide.

Even after the death of his wife, Su Cheng didn't pay attention to her, and he didn't even want to come to the sea market to pay his respects to his wife.

It has only been twenty years since he came, but no one will think that he is affectionate, only that he is acting or acting for himself.

As for why?

Heh, twenty years ago, after the death of his wife, Su Cheng might feel some guilt when he learned the news. From Su Cheng's quick cancellation of the upcoming wedding after his wife's death, it can be seen that Su Cheng's death to his wife was the result of the death of his wife. Somewhat guilty.

After all, no matter what, Su Cheng is someone who has loved his wife, so he can't justify it without guilt.

It's just that this guilt is definitely not much. Otherwise, how could Su Cheng hold back for 20 years and not set foot in the sea market to pay homage to his wife?

When I come to worship now, at most I want to clear the tiny guilt that has existed in my heart for 20 years, so that I can completely let go and be more relaxed in the future.

This man is really shameful.

Assistant Zhang thought with disdain in his heart.

"Apart from the detective agency and the Zhou family, has Su Cheng asked anyone to inquire about the location of my mother's cemetery?" Fu Jingting squinted his eyes and asked again with a cold voice.

Assistant Zhang collected his thoughts and nodded, "Yes, after Su Cheng didn't find his wife's cemetery in those offices, he specially handed a letter of worship to the Cheng family, but the Cheng family didn't pick it up, so in the end Su Cheng only found Zhou's family."

"Of course the Cheng family will not accept his invitation." Fu Jingting's thin lips pulled out a sneering arc, "Though there is no evidence for what he did in the capital, everyone is I know it's not fake, the Cheng family is a clean and honest official, how can they deal with people like him, is there anything else?"

"It's gone." Assistant Zhang shook his head, but then thought of something and hesitated.

Fu Jingting said impatiently, "Just tell me if you have anything."

"Yes." Assistant Zhang responded quickly, then no longer hesitated, and said, "I just don't know if Su Cheng has asked the Zhong family, the Zhong family is in the capital, In addition, we haven't paid attention to the Zhong family for a long time, so if Su Cheng finds the Zhong family, it is impossible for us to know."

Fu Jingting said coldly, "What about the Zhong family? Today, the Zhong family has long been It's not my mother's family who is in charge of the family. My mother's funeral was not invited to them at the beginning

. Even if Su Cheng finds the Zhong family, what's the use? head.

"Is there anything else?" Fu Jingting rubbed his temples.

Assistant Zhang coughed, "No, what I know about Su Cheng so far is just this matter, but the person staring at Su Cheng said something else, saying that Su Cheng's assistant went out the day before yesterday. , but he didn't go to the detective office. As

for where he went, he lost it, so I don't know what Su Cheng's assistant went out to do that day." "Check it out

." Fu Jingting frowned.

"Yes." Assistant Zhang responded.

Fu Jingting's thin lips pursed slightly, and he instructed again, "Have the bodyguards sent to Tiancheng to replace the security have been arranged?"

Assistant Zhang replied with a smile, "Don't worry, Mr. Fu, when I received your order, I arranged it early in the morning. Now , it is estimated that the handover with Tiancheng's security department has been completed by now."

Fu Jingting hummed with satisfaction, "Yes, in addition, we are arranging some bodyguards to go to the old house and Fu's mansion to strengthen the other side. I'm worried that if Su Cheng can't find his mother's cemetery, he will attack the people around me and threaten me and tell him."

"Okay, Mr. Fu." Assistant Zhang nodded solemnly, and then asked, "Then? Do you want to make arrangements with Miss Rong?"

"No." Fu Jingting waved his hand, "I have already made arrangements for her."

"Okay." Assistant Zhang didn't ask any more questions.

Background Miss Rong is his own woman, and he said it was arranged.

He is a subordinate, and he is so worried about what to do.

Hanging up the phone, Fu Jingting put away the phone and quickened his pace a little.

After a while, he came to the dressing room and saw a woman sitting on a soft chair outside the dressing room looking down at her phone from a distance.

The woman was still wearing that stunning red dress, which was not replaced.

Fu Jingting walked over suspiciously and asked softly, "Why are you sitting here?"

Rong Shu heard his voice, put down the phone, turned her head and looked surprised, "Why are you here?"

"Wait a minute. After a while, I didn't wait for you to get dressed and come to find me, so I was worried about you, so I came to find you." Fu Jingting walked to her and stopped.

Rong Shu stood up and smiled, "What can happen in the store?"

"A lot of times the accident happens in the blink of an eye, it can't be avoided anywhere, even in the safest place in the world, there is no guarantee. It will be safe." Fu Jingting looked at her with a very serious expression.

Looking at the man's serious and preaching appearance, Rong Shu was amused, "Yes, yes, I know, but now that I see that I'm fine, shouldn't you be relieved?"

Fu Jingting raised his chin expensively, "Almost, But what are you doing sitting here? Didn't you change your clothes, what about Sophia?"

"I was going to change." Rong Shu helplessly spread her hands and said, "But when I first came here, Sophia seemed to have encountered something important. I'll let her deal with the matter first, and then I'll change my clothes after I'm done, so I'll wait for her here."

Fu Jingting frowned after hearing this, "You're considerate of others, aren't you hungry anymore?"

"Hungry?" Rong Shu rubbed her stomach and looked at him with aggrieved expression.

Seeing her like this, Fu Jingting was angry even if he wanted to be angry. When I got up, I could only pretend to be angry with a straight face, "You're already hungry, and you asked her to go to work first. You are considerate of her, why don't you think about yourself or me? In case you faint from hunger What should I do?" The

man frowned and looked worried, and in Rong Shu's eyes, he looked like an old mother.

Rong Shu covered her lips with a smirk, "Okay, don't complain, I'm wrong, okay? In fact, I didn't think about it, I just thought that being convenient with others is also to accumulate virtue for myself, and after Sophia said, only let I'll just wait a few minutes, I can still wait a few minutes."

"I don't know how many minutes have passed now." Fu Jingting raised his eyes and glanced at her coldly.

Rong Shu stuck out her tongue, "Maybe what happened to her can't be resolved within a few minutes, that's fine."

Fu Jingting sighed, "I said before, being too kind will only make yourself suffer, look at this No, it's alright, I'll change it for you, change it early, and go out to dinner early."

He now regrets bringing her over to try on the dress first.

He should have taken her to finish eating first.

“Will you help me change?” Rong Shu widened her eyes and looked at Fu Jingting in surprise.

Fu Jingting raised his eyebrows, “What? Can’t you?”

Rong Shu covered her chest, “There is a difference between men and women, what do you think?”

Fu Jingting smiled, “I haven’t seen your whole body, we are already the most intimate in this world. What’s the point of changing your clothes for you?”

“” Rong Shu was speechless when she said this.

Yes, he had never seen her all over her body.

You really don’t need to.

That’s all, I’m really hungry now and my whole body is weak, let him help to change it early, and eating early is the most important thing.

Thinking about it, Rong Shu let out a light breath, raised her eyes and looked at the man slightly blushing, “Let’s go.”

“Where are you going?” Fu Jingting asked deliberately, looking at her flushed face with a hint of playfulness in his eyes.

A Different Method

His intention was very obvious, Rong Shu could see it at a glance, and couldn’t help stomping angrily, “Fu Jingting, if you do this again, then I’ll wait for Teacher Sophia to come back.”

After speaking, she was about to sit down again . .

Seeing this, Fu Jingting knew that he had gone too far.

She was already shy, and she was deliberately teasing her, so it wasn’t her fault that she was angry.

Then Fu Jingting quickly grabbed her and apologized, "I'm sorry, I'm wrong, I shouldn't be like this, don't be angry, okay?"

He looked down at her while coaxing her.

In fact, Rong Shu wasn't really angry, just embarrassed.

Now that the men have apologized, she naturally won't hold on, she snorted, stepped on the silver-white crystal high-heeled shoes under her feet, and walked to the door of the locker room.

Fu Jingting looked at her back with a low laugh, and then followed with his legs.

The locker room is not big, only about three square meters, and there are clothes racks and other things in it. At this moment, with two people, it looks extra crowded.

After Fu Jingting closed the door, Rong Shu turned around and turned her back to him, "This dress is fastened by the straps on the back, so when Teacher Sophia tied the straps for me, she didn't use regular bows. I use a very special way of tying, I can't undo it by myself, you can help me to untie the straps and then I can go out."

After all, the straps are on the back, if you only use ordinary bows to tie them Law, if someone pulls the strap, the bow will soon unravel and the clothes will fall off?

Therefore, no matter what kind of clothes, as long as it is a belt attached to the back, it is basically a special style of play.

Otherwise, it's easy to get lost.

But the biggest disadvantage of this special style of play is that it is not easy to solve it by yourself, so you usually need help from others.

Hearing Rong Shu say that as long as you untie the belt, you can get out. Fu Jingting suddenly felt that he was a tool person and could throw it away when he was done using it.

Although she thought so, Fu Jingting still did not forget the reason why she was able to step in here. After Rong Shu hooked her hair from the back to the front, revealing the perfect back of her neck and back, she began to carefully observe the binding of her back. bring.

After observing for about ten seconds, he already knew how to untie it in his mind.

As long as he stretched out his fingers and pulled the four straps together at the same time, the complicated knot would naturally be untied.

It's just that he didn't want to do it in such a simple way, he wanted to play a fun game.

Thinking of this, Fu Jingting's eyes flashed darkly, then put his hand on Rong Shu's back and pushed her forward.

Rong Shu stood there, still waiting for him to help change her dress, but she waited, but instead of waiting for him to help, she waited for him to push her.

Rong Shu was not ready, and threw her body forward with an ahh.

Fortunately, Fu Jingting didn't push her hard enough, so Rong Shu didn't have much energy to pounce forward. After hesitating a step forward, he immediately stretched out his hands and supported the soft wall in front of him, and his body stood there. Steady stopped.

Although she was not injured and would not be injured, Rong Shu was suddenly pushed by the man, and she was so frightened that she was still angry.

She put her hand down from the soft wall, turned her head and glared at the man angrily, "Fu Jingting, are you crazy?"

Fu Jingting didn't speak, she took a step forward, then stretched out her hand and slammed against the soft wall beside her ear. superior.

Rong Shu was stunned for a moment, not knowing what the man was doing, frowned, and was about to push the man away, when the man finally said, "Don't move, I'll untie you."

Rong Shu laughed angrily, "You give it to me. Untie the belt? You've been in for a while, and you haven't done anything, and you're still doing these confusing things, Fu Jingting, what are you trying to do?"

She said that she couldn't understand his brain circuit.

Rong Shu rubbed her brows and said with a headache, "Forget it, don't solve it, you go out first, I'll find a way myself."

With that, she turned around and invited the man out.

If she doesn't ask to go out, she doesn't know when her clothes will be ready to change.

Really, she was crazy to believe that after this man came in, he would help her change clothes in a proper manner.

Although this man came in, he didn't take advantage of it.

But it did something even more incomprehensible.

Anyway, he should get out now.

However, just as Rong Shu turned around halfway, Fu Jingting turned him back again, facing the soft wall again, biting the tip of her ear, and whispering, "Don't move."

Rong Shu subconsciously really didn't move. .

Then Fu Jingting loosened her ears and buried her head down the back of her neck.

There was a mirror in the dressing room, Rong Shu turned her face slightly, and could clearly see what Fu Jingting was doing on her back.

I saw that Fu Jingting's head kept going down along the back of her neck, until it stopped in the middle of her back.

Afterwards, Fu Jingting opened her thin lips slightly, bit the end of one of the straps on her back, and began to pull it back.

Seeing this scene, Rong Shu still didn't understand, this dog man just didn't want to take the usual way, didn't want to help her untie the straps in a normal way, but chose to bite with his mouth.

Such a brain circuit is not surprising.

Surprised at the same time, it also made her blushing.

Because of this act of untying the belt, it is really astringent, making people blush and heartbeat.

Rong Shu's body froze, and she was not moved at all. She could only let herself blush, hold her breath, and watch the man untie her belt in this way.

For a time, in the small locker room, there were no other sounds, only two different breathing sounds, and the rubbing sound of the fabric when the belt was pulled, which seemed extraordinarily ambiguous and disturbing.

Rong Shu could even clearly feel that the temperature in the locker room had increased, making her hot and uneasy.

After an unknown amount of time, Rong Shu finally saw the man behind him pull the four straps open, and the two pieces of the combined dress fabric on the back were also separated at once, revealing fair skin like jade.

Rong Shu finally breathed a sigh of relief.

Because the belt is open, it means that Fu Jingting doesn't need help later, and she can take off the dress by herself.

I thought that the man would let her go wisely after he found out.

After all, his bad taste has also reached.

However, what I didn't expect was that Fu Jingting didn't stop and let her go.

After he spat the tape out of his mouth, he stuck his head to her back again.

Rong Shu was anxious, and hurriedly shouted, "Fu Jingting, what are you doing? The straps have been untied, let me go quickly."

Fu Jingting seemed to have not heard her, and her thin lips kissed her back directly.

His thin lips were very cold, and the moment they pressed against Rong Shu's back, Rong Shu's body couldn't help shivering.

It wasn't over yet, and soon Rong Shu felt that the man behind him suddenly changed from kissing to sucking.

This kind of sucking Rong Shu is very familiar. When doing that kind of thing, this man likes to use this method, leaving traces one after another on her body.

So this dog man, the purpose of suddenly doing this kind of behavior at this moment is very clear.

He wanted to leave marks on her back.

Rong Shu's back is also a place where Rong Shu is more sensitive. She can't stand a man's behavior. Reward Recovery

Sophia and her assistant hurried over after finishing their work, and as soon as they walked outside the locker room, they heard this unbelievable voice.

At that moment, Sophia and the assistant stopped in their footsteps.

Sophia had a weird expression, and the assistant behind her covered her mouth and her eyes lit up.

God, God, isn't it!

Shouldn't she have heard the real version of that!

Ahhh, so excited!

The assistant's face was flushed with excitement. If it wasn't for the fear of being discovered, she even wanted to scream a few times, and even jumped up a few times to vent her excitement at the moment.

"Let's go!" Sophia took a breath, finally came to her senses, turned around and said a word to the assistant in a low voice.

The assistant put his hand from his mouth, "Boss, don't we wait here for a while?"

Listen for a while!

Such a rare opportunity.

If you miss this time, there will be no more.

Sophia knew her assistant, and she knew what the assistant was thinking by looking at the eyes of the assistant who kept squinting towards the door of the locker room.

She silently knocked on the assistant's head and warned sharply, "If you are not afraid of being discovered and targeted, you can stay here. In case Mr. Fu wants to trouble you, don't say you are my assistant. Save you."

After speaking, Sophia ignored the assistant, lifted her foot and left, walking towards the rest area.

She said so, how dare the assistant choose to stay, after looking at the door of the dressing room reluctantly, he sighed and quickly caught up with Sophia.

In the locker room, Rong Shu didn't know her voice just now, but Sophia and the two listened to her, and she had already misunderstood something else.

If you know, you will be ashamed to death.

Although she and Fu Jingting are nothing like that, they are almost the same.

Because at this moment, her upper body was barely wearing an inch, and the original dress on her body slipped down automatically after the man untied the straps on her back.

There was originally a shoulder strap to prevent the dress from sliding down completely, but since Fu Jingting hated that the shoulder strap blocked him from time to time when kissing her back, he couldn't kiss her wholeheartedly, so he directly removed the shoulder strap from her. It was taken off her arm.

So without the support of the last shoulder strap, the dress completely slid down. Fortunately, the waist was designed to close the waist. The dress only stopped at the waist, and did not continue to slide down.

Otherwise, at this moment, not only is she not wearing an inch of thread on her upper body, but she is afraid that her whole body will be naked.

But even so, Rong Shu blushed with shame, wishing to kill this dog man.

She originally thought that he just wanted to try the more astringent method of undoing the belt. It was just an addiction, and he wouldn't really do anything to her. After all, this is someone else's dressing room, in someone else's territory. It's rude to do this.

But I never thought about it, the dog man doesn't care about this, I guess I'm thinking in my mind, the belt is untied, so wouldn't I be sorry for myself if I don't take advantage of it?

Then, hold her and nibble on her back.

She saw it through the mirror with her own eyes, and the dense marks on her back were really like being bitten by a dog.

Therefore, it is not an exaggeration for her to say that he is a dog man.

Fortunately, this dog man is still a bit measured, knowing that he can't really do that on someone else's site, and only after planting bright red strawberries on her back, did she let go of her contentedly.

Rong Shu felt that the dog's mouth on her back had finally left, she was slightly relieved, then looked down at her bare upper body, she was immediately embarrassed and angry, and hurriedly tore off the clothes she had come from hanging on the shelf beside her. , stood in front of him, turned around, looked at the man with red eyes, and shouted in a slightly angry voice, "Fu Jingting!"

Fu Jingting was wiping the corner of his mouth with his thumb, and his eyes were full of contentment.

Seeing the satisfied look on the man's face, Rong Shu's embarrassment deepened again.

This dog man, he is very satisfied.

Have you ever wondered how long it will take for her traces to disappear?

"I'm so mad at you!" Rong Shu's eyes turned red and even sparkled, "I shouldn't believe you, what about helping me change my clothes, I thought you really wanted to help, but you In the name of helping, you're here to take advantage of me, right?"

Obviously, she was about to cry at the man.

Fu Jingting also knew that his behavior annoyed her, so he put his hand down and held her gently in his arms, "Don't cry, I was wrong, I really came to help you change clothes, but after seeing how to take off the clothes, I couldn't hold back, and you look too beautiful in your dress, so"

he didn't continue, meaning everyone understood.

As a man, when you meet the beautiful side of your beloved woman, how can you hold back.

If you can bear it, then there is a problem.

So don't blame him, really don't blame him!

"You" Rong Shu stared angrily, "What do you mean, or is it my fault?"

She thought he was sincerely apologizing.

Unexpectedly, it turned out to be the case.

Listening to this, it seems that she is still wrong, she should not wear such a beautiful dress!

Looking at the woman's bulging little face, Fu Jingting also realized that his explanation not only did not reduce the woman's anger, but made the woman even more angry, he couldn't help touching the tip of his nose and coughed lightly, "Okay, It's not your reason, it's my own reason, don't be angry, or why don't you come back with a kiss?"

He looked at her with a serious look in his eyes.

Obviously he really hoped that she would come back.

The corners of Rong Shu's mouth twitched, her brain aching from anger.

come back?

Isn't it still her who suffers, and he who enjoys it?

What kind of admission is this?

Dog man, shameless!

When I did something wrong, I kept making excuses, and I didn't have the slightest sincere remorse.

Really good!

Rong Shu clung to the clothes on her chest and snorted coldly, "You don't need to kiss it back, anyway, in the end, some people still have to turn their backs on customers. At that time, I was still the same as before, I became the meat on the chopping board, Let someone do whatever they want?"

Someone pursed his lips and said nothing.

Because he knew in his heart, whether he kissed her or she kissed back.

The end result is only one.

That's what she said.

The guilty man looked at Rong Shu and said cautiously, "Then I can do whatever you want, and I will never regret it."

"Really?" Rong Shu narrowed her eyes.

Fu Jingting nodded, "Really."

Rong Shu suddenly smiled.

But this smile fell in Fu Jingting's eyes, which made him somewhat uneasy.

He even said uneasy, and some regretted saying such a thing.

So now he takes back what he just said, is it still too late?

Fu Jingting frowned slightly in thought.

Rong Shu didn't care what he was thinking at the moment, his red lips raised slightly, "Since you said that I can do whatever I want, that's fine, since your behavior just now

made me unhappy, then tonight's reward is just that. That's it for now, I just rewarded you."

During the day's online love, she made her promise to reward him online in front of the whole network.

What to reward, adults understand.

Fu Jingting's behavior just now annoyed her, so she took back the reward and taught the dog man a lesson.

Let this dog man know that these actions cannot be done at any time, and let him teach him a lesson.

On the opposite side, when Fu Jingting heard that the reward for the night was gone, the whole person only felt that a thunder had exploded above his head, his pupils shrank, and he was stunned.

Fu Jingting's Last Struggles

What did he just hear?

The reward is gone!

The reward he was looking forward to so much was gone!

Gone!

Fu Jingting looked at Rong Shu in disbelief, as if to confirm whether he heard it wrong or she said it wrong.

Facing the man's eyes, Rong Shu nodded with a serious expression and told him that he heard correctly, and she did not say it wrong.

She is serious, the reward has been cancelled!

At this moment, Fu Jingting only felt a blank in his mind, a feeling that the sky was falling, and the whole person was wooden.

To be honest, it was the first time Rong Shu saw him show such an expression, dumbfounded, not to mention how funny he looked.

After all, it doesn't fit his image at all.

However, Rong Shu also knew why he did this. If she cancelled the reward, it would be a blow.

Thirty men are as fierce as tigers.

From those few times of intimacy, she was able to confirm that Fu Jingting was one of the fierce tigers and had a strong desire and desire for that kind of thing.

So if he wanted to reward him during the day, it naturally brought him a lot of expectations and reverie.

And now that he has shattered his expectations, how can he not be hit.

This is like a child taking an exam when he was a child. Before the exam, his parents promised him that as long as he got the first place in the exam, he would take him to eat KFC.

Then the child really took the first place in the test, and went home with the test paper excitedly, trying to fulfill the promise made by his parents.

As a result, the parents suddenly broke their promise and refused to admit the account.

Then the mood of that child can be imagined, as if a basin of cold water has been poured over, the whole body is cold from the inside to the outside.

Fu Jingting is probably in the same mood as this child right now.

But it's not her fault, who let this dog man be in love every day, usually in the kitchen, in her office, or in the car to take advantage of her, after all, it's their own territory.

But now, he is getting more and more excessive. In other people's territory, he doesn't care about it, and he is not afraid of being discovered as a joke.

Anyway, she was afraid.

So cancel the reward and teach this man a lesson, so that the dog man will not become more and more presumptuous in the future.

Fu Jingting didn't know that Rong Shu canceled the reward to give him a long memory.

All he knows now is that the reward at night is gone, and his benefits are gone.

How does this work!

Absolutely not!

Fu Jingting had a villain in his mind, crossed his hands in front of his chest, and shook his head quickly, indicating that the reward could not be cancelled, and he had to fight for it.

Thinking, Fu Jingting stretched out his hand and grabbed Rong Shu's wrist, "Little Ye Zi, don't be like this, well, why should you cancel the reward?"

Rong Shu looked at him with a half-smile, "Fu Jingting, you really don't know. Why should I cancel, or pretend I don't know?"

Fu Jingting looked away with guilty conscience, pretending that he didn't understand, and shook his head slightly, "I really don't know."

Rong Shu rolled her eyes, "Come on, don't think I am I didn't realize that you were peeking elsewhere, and you didn't dare to look at me, so you pretended to be."

"Fu Jingting pursed his thin lips, unable to argue, he could only turn his eyes back, and looked at her with a bit of resentment in his eyes.

Seeing him like this, Rong Shu couldn't help but soften her heart.

No way, he was like a big dog, squatting on the ground and looking at her with innocent eyes.

How can human beings have the heart to refuse furry?

"Don't look at me like this, it's useless for you to look at me like this. I've made up my mind and will never change it. If I say cancel, I'll cancel it. There's no negotiation." Rong Shu took a breath, shook her head, and quickly associated her mind to a big one. The dog's Fu Jingting shook his head, lest he really couldn't help but let go.

And she knew very well that if she was relieved this time, she would let this dog man seize her weakness. If there is a similar situation in the future, he will look at her with such eyes again, and hold her. Make her soft-hearted again.

In order to prevent that from happening, she must hold back and must not be confused by this dog man.

If you can't survive the first time and lose to the innocent grievances pretended by the dog man, then you will be even more unprincipled.

So Rong Shu, you have to hold back, you must hold back.

You must not be soft-hearted, or you will really be led by the dog man by the nose in the future, and you will never be able to turn over again.

Thinking about it, Rong Shu took several deep breaths in a row, and closed her eyes. After a while, when she opened her eyes again, her eyes were already calm, and she didn't even have worldly desires and desires.

Believe that she is like this, nothing can affect her heart anymore.

Amitabha, what the hell!

In short, after some self-adjustment of mentality just now, Rong Shu looked at Fu Jingting's aggrieved appearance, and was able to be calm and relative, without worrying about being affected and softened.

Fu Jingting naturally also noticed Rong Shu's change, and seeing Rong Shu's depression from the beginning to the last calm, his thin lips pursed even tighter.

It seems that it failed!

Yes, he did it on purpose. He deliberately showed the innocent and aggrieved look just now, hoping to impress her and make her change her mind.

This is what Zhang Cheng taught him.

Normally, a man can't resist a woman's coquetry, and similarly, a woman can't resist a man's grievance.

So I told him that if one day I accidentally made Xiao Ye unhappy, you can use this method to keep Xiao Ye immediately better, and even finally coax him in the end.

He believed it, and just took it out and used it directly.

But the result?

No effect at all.

At first, Xiao Ye felt a little bit soft-hearted, but soon, the soft-hearted food was put away by her, and she once again became the first ruthless iron-blooded person.

Therefore, he should not trust Zhang Cheng.

Zhang Cheng himself is a single dog, and he has never talked about any love, so he knows all the things between men and women.

And believe that Zhang Cheng himself is stupid, actually thinks this method is effective, so he forgets that everyone is not a different individual, the so-called effectiveness is only for some of them.

At least, the little leaves are not in that part.

Just wait, go back and clean up that idiot Zhang Cheng, who has never talked about love, but still has the face to teach him.

Fu Jingting silently made a note to Assistant Zhang in his heart, but he still kept that innocent look on his face, opened his thin lips lightly, and continued to fight for himself, "Is it really impossible to change?"

Rong Shu pulled her hand back and hummed. Said, "Of course not, people always have principles, how can they change, I'm saying, I'm doing it for your own good, so that you won't be like this in the future regardless of the occasion, if something happens, it's embarrassing, okay? Come on, go out quickly, I'll change the latter myself, I don't need you." As

she spoke, she freed up a hand, turned the man around, and pushed him out of the locker room.

The man didn't resist and let her push him away, but he kept turning his head to look at her, as if he was still trying to make her change her mind, until he was completely pushed out of the locker room and looked at her with a bang. After closing the locker room door, he sighed, fully accepting the reality that women would not change their minds.

In short, Fu Jingting could not help but regret at this moment.

Knowing what you're doing in the locker room will cost you the reward of the night.

He should have endured.

After all, eating some minced meat, how can it be compared to eating real meat?

Lose it! Lose it!

The Fu family rubbed their temples with a helpless smile in their eyes.

Lovely Assistant

But it doesn't matter, the reward is gone, it's not that he can't fight for himself!

The big deal came at night, and he figured out a way by himself.

Thinking of this, Fu Jingting's eyes flashed brightly, and then he sat down in front of the soft stool, waiting for the women in the locker room to come out.

After waiting for about a few minutes, the door of the locker room clicked and opened from the inside.

Rong Shu had already changed into the clothes she had been wearing, and walked out with the red dress.

Looking at the man sitting outside waiting for her, she was happy in her heart, but on her face, she snorted proudly and walked past the man on high heels, pretending that she couldn't see the man.

The man raised his eyebrows, stood up, grabbed her hand, and said in a low voice, "Why? Don't you call me when you leave?"

Rong Shu seemed to have just seen the man, with a surprised expression on her face just right, "Ah, are you still here? I thought you went to the rest area!"

Fu Jingting laughed angrily at the woman's intention.

How could he not know that she still has such an annoying side?

It's cute though.

Fu Jingting squeezed Rong Shu's hand lightly and sighed, "Okay, let's not make trouble, let's go to Sophia to settle the bill and go out to eat."

"Well." Rong Shu squeezed the corner of his mouth and nodded in agreement.

After all, he took the initiative to calm down the laughter, and she wouldn't be ignorant to disagree with him.

The two finally 'reconciled' and came to the rest area holding hands.

The rest area had been waiting for their Sophia and assistant to see them back, and quickly got up to say hello.

Fu Jingting just nodded as a response.

Rong Shu smiled back, then looked at Sophia and asked, "Mr. Sophia, is your matter resolved?"

Sophia smiled and nodded, "Thank you dear for your concern, it has been resolved."

"That's good." Rong Shu replied, and then felt a fiery gaze, and followed it, it was Sophia's assistant.

The assistant held his heart in both hands and was smiling.

Rong Shu couldn't describe what kind of smile that was. Compared with the previous aunt's smile, it was even more praised, praised, and even a little perverted.

In short, the assistant stared at her and Fu Jingting with this 'perverted' smile, the corners of his mouth almost grinning behind his ears, looking extremely wretched.

Rong Shu couldn't understand the meaning of Fu Jingting's eyes when the assistant stared at her. She just felt that being stared at her was a little hairy, and there was an indescribable feeling of being seen through.

Thinking, Rong Shu reluctantly smiled and asked the assistant, "Well, is there anything on the faces of my wife and I? Why do you look at us like this?"

Hearing her words, Fu Jingting narrowed his eyes and looked at the assistant.

Just now he also felt that the assistant was looking at him, but he didn't care.

After all, there are so many people staring at him every day, it is impossible for him to take a look at every one of them.

The most important thing is that the other party is still a woman, so he won't even look at it.

But now that he heard Rong Shu say that this woman not only stared at him, but also stared at Rong Shu, he had to be careful.

The assistant didn't expect that he stared at Rong Shu and was pointed out directly by Rong Shu. The whole person immediately woke up from the excited state, his face turned pale, and he looked at Sophia next to him anxiously, wanting Sophia to help.

She is just a small assistant, and she likes to go online and eat melons and knock c.

Today, C, who finally knocked, appeared in front of her, and she also heard a little driving sound on the spot. Of course, she couldn't stop the madness, excitement and excitement in her heart.

So when I saw the main master appear in front of me again, I couldn't help but look at them excitedly.

Unexpectedly, it was discovered.

Now she doesn't know how to explain the eyes she just looked at them. If she explained it, she heard the sound of their driving, so she only looked at them, they must be angry, right?

At that time, she might just snap off her little assistant.

The more he thought about the assistant, the more scared he became. Looking at Sophia's eyes, he directly put on a cry for help.

help me.

Boss, please help me.

Sophia, who received the assistant's distress signal, sighed with a headache, and then gave the assistant a reassuring look.

Although this assistant is a little stupid and likes to cause trouble, but after following her for so many years, she usually works very seriously and has not made any mistakes, which makes her very satisfied.

Therefore, it is impossible for her to die.

After exhaling, Sophia looked at Rong Shu and Fu Jingting and smiled, "Mr. Fu, Miss Rong, don't get me wrong, my little assistant sometimes has a bad brain."

She pointed to her own brain, and then said again "In addition, she is a fan of the two of you. She likes to watch your news online. What are you Chinese people talking about?"

"c." The little assistant stepped forward and reminded.

Sophia nodded again and again, "Yes, yes, that's it, she likes to knock your cunts, and just looked at you like that just because I was so happy to see you, so don't mind, she doesn't mean anything."

"Yes, yes . Yes, Miss Fu Zongrong, don't be angry, I won't be in the future." The assistant also nodded quickly and agreed, with a more serious expression.

Rong Shu didn't feel malice from the look in the eyes of the assistant just looking at them, so she naturally wouldn't doubt Sophia's words, and replied with a smile, "We're not angry, I'm just curious about why your assistant keeps looking at us, Mr. Sophia, now explain. It's good to be clear, isn't it Fu Jingting?"

She gently bumped the man with her elbow, also reminding the man not to stare at the little girl.

As long as there is no malice towards them, you can watch it without losing any flesh.

Fu Jingting understood what Rong Shu had conveyed, raised his chin slightly, did not speak, and acquiesced to her words.

In fact, even if she didn't remind him, he wouldn't do anything to this woman.

He is not a devil, and others will hate him at a glance.

If so, the whole world is generally his enemy.

But for Sophia's explanation just now, he was a little interesting.

Happy?

The way the assistant looked at them just now was not just happy.

They have been here for so long, two or three hours. If they want to be happy, they will be happy early in the morning, but not now.

So, Sophia was lying, hiding their real purpose for the assistant.

However, it doesn't matter, he has almost found out why the assistant just looked at them like that.

Sophia and the assistant didn't know that Fu Jingting had guessed them all, and they were relieved to see that Rong Shu didn't care about him.

The assistant almost cried with joy and quickly thanked him.

She knew that the c she knocked would not disappoint her.

Not only her appearance is so beautiful, but her personality is also so good and kind.

Woohoo, she was so moved.

The assistant raised his arm excitedly and wiped his eyes.

When Rong Shu saw this, she was stunned for a moment, and then she couldn't laugh.

Sophia felt a little embarrassed, and patted the assistant angrily, "What are you doing, child? Miss Rong and Mr. Fu don't care, you need to cry happily?"

After speaking, she was embarrassed to Rong Shu again. He smiled, "I'm sorry Miss Rong, my assistant is still a child, so I made you laugh."

Listening to Fu Jingting's translation, Rong Shu smiled and shook her head, "No, she's very cute, okay, Mr. Sophia, it's getting late, my wife and I are going to dinner too, so please help me wrap up the dress. , and those high heels."

Going to Eat Nanjiang Cuisine

"Okay, please wait a moment, the two of you will be fine soon." Sophia took the dress handed by Rong Shu and packed it with her assistant.

Fu Jingting and Rong Shu were sitting on the sofa and waiting.

After waiting for about ten seconds, Fu Jingting looked at the woman beside him and asked, "What do you want to eat for a while?"

"I haven't thought about it yet, how about you?" Rong Shu shook her head and replied, then asked back.

Fu Jingting smiled lightly, "I can do it. I will eat whatever you like."

"That's it." Rong Shu rubbed her chin and thought about what she was going to eat for a while.

After thinking for two minutes, her eyes lit up and she said excitedly, "How about we go to eat Nanjiang cuisine later?"

"Nanjiang cuisine?" Fu Jingting raised his eyebrows.

Rong Shu hummed twice.

Fu Jingting looked at her, "But Nanjiang cuisine is notoriously sour. Are you sure about your eating habits?"

Nanjiang is the best place to grow various sour crops such as lemons, so the food from Nanjiang is also included. Habits are more sour.

Soon foreigners go there to travel, and they are not used to eating there.

Therefore, Nanjiang cuisine is also known as one of the top ten unpalatable cuisines in China, and it still ranks at the top of the list.

This shows how unpopular Nanjiang cuisine is for people other than Nanjiang people.

“I’m used to eating.” Rong Shu knew what Fu Jingting was worried about, and nodded with a smile, “Don’t worry, I still like to eat Nanjiang cuisine, but there are not many Nanjiang restaurants in Haishi, so I don’t usually eat it.”

“You really like Nanjiang cuisine?” Fu Jingting narrowed his eyes, “Why don’t I know when you liked Nanjiang cuisine? You didn’t say it in the letter before.”

“I’ve always liked food.” Rong Shu smiled and replied, “It’s just that my dad doesn’t like it, so the chefs in the Rong family rarely do it, and this kind of thing is not very important, so I didn’t write it in the letter. , and I haven’t eaten Nanjiang cuisine in the past few years, so it’s normal for you not to know.”

Fu Jingting nodded slightly, indicating that he understood, “Okay, if you want to eat it, then let’s go.”

“Really?” Rong Shu hesitated at this moment.

Fu Jingting chuckled, “What? Didn’t you say you wanted to eat? Now that you’re going, why are you struggling again?”

He reached out and pinched her nose lightly.

“I’m not tangled.” Rong Shu slapped his messing hands away angrily, “I’m worried about you, just like you worried about me just now, worried about whether I can adapt to Nanjiang cuisine, and I’m also worried about whether you can adapt. If you can’t, do I want you to watch me eat with an empty stomach?”

She couldn’t do such a wicked thing.

Seeing that it was for this reason, Fu Jingting hesitated whether to go or not, and his heart was so soft that it almost turned into a puddle of water.

“Don’t worry, as long as it’s not too spicy or too sweet, I can get used to it. Besides, although Nanjiang cuisine is notoriously sour, it’s not that all dishes are sour. I don’t need to order sour, so you Don’t think about it.” He grabbed her hand and kissed the back of her hand.

Rong Shu thought about it too, so she no longer tangled, and hugged his arm, “That’s fine, then we’ll go eat Nanjiang cuisine. I know what Nanjiang cuisine is not sour, and it tastes very good. , how about I order it for you?”

“Okay, then I’ll give you tonight’s dinner.” Fu Jingting raised his chin slightly.

Rong Shu smiled and put her head on his shoulder, “Don’t worry, I won’t starve you.”

“I believe in you.” Fu Jingting looked at her sideways, his eyes doting, but his heart was a little complicated.

He never thought that she still likes Nanjiang cuisine.

You know, Mrs. Gu’s maiden family is from Nanjiang.

In other words, before she married Duan Xingbang, Mrs. Gu was born and raised in Nanjiang, although now Mrs. Gu’s family has fallen into disrepair and moved out of Nanjiang to go abroad.

But Mrs. Gu still returns to Nanjiang every once in a while.

And according to what he knew about Mrs. Gu, Mrs. Gu also seemed to like eating Nanjiang cuisine.

That Rong Shu, who grew up in Haishi, likes to eat Nanjiang dishes, obviously inherited it from Mrs. Gu.

Although she doesn’t look like Gu Yaotian or Madam Gu, she only looks like the old lady from the Gu family who has been dead for a long time.

But she said that the many hobbies she showed were very similar to Mrs. Gu and Gu Yaotian.

If Mrs. Gu and Gu Yaotian found out, they might doubt her identity again.

“What are you thinking about?” Rong Shu stood in front of Fu Jingting, bending over and waving in front of him.

Fu Jingting grabbed her hand, his eyes froze for a moment, and he returned from his thoughts, “Nothing.”

Only then did he realize that she had let go of his arm, got up from him, and was still holding it. A well-packaged gift box with Sophia standing beside her.

“Nothing?” Rong Shu squinted slightly, “Do you think I believe it? You didn’t respond when I called you several times just now. You didn’t even know that Sophia had packaged the dress honestly and sent it over, so why are you in a daze?”

“Really ? It’s nothing.” Fu Jingting stood up, took the dress from her hand, and smiled slightly, “I’m just thinking about something about the group.”

“Is it important?” Rong Shu quickly asked with concern, “If it’s important, you”

“It’s not important.” Fu Jingting cut off her words, “If it’s important, I can’t be so calm.”

“Yes.” Rong Shu nodded.

Although he was distracted just now, his expression was indeed calm, and it didn’t look like something major had happened.

So, what he said should be true.

“Okay, I got the things , let’s go.” Fu Jingting took her hand.

Rong Shu hummed, then smiled at Sophia and bid farewell.

Sophia sent the two to the outside of the store, and set a time to send Fu Jingting’s dress to the store. They didn’t go back to the store until they got into the car and left.

In the car, Rong Shu turned her head to look at the gift box in the back seat, and suddenly bit her lip.

Seeing this, Fu Jingting asked, “What’s the matter?”

“I suddenly remembered that I changed a dress. Can I still find a reason to talk to Mrs. Liu? After all, Mrs. Liu likes that brand of things very much.” Rong Shu looked back. , said somewhat uncertainly.

Fu Jingting smiled lightly, “I thought it was something, if you are worried about this, then you don’t have to, I checked Mrs. Liu, and Mrs. Liu prefers clothes designed by Sophia over that brand. , but because Sophia is famous there, there are countless people all over the world looking for her to design clothes, and it is not Mrs. Liu’s turn at all, so Mrs. Liu can only regret it The designed dress and the brand’s dress are for Mrs. Liu to choose, and Mrs. Liu will definitely choose Sophia.”

Rong Shu’s eyes lit up, “So, this dress is better than the one that Su Man destroyed before. To attract Mrs. Liu’s attention?”

“Of course.” Fu Jingting turned the steering wheel handsomely with one hand, “Sophia has a habit of embroidering a camellia on the clothes she designs, which is the emblem of the Sophia family. When you put on this dress, Mrs. Liu can see at a glance that it was designed by Sophia. I specifically told Sophia to make her camellia bigger when designing the dress, without destroying the overall beauty of the dress. Facts Prove, she did it.”

Rong Shu opened her mouth slightly in surprise, “No wonder I wonder if the flower on the shoulder is a bit too big, it turns out that you guys designed it on purpose, just to get Mrs. Liu’s attention at a glance. “

This Time, I Will Get My Divorce Chapter 969

The Terrified Gu Manqing

“Of course.” Fu Jingting chuckled, “I know that in order to get on line with Mrs. Liu, you will go to customize the previous dress, which was destroyed by Su Man, and you have to choose a new dress. Since I took over this task, Then of course I will not forget the real purpose of your dress selection, so how could I forget this just to choose the most beautiful dress for you, so I will find Sophia.”

Rong Shu looked at The man’s eyes were full of emotion, “Thank you, you are always like this, you think very well for me.”

At the red light, Fu Jingting stopped the car, finally freed his hand and rubbed her hair, “No. Weak don’t want to be more thoughtful, isn’t that holding you back, your husband, I’m not that kind of person.”

“Bah!” Rong Shu blushed, “What husband, when did you become my husband, don’t Shouting .”

Fu Jingting raised his eyebrows, “Did I shout? You said it yourself, you will remarry me, and we will have children of our own. I call it that now, but it’s just a little bit earlier, and it’s not wrong. .”

Rong Shu was speechless.

Indeed, if there is no accident, they will smoothly re-enter the marriage contract.

Then he did it just a little earlier, and there was no fault at all.

That’s all, just let him go.

“Okay, the light is green, let’s go.” Rong Shujiao glanced at the man angrily and bypassed the topic.

The man chuckled and restarted the car.

On the way, Rong Shu suddenly frowned, and the whole person looked a little worried.

Although Fu Jingting was driving seriously, he would pay attention to her from the corner of his eye from time to time.

Seeing her tense expression, she asked with concern, "What's wrong?"

"I always feel that I really want to forget one thing." Rong Shu bit her lower lip and said uncertainly.

Fu Jingting turned to look at her, "Forgot something?"

"Yeah." Rong Shu nodded, "I feel like I've overlooked something, especially since I left Teacher Sophia's shop, I always feel this way, but if I think about it, I can't remember it. I've overlooked something."

"If you can't remember, then don't think about it. Since you have this feeling when you leave Sophia's store, it is estimated that something was overlooked in Sophia, but the intersection between us and Sophia is only the dress. There is nothing else, if the dress has been obtained, there will be nothing to do with Sophia in the future, then even if something is ignored, it is probably not very important, so don't take it to heart." Fu Jingting looked at the road ahead and comforted.

Rong Shu thought about it for a while, and didn't say any more.

Soon, the most famous Nanjiang cuisine in Haishi arrived.

After Fu Jingting parked the car, he took her hand and went in.

This restaurant is very big, with two floors up and down. The first floor is an open lobby and the second floor is a box.

It was naturally impossible for Fu Jingting to choose the hall. After entering, he directly booked a box, not wanting to dine in the same space with other people.

He just wanted to eat with Rong Shu without being disturbed.

Rong Shu also didn't want to be in the hall. The hall was crowded and the atmosphere was complicated, so it was better to be quiet in the box.

Therefore, Fu Jingting's arrangement is also in line with her intentions.

"You two, please." The waiter gestured for Rong Shu and Fu Jingting to follow him.

Fu Jingting held Rong Shu's hand and followed up without saying much.

The three came to the second floor, and the waiter opened the door of one of the best boxes and entertained the two of them.

When Rong Shu and Fu Jingting followed the waiter into the box, the door of a box diagonally opposite suddenly opened, and Gu Manqing came out from the inside with an uncomfortable expression, just in time to see the backs of Rong Shu and Fu Jingting.

Gu Manqing's eyes widened immediately, and she forgot to react when she stood there.

Is that President Fu and Miss Rong?

Although she didn't see the front of the two people, she was very familiar with their backs and recognized them at a glance.

The two people who just entered the diagonally opposite bread compartment are definitely them.

For a while, Gu Manqing's palms on both sides clenched tightly, and her face was faintly pale, which was a bit more ugly than when she came out just now.

She didn't expect that she just went out to the bathroom on an excuse, but actually wanted to go to the bathroom to spit out that disgusting and unpalatable Nanjiang dish, and she saw Fu Jingting and Rong Shu.

They also came to eat Nanjiang cuisine?

Yes, this is a Nanjiang cuisine restaurant. They are not here to eat Nanjiang cuisine. Is it possible that they are here to play?

It's just that she didn't understand that Rong Shu and Fu Jingting would come to such unpalatable local dishes.

Forget about Fu Jingting, she didn't pay much attention to it.

But Rong Shu would come, which made her have to care.

Before my mother got married, she was a native of Nanjiang, and she still likes Nanjiang cuisine. She has to go to Nanjiang or eat here once in a while.

She will be here today, just to accompany her parents to eat Nanjiang cuisine. This is the first time she has eaten it. The taste really made my mother very happy.

But in fact, she didn't even despise these dishes in her heart, but in order not to expose her, she swallowed every bite with nausea. Excuse me to go to the bathroom.

Unexpectedly, as soon as they came out, they saw these two people.

She didn't know Fu Jingting, but Rong Shu would come to eat Nanjiang cuisine, obviously inheriting her mother's taste.

And my parents are in the box now. Their box is diagonally opposite to Rong Shu's box, maybe they will meet.

If parents see Rong Shu and know that Rong Shu likes to eat Nanjiang cuisine, will they doubt Rong Shu's identity because of this?

After all, there are too many places in Rong Shu that fit 'Gu Manqing'.

Last time, when my parents came back from buying wormwood cake, my mother said that Rong Shu had a scar on her wrist.

God knows that when she heard this, her soul almost flew away, for fear that Rong Shu would tell her parents that her scar used to be a red mole.

Fortunately, Rong Shu didn't say anything about her disgust with her parents, otherwise, at that time, she would not be able to keep her fake romantic identity.

Therefore, what she has to do now is to absolutely not allow her parents to meet Rong Shu, at least not to meet in places that have the same hobbies as her mother, otherwise her parents will definitely think about something.

Only, how can she stop them from meeting?

This is a restaurant after all, so how can she guarantee that when Rong Shu and Fu Jingting will come out of the box?

Just as Gu Manqing gritted her teeth and was in a panic, Madam Gu's suspicious voice came from behind, "Manqing, what are you doing standing at the door, aren't you going to the bathroom?"

Hearing Madam Gu's voice, Gu With a barely basic smile on Manqing's face, she turned back and said, "Well, let's go."

After that, she closed the box door and walked towards the bathroom.

Rong Shu just entered the box, so she probably won't come out so soon.

My parents just went to the bathroom each just now, and they won't go out of the box again.

Therefore, she should not worry about going to the bathroom to vomit.

In the Gu family box, Mrs. Gu looked at the closed box door without wrinkling slightly, but a look of worry appeared on her face, "Husband, don't you think that romance has been a little strange all this time? It seems that she is nervous and worried about something. Ask her and she won't say anything."

Gu Yaotian took a sip of pickled cabbage soup and nodded, "It's a little weird, but young people, there are always some things that people can't guess, don't worry."

"That's what I said, but I heard from my sister Wang that in the middle of the night, I would wake up with nightmares in the middle of the night, and she was still talking about her being a romance, not a fake. What do you think is going on? ?" Madam Gu put down her chopsticks and looked at Gu Yaotian.

What a coincidence

"What else?" Gu Yaotian stopped his chopsticks in surprise.

Mrs. Gu snorted, her face full of sadness, "It's been a while, I haven't told you about this, you are not in good health, I was afraid that you would be worried when you found out, so I hid it, I thought it was a love affair. This situation will gradually improve, but I didn't expect that it will not improve after so long, and everyone has lost a lot of weight."

But the strange thing is that as a mother, seeing her daughter like this, you should feel distressed.

But she didn't. She was unhappy with her daughter every day, losing weight every day, without the slightest feeling of distress.

She knew that, as a mother, it was very wrong for her to have such thoughts.

But she just couldn't feel the pain.

It's just that as a mother, what she should care about is still caring.

Even though she still can't have much affection for this daughter in her heart, but no matter what, this daughter, after all, she has been looking forward to her for more than 20 years before returning to her side.

Even if she doesn't like this daughter, she will still take the responsibility as a mother.

It's strange to say that when she is facing romance, she really doesn't have too many feelings. It is clear that this is the daughter she has always remembered in her heart and has been indebted to. When she comes back to her, she should love her more. Reason also told her that she should say so.

But in practice, she just couldn't do it, she just didn't have much affection for this daughter in her heart, but every time she looked at the photos of her daughter when she was a child, the maternal love in her heart was about to overflow.

She couldn't understand this situation.

Could it be that she always loved her daughter when she was a child, not her grown-up?

how is this possible!

Mrs. Gu said it didn't make sense.

Isn't it the same person whether the daughter is a child or an adult?

Could it be that her maternal love can disappear because her daughter grows up?

It's not scientific at all. As for the reason, she really doesn't know and can't figure it out.

So all along, she has kept these strange feelings in her heart deep in her heart, and has never shown it, for fear that she will be sad when she sees that her mother doesn't have much affection for her.

For a while, Mrs. Gu was a little distracted.

Gu Yaotian didn't know what she was thinking, and after giving her some food, he said, "The romance will be like this, I guess it was the last time in the ward."

Mrs. Gu was stunned, "You mean, Rong Shu What did I say in your ward at the press conference?"

"Well." Gu Yaotian nodded, "At that time we suspected that Rong Shu was Manqing, and then you said that after returning from Manqing, you didn't care about Manqing. How much motherly love, after hearing those words, Manqing ran away sadly. We coaxed her for a long time to make her feel better. I guess, although she was in a better mood at the time and seemed to be fine, she was actually still in her heart. I've always been concerned about this matter, so I have nightmares."

Madam Gu frowned, "But it's been so long, I thought she didn't care about it for a long time, but I didn't expect her to remember it all the time."

Gu Yaotian took a photo He patted the back of her hand, "I can understand, Manqing has been separated from us for more than 20 years, and when I finally returned home, I heard that my parents suspected that someone else was the daughter, and you, as a mother, have no love for Manqing in your heart. How many feelings, it's strange that you

don't think too much about romantic love, I'm afraid I still doubt whether I should come back."

When Mrs. Gu heard this, she also knew that she was wrong, and sighed, "Husband, you say I am I'm not going to see a psychiatrist, I don't know why, I just don't have much affection for Manqing, obviously before Manqing came back, I still hoped that she was still alive, but just as Manqing came back, I actually "

Mrs. Gu Looking at his hand, he doubted his life, "Husband, do you think I'm sick?"

Gu Yaotian looked at her.

To be honest, he didn't quite understand his wife's thoughts either.

But he knew his wife, and she was definitely not sick.

As for why he did this to Manqing, Gu Yaotian attributed this to his wife's return to Manqing, and he wasn't completely used to it.

Thinking about it, Gu Yaotian also comforted Mrs. Gu in the same way.

Mrs. Gu squeezed the corners of her mouth and did not speak, but no one knew what she was thinking.

Facing the bakery, Rong Shu was unaware of her and Fu Jingting's arrival, which caused a series of reactions from the Gu family.

She took the menu from the waiter and carefully looked at what to eat tonight.

After looking around, she ordered six dishes, three of which were what she wanted to eat, and the other three were specially ordered for Fu Jingting. They were not dishes with Nanjiang flavor, but they were more inclined to the flavor of Haishi. .

After all, Haishi and Nanjiang are next to each other. It is normal for some dishes to have the taste of neighboring cities.

"That's all." Rong Shu glanced at Fu Jingting and returned the menu to the waiter with a smile under Fu Jingting's nod.

"Okay, two wait." The waiter took the menu, left a sentence, and left the box.

Not long after the waiter left, Rong Shu suddenly put down her bag and stood up.

Fu Jingting was pouring juice for her. Seeing her action, he put down the juice jug and asked, "Where to go?"

“To the bathroom.” Rong Shu pushed the chair back to its original position.

Fu Jingting hummed, “Go and come back quickly.”

“Okay.” Rong Shu smiled and turned and left the box.

The bathroom is not far, except after the box, go straight and turn a corner.

There are no people in the box on the second floor, so naturally there are no people in the bathroom on the second floor.

When Rong Shu entered, it was quiet inside, but in the next second, a heart-piercing vomit was heard in a compartment.

That voice made Rong Shu tremble all over, as if the person inside was about to vomit out bile. Not only did it make her scalp numb, it also made her faintly nauseated and wanted to vomit.

But in the end Rong Shu held back and hurried into a cubicle, pretending that she couldn't hear it, and just wanted to finish using the toilet and go back to the box.

But halfway through, the vomit stopped, followed by the sound of flushing.

After a while, the sound of flushing stopped, and the sound of the compartment door opening came again, accompanied by the sound of high heels falling to the ground.

The sound of the high-heeled shoes was a bit messy, without the slightest rhythm, obviously caused by weak legs and poor walking.

It is estimated that the woman did not have the strength to vomit.

As Rong Shu thought about it, she sorted her clothes and flushed, and then opened the compartment door to go out.

The moment she went out, she saw the person in the sink opposite and was stunned.

It's actually her!

Rong Shu didn't expect such a coincidence that the vomit he heard just now was actually from Gu Manqing.

Gu Manqing was standing at the sink to collect water and rinse her mouth. When she felt the gaze behind her, she raised her head and looked in the mirror.

Seeing this, he was stunned, then turned his head abruptly and looked at Rong Shu who was standing outside the door of the compartment, with undisguised surprise on his face, "Miss Rong."

Seeing that she found herself, Rong Shu did not. She stood there, raised her feet and walked to the sink, stopped at the sink next to her, turned on the faucet, and started to wash her hands.

. With a smile, "What a coincidence, Miss Rong, I didn't expect to meet you here, you also come to eat here?"

Rong Shu rolled her eyes.

Is she crazy to come to the toilet to eat?

Li Zhaodi came here to eat, but she didn't eat it.
