This Time, I Will Get My Divorce Chapter 971

Although she complained in her heart, Rong Shu didn't say that, just squeezed some hand sanitizer, and replied in a cold voice, "It's not a coincidence, after all, everyone is in the main city of Haishi, and the main city is so big. It's normal to see it occasionally."

Gu Manqing did not expect Rong Shu to answer like this, her expression froze, "That's right."

Rong Shu raised her eyebrows, rubbed her hands for a while, then turned her head to look at She said, "You seem to be very nervous. From the moment you saw me, you've been like this, shouldn't you be afraid of me?"

Gu Manqing's eyes widened and her voice rose sharply, "How is it possible! How could I be afraid of you, Miss Rong is really joking."

After speaking, she lowered her head and quickly rubbed her hands.

That action, as if to rub down a layer of the injured scolding, just felt so painful.

Rong Shu squinted her eyes, "Just kidding?"

She sneered inexplicably, "Miss Gu's performance doesn't seem to be telling me that I'm joking, your expression and your behavior are telling me that you are very panicked now. Anxiety, before you saw me, I saw you, except that you felt uncomfortable after vomiting, and there was no problem with your expression, but after you saw me, you suddenly panicked, nervous, anxious and scared, let me Doubt, have you done anything to make me sorry, eh?"

"No!" Gu Manqing raised her head suddenly, and hurriedly replied, "Miss Rong, I have never done anything to make you sorry, if I did, Mr. Fu, who is beside you, will never let me go."

When she spoke, her expression was extraordinarily sincere.

Rong Shu could see that she really didn't lie, her brows could not help wrinkling, "Since you didn't do anything to hurt me, then you see me, why are you so flustered, what are you flustered about?"

Even if the woman didn't secretly tell her Do nothing but this woman sees her performance.

It also made her have to suspect that this woman had a ghost in her heart.

When Gu Manqing faced Rong Shu's eyes that seemed to be able to read people's hearts, her heart became even more empty, her eyes kept dodging, she didn't dare to look at each other, "I'm not panicking" "I'm

still lying!" Rong Shu couldn't listen. After wrinkling his brows, he immediately drank a stern tone, "I said it so clearly, when you saw me, you felt guilty, but in the end, you were still arguing, Li Zhaodi, you are really getting more and more It's hypocritical, compared to what Gu Yaotian has, you are worthy of being father and daughter."

These words hit Gu Manqing's nerves, Gu Manqing suddenly smiled sarcastically, looked at Rong Shu's eyes, and wrote With an emotion that Rong Shu couldn't understand, "Thank you Miss Rong for your compliment, but unfortunately you are wrong."

She and her father are not real father and daughter.

Yes, why is she not the daughter of the Gu family?

Why couldn't God allow her to be reborn into the Gu family?

Seeing Gu Manqing's sudden resentment and jealousy towards herself, Rong Shu was stunned.

jealous?

Why is Gu Manqing jealous of her?

Where does she deserve Gu Manqing's jealousy?

Gu's family is much richer and more powerful than her. If you want to talk about jealousy, she should be jealous of Gu Manqing.

Why is Gu Manqing jealous of her now?

It's impossible to be jealous of her being rich, or that sentence, the Gu family is richer than her.

Jealous of her looks?

It's not that she is boasting, she looks better than Gu Manqing, but Gu Manqing is definitely not bad, especially now that she has become white, plus makeup, now Gu Manqing is definitely a beauty, so it is estimated that her Appearance is impossible.

Since it's not money or looks, then it's a man?

As for women, these are the things they care about the most. After excluding material things and appearance, there are only men left.

Fu Jingting's wide shoulders and narrow waist, his handsome appearance, and his wealth and wealth, he is the best among men, and he grabs a lot of women who stare at him.

She can say without blush that more than 90% of the famous daughters in the whole sea city definitely have ideas for Fu Jingting, so there is not much to add a Gu Manqing now.

Thinking of Gu Manqing falling in love with Fu Jingting, Rong Shu's heart sank.

She has some doubts now, whether Gu Manqing was flustered when she saw her just because she fell in love with Fu Jingting and even planned to pursue Fu Jingting, so she did this when she saw her.

It's not impossible, it's even very likely.

Otherwise, she couldn't explain Gu Manqing's actions just now.

The more she thought about it, the more she felt that it was what she thought, so Rong Shu didn't want to ask Gu Manqing what she just said was wrong. She stared at Gu Manqing and sneered, washed the foam from her hand, and turned to the door. go.

Just wait, she went back to the box to clean up a certain man.

It's okay to attract bees and butterflies, and let the women in the whole sea city think about it, but even face Gu Manqing is provoked.

pissed her off.

Gu Manqing didn't know what Rong Shu had made up her mind. Seeing Rong Shu angrily walking out, her heart tightened. She was very afraid that when Rong Shu returned, she would meet Gu Yaotian and his wife. , "Miss Rong, please wait a moment."

Rong Shu stopped and looked back at Gu Manqing coldly, "Is there anything else you can do?"

" Confused about what.

Rong Shu frowned, with obvious impatience on her face, "If it's all right, I'll go first."  
When the

words fell, she turned her head back.

Gu Manqing hurriedly stretched out her hand, "Wait, I said."

Rong Shu stopped, and although she didn't speak, her indifferent eyes fell on her, waiting for her to speak.

Gu Manqing bit her lower lip, took a deep breath, and met Rong Shu's eyes.

Although there was a lot of pressure after meeting, but for her own purposes, she could only endure the pressure.

"That's Miss Rong, can I ask you to leave this restaurant and dine elsewhere? Of course, I can bear all the expenses for your meals." Gu Manqing said.

"Huh?" Rong Shu was stunned, and a row of question marks appeared above her head.

Gu Manqing thought she didn't hear clearly, so she repeated these words again.

Rong Shu smiled angrily, "Li Zhaodi, are you ill?"

"What?" Gu Manqing's face twisted for a moment.

This woman actually said she was sick!

"If you're not sick, how do you say this? Let me leave the restaurant and eat elsewhere, why? You are shameless, shameless?" Rong Shu wrapped her arms and stared coldly. When she said it, she was rude.

No need to be polite.

After all, people with brains can't say the words to let her leave the restaurant.

After all, this restaurant was not opened by Gu Manqing.

So Gu Manqing said such a thing, shouldn't she make her angry?

Gu Manqing didn't expect that Rong Shu would insult her like this, her face turned pale with anger, "You"

"Okay, what are you." Rong Shu rolled her eyes and became even more impatient, "I don't know about you. Why do you want me to leave the restaurant, I don't want to know, I'm just right, you don't deserve to let me leave the restaurant, since you don't want to see me in the restaurant, shouldn't it be you who is leaving, what qualifications do you have to let me Go? So, either you go, or you hold it for me, even if you don't accept it."

After she finished speaking, she ignored Gu Manqing, a mentally ill person, and turned around and walked out of the bathroom.

Gu Manqing stood where she was, stamping her feet angrily.

But after slicing it twice, he quickly caught up, wondering if Rong Shu would see her parents.

If not, then of course, if yes, she has to quickly disturb the attention of her parents and not let them think too much.

She likes Cheng Huai

Rong Shu knew that Gu Manqing was following her not far or near, so it didn't matter if she followed, the staring at her like a thief made her very disgusted, as if she was going to do something shameful.

But then again, she was really curious about the reason why Gu Manqing asked her to leave the restaurant.

Why did Gu Manqing ask her to leave here?

The reason why Rong Shu didn't ask is because she almost knew, and if she asked Gu Manqing, she might not answer.

So if you want to know, you have to figure it out for yourself.

Thinking about it, Rong Shu paused slightly, then turned her face to the person behind her.

When the man saw her stop, his expression tightened, and he also stopped.

Rong Shu sneered in her heart.

If you want to follow her, at least you have to be decent, right?

She stopped and stopped, as if she wanted to tell the world that she was being watched.

Rong Shu pursed her red lips, but did not reveal Gu Manqing's behavior behind her, and stepped forward again.

Soon, she returned to the door of the box and opened the door directly.

Gu Manqing looked at the box that Rong Shu walked into, and then looked at the box diagonally across from Gu's family, and finally heaved a sigh of relief.

Fortunately, I was lucky. When I came back, I didn't see my parents coming out of the box.

As long as her parents don't meet Rong Shu in this place today, then she doesn't need to worry too much.

Thinking of this, Gu Manqing sighed lightly, her tense face finally relaxed, then withdrew her gaze and walked towards the box diagonally opposite to Gu's family.

Although my parents didn't come out of the box, I didn't see Rong Shu.

But after all, they are all in the same restaurant. I can't see them now. Who knows if I can see them later.

So in order to prevent this from happening, she must persuade her parents to leave here as soon as possible.

Gu Manqing put her hand on the doorknob of the box, turned the doorknob slightly, and opened the door.

But at the moment she entered, Rong Shu's box was opened again, not all of them, but only a small gap.

Rong Shu's face appeared behind the crack of the door, staring blankly at the box where Gu Manqing entered.

She was curious about Gu Manqing's move to let her leave the restaurant, but she was even more curious when Gu Manqing followed her and stared at her all the way.

She even wondered if there was something in this restaurant that Gu Manqing didn't want her to see, so she asked her to leave the restaurant and followed her, because she was afraid that she would encounter something she didn't want her to see, so she asked her to leave the restaurant. Staring at her all the way.

This point, since she has counted the plan into the box, it is estimated that when she opens a small gap and observes Gu Manqing's follow-up behavior, she is almost certain that it is indeed what she thinks.

Because the moment she entered the box, Gu Manqing was obviously relieved.

Obviously, she didn't see anything that made Gu Manqing nervous, so Gu Manqing was relieved.

Later, she saw Gu Manqing staring at the door of a box diagonally opposite, and her expression changed again.

She couldn't tell what kind of change it was, but her intuition told her that what Gu Manqing didn't want her to see should be in that box.

So, what's in the box?

Rong Shu lowered her eyelids, her eyes flickering constantly.

At this time, the man who came behind her at an unknown time suddenly looked down at her and asked, "What's wrong? What are you looking at?"

Hearing the man's voice, Rong Shu collected her thoughts, closed the box door, and turned around. "Gu Manqing."

"Gu Manqing?" The name instantly made Fu Jingting's face change slightly, and a different look flashed in his eyes.

However, Rong Shu's mind was in the box where Gu Manqing entered, so she didn't notice any changes in the man, so she hummed, "It's her."

"Where did you see her?" Fu Jingting asked with dark eyes.

Rong Shu didn't hide it, and answered directly, "The bathroom, when I went in, I heard her inside."

"Did she bully you?" Fu Jingting grabbed her hands, pulled them away slightly, and looked around quickly. .

Seeing him so nervous about herself, Rong Shu shook her head amusingly, "That's not true, I'm not that easy to bully, but she's weird."

"What do you mean?" When Fu Jingting heard that she was not bullied, Fu Jingting was the first to comfort her. He took a sigh of relief, and then heard her say that Gu Manqing was strange, and frowned again.

Rong Shu didn't answer immediately, but took the man's hand and walked towards the dining table.

Before she came back, the waiter had already served the dishes, and the table was full of piles, which was really beautiful.

Rong Shu sat down in front of the chair pulled by the man, took a sip of water, and then replied, "The moment I saw Gu Manqing in the bathroom, Gu Manqing looked very flustered, she was afraid of me and nervous about me."

Nervous and afraid?" Fu Jingting frowned, obviously not quite understanding why Gu Manqing was so nervous about her.

Rong Shu hummed, "Yes, it's just nervousness and fear, I'm sure I'm not mistaken, and that kind of nervousness and fear is also mixed with some guilt and jealousy, I don't know what she's nervous, afraid of, and jealous of. I tried her, but I didn't get an answer, and then"

said this, she looked up at the man resentfully.

The man raised his eyebrows, "What do you mean by that look?"

He was inexplicably agitated.

Rong Shu rolled her eyes at the man, then looked back, "Women, there are only a few things that can be envied, appearance, figure, family background, men."

Every time she said something, she pressed down a finger.

"Although the Gu family is in jeopardy now, the skinny camel is bigger than a horse and much richer than my Tiancheng, so it is impossible for Gu Manqing to be jealous of my family background. As for appearance and figure, although Gu Manqing is worse than me a little bit, but after putting on makeup and dressing up, it won't be too bad, so it shouldn't be possible to be jealous of my appearance and figure, apart from these few things, the rest are men."

Rong Shu glanced around again. the same as men.

Fu Jingting's thin lips twitched, "So, do you think Gu Manqing has a crush on me?"

"Hmm." Rong Shu raised her chin.

Fu Jingting laughed, "Impossible, although your husband and I do have some charm, it's definitely not liked by all women, not to mention, I know who Gu Manqing really likes."

He touched her hair.

Rong Shu's eyes widened, "The one you really like?"

“Well.”

“Who is it?”

“Cheng Huai.” Fu Jingting’s thin lips parted lightly, and slowly spit out two words.

Rong Shu was drinking water. The moment she heard the name, she turned around and sprayed it outside the table.

Fu Jingting didn’t expect that what he said would actually make her react so strongly, she couldn’t help being stunned for a moment, but she quickly reacted and patted her on the back lightly to prevent her from choking.

After taking a few shots, he quickly took out another tissue and handed it over, “Wipe it.” It

was just right, Rong Shu quickly took the tissue and wiped the water stains on her mouth. Looking at the man, “What are you saying is true or false? Gu Manqing likes Cheng Huai?”

“Really.” Fu Jingting nodded with serious eyes.

Rong Shu had to believe it, but the whole person was still a little confused, “How is this possible, she actually likes Cheng Huai? When did she like Cheng Huai?”

“I don’t know.” Fu Jingting shook his head.

He really doesn’t know about this.

Rong Shu bit her lips, “Then how do you know that she likes Cheng Huai?”

#### **Who is in the Box**

“I didn’t know at first.” Fu Jingting put some vegetables on her plate, and then went on to say, “Cheng Huai came to me once and wanted to talk to me about a government investment. When a gift arrived, the gift was given by Gu Manqing, and that day happened to be White Day. Cheng Huai looked very bad at that time, and told me that this was not the first time that Gu Manqing had given him a gift. It is usually given away, not only that, but also often find opportunities to meet Cheng Huai, so it is not difficult to know Gu Manqing’s thoughts.”

“Hi” Rong Shu sucked in a breath, “There is such a thing.”

” Well.” Fu Jingting nodded, “At that time, we hadn’t gotten back together yet, and this kind of thing has nothing to do with you and me, so I didn’t tell you.”

Rong Shu was silent for a while, not knowing what to say, let alone knowing. , should I sympathize with Cheng Huai, but Gu Manqing was actually staring at him.

Besides, she also found it a little funny.

“According to what you said, it’s not too short for Gu Manqing to fall in love with Cheng Huai.” Rong Shu ate the dish that the man had just brought.

Fu Jingting took a sip of red wine and said, “It should be, on White Day, it was half a month after Gu Manqing did a paternity test with Mrs. Gu in front of us. Before that, Gu Manqing was still guessing that she would meet Cheng Huai by chance. , so by analogy, Gu Manqing should have fallen in love with Cheng Huai soon after she met Cheng Huai.”

“Could it be during their time together?” Rong Shu widened her eyes.

Fu Jingting paused for a moment, then looked at her, “You know?”

Rong Shu nodded, “You know, we found Gu Manqing at first to make Gu Manqing go to Gu’s house as an undercover agent, but we can’t take it as an undercover agent. After the person is found, he will directly let Gu Manqing enter the Gu family. It must be trained for a period of time so that Gu Manqing can get to know the Gu family and his wife. It is not me, but Cheng Huai who is in charge of the training. Meeting with Gu Manqing, so after getting along for a long time, it is not impossible that Gu Manqing will be tempted by Cheng Huai. To put it in a bad way, Gu Manqing never had the chance to meet a good man like Cheng Huai in the past. , once you see it, you will naturally be tempted.”

“It should be.” Fu Jingting raised his chin.

Rong Shu supported her forehead, “I really didn’t expect that Cheng Huai’s original plan would have such a big change. Not only did it help the Gu family get back their daughter, but it also caused Cheng Huai to be entangled in Gu Man’s love. I guess Cheng Huai regrets it now. Great.”

Don’t mention Cheng Huai, she regrets it.

She clearly wanted to set up an undercover agent for the Gu family, so that she could find a chance to break down the Gu family in one sentence.

But unexpectedly, it helped the Gu family.

Thinking about it now, it makes me shudder.

Fu Jingting's eyes flickered twice, he didn't speak, he just continued to put some dishes on her plate silently.

Rong Shu sighed, "Cheng Huai didn't even tell me about this, it's because he and I are still partners."

"He doesn't tell you, it's not like you feel guilty. After all, it was you who planned to find Gu Manqing. The two planned together." Fu Jingting also said after ordering.

Rong Shu smiled bitterly, "Yeah, so I regret it now."

"Don't regret it, after all, no one will think about the future development, right?" Fu Jingting stroked her hair and said comfortingly.

Rong Shu squeezed the corners of her mouth and didn't answer.

Fu Jingting put down his chopsticks and looked at her with a smile on his head, "Now I believe that Gu Manqing is not interested in me?"

Rong Shujiao gave him an angry look, "In the beginning, I was really suspicious when I saw Gu Manqing's performance. , Did Gu Manqing fall in love with you, that's why he was so jealous of me? As for being nervous and afraid, is he thinking of attacking you, so when he sees me, he is nervous and afraid. For this reason, I plan to come back to you Let's settle the account."

Fu Jingting was stunned for a moment, then laughed softly, "Then I'm quite wronged."

Rong Shu's face blushed embarrassedly, "Yes, at first I really thought that Gu Manqing was in love with you, but after I left the bathroom, Gu Manqing kept following me, watching me behind me with a very She was nervous until I entered the box, so I knew at that time that Gu Manqing was not guilty because she fell in love with you, but because there was something in the restaurant that she didn't want to let go of. I know, that's why I kept following me and watching me. Fu Jingting, you said, what is there in the restaurant that made Gu Manqing so nervous, so nervous that he forced me to leave here. After I didn't leave, I just kept watching following me?"

"She told you to leave?" Fu Jingting's face sank.

Rong Shu hummed twice, "Yeah, when she was in the bathroom, she just said, let me leave the restaurant. It's ridiculous. She didn't open this restaurant. What face does she have to let me leave?"

Fu Jingting's face became even more serious . It's ugly, "If she wants to leave, it's also her leaving, when will it be her turn to drive people away?"

Or drive his people away.

Li Zhaodi's skin is hard, right?

Rong Shu didn't know that the man had a grudge in Gu Manqing's heart. Hearing the man's words, he nodded again and again, "Yes, I told her that directly at the time, and her face was not so funny."

"And then." The smile on the woman's face made Fu Jingting's frown slightly better. He took out a tissue, gently wiped the corner of her mouth, and asked again.

Rong Shu took a sip of soup, "Then I left the bathroom and went back to the box, she followed me, I knew that she was not nervous and afraid of me because she liked you, but there was something in the restaurant, yes What I didn't want me to see, after she saw that I didn't see anything along the way, she entered her own box with confidence, and before she entered the box, she looked at her box with complicated eyes, and I couldn't tell how it was. It's kind of complicated, anyway, I guess, what Gu Manqing doesn't want me to see should be in her box, what do you think is in her box?"

Fu Jingting lowered his eyes and said nothing.

What is there in Gu Manqing's box that makes Rong Shu so afraid.

When the audience watched Quanghai City, there was only one thing, Gu Yaotian and his wife.

I really didn't expect such a coincidence, Rong Shu suddenly thought about eating Nanjiang cuisine, and Gu Yaotian and his wife were actually here.

It was probably Mrs. Gu's idea. Mrs. Gu used to be from Nanjiang, so she definitely likes Nanjiang cuisine.

So it's not surprising that it will appear here.

And Rong Shu, who is from the sea, likes to eat Nanjiang cuisine, makes people a little curious, although it can also be understood as a personal preference.

After all, there are no rules, and people in the sea can't like to eat dishes from other places.

However, Rong Shu has so many characteristics that echo Gu Manqing, and now there is another liking to eat Nanjiang cuisine, which makes Gu Yaotian and his wife see it, and will naturally raise their doubts about Rong Shu again.

Gu Manqing should have asked Rong Shu to leave the restaurant in order to prevent this situation, because she was afraid that Rong Shu would meet Gu Yaotian and his wife.

And Rong Shu didn't ask Gu Manqing to leave, and Gu Manqing didn't dare to force Rong Shu out, so Gu Manqing would naturally follow Rong Shu, and wanted to see if Rong Shu would meet Gu Yaotian and his wife by chance. .

She didn't meet Rong Shu until she returned to the box, of course Gu Manqing would be relieved.

"What are you thinking?" Seeing the man's inexplicable expression, Rong Shu couldn't help but gently pushed the man.

The man's eyes flickered, he suppressed his emotions, and smiled lightly, "It's nothing, I was just thinking that the people in Gu Manqing's box should be Gu Yaotian and his wife."

"Gu Yaotian and his wife?" Rong Shu exclaimed.

Dispel her doubts

"Well." Fu Jingting rubbed his chopsticks, his eyes flashing brightly, "You should know that Gu Yaotian and his wife have suspected that you are their daughter, right?"

"It was Rong Yuan's press conference. I took the initiative to tell the outside world that I was not my parents' biological daughter, but was picked up by my father on the third day after taking Gu Manqing away, so Gu Yaotian and his wife suspected that I was Gu Manqing. It's funny, Gu Manqing has already returned to them, and they have done a paternity test, but they can still suspect that others are Gu Manqing, which makes me feel a little sympathetic to Gu Manqing."

Looking at the woman's face With ridicule, Fu Jingting felt a tinge of guilt in his heart, but he did not show it on his face, and his expression remained calm, "But there is one more thing you don't know."

"What is it?" Rong Shu looked at the man curiously.

The man lowered his eyes, "I also heard it by accident. When Gu Yaotian and his wife suspected that you were Gu Manqing, Mrs. Gu once said that she had no feelings for

the current Gu Manqing. Gu Manqing heard this. Gu Manqing's reaction was very intense at the time." It

was said that he heard it by accident, and it was also sent back by the people who he had been sending and who had been monitoring Gu Manqing.

So, he will know. " What

?" Rong Shu was stunned when she heard the man's words. "Mrs. Gu said she has no feelings for Gu Manqing? " "I know that after my father took Gu Manqing away, Madam Gu became seriously ill and even suffered from a heart attack. It stands to reason that when Gu Manqing came back to her, shouldn't she be happy and make up for this daughter? , do you love this daughter? Why don't you have any feelings for this daughter? And I think they get along pretty well." "Mrs. Gu made it for people to see." Fu Jingting put down his chopsticks and leaned back on the chair. Relied on, "Mrs. Gu is very aware that her mentality is wrong, so even if she has no feelings for Gu Manqing, at least as a mother, she will still bear the responsibility, so she will forcibly act like she loves Gu Manqing very much."

"That's actually the case." Rong Shu would not doubt the man's words. After all, there was no reason for a man to lie to her.

Rong Shu tutted twice, "It's really strange. As a mother, I don't have any feelings for my daughter. I really don't understand what Madam Gu's mind is thinking."

Fu Jingting didn't answer.

Because he knew that Mrs. Gu had no problem with her mind.

The reason why she has no feelings for Gu Manqing is because Gu Manqing is not her real daughter.

To be honest, when he first learned that Mrs. Gu had no feelings for Gu Manqing, he was also surprised, and had the same doubts as Rong Shu.

But he knows more than Rong Shu. He knows that Gu Manqing is a fake, not the real Gu Manqing. After all, the real Gu Manqing is Rong Shu.

So he quickly understood why Mrs. Gu had no feelings for Gu Manqing.

This is mother-daughter nature.

Even if Mrs. Gu doesn't know that Gu Manqing is a fake, the mother-daughter nature will make her subconsciously unable to devote real feelings to a fake.

Rong Shu didn't know what the man was thinking, she bit her lip and thought for a few seconds, suddenly realized something, and opened her eyes in astonishment, "Wait a minute, Gu Manqing shouldn't, just because I was afraid that I would see Gu Yaotian and his wife? The husband and wife suspected that I was Gu Manqing, and even Mrs. Gu fell in love with Gu Manqing for this reason, and then Gu Manqing kept brooding in her heart and couldn't let go of this, so she drove me away, and she was vigilant all the way I am afraid that I will meet Gu Yaotian and his wife, and then Gu Yaotian and his wife will doubt whether I am their daughter again?"

Fu Jingting hummed, "It's very possible."

It was Gu Yaotian and his wife who said it. After all, he was also worried that uncontrollable things would happen when they met.

But then he thought about it and gave up the idea, and it would be better to tell Gu Yaotian and his wife directly.

If she didn't say it, she would have been curious about the reason why Gu Manqing was wary of her, and then asked people to inquire about the people in Gu Manqing's box. After finding out that it was Gu Yaotian's husband and wife, she would definitely wonder why Gu Manqing didn't want her to see her. Gu Yaotian and his wife.

As long as she has doubts, she will definitely get to the bottom of it and find out. If she inquires, it will be troublesome to find out.

So it is better to tell her that it is Gu Yaotian and his wife from the beginning, and deliberately guide her to think elsewhere, so that she will dispel the idea of investigation from the beginning.

Sure enough, what Rong Shu said next let Fu Jingting know that he had succeeded.

Rong Shu curled her lips, her face full of disdain, "She is ill, she is the biological daughter of Gu Yaotian and his wife, and she has done a paternity test. I just coincidentally matched the characteristics of Gu Yaotian and his wife's daughter, but it doesn't mean that, I'm their daughter, and she's worried about a ghost."

Forgive her, she really couldn't understand Gu Manqing's brain circuit.

Anyway, she felt that Gu Manqing was not a normal person.

Seeing that Rong Shu was no longer curious about Gu Manqing's box, Fu Jingting raised his brows slightly, then stood up.

Seeing his actions, Rong Shu subconsciously asked, "Go to the bathroom?"

"Well." Fu Jingting nodded, "You take it here, don't go out."

Rong Shu rolled his eyes at him, "I'm not a kid. Baby, do you need to tell me on purpose, and what if I go out? Can I get lost?"

Fu Jingting chuckled, "In my heart, you are my child."

He wouldn't let her out, of course not Afraid of her getting lost.

It was because she was afraid that she would accidentally see Gu Yaotian and his wife.

Although she won't think about it any more, Gu Yaotian and his wife are not necessarily.

It's better to leave her here just in case.

Rong Shu waved her hand, "I know, I know, I won't leave."

She blushed a little.

Really, what is in his heart is his child.

Anyway, she has never seen it before, so she would do those things to children.

Thinking about it, Rong Shu blushed a little.

Fu Jingting didn't notice that his mind was on other places at the moment. When she waved her hand to urge him to go, he had already stretched his legs and walked out the door.

Walking out of the box, Fu Jingting glanced at the rows of box doors on the opposite side.

He didn't know which box Gu Manqing was in, but Rong Shu had said that it was in the row opposite them.

Fu Jingting locked the most likely two boxes, then took out his mobile phone, sent a message with a cold expression, and took Gu Yaotian and the others out of the restaurant.

A commanding tone of ten.

But it doesn't make people feel offended.

After all, he is a natural superior, and he has that qualification to order anyone.

After sending the message, Fu Jingting took out a cigarette from his pocket, flicked one out, lit it, leaned against the wall beside the box, and puffed up.

Ordinary men smoke like that, without the slightest sense of beauty.

However, when Fu Jingting smoked a cigarette, it was very good-looking, and his movements showed a hint of elegance. When he exhaled the smoke, there was even a deep taste.

It is obvious that he is a man with a story.

And people with stories are often the most attractive.

At the same time, diagonally opposite, in the Gu family box.

Gu Manqing ate the dishes that Mrs. Gu brought over with a heavy heart, and she didn't even hear Mrs. Gu calling her.

It wasn't until Gu Yaotian gently pushed her that she came back to her senses, and the dish on the chopsticks fell back to the plate.

"Dad, what's the matter?" Gu Manqing looked at Gu Yaotian next to her and asked suspiciously.

Gu Yaotian pouted at Madam Gu, "Your mother called you."

Hearing that it was Madam Gu calling him, Gu Manqing turned her head to the other side and looked at Madam Gu, "Mom, what did you call me?"

"You What is this child thinking, absent-minded, no response when you call me."  
Madam Gu frowned, with undisguised concern on her face.

Although she has no feelings for this daughter, she will not be stingy in what she should give.

So does concern.

"Nothing." Gu Manqing lowered her head and replied vaguely.

Mrs. Gu and Gu Yaotian looked at each other, how could they not know that she was lying.

Mrs. Gu sighed, "Manqing, are you still caring about what Mom said last time in your father's ward? If you are still caring, how about Mom apologize to you again? What happened last time, Mom didn't do it on purpose, it's just because you came back. Mom is not used to it, so she will say that. After we get along for a long time, Mom will be completely used to it, so Mom will not be like that. So romantic, you Forgive mom, okay?"

Gu Manqing still lowered her head and didn't answer.

Once you get used to it, it won't be like that?

Probably not.

She is not their daughter after all, and they reject her by blood.

So no matter how long it takes, they still won't have complete feelings for her.

Being nice to her now is more because of responsibility.

The funny thing, this responsibility was given to her when they thought she was Gu Manqing.

Once they know that she is not their daughter, not Gu Manqing, they will take back the responsibility, not to mention giving her affection?

Seeing that Gu Manqing didn't speak, Madam Gu became anxious.

Gu Yaotian also frowned, and said solemnly, "Manqing, your mother has already apologized to you, don't you want to forgive her at all?"

Gu Manqing heard the displeasure in his tone and realized that she was I took a wrong step and was about to save it when the phone on the table suddenly vibrated and lit up.

The eyes of the three were attracted to the past.

Mrs. Gu was close to Gu Manqing's mobile phone, and she saw the content displayed on the screen at once, and she was surprised, "Mr. F? Manqing, who is this? Is this your boyfriend?"

" Boyfriend, Gu Yaotian's face changed suddenly, "What? Boyfriend? Manqing, when did you have a boyfriend? Why didn't you tell me, what if you were cheated?"

Although this daughter's attitude towards his wife , which made him a little dissatisfied, but after all, it was his daughter, his only descendant.

Besides his wife, he was the person he cared about the most in the world.

Now that his daughter has a boyfriend, how can he not be anxious?

His daughter came back after being separated from him for more than 20 years. Not long after she came back, she made a boyfriend. Maybe she will get married soon. How can their husband and wife accept this?

After all, their husband and wife haven't been with their daughter for a long time. How can they let their daughter leave the house and go to someone else's house so quickly.

At least in a few years, right?

So if this Mr. F is really her daughter's boyfriend, she must let her break up with this person, she must break up!

"That's right, Manqing, you have to tell us about this kind of thing, and you have a boyfriend casually. What should we do if something goes wrong?" Mrs. Gu also nodded in agreement.

Seeing the excited expressions of Gu Yaotian and his wife, Gu Manqing's embarrassed face turned red, "Dad, he is not my boyfriend, just someone I know."

How dare she let that terrible man be her boyfriend.

She is saying that it is not this person that she likes, but

In Gu Manqing's mind, Cheng Huai's face flashed immediately, his face turned even redder, and there was a hint of shyness in his eyes.

This shyness was caught by Gu Yaotian and his wife, but they misunderstood, thinking that they were right, and it was the daughter's boyfriend who sent the message.

Gu Yaotian's heart was sour, his face was red with anger, he patted the table and asked, "Manqing, tell Daddy, what kind of kid is he who sneaked my daughter away under my nose, I'm really angry. I'm gone."

"That's right, romance, tell us quickly, who is it? Let Mom help you check it out and see if it's suitable for you." Mrs. Gu also nodded quickly and said.

Gu Manqing's face turned even redder, she stood up with her mobile phone in her hand, "Aiya, Mom and Dad, what's this all about? I said that if I don't have a boyfriend, I don't have a boyfriend. This person is really just someone I know."

"Oh . Really?" Gu Yaotian narrowed his eyes.

Gu Manqing nodded, "Of course it's true."

Gu Yaotian saw the seriousness on her face and fell silent.

Mrs. Gu did the same, and it took a while for her to speak, "Yaotian, it seems that we have misunderstood our daughter, and there is really no boyfriend in Manqing."

"If there is no boyfriend, there should be someone you like, right?" Gu Yaotian whizzed. ask.

That shyness is not a lie.

If you don't have a boyfriend, there must be someone you like.

Why not be shy?

Sure enough, when she heard Gu Yaotian's words, Gu Manqing's expression suddenly changed and she became a little flustered.

Seeing this scene, Mrs. Gu understood that Gu Yaotian was right.

"Manqing, do you really have someone you like?" Mrs. Gu pulled Gu Manqing and asked.

Gu Manqing lowered her head and didn't speak. After a few seconds, she pulled out her hand and said in a blurred expression, "Okay mom, don't ask, I'll go back to the news first."

After speaking, she took a deep breath, Go to the window of the box.

She didn't dare to go out, for fear that she would meet Rong Shu again.

At that time, if you and Rong Shu are arguing outside, it will be bad to lead your parents out.

Mrs. Gu looked at Gu Manqing's back, then looked at her husband beside her , and whispered, "Husband, what do you mean by Manqing?"

Gu Yaotian also looked at Gu Manqing and shook her head, "I don't know."

Mrs. Gu After pondering for a moment, "Who do you think Manqing likes? When I asked, Manqing's expression seemed a little wrong. I guessed that the person Manqing liked didn't like her."

Gu Yaotian heard this. His face turned gloomy, "Hmph, it's a blessing for that kid to be seen by my daughter, but she doesn't like my daughter, I don't know what's wrong, wait until I know who that kid is, so I won't peel him off."

In Gu Yaotian's opinion, his daughter is the best in the world, and no man deserves it.

Now his daughter finally fell in love with a man, but the man actually didn't look down on his daughter.

Really pissed him off.

Mrs. Gu listened to Gu Yaotian's anger, but she had no idea. She just watched Gu Manqing with her back to them, standing by the window and looking down at the phone, her eyes were very puzzled.

Who is this Mr. F?

Do you want to send messages back to them behind your back?

And she still remembered that the moment Man Qing saw Mr. F, her face was shocked and nervous.

Could it be that, what bad person did Manqing meet?

Here, Gu Manqing came to the window of the box, and immediately clicked on the message sent by Fu Jingting.

Seeing the content of the message, Gu Manqing squeezed the phone tightly.

President Fu actually asked her to leave the restaurant and bring her parents with her!

It seems that Rong Shu told President Fu about the meeting with her, and then President Fu also guessed something.

If that's the case, then she really can't stay.

Although she didn't like it, she had to accept it at the moment. If Rong Shu didn't leave, she could only leave.

And she didn't dare to go against Fu Jingting's words, otherwise Fu Jingting would definitely trouble her.

Taking a deep breath, Gu Manqing quickly replied a message, put away her phone, turned and walked towards the dining table.

You smoke

As she walked, she thought about what excuse she should use to take her parents away.

After all, they have only been here for a long time, and there are still many dishes on the table that have not been eaten. If there is no special reason, parents will definitely not leave.

You have to think of a reason that is reasonable and will not be suspected.

Just such a reason, obviously not so easy to find.

Just when Gu Manqing was getting more and more irritable, Mrs. Gu suddenly said, "Manqing, what's wrong with you? Why is your face so pale all of a sudden?"

"I don't"

Gu Manqing raised her head, just as she was about to answer that it was okay, she suddenly thought of something, the eyes flashed brightly.

Yes, looking pale, isn't that a very good excuse?

Thinking about it, Gu Manqing tickled the corner of her mouth, but she was afraid of being discovered, so she quickly calmed down again, and then her face suddenly changed, and she grabbed her hand on her heart, looking extremely uncomfortable.

Seeing this, Gu Yaotian and his wife were both frightened and stood up.

"Manqing, what's the matter with you?" Mrs. Gu hurriedly walked around the dining table and came to Gu Manqing's side.

Although Gu Yaotian didn't speak, the nervousness on his face did not hide at all.

Seeing that they were really worried, Gu Manqing's eyes flashed, knowing that her plan was half successful.

But that's not enough, another fire is needed.

Thinking of this, Gu Manqing pretended to be more uncomfortable and shouted out, and her body gradually squatted on the ground, as if some illness had occurred, even if it was going to die.

In this way, it really frightened Gu Yaotian and his wife, and frightened Gu Yaotian and his wife.

“Manqing, what’s wrong with you?” Madam Gu was about to cry.

Gu Yaotian even hugged Gu Manqing from the ground, and hurriedly asked, “Yeah Manqing, hurry up, why are you uncomfortable? Don’t scare us.”

“Dad” Gu Manqing clutched at his heart, panting violently, staring at Gu Yaotian with wide eyes, his mouth trembling, and weakly replied, “I am so uncomfortable, I”

came to an abrupt end.

I saw Gu Manqing ‘dizzy’ leaning against Gu Yaotian’s arms.

Gu Yaotian shook her, but she didn’t see any reaction.

This scared Gu Yaotian so much that his soul flew out, “Man Qing!”

“Husband, hurry up, let’s take Man Qing to the hospital.” Mrs. Gu’s eyes were red with worry, and she hurriedly reminded.

Only then did Gu Yaotian regain some sense, and nodded again and again, “Yes, the hospital, go to the hospital, let’s go, let’s go quickly.” After the

words were finished, the two hugged Gu Manqing and walked quickly to the door of the box.

In the corridor, Fu Jingting was still leaning against the wall beside the box door, smoking a cigarette.

This cigarette, he has almost finished smoking, but he has not extinguished it and returned to the box, but has been staring at a box opposite, as if waiting for something.

Just now Gu Manqing replied to his news, saying that the Gu family and his wife would be taken away soon.

He has to see how long it will take her to do it.

Fu Jingting took a breath of smoke, put the cigarette on the ashtray above the smoking box next to him, lightly lit the cigarette rod with his finger, and the ash fell off naturally and fell into the ashtray.

Then, there was a movement from a box opposite.

Fu Jingting originally planned to take another puff of cigarette, but after hearing this noise, he suddenly changed his mind and directly pressed the cigarette butt into the ashtray to extinguish the cigarette.

As soon as it was extinguished, he threw the cigarette butt into the ashtray, and the door of a box diagonally opposite opened, and a couple familiar to Fu Jingting hugged a person and hurried out from inside.

Fu Jingting recognized at a glance that the couple were Gu Yaotian and Mrs. Gu.

As for the person in Gu Yaotian's arms.

Although Fu Jingting couldn't see his face, he knew it was Gu Manqing.

Looking at the anxious appearance of Gu Yaotian and his wife, Gu Manqing was still held out by Gu Yaotian, it seemed that Gu Manqing had an 'emergency emergency'.

Of course, Fu Jingting knew that this must be Gu Manqing's pretense, an excuse that Gu Manqing came up with specially to let Gu Yaotian and his wife leave here.

Otherwise, how could it be so coincidental, he told her to leave a second ago, and she fell ill a second later?

Fu Jingting looked at the direction where the three of the Gu family were leaving, and his thin lips drew a cool arc.

All the attention of the Gu family and the couple was on Gu Manqing, so they didn't notice his existence, so they went straight to the stairs after they came out.

But that's fine, if Gu Yaotian and his wife saw him and confronted him, it would be bad to lead Xiaoye out.

Fu Jingting took a last look at the stairway where the three of the Gu family disappeared, withdrew his gaze lightly, and turned back to the box.

Rong Shu heard the footsteps behind her, looked back, and said with a smile, "You're back?"

"Well." The coldness between Fu Jingting's brows faded, replaced by tenderness in his eyes.

Rong Shu patted his chair, "You've been here for a long time."

"When I came back, I watched a scene." Fu Jingting sat down and replied.

"Watching a play?" Rong Shu was stunned at first, then became interested, and was about to ask him what play he was watching, when he smelled the faint smell of smoke coming from him.

Yes, the smell of smoke.

This kind of smoke is not like ordinary cigarettes, the smoke is particularly strong and unpleasant.

On the contrary, it has a faint scent, which is quite nice.

Because this kind of cigarette is specially made, if you hadn't smelled it, most people would not know that it actually smelled like cigarettes, and they might even think that it smelled like perfume.

And she happened to smell this kind of cigarette smell from him, so she suddenly smelled that he was smoking.

And she also knew that he had the habit of smoking, but he was not addicted to smoking, so she didn't see him smoking very often. Over time, she almost forgot that he still smokes.

Now she suddenly smelled the cigarette smell coming from him, which reminded her that the dog man was still a smoker.

In an instant, Rong Shu's expression turned bad. She stared at the man, and said in a strong tone, "Have you smoked?"

Seeing this, Fu Jingting secretly thought that she was not good. She seemed to be a little dissatisfied with his smoking.

Fu Jingting subconsciously wanted to say that he didn't smoke, but he understood that there was no point in lying, and the smell on his body couldn't deceive anyone.

Saying that the remaining cigarettes are still in his pocket, if he is going to lie, she must be able to take out the remaining cigarettes from his pocket immediately.

By then, the atmosphere may be more serious.

So it's better to admit it from the beginning.

Thinking about it, Fu Jingting coughed lightly, and replied in a guilty voice, "Suck it."

"Sure enough." Rong Shu frowned, her expression even worse.

Fu Jingting glanced at her secretly, "You don't like me smoking?"

"Of course you don't." Rong Shu pursed her red lips and looked at him, "Who likes someone who cares about smoking? You don't know that smoking damages the body?"

"Yes." Fu Jingting nodded.

Rong Shu's eyes widened, and the volume was raised, "I know you're still smoking?"

Fu Jingting touched the bridge of his nose and didn't answer.

He knew in his heart that if he answered at this time, he would undoubtedly add fuel to the fire.

Rong Shu looked at the man coldly, "I knew you smoked before, but we didn't get back together at that time, so you smoke, how much you smoke, even if you smoke, I don't care about you, after all, you are not mine, but now It's not the same. When we are together, I have to be responsible for your body and your health, so I absolutely don't allow you to smoke, and I see that you haven't smoked for a long time, and I thought you had quit smoking long ago. Thinking about it, I think too much."

Ah, I haven't quit smoking at all, on the contrary, I'm afraid I still smoke often.

It's just that he didn't let her see it, so she thought he quit.

Only now did she know that she was a pure and big grievance.

Fu Jingting looked at the woman's sullen face and touched the tip of his nose with a guilty conscience.

He never expected that just smoking a cigarette would cause such great dissatisfaction from the woman.

Now, he also regrets smoking that cigarette.

"Sorry, I won't smoke anymore, I must quit smoking, don't get angry, okay?" Fu Jingting took Rong Shu's hand and said very seriously.

Rong Shu squinted at him, "Really?"

"Really." Fu Jingting raised three fingers, "I can swear."

He looked serious.

Rong Shu pursed her red lips, "What's the use of swearing? Will the swearing come true?"

That can't be!

Fu Jingting replied silently in his heart, realizing in his heart that swearing is not very reliable, and it is not very trustworthy, after a few seconds of silence, he looked at her and asked, "Then tell me, what should I do? Are you willing to believe me?"

"Who knows?" Rong Shu replied indifferently, "Even if I believe you now, who knows if you will smoke when I can't see it, if you say no, neither do I. I know it's true."

This is true.

Fu Jingting was silent again.

Then he reached into his pocket and dug it out, took out the cigarette and the expensive lighter, and put them on the table in front of Rong Shu.

Rong Shu looked at the cigarettes on the table, and then at the man beside her, "What do you mean?"

"I'll leave it to you." Fu Jingting said sincerely.

Afterwards, he took her hand and held it carefully in his palm, "What I said is true, I will really stop smoking in the future, I will definitely do what I say, and I will not do anything to disappoint you, so give Can I have a chance?"

He said very seriously.

Seriously, Rong Shu didn't agree with him anymore.

Rong Shu squeezed the corners of her mouth and finally sighed, "Well, seeing how sincere you are saying, if I don't believe you and don't give you a chance, I'll look vicious."

"No." Fu Jingting frowned, "You are with me. In my heart, I will always be a kind little fairy." These

words made Rong Shu laugh, "It's still a little fairy, you are slick!"

Fu Jingting chuckled, "I will only do this to you."

Rong Shu glared at him.

She believed it.

“Okay, since you said you will quit smoking in the future, I’ll put these away for you.” Rong Shu stretched out her hand, forcibly scraped the cigarettes and lighters on the table, and put them in her bag.

When she let it go, she didn’t forget to look at the expression of the man beside her, wanting to see if the man would be reluctant.

Fortunately, the man’s expression was very calm throughout the whole process, and he did not show any reluctance to her actions.

This made Rong Shu take a high look at the man.

After putting the bag back on the chair next to her, Rong Shu looked at the man with a half-smile, “I thought you would be reluctant to give it up.”

Fu Jingting ate the food calmly, “There is nothing to give up, I have no craving for cigarettes . , I rarely smoke, I only smoke one occasionally, otherwise how could you find out that I’m still smoking now?”

Rong Shu had nothing to say.

Indeed, if he was a big smoker, she would have discovered that he was smoking often.

“I just didn’t expect that you would be so disgusted with my smoking.” Fu Jingting brought her some food and said again.

Rong Shu ate the vegetables to save face, and also told her that she was no longer angry with his smoking behavior.

“I’m disgusted because I care about you and your body. If you weren’t my lover, I wouldn’t be bothered to care about you.” Having said this, Rong Shu rolled her eyes at the man.

Fu Jingting nodded seriously, “Well, I won’t in the future, don’t worry, I will always maintain a good body, I won’t make you suffer, I will only make you happy all the time.” In the

last words, he was close to her In his ear, he lowered his voice and said in a seductive and sultry voice.

Rong Shu only felt itchy around her ears, she moved to the side a little, her face blushed, she glared at the man angrily.

This dog man, what are you talking about?

She cares about his body, and she hopes that he will be free from illness and disaster, not to keep him with that weird physical strength, and what else to do with her.

This dog man just likes to interrupt on these things.

“Go, be serious.” Rong Shu pushed the man away angrily.

The man laughed lowly, but went back obediently.

Rong Shu ruffled her hair from her ear, took a sip of water, and finally calmed down, and then she retracted the topic, “Say, it’s good, why are you smoking? Or, you just went to the bathroom, just Specially to smoke?”

“No.” Fu Jingting shook his head, “I only smoked because I was bored while watching a movie.”

“It’s actually related to your movie?” Rong Shu was surprised, “What movie is it? This person who never cared about this kind of thing, never watched the fun, actually stopped and watched the fun while smoking.”

This made her quite curious.

“It’s a Gu family drama.” Fu Jingting said while drinking red wine.

Rong Shu blinked, “Gu’s family?”

“Well.” Fu Jingting nodded, “What do you think is worth my time to watch the show?”

“That’s true.” Rong Shu nodded, “What happened to the Gu family?”

“Gu Manqing had an emergency and was taken away by Gu Yaotian and his wife.

“A sudden emergency? Rong Shu was really surprised now, her voice was raised, “How is this possible, when I saw her in the bathroom before, she was fine, but she didn’t seem to be sick. “

” That’s why it’s called a sudden. “Fu Jingting lowered his eyes and looked back.

Rong Shu pouted, “Then she is really unlucky, she suddenly fell ill, how is it? “

“In a coma.” “Fu Jingting rubbed the wine glass.

Rong Shu held his head, “That’s quite serious, you say, could it be hereditary? “

She looked at the man. The

man was stunned for a moment, "What inheritance? "

" Genetic disease ah . Rong Shu shrugged, "Didn't Gu Yaotian have kidney failure? Kidney failure is usually hereditary. You said that Gu Manqing's sudden illness was also due to her inheritance of Gu Yaotian's kidney failure, right? "

As soon as these words came out, Fu Jingting's face changed suddenly.

He never thought that kidney failure is also a genetic disease!

Indeed, if someone in a family has this disease, the descendants are very likely to suffer from the same disease.

Gu Yaotian has kidney failure, but will Xiaoye also have it?

After all, Xiaoye is Gu Yaotian's biological daughter!

Thinking about it, Fu Jingting stared at Rong Shu, his thin lips almost pursed into a straight line, and his face was tight. Her eyes were even more scary and scarlet.

Rong Shu was frightened by his appearance, her red lips opened, and she asked in a sigh, "What's the matter? You look at me like this, and it makes me a little flustered. "

"Little Leaf, how about we find time to go to the hospital for a comprehensive physical examination?" "Fu Jingting took her hand and said.

Rong Shu was surprised, "Comprehensive physical examination? "

"Well." Fu Jingting nodded.

Rong Shu tilted her head and said she didn't understand, "It's good, what are you doing for a medical examination? Aren't we talking about Gu Manqing? Why did it suddenly get involved with me?"

Fu Jingting couldn't tell her, because she was Gu Yaotian 's daughter, so he was worried that she would also inherit Gu Yaotian's kidney failure.

I can only find a random reason to explain, "Because I saw Gu Manqing's sudden illness, it made me realize that the human body is very fragile, one second may look fine, but the next second suddenly collapses. , so I want you to go for a medical examination, so that I can rest assured."

It's really a genetic disease

He must know whether she has inherited Gu Yaotian's kidney failure.

If there is, if it is discovered early, maybe it can be cured.

After all, Gu Yaotian has a special physique and has not yet found the source of the kidney.

What if she also inherited Gu Yaotian's special system?

Fu Jingting didn't dare to gamble, so the only thing he can do now is to find out and prevent it early.

Rong Shu didn't know what the man was nervous and anxious about, looking at his serious expression, she couldn't help laughing, "Although sometimes, there will be sudden illnesses, but I definitely won't, don't forget, I'm still taking health care. As for the medicine, before every prescription, Lin Tianchen would simply check my physical condition. He never said anything wrong with my body, which means that I am in good health and nothing like Gu Manqing will happen. , Gu Manqing will have a sudden illness, either because of her inheritance of Gu Yaotian, or because of the suffering she suffered as a child, which left her body with sequelae, and I have neither of these two situations, so I will definitely be fine, don't worry."

She shot Patting the man's tense shoulders, signaling the man to relax, don't worry too much.

But she didn't know that even if she said so, the man still couldn't let go of his heart, and he still couldn't help worrying.

Because she is Gu Yaotian's daughter.

"You also said that Lin Tianchen just gave you a simple inspection, not a comprehensive inspection, so if there is any situation, he can't find it, it is better to do a comprehensive inspection." Fu Jingting looked at Rong Shu and said .

Rong Shu frowned, "How do I feel, you seem to have decided that something must be wrong with me, don't you really think that I must be ill?"

She leaned slightly towards him . Turning to the side, his eyes were fixed on the man, as if to see something from the man's face.

But the man concealed it so well that he didn't show the same look on his face.

So Rong Shu watched for a while, but still didn't see anything.

"How could I possibly think that you are sick." Fu Jingting put down the wine glass and held her hand, "I hope you are healthy more than anyone else. I really just saw Gu Manqing's situation, and I'm worried that you will be the same. Gu Manqing really scared me this time." Fu Jingting lowered his eyes and said in an inaudible voice.

He was really frightened.

But not because of her affection, but because of her words.

If it wasn't for her just suddenly talking about hereditary diseases, he really wouldn't realize that she might also be inherited.

Rong Shu stared at the man for a while, then smiled suddenly, "This scares you, why don't I know, when did you get so timid? It's not like you."

"Because I'm worried about you." Fu Jingting touched her face gently, looking into his eyes with a look that she couldn't read.

Rong Shu was silent for a while, and then spoke again, "Isn't it true that you must let me do a full physical examination, so you can rest assured?"

She believed that he asked her to do a full physical examination. I was also worried that the same thing as Gu Manqing would happen to her.

But for some reason, she felt something was wrong in her heart.

It seems that he did this not only for this reason, but also for other reasons.

However, she couldn't tell from the man's face if it was what she thought.

After all, there is only worry about her on the man's face, and nothing else is wrong.

That's all, maybe he thinks too much, he really just cares about her body.

Just like she was worried that his smoking was bad for his health.

Thinking about it, Rong Shu felt relieved and smiled at the man again, "If you really can't let it go because of this, then let's go."

Hearing that the woman finally let go and was willing to do a comprehensive medical examination, Fu Jingting nodded and smiled, "All right, I'll go tomorrow morning."

If he doesn't know her physical condition as soon as possible, he won't be relieved.

Seeing the man's anxious appearance, Rong Shu could not laugh or cry, but his heart was warm.

After her parents passed away, there were few people in this world who would care about her.

The Lu family counted three, plus grandmother, Xiaochuan, and grandfather, there were six.

But these six people have their own families, their own lives, and their own busy schedules. It is impossible to keep an eye on her all the time. In many cases, it is normal to not contact her for ten days and a half months.

Therefore, compared to them, Fu Jingting's care, who has always been guarding her side, was what moved and warmed her the most.

Thinking about it, Rong Shu suddenly hugged the man's waist and curled herself into the man's arms.

The man was stunned for a while, then reacted, hugged her back with a smile, and patted her on the back softly, "What's wrong? Why did you suddenly act coquettishly?"

"I didn't act like a spoiled child." Rong Shu hummed in the man's arms, her eyes were closed, but the corners of her lips were hooked, "I'm just thanking you."

"Thank me?" Fu Jingting raised his eyebrows, "Thank me for what?"

"Thank you I care so much." Rong Shu's head rubbed against his chest, "except you, no one should be so considerate for me, right?"

Fu Jingting's eyebrows softened, "I am your man, I will do it for you. These are the things that should be, just like you were concerned about me and worried about my body, I am in the same mood, so you don't have to thank me, well, I haven't eaten much yet, eat more."

After speaking, Fu Jingting put her Gently pushed away from his arms.

This is the first time for him to take the initiative to end the hug with her.

You must know that this man is a master who won't let go when he takes advantage.

She took the initiative to get close to him, and he would never let her go easily.

But now, it's amazing.

Rong Shu smiled and picked up the chopsticks to continue eating.

But Fu Jingting had no appetite, and kept lighting on his mobile phone.

When Rong Shu asked him, he said he was replying to Assistant Zhang's business.

Seeing his dignified expression and his very serious look, Rong Shu didn't doubt his words, and ate his meal quietly, not to disturb him and Assistant Zhang to discuss business affairs.

Although it was strange why he didn't use the phone to talk to the other party, it was also possible that Assistant Zhang was busy and it was inconvenient to talk.

Seeing that Rong Shu's attention had completely turned away, Fu Jingting breathed a sigh of relief and checked the content on his phone with confidence.

Just now, he was contacting Lin Tianchen to ask Lin Tianchen about Gu Yaotian's kidney failure, especially the genetic history.

Seeing Lin Tianchen's reply, Fu Jingting's thin lips instantly pursed into a straight line, his heart sank, and the hand holding the mobile phone clenched suddenly, as if to burst the mobile phone, even the breath of the whole body, were suppressed a lot.

Lin Tianchen said that Gu Yaotian's kidney failure is indeed inherited in the family, and the heritability is quite high. Every three generations, almost one person inherits kidney failure.

The last one was Gu Yaotian's great-grandfather.

And this is what Gu Yaotian discovered when he went home to check the information after he was diagnosed with renal failure for the first time, and reported it to Lin Tianchen Hospital.

Sure enough, it is a family hereditary renal failure, not the kind of renal failure that occurs by chance.

Fu Jingting gritted his back teeth and was quite angry.

Unexpectedly, the Gu family actually has this kind of genetic disease!

This Time, I Will Get My Divorce Chapter 979

Fu Jingting Wins the Prize

When Gu Yaotian suffered from kidney failure, he only thought that it was because of bad luck and he was just caught by the disease. He didn't think about the genetic history at all.

It's really dangerous to think about now.

But fortunately, it should be too late.

Fu Jingting rubbed his brows and typed a reply, now he knows, is there any news about Gu Yaotian's kidney source?

He asked Lin Tianchen.

Although Lin Tianchen did not treat Gu Yaotian, he was indeed a senior executive of the hospital. It was very simple to know the condition of a patient.

Seeing Fu Jingting's question, he tapped his fingers on the keyboard a few times, and he immediately got the answer.

No!

He replied.

Seeing this answer, Fu Jingting's expression did not change much, and he was not surprised.

Because he already has the answer, the reason why he is asking is just to confirm.

Fu Jingting glanced at the woman beside him who was eating seriously. Seeing that the woman's attention was still not on him, he typed again and asked that between the three generations you said, there must be one inherited, which means every three generations, Will there be a genetic patient?

If so, then he should be a little more at ease.

After all, Gu Yaotian is a genetic patient of this generation, so Rong Shu should not be inherited.

However, Lin Tianchen, who saw Fu Jingting's question, smiled directly, his eyes behind the lens rolled his eyes, and said in his voice, "How is it possible, there is no genetic rule for such a genetic disease, if it is so punctual Only three generations will have a genetic patient, then the family of this genetic patient should laugh, this is just a random thing, some families with a history of genetic diseases may have a genetic patient in each generation, or it may be several years, more than a dozen generations There will be later, in short, this is not something that can pinpoint when there will be a genetic patient."

Fu Jingting converted the voice into text, and looked at Lin Tianchen's statement, and his heart that was a little relieved at first sank to the bottom again.

It's not that there is a genetic patient every three generations, it just happens that the Gu family has a genetic patient named Gu Yaotian after three generations.

Therefore, the possibility of Rong Shu being inherited is still very high.

Fu Jingting clenched his fists and stopped asking.

On the other hand, Lin Tianchen was somewhat curious, and asked, "Why are you concerned about the genetic medical history of the Gu family?"

Fu Jingting looked at his question, pursed his thin lips, and Little Leaf is Gu Yaotian's daughter, have you forgotten?

He also told Lin Tianchen about this.

Lin Tianchen looked at Fu Jingting's reply, his pupils shrank, the affectionate feelings that had been sluggish and lazy suddenly became serious and dignified.

Even the body that was leaning on the back of the chair and crooked, suddenly sat up straight now.

Obviously, Fu Jingting's words gave him a lot of shock.

Yes, he knew that Gu Yaotian was Rong Shu's biological father.

Unexpectedly, Rong Shu was very likely to inherit Gu Yaotian's kidney failure, because he was still a doctor.

Lin Tianchen pushed his glasses and said in a heavy tone, "If you have time, bring Rong Shu to the hospital, and I will personally be in charge of her comprehensive physical examination."

Seeing this, Fu Jingting's frowning brows slightly stretched, and his slender fingers moved. That's what I mean, I'll bring her over tomorrow, she still doesn't know Gu Yaotian's relationship with her, I lied to her and said I wanted her to have a full physical examination, because I didn't want her to suddenly collapse one day, don't you tomorrow It's revealing.

Lin Tianchen snorted disdainfully, "You don't need to say more, it's alright, don't say anymore, I'm going to the nephrology department to take a look at Gu Yaotian's medical records in detail, just in case."

Fu Jingting replied with a umm, I put the phone down, but I couldn't put it down, it was heavy.

Seeing this, Rong Shu turned her head and looked over, "Have you finished talking with Assistant Zhang?"

"It's over." Fu Jingting panicked without changing his face.

Rong Shu never doubted him from the beginning, and now it is naturally impossible to see that he was lying. After hearing him say that he was done talking, he nodded and didn't ask anything. He just added a little dish and put it on his plate, "Okay. Now, since we're done talking, let's eat too, you didn't eat anything just now."

Listening to the woman's concern, Fu Jingting pursed his lips and replied softly, "Okay."

After eating, Rong Shu went back again. After going to the bathroom, he and Fu Jingting were ready to go home.

It was already past nine o'clock in the evening. After returning, it was estimated that it was almost eleven o'clock. After a busy day, she was also a little tired.

Rong Shu stood outside the door of the restaurant, watching the cars on the opposite road while waiting for Fu Jingting to check out.

After waiting for a few minutes, Fu Jingting came out with a strange piece of paper, and his expression was a little ok, a little dumb, and a little unbelievable.

It was the first time that Rong Shu saw such a complex expression of a man. She thought something was wrong, and quickly asked, "Jing Ting, what's the matter?"

Fu Jingting stretched out his hand and handed her the colorful paper in his hand, "I won the lottery. "

What?" Rong Shu was stunned for a moment.

Fu Jingting repeated again, "I said, I won the lottery."

Rong Shu's mouth twitched, "Winning the lottery?"

"Well." Fu Jingting nodded, motioning her to look at the things in her hand.

Only then did Rong Shu look down at the paper he came over, and reached out to take a closer look, and finally found that it was actually a winning ticket for a luxury suite in a love hotel!

This

Rong Shu was stunned, looked at the lottery ticket in his hand, looked up at the man with a blank expression, and finally accepted the fact that he won the lottery.

“How did you win? Where did you win?” she asked.

Fu Jingting blinked and finally returned to his usual appearance, no longer looking so dumbfounded, and coughed lightly on his lips and replied, “It’s in the restaurant, when I checked out, the boss said that I could participate in the lottery, I tried to shake it. After a while, it turned out”

“I got hit?” Rong Shu raised her eyebrows and said.

Fu Jingting hummed, “I didn’t expect that, I’ve never won a prize, this is the first time.”

That’s why his expression just now looked a little dumb and a little unbelievable.

Because in thirty years, he had never won the lottery, so he naturally couldn’t react to this win.

Seeing that the man is still a little bit unbelievable that he has won the lottery, Rong Shu chuckled and thought it was very cute.

She can also understand a man’s mood.

After all, African chieftains have been in the field for 20 to 30 years and suddenly won the lottery, and the mood is naturally quite complicated.

“How does it feel to win the lottery?” Rong Shu deliberately clenched her fist and handed it to Fu Jingting’s chin, pretending to have a microphone for an interview.

Fu Jingting lowered his eyes and glanced at it. After chuckling lightly, he also cooperated with his usual appearance when facing reporters, and replied solemnly, “It’s very good, I’ve never felt it before.”

Rong Shu became playful. Then he continued to ask, “Then can Mr. Fu describe how good it is?”

Fu Jingting looked at the smiling woman with a hint of doting in his eyes, “I can’t describe it, but if I have to say it, it’s novelty and its other features. Wonderful.”

“Anything else

?”

Fu Jingting pretended to be thinking, “Also happy, of course if the reporter would like to spend the night with me in this hotel tonight, I would be happier.”

He said, staring at Her eyes were dark and bottomless, but there was a bewildering smile on her face that made her heart beat faster.

Strange Hotel

Rong Shu blushed, and gave the man an angry look.

Really, the dog man took the opportunity to tease her again!

Rong Shu put her hand down, the reporter couldn't play anymore.

She was afraid that if she continued to act, maybe he would say something that made people want to talk.

"I won't make trouble with you." Rong Shu snorted and was about to return the ticket to him.

Fu Jingting shook his head and didn't accept it. Instead, he looked at her and said, "How about, let me experience this so-called love hotel? This is my first time winning the lottery, so I won't give you a face?"

Rong Shu heard him say that , a little funny, "Are you really planning to go to live?"

"The first time you win the lottery, you have to cash out the prize, otherwise it's meaningless to win the lottery?" Fu Jingting said with a smile.

Rong Shu thinks it makes sense.

And she also knows this love hotel. It is very famous all over the country. There are also chain hotels in the country. Because of the various themes of hotel suites, it is very popular among couples.

Of course, she had only heard about it, but had not seen it, and now she is really interested.

Seeing the movement on the woman's face, Fu Jingting's eyes flashed darkly, knowing that there was a chance, he added more fire and said, "I'm in the presidential suite. If you really don't go, it will be a pity. 50,000."

As he spoke, he sighed with a pity.

Then Rong Shu no longer hesitated in an instant, clenched the ticket in her hand, and nodded seriously, "Go, I finally won the lottery, it's still the first prize, why not go!"

Although she is not the kind of person who likes to take advantage, but And definitely not the kind of wasteful person.

A suite of more than ten thousand yuan a night is really a waste.

Even if you don't give money yourself, it still hurts.

It is said that this is the first time that a man has won the lottery, and it is true that men should experience the fun of redeeming the award, otherwise the award will be won in vain.

Seeing that the woman agreed, Fu Jingting slightly blocked the successful smile on his lips with his hand.

Because he knew her and knew that she didn't like to waste, that's why he said that on purpose.

Sure enough, after she said it, she immediately agreed.

"It's getting late, it's still a little distance from the hotel, let's go." Fu Jingting held Rong Shu's hand.

Rong Shu snorted, and let the man pull her to the car. The pace was a little fast, and Yan Ran looked like she was rushing to the hotel, which made Rong Shu angry and funny.

About half an hour later, the hotel arrived.

Rong Shu got out of the car, stood outside the hotel gate, looked up at the hotel building, the corners of her mouth twitched, and some did not dare to step in.

How should I put it, maybe because this is a love hotel.

Therefore, the architectural style of this hotel is very romantic at first glance. The shape of the building looks like a heart shape. Most importantly, the outer layer of the building is still pink.

It's all like this on the outside, but it's probably more exaggerated inside.

In short, if there is no certain courage between lovers, it is estimated that they will not dare to step into this hotel.

It's really that the style of this hotel is too weird, especially in the square building around it, it's even more abrupt.

Rong Shu thought to herself that when she saw this hotel, she was so timid that she didn't dare to go in. It was probably the same for men.

She turned her neck slightly, stood beside her, and looked up at the man who was staring at the building as she did.

The man's thin lips were slightly pursed, his face was slightly black, and his eyes were full of words.

Obviously, the building in front of him also shocked him.

Rong Shu chuckled.

The laughter finally made the man turn his attention to her, and asked, "What are you laughing at?"

"How about this hotel, doesn't it look a little hot?" Rong Shu teased with a smile.

Fu Jingting didn't answer, but nodded silently.

Really hot eyes.

In fact, the appearance of the hotel is not ugly, but it is full of girlish hearts.

However, under the background of the surrounding office buildings full of commercial atmosphere, it is really hard to watch.

Fu Jingting rubbed his temples with some headache.

He never imagined that the destination would be like this.

It seems that, where to go in the future, it is best to know the place in advance, otherwise, this embarrassing situation will occur again after arriving.

Seeing that the man didn't speak, but just nodded, Rong Shu smiled even more, "So what do you say now? Let's go home, or continue in?"

Fu Jingting pondered for a few seconds, then suddenly gritted his teeth and squeezed out a word, "Come in!"

Rong Shu He was stunned, "Go in?"

"Well." Fu Jingting nodded.

If you don't go in, you will leave. Isn't that just escaping?

This is not in line with his Fu Jingting's character.

Knowing that he didn't even dare to enter such a place, wouldn't he be laughed at?

Rong Shu didn't know what the man was thinking. She looked at the man and the hotel building in front of her, and the corners of her mouth twitched again.

She originally thought that he would not enter the hotel where he was so ugly.

After all, with his style, it doesn't match this hotel at all.

Moreover, she couldn't imagine what he looked like when he entered this hotel, just thinking about it, let alone how scary it was.

Said that even if he ran away by chance encounter, she would not laugh at him.

After all, even she wanted to leave, let alone himself.

Unexpectedly, he actually wants to stay and even go in!

"Do you really want to go in?" Rong Shu suppressed the surprise in her heart, took a deep breath, and looked at the man to confirm it.

The man nodded nervously, "Of course, everyone is here, why don't you come in, let's go, and face it calmly." When the

words were finished, he took her and strode towards the hotel door.

Rong Shu looked at him, not knowing whether to laugh or cry.

If he didn't walk so stiffly, and the expression on his face less solemn, she would believe that he was indeed facing the hotel calmly.

But his walking posture was stiff and his face was tense, so he didn't take her into the hotel like this, but took her to the battlefield.

All in all, he is really funny.

And Rong Shu really laughed out loud.

Seriously, I'm so concerned about the appearance of this hotel, why do I force myself to go in?

He is so rich, why would he waste it because he can't help it?

Probably not.

This guy clearly just wants to feel a different kind of freshness and excitement with himself in the hotel.

And just now, she roughly searched the information of this hotel in the car. It is said on the Internet that this hotel is a paradise for couples. Every couple who come here will quickly warm up their feelings.

And this aroused her curiosity very much.

She wondered what the magic of this hotel was that could make couples unanimously praise it.

Just as Rong Shu was thinking about it, Fu Jingting had already exchanged the door card with the front desk.

When she came back to her senses, Fu Jingting was rejecting the recommendation from the front desk and took her to the elevator by himself.

Ding!

The elevator opened.

After the two entered, Rong Shu clearly heard a relieved voice coming from her ears.

Rong Shu turned her head to look at the tense face of the man beside her, and finally relaxed, covered her lips and smiled, "Is it such an exaggeration? You are nervous."

Fu Jingting squinted at her, "This is the first time I have come to this kind of place. ."

"It's like I'm not." Rong Shu said with a smile.

Fu Jingting was silent for a few seconds, and then said, "It's me who redeemed the prize at the front desk, so it's me who received the more ambiguous and ambiguous eyes from the front desk."

" " Rong Shu couldn't take it anymore.

Because it is true.
