This Time, I Will Get My Divorce Chapter 981

Two-level reversal

However, she always felt that when he said this, he had a feeling of winning or losing with her.

That's all, since he just went to the front desk to redeem the prize, she doesn't care about him.

Thinking, Rong Shu rolled her eyes at the man, "Who told you to come in? I already asked you if you want to go back, but you want to come in." As

she spoke, she looked at the environment in the elevator, her forehead slipping. The next few black lines.

Not to mention, the building outside is already pink enough.

Unexpectedly, the elevator is also pink.

When she first entered the hall, she also saw that the hall was almost all pink, so it seems that the entire building, inside and out, is almost all pink.

It is estimated that this is already the most pink building in the world, right?

Originally, pink was a girly color full of youthful dreams.

But now that so many pinks are gathered together, it's a bit flashy.

She can't take it anymore and wants to escape from here. How did the men who stayed in the hotel in the past endure so many dazzling powder?

Also, it is well received online.

Can't figure it out!

"I'm a principled man. If I promise you to come to the hotel, I won't break my promise, so this hotel is annoying and I can't leave." Fu Jingting looked at Rong Shu with a serious face.

Rong Shu held his forehead.

This dog man actually threw the pot on her head.

Obviously he proposed to come here and asked her to agree.

Why did he say this, as if she asked him to come to the hotel.

Rong Shu looked at Fu Jingting with contempt.

Fu Jingting naturally saw it, and knowing why she looked at him like this, he felt a little embarrassed, coughed lightly, and turned his head to the other side.

That way, it's a sign of a guilty conscience.

In fact, he didn't leave because of what Cheng Huai said at the beginning.

That guy Cheng Huai was a playboy before and brought his girlfriend here.

Once Cheng Huai asked him to drink, he went, and halfway through the drink, Cheng Huai started chatting with him in a wild way, and one of them talked about this hotel, saying that the hotel experience is very good, and the equipment inside is very exciting. Good news for couples.

At that time, he was disgusted and disgusted by what Cheng Huai said, and he didn't listen to it too much, and he didn't even think about coming to such a place.

But now it's different. He has Xiaoye Ye, and he won this prize. Suddenly, he remembered what Cheng Huai said at the time, and then he had the urge to experience it with Xiao Ye Ye. Is there any Cheng Huai? So exciting.

If it weren't for this, when he saw the strange shape of the hotel, he turned his head and left.

After all, that kind of building, and the color of this pink's dazzling eyes, are really impacting his endurance every minute and every second.

So, I hope this hotel really does what Cheng Huai said and won't disappoint him.

Otherwise, he bought the hotel the next day and renovated it from a love hotel to a business hotel!

"It's here!" Fu Jingting reminded him when he saw that the elevator had stopped.

Rong Shu didn't know which floor their room was on. She didn't ask, and the man didn't say anything.

So of course, it is the man who arrives when he says it.

Fu Jingting took Rong Shu's hand out of the elevator, and as soon as he walked out, Rong Shu was stunned by the scene outside.

She originally thought that the building of the hotel, as well as the exaggerated pink decoration in the lobby and elevator, was enough to challenge people's retinas.

Unexpectedly, the corridor of this presidential suite is more exaggerated and exaggerated, and it is more eye-catching than the hall.

The heart patterns, the couple dolls, can be seen every one meter, and they are not the same.

Rong Shu's mouth twitched violently.

Fu Jingting's face was even more expressionless, but in fact his breathing became rapid.

God, what is this all about?

"Let's go, maybe it'll be fine when we get to the room." Rong Shu half covered her eyes, not wanting to see the exaggerated corridor decoration.

She was wondering whether it was the owner of this hotel who was not good at aesthetics, or the designer who was hired.

What the hell did you think, to put the hotel like this?

For a love hotel, it is enough to have some decorations on the theme of lovers.

But unfortunately, the hotel owner, or the designer, can't wait to put all the related things that represent couples in this world into a head-to-head decoration.

And then the result of the now exaggerated, messy and unbeautiful decoration.

In short, such a hot-eyed decoration, the business is not bad!

It's really baffling.

"Will the room be better?" Listening to the woman's self-comforting phone call, Fu Jingting pursed his thin lips, and then pointed to the corridor, "This is not enough to explain that the room will be more irritating?"

"Rong Shu was silent again, took a few seconds to speak, "I just said it casually, I lied to myself, so that I can feel better."

After all, she never asked extravagantly for the decoration of the room to be better.

Fu Jingting rubbed his brows, "Okay, let's not talk, let's go and have a look first."

"Well." Rong Shu nodded.

The two quickly came to the door of the suite.

The door is also pink.

Rong Shu just didn't look away, leaving the man alone to face it.

Anyway, the room card is in his hand.

The man looked at the woman's movements, where he didn't know her thoughts, and smiled helplessly.

This little heartless.

While Fu Jingting said something to Rong Shu in his heart, he took out the door card and opened the door.

With a beep, the door opened.

As soon as a small gap was opened, Rong Shu smelled a refreshing fragrance emanating from the room.

The smell was surprisingly good, and she couldn't help but turn her head back and smell it a few more times.

"It smells so good." Rong Shu smelled the fragrance and said with slightly bright eyes.

Fu Jingting nodded, "It's very fragrant."

He, a person who is not very sensitive to fragrance, thinks that this fragrance is very desirable, and he smells it without any discomfort.

This is the first time that he has been in this hotel for so long, and he has felt a good impression for the first time.

Rong Shu couldn't help but smell it a few more times, "I originally thought that the decoration of this hotel was so exaggerated, but I thought that even if there was perfume, the fragrance must be very strong, so strong that it smelled boring, but now it is It's beyond my expectations."

"It's a little surprising." Fu Jingting said with a hum.

Rong Shu smiled, "I suddenly have some expectations for the room, maybe it's really not as bad as we thought."

"Then let's see," Fu Jingting squeezed her hand lightly, then put the other Put one hand on the door and push it hard.

The door opened, and the lights in the room turned on automatically.

At that moment, Rong Shu felt as if she was in the universe.

She stood at the door, looked at everything in the room, and exclaimed.

Even Fu Jingting had a flash of surprise in his eyes.

Just because the decoration of the room is really different from the corridor outside.

The decoration of the corridors and halls outside is not something normal people can imagine, but the decoration in the room is completely the highest level of an interior designer.

This is a presidential suite with a starry universe theme. There are various planetary patterns on the walls, and the blue, purple, and black atmosphere lights above the head that represent the mysterious colors of the universe are illuminated, as if they really came to the universe.

And even the bed in the room is round, with various starry sky patterns hanging on it, which is extremely beautiful.

"It's so beautiful." Rong Shu's eyes were filled with the beauty of the room, she took out her hand from the man's hand, and walked into the room in surprise.

Fu Jingting closed the door and followed him, nodding in satisfaction as he walked.

Design the most beautiful wedding dress

Really good.

Rao is a person with such high vision, and he has to admit that the layout of the room is beautiful.

This, on the other hand, completely changed his view of this hotel.

It turns out that the unbearable decorations outside are for the purpose of serving as a control group for these rooms.

No wonder the exterior is decorated like that, this hotel is still rave reviews and not bankrupt.

The decoration of the control group is a very good marketing method.

“Like it?” Fu Jingting came behind Rong Shu, put his arms around her waist, put his chin on his shoulder, and asked softly.

Rong Shu nodded, “I like it, it’s very beautiful. It’s the first time I’ve seen such a dormitory. It’s beautiful.”

“Then how about our wedding room be similar?” Fu Jingting looked sideways slightly. she.

Rong Shu also turned her face around, just in time to meet the man’s deep eyes like an ancient well, with a blush on her face, “I haven’t even said a word about marriage, you have even thought about how to arrange the wedding room. “

You can prepare earlier.” Fu Jingting said.

It reminded him.

Some things really should be ready.

Thinking about it, Fu Jingting loosened Rong Shu’s slender waist and looked left and right, as if he was looking for something.

Rong Shu asked suspiciously.

The man lightly opened his thin lips and replied, “The bathroom.”

“It’s over there.” Rong Shu also looked at it, and finally pointed in one direction.

Fu Jingting raised his chin, confirmed that it was in that direction, and walked over there.

Rong Shu didn’t go to see him. After he entered the bathroom, he started walking around the room by himself, looking at every corner of the room, the more he looked, the more he liked it.

The decoration and arrangement in the room did not have any couple elements, not even roses.

But she just liked it inexplicably.

This is probably the cleverness of the hotel owner. There is no couple element in the room, and other styles are used to dress up, which can arouse the love of couples.

After all, there are many love hotels, and there are also many rooms decorated with couple elements, but in the name of a love hotel, other elements are used to decorate the rooms. With such a sense of contrast, this hotel has become the most curious and the most interesting among all love hotels. Do people feel the most beautiful cub in the fresh?

This boss is really not easy.

As Rong Shu walked, she tutted her tongue in admiration.

In the bathroom, Fu Jingting leaned in front of the washbasin, pressed the phone twice, and put it to his ear.

The call was quickly connected, and a familiar female voice came, "Mr. Fu, I'm so flattered that you have time to contact me without spending a good night with Miss Rong so late." On

the other end of the phone, the woman who spoke She covered her lips and smiled.

Fu Jingting raised his eyelids lightly, "Of course I will have a good night with my lover, but it's still early. We have a long night, so don't worry, so let's get down to business now, Sophia."

"Okay, Mr. Fu . , what are you looking for, tell me, but don't talk too long, Miss Rong is still waiting for you." Sophia smiled again.

Fu Jingting pursed his thin lips, "You don't need to remind me, I won't talk to a woman other than my lover for more than three minutes."

"Haha, Mr. Fu is really a good man." Sophia teased.

Fu Jingting raised his eyebrows, "Okay, don't make trouble, Sophia, I remember you have a wedding dress design license, right?"

"Of course, I majored in both wedding dress design and costume design." Sophia raised her proudly. Bar.

Wedding dress design, although it is also a category of clothing design, requires a separate designer certificate.

That's why, those who design wedding dresses are directly called wedding dress designers.

And other designers, whether designing dresses or designing ordinary clothes, are collectively referred to as fashion designers.

For this reason, wedding dress designers often consider themselves to be first-class fashion designers, and hardly make friends with fashion designers, so that two circles of wedding design circle and clothing design circle have been formed, making the two circles look at each other. dislike; despise.

Of course, she is an exception, the kind that jumps in two circles repeatedly.

However, rather than designing wedding dresses, she designs dresses and ordinary clothes more.

"Mr. Fu, you suddenly asked me this, is it possible that you want me to help you and Miss Rong design wedding dresses?" Sophia immediately guessed the purpose of Fu Jingting's call.

Fu Jingting was not hypocritical, and nodded generously to admit, "Yes, I want you to design the most beautiful wedding dress, I want my lover to be the most beautiful bride in the world, and give her the grandest wedding."

They got married for the first time . , he was still under hypnosis, he didn't know that she was the one he really loved, and even misunderstood that she was asking him to marry him, so he hated her very much. Simple, not even invited a few guests, the wedding dress she wears is also an ordinary item bought in a bridal shop.

Thinking about it now, the regret in his heart is naturally self-evident.

So now he wants to make amends, he wants to give her the best of everything in the world.

Hearing Fu Jingting's words, Sophia felt deeply excited and excited about Fu Jingting's behavior, her hands shaking while holding the phone, "Oh my God, Mr. Fu, you are really the best man in the world, I If you are 20 years younger, you will definitely be convinced by your charm. You are more perfect and fascinating than all the men I have ever met."

Fu Jingting did not feel complacent because of her praise. It's just a black line, "Okay, do you agree to this matter?"

“Yes, of course!” Sophia hurriedly pledged, “You said, you want me to design the most beautiful dress, although the task is very difficult, but I think I will be able to do it, I also want to see the most beautiful dress in the world. The dress was born from my hands, and I wanted to see the most beautiful bride in the world, so I took this task.”

“Very good.” Fu Jingting curled his lips, satisfied.

Sophia took a breath, suppressed the excitement in her heart and asked, “It’s just time.”

“Don’t worry, within two years.” Fu Jingting thought about it and gave a deadline.

Although, he did want to remarry Rong Shu earlier.

But Rong Shu said that she would not consider remarriage until she had revenge.

And revenge, maybe it will be finished soon, maybe it won’t be long before the Gu family collapses?

But when Gu Yaotian will die is uncertain.

As long as Gu Yaotian is not dead, Rong Shu’s identity has always been a time bomb and bomb, and there is a danger that it may be exposed at any time.

Therefore, he also hoped that their wedding would be held after Gu Yaotian’s death, at least at that time, they would not have to worry about other unforeseen events.

In addition, there is another Gu Manyin, this potential danger!

Thinking of Gu Manyin, Fu Jingting’s eyes were filled with murderous intent.

That woman is a lunatic. Every time she makes a move, she goes for Xiao Ye Ye’s life, and even wants to take his life.

Therefore, once this woman Gu Manyin is found, it is absolutely impossible for him to let her live.

Gu Manyin is not Gu Yaotian, although Gu Yaotian doesn’t want him to live, but Gu Yaotian is Rong Shu’s biological father, he can’t kill Gu Yaotian, he can only die.

But Gu Manyin didn’t have to worry about it anymore, she was just an adopted daughter who was adopted by the Gu family, and she died when she died.

However, where Gu Manyin is now is a mystery after all.

From that time, after escaping to death, it completely disappeared without a trace, without the slightest trace.

Even if Lin Tianchen revealed a clue to find Gu Manyin later, he asked people to look for it based on this clue, but he couldn't find it.

This made him feel a sense of frustration in addition to anger and irritability.

He was wondering whether Gu Manyin could hide or hide by himself, or whether someone helped him hide, but he couldn't find anyone.

But no matter what kind it is, it can be seen that Gu Manyin really underestimated this woman from the beginning.

So, he left himself two years.

After all, the relationship between grandpa and the country is a revolution, and it is a result of merit.

If you use your grandfather's friendship with the country to find a woman, you will only embarrass your grandfather.

Many people say that his Fu family is powerful and runs sideways across the country.

That's right, it's true, but don't forget that the Fu family is powerful, but it is not as big as the state machine after all. It is also necessary to survive under the constraints of the state machine. No matter how powerful it is, only a small part of it can be used.

Even if the above doesn't help him find someone, as long as he crosses the road, he can use all his forces, or he can directly ask the above to help him find someone.

Anyway, he must get rid of Gu Manyin within two years.

After finishing the call with Sophia, Fu Jingting called Assistant Zhang again.

Let Assistant Zhang screen some of the best interior designers.

He thought to decorate Rong Shu with the best wedding room.

Weddings and wedding dresses have been given the best, so naturally, the wedding room will not be missed.

He will let the designer design the best wedding room, which will definitely satisfy Xiaoye.

After ordering these, Fu Jingting finally put away his mobile phone, left the bathroom, and went to the outside room.

The room was quiet, Fu Jingting looked around, but did not see Rong Shu's figure, and his eyebrows suddenly twitched.

What about people?

What about his older wife?

"Little Leaf?" Fu Jingting pursed his thin lips and called to Rong Shu.

Rong Shu heard his voice, turned her head and responded, "Here, I'm on the balcony, the scenery here is good, you can come and have a look."

Hearing her words, Fu Jingting breathed a sigh of relief, and his eyebrows also stretched. .

It was on the balcony.

He thought she had left.

Fu Jingting lifted his feet and walked to the balcony. When he walked to the balcony, he saw Rong Shu standing in front of the balcony railing.

She was turning her back to him at the moment, clutching her hands on the carved hollow railings, and was looking at the night scene outside with seriousness.

After Fu Jingting smiled softly, he turned around and went back to the room, walking towards the wine cabinet.

When he just came in, he saw that there is a wine cabinet here, and there are a lot of relatively good wines in it.

Since you want to enjoy the night view and don't have a glass of wine, isn't it less fun?

Fu Jingting came to the wine cabinet, picked a bottle of red wine with a relatively low degree and a sweet taste, used a corkscrew to unplug the cork, and then took out two goblets from under the bar and poured red wine on each. , Then he took two glasses of red wine and walked to the balcony again.

Rong Shu heard the footsteps behind her and knew that a man was coming, she didn't look back, she just grabbed the railing and shrugged her shoulders, then she seemed to see something, she stretched out a hand with bright eyes, pointed to the horizon, "Then Is it a shooting star?"

Just now, she saw a bright light flashing across the sky, very fast, and it looked like a shooting star.

However, when Fu Jingting heard her words, he glanced up and told her cruelly, "No, it should just be a fighter jet sent by some military region to patrol the airspace. I haven't heard that the Astronomical Bureau announced that there are meteors."

Listening to the man's words, Rong said Shu's mouth twitched, angry and funny, she turned her head to look at him, "I found that sometimes your EQ is very high, sometimes you are very low, sometimes you speak sweet words, and sometimes you talk like a straight man of steel. ."

Especially the steel straight.

Just like now.

When a normal man hears the reaction of his girlfriend saying that there is a shooting star, shouldn't he agree to it, seriously, he is lucky, and then make a wish with his girlfriend?

Even if I'm not sure if it's a meteor, at least I've made my girlfriend happy.

But this guy is better, tell her directly in the way of popular science, that is not a meteor.

Fu Jingting looked at the numbness in the woman's eyes, and pulled his thin lips, "Did I say something wrong?"

Well, this guy, he still doesn't know what's wrong.

Forget it.

Rong Shu waved her hand in her heart, not wanting to break up with a man in such a place.

After all, didn't she already know that men are so straight sometimes?

Even if it is clear this time, what should he say, there will still be straight men's words in the future.

So let him go, it's not a big deal.

"No, you said it very well, very good." Rong Shu replied with a smile.

But don't go on about it next time.

Fu Jingting didn't know what the woman was thinking. Looking at the smile on the woman's face, he really believed what she said. He hooked his lips and said, "If you want to see the real meteor shower, I will take you to Tianfeng Mountain this weekend.

" Rong Shu was slightly startled, "You mean the highest mountain in the city?"

"Well." Fu Jingting nodded, "Tianfeng Mountain is more than 3,000 meters above sea level, and then we will use a helicopter to go up and install an astronomical telescope on the top of the mountain. , you can see meteors."

"Really?" Rong Shu excitedly took the man's arm, obviously interested, "Isn't it hard to see meteor showers? You bring me there on weekends. "Of course there are. Meteor showers actually happen

every day, but they can't be seen with the naked eye. What can be seen with the naked eye are all Pegasus or Leonid meteor showers, so these meteor showers will be announced by the Astronomical Bureau in advance, and others cannot be seen. What we see with the naked eye is generally not announced, and it is useless to announce it. If we can't see it, we can't see it, but if we go to the highest place and bring professional equipment, we can see it."

"It turns out that, That's great." Rong Shu held her hands together happily, "I've never seen a real meteor shower when I'm so old. When I was a kid, once the TV station said there was a meteor shower at night, my father promised to watch it with me, but in the end Because I broke my promise at work, and I fell asleep because I cried a lot because I was unhappy, I missed it, and now I think about it, it is really a lifetime regret."

Speaking of which, she sighed.

Why are you drinking again

"It's okay, there's me too." Fu Jingting looked at her and spoke softly.

Rong Shu was stunned for a while, "You?"

Fu Jingting nodded, "In the future, I will accompany you to watch all the meteor showers."

Rong Shu smiled, "You just said that meteor showers happen every day, do we have to go up the mountain every day? Look? Are you tired?"

It seems to be oh. Fu Jingting pursed

his lips and was silent for a moment, then said, "Then, we will go to see a show every once in a while, okay?" After all, the man is fulfilling her wish to watch the meteor shower, not the man himself. "Okay." Rong Shu smiled and nodded. Fu Jingting handed over a wine glass, "Don't worry, all your regrets in the past are that I will accompany you to fill them up in the future, and I will not let you regret forever." "Well." Rong Shu took the wine glass and leaned her head back. on his shoulders. But in the next second, he thought of something again, straightened his head, looked down at the red wine in his hand, and fell silent. The man was still wondering, why did she suddenly stand up and suddenly get up. Rong Shu clenched the glass and asked, "Fu Jingting, who asked you to drink?" "Huh?" Fu Jingting was drinking when he heard Rong Shu's question. Originally, I was going to finish it in one gulp, but now I had to change my mind

temporarily. I only took a sip and put down the wine glass. "Can't I drink?" Fu Jingting held the wine glass and looked at the woman uncertainly. The woman's face was extremely serious at this moment, and her eyes were fixed on him. It was as if he had committed the greatest evil, which made him feel a little guilty inexplicably. No way, the wife is too fierce, and even he has to admit it.

However, it is not shameful to be afraid of his wife, it is because he loves his wife.

Fu Jingting comforted himself in his heart.

"Of course not!" Rong Shu put her wine glass on top of the railing.

It is flat on top, and you can put some things that are not too large, as long as you are careful, you don't have to worry about falling.

After putting it away, she snatched the red wine from Fu Jingting's hand again, staring at the man with a serious face, "Don't forget, drinking hurts your health, it's easier for you to be drunk."

She suddenly stopped.

She had meant to say that he would be prone to self-harm if he drank too much, just like he did on his mother's death anniversary in the past.

But then think about it, he can't say this, what should I do if it arouses his sadness?

"Anyway, stop drinking, you promised your grandmother." Rong Shu also put the man's wine on the railing and put it with her own red wine.

The man's thin lips pursed slightly, and he didn't speak, just looked at Rong Shu.

After watching for a while, he suddenly let out a low laugh, "I know what you're worrying about, don't worry, it won't." The

cold wind blew through, bringing up a strand of Rong Shu's hair and blowing it messily.

Fu Jingting gently tidied her hair that had been blown away and went on to say, "Every year on the day of my mother's death, the reason why I drink alcohol is because I saw the scene of my mother committing suicide, which left a shadow in my heart. , I have always thought that my mother committed suicide is my fault, that it is my own existence that keeps my mother free, so my mother can't stand suicide, and she can't be with the person she loves."

Seeing the man took the initiative to mention After this incident, Rong Shu was not afraid that he would be sad. He bit his red lips and asked, "Then I will ask you to ask a psychiatrist to do psychological treatment for yourself. Do you have one?"

Fu Jingting shook his head, "No. "The bridge of

Rong Shu's nose wrinkled, and she was about to be unhappy.

Fu Jingting hurriedly said, "I originally planned to ask the doctor after the shopping mall banquet, but now it seems that there is no need."

"Why?" Rong Shu looked at the man's delicate chin in confusion.

The smile on the man's face faded a lot, he could hardly see it, and his eyes were also cold, "If I didn't know that my mother had deliberately cultivated me to be Su Cheng's stand-in, I might have been feeling guilty all the time, thinking that I was the one who killed myself. But after knowing that my mother regarded me as Su Cheng's stand-in, I suddenly realized that the guilt for so many years is a joke. My mother never committed suicide because I made her unable to leave the Fu family. It's ridiculous to accept Su Cheng's marriage."

After listening to the man's confession, Rong Shu understood what the man wanted to express, hugged the man's arm and said softly, "So, you have come out of the shadows, right? You won't in the future. The day of my aunt's death was sad, right?"

Fu Jingting silently said, "Yes, she's not worth it!"

"It's good." Rong Shu smiled, "From now on, grandmother won't have to worry about you every year."

"Is it only my grandmother?" Fu Jingting turned his head and looked at her with a half-smile in his eyes, "Aren't you worried?"

Rong Shu rolled her eyes at him, "I know why."

She answered arrogantly, pleasing the man, who laughed softly.

Rong Shu knew what he was laughing, and patted him embarrassedly and annoyed, "What are you laughing at?"

"Nothing, I'm just laughing, my wife is very cute." After speaking, Fu Jingting pinched her face gently. .

Rong Shu patted his hand away, "Don't pinch."

She is not a child, her face is fleshy.

I really don't know why he likes pinching her face.

It's all puffed up!

“Okay, don’t pinch.” Fu Jingting still smiled.

If she doesn’t like it, he won’t do it.

He has always respected her.

“Can you give me that wine back?” Fu Jingting stretched out his hand and raised his chin towards the two glasses of wine at the same time.

Rong Shu crossed her hands in front of her and made an inappropriate move, “No.”

Fu Jingting raised his eyebrows, “Why? I’ll be fine, let alone a glass of red wine, and I won’t get drunk.”

“That won’t work either. Rong Shu’s attitude was firm, “Even if you don’t get drunk, but drinking too much will be bad for your health. You already drank some today. When you were at Nanjiang Restaurant, why would I stop you?”

She In fact, it is not that he is not allowed to drink, but that he does not want to drink more.

At first, I was worried that he would get drunk, remembered his mother, and happened on the day of his death.

Now I am completely worried that he drinks too much, which is not good for his health.

Usually he drinks a drink or two, and she doesn’t stop him at all.

Really, he drank in the restaurant, drank several glasses, and now he drank it again, it would not work.

“I didn’t drink much in the restaurant.” Fu Jingting fought for himself without giving up, and then pointed to the night sky and the bustling city under the night sky, and said in a coaxing tone, “And we stand here to enjoy the wine, not drink any wine. , isn’t it a little less atmosphere? Drinking wine and enjoying the night sky and night scenery is the most appropriate.”

Rong Shu rolled her eyes, “You talk so much, but you just want to drink.”

Fu Jingting smiled, but didn’t pick up.

Rong Shu sighed and finally softened.

Can you be soft-hearted?

He has fought for himself twice, and he is rejecting it, which is somewhat inhumane.

Moreover, what he said should also be dealt with, if you just stand here and watch the night scene, it will be a bit monotonous.

But how to watch while drinking, the atmosphere is indeed a bit different.

Thinking of this, Rong Shu no longer hesitated, brought over two glasses of red wine, and handed Fu Jingting's one over, "Well, this one is the only one, it can't be refilled!"

"Well." Fu Jingting nodded and chuckled. He then took his drink, shook it twice, raised his eyebrows and gestured to her, "Don't drink?"

This red wine is so sweet

"Just do it!" Rong Shu stretched out the cup and touched it with him.

when!

After the crisp laughter of the collision of glass, Rong Shu took back the glass and raised her head to take a sip of wine.

At the moment of entrance, she let out a somewhat unexpected snort.

Fu Jingting turned to look at her and asked, "What's wrong?"

"This red wine is so sweet." Rong Shu put down the glass and said.

Fu Jingting nodded with a smile, "Of course, I chose it specially. It's not a red wine, but a red wine. The alcohol content is not as high as other red wines, and the taste is sweeter, so it is suitable for women who are not good at drinking.

"That's really good." Rong Shu blinked her eyes infrequently, then raised her head and took another sip.

"Like it?" Fu Jingting asked while rubbing his glass.

Rong Shu snorted, "I like it very much. It is very suitable for drinking."

"I like to have someone send a few boxes to Repulse Bay. I have a winery under my name that produces this kind of wine." Fu Jingting also drank it. mouth said.

Rong Shu's heart was moved, but she didn't agree immediately. First, she asked "how much is a bottle."

"The price is still cheap, 30,000 a bottle." Fu Jingting replied.

Rong Shu's mouth twitched.

30,000 is still cheap?

That's right, it's really cheap for a rich man like him.

"A few boxes are enough. One box is good. One box is enough for a year. How many boxes do I have to drink? I'm afraid I won't be able to finish it if I'm tired." Rong Shu raised a finger and said. .

Fu Jingting thought for a while, "In addition to this red wine, there are other fruit wines, do you want to have a case of each?"

"And other fruit wines?" Rong Shu was surprised.

Fu Jingting nodded, "The winery, of course there is."

"How about a box?" Rong Shu tilted her head.

Sorry, not to blame her for being unreserved.

In fact, he gave too much, and it happened to be in her heart.

In addition to eating desserts, she likes to drink a few glasses occasionally, but she is not drinking that kind of strong alcohol, but this type of wine with a low degree of concentration, like juice.

So in the face of several wines proposed by Fu Jingting, she really couldn't stand the temptation.

Seeing the shining eyes of the woman, Fu Jingting's mood became better and better, and the smile in his eyes became more intense, "Okay, I'll let someone arrange it tomorrow."

"Well." Rong Shu nodded, "I To you."

She handed over her glass of wine.

Fu Jingting looked down and clinked glasses with her with a strong smile.

The two stood side by side, drinking wine while looking at the night sky outside and the bustling night scene of the city.

Life is a rare pleasure.

Soon, Fu Jingting raised his head and drank the last sip of the wine from the glass, then turned slightly and looked at the woman beside him, "Little Leaf."

"Huh?" Rong Shu put down the glass and looked at him, "What's the matter? "

Fu Jingting didn't speak, squatted down, put his wine glass on the ground, stood up, grabbed her wrist, and tugged it hard into his arms.

Rong Shu's body fell into his arms so unexpectedly, the wine glass in his hand didn't hold steady, it slipped from his hand, fell to the ground with a bang, and shattered.

Even the only sip of red wine left in it was spilled out and wet a small part of the ground.

Fortunately, when the wine glass fell, she was holding it in her hand, and it was the hand on the inside.

Otherwise, being disturbed by a man like this will turn into a falling object.

"Fu Jingting, what are you doing?" Before the

words were finished, Rong Shu's red lips were blocked by the man.

Rong Shu's eyes widened, she was stunned, and her body froze.

Obviously, she didn't expect that the man suddenly pulled her into his arms and actually wanted to kiss her.

Sure enough, he was full of food and drink, thinking about that.

Rong Shu's face flushed, she reacted and pushed the man away, panting slightly, "Don't make trouble."

"No trouble." Fu Jingting touched the water stain on the corner of his mouth with his thumb, his movements were sexy and astringent.

Rong Shu's face became even hotter when she saw it, "Why didn't you make trouble? This is the balcony, so you are"

"It's also part of the hotel." Fu Jingting cut off her words and looked at her like a hook. Trembling, "Since we came to the love hotel, wouldn't it make sense not to do something?"

Rong Shu was embarrassed, "Who said what to do when we came to the love hotel, can't we just sleep?"

Really, enough Men are full of yellow scraps.

Fu Jingting smiled softly, "Yes, but if we don't do anything, others should wonder if there is something wrong with us."

Rong Shu rolled her eyes.

Can pull it down, don't put the word 'we'.

A man and a woman entered the hotel, nothing happened, and others would only doubt whether the man had a problem, and generally would not suspect the woman.

This dog man actually wants to pull her into the water, what a deep city.

Looking at the woman's contemptuous eyes, Fu Jingting's lips twitched, then turned his head away, and seemed to cough awkwardly, "Okay, little Ye Zi, don't you want to spend time in this room? Maybe it will be very exciting? "

he said coaxingly.

Rong Shu remembered the arrangement in the room like a starry universe, and her heartbeat suddenly accelerated.

Because she was suddenly unable to refute the man's words.

She likes the layout of the suite very much, and she wants to try it out. What is it like to spend the night in such a room.

what!

Rong Shu covered her face.

God, how did she become like this now?

She used to be an innocent woman.

I have always been grateful for this kind of thing, and even if I do it, I am too shy to let it go.

Why now, she wants to pursue excitement and becomes so open, anxious and lustful?

Playing so big, is she still the innocent self?

It's all Fu Jingting's fault for bringing her down.

Thinking about it, Rong Shu hummed in embarrassment, and her body twitched.

Seeing this, Fu Jingting knew that it was done, his eyes narrowed, a stunned dark flash flashed in his eyes, and he lowered his head and kissed again.

This time, Rong Shu was not resisting.

But before kissing for a while, Rong Shu suddenly thought of something, her eyes widened, and the man with the handle pushed away.

The man was in a state of excitement at the moment, and he was suddenly pushed away, one can imagine his mood.

The blue veins on the man's temples protruded, and he gritted his teeth and asked, "What's wrong?"

"I suddenly remembered." Rong Shu blinked.

Fu Jingting took a breath, increased his endurance a little, and asked again, "What do you remember?"

Rong Shu looked at him, "Do you remember, when we walked out of Teacher Sophia's shop, I said that I really wanted to ignore it. What?"

Fu Jingting nodded, "Remember."

"So I think about it now." Rong Shu clapped her hands, "I overlooked a small detail. Teacher Sophia went to the dressing room to help me change my dress, but before I changed my dress, I was busy temporarily. He would come back to help me immediately, but in the end, until we returned to the rest area, Mr. Sophia did not go to the dressing room to help me, but sat in the rest area and waited for us. What does this mean? It means that Mr. Sophia did not change clothes after her work. She went to the room, heard our movement in the locker room, and left quietly."

Speaking of which, Rong Shu raised her forehead, her face full of shame and anger.

Fu Jingting looked at her quietly, "And then?"

"And then?" Rong Shu looked at him in surprise, "Don't you understand me? I mean, Mr. Sophia heard us changing clothes. She heard the movement in the room."

"I heard it when I heard it." Fu Jingting snorted disapprovingly.

Just hear it, not see it.

Looking at the man's indifferent expression, Rong Shu suddenly felt a sense of being hit in the air, and felt tired, "Don't you feel embarrassed when someone hears this kind of thing?"

God's Compensation

Anyway, she's embarrassed now.

She also probably knew why the assistant had that expression when she saw her and Fu Jingting returning to the rest area.

I guess the assistant heard it too?

God, what a shame.

Rong Shu was born without love, and wanted to cry without tears.

Fu Jingting laughed, "I thought you suddenly thought of something big before you pushed me away, but it turns out that it's just these little things, you'll be heard when you hear them, it's no big deal, we're lovers, and it's normal for us to be intimidated. Sophia, a Westerner, is very open, she won't laugh at us, and we won't meet her often in the future, so don't worry about it, right?"

"This" Rong Shu covered her face Putting his hands down, he said stunnedly, "It seems to make sense."

"That's not it." Fu Jingting touched her head.

"However, I still feel embarrassed, it's all your fault!" Rong Shuzhen's small face.

Fu Jingting smiled lightly and hugged her into his arms, "Okay, blame me, why don't you hit me twice?"

"You think I don't dare?" Rong Shu said, she really raised her fist and hammered the man's chest twice.

But the movements were very light, not so much a beating as it was two meat buns giving him a massage, it wasn't painful or itchy.

Fu Jingting grabbed her pink fist and squeezed it lightly. He even put it on his lips and kissed it. He said, "My hand hurts. I'll blow it for you, and it won't hurt."

Rong Shu instantly He just laughed, no matter how big his anger was at this moment, it was consumed by the man's indiscreet words.

"What do I hurt? I beat you, do you hurt?" Rong Shu looked up at the man, her eyes full of concern.

Fu Jingting hooked his lips and shook his head, "Of course it doesn't hurt."

Only then did Rong Shu feel relieved, "By the way, when I just mentioned this, you didn't seem surprised at all, could it be that you already knew Sophia Teacher, did they hear?"

"Well, almost." Fu Jingting nodded, "I guessed it when I saw her assistant."

Rong Shu was embarrassed.

He thought of this when he saw the excited look of the assistant, but she didn't think of anything.

Even leaving the store, I didn't realize why Sophia was in the lounge area instead of the locker room when she was done.

Until now, she has only realized these things later, and her reaction is really slow enough.

"Okay, don't talk about others, it's still a long time, let's continue?" Fu Jingting gently lifted Rong Shu's chin, interrupting Rong Shu's thoughts.

Rong Shu looked at him helplessly, "Obviously, the reward for the night has been cancelled before, because I can sleep well at night, but I didn't expect things to turn out like this in the end."

Fu Jingting leaned against her ear, his voice low and sweet, "This is probably the benefit that God gave me. Although you took back the reward, God also used another way to let me win and give me this reward."

Rong Shu opened his eyes wide as he said it. .

It seems that this is the case.

Otherwise, how could he win a prize?

Or in the love hotel presidential suite this kind of grand prize?

So, is he really the son of God?

God doesn't like her taking back the reward, so she compensated him in this way?

Hey, God is really unfair, why didn't she let her win a prize?

When Rong Shu was complaining about God in her heart, the man had already picked her up and walked into the room.

This night, Rong Shu had a very exciting life.

Every time I open my eyes, I see a room full of cosmic stars.

Then, she felt several times that she was really "fucking" with Fu Jingting in the universe.

She and Fu Jingting became the first couple who do love in the universe.

Do love in the universe, how fresh and exciting.

So that night, Rong Shu also felt an unprecedented sense of excitement.

So the next day, she managed to get up late, and when she woke up, it was already ten o'clock in the morning.

Fortunately, the hotel check-out time is at twelve o'clock, so there is no need to rush out.

"Awake?" The moment he opened his eyes, Rong Shu heard a man's sexy voice behind him.

Rong Shu blinked, and she saw the floor-to-ceiling windows, but she didn't see the man. After waiting for a few seconds, she was completely awake and realized that the man was behind her.

So, Rong Shu was seriously sore and turned over.

Sure enough, it happened to meet the handsome and flawless face of the man.

But the image of the man at the moment made Rong Shu almost couldn't help laughing.

I saw that the man was wearing a loose black nightgown at the moment. A large chest is exposed, and a tooth mark is also exposed on the chest.

The teeth marks were red and small, apparently not long ago.

This was last night, and she was in so much pain that she couldn't help biting on the man's chest.

In addition, the man's hair was also a bit messy, and in one part, it was directly raised up, looking funny and funny.

And the tuft of hair that was pulled up was also her masterpiece.

It was also her pain that she couldn't hold back.

But the man doesn't seem to know his image at the moment, which is very different from his usual appearance. At the moment, there is a light, sexy and sensual smile on his handsome face.

Originally this smile should be very charming.

But because of his image at the moment, he seems a little silly.

"Morning." Rong Shu sighed, holding back her laughter, and said hello in a soft voice.

Fu Jingting curled his lips, "Morning." As

he responded, he straightened his hair.

Although she didn't say it, he saw her own appearance and the smile she gave him from her pupils.

"What time is it?" she asked, rubbing her eyes.

Fu Jingting didn't answer, just adjusted his posture, from lying on his side with his head on his side, to sitting up against the head of the bed, and then stretched out the hand that was holding his head in front of her, motioning for her to look at her watch.

Rong Shu grabbed his big hand and looked at it. After looking at it for a while, he finally saw the time and exclaimed, "It's past ten!"

"Well." Fu Jingting took his hand back.

The corner of Rong Shu's mouth twitched, "Then why did you come back to me early?"

It was almost noon.

What early.

"If you say hello to me, of course I will come back." Fu Jingting replied.

Rong Shu pursed her lips, "It's wrong."

Fu Jingting laughed, "Are you hungry?"

Rong Shu felt the hunger in her stomach and nodded, "I'm hungry."

"What do you want to eat, I will let the people in the hotel Bring it up." Fu Jingting said, leaning over to get his phone.

Rong Shu yawned again, and replied in a vague voice, "Whatever, I want something light."

"Got it." Fu Jingting put the phone to his ear and contacted the hotel.

Rong Shu supported her body and sat up.

She was also wearing clothes, a white nightgown of the same style as Fu Jingting's bathrobe, but a different color.

This should be, after the end of last night, he put it on her.

In addition, she could also feel that apart from the soreness, there was no stickiness on her body, but it was refreshing and refreshing.

It can be seen that after she fell asleep last night, he specially cleaned her body.

Even if he has a conscience.

Just thinking about it, Fu Jingting had finished the call, "I asked the hotel to prepare a Cantonese breakfast, how about that?"

Rong Shu nodded, "Yes, that's good."

"Want to get up?" Fu Jingting put the phone back On the head of the bed, seeing her lift the quilt, she asked casually.

Rong Shu put her feet down, "Well, I want to go to the bathroom."

"I'll carry you over there." Fu Jingting lifted the quilt and got out of bed, put on his slippers and let her go over there.

Assistant Zhang's Heart Tucao

"No." Rong Shu quickly waved his hand before he came over, "I'm not disabled, you still use you to carry me over there?" After

speaking, she lowered her head and began to put on her shoes.

Fu Jingting stood beside her and raised his beautiful eyebrows, "I really don't need it?"

"I really don't need it." She put on her slippers and nodded.

Fu Jingting snorted, "Okay, then I'll see if you can go by yourself?"

I don't know if it was her own delusion, but Rong Shu actually heard the sarcasm in his words.

She raised her head and looked at him for a while, did she see anything, and shook her dizzy head, "Why can't I go? Look at him, I'm sure I can."

Then she stood up abruptly.

As a result, as soon as she stood up, her legs softened instantly, and her body threw forward.

Rong Shu was so frightened that her face changed, and she cried out in horror.

Seeing this, Fu Jingting took a step forward, opened his arms, and caught her directly.

Rong Shu fell into his arms, smelled the mint fragrance on his body, felt the warmth in his arms, and was relieved.

Fortunately, did not fall.

If it is so upright and falls face down, it is estimated that the teeth will fall out.

"How is it, are you okay?" Fu Jingting carried the woman back to the edge of the bed.

After Rong Shu sat down, she shook her head in shock, "It's okay."

"Now I know, why did I want to hug you?" Fu Jingting stood in front of her, with his arms around her, looking at her jokingly.

Rong Shu blushed, "You already knew I would do this?"

Fu Jingting was noncommittal.

He knew how crazy he was going to be last night.

Otherwise, she couldn't be like a mad kitten, biting and scratching on him.

Because of this, he also knew what would happen to her when she woke up the next day, so he prepared in advance to take care of her.

But she is better, she must not take care of him, she must come by herself.

As a result, a long lesson, right?

Thinking about it, Fu Jingting looked at the stubborn little woman, and smiled helplessly, "Don't you want me to hug now?"

Rong Shu pursed her lips tightly, and finally opened her arms, "Hold it."

Forget it, let it go.

Anyway, my legs are weak and I can't walk. Someone wants to serve me, so why not accept it?

Looking at the woman's casual look, it doesn't matter, Fu Jingting's eyes flashed a hint of doting, he bent over and hugged her, and walked towards the bathroom.

He knew that she was always thin-skinned and shy, so he didn't ask to help her undress and guard her when she went to the toilet. Instead, he took her into the bathroom and made sure that she could stand steady while holding on to something, and then went out. Wait outside.

To be honest, seeing the figure of the man going out, Rong Shu was relieved.

She was really afraid that men would say things like watching her go to the toilet.

After all, with a man's thick skin, this is not impossible.

Fortunately, men don't do that.

Rong Shu exhaled lightly, opened the toilet lid, and started to go to the toilet.

Fu Jingting was waiting for her against the wall beside the bathroom door. Hearing the sound of water filling, he stood up straight and opened the door to go in.

"Okay?" Fu Jingting stood at the door, holding the bathroom door handle in his hand.

Rong Shu held the edge of the washstand and came to the front of the washstand, "No, I'm ready to wash."

Fu Jingting nodded, "Then you wash, I'll wait for you."

After speaking, he brought the door handle and walked over.

This time, instead of waiting outside, he chose to wait beside her.

Rong Shu didn't care about him. After all, she didn't go to the toilet, she just took a shower, and she wasn't afraid of him watching. As long as he didn't disturb her, it would be fine.

It takes a long time for women to wash up. After washing, half an hour has passed.

But Fu Jingting waited without complaint, and even looked at her from beginning to end. Rong Shu was wiping her face, and the pressure of being watched by him doubled. Finally, she couldn't help it and asked, "Why are you looking

at me?" "My wife is pretty, so I couldn't help but look at it." Fu Jingting said with hooked lips. Rong Shu snorted, "I'm too lazy to care about you." Fu Jingting chuckled and was about to speak again when the doorbell rang. There was no way, he frowned and had no choice but to say, "It should be the hotel that delivered the meal, I'll go take a look." Rong Shu waved his hand and motioned him to hurry up. He continued to stare at her here, and she was embarrassed to wipe her face. Fu Jingting turned around and went out and opened the door. Standing outside the door was not the hotel waiter who delivered the meal, but Assistant Zhang. When Assistant Zhang saw him, he pushed his glasses and smiled, "Mr. Fu, good noon." Fu Jingting gave a faint hum in response. Assistant Zhang didn't mind his indifferent attitude. After all, they are used to it. If one day, Mr. Fu responded enthusiastically to him, but he would be horrified. Furthermore, he is a subordinate and does not expect his boss to have a good attitude towards him. "Mr. Fu, these are the clothes you asked me to bring for you and Miss Rong this morning." Assistant Zhang handed the two bags in his hand to Fu Jingting. While handing it over, I didn't forget to complain that the two were having a good time.

There are not enough rolls at home, and they all ran to the hotel to roll.

Really can play.

Of course, thinking this way in his heart, he didn't dare to express it on his mouth or face, otherwise he might not be able to get out of the door of this hotel.

But speaking of this hotel, Assistant Zhang felt tired for a while.

This grotesque hotel building, with its pink decoration, almost made him faint.

God knows how much courage he took to step into the door of this hotel when he came here.

He is a social elite, a social elite in suits and leather shoes, a cold, well-kept commercial office building should be where he goes in and out.

What's the point of letting him in and out of a place like this now?

If he hadn't dared to disobey the order, he really didn't want to enter this gate, so he just turned his head and left.

This kind of place is fundamentally incompatible with the social elite like him.

The most important thing is that Mr. Fu and Miss Rong actually came to this kind of place last night to find excitement.

How did they remember this kind of place?

When Mr. Fu entered this hotel, didn't he feel pressured?

Or, Mr. Fu didn't think the hotel was so weird at all?

"Okay, here's the thing, you can wait for us in the car." After Fu Jingting took the bag, he started chasing people.

Assistant Zhang didn't want to stay in this kind of place for much longer. Hearing this, he nodded quickly, "Yes, I'll go now." After the

words were finished, he turned around excitedly and walked towards the elevator.

Just after walking a few steps, a man in uniform of a waiter pushed the restaurant past him, and finally stopped in front of Fu Jingting, "Sir, this is the meal you want."

Fu Jingting raised his chin slightly, "I Just push yourself."

"Okay." The waiter obviously heard customers say this a lot, so he didn't say no to it, and quickly let go of the dining cart.

Fu Jingting put the two bags on the second floor of the dining car, pulled the dining car over the handrail of the dining room, dragged the dining car into the room, and closed the door.

Just as Fu Jingting pushed the dining room to the dining table in the room, Rong Shu's voice came from the front left.

Fu Jingting looked up and saw that Rong Shu had come out of the bathroom leaning against the wall and was slowly walking towards him.

Fu Jingting quickly let go of the dining car, his handsome face tightened, and strode over, "Didn't I tell you to wait for me inside? How did you get out? Aren't you afraid of falling?"

He bent over and hugged her horizontally.

Rong Shu smiled and said, "How come, you won't fall if you hold on to things along the way, I don't see that you haven't come back for a long time, and after washing up, you don't want to stay in the bathroom all the time, so you have to come out by yourself, don't worry. , nothing will happen."

"What if something happens?" Fu Jingting looked down at her seriously, "Who can guarantee this kind of thing?"

Change clothes in front of her

"Rong Shu couldn't speak for a moment.

Because what he said made sense, she was speechless.

The reason why an accident is called an accident is because it is uncontrollable, and it is even more impossible to know when it will happen. It may be tomorrow, or it may be the next second.

Thinking about it, Rong Shu shook the man's arm and smiled coquettishly, "Okay, I'll pay more attention, don't be angry, eh?"

She tilted her head to look at him, not to mention her cuteness.

Fu Jingting was not angry at all, but just pretended to be angry to let her know that he was worried about her.

Now that she took the initiative to know that it was wrong to be brave and admit her mistake, he naturally couldn't keep it up.

Especially with her cute appearance, why would he want to continue to pretend?

Fu Jingting freed up a hand, pinched Rong Shu's face lightly, and then squeezed in, pushing Rong Shu's face together, and his lips pursed.

Fu Jingting lowered his head and gave her a strong kiss on her pursed lips. Then he let go of her contentedly, "Okay, let's go, let's eat."

Rong Shu snorted at the man.

Dog man, take advantage of her when you get the chance, shameless.

Fu Jingting saw Rong Shu's small movements out of the corner of his eyes. He didn't lower his head to expose it, but only slightly hooked the corner of his mouth, showing his good mood.

Coming to the dining table, Fu Jingting pulled away the chair and carried Rong Shu onto the chair. After she was seated, she put the plates from the dining car on the table one by one.

Fu Jingting, Rong Shu helped lift the lid.

The two work in a division of labor and cooperate very well.

After Fu Jingting put the plates on the table, Rong Shu also untied the lids, and the delicate breakfast inside the plate also appeared in the eyes of the two of them.

Rong Shu pointed to the chair opposite, "Sit down and eat."

Fu Jingting hummed, "No hurry, wait a moment."

He picked up a bottle of milk, opened it, poured it into a cup, and put it in front of her.

After finishing this, he pulled out the chair opposite and sat down, "Let's eat."

Rong Shu took a sip of milk, looked at the breakfast in front of him, and suddenly laughed, "It's eleven o'clock now, so we only have breakfast, Isn't it a bit too self-willed?"

Fu Jingting put a shaomai on her plate, and replied in a low voice, "No, in this world, there are no rules from the beginning, the rules are only left by the predecessors, but who It is stipulated that we must follow the rules of our predecessors? So sometimes, not doing things according to the rules is a novel and different experience, and breakfast is also, does it feel very novel to eat breakfast at lunch time?"

"Indeed." The container took a bite of the siomai he had picked up, and nodded.

Fu Jingting took a sip of coffee, "But even though I say that, it's enough to experience this kind of thing once in a while. It's better to do it less often. It's usually a habit, and a sudden change is bad for the stomach."

“You say it?” Rong Shu raised her eyes and fluttered towards the man.

The man chuckled and said nothing.

The two quietly enjoyed their morning, um, lunch.

After eating, it was already twelve o'clock, and it was time to check out.

Fu Jingting came out of the bathroom after cleaning his oral hygiene, and handed a delicate bag on the sofa to Rong Shu.

Rong Shu blinked and took it with confusion, “What is this?”

“Clothes.” Fu Jingting said, “I asked Zhang Cheng to deliver it in the morning.”

Rong Shu heard that it was clothes, opened it, and it turned out to be a set Brand new clothes, inside and out.

Rong Shu blushed, “I even have underwear, underwear and pants, Assistant Zhang he”

Fu Jingting knew what she was going to say, so he pulled the nightgown straps around his waist and turned back, “No, the clothes were sent from Yunding Building, you forgot that I prepared them for you there too. The cloakroom and various clothes, some of which are well matched, are directly sealed and placed in the bag, so that the side can take it away at any time, so when I ask Zhang Cheng to pick up the clothes, he can directly carry a bag.

” Rong Shu breathed a sigh of relief at the man’s explanation, “That’s good,

I thought it was Assistant Zhang who helped me match it up. If that’s the case, it would be too embarrassing and embarrassing.” This kind of thing? How can you let other men touch your clothes?” Fu Jingting’s clothes were already bare, and he was standing in front of her.

Rong Shu’s eyes widened at first, then blushed, and with a sigh, she immediately covered her eyes, “Fu Jingting, are you acting like a hooligan?”

Fu Jingting raised his eyebrows innocently, and looked at him shyly and didn’t dare to look at him. The woman slowly took out her clothes from her clothes bag and put them on slowly.

“What are you talking about, you haven’t seen each other? We just met frankly last night, didn’t we?” The man said slowly while putting on his trousers.

Rong Shu stomped her feet, “How can it be the same? Oh, last night, I can’t go on, in short, put it on quickly.”

After she finished speaking, she turned her back.

Fu Jingting looked at her red ears that were almost dripping blood, and a sexy laughter overflowed from her thin lips.

Obviously, the shy look of the woman put him in a good mood.

Fu Jingting did not continue to tease Rong Shu, and accelerated the speed of dressing.

After putting it on, he tidied up the cuffs of his suit and said, "Okay, turn around."

Rong Shu heard her words, put her hands down from her face, and turned around slowly.

Seeing that he was really dressed and didn't lie to him, Rong Shu breathed a sigh of relief, "You're dressed, it's my turn, I'll go to the bathroom to change." After

speaking, she trotted to the bathroom.

She probably ate breakfast and gained strength. Now her legs are no longer soft, at least walking and trotting, there is no problem.

Looking at Rong Shu's back, Fu Jingting chuckled lightly, then took out his mobile phone and asked Assistant Zhang to drive the car from the parking lot, and they were about to get off.

Rong Shu changed clothes quickly, put on in a few seconds, then opened her bag, took out simple makeup, and put a light makeup on her face.

After finishing the application, she looked in the mirror again to confirm that the makeup was perfect, then put away the lip glaze, put it back in the bag, and carried the bag out of the bathroom.

Fu Jingting was sitting on the sofa waiting for her, and when she saw her coming out, he immediately put down the magazine in his hand and got up, "Okay?"

"Okay." Rong Shu nodded and walked towards him.

Fu Jingting rolled up his arms, the meaning is very obvious.

Rong Shu covered her lips and smiled, but she didn't disappoint him, she took his arm out of face, and went out of the suite door with him.

Assistant Zhang has already driven the car to the front of the hotel.

Fu Jingting and Rong Shu saw it as soon as they walked out of the hotel door.

After all, Fu Jingting's car is very rare whether it is in the sea market or the whole country, especially the license plate, which is very special and not conspicuous.

When Assistant Zhang saw the two of them coming out, he quickly got out of the car to greet them and opened the door for them.

Fu Jingting asked Rong Shu to get in the car first, while standing outside the car, he looked at Assistant Zhang and asked, "I asked you to check it yesterday, did you find it?"

"There are some clues." Assistant Zhang pushed his glasses and replied in a serious tone. "Su Cheng's special assistant went to Zhongsi and Yu Tu."

"Zhongsi and Yu Tu?" Fu Jingting frowned, "Where?"

Assistant Zhang twitched the corner of his mouth, "Mr. Fu, you forgot, this is Both companies have cooperated with Miss Rong before, especially Yu Tu, who was acquired by Miss Rong from the resort before, but was bought by Yu Tu's President Tan two months ago."

He's Different

After saying that, Fu Jingting remembered that there was such a thing.

At that time, he and Rong Shu had just divorced, and he took Gu Manyin to the resort to relax.

Rong Shu and Lu Qi also went.

That time, Gu Manyin also poured the body lotion in Rong Shu's shower cubicle, causing Rong Shu to fall and fall into a coma.

If it hadn't been discovered in time, I'm afraid everyone would be gone.

Thinking about it now, Fu Jingting was afraid for a while, and he also spurned himself for a while.

Even though he was hypnotized at that time and thought that he was in love with Gu Manyin, he could never have imagined that after being hypnotized, he would not even

have the basic three views and morality. , actually chose to quell this matter and cover up Gu Manyin, the prisoner who almost killed Rong Shu.

And similar situations, not once or twice.

Although these few situations were not based on his real thoughts, it was him who did it after all. It was an indisputable fact that he repeatedly hurt the person he really loved for a vicious woman.

Looking at Fu Jingting's frown and the guilt in his eyes, Assistant Zhang guessed something and patted his forehead angrily, "Sorry, Mr. Fu, I shouldn't have reminded you of this, it brought back those things from the past. "

"It's nothing!" Fu Jingting waved his hands a little tiredly, "Even if you don't mention it, the fact is the truth, and it shouldn't be considered that it didn't happen just because no one else mentioned it."

Assistant Zhang lowered his head and said nothing.

Fu Jingting didn't want to say anything more on this topic. After rubbing his brows, he asked, "Why did Su Cheng send his assistant to these two companies?"

"I don't know yet, I asked about Su Cheng's assistant last night. It was too late for me to contact the bosses of these two companies and related personnel, so I had to wait until this morning before someone contacted them. I believe it will take a long time to get results. . "

Fu Jingting hummed, "If there is a result, notify me immediately."

These two companies have exact connections with Rong Shu.

Su Cheng sent his assistant to these two companies, maybe he wanted to do something to Rong Shu.

"I know Mr. Fu." Assistant Zhang nodded in response.

Fu Jingting said nothing, opened the door again and got into the car.

Rong Shu was looking down at her phone, and when she saw him getting in the car, she asked, "Have you finished talking with Assistant Zhang so soon?"

She thought they were talking about work.

Fu Jingting didn't deny it, and raised his chin slightly, "The talk is over."

“Mr. Fu, shall we take Miss Rong to Tiancheng first?” At this time, Assistant Zhang, who was wearing the seat belt in the driver’s seat, suddenly asked.

Fu Jingting lightly opened his thin lips and replied, “Don’t go to Tiancheng, go to Lin Tianchen’s place.”

“Doctor Lin?” Assistant Zhang was slightly surprised, “Mr. Fu, are you and Miss Rong sick?”

“Why are you asking so many questions? , drive your car.” Fu Jingting frowned impatiently.

Assistant Zhang shrank his neck and hurriedly shut his mouth to stop asking.

Rong Shu looked at the aggrieved Assistant Zhang and couldn’t help laughing, “Fu Jingting, what are you doing so fiercely? Assistant Zhang also cares about us.”

That’s it.

Kaicheng’s assistant Zhang nodded quickly, agreeing with her words.

Fu Jingting snorted, “It’s a waste of time for him to ask so many questions. Why don’t he drive earlier and go to the hospital earlier.”

“Just one question, how much time can be wasted?” Rong Shu twitched the corners of his mouth speechlessly, and then said, “ But if we go to Lin Tianchen like this, does he have time? He is a world-renowned surgeon. There are many people who see him every day. If there is no time, it is not for nothing? Will you visit us?”

“Don’t worry, you have time.” Fu Jingting turned to look at her, “I told him yesterday that he has no surgery today, so he can make time.”

“That’s it.” Rong Shu nodded relievedly, “That’s good, if he has a patient under his care, we still won’t find him. I don’t want to hurt others because of myself.”

“No.” Fu Jingting Reassure her, don’t think too much.

This kind of thing, even if she doesn’t think about it, he will think about it.

Although he has always been indifferent to others, he is not the kind of cold-hearted person who does not put his life in his heart.

He will naturally arrange other patients.

Even if there are patients under Lin Tianchen who cannot escape, he will arrange for other doctors to temporarily take care of those patients so that Lin Tianchen can escape.

In short, he will not do anything that disregards human life.

Except for those of course!

Seeing that the man repeatedly assured that there would be no such thing as worrying about him, Rong Shu was completely relieved, and he was no longer concerned.

She believed that he would not lie to her about this kind of thing.

He's not that kind of person either.

After a while, the hospital arrived.

Fu Jingting and Rong Shu got out of the car and went directly to the hospital. Assistant Zhang didn't go and was still waiting for them in the car.

The two came to Lin Tianchen's office, and Fu Jingting raised his hand and knocked on the door.

Lin Tianchen's indifferent voice came out, "Come in."

Fu Jingting pushed the door and went in.

Rong Shu saw at a glance a man in a white coat sitting behind the computer, beating and beating.

The man also stopped the movement of his hands at this moment, raised his head, and looked at them.

Seeing them, there was no surprise on his face, instead he frowned, a little displeased, "Didn't you say come at nine in the morning? It's almost one in the afternoon now, what are you doing?"

He raised his arm and pointed. The arm points to accusation.

Listening to his accusation, Fu Jingting didn't have the slightest expression on his face, and he didn't even think there was something wrong with being late, so Rong Shu walked over indifferently.

And Rong Shu was a little embarrassed and embarrassed.

"I'm sorry." She smiled apologetically at Lin Tianchen, "I didn't know that the time you agreed was nine o'clock. If I knew, we wouldn't be late. I'm sorry.

"Yue dissipated in an instant, and her tone softened, "It's okay, it's not your fault, it's the fault of the person next to you, he didn't tell you the agreed time, not only was he late, he didn't even think he was late. What's wrong."

After speaking, he turned his eyes to Fu Jingting again, coolly.

Fu Jingting frowned, "Okay, Xiaoye Ye didn't wake up in the morning, so I'll let her sleep a little longer."

"Fu Jingting." Rong Shu smiled apologetically at Lin Tianchen again, then immediately changed her face, pulled the man's sleeve, and lowered her body. The voice scolded, "What are you doing? It was our fault that you were late, you still?"

She was interrupted by Lin Tianchen before she could finish her words.

He dropped the mouse and stood up, "Okay, let's not talk about that, let's go straight to the topic, a comprehensive physical examination is very time-consuming, if you don't hurry, it is estimated that it will be over in the middle of the night, so don't waste time, go straight to the physical examination, Come with me."

He waved at Rong Shu.

Rong Shu looked at Fu Jingting.

Fu Jingting nodded, "Go."

Rong Shu took off the bag and handed it to him, then asked with a smile, "Now that you see me leaving with Lin Tianchen, are you not jealous?"

Fu Jingting took the bag, "Don't be jealous, he is different. "

What's the difference?"

"He's a doctor." Fu Jingting said.

Lin Tianchen was treating Rong Shu for medical examination. Although it was inevitable that he would touch her body, he would not be jealous of this kind of thing.

It's not that he can't tell the difference.

Furthermore, Lin Tianchen was born with a lack of affection, and it was impossible for him to think badly about her, so he didn't need to be jealous.

Comprehensive Physical Examination

“I thought you would even eat the doctor’s vinegar.” Rong Shu joked.

In the next second, Fu Jingting wrapped his long arms around her waist and put her in his arms, with his forehead pressed against hers, his voice was low and sweet, “Your husband, I won’t be so petty and treat the doctor as an ordinary man. .”

Anyway, to him, Lin Tianchen is not a normal man.

Since it’s not normal, it’s naturally okay.

Rong Shu giggled and said, “Yes, yes, we, Mr. Fu, are the most angry.”

“That is.” Fu Jingting raised his chin. Although his expression was indifferent, he could see that he was quite proud.

Rong Shu shook her head amusingly, “Okay, I won’t tell you, just let me go, Dr. Lin is waiting.”

Fu Jingting raised his head and looked not far behind her, leaning on the man who was turning the scalpel by the door and glanced. “Let him wait for a while, it’s fine.”

After speaking, he lowered his head and kissed her on the lips.

Leaning against the door frame, with one hand in the pocket of his white coat, and with the other hand spinning the scalpel, Lin Tianchen saw this scene, a few black lines slid down his forehead, the scalpel stopped turning, and said angrily, “Enough. You two, go back and make out, don’t make out in my office, when my office is a place for you to show your love?”

Hearing this, Rong Shu instantly blushes and pushes Fu Jingting away, glaring at Fu Jingting, turned around and wiped his mouth with an embarrassed smile at Lin Tianchen, “Sorry, I wasted your time, let’s go.”

Lin Tianchen didn’t say anything else, and left first.

Rong Shu turned her head and glared at the man again, “Look, I told you yesterday that you should stop messing around on other people’s sites, there will always be people who are unhappy, isn’t that right?”

Fu Jingting looked up. Looking in the direction Lin Tianchen left, thin lips pursed, "He is jealous."

"What is he jealous of?" Rong Shu rolled her eyes.

Fu Jingting replied arrogantly, "He's single, so of course he's jealous."

" " Rong Shu was silent for a moment.

This made sense, and she suddenly couldn't refute it.

Shaking her head in disbelief, Rong Shu hurriedly said to the man, "Okay, I should go, or Dr. Lin will come back to remind you later, are you going to wait for me here or go back to Fu? If you want to go back to Fu, hurry up. Go back, I don't think it will end until the evening."

"If you don't go back to Mrs. Fu, I'll accompany you here." Fu Jingting shook his head, "You're doing various tests in the hospital, how can I leave you alone, of course. I want to watch over you here."

Rong Shu's heart was warm, and a gentle smile appeared on her face, "Then your Fu Shi is not busy?"

"There is Zhang Cheng, I will let him go back in a while." Fu Jingting pretended to be "Throw your hands off the shopkeeper."

Although Rong Shu felt that it was not good for him, out of selfishness, she still didn't say anything.

There are many items to do a comprehensive physical examination, some of which are enough to make her feel uneasy.

And at this time, when someone accompanies her in the hospital, waiting for her and guarding her, she will feel much more secure in her heart.

Therefore, she actually wanted Fu Jingting to stay at the beginning, so she was so happy when she heard him take the initiative to stay.

Of course, if he said he didn't stay and wanted to go back to the Fu family, she wouldn't stop her, she would only feel a little disappointed.

"Okay, let's go." Fu Jingting rubbed Rong Shu's hair, "The project at the beginning will be completed soon, and for some big projects in the future, I will accompany you, so you won't feel scared.

" ." Rong Shu nodded heavily.

Then, she walked out of Lin Tianchen's office under Fu Jingting's eyes.

Although Lin Tianchen had left the door long ago, he did not go far, waiting for her by the elevator against the wall.

Seeing her coming, he stood up straight and pushed his glasses and said, "Are you done with crookedness?"

Rong Shu's face turned red again, "He was afraid that I would have a physical examination, so he comforted me a little more, and told me that he would accompany me during some physical examination items that would make people feel a little nervous, fearful, or painful. I, so I talked a little longer, sorry for making you wait for a long time."

"It's not too long." Lin Tianchen nodded, and then said, "So he's been with you all day today?"

"Well." Rong Shu nodded.

Lin Tianchen turned the scalpel, "Not bad, he's still a man."

"He was originally a man." Rong Shu couldn't help but emphasize.

Lin Tianchen raised his eyebrows, stared at her, his eyes slowly moved down from her face, and finally settled on her neck.

There, a bright red mark was faintly revealed, which was extremely ambiguous and ambiguous.

Lin Tianchen smiled suddenly, with a meaningful smile, "It's really a man, okay, let's go."

Leaving those words behind, he stepped into the elevator first.

Rong Shu followed, but felt somewhat uncomfortable.

Just now, what did his eyes and laughter mean?

Rong Shu tilted her head, puzzled.

Physical examination is a very complicated thing, especially a comprehensive physical examination, dozens or hundreds of items, all done, can be completed in one or two days.

Although Rong Shu said that she was doing a comprehensive physical examination, she still excluded some items, such as vision tests, hearing tests, etc. more than a

dozen items. You can delete items that are not checked for the time being and will not affect the final result.

But after removing these dozen items, it was already eleven o'clock in the evening when Rong Shu did a complete physical examination.

It has been almost 12 hours since she left the hotel. She didn't drink a sip of water, she didn't eat anything, and she was running around. She was so tired that she almost collapsed. She leaned against Fu Jingting's arms and didn't want to move at all. .

Fortunately, there is a canteen in the hospital, and the taste is not bad. Lin Tianchen asked the nurse to score three points.

The three of them, right in the office, started to eat late-night snacks.

After eating for a while, Rong Shu finally gained some strength and could sit up straight without leaning on Fu Jingting.

Fu Jingting put down his chopsticks and turned to look at the woman beside him, and asked in a concerned tone, "Is it better?"

"Well." Rong Shu nodded, "Much better." On the

opposite side, Lin Tianchen heard the conversation between the two and took a sip of soup. , said indifferently, "You have a slight hypoglycemia, so if you don't eat for a little more than ten hours, you will be exhausted and need to be adjusted."

"I know." Rong Shu nodded.

She has low blood sugar, and she knows it.

So no surprise.

Fu Jingting was not surprised as he looked at Lin Tianchen and said, "You can arrange her conditioning."

"I will arrange it without you telling me." Lin Tianchen wiped the corner of his mouth gracefully and glanced at him.

Fu Jingting frowned, "When will the results of the medical examination come out?"

"It's already under expedited treatment, half an hour later." Lin Tianchen glanced at his watch and said.

Fu Jingting got the answer, stopped asking, and continued to accompany Rong Shu to dinner.

Really hungry, Rong Shu ate almost everything on the dinner plate, which far exceeded her usual normal appetite.

Seeing her eating so much, Fu Jingting's face became worried, "After eating so much, my stomach will be uncomfortable in a while!"

Rong Shu leaned back in the chair and replied lazily, "No way, I'm too hungry, but it's true I ate a little too much, and I felt a little tired."

She touched her stomach, and it was obvious that her stomach was bulging.

Seeing this, Fu Jingting also put his hand on it and touched it lightly, hard, then released his hand and looked at Lin Tianchen, "Give her some Xiaoshi tablets."

It's good in the hospital, especially the doctors in the hospital. here.

If you want any medicine, just open your mouth.
