This Time, I Will Get My Divorce Chapter 991

The result is out

Lin Tianchen glanced at the two tired and crooked people, and said nothing, got up and walked to the glass medicine cabinet opposite, opened a cabinet door, took out a box of digestion tablets, and threw them directly at Fu Jingting.

With a big hand in the air, Fu Jingting grabbed the box of medicine firmly, with a handsome posture.

Rong Shu looked at it, her eyes glowing.

Seeing this scene, Fu Jingting raised his thin lips proudly.

“Just give her two.” Lin Tianchen returned to his seat and sat down, reminding him.

Fu Jingting didn't answer, but as he said, he opened the medicine box, took out two pills and handed them to Rong Shu, “Eat.”

Rong Shu was indeed a little bloated at the moment, so naturally she would not refuse, and took the Xiaoshi tablet directly into the mouth.

Xiaoshi tablets are not bitter, but taste very good, the kind that can be eaten as chewing candy.

The water Fu Jingting poured for her was useless, and finally put it back on the table.

After eating, Rong Shu's medical report came out.

Lin Tianchen took the file bag sent by the nurse, opened it, and took out the medical report from the inside to look at it.

Rong Shu and Fu Jingting were already sitting on the sofa.

Fu Jingting was lowering his head slightly, playing with her soft little hands, without even looking at Lin Tianchen, as if he didn't know her medical report came out.

However, Song Nuan was very concerned about her medical examination results, she stretched her neck and looked at Lin Tianchen and asked, “Dr. Lin, how are you?”

Lin Tianchen walked over and handed her the medical examination report, “No big problem, except what I said just now. In addition to hypoglycemia and anemia, the cervical and lumbar vertebrae are not well, and I usually sit for too long.”

“Uh” Rong Shu twitched the corners of her mouth and took the report, “I can’t help it, I deal with things in the office every day, and I just sit. For a few hours, it’s not surprising to have these problems.”

This is a common problem for almost every young person who sits in the office.

“Although I say that, what should be improved is still to be improved. If the problem of cervical pain and lumbar pain persists for a long time, it will follow, and then surgery will be necessary to correct it.”

“Hi” Rong Shu gasped, “So serious? “

Do you think I’m joking with you?” Lin Tianchen looked at her with reflective glasses, “or do you think I’m the kind of person who isn’t serious?” “No.

” Rong Shu shook her head and hurriedly explained, “I didn’t mean to doubt you. “

If not, then you shouldn’t have questioned me just now. Lin Tianchen looked back, “I’m a doctor, please don’t doubt my professional ability. “

“Yes. Rong Shu nodded obediently like a primary school student.

Lin Tianchen was satisfied. “You are not a big problem. For anemia and low blood sugar, I can prescribe some medicine. You can eat it first, adjust it slowly, and then I will give you a diet recipe. You usually eat according to the above. After two or three months, the situation will improve significantly. As for the cervical and lumbar spine, it is also very easy to solve. Twisting your neck, twisting your waist or something, of course, the best advice is to learn yoga, or become a regular at the gym, your muscles are quite loose, and doing these is good for you. “

” “” Rong Shu’s red lips opened, but she was speechless.

She never thought that she had so many problems.

Usually she didn’t think it was a big deal.

But now that Lin Tianchen pointed it out, she only Suddenly realized that it seems to be quite serious.

“I will urge her and help her improve together. “Fu Jingting replied for Rong Shu.

At the same time as he answered, he also looked at Rong Shu, the firmness in his eyes was so obvious. The corner of

Rong Shu’s mouth twitched again, and suddenly felt a lot of pressure in his heart.

His eyes were clearly He was telling her that he would supervise her to exercise and correct her cervical and lumbar spine conditions.

She can already feel it now, and it seems that she will not have two lazy times in the future.

big head!

Although the heart is helpless, but on the other hand, it is also warm.

She knew that Fu Jingting did this for her own good, and because he cared about her, he would urge her.

Otherwise, who cares about her so much?

“It’s also a good thing for him to supervise you.” At this time, Lin Tianchen also said, “Otherwise, no one will supervise you, you may be able to last for a long time by exercising by yourself, and to improve the problems of the cervical and lumbar spine, you must persist in exercising for a long time. Three The kind of fishing for three days and drying the nets for two days has no effect, and I can guess that if there is no supervision, you must be a person who catches fish for three days and drying the nets for two days.”

Fu Jingting nodded noncommittally, agreeing with him very much . if.

Seeing the definition given by the two men, Rong Shu barely maintained a smile on her face, “I see, then, thank you very much.”

She bit the word “thank you” quite hard.

Everyone knows how reluctant she is to thank her.

No way, who made her unhappy?

In their eyes, she is actually a person who likes to be lazy.

Although she really doesn’t like exercising, it’s not necessarily a good idea to be lazy. She admits that she is a lazy person.

People who don’t like to exercise go to exercise, how can they not be lazy.

So they should name her shortcomings as well.

However, some are not reconciled!

Why is she all sitting in the office, why is she the only one who needs to exercise?

Thinking, Rong Shu pointed the finger at Fu Jingting, "Dr. Lin, I think there must be something wrong with his cervical and lumbar vertebrae."

Fu Jingting raised his eyebrows, turned to look at the woman, his eyes were slightly surprised, but now she would suddenly say pick him up.

But seeing the slyness in her eyes, he knew what was going on, and shook his head with a doting smile.

Lin Tianchen also guessed it, pushed his glasses, and answered calmly, "Don't worry, he definitely didn't."

"Why?" Rong Shu's eyes widened.

Why is this man so sure!

Lin Tianchen folded his arms, "Why? Shouldn't you ask yourself this? If there is any problem with his waist, you should know best. As for the cervical vertebra, do you think he is so rich that he doesn't have a dedicated masseuse? "

" Rong Shu was speechless again, and lowered her head to cover her blushing face.

Yes, Fu Jingting's waist is good or not, she should know the most, every time she is tortured and tortured, she can't wait to die.

And she actually asked such a simple question, it was a shame.

Seeing Rong Shu's embarrassment, Fu Jingting touched her hair with a half-smile, and then changed the subject, "Apart from these, is there anything else?"

Lin Tianchen threw the file bag on his desk, "No Okay . "

Fu Jingting hummed, then gave him a look.

Lin Tianchen nodded knowingly, "Okay, it's getting late, I should go to the ward and get off work, and you should leave."

After speaking, he put his hands in the pockets of his white coat and raised his feet to go out.

Rong Shu looked at the time on her phone, it was already midnight, she sighed and was a little tired, and rubbed her eyes, because she was sleepy, her eyes were a little red now, "Fu Jingting, we're going back. Right ?"

"Okay, but wait a few minutes before I go to the bathroom." Fu Jingting patted her shoulder and stood up.

Rong Shu took a sip of water from the water glass, woke up a little and nodded, "Okay, let's go."

Fu Jingting rubbed her hair and walked out with slender legs.

However, after Fu Jingting went out, he did not go in the direction of the bathroom, but went in the opposite direction. After walking around a corner, he stopped and looked at the person opposite.

Gu Family's Past Medical History

The man was turning his back to him, probably when he heard him coming, he turned around slowly.

It was Lin Tianchen who had an excuse to check on the ward!

Fu Jingting and Lin Tianchen saw each other appear here, and there was no surprise on their faces. It was obvious that the two of them made an appointment to come here.

"Tell me, is there any problem with Xiaoye Ye's medical report?" Fu Jingting looked at Lin Tianchen and said in a deep voice.

Lin Tianchen leaned against the wall on one side, "Luckily, she is fine, she didn't inherit Gu Yaotian's kidney failure."

Hearing his answer, Fu Jingting's tense face finally relaxed a little, "That's good. "

But he wasn't completely reassured.

He still remembered that Gu Yaotian became ill a few months ago.

In other words, Gu Yaotian had no problems with his kidneys in the first fifty years or so, but suddenly.

It shouldn't be all of a sudden, but the kidneys may have begun to change in recent years, but Gu Yaotian didn't notice it. In the end, the kidneys got worse and worse, and they came down.

Thinking of this, Fu Jingting closed his eyes, opened them again, and his eyes were dignified again, "Little Leaf has not found out that she has been inherited, but is there a

possibility that she will be in the next ten years, or twenty years? It was inherited suddenly in a few years, just like Gu Yaotian, he only got sick when he was middle-aged?”

As the head of the Gu family, it is impossible for Gu Yaotian to have not done a detailed physical examination in the past few decades.

Since it was done, but renal failure has never been detected, it means that in the past few decades, Gu Yaotian did not have renal failure.

That is, in recent years, or this year, the genetic disease in the body was suddenly stimulated.

He was worried that Rong Shu would have a similar situation with Gu Yaotian.

Listening to Fu Jingting’s question, Lin Tianchen took out a pack of cigarettes from the pocket of his white coat, took out one and put it in his mouth, then took out another and stretched out to Fu Jingting, “Do you want it?”

Fu Jingting made a gesture of refusal, “No, I quit smoking, Xiao Ye doesn’t like me smoking.”

When he said this, his chin was slightly raised, and the pride in his tone could be heard by anyone.

Lin Tianchen’s spectacle lens was slightly reflective, and he put the cigarette back, “You don’t need to emphasize the last sentence.”

Don’t think that he couldn’t hear it, that was mocking him.

Fu Jingting pretended not to understand what Lin Tianchen was saying, and frowned impatiently and urged, “Okay, hurry up and answer me, will Little Ye Zi be in the same situation as Gu

Yaotian?” Lin Tianchen still didn’t speak, but was holding a lighter Light a cigarette.

Probably the lighter was a little broken. He didn’t light it for a long time, and his face couldn’t help gloomy.

Fu Jingting couldn’t stand it any longer. He reached out from his suit pocket and took out a dark-gold metal lighter with a dragon pattern engraved on the outer shell, and threw it to him.

Lin Tianchen caught it quickly, then opened his hand to take a look, and saw the luxurious lighter in his hand, his eyes brightened, “If I guess correctly, this is a royal family custom made by the Queen of the Eagle Kingdom to symbolize the status of a

prince. There are only two lighters in the world, and they have always been in her son's hands. The other was given to a mysterious person by the queen. I didn't expect that mysterious person to be you."

"A few years ago, I went on a business trip to Eagle Country, I met Queen Eagle once, and she gave me this." Fu Jingting lightly opened his thin lips and explained lightly.

This lighter was the one that Rong Shu took away in the restaurant yesterday.

But in the car this morning, she gave it back to him again, saying that since she believed that he would not smoke again, she naturally had to believe it to the end, so she gave it back to him.

She said she believed he wouldn't smoke again even if he got his lighter back.

This is why, at this moment, he can take out a lighter.

Lin Tianchen picked up his thumb, only to hear the lid of the lighter click open, and the orange flame also rose, reflecting Lin Tianchen's stern face, it was really beautiful.

Lin Tianchen turned his head forward and stretched out the smoke above the flame.

Soon, the cigarette was lit.

In the case of Lin Tianchen's thumb, he closed the lid of the lighter, and then flipped the lighter in his palm to play with it, without returning it to Fu Jingting, "How about giving this lighter to me? Anyway, didn't you quit smoking? Then you also have this lighter. No need, after all, as you are, you don't need to light a cigarette for anyone."

After speaking, he breathed out a smoke ring comfortably.

Maybe the lighter was too expensive. He felt that his cigarettes became much more delicious than usual.

Fu Jingting looked at Lin Tianchen indifferently, his brows furrowed, "You can ask for a lighter, but only if you can give me a satisfactory answer."

"Deal!" Lin Tianchen immediately stopped. After tossing the lighter, he grabbed the lighter with a snap, and finally began to answer his question, "You can rest assured that the situation you just raised in your question should not happen."

"What do you mean?" Fu Jingting Squinting.

Lin Tianchen exhaled another puff of smoke, put the cigarette on his finger, tapped his index finger, shook off the soot and said, "Do you think you can think of any problems that a professional doctor like me can't think of? I ended my contact with you yesterday.

Later, I thought about whether Rong Shu would be sick in the next few decades if there was no problem with Rong Shu, and then I checked the past medical history of the Gu family.”

“Past medical history?” Fu Jingting’s eyes what flashed.

Lin Tianchen nodded slightly, “Yes, the First Hospital Although it is a public hospital, part of the equity is indeed in private hands, that is, my Lin family. The first hospital was founded 80 years ago, when there was still a war, and it was my Lin family who first founded it. The ancestors of my ancestors, the first hospital at that time was not called the first hospital, it was called Lin’s Hospital. It was a completely private hospital and the first private hospital for Western medicine in Haishi. The Gu family was born and raised in Haishi. The old family in the city, they were small landlords 80 years ago, so they look down on private hospitals. For this reason, I went to the database and looked through the information left when the Gu family was in the hospital 80 years ago. It happened that at that time The person who went to the hospital was the great-grandfather of Gu Yaotian, a patient with inherited kidney failure in the Gu family. “

“Oh? “Fu Jingting pursed his thin lips, “Then what? “

When Gu Yaotian’s great-grandfather became ill, he was younger than Gu Yaotian. At that time, Gu Yaotian’s great-grandfather was only in his twenties. According to the data, Gu Yaotian’s great-grandfather knew very well that his own kidney failure was passed down from his ancestors, because his ancestors passed it down every once in a while. Over time, someone will get sick, and the person who treated Gu Yaotian’s great-grandfather at that time was my great-great-grandfather. But my grandfather never saw any kind of genetic disease patient. Gu Yaotian’s great-grandfather was the first one that my great-great-grandfather saw. Therefore, my great-great-grandfather was very interested in Gu Yaotian’s great-grandfather and asked a lot of questions, all recorded in into a notebook. “

How do you know your great-great-grandfather asked a lot of questions and wrote them down in a notebook?” Fu Jingting frowned and looked at him.

“It’s written in the documentation .” Lin Tianchen smoked slowly, “This is the first patient with a genetic disease that my great-great-grandfather has seen. It is a very worthwhile study for my great-great-grandfather and for China. Therefore, it was specially recorded on the medical history of Gu Yaotian’s great-grandfather. “

Completely at ease

Fu Jingting nodded slightly, indicating that the doubt was gone.

Lin Tianchen exhaled a breath of smoke, "So last night, after I got off work, I went to the Lin family's old house and found a notebook left by my great-great-grandfather, which contained the details of their Gu family's genetic medical history as told by Gu Yaotian's great-grandfather. I saw above that the kidney failure of the Gu family is inherited, and it is only passed on to males and not females, and even the children born by the wife who marry and have other people's children will not be inherited."

Hearing this, Fu Jingting's eyes instantly burst into a trace of essence. Mang, there was a little excitement on his originally expressionless face, "Seriously!"

"The record in the notebook should be correct." Lin Tianchen looked at him, "You know, in genetics, The genes of men and women are always different. In this world, there are many kinds of genetic diseases, and it is true that there are cases where males are not passed on to women, or women are not passed on to men. Although it is rare, it does happen."

Fu Jingting smiled. "That is to say, the little leaves will not be inherited, not even me and her children."

"That's right." Lin Tianchen nodded, "If Gu Yaotian's great-grandfather Zeng didn't say nonsense, it is indeed the case, the woman of the Gu family. It will not be inherited, obviously their genes are clean, then they will naturally combine with other people and will not pass the virus on, so you can rest assured. Of course, if you are worried, bring her for a medical examination every year in the future. , just in case."

"I know." Fu Jingting nodded.

He would do this even without Lin Tianchen's reminder.

Don't be afraid of 10,000, just be afraid of what.

But what he heard at the moment was indeed a very big surprise for him, and the big stone in his heart finally fell back.

After that, after Lin Tianchen entrusted Fu Jingting with other major matters related to Rong Shu's body conditioning, the two separated again and left.

As for the lighter, it was naturally given to Lin Tianchen.

For Fu Jingting, lighters are precious, but that's all.

A lighter, as long as it is given, he will not be reluctant to give it up.

At this time, Rong Shu was still waiting for him to return in Fu Jingting's office.

After waiting for nearly ten minutes, she didn't see the man come back. Rong Shu couldn't help but pouted her lips and muttered, "This guy, didn't he say he'll be back in a few minutes? Why haven't he come back yet, where did he go?"

She looked down. Looking at the time on the screen of the mobile phone, the next second, the mobile phone suddenly rang, and an unfamiliar phone number whose address had not yet been displayed called.

When Rong Shu saw this number, her first reaction was to sell it, or it was a scam. She didn't want to pick it up, she just hung up with her finger and hung up.

However, just a few seconds after hanging up, the number called again, and it kept ringing in her hand, like a reminder.

Rong Shu frowned, ready to hang up again.

However, this time, the person on the other end of the phone seemed to know that she was going to hang up, and sent a message while the phone was still ringing.

The message was sent in the form of a text message, and with a ding dong, a pop-up window appeared directly in the middle of the phone screen.

Rong Shu didn't need to click in, she saw the content inside. There was only a short sentence, but the amount of information was very large, which made her complexion change immediately.

I saw that the message said Miss Rong, I am Su Cheng, do you really not answer the phone?

Rong Shu clenched her phone tightly, and bit her lower lip with her teeth, feeling very confused.

It was Sioux City's phone number!

Looking at the still ringing mobile phone screen, and thinking about the text message she just saw, Rong Shu knew that this call had to be answered. After taking a deep breath, she stretched her thumb to the screen.

This time, her fingers were shaking slightly because she was too uneasy.

"Hello?" Rong Shu answered the phone and put the phone to her ear.

On the other end of the phone, Su Cheng's gentle voice came.

The voice is quite young, it doesn't sound like a middle-aged and elderly person in his fifties, but like a vigorous young man, which is also surprising.

“Miss Rong, good evening.” Su Cheng greeted with a smile.

Rong Shu lowered her eyelids, squeezed her palms, suppressed her uneasiness, and made her voice sound calm and natural, “No, it’s so late, what’s the matter with Mr. Su’s call? If I’m not mistaken, now it’s after twelve o’clock in the middle of the night, doesn’t Mr. Su feel that it’s rude to call at this time and disturb others to rest?”

Hearing Rong Shu’s deliberate choking sound, Su Cheng was not angry, and his face was still like a spring breeze. With a normal smile, “I’m sorry Miss Rong, I didn’t think carefully, but I can’t do anything about it. When we first met, I said that I would give Miss Rong two days to think about it. Now it happens to be two days later. No, I couldn’t wait to call, and I didn’t expect it to be night.”

Rong Shu’s face froze, but she didn’t expect Su Cheng to call at this time because of a two-day agreement.

That’s right, it’s twelve o’clock in the middle of the night, and counting the time, it’s exactly two days later, no more or less.

Should she still praise him for having a real sense of time?

Rong Shu didn’t speak. On the other end of the phone, the smile on Su Cheng’s face became a bit more intense, “How about Miss Rong, two days have passed, how are you thinking?”

He still has a face Ask her this!

Rong Shu’s small face was twisted for a moment, and her beautiful almond eyes were bloodshot and red, showing the anger at the moment.

“Mr. Su, before answering your question, shouldn’t you answer me about the parts I produce at the cooperative factory?” Rong Shu clenched her phone tightly and asked coldly.

In the face of her questioning, Su Cheng not only did not feel guilty at all, but laughed out loud, “What Miss Rong said is true.

“Sure enough, it’s you!” The anger on Rong Shu’s face became heavier, and the whole person also stood up from the sofa, clutching the phone tightly with both hands, and roaring at the other end of the phone regardless of her image, “Su Cheng, don’t think that I don’t know why you did this, it’s just to threaten me, make me agree to reconcile and let Su Man go, but I tell you, you dream, I won’t compromise!”

Su Cheng obviously didn’t expect her to do this. Said, the smile on his face suddenly froze, and it soon became completely gloomy, his voice was no longer gentle, and became a bit gloomy, “Miss Rong, are you really like this? You have to know that once

your Tiancheng does not Parts, what will you face? Or do you have the money to fill this hole?"

"Hmph, you don't have to worry about it." Rong Shu sneered sarcastically.

Su Cheng was silent.

He could hear that she didn't seem to be saying angry words on purpose, but that she was really sure to get through this matter.

Did she buy the parts?

Or is she prepared to use the money to get through this crisis?

No, it shouldn't be the former. This kind of parts is not easy to buy, because at the beginning of production, the lo of each company will be engraved first. It takes a long time for her to buy it back and clean up the lo, so there is no need to buy it.

Since she didn't buy the parts, she solved it with money.

As for where she got the money, he probably had a guess in his mind.

"Miss Rong, did you ask Fu Jingting for help?" Old Su Cheng's eyes flashed and he asked tentatively.

If Fu Jingting really took the shot and gave her such a large sum of money, it means that her position in Fu Jingting's heart is deeper than he thought.

Then he can use her again.

However, Rong Shu's next answer made the plan in his heart sink instantly.

The Bombed Sioux City

Rong Shu snorted coldly, "I can handle this matter myself, I don't need to ask him for help."

"What?" On the other end of the phone, Su Cheng was sitting on the sofa with his legs crossed, when he heard this, immediately stood up from the sofa, looking a little anxious, "You didn't ask Fu Jingting to help?"

"I don't want him to help. What is it worth, Mr. Su, you are so excited? Or do you really want me to let him help?" Rong Shu His eyes moved slightly, thinking about something.

Su Cheng squeezed the faucet on the cane, using too much force, the veins on the back of his hand bulged, "That's not true, I'm just surprised that Miss Rong didn't ask Fu Jingting to help, it seems that I underestimated it. Miss Rong, you have more ability and trump card than I imagined."

Rong Shu pursed her red lips, "I can't stand Mr. Su's praise."

Su Cheng listened to her sarcasm . In the middle of the sullen old face, there is also some ruthlessness.

Now, he was almost completely sure that she did not ask Fu Jingting for help.

It seems that he still has to put her plan to use her to deal with Fu Jingting on hold for now.

"Miss Rong." Su Cheng closed his eyes, forcibly suppressed his anger, and sat back on the sofa, "Two days ago, when I left, I said that I would give Miss Rong two days to think about it. Don't promise to reconcile, but now it seems that there is no need for us to meet today."

"We never need to meet." Rong Shu replied without any face.

Old Su Cheng's face was even more ruthless, "Miss Rong is really rude, but I don't know if you have the ability to pay for your rudeness."

Rong Shu's pupils trembled slightly, "Mr. Su's words What do you mean? Could it be that you can't achieve your goal, and you still want to attack me?"

Su Cheng didn't say it outright, but there was something in his words, "Who knows, okay, Miss Rong, I'm calling mainly to know about you, Miss Rong. How are you thinking, now that I know the answer, there is no need to continue this call, so let's go here."

"Wait a minute." Rong Shu suddenly stopped him at this moment.

Su Cheng was still a little surprised, "Is there anything else Miss Rong?"

"Mr. Su, did you forget something?" Rong Shu's eyes showed a trace of anger.

Su Cheng's old face was wrinkled, "What's the matter?"

"Should you give me back the parts you cut off the beard? That's what I spent money on. It's Ming robbing, shouldn't you pay it back? Even if you don't want to pay back the

parts, you should pay the money back, right? There's no such thing in the world if you steal other people's parts and don't give them money!" Rong Shu clenched her hands tightly, her voice cold. Say.

Su Cheng was stunned, obviously he didn't expect that what he heard was such a thing!

Su Cheng still couldn't believe it, "What? You asked me to return the parts or

the money?" "Why not?" Rong Shu pursed her lips, "I made it clear just now that you cut off my parts, but you still haven't. Giving money is robbing, so you either pay back the parts, or give the money to buy them."

Su Cheng laughed angrily, "Joke, you dare to ask me for things and money, to tell you the truth, I have been in the capital for so many years, Su Cheng, I have done many similar things, but no one has ever asked me for money, Miss Rong, you are the first."

"Then I am really honored." Rong Shu's face showed a sarcastic expression, "But listen. Mr. Su just said that it is a very honorable thing to rob someone without giving money? If this is the case, then I will not comment on Mr. Su's character."

She almost bluntly said that Su Cheng's character is not good, he is a robber .

Sioux City has been pampered for decades, and as a status is placed there, no one has ever said that.

He knew that many people were dissatisfied with him and scolded him in private, but no one had ever dared to mock him in front of him.

Good, really good!

"Miss Rong, you are the most daring woman I've ever met. How dare you talk to me like this. I don't care if you have Fu Jingting's backing behind you. In short, I, Su Cheng, took note of this matter. You can do it yourself." Su Cheng smiled sadly and hung up the phone.

Rong Shu also took the phone away from her ear. She didn't have the pleasure of winning Su Cheng on her face. Instead, she just frowned and frowned.

Just now, she seemed a little impulsive.

She only planned to fight for it here in Su City to see if she could get the parts back, and even if she couldn't get it back, she had to fight for a compensation.

But she didn't expect that she underestimated the shamelessness of the old Sucheng, and robbing things had become commonplace, so that in the concept of the old

Sucheng, the thing was robbed, no matter what. There is nothing wrong with him, but if someone asks him to return things, or make him lose money, that is wrong.

In the eyes of an old man like Su Cheng, if he steals other people's things, he looks down on others. Others shouldn't let him pay them back, let alone make him good. Otherwise, others will be extremely sinful.

Because of this, she was disgusted and angry, and she couldn't help it, so she gave this old thing a meaning.

At the time of the connotation, she was relieved, but now that she was relieved, she realized that she was impulsive, her identity was not equal to Su Cheng, and her strength was not equal. If she offended Su Cheng like this, it would undoubtedly be a shame.

And Su Cheng is obviously careful, vengeful, and bad. It is estimated that he will find a way to rectify her next.

However, Rong Shu didn't regret what she did just now. She just didn't use a more subtle way to ridicule Su Cheng, but used the most direct way to leave the handle of hatred.

Thinking about it, Rong Shu scratched her hair in annoyance.

His temperament is still somewhat unstable, and he is easily impulsive.

Going like this, it is definitely not possible, and it is estimated that it will suffer in the future.

But forget it, now that the face has been torn, it is useless to think about it, let's think about how to deal with the revenge of the old man in Sucheng.

"Little Leaf." Just as he was thinking, Fu Jingting's voice came from the door.

Rong Shu's eyes flashed, she immediately adjusted her mind, looked up, and a smile appeared on her face, "I'm back, why has it been so long?"

"I received Zhang Cheng's call on the way." Fu Jingting walked in and said.

Rong Shu snorted and didn't ask any more.

Fu Jingting looked at her beautiful face, and finally his eyes fell on the top of her head, frowning slightly, "Why is the hair messed up?"

"Ah?" Rong Shu reached out and touched the top of her head. .

She remembered that she was irritable and scratched her hair just now. It should be that time when her hair was messy.

While arranging her hair, Rong Shu lowered her eyelids to hide the look in her eyes, and replied with a smile, "It should have been messed up on the armrest of the sofa just now. When you were not around, I leaned on for a while."

Fu Jingting nodded. Without doubting her head, she took off her bag from her shoulders and twisted it by herself, "Okay, let's go home."

"Well." Rong Shu looked at him, smiled and nodded, "Go home."

She Take the initiative to hold the man's hand.

The man was stunned for a moment, then smiled, and clenched her hand in the opposite direction, as if he was afraid that she would get lost in a while.

Seeing this, Rong Shu was full of laughter in her heart, "By the way, when are you going to have a full physical examination too?"

"Me?" go.

Rong Shu nodded quickly, "Yes, you asked me to do a comprehensive physical examination and worried about my body. I am the same. I can't be the only one doing it. You don't do it, right? How unfair!" glanced at him.

It's not a good thing to do a medical examination.

Especially during gastroscopy, she felt the most tormenting.

Fu Jingting looked at the accusatory look in the woman's eyes and fell silent.

Well, he also knew that if he only asked her to do a comprehensive physical examination and did not do it himself, it would indeed make her feel unfair.

At the same time, it will make her suspicious.

That being the case, he seemed to have to agree.

Fu Jingting coughed lightly, "Okay, I'll do it."

Rong Shu heard the words, and she smiled happily, "That's great, wait a few more days, I'll come with you."

Fu Jingting looked at her smiling and his eyes curled up. He shook his head helplessly, "Okay."

It was two o'clock in the morning when we returned to Repulse Bay.

Rong Shu couldn't bear the drowsiness for a long time, and fell asleep in the car on the way.

Even if Repulse Bay arrived, Fu Jingting was not willing to wake her up, but bent over and picked her up, took her into the elevator, and returned to the apartment.

After returning, I removed her makeup, washed her face, brushed her teeth, and wiped herself, and treated her like a little ancestor.

By the time this was done, it was almost three o'clock. Even if Fu Jingting's physical fitness was not good, he couldn't help but feel a little tired.

Fu Jingting lifted the quilt and went to bed, looked down at the feeling of heat, and then consciously burrowed into his arms, the woman in his arms, after a low laugh, said good night, then turned off the light and lay down, put the woman. He hugged her in his arms, closed his eyes and rested.

When I woke up again, it was six in the morning.

Fu Jingting was woken up by a phone call. When he opened it, he saw that the sky was not yet bright. Outside the half-drawn curtains, he could still see the gray sky and the moon.

But Fu Jingting didn't look at it much. He glanced outside, then withdrew his gaze, grabbed the phone, and answered the call.

But instead of putting the phone to his ear, he turned to glance at the woman sleeping in his arms.

Seeing that she wasn't woken up, she spoke with confidence. Of course, her voice was still a little suppressed, "What's the matter?"

"Mr. Fu, that old man has been contacted, and now they have been arrested." On the other end of the phone, Assistant Zhang said in a serious tone.

Hearing this, Fu Jingting squinted his eyes instantly, "I see, I'll go over right away and take good care of people."

“Yes.” Assistant Zhang replied.

Fu Jingting put down the phone and the call ended.

The old thing that Zhang Cheng said just now is the boss of the factory that Rong Shu cooperated with.

After Zhang Cheng knew that Su Cheng’s assistant went to Zhongsi and Yu Tu, he instructed Zhang Cheng to investigate what Su Cheng’s assistant went to these two companies to do, whether he wanted to be detrimental to Rong Shu.

After all, these two companies have cooperated with Rong Shu in the past.

Yesterday day, Zhang Cheng went to Yu Tu’s place, but because Yu Tu was bought back by President Tan, he has not cooperated with Tiancheng, so President Tan said that there was indeed an assistant named Li who went to him and asked him to talk to him. As for Tian Sheng, he left after learning that he had not cooperated with Tian Sheng for two months.

After that, Zhang Cheng went to Zhongsi’s side again. As a result, when he went, he found that Zhongsi’s boss had run away two days ago, and Zhongsi was secretly expedited and sold to others.

So Zhang Cheng went a step late, and he didn’t know what the people in Sucheng did when they went to Zhongsi.

Fortunately, the former boss of Zhongsi didn’t run too far, and was caught by the people sent by Zhang Cheng.

Now, when it’s time to go see that old man, what did he promise Su Cheng, but he still ran away.

If not, he would pry the old thing’s teeth off one by one!

Thinking of this, Fu Jingting’s eyes flashed coldly, but soon disappeared again. Looking at Rong Shu, his eyes regained a soft color, and he stretched out his hand and gently painted the woman’s face with the back of his hand.

It was probably a little itchy, and Rong Shu couldn’t help shrinking her head, her brows furrowed, and she muttered, “Don’t make trouble.”

Fu Jingting chuckled and retracted his hand.

Hearing his laughter, Rong Shu thought she was dreaming at first, until she opened her eyes slightly and saw the man sitting up from the bed, then she realized that the laughter she heard was real , not dreaming.

“Are you going to get up?” Rong Shu breathed and asked.

Fu Jingting snorted, “Zhang Cheng called just now, there are some things that I need to deal with.”

“But it’s not yet dawn.” Rong Shu raised her neck slightly and looked at the opposite French window, where the moon was still hanging high .

Fu Jingting touched her face, “I know, but things are a little urgent, so we have to get over it.”

“That’s it.” Rong Shu blinked, “Well then, you can go.”

Fu Jingting nodded slightly, ” Go to sleep, I think you haven’t woken up very much, it’s only after six o’clock, you can still sleep for a while, I’ll ask someone to bring breakfast, you remember to get it.”

“Well.” Rong Shu called again Ha breathed.

Fu Jingting saw tears welling up from the corners of her yawning eyes, smiled gently, lowered his head and kissed her on the forehead, “Sleep, I’m leaving.” After

saying that, he lifted the quilt and got out of bed, and then he didn’t wear any shoes. , standing beside the bed to make the quilt for her, so as not to catch a cold.

Rong Shu is indeed very sleepy at the moment, her eyes are half-open, and her voice is soft, which makes people’s heart melt, “Okay, pay attention to safety on the road and drive slowly.”

“Okay.” Fu Jingting lowered his head again and kissed her red lips gently. Then he straightened up, looked at her for a while, saw that she closed her eyes and fell asleep again, and then walked out of the room gently. , and left with the stars and the moon.

Two hours after he left, Rong Shu finally woke up.

After waking up, she sat on the bed in a daze, touching her forehead, her eyes full of confusion.

Did she wake up once in the morning and talk to Fu Jingting?

Rong Shu turned around, looked at the position where Fu Jingting had been lying, and reached out to touch it, it was already cold there.

It can be seen that the man has been gone for a long time.

Come to think of it, what I felt just now was not wrong. When the man left in the morning, I did wake up once and said goodbye to the man.

This was the first time for her to say goodbye to a man when he left so early.

Rong Shu smiled.

Many times before, men left early, and when she left, she didn't know it at all, and she had a trace of regret for it.

But now, this regret, it can finally dissipate.

Rong Shu scratched the messy hair on her head, lifted the quilt, got up, walked out of the room, walked to the entrance, and went to get breakfast.

After breakfast, she rested for a while, then changed her clothes, put on makeup and went out, and drove to Tiancheng Group.

Secretary Tong is already waiting for her outside the door of her office.

Seeing her coming, he smiled and said hello, "Chairman, morning."

"Morning." Rong Shu smiled back, and stopped, her eyes fell on Secretary Tong's stomach, "When are you going to go this time?"

Tong The secretary lowered his eyes and replied with a light smile, "This weekend."

Rong Shu hummed, "It's fine on the weekend, finish it early and recover soon."

"The chairman is right." Secretary Tong opened the office door for her.

Rong Shu raised her foot and went in.

Secretary Tong followed behind her, "by the way, chairman, you didn't come up yesterday and said you were going to the hospital for a medical examination. Are you healthy?"

Secretary Tong asked with concern.

Rong Shu felt warm in her heart, and pulled out the office chair to go back, "Don't worry, it's fine, it's just a routine check, don't worry."

"That's good." Secretary Tong nodded, didn't ask, and handed over her today's itinerary past.

Fancy Lu Qi

Rong Shu reached out and took it, and was about to look at it when someone suddenly knocked on the door of the office.

Rong Shu opened the itinerary folder and said softly, "Please come in."

"Chairman." The door of the office opened, and an assistant stood at the door, holding a blue folder in one hand and placing it on the door with the other. With his hands, he reported, "Chairman, President Lu is here and wants to see you."

"Ah?" Rong Shu was stunned for a moment.

How did he come here at this time?

"Chairman" Secretary Tong, who is standing opposite your Rong Shu's desk, suddenly panics at this moment.

Rong Shu looked at her and knew why she was flustered, so she raised her hand and pressed her down, "Secretary Tong, don't be nervous, don't worry, I know what you want to say, you go to my lounge for a while.

", Rong Shu pointed to her own small lounge opposite.

Secretary Tong squeezed his hands, smiled quickly at her, then turned and walked quickly towards her lounge.

Rong Shu looked at Secretary Tong's back and sighed slightly.

Once upon a time, Secretary Tong and Aqi were the best partners.

Now these two people, even the normal meeting has become a luxury.

Rubbing his temples, Rong Shu turned to look at the assistant at the door again, "Where is Ah Qi now?"

"Boss Lu is downstairs, he was going to come up, but President Duan passed by and stopped President Lu. Two people are talking." The assistant replied.

Rong Shu frowned.

Duan Xingbang stopped Ah Qi?

Duan Xingbang stopped Ah Qi, what did he want to do?

Rong Shu's eyes darkened, but soon returned to normal. She smiled at the assistant, "Okay, I understand, you can let Ah Qi come up."

"Yes." The assistant responded and closed the door.

But soon, the door of the office was opened again, and Lu Qi's condescending figure walked in.

A white casual suit with a burgundy shirt inside, no tie, and two buttons unbuttoned at the neckline, revealing a fair chest, and underneath are the same white suit pants as the suit.

But the suit pants were nine-point suit pants, revealing his slender and beautiful ankles.

And under his feet, he also stepped on a pair of white low-top pointed-toe shoes, dressed up as a whole, looking coquettish, coquettish and angry.

Rao was used to seeing Rong Shu dressed up like this by Lu Qi for a long time, but at this moment, he couldn't help but feel a little hot.

Rong Shu held her forehead, "Aren't you cold when you dress like this?"

She showed her chest and ankles again, and she panicked when she saw it.

However, Lu Qi walked towards him with his chin slightly raised, and his walking posture was very arrogant, "Of course it's not cold, I don't feel it at all. Don't you think I'm perfect in this way?"

"He had stopped across from her desk and twirled, doing one of Mike's classic poses for a cool look.

Rong Shu covered her lips and smiled, "I don't think so, I just think you are so cold that the corners of your mouth and ankles are purple."

Lu Qi's mouth twitched, "Oh, don't care about these details, as long as you are handsome, that's all. What's the cold?"

"I'm worried that you are sick." Rong Shu silently supported her forehead.

Lu Qi waved his hand, "No, no, no, I'm a domineering president, how could I be sick."

He raised his face and looked like he was scolding every day.

Rong Shu looked at it and laughed, "You're still a domineering president. You don't look like a domineering president. You're pretty much a playboy. I've never seen a domineering president dressed like you."

In the summer, he just wear enough, show off, flowery shirts, big flowery pants, that's basically the standard.

Unexpectedly, in winter, he is still like this.

This is ridiculous.

However, this is Ah Qi's style. If he changes his style one day, she should worry about whether something is wrong with him.

"Of course you haven't seen them before. After all, those domineering presidents are all old men. How can the old men compare to me." Lu Qi pulled up the chair, sat down opposite her, and hummed disdainfully.

Rong Shu rolled her eyes, "Whoever said that an overbearing president is an old man, Fu Jing."

Having said this, she suddenly realized something, and her words stopped abruptly.

No, she can't mention Fu Jingting in front of him.

Although Ah Qi said that he gave up, he also blessed her and Fu Jingting.

But that doesn't mean that she can mention Fu Jingting in front of him at will.

That is also piercing his heart.

"Sorry Ah Qi, I was just now"

"It's okay." Lu Qi waved his hand, his face still smiling, "You don't have to, I know you want to talk about Fu Jingting, it's okay, you can say, I don't mind, he's your boyfriend, of course you can say him, I can't even ask you to mention your boyfriend for some reason, isn't I too selfish?"

He smiled and showed his big white teeth.

In fact, the moment he heard her mention Fu Jingting's name, he was a little unhappy.

But soon, he adjusted.

As he just said, he can't let her even mention her boyfriend just because he loves her, that's selfish behavior.

He didn't want to be that selfish person. He decided from the beginning that since he loved her, he would make her happy, and Fu Jingting was the one who could make her happy, not him, so he would naturally let go.

So if she is unhappy now because she mentions her boyfriend, she will also be unhappy.

Did n't he break the promise he made to make her happy when he let go?

Seeing that Lu Qi didn't care, Rong Shu's red lips moved, wanting to say something, but in the end she didn't say anything.

Having been a child with him for more than 20 years, she can be said to be the person who knows him best besides his uncle and aunt.

Don't look at how careless and heartless he is smiling at the moment, but he definitely pretended it on purpose.

"Aqi" Rong Shu looked apologetically at the man opposite.

When Lu Qi saw her like this, he knew that she started to blame herself again, and began to feel that she owed him again, and he couldn't help but sighed, "Okay Shushu, let's not talk about this, let's talk about the business, the parts. , today is the last day, if you don't solve it, things will be troublesome, so have you figured out how to solve it?"

Speaking of business, Rong Shu had to get serious and put away the complicated and messy emotional entanglements in her heart. Putting it aside for the time being, he nodded back, "After thinking about it, just use what you suggested last time."

"Mortgage Tiancheng Building?" Lu Qi looked at her in surprise.

Rong Shu shook her head, "No, no, it's not the Tiancheng Building."

"Not Tiansheng?" After hearing this, Lu Qi's surprise finally subsided, and the body that was about to jump up again now. He settled down on the chair, patted his chest, and said with a sigh of relief, "It's fine if it's not Tiansheng. Although I suggested this to you last time, I don't want you to really mortgage Tiansheng. It is an old office building built by your father twenty years ago. Its value is not as good as the new office buildings in recent years, but it is also located in the city center, and its value is immeasurable. Loans are really overkill, and I'm afraid the bank won't let you take the building back."

After all, if the location is here, the value of the building will always exist, so it's not impossible for the bank to get the building. This kind of thing.

Rong Shu pressed his eyebrows, closed his eyes slightly and said, "What you can think of, I can also think of it. It is because I am worried about this that I have no idea of mortgaging this building."

"It's good not to." Lu Tou, Then he became worried again, "But it's not the Tiancheng Building, so what are you going to use as collateral?"

"Rong Family Villa." Rong Shu opened her eyes, and slowly spit out these four words from her red lips.

Lu Qi was slightly startled, "You're going to give that villa to"

"Well." Rong Shu nodded slightly, "That's right."

"But that villa was left by my aunt, are you willing?" Lu Qi looked at her.

Rong Shu put her hair behind her ear, "To be honest, I was reluctant at first, but now that I think about it, I don't seem to be reluctant, that villa was indeed left by my mother, and it is full of all the past that I grew up with. , but those pasts contain a lot of mouse shit."

As she said that, she narrowed her eyes with a hint of disgust in her eyes.

Lu Qi caught it and understood what she meant. He sighed in distress, "Mother and daughter Rong Yuan and Li Xiuzhi.

" It used to be the warmest home for my mother and father's family, but in the end, it was filled with the dirty and dark atmosphere of Li Xiuzhi's mother and daughter. Their mother and daughter dirty the villa, which is why I have never been The reason why I choose to live in Repulse Bay is because there is no trace or smell left by my mother, only the smell of Li Xiuzhi's mother and daughter full of stench, that villa makes me hate it."

"That's right." Lu Qi took a sip from the water glass in front of him, "If it were me, I would hate it too, I'm afraid I would have sold that villa long ago, and I won't be bothered if I don't see it, thanks to you keeping it. "

The corner of Rong Shu's mouth pulled out a self-deprecating arc, "The reason why I kept it was that I kept thinking that it was the villa that my mother bought before her death, and it was also where my mother lived. It was the former home of our family of three, that's all, but Thinking about it now, I really want to be wrong, that villa has long been defiled, and my mother probably doesn't want to keep it."

“Definitely.” Lu Qi looked at her and nodded again and again, “You are Auntie. My daughter, my aunt loved you so much before she died, so she left the villa to you after her death, but I didn’t expect that Li Xiuzhi’s mother and daughter appeared in the villa at the end. They still bullied you in the villa left to you by your aunt, and gave them back to your father. Poisoned, so how could your mother still want to keep that villa? I also support you to mortgage the villa. After all, that villa is really not the villa it used to be. You can mortgage it out, and you won’t have to think about it in the future. “

Yes.” Rong Shu replied softly.

Lu Qi asked again, “By the way, have you ever done a value assessment of that villa?”

Rong Shu also took a sip of the coffee in front of her, “Yes, these two days, I contacted a professional assessor to go to the villa. The evaluation was done over there. Although the villa is also an old villa, it is the same as this building. I went to see it, so in terms of price, it will not be too different from the current villas, there are still 100 million yuan.”

She raised a finger.

Lu Qi smiled, “That’s not bad, at least it’s more than enough to get through this difficult time, but have you made an appointment with the bank?”

“I’ve made an appointment, I’ll go through the mortgage procedures in the afternoon to get a loan.” Rong Shu put down the coffee Cup back.

“I’ll accompany you then. It’s better for two people to talk than one person.” Lu Qi glanced at his watch.

Rong Shu shrugged, “I’m fine, but I heard from my aunt that the Lu family is going to transform recently, so aren’t you busy during this time? Do you have time?”

” Yes.” Lu Qi smiled complacently.

“That’s fine, then let’s go.” Rong Shu had no reason to object, but she remembered something and looked at Lu Qi, “By the way, Aqi, my assistant just said that you were stopped by Duan Xingbang downstairs. , what’s going on? What did he stop you for?”

Hearing this, Lu Qi’s face suddenly turned ugly, he slammed the coffee cup on the table, and complained, “I don’t know that old thing either. What’s wrong, when he saw me, he pulled me to his office and said some inexplicable things to me. At first I didn’t quite understand what he meant, but after thinking about it later, I understood that he was provoking My relationship with you.”

“Provoking my relationship with you?” A look of surprise appeared on Rong Shu’s face, and then she became gloomy.

Lu Qi hummed twice, "That's right, but I didn't like listening to it, so I just left."

Rong Shu frowned deeply and didn't speak. Obviously, she couldn't figure out what Duan Xingbang's operation meant.

Ah Qi is not a Tiansheng person, he just took the vacant position of an empty director in Tiancheng, and does not participate in any management work or internal business of Tiansheng at all.

Therefore, the existence of Aqi is completely no threat to Duan Xingbang.

So why did Duan Xingbang provoke her relationship with Aqi?

What is Duan Xingbang planning?

"Shushu, what do you think?" Lu Qi waved in front of Rong Shu.

Rong Shu's eyes flickered, she regained her senses, she shook her head and smiled slightly, "It's nothing, I'm just thinking about the reason why Duan Xingbang is provoking our relationship."

Lu Qi pouted, "Thinking about these things, that old Duan Xingbang has always disliked us. We do n't like him either, so no matter what he does, we will fight in the end, since we're going to fight anyway, there's no need to think about what he's doing now, just fight him directly."

Rong Shu smiled, "That's right, your words are a bit rough, but the truth is the truth, and it is true that some things are the result anyway, there's really no need to think about the process, just look at the result, it's up to you to see Open, otherwise I'll think about it a lot, and I'll get irritated."

"Yes, I'm just that smart." Lu Qi raised his eyebrows contemptuously at her.

Rong Shu lowered her head and smiled, her heart suddenly became much more relaxed.

She seemed to feel that the way she and Aqi got along seemed to be changing back to the past.

Especially today's Aqi is really no different from the past Aqi.

If it keeps going like this, that's for the best.

On the other side, Fu Jingting walked out of a dark room with a frosty face. Assistant Zhang followed behind him, his face also expressionless.

“President Fu, a handkerchief.” Assistant Zhang wetted a handkerchief with water and handed it to the man in front of him.

The man stopped, turned slightly, grabbed the handkerchief, lowered his head and wiped his hands, then continued walking.

At the back, Assistant Zhang was also wiping his hands with a handkerchief, and while wiping, he said in disgust, “That old man has a really hard mouth, and he was willing to open his mouth until he was really resistant to the pliers. We underestimate him, but Mr. Fu, it’s a matter of pulling a tooth. Just leave it to us, why do you have to do it yourself?”

Hearing this, Fu Jingting, who was walking in front, threw away his dirty handkerchief, ran it over with his leather shoes, and said coldly with his thin lips, “It has something to do with my lover, Of course I have to do it myself.” The

words of a lover instantly made Assistant Zhang speechless, his throat was blocked, and he wanted to slap himself.

This Time, I Will Get My Divorce Chapter 998

Fu Jingting is not happy

Really, I knew that every time President Fu made a perplexing move, it was for Miss Rong.

As a result, I forgot every time, and stupidly went up to ask.

Then when I asked, hehe, a bowl of dog food fell from the sky, you have to eat it if you don’t eat it.

Now Assistant Zhang feels that his mouth is full of dog food.

It seems that in the future, I really need to have a long memory all the time. I should not ask some questions that should not be asked, so as to avoid more psychological damage.

After all, I am still a single dog. What if I hurt too much and I am not interested in finding a girlfriend in the future?

At that time, I wanted to cry without tears.

Thinking of this, Assistant Zhang rubbed his cheeks, suppressing the thoughts of swearing and madness, barely maintaining his usual formulaic smile, and asked again, "Mr. Fu, what do you do with that old thing? ?"

Fu Jingting opened a door and walked out, there was actually a vast parking lot outside.

Fu Jingting fixed his eyes on the car not far away, walked over with his long legs, and said as he walked, "keep it closed first, it will be useful later."

"Yes." Assistant Zhang replied respectfully.

Fu Jingting opened the car door and got into the car. Assistant Zhang also hurriedly went around the front of the car and got into the driver's seat, "Mr. Fu, are you going to Tiancheng Group to find Miss Rong now?"

"No." Fu Jingting narrowed his eyes, his eyes flashing with coldness, "Go to the hotel in Sucheng." After

hearing this, Assistant Zhang paused when he twisted the car key, then turned around in surprise, "Going to the hotel in Sucheng? Mr. Fu, do you want to meet Sucheng?"

Fu Jingting He lowered his eyelids slightly, making it difficult to see the violent storm inside, "He's been here for so long, as the host, how could I not go and see him? Besides, this time, he has angered me, and he actually dared to put him down. Watch out for hitting my woman."

These words made Assistant Zhang nod his head nervously with the enemy, "It's indeed a bit incompetent, to actually cut off the parts of Tiancheng Group, just to use this to threaten Miss Rong and let Su Man go, such a petty pickle method, ordinary The small company is no longer engaged, but he is still using it. People who don't know think that he is not the head of the Su family, but a villain who can't stand on the stage, to threaten a woman with such a shameless strategy. , it's really disgusting."

Isn't that disgusting?

Although in the shopping mall, various conspiracies and intrigues are inevitable.

But there are really very few people who, relying on their wealth, go to suppress some small companies in the way of the smallest people.

Because for them, this method is the worst, and they disdain to use it.

Unexpectedly, people like Su Cheng would use it without any blush or psychological pressure.

After hearing Assistant Zhang's sarcasm, Fu Jingting raised his eyelids slightly, "Is there any surprise? From his past with my mother, isn't it enough to show that he is a scum?"

Assistant Zhang smiled, "President Fu said. The thing is, I'm not as good as you, and it seems that I have to learn."

Fu Jingting ignored his tricks and lowered his eyelids again, "Have you figured out the parts of Xiaoye Ye? Where did Su Cheng move to?"

Assistant Zhang looked at the road ahead, shook his head and replied, "Not yet, I should say, I haven't had time to check, but it should still be in Haishi, according to the explanation of the old thing in the basement, Miss Rong The second time he cooperated with 20 tons of parts, so it is almost impossible to transfer such a huge amount of parts to the market within three days. After all, there are too many procedures and it is very complicated. After the city stole the parts from Miss Rong's company, I immediately asked people to inquire about the various high-speed levels, but I didn't ask about the news of the relevant parts being shipped out of the market, so the parts must still be in the market."

Hearing this, Fu Jingting The frowning frowned slightly relieved, "That's good."

"Don't worry, Mr. Fu." Assistant Zhang turned the steering wheel. "Since we already know what Su Cheng did to Miss Rong, we must pry the parts out of Su Cheng's mouth."

Fu Jingting glanced coolly . He glanced, "What do you mean?"

Rong Shu was his woman, she was bullied and her things were stolen.

Could it be that he, as a man, can't stand by and watch?

It must be to get justice for her and get her things back.

Assistant Zhang pushed his glasses and smiled again, "Mr. Fu, am I trying to comfort you, Miss Rong was bullied, you must be in a bad mood, that's why I said this to comfort you, but say Get up, it's been three days since this happened, and Miss Rong didn't tell you. If we didn't find out that Su Cheng's assistant secretly went to the two companies that she cooperated with, we don't know that Su Cheng took her company. I didn't know what Miss Rong thought, didn't you all get back together, you didn't know about such a big thing, and she didn't ask you for help, can she solve it by

herself ?" As soon as he came out, Fu Jingting's thin lips pursed into a straight line, and there was no sound, making people unable to guess his mood at the moment.

However, it can be seen from the cold aura exuding from his body that he is in a very bad mood at the moment.

Yes, it's really bad.

As Zhang Cheng said just now, if they hadn't found out that Assistant Su Cheng went out, he really doesn't know now that something like this happened in her company.

He still remembered that when she was talking to him on the phone three days ago, he had already heard that she was in a wrong mood at the time, so he specifically asked her if something happened.

But her answer was that nothing happened, just a bit of a contradiction with Duan Xingbang.

It wasn't until now that he realized that she was not in conflict with Duan Xingbang, but Su Cheng. Su Cheng had already cut off the parts, so she was not in a good mood, but in order not to let him know, she took Duan Xingbang up for it. shield.

And he actually believed it!

For this reason, in the past three days, he really thought that she was fine there and nothing happened.

Only now did he know that beneath her smile, she might have been holding back her panic and anxiety.

If the anxious parts can't be returned, Tiancheng will face the result.

Thinking of this, Fu Jingting frowned, feeling sorry for Rong Shu, but also a little angry for her concealment.

He always knew that she didn't want to rely on him to solve some things, so he always respected her and tried not to pay more attention to her company and what happened around her, for fear of making her unhappy and causing her trouble disgust.

He also wanted to tell her many times, don't think it's wrong to ask him for help, it's just unequal in their relationship.

This is wrong thinking.

He is her man, and it is only natural and natural for him to help her, and she is still weak now, so she should have him behind her back even more to support her.

But she was too stubborn. He knew very well that she would not listen to what he said. She was eager to prove that she could solve many things without his help.

But in fact, she is too weak to realize that many things can't be done as she ideals, but every time she sees the confident light in her eyes when she says she can do it, his heart softens. She really let her go and let her do it by herself, to make her own way.

In the end, I didn't expect that my letting go was really wrong, so that now Su Cheng has a chance!

Someone is peeping

Just thinking about it, Assistant Zhang who was driving suddenly said again, "Mr. Fu, you said it's been three days since the incident happened. Has Miss Rong thought of a solution?"

Fu Jingting frowned.

Have you figured out a way?

Based on what he knew about Rong Shu, maybe she thought of a way.

After all, in the past three days, he really did not see anxiety and worry on her face, which was definitely not because of her good acting skills.

The biggest possibility is that she did think of a solution, so she could get along with him so normally, otherwise she would show some absent-mindedness sooner or later and let him notice.

So, she did think of a way.

Just this solution, can it really solve it?

Seeing that Fu Jingting remained silent, Assistant Zhang was not surprised, he turned the steering wheel and continued, "I guess Miss Rong didn't think of a way, based on what we know about Tiancheng today, those parts are very important, and if we can't find them, we will face the problem. The consequences are absolutely extraordinary, so there are only two best ways to solve this problem at present, one is to get the parts back, and the other is to use money to make up for the consequences of missing parts, but Miss Rong may not be able to get that much money. , or in other words, is Miss Rong willing to take it out?"

Speaking of which, Assistant Zhang looked at the man in the back seat from the rearview mirror.

He knew that Mr. Fu's secondary card was given to Miss Rong.

As long as Miss Rong wants, she can brush it at will, at any time.

Therefore, there is no such thing as Miss Rong's inability to take out the money, only whether she is willing to take out the money.

But from his point of view, Miss Rong would definitely not be willing to spend President Fu's money.

Miss Rong was unwilling to tell President Fu about this matter, so how could she be willing to talk about President Fu's money?

Sure enough, Fu Jingting's next answer also confirmed Assistant Zhang's guess.

Fu Jingting lowered his eyes and said softly, "She won't swipe my card."

"I knew it." Assistant Zhang sighed, "I don't know what Miss Rong is stubborn about. It's obvious that you have such a big backer as Mr. Fu, so you have to go for it by yourself, but she is not capable or strong right now. There are many things. If he can't solve it well, why bother?"

If he is Miss Rong, Mr. Fu will be his backer and give himself money, and he will definitely laugh at Yahuazi.

Therefore, he really hated not being able to understand Miss Rong.

"Mr. Fu, do you think Miss Rong still doesn't fully believe you?" Assistant Zhang glanced at Fu Jingting again and guessed.

Fu Jingting's eyes narrowed, and the cold light inside suddenly swept towards him, "Shut up."

What does it mean that you haven't fully believed him yet?

Absolutely not.

Rong Shu must have believed in him wholeheartedly.

Just believing, and don't want to rely too much on him.

But what Zhang Cheng said still made him feel a little uncomfortable.

Assistant Zhang naturally knew that what he said was wrong, he shrank his neck, stopped talking, and drove his car quietly.

Fu Jingting took out his mobile phone, opened WeChat, found Rong Shu and clicked in, as if he wanted to send her something.

But the fingers fell on the typing bar for a long time, and they didn't put it down.

In the end, Fu Jingting took his finger away and logged out of WeChat.

He didn't know how to tell her, how to ask her why she didn't tell him.

Because he knows the reason, it doesn't make sense to ask again.

Let's listen to how she explains it after you get the parts back to her first.

At the same time, he should also make it clear to her about some things, instead of softening his heart just because he saw her confident appearance.

This time, I told him plainly that his soft heart was not a good thing.

At least for her now, absolutely not.

On the other side, after Rong Shu finished processing a document, she suddenly felt a little flustered in her heart, a kind of uneasy feeling.

It's like doing something by yourself and don't want others to know, but others already know that.

"What's wrong?" Looking at Rong Shu's face that suddenly changed, Lu Qi, who was sitting opposite her and was playing games with his mobile phone, asked caringly.

Rong Shu took a sip of coffee and shook her head, "It's okay, I just felt a little flustered, and I'm all right now."

"Are you feeling uncomfortable? Should I call the doctor to come and take a look at it for you?" When she panicked, Lu Qi suddenly became nervous, turned off the game, put away the phone, stood up from the chair, and was about to touch her forehead.

In the lounge opposite, Secretary Tong saw this scene through a crack in the opened door, and his eyes were full of sadness and sourness.

She had always known that Lu was always a gentle man, condescending and frivolous, all of which he deliberately put on for outsiders to see.

And she, who happens to be one of those outsiders, will never be the one whom he treats tenderly.

Secretary Tong's eyelids drooped, and at the same time, he closed the door gently and stopped looking.

I had decided to let it go.

Looking at it now, isn't that still asking for trouble?

Why bother?

Secretary Tong released the door handle, turned around and sat down by the bed in the lounge, bowed his head, and had no response.

In the office, after Rong Shu patted Lu Qi's hand away, he seemed to sense something and turned his head to look at the closed door of the lounge opposite.

Rong Shu was arranging his hair, and when he saw his movements, the movements of his hands stopped abruptly, and his heart sank, and he asked tentatively, "Aqi, what's the matter? What are you looking at?"

Lu Qi didn't look back, but still looked at the door of her lounge, "I was looking at your lounge, and I felt like someone was looking at me just now."

Rong Shu's eyes widened immediately, "Yes, someone will look again. You?"

No, you found it all?

Lu Tou, "Yes, I did sense that someone was looking at me just now." After speaking, he turned his head and squinted at Rong Shu.

Rong Shu was taken aback by the sudden look in his eyes, and the corners of his mouth twitched, "What are you doing?"

"Shu Shu, you seem to be panicking." Lu Qi's eyes narrowed even more, and at the same time he turned his head. Reaching out, "Are you really hiding someone inside?"

"No!" Rong Shu's pupils shrank suddenly, and her voice rose.

Seeing this scene, how could Lu Qi not know that he was right, there was someone hiding in her lounge.

And that man was indeed looking at him just now.

Rong Shu also reacted this time, her answer and actions were too guilty, and it was clear that there was no silver 300 taels here.

I was annoyed for a while.

It's over, it's over, it's over!

At the same time, Secretary Tong in the lounge also heard the movement outside, and the whole person stood up from the bed in a panic, anxious.

How to do?

President Lu realized that he was looking at him just now!

At that moment, wouldn't Lu always come in directly and take her out?

Secretary Tong's face turned pale, and he walked around the lounge anxiously, not knowing what to do.

She was very afraid that President Lu would really come in and arrest her in a while, in case she found out she was pregnant.

That

Secretary Tong's eyes became more frightened, his face paler, his eyes were red, his hands were tightly clasped together, and he silently prayed that Rong Shu could stop Lu Qi and not let Lu Qi find her.

Outside, Rong Shu also knew how serious the consequences of Lu Qi's discovery of Secretary Tong would be, so he would naturally help to stop it.

No, after confirming that there is indeed someone in the lounge, Lu Qi will go to see who is inside.

Seeing this, Rong Shu quickly got up and walked around the desk, trotted in front of Lu Qi, and opened her arms to stop her, "Aqi, what do you want to do?"

Lu Qi stopped, "What else can you do, of course, go and have a look Who are you hiding in there?"

This Time, I Will Get My Divorce Chapter 1000

Where is Tong Xi

“No!” Rong Shu’s face changed, and she immediately refused with a high voice.

In the lounge, Secretary Tong stood nervously behind the door, holding the door handle tightly with both hands, doing a resisting action.

As long as Mr. Lu came over and wanted to open the door, she could immediately block the door and prevent him from entering.

At the same time, she also silently prayed to Rong Shu to do her best, and she must stop Lu Qi and not let Lu Qi come over.

Hearing Rong Shu’s refusal, Lu Qi looked at her even more suspiciously, “Shu Shu, you don’t want me to see, shouldn’t you, you hide a wild man inside?”

Rong Shu’s mouth twitched, “What did you say? What wild man? Am I that kind of person?”

“Then why don’t you let me see?” Lu Qi rolled his eyes.

“You don’t care why, in short, if you can’t do it, you can’t do it.” Rong Shu’s hands were still open, not letting him pass.

Lu Qi raised his arms, “You’re so nervous, could it be that Fu Jingting is inside? But that’s not right, Fu Jingting is your man, you don’t need to hide him inside so that he doesn’t come out to see me, and that guy is used to being jealous. Inside, I came out long ago because I saw me, so it’s impossible to be so calm, so Shushu, who are you hiding inside, don’t do anything to hurt Fu Jingting?”

Rong Shu rolled her eyes, “Do you think it’s possible?”

“Impossible.” Lu Qi quickly shook his head.

“That’s it.” Rong Shu replied speechlessly.

Lu Qi pointed to the lounge behind her, “Since you didn’t hide the wild man inside, and didn’t feel sorry for Fu Jingting, why didn’t you let me go? You even hid the people inside, who is it? So shameful?”

Rong Shu put down her arms, “I won’t tell you who is inside, but what I can tell you is that there is a girl inside, she is a little uncomfortable, so I let her rest in my place I was resting in the room, I probably just finished resting, I wanted to come out, but I saw someone else in my office, so I was embarrassed to come out, after all, she is quite shy.”

“Really?” Lu Qi raised his eyebrows.

Rong Shu glared at him, “Why not? I can’t really betray Fu Jingting, can I?”

“Uh” Lu Qi smiled, “Of course not, well, I trust you, since it’s a girl, I really shouldn’t Go and see, or it would be rude,”

he said.

Rong Shu snorted, “You shouldn’t have gone to see it originally, okay, it’s not too early, it’s lunch time, how about I invite you to dinner?”

Rong Shu raised her wrist and looked at her watch.

She said this to deliberately leave Lu Qi away so that Secretary Tong could find a chance to come out.

Otherwise, in the office all the time, Lu Qi will always be curious about the people in the lounge, and Secretary Tong will be uneasy, afraid of being discovered at any time.

And she will always be afraid of what will happen when the two meet.

So why don’t you just get out of here.

Hearing Rong Shu’s words, Lu Qi couldn’t help lowering his head and rubbing his stomach, “Okay, I’m really hungry, where can I eat? The cafeteria or the restaurant outside.”

Rong Shu smiled and walked to the shelf with the bag , “You are such a big guest, I don’t have the nerve to invite you to eat in the cafeteria, of course, go to the restaurant outside, what do you want to eat?”

“Eat hot pot, it’s cold enough to eat hot pot, that’s enough.” Lu Qi said , licked the corner of his mouth.

Rong Shu nodded, “Yes, not enough. I think you chose to eat hot pot because you were afraid of the cold.”

While speaking, she looked at his open chest and exposed ankles, and laughed playfully. Lu Qi’s eyes widened, and he quickly retorted

, “How is it possible, am I, Lu Qi, the kind of man who is afraid of the cold? I really just want to eat hot pot, it’s not that you are afraid of the cold.”

Afraid of the cold, but insisting on being stubborn, Rong Shu was amused, “Okay, okay, you’re not afraid of the cold, you are the best, right? I was wrong.”

“Hmph, that’s about the same.” Lu Qi raised his chin proudly.

Rong Shu rolled his eyes at him, “Okay, you go out and wait for me first, I’ll change clothes and come.”

“Okay.” Lu nodded, then put his hands in his trouser pockets, and walked out in a dignified manner, walking while returning Hum a song.

Rong Shu looked at his back and shook her head in disbelief. After he went out, she hurried to the lounge.

After coming to the lounge, she raised her hand and knocked on the door, “Secretary Tong, open the door, it’s me.”

Hearing Rong Shu’s voice, Secretary Tong twisted the door handle and opened the door, seeing that it was really Rong Shu outside. Instead of Lu Qi, there was finally some blood on her pale face, “Chairman.”

At the same time as she greeted, she couldn’t help stretching her neck to look behind Rong Shu, as if she was looking for something.

Rong Shu knew what she was looking for without thinking much. She smiled and patted her shoulder soothingly, “Don’t look, Ah Qi has already gone out, don’t be afraid.”

Hearing Rong Shu’s words, Tong The secretary then retracted his gaze and squeezed the corners of his mouth in relief, “Thank you, Chairman, for helping me stop Mr. Lu, and he didn’t let Mr. Lu come over to find me, otherwise the consequences would definitely be serious, and it’s my fault, I shouldn’t have secretly opened the door to take a peek. Otherwise, Mr. Lu would not have noticed that I was looking at him, and he would not have misunderstood Mr. Lu that you hid a man inside and did something wrong to Mr. Fu, and I am sorry to the chairman.”

“Okay, this is not to blame. You, don’t blame yourself, you are saying that you are in my territory, and of course I will help you.” Rong Shu smiled and said, “I have just paid for Aqi, and I will take him out for dinner later, you can stay here again. After a while, you can go out after we have completely left Tiancheng.”

Secretary Tong knew that Rong Shu made this arrangement to prevent himself from going out early and was found by President Lu, and nodded gratefully and replied, “Okay, I see, thank you Director Long.”

“What’s there to thank.” Rong Shu took her hand off her shoulder, “Okay, you are here to rest for a while, I should go, if it’s too late to go out, Ah Qi shoots a carbine, It’s troublesome to see us, let’s go.”

“Goodbye, chairman.” Secretary Tong waved.

Rong Shu also waved his hand, turned around and went to the desk to pack up and was ready to go out.

At the same time, after Lu Qi finished smoking, he suddenly thought of something, turned to look at the assistant secretary's office next to the chairman next door, and narrowed his eyes.

Afterwards, he disposed of the cigarette butts and pushed open the door of the assistant secretary's office.

At this time, it wasn't time to get off work, so Rong Shu's secretary and assistants were all working inside. When they heard the door opened, several people looked up one after another.

Seeing Lu Qi, several people hurriedly asked a question mark, "Director Lu."

Lu nodded as a response, but his eyes moved between these people, as if he was looking for something.

But after looking around, he didn't see any figure, he pursed his lips slightly, "Is Tongxi not here?"

he asked.

The secretary assistants in the office knew that Secretary Tong had been with Lu Qi in the past, and then came to Tian Sheng to become the secretary of the chairman, but they didn't know that Secretary Tong and Lu Qi had broken up now. There is a past relationship between superiors and inferiors.

Therefore, hearing Lu Qi's question, these assistant secretaries answered without concealment, "Director Lu, Secretary-General Tong is with the chairman, didn't you see Secretary-General Tong when you came to the chairman? "
