Chapter 100 Suspected Auntie

As Yunshang expected, the boy rummaged through his body and found only three cents crumpled, not even enough to put some red potion on his own ears, and where would he have the money to go to hospital for Lin Dani.

Looking at the three cents with blood on his hands, the boy sat sadly outside the door of the operating room and shed tears.

"I don't have any money... woo woo, my aunt, I can't save my aunt, woo, my aunt has no money... I let Madam Zhou take it."

The aunt who had scolded Mrs. Zhou before pulled the boy aside, hating the iron for being incompetent, "Dacheng, your aunt is ill, you are the backbone of your aunt, you can't mess up! Don't worry, this is a new society, and the hospital will definitely give it to you. Your aunt was cured to the end."

The boy breathed a sigh of relief and wiped his tears, "Auntie, can you tell the doctor for me to see my aunt first, and I will go out tomorrow to earn money and slowly return it to the doctor..."

"I said how stupid you are! Your aunt is an employee of a shoe factory. You can go through the hospitalization procedures by depositing your work permit in the hospital. You can go back and ask the factory to make a certificate!"

"Auntie, my aunt's work permit is not with me." Dacheng gritted his teeth and said, "In the hands of Mrs. Zhou, she uses her work permit to collect my aunt's salary every month!"

The aunt did not expect this to happen. She glanced at the door of the operating room and whispered to Dacheng, "It's alright, the hospital will definitely save your aunt first. You should go to the Women's Federation now, and let the comrades of the Women's Federation come forward to get your aunt's work permit. If you want to come back, or your aunt can't handle the hospitalization procedures."

Dacheng nodded again and again, the aunt looked at his drooping ears, took out five yuan from her pocket and stuffed it, "Your aunt didn't come out so quickly, you should look at the ears first, and then go to the Women's Federation."

Seeing that Dacheng's lips were shaking and he couldn't speak, the aunt touched his shoulder, "This money is lent to you by the aunt, just wait until your aunt pays the salary next month and return it to the aunt."

Yun Chang and Gu Shinian stood by and watched all this, and neither of them had any intention of helping Dacheng and Lin Dani pay for their medical expenses.

Obviously, the aunt and nephew have not yet reached the time when they have nowhere to go.

Lin Dani has a job, so she can put her work permit in the hospital and let the hospital deduct her next month's salary to cover the medical expenses.

As a family member of Lin Dani, Dacheng's medical expenses can also be deducted from Lin Dani's salary.

Anyway, Lin Dani's work permit has always been in Madam Zhou's hands. Even if Yun Chang and Gu Shinian helped the aunt and nephew to pay for the medical expenses, Lin Dani would not be able to get her own salary, and she would have been cheap for Madam Zhou.

If the hospital negotiated with the shoe factory and directly deducted Lin Dani's salary from the factory, even if Mrs. Zhou had a falling out, she would have no way to get the money.

Moreover, the aunt of the joint defense team also gave Dacheng some advice. If Dacheng could use Lin Dani to be hospitalized, Mrs. Zhou would not only pay no medical bills, but also file a complaint with her work permit for preventing Lin Dani from going through the hospitalization procedures. They will intervene in the investigation, and while helping Lin Dani recover her work permit and salary, she can also beat and beat Mrs. Zhou, so that their aunts and nephews will have a much better life in the future.

Under such a premise, Yun Chang and Gu Shinian would naturally not interfere in Lin Dani's family affairs.

The aunt of the joint defense team helped Dacheng to make a move, and soon went out to patrol the streets in a hurry, and Dacheng walked over to Gu Shinian and Yunshang with five yuan in hand, and thanked them again and again with tears.

Gu Shinian didn't have a serious face, "Your ear wound is too big, go to the doctor to stitch it up, my sister and I are here to watch your aunt for you."

Dacheng nodded, turned around and walked a few steps, then hurriedly turned around and came back, "Comrade, what's your name? I, my name is Dacheng, I'm nine years old this year..."

Yun Chang squinted his eyes.

Are you nine years old?

Judging from his size, he is only six or seven years old. How can he look like a nine-year-old child?

A surprised look flashed in Gu Shinian's eyes, and then he said with a smile, "My name is Gu Shinian, two years older than you. This is my sister, Yun Chang, who is five years old this year."

Dacheng looked at Yunshang who was only a little shorter than himself,

He scratched his head a little embarrassedly, then grinned, turned around and ran to look at his ears.

Yun Chang turned around and stared at Gu Shinian for a moment, until he raised his eyebrows to look over, and then asked with a serious face:

"Second brother Gu, did you know Dacheng or Lin Dani before?"

"Why did you ask so?"

"You're not a nosy person!"

Now, not only is he meddling in Dacheng's business, but he has also sent Lin Dani to the hospital with people from the Joint Defense Team for the first time ever.

Gu Shinian squatted down, stared at Yun Chang's face for a long time, and asked in Yun Chang's increasingly puzzled eyes, "Ah Chang, do you think Lin Dani looks familiar?"

"Second brother Gu also thinks so?"

Yun Chang asked in surprise, then frowned, "I found it at Lin Dani's house before, but I just can't remember where I saw her. Second brother Gu, who do you think this Lin Dani looks like?"

Gu Shinian sighed, raised his hand and stroked Yun Chang's eyebrows, "Ah Chang, then Lin Dani is very similar to you..."

"Like me?"

Yun Chang was really startled this time, raised her hand to touch her face, her eyes panicked.

She is not the child of Yun Dachuan and Widow Wang, and now there is a Lin Dani who is very similar to her. Could her life experience be related to Lin Dani?

"...Second brother Gu, do I really look alike to Lin Dani?"

Gu Shinian nodded and shook his head again, "Actually, you and Lin Dani are not the most similar... Ah Chang, do you remember Aunt Wen Jin?"

"My aunt?" Yun Chang wondered, "Second brother Gu, you mean... Lin Dani is more like my aunt?"

Gu Shinian nodded again, "Like, very similar, the facial features are almost identical."

Yun Chang opened her mouth and couldn't come back to her senses for a long time.

My aunt had a bad heart and died at the age of twenty-five.

Yun Chang was only six years old at the time, and because of her age, she had little impression of her aunt.

Listening to Gu Shinian talking about my aunt at this moment, there is only a hazy figure in Yun Chang's mind, and the others don't know anything.

"You were not yet six years old at that time, so you may not have a very deep memory of Aunt Wenjin. In fact, Aunt Wenjin didn't die, but disappeared in the ward. Later, the Wen family, the Yun family, and our Gu family, the three families have worked together to search for a long time, but they have not found any trace of Aunt Wenjin."

"Second brother Gu, you mean, is it possible that Lin Dani is my aunt?"

"No." Gu Shinian shook his head in denial, "Although Aunt Wen Jin grew up in a hospital, and was favored by your grandparents, she is a little innocent, but she is not a weak person at heart. This Lin Dani can't even keep her own salary, so cowardly. Incompetent, how could it be Aunt Wenjin?"
