Chapter 121 Angry

Old Wang's clothes softened, and the old party secretary and the village chief were in harmony. The two families finally decided that the old Wang family would pay the widow Wang 20 yuan every year, plus 100 catties of food rations, for ten years in a row. If there is not enough food, money can also be used for food.

After this matter was settled, all the faces of the Lao Wang family were blackened.

Especially Wang Lao Er and his wife, they looked at Xu Dalan like a wolf saw raw meat, so they almost rushed over and tore her apart.

Yun Chang held back a smile and lowered his head.

In fact, after careful calculation, the rations given to Xu Dalan by the old Wang family are really not that much. According to the ration per half a catty, the widow Wang had to eat 15 catties of grain every month. The Wang family only gives 100 catties of rations every year, which is far from enough.

It's just that now is the most difficult period. Almost every household is short of food. It is beyond Yunshang's expectations to be able to pick up so much food from Lao Wang's house.

She is not worried that the old Wang family will starve to death because of debts.

With the selfish and mean "sex" of old man Wang, he will definitely take care of his own belly first, and then he will put together a piece of food for the widow Wang's "wife". Moreover, the rations for the past ten years, the old Wang family estimated that it would take twenty years before they would be given out one after another, or if their hearts were a little darker, they would simply refuse to pay them in a few years.

But these are things in the future, and there will naturally be other solutions at that time.

Yun Chang smiled and walked out of the door of Lao Yun's house, holding the ruler and the sole of her shoes in her arms, feeling extremely comfortable.

Even the mud on the roadside after melting snow doesn't feel annoying anymore.

After entering the village, the village chief and Gu Shinian whispered a few words, and went straight back to the back village without entering the door to drink hot water to rest.

A few people entered the door, Yun Erchuan was making briquettes in the yard with a mold, and Yun Shuilian rolled up his sleeves and started to play.

Seeing the ruler in Yunshang's hand and the cotton bag in Gu Shinian's hand, Yun Shuilian quickly washed her hands and took it over.

"It's alright now, there's cotton, I can make a new padded jacket for Chang'er next day."

"Gu, I want a red padded jacket! Bright!"

Seeing that she was still thinking about the piece of red floral fabric from last time, Yun Shuilian couldn't help but pursed her lips and smiled, "Okay, I'll make you a padded jacket with that red floral fabric!"

Yun Chang leaned on the door frame and glanced at the house,

Seeing that the old lady was cooking, she jumped in and hugged the old lady's waist, until the old lady was busy adding fire and pulled her away from her arms, and then she jumped to find Yun Shuilian again.

"Gu, it's almost time to eat, what will your second aunt give Shuanzi?"

Speaking of Li Hongmei, the smile on Yun Shuilian's face faded a little, "What else can I eat, either pickles at Wowotou, or boiled cabbage leaves at Wowotou... At most, I can make a bowl of wheat milk for Shuanzi after meals. Refined."

Yun Chang was lying on the edge of the kang, raised her arms, and held her head with both hands, "Gu, it's not good for Shuanzi to eat wowotou, you have to eat some fine grains to make up for it."

Yun Shuilian raised her head and glanced at the old lady beside the stove, then bent down and said against Yun Chang's ear:

"Shangnan, Shuanzi is raised by your second uncle, keep your grains and eat them slowly, don't always think about Shuanzi. Even if you think about Shuanzi, your second aunt won't accept your love. "You're still scolding you behind your back!"

Yun Shuilian recalled that when she went back last night, Shuan Zi rubbed her red and swollen eyes from crying, avoided Li Hongmei, and followed Li Hongmei's words of scolding Yunshang.

Although Shuanzi is still unclear about many words, Yun Shuilian still knows what Li Hongmei has scolded.

Worried about angering the old couple, Yun Shuilian endured her anger and didn't dare to "disclose" the matter.

Hearing Yun Chang thinking about replenishing Shuanzi at this moment, Yun Shuilian felt even more uncomfortable.

Yun Chang didn't miss the annoyed look in Yun Shuilian's eyes, she blinked and asked suddenly, "Aunt, did the second aunt scold me?"

Yun Shuilian was stunned for a moment, then reached out and pinched Yun Chang's face, "You are a genius!"

Yun Chang pouted, "Gu, I'm angry!"

Yun Shuilian held back her laughter, "Then what should I do? How can Chang Nan be relieved?"

"Gu, I want to be greedy for Second Aunt!" Yun Chang sternly assigned Yun Shuilian a task, "The milk steamed white rice for me, and Gu went to deliver it to Shuanzi. Just in front of Second Aunt. Feed Shuanzi to finish eating. Be sure to feed it in front of Second Aunt! Tell Shuanzi, it was saved from my mouth."

Yun Shuilian was dumbfounded, what kind of "operation" is Yun Chang doing?

Knowing that Li Hongmei was scolding her behind her back, why did she send food to Li Hongmei's son?

Are you greedy for Li Hongmei, or are you giving Li Hongmei a favor?

Even if Shuanzi is Yun Shuilian's nephew, she can't help but feel sorry for Yun Chang at this moment.

The "sex" of Changnan... is really too soft.

Yun Chang thought about it for a while, lying in Yun Shuilian's ear and said, "Gu, I will give Shuanzi white rice, so that the second uncle can work harder for me! There are still two thousand catties of coal to be shipped in after two days. If the second uncle quits his job, who will I ask to make briquettes for me?

On the other side of Grandpa and "Milk", I was eating white rice, but Shuanzi was eating at home, and Grandpa and "Milk" couldn't wait to go home. "

What Yun Chang didn't have was that she wanted Yun Shuilian to deliver food to Shuanzi. First, she felt distressed for Shuanzi, and secondly, she deliberately wanted to respond to Li Hongmei.

Then Li Hongmei was scolding her behind her back, how could she make Li Hongmei feel at ease.

Instead of explaining that Yun Erchuan, the father, brought Shuanzi here, he instead asked Yun Shuilian to come forward to give Shuanzi something to eat. Isn't that just to add a block to Li Hongmei's heart.

Once Yun Shuilian took a defensive posture and fed Shuanzi with white rice in front of Li Hongmei, Li Hongmei's awkward "sex" didn't know how much she had to make up for it.

At that time, Li Hongmei will definitely misinterpret Yunshang's "good intentions", thinking that she is deliberately acting for the rest of the Lao Yun family to achieve the purpose of isolating her.

Well, although Yunshang really thinks so, but it can make Li Hongmei suffer from pain, and can't let go of fire, which is still very refreshing.

Yun Shuilian didn't know what the hell Yun Chang was trying to do, but her niece had just such a request, and Yun Shuilian would naturally satisfy it.

At this moment, the old lady had brought Yunshang's rice out of the pot. Yunshang found the lunch box, dug up half a box of rice secretly, and stuffed it with Yun Shuilian, asking her to send it back to Shuanzi.

.....

In the old Yun's house, Li Hongmei had just put the wowotou on the table when Yun Shuilian entered the door with the lunch box in her hand. Seeing Li Hongmei stuffing wowotou into Shuanzi's hand, she immediately went up to the kang with a smile, put the lunchbox in front of Shuanzi, and opened it. cover.

The fragrance of the enticing rice overflowed instantly, and Li Hongmei stared straight at it.

Before she could speak, Yun Shuilian had already stretched out her hand to protect the lunch box, blocking her sight, and said to Shuan Zi with her head down:

"Shuanzi, look, this is the white rice that your sister Yunshang saved you from your mouth. It's much better than Wowotou! Come and try it... My sister also explained that these rice are all yours, don't worry. You can't eat it for anyone else!"

Li Hongmei: "...". Does this other person refer to me? What does she mean, is she afraid that I will grab food from my son?

Yun Shuilian continued without raising her head: "Shuanzi, look, elder sister is so kind to you, you must remember elder sister's kindness and repay her when you grow up!"

Li Hongmei: "...". This is to teach my son to be filial to that bastard?

"Shuanzi, if someone scolds my sister in the future, remember to call her back! Otherwise, I will be sorry for the food that my sister saved you from her mouth!"

Li Hongmei: "... This is to instigate my son to beat me?

Omg! So angry!

Chapter 122: Anger

Li Hongmei's face flushed with anger, she bit her head fiercely, closed her eyes, and swallowed hard.

Out of sight out of mind!

If you can't see it, you won't panic.

Just as Li Hongmei comforted herself, Yun Shuilian's voice came into her ears again, "Shuanzi, is white rice delicious?"

Immediately afterwards, Shuanzi replied angrily with a "milk" voice: "Good time... No no, time!"

"Shuanzi, it's my aunt, no no no."

"No no." Shuanzi corrected insincerely, and continued to grab the white rice and stuff it into Yun Shuilian's mouth, "No, no, time."

Listening to the interaction between the aunts and nephews, Li Hongmei's whole face began to distort.

In the past, when Shuanzi called Yun Shuilian 'no no', it would always make the old Yun family laugh, and Li Hongmei would also laugh, but now Li Hongmei not only didn't feel like laughing, but felt a burning face on her face. hot.

Sitting at the same dining table, her son kept feeding Yun Shuilian, but he didn't even look at her.

Especially last night, in front of Shuanzi, she scolded Yunshang for all the things that were bought with dirty money, but now her son is picking up the lunch box and eating the food bought with dirty money is so delicious. It made Li Hongmei feel like she was being slapped severely in public.

There are all kinds of tastes in my heart, and the feeling is to the extreme.

Li Hongmei took a deep breath and tried to relax her twisted and stiff facial expression, "Shuilian, if you have any opinion on me, just be straight, there is no need to be so yin and yang..."

"Why am I so yin and yang?" Yun Shuilian raised her head in surprise, "What can I have an opinion on you? Haven't you always had an opinion on me? Yesterday, you deliberately beat the emboli to give me a face. Look, if there is fire, you can just come at me, what's the matter with the embolus!"

Li Hongmei's mouth moved, and she didn't know what to do for a while.

Didn't she get mad at her for hitting the embolus yesterday?

But at that time, she really shook her face at Yun Shuilian.

Moreover, she did not have no opinion on Yun Shuilian in her heart.

Which girl in this town is like a cloud water lotus,

She's eighteen, not only does she not earn work points, but she also has to spend money for her to go to school?

The old Yun family's background was already weak, and if they offered a girl who went to school in the county, life would be even tighter.

As the main labor of this family, she can't have any opinions?

Yun Shuilian didn't look at Li Hongmei's black face, and continued: "If you get mad at me, I won't blame you, my family is not well-off, I go to the county to study and spend money, you have opinions on me, slap me in the face, my parents and I can accommodate you. But why do you feel that your parents owe you, and you beat the eldest grandson of our Lao Yun family when something happens?"

Mother takes care of you to take care of your children, and father earns work points to help you support the family. You are used to five people and six people and don't know what your surname is?

Then Li Yuxiang came to the house to make trouble, and the mother was bullied and almost breathed out. You still controlled the second brother not to let him come forward to his father and mother, and dragged him to hide away. What's the matter with you, father and mother?

The son is not useful, the daughter-in-law is not filial, the parents feel aggrieved and go out to avoid the two, why do you still have the face to blame them for leaving you?

Parents go to Qiancun to put two houses and cook two meals for our eldest granddaughter of the Lao Yun family, and you scold Chang Nan in front of Shuanzi. The words you scold can't even be scolded by outsiders. How can you be so dirty? So, how can you scold those words!

Chang Nan doesn't have to pick you up to get on with her life! If you really don't look down on Shangnan, return the "milk" essence to Shangnan. Don't get up early in the morning and drink a bowl of Heijian and drink it to Shuanzi, while scolding Shangnan behind your back.

Those who don't pay attention are eating with a bowl, putting down chopsticks and scolding mother, you are still holding a bowl, and you start scolding people with a slap of your mouth. "

Yun Shuilian has a docile temperament, she always has a smile on her face when she sees people, and she speaks softly, hardly ever speaking loudly to anyone.

At this moment, she was sitting in front of the kang table with a cold face, and she threw out a line of incomparable accusations from her mouth, almost scolding Li Hongmei.

Li Hongmei stared blankly at Yun Shuilian, feeling that these harsh words were like knives, stabbing her heart, almost revealing her most secret thoughts in front of others.

She opened her mouth wide, and it took a long time to squeeze out a few words, "I... No, I didn't welcome..."

"You don't have anything? Didn't stop the second brother from letting him show up to his parents? Didn't watch his parents get bullied? Or scolded Chang Nan for learning from his sister-in-law, and it wasn't you who did something embarrassing with Comrade Gu? Blame Chang Nan's money for

buying things is dirty money, and scolding Shang Nan for being a bastard, these words are not yours?"

Every time Yun Shuilian asked a question, Li Hongmei's face turned pale, and finally she was stunned for a long time, her eyes slowly turned to Shuanzi's face, and asked, "Did... Shuanzi learn to speak with you?"

"You can scold Shangnan without Shuanzi? You never thought that you would spread these words out. What will Shangnan be like in the future? Let's be ashamed of our old Yun family? Senior, you scolded Shangnan like this in front of Shuanzi, will Shuanzi and Shangnan still live together in the future?"

Li Hongmei really didn't expect that if she scolded Yun Chang, she would be thrown out by Shuanzi. At this moment, Yun Shuilian asked her face, and she was half ashamed and angry without saying a word.

At the same time, Li Hongmei was also terrified. Fortunately, the words she scolded Yun Chang only reached Yun Shuilian's ears. If it reached the ears of the old couple of the Yun family or Yun Erchuan, she would have to get a fist from Yun Erchuan.

.....

The old lady brought the food to the table, called the three grandparents who were busy in the yard to come back for dinner, and urged Yunshang to wash her hands and get on the kang quickly.

After Mr. Yun entered the door, seeing only Yun Chang and the old lady sitting at the kang table, he asked curiously, "Shangnan, where is your aunt? Why haven't you seen anyone for a while?"

"Master, my aunt went to Houcun'er to deliver white rice to Shuanzi. It's been a while!"

Yun Erchuan was about to push the door and come in. He listened to what Yun Chang said. He wanted Yun Chang not to eat something delicious, so he was thinking about Shuanzi, but the corners of his upturned mouth revealed the joy that he couldn't hide. mood.

The old man glanced at Yun Erchuan, sighed, and said to the old lady, "Next time you stop Shuilian a little, don't always rely on the "sex" of Chang Nan. Now that refined grain is so rare, Comrade Gu can only get it in total Come so much, you can't let Changnan use it to show mercy. It's not good. "

The old lady nodded, "I should have asked when Changnan was holding the water lotus and muttering. These two children will take advantage of the loopholes! If I hadn't brought the dishes to the table, I wouldn't have known that the steamed white rice was stolen by thieves. It's gone!"

Yun Chang was trained, and hurriedly smiled at the old couple.

He tilted his head and saw Yun Shuilian walking into the yard from the window, and immediately threw the pot out:

"Master, 'milk', my aunt is back, stop arguing with me, hurry up and arguing with my aunt! It's too slow to deliver a meal!"

Chapter 123 Selling Grain

Yun Chang suffered, and hurriedly smiled at the old couple.

When he tilted his head and saw the figure of Yun Shuilian entering the yard, he immediately threw the pot out:

"Master, 'milk', my aunt is back, stop arguing with me, hurry up and arguing with my aunt! It's too slow to deliver a meal!"

After Yun Shuilian entered the door, she was really cleaned up by the old couple, Yun Shuilian didn't care, she blinked at Yun Chang, lowered her head and nibbled on the wowtou sweetly.

Yun Chang felt bad in her heart, avoided people, and secretly stuffed a handful of big white rabbit "milk" candy into Yun Shuilian's pocket, in exchange for Yun Shuilian's good "kneading".

In the end, the old lady couldn't see it, and she just rescued Yun Chang from Yun Shuilian's arms.

Yun Chang "touched" her face that was rubbed red by Yun Shuilian, and then leaned over to ask Yun Shuilian, "Gu, what's wrong with Second Aunt, has she scolded me yet?"

In fact, what she wanted to ask was whether Li Hongmei was greeted.

Just facing Yun Shuilian, Yun Chang felt that she had to be a little more subtle and not be too straightforward, lest she break the character of her caring Shuanzi, benevolent and sincere.

Yun Shuilian didn't know what Yun Chang was thinking, so she didn't talk about Li Hongmei being scolded by her, she said with a smile, "Don't worry, if your aunt is here, how can your second aunt scold you in front of your aunt? ."

"Is the second aunt unhappy?" Yun Chang continued to talk reluctantly.

Yun Shuilian seemed to hear the smell this time, her eyes flashed, and she leaned into Yun Chang's ear and said, "Your second aunt's face is so long. According to your "milk", it is your second aunt. That face "color" can open a sauce shop!"

Yun Chang endured and endured, but still couldn't help laughing.

The sauce shop can be opened!

Isn't the color "color" both blue and black?

It seems that Li Hongmei was really dismayed.

Yun Chang didn't know that Yun Shuilian grabbed Li Hongmei and yelled at her. Seeing that Yun Shuilian had been looking at her with a smile, she quickly put away the smile on her face and said to Yun Shuilian seriously:

"Gu, you look so good when you smile! I have to say to me when I look back, "My aunt is so good-looking, I must choose a good husband's house for my aunt!"

Yun Shuilian: "..."

...

It was sunny for two days in a row.

The snow on the ground has almost melted away.

At night, the temperature suddenly dropped again, and the wind picked up again. As soon as I went out, the chilly air rushed towards my face, as if to penetrate the chill into the cracks of Rao's bones.

Gu Shinian took Yun Chang out of the village chief's house, and walked out of the village with the dim yellow light of the flashlight.

After leaving the village, the two rushed to the town on bicycles, and then found the off-road vehicle in the free space on the Wurao road, and drove the car all the way to the county seat.

It was almost twelve o'clock when we arrived at the county seat, and apart from the occasional patrolling with flashlights passing by, there was not even half a person to be seen.

Yunshang put away the car and followed Gu Shinian all the way around the alley, and soon arrived at the door of the county transportation company.

The light in the reception room was still on, but no one could be seen on the window. Yun Chang quietly tapped out his spiritual power, and found that the guard was half-sleeping on the bed, so he quickly pulled Gu Shinian and slipped in against the wall.

Seven or eight large trucks were parked in a row in the spacious courtyard of the transportation company. The two of them looked at each other one by one. Finally, they put the truck in the innermost part of the yard into the space and quietly slipped out of the door of the transportation company.

"Second brother Gu, is it just the two of us? Do you want someone to act as a driver?" Yun Chang pointed, pointing to the direction of the reception room, "There are *blocked keywords* in the space."

Gu Shinian's mouth twitched slightly, and he looked at Yun Chang for a while, and finally said in a very indescribable tone:

"...No need. The driver drove the car in the middle of the night. He was looking for a place in the town to seize the time to rest for a while, and he could get there without accompanying us and waiting for the villagers to unload the food."

Yun Chang blinked, then raised her hand to cover her face, lying in Gu Shinian's arms and couldn't get up.

Gu Shinian couldn't help laughing, "Ah Chang, second brother didn't laugh at you."

"..."

fraud! Do you think I can't hear the teasing in your tone!

"A Chang, out of the county."

Yun Chang raised her head this time, looked around, and confirmed that Gu Shinian didn't coax her, so she took out the off-road vehicle from the space.

The road conditions from the county seat to the town were not bad, and there were no cars on the road, so Gu Shinian stepped on the accelerator and galloped towards the town.

Yunshang sat in the passenger seat, consciousness entered the space, first unloaded the license plate of the big truck, and then loaded the bags of grain and coal prepared early in the morning into the car, ready to leave the town for unloading.

When approaching the town, Yun Chang put the off-road vehicle into the space, and the two of them walked towards the fork in the town leading to Xinglin Village in the dark again.

At the same time, dozens of flatbed trucks and three bullock carts left Xinglin Village one after another, moving silently and quickly towards the town.

The village chief flashed a flashlight and walked at the front, followed by the thirty or so most sturdy guys.

Everyone knows that this time I went to the town to carry food. All of them were staring at each other, eager to put on their wings and fly over to transport the food back to the village.

The group rushed all the way, and soon arrived at the appointed place. At this time, a large truck was parked on the side of the road, and the contents of the truck were as high as mountains.

As soon as the village chief walked over with the flashlight in his hand, Gu Shinian pushed open the door of the big truck and jumped out of the cab.

"Comrade Gu, when did your uncle and the others arrive? Have you waited for a long time?" The village chief leaned over and asked in a low voice.

"It's been almost an hour. It's not snowing for my uncles. The road conditions are good from Anxi, so we can drive faster."

Gu Shinian looked behind the village chief, saw a long row of flatbed trucks lined up far away, and quickly pointed to the big truck behind him and continued, "Village chief, it's getting late, let's move the food first."

The village chief glanced at the grain on the truck's bucket, and then looked in the direction of the cab. "Comrade Gu, how much is this grain? If you just move it like this, how will the money be calculated later? Your uncle, isn't it in the car?"

"Village Chief, there is a scale on the truck, we will weigh it by ourselves later, and then give me the food money and go to school. I'm making up sleep in town right now."

Seeing that Gu Shinian's side had all been arranged, the village chief was relieved and stopped delaying the time. He turned around and arranged for the strong guys who came over to get on the truck to carry food.

"Village Chief, there are a few hemp-packed coals in the car. I may have to trouble everyone to help Ah Chang pull back..."

"Hey, what's the matter? Isn't it just a few more sacks? I'll arrange for the car to help the girl to pull it back later."

The village chief looked at the bags that were quickly weighed, and then loaded the food into the car immediately. The folds on Gao Xin's face were all shallow. Now, instead of helping Yun Chang pull a few sacks, he is helping Yun Chang pull a mountain. It is estimated that The village chief would agree without blinking.

Chapter 124 Grain distribution

The strong guys are quick to work, and in less than half an hour, nearly 10,000 catties of grain are finished and loaded onto a flatbed truck.

The group also knew the severity, even if they were so excited that they wanted to howl to express their joy in their hearts, they still tried their best to restrain their emotions and quietly stood by the car, not daring to make a sound to disturb the silent night.

After the village chief checked the scales, he pulled the old accountant and climbed into the cab of the big truck together.

With the light of the flashlight, the two spread out the cloth bag that had been in their arms all night, ready to settle the food money to Gu Shinian.

The old accountant first handed Gu Shinian the documents that registered the type of grain and the number of scales:

"Comrade Gu, this is the list I weighed just now, 15 bags of sweet potatoes, 2,300 jin, and seven bags of Dashan "medicine" eggs, 1,000 jin. Shelled sorghum rice, millet, buckwheat, oats , there are 4,300 catties, corn with cob, 1100 catties, brown rice, 800 catties, you can see if this scale is correct."

Gu Shinian took out the notebook from the seat, glanced at it, and nodded, "The village chief, the accountant, and the scales are all correct. My uncle registered the same number."

The old accountant took out the abacus that he had held all night and turned it halfway, finally shaking his hands, he counted five times before he counted out a stack of banknotes and handed it to Gu Shinian:

"...Comrade Gu, this is 6,600 yuan. Do you think it's that much money? Let's see if the amount is correct."

The expression on the old accountant's face was extremely painful, and even when Gu Shinian took the money, the corner of his mouth grinned fiercely. If it wasn't for his strong restraint, he would have almost rushed up and grabbed the money back. .

Yun Chang wanted to laugh when she saw it by the side, and quickly turned her head out of the car window, no longer looking at the twisted face of the old accountant.

Gu Shinian counted it carefully and confirmed that the number was correct. He put the money in his notebook, took out a blue cloth bag from the car, put the notebook and money in it, folded it carefully, and put it in his arms. inside.

Seeing that both the silver and the goods were finished, the village chief sighed and said to Gu Shinian with a look of happiness, "Comrade Gu, thanks to your early warning, the price of grain on the black market has risen by 10%. Years later, it is estimated that the village will not be able to buy food even if it wants to."

The village chief is really not polite. Right now, the county is under strict investigation. There is absolutely no food to buy on the black market. The price is also rising again and again.

In the village, centimeters are worthless, and people with a lot of strong labor can only divide seventy or eighty yuan all year round, and how can they be willing to spend one year's income to buy one month's rations.

Even if you want to buy it, you may not find a way to buy food.

After hearing this, the accountant couldn't care less about the money. He nodded again and again, followed the village chief with a few words of thanks, put the rest of the money in a cloth bag, jumped out of the car, and whispered to the convoy that was pulling the grain to set off as soon as possible. Bring food to the brigade.

Gu Shinian had such a large sum of money with him, and the village chief was very worried. He originally wanted to arrange for someone to escort Gu Shinian to the town, but he was dissuaded by a few words:

"Village Chief, I really don't need it. My uncle and the others didn't show their faces at night. First, they were tired from the journey and needed to catch up on sleep. Second, the limelight was tight now, and they were worried about their safety... They didn't want to see strangers, and they didn't want to let them go. I know where I'm going. It's now at this point, and there's no one outside, so I can't go wrong here."

The village chief nodded in understanding, but it was normal for the other party to have concerns and refuse to "show" his face.

Such a large-scale food transaction, once the news is leaked, it will be a big deal.

There are more than 30 people in their village. Even if he can ensure that everyone is trustworthy, the other party can't trust them.

In case someone remembers his face, and then knows about the workplace, it will be a sure thing.

The village chief no longer insisted, turned around and jumped out of the car, "Okay, then I will not arrange people, you quickly send the money to people, let your uncle and the others go back early, but don't dare to waste time!"

Gu Shinian responded, put a hat and scarf on Yun Chang, and jumped out of the car, "Village Chief, Ah Chang and I are going to go back later, the convoy will enter the village later, and I will ask the village chief for help. Greetings to unload the coal to the house. Grandpa Yun and I said, "The milk is ready, they are waiting at home."

"Okay, as long as someone opens the door. If no one is at home, this person has many eyes and is not safe."

The village chief explained a few more words to the two of them, and quickly chased the convoy with a flashlight. When Yunshang and Gu Shinian were also quiet again, they put the truck into the space, released the off-road vehicle, and headed towards the county town again. Gallop away.

The two returned the truck, and went back the same way. When they entered the village, the belly of the fish was "exposed".

The old lady was sitting on the head of the kang, and when she saw Yun Chang and Gu Shinian entering the door from the window, she quickly got off the kang, washed her face with water for her skirts, and went to the pot to serve the thick rice porridge, and her mouth was still distressed. muttered:

"My Sangnan and Comrade Gu are suffering from old age! This cold boy has not slept all night after tossing and turning, and his body and bones can't bear it! We need to make up for it..."

Yun Chang was really tired. After eating the porridge, she climbed into the warm bed and fell asleep quickly. And Gu Shinian went through the night's actions in his heart, making sure that there would be no mistakes, and then he went to sleep with peace of mind.

Different from the quiet and pleasant atmosphere at home, at this time the village brigade was full of people, busy preparing to distribute food.

Of course, all the heads of households who came over and waited to distribute the grain with sacks in their hands.

The big old ladies in the village, I haven't seen any of them.

There was a table in front of the brigade's office, with ledgers and abacus on it, and a large scale next to it.

The food that was brought back was piled up behind the table, pile after pile, as high as a mountain.

The accountant sat behind the table and distributed food to each family according to the registration of the previous team captains. First check the amount of grain registered by each family, then go to weigh the grain, and finally press the fingerprint on the account book to confirm that the grain has been received.

Mr. Yun was also lined up in the queue to receive the food with the sacks in between, and the villagers in the front and back were joking about him:

"Brother Yun, why did you come here to get your food? The village chief didn't unload your house for you yesterday?"

"That's right, how can we let the great heroes come over to carry the food, we have to beat the gongs and drums to send the food to Brother Yun to the house!"

Mr. Yun turned his head and pretended to rebuke: "What are you blind? You are all blind! You are still beating gongs and drums, why don't you send me a pennant?"

"You are so beautiful! We can do it by beating gongs and drums, without spending money, and making it fun! Can we make pennants without spending money!"

Everyone around laughed.

Grandpa Yun also smiled.

He clearly felt that in just one night, the attitude of the villagers towards him had changed drastically compared to before.

Chapter 125 Craving dumplings

As soon as Yun Chang woke up, it was already afternoon. Mr. Yun had brought the food back, and Gu Shinian had already got up.

There was no one in the room, the air was filled with the smell of rice, Yunshang rolled over and sat up, and saw from the window that the whole family was busy making briquettes in the yard. On the window sill watching people busy.

Gu Shinian was the first to find that Yun Chang woke up, went to wash his hands, returned to the house, and urged Yun Chang to eat first.

Yunshang dressed and washed wisely, while Gu Shinian packed up the kang head, put the steamed buns, fried shredded potatoes, and a plate of thinly sliced steamed bacon on the kang table.

"Second Brother Gu, guess how much money we have now!" Yun Chang whispered in Gu Shinian's ear after washing her face.

"Widow Wang's wife and Sun Datou have 1,600 yuan, the enemy has 1,300 yuan, and last night's 6,600 yuan, we have almost 9,500 yuan. However, it cost 180 yuan to buy a bicycle in the provincial capital. The pen cost 75 yuan, and 30 yuan for three Nizi coats, and the remaining 9215 yuan. After that, we also bought a thermos, a stove, a teapot, an iron pot, wheat milk essence and other things. After all, it should cost less than 200 yuan. You should have about 9,000 yuan on you now."

Yun Chang's eyes were rounded, and she asked in a daze, "Second brother Gu, did you secretly keep accounts!" Otherwise, how could you remember it so clearly?

"It's just such a little thing, where do you need to keep accounts."

As soon as Gu Shinian finished smiling, Yun Chang's face collapsed.

Done!

Second brother Gu is so shrewd, if she does something in the future, or hides some private money, how can she hide it from second brother Gu!

Gu Shinian's eyes flashed with a smile, pretending not to see through Yun Chang's mind, and moving the dishes on the table to her side, "Ah Chang, eat first."

Yun Chang glanced at the food on the table and pouted, "Second brother Gu, I want to eat meat! I want to eat white noodles! I want to eat...I want to eat dumplings!"

"Isn't there dumplings in the supermarket..."

"Frozen dumplings are not delicious, they are delicious if they are made by hand!"

Yun Chang thought of the Yuanbao dumplings made by her aunt in the past, her saliva secreted sharply, and she lost her appetite when she looked at the food on the table.

Gu Shinian was also helpless,

He has never made dumplings!

"A-shang, eat first, and then enter the space at night to try to make dumplings for you."

Yunshang nodded and took a bite of the steamed bun very obediently. Seeing that there was no sign of people in the yard coming in, she immediately took out a bowl of braised pork from the space, put a piece in her mouth, and then picked up another piece and handed it to her. Gu Shinian said:

"Second brother Gu, you eat too!"

Gu Shinian opened his mouth to eat the braised pork, lowered his voice and discussed with Yunshang, "A-shang, I will go back to the county to stay for a while. If you miss me, let Yun Shuilian take you to the county to find me."

Yun Chang was stunned for a moment, then quickly swallowed the braised pork in her mouth and asked, "Is Zhou Mingjuan coming over?"

"Well, it's almost time. I'll come back to see you when Gu Guangzong is resolved."

Gu Shinian reluctantly "touched" Yun Chang's head, and explained carefully:

"There are so many new things in the house, you can't do without people, you can let Grandpa Yun and Yun "milk", "milk", and Yun Shuilian move in. Also, let Yun Erchuan not be in a hurry to make briquettes first, let him Take two time to go to West Beach to chop some sour jujube branches and come back, and make a circle around the courtyard wall, so that the home can be safer."

Every sentence Gu Shinian said, Yun Chang nodded, her black pupils were full of serious looks, and she was so well-behaved and docile that it made people feel distressed.

Looking at Yunshang like this, Gu Shinian felt that he was even more worried.

The girl looked soft and squeamish, but it was only in front of him. Once she left him, she would become like a gourd. Even if she was wronged, as long as it wasn't too much, she would not be able to bear it. Silence.

Thinking of this, Gu Shinian felt that he had to implement the matter of taking Yunshang to the city as soon as possible, so that he didn't have to run from both sides of the city and the countryside, and he could keep Yunshang under his nose to protect him.

Yunshang put down his chopsticks, took out two hundred yuan from the space, and took out fifty catties of food stamps, and stuffed them into Gu Shinian's hands.

"Second brother Gu, there are outsiders in your family, so I won't give you food, but money and food stamps. The size doesn't take up space, and you can hide it wherever you want. That guy can't eat enough, so you can just go back. Go to a state-run restaurant for dinner."

Gu Shinian didn't refuse, and stuffed the money and food stamps into his pocket. When he looked up, he found that Yun Chang quickly put away the braised pork. Looking back, Mrs. Yun in the yard was washing her hands and walking into the house.

"'Milk', let's make dumplings to eat at night! Second brother Gu is going to go back." As soon as the old lady entered the door, Yun Chang jumped off the kang and hugged her waist coquettishly.

The old lady was stunned for a moment, and took a long time to react, "... This, Comrade Gu is going back? This... This is too sudden... Also, it's time to go home and take a look..."

"Yeah. 'Milk', second brother Gu just went back to have a look. He'll be back after a while! 'Milk', what kind of stuffed dumplings are we going to eat tonight?"

Yun Chang was still thinking about making dumplings for Gu Shinian. Before the old lady could finish her words, she was already thinking about the dishes that could be used as fillings at home.

"There are cabbage and radishes at home... But the dumplings filled with cabbage and pork are better than the radish dumplings. Later, my second brother and I will go to the town to find some meat. Let's make cabbage dumplings and eat them in the evening."

Yun Chang took a sip first, which made the old lady laugh, "Okay, let's make dumplings for dinner! It's cold outside, don't go out with Comrade Gu, let your second uncle go to town to see Look, if the supply and marketing cooperative has meat, I will cut some meat back, if not, 'milk' will wrap cabbage and bacon dumplings for you and Comrade Gu to eat."

Gu Shinian didn't expect that Yun Chang would ask the old lady for dumplings under the guise of practicing for him. In addition to being amused, there was only helplessness left.

With a space on her body, there is still so much food in the supermarket, Yunshang is still drooling from dumplings, and it is estimated that no one will believe it when she goes out.

Seeing that the old lady was about to go out to call Yun Erchuan, Gu Shinian hurriedly stopped her, "Yun 'milk', 'milk', let's go to town with Ah Chang. It's already late, the supply and marketing agency definitely doesn't sell meat, Ah and I Chang goes to other places to find 'touch' and 'touch'."

Yun Chang nodded his head like a chicken pecking rice, "'Milk', I have just eaten, I have to go out for a walk, or I will have no stomach to eat dumplings at night."

As soon as the two of them sang together, Mrs. Yun couldn't hold it anymore, so she could only nod her head in response.

Yun Chang quickly dressed and didn't take the money and two taels passed by the old lady, dragged Gu Shinian and ran out in a hurry.

After a short while, he ran in from the outside again, "'Milk'! Let my aunt go to Houcun and pick up Shuanzi. I haven't seen my brother Shuanzi, so I miss him!"

Chapter 126 The Embolism Is Beaten

Yunshang ran away, not giving the old lady time to refuse.

The three people in the yard also listened to Yun Chang's words, and the old man sighed deeply, frowning even tighter.

Yun Erchuan, on the other hand, raised his head and glanced at Mr. Yun. After receiving a stare, he hurriedly lowered his head and continued to work, but his strength involuntarily increased a little, and his movements became more agile.

Yun Shuilian didn't wait for the old lady's order, she washed her face and prepared to go to the village to pick up the bolt.

These days, Yun Shuilian can be considered to be able to see it, now this family is the oldest Yun Chang, and even the old man and the old lady have to stand aside.

It's not that Yun Chang is not filial to the old couple, but that the girl is so stubborn that no matter what happens, as long as she hugs the old lady's waist and acts like a spoiled child, the old lady can surrender unconditionally.

And the old man is even more unprincipled than the old lady. As long as the girl's eyes are rounded and staring at the old man, the old man will have no choice.

Comrade Gu is the only one who can control Yunshang in the whole family, but when Comrade Gu comes to Yunshang, it is also the master who wants the stars not to be given to the moon.

Fortunately, the girl is old, but she knows that she is distressed, and she is also clever to protect her shortcoming. It is no wonder that it is so painful.

Thinking of Yunshang's quirky appearance, the corners of Yun Shuilian's mouth turned up unconsciously.

There are only two miles from the former village to the back village, and Yun Shuilian arrived home in only ten minutes. As soon as the door of Lao Yun's house was opened, she heard Shuan Zi's heart-wrenching cry and the woman's shrill scolding. Voice.

Yun Shuilian's face changed, and she ran into the house without thinking.

Pushing the door and going in, she saw Li Hongmei sitting on the edge of the kang, pressing the emboli on her thighs, and using a broom to suck the emboli's buttocks desperately.

There was also a short woman with short hair sitting beside the kang, holding a teapot, drinking water and watching Li Hongmei play the embolism.

At this moment, Li Hongmei was beating and scolding: "Why don't you have any human 'sex'! I gave birth to you and raised you, and you can't eat a little food! With such a big bucket, why do you give your grandma something... "

Yun Shuilian's eyes turned red in an instant, and she rushed up to grab the broom in Li Hongmei's hand, and picked up the embolus, who was crying almost silently.

At this moment, Shuan's face flushed red.

He opened his mouth wide, as if he couldn't breathe from crying, rolled his eyes again and again, and his body was still twitching.

No one from the Lao Yun family had ever hit Shuanzi before. Yun Shuilian saw the appearance of Shuanzi, her face was so angry that her face was ashen, and she even trembled.

Li Hongmei did not expect that Yun Shuilian would come back suddenly, and she would also encounter the scene where she violently beat Shuanzi, her face turned pale in fright, and she looked at the head of the kang with a vacant look, and got down from the kang in a hurry. , shrank his neck and stood aside.

Yun Shuilian followed Li Hongmei's line of sight, and saw the wheat "milk" essence with plugs on the kang, but there was only a shallow layer of wheat "milk" essence that should have been full. .

Seeing the jar of Mai's "milk" essence, combined with Li Hongmei's scolding of Shuanzi, Yun Shuilian immediately reacted.

Li Hongmei brought Shuanzi's wheat "milk" essence to her parents' family!

Shuanzi didn't agree, and only Li Hongmei pressed him and beat him up!

Yun Shuilian was almost going crazy, and it took a lot of effort to restrain the urge to rush over and slap Li Hongmei.

And Li Hongmei saw that Mai's "milk" essence had not been talked about and was "exposed", so she quickly hid the jar of Mai's "milk" essence behind her, and stammered:

"...Shuilian, I, why are you back, this wheat 'milk' essence, I... emboli..."

"Yo! It's my aunt!" The short-haired woman sitting on the edge of the kang suddenly said, "I was shocked when you appeared out of nowhere. I thought there were bandits in the house."

Yun Shuilian turned her head and found out that the short-haired woman was Li Hongmei's eldest sister-in-law Wang Chunzhi, but she came in too hastily just now, and Wang Chunzhi turned her back to the door again, so Yun Shuilian didn't recognize it for a while.

Seeing that Yun Shuilian's face was not good-looking, Wang Chunzhi put the tea jug in his hand against the wall, and said with a smile, "My aunt, it's not me, you aunt are too used to the bolt, this child If you get it, you have to fight, or you won't be able to control it when you grow up!"

Yun Shuilian noticed that more than half of Wang Chunzhi's tea jar was filled with wheat "milk" essence, and her face became even more ugly. She turned around and asked Li Hongmei, "What did Shuanzi do? You want to beat Shuanzi like this!"

Li Hongmei's eyes wandered left and right, and she didn't dare to look at Yun Shuilian without saying a word.

Wang Chunzhi hurriedly picked up the conversation next to him, "My aunt, this bolt is too sloppy! Hongmei and I were banned for a bucket of wheat milk essence after just a few words! Ouch, this precious thing, Others drink it by flushing water, but in our family, we shove a lot of emboli into our mouths to eat! Look at it, a bucket full of them has been banned, how can this prodigal thing be beaten!"

Yun Shuilian was stunned and looked down at Shuanzi, while Li Hongmei looked at Wang Chunzhi blankly, as if she did not expect her to be so ordinary.

Shuanzi just couldn't speak well, it didn't mean he couldn't understand the good words. Hearing Wang Chunzhi eating a big bucket of wheat "milk" essence, he immediately complained aggrievedly hugging Yun Shui Lian:

"No time! Shuan... No time! Daddy, take..."

"Ouch! My mother-in-law, look, such a young child knows how to be blind! He still doesn't recognize the bill after eating the wheat milk essence, and he will still flirt when he grows up..."

"Our family Shuan never 'nonsense!'"

Yun Shuilian coldly interrupted Wang Chunzhi's words, put down the plug, pulled over the cloth bag Wang Chunzhi had placed on the edge of the kang, and took out a tightly wrapped oil-paper bag from it.

"Aunt Qin! This is my thing!"

"Shuilian, what are you doing..."

Seeing that Yun Shuilian was about to open the oil-paper package, Li Hongmei and Wang Chunzhi exclaimed in unison, and at the same time rushed towards Yun Shuilian.

In the chaos, the oil-paper bag was hit on the ground by someone who didn't know who, and with a "pop" sound, the wheat milk essence splashed on the ground.

Wang Chunzhi was stunned for a moment, seeing Yun Shuilian holding the embankment and preparing to leave, she quickly grabbed Yun Shuilian's arm and didn't let go: "My aunt! This is the precious thing that I finally found for my old lady. Stupid, you want to leave after you mess it up? No! You have to pay me a bucket of new..."

"It's clear to you whether you "touched" it or robbed the emboli for food!"

With Li Hongmei in front, Yun Shuilian really didn't have the energy to entangle with Wang Chunzhi, so she picked up the Shuanzi and walked out the door, "Li Hongmei, I took the Shuanzi away, think about the wheat milk essence. How do you want to explain to your parents!"

Li Hongmei was squatting down at the moment, gathering the wheat 'milk' essence on the ground little by little. Hearing Yun Shuilian's words, she shivered in fright. She quickly wrapped the wheat 'milk' essence in her hand and put it in Wang Chunzhi's hands:

"Sister-in-law, you go back first, I'll talk to Erchuan about borrowing food..." Good Times in Sixty Rebirth

Chapter 127 Coaxing food

Wang Chunzhi grabbed Li Hongmei's hand and wiped the corners of his eyes:

"Hongmei, when you married into Lao Yun's family, our family bought you a generous dowry! We married you into Lao Yun's family beautifully!

Now the family is suffering, and they are so poor that they can't even eat the bark. It doesn't matter if your brother and I starve to death, you can't just watch your mother and your elder nephews starve to death! The family has been out of cooking for two times, and my mother still doesn't know if I can survive until Ming..."

Li Hongmei heard that her mother hadn't eaten in two, so anxious that her eyes were red, she took out the last three wowtou from the jar, and stuffed it into Wang Chunzhi's hand together with the wheat milk essence:

"...Sister-in-law, take back these wowotou first and give your mother a belly pad. I'll have a good time with Erchuan at night and see if I can borrow a few catties of food from his father and mother..."

Wang Chunzhi took the wowotou and wheat "milk" essence, put them in a cloth bag, and then heaved a long sigh and said:

"Hey, it's no wonder mother stopped me from coming... Mother, you are not at home in Lao Yun's house, I'm embarrassing you by opening this mouth to you... Alas, mother's right, this Lao Yun family is just as prosperous. , you can't take care of it..."

These specious remarks made Li Hongmei a little confused. "Sister-in-law, what do you mean? How did the old Yun family make it?"

"You don't know?" Wang Chuncheng raised his eyebrows and pulled Li Hongmei to sit down on the edge of the kang, "They didn't have the old Yun family with you?"

"What?" Li Hongmei became more and more confused, "Sister-in-law, what's wrong with Lao Yun's house?"

Seeing that Li Hongmei really didn't know, Wang Chunzhi slapped his thigh and cursed bitterly:

"The people of Du Laoyun's family are kind and easy to deal with. I think they are the most 'treachers'! How can they bully and forgive me like this! The daughter-in-law who has been married for five or six years is not a family, and she can't hide any good things. , this is bullying our old Li family is gone!"

"Hongmei, I went back to my mother's house yesterday, and I met your sister-in-law's second sister-in-law... It's Anna Mae Ju. She and I, your family corrupted a thousand catties of Lao Wang's grain and two hundred yuan, what about you? do not know?"

Li Hongmei's brain exploded with a bang, a thousand catties of grain, and two hundred yuan, what is the concept?

One thousand catties of grain, enough for her and Yun Erchuan, and Shuanzi open his stomach to eat for a year and be rich!

If you put it in a sack, it can fill ten big sacks!

And two hundred bucks,

That's a year's salary for an apprentice in the city!

With so much food and money, no one from Lao Yun's family spoke to her.

In the past two years, in order to save food for her family, she dared to eat two wotou each. When she was too hungry, she drank water to satisfy her hunger. She always thought about the Lao Yun family, but the Lao Yun family regarded her as an outsider. , I don't even tell her that I got so much food, it's so chilling!

"...Sister-in-law, the food was given by the old Wang family, and it was given to Yun Dachuan's room...?"

"you're so dumb!"

Wang Chunzhi affectionately stretched out his finger and poked Li Hongmei's head, "Yun Dachuan's room now has a girl and a lunatic, and the two of them can't even survive, and they have to rely on your parents-in-law, you and Erchuan. Keep it? What's the difference between it and no family separation? Since there is no family separation, you and Erchuan will share a thousand catties of grain and two hundred yuan! You can't push the benefits out of your hands!"

Seeing Li Hongmei with a blank face, sitting there for a while, unable to return to her senses, Wang Chunzhi pouted and continued:

"Hongmei, I think your life in Lao Yun's house is not easy right now. Even the sister-in-law who can't get married dares to speak out to you! Don't act like a fool, don't argue with anything, don't care about anything, or this I won't have anything to say about you in the future!"

Again, this old Yun family member is too thin. Yun Dachuan's room has been abandoned, and there is only one Shuanzi in front of you and Erchuan. When Shuanzi gets bigger, Shuanzi won't even have a helper when something happens at home! "

"Hongmei, the relationship between this person and other people is always from the relationship. You have to take Shuanzi home and walk around often, and have a good relationship with your mother's family. If you encounter something in the future, you shout, how many times do you have? The eldest nephew has come to support you!"

Wang Chunzhi's remarks can be said to have touched Li Hongmei's heart.

Over the years, every year when she returned to her parents' home during the New Year, she would be looked down upon for not being able to present a decent New Year's gift, and even Shuan Zi would be unpopular with her.

During the Chinese New Year last year, her mother gave the eldest sister's son a "money" of lucky money, and gave five cents to the eldest grandchildren. When she arrived at Shuanzi, she only gave one cent.

Her mother did this because the eldest brother-in-law had the ability, and the eldest sister had the most generous New Year's gift when she returned to her mother's house, which was why her mother and several brothers and sisters-in-law treated her very well.

Even a few nephews of her parents' family like to run after the eldest sister's child's ass.

During the meal, her mother was still in front of the family, and asked the eldest sister to say something in the future. Several nephews in the family are soldiers under the eldest sister. The eldest sister's children are very helpful.

Li Hongmei said no, but she was really envious in her heart.

After the meal, she also carried Shuanzi out and asked Shuanzi to play with a few nephews, hoping that they would have a good relationship and help each other when they grow up.

But several nephews not only played without Shuan, but also mocked him by pushing him around like a tumbler, laughing at Shuanzi's big head and slender body.

Li Hongmei didn't say anything at the time, but after returning from her parents' house, she cried a lot while hugging Shuanzi.

At that time, she thought that there will always be someone who will bring a thick New Year's gift back to her mother's house, let her mother treat her as a guest of honor, let a few nephews follow her Shuanzi, and let her mother and some nephews be her subordinates. The soldiers, wherever she pointed, a few nephews would hit them. In the future, when the embolism is big, a few nephews will also need to help the embolism properly.

Hearing the news brought by Wang Chunzhi at this moment, Li Hongmei felt chills at the Lao Yun family, and felt that her chance to raise her eyebrows at her parents' family had come.

With that 1,000 catties of grain, who would dare not curry favor with her?

Even her mother must have a smile on her face and call her heartily!

Not to mention a few nephews, they must run behind the buttocks of the embolism...

Li Hongmei wiped the tears from the corners of her eyes and smiled at Wang Chunzhi, "Sister-in-law, wait for me, my father-in-law brought back half a bag of shucked sorghum rice in the morning, I'll scoop up ten pounds for you, and let my mother and some nephews Make do with a few."

Wang Chunzhi's eyes lit up, 'Let's make do with it first!' ? Listen to this, will you still give food in the future?

It's a pity that Li Hongmei's stupidity doesn't mean that the people in the Lao Yun family are stupid. This time, there is no one in the Lao Yun family, so she can push Li Hongmei to take out the food. Next time, how can the Lao Yun family let Li Hongmei "touch" the house. food...

"Hongmei, this amount of food is only enough for the family to make do with three, and Lao Yun's family is not short of food now, so you can't watch your mother starve without conscience!"

Li Hongmei heard the words, thought for a while, and then started to scoop four or five more bowls, and she gave up with twenty catties of food.

Chapter 128 Incident

Yun Chang and Gu Shinian strolled outside for a while, and when they came back, the basket contained three pieces of pork belly with ribs, a can of rapeseed oil, a bundle of green onions, a handful of dried beans and more than a dozen pears. .

When the old lady saw that the two brought back so much food, it was not food in the supply and marketing cooperative. She felt distressed about the money spent out, and worried about the safety of Liangrao.

"This old stuff is enough for you to eat for a few months. You can't sneak out to look for food in the future. If you catch it, it will be a speculative hat..."

Yun Chang had already gotten used to the old lady's nagging, and she was coaxing the old lady with a brittle mouth, but she was playing with the face of Shuan Zi in her hands.

Mmm, it feels good!

Although there is less flesh on the face, the skin is slippery and really good to "touch".

No wonder Yun Shuilian always likes to "knead" her.

Yun Chang decided that in the future, she must feed the embolus a lot, so that she would be chubby, so that she could "knead" and play at any time.

Just 'kneading' and 'kneading', Yun Chang felt something was wrong.

It seems that apart from the old lady, the old man, and Yun Erchuan and Yun Shuilian's faces are not good-looking, although several people are trying their best to restrain, but there is still anger between their brows.

Yun Chang took the time to hold Yun Shuilian and asked a few questions, knowing that Li Hongmei beat Shuanzi, which made the old man and Yun Erchuan angry, so he didn't take it to heart.

Yun Shuilian didn't deliberately conceal Yun Chang, but it was the family affairs of Yun Erchuan and Li Hongmei, and Yun Chang was another generation, so she had to give Yun Erchuan some face.

Coupled with the softness of Yunshang, if she knew that Li Hongmei had given away Shuanzi's wheat milk essence, she might have to send her own wheat milk essence to Shuanzi.

Even if Yun Shuilian feels distressed about Shuan Zi, she still doesn't want Yun Chang to suffer too much.

It's a pity that what Yun Shuilian tried so hard to hide was spread all over the village that night, and naturally it also spread to Yun Chang's ears.

The cause of things is simple.

During the meal, Gu Shinian asked the old couple and Yun Shuilian to move over to live with Yun Chang for a while, and the old couple happily agreed.

After returning home at night, the old man went to the side house to pack up the rations and prepared to take it to Yunshang. Unexpectedly, when I opened the bag, I found that the sorghum rice I bought at the brigade in the morning was half less.

Thinking of Yun Shuilian's Li Hongmei giving Shuanzi's wheat "milk" essence to her mother-in-law, the old man immediately realized that the food at home was also given to her mother's family by Li Hongmei.

This time, the old man was completely angry.

Li Hongmei used Shuanzi's nutritional supplements to supplement her parents' family. Although the old couple was angry, they would not go over Yun Erchuan to reprimand Li Hongmei.

After all, the "milk" essence of wheat is something emboldened. Apart from not feeling sorry for her son, Li Hongmei did not harm the other interests of the Lao Yun family.

As the old saying goes, teach the son face to face, teach the wife behind the back, no matter how bad Li Hongmei is, it should be taught by Shuanzi's father, Li Hongmei's man, Yun Erchuan.

The old couple naturally won't be annoying.

But the old man never imagined that Li Hongmei would dare to reach out to Lao Yun's family's rations!

The old man and the old lady were absolutely unable to tolerate her.

The old man was stunned for a while, then carrying the remaining twenty catties of grain, he walked into the yard and knocked on the Westinghouse door hard:

"Er Chuan! Come to the main room with Li Hongmei!"

Yun Erchuan was quarreling with Li Hongmei over the matter of Mai's "milk" essence. He heard the door being slammed violently, and heard the undisguised anger in the old man's voice. He jumped off the kang and hurriedly went to the main room.

Li Hongmei was scolded by Yun Erchuan, but she realized she was afraid later, but she heard the sound of the old man slamming on the door and telling her to go to the main room too.

After dawdling to the door of the room, Li Hongmei suddenly remembered that Lao Yun's family had newly obtained a thousand kilograms of food, and immediately put the guilty conscience in her heart behind her, and followed her into the main room with her neck stuck.

In the main room, the old man put half a bag of sorghum rice on the chopping board, then frowned, looking at Yun Erchuan and Li Hongmei coldly, his eyes full of disappointment and anger.

The old lady didn't say anything, sitting next to the old man, sighing one after another, and occasionally raised her hand to wipe the corner of her eyes.

Yun Erchuan was a little shocked when the old man saw it, especially when he saw that the old lady was crying, he immediately asked with a trembling voice, "Father, mother, what are you doing? What's going on at home?"

"Er Chuan, you ask your mother-in-law, how did your father and I treat her badly! She wants to be like this and let's be a family!"

"She doesn't like to see Shuilian on weekdays, and she deliberately beat Shuizi to slap Shuilian in the face. We have nothing to do with each other. She won't let you hold up the door of our Lao Yun family, and see me and your father being bullied, we have nothing to do with it. What! She doesn't feel sorry for Shuanzi, and she uses her clothes to supplement her parents' family with nutritional supplements. Your father and I still have nothing to do! You ask her, what should my father and I do so that she can say goodbye to us? "

"It's fine if she doesn't read me, and I don't care. But she can't treat me and your father like dough, she can squeeze as much as she wants! Ask her, do you still have this family in her eyes?"

The old lady was so angry that her body was shaking, and while she was speaking, her tears also fell down.

Yun Erchuan was reprimanded in a confused way, and in the end, he still didn't know why the old lady was angry.

"Mother, what happened, I'm still confused..."

The old lady wiped away her tears, covered her chest and said, "Your father spent 35 yuan to buy the food at the brigade in the morning. She gave it to her mother-in-law's sister-in-law without saying hello! We only have this chopping board left in our house. Order food, and after eating, let the whole family die together!"

Yun Erchuan glanced at the pitiful half-bag of grain on the chopping board, the anger that had been forcibly suppressed surged out again, the veins on his forehead jumped, and his fists clenched.

Stupid idiot in this nest!

That's all she needs to move the emboli, and she dares to move the whole family to spare the rations, and I don't want to let it go!

"Ugh....."

The old man sighed, lit his dry tobacco bag, and took a few puffs before he said:

"Hongmei, you've been at our Lao Yun's house for six years. Your mother and I asked ourselves if there's something wrong with you. You have to make up for your mother's house. Whether it's Erchuan's things or Shuanzi's food, both your mother and I are open to it. There's nothing wrong with closing one eye.

But Hongmei, no matter how much your mother and I can tolerate you, we can't tolerate your family's rations!

Today, I'll take it as if you were thinking about it for a while. If you go back to your mother's house tomorrow to ask for the food, let's pretend it never happened. If you don't come back...you, stay at your mother's house for a while and let our family have a few birthdays. "

Li Hongmei raised her head suddenly, her face pale, as if she couldn't believe what the old man said.

Chapter 129: Splashing dirty water

"Father, do you want Erchuan to divorce me?" Without waiting for the old man to reply, Li Hongmei's face changed and she looked at Yun Erchuan and said angrily, "Yun Erchuan! Your words! You have to listen to your father's words and divorce me. ?"

Yun Erchuan was so angry that he didn't know what to do, he panted heavily, turned his head aside, and didn't look at Li Hongmei.

Li Hongmei was irritated by Yun Erchuan's attitude, so she rushed to grab Yun Erchuan and scratched:

"Good you, Yun Erchuan! I'll be a bull and a horse for your family and give you a big fat son! Now that your family is going to live a good life, you have an outsider, and if you want to break up, I will marry someone else! You are still not human. You! Do you want to marry that vixen Wang Guihua?"

Yun Erchuan's face turned black, he raised his hand to block Li Hongmei's slap, and said in a cold voice:

"What are you doing! Sang Nan's mother is sick, why are you still holding on to it? Dad asked you to go back to your mother's house to get our food back. When will you be let go!"

Li Hongmei was stunned for a moment, then she continued to tear up Yun Erchuan without any hesitation.

"You hide in the front village, who knows what you did in the past! I don't want the house in the back village, nor the Shuanzi. I came back all covered in coal ash. Why didn't I see you working for me! You just watch The old Wang family gave Wang Guihua a thousand catties of food, and I just wanted to live with her, right..."

At this moment, Li Hongmei already knew subconsciously that the food she gave to her mother's family would not be returned, and she didn't have the courage to go back to her mother's three brothers and sisters-in-law, so she could only put her hope in Lao Yun's house and Yun Erchuan.

Almost subconsciously, Li Hongmei decided to let the old man Yun and Yun Erchuan compromise by crying, making trouble, hanging himself, and then pouring the dirty water into the heads of Yun Erchuan and Wang Widow's wife. splash.

She wanted to anger Yun Erchuan in this way and let him beat people, so that the three older brothers of her family would have an excuse to fight Lao Yun's family, and she would not have to go back to her family to get food.

Hearing Li Hongmei's incoherent words, Yun Erchuan trembled with anger, as if someone had thrown a basin of ice water on his face in Da Dong, his heart fell into the ice hole, and it was completely cold.

In this day and age, if anyone is involved in scandals such as broken shoes and hooliganism, they will lose a layer of skin even if they die. If they are caught by the police, it will take at least ten years.

Yun Erchuan stared blankly at Li Hongmei, with only one question in his mind:

Did she see him as her man?

What did he do to be sorry to Li Hongmei?

This caused Li Hongmei to hate him so much, even hating him to the point of indiscriminately labeling him with broken shoes, wishing him to go to a labor camp.

She wanted to completely destroy him, Shuan Zi, and their entire Lao Yun family!

The old couple and Yun Shuilian on the kang also heard Li Hongmei's words clearly.

The old lady turned pale with anger, clutching her chest and half out of breath.

The old man had a gloomy black face, and his eyes were cold and scary.

Yun Shuilian was stunned for a while, her face was flushed with anger, and she didn't care about putting on her shoes, she jumped down on the kang and slapped Li Hongmei.

"Don't you dare to tear your mouth apart! If you put a shit pot on your man's head, are you still human? You insisted that your second brother go to labor reform, which made Shuanzi have no father and caused our family to live together. The village can't lift its head until it's reconciled, isn't it?"

Li Hongmei was stunned by Yun Shuilian's slap, she raised her head in a daze, and saw Yun Erchuan's face was blue, her eyes were red, and the teeth in her mouth were chattering unconsciously.

Her face froze, and just as she was about to open her mouth to explain, she saw Yun Erchuan glaring at her with fierce eyes, and asked word by word, "Li Hongmei, you've been in a relationship recently, so I want to give it to you. I have a bucket of shit on my head, and I want to send me to a labor camp, so you can remarry with the embolus, right?"

Li Hongmei's face immediately flushed with embarrassment, she reached out and scratched Yun Erchuan's face, "Yun Erchuan! You are not human! Why are you like me..."

Yun Erchuan grabbed Li Hongmei's hand and threw her to the ground, "Li Hongmei, let me ask you again. Yes, or no?"

If Yun Erchuan beat Li Hongmei violently, she would not be afraid, but would feel that the beating was worth it, so that her family could come to support her.

But now Yun Erchuan didn't beat her or scold her. Instead, he asked her in a cold tone if she was in a relationship, and poured dirty water on her head, which made Li Hongmei really scared.

If this word gets out, or Yun Erchuan uses this reason to divorce her, she really can't be a human being.

Even if she was hanged by a rope, others would still think that her death was unlucky and disgusting.

Thinking of this, Li Hongmei hurried over to hug Yun Erchuan's leg, and burst into tears with a wow, "No, no, wow... Erchuan, I really didn't welcome... I brought a bolt at home, I really didn't welcome... Dad! Mother! Hurry up and say something, I really didn't welcome..."

The movement of Lao Yun's house was so loud that several neighbors around him heard it. At this moment, people were lying on the wall one after another, listening to the movement inside.

Hearing Yun Erchuan and Li Hongmei splashing dirty water on each other, the people watching the fun were almost stunned.

These two couples are... courageous!

Find yourself a green hat to wear!

Inside the room, Mr. Yun raised his stiff arms, leaned against the wall and slowly sat on the edge of the kang, saying, "Shuilian, you go to the kang first, this is about your second brother and your second sister-in-law, you are a girl's family. Don't 'intervene'."

After Yun Shuilian got on the kang, the old man shook his hands again, lit the dry tobacco bag several times, lowered his head and took a deep breath, and continued:

"Hongmei, who did the old Wang family give Wang Guihua a thousand catties of grain?"

"...Father, yes, it's my mother-in-law's elder sister-in-law. She has been in Wangzhuang all over the place, and their family gave us a thousand catties of grain and two hundred yuan... It's rumored outside. I'm crazy, and no one at home told me. Me too, I also saw that I had a thousand catties of food at home, so I agreed to borrow my sister-in-law's food..."

As soon as these words came out, both Mr. Yun and Erchuan Yun looked at Li Hongmei with the eyes of a fool, and they were speechless.

And Yun Shuilian endured and endured, and finally couldn't help answering: "Are you carrying a chamber pot on your shoulders! Do you believe anyone else? You don't know what the old Wang's family is? It's his family. Even if we sell the house together, we can sell less than 1,000 catties of grain, where can we get so much grain for our family?"

The old lady caressed her chest with one hand and patted the kang several times with the other, "Why are you so greedy! Don't worry if the old Wang family doesn't give you food, but if you give it, it's also the ration to pay Wang Guihua for ten years! Touch, why are you so embarrassed to pick it up in your own room?"

Chapter 130 Reluctance

Realizing that she had been fooled, Li Hongmei squinted her slender eyes, sat down on the ground, covered her face and started crying.

Yun Erchuan raised his hand and rubbed his face, and said sullenly, "Father, mother, I'll go back to the room first, the food... Let Shuanzi go back to mother tomorrow to get it."

At this point, the people of the old Yun family knew that most of the food would not come back, but it was just so cheap that Li Hongmei and the old Li family were not reconciled after all.

He was angry not only about Li Hongmei eating inside and outside and beating Shuanzi, but also Li Hongmei's behavior of throwing dirty water on his and the widow Wang's head in order not to go back to her parents' house to ask for food.

If Yun Erchuan had a bit of marital love for Li Hongmei before, at this time he would only be disappointed, cold, and ashes as never before.

The old man took the dry tobacco bag from his mouth and knocked it on the edge of the kang, "Alright, the old Li family has to give some advice on this matter. If they can't get food, let them make up the money and there will still be emboli. I have to ask the old Li family to return it."

Li Hongmei, who was sitting on the ground, covered her face and cried even louder. The blue veins on Yun Erchuan's forehead jumped, and she got up and walked out.

When passing by Li Hongmei, Yun Erchuan paused, "Li Hongmei, go back to Westinghouse to cry. Don't leave my parents' house crying!"

Li Hongmei quickly wiped away her tears, got up from the ground, lowered her eyebrows and followed Yun Erchuan back to the Westinghouse.

There was no movement in the Lao Yun family, and the crowd watching the lively outside the house gradually dispersed. It was just about Li Hongmei eating inside and outside, stealing the food from Lao Yun's family to send it to her parents, and the Lao Wang family giving Wang Widow's "wife" a thousand pounds. The matter of food quickly spread in the village.

Yun Chang sat on the bench and was served by Gu Shinian after soaking her feet. She was about to go to bed when she was about to go to bed when there was a knock on the door outside the courtyard.

Gu Shinian carried Yun Chang onto the kang, went out to open the courtyard door, and let in Aunt Li next door.

"Shang girl! Ouch, you've made a fuss over your 'milk' side, and almost got into a fight! Have you heard this?"

As soon as Aunt Li entered the yard, she shouted in an exaggerated tone, then stepped through the door, and hurried onto the kang.

"Girl Shang, did you hear me just now? Then Li Hongmei ate the food inside and out, and sent the food your grandfather received from the brigade to her mother's house! I heard that she also gave her mother the nutritional supplements for Shuanzi.

Ouch,

What's the matter with you! Whoever wants to have such a daughter-in-law on the stall will have to die! I can't stand it when I hear it here, you don't know how angry you are. You're here tomorrow, so you can coax your "milk" and let her think about it. Don't be as knowledgeable as Li Hongmei's. "

Yun Chang got up from the kang, held her face and nodded her head vigorously, "Aunt, I will let my grandfather and my "milk" move in tomorrow, instead of living with my second aunt! Get her up and hide."

"That's not the case! Let your grandfather and your "milk" move in, so he can guard the door for you, and take care of you and your mother, so you can live a lighter life. Then Li Hongmei is unlucky. Good! Uncle Yun is such a good person, I can't get along with her..."

Aunt Li said a few words, then came over and reminded Yun Chang in a low voice, "Shang girl, then Li Hongmei shouted that the old Wang family gave your mother a thousand catties of grain, and there are two hundred dollars, is there any matter?"

Seeing Yun Chang standing up straight, her brows standing upright, as if she was about to open her mouth to scold, Aunt Li hurriedly stretched out her hand to press down Yun Chang's body, and continued:

"Girl Chang, since this word has come out, no matter whether it is reliable or not, there will be fools who believe it. You have been sleeping more alertly recently, let your grandfather and your "milk" move over quickly, but don't let the thief "Touch" come to the door."

Yun Chang nodded and said angrily, "This must have been deliberately released by the old Wang family! They just don't want to support my mother, they want the thief to spoil my family!"

The Lao Wang family promised to give 100 catties of grain every year, 20 yuan, and they will not start to give it until next year. As a result, if this statement is released now, Yun Chang does not believe that the Lao Wang family is just playing around with no other purpose.

However, since the old Wang family dared to stumble upon her, Yun Chang would naturally fight back.

Aunt Li is a good-looking and lively person, and her mouth is big and loud like a trumpet.

Yun Chang grabbed Aunt Li's hand, and angrily reviewed the situation that the old Wang's family was asking for compensation, and then fanned the flames:

"Auntie, Lao Wang's family gave my mother 1,000 catties of grain at a time, and two hundred yuan. Can their family provide so much grain at once? It was good, these grains will be distributed to my mother for ten years... They will speak out now, is it possible that the old Wang's family is very rich, and they were able to provide so much food a few years ago?"

"Yo, it's really like this, since the old Wang family has spoken, is it possible that these two have to send food to your mother?" Aunt Li patted her thigh, her eyes full of excitement, "No, this is the case. I have to find someone to take good care of, but I can't see that this old Wang's family still has some foundations."

Aunt Li came like a gust of wind and left like a gust of wind.

When Gu Shinian got on the kang, Yun Chang rolled over from the quilt and said unwillingly, "Second brother Gu, Li Hongmei sent the wheat milk essence I gave to Shuanzi back to her mother's house, and even beat up Shuanzi in the afternoon. ..."

"Aunt Li, isn't the Lao Yun family making trouble? I think Grandpa Yun and Yun Erchuan can no longer tolerate Li Hongmei this time. Don't 'intervene' in this matter, let the Lao Yun family solve it by themselves."

Yun Chang responded, like a worm, squirming little by little into Gu Shinian's arms, holding him across the quilt and not letting go.

"Second brother Gu, how long are you going to stay this time?"

"It's not that fast. Zhou Mingjuan has to fight Zhang Chunni when she comes here. It's not that easy, so don't worry."

Yun Chang was silent for a while, and then continued, "Second brother Gu, don't eat at home after you go back, Gu Panguai will definitely not cook for you, so just eat at the state-run restaurant, don't be reluctant to spend money, let's The two have 9,000 yuan, even if you open your belly to eat for ten years, you can't finish it."

The corners of Gu Shinian's mouth curled up, and he "feeled" the soft "hair" on Yun Chang's head, "Okay, I'll buy the most expensive vegetables."

"Also, when Zhou Mingjuan comes, Gu Guangzong will definitely try to trouble you. Take care of yourself and don't suffer."

"When you go back, remember to go to Grandpa Han's house and look at Han's "milk" and "milk"... It's cold now, you can go back after lunch..."

Yun Chang's face was buried in the quilt, her voice was muffled, with a trembling ending, as if she was trying her best to hide her reluctance.

Gu Shinian sighed, lifted the quilt, and wrapped her body in the quilt, "Ah Chang, if you miss me, let Yun Shuilian take you to the county seat to find me."
