### Chapter 141 Bewitched

Gu Guangzong knew better than anyone how disgusted Zhang Chunni was about his recognizing his ancestors and returning to his ancestors, she knew it from the time she started beating him.

Gu Guangzong "touched" the bruised scar on his face and shivered unconsciously.

And the taste of getting a fucking fist is really... sour!

The expression on Gu Guangzong's face was a bit indescribable. He glanced at Zhou Mingjuan, who was sitting on the chair silently, and he kept muttering in his heart.

Could this mother-in-law be doing this on purpose?

Knowing that he didn't move Zhang Chunni, he did so on purpose, because he didn't want him to look back at home and make things difficult for him?

Gu Guangzong glanced at Zhou Mingjuan's stomach again, and felt that his wife was his wife.

Obviously he can't give birth to a son by himself, and he is still angry with Bala, who doesn't want him, a caring parent, to recognize his ancestors and return to the clan, occupying the kennel and not shitting, it is people like Zhou Mingjuan.

And his mother, who is like a tigress, if he had been more powerful back then and didn't give way to his wife, he would have already been the son of the political commissar of the provincial military region, so why would he need to curry favor with his unworthy wife...

Zhou Mingjuan didn't know what Gu Guangzong was thinking, got up and poured herself a cup of hot water, sighed and continued:

"Your father originally planned to take you and your younger brother to live in the provincial capital after the new year, and then he will choose one of you to stay at Gu's house..."

When Zhou Mingjuan arrived here, she paused for a while, and glanced at Gu Guangzong with sympathy, "It's not good for me to choose who to stay, but the criteria for choosing Rao must be to

be happy with the family and to be a qualified successor in the future. Can hold up the lintel of the Gu family.

Although your younger brother is old, he is more ambitious than you, and he is more decisive than you, at this point, your father should like him..."

"Aunt Zhou, it takes ten years to be careful, don't be deceived by him!"

Gu Guangzong hurriedly interrupted Zhou Mingjuan's words, if he continued to praise him, Zhou Mingjuan might take Gu Shinian back to the provincial capital, so what's the matter with him!

When he thought that Gu Shinian was likely to become the son of the political commissar, but he could only live in the county town and be a wild brat without a father,

Gu Guangzong felt a burst of anger in his heart.

They were all born to the same parents, and he was still the eldest, so why did he like Gu Shinian and dislike him?

That child is very attentive, and really told him to go back to the provincial capital, and in the future, he will not have to change his method and kill him!

"Aunt Zhou, if my dad stays for ten years, he will definitely regret it later. He is an unfamiliar wolf cub!

My mother has raised him for so many years and provided him with delicious food and drink, but he went to someone else's house to be his son some time ago. My mother is gone, she raised a white-eyed wolf! "

Gu Guangzong was sweating on his forehead in a hurry. He wanted to fight with people and play tricks, but he was afraid that it would have the opposite effect, making Zhou Mingjuan think that Gu Shinian was smart and would not suffer, but instead deepened her feelings for her. Good impression of Gu Shinian.

After much deliberation, only Hei Gu Shinian is the safest 'white-eyed wolf'.

When Zhou Mingjuan heard this, she smiled slightly, and said in a meaningful way: "Guangzong, in my opinion, Gu Shinian is not called a white-eyed wolf, it is to judge the situation."

Seeing Gu Guangzong staring at her blankly, Zhou Mingjuan continued, "From the outsiders' point of view, Gu Shinian would rather be his son than go back to his own house, it is obvious that the mother-son relationship between him and Comrade Zhang Chunni is very cold and also Ming Zhang Chunni is not a qualified mother.

Under such circumstances, Gu Shinian chose to return to the provincial capital to live with his father, which became a matter of course.

Even if Comrade Zhang Chunni disagrees, Gu Shinian can use the statement of severing the mother-son relationship to get rid of Zhang Chunni's bondage..."

"Sever the mother-son relationship? How can this be possible!" Gu Guangzong's face turned pale, as if he had heard something incredible.

"Why not?" Zhou Mingjuan asked Gu Guangzong back, "Comrade Zhang Chunni is not a qualified mother, what's wrong with Gu Shinian choosing to cut ties with an unqualified mother? With this statement, your father and I will only If you like him more, you can safely hand over the Gu family business to him in the future. How do you know that Gu Shinian won't do such a good thing? "

Gu Guangzong's face turned black again, and his teeth were rattling.

If it is the future, Gu Guangzong will definitely scold Gu Shinian for a scheming bitch!

He just wanted to make someone trouble Gu Shinian, how could he be so frightened that he didn't dare to go home for a month.

It turned out to be waiting for him here!

This showman!

After acting for such a long time, the purpose is not to get rid of Zhang Chunni, flatter and become promiscuous, so that you can successfully review the family and become an official young master!

Zhou Mingjuan's mouth curled slightly and continued to fan the flames, "Gu Shi found me two years ago, as long as I can take him back to the provincial capital, he is willing to write a letter of guarantee for me and your father..."

"I'm willing to write it too!" Gu Guangzong couldn't help it, "Aunt Zhou, I'm also willing to write a letter of guarantee for you!"

Zhou Mingjuan smiled and said nothing.

Gu Guangzong's eyes flashed, he pursed his lips and thought for a while, then said word by word:

"Aunt Zhou, I am willing to write a letter of guarantee, and I am also willing to sever the mother-son relationship with Comrade Zhang Chunni..."

Outside the house, Zhang Chunni raised her arm, and the hand that was about to knock on the door stopped.

Hearing her son, who was brought up by herself, with the person she hated the most, "willing to sever the mother-son relationship with Comrade Zhang Chunni", Zhang Chunni almost thought she had hallucinations.

She turned her head in a daze, looking at Gu Pangui, who also opened her mouth wide, with a humming in her head, the blood on her face faded instantly.

In a trance, she seemed to hear that the woman was still beguiling her son...

"...Don't look at your father as a political commissar now, but he has only been promoted for a few years, and he doesn't have many connections.

When you go back to Gu's house, it's good that all these contacts are in your hands. If your dad still thinks about Gu Shinian in the future, wants to pull him out, and use Gu Shinian's smart and decisive "sex", I really I'm worried you won't be able to compete with him. "

After Zhou Mingjuan finished, she let out a long sigh, "If only you could completely cut off your father's thoughts about Gu Shinian."

Gu Guangzong immediately revealed a fierce light, "Aunt Zhou, I know a group of people in the county, and their hands are...not very clean..."

"No!" Zhou Mingjuan's face was cold for a moment, "If this matter is found out, even your father will not have good fruit to eat! You can't implicate your father. Besides, you will be the one who will support our family's lintel in the future. You can't leave anyone behind."

Seeing that Gu Guangzong was like a deflated ball again, sighing with a bitter face, Zhou Mingjuan was instantly heartbroken, stroked her chest, and continued to teach Gu Guangzong.

Chapter 142 Sad

"You will be the son of political commissar Gu in the future, you have to learn to solve problems with your brain, and you can't always fight and kill.

like this thing. You can find a way to get Gu Shinian to write a statement to sever ties with Political Commissar Gu. In the future, won't everything in the Gu family have his share? "

Gu Guangzong nodded repeatedly in the room, but Zhang Chunni outside the room shivered, as if the blood all over his body had frozen, and his legs were so soft that he could barely stand up.

She held Gu Pangui's arm tightly, her icy fingertips were almost embedded in Gu Pangui's flesh, and she used all her strength to squeeze out a few breaths:

"...Hope to return, let's go...We, let's go."

Gu Pangui rarely refuted Zhang Chunni's words, endured the pain in his arm, and dragged Zhang Chunni to the outside.

The corridor of the guest house was just a few dozen meters, and the two walked for five minutes.

After leaving the hostel, Zhang Chunni sat on the snow-covered curb and looked at the people coming and going on the street. She lowered her head, covered her face with her hands, and big tears overflowed from her fingers.

She didn't cry hysterically like the "women" nowadays, but as if she was afraid of being seen crying, she restrained her emotions and sobbed silently.

Gu Pangui stood beside him, looking at Zhang Chunni's twitching shoulders and the tears that kept falling on the snow, a strange feeling called distress spread in his heart.

Zhang Chunni may be unqualified as a mother, but under extremely difficult circumstances, she still tried her best to pull the three older children.

She is not as rich or powerful as Gu Huaqing, but she is more responsible than Gu Huaqing. She never thought of giving up her children.

Even these three children are dragging oil bottles to her.

Gu Pangui remembered the situation when they first arrived in Qinghe County. At that time, Zhang Chunni had a big belly and could not work. In order to save money, they ate one meal each time.

After Gu Shinian was born, the family was almost too poor to eat. Zhang Chunni didn't even dare to sit for the confinement, and dragged her weak body around looking for work.

The aunt on the street saw that Zhang Chunni was pitiful, so she gave her an idea to give the newly born Gu Shinian to the family who lacked men.

Not only can it reduce the burden, but she can also get a 'nutrition fee' to support her body, but she was rejected by her.

When Zhang Chunni was facing a desperate situation, she never thought about giving up her child, but it is conceivable that Gu Guangzong abandoned her and chose to return to the man Rao who once abandoned them, how much it stabbed Zhang Chunni's heart.

What's more, in order to return to the Gu family, Gu Guangzong not only flattered Zhou Mingjuan, but also wanted to find someone to get rid of his blood-connected brother. This is what really hurts Zhang Chunni...

The snow became heavier and heavier, and soon a white layer fell on Zhang Chunni's head and shoulders.

She still lowered her head and covered her face with her hands, as if she was sitting quietly like a snow sculpture.

Gu Pangui stretched out his hand to brush off the snowflakes on Zhang Chunni's body, pulled her up from the ground with all his strength, and dragged her to the house without saying a word.

Zhang Chunni staggered and was dragged by Gu Pangui and walked a few hundred meters away. Without noticing, she fell directly on the snowdrift by the roadside.

This fall made Zhang Chunni's mind awake a little, she got up from the ground and stopped Gu Pangui from pulling her home.

"Hope to return, let's go, go back to the guest house."

Gu Pangui rolled his eyes, "Why are you going to the hostel? You're not angry enough!"

Zhang Chunni raised her hand to smooth her messy hair, and said calmly, "Let's go, Gu Guangzong is jumping up and down to enter the beast's den. Good future."

Gu Pangui pouted, "You can figure it out. If you drag people back, Gu Guangzong will hate you for the rest of your life!"

Zhang Chunni's face became even paler, she turned around and took a few steps, then slowed down and asked Gu Pangui, "What does your brother think about the reviewing family? Does he want to go back?"

"The third child is more sober than Gu Guangzong. He eats and wears clothes at home, and has three yuan of pocket money every month. He doesn't go to the provincial capital to see people's faces."

Zhang Chunni breathed a sigh of relief, and returned a little bit of energy. "That's good. From now on, there will only be three people in our family. We will add another 15 yuan to your pocket money every month."

Gu Pangui grinned subconsciously, and immediately reacted.

The three brothers and sisters each have three yuan of pocket money each month, and now they add another one and five yuan. Isn't that dividing the pocket money belonging to Gu Guangzong equally between her and the third child?

It seems that Comrade Zhang Chunni really does not want to take care of Guangzong.

However, if Gu Guangzong just went to the provincial capital, would it be too cheap for him?

Comrade Zhang Chunni has raised Gu Guangzong for 17 years, no credit or hard work, alimony, and future pensions should be given some, right?

Otherwise, wouldn't Comrade Zhang Chunni lose a lot of money if they just cut off the mother-son relationship?

Cai "fan" Gu Pangui's distressed liver trembled as he approached Zhang Chunni and said:

"Comrade Zhang Chunni, I think we should call the third child too! The third child has a good mind, and we will not suffer if the third child follows. Besides, you have raised Gu Guangzong for 17 years, and Zhou Mingjuan just took him away. If so, you have to pay some favors, or our family is not raising Gu Guangzong in vain!"

Zhang Chunni had a cold face, and after a long while, she replied, "I won't sell my son!"

Gu Pangui was unwilling, but he could only helplessly shut up.

She knew that Zhang Chunni was a fool, and that Zhang Chunni didn't want money, that is, she didn't want money, no matter how much saliva she wasted, it would be in vain.

The closer the two got to the guest house, the calmer Zhang Chunni's expression became. When she stood at the door of Zhou Mingjuan's room again, Zhang Chunni became the iron lady she used to be.

Gu Pangui raised his hand and knocked on the door, and without waiting for Zhou Mingjuan to respond, he pushed the door and walked in. Gu Guangzong saw Zhang Chunni coming in, and felt that his face started to hurt again, and raised his hand to cover it. Face, half dared to look into Zhang Chunni's eyes.

Zhou Mingjuan was still very satisfied with Gu Guangzong's useless behavior. After all, being a useless person is much easier to control than a thorn.

Seeing that Zhang Chunni came in and stared at Gu Guangzong without saying a word, Zhou Mingjuan stood up to stand in front of Gu Guangzong, straightened her back, raised her chin slightly, and asked with a fake smile that couldn't be more fake:

"Comrade Zhang Chunni, what are you doing to me?"

Zhang Chunni came back to her senses, looked Zhou Mingjuan up and down several times, stopped her back, and said in a hoarse voice:

"I'm not looking for you, I'm here for Gu Guangzong. Gu Guangzong, come out, I have something to ask you."

After Zhang Chunni turned around and left the room, Gu Guangzong subconsciously got up, walked a few steps, and suddenly stopped to look at Zhou Mingjuan.

#### Chapter 143 Mother and Son Break

With a polite smile on her face, Zhou Mingjuan raised her hand to smooth out the slightly wrinkled front of Gu Guangzong's clothes, and said gently, "Go, go out and have a good talk with Comrade Zhang Chunni."

Gu Guangzong's eyes swept across Zhou Mingjuan's hand, and then fell on her fair and gentle face. For the first time in his heart, he felt that he was valued and loved by others. This was something he had never enjoyed in the past seventeen years. Family love.

Compared to Zhou Mingjuan's gentleness and thoughtfulness, and thinking of Zhang Chunni's fierceness when he beat him, Gu Guangzong's guilt dissipated in an instant, raised his chin again, and said in a submissive tone, "Aunt Zhou, I will listen to you."

Zhang Chunni looked at the interaction of Liang Rao outside the door, pursed her lips subconsciously, turned around, and walked outside the guest house as if running away.

Her three children have never looked at her with Ru Mu's eyes, nor have they ever stood beside her obediently and said to her "I listen to you".

For the first time, Zhang Chunni clearly realized how failed she was as a mother.

Gu Pangui ran after Zhang Chunni for two steps, then turned around and glared at Zhou Mingjuan, stepped forward and grabbed Gu Guangzong's collar, pulling him out of the room.

Zhou Mingjuan watched with a smile as the two tore each other and walked out. After a few breaths, she walked to the window and looked down through the glass window.

Outside the window, the goose "hair"-like snow was still falling, and the snowflakes fluttered and fell, sticking to the pedestrians' heads and faces, and soon turned into water droplets and rolled down.

Zhang Chunni stood at the door of the guest house, and across the snowflakes flying recklessly, her gaze swept across Gu Guangzong's face inch by inch.

At first, Gu Guangzong was able to summon up the courage to look at Zhang Chunni, but when faced with Zhang Chunni's sadness and anger, and with endless remorse in his eyes, he quickly turned his head to the side, his eyes wandering from side to side, but he didn't dare to look into Zhang Chunni's eyes. .

Gu Pangui looked at Zhang Chunni, then at Gu Guangzong, took a few steps back, and stood under the roof of the guest house, not only to hide from the snow, but also to make room for the two of them to talk.

Zhang Chunni stared at Gu Guangzong for a while, then suddenly raised her hand, and in Gu Guangzong's surprised eyes, she straightened the octagonal hat on his head awkwardly.

Gu Guangzong subconsciously took a few steps back and stared at Zhang Chunni with a ghostly expression.

And Zhang Chunni didn't seem to notice Gu Guangzong's embarrassment, so she also took a step forward, hand down, and continued to help Gu Guangzong tidy up the collar.

This time,

Gu Guangzong didn't move, but the expression on his face became even more bizarre.

What does Zhang Chunni want to do?

What the hell is she trying to do?

If it weren't for the same eyebrows, Gu Guangzong almost thought that the person standing in front of him was not Zhang Chunni.

In his impression, Zhang Chunni was the kind of ordinary worker who spoke to him in a commanding tone, and educated him only with slaps and fists.

She definitely didn't want him to go back to the provincial capital, so she pretended to be gentle and coaxed him to go home!

He will not be deceived!

Gu Guangzong irritably wrapped his work clothes tightly and turned his head, "Comrade Zhang Chunni, don't waste your energy! My father is a political commissar, I must go back to the provincial capital. If you stop me again, I will sever the mother-son relationship with you. ..."

"Okay, cut off the mother-son relationship." Zhang Chunni withdrew her hand and said calmly.

"You're not a qualified mother, and I'm not afraid of people...you, you, what are you?" Gu Guangzong stared blankly at Zhang Chunni, almost thinking that there was something wrong with his ears, "You agree to sever...the mother-son relationship?"

Zhang Chunni turned her head to look at Gu Pangui under the eaves, and twitched the corners of her mouth, as if trying to draw strength from Gu Pangui.

After a long while, she turned around and said, "Guangzong, you are seventeen, you are an adult, you know what you are doing and what you want.

You want to sever the mother-son relationship with me, I... agree.

Even after looking forward to reconciling for ten years, they also agreed to sever ties with you.

From now on, you are the son of Gu Huaiqing and Zhou Mingjuan, and I, Zhang Chunni, have nothing to do with our family.

In the future, you will go to your good future, we will live our lives, we will not touch each other, nor pull each other, you will be... when there is no mother like me. "

When Zhang Chunni said this, her face was calm, her eyes were calm, and her tone was calm, but under this calm surface, her hand on the back was trembling all the time, her fingers were clenched until it turned white, even the calm The sound was heavy as if falling on a stone.

Gu Guangzong's head was buzzing, and he stared blankly at Zhang Chunni's open mouth, trying to distinguish every word of Zhang Chunni.

Severing ties with Zhang Chunni was the result he wanted, but at this time, Zhang Chunni agreed without hesitation, which still made Gu Guangzong feel abandoned.

This kind of cognition made Gu Guangzong's entire portrait step in the air, unable to find a point of focus under his feet, and his entire body seemed to be thrown from a height.

I don't know how long it took, Gu Guangzong finally found his voice. He opened his mouth and asked in a erratic tone, "Mom, you, you really... don't want me anymore?"

"You don't want us anymore."

Zhang Chunni clenched her teeth and tried her best to calm the various emotions that were constantly surging in her chest. She paused for a while, then raised her sleeves and wiped the corners of her lips that had been bitten bloody, and continued:

"I still have something to understand with you. Our family has not looked down on Gu Huaqing for ten years, and we have never thought about fighting with you to return to the provincial capital, and we will not fight with you for the family business in the future. Waiting for you to go back Now, don't be the same as before, asking people for ten years of trouble everywhere..."

Seeing the uncomfortable expression on Gu Guangzong's face, Zhang Chunni increased her voice again, "If I find out that you have been causing trouble for ten years, I will take the statement of severance you wrote to the newspaper and let you and Political Commissar Gu go to the newspaper. The family is so embarrassing!"

Gu Guangzong hadn't recovered from the blow that Zhang Chunni didn't want him to, and was smashed straight by this threat. He immediately turned ashen and glared at Zhang Chunni angrily:

"I knew you didn't want me to be good! You don't want me, and you want to ruin me by publishing a newspaper! Are you my mother? That white-eyed wolf is so good? Are you making trouble for me for such a thing?"

"Your white-eyed wolf is my son, and you will be the son of Gu Huaqing and Zhou Mingjuan in the future. I can't ignore the trouble you have caused my son."

Zhang Chunni's calm words made Gu Guangzong tremble with anger. He glared at Zhang Chunni, wishing he could pounce on her and bite a piece of her flesh.

He hasn't cut off the mother-son relationship with Zhang Chunni yet. This woman doesn't recognize him, and she threatens him because of Gu Shinian's white-eyed wolf.

She doesn't want him anymore!

Zhang Chunni turned around and greeted Gu Pangui, glanced at Gu Guangzong again, turned and got off the road, "Let's go, go home and write the statement of severing ties, you pack up, Ming and Comrade Zhou Mingjuan go back to the provincial capital. "

Gu Guangzong looked at the backs of Zhang Chunni and Gu Pangui, and his heart was so blocked that he could hardly breathe. Seeing that the two were gradually walking away, he lifted his legs that were almost too heavy to lift, one deep and one shallow.

#### Chapter 144: Severing Relationships

Gu Shinian took Yun Chang and Yun Shuilian out of the state-run hotel, frowned when he saw the snow on his calf.

The snow is getting heavier and heavier, and if it continues like this, the road back to the village may be blocked. At that time, Yun Chang and Yun Shuilian would have to be trapped in the county.

Yun Shuilian on the side also thought of this situation, looked up at the gloomy and growing snowflakes, took Yun Chang's hand and turned around and said:

"Comrade Gu, it's not very good. I have to go back with Chang Nan quickly, or the road will be closed later."

It's not that she doesn't want to stay in the county, but that she doesn't have a letter of introduction on her body, so she can't stay at the hostel at night, and she's embarrassed to go to Han's house to stay overnight.

And there is also the problem of eating. She and Yun Chang have two mouths, and they can't let Comrade Gu take care of the meals. It is now that everyone has a shortage of food, and she is embarrassed to always take advantage of Comrade Gu.

Gu Shinian looked at Yun Shuilian with disapproval, "Aunt Yun, it's snowing too much, Ah Chang will be frozen if you go back like this. It's not safe on the road, you still have to travel a night, it's too dangerous... .."

"But I still don't know when the snow will fall. Let's hurry up on the road while we can go back now. We should be able to get to the town before it gets dark." Yun Shuilian was really in a hurry. Hastily "interrupted" the words.

Yun Chang stood between the two of them, looking up, seeing Yun Shuilian's voice changed so anxiously, she couldn't help but pursed her lips and laughed.

"Gu, let's live in the county at night!" Yun Chang shook Gu Shinian's hand, "Second brother Gu has a place to arrange us."

Gu Shinian nodded, "Aunt Yun, I have a friend who has joined the army, let me take care of the house for him, you and Ah Chang can stay at my friend's house at night, and go back when the snow stops tomorrow."

It was not too early, Gu Shinian took the two directly to Wei Jianjun's house, first boiled hot water to clean the house, and while Yun Shuilian was burning the kang, Gu Shinian made an excuse to bring Yun Chang went out for a spin, and brought back two brand-new military quilts and sheets, as well as a bag of rice and a bundle of dried vegetables.

Gu Shinian was thinking about the family affairs in his heart. When Yun Shuilian took everything and settled down, he pulled Yun Chang and hurriedly explained a few words and left.

Yun Shuilian lays down the sheets, turns around, and "feels" the brand-new military quilt with her shining eyes, "Shangnan, does Comrade Gu's friend also have an officer at home?" be ah.

Yun Chang thought for a while,

Nod.

Although Wei Jianjun's parents had already sacrificed, they were also officials before they sacrificed, so she is not a lie.

Yun Shuilian "touched" the army quilt with admiration on her face, and quickly recovered her senses. She went down to the kang and wrapped Yunshang's hat and scarf, took her hand and walked out the door, "Go, I'll take you. Go to Grandpa Han's house for a visit."

Yun Chang was happily hanging around here, but the atmosphere on Gu Shinian's side was a little heavy.

Gu Guangzong held the pen and stared blankly at the slightly yellowed manuscript paper on the table, half daring to write.

Zhang Chunni's face was cold, while she ate the wowotou in big mouthfuls, while holding the bowl and pouring hot water into her mouth, her eyes occasionally glanced at Gu Guangzong who was in a daze.

Gu Pangui waited anxiously, avoided Zhang Chunni's gaze, blinked at Gu Shinian, pouted in the direction of Gu Guangzong, and motioned for Gu Shinian to go up and urge him.

Gu Shinian looked away, pretending he didn't see Gu Pangui's eyes, took out a pen, scribbled a few lines on the manuscript paper, and then handed the manuscript paper to Gu Guangzong, "If you can't write, then Copy it according to this, don't waste everyone's time here!"

"Cough, cough, cough..."

The wowotou in Zhang Chunni's mouth was directly choked out, blushing and coughing non-stop.

Gu Guangzong, on the other hand, stared at Gu Shinian angrily, then looked down at the manuscript paper full of words, and finally turned to look at Zhang Chunni.

Seeing that Zhang Chun looked up at him, then lowered his head and continued nibbling on the wowotou, Gu Guangzong put away the manuscript paper handed over by Gu Shinian in a fit of anger, and copied two copies in a row.

As soon as he put down his pen, Gu Pangui hurriedly handed over the ink pad he had prepared early in the morning, and motioned for Gu Guangzong to press his handprint.

Gu Guangzong raised his head and looked at the two black-hearted maggots in front of him who wanted to pack him up and throw him away immediately.

It was like the treasure that he desperately grabbed, but it was the garbage that Gu Shinian threw away.

Gu Pangui saw that Gu Guangzong did not press his handprint for a long time, still had a constipated expression, rolled his eyes, turned his head and said to Gu Shinian, "The third child, Zhou Mingjuan and Gu Huaqing really like you, you really don't want to go back. city....."

Before the words were finished, Gu Guangzong had already stamped the ink pad, and pressed his handprint on the completed statement of severing the mother-son relationship.

Gu Pangui picked up a statement, and when she saw that there were a lot of words about admiring Gu Huaiqing's character, she suddenly felt that she couldn't read the statement.

Then Gu Huaiqing has a fart behavior!

If you have good character, can you do things like abandoning your wife and children?

Can you break shoes with other women when your daughter-in-law has a big belly?

To marry a broken shoe, to drive a big-bellied daughter-in-law out of the house?

With such a thing that does not cultivate personal morality, the third child deliberately asked Gu Guangzong to write admiration for his character. Is he helping Gu Guangzong to curry favor with Gu Huaiqing, or is he trying to satirize Gu Huaiqing?

Zhang Chunni was sitting by the chopping board, holding her wowo head, and looking at the red fingerprints on the statement on Gu Pangui's hand, she couldn't come back to her senses.

Gu Shinian took two declarations, squatted down in front of Zhang Chunni, and said, "Gu Guangzong has put his handprint, so you can sign your name too."

Even though Zhang Chunni was already mentally prepared, when the statement that cut off her relationship with her son was handed in front of her, her heart was still torn in half, and her hands were shaking so much that she couldn't hold anything.

She even felt that this thin piece of paper was heavier than Mount Tai, and even if she tried her best to hold it, it still made her breathless.

Gu Shinian put the pen in Zhang Chunni's hand, and clenched her fingers one by one. He said in a flat voice that he couldn't refuse:

"Sign it. It's too late to stay. Sooner or later, it has to happen."

Zhang Chunni held the pen and looked straight at Gu Guangzong. Seeing that he turned his head slightly, avoiding her gaze, he opened his mouth subconsciously, but after all, no sound came out.

After Zhang Chunni shook Soso's signature, she was pulled by Gu Pangui and pressed her handprint. The whole figure seemed to have had her spine removed, and collapsed directly beside the chopping board.

Gu Shinian gave one of them to Gu Guangzong, folded the rest and put them away, took another copy of the manuscript and wrote it.

Chapter 145: Taking advantage of the fire

Gu Pangui took a look at the past and saw what Gu Shinian had written, and immediately widened his eyes, "The third child! You, do you want to cut ties with Gu Guangzong?"

"Well," Gu Shinian's subordinates kept silent, and his mouth answered lightly, "It's not just me, you can also write a copy. In the future, our family has nothing to do with the son of political commissar Gu in the provincial capital."

Gu Shinian was so conscious, Gu Guangzong should be happy in his heart, but the feeling of being swept out of the house by a lack of garbage in his heart was even stronger.

I want to be angry and angry, and feel guilty and guilty, but I accept it so safely, and I feel all kinds of depression and loss in my heart, mixed with a bit of grievance and anger.

How could they do this!

After living together for more than ten years, how come there is no nostalgia for him at all?

Are these people still his own mother, or his own brothers and sisters?

When he was the third child, he helped wash the "diapers" and took good care of him. Is that how he repaid him?

And Gu Pangui, when she was bullied at school and scolded as a wild brat, when did he help her beat her back? Why did she have no conscience and only remembered that he was not good?

Zhang Chunni was the most angry. When he cut off the relationship between mother and son, why didn't she hold back?

Even acting is fine, so that his heart will not be so empty and uncomfortable, and he will be able to have thoughts when he leaves home in the future.

He originally planned to come back to see Comrade Zhang Chunni in the future, but she did such a thing, she didn't even give him the slightest way back, why would he come back to see her in the future?

Gu Guangzong lowered his head, all kinds of grievances and feelings of loss came up for a while, and even the corners of his eyes brought a hint of wetness.

Gu Shinian glanced at Gu Guangzong, tugged at the corner of his mouth mockingly, and suddenly thought of Yun Chang's face in his mind.

If Yunshang was here, he would have to pinch the orchid finger, pointing at Gu Guangzong and scolding, "The slut is hypocritical! '

It is him who dislikes Zhang Chunni in all kinds of disgust, and he is the one who gets the benefits. After he got his wish and ran to the 'good future', he is also lost, wronged and dissatisfied, and feels that others are sorry for him. he.

It's really a model of being a bitch and setting up a torii!

Gu Shinian put away his pen,

Looking at the corners of his mouth twitching, Gu Pangui sneered and frowned, "You don't want to cut ties with him, and point at him to pull you in the future, right?"

Gu Pangui quickly shook his head, "You don't know who he is? I don't want that good thing!"

What are you kidding? She saw how much Gu Guangzong despised their family, how could she have such stupid and ridiculous thoughts.

She just wanted to take the opportunity to extort some pocket money, but she didn't bother Gu Guangzong.

Gu Guangzong looked at Gu Shinian, and then at Gu Pangui, his face turned blue with anger, he slammed the table on the table, and said angrily at Gu Pangui, "If you don't want your good things, you cut off your relationship with me! What do you want to do?"

He wanted to beat Gu Shinian, but now he was an outsider in this family, how could Zhang Chunni and Gu Pangui watch Gu Shinian suffer.

Then Zhou Mingjuan lived in the hostel. If he troubled Gu Shinian at this juncture, Zhou Mingjuan would definitely think he was an idiot when he knew it.

After all, he had to coax Gu Shinian nicely and make him cut off ties with Gu Huaqing.

If you have requests from others, you have to endure it when you are angry.

Gu Pangui was yelled at by Gu Guangzong, and he was not angry, but said with a smile, "Gu Guangzong, you will be the young master of the political commissar from now on! You are going to the provincial capital to enjoy happiness, congratulations. However, we are all one It was born to the same mother, so why should you take all the benefits alone, and the third child and I were just like wild cubs and left by you in Qinghe County?"

Gu Guangzong looked at Gu Pangui like a fool.

Why else?

Just because I'm a parent's son!

Just because you are a girl!

Just because the third child is stupid and doesn't take advantage of it, can you blame me?

Gu Pangui didn't take Gu Guangzong's disgusting eyes to heart, and took out the statement of severing the relationship between mother and son that he was holding in his hand.

"I want me to sever ties with you, and I won't go to the provincial capital to scrape even you in the future."

Gu Pangui smiled humbly, "You have to give me and the third one some favors! Otherwise, our hearts are unbalanced, and if we don't go well in the future, there is a good chance that we will go to the provincial military compound to complain to you, this time many times. Will...will it affect you?"

Gu Guangzong's face immediately turned black, looking at the mean smile on Gu Pangui's face, he couldn't wait to slap him.

She is taking advantage of the fire!

And he still took advantage of the third child's name to take advantage of the fire!

How could this black-hearted "fascinate" of money not be greedy for her!

The corners of Gu Shinian's mouth twitched, feeling that Gu Pangui's "sex" is not a bad thing sometimes, at least it can make Gu Guangzong's teeth ticklish, but he can't do anything about her.

Gu Pangui didn't look at Gu Guangzong's black face, and settled with him with his fingers, "Gu Huaqing's property must not be like other people's homes, only for sons and not for daughters. I am also Gu Huaqing's daughter, and I should also get a share of this property. Bar?

I have discussed with the third child. You are now paying 200 yuan. We will not look for you in the future, nor do we need to take care of Huaqing's property. In the future, we will give you both of our property and not Gu Mingzhu. "

Gu Guangzong widened his eyes and stared at Gu Pangui, wanting to see how thick her face was.

She even dared to pull it out righteously, and she was so embarrassed to negotiate conditions with him, why was she so shameless?

Gu Shinian did not expect that Gu Pangui would pull out a whole bunch of fallacies. Although he also supported Gu Pangui to get some benefits from Gu Guangzong, Gu Guangzong would never be able to spend such a large sum of money.

Even if Gu Guangzong had so much money, he would not give it to Gu Pangui. After all, Gu Pangui's reason was really untenable.

Sure enough, Gu Guangzong refused with a dark face.

"Are you crazy about money!? Don't I have no money, even if I have money, I won't give it to you! I don't want your share of the property, and you will find Gu Huaqing to go there in the future."

"Come on!" Gu Pangui was not disappointed, and again smiled and slapped his hand and shook it, "Then give me fifty yuan. This is the hush money, or I will go to the provincial capital to cut off your relationship with Comrade Zhang Chunni. Go out, if you and Gu Zhengwei's family are not afraid of losing face, try it!"

Gu Pangui's "sex" is like this, no matter if there is a date or not, she will try to poke it, even if it is a green date, it will be a profit.

But this kind of "sex" really caught Gu Guangzong.

He just looked back at home, if his reputation is bad, he will definitely be driven back by Gu Huaqing. If he dares not take the risk, he will have to accept Gu Pangui's threat and give her a hush money.

Chapter 146 Disdain to be with him

As the eldest member of the family, he was outright disliked and threatened by his younger brothers and sisters. He couldn't resist due to various reasons, so he could only bear it abruptly, which made Gu Guangzong feel extremely aggrieved and humiliated.

He wanted to scold Gu Pangui for a few words as usual, and suppressed her rebellious tail with a strong attitude, but Gu Shinian's gesture of tearing up the severance statement made him swallow the words that reached his throat.

This unstoppable feeling of grievance made Gu Guangzong's face flush with anger, but he had nowhere to vent.

He glared at Gu Pangui angrily, clenched his teeth together tightly, clenched his hands into fists, pounded on the table, then kicked open the door of the main room, and walked back to his room in a few steps.

After a while, Gu Guangzong pushed the door open again, smashed the rolled up banknotes on Gu Pangui's body, and said angrily:

"Take it! Fifty yuan! Remember to shut your stinky mouth, if I hear any rumors, I'll find someone to kill you, you girl!"

Gu Pangui ignored Gu Guangzong's threat, and happily unfolded the rolled up banknotes, counted them one by one twice, then rolled the banknotes and stuffed them into his pockets.

"The amount of money is correct, it's fifty yuan!" Gu Pangui patted his pocket with a smile, pulled out his stool and sat at the square table, while writing a statement of severing ties with Gu Guangzong, he said to Gu Shinian, "Old man Three, your sister has made a fortune today! Come on, what do you want, I'll buy it for you later!"

Gu Guangzong: "...". She must have made up her mind!

Gu Shinian couldn't help being amused, and replied, "No need, girls can't be short of money, you can keep it for yourself and spend it slowly."

Several people quickly wrote the statement, and soon signed and pressed their fingerprints.

So far, the kinship of close relatives for more than ten years has been completely broken in just a few minutes with a thin piece of paper.

Except for Zhang Chunni who suffered a heavy blow and fell asleep on the kang, Gu Shinian and Gu Pangui didn't feel much about Gu Guangzong's complete departure.

Even Gu Pangui still has some secret pleasure in her heart. She feels that if there is one less person at home, if there is an extra room, the pocket money can be relatively increased, which is beneficial and harmless to her.

Just seeing that Zhang Chunni's whole body was gone, Gu Pan returned with a drooping face with empathy, and she also pretended to be unhappy and deeply hit.

in the house,

Under the dim light, Gu Guangzong simply packed a few pieces of clothing, took out the pocket money he had accumulated for many years, counted it, squeezed it in the palm of his hand, and went out to knock on Gu Shinian's door.

Gu Shinian was reading a history book and asked without looking up, "What's the matter with you coming to me?"

Gu Guangzong sat down on the edge of the kang, hesitated for a while, and said, "Third, can you write another statement of severance, and I can give you money."

Gu Shinian raised his head and glanced at Gu Guangzong, "Do you want me to cut ties with Gu Huaiqing?"

Probably didn't expect Gu Shinian to be so direct, Gu Guangzong was stunned for a moment, and then nodded, "Aunt Zhou also means the same. As long as you cut off relations with there, I will ask the people in the county not to trouble you in the future. I'll give you a hundred bucks..."

"Can Gu Huaiqing agree? Even if Gu Huaiqing agrees, who will sign the name on the declaration? Without signature, private seal or handprint, the declaration is just a piece of waste paper. Can you sign and handprint instead of Gu Huaiqing?"

After Gu Shinian asked a series of questions, Gu Guangzong was immediately dumbfounded.

He remembered the several declarations he had signed today, all in duplicate, each signed with two Rao names and two fingerprints.

Taking care of the law of the years, Gu Huaiqing is not in Qinghe County, this statement really can't be written!

The matter could not be done, Gu Guangzong had a gloomy face, put the money in his palm into his pocket, and prepared to leave without saying a word.

"Wait a moment."

Gu Shinian dropped the history book in his hand, took out two manuscript papers from the drawer, and quickly wrote two statements on the table.

"You clearly bring the statement to Zhou Mingjuan. If Zhou Mingjuan has Gu Huaiqing's private seal on her hand, let her sign instead of Gu Huaiqing and affix the private seal."

Gu Guangzong took the two manuscript papers and glanced at them, and saw the words 'poor character, unworthy of being a father, disdain to be with him' prominently written in the second half of the first line, he thought for a while that he was dazzled.

He hurriedly turned to the side and glanced at the light carefully, the expression on his face cracked instantly, and he raised his head to look at Gu Shinian as if he was a fool.

"Third, did you make a mistake? Zhou Mingjuan will be angry when she sees it, what if she doesn't stamp it for you? And Gu Huaiqing, who is also a political commissar of the military region, you write... inappropriate, right? "

"What's inappropriate?" Gu Shinian asked back, "I can only cut off the relationship with Gu Huaiqing for this reason, and I only sign the two statements. If Zhou Mingjuan is not satisfied, the relationship will not be cut off. school"

Gu Guangzong was stunned for a while, then silently put the money he was about to take out again, stuffed the statement into his pocket, and pushed open the door without saying a word.

The next day, when the "color" just dawned, Gu Guangzong rushed to the guest house on the knee-thick snow, wandered outside the door for a long time, and finally gathered up the courage to knock on Zhou Mingjuan's door.

First show Zhou Mingjuan the statement that she and Zhang Chunni cut off the relationship between mother and son, and take out the statement written by Gu Shinian when the other party "shows" a smile.

Zhou Mingjuan did not expect that Gu Shinian would not give Gu Huaiqing face so much. After getting angry, he felt that Gu Shinian's writing like this also has an advantage, that is, it completely eliminates the possibility of him returning to the Gu family.

Gu Huaiqing is not a generous person, Zhou Mingjuan can already imagine the scene where Gu Huaiqing was furious after seeing this piece of paper.

With this statement of severing the relationship, it is impossible for Gu Huaiqing and Gu Shinian to become father and son without any grudges in their entire lives.

Zhou Mingjuan first signed her own name on the statement, and then took out Gu Huaiqing's private seal from her bag and stamped it in the lower right corner of the statement.

"Okay. Guangzong, you can send this statement back to Ten Years, and then bring your luggage. Let's go back to the provincial capital today."

Gu Guangzong nodded excitedly, his hand trembling while holding the statement on the severing of the father-son relationship between Gu Shinian and Gu Huaiqing.

He can finally return to the provincial capital!

In the future, he will be the son of the political commissar of the provincial military region, a real son of a high-ranking cadre, and no longer an ordinary worker's family in the county town, a wild brat without a father.

In the future, he will marry a daughter-in-law of the right family. Under the promotion of Ben Yin and his father-in-law Rao, he will also become an officer. He can also go out with a car and a security guard. When he walks on the street, everyone will look at him with envy. To see him.....

Gu Guangzong grinned, and fluttered all the way home, slapped the statement on Gu Shinian's desk, ran back to his room, carried the package he had packed long ago, and rushed out like a gust of wind.

Chapter 147 Add more rewards to Lan Xiaolan's children's shoes!

Zhang Chunni had a high fever in the middle of the night and had to ask the factory for leave in the morning.

At this time, she was sitting on the kang head wrapped in a quilt, and the blue quilt made her face more and more sallow.

Across the window, she clearly saw Gu Guangzong excitedly rushing into the door, carrying a small package, and walked away without looking back.

From the beginning to the end, Gu Guangzong did not enter the main room to look at her or say goodbye. It was like taking the dust off his clothes. on the ground.

Zhang Chunni thought she would be sad, but the strange thing was that when she saw Gu Guangzong's back without turning her head, she felt calm and easily accepted the fact that she had lost a son since then.

The snowstorm outside was much lighter. Gu Pangui hummed a little tune while using a wooden shovel to pile the snow in the yard on the wall, and soon shoveled out a path leading to the door.

Gu Shinian came out of the room, wearing a woolen coat that she had never seen before, very energetic and beautiful.

Zhang Chunni suddenly found that Gu Shinian seemed to have grown a lot taller and more energetic, and there was more atmosphere and calmness in her body that did not belong to children.

It turned out that before she knew it, her little son had grown up so well.

Compared with the eldest son, Gu Guangzong, he is smarter, more benevolent, more knowledgeable, and has a better bottom line.

Gu Shinian helped Gu Pangui sweep out the yard, then entered the main room, poured a tea pot of hot water for Zhang Chunni and handed it over.

Zhang Chunni took the tea jar and took a closer look at Gu Shinian's clothes, and suddenly remembered that she never seemed to buy clothes for Gu Shinian.

From childhood to adulthood, he seems to have chosen Gu Guangzong's old clothes to wear, and has never worn his own new clothes.

The expression on Zhang Chunni's face was a little guilty and a little puzzled, and she asked Gu Shinian, "Ten years, how did you ... get the clothes on your body?"

"I bought it myself." Gu Shinian replied calmly and casually, but Zhang Chunni didn't know how to answer for a while, and was silent for a while, and finally said awkwardly:

"...You grow up, tell me what you need in the future, and I'll buy it for you when I'm free."

Facing Zhang Chunni's deliberate release of kindness, Gu Shinian responded, paused, and continued, "I'll go out to get the medicine for you later, if you can go out in the afternoon, help me open a letter of introduction on the street. "

"Where are you going?"

"I want to go to Shenshi.

"

The tea jar in Zhang Chunni's hand almost overturned, and she looked at Gu Shinian blankly, "...Are you going to Shenshi? What are you going to do? Who are you going with?"

"When you open a letter of introduction, write to visit relatives. The other party's name is Gu Zongming. If someone from the street asks, you say it's a relative of the Gu family. I'll give you the address later."

Gu Shinian said it with certainty, but Zhang Chunni became more and more confused. Who is this Gu Zongming? How did the third child of her family know each other? Is it really a relative of Gu Huaqing's family? People from Shenshi, the third child has never left Qinghe County, how did the two of them get on the line?

Zhang Chunni wanted to ask clearly, but facing Gu Shinian's calm and steady eyes, she instinctively felt guilty, and she couldn't ask what she said.

"When you go to open the letter of introduction, remember not to write the number ten in my name, but to change it to the current time. I will take the time to change the name on my household registration."

Zhang Chunni took a sip of hot water and tried to negotiate with Gu Shinian, "Third, it will be New Year's Eve in half a month. If you go to the Shanghai market now, can you come back before the year? Can we go after the new year?"

Gu Shinian could see at a glance that Zhang Chunni wanted to delay the time, without penetrating her, and replied directly, "I plan to go back to school after the new year, starting from the first day of the new year. When you help me change my name, remember to give my age. I'm also a year older, and after graduating high school I want to go to university."

Zhang Chunni felt that her head was even more dizzy, wasn't she talking about going to Shenshi, why did she skip to school and the university entrance exam?

Besides, the third child's academic performance is not good. He has dropped out of school for half a year. When he goes back to the first year of junior high, can he keep up?

Also, this study is not something he can go to. She has to go to the school to find the principal, and she has to let the third child take the exam...

Ouch, it's even more of a headache when it comes to the third child going to school, let's continue to talk about going to the city!

Zhang Chunni raised her hand to rub her temples, and asked with a frown, "Third, what are you going to do when you go to Shenshi? How many days will you be able to come back? How much money and food stamps do you need to bring?"

Zhang Chunni came back, and Gu Shinian tapped the corner of his mouth, and then followed, "I borrowed the name of visiting relatives to play, and I will definitely come back a year ago. I have the money ticket myself, you don't need to prepare it for me."

"Why don't you bring the money ticket? If the poor are rich, take some more. When are you going to leave?"

"Tomorrow and the day after, if you don't want to go out in the afternoon, you can go and open a letter of introduction to me tomorrow morning."

"I'll give you a letter of introduction next morning. I'm going to work in the factory tomorrow morning, and I don't have time to take care of your business."

Gu Shinian was a little speechless. The white-eyed wolf, who had been raised for seventeen years, let Xiaosan take him away. He was paralyzed on the kang and couldn't get up, and he had a high fever. That's all, thinking about going to work in the factory. .

As expected of the Iron Lady, her bones are as hard as steel.

Seeing that Zhang Chunni's face was not good-looking, Gu Shinian stopped disturbing her rest, came out of the room, said hello to Gu Pangu, went out, and walked to Wei Jianjun's house.

Not long after Yun Chang got up, she sat at the kang table, drank a mouthful of white porridge, then nibbled a bun, and occasionally picked up a cucumber and nibbled on it, her eyes almost narrowed.

Gu Shinian saw this scene as soon as he entered the door. He couldn't help but curled the corners of his mouth. He said hello to Yun Shuilian first, took off his shoes, and went to the kang to accompany Yun Chang to have breakfast together.

As soon as Yun Chang saw Gu Shinian, he quickly swallowed the buns in his mouth and hurriedly said, "Second brother Gu, guess who I saw at Grandma Han's house yesterday?"

Gu Shinian smiled and pinched Yun Chang's face, "Who did you see? Han Yang? Or Han Chen?"

"How did you know?" Yun Chang pursed her lips, took another bite of the bun, and said vaguely, "I saw Han Chen. He arrived the day before yesterday, and he will return to the capital after the New Year. Yes. Now, Han Chen asked you to go over and play with him."

"Okay, I'll make time to go there in the afternoon. I may be going out tomorrow or the day after tomorrow."

As soon as Yun Chang heard that Gu Shinian was going to go out, she was in a hurry, she didn't eat any food, her eyes were round and round, and she stared at Gu Shinian for a moment:

"Where are you going! Are you going alone? Can you take me with you..."

"Don't worry, I'll take you with me." Gu Shinian grabbed Yun Chang's feet, dragged her to his side, and whispered, "This time I'm going to Shenshi, and I'll come back a year ago."

Chapter 148 The sister I recognize

Knowing that she can go to the market, and that she will be able to set off in the next two days, Yun Chang's excited eyes lit up.

After taking a few bites of the steamed buns in his hands, he stuffed the remaining half bowl of white porridge into Gu Shinian's hands, leaned on the window, and called out to Yun Shuilian who was sweeping the snow.

When Yun Shuilian entered the door, Yun Chang pointed at Gu Shinian and said confidently, "Gu, I won't go back to the village with you! I want to go to Shenshi with my second brother to play, and come back before the new year."

Yun Shuilian originally planned to take Yun Chang back to the village after lunch, but she didn't expect that Yun Chang and Gu Shinian gave her such a big surprise after just having a breakfast.

She froze at the threshold, unable to return to her senses for a long time.

How far is Shen City?

Why do you want to jump to Shenshi again?

This will not work!

This time, she brought people out. If she can't bring them back, her mother can't beat her a few times like a second brother!

"Shangnan, listen to my aunt, we still have to go back to the village first. If you don't go back, what should you do with the letter of introduction? You can't get on the train without the letter of introduction!" The point is, if you don't go back, your father and your mother will beat your aunt!

Yunshang waved his hand like a little adult, "It's okay, a child as big as me doesn't need a letter of introduction, I'll just follow Second Brother Gu."

Gu Shinian finished eating the remaining white porridge of Yunshang in a few mouthfuls, put down the bowl, and smiled to help Yunshang, "Aunt Yun, it's so cold now, I have to toss four or five times on the road from the county to the village. Hours, too much suffering, there is no need for Ah Chang to make this trip."

This made Yun Shuilian unable to answer. Seeing that Yun Chang, the young head of the family, had made up his mind to follow Gu Shinian out, Yun Shuilian could only pinch her nose and recognized it no matter how unhappy she was.

At this moment, Yun Shuilian finally understood what it was like to be left at the train station before Yun Erchuan.

Yun Chang didn't go back, and Yun Shuilian didn't stay in the county for much longer. After cleaning up the dishes, she took Yun Chang to explain a few words, and stepped on the thick snow to go back to the mule cart point in the town.

After sending Yun Shuilian away, Yun Chang helped Gu Shinian clean up the quilts on the kang while asking about Gu Guangzong and Zhou Mingjuan.

Knowing that the matter was completely resolved, Gu Guangzong moved out of the house in the morning. Even if Yun Chang didn't like Zhang Chunni, he couldn't help but scold Gu Guangzong for her.

It's such a white-eyed wolf!

Gu Shinian took out four statements of severance from his pocket,

Let Yunshang put it in the space and keep it well, then pinched Yunshang's mouth again, changing the subject, and interrupting her swearing behavior.

"Ah Chang, Zhang Chunni has a fever, you can find some medicine to reduce the fever, and I'll give it to Zhang Chunni when I go back."

Yun Chang responded, took out a few pills, thought about it, and said with admiration, "Second brother Gu, I think Zhang Chunni is very powerful now, and she can afford it and put it down. If this is replaced by someone else, it is estimated that The days are long gone."

This is really not an exaggeration. In the 1950s, there were really not many women who could be like Zhang Chunni, who could take their children away from the scumbag without crying or making trouble.

More than ten years later, she was abandoned and betrayed by her own son again. She did not use any means to forcefully keep her son, but once again cut off the relationship with Baiyan Erlang.

This tenacity and open-mindedness is no worse than that of women in later generations.

...

After Gu Shinian finished cleaning up the room, he asked Yunshang to take three catties of flour, a piece of pork belly, and a few freshly harvested cabbage and white radishes from the space, put them in a basket, locked the door, and carried Yunshang to the house. go.

...

Gu Pangui was sitting on the head of the kang and counting his small treasury. Seeing that Gu Shinian came in with Yun Chang in his arms, with a big bamboo basket behind him, he quickly put away the small treasury and greeted him in a hurry.

"Third, where have you been? Is such a big basket heavy? Come on, I'll help you carry it!"

Gu Shinian turned sideways, avoiding Gu Pangui's hand, and kept walking into the main room under his feet, "No, go back to the main room first."

A few people entered the door, Gu Shinian put Yunshang on the head of the kang, and put down the basket with the help of Gu Pangui, and then took out the pills in his pocket and let Gu Pangui pour boiling water to feed Zhang Chunni with medicine.

Gu Pangui woke up Zhang Chunni who was in a daze, and before she could sit up straight, he stuffed the pills.

"Comrade Zhang, hurry up and take the medicine that the third child brought you back."

Zhang Chunni stared blankly at the pills in her hand. It seemed that she couldn't come back to her senses. Yun Chang crawled over and pushed Zhang Chunni's hand, saying:

"Comrade Zhang, this is a medicine to reduce fever. You can take it quickly, you will be fine after you eat, and you can go to work tomorrow."

Zhang Chunni looked at Yun Chang's face and became more and more confused.

When you wake up from sleep, why is there a little girl suddenly at home?

Gu Shinian came over, touched Yunshang's head, and introduced Zhang Chunni, "This is Yunshang, I know my sister, and will come to our house often in the future."

Zhang Chunni came back to her senses, looked at Yun Chang carefully, and nodded, "Oh... I see. You are an older child, so you have to be measured in what you do. You brought people's children to our house, and tell the adults. Are you done?"

"Said. I lived at Ah Chang's house a month ago."

"That's fine." Zhang Chunni smiled at Yun Chang, "Girl, come to the house to play when you're all right in the future. If the third child isn't here, you can play with Gu Pangui."

Yun Chang nodded, moved to Zhang Chunni again, took out a big white rabbit toffee, peeled off the candy wrapper and stuffed it into Zhang Chunni's mouth.

"Aunt Zhang, after taking the medicine, one candy won't be bitter anymore. Try it now, isn't it sweet?"

Zhang Chunni was used to being rough, and she usually spoke to several children in an orderly tone, which resulted in the three children not getting close to her.

At this time, Yunshang suddenly fed a candy, and then listened to her softly and softly asking if the candy was very sweet, and her embarrassed face turned red for a while.

She hadn't been so close to anyone for a long time, she instinctively sat back, distanced herself from Yun Chang again, squeezed out a dry smile, and nodded randomly, "Sweet... sugar is delicious, thank you Yun Comrade Chang."

The sweet and rich taste of the toffee ran down her throat, until it reached her heart, and the dark color between Zhang Chunni's brows seemed to have decreased a bit.

Yun Chang pursed her lips and smiled, and approached Zhang Chunni again, sneakily stuffed two toffees into her hand, and whispered in a voice that everyone could hear:

"Aunt Zhang, I'll give you two more candies. You can take the medicine later. Hurry up, but don't let Sister Pangu see it."

Gu Pangu: "..."

Why is this little girl so vengeful?

Isn't it because I said something unpleasant last time, it's been so long, why didn't I forget to put eye drops on me!

Zhang Chunni felt that Yun Chang's appearance was very cute, she couldn't help laughing, took Yun Chang's hand, and put the toffee on her hand, "Aunt Zhang is an adult, not afraid of taking medicine, this toffee It's too expensive, keep it and eat it slowly."

How could Yunshang take back the things that were sent out, so he simply peeled off the candy wrapper and stuffed it into Zhang Chunni's mouth, so greedy that Gu Pangu kept drooling.

Chapter 149 report black

Gu Shinian saw that Yun Chang and Zhang Chunni were getting along very well, the corners of his eyes unknowingly got a smile, he walked to the chopping board and took out the same things in the basket.

Gu Pangu's eyes were immediately drawn to him.

Seeing Gu Shinian taking out the cabbage and white radish from the basket, Gu Pangui's expression could still be held up. When Gu Shinian took out the pork and white noodles, Gu Pangui couldn't help crying:

"Yeah! Pork! And white noodles!"

Gu Pangui leaned over to the chopping board, rubbed his eyes, his saliva was dripping, "Old third! Where did you find this expensive thing? You can't buy white noodles on the black market now, this is still refined white noodles. Gee! Gee! How much can this thing sell for!"

Zhang Chunni was also startled by what Gu Shinian brought back. After reacting, she immediately lowered her face and asked in a very cold voice:

"Third, how did you get these things? Did you do something wrong?"

"Comrade Zhang, are you alright! If you have something good to eat, you don't care whether you're going right or not?" Gu Pangui scolded Zhang Chunni and leaned towards Yunshang, "Little girl is lucky, she can come across good things when she comes back... "

"These meals are not for you."

Gu Shinian suddenly answered, glared at Gu Pangui, and then looked back at Zhang Chunni, "I bought these two cabbage and white radish at the store, and the fine white noodles and pork belong to Ah Chang, not ours. of."

Gu Pangui was dumbfounded, why did the good things become a little girl again?

The last time she ate a large pot of dumplings, she ate two of them. This time, the pork and white noodles were probably not hers.

The third one is too unscrupulous!

Yesterday, he joined up with her to cheat Gu Guangzong. Why did he suddenly change his mind today and point the gun at her again?

It's so irritating!

Yun Chang couldn't hear Zhang Chunni talking to Gu Shinian in the tone of a prisoner trial, so she quickly slid off the kang head, stood beside Gu Shinian and said:

"Aunt Zhang, I brought the white noodles and pork to ask Sister Pangui to help make the dumplings. When the dumplings are finished, Second Brother Gu and I will send them to Grandpa Han and Grandma Han."

Hearing what Yun Chang said, Zhang Chunni breathed a long sigh of relief. Looking at Gu Shinian's cold face, she wanted to say something soft, but she didn't know what to say, so she turned her head and ordered Gu Pangui to make dumplings quickly.

Gu Pangui didn't dare to ask for hard work this time,

She moved things to the kitchen, chopped stuffing and kneaded noodles neatly, hoping that Yunshang could see her working so hard and give her a few more dumplings later.

There was no one in the room, Gu Shinian took Yun Chang and sat down on the head of the kang, and said to Zhang Chunni, "I'm going to take Ah Chang to Shenshi. When you open the letter of introduction, make it clear that I will also bring relatives. Go with the kids."

Zhang Chunni's head started to hurt, and she felt that Gu Shinian's idea was too big. It was not safe for him to go out as a child. Now he brings a little girl, what if he loses someone else's child?

Where will she go to compensate someone for a cute little girl?

Even if you can't lose it, what if it is frozen in the sky and snow?

This third child, more and more will give her the whole thing!

Zhang Chunni leaned on the quilt, frowning tightly together. "The third child, Shenshi is too far away, and Yunshang is small, can the family agree?"

"Grandpa Yun can agree. Don't worry, I have a sense of discretion in this matter. You can just open a letter of introduction for me."

Zhang Chunni looked at Yun Chang's eyes, and in the end she could only reluctantly respond.

For such a small child, there is no need to open a letter of introduction at all. Even if she does not agree, the two children can run away secretly.

It's... so sad.

Near noon, Gu Pangui finally finished making the dumplings and put them in the yard to freeze. Door.

Yun Chang looked at Gu Shinian's bulging backpack and was extremely satisfied. As soon as he turned into the alley, he quietly put it into the space.

With so many ready-made dumplings, she can cook them anytime she wants to eat them in the future. They are delicious and convenient. After eating, she will ask Gu Pangui to help make the dumplings.

The two walked out of the alley. Yun Chang looked at the thick snow on the street and asked Gu Shinian, "Second brother Gu, are we going to Han's house or Wei Jianjun's house to cook for ourselves?"

"Go to Han's house, bring a pound of dumplings there, let Grandpa Han and Grandma Han try it, and see you Han Chen again."

When the two rushed to Han's house on the snow, Grandma Han was making noodles. Gu Shinian took out the dumplings from her bag, let Grandma Han cook them together, and then dragged Han Chen into the room.

"My eldest brother and I are still waiting for you to write a letter. I didn't expect to see you in my hometown first!"

Han Chen is an introverted person. Even if he is extremely happy, his face is still calm and self-controlled.

Gu Shinian smiled and replied, "There's something going on at home in the past two days, so I can't leave, or I'll come to see you yesterday."

The story of Zhou Mingjuan going to Zhang Chunni's house to rob her son spread in the county, and Han Chen also heard about it. Seeing Gu Shinian taking the initiative to mention something at home, he cautiously asked:

"I've heard everything about your family. How is it now? Has it been resolved? Has the woman gone?"

"Let's go, and take my elder brother with me."

Han Chen opened his mouth with an unbelievable look on his face, "She really stole someone? Is your elder brother willing?"

"He!?" Gu Shinian laughed, as if mocking, with a hint of bitterness, "He has always felt that staying in Qinghe County is too inferior, only the provincial military region can display his talents. The appearance of Zhou Mingjuan, just in line with my elder brother's wishes."

"What kind of cover are you giving Gu Guangzong! In order to return to the provincial capital, you have cut ties with your family. What do you call Big Brother?"

Yun Chang rolled her eyes aside, deliberately poked Gu Shinian's lung tube, and rubbed against the black shape secretly.

She had heard from Han Chen yesterday that his father was in the military area now!

And he's a real power man!

Gu Guangzong must be given eye drops.

"Sever the relationship?" Han Chen asked again, seeing Gu Shinian reluctantly nodding, his brows furrowed tightly, "Sister Yunshang is right, this person is a white-eyed wolf."

"At that time, don't worry, my uncle Bai is the commander of the provincial military region. I will call Uncle Bai tomorrow. People like your eldest brother are not worthy of being a soldier no matter how good they are! And your father, who is not a good person... It's not something!"

Yun Chang covered her face, causing a headache for Han Chen's father.

This child's EQ is so low, how can he mess with the army in the future?

How can anyone foolishly scold someone else's father for not being a good person?

Even if Gu Shinian's cheap father is really not a good thing, it's quite embarrassing to say that in person.

There is always a feeling of unworthy descendants.

Fortunately, Gu Shinian had worked in the business circle for a few years, and his mentality had already matured and stabilized. He didn't feel any discomfort or embarrassment about Han Chen's remarks.

#### Chapter 150 Disgraced

"Don't call Commander Bai. Yesterday I wrote a statement to sever the relationship between father and son, and Zhou Mingjuan stamped Gu Huaqing's private seal on it, and I will have nothing to do with that family in the future. Don't talk to me. I called and got my eldest brother back, so there will be trouble in our family in the future."

"...Sever the relationship between father and son!?" Han Chen's eyes popped out in shock, "Your father... Political commissar Gu also agreed?"

"Gu Huaqing probably doesn't know about this, but Zhou Mingjuan asked my elder brother to inform me to write it." Gu Shinian smiled and said in a very relaxed tone, "I never thought about hugging Gu Huaqing's thigh, nor did I Thinking about fighting with my eldest brother and Gu Mingzhu for the family property, it's better to cut off the relationship completely now, so as not to be troubled by them again."

Yun Chang blinked, and hurriedly turned her head to the side and snickered.

Brother Gu is really... a scheming boy!

A few simple words, the Gu Huaqing family was turned into a black hole.

First of all, Gu Huaqing is too incompetent! The political commissar of the dignified military region couldn't control his wife, so he asked her to hold his private seal and broke his blood relationship with his son on his own accord.

If this matter spreads out, Gu Huaqing in the military region would not even think about raising his head.

The other is that Zhou Mingjuan is too vicious. Back then, she was the one who broke her shoes. Now, she has not let go of the two sons of her original spouse. She took one home to enjoy her life, but let the other cut off ties with Gu Huaqing. The brothers turned against each other.

In the end, he slapped Gu Guangzong severely, especially the words "to avoid being troubled by them", which exposed too many details that could not be disclosed.

Although he did not say a single accusation against Gu Guangzong, people who heard it would make up their own minds. How could Gu Guangzong have a good reputation?

Just as Yun Chang thought, Han Chen was so angry that he couldn't sit still. He stood up and thumped the table, and said angrily:

"How can they do this! Political commissar Gu just doesn't care? It's too bad! Zhou Mingjuan is too bad! Your elder brother is not a good person, I'm so mad! It's too bullying, so just forget it?"

Gu Shinian raised his eyebrows slightly and pulled Han Chen down on the stool to sit down, "There's nothing to be angry about, and I don't want to go back and see people's faces to live, isn't it good now?"

Han Chen wanted to say something, but seeing the relaxed smile on Gu Shinian's face, he realized that Gu Shinian really didn't want to have anything to do with the Gu family.

After being stunned for a while, Han Chen sat down angrily.

He just made up his mind that he must publicize what Zhou Mingjuan did in Qinghe County, and then publicize Gu Shinian's disdain for the Gu family and severing ties with Gu Huaqing, so that Gu Huaqing would be embarrassed.

...

After Mrs. Han fished out the noodles, she put the dumplings into the pot. There were about 60 dumplings per pound. After three rolls, they were taken into a large basin and brought into the room steaming.

Smelling the aroma of the dumplings, Yun Chang couldn't sit still, her two short legs strode happily, she helped the old lady Han with the bowls and chopsticks, and scurried up the kang again, sitting upright in front of the kang table, waiting for the meal to start. .

The old lady Han was amused by Yunshang's greedy appearance, she first gave her a few dumplings to satisfy her cravings, and then turned back to send Han Shan to the kitchen to serve the noodles.

On the hot kang head, the old couple of the Han family, plus three young ones, gathered around the kang table to have a lively dinner.

Han Chen heard that Gu Shinian and Yun Chang were going to Shenshi, and they couldn't eat the white dumplings that he envied. He stared at Gu Shinian, until Gu Shinian said he would bring him a gift. Get a job.

.....

After Gu Shinian and Yun Chang left the Han house, Han Chen ran to the post office with a small treasury in his arms, under the pretext of going out to play.

He called Han Yang first and said that he had met Gu Shinian and Yun Chang in his hometown, and then he brought Zhou Mingjuan to the door to bully Zhang Chunni, and Gu Shinian took the initiative to tell Gu Huaqing the matter of severing the father-son relationship.

After hanging up the phone, Han Chen, facing the curious and gossipy eyes of the post office staff, dialed the phone to the provincial military district compound.

This time, I called several children of the Bai family.

Bai Qingzheng was older, and his behavior was more calm and smooth than Han Chen's. After receiving the call, he quickly understood Han Chen's intentions.

It's a pity that Bai Yancheng, as the commander of the military region, his children's every move will attract the attention of countless pairs of eyes.

It's just that what Han Chen said really made people angry. In addition, when Gu Guangzong returned to the Gu family, he was able to easily enter the circle of the children of the big courtyard in the name of the son of the political commissar. This made Bai Qingzheng feel very resentful.

It's not that he is xenophobic and cannot accommodate newcomers, but that their circle cannot accommodate people with low morals.

What's more, as a political commissar, Gu Huaqing did a lot of tricks to cause trouble for Bai Yancheng in private. The two families were just looking for face. This time, if he could stumble Gu Huaqing and let him hold his tail and be honest for a while, it would be considered a blessing. Bai Yancheng lightened the burden.

"Han Chen, it's not convenient for me to start this matter." Bai Qingzheng tapped his finger on the square table a few times, interrupting Han Chen's words on the other end of the phone, "Well, I'll let Qingming go out and find some friends to come back to play, you Call back in half an hour and repeat these things carefully."

Han Chen reacted instantly, Bai Qingzheng was planning to find a microphone!

He hung up the phone with a smile, turned around and walked around the department store opposite. After half an hour, he returned to the post office and called the military compound again.

This time, the half-boys sitting on the sofa reading the villain's book heard Han Chen's words clearly in their ears...

Zhou Mingjuan never dreamed that she had not returned to the provincial capital or surprised Gu Huaqing. What she had done in Qinghe County spread throughout the compound.

Gu Huaqing didn't believe it when he heard these gossips. He didn't realize that the gossip he heard in the afternoon was likely to be true until he returned home at night and found that the private seal in the drawer was gone.

Zhou Mingjuan was not on a business trip, but went to Qinghe County behind his back to find trouble with Zhang Chunni!

Gu Huaqing sat in the chair, thinking of the picture of being pointed at in the afternoon, his heart burst with anger.

This self-righteous fool!

If she wanted to give him a surprise, she would just pick a brat and bring it back, why did she have to do these superfluous, ridiculous things?

All right now, choose from a thousand choices, and bring back an heir with a notorious reputation, while the other brat has also cut ties with him because of Zhou Mingjuan's actions. It's really... disgraceful!
