Chapter 171 Injured

Under the dim yellow street light, Gu Shinian could clearly see two long army thorns in the hands of these sixteen or seventeen young men.

The sharp tip of the knife shone with dim light under the light, and the blood groove part had a dark shadow, which was on and off, exuding a bloodthirsty aura.

Gu Shinian felt the murderous aura of these people soaring into the sky, his heart froze, and his muscles were on alert.

The leading young man looked Gu Shinian up and down, pursed the corner of his mouth, and asked in a flat tone, "Are you Gu Shinian?"

Gu Shinian didn't speak, slowly took off the gloves on his hands, raised his head to meet those stagnant, emotionless eyes and nodded, "I'm Gu Shinian."

"It's enough if you can match the number." The man said and took a few steps back, his eyes locked on Gu Shinian, "You ruined other people's good deeds, someone bought your life, I'll take over the job."

The names of Gu Guangzong and Zhou Mingjuan flashed across Gu Shinian's mind almost instantly, but at this moment he had no time to think about the reason why he was being hunted down.

He smashed the glove in his hand on the face of the young man with the army thorn, kicked the person behind him with his foot, turned around and ran away.

He has some skills, but it is obvious that this group of people is not a good stubborn, and they all carry the bloody aura of people's lives, not to mention that the other party has weapons in their hands.

Coupled with the disadvantage of his age, whether in terms of height, strength, or physical fitness, he is a little worse than this group of people, and he will definitely suffer a big loss if he faces it.

The leader didn't expect that Gu Shinian still had some strength in his legs to kick his people away.

Probably because they were afraid of attracting patrols on the street, a few people didn't dare to scold and shout loudly, they just chased Gu Shinian with their heads covered.

Realizing that he couldn't get rid of the opponent, Gu Shinian changed direction and ran to the cross street in the middle of the county.

At this time, there were patrolling red sleeves and militiamen passing by on Cross Street. As long as he ran past, he would be safe.

No matter who found these people, as long as they dare to kill him, he can put these people to death and let them bite out the people behind the scenes!

Seeing that Gu Shinian was about to turn to Cross Street, the young man in the lead's face sank, "No! There are patrols on that street, so don't let him pass!"

While speaking, the leader grabbed the army thorn on the hand of the big man running beside him, and threw it straight at Gu Shinian's back.

Gu Shinian hid his body subconsciously, the army thorn rubbed his arm, and plunged into the frozen road.

Realizing that the opponent only had one army thorn left, Gu Shinian stopped, grabbed the army thorn on the ground, turned his head, and watched the group of people approaching step by step.

At this time, Gu Shinian was standing in a slightly narrower street, less than 100 meters behind it was the Cross Street, and he could even hear the patrolling red sleeves and the militiamen greeting.

With such a small distance, as long as he shouted, those people could rush in.

But, before that, he had to do some preparations.

The leader glanced at the military thorns in Gu Shinian's hands, grinned, took the military thorns handed over by his subordinates, and rushed towards Gu Shinian.

The two passed several tricks in almost an instant. When the other party swung his hand and stabbed him again, Gu Shinian smiled suddenly, leaned slightly to meet him, and the military thorn in his hand also stabbed the other party's thigh at the same time.

The leader looked at the military thorn inserted in Gu Shinian's arm, and then looked down at the military thorn inserted near the aorta of his thigh, his expression changed.

Gu Shinian took the opportunity to grab the collar of the leader and shouted with a raised voice:

"There are spies! Come on! Catch the spies!"

In the next instant, a sharp whistle sounded, thumping footsteps, and hoarse shouts of "Stop!" and "Don't run!" all of a sudden resounded through the entire street.

The leader was grabbed by Gu Shinian and couldn't run away, and the rest of the people dispersed at once.

Taking advantage of the night, he disappeared without a trace in an instant.

The militiamen and Red Sleeves quickly rushed over and flashed their flashlights. They saw two blood-stained people fighting on the ground. They quickly separated them and held them up again.

Gu Shinian raised his hand to cover his bleeding arm, and said to the leading militiaman, "Comrade, this man is a spy. Today, he brought five people and took weapons to kill me on the road."

The leader held his thigh tightly, his eyes flashed fiercely, and he also said to the militia, "Comrade, I'm not a spy, he's slandering me, we have personal grievances, and we'll settle things here."

What is a special agent?

That's a traitor!

It is the most serious crime. Once confirmed, it will be punished lightly for a lifetime.

So this man simply accused himself of assembling a crowd to fight, in order to get rid of the spy hat that Gu Shinian had put on him.

However, Gu Shinian had already resorted to bitter tactics, how could he be easily exonerated, he immediately turned to the militiamen and said, "Comrade, I helped arrest two spies in the provincial capital a month ago, and successfully stopped them through interrogation. The plan to blow up Linyang Railway Station and Linyang Power Plant also confirmed that the two agents were the accomplices of the murderer who blew up Beishan Coal Mine.

Three days ago, the county received a notice from the province to award me a commendation on behalf of the provincial government. Everyone in the county knew about this.

Just when I was there, this spy led someone to stop me and said I was the one who 'broken their plans and sabotaged their actions'..."

"Gu Shinian! If you dare to talk nonsense again, I will make you unable to live in Qinghe County!"

The young man was so frightened by Gu Shinian's words that he turned pale, and was held by two militiamen, struggling to shout at Gu Shinian.

"Are you talking nonsense that you know in your own mind! If you were not a spy, why would you come to trouble me just after I received the commendation and exposed my identity?

Fortunately, I can do some punching, otherwise the stabbed will not be in the arm, but in the heart.

If something happens to me at this juncture, I will lose the face of our Qinghe County! "

When the young man heard this, he closed his mouth and did not speak.

It's over, today this shit pot is really hard on his head.

This kid's heart is too cruel, this is to kill their gang and all the gangsters behind the scenes!

When a few militiamen heard this, they went straight up without hesitation, tied the thigh of the leading young man with cloth strips, and slid it to the police.

The remaining red sleeves pulled Gu Shinian and hurriedly took him to the hospital to bandage the wound.

Just kidding, this is their Qinghe County hero!

He is a living hero, and he is the one who gives the honor of the provincial capital of Qinghe County!

If the little hero has no punching skills and is killed by the spy, the impact will be too bad!

The little hero who just made a great contribution was killed by his spy accomplices on the third day of being commended. What is the nature of this?

At that time, the position under the county leaders' ass may not be stable!

Chapter 172: Interrogation and Acquaintances

After Gu Shinian finished bandaging the wound, accompanied by two red sleeves, he first went to the Public Security Bureau to make a record.

When I got there, I learned that the Public Security Bureau has a special department in charge of enemy special cases. It is in a small three-story building at the back. This department has independent procedures and systems. right.

The public security personnel took Gu Shinian and the two red sleeves into the small building and took notes separately.

Gu Shinian repeated the previous remarks again, and added a lot of doubts.

After Gu Shinian finished speaking, the public security comrade who had been listening to the side sent the staff who made the transcript to leave, and smiled and poured a cup of hot tea for Gu Shinian.

"Does it hurt?" The police officer pointed at Gu Shinian's injured arm.

"It's alright, bear it."

Gu Shinian took a sip of hot tea and calmly looked at the police officers in front of him.

About thirty-five or six years old, with a tall and straight body, his face is gentle and handsome, like a weak scholar, but the faint light in his eyes makes people dare not look down on him.

"My name is Zhang Haiyang." The policeman smiled and sat down in front of Gu Shinian. "You should have heard of me. My lover is Han Weihong, and my husband is Han Shan. Han Chen and Han Yang should call me uncle."

Gu Shinian was stunned for a moment, then got up immediately, softened the lines of his face, and greeted Zhang Haiyang, "Hello, Uncle Zhang!"

"Sit down, sit down and talk!" Zhang Haiyang beckoned to Gu Shinian, his eyes narrowed with laughter, "Han Chen even showed me the pen you bought him from Shenshi yesterday! By the way, Zhang Mingyang is my son, two years younger than you, and you can come to my house to play with Zhang Mingyang in the future."

"Okay." Gu Shinian nodded in response, not saying that he still had a small gift from Shenshi that he could give to Zhang Mingyang.

Judging from the situation of taking the transcript just now, Zhang Haiyang was able to arbitrarily dispatch the other two public security comrades who took the transcript, indicating that he is a small and powerful figure in the public security bureau.

But at this moment, this powerful figure is sitting in the office dedicated to making transcripts, not talking about the case, but just joking with him.

Gu Shinian couldn't figure out what Zhang Haiyang meant, so he lowered his head and drank the tea one by one, quietly waiting for Zhang Haiyang to speak.

Zhang Haiyang noticed Gu Shinian's gentle and courteous vigilance, the smile on his face withdrew a little, and his eyes also showed a serious look.

"In those years, I don't treat you as an outsider. I'll tell you something straight."

Zhang Haiyang put down the tea jar in his hand and put his hands on the table, "Before you came over, we stepped up the interrogation of Xue Liuzi... Oh, the kid who wanted to kill you. The other party explained that this time, someone paid for it. To buy your life, do you have any doubts?"

Gu Shinian raised his head pretending to be surprised, "Uncle Zhang means that Xue Liuzi is not a spy?"

"No, just like we can't clearly identify Xue Liuzi as a spy, he has no way to prove that he is not a spy, after all, the point of his crime is too sensitive.

In addition, Xue Liuzi can't tell who asked him to kill you, so whether this so-called man behind the scenes exists, or not. "

Gu Shinian understood what Zhang Haiyang meant.

If there is a black hand behind the scenes, it means that Xue Liuzi may have been instructed, then his suspicion of being an enemy agent will be reduced by one point.

If there is no black hand behind the scenes, then the whole thing from planning to execution can only fall on Xue Liuzi's head, and he chooses to do it at this time, which will undoubtedly increase his suspicion of the enemy.

Therefore, whether he has any doubts in his heart is very important to Xue Liuzi.

Gu Shinian fell into contemplation for a while, pondering in his mind the next direction of the whole thing.

Now there are two paths in front of him, one is to take the identity of Xue Liuzi Dite,

Gu Guangzong or Zhou Mingjuan, who was hiding behind the scenes like this, would have escaped the catastrophe.

The second is to tell the object of his suspicion and help Xue Liuzi take off the hat of the enemy special, so that the mastermind behind the scenes will be exposed.

Only in this way, Xue Liuzi and others saved their lives, which is always a hidden danger to Gu Shinian.

The most important thing is that Gu Shinian will take Yun Chang with him in the future. If Xue Liuzi and others want to take revenge, with Gu Shinian's current age and skill, they cannot protect Yun Chang at all...

However, this thing is not without room for operation.

If the public security could find out that Xue Liuzi and others had human lives on their hands, then things would be much simpler.

At that time, even if Xue Liuzi was not a special enemy, he would still be shot in the face of a life lawsuit.

When Xue Liuzi and the others have found out what they have committed, Gu Shinian will be able to express his suspicions and pull out the real murderer who is hiding behind the scenes. A heavy blow.

After thinking about this, Gu Shinian spoke directly to Zhang Haiyang and said, "Uncle Zhang, when Xue Liuzi led people to stop me, I heard them say a few words, it seems that these people have murder cases on their hands."

Zhang Haiyang was stunned for a moment, stared at Gu Shinian carefully for a long time, and then smiled and said, "Okay, I will have Xue Liuzi tried carefully. If this group of people really took human lives, they will definitely not be sentenced lightly." Who made him dare to attack the little hero of Qinghe County!

"Liu! Come here."

Zhang Haiyang walked to the door and shouted out of the corridor. After someone responded, he whispered a few words to the other party.

Gu Shinian was sitting in the office, and faintly heard Zhang Haiyang's voice outside the door instructing Xiao Liu, "Refresh Xue Liuzi overnight", "Let the comrades of the Criminal Investigation Department assist in the investigation", "Trial all murder cases that have not been solved in recent years" , "including missing persons"...

Zhang Haiyang quickly returned to the office and turned back into a smiling old fox again, "In those years, I heard from Han Chen that your relationship with your father is not very good, it seems that your eldest brother returned to the provincial capital some time ago, why don't you want to go back? ?"

Gu Shinian's heart froze, knowing that Zhang Haiyang was also suspicious, and immediately said with a bitter face:

"Uncle Zhang, Comrade Gu Huaqing and I... It's not that we have a bad relationship, but we have never had a relationship. You should have heard that I was born in Qinghe County, and Comrade Gu Huaqing has never raised me..."

Having said that, Gu Shinian lowered his voice, as if he didn't want to mention this thing that made him extremely sad and angry.

He hated the fathers of the two worlds to the bottom of his heart, so the sad and angry emotions were naturally revealed, and there was no trace of acting at all.

Chapter 173 Planning

Gu Shinian didn't deliberately deceive Zhang Haiyang, but before Xue Liuzi completely confessed his crime, he did not intend to pull out the suspect in his heart.

In case the Public Security Bureau did not find out the murder case of Xue Liuzi's hands, he would find a way to hide the behind-the-scenes matter, and completely confirm Xue Liuzi's identity as an enemy special, so as to avoid future troubles.

Zhang Haiyang didn't expect Gu Shinian to react this way, his face stiffened for a moment, and even his smile became a little dry.

Is this kid really talking to Han Chen about the same person?

It doesn't look like it.

What a little fox!

Zhang Haiyang was silent for a while, then changed the topic and continued to ask, "During the interrogation just now, Xue Liuzi said that you were injured on purpose. Can I know why?"

What else could it be for? Naturally, use the bitter meat meter!

Of course, another point is that because of the tight time, the people who are worried that the patrolling will go away and get themselves into trouble.

Besides, capture the thief first and capture the king first, and Xue Liuzi's skill is not bad. If he is not injured, how can he restrain the opponent so quickly.

However, in the face of Zhang Haiyang, this rhetoric still needs to be polished.

Gu Shinian calmed down and smiled bitterly, "Uncle Zhang, to be honest, I really didn't think about it that much at the time. I just thought that Xue Liuzi might be the enemy and the leader, and he must not be allowed to run away. Only then did I fight myself to get hurt, leaving Xue Liuzi."

Zhang Haiyang's eyelids twitched a few times, feeling that he really couldn't communicate with the little fox in front of him.

It's not slippery, and the tone is too tight!

However, Zhang Haiyang still disapproved and taught Gu Shinian a few words, "We can catch people again if they run away. If you miss, what can you do if you have an accident? You can't do it in the future. Did it."

Gu Shinian is not someone who doesn't know what's good or bad. The other party has released goodwill, so he naturally needs to thank him politely.

The two chatted for a few words, then Gu Shinian put down the tea jar and got up to say goodbye to Zhang Haiyang, but before going out, he turned around and asked as if to discuss:

"Uncle Zhang, can you hide this from my mother before the case is closed? Recently, the factory has heavy production tasks. She works overtime and night shifts every day. It's very hard. I don't want her to be distracted by my affairs."

Listen, what a filial child.

Gu Huaqing was really blinded by dog shit, he took such a ruthless and senseless thing back, and left such a filial baby to Zhang Chunni.

With this vision, the family deserved to be laughed at by the whole military compound.

Zhang Haiyang sighed in his heart, and happily agreed, "Don't worry. The suspicion of an enemy agent on Xue Liuzi has not been lifted, and the progress of the enemy agent case needs to be kept strictly confidential. "

Satisfied, Gu Shinian declined Zhang Haiyang's offer to send someone to send him home, clutching his injured arm and disappearing into the night.

In fact, Gu Shinian really didn't care whether Xue Liuzi's interception of him would spread.

It's just that this matter must not be exposed at this juncture!

If Gu Guangzong or Zhou Mingjuan really wanted his life this time, it must be that his existence threatened the interests of the other party, otherwise it would be impossible for those two people to do this after he severed the father-son relationship with Gu Huaqing. What one finds may get rid of him.

And at this juncture, the only thing that can make Gu Jia in the provincial capital look down on him is that he is commended by the province.

Gu Shinian knew with his toes that the reason that could prompt the other party to take risks and attack him must be that Gu Huaqing had to take action...

Or to put it more clearly, Gu Huaqing thought that his profile was more beautiful than Gu Guangzong, his reputation was better than Gu Guangzong, and the value of cultivation was far greater than that of Gu Guangzong, so he thought of taking him back home.

This is the main reason why the other party wants to kill him.

Moreover, Gu Huaqing must be coming to Qinghe County in the past two days.

That's why the other party recklessly chose to attack him at such a sensitive moment.

Based on this, Gu Shinian naturally had to beware that he was intercepted and killed from reaching Gu Huaqing's ears.

In order to prevent Gu Huaqing from guessing who was behind the scenes, he started from the province and interfered with the outcome of the case.

After all, the Gu family has already lost face once, and if there is another scandal of brothers killing each other, or the stepmother buying a murder child, Gu Huaqing's position as political commissar will really be unstable.

Therefore, in order to protect the face and status of the Gu family, Gu Huaqing will definitely find a way to clear the tail for the behind-the-scenes mastermind before the incident breaks out, and put the responsibility on Xue Liuzi.

But for Gu Shinian, he would definitely not be reconciled to let the real murderer escape like this.

This is also the main reason why he worked hard on Zhang Haiyang's side to let the county conceal the matter.

As long as he can fool Gu Huaqing, and when Xue Liuzi is convicted, he can stab the real culprit he suspects.

When the matter spread to the provincial capital, even if Gu Huaqing wanted to keep the two hindrances in his family, he would not dare to make small moves in front of everyone's eyes...

Gu Shinian, facing the north coming from Huhu, flashed a flashlight, and smeared open the door of his house.

Today is New Year's Eve, but because of the breaking down of the Four Olds, Gu Pangui didn't have the concept of keeping a vigil and waiting for the New Year.

I got into the warm bed long ago, and dreamed of eating refined grains every day and making a fortune.

Gu Shinian returned to his room, took off his blood-stained clothes, thought about it, went out and knocked on Gu Pangui's door, and spent two dollars to let Gu Pangui clean the blood on his clothes overnight.

As long as there is money to be made, Gu Pangui is a good supporter, and he doesn't make inquiries. He does the work quickly and beautifully in minutes.

Seeing Gu Shinian's pale face, and thinking of the large bloodstains on his clothes, Gu Pan returned very thoughtfully and poured a bowl of thick brown sugar water for the 'employer' to replenish the blood.

Gu Shinian laughed in his heart, took a few gulps of the bowl and drank it cleanly, endured the severe pain in his arm, and then said to Gu Pangui, "I'll give you another piece. You will run to Xinglin Village for me tomorrow and tell Ah Chang about me. There is something temporarily, and there is no time to pass before the fifth day of the first year. Let her not worry, just wait for me at home. "

"Okay, I'll go early tomorrow morning." Gu Pangui agreed.

"Don't talk about my injury..." Gu Shinian paused, then continued, "If Ah Chang asks, you can say that Gu Huaiqing is coming."

"What is Gu Huaiqing doing again?" Gu Pangui frowned.

This heartless man is not enjoying happiness in the provincial capital, why should he come here again?

Is it possible that you still want to bully Comrade Zhang?

"It should have something to do with my provincial commendation."

Gu Pangui quickly reacted, and clapped the table, "What does he think of Comrade Zhang! Taking all the trouble to give him the stupid big head of his son for nothing? He drove people away without paying attention, and now he thinks about it again. Two eldest sons! How can he think of beautiful things!"

Chapter 174 Coaxing

Yunshang rubbed her sleepy eyes, laying in the bed and looking at the window. Large swathes of snowflakes were fluttering and falling. The roofs of the mansion and the walls covered with sour jujube branches had already fallen thick snow.

Thinking that today was the first day of the new year, Yun Chang didn't stay in bed anymore. He reached out and pulled the clothes that were placed beside the pillow last night, and put them neatly on his body.

A bright red woolen coat, fitted black trousers, and a pair of small black leather boots are really handsome and beautiful.

Yun Chang seriously brushed her teeth, washed her hands and face, and looked in the mirror for a long time. She turned her head in dissatisfaction, and asked Yun Shuilian to comb all the small hair on her forehead, and tie a skyrocket on her forehead. Pull, this is satisfied nodding.

Such a beautiful little face should be fully exposed!

Look how beautiful it is now!

It's almost no different from the prosperous beauty of her previous life.

Besides, she is still young now, and she can still dress up for two years. After a few years, she will be old and the wind will tighten. No matter how ugly she is, she has to keep a low profile honestly.

Alas, thinking about it makes me sad.

Yun Shuilian held back her laughter until her stomach hurt. Why didn't she find out that Chang Nan loves smug beauty so much?

It's so much fun to style yourself a new hairstyle and look in the mirror endlessly.

Yunshang was stinky enough, she carried a small bag of truffle cakes, turned around and swayed around Yun Shuilian's waist, "Gu, it's almost time, let's go to Houcun to pay New Year's greetings to my grandfather and my milk..." I still have to accept it. Lucky money!

"Okay, the snow will stop soon, I will carry you over there."

Yun Shuilian glanced at the sky outside, and found that the snow was getting smaller and the wind seemed to have stopped. She turned around and put on a hat and scarf for Yun Chang, and went out with Yun Chang in her arms.

Yun Chang was lying in Yun Shuilian's arms, looking at her white face, she felt that her aunt was really a good girl, and she didn't know which stinky boy would be cheaper in the future.

Thinking of this, Yunshang asked Yun Shuilian in a thief, "Gu, has a matchmaker come to the door recently? What kind of family do I want to find you?"

Yun Shuilian slipped at her feet and almost threw Yun Chang out, blushing and staring at Yun Chang, "...Shang Nan, you, you, your child's family, don't mind the affairs of adults! "

Yun Chang blinked, this is... angered?

Is it possible that a matchmaker has come to the door? ? ?

This will not work!

We must not let the old couple be confused and marry Yun Shuilian!

She also plans to let Yun Shuilian go to work in the Fenyang area, but she can't find her husband's house in the surrounding villages, otherwise the husband and wife will be separated in the future, which is prone to accidents.

Yun Chang secretly pondered in her heart that she must discuss with the old man about buying a house and moving her household registration during the Chinese New Year.

Yun Shuilian hugged Yun Chang again, and continued to walk towards the back village with one deep foot and one shallow foot, leaving only a row of deep footprints in the snow.

The old lady and Li Hongmei were preparing the family's lunch. When they saw Yunshang entering the door, they quickly put down the work in their hands, pulled Yunshang and laughed.

"My dress is so handsome today! This little braid looks good too!"

As he said that, he turned to his side, took out a brand-new pink ticket from his pocket, and secretly stuffed it into Yun Chang's hand, "Shang Nan, this is the New Year's money that milk gave you, put it away quickly, and don't let anyone see it. "

Yun Chang was overjoyed.

I feel that the old lady is really too smart and understands her thoughts too well.

Give her a big surprise as soon as you walk in the door!

Moreover, the purchasing power of one dollar per month is not weak, and the old lady is really generous.

Li Hongmei leaned on her side and looked at the old lady and Yun Chang for a long time. Seeing the two hugging each other intimately and whispering together, she pouted and turned her head back with a worried expression.

Even the trough cake brought by Yunshang on the chopping board did not make Li Hongmei feel any better.

This dead girl, there are so many good things in the family. Today, when I come to pay New Year's greetings, I will take a bag of truffle cakes. Who is this?

Pooh! Just like her cheap mother, they are unpopular things.

It's just that the big tile-roofed house in the former village, and the 1,000 catties of grain that Lao Wang's family is about to pay for, are too tempting...

Yun Chang didn't know what Li Hongmei was thinking. She took the New Year's money from the old lady and went out to find the old man.

Seeing Yunshang running out, Li Hongmei also quickly supported the chopping board and said to the old lady, "Mother, I didn't sleep well last night, and I'm very tired. I'll go back to my room to rest for a while, and come back to cook later."

The old lady was startled, and hurriedly gave Li Hongmei a hand, "Does it matter? I asked Erchuan to call Tu Langzhong to come and have a look?"

"No need, mother, I'm just tired, I'll just take a break." Li Hongmei didn't wait for the old lady to reply, and followed in the footsteps of Yun Chang.

Yun Erchuan didn't let her talk about succession with the two old people, but she didn't let her talk to Yun Chang about it.

If she can coax the little girl and promise to adopt the baby in her womb to the big house, then the whole thing will be half.

When the little girl has a fight with two old things, the child in her womb will be raised, and Widow Wang's family will also be hers...

As soon as Yun Chang walked to the gate of the courtyard, Li Hongmei caught up, squeezed out a smile and said, "Shangnan, it's cold outside, let's play with Shuanzi in the second aunt's house."

Yunshang: "..."

There is nothing to be courteous, and it is either a traitor or a thief.

Li Hongmei smiled so flatteringly, why did she want to make trouble?

Just as he was about to refuse, Shuanzi stepped over the high threshold of the side house, looked at Yunshang excitedly, and was eager to step on the snow to follow.

Yun Chang has always been unable to resist the cute and cute Shuan. Seeing that he was sticking out his little feet, he almost fell into the snow, so he hurried over and lifted the Shuan up.

"Sister, eat, eat..." Shuanzi grabbed the hem of Yunshang's clothes with one hand, and squeezed fruit candy in the other hand, and kept stuffing it into Yunshang's mouth.

Yun Chang's heart almost melted. She felt that the food she fed Shuanzi was not in vain, the child remembered her well, and was willing to give her candy to eat, which was many times better than Li Hongmei's ignorant thing.

Li Hongmei didn't know that Yunshang was secretly scolding her in her heart. She returned to the room and looked at Yunshang and Shuanzi for a moment. Seeing that the two were having a good time and the atmosphere was good, she asked tentatively, "Shangnan, do you like it? Emboli?"

Yun Chang looked up at Li Hongmei and nodded honestly, "I like it."

"Then... do you want to have a younger brother?" Li Hongmei touched her belly and looked at Yun Chang expectantly, "When I grow up, I will be able to stand up for Chang's family and support the younger brother of her parents' family, Chang. Do you want it or not?"

Yunshang: "..."

Chapter 175 trouble

There are more than 3,000 collections, and there are only about 150 genuine subscriptions per day, and the subscription-to-subscription ratio reaches 20:1.

Looking at the bleak data, I feel really cold, and I feel that I am sorry for the fee for my writing. I stay up all night after get off work every night.

For 400 yuan, you can buy a box of facial masks and use them for about a week.

Here, I implore those students who read pirated copies, please don't collect this book, I don't need your fake collection to deceive yourself, and you don't want to respond to me, will you?

.....

Yun Chang was speechless again, this Li Hongmei's brain should not be flooded, right?

Widow Wang is a widow! She didn't remarry, if she really gave birth to a younger brother, wouldn't she tell everyone clearly that Widow Wang broke her shoes?

Not right, Li Hongmei should not be so stupid.

Yun Chang glanced at Li Hongmei's belly that kept stroking, and a flash of light flashed in her mind. She suddenly thought of a possibility, and she was so angry that she wanted to pounce on Li Hongmei and scratch her.

A fool who still wants to play her as a fool, is it possible that the words 'brainless' are engraved on her forehead?

This Li Hongmei is not very good, and the bad idea is really good!

Yunshang didn't show her face, she turned her head and pinched Shuanzi's little face and said, "My grandfather, my grandmother, and my second uncle said that Shuanzi is my younger brother, and he will be my mother's family who can support me when I grow up. people!"

Li Hongmei's face twisted for a moment, resisting the squeamish response, and then said, "Shuanzi Zadi is also from our second room, across the room, how can my own younger brother be caring. Look, the second aunt took the boy in her stomach. What about your family? You will have a younger brother in the future, but you have more hope than Shuanzi!"

Yun Chang's face darkened, she wanted to say a few words to Li Hongmei directly, but she felt that she couldn't communicate with such an idiot. Yu Guang left the old man and Yun Erchuan into the yard together, put the sugar in his hand into Shuanzi's mouth, and rushed outside the door shouting:

"Master! Second uncle! Second aunt said that I would give the little brother in my stomach to our family, and let me raise her baby, so I will be filial to her when she grows up!"

The old man: "... What? What did I hear? Li Hongmei wants Changnan to raise her children? She thinks so beautiful, why can't she go to heaven!

Yun Erchuan: "... This scumbag who remembers eating but not beating is in need of beating again!

Li Hongmei: "... When did the old lady ask you to raise a baby for me, so that you will be filial to me when you grow up? Why did this little turtle open his eyes and talk nonsense, without even stammering?

Just as he was about to open his mouth to refute, Yun Erchuan clenched his fists and rushed in with a black face. Li Hongmei quickly got up from the kang, with a white face, he hesitated:

"Er Chuan, I didn't say that... I, I just asked Chang Nan if he wanted to have another younger brother... I... That's what Chang Nan made up!"

That's right! It's the little girl who is blind in the movie, deliberately tricking me! Even if I have the idea of a big room in my heart, I can't say anything without a door!

It's just that Li Hongmei was scolded just two days ago because of her adoption, and Yun Erchuan was really in hell if he believed her words.

With a dark face, he first asked Yun Chang to return to the main room with Shuan Zi, closed the door and raised his fist at Li Hongmei.

It was just before the fist fell that Yun Erchuan somehow remembered that Li Hongmei was still pregnant, and when he tilted his hand, he punched the cabinet next to him.

Li Hongmei was almost beaten for the first time, and she was so frightened that she leaned against the edge of the kang with her legs slack, scolding Yunshang half to death in her heart.

Yun Erchuan opened his eyes angrily, his eyes burst with red blood, and his anger almost overflowed, "Do you want to be ashamed! Are you ashamed? Yesterday's food is still in the stomach, and today's it. Carrying someone behind your back to count on Sang-Nan! Let Sang-Nan help you raise the child, how can you be so embarrassed to say it?"

As he spoke, he raised his hand and punched the cabinet again.

Li Hongmei's body also trembled.

"Er Chuan, Er Chuan, I, I really didn't say that..."

Li Hongmei refused to admit it, Yun Erchuan was even more angry, she spoke directly, pointed at her nose and scolded, "Li Hongmei, you are a traitor, our family are all cowards, right? You are saying that Changnan is a five-year-old. The child made up nonsense and wronged you? Do you believe it yourself!"

wrong! is six years old!

She turns six today!

Yun Chang was lying on the door panel and whispered in her stomach.

In the room, Li Hongmei didn't speak anymore, leaning against the edge of the kang and the corner of the cabinet, she didn't dare to move.

Yun Erchuan's face was blue, and he continued, "Even if Chang Nan really made up a lie and wronged you, what point did she say wrong? Did you not fancy the big tile-roofed house of your eldest brother's house, or did you not envy Wang Guihua's thousand catties of grain? Or? Don't you have the intention of climbing up to Comrade Gu Xiao through Chang Nan and letting those two children raise your son for you?"

Xiaoxin was picked up by Yun Erchuan again, and Li Hongmei was extremely embarrassed. Because of the child in her belly, Yun Erchuan did not dare to do anything with her, and shouted at the top of her voice:

"What if I'm thinking about it? Look at what kind of life Chang Nan lived, and then look at what kind of life Shuan Zi lived! Chang Nan drank refined grains, eggs and meat can be eaten as much as they want! Shuan Zi sees the sky. I'm eating elm bark, Wowotou, and I can't get enough to eat. What do you want me to think?"

Do you think I am willing to adopt my son out? If I didn't want your son to have a good life, I could have this thought? Would you be willing to let my son call Widow Wang a mother? "

Li Hongmei said, and started crying.

Yun Erchuan staggered backwards, so angry that he almost breathed out, his hands were shaking non-stop, his eyes were red, and he stared at Li Hongmei.

"Li Hongmei, after all that, don't you think that I, Yun Erchuan, have no ability and can't afford to raise a wife and children! In this case, we'll go to the town to get a divorce today, and I won't stop you from running a good future! Baby, if you want to have a baby, our Lao Yun family will keep it, if you don't want to have a baby, a medicine will fall, and I will depend on you."

The more Yun Chang heard, the darker his face became, and he wished he could go in and grab the couple and beat them up.

Why is she eating refined grains? Widow Wang has already distributed the orders. She eats badly and lives like Widow Wang's house. What's wrong with Li Hongmei?

When the original owner was about to starve to death, he didn't see Li Hongmei taking care of her behind his back. Now that it's good, he wants her to help raise his son, just because of her horse's face?

And Yun Erchuan, is this how Li Hongmei is taught on weekdays?

If you get angry at every turn and get divorced, if this is really divorced, Li Hongmei's family can't help but hate her?

Surely this is teaching his wife, not revenge for her?

Really, stupid!

Yun Chang was so angry that she stared at the door panel for a while, her eyes were red, and she turned back to the main room to complain to the old lady.

She doesn't believe it anymore!

This time, if Li Hongmei cried and called her mother, she would take Li Hongmei's surname!

In the main room, the old man had already told the old lady about Li Hongmei's little calculation. The couple sat on the kang head, one frowned and smoked a tobacco bag, the other lowered his head and kept sighing.

Yun Shuilian sat at the stove, her lips pressed together tightly, and she didn't turn around to hug Shuan even when she was spinning beside her.

Yun Chang lifted the curtain of the door and did not go in. She stood at the door frame and kept crying "Two words.

Chapter 176 trouble

Yun Chang observed the expressions of the old couple and asked, "Master, milk, what is a wild species?"

"Snapped!"

The dry tobacco bag in the old man's hand fell to the ground, and looked at Yun Chang blankly, "...Shangnan, where did you hear this?"

Yun Chang didn't answer, and continued, "Second aunt said that I am... a foreigner. If I don't give my father a step-son, my father will not even go to the grave in the future."

The tone of Yun Chang's speech should be paused, and the guilt should be guilt. The old couple felt like grass growing in their hearts. For a while, they made up a lot of pictures of Li Hongmei pointing at Yun Chang's nose and cursing.

They even suspected that the word 'wild seed' in Yunshang's mouth was said by Li Hongmei, and she had already told Yunshang that Yunshang was not Yun Dachuan's daughter.

The old couple looked at Yunshang's face carefully, seeing Yunshang wiping away her tears, the old lady couldn't help it, she moved to the old man's side, stretched out her hand and punched twice.

"Look at it, look at it! This is the honest lump you chose for Erchuan, it's not as good as a family scoundrel! You should send people back to the old Li family now!"

The old man's face was not good-looking, he opened his mouth, was silent for a long time, and finally said, "At that time, when Erchuan saw Li Hongmei, you nod your head, saying that Li Hongmei was obedient... Besides, we don't want female dolls to go to the grave..."

"Fuck your mother's ass! It's all broken down now, where are you going to go to the grave? Do you dare to go to the grave..."

What was the old lady scolding behind, Yun Chang didn't hear it clearly, just thinking about the sentence the old man said, "I don't want the girl to go to the grave".

Really treat her as a child, can't hear bad words?

The old man said this because he thinks Li Hongmei's idea is reliable, and that Yun Dachuan has no son, no one burns paper during the festivals, and no one goes to the grave during Qingming?

She hasn't finished her complaint yet, the old man has signs of mutiny.

She was so kind to the Lao Yun family, but she didn't let them bully her with their noses and faces!

If the old man is really moved, he can adopt it if he wants to, she doesn't care.

Anyway, don't expect her to raise children for Yun Erchuan and Li Hongmei.

Press her, and she can't come back after the household registration is moved!

snort! It's really a big loss, and the baby's New Year's money has not yet arrived!

Yun Chang ran out angrily, the old man and the old lady were startled, and quickly got off the kang and chased after him.

And the old lady scolded the old man while chasing, "You old fool, can you say that in front of Chang Nan? If my granddaughter gets angry, I won't let you go!"

The old man was anxious and aggrieved, "I didn't say succession, I just thought that it would be good to have a man under Dachuan's name, and in the future, Sang Nan would be able to get married, and there was no need to choose the crooked melons and jujubes that others didn't want to recruit. This child, what a temperament. You are so big, we can't really treat her badly and let her raise a baby for Erchuan, why are you so angry?"

"How do you know that Li Hongmei's baby is a boy..."

The old couple ran out to chase Yunshang, Yun Shuilian looked at the empty room, she was so angry that she couldn't cook, she had a black face, threw the firewood in her hands on the ground, rushed out a few steps, facing the door of Yun Erchuan's room, kicked when you lift your foot.

After entering the door, without looking at Yun Erchuan, he pointed at Li Hongmei's nose and scolded him.

Yun Erchuan knew from Yun Shuilian's mouth that Yun Chang ran back to the former village angrily, his face was too dark to read, Shang Kang packed two clothes, grabbed Li Hongmei's arm and pulled outside, "Shuilian, watch at home. I'll take Li Hongmei back to Lao Li's house!"

.....

Yun Chang's pair of short legs were very happy, and the old lady couldn't run fast with her small feet, so the two chased the Qiancun house.

As soon as she entered the door, she saw that Yun Chang was packing a large bag and a small bag, and Widow Wang was also pulled out by her, carrying a small burden on her body, looking like she was going to go out.

This is... is this going to take Widow Wang away from home?

The old lady's eyes turned red, she turned around and punched the old man with both fists to vent her anger, and hugged Yunshang all kinds of coaxing.

"Ouch, baby girl, you don't mean what Li Hongmei said, but you don't dare to get angry..."

The old lady explained it, and Yun Chang understood the old man's thoughts.

All in all, the old man thought about Li Hongmei's words and was a little moved, but he didn't agree with Li Hongmei's greed.

And the plan in his heart was that if Li Hongmei's child was a male, he would discuss it with Yun Erchuan, record it in Yun Dachuan's name, and burn paper to Yun Dachuan's grave during the festivals in the future.

In addition, this child has nothing to do with Widow Wang and Widow Yun. In the future, there is no need to give Widow Wang a pension, and the household registration does not need to be moved here, let alone Yunshang and Widow Wang to support the children for Yun Erchuan.

And when Yun Chang grows up, whether it is recruiting children or getting married, the old Yun family has no opinion, as long as he is responsible for the old age of Widow Wang.

After Yun Chang heard it, she suddenly felt that the old man's idea really made some sense.

She was not Yun Dachuan's daughter in the first place, and her household registration was going to move out to be with Gu Shinian. Maybe she could find her biological parents in the future. By then, Yun Dachuan had no daughter, who would burn paper for him and put him on the grave?

If Yun Erchuan's children can be remembered in the name of Yun Dachuan, and the hearts of the old couple can be reassured, and some people in Yun Dachuan will burn incense, this is the most suitable thing.

Thinking of this, the anger on Yun Chang's face eased, and he ran to the old man, and stretched out his small hand, "Master, give me the New Year's money!"

The old man was stunned for a moment, and hurriedly took out the money from his arms. He didn't count them, and put them all into Yun Chang's hands.

The corner of Yunshang's mouth twitched a few times, and he took out a dollar from it, and the remaining money was stuffed back into the old man's pocket.

"Master, milk, my second uncle can't teach his mother-in-law, and he doesn't reason well. He only uses divorce to scare the second aunt. The second aunt must scold me in her heart..."

"I won't scare her this time, I will rush back to my parents' house to let her go. When I change it, I will come back. If I can't change it, I will divorce." The old lady said with a dark face.

They all scolded the word 'wild seed' in front of my granddaughter, this is sincere to make this family uneasy!

"Milk, second aunt still has a little brother in her belly."

Before the old lady could speak, the old man said first, "Don't be afraid, the old Li family does not dare to treat the grandson of our old Yun family harshly. If the child in Li Hongmei's womb is gone, the marriage will be divorced. I'm waiting to marry a daughter-in-law, I dare not do that."

The old lady added, "The eight catties of grain that the old Li family owes our family has not been given yet, this time I will let Li Hongmei eat it back!"

Yunshang: "... No wonder Yun Erchuan doesn't teach his wife, the root cause is here!

Just as he was about to speak, Yu Guang glanced at Gu Pan, who was wearing new clothes and returned to the yard. Yun Chang's face changed, and he ran out a few steps, "What happened to my second brother Gu!"

Chapter 177 Don't fool me

"The third one is fine." Gu Pangui covered the surprise in his eyes and smiled at Yunshang, "Gu Huaqing is coming over, the third child has no time to come in the past few days, so I sent me over to tell you."

Yun Chang frowned, stared at Gu Pangui for a long time, and led her into the house, "Sister Pangui come and rest for a while, I'll pack up and go to the county with you."

Gu Pangui didn't expect Yun Chang to react this way, and was stunned for a long time, but he didn't know if he should stop Yun Chang.

The third child said that Yun Chang should not know about his injury, but he did not say that Yun Chang should not go to the county to see him.

However, if Yunshang went to the county seat, wouldn't he be able to hide the same thing as his grandson who was beaten by the third child?

Yun Chang, no matter what Gu Panguai was struggling with, went into the house, packed the clothes he had packed before, went to the side house, packed half a basket to eat, thought about it, and then put the newly bought copper hot pot into the basket, and together dragged out.

Gu Panguizheng took a big gulp of the brown sugar ginger tea that the old lady rushed to drink, and saw that Yunshang was a burden and a basket again, with a moving posture, his eyes were about to come out.

This is... going to live with her parents?

Sure enough, as soon as Yunshang came out, he said to the old lady, "Mother, I'm going to stay in the county for a few days, you and my grandfather will move in to help me guard the yard and take care of my mother... By the way, the three chickens in the backyard are also feed me..."

Probably because Yun Chang was too anxious and her face was not very good-looking, the old lady didn't stop her, "Okay, don't run around in the county, you have to listen to Comrade Gu Xiao. In a few days, your grandfather and I will go to you. Grandma Han is visiting relatives and will pick you up when the time comes."

Today is the first day of the new year. The snow on the ground is thick with palms. The old man is worried that Yunshang's short legs will be too hard, so he went to the village to borrow an ox cart, sent the two to the town, and then took a mule cart to the county. .

The mule cart rolled over the snow, swaying and slowly moving forward. Yun Chang sat at the back, watching the two wheel marks of the mule cart, and counting the seconds.

After finally getting to the county, Yun Chang didn't care about Panguai and the big basket, carrying a small army bag and trotting all the way into Zhang Chunni's house.

Gu Shinian looked at Yun Chang who suddenly appeared at home, and couldn't come back to his senses for a long time.

How is this going?

Looking forward to returning?

Didn't Gu Panguai tell Yun Chang that he was going to the village a few days later, why did he suddenly bring Yun Chang home...

"Second brother Gu!" Yun Chang, regardless of what Gu Shinian was thinking, rushed over, grabbed the hem of Gu Shinian's clothes and looked up and down carefully, "Second brother Gu, where are you injured?"

Gu Shinian looked at Yun Chang with a headache, "... Ah Chang, the second brother was not injured."

"You lied!" Yun Chang puffed up her cheeks, and her round eyes were full of anger, "If you weren't injured, why didn't you go to me!"

"A Chang..."

"I'm not a fool, don't fool me with what Gu Huaqing wants to come over!"

Yun Chang was so angry that her eyes were red, she stretched out her small hand, pointed at Gu Shinian's nose and scolded, "I don't know you yet! You haven't even looked at Gu Huaqing in your eyes, you can give him face and stay in the county seat exclusively. wait for him?"

If you really have something to do, you won't stay at home now, and you won't use Gu Huaqing as a pretext to prevaricate me! Unless you are injured and dare not let me know, this is the only way to use Gu Huaqing as a shield! "

Gu Shinian: "..."

It's over, why is Ah Chang getting smarter and more difficult to fool?

Gu Shinian's eyelids jumped a few times, and in Yun Chang's increasingly angry eyes, he quickly squatted down, put Yun Chang on the kang, pointed to his left arm, and said with a flat face, "Ah Chang, two It's alright, brother, I just got hit on the arm."

"I'll take a look." Before she finished speaking, Yun Chang had already started to pick up Gu Shinian's clothes.

Gu Shinian didn't dare to make Yun Chang angry again, he honestly cooperated with her actions, and took the initiative to talk about the reason for the injury.

Yun Chang's lungs exploded with anger.

With a dark face, he said in a strong tone, "If the Public Security Bureau can't convict these people, I will go to the provincial capital to kill Gu Guangzong and Zhou Mingjuan! And Xue Liuzi's gang, kill them all!"

For Yun Chang, Gu Shinian is her life, anyone who touches Gu Shinian will touch her life, and she can't bear it!

The corner of Gu Shinian's mouth twitched a few times, and he suddenly had a hunch in his heart that Yun Chang would go further and further down the brutal road.

In the end, it will be pressed firmly on his head, making him completely unable to turn over...

Yun Chang looked at Gu Shinian's tightly bandaged arm for a long time, and continued to ask, "By the way, Second Brother Gu, is Gu Huaiqing really coming over?"

"Well, it should be here soon, just a couple of days."

Seeing Yun Chang let go of his injured arm, Gu Shinian hurriedly buttoned up his clothes. Out of the corner of his eye, Gu Pangui came in with a basket on his back. He was stunned for a moment, then turned back and asked Yun Chang, "You brought something here again?"

"Ang!" Yun Chang half raised his head, "You said you would eat hot pot with me! If you don't go to me, I will bring the hot pot over."

Gu Shinian was speechless again, raised his hand and grabbed the small braid on Yunshang's forehead, teasing her, "Can't you guess that I'm injured, and still in the mood to eat hot pot?"

Yun Chang pushed the restless hand on her forehead, rescued her braid, and turned to Gu Shinian contemptuously, "Second brother Gu, are you stupid? You can tell Gu Pan to come back to the village to fool me, which means you are sober. Yes, my brain is not confused, why can't I eat hot pot?"

After being scolded, Gu Shinian was not angry, but praised Yunshang with a smile, "My Ah Chang is so smart!"

Yun Chang pouted and stopped talking.

She knew in her heart that Gu Shinian was worried that she was holding fire in her heart.

Forget it, since Gu Shinian knew that he was wrong, she would not scold him, so as not to scold him harshly, she felt bad for herself.

.....

As soon as Gu Pangui came back, he stayed in the kitchen and secretly rummaged through the baskets, took out a brand-new brass hot pot, and saw a large bag of fried balls below, he quickly put a few in his mouth, and continued to scroll down.

Yun Chang leaned against the kitchen door, looked at Gu Pangui's movements, and asked with a smile, "Sister Pangui, are the meatballs delicious?"

Gu Pangui was taken aback and saw Yun Chang staring at the ball in her hand, and laughed a few times, "It's Yun Chang, I'll help you put things back together... Did your milk fry this ball? Really delicious!"

"Well, you can eat a few more, and let's eat hot pot later."

Yun Chang is now a lot more tolerant towards Gu Pangui, and feels that she can't pick out any other faults except for being obsessed with money and taking small advantages.

Moreover, I look forward to returning to greed for money, but I have my own bottom line and persistence in my heart, knowing what kind of advantage can be taken and what kind of advantage can't be taken. He can also distinguish between the inside and the outside, unlike Gu Guangzong, who does everything he can to eat.

At the very least, Gu Pangui has always been on Zhang Chunni's side and never gave Zhou Mingjuan a good face.

Based on this, Yunshang is also willing to be more tolerant towards Gu Pangui, regardless of her stealing behavior.

Chapter 178: Jumping the beam clown

Gu Huaqing set off from the military region in the morning, caught the earliest train, and finally arrived at Qinghe County at 7:30 in the evening.

After getting into the car sent by the Armed Forces Department, I stayed at the guest house first, and then called Zhang Chunni's factory. Only then did they find a place to have dinner, accompanied by the Armed Forces Department cadres.

Zhang Chunni received a call from Gu Huaqing, her hand holding the phone burst with blue veins, and her teeth rattled: Gu Huaqing, it's so deceiving!

Not to mention robbing her eldest son, and now to rob the third child, do you really think she is a mess?

This beast, she should have killed him with the rat poison...

Someone next to Zhang Chunni saw that Zhang Chunni's face was wrong, and quickly pushed her, "Comrade Zhang Chunni, what's wrong with you?"

"It's alright." Zhang Chunni came back to her senses and squeezed a smile, "Mr. Lin, something happened to me at home, please tell me to Director Wu, I'm asking for leave today..."

"Yo, it's not your little hero who has something to do with it, right?"

Officer Lin asked jokingly, but seeing Zhang Chunni's face was ugly, he quickly put away the smile on his face, "Is there really something wrong with your third child? Okay, you can go back quickly, but you can't delay our Qinghe County's little hero. matter!"

Zhang Chunni hurriedly thanked the other party, and she didn't care to go back to the lounge to get the scarf and gloves, so she went home bald and stepped on the snow.

.....

Yunshang, Gu Shinian, and Gu Panguai were nesting in Gu Shinian's room at this time, enjoying the hot pot under the dim light of the bulb.

At the very center of the kang table is a yellowish brass hot pot, with red-burning charcoal in the center core, and the pork ribs soup base cooked at night is added around the outside. Make a thumping sound.

There are side dishes around the hot pot, including soaked kelp, bamboo shoots, vermicelli, shiitake mushrooms, fungus, fried balls and roasted tofu, as well as spinach and sliced mutton that Yunshang smuggled into the basket on the way. piece.

It was the first time that Gu Pan returned to eat food so rich in oil and water. Holding a dipping bowl, his chopsticks never stopped, and he couldn't even talk about eating.

Yun Chang and Gu Shinian were much more refined and elegant when they were eating together. The two chatted while eating, and the atmosphere was harmonious and beautiful, but there was an inexplicable aura that made it impossible for outsiders to get in.

Zhang Chunni saw such a scene when she came home. She stood at the door of Gu Shinian's room and looked at the three people on the kang. meaning.

Gu Shinian was the first to see Zhang Chunni and knocked on the table, interrupting Gu Panguai's savage eating, and asked her to go to the kitchen to bring Zhang Chunni a pair of tableware.

Yun Chang greeted Zhang Chunni sweetly, and moved her little butt to make way for Zhang Chunni.

Zhang Chunni went to wash her hands and face, took the tableware and chopsticks handed over by Gu Pangui, drank the pork ribs soup first, and then took the vegetables and slowly rinsed them.

When Yun Chang and Gu Shinian had almost eaten, Zhang Chunni put down her chopsticks and said slowly, "Second brother, Gu Huaqing is here."

Gu Shinian was mentally prepared, so he was not surprised at all, and asked Zhang Chunni in turn, "He called the factory? What did he say?"

Gu Pangui didn't eat, holding up his chopsticks, looked at Zhang Chunni with Yun Chang eagerly, wanting to hear what Gu Huaqing said.

"He said he was in the county at night, and asked you to go to the guest house next to the Armed Forces with your luggage in the morning to find him."

Zhang Chunni showed a sarcastic look at the corner of her mouth, and continued, "Let me pack your luggage at night, and I'll take you back to the provincial capital tomorrow."

As soon as these words came out, the three of them at the dinner table were speechless.

Yun Chang was so angry that her face turned pale, and she could not wait to slap Gu Huaqing a few ears.

How thick-skinned does that have to be to say these things?

And he informed Zhang Chunni in the tone of an order, asking Zhang Chunni to hand over Gu Shinian to him.

Is he worried that he can't handle Gu Shinian, or does he not see Gu Shinian as a person from the bottom of his heart, but only sees him as a wooden stake that has no emotions and will not resist?

This scumbag simply treats Zhang Chunni's family as the soil on the soles of his feet.

Gu Pangui was so angry that he almost threw his chopsticks, and asked Zhang Chunni with a cold face, "What did you say? Didn't you scold that beast?"

Zhang Chunni ignored Gu Pangui's words and continued to ask Gu Shinian, "The third child, Gu Huaqing does not intend to recognize the statement of severing the relationship between father and son. What are you thinking now?"

Compared to Yun Chang and Gu Pangui who were not calm, Gu Shinian was obviously much calmer.

It's not that his belly is bigger than others, and he is more tolerant of indifference and trampling from his 'father'. But he had already learned the methods of the most cold-blooded and heartless father in the world in his previous life, and he no longer had any expectations for the role of his father, and he would no longer have the so-called family bondage.

Therefore, for Gu Shinian, Gu Huaqing's self-righteousness is no different from the clown jumping on the beam.

After all, compared to the ruthlessness of the means, Gu Huaqing is far from the scumbag of his previous life.

Gu Shinian stretched his arms around Yun Chang, and while stroking her head to show comfort, he replied, "The statement is stamped with Gu Huaqing's private seal, and it's not that he can deny it if he repents. You will go to work normally tomorrow, so you don't need to pay attention to him. ."

"Gu Huaqing is determined to take you back this time, I'm afraid it won't be easy to pass up, you..." Zhang Chunni said, glanced at Gu Shinian and paused, "I will go to the street tomorrow to open a letter of introduction for you and Gu Pangui. , you go to the capital to live for a while."

"Go to the capital?" Gu Pangui exclaimed, "Comrade Zhang, do you still know people in the capital? Come on, who do you know?"

Zhang Chunni was silent again, and after a long time, she said a few words, "...the people of the Gu family."

Yunshang: "..."

Gu Shinian: "..."

Yun Chang and Gu Shinian glanced at each other, and both saw the word "true coincidence" in each other's eyes.

Previously in Shen City, Gu Zonglin wanted Gu Shinian to go to the capital every year, and was going to bring him to meet the people of the Gu family. Zhang Chunni said at this moment that Gu Shinian should go to the capital and join the Gu family.

It really couldn't be more coincidental.

Gu Shinian looked at Zhang Chunni carefully, and saw that she could not hide the tiredness of her brows with a bit of a smashing aura, and his heart suddenly burst, and he quickly asked, "Have you been connected with the Gu family all these years?"

Zhang Chunni shook her head slowly, "It doesn't count as a connection. Back then, when Gu Huaqing wanted to divorce, I contacted the Gu family's family, but the relationship between the two parties had five servers, and the family couldn't persuade Gu Huaqing... Later, they gave me an address and said In the future, if you three brothers and sisters encounter difficulties, you can go to join the family."

Chapter 179 Zhang Chunni wants to fight back

Gu Pangui put a piece of spareribs in Zhang Chunni's bowl, and his happy eyebrows flew up, "Okay, okay! You go to open the letter of introduction early in the morning, and the third child and I will leave in the morning! Let Gu Huaqing be free, pissed him off..."

Gu Shinian frowned, glared at Gu Pangui, and after she closed her mouth embarrassingly, she disapproved:

"Comrade Zhang Chunni, you haven't been in touch with my family for more than ten years, how do you know that my family is still willing to help us? Besides, our family has not encountered any difficulties now, and Gu Huaqing wants to take me back to the provincial capital. In the eyes of this family, this is a good thing. Son. If Gu Pangui and I go to the capital because of this matter, will the other party think that we are too big-hearted, and they don't care about Gu Huaqing's family in the provincial capital, and want to go to our own family for a piece of the pie?"

Yun Chang didn't know what Gu Shinian meant, but she always supported Gu Shinian unconditionally, and immediately answered, "Aunt Zhang, my grandma said that to go to other people is to rely on others, and I don't have my own comfort and no one to protect me. You will be wronged."

Zhang Chunni's face stiffened for a moment, and then she smiled, "It's not a defection, it's just staying in the past for a while..." If something really happened, the people of the family could always change the identities of the two children and send them away from afar.

"Gu Pangui, you go back to your room first, and I will talk to Comrade Zhang about something."

Gu Pan couldn't figure out the situation when he returned, raised his chopsticks, looked at Gu Shinian, looked at Zhang Chunni, and finally looked at the tumbling hot pot.

She wanted to say that her stomach wasn't full yet, but she was sensitive enough to realize that the atmosphere was not right. After thinking about it, she turned around to get off the kang, and simply took out the entire kang table.

Yun Chang didn't think that Gu Pangui still had the strength, even the hot pot with side dishes on the table, at least 30 to 40 kilograms, Gu Pangui actually carried it steadily, and not even a drop of the soup came out.

After Gu Pangui left, Gu Shinian trapped Yun Chang's restless body beside him, and looked straight at Zhang Chunni, "I can solve Gu Huaqing's matter, you don't want to interfere."

"How do you solve it? You have Gu Huaqing's blood on your body. It's only natural that he wants to take you back home. Could it be that you really want to build up your good reputation because of such a beast and fall into a name of cold-blooded and unfilial? University, working, or joining the military, what if you fail the political trial?"

"So you want to send me and Gu Pangui away and deal with Gu Huaqing alone? What are you going to do? Kill him? If you really do that, then the reputation of Gu Pangui and I will be really bad, and we will have to back it up for the rest of our lives. He has a reputation as a 'murderer son of a bitch'."

Yun Chang was stunned by what the two said, and looked at Zhang Chunni blankly. Seeing that her face was calm, but there was a heart-pounding crazy look in her eyes, she knew that Gu Shinian was not exaggerating. Zhang Chunni was really treating Gu Huaqing. Killed.

Just as Gu Shinian said, once Zhang Chunni killed Gu Huaiqing, the reputation of her remaining two children would be ruined, and the situation in the future would not even be as good as it is now. Zhang Chunni is not a fool, she should be able to think of this, why did she do this?

Zhang Chunni didn't answer Gu Shinian's words, she squeezed out a smile at Yun Chang, "Girl, go to Sister Pangui's house and stay for a while, I'll talk about something with the third child."

Yun Chang heard the words and did not take care of Shinian, she got off the kang neatly, opened the door and ran out.

Omg! So scary!

Is Comrade Zhang Chunni going to die with Gu Huaiqing?

To kick her out, is it to discuss the details of the crime?

If Zhang Chunni really wanted to do it, wouldn't Gu Huaiqing just give it away?

This is too unlucky, too exciting!

Yun Chang clutched her heart that was beating non-stop, and entered Gu Pangui's room.

In the room, Zhang Chunni calmed down and said slowly, "Third, I have a way to prevent people from finding out that it was me..."

"That doesn't work either, he's not worth it!" Gu Shinian interrupted Zhang Chunni.

Gu Huaiqing is a political commissar of the military region. If something goes wrong in Qinghe County,

The above will definitely investigate to the end. At that time, Zhang Chunni will be the first suspect.

There is no perfect crime in this world, as long as it is done, it will leave traces.

Zhang Chunni's brain is not smart, and playing tricks in front of those criminal investigation experts is simply asking for her own death.

What's more, the matter is far from being resolved, Zhang Chunni has absolutely no need to take her own life...

"Third, I have taken Gu Guangzong well, and I have taken Gu Pangui well, but you, from childhood to adulthood, I haven't worried about you for a day... Don't worry, if you don't want to go back to the provincial capital, I will let Gu Huaqing take care of you in the future. I can't stop you."

"Gu Huaqing has come over again and again, if I back down again, our family will have no way to survive." Zhang Chunni spread her palms, looked at the thick joints in her hands, and clenched her fists, "Don't worry, Gu Huaqing won't die. , even if something goes wrong, it won't happen until he returns to the provincial capital, and I won't be involved."

Gu Shinian's scalp was about to explode.

Zhang Chunni's brain is not bright, she admits that she is dead, and feels that she is forced to live by Gu Huaqing, so she will fight to the end with Gu Huaqing.

But she still stubbornly felt that she was doing him good, that she had a high enough intelligence quotient, and no one could find out if she moved her hands and feet.

But she hadn't thought about it, everything had a contingency.

Gu Shinian rubbed his brows and said helplessly, "I said, I can solve this matter. I have the handle to bring down Gu Huaqing's family, as long as I don't want to, he won't dare to force me back. provincial capital.

Moreover, that family will not last for a long time, at most five years, without your hands, someone will clean them up. You finally got out of the mud pit, just wait and see what happens to them, don't take yourself into it at will. "

"Where did you hear about it?" Zhang Chunni's eyes suddenly burst into light, "Is someone really going to clean up the Gu Huaqing family?"

"Well, believe me, Gu Huaqing and Zhou Mingjuan will definitely be sent to re-education through labor in the future. Now that you have cleaned up Gu Huaqing, why will he participate in re-education through labor?"

Zhang Chunni thought for a while, then nodded hesitantly, "That's fine. I'll accompany you to see Gu Huaqing tomorrow morning. If you can't get rid of it, just follow my method."

Gu Shinian breathed a sigh of relief and asked Zhang Chunni, "How were you going to deal with Gu Huaqing before?"

"I have medicine." Zhang Chunni's face twisted for a moment, "If a medicine paralyzed him back then, it would not have happened now! It's a pity, that year..."

Zhang Chunni lowered her voice, and when Gu Shinian looked over, she turned around and got off the kang, "It's getting late, I have to see Gu Huaqing in the morning, go to bed early."

Gu Shinian didn't understand what Zhang Chunni said at the end, but felt that her back looked a bit like running away.

Chapter 180 Confrontation

Yun Chang had a good night's sleep, and when she opened her eyes, it was already bright outside, and Gu Shinian had already woken up and was not around.

There is a basin of water on the washstand in the house, and the white mist rises gently, which, together with the slanting sunlight, makes the simple house look elegant.

Yun Chang had just finished getting dressed and taking a shower, when Gu Pangui came in with an oiled paper bag and a tea jar.

Seeing that Yun Chang was braiding herself, she said, "Hey, are you up? Hurry up, the third child asked me to buy you fried dough sticks and soy milk, come and eat!"

"Oh." Yun Chang speeded up the movements in his hands and asked, "Sister Pangui, where are Aunt Zhang and Brother Shi Nian?"

"Go to see Gu Huaqing." Gu Pangui pouted, obviously dissatisfied with the behavior of those two people leaving him behind.

Yun Chang heard the words, quickly finished breakfast, pulled Gu Pangui's clothes and said, "Sister Pangui, let's go to Brother Shi Nian!"

"The third child won't let me go." Gu Pangui said solemnly.

"Sister Pangui, Aunt Zhang is too kind, and brother Shi Nian is also soft-hearted. If you don't watch, what will they do? Take me there quickly. If brother Shi Nian scolds people, you say I want to go there. of."

Gu Pangui was moved, seeing that Yun Chang was willing to take the blame, he immediately took Yun Chang out and ran to the guest house in a hurry.

In the corridor of the guest house, Zhang Chunni stood in front of Gu Shinian and confronted Gu Huaqing with a cold face.

Because she was too emotional, her eyes were astonishingly bright, like a burning flame.

The short hair that was carefully combed before going out in the morning was a little loose, with a few strands of hair hanging straight to the ear, shaking a few times from time to time.

Gu Huaqing looked at the woman in front of her who still looked old even after taking care of her carefully, with a look of disgust flashing in her eyes, she took a step back calmly, and said:

"Zhang Chunni, Gu Shinian's surname is Gu, it is only natural for me to look back at my home. What can you give Gu Shinian as a coolie? If you don't make progress yourself, don't drag my son back and miss our Gu family's children. future!"

As soon as Zhang Chunni heard the word 'not motivated', her eyes instantly turned red, and she recalled that when Gu Huaqing stood in front of her, she said in a contemptuous tone that she 'doesn't know how to be motivated, and her thinking is feudal and backward', and then took Zhou Ming with her the next day. Juan appeared in front of her and asked her to agree to the divorce.

Gu Shinian saw that Zhang Chunni's fingertips behind him were clenched, and he took her arm and protected her behind him.

This is the first time that Gu Shinian has looked at Gu Huaqing up close.

He is about 1.75 meters tall, with decent facial features, and a pair of gold-rimmed glasses obscuring the light in his eyes, giving him the feeling of being a gentle scum.

Of course, Gu Huaqing himself is a scum, and he can be regarded as a true character.

Gu Shinian looked at Gu Huaqing coldly, and turned back on Zhang Chunni's behalf, "You are a coolie worker, and you have been the Iron Lady in the factory for five consecutive years. This honor, when you say it, becomes a sign of not being motivated. You are a political commissar of the military region, do you want us to teach you the principle of no distinction in work?"

Seeing Gu Shinian's undisguised contempt, Gu Huaqing remembered the statement he wrote to sever the relationship between father and son, and immediately turned his head away.

"I'm of inferior character, I don't deserve to be a father, and I don't want to be a company." How could this be what a son should say?

Zhang Chunni, a vulgar woman, has taught his good children badly!

Gu Huaqing ignored Gu Shinian and continued to get angry at Zhang Chunni, "What a nonsense! Zhang Chunni, is this how you teach your children to talk to their elders?"

"What's wrong with the third child? The chairman has said that labor is the most honorable! You are still a political commissar, and you dare to look down on the working class. This thinking is too backward. This is how you usually teach soldiers?"

Zhang Chunni's mind was slow, but after being the Iron Lady for five years, she always came to the stage to speak.

Gu Huaqing suddenly became angry, is this still the woman who couldn't beat a fart with three sticks?

This savageness is really ugly.

Fortunately, she was swept out of the house early.

Gu Huaiqing turned around and said to Gu Shinian, "You come in first, I have something to tell you."

"Third, go in, don't be afraid if it doesn't make sense, I'm here!"

Gu Shinian: "..."

It's just you that gives me a headache.

If you disagree, Gu Huaiqing will be paralyzed. Isn't this sincere adding chaos and sabotaging his plan!

Gu Shinian watched Gu Huaiqing enter the room, and then watched him pour water and sit on a chair before he lifted his heels and entered.

"Did your mother tell you yesterday? I'm here to take you back to the provincial capital." Gu Huaiqing said solemnly.

"I said, but I don't plan to go back with you."

Gu Huaiqing's face sank, and he looked at Gu Shinian coldly, "Aren't you going to go back? Is it possible that you will live in this small county and become a blind liu?"

Gu Shinian laughed suddenly, "Comrade Gu, what's your logic? If you don't go to the provincial capital, you want to be a blind liu, so aren't all people in the province other than the provincial capital? If this is the case, the provincial What to worry about, you idiot in a province!"

Gu Huaiqing was just a liar, but he didn't expect Gu Shinian to be more difficult than him, so he secretly changed the concept and said it so ugly.

If this word spreads out, he will be kicked off his hat in minutes, and his sins will be punished.

Gu Huaqing blushed with anger, and wanted to get angry, but he was afraid that the relationship with Gu Shinian would worsen, so he could only hold back, and his face almost turned purple in the end.

Gu Shinian twitched the corners of his lips, and continued to speak while Gu Huaqing was panting:

"Besides, your place is too evil, I didn't see a good person from Gu Guangzong, and when I went to your house, my reputation suddenly stinks, and I did all the beasts!

That's right, he's in his old nest, so it's not unusual for him to do anything. "

Into the lair?

Do all the animal things...?

What the hell! This little brat says his house is a beast's den!

What is he?

Old bastard?

Damn it!

Labor can't bear it anymore!

Little bastard, with a poisonous mouth, he just needs to be trained!

Gu Huaqing stood up and reached out his hand to beat Gu Shinian, but he raised his hand to hold him.

"What do you want to do? I'm a hero who catches the enemy, you still want to fight with the hero?"

Gu Huaqing was furious, his originally decent facial features were distorted, destroying his good face, "You are a shit hero! Which one in our army has never killed a devil, which one is not a hero..."

"Okay, I'll go out and ask, do you military have any opinions on the provincial government, so you don't like seeing the government and the people? A political commissar, calling the government's evaluation of heroes is bullshit, what are you trying to do, splitting Military-government relations, splitting military-civilian relations?"
