

## Thrive 181

Chapter 181: Beat him with a sack

Gu Huaiqing was stunned.

Before coming to Qinghe County, he never thought that he would be despised by Gu Shinian, and he never thought that he would be speechless by Gu Shinian.

Although he had already seen the statement severing the relationship between father and son, Gu Huaiqing stubbornly believed that the statement was written by Zhou Mingjuan.

After all, Gu Shinian is only ten years old, and his academic performance is not good, so he will not go to school early. How could such a child who is no different from an illiterate write words such as "poor character, unworthy of being a father, and disdain to be with him".

I guess I don't even know what this sentence means.

Based on this, no matter how Zhou Mingjuan provoked Gu Shinian to be thorny and refused to accept discipline, Gu Huaiqing never really gave up the idea of taking Gu Shinian home.

With such a mentality, Gu Huaiqing thought that after Gu Shinian knew his identity, he would happily go back to the provincial capital with him, so he told Zhang Chunni to bring Gu Shinian over in an imperative tone.

What he didn't expect was that what greeted him was not Gu Shinian's obedience and flattery, but a sarcasm and contempt.

Gu Huaiqing understood in his heart that his young son really wanted to sever the father-son relationship with him, and he really did not look down on his family in the provincial capital.

It's just that there are rumors in the provincial capital. At this juncture, the Gu family urgently needs to look back on the past and crush these rumors.

Gu Huaiqing stared at Gu Shinian, his face gloomy and cold, and said:

"I called yesterday to inform Zhang Chunni, not to discuss with her.

I also have hundreds of ways to take you back to the provincial capital. The reason why I don't do that is because I want to save Zhang Chunni some face... Okay! You go back to pack your things, and come back to the provincial capital with me in the afternoon, don't make everyone's faces look bad like a stubborn donkey. "

Seeing that Gu Shinian's face was still cold, Gu Huaqing added, "You go back to the provincial capital with me for a year, and if you want to come back after a year, I won't stop you."

Gu Shinian was about to be amused by Gu Huaqing's thick skin.

Is this a plan to go all the way to the dark, and make up his mind to use his meritorious deeds to cleanse himself?

It's just a trick!

With such a ruthless calculation, I'm not afraid to really irritate Zhang Chunni and paralyze him with medicine?

Gu Shinian's eyes showed coldness, "Comrade Gu, the last time Zhou Mingjuan came to Qinghe County, I asked someone to spread it to the military area compound. The days are expected to be much more lively."

"..."

Gu Huaqing was stunned.

Is he... threatened?

Or was he threatened by his son?

What a shame...!! !

No, how did Gu Shinian get involved with Bai Yancheng's family? Or maybe, through whose hand did Gu Shinian spread the rumors to Bai Yancheng's house?

Just as he was about to ask, Gu Shinian stepped forward and whispered a word. Then, in Gu Huaiqing's sudden rage and shock, he smiled calmly and turned to leave the door.

"Come on, let's go home."

Zhang Chunni glanced at Gu Huaiqing, who still couldn't return to God, and asked Gu Shinian, "Does it make sense?"

"Well, it makes sense." Even if it didn't make sense, Gu Huaiqing didn't dare to force him to go back home again.

Unless, his political commissar position is tired of sitting, and the face of the Gu family is really not going to be taken!

The two went downstairs and met Yun Chang and Gu Pangu who hurried over.

Gu Shinian took a few steps in a hurry, shook Yun Chang's outstretched hand, and asked, "Have you eaten breakfast?"

"I've eaten." Yun Chang greeted Zhang Chunni, and then quietly asked Gu Shinian, "Second brother Gu, is the matter resolved?"

"Well, it's all settled. Where do you want to play? Second brother will take you out to play in the afternoon."

Yun Chang thought for a moment, avoiding Zhang Chunni and whispering, "I want to put a sack and beat Gu Huaiqing."

"..."

Gu Shinian's mouth twitched,

Is this still his cute little sister?

Is it really okay to fight and shout to kill at every turn now, so violent?

"Ah Chang, this request is probably a bit difficult. There are always people around him. Besides, we just turned against him, and it's too obvious to put on a sack at this time."

Yun Chang pouted, with a look of unwillingness, "So forget it? This is too cheap for him!"

"Don't worry, that family won't have a good end. We beat him for a little trouble now, and the other party has nothing to lose, and it's easy for us to get involved. There's really no need for that."

Yun Chang knew that what Gu Shinian said was right, but she just couldn't hold her breath.

Back then, it was Gu Huaqing who broke his shoes and abandoned his wife and children. Now, why would he accuse Zhang Chunni of being irresponsible, not giving a few children a good future, and asking their two sons to return to the provincial capital with a shy face.

Those shameless people, at most, can only become a bitch and set up an archway, but Gu Huaqing still stands under the archway to give charity and despise others.

The most important thing is that there are still several years before Gu Huaqing's family will be unlucky, but Zhang Chunni's family is now being bullied.

Yun Chang doesn't understand Gu Shinian's idea that it is not too late for a gentleman to take revenge for ten years, but only thinks that if she has revenge, she will avenge it on the spot, otherwise she will be so embarrassed that she won't be able to sleep.

A few people are walking at the back of the guest house at the moment, and as soon as they look up, they can see Gu Huaqing's room on the second floor, Yun Chang grabs Gu Shinian and lifts up her little feet, "Second brother Gu, your feet are sore, you rub it for me! "

Gu Shinian looked at Yun Chang's gurgling eyes, and then glanced at the window of Gu Huaqing's room, which was less than ten meters away, and knew that Yun Chang had not listened to her words.

While resigned to his fate, he squatted down and rubbed Yun Chang's ankles while asking, "Ah Chang, do you really want to beat him?"

"I really want to beat him!" Yun Chang nodded, "If I don't beat him, I can even eat a bowl less at night!"

When Gu Shinian heard that Yun Chang had to eat one bowl less, he suddenly felt that the matter was a big deal, and he had to find a way to beat Gu Huaiqing.

Otherwise, what should Yun Chang do if she doesn't eat well?

Yun Chang didn't know what Gu Shinian was thinking, so she leaned on him, tapped out her mental strength, and explored Gu Huaiqing's room inside and out.

Seeing Gu Huaiqing with a cigarette in his hand, he frowned and kept spinning around the room. Yun Chang's heart moved, and she said to Gu Shinian's ear:

"Second brother Gu, don't move, I'll get Gu Huaiqing into the space and beat him now!"

After speaking, without waiting for Gu Shinian to reply, he found a sack in the space, his mental power reached out, and he directly buckled it on Gu Huaiqing's head on the second floor.

Gu Huaiqing only felt that he was living in hell.

He was clearly staying in the room, but suddenly his eyes darkened, and then he felt like he was pressing down on a mountain, and he couldn't even move.

The most terrifying thing is that there are countless sticks greeting him on his head and face.

Chapter 182 hell

Gu Huaiqing's feeling is really not wrong. At this moment, five or six baseball bats are floating in the air, and they are beaten to the head and face of the marijuana bag on the ground.

With a bad breath, Yun Chang, like a devil entering the village, robbed Gu Huaiqing of all the money, and finally threw him back to the room like throwing mud.

Gu Huaiqing was going crazy.

I have lived for decades, and I have never encountered such a strange thing.

It was only a few minutes before and after, but it was as if he had been beaten for hours.

What is even more frightening is that the doors and windows in the room are tightly closed, and there is no sign of opening, but the other party can suddenly appear without disturbing other people, and silently beat him up.

He didn't even know how many people there were, how long they beat him, and how they got into the room.

Gu Huaiqing got up from the ground, shook his head that was swollen into a pig's head, opened his eyes that were squeezed into a gap, and reached out to his pocket.

After realizing that the work permit and the money ticket were gone, Gu Huaiqing jumped, jumped to the bedside, and touched the gun in the purse.

However, the next second, the gun in his hand disappeared without a trace under his eyelids...

Gu Huaiqing's scalp was numb.

With a pale face, he froze there for a long time and dared not move.

So, did he really go to hell just now?

Could it be that the one who beat him was also a ghost?

It's just this daytime, why is the hostel haunted?

The most important thing is, why did the 'ghost' rob him of his guns, his work permit, and his money?

Losing the gun, how will he explain to the troops when he goes back!

And Gu Shinian threatened him just now to stab the army about Zhou Mingjuan's use of his private seal. If these two incidents broke out at the same time, he would not be able to secure his position as political commissar, and he might even be sent to a labor camp. !

Gu Huaiqing sat in the 'haunted house', frightened and frightened in his heart, his back spine shivered with chills, and he could no longer bother to bring Gu Shinian back to the provincial capital. Enduring the pain in his body, he picked up the deflated leather bag, and rushed out the door with a rolling crawling...

Yun Chang didn't know that Gu Huaiqing was stunned by the fact that she had seized the gun because of her impromptu intention. Coupled with Gu Shinian's threat, he didn't even eat lunch. After getting the train ticket, he returned to the provincial capital in a jerk. ,

Gu Shinian hugged Yun Chang, and when she saw her smile, she couldn't close her mouth, and the corners of her mouth curled up unconsciously.

"Second Brother Gu! I slaughtered another fat sheep! You didn't see it, hahaha... Gu Huaiqing's face was so horrified that he was so scared that he retreated softly..."

Thinking of Gu Huaiqing's face with a pig's head, so frightened that he couldn't stand up, Yun Chang covered her stomach and laughed non-stop in Gu Shinian's arms.

Gu Shinian was also amused by Yun Chang, and asked with a smile, "Now relieved?"

"Relieved." Yun Chang nodded with a smile, "Second brother Gu, I robbed Gu Huaiqing of his work permit, money tickets, and guns in his bag. Gu Huaiqing thought his room was haunted, so he was so frightened. I even ran out of fear."

Gu Shinian was stunned for a moment, "Ah Chang, you still stole Gu Huaiqing's gun?"

"Ang, grab it!"

Yun Chang raised her little head with a look of praise.

Gu Shinian: "..."

His gigantic and cruel cute girl is going to kill Gu Huaqing!

In later generations, officers who lost their guns will be sentenced directly!

Although I don't know what the consequences of losing a gun will be in this era, at least one big mistake cannot be escaped.

Yunshang counted the robbery tickets in the space, while reporting the victory to Gu Shinian:

"Second brother Gu, this Gu Huaqing has a lot of money! Twenty-four pieces of great unity, it is estimated that the salary has just been paid, and it has not had time to give it to Zhou Mingjuan. There are also thirty industrial tickets,

Forty-two catties of food coupons and three catties of high-end cake coupons are all specially provided by the army. By the way, there are also five overseas Chinese coupons with a face value of fifty yuan..."

"Well, the coupons specially provided by the army are too conspicuous. I have to collect them first and spend them later when I go to the provincial capital..."

"Don't wait, don't Lin Dani and Dacheng come in a few days, just give them these tickets."

Seeing that Yun Chang knew something, Gu Shinian stopped talking, and continued to listen to her chattering about her gains and the scene of beating Gu Huaqing.

.....

Two days passed safely and steadily, just when Zhang Chunni wondered why there was no news from Gu Huaqing for two days, and when he had returned to the provincial capital, Zhang Haiyang sent someone to look for Gu Shinian.

"Uncle Zhang, is there any news?" Gu Shinian asked impatiently as soon as he entered the office.

"I found a lot of things."

Zhang Haiyang put down the pen, rubbed his frozen fingers, took a sip of hot tea from the tea jar, and continued:

"Xue Liuzi recruited a lot of things, and all the five people who ran away were caught. This group of people really got a lot of lives on their hands. Even if they weren't secret agents, they all had to be shot."

Gu Shinian raised his eyebrows slightly, but did not speak.

Zhang Haiyang continued, "I heard that Political Commissar Gu came to the county seat. He came over on the first night of the new year, and left at noon on the second day of the new year. Does he want to pick you up back to the provincial capital?"

The fact that Gu Huaqing came to Qinghe County was not a secret, and the fact that he was inexplicably beaten into a pig's head had spread among the high-level circles in the county, so it was normal for Zhang Haiyang to know about it.

"Well," Gu Shinian replied, "but I didn't plan to go back to the provincial capital, so I rejected him."

"At that time, have you ever thought that Gu Huaqing's decision to take you back to the provincial capital touched the interests of Gu Guangzong. Is it possible that he was the real murderer behind Xue Liuzi's murder?"

Knowing that Xue Liuzi and his gang committed the murder, Gu Shinian had the idea of revealing the real murderer behind the scenes, but Zhang Haiyang asked him first, and Gu Shinian simply nodded along with his words.

"I didn't dare to think about Gu Guangzong before. After all, the two sides have cut off relations. There is no need for him to make trouble with me. When Gu political commissar came over two days ago, I only suspected that this matter might have something to do with Gu Guangzong."

"Okay, since you are so suspicious, the public security will send someone to the provincial capital. But this way, this case will no longer be an enemy special case, and it will be re-opened as an

ordinary criminal case, and it will also be handled by others. The department will follow up the investigation."

Gu Shinian nodded in understanding. Zhang Haiyang's department was specially responsible for enemy special cases. This case ruled out the suspicion of enemy special cases, and it was a normal procedure to transfer it to another department.

After talking about the business, Zhang Haiyang thief came over and asked gossip, "Sh Nian, tell my uncle, did you do the injury on Gu Huaiqing's body?"

Gu Shinian was stunned for a moment, "Why did Uncle Zhang ask that? If Uncle Zhang hadn't mentioned it, I wouldn't know about the injury of Political Commissar Gu."

#### Chapter 183: Yun Shuilian's Marriage

Zhang Haiyang smiled, rather gloating, "I heard from the Armed Forces that Gu Huaiqing was beaten with a sack in his room, but the windows of the guest house were closed tightly, and there was someone holding hands outside. Gu Huaiqing himself can't provide any clues... If I want to say, it's not that there are no clues, but other secrets."

Gu Shinian couldn't help laughing and asked, "Is the county going to investigate this matter?"

"The other party is a political commissar of the military region. He was injured in the county. Even if he gave an explanation to the military region, he would still have to investigate it. However, it is estimated that it is just pretending. After all, the political commissar Gu will not be held accountable."

Gu Shinian nodded, slandering in his heart: The main reason is that he didn't dare to pursue it.

Could it be that he was going to tell people that he had seen a ghost during the day, and that the ghost beat him up with a sack?

Now that the Four Olds are being broken everywhere, he dares not even think about it.

Besides, Gu Huaiqing was not only beaten, but also lost his gun. It was too late for him to hide it, so how could he tell the story of his loss of the gun? Isn't he courting his own death?

Even if he wanted to frame others, he couldn't find the target of the frame.

At the time of the incident, Zhang Chunni and he had just gone downstairs less than five minutes before standing on the road outside the guest house. They had no time to commit the crime and no chance to find someone to beat Gu Huaiqing.

In the entire Qinghe County, only Zhang Chunni's family was involved with Gu Huaiqing, and the others had no reason or the courage to beat up a high-ranking officer in the army.

Gu Huaiqing didn't pursue it, and couldn't find a suspect, so this matter could only pass.

However, with this farce, Gu Huaiqing will inevitably lose another person...

.....

On the fifth day of the fifth day of the new year, Yun Shuilian, Yun Shuilian, Yun Erchuan and Shuanzi, drove the village's ox cart to the county, and sent Yun Shuilian to Zhang Chunni's house to pick up Yun Chang and Gu Shi. Years, and then went to the old Han's house as a guest.

Han Weihong's family was waiting at Han Shan's house early, and Gu Shinian and Yun Chang finally met the legendary Zhang Mingyang. He was not as handsome as Han Chen, but he was also aggressive and very cute.

As soon as Zhang Mingyang saw Yun Chang and Gu Shinian, he came over to him, grabbed Yun Chang's arm tightly, and kept asking around Gu Shinian:

"Brother Shi Nian, I heard that you brought sister Yunshang to Shenshi! Is Shenshi fun? How big is it? Is Qinghe County good? I saw the gift you brought to my eldest brother and second brother, it's so beautiful. By the way, my dad said that there is a big river in Shenshi, and there are boats on the river, have you and sister Yunshang met? Have you eaten crabs..."

Han Chen covered his face, looking like he couldn't stand it, "Zhang Mingyang, if you keep talking like this, I won't take you to play tomorrow."

"Oh," Zhang Mingyang glanced at Han Chen and paused, "Second brother, you have never played with me before, you only like to play with eldest brother."

Han Chen: "..."

This is the first time Yun Chang has seen such a long-winded child. She wants to hide in the house to avoid it, but Zhang Mingyang pulls her arm and can't move. She can only raise her face and keep winking at Gu Shinian. ask for help.

Gu Shinian was also speechless for a long time. The question asked by this child didn't need anyone to answer.

To say that this is not Zhang Haiyang's son, he is the first to not believe it.

Talking as much as Zhang Haiyang, and gossiping like Zhang Haiyang.

I just don't know if there is Zhang Haiyang's heart.

Seeing Yunshang blinking and pitifully begging him for help, Gu Shinian snatched the man from Zhang Mingyang's hand, and stripped a big white rabbit and stuffed it into his mouth.

Zhang Mingyang's mouth was occupied, but he was temporarily quiet, but his bright eyes were still staring at the two people for a moment, as if he was ready to throw a long sentence at any time.

Yun Chang looked terrified, put her hand into Gu Shinian's backpack, took out a plain-colored stationery bag from the space, patted Gu Shinian's hand, and slipped back into the house with no sense of loyalty.

When entering the door,

In my ears, I heard the voice of Gu Shinian giving Zhang Mingyang a gift, and Zhang Mingyang's suppressed excitement as he thanked Gu Shinian...

In the main room, Yun Shuilian blushed and sat shyly in the corner, motionless. The two old ladies and Han Weihong were whispering something together.

Yun Chang leaned over to listen and found that Mrs. Han was introducing people to Yun Shuilian, which seemed to be in good condition.

"Shuying, I'm not saying, this guy's conditions are really good. He works in the water conservancy bureau, although he often has to go to the countryside to dig wells, but his child is a regular worker, only twenty-three years old, and can earn forty-two a month. A salary. There is only one husband and no mother-in-law. No one will be angry with Shuilian after we marry. Why are you shrinking from such a family?"

Han Weihong also helped, "Aunt Yun, I've seen that young man before, he is about the same height as Erchuan, his face looks pompous, with thick eyebrows and big eyes, he doesn't laugh or talk when he sees others, he looks like a good-natured person. Let's not talk about whether it will be successful or not, just talk about the conditions, are you and my uncle satisfied?"

The old lady Yun frowned, looked back at Yun Shuilian, and sighed:

"To be honest with my old sister, Erchuan's father and I want to stay with Shuilian for a few more years, and wait for her to go out after 212..."

"Going out on 212?" Mrs. Han was stunned, "Sister Shuying, don't be confused and keep us Shuilian as an old girl. When the time comes, the good people will be picked away, this is not a delay. Will the water lotus live forever?"

"I didn't want to delay Shui Lian, I just made an order first and waited a few years before going out. Shui Lian spent a lot of money on school in the past few years, so I stayed at home for a few years to work and save some money. You can also buy a dowry that you can afford..."

When the old lady said this, Yun Chang immediately remembered what the old lady said last time at home.

Let Yun Shuilian go out a few years later, help the family do more work, save more money, and in the future, the old lady and the old man will have money and food to help her grow up.

It's just that when she said those words, Yun Shuilian hadn't met the right family yet, and now that the conditions of the family are so good, the old lady still insists on not letting go. In the eyes of the mother and daughter of the Han family who don't know the truth, the old lady To do this is simply old and confused, wanting to delay Yun Shuilian's life-long event.

Yun Shuilian is now nineteen years old, and it will take at least two or three years for her to go out at the age of twenty-one.

The young man on the other side is twenty-three years old this year. After two or three years, he will be twenty-five or six.

In this era, children of such an old age can run all over the place, and the other party will definitely not wait so long.

Besides, although Yun Shuilian is a high school student, she has a rural hukou and does not have a job. In the eyes of outsiders, it must be that Yun Shuilian is not worthy of the other party, so why should she ask such a good young man to wait for her for two or three years?

Chapter 184: A rare good marriage

Yun Chang lowered her head, leaned over without saying a word, and continued to listen to the old lady.

"The young man's conditions are really good, but the conditions are so good, I'm also worried that people will look down on Shuilian.

It's not that I despise my own children and daughters. In fact, Shui Lian has nothing to do except for her education. His body is not strong, he is not the kind that looks easy to give birth to, his face is not very beautiful, he has no job, and his family can't even afford a decent dowry.

Tell me, a guy with such a good condition, what are you looking for in a water lotus? Even if I look at each other, I guess I don't like Shuilian. "

In the corner, the blush on Yun Shuilian's face slowly faded, her face gradually turned pale, she pursed her lips, and slowly lowered her head.

Yun Chang looked very distressed.

In her eyes, her Aunt Shuilian is the best and most beautiful girl!

Not to mention that the other party is a well digger who climbs up and down in deep holes all day, even if she is a cadre in the office, her Aunt Shuilian is worthy of it.

Besides, she intends to get Yun Shuilian's household registration out and enter the aluminum plant in the future. When Yun Shuilian becomes an official employee of the aluminum plant, she still doesn't know who is not worthy of whom.

This old lady is also true, how can she belittle her own children so much!

Yun Chang puffed out her cheeks angrily.

The old lady Han sighed and patted the old lady's hand, "Shuying, don't be confused, if people really care about this, they won't take the initiative to say that they are willing to meet our water lotus. I guess, The young man is looking for someone with eyesight."

"Mother, that's not the case." Han Weihong gave Mrs. Han a wink and continued to lower her voice, "Aunt Yun, I asked Zhang Haiyang to inquire about this before, this young man surnamed Zhang I'm in a hurry to meet people, because I want to make an appointment as soon as possible and get married before March."

"Why is this? It's too urgent. It hasn't even been a month. Could it be that you want to rush... Is there a patient at home?"

The old lady Yun frowned and almost said the word 'Chongxi'. She looked at Han Weihong and hurriedly sought the answer.

Yun Chang also looked over curiously, wondering why the other party was so eager to get married.

"Well, I guess not many people know the reason. If Zhang Haiyang hadn't inquired about it himself, I would have almost suspected that there was someone seriously ill in the young man's family."

Han Weihong smiled embarrassedly, and continued, "The director of the Water Conservancy Bureau was transferred just a few years ago, surnamed Yang, and there is a little girl under her. She looks no different from normal people on weekdays, but once stimulated, she is prone to fall ill and go crazy. Yes, anything can be done.

Years ago, when the Water Conservancy Bureau issued welfare benefits, Director Yang's daughter saw Xiao Zhang without knowing what to do. She felt that the young man was good-looking, and she went back to grind Director Yang and wanted to marry Xiao Zhang.

Director Yang is a girl who loves her daughter. She is afraid that her daughter will get sick. In addition, Xiao Zhang looks good. There is only an old father who guards the gate of the hospital in the family. If I will suffer a loss, I will send someone to propose to Xiao Zhang..."

"Hey...isn't this a cheating boy? Then Director Yang is really not a thing!" Mrs. Han scolded angrily.

Mrs. Yun was also answering the conversation, "It's not that! He is the director, and the young man is a well digger in the bureau. Do you dare not to listen to him? After marrying that crazy girl, with such an old husband, who is the young man? Dare to be bad to the mother-in-law!"

Han Weihong's eyes lit up, and the smile on her face became more and more obvious, "Aunt Yun, why do I think the young man is good? It is because the young man dared to refuse this marriage in person!

If it were someone else, maybe he would have hugged the director's thigh long ago and changed himself from a well digger to an office worker!

Besides, that crazy girl is not crazy all the time. As long as she doesn't irritate her, she is no different from a normal person. Life goes on as usual, and workers become cadres. What a good thing!

But Xiao Zhang pushed it.

Worried that the mad girl would pester him,

I want to take advantage of the New Year's period, when the mad girl returns to her hometown to visit relatives, and quickly settles the marriage, blocking Director Yang's mouth. "

Mrs. Han nodded in satisfaction, "It's like a man, with a rigid spine, and he can withstand the door in the future."

Mrs. Yun was not as relaxed as Mrs. Han, and her brows became even tighter, "If you really want to get married because of this, it makes sense. But even if the two children can meet each other's eyes,

the young man will work in the water conservancy bureau in the future. , what should Director Yang do if he wears small shoes? Drilling a well is dangerous, if you move your hands or feet..."

Han Weihong patted the old lady's hand, "Aunt Yun, since it's for Shui Lianxiang to see others, I must take all aspects into consideration.

If Shui Lian can like Xiao Zhang, after getting married, let Zhang Haiyang transfer Xiao Zhang to the militia regiment, or transfer him to the police, then Director Yang will not be able to reach Zhang Haiyang's territory no matter how long he is.

When Shuilian finds a job in the city and becomes a regular worker, there will be no problem between the two of them who are not worthy of the other.

Xiao Zhang's family has no relatives who make Shangli. Zhang Haiyang will pull him a little more in the future, and he is not afraid that he will be bad to our water lotus.

Aunt Yun, this is a good marriage that you can't find even with lanterns on. Xiao Zhang wants to be good-looking, to have a child, and to have a good character. "

The old lady was moved.

He looked back at Shui Lian, then looked at Yun Chang, and finally gritted his teeth and said to Han Weihong, "Ask Xiao Zhang, after we Shui Lian are married, would Shui Lian pull her parents out for three years?"

Han Weihong was stunned for a moment, "Aunt Yun, when you say pulling for three years, you mean...?"

The old lady's face was pale, and her voice was a little dry, "You know the situation at home, the family has worked so hard to give out the water lotus, so I'm worried... Erchuan's daughter-in-law will have an opinion. I can pull the family out for three years, and I can also block the mouth of Erchuan's daughter-in-law..."

"There should be no problem with this. Zhang Haiyang said that the young man is very sensible. Aunt, if you agree, I will go out and arrange for the two children to meet today?"

Han Weihong was a matchmaker for the first time, and she was very energetic. After begging with the old lady, she went out to arrange a blind date.

The old lady patted the old lady Han's hand and sincerely thanked the other party, "Old sister, whether this is successful or not, I will accept your relationship with Wei Hong. I really have nothing to say to us Shuilian."

"Looking at what you said, the water lotus was also grown up by me. Can I not think about the children? You can put your heart in your stomach. With the cleverness of our water lotus, the future will definitely not be worse. ."

The old lady nodded, turned around and got off the kang, "Old sister, I'll go tell the old man about this, so that he doesn't know anything and is confused and anxious outside."

Chapter 185 See the right eye

Yunshang is extremely contradictory. On the one hand, she does not want Yun Shuilian to find her husband's family in Qinghe County. The environment is very suitable for the soft cloud water lotus.

If she forcibly intervenes and disturbs Yun Shuilian's good deeds, she might break up the originally very happy marriage.

This is to be condemned!

After struggling for a while, Yun Chang decided to go with the flow and not interfere in Yun Shuilian's marriage for the time being.

A good job can be found slowly, but a good marriage is not so easy to come across.

Besides, even if the two don't work together in the future, they can still find a way to get them together!

It is difficult for Xiao Zhang to transfer from Qinghe County to Fenyang area, but Yun Shuilian wants to transfer back to Qinghe County from Fenyang area, which is much easier.

As long as the wind is released, I don't know how many people are lining up to change jobs with Yun Shuilian.

Wanting to understand this, Yun Chang is going to go out to find the old lady.

She had to have a good talk with the old lady, but she couldn't be confused for a while and let Yun Shuilian pull the family after she got married. It was so heartbreaking.

Haven't seen Yun Shuilian, was she almost sitting in the corner and covering her face with her hands?

Yun Chang took the fried chess pieces stuffed by the old lady Han, chewed it in her mouth, and walked to the door of the main room with her calves.

Inside the house, the old lady's voice came out clearly:

"I think the young man's conditions are good, and I promised Wei Hong to arrange for the two children to meet. Wei Hong also said that the young man is sensible and can agree to Shui Lian's marriage to her parents for a few years."

The old man hesitated for a while, "This thing is well... not very authentic, what do you want Shuilian to think?"

"Then what should I do? The family is in this situation, and they spent more than ten years of schooling in the water lotus, but they didn't earn a centimeter, and the eldest son didn't pay, so they went out with such a dowry. Can Erchuan and his wife feel at ease?

Besides, there is also the other side of Changnan. Wang Guihua makes do with Lao Wang's family, so can Changnan be supported by us? As far as the body and bones of Changnan are concerned, the water lotus will not be pulled out, how will the life be in the future? "

Yun Chang couldn't help laughing when she heard this, but the corners of her eyes were faintly wet.

The old lady confessed to Mrs. Han before that she was blocking Li Hongmei's mouth by letting Yun Shuilian pull out of the house after she got married. This was to push all the black pot of scraping Lian Yun Shuilian onto Li Hongmei's head in front of outsiders.

For Li Hongmei, the old lady's actions were very inauthentic, but as a beneficiary, Yun Chang had to accept the old lady's affection.

The old lady's prudence may be childish to make people laugh, but it really warms Yun Chang's heart.

Yun Chang did not enter the hall in the end.

The old lady is worried about her life problems. Even if she says that she is very good now, and no matter how much she guarantees that she can support herself, there is no real urban hukou to reassure the old man.

When she buys a house and eats the food provided by the city residents, without her saying, the old lady will also give up the idea of scraping Lianyun Shuilian.

.....

Han Weihong moved quickly, and arranged for Yun Shuilian and Comrade Xiao Zhang to meet at the old Han house that afternoon.

Yun Chang had never seen anyone on a blind date, so she simply turned into a follower, stuck to Yun Shuilian tightly all afternoon, and personally participated in the process of the two blind date.

Comrade Xiao Zhang's full name is Zhang Shouyi. He is tall and handsome, and he has the capital to fascinate Director Yang's daughter.

He was wearing a patched overalls, and his body was clean. He stood there straight, like a refreshing poplar tree, which gave a very good first impression.

Yun Chang looked at her and nodded secretly, then looked back at Yun Shuilian.

Yun Shuilian wore a brand-new khaki blouse today, with a silk scarf that Yunshang bought from Shenshi around her neck, plus the skin care products she had been buying with Yunshang recently. black and clear,

The whole person is as delicate as the flowers in full bloom on the branches.

Zhang Shouyi was immediately stunned, his ears were red, and he looked at Yun Shuilian with fiery eyes, and the corners of his mouth curved up, revealing a set of big white teeth.

Yun Shuilian lowered her head, not knowing whether she was embarrassed by Zhang Shouyi's fiery eyes, or she was set off by the pink scarlet scarf, her face was covered with red glow, she stood there shy and timid, with a delicate appearance, Even Yun Chang was stunned.

Zhang Shouyi glanced at the people who were constantly shaking outside the house, then glanced at the small light bulb under his feet, and summoned up his courage:

"Hello, Yun, Comrade Yun Shuilian, my name is Zhang Shouyi, I am twenty-three years old this year, and I am a well digger in the Water Conservancy Bureau. Twenty dollars in savings. If you, if... agree to marry me, I'll be as loyal to you as I am to the party..."

Yun Chang was stunned.

Are people of this age so direct? ! !

Blind date even how much deposit should be reported?

It takes less than ten minutes on a blind date to talk about loyalty after marriage?

Ouch, the speed is so fast, and the attitude is so direct!

Yun Shuilian listened to Zhang Shouyi's words, her fingers were tightly twisted together, and her face was so red that she could bleed.

Seeing that Yun Shui Lian couldn't lift her head, Yun Chang blinked, turned her head, and introduced the situation of Yun Shui Lian to Zhang Shouyi seriously:

"Hello, Comrade Zhang Shouyi, my aunt's name is Yun Shuilian. After this year, I was nineteen years old. After graduating from high school, I was preparing to participate in the recruitment of textile factories after the new year. I will be an official factory employee in the future..."

"Shangnan..." Yun Chang didn't finish her sentence, but Yun Shuilian covered her mouth, "Comrade Zhang Shouyi, my niece is still young and doesn't understand the factory recruitment standards, don't take it seriously."

Zhang Shouyi looked at the two aunts and nephews in front of him, and couldn't help laughing, "It's okay, Chang Nan is very cute!"

Yun Chang was stunned secretly, thinking that Zhang Shouyi would be teased.

The two had a blind date, so they followed Yun Shuilian to call her nickname, and they closed the distance quietly.

The number of paragraphs is really high!

Outside the house, Gu Shinian saw Yun Chang, like a pillar, standing upright between Yun Shuilian and Zhang Shouyi, and he couldn't help holding her out in a funny way, to make room for the two comrades who had a blind date to understand each other.

Yun Chang covered her red face and lay in Gu Shinian's arms, "Second brother Gu, these two are having fun!"

As soon as the two met, pink bubbles kept popping up, with hooks in their eyes, you look at me, I look at you, and they almost stick together.

Even if Yun Chang was standing next to her, she could smell the sweet cookies in the air.

It was so sweet that she was so careful that she couldn't help but jump with the thump!

Gu Shinian also had a good impression of Zhang Shouyi. He smiled and echoed Yun Chang's words, "This man has a very straight eye and is full of energy, so he is a good candidate."

#### Chapter 186 Stained Witness Appears

"Yeah!" Yun Chang raised her head with excitement on her face, "I also think Comrade Xiao Zhang is very good. He digs into the mud hole every day, but the top of his head, his face, and the crevices of his fingernails are cleaned up. Clean, looks like a person who loves clean!"

Also, the patches and stitches on his clothes are very rough, and at first glance they are not the craftsmanship of a lesbian, which shows that Comrade Xiao Zhang still pays attention to this..."

Yun Chang exaggerated and kept righteousness, and Gu Shinian was not happy.

His soft and cute little sister complained a lot about his slight cleanliness in the last life. When she came here, she even praised other men for being clean.

Does this mean that he is not as hygienic as Zhang Shouyi?

Gu Shinian felt sour in his heart, looked at Yun Chang for a while, and finally put her on the ground silently.

Yunshang: "..."

Brother Gu, what's the matter?

Yunshang Xiaonaozi turned around quickly, tried to reach out, and shook Gu Shinian's arm, "Second brother Gu, Comrade Xiao Zhang is still not as good-looking as you are, no matter how clean you are."

If you praise second brother Gu like this, you should be able to please him, right?

Gu Shinian's face remained calm, but there was a smile in his eyes. He raised his hand and touched Yunshang's head, giving her a signal of reconciliation.

Yunshang: "..."

So, brother Gu is really arrogant?

Yun Chang couldn't help laughing, and continued to praise Gu Shinian, "Second brother Gu, you are the most handsome in my heart, no one can compare to you!"

Look how caring she is?

In order to make second brother Gu happy, she even spoke the flattery very sincerely.

Yun Chang felt that there was no more caring sister in this world than her.

Of course, there is no one in this world who treats her better than Second Brother Gu.

So, as long as she can make second brother Gu happy, she is willing to say flattering words for the rest of her life!

The two were affectionate and tired of being together outside, and the two young men and women who had a blind date in the house finally got to know each other almost, and went out of the room with wide doors and windows one after the other.

After sending Zhang Shouyi away, the two old ladies and Han Weihong couldn't wait to pull Yun Shuilian away and asked her about her impression of Zhang Shouyi.

Marriage is a major event, which is related to the happiness of his life. Even if Yun Shuilian blushed, she still mustered the courage and nodded.

Han Weihong's cheeks flushed with joy. This was her first time as a matchmaker, and she didn't expect the two to meet directly.

Immediately, he patted the table excitedly and said to the two old ladies, "Zhang Haiyang and I sent Comrade Xiao Zhang out just now. He said that he liked water lotus very much. Let me tell my uncle and aunt more good things about him, and he will tell him as soon as possible. His father officially came to visit."

The two old ladies were even more satisfied. They felt that Comrade Xiao Zhang knew the etiquette very well, and did not despise Yun Shuilian just because she had a rural household registration.

Both the man and the woman are satisfied with each other, and with the help of the introducer, this marriage is almost a sure thing.

Probably didn't expect to go out to visit relatives, but suddenly got Yun Shuilian's life-long event. The old couple were in a very good mood, and Yun Erchuan also grinned and smirked, all happy for Yun Shuilian.

After dinner in the next afternoon, Mr. Yun looked at the sun rising in the west, and did not dare to delay any longer, so Yun Erchuan put on the ox cart and prepared to take the family back to the village.

Gu Shinian hugged Yun Chang and coaxed her in a low voice, "A Chang, you go back with Grandpa Yun and the others first. Lin Dani and Dacheng should be here soon. I will stay in the county and wait for them. When they arrive, I will go to the village. look at you."

Yun Chang nodded obediently. Lin Dani made it very clear in the letter that she would be called up for a week's holiday, and she would probably come over around the seventh day of the first lunar month. Today is the fifth day of the first lunar month, so there is only one or two days left.

.....

After seeing Yun Chang off, Gu Shinian waited at the train station around 7:00 pm. After waiting for three consecutive days, he finally saw Lin Dani and Da Cheng at the exit.

The two of them carried five or six burdens, big and small,

With a pale face and timid eyes like a frightened bunny, they pulled each other out of the station quickly.

And half a meter behind the two, there was a young man wearing a blue cotton hat, leaning over him from time to time.

Gu Shinian saw Dacheng pulling Lin Dani behind him from a distance, and pushed the young man aggressively, but because of his height, the other party stood there and didn't move.

Lin Dani quickly helped Dacheng up and looked around anxiously, as if looking for someone to help.

Seeing this, Gu Shinian hurried over and listened to the young man's words by the way:

"You lesbian really doesn't know what to do! The labor and management are kind enough to show you the way, but you ignore me, this is the face of labor and management!"

Dacheng pursed his lips, stared at each other coldly, and said, "We have someone to pick you up, you don't need to lead the way!"

"Hey!" The young man sneered, "Don't say that you have no one to pick up today, there is someone to pick up, you can inquire in Qinghe County, and see who dares to rob me from Meng Hu!"

Meng Hu?

Gu Guangzong's friends?

Gu Shinian's eyes turned cold, and he passed over Meng Hu and stood in front of Lin Dani and Dacheng, "Meng Hu? Who are you putting in front of you as a laborer?"

Dacheng's eyes lit up, he grabbed Gu Shinian's arm, pointed at Meng Hu and said, "Brother Shinian, this man has been pestering my aunt on the train, and he wants my aunt to go with him after getting off the train!"

When Gu Shinian suddenly appeared, Meng Hu was really startled, his pupils tightened, and he stumbled back a few steps, "Gu Shinian! You're not dead...why are you here?"

"Why can't I be here?"

Gu Shinian replied, pondering the words "you are not dead" that Meng Hu said, and his eyes became more and more condensed.

Meng Hu and Lin Dani were on the same train, indicating that this person should have come from the direction of the provincial capital.

Seeing him, he took a few steps back in fear, and then exclaimed the words 'you are not dead', indicating that in Meng Hu's heart, he should have died, so the other party was so surprised and frightened when he saw him.

Combining with the incident of Xue Liuzi and others intercepting him on New Year's Eve, and thinking that this matter has been kept secret so far, Gu Shinian realized instantly: Meng Hu also participated in Gu Guangzong's murder of him!

If the matter is as he thought, the matter of Meng Hu and Lin Dani returning from the train would make sense.

After all, it was to buy a murderer to kill, and Meng Hu did something wrong. Whether it was a guilty conscience or fear, or to avoid the police's investigation, he would leave Qinghe County to hide for a period of time.

And the place he avoided was probably Gu Guangzong's new site - the provincial capital.

Gu Shinian had thought about the way Gu Guangzong had used to bribe Xue Liuzi and his gang, and now the appearance of Meng Hu has filled an important missing link in the middle.

It has to be said that the timing of Meng Hu's appearance was just right.

As long as Meng Hu is caught, he can be used as a tainted witness to testify against Gu Guangzong's purchase of a murderer.

#### Chapter 187 Gossip

Meng Hu is just an ordinary blind liuzi, not at the same level as Xue Liuzi and others, who have human lives on their hands. At this time, Gu Shinian stared at him coldly. A layer of cold sweat broke out, and finally he turned around and ran away.

Gu Shinian was not in a hurry to catch up. In this age where a letter of introduction was required everywhere, Meng Hu running back from the provincial capital was tantamount to throwing himself into the net.

As long as the police say hello to the street and don't give Meng Hu a letter of introduction, they can trap him in Qinghe County.

It is only a matter of time before he is caught.

Gu Shinian turned around, patted Dacheng's head, and quickly took the burden from Lin Dani's hand, "Aunt Lin, are you tired of driving with Dacheng all day? Let's go, let's go to dinner first, and hurry home after dinner. rest."

As soon as Lin Dani got in the car, Meng Hu was staring at her, and her heart was tense all the way, and she didn't dare to relax in the slightest.

At this moment, seeing the troublesome blind liuzi being sent away by Gu Shinian, a relaxed smile appeared on the pale and tired face, "It's really not easy to take the train, by the way, where's Yunshang?"

"A-Shang is at my own house. Let's rest in the county for a night. We will go to see Ah-Shang in the village tomorrow."

A few people walked for more than ten minutes and entered a small state-owned hotel by the roadside.

It was past dinner time, and it was night again. All the restaurants could serve were noodles, steamed buns, and one or two vegetarian dishes.

Gu Shinian ordered noodle soup for the two of them, added a poached egg to each of them, and finally brought them to the table.

Dacheng was hungry, he picked up a chopstick full of noodles and stuffed it into his mouth, took another sip of the soup, and said vaguely:

"Brother Shi Nian, the noodles in your county restaurant are so delicious! The soup is also delicious. This is the first time I have eaten such delicious noodle soup!"

"It's late tonight, and the restaurant can only buy noodles. In two days, Ah Chang and I will show you other foods in the restaurant."

"Forget it." Dacheng swallowed the noodles in his mouth, and said to Gu Shinian very seriously, "This noodles is made of white noodles, I will eat it once and taste it. Neither you nor Sister Yunshang. To earn money, the money and food stamps are still reserved for myself to buy delicious food."

Gu Shinian was stunned for a moment, and felt that Dacheng had really improved a lot during this time, at least he was much more mature than before in terms of human sophistication.

Lin Dani also turned her head and said, "In those days, I heard from Dacheng that money tickets are too banned for eating in restaurants, so let's just make do with one at home."

Gu Shinian nodded and asked Lin Dani like a small talk, "Aunt Lin, how have you been lately, is there anyone bullying you in the factory?"

Lin Dani's face stiffened for a moment, then she squeezed out a smile, "It's good, I'm too busy at work every day, even if someone wants to bully me, I can't find a chance."

Da Cheng, who was beside him, had a dark face, his mouth moved, and he finally glanced at Lin Dani, but he didn't speak after all.

Gu Shinian saw what the two of them looked like, and there was nothing in his heart that was unclear. It's just that a few people were still in the hotel, Lin Dani didn't want to say it, and Gu Shinian couldn't help Dacheng to ask.

With this question in mind, after returning home at night, Gu Shinian did not arrange Lin Dani and Da Cheng in Zhang Chunni's room, but let Lin Dani and Gu Pangui live together, and let Da Cheng sleep in his room.

Being able to live in the same room with Gu Shinian, Dacheng was so excited that he almost forgot his tiredness, lying in the warm blanket, talking non-stop.

Gu Shinian didn't interrupt him, and collected the gossip news he cared about from Dacheng's scattered speech fragments.

For example, the leaders in charge of safety in Beishan Coal Mine were all devolved, and a trial meeting was held before the decentralization.

For example, the asphalt road in the provincial capital of Fenyang has been repaired, and many people who have no formal jobs have gone to build the road. Each person can eat two big wotou per

meal. Dacheng also wanted to go with someone to build a road, but because he was too young, he was driven back...

Another example is that people from the street and the Women's Federation are very concerned about Lin Dani's personal problems. There are also many young men in the factory who want to marry Lin Dani.

Some people went through the back door to Dacheng, but none of these people, Lin Dani, looked down on them, saying that they wanted to marry her, and the picture was the Lin family's large courtyard...

Hearing this, Gu Shinian asked the question he wanted to ask early in the morning, "Dacheng, is there still someone bullying your aunt in the factory?"

Dacheng was silent for a while, and after a long time, he opened his mouth and replied:

"Those female workers don't dare to bully my aunt in the open, but gossip about my aunt behind my back. My aunt has heard it several times, but she doesn't dare to quarrel with others, so she can only go home and cry secretly..."

Dacheng spoke very carefully, and Gu Shinian followed his words to understand Lin Dani's current situation.

Lin Dani was indeed rejected by the female shoe factory workers.

The reason is simple, the female workers are jealous of her.

After Lin Dani was hospitalized by the Zhou family, she directly registered with the Women's Federation.

She was young and had an unfortunate marriage. The enthusiastic eldest sister Ren not only wanted Lin Dani to remarry, but also worried that she would encounter bad elements like Zhou Lai again. Therefore, she would come to the factory every few days, Or visit Lin Dani at home and help her deter the ill-intentioned suitors.

The leaders of the Women's Federation attach so much importance to Lin Dani, and the factory naturally dare not ignore her. Several leaders of the special shoe factory guild often go to the workshop to care about Lin Dani's work.

As a result, the female workers in the same workshop felt uncomfortable.

How can a woman left behind by a bad guy who was shot get the attention of the leaders of the Women's Federation? And why should they be valued by factory leaders?

It would be fine if her man was a martyr or a hero who died in public, but her man was a rapist who bought and sold people.

Such a person, what is there to pity her?

Even if Lin Dani was implicated by Wednesday Lai, she was still a victim, so she is still a widow, why doesn't she know how to behave, seeing Tian'er hooked up with those young people in the factory who want to date her.

She, a married woman, has become a broken shoe, why is her heart so big, and she still wants to pinch her tender tip twice, or what?

She didn't even think about it, if it weren't for the large courtyard, who would be able to see her as a young man in the factory?

The female workers in the factory used to ignore Lin Dani, but now they dare not ignore her on the surface, but the gossip behind their backs is even worse.

Especially those female workers who are not married and whose family conditions are not good, they scold Lin Dani to the death.

Why did Zhou Lai buy a yellow-flowered daughter and spoil it, because Lin Dani became a broken shoe when she married Zhou-Lai, so Zhou-Lai wanted to taste what a yellow-flowered daughter is like.

What Lin Dani is a stone girl, so she can't serve Zhou Lai, and Zhou Lai can't bear to part with the Lin family's large courtyard, so she has to buy a big girl and spoil it.

Some people said that Lin Dani had a dirty disease. On Wednesday, Lai thought she was dirty, and the Zhou family also thought she was dirty, so the whole family got together to discuss her...

#### Chapter 188 Good idea

In this age when the relationship between the sexes is repressed and twisted to cruelty, whether it is a widow or a divorced woman, life is not easy.

Once a family is without a man, people will stare at the hostess of the family with all kinds of colored eyes, secretly guessing whether she can keep her waistband and keep the dead man innocent.

If you live a little better, people will think that a woman is disrespectful. Otherwise, if she is a woman, how can she live a better life than a man with a man.

If a woman talks to a man more than once, all kinds of women's indecent words will spread, and in the days to come, they will be repeatedly mentioned, and spontaneity will become her pronoun.

And those divorced women are even more alien in people's eyes. People will imagine various reasons for divorce and pour dirty water on women to prove that being divorced is an unforgivable mistake made by women.

Otherwise, how to explain her being kicked out by a man?

Zhang Chunni has experienced these things more or less.

It's just that the timing of her divorce was more subtle, in which year she just settled down.

It was only during that time that divorce was not uncommon, and the number of women who were divorced was by no means rare, and most of them were divorced for the same reason.

Basically, men excuse their marriages to be arranged marriages, their wives are too rotten, they don't know how to make progress, and they already have like-minded revolutionary partners around them, so they want to get divorced.

Zhang Chunni is one of these divorced women.

Everyone knows the reason for the divorce.

But even so, Zhang Chunni has been gossiped over the years, and her three children have been suspected countless times that they are not Gu Huaiqing's kind...

Zhang Chunni is very clear and transparent about the reasons for divorce and has been criticized. How much slander will those divorced women who do not know the reason suffer?

This is also the main reason why many women in this era are willing to be sparred with their in-laws rather than divorced.

In Lin Dani's situation, she could be regarded as a widow and a divorced woman. It is conceivable how many people would point at her in the factory.

In particular, there is a large courtyard behind her, and there are all kinds of men with careful thoughts approaching deliberately, which makes Lin Dani a target for everyone to attack and destroy.

Regarding Lin Dani's situation, Gu Shinian really couldn't think of a good solution.

No one can control other people's thoughts, let alone control other people's mouths.

In such a case, unless Lin Dani is strong enough to not be afraid of people's words, or if she changes her job and brings Dacheng to a new environment, she will never be able to get rid of other people's strange eyes. Reminds me over and over again...

Dacheng turned over and said in a dull voice, "Brother Shi Nian, I don't want to stay in the provincial capital, but my aunt said she had to keep my job in the shoe factory... I know my aunt doesn't want to work in the shoe factory, she I wanted to go to university before, and I saw her sneaking around the gate of the night school."

Gu Shinian's heart moved, he turned around and asked, "When is it going to happen?"

"Twice, I went once after I was discharged from the hospital, and I went again a few years ago when I was crying because of the popularity of the factory. Brother Shi Nian, it would be great if my aunt was a college student, then those people would not dare to gossip about her. "

Gu Shinian wanted to tell Dacheng that even if Lin Dani is a college student, even if she sits in the shoe factory office after graduating from college, even if she becomes a leader, she still can't control other people's mouths.

It's just that the environment is different. When the door of the clean office is closed, the gossip is locked out, and I can't hear it.

Hearing Dacheng's heavy voice like a falling stone, Gu Shinian couldn't bear to tell the truth, but followed his words, "If your aunt can go to college, after graduation, she can enter the office as a cadre, and she can manage the workshop workers. , those female workers naturally dare not gossip about your aunt."

in the dark,

Dacheng's eyes lit up for a moment, he turned over and sat up, and asked Gu Shinian, "Brother Shinian, what do you think my aunt went to the night school to take the university entrance examination? My aunt got good grades when she was in school, and came first in the exam!"

"Yes, if you want to go to university, let your aunt go to night school this time, preferably this year." You can graduate before the university is closed.

Gu Shinian also thinks that Lin Dani going to college is a good way. When she graduates from college, whether she is changing jobs or staying in the same unit, she will be able to get a small cadre. At least she can leave the noisy workshop and avoid the crowd. The female worker chatted idle.

After asking for a good idea, Dacheng fell asleep satisfied, secretly deciding in his heart that when he returned, he must find a way to coax Lin Dani to go to night school!

.....

The next morning, Lin Dani got up early and helped Gu Pangui make breakfast. After Zhang Chunni came back from get off work, she unpacked and took out the gifts she brought from the provincial capital.

This is a New Year's gift, Zhang Chunni did not refuse, accepted it generously, and returned a very high-profile return gift.

Gu Shinian went to the Public Security Bureau first and told about Meng Hu's situation. After returning, he took Dacheng and Lin Dani to the big mule cart to town.

When he got to the town, Gu Shinian didn't choose to send a few people to the village by handlebars, but took the two of them on a dirt road full of potholes.

It was the first time for Dacheng to come to the country, and he was so excited that he even had to look at the withered trees by the roadside.

Happy like a calf.

Avoiding Dacheng who was running in front, Gu Shinian said to Lin Dani, "Aunt Lin, I want to ask you to help me with something."

Lin Dani retracted her gaze from Dacheng and looked at Gu Shinian curiously, "What are you doing for you?"

"I want to buy a suite for Ah Chang in the county and move her household registration to the city. It's just that I'm not too old. If I really buy a house for Ah Chang, it's hard to explain where the money for the house came from.

Also, you also know Ah Chang's life experience. I'm worried that Grandpa Yun, Grandma Yun, is reluctant to move out of Ah Chang's account. I want you to come forward and talk to Grandpa Yun as Auntie Yun to make them think they are buying a house. The money is yours..."

Lin Dani touched her face that looked like Yun Chang, and she was in a trance for a moment, then nodded in agreement.

Gu Shinian was relieved, and quickly explained the situation of Lao Yun's family, Lin Dani had a general idea.

After thinking about it for a while, he said, "This should be possible, we just let Yunshang eat the food supplied by the urban residents, not take Yunshang away from Lao Yun's house, they should not object. As long as we don't let people know about buying a house The money is yours, right?"

Gu Shinian nodded helplessly. If it wasn't for his young age, he couldn't explain the source of the large sum of money he had, and he wouldn't have delayed the purchase of a house for so long.

Fortunately, Lin Dani came here, and she could use Lin Dani's face to get Yunshang to buy a house smoothly.

As for Yun Shuilian's hukou, I will find other excuses to come up with it later.

Chapter 189 Touched 1

Entering the village, Gu Shinian and his party happened to meet a few members of the Lao Yun family who came from the back village.

Facing Lin Dani's face that looked very much like Yun Chang, the old couple of the Yun family, and Yun Shuilian, were all stunned there.

Immediately afterwards, the old couple seemed to be thinking of something terrible, their faces quickly turned pale, the old lady almost fell to the ground with weak legs, and the old man was shaking his lips, unable to say a word for a long time.

In the end, Yun Shuilian cheered up, squeezed out a dry smile, and welcomed Lin Dani and Da Cheng into the yard.

Yun Chang saw someone coming from the house through the window, and quickly got off the kang, just standing at the door of the main room, a small figure jumped out and rushed straight to her.

Seeing that it was Dacheng, Yun Chang happily jumped off the threshold and ran two steps towards Dacheng with a smile.

Dacheng rushed in front of Yunshang, stopped suddenly, grinned and smirked for a long time, reached out and touched the sky braid on top of her head, and said naively, "Sister Yunshang, my aunt and I are here to see you! Did you miss me? "

Yun Chang pushed Da Cheng's hand away, and his little nose wrinkled.

snort! Touch my braids as soon as we meet, who would miss you?

I thought so in my heart, but answered honestly, "I think about it."

After a pause, he continued, "If you don't touch my braid, I'll miss you even more!"

Dacheng: "... " What a grievance! The braids won't break if you touch them.

Sister Yunshang really hasn't changed at all, she still likes to bully people so much.

Dacheng pursed his lips, and gave Yun Chang a pitiful look, his small eyes were as aggrieved as they were.

Yun Chang laughed immediately, poked his arm, and stuck his head in front of him, "Hey! Forget it, if you want to touch it, I'll touch it for you again!"

Dacheng's eyes lit up, he stretched out his claws, and quickly touched Yunshang's head, and then he raised the corner of his mouth with satisfaction.

Little boy, he has such a big temper!

Yun Chang pursed her lips and turned her eyes to the large troop who entered the door. She immediately raised her eyebrows and rushed into Lin Dani's arms like small cannonballs, "Aunt! Why did you come to see me, I miss you so much!"

Lin Dani hadn't spoken yet, when the old couple of the Yun family changed their faces again. The old lady even needed Yun Shuilian to support her to stand up straight.

The two faces, one big and one small, that overlapped each other, were too similar to each other.

Even the members of their Lao Yun family have no way to say with conscience that Chang Nan has nothing to do with this woman named Lin Dani.

But, who is this Lin Dani? What is the relationship between her and Sang-nan? She is looking for her now, is she going to take my family clothes away...

The old couple entered the house with these thoughts in mind, and were about to ask Lin Dani's whereabouts when there was another noise at the gate.

Yun Shuilian went out and glanced across the courtyard wall, blushing, and walked in shyly:

"Father, mother, it's Uncle Han and the others who are here..." After speaking for a while, he added in a low voice, "And Comrade Zhang Shouyi is also here..."

When the old couple heard this, they didn't care about exploring the relationship between Lin Dani and Yun Chang, and immediately got up and walked outside the hospital.

Han Shan's family is here, and Zhang Shouyi is also here. This is to...meet the in-laws!

The old lady took a few steps, then turned around and instructed Yunshang, "Shangnan, your aunt is here, our family will make an appointment today, you and Comrade Gu Xiao will entertain your aunt at home, and your grandfather and I are done. Just come."

After speaking, he squeezed out an ugly smile and said to Lin Dani, "Comrade Lin, I'm really sorry, there is an important matter at home today, and I don't have time to entertain you right now. I'll come over to talk to you later when I'm free."

"Aunt Yun, it doesn't matter. Meeting in-laws is a big deal, and we can't delay. We are our own people, and we can talk at any time."

Hearing this, the old lady was entangled again. She felt that Lin Dani was beautiful, gentle and polite.

She also felt that what Lin Dani said was too familiar, and she was terrified when she was familiar, for fear that her granddaughter would be hooked into someone else's baby.

But at this moment, the old lady couldn't care about so much, so she hurriedly went with the old man and took Han Shan and his wife, Han Weihong, and Zhang Shouyi and his son, and went to the village.

The old couple of the Yun family are very particular about people. Even though Widow Wang's house is spacious, bright and warm, they never thought of welcoming their in-laws to the door, but instead took them to the back village, in the old shabby earthen houses of the old Yun family. will be at home.

Yunshang knew the family background of the old Yun family. Apart from sorghum rice and a few knots of sweet potatoes, there was only half a jar of freshly soaked cabbage root pickles, and a piece of bacon that she and Gu Shinian sent before. Can be used to entertain guests.

What's more, Zhang Shouyi and his son attached great importance to the matter of meeting their in-laws. They came to the door with two bottles of liquor, a packet of snacks, a piece of cloth, and half a catty of white sugar. These gifts are available to cadres and families in the city.

No matter what happened to the old Yun family, she still had to prepare a table of decent meals to entertain guests, which was both a courtesy and a face for Yun Shuilian, lest she would not be able to lift her head in that house due to lack of etiquette after she married.

As for the current situation of the old Yun family, it is estimated that they can only send Yun Erchuan to the town's state-run restaurant to buy some food to entertain guests.

Gu Shinian also thought of the situation that Yun Chang could think of. The two glanced at each other, avoiding Lin Dani and Da Cheng who were drinking hot ginger soup, and entered the side room one after the other.

"Second brother Gu, let me pack some food and send it to the Lao Yun family, or else today's meal will really empty the Lao Yun family."

"Okay, the old man brought the rations a few days ago. It is estimated that there is not much sorghum rice there. You can decorate the corn ballast and take it as a staple food."

"Well, let's add meat and oil, and vermicelli, too..."

As the two talked, they put pork belly, vermicelli, cabbage, radish, potatoes, and previously fried balls into the basket in turn, and some dried vegetables in the space. A dozen catties of corn ballast were pressed on it.

Gu Shinian weighed the weight of the basket with one hand, and was about to take it out, when Yun Chang patted his forehead and quickly grabbed his collar:

"Second brother Gu, wait, I have to go too, as well as Aunt Lin and Dacheng, also have to go to help, Lao Yun's family is short of staff today."

Gu Shinian was stunned for a moment. He didn't understand what Lao Yun's family meant by not having enough hands. Yun Chang let go of his hands and explained in a low voice:

"Li Hongmei was sent back to her mother's house by Yun Erchuan on the first day of the first day of the new year. Grandma is an elder. She wants to accompany Grandma Han and Aunt Wei Hong to meet her in-laws in the main house. Aunt Yun is the only one left to work on the pot platform. She must be too busy. Let's go and help."

Gu Shinian didn't know about Li Hongmei being sent back to her parents' house, but when she heard Yunshang talking about it, her brows wrinkled, "Ah Chang, did Li Hongmei bully you again?"

Chapter 190: Set a date

"It's not bullying. She wanted to coax me into raising her son, so I complained to my grandparents. Later, Yun Erchuan went back to the room to scold her, and the couple started arguing..."

Yun Chang glanced outside, grabbed Gu Shinian's arm, and whispered next to him, "Second brother Gu, Aunt Yun told me that Li Hongmei thinks Yun Erchuan is incompetent and can't support his wife and children, so Yun Erchuan is so angry He almost beat her, and then dragged her back to her parents' home, and even told her to divorce Li Hongmei and ask her to find a capable man."

Gu Shinian didn't know what to say. On the one hand, he felt that Li Hongmei was so stupid that it made people laugh. On the other hand, he felt that Yun Chang was being tricked by such a stupid person.

The little sister he held in his hand should be happy at all times and live like a princess, instead of dealing with such ignorant women all day long and living in endless calculations.

Thinking that Li Hongmei is a member of Lao Yun's family and will live under the same roof with Yunshang in the future, Gu Shinian felt very distressed, and even made Lin Dani pretend to be Yunshang's biological mother and lead Yunshang to leave Lao Yun's house immediately. impulse.

Gu Shinian took a deep breath, suppressed the anger that kept surging in his heart, and squeezed out a smile, "Ah Chang, if you have nothing to do in the future, stay in the front village, try not to go to the back village to deal with Li Hongmei. Talk to her... it will fall off. IQ."

Yun Chang couldn't help laughing, Gu Erge's sulking look was so cute.

Even despising Li Hongmei, he said it so fresh and refined.

Gu Shinian didn't know that Yun Chang was laughing at him, grabbed her braid, and shook it a few times as if in punishment, and in her dissatisfied eyes, she held the edge of the basket with one hand, ready to carry it out.

Yun Chang was worried that he would stretch out the wound on his arm, so he quickly supported the other side of the basket and helped move it into the yard, and then went back to the house to call Lin Dani and Da Cheng, and talked about the lack of staff at the old Yun's house to entertain guests. A group of four hurried to the back village.

The situation of Lao Yun's family was just as Yun Chang thought, the old man avoided the crowd, stuffed Yun Erchuan with some money and food stamps, and sent him to the town to buy a few dishes that were good on the table.

Before finishing the instructions, out of the corner of his eyes, Yun Chang and Gu Shinian brought the guests from the provincial capital into the door, and the guests were carrying a large bamboo basket on their backs.

The old man reacted at once, greeted him, and said with a disapproving face, "Shangnan, all your food was found for you by Shi Nian, so keep it for yourself and eat it slowly. There are many people in the family today. , don't ban your food."

In front of Lin Dani, the old man Yun was inexplicably guilty, and he couldn't accept the food brought by Yun Chang.

"Master, I didn't take much! Today, I set a date for my aunt. Let's cook at home and let my aunt cook and show off my hands. This is a matter of face."

After he finished speaking, he didn't wait for the old man to reply, and dragged Dacheng into the house.

The old man chased Yunshang for two steps, then turned around subconsciously to block Lin Dani, who was carrying a basket, stretched out his hand, but felt it was inappropriate, so he had to stand beside him, watching Lin Dani carrying a basket full of food into the house.

Yun Chang dragged Da Cheng into the door, first called people one by one, and finally winked at Yun Shuilian, who was sitting in the corner, and dragged her to the main room.

"Gu, I told my grandfather that I'm going to eat here today. Aunt Lin is also here to help you. Go and look at the dishes in the basket and think about how to cook them. You'll have them later. Show a good hand in front of Comrade Xiao Zhang."

The last sentence made Yun Shuilian blushed again.

Lin Dani unloaded the basket, moved the contents out one by one, lowered her voice, and whispered to Yun Shuilian about the lunch menu.

Yun Shuilian pursed her lips, turned around and hugged Yun Chang and gave her a hard kiss on the cheek, then turned around and took the dried vegetables from Lin Dani's hand, "Comrade Lin, you are a guest, how can you be the first? Work the first time you come to the door, you can just bring your clothes to the house and sit,

I can do this work on the stove by myself. "

Lin Dani smiled and said, "Then I'll go and say hello to Aunt Yun, and I'll come over to help you wash the vegetables and fight."

Today is a good day for Yun Shuilian to get married. Naturally, Lin Dani will leave the limelight to Yun Shuilian. She said hello to the old lady after entering the house, and then, under the introduction of the old lady, talked to the Han Shan family and Zhang. The father and son greeted him and told Dacheng not to be naughty, so they quit to help Yun Shuilian wash the vegetables.

Han Shan and Han Weihong saw Lin Dani's appearance clearly, and they were all taken aback. Because there were outsiders in the room, they tacitly pressed questions and did not ask the Yun family's elders about Lin Dani's origin.

Lin Dani and Yun Shuilian were busy washing dishes outside, while Yun Chang dragged Gu Shinian and Da Cheng on the kang, guarding the sleeping emboli while listening to the family discuss the marriage of Yun Shuilian and Zhang Shouyi.

Zhang Shouyi's father and son wanted to get married as soon as possible. They made an appointment today. Before the fifteenth day of the first lunar month, Zhang Shouyi would take Yun Shuilian to go around the county to buy things for marriage, and then get married on the twentieth of the first lunar month.

The people from the Lao Yun family felt that the time was too rushed. It was only half a month, and they couldn't even prepare the dowry. They insisted on setting the wedding in two months.

The two sides talked for a long time, and finally Zhang Shouyi blushed and whispered the reason why he was in a hurry to get married, and promised that although the wedding day was too rushed, he would not wrong Yun Shuilian, and he would definitely treat Yun Shuilian after marriage. Shuilian is good, and he will not be short of everything that should be purchased for marriage.

If others get married, he will prepare them for Yun Shuilian, if others have enamel basins of Double Happiness, he will also buy them for Yun Shuilian, as well as the thermos and mirrors, and he will prepare them for Yun Shuilian. Including the quilt, he asked a friend to find it yesterday, and he must make Yun Shuilian cover with a new quilt when she gets married...

When Zhang Shouyi said these words, Yun Chang clearly heard that the sound of washing vegetables outside was much quieter, and there were footsteps approaching gently, and the door curtain shook with a shudder.

Fortunately, at a critical moment, Han Weihong helped Zhang Shouyi to say something, and the date of marriage was the old Zhang's family, which was set on the 20th of the first lunar month.

Otherwise, if the bullshit goes on like this, Yun Chang will suspect that Yun Shuilian, who is hiding behind the curtain, is going to rush in to book a date for herself.

The event was settled, and Yun Shuilian and Lin Dani, who had been working outside, also entered the house.

Lin Dani helped start the fire without saying a word, while Yun Shuilian placed the washed dishes on the chopping board one by one, and showed off her good knife skills in front of everyone.

The shredded potatoes were cut finely and evenly, and the shredded radishes were also cut as if they were rubbed with a wiper.

There is also Chinese cabbage. First, slap the flat cabbage with the blade, and then split the slanted knife from the middle. After a continuous clanging sound, a row of well-proportioned and beautiful shredded cabbage is cut out.
