

Thrive 191

Chapter 191 fight

Yun Chang never knew that Yun Shuilian could work so neatly, and she looked very proud from the side, thinking that her Aunt Shuilian was really a good girl who was capable and kind.

Besides, people are also born beautiful, so if you don't see Zhang Shouyi's eyes, you can't pull them out.

Today's stove is the battlefield of Yun Shuilian alone, all kinds of frying, stewing, and frying, using all her powers.

First, the shredded kelp and cabbage hearts were cold, and slowly tasted on the side.

A large piece of pork belly was cut in the middle, half of it was braised, and the rest was fried in a bowl of small crispy pork, lined with cabbage leaves, and simmered on low heat.

Another pot of braised pork belly, cabbage, kelp, soaked mushrooms, fried balls, and a large handful of vermicelli were placed in it.

The shredded radish was finely sliced, then mixed with diced bacon, wrapped in cornmeal, and fried in a large pot of radish cakes.

Finally, I fried a plate of green onions and bacon, a plate of hot and sour cabbage, a plate of shredded potatoes, and a pot of thick corn ballast porridge.

Yun Chang's eyes were blown away.

Her Aunt Shuilian, how satisfied with Comrade Xiao Zhang must be, it's so humbling to show her skills so much!

Zhang Shouyi didn't expect Yun Shuilian to be so capable. He smelled the delicious smell of the food and felt that he had really found a treasure, and his eyes were even more fiery when he looked at Yun Shuilian.

There were many guests at home, so Yun Erchuan went to a neighbor's house to borrow a kang table. The two tables were placed side by side on the head of the large kang, and it was full of people sitting on the kang.

Yun Chang sat between Gu Shinian and Lin Dani, her mouth was full of oil, and her eyes turned to Zhang Shouyi at the other table. Worries are also put down.

Comrade Xiao Zhang really likes cloud water lotus, and he is also considerate and delicate.

.....

When the lunch was nearing the end, Li Hongmei, with her hair disheveled and wrapped in the wind, opened the curtain of the door and rushed in.

The lively atmosphere in the room came to an abrupt end, and everyone turned their heads to look at Li Hongmei.

Compared with the confused guests, the old Yun family was both embarrassed and angry. Seeing that Yun Erchuan couldn't bear his temper and wanted to scold Li Hongmei, the old lady Yun hurriedly held back her frustration and said, "Hongmei is back? There is something on the chopping board. The stewed vegetables left for you, let's eat quickly."

Li Hongmei stood motionless at the door frame, looking at the room full of guests, with a look of anger, "Mother, I heard that Shui Lian's appointment today, why didn't anyone inform me about such a big thing? You still carry the seeds of the Lao Yun family! You don't treat me as a family now?"

The old lady didn't expect Li Hongmei to be so clueless. She had already endured her dissatisfaction and let Li Hongmei go down the stairs. This brainless thing was deliberately looking for trouble, and deliberately added bad luck to Yun Shuilian's good days.

With a gloomy face, the old man put the wine glass in his hand heavily on the table, whimpering with anger.

Yun Erchuan's face was flushed with embarrassment, the blue veins on his forehead protruded, he got off the kang, grabbed Li Hongmei's arm and dragged him outside.

Li Hongmei has been having a hard time at her parents' house recently. She has endless housework to do every day, and she gets scorned every day. Even a few nephews dare to point at her nose and call her a waste.

If it weren't for the seeds of Lao Yun's family in her belly, her parents were worried that the child would be gone, and Yun Erchuan would divorce her, and it is estimated that even a meal of the wowtou would be deducted.

In just a few days, Li Hongmei became a keg of dynamite.

At noon, I heard that the person Yun Shui Lian was looking at had come to book a date. Li Hongmei exploded on the spot in an instant, and ran over from her parents' house regardless of what she wanted to ask Lao Yun's house what it meant.

She hasn't divorced Yun Erchuan yet, so the old Yun family won't take her as a person?

Since the old Yun family didn't let her come back, when Yun Shuilian went out, didn't she plan to ask her to marry her?

She is still part of the family now.

These people eat and drink spicy food at home, haven't they thought that she still has the seeds of Lao Yun's family in her stomach, so she can't even eat hot rice?

Thinking of this, Li Hongmei trembled with anger. Seeing that Yun Erchuan wanted to drag her out, she struggled and scolded:

"Yun Erchuan! You lose your conscience! I gave birth to a son for you, and I still have your seed in my belly. You are going to divorce me..."

"Your family doesn't treat me like a human being! See Tian'er and leave me, and go to the former village to eat and drink spicy food. This is because you want to leave me and live a good life with Widow Wang..."

Li Hongmei was pregnant, and Yun Erchuan didn't dare to drag her with a deadly hand, so she pinned her to the house for a while, yelling and scolding for a while.

During the tearing, Li Hongmei turned to Lin Dani, who was sitting beside Yun Chang, and was stunned for a moment, then burst into tears.

"Yun Erchuan! Tell me! Who is she? Well, my dowry is still in the house, so you are in a hurry to bring the vixen back to live! It's no wonder you didn't call me back today. I'm home!"

Yun Erchuan's face turned black, and he grabbed Li Hongmei and dragged him outside, "Li Hongmei! Believe it or not, I'll beat you!"

"Bah! You beat it! You are so shameless! It's not good to find someone like that, you have to find a little prostitute who looks exactly like the girl! Who are you fighting for? Tell me, what are you carrying? I can't see anyone's dirty mind..."

Li Hongmei's all-meaning bastard words angered everyone in the room.

The old Han family shook their heads and sighed, Zhang Shouyi quickly suppressed the furious Yun Shuilian, for fear that she would rush up and beat the pregnant woman.

But he can take care of Yun Shuilian, but he can't take care of others.

When Li Hongmei said the last sentence, Gu Shinian jumped off the kang, rushed up and gave Li Hongmei a big mouth.

Dacheng also followed closely, kicked Li Hongmei both feet, and shouted while kicking: "My aunt is not a vixen! You are not allowed to scold my aunt!"

The old man Yun on the side was so angry that his eyes darkened for a moment, he came back to his senses, grabbed the bowl on the table, and smashed it at Li Hongmei, while the old lady Yun was even more red-eyed, holding the small broom on the kang, chasing after Go up and hit Li Hongmei in the mouth.

A series of beatings finally made Li Hongmei sober, and she also realized what a bastard she had said.

She stared blankly at Yun Erchuan who was swaying all over with anger, and then turned to look at her head with contempt or anger. She took a step back subconsciously, turned her head, and hurriedly slipped out.

The room fell silent in an instant.

Lin Dani's face was white, her hands were tightly twisted together, and her body shrank from time to time, obviously stimulated by Li Hongmei's face-to-face accusations.

Yun Shuilian's good days were turned upside down, her face turned blue and white, and she couldn't wait to find a seam to get in.

In the end, she couldn't help it anymore, covered her face with her hands, and started crying.

Chapter 192: Take down the man

After Yun Chang was still furious with Gu Shinian, she realized what Li Hongmei meant, and her eyes widened in shock.

She is the daughter of Widow Wang, and Li Hongmei doesn't want to see her. She thinks she is as unruly as Widow Wang. She is not surprised at all, but Yun Erchuan is Li Hongmei's man. How could Li Hongmei have such a dirty idea that Yun Erchuan treated her A six-year-old child has a dirty mind?

He even opened his mind wide, thinking that Lin Dani was a stand-in that Yun Erchuan found.

This kind of unrestrained thinking can be used as a screenwriter in future generations.

After being surprised, Yun Chang didn't feel too angry. After all, it is a waste of time and price to be honest with a person whose mind is full of waste.

Just looking at Lin Dani, who was huddled in the corner, wishing to become an invisible man, and the old man who kept apologizing to the guests and told everyone to joke, and the old man who hugged Yun Shuilian, kept wiping tears and shouting "sin", The old lady who apologized to Lin Dani, Yun Chang's anger still couldn't stop rising.

It was she who called Lin Dani to help. If it weren't for her, Lin Dani would not have been scolded for no reason.

There is also Yun Shuilian. Today is the day when the old Yun family will meet the in-laws, and it is also the day when Yun Shuilian is engaged. Li Hongmei ignores all the commotion, and has never thought about how the old Yun family will end, or whether it will be. Broke Yun Shuilian's marriage?

Li Hongmei kept saying that others were sorry for her, but she never found a reason in herself.

What's more, the old couple of the Yun family are notoriously kind people, how could they deliberately harass their daughter-in-law?

Even if the old couple did something wrong and Yun Shuilian offended her, everyone could close the door and solve it in private. How could she pick on such a day to make trouble in front of her in-laws who came to the house for the first time.

Moreover, this kind of dirty water was poured on Yun Erchuan's head, which made the old Yun family look up in front of their in-laws? Let Yun Erchuan go out and be a man in the future? Let Zhang Shouyi think about the style of the old Yun family and the character of Yun Shuilian?

The marriage of the bad guys is going to be struck by lightning!

Li Hongmei's behavior today was even more vicious than the life-and-death enemy of the Lao Yun family.

Yun Chang couldn't figure out why Li Hongmei came back to make trouble for her, and what was the purpose of her doing this...

At the dinner table, Zhang Shouyi's father's face was obviously colder, and his attitude was much colder than before. If it weren't for the identity of Han Weihong Hospital's doctor, he would probably have just lifted his butt and left.

Zhang Shouyi's attitude did not change for the time being, but the father and son of the Zhang family have been dependent on each other for many years. If his father firmly opposed this marriage, it is estimated that Zhang Shouyi would also retreat.

After all, Zhang Shouyi and Yun Shuilian met on a blind date, and they only met today for the second time. They were far from having any feelings. How could Zhang Shouyi go against his father's wishes for a stranger who had no feelings.

What's more, Zhang Shouyi was a regular worker in the city, and he was good looking, so it was very easy to find a daughter-in-law that he liked.

Yun Shuilian probably also wanted to understand this. After crying, the shyness and joy in her eyes subsided, and she directly treated the Zhang family and their son as ordinary guests.

Yun Chang looked distressed from the side.

Anyone with eyes could see that Yun Shuilian was very satisfied with Zhang Shouyi, but Li Hongmei made such a fuss that a good marriage was gone.

Gu Shinian came in from outside the house, first whispered to Mr. Yun that Yun Erchuan took Li Hongmei to Lao Li's house, then stood under the kang and extended his right hand to Yun Chang.

Yun Chang obediently walked to the edge of the kang, and Ren Gu Shinian picked herself up with one hand.

"Grandpa Yun, Grandma Yun, it's getting late, Aunt Wang hasn't eaten at home alone, so Ah Chang and I will take the guests back to Qian Village first."

Seeing that Lin Dani and Dacheng also got off the kang, Yun Shuilian put down her chopsticks and said to Mr. Yun,

"Father, there is nothing to do at home. I will send Comrade Lin to see him off, and then I will go to Qiancun to help Chang Nan clean up the house."

The old man sighed, "Go ahead, let Comrade Lin heat the kang head first, and let Comrade Lin have a good rest."

"Hey, I know." Yun Shuilian replied crisply.

Zhang Shouyi saw that Yun Shuilian left immediately, and was stunned for a moment, and then quickly got up, "Father, Uncle Yun, Uncle Han, I'll go over and take a look, and help Shuilian do some hard work."

Everyone in the room didn't expect Zhang Shouyi to come out like this.

Yun Chang was lying in Gu Shinian's arms, facing the direction of the main room. Seeing Zhang Shouyi chasing out, her eyes lit up and she smiled quietly.

This Zhang Shouyi... is really good!

A good-looking person, a simple family, and a regular job in the city are all external conditions. The most important thing is that Zhang Shouyi has a good character.

Yun Shuilian's appearance can be considered pretty, but compared to Lin Dani, it is a side dish of porridge. Yun Shang specially observed it in the morning. Zhang Shouyi was stunned for a moment when he first saw Lin Dani, and then he never paid attention to Lin Dani again. It is to focus on Yun Shuilian all the time.

This Zhang Shouyi resisted the temptation of a worker to become a cadre. He didn't even see a beautiful woman. He couldn't control his eyes. At this time, he went against his father's wishes and ran after Yun Shuilian. Yun Chang felt that this was the case. The uncle she wanted.

Independent and considerate, she must help Yun Shuilian take down such a good man.

Gu Shinian and Lin Dani tacitly stepped up their pace to make room for Yun Shuilian and Zhang Shouyi to speak.

Yun Chang patted Gu Shinian's shoulder dissatisfiedly, motioning him to slow down, tap out his mental strength, and eavesdrop on the two behind him.

I first heard Yun Shuilian apologize for today's incident, and then saw Zhang Shouyi coaxing Yun Shuilian with a smile:

"It doesn't matter, everyone has a few bad relatives. If you don't want to deal with her, when we get married, you can just stay away from her."

Yun Chang was stunned, this Shouyi is too powerful, right?

She had planned to help Yun Shuilian take down Zhang Shouyi, but before she acted, Zhang Shouyi was already attacking, ready to take Yun Shuilian.

Is there any room for her to intervene?

Yun Shuilian didn't expect Zhang Shouyi to say this, she turned her head to look at Zhang Shouyi, and couldn't help asking, "Comrade Zhang, we just met once, you... what do you like about me?"

It's not that Yun Shuilian has low self-esteem, it's that she has nothing else to do except a high school degree.

She is not beautiful enough, has a rural hukou, no job, her family is notoriously poor, and she has two unhappy sisters-in-law. Zhang Shouyi's conditions are so good that even the director's daughter is crying and calling for someone to marry. Did you see her?

Not only Yun Shuilian was curious about this question, but even Yun Chang, who was eavesdropping, was also curious, and patted Gu Shinian on the shoulder again, signaling him to slow down.

Chapter 193 I've been aiming for a long time

"I've only just entered junior high school, so I don't have much culture, so I just wanted to find someone with culture." Zhang Shouyi scratched his head and smiled, "It's not the first time we've seen each other, we met during the steelmaking the year before last. ,do not you remember?"

Seeing Yun Shuilian's stunned expression, Zhang Shouyi continued, "You wrote a slogan on the wall at that time. A few workers and I moved the abandoned railway and helped you with the ladder for a while. Did you forget?"

"Ah? So it's you..."

Hearing this, all the doubts in Yun Chang's heart were solved.

She just said, how could Zhang Shouyi find a rural daughter-in-law so happily? It turned out that she had targeted her Aunt Shuilian the year before last!

It's all excuses to find a cultural person!

Although there are not many female high school students in the county, it is not that there are not many. Zhang Shouyi really wants to find a cultural person, and he can find an urban household registration. Why should he chase Yun Shuilian?

Yun Chang was a little proud in her heart, withdrew her mental strength, and shouted at Yun Shuilian and Zhang Shouyi: "Aunt, uncle, I want to bring Aunt Lin home to whisper, so don't go there, hurry back and make an appointment!"

A word of 'uncle' successfully made Yun Shuilian and Zhang Shouyi blush.

Zhang Shouyi stopped and praised Yun Chang sincerely, "This little niece in our family is really clever, and she will definitely have a future!"

Yun Shuilian's face turned even redder, she followed Zhang Shouyi to stop, and watched Yun Chang and the four gradually move away.

Back in the former village, Yun Chang first went to the side house to feed Widow Wang for lunch, and then pulled Lin Dani to sit around the stove, chatting over the fire, while roasting persimmons and sweet potatoes to eat.

On the other side, Yun Erchuan pulled Li Hongmei and broke into Lao Li's house like a furious lion.

Straight into the main room, she pushed Li Hongmei onto the old lady Li's kang, her face was ashen, she pointed at Li Hongmei, who was shivering on the edge of the kang, "Aunt Li, this girl in your family didn't teach her well, she has a heart. It's rotten! Our old Yun family dare not have such a daughter-in-law, we want to ruin the family!"

Mrs. Li let out an "ah" and sat up straight, thinking that she had a problem with her ears.

what's wrong?

Aunt Li? ...you don't even shout a mother?

Done! What the hell is Li Hongmei making a fool of?

The three brothers of the Li family hurried out of their room when they heard Yun Erchuan's clap in the main room.

As soon as I entered the door, I happened to hear that the Lao Yun family did not want Li Hongmei.

The boss, Li Tiehu, couldn't bear it any longer. He stepped forward and grabbed Yun Erchuan by the collar.

"Fuck your motherfucker! My sister still has the seeds of your Laoyun family in her stomach. If you say no, then you don't want it? I want our old Li family to raise a baby for you, why do you think so beautiful!"

Yun Erchuan was about to explode with anger, and he was not afraid of being beaten by the old Li family. Don't dare to let my baby call her mother!"

"What? What are you calling?" Li Tiehu was stunned, "Say it again!"

Is the old Yun family crazy?

In order to break up Li Hongmei, she didn't even want the baby in her stomach. What did Li Hongmei do?

"Just say it! I'm going to divorce the daughter of your old Li family! No need for Li Hongmei!"

Yun Erchuan shook off Li Tiehu's hand, pointed at Li Hongmei and said, "This morning someone from the provincial capital came to see Sang Nan, this black-hearted thing, scolding people that the comrade from the provincial capital is a prostitute, the concubine I'm looking for, She also opened her mouth and said that I have dirty thoughts about Sangnan, she is not letting me be a human being, pot after pot of dirty water, do you Li Tiehu dare to ask for such a daughter-in-law?"

The three brothers of the Li family were stunned. What are they talking about?

Wang Chunzhi and the two sisters-in-law looked at each other, the corners of their mouths turned up and down, and finally they couldn't help falling into the pit and said:

"Ouch, Hongmei, how can you talk nonsense? Don't you want Erchuan to go to labor reform! And girl Chang,

After these two days, you are only six years old, how can you have such a dirty mind..."

Before the words were finished, Yun Erchuan answered over there again: "Aunt Li, your old Li family's daughter is very powerful. A few days ago, I was planning on Changnan, and I wanted her to raise a baby for her, and let Shuilian point to her. Nose scolded.

Today, the person whom Shui Lian Xiang is looking at comes to meet her in-laws. In front of the matchmaker and in-laws, the daughters of your old Li family point at my father and my mother and scold me. Those who pour dirty water on me are also in front of the whole room. Said in the face of the guests!

Aunt Li, she hates Shuilian and wants to ruin Shuilian's marriage! I'll send people back to you today, and when the guests leave, I'll go to town with Li Hongmei to get a divorce! "

Everyone in the Li family: "..."

This thing is so exciting, I always feel that my mind is dazed, and I can't turn a corner.

What is Li Hongmei doing? What is the benefit of the bad cloud water lotus's kiss to her?

Since they couldn't get along, they should have sent the person out early and received the betrothal money. Li Hongmei was so overwhelmed that she deliberately broke the kiss and prevented her sister-in-law, who was obsessed with her, from going out.

Also, this foolish coward doesn't even know how to act as a demon. Even if she doesn't like seeing Yun Shuilian, she won't give her a good face if she doesn't give her a good face, and it's over if she secretly bad kisses, how can she say that in front of a room full of people ?

This is not to ruin the reputation of the Lao Yun family, it is to ruin the reputation of their Lao Li family!

Ouch! This time, the old Yun family has been offended severely. Yun Erchuan is determined to divorce Li Hongmei.

Mrs. Li was the first to react, slapped her thighs and screamed, scolding Li Hongmei for being stupid, calling Yun Erchuan unscrupulous, and calling the Lao Yun family ruthless and unrighteous.

Yun Erchuan knew that Mrs. Li was difficult to deal with, but she didn't expect Mrs. Li to be so unreasonable. Obviously, Li Hongmei had a bad heart and deliberately ruined Yun Shuilian's marriage. Mrs. Li still felt that their old Yun family did not do well. You should not divorce Li Hongmei.

This is really treating the Lao Yun family as a soft egg!

Yun Erchuan's eyes were red, his face was terrifyingly dark, and he looked like he was going to fight with Mrs. Li, "Do you think your daughter did the right thing to my family's Shuilian marriage? Do you think she did the right thing by throwing dirty water on my head? If you dare to scold our Lao Yun family again, I will go to town and sue Li Hongmei when I get out of this door!"

Mrs. Li was instantly dumbfounded.

Yun Erchuan has already made up his mind to not want Li Hongmei. If he goes to town to sue Li Hongmei for slandering Yun Erchuan and the comrades from the provincial capital, Li Hongmei will not be allowed to go to labor reform? What kind of reputation does the old Li family have?

At that time, even if Yun Erchuan did not mention divorce, the comrades in the town would persuade him to cut ties with the bad guys and take the initiative to handle the divorce procedures for the two of them.

Ouch, Li Hongmei is such a foolish thing, why is she so bold and dare to sway comrades from the provincial capital?

Even if they are clambering, they have to find a decent reason. People just came here in the morning and have been staying with a dozen people in a room. Why do they have an affair with Yun Erchuan?

Isn't it funny to say this!

Chapter 194: Grab a Chicken

Horizontally afraid of being stunned, stunned for fear of dying.

Yun Erchuan's desperate attitude frightened everyone in the Li family, and no one dared to grab Yun Erchuan and beat him for a while.

"Li Hongmei, go to town tomorrow morning, we'll get divorced. If you don't go, I'll sue you next door!" Anyway, the place where the complaint was filed and the place where the divorce was filed are in the same yard!

After Yun Erchuan finished speaking, he pushed aside the third brother of the Li family who was in the way and walked out.

When I got to the yard, I remembered that the eight catties of sorghum rice owed by the old Li family hadn't been repaid, so I turned around and walked towards the chicken coop of the old Li family.

Before arriving at the chicken coop, Yun Erchuan started directly and caught the two old hens inside.

"Your family still owes my family eight catties of sorghum rice, so just use these two chickens for it!"

The people of Old Li's family were stunned by Yun Erchuan's show, they reacted and chased them out.

"Yun Erchuan, you dare! What do you want to do!"

"You're a bandit! Do you still want to come and rob?"

"Yun Erchuan, you filthy son of a bitch, put it down to my mother! If you dare to humiliate my chickens, I will go to your old Yun's house to scold you for three days and three nights!"

Yun Erchuan came here today and even risked his life. Even if the old Li family scolded people, he took a thumping old hen in one hand and strode to the door.

The people of the Li family were in a hurry, and they didn't dare to beat Yun Erchuan before. First, Yun Erchuan put on a desperate posture. Second, Yun Erchuan was going to divorce Li Hongmei. .

But seeing Yun Erchuan kicking his nose on his face at this moment, even their old Li family's chickens are hoarse. With all his hands, Yun Erchuan was stopped at the gate.

Wang Chunzhi scolded with his teeth and claws in the back, "Yun Erchuan, you bastard! What kind of shit are you? Just your sorghum rice is worth two old hens? What good things do you think! What are you doing? Don't go grab it?"

There was already a fist falling from his body, but Yun Erchuan didn't feel the pain, so he bent down, avoiding the hands of the old Li family who were about to grab the chicken, and shouted at the top of his voice:

"Why isn't it worth it? Even if it's not worth two chickens, your daughter has ruined a good marriage for my sister, and you don't want to pay a chicken? The family my sister sees is a working family in the county! What are you doing? Compensation is not too much!"

Everyone in the old Li family was stunned.

What?

Is it someone in the city who proposed to Yun Shuilian?

Or a working family?

Li Hongmei is such a scumbag. My sister-in-law is married so well. It will only benefit her in the future. Is there a maggot in her mind? Why are you so confused!

Yun Erchuan took advantage of the stupefied effort of the old Li family, pushed away the three brothers of the Li family who were blocking him, carried the old hen, and ran away.

When Li Tiehu saw Yun Erchuan running away, he took his two brothers and ran after him, "Yun Erchuan, stop for me! If the workers in the city don't like your sister, you want to corrupt our old Li family? If you don't put the chicken down, I will Go to your old Yun's house today and have a good talk!"

Yun Erchuan knew how difficult the old Li family was, so he insisted on taking away two chickens. These bastards could really chase after the old Yun family.

If it's normal, it's fine, but today the family will be in-laws, how can these people make trouble again and again?

But just letting the old Li family go, Yun Erchuan couldn't be more angry. Besides, he still wanted to go home and give Yun Shuilian an explanation.

Seeing that the three brothers of the Li family were about to catch up, Yun Erchuan's heart fluttered, and his subordinates worked hard, twisting the heads of the two old hens and turning them in a circle, then turned around and swung a dead chicken to the back.

"Give you a chicken, and the two of us will be separated!"

Seeing that the two lively old hens had turned into dead chickens in the blink of an eye, the people of the Old Li family jumped with anger, and they rushed over and threw their fists to beat them.

Yun Erchuan took two steps forward, his eyes widened, and his brows were red and he said:

"What? You still want to beat people? If you're not afraid of death,

Come up! "

Yun Erchuan's ruthless appearance is very hungry and lonely, as if the people of the old Li family dared to do something, he dared to risk his life to fight people to the end.

It is said that honest people can't be provoked, and if they are provoked, they have to fight with others!

The old Li's family was playing arrogance on weekdays. At most, they used their fists to scare and scare people. How dare they really fight with their lives?

Besides, now that the chickens are dead, it's not a loss to exchange a dead chicken for eight catties of sorghum rice. Anyway, the old Li family will have to pay back the grain sooner or later.

The most important thing is that they really didn't dare to push Yun Erchuan in a hurry, lest they really fight, it would be fatal!

The old Li family hesitated and refused to move. Yun Erchuan didn't waste time, carrying a warm old hen that weighed three or four pounds and strode away.

Mrs. Li gave Li Hongmei several mouths, chased out of the house, looked at the dead chicken on the ground, and jumped with anger, "This turtle! Is there such a jerk?"

Yun Erchuan kept going all the way. He returned from Lao Li's house to Lao Yun's house in one breath. He entered the door, squeezed out a smile, and in front of a room full of guests, he threw the old hen on the ground and said stiffly:

"Father, mother, Shuilian, this is the chicken given by the old Li family. They say that the old Li family can't teach their daughters, which ruins the days when our family will be in-laws. If you add vegetables to the chicken today, it will be for Li Hongmei. I apologize."

Whether others believe it or not, Yun Erchuan believes it himself.

He tried his best to remedy it. If Shuilian's marriage still broke up, it would mean that the old Zhang family was too stingy and not open-minded, so Shuilian didn't want to marry.

Zhang Shouyi's father originally relaxed because of Zhang Shouyi's behavior of chasing Yun Shuilian out, but now seeing Yun Erchuan's daughter-in-law, although he is not in tune, her family is still reasonable, and the worry in his heart is suppressed.

Thinking of the old Yun family's request for Yun Shuilian to pull out the family for three years after getting married, the purpose is to block the mouth of the troubled wife, and I suddenly feel that the old Yun family are really honest people, not only did they not use their elders to spar with their daughter-in-law. , but let the daughter-in-law press on her head and bully her hard.

Such an honest family, he is also willing to deal with.

At the very least, after Zhang Shouyi gets married, the couple will not use their father-in-law's status to force his son to be a coolie.

The old Yun family tried their best to make amends, and the old Zhang family had the will to make a step back, and after the Han Shan family arranged for the marriage, the marriage was settled.

In the end, it was agreed that the day the young couple would go shopping and buy things would be on the 13th day of the first month, and the wedding day would be on the 20th day of the first month.

In view of the fact that the old Yun family has paid Yun Shuilian to study for more than ten years, and spent a lot of money. For the first three years of marriage, Yun Shuilian paid five yuan to her parents' family every month. Yun Shuilian just cares about it, the old Yun family doesn't even scrape their own daughters.

Chapter 195 worries

After Zhang Shouyi and his son and the old Han family left, the old man Yun looked at the old hen in the corner and looked at Yun Erchuan with a heavy gaze.

"Er Chuan, what the hell is going on with this chicken?"

Others don't know, but the old Yun family and the old Li family have been in-laws for several years, how can they still know the virtues of the old Li family?

Mrs. Li is notoriously difficult to deal with, so if she doesn't take advantage of it, she has a bad temper. How can she be so generous and apologize for Li Hongmei with a chicken?

There is nothing so beautiful in a dream!

The corners of Yun Erchuan's mouth drooped, and his whole body was like an eggplant beaten by Shuang, and he lost his temper, "Father, I robbed it from Lao Li's house, and I used this chicken to cover our family's eight catties of sorghum rice. And the old Li family will be settled."

Hearing this, the old lady was so angry that her lips trembled, "Why are you so cowardly! Eight catties of sorghum rice can be eaten by our family for half a month, how many days can this chicken eat? It can even chew bones in two days. Now, who is at a loss? Ouch, it pisses me off..."

Yun Erchuan looked aggrieved, "Mother, if you don't do this, where can I go and get our family's face back? I also want to take the two chickens from the old Li family, but if it's really urgent, the old Li family If people make trouble again, can we still book the marriage of Shuilian?"

Is it easy for him?

Going to Lao Li's house to snatch a chicken to smooth things out for the girl, and she was scolded!

The old lady also knew that what Yun Erchuan said was right, but if she really exchanged eight catties of sorghum rice for a chicken, she still felt distressed, clutching her chest, and couldn't help herself for a long time.

With a dark face, the old man smoked the dry tobacco bag sizzling. After a long time, he asked Yun Erchuan, "What are your plans for Li Hongmei?"

"Father, I want to get a divorce, it's really hard to get through this day!"

Yun Erchuan sat on the small bench by the wall and wiped his face fiercely, "Seeing that Tian'er poured dirty water on my head, sooner or later in our family, Li Hongmei will have to make a labor prisoner!"

As soon as these words came out, the old man's hand trembled while smoking the cigarette bag. He was silent for a long time, and said dryly, "But she still has our baby in her stomach..."

Even if they were going to divorce, their Lao Yun family would be reluctant to Li Hongmei and the child in Li Hongmei's belly.

Lao Yun's family is not prosperous, even if Li Hongmei's belly is a female doll, they are rare.

The old lady's face was pale, and her tears kept falling, "This marriage can't be divorced now, it can't be divorced, and we have to wait for the child to be born. Our old Yun's family has few children and Jin Guili, but we can't just let it go. no more..."

Yun Erchuan's aggrieved eyes turned red, his throat slid up and down a few times, and he asked in a erratic tone:

"Mother, it's only been less than two months, Li Hongmei said that I had an affair with Wang Guihua, that her mother-in-law's sister-in-law had a crush on me, that Comrade Lin from the provincial capital was my friend, and that I was dirty with the dress. Mind, if this marriage is not divorced, within half a year, I will be labeled as a hooligan.

At that time, our old Yun family will be shameless? If I am sentenced to re-education through labor, how will my family live? There is a father of a labor prisoner, how will Shuan Zi behave in the future? "

The old man smoked his cigarette bag louder, and said in a sullen tone, "Your mother is right, what's more, the baby in Li Hongmei's belly is your seed, we can't just because we don't want Li Hongmei, even the baby in Lao Yun's family No more."

The old lady wiped away her tears, snatched the dry tobacco bag from the old man's hand, and choked, "Stop smoking, you are choking to death!"

"You old lady..."

The old man turned his head and saw the old lady's eyes widened, and quickly shrank his shoulders and closed his mouth angrily.

"Er Chuan, listen to mother this time, let's stay together, go to town tomorrow, scare Li Hongmei severely, and let her calm down for a few months.

After the child is born, if you still want to leave, your father and I have no problem.

However, you have to think about it. If you really leave, what will you do with the two children alone? Will you find a wife in the future? If you find a new wife,

Can you guarantee that people will not treat my two eldest grandchildren harshly? "

Yun Erchuan wanted to cry. He was worried when he heard these questions. How will he live in the future?

Also, if he doesn't get divorced now, is he enduring humiliation for the Old Yun family and sacrificing his looks?

So aggrieved.

The old man nodded and gave his idea, "The village chief said, after the first month of the month, the road in our village will be repaired, then you and others will repair the road, go to work on the road during the day, and come back at night, the two will not see each other. Stop arguing."

Yun Erchuan wanted to say something, but the old man raised his hand to stop him, and then said, "The baby in Li Hongmei's belly is not just your baby, I have discussed with your mother and want to remember this baby in your elder brother's name. Down....."

"What?" Yun Erchuan stood up suddenly, "Father! Li Hongmei is just talking nonsense, how can you take it seriously?"

"Sit down!" The old man taught Yun Erchuan, "What are you panicking about? Do you really think I'm old and confused?"

Yun Erchuan sat down, the old man repeated what he discussed with the old lady last time, and then continued:

"Your mother and I had the same idea before, but today you've seen it too, Comrade Lin from the provincial capital... At first glance, it's from Chang's mother's side. If someone says to take her back, let's go back. Any reason to stop people?

Comrade Lin is from the provincial capital and has a household registration in the city.

But what kind of life has Chang Nan lived in our house these years? You don't know, what face do we have for Chang Nan to stay and establish a family for your eldest brother? "

After the old man said these words, Yun Erchuan stopped talking, the old lady covered her face, tears kept falling, and Yun Shuilian also looked out the window with red eyes.

"Ah..." The old man sighed and continued, "I just thought, no matter what Comrade Lin's background is, we will be ready with both hands.

The first is Dachuan. Dachuan's incense can't be broken. No matter whether Changnan can stay or not, we will follow what we discussed before. The baby in Li Hongmei's belly is recorded in Dachuan's name. In the future, during the festivals, Dachuan will have a person who burns paper.

Then there's Comrade Lin, let's first ask Comrade Lin's origins and whether it's really the person from her mother's side.

If Comrade Lin has nothing to do with Sang-nan, we will continue to do the same as before and make Sang-nan bigger. After waiting for more than ten years, we will not recruit the sons-in-law of those crooked melons and jujubes for Shangnan, and ask someone to find a good family, and marry Shangnan in a glorious way, and it is not in vain that Dachuan hurts her.

If Comrade Lin is really Sangnan's aunt, we have to ask why their family didn't want Sangnan back then, and if she can live a good life when she goes back, we won't drag the baby down and happily let the baby go back to enjoy the happiness.

If Chang Nan's mother is unreliable, let's talk to Comrade Lin... Let's talk to others and leave the baby with us..."

Chapter 196 The pie fell from the sky

The old lady wiped her eyes and asked with tears in her eyes, "What if Comrade Lin doesn't agree?"

"Brother Han has also seen Comrade Lin today, and I guess he is also muttering in his heart, he should come over tomorrow morning.

Let's ask Comrade Lin later, but we really can't agree. Tomorrow, I'll tell Brother Han the truth and ask the boss of the Han family to find someone to talk to Chang Nan's parents and mother, and leave Chang Nan with us. "

The old lady nodded, "Yes, just do it! Dachuan hurt Sangnan back then, Wang Guihua was there a few years ago, we couldn't intervene, but now we have a way, we have to protect his daughter for Dachuan, we can't let Sangnan Go back and let people talk."

The family discussed how to deal with it, put the old hen in a basket, and carried it to Qiancun.

.....

Yun Chang and Da Cheng were grabbing the last piece of baked persimmon to eat. The two chased around the yard, and the laughter spread far and wide.

Seeing the people from Lao Yun's family entering the door, Yun Chang followed Da Cheng's footsteps and turned a corner. A small cannonball rushed into Yun Shui Lian's arms and asked anxiously:

"Aunt, aunt, have you and Comrade Xiao Zhang set a date? When are you going to buy something in the county, can you take me with you too?"

Looking at Yun Chang's smiling face, and thinking about the purpose of the old Yun family's visit this time, Yun Shuilian's heart felt as heavy as a stone was pressed. Even if Yun Chang made fun of her marriage, Yun Shuilian's face couldn't turn red. .

Reluctantly squeezed out a dry smile at Yun Chang, and said, "Okay, when Auntie goes, I will call you and ask Comrade Zhang Shouyi to take Chang Nan to the restaurant and buy delicious food."

Yun Chang's eyes lit up, Yun Shuilian said this, indicating that her marriage with Zhang Shouyi was done?

Great, her Aunt Shuilian has caught this good man!

The old lady smiled and pulled Yun Chang over and rubbed her face. As she walked into the room, she asked, "Shangnan, is Comrade Lin in the room?"

"Here, Auntie Lin is knitting a sweater for me!"

Yunshang bought wool in the Shenshi Department Store before, but no one at home knew how to weave, so she could only grow grass on the bottom of the box. This time, Lin Dani came over, and someone finally knitted a new sweater for Yunshang.

The group entered the room and saw Lin Dani sitting on the head of the kang with her hands and fingers flying.

Yun Erchuan put down the plug, glanced at the old couple, and took the initiative to go to the backyard to find work, while Yun Shuilian took Yunshang and went to the yard to deal with the old hen that had just been brought over.

Gu Shinian saw the battle of the Lao Yun family, and knew that the old couple had something to say to Lin Dani, gave Lin Dani a subtle wink, and dragged Da Cheng to the backyard.

In the room, the old couple sat on the stool and hesitated for a while, but they didn't know how to speak.

What are you asking about this?

Is it possible to ask with one mouth, are you my aunt's aunt?

If Comrade Lin said yes, and took advantage of the situation and offered to take the dress away, what would they do?

Lin Dani was thinking about Gu Shinian's request for her. Seeing that there were no outsiders in the house, the old couple had not spoken, but they took the initiative to start a conversation and mentioned Yun Chang's life experience.

In front of Lin Dani's face that looks very like Yunshang, the old couple can't say that Yunshang is the seed of their old Yun family.

After all, Yun Chang's appearance did not have the slightest resemblance to Widow Wang's.

After begging the truth from the old couple, Lin Dani breathed a sigh of relief, and told her own life experience again, and said with great certainty:

"Uncle, auntie, although I was young when I got lost, I still remember that I had older brothers and sisters on top of me. To be honest with my uncle and auntie, I felt close at first sight when I saw Changnan. I look so similar, and I guess that the aunt is probably my niece or niece."

The old couple were dumbfounded.

What? Comrade Lin was also picked up by well-meaning people?

So, can their family keep the dress?

How wonderful!

As for what Comrade Lin said, Chang Nan was her niece or niece,

The old couple also accepted it with a smile, recognizing that Comrade Lin is such a close relative, only good or bad is not bad for Sang Nan, why do they object?

The old lady was soft-hearted, knowing that Lin Dani and Dacheng were the only ones left in the Lin family to depend on each other, with red eyes, she took Lin Dani's hand and said:

"Xiao Lin, you will be my auntie from now on, come back when you have time, and my aunt will treat you as her own daughter. If you are not sure about anything, you can tell your aunt, and she can also help. You have an idea or something."

Under the guidance of the eldest sister of the Women's Federation, Lin Dani is much more generous than before. Hearing the old lady say this, she immediately responded with a smile.

"Auntie, I have something else I want to discuss with you and my uncle."

The old lady was in a good mood at the moment, and her heart was in a mess, and when she heard that Lin Dani still had something to discuss, she opened her mouth and said, "This child, you can just say anything if you have anything, but you don't dare to meet my aunt. "

Lin Dani pursed her lips and said what Gu Shinian asked her to do:

"Uncle, auntie, I want to buy a suite for Changnan in the county and move Changnan's household registration to the city..."

"What did you say?" The old man stood up from the stool and looked straight at Lin Dani.

Lin Dani shrank her neck unconsciously, and continued, "Uncle, Sang Nan is only six years old now, there is no strong labor at home, and her mother is in such a situation, she can't always rely on her second uncle's family to support her in the future.

The time is short, but if the time is long, the second uncle Chang Nan has no opinion, and the second aunt Chang Nan also has no opinion..."

How can there be no opinion?

Li Hongmei can't wait to take all the rations of the two mothers and daughters from the big house, how can she export food so generously to support her daughter!

The old couple murmured in their hearts, but they heard Lin Dani continue:

"Uncle, auntie, the village will start working in a few days. Sang Nan is only six years old, and she is still a girl. What can she do? After running all day in the field, I don't know if I can remember her. cm, what can I do with the rations in the future?

Besides, Chang Nan's body is weak at first glance, how can she endure the work in the field?

I thought about moving the household registration of Changnan to the county, so that I would be able to supply urban residents with food every month, so that she would not have to work in the fields, and she could be full of water throughout the year.

If uncle and aunt are reluctant to bear Sangnan, she will still live in the village in the future, as long as she goes to the county to get food once a month.

She won't go hungry, and she won't have to suffer in dog days or winter, so I can feel more at ease in the provincial capital..."

The big pie that fell from the sky made the old couple dizzy.

It can be said that Lin Dani's proposal solved the biggest stone in their hearts.

For so long, aren't they worried about their granddaughter's future rations?

Li Hongmei kept making trouble with Yun Erchuan. On the surface, it seemed that Li Hongmei was jealous of Yun Chang and Widow Wang's family, but in the final analysis, was she worried that Yun Erchuan would support the two mothers and daughters in the big house in the future?

Chapter 197: Celebration 1

Anyone with a little common sense knows that a thousand catties of grain won't last for a few years. No matter how stupid Li Hongmei is, she knows that Widow Wang and Yun Chang's life will depend on them in the future, and she has many complaints against Widow Wang. Li Hongmei, can you not fry the hair?

There is also Yun Shuilian, the old couple asked Yun Shuilian to pull out her natal family after getting married, in order to save more money for Yun Chang, but to oppress her daughter to pull out a granddaughter who is not related by blood, although the old couple is willing, I felt a little awkward in my heart, and I would inevitably feel sorry for Yun Shuilian.

The decision that Lin Dani has made now can be said to have fundamentally resolved the contradictions of the Lao Yun family.

How can the old couple not be surprised by this?

But after the surprise, the old couple felt that the pie was too big and fragrant. If they really took it, they would inevitably be short of breath when they meet Lin Dani in the future.

If Lin Dani wanted to intervene in Yunshang's affairs in the future, they couldn't just refuse directly.

The most important thing is that a house in the county and a hukou in the city are very valuable in this era, and the old couple knows it too well.

It is said that no merit is not rewarded. Lin Dani and her nephew depend on each other in the provincial capital. Their lives are already hard. How could their old Yun family bully this pair of aunts and nephews and accept such a heavy gift?

Mr. Yun stood there, his lips trembling for a long time, and he said suddenly, "Comrade Lin, this is impossible! A house is worth the money of the old nose. Even if you are the aunt of Chang Nan, we can't accept you for Chang Nan. Such a great gift."

When Gu Shinian told Lin Dani about this, he had analyzed the reaction of the old couple, and Gu Shinian had expected this scene.

Lin Dani thought of what Gu Shinian had said at that time, and said in a slightly stiff tone: "Uncle, auntie, I am Sang Nan's aunt, and I feel sorry for Chang Nan as much as you. Get Shang Nan a town hukou and let her Eating my own rations in the future is my aunt's wish, and you can't refuse."

The sentence, "Let Changnan eat her own rations in the future" successfully made the old man shut up.

These words are nothing to hear, but combined with what Lin Dani said before, the old man immediately understood:

Lin Dani didn't want Yun Chang to make a living under the Yun Erchuan couple in the future.

The old man wanted to say that their old Yun family can support Yun Chang, and Yun Erchuan will also support Yun Chang in the future, but Li Hongmei was making a fuss at home before, and pointed at Lin Dani's nose and scolded people as a prostitute. Have the face to say the package ticket.

Besides, their life is tight now, Yun Erchuan is not a capable person, and the family is about to add another child, how can they support so many people.

What's more, there will be a Wang widow to be drawn in the future!

"Uncle, auntie, I have worked for many years, and I have saved a little money in my hand. The big house in the provincial capital may not be able to buy it. It is still affordable to buy a small house for Changnan in the county town."

After Lin Dani finished speaking, seeing the old couple's face blushing and not making a sound, she continued, "I made an agreement with Comrade Gu Xiao, let him help find a house in the county, and when the price is negotiated, I will send the money for the house. , Comrade Gu Xiao will help Chang Nan handle the formalities."

The old couple's brains jolted, and they all reacted.

Lin Dani gave Gu Shinian the matter of buying a house and moving her hukou, because she didn't want their old Yun family to interfere.

She is... can't trust their old Yun family?

To be more precise, Lin Dani can't trust Yun Erchuan and his wife?

In fact, it is understandable to think about it.

The two of them are old, and they will have a good life in a few years. They will definitely not be greedy for Yunshang's house and go to the city to enjoy happiness.

Yun Shuilian is going to go out on the 20th of the first month of the first month, and she is married to an urbanite. After finding a job after the new year, she will be able to become a regular after working as a temporary worker for a few years. Naturally, she will not be greedy for Yunshang's urban household registration.

Only Yun Erchuan and his wife were left.

As far as Li Hongmei's greedy nature is concerned, if she knew that Lin Dani was going to buy a house for Yunshang in the city,

How can I let go of this piece of fat, I have to make a scene at home.

Even if the people of the Lao Yun family were not greedy for the money that Yunshang bought the house, who could guarantee that Li Hongmei would not do anything?

What if Li Hongmei rummaged through the house and took the money to buy a house for herself when she was unprepared?

Thinking of this, the old man's face turned red, black and red, and finally said to Lin Dani as if to protect him:

"Comrade Lin, don't worry, in the future, whether it's the house in the city or the large tile-roofed house here, it will all belong to Sang-nan. I will definitely not let Li Hongmei play Sang-nan's idea."

Lin Dani nodded, and her heart fell to the five bodies that Gu Shinian admired.

Gu Shinian once said that the old couple are kind people and good-hearted. As long as she tells the truth and plans everything for Yunshang, she can get the old couple to treat each other sincerely.

Sure enough, she followed Gu Shinian's intention to have sex with the old couple, and the matter was settled smoothly.

Moreover, he also gave Li Hongmei eye drops at the old couple's place, so that the old couple could guard against Li Hongmei's idea of hitting Yunshang's house.

Knowing that Lin Dani would not take Yunshang away, and even bought a house for Yunshang and let her eat the food provided by the city, the old couple's melancholy was swept away, and the wrinkles between their brows were stretched.

Yun Chang's mental strength has been in the room, and after listening to the conversation between Lin Dani and the old couple, her happy mouth can't be closed.

He snatched the neatly cleaned old hen from Yun Shuilian, and ran in, "Milk! There is a big happy event in our family today. Let's cook chicken soup at night and eat hot pot!"

The old lady was very happy, took the hen from Yun Chang's hand, and asked, "Shang Nan said, what's the happy event in our family today?"

"My Aunt Lin is here from the provincial capital. It's a happy event! My aunt is engaged, and it's also a happy event. We have to celebrate!" Most importantly, we have to celebrate that I will be a family in the future!

"Okay! Milk will cook chicken soup now, and eat hot pot at night for Comrade Lin!"

The big stone in the old lady's heart fell to the ground, and even her bones relaxed a bit.

Lin Dani put down the wool in her hand and went to the ground to help the old lady prepare dinner. Yunshang went to the side room to pick up some dried vegetables and soaked it, and then took the plug, and ran to the backyard in a hurry.

Yun Erchuan was chopping firewood, while Gu Shinian and Dacheng were arranging the piles of firewood beside him.

Yun Chang pulled Shuan Zi and approached Yun Erchuan, and asked thieflly, "Second Uncle, what are you planning to scare Second Aunt tomorrow?"

Yun Erchuan: "... " What is this cowardly child asking?

What do you mean by planning to scare Li Hongmei?

who told her?

Yun Erchuan's face darkened, "Shangnan, this is an adult's business, children don't understand, don't ask blindly."

Yun Chang pouted, "Second Uncle, I'm a smart kid who is hard to find in eight villages. What don't you understand? It's just that there is a baby in the belly of Second Aunt, you can't divorce her, you just want to scare her and stop her Are you scolding the streets every day like the old ladies in the village?"

Yun Erchuan: "... "

What a shame, where did you hear these words?

Chapter 198 It turns out that you also wet the bed

"Second uncle, my second brother Gu is very smart. Do you want to let second brother Gu help you to scare the second aunt?"

As soon as the words fell, Yun Erchuan almost slashed the machete in his hand, and hurriedly shook his head like a rattle, "No, second uncle has a way."

What a joke, Li Hongmei poured dirty water on his head, and Yunshang was implicated. Comrade Gu Xiao would have to give a slap in the face. If Comrade Gu Xiao had an idea to rectify Li Hongmei, even if Li Hongmei had ten lives, it would not be enough. tossed.

Yun Erchuan didn't feel sorry for Li Hongmei, but worried about Li Hongmei's stomach, which could contain the seeds of their old Yun family.

Besides, today he fought the old Li family alone and retreated, and tomorrow he will definitely be able to suppress Li Hongmei and let her calm down for a few months.

Yun Erchuan's self-confidence was unprecedentedly high, and when he turned his head, he just met Shang Yunshang's contemptuous eyes.

Seeing him look over, Yun Chang deliberately drooped the corners of his mouth, turned around and left without saying a word.

Yun Erchuan: "... " So, he was rejected by a six-year-old child?

.....

It was getting dark quickly in winter, the sun was still falling in the sky before tomorrow, and in the blink of an eye, the twilight had already shrouded the earth.

Yun Chang called everyone to go back to eat, opened the door and curtain, and the aroma of the food and the smell of hot charcoal came on the face.

The yellow copper hot pot is placed on the square table in the house, with a red charcoal fire burning inside. The milky white soup base is tumbling in the pot, and layers of white mist are engulfed. The hot pot is surrounded by side dishes, and there is a curtain. Roll out thinly by hand.

There is a small iron pot on the stove, which is the chicken soup that has been simmered for a long time. Under the heating of the fire, it is exuding an attractive fresh fragrance.

When the crowd gathered around the table and prepared to eat hot pot, Yun Chang first drank a small bowl of chicken soup, and was about to drink the second bowl, but was stopped by the old lady, "Shangnan, you can't drink it, it's getting dark, A bowl of soup is enough to taste, and if you drink it, you'll have to wet the bed at night."

Yun Chang looked at the old lady in horror and almost fell off the bench.

She is a big girl who knows beauty, and the old lady even said that she wet the bed in front of the whole room! ! !

Simply unbearable!

Is she shameless?

What do you say about your in-laws after it spreads out?

However, the old lady is an elder, and she is the one who loves her the most in the family. Why is this?

But Dacheng came over with a look of surprise, as if he had found a like-minded revolutionary comrade-in-arms, "Sister Yunshang, so you also wet the bed? I also wetted the bed when I was a child..."

Yunshang: "... " Where did this fairy ever wet the bed?

So angry, I really want to flip the table!

This black cauldron, the baby can't carry it!

He raised his head and glared at Dacheng, "I didn't! I don't wet the bed! Don't talk nonsense! It's the embolus that wets the bed!"

Shuan Zi, who was lying innocently with a gun, didn't know that he had been imprisoned by Yunshang. Hearing someone calling his name, he raised his head with a naive smile, and lowered his head to continue nibbling on the chicken in the bowl.

Yun Chang wanted to cry, Yu Guang glanced at the table and the corners of everyone's mouth were upturned, especially Gu Shinian, who couldn't bear to laugh until the corners of his mouth twitched, decisively stretched out his claws and pinched him hard. He lowered his head and shoved a big ball into his mouth, venting his anger on the food.

Different from the festive and lively atmosphere on Yunshang's side, Gu Huaiqing's house in the provincial capital was dead silent at this time.

"...Dad, Aunt Zhou, things, things are not my doing, I..."

"Are you saying that the police comrades in Qinghe County are wronging you?" Gu Huaiqing grabbed the teacup on the table and slammed it on the ground, staring at Gu Guangzong with a livid face, and asked word by word.

Gu Guangzong involuntarily took a few steps back, and his face became more and more pale.

If Gu Huaiqing gets angry and points at his nose and curses,

Or go up and kick him a few times and beat him with a belt, and he won't be so scared.

But Gu Huaiqing didn't scold him or beat him except for smashing a teacup, but kept all the anger in his stomach. This is what really scared Gu Guangzong.

Gu Huaiqing and Zhou Mingjuan are already very dissatisfied with him, and now it is revealed that he bought a murderer and murdered him. Will the couple hand him over to the police in public and have a good reputation of killing relatives?

Or drive him back to Qinghe County, and everything about the Gu family will be irrelevant in the future?

What exactly do Xue Liuzi's gang do?

A bunch of people stabbed Gu Shinian one, and let the little bunny run away... and Meng Hu, didn't he let him come and hide for a few days, why did he suddenly run back.

Gu Huaqing's gloomy face dripped with water. Looking at Gu Guangzong who was timid in the living room, he couldn't help but wonder if his decision to bring a son back to take over was right.

He is a political commissar of the military region, and he should not believe in evil, but since he went to Qinghe County for the first time a year ago, bad things have happened one after another.

The most bizarre thing is that his Qinghe County was beaten for no reason, and a gun disappeared under his nose. If it weren't for the fact that after liberation, when the army collected civilian guns, he had privately buckled a few guns. This time, his position as political commissar. He might be slapped down by someone.

For so many years, strong winds and waves have come, but in the past few months, he has lost all face in the military region, and even almost lost his future in the army. what is it?

Gu Huaqing's face was gloomy, and he thought to himself whether he should send Gu Guangzong away and let everything return to the way it was.

Otherwise, when Gu Guangzong's purchase of murders broke out, he would have to explain it to the above.

A political commissar who focuses on political ideology has a murderer in his family. Isn't this telling everyone that he is unqualified as a political commissar?

Gu Huaqing stared at Gu Guangzong, and his eyes were clearly gone. Just when Gu Guangzong's scalp was numb and he couldn't bear to confess, Gu Huaqing left a sentence "Come with me" and turned around and entered the study.

When Gu Huaqing's figure disappeared in the living room, Gu Guangzong pursed his lips, took a few steps forward, looked back at Zhou Mingjuan with a dark face, and immediately turned around and stood in front of Zhou Mingjuan.

"Aunt Zhou, help me again, I wrote you a letter of guarantee, I, I will definitely be good to Mingzhu in the future, and be a backer for Mingzhu..."

Speaking of Gu Mingzhu, Zhou Mingjuan's face softened a little, and she also remembered the purpose of bringing Gu Guangzong back home, her eyes flashed, and she interrupted Gu Guangzong's words, "Gu political commissar doesn't like waiting for people, you go to the study first, and come back if you have something to do. Say it again."

Gu Guangzong was unwilling, but he didn't dare not to listen to Zhou Mingjuan's words, so he followed step by step into the study.

Chapter 199 I have a way to take him to the provincial capital

"The police are going to find you, what are your plans?"

Gu Huaqing asked so frankly, Gu Guangzong didn't dare to take any luck, he hesitated for a while, and said cautiously, "...Dad, I will listen to you."

"...Listen to me?" Gu Huaqing sneered, clenching his back molars, "You don't even take me seriously, and you still listen to me?"

If this evil obstacle really took him seriously, why would he take action against Gu Shinian before he went to Qinghe County?

Is this still called listening to him?

This is slapping him in the face!

Gu Guangzong shrank his neck and did not dare to say a word.

Gu Huaqing irritably unbuttoned the collar, frowning into a pimple, and continued, "Three options, one is that I will ask someone to find a relationship and put things down for you, but this way you can't stay in the provincial capital. I will continue to stay in Qinghe County in the future.

Second, I will find a way to make Gu Shinian not hold you accountable. When the matter is over, I will send you to the northern border to serve as a sentinel. Whether you can come back in the future, whether your development in the army is good or bad, has nothing to do with the Gu family... ...”

Gu Guangzong became anxious when he heard it, and asked anxiously, "Dad, what about the three?"

"Three?" Gu Huaiqing looked at Gu Guangzong with a faint gaze, "Third, I will send someone to escort you back to Qinghe County early tomorrow morning to surrender, and the police will judge it as they please." I just need to ensure that the matter does not reach the provincial capital. .

Gu Guangzong was dumbfounded.

What are these options?

What's the difference between this and forcing him to leave the Gu family?

According to Gu Huaiqing's words, he obviously has the ability to suppress the matter, so why force him like this?

Returning to Qinghe County to surrender, it is simply asking for death. Buying a murderer to kill is a serious crime, and maybe you will have to eat a gun!

And going to the border to be a sentinel... How could he endure such hardships?

He has been in the company of Daxue and Sentinel all the year round. He has few comrades in arms, and the border is still uneasy. There are often small groups of enemies from neighboring countries harassing him. If he is not careful, he will lose his life. How can he dare to be a sentinel?

Therefore, Gu Huaiqing seems to have given him three choices, but he can only choose one way, that is to leave the provincial capital Gu's family and return to Qinghe County to continue to be a blind liuzi.

When he wanted to understand this, Gu Guangzong panicked immediately, his expression panicked and at a loss, he wanted to intercede with the man in front of him who was in charge of his future and life and death, but when he met Gu Huaiqing's cold expression, Gu Guangzong's heart sank for no reason, faintly There is a hunch that this father, who is related to him by blood, will not be soft-hearted towards him.

Gu Huaiqing took out a cigarette from his pocket, wiped three matches in a row, and then lit the cigarette. He was silent for a while, and then said, "Think about it tonight, and give me the answer tomorrow morning."

"Dad, I know I'm wrong, don't drive me back, I'll never dare. You know, I've cut ties with my mother, you can't drive me back... Dad, you don't want to save money for ten years. City, I have a way, I can help you bring back ten years..."

"Do you have a way?" Gu Huaiqing's eyes flashed and he asked.

"Yes! I have a way. I can bring back ten years. As long as you don't drive me away, I will definitely bring back ten years to you!"

Gu Guangzong was desperately ill and went to the doctor. No matter whether he could handle Gu Shinian or not, he wanted to stabilize Gu Huaiqing first.

If it was before, Gu Huaiqing would definitely agree to the conditions mentioned by Gu Guangzong, but Gu Huaiqing was frightened by the recent events one after another. idea.

However, Gu Huaiqing was still a little reluctant to give up an heir with good qualifications, good mind, courage and strategy, and a beautiful file.

After such a hesitation, Gu Guangzong found a breakthrough, and secretly decided to talk to Zhou Mingjuan later, and let her start from Gu Shinian's side when she persuaded him, and he must be kept.

As for whether he can pick up Gu Shinian,

Or after Gu Shi came to the provincial capital, Gu Guangzong couldn't care about whether there was still a place for him in this family.

After Gu Huaqing finished smoking, he frowned and was silent for a long time, before finally saying, "You go out first, we will talk about this matter tomorrow."

Not long after Gu Guangzong left, Zhou Mingjuan walked in with a jar of brewed tea leaves. The couple sat in the study and talked for a long time. When they came out, the anger between Gu Huaqing's brows subsided a lot.

Gu Guangzong stayed in the living room the whole time. When he saw the two of them coming out, he quickly stood up from the sofa. Gu Huaqing gave Gu Guangzong a cold look, and left a sentence, "Bring Gu Shinian over as soon as possible", and turned back to the bedroom.

Zhou Mingjuan followed behind, gave Gu Guangzong a wink, and hurried in.

.....

The sky was just getting bright, and Mrs. Li got up and went to the side room, and slapped Li Hongmei lying on the quilt.

"How can you still sleep, you mourning star? Yun Erchuan is going to leave you today. How can you be so arrogant that you can still sleep with a snoring sound!"

Li Hongmei was slapped by the old lady Li in her sleep and was stunned. She quickly put on her padded jacket, turned over to go down to the kang, stroked her messy hair, and said restrainedly:

"Mother, me, what am I going to do today? I won't go to the town, okay? Let my three brothers go, stop Erchuan on the road, and don't let him go to the town to divorce me, okay?"

"My three sons can stop that bastard once, and they can stay on the road every day to stop people for you? For your sake, don't work at home? Don't earn work points? Bah! What are you thinking?"

Li Hongmei's face was pale, and her voice was full of tears, "Mother, what should I do? I can't get a divorce, divorced, why will our family look up in the village in the future..."

"Our old Li family doesn't have any daughters who have been divorced! If Yun Erchuan really doesn't want you, you will hang the baby in your belly at the door of their old Yun's house, and the death is also a member of their old Yun's family, so don't come back. It has polluted the land of our old Li family!"

Li Hongmei shivered and stared blankly at Mrs. Li, as if she couldn't believe it was her own mother.

Mrs. Li didn't take Li Hongmei's face into her eyes, she grabbed her arm, and pulled her out of the yard a few times, "Go wash your face, I'll accompany you to town today, I don't believe that bastard. This thing can really be cruel, and can give up their Lao Yun family's seed!"

Li Hongmei was like a puppet, soaked in cold water, wiped her face carelessly, and followed the old lady out of the door in a hurry.

When they got to the town, before the sun showed up, Mrs. Li first went to the state-run restaurant to buy two yellow cakes, and gave Li Hongmei a big fist. She asked people all the way, and found the town government.

It was working time. The gate of the town government was often filled with cadres who were ready to go to work. After eating the yellow cake in two bites, Mrs. Li sat down at the gate of the town government, patted her thighs and howled.

Chapter 200 Step on the Bottom Line Again

Old Mrs. Li cried with snot and tears, complaining that Yun Erchuan had lost her conscience, and that the Lao Yun family was too bullying. Her daughter was scolded by the Lao Yun family. Now she has the seeds of the Lao Yun family in her stomach. To be taken back to her mother's house.

Li Hongmei also had a pale face, and kept wiping her tears beside her, she was as pitiful as she was.

It was working time, and people quickly gathered around the town government gate. Seeing the miserable appearance of the two mothers and daughters, some people started talking about it.

"Listening to this situation, it seems that the old lady and the daughter have been scolded by her husband's family. This is persecution of women, and it can be convicted."

"It's not like, I know the old man Yun, and the couple are famous and kind people in Xinglin Village, and they can't do things like discussing their daughter-in-law. Besides, the old lady said that

Yun Erchuan was going to divorce her daughter, but she didn't see Yun. Erchuan came to town to get a divorce, did something go wrong?"

"No matter what, since the old lady is in the town, the two families must have a falling out. Otherwise, how can she come to the government gate early in the morning to tell her relatives."

"That's right, this mother-in-law still has one in her belly, how can she be so cruel, even the mother-in-law doesn't want to bring her baby."

...

There was a commotion outside, and soon two staff members came out of the town government yard.

Mrs. Li's eyes lit up, she wiped her nose and rushed over, hugging the staff's thigh and not letting go, "Master Qingtian, you have to be the master of my daughter! My daughter-in-law is bullied by her in-laws. I can't go on! There is still the seed of the old Yun family in my stomach, Yun Erchuan's conscience is about to divorce my daughter, this is forcing my daughter to die..."

The two staff members were both cucumber eggs in their early twenties. They were young, passionate and loyal, and suddenly felt that the people of the Lao Yun family were nothing.

No matter what, you can't divorce your pregnant daughter-in-law, this is too bad!

"Old lady, let go first, it's cold outside, let's go first and talk slowly." said the staff member who was hugged by Mrs. Li's thigh.

"Don't let it go!" Mrs. Li hugged even tighter, "Master Qingtian, you will judge me here and let everyone listen. My daughter still has Yun Erchuan's seed in her stomach, so you Say if he can divorce my daughter!"

The young man was dumbfounded. How did this make him answer?

Yun Erchuan wants to divorce Li Hongmei, who is pregnant, which is really immature, but there is no law that prohibits divorce from pregnant women. How can he say that he can't divorce?

"Master Qingtian..."

"Old lady, you can't shout like that. You have to call me comrade."

"Okay, Qingtian Da... Comrade, you can judge our mothers. On the first day of the new year, my daughter asked Lao Yun's family to rush back to her mother's house, eat at her mother's house, and live at her mother's house. That's all, Yun Erchuan went there yesterday. My family robbed an old hen! This is a new society, why are there still bandits and robbers!"

Now the staff came to the spirit and asked Mrs. Li, "Old lady, you said that your son-in-law went to your house and robbed an old hen. Is it true?"

Mrs. Li was about to nod her head when Li Hongmei became anxious and shouted, "Mother, yesterday's chicken was eight catties of sorghum rice that we borrowed from our house, so it can't be considered a robbery."

She just didn't want to get a divorce, instead of sending Yun Erchuan to a labor camp. If Yun Erchuan was really accused of being a bandit, this marriage would not be possible without divorce.

Mrs. Li also reacted, pouted her lips in dissatisfaction, and continued to scold Yun Erchuan, "Comrade, that conscientious person asked my daughter to wait in town today, saying that if my daughter doesn't divorce him, he will be beaten to death. My daughter. Ouch, that family is so rude, seeing Tian'er leaving my daughter to the back village, the family ran to the front and licked a little girl's movie..."

Outside the crowd, Yunshang's group listened to the old lady Li's ruining the reputation of the old Yun family, and they all turned black with anger.

Yun Erchuan even clenched his fists, trying to squeeze in front to confront the old lady face to face.

With a cold face, Gu Shinian grabbed Yun Erchuan's arm,

He dragged him out of the crowd and asked, "Second Uncle Yun, that old lady is an elder. What can you expect from a confrontation with her? Besides, after the confrontation, are you going to get divorced or not?"

Yun Erchuan came here today to scare Li Hongmei, but as a result, Mrs. Li stepped on Yun Erchuan's bottom line again.

What a good person his father and mother are, in front of a room of guests, let Li Hongmei point at the nose and scold him, and now let Mrs. Li ruin the good reputation of the old couple.

He is also a son for others. The last time Grandma Sun made trouble, he let his father and his mother down once. This time, if he was more patient and let his father and his mother be put on the head, he would simply find a A piece of tofu was killed.

Thinking of this, Yun Erchuan immediately gritted his teeth and said, "Leave! This time we have to leave! Marrying a family with such a family can be considered bad luck for eight lifetimes!"

Gu Shinian then asked, "What about the child in Li Hongmei's belly, what does Uncle Yun think?"

"She is willing to give birth, but we will support her in the future. If you don't want to give birth, it is enough for me to have the embolus." Thinking that the old couple had said that the child in Li Hongmei's womb should be recorded under Yun Dachuan's name, Yun Erchuan added, "It's a big deal. Shuanzi chooses two rooms, and will make more kowtows during the festivals in the future!"

Gu Shinian was satisfied, and continued to ask calmly, "In this situation, what is Uncle Yun going to do?"

"What can I do?" Yun Erchuan glanced sideways at the crowd in a circle, "Go in and confront their house, shake off what Li Hongmei did, and pull her in for a divorce!"

Gu Shinian: "..."

No wonder Mrs. Li wanted to make such a move, and they complained to the old Yun family for a long time. If Yun Erchuan couldn't hold back and went straight up, how could those staff just watch Li Hongmei suffer.

He tried to dissuade Yun Erchuan with coaxing and threats, and then asked Yun Erchuan to take Li Hongmei, who was carrying a child, home under the pretext that women in the new society can hold up half the sky and domestic violence is not allowed to oppress women.

As far as Yun Erchuan's timid and fearful temperament is concerned, how could he dare to mention divorce when facing tall and high-ranking government officials.

And with today's farce, Li Hongmei will stand up straighter at Lao Yun's house in the future, and she will be more reckless when it comes to doing things.

Since Yun Erchuan made up his mind to get a divorce, in order for Yun Chang to live a stable life for a few days, Gu Shi had no choice but to help Yun Erchuan when he was young.

"Second Uncle Yun, if you come forward now, this marriage will be impossible."

Mrs. Li's voice continued, Yun Erchuan was trembling with anger. Hearing what Gu Shinian said, Yun Erchuan immediately asked, "So what should I do? How can I leave this marriage?"

"Second Uncle Yun, you go home first, for three days at most, I promise to let you divorce Li Hongmei smoothly."
