Chapter 20 The Death of Yun Dachuan (2)

The eldest grandson of the Wang family is eight years old, at the age that people hate dogs, and he is still ignorant and cruel. Frightened, he held Yun Dachuan in his arms and didn't let go, no one could coax him.

Yun Dachuan is also a girl who loves her daughter. She is reluctant to cry Yunshang, and she is angry that the widow of the king did not protect Yunshang. Seeing that the time to go up the mountain is coming, Yun Dachuan simply tied Yunshang to his chest and took her up the mountain to carry the stone.

When they got home in the evening, the couple found that the jade plaque hanging on Yunshang's neck was missing.

Yun Dachuan felt that Yunshang's jade card was probably dropped on the mountain.

It was completely dark at that time, Yun Dachuan was worried that the jade token would be picked up after dawn, and regardless of Widow Wang's obstruction, he went up the mountain to look for the jade token with a kerosene lamp that was on and off.

Linxi Province is located in the middle of China, but Qinghe County is already close to the northwest. The local mountains are bare stone mountains, with neither dense jungle nor rich gifts of nature, and even animals are pitiful.

In the mountains behind Xinglin Village, apart from large and small stones, there are only clusters of low shrubs that cannot be covered by rocks. It is most dangerous to climb such a mountain. Once a person slips down, the short bushes will not have much buffering effect, and it is easy for a person to fall directly down the mountain stream.

Yun Dachuan was already tired after carrying the stones for a day. In addition, his vision was not good at night. When he was looking for the jade card on the mountain, he accidentally fell down the mountain.

Widow Wang waited at home until midnight and did not see Yun Dachuan come back. She knew something was wrong, so she quickly woke up the rest of the Yun family, found the village chief, and helped the men in the village go up the mountain to find Yun Dachuan.

It was already midnight at that time, the mountain was pitch black everywhere, and the sight was not good. In addition, the stone mountain was difficult to climb. By the time the villagers found Yun Dachuan, it was almost dawn.

Yun Dachuan fell from the mountain and froze in the mountain for most of the night. It was not good to carry it home. After lying on the kang for seven days and seven nights, he still couldn't make it through.

Widow Wang's relationship with Yun Dachuan was supposed to be good, how could she withstand this blow, and this was her second man who died, even if Yun Dachuan's death had nothing to do with her, she had to carry the reputation of Kefu on her back. .

Widow Wang almost went crazy.

On the day of Yun Dachuan's death, Widow Wang carried her hoe back to her parents' house without saying a word. From the house of the old couple of the Wang family, to the house of the boss of the Wang family, up and down, inside and out, they were smashed into pieces, even The small windows were violently demolished by Widow Wang, who took back Lao Yun's house as firewood and burned them.

The Wang family originally wanted to go up to stop Widow Wang, but she was pushed back with a hoe.

The old couple of the Wang family gave birth to five children, two sons and three daughters. Widow Wang is the youngest daughter in the family. She is articulate with small mouths, and has a good temper. The old couple is also the most arrogant of her.

Outsiders don't know the reason why Yun Dachuan went up the mountain in the middle of the night, but the Wang family knows it very well.

Seeing the widow Wang frantically smashing the old Wang's house, she knew in her heart that Yun Dachuan might be gone.

Old Mrs. Wang still loves this little girl. Knowing that the girl has become a widow again, she feels both distressed and guilty, and she doesn't dare to stop Widow Wang, because she is afraid that she won't be able to let her breath out, she will be too stimulated, and she will hurt people. Give your breath away.

The neighbors around heard the movement of Lao Wang's house, and they all ran out to watch the excitement.

I saw Widow Wang going in and out, smashing the old Wang's house with hoe after hoe, but no one from the Wang family dared to stop him. Old Mrs. Wang was sitting in the yard, beating her chest and crying and wiping away her tears. She shouted that she couldn't help her daughter, and said that she would lose her life if she was going to die.

The old man of the Wang family pressed his eldest grandson against the threshold, whipped up his rolling pin and threw it violently. The eldest daughter-in-law was jumping on the side, crying and scolding, not only feeling sorry for the eldest son who was beaten, but also for the guy who was smashed. Not being crushed by the red-eyed boss Wang,

It is estimated that he will rush over to fight widow Wang and old man Wang desperately.

The second wife of the Wang family also had red eyes, squatting at the door of their room, sighing and sighing one after another, watching Widow Wang beat and smash at home.

And the remaining three were so small that they had been frightened by this farce at home for a long time, and a few people hid behind the second child and the couple, huddled in a ball, wishing Widow Wang could not see them.

Widow Wang smashed Old Wang's house once, and then she turned to look at Old Madam Wang coldly, "You don't have to sacrifice your life for me, if you weren't afraid of the reputation of overcoming all six relatives, I would smash not only your old man. The Wang family's house, I can even smash that little beast with you!"

"It's like you haven't given birth to a daughter like me, and I don't have a mother like you. In the future, when people from your Lao Wang family meet me on the road, you won't know me."

The old lady Wang was so breathless that she could not breathe after the words of Widow Wang, her face was gray and gray, clutching at her chest, she asked incredulously:

"Hua'er! Are you going to cut off your relationship with your mother? Then how will you live in the future? If you didn't have the support of your two brothers, how could you have a foothold in Lao Yun's house with a daughter, an orphan and a widow?"

"Whether I live or die has nothing to do with your old Wang family! Even if it does, I don't dare to let you come in. For a mother like you, no matter how many men I have, I won't be enough to harm you. You can rest assured. In my stomach, even if I am driven out by Lao Yun's family to beg for food, I will bypass the gate of your Lao Wang family!"

Widow Wang unceremoniously inserted the last knife in Mrs. Wang's heart, carrying a hoe, picked up the wooden window of the old Wang's house that had been violently demolished, and returned to Xinglin Village amid the chatter of the surrounding villagers.

After Yun Dachuan was buried, the grievances that Widow Wang had endured for a few days broke out again, and the eyes she looked at the old couple of the Yun family and Yun Chang completely changed.

Although Yun Dachuan was the main person who left Yun Chang at the beginning, but the work of the old couple of the Yun family was also indispensable. In addition, the widow Wang had always been afraid that Yun Chang would occupy her son's position. Now Yun Dachuan is because of Yun Chang's jade brand gave her life, one can imagine how much Widow Wang hated Yun Chang in her heart.

The old couple of the Yun family also knew that Widow Wang didn't want Yunshang at the beginning, but looking at the face of Yun Dachuan and their old couple, Widow Wang bravely recognized Yunshang.

Because of this, after Yun Dachuan's death, the old couple of the Yun family felt guilty towards Widow Wang.

This is also the main reason why the Yun family endured being laughed at and allowed Widow Wang to make trouble, no matter what happened to Widow Wang in the Yun family.

Otherwise, Yun Erchuan, a big and strong young man, couldn't allow Widow Wang to be caught and beaten again and again.

And Widow Wang was arguing that she wanted to live with Yun Erchuan. She had empathy, and she also planned to find a new backer for the rest of her life, and she also meant that she was deliberately disgusting the Yun family.
